Electric propulsion systems for electric and hybrid electric vehicles. DC and AC motor drives. Brushless DC motors. Switched reluctance motors. Energy storage systems including batteries and supercapacitors. Electric Vehicle Mechanics and Drivetrain.

(Lecture-problems 3 hours) Letter grade only (A-F).

452. Computer Applications in Power Systems (3)

Prerequisite: EE 350 with a grade of "C" or better or consent of instructor or graduate standing.

Modeling of power generation, transmission, and distribution systems, load-flow analyses, short-circuit studies, voltage drop and power loss calculations, transient stability and optimal power flow analyses. Application of specialized computer software for power system design and analyses.

(Lecture-problems 3 hours) Letter grade only (A-F).

453./553. Protection of Power Systems (3)

Prerequisites: EE 310, EE 350 all with a grade of "C" or better.

Protective relays, instrument transformers, low-voltage and high-voltage circuit breakers, protection of generators and motors, transformer protection and transmission line protection. Relay coordination and commercial power systems. Application of computer programs for protective device coordination. Additional projects required for EE 553.

(Lecture-problems 3 hours) Letter grade only (A-F).

458. Design of Power System Components (3)

Prerequisites: EE 330 and (either EE 450 or EE 452 or EE 453) all with a grade of "C" or better; or graduate standing.

Prerequisite/Corequisite: EE 400D or graduate standing.

Second integrative learning capstone course, focusing on the design of electrical, electronic, and electrochemical components required for power conversion, control, transmission, distribution, protection and measurements in electric power systems. Emphasis on written communication and teamwork.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

462. Electromagnetics and Applications to Wireless Systems (3)

Prerequisite: EE 310 with a grade of "C" or better or graduate standing.

Electromagnetic field theory including transmission lines, vector fields, electrostatics and magnetostatics.

Maxwell's equations and plane wave propagation. Waveguides and microstrip-RF circuit principles and devices. Radiation and antenna design. Wireless communication systems including satellite and cell-phone technologies.

Letter grade only (A-F). Not open for credit to students with credit in EE 460 or EE 464. (Lecture-problems 2 hours, laboratory 3 hours)

464. Electromagnetics and Applications to Electro-Optics (3)

Prerequisite: EE 310 with a grade of "C" or better or graduate standing.

Electromagnetic field theory including transmission lines, vector fields, electrostatics and magnetostatics. Maxwell's equations and plane wave propagation. Electromagnetic formulation of geometric and Fourier optics. Semiconductor and gas laser applications to fiber-optic communication systems and electro-optic devices.

Not open for credit to students who have credit in EE 460 or 462. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

470. Digital Control (3)

Prerequisites: EE 370, EE 370L, and (EE 386 or EE 411) all with a grade of "C" or better, or graduate standing.

Analysis and synthesis of digital control systems. General application of both the Z-transform and the state-space approach for discrete system design.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

471. Design of Control Systems (3)

Prerequisite: EE 370 with a grade of "C" or better or graduate standing.

Prerequisite/Corequisite: EE 400D.

Second integrative learning capstone course, focusing on the design of compensators using root-locus and Bode-plot methods. Design of state-space control systems and observers. Computer-aided design. Emphasis on written communication and teamwork.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

474./574. Robot Modeling and Control (3)

Prerequisite: EE 370 with a grade of "C" or better.

Recommended: EE 411 or EE 511

Basic methodology for analysis and design of robotic manipulators. Classification of robots. Homogeneous transformations, kinematics, dynamics, trajectory planning and control of robots. Application of robots in flexible manufacturing. Advanced projects required for EE 574. EE 411 or EE 511 is recommended as a pre/corequisite.

(Lecture-problems 3 hours) Letter grade only (A-F).

476./576. Neural Networks and Fuzzy Logic (3)

Prerequisite: EE 386 with a grade of "C" or better or consent of instructor.

Principles and application of artificial neural networks and fuzzy logic. Mechanisms of supervised and unsupervised neural networks. Fuzzy control systems. Applications in signal processing, communications, control, and other areas.

Additional projects required for EE 576. Not open for credit to students with credit in EE 589/689. (Lecture-problems 3 hours) Letter grade only (A-F).

481./581. Satellite Communication Systems (3)

Prerequisite: EE 482 with a grade of "C" or better.

Basic orbital mechanics, link analysis, multiple access architectures and protocols, FDMA, TDMA, and CDMA systems. Synchronization techniques, modulation and coding techniques. Security and spread spectrum requirements. System design.

Additional projects required for EE 581. (Lecture-problems 3 hours) Letter grade only (A-F).

482. Communication Systems II (3)

Prerequisite: EE 382 with a grade of "C" or better or graduate standing.

Information sources and communication systems. Orthogonal series representation of signals, pulse and digital modulation techniques, band-pass digital communication systems, special topics in communications.

(Lecture-problems 3 hours) Letter grade only (A-F).

483. Digital Image Processing (3)

Prerequisite: EE 386 with a grade of "C" or better or graduate standing.

Image formation. Image detectors and their characteristics. Perception, image models. Sampling and quantization. Pixel relationships. Statistical characterization of discrete images - probability density models. Image fidelity criteria and image intelligibility. Image transforms. Image enhancement techniques. (Lecture-problems 3 hours) Letter grade only (A-F).

486. Digital Signal Processing for Multimedia Communications (3)

Prerequisite: EE 386 with a grade of "C" or better or graduate standing.

Discrete-time signals and systems, discrete Fourier transform, fast Fourier transform, spectral estimation, interpolation and decimation, filter design and structures and applications to multimedia communications. Laboratory projects for image processing, FFT receiver, signal detection, digital phase-locked loop.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

488. Communication System Design (3)

Prerequisite/Corequisite: (EE 400D, EE 430, and EE 482), or graduate standing.

Design of Communication systems/subsystems and their implementation in software and hardware. Design of Capstone Senior Project in the area of Communication systems.

(Lecture-problems 2 hours, laboratory 3 hours). Letter grade only (A-F).

489. Digital Signal Processing Design (3) S

Prerequisites/Corequisites: (EE 400D and EE 486) or graduate standing.

Second integrative learning capstone course, focusing on the design of digital signal processing systems and implementation of digital filters with fixed-point digital signal processors. Emphasis on written communication and teamwork.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

490. Special Problems (1-3)

Prerequisites: Minimum G.P.A. of 2.5 and consent of instructor.

Assigned topics in technical literature or laboratory projects and reports.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

495. Computational Physiology (3)

Prerequisite: EE 380 with a grade of "C" or better

This course will introduce students to cardiovascular (heart) and cerebrovascular (brain) systems and signals, and the computational methods to analyze related signals, and detect/predict a physiological event of interest.

Same course as: CECS 495. Not open for credit to students with credit in CECS 495.

Letter Grade only (A-F). (Lecture 2 hours, Laboratory 3 hours)

GRADUATE LEVEL

503. Advanced Systems Engineering (3)

Prerequisite: EE 411 with a grade of "C" or better or equivalent mathematical maturity.

Modeling and analysis, and design of deterministic and stochastic systems. The building blocks of engineering optimization models ranging from network models with special structured, to unstructured linear and nonlinear optimization.

Letter grade only (A-F). (Lecture-problems 3 hours)

504. Introduction to Entrepreneurship for Engineers (3)

Prerequisite: Graduate standing in engineering or computer science.

Core business concepts and issues, essence of leadership. Understanding of finance, marketing, sales, and management issues from practical entrepreneurial perspective through classroom discussion, guest speakers' seminars, case study, and creation of business plan based on student's specific area of interest.

(Lecture-problems 3 hours) Letter grade only (A-F).

505. Advanced Engineering Mathematics for Electrical Engineers (3)

Prerequisite: Consent of instructor.

Boundary-value problems and generalized Fourier (or eigenfunction) expansions. Review of Fourier series. Fourier transforms (FT, FFT and STFT), wavelet transform and its computer implementation. Z-transform. Hilbert transform. Solutions of partial differential equations using methods of separation of variables, etc.

(Lecture-problems 3 hours) Letter grade only (A-F).

506./606. Theory and Practice of Biomedical Instrumentation (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 with a grade of "C" or better or consent of instructor.

Advanced design concepts and practical utilization of biomedical instrumentation. Transduction of physiological parameters. Theory and practice.

Master's students register in EE 506; Ph.D. students register in EE 606. Additional projects required for EE 606. (Lecture-problems 3 hours) Letter grade only (A-F).

507./607. Advanced Biomedical Systems (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 with a grade of "C" or better or consent of instructor.

Novel trends in biotechnology, design and organization of modern hospital systems, and utilization of advanced technologies. Modeling and simulation of physiological and medical systems.

Master's students register in EE 507; Ph.D. students register in EE 607. Additional projects required for EE 607. (Lecture-problems 3 hours) Letter grade only (A-F).

508. Probability Theory and Random Processes (3)

Prerequisite: EE 380 with a grade of "C" or better.

Probability spaces, random vectors and processes, convergence concepts, stationarity and ergodic properties, second-order moments and linear systems, correlation and spectral representations. Some applications of random processes.

(Lecture-problems 3 hours) Letter grade only (A-F).

509. Network Theory (3)

Prerequisite: EE 386 or EE 410 or EE 430 all with a grade of "C" or better.

Network classifications and study of non-linear circuits. Analysis of linear networks using topological and state-space techniques. Characterization of networks using scattering and other parameters. Tellegen's theorem and its application.

(Lecture-problems 3 hours) Letter grade only (A-F).

510. Circuit Synthesis (3)

Corequisite: EE 509.

Synthesis of passive lumped networks, cascade synthesis (link with filter synthesis), realization of commensurate distributed networks, discrete passive networks.

(Lecture-problems 3 hours) Letter grade only (A-F).

511. Linear Systems Analysis (3)

Prerequisite: EE 411 or EE 470 all with a grade of "C" or better or equivalent mathematical maturity.

Review of linear algebra and z-transforms. Continuous and discrete-time systems. Sampled data systems. State-space linear system analysis. Stability, reachability, and observability. Minimal realization. State feedback and pole assignment. Asymptotic observers. Examples of applications. Project on a related subject.

(Lecture-problems 3 hours) Letter grade only (A-F).

514. Advanced Circuit Synthesis and Design (3)

Prerequisite: EE 510 with a grade of "C" or better.

Scattering synthesis in (s-z) domains, wave digital filters. Lossless bounded-real two-pair and orthogonal digital filters with an emphasis on structures suitable for VLSI implementation.

(Lecture-problems 3 hours) Letter grade only (A-F).

526. High Speed Communication Circuits (3)

Prerequisite: EE 430 with a grade of "C" or better or consent of instructor

Design of integrated circuits for high speed data communication. Serial communication standards. Transceiver architecture. High speed and broadband circuit design techniques. Serializer, deserializer, clock recovery circuits. Channel equalization. Jitter and channel interference issues.

(Lecture-problems 3 hours) Letter grade only (A-F).

527./427. Digital Filter Design and Audio Processing (3)

Prerequisite: EE 386 with a grade of "C" or better or consent of instructor.

Digital filter design methods, filter architectures, round-off noise, implementation and applications to audio signal processing. Additional projects required for EE 527.

Not open for credit to students with credit in EE 513. (Lecture-problems 3 hours) Letter grade only (A-F).

528./428. Speech Signal Processing (3)

Prerequisite/Corequisite: EE 486 or consent of instructor.

Principles and engineering applications of speech signal processing. Speech synthesis, recognition, encoding, and compression. Applications of neural networks.

Additional projects required for EE 528. (Lecture-problems 3 hours) Letter grade only (A-F).

531. CMOS Electronics (3)

Prerequisite: EE 430 with a grade of "C" or better.

Electronic design automation CAD tools, silicon compilers, CMOS design, BiCMOS design (technologies, modeling, device characterization and simulation), CMOS and BiCMOS subcircuits, amplifiers, op-amps and systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

532./632. Analog Signal Processing (3)

Prerequisite: EE 430 with a grade of "C" or better or consent of instructor.

Basic CMOS circuit techniques. Low-voltage and current-mode signal processing. Switched-capacitor (SC) and switched-current (SI) circuits such as amplifiers, integrators, S/H circuits, filters, oscillators, D/A and A/D converters, etc. Advanced techniques for corrections of nonideal behavior. Analysis and simulation projects.

Master's students register in EE 532; Ph.D. students register in EE 632. Additional projects required for EE 632. Letter grade only (A-F). (Lecture-problems 3 hours)

533. Quantum and Optical Electronics (3)

Prerequisite: EE 360 or EE 462 or EE 464 all with a grade of "C" or better or consent of instructor.

Modern quantum and optical concepts of relevance in lasers, fiber optics, optical technology and semiconductor solid state electronics. Basic theory and applications to state-of-the-art electronics engineering.

534./434. Mixed-Signal IC Design (3)

Prerequisites: EE 201 and EE 330 both with a grade of "C" or better or consent of instructor.

CMOS fabrication. Component layout. MOSFET modeling. Mixed-signal devices such as D/A and A/D converters and phase-locked loops. Substrate Noise coupling. System-on-chip considerations. Design using CAD tools.

Additional projects required for EE 534. (Lecture-problems 2 hours, Laboratory 3 hours) Letter grade only (A-F).

535. VLSI Design (3)

Prerequisite: EE 430 with a grade of "C" or better.

Techniques for designing Very Large Scale Integrated (VLSI) circuits using n-channel metal oxide semiconductors (n-MOS).

Not open for credit to students with credit in EE 520. (Lecture-problems 3 hours) Letter grade only (A-F).

535A./435. Microelectronics (3)

Prerequisites: EE 201 and EE 330 both with a grade of "C" or better or consent of instructor.

Theory of microelectronics integrated circuit design, IC fabrication technology, device characterization, modelling, digital and analog simulation tools, physical layout tools, digital standard cell library design, IC digital system designs, I/O pad design, full chip simulation and physical designs.

Letter grade only (A-F). Additional projects required for EE 535A. (Lecture-problems 3 hours)

536./436. Microfabrication and Nanotechnology (3)

Prerequisites: EE 330; EE 320 or PHYS 254; or MAE 300 all with a grade of "C" or better.

Techniques and technology of miniaturization of electrical, mechanical, optical, and opto-electronic devices in sizes from millimeters to nanometers are presented. Design examples of sensors, microlenses, cantilevers, and micromotors are covered and process fabrication using latest technology demonstrated.

Additional projects required for EE 536. (Lecture-problems 3 hours) Letter grade only (A-F).

540. Advanced Digital System and Computer Architecture (3)

Prerequisite: None

Strongly recommended: EE 546.

High level computer architectures including studies of network processors, security processing, embedded computers; system design and implementation approaches including ASIC's, SOC's, and networks on chip concepts. Simulation and design tools. Project required.

(Lecture-problems 3 hours) Letter grade only (A-F).

545. Computer Communication Networks (3)

Prerequisite: Consent of instructor.

Design and analysis of computer communications networks including their topologies, architectures, protocols, and standards. LAN, WAN environments and access methods. Ethernet, ATM, bridges, routers, gateways and intelligent hubs. TCP/IP and other Networking protocols. Load balancing, traffic monitoring, use of simulation tools.

(Lecture-problems-computer projects 3 hours) Letter grade only (A-F).

546. Advanced Microprocessors and Embedded Controllers II (3)

Prerequisite: None

Advanced concepts for embedded controllers, mobile processors, network processors, embedded Internet, and embedded Internet devices. Parallelism, multithreading, pipelining, coherence protocols, interconnection networks, clustering. Simulation and analysis tools. Project required.

(Lecture-problems 3 hours) Letter grade only (A-F).

547. Sensor Networks (3)

Prerequisite: Graduate Standing and consent of instructor.

Small and low power sensors and radio equipped modules replacing traditional wired sensor systems. Communication protocols and mesh networking in limited resource nodes, application development frameworks for sensor networks, modeling, simulation and virtualization.

(Lecture-problems 3 hours). Letter grade only (A-F).

548./448. Wireless and Mobile Networks and Security in Wireless Networks (3)

Prerequisites: EE 482 with a grade of "C" or better or equivalent.

Wireless and Mobile Ad-hoc Networks and Security. Ad-hoc and geographic routing, resource discovery, MAC, IP-mobility, mobility modelling, wired-wireless networks, security aspects. Lab Projects will include use of tools such as OPNET, Ethereal, Sniffer, Scanner, IDS, etc.

Advanced project required for EE 548. (Lecture-problems 3 hours) Letter grade only (A-F).

550. Power Electronics and Applications (3)

Prerequisites: EE 350 and EE 430 all with a grade of "C" or better.

Power converters: rectifiers, inverters, choppers and cycloconverters. PWM and PFM techniques. Harmonics and filters. Magnetics. Applications in motor controls in industrial systems, energy conversion, HVDC transmission, aircraft and spacecraft power systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

551. Theory and Applications of DC/DC Converters (3)

Prerequisite: EE 550 with a grade of "C" or better or consent of instructor.

Modeling, analysis, design and application of DC/DC switch-mode converters.

(Lec-prob 3 hrs) Letter grade only (A-F).

552. Electric Drives and Applications (3)

Prerequisites: EE 370 and EE 452 all with a grade of "C" or better or consent of instructor.

Characteristics and applications of small electric machines including stepper motors, brushless DC motors, permanent-magnet synchronous motors and switched-reluctance motors. Motor performance, control and drive-circuit configurations.

(Lecture-problems 3 hours) Letter grade only (A-F).

553./453. Protection of Power Systems (3)

Prerequisites: EE 310 and EE 350 all with a grade of "C" or better.

Protective relays, instrument transformers, low-voltage and high-voltage circuit breakers, protection of generators and motors, transformer protection and transmission line protection. Relay coordination and commercial power systems. Application of computer programs for protective device coordination. Additional projects required for EE 553.

(Lecture-problems 3 hours) Letter grade only (A-F).

566. RF and Microwave Electronics (3)

Prerequisite: EE 360 or EE 462 or EE 464 all with a grade of "C" or better or consent of instructor.

Transmission Lines, Waveguides, Matching Networks, MW Amplifier Design, MW Resonators Design, MW Oscillator Design, MW Mixer, Noise Analysis in Microwave Electronics and Network Analysis Methods.

(Lecture-problems 2 hours, Laboratory 3 hours). Letter grade only (A-F).

574./474. Robot Modeling and Control (3)

Prerequisite: EE 370 with a grade of "C" or better.
Recommended: EE 411 or EE 511.

Basic methodology for analysis and design of robotic manipulators. Classification of robots. Homogeneous transformations, kinematics, dynamics, trajectory planning and control of robots. Application of robots in flexible manufacturing. Advanced projects required for EE 574. EE 411 or 511 is recommended as a pre/corequisite.

(Lecture-problems 3 hours) Letter grade only (A-F).

575./675. Non-Linear Control Systems (3)

Prerequisite: EE 511 with a grade of "C" or better or consent of instructor.

Methodologies and results dealing with stability and robust stabilization of non-linear systems applied to robotics, aerospace, artificial neural networks, etc. Phase plane analysis, limit cycles, Lyapunov stability theory and its extension, Positive real transfer matrix and passivity, feedback linearization and stabilization, tracking, robust control.

Ph.D. students register in EE 675. Advanced projects for EE 675 students. (Lecture-problems 3 hours) Not open for credit to students with credit in EE 775. Letter grade only (A-F).

576./476. Neural Networks and Fuzzy Logic (3)

Prerequisite: EE 386 with a grade of "C" or better or consent of instructor

Principles and application of artificial neural networks and fuzzy logic. Mechanisms of supervised and unsupervised neural networks. Fuzzy control systems. Applications in signal processing, communications, control, and other areas.

Additional projects required for EE 576. Not open for credit to students with credit in EE 589/689. (Lecture-problems 3 hours) Letter grade only (A-F).

580. Statistical Communication Theory (3)

Prerequisites: (EE 482, EE 505 and EE 508) all with a grade of "C" or better or consent of instructor.

Power spectral density of analog and digital communication signals. Matched filters. Signal-to-noise-ratio performance analysis for analog and pulse modulation systems. Vector space representation of digital signals. Error rate analysis for various signaling formats. Optimum digital receivers. Fading channels.

(Lecture-problems 3 hours) Letter grade only (A-F).

581./481. Satellite Communication Systems (3)

Prerequisite: EE 482 with a grade of "C" or better.

Basic orbital mechanics, link analysis, multiple access architectures and protocols, FDMA, TDMA, and CDMA systems. Synchronization techniques, modulation and coding techniques. Security and spread spectrum requirements. System design.

Additional projects required for EE 581. (Lecture-problems 3 hours) Letter grade only (A-F).

582. Spread Spectrum Communication Systems (3)

Prerequisite: EE 580 with a grade of "C" or better or consent of instructor.

Spread spectrum (SS) techniques. Direct sequence systems, frequency hopped systems. Generation and properties of pseudo random sequences. Electronic jamming and interference. Processing gain, carrier synchronization, code acquisition and tracking, information modulation and coding. Applications include ranging, CDMA etc.

(Lecture-problems 3 hours) Letter grade only (A-F).

583./683. Digital Image Processing (3)

Prerequisite: EE 505 with a grade of "C" or better or consent of instructor.

Acquiring Images. Correcting Imaging defects. Image enhancement. Segmentation and thresholding. Processing Binary images. Tomography. Three dimensional Imaging. Some image data compression techniques.

Masters students register in EE 583; Ph.D. students register in EE 683. Additional projects required for EE 683. (Lecture-problems 3 hours) Letter grade only (A-F).

585./685. Advanced Digital Signal Processing (3)

Prerequisite: EE 486 with a grade of "C" or better or consent of the instructor.

Advanced topics in digital signal processing and applications to communication and power line systems, including adaptive filters, FFT-based OFDM transceivers. IEEE standards for green energy communication and optimization.

Masters students register in EE 585; Ph.D. students register in EE685. Additional projects for EE 685. (Lecture-problems 3 hours). Letter grade only (A-F).

586. Real-Time Digital Signal Processing (3)

Prerequisite: EE 486 or CECS 440 all with a grade of "C" or better or consent of instructor.

Digital signal processors architecture and language. Real-time DSP considerations and limitations. Digital filter and signal processing system implementations.

(Lecture-problems 3 hours) Letter grade only (A-F).

587. Fiber Optic Networks (3)

Prerequisite: EE 360 with a grade of "C" or better, or consent of instructor

Introduction to optical networks. Operation of optical fiber, semiconductor lasers, photo detectors, and fiber optic components. Modulation and demodulation techniques for fiber optic communication systems. Design of optical transmission systems (Lecture-problems 3 hours). Letter grade only (A-F).

590. Selected Topics in Electrical Engineering (3)

Prerequisites: Graduate standing in electrical engineering and consent of instructor.

Selected topics from recent advances in electrical engineering.

Letter grade only (A-F). May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*. (Lecture-problems 3 hours)

591. Adaptive Systems (3)

Prerequisite: EE 508 with a grade of "C" or better.

Adaptive systems and their applications to communication, control, and signal processing systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

600. Graduate Seminar and Presentation (1)

Prerequisites: Graduate standing and advancement to candidacy.

Lectures by faculty and guests on advanced topics. A report and presentation are required.

(Seminar 1 hour) Letter grade only (A-F).

606./506. Theory and Practice of Biomedical Instrumentation (3)

Prerequisites: Graduate standing in engineering or natural sciences; and either EE 406 with a grade of "C" or better or consent of instructor.

Advanced design concepts and practical utilization of biomedical instrumentation. Transduction of physiological parameters. Theory and practice.

Master's students register in EE 506; Ph.D. students register in EE 606. Additional projects required for EE 606. (Lecture-problems 3 hours) Letter grade only (A-F).

607./507. Advanced Biomedical Systems (3)

Prerequisites: Graduate standing in engineering or natural sciences; and either EE 406 with a grade of "C" or better or consent of instructor.

Novel trends in biotechnology, design and organization of modern hospital systems and utilization of advanced technologies. Modeling an simulation of physiological and medical systems.

Master's students register in EE 507; Ph.D. students register in EE 607. Additional projects required for EE 607. (Lecture-problems 3 hours) Letter grade only (A-F).

632./532. Analog Signal Processing (3)

Prerequisite: EE 430 with a grade of "C" or better or consent of instructor.

Basic CMOS circuit techniques. Low-voltage and current-mode signal processing. Switched-capacitor (SC) and switched-current (SI) circuits such as amplifiers, integrators, S/H circuits, filters, oscillators, D/A and A/D converters, etc. Advanced techniques for corrections of nonideal behavior. Analysis and simulation projects.

Master's students register in EE 532; Ph.D. students register in EE 632. Additional projects required for EE 632. Letter grade only (A-F). (Lecture-problems 3 hours).

675./575. Non-Linear Control Systems (3)

Prerequisite: EE 511 with a grade of "C" or better or consent of instructor.

Methodologies and results dealing with stability and robust stabilization of non-linear systems applied to robotics, aerospace, artificial neural networks, etc. Phase plane analysis, limit cycles, Lyapunov stability theory and its extension, Positive real transfer matrix and passivity, feedback linearization and stabilization, tracking, robust control.

Ph.D. students register in EE 675. Advanced projects for EE 675 students. (Lecture-problems 3 hours) Not open for credit to students with credit in EE 775. Letter grade only (A-F).

683./583. Digital Image Processing (3)

Prerequisite: EE 505 with a grade of "C" or better or consent of instructor.

Acquiring Images. Correcting Imaging defects. Image enhancement. Segmentation and thresholding. Processing Binary images. Tomography. Three dimensional Imaging. Some image data compression techniques.

Masters students register in EE 583; Ph.D. students register in EE 683. Additional projects required for EE 683. (Lecture-problems 3 hours) Letter grade only (A-F).

685./585. Advanced Digital Signal Processing (3)

Prerequisite: EE 486 with a grade of "C" or better or consent of the instructor.

Advanced topics in digital signal processing and applications to communication and power line systems, including adaptive filters, FFT-based OFDM transceivers. IEEE standards for green energy communication and optimization.

Masters students register in EE 585; Ph.D. students register in EE 685. Additional projects for EE 685. (Lecture-problems 3 hours) Letter grade only (A-F).

697. Directed Research (3)

Prerequisite: Graduate Standing. Advancement to Candidacy is strongly recommended.

Theoretical, experimental, or industrial problems in Electrical Engineering requiring intensive analysis culminating in a substantial report.

Credit/No Credit grading only. May be repeated to a maximum of 6 units with same topic in different semesters.

698. Thesis or Industrial Project (3-6)

Prerequisite: Advancement to Candidacy.

Planning, preparation and completion of a thesis (total 6 units), or industrial project (3 units), in electrical engineering.

Credit/No Credit grading only. May be repeated to a maximum of 6 units with same topic in different semesters.

EMERGENCY MANAGEMENT

College of Health and Human Services

School of Criminology, Criminal Justice and Emergency Management

Program Director: Ryan G. Fischer, Ph.D.

School Director: Brenda Vogel

Department Office: Engineering Technology (ET) 232

Telephone: (562) 985-8965

Faculty: Shirley Feldmann-Jensen, Peter Kreysa (Family and Consumer Sciences), William Goeller, James Hutchinson, Michael Bethany, Judith Colle, Doug Weeks, Valerie Lucas-McEwen, Christine Rodrigue (Geography), Joanne M. Tortorici Luna (Advanced Studies in Education and Counseling)

Graduate Advisor: Peter G. Kreysa

Administrative Assistant: Durrell Dew

Career Possibilities

In recent years, emergency services professions have become extremely competitive, with demands for personnel to further their education to attain promotion and keep up with technical advances. Those in the following fields are well-suited for this program:

- Firefighters
- Law enforcement
- Emergency medical services personnel
- Military personnel
- Emergency managers
- Public health practitioners
- Public administrators
- NGO administrators
- Business continuity planners
- Other professionals with a strong interest in how disasters influence their field

(Some of these, and other careers, require additional education or experience. For more information, visit www.careers.csulb.edu.)

Master of Science in Emergency Services Administration

The Master of Science in Emergency Services Administration (EMER) degree program at California State University, Long Beach (CSULB) is an entirely online program that will help students develop the leadership and critical thinking skills needed to build stronger organizations and disaster-resilient communities. The program will educate you in the interdisciplinary research and theory of disaster management as you create a project that directly strengthens and benefits your organization or community. This program is offered only through College of Continuing and Professional Education at a higher tuition rate.

Admission Criteria

1. Obtain admission to the graduate program by completing and forwarding the official CSULB graduate admissions forms and fees to the University's Office of Enrollment Services. Each applicant for graduate standing shall have completed an appropriate baccalaureate degree from an accredited university.
2. A resume and a letter of intent that includes a summary

of the applicant's reasons for seeking a master's degree in Emergency Services Administration. Both documents must be sent directly to the Department's Graduate Advisor.

3. Three letters of recommendation from persons able to testify to the applicant's academic ability, preferably from former professors or immediate supervisors. These letters must be sent directly to the Department's Graduate Advisor.
4. Have at least a 3.0 grade-point average in the last 60 semester units attempted. A student whose overall grade point average is less than 3.0, but who presents acceptable evidence of professional potential either through recent academic performance and/or experiential background may be admitted by special action of the Department's Graduate Committee.
5. Be accepted by the department and graduate advisor for admission to the program.

Advancement to Candidacy

1. Satisfaction of the general University requirements for advancement to candidacy, including successful completion of the Graduation Writing Assessment Requirement (GWAR);
2. Completion of all core courses;
3. Maintenance of "B" average (3.0 GPA) in all work completed in graduate program;
4. Approval of Emergency Management Graduate Faculty and Director of Graduate Studies and Research, College of Health and Human Services.

Requirements

Satisfactory completion of 33 units of approved graduate courses to include:

1. Take all of the following courses (23 units):
 - EMER 500 Information Literacy for Emergency Services Administration (1)
Corequisites: EMER 502.
 - EMER 502 Practical Writing Applications for Emergency Services Administration (2)
Prerequisites: None.
 - EMER 504 E-learning Applications for Emergency Services Administration (1)
Prerequisites: None.
 - EMER 506 Emergency Planning and Management (3)
Prerequisites: None.
 - EMER 530 Applied Research Methods and Analytical Techniques for Decision Support and Innovation (4)
Prerequisites: EMER 506.
 - EMER 540 Emergency Management Organizations: Constructs for Influencing Complex Systems (3)
Prerequisites: None.
 - EMER 548 Risk, Crisis, and Inter-Agency Communications (3)
Prerequisites: None.
 - EMER 661 Emergency Management Leadership Across the Megacommunity (3)
Prerequisites: None.
 - EMER 671 Strategic Planning and Integrative Practices in Emergency Services Administration (3)

Prerequisites: EMER 530 and EMER 661.

2. Take all of the following courses as noted (4 units):

Project Students take both the following courses:

EMER 694A Project: Strategic Planning and Integrative Practices in Emergency Services Administration (3)
Prerequisites: EMER 671 or approval of graduate advisor.

EMER 694B Project: Strategic Planning and Integrative Practices in Emergency Services Administration (1)
Prerequisites: EMER 694A or approval of graduate advisor.

Thesis Students take the following course:

EMER 698 Thesis (1-4)
Prerequisites: Advancement to Candidacy.

3. Two additional elective courses selected in consultation with a faculty advisor (6 units).

Courses (EMER)

GRADUATE LEVEL

500. Information Literacy for Emergency Services Administration (1)

Prerequisite: EMER 502.

Corequisite: EMER 504.

Research processes and methods for retrieving information on topics in emergency services administration in the modern library environment.

Letter grade only (A-F).

502. Practical Writing Applications for Emergency Services Administration (2)

Preparation of written documents required in Emergency Services Administration.

Letter grade only (A-F).

504. E-learning Applications for Emergency Services Administration (1)

Introduction to on-campus and free-source e-learning technologies required to competently interface with all EMER program content, student and faculty communications, and course projects and evaluations. Initiate construction of student webpages and e-portfolios. Must be taken first semester of the program and concurrently with EMER 500.

Letter grade only (A-F).

506. Emergency Planning and Management (3)

The planning and management processes and the issues involved in large-scale emergencies. The nature of natural and technological risk and emergency will be explored via case studies. Public sector roles in contingency planning and response will be assessed.

Letter grade only (A-F). Same course as PPA 542. Not open for credit to students with credit in PPA 542 or EMER 542.

530. Applied Research Methods and Analytical Techniques for Decision Support and Innovation (4)

Prerequisite: EMER 506

Critical analysis of interdisciplinary research, theory and multi-methods appropriate for application within emergency services and management are examined using quantitative and qualitative analysis.

Letter grade only (A-F).

540. Emergency Management Organizations: Constructs for Influencing Complex Systems (3)

Historical events, policies, and complex organizational settings that shape emergency management organizations. Critical reviews of modern and post-modern organizational theories associated with complex systems. Strategic improvements in emergency management organizations.

Letter grade only (A-F).

543. Legal, Economic, and Human Issues in Emergency Administration (3)

Legal, strategic, political, economic, ethical, and human issues encountered in the management of disasters or major traumatic public events.

Letter grade only (A-F). (Discussion 3 hours.)

544. Law and Legal Issues in Emergency Management (3)

Prerequisite: Graduate standing.

Overview of federal, state, and local legislation related to emergency management in various types of disasters. Guaranteed rights under the US Constitution and the legal and ethical application of measures within the parameters of these rights in emergency situations.

Letter grade only (A-F).

545. Disaster Mental Health Issues in Emergency Management (3)

Theories and practical applications of emergency mental health and self-care for those responding to, or managing response to, widespread natural and human-induced disasters.

Letter grade only (A-F).

547. Business Continuity & Emergency Management (3)

Development and maintenance of comprehensive emergency management programs for business and industry. Plan development and implementation, vulnerability analysis, hazard identification, life safety, property protection, communications and community outreach.

Letter grade only (A-F).

548. Risk, Crisis, and Inter-Agency Communications (3)

Theory and practical applications of emergency communications for those responding to or managing response to widespread natural and human-induced disasters.

Letter grade only (A-F).

601. Technology Use in Emergency Management (3)

Prerequisite: EMER 506 or consent of instructor.

Role of technology in effective emergency management. Exploration of Internet, disaster simulation software, and geographic tools such as GIS, GPS, and direct and remote sensing devices through case study analyses and in-class simulations.

Letter grade only (A-F).

605. Public Health Issues in Emergency Management (3)

Prerequisite: EMER 506 or consent of instructor.

Roles and responsibilities of the public health system in emergency management. Structure of public health systems, management tools, public health intervention strategies, communication, collaboration, and ethical considerations. Role of public health regarding assessments following disasters and maintaining public health standards.

Letter grade only (A-F).

631. International Emergency Administration Systems: Comparative Analysis (3)

Prerequisite: GEOG 558

Comparative analysis of international emergency management systems and structures. Implications of emerging threats and disasters in an increasingly interdependent world.

Letter grade only (A-F).

650. Graduate Seminar (3)

Students will undertake literature reviews and/or research to explore emerging issues, trends and research in the field of emergency services administration.

Letter grade only (A-F).

661. Emergency Management Leadership Across the Megacommunity (3)

Competencies of professional emergency management defined through the megacommunity. Models of strategic leadership in all phases of disaster management, with often competing professional organizations and networks, across culturally and economically diverse constituencies, and for natural or human-made disasters.

Letter grade only (A-F).

671. Strategic Planning and Integrative Practices in Emergency Services Administration (3)

Prerequisites: EMER 530 and EMER 661.

Capstone course focusing on all phases of disaster management of selected disaster case studies, a natural disaster and human-made event, using existing research literature, Internet-based simulation software, and post-incident evaluation techniques.

Letter grade only (A-F).

690. Selected Topics in Emergency Management (1-6)

Group investigation of selected topics.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

694A. Project: Strategic Planning and Integrative Practices in Emergency Services Administration (3)

Prerequisite: EMER 671 or approval of graduate advisor

Capstone course synthesizing research on all phases of disaster management and research methodologies leading to the development and implementation of a collaborative group project designed to provide practical solutions to an existing problem within the emergency services megacommunity.

Credit/No Credit grading only. May be repeated up to nine units in different semesters.

694B. Project: Strategic Planning and Integrative Practices in Emergency Services Administration (1)

Prerequisite: EMER 694A or approval of graduate advisor

Presentation to EMER faculty of EMER 694A Capstone Group Project delivered through digital media. Evaluation of individual student electronic portfolios.

Credit/No Credit grading only. May be repeated up to three units in different semesters.

695. Independent Study (1-6)

For students who wish to focus their studies on a specific area of emergency services administration which coincides with a faculty member's research or practical expertise.

Letter grade only (A-F).

697. Directed Studies (3)

Prerequisites: Advancement to Candidacy

Research in an area of specialization under the direction of a faculty member.

Letter grade only (A-F).

698. Thesis (1-4)

Prerequisites: Advancement to Candidacy.

Planning, preparation, and completion of a thesis

Letter grade only (A-F).

Undergraduate Extension Programs

Antelope Valley Engineering Program: Kenneth W. Santarelli,
Director (661)723-6429 ext. 104

Introduction

The Mission of the College of Engineering is to serve the State of California, the nation, and society at large, by graduating well-prepared professionals, who are provided with excellent education and training in the fundamentals of their discipline through a combination of theory and laboratory practice, and who are provided with the ability and skills to expand knowledge and transform complex ideas into working systems.

The College of Engineering offers four-year curricula leading to Bachelor of Science degrees in the disciplines of Engineering, Computer Science, and Engineering Technology. The B.S. programs provide broad education and training for entry to the professions and for continuing academic work toward advanced degrees. The graduate programs in the college include Master of Science degrees in Aerospace, Civil, Computer, Electrical and Mechanical Engineering, and in Computer Science. The Master of Science in Engineering is also offered in interdisciplinary areas. The Ph.D. in Engineering and Industrial Applied Mathematics is offered jointly with The Claremont Graduate University. These programs provide opportunities to specialize in the areas of Aerospace, Biomedical, Chemical, Civil, Computer, Electrical and Construction Management.

The College of Engineering also offers undergraduate programs in electrical engineering and mechanical engineering as extension programs at Lancaster University Center, Lancaster, CA as part of the Antelope Valley Engineering Program. These special programs, offered through the College of Continuing and Professional Education (CCPE), have specific admission requirements and accept upper division transfer students only. The extension program employs a cohort-based model, expecting students to proceed as a group through the program in a prescribed sequence and placing greater emphasis on teamwork.

ABET Accreditation

The Bachelor of Science programs in Aerospace, Chemical, Civil, Computer, Electrical and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

The Bachelor of Science in Computer Science is accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org>.

The Electrical Engineering Extension Program and the Mechanical Engineering Extension Program, offered at Lancaster University Center, Lancaster, CA, are seeking undergoing accreditation review in 2014-2015.

ACCE Accreditation

The Bachelor of Science in Construction Engineering Management is accredited by the American Council for Construction Education (ACCE), website: <http://www.acce-hq.org/>.

Programs at a Glance

The following is a list of degree programs offered by the college. Details about each program is described in the respective sections of the catalog.

Bachelor of Science:

- Aerospace Engineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Computer Engineering Technology
- Computer Science
- Construction Engineering Management
- Electrical Engineering
- Electrical Engineering - Undergraduate Extension
- Electronics Engineering Technology
- Engineering

- Option in Biomedical and Clinical Engineering
- Mechanical Engineering
- Mechanical Engineering - Undergraduate Extension

Minors:

- Computer Science
- Computer Science Applications
- Environmental Engineering
- Web Technologies and Applications

Master of Science:

Aerospace Engineering
Civil Engineering
Computer Science
 Option in Computer Engineering
 Option in Computer Science
Electrical Engineering
Engineering (Interdisciplinary)
Mechanical Engineering
Ph.D. in Engineering and Industrial Applied Mathematics
 (jointly with The Claremont Graduate University)
Certificates:
 Web Technologies and Applications (CECS)

Academic Standards

Preparation for Admission

High school students planning to enter engineering, engineering technology, or computer science are advised to pursue a program with courses in biology, physics, chemistry, advanced algebra, and trigonometry. The general requirements for admission to the University must be satisfied. Deficiencies in any of these areas may result in an extension of the time required to complete the program. Full-time students can complete any baccalaureate degree in engineering, engineering technology, or computer science in four years.

The curricula are also designed to accommodate students transferring from other colleges or universities. Transfer students should note and follow, where possible, the appropriate curriculum as outlined on the University Admissions website.

Most required courses are offered in multiple sections every semester. In addition, many required courses are also offered during Summer Sessions.

General Academic Requirements

The College of Engineering values good communication skills which are achieved through the General Education courses and are measured by the Graduation Writing Assessment Requirement (GWAR). A student must fulfill the GWAR before qualifying for any degree. Students are advised that, while specific course requirements vary depending on the nature of the subject, most College of Engineering courses require not only detailed analysis, and competent design, but also clear and concise written and oral reports and presentations. ENGL 100 or equivalent is a prerequisite to upper division laboratory courses.

Letter Grade Policy

A grade of "C" or better must be achieved in prerequisites for courses required of Engineering, Computer Science, and Engineering Technology majors.

Required Foundation courses must be taken for a Letter grade only, not Credit/No Credit.

Concurrent and/or Summer Enrollment in Another College

Students who wish to take coursework in a community college or another college or university to meet curricular requirements while enrolled as an undergraduate in the College of Engineering must petition the appropriate department for prior approval to enroll in specific courses. This policy is for either concurrent enrollment or summer

enrollment. University policy must also be complied with; see "Concurrent Enrollment" and "Transfer of Undergraduate Credit" in this *Catalog*. Courses not receiving prior approval may not be accepted for credit by the department.

The Engineering Student Success Center (ESSC)

Coordinator of Academic Advising

Jason Deutschman (562) 985-2729

Director of Professional Development & Internship

Emmitt Clark (562) 985-1719

Director of Outreach and Recruitment

Saba Yohannes-Reda (562) 985-1463

The Engineering Student Success Center provides key services to students in an inclusive environment that fosters collaboration, community building and academic success skills. The center provides outreach and recruitment activities, first-year experience programs for freshmen and incoming transfer students, mandatory academic advising by professional and peer advisors, tutoring resources, professional development and practice services, and career and graduate school guidance. As a one-stop shop, the center encourages students to visit for help from professional advising staff. The center focuses its full efforts on informing, engaging and encouraging students to be self-directed in their educational planning process and overall academic success.

Undergraduate Programs

Minor in Environmental Engineering

This 18-unit interdisciplinary minor is designed for undergraduates from various engineering and science backgrounds who are interested in applying engineering approaches to environmental issues.

Requirements

A minimum of 6 units selected from the following core:

Take one of the following courses:

C E 364 Environmental Engineering I: Fundamentals (3)
Prerequisites: CHEM 111A, BIOL 200/MICR 200 with a grade of "C" or better,
Prerequisite/Corequisite: CE 335.

CH E 475 Environmental Pollution (3)
Prerequisite: CHEM 220A or CHEM 227 with a grade of "C" or better, or consent of instructor.

Take the following course:

CH E 455 Environmental Compliance (3)
Prerequisite: CHEM 227 with a grade of "C" or better or consent of instructor.

Take 12 units from the following:

CH E 415, CH E 445, CH E 485; C E 466; E T 409F

Most of the courses in the minor require some background in engineering and/or chemistry. Upper division students majoring in Biology, Chemistry, Chemical Engineering, Civil Engineering, or Mechanical Engineering may have sufficient background to select from the above choices without needing additional prerequisites. Those majoring in other branches of science and engineering may need several additional courses in engineering and/or chemistry to meet prerequisite requirements of courses in this minor.

All prerequisites to the courses in the minor must be completed with a grade of "C" or better.

Graduate Programs

Master of Science in Engineering

Program Director: Antonella Sciortino

Typical tasks and responsibilities undertaken by students in the curriculum for this program would not fall within one of the traditional specialties in engineering, e.g. aerospace, chemical, civil, electrical and mechanical engineering, or computer science and engineering. The student may pursue an interdisciplinary program, approved by a graduate advisor, by selecting courses from the various departments of engineering. For information concerning the programs, special facilities, laboratories and research possibilities, contact the College of Engineering.

Prerequisites

1. A bachelor's degree in an ABET accredited curriculum in engineering with a minimum GPA of 2.7; or
2. A bachelor's degree with a minimum GPA of 2.7 in engineering, mathematics, natural science or other discipline with the requirement that essential undergraduate prerequisites in engineering are satisfied.
3. The general Graduate Record Examination (GRE) is required.
4. Graduate students must consult with a graduate advisor, with whom they will be working, for information concerning procedures and requirements for appropriate approval of their courses of study prior to enrolling in their graduate programs.
5. The Graduation Writing Assessment Requirement (GWAR) must be met during the first semester in residence. Failure to attempt to fulfill the GWAR during the first semester will prevent registration in engineering courses in subsequent semesters.

Requirements

PLAN I

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Eighteen units of 500- and/or 600-level courses in engineering;
2. Six units of electives selected from approved graduate or 400-level courses from appropriate areas;
3. Completion of six units of 698-Thesis and submission of a written thesis.

PLAN II

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Twenty-four units of 500- and/or 600-level courses in engineering;
2. Six units of electives selected from approved graduate or 400-level courses from approved areas;

3. Completion of a comprehensive written exam. Note: Students are strongly advised to read and be familiar with the campus regulations described under "Graduate Programs" elsewhere in this catalog.

Advancement to Candidacy

Students applying for advancement to candidacy must have:

1. completed all undergraduate deficiencies with grades of "C" or better;
2. attained an overall grade point average (GPA) of 3.0;
3. completed at least 12 units applicable to the degree with a GPA of at least 3.0;
4. fulfilled the Graduation Writing Assessment Requirement (GWAR). This requirement can also be met by presenting evidence that the student met the requirement while an undergraduate at CSULB or at certain CSU campuses;
5. program of studies approved by the program's graduate advisor.

Ph.D. in Engineering and Industrial Applied Mathematics

Program Director: Hamid Rahai

Degree Designation

In accordance with an agreement between CGU and CSULB, the degree is designated the Doctorate of Philosophy in Engineering and Industrial Applied Mathematics and is granted at Claremont Graduate University in the name of the two universities. The diploma indicates the dual nature of the degree and specifies that it is granted only when requirements have been satisfied in both subject areas as specified by the collaborating institutions.

Program Supervision

Overall program supervision is the responsibility of the Program Committee, consisting of the directors of the Joint Doctoral Program (JDP) from each institution, the Dean of Mathematics at CGU, and the Dean of Engineering at CSULB.

Admission Requirements

Students must be admitted to both institutions jointly. Admission will be granted to a limited number of qualified students; therefore, application should be made as early as possible. Applications are encouraged from both men and women, particularly from members of minority groups or individuals with disabilities. Completed applications must be received by April 15 for the fall semester or October 1 for the spring semester, although late applications are allowed at the discretion of the Program Committee. The Program Committee is responsible for making admission decisions consistent with campus regulations (see Application Procedure in this booklet).

To be admitted to the Joint Doctoral Program, an applicant must have received a bachelor's or master's degree in science, engineering, or mathematics from an accredited institution. Moreover, he or she must have attained scholastic records and present confidential recommendations which indicate that he or she is well qualified to pursue, with distinction, advanced study and research. Be advised that admission may be refused solely on the basis of limited facilities in the option desired.

GRE Requirement

The analytical, verbal, and quantitative portion of the Graduate Record Examination (GRE) is required before admission. GRE subject examinations (mathematics and engineering) are not required. Applicants whose first or native language is not English

are required to have a current minimum score of 550 (80 iBT on the new scale) on the Test of English as a Foreign Language (TOEFL); however, this requirement is waived for students with a bachelor's or master's degree from an accredited U. S. university.

Registration and Enrollment

It is important that students register and enroll in classes each semester at either CGU or CSULB. Failure to enroll at any given semester will be considered leave without permission (discontinued enrollment) and the student will be dropped from the program.

Program Planning and Supervision

At CSULB, an initial engineering advisor is assigned to the student at the time of admission. At CGU, the student needs to arrange with the program director, within the first semester of study, for a mathematics advisor. The student's program of study is arranged individually in collaboration with their advisors; the two advisors confer periodically regarding the student's progress. The Program Committee monitors the student's overall performance.

Course Work and Examinations

A minimum 72 units of course work, independent study, and research (including transfer credit) must be completed. Transfer credit of up to 24 units of related courses at the master's level is permissible on approval of the Program Committee; this course work must have been completed with at least a grade of "B" or above, at an accredited institution, and must be directly related to the joint program and the student's goals. Of the 72 units, a minimum of 24 units must be completed in the graduate engineering program at CSULB and a minimum of 24 units in the graduate mathematics program at CGU. Both sets of 24 units must conform to the area requirements of the relevant institution and must be approved by the Program Committee. All degree requirements must be completed within seven years (or six with the transfer of 24 units according to CGU regulations) from the time a student begins graduate study.

Every doctoral student must maintain a cumulative grade-point average (GPA) of 3.0 and a grade-point average of 3.0 in all courses applicable to the degree. Furthermore, students must earn at least a grade of "B" or above in any course that is counted towards the course work requirement. Students are put on academic probation if they fail to maintain a cumulative or term GPA of at least 3.0 in all units attempted subsequent to admission to the degree program. After two consecutive semesters on probation, students are subject to disqualification if they fail to earn sufficient grade points to be removed from the probationary status.

CSULB Minimum Course Requirement

The following four courses (15 units) are required at CSULB to meet the 24-unit course requirement:

ENGR 790: Advanced Special Topics in Engineering (3)

ENGR 795: Advanced Directed Studies (4)

ENGR 796: Doctoral Seminar (4)

ENGR 798: Doctoral Dissertation (4)

The remaining 9 units of course work for students who have received transfer credit, may include courses needed for the Preliminary Examinations (see the Preliminary Examination section of the handbook.)

Minimum Student Load Per Semester

It is highly recommended that doctoral students enroll in at least 9.0 units per semester in order to demonstrate progress towards the degree. The CSULB director of the program, in consultation with the doctoral advisor, may require that a student take at least 9.0 units per semester if the student is not showing adequate progress.

These courses may include the following:

ENGR 797A: Preparation for Ph.D. Preliminary Examinations

ENGR 797B: Preparation for Ph.D. Qualifying Examination

ENGR 797C: Research for Ph.D. Dissertation

Students may take from 4.0 to 12.0 units of ENGR 797A, ENGR 797B or ENGR 797C each semester, though these courses may not be used to fulfill the 72-unit course work. These courses are offered on Credit/No Credit bases and are designed to formally recognize the students' efforts towards the program.

Residency Requirements

Doctoral students must complete their program within a period of seven years (or six with the transfer of 24 units) according to CGU regulations (see below). During this time, a minimum of 72 units of course work, independent study, and research (including transfer credit) must be completed. Normally no more than 16 units per semester may be credited toward the degree. No more than 12 units per summer session may be credited toward the degree. The transfer of credit form is available on the CGU website. The Program Committee will consider petitions for extensions and/or exemptions.

All degree requirements must be completed within seven years from the time a student begins graduate study. Work for which transfer credit is granted will be counted as part of the seven years, e.g., if transfer credit of 24 units (one year) is granted, the time limit will be six years.

The residency requirements for the Ph.D. may be met either by two semesters of full-time study in a 24-month period or by the completion of 48 units of course work within a 48-month period (including work in the summer session). There are special provisions for students transferring units as described below.

Students who receive transfer credit for 12 units or less may meet the residency requirement either by completing two full-time semesters of course work within a 24-month period or by completing 36 units within a 48-month period. Those receiving transfer credit for 13 to 24 units may meet the residency requirement by completing 24 units within a 36-month period. The seven-year maximum time period for the Ph.D. degree is reduced by six months for 12 units or less of transfer credit and by 12 months for 13 to 24 units of transfer credit.

Plan of Study

After consultation with their advisors, students are required, before the end of the second semester, to prepare and file with the Program Committee a Plan of Study for completing the course requirements for the degree. The purpose of the Plan of Study is to ensure that

the student is aware of the requirements for the degree. The Plan of Study should indicate the areas of study that the student will be taking in preparation for the preliminary examinations. In consultation with the student's advisor and Program Committee, the Plan of Study may be altered at a subsequent time by petition.

If a student withdraws from the program after completing a substantial portion of the course work, a master's degree at either or both institutions is still possible by satisfaction of the appropriate requirements. Both CGU and CSULB require 30-36 semester units of course work for master's degrees.

Preliminary Examinations

The student is required to pass written preliminary examinations. These examinations consist of four examination areas: two in engineering and two in mathematics. These examinations are usually taken after completion of the relevant course work at each institution. These examinations are given two or three times a year at the discretion and under the control of the Program Committee. Should a student fail an examination, they may petition the Program Committee for one retake.

Before taking the first preliminary examination, the student is required to complete the Preliminary Examination Permission Form (available at the CSULB website, www.csulb.edu/colleges/coe, or at the CGU site, www.cgu.edu/math). This form requires the student to specify the four areas of the Preliminary Examination; the student's intended dissertation advisor and the directors of the Joint Doctoral Program must sign it. The purpose of this form is to certify that the student and dissertation advisor are in agreement on the set of examinations. If, in the course of time, this set of examinations and/or the advisor is amended, the form must be resubmitted. The preliminary examinations are considered completed when the four examinations specified on the student's form have been successfully passed. You must be enrolled at CSULB (e.g., enrolling in at least 4.0 units of 797A) in order to take the CSULB portion of the Preliminary Examinations. For a list of courses, please review the student handbook at our web site www.csulb.edu/coe/phd

Research Tool

Students in the Joint Doctoral Program must demonstrate proficiency in problem-solving ability using computer programs. This demonstration may take different forms depending on the student's engineering sub-discipline, but must include evidence that the student has used an appropriate computer language and an algorithmic method to solve a problem from an engineering discipline.

Research and Dissertation

Upon completion of at least 48 units of course work (including transfer units), the preliminary examinations, and the research tool requirement, a student embarks on the research phase of the Joint Doctoral Program. In preparation for the research phase, the student is expected to spend at least a semester in advanced graduate courses, seminars, or directed reading courses where exposure to research material is emphasized. From these and other sources, the student gains the ability

to understand the motivation for research in engineering and applied mathematics and learns to apply research techniques.

Doctoral Committee

During entry to the program and through the period of the main body of course work at CGU and CSULB, the Program Committee will monitor the student's progress. Upon successful completion of the preliminary examinations, the student petitions the Program Committee to constitute the Doctoral Committee. The student chooses this committee with advice from the faculty advisor and with approval of the Program Committee. The committee must include at least two faculty members each from CGU and CSULB; it must also provide breadth and depth in mathematics and engineering in the chosen faculty members. The Doctoral Committee supervises the student's progress through research preparation and dissertation writing; it also administers the qualifying and oral examinations for the degree. The chair of the Doctoral Committee is the dissertation supervisor.

Research Proposal and Qualifying Examination

With these advanced courses as background, and with the guidance of the Doctoral Committee, the student defines an area of proposed research and prepares a written Dissertation Proposal containing an outline of the research to be undertaken and references to relevant source materials. The Dissertation Proposal is presented to the Doctoral Committee at least two weeks prior to the Qualifying Examination. The appropriate form under "Doctoral Degree Forms" can be obtained from the CGU website www.cgu.edu (under Current Students, Registrar Information). The Qualifying Examination is an oral presentation to the Doctoral Committee describing the planned research. The student is expected to present evidence both as to the mathematical content and to the engineering application of the proposed research, supporting such evidence with references to previous research in both areas. The Doctoral Committee judges the fitness and quality of the Dissertation Proposal from this presentation and from the written proposal. It subsequently communicates its recommendations to the Program Committee. Only upon a positive recommendation may the student embark on a dissertation. In the event of failure, the qualifying examination may be retaken once after petition to the Program Committee.

Advancement to Candidacy

After successful completion of the Qualifying Examination and certification that all other requirements are fulfilled, the student is advanced to candidacy. The appropriate form under "Doctoral Degree Forms" may be obtained from the CGU website. This must occur at least six months before the Final Oral Defense.

Dissertation and Final Oral Examination

Upon completion of the research, the student will prepare the dissertation in accordance with CGU regulations. A final draft of the dissertation will be presented to each member of the Doctoral Committee at least three weeks prior to the final oral examination. The appropriate form under "Doctoral Degree Forms," along with an abstract of the dissertation,

must be filed with CGU's Office of Admission and Records three weeks before the exam. This deadline is very strict and no exceptions will be made. Please see the CGU website under "Academic Calendar" for the final defense scheduling dates. The oral defense will normally be held on the campus of the dissertation supervisor.

Policies and Procedures

1. Throughout their entire program of study, unit-taking students must be registered at either CGU or CSULB. Students, who intend not to take course work at either institution, including those who have finished their required units, must take the necessary steps to maintain continuous enrollment. This is achieved by registering for Math 499 (Doctoral Study) at Claremont Graduate University or by registering for Engineering 798 (Doctoral Dissertation) at California State University, Long Beach. At least two semesters of registration for Math 499 at CGU must be maintained during the last year prior to graduation. In order for the degree to be conferred, a student must meet all regulations as stated in the CGU Bulletin under "Degree Regulations."

Requests for leave of absence must be submitted to each registrar's office and approved by both institutions according to the standards of each; upon approval of leave the student should advise the math office at CGU and the office of the Joint Doctoral Program at CSULB. Students should contact each registrar's office for leave of absence policies. If the student fails to advise the registrar at CGU of his/her leave granted by CSULB, he/she will be dropped from the program (CGU has no official arrangement for leaves). Upon return, the student will be required to pay CGU a reinstatement fee in addition to regular semester tuition.

2. International students registered for units at CSULB must provide the CGU International Student Advisor, Marianna Panossi, with proof of registration within two weeks of the beginning of the semester at CGU. Proof of full-time registration (8 units minimum) is required to maintain immigration status. (In the circumstance of completion of units, registration in Doctoral Study, CGU Math 499, is required.)
3. Students should arrange for advisors, one in math at CGU and one in engineering at CSULB, at the earliest opportunity. The program committee will help provide advisors.
4. After consultation with their advisors, students must submit a plan of study, including a petition for transfer of credits, if applicable, during their first year of study. The Plan of Study must be approved and transfer of units recommended to the Registrar by the program committee.

Procedures for Student Admission

1. Students must complete application forms for both CGU and CSULB. The completed application package must include official transcripts, three letters of reference (preferably on the forms supplied in the CGU package), a personal statement and a resume. Current, official GRE scores are required. Scores may not be older than 5 years.
2. The completed application package (including a separate Long Beach fee and application) must be submitted to

the CGU Admissions Office, 160 East Tenth Street, Claremont, CA 91711-6163. Do not send application materials to CSULB as this will result in considerable delay. Both application fees are required

3. Online applications are acceptable for the Joint Program; however, consult the Program Advisors at CGU and CSULB for appropriate procedures.
4. The CGU director of the CSULB/CGU Joint Doctoral Program, Marina Chugunova, reviews completed files. In the event of a negative review, a rejection letter is issued by CGU. In the event of a positive review, the application, along with a copy of the completed file, is forwarded to the CSULB director of the CSULB/CGU Joint Doctoral Program, Dr. Antonella Sciortino.
5. Results of the Long Beach review are transmitted back to CGU Math. Upon a positive review by CSULB, the application and fee are sent to the CSULB Admissions Office to be processed. A negative review initiates a rejection letter from CGU.
6. Upon admission to the program, CGU will generate two admission letters; one is mailed to the student and one is sent to CSULB. This letter includes a decision card and specifies a required \$200 tuition deposit that should be submitted to CGU if the student chooses to accept the offer of admission.
7. Students admitted to provisional status must provide the materials needed to complete their files before the end of their first semester of enrollment. Official scores for the GRE General Test are required of all students before admission to full graduate standing. The joint faculty program committee will review completed files for change of status.
8. The academic progress of students admitted to conditional status will be reviewed by the program committee prior to a decision about change of status.

Courses (ENGR)

LOWER DIVISION

100. Fundamentals of Engineering Analysis (4)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB11.

Use of an application-oriented, hands-on approach to math topics in a variety of core engineering courses; analysis of experimental data; applications of MATLAB in solving engineering problems.

Letter grading only (A-F). (Lecture 3 hours, Laboratory 3 hours)

101. Introduction to the Engineering Profession (1)

Prerequisite: Freshman standing or consent of instructor.

Prerequisite/Corequisite: MATH 111 or MATH 113 or MATH 122

Freshman orientation seminar on careers in engineering. Speakers from various fields illustrate opportunities and challenges in the engineering profession.

(Lecture-problems 1 hour) Letter grade only (A-F).

102. Academic Success Skills (1)

Prerequisite: ENGR 101 with a grade of "C" or better.

Development of skills and identification of strengths and weaknesses for success in a COE major.

(Lecture 1 hour). Letter grade only (A-F).

123. Inventions and Innovations: Good, Bad, and Weird (3)

Use of language, thought, and logic in science, distinguishing scientific fact from science fiction. Critical review of technological achievements from ancient times to the present, from practical inventions to perpetual motion machines. Science, pseudoscience, and paranormal. Experimentation and witchcraft.

(Lecture-Problems 3 hours)

130. Health, Energy, Environment, Transportation (HEET) (3)

Prerequisites: Completion of high school classes in geometry, algebra, chemistry, and environmental sciences.

Introductory course in healthy environment requirements, renewable energy, elements green design, transport systems and management, economics, environmental impacts of transportation. Hybrid, module-based class, with simulations, interact exercises, design projects and assessments renewable energy, green design, water resources, and air quality.

Letter grade only (A-F). (Lecture 3 hours)

170. Introduction to Solid Modeling and Engineering Graphics (2)

Prerequisites: Knowledge of geometry and intermediate algebra.

Introduction to part modeling, solid models, detail drawings with dimensioning and assembly modeling using SolidWorks software. Focuses on project-based learning, which organizes learning around complete projects.

Letter grade only (A-F). (Lecture-problems 1 hour, Lab 2 hours)

200H. Introduction to Engineering Honors Program (1)

Prerequisites: ENGR101 and ENGR 102.

Engineering honors program organization and procedures. Introduction to professional societies, technical communication, team-building, networking, and other engineering career-advancing skills. Participating in community engagement activities.

Credit/No Credit grading only.

203. Engineering Problems and Analysis (3)

Prerequisite: MATH 122 with a grade of "C" or better; Corequisite: ENGR 203L.

Formulation of engineering problems and methods for their analysis. Application of vectors, matrices, derivatives and integration into engineering problems. Computer aided analysis using MATLAB, MathCad, etc.

(Lecture - Problems hours) Letter grade only (A-F).

203L. Engineering Problems and Analysis Laboratory (1)

Prerequisite: MATH 122 with a grade of "C" or better; Corequisite: ENGR 203.

Computer-based exercises on fundamental concepts such as vectors, matrices, derivatives, integrals. Practical engineering problems are assigned and solved using MATLAB.

(Laboratory 3 hours) Letter grade only (A-F).

UPPER DIVISION

300H. Introduction to Engineering Honors Research (1)

Prerequisites: ENGR200H, Junior standing.

Introduction to engineering research for honors students, including proposal writing, literature reviews, formal research methods and publication of results. Introduction to departmental honors program advisors and exposure to active areas of research in the college.

Credit/No Credit grading only.

302. Energy and Environment: A Global Perspective (3)

Prerequisites: G.E. Foundation requirements, one or more Exploration courses, and upper-division standing.

Renewable/nonrenewable energy sources, including fossil fuels, nuclear, solar, wind, wave, geothermal, hydroelectric and biomass.

Available resources, market, trends, and technology. Energy conservation, balance, alternatives, social, cultural, and political impacts. Ecosystem, human-induced climate changes. Environment and power generation, pollution, ozone depletion. Recycling.

(Lecture-Problem 3 hours) Letter grade only (A-F).

310. Business Communications in Engineering Profession (3)

Prerequisites: ENGL 100 or GE Composition (Area A1), COMM 110 all with a grade of "C" or better.

Basic concepts for understanding/practice of communication in world of business for managers and professionals. Language/conversations in business and role in coordinating actions, resolving breakdowns in work and customer satisfaction. Business writing formats, formal report, business conversation. International, technical, and linguistic developments in business communication.

Letter grade only (A-F). (Lecture-Problem 3 hours) May be used to satisfy the GEAR. Students who have failed the WPE at least once can take the course and submit a portfolio at the end for GEAR credit that will be issued if the student passes the portfolio that is reviewed by a committee.

340. Guitar Electronics: Engineering Sound (3)

Prerequisites: Upper division standing, GE Foundation requirements, one course from G.E. category Blb.

Historical review of electro-magnetic principles and their application to the reproduction, modification, and creation of sound. The electric guitar, its amplifiers, and special effects devices (analog and digital) will be used to gain practical experience. Electrical safety, physiology and physics of the ear.

Not open for credit to students with credit in EE 333. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

350. Computers, Ethics and Society (3)

Prerequisites: 3 units from GE Category A.1 (Writing) and 3 units from GE Category D (Social and Behavioral Science).

Examination of the social impact of information technologies. Topics include a survey of the technology (software, hardware and key applications), ethical obligations of specialists, the computer in the workplace, shifts of power, privacy, and legal issues related to computing.

(Lecture-problems 3 hrs)

360. Robotic Technology in Health Care (3)

Explores various robotic innovations developed for biomedical applications and their global impact on the quality of patient care, economy, and policy through new methods and tools for diagnosis and treatment, clinical training, education, and rehabilitation.

Letter grade only (A-F). (Lecture-Problems 3 hours)

370. Astronautics and Space (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Combines the disciplines of space engineering with economics, human physiology, satellite meteorology, earth resources and environmental science, astronautics and space exploration. Emphasis on oral and written communications, numeracy and use of computers. Extensive use of computer animation, videographics and the Internet.

(Lecture-problems 3 hours) Letter grade only (A-F).

392. Water: People, Politics, and Processes (3)

Prerequisite: GE Foundation requirements.

Explores the impact of water resources management on society, economy, and governance through socio-political and hydrological overviews as well as both domestic and international case studies.

Letter grade only (A-F). Same course as I/ST 350. Not open for credit to students with credit in I/ST 350. (Lecture-Problems 3 hours.)

432. Logistics Systems Engineering (3)

Prerequisite: Consent of instructor.

Logistics concepts, methods and techniques for engineering. Logistics from a historical perspective, the economic impact of logistics, the engineering tool chest, and logistics as an integrating function. Logistics systems requirements and design; transportation and distribution, inventory analysis and operational support.

(Lecture-problems 3 hours) Letter grade only (A-F).

492B. Internship In Engineering (3)

Prerequisites: Major in the College of Engineering, completion of 9 units of upper division COE coursework, a 2.5 GPA overall or 2.75 GPA in the student's major, and consent of instructor prior to registration.

Qualifying students must provide contact information for the major- or career-related assignment in private industry or in public agencies for which the course is being used. The position may be either a volunteer or paid work assignment. The instructor is required to visit the work site. Learning assignments will be arranged through the Career Development Center and the instructor. Final written report required.

Minimum of 120 hours of field experience required. Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters. (Activity 6 hours)

496H. Honors Directed Research (1-3)

Prerequisite: Junior Standing

Theoretical, experimental, or industrial problems in an area approved by the Honors Advisor requiring advanced analysis culminating in a substantial report.

Letter grade only (A-F). May be repeated for a maximum of 3 units with same topic in different semesters.

498. Engineering Systems Senior Project (3)

Prerequisite: Senior Standing.

Senior Project in Engineering Systems. Design and development of a senior project. Presentation of oral and written report.

(Seminar 3 hours) Letter grade only (A-F).

498H. Honors Thesis (1-3)

Prerequisite: Senior Standing

Planning, preparation and completion of a thesis or project, in an area approved by the Honors Advisor.

Letter grade only (A-F). May be repeated for a maximum of 3 units with same topic in different semesters.

GRADUATE LEVEL

513. Optimal Engineering Design Decision-Making (3)

Prerequisite: COE Graduate Standing or consent of instructor.

Application based overview of methods for making optimal design decisions, involving both theory and practical usage; importance of modeling; design of experiments; linear and nonlinear optimization; multiple objectives; design under uncertainty; decision-making algorithms; project work required.

Lecture-problems 3 hours. Letter grade only (A-F).

570. Applied Data Analysis for Engineers (3)

Prerequisites: Graduate standing or consent of instructor.

This course covers signal processing, data mining and machine learning techniques and algorithms which are frequently used to analyze engineering data. Practical projects/assignments from various engineering fields will be given to exemplify the concept.

Letter Grade only (A - F). (Lecture-problems 3 hours)

790. Selected Topics in Engineering (1-4)

Prerequisites: MS or equivalent and formally admitted to the Ph.D. program.

Each offering is based on an area of engineering in which recent advances have been made.

Letter grade only (A-F). Topics announced in the *Schedule of Classes*.

795. Advanced Directed Studies (4)

Explorations of theoretical and experimental (if applicable) Engineering problems in great depth with emphasis on mathematical modeling and analysis. Students must present the findings in a formal report and a seminar.

Letter grade only (A-F).

796. Doctoral Seminar (2)

Prerequisite: Graduate Standing.

Research seminar on advanced technical fields.

May be repeated to a maximum of 4 units in different semesters. (Seminar 2 hours). Letter grade only (A-F).

797A. Preparation for Ph.D. Preliminary Examinations (4-12)

Prerequisite: Graduate Standing.

Tutorial. Limited to doctoral students who are preparing for the preliminary examinations.

ENGR 797A does not count towards the 48 units of course requirement. Credit/No Credit grading only.

797B. Preparation for Ph.D. Qualifying Examination (4-12)

Prerequisite: Graduate Standing.

Tutorial. Limited to doctoral students who are preparing for the qualifying examination.

ENGR 797B does not count towards the 48 units of course requirement. Credit/No Credit grading only.

797C. Research for Ph.D. Dissertation (4-12)

Prerequisite: Graduate Standing. Tutorial. Limited to doctoral students who are preparing or working on the dissertation research. ENGR 797C does not count towards the 48 units of course requirement. Credit/No Credit grading only.

798. Doctoral Dissertation (4-12)

Prerequisites: Successful completion of the Ph.D. preliminary examinations, research tool test, and at least 48 units of course work. A written dissertation proposal containing an outline of the research to be undertaken and references to relevant source material must be submitted. Only upon a positive recommendation a student may embark on a dissertation.

Letter grade only (A-F).

Courses (MSEM)

UPPER DIVISION

406B. Engineering Economy and Administration (3)

Prerequisite/Corequisite: ECON 300 or consent of instructor.

Engineering management principles and economic analysis: with time value of money, after-tax analysis for rate of return. Graduate students will be required to do an additional assignment.

Letter grade only (A-F).

GRADUATE LEVEL

506B. Management of Engineering Technology and Innovation (3)

Prerequisite: Graduate engineering standing.

Analysis of the principles and theory of engineering administrative organizations, information systems, management functions, decision making tools, strategies and administrative policy formulations.

Letter grade only (A-F).

507B. Engineering Project Management (3)

Prerequisite: Graduate engineering standing.

Theory and philosophies of project management, principles of internal and industrial organization planning and control systems, motion in time study, industrial statistics, industrial research as aid to decision making.

Letter grade only (A-F).

508B. Systems Engineering and Integration (3)

Prerequisite: Senior standing or consent of instructor.

Introduction to the tools and methods employed by systems engineers in the aerospace industry. Development of system functions, requirements, verification and validation, and interfaces in the context of integrated product teams and the product life cycle.

Letter grade only (A-F).

511B. Advanced Manufacturing Management Systems (3)

Prerequisite: Consent to instructor.

Management systems for Integrated Product Development and Concurrent Engineering; Quality, Productivity and Costs, emphasis Just-in-Time Manufacturing; Quality-Based Manufacturing Systems: TQM and ISO 9000; Customer Requirement and Quality Function Deployment; Design Manufacturing and Assembly, Poka-Yoke; Demand-Driven, "Pull" manufacturing. "Lean Enterprise".

Letter grade only (A-F).

570B. Engineering Management Principles and Applications (3)

Prerequisite: Graduate standing, or consent of instructor.

Engineering management principles/applications. Relationships of management functions -modern products or service based companies. Technical organization in global market place. Reengineering, empowerment, concurrent engineering, and systemic thinking. Evolutionary theories of management. Strategic planning, goal setting, communication, resource distribution, etc. Team projects.

Letter grade only (A-F).

596B. Special Projects in Engineering Management (3)

Prerequisites: Eligible for advancement to candidacy and consent of instructor.

Under faculty supervision students will pursue synthesis work, as a culminating experience, on the topics learned for the interdisciplinary MSEM degree. In consultation with the Program Advisor, an Independent Study form must be completed. An acceptable project report must be submitted.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

ENGINEERING TECHNOLOGY PROGRAMS

College of Engineering

Introduction

The Engineering Technology (ET) Programs at CSULB serve society by graduating well-prepared professionals, who are provided with an excellent education in the fundamentals of Engineering Technology through a combination of theory and laboratory practice, and who are able to apply their knowledge and transform their ideas into working systems.

Career Possibilities

Computer Option: Hardware and software Computer Applications Engineers • Test Equipment Engineers • Manufacturing Engineers or Technical Sales Engineers in industry and organizations where a combination of hardware and software background is required

Electronics Option: Electronic Technician • Calibration Engineer • Construction Inspector • Computer Applications Engineer • Time Study Engineer • Facilities Planner • Field Engineer • Manufacturing Engineering • Operations Research Analyst • Sales Representative • Project Engineer • Associate Electronics Engineer • Product Design Engineer • Process Engineer • Instructor

General Requirements

All students in the BSET, BSEET, or BSCET programs must receive a minimum grade of "C" in each of the prerequisite courses before enrolling in any Engineering Technology course. In addition to any other all-university requirements regarding grade point averages for graduation, student must achieve a minimum of 2.0 average in all Engineering Technology courses.

Bachelor of Science in Computer Engineering Technology (120 units)

Administered by the Electrical Engineering Department.
Faculty Advisor - I-Hung Khoo
EE Department Office - ECS 561
Faculty Advisor's Office - ECS 517
Faculty Advisor's Telephone - (562) 985-5082

This program is available to students interested in the manufacturing of computers and the applications and operations aspects of computer hardware and software.

Emphasis is placed on specific job skills required of entry level professionals in computer industry, including systems analysis and design, data administration, networking, data communications, data acquisition, oral and written communication, and management principles.

Major Declaration

Freshmen admission to engineering majors is to a 'pre-major' status (i.e., Pre-Computer Engineering Technology). Continuation in the major will be subject to meeting specific lower division course and GPA requirements at CSULB that indicate the student's ability to succeed and complete the major. Transfer applicants and CSULB students seeking admission into Computer Engineering Technology must also meet similar major specific requirements. To become fully admitted into the Computer Engineering Technology major, all prospective students (i.e., pre-majors, undeclared, major changes) must have a minimum cumulative 2.5 GPA and

complete the following lower-division courses with a minimum grade of "C" prior to earning 60 units:

Core Lower Division Major Requirements:

MATH 122 (Calculus I), PHYS 100A (General Physics)

General Education Foundations Courses:

Written Communication, Oral Communication, and Critical Thinking

Degree Progress

Students must complete the following requirements within one calendar year of declaring the major. Some students may need to take courses during Summer Session to meet these requirements. At the end of the year, students who have not met the requirements must either declare another major or meet with an Academic Advisor to determine if the student's performance in the courses merits an additional semester to complete.

First-Time Freshmen: A grade of "C" or better must be achieved in MATH 111, MATH 113, and PHYS 100A within one calendar year.

Transfer Students: A grade of "C" or better must be achieved in MATH 122 and PHYS 100A and B within one calendar year.

Requirements

Lower Division:

Take all the following courses:

MAE 172 Engineering Design Graphics (2)
Prerequisites: None.

MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

PHYS 100A General Physics (4)
Prerequisite: MATH 109 or MATH 113 or MATH 119A or MATH 122.

PHYS 100B General Physics (4)
Prerequisites: PHYS 100A.

ENGR 101 Introduction to Engineering Profession (1)
Prerequisite/Corequisite: MATH 111 or MATH 113 or MATH 122.

ENGR 102 Academic Success Skills (1)
Prerequisite: ENGR 101 with a grade of "C" or better.

ENGR 203 Engineering Problem Solving & Analysis (3)
Prerequisite: MATH 122 all with a grade of "C" or better.
Corequisite: ENGR 203L.

ENGR 203L Engr Problem Solving & Analysis Lab (1)
Prerequisite: MATH 122 all with a grade of "C" or better.
Corequisite: ENGR 203.

ET 101 Introduction to Engineering Technology (1)
Prerequisites: None.

ET 202 Probability and Statistics for Technology (3)
Prerequisite: High school algebra.
Corequisite: ET 202L.

ET 202L Probability & Statistics for Technology Lab (1)
Prerequisites: 2 yrs high school algebra, geometry, and intermediate algebra (or MATH 010) or equivalent.
Corequisite: ET 202.

ET 205 Computer Systems and Programming (1)
Corequisite: ET 205L.

ET 205L Computer Systems and Programming Lab (1)

Corequisite: ET 205.

ET 250 Circuit Analysis I (2)
Prerequisite: PHYS 100B with a grade of "C" or better.
Corequisite: ET 250L.

ET 250L Circuit Analysis I Laboratory (1)
Prerequisite: PHYS 100B with a grade of "C" or better.
Corequisite: ET 250.

ET 252 Circuit Analysis II (2)
Prerequisites: MATH 122; ET 250, ET 250L all with a grade of "C" or better. Corequisite: ET 252L.

ET 252L Circuit Analysis II Lab (1)
Prerequisites: MATH 122; ET 250, ET 250L all with a grade of "C" or better. Corequisite: ET 252.

ET 255 Introduction to Digital Electronics (2)
Prerequisites: ET 250, ET 250L all with a grade of "C" or better.
Corequisite: ET 255L.

ET 255L Introduction to Digital Electronics Lab (1)
Prerequisites: ET 250, ET 250L all with a grade of "C" or better.
Corequisite: ET 255.

ET 260 Solid State Electronic I (2)
Prerequisites: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 260L.

ET 260L Solid State Electronic I Lab (1)
Prerequisites: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 260.

ET 286 Intro to Object-Oriented Programming (2)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 286L.

ET 286L Intro to Object-Oriented Programming Lab (1)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 286.

Upper Division:

Take all the following courses:

ET 309 Industrial Communications and Leadership (3)
Prerequisites: ET 101 with a grade of "C" or better.

ET 311 Quality Engineering Technology (3)
Prerequisites: ET 202, ET 202L all with a grade of "C" or better.

ET 360 Control Instrumentation (2)
Prerequisites: ET 260, ET 260L all with a grade of "C" or better.
Corequisite: ET 360L.

ET 360L Control Instrumentation Lab (1)
Prerequisites: ET 260, ET 260L all with a grade of "C" or better.
Corequisite: ET 360.

ET 386 Introduction to Microprocessors (2)
Prerequisite: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 386L.

ET 386L Introduction to Microprocessors Lab (1)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 386.

ET 387 Robot Programming and Mechatronics (2)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 387L.

ET 387L Robot Programming & Mechatronics Lab (1)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.

Corequisite: ET 387.

ET 388 Technical Applications Using Programming Languages (2)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388L.

ET 388L Technical Applications Using Programming Languages Lab (1)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388.

ET 442 Computer Circuits (2)
Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442L.

ET 442L Computer Circuits Lab (1)
Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442.

ET 486 Data Structures (2)
Prerequisites: ET 388, ET 388L all with a grade of "C" or better.
Corequisite: ET 486L.

ET 486L Data Structures Lab (1)
Prerequisites: ET 388, ET 388L all with a grade of "C" or better.
Corequisite: ET 486.

ET 487 Introduction to Data Communications and Networking (2)
Prerequisites: ET 286, ET 286L, ET 386, ET 386L or equivalents all with a grade of "C" or better.
Corequisite: ET 487L.

ET 487L Introduction to Data Communications and Networking Lab (1)
Prerequisites: ET 286, ET 286L, ET 386, ET 386L or equivalents all with a grade of "C" or better.
Corequisite: ET 487.

ET 488 Microcomputer Systems (2)
Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488L.

ET 488L Microcomputer Systems Lab (1)
Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488.

ET 489 Computer Interfacing (2)
Prerequisites: ET 442, ET 442L, ET 488, ET 488L all with a grade of "C" or better.
Corequisite: ET 489L.

ET 489L Computer Interfacing Lab (1)
Prerequisites: ET 442, ET 442L, ET 488, ET 488L all with a grade of "C" or better.
Corequisite: ET 489.

ET 492 Computer Controlled Industrial Systems (2)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 492L.

ET 492L Computer Controlled Industrial Systems Laboratory (1)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 492.

ET 494 Applied Systems Development Project (2)
Prerequisites: ET 386, ET 386L, ET 487, ET 487L all with a grade of "C" or better.
Corequisite: ET 494L.

ET 494L Applied Systems Development Project Lab (1)

Prerequisites: ET 386, ET 386L, ET 487, ET 487L all with a grade of "C" or better.
Corequisite: ET 494.

CE 406 Project Cost-Benefit Analysis (3)
Prerequisites: GE Foundation requirements.

Take 3 units of either:

ET 312 Statistical Quality Control
Prerequisite: ET 311 all with a grade of "C" or better.

or

ET 461 Management of Manufacturing Operations.
Prerequisite: ET 410 with a grade of "C" or better.

Take at least 3 units from the following, in consultation with an advisor:

ET 409E or (ET 491, ET 491L) or (ET 497, ET 497L).

To meet prerequisite standards for courses in this program's requirements, a "C" or better is necessary in the following: ENGR 101, ET 101, ET 202, ET 202L, ET 205, ET 205L, ET 250, ET 250L, ET 252, ET 252L, ET 255, ET 255L, ET 260, ET 260L, ET 286, ET 286L, ET 311, ET 386, ET 386L, ET 388, ET 388L, ET 442, ET 442L, ET 487, ET 487L, ET 488, ET 488L, MATH 122, PHYS 100B.

Fieldwork Requirements

Fieldwork experience is required for the BS in Computer Engineering Technology, consisting of no less than three months full-time (40 hours/week) (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college. The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the Department.

Concurrent and/or Enrollment in Another Institution

Students who wish to take, or have already taken, coursework in a community college or another institution to meet curricular requirements must petition the ET Undergraduate Advisor for approval.

Bachelor of Science in Electronics Engineering Technology (120 units)

Administered by the Electrical Engineering Department.
Faculty Advisor - I-Hung Khoo
EE Department Office - ECS 561
Faculty Advisor's Office - ECS 517
Faculty Advisor's Telephone - (562) 985-5082

The Electronics Engineering Technology program, prepares the student for a position as a technologist, in such industries as aerospace, computers, communications, biomedical, chemical, power, etc. Students are offered a wide range of training in topics such as instrumentation, controls, microprocessors, microelectronics, biomedical electronics, communications, motors and generators, robotics, computer applications, programming and interfacing. Moreover the program emphasizes written and oral communications skills as well as modern methods of industrial administration and supervision.

Major Declaration

Freshmen admission to engineering majors is to a 'pre-major' status (i.e., Pre-Electrical Engineering Technology). Continuation in the major will be subject to meeting specific lower division course and GPA requirements at CSULB that

indicate the student's ability to succeed and complete the major. Transfer applicants and CSULB students seeking admission into Electrical Engineering Technology must also meet similar major specific requirements. To become fully admitted into the Electrical Engineering Technology major, all prospective students (i.e., pre-majors, undeclared, major changes) must have a minimum cumulative 2.5 GPA and complete the following lower-division courses with a minimum grade of "C" prior to earning 60 units:

Core Lower Division Major Requirements:

MATH 122 (Calculus I), PHYS 100A (General Physics)

General Education Foundations Courses:

Written Communication, Oral Communication, and Critical Thinking

Degree Progress

Students must complete the following requirements within one calendar year of declaring the major. Some students may need to take courses during Summer Session to meet these requirements. At the end of the year, students who have not met the requirements must either declare another major or meet with an Academic Advisor to determine if the student's performance in the courses merits an additional semester to complete.

First-Time Freshmen: A grade of "C" or better must be achieved in MATH 111 and 113, and PHYS 100A within one calendar year.

Transfer Students: A grade of "C" or better must be achieved in MATH 122 and PHYS 100A and B within one calendar year.

Requirements

Lower Division:

Take all the following courses:

MAE 172 Engineering Design Graphics (2)
Prerequisites: None.

MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and 113.

PHYS 100A General Physics (4)
Prerequisite: MATH 109 or MATH 113 or MATH 119A or MATH 122.

PHYS 100B General Physics (4)
Prerequisites: PHYS 100A.

ENGR 101 Introduction to Engineering Profession (1)
Prerequisite/Corequisite: MATH 111 or MATH 113 or MATH 122.

ENGR 102 Academic Success Skills (1)
Prerequisite: ENGR 101 with a grade of "C" or better.

ENGR 203 Engineering Problem Solving & Analysis (3)
Prerequisite: MATH 122 all with a grade of "C" or better.
Corequisite: ENGR 203L.

ENGR 203L Engr Problem Solving & Analysis Lab (1)
Prerequisite: MATH 122 all with a grade of "C" or better.
Corequisite: ENGR 203.

ET 101 Introduction to Engineering Technology (1)
Prerequisites: None.

ET 202 Probability and Statistics for Technology (3)
Prerequisite: High school algebra.
Corequisite: ET 202L.

ET 202L Probability & Statistics for Technology Lab (1)
Prerequisites: 2 yrs high school algebra, geometry, and intermediate algebra (or MATH 010) or equivalent.
Corequisite: ET 202.

- ET 205 Computer Systems and Programming (1)
Corequisite: ET 205L.
- ET 205L Computer Systems and Programming Lab (1)
Corequisite: ET 205.
- ET 250 Circuit Analysis I (2)
Prerequisite: PHYS 100B with a grade of "C" or better.
Corequisite: ET 250L.
- ET 250L Circuit Analysis I Laboratory (1)
Prerequisite: PHYS 100B with a grade of "C" or better.
Corequisite: ET 250.
- ET 252 Circuit Analysis II (2)
Prerequisites: MATH 122; ET 250, ET 250L all with a grade of "C" or better. Corequisite: ET 252L.
- ET 252L Circuit Analysis II Lab (1)
Prerequisites: MATH 122; ET 250, ET 250L all with a grade of "C" or better. Corequisite: ET 252.
- ET 255 Introduction to Digital Electronics (2)
Prerequisites: ET 250, ET 250L all with a grade of "C" or better.
Corequisite: ET 255L.
- ET 255L Introduction to Digital Electronics Lab (1)
Prerequisites: ET 250, ET 250L all with a grade of "C" or better.
Corequisite: ET 255.
- ET 260 Solid State Electronic I (2)
Prerequisites: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 260L.
- ET 260L Solid State Electronic I Lab (1)
Prerequisites: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 260.
- ET 286 Intro to Object-Oriented Programming (2)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 286L.
- ET 286L Intro to Object-Oriented Programming Lab (1)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 286.
- ET 360L Control Instrumentation Lab (1)
Prerequisites: ET 260, ET 260L all with a grade of "C" or better.
Corequisite: ET 360.
- ET 386 Introduction to Microprocessors (2)
Prerequisite: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 386L.
- ET 386L Introduction to Microprocessors Lab (1)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 386.
- ET 387 Robot Programming and Mechatronics (2)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 387L.
- ET 387L Robot Programming & Mechatronics Lab (1)
Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 387.
- ET 388 Technical Applications Using Programming Languages (2)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388L.
- ET 388L Technical Applications Using Programming Languages Lab (1)
Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388.
- ET 442 Computer Circuits (2)
Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442L.
- ET 442L Computer Circuits Lab (1)
Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442.
- ET 444 Telecommunications (3)
Prerequisites: ET 360, ET 360L all with a grade of "C" or better.
- ET 447 Industrial Applications of Electronic Circuits (2)
Prerequisites: ET 341, ET 341L all with a grade of "C" or better.
Corequisite: ET 447L.
- ET 447L Industrial Appl of Electronic Circuits Lab (1)
Prerequisites: ET 341, ET 341L all with a grade of "C" or better.
Corequisite: ET 447.
- ET 460 Electronic Packaging and Design (2)
Prerequisites: ET 341, ET 341L all with a grade of "C" or better and senior standing.
Corequisite: ET 460L.
- ET 460L Electronic Packaging and Design Lab (1)
Prerequisites: ET 341, ET 341L all with a grade of "C" or better and senior standing.
Corequisite: ET 460.
- ET 488 Microcomputer Systems (2)
Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488L.
- ET 488L Microcomputer Systems Lab (1)
Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488.
- CE 406 Project Cost-Benefit Analysis (3)
Prerequisites: GE Foundation requirements.

Upper Division:

Take all the following courses:

- ET 309 Industrial Communications and Leadership (3)
Prerequisites: ET 101 with a grade of "C" or better.
- ET 311 Quality Engineering Technology (3)
Prerequisites: ET 202, ET 202L all with a grade of "C" or better.
- ET 341 Solid State Electronic II (2)
Prerequisites: ENGR 203, ENGR 203L, ET 260, ET 260L all with a grade of "C" or better.
Corequisite: ET 341L.
- ET 341L Solid State Electronic II Lab (1)
Prerequisites: ENGR 203, 203L, ET 260, ET 260L all with a grade of "C" or better .
Corequisite: ET 341.
- ET 350 Motors and Generators (2)
Prerequisites: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 350L.
- ET 350L Motors and Generators Lab (1)
Prerequisite: ET 252, ET 252L all with a grade of "C" or better.
Corequisite: ET 350.
- ET 360 Control Instrumentation (2)
Prerequisites: ET 260, ET 260L all with a grade of "C" or better.
Corequisite: ET 360L.

Take 3 units of either:

ET 312 Statistical Quality Control
Prerequisite: ET 311 all with a grade of "C" or better.

or

ET 461 Management of Manufacturing Operations.
Prerequisite: ET 410 with a grade of "C" or better.

Take at least 3 units from the following courses, in consultation with an advisor: ET 409B or ET 441 or (ET 445, ET 445L).

To meet prerequisite standards for courses in this program's requirements, a "C" or better is necessary in the following: MATH 122, PHYS 100B, ENGR 101, ENGR 203, ENGR 203L, ET 101, ET 202, ET 202L, ET 205, ET 205L, ET 250, ET 250L, ET 252, ET 252L, ET 255, ET 255L, ET 260, ET 260L, ET 286, ET 286L, ET 311, ET 341, ET 341L, ET 360, ET 360L, ET 386, ET 386L.

Fieldwork Requirements

Fieldwork experience is required for the BS in Electronics Engineering Technology, consisting of no less than three months full-time (40 hours/week) (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college.

The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the Department.

Concurrent and/or Enrollment in Another Institution

Students who wish to take, or have already taken, coursework in a community college or another institution to meet curricular requirements must petition the ET Undergraduate Advisor for approval.

Engineering Technology Courses (E T)

LOWER DIVISION

101. Introduction to Engineering Technology (1)

Survey of professional activities and environment of engineering technologist. Covers role of technologist in American industry, the history of technology and the growth and future of those professionals who hold the Bachelor of Science degree in Engineering Technology.

(Lecture-Discussion 1 hour) Credit/No Credit grading only.

202. Probability and Statistics for Technology (3)

Prerequisite: High school algebra. Corequisite: ET 202L.

Statistics and probability theory, sampling, correlation, regression as applied to Engineering Technology.

(Lecture-problems 3 hours) Letter grade only (A-F).

202L. Probability and Statistics for Technology Laboratory (1)

Prerequisites: 2 yrs high school algebra, geometry, and intermediate algebra (or MATH 010) or equivalent. Corequisite: ET 202.

Laboratory exercises in statistics and probability theory, sampling, correlation, regression as applied to Engineering Technology. Simulation using statistical packages.

(Laboratory 3 hours) Letter grade only (A-F).

204. Applied Mechanics-Statics (3)

Prerequisites: MATH 122, PHYS 100A all with a grade of "C" or better.

Force systems acting on structures, moments, equilibrium, centroids, trusses, beams, cables, frames, machines, friction, section properties, masses, both U.S. and S.I. units of measurements.

(Lecture 2 hrs, activity 2 hrs) Letter grade only (A-F).

205. Computer Systems and Programming (1)

Corequisite: ET 205L.

Overview of computer systems, hardware, and software development. Hardware topics include central processing unit and memory, input/output devices, storage mechanism, and communication. Software topics include programming languages, operating systems, and systems analysis and design.

(Lecture – discussion, exercise, 1 unit) Letter grade only (A-F).

205L. Computer Systems and Programming Lab (1)

Corequisite: ET 205.

Laboratory exercises in computer programming to solve problems in business, manufacturing, research and simulation. An object-oriented programming language will be used for these activities.

(Laboratory 3 hours) Letter grade only (A-F). Same as CEM 205L

244. Machine Tools (1)

Corequisite: ET 244L.

Operations and use of the conventional and non-conventional machine tools.

Not open for credit to students with previous machine tools credit. (Lecture-Discussion 1 hour) Letter grade only (A-F).

244L. Machine Tools Laboratory (1)

Corequisite: ET 244.

Laboratory exercises using conventional and non-conventional machine tools.

Not open for credit to students with previous machine tools experience. (Laboratory 3 hours) Letter grade only (A-F).

250. Circuit Analysis I (2)

Prerequisite: PHYS 100B with a grade of "C" or better.

Corequisite: ET 250L.

Fundamentals of DC theory, units of measurements, systems of units. Current, voltage, resistance, Ohm's law, power, energy. Series and parallel circuits. Methods of analysis and selected topics. Network theorems such as superposition, Thevenin's, Norton's and Millman's theorems.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

250L. Circuit Analysis I Laboratory (1)

Prerequisite: PHYS 100B with a grade of "C" or better.

Corequisite: ET 250.

Laboratory exercises will be conducted on AC and DC circuits using proto boards and power supplies, multi-meters, function generators, oscilloscopes and frequency counters.

(Laboratory 3 hours) Letter grade only (A-F).

252. Circuit Analysis II (2)

Prerequisites: MATH 122, ET 250, ET 250L; all with a grade of "C" or better.

Corequisite: ET 252L.

Study of circuit analysis techniques in AC, including network theorems, mesh and nodal analysis, transients, time domain and phasors, magnetic circuits, sinusoidal and non-sinusoidal wave forms, resonance circuits (series and parallel), filters (low-pass, high-pass, passband and bandstop).

(Lecture-Discussion 2 hours) Letter grade only (A-F).

252L. Circuit Analysis II Laboratory (1)

Prerequisites: MATH 122, ET 250, ET 250L; all with a grade of "C" or better.

Corequisite: ET 252.

Laboratory exercises will be conducted on AC circuits using proto boards and AC power supplies, function generators, oscilloscopes, and frequency counters.

(Laboratory 3 hours) Letter grade only (A-F).

255. Introduction To Digital Electronics (2)

Prerequisites: ET 250, ET 250L all with a grade of "C" or better.

Corequisite: ET 255L.

Combinational logic utilizing Boolean algebra and the binary numbering system. Includes Karnaugh maps, truth tables, coding, switching circuits, converters and logic circuit elements.

(Lecture-problems 2 hours) Letter grade only (A-F).

255L. Introduction to Digital Electronics Laboratory (1)

Prerequisites: ET 250, ET 250L all with a grade of "C" or better.

Corequisite: ET 255.

Laboratory exercises in basic logic circuits. Topics included are breadboarding, basic gates, and combinational circuits.

(Laboratory 3 hours) Letter grade only (A-F).

260. Solid-State Electronics I (2)

Prerequisites: ET 252, ET 252L all with a grade of "C" or better.

Corequisite: ET 260L.

Analysis and design of solid-state electronic circuits using diodes, bipolar, unijunction and field-effect devices.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

260L. Solid State Electronics I Laboratory (1)

Prerequisites: ET 252, ET 252L all with a grade of "C" or better.

Corequisite: ET 260.

Laboratory exercises in breadboarding and measurements of solid-state circuits utilizing all types of electronic measuring equipment.

(Laboratory 3 hours) Letter grade only (A-F).

264. Industrial Tooling (1)

Corequisite: ET 264L.

Design of tools for production. Typical tooling problems include working drawings and hardware.

(Lecture-Discussion 1 hour) Letter grade only (A-F).

264L. Industrial Tooling Laboratory (1)

Corequisite: ET 264.

Laboratory experiments in tool design in relation to mass part production.

(Laboratory 3 hours) Letter grade only (A-F).

286. Introduction to Object-Oriented Programming (2)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.

Corequisite: ET 286L.

Introduction to an object-oriented programming language (C++). Problem analysis and software development methodology. Emphasis on applications to technology.

(Lec-Discussion 2 hrs) Letter grade only (A-F).

286L. Introduction to Object-Oriented Programming Laboratory (1)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.

Corequisite: ET 286.

Introduction to an object-oriented programming language (C++). Problem analysis and software development methodology. Emphasis on applications to technology.

Letter grade only (A-F). (Laboratory 3 hours)

UPPER DIVISION

301. Engineering Materials (2)

Prerequisites: CHEM 111A with a grade of "C" or better.

Corequisite: ET 301L.

Study of physical and mechanical properties and applications of engineering materials.

Letter grade only (A-F). (Lecture-Discussion 2 hours)

301L. Engineering Materials Laboratory (1)

Prerequisites: CHEM 111A with a grade of "C" or better.

Corequisite: ET 301.

Laboratory investigation and experiments in the application of engineering materials. Field trips.

Letter grade only (A-F). (Lab 3 hrs)

304. Applied Mechanics Strength of Materials (2)

Prerequisite: ET 204 with a grade of "C" or better.

Analysis of strength and rigidity of structural members in resisting applied forces, stress, strain, shear, moment, deflections, combined stresses, connections, and moment distribution.

Letter grade only (A-F). (Lecture-Discussion 1 hour, Activity 2 hours)

307. Industrial Safety (2)

Prerequisite: Junior Standing.

Survey of industrial safety administration, engineering and management. Emphasis is placed on the role of the first line supervisor in establishing and maintaining a safe, healthful work environment for employees. Introduction to supporting computer resources used in the safety field.

Letter grade only (A-F). (Lecture-Discussion 2 hours)

309. Industrial Communications and Leadership (3)

Prerequisites: ET 101 with a grade of "C" or better.

English Composition. Principles, theories of industrial communications and management for engineering technology. Management functions of planning, organizing, motivating, leading, controlling and staffing in technical environment. Intro decision support models. Written/oral technical information; communication forms and procedures of industry, with computer applications.

(Lecture-Discussion, 3 hours) Letter grade only (A-F).

311. Quality Engineering Technology (3)

Prerequisites: ET 202, ET 202L all with a grade of "C" or better.

Junior standing. Quality engineering technology principles and practices in industry, including management concepts, inspection practices, costs of quality and testing.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

312. Statistical Quality Control (3)

Prerequisite: ET 311 all with a grade of "C" or better.

Statistical process control; including use of statistical methods for analysis and improvement of product quality, control charts, linear correlation; sampling procedures, stratification, cause and effect analysis, process capability and introduction to design of experiments.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

313. Quality Assurance, Inspection Measurement and Testing (2)

Prerequisite: ET 311 with a grade of "C" or better.

Corequisite: ET 313L.

Theory and application of inspection procedures, instrument calibration, precision measurements including theory and application of non-destructive testing of materials for quality control.

Letter grade only (A-F).

313L. Quality Assurance, Inspection Measurement and Testing Laboratory (1)

Prerequisite: ET 311 with a grade of "C" or better.
Corequisite: ET 313.

Laboratory experiments; instrument calibration including standards and precision measurements including the use of non destructive test equipment for quality control.

(Laboratory 3 hours) Letter grade only (A-F)

335. Engineering Materials and Processes I (3)

Corequisite: ET 335L.

Examination of engineering materials and manufacturing processes including the study of: Phase diagrams; heat treatment; metal casting processes; welding and soldering; corrosion, powder metallurgy, electronic fabrication; tribology, friction, wear, lubrication; surface treatment, coating and cleaning.

(Lecture - Discussion 3 hours) Letter grade only (A-F).

335L. Engineering Materials Processes I Laboratory (1)

Corequisite: ET 335.

Laboratory exercises in engineering materials and manufacturing processes including the study of: Phase diagram; heat treatment; casting; metallography and electronic manufacturing processes.

(Laboratory 3 hours) Letter grade only (A-F).

341. Solid State Electronics II (2)

Prerequisites: ENGR 203, ENGR 203L, ET 260, ET 260L all with a grade of "C" or better.

Corequisite: ET 341L.

Miller's Theorem, integrated circuits, feedback, operational amplifiers, Fourier series, distortion, modulation, phase-locked loops, linear and non-linear circuits, and breadboarding.

(Lec-Discussion 2 hrs) Letter grade only (A-F).

341L. Solid State Electronics II Laboratory (1)

Prerequisites: ENGR 203, ENGR 203L, ET 260, ET 260L all with a grade of "C" or better.

Corequisite: ET 341.

Laboratory exercises in design and measurement of various circuits using operational amplifiers, comparators, regulators, silicon controlled rectifiers, frequency mixers and phase-locked loops.

(Lab 3 hours) Letter grade only (A-F).

350. Motors and Generators (2)

Prerequisites: ET 252, ET 252L all with a grade of "C" or better.

Corequisite: ET 350L.

Study of electric rotating machinery, its theories, principles, design and applications in automation industries.

(Lecture-Problems 1 hour) Letter grade only (A-F).

350L. Motors and Generators Laboratory (1)

Prerequisite: ET 252, ET 252L all with a grade of "C" or better.

Corequisite: ET 350.

Laboratory exercises in applications and design of rotating machines. Topics covered are DC machines, synchronous machines, servomotor, step motor, and control circuits.

(Laboratory 3 hours) Letter grade only (A-F).

360. Control Instrumentation (2)

Prerequisites: ET 260, ET 260L all with a grade of "C" or better.

Corequisite: ET 360L.

Application and basic design of analog and digital control instrumentation for industrial processes. Physical and electrical properties of thermal, mechanical and optical transducers with associated signal conditioning.

(Lecture-Problems 2 hours) Letter grade only (A-F).

360L. Control Instrumentation Laboratory (1)

Prerequisites: ET 260, ET 260L all with a grade of "C" or better.

Corequisite: ET 360.

Laboratory exercises in developing and measuring various control systems utilizing operational amplifiers, transducers, thermocouples, bridges, and various pressure devices.

(Laboratory 3 hours) Letter grade only (A-F).

363. Kinematics of Mechanisms (3)

Prerequisites: ET 204 with a grade of "C" or better.

Mathematical and graphical approaches to analyze the motion of mechanisms, for further machine development, through studies of displacement, velocity and acceleration of mechanical elements.

(Lecture-Discussion 2 hours, Activity 2 hours) Letter grade only (A-F).

365. Fluid Power and Control (2)

Prerequisite: ET 204 with a grade of "C" or better.

Corequisite: ET 365L.

Fundamentals and application of hydraulic, pneumatic and vacuum power as used in current manufacturing plants.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

365L. Fluid Power and Control Laboratory (1)

Prerequisite: ET 204 with a grade of "C" or better.

Corequisite: ET 365.

Demonstration and operation of fluid power systems. Design and selection of components for specific applications. Computer data acquisition and analysis.

(Laboratory 3 hours) Letter grade only (A-F).

386. Introduction to Microprocessors (2)

Prerequisite: ET 286, ET 286L all with a grade of "C" or better.

Corequisite: ET 386L.

Theory and concepts of programming, hardware configuration, and functional capabilities of microcomputer systems including peripheral devices.

(Lecture-Problems 2 hours) Letter grade only (A-F).

386L. Introduction to Microprocessors Laboratory (1)

Prerequisites: ET 286, ET 286L all with a grade of "C" or better.

Corequisite: ET 386.

Laboratory exercises in programming microcomputers. Topics included are number systems, microcomputer structure, mnemonic, binary code, peripheral devices operations, stand alone operations, and system operations.

(Laboratory 3 hours) Letter grade only (A-F).

387. Robot Programming and Mechatronics (2)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.

Corequisite: ET 387L.

Basic concepts of robot manipulators, robot kinematics, robot programming languages. Applications of industrial robots, machine vision systems. Basic concepts of mechatronic systems: combine hardware, software, interface, and system integration to make an intelligent system. Sensors and actuators for robotics and mechatronic systems.

(Lecture-Problems 2 hours) Letter grade only (A-F).

387L. Robot Programming and Mechatronics Laboratory (1)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 387.

Laboratory exercises in industrial and educational robot operation and applications. Laboratory exercises on mechatronic systems. Robot systems and their computer language instructions will be used. The experiments include teach pendant programming, high level language programming, workcell applications, continuous path programming.

Letter grade only (A-F).

388. Technical Applications Using Programming Languages (2)

Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388L.

Techniques for design and development of industrial programs that includes composite program design, module coupling/strength, program testing, top-down structured programming concepts and tools, object oriented programming, and memory management. Concepts are investigated and examined for use in solving complex problems.

(Lecture-problems 2 hours)

388L. Technical Applications Using Programming Languages Laboratory (1)

Prerequisites: ET 286, ET 286L all with a grade of "C" or better.
Corequisite: ET 388.

Techniques for design and development of industrial programs that includes composite program design, module coupling/strength, program testing, top-down structured programming concepts and tools, object oriented programming, and memory management. Concepts are investigated and examined for use in solving complex problems.

(Lab 3 hours)

390. Applied Computer-Aided Design and Manufacturing (2)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 390L.

Roll of the computers in the manufacturing process, application of CAD/CAM systems, hardware and software components for automation, part programming for manufacturing, computer controlled manufacturing equipment, simulation, programming the factory.

(Lecture - Discussion 2 hours) Letter grade only (A-F).

390L. Applied Computer-Aided Design and Manufacturing Laboratory (1)

Prerequisites: ET 205, ET 205L all with a grade of "C" or better.
Corequisite: ET 390.

Use of microcomputer based hardware and software to solve 2D and 3D modeling problems. Computer automation software packages. Also includes part programming and CAD/CAM data exchange exercises.

(Laboratory 3 hours) Letter grade only (A-F).

409. Selected Topics in Engineering Technology (1-3)

Prerequisites: Senior standing in ET, consent of instructor.

Advanced work of a technical nature within an area of specialization on an experimental or research basis.

Letter grade only (A-F). Topics announced in the *Schedule of Classes*.

- B. Electronics Technology
- C. Manufacturing Technology
- D. Quality Assurance
- E. Computer Technology
- F. Environmental Technology

410. Cost Engineering and Analysis (3)

Prerequisites: Economics course, Junior standing.

Introduction to the concepts of capital and operations budgets,

capital acquisitions, economic evaluations of capital alternatives and factors of the time-value of money in industrial operations and construction industries.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

418. Production Methods and Process Improvement (3)

Prerequisite: ET 410 with a grade of "C" or better.

Simplification and improvement of manufacturing operations through the use of production analysis tools for optimum production economy. Also included is the investigation of production automation applications for improving manufacturing process, quality and productivity.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

419. Design of Experiments (3)

Prerequisite: ET 312 with a grade of "C" or better.

Advanced statistical analysis applied to quality functions. Comparative and single factor experiments. Factorial designs and multiple regression.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

435. Engineering Materials and Processes II (3)

Prerequisites: ET 335, ET 335L all with a grade of "C" or better.
Corequisite: ET 435L.

Application of engineering materials and manufacturing processes including: rolling; forging; extrusion and drawing; sheet-metal forming; manufacturing of plastics and composites; material removal processes and rapid prototyping.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

435L. Engineering Materials and Processes II Laboratory (1)

Prerequisites: ET 335, ET 335L all with a grade of "C" or better.
Corequisite: ET 435.

Continuation of ET 335L. Laboratory exercises in: welding processes; machining processes; metal forming; manufacturing of composite materials.

(Laboratory 3 hours) Letter grade only (A-F).

441. Theory of Electronic Control (3)

Prerequisites: ET 360, ET 360L all with a grade of "C" or better.

Procedures for the design, preparation, and evaluation of electronic systems that control manufacturing and production processes, simulation analysis for sensing, programming, and actuating operations.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

442. Computer Circuits (2)

Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442L.

Introduction to digital hardware design. Combinational/sequential logic circuits and systems and application of integrated circuits to logic controls. Programmable logic devices, Field-programmable gate array, Circuit synthesis, and analysis.

(Lecture-Problems 2 hours) Letter grade only (A-F).

442L. Computer Circuits Laboratory (1)

Prerequisites: ET 255, ET 255L all with a grade of "C" or better.
Corequisite ET 442.

Laboratory study of digital computer circuits design and implementation. Standard designing and trouble-shooting procedures will be discussed. Topics covered are multivibrator, register, counter, decoder, arithmetic circuits, and memory.

(Laboratory 3 hours) Letter grade only (A-F).

444. Telecommunications (3)

Prerequisites: ET 360, ET 360L all with a grade of "C" or better.

National Communication Network, decibels, transmission units, transmission lines, characteristic impedance, loading systems, lattice networks, PCM, Nyquist Criterion, Bessel functions, coaxial cable, fiber optics, microwave, impedance matching, and Smith chart.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

445. Microelectronics (2)

Prerequisites: ET 350, ET 350L all with a grade of "C" or better.
Corequisite: ET 445L.

Design, processing and applications of monolithic and hybrid microcircuits for analog and digital systems.

(Lecture 2 hours) Letter grade only (A-F).

445L. Microelectronics Laboratory (1)

Prerequisites: ET 350, ET 350L all with a grade of "C" or better.
Corequisite: ET 445.

Laboratory exercises in the processing of thick-film and thin-film materials, ultrasonic and thermocompression wire bonding and laser resistive trimming. Practical application and equipment utilization is emphasized.

(Laboratory 3 hours) Letter grade only (A-F).

447. Industrial Applications of Electronic Circuits (2)

Prerequisites: ET 341, ET 341L all with a grade of "C" or better.
Corequisite: ET 447L.

An in-depth study of the applications of important electronic circuit concepts in industry. Analysis of circuits and how they work in industrial applications. Techniques for troubleshooting of design circuits. Biomedical electronic circuits which have industrial applications are emphasized.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

447L. Industrial Applications of Electronic Circuits Laboratory (1)

Prerequisites: ET 341, ET 341L all with a grade of "C" or better.
Corequisite: ET 447.

Laboratory exercises include constructing circuits which have important applications in industry. Troubleshooting methodology emphasized throughout. Assignments focus on biomedical electronic circuits which have industrial applications.

(Laboratory 3 hours) Letter grade only (A-F).

460. Electronics Project Design and Development (2)

Prerequisites: ET 341, ET 341L all with a grade of "C" or better and senior standing.
Corequisite: ET 460L.

Integrative learning capstone course, focusing on electronics project design and development. Product planning, implementation planning, proposal and approvals, implementation, system integration, packaging and testing. Written communication, teamwork, demonstration, and oral presentation on finished product.

This capstone course is open to Electronics Technology majors only. Letter grade only (A-F). (Lecture-Discussion 2 hours)

460L. Electronics Project Design and Development Laboratory (1)

Prerequisites: ET 341, ET 341L all with a grade of "C" or better and senior standing.
Corequisite: ET 460.

Laboratory on Electronics Project Design and Development. Product planning, implementation planning, proposal and approvals, implementation, system integration, packaging and testing. Written communication, teamwork, demonstration, and oral presentation on finished product.

Letter grade only (A-F). (Laboratory 3 hours)

461. Management of Manufacturing Operations (3)

Prerequisite: ET 410 with a grade of "C" or better.

Application of analytical planning and control techniques to the resources of industry including the physical plant, equipment, personnel, inventories and supplies use in the production of products and services.

(Lecture-Discussion 3 hrs) Letter grade only (A-F).

486. Data Structures (2)

Prerequisites: ET 388, ET 388L all with a grade of "C" or better.
Corequisite: ET 486L.

Data structures and applications. Choice and implementation of appropriate data structures for applications. Treatment of arrays, lists, stacks, queues, lined lists, trees, and assorted algorithms. Introduction to search and sorting. File organization techniques.

(Lecture-Problems 2 hours) Letter grade only (A-F).

486L. Data Structures Laboratory (1)

Prerequisites: ET 388, ET 388L all with a grade of "C" or better.
Corequisite: ET 486.

Laboratory exercises in data structures and applications. A recursive programming language will be used.

(Laboratory 3 hours) Letter grade only (A-F).

487. Introduction to Data Communications and Networking (2)

Prerequisites: ET 286, ET 286L, ET 386, ET 386L or equivalents all with a grade of "C" or better.
Corequisite: ET 487L.

Introduction to data communications fundamentals, peer-to-peer and client/server network models. Hardware and software technology, Protocols, networks, relational database technology, and security. Example applications, tools and development environments, Groupware, middleware. A design project and class presentation is required.

(Lecture-discussion 2 hours) Letter grade only (A-F).

487L. Introduction to Data Communications and Networking Laboratory (1)

Prerequisites: ET 286, ET 286L, ET 386, ET 386L or equivalents all with a grade of "C" or better.
Corequisite: ET 487.

Laboratory and programming exercises introducing the students to data communications and Networking technology. Protocols, networks, relational database technology, and security. Applications using software/hardware tools and development environments.

(Laboratory 3 hours) Letter grade only (A-F).

488. Microcomputer Systems (2)

Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488L.

Study of available microprocessors and microcomputer systems. Topics cover microcomputer architecture, software structure, assembly language, central processing unit, input/output, memory manipulation, and interfacing applications in Engineering Technology.

(Lecture-problems 2 hours) Letter grade only (A-F).

488L. Microcomputer Systems Laboratory (1)

Prerequisites: ET 386, ET 386L all with a grade of "C" or better.
Corequisite: ET 488.

Laboratory experience in microcomputer architecture, assembly language programming, and interfacing applications in Engineering Technology. Topics covered are central processing unit function, memory organization, and input/output operation. Available microcomputer systems will be used. Applications in Engineering Technology.

(Laboratory 3 hours) Letter grade only (A-F).

489. Computer Interfacing (2)

Prerequisites: ET 442, ET 442L, ET 488, ET 488L all with a grade of "C" or better.

Corequisite: ET 489L.

Study of theories and techniques that are used in peripheral control and interfacing. Topics covered are serial interfacing, Parallel interfacing, timing, handshaking, A/D converters, buffering, and UARTs.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

489L. Computer Interfacing Laboratory (1)

Prerequisites: ET 442, ET 442L, ET 488, ET 488L all with a grade of "C" or better.

Corequisite: ET 489.

Laboratory exercises in computer interfacing applications and design. Available computer system and its assembly language instructions will be used.

(Laboratory 3 hours) Letter grade only (A-F).

491. Embedded Processors and Systems (2)

Prerequisites: ET 489, ET 489L all with a grade of "C" or better.

Corequisite: ET 491L.

Embedded microprocessors, embedded systems, development concepts, principles, and applications. Hardware/software tradeoffs, interfacing issues, memory sizing, timing, code and power optimization issues. Application requirements, platform selection, RISC vs. CISC issues, co-processors vs. ASIC's.

(Lecture-discussion 2 hours) Letter grade only (A-F).

491L. Embedded Processors and Systems Laboratory (1)

Prerequisites: ET 489, ET 489L all with a grade of "C" or better.

Corequisite: ET 491.

Laboratory exercises on embedded system development. Emphasis will be on application requirements, platform selection, interfacing, memory sizing, timing, code and power optimization. Use of development environments and evaluation boards.

(Laboratory 3 hours) Letter grade only (A-F).

492. Computer Controlled Industrial Systems (2)

Prerequisites: ET 286, ET 286L all with a grade of "C" or better.

Corequisite: ET 492L.

Concepts of computer-based control of industrial systems and data acquisition. Signals and measurements, noise, resolution, signal conditioning. Software and hardware for data acquisition and control.

(Lecture-discussion, 2 hours) Letter grade only (A-F).

492L. Computer Controlled Industrial Systems Laboratory (1)

Prerequisites: ET 286, ET 286L all with a grade of "C" or better.

Corequisite: ET 492.

Laboratory exercises on computer-based control of industrial systems and data acquisition. Software and hardware for data acquisition and control. Emphasis placed on object-oriented languages and creation of graphical user interfaces for data acquisition, display and control.

(Laboratory, 1 hour) Letter grade only (A-F).

494. Applied Systems Development Project (2)

Prerequisites: ET 386, ET 386L, ET 487, ET 487L all with a grade of "C" or better.

Corequisite: ET 494L.

Integrative learning capstone course, focusing on computer technology project design and development. Systems development concepts, principles, and practices. Project management techniques, interviewing, forms analysis, structured methods. Written communication, teamwork, demonstration, and oral presentation on finished product.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

494L. Applied Systems Development Project Laboratory (1)

Prerequisites: ET 386, ET 386L, ET 487, ET 487L all with a grade of "C" or better.

Corequisite: ET 494.

Laboratory on Applied Systems Development Project. Systems development concepts, principles, and practices. Project management techniques, interviewing, forms analysis, structured methods. Written communication, teamwork, demonstration, and oral presentation on finished product.

(Laboratory 3 hours) Letter grade only (A-F).

497. Computer Network Technology (2)

Prerequisites: ET 487, ET 487L all with a grade of "C" or better.

Corequisite: ET 497L.

Hardware and software technology as it relates to computer networking. LAN, WAN environments and access methods, Ethernet, ATM, Bridges, routers, gateways and intelligent hubs. Networking protocols. Security, Load balancing, and the use of simulation tools in designing networks.

(Lecture-discussion 2 hours) Letter grade only (A-F).

497L. Computer Network Technology Laboratory (1)

Prerequisites: ET 487, ET 487L all with a grade of "C" or better.

Corequisite: ET 497.

Laboratory exercises using hardware and software technology related to computer networking. Internetworking laboratory, Ethernet, ATM, Bridges, routers, gateways, and intelligent hubs. Security, Load balancing, and the use of simulation tools.

(Laboratory 3 hours) Letter grade only (A-F).

498. Manufacturing Engineering Technology Capstone Project (3)

Prerequisite: Senior standing.

Group project involving analysis, design, tooling and production processes for product manufacture. Economic, market and capital requirements, manpower analysis. Written reports and oral presentations required.

(Lecture 2 hours, Activity 2 hours) Letter grade only (A-F).

ENGLISH

College of Liberal Arts

Department Chair: Eileen S. Klink

Department Office: McIntosh Humanities Bldg. (MHB), Rm. 419
Telephone: (562) 985-4223
FAX: (562) 985-2369

Faculty: Sarah J. Arroyo, Elyse M. Blankley, Susan Carlile, Timothy Caron, Stephen Cooper, Gene L. Dinielli, Araceli Esparza, Brian H. Finney, Paul Gilmore, Lisa Glatt, Suzanne A. Greenberg, W. Gary Griswold, George Hart, Robert M. Hertz, Wilhelmina Hotchkiss, Helen C. Hu, Neil Hultgren, Lloyd E. Kermode, Eileen S. Klink, Beth Lau (Emerita), Gerald I. Locklin (Emeritus), Dennis López, Ilan Mitchell-Smith, William Mohr, Alosi Moloi (Emeritus), Norbert Schürer, Patricia Seyburn, Nancy S. Sheley, Ronald J. Strahl, Martine van Elk, Dianne L. Vipond, Charles H. Webb, Frederick Wegener, Mark L. Wiley, Mark Williams, Rafael J. Zepeda, Carol Zitzer-Comfort

Office Manager: Lisa Behrendt

Career Possibilities

Advertising • Entertainment • Journalism • Management • Law • Marketing • Mass Media (film, radio, television) • Politics • Professional Writing and Editing (creative or technical) • Public Relations • Teaching • Publishing (Some of these require additional education or experience. For more information, see www.careers.csulb.edu.)

Scholarships

The Department of English annually gives many scholarships and awards to outstanding undergraduate and graduate students. Information about these scholarships and awards is available from the Department office at the beginning of the spring semester.

Undergraduate Programs

Bachelor of Arts in English

Program planners for each option are available on the Department website or in the Department office. Students should consult with Department faculty advisors when choosing a program in English and regularly as they progress towards their degrees.

The Department of English can refer students to one of the coordinating faculty advisors. Regular office hours for all English faculty are posted near the Department office, and information sheets are available detailing which faculty members regularly advise for specific options.

ENGL 100, a general education foundation course, is not part of any English option. Some options permit or require courses from other departments; if approved by a faculty advisor, options may also include other courses outside English. Because some courses meet requirements in several options, students can often change options with no significant loss of credit towards the required total; students also regularly double major in two options in English.

In addition to the degree requirements for the Bachelor of Arts in English, English majors must meet the following requirements for University graduation:

1. Each lower division course counted towards the English major must be completed with a grade of "C" or better. A course in which a grade lower than a "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite.
2. ENGL 380, required of all English majors, must be completed with a grade of "C" or better. If a grade lower than a "C" is received, ENGL 380 must be retaken and successfully completed with a grade of "C" or better prior to enrolling in any course for which it is a prerequisite.

Option in Creative Writing (120 units)

The Creative Writing option is designed for students who wish to write as well as study fiction, poetry, or creative non-fiction. Exposure to traditional and recent literature is essential for anyone seeking to master the forms and conventions of writing creatively for the literary marketplace.

This option consists of 45 units, 31 of which must be taken in the upper division, including the following:

Lower Division:

Take all of the following:

ENGL 180 Appreciation of Literature (3)

Prerequisite/Corequisite: One GE Foundation course.

ENGL 250A Survey of English Literature (4)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 250B Survey of English Literature (4)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Take one of the following:

ENGL 204 Introduction to Creative Writing: Creative Nonfiction (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 205 Introduction to Creative Writing: Fiction (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 206 Introduction to Creative Writing: Poetry (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Upper Division:

Take the following:

ENGL 380 Approaches to English Studies (4)

Prerequisite: ENGL 180 or equivalent.

Take nine units from the following:

ENGL 404, ENGL 405, ENGL 406, ENGL 407, ENGL 499

Take three of the following classes in recent literature, literary genres, and literary criticism:

ENGL 385, ENGL 386, ENGL 459, ENGL 466, ENGL 467A/B, ENGL 469, ENGL 474, ENGL 475, ENGL 476A/B, ENGL 477A/B, ENGL 478, ENGL 479

Take electives to make up a total of 45 units chosen from the classes listed above and/or any upper-division English courses.

Option in English Education (120 units)

The Option in English Education is designed for prospective secondary English teachers and satisfies the state-mandated requirement in subject matter competence for the Single Subject Teaching Credential. This 55-unit option combines a 43-unit core with a specified emphasis in one of nine areas. All nine areas of emphasis require that students complete the 43-unit core requirements specified here and take the additional 12 units of breadth and perspective as indicated below. In order to achieve subject matter competency, English Education majors must earn grades of 'C' or better in all of their content area coursework. English Education emphases should not be confused with BA options or majors in English or other departments, which have significantly different requirements.

Core Requirements

Take all of the following:

ENGL 180 Appreciation of Literature (3)
Prerequisite/Corequisite: One GE Foundation course.

ENGL 310 Applied Composition (4)
Prerequisite: ENGL 100 or GE Composition (Area A1).

ENGL 320 English Grammar (4)
Prerequisite: None

ENGL 363 Shakespeare I (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 375 U.S. Ethnic Writers (3)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 380 Approaches to English Studies (4)
Prerequisite: ENGL 180 or equivalent.

ENGL 410 Theories of Writing and Literacy (3)
Prerequisite: ENGL 309 or ENGL 310 or consent of instructor.

ENGL 482 Literature for Adolescents (4)
Prerequisite: One college course in literature.

LING 339 Linguistics for Crosscultural Academic Development in Secondary School Settings (3)
Prerequisites: None

Take one of the following:

ENGL 250A Survey of English Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 250B Survey of English Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Take one of the following:

ENGL 270A Survey of American Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 270B Survey of American Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Take one of the following:

CWL 100, CWL 124, CWL 132, CWL 320, CWL 346, CWL 404, CWL 452/552, CLSC 101

General Education courses that meet California Commission for Teacher Credentialing Recommendations are:

Take three units from the following:
THEA 113, THEA 122, THEA 324

Take three units from the following:
COMM 130, COMM 335

Breadth and Perspective

Africana Studies Emphasis

Take all of the following:

AFRS 140 Introduction to African-American Literature (3)
Prerequisite/Corequisite: One GE Foundation course.

AFRS 415 International Black Children's Literature (3)
Prerequisites: None

Take three units from the following:

AFRS 343A, AFRS 343B

Take three units from the following:

AFRS 240, AFRS 346

Communication Studies Emphasis

Take the following:

COMM 355 Communication in the Classroom (3)
Prerequisites: None.

Take nine units from the following:

COMM 309, COMM 331, COMM 335, COMM 352, COMM 358, COMM 411

Creative Writing Emphasis

Take six units from the following:

ENGL 404, ENGL 405, ENGL 406, ENGL 407

Take six units from the following:

ENGL 385, ENGL 386, ENGL 459, ENGL 463, ENGL 467A/B, ENGL 474, ENGL 475, ENGL 476A/B, ENGL 477A/B, ENGL 478

Journalism Emphasis

Take all of the following:

JOUR 120 Writing Across the Media (3)
Prerequisite: None

JOUR 305 Media Design (3)
Prerequisite: JOUR 120 with a grade of "C" or better.

JOUR 311 Reporting and Information Gathering (3)
Prerequisite: JOUR 120 with a grade of "C" or better.

Take three units from the following:

JOUR 430, JOUR 431

Language and Linguistics Emphasis

Take three units from the following:

LING 420, LING 421, LING 433

Take three units from the following:

LING 486; EDP 485

Take three units from the following:

LING 425, LING 472; ANTH 421

Take three units from the following:

ENGL 435; LING 460

Literature Emphasis

Take three units from the ENGL 450 series

Take three units from the ENGL 470 series

Take three units from the following:

ENGL 318, ENGL 385, ENGL 386, ENGL 398

Take three units from the following:

1. Any course in ENGL 440 series;

2. Any course in ENGL 450 series different from above;
3. Any course in ENGL 460 series;
4. Any course in ENGL 470 series different from above;
5. Any course in ENGL 480 series except ENGL 482 or 498.

Rhetoric and Composition Emphasis

Take all of the following:

ENGL 435 Teaching Composition (3)
Prerequisite: Consent of instructor.

ENGL 436 Theories and Practices of Reading (3)
Prerequisites: None

Take two of the following:

ENGL 300, ENGL 309, ENGL 317, ENGL 404, ENGL 405, ENGL 406, ENGL 407, ENGL 417, ENGL 418, ENGL 497; LING 460

Theatre Arts Emphasis

Take all of the following:

THEA 101 Fundamentals of Script Analysis (3)
Prerequisites: None

THEA 114A Fundamentals of Acting (3)
Prerequisites: None

THEA 221 History of Theatre and Drama to 1660 (3)
Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.

THEA 374 Fundamentals of Directing (3)
Prerequisites: THEA 101 and THEA 114A or consent of instructor.

World Literature Emphasis

Take three units from the following:

CWL 101, CWL 132, CWL 452; CLSC 101

Take three units from the following:

CWL 330A, CWL 330B

Take three units from the following:

CWL 103, CWL 104, CWL 334, CWL 402, CWL 403, CWL 406, CWL 440

Take three units from the following:

CWL 414, CWL 422, CWL 431, CWL 432, CWL 437, CWL 438; CLSC 311, CLSC 312, CLSC 420

Single Subject Teaching Credential in English

In addition to meeting the subject matter competence requirement for the Single Subject Teaching Credential in English, prospective English teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of professional preparation requirements, courses, and application procedures. Prospective students should consult the department's English Education Advisor early to plan their program.

Option in Literature (120 units)

The Literature option is designed for students who desire a thorough grounding in English and American literature and is particularly recommended for those planning on graduate study in English.

This option consists of 46 units, 27 of which must be taken in the upper division, including the following:

Lower Division:

Take all of the following:

ENGL 180 Appreciation of Literature (3)
Prerequisite/Corequisite: One GE Foundation course.

ENGL 250A Survey of English Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 250B Survey of English Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 270A Survey of American Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 270B Survey of American Literature (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Upper Division:

Take all of the following:

ENGL 363 Shakespeare I (4)
Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

ENGL 380 Approaches to English Studies (4)
Prerequisite: ENGL 180 or equivalent.

Take either two from the ENGL 450 series or one from the ENGL 450 series and one from the ENGL 460 series (excluding ENGL 469); one of these two courses must be in English literature before 1900

Take one course from 470 series (excluding ENGL 479)

Take one senior seminar (ENGL 469, ENGL 479, ENGL 489)

Take electives to make up a total of 46 units

Option in Rhetoric and Composition (120 units)

The Rhetoric and Composition option is designed for students who desire to write for multiple readers and to analyze and interpret texts. This option prepares students for teaching on virtually all levels, for graduate study in English, and for professions that require intensive writing and communication skills.

This option consists of 45 units, 32 of which must be upper division, including the following:

Lower Division:

Take the following:

ENGL 180 Appreciation of Literature (or equivalent) (3)
Prerequisite/Corequisite: One GE Foundation course.

Take two of the following:

ENGL 250A, ENGL 250B, ENGL 270A, ENGL 270B

Upper Division:

Take the following:

ENGL 380 Approaches to English Studies (4)
Prerequisite: ENGL 180 or equivalent.

Take two of the following:

ENGL 300, ENGL 317, ENGL 410, ENGL 435

Take seven of the following:

ENGL 310, ENGL 320, ENGL 337, ENGL 363, ENGL 404, ENGL 411, ENGL 416, ENGL 417, ENGL 418, ENGL 419, ENGL 423, ENGL 426, ENGL 436, ENGL 488, ENGL 497

Take upper-division English course electives to reach a total of 45 units.

Note: Students are strongly encouraged to take ENGL 102 or an English-department equivalent at a transfer school for this option.

Option with Special Emphasis (120 units)

Some students wishing to major in English have special interests or career objectives so different from those for which the other options are designed that another pattern of courses would better serve their personal educational needs. For those students, the Special Emphasis option offers an opportunity to pursue individually designed 41-unit programs of study. Student programs may center on technical writing, for example, or other writing goals; they may focus on American or English literature or literature in a particular genre, a particular historical period, or a particular theme.

A Special Emphasis program may include courses outside the Department of English closely related to a student's focus in English studies. At least 21 units must be earned in the Department of English at CSULB and at least 21 units of the program must be upper division.

Students wishing to take the Special Emphasis option must meet with the Department chair. Students must complete at least 15 upper-division units applicable to their Special Emphasis program after it has been officially approved.

Specific course requirements and limitations follow:

Take all of the following:

ENGL 180 Appreciation of Literature (3)
Prerequisite/Corequisite: One GE Foundation course.

ENGL 380 Approaches to English Studies (4)
Prerequisite: ENGL 180 or equivalent.

Electives in English and related fields are needed to make up a total of 41 units. These electives may not include ENGL 100 or ENGL 101.

Minor in English

Creative Writing

Requires a minimum of 20 units including the following:

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)
Prerequisite/Corequisite: One GE Foundation course.

Take three units from the following:

ENGL 204, ENGL 205, ENGL 206

Take three units from the following:

ENGL 404, ENGL 405, ENGL 406

Take three units from the following:

ENGL 385, ENGL 386

Take eight units from the following:

ENGL 359, ENGL 404, ENGL 405, ENGL 406, ENGL 407, ENGL 459, ENGL 466, ENGL 467A/B, ENGL 474,

ENGL 475, ENGL 476, ENGL 477A/B, ENGL 499
(Note: ENGL 404, ENGL 405, ENGL 406 and ENGL 407 may be repeated for credit to a maximum of six units by consent of instructor).

Literature

Requires a minimum of 20 units including the following:

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)

Prerequisite/Corequisite: One GE Foundation course.

Take eight units from the following:

ENGL 250A, ENGL 250B, ENGL 270A, ENGL 270B

Take nine units from upper-division literature classes in the English department (including at least one class at the 400 level).

Rhetoric and Composition

Requires a minimum of 19-20 units including the following:

Take all of the following:

ENGL 300 Advanced Composition (3)
Prerequisite: GE Foundation requirements and upper-division standing. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

ENGL 410 Theories of Writing and Literacy
Prerequisite: ENGL 309 OR ENGL 310 or consent of instructor.

ENGL 411 Research Methods in Rhetoric and Composition (4)

ENGL 488 Selected Topics in Rhetoric and Writing Studies (3)

Prerequisite: ENGL 100 or GE Composition (Area A1)

Recommended, choose two of the following:
ENGL 310, ENGL 317, ENGL 380, ENGL 435, ENGL 436, ENGL 497

Special Emphasis

Requires a minimum of 21 units in a program developed, approved, and supervised in the same manner as the Special Emphasis Option.

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)
Prerequisite/Corequisite: One GE Foundation course.

The rest of the program constructed in consultation with a faculty advisor.

At least nine upper-division units must be taken after program approval, and at least 11 units must be earned in the Department of English at CSULB.

Graduate Certificate in Teaching English to Speakers of Other Languages

This certificate is conducted by the Linguistics Department faculty. For requirements, please refer to the Linguistics section of this catalog.

Certificate in Technical and Professional Communication

The Department of English offers a Certificate in Technical and Professional Communication to students interested in careers in writing and editing. Application forms and advising materials may be obtained from the department office.

This certificate program is eligible for Financial Aid. Please see the department web site for required Federal disclosure information.

Prerequisites

1. Formal consultation with a faculty advisor in the Technical and Professional Communication (TPC) Certificate program;
2. Submission of an application to enter the program, supported by transcripts;
3. Upper division or post-baccalaureate standing at CSULB with a grade point average of at least 2.75 overall;
4. Admission to a degree program in this university or possession of a degree from an accredited university;
5. Successful completion of ENGL 317, Technical Communication, with a letter grade of "C" or higher.

General Requirements

1. A baccalaureate degree, which may be taken concurrently with the Certificate in Technical and Professional Communication;
2. A minimum of 24 units in courses approved for the Certificate Program at this University, preferably completed within 10 years of the first credit granted toward the Certificate (consult an advisor concerning any transfer or extension credit that may be allowable);
3. A letter grade of "C" or higher in every course in the Certificate program (a grade of "CR" is acceptable in no more than one course);
4. Completion of a program of courses in Areas I through IV, developed in consultation with an advisor in the Technical and Professional Communication Certificate program, and approved by the Program Director and the Dean of the College of Liberal Arts (or the Dean's designee);
5. Demonstrations (in or outside the program of courses) of competence in the use of computers and graphic media;
6. Development of a portfolio of reports, written and edited by the student during enrollment in the Certificate program, for review and approval by faculty in the Technical and Professional Communication Certificate program (required for a grade in ENGL 492A/B, Area IV).

Course Requirements

For each of the following courses, TPC Certificate students have been granted enrollment rights equal to those of students majoring in the Department offering the course. Substitutions are possible, especially in more advanced courses, with approval by the Program Director.

Area I: Technical and Professional Writing (9 units):

Take all of the following:

ENGL 417 Proposal Writing (3)

Prerequisite: GE Foundation requirements.

ENGL 418 Manual Writing (3)

Prerequisite: GE Foundation requirements.

Take one of the following:

AH 447; ENGL 419; GEOL 420; IS 301; JOUR 316.

Area II: Language Studies (4 units):

Take one of the following:

ENGL 320 English Grammar (4)

Prerequisite: None

ENGL 416 Technical Editing (4)

Prerequisite: GE Foundation requirements.

Area III: Electives from the following (minimum 8 units):

Analytical Reading:

COMM 301; ENGL 380, ENGL 423, ENGL 488; GEOG 380; HIST 400; NSCI 375; PHIL 381

Business/Professional Skills:

ACCT 201; BLAW 220; COMM 334, COMM 335, COMM 344; JOUR 370; MKTG 300, MKTG 330

Computer Applications:

CECS 174; JOUR 331; NSCI 200; IS 300

Creative Writing:

ENGL 404, ENGL 405, ENGL 406, ENGL 407; FEA 304, 404; THEA 380

Intercultural Communication:

ANTH 412, ANTH 413; COMM 330; MKTG 480

Visual Communication:

ET 170; GEOG 200; JOUR 305; MAE 172

Area IV: Practical Writing (3 units):

ENGL 491 (1 or more units), ENGL 492A or ENGL 492B (2 or more units). No grade in ENGL 492 will be assigned without an approved portfolio, as indicated in Paragraph 6, General Requirements.

Graduate Programs

The Department of English offers two graduate degrees, an MA in English and an MFA in Creative Writing. Teaching assistantships are available in both. In addition, the Department's tutoring program, the Writer's Resource Lab, employs a number of graduate and undergraduate students each semester. Application information may be obtained from the Department office, (562) 985-4223.

Master of Arts in English

The Department of English offers graduate study leading to the Master of Arts degree. The candidate must satisfy the general requirements stated in this catalog as well as the specific departmental requirements stated here and, more fully, in the Master of Arts brochure issued by the department (copies of which are available upon request). Applicants must submit to the University's Office of Admissions and Records a graduate application (available at that office or on-line). Applicants must also submit a set of transcripts from all colleges and universities attended to the Office of Enrollment Services. The deadline for submitting an application for Fall semester is May 1; the deadline to apply for Spring is October 15.

Prerequisites

An applicant may be admitted to the MA program in English only after satisfying University requirements for admission and the following prerequisites to this degree:

1. A Bachelor of Arts degree in English from an accredited institution or a bachelor's degree from an accredited institution with at least 21 units of upper-division English courses that offer a broad coverage of English and American

literature.

Any deficiencies will be determined by the Department Graduate Advisor in consultation with the Graduate Studies Committee. Courses used to remove course or unit deficiencies may not be included in the MA program.

2. A 3.3 GPA in upper-division English courses.
3. Applicants who do not have the required minimum GPA may take additional coursework to raise their GPA to the minimum. Applicants whose upper-division English GPA is at least 3.0 may be admitted to the MA program if they take the GRE General Test and achieve a minimum score of 580 in Verbal Reasoning and 5.0 in Analytical Writing. On August 1, 2011, the GRE revised the test and scoring system. For tests taken after this date, these applicants will need a minimum score of 158 in Verbal Reasoning and 5.0 in Analytical Writing.
4. All applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must receive a minimum score of 600 on the Test of English as a Foreign Language (TOEFL) (applicants taking the Computer-Based Test of English as a Foreign Language must present a score of 250 or above; applicants taking the Internet-Based Test of English as a Foreign Language must present a score of 100 or above).

After Admission to Program

Students must be formally admitted to the program before they can enroll in ENGL 696, which is prerequisite or corequisite to all other 600-level courses.

Advancement to Candidacy

1. The student must satisfy the general requirements of the University, including fulfilling the Graduation Writing Assessment Requirement (GWAR).
2. The student's MA program must be approved by a faculty graduate advisor, the Department Graduate Advisor, and the Department Chair before submission to the Associate Dean of Liberal Arts.
3. Advancement is possible after completion of six units toward the MA degree. Students must be advanced to candidacy at least one semester before they intend to graduate, before the deadline to file for graduation that semester. If a student is writing a thesis, he or she must be advanced before any thesis units are taken.

Requirements

1. A minimum of 30 units of graduate and approved upper-division courses (see MA Handbook and website for list of approved undergraduate courses) including 24 units in English. Complete at least seventy percent (70%) of the minimum units required for the program of study in courses at the 500 and 600 levels, including double-numbered courses (400/500). At least fifty percent (50%) of the units required for the degree shall be in courses organized primarily for graduate students;
2. A minimum of 20 units in the 600 series in English at this University, including ENGL 696, which is to be completed before or concurrently with other 600-series courses (a student will not be granted credit for 600-series courses unless admitted to the MA program);
3. A minimum of one seminar in the 600 series in English literature before 1800;

4. A foreign language requirement, which may be fulfilled in one of the following ways:
 - A. completing college course work in a foreign language equivalent to sophomore proficiency (normally 201B at this University) with "C" or better;
 - B. completing college course work in a foreign language equivalent to freshman proficiency (normally 101B at this University) with "C" or better and completing either ENGL 550 or ENGL 551 with "B" or better;
 - C. passing a special examination or demonstrating native proficiency in any foreign language accepted by the Graduate Studies Committee;
5. Successful completion of a final comprehensive examination in a specified specialty area. (Students who fail the examination may retake it once only.) A thesis may be written in lieu of the examination;
6. Appropriate filing for Graduation Check and for Diploma.

Master of Fine Arts in Creative Writing

The Master of Fine Arts degree in Creative Writing is the recognized terminal degree which offers the minimum professional training deemed necessary by the major schools in the United States for university and college teaching and for positions in the publishing industry. It is also the degree most frequently held by professional writers.

Criteria for Admission to the Program

1. Students applying for admission to the MFA degree program generally have completed a bachelor's or master's degree in English from an accredited institution with a 3.2 GPA in upper-division English courses, meet university admission requirements, and submit evidence of creative ability in fiction or poetry (10 pages poetry, 20-30 pages fiction). For each annual cycle, applications are due by January 15, when review will begin.
2. When an undergraduate degree has been completed in a program having different requirements from those of CSULB or in some field other than English, additional preparation may be required before the student can be considered for classified status in the degree program.
3. At the time of the student's conditional classification into the program, an examining diagnostic committee consisting of at least two instructors in the student's field of specialization and at least one other faculty member must approve and evaluate the student's work no later than the end of his/her first full year in residence and judge whether the student should continue in the program.
4. In order to obtain a full classified status, the student must obtain satisfactory evaluation from his/her committee at the end of the first full year in residence. Both the student's coursework and the student's portfolio will be evaluated.

The appeals procedure for unfavorable portfolio evaluation is as follows:

- If the student feels that his/her work has been unfairly evaluated, that student has recourse any time to discuss the matter informally with the MFA Coordinator in order to resolve the issue. If the issue cannot be resolved on that basis, the following procedure shall be followed:
- A. The student shall present a written appeal to the MFA Coordinator.
 - B. Within ten (10) working days of receipt of a written appeal by a student, the MFA Coordinator shall refer the

appeal to an ad hoc committee consisting of three tenured creative writing faculty not involved with the issue.

- C. The committee shall meet in formal sessions holding hearings at separate times for the student and for the faculty involved to gather information and evidence relevant to the issue.
- D. After deliberation, the committee shall present its findings to the MFA Coordinator within thirty (30) working days from the origination of the committee. (Working days do not include periods of time between semesters.)
- E. The MFA Coordinator shall inform the concerned student in writing of the committee's decision.
5. Advancement to candidacy
- A. Attain fully classified status.
- B. Remove all undergraduate deficiencies as determined by the graduate advisor, the department chair, and the dean of graduate studies.
- C. Fulfill the GVAR.
- D. Submit a program of courses for approval by the student's faculty advisor.
6. Up to 24 units of credit from a Master of Arts program in Creative Writing may be acceptable after review and approval by the faculty evaluation committee.
7. Requirements for the Master of Fine Arts in Creative Writing. The MFA degree is a 48-unit degree normally requiring full-time residency. Course requirements are arranged according to the following structure.
- A. Core (32 units chosen in consultation with faculty advisor):
- Take one of the following pairs in Year 1:
- ENGL 505A Seminar in Fiction Writing (4)
Prerequisite: Admission to the MFA in Creative Writing.
- ENGL 505B Seminar in Fiction Writing (4)
Prerequisites: Admission to the MFA in Creative Writing and ENGL 505A.
- or
- ENGL 506A Seminar in Poetry Writing (4)
Prerequisite: Admission to the MFA in Creative Writing.
- ENGL 506B Seminar in Poetry Writing (4)
Prerequisites: Admission to the MFA in Creative Writing and ENGL 506A.
- Take one of the following pairs in Year 2:
- ENGL 605A Advanced Seminar in Fiction Writing (4)
Prerequisites: Admission to the MFA in Creative Writing, ENGL 505A, and ENGL 505B.
- ENGL 605B Advanced Seminar in Fiction Writing (4)
Prerequisites: Admission to the MFA in Creative Writing, ENGL 505A, ENGL 505B, and ENGL 605A.
- or
- ENGL 606A Advanced Seminar in Poetry Writing (4)
Prerequisites: Admission to the MFA in Creative Writing, ENGL 506A, and ENGL 506B.
- ENGL 606B Advanced Seminar in Poetry Writing (4)
Prerequisites: Admission to the MFA in Creative Writing, ENGL 506A, ENGL 506B, and ENGL 606A.
- Take in both fall and spring of Year 2:
- ENGL 590 Directed Reading (3)
Prerequisites: None.
- Take both:

ENGL 696 Seminar in Theory, Criticism, and Research (4)

Prerequisites: None

ENGL 698 Thesis (6)

Prerequisites: ENGL 696 and consent of instructor.

Electives: (16 units chosen in consultation with a faculty advisor) from 500- and 600-level English Department courses.

- B. Both fiction and poetry specializations share a common core of courses which offer study in literary history, theory, and research. The remainder of the courses offer students the opportunity to develop additional skills in their particular area of related interest. The program culminates in a major creative project (novel, short story collection, or poetry collection) of publishable quality.

Single Subject Teaching Credential in English

For information, refer to the undergraduate Option in English Education.

Courses (ESW) - Early Start Writing

1. Expectations: Writing in the University (1)

Prerequisite: EPT score of 147 or below.

A one-unit course in which students will improve their reading comprehension, critical thinking and written composition skills.

Does not count toward graduation, but does count toward financial aid. Credit/No credit grading.

1V. Expectations: Writing in the University (1)

Prerequisite: EPT score of 137 or below.

A one-unit course in which visiting students will improve their reading comprehension, critical thinking and written composition skills.

Does not count toward graduation, but does count toward financial aid. Credit/No credit grading.

100S. Composition I (3)

Prerequisites: Students who score a total of 142-146 on the English Placement Test and who have not taken equivalent courses in another department are eligible for enrollment in this course. Basic course in writing, offering intensive practice in every stage of writing process from generating ideas to final proofreading, as well as to developing stronger reading comprehension for specific writing tasks.

Not open to non-CSULB students. Not open for credit to students with credit in ENGL 100S, ASAM 100S, AFRS 100S, CHLS 104S. ESW 100S counts for general elective credit toward graduation. Credit/No credit grading only.

Courses (ENGL)

To encourage clarity and uniformity in the reporting of scholarship, students in all English courses are expected to learn and use standard methods of citation and documentation. For literary and critical study, the standard format is the documentation system prescribed by the Modern Language Association, detailed in the *MLA Handbook* and simplified in many beginning textbooks in literary study. At the instructor's discretion, other methods may be used in courses in composition, technical communication, literacy studies, and other classes required for the English Education option.

LOWER DIVISION

Please check the section on "Application Procedures and Admissions Requirements" of this catalog for CSU system-wide writing proficiency requirements.

100S. Composition I (3)

Prerequisites: Students who score 146 or below on the English Placement Test and who have not taken equivalent courses in another department are eligible for enrollment in this course.

Composition I does not count toward meeting the major requirements. It does count toward graduation and will be included in the overall GPA. Must have a "C" or better to earn credit in GE.

Basic course in writing, offering intensive practice in every stage of writing process from generating ideas to final proofreading, as well as to the developing of stronger reading comprehension for specific writing tasks.

Same course as ASAM 100S, AFRS 100S, CHLS 104S. Not open for credit to students with credit in: AFRS 1, ASAM 1, ENGL 1, CHLS 1, AFRS 100S, ASAM 100S, CHLS 104S, ESW 100S.

100. Composition II (3)

Prerequisites: Students who score 147 or above on the English Placement Test, credit in ENGL 100S (or its equivalent), are exempt from the EPT, or consent of the instructor.

Composition II does not count toward meeting the major requirements. It does count toward graduation and will be included in the overall GPA.

Expository writing course designed for first-year students. Satisfies one of the writing requirements for general education at CSULB. Emphasizes academic writing, focusing primarily on analytical reading and thesis-driven writing.

Same course as AFRS 100, ASAM 100, CHLS 104. Not open for credit to students with credit in: AFRS 100, ASAM 100, CHLS 104.

101. Composition (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

Writing expository prose, with emphasis on the research paper.

102. Critical Reading and Writing (3)

Prerequisite: ENGL 100 or GE Composition (Area A1) with a minimum grade of "C."

Analytical reading and persuasive writing, with emphasis on logic and argumentation.

Not open for credit to students with credit in ENGL 200.

180. Appreciation of Literature (3)

Prerequisite/Corequisite: One GE Foundation course.

Study of works representing the scope and variety of themes and types of imaginative literature. Introduction to the major literary genres and to methods of critical expository writing.

Not open for credit to students with credit in ENGL 184.

204. Introduction to Creative Writing: Creative Nonfiction (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Practice in the basic elements of creative nonfiction, including description, dialog, and framing.

205. Introduction to Creative Writing: Fiction (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Practice in the basic elements of fiction writing: character sketch, plot development, description, and dialog.

206. Introduction to Creative Writing: Poetry (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Theory and techniques of poetry. Practice in creative work, with group discussions and individual conferences.

250A,B. Survey of English Literature (4,4)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Representative selections from English writers to and since the late eighteenth century.

270A,B. Survey of American Literature (4,4)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Representative selections from American writers to and since about 1865.

283. Science Fiction (3)

The literature of science fiction, from *Frankenstein* and H.G. Wells to the present, emphasizing the relevance of science and technology to literary fantasy.

UPPER DIVISION

ENGL 100 or GE Composition (Area A1) is a prerequisite for all upper-division courses.

An "I" next to a course number means the course is acceptable for Interdisciplinary Credit in General Education.

300. Advanced Composition (3)

Prerequisites: GE Foundation requirements and upper-division standing. Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

Study and apply rhetorical strategies of invention, arrangement, and style to write expository, analytic, and argumentative prose; examine how evidence is produced and presented in genres from different academic disciplines, from civic and workplace literacy, and from popular media.

301A. English Proficiency (3)

Prerequisites: ENGL 100 or GE Composition (Area A1).

Intermediate course in English usage with emphasis on building proficiency in oral and written language.

Enrollment limited to students needing language development beyond skills acquired in ENGL 100, as assessed by scores on the Writing Proficiency Exam. May be repeated to a maximum of 6 units. Not applicable to credit in any degree program of the Department of English.

301B. English Proficiency (3)

Prerequisites: ENGL 100 or GE Composition (Area A1).

Advanced course in English usage with emphasis on building proficiency in written language.

May be repeated to a maximum of 6 units. Not applicable to credit in any degree program of the Department of English. Enrollment limited to students needing language development beyond skills acquired in ENGL 100, as assessed by scores on the Writing Proficiency Exam. May be used to satisfy the GEAR.

309. Applied Composition: Explorations in Children's Writing (4)

Advanced composition course incorporating the study of the evolution of written discourse and emergence of rhetorical structures in the writing of pre-adolescents.

Includes a 40-hour tutorial/research component. Course fee may be required. (Discussion/Laboratory)

310. Applied Composition (4)

Prerequisite: ENGL 100 or GE Composition (Area A1).

Intensive practice in writing, correcting, and evaluating compositions, with specific reference to contemporary classroom situations and problems.

Includes a 30-hour tutorial component in which students work as composition tutors. Required for all English Education majors.

317. Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100 or GE Composition (Area A1), ENGL 101, ENGL 102, ENGL 300, or equivalents.

Expository writing on technical subjects dealt with in industry, science, government, and the academy. Introduction to long and short forms including reports, proposals, manuals, and journal articles, emphasizing the longer formal paper or technical report.

318. Theory of Fiction and Film (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Examination of narrative methods and conventions of American and British fiction and film; consideration of relationships between artistic structure of fiction and film; study of theoretical and practical approaches to fiction and film.

Same course as FEA 318. Not open for credit to students with credit in FEA 318.

320. English Grammar (4)

Advanced study in the principles of English grammar.

337. Technology in the English Classroom (3)

Focuses on issues in use of computer-based technologies in society; basic components and operations of computer-based technology; computer applications/programs and video tape/film for teaching problem-solving, critical thinking, writing, and literature.

Meets Title 5 computer-education requirements for the Single Subject, Clear Teaching Credential in English and the Multiple Subject, Clear Teaching Credential with English Concentration.

340. American Indian Literature (3)

Prerequisite: GE Foundation requirements.

Analysis of the written and oral literacy traditions developed by American Indians. Range of works studied: oral history, tales, myths, song, prayer, poetry, short story, and novel.

Same course as AIS 340. Not open for credit to students with credit in AIS 340.

359. Postcolonial Literature (3)

Prerequisite: Upper-division standing.

Survey of English-language writers from former colonies of Great Britain who have made major contributions in all literary genres.

363. Shakespeare I (4)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Principal plays of Shakespeare.

370. Chicana/o and Latina/o Literature (3)

Prerequisite: GE Foundation and upper-division standing. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Comparative study of literature and culture by Chicanas/os and Latinas/os within a range of historical, social, and political contexts. Focus on narrative, poetry, film, and the visual and performing arts.

Letter grade only (A-F). Same course as CHLS 370. Not open for credit to students with credit in CHLS 370.

372. Comedy in the United States (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study of the history of American comedy from beginnings to present. Focuses on literature, but also on American traditions of humor on stage, in film, in song, and in signs. Explores theories of comedy.

375. U.S. Ethnic Writers (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Description: Survey of U.S. writers of various non-European ethnic backgrounds who have made major contributions in all literary genres.

380. Approaches to English Studies (4)

Prerequisite: ENGL 180 or equivalent.

Advanced course in English Studies covering research methods; approaches to literary, rhetorical, and pedagogical topics; critical and literary terminology; genre; and advanced skills in writing and analysis.

Note: English majors must consult with their advisors because this course should be taken by the first semester of the junior year.

382. Women and Literature (3)

Prerequisite: GE Foundation requirements.

Survey of literature by women authors writing in English across a range of historical periods; examination of works in various genres that present the complexity of women's lives and the challenges of female authorship; exploration of feminist critical approaches.

Same course as WGSS 382. Not open for credit to students with credit in W/ST 382 or WGSS 382.

384. Principles of Literary Study (3)

Prerequisite: ENGL 180.

Fundamental issues of literary study such as literary history; literary forms; themes and conventions; major critical approaches. Intense written practice in literary analysis.

385. The Short Story (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Short story as a literary genre, with emphasis on analysis of individual stories.

386. Poetry (3)

Prerequisites: ENGL 100 or GE Composition (Area A1); GE Foundation requirements.

Poetry as a literary genre, with emphasis on analysis of individual poems.

387. Comics and Graphic Narratives (3)

Prerequisite: G.E. Foundation and upper-division status. Students must have scored 11 or higher on the GWAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

The study of comics and graphic narratives as an artistic medium, with emphasis on analysis of individual works.

Letter grade only (A-F).

398. Modern Drama (3)

Continental, English, and American drama from Ibsen to the present.

404. Creative Writing: Creative Nonfiction (3)

Prerequisite: ENGL 204 or consent of instructor.

Writing creative nonfiction, with a detailed study of published models and with an emphasis on the creative process.

May be repeated to a maximum of 6 units.

405. Creative Writing: Short Story (3)

Prerequisite: ENGL 205 or consent of instructor.

Writing short stories, with a detailed study of published models and with emphasis on the creative process.

May be repeated to a maximum of 6 units.

406. Creative Writing: Poetry (3)

Prerequisite: ENGL 206 or consent of instructor.

Writing poetry, with a detailed study of published models and with emphasis on the creative process.

May be repeated to a maximum of 6 units.

407. Creative Writing: Novel (3)

Prerequisite: Consent of instructor.

Writing long fiction, with a detailed study of published models and with emphasis on the creative process.

May be repeated to a maximum of 6 units.

410./510. Theories of Writing and Literacy (3)

Prerequisite: ENGL 309 or ENGL 310 or consent of instructor.

Focuses on several cross-disciplinary theories of producing written discourse. Studies how writing is learned, taught, viewed by the public, and used in social and academic interchange.

411./511. Research Methods in Rhetoric and Composition (4)

Introduction to interdisciplinary research methods in Rhetoric and Composition. Focuses on methods that have been motivating research since 1985, including archival, case study, ethnographic, historiographic, and teacher research. Intensive practice in conducting and writing research for interdisciplinary and/or public audiences.

416. Technical Editing (4)

Prerequisite: GE Foundation requirements.

Introduction to editing of written technical and business communication formats such as manuals, brochures, booklets, and newsletters. Teaches competence in the principles of sentence-level clarity and style, of factual accuracy, and of document design and production in professional settings.

417. Proposal Writing (3)

Prerequisite: GE Foundation requirements.

Writing of proposals in their various forms as letters, memos, grant applications.

418. Manual Writing (3)

Prerequisite: GE Foundation requirements.

Writing of original manuals of various types in technical and professional fields. Company publications will be studied as models.

419. Writing in Science, Social Science, and Technology (3)

Prerequisite: GE Foundation requirements.

Intensive practice in writing on topics in science and literature. Contemporary examples will be studied as models.

423./523. Semantics (3)

Study of meaning in language.

Same course as LING 423. Not open for credit to students with credit in LING 423.

426./526. History of the English Language (3)

Development of the English language from its beginnings to the present day.

Same course as LING 426. Not open for credit to students with credit in LING 426.

435. Teaching Composition (3)

Prerequisite: Consent of instructor.

Intensive examination and study of composition teaching practices, research and evaluation in public schools, including community colleges.

436. Theories and Practices of Reading (3)

Intensive investigation of theories and practices of reading with attention to how experienced and inexperienced readers construct texts.

442. Sexing Chicana Literature (3)

Prerequisites: ENGL100 or GE Composition (Area A1) and upper-division standing or consent of instructor.

Analyzes how Chicana authors explore race, class, and gender. Focuses on use of sexuality, particularly with regard to cultural and literary stereotypes vs. experience and aesthetic practice. Themes include desire, identity, empowerment through "traditional" roles, and violence and the body.

Same course as WGSS 442. Not open for credit to students with credit in W/ST 442 or WGSS 442.

444. Literature and Environment (3)

Prerequisites: GE Foundation, one or more Explorations courses, and upper-division standing.

Literature that focuses on the relationship between humans and the environment. Emphasis on how environmental texts represent nature, raise awareness of ecological issues, and encourage social change. Service learning requirement connects environmental literature with activism and community involvement.

451./554. Medieval Literature of the British Isles (3)

Representative selections of Old and Middle English prose and poetry read for the most part in modern English, including *Beowulf*, the romance, medieval drama, Chaucer, and the ballad.

452./552. Literature of the Renaissance (1500-1603) (3)

Prose and poetry of Marlowe, Sidney, Raleigh, Spenser, and other predecessors and contemporaries of Shakespeare, noting the influence of Humanism and the emergence of literary identity.

453./553. Literature of the Late Renaissance (1603-1660) (3)

Poetry and prose (chiefly non-dramatic) of Milton, Bacon, Jonson, Donne and the 'Metaphysicals' and their contemporaries.

455./555. English Literature of the Enlightenment (1660-1798) (3)

Prose and poetry (chiefly non-dramatic) of Swift, Dryden, Pope, Johnson, Boswell, and their contemporaries, with emphasis on major satires such as *Gulliver's Travels* and *The Rape of the Lock*.

456./556. English Literature of the Romantic Period (1798-1832) (3)

Poetry and prose (chiefly non-dramatic) of Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, and their contemporaries, emphasizing the modern Romantic spirit, theories of literary art, and the concept of the self.

458./558. English Poetry and Prose of the Victorian Age (1832-1900) (3)

Poetry and prose of Tennyson, Browning, Arnold, Carlyle, Mill, and others, emphasizing literary, social, and political issues, and religious controversies.

459./559. English Literature of the Twentieth Century (1900-Present) (3)

Prose and poetry of Shaw, Conrad, Yeats, Lawrence, Joyce, Woolf, and others, emphasizing artistic experimentation and the development of modern value systems.

462./562. Chaucer (3)

Works of Geoffrey Chaucer in Middle English.

463. Shakespeare II (3)

Prerequisite: ENGL 363.

Advanced study of some of the plays of Shakespeare.

466./566. Irish Literature in English (3)

Major Irish authors from the Celtic Revival to the present. The literature will be placed in its historical and political contexts, paying particular attention to the relationship between politics and literature, the status of women, and questions of national identity.

467A,B./567A,B. The English Novel (3,3)

History and development of long prose fiction in the British Isles to and since 1832.

468./568. English Drama (3)

Readings from the history of English drama, excluding Shakespeare, including Marlowe, Jonson, and Restoration comedy.

469. Selected Topics - Major English Writers (4)

Prerequisites: At least senior standing and 12 units of upper-division ENGL (including ENGL 380).

Intensive study of one to three major English authors.

May be repeated to a maximum of 8 units with different authors, but no more than 4 units may be used to satisfy requirements for English majors. Topics announced in the *Schedule of Classes*.

- A. Jane Austen
- B. Samuel Beckett
- C. Aphra Behn
- D. The Brontës
- E. Samuel Taylor Coleridge
- F. Charles Dickens
- G. John Donne
- H. Durrell and Fowles
- I. George Eliot
- J. Thomas Stearns Eliot
- K. Edward Morgan Forster
- M. Thomas Hardy
- N. James Joyce
- O. David Herbert Lawrence
- P. John Milton
- Q. George Bernard Shaw
- R. Edmund Spenser
- S. John Ronald Reuel Tolkien
- T. Rebecca West
- U. Oscar Wilde
- V. Virginia Woolf
- W. William Wordsworth
- X. William Butler Yeats
- Y. Boswell and Johnson
- Z. Marlowe, Marvell, and Milton

470. American Ethnic Literatures (3)

Prerequisite: ENGL 375 or consent of instructor.

Advanced course in the examination of issues in the field of American ethnic writing.

472./572. American Literature: 1820-1865 (3)

Major authors and works, along with newly recovered texts, from the period that is often called the "American Renaissance."

473./573. American Literature: 1865-1918 (3)

Developments in poetry, the novel, the short story, and non-fictional prose in the United States between the Civil War and World War I.

474./574. Twentieth-Century American Literature (3)

American literature from about 1914 to the present.

475./575. The American Short Story (3)

History and development of the short story and its criticism in the United States.

476A,B./576A,B. American Poetry (3,3)

History and development of poetry and its criticism in the United States to and since 1945.

477A,B./577A,B. The American Novel (3,3)

History and development of the novel and its criticism in the United States to and since the 1920s.

478./578. American Drama (3)

History and development of drama and its criticism in the United States.

479. Selected Topics - Major American Writers (4)

Prerequisites: At least senior standing and 12 units of upper-division ENGL (including ENGL 380).

Intensive study of one to three major American authors.

May be repeated to a maximum of 8 units with different authors, but no more than 4 units may be used to satisfy requirements for English majors. Topics announced in the *Schedule of Classes*.

- A. Emily Dickinson
- B. Louise Erdrich
- C. John Fante
- D. William Faulkner
- E. Nathaniel Hawthorne
- F. Henry James
- G. Nathaniel Hawthorne and Herman Melville
- H. Bobbie Ann Mason
- I. Herman Melville
- J. Toni Morrison
- K. Edgar Allan Poe
- L. Henry David Thoreau
- M. Edith Wharton
- N. Walt Whitman
- O. William Carlos Williams
- P. Richard Wright
- Q. Charles Brockden Brown and Thomas Jefferson
- R. Robinson Jeffers

481. Children's Literature (3)

Survey of literature suitable for children.

482. Literature for Adolescents (4)

Prerequisite: One college course in literature.

Survey of literature suitable for adolescents. Includes a 20-hour field experience in which students work with local secondary school students as reading mentors.

Required for all English Education majors.

488. Selected Topics in Rhetoric and Writing Studies (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

Intensive study of a special topic in the field of rhetoric, composition, and writing studies.

May be repeated to a maximum of 12 units with different topics in the same semester, but no more than 6 units may be applied to the English major. Topics announced in the *Schedule of Classes*.

- A. Advanced Argumentation
- B. Multimedia Composition
- C. (Post) Modern Persuasion
- D. Real World Writing
- E. Dimensions of Writing Assessment

489. Selected Topics in Literatures Written in English (4)

Intensive study of a major topic in literatures written in English.

May be repeated to a maximum of 8 units with different topics in different semesters, but no more than 4 units may be used to satisfy requirements for English majors. Topics announced in the *Schedule of Classes*.

- A. Art and Literature of the Romantic Period
- B. The Beats
- C. Early Modern Women
- D. Literary Bloomsbury
- E. Radical Protest Literatures of the United States
- F. Literature of Los Angeles
- G. Metafiction
- H. Reason, Revolution, Romanticism
- J. Chicana/o and Latina/o Cultural Production

491. Applied Technical Writing (1-3)

Prerequisite: Admission to Certificate Program in Technical and Professional Communication.

Writing and editing technical reports and papers. Independent production of a report in a technical or scientific area under faculty supervision.

May be repeated to a maximum of 4 units.

492A-B. Internship Technical - Professional Writing and Editing (1-3)

Prerequisite: Admission to Certificate Program in Technical and Professional Communication.

At least 90 hours writing and editing with cooperating agencies and companies on- and off-campus under direction and with evaluation of faculty in consultation with supervisors of the participating agency or company.

May be repeated to a maximum of 4 units.

497. Directed Studies in Composition (3)

Prerequisite: One upper-division writing course in English or consent of instructor.

Theory and practice of writing and language instruction. Recommended for prospective K-12 and college-level teachers. On-site participation in an educational setting required as a basis for research project.

498. Selected Topics in English (3)

Intensive exploration of topics in language and literature.

May be repeated to a maximum of 12 units with different topics in the same semester, but no more than 6 units may be applied to the English major. Topics announced in the *Schedule of Classes*. Course fee required if topic is offered abroad.

- A. Detective Fiction
- B. Teaching ESL Academic Writing
- C. Poetry and the Self

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study undertaken under supervision of a faculty member.

May be repeated to a maximum of 4 units. Not applicable toward the Master of Arts in English.

GRADUATE LEVEL

See Comparative World Literature and Classics Department for other course offerings applicable to the MA in English.

505A. Seminar in Fiction Writing (4)

Prerequisite: Admission to the MFA in Creative Writing.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

505B. Seminar in Fiction Writing (4)

Prerequisites: Admission to the MFA in Creative Writing and ENGL 505A.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

506A. Seminar in Poetry Writing (4)

Prerequisite: Admission to the MFA in Creative Writing.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

506B. Seminar in Poetry Writing (4)

Prerequisites: Admission to the MFA in Creative Writing and ENGL 506A.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

510./410. Theories of Writing and Literacy (3)

Prerequisite: ENGL 309 or ENGL 310 or consent of instructor.

Focuses on several cross-disciplinary theories of producing written discourse. Studies how writing is learned, taught, viewed by the public, and used in social and academic interchange.

Letter grade only (A-F).

511./411. Research Methods in Rhetoric and Composition (4)

Introduction to interdisciplinary research methods in Rhetoric and Composition. Focuses on methods that have been motivating research since 1985, including archival, case study, ethnographic, historiographic, and teacher research. Intensive practice in conducting and writing research for interdisciplinary and/or public audiences.

Letter grade only (A-F).

523./423. Semantics (3)

Study of meaning in language. Letter grade only (A-F).

526./426. History of the English Language (3)

Development of the English language from its beginnings to the present day.

Letter grade only (A-F).

535. Theories and Practices in Composition (3)

Prerequisite: ENGL 435 or consent of instructor.

Focuses on formation of composition studies in the latter half of the twentieth century. Studies relationships among theories, practices, and research concerned with the teaching of writing, particularly at the college level.

Letter grade only (A-F).

537. Selected Topics for In-Service Teachers (3)

Designed for in-service teachers. Intensive studies and research in special, timely topics related to the teaching of English.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

550. Old English Language and Literature (4)

Prerequisite: Consent of instructor.

Beowulf and other representative selections from Anglo-Saxon literature in the original language.

Letter grade only (A-F).

551. Middle English Language and Literature (4)

Prerequisite: Consent of instructor.

Chaucer and other representative selections from Middle English literature in the original language.

Letter grade only (A-F).

552./452. Literature of the Renaissance (1500-1603) (3)

Prose and poetry of Marlowe, Sidney, Raleigh, Spenser and other predecessors and contemporaries of Shakespeare, noting the influence of Humanism and the emergence of literary identity.

Letter grade only (A-F).

553./453. Literature of the Late Renaissance (1603-1660) (3)

Poetry and prose (chiefly non-dramatic) of Milton, Bacon, Jonson, Donne and the 'Metaphysicals' and their contemporaries.

Letter grade only (A-F).

554./451. Medieval Literature of the British Isles (3)

Representative selections of Old and Middle English prose and poetry read for the most part in modern English, including *Beowulf*, the romance, medieval drama, Chaucer, and the ballad.

Letter grade only (A-F).

555./455. English Literature of the Enlightenment (1660-1798) (3)

Prose and poetry (chiefly non-dramatic) of Swift, Dryden, Pope, Johnson, Boswell, and their contemporaries, with emphasis on major satires such as *Gulliver's Travels* and *The Rape of the Lock*.

Letter grade only (A-F).

556./456. English Literature of the Romantic Period (1798-1832) (3)

Poetry and prose (chiefly non-dramatic) of Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, and their contemporaries, emphasizing the modern Romantic spirit, theories of literary art, and the concept of the self.

Letter grade only (A-F).

558./458. English Poetry and Prose of the Victorian Age (1832-1900) (3)

Poetry and prose of Tennyson, Browning, Arnold, Carlyle, Mill, and others, emphasizing literary, social, and political issues, and religious controversies.

Letter grade only (A-F).

559./459. English Literature of the Twentieth Century (1900-Present) (3)

Prose and poetry of Shaw, Conrad, Yeats, Lawrence, Joyce, Woolf, and others, emphasizing artistic experimentation and the development of modern value systems.

Letter grade only (A-F).

562./462. Chaucer (3)

Works of Geoffrey Chaucer in Middle English.

Letter grade only (A-F).

566./466. Irish Literature in English (3)

Major Irish authors from the Celtic Revival to the present. The literature will be placed in its historical and political contexts, paying particular attention to the relationship between politics and literature, the status of women, and questions of national identity.

Letter grade only (A-F).

567A,B./467A,B. The English Novel (3,3)

History and development of long prose fiction in the British Isles to and since 1832.

Letter grade only (A-F).

568./468. English Drama (3)

Readings from the history of English drama, excluding Shakespeare, including Marlowe, Jonson, and Restoration comedy.

Letter grade only (A-F).

572./472. American Literature: 1820-1865 (3)

Major authors and works, along with newly recovered texts, from the period that is often called the "American Renaissance."

Letter grade only (A-F).

573./473. American Literature: 1865-1918 (3)

Developments in poetry, the novel, the short story, and non-fictional prose in the United States between the Civil War and World War I.

Letter grade only (A-F).

574./474. Twentieth-Century American Literature (3)

American literature from about 1914 to the present.

Letter grade only (A-F).

575./475. The American Short Story (3)

History and development of the short story and its criticism in the United States.

Letter grade only (A-F).

576A,B./476A,B. American Poetry (3,3)

History and development of poetry and its criticism in the United States to and since 1945.

Letter grade only (A-F).

577A,B./477A,B. The American Novel (3,3)

History and development of the novel and its criticism in the United States to and since the 1920s.

Letter grade only (A-F).

578./478. American Drama (3)

History and development of drama and its criticism in the United States.

Letter grade only (A-F).

590. Directed Reading (3)

Students are assigned a reading list developed with the assistance of faculty. Works are discussed with the instructor during a series of conferences. Comprehensive paper due at end of semester.

Taken for two semesters during student's second year of residency in MFA program. May be repeated to a maximum of 6 units. Letter grade only (A-F).

598. Directed Studies (1-3)

Prerequisites: Baccalaureate degree, consent of instructor.

Independent creative writing activity under the supervision of a creative writing faculty member.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

605A. Advanced Seminar in Fiction Writing (4)

Prerequisites: Admission to the MFA in Creative Writing, ENGL 505A, and ENGL 505B.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

605B. Advanced Seminar in Fiction Writing (4)

Prerequisites: Admission to the MFA in Creative Writing, ENGL 505A, ENGL 505B, and ENGL 605A.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

606A. Advanced Seminar in Poetry Writing (4)

Prerequisites: Admission to the MFA in Creative Writing, ENGL 506A, and ENGL 506B.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

606B. Advanced Seminar in Poetry Writing (4)

Prerequisites: Admission to the MFA in Creative Writing, ENGL 506A, ENGL 506B, and ENGL 606A.

Discussion, criticism, and detailed evaluation of works in progress.

Letter grade only (A-F).

652. Seminar in the English Renaissance (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in the literature of the period, chiefly Elizabethan.

Letter grade only (A-F).

653. Seminar in the Age of Milton (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in English literature of the Stuart and Commonwealth periods, including Milton.

Letter grade only (A-F).

655. Seminar in Restoration and Eighteenth-Century Literature (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in English literature of the Restoration and eighteenth century.

Letter grade only (A-F).

656. Seminar in Romantic Literature (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in English literature of the Romantic period.

Letter grade only (A-F).

657. Seminar in Victorian Literature (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in English literature of the Victorian period.

Letter grade only (A-F).

659. Seminar in Twentieth-Century English Literature (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in English literature from about 1900 to the present.

Letter grade only (A-F).

671. Digital Rhetoric (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies of consumption and production of digital media. Analyses relationships among rhetoric, writing, cultural studies, and technology; examines means of production transforming literate practice in humanities; and engages students in writing with digital media.

Letter grade only (A-F).

672. Seminar in the Nineteenth-Century American Renaissance (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in American literature from about 1820 to about 1865.

Letter grade only (A-F).

673. Seminar in American Realism (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in the development of realism in American literature.

Letter grade only (A-F).

674. Seminar in Twentieth-Century American Literature (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies of twentieth-century American writers.

Letter grade only (A-F).

681. Selected Topics - Seminar in Major Authors (4)

Prerequisite/Corequisite: ENGL 696.

Intensive studies in the works of one to three specific major authors.

Letter grade only (A-F). May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. Instructor consent required for students with credit in ENGL 469 or ENGL 479 covering the same author.

- A. Geoffrey Chaucer
- B. Daniel Defoe
- C. William Faulkner
- D. John Fowles
- E. Robert Frost
- F. Robinson Jeffers
- G. Samuel Johnson
- H. James Joyce
- I. Thomas Malory
- J. Herman Melville
- K. Alexander Pope
- L. William Shakespeare
- M. Jonathan Swift
- N. Oscar Wilde
- O. William Butler Yeats
- P. Wallace Stevens and William Carlos Williams
- Q. J.R.R. Tolkien
- R. Jane Austen

683. Selected Topics - Seminar in English Studies (4)

Prerequisite/Corequisite: ENGL 696.

Intensive explorations of topics in English studies.

Letter grade only (A-F). May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. American Autobiography
- B. American Indian Literature
- C. American Jewish Literature
- D. American Women Writers, 1850-1900
- E. Autobiography
- F. Beowulf
- G. British Encounters with India, 1757-1857
- H. Current Issues in Rhetoric and Composition
- I. Ethnic American Fiction
- J. Feminism/Modernism
- K. History of Composition Instruction
- L. Medieval Drama
- M. The Novel and Postmodernism
- N. The Places and Spaces of Early English Drama
- O. Revision and Editing Processes
- Q. Teaching Basic Writing
- R. Teaching Literacy
- T. West Coast Writing after World War II
- U. Victorian Imperial Romance

684. Seminar in Advanced Literary Theory (4)

Prerequisite: Completion of ENGL 696.

Intensive study in one or more of the principal theories of literature.

Letter grade only (A-F).

685. Seminar in Rhetorical History and Theory (4)

Prerequisite/Corequisite: ENGL 696.

Intensive study of rhetorical history and theory from ancient to contemporary times.

Letter grade only (A-F).

696. Seminar in Theory, Criticism, and Research (4)

Intensive study of critical theory, literary criticism, and research methods. Introduction to graduate-level writing and research, including compiling bibliographies, using scholarly resources, and writing critical research papers.

Students not allowed to take ENGL 696 unless admitted to MA program. (English MA candidate may not be enrolled in any other 600 course without completion of or concurrent enrollment in ENGL 696.) Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisites: ENGL 696 and consent of instructor.

Individual research or intensive study under the guidance of a faculty member.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisites: ENGL 696 and consent of instructor.

Planning, preparation, and completion of a thesis under supervision of a faculty committee.

Must be advanced to candidacy. Must be taken for a total of 6 units.

American Language Program

American Language Program courses are for non-native speakers of English. ALP courses are recommended for all other non-native speakers of English.

Courses (ALP)

145. American Language Advanced I (3)

Prerequisite: Non-native speakers who score 137 or below on the English Placement Test, or 500 or below on the Exam in English as a Second Language, and who have not taken equivalent writing courses in another department, are eligible for enrollment. Counts toward elective credit for undergraduates. Does not count toward graduation for graduate students, but does count toward course load credit. Basic course in writing, offering intensive practice in every stage of the writing process. Writing strategies at the level of word, sentence, and paragraph. Conventional mechanics, spelling, and the grammar of standard edited written English.

150. American Language Advanced I (3)

Prerequisite: Non-native speakers who score 138-150 on the English Placement Test, or 501 through 550 on the Exam in English as a Second Language, or successful completion of ALI/ALP 145 with a grade of "C" or better. Counts toward elective credit for undergraduates. Does not count toward graduation for graduate students, but does count toward course load credit. Includes critical/analytical reading and expository writing with emphasis on longer essays. Analysis and practice of standard rhetorical modes of essay development.

American Language Institute

For students who need English language training prior to enrolling at CSULB, provides professional instruction in all reading, writing, listening and speaking. Conditional admission to CSULB is available for qualified students. International students subject to Graduation Writing Assessment Requirement and EPT/ELM requirements as all CSULB students. American Language Institute courses

are for non-native speakers of English. ALI courses are recommended for international students on F1 visas.

Courses (ALI)

145. American Language Advanced I (3)

Prerequisite: Non-native speakers who score 137 or below on the English Placement Test, or 500 or below on the Exam in English as a Second Language, and who have not taken equivalent writing courses in another department, are eligible for enrollment. Counts toward elective credit for undergraduates. Does not count toward graduation for graduate students, but does count toward course load credit. Basic course in writing, intensive practice in every stage of writing process from generating ideas to final proofreading. Reviews and teaches organizational strategies and includes strategies for paragraph and sentence development and for making appropriate word choices. Teaches conventional mechanics, spelling and the grammar of standard edited written English.

150. American Language Advanced I (3)

Prerequisite: Non-native speakers who score 138-150 on the English Placement Test, or 501 through 550 on the Exam in English as a Second Language, or successful completion of ALI/ALP 145 with a grade of "C" or better. Counts toward elective credit for undergraduates. Does not count toward graduation for graduate students, but does count toward course load credit. Includes critical/analytical reading and expository writing with emphasis on longer essays. Analysis and practice of standard rhetorical modes of essay development.

Career Possibilities

Environmental Analyst • Teacher • Ecologist • Geochemist
• Environmental Impact Report Writer • Community Development Specialist • Urban Planner • Environmental Planner • Peace Corps • Non-Governmental Organization Activist • Mass Media (Journalism, Radio, Television)
• Environmental Advocate • Environmental Consultant
• Public Relations • Public Policy Administrator • Environmental Law • Environmental Health • Environmental Economics • Environmental Toxicology • Sustainable Development Specialist • Green Business (For more information, see www.careers.csulb.edu.)

Introduction

The Environmental Science and Policy (ES&P) degrees program is jointly housed in the College of Liberal Arts and the College of Natural Sciences and Mathematics, reflecting its inherent interdisciplinary nature. A Bachelor of Arts and a Bachelor of Science as well as a minor are available. See the ES&P web-page for details. We highly encourage B.A. students to double major or seek a minor in a closely related discipline such as anthropology, economics, geography, international studies or political science. Students in the B.S. degree program are encouraged to double major or seek a minor in anthropology, biology, chemistry, earth science, ecology, economics, geography, geology, or political science.

Bachelor of Arts in Environmental Science and Policy (120 units)

Requirements

Lower Division:

Take all of the following courses:

ECON 100 Principles of Macroeconomics (3)

**C" or better required.

Prerequisites: MATH 103 or higher and one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

**C" or better required.

Prerequisite/Corequisite: MATH 103 or higher.

ES P 200 California Environmental Issues (3)

Prerequisites/Corequisites: (GEOL 102, GEOL 104 OR GEOG 140 or GEOG 130) and (BIOL 200 or BIOL 211 or ECON 101 or ECON 300); or instructor consent.

GEOL 102 General Geology (3)

**C" or better required.

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)

* "C" or better required

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 280 Water Resources and Society (3)

Prerequisites: GEOL 102, GEOL 104. Four years of high school mathematics.

Take one of the following choices:

BIOL 200 General Biology (4)

**C" or better required.

Prerequisite: GE Foundation requirements.

BIOL 211 Introduction to Evolution and Diversity (4)

**C" or better required.

Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

Take one of the following courses:

("C" or better required)

CHEM 111A, CHEM 140; GEOL 191;

Take one of the following courses:

GEOG 200 (3)

Or

STAT 108. Statistics for Everyday Life (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11 or MAPB 12.

Take one of the following courses ("C" or better required.):

MATH 115, MATH 119A, MATH 122

*Take one of the following courses:

GEOG 101 or GEOG 140

or

Any Introductory Environmental Science or Studies

course
Upper Division

Take all of the following courses:

E SP 330 California Ecosystems (3)
Prerequisites: GEOG 101 or GEOG 130 or GEOG 140 or ES&P 200 AND GEOG 200 or STAT 108 or BIOL 260.

ES P 300 Environmental Law and Policy (3)
Prerequisites: ESP 200 and upper division standing; or consent of instructor.

ES P 400 Environmental Science and Policy Capstone Project (3)
Prerequisites: BIOL 350 or ESP 330; ECON 306 or ECON 462 or ECON 463 or ECON 464 or CE 406; ESP 300; GEOG 481 or GEOG 473; GEOL 300; OR consent of instructor. In addition, students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for GEAR.

GEOL 300 Earth Systems and Global Change (3)
Prerequisites: GE Foundation requirement, upper division standing, and CHEM 100 or CHEM 111A or GEOL 102 or GEOL 106 with a grade of "C" or better

Take one of the following courses:

ECON 310 Microeconomic Theory (3)
Prerequisites: ECON 100, ECON 101, and either MATH 115 or MATH 122, with grades of "C" or better in all prerequisite courses.

ECON 317 (3)
Prerequisite: ECON 100, 101 and MATH 115, MATH 119A or B, or MATH 122

Take one of the following courses:

GEOG 473 Remote Sensing (4)
Prerequisites GEOG 200 (or equivalent) and GEOG 280 or consent of instructor.

GEOG 481 Geographic Information Science for Natural Sciences (4)
Prerequisites: Junior/Senior/Graduate standing; GEOG 140 or BIOL 153 or GEOL 102.

Take one course selected from the following:

POSC 328, POSC 329, POSC 431, POSC 432 ,
GEOG 446

Take one course selected from the following:

ECON 462, ECON 463, ECON 464

Take one course selected from the following:

GEOG 442, GEOG 447, GEOG 455, GEOG 458

Take one course selected from the following:

HIST 464, HIST 482; ENGL 444; ASAM 350; WGSS 424

Take one course selected from the following:

ANTH 450; BIOL 457, BIOL 459, ENGL 444; ESP 392; ESP 495; GEOG 443, GEOG 448, GEOG 486, GEOG 492; HIST 482; NSCI 492

Additional 6 units of course work selected from courses approved as options satisfying upper division requirements above or from the following approved list of additional courses; all must be upper division or approved by the advisor.

Additional Approved Courses:

AIS 336, ANTH 401; BIOL 450, BIOL 456; ECON 355, ECON 403, ECON 410, ECON 434, ECON 485, ECON 486; ENGR 302; ESP 490, ESP 491, ESP 499; GEOG 340, GEOG 355, GEOG 400, GEOG 440, GEOG 441, GEOG 443, GEOG 444, GEOG 445, GEOG 452, GEOG 460, GEOG 464, GEOG 471, GEOG 473; GEOG 475, GEOG 482, GEOG 487A, GEOG 488;

GEOL 303, GEOL 339, GEOL 445 HFHM 370; MKTG 405; SOC 350, SOC 355, SOC 410.

Bachelor of Science in Environmental Science and Policy (120 units)

Requirements

Lower Division:

Take all the following courses:

BIOL 211 Introduction to Evolution and Diversity (4)

**"C" or better required.

Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

BIOL 212 Introduction to Cell and Molecular Biology (4)

**"C" or better required.

Prerequisites: BIOL 211, CHEM 111A with grades of "C" or better. Prerequisite/Corequisite: CHEM 111B.

BIOL 213 Introduction to Ecology and Physiology (4)

**"C" or better required.

Prerequisites: BIOL 211, BIOL 212, CHEM 111B, each with a grade of "C" or better.

BIOL 260 Biostatistics (3)

**"C" or better required.

Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.

CHEM 111A General Chemistry (5)

**"C" or better required.

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)

**"C" or better required.

Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

CHEM 227 (or CHEM 220A) Fundamentals of Organic Chemistry (3)

Prerequisite: CHEM 111A with a grade of "C" or better; CHEM 111B is recommended.

ECON 101 (or 300, with advisor approval) Principles of Microeconomics (3)

* "C" or better required

Prerequisite/Corequisite: MATH 103 or higher.

ES P 200 California Environmental Issues (3)

Prerequisites/Corequisites: (GEOL 102, GEOL 104 OR GEOG 140 or GEOG 130) and (BIOL 200 or BIOL 211 or ECON 101 or ECON 300); or instructor consent.

GEOL 102 General Geology (3)

**"C" or better required.

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)

("C" or better required)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 280 Water Resources and Society (3)

Prerequisites: GEOL 102, GEOL 104. Four years of high school mathematics.

Take one the following courses:

MATH 122 Calculus I (4)

**"C" or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

Or

MATH 119A Survey of Calculus I (3)

("C" or better required)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 113.

Take one the following courses:

MATH 123 (or 119B with advisor approval) Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

Or

MATH 119B Survey of Calculus II (3)

Prerequisite: A grade of "C" or better in MATH 119A or MATH 122.

Take one the following courses:

PHYS 151 (or PHYS 100A with advisor approval)

Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

Or

PHYS 100A General Physics (4)

Prerequisite: MATH 109 or MATH 113 or MATH 119A or MATH 122

(BIOL 111, BIOL 111L, BIOL 212, BIOL 212L, BIOL 213, BIOL 213L are required if courses were taken prior to catalog year 2010-11; also, if a transfer student took courses equivalent to BIOL 211, BIOL 212, or BIOL 213 at another institution without labs, they must take BIOL 212L, BIOL 213L, and BIOL 213L here)

Upper Division:

Take all the following courses:

BIOL 350 General Ecology (3)

Prerequisites: BIOL 211, BIOL 212, BIOL 213, BIOL 260; MATH 119A or MATH 122 all with a grade of "C" or better.

ES P 300 Environmental Law and Policy (3)

Prerequisites: ESP 200 and upper division standing; or consent of instructor.

ES P 400 Environmental Science and Policy Capstone Project (3)

Prerequisites: BIOL 350 or ESP 330; ECON 306 or ECON 462 or ECON 463 or ECON 464 or CE 406; ESP 300; GEOG 481 or GEOL 473; GEOL 300; OR consent of instructor. In addition, students must have scored 11 or higher on the GWAR Placement Examination or completed the necessary portfolio course that is a prerequisite for GWAR.

GEOL 300 Earth Systems and Global Change (3)

Prerequisites: GE Foundation requirement, upper division standing, and CHEM 100 or CHEM 111A or GEOL 102 or GEOL 106 with a grade of "C" or better.

Take one of the following courses:

GEOG 481 Geographic Information Science for Natural Sciences (4)

Prerequisites: Junior/Senior/Graduate standing; GEOG 140 or BIOL 153 or GEOL 102.

Or

GEOG 473 Remote Sensing (4)

Prerequisites GEOG 200 (or equivalent) and GEOG 280 or consent of instructor.

Take one of the following courses:

ECON 306 Environmental Issues of the World Economy (3)

Prerequisites: G.E. Foundation and the Category B requirement, and ECON 101.

CE 406 Project Cost-Benefit Analysis (3)

Prerequisite: GE Foundation requirements.

Take 3 units of social science electives, chosen from the following:

GEOG 340, GEOG 355, GEOG 440, GEOG 446, GEOG 447, GEOG 448, GEOG 455, GEOG 458, GEOG 460; GEOG 464; HIST 482; ENGL 444; ASAM 350; SOC 350; WGSS 424; ECON 462, ECON 463, ECON 464

Take 9 units of natural science electives, chosen from the following:

BIOL 312, BIOL 313, BIOL 316, BIOL 324, BIOL 342, BIOL 345, BIOL 353, BIOL 355, BIOL 412, BIOL 415, BIOL 419, BIOL 420, BIOL 421, BIOL 423, BIOL 424, BIOL 427, BIOL 439, BIOL 449, BIOL 450, BIOL 451, BIOL 452, BIOL 453, BIOL 454A, BIOL 454B, BIOL 455, BIOL 456, BIOL 457, BIOL 459, BIOL 496; GEOL 303, GEOL 339, GEOL 341, GEOL 445, GEOL 461, GEOL 465, GEOL 466, GEOL 474, GEOL 477.

Take an additional 3 units selected from the social science or natural science electives listed above if necessary to meet the university requirement for upper division units.

Minor in Environmental Science and Policy

This minor may be combined with any major at CSULB except the B.A. and B.S. in Environmental Science and Policy. It requires a minimum of 20 units (at least 9 of which must be upper division) of course work.

Prerequisites

Take all the following prerequisite courses (do not count toward the minor):

GEOL 102 and GEOL 104; OR GEOG 140 OR GEOG 130 OR GEOG 101) AND (BIOL 200 OR ECON 101).

Requirements

Take all the following courses:

ES P 200 California Environmental Issues (3)

Prerequisites/Corequisites: (GEOL 102, GEOL 104 OR GEOG 140 or GEOG 130) and (BIOL 200 or BIOL 211 or ECON 101 or ECON 300); or instructor consent.

ES P 300 Environmental Law and Policy (3)

Prerequisites: ESP 200 and upper division standing; or consent of instructor.

Take a minimum of 14 units from the following:

At least 9 units of sustainability coursework from the following list:

AIS 336 Indigenous Philosophies of Sustainability; ASAM 350: Environmental Justice; BIOL 459: Conservation Biology; DESN 268: Sustainability by Design; ENGR 302i: Energy and Environment; ESP 392: Climate Action and Sustainability at CSULB; GEOG 355i: International Environmental Issues; GEOG 464: Sustainable Cities; HFHM 370: Exploring a Sustainable Food System; MKTG 405: Green Marketing and Sustainability.

With no more than two elective courses from the following list:

BIOL 350, BIOL 353, BIOL 450, BIOL 451, BIOL 456, BIOL 457, BIOL 459, BIOL 464; ECON 306, ECON 462, ECON 463, ECON 464; GEOG 440, GEOG 442, GEOG 443, GEOG 444, GEOG 447, GEOG 448, GEOG 455, GEOG 458, GEOG 460,

GEOG 481, GEOG 487A; and GEOL 280, GEOL 300, GEOL 303, GEOL 339, GEOL 465, GEOL 466, GEOL 477, HIST 482, ENGL 444, WGSS 424.

Environmental Science and Policy Courses (ES P)

LOWER DIVISION

200. California Environmental Issues (3)

Prerequisites/Corequisites: (GEOL 102, GEOL 104 OR GEOG 140 or GEOG 130) and (BIOL 200 or BIOL 211 or ECON 101 or ECON 300); or instructor consent.

Introduction to the history, nature, status, and future of a major environmental issue in California. Biological, physical, and societal aspects will be examined and integrated with the goal of developing a plan to meet the challenges of the 21st Century.

Letter grade only (A-F). (Lecture 2 hrs., discussion 1 hr., and field trips.)

UPPER DIVISION

300. Environmental Law and Policy (3)

Prerequisites: ESP 200 and upper division standing; or consent of instructor.

Property rights, federal and state roles in decision-making, rights and limits of both private parties and the broad public interest. Emphasis on science in decision-making, choices between regulations and incentives, and role of bureaucracy.

Letter grade only (A-F). (2 hrs lecture, 1 hr discussion).

330. California Ecosystems (3)

Prerequisites: GEOG 101 or GEOG 130 or GEOG 140 or ESP 200; AND GEOG 200 or STAT 108 or BIOL 260

Introduction to the ecology and biogeography of natural California landscapes, including field examination of habitats, collection and analysis of environmental data, and reporting of field or laboratory findings.

Letter grade only (A-F). Same course as GEOG 330. Not open for credit to students with credit in GEOG 330..

(2 hours lecture/activity, 2 hours field/laboratory)

392. Climate Action and Sustainability at CSULB (3)

Prerequisites: Completion of the entire Foundation curriculum along with one or more Explorations courses and upper-division standing

Students join CSULB's efforts to achieve climate neutrality (zero net greenhouse gas emissions) and sustainability through service learning assignments working with staff, faculty and community partners. Provides opportunities for all majors to apply and develop skills through hands-on experience.

6 hours activity. Same course as GEOG 392. Not open for credit to students with credit in GEOG 392.

400. Environmental Science and Policy Capstone Project (3)

Prerequisites: BIOL 350 or ESP 330; ECON 306 or ECON 462 or ECON 463 or ECON 464 or CE 406; ESP 300; GEOG 481 or GEOL 473; GEOL 300; OR consent of instructor. In addition, students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for GEAR.

An interdisciplinary evaluation of the physical, biological, social, economic, and legal dimensions of a local environmental issue. Examples include policies to control surface water run-off, policies for marine protected areas, dredging harbors, and developing, preserving, restoring wetlands and estuaries.

Letter grade only (A-F). (2 hrs lecture, 3 hr laboratory-field work).

490. Selected Topics in Environmental Science and Policy (3)

Prerequisite: Consent of instructor.

Topics of current interest in environmental science and policy selected for intensive development.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

491. Senior Thesis/Project in Environmental Science and Policy (1-6)

Prerequisites: Senior standing and consent of instructor.

Final completion of a thesis or research project.

May be repeated to a maximum of 6 units in different semesters.

Letter grade only (A-F).

495. Applied Internship (3)

Prerequisites: Upper division standing and consent of instructor. Open to majors only.

Practical experience in an appropriate business, government or community-based organization to enhance professional development.

Same course as GEOG 492. Not open for credit to students with credit on GEOG 492. May be repeated to a maximum of 6 units; a second semester experience shall differ substantially from first semester experience. (6 hours activity/laboratory)

499. Environmental Science and Policy Directed Study (1-6)

Prerequisite: Consent of instructor.

Independent study under the supervision of a faculty member.

May be repeated to a maximum of 6 units in different semesters.

FAMILY AND CONSUMER SCIENCES

College of Health and Human Services

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Michelle Barrack, Lee Blecher, Marie Botkin, Maria Claver, Gail C. Frank, Virginia Gray, Libby Gustin, Young Ha, HyeJeong King, James E. Koval, Peter Kreysa, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Cheryl Rock, Roudi Roy, MyungHee Sohn, Richard V. Tuveson, Long Wang, Jung-Mao (Ronnie) Yeh

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Virginia Gray

Administrative Support Coordinators:
Mikal Lok, Marina Bendersky, Andrew Redmayne

Instructional Support Technician: Bonnie Rice

Accreditation

The Department of Family and Consumer Sciences is accredited by the American Association of Family and Consumer Sciences (AAFCS) (American Association of Family and Consumer Sciences, Council for Accreditation, 1555 King Street, Alexandria, VA 22314, phone: 703-706-4600). The Didactic Program in Dietetics and the Dietetic Internship are currently granted accreditation by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics, 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, phone: 312-899-0040, ext. 5400. The Hospitality Management program is accredited by the Accreditation Commission for Programs in Hospitality Administration. The Preschool and Toddler Study Laboratories are accredited by The National Association for the Education of Young Children. Family Studies Program is approved by the National Council on Family Relations to offer a program leading to Provisional Family Life Education Certification.

Undergraduate Programs

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family Life Education
- Fashion Design
- Fashion Merchandising

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Dietetics and Food Administration

This degree offers two options:

- Nutrition and Dietetics
- Food Science (suspended)

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Hospitality Management

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Graduate Programs

Master of Arts in Family and Consumer Sciences

Please note, admission to this program is currently suspended to new students.

A Master's in Business Administration (MBA) with a Specialization in Consumer Affairs, Fashion Merchandising and Design, or Hospitality Management is offered through the College of Business Administration. Please contact the advisor in these areas for further information. The advisors include:

- Dr. Wendy Reiboldt (Wendy.Reiboldt@csulb.edu), Consumer Affairs
- Dr. Marine Aghekyan (Marine.Aghekyan@csulb.edu), Fashion Merchandising and Design
- Dr. Libby Gustin (Libby.Gustin@csulb.edu), Hospitality Management

This program is designed to prepare students with a background in program evaluation and administration, research methods, and application of advanced subject matter knowledge to enhance the quality of life of individuals, families, and communities. The advanced candidate selects either a thesis track or directed project track to facilitate a selected career path.

There are four specializations in this program:

- Consumer Affairs
- Family and Consumer Sciences Education
- Fashion Merchandising
- Hospitality Management

Interested students should contact the Department of Family and Consumer Sciences Graduate Coordinator at (562) 985-4484. Online information can be found at <http://www.csulb.edu/colleges/chhs/departments/fcs/programs/graduate/MADegree.htm>.

Admission

Prospective applicants must comply with University requirements for admission to graduate studies as outlined in this catalog. Students must concurrently submit application to the University Admissions and Records office and the Department. A cohort of students will be admitted each Fall semester.

Admission Requirements to the Department

Admission to the Master of Arts in Family and Consumer Sciences is dependent upon approval by the Graduate

Coordinator. The application requirements for prospective graduate students for the Master of Arts degree are:

1. Meet minimum University requirements for admission as well as the standards established by the program.
2. One letter of recommendation sent to the Graduate Coordinator.
3. Additional materials that provide evidence of academic performance may be requested (at a later date) after review of applicant's file.
4. Approval by the Graduate Coordinator.
5. For students specializing in Fashion Merchandising, GRE scores are required.

Prerequisites

1. Students are responsible for meeting all prerequisite requirements prior to enrolling in 500/600 level courses.
 - A. The Graduate Coordinator and/or faculty advisor will evaluate transcripts. The student who needs to complete prerequisite deficiencies must do so using a program of study developed with the specialization area faculty advisor and approved by the Graduate Coordinator.
 - B. The student who needs to pass the Test of English as a Foreign Language (TOEFL) must do so within one year of admission.
2. Students from other disciplines may be required to complete prerequisite courses before enrolling in 500/600 level courses.
3. Prerequisites for all courses carrying graduate credit must have been completed within five years of taking the graduate courses. If the prerequisite is outdated, the prerequisite(s) must be repeated or credit obtained by examination.
4. Students deficient in undergraduate preparation must take courses to remove these deficiencies at the discretion of faculty in the specified subject matter area and the Graduate Coordinator. Courses taken to remove deficiencies may not be included in the graduate program of study.

Retention

1. Maintain a 3.0 or better grade point average in all graduate work completed at CSULB and all graduate work transferred to meet graduate requirements.
2. Maintain satisfactory progress toward the degree objective.

Advancement to Candidacy

1. Satisfy the general University requirements for Advancement to Candidacy;
2. Complete all required core courses: EDP 419; FCS 563, FCS 600, FCS 696
3. Approval of the Graduate Coordinator, and Associate Dean of the College of Health and Human Services.

Requirements for Graduation

1. Meet University regulations that apply to all graduate programs.
2. Complete minimum of 30 units of approved upper-division and graduate courses.
3. Complete the following required core courses (12 units):
FCS 563 Program Evaluation (3)

Prerequisites: Upper division or graduate course in statistics; FCS 696 (may be taken concurrently) or equivalent.

FCS 600 Seminar in Leadership and Administration (3)
Prerequisites: Graduate standing.

FCS 691 Instructional Strategies (3)
Prerequisite: Graduate standing.

FCS 696 Research Methods (3)
Prerequisites: Upper-division course in statistics.

4. Take the following courses (6 units):

FCS 697 Directed Research (3)
Prerequisites: Advancement to candidacy.
and

FCS 692 Directed Project (3)
Prerequisites: FCS 697.
or

FCS 698 Thesis (3)
Prerequisites: FCS 697.

5. Complete an additional 12 units of Advisor approved courses.
6. Complete a defense of the research proposal, and oral defense of Thesis or Directed Project to the research committee, and Poster Presentation at FCS Department Poster Session.

Master of Science in Nutritional Science

This degree offers four emphases: Nutritional Science, Latino Health and Nutrition, Food Science, and Dietetic Internship.

Admission Criteria

Prospective applicants must comply with University requirements for admission to graduate studies as outlined in this catalog. Students must concurrently submit applications to the University Admissions and Records Office and the Department of Family and Consumer Sciences.

Admission to the Master of Science in Nutritional Science is dependent upon the recommendation by the Graduate Coordinator and the College of Health and Human Services Associate Dean. The requirements for prospective graduate students for the Master of Science degree are:

1. A bachelor's degree in Nutrition, Dietetics, or related field with an undergraduate overall GPA of 3.0 and a GPA of 3.0 on the last 60 undergraduate units attempted.
2. A minimum score of 4 on the Analytical Writing section of the general GRE.
3. A passing score on the test of English as a Foreign Language (TOEFL) if the applicant's native language is not English and preparatory education was principally in a language other than English.
4. Submission of the following to the Graduate Coordinator in the Department of Family and Consumer Sciences:
 - A. A copy of the completed application submitted to the CSULB Office of Enrollment Services.
 - B. Three letters of recommendation with at least two from instructors who have direct knowledge of the applicant's scholastic ability and professional qualifications.
5. Completion of all prerequisites for 500/600 level courses prior to admission.

CSUMENTOR.edu and Program Applications must be postmarked by February 15th for admission the following fall.

Additional Admission Criteria for Students Choosing the Dietetic Internship Emphasis

1. Completion of an ACEND accredited Didactic Program in Dietetics with an original Verification Statement from the Didactic Program Director;
2. Related volunteer or work experience in the United States;
3. Completion of the Dietetic Internship Centralized Application System (DICAS) application by February 15th;
4. Additional application materials to Program Director postmarked by February 15th which includes a nutrition-related experience worksheet and a GPA calculation sheet (both forms can be downloaded from the Internship Program website: www.csulb.edu/dieteticinternship); and,
5. Interview with Program Director and review committee.

Prerequisites

1. Prerequisites for all courses carrying graduate credit must have been completed within five years of taking the graduate courses. If any prerequisite is outdated, it may be repeated or credit obtained by written examination.

Advancement to Candidacy

1. Complete 9 units of graduate courses, including FCS 696.
2. Maintain a 3.0 GPA for all course work attempted as a graduate student.
3. Complete a Program of Study in consultation with a faculty advisor.
4. Approval by the Graduate Coordinator of Family and Consumer Sciences and the Associate Dean of the College of Health and Human Services.
5. Enrolled in the semester in which the Advancement to Candidacy takes place.

Retention

1. Maintain a minimum of 3.0 GPA in all graduate work completed at CSULB and all graduate work transferred to meet graduate requirements.
2. Maintain satisfactory progress toward the degree objective.

Requirements

Completion of a minimum of 36 units.

Take all of the following core courses (15 units)

EDP 519 or HSC 503 or statistics course approved by the faculty advisor.

FCS 530A Carbohydrates, Lipids and Proteins (3)
Prerequisites: NUTR 436, NUTR 436L, BIOL 260.

FCS 530B Vitamins and Minerals (3)
Prerequisites: NUTR 436, NUTR 436L, BIOL 260.

FCS 696 Research Methods (3)
Prerequisite: Upper-division course in statistics.

FCS 697 Directed Research (3)
Prerequisite: Advancement to candidacy.

Take one of the following capstone courses (3 units):

FCS 692 Directed Project (3)
Prerequisite: FCS 697.

FCS 698 Thesis (3)

Prerequisite: FCS 697

Defense of Research Proposal, Oral Defense of Thesis or Directed Project to Committee, and Poster Presentation at FCS Department Poster Session

Complete one of the following emphases (18 units):

1. Select 6 courses for the Nutritional Science Emphasis.
FCS 531, FCS 539, FCS 563, FCS/KIN 568, FCS 636; BIOL 570; COUN 513; EDAD 541, EDAD 677A; HSC 430, HSC 500; KIN 551, KIN 566
Or other courses selected in consultation with the Graduate Advisor.
2. Select 6 courses in the Latino Health and Nutrition Emphasis:
HSC 507; FCS or HSC 534; FCS or HSC 537; HHS 592A, HHS 634, HHS 635
3. Select 6 courses in the Food Science Emphasis:
FCS 532, FCS 535, FCS 592, FCS 597

Electives selected in consultation with Graduate Advisor (6)

4. Academy of Nutrition and Dietetics Accredited Internship Program:
FCS 591A Professional Practicum in Dietetics (3,3,3)
FCS 591B Seminar in Dietetic Practice (3,3)
One 3 unit elective course (3)

The department offers a combined Master of Science in Nutritional Science and Internship Program in Nutrition and Dietetics (IPND) supervised practice. The IPND is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND). Upon successful completion of the IPND, the student will be eligible to write the Registration Examination for Dietitians.

The IPND's mission is to provide contemporary training of the entry-level nutrition professionals who will become valued leaders in multi-ethnic communities, healthcare programs and food production settings for the years 2012-2022. Two major goals of the IPND are:

1. To prepare entry-level dietitians who can apply the science of nutrition for the well-being of individuals throughout the lifecycle, and
2. To prepare graduates of a Master of Science in Nutritional Science degree who are dedicated and confident in their profession.

The Internship Program has a "Nutrition Across the Life Cycle Communication" (NALCC) Concentration. The concentration is designed to develop unique communication, education and health promotion skills. These skills will enhance the ability of graduates to interview, counsel, and guide individuals with nutrition decisions and eating behaviors at all ages of individuals across the life cycle. In addition, the concentration prepares graduates with the ability to develop health promotion and chronic disease prevention programs for individuals and groups.

The IPND provides 1,200 hours of practicum experience (FCS 591A: Professional Practicum in Dietetics) within

a broad array of disciplines including nutrition therapy, foodservice systems management, community and business/ entrepreneurial nutrition. The supervised practice is conducted off campus at a variety of excellent facilities including, but not limited to, medical centers, health departments, school districts and community service organizations. An additional didactic course (FCS 591B: Seminar in Dietetic Practice) supporting the practicum is taken and constitutes 276 hours of class time.

The student must enroll in a minimum of two full academic years to finish both the M.S. in Nutritional Science and the Internship Program. Graduate coursework is to be completed the first year (fall, spring, and summer). Supervised practice is to be completed the second year (second summer session, fall, spring, and summer). The thesis or project is to be completed by the end of the second year.

Dietetic Internship Completion

The student will complete the MS/IPND when the following has been achieved:

1. Completion of 1,200 hours of practicum (FCS 591A) with a minimum of satisfactory performance as evaluated by preceptors and receiving a credit grade in the course;
2. Completion of the Seminar in Dietetic Practice: FCS 591B with a grade of B or higher;
3. Completion of all designated graduate courses with a grade of "B" or higher;
4. Completion of 15 units of core courses and one 3 unit elective course;
5. A written Thesis or Directed Project; and
6. Defense of Research Proposal, Oral Defense of Thesis or Directed Project to Committee, and Poster Presentation at FCS Department Poster Session.

When the student meets these requirements, he/she will receive an ACEND Verification Statement signed by the Program Director. The graduate will then be eligible to attempt the Registered Dietitian exam.

Students can view details of the dietetic internship at www.csulb.edu/dieteticinternship.

Single Subject Teaching Credential in Home Economics

For information, refer to the undergraduate section in Family and Consumer Sciences Education.

Family and Consumer Sciences Courses (FCS)

LOWER DIVISION

299. Introduction to Family and Consumer Sciences (1)

Must be taken during first semester as Family and Consumer Sciences or Dietetics and Food Administration major. Provides a general overview of Family and Consumer Sciences as a discipline of study and a profession. Examines historical and philosophical perspectives and considers issues, trends, and career opportunities within each option in the department.

Letter grade only (A-F). (Lecture-discussion 1 hour) Not open for credit to students with credit in FCSE 299.

UPPER DIVISION

392. FCS Field Experience (3)

Prerequisites: Upper division standing; majoring in a FCS specialization; consent of instructor.

Field experience (120 hours). Student assumes a pre-professional role in an agency, school, business, or community setting.

Objectives and placement preapproved by student's major faculty advisor. Internship supervisor monitors and evaluates student performance based on contractual, pre-established criteria.

Letter grading only (A-F). May be repeated for a maximum of 6 units in different semesters. Not open for credit to students with credit in FCSE 392.

392A. Field Experience in Child Development and Family Studies (3)

Prerequisites: Upper division standing; major in Family and Consumer Sciences with an Option in Child Development and Family Studies; Consent of Instructor. Not open for credit to students with 6 units of FCSE 392. May not be taken concurrently with CDFS 492A or CDFS 492B.

Field experience (120 hours). Student assumes a pre-professional role in a setting focusing on child development and family studies. Objectives and placement preapproved by major faculty advisor. Internship supervisor monitors and evaluates performance based on contractual, pre-established criteria.

Letter grading only (A-F). May be repeated for a maximum of six units in different semesters.

490. Selected Topics in Family and Consumer Sciences (1-3)

Group investigation of selected topics.

May be repeated to a maximum of 9 units. Topics announced in the *Schedule of Classes*. (Seminar 1-3 hours) Not open for credit to students with credit in FCSE 490, FCSE 490B or FCSE 490D.

B. New York Fashion Study Tour (course fee may be required)

D. Children and Families in New Zealand and in the U.S.A. Comparative Study Child U.S. and N.Z.

492G. Internship in Gerontology (3)

Prerequisites: Student must be a Gerontology Certificate candidate; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of the Gerontology program director; and GERN 400, ANTH 454, PSY 365 or HDEV 357. Each prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. Same course as GERN 492G. Not open for credit to students with credit in GERN 492G. (Seminar 3 hours)

497. Directed Studies (1-3)

Prerequisites: Upper division standing, consent of instructor.

Independent study under the supervision of a faculty member. Exploration/experience in areas not a part of any regular course.

May be repeated to a maximum of 6 units. Not open for credit to students with credit in FCSE 497.

499. Professionalism and Leadership in Family and Consumer Sciences (1)

Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.

Analysis of contemporary issues, public policies and future directions of FCS as discipline of study and a profession with integrated specializations.

Letter grade only (A-F). (Lecture-Discussion 2 hours) Not open for credit to students with credit in FCSE 499.

GRADUATE LEVEL

502. Child and Family Law (3)

Prerequisites: CDFS 312 and upper division standing.

Establishment, conduct, and termination of marital and non-marital family relationships, including the rights and duties of the parties involved. Topics include marital disillusionment, child custody issues, property rights, domestic violence, adoption, support, genetic testing, and new trends in family law.

Letter grade only (A-F). (Lecture-discussion 3 hours)

520. Personal Finance for the Aging (3)

Prerequisites: 400-level course in Consumer Affairs or consent of instructor.

Personal finance as applied to the aging population.

Letter grade only (A-F). Same course as GERN 520. Not open for credit to students with credit in GERN 520. (Lecture-discussion 3 hours)

525. Personal Financial Planning Analyses (3)

Prerequisites: CAFF 223 or consent of instructor.

Analysis and protection of personal and family resources; planning and forecasting goals; development of financial strategies utilizing insurance, investment, tax management, pensions, wills and trusts.

Letter grade only (A-F).

526. Family Financial Problems (3)

Prerequisites: CAFF 223 or consent of instructor.

Theory and practice in the diagnosis of family financial crises; selecting alternative solutions; constructing practical methods for the prevention of family financial problems.

Letter grade only (A-F). (2 hours discussion, 3 hours laboratory).

529. Consumer Protection (3)

Prerequisites: Upper Division course in consumer affairs or consent of instructor.

Concepts of consumer protection with analysis of a myriad of resources available for individuals and families with consumer problems.

Letter grade only (A-F). (Seminar 3 hours)

530A. Carbohydrates, Lipids and Proteins (3)

Prerequisites: NUTR 436, NUTR 436L, BIOL 260.

Nutritional, metabolic and clinical aspects of carbohydrates, lipids and proteins. Current knowledge of interactions between macronutrients and assessment of needs.

Letter grade only (A-F). (Seminar 3 hours)

530B. Vitamins and Minerals (3)

Prerequisites: NUTR 436, NUTR 436L, BIOL 260.

Nutritional, metabolic and clinical aspects of vitamins and minerals. Current knowledge of interactions between micro- and macro-nutrients. Principles of nutritional status assessment and determination of needs.

Letter grade only (A-F). (Seminar 3 hours)

531. Advanced Community Nutrition (3)

Prerequisites: NUTR 436 and NUTR 436L; NUTR 461.

Program planning and evaluation with emphasis on major nutrition-related public health problems among target populations. Protocol development, collection and analysis of data. Verbal and written communications.

Letter grade only (A-F). (Lecture-discussion 3 hours)

532. Food Analysis (3)

Prerequisites: CHEM 227, FSCI 332 or equivalent.

Application of scientific methods of food analysis. Consideration of manner in which such variables as ingredients, proportions, and techniques in food preparation affect the quality of products. Experimental laboratory problems.

Letter grade only (A-F). Course fee may be required. (Seminar 2 hours, Laboratory 3 hours)

534. Advanced Latino Nutrition, Health and Chronic Disease Prevention (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Explores nutrition-related and contextual factors associated with the high rates of chronic disease among diverse Latino-specific subpopulations and provides culturally relevant strategies for prevention.

Letter grade only (A-F). Same course as HSC 534. Not open for credit to students with credit in HSC 534.

535. Food Processing, Preservation and Packaging (3)

Prerequisites: FSCI 332 or consent of instructor.

Methods and technological aspects in food processing, preservation and packaging. Application of principles and assessment of nutrition. Evaluation of chemical additives. Microbiological aspects of food safety.

(Lecture-discussion 2 hours, Laboratory 3 hours)

537. Culturally Responsive Nutrition Promotion for Latinos (3)

Prerequisites: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science or related field.

Explores the need and methods to develop culturally and linguistically relevant nutrition education with a focus on the Latino population. Students will analyze, evaluate, and create culturally competent nutrition interventions for the Latino community.

Letter grade only (A-F). Same course as HSC 537. Not open to students with credit in HSC 537.

539. Nutrition and Aging (3)

Prerequisites: NUTR 132 or BIOL 207 or BIOL 301 or GERN 400 or consent of instructor.

Nutritional needs as related to physiological changes that occur during aging. Factors that influence food intake and nutritional status of the elderly. Diet adaptation for chronic diseases commonly found in older adults.

Letter grade only (A-F). Same course as GERN 539. Not open for credit for students with credit in GERN 439, GERN 539 or NUTR 439.

555. Global Perspectives in Fashion Merchandising (3)

Prerequisites: FMD 351 and FMD 355, MKTG 300, and Graduate standing, or consent of instructor.

Application of merchandising concepts for the budgeting, buying, promoting, and selling of fashion apparel and accessories in global retail organizations.

Letter grade only (A-F).

558. Fashion Product Development (3)

Prerequisites: FMD 353, Graduate standing, or consent of the instructor.

Process of designing and engineering fashion products to be serviceable, producible, salable, and profitable for various consumer market segments.

Letter grade only (A-F).

563. Program Evaluation (3)

Prerequisites: Upper division or graduate course in statistics; FCS 696 (may be taken concurrently) or equivalent.

Principles, design, and methods of program evaluation for use by Family and Consumer Sciences and Gerontology professionals. Selection and development of instrumentation for data collection and interpretation and methods of reporting.

Letter grade only (A-F). Same course as GERN 563. Not open for credit to students with credit in GERN 563. (Seminar 3 hours).

568. Nutrition for Exercise and Performance (3)

Prerequisites: NUTR 132, KIN 301 for the KIN Fitness option and the KIN Exercise Science option or BIOL 207 for the Nutrition and Dietetics option.

Explores the role nutrients play in exercise and performance enhancement. Topics include evaluation of energy needs during physical activity, examination of weight management practices, assessment of nutritional status, and investigation of contemporary dietary issues related to exercise.

Letter grade only (A-F). Same course as KIN 568. Not open for credit to students with credit in KIN 568. Open to all graduate Kinesiology students in the the Adapted Physical Education, Coaching and Student Athlete Development , Pedagogical Studies (for K-12 teachers), Sport Management, Individualized Studies, Exercise Science, Exercise Physiology and Nutrition, Sport and Exercise Psychology, and Sports Medicine and Injury Studies options and M.S. students in the Nutritional Science without Dietetic Internship, Nutritional Science with Dietetic Internship, and Food Science emphases and/or consent of instructor.

574. Cost Control in Hospitality Foodservice and Hotel Management (3)

Prerequisites: HFHM 275 or HFHM 276 or consent of instructor

Financial management of food, labor, supplies, and other operational costs; procedures for controlling purchasing, receiving, storing, and issuing of food, beverage, and supplies; inventory and security management; computer applications; and analysis of financial reports in hospitality foodservice and hotel industry.

Letter grade only (A-F). (Lecture/Discussion 3 hours).

577. Restaurant and Dining Management (3)

Prerequisites: HFHM 276 or consent of instructor.

Principles of organization and administration in commercial and non-commercial foodservice operations are explored. Includes food purchasing, receiving, storage, inventory control, marketing, organizational management, human resource management, productivity, financial management, and quality management as applied to the foodservice industry. Fieldtrips required.

Letter grade only (A-F). (Discussion 3 units)

590. Selected Topics in Family and Consumer Sciences (3)

Prerequisites: Enrollment in a graduate major in the Family and Consumer Sciences department; advancement to candidacy; instructor consent.

Advanced and specialized topics of current interest in the field of family and consumer sciences selected for intensive development. Topics are announced in the Schedule of Classes.

Both grading options. May be repeated to a maximum of 6 units with different topics in different semesters. (3 hours seminar)

591A. Professional Practicum in Dietetics (3)

Prerequisite: Admission in the Academy of Nutrition and Dietetics Accredited Dietetic Internship.

Supervised practicum at contracted facilities to meet performance standards and qualify for the national registration examination.

Credit/No Credit grading only. May be repeated to a maximum of 9 units in different semesters. Course fee may be required.

591B. Seminar in Dietetic Practice (3)

Corequisite: FCS 591A.

Oral and written presentations of annotated bibliographies and a clinical case study, reports of professional meetings, examinations and field trips.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (Seminar 1 hour).

591C. Professional Practicum in Dietetics (3)

Prerequisite: Admission to the Academy of Nutrition and Dietetics Individualized Supervised Practice Pathway (ISPP).

Supervised practicum at contracted facilities to meet performance standards and qualify for the national registration examination to become a Registered Dietitian.

Credit/No Credit grading only. May be repeated for a maximum of 18 units in the same or different semesters.

592. Internship in Family and Consumer Sciences/ Gerontology (3)

Prerequisites: Graduate standing and consent of instructor.

Field experience in which student assumes a self directed responsible role in an agency, business or other community setting.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (Seminar 3 hours)

597. Independent Study (1-3)

Prerequisite: A 400-level course in any of the Family and Consumer Sciences disciplines.

Varied learning activities utilized to achieve competency related to Family and Consumer Sciences not offered in regular course. Written report required.

(Projects)

600. Seminar in Leadership and Administration (3)

Prerequisite: Graduate standing.

Application of administration, management and leadership theories to family and consumer sciences/gerontology programs. Decision-making, organizational structures and evaluation concepts included.

Letter grade only (A-F). Same course as GERN 600. Not open for credit to students with credit in GERN 600.

636. Nutrition and the Media (3)

Prerequisites: Graduate standing; NUTR 331 or equivalent.

Basic skills for analyzing and communicating reliable nutrition messages for print and visual media; translating evidenced-based research into consumer messages.

Letter grade only (A-F). (Lecture-activity 3 hours)

691. Instructional Strategies (3)

Prerequisite: Graduate standing.

A structured program on how to create and deliver college-level instruction. Includes design of assignments within a measurable assessment framework, development of teaching strategies, and appropriate use of media and other pedagogical devices.

Letter grade only (A-F). (3 hours lecture-activity)

692. Directed Project (3)

Prerequisite: FCS 697.

Will acquire experiential skills under the guidance of a faculty advisor and supervisor/ preceptor at an approved project site. Will identify problems, design and assess a project or conduct research. Results will be presented in a thesis-style report.

Letter grade only (A-F).

696. Research Methods (3)

Prerequisite: Upper-division course in statistics.

Methodological approaches to contemporary research issues in Family and Consumer Sciences. Focuses on the design, development, and implementation of a formal research-designed project.

Letter grade only (A-F). Same course as GERN 696. Not open for credit to students with credit in GERN 696. (Seminar 3 hours).

697. Directed Research (3)

Prerequisite: Advancement to candidacy.

Students work under supervision of the thesis/directed project chair and with other committee members to complete a proposal for the thesis or directed project.

Letter grade only (A-F).

698. Thesis (3)

Prerequisite: FCS 697.

Planning, preparation and completion of a thesis related to the family and consumer sciences field.

Letter grade only (A-F).

FASHION MERCHANDISING AND DESIGN

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Michelle Barrack, Lee Blecher, Marie Botkin, Maria Claver, Gail C. Frank, Virginia Gray, Libby Gustin, Young Ha, Hye Jeong Kim, James E. Koval, Peter Kreysa, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Cheryl Rock, Roudi Roy, Myung Hee Sohn, Richard V. Tuveson, Long Wang, Jung-Mao (Ronnie) Yeh

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Virginia Gray

Administrative Support Coordinators:

Mikal Lok, Marina Bendersky, Andrew Redmayne

Instructional Support Technician: Bonnie Rice

Career Possibilities

Promotions Specialists • Product Developers • National Promotions Directors • Costume Designers • Designers • Sales Representatives • Buyers • Visual Promotion Directors • Textile Testers (For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family and Consumer Sciences Education
- Family Life Education
- Fashion Design
- Fashion Merchandising

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Dietetics and Food Administration

This degree offers two options:

- Nutrition and Dietetics
- Food Science

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Hospitality Management

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Option in Fashion Merchandising (120 units)

Take all of the following courses:

CAFF 321 Family and Consumer Resource Management (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

ECON 300 Fundamentals of Economics (3)

Prerequisites: GE Foundation requirements.

FCS 299 Intro to Family and Consumer Sciences (1)

Prerequisites: None.

Not open for credit to students with credit in FCSE 299.

FCS 499 Professionalism and Leadership in FCS (1)

Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.

Not open for credit to students with credit in FCSE 499.

FMD 155 Introduction to the Fashion Industry (3)

Prerequisites: None.

FMD 251 Fashion Strategies for Consumers (3)

Prerequisites: GE Foundation requirements.

FMD 253 Introductory Textiles (3)

Prerequisites: None.

FMD 255 Fashion Industry Ethics and Social Responsibility (3)

Prerequisites: A grade of "C" or better in FMD 155.

FMD 258 Fashion Merchandising and Design Practicum (3)

Prerequisites: A grade of "C" or better in FMD 154 or FMD 252, FMD 155, and FMD 251.

FMD 296 Computer Applications for Professionals (3)

Prerequisites: Fashion Merchandising majors and minors: A grade of "C" or better in FMD 155 and Computer Proficiency Exam (CPE) passage; Fashion Design majors or Textiles minors: a grade of "C" or better in FMD 152 and 155, Computer Proficiency Exam (CPE) passage. Non-Fashion Merchandising majors or minors and non-Fashion Design majors or Textiles minors: Computer Proficiency Exam (CPE) Passage.

FMD 350 Fashion Forecasting (3)

Prerequisites: A grade of "C" or better in FMD 258 and FMD 296.

FMD 351 Fashion Promotion and Sales (3)

Prerequisites: A grade of "C" or better in FMD 155 and FMD 296.

FMD 353 Intermediate Textiles (3)

Prerequisites: A grade of "C" or better in CHEM 100, FMD 253, and FMD 296.

FMD 355 Fashion Buying (3)

Prerequisites: A grade of "C" or better in FMD 155 and FMD 258, and Computer Proficiency Exam passage.

FMD 451 The Fashion Customer (3)

Prerequisites: A grade of "C" or better in FMD 351.

FMD 455 International Fashion Retailing(3)

Prerequisites: A grade of "C" or better in FMD 351; senior standing.

FMD 457 Global Sourcing for the Fashion Industry (3)
Prerequisites: Open only to Fashion Merchandising majors, Fashion Design majors, and Textiles minors. For Fashion Merchandising majors: A grade of "C" or better in FMD 355, ECON 300 and senior standing; for Fashion Design majors and Textiles minors: ECON 300 and Senior standing.

FMD 492E Internship in Fashion Merchandising (3)
Prerequisites: A grade of "C" or better in FMD 451 and FMD 455 or FMD 457. Student must be a major in Family and Consumer Sciences in the option of Fashion Merchandising; have senior standing, a 2.5 overall GPA or a 3.0 major GPA.

Take three of the following courses:

FCS 490 Selected Topics in Family and Consumer Sciences (1-3)
Prerequisites: None.

Not open for credit to students with credit in FCSE 490.

FCS 490B New York Fashion Study Tour (1-3)
Prerequisites: None.

Not open for credit to students with credit in FCSE 490B.

FCS 497 Directed Study (1-3)
Prerequisites: Upper division standing, consent of instructor.
Not open for credit to students with credit in FCSE 497.

FMD 356 Fashion Retail Management (3)
Prerequisites: A grade of "C" or better in FMD 355.

FMD 450 Cultural Perspectives of Dress (3)
Prerequisites: GE Foundation requirements; a grade of "C" or better in ANTH 120 or SOC 100 or 142 and upper-division standing.

FMD 456 Historic Perspectives of Fashion (3)
Prerequisites: A grade of "C" or better in FMD 251, FMD 253 and in AH 111A or HIST 131; senior standing.

FMD 458 Fashion Product Development (3)
Prerequisites: A grade of "C" or better in FMD 296 and FMD 353; senior standing.

FMD advisor-approved upper division elective.

Take one of the following courses:

FMD 154 Fundamentals of Apparel Production (3)
Prerequisites: None.

FMD 252 Analysis, Evaluation and Comparison of Ready To Wear (3)
Prerequisites: None.

Take one of the following:

CHEM 100 Chemistry and Today's World (4)
Prerequisites: One GE Foundation course (GE categories A1, A2, A3 or B2).

OR

CHEM 111A. General Chemistry (5)
Prerequisites: A passing score on the Chemistry Placement Examination.
Corequisite: MATH 109 or higher.

AND

MATH 109. Modeling with Algebra (3)
Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11.

Each course on the student's program planner must be completed with a grade of "C" or better. In addition, a course which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a grade lower than "C" may proceed with other courses with approval of the Area Coordinator.

Minor in Fashion Merchandising

Take the following 18 units:

FMD 155 Introduction to the Fashion Industry (3)
**"C" or better required.
Prerequisites: None.

FMD 252 Analysis, Evaluation and Comparison of Ready-to-Wear (3)
Prerequisites: None.

FMD 296 Computer Applications for Professionals (3)
**"C" or better required.

Prerequisites: Fashion Merchandising majors and minors: A grade of "C" or better in FMD 155 and Computer Proficiency Exam (CPE) passage; Fashion Design majors or Textiles minors: a grade of "C" or better in FMD 152 and 155, Computer Proficiency Exam (CPE) passage. Non-Fashion Merchandising majors or minors and non-Fashion Design majors or Textiles minors: Computer Proficiency Exam (CPE) Passage.

FMD 351 Fashion Promotion and Sales (3)
**"C" or better required.

Prerequisites: A grade of "C" or better in FMD 155 and FMD 296.

FMD 355 Fashion Buying (3)
Prerequisites: A grade of "C" or better in FMD 155 and FMD 258, and Computer Proficiency Exam passage.

FMD 455 International Fashion Retailing (3)
Prerequisites: A grade of "C" or better in FMD 351; senior standing.

It is the student's responsibility to pass the Computer Proficiency Exam as a prerequisite for the following courses: FMD 296, and FMD 355.

Option in Fashion Design (120 units)

Take all of the following courses:

CAFF 321 Family and Consumer Resource Management (3)
Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

ECON 300 Fundamentals of Economics (3)
Prerequisites: GE Foundation requirements.

FCS 299 Intro to Family and Consumer Sciences (1)
Prerequisites: None.
Not open for credit to students with credit in FCSE 299.

FCS 499 Professionalism and Leadership in Family and Consumer Sciences (1)
Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.
Not open for credit to students with credit in FCSE 499.

FMD 152 Quick Sketch for Fashion (1)
Prerequisites: None.

FMD 154 Fundamentals of Apparel Production (3)
Prerequisites: None.

FMD 155 Introduction to the Fashion Industry (3)
Prerequisites: None.

FMD 251 Fashion Strategies for Consumers (3)
Prerequisites: GE Foundation requirements.

FMD 253 Introductory Textiles (3)
Prerequisites: None.

FMD 256 Intermediate Apparel Production (3)
Prerequisites: A grade of "C" or better in FMD 154, FMD 155 or FMD 251.

FMD 257 Introduction to Apparel Flat Pattern (3)
Prerequisites: A grade of "C" or better in FMD 152, FMD 154,

and FMD 155 or FMD 251.

FMD 258 Fashion Merchandising and Design

Practicum (3)

Prerequisites: A grade of "C" or better in FMD 154 or FMD 252, FMD 155, FMD 251.

FMD 296 Computer Applications for Professionals (3)

Prerequisites: Fashion Merchandising majors and minors: A grade of "C" or better in FMD 155 and Computer Proficiency Exam (CPE) passage; Fashion Design majors or Textiles minors: a grade of "C" or better in FMD 152 and FMD 155, Computer Proficiency Exam (CPE) passage. Non-Fashion Merchandising majors or minors and non-Fashion Design majors or Textiles minors: Computer Proficiency Exam (CPE) Passage.

FMD 353 Intermediate Textiles (3)

Prerequisites: A grade of "C" or better in CHEM 100, FMD 253, and FMD 296.

FMD 354 Apparel Tailoring (3)

Prerequisites: FMD 256 and FMD 257.

FMD 357 Advanced Apparel Flat Pattern (3)

Prerequisites: A grade of "C" or better in FMD 253 and FMD 354.

FMD 359 Advanced Computer Applications for Fashion (2)

Prerequisites: FMD 296 and FMD 152 which must be completed with a grade of "C" or better in each. Open only to Fashion Design majors.

FMD 452 Apparel Draping (3)

Prerequisites: A grade of "C" or better in FMD 353, FMD 357 and FMD 359.

FMD 454 Experimental Apparel Design (3)

Prerequisites: A grade of "C" or better in FMD 452.

FMD 456 Historic Perspectives of Fashion (3)

Prerequisites: A grade of "C" or better in FMD 251, FMD 253 and in AH 111A or HIST 131; senior standing.

FMD 457 Global Sourcing for the Fashion Industry (3)

Prerequisites: Open only to Fashion Merchandising majors, Fashion Design majors, and Textiles minors. For Fashion Merchandising majors: A grade of "C" or better in FMD 355, ECON 300 and senior standing; for Fashion Design majors and Textiles minors: ECON 300 and Senior standing.

FMD 458 Fashion Product Development (3)

Prerequisites: A grade of "C" or better in FMD 296 and FMD 353; senior standing.

FMD 459 Computerized Apparel Flat Pattern (3)

Prerequisites: A grade of "C" or better in FMD 357, FMD 359.

FMD 492M Internship in Fashion Design (3)

Prerequisites: A grade of "C" or better in FMD 452 or FMD 454. Student must be a major in Family and Consumer Sciences in the option of Fashion Design; have senior standing, a 2.5 overall GPA or a 3.0 major GPA.

Take one of the following courses:

HIST 131 Early Western Civilization (3)

Corequisite: ENGL 100.

AH 111A Foundation Art History I (3)

Prerequisites: Completion/current enrollment in GE A1 (Written Communication) requirement.

Take one of the following:

CHEM 100 Chemistry and Today's World (4)

Prerequisites: One GE Foundation course (GE categories A1, A2, A3 or B2).

OR

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

AND

MATH 109 Modeling with Algebra (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11.

Each course on the student's program planner must be completed with a grade of "C" or better. In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Minor in Textiles

Take all of the following (18 units):

FMD 155 Introduction to the Fashion Industry (3)

**"C" or better required.

Prerequisites: None

FMD 253 Introductory Textiles (3)

**"C" or better required.

Prerequisites: None.

FMD 296 Computer Applications for Professionals (3)

**"C" or better required.

Prerequisites: Fashion Merchandising majors and minors: A grade of "C" or better in FMD 155 and Computer Proficiency Exam (CPE) passage; Fashion Design majors or Textiles minors: a grade of "C" or better in FMD 152 and 155, Computer Proficiency Exam (CPE) passage. Non-Fashion Merchandising majors or minors and non-Fashion Design majors or Textiles minors: Computer Proficiency Exam (CPE) Passage.

FMD 353 Intermediate Textiles (3)

**"C" or better required.

Prerequisites: A grade of "C" or better in CHEM 100, FMD 253, and FMD 296.

FMD 457 Global Sourcing for the Fashion Industry (3)

Prerequisites: Open only to Fashion Merchandising majors, Fashion Design majors, and Textiles minors. For Fashion Merchandising majors: A grade of "C" or better in FMD 355, ECON 300 and senior standing; for Fashion Design majors and Textiles minors: ECON 300 and Senior standing.

FMD 458 Fashion Product Development (3)

Prerequisites: A grade of "C" or better in FMD 296 and FMD 353; senior standing.

It is the student's responsibility to adhere to all prerequisites listed below. It should be noted that these prerequisites fulfill general education requirements.

Prerequisites for FMD 353: CHEM 100 Chemistry and Today's World (4)

Prerequisites: One course from the Foundation (GE categories A1, A2, A3, and B2)

Prerequisite for FMD 457: ECON 300 Fundamentals of Economics (3)

Prerequisites: Completion of the GE Foundation requirements.

The Minor in Textiles is available to any non-Fashion Merchandising or non-Fashion Design major.

Fashion Merchandising and Design Courses (FMD)

LOWER DIVISION

152. Quick Sketch for Fashion (1)

Technical drawings of garments and their design features.

Letter grade only (A-F). (3 hours activity)

154. Fundamentals of Apparel Production (3)

Analysis of the interrelationship of garment design and apparel construction. Application of theories and methods of apparel design to garment construction.

Letter grade only (A-F). Only open to these majors: Fashion Design (FCS_BA05); Fashion Merchandising (FCS_BA04); and Family and Consumer Sciences Education (FCS_BA02). (Lecture-discussion 2 hours, Laboratory 3 hours)

155. Introduction to the Fashion Industry (3)

Organization, structure and interrelationship of industries and services that comprise the business of fashion: terminology, designers, trade organizations and publications. Professional opportunities explored.

Letter grade only (A-F). (Lecture-discussion 3 hours)

251. Fashion Strategies for Consumers (3)

Prerequisites: GE Foundation requirements.

Apparel selection for professional and personal needs based on design, culture and fashion. Wardrobe analysis and coordination; consumer clothing guidelines.

(Lecture-discussion 3 hours)

252. Analysis, Evaluation and Comparison of Ready-to-Wear (3)

Analysis of the quality of materials, design and construction in ready-to-wear garments and accessories; comparison of processes involved in manufacturing, concepts of sizing, principles of fit; aids in buying and selling.

(Lecture-discussion 3 hours)

253. Introductory Textiles (3)

A consumer-oriented approach to textile selection, use, and care. Provides a basis for a logical, consistent rationale in choosing apparel and interior textiles. Explores careers within the international textile industry.

Letter grade only (A-F). (Lecture-discussion 3 hours)

255. Fashion Industry Ethics and Social Responsibility (3)

Prerequisite: A grade of "C" or better in FMD 155.

Ethical issues within the fashion industry. Focus will be on decision-making processes which lead to outcomes that have ethical implications as well as potential consequences or benefits.

Letter grades only (A-F).

256. Intermediate Apparel Production (3)

Prerequisites: A grade of "C" or better in FMD 154, FMD 155 or FMD 251.

Continuation of construction techniques used in apparel production with concentration on current fabrics and techniques used in contemporary ready-to-wear.

(1 hour discussion, 6 hours laboratory).

257. Introduction to Apparel Flat Pattern (3)

Prerequisites: A grade of "C" or better in FMD 152, FMD 154, and FMD 155 or FMD 251.

Introduction to the design concept as it applies to flat pattern manipulation.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

258. Fashion Merchandising and Design Practicum (3)

Prerequisites: A grade of "C" or better in FMD 154 or FMD 252, FMD 155, FMD 251.

Structured fashion retail work/learning experience designed to develop competencies in retail management or related fields. Students must obtain fashion retail sales position by first class period.

Letter grade only (A-F). (Lecture-activity 3 hours)

296. Computer Applications for Professionals (3)

Prerequisites: Fashion Merchandising majors and minors: A grade of "C" or better in FMD 155, Computer Proficiency Exam (CPE) passage; Fashion Design majors or Textiles Minors: a grade of "C" or better in FMD 152 and FMD 155, Computer Proficiency Exam (CPE) passage. Non-Fashion Merchandising majors or minors and non-Fashion Design majors or Textiles minors: Computer Proficiency Exam (CPE) passage.

Use of computer paint-style, illustration/processing software and scanners to develop proficiency in drawing and designing for the workplace. Work with clip art, make technical drawings, storyboards, and color/fabric cards.

Letter grade only (A-F). (1 hour lecture-discussion, 4 hours activity)
Not open to students with credit in FCSE 296

UPPER DIVISION

350. Fashion Forecasting (3)

Prerequisites: A grade of "C" or better in FMD 258 and FMD 296.

Introduces the forecasting disciplines used in the fashion industries which support both short-term, tactical decisions and long-term strategic ones. Covers the process of gathering data then organizing, analyzing, and synthesizing them into actionable forecasts.

Letter grade only (A-F).

351. Fashion Promotion and Sales (3)

Prerequisites: A grade of "C" or better in FMD 155 and FMD 296.

Concepts, practices and procedures related to fashion promotion. Includes planning, directing and evaluating promotion activities such as visual merchandising, special events, publicity, and personal and non-personal selling.

(Discussion 3 hours)

353. Intermediate Textiles (3)

Prerequisites: A grade of "C" or better in CHEM 100, FMD 253, and FMD 296.

Interrelationship of fiber, yarn, structure, fabric geometry and finishing treatments to the textile's appearance, comfort, durability and maintenance.

Letter grade only (A-F). (Lecture-discussion 2 hours, Lab 3 hours)

354. Apparel Tailoring (3)

Prerequisites: A grade of "C" or better in FMD 256 and FMD 257.

Analysis of traditional and contemporary processes in the design and production of tailored apparel. Application of apparel design and production process for couture, ready-to-wear, and individually produced garments.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

355. Fashion Buying (3)

Prerequisites: A grade of "C" or better in FMD 155 and FMD 258, and Computer Proficiency Exam passage.

Concepts, practices and procedures as well as calculations and computer applications as they relate to apparel retail profit. Includes inventory methods, operating statements and purchase planning procedures.

Letter grade only (A-F). (3 hours lecture activity)

356. Fashion Retail Management (3)

Prerequisites: A grade of "C" or better in FMD 355.

Explores current retail environments, problem-solving, and decision-making strategies for retailing apparel and textiles products. Covers the importance of communication skills, human resource management, and other concepts impacting retail management such as target market analysis and assortment plans.

Letter grade only (A-F). (3 hours seminar)

357. Advanced Apparel Flat Pattern (3)

Prerequisites: A grade of "C" or better in FMD 253 and FMD 354.

Exploration of the total design concept as it applies to pattern manipulation.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

359. Advanced Computer Applications for Fashion (2)

Prerequisites: FMD 296 and FMD 152 which must be completed with a grade of "C" or better in each. Open only to Fashion Design majors.

Students refine their proficiency in drawing and designing apparel garments and fashion illustrations using computer paint-style and illustration software.

Letter grade only (A-F). (6 hours activity)

450. Cultural Perspectives of Dress (3)

Prerequisites: GE Foundation requirements; a grade of "C" or better in ANTH 120 or SOC 100 or SOC 142 and upper-division standing.

Factors influencing design of textiles and apparel, techniques of textile and apparel production, and human behavior in the selection of dress in societies and cultural groups. Emphasis on symbolism of textiles and clothing designs as a communicative device for expressing social and cultural values. Impact of other cultures on western dress and impact of western dress on other apparel systems.

May be used to satisfy the GWAR. (Seminar 3 hours)

451. The Fashion Customer (3)

Prerequisites: A grade of "C" or better in FMD 351.

Overview of theories on behavior of fashion customers and impact on fashion marketing strategies. Practical application on how to identify specific needs of fashion customers. Examination of impact of marketplace on fashion customers and of laws which protect them.

Letter grade only (A-F). (3 hours lecture discussion)

452. Apparel Draping (3)

Prerequisites: A grade of "C" or better in FMD 353, FMD 357, and FMD 359.

Exploration of the total design concept as it applies to fabric manipulation.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

454. Experimental Apparel Design (3)

Prerequisites: A grade of "C" or better in FMD 452.

Exploration of clothing design and production through the experimental process. Individual investigation of the creative design process; evaluation of equipment; experiences with a variety of fabrics and techniques.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

455. International Fashion Retailing (3)

Prerequisites: A grade of "C" or better in FMD 351; senior standing.

Application of merchandising concepts for promotion and selling of fashion goods and apparel in global retail organizations.

Letter grade only (A-F). (Lecture/Discussion 3 hours)

456. Historic Perspectives of Fashion (3)

Prerequisites: A grade of "C" or better in FMD 251, FMD 253, and in AH 111A or HIST 131 ; senior standing.

Social, political, economic, geographic and religious forces that affect styles of fashion from antiquity to the present day. Emphasis is on the relationship of historic styles to current fashion. Primary focus is on the fashion influences of the western world.

Letter grade only (A-F). (Seminar 3 hours)

457. Global Sourcing for the Fashion Industry (3)

Prerequisites: Open only to Fashion Merchandising majors, Fashion Design majors, and Textiles minors. For Fashion Merchandising majors: A grade of "C" or better in FMD 355, ECON 300 and senior standing; for Fashion Design majors and Textiles minors: ECON 300 and Senior standing.

Provides a framework whereby students critically examine the global textiles and apparel industry with emphasis on acquiring basic concepts of global trade. Current processes of globalization are analyzed including the importance of outsourcing.

Letter grade only (A-F). (Lecture-discussion 3 hours)

458. Fashion Product Development (3)

Prerequisites: A grade of "C" or better in FMD 296 and FMD 353; senior standing.

The process of designing and engineering fashion products to be serviceable, producible, salable and profitable for various consumer market segments.

(Discussion 3 hours) Letter grade only (A-F).

459. Computerized Apparel Flat Pattern (3)

Prerequisites: A grade of "C" or better in FMD 357, FMD 359.

Use of computer aided design software for apparel pattern development.

Letter grade only (A-F). Not open for credit to students with credit in FMD 352. (Laboratory 6 hours)

492E. Internship in Fashion Merchandising (3)

Prerequisites: A grade of "C" or better in FMD 451 and FMD 455 or FMD 457. Student must be a major in Family and Consumer Sciences in the option of Fashion Merchandising; have senior standing, a 2.5 overall GPA or a 3.0 major GPA.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. (Seminar 3 hours)

492M. Internship in Fashion Design (3)

Prerequisites: A grade of "C" or better in FMD 452 or FMD 454. Student must be a major in Family and Consumer Sciences in the option of Fashion Design; have senior standing, a 2.5 overall GPA or a 3.0 major GPA.

May be repeated for 6 units maximum. Letter grade only (A-F). (Seminar 3 hours)

FILM AND ELECTRONIC ARTS

College of the Arts

Department Chair: Jerry Mosher

Department Office: University Telecommunications Center (UTC), Room 104

Telephone: (562) 985-5404

Website: web.csulb.edu/depts/film/

Faculty: Jack Anderson, Tom Blomquist, Sharyn Blumenthal, Robert Finney (Emeritus), Brian Alan Lane (Emeritus), Jerry Mosher, Micheal C. Pounds, Jose Sanchez-H.

Administrative Coordinator: Donna Thomas

Academic Advisor: Lorenzo Gutierrez-Jarquín

Instructional Support Technician: Steve Hubbert

Information Technology Consultant: Robert Rhyu

Career Possibilities

Producer • Director • Screenwriter • Cinematographer • Film Editor • Sound Designer • Studio Engineer • Production Designer • Visual Effects Designer • Digital Animator • Production Supervisor • Casting Supervisor • Media Educator • Media Archivist • Media Publicist • Production Equipment Specialist (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Film and Electronic Arts is an innovative program that emphasizes both theory and practice. Focusing upon the integration of media and the arts, as well as upon the impact of technology on our culture, the curriculum is designed to provide technical skills while developing a foundation in the arts and the humanities.

The faculty provides a diversity of expertise and interests which cross traditional media lines while integrating film, audio, and video, and digital production modes. Theory and aesthetics are taught as an integral part of the development of production skills.

Admission

Incoming freshmen are admitted as “Pre-Film and Electronic Arts” (i.e., Pre-FEA Theory and Practice of Cinema or Pre-FEA Narrative Production). There is no portfolio requirement for incoming freshman applicants. During their first few semesters at CSULB, students will complete lower-division General Education requirements as well as lower-division FEA courses. Continuation in the major is subject to meeting the Major-Specific Admissions Requirements (see below) at CSULB that indicate the student’s ability to succeed and complete the major.

For more information regarding the University admissions process for incoming freshmen, please visit: <http://www.csulb.edu/depts/enrollment/admissions/freshmen.html>

Current CSULB students

To be considered for admission to one of the options in Film and Electronic Arts, applicants must complete the following Major-Specific Admissions Requirements:

- Minimum Cumulative GPA: 2.50 (Minimum Cumulative GPA of 2.75 is required for Fall 2016 admissions)

- Major preparation courses or articulated equivalents (grade of C or better required):

- ART 110 Introduction to the Visual Arts; or AH 111B Foundation Art History II
- FEA 205 Film History
- FEA 206 History of Broadcasting
- FEA 299 Media Aesthetics

- Required General Education Foundation courses (grade of C or better required):

- Written Communication (A1)
- Oral Communication (A2)
- Critical Thinking (A3)
- Mathematics (B2)

- Portfolio requirements

- o Applicants to the Option in Narrative Production must also receive a positive recommendation from faculty following review of a portfolio submitted by the applicant. Admission to the Option in Narrative Production is limited.

- o Applicants to the Option in Theory and Practice of Cinema are not required to submit a portfolio for review.

Incoming transfer students

Incoming transfer students must apply to the University during the initial Fall filing period for the following Fall semester, or August for the following Spring semester. Applicants must indicate their choice of FEA major option on the application (i.e., FEA Theory and Practice of Cinema or FEA Narrative Production). In addition to the University transfer admissions requirements, applicants must complete the following Major-Specific Admissions Requirements to be considered for admission to the major:

- Minimum Cumulative GPA: 2.50 (Minimum Cumulative GPA of 2.75 is required for Fall 2016 admissions)

- Required major preparation course (grade of C or better required):

- ART 110 - Introduction to the Visual Arts; or
- AH 111B - Foundation Art History II; or articulated equivalent.

- Additional lower-division preparation courses* (grade of C or better required):

- FEA 205 - Film History
- FEA 206 - History of Broadcasting
- FEA 299 - Media Aesthetics

* Transfer students who do not have access to an articulated equivalent course must complete FEA 205, FEA 206, and FEA 299 during their first semester at CSULB.

- Required General Education Foundation courses (grade of C or better required):

- Written Communication (A1)
- Oral Communication (A2)
- Critical Thinking (A3)
- Mathematics (B2)

- Portfolio requirements
 - o Applicants to the Option in Narrative Production must also receive a positive recommendation from faculty following review of a portfolio submitted by the applicant. Admission to the Option in Narrative Production is limited.
 - o Applicants to the Option in Theory and Practice of Cinema are not required to submit a portfolio for review.

For more information regarding the University admissions process for transfer students, please visit: <http://www.csulb.edu/depts/enrollment/admissions/transfers.html>

Bachelor of Arts in Film and Electronic Arts

The Bachelor of Arts degree in Film and Electronic Arts has two major options: Theory and Practice of Cinema; or Narrative Production. In addition, the department offers a minor in Film and Electronic Arts.

Option in Theory and Practice of Cinema (120 units)

54 units required for the major.

Students are admitted to the Option in Theory and Practice of Cinema after completing the Major-Specific Admissions Requirements. Note: The 54 units required for the major includes the following 3-unit preparation course not included under the major requirements below: ART 110 – Introduction to the Visual Arts; or AH 111B Foundation Art History II; or articulated equivalent (grade of C or better required).

Requirements

1. Lower Division Core

Take the following courses:

- FEA 205 Film History (3)
Prerequisite: FEA Pre-major, major or minor status.
- FEA 206 History of Broadcasting (3)
Prerequisite: FEA Pre-major, major or minor status.
- FEA 299 Media Aesthetics (3)
Prerequisites: FEA Pre-major, major or minor status.

2. Upper Division Core

Take the following courses:

- FEA 302 Film Theory I: Classical (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor
- FEA 303 Film and Electronic Media Writing (3)
Prerequisites: FEA Major or minor status, FEA 299 (may be taken concurrently) or consent of instructor.
- FEA 401 Film Theory II: Contemporary (3)
Prerequisites: FEA 205 and FEA 302 or consent of instructor.

3. Culture and Media

Take three of the following:

- FEA 310, FEA 315, FEA 316, FEA 317, FEA 318, FEA 380, FEA 394, FEA 412, FEA 450, FEA 486

4. International Cinema

Take three of the following:

- FEA 392A, FEA 392B, FEA 392C, FEA 392D, FEA 460/SPAN 428, FEA 462; only one of the following may be used to meet this requirement: FEA 346/RGR 346, FEA 454/ITAL 454, FEA 456/FREN 456, FEA 457/GERM 480, FEA 458/RUSS 428

5. Tracks of Specialization

Select one of the following 15-unit tracks. Courses in any track may be applied as electives in other tracks. See an advisor to determine the most relevant electives for your track.

A. Critical Practice

Take the following course:

- FEA 322 Diverse Media: Writing and Production (3)
Prerequisites: FEA Major or minor status or consent of instructor.

Take two of the following courses:

- FEA 318 Theory of Fiction and Film (3)
Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.
- FEA 394 American Film Genres (3)
Prerequisites: FEA 205 and FEA 302 (FEA 302 may be taken concurrently) or consent of instructor.
- FEA 410 Film Criticism Practicum (3)
Prerequisites: FEA 205 and FEA 302 or consent of instructor.

Take one of the following courses:

- FEA 315 Theory of New Media (3)
Prerequisites: FEA 205 and FEA 206, or consent of instructor.
- FEA 486 Alternative Media (3)
Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Take three additional units of FEA elective

B. Creative Nonfiction Production

Take the following course:

- FEA 380 Documentary History and Theory (3)
Prerequisites: FEA 206 and FEA 302 (FEA 302 may be taken concurrently) or consent of instructor.

Take one of the following two courses:

- FEA 309 Production I: Cinematography (3)
Prerequisite: Admission to Option in Narrative Production or consent of instructor
- FEA 381 Directing the Documentary (3)
Prerequisite/Corequisite: FEA 380.

Recommended for fall semester, Senior Year:

- FEA 382 Digital Documentary Production I (3)
Prerequisites: FEA 309 or FEA 381 or consent of instructor.

Recommended for spring semester, Senior Year:

- FEA 383 Digital Documentary Production II (3)
Prerequisites: FEA 382 or consent of instructor.

Take three additional units of FEA elective

C. Screenwriting

Take the following courses:

- FEA 304. Writing the Short Script (3)
Prerequisites: FEA Major or minor status, FEA 303 or consent of instructor.
- FEA 318 Theory of Fiction and Film (3)
Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.
- FEA 404 (Fall) Advanced Scriptwriting for Film and Electronic Media (3)
Prerequisites: FEA 304 or consent of instructor.
- FEA 404 (Spring) Advanced Scriptwriting for Film and Electronic Media (3)
Prerequisites: FEA 304 or consent of instructor..

Take one of the following courses:

FEA 365 Introduction to Game Writing and Design (3)
Prerequisites: FEA 303 or consent of instructor.

FEA 405 Comedy Writing (3)
Prerequisites: FEA 303 or consent of instructor.

FEA 408 Writing the Screen Adaptation (3)
Prerequisite(s) FEA 303 or consent of instructor.

D. Editing

Take the following courses:

FEA 309 Production I: Cinematography (3)
Prerequisite: Admission to Option in Narrative Production or consent of instructor.

FEA 415 Media Editing (3)
Prerequisite: Admission to the Option in Narrative Production or consent of instructor.

FEA 416 Advanced Media Editing (3)
Prerequisite: FEA 415.

Take one course from the following:

FEA 307, FEA 337, FEA 360

Take three additional units of FEA elective

E. Audio

Take the following courses:

FEA 307 Audio Production (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

FEA 320 Sound Design (3)
Prerequisite: FEA Major or minor status, FEA 307.

FEA 337 Digital Arts Production (3)
Prerequisites: FEA Major or minor status or consent of instructor.

Take one course from the following:

FEA 322, FEA 338, FEA 339, FEA 360

Take three additional units of FEA elective

F. Broadcast Production

Take the following courses:

FEA 338 Television Studio Production (3)
Prerequisites: FEA Major or minor status with "C" or better or consent of instructor.

FEA 360 Independent Television Field Production (3)
Prerequisites: FEA 338 or consent of Instructor

FEA 438 Television Studio Directing (3)
Prerequisite: FEA 338 or consent of instructor

Take one course from the following:

FEA 307, FEA 322, FEA 327, FEA 339, FEA 375, FEA 448

Take three additional units of FEA elective

G. Production Management

Take the following courses:

FEA 327 Production Management I (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

FEA 427 Production Management II (3)
Prerequisite: FEA 327.

Take two of the following courses:

FEA 339 Commercials for Electronic Media (3)
Prerequisites: Junior/Senior standing or consent of instructor.

FEA 360 Independent Television Field Production (3)
Prerequisites: FEA 338 or consent of Instructor

FEA 375 Producing and the Business of TV (3)
Prerequisites: GE Foundation requirements and upper division standing.

Take three additional units of FEA elective

H. Digital Arts

Take the following courses:

FEA 315 Theory of New Media (3)
Prerequisites: FEA 205 and 206, or consent of instructor.

FEA 337 Digital Arts Production (3)
Prerequisites: FEA Major or minor status or consent of instructor.

FEA 365 Introduction to Game Writing and Design (3)
Prerequisites: FEA 303 or consent of instructor.

FEA 437 3D Computer Animation (3)
Prerequisites: FEA Major or minor status, FEA 337 or consent of instructor.

Take 3 additional units of FEA elective.

Option in Narrative Production (120 units)

54 units required for the major.

Students may apply to the Option in Narrative Production after completing the Major-Specific Admissions Requirements. Note: The 54 units required for the major includes the following 3-unit preparation course not included under the major requirements below: ART 110 – Introduction to the Visual Arts; or AH 111B Foundation Art History II; or articulated equivalent (grade of C or better required).

Admission to the option is for Fall semester only. To be eligible for admission to the option, students must have completed a minimum of 56 units, but no more than 90 units, before the Fall semester of admission. Students apply for admission to the Narrative Production option by submitting a portfolio to the department early in the preceding Spring semester. For portfolio requirements and instructions, see the Department of Film and Electronic Arts website: <http://web.csulb.edu/film>.

Although a transfer student may apply to the FEA Narrative Production option prior to learning whether or not they have been admitted to the university, they cannot be accepted into the option until they have been officially admitted to the university. The Film and Electronic Arts Department is not involved in the university admissions process. If an applicant is admitted to the university but does not receive a favorable review of their portfolio, they will be offered admission to the FEA Option in Theory and Practice.

Students admitted to the Option in Narrative Production are required to maintain a minimum GPA of 2.5 in all major-related course work to remain in the option. Students admitted to the option are also required to abide by the rules and regulations specified in the department's Policies and Procedures Handbook, which can be downloaded from the department website.

Requirements

Lower Division Core

Take the following course during the pre-major year:

FEA 299 Media Aesthetics (3)
Prerequisites: FEA Pre-major, major or minor status.

Take the following courses:

FEA 205 Film History (3)
Prerequisites: FEA Pre-major, major or minor status..

FEA 206 History of Broadcasting (3)
Prerequisites: FEA Pre-major, major or minor status.

Take the following courses in the following sequence:

1. Fall Semester of Junior Year:

FEA 303 Film and Electronic Media Writing (3)
Prerequisites: FEA Major or minor status, FEA 299 (may be taken concurrently) or consent of instructor

FEA 309 Production I: Cinematography (3)
Prerequisite: Admission to Option in Narrative Production or consent of instructor.

FEA 344 Directing (3)
Prerequisite: Admission to the Option in Narrative Production.

FEA 415 Media Editing (3)
Prerequisites: Admission to the Option in Narrative Production or consent of instructor.

2. Spring Semester of Junior Year:

FEA 304 Writing the Short Script (3)
Prerequisites: FEA Major or minor status, FEA 303 or consent of instructor.

FEA 307 Audio Production (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

FEA 328 Film and Video Lighting (3)
Prerequisites: FEA 309. Priority enrollment given to students in Narrative Production Option.

FEA 336 Production II: Film Production (3)
Prerequisite: Admission to Option in Narrative Production;
Corequisite: FEA 328.

3. At the end of their junior year, students must select a two-semester track of specialization for their senior year.

A. Production and Directing

Take the following courses in the Fall:

FEA 302 Film Theory I: Classical (3) (May be taken in junior year).

Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor

FEA 327 Production Management I (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor

FEA 340 Production III: Advanced Production A (3)
Prerequisites: FEA 336 and approved enrollment in Advanced Narrative Production Track. Experience in group production of original films and videos.

Take the following courses in the Spring:

FEA 342 Production IV: Advanced Production B (3)
Prerequisites: FEA 340 and approved enrollment in Advanced Narrative Production Track.

FEA 375 Producing and the Business of TV (3)
Prerequisites: GE Foundation requirements and upper division standing.

Take one international cinema course from the following:

FEA 392A, FEA 392B, FEA 392C, FEA 392D, FEA 346/RGR 346, FEA 454/ITAL 454, FEA 456/FREN 456, FEA 457/GERM 480, FEA 458/RUSS 428, FEA 460/SPAN 428, FEA 462

B. Cinematography

Take the following courses in the Fall:

FEA 302 Film Theory I: Classical (3) (May be taken in junior year).

Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor

FEA 341 Advanced Cinematography I (3)
Prerequisites: FEA 328 and FEA 336 and approved enrollment in Advanced Cinematography Track.

Take one international cinema course from the following:

FEA 392A, FEA 392B, FEA 392C, FEA 392D, FEA 346/RGR 346, FEA 454/ITAL 454, FEA 456/FREN 456, FEA 457/GERM 480, FEA 458/RUSS 428, FEA 460/SPAN 428, FEA 462

Take the following course in the Spring:

FEA 343 Advanced Cinematography II (3)
Prerequisites: FEA 341 and approved enrollment in Advanced Cinematography Track.

Take two of the following courses:

FEA 320 Sound Design (3)
Prerequisite: Major status, FEA 307.

FEA 327 Production Management I (3)
Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

FEA 330 Introduction to Production Design for Motion Pictures (3)
Prerequisites: None

FEA 416 Advanced Media Editing (3)
Prerequisite: FEA 415.

FEA 427 Production Management II (3)
Prerequisite: FEA 327

Minor in Film and Electronic Arts

Total Units Required: 21 units.

Students are admitted to the minor after having completed a minimum of 30 units of college-level course work including all 12 units of General Education Foundation courses with a cumulative GPA of 2.5 or higher.

Requirements

1. Complete the following course with a "C" or better:

FEA 299 Media Aesthetics (3)
Prerequisite: FEA Pre-major, major or minor status.

2. Complete all the following courses:

FEA 205 Film History (3)
Prerequisite: FEA Pre-major, major or minor status.

FEA 206 History of Broadcasting (3)
Prerequisite: FEA Pre-major, major or minor status.

FEA 310 Film and Culture (3)
Prerequisite: GE Foundation requirement, upper-division standing.

3. Complete 9 units of electives from the following:

FEA 302, FEA 303, FEA 304, FEA 307, FEA 314, FEA 316, FEA 318, FEA 320, FEA 322, FEA 327, FEA 330, FEA 337, FEA 338, FEA 346, FEA 360, FEA 375, FEA 380, FEA 392, FEA 408, FEA 427, FEA 437, FEA 460, FEA 462, FEA 486.

Students should consult a departmental advisor regarding ways by which elective units can be grouped into specialized tracks. For example, a basic management skills set might include FEA 327, FEA 375 and FEA 427; a basic sound mixing skill set would include FEA 307 and FEA 320.

Courses (FEA)

LOWER DIVISION

205. Film History (3)

Prerequisite: FEA Pre-major, major or minor status..

Historical development of cinema.

Letter grade only (A-F).

206. History of Broadcasting (3)

Prerequisites: FEA Pre-major, major or minor status

Historical development of broadcasting media and technology, with examination of interrelationships between forms, industry, social trends, and culture.

Not open for credit to students with credit in FEA 300. Letter grade only (A-F).

227. History of Animation (3)

Prerequisite(s): Completion of GE A1 (Written Communication) requirement; sophomore standing

Historical, theoretical and aesthetic developments of animation since its beginnings across cultures and within global contexts with consideration of cultural, social, political and technological influences. Same course as ART 227. Not open for credit to students with credit in ART 227.

Letter grade only (A-F).

299. Media Aesthetics (3)

Prerequisites: FEA Pre-major, major or minor status.

Study of aesthetic principle governing media productions. Emphasis on relationships between various art forms and development of critical vocabulary.

Letter grade only (A-F). Not open for credit to students with credit in FEA 399.

UPPER DIVISION

302. Film Theory I: Classical (3)

Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor

Introduction to classical and critical theories of film analysis including Formalism, Realism, Classical Hollywood Cinema, the Auteur Theory, Art Cinema, Genre Studies, and Structuralism.

Letter grade only (A-F).

303. Film and Electronic Media Writing (3)

Prerequisites: FEA Major or minor status, FEA 299 (may be taken concurrently) or consent of instructor.

Study of scripting and other writing skills unique to audio, video, and film.

Letter grade only (A-F).

304. Writing the Short Script (3)

Prerequisites: FEA Major or minor status, FEA 303 or consent of instructor.

Scriptwriting with emphasis on adaptation and dramatic fiction.

Letter grade only (A-F).

307. Audio Production (3)

Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

Basic principles and techniques of audio production.

Letter grade only (A-F). (6 hours activity)

309. Production I: Cinematography (3)

Prerequisite: Admission to Option in Narrative Production or consent of instructor.

Basic principles of cinematography and lighting.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

310. Film and Culture (3)

Prerequisites: GE Foundation requirement, upper-division standing.

Examines how film impacts culture, using a variety of viewpoints from contemporary critical and cultural studies.

312. Television Programming Symposium (3)

Discussion and analysis of creative problems in television industry, current local and network programs. Interviews with visiting executives, producers, directors, writers, performers and technicians.

May be repeated to a maximum of 6 units, only 3 units may be used as credit toward major.

314. Theatrical Film Symposium (3)

Lectures and discussions of creative problems in motion picture industry; current films; interviews with visiting producers, directors, writers, performers and technicians.

315. Theory of New Media (3)

Prerequisites: FEA 205 and FEA 206, or consent of instructor.

Examines the artistic and cultural impact of digital media technologies.

Letter grade only (A-F).

316. Mass Media and Popular Culture (3)

Prerequisite: GE Foundation requirement.

Theory and functions of mass media in America. Enduring issues and unresolved problems of media. Impact of mass culture on a mass-mediated society.

317. Women in the History of U.S. Film (3)

History of women as they are represented, presented as images, or constructed in the development of U.S. film. Theory and analysis of film from a feminist perspective.

Same course as WGSS 316. Not open for credit to students with credit in W/ST 316 or WGSS 316.

318. Theory of Fiction and Film (3)

Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.

Examination of narrative methods and conventions of American and British fiction and methods and conventions of film; consideration of relationships between artistic structure of fiction and film; study of theoretical and practical approaches to fiction and film.

Same course as ENGL 318. Not open for credit to students with credit in ENGL 318.

320. Sound Design (3)

Prerequisite: FEA Major or minor status, FEA 307.

Examination of the basic aesthetic and technical principles of sound design for film and video production.

Letter grade only (A-F). (6 hours activity)

322. Diverse Media: Writing and Production (3)

Prerequisites: FEA Major or minor status or consent of instructor.

Workshop in professional writing and production of film, television, theatre, and diverse media. Working as a group, students develop and exhibit creative works. Provides a professional production experience covering various genres and formats.

Not open for credit to students with credit in FEA 403. Letter grade only (A-F). Course fee may be required. May be repeated to a maximum of 6 units in different semesters.

325. Audio Activity (2)

Prerequisites: Major status, FEA 299 with "C" or better or consent of instructor.

Group and individual experience in audio production. Specific assignments determined in consultation with instructor.

Credit/No Credit grading only. May be repeated to a maximum of 4 units in different semesters. (4 hours activity)

327. Production Management I (3)

Prerequisites: FEA Major or minor status, FEA 299 with "C" or better or consent of instructor.

Examines the process of producing independent feature-length films, focusing on the producer's role from development stage to beginning level of pre-production. Topics include copyright and contract law, business structures, and script analysis and breakdown.

Letter grade only (A-F).

328. Film and Video Lighting (3)

Prerequisites: FEA 309. Priority enrollment given to students in Narrative Production Option.

Examination of the basic aesthetic and technical principles of film and video lighting. Students will explore various creative lighting styles and techniques through lectures and practical exercises.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

330. Introduction to Production Design for Motion Pictures (3)

Prerequisite(s): None

Examines the history, theory, and practice of motion picture production design.

Letter grade only (A-F).

335. University Television Activity (2)

Prerequisites: Consent of instructor.

Experience in administration and production of video projects at the University Television facility.

Credit/No Credit grading only. May be repeated to a maximum of 4 units. (4 hours activity)

336. Production II: Film Production (3)

Prerequisite: Admission to Option in Narrative Production;

Corequisite: FEA 328

Preparation for the advanced level of film and video production through research and exercises designed to develop essential filmmaking and videographic skills.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

337. Digital Arts Production (3)

Prerequisite: FEA Major or minor status or consent of instructor

Techniques and concepts involved in production of visual effects, computer animation, and interactive media. Through screenings, fieldtrips and hands-on production, students explore art and science of digital graphics, 2D-compositing, and 3D-animation. Culminates in development of digital elements for student production.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (6 hours activity)

338. Television Studio Production (3)

Prerequisites: FEA Major or minor status with "C" or better or consent of instructor.

Introduction to principles, techniques and technologies of television studio production, with emphasis on multiple camera approaches to interview, sitcom, music performance and public affairs programs.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

339. Commercials for Electronic Media (3)

Prerequisites: Junior/Senior standing or consent of instructor.

Experience of creating, writing and producing commercials that entertain, demonstrate and motivate the target audience.

Letter grade only (A-F).

340. Production III: Advanced Production A (3)

Prerequisites: FEA 336 and approved enrollment in Advanced Narrative Production Track. Experience in group production of original films and videos.

Emphasis is on narrative short projects. Students are required to collaborate with advanced cinematography students in FEA 341.

Letter grade only (A-F). (6 hours activity)

341. Advanced Cinematography I (3)

Prerequisites: FEA 328 and FEA 336 and approved enrollment in Advanced Cinematography Track.

Designed to further student's understanding of art and craft of cinematography, especially lighting, exposure, composition, lenses, film stocks, video formats, filters, telecine, and lab procedures. Students are required to shoot and crew on advanced narrative projects produced in FEA 340.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

342. Production IV: Advanced Production B (3)

Prerequisites: FEA 340 and approved enrollment in Advanced Narrative Production Track.

Experience in post production and completion of original films and videos resulting in public exhibition. Emphasis is on film editing.

Letter grade only (A-F). (6 hours activity)

343. Advanced Cinematography II (3)

Prerequisites: FEA 341 and approved enrollment in Advanced Cinematography Track.

Designed to further student's understanding of art and craft of cinematography. Emphasis is on individual research into specific issues of film and video image making and production of short film and video projects in support of research.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

344. Directing (3)

Prerequisite: Admission to the Option in Narrative Production.

Theory and practical experience in directing of narrative film. Emphasis on directing actors in fictional work.

Letter grade only (A-F).

346. The European Cinema of Communism, Fascism and Resistance (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses and upper division standing.

Focuses on European cinema of the twentieth century as a manifestation of totalitarian and ideological movements preceding, in-between and following the two world wars. The ensuing and ongoing resistance movements will also be examined.

Same course as RGR 346. Not open for credit to students with credit in RGR 346. (2 hrs sem, 2 hrs activity)

350. Hollywood Does Rome (3)

Prerequisites: CLSC 100 or CLSC 101 or CLSC 202 or consent of instructor.

Investigation of the filmmaker's motives and the methods they have used to portray the ancient Romans from the beginnings of cinema to the present. Topics include "imaging" the past, the 'power' of the image, community and society, cultural imperialism, film theory, the 'language' of myth, and reception theory.

Same course as CLSC 350. Not open for credit to students with credit in CLSC 350.

355. Audio-Video-Film Activity (1)

Prerequisites: Major status, FEA 299 with "C" or better or consent of instructor.

Group and individual experience in areas of audio-video-film production, and broadcast education. Specific assignments determined in consultation with instructor.

Credit/No Credit grading only. May be repeated to a maximum of 2 units. (2 hours activity)

360. Independent Television Field Production (3)

Prerequisites: FEA 338 or consent of Instructor

Introduction to the creative and managerial requirements of independent television program production. Direct experience with field production for an independent television production company that supplies ongoing cable programming.

Letter grade only (A-F). (6 hours activity)

363. International Electronic Media Systems (3)

Prerequisites: FEA 206 or consent of instructor.

Comparative analysis of internal and external electronic media systems with emphasis on their motives, origins, technologies, and programming. Consideration of political, economic, regulatory constraints, and potential impact of new technologies.

Letter grade only (A-F).

364. Global Electronic Media Communication (3)

Prerequisites: FEA 206 or consent of instructor.

Study of international electronic media systems targeted toward other nations with emphasis on their cultural, economic, and political influences. Focus on the impact of new technologies on cross border communication.

Letter grade only (A-F).

365. Introduction to Game Writing and Design (3)

Prerequisite(s): FEA 303 or consent of instructor.

Creation of analog and digital games, with critical examination of elements that make a game successful. Topics include interactive storytelling, game mechanics and dynamics, and play testing.

Letter grade only (A-F).

375. Producing and the Business of Television (3)

Prerequisites: GE Foundation requirements and upper division standing.

Examines the TV producer's role as business leader as well as creator of programming concepts. Topics include program development and positioning, sales presentations, ratings, entertainment law, rights and licensing, negotiating, agents, and labor issues.

Letter grade only (A-F).

380. Documentary History and Theory (3)

Prerequisites: FEA 206 and FEA 302 (FEA 302 may be taken concurrently) or consent of instructor.

Critical study of history, methods, and aesthetics of documentary production. Focus on problems of representation, objectivity, and personal style.

Letter grade only (A-F).

381. Directing the Documentary (3)

Prerequisite/Corequisite: FEA 380.

Exploration of theory and practice of documentary filmmaking. Emphasis on relationship between documentary and fiction film. Production requirement will include shooting and editing a 5-10 minute documentary film/video.

Letter grade only (A-F). (6 hours activity)

382. Digital Documentary Production I (3)

Prerequisite: FEA 309 or FEA 381 or consent of instructor.

Theory and practice researching, structuring, writing, directing and producing a comprehensive digital video documentary (to be completed in FEA 383) with equal emphasis on the interview and visual storytelling.

Letter grade only (A-F). (6 hours activity)

383. Digital Documentary Production II (3)

Prerequisites: FEA 382 or consent of instructor.

Theory and practice producing and editing a comprehensive digital video documentary with special emphasis on narration, sound effects, and music. This will entail the completion through post-production of videos begun in FEA 382.

Letter grade only. (6 hours activity)

392. Selected Topics in International Cinema (3)

Prerequisites: FEA 205 and FEA 302 (FEA 302 may be taken concurrently) or consent of instructor.

Variable topics explore domain of international cinema.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

- A. European Cinema Before 1960
- B. European Cinema After 1960
- C. Latin American Cinema
- D. Japanese Cinema

394. American Film Genres (3)

Prerequisites: FEA 205 and FEA 302 (FEA 302 may be taken concurrently) or consent of instructor.

Historical and critical examination of Hollywood film genres. Places genre analysis and theory within sociocultural perspective. Genres include Western, film noir, science fiction/horror, detective/gangster, musical, war films, screwball comedy, and family melodrama.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters.

401./501. Film Theory II: Contemporary (3)

Prerequisites: FEA 205 and FEA 302 or consent of instructor.

Study of contemporary theoretical models of film analysis and evaluation. Topics include: Spectatorship, Post-Structuralism, Feminism, Psychoanalytic Theory, Narratology, Cultural Studies, Postcolonialism, Queer Theory, Postmodernism, and Reception Studies.

Letter grade only (A-F).

404. Advanced Scriptwriting for Film and Electronic Media (3)

Prerequisites: FEA 304 or consent of instructor.

Writing dramatic and comedic screenplays and teleplays. Includes study of produced models with emphasis on the creative process.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

405./505. Comedy Writing (3)

Prerequisites: FEA 303 or consent of instructor.

Study of a variety of historical and contemporary models. Practice in the creation of print pieces; stand-up routines; scripts for television, film, and other media. Heavy focus on comedy as social, political, and technological criticism.

Letter grade only (A-F).

408./508. Writing the Screen Adaptation (3)

Prerequisites: FEA 303 or consent of instructor.

Writing script adaptations, with a study of adaptation theory and successful adaptational models.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

410. Film Criticism Practicum (3)

Prerequisite: FEA 205 and FEA 302 or consent of instructor.

Writing film criticism for print and electronic distribution. Focus on critical methodologies, writing for diverse publications and audiences, and uses of criticism in film marketing and reception.

Letter grade only (A-F).

412. American Television and African Americans (3)

Prerequisites: FEA 206 and FEA 310 or consent of instructor.

Comparative examination of the depiction of African Americans in American network and syndicated television in a variety of types of programs.

Letter grade only (A-F).

415. Media Editing (3)

Prerequisites: Admission to the Option in Narrative Production or consent of instructor.

Principles of non-linear editing in post-production.

Letter grade only (A-F). (6 hours activity)

416. Advanced Media Editing (3)

Prerequisites: FEA 415.

Advanced course in which students edit a project from dailies to final master, using new AVID Media Composer HD, Final Cut Pro, and principles of Hi-Def.

Letter grade only (A-F). (6 hours activity)

427. Production Management II (3)

Prerequisite: FEA 327.

Examines the process of producing independent feature-length films, focusing on the producer's role from pre-production to distribution. Topics include budgeting, hiring employees, and supervising production and post-production.

Letter grade only (A-F).

437. 3D Computer Animation (3)

Prerequisites: FEA Major or minor status, FEA 337 or consent of instructor.

Techniques and concepts in the production of 3D computer animation for short and feature length productions, visual effects and games.

Letter grade only (A-F). (6 hours activity)

438. Television Studio Directing (3)

Prerequisite: FEA 338 or consent of instructor

Advanced seminar expanding on the principles, techniques, and technologies of television studio production. Emphasis on multiple camera directing of interview, sitcom, music performance, and public affairs programs.

Letter grade only (A-F). Course fee may be required. (6 hours activity)

448. Television Sports Production (3)

Prerequisite(s): FEA 438 or consent of instructor.

Advanced course applying the principles, techniques, and technologies of television production to the specialized challenges of professional multiple-camera sports production. Emphasis on directing, producing, camera operation, and technical craft skills for live CSULB sports productions.

Letter grade only (A-F).

450. American Indian and Indigenous Cinema (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper division standing.

Examines American Indian and Indigenous self-representation in film. Focus on the history and theory of "Fourth World" cinema production.

Letter grade only (A-F). Same course as AIS 450. Not open to students with credit in AIS 450.

454. Italian Cinema (3)

Prerequisite: Upper division standing.

Historical and critical examination of Italian cinema.

Letter grade only (A-F). Same course as ITAL 454. Not open for credit to students with credit in ITAL 454. (2 hrs seminar, 2 hrs activity)

456. French Cinema (3)

Prerequisite: Upper division standing.

Historical and critical examination of French cinema.

Letter grade only (A-F). Same course as FREN 456. Not open for credit to students with credit in FREN 456. (2 hrs sem, 2 hrs activity)

457. German Cinema (3)

Prerequisite: Upper division standing.

Acquaint students with art of the medium, and history of German film, particularly as it is realized through work of the artist most responsible for its success or failure, in this case, the director.

Letter grade only (A-F). Same course as GERM 480. Not open for credit to students with credit in GERM 480. (2 hrs sem, 2 hrs activity)

458. Russian Cinema (3)

Prerequisites: Upper-division standing.

Focuses on socio-political and aesthetic aspects of Russian Cinema, delineating following periods: Soviet Silent Cinema, Stalinist Cinema, Cinema under Thaw, Cinema under Brezhnev and contemporary cinema.

Letter grade only (A-F). Same course as RUSS 428. Not open for credit to students with credit in RUSS 428. (2 hrs sem, 2 hrs activity)

460. Spanish Cinema (3)

Prerequisites: Upper-division standing.

Focus on socio-political and aesthetic aspects of Spanish Cinema, concentrating on the following periods. Early Francoism, Neo-Realism, The Barcelona School, the Transition Period, post Franco Years, and new trends in Spanish Cinema.

Taught in English. Letter grade only (A-F). Same course as SPAN 428. Not open for credit to students with credit in FEA 392E or SPAN 428.

462. East Asian Cinemas (3)

Prerequisite(s): FEA 205

Historical and critical examination of cinemas of China, Hong Kong, Taiwan, Korea, and Japan.

Letter grade only (A-F).

486. Alternative Media (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Critical study of censorship and suppression of information in mainstream media by governmental and corporate entities. Focus on importance of freedom of information and access to diverse viewpoints. Students research environmental, multicultural, peace, and other issues utilizing alternative media.

490./590. Selected Topics in Film and Electronic Arts (3)

Prerequisite: Major status.

Topics of current interest in radio-television-film selected for intensive development.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics; only 6 units may be applied toward the B.A. Topics announced in the *Schedule of Classes*.

492. Internship (3)

Prerequisites: Senior standing in major or consent of instructor.

Students intern with cooperating media facilities.

Credit/No Credit grading only. May be repeated to a maximum of 6 units. (6 hours lab)

498. Advanced Seminar (3)

Prerequisites: FEA 299 with a "C" or better and senior standing in the FEA major.

Intensive study of significant issues in film and electronic media.

Letter grade only (A-F).

499./599. Special Projects in Film and Electronic Arts (1-3)

Prerequisites: Major status, FEA 299 with a "C" or better.

Research into an area of special interest to the student, culminating in a research paper or production. Productions will be limited by equipment and facilities available during any term.

GRADUATE LEVEL

501./401. Film Theory II: Contemporary (3)

Prerequisites: FEA 205 and FEA 302 or consent of instructor.

Study of contemporary theoretical models of film analysis and evaluation. Topics include: Spectorship, Post-Structuralism, Feminism, Psychoanalytic Theory, Narratology, Cultural Studies, Postcolonialism, Queer Theory, Postmodernism, and Reception Studies.

Letter grade only (A-F).

505./405. Comedy Writing (3)

FEA 303 or FEA 304 with a "C" or better or ENGL 405 or ENGL 407 with a "C" or better or consent of instructor.

Study of a variety of historical and contemporary models. Practice in the creation of print pieces; stand-up routines; scripts for television, film, and other media. Heavy focus on comedy as social, political, and technological criticism.

Letter grade only (A-F).

508./408. Writing the Screen Adaptation (3)

Prerequisites: FEA 303 or FEA 304 with a "C" or better or ENGL 405 or ENGL 407 with a "C" or better or consent of instructor.

Writing script adaptations, with study of adaptation theory and successful adaptational models.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

590./490. Selected Topics in Film and Electronic Arts (3)

Prerequisites: Major status; conditional classified status in the MFA (Screenwriting) or conditional classified or consent of instructor.

Topics of current interest in film and electronic arts selected for intensive development.

Letter grade only (A-F). May be repeated for a maximum of 9 units with different topics, only 6 units may be applied toward the B.A. Topics announced in the *Schedule of Classes*.

599./499. Special Projects in Film and Electronic Arts (3)

Prerequisites: Major status, FEA 299 with a "C" or better; conditional classified status in the MFA (Screenwriting) or consent of instructor.

Research into an area of special interest to the student, culminating in a research paper or production. Productions will be limited by equipment and facilities available during any term.

604A. Graduate Seminar in Dramatic Writing (3)

Open to graduate students only and consent of instructor.

Advanced seminar and intensive workshop in creative writing, reading, criticism, media history, and aesthetics. From a thematic basis, course covers prose, poetry, and all formats and genres of omni media, leading students from text-for-print creativity to text-for-performance and screen/film/video art.

Letter grade only (A-F).

604B. Graduate Seminar in Dramatic Writing (3)

Prerequisites: FEA 604A and consent of instructor.

Advanced workshop in intensive thematic and creative consciousness, writing, criticism, media history, aesthetics, and instructional paradigms, as students write, workshop, revise, and complete a long-form screenplay.

Letter grade only (A-F).

604C. Graduate Seminar in Dramatic Writing (3)

Prerequisites: FEA 604A and FEA 604B, or consent of instructor.

Advanced workshop in intensive and practical creative writing for collaborative media. Long-form screenplay developed and drafted to completion by class as a group, then submitted to industry professionals, and finally revised pursuant to creative commentary and business necessity.

Letter grade only (A-F).

604D. Graduate Seminar in Dramatic Writing (3)

Prerequisites: FEA 604A, FEA 604B, FEA 604C, and consent of instructor.

Advanced seminar and intensive workshop in creative writing, reading, criticism, media history, aesthetics, and the teaching of a creative writing curriculum. Course leads students to completion of their Thesis Project Proposals.

Letter grade only (A-F).

FINANCE

College of Business Administration

Department Chair: Jasmine Yur-Austin

Department Office: College of Business Administration 420
Telephone: (562) 985-4569
Website: www.csulb.edu/colleges/cba/finance/

Faculty: Peter Ammermann, Hamdi Bilici (Emeritus), Cindy Chen, Pia Gupta, S. V. Le, Yulong Ma, Chanwit Phengpis, Wikrom Prombutr, Thomas A. Rhee, Darshan L. Sachdeva, Jasmine Yur-Austin

Administrative Support Coordinator: Lashon Dumas-Jackson
For MBA with Specialization in Finance, see Business Administration, Graduate Programs.

Career Possibilities

Financial Analyst • Bank Manager • Credit Manager
• Securities Broker • Securities Company Manager •
Securities Analyst • Real Estate Agent • Property Manager •
Appraiser • Assessor • Contract Administrator • Underwriter
• College Professor (Some of these, and other careers,
require additional education or experience. For more
information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

Refer to the following website for additional impaction criteria: www.csulb.edu/depts/enrollment/graduation/native-major-criteria/.

Requirements

In order to graduate with an undergraduate business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

All CBA majors must maintain major GPAs of 2.0 or higher. A student whose GPA in the major falls below 2.0 will be advised that they are at risk of being dismissed from the major and granted one semester to raise their major GPA(s) to 2.0. Students who do not successfully raise their major GPA(s) must meet with an advisor to declare another major or submit an appeal to the CBA Center for Student Success explaining why they need one additional semester. Students whose major GPAs remain below 2.0 after this additional semester must declare a new major.

1. Lower Division:

Take all of the following:

ACCT 201 Elementary Financial Accounting (3)

* C or better Prerequisite: None

ACCT 202 Managerial Accounting (3)
Prerequisite: ACCT 201.

ECON 100 Principles of Macroeconomics (3)

* C or better

Prerequisites: MATH 103 or higher; one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

* C or better

Prerequisite/Corequisite: MATH 103 or higher.

MATH 115 Calculus for Business (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Choose one of the following:

STAT 118 Intro to Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 114 Finite Mathematics (3)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 11.

Students planning business options should take STAT 118.

2. Critical Thinking Course Requirements:

Any critical thinking course (GE category A3); IS 100 is recommended.

3. All business and pre-business majors shall demonstrate computer literacy and competency. Take Complete one of the following:

A. Passing score (70%) on the Computer Proficiency Examination (CPE).

B. IS 233 Introduction to Computer Systems and Applications (3) with Credit (Cr).
Prerequisite: None

C. Transfer equivalent course with a "C" or better grade.

4. Upper Division:

A. Take all of the following:

CBA 300 International Business (3)
Prerequisite: None

FIN 300 Business Finance (3)
Prerequisite: None

BLAW 320 Legal and Regulatory Environment of Business (3)
Prerequisite: None

IS 300 Management Information Systems (3)
Prerequisite: IS 233 or equivalent.

IS 301 Business Communications (3)
Prerequisite: None

IS 310 Business Statistics (3)
Prerequisite: STAT 118 or MATH 114.

HRM 360 Organizational Behavior (3)
Prerequisite: None

MGMT 300 Principles of Management (3)
Prerequisite: None

MKTG 300 Marketing (3)
Prerequisite: None

B. The following Capstone course must be taken at CSULB as a senior and after the upper-division prerequisite core courses have been completed :
MGMT 425 Business Strategy and Policy (3)
Prerequisites: ACCT 202 or ACCT 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

C. Completion of option requirements.

5. Elective courses to total 120 units. Students are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in Finance (120 units)

The Finance option provides an understanding of the role of finance in the corporate and international environment and an understanding of investments at both the corporate and personal level. This option provides an understanding of the role of finance in a business context, including the development of a comprehension of business ethics.

Students must take at least 51% of total required Finance units (for finance options) at CSULB.

Core Requirements

Take the following courses:

FIN 350 Investment Principals (3)
Prerequisites: FIN 300, ACCT 201.

FIN 400 Intermediate Financial Management (3)
Prerequisites: ACCT 201, FIN 300, and IS 301.

Select 4 additional courses, with at least 3 courses at the 400-level, from the following courses:

FIN 310, FIN 330, FIN 340, FIN 360, FIN 450, FIN 460, FIN 470, FIN 480, FIN 485, FIN 490, FIN 495, FIN 497, FIN 499A, FIN 499B.

Minor in Finance

Requirements

For Non-Business Students only. (NOTE: The IS 301 prerequisite requirement is waived for the minor.)

- Students must have Junior standing.
- Students will be allowed to declare the Finance minor after completing FIN 300 with letter grade "C" or better.
- Students must complete the following three core courses prior to taking any other Finance courses:

FIN 300 Business Finance (3)
Prerequisite: None

FIN 350 Investment Principals (3)
Prerequisites: FIN 300, ACCT 201.

ACCT 201 Elementary Financial Accounting (3)
Prerequisite: None

Students must complete three additional courses (9 additional units) from among the various Finance courses, with at least two courses (6 units) being taken at the 400 level:

FIN 310, FIN 330, FIN 340, FIN 360, FIN 400, FIN 450, FIN 460, FIN 470, FIN 480, FIN 485, FIN 490.

Courses (FIN)

UPPER DIVISION

300. Business Finance (3)

Introductory course for all business majors. Integration of computer applications and management information systems in (1) Time Value of Money, Risk, Valuation, Cost of Capital; (2) Capital Budgeting; (3) Long-Term Financing Decisions; (4) Working Capital Policy and Management; (5) Financial Analysis and Planning; (6) International Finance; (7) Special topics including Mergers, Acquisition and Bankruptcy.

Letter grade only (A-F).

309. The Consumer in the Legal and Economic Environment (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses; upper-division standing.

Incorporates an integrated coverage of the economic, legal, ethical and regulatory environment of consumers in avoiding and resolving disputes regarding fraudulent transactions, financial matters, personal and real property contracts, torts, credit and investment issues, and family relationships. Team taught.

(Lecture-Discussion 3 hours.) Same course as BLAW 309 and CAFF 309. Not open for credit to students with credit in CAFF 309 and BLAW 309.

310. Personal Finance (3)

Financial analysis planning and management for the individual. Topics include owning and financing a home, minimizing taxes, goals and strategies for investing, budgeting, savings plans, controlling expenses and credit usage, determining insurance needs, and planning retirement.

Letter grade only (A-F).

330. Insurance Principles (3)

Principles of risk-bearing and insurance. Life and property-liability insurance needs of the individual. Types of carriers and insurance markets; organization and functions of carriers; industry regulation.

Letter grade only (A-F).

340. Real Estate Principles (3)

Real estate markets, institutions and activities from the perspective of the decision makers involved in real estate. Fundamental physical, legal, regulatory, economic, mathematical and taxation considerations influencing real estate decision and values. Brokerage, property management, appraisal and counseling.

Letter grade only (A-F).

350. Investment Principles (3)

Prerequisites: FIN 300, ACCT 201.

Investment markets and transactions; sources of investment information; return vs. risk; margin trading and short selling; investment planning; investing in equities and fixed income securities; speculative tax-sheltered investments; gold and other tangibles; portfolio management. Demonstrations and use of microcomputer technology.

Letter grade only (A-F). Course fee may be required.

360. Capital Markets (3)

Capital formation, rates, markets and institutions. Flow of fund analysis, intermediation, interest rate structures, risks and liquidity. Management of financial institutions.

Letter grade only (A-F).

400. Intermediate Financial Management (3)

Prerequisites: ACCT 201, FIN 300, and IS 301.

Intermediate-level lecture-discussion course in corporate finance. Topics include: cash budgeting, capital budgeting, business acquisition and mergers, cost of capital, and international finance.

Letter grade only (A-F).

450. Portfolio Analysis (3)

Prerequisites: FIN 350, IS 301.

Microcomputer technology to perform security analysis including bonds and the bond market, stocks and the stock market, security valuation, fundamental and technical analysis, portfolio management and risk-reward relationships. Microcomputer software programs that perform security analysis and portfolio management using numerous databases.

Letter grade only (A-F). Course fee may be required.

460. Management in Financial Institutions (3)

Prerequisites: FIN 300, I S 301.

Students will be introduced to management of banks and other depository financial institutions. Banking trends and introductory topics, Asset and Liability Management, Capital adequacy and Management of Investment portfolios will be the main focus of the course.

Letter grade only (A-F).

470. Seminar in Financial Management (3)

Prerequisites: FIN 400, I S 301.

Designed to enhance comprehension of finance theories through case studies. The subject of each designed case is related to specific finance subjects including estimation of cost of capital, resource allocation and capital budgeting, IPOs, stock repurchase, dividend policy, agency cost, and merger and acquisition.

Letter grade only (A-F).

480. Derivatives (3)

Prerequisites: FIN 350, IS 301.

This is an introductory course in futures, options, swaps, and other derivatives. It teaches risk management methods and introduces financial engineering techniques, including basic stochastic calculus. It emphasizes the pricing of derivatives and the building of various quantitative models.

485. Fixed Income Securities (3)

Prerequisites: FIN 350, I S 301.

The course analyzes fixed income securities, option embedded fixed income securities and interest rate derivatives. Usual duration and convexity analysis, and the interest rate stochastic processes and other forecasting techniques will be studied. New breeds of fixed income securities, various collateralized bond obligations and other asset backed securities, and interest rate arbitrage techniques will be introduced.

Letter grade only (A-F).

490. International Finance (3)

Prerequisites: FIN 300, IS 301.

International trade theories, international payments; currency value fluctuations and exchange rates; international capital markets; roles of developing countries; international institutions and multi-national enterprises. Individual research required.

Letter grade only (A-F).

495. Selected Topics in Finance (1-3)

Prerequisites: FIN 350, FIN 400, consent of instructor, IS 301.

Intensive study of current topics of interest in finance.

Letter grade only (A-F).

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

497. Directed Studies (1-3)

Prerequisites: FIN 350, FIN 400, IS 301, and consent of instructor.

Individual projects, study and research of advanced nature in finance.

Letter grade only (A-F).

499A-B. Applied Portfolio Management (3-3)

Prerequisites: FIN 499A: FIN 350, FIN 400, FIN 450 (either or both FIN 400 and FIN 450 may be taken concurrently), IS 301, and consent of instructor; FIN 499B: FIN 499A and consent of instructor. FIN 499A to be offered in Fall and accepted students must enroll in FIN 499B in Spring.

Participation in management of actual investment portfolio. Research, monitor, and analyze securities and make, buy and sell recommendations for a student-managed investment fund. Contribute to publication of semi-annual fund report. Market, sector and firm analysis with presentations and outside research.

Letter grade only (A-F).

FOOD SCIENCE

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Lee Blecher, Marie Botkin, Maria Claver, Gail C. Frank, Virginia Gray, Libby Gustin, Young Ha, James E. Koval, Peter Kreysa, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Roudi Roy, M. Sue Stanley, Richard V. Tuveson, Long Wang, Jung-Mao (Ronnie) Yeh

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Virginia Gray

Administrative Support Coordinators:

Mikal Lok, Marina Bendersky

Instructional Support Technician: Bonnie Rice

Career Possibilities

Principal Food Scientist • Research Associate • Food and Packaging Engineer • Quality Assurance Manager • Research and Development Chemist • Quality Control Chemist • Laboratory Supervisor • Plant Manager • Food and Drug or USDA Inspector • Food Product Evaluator • Food and Ingredient Sales Representative • Research and Product Development, Food Formulation and Processing • Consumer Safety • Sensory Evaluation • Quality Assurance • Government Organization • Food Ingredient Sales and Marketing
(Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family and Consumer Sciences Education
- Family Life Education
- Fashion Design
- Fashion Merchandising

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Hospitality, Foodservice and Hotel Management

Degree and certificate information and requirements are listed under each option alphabetically in this catalog

Bachelor of Science in Dietetics and Food Administration

This degree offers two options:

- Nutrition and Dietetics
- Food Science (Suspended)

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Option in Food Science (120 units)

Admission to this program is currently suspended to new students.

Prerequisites

A passing score on the Chemistry Placement Examination.

Requirements

Take all of the following courses:

BIOL 207 Human Physiology (4)

Prerequisites: GE Foundation requirements.

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 227 Fundamentals of Organic Chemistry (3)

Prerequisites: CHEM 111A with a grade of "C" or better; CHEM 111B is recommended.

CHEM 448 Fundamentals of Biological Chemistry (3)

Prerequisites: CHEM 220B or CHEM 227 either with a grade of "C" or better.

MATH 113 Precalculus Algebra (3)

Prerequisites: Appropriate ELM score, ELM exemption or MAPB 11.

MICR 200 General Microbiology (4)

Prerequisites: CHEM 111A or CHEM 140 with a grade of "C" or better and GE Foundation requirements.

MICR 325 Emerging Infectious Diseases (3)

Prerequisites: MICR 211 with a grade of "C" or better and consent of instructor.

CAFF 321 Family and Consumer Resource Management (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

FCS 299 Introduction to FCS (1)

Prerequisite: None.

Not open for credit to students with credit in FCSE 299.

FCS 499 Professionalism and Leadership in FCS (1)

Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.

Not open for credit to students with credit in FCSE 499.

FSCI 332 Food Science (3)

Prerequisites: CHEM 227, HFHM 176, MICR 200.

FSCI 338 Introduction to Food Processing (3)

Prerequisite: FSCI 332.

FSCI 432 Food Analysis (3)

Prerequisites: CHEM 227, FSCI 332 or equivalent.

FSCI 435 Food Processing, Preservation and Packaging (3)

Prerequisite: FSCI 332 or consent of instructor.

FSCI 492F Internship in Food Science (3)

Prerequisites: Senior standing; a 2.5 overall GPA or a 3.0 major GPA; approval of faculty advisor in Food Science;

- and FSCI 332.
- HFHM 235 Principles of Food Preparation (3)
Prerequisite: None.
- NUTR 132 Introductory Nutrition (3)
Prerequisite/Corequisite: One Foundation course.
- NUTR 234 Orientation Dietetics and Food Administration (2)
Prerequisite: None.
- NUTR 331A Fundamentals of Human Nutrition (3)
Prerequisites: NUTR 132, BIOL 207, CHEM 302 or CHEM 227 or equivalent.
- NUTR 336 Social and Cultural Aspects of Food and Health (3)
Prerequisites: For Dietetics Concentration NUTR 132, NUTR 234, SOC 335; for Nutritional Sciences Concentration NUTR 132, SOC 335.

Note: MICR 200 will meet the prerequisite for MICR 325 for Food Science majors.

Take one of the following courses:

- ED P 419 Educational Statistics (3)
Prerequisites: Satisfactory completion of an undergraduate mathematics course suitable for general education math credit and, if required by the major, a lower-division statistics course.
- H SC 403 Community Health Statistics (3)
Prerequisite: GE Math and SOC 250 or PSY 210 (PSY 100 prereq) or STAT 108.

Take one of the following courses:

- ENGL 101 Composition (3)
Prerequisites: ENGL 100.
- ENGL 317 Technical Communication (3)
Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Take one of the following courses:

- PSY 100 General Psychology (3)
Prerequisite/Corequisite: GE A1 requirement.
- SOC 100 Principles of Sociology (3)
Prerequisite/Corequisite: A GE Foundation course.

Take 9 units from the following courses:

- CHEM 111B; FCS 497; NUTR 331B; HFHM 275, HFHM 477; IS 233.

Minor in Food Science

Preparation for employment in the Food Science Industry may be developed through completion of this program of study. Eighteen units including:

Take all the following:

- FSCI 332 Food Science (3)
Prerequisites: CHEM 227, HFHM 176, MICR 200.
- FSCI 338 Introduction to Food Processing (3)
Prerequisite: FSCI 332.
- FSCI 432 Food Analysis (3)
Prerequisites: CHEM 227, FSCI 332 or equivalent.
- FSCI 435 Food Processing, Preservation and Packaging (3)
Prerequisites: FSCI 332 or consent of instructor.
- FSCI 492F Internship in Food Science (3)
Prerequisites: Senior standing; a 2.5 overall GPA or a 3.0 major GPA; approval of faculty advisor in Food Science; and FSCI 332.

Take 3 units from the following:

- FCS 497 Directed Studies

Prerequisites: Upper division standing, consent of instructor. Not open for credit to students with credit in FCSE 497.

MICR 325 Emerging Infectious Diseases
Prerequisites: MICR 211 with a grade of "C" or better and consent of instructor.

NUTR 336 Social and Cultural Aspects of Food and Health (3)
Prerequisites: For Dietetics Concentration NUTR 132, NUTR 234, SOC 335; for Nutritional Sciences Concentration NUTR 132, SOC 335.

Adhere to prerequisites below, some fulfill GE requirements:

1. CHEM 111A is a prerequisite for CHEM 227;
2. HFHM 235, CHEM 227, and MICR 200 are prerequisites for FSCI 332;
3. FSCI 332 is a prerequisite for FSCI 338, FSCI 432, FSCI 435, and FSCI 492F;
4. PSY 100 or SOC 100 or ANTH 120 or equivalent and NUTR 132 are prerequisites for NUTR 336;
5. MICR 200 will meet the prerequisite for MICR 325 for Food Science minors.

The Minor in Food Science is available to any non-Food Science major.

Food Science Courses (FSCI)

UPPER DIVISION

330. Dairy Science (2)

Prerequisites: NUTR 132, HFHM 235.

Study of dairy science from chemical microbiological, processing, nutritional values, and economic standpoints. Integration of recent technology as implemented to feature marketed dairy products both traditional and contemporary.

(Lecture-discussion 2 hours.)

332. Food Science (3)

Prerequisites: CHEM 227, HFHM 176, MICR 200

Composition and structure of foods: chemical changes in foods that affect their color, flavor, texture, aroma, and nutritive quality during processing and preparation; techniques for food preservation.

Course fee may be required. (Lecture-discussion 2 hours, laboratory 3 hours.)

338. Introduction to Food Processing (3)

Prerequisite: FSCI 332.

Study of industrial concepts of food processing. Raw agricultural commodities through the production phases to a final product acceptable to consumers. (The course may include limited visitations to food preparation sites.)

(Lecture-discussion 3 hours.)

432. Food Analysis (3)

Prerequisites: CHEM 227, FSCI 332 or equivalent.

Application of scientific methods of food analysis. Ingredients, proportions, and techniques in food preparation affect the quality of products. Experimental laboratory problems.

Letter grade only (A-F). Course fee may be required. (Seminar 2 hours, Laboratory 3 hours.)

435. Food Processing, Preservation and Packaging (3)

Prerequisites: FSCI 332 or consent of instructor.

Methods and technological aspects in food processing, preservation and packaging. Application of principles and assessment of nutrition. Evaluation of chemical additives. Microbiological aspects of food.

(Lecture - discussion 2 hours, laboratory 3 hours.)

469. Food Product Development (1)

Prerequisites: FSCI 332, or consent of instructor.

Industrial concepts and technology as they apply to food product development and formulation. Includes principles of new product development, ingredient replacements, and product improvements. Development of a prototype, ingredient interaction, and product cost analysis.

Letter grade only (A-F). (Seminar 1 hour)

492F. Internship in Food Science (3)

Prerequisites: Student must be a Family and Consumer Sciences: Food Science major; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Food Science; and FSCI 332. Each prerequisite course must be completed with a grade of "C" or better.

Field experience in which student assumes a pre-professional role in professional setting. Objectives by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for a maximum of 6 units. (Seminar 3 hours)

FRENCH

College of Liberal Arts

Department of Romance, German, Russian Languages and Literatures

Department Chair: Markus Muller

Director: Aparna Nayak

RGRLL Language Coordinator: Cedric Oliva

Single Subject Coordinator for L.O.T.E.: Cynthia Leathers

Department Office: Academic Services, Room 309
Telephone: (562) 985-4318

Faculty: Laura Ceia, Clorinda Donato, Aparna Nayak, Najib Redouane

Graduate/Major/Minor Advisor: Laura Ceia

Administrative Support Coordinator: Alessandro Russo

Students desiring information should contact the department office for referral to one of the faculty advisors: Credential advisor or current Program Director.

Career Possibilities

Arts Management • Art Historian • Customs Inspector • Immigration Officer • Importer/Exporter • Foreign Service Officer • International Marketing Representative • Travel Guide • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Translator • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Learning French makes you eligible for study and travel abroad in the International Programs of the California State University System. We are happy to assist you in including a study abroad experience into your program of language and literary study. Students are encouraged to participate in work/study abroad options.

Undergraduate Programs

Bachelor of Arts in French and Francophone Studies (120 units)

The major in French consists of 36 upper-division units in the 300-400 level courses indicated below. The number of lower-division units will depend on the amount of French studied previously in high school or college, since students with prior study of French may enter at advanced standing (usually second or third year).

The major program satisfies the subject matter competence requirement for the Single Subject teaching credential in French, but credential candidates must take FREN 414 (Phonetics). Major students should be mindful of the Department's second language requirement: two college years or equivalent of a second foreign language, other than English. The Department also recommends inclusion of specified history courses in the program of study. These courses offer additional enrichment to the cultural component of the student's course of study.

Completion of the French major meets the subject matter competence requirement for the Single Subject Teaching Credential in French. Prospective students should consult the undergraduate French Advisor and the Languages Other Than English (LOTE) Program Advisor early to plan their program.

Prerequisite

Lower Division:

FREN 214 Intermediate Conversation (3)
Prerequisite: FREN 101B.

(Does not count toward the required 36 units)

Requirements

Upper Division (minimum 35 units):

Take all of the following courses:

FREN 312A Advanced French I (3)
Prerequisite: Upper-division standing in French or equivalent.

FREN 312B Advanced French II (3)
Prerequisite: Upper-division standing in French or equivalent.

FREN 314 Advanced Conversation (3)
Prerequisite: FREN 214 or consent of instructor.

FREN 333 Survey of French Literature I (4)
Prerequisite: Upper-division status in French.

FREN 334 Survey of French Literature II (4)
Prerequisite: Upper-division status in French.

FREN 411 Advanced French Syntax & Composition (3)
Prerequisites: FREN 312A-B or equivalent.

FREN 440 French Civilization (3)
Prerequisites: FREN 312A-B.

FREN 480 Senior Seminar: Self and Society (3)
Prerequisites: Two 400-level French courses, or consent of instructor.

Take three courses from the following:

FREN 414, FREN 456, FREN 460, FREN 462, FREN 470, FREN 471, FREN 472, FREN 474, FREN 475, FREN 476, FREN 477, FREN 479, FREN 490; one of the following courses may also be used in this category: RGR 346, RGR 400, RGR 450.

Candidates for the teaching credential must take FREN 414.
Two years of a second foreign language at college level or equivalent.

Departmental Recommendation:

Students specializing in French should include the following courses in their program of study: HIST 131, HIST 132, and one or more of the following: HIST 336, HIST 337. A selection from the following courses would also be appropriate: HIST 332, HIST 333; RGR 346, RGR 450.

Single Subject Teaching Credential in French

Completion of the French major meets the subject matter competence requirement for the Single Subject Teaching Credential in French. Prospective students should consult the undergraduate French Advisor and the Languages Other Than English (LOTE) Credential Program Advisor early to plan their program.

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective teachers

of French are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

Requirements

Same as the BA in French but include the following:
 FREN 414 French Phonetics (3)
 Prerequisites: FREN 312 A-B or consent of instructor.

Interdisciplinary Option (120 units)

Requirements

Lower Division:

Take the following course:

FREN 214 Intermediate Conversation (3)
 Prerequisite: FREN 101B.

Upper Division:

A minimum of forty-four (44) units of upper-division courses.

Take all of the following courses (23 units):

FREN 312A Advanced French I (3)
 Prerequisite: Upper-division standing in French or equivalent.

FREN 312B Advanced French II (3)
 Prerequisite: Upper-division standing in French or equivalent.

FREN 314 Advanced Conversation (3)
 Prerequisite: FREN 214 or consent of instructor.

FREN 333 Survey of French Literature I (4)
 Prerequisite: Upper-division status in French.

FREN 334 Survey of French Literature II (4)
 Prerequisite: Upper-division status in French

FREN 411 Advanced French Syntax and Composition (3)
 Prerequisites: FREN 312A-B or equivalent.

FREN 440 French Civilization (3)
 Prerequisites: FREN 312A-B.

Note: with the program director's consent, the requirement of FREN 214, FREN 312A, FREN 312B, and FREN 314 may be waived.

Nine units (9) of electives selected from the following courses:

FREN 456, FREN 460, FREN 462, FREN 470, FREN 471, FREN 472, FREN 474, FREN 475A-B-C-D-E, FREN 477, FREN 479, FREN 480, FREN 490.

Twelve units (12) from one of the following content areas:

Africana Studies:

AFRS 337, AFRS 343A, AFRS 343B;

Art History:

AH 415, AH 427, AH 436, AH 437, AH 438, AH 439, AH 448, AH 449, AH 450;

History, Francophone:

HIST 391, HIST 392, HIST 435, HIST 491;

History French/European:

HIST 319, HIST 332, HIST 333, HIST 334, HIST 336, HIST 337, HIST 338, HIST 339, HIST 340;

Philosophy:

PHIL 361, PHIL 405, PHIL 413, PHIL 418, PHIL 484, PHIL 455;

Social Sciences:

A. *Political Science:* POSC 303, POSC 353, POSC 401, POSC 455;

B. *International Studies:* I/ST 319, I/ST 320;

C. *Women's, Gender and Sexuality Studies:* WGSS 300, WGSS 401, WGSS 455;

D. *Geography:* GEOG 306, GEOG 308, GEOG 309, GEOG 316.

Minor in French and Francophone Studies

A minimum of 18 units which must include all of the following:

FREN 312A Advanced French I (3)

Prerequisite: Upper-division standing in French or equivalent.

FREN 312B Advanced French II (3)

Prerequisite: Upper-division standing in French or equivalent.

FREN 411 Advanced French Syntax & Composition (3)

Prerequisites: FREN 312A-B or equivalent.

Take three other upper-division courses in French for a total of 18 upper-division units.

The Minor in French is available to any non-French major.

GRADUATE PROGRAMS

Master of Arts in French and Francophone Studies

Prerequisites

1. A bachelor of arts degree in French, or:
2. A bachelor's degree with a minimum of 24 upper-division units in French, comparable to those required of a major in French at this University. Deficiencies will be determined by the advisor after consultation with the student and study of transcript records.

Advancement to Candidacy

1. Approval of the graduate program by the graduate advisor, the faculty advisor and/or departmental committee, and the College of Liberal Arts Associate Dean of Graduate Studies.
2. The candidate should file for advancement upon completion of 6 units and preferably no more than 9 units on the program. A 3.0 GPA is required.
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).

Requirements

1. Completion of a minimum of 30 units of approved upper-division and graduate courses, with a minimum of 24 units in the 500 and 600 series in French;
2. Specifically required courses include:

FREN 580* Self and Society (3)

Prerequisites: Two 400-level French courses, or consent of instructor.

FREN 696* Research Methodology & Critical Theory (3)

Prerequisite: Graduate standing required.

*students with a BA in French from CSULB see advisor

3. Two years of one of the following languages: Italian, Portuguese, Spanish, German, or Russian, or pass an examination at intermediate level in one of those languages. Major or minor in a second foreign language may be used to fulfill this requirement, upon approval by the Department. For other languages, consult the Graduate Advisor:
4. Maintain a GPA of at least "B" (3.0) in the major;
5. Pass comprehensive examinations on the Graduate Reading List in three areas to be selected by student upon consultation with Graduate Advisor;
6. No more than six units of transfer graduate credits are allowed, subject to approval by the Graduate Advisor. No more than six units of International Programs course work may be credited toward the 24-unit French requirement for the MA at this university;
7. Teaching Associates must take RGR 601, Teaching Methodology. These units do not count toward the required 30 units for completion of the MA.

Single Subject Teaching Credential in French

For information, refer to the undergraduate section in this department.

French Courses (FREN)

LOWER DIVISION

100A. Fundamentals of French for Spanish Speakers (4)

Prerequisite: Two semesters of college Spanish or 3 years of high school or be native or heritage speaker of Spanish.

Introductory course on the fundamental skills of speaking, reading, writing and comprehending French with an emphasis on the structural similarities between French and Spanish. Not open to heritage speakers or native speakers of French.

Not open for credit to students with credit in FREN 102, FREN 102A or FREN 101A.

100B. Fundamentals of French for Spanish Speakers (4)

Prerequisites: FREN100A; or FREN 101A with 2 semesters of college Spanish or 3 years of high school Spanish; or be heritage or native speakers of Spanish.

Introductory course on the fundamental skills of speaking, reading, writing and comprehending French with an emphasis on the structural similarities between French and Spanish.

Not open to heritage speakers or native speakers of French. Not open for credit to students with credit in FREN 101B or FREN 102B.

101. Fundamentals of French (6)

Prerequisite/Corequisite: Any Foundation course.

Two semesters of fundamental French are covered in one semester in this intensive hybrid (blended) course. Not open to heritage or native speakers of French. Not open to students who have completed FREN 101A, FREN 101B, FREN 100A or FREN 100B. (4 hrs. in class, 2 hrs. online)

101A. Fundamentals of French (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to fundamental skills of speaking, oral comprehension, reading, and writing. For those who are beginning the study of French or who have had one year of high school French.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of French.

101B. Fundamentals of French (4)

Prerequisite/Corequisite: FREN 101A or two years of high school French or equivalent.

Corequisite: Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of French.

200. Intermediate French for Spanish Speakers (6)

Prerequisites: FREN 100B or FREN 101B or 3 years of high school French and 2 years of college Spanish or be native or heritage Spanish speaker.

Two semesters of intermediate French are covered in one semester in this intensive hybrid (blended) course designed for students who are either native or heritage speakers of Spanish or have at least intermediate- to advanced-level proficiency in Spanish. Not open to heritage speakers or native speakers of French.

Not open for credit to students with credit in FREN 202.

201. Intermediate French (6)

Prerequisites: FREN 101, FREN 100B, or FREN 101B or a minimum of 3 years of high-school French.

Prerequisite/Corequisite: Any Foundation course.

Two semesters of Intermediate French are covered in one semester in this intensive hybrid (blended) course. Not open to heritage or native speakers of French. Not open to students who have completed FREN 200, FREN 201A or FREN 201B. (4 hrs. in class, 2 hrs. online)

201A. Intermediate French (4)

Prerequisite: FREN 101B or three years of high school French or equivalent, GE Foundation requirement (or entering competency equivalent to FREN 101B and completion of concurrent enrollment in at least one Foundation course).

Continued development in speaking, oral comprehension, reading and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of French.

201B. Intermediate French (4)

Prerequisite: FREN 201A or four years of high school French or equivalent, GE Foundation requirement (or entering competency equivalent to FREN 201A and completion or concurrent enrollment in at least one Foundation course).

Continued development in speaking, oral comprehension, reading and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of French.

214. Intermediate Conversation (3)

Prerequisite: FREN 101B.

Should be taken concurrently with FREN 201A or FREN 201B. Designed to develop basic conversational skills and to prepare for more advanced work in FREN 314.

Letter grade only (A-F).

UPPER DIVISION

312A. Advanced French I (3)

Prerequisite: Upper-division standing in French or equivalent.

Review of grammatical principles with regular exercises and composition work for the development of increased mastery of the written language.

312B. Advanced French II (3)

Prerequisite: Upper-division standing in French or equivalent.

Review of grammatical principles with regular exercises and composition work for the development of increased mastery of the written language.

314. Advanced Conversation (3)

Prerequisite: FREN 214 or consent of instructor.

Continuation of FREN 214.

Letter grade only (A-F).

333. Survey of French Literature I (4)

Prerequisite: Upper-division status in French.

Introduction to important literary works, movements, and authors of French literature from the Middle Ages to the French Revolution studied in the context of social, political, religious, artistic, and philosophical developments. Letter grade only (A-F).

334. Survey of French Literature II (4)

Prerequisite: Upper-division status in French.

Introduction to important literary works, movements, and authors of French literature from 19TH and 20TH century France to postcolonial Francophone literature studied in the context of social, political, religious, artistic, and philosophical developments. Letter grade only (A-F).

411. Advanced French Syntax and Composition (3)

Prerequisite: FREN 312A-B or equivalent.

Special emphasis on the writing of compositions and developing an awareness of French style, as well as advanced syntax.

414. French Phonetics (3)

Prerequisite: FREN 312A-B or consent of instructor.

General concepts of linguistic science. Linguistics applied to the study and teaching of the French language. Articulatory phonetics as a means to form native French pronunciation habits with emphasis upon the difficulties encountered by speakers of American English.

423./523. Introduction to French Linguistics (3)

Prerequisites: FREN 312A-B and FREN 411.

Overview of French linguistics: Phonology, morphology and syntax. Also focuses on the application of linguistic knowledge of French to the teaching of French at the high school level in the U.S.

440. French Civilization (3)

Prerequisites: FREN 312A-B.

Significant aspects of French art, culture and social institutions.

456. French Cinema (3)

Prerequisite: Upper-division standing.

Acquaint students with the art of the medium, particularly as it is realized through the work of the artist most responsible for its success or failure, in this case the director.

Letter grade only (A-F). Same course as FEA 456. Not open for credit to students with credit in FEA 456. (2 hrs sem, 2 hrs activity)

460./560. The Art of Translation (3)

Prerequisites: Upper-division or graduate standing. Consent of instructor for third-year students.

Cover translation of French texts into English and of English texts French, as well as theories of translation and their implications. Translations may be published in *The Translators' French Quarter*, a journal of the RGRLL Department.

May be repeated to a maximum of 6 units.

462./562. Reading French Women Writers (3)

Prerequisites: Consent of instructor.

Covers literary production of women who wrote and write literature in France. French feminism, the question of "écriture féminine" and gender will also be discussed. Does not cover Francophone women writers.

May be repeated to a maximum of 6 units.

470./570. French Literature of the Middle Ages (3)

Prerequisites: FREN 336 or consent of instructor.

Study of representative drama, poetry and prose of the period. Texts in modern French.

471./571. French Literature of the Renaissance (3)

Prerequisites: Consent of instructor.

Study of representative drama, poetry and prose of the 16th Century.

472./572. French Literature of the Seventeenth Century (3)

Prerequisites: Consent of instructor.

Study of representative drama, poetry and prose of the century.

474./574. The Age of Enlightenment (3)

Prerequisites: Consent of instructor.

Study of representative writers and thinkers of the century. Drama, poetry and prose.

475./575. Selected Topics - Seminar in Francophone Literature (3)

Prerequisites: Consent of instructor.

May be repeated to a maximum of 15 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Africa
- B. Caribbean
- C. Maghreb
- D. Quebec
- E. Switzerland

476./576. French Comic Traditions (3)

Prerequisites: Consent of instructor.

Historical overview of French comedic forms; close reading of selected works; elements of comic theory. Includes works such as medieval farce, Molière's different comic genres, Beaumarchais, Feydeau and absurdist dramatists such as Jarry and Ionesco, as well as film comedies.

Letter grade only (A-F).

477./577. French Literature of the Nineteenth Century (3)

Prerequisites: Consent of instructor.

Study of representative writers of the century. Drama, poetry and prose.

479./579. French Literature of the Twentieth Century (3)

Prerequisites: Consent of instructor.

Study of representative writers of the century. Drama, poetry and prose.

480./580. Senior Seminar: Self and Society (3)

Prerequisites: Two 400-level French courses, or consent of instructor.

Integrative seminar examining a wide variety of literary works, ranging from Medieval through twentieth-century Francophone classic texts, and some films with strong literary connections. Emphasis on historical, critical and philosophical writings concerning issues in French-speaking cultures.

Letter grade only (A-F).

490./590. Selected Topics in French (1-3)

Study of a particular topic in French literature, language, or culture.
May be repeated to a maximum of 12 units with different topics.
Topics announced in the *Schedule of Classes*.

494. Internship in French (1-3)

Prerequisites: Consent of instructor and department chair.
Field work in French, supplemented by readings and tutorials under direction of a faculty. Internships, small group discussion/teaching, and other assignments directed by a supervising faculty member.
May be repeated to a maximum of 6 units. No more than 3 units may be applied to the major in French.

499. Directed Studies (1-3)

Prerequisites: Consent of instructor and department chair.
Independent study undertaken under the supervision of a faculty member.
May be repeated to 3 units provided the material is not the same.
May be repeated to a maximum of 6 units with prior consent of department

GRADUATE LEVEL**523./423. Introduction to French Linguistics (3)**

Prerequisites: FREN 312A/B and FREN 411.
Presents overview of French linguistics: Phonology, morphology and syntax. Focuses on application of linguistic knowledge of French to teaching French at high school level in U.S.

556. French Cinema (3)

Prerequisite: Graduate standing or consent of instructor
Acquaint students with the art of the medium, particularly as it is realized through the work of the artist most responsible for it success or failure, in this case the director.
Letter grade only (A-F). Taught in English or in French when needed. (2 hrs seminar, 2 hrs activity)

560./460. The Art of Translation (3)

Prerequisites: Upper-division or graduate standing. Consent of instructor for third-year students.
Covers translation of French texts into English and of English texts French, as well as theories of translation and their implications. Translations may be published in The Translators' French Quarter, a journal of the RGRLL Department.

562./462. Reading French Women Writers (3)

Prerequisites: Consent of instructor.
Covers literary production of women who wrote and write literature in France. French feminism, the question of "écriture féminine" and gender discussed. Does not cover Francophone women writers.
May be repeated to a maximum of 6 units.

570./470. French Literature of the Middle Ages (3)

Prerequisites: Consent of instructor.
Study of representative drama, poetry and prose of the period. Texts in modern French.
Letter grade only (A-F).

571./471. French Literature of the Renaissance (3)

Prerequisites: Consent of instructor.
Study of representative drama, poetry and prose of the 16th Century.
Letter grade only (A-F).

572./472. French Literature of the Seventeenth Century (3)

Prerequisites: Consent of instructor.
Study of representative drama, poetry and prose of the century.
Letter grade only (A-F).

574./474. The Age of Enlightenment (3)

Prerequisites: Consent of instructor.
Study of representative writers and thinkers of the century. Drama, poetry and prose.
Letter grade only (A-F).

575./475. Selected Topics - Seminar in Francophone Literature (3)

Prerequisites: Consent of instructor.
May be repeated to a maximum of 15 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.
A. Africa
B. Caribbean
C. Literature from the Maghreb
D. Quebec
E. Switzerland

576./476. French Comic Traditions (3)

Prerequisites: Consent of instructor.
Historical overview of French comedic forms; close reading of selected works; elements of comic theory. Includes works such as medieval farce, Molière's different comic genres, Beaumarchais, Feydeau and absurdist dramatists such as Jarry and Ionesco, as well as film comedies.
Letter grade only (A-F).

577./477. French Literature of the Nineteenth Century (3)

Prerequisites: Consent of instructor.
Study of representative writers of the century. Drama, poetry and prose.
Letter grade only (A-F).

579./479. French Literature of the Twentieth Century (3)

Prerequisites: Consent of instructor.
Study of representative writers of the century. Drama, poetry and prose.
Letter grade only (A-F).

580./480. Self and Society (3)

Prerequisites: Two 400-level French courses, or consent of instructor.
Integrative seminar examining a wide variety of literary works, ranging from Medieval through twentieth-century Francophone classic texts, and some films with strong literary connections. Emphasis on historical, critical and philosophical writings concerning issues in French-speaking cultures.
Letter grade only (A-F).

590./490. Selected Topics in French (1-3)

Study of a particular topic in French literature, language, or culture.
May be repeated to a maximum of 12 units with different topics.
Topics announced in the *Schedule of Classes*.

599. Directed Studies (1-3)

Prerequisites: Graduate Standing and consent of instructor and department chair.
Graduate-level in-depth study on selected topics under supervision of a graduate faculty. Topic and study outline of work undertaken to be on file in department. Enrollment contingent upon approval of department chair and faculty member.
Letter grade only (A-F). May be repeated for a maximum of 6 units with different topics in the same semester.

604. Selected Topics - Seminar in a Century of French Literature (3)

Prerequisite: Corresponding 400/500-level century survey course or consent of instructor.

Intensive studies in one of the following topics.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

E. French Literature Seminar: Medieval to 18th Century

F. French Literature Seminar: 19th-20th Century

688. Seminar in French Literature or Culture (3)

Prerequisite: Graduate standing in French.

Intensive study of a specific aspect of French literature or culture. Subjects announced in the *Schedule of Classes*.

Letter grade only (A-F).

696. Research Methodology and Critical Theory (3)

Prerequisite: Graduate standing required.

Introduction to methods of research/critical theory. Course familiarizes students with techniques and terminology of critical theory in the French tradition. Focus on theoretical issues such as "production" of meaning in texts, its relation to power, politics, ethics, and pleasure.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Consent of department chair.

Individual study under the guidance of a faculty member.

May be repeated to a maximum of 3 units. Letter grade only (A-F).

698. Thesis (3)

Prerequisite: Consent of Graduate Advisor.

Planning, preparation, and completion of thesis in French for the master's degree. With consent of graduate advisor only.

May be repeated to a maximum of 6 units in the same semester.

GEOGRAPHY

College of Liberal Arts

Department Chair: Paul Laris

Department Office: PH1, Room 210

Telephone: (562) 985-4977 / (562) 985-8432

Career Possibilities

Urban Planner • Cartographer • Computer Mapping
• Regional, Urban and Environmental Planner •
Natural Resources Manager • Environmental Monitor •
Transportation Planner • Travel Counselor/Agent • Real
Estate Appraiser • Environmental Analyst • Intelligence
Analyst • Marketing Analyst • Community Development
Specialist • Demographer • Recreation Resource Planner
• Industrial Development Specialist • GIS Specialist •
Climatologist • Ecologist • Environmental Impact Report
Writer • Teacher

Introduction

Geography focuses on the spatial organization of human and physical landscapes, the interactions between human society and the physical environment, as well as on the meanings that people bring to their place in the world.

The Department offers the Bachelor of Arts and Master of Arts degrees, Geography Minor, and two certificates. For further information, go to the department or visit <http://www.csulb.edu/colleges/cia/departments/geography>. For the Master of Arts degree in Geography, candidates are responsible for the general requirements stated in this catalog as well as the specific departmental requirements contained in the Geography Master of Arts Handbook.

Undergraduate Programs

Bachelor of Arts in Geography (120 units)

Requirements

A grade of "C" or better must be achieved in all upper division Geography courses. The Geography major requires at least 39 units of which at least 9 must be at the 400 level. Lower Division (12 units):

Take one of the following courses:

GEOG 130 Geography of Weather and Climate (4)

Prerequisite: One G.E. Foundation course (One B.2. and one A.1 course recommended)

GEOG 140 Introduction to Physical Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Take one of the following courses:

GEOG 100 World Regional Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course

GEOG 120 Geography of Human Diversity in U.S. (3)

Prerequisite/Corequisite: One G.E. Foundation course.

GEOG 160 Introduction to Human Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Take the following course:

GEOG 280 Intro Geospatial Techniques (3)

Prerequisite: None

Take one of the following courses:

GEOG 200 Introduction to Research Methods for Geographers (3)

Prerequisite: None

STAT 108 Statistics for Everyday Life (3)

Prerequisite: None

Upper Division (27 units)

Take all of the following courses:

GEOG 340 Environmental Geography (3)

Prerequisite: GEOG 130 or GEOG 140 or GEOL 280.

GEOG 360 Human Geography (3)

Prerequisites: GEOG 100, GEOG 120, or GEOG 160.

GEOG 380 Map Interpretation and Analysis (3)

Prerequisite: None

Take one Regional course (see list below)

Take 3 courses in one of the following concentrations:

Environmental/Physical Geography, Human Geography, Geospatial Techniques, or Global/Regional Studies

Major Concentrations

Students are urged to complete courses in each cluster and to seek the advice of the undergraduate advisor and other faculty to identify courses that are best suited to meet their educational and career objectives. In addition, programs may be tailored to meet the needs of individual students especially those choosing to double-major.

Environmental/Physical Geography:

GEOG 330, GEOG 355, GEOG 440, GEOG 441, GEOG 442, GEOG 443, GEOG 444, GEOG 445, GEOG 447, GEOG 448, GEOG 455, GEOG 458, GEOG 481.

Human Geography:

GEOG 301, GEOG 319, GEOG 352, GEOG 357, GEOG 402, GEOG 446, GEOG 452, GEOG 460, GEOG 462/562 (also WGSS 462), GEOG 464, GEOG 465, GEOG 467, GEOG 468, GEOG 470, GEOG 471 (also HCA 471).

Geospatial Techniques:

GEOG 400, GEOG 402, GEOG 473, GEOG 474, GEOG 475, GEOG 482, GEOG 484, GEOG 485, GEOG 486, GEOG 487A, GEOG 487B, GEOG 488.

Global and Regional Studies:

Global Studies Courses:

GEOG 319, GEOG 352, GEOG 355, GEOG 452, GEOG 460, GEOG 464, GEOG 468, GEOG 470.

Regional Courses:

GEOG 304, GEOG 306, GEOG 308, GEOG 309, GEOG 313, GEOG 314, GEOG 315, GEOG 316, GEOG 318, GEOG 321

Additional Courses

The following courses may be included in the above concentrations with approval of the Undergraduate Advisor:

GEOG 392, GEOG 492, GEOG 494, GEOG 497.

Minor in Geography

The Minor in Geography is available to any non-Geography major. Requires a minimum of 18 units.

Take one of the following courses:

GEOG 130 Geography of Weather and Climate (4)

Prerequisite: One G.E. Foundation course (One B.2. and one A.1 course recommended)

GEOG 140 Introduction to Physical Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Take one of the following courses:

GEOG 100 World Regional Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course

GEOG 120 Geography of Human Diversity in U.S. (3)

Prerequisite/Corequisite: One G.E. Foundation course.

GEOG 160 Introduction to Human Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Take one of the following courses:

GEOG 280 Intro Geospatial Techniques (3)

Prerequisite: None

GEOG 380 Map Interpretation and Analysis (3)

Prerequisite: None

Take at least 9 units of upper division courses with at least one course selected from the 400 series.

Minor in Geographic Information Science

The minor in Geographic Information Science (GISci) is designed to help students who are looking for professional careers in the rapidly expanding sectors dealing with geospatial technology and mapping sciences. The field of geographic information science, while rooted in the discipline of geography, has applications in a variety of fields including but not limited to planning, environmental science, journalism, transportation, business and public health. The GISci minor provides an academic credential for students who are pursuing a degree in another discipline that have developed basic mastery of both geographic concepts relevant to responsible use of the technology, as well as technical and applied aspects of this field. The Minor in GISci is available to any CSULB student, except for those who are majors in geography.

Requirements

A minimum of 21 units is required. One of these courses is a basic 3-unit course in statistics which can be satisfied by GEOG 200, STAT 108, PSY 210, BIOL 260, HDEV 250, SOC 250 or another related statistics course per advisor consent. In addition to a basic statistic course, the minor consists of an additional 18-units as follows:

The Minor in GISci is composed of two core courses:

GEOG 280 Introduction to Geospatial Techniques (3)

Prerequisites: None.

GEOG 380 Map Interpretation and Analysis (3)

Prerequisites: None.

Students must also take 12 units of 400-level GISci courses from the following list:

GEOG 471, GEOG 473, GEOG 474, GEOG 475, GEOG 481, GEOG 482, GEOG 484, GEOG 485, GEOG 487A, GEOG 487B, GEOG 488

Certificate in Geographic Information Science

Director: Hyowon Ban

This certificate provides experience in quantitative spatial analysis using Geographic Information Systems software, remotely sensed imagery and field-derived data, and effective communication through maps. The certificate serves as a supplement to standard degree programs. Further information on the GIScience Certificate is available from the program director or the Geography undergraduate advisor, and online at www.csulb.edu/geography.

This certificate program is eligible for Financial Aid. Please see the department web site for required Federal disclosure information.

Requirements

1. A bachelor's degree, which may be earned concurrently.
2. Consultation with the certificate advisor in the Geography Department.

3. Satisfactory completion of prerequisites (9 units):

GEOG 200 Introduction to Research Methods for Geographers (3)

Prerequisite: None

GEOG 280 Intro Geospatial Techniques (3)

Prerequisite: None

GEOG 380 Map Interpretation and Analysis (3)

Prerequisite: None

4. A minimum of 23 units distributed as follows:

- A. Core Courses. Take all the following courses:

GEOG 400 Multivariate Geographical Analysis (4)

Prerequisite: GEOG 200 or any introductory statistics course or consent of instructor.

GEOG 473 Remote Sensing (4)

Prerequisites GEOG 200 (or equivalent) and GEOG 280 or consent of instructor.

GEOG 485/585 Principles of Geographic Information Science (4)

Prerequisites: GEOG 200 or equivalent AND GEOG 280 or GEOG 481; or consent of instructor.

- B. Specialization (three courses):

Students are encouraged to select a specialization in one of the following three areas, although courses can be selected between categories with advisor approval.

Geographic Information Systems:

GEOG 487A/587A, GEOG 487B/587B, GEOG 488/588

Remote Sensing: GEOG 474, GEOG 475

Cartography: GEOG 482, GEOG 484/584

The following courses may be substituted for the above courses with advisor consent: GEOG 481, GEOG 492, GEOG 494, GEOG 497, GEOG 697, GEOG 680. Substitutions may also be made for courses in database, computer programming, surveying and/or web design and visualization with approval from the Certificate Advisor.

Certificate in Urban Studies

The Urban Studies Certificate, housed in the Department of Geography, takes an interdisciplinary approach. Students take a core of courses in Geography and take courses from one of two concentrations (Urban Theory and Practice or Applied Urban Geography). For further information, go to www.csulb.edu/geography.

This certificate program is eligible for Financial Aid.

Please see the department web site for required Federal disclosure information.

Requirements

1. A bachelor's degree, which may be earned concurrently.
2. Consultation with the undergraduate advisor in the Geography Department.
3. A minimum of 23 units distributed as follows:

Core requirements (6 units):

Take the following courses:

GEOG 301 The Urban Scene (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses, and upper division standing.

GEOG 464 Urban Geography: Sustainable Cities (3)

Prerequisite: GEOG 100, GEOG 120, or GEOG 160 or consent of instructor; GEOG 360 recommended.

Concentration Requirement (minimum 17 units)

Choose One Option:

Concentration A - Applied Urban Geography: GEOG 446, GEOG 467, GEOG 485*, GEOG 487B; and one of the following: ASAM 435; CHLS 470, CAFF 322, 422; GEOG 471 or HCA 471.

Concentration B - Urban Theory and Practice: Take six of the following courses: GEOG 467, GEOG 468; HIST 474; ANTH 416; POSC 327; CHLS 421; WGSS 432; DESN 367.

*Students must also take GEOG 280 before enrolling in this course. This course is a prerequisite and does not count toward the Certificate.

Graduate Programs

Master of Arts in Geography

Prerequisites

1. A bachelor's degree in geography; or,
2. A bachelor's degree with 24 units of upper division courses substantially equivalent to those required for a geography major at this University; or,
3. A bachelor's degree in a related discipline with 24 units of upper division courses in a combination of geography and approved courses in related disciplines,
4. Completion of introductory methods course,
5. An undergraduate GPA of 3.0 ("B") or better in geography, or alternative evidence of ability to do graduate work,
6. Completion of Graduate Record Examination (GRE),
7. File with the department a declaration of intent to seek the master's degree in geography.

Advancement to Candidacy

1. See the Geography Graduate Student Handbook;
2. See the general University requirements.

Requirements

1. Completion of courses required to remove foundational and prerequisite deficiencies (see prerequisites above),
2. Fulfillment of the Graduation Writing Assessment Requirement (GWAR),

3. Completion of 30 units of approved upper division and graduate courses. A minimum of 24 units of Geography courses. A minimum of 21 units of 500 and 600-level courses

Take the following two courses:

GEOG 596 Geographic Thought and Literature (3)
Prerequisite: Consent of instructor.

GEOG 696 Seminar in Geographical Research Methods (3)

Prerequisites: GEOG 596, graduate standing in geography, and consent instructor.

Take one advanced geographic methods course, approved by the Thesis Advisory Committee Chair, from the following:

GEOG 400 Multivariate Geographical Analysis (4)
Prerequisite: GEOG 200 or any introductory statistics course or consent of instructor.

GEOG 474 Intro to Digital Image Processing (4)
Prerequisite: GEOG 473 or consent of instructor.

GEOG 502 Qualitative Geographic Analysis (4)
Prerequisite: GEOG 360 or consent of instructor.

GEOG 575 Geographical Applications in Remote Sensing (4)

Prerequisites: GEOG 473 or consent of instructor.

GEOG 584 Advanced Concepts in Presentation Cartography (4)

Prerequisite: GEOG 482 or consent of instructor.

GEOG 586 Field Methods in Landscape Analysis (4)
Prerequisite: GEOG 340 or consent of instructor.

GEOG 587A Applications of GIS: Environment and Natural Resources (4)

Prerequisites: GEOG 485 or GEOG 585 or consent of instructor.

GEOG 587B Applications of Geographic Information Science: Urban and Economic (4)

Prerequisite: GEOG 485 or GEOG 585 or consent of instructor.

GEOG 588 Geographic Information Science (GIS) Programming (4)

Prerequisites: GEOG 485 or GEOG 585 or consent of instructor.

Take 2 topical seminars (each of the following seminars may be taken with credit twice to meet this requirement), from the following:

GEOG 640 Seminar in Physical Geography (3)
Prerequisite: Consent of instructor.

GEOG 650 Seminar in Cultural Geography (3)
Prerequisite: Consent of instructor.

GEOG 666 Seminar in Urban Geography (3)
Prerequisite: Consent of instructor.

GEOG 680 Seminar in Geospatial Science (3)
Prerequisite: Consent of instructor.

Take 6 units of thesis:

GEOG 698 Thesis (6)
Prerequisite: Consent of instructor.

4. A "B" or better in two core courses:

GEOG 596 Geographic Thought and Literature (3)
Prerequisite: Consent of instructor.

GEOG 696 Seminar in Geographical Research Methods (3)

Prerequisites: GEOG 596, graduate standing in geography, and consent instructor.

Master of Science in Geographic Information Science

This program is offered only through College of Continuing and Professional Education at a higher tuition rate.

The Master of Science in Geographic Information Science (MSGISci) is designed to address the needs of individuals across the geospatial workforce who require focused and specialized training to become competitive and contribute to the range of positions in this diverse industry. This one-year 30-unit applied training program combines advanced technical and analytic training in the geospatial sciences with training in interpersonal and business skills. The program's coursework is designed as a professional science masters to develop competencies essential for successful entry into the geospatial workforce.

Prerequisites

Prerequisites include an undergraduate GPA of 3.0 and experience comparable to the following:

- a bachelor's degree in geography with a minimum of one upper division course in geospatial techniques (geographic information science, cartography, and/or remote sensing); or
- a bachelor's degree in a related discipline with a minimum of one upper division course in geospatial techniques (geographic information science, cartography, and/or remote sensing); or
- a bachelor's degree in a related discipline with a minimum of one year of demonstrated work experience in a field with direct application of geospatial technologies.

University Requirements

- Completion of courses required to remove prerequisite deficiencies (see prerequisites above);
- Fulfillment of the Graduation Writing Assessment Requirement (GWAR);
- Completion of 30 units of approved MSGISci graduate courses.

Program Requirements

Take the following courses:

GISC 601 Introduction to Spatial Concepts (1)
Prerequisites: None

GISC 602 Applied GIS (3)
Prerequisites: GISC 601 or advisor consent

GISC 603 Cartographic Visualization (3)
Prerequisites: GISC 601 or advisor consent

GISC 604 GIS Data and Databases (3)
Prerequisites: GISC 601 or advisor consent

GISC 605 GIS Development (3)
Prerequisites: GISC 601 or advisor consent

GISC 606 Applied Remote Sensing (3)
Prerequisites: GISC 601 or advisor consent

GISC 607 Project Orientation and Support (1)
Prerequisites: GISC 601, GISC 602, GISC 603, GISC 604, GISC 605, GISC 606; and three NSCI courses (or 9 units of advisor approved professionally focused upper division coursework); or advisor consent.

GISC 608 Applied Project (4)
Prerequisites: GISC 601, GISC 602, GISC 603, GISC 604, GISC 605, GISC 606, and a grade of "C" or better in GISC 607; and three NSCI courses (or 9 units of

advisor approved professionally focused upper division coursework); or advisor consent.

Take three NSCI courses or 9 units of advisor approved, professionally focused upper-division coursework.

Culminating Experience

The program culminates with a team-based research experience. The team-based research design allows students to actively apply and demonstrate the knowledge and skills that they have both brought to and acquired through the curriculum. Applied research topics will have relevant practical applications and will be informed by our network of GIScience Professionals in the local workforce community. Topics may address spatial problems currently faced by members of our advisory board, our network of GISci professionals, or existing faculty research. Students will participate in the equivalent of 5-units of work on an applied research project to engage them in a relevant hands-on research activity (1-unit project orientation course and a 4-unit summer project course). Project reports will integrate the core competencies developed through the curriculum and reflect students' integration of instruction. The project deliverable will include a written project report and oral presentation. Results will be presented at a culminating research presentation.

General

- 392. Climate Action and Sustainability at CSULB
- 492. Applied Internship
- 494. Selected Topics in Geography
- 497. Directed Studies

Global and Regional

GLOBAL:

- 319. International Development
- 352. Geography of Travel and Tourism
- 355. International Environmental Issues
- 452. Geography of the Global Economy
- 468. World Cities/Cities of the World
- 470. Political Geography

REGIONAL:

- 100. World Regional Geography
- 304. California
- 306. United States and Canada
- 308. Africa South of the Sahara
- 309. The Middle East and North Africa
- 313. Southeast Asia
- 314. South Asia
- 315. East Asia
- 316. Europe
- 318. Russia and Its Neighbors
- 321. Geography of Latin America

Human Geography

- 120. Geography of Human Diversity in the United States
- 160. Introduction to Human Geography
- 301. Urban Life and Problems
- 319. International Development
- 352. Geography of Travel and Tourism
- 357. Sacred Geographies

360. Human Geography
446. Land Use Planning
452. Geography of the Global Economy
460. Population Geography
462/562. Gender, Place and Culture
464. Urban Geography: Sustainable Cities
465./565. Social Geography
467./567. Urban Geography: Metropolitan Problems and Solutions
468. World Cities/Cities of the World
470. Political Geography
471. Geographic Information Science (GIS) for Health
562/462. Gender, Place and Culture

Environmental/Physical Geography

101. The Global Environment
130. Geography of Weather and Climate
140. Introduction to Physical Geography
330. California Ecosystems
340. Environmental Geography
355. International Environmental Issues
440./540. Land and Water Environments
442. Biogeography
443. Watersheds: Processes and Management
444. Climatology
445. Paleoclimatology
447. Landscape Restoration
448. Environmental Assessment
455. People As Agents of Environmental Change
458./558. Hazards and Risk Management
481. Geographic Information Science for Natural Sciences

Methods and Techniques

These courses develop skills in graphic and statistical communication and field analysis which are used within the various sub-fields of the discipline.

200. Introduction to Research Methods for Geographers
280. Introduction to Geospatial Techniques
380. Map Interpretation and Analysis
400. Multivariate Geographical Analysis
402. Qualitative Geographic Analysis
482. Thematic Map Design for Presentation and GIS
473. Remote Sensing
474. Introduction to Digital Image Processing
475. Geographical Application Remote Sensing
484./584. Advanced Concepts in Presentation Cartography
485./585. Introduction to Geographic Information Systems
486. Field Methods in Landscape Analysis
487A./587A. Applications of GIS: Environment and Natural Resources
487B./587B. Applications of GIS: Urban and Economic
488. Geographic Information Systems (GIS) Programming

Geography Courses (GEOG)

LOWER DIVISION

100. World Regional Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Through a spatial approach, introduction to the world's geographic realms and examination of their cultural, population and political

dynamics, resources and economic development, patterns of settlement and environmental elements.

101. The Global Environment (3)

Prerequisites: One Foundation course

Introduction to the Earth's principal human-environmental relationships and biogeographic processes with a focus on how human actions impact the geography of living things from the local to the global scale.

120. Geography of Human Diversity in the United States (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Examines America's Human Diversity from a geographic perspective focusing on the spatial distribution and organization of race/ethnicity and gender/sexuality groups across the U.S.'s rural and urban cultural landscapes while emphasizing the spatial politics of inclusion and exclusion.

130. Geography of Weather and Climate (4)

Prerequisite: One G.E. Foundation course (One B.2. and one A.1 course recommended)

Introduction to Earth's atmosphere, weather processes, global climate patterns, drivers of climate change and their interactions with the biotic and abiotic environment. Analysis of how human activities affect weather and climate processes and the patterns of global climate impacts.

Letter grade only (A-F). (3 hours lecture, 2 hours field activity)

140. Introduction to Physical Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Systematic study of the physical environment including human-environmental interaction, environmental hazards, and natural resources.

160. Introduction to Human Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Geographic aspects of culture, including the past and present social, political and economic factors that are related to human perception, organization and use of the environment.

200. Introduction to Research Methods for Geographers (3)

Introduction to the scientific method in geography, with an emphasis on basic quantitative and qualitative techniques and their applications.

Not open for credit to student with credit in first course in statistics. (2 hours lecture, 2 hours laboratory).

250. Early World Historical Geography (4)

Prerequisites: Open only to Integrated Teacher Education Program (ITEP) students.

Emergence and changing nature of urban life, cultural and technological diffusions, and variations in the intensity of contact and exchange among cultures and civilizations over time. Geographic and historical factors, such as location and place, human/environment interactions, migrations, and diffusion.

Same course as HIST 250. Not open for credit to students with credit in HIST 250.

280. Introduction to Geospatial Techniques (3)

Introduction to geospatial techniques, which include geographic information science (GIS), cartography, global positioning systems (GPS), and remote sensing. Students will be introduced to the geographic concepts required for spatial analysis.

(3 hours lecture)

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course.

301. The Urban Scene (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses, and upper division standing.

Analysis of urban life-styles; land use and design; population trends; conflicts in the increasingly multicultural urban setting; housing and community development; suburban-central city relationships; human utilization of urban life spaces; opinions of landmark urbanists; and future trends.

Not open for credit to students with credit in U/ST 301 or SOC 419.

304. California (3)

California's diverse natural and cultural environment with emphasis upon social and economic problems and the human response to environmental hazards.

306. United States and Canada (3)

Prerequisites: GE Foundation requirement.

Common social, economic and political interests of the major human use regions of the United States and Canada. Describes and interprets the culture patterns of each region in relation to the natural settings in which they have developed.

308. Africa South of the Sahara (3)

Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.

Human and environmental settings of Africa South of Sahara and the ecological, cultural, demographic, economic settlement and political relationships that characterize them.

309. The Middle East and North Africa (3)

Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.

Human and physical settings of the Middle East and North Africa and the cultural, economic, settlement, and political relationships that characterize them stressing those factors which underlie the region's instability and global importance.

313. Southeast Asia (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Cross-cultural examination of the characteristics and problems found across Southeast Asia, specifically, environmental and cultural patterns, historical development of the spatial organization of society, demographic and other dynamics of social change, and issues of socio-economic and political development.

Letter grade only (A-F).

314. South Asia (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Cross-cultural examination of the various characteristics and problems found across the region of South Asia. Specific foci are environmental and cultural patterns, the historical development of the spatial organization of society, demographic and other dynamics of social change related to issues of socio-economic and political development.

Letter grade only (A-F).

315. East Asia (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Cross-cultural examination of the characteristics and problems found across East Asia, specifically, environmental and cultural patterns, historical development of the spatial organization of society, demographic and other dynamics of social change, and issues of socio-economic and political development.

Letter grade only (A-F).

316. Europe (3)

Prerequisites: GE Foundation requirement.

The human and physical patterns of Europe. Current cultural conditions and environmental problems.

318. Russia and Its Neighbors (3)

Prerequisite: GE Foundation requirement.

Systematic and regional study of the physical, economic and cultural geography of the countries of the former Soviet Union.

319. International Development (3)

Prerequisites: GE Foundation requirement, one Explorations course, upper-division standing.

Theoretical and practical analysis of social, political, and economic development and alternative developmental models. Contemporary and historical comparisons of how "developed" and "developing" areas of the world have confronted various economic, social, and political challenges.

Same course as I/ST 319. Not open for credit to students with credit in I/ST 319.

321. Geography of Latin America (3)

Prerequisites: GE Foundation requirements. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

This course examines Latin America from a regional geographical perspective. Utilizing both historical and contemporary points of view, it identifies and interprets the distinguishing environmental, demographic, cultural, social, economic, and geopolitical characteristics of the region.

Not open to students who have taken GEOG 320I. Letter grade only (A-F).

330. California Ecosystems (3)

Prerequisites: GEOG 101 or GEOG 130 or GEOG 140 or ESP 200; AND GEOG 200 or STAT 108 or BIOL 260

Introduction to the ecology and biogeography of natural California landscapes, including field examination of habitats, collection and analysis of environmental data, and reporting of field or laboratory findings.

Letter grade only (A-F). Same course as ESP 330. Not open for credit to students with credit in ESP 330.

(2 hours lecture/activity, 2 hours field/laboratory)

340. Environmental Geography (3)

Prerequisite: GEOG 130 or GEOG 140 or GEOL 280.

Examines interrelationships between society and land and water environments. Focuses on critical analysis of contemporary environmental issues in American West, including both physical and human factors.

Letter grade only (A-F).

352. Geography of Travel and Tourism (3)

Historical and contemporary spatial characteristics and dimensions of tourism activity. Tourism, destinations, travel patterns, environmental and economic impacts, and analysis of regional tourism patterns.

355. International Environmental Issues (3)

Prerequisites: GE Foundation requirement, one Explorations course, and upper division standing. Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

Examines the deterioration, destruction, maintenance and restoration of environmental systems and resources. Identifies and analyzes major environmental problems that have international dimensions. Investigates ongoing and potential efforts to resolve them.

Same course as I/ST 355. Not open for credit to students with credit in I/ST 355.

357. Sacred Geographies (3)

Prerequisites: Completion of GE Foundation, one or more Exploration courses and upper division status.

Comparative exploration of sacred spaces across the world. Examines the social, political, and religious processes that create places of ritual and reverence by linking the individual to the communal experience of place.

Letter grade only (A-F).

360. Human Geography (3)

Prerequisites: GEOG 100, GEOG 120, or GEOG 160.

Introduces breadth of research across subfields of human geography through examination of various contemporary topics, such as migration, globalization, cultural landscapes, urbanization, politics, agricultural practices, and development.

Letter grade only (A-F).

380. Map Interpretation and Analysis (3)

Interpretation and understanding of maps as graphic communication with emphasis on critical analysis, symbolization, scale, projection.

(Lecture, problems 3 hours)

392. Climate Action and Sustainability at CSULB (3)

Prerequisites: Completion of the entire Foundation curriculum along with one or more Explorations courses and upper-division standing

Students join CSULB's efforts to achieve climate neutrality (zero net greenhouse gas emissions) and sustainability through service learning assignments working with staff, faculty and community partners. Provides opportunities for all majors to apply and develop skills through hands-on experience.

6 hours activity.

Same course as ESP 392. Not open for credit to students with credit in ESP 392.

400. Multivariate Geographical Analysis (4)

Prerequisite: GEOG 200 or any introductory statistics course or consent of instructor.

Examination of advanced multivariate statistical techniques employed by geographers in analysis of spatial phenomena and emphasis on applications in geographical research, using spreadsheet and statistical software.

(3 hours seminar and 2 hours laboratory).

402. Qualitative Geographic Analysis (4)

Prerequisite: GEOG 360 or consent of instructor.

Examines qualitative geographic methodologies and methods through the theoretical frameworks that geographers employ in their research. Introduces survey, interview, and focus group techniques, textual analysis, participant observation, and ethnography. Includes a hands-on research experience.

(4 hours discussion). Letter grade only (A-F).

440./540. Land and Water Resources (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Examines interrelationships between land and water as components of the human environment. Focus is on management, use and human impacts, with an emphasis on water resources.

Letter grade only (A-F). (Lecture-discussion)

441./541. The Geography of Mars (4)

Prerequisite/Corequisite: GEOG 130 or GEOG 140 or GEOL 102 and GEOG 280 or consent of instructor.

Introduction to the geography of Mars, providing a physical regionalization of the Martian surface and climate and an understanding of underlying tectonic, geomorphic, and meteorological processes. The course reviews remote sensing fundamentals and data sources for geographical analysis of Mars.

Letter grade only (A-F). (3 hours seminar, 2 hours activity).

442. Biogeography (3)

Prerequisite/ Corequisite: GEOG/ESP 330.

Theories and methods of mapping plant and animal distributions, spatial interaction of species with environmental limiting factors, and the human role in temporal and spatial variation of ecosystems.

Letter grade only (A-F). (Lec-problems; field experience)

443. Watersheds: Processes and Management (4)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Basic principles of watershed hydrology, including hydrologic processes, runoff behavior, precipitation patterns and watershed models. Evaluation of water quality elements such as nonpoint source pollution. Laboratory and field exercises will include hydrologic data collection, processing and evaluation.

Letter grade only (A-F). (3 hours Lecture, 2 hours Laboratory)

444. Climatology (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Descriptive and explanatory analysis of elements and controls of climate. Climates of world emphasis on California and North America.

Letter grade only (A-F). (Lecture, problems 3 hours)

445. Paleoclimatology (4)

Prerequisite: GEOG 330 or GEOL 240 or GEOL 300.

Methods and theories used in reconstructing and dating climates of the past 2 million years, using such proxies as sediment sequences, packrat middens, ice cores, tree rings, corals, and documentary data. Causes of environmental change and human interactions are analyzed.

Cross-listed with GEOL 445. Same course as GEOL 445. Not open for credit to students with credit in GEOL 445

Letter grade only (A-F). (Lecture 3 hours, lab activities 2 hours)

446. Land Use Planning (3)

Examines land use planning, issues and responses concerning land use; coastal zones; environmental resource management; urban growth; design and aesthetics; planning parameters for residences, parks, conservation areas, shopping centers, and industrial areas; urban and regional revitalization, and transportation.

Not open for credit to students with credit in U/ST 446

447. Landscape Restoration (3)

Prerequisite: GEOG/ESP 330.

Explores philosophical, political, and ecological issues associated with restoring degraded landscapes. Analysis of theoretical works, scientific research, planning documents and case studies. Examines potential for restoring natural landscapes.

Letter grade only (A-F).

448./548. Environmental Assessment (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Introduction to the policy framework and techniques for assessing impacts on various aspects of the biological and physical environment. The course is a survey of multiple topics involving various types of environmental assessment, including data collection, processing and evaluation.

Letter grade only (A-F). (Undergraduates register in GEOG 448; graduates register in 548.) (3 hours lecture, activity)

452. Geography of the Global Economy (3)

Prerequisite: GEOG 360 or consent of instructor.

Examines globalization processes that create integration of world's economic, political, and cultural systems, but operate unevenly across space and time. Focuses on impact on people and places around the world.

(Lecture, problems) Letter grade only (A-F).

455. People As Agents of Environmental Change (3)

Prerequisite: GEOG 340 or consent of instructor.

Examines human impact on biophysical environment from long-term and global perspective. Explores regional and global implications of these changes on people and environments. Examines different theories for explaining major human forces that drive environmental change.

Letter grade only (A-F). (Lecture 3 hours)

458./558. Hazards and Risk Management (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Broad overview of hazards and disasters, whether natural or technological, emphasizing the physical and social dynamics that interact to produce hazard, the spatial and temporal distributions of various hazards, and policy options for disaster preparation, loss reduction, and community resilience.

Letter grade only (A-F).

460. Population Geography (3)

Prerequisite: GEOG 360 or consent of instructor.

Introduction to geographic study of population. Includes growth and distribution of world population; results of changing births, deaths, and migration; variations in population composition; related problems such as food supplies and environmental deterioration.

Letter grade only (A-F).

462/562. Gender, Place and Culture (3)

Prerequisite: GEOG 360 or WGSS 300 or consent of instructor

A human geography approach to examining intersections of gender, place and culture. Topics include: body spaces; geographies of sexualities; emotion, care and health; migration; environmental and social justice; feminist post-structural theories and philosophies; and feminist methodological approaches to geographic research.

Letter grade only (A-F). Same course as WGSS 462. Not open for credit to students with credit in WGSS 462

464. Urban Geography: Sustainable Cities (3)

Prerequisite: GEOG 100, GEOG 120, or GEOG 160 or consent of instructor; GEOG 360 recommended.

Examines the function and character of cities as locations for sustainable development related to health, transportation, and neighborhood design. Course focuses on trends in public policy, planning, and community-based activism that seek to balance economic, social, and environmental well-being.

Not open for credit for students with credit in GEOG 366. Letter grade only (A-F).

465./565. Social Geography (3)

Prerequisite: GEOG 360 or consent of instructor.

The geographies of society, including various methodological and theoretical approaches to social geography. Topics may include socio-spatial inequality, crime, housing, religious systems, medical and health geography, feminist geography, the geography of sexuality, the geography of race, or poststructuralist geography.

Letter grade only (A-F).

467./567. Urban Geography: Metropolitan Problems and Solutions (3)

Prerequisite: GEOG 360 or consent of instructor.

Examines geographic components of metropolitan problems with a focus on theoretical and practically applied urban planning solutions to transportation, housing, residential segregation, economic development, and community health issues.

Letter grade only (A-F). (Lecture, problems 3 hrs)

468. World Cities/Cities of the World (3)

Prerequisite: GEOG 360 or consent of instructor.

Comparative examination of major world cities within the context of their regional and national urban systems. Compares and contrasts cities of developed and developing worlds. Explores divergent urbanization patterns and world city development in major cultural realms.

Letter grade only (A-F).

470. Political Geography (3)

Prerequisite: GEOG 360 or consent of instructor.

Comparative study of the earth's politically organized regions and related systems. Varied approaches are explored, such as power analysis, genetic analysis, and functional analysis of political units. Stresses political geographic concepts used in analyzing the viability of states and nations.

Letter grade only (A-F). (Lecture, problems)

471. Geographic Information Science (GIS) For Health (3)

Prerequisite: GEOG 200 or SOC 250 or equivalent.

An Introduction to the fundamentals of Geographic Information Science and systems (GIS) including concepts and skills in spatial reasoning and spatial thinking. Explores GIS in spatial query, problem analysis and decision support using health-related applications. Lecture/discussion and Laboratory (2 hours seminar, 2 hours computer laboratory)

Letter grade only (A-F). Same course as HCA 471. Not open for credit to students with credit in HCA 471.

473. Remote Sensing (4)

Prerequisites GEOG 200 (or equivalent) and GEOG 280 or consent of instructor.

Processing and interpretation of aerial photographs and digital satellite imagery. Topics include the electromagnetic spectrum, energy-matter interactions, sensor characteristics, and the acquisition, processing and interpretation of imagery for applications including the analysis of vegetation dynamics, surface hydrology and urban environments.

Letter grade only (A-F).

474. Introduction to Digital Image Processing (4)

Prerequisite: GEOG 473 or consent of instructor.

Provides a background to the principles and concepts of digital image processing and the extraction of information from digital satellite data with focus various enhancement and extraction techniques, specifically, within the visible and near-infrared portions of the electromagnetic spectrum.

Letter grade only (A-F). (Seminar 3 hours; Laboratory 2 hours).

475. Geographical Applications in Remote Sensing (4)

Prerequisites: GEOG 473 or consent of instructor

Focuses on remote sensing applications. Students will be introduced to sophisticated imagery and analysis techniques, as applied to weather and fire modeling, arid lands environmental problems, or the urban environment.

Letter grade only (A-F).

481. Geographic Information Science for Natural Sciences (4)

Prerequisites: Junior/Senior/Graduate standing; GEOG 140 or BIOL 153 or GEOL 102.

Introduces fundamentals of geographic information science and systems (GIS) to non-geography students, including concepts and skills in spatial reasoning and spatial thinking. Explores GIS in spatial query, problem analysis and decision support, using biologic, geologic, and ecologic applications.

482. Map Design for Presentation and GIS (4)

Prerequisites: GEOG 200 or equivalent and GEOG 380 or consent of instructor.

Theory and techniques in the creation of thematic maps including design, generalization, and symbolization, with an emphasis on computer presentation methods.

484./584. Advanced Concepts in Presentation Cartography (4)

Prerequisite: GEOG 482 or consent of instructor.

Advanced theory and techniques for presentation cartography including communication, visualization, terrain representation, animation, and color.

Letter grade only (A-F).

485./585. Principles of Geographic Information Science (4)

Prerequisites: GEOG 200 or equivalent AND GEOG 280 or GEOG 481; or consent of instructor.

Fundamental concepts and techniques of geographic information systems and science are introduced. Emphasizes spatial analyses to address spatial questions.

Letter grade only (A-F).

486. Field Methods in Landscape Analysis (4)

Prerequisite: GEOG 340 or equivalent and consent of instructor. Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

Introduction to field techniques, including formulation of field plans, recording direct observation, field mapping, sampling techniques, interviewing, and organizing and evaluating data for presentation.

Letter grade only (A-F). (Lecture-discussion 1 hour, supervised field work 6 hours)

487A. Applications of Geographic Information Science (GIS): Environment and Natural Resources (4)

Prerequisites: GEOG 485 or GEOG 585 or consent of instructor.

Use of Geographic Information Systems and science for spatial query, problem analysis, spatial modeling and decision support in natural resource assessment. Students with background in GIS are introduced to environmental applications. Emphasizes use of raster GIS.

487B. Applications of Geographic Information Science (GIS): Urban and Economic (4)

Prerequisites: GEOG 485 or GEOG 585 or consent of instructor.

Builds on introductory knowledge of Geographic Information Systems, spatial analysis and spatial data and focuses on urban and economic applications and analyses.

488./588. Geographic Information Science (GIS) Programming (4)

Prerequisite: GEOG 485 or GEOG 585 or consent of instructor

Introduction to programming techniques for Geographic Information Sciences and applications for geography and related disciplines.

(Seminar 3 hours; Laboratory 2 hours). Letter grade only (A-F).

492. Applied Internship (3)

Prerequisites: Upper division or graduate standing and consent of instructor. Open to majors only.

Practical experience in an appropriate business, government or community-based organization to enhance professional development.

Same course as ES P 495. Not open for credit to students with credit on ES P 495. (6 hours activity/laboratory). May be repeated to a maximum of 6 units; a second semester experience shall differ substantially from first semester experience. Undergraduates may elect Credit/No Credit or letter grading; letter grading only is required for graduate students. Student will work under faculty supervision.

494. Selected Topics in Geography (1-3)

Prerequisite: Consent of instructor.

Application of geographical concepts and methodology to selected contemporary problems.

May be repeated to a maximum of 6 units with consent of department chair. Topics announced in the *Schedule of Classes*. May not be credited toward the major in geography without written department consent in advance of enrollment.

495. Field Training in Geospatial Techniques (1-6)

Prerequisites: GEOG 140, GEOG 473, GEOG 485 or consent of instructor

In this advanced applied geography course students will enhance their knowledge of geospatial techniques (geographic information science, remote sensing) and apply these skills to address geographic and spatial questions through a combination of intense hands-on field work and data analyses.

Letter grade only (A-F). (3 - 18 hours Activity)

497. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Individually directed studies of special problems in geography.

May be repeated to a maximum of 6 units with consent of department chairperson. May not be credited toward the major in geography without written department consent in advance of enrollment.

GRADUATE LEVEL

500. Multivariate Geographical Analysis (4)

Prerequisites: GEOG 200 or any introductory statistics course or consent of instructor.

Examination of advanced multivariate statistical techniques employed by geographers in analysis of spatial phenomena. Emphasis on applications in geographical research, using spreadsheet and statistical software.

Letter grade only (A-F). (3 hours seminar, 2 hours laboratory)

502. Qualitative Geographic Analysis (4)

Prerequisite: GEOG 360 or consent of instructor.

Examines qualitative geographic methodologies and methods through the theoretical frameworks that geographers employ in their research. Introduces survey, interview, and focus group techniques, textual analysis, participant observation, and ethnography. Includes a hands-on research experience.

(4 hours discussion). Letter grade only (A-F).

540./440. Land and Water Resources (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Examines interrelationships between land and water as components of the human environment. Focus is on management, use and human impacts, with an emphasis on water resources.

Letter grade only (A-F). (Lecture-discussion)

541./441. The Geography of Mars (4)

Prerequisite/Corequisite: GEOG 130 or GEOG 140 or GEOL 102 and GEOG 280 or consent of instructor, and graduate student standing.

Introduction to the geography of Mars, providing a physical regionalization of the Martian surface and climate and an understanding of underlying tectonic, geomorphic, and meteorological processes. The course reviews remote sensing fundamentals and data sources for geographical analysis of Mars.

Letter grade only (A-F). (3 hours seminar, 2 hours activity)

543. Watersheds: Processes and Management (4)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Basic principles of watershed hydrology, including hydrologic processes, runoff behavior, precipitation patterns and watershed models. Evaluation of water quality elements such as nonpoint source pollution. Laboratory and field exercises will include hydrologic data collection, processing and evaluation.

Letter grade only (A-F). (3 hours Lecture, 2 hours Laboratory)

548./448. Environmental Assessment (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Introduction to the policy framework and techniques for assessing impacts on various aspects of the biological and physical environment. The course is a survey of multiple topics involving various types of environmental assessment, including data collection, processing and evaluation. (Undergraduates register in GEOG 448; graduates register in 548).

Letter grade only (A-F). (3 hours lecture, activity)

558./458. Hazards and Risk Management (3)

Prerequisite: ESP 200 or GEOG 340 or consent of instructor.

Broad overview of hazards and disasters, whether natural or technological, emphasizing the physical and social dynamics that interact to produce hazard, the spatial and temporal distributions of various hazards, and policy options for disaster preparation, loss reduction, and community resilience.

Letter grade only (A-F).

562./462. Gender, Place and Culture (3)

Prerequisite: Graduate Standing

A human geography approach to examining intersections of gender, place and culture. Topics include: body spaces; geographies of sexualities; emotion, care and health; migration; environmental and social justice; feminist post-structural theories and philosophies; and feminist methodological approaches to geographic research.

Letter grade only (A-F). Not open for credit to students with credit in GEOG 462 or WGSS 462.

565./465. Social Geography (3)

Prerequisite: GEOG 360 or consent of instructor.

The geographies of society, including various methodological and theoretical approaches to social geography. Topics may include socio-spatial inequality, crime, housing, religious systems, medical and health geography, feminist geography, the geography of sexuality, the geography of race, or poststructuralist geography.

Letter grade only (A-F).

567./467. Urban Geography: Metropolitan Problems and Solutions (3)

Prerequisite: GEOG 360 or consent of instructor.

Examines geographic components of metropolitan problems with a focus on theoretical and practically applied urban planning solutions to transportation, housing, residential segregation, economic development, and community health issues.

(Lecture, problems 3 hrs) Letter grade only (A-F).

575. Geographical Applications in Remote Sensing (4)

Prerequisites: GEOG 473 or consent of instructor.

Focuses on remote sensing applications. Students will be introduced to sophisticated imagery and analysis techniques, as applied to weather and fire modeling, arid lands environmental problems, or the urban environment.

(Seminar 3 hours; Laboratory 2 hours). Letter grade only (A-F).

584./484. Advanced Concepts in Presentation Cartography (4)

Prerequisite: GEOG 482 or consent of instructor.

Advanced theory and techniques for presentation cartography including communication, visualization, terrain representation, animation, and color.

Letter grade only (A-F).

585./485. Principles of Geographic Information Science (4)

Prerequisites: GEOG 200 or equivalent AND GEOG 280 or GEOG 481; or consent of instructor.

Fundamental concepts and techniques of geographic information systems and science are introduced. Emphasizes spatial analyses to address spatial questions.

Letter grade only (A-F).

586. Field Methods in Landscape Analysis (4)

Prerequisite: GEOG 340 or consent of instructor.

Introduction to field techniques, including formulation of field plans, recording direct observation, field mapping, sampling techniques, interviewing, and organizing and evaluating data for presentation.

(Seminar 1 hour; Field Work 6 hours). Letter grade only (A-F).

587A. Applications of Geographic Information Science (GIS): Environment and Natural Resources (4)

Prerequisites: GEOG 485 or GEOG 585 or consent of instructor.

The use of Geographic Information Systems and science for spatial query,

problem analysis, spatial modeling and decision support in natural resource assessment. Students who possess a background in GIS are introduced to environmental applications. Emphasizes the use of raster GIS.

587B. Applications of Geographic Information Science (GIS): Urban and Economic (4)

Prerequisite: GEOG 485 or GEOG 585 or consent of instructor.

Builds on introductory knowledge of Geographic Information Systems, spatial analysis and spatial data and focuses on urban and economic applications and analyses.

588./488. Geographic Information Science (GIS) Programming (4)

Prerequisite: GEOG 485 or GEOG 585 or consent of instructor.

Introduction to programming techniques for Geographic Information Sciences and applications for geography and related disciplines.

(Seminar 3 hours; Laboratory 2 hours). Letter grade only (A-F).

596. Geographic Thought and Literature (3)

Prerequisite: Consent of instructor.

Proseminar in the history of 20th century Anglophone geographic thought with emphasis on the theoretical and interdisciplinary perspectives current in the field today.

Letter grade only (A-F).

640. Seminar in Physical Geography (3)

Prerequisite: Consent of instructor.

Physical/environmental issues and problems.

May be repeated to a maximum of 6 units with consent of departmental advisor. Letter grade only (A-F).

650. Seminar in Cultural Geography (3)

Prerequisite: Consent of instructor.

Systematic investigation of human occupancy in its varied environmental and regional settings.

May be repeated to a maximum of 6 units with consent of department advisor. Letter grade only (A-F).

666. Seminar in Urban Geography (3)

Prerequisite: Consent of instructor.

Geographic concepts and techniques of research applied to specific urban areas.

May be repeated to a maximum of 6 units with consent of department advisor. Letter grade only (A-F).

680. Seminar in Geospatial Science (3)

Prerequisite: Consent of instructor.

Application of geographic concepts and methodology to selected cartographic, GIS, remote sensing, and spatial analytic problems.

May be repeated to a maximum of 6 units with consent of departmental advisor. Letter grade only (A-F).

696. Seminar in Geographical Research Methods (3)

Prerequisites: GEOG 596, graduate standing in geography, and consent instructor.

Critical survey of contemporary methodologies available for framing research in geography, emphasizing the connection between research models, research questions, and the selection and limitations of particular methods, techniques, and data.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Consent of instructor.

Research in geography supervised on an individual basis.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisite: Consent of instructor.

Planning, preparation and completion of thesis for the master's degree.

Geographic Information Science Courses (GISC)

601. Introduction to Spatial Concepts (1)

Provides requisite theoretical and conceptual foundations in geographic information science.

Letter grade only (A-F). A grade of "C" or better is required for students to progress in the MS GISci program.

602. Applied GIS (3)

Prerequisites: GISC 601

Explores use of geographic information systems for spatial query, analysis, and modeling in natural and human environments. Focuses on analytic techniques and software tools for GIS-based management and problem solving.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

603. Cartographic Visualization (3)

Prerequisites: GISC 601 or consent of advisor

Provides advanced theory and techniques for presentation cartography including communication, visualization, terrain representation, animation, and color.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

604. GIS Data and Databases (3)

Prerequisites: GISC 601 or consent of advisor

Components of GIS data, geospatial databases and database design are reviewed. Topics include topology, data storage, data management and mechanisms for disseminating spatial data, including server technologies.

Letter grade only (A-F). 2 hours lecture, 2 hours lab)

605. GIS Development (3)

Prerequisites: GISC 601

Provides training in the use of GIS-relevant programming languages. Students will learn fundamentals of object oriented programming, application development, basic coding, and will complete a project where they develop a GIS utility.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

606. Applied Remote Sensing (3)

Prerequisites: GISC 601 or consent of advisor

Principles and concepts of remote sensing and digital image processing are presented and applied. Students extract information from satellite and other data sources, focusing on enhancement and extraction techniques within the visible and near-infrared portions of the electromagnetic spectrum.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

607. Project Orientation and Support (1)

Prerequisites: (GISC 601, GISC 602, GISC 603, GISC 604, GISC 605, GISC 606; and (three NSCI courses or 9 units of advisor approved professionally focused upper division coursework); or advisor consent.

Introduces team-based research projects including a review of various research methods, responsible research conduct and project deliverables.

Letter grade only (A-F). (1 hour lecture) A grade of "C" or better is required for students to progress to GISC 608.

608. Applied Project (4)

Prerequisites: (GISC 601, GISC 602, GISC 603, GISC 604, GISC 605, GISC 606, and a grade of "C" or better in GISC 607; and (three NSCI courses or 9 units of advisor approved professionally focused upper division coursework); or advisor consent.

Students demonstrate analytical, technical, business and interpersonal competencies acquired through the program in a team-based learning experience. Teams collaborate on an applied research project supervised by faculty and the project internship sponsor. A spatial problem is addressed and deliverable(s) produced.

Letter grade only (A-F).

GEOLOGICAL SCIENCES

College of Natural Sciences and Mathematics

Department Chair: Robert D. Francis

Department Office: Hall of Science (HSCI) 322

Telephone/FAX: (562) 985-4809 / (562) 985-8638

Website: www.csulb.edu/depts/geology/index.shtml

Faculty: Matthew Becker, Richard J. Behl, Stanley C. Finney, Robert D. Francis, Roswitha B. Grannell, K. Benjamin Hagedorn, Gregory J. Holk, Thomas Kely, Nathan Onderdonk, Lora Stevens

Administrative Support Coordinator: Margaret Costello

Advisors:

Undergraduate: Thomas Kely

Credential: James Kisiel, Tim Williamson

Graduate: Gregory J. Holk

Students desiring information should contact the Department Office for referral to one of the faculty advisors.

Career Possibilities

Geologist • Geophysicist • Hydrologist • Mineralogist • Paleontologist • Seismologist • Geophysical Prospector • Laboratory Assistant • Soils Engineer • Stratigrapher • Crystallographer • Geodesist • Environmental Analyst • Oceanographer • Teacher • Petrologist • Ecologist • Geochemist (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Introduction

The Geological Sciences includes the study of the solid earth, the hydrosphere, and the atmosphere. All Earth Science and Geology majors must contact the Undergraduate Advisor prior to the first semester in residence.

The Geological Sciences Department participates in the Southern California Marine Institute for marine geology, oceanography, and seismic studies. See the Ocean Studies Institute section of this *Catalog* for additional information.

Academic Advising and Facilitated Enrollment into Classes

All entering students who declare a major in a degree program offered by this department need to contact the College of Natural Sciences and Mathematics' (CNSM) Academic Advising Center (HSCI 164) and participate in the College's Science Safari to Success (for first time freshmen) or EONS (Enrollment and Orientation in the Natural Sciences and Mathematics for transfer students) Program. These programs are held in June/July for those starting in the Fall Semester and in January for those starting in the Spring Semester. Department advisors will be available to provide an overview of the students' chosen baccalaureate degree program, to assist with academic advisement, to provide information on the many career opportunities available, and to aid students in enrolling in classes. Contact the CNSM Academic Advising Center, Jensen Student Access to Sciences and Mathematics Center (HSCI 164), or department office for additional information.

Concurrent and/or Summer Enrollment at Another College

Students who wish to take course work at a community or another college to meet curricular requirements while enrolled as undergraduates in the College of Natural Sciences and Mathematics must petition the appropriate Department for prior approval to earn credit for specific courses. This policy applies to concurrent enrollment or summer enrollment. University policy must also be complied with; see 'Concurrent Enrollment' and 'Transfer of Undergraduate Credit' in this *Catalog*. Courses not receiving prior approval will not be accepted for credit by the Department.

Undergraduate Programs

Bachelor of Science in Geology (120 units)

The bachelor of science degree program provides training in the geological sciences for those planning to pursue professional careers in industry or enter a graduate degree program. Students explore fundamental geological processes, cultivate skills in integrative three-dimensional geological thinking, and engage in laboratory and field experience, and pursue interests in the many subdisciplines of the geological sciences. Students interested in pursuing a career in geophysics must consult the undergraduate advisor to construct an appropriate program.

Geology majors must receive a grade of "C" or better in all courses required for the major. A minimum of 120 units is required for the Bachelor of Science degree. Transfer students should attempt to fulfill, prior to transferring, the appropriate lower division curricular requirements as outlined below. In particular students should take prior to transferring the equivalent of GEOL 102 and 104, and at least three of the following four: CHEM 111A, CHEM 111B, MATH 122, and MATH 123.

GEOL 420 (Geological Writing) and GEOL 450 (Summer Field), both required courses for the major, are also capstone General Education courses, and GEOL 420 fulfills the GWAR requirement for a writing intensive course. Geology majors should take these two courses, and one other course to fulfill their upper division GE and GWAR requirements.

Lower Division:

Take all of the following:

GEOL 102 General Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 240 Historical Geology (4)

Prerequisite: GEOL 106 or both GEOL 102, GEOL 104.

GEOL 250 Introduction to Field Petrology and Geological Field Techniques (3)

Prerequisites: GEOL 102 with GEOL 104 or GEOL 105; or GEOL 106; all with grades of "C" or better. Corequisite: GEOL 240.

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)

Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

MATH 122 Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

Upper Division:

Take all of the following:

GEOL 322 Crystallography and Mineralogy (3)

Prerequisites: GEOL 250; CHEM 101 or CHEM 111A.

GEOL 326 Optical Mineralogy (2)

Prerequisite: GEOL 250; A passing score on the Chemistry Placement Examination or CHEM 111A;

Prerequisite/Corequisite: GEOL 322

GEOL 322 and GEOL 326 must be taken concurrently unless the undergraduate advisor approves otherwise.

GEOL 341 Paleontology and Biostratigraphy (4)

Prerequisites: GEOL 240 and GE Life Science requirement B.1.a.

GEOL 350 Spring Field Geology (2)

Prerequisites: GEOL 250 and GEOL 443 with grades of "C" or better. Prerequisite/Corequisite: GEOL 433.

GEOL 420 Geological Writing (3)

Prerequisites: GE Foundation completed, upper division standing, GEOL 102, GEOL 104, GEOL 240, GEOL 250; and at least 6 units of Geology courses at 300-level or above. Students must have scored 11 or higher on the GEAR Placement Examination or completed necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

GEOL 426 Igneous Metamorphic Petrography Laboratory (1)

Prerequisites: GEOL 322 and GEOL 326

Prerequisite/Corequisite: GEOL 428

GEOL 428 Igneous and Metamorphic Petrology and Petrography (3)

Prerequisites: GEOL 322; CHEM 111A, B.

GEOL 428 and GEOL 426 must be taken concurrently unless the undergraduate advisor approves otherwise.

GEOL 433 Structural Geology (4)

Prerequisites: GEOL 250, GEOL 322; PHYS 151.

GEOL 443 Stratigraphy/Sedimentology (4)

Prerequisites: GEOL 240, GEOL 322.

GEOL 450 Summer Field Geology (4)

Prerequisites: GEOL 350, GEOL 428, GEOL 433, and GEOL 443.

GEOL 460 Introduction to Geophysics (3)

Prerequisites: PHYS 151, PHYS 152; and MATH 123, all with a grade of "C" or better.

GEOL 461 Introduction to Geochemistry (3)

Prerequisites: CHEM 111A,B and MATH 123.

In addition, nine units of electives (normally at upper division) approved in advance by the undergraduate advisor.

Minor in Geology

The Minor in Geology is available to any non-Geology major.

Twenty units in geology courses that must include:

Lower Division:

Take all of the following:

GEOL 102 General Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 240 Historical Geology (4)

Prerequisite: GEOL 106 or both GEOL 102, GEOL 104.

Upper Division:

Take at least 9 additional units of geology approved in advance by the Undergraduate Advisor.

Bachelor of Science in Earth Science (120 units)

The bachelor of science degree in Earth Science is designed for those students considering a professional career in environmental, geotechnical, or engineering geology. The program also provides a fundamental education in geology that prepares students for graduate studies in the geological sciences. The required curriculum includes surficial geology courses (geomorphology, hydrology) not required as part of the B.S. in Geology. Students interested in pursuing a career in geophysics must consult the undergraduate advisor to construct an appropriate program.

Earth Science majors must receive a grade of "C" or better in all courses required for the major. A minimum of 120 units is required for the bachelor of science degree. Transfer students should attempt to fulfill, prior to transferring, the appropriate lower division curricular requirements as outlined below. In particular students should take prior to transferring the equivalent of GEOL 102 and 104, and at least three of the following four: CHEM 111A, CHEM 111B, MATH 122, and MATH 123.

GEOL 420 (Geological Writing) and GEOL 450 (Summer Field), both required courses for the major, are also capstone General Education courses, and GEOL 420 fulfills the GEAR requirement for a writing intensive course. Earth Science majors should take these two courses, and one other course to fulfill their upper division GE and GEAR requirements.

Lower Division:

Take all of the following:

GEOL 102 General Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)
Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 240 Historical Geology (4)
Prerequisite: GEOL 106 or both GEOL 102, GEOL 104.

GEOL 250 Introduction to Field Petrology and Geological Field Techniques (3)
Prerequisites: GEOL 102 with GEOL 104 or GEOL 105; or GEOL 106; all with grades of "C" or better. Corequisite: GEOL 240.

CHEM 111A General Chemistry (5)
Prerequisites: A passing score on the Chemistry Placement Examination.
Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)
Prerequisite: CHEM 111A with a grade of "C" or better.

MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)
Prerequisite: A grade of "C" or better in MATH 122.

PHYS 151 Mechanics and Heat (4)
Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)
Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

Upper Division:

Take all of the following:

GEOL 322 Crystallography and Mineralogy (3)
Prerequisites: GEOL 250; CHEM 101 or CHEM 111A.

GEOL 339 Geomorphology (3)
Prerequisites: GEOL 102 with GEOL 104 or GEOL 105; or GEOL 106; or GEOG 140.

GEOL 350 Spring Field Geology (2)
Prerequisites: GEOL 250 and GEOL 443 with grades of "C" or better. Prerequisite/Corequisite: GEOL 433.

GEOL 420 Geological Writing (3)
Prerequisites: GE Foundation completed, upper division standing, GEOL 102, GEOL 104, GEOL 240, GEOL 250; and at least 6 units of Geology courses at 300-level or above. Students must have scored 11 or higher on the GEAR Placement Examination or completed necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

GEOL 428 Igneous and Metamorphic Petrology and Petrography (3)
Prerequisites: GEOL 322; CHEM 111A, B.

GEOL 433 Structural Geology (4)
Prerequisites: GEOL 250, GEOL 322; PHYS 151.

GEOL 443 Stratigraphy/Sedimentology (4)
Prerequisites: GEOL 240, GEOL 322.

GEOL 450 Summer Field Geology (4)
Prerequisites: GEOL 350, GEOL 428, GEOL 433, and GEOL 443.

GEOL 460 Introduction to Geophysics (3)
Prerequisites: PHYS 151, PHYS 152; and MATH 123, all with a grade of "C" or better.

GEOL 461 Introduction to Geochemistry (3)
Prerequisites: CHEM 111A, CHEM 111B and MATH 123.

GEOL 474 Physical Hydrology (3)
Prerequisites: GEOL 102, Math 122; PHYS 151

In addition, nine units of electives (normally at upper division) approved in advance by the undergraduate advisor. At least one elective must be chosen from the following list:

GEOL 477./577. Hydrogeology (4)
Prerequisites: GEOL 102, 104; CHEM 111B; PHYS 152; MATH 123. (Undergraduates enroll in GEOL 477; graduates

enroll in GEOL 577).

MATH 370A. Applied Mathematics I (3)
Prerequisites: MATH 123. Not open to Freshmen.

Geoscience Concentration

The Geosciences Concentration meets the subject matter competence requirement for the Single Subject Teaching Credential in Geosciences. Prospective students should consult the Single Subject Science Education Advisor in the Department of Science Education early to plan their program.

Requirements

Lower Division:

Take all of the following

ASTR 100 Astronomy (3)
Corequisites: One course from General Education Category B.2 and ASTR 100L.

BIOL 211 Introduction to Evolution and Diversity (4)
Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

BIOL 212 Intro to Cell and Molecular Biology (4)
Prerequisites: Completion of BIOL 211 and CHEM 111A with grades of "C" or better.
Prerequisite/Corequisite: CHEM 111B

BIOL 213 Introduction to Ecology and Physiology (4)
Prerequisites: BIOL 211, 212, CHEM 111B all with a grade of "C" or better.

CHEM 111A General Chemistry (5)
Prerequisites: A passing score on the Chemistry Placement Examination.
Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)
Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)
Prerequisite: A grade of "C" or better in MATH 122.

PHYS 151 Mechanics and Heat (4)
Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)
Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

GEOL 102 General Geology (3)
Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)
Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 160 Introduction to Oceanography (3)
Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

NOTE: BIOL 111, BIOL 111L, BIOL 212, BIOL 212L, BIOL 213, BIOL 213L are required if courses were taken prior to catalog year 2010-11.

Upper Division:

Take all of the following

- GEOL 341 Paleontology and Biostratigraphy (4)
Prerequisites: GEOL 240 and GE Life Science requirement B.1.a.
- GEOL 428 Igneous and Metamorphic Petrology and Petrography (3)
Prerequisites: GEOL 322; CHEM 111A, B.
- GEOL 433 Structural Geology (4)
Prerequisites: GEOL 250, GEOL 322; PHYS 151.
- GEOL 443 Stratigraphy/Sedimentology (4)
Prerequisites: GEOL 240, GEOL 322.
- GEOL 450 Summer Field Geology (4)
Prerequisites: GEOL 350, GEOL 428, GEOL 433, and GEOL 443.
- SCED 403 Integrated Science (3)
Prerequisites: Completion of all credential breadth requirements for the Single Subject Teaching Credential Program in Science, three-fourths of the credential specializations courses, and consent of instructor.

Single Subject Teaching Credential in Geosciences

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Geosciences teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete many of the credential program courses, except for student teaching, as an undergraduate. Courses may also be started as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

The Geosciences Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

GRADUATE PROGRAMS

Master of Science in Geology

The Department of Geological Sciences offers a comprehensive program of courses coupled with appropriate thesis projects leading to the Master of Science in Geology. Within geology, students specialize in any of a number of sub-disciplines including engineering geology, environmental geochemistry, geology, hydrogeology, marine geology, mineralogy and petrology, paleontology, petroleum geology, sedimentology, stratigraphy, structural and field geology, and volcanology. In addition, a formal emphasis in geophysics is available. Students may include in their studies courses offered by other departments at CSULB.

Emphasis in Geophysics

The emphasis in geophysics is available for students wishing to specialize in the application of geophysical principles to the solution of problems in engineering geology, geohydrology, structural geology, tectonics, petroleum geology, and mineral exploration. Students are expected to have completed the equivalent of course work required for the B.S. in Earth Science, Geophysics emphasis, and

additionally to complete M.S. requirements with a program of geophysical course work approved in advance by both the graduate advisor and a geophysics advisor. Appropriate B.S. programs which provide training suitable for completion of the M.S. in Geology, Geophysics Emphasis, include Civil and Electrical Engineering, Physics, Mathematics, and Geology in addition to Geophysics, although some deficiencies will exist in these alternate programs. Confer with the graduate advisor about this program.

Offshore Resources

The Department has access to an ocean-going research vessel, support staff, and dockside facilities of the Southern California Marine Institute (SCMI), a consortium of several California State University campuses, University of Southern California, and Occidental College.

Admission to the Program

The basic requirement for admission to the graduate program is possession of a bachelor's degree or equivalent in geology, or a closely related field. The final curriculum requirements for the Master of Science Degree are set by the Thesis Committee at Advancement to Candidacy, but the following undergraduate courses are considered an essential foundation for the program: (1) two courses in calculus, (2) two courses in general chemistry, (3) two courses in calculus-based physics, (4) a course in physical geology, (5) a course in historical geology, (6) mineralogy, (7) sedimentology/stratigraphy, (8) structural geology, (9) a course in field methods or a field camp. Students who are missing some of this course work may be admitted to the program but will be expected to remove deficiencies or present acceptable alternatives prior to Advancement to Candidacy. Students who are missing the general science and math requirements are recommended to complete an undergraduate degree in Geological Sciences or a closely related field before applying to the Graduate Program.

In addition to the above course work requirements, students are required to take the General test of the Graduate Record Examination and to submit three letters of recommendation prior to entry.

Prospective graduate students in the geological sciences, including CSULB graduates, must formally apply for admission to CSULB as described previously in this Catalog and must also apply directly to the Department of Geological Sciences. All applicants must submit the following documents directly to the Department no later than June 1 for the fall semester or November 1 for the spring semester to receive full consideration for admission and financial support:

1. Department Application Form, available from the Department Office and on the Department's website;
2. Official transcripts of all college level academic work including that done at CSULB, in addition to those transcripts required for general graduate admission to CSULB;
3. Three letters of recommendation from persons familiar with the applicant's academic performance and research potential. Instructions, including forms to be used for these letters, are included in the Department application form, available from the Department's website;
4. Official reports of scores on the General test of the Graduate Record Examination.

A limited number of teaching and research assistantships are available to fund graduate studies in the Department of Geological Sciences. Applicants wishing to secure research assistantships are encouraged to make direct contact with faculty in their area of research interest.

Johnson-Conrey Graduate Fellowship

The Johnson-Conrey Graduate Fellowship is awarded to the most highly qualified incoming Geological Sciences graduate students each year. The Fellowship, which provides \$15,000 per year for two years, is competitive, and is awarded by the Department based on students' Application materials. Up to two Fellowships are awarded each year.

Initiation of Graduate Study

Students are responsible for all University and Department regulations governing master's degrees as outlined in this *Catalog*. Until that time, students are governed by the most current *Catalog*. The advising of incoming graduate students is carried out by the graduate advisor, who explains the requirements of the program and carries out initial academic advising. It is required that the student arrange for this initial advising before or during his/her first semester.

All entering students must take GEOL 500 (Introductory Graduate Seminar) during their first Fall semester. This course consists of faculty-given seminars that introduce to new students the faculty and their research. One purpose of this is to encourage the student to find a thesis topic and thesis advisor by the end of the second semester. This is done with the help of the graduate advisor once the student has chosen a sub-discipline or option in which to specialize.

Students are required to maintain a GPA of 3.0 or higher at all times. If at any time a student's GPA drops below 3.0, that student will immediately be placed on probation for a maximum of two semesters. If the student does not bring the GPA back up to 3.0 during the probationary period, he/she will not be allowed to continue as a graduate student in this Department. In order for a student to regain status in the Department after failing to maintain this academic standard, he/she must formally reapply for Department admission.

Advancement to Candidacy

A student must have been advanced to candidacy before initiating formal thesis research necessary to complete the M.S. degree. Students are expected to be advanced by the end of their third semester. Students may petition the Department for an extension of the four semester time limit on a semester by semester basis. Students should be aware, however, that they are at risk of not receiving credit toward their graduate programs for research started or courses taken prior to advancement. Students must have fulfilled the Graduation Writing Assessment Requirement (GWAR) and have advanced to candidacy before they apply for graduation. Requests to graduate must be received during the preceding May for Spring/Summer graduation or preceding December for Fall graduation. Filings after the deadlines are not accepted.

Before advancement can proceed, a thesis topic, committee, and graduate program consisting of at least 30 units (see below) must be established by the student and the prospective thesis committee chair. In addition, the following

requirements must be met:

1. Prior completion of all deficiencies and incompletes. This includes courses required in the undergraduate major for the emphasis in which the student is pursuing graduate research, as well as additional courses specified by the thesis advisor.
2. Completion of six units of graduate level courses with a 3.0 or higher grade point average and attainment of a 3.0 or higher grade point average in all upper division and graduate work attempted, as well as in courses to be listed in the student's graduate academic program (see below).
3. A passing grade in GEOL 500.
4. Satisfying the Graduation Writing Assessment Requirement (GWAR).
5. Successful completion of an oral qualifying examination given by the student's thesis committee, and acceptance of a written proposal for the thesis research. The student's thesis topic will be the subject of the examination.

Once the above requirements are met, advancement to candidacy proceeds with approval of the committee, graduate advisor, Department Chair and Associate Dean or designee in the College of Natural Sciences and Mathematics. After the student has been advanced, no course work in addition to that specified in the graduate program may be required of the student. In order for a student to change thesis chair/director, topic, committee members, or courses in the graduate program, approvals must be obtained. Under some circumstances this may mean that additional courses are required.

Requirements of Graduate Academic Program

The graduate academic program consists of at least 30 units of courses and is established when the student advances to candidacy. Although courses that will eventually become part of the student's academic program may be taken before advancement, it is strongly recommended that students make up any undergraduate deficiencies first, and then advance as early as possible. The program proposed by the thesis committee chair and the student must be approved by the thesis committee, Graduate Advisor, Department Chair, and Associate Dean. Six units of GEOL 698 (Thesis) must be taken as part of the program, GEOL 695 (Directed Reading) may account for up to four units). Directed Research, GEOL 697, may account for up to three units, but normally cannot be taken before the student completes 12 units of the graduate program with a grade point average of 3.0 or higher.

A minimum of 21 units of 500 or 600 level courses, including Thesis, must be completed; the remaining units (9 or less) may be 300, 400, 500, or 600 level courses, although courses at 300 level in the Department may not be used in the program. Units may be taken at other universities if suitable courses are not offered at CSULB. Appropriate courses from related areas in science, mathematics, or engineering may be substituted within limits with consent of the Department.

Thesis Defense

All M.S. students are required to submit a thesis that conforms to the University and Department guidelines. The thesis should document the systematic study of a significant geological problem; evidence originality and critical, independent thinking; and conform to appropriate and accepted organization, format, and writing style. Each student should discuss thesis format with his/her thesis committee chair.

All M.S. students are also required to present the results of

their research orally. With prior approval, this presentation can take one of many possible formats, including a departmental seminar, a presentation at a regional or national meeting, or a formal thesis defense. The student must schedule his/her presentation at least two weeks in advance, and with the approval of the thesis committee. The date of the presentation must precede the semester's thesis submission deadline for which the student plans to graduate.

Single Subject Teaching Credential in Geosciences

For information, refer to the undergraduate section in this department.

Courses (GEOL)

LOWER DIVISION

102. General Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent. Recommended: Concurrent enrollment in GEOL 104 or 105.

Broad based introductory study of geology. Broad based introductory study of geology. Structure, composition, distribution, and modification of earth materials and elementary geologic history of the Earth.

(Lecture, demonstration 3 hrs.)

104. Geology Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

Laboratory study of earth materials.

(Laboratory 3 hrs.)

105. Geology Field Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

Field trips to areas of geologic significance and field study of earth materials.

May be repeated to a maximum of 3 units with consent of instructor. (Field trips, 6 days per unit.) Course fee may be required for bus trips.

106. Earth Science for Teachers (4)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics, including algebra, geometry, and intermediate algebra or the equivalent.

Introduction to earth science including geology, oceanography, meteorology, solar system and astronomy. Scientific method addressed. Methods of teaching science to K-8 pupils.

Letter grade only (A-F). (Lecture, demonstration 3 hours., laboratory 3 hrs., field trips.)

110. Natural Disasters (3)

Prerequisites/Corequisites: Courses that fulfill the GE A.1 and B.2 requirements.

Recommended: Concurrent enrollment in GEOL 110L.

Introductory study of Earth's natural processes that severely impact humans. Includes study of processes causing natural disasters such as earthquakes, volcanic eruptions, landslides, floods, tornadoes, hurricanes, tsunamis, and asteroid impacts.

(Lecture 3 hrs.)

110L. Natural Disasters Laboratory (1)

Prerequisites/Corequisites: Courses that fulfill the GE A.1 and B.2 requirements.

Corequisite: GEOL 110.

Laboratory analysis of geological data and field observations of geologic features associated with natural disasters.

Course fee may be required. (Laboratory 3 hrs, field trips).

160. Introduction to Oceanography (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

Origin and extent of oceans, nature of ocean floor, and cause and effect of currents, tides, and waves; and life in the ocean.

(Lecture, discussion 3 hrs.)

160L. Introduction to Oceanography Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra (MAPB 7) or the equivalent; and previous credit or concurrent registration in GEOL 160.

Field and laboratory study of marine environment. Analysis of maps, plus shore and on-water trips for experience in use of oceanographic instruments. Analysis and interpretation of results.

(Laboratory-field 3 hrs.) Course fee may be required.

190. Environmental Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

Interrelationships between humans and hazards: landslides, floods, erosion, subsidence, volcanism, earthquakes, and seismic sea waves. Origin of resources and impacts of resource development: water, soils, and energy. Waste and waste disposal.

(Lecture 3 hrs.)

191. Air and Water Pollution (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

Survey course dealing with the causes and nature of pollution in the air, groundwater, fresh water lakes and streams, and the ocean. Effects of air and water pollution on the environment.

(Lecture 3 hrs.)

240. Historical Geology (4)

Prerequisite: GEOL 106 or both GEOL 102, GEOL 104.

History of earth and evolution of animals and plants.

(Lecture 3 hrs., laboratory 3 hrs., field trips.)

250. Introduction to Field Petrology and Geological Field Techniques (3)

Prerequisites: GEOL 102 with GEOL 104 or GEOL 105; or GEOL 106; all with grades of "C" or better.

Corequisite: GEOL 240.

Identification and description of igneous, sedimentary, and metamorphic rocks in the field. Development of fundamental geological field techniques: recording, collection, and interpretation of geological field data. Creation and interpretation of geological maps, writing technical reports, and construction of geological illustrations.

Letter grade only (A-F). (Lecture 1 hour, weekend field trips.)

280. Water Resources and Society (3)

Prerequisites: GEOL 102, GEOL 104. Four years of high school mathematics.

Hydrologic, geologic, and other factors controlling groundwater and surface water occurrence, movement, quality, and contamination. Environmental effects of groundwater and surface water contamination.

(Lecture 3 hours; field trips)

UPPER DIVISION

300. Earth Systems and Global Change (3)

Prerequisites: GE Foundation requirement, upper division standing, and CHEM 100 or CHEM 111A or GEOL 102 or GEOL 106 with a grade of "C" or better.

Interaction of Earth's systems (biosphere, lithosphere, hydrosphere, cryosphere, and atmosphere) and links between life, oceans, climate, and the solid earth. This approach is used to understand important issues confronting society regarding climatic and environmental change.

Letter grade only (A-F). (Lecture 3 hrs.)

303. Coastal Systems and Human Impacts (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses, and upper-division standing; BIOL 200 or BIOL 211; GEOL 102 or GEOL 160.

Natural processes impacting human activities in coastal zone and human influence on natural processes. Includes global warming, sea level rise, El Nino, port development, ocean outfalls and water quality, fisheries, and coastal erosion.

May not apply units towards elective requirements of Geology and Earth Science majors. Letter grade only (A-F). Not open for credit to students with credit in BIOL 303. (Lecture 3 hrs.)

322. Crystallography and Mineralogy (3)

Prerequisites: GEOL 250; CHEM 111A.

Morphological and structural crystallography, crystal structure, chemistry, classification, origin, occurrence, and association of minerals reviewed. Analysis and identification of minerals by megascopic, qualitative, chemical, and instrumental means.

(Lecture 2 hrs., laboratory 3 hrs., field trip)

326. Optical Mineralogy (2)

Prerequisites: GEOL 250; a passing score on the Chemistry Placement Examination or CHEM 111A;

Corequisite/Prerequisite: GEOL 322.

Review of morphological and optical properties of minerals including basics of the nature of light. Use of petrographic microscope in rock and mineral examination.

Letter grade only (A-F).

339. Introduction to Geomorphology (3)

Prerequisites: GEOL 102 with GEOL 104 or GEOL 105; or GEOL 106; or GEOG 140.

Study of landforms and processes producing and modifying them. Emphasis on mechanics of geomorphic processes and relationships between properties of earth materials and forces applied to them by gravity, wind, ice, water, waves, and humans. Conceptual basis of geomorphology addressed.

Designed for Geology, Geography, Biology, Anthropology, and Civil Engineering majors. Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs., field trips)

341. Paleontology and Biostratigraphy (4)

Prerequisite: GEOL 240 and GE Life Science requirement B.1.a.

Morphologic, systematic, and ecologic aspects of invertebrate fossils; methods and techniques in collection, preparation, illustration, and description of fossils; uses of fossils in stratigraphic work; principles of biostratigraphy.

(Lecture 3 hrs., laboratory 3 hrs., fieldtrips) Course fee may be required.

350. Spring Field Geology (2)

Prerequisites: GEOL 250 and GEOL 443 with grades of "C" or better. Prerequisite/Corequisite: GEOL 433.

Development of proficiency in geological mapping skills. Construction of stratigraphic columns and structural cross sections. Letter grade only (A-F). (Field trips, 5 days per unit)

370. Geology for Engineers (2)

Prerequisite: CE 200

Earth processes and materials which influence the design, construction and operation of engineering works, construction materials. Not open for credit to geology majors.

(Lecture 2 hrs., field trips.)

420. Geologic Writing (3)

Prerequisites: GE Foundation completed, upper division standing, GEOL 102, GEOL 104, GEOL 240, GEOL 250; and at least 6 units of Geology courses at 300-level or above. Students must have scored 11 or higher on the GEAR Placement Examination or completed necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

A writing-intensive capstone. Writing for a geological audience; writing scientific/geological content at an advanced level emphasized. Journal articles and abstracts reviewed. Includes handling scientific data, distinction between data and interpretation, logic and argument, clarity of style, and types of writing (abstracts, proposals, articles, etc.). Library search methods. Extensive writing, editing, and peer review. Enrollment limited.

Letter grade only (A-F). (Lecture 1 hr. and laboratory (6 hrs.))

426. Igneous Metamorphic Petrography Laboratory (1)

Prerequisites: GEOL 322 and GEOL 326;

Prerequisite/Corequisite: GEOL 428

Laboratory microscopic analysis of igneous and metamorphic rocks, including fabric and mineral content.

Letter grade only (A-F). (Laboratory 3 hrs.)

428. Igneous and Metamorphic Petrology and Petrography (3)

Prerequisites: GEOL 322; CHEM 111A, B.

Magmatic and metamorphic rock bodies and systems characteristics, including mineralogical and chemical aspects. Fabrics' origin, evolution of igneous and metamorphic rocks, modeling of magma genesis. Microscopic, hand specimen and x-ray analysis of rocks, including fabric and mineral content.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs., field trips)

433. Structural Geology (4)

Prerequisites: GEOL 250, GEOL 322; PHYS 151.

Theories/principles of structural geology, orogenesis, and tectonics. Planar/linear structures in naturally deformed rocks. Description, classification, interpretation, and kinematic and dynamic analysis of faults/folds. Field measurement, analysis and mapping of structures. Deformation, strength, fracture, and rheological properties of rocks.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs., required field trips)

443. Stratigraphy/Sedimentology (4)

Prerequisites: GEOL 240, GEOL 322.

Introduction to sedimentology and stratigraphy, flow mechanics and sedimentary structures, laboratory and field methods for the description and classification of sedimentary rocks, depositional systems, sequence stratigraphy, subsurface stratigraphic methods, sedimentation and tectonics, and preparation of sedimentologic field reports.

Not open for credit to students with credit in GEOL 343. Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs., required field trips)

445. Paleoclimatology (4)

Prerequisites: ESP 200 or GEOG 340 and GEOG 200 (or equivalent) or consent of instructor.

Methods and theories used in reconstructing and dating climates of the past 2 million years, using such proxies as sediment sequences, packrat middens, ice cores, tree rings, corals, and documentary data. Causes of environmental change and human interactions are analyzed.

Letter grade only (A-F). Same course as GEOG 445. Not open for credit to students with credit in GEOG 445. (Lecture 3 hours, lab activities 2 hours)

450. Summer Field Geology (4)

Prerequisites: GEOL 350, GEOL 428, GEOL 433, and GEOL 443.

An integrative learning capstone. Four weeks of geological field mapping at a selected area. Preparation of geological reports of the field problems.

(Lecture as needed, daily field work)

460. Introduction to Geophysics (3)

Prerequisites: PHYS 151, PHYS 152; and MATH 123, all with a grade of "C" or better.

Introduction to geophysics; principles and processes; methods of investigation.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs., field trips.)

461. Introduction to Geochemistry (3)

Prerequisites: CHEM 111A,B and MATH 123.

Abundance and migration of elements in the earth; chemical processes in evolution of earth and its crust including geochemistry of organic compounds.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

462. Physics and Chemistry of the Earth's Interior (3)

Prerequisites: GEOL 240, GEOL 428; PHYS 152.

Structure and composition of the Earth's interior. Origin and evolution of the Earth. Review of geophysical data, petrologic analyses, and other types of evidence for Earth structure and compositional models.

Letter grade only (A-F). (Lecture 3 hrs.)

465. Physical and Chemical Oceanography (3)

Prerequisites: CHEM 111B; PHYS 100A or PHYS 151, and upper division standing in the College of Natural Sciences and Mathematics or Engineering.

Physics and chemistry of the oceans, carbon cycle; minor and trace elements in sea water, nutrients, water masses and currents; physical concepts and interpretative theories related to ocean circulation.

Letter grade only (A-F). (Lecture 3 hrs.)

466. Oceanography Laboratory and Ocean Studies (1)

Prerequisite/Corequisite: GEOL 465.

Analysis and interpretation of oceanographic data, acquisition of data at sea on field trip, and post-cruise analysis and presentation of results.

Not open for credit to students with credit in GEOL 462. (Laboratory 3 hrs., sea trips.)

474./574. Physical Hydrology (3)

Prerequisites: GEOL 102, MATH 122; PHYS 151. (Undergraduates enroll in GEOL 474; graduates enroll in GEOL 574.)

Quantitative study of the terrestrial water cycle; prediction and measurement of precipitation, surface water, soil water, and groundwater.

Letter grade only (A-F). (Lecture 2 hrs, lab/field trips 3 hrs)

477./577. Hydrogeology (4)

Prerequisites: GEOL 102, GEOL 104; CHEM 111B; PHYS 152; MATH 123. (Undergraduates enroll in GEOL 477; graduates enroll in GEOL 577.)

Groundwater flow, occurrence, development, chemistry, and contamination. Elementary groundwater flow theory. Well hydraulics.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

489. Current Topics in Geological Sciences (3)

Prerequisite: Consent of instructor.

Topics of current interest in the geological sciences selected for intensive development.

May be repeated to a maximum of 6 units. Field trips may be required. (Lecture 2 hrs., laboratory 3 hrs.)

490. Current Topics in Geological Sciences (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in the geological sciences selected for intensive development.

May be repeated to a maximum of 6 units. Field trips may be required.

496. Investigations in Geology and Other Earth Sciences (1-4)

Prerequisites: Senior standing in geology, earth science or related fields, completion of an upper division course in geology or earth science in the area of the topics chosen and approval of the topic chosen by the Geological Sciences faculty.

Supervised research in geology or the other earth sciences. Field trips may be required.

GRADUATE LEVEL

500. Introductory Graduate Seminar (1)

Prerequisite: Graduate standing.

Introduction to graduate policies and faculty research in Geological Sciences. Abstracts on faculty presentation required of all students.

Course cannot be counted for program requirements for the M.S degree in Geology. Credit/No Credit grading only. May be repeated to a maximum of 3 units. (Seminar 1 hr.)

510. Biogeochemical Cycles (3)

Study of carbon, nitrogen, phosphorus, iron, and sulfur cycles among the bio-, hydro-, and geospheres with an emphasis on transfer rates, mass balance, and residence times. Evaluation of processes and interactions among key ecosystems (wetlands, rivers, ocean, lakes, estuaries).

Letter grade only (A-F). (Lecture 3 hrs.)

524. Sedimentary Petrology (4)

Prerequisites: GEOL 322 and GEOL 443.

Microscopic and macroscopic study of the origin and diagenesis of sedimentary rocks. Identification of grain types, textures, structures, and cements emphasizing provenance, paleotectonics, paleoenvironmental reconstructions, and post-depositional alteration.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

530. Seminar in Structural Geology and Tectonics (3)

Prerequisite: GEOL 433.

Review of analysis, interpretation and origin of geologic structures, mechanics of rock deformation and of large scale crustal deformation.

(Lecture 2 hrs., laboratory 3 hrs.; field trips.)

531. Tectonic Geomorphology (4)

Prerequisite: GEOL 433.

Observation and analysis of Earth surface processes, and development of landforms and landscape. Interaction between surficial processes and tectonic, biologic, hydrologic, climatic, and atmospheric processes. Tectonic generated landforms, earthquake hazards evaluated, and geomorphic assessment. Assessing problems including landforms and environmental hazards.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 6 hrs., field trips.)

537. California Geology (3)

Prerequisites: GEOL 433, GEOL 450.

Examination of recent theories concerning evolution of California's geological provinces; geological, geochemical, and geophysical evidence for these theories.

Letter grade only (A-F). (Lecture 3 hrs., field trips.)

544. Engineering Geology (4)

Prerequisites: GEOL 250, GEOL 433; MATH 122, MATH 123; PHYS 151, PHYS 152.

In depth study of the fundamentals of engineering geology and related hazards. Evaluation of aggregate, cement and grouts. Soil and rock engineering characteristics.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.; field trips.)

554. Environmental Geochemistry (3)

Prerequisites: CHEM 111B and consent of instructor.

Geochemical cycles. Human interference with cycles. Trace elements, health and agriculture. Clay mineral reactions. Groundwater chemistry. Reading and discussion of research articles; projects in environmental geochemistry.

Letter grade only (A-F). (Lecture 3 hrs., field trips)

555. Stable Isotopes (3)

Prerequisites: GEOL102, CHEM 111B.

Fractionation of stable isotopes, mass spectrometry, application of stable isotopes to geologic, ecologic, and archaeological studies such as paleoclimatology, petrologic studies, paleodiet analysis.

Letter grade only (A-F). Lecture 3 hrs.

570. Special Topics in Geology (3)

Prerequisite: Consent of instructor.

Investigation of selected topics in geology. May be repeated to a maximum of 9 units toward any single degree with different topics. Seminars with field trips as appropriate.

Letter grade only (A-F). (Seminar, 3 hrs.) May be repeated to a maximum of 9 units with different topics in different semesters.

571. Contaminant Hydrogeology (3)

Prerequisites: GEOL 102, GEOL 104, GEOL 477/577; CHEM 111B; PHYS 152; MATH 123.

Study and prediction of groundwater pollution transport, reaction, and remediation.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

574./474. Physical Hydrology (3)

Prerequisites: GEOL 102, MATH 122; PHYS 151. (Undergraduates enroll in GEOL 474; graduates enroll in GEOL 574.)

Quantitative study of the terrestrial water cycle; prediction and measurement of precipitation, surface water, soil water, and ground water.

Letter grade only (A-F). (Lecture 2 hrs, lab/field trips 3 hrs)

575. Advanced Topics in Sedimentology (3)

Prerequisite: Consent of instructor.

Investigation of topics in sedimentology such as depositional facies analysis, basin evolution, coastal processes, fluvial processes, advanced stratigraphic analysis, and tectonics and sedimentation.

Content varies form year to year. May be repeated to a maximum of 9 units toward any single degree with different topics in different semesters. Letter grade (A-F). Seminars with field trips as appropriate. (Seminar 3 hrs.)

577./477. Hydrogeology (4)

Prerequisites: GEOL 102, GEOL 104; CHEM 111B; PHYS 152; MATH 123. (Undergraduates enroll in GEOL 477; graduates enroll in GEOL 577.)

Groundwater flow, occurrence, development, chemistry, and contamination. Elementary groundwater flow theory. Well hydraulics.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

579. Applied Groundwater Modeling (4)

Prerequisites: GEOL 102, GEOL 104, GEOL 477/577; PHYS 152; MATH 123. Recommended: MATH 370A.

Numerical modeling of groundwater flow and mass transport. Emphasis is on creation of numerical models from conceptual models of geology derived from geologic mapping and sampling.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

582. Petroleum Geology and Well Log Analysis (4)

Prerequisites: GEOL 240, GEOL 443.

Geological application in exploration and production of petroleum, including uses of surface and subsurface techniques. Basic well logging techniques employed, including data collection, reduction, interpretation, and integration among various logging methods as well as with surface geology and geophysical data.

(Lecture 2 hrs., laboratory 6 hrs., field trips.)

586. Engineering Geophysics (3)

Prerequisite/Corequisite: GEOL 460.

Applying geophysical techniques to geology and hydrogeology problems. Geophysical techniques, and identification and utilization of specialized techniques. Case histories in site evaluations, subsiding areas, basement topography mapping, seawater problems, water table mapping, groundwater contamination, and subsurface cavities detection.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.; field trips.) Course fee may be required.

695. Directed Reading (1-3)

Survey of information in published or unpublished geological literature or databases on a designated topic, under the direction of a faculty member. Written reports prepared from these readings.

May be repeated to a maximum of 4 units toward any single degree with different topics in different semesters. Limited to 3 units per semester. Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Consent of instructor.

Research on a specific subject in geology. Topic for study to be approved and directed by a faculty member in geological sciences.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisites: Advanced to candidacy for M.S. in Geology, consent of Graduate Committee and graduate advisor.

Either laboratory or field investigations, or both, for a total of six semester units to culminate in an approved thesis.

Letter grade only (A-F).

GERMAN

College of Liberal Arts

Department of Romance, German, Russian Languages and Literatures

Department Chair: Markus Muller

Program Director: Jeffrey High

RGRLL Language Coordinator: Cedriv Oliva

Single Subject Coordinator for L.O.T.E.: Cynthia Leathers

Department Office: Academic Services, Room 309

Telephone: (562) 985-4318

Faculty: Nele Hempel-Lamer, Jeffrey High

Administrative Support Coordinator: Alessandro Russo

Students desiring information should contact the department office for referral to one of the faculty advisors. Credential advisors, Undergraduate Advisor, Graduate Advisor.

Career Possibilities

Customs Officer • Immigration Officer • Importer/Exporter
• Foreign Service Officer • International Marketing Representative • Travel Professional • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Teacher Professor • Translator • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

German Studies promotes a double major of German and Engineering as well as offering a BA in German Studies with a concentration/certificate in Administration of Travel and Tourism. It also maintains exchange programs with the University of Bielefeld, Essen, Oldenburg, Freiburg (Switzerland), Salzburg (Austria), and all the universities in Baden Württemberg. German students are also eligible to participate in the German-American Business Student Workshop with the Polytechnic University Hamburg, Germany.

Undergraduate Programs

Bachelor of Arts in German (120 units)

In this program, efforts are made to accommodate needs of students who simultaneously pursue many majors including Business, Engineering, or a certificate in Travel and Tourism.

Completion of the German major (plus 3 additional units) meets the subject matter competence requirement for the Single Subject Teaching Credential in German. Prospective students should consult the undergraduate German Advisor and the Languages Other Than English (LOTE) Program Advisor early to plan their program.

Requirements

Lower Division:

One year of intermediate German or equivalent. Students who have completed sufficient high-school German may

take upper-division courses as soon as lower-division requirements have been met. Native speakers of German may not enroll for credit in 101A/B or 201A/B.

Upper Division (minimum 33 units, 36 for Single Subject):

Take all of the following courses:

GERM 301 Fiction and Fact: Short Texts (3)

Prerequisite: GERM 201B or equivalent. Intensive practice and the consolidation of the basic language skills: reading comprehension, composition, and conversation.

GERM 302 Language of the German Media (3)

Prerequisite: GERM 201B or equivalent.

GERM 415 Survey of German Literature and Culture I (3)

Prerequisite: GE Foundation requirements.

GERM 416 Survey of German Literature and Culture II (3)

Prerequisite: GE Foundation requirements.

Take 12 units of the following literature and culture courses taught in German:

GERM 430, GERM 440, GERM 450, GERM 458, GERM 459, GERM 460, and GERM 498

Department Recommendations:

- Consult with the major advisor for course selection.
- Studies or an internship in a German-speaking country and will assist in such plans.

Single Subject Teaching Credential in German

Completion of the German major meets the subject matter competence requirement for the Single Subject Teaching Credential in German. Prospective students should consult the undergraduate German Advisor and the Languages Other Than English (LOTE) Credential Program Advisor early to plan their program.

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective teachers of German are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

Requirements

Same as the BA in German but include the following:

GERM 303 German Phonetics (3) (or equivalent)

Prerequisite: Upper-division standing in German or consent of instructor.

GERM 410 History & Stories: German Civilization (3) (or equivalent)

Prerequisite: Upper-division standing in German.

Minor in German

A minimum of 20 upper division units. The Minor in German is available to any non-German major.

Take the following courses:

GERM 301 Fiction and Fact: Short Texts (3)

Prerequisite: GERM 201B or equivalent. Intensive practice and the consolidation of the basic language skills: reading comprehension, composition, and conversation.

GERM 302 Language of the German Media (3)

Prerequisite: GERM 201B or equivalent.

GERM 415 Survey of German Literature and Culture I (3)

Prerequisites: Completion of GE Foundation requirements and upper-division standing in German.

GERM 416 Survey of German Literature and Culture II (3)

Prerequisite: GE Foundation requirements.

Graduate Programs

Master of Arts in German

Students are encouraged to study at German-speaking universities and the program assists with overseas study plans. For graduate students interested in multimedia teaching technology, the program provides special projects and practical opportunities. Teaching Assistantships are available.

Prerequisites

1. A bachelor of arts degree in German or:
2. A bachelor's degree with a minimum of 24 units of upper-division courses in German. These courses must be comparable to those required of a major in German at the University. Deficiencies will be determined by the department.

Advancement to Candidacy

Advancement to Candidacy should take place upon completion of at least six units, preferably no more than nine units applicable to the program, with at least a 3.0 GPA.

The program will request advancement to candidacy only after she/he has filed a transcript of credits or a change-of-objective form, completed the prerequisites, and fulfillment of the Graduation Writing Assessment Requirement (GWAR).

The student graduate program must be approved by the graduate advisor, departmental committee, and the College of Liberal Arts Associate Dean of Graduate Studies.

Requirements

1. Completion of a minimum of 30 units of approved upper-division and graduate courses with 24 units in German;
2. A minimum of 21 units in the 500 and 600 series taken at the CSULB campus in German which must include the following:
GERM 510 The Faces of United Germany: Past, Present, and Future (3)
Prerequisite: Graduate standing in German or consent of Program Director in German.
3. A reading knowledge of French, Italian, Latin, Russian, or Spanish. Another language may be substituted only under special circumstance. In some cases, students

may require as many as 16 additional credits to fulfill the second language requirement;

4. A comprehensive examination or, with permission of a Graduate Advisor, a thesis.

Single Subject Teaching Credential in German

For information, refer to the undergraduate section in this department.

German Courses (GERM)

LOWER DIVISION

101A. Fundamentals of German (4)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to fundamental skills of speaking, oral comprehension, reading, and writing. For those beginning the study of German or have had one year of high school German or equivalent.

Transfers and new students: placement exam strongly recommended. For further information, refer to department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage or native speakers of German.

101B. Fundamentals of German (4)

Prerequisite: GERM 101A or two years of high school German or equivalent. Corequisite: Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of German.

201A. Intermediate German (4)

Prerequisite: GERM 101B or three years of high school German or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading, and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the Department of RGRL website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of German.

201B. Intermediate German (4)

Prerequisite: GERM 201A or four years of high school German or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading, and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, refer to the RGRL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only, and is not open to heritage speakers or native speakers of German.

204. German for Reading Knowledge (3)

Prerequisites: GERM 101A,B or equivalent or consent of instructor.

Concentrates on essentials for translation and is designed chiefly for students in any field who are preparing for reading exams in German.

UPPER DIVISION

301. Fiction and Fact: Short Texts (3)

Prerequisite: GERM 201B or equivalent.

Intensive practice and the consolidation of the basic language skills: reading comprehension, composition, and conversation. Emphasis on reading, comprehension, vocabulary building, and idiomatic usage.

302. Language of the German Media (3)

Prerequisite: GERM 201B or equivalent.

Intensive practice and the consolidation of basic skills: reading, comprehension, composition, and conversation. Emphasis on composition, oral reports, and discussion.

303. German Phonetics (3)

Prerequisite: Upper-division standing in German or consent of instructor.

General concepts of linguistic science. Linguistics applied to the study and teaching of the German language. Articulatory phonetics as a means to form native German pronunciation habits with emphasis upon the difficulties encountered by speakers of American English.

305. Advanced German Conversation (3)

Prerequisite: Upper-division standing in German.

An intensive practice of spoken German with stress on vocabulary building, pronunciation, intonation, and oral comprehension. Tandem courses taken abroad do not count for GERM 305.

306. Translating German to English (3)

Prerequisite: Upper-division standing in German or consent of instructor.

The preparation of translations from German texts of wide-ranging subject matter.

370. German Literature in English (3)

Study of significant German writers. German literary movements, or a specific literary genre in English translation.

May be repeatable for 6 units in different semesters. Not open for credit to students with credit in GERM 470.

380. Contemporary Germany, Society, and Culture (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Germany today presents a unique case study for difficulties and complexity of a unification process. Aspects of historical and cultural legacy and the social and political reality are approached through factual texts and fiction. Taught in English.

398. Selected Topics in German (3)

Prerequisite: Upper-division standing in German or consent of instructor.

Exploration of topics in language, culture, and literature.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

401. Advanced German Syntax and Composition (3)

Prerequisite: GERM 301, GERM 302. Practice in developing a style and vocabulary suitable for the writing of reports and essays on cultural and literary topics.

May be repeated to a maximum of 6 units.

410. History and Stories: German Civilization (3)

Prerequisite: Upper-division standing in German.

Historical development of important German institutions, customs and thought.

415. Survey of German Literature and Culture I (3)

Prerequisites: Completion of GE Foundation requirements and upper-division standing in German.

German literature from the Middle Ages to the time of Goethe as related to the other arts, to philosophy, and to the social and political institutions of the time.

416. Survey of German Literature and Culture II (3)

Prerequisite: GE Foundation requirements.

German literature from Romanticism to the present as related to the other arts, to philosophy, and to the social and political institutions of the time.

430./530. German Poetry (3)

Prerequisite: Upper-division standing in German.

German poetry from the Baroque to the present.

440. German Novella in Context (3)

Prerequisite: Upper-division standing in German.

The German Novella as a separate literary genre, represented by Goethe, Tieck, Kleist, Keller, Meyer, Storm, Spielhagen, Hesse, Kafka, Thomas Mann, and others.

450./550. Reason, Revolution, Reaction (3)

Prerequisite: Upper-division standing in German.

Literary trends of the 18th century, with emphasis on Lessing, Wieland, Klopstock, Herder, Goethe and Schiller and the authors from "Sturm und Drang" to Romanticism.

Letter grade only (A-F).

458. Road to Modernity (3)

Prerequisite: Upper-division standing in German.

Representative literary works of the "Biedermeier," "Junges Deutschland" and "Poetischer Realismus" against the background of the historical, philosophical, and cultural movements of the times.

Letter grade only (A-F).

459./559. German Literature from 1890-1945 (3)

Prerequisite: Upper-division standing in German.

Major German prose, drama, and poetry from Naturalism to the end of World War II.

May be repeatable for 6 units in different semesters.

460./560. Two Perspectives: 1945 to 1990 (3)

Prerequisite: Upper-division standing in German.

Significant contemporary German writers of prose, drama and poetry in the context of the divided Germany.

Letter grade only (A-F).

480. German Cinema (3)

Prerequisite: Upper-division standing.

Acquaint students with the art of the medium, and the history of German film, particularly as it is realized through the work of the artist most responsible for its success or failure, in this case, the director.

Letter grade only (A-F). Same course as FEA 457. Not open for credit to students with credit in FEA 457. (2 hrs seminar, 2 hrs activity)

494. Internship in German (1-3)

Prerequisites: Consent of instructor and department chair.

Field work in German, supplemented by readings and tutorials under the direction of a faculty member. Internships, small group discussion/teaching, and other assignments directed by a supervising faculty member.

May be repeated to a maximum of 6 units. No more than 3 units may be applied to the major in German.

498. Selected Topics in German (3)

Prerequisites: Senior standing in German or consent of instructor.

Exploration of topics in language, culture, and literature.

May be repeated to a maximum of 9 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

499. Directed Studies (1-3)

Prerequisites: Consent of instructor and department chair.

Independent study undertaken under the supervision of a faculty member. May be repeated to a maximum of 6 units in the same semester.

GRADUATE LEVEL

510. The Faces of United Germany: Past, Present, and Future (3)

Prerequisite: Graduate standing in German or consent of Program Director in German.

Program in German or consent of Graduate Advisor in the German Studies. The course locates the present concentration of international research in the discipline and requires individual research, presentation of findings, and a substantive paper.

Letter grade only (A-F).

530./430. German Poetry (3)

Prerequisite: Graduate standing in German.

German poetry from the Baroque to the present.

Letter grade only (A-F).

540. German Novella (3)

Prerequisite: Graduate standing in German.

The German Novella as a separate literary genre, represented by Goethe, Tieck, Kleist, Keller, Meyer, Storm, Spielhagen, Hesse, Kafka, Thomas Mann, and others.

Not open for credit to students with credit in GERM 541. Letter grade only (A-F).

550./450. Reason, Revolution and Romantic Thought (3)

Prerequisite: Upper-division standing in German.

Literary trends of the 18th century, with emphasis on Lessing, Wieland, Klopstock, Herder, Goethe and Schiller and authors from "Sturm und Drang" to Romanticism.

Letter grade only (A-F).

558. Road to Modernity (3)

Prerequisite: Upper-division standing in German.

Representative literary works of the "Biedermeier," "Junges Deutschland" and "Poetischer Realismus" against the background of the historical, philosophical, and cultural movements of the times.

Letter grade only (A-F).

559./459. German Literature from 1890-1945 (3)

Prerequisite: Upper-division standing in German. Major .

German prose, drama, and poetry from Naturalism to the end of World War II.

May be repeatable for 6 units in different semesters.

560./460. Two Perspectives: 1945 to 1990 (3)

Prerequisite: Upper-division standing in German.

Significant contemporary German writers of prose, drama and poetry in the context of the divided Germany.

Letter grade only (A-F).

590. Theoretical Approaches (3)

Prerequisite: B.A. in German or equivalent.

Evaluation of various methods in interpreting a literary work of art; different levels of interpretation; concepts of literary movements; complexity of structure related to content; literary appreciation; introduction to bibliographical aids.

May be repeated to a maximum of 9 units with different topics. Letter grade only (A-F).

598. Selected Topics in German (3)

Prerequisites: B.A. in German or equivalent.

Exploration of topics in language, culture and literature.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics in different semesters. Topics announced in the *Schedule of Classes*. Students with credit in GERM 511 may only have a total of 9 units of GERM 511 and GERM 598 combined.

599. Directed Studies (1-3)

Prerequisites: Graduate standing and consent of instructor and department chair.

Consent of instructor and chairperson or graduate advisor. Selected topics in German to be pursued in depth.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F).

653. Selected Topics - Seminar in a Century of German Literature (3)

Letter grade only (A-F). May be repeated to a maximum of 9 units in different topics in different semesters. Topics announced in the *Schedule of Classes*.

A. Century of German Literature

C. 18th Century Classicism

F. 20th Century German Literature

697. Directed Research (1-3)

Prerequisite: Graduate standing and consent of instructor and department chair.

Required of all candidates for the master of arts in German who do not choose to write a thesis.

Letter grade only (A-F).

698. Thesis (1-4)

Prerequisite: Consent of graduate advisor.

Planning, preparation, and completion of a thesis. Does not count toward 30 units required for the M.A. degree.

GERONTOLOGY

College of Health and Human Services

Director: Barbara White

Department Office: Family and Consumer Sciences Faculty (FCS)
Addition, Room 014
Telephone / FAX: (562) 985-1582 / 985-4414
Email: barbara.white@csulb.edu

Administrative Support Coordinators: Mikal Lok

Instructional Support Technician: Bonnie Rice

Faculty Interest Group: Cleothy Arellano, Lee Blecher, Kay Cerny, Young-Hee Cho, Maria Claver, Gail Farmer, Mohammed Forouzesh, Gail Frank, Sharon Guthrie, Vennila Krishnan, Kimberly Fox Machan, Theodora Papachristou, Rebecca Perley, Francine Vasilomanolakis.

Mariidith Janssen, Barry Lavay, Tracey Mayfield, Olfat Mohamed, Marilyn Potts, Molly Ranney, Wendy Reiboldt, Pamela Roberts, Jan Schroeder, Savitri Singh-Carlson, Kim-Phong Vu, Eileen Watson, Barbara White, Mary Wolfenbarger

Career Possibilities

General: social services agencies; health care institutions; government agencies; retirement communities; educational and research settings; professional organizations; business and industry; religious organizations; the arts and sciences.

Direct Service: developing programs; providing direct care; teaching in community settings; counseling; advising about estate planning, long-term care administration; advocating for older adults.

Indirect Service: analyzing issues related to older persons; planning, administering, and evaluating community-based and health related services; writing grants; teaching; advocating before legislative bodies; designing products; developing marketing strategies; consulting.

Introduction

Gerontology is the scientific study of the processes and phenomena of aging. The Gerontology Program's mission is to improve the lives of middle aged and older individuals; provide training, consultation and other services; and conduct research.

The Gerontology Program is enhanced by the Gerontology Faculty Interest Group, the Center for Successful Aging and a chapter of Sigma Phi Omega, The National Academic Honor and Professional Society in Gerontology. Students in the Gerontology Program are eligible for membership in Sigma Phi Omega.

The Center for Successful Aging is part of a complex of centers and organizations on the campus of California State University, Long Beach that are involved with aging-related issues. The Center is a transdisciplinary academic/community partnership to promote collaborative innovations in education, practice, policy development and research.

Master of Science in Gerontology

Interested students should contact Dr. Barbara White at 562-985-1582 or barbara.white@csulb.edu

This program is designed to prepare students with a thorough background in existing theory and research in gerontology, advanced principles of program management, and enhanced baccalaureate preparation for their

professional discipline.

Admission Requirements

1. Complete the application form to be admitted to the university with graduate standing;
2. Send the following materials to the Gerontology Program, in addition to those sent to the Office of Enrollment Services:

- Three letters of recommendation reflecting academic potential, personal qualifications, sensitivity, and evidence of ability and motivation to work with older adults and professionals in the field of aging,
- A current resumé, including education, employment, and volunteer activities,
- A personal statement of interest in aging and career goals in the field.

Admission to the program is contingent on approval by the Gerontology Program Director.

Prerequisites

1. A bachelor's degree from an accredited institution.
2. Evidence of a 3.0 or better grade point average in all undergraduate work. Students with less than a 3.0 grade point average in the last 60 undergraduate semester or 90 quarter units attempted but with evidence of professional promise and experiential background may be admitted conditionally by action of the Program Director.
3. Successful completion of the following courses or their approved substitutes:
Take the following courses:
 - GERN 400 Perspectives on Gerontology (3) may be taken upon program admission
 - an approved upper-division statistics course may be taken within the first year of the program.

Retention

1. Maintain a 3.0 or better grade point average in all graduate work completed at CSULB and all approved graduate work transferred to meet graduate requirements.
2. Continuous satisfactory progress toward the degree objective.

Advancement to Candidacy

1. Satisfy the general University requirements for advancement to candidacy.
2. Fulfill the Graduation Writing Assessment Requirement (GWAR)
3. Complete a minimum of six units of graduate level coursework in gerontology.
4. Be enrolled during the term in which advancement to candidacy takes place.
5. Obtain approval for one's individual program plan from the Gerontology Program Director and then from the Associate

Dean of the College of Health and Human Services.

Requirements

Thesis Option

Completion of a minimum of 36 units, with at least 28 units of 500 and/or 600 series in Gerontology, including:

Take all of the following courses:

GERN 500 Introduction to the Professional Practice of Gerontology (3)

Prerequisites/Corequisites: GERN 400 or equivalent; graduate standing or consent of instructor.

GERN 563 Program Evaluation (3)

Prerequisites: Upper division or graduate course in statistics; GERN 696 (may be taken concurrently) or equivalent.

GERN 582 Health Assessment of the Aging Client (3)

Prerequisites: GERN 400 or equivalent and graduate standing or consent of instructor.

GERN 592 Internship in Family and Consumer Sciences/Gerontology (3)

Prerequisites: Graduate standing and consent of instructor.

GERN 600 Seminar in Leadership and Administration (3)

Prerequisites: Graduate standing.

GERN 696 Research Methods (3)

Prerequisites: Upper-division course in statistics.

GERN 697 Directed Research (3)

Prerequisites: Advancement to candidacy, GERN 500-level courses in area of study, and GERN 696.

GERN 698 Thesis (3)

Prerequisites: GERN 697, advancement to candidacy.

A maximum of nine units may be taken outside of the major.

Directed Project Option

Completion of a minimum of 36 units with at least 28 units of 500 and/or 600 series in Gerontology, including:

GERN 500 Introduction to the Professional Practice of Gerontology (3)

Prerequisites/Corequisites: GERN 400 or equivalent; graduate standing or consent of instructor.

GERN 563 Program Evaluation (3)

Prerequisites: Upper division or graduate course in statistics; GERN 696 (may be taken concurrently) or equivalent.

GERN 582 Health Assessment of the Aging Client (3)

Prerequisites: GERN 400 or equivalent and graduate standing or consent of instructor.

GERN 592 Internship in Family and Consumer Sciences/Gerontology (3)

Prerequisites: Graduate standing and consent of instructor.

GERN 600 Seminar in Leadership and Administration (3)

Prerequisites: Graduate standing.

GERN 692 Gerontology Directed Project (3)

Prerequisites: GERN 697.

GERN 696 Research Methods (3)

Prerequisites: Upper-division course in statistics.

GERN 697 Directed Research (3)

Prerequisites: Advancement to candidacy, GERN 500-level courses in area of study, and GERN 696.

A maximum of nine units may be taken outside the major.

Certificate in Gerontology

Interested students should contact Dr. Maria Claver at 562-985-4495 or maria.claver@csulb.edu

This program is designed to educate individuals as gerontology specialists within a major area of study. Graduates work in community programs, health services organizations, government agencies, and the private sector.

The Certificate in Gerontology may be earned in conjunction with a baccalaureate degree or awarded subsequent to earning a bachelor's degree. Be aware that this program is not eligible for Financial Aid unless pursued concurrently with a CSULB degree program. Up to six units of courses taken in the student's major department may be approved to satisfy certificate requirements as may general education and elective courses also used to complete the bachelor's degree if they contain appropriate gerontology content.

Please be aware that this program is not eligible for Financial Aid unless pursued concurrently with a degree program.

Requirements

1. Consult with the Gerontology Certificate Coordinator to add the Certificate in Gerontology to the major program of study.
2. A bachelor's degree in any major (may be taken concurrently)
3. A minimum GPA of 2.5
4. 24 units distributed as follows

A. Take 15 required units including the following:

GERN 400 Perspectives on Gerontology (3) (meets GE Capstone requirement)

**C" or better required.

Prerequisites: GE Foundation, one or more Exploration courses, and upper-division standing.

ANTH 454 Culture and Aging (3)

**C" or better required.

Prerequisites: None.

GERN 492G Internship in Gerontology (3)

Prerequisites: Senior standing; have a 2.5 GPA overall or a 3.0 major GPA; approval of the Gerontology Certificate Coordinator; and GERN 400, ANTH 454, PSY 365 or HDEV 357. Each prerequisite course must be completed with a grade of "C" or better.

Take one of the following:

BIOL 301 Biology of Human Aging (3)

Prerequisites: BIOL 200 or BIOL 205 or BIOL 207 all with a grade of "C" or better.

GERN 482/582 Health Assessment of the Aging Client (3)

Prerequisites: GERN 400 or equivalent and upper division standing or consent of instructor.

Take one of the following:

PSY 365 Psychology of Adult Development and Aging (3)

**C" or better required.

Prerequisites: PSY 100.

HDEV 357 Approaches to Adulthood Through Aging (3) (meets GE Capstone requirement)

**C" or better required.

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

B. Take a minimum of nine units chosen in consultation

with the Gerontology Certificate Coordinator from a list of approved elective courses (three to six units of appropriate coursework in the major field may partially fulfill this requirement). Three units may be fulfilled by taking GERN 497 or an approved substitute.

5. Application for the Certificate in Gerontology through completion of the appropriate Program Planner in consultation with the Gerontology Certificate Coordinator. This must be done in the semester prior to the completion of the certificate to assure timely issuance.

Courses (GERN)

UPPER DIVISION

400. Perspectives on Gerontology (3)

Prerequisites: GE Foundation, one or more Exploration courses, and upper-division standing.

Multidisciplinary study of middle age and aging. Includes physiological, psychological, political, economic and sociological aspects. Effects of culture and environment on aging; history and demographics; health issues.

Letter grade only (A-F). (Lecturer-discussion, 3 hours.)

420./520. Personal Finance for the Aging (3)

Prerequisites: 400-level course in Consumer Affairs or consent of instructor.

Personal finance as applied to the aging population.

Same course as CAFF 420. Not open for credit to students with credit in CAFF 420. (Lecture-discussion 3 hrs)

430./530. Aging and Dementia (3)

Prerequisites: GER 400, HDEV 357 or PSY 365, or graduate standing, or consent of instructor.

An examination of physiological, psychological, social and economic aspects of dementia and its impact on the individual, the family and society. Community resources, current research and policy issues are included, with a particular emphasis on Alzheimer's disease.

439./539. Nutrition and Aging (3)

Prerequisites: NUTR 132 or BIOL 207 or BIOL 301 or GER 400 or consent of instructor.

Nutritional needs as related to physiological changes that occur during aging. Factors that influence food intake and nutritional status of the elderly. Diet adaptation for chronic diseases commonly found in older adults.

Letter grade only (A-F). Same course as NUTR 439. Not open for credit to students with credit in NUTR 439.

440. End of Life Issues for Older Adults and Their Families (3)

Prerequisite: Upper division standing.

Multidisciplinary approaches to death/dying in the context of the biopsychosocial model. Explores cross-cultural perspectives, the funeral industry, advanced planning, ethics, hospice, suicide, euthanasia, and grief.

Letter grade only (A-F). (Lecture-discussion 3 hours)

469./569. Disability, Culture and Society: Issues and Intervention (3)

Prerequisites: Senior or graduate standing.

Disability as a social construct. Examines policies and practices to understand the experience of disability. Includes historical and contemporary perspectives as well as future issues. Emphasis on social and clinical intervention methods as well as programs and resources.

Letter grade only (A-F). Same course as REC 469. Not open for credit to students with credit in REC 469 or SW 469.

474. Global Aging (3)

Prerequisite: GER 400.

Course Description: Examines aspects of individual and societal aging around the world, including demography of aging, cultural perspectives, work and retirement, social welfare, health care, morbidity and mortality, long term care, caregiving, and death and dying.

Not open for credit to students with credit in GER 574. (Lecture-activity 3 units)

482. Health Assessment of the Aging Client (3)

Prerequisites: GER 400 or equivalent and upper division standing or consent of instructor.

Assessment of the physical, psychological and social status of the aging client as they affect health and well-being. Focuses on working with aging clients in a variety of settings to identify actual or potential health-related problems using various techniques.

Same course as NRS 482. Not open for credit to students with credit in NRS 482. (Lecture-discussion, 3 hours) Course fee may be required.

492G. Internship in Gerontology (3)

Prerequisites: Student must be a Gerontology Certificate candidate; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of the Gerontology Certificate Coordinator; and GER 400, ANTH 454, PSY 365 or HDEV 357. Each prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. Same course as FCS 492G. Not open for credit to students with credit in FCS 492G (Seminar 3 hours)

497. Directed Studies (1-3)

Prerequisites: GER 400, ANTH 454, PSY 365, or HDEV 357, upper-division standing and consent of program director.

Independent study under the supervision of a faculty member. Exploration and experience supplementing and/or complementing regular courses.

May be repeated to a maximum of 6 units.

499. Selected Topics in Gerontology (1-3)

Group investigation of topics of current interest in gerontology.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

GRADUATE LEVEL

500. Introduction to the Professional Practice of Gerontology (3)

Prerequisite/Corequisite: GER 400 or equivalent; graduate standing or consent of instructor.

Graduate level introduction to the professional practice of Gerontology. Emphasis is on application of theoretical concepts, research in practice, ethics, career path exploration, and development of leadership career related skills and resources.

Letter grade only (A-F).

520./420. Personal Finance for the Aging (3)

Prerequisites: 400-level course in Consumer Affairs or consent of instructor.

Personal finance as applied to the aging population.

Same course as FCS 520. Not open for credit to students with credit in FCS 520. Letter grade only (A-F). (Lecture-discussion 3 hours)

530./430. Aging and Dementia (3)

Prerequisites: GERN 400, HDEV 357 or PSY 365, or graduate standing, or consent of instructor.

An examination of physiological, psychological, social and economic aspects of dementia and its impact on the individual, the family and society. Community resources, current research and policy issues are included, with a particular emphasis on Alzheimer's disease.

539./439. Nutrition and Aging (3)

Prerequisites: NUTR 132 or BIOL 207 or BIOL 301 or GERN 400 or consent of instructor.

Nutritional needs as related to physiological changes that occur during aging. Factors that influence food intake and nutritional status of the elderly. Diet adaptation for chronic diseases commonly found in older adults.

Letter grade only (A-F). Same course as FCS 539. Not open for credit for students with credit in NUTR 439, FCS 539, or GERN 439.

540. End of Life Issues for Older Adults and Their Families (3)

Prerequisite: Graduate standing.

Multidisciplinary approaches to death/dying in the context of the biopsychosocial model. Explores cross-cultural perspectives, the funeral industry, advanced planning, ethics, hospice, suicide, euthanasia, and grief.

Letter grade only (A-F).

550. Social Policy and Aging (3)

Prerequisite: GERN 400, HDEV 357 or PSY 365, and ANTH 454 or consent of instructor.

Major legislation and policies affecting older Americans. Analyses of policy information and change, kinds of data, and social forces that affect development and implementation of aging-related policies and legislation.

563. Program Evaluation (3)

Prerequisites: Upper division or graduate course in statistics; GERN 696 (may be taken concurrently) or equivalent.

Principles, design, and methods of program evaluation for use by Family and Consumer Sciences and Gerontology professionals. Selection and development of instrumentation for data collection and interpretation and methods of reporting.

Letter grade only (A-F). Same course as FCS 563. Not open for credit to students with credit in FCS 563. (Seminar 3 hours)

569./469. Disability, Culture and Society: Issues and Social Intervention (3)

Prerequisites: Senior or graduate standing.

Disability as a social construct. Examines policies and practices to understand the experience of disability. Includes historical and contemporary perspectives as well as future issues. Emphasis on social and clinical intervention methods as well as programs and resources.

Letter grade only (A-F). Same course as REC 569. Not open for credit to students with credit in REC 569.

574. Global Aging (3)

Prerequisite: Graduate standing

Examines aspects of individual and societal aging around the world, including demography of aging, cultural perspectives, work and retirement, social welfare, health care, morbidity and mortality, long term care, caregiving, and death and dying.

Letter grade only (A-F). Not open for credit to students with credit in GERN 474.

582. Health Assessment of the Aging Client (3)

Prerequisites: GERN 400 or equivalent and graduate standing or consent of instructor.

Assessment of the physical, psychological and social status of the aging client as they affect health and well-being. Focuses on working with aging clients in a variety of settings to identify actual or potential health-related problems using various techniques.

Letter grade only (A-F). Not open for credit to students with credit in GERN 482 or NRSRG 482.

592. Internship in Family and Consumer Sciences/ Gerontology (3)

Prerequisite: Graduate standing and consent of instructor.

Field experience in which student assumes a self directed responsible role in an agency, business or other community setting.

May be repeated to a maximum of 6 units. (Seminar 3 hours) Letter grade only (A-F).

597. Independent Study (1-3)

Prerequisites: Graduate standing and consent of instructor.

Independent study under the supervision of a faculty member. Exploration or experience supplementing and/or complementing regular courses to meet student learning goals.

May be repeated for a maximum of six units in different semesters. Letter grade only (A-F).

599. Selected Topics in Gerontology (1-3)

Prerequisites: Graduate standing

Group investigation of topics of current interest in gerontology.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

600. Seminar in Leadership and Administration (3)

Prerequisite: Graduate standing

Application of administration, management and leadership theories to family and consumer sciences/gerontology programs. Decision-making, organizational structures and evaluation concepts included.

Letter grade only (A-F). Same course as FCS 600. Not open for credit to student with credit in FCS 600.

692. Gerontology Directed Project (3)

Prerequisite: GERN 697.

Students will acquire experiential skills under the guidance of a faculty advisor and supervisor/preceptor at an approved project site. Student will identify problems, design and assess a project or conduct research. Results will be presented in a thesis-style report.

Letter grade only (A-F).

696. Research Methods (3)

Prerequisite: Upper-division course in statistics.

Methodological approaches to contemporary research issues in Family and Consumer Sciences. Course focuses on the design, development, and implementation of a formal research-designed project.

Letter grade only (A-F). (Seminar 3 hours) Same course as FCS 696. Not open for credit to students with credit in FCS 696.

697. Directed Research (3)

Prerequisite: Advancement to candidacy, GERN 500-level courses in area of study, and GERN 696.

Independent investigation of research problems under the direction of a faculty member.

Letter grade only (A-F).

698. Thesis (3)

Prerequisite: GERN 697, advancement to candidacy.

Planning, preparation and completion of a thesis under supervision of a faculty member. Approval of thesis committee.

Letter grade only (A-F).

GLOBAL LOGISTICS

College of Liberal Arts
Department of Economics

Director: Seiji S.C. Steimetz

Department Office: Social Science/Public Affairs (SS/PA), Rm 361A

Telephone: (562) 985-5061

Email: magl@csulb.edu

Website: www.csulb.edu/economics

FAX: (562) 985-5804

Graduate Advisor/Associate Director: Wade E. Martin

Faculty: Omer Benli, Burkhard Englert, Elaine Frey, Jack Hou, Shui Lam, Joseph P. Magaddino, Wade E. Martin, Kristen A. Monaco, Khosrow Moshirvaziri, Chen Ng, Seiji S.C. Steimetz, Steve Yamarik, Guy Yamashiro

Career Possibilities

Purchasing Manager • Fleet Manager • Transportation Manager • Logistics Director • Supply Chain Manager • Customer Account Manager • Warehouse Manager • Business Analyst • Decision Support Manager • Demand Management Specialist (For more information, see www.careers.csulb.edu)

Master of Arts in Global Logistics

This program is suspended and not accepting applicants.

This program is offered only through College of Continuing and Professional Education at a higher tuition rate.

Prerequisites

1. A bachelor's degree with a grade-point average of 2.75 or better. A student whose overall grade-point average is less than 2.75, but who possesses a strong employment history in supply chain management or logistics or who possesses a recent record of academic excellence by completion of certificate or other coursework, may be admitted by special action of the Admissions Committee.
2. Students are required to submit: a completed application form; two letters of recommendation from members of the academic profession under whom the applicant studied or from individuals in positions of leadership with whom the applicant worked; and a statement of the applicant's interest in pursuing a career in global logistics. Students are also required to submit scores from the Graduate Record Examination (GRE).

Advancement to Candidacy

Satisfy the general requirements of the University for advancement to candidacy.

Requirements

Completion of a minimum of 33 units beyond the bachelor's degree and graduate coursework as follows:

1. Core requirements (16 units), satisfactory completion of:
 - ECON 500 Business Economics (3)
Prerequisites: None
 - ECON 555 Transportation Economics (3)
Prerequisites: None

GLG 540 Benefit-Cost Analysis for Logistics (2)
Prerequisites: Consent of instructor.

GLG 556 Economics of Logistics Management (3)
Prerequisite: ECON 500.

GLG 560 Research Methods for Global Logistics (3)
Prerequisite: ECON 500.

GLG 570 International Trade & Finance for Logistics (2)
Prerequisites: Consent of instructor.

2. Satisfactory completion of at least one course in each of the following four emphases (11 units):

- A. Quantitative Analysis in Logistics, one of the following:

CECS 552 Computer Simulation and Modeling (3)
Prerequisites: EE 380 (or MATH 380) and CECS 326.

GLG 690 Selected Topics in Global Logistics (1-3)
Prerequisites: Consent of instructor.

- B. Forecasting for Logistics, take the following:

GLG 520 Forecasting (2)
Prerequisites: GLG 560.

- C. Advanced Topics in Logistics, one of the following:

GLG 530 Introduction to Optimization Methods in Transportation (3)
Prerequisites: ECON 500.

CECS 590 Selected Topics in Computer Science (3)
Prerequisites: Graduate standing and consent of instructor.

- D. Seminar in Global Logistics, take the following:

ECON 666 Seminar in Transportation Economics (3)
Prerequisites: ECON 510, ECON 511, ECON 555, ECON 585 and ECON 586.

3. Practical Applications of Logistics, take the following:

GLG 595 Field Studies Practicum in Logistics (3)
Prerequisites: Consent of instructor.

4. Complete the following:

GLG 655 Seminar in Global Logistics (3)
Prerequisites: Completion of at least 27 units in the M.A.G.L.

Global Logistics Courses (GLG)

520. Forecasting (2)

Prerequisites: GLG 560.

A comprehensive introduction to forecasting in economics and business. Topics covered include statistical graphics, trends, seasonality, cycles, forecast construction, forecast evaluation and forecast combination.

Letter grade only (A-F).

530. Introduction to Optimization Methods in Transportation (3)

Prerequisites: ECON 500.

Optimization methods applied to transportation problems. Introduction to optimization, simple calculus-based function optimization, linear programming, simplex method and computer based solution of linear programming problems. Introduction to network flow, dynamic programming. Practical considerations for large problems; optimal and near optimal solutions.

Letter grade only (A-F).

540. Benefit-Cost Analysis for Logistics (2)

Prerequisites: Consent of instructor.

Introduces benefit-cost analysis. Discussion of private costs and benefits, social costs and benefits, and project analysis.

Letter grade only (A-F).

556. Economics of Logistics Management (3)

Prerequisite: ECON 500.

Analysis and design of domestic and international logistics systems. Topics include: transportation, warehousing, inventory control, materials management, systems design and organization.

Not open for credit to students with credit in ECON 556. Letter grade only (A-F).

560. Research Methods for Global Logistics (3)

Prerequisite: ECON 500.

Applications of research methods to topics in logistics. Topics include: developing a research question, performing a literature review, data collection, and statistical analysis.

Letter grade only (A-F).

570. International Trade and Finance for Logistics (2)

Prerequisites: Consent of instructor.

Examines theories of trade, tariffs, customs, foreign exchange market and international financial institutions.

Letter grade only (A-F).

595. Field Studies Practicum in Logistics (3)

Prerequisites: Consent of instructor.

Practical experience, at a management level, in an appropriate logistics firm.

Letter grade only (A-F)

655. Seminar in Global Logistics (3)

Prerequisites: Completion of at least 27 units in the M.A.G.L.

A capstone seminar in global logistics. Major research project to integrate knowledge of global logistics. Research paper and oral presentation of research.

Not open for credit to students with credit in ECON 655. Letter grade only (A-F).

690. Selected Topics in Global Logistics (1-3)

Prerequisites: Consent of instructor.

Topics of current interest in global logistics selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

GLOBAL MIGRATION STUDIES

College of Liberal Arts

Director: Heather Rae-Espinoza

Department Office: PSY-125, (562) 985-4209

Advisors: Atlas Center, PH1-104

<https://www.csulb.edu/colleges/cla/advising/>

Associated Faculty: Nielan Barnes (SOC), Norma Chinchilla (SOC), Ken Curtis (HIST), Demetra Kasimis (POSC), Gary Hytrek (SOC), Linda España Maram (ASAM), Heather Rae-Espinoza (HDEV), and Maythee Rojas (WGSS), Alejandra C. Edwards (ECON), Caitlin E. Fouratt (I/ST), Guotong Li (HIST)

Website: <http://www.csulb.edu/colleges/cla/departments/gms/>

AFRS 337; ASAM 330, ASAM 331, ASAM 332, ASAM 333, ASAM 334, ASAM 352, ASAM 354; CHLS 352; EDEL 434, EDEL 455C, EDEL 455K, EDEL 455V; ITAL 345; SOC 341

C. Culminating Experience (3 units)

Take a thesis or directed study with any member of the Faculty Advisory Board:

ASAM 499; HDEV 470, HDEV 499; I/ST 492, I/ST 499; SOC 495, SOC 499; WGSS 498, WGSS 499

Minor in Global Migration Studies

The Minor in Global Migration Studies is a interdisciplinary program to provide students with an understanding of migration's causes, effects, and impacts and a critical comparative framework for migrant's experiences (history, gender, and culture). The core represents courses that have a wide survey of different migrant groups and provide a foundation for the more focused courses in the comparative framework.

Courses used to meet the certificate requirement may, where applicable, also be used simultaneously to meet General Education requirements or the major and minor requirements of cooperating departments.

Requirements

Consultation with the program advisor to select courses that address at least two different migrant populations and include no more than 9 units from any department.

Completion of 18 upper division units distributed as follows:

A. Core (6 units)

Take the following course:

I/ST 320 Migration and Modernity (3)

Prerequisite: Completion of all GE Foundation courses. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Take one of the following survey courses:

AFRS / ASAM / CHLS / WGSS 319, ANTH 444, CAFF 322, CDFS 410, ECON 341, EDEL / LING 431, ENGR 392, GEOG 360, HSC 407, I/ST 350, SOC 358

B. Comparative Framework (9 units)

Take one of the following History courses:

ANTH 473, ASAM 335, ASAM 407; A/ST 310; CHLS 300, CHLS 335, CHLS 350, CHLS 430; SOC 340; HIST 362, HIST 370, HIST 372, HIST 412, HIST 435, HIST 440, HIST 441, HIST 443, HIST 460, HIST 470, HIST 471, HIST 473, HIST 475, HIST 486, HIST 491

Take one of the following Gender courses:

AFRS 454I; ASAM 381; CHLS 415; GEOG 462; HIST 485A, WGSS 307, WGSS 320, WGSS 401, WGSS 432, WGSS 445A, WGSS 449, WGSS 485A

Take one of the following Culture courses:

HEALTH AND HUMAN SERVICES, COLLEGE OF

Introduction

The College of Health and Human Services prepares students for careers in health, wellness, teacher preparation, and social and consumer services. Our accredited graduate and undergraduate programs offer state-of-the-art curriculum through which departments/schools provide optimal learning opportunities in the classroom, in the research laboratory, and in the community.

The College's two schools, nine departments, three programs, and twelve research centers are housed within twelve buildings on campus with state-of-the-art classrooms, laboratories, and clinics with equipment matching that of business/industry.

Programs at a Glance

Bachelor of Arts:

- Family and Consumer Sciences
- Kinesiology
- Recreation
- Social Work
- Speech-Language Pathology

Bachelor of Science:

- Athletic Training
- Criminal Justice
- Dietetics and Food Administration
- Health Care Administration
- Health Science
- Hospitality Foodservice and Hotel Management
- Kinesiology
- Nursing

Master of Arts:

- Family and Consumer Sciences
- Kinesiology
- Speech-Language Pathology

Master of Science:

- Criminal Justice
- Emergency Services Administration
- Gerontology
- Health Care Administration
- Health Science
- Kinesiology
- Nursing
- Nursing / Public Health
- Nursing / Health Care Administration
- Nutritional Science
- Recreation Administration

Master of Public Administration

Master of Public Health: Community Health Education

Master of Social Work

Doctor of Nursing Practice

Doctor of Physical Therapy

Certificates

- Gerontology
- Health Care Administration
- Latino Health and Nutrition Studies (graduate)
- Nurse Practitioner (graduate)
- Public Management Analyst (graduate)
- Public Sector Employer-Employee Relations and Personnel Management (graduate)
- Public Sector Financial Management (graduate)
- Therapeutic Recreation
- Transportation Policy and Planning (graduate)
- Urban Executive Management (graduate)
- Wilderness Studies (discontinuance in progress)

Credentials

Single Subject Teaching Credentials: Home Economics, Health Science, and Kinesiology/Physical Education.

Services credentials are offered in Communicative

- Disorders (Public Education Speech-language Pathology), Nursing (Health Service School Nurse), and Social Work (Pupil Personnel – Child Welfare and Attendance).

Professional Accreditations

Programs in the College are accredited by the following state and national accrediting agencies:

- American Association of Colleges of Nursing, American Association of Family and Consumer Sciences, Academy of Nutrition and Dietetics, American Physical Therapy Association, American Public Works Association (APWA), American Speech Language and Hearing Association, Association of University Programs in Health Administration, California Commission for Teacher Credentialing, California Council on Parks and Recreation, California State Board of Registered Nursing, California Teaching Commission, Commission on Accreditation of Allied Health Education Programs, Council on Education for Public Health, Council on Hotel, Restaurant, and Institutional Education, Council on Social Work Education, National Association for the Education of Young Children, National Association of Schools of Public Affairs and Administration (NASPAA), National Council for Accreditation of Teacher Education, National Recreation and Park Association Council on Accreditation, Western Institute of Nursing.

Special Interest Clubs

- Archers, Army ROTC Association, Army ROTC Rangers (AROTC), California Nursing Student Association, Child and Family Associated Students (CAFAS, Family and Consumer Sciences), Criminal Justice Student Association, Fitness Club, Foodservice and Hotel Management Association (Family and Consumer

Sciences), Health Care Administration Forum, Health Science Graduate Student Association, Kinesiology and Physical Education Majors Club, National Student Speech-Language-Hearing Association (Communicative Disorders), Peer Health Educators, Pershing Rifles (AROTC), Physical Therapy Student Association, Public Administration Student Association (PASA, Public Policy and Administration), Recreation and Leisure Studies Alumni Association (RALSAA), Recreation Society (Recreation and Leisure Studies), Social Dance Club, Consumer Affairs Student Association (Family and Consumer Sciences), Sports Medicine Club (Kinesiology), Student Affiliates of the American Kinesiotherapy Association (Kinesiology), Student Chapter of American Association of Family and Consumer Sciences, Student Dietetic Association (Family and Consumer Sciences), Student Food Science Society (Family and Consumer Sciences), Students Active in Community Health (Family and Consumer Sciences), Students in Fashion (Family and Consumer Sciences).

Professional and Honors Organizations

Alpha Phi Sigma (Criminal Justice), American College of Healthcare Executives, California Association for Health, Epsilon Sigma Delta (Hospitality Foodservice and Hotel Management, Family and Consumer Sciences), Eta Sigma Gamma (Health Science), Kappa Omicron Nu (Family and Consumer Sciences), Phi Epsilon Kappa (Kinesiology), Pi Alpha Alpha (Public Policy and Administration), Recreation and Dance (CAHPERD), Sigma Phi Omega (National Academic and Professional Society in Gerontology), Sigma Theta Tau (Iota Eta Chapter, Nursing).

College and Departmental Organizations

Asian Pacific Islanders Committee (Social Work), Associated Students of Social Work, California Nursing Student Association, Dunham/Cleveland Committee (Social Work), College of Health and Human Services Student Council, Gay, Lesbian, Transsexual, Transgender Committee (Social Work), Latino Student Network Committee (Social Work), National Association of Social Work Unit, Social Work Alumni Association.

Graduate Programs

Graduate Certificate in Latino Health and Nutrition Studies

This certificate focuses on enhancing the academic development and training of health and human service professionals to provide culturally and linguistically relevant care and education for the Latino population through their respective job placements. The certificate is comprised of 18 units. Components of the program include analysis of the health status and access issues affecting Latinos, development of culturally and linguistically relevant interventions, and implementation of chronic disease prevention best practices and community based participatory research. The certificate incorporates a

thorough overview of Latino health from early childhood development to the multiple chronic diseases that continue to impact this population. This program must be completed in conjunction with a CSULB degree program.

Interested students should contact Dr. Britt Rios-Ellis at 562-985-5312 or Britt.Rios-Ellis@csulb.edu.

Prerequisites

1. Admission to an active CSULB graduate program.
2. A minimum overall GPA of 3.0 in a graduate program.
3. Must have completed (with a grade of "B" or better) the following undergraduate courses or equivalent:
 - HSC 401 Community Health Education (3)
Prerequisite: H SC 301
 - HSC 403 Community Health Statistics (3)
Prerequisite: GE Math and SOC 250 or PSY 210 (PSY 100 prereq) or STAT 108.
 - NUTR 132 Introductory Nutrition (3)
Prerequisite/Corequisite: One Foundation course.
4. Completion of the Certificate Program Application.
5. One letter of reference.
6. Copies of academic transcripts (turned into the university).

Requirements

1. A minimum overall GPA of 3.0 in certificate coursework.
2. A minimum of 6 units in certificate coursework completed per academic year.
3. Complete a minimum of 18 units in the required graduate courses:
 - HSC 507 Health Equity and Health Disparities Research in the US (3)
Prerequisite: Undergraduate major in Health Science or related field.
 - FCS/HSC 534 Advanced Latino Nutrition, Health and Chronic Disease Prevention (3)
Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.
 - FCS/HSC 537 Culturally Responsive Nutrition Promotion for Latinos (3)
Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.
 - HHS 592A Internship in Latino Nutrition and Health Promotion (3)
Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.
 - HHS 634 Advanced Latino Community Health (3)
Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.
 - HHS 635 Latino Health Promotion and Disease Prevention: A Focus on the Child (3)
Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Courses (HHS)

LOWER DIVISION

190. Selected Topics (3)

Selected Topics

Prerequisites: None

Specific topics of current interest in Health and Human Services selected for intensive development. Topics are announced in the Schedule of Classes.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. (3 hours seminar)

288. Emergency Medical Technician (6)

Study and application of emergency medical technician skills. Assessment, care, communication, and ambulance operations for the sick and injured. Ambulance ride-along and hospital emergency room experience. Qualifying students take the NREMT exam to become a certified Emergency Medical Technician (EMT).

Letter grade only (A-F).

290. Selected Topics (3)

Prerequisites: None

Specific topics of current interest in Health and Human Services selected for intensive development. Topics are announced in the Schedule of Classes.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. (3 hours seminar)

UPPER DIVISION

374. Professional Practice I: Professional Interactions (3)

Prerequisites: Consent of instructor

Self-awareness of how personality, learning preferences, and personal values affect professional interactions. Includes effective communication, conflict resolution, and eliciting patient values and goals. Also, communicating with patients who have experienced disability, sexual dysfunction, or issues with coping or dying.

Letter grade only (A-F). Lecture/Discussion 3 hours.

390. Selected Topics (3)

Prerequisites: None

Specific topics of current interest in Health and Human Services selected for intensive development. Topics are announced in the Schedule of Classes.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. (3 hours seminar).

401. Applied Anatomy I (3)

Prerequisite: BIOL 208 or equivalent.

Advanced study of structure and function of neuromusculoskeletal systems with emphasis on surface contour, myology and joint structure and neurovascular supply. Regional emphasis includes upper extremity head, neck and thorax. Includes dissection laboratory and provided materials.

Letter grade only (A-F). (Lecture/discussion 2 hours, lab 3 hours) Course fee may be required.

402. Applied Anatomy II (3)

Prerequisites: BIOL 208 or equivalent; "B" or better in HHS 401.

Continuation of HHS 401, with emphasis on normal anatomy of lower extremities, pelvis, and abdominal region.

Letter grade only (A-F). (Lecture/discussion 2 hours, lab 3 hours) Course fee may be required.

403. Tissue Mechanics and Aging (3)

Prerequisites: "B" or better in HHS 401 and BIOL 341 and consent of instructor.

Advanced study of tissue (bone, muscle, dense fibrous connective tissue, cartilage, nerve) mechanics and pathomechanics including use, disuse and aging with application to joint mechanics and therapeutic procedures.

Letter grade only (A-F). (Lecture/discussion 3 hours)

460. Neuroanatomy (4)

Prerequisite: BIOL 341.

Investigation of human neuroanatomy with emphasis on the structure and function of the central nervous system (CNS), cranial nerves, and their connecting neural pathways relative to human function and movement. Neuroanatomical and vascular lesions will be discussed and correlated to common clinical conditions. Emphasis is on applying neuroanatomy for differential diagnosis.

Letter grade only (A-F). (Lecture/discussion 3 hours, lab 3 hours)

471. Pathology (3)

Prerequisite: BIOL 208; Corequisite: BIOL 341.

Advanced study of abnormal function as result of disease. Includes general pathology and selected pathologies encompassing cardiovascular, pulmonary, musculoskeletal, peripheral and central nervous system, and integumentary systems.

Letter grade only (A-F). (Lecture/discussion 3 hours)

489. Beach Community Wellness Program: Leadership Development (3)

Prerequisite: Consent of instructor.

This course provides students with experiences in design, implementation and evaluation of a comprehensive wellness program. Teaching, leadership, analysis, reflection, and reciprocity are the main focal points of this course. Embedded in the course is a service-learning component during which students will complete over 20 hours of service-learning.

(2 hours lecture, 2 hours activity)

Letter grade only (A-F)

490. Selected Topics (3)

Prerequisites: None

Specific topics of current interest in Health and Human Services selected for intensive development. Topics are announced in the Schedule of Classes.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. (3 hours seminar)

497. Independent Studies (1-3)

Prerequisites: Consent of instructor, and for human dissection, one general introductory anatomy course, HHS 401 and 402.

Independent projects in any area of physical therapy. Human dissection is available as a special study.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

592A. Internship in Latino Nutrition and Health Promotion (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Provides a competency-based, service learning experience in which knowledge, understanding and theory are applied to real-life situations for skill-development of graduate students.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

634. Advanced Latino Community Health (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Explores the structural-environmental, policy, epidemiological, cultural, and linguistic factors that influence disease and wellness within Latino subpopulations. Provides student with an interdisciplinary examination of the health status and health access issues facing diverse Latino communities in the United States.

Letter grade only (A-F).

635. Latino Health Promotion and Disease Prevention: A Focus on the Child (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Explores factors that facilitate and inhibit wellness within Latino children through a culturally relevant and multidisciplinary lens. Latino children are the youngest, fastest growing U.S. demographic whose well-being is inextricably linked to the overall health of our nation.

Letter grade only (A-F).

HEALTH CARE ADMINISTRATION

College of Health and Human Services

Department Chair: Tony Sinay

Department Office: Health and Human Services (HHS) 2,
Room 118

Telephone: (562) 985-5694

Faculty: Erlyana Erlyana, Brenda Freshman, Henry O'Lawrence,
Grace Reynolds, Tony Sinay, Sandhya Shimoga

Administrative Coordinator: Deby McGill, John Ciulik

Career Possibilities

Provider Relations Director • Clinical Administrator • Financial Analyst • Director of Managed Care • Director of Nursing • Medical Facilities Section Director • Nursing Home Administrator • Medical Records Administrator • Social Welfare Administrator • Emergency Medical Services Coordinator • Public Health Director • Community Organization Director (For more information, see www.careers.csulb.edu.) Various entry-level trainee positions in the health care industry are available for graduates of undergraduate program.

Introduction

Mission

The mission of the CSULB Health Care Administration Department is to prepare professionals to manage, lead, and improve a changing health care system. Our graduate and undergraduate programs are designed, and continually strive to improve their efforts, to meet the needs of the dynamic health care system, and to emphasize culturally appropriate patient-centered service delivery systems.

The mission of the undergraduate Health Care Administration Program at California State University Long Beach is to provide students with the knowledge, skills and abilities needed by entry level health care professionals in an ethnically and culturally diverse community.

Vision

Being the highly sought program of choice by students who aspire to meaningful and successful careers in health care management.

Values

The HCA Program's values are lifelong learning, research and innovations, collaboration, servant leadership, student centered, applied knowledge, professionalism, and ethical behavior.

The department offers four programs:

1. Master of Science in Health Care Administration
2. Bachelor of Science in Health Care Administration
3. Master of Science in Health Care Administration-Accelerated Program
4. Certificate in Health Care Administration

Accreditation

The graduate program is accredited by the Commission on Accreditation for Health Management Education (CAHME) and the undergraduate program is a fully certified member of the Association of University Programs in Health Administration (AUPHA).

Undergraduate Programs

Bachelor of Science in Health Care Administration (120 units)

Admission Requirements

Prerequisites

1. All students must complete a minimum of 14 semester units or the equivalent in prerequisite preparatory course for the major: ACCT 201, ECON 101 or ECON 300, SOC 250 or PSY 210 or STAT 108 and BIOL 205 (or equivalent). Computer proficiency in word processing, spreadsheet, database and presentation software is expected. Business calculus (MATH 115) is recommended.
2. An overall grade point average of 2.4 or higher is required for entrance into the program. A minimum grade of "C" is required for each prerequisite course.

Graduation Requirements

1. Complete the requirements for General Education
2. Complete the prerequisite courses
3. Complete the major core course requirements:
 - IS 233 Introduction to Computer Systems and Applications (3)
Prerequisites: None
 - HSC 150 Medical Terminology (1)
Prerequisites: None.
 - HCA 300 The Health Care System (3)
Prerequisites: None.
 - HCA 312 Health Personnel Management (3)
Prerequisite: Open to Health Care Administration majors only. Prerequisite/Corequisite: HCA 300.
 - HCA 340 Legal Aspects of Health Administration (3)
Prerequisite: Open to Health Care Administration majors only. Prerequisite/Corequisite: HCA 300.
 - HCA 341 Financial Management of Health Care Institutions (3)
Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in ACCT 201.
Prerequisite/Corequisite: HCA 300.
 - HCA 353 Marketing for Health Services Organizations (3)
Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in ECON 101 or ECON 300.
Prerequisite/Corequisite: HCA 300.
 - HCA 410 Health Management and Organization (3)
Prerequisites: Open to Health Care Administration majors only. Prerequisite/Corequisite: HCA 300.
 - HCA 416 Management and Information Systems (3)
Prerequisite: Open to Health Care Administration majors only. Prerequisite/Corequisite: HCA 300.
 - HCA 428 Population Health Management for Health Care Administrators (3)
Prerequisites: HCA 300, (SOC 250 or PSY 210 or STAT 108), upper division standing, or instructor consent.

HCA 450 Quality Assurance of Health Care (3)
Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in HCA 300 and HCA 465.

HCA 465 Analysis and Evaluation of Health Care Services (3)
Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in PSY 210 or SOC 250 or STAT 108 or equivalent.

HCA 468 Principles of Risk Management and Patient Safety (3)
Prerequisites: A grade of "C" or better in HCA 340, HCA 341 and HCA 450.

HCA 480 Internship in Health Care Administration (3)
Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in HCA 300, HCA 312, HCA 341, HCA 410, HCA 465 and HSC 150.

HCA 481 Internship & Career Development in HCA (3)
Prerequisites: Open to Health Care Administration majors only and HCA 480.

4. Upper Division (required elective courses). A minimum of 9 additional units from the following:
HCA 320, HCA 422, HCA 439, HCA 417, HCA 451, HCA 452, HCA 457, HCA 470, HCA 471.
5. Complete electives as needed to total 120 semester units
6. Fulfill the Graduation Writing Assessment Requirement (GWAR)
7. Each major course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses for which it is not a prerequisite with approval of the Undergraduate Advisor.

Certificate in Health Care Administration

The Certificate in Health Care Administration is comparable to a minor of 24 units. Components of the program include the forms of organization and operation of health care systems, human resources management, leadership and development, financial management, and marketing. The Certificate may be combined with major programs from a variety of fields, including, but not limited to, behavioral and natural sciences, humanities, health professions, business and public administration, and social work.

Students may only pursue the certificate program in combination with a CSULB degree program.

Requirements

1. Concurrent enrollment in any bachelor's degree program at CSULB (except Health Care Administration)
2. Minimum GPA of 2.4 in all completed coursework
3. Junior standing
4. Program Director or Academic Advising and Resource Center approval
5. Completion of the following 24 units: ACCT 201; ECON 101; HCA 300, HCA 312, HCA 341, HCA 353, HCA 410 and HCA 450.

Graduate Programs

Master of Science in Health Care Administration

Graduates of HCA degree programs will achieve and demonstrate the following competencies: health care knowledge, leadership, presentation skills (oral communication), written communication skills, career marketability, teamwork, managing change, conceptual skills, managerial decision making, ethical decision making, information management, interpersonal skills, independence, creativity and critical thinking, analytical skills, planning, advocacy and conflict management.

Admission Requirements

Each interested individual should apply to the University at www.csumentor.edu; send official transcripts from an accredited institution to Enrollment Services and pay application fee online.

To obtain admission a Baccalaureate degree from an accredited institution is required. Preferably the candidate is expected to have completed 9 units of course work in accounting, economics and statistics, but these prerequisite courses could be taken during the MS program if needed. An applicant must have an overall undergraduate grade point average of 3.0 or better. Those applicants with less than 3.0, but with acceptable evidence of professional potential shown through recent academic performance and experiential background, may be admitted by special action of the Department Admissions Committee.

In addition, the candidate should prepare an application packet with the following documents and send it to the Department:

1. MSHCA Application Form (available on HCA website)
2. A current and complete resume
3. Statement of purpose describing your career goals in health care administration
4. Three letters of recommendation
5. GMAT or GRE score

Please note that an interview with the Program Director may be required.

Prerequisites

1. Take the following course (or equivalent): ACCT 201
2. Take one of the following courses (or equivalent): ECON 101, ECON 300
3. Take an introductory statistics course or equivalent (e.g., SOC 250).
4. Submit a minimum score of 500 on a recent Graduate Management Admission Test (GMAT) or a total score of a minimum 1000 on the Graduate Record Examination (GRE).

Students should contact the Program Director for a determination of deficiencies and required remediation.

Graduation Requirements

1. Complete a minimum 45 units graduate-level course work.
2. Complete all of the following core courses:

- HCA 502 The Health Care System (3)
Prerequisites: None.
- HCA 503 Health Care Economics (3)
Prerequisites: ECON 101 or ECON 300.
- HCA 505 Organization and Systems of Health Care (3)
Prerequisites: Health Care Administration majors only.
- HCA 510 Human Resources Management in Health Care (3)
Prerequisite(s): Health Care Administration majors only.
Prerequisite/Corequisite: HCA 502
- HCA 515 Advanced Financial Management in Health Care (3)
Prerequisite: ACCT 201 or ACCT 500; HCA 502; Health Care Administration majors only.
- HCA 517 Advanced Healthcare Information Systems Management (3)
Prerequisites: Health Care Administration majors only, HCA 502.
- HCA 524 Advanced Legal and Ethical Aspects of Health Administration (3)
Prerequisite: Health Care Administration majors only, HCA 502.
- HCA 526 Research Methods in Health Care Management
Prerequisites: SOC 250 or equivalent statistics course, Health Care Administration majors only, HCA 502 and advancement to candidacy.
- HCA 528. Managing Population Health
Prerequisite: HCA majors only, HCA 502
- HCA 530 Strategic Planning and Marketing in Health Care (3)
Prerequisites/Corequisites: HCA 502.
- HCA 535 Quantitative Methods for Health Administration (3)
Prerequisites: Health Care Administration majors only, HCA 502.
- HCA 550 Continuous Quality Improvement in Health Services (3)
Prerequisites: Health Care Administration majors only, HCA 502.
- HCA 698. Project (3)
Prerequisites: HCA Majors only, Advancement to candidacy and completion of a minimum 27 graduate units in the major
- Completion of any two of the following elective courses:
HCA 536, HCA 537, HCA 539, HCA 552 or HCA 580.

Advancement to Candidacy

Students will be instructed to apply for advancement to candidacy after:

1. Completion of all prerequisite courses,
2. Completion of 6 units of core course work that applies to the degree with an average grade of "B" or better,
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR),
4. Approval of Program Director.

Accelerated Program

The Master in Health Care Administration Accelerated Program (MSHCA-AP) is designed to prepare working professionals for administrative positions in health care organizations which requires a minimum three years of work experience and combines online and weekend courses. The

MSHCA-AP program requires 45 credit hours consisting of 15 core courses. The program offers foundation courses early and more advanced healthcare specific courses later in the program.

Accelerated Education Model

YEAR I

First Quarter-Fall

Orientation - No Credit

1. HCA 503 Health Care Economics (3)
Prerequisites: ECON 101 or ECON 300.
2. HCA 505 Organization and Systems of Health Care (3)
Prerequisites: Health Care Administration majors only.

Second Quarter-Winter

3. HCA 502 The Health Care System (3)
Prerequisites: None.
4. HSC 500 Principles of Epidemiology (3)
Prerequisites: HSC 301 and HSC 403.

Third Quarter-Spring

5. HCA 524 Advanced Legal and Ethical Aspects of Health Administration (3)
Prerequisite: Health Care Administration majors only, HCA 502.
6. HCA 515 Advanced Financial Management in Health Care (3)
Prerequisite: ACCT 201 or ACCT 500; HCA 502; Health Care Administration majors only.

Fourth Quarter-Summer

7. HCA 535 Quantitative Methods for Health Admin (3)
Prerequisites: Health Care Administration majors only, HCA 502
8. HCA 510 Human Resources Management in Health Care (3)
Prerequisite(s): Health Care Administration majors only.
Prerequisite/Corequisite: HCA 502

YEAR II

First Quarter-Fall

9. HCA 517 Advanced Healthcare Info Systems Management (3)
Prerequisites: Health Care Administration majors only, HCA 502.
10. HCA 527 Research Methods in Health Care Management (3)
Prerequisites: SOC 250 or equivalent statistics course, Health Care Administration majors only, HCA 502 and advancement to candidacy.

Second Quarter-Winter

11. HCA 537 Managed Care (3)
Prerequisite: Health Care Administration majors only, HCA 502.
12. HCA 550 Continuous Quality Improvement in Health Services (3)
Prerequisites: Health Care Administration majors only, HCA 502.

Third Quarter-Spring

13. HCA 698 Project (3)
Prerequisites: Health Care Administration Majors only, Advancement to candidacy and completion of a minimum 27 graduate units in the major.
14. HCA 536 Hospital Management (3)
Prerequisites: Health Care Administration majors only, HCA 502.

Fourth Quarter-Summer

15. HCA 530 Strategic Planning/Marketing in Health Care (3)
Prerequisites/Corequisites: HCA 502.

Master of Science in Nursing/Master of Science in Health Care Administration

For requirements, see description in the Nursing section of this catalog.

Courses (HCA)

LOWER DIVISION

101. Health Care Administration in Action (3)

Offers students opportunities to learn about health administration careers by hearing from and interacting with health care managers working in a variety of organizations, with a focus on those in the greater Long Beach area.

Letter grade only (A-F).

202. Introduction to Health Care in America (3)

Prerequisites: GE Foundation requirements.

US health care system with its delivery and financing mechanisms as well as the technical, economic, political and social forces responsible for changes in the health care system. Contemporary issues such as access, cost and quality, health disparities among minority groups as well as gender disparities including sexual orientation.

Letter grade only (A-F).

UPPER DIVISION

300. The Health Care System (3)

Overview and developmental summary of the American health care system and its driving forces: Organizational forms; financing mechanisms; principal industry stakeholders; professional groups and workforce issues; public health and government.

Letter grade only (A-F). Not open for credit to students with credit in: HCA 402.

312. Health Personnel Management (3)

Prerequisite: Open to Health Care Administration majors only.

Prerequisite/Corequisite: HCA 300.

The management of human resources in health care setting. Principles and methods of personnel work such as employee, recruitment, selection, retention, training, evaluation, and wage and salary administration, and labor management relations.

Letter grade only (A-F). (Lecture)

320. Operations Management in Health Administration (3)

Prerequisites: A grade of "C" or better in PSY 210 or SOC 250 or equivalent.

Prerequisite/Corequisite: HCA 300.

The application of the concepts and methods of operations management to health care organizational setting. Emphasis on planning and control in management process.

Letter grade only (A-F). (Lecture)

340. Legal Aspects of Health Administration (3)

Prerequisite: Open to Health Care Administration majors only.

Prerequisite/Corequisite: HCA 300.

Overview of health law issues. Government regulation including legal constraints; liability; negligence; patient rights; confidentiality; and corporate/administrative responsibility. Emphasis on business applications of health law.

Letter grade only (A-F). (Lecture)

341. Financial Management of Health Care Institutions (3)

Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in ACCT 201.

Prerequisite/Corequisite: HCA 300.

Application of the concepts of financial management within health care organizations, to include financial planning principles, reimbursement procedures, governmental regulation and legal restraints.

Letter grade only (A-F). (Lecture)

353. Marketing for Health Services Organizations (3)

Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in ECON 101 or ECON 300.

Prerequisite/Corequisite: HCA 300.

Development of marketing strategies and analyses in a health care setting. Design of services to include pricing, communication, distribution channels, and client motivation and services.

Letter grade only (A-F).

410. Health Management and Organization (3)

Prerequisites: Open to Health Care Administration majors only.

Prerequisite/Corequisite: HCA 300.

Introduction to health care management practices and concepts. Planning, decision-making, influencing, controlling, effecting change. Effects of environment, technology and human behavior on organizational design.

Letter grade only (A-F). (Lecture)

416. Management and Information Systems (3)

Prerequisite: Open to Health Care Administration majors only.

Prerequisite/Corequisite: HCA 300.

Evaluation of concepts, analysis and design of management information systems; management decision models, strategies for implementing system changes.

Letter grade only (A-F). (Lecture)

417. Technology, Ethics, and Society (3)

Prerequisites: GE Foundation requirements, upper division standing, ENGL 100 or GE Composition (Area A1).

A framework for understanding the ways in which human societies transform themselves through technological innovation. Ethical questions concerning the social effects of technological change.

Letter grade only (A-F).

422. Global Issues in Health Services (3)

Prerequisites: GE Foundation, one or more Exploration courses and upper division standing.

Examination of factors that impact global health; analysis of health care delivery systems and the governmental, economic, social and political forces that influence them.

Letter grade only (A-F). (Lecture)

428. Population Health Management for Health Care Administrators (3)

Prerequisites: HCA 300, (SOC 250 or PSY 210 or STAT 108), upper division standing, or instructor consent.

A systematic approach to managing and improving specific populations and nations health status, with emphasis on the distribution of health within a population, the determinants that influence the distribution, and the policies and interventions that impact the determinants.

Letter grade only (A-F).

439./539. Management Challenges in Long Term Care (3)

Prerequisite: Health Care Administration majors only; undergraduate students HCA 300; graduate students HCA 502.

Functions and essential skills to manage LTC organizations and facilities: Institutional arrangements; Patient/family/community relations; workforce management; marketing; reimbursement.

Letter grade only (A-F). (Lecture)

450. Quality Assurance in Health Care (3)

Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in HCA 300 and HCA 465.

Basic elements of quality improvement and organizational responsibilities related to quality assurance. Data analysis for quality improvement, clinical practice guidelines, and future of healthcare quality.

Letter grade only (A-F). (Lecture)

451. Economics of Health (3)

Prerequisite: A grade of "C" or better in ECON 101 or ECON 300.

Microeconomic principles and their application to healthcare such as opportunity cost, production of good health, demand for medical care, production and cost theory and cost-benefit analysis. Behavior of health care markets and organizations.

Letter grade only (A-F). (Lecture)

452./552. Medical Group Practice Management (3)

Prerequisites: Health Care Administration majors only; undergraduate students HCA 300 and HCA 341; graduate students HCA 502.

Fundamental operational responsibilities of medical group administration today, with emphasis on finance, operations and management skills.

Letter grade only (A-F). (Lecture)

457. Working Around the World (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, upper division standing.

The effects of religion, language and culture, political structure, economics, and physical environment on the development of the workplace and people's perceptions of work and occupations.

Letter grade only (A-F).

465. Analysis and Evaluation of Health Care Services (3)

Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in PSY 210 or SOC 250 or STAT 108 or equivalent.

Techniques of analysis and evaluation applied to health services with respect to organizing, staffing, financing and utilization. Emphasis on the analytic process, program evaluation, and report of findings.

Letter grade only (A-F).

468. Principles of Risk Management and Patient Safety (3)

Prerequisite (s): A grade of "C" or better in HCA 340, HCA 341 and HCA 450

Study and application of risk management in health services. Measuring and managing risk factors, patient and staff safety, loss prevention and claims, and designing risk management models for health care providers and caregivers.

Letter grade only (A-F).

470. Latinas/Latinos: Health Status and Health Care Access (3)

Prerequisites: GE Foundation, one or more Exploration courses, upper division standing.

Interdisciplinary exploration of policies, epidemiologic, cultural factors influencing disease within Latino subpopulations, their impact upon efficient, equitable service delivery.

Letter grade only (A-F). Same course as CHLS 470. Not open for credit to students with credit in CHLS 470. (Lecture)

471. Geographic Information Science (GIS) for Health (3)

Prerequisite: GEOG 200 or SOC 250 or equivalent.

Introduction to the fundamentals of Geographic Information Science and Systems (GIS) including concepts and skills in spatial reasoning and spatial thinking. Explores GIS in spatial query, problem analysis and decision support using health-related applications. Lecture/discussion and Laboratory (2 hours lecture, 2 hours computer laboratory)

Letter grade only (A-F). Same course as GEOG 471. Not open for credit to students with credit in GEOG 471.

480./580. Internship in Health Care Administration (3)

Prerequisites: Open to Health Care Administration majors only and a grade of "C" or better in HCA 300, HCA 312, HCA 341, HCA 410, HCA 465 and HSC 150.

Minimum 120 hours of structured work experience in a health care organization, under direct supervision of a preceptor-employee.

Letter grade only (A-F). Course fee may be required. (Workshop/Activity 6 hours)

481. Internship and Career Development in Health Care Administration (3)

Prerequisites: Open to Health Care Administration majors only and HCA 480.

A minimum of 120 hours of structured work experience in a health care organization, under the direct supervision of a preceptor-employee. Career development planning, job search and networking.

Letter grade only (A-F). (Workshop/Activity 6 hours)

490. Selected Topics in Health Care Administration (1-3)

Topics of special interest in health care administration selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study of special topics under supervision of a faculty member.

May be repeated to a maximum of 6 units with approval of Health Care Administration Program Director. Letter grade only (A-F).

GRADUATE LEVEL

502. The Health Care System (3)

Overview, developmental summary of the American health care system and its driving forces. Major elements of the healthcare system; today's major health policy issues in a historical, economic and political context.

Letter grade only (A-F).

503. Health Care Economics (3)

Prerequisites: ECON 101 or ECON 300

Application of economic principles to health care; the flow of funds through the health care system including physicians, hospitals, managed care, nursing home and pharmaceutical firms. Third party payment, asymmetric information, and behavior health care systems.

Letter grade only (A-F).

505. Organization and Systems of Health Care (3)

Prerequisites: Health Care Administration majors only.

Analysis of operational activities and managerial functions essential to the health care delivery system, with emphasis on management and leadership influence on developing effective systems of care within various institutional arrangements.

Letter grade only (A-F).

510. Human Resources Management in Health Care (3)

Prerequisite(s): Health Care Administration majors only.

Prerequisite/Corequisite: HCA 502

Management of human resources in the health care system including human resource planning and staffing, training and development, performance appraisal, job design and analysis, and compensation.

Letter grade only (A-F).

515. Advanced Financial Management in Health Care (3)

Prerequisite: ACCT 201 or ACCT 500; HCA 502; Health Care Administration majors only.

Financial environment, payment systems, discounted cash flow analysis, risk, financial statements, capital investments, and capital budgeting. Emphasis on decision making using accounting and finance theories, principles, concepts and techniques.

Letter grade only (A-F).

517. Advanced Healthcare Information Systems Management (3)

Prerequisite: Health Care Administration majors only, HCA 502.

Broad overview of healthcare information systems; close examination of business needs for the information technology (IT) to deliver cost-effective quality health services.

Letter grade only (A-F).

524. Advanced Legal and Ethical Aspects of Health Administration (3)

Prerequisite: Health Care Administration majors only, HCA 502.

Federal and state regulation of health care facilities, employees, patients and programs. Ethical and legal perspectives on malpractice, liability, contracts, informed consent, end-of-life decisions, reproductive health, medical records, confidentiality and required disclosures.

Letter grade only (A-F).

526 Research Methods in Health Care Management (3)

Prerequisites: SOC 250 or equivalent statistics course, Health Care Administration majors only, HCA 502 and advancement to candidacy

Research design and methods in health care management and health services, including use of literature review, inferential statistics, hypothesis testing and sampling, experimental and quasi-experimental approaches, and research ethics.

Letter grade only (A-F)

528. Managing Population Health (3)

Prerequisite: Health Care Administration majors only, HCA 502

Fundamental epidemiologic concepts and applications in health care management practice. Approaches to measure the health status of populations, identify modifiable causal factors for preventing and controlling adverse health outcomes, and improve population health.

Letter grade only (A-F)

530. Strategic Planning and Marketing in Health Care (3)

Prerequisite/Corequisite: HCA 502.

Strategic planning based on analysis of analyses of secondary quantitative and qualitative data to study changes in technological, social, political, regulatory, and competitive aspects of the health care market.

Letter grade only (A-F).

535. Quantitative Methods for Health Administration (3)

Prerequisites: Health Care Administration majors only, HCA 502.

Application of quantitative and operations research techniques to problems in health care settings. Exposure to decision theory and control systems. Problem solving experiences in resource allocation, procedures, scheduling, forecasting, measurement and cybernetic control.

Letter grade only (A-F).

536. Hospital Management (3)

Prerequisites: Health Care Administration majors only, HCA 502.

Analysis of hospitals by broad function and specific departments through cases, simulations and visits to develop familiarity with internal operations of acute care hospitals and skills in solving hospital operational problems.

Letter grade only (A-F).

537. Managed Care (3)

Prerequisite: Health Care Administration majors only, HCA 502.

Orientation to the organization and administration of health maintenance organizations, preferred provider organizations and related enterprises. Legal and regulatory issues, marketing, utilization management, premium rating systems, information systems, case/disease management.

Letter grade only (A-F). (Seminar 3 hours)

539./439. Management Challenges in Long Term Care (3)

Prerequisite: Health Care Administration majors only; undergraduate students HCA 300; graduate students HCA 502.

Functions and essential skills to manage LTC organizations and facilities: institutional arrangements; patient/family/community relations; workforce management; marketing; reimbursement.

Letter grade only (A-F).

550. Continuous Quality Improvement in Health Services (3)

Prerequisites: Health Care Administration majors only, HCA 502.

Administrative and professional issues to assure quality in health care. Historical beginnings: metrics and indicators; state-of-the-art practices; voluntary and governmental monitoring.

Letter grade only (A-F).

552./452. Medical Group Practice Management (3) F

Prerequisites: Health Care Administration majors only; undergraduate students HCA 300 and HCA 341; graduate students HCA 502.

Fundamental operational responsibilities of medical group administration today, with emphasis on finance operations and management skills.

Letter grade only (A-F).

580./480. Internship in Health Care Administration (3)

Prerequisites: A grade of "C" or better in HCA 502, HCA 505, HCA 510, HCA 515, HCA 524, HCA 530, HCA 535, and HCA 550.

Minimum 120 hours of structured work experience in a health care organization, under direct supervision of a preceptor-employee. Graduate students study and report on institution's organizational structure, philosophy, problems and personnel.

May be repeated to a maximum of six units in different semesters. Letter grade only (A-F). Course fee may be required. (Workshop/Activity 6 hours)

590. Selected Topics in Health Care Administration (1-3)

Topics of current interest in the various fields of health administration and health services management selected for special presentation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

599. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed study of a special topic to be taken under supervised independent study.

May be repeated for a maximum 6 units with different topics in different semesters. Letter grade only (A-F).

680. Healthcare Entrepreneurship & Business Plan Development (3)

Prerequisites: Advancement to candidacy and completion of minimum 27 graduate units.

Foundations of starting a new business in healthcare with a complete business plan, including pro-forma budget, market analysis, options for financing, marketing and advertising plan. Case studies to bring contextual focus on specific departments, organizations, and issues in healthcare.

Letter grade only (A-F).

698. Project (3)

Prerequisites: HCA Majors only, Advancement to candidacy and completion of a minimum 27 graduate units in the major.

Foundations of starting a new business in healthcare with a complete business plan, including pro-forma budget, market analysis, options for financing, marketing and advertising plan. Case studies to bring contextual focus on specific departments, organizations, and issues in healthcare.

Letter grade only (A-F).

HEALTH SCIENCE

College of Health and Human Services

Department Chair: Gail C. Farmer

Department Office: Health and Human Services (HHS) 2, Room 115
Telephone: (562) 985-4057

Faculty: Veronica Acosta-Deprez, Niloofer Bavarian, Stephanie L. Eatmon (Emerita), Dale W. Evans (Emeritus), Gail Farmer, Mohammed R. Forouzesh, Robert H. Friis (Emeritus), Ka Wa Gorman, Sarath Gunatilake, Javier Lopez-Zetina, Charles Malotte (Emeritus), Britt K. Rios-Ellis, Selena Nguyen-Rodriguez

Liaison, CSULB/VA Joint Studies Institute: Gail C. Farmer

Undergraduate Coordinator: Victoria Bisorca

Coordinator, Single Subject Credential: Victoria Bisorca

Department Coordinator: Karen Miyahara

Career Possibilities

Health Science: Health Educator • Government Inspector • California Middle/High School Health Teacher • Researcher/Evaluator • Health Education Specialist • Public Health Educator • Patient Educator

(For more information, see www.careers.csulb.edu.)

Introduction

The Department offers undergraduate and graduate study in Health Education. For program information, students should review the information found on our website <http://www.csulb.edu/colleges/chhs/departments/health-science/>, Academic Advising and Resource Center (AARC), or the appropriate Health Science Department Coordinator.

Undergraduate Programs

Bachelor of Science in Health Science

The basic University requirements for graduation with a B.S. Degree in Health Science consist of:

1. completion of general education requirements,
2. completion of all courses identified on the Program Planner for the Option selected, with no grade lower than a "C" for each listed course or approved substitute,
3. completion of a minimum of 120 units, at least 40 units of which must be upper division. Upper division courses are numbered 300 to 499.

Major Core Requirements

All Health Science majors must complete the required core. The core of the Health Science program contains five areas of competence: Statistics, Program Development, Professionalism, Health Services Organization and Health Promotion. All majors must complete at least one course from each competency area. Courses must be selected in consultation with an advisor.

Option in Community Health Education (120 units)

The Community Health Education option is designed for persons whose occupational objective is to serve as a community health educator with an official, voluntary, or corporate health agency.

Lower Division:

Take all of the following courses:

H SC 210 Contemporary Health Issues (3)
Prerequisite: GE Foundation requirements.

BIOL 205 Human Biology (4)
Prerequisite: GE Foundation requirements.

MICR 101 Introduction to Human Disease (3)
Prerequisite/Corequisites: Course that fulfills the A1 GE requirement.

NUTR 132 Introductory Nutrition (3)
Prerequisite/Corequisites: One Foundation course.

Take one of the following courses:

PSY 210 Introductory Statistics (4)
Prerequisite: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

SOC 250 Elementary Statistics (4)
Prerequisites: SOC 100 or SOC 142 or instructor consent.

STAT 108 Statistics for Everyday Life (3)
Prerequisites: None.

Upper Division:

Take all of the following courses:

H SC 301 Orientation to Health Science (3)
Prerequisite: Open to Health Science majors and minors only.

H SC 400 Principles of Epidemiology (3)
Prerequisite: Open to Health Care Administration and Health Science majors and minors only. Health Care Administration majors: SOC 250 or PSY 210 or STAT 108. Health Science majors: H SC 403.

H SC 401 Community Health Education (3)
Prerequisite: HSC 301.

H SC 402 Applied Concepts of Community Health Education (3)
Prerequisite: H SC 301, H SC 401 and H SC 421.

H SC 403 Community Health Statistics (3)
Prerequisite: GE Math and SOC 250 or PSY 210 (PSY 100 prereq) or STAT 108.

H SC 405 Health Education Program Evaluation and Measurement (3)
Prerequisite: H SC 403 and H SC 421.

H SC 421 Health Behavior (3)
Prerequisite: Upper-division standing.

H SC 430 School Health Program (3)
Prerequisite: HSC 301.

H SC 435 Health Promotion Risk Reduction (3)
Prerequisite: HSC 421.

H SC 440 Applied Concepts of Health Science (3)
Prerequisite: HSC 430. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

H SC 485 Internship in Community Health Education (3)
Prerequisite: H SC 402 and H SC 405.

Take three courses selected from the following:

H SC 407, H SC 420, H SC 422, H SC 423, H SC 425,
H SC 427

Take one course selected from the following:

PSY 351 or SOC 335

Take one course selected from the following:

SOC 320, SOC 462, SOC 464

Take one course selected from the following:

COMM 334, COMM 335

Option in School Health Education (120 units)

The School Health Option is designed for persons who wish to become health science teachers in California middle and high schools. The program is approved by the California Commission on Teacher Credentialing and meets subject matter competence requirements for the Single Subject Teaching Credential in Health Science. Prospective students should consult the department's Health Science Single Subject Advisor early to plan their program.

Requirements

Lower Division:

Take all of the following courses:

BIOL 205 Human Biology (4)
Prerequisite: GE Foundation requirements.

MICR 101 Introduction to Human Disease (3)
Prerequisite/Corequisites: Course that fulfills the A1 GE requirement.

NUTR 132 Introductory Nutrition (3)
Prerequisite/Corequisites: One Foundation course.

PSY 100 General Psychology (3)
Prerequisite/Corequisites: GE A1 requirement.

Take one of the following courses:

PSY 210 Introductory Statistics (4)
Prerequisite: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

SOC 250 Elementary Statistics (4)
Prerequisites: SOC 100 or SOC 142 or instructor consent.

STAT 108 Statistics for Everyday Life (3)
Prerequisites: None.

Upper Division:

Take one of the following:

COMM 335 Persuasive Speaking (3)
Prerequisite: GE Foundation requirements.

Approved upper-division COMM course

Take one of the following courses:

EDP 301 Child Development and Learning (3)
Prerequisite: None.

EDP 302 Early and Late Adolescent Development (3)
Prerequisite: None.

EDP 305 Educational Psychology (3)
Prerequisite: None.

Take one of the following courses:

ANTH 329; CDFS 319; HSC 420; PSY 378;
SOC 320, SOC 423

Subject Matter Courses

Take all of the following courses:

EETC 444 Computer Technology in Education, Level I
(3)

Prerequisite: Course design assumes familiarity with topics introduced in ETEC 110.

H SC 210 Contemporary Health Issues (3)

Prerequisite: GE Foundation requirements.

H SC 301 Orientation to Health Science (3)

Prerequisite: Open to Health Science majors and minors only.

H SC 401 Community Health Education (3)

Prerequisite: HSC 301.

H SC 403 Community Health Statistics (3)

Prerequisite: GE Math and SOC 250 or PSY 210 (PSY 100 prereq) or STAT 108.

H SC 421 Health Behavior (3)

Prerequisite: Upper-division standing.

H SC 422 Environmental Health (3)

Prerequisite: Upper-division standing.

H SC 423 Consumer Health (3)

Prerequisite: Upper-division standing.

H SC 425 Human Sexuality and Sex Education (3)

Prerequisite: GE Foundation, one or more Exploration courses, and upper-division standing. Recommended: PSY 100.

H SC 427 Drugs and Health (3)

Prerequisite: Upper-division standing.

H SC 430 School Health Program (3)

Prerequisite: HSC 301.

H SC 435 Health Promotion/Risk Reduction (3)

Prerequisite: HSC 421.

H SC 440 Applied Concepts of Health Science (3)

Prerequisite: HSC 430. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Single Subject Teaching Credential in Health Science

In addition to meeting the subject matter competence requirement for the Single Subject Teaching Credential in Health Science, prospective health teachers are also required to complete an additional 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

The Health Science Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Minor in Health Science

Twenty-four units required.

Take all the following courses:

H SC 301 Orientation to Health Science (3)

Prerequisite: Open to Health Science majors and minors only.

H SC 401 Community Health Education (3)

Prerequisite: HSC 301.

H SC 430 School Health Program (3)
Prerequisite: HSC 301.

H SC 435 Health Promotion Risk Reduction (3)
Prerequisite: HSC 421.

H SC 440 Applied Concepts of Health Science (3)
Prerequisite: HSC 430. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Take three courses from the following courses:

H SC 400, H SC 420, H SC 421, H SC 422, H SC 423,
H SC 425, H SC 427.

Graduate Programs

Graduate Program in Health Education

Accredited by the Council on Education for Public Health (Council on Education for Public Health, 1010 Wayne Avenue, Suite 220, Silver Springs, MD 20910-5600, phone: (202) 789-1050).

In order to be admitted to the graduate program for study toward a degree, a prospective candidate must apply both to this department and the University. Contact the Director of Graduate Studies for current requirements.

The graduate student will be prepared for a leadership role in a school or community setting and for admission to doctoral programs. Admitted graduate students must contact the Director of Graduate Studies for advisement early in their first semester of enrollment in order to develop an approved program of study.

Master of Public Health

Option in Community Health Education

The Master of Public Health in Community Health provides an opportunity for students: to specialize in community health education and health promotion within the general context of Public Health; to increase competence in designing, implementing, and evaluating social behavior changes programs in preparation for serving in various health agencies; prepare for teaching at college and university levels; and for administrative positions in public and private health agencies.

Admission Requirements

Applicants must apply both to the Department and the University. Applications are available online at www.csulb.edu/health-science.

1. Each applicant must request that a copy of official transcript(s) of all work be sent to the university's Office of Enrollment Services.
2. A bachelor's degree with a major in health education, which articulates with the course requirements for the same degree at California State University, Long Beach; or a bachelor's degree in a related discipline with a minimum of 21 units of upper division course work comparable to those required of the Health Science major at the University; or a bachelor's degree in a related discipline and willingness to make up any

deficiencies in prerequisite Health Science courses.

Prerequisite for all courses carrying graduate credit must have been completed within seven years of acceptance to the graduate program. If any prerequisite is outdated, it must be repeated. Credit may be obtained by (1) written examination on the subject matter or (2) providing documented evidence of currency in the subject area.

3. An overall undergraduate GPA of at least 3.0. Students with less than a 3.0 GPA on the last 60 units of undergraduate units attempted, but who show promise in all other aspects, may be given special consideration after petitioning for conditional admission into the program through the Director of Graduate Studies.
4. Acceptance by the University as a student with graduate standing.
5. A maximum of 9 units of graduate work at the post-baccalaureate level may be credited to a student's program requirements upon departmental acceptance to the graduate program.
6. Submission of analytic, quantitative and verbal scores from the Graduate Record Examination (GRE) to the University.
7. Submission, through CSU Mentor, of a copy of the CSU graduate application.
8. Three letters of recommendation from persons with whom the applicant has worked and/or who have direct knowledge of the applicant's professional and academic potential as a health educator.
9. A separate personal statement of reasons for pursuing this field of study and comments about interests and experience that are germane to career objectives. Submit a personal resume reflecting the applicant's education and relevant experience.
10. At least one year's full-time (or equivalent) paid or volunteer experience in Health Education or a closely related health field. Preference will be given to those with greater experience and ability.

Advancement to Candidacy

1. Satisfy the general university requirements for advancement to candidacy:
 - A. Fulfill the Graduation Writing Assessment Requirement (GVAR);
 - B. Maintain at least a 3.0 average for all course work attempted as a graduate student;
 - C. Complete the following: H SC 500, H SC 503, H SC 570
2. Approval by the Director of Graduate Studies and Associate Dean for Academic Programs of the College of Health and Human Services.

Requirements

1. A minimum of 42 units of approved upper-division and graduate-level courses including:
 - A. 39 units of core classes including:
 - HSC 500 Principles of Epidemiology (3)
Prerequisites: HSC 403 or equivalent.
 - HCA 502 The Health Care System (3)

Prerequisites: None

HSC 503 Advanced Community Health Statistics (3)
Prerequisites: HSC 403 or equivalent.

HSC 508 Administrative Relationships in Health Education Programs (3)
Prerequisites: Undergraduate major in Health Science or related field.

HSC 528 Advanced Environmental Health (3)
Prerequisites: HSC 500.

H SC 570 Theoretical Concepts and Issues in Health Science (3)
Prerequisites: None.

H SC 581 Curriculum Dev in Health Education (3)
Prerequisites: Undergraduate major in Health Science or related field..

H SC 585 Health Education Internship (1-6)
Prerequisites: Advancement to candidacy or consent of instructor.

HSC 624 Seminar in Community Analysis and Program Planning (3)
Prerequisites: Undergraduate major in Health Science or related field; HSC 402 or department consent.

HSC 625 Advanced Community Health Education (3)
Prerequisites: Undergraduate major in Health Science or related field; HSC 624 or department consent.

HSC 696 Research Methods (3)
Prerequisites: HSC 500, HSC 503

Take one of the following courses:

HSC 626 Integrative Seminar in Public Health (3)
Prerequisites: HSC 570, advancement to candidacy.

HSC 698 Thesis (1-3)
Prerequisite: HSC 503, HSC 570, HSC 696 and advancement to candidacy.

B. 3 units of electives at the 500/600 level;

A comprehensive written examination (see department for guidelines) or a thesis with an oral exam.

Single Subject Teaching Credential in Health Science

For information, refer to the undergraduate section in this department.

Courses (H SC)

LOWER DIVISION

150. Medical Terminology (1)

Development of medical vocabulary emphasizing the building of terms utilizing prefixes, combining forms and suffixes. Includes medical terms for application in the interpretation of medical records.

(Lecture-discussion 1 hour) Letter grade only (A-F).

210. Contemporary Health Issues (3)

Prerequisite: GE Foundation requirements.

Develop a scientific understanding of contemporary health issues enabling one to examine, interpret, evaluate and apply to individual personal health; includes health related issues experienced throughout the life cycle and an identification of community health resources.

UPPER DIVISION

301. Orientation to Health Science (3)

Prerequisite: Open to Health Science majors and minors only.

Overview of philosophy of Health Science Department Orientation to degree requirements, career opportunities, and theoretical and practical issues of health education as a profession.

Letter grade only (A-F).

333. Latino Nutrition, Health and Chronic Disease Prevention (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses and Upper-division standing.

Explores nutrition-related and contextual factors associated with the high rates of chronic disease among diverse Latino-specific subpopulations and provide culturally-relevant strategies for prevention.

Letter grade only (A-F). Same course as NUTR 333. Not open for credit to students with credit in NUTR 333.

400. Principles of Epidemiology (3)

Prerequisite: Open to Health Care Administration and Health Science majors and minors only. Health Care Administration majors: SOC 250 or PSY 210 or STAT 108. Health Science majors: H SC 403.

Application of epidemiologic procedures to the understanding of the occurrence and control of infectious and chronic diseases, mental illness, environmental health hazards, accidents, and geriatric problems.

Letter grade only (A-F). (Lecture 3 hours)

401. Community Health Education (3)

Prerequisite: H SC 301.

Concepts of community health education with emphasis on community organization; application of these concepts to health education activities of official, voluntary and professional health agencies.

Letter grade only (A-F).

402. Applied Concepts of Community Health Education (3)

Prerequisites: H SC 301, H SC 401 and H SC 421

Identification and application of concepts unique to community health education; includes examination of theoretical foundations, marketing and promotion techniques, and application of health education strategies.

Letter grade only (A-F).

403. Community Health Statistics (3)

Prerequisites: GE Math and SOC 250 or PSY 210 (PSY 100 prereq) or STAT 108

Representative topics are descriptive statistics, sample designs, central tendency, and variability. Statistical tools for inferential analyses include hypothesis testing and parameter estimation.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

405. Health Education Program Evaluation and Measurement (3)

Prerequisites: H SC 403 and H SC 421

Research designs, standardized measurements, data collection, analysis, and reporting are used to develop evaluation skills to assess program outcomes. Program activities promoting behavior change in communities, organizations, groups and individuals are evaluated.

Letter grade only (A-F). (Discussion 3 hours)

407. Health Equity and Health Disparities Research in the US (3)

Prerequisite: GE Foundation, one or more Exploration courses and upper-division standing.

Explores socioeconomic, biologic, environmental, and institutional factors associated with health issues and disease. Students will learn about research and interventions to affect positive health outcomes and access for underserved, underrepresented diverse populations.

Letter grade only (A-F).

411A. Health Science for Elementary Teachers (3)

Prerequisite: Upper-division standing. Corequisite: Current CPR Certification required.

Contemporary teaching of health education in elementary schools; emphasizes coordinated school health, drugs, sexuality, nutrition, child abuse, violence, community and human ecology. Based upon California Health Framework, meets state credential requirements.

Not open for credit to health Science majors or minors.

411B. Health Science for Secondary Teachers (3)

Prerequisite: Upper-division standing. Corequisite: Current CPR Certification required.

Contemporary teaching of health education in secondary schools; emphasizes coordinated school health, integrating health content and instruction into other subjects, drugs, sexuality, nutrition, child abuse, violence, community and human ecology. Based upon California Health Framework, meets state credential requirements.

Not open for credit to health Science majors or minors

420. International Health (3)

Prerequisite: GE Foundation, one or more Exploration courses, and upper-division standing.

Analysis of current health problems in the world; examination of contributing social, psychological, physical, legal and cultural factors; international programs for the improvement of world health; structure and functions of world health agencies and organizations.

Course fee may be required.

421. Health Behavior (3)

Prerequisites: Upper-division standing

Survey of contemporary research on the health effects of human behavior. Special emphasis is given to current issues of health behavior, decision-making in contemporary society, values clarification and contemporary theories of behavior change (e.g., health belief model).

Letter grade only (A-F).

422. Environmental Health (3)

Prerequisite: Upper-division standing

Examination of reciprocal relationship existing between man and his environment, with the emphasis directed toward the health related consequences of man's actions in the environment.

Letter grade only (A-F).

423. Consumer Health (3)

Prerequisite: Upper-division standing

Effective selection of health information, products and services; medical quackery and fraudulent health practices; laws and agencies protecting the consumer; health care delivery systems; and influences of corporate control on the consumer movement in contemporary society.

Letter grade only (A-F).

425. Human Sexuality and Sex Education (3)

Prerequisite: G.E. Foundation, one or more Exploration courses, and upper-division standing. Recommended: PSY 100.

Biomedical, sociological, and psychological aspects of

human sexuality, the communication of sexual information, the implementation, content and evaluation of family life and sex education in the schools.

427. Drugs and Health (3)

Prerequisite: Upper-division standing.

Study of psychoactive drugs with primary attention to alcohol, nicotine, caffeine, cannabis, hallucinogens, narcotics and other drugs; examination of trends, philosophical issues and behavioral practices associated with drug use and dependence. Includes physiological psycho-social, legal, historical, philosophical and political aspects; treatment-rehabilitation activities and programs; and drug abuse prevention education.

Not open for credit to students with credit in H SC 327.

430. School Health Program (3)

Prerequisite: H SC 301.

Intensive analysis of the philosophy, organization and legal aspects of the school health program. Includes school and community coordination for a team approach to health education for the school age individual.

Letter grade only (A-F).

435./535. Health Promotion and Risk Reduction (3)

Prerequisite: H SC 421.

Health promotion/risk reduction program content, development and implementation for use in corporate, hospital and public settings. Intended primarily for Health Science majors.

Letter grade only (A-F). (Discussion 3 hours)

440. Applied Concepts of Health Science (3)

Prerequisite: H SC 430. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Identification and application of the concepts and modes of inquiry unique to the discipline of health science; development of appropriate curriculum based upon an analysis of individual, school and community needs and interests.

Letter grade only (A-F).

485. Internship in Community Health Education (3)

Prerequisites: H SC 402 and H SC 405

Preparation for and introduction to work experience in a community health organization. A minimum of 80 hours work experience in a community health organization under direct supervision of a preceptor.

Letter grade only (A-F). (6 hours activity)

486. Internship and Careers in Community Health Education (3)

Prerequisite: Open to Health Science majors only. H SC 485 and consent of instructor.

Culminating experience in a community health setting. Assess needs, plan and implement health education programs and strategies. Evaluation of work experience in a community health organization where a minimum of 120 hours work experience required under the direct supervision of a preceptor.

Letter grade only (A-F). (6 hours activity)

490. Independent Studies in Health Science (1-3)

Prerequisite: Consent of instructor.

Students conduct independent library or laboratory research under the supervision of a faculty member and write a report of the investigation.

May be repeated to a maximum of 6 units.

497. Selected Topics in Health Science (3)

Group investigation of selected topics.

Letter grade only (A-F). May be repeated for a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

GRADUATE LEVEL

500. Principles of Epidemiology (3)

Prerequisite: HSC 403 or equivalent.

Application of epidemiologic procedures to the understanding of the occurrence and control of infectious and chronic diseases, mental illness, environmental health hazards, accidents, and geriatric problems.

Letter grade only (A-F). (Lecture 3 hours.)

503. Advanced Community Health Statistics (3)

Prerequisite: HSC 403 or equivalent.

Analysis of quantitative health related data. Topics include mean and percentage comparisons, multiple regression, logistic regression and survival analysis. Use of computers is required.

Letter grade only (A-F). (Discussion, 3 hours)

507. Health Equity and Health Disparities Research in the US (3)

Prerequisite: Undergraduate major in Health Science or related field.

Explores socioeconomic, biologic, environmental, and institutional factors associated with health issues and disease. Students will learn about research and interventions to affect positive health outcomes and access for underserved, underrepresented diverse populations.

Letter grade only(A-F).

508. Administrative Relationships in Health Education Programs (3)

Prerequisite: Undergraduate major in Health Science or related field.

Introduction to administrative theory; investigation of administrative responsibilities and functions implicit in school health or other health education programs.

Letter grade only (A-F).

528. Advanced Environmental Health (3)

Prerequisite: HSC 500.

Organization and methods for promoting human health by controlling environmental factors.

Letter grade only (A-F).

534. Advanced Latino Nutrition, Health and Chronic Disease Prevention (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Explores nutrition-related and contextual factors associated with the high rates of chronic disease among diverse Latino-specific subpopulations and provides culturally relevant strategies for prevention.

Letter grade only (A-F). Same course as FCS 534. Not open for credit to students with credit in FCS 534.

535./435. Health Promotion and Risk Reduction (3)

Prerequisite: H SC 421 or consent of instructor.

Health promotion/risk reduction program content, development and implementation for use in corporate, hospital and public settings. Intended primarily for Health Science majors.

Letter grade only (A-F). (Discussion 3 hours)

537. Culturally Responsive Nutrition Promotion for Latinos (3)

Prerequisite: Open to students enrolled in graduate programs in Family and Consumer Sciences, Health Science, or related fields.

Explores the need and methods to develop culturally and linguistically relevant nutrition education with a focus on the Latino population. Students analyze, evaluate, and create culturally competent nutrition interventions for the Latino community.

Letter grade only (A-F). Same course as FCS 537. Not open for credit to students with credit in FCS 537.

570. Theoretical Concepts and Issues in Health Science (3)

Identification and analysis of current trends, philosophies and issues in health science.

Letter grade only (A-F).

581. Curriculum Development in Health Education (3)

Prerequisite: Undergraduate major in Health Science or related field.

Principles of curriculum development; selection and evaluation of resource materials; theory and practice in measurement in health education.

Letter grade only (A-F).

585. Health Education Internship (1-6)

Prerequisite: Advancement to candidacy and department consent.

Extended applied experience under guidance of faculty and preceptors in an approved health education practice setting.

Letter grade only (A-F). (480 hours of field placement or the equivalent experience.)

590. Independent Study (1-3)

Independent research conducted under the supervision of a full-time faculty member resulting in a written report of the investigation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

597. Selected Topics in Health Science (3)

Group investigation of selected topics. Topics are announced in the *Schedule of Classes*.

Letter grade only (A-F). May be repeated for a maximum of 6 units with different topics in different semesters.

624. Seminar in Community Analysis and Program Planning (3)

Prerequisite: Undergraduate major in Health Science or related field; HSC 402 or department consent.

Process and techniques of community analysis and program planning.

Letter grade only (A-F).

625. Advanced Community Health Education (3)

Prerequisite: Undergraduate major in Health Science or related field; HSC 624 or department consent.

Advanced study of educational and related theory applicable to the conduct of health education programs in community and other settings. Methods of promoting change; role as program and staff director and evaluation techniques.

Letter grade only (A-F).

626. Integrative Seminar in Public Health (3)

Prerequisite: H SC 570, advancement to candidacy.

Summative critical analysis of current methodologies, research, and practices in public health and health education in particular. Synthesis of coursework, internship, and other relevant experiences in the graduate program.

Letter grade only (A-F).

696. Research Methods (3)

Prerequisite: Undergraduate major in Health Science or related field; undergraduate course in statistics.

Introduction to research methodology in the area of Health Science.

Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisite: Advancement to candidacy.

Independent investigation of research problems in health education.

Letter grade only (A-F).

698. Thesis (1-3)

Prerequisite: H SC 696, advancement to candidacy.

Planning, preparation and completion of an approved thesis.

May be repeated to a maximum of 6 units in different semesters.

HISTORY

College of Liberal Arts

Department Chair: David A. Shefer

Department Office: Faculty Offices 2 (FO2), Room 106
Telephone: (562) 985-4431

Faculty: Houri Berberian, Emily Berquist, Jeff Blutinger, Patricia A. Cleary, Jane Dabel, David C. Hood, Ali Igmen, Andrew Jenks, Arnold P. Kaminsky, Marie Kelleher, Margaret Kuo, Arlene Lazarowitz, Guotong Li, Eileen Luhr, Brett Mizelle, Caitlin Murdock, Charles Ponce De Leon, Sarah Schrank, Michiko Takeuchi, Nancy L. Quam-Wickham, Hugh Wilford

Advisors:

Undergraduate: Ali Igmen, Caitlin Murdock
Sharlene Sayegh-Canada, Portfolio Advisor

Credential: Eileen Luhr

Graduate: Houri Berberian

Office Manager: Cris Hernandez

Career Possibilities

Historian • Writer • Editor • Administrators in Historic and Cultural Preservation • Teacher • Museum Curator • Multimedia Specialist • Preservation and Environmental Lawyer • College Instructor • Film Maker • Environmental Review Specialist • Human Resources Manager • Advertising Analyst • Systems Analyst • Insurance Broker • Executive (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Department advising is available to all students interested in a major, minor, or a teaching credential. Students are strongly encouraged to see an advisor early in the development of their programs. Undergraduate majors should see History department staff to fill out a work sheet before meeting with the Undergraduate Advisor. Students interested in the M.A. program should contact History department staff for application information. Graduate students should see the Graduate Advisor. Applicants for the Social Science Credential Single Subject Program must see Credential Advisors. All advisors maintain extended hours during the semester and are available at other times by appointment. The department has open advising days in the week prior to each new semester; call the department for information.

History

Students in the B.A. in History will demonstrate basic research skills, writing skills, and presentation skills.

The History Department awards many scholarships and prizes to outstanding undergraduate and graduate students. For further information about these awards, given annually, inquire at the Department office no later than the beginning of the spring semester. Undergraduate and graduate students are eligible for the Department's facilitator program for which they may earn units in the major; see Department staff for applications. Graduate assistantships and readerships are also frequently available to qualified graduate and undergraduate students. The Department

recruits outstanding students for Phi Alpha Theta, the national honor society for History students.

The Department of History offers graduate study leading to the Master of Arts degree. The candidate is responsible for observation of the general requirements stated in this catalog as well as specific departmental requirements listed in the M.A. brochure, available on request from the Department office.

General Education Requirement in United States History

To fulfill State of California requirements, students must take three (3) units of U.S. history. This requirement can be met by HIST 172 or HIST 173 or HIST 300. Students who have taken U.S. history at another institution should check with the History Department before enrolling.

Undergraduate Programs

Bachelor of Arts in History (120 units)

Requirements

Majors must take 48 units of history: 9 lower-division and 39 upper-division.

1. Core (15 units):

Take the following courses with a grade of "C" or better:

HIST 301 Methodology of History (4)

Prerequisite: History majors only.

HIST 302 Theory and History (4)

Prerequisite: HIST 301. Required of all History majors. Must be taken in the semester immediately following successful completion of HIST 301.

Take the following course:

HIST 499 Senior Seminar (4)

Prerequisites: HIST 301, HIST 302; 18 units of upper-division course work in History; at least two courses (6 units) of which must be in the 499 seminar's area of concentration.

(HIST 301 MUST be taken in the first semester of upper-division course work in the major. HIST 301 is a prerequisite for HIST 302, and both courses are prerequisites for HIST 499.)

Take one history course that fulfills the gender, race, and ethnicity requirement (from a list of approved courses available from the Undergraduate Advisor).

2. Fields of emphasis (18 units)

Option One: two fields of nine units each.

Option Two: three fields of six units each.

Select the fields from the following:

- A. Africa and the Middle East
- B. Ancient and Medieval Europe
- C. Asia
- D. Latin America
- E. Modern Europe (Including Britain)
- F. United States
- G. World

History B.A. students with a field of concentration in Modern European history must take either HIST 330 or HIST 331; may elect to take both HIST 330 and HIST 331.

History B.A. students with a field of concentration in United States history must have, at the minimum, one course in U.S. history numbered 372-379 or 380A or 380B, and one course in U.S. history at the 400 level.

3. Breadth (6 units):

Take six units in a field (or fields) of history outside of their fields of emphasis.

4. Develop a portfolio (beginning with HIST 301) reflecting work in the History major. The portfolio will be evaluated as one of the requirements in the senior seminar (HIST 499). Complete 18 units of upper-division work in the major.

NOTE: History majors are strongly encouraged to include the study of foreign language and literature in their programs. Students working for a single-subject credential in secondary education must consult with the College's secondary education advisor as to the applicable credential major requirements.

History/Social Science Teaching Specialization

The History/Social Science teaching specialization is designed for prospective secondary History/Social Science teachers. Students receive a B.A. in History, but they complete a sequence of classes that satisfies the state-mandated requirement in subject matter competence for the Single Subject Teaching Credential. As part of the major, students in the History/Social Science Teaching Emphasis must take the following courses:

HIST 172 Early United States (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

HIST 173 Recent United State History (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

HIST 211 World History: Origins to 1500 (3)

Prerequisite: GE Foundation requirements.

HIST 212 World History: Since 1500 (3)

Prerequisite: GE Foundation requirements.

HIST 396 Contemporary World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

HIST 473 California History (3)

Prerequisite: None

HIST 401 History for Secondary Social Science Teachers (4)

Prerequisites: completed a majority of all coursework in the Social Science Subject Matter Program. Capstone course for students in Social Science Subject Matter Program.

In addition, students should select US History as one of their fields of emphasis in the History major.

The state-mandated subject matter competence requirement also includes several Social Science courses outside the History major. Students in the History/Social Science Teaching Emphasis must, in meeting their General Education requirements, take the following courses:

POSC 100 Introduction to American Government (fulfills GE Category D1b: Constitution & American Ideals)
Prerequisite/Corequisite: GE A1 requirement.

ECON 300 Fundamentals of Economics (fulfills GE Category D2: Social and Behavioral Sciences and History)

Prerequisites: GE Foundation requirements.

GEOG 100 World Regional Geography (3)
(fulfills GE Category D2: Social and Behavioral Sciences and History)

Prerequisite/Corequisite: One G.E. Foundation course.

GEOG 306 United States and Canada (3)
(fulfills GE Category D2: Social and Behavioral Sciences and History)

Prerequisites: GE Foundation requirement.

POSC 218 Global Politics (3)

(fulfills GE Category D2: Social and Behavioral Sciences and History)

Prerequisite: GE Foundation requirement; POSC 100.

EDSS 300S Intro to Teaching - Social Science (3)

Prerequisite: Advanced sophomore or junior standing

In addition to meeting the subject matter competence requirement for the Single Subject Teaching Credential in Social Science, prospective History/Social Science teachers are also required to compete 45 units of professional preparation in the Single Subject Teaching Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all the credential program courses, except student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Prospective students should consult with the History/Social Science Education Credential Program Advisor in the History Department to plan their program.

Single Subject Teaching Credential in Social Science for Non-History Majors

The core discipline in the California State History/Social Science curriculum is History, but courses in the subject matter program also align with social science majors such as Political Science, Economics, and Geography. In order for non-History majors to demonstrate subject matter competence by course work for the History/Social Science teaching credential, candidates must complete 39 units from the core requirements listed below, which may be taken as part of the BA major or as electives. Students must also complete 15 additional units in the breadth area. Prospective students should consult with the History/Social Science Credential Advisor in the History department early to plan their program.

Requirements

Core (40 units)

Take each of the following courses:

History:

HIST 172 Early United States History (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

HIST 173 Recent United State History (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

HIST 211 World History: Origins to 1500 (3)

Prerequisite: GE Foundation requirements.

HIST 212 World Since 1500 (3)

Prerequisite: GE Foundation requirements.

HIST 396 Contemporary World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

HIST 473 California History (3)

Prerequisite: None

Economics:

ECON 300 Fundamentals of Economics (3)

Prerequisites: GE Foundation requirements.

Geography:

GEOG 100 World Regional Geography (3)

Prerequisite/Corequisite: One G.E. Foundation course.

GEOG 306 United States and Canada (3)

Prerequisites: GE Foundation requirement.

Political Science:

POSC 100 Introduction to American Government (3)

Prerequisite/Corequisite: GE A1 requirement.

POSC 218 Global Politics (3)

Prerequisite: GE Foundation requirement; POSC 100.

History/Social Science Teaching:

EDSS 300S Intro to Teaching - Social Science

Prerequisite: Advanced sophomore or junior standing

Capstone:

HIST 401 History for Secondary Social Science

Teachers (4)

Prerequisites: completed a majority of all coursework in the Social Science Subject Matter Program. Capstone course for students in Social Science Subject Matter Program.

Breadth Requirements (15 units)

Courses must be selected from each of the following fields.

1. Diversity in History

Candidates must select three units from the following:

HIST 309, HIST 319, HIST 338, HIST 370 (same as CHLS 300), HIST 394, HIST 406, HIST 470, HIST 483, HIST 485A, HIST 485B, HIST 486, HIST 490.

2. United States Studies

Candidates must select six units from the following:

AFRS 332, AFRS 400; AIS 335, AIS 485; ASAM 335, ASAM 345, ASAM 346; ANTH 321, ANTH 322, ANTH 329; AMST 310, AMST 350; CHLS 300 (same as HIST 370)*, CHLS 350; ECON 355; GEOG 304; HIST 370 (same as CHLS 300)*, HIST 371, HIST 372, HIST 373, HIST 375, HIST 376, HIST 378, HIST 379, HIST 380A, HIST 380B, HIST 407, HIST 451, HIST 471, HIST 474, HIST 477A, HIST 477B, HIST 478, HIST 479, HIST 480, HIST 482, HIST 485A*, HIST 485B*, HIST 486*; PHIL 451; POSC 308, POSC 311, POSC 312, POSC 321, POSC 323, POSC 326, POSC 412, POSC 423, POSC 424; R/ST 302, R/ST 482; SOC 420, SOC 427; WGSS 308, WGSS 315, WGSS 318, WGSS 320.

3. Global Studies

Candidates must select six units from the following:

ANTH 307, ANTH 323, ANTH 332, ANTH 333, ANTH 345; ASAM 301; CHLS 450; ECON 366, ECON 372; GEOG 308, GEOG 309, GEOG 313, GEOG 314, GEOG 315, GEOG 316, GEOG 318, GEOG 321; HIST 304, HIST 332, HIST 334, HIST 336, HIST 337, HIST 338*, HIST 339, HIST 340, HIST 341A, HIST 341B, HIST 353, HIST 356, HIST 357, HIST 362, HIST 364, HIST 365, HIST 382A, HIST 382B, HIST 383A, HIST 383B, HIST 384, HIST 385, HIST 386, HIST 388, HIST 391, HIST 392, HIST 394*, HIST 400, HIST 406, HIST

407, HIST 418, HIST 432, HIST 440, HIST 441, HIST 443, HIST 461, HIST 462, HIST 463, HIST 488, HIST 491; POSC 358, POSC 362, POSC 367, POSC 371; R/ST 308, R/ST 344, R/ST 352, R/ST 353, R/ST 383.

*Cannot be used as part of this breadth requirement if this course is chosen as part of the Diversity in History requirement

In addition to meeting the subject matter competence requirement for the Single Subject Teaching Credential in Social Science, prospective History/Social Science teachers are also required to compete 45 units of professional preparation in the Single Subject Teaching Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all the credential program courses, except student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Prospective students should consult with the History/Social Science Education Credential Program Advisor in the History Department to plan their program.

Honors in History

Students with a major in history may be admitted to the History Department honors program (option of the University Honor's Program) provided they have:

1. Completed at least 30 semester units of college- or university-level courses, including at least two history courses;
2. A minimum cumulative GPA of 3.3, and a 3.5 in history courses;
3. Submitted to the department honors committee chairperson two letters of recommendation from faculty members;
4. Received admission approval from the departmental honors committee.

Students who have the minimum GPA requirements established by the University Honors Program (3.0 overall and 3.3 in the major, but who do not meet History departmental GPA requirements above may petition the department honors committee for conditional admission to the Department Honors Program).

In order to graduate with Honors in history a student must:

1. Complete all regular requirements for the history major;
2. Complete HIST 501 Historical Thinking and the Discipline of History (3)
3. Complete HIST 498H Honors Research (3)
4. Complete HIST 499H Honors Thesis (3)
5. Complete 6 units of additional course work chosen in consultation with the Department Honors Advisor; such courses normally will require two analytical papers or a research paper on a honors level of performance;
6. Have at the time of graduation a cumulative GPA of at least 3.3 and a GPA of at least 3.5 in history.

Students admitted to the program must maintain a file in the

University Honors Program which will include copies of proposals for 498H and 499H.

Oral History Program

This program, housed in the Department of History, is designed to teach and train history students in the use of materials that focus on largely unwritten sources. History majors, and social science credential students with a history concentration, are urged to take HIST 402.

Minor in History

A minimum of 21 units which must include:

Lower Division:

Take a six-unit sequence from the following:

HIST 211 World History: Origins to 1500 (3)
Prerequisite: GE Foundation requirements.

HIST 212 World Since 1500 (3)
Prerequisite: GE Foundation requirements.

or

HIST 131 Early Western Civilization (3)
Corequisite: ENGL 100 or GE Composition (Area A1).

HIST 132 Modern Western Civilization (3)
Corequisite: ENGL 100 or GE Composition (Area A1).

Upper Division:

Take a minimum of 12 units, which must include at least six units in each of two areas as defined for the major.

Minor in Jewish Studies

For requirements, see description in the Jewish Studies section of this catalog.

Minor in Middle Eastern Studies

Requirements

A minimum of 18 units.

Core

Minimum twelve (12) units:

At least three units must be in History of the Middle East (HIST 320 or HIST 432/532)

ARAB 101A, ARAB 101B, ARAB 201A, ARAB 201B, -
HIST 320, HIST 394, HIST 417, HIST 432/532; R/ST
331; POSC 367.

Electives

Must take a minimum of six additional units, selected with an advisor, from the following courses without repeating courses from the core:

ARAB 101A, ARAB 101B, ARAB 201A, ARAB 201B; AH
116; AH 465/565; CWL 104, CWL 402/502; GEOG 309;
HIST 320, HIST 393, HIST 394, HIST 417, HIST 418/518,
HIST 432/532, POSC 367; R/ST 331

Three of these units may be taken from the following courses, which have a global and comparative perspective, without repeating courses from core:

CWL 449A, HIST 440/540; WGSS 401; R/ST 200, R/ST
458/558, HIST 395,

*Other languages of the Middle East may be substituted with the approval of the Director of the program.

Graduate Programs

Master of Arts in History

Prerequisites

1. A bachelor's degree in history with an overall 3.0 GPA or higher or
2. A bachelor's degree with 24 units of upper-division courses in history. These courses must be comparable to those required of a major in history at this University. Deficiencies are determined by the graduate advisor after consultation with the student and after study of transcript records.

Requirements

The Master of Arts in History is a program of 30 minimum units as defined below.

Core Courses required of all students:

HIST 501 Historical Thinking and the Discipline of History (3)

Prerequisites: Students must be first-semester candidates in the M.A. program in history, candidates in the history B.A. honors program, or M.A. students from another department with permission of the instructor.

HIST 502 Historical Research and Writing (3)

Prerequisite: Graduate standing in History or M.A. student from another department with permission of the instructor.
Co-Requisite: History 501.

HIST 590 Selected Topics in Comparative History (3)

Prerequisite: Graduate standing in History.

Fields of Study

The fields are: Africa and the Middle East, Ancient/Medieval Europe, Asia, Latin America, Modern Europe, United States, World.

All students must pursue two fields of concentration.

Take 18 units of graduate-level coursework in field:

Take one 510 in each field of study to a maximum of 6 units in each field. Different instructors within a field required when repeated. Repeatable up to 12 units.

Take a Research Seminar in at least one field of concentration.

For example:

HIST 611 (Ancient/Medieval), HIST 631 (Europe),
HIST 663 (Latin America), HIST 673 (US), and
HIST 682 (East Asia)

Electives applicable to all students:

Three units of electives of graduate (500/600) coursework in History or supporting disciplines relating to the student's Fields of Concentration. Upon written approval of the Graduate Advisor, students may substitute three to six units of upper-division (300/400) coursework in History or supporting disciplines relating to the student's Fields of Concentration. Graduate students who wish to enroll in double-numbered (400/500) courses must take the 500-level course.

All Students

The courses for Special Preparation (595), Directed Study (695), Directed Research (697), and Thesis (698) may be applied to the 18 unit total only with the permission of the graduate advisor. A student may propose a field other than those cited above with the consent of the Graduate

advisor and her/his graduate committee.

A reading knowledge of one or more foreign languages may be required, depending upon the candidate's program of study as recommended by her/his graduate committee.

Advancement to Candidacy

Students should see Graduate Advisor to file Advancement to Candidacy after at least 6 units but no more than 15 units of graduate coursework are completed. Must have taken 501 as well as have passed the Graduation Writing Assessment Requirement (GWAR) or appropriate designated course. The Writing Proficiency Exam (WPE) is administered several times every academic year by the University Testing Office. Must be attempted in the first semester of graduate work and passed by the time of advancement. Exam may be waived if earned a 4.0 or higher on writing portion of GRE.

Advancement must take place at least two semesters prior to taking Comprehensive Exams, completing the Thesis, or completing the teaching emphasis. Comprehensive Examination Approval Form, Thesis Committee Agreement Form, or Teaching Unit Approval Form must be filed with department at time of Advancement. At this point, a student must commit to taking exams, writing a thesis, completing a teaching emphasis. Advancement to Candidacy is a formal contract listing courses student has taken, is taking, and will take. Changes to contract may be made in consultation with Graduate Advisor.

Culminating Project

Students must select one of the following three culminating projects at time of Advancement to Candidacy:

- 1) Comprehensive Exams in two fields,
 - 2) Thesis in one field or incorporating two fields, or
 - 3) two-week unit of instruction with all lesson plans, teaching materials, and assessments to be accompanied with a historiography of the scholarship of the chosen topic of student investigation.
1. Comprehensive exams require filing a Comprehensive Examination Approval Form with the department.
 2. A thesis requires filing a Thesis Committee Agreement Form and completing HIST 698 with the thesis advisor for four (4) units. All candidates for the M.A. degree in history who have selected to write a thesis must demonstrate competency in at least one foreign language. Exceptions are granted only with the approval of the chair of a graduate student's committee and the Graduate Advisor. The language competency requirement may be met in two ways:
 - a. Through an examination by a faculty member with expertise in the student's language. The exam will be a translation of about a 500-word text to be completed in two hours; a dictionary is allowed.
 - b. By taking the equivalent of two full years of university level foreign language courses, with an average GPA of 3.0 in those courses. If the primary concentration is in Ancient/Medieval, a student may also fulfill this requirement by taking one year of Greek and one year of Latin. All course work completed must be within five years of admission

to the graduate program.

3. The teaching emphasis requires filing a Teaching Unit Approval Form with the department and successfully completing HIST 605.

Single Subject Teaching Credential in Social Science

For information, refer to the undergraduate section in this department.

Courses (HIST)

LOWER DIVISION

101. Facts, Evidence and Explanation (3)

Corequisite: ENGL 100 or GE Composition (Area A1)

Explanation of facts, evidence and explanation to explore and develop habits of critical thought using a historical and global perspective. Topics include argument, inductive and deductive reasoning, the relationship of language to logic and theoretical perspectives.

Not open for credit to students with credit in HIST 201.

131. Early Western Civilization (3)

Corequisite: ENGL 100 or GE Composition (Area A1).

History of western civilization from its origins through the 16th century. Stresses society, culture, and political institutions of ancient Near East, classical world, the medieval West, and renaissance and reformation Europe.

132. Modern Western Civilization (3)

Corequisite: ENGL 100 or GE Composition (Area A1).

European society from 16th century to present. Stresses events and phenomena which reshaped political, economic and social structures of the West and their impact throughout the world. Emphasis on intellectual, social and psychological transformation of modern life.

141. Jewish Civilization (3)

Prerequisites/Corequisites: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

Survey traces diversity and complexity of Jewish traditions from ancient to modern times across different regions, exploring inter-cultural and assimilationist contacts in Diaspora. Students critically engage with Jewish source texts from various eras and regions.

161. Introduction to Latin American Studies (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

Interdisciplinary overview of history, society, and culture in Latin America – Mexico, Central American, the Caribbean, and South America. Examines political, economic, social, and cultural conditions for conflict, change, and continuity over last five hundred years.

Letter grade only (A-F). Same course as SOC 161 and LAS 161. Not open for credit to students with credit in SOC 161 and LAS 161.

170. United States History Laboratory (3)

Co-requisite: Eligibility for ENGL 100 or equivalent

Active learning laboratory focusing on United States history and citizenship studies.

172. Early United States History (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

Survey of political, social, economic, and cultural development of the United States from discovery through reconstruction. Focus on the colonial era, establishment of the new nation, sectional problems, national growth, disunion, and reconstruction. Material may be covered chronologically or topically.

Not open for credit to students with credit in HIST 162A.

173. Recent United States History (3)

Prerequisite/Corequisite: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

Survey of political, social, economic, intellectual, and cultural development of United States from Reconstruction to present. Focuses on different social groups; movements of people; labor; women's and minority issues; politics, protest, and war; society and culture.

211. World History: Origins to 1500 (3)

Prerequisite: GE Foundation requirements.

Survey of pre-modern World History emphasizes interactions between civilizations. Topics include role of universal religions; political, social, and gender structures; economic and demographic development; diffusion of culture and technology via migration, commerce, and imperial expansion.

Not open for credit to students with credit in HIST 111.

212. World Since 1500 (3)

Prerequisite: GE Foundation requirements.

Survey of modern World History emphasizing global interactions such as economic globalization; demographic, environmental and gender transitions; intellectual, religious and cultural transformations; imperialism and resistance to empire, birth of nations; and historical origins of contemporary world.

Not open for credit to students with credit in HIST 112.

250. Early World Historical Geography (4)

Prerequisites: Open only to Integrated Teacher Education Program (ITEP) students.

Examines emergence and changing nature of urban life, cultural and technological diffusions, and cross-cultural contact and exchange between cultures and civilizations over time

Same course as GEOG 250. Not open for credit to students with credit in GEOG 250.

290. Selected Topics in History (3)

Prerequisite: GE Foundation requirements.

Topics of current interest in History. Applicability to major requirements will be specified in description of individual topics.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the

Schedule of Classes.

GENERAL

- 300. United States, Past and Present
- 301. Methodology of History
- 302. Theory and History
- 401. History for Secondary Social Science Teachers
- 490. Selected Topics in History
- 494. Practicum in History
- 495. Colloquium
- 498. Directed Studies
- 498H. Honors Research
- 499. Senior Seminar
- 499H. Honors Thesis

INTERDISCIPLINARY COURSES

- 303. Rebels and Renegades
- 308. Law and Civilization
- 309. Men and Masculinity
- 310. The Greek World
- 312. Roman World
- 385. India and South Asia
- 400. History of Western Scientific Thought

- 407. Japan and the United States in the 20th Century
- 464. Latin American Environmental History
- 474. The History and Culture of American Cities
- 482. Recent American Environmental History

AFRICA AND THE MIDDLE EAST

- 320. Middle East and Central Asia.
- 391. The Making of Modern Africa, 1800-1939
- 392. Contemporary Africa, 1940-Present

History Courses (HIST)

NOTE: General Education Category A must be completed prior to taking any upper-division course except upper-division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

UPPER DIVISION

300. The United States Past and Present (3)

Prerequisite: GE Foundation requirements.

Upper-division survey, may not be taken for credit in the United States field. For upper-division transfer students in lieu of HIST 172 and 173.

301. Methodology of History (4)

Prerequisite: History majors only.

Introduction to historiography and methodological issues, skills and competencies exercises, research methods, research presentations, and peer review. Creation of student portfolio used in remaining upper-division courses in major and assessed in HIST 499.

Letter grade only (A-F). May be used to satisfy the GVAR.

302. Theory and History (4)

Prerequisite: HIST 301. Required of all History majors. Must be taken in the semester immediately following successful completion of HIST 301.

Introduction to history of historical profession, conceptual categories of historical inquiry, the ways theory shapes historical research and writing. Focuses on case studies, significant historical works, major schools of historical interpretation and recent historiographic trends.

Letter grade only (A-F).

303. Rebels and Renegades (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Global exploration of historical actors in "long twentieth century" who struggled against a normative framework. Class will explore those who sought progressive change and those who worked to maintain social and political status quo. Music, film, and art used extensively.

304. The Holocaust (3)

Examines the destruction of European Jews by Nazi Germany during the Second World War. Students will trace the roots of antisemitism in European history, the origins of Hitler's anti-Jewish assault, and the process from ghettoization to extermination.

305: Digital Methods in History (4)

Prerequisite: G.E. Foundation, upper-division status, HIST 301, or consent of undergraduate/graduate advisor.

This course focuses on the process, philosophy, and creation of digital history projects, using a variety of research, collection, and digital presentation methods, networked communities, bibliographic and archival tools, video, animation, and open access software.

308. Law and Civilization (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Exploration of law as an intellectual effort to define, direct, and administer human experience. Examination of theories of knowledge, language, meaning, mental processes, social organization, personal responsibility and freedom underlying legal analysis and decision-making in courts as well as in administrative/bureaucratic settings.

309. Men and Masculinity (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Exploration of male roles from an interdisciplinary perspective focusing on men as workers, friends, lovers, and fathers. Consideration of the choices available to men under the impact of tradition, feminism, and a changing job market. Gender-oriented social and political movements.

Letter grade only (A-F).

310. The Greek World (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Examines major events and ideas in society and culture of ancient Greece. Emphasis on literature, the arts, and history. Topics include Minoan civilization, Homer and the Trojan War, mythology and religion, lyric poetry, the Persian Wars, the "Golden Age" of Athens, the Peloponnesian War, and Hellenistic culture.

Same course as CLSC 311. Not open for credit to students with credit in CLSC 311.

312. Roman World (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Examines major events and ideas in the society and culture of ancient Rome. Emphasis on literature, the arts, and history. Topics include genesis and growth of the Roman world, transition from Republic to Empire, imperial maturity, decay and decline, and the contributions of the Romans to the modern world.

Same course as CLSC 312. Not open for credit to students with credit in CLSC 312. Course fee may be required.

313. Ancient Greece (3)

Prerequisite: GE Foundation requirements.

History of the Greeks and the Greek world from the earliest times to the Roman conquest.

314. Roman History (3)

Prerequisite: GE Foundation requirements.

History of Rome and the Roman world from the Eighth Century B.C. to the Fifth Century A.D.

316. Early Middle Ages (3)

History of Western Civilization from the fall of the Roman Empire in the West to the Crusades. Germanization of the West, evolution of Christian institutions, Slavic expansion, Byzantinization of the Eastern Empire, Islamic civilization, Carolingian age, feudal and manorial institutions.

317. High Middle Ages (3)

History of Western Civilization from the Crusades to the end of the Middle Ages. Revival of trade, growth of towns and of capitalism, origins of modern political institutions, and medieval learning and art.

318. Byzantine Empire (3)

History of the Byzantine Empire from the 4th century AD to Constantinople's fall in 1453; the cultural heritage of the Roman Empire in the eastern Mediterranean; religious controversies and development of eastern Christianity; relations with Islam and medieval Europe.

319. Women in the Ancient and Medieval West (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

Examines roles and experiences of women in Western Europe from prehistory to the sixteenth century. Themes may include: construction of gender roles, relation between symbols and reality, interaction of private/public life, access to power/opportunity; the possibility of a "women's culture."

320. Middle East and Central Asia. (3)

Prerequisite: Upper division standing.

Explores historical roots of contemporary Middle East and Central Asia from Late Antiquity to present day, with a special emphasis on the early modern and modern period within a global context.

330. Early Modern Europe (3)

Examines the multiple political and cultural reinventions of Europe between the Italian Renaissance and French Revolution. Studies the transformation of Europe as a society based around the Mediterranean to one defined by its relationship to the Atlantic world and overseas empires.

331. History of Modern Europe, 1789 – Present (3)

Prerequisite: GE Foundation requirements.

Introduces the social, political, cultural, and economic changes that have transformed European societies from the French Revolution to the present.

Letter grade only (A-F).

332. The Age of the Renaissance (3)

Examines remarkable transformation of Europe during the Renaissance period (1350-1550), including themes of humanism and artistic and literary developments; humanism and politics; religion in the "Age of Reason." Particular emphasis on relationship between power and culture in Italian civilization.

Course fee may be required.

333. Reformation Europe (3)

Examination and analysis of the "long 16th century," from the beginning of the Italian Wars (1494) to the Peace of Westphalia (1648). Emphasis on economic, institutional, intellectual and religious crises, and on their resolutions in the post-Reformation period.

334. Early Modern France, 1589-1789 (3)

Spanning French history from the advent of the Bourbon monarchy until its demise with the French Revolution. Exposes students to the political, social, economic, and cultural developments that attended domestic and international expansion of the French state.

336. The French Revolution and Napoleon (3)

End of the Old Regime and the French Revolution. Decline of the feudal monarchy, failure of enlightened despotism, the rise of revolutionary thought, French Revolution, and Napoleonic imperialism.

337. Europe in the Nineteenth Century (3)

Prerequisite: GE Foundation requirements.

Commencing with Napoléon's empire and concluding with the fin-de-siècle, examines industrialization and its repercussions; popular protest and revolution; nationalism; class consciousness; feminism; imperialism; and emergent ideologies (conservatism, liberalism, socialism; communism).

338. Modern European Women's History (3)

Investigates how European history has impacted on women, and how women and women's issues have shaped historical events. Issues covered are: industrialization, the family, wars and revolutions, health and sexuality, and the "woman question" in politics, culture and society.

Not open for credit to students with credit in W/ST 384 or WGSS 384.

339. Europe, 1890-1945 (3)

Prerequisite: GE Foundation requirements.

Explores the political, social, economic, international, and cultural crises prior to the First World War; the rise of totalitarianism in the Soviet Union and Nazi Germany, the Spanish Civil War, the Second World War, and the Holocaust.

340. Europe Since 1945 (3)

Examines the political, social, economic, and cultural history of Europe since the end of World War II. Themes include post-war recovery, the Cold War, decolonization, the fall of communism, the transformation of Central Europe, and the European Union.

341A. Foundations of Russia (3)

Prerequisite: GE Foundation requirements.

Evolution of the state structure, diverse cultural patterns, and social structures associated with ancient Kiev Russia: rise of Moscow, origins of autocracy and serfdom; westernization and modernization as problems during the imperial period to 1801. Particular emphasis on social history.

341B. Modern Russia (3)

Prerequisite: GE Foundation requirements.

Interaction with the West from 1801; era of great reforms and revolutionary movements; downfall of imperial Russia; establishment of the Soviet regime; chief political, social, economic and cultural developments in the Soviet era; role of the Soviet Union in world affairs.

343. Modern Eastern Europe (3)

Prerequisite: GE Foundation or consent of instructor.

Examines modern Eastern Europe from the emergence of nation states, to nationalism, world wars, fascism, Communism, conformity, dissent, and revolution. We will explore the role of Eastern Europe as a place and as an idea in modern Europe.

344. Tradition and Crisis: The Jews of Modern Europe (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Explores the history of modern European Jewry, from the breakdown of traditional Jewish society to the efforts to create new national, religious, and cultural frameworks for Jewish identity.

345. Comparative Genocide (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Explores the modern phenomenon of mass killings of targeted populations in order to achieve a particular demographic, political, or cultural goal. Examines a series of case studies - including the Armenian Genocide, the Holocaust, Cambodia, and Rwanda - to understand not only how and why genocides occur, but also to look at the possibilities of preventative action.

349. The History of Food (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

Religious and secular role of food; connections to identity; significance of securing reliable food sources as central to political, economic, and military agendas underline usefulness of studying food and relationships with it throughout history.

Course fee may be required.

351. Medieval England (3)

Analysis of English political institutions, society, religion and economy in the Anglo-Saxon, Norman, Plantagenet, and late medieval eras.

353. Tudor and Stuart England (3)

Social, cultural, religious, political, and dynastic history of England from 1485 to 1714. Renaissance and Reformation; Crown and Parliament; civil war and revolution; the pre-industrial economy; relations with Scotland, Ireland, Europe, and America.

356. Georgian and Victorian Britain (3)

Social, cultural, religious, political, and constitutional history of Britain from 1714 to 1901. Changes in agriculture, commerce, industry, and population; Parliamentary democracy; Irish problems; relations with America, India, Europe, and the world.

357. Recent Britain (3)

Social, cultural, economic, and political history of 20th century Britain. Governments and people; labor, party politics, and the welfare state; two world wars; problems with Ireland and Europe; the end of Empire; race relations; mass media and popular culture; contemporary developments.

362. Colonial Latin America (3)

Prerequisite: GE Foundation requirements.

Iberian preparation for overseas expansion, discovery and conquest in America, evolution of colonial institutions, dynamic 18th century developments, wars of independence.

364. Latin American Nations (3)

Prerequisite: GE Foundation requirements.

Political, economic, social and intellectual evolution of Latin America in the 19th and 20th Centuries.

365. Brazil (3)

Surveys the history of Brazil from 1500 to the present. It covers the colonial, imperial and republican periods, analyzing the impact of slavery on society, the myth of "racial democracy," and contemporary economic and urbanization patterns. It also studies the 1964-1985 dictatorship and the return to democracy, as well as the challenges of twentieth-first century Brazil.

366. Latin American History and Literature (3)

Latin American history through the novel and film; will integrate literature and the cinema with traditional historical materials in order to provide the student with a deeper understanding of the development of Hispanic America.

370. Chicano History (3)

Prerequisite: GE Foundation requirements.

Chicanos in the settlement and development of the Southwest and in contemporary U.S. society; Chicano experience as a U.S. minority group; emerging civil rights movement of La Raza.

Letter grade only (A-F). Same course as CHLS 300. Not open for credit to students with credit in CHLS 300.

372. United States: Colonial Period (3)

Discovery and settlement of the new world; European institutions in a new environment; development of colonial government, economy and social institutions; European dynastic rivalry and colonial America.

373. United States: Age of Revolution (3)

Clash between British attempts to control and tax the colonies and colonial distaste for both; growth of an independent spirit; the American Revolution; problems of the new nation; the constitution.

375. The United States Emerges as a Nation (3)

An analysis of the political, economic, social, and intellectual forces from the adoption of the constitution through the 1840s.

376. United States: Civil War and Reconstruction (3)

Sectional rivalry, manifest destiny, mid-century divisive forces, Civil War and reconstruction.

378. United States History: 1877-1920 (3)

Development of the U.S. as an urban, industrial, multicultural society; progressive reform movements at the city, state, and national level; rise of U.S. as a world power; WWI.

379. United States: Twenties, Depression, and World War II (3)

The conflict-ridden 1920s; the Depression years, and the beginnings of welfare democracy; the United States in World War II.

380A. The United States in the Liberal Era 1945-1968 (3)

The political, social, cultural, and economic history of the United States between World War II and the late 1960s, an era when American involvement in the Cold War helped both sustain and eventually undermine the liberal anti-communist order.

Not open to students with credit in HIST 380.

380B. The United States Since 1968 (3)

Explores the Vietnam War, deindustrialization, suburbanization, consumerism, conservatism, the "new" Cold War, globalization, and the "war on terror." Uses music, film, fiction, and contemporary historical scholarship to address political, economic, and social issues; examines the connections between politics and culture.

382A. Imperial China (3)

Prerequisites: GE Foundation requirements; upper-division standing.

Introduction to Chinese civilization from prehistory to modern times stressing foundations of Chinese philosophy and material culture, and the causation of Chinese problems: production, reproduction, and population.

382B. Modern China (3)

Prerequisite: GE Foundation requirements.

Chinese society from 17th century to 1949. Impact of imperialism, reform and revolutionary movements, background of Chinese communism.

Not open for credit to students with credit in HIST 482B.

383A. Japan to 1850 (3)

Prerequisite: GE Foundation requirements.

Japan from prehistory to the nineteenth century; emphasis on social and cultural developments, the evolution of political institutions, and the development of early modern society.

383B. Modern Japan (3)

Prerequisite: GE Foundation requirements.

Japan from 1850 to 1945; collapse of the Tokugawa bakufu and rise of the Meiji state; industrialization, social change, and protest; "Taisho democracy" and the Pacific War.

384. Popular Culture and History in Contemporary Japan (3)

Japan since 1945; impact of Hiroshima and Nagasaki; American occupation of Japan; Japan's "economic miracle," social change and social criticism in literature and film; Japan's role in the contemporary world; conflict with the U.S.

385. India and South Asia (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

An interdisciplinary examination of the Indian subcontinent and the South Asian region from its historic roots through the founding and consolidation of the Great Mughal empire, to the beginnings of Western imperialism and the establishment of the British Raj, ending with nationalism and the course of events in post-Independence India, Pakistan and Bangladesh.

386. History of Modern Southeast Asia: Colonial Era to the Vietnam War (3)

Survey of political and cultural history of modern Southeast Asia from 1800: Expansion of European influence, growth of nationalism and process of decolonization, and the post-WWII configuration of the area. Both mainland and insular Southeast Asia will be surveyed.

388. Contemporary China (3)

China from 1949 to the present. The political, economic and cultural factors that shaped its continuity and change and the impact of its transformation on Greater China, including Hong Kong and Taiwan.

391. The Making of Modern Africa, 1800-1939 (3)

Survey of sub-Saharan Africa from the early 19th through the mid-20th centuries. Examines the European conquest and the entrenchment of colonialism. Emphasis will be on how Africans perceived these processes, how they adjusted to them, and the continuing relevance of these experiences today.

392. Contemporary Africa, 1940-Present (3)

Surveys history of African continent during transition from colonialism to national independence and post-colonialism. The current political, economic, social and intellectual trends of Africa will be considered in historical context. African actions and perspectives will be prioritized.

393. Jews of the Modern Middle East (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Explores history, culture, and transformations of important Jewish communities in Middle East. Examines effects of modernization and colonialism on these disparate communities, including phenomenon of Jewish colonization of other Jews and impact of exclusivist nationalisms on Jewish identities.

394. Middle Eastern Women (3)

Prerequisites: Upper division standing.

Explores a wide range of roles played by Middle Eastern women throughout history, seek to understand their multi-faceted thoughts and activities, and discuss the most important issues related to women and gender in Middle Eastern history.

Not open for credit to students with credit in W/ST 394 or WGSS 394.

395. Gender, Sexuality and Desire in World History (3)

Prerequisite: Upper-division status

An introductory survey of the colonial and post-colonial world history regarding human gender, sexuality and desire. It examines the European colonial era and the twentieth century constructions of sexual identities in conjunction with class, race, ethnicity, colonialism, and nationalism.

Letter grade only (A-F).

396. Contemporary World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

World historical approach to the study of the twentieth century. Themes include: the changing global economy and environment; the advance and retreat of empires; colonialism and post-colonialism; contending ideologies; the intensification of globalization at the end of the century.

400. History of Western Scientific Thought (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Introduction to history of science for scientists and non-scientists. Evolution of scientists' views of means and ends of their activities; ways science is affected by and affects contemporary cultures.

401. History for Secondary Social Science Teachers (4)

Prerequisites: completed a majority of all coursework in the Social Science Subject Matter Program. Capstone course for students in Social Science Subject Matter Program.

Examination of World and American history to promote global perspective and deeper knowledge of historical content within California History-Social Science Framework and Standards, historiography and historical thinking, methodology related to teaching and learning history. Emphasis on imbedding interdisciplinary approaches from social sciences in teaching and learning of history.

A grade of "B" or better is required for advancement to student teaching. Letter grade only (A-F).

402. Oral History Methods (1-3)

Through a series of workshops and through field experiences, skills in oral history will be developed which will enable students to use oral history either for their own personal use in family history or for class projects.

Not open for credit to students with credit in C/LA 485.

406. Women, Gender, and Sexuality in Asia (3)

Prerequisite: Upper division standing.

Exploration of gender history in Asia from prehistory to the present. Major themes include gender traditions, women's contributions to social, cultural and political change, and the complex relationship between feminism and nationalism in the modern period. Same course as WGSS 406. Not open for credit to students with credit in HIST 406A, A/ST 406A, WGSS 406A.

407. Japan and the United States in the 20th Century (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Examination of relationships between Japan and the United States, emphasizing cultural, economic, and political conflict and cooperation.

412. Migration and Ethnicity in Modern China (3)

Prerequisite: Upper-division status. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

The global story of Chinese emigration and internal migration, a process that is integral to the history of state and society in China since the seventeenth century. Chinese settlers faced diverse challenges and opportunities in the colonial and postcolonial states of Southeast Asia, in the settler societies of the Americas and Oceania, and in Europe. It examines major factors that have shaped Chinese emigration/migration in the modern period as well as its impact on world history.

417. Diversity and Encounters in the Middle East (3)

Prerequisites: Completion of GE Foundation, Upper-division status or consent of undergraduate/graduate advisor.

The course examines diversity and encounters in early modern and modern Middle Eastern history within a global context with an emphasis on the historical relationships among diverse populations, states, and societies.

418. Central Asia and Afghanistan, Twentieth Century (3)

Prerequisite: Upper-division standing.

Introductory survey of history of change and continuity in Afghanistan and Turkistan (currently Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan) during the Twentieth Century.

432./532. Change and Continuity in the Modern Middle East (3)

Prerequisite: Completion of GE Foundation, Upper-division status or consent of undergraduate/graduate advisor.

The course covers most important themes and episodes from

the 19th century transformations to the 21st Century, including the Arab Uprisings, within their global context. Emphasizes modernity, colonialism, imperialism, decolonization, reform, revolution and other forms of resistance, women's rights, state building, nationalism, and Islamism.

434. Medieval Spain: Conflict and Coexistence (3)

Prerequisites: Upper-division standing; students must have scored 11 or higher on the GVAR Placement Examination (subject to approval by the General Education Governing Committee (GEGC)).

A research seminar on the history of medieval Spain, with emphasis on conflict and coexistence between Muslim, Christian, and Jewish cultures. Themes include: the Islamic invasions and the culture of al-Andalus; Jews and Muslims in Christian Iberia; Spain in Mediterranean and Atlantic contexts; the Inquisition.

435. History of the Francophone World (3)

Prerequisites: HIST 132, HIST 212, or approval of advisor.

Commencing with a study of the history of French language, explores methods by which France expanded its global presence. Themes to be covered include French colonialism, resistance to French overseas expansion and issues relative to race and identity.

437. History of Germany 1871 to Present (3)

History of Germany from unification: the First World War, the Weimar Republic, the National Socialist Reich, and the post-war recovery.

440./540. The Silk Roads (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

Examines the Silk Roads from the first century BCE to the end of the fifteenth century CE from a world historical perspective. Emphasis is on economic integration, cultural diffusion, exchange and syncretism, and comparative demographic and political development.

441./541. Mediterranean World (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor

Focuses on pre-modern Mediterranean world up to geographical shift of political power and wealth to the Atlantic world with an emphasis on the exchange and interaction of peoples and ideas.

Letter grade only (A-F).

442./542. The Indian Ocean in World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

Examines the Indian Ocean from 600 CE to the nineteenth century from a world historical perspective. Emphasis is on how the Indian Ocean connected diverse regions, societies and polities, and facilitated the circulation and modification of commodities, cultural practices and ideas.

443./543. The Early Modern Atlantic World (3)

Prerequisite: HIST 211 or HIST 132 or consent of undergraduate/graduate advisor

Examines early modern Atlantic from a world historical perspective emphasis on cultural encounter/exchange, environmental interaction, and comparative colonial development from early Iberian maritime expansion through Atlantic revolutions and wars of independence.

Letter grade only (A-F).

444./544. The Pacific Ocean in World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor

Examines the Pacific World from the pre-modern period to the twentieth century from a world historical perspective. Emphasis is on how the Pacific Ocean connected diverse regions, societies and polities, and facilitated the circulation and modification of commodities, cultural practices and ideas.

Letter grade only (A-F).

450. Deviance and the Social Body in Modern Europe (3)

Examines social commentary surrounding deviance and citizenship in historical context. Also explores the ways in which historians apply various theories to investigations of social and political reforms of modern Europe, specifically the history of mass culture and citizenship.

451. The United States in the World (3)

Prerequisites: Upper-division standing.

A survey of American history from the colonial period to the present day framed within a world history context, focusing on comparisons and connections between national and international developments.

452. United States at War (3)

Prerequisites: GE Foundation requirements. Explores the United States experience of modern warfare. Examines discourse about the morality of war, the objectives of conflict, and the consequences of global warfare. Incorporates the study of the home front and domestic images of war.

Not open to students with credit in HIST 377.

459. Religion in Colonial Latin America (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

Explores history of religion in Latin America from the pre-Hispanic period through Independence, with a focus on the social, cultural, and political implications of European, Indigenous and African religious traditions.

460./560. Slavery in Latin America (3)

GE Foundation requirements, one or more Exploration courses and upper division standing.

Systems of forced labor in Latin America since European arrival; the slave trade; slavery in economic context; resistance and negotiation; plantations and urban slavery; skaves int the independence wars; manumission and slavery abolition; Afro-latino Americans post slavery.

461. History of Precolumbian Mexico (3)

History of Meso-America from prehistoric times to the Spanish conquest, emphasizing the study of the societies and the religious and intellectual life of people of ancient middle America.

462. Mexico (3)

Spanish conquest of Indian Mexico; settlement and exploration; colonial life and institutions; the achievement of independence from Spain; reform, foreign intervention, dictatorship in the 19th century; the Revolution of 1910 and after; contemporary Mexico.

463. Power and Violence in Latin America and the Caribbean (3)

Prerequisites: I/ST 200 or instructor consent. "Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC))."

This course examines the history and cultural politics of dictatorship, revolution, and violence in Latin America and the Caribbean. Uses literature, film, history, and political theory to examine how power and violence intersect with race, ethnicity, gender, and nationalism.

Same course as I/ST 476. Not open for credit to students with credit in I/ST 476.

Letter grade only (A-F).

464. Latin American Environmental History (3)

Prerequisite: Upper-division standing, GE Foundation requirements, 3 units Latin American survey (HIST 161 or HIST 364 or equivalent) or consent of instructor.

Explores the environmental history of Latin America from an interdisciplinary perspective, with a focus on the production of nature and society and the transformation of the relationship between human societies and the natural world from pre-European contact to the 21st century.

465. Seeing Latin America: Visual Culture and History in the Latin American World (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

History of Latin America from Conquest through today using visual medium as historical documentation; understanding cultural, social, and political change through painting, fashion, architecture, street art, archaeology, murals, film; interdisciplinary art history methods tailored to historical analysis.

Letter grade only (A-F).

466. Selected Topics in Latin American History (3)

Topics will vary from semester to semester.

May be repeated to a maximum of 9 units with different topics. Topics announced in Schedule of Classes.

468./568. Public Art, Monuments, and Memory (3)

Prerequisite: G.E. Foundation requirements, Upper-division standing

Historical examination of the role of public art and monuments in shaping civic identity and public memory in the United States. Traces the creative ways that artists and citizens alike have challenged official representations of American history and culture.

470. American Jewish History (3)

Chronological and thematic approach to American Jewish history. Covers Sephardic, German, Eastern European, and recent Jewish immigration. Emphasis on experiences immigrants brought with them. Critical examination of assimilation, transformation of traditions, women, anti-Semitism, development of denominations, mobility, leadership of Diaspora.

Letter grade only (A-F).

471. The American West (3)

Examination of the impact of American expansion on the West: Euro-American exploration and migration, ethnic conflict and conquest, gender and family roles on the frontier, environmental changes in the West, development of economic institutions, and urbanization of the region.

472. History of the South (3)

Explores development of the South, including examination of regional culture, traditions, and social crisis in the Antebellum period; conflict and social change; economic transformations; role of women in the region; and the interaction of racial groups in the Modern South.

473. California History (3)

Survey of California from the 1500s to the present. Emphasis on migration, cultural diversity, and significant social, political, and economic developments.

474. The History and Culture of American Cities (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Interdisciplinary exploration of the history and cultural life of American cities from the nineteenth century to the present.

476. The History of Social Activism (3)

Prerequisites: GE Category A must be completed prior to taking any upper-division course.

Social movements are collective efforts to change society. At many times in history they have had dramatic consequences and they continue to be a focus of controversy, conflict, and change today.

477A./577A. American Cultural History (3)

Development of American way of life treated in terms of values, behavior and institution, themes of individualism, community, ethnic diversity and social reform.

477B./577B. American Cultural History (3)

Development of American way of life treated in terms of values, behavior and institutions, themes of individualism, community, ethnic diversity and social reform.

478. Foreign Relations of the U.S. (3)

Incorporates a global perspective and considers the influence of such issues as domestic politics, bureaucratic rivalry and decision-making, economics, ideology, race, and the role of special interest groups in the making of foreign policy.

Same course as I/ST 478. Not open for credit to students with credit in I/ST 478.

479. U.S. Constitution: Origins and Early Development (3)

European sources of constitutional thought, colonial background, impact of the American Revolution, the framing period and the rise of a judicial approach to constitutional interpretation. Emphasis throughout: the evolution of constitutionalism as a basic principle in American thought and institutions.

480. Law and Fundamental Rights in American History (3)

Selected variable topics on civil liberties issues addressing the historical development of constitutional guarantees in the areas of freedom of expression, privacy, church and state, due process, and equal protection.

482. Recent American Environmental History (3)

An examination of the impact of industrialization and urban growth on the American environment, the emergence of ecological consciousness and green politics, and the creation of the idea of Nature in American culture in the U.S. since the 1860s.

483. Women in Eighteenth-Century England and America (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing.

Representations and realities of women's lives, 1688-1800, using critical methodology of history and literature; analysis of literary and historical texts to explore law and economics; religion; education and culture; marriage, sex, and health; politics and revolution.

484. Religion in American History (3)

Prerequisite: GE Foundation requirements.

Explores American religion from European settlement to present. Focuses on interconnections between American religion, politics, and culture—including literature, film, music, moral crusades, and built environment. Examines how beliefs structured interactions between social groups.

Not open to students with credit in HIST 371.

485A. History of Women in the U.S. Early Period (3)

Prerequisite: GE Foundation requirements.

Survey of roles and activities of American women from colonial period to 1850, with focus on slavery, immigration, family, economy, law, and politics.

Only 3 units of 485A,B may be applied to a field of concentration in U.S. history for the major. Same course as WGSS 485A. Not open for credit to students with credit in W/ST 485A or WGSS 485A.

485B. History of Women in the U.S. Since 1850 (3)

Prerequisite: GE Foundation requirements.

Examines the changing roles and status of women's economic, political, and social roles. Explores the suffrage movement, the role played by women in WW II and the changes brought forth during the "second wave" of feminism.

Only 3 units of HIST 485A,B may be applied to a field of concentration in U.S. history for the major. Same course as WGSS 485B. Not open for credit to students with credit in W/ST 485B or WGSS 485B.

486. History of Afro-Americans in the United States (3)

Examines the roots and culture of Afro-Americans from African origins to the present. We will explore the transformation from slavery to freedom; segregation and racial conflict; emigration patterns, societal interactions, and the experiences of women.

489. Selected Topics in Legal History of the United States (3)

Case studies in American law from colonial times to the present: English common law heritage, puritan and frontier influences, the legal profession, judicial traditions, formative stages in criminal law, torts and contracts, and modern trends in legal thought.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

490. Selected Topics in History (1-3)

Topics of current interest in history selected for intensive development.

May be repeated to a maximum of 6 units with different topics in different semesters, but no more than 3 units may be used to satisfy the requirements for the major. Topics announced in the *Schedule of Classes*.

491. Modern and Contemporary Africa (3)

Conquest of Africa by European states, contrasting colonial systems as they evolved, anti-colonial movements and progress towards self-government or independence, problems of economic and political development, and race tensions in areas of white settlement.

492./592. Proseminar in World History (3)

Prerequisite: Consent of the instructor.

Discussion and analysis of recently published historical works and materials from a world history perspective.

May be repeated to a maximum of 6 units.

494. Practicum in History (1-3)

Prerequisites: Consent of instructor and department chair.

Field work in History, supplemented by reading and tutorials under direction of a faculty member. Internships, small group discussion/teaching, and other assignments directed by supervising faculty member.

May be repeated to a maximum of 6 units, but no more than 3 units may be applied to the major in History.

495. Selected Topics (3)

Prerequisites: HIST 301 and nine additional units of upper division History.

Seminar level course exploring a specific historical field or issue chosen by instructor; students expected to analyze and interpret primary and secondary sources in a paper presented to the class.

Part of core requirements for students declaring a major before summer 2001; students declaring a major after spring 2001 will be required to take HIST 499 as a core requirement, not 495.

496. Selected Topics in the United States History (3)

Variable topics in U.S. history from the 17th century to the present. Fits within the 400-level thematic courses of the U.S. field. Some background in U.S. history is strongly encouraged.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

497. Selected Topics in Asian History (3)

Prerequisite: Consent of instructor.

Selected topics in Asian History.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

498. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study under the supervision of a faculty member.

May be repeated to a maximum 6 units.

498H. Honors Research (3)

Research for and writing of a senior thesis under the direction of a departmental advisor.

498O. Directed Studies in Oral History (1-6)

Prerequisite: Consent of instructor.

Directed study on a research topic using the methodology of oral history.

May be repeated to a maximum of 6 units. Not open for credit to students with credit in C/LA 498

499. Senior Seminar (4)

Prerequisites: HIST 301, HIST 302; 18 units of upper-division course work in History; at least two courses (6 units) of which must be in the 499 seminar's area of concentration. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Students must demonstrate mastery of historical processes and literature through: 1) portfolio submission; 2) research paper, and 3) oral presentations.

Not open for credit to students who have not met the prerequisites listed above. Letter grade only (A-F).

499H. Honors Thesis (3)

Prerequisites: HIST 498H

Research, writing, and presentation of a senior honors thesis under the direction of departmental faculty advisor.

GRADUATE LEVEL

501. Historical Thinking and the Discipline of History (3)

Prerequisite: Students must be first-semester candidates in the M.A. program in history, candidates in the history B.A. honors program, or M.A. students from another department with consent of the instructor.

Introduces students to skills and dispositions required to succeed in M.A. program. Examines history of profession, professional dispositions of discipline, and key historical thinking skills including historiography, cause and consequence, evidence and interpretation, comparison, agency, and periodization.

A minimum "B" grade is required to continue in the graduate program. Letter grade only (A-F).

502. Historical Research and Writing (3)

Prerequisites: Graduate standing in History or M.A. student from another department with permission of the instructor.
Corequisite: HIST 501.

Introduces research, analytical, and writing skills necessary in History discipline and M.A. program. Focuses on development of skills pertaining to analysis of sources, use of theoretical and conceptual approaches, conduct of research, and presentation of oral reports and written work.

A minimum "B" grade is required to continue in the graduate program. Letter grade only (A-F).

510. Selected Topics in the Literature of History (3)

Reading and discussion of major works and intensive study of bibliography and bibliographical aids. Includes a comparative history component.

Letter grade only (A-F). May be repeated for a maximum of 6 units per field of concentration. Different instructors within a field required when repeated. Repeatable up to 12 units. Topics announced in the *Schedule of Classes*.

- A. Ancient and Medieval
- B. Modern Europe
- C. Modern Middle East (SW Asia)
- D. Latin America
- E. World
- F. United States
- G. Asia

512. Migration and Ethnicity in Modern China (3)

Prerequisite: Graduate standing

Examines Chinese emigration and internal migration since the seventeenth century, in Southeast Asia, the Americas and Oceania, and Europe. Explores factors that have shaped Chinese emigration and migration in the modern period, as well as impact on world history.

Letter grade only (A-F).

518. Central Asia and Afghanistan, Twentieth Century (3)

Prerequisite: Upper Division Standing.

Introductory survey of the history of change and continuity in Afghanistan and Turkistan (currently Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan) during the Twentieth Century.

Letter grade only (A-F).

532./432. Change and Continuity in the Modern Middle East (3)

Prerequisite: Graduate standing.

The course covers most important themes and episodes from the 19th century transformations to the 21st Century, including the Arab Uprisings, within their global context. Emphasizes modernity, colonialism, imperialism, decolonization, reform, revolution and other forms of resistance, women's rights, state building, nationalism, and Islamism.

Grading: Letter grade only (A-F)

540./440. The Silk Roads (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor.

Examines the Silk Roads from the first century BCE to the end of the fifteenth century CE from a world historical perspective. Emphasis is on economic integration, cultural diffusion, exchange and syncretism, and comparative demographic and political development.

541. Mediterranean World (3)

Prerequisite: Graduate standing in History.

Focus on pre-modern Mediterranean world up to geographical shift of political power and wealth to the Atlantic world with an emphasis on the exchange and interaction of peoples and ideas.

Letter grade only (A-F).

542./442. The Indian Ocean in World History (3)

Prerequisite: Graduate Standing

Examines the Indian Ocean from 600 CE to the nineteenth century from a world historical perspective. Emphasis is on how the Indian Ocean connected diverse regions, societies and polities, and facilitated the circulation and modification of commodities, cultural practices and ideas.

Letter grade only (A-F).

543. The Early Modern Atlantic World (3)

Prerequisite: Graduate standing in History.

Examines early modern Atlantic from a world historical perspective with an emphasis on cultural encounter and exchange, environmental interaction, and comparative colonial development from early Iberian maritime expansion through the Atlantic revolutions and wars of independence.

Letter grade only (A-F).

544./444. The Pacific Ocean in World History (3)

Prerequisite: HIST 211 or HIST 131 or consent of undergraduate/graduate advisor

Examines the Pacific World from the pre-modern period to the twentieth century from a world historical perspective. Emphasis is on how the Pacific Ocean connected diverse regions, societies and polities, and facilitated the circulation and modification of commodities, cultural practices and ideas.

Letter grade only (A-F).

550. Foucault and His Critics: Making A Social Body (3)

Examines Foucaultian texts and works of other theorists in historical context. Also explores the ways in which historians apply Foucault's theories to investigations of social and political reforms of Modern Europe, specifically the history of mass culture and citizenship.

Letter grade only (A-F).

560./460. Slavery in Latin America (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses and upper division standing.

Systems of forced labor in Latin America since European arrival; the slave trade; slavery in economic context; resistance and negotiation; plantations and urban slavery; slaves in the independence wars; manumission and slavery abolition; Afro-latino Americans post slavery.

565. Painting as Power: The Politics of Visual Culture in the Early Modern Spanish Empire (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

Explores the history of the Spanish Empire (Spain and Spanish America) ca. 1500-1800 through the politics of visual culture (paintings, maps, clothing, festivals, architecture.) Historical focus on the social, cultural, and political implications of visual culture. Emphasis on the connections between metropolitan and colonial culture and politics and reading visual culture as historical documentation.

Letter grade only (A-F).

568./468. Public Art, Monuments, and Memory (3)

Prerequisite: GE Foundation requirements, Upper-division standing

Historical examination of the role of public art and monuments in shaping civic identity and public memory in the United States. Traces the creative ways that artists and citizens alike have challenged official representations of American history and culture.

577A./477A. American Cultural History (3)

Development of American way of life treated in terms of values, behavior and institutions, themes of individualism, community, ethnic diversity and social reform.

Letter grade only (A-F).

577B./477B. American Cultural History (3)

Development of American way of life treated in terms of values, behavior and institution, themes of individualism, community, ethnic diversity and social reform.

Letter grade only (A-F).

590. Selected Topics in Comparative History (3)

Prerequisite: Graduate standing in History.

Selected themes in history involving cross-cultural and comparative approaches.

Letter grade only (A-F). May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*

592./492. Proseminar in World History (3)

Prerequisite: Graduate standing in History.

Discussion and analysis of recently published historical works and materials from a world history perspective.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

595. Special Preparation (3)

Prerequisite: Graduate standing; consent of Graduate Advisor.

Special preparation for the M.A. examinations under faculty direction.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

605. Research in History Teaching, Learning, and Cognition (3)

Prerequisite: Graduate standing in History

Examines the extensive recent scholarship in history teaching, learning, and cognition, with an emphasis upon the significance and implementation of historical methodology and thinking in the classroom.

Letter grade only (A-F).

611. Seminars in Ancient and Medieval History (3)

Prerequisite: Graduate standing in History.

Selected topics in ancient or medieval history.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

631. Seminars in European History (including Britain and Russia) (3)

Prerequisite: Graduate standing in History.

Directed reading and research in the political, economic, social and cultural history of Europe.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

663. Seminar in Latin American History (3)

Directed reading and research in history, focusing on selected topics in Latin American history.

May be repeated for a maximum of six units in different semesters. Letter grade only (A-F).

673. Seminars in United States History (3)

Prerequisite: Graduate standing in History.

Topics in domestic or international affairs from colonial times to present.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

682. Seminars in Asian History (3)

Prerequisites: Six units of upper division Asian history or consent of instructor.

Selected topics in Asian history.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F).

695. Directed Readings (1-3)

Prerequisites: Consent of instructor.

Readings on an individual basis.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Consent of instructor.

Research on an individual basis.

Letter grade only (A-F).

698. Thesis (1-4)

Planning, preparation and completion of non-curricular work in history for the master's degree.

HOSPITALITY MANAGEMENT

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Michelle Barrack, Lee Blecher, Marie Botkin, Maria Claver, Gail C. Frank, Virginia Gray, Libby Gustin, Young Ha, Hye Jeon Kim, James E. Koval, Peter Kreysa, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Cheryl Rock, Roudi Roy, Myung Hee Sohn, Richard V. Tuveson, Long Wang, Jung-Mao (Ronnie) Yeh

Program Director: Lee Blecher

Baccalaureate Program Coordinator: Richard V. Tuveson
Graduate Coordinator: Virginia Gray

Administrative Support Coordinators:
Mikal Lok, Marina Bendersky, Andrew Redmayne

Instructional Support Technician: Bonnie Rice

Career Possibilities

Restaurant Manager • Hotel Manager • Catering Director • Foodservice Manager in College, University or Corporate Setting • Manager in a Bed and Breakfast Facility • Healthcare Hospitality Director • School Foodservice Director • Club Manager • Manager in Senior Nutrition Programs, Stadiums or Amusement Parks • Food Purchaser or Broker.

Undergraduate Programs

Bachelor of Science in Hospitality Management (120 units)

The program is accredited by the Accreditation Commission for Programs in Hospitality Administration.

This program provides a broad-based foundation and includes hands-on practical experience. It prepares students for entry into a multi-ethnic and multi-cultural domestic and international job market.

In addition to general education requirements (48 units), complete a minimum of 40 units from the major department, 24 of which must be upper division. Students transferring from another college or university will receive transfer credit in required courses if the course is equivalent to the course at this university and it is accepted by this university.

Requirements

Take all of the following required courses:

ACCT 201 Elementary Financial Accounting (3)
Prerequisites: None.

CAFF 321 Family and Consumer Resource Management (3)
Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

ECON 101 Principles of Microeconomics (3)

Prerequisites/Corequisites: MATH 103 or higher.

FCS 299 Introduction to FCS (1)

Prerequisites: None.

Not open for credit to students with credit in FCSE 299.

FCS 499 Professionalism and Leadership in FCS (1)

Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.

Not open for credit to students with credit in FCSE 499.

HFHM 170 Introduction to Hospitality Management (3)

Prerequisites: None.

HFHM 173 Applied Foodservice Sanitation (1)

Prerequisites: None.

HFHM 176 Fundamentals of Food Preparation (3)

Prerequisites: None.

HFHM 179 Orientation to the Hospitality Management Major (1)

Prerequisites: Major in Hospitality Management.

HFHM 274 International Hospitality Development (3)

Prerequisites: ENGL 100 or GE Composition (Area A1).

HFHM 276 Food Production and Service in Hospitality Management (3)

Prerequisites: HFHM 173, HFHM 176.

HFHM 277 Cost Control in Hospitality Management (3)

Prerequisites: HFHM 176.

HFHM 370 Exploring a Sustainable Food System (3)

Prerequisites: Completion of the GE Foundation and upper division standing. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

HFHM 371 Human Resources in Foodservice and Lodging Management (3)

Prerequisites: HFHM 176 or 235 and upper division standing; or consent of instructor.

HFHM 372 Hotel and Lodging Management (3)

Prerequisites: HFHM 170.

HFHM 373 Hotel and Restaurant Information Technology (3)

Prerequisites: HFHM 170 or consent of instructor.

HFHM 376 Hospitality Marketing and Service Management (3)

Prerequisites: HFHM 170.

HFHM 378 Legal Issues in Hospitality Management (3)

Prerequisites: Upper division standing or consent of instructor.

HFHM 379 Professional Integration into Hospitality Management (2)

Prerequisites: HFHM 179, Hospitality Management Major.

HFHM 471 Hotel & Lodging Property Management (3)

Prerequisites: HFHM 372 or consent of instructor.

HFHM 476 Hotel and Restaurant Financial Management (3)

Prerequisites: ACCT 201 and HFHM 170.

HFHM 479 Leadership and Strategic Management in Hospitality (3)

Prerequisites: HFHM 371.

HFHM 492J Internship in Hospitality Management (3)

Prerequisites: Student must be a major or minor in Hospitality Management; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Hospitality Management; and HFHM 276 or 372, 379, and 800 hours of approved work experience, or consent of instructor. Each prerequisite course must be completed with a grade of "C" or better.

NUTR 132 Introductory Nutrition (3)

Prerequisites/Corequisites: One Foundation course.

Take 12 units from the following for enhanced depth of knowledge in the industry:

HFHM 374 Meeting Planning in Hotels and Restaurants (3)

Prerequisites: HFHM 170

HFHM 375 Food Production Systems II (3)

Prerequisites: HFHM 276.

HFHM 472 Advanced Hotel Administration (3)

Prerequisites: HFHM 372.

HFHM 473 Beverage Management (3)

Prerequisites: For Hospitality Management majors: HFHM 276, senior standing; Nutrition and Dietetics majors: HFHM 343, senior standing.

HFHM 477 Restaurant and Dining Management (3)

Prerequisites: HFHM 276

FCS 497 Directed Studies (1-3)

Prerequisites: Upper division standing, consent of instructor.

Not open for credit to students with credit in FCSE 497.

Each course on the student's program planner must be completed with a grade of a "C" or better. In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with the approval of the student's faculty advisor.

HFHM 492J requires 800 hours of approved work experience as a prerequisite for this degree. Field study hours in HFHM 379 can be used toward meeting the 800 hours.

Minor in Hospitality Management

The 19-unit Minor in Hospitality Management is available to any non-Hospitality Management major.

Take all of the following:

HFHM 170 Intro to Hospitality Management (3)

Prerequisites: None.

HFHM 173 Applied Foodservice Sanitation (1)

Prerequisites: None.

Take 15 units selected from the following:

HFHM 176, HFHM 274, HFHM 276 or HFHM 345, HFHM 277, HFHM 371, HFHM 372, HFHM 373, HFHM 374, HFHM 375, HFHM 376, HFHM 378, HFHM 471, HFHM 472, HFHM 473, HFHM 476, HFHM 447 or HFHM 477, HFHM 479, and HFHM 492J.

Students are responsible to adhere to all prerequisites of courses as designated in the catalog. Certain combinations

of classes could require additional units. Please see an advisor for help in making these decisions.

Minor In Event Planning Management

For requirements, see description in the Recreation and Leisure Studies section of this catalog.

Hospitality Management Courses (HFHM)

LOWER DIVISION

170. Introduction to Hospitality Management (3)

Introduction to the hospitality industry and historical overview of field. Careers in hospitality management defined. Explore relationship of careers to community and foodservice and hotel/lodging industry. Overview of organization and current forces shaping foodservice and hotel operations.

Not open for credit to students with credit in HFHM 270. (Lecture-discussion 3 hours)

173. Applied Foodservice Sanitation (1)

Principles of sanitation and safety; the causes and controls of food borne illnesses, sanitary practices with purchasing, receiving, storing and preparing food, principles HACCP, sanitary maintenance of kitchen, dining room and equipment, personal hygiene, and safety of the food handler.

Letter grade only (A-F). (Lecture-discussion 1 hour)

176. Fundamentals of Food Preparation (3)

Covers basic scientific principles related to various foods and food preparation methods from the perspective of the restaurant and foodservice industry. Fundamental skills and techniques used for handling and preparing foods to maintain quality and safety are covered.

Letter grade only (A-F). Course fee may be required. (Lecture-discussion 2 hours, laboratory 3 hours).

179. Orientation to the Hospitality Management Major (1)

Prerequisite: Major in Hospitality Management

Provides students with an orientation into the major emphasizing the identification of career goals and the activities and behaviors needed for successful degree completion and transition into the workforce. Resources available on campus are also included.

Letter grade only (A-F). (2 hours activity)

235. Principles of Food Preparation (3)

Application of scientific principles in the preparation of selected food products emphasis on physical and chemical properties of food; methods and techniques of food preparation; factors that contribute to quality of prepared foods.

Letter grade only (A-F). (Lecture-discussion 2 hours, Laboratory 3 hours) Course fee may be required.

274. International Hospitality Development (3)

Prerequisites: ENGL 100 or GE Composition (Area A1).

International hospitality foodservice and hotel management. Issues and problems in the hotel and restaurant industry from a global perspective. Dynamics of human interaction in a multi-ethnic and multi-cultural global job market.

(Discussion 3 hours)

275. Food Production Systems I (3)

Prerequisites: NUTR 132 and HFHM 235.

Factors which influence individual, family and quantity foodservice. Menu planning and food selection, preparation and service in relation to management of time, energy and money. Foodservice practices for regular meals and special occasions.

Course fee may be required. (Lecture-discussion 2 hours, lab 3 hours)

276. Food Production and Service in Hospitality Management (3)

Prerequisites: HFHM 173, HFHM 176 or HFHM 235.

Fundamentals of planning, organizing, preparing, and serving of meals as applicable to the hospitality industry. Preparations relative to provision of quality food and beverage services included.

Letter grade only (A-F). Course fee may be required. (Lecture-discussion 2 hours, laboratory 3 hours)

277. Cost Control in Hospitality Management (3)

Prerequisites: HFHM 176

Financial management of food, labor, supplies, and other operational costs; procedures for controlling purchasing, receiving, storing, and issuing of food, beverage, and supplies; inventory and security management; computer applications; and analysis of financial reports.

Letter grade only (A-F). Not open to students with credit in HFHM 474. (Lecture - discussion 3 hours)

UPPER DIVISION

301. College Dining Services & Bookstore Administration (3)

Prerequisite: Consent of instructor.

Academic and experiential learning in management of college dining services and bookstore. Internship for student employees of Forty-Niner Shops, Inc.; 150 hrs of work experience, 18 hrs of classroom instruction.

343. Food Production Systems for Nutrition and Dietetics Professionals (3)

Prerequisites: HFHM 176 and NUTR 132.

Explores components of food production systems including menu writing, standard recipe adjustments, purchasing, receiving, storage and inventory control, sanitation and safety, food production planning, and meal delivery and service.

Letter grade only (A-F).

345. Foodservice Operations for Nutrition and Dietetics Professionals (2)

Prerequisites: HFHM 343, CA Food Handler's card valid for at least one year.

Students observe and experience quantity style food production and apply principles of menu planning, purchasing, costing, recipe development, service, and sanitation and safety. Facility design, equipment, and resource conservation are included.

Letter grade only (A-F). (1 hour seminar and 3 hours lab) Course fee may be required.

370. Exploring a Sustainable Food System (3)

Prerequisites: Completion of the GE Foundation and upper division. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

An interdisciplinary service-learning writing intensive course that addresses sustainability in the food industry through the study of environmental science and environmental sociology.

Letter grade only (A-F). (20 hours of service learning.)

371. Human Resources in Foodservice and Lodging Management (3)

Prerequisites: HFHM 176 or HFHM 235 and upper division standing; or consent of instructor.

Application of human resources management in the foodservice and lodging industries. Includes recruitment, selection, training and development, organizing a workforce, supervision, performance

leadership, workplace safety, labor relations, and related legal issues.

Letter grade only (A-F).

372. Hotel and Lodging Management (3)

Prerequisite: HFHM 170.

Organization and management of hotel and lodging facilities. Covers functions of various operational departments and how they interrelate. Importance of assuring quality guest service emphasized.

Fieldtrips may be required. (Lecture - discussion 3 hours)

373. Hotel and Restaurant Information Technology (3)

Prerequisites: HFHM 170 or consent of instructor.

Management of information systems found in hotel & restaurant industry. Includes applications of technology and computer systems facilitating front office, sales and marketing management, restaurant management, customer service, and communications in hotel and restaurant operations.

Letter grade only (A-F). (Lecture activity 3 hours)

374. Meeting Planning in Hotels and Restaurants (3)

Prerequisites: HFHM 170.

Planning, organizing, and implementing meetings in the hotel and restaurant industry. Factors necessary to provide food, lodging, and facility services for meetings and special functions are included.

Letter grade only (A-F). (Lecture/Discussion 3 hours)

375. Food Production Systems II (3)

Prerequisite: HFHM 276

Quantity food operations utilized providing production and operational experiences: menu planning, costing, standardizing recipes, serving, merchandising, sanitation and safety. Commercial and non-commercial settings are used.

Letter grade only (A-F). (Lecture-discussion 2 hours, Lab 3 hours)

376. Hospitality Marketing and Service Management (3)

Prerequisites: HFHM 170.

Application of marketing principles, methods and techniques to the hospitality service product. Components of customer service management, guest behavior, market research, promotion and marketing strategies are discussed.

Letter grade only (A-F). Fieldtrips and off-campus activities required. (Lecture-activity 3 hours)

378. Legal Issues in Hospitality Management (3)

Prerequisite: Upper division standing or consent of instructor.

Examine evolving laws of foodservice and lodging both historically and as they exist today.

(Lecture discussion 3 hours)

379. Professional Integration Into Hospitality Management (2)

Prerequisites: HFHM 179, Hospitality Management Major

Provides students with an opportunity to integrate into the professional work environment through field experience, exposure to industry professionals, and participation in directed activities to enhance career development and success.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (Seminar 1-3 hours)

447. Foodservice Administration for Nutrition and Dietetics Professionals (3)

Prerequisites: HFHM 343.

Explore principles of organization, administration, and leadership in commercial and non-commercial foodservice operations. Topics include organizational management, human resource management, productivity, marketing, financial management, and quality assurance as applied to the foodservice industry.

Letter grade only (A-F).

471. Hotel and Lodging Property Management (3)

Prerequisites: HFHM 372 or consent of instructor.

Management principles and practices applied to maintenance of hotel and lodging facilities. Strategies for maintaining hotels to ensure customer safety and satisfaction are included.

Letter grade only (A-F). (Lecture activity 3 hour) Field trips required.

472. Advanced Hotel Administration (3)

Prerequisites: HFHM 372.

Principles of organization, administration, and leadership in hotel and lodging operations. Topics include organizational management, human resource management, productivity, marketing, financial management, and quality service management.

Letter grade only (A-F). (Lecture activity 3 hour) Field trips required.

473. Beverage Management (3)

Prerequisites: For Hospitality Management majors: HFHM 276, senior standing; Nutrition and Dietetics majors: HFHM 343, senior standing.

Overview of the beverage industry. Identification, use, and service of wines and other alcoholic and non-alcoholic beverages, with an in-depth analysis of the various elements of beverage operations including purchasing, control, merchandising, and bar management.

Field trips required. (Discussion 3 hours)

476. Hotel and Restaurant Financial Management (3)

Prerequisites: ACCT 201 and HFHM 170.

Managerial and financial analysis of numerical data and reports used for planning, controlling, and decision making in the hotel and restaurant industry. Topics include ratio analysis, internal control, sales, revenue and cost management, cash control, budgeting, and feasibility studies as applied to the hotel and restaurant operations.

Letter grade only (A-F). (Lecture Activity 3 hours).

477. Restaurant and Dining Management (3)

Prerequisite: HFHM 276

Explore organization and administration in commercial and non-commercial foodservice operations. Includes food purchasing, receiving, storage, inventory control, marketing, organizational management, human resource management, productivity, financial management, and quality management.

Letter grade only (A-F). Fieldtrips required. (Discussion 3 hours)

479. Leadership and Strategic Management in Hospitality (3)

Prerequisites: HFHM 371.

Explore principles of organization, administration, and leadership in the hospitality industry. Topics include leadership, organizational theory, strategic management, team building, motivation, communication, and quality improvement as applied to the hospitality industry.

Letter grade only (A-F).

492J. Internship in Hospitality Management (3)

Prerequisites: Student must be a major or minor in Hospitality Management; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Hospitality Management; and HFHM 276 or 372, 379, and 800 hours of approved work experience, or consent of instructor. Each prerequisite course must be completed with a grade of "C" or better.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

Letter grade only (A-F). May be repeated for 6 units maximum. (Seminar 3 hours)

Administrative Support Coordinator: Wendy Lopez

Undergraduate Advisor: Lauren Rauscher

Career Possibilities

Elementary or Secondary School Teacher • Occupational Therapist • Physical Therapist • Parent Educator • Health Educator • Student Services • School Administration • Social Worker • Program Evaluator • Human Resources • Consumer Research • Health Administrator • Educational Counseling • Admissions or Academic Advising • Youth Program Specialist • Recreation Specialist • Community Organization Worker • Child Life Specialist • Training and Development Specialist • Senior Citizen Center Director • Gerontologist • Victim Witness Case Worker • Peace Corps Worker • Personnel Specialist • Teacher • Adoption Counselor • Marriage and Family Counselor • School Psychologist (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The field of Human Development studies lifespan development within societal and cultural contexts. Accordingly, Human Development is interdisciplinary, examining development primarily from the perspectives of its component disciplines: Anthropology, Biology, Psychology and Sociology.

The department offers a B.A. in Human Development and supervises the Human/Child Development concentrations in the Liberal Studies Program. The B.A. allows students to choose from a wide variety of Foundation Area courses. Careful selection of Foundation courses allows students to make significant progress in a minor or certificate while completing the major. In addition to academic training, students are taught to apply their knowledge through a semester Practicum.

The faculty of Human Development are active researchers, who regularly include interested students in their research programs. Students who are considering graduate school have the opportunity to work as research assistants on a variety of projects and can help present the findings of those projects at professional conferences. Research experience of this type enhances the likelihood that students will be accepted into a graduate program.

The Human Development Student Association (HDSA) is an active student club open to all students enrolled in Human Development courses and has regularly scheduled meetings. HDSA activities are posted outside the

department office.

For more information, visit the office (LA3-202) or visit the department website. Students who wish to major in Human Development should seek early advising from the Undergraduate Advisor.

Bachelor of Arts in Human Development (120 units)

Requirements

Lower Division:

Take 9 units from the following:

* "C" or better required

HDEV 180 Lifespan Human Development (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

ANTH 120 Introduction to Cultural Anthropology (3)

* "C" or better required

Prerequisite/Corequisite: Any GE Foundation course.

PSY 100 General Psychology (3)

* "C" or better required

Prerequisite/Corequisite: GE A1 requirement.

SOC 100 Principles of Sociology (3)

* "C" or better required

Prerequisite/Corequisite: A GE Foundation course.

Core Courses (27 units):

Take all of the following courses:

HDEV 250 Elementary Statistics in Social and Behavioral Sciences (4)

Prerequisites: Knowledge of mathematical procedure usually covered in elementary high school algebra, eligibility for GE math.

HDEV 307 Approaches to Childhood (3)

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

HDEV 320 Research Methods in Human Development (4)

Prerequisite: HDEV 250 or PSY 210 or SOC 250 or BIOL 260 with a "C" or better; and HDEV 307 with a "C" or better; and HDEV 357 with a "C" or better. Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

HDEV 357 Approaches to Adulthood Through Aging (3)

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

HDEV 470 Seminar/Practicum (4)

Prerequisites: HDEV 320 with a "C" or better and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

Take one of the following courses:

HDEV 340 Families and Work: Life Course Processes (3)

Prerequisites: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better.

HDEV 360 Cultural Foundations for Human Development (3)
Prerequisites: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better.

Take one of the following courses:

HDEV 402 Development of Thought: Structure, Process and Cultural Influences Across the Life Span (3)
Prerequisite: HDEV 320 with a "C" or better and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

HDEV 403 The Acquisition of Culture: Socialization in Cross-cultural Perspective (3)
Prerequisites: HDEV 320 with a "C" or better, and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

Take 3 more upper division units in HDEV earning a "C" or better.

Take 3 units from each of the following foundation areas:

Biological:

ANTH 318; ANTH 319; BIOL 301; HSC 420, HSC 421, HSC 425, WGSS 440.

Psychological:

EDP 302, EDP 305; CDFS 311, CDFS 312, CDFS 314, CDFS 411, CDFS 412; GERN 400; HDEV 300, HDEV 327; PSY 331, PSY 332, PSY 333, PSY 336, PSY 351, PSY 356, PSY 370, PSY 378, PSY 463;

Sociocultural:

ANTH 351, ANTH 413, ANTH 419, ANTH 421, ANTH 454, ANTH 475; ASAM 340, ASAM 381; AFRS 410; CHLS 340, CHLS 350, CHLS 415; CDFS 413; CWL 315; GERN 400; HDEV 300, HDEV 327, HDEV 340; HDEV 360; LING 329, LING 379; SOC 320, SOC 325, SOC 335, SOC 345, SOC 346, SOC 423, SOC 464; WGSS 375, WGSS 401, WGSS 420.

Students must earn a grade of at least "C" in all upper division major courses.

Minor in Human Development

The minor in Human Development may be combined with any major at CSULB except Human Development and Liberal Studies, Track II - Human Development Concentration. The minor in Human Development offers students an opportunity to supplement their education with an interdisciplinary study of lifespan development within societal and cultural contexts.

Requirements

A minimum of 7 courses, chosen in consultation with the Human Development Department Advisor.

Take one of the following courses:

HDEV 180 Lifespan Human Development (3)
Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

ANTH 120 Introduction to Cultural Anthropology (3)
Prerequisite/Corequisite: Any GE Foundation course.

PSY 100 General Psychology (3)
Prerequisite/Corequisite: GE A1 requirement.

SOC 100 Principles of Sociology (3)
Prerequisite/Corequisite: A GE Foundation course.

Take all of the following courses:

HDEV 250 Elementary Statistics in Social and

Behavioral Sciences (4)

"C" or better required

Prerequisites: Knowledge of mathematical procedure usually covered in elementary high school algebra, eligibility for GE math.

HDEV 307 Approaches to Childhood (3)

"C" or better required

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

HDEV 320 Research Methods in Human Development (4)

Prerequisite: HDEV 250 or PSY 210 or SOC 250 or BIOL 260 with a "C" or better; and HDEV 307 with a "C" or better; and HDEV 357 with a "C" or better. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

HDEV 357 Approaches to Adulthood Through Aging (3)

"C" or better required

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

Take one of the following:

HDEV 340. Families and Work: Life Course Processes (3)

Prerequisite: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better

HDEV 360 Cultural Foundations for Human Development (3)

Prerequisites: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better.

Prerequisite/Corequisite: None.

Take 3 more upper division units in HDEV earning a "C" or better.

All students in this minor must take at least 6 courses in Human Development. All students who complete another course as part of their major that is equivalent to a Human Development course (such as a statistics course equivalent to HDEV 250) must substitute another HDEV course for that one and earn a "C" or better.

Courses (HDEV)

LOWER DIVISION

180. Lifespan Human Development (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

Introduction to the cognitive, social emotional and physical development of humans within their ecological niches. Differing worldviews (anthropology, sociology, psychology, and biology) will be used to compare and contrast developmental milestones and issues from conception to death.

250. Elementary Statistics in Social and Behavioral Sciences (4)

Prerequisites: Knowledge of mathematical procedure usually covered in elementary high school algebra, eligibility for GE math.

Introduction to descriptive and inferential statistics and their applications in social and behavioral science research; performance of statistical exercises by interactive computer. Emphasis upon knowledge of which statistical tests to use and how to interpret their results.

Same course as C/LA 250. Not open for credit to students with credit in ANTH 202, PSY 110, 210, SOC 250 or C/LA 250. (Lec 3 hrs, lab 2 hrs.)

UPPER DIVISION

300. Death and Dying (3)

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100. Not open for credit to students with credit in HDEV 400.

Exploration of social, cultural and individual aspects of death experience examined from historical, biological, legal, religious and ethical perspectives. Deathwork, the dying experience, survivorship, ritual and grief examined in light of life-span, cultural and gender diversity.

307. Approaches to Childhood (3)

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

Biological, psychological, and sociocultural aspects in the growth of the individual from conception through early adolescence will be considered. Relevant topics and theoretical issues will be treated in an interdisciplinary manner.

Not open for credit to students with credit in NRS 307.

320. Research Methods in Human Development (4)

Prerequisite: HDEV 250 or PSY 210 or SOC 250 or BIOL 260 with a "C" or better; and HDEV 307 with a "C" or better; and HDEV 357 with a "C" or better. Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

Research methods in human development including methods and models from anthropology, biology, psychology and sociology.

Letter grade only (A-F). (3 hours seminar; 3 hours activity)

327. Approaches to Adolescence and Emerging Adulthood (3)

Prerequisites: Completion of G.E. Foundation, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100.

Biological, psychological, and sociocultural aspects in the development of the individual from pubescence through emerging adulthood will be examined. Relevant topics and theoretical issues will be treated in an interdisciplinary manner.

340. Families and Work: Life Course Processes (3)

Prerequisites: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better.

Examination of the historical transformations over time in Western societies, but especially in the U.S., in the nature of work and how these changes have helped to reshape family forms, relationships and processes.

357. Approaches to Adulthood Through Aging (3)

Prerequisites: GE Foundation requirements, upper-division standing, ANTH 120 or HDEV 180 or PSY 100 or SOC 100 with a "C" or better.

Biological, psychological and sociocultural aspects in the development of the individual from late adolescence or youth until death. Relevant topics and theoretical issues are treated in an interdisciplinary manner.

Not open for credit to students with credit in NRS 357.

360. Cultural Foundations for Human Development (3)

Prerequisites: HDEV 307 with a "C" or better and HDEV 357 with a "C" or better.

Examination of the human life cycle from a global and cross-cultural comparative perspective. Consideration of how the phases of human development (and the transitions between them) are conceptualized and dealt with in a variety of sociocultural settings worldwide.

Not open for credit to students with credit in HDEV 401.

402. Development of Thought: Structure, Process and Cultural Influences Across the Life Span (3)

Prerequisite: HDEV 320 with a "C" or better and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

Examination of theories and current research on the development of thought and problem solving across the lifespan and cross-culturally using a multidisciplinary approach. Specific topics include cognition, problem solving, intelligence, language and thought, understanding numbers, literacy and educational implications.

403. The Acquisition of Culture: Socialization in Cross-cultural Perspective (3)

Prerequisites: HDEV 320 with a "C" or better and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

Examination of socialization as both a universal and culturally specific phenomenon. Topics include cross-cultural variations in teaching and learning; socialization of children and adult novices; socialization as key aspect of social and cultural reproduction and source of innovation and change.

Letter grade only (A-F).

470. Seminar/Practicum (4)

Prerequisites: HDEV 320 with a "C" or better and HDEV 340 or HDEV 360 with a "C" or better; or consent of the instructor.

Provides for a sequence of observations and supervised participation with individuals in a variety of community agencies and/or educational settings. Practicum is supplemented by topical seminar discussions for two hours each week.

(Seminar 2 hrs, practicum 6 hrs.)

490. Selected Topics in Human Development (3)

Prerequisites: GE Foundation requirements, upper-division standing and consent of instructor.

Topics of current interest in human development selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

499. Independent Study (1-3)

Prerequisite: Consent of instructor and chair.

Student conduct independent laboratory, field, or library research and write a report of the research.

May be repeated to a maximum of 6 units.

INFORMATION SYSTEMS

College of Business Administration

Department Office: College of Business Administration (CBA) 426
Telephone: (562) 985-4993 (O) 985-5543 (F)

Career Possibilities

Business Application Developers • Business Analysts • Database Designers • Web and E-Commerce Developers and Administrators • Webmasters • Wireless and Mobile Application Developers • Business Intelligence Analysts • Data Mining Specialists • Network and Security Specialists • Network Administrators • Social Media Specialists • Information Systems Consultants
(For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

Refer to the following website for additional impaction criteria: www.csulb.edu/depts/enrollment/graduation/native-major-criteria/.

Requirements

In order to graduate with a business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

All CBA majors must maintain major GPAs of 2.0 or higher. A student whose GPA in the major falls below 2.0 will be advised that they are at risk of being dismissed from the major and granted one semester to raise their major GPA(s) to 2.0. Students who do not successfully raise their major GPA(s) must meet with an advisor to declare another major or submit an appeal to the CBA Center for Student Success explaining why they need one additional semester. Students whose major GPAs remain below 2.0 after this additional semester must declare a new major.

1. Lower Division:

Take all of the following:

ACCT 201 Elementary Financial Accounting (3)

* C or better

Prerequisite: None

ACCT 202 Managerial Accounting (3)

Prerequisites: ACCT 201

ECON 100 Principles of Macroeconomics (3)

* C or better

Prerequisites: MATH 103 or higher; one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

* C or better

Prerequisite/Corequisite: MATH 103 or higher.

MATH 115 Calculus for Business (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Choose one of the following:

STAT 118 Intro to Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 114 Finite Mathematics (3)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 11.

Students planning business options should take STAT 118.

2. Critical Thinking Requirements

Any critical thinking course (GE category A3); IS 100 is recommended.

3. All business and pre-business majors shall demonstrate computer literacy and competency. Complete one of the following:

A. Passing score (70%) on the Computer Proficiency Examination (CPE).

B. IS 233 Introduction to Computer Systems and Applications (3) with Credit (Cr).
Prerequisite: None

C. Transfer equivalent course with a "C" or better grade.

4. Upper Division:

A. Take all of the following:

CBA 300 International Business (3)
Prerequisite: None

FIN 300 Business Finance (3)
Prerequisite: None

BLAW 320 Legal and Regulatory Environment of Business (3)
Prerequisite: None

IS 300 Management Information Systems (3)
Prerequisite: IS 233 or equivalent.

IS 301 Business Communications (3)
Prerequisite: None

IS 310 Business Statistics (3)
Prerequisite: STAT 118 or MATH 114.

HRM 360 Organizational Behavior (3)
Prerequisite: None

MGMT 300 Principles of Management (3)
Prerequisite: None

MKTG 300 Marketing (3)

Prerequisite: None

B. The following Capstone course must be taken at CSULB as a senior and after the upper-division prerequisite core courses have been completed:

MGMT 425 Business Strategy and Policy (3)

Prerequisites: ACCT 202 or ACCT 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

C. Completion of option requirements.

5. Elective courses to total 120 units. Students are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in Management Information Systems (120 units)

This option has an emphasis on systems management, information process and analysis, and new uses of information technologies and management information systems for business applications and decision-making. Also included are application development, e-commerce, business telecommunications, and decision technologies.

Requirements

1. Take the following courses:

I S 340 Business Application Programming (3)

Prerequisite: None.

I S 380 Database Management (3)

Prerequisite: None.

I S 385 Systems Analysis and Design (3)

Prerequisite: I S 233 or equivalent.

2. Take 9 units selected from the following:

IS 320, IS 355, IS 445, IS 455, IS 456, IS 457, IS 464,

IS 470, IS 480, IS 482, IS 483, IS 484, IS 485.

Minor in Management Information Systems

Requirements

For Non-Business Students only (NOTE: the IS 301 prerequisite requirement is waived for the minor).

1. Take the following course:

IS 300 Management Information Systems (3)

Prerequisite: IS 233 or equivalent.

2. Take 15 units selected from the following:

IS 320, IS 331, IS 340, IS 355, IS 380, IS 385, IS 445,

IS 455, IS 456, IS 457, IS 464, IS 470, IS 480, IS 482, IS 483, IS 484, and IS 485.

Information Systems Courses (I S)

LOWER DIVISION

100. Critical Thinking and Information Technology Literacy (3)

Critical thinking and information literacy skills through information needs assessment, information gathering, diagnosis, synthesis, deductive and inductive reasoning, and reporting and presentation using information technologies.

Letter grade only (A-F).

233. Introduction to Computer Systems and Applications (3)

Introduction to using Internet and e-mail, Windows, word processing, spreadsheet, and database applications; basic computer literacy.

Credit/No Credit grading only.

UPPER DIVISION

300. Management Information Systems (3)

Prerequisite: IS 233 or equivalent.

Information systems concepts and components, contemporary organizational applications, development and management of information systems, and future trends. Computer-based team projects requiring integration and application of conceptual and skills-oriented information systems knowledge in business environment.

Letter grade only (A-F).

301. Business Communications (3)

Analysis of principles of collecting, organizing, analyzing, and presenting business information. Written and oral communications involving problem solving in the business management process.

Letter grade only (A-F).

301L. Business Communication Writing (3)

Prerequisite: Consent of instructor.

A writing intensive course format emphasizing concepts and practice for development of writing skills necessary for successful professional practice. This course may be used to satisfy the GWAR requirement.

May be repeated to a maximum of 6 units in different semesters. May be used to satisfy the GWAR.

310. Business Statistics I (3)

Prerequisite: STAT 118 or MATH 114.

Application of statistics to business problems. Data collection and organization, probability theory, measures of central tendency and dispersion, hypothesis testing and estimation, simple regression, and correlation. Use of statistical software.

Letter grade only (A-F)

320. Spreadsheet Modeling for Business and Management (3)

Prerequisites: IS 233; STAT 118 or MATH 114.

Using spreadsheet to solve business and management problems. Complete coverage of spreadsheet topics including problem formulation, formula, functions, pivot table, macro, solver, spreadsheet forms and VBA, what-if analysis, dimensional analysis, optimization, and quantitative modeling. Data analysis and visualization using spreadsheet.

Letter grade only (A-F).

331. Professional and Workplace Communication (3)

Techniques, skills, and theories of empowering communication for entering and succeeding in the workplace and professional setting. Principles and professional practices of leading at work, interpersonal and collaborative workplace relationships, specialized writing and presentations, and workplace wellness are emphasized.

Letter grade only (A-F).

340. Business Application Programming (3)

Introduction to business application development. Programming concepts, variables, data types, operators, methods, conditionals and recursion. Classes, objects, encapsulation, inheritance, and polymorphism. User interface and database access. Program design, debug and test.

Letter grade only (A-F).

355. Introduction to Business Telecommunications (3)

Introduction to concepts and technology of telecommunications and networking in business and organizations. Basics of voice, data, image, and video transmission. Fundamentals of networking, use of Internet technology and telecommunication regulation and standards.

Letter grade only (A-F).

380. Database Management (3)

Introduction to database requirements, analysis and specification. SQL query formulation. Database implementation using relational database management system software, such as Oracle. Design of computerized business forms and reports.

Letter grade only (A-F).

385. Systems Analysis and Design (3)

Prerequisite: IS 233 or equivalent.

Introduction to current and emerging practices, concepts and methods of systems analysis and design. Development process models, requirements analysis and system modeling, conceptual and physical design, systems implementation and maintenance, project management and teamwork, roles and responsibilities of systems analysts.

Letter grade only (A-F).

445./545. Internet Applications Development (3)

Prerequisites: IS 301, IS 340.

Design, management, and applications of Internet-based electronic business transaction systems. Special emphasis on Web home page design and database-driven Web application development.

Letter grade only (A-F). Lecture, hands-on software project and case studies.

455. Local Area Networks (3)

Prerequisites: IS 301, 355.

Technology and system development of local area networks. Network requirement analysis, design, implementation, and operation from user and network administrator perspectives. Network server management, wide area network and Internet connectivity, and network security and control.

Letter grade only (A-F).

456. Systems Integration and Security (3)

Prerequisites: IS 301, 355.

Technology, application, operating system, infrastructure, and systems integration in internetworking and enterprise networking. Interoperability, mobile system, multimedia, distributed and collaborative systems, network management, fault tolerance, security and middleware. Case studies and hands-on activities.

Letter grade only (A-F).

457. Wireless Systems and Mobile Applications (3)

Prerequisites: IS 301, 340.

Application of information technologies, management in wireless and mobile environment. Technical aspects of wireless internetworking and mobile applications in business. Pervasive and ubiquitous computing environment and applications. Current technical issues, application development, and human interface design.

Letter grade only (A-F).

464./564. Network Modeling and Simulation (3)

Prerequisites: IS 301, 310.

Fundamentals of simulation methodology for performance and feasibility study of business models. Basic probability distributions, random number generation, model formulation, evaluating results, validations, waiting-line simulation, and computer network performance measurement via simulation and use of computer software simulation packages.

Letter grade only (A-F).

470. Business Intelligence (3)

Prerequisites: IS 301, 310.

Extract useful information (business intelligence BI) from large volumes of data or internet using BI software. Theories and applications in business intelligence, data mining, and business analytics. Topics include recommender system, collaborative filtering, classification, clustering, web mining, social network analysis.

Letter grade only (A-F).

480. Advanced Database Management (3)

Prerequisites: IS 301, IS 380.

Advanced approaches such as object-oriented, data warehousing, and client/server methods to database applications and development. Use of entity-relationship analysis to identify objects. Development of relational database systems for a business. Application software development project using cutting-edge database technology.

Letter grade only (A-F).

482. Enterprise Systems (3)

Prerequisites: IS 301, IS 340, IS 380.

Introduction to theories and application of enterprise systems. Issues and management of enterprise systems adoption. Understanding and hands-on experience of major business processes in enterprise systems. Enterprise systems configuration and customization with back-end programming language.

Letter grade only (A-F).

483. Business Applications Using Java (3)

Prerequisites: IS 301.

Development of business application using Java language. Tools and technologies including data types, program control, objects, classes and relationship, class inheritance, interfaces, polymorphism, inner classes, the relationship between super-classes and sub-classes, event-driven programming and socket-bases communication in Java.

Letter grade only (A-F).

484./584. Electronic Commerce (3)

Prerequisites: IS 301.

Theory and applications of electronic commerce including issues such as E-cash, E-banking, E-tailing, SCM, E-marketing, B2C, B2B, C2C, E-government, Internet business opportunities, Internet security homepage maintenance, Internet database interface and cooperative computing.

Letter grade only (A-F).

485. Information Systems Project (3)

Prerequisites: IS 301, IS 380.

A comprehensive systems project of moderate complexity for a client-server environment using a team approach for requirements analysis, system design, and prototype creation. Project planning and management techniques.

Letter grade only (A-F).

495. Selected Topics in Information Systems (1-3)

Prerequisites: Consent of instructor and GPA of 3.0 or higher in major, IS 301.

Topics of current interest in the field.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

497. Directed Studies (1-3)

Prerequisites: IS 301, consent of instructor and department chair; student must be on Dean's List with a GPA of 3.0 or higher in Management Information Systems.

Individual projects, research, or study in the option.

INTERNATIONAL BUSINESS

College of Business Administration

Director: Terrence H. Witkowski

Phone: (562) 985-4766

Website: www.csulb.edu/colleges/cba/ib/

Career Possibilities

Import/Export Agent • Foreign Sales Representative • Trade Broker • Buyer • Bank Manager • Financial Manager • Foreign Currency Investment Advisor • International Management Consultant • Relocation Consultant • Customs Broker

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

Refer to the following website for additional impaction criteria: www.csulb.edu/depts/enrollment/graduation/native-major-criteria/.

Requirements

In order to graduate with an undergraduate business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

All CBA majors must maintain major GPAs of 2.0 or higher. A student whose GPA in the major falls below 2.0 will be advised that they are at risk of being dismissed from the major and granted one semester to raise their major GPA(s) to 2.0. Students who do not successfully raise their major GPA(s) must meet with an advisor to declare another major or submit an appeal to the CBA Center for Student Success explaining why they need one additional semester. Students whose major GPAs remain below 2.0 after this additional semester must declare a new major.

1. Lower Division:

Take all of the following:

ACCT 201 Elementary Financial Accounting (3)

* C or better

Prerequisite: None

ACCT 202 Managerial Accounting (3)

Prerequisite: ACCT 201.

ECON 100 Principles of Macroeconomics (3)

* C or better

Prerequisites: MATH 103 or higher; one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

* C or better

Prerequisite/Corequisite: MATH 103 or higher.

MATH 115 Calculus for Business (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Choose one of the following:

STAT 118 Intro to Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 114 Finite Mathematics (3)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 11.

Students planning business options should take STAT 118.

2. Critical Thinking Course Requirements

Any critical thinking course (GE category A3); IS 100 is recommended.

3. All business and pre-business majors shall demonstrate computer literacy and competency. Complete one of the following:

A. Passing score (70%) on the Computer Proficiency Examination (CPE).

B. IS 233 Introduction to Computer Systems and Applications (3) with Credit (Cr).
Prerequisite: None

C. Transfer equivalent course with a "C" or better grade.

4. Upper Division:

A. Take all of the following:

CBA 300 International Business (3)

Prerequisite: None

FIN 300 Business Finance (3)

Prerequisite: None

BLAW 320 Legal and Regulatory Environment of Business (3)

Prerequisite: None

IS 300 Management Information Systems (3)

Prerequisite: IS 233 or equivalent.

IS 301 Business Communications (3)

Prerequisite: None

IS 310 Business Statistics (3)

Prerequisite: STAT 118 or MATH 114.

HRM 360 Organizational Behavior (3)

Prerequisite: None

MGMT 300 Principles of Management (3)

Prerequisite: None

MKTG 300 Marketing (3)

Prerequisite: None

B. The following Capstone course must be taken at CSULB as a senior and after the upper-division prerequisite core courses have been completed:

MGMT 425 Business Strategy and Policy (3)

Prerequisites: ACCT 202 or 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

C. Completion of option requirements.

5. Elective courses to total 120 units. Student are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in International Business (120 units)

This option prepares students for an increasingly competitive and interdependent international business world and offers information about how international business practices and customs differ from those in the U.S. Students need some familiarity with a language other than English as well as knowledge of culture and world geography.

Requirements

1. Take all of the following:

- ACCT 465 International Accounting (3)
Prerequisites: ACCT 201, ACCT 202, IS 301.
- FIN 490 International Finance (3)
Prerequisites: FIN 300, IS 301
- MKTG 480 International Marketing (3)
Prerequisite: MKTG 300, IS 301.

Take one of the following:

- MGMT 405 International & Comparative Management (3)
Prerequisites: MGMT 300, IS 301.
- MGMT 406 International Business Policy (3)
Prerequisite: MGMT 300, IS 301.

2. Take two of the following courses:

- BLAW 424, CBA 493 (subject to approval of the Program Director), CBA 494 (A or B), HRM 458, MKTG 481, and MGMT 405 or MGMT 406 (whichever was not taken in satisfaction of requirement #1)

3. Nine units of upper-division GE capstone must be chosen from a list of courses with strong global or international emphasis. This list is available at the CBA Student Center for Success (CBA 100), from the Director of the International Business Program, and online at www.csulb.edu/colleges/cba/ib/majors/.

Minor in International Business

This minor designed to provide students with international business skills and cultural knowledge, which can be an advantage for job seeking and career building, as well as a source of personal enrichment. Students accepted for admission must have at least a 2.0 GPA with junior standing.

This minor requires 18 units.

Requirements

For Non-Business students only, CBA students are not eligible. (NOTE: IS 301, which is required for all 400-level courses in CBA, is waived for minors.)

Take both of the following courses:

- CBA 300 International Business (3)
Prerequisite: None.
- COMM 330 Intercultural Communication (3)
Prerequisite: None.

Choose one of the following Tracks:

International Management Track

- MGMT 300 Principals of Management (3)
Prerequisite: None.
- MGMT 405 International & Comparative Management (3)
Prerequisites: MGMT 300, IS 301.

- MGMT 406 International Business Policy (3)
Prerequisites: MGMT 300, IS 301.

International Marketing Track

- MKTG 300 Marketing (3)
Prerequisite: None.
- MKTG 480 International Marketing (3)
Prerequisites: MKTG 300, IS 301.
- MKTG 481 International Marketing in Selected Markets (3)
Prerequisites: MKTG 300, IS 301.

Choose one of the two culminating experience courses:

- CBA 493 Business Internship (3)
Prerequisites: IS 301, Classified business major or minor, consent of instructor.
- CBA 494 (A or B) Selected Topics - Short-Term Study Abroad (3)
Prerequisite: None

INTERNATIONAL STUDIES

College of Liberal Arts

Director/ Professor: Richard R. Marcus

Program Office: LA-3 100

Telephone: (562) 985-5236

Program Secretary: Kandis Pogoda

Telephone: (562) 985-5236

Website: <http://www.csulb.edu/depts/intlst/>

Faculty: Laura Ceia (French), Norma Chinchilla (Sociology), Kenneth Curtis (History), Thomas Frazier (International Studies), Nathan Gonzales (International Studies), Angela Hawk (International Studies), Paul Laris (Geography), Arlene Lazarowitz (History) Richard Marcus (International Studies), Caitlim Fouratt (International Studies), Yousef Baker (International Studies), Unna Lassiter (Geography).

Career Possibilities

International Development Officer • Program Officer
• Foreign Service Officer • Researcher • Teacher •
Intelligence Analyst • Social Service Worker • Lawyer •
Community Organizer • Journalist • Administrator • Trade
and International Business (Some of these, and other
careers, require additional education or experience. For
more information, see International studies website www.careers.csulb.edu or an International Studies advisor.)

Bachelor of Arts in International Studies (120 units)

The Bachelor of Arts in International Studies is an interdisciplinary degree program that marries a strong liberal arts education with a foundation in transecting international studies theories and a professionally-oriented skillset necessary for success in internationally-related careers. Students receive direct international experience through classroom-based international interactions and by participating in a foreign study program or an internationally related internship in this country.

International Studies students are curious global citizens who want to make their mark on the world. The major program provides them the tools and guidance to focus their interests and accomplish their goals. It prepares CSULB graduates for high demand jobs in fields like international trade and business, non-profits, international development, international affairs, education, and law.

International Studies uses an outcomes-oriented approach to higher education leading students to develop strong analytical and writing skills while teaching students how to integrate a wide variety of disciplinary methods, language competencies, and cross-cultural understandings into the study of global issues.

All International Studies majors are required to develop a program of study in consultation with the program advisor. Majors should choose their foreign language, foreign study or internship experience, and senior seminar research project to reflect this emphasis.

The Dual Major Track:

Students pursuing the Bachelor of Arts in International Studies can choose to instead enroll in the Dual Major

Track. The Dual Major Track synthesizes the goals and outcomes of the International Studies major with the goals and outcomes of a second major. It differs from the standard International Studies major in that it allows students to replace the eighteen units of professional and regional development in the major with professional and regional development from the student's second major. The student develops an interdisciplinary, international, intercultural knowledge base and skills, critical thinking skills, analytical reasoning skills, writing skills, and oral argument skills through the remaining International Studies coursework and uses the two advanced courses to integrate the two majors through an experiential learning paper and a senior research paper. Though students will overlap 18 units of coursework between the two majors advisor approval is necessary and students must complete both majors within 120 percent of the 120 units required for the Bachelor of Arts degree. Students are advised on strategies for integrating the two majors, language acquisition, and either study abroad or an internship in a timely, efficient, and rewarding manner.

Requirements

A minimum of 48 units in a program approved by the International Studies advisor.

Requirements Not Included in Major

Foreign Language:

Three years of college level study or equivalent proficiency demonstrated in a language appropriate to the program of study and geographic area concentration selected.

Major Requirements

Lower Division (15 units):

Complete each of the following courses:

I/ST 100 Global Citizenship (3)

Prerequisite/Corequisite: one GE A1 course

I/ST 200 Introduction to International Studies (3)

Prerequisite: GE Foundation requirements.

I/ST 222 Skills and Methods for Global Leadership (3)

Prerequisite: GE Foundation requirements.

ECON 100 Principles of Macroeconomics (3)

Prerequisites: MATH 103 or higher and one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

Prerequisite/Corequisite: MATH 103 or higher.

Upper Division: minimum of 33 units

A course can only be counted towards one category in the major. All upper division courses counting towards the major except for I/ST 492 must be taken for a Letter Grade and must be completed with a grade of "C" or better.

Category 1: Core Courses

Complete three of the following core courses (9 units):

I/ST 317, I/ST 319, I/ST 320, I/ST 333, I/ST 355, I/ST 463.

Category 2: Professional Development Area

Complete three courses in any one of the following professional development areas (9 units):

(1) *International Development:*

ANTH 307; ECON 310, ECON 311, ECON 372, ECON 366, ECON 464, ECON 465, ECON 470, ECON 471; GEOG 319, GEOG 452; HDEV 360; I/ST 319, I/ST 350, I/ST 419; POSC 461.

(2) *Culture and Identity:*

AFRS 337, AFRS 353; ANTH 419; ASAM 354, ASAM 407; A/ST 320, A/ST 336, A/ST 393; CHIN 451, CHIN 471; COMM 330, COMM 430; CWL 330A-B, CWL 334, CWL 344, CWL 346, CWL 350, CWL 438; ENGL 359, ENGL 459, ENGL 466; FREN 456; GERM 370, GERM 380; HDEV 403; HIST 435, HIST 465; I/ST 320, I/ST 350; JAPN 452, JAPN 453, JAPN 451, JAPN 471; RGR 314, RGR 315, RGR 346, RGR 450; R/ST 308, R/ST 314, R/ST 315, R/ST 317, R/ST 331, R/ST 341, R/ST 344, R/ST 351, R/ST 352, R/ST 353, R/ST 383, R/ST 458, R/ST 460, R/ST 467, RUSS 310, RUSS 428; WGSS 406A, WGSS 410.

(3) *Citizenship and Migration:*

ANTH 444, CHLS 335, HIST 412, I/ST 320, SOC 358.

(4) *Politics, International Relations, and Social Movements:*

AFRS 430; GEOG 470; HIST 345, HIST 478; I/ST 317, I/ST 318, I/ST 350, I/ST 478; JOUR 312; PHIL 351; POSC 353, POSC 362, POSC 367, POSC 371, POSC 376, POSC 450, POSC 455; SOC 317, SOC 318, SOC 449; WGSS 401, WGSS 402, WGSS 424, WGSS 425, WGSS 449.

(5) *International Environmental and Natural Resource Issues:*

ECON 464; ENGR 302; GEOG 340, GEOG 355, GEOG 440; HIST 464; I/ST 355.

Category 3: Geographic Area Concentration

Complete three courses in any one of the following geographic areas (9 units):

Europe Area Concentration:

CHLS 450; CWL 330A-B, CWL 344, CWL 438; ENGL 359, ENGL 459, ENGL 466; FREN 440, FREN 456; GEOG 316; GERM 370, GERM 380; HIST 304, HIST 332, HIST 333, HIST 334, HIST 337, HIST 338, HIST 339, HIST 340, HIST 343, HIST 357, HIST 435, HIST 437; PHIL 414; RGR 314, RGR 315, RGR 346; RUSS 310, RUSS 428; SPAN 428, SPAN 446, SPAN 449, SPAN 430.

South Asia Area Concentration:

A/ST 306, A/ST 307; GEOG 314; HIST 385; PHIL 307.

East Asia Area Concentration:

ANTH 332, A/ST 306, A/ST 307, A/ST 393, A/ST 495; CHIN 382B, CHIN 451; CWL 334; ENGL 359, GEOG 313, GEOG 315; HIST 382A-B, HIST 383A-B, HIST 384, HIST 386, HIST 388, HIST 406, HIST 407, HIST 412; JAPN 451, JAPN 452; PHIL 306; POSC 362.

Latin America and the Caribbean Area Concentration:

ANTH 432; CHLS 430, CHLS 450, CHLS 450A; GEOG 321; HIST 362, HIST 364, HIST 365, HIST 366, HIST 460, HIST 462, HIST 463, HIST 464, HIST 465; I/ST 476, POSC 358, POSC 481; SPAN 445, SPAN 450, SPAN 455, SPAN 460.

Middle East/North Africa Area Concentration:

GEOG 309; HIST 393, HIST 394, HIST 417, HIST 432; I/ST 405, POSC 367, SOC 405.

North America Area Concentration:

ANTH 432; CHLS 300, CHLS 352; CWL 350; GEOG 306, GEOG 321; HIST 435, HIST 462; I/ST 478.

Oceania Area Concentration:

Due to lack of available courses this concentration can only be chosen if the student is completing a relevant study abroad.

Russia and Central Asia Area Concentration:

GEOG 318; HIST 341A-B, HIST 418, HIST 440; RUSS 310, RUSS 428.

Africa Area Concentration:

AFRS 337, AFRS 343A, AFRS 353, AFRS 363, AFRS 430; GEOG 308; HIST 391, HIST 392, HIST 491.

Category 4: Advanced Coursework

I/ST 492 International Studies Internship/Foreign Study (3)

An internship or foreign study program related to the course of study selected, as approved by the Study Abroad and Internship Advisor. Prerequisites: Consent of I/ST advisor; completion of a minimum of 15 upper division units required for the major in International Studies.

I/ST 490 Senior Research Seminar in International Studies (3)

Prerequisites: Senior standing or consent of the International Studies advisor and instructor.

The Dual Major Track

Requirements

A minimum of 48 units in a program approved by the International Studies advisor.

Requirements Not Included in Major

Foreign Language:

Three years of college level study or equivalent proficiency demonstrated in a language appropriate to the program of study and geographic area concentration selected.

Major Requirements

Lower Division (15 units):

Complete each of the following courses:

I/ST 100 Global Citizenship (3)

Prerequisite/Corequisite: one GE A1 course

I/ST 200 Introduction to International Studies (3)

Prerequisite: GE Foundation requirements.

I/ST 222 Skills and Methods for Global Leadership (3)

Prerequisite: GE Foundation requirements.

ECON 100 Principles of Macroeconomics (3)

Prerequisites: MATH 103 or higher and one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

Prerequisite/Corequisite: MATH 103 or higher.

Upper Division: minimum of 33 units

All upper division courses counting towards the major except for I/ST 492 must be taken for a Letter Grade and must be completed with a grade of "C" or better.

Category 1: Core Courses

Complete three of the following core courses (9 units):

I/ST 317, I/ST 319, I/ST 320, I/ST 333, I/ST 355, I/ST 463.

Category 2: Dual Major Integration

18 upper division units from the student's second major. All dual major integration courses must have the prefix of the respective department or cross-listed department. Courses are approved for dual major integration by the International Studies advisor.

Category 3: Advanced Coursework

I/ST 492 International Studies Internship/Foreign Study (3)

An internship or foreign study program related to the course of study selected, as approved by the Study Abroad and Internship Advisor.

Prerequisites: Consent of I/ST advisor; completion of a minimum of 15 upper division units required for the major in International Studies.

I/ST 490 Senior Research Seminar in International Studies (3)

Prerequisites: Senior standing or consent of the International Studies advisor and instructor.

Minor in International Studies

Requirements

This minor consists of a minimum of 18 units together with at least three years of college level of study (or equivalent proficiency) in a language (other than English) relevant to the student's program of study in International Studies.

Requirements Not Included in Major

Foreign Language:

Three years of college level study or equivalent proficiency demonstrated in a language appropriate to the program of study.

Lower Division (9 units):

Take the following courses:

I/ST 100 Global Citizenship (3)

Prerequisite/Corequisite: one GE A1 course

I/ST 200 Introduction to International Studies (3)

Prerequisite: GE Foundation requirements.

I/ST 222 Skills and Methods for Global Leadership (3)

Prerequisite: GE Foundation requirements.

Upper Division (9 units):

Nine units selected from the courses grouped in the International Studies Core as this group is defined for the Bachelor of Arts degree in International Studies.

International Studies Courses (I/ST)

General Education Foundation must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

LOWER DIVISION

100. Global Citizenship (3)

Prerequisite/Corequisite: one GE A1 course

An introduction to International Studies for majors and non-majors. Develops the ability to distinguish fact from judgment; to analyze, criticize and advocate ideas; to reach well-supported conclusions about global/local trends and impacts.

Letter grade only (A-F).

200. Introduction to International Studies (3)

Prerequisite: GE Foundation requirements.

Analyses of "the international." Theoretical, political, social and cultural perspectives on contemporary globalization, modern European colonialism, and the historical and contemporary relationship of the United States to global relations and processes.

222. Skills and Methods for Global Leadership (3)

Prerequisite: Completion of GE Foundations

Develops applied intercultural competencies, scope and methods, and practical skills requisite for success in international studies and international affairs related fields.

Letter grade only (A-F).

UPPER DIVISION

317. Problems in International Social Conflict (3)

Prerequisites: GE Foundation requirements, one Exploration course, and upper division standing.

Interdisciplinary analysis of social conflict in the world. Topics may include ethnocentrism; nationalism; globalization; trade; aid; economic development; poverty; inequality; the environment; war; ideological, ethnic, gender, and religious conflict; democratization; social movements; new forms of civil society and social solidarity.

Letter grade only (A-F). Same course as SOC 317. Not open for credit to students with credit in SOC 317.

318. Cases in International Social Conflict (3)

Prerequisites: GE Foundation requirements, one Exploration course, and upper division standing.

Interdisciplinary analysis of social conflict in the world. Case studies will focus on globalization; technology; economic development; trade and aid; population growth; immigration; ideological, religious, ethnic and gender conflicts; war and civil unrest; human rights; democratization; global citizenship; environmental sustainability.

Letter grade only (A-F). Same course as SOC 318. Not open for credit to students with credit in SOC 318.

319. International Development (3)

Prerequisites: GE Foundation requirements, one Exploration course, upper-division standing.

Theoretical and practical analysis of social, political, and economic development and alternative developmental models. Contemporary and historical comparisons of how "developed" and "developing" areas of the world have confronted various economic, social, and political challenges.

Same course as GEOG 319. Not open for credit to students with credit in GEOG 319.

320. Migration and Modernity (3)

Prerequisite: Completion of all GE Foundation courses. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Examines global migration from 1700s-present, putting U.S. immigration history in context and emphasizing recent and contemporary trends around the world. Uses history, politics, and culture to consider migration's intersections with race, ethnicity, and nationalism.

Letter grade only (A-F).

333. Ethics of Globalization (3)

Prerequisite: GE Foundation requirements.

Senior level requirement for IST majors. Open to non-majors. Reviews ethical debates in globalization: inequality; poverty, wealth; war, peace, torture; social justice movements; persecution, displacement; privatization, food, water; land rights.

Letter grade only (A-F)

350. Water: People, Politics, and Processes (3)

Prerequisites: GE Foundation requirements.

Explores the impact of water resources management on society, economy, and governance through socio-political and hydrological overviews as well as both domestic and international case studies.

Letter grade only (A-F). Same course as ENGR 350. Not open for credit to students with credit in ENGR 350. (Lecture-Problems 3 hours.)

355. International Environmental Issues (3)

Prerequisites: GE Foundation requirements, one Exploration course, and upper division standing. Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Examines the deterioration, destruction, maintenance and restoration of environmental systems and resources. Identifies and analyzes major environmental problems that have international dimensions. Investigates ongoing and potential efforts to resolve them.

Same course as GEOG 355. Not open for credit to students with credit in GEOG 355.

405. Un-Imaging the Middle East (3)

Prerequisites: Completion of GE Foundation requirements; I/ST 200, SOC 100, or consent of instructor. Student must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Excavates the roots of contemporary issues in the Middle East by rethinking interplay between the region and the global economy. It looks at how global political economic structures and regional social movements influenced each other's evolution in the 20th century. Letter grade only (A-F).

419. Applied International Development (3)

Prerequisite: I/ST 319 recommended.

Provides applied skills for practice of international development at local, national, regional and global levels. Development policy, applied tools and methodologies to pursue careers with United Nations system, development-oriented state agencies, non-profit organizations, bilateral and multi-lateral agencies, and private foundations.

Letter grade only (A-F).

449. Feminism and International Human Rights (3)

Prerequisite: Upper division status or consent of the instructor

Analyzes contemporary women's international human rights issues and social movements as influences on contemporary international human rights system. Covers international law, human rights treaty system, World Conferences, current issues, landmark cases, local/global activism, feminist intellectual debates.

Letter grade (A-F).

463. Nationalism and National Identities (3)

Prerequisites: POSC 100 and GE Foundation requirements.

Consideration of the impact of nationalism on contemporary world politics with special attention to the role of national identities in the rise of political violence, national liberation movements, and the struggle for democracy. Close investigation of multiple historical and contemporary cases.

Same course as POSC 463. Not open for credit to students with credit in POSC 463.

476. Power and Violence in Latin America and the Caribbean (3)

Prerequisites: I/ST 200 or instructor consent. "Students must have scored 11 or higher on the GEAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC))."

This course examines the history and cultural politics of dictatorship, revolution, and violence in Latin America and the Caribbean. Uses literature, film, history, and political theory to examine how power and violence intersect with race, ethnicity, gender, and nationalism.

Letter grade only (A-F). Same course as HIST 463. Not open for credit to students with credit in HIST 463.

478. Foreign Relations of the U.S. (3)

Incorporates a global perspective and considers the influence of such issues as domestic politics, bureaucratic rivalry and decision-making, economics, ideology, race, and the role of special interest groups on the making of foreign policy.

Same course as HIST 478. Not open for credit to students with credit in HIST 478.

480. Foreign Coursework in the Curriculum (3)

Upper Division college level coursework completed at a university outside the United States. All coursework must be provided by a recognized university or institution and must be preapproved by the International Studies Program.

Letter grade only (A-F). May be repeated to a maximum of 12 units, with different topics in same or different semesters.

490. Senior Research Seminar in International Studies (3)

Prerequisites: Senior standing or consent of the International Studies advisor and instructor.

Capstone research seminar for I/ST majors. Classroom preparation for directed research on a topic of choice integrating international economics and politics, cross-cultural communication, development studies, contemporary belief systems, language skills, and a geographic area.

Letter grade only (A-F).

492. International Studies Internship/Foreign Study (3)

Prerequisites: Consent of I/ST advisor; completion of a minimum of 15 upper division units required for the major in International Studies.

A study abroad program or an internship with internationally-oriented, governmental, non-governmental, and for-profit organizations required of I/ST majors. Internship conducted under joint supervision of program sponsor and CSULB faculty. Final report required for internships.

Credit/No Credit grading only.

493. Selected Topics in International Studies (1-6)

Prerequisite: Consent of instructor.

Analysis of contemporary issues and problems in International Studies.

Topics announced in the *Schedule of Classes*.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Individually directed studies of special problems in International Studies.

May be repeated to a maximum of 6 units with consent of program director. May not be credited toward the major in I/ST without written department consent in advance of enrollment. (Supervised) Letter grade only (A-F).

Introduction

The Italian Program exists thanks to an agreement between the Italian American community in Southern California and CSULB. This collaboration led to the establishment of the program itself as well as the Center for Italian Studies, named in honor of Mr. George L. Graziadio. The Center offers scholarships to study in Italy and regularly organizes workshops on Italian teaching. Its program of events is often shaped in collaboration with Italian and Italian American institutions and organizations in the area.

Bachelor of Arts in Italian Studies (120 units)

This program offers two concentrations: Italian Language and Culture and Interdisciplinary Italian Studies. Regular consultation with advisor is highly recommended.

Students are strongly encouraged to study abroad through the CSU International Program in Florence, Italy or semester-long options in Rome and Venice. In addition, there are program internship opportunities at Italian and Italian-American institutions in the area.

Once students have met the first- and second-year general language requirements, in the third year they take a common set of core courses in the target language. In the fourth year they choose between the two concentrations: students intending to earn the teaching credential select Italian Language and Culture; students interested in a more interdisciplinary approach select Interdisciplinary Italian

Studies. Both tracks share a common core.

Requirements

Lower Division:

Competency in the Italian Language (16 units lower division Italian). Take all of the following:

ITAL 101A Fundamentals of Italian (4)
Prerequisite/Corequisite: Any Foundation course.

ITAL 101B Fundamentals of Italian (4)
Prerequisite/Corequisite: ITAL 101A or two years of high school Italian or equivalent. Any Foundation course.

ITAL 201A Intermediate of Italian (4)
Prerequisite: ITAL 101B or three years of high school Italian or equivalent.
Prerequisite/Corequisite: Any Foundation course.

ITAL 201B Intermediate of Italian (4)
Prerequisite: ITAL 201A or four years of high school Italian or equivalent. Prerequisite/Corequisite: Any Foundation course

Some of these courses may be waived for students who have completed sufficient high-school Italian or have proved intermediate-level proficiency. Native speakers of Italian may not enroll in ITAL 101A,B or ITAL 201 A,B.

Upper Division (minimum 33 units):

Basic Core (24 units):

ITAL 310 Introduction to Analysis of Italian Literature (3)
Prerequisite: Upper division standing in Italian or equivalent.

ITAL 312A Advanced Italian I (3)
Prerequisite: Upper division standing in Italian or equivalent.

ITAL 312B Advanced Italian II (3)
Prerequisite: Upper division standing in Italian or equivalent.

ITAL 314 Advanced Conversation (3)
Prerequisite: ITAL 214 or consent of the instructor.

ITAL 335 Survey of Italian Literature I: Middle Ages-Eighteenth Century (3)
Prerequisites: Upper division standing in Italian or consent of instructor.

ITAL 336 Survey of Italian Literature I: Nineteenth and Twentieth Centuries (3)
Prerequisites: Upper division standing in Italian or consent of instructor.

ITAL 340 Italian Civilization (3)
Prerequisite: Upper division standing in Italian or consent of instructor.

ITAL 482 The Building of the Italian Nation (3)
Prerequisites: ITAL 310, 335, 336 or consent of instructor.

Concentration I - Italian Language and Culture

Electives (9 units): ITAL 411, ITAL 414*, ITAL 433, ITAL 454, ITAL 462, ITAL 473, ITAL 476, ITAL 478, ITAL 490, ITAL 494, ITAL 499, RGR 490.

Two years of a second foreign language.

* Candidates who intend to teach Italian language are required to take ITAL 414.

Concentration II - Interdisciplinary Italian Studies

Electives (9 units): AH 423, AH 424; CWL 330A**, CWL 330B**, CWL 422, CWL 430, CWL 432, CWL 449**;
HIST 332; ITAL 345, ITAL 411, ITAL 414, ITAL 454,

ITAL 462, ITAL 473, ITAL 476, ITAL 478, ITAL 490, ITAL 494, ITAL 499; MUS 436**; RGR 314, RGR 315, RGR 346, RGR 400, RGR 490.

**Accepted only when syllabi include a good amount of Italian content.

Electives and Other Courses

Close work with the advisor will enable majors to design a comprehensive study plan for their entire CSULB experience and for life-long learning. General Education courses and electives should be chosen to coordinate with the major.

Single Subject Teaching Credential in Italian

Completion of Concentration I (Language and Culture) of the Italian major meets the subject matter competence requirement for the Single Subject Teaching Credential in Italian. Prospective students should consult the undergraduate Italian Advisor and the Languages Other Than English (LOTE) Credential Program Advisor early to plan their program.

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective teachers of Italian are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of professional preparation requirements, courses, and application procedures.

Requirements

Same as the BA in Italian, Concentration I (Italian Language and Culture).

Minor in Italian

This minor can be taken in conjunction with any other major. The minor in Italian is open to any non-Italian major.

Requirements

Minimum of 18 upper division units.

Take all of the following courses:

ITAL 312A Advanced Italian I (3)

Prerequisite: Upper division standing in Italian or equivalent.

ITAL 312B Advanced Italian II (3)

Prerequisite: Upper division standing in Italian or equivalent.

ITAL 314 Advanced Conversation (3)

Prerequisite: ITAL 214 or consent of the instructor.

Take 9 units chosen from the following courses:

ITAL 310, ITAL 335, ITAL 336, ITAL 340, ITAL 345, ITAL 411, ITAL 414, ITAL 454, ITAL 462, ITAL 476, ITAL 478, ITAL 482, ITAL 490, ITAL 494, ITAL 499.

Master of Arts in Italian Studies

Prerequisites

1. A bachelor of arts degree in Italian, Italian Studies or:
2. A minor degree in Italian Studies with a minimum of

18 upper-division units in Italian Studies plus 6 units in related humanities and social science fields. These courses must be comparable to those required of a major in Italian Studies at this University. Deficiencies will be determined by the advisor after consultation with the student and study of transcript records.

Advancement to Candidacy

1. Approval of the graduate program by the graduate advisor, the faculty advisor and/or departmental committee, and the College of Liberal Arts Associate Dean of Graduate Studies.
2. The candidate should file for advancement upon completion of 6 units and preferably no more than 9 units on the program. A 3.0 GPA is required.
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).

Requirements

1. Completion of a minimum of 30 units of approved graduate courses, with a minimum of 15 units in courses that are exclusively for graduate students in the 500 and 600 series in Italian Studies and related fields;
2. Specifically required courses include:
ITAL 600 Italy and the Idea of Europe (3)
Prerequisite: Graduate standing required
ITAL 650 Research Methodology and Critical Theory (3)
Prerequisite: Graduate standing required;
3. Two years of one of the following languages: French, German, Portuguese, Russian or Spanish, or pass an examination at intermediate level in one of those languages. Major or minor in a second foreign language may be used to fulfill this requirement in consultation with the Graduate Advisor. For other languages, consult the Graduate Advisor;
4. Maintain a GPA of at least "B" (3.0) in the program;
5. Pass comprehensive examinations on the Graduate Reading List in three areas to be selected by student upon consultation with Graduate Advisor, or complete a Masters Thesis;
6. No more than six units of transfer graduate credits are allowed, subject to approval by the Graduate Advisor. No more than six units of International Programs course work may be credited toward the 30-unit Italian requirement for the MA at this university;
7. Teaching Associates must take RGR 601, Teaching Methodology. These units do not count toward the required 30 units for completion of the MA.

Italian Courses (ITAL)

LOWER DIVISION

100A. Fundamentals of Italian for Spanish Speakers (4)

Prerequisites: Two semesters of college Spanish or 3 years of high school Spanish; or be a native or heritage speaker of Spanish.

Introductory course on the fundamental skills of speaking, reading, writing and comprehending Italian with an emphasis on the structural similarities between Italian and Spanish.

Not open to heritage speakers or native speakers of Italian. Not open for credit to students with credit in ITAL 101A or ITAL 102A.

100B. Fundamentals of Italian for Spanish Speakers (4)

Prerequisites: ITAL 100A; or ITAL 101A with 2 semesters of college Spanish or 3 years of high school Spanish; or be a heritage or native speaker of Spanish.

Introductory course on the fundamental skills of speaking, reading, writing and comprehending Italian with an emphasis on the structural similarities between Italian and Spanish.

Not open to heritage or native speakers of Italian. Not open for credit to students with credit in ITAL 101B or ITAL 102B.

101. Fundamentals of Italian (6)

Prerequisite/Corequisite: Any Foundation course.

Two semesters of fundamental Italian are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Italian. Not open to students who have completed ITAL 101A, ITAL 101B, ITAL 100A or ITAL 100B. (4 hrs. in class, 2 hrs. online)

101A. Fundamentals of Italian (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to fundamental skills of speaking, oral comprehension, reading, and writing. For those who are beginning the study of Italian or who have had one year of high school Italian.

For non-native speakers only. Not open to heritage speakers or native speakers of Italian. Course fee may be required.

101B. Fundamentals of Italian (4)

Prerequisite/Corequisite: ITAL 101A or two years of high school Italian or equivalent. Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

For non-native speakers only. Not open to heritage speakers or native speakers of Italian. Course fee may be required.

200. Intermediate Italian for Spanish Speakers (6)

Prerequisites: ITAL 100B or ITAL 101B, or ITAL 100B or 3 years of high school Italian and 2 years of college Spanish or be a native or heritage Spanish speaker.

Two semesters of intermediate Italian are covered in one semester in this intensive hybrid (blended) course designed for students who are either native or heritage speakers of Spanish or have at least intermediate- to advanced-level proficiency in Spanish (see prerequisites).

Not open to heritage speakers or native speakers of Italian. Not open to students with credit in ITAL 201A or ITAL 201B.

201. Intermediate Italian (6)

Prerequisites: ITAL 101, ITAL 101B, ITAL 100B or a minimum of 3 years of high-school Italian.

Prerequisite/Corequisite: Any Foundation course.

Two semesters of Intermediate Italian are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Italian. Not open to students who have completed ITAL 200, ITAL 201A or 201B. (4 hrs. in class, 2 hrs. online)

201A. Intermediate Italian (4)

Prerequisite: ITAL 101B or three years of high school Italian or equivalent.

Prerequisite/Corequisite: Any Foundation course.

Continued development of speaking, oral comprehension, reading, and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Italian. Course fee may be required.

201B. Intermediate Italian (4)

Prerequisite: ITAL 201A or four years of high school Italian or equivalent.

Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading,

and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Italian. Course fee may be required.

214. Intermediate Conversation (3)

Prerequisite: ITAL 101B.

Prerequisite/Corequisite: ITAL 201A or ITAL 201B.

Designed to develop basic conversational skills and to prepare for more advanced work in ITAL 314.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

310. Introduction to Analysis of Italian Literature (3)

Prerequisite: Upper division standing in Italian or equivalent.

Imparts literary terminology and the study of the primary genres in Italian literature through an analysis of exemplary texts. A brief overview of methodologies will also be introduced, i.e., structuralism, sociological, gender studies, formalism and deconstruction.

312A. Advanced Italian I (3)

Prerequisite: Upper division standing in Italian or equivalent.

Review of grammatical principles with regular exercises and composition work for the development of increased mastery of the written language.

312B. Advanced Italian II (3)

Prerequisite: Upper division standing in Italian or equivalent.

Review of grammatical principles with regular exercises and composition work for development of increased mastery of written language.

314. Advanced Conversation (3)

Prerequisite: ITAL 214 or consent of the instructor.

Continuation of ITAL 214. More advanced use of spoken Italian to establish strong basis for correct and fluent proficiency in oral idiom.

335. Survey of Italian Literature I: Middle Ages–Eighteenth Century (3)

Prerequisites: Upper division standing in Italian or consent of instructor.

Introductory study of the most important Italian literary works, authors, and movements of Italian literature from the Middle Ages to the Eighteenth Century.

336. Survey of Italian Literature II: Nineteenth Century to Present (3)

Prerequisites: Upper division standing in Italian or consent of instructor.

Introductory study of the most important Italian literary works, authors, and movements of Italian literature of the Nineteenth and Twentieth Centuries

340. Italian Civilization (3)

Prerequisite: Upper division standing in Italian or consent of instructor.

Multidisciplinary study of Italian culture from unification (1861) to present, special emphasis on last thirty years. Crucial historical moments analyzed for social and cultural impact on Italian customs, and ways of thinking. Taught in Italian.

345. Italian American Culture (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Addresses issues of migration, cultural conflict, and ethnic identity formation in the context of the Italian American experience. Interdisciplinary in nature, the syllabus embraces such topics as labor exploitation, discrimination, women's roles, interethnic relations, religion, food, family, etc.

Not open for credit to students with credit in ITAL 440.

411. Advanced Syntax, Grammar, and Stylistics (3)

Prerequisite: ITAL 312B.

Provides an in depth study of Italian syntax in order to improve skills for written Italian. Vocabulary development and analysis and imitation of writing styles and forms will be emphasized.

414./514. History of the Italian Language (3)

Prerequisite: Upper division standing or consent of instructor.

Examines the main developments in the transformation from Latin to Italian, and the debates on what constitutes the Italian language (questione della lingua) 1200 – present, including the contributions of Dante Alighieri, Machiavelli, Alessandro Manzoni, the Italian diaspora and recent immigration.

Letter grade only (A-F).

433. Italian Literature as Historical Memory (3)

Prerequisites: Upper division standing in Italian or consent of instructor.

Select texts of Italian literature are analyzed as sources for the understanding of Italian history and culture 1300-1800.

Letter grade only A-F).

454./554. Italian Cinema (3)

Prerequisites: Upper division standing.

Overview of main movements and directors in the history of Italian cinema. Socio-political and aesthetic analysis will be adopted in reading films from the post-war period to the present.

Letter grade only (A-F). Same course as FEA 454. Not open for credit to students with credit in FEA 454 (2 hrs. seminar, 2 hrs activity.)

462./562. Italian Women Writers (3)

Prerequisite: Upper division standing or consent of instructor.

Studies roles of women writers within history of Italian literature from Middle Ages through Renaissance to contemporary literature.

Letter grade only (A-F). Not open for credit to students with credit in ITAL 424.

473./573. Masterpieces of Italian Renaissance Literature (3)

Prerequisites: Upper division standing or consent of instructor.

Readings in Italian Quattro- and Cinquecento thought to explore its evolution toward "the new learning of humanism" and the valorization of human ability, worldly matters, and secular culture.

Letter grade only (A-F).

476./576 The Modern Italian Short Story (3)

Prerequisite: Upper division standing or consent of instructor.

Selected Italian short stories of the 19th and 20th Centuries are analyzed as sources for the understanding of Italian history, culture, anthropology and politics.

Letter grade only (A-F).

478. The Italian Novelistic Tradition (3)

Prerequisites: ITAL 335 and ITAL 336 or consent of instructor.

Historical overview of the Italian novelistic tradition with in-depth study of representative Italian novels.

Letter grade only (A-F). May be repeated to a maximum of 6 units, with different topics in different semesters.

482./582. The Building of the Italian Nation (3)

Prerequisites: Upper division standing or consent of instructor.

Explores the literature, the ideas and the cultural artifacts that promoted the creation and building of Italian nation from the Middle Ages to the present.

Letter grade only (A-F).

490. Selected Topics in Italian (3)

Prerequisite: Upper division standing in Italian or consent of instructor.

Study of a particular topic or aspect of Italian literature, language or culture.

May be repeated to a maximum of 12 units with different topics. Topics announced in the *Schedule of Classes*. Course fee required if topic is offered abroad.

494. Internship in Italian (1-3)

Prerequisites: Consent of instructor and department chair.

Field work in Italian, supplemented by readings and tutorials under the direction of a faculty member. Internships, small group discussion/teaching, and other assignments directed by a supervising faculty member.

May be repeated to a maximum of 6 units. No more than 3 units may be applied to the major in Italian.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor and department chair.

Independent study under the supervision of a faculty member.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL

514./414. History of the Italian Language (3)

Prerequisite: Graduate Standing

Examines the main developments in the transformation from Latin to Italian, and the debates on what constitutes the Italian language (questione della lingua) 1200 – present, including the contributions of Dante Alighieri, Machiavelli, Alessandro Manzoni, the Italian diaspora and recent immigration.

Letter grade only (A-F).

533./433. Italian Literature as Historical Memory (3)

Prerequisites: Graduate standing in Italian or consent of instructor.

Select texts of Italian literature are analyzed as sources for the understanding of Italian history and culture 1300-1800.

Letter grade only (A-F).

554./454. Italian Cinema (3)

Prerequisite: Graduate Standing

Overview of main movements and directors in the history of Italian cinema. Socio-political and aesthetic analysis will be adopted in reading films from the post-war period to the present.

Letter grade only (A-F). (2 hrs. seminar, 2 hrs. activity)

562./462. Italian Women Writers (3)

Prerequisite: Graduate Standing

Studies roles of women writers within history of Italian literature from Middle Ages through Renaissance to contemporary literature.

Letter grade only (A-F).

573/473. Masterpieces of Italian Renaissance Literature (3)

Prerequisite: Graduate Standing

Readings in Italian Quattro- and Cinquecento thought to explore its evolution toward the "new learning of humanism and the valorization of human ability, worldly matters, and secular culture.

Letter grade only (A-F).

576./476. The Modern Italian Short Story (3)

Prerequisite: Graduate level standing.

Selected Italian short stories of the 19th and 20th Centuries are analyzed as sources for the understanding of Italian history, culture, anthropology and politics.

Letter grade only (A-F). May be repeated to a maximum of 6 units, with different topics in different semesters.

578./478. The Italian Novelistic Tradition (3)

Prerequisites: ITAL 335 and ITAL 336 or consent of instructor.

Historical overview of the Italian novelistic tradition with in-depth study of representative Italian novels.

Letter grade only (A-F).

599. Directed Study (3)

Prerequisite: Graduate standing and consent of instructor.

Independent study under the supervision of a faculty member.

May be repeated to a maximum of 6 units with different topics in different semesters.

582./482. The Building of the Italian Nation (3)

Prerequisite: Graduate Standing

Explores the literature, the ideas and the cultural artifacts that promoted the creation and building of Italian nation from Middle Ages to present.

Letter grade only (A-F).

600. Italy and the Idea of Europe. Nation, State, Culture, Economy, Society: 1861-Present (3)

Prerequisite: Graduate Standing

This course covers the evolution of the idea of Europe as seen against the backdrop of the cultural and economic history of the Italian nation.

Letter grade only (A-F).

650. Research Methods and Critical Theory (3)

Prerequisite: Graduate standing

Introduction to methods of research/critical theory. Course familiarizes students with techniques and terminology of critical theory in the Italian tradition and how to apply them to film and literary texts. This course may be taught in Italian or English.

Letter grade only (A-F). (Seminar 3 hours)

688. Seminar in Italian Literature or Culture (3)

Prerequisite: Graduate Standing

In-depth study of a specific author, movement or aspect of Italian literature or culture. Students are exposed to both classical interpretations as well as the latest critical views of the selected topic.

Letter grade only (A-F). May be repeated to a maximum of 6 units, with different topics in different semesters. Topics to be announced in the *Schedule of Classes*.

697. Directed Research (1-3 units)

Prerequisite: Graduate Standing and Consent of Instructor.

Directed research under the supervision of a faculty member in preparation of the Comprehensive Exam.

May be repeated to a maximum of 6 units in different semesters.

698. Thesis (3)

Prerequisite: Graduate Standing and Consent of Instructor.

Planning, preparation, and completion of thesis in Italian Studies for the master's degree.

Letter grade only (A-F) May be repeated to a maximum of 6 units in the same semester.

Career Possibilities

Customs Inspector • Immigration Officer • Importer/Exporter • Foreign Service Officer • International Marketing Representative • Travel Guide • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Translator • Airline Employee • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Bachelor of Arts in Japanese (120 units)

The Bachelor of Arts program in Japanese at CSULB is designed to provide students with linguistic and cultural preparation supported by international perspectives and understanding of humanities for personal, social, intellectual and cognitive development as well as development of skills for economic self-sufficiency in the ever-intertwining world of global economy. It emphasizes pragmatic language studies aiming for acquisition of communication skills through communication based instruction, and providing knowledge of language and culture to develop appropriate understanding and attitudes for intercultural communication.

Planning a Program of Study

The student and undergraduate advisor should plan a coherent program that both fulfills the requirements of the major and covers the student's areas of interest in allied fields outside the Japanese language.

Students with background in Japanese language competency gained through home use or through primary or secondary school work in the U.S. or Japan must take a placement test administered by the department.

Students are encouraged to study in Japan, either through the CSU Study Abroad Program or independently, after completing at least two years of study (or its equivalent) of Japanese at CSULB.

Residence Requirement for the Majors

At least five upper division courses required for the major must be completed successfully at CSULB. Students are encouraged, however, to complete up to a year of their language study in approved programs of study abroad.

Requirements

A minimum of 36 units is required. JAPN 201 and 202 are prerequisite to the major and may be satisfied by appropriate high school preparation or by examination.

Lower Division (3 units):

Take the following course:

AAAS 100 Asian Eats (3)

Prerequisites: None

Upper Division (33 units):

Take all the following courses:

JAPN 301 Advanced Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

JAPN 302 Advanced Japanese (3)

Prerequisites: JAPN 301 or equivalent as determined by instructor.

JAPN 311 Advanced Spoken Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

JAPN 312 Advanced Spoken Japanese (3)

Prerequisites: JAPN 311 or equivalent as determined by instructor.

AAAS 492 Senior Research Seminar (3)

Prerequisites: Upper-division standing in Asian Studies, Japanese, Chinese Studies or Asian American Studies Programs.

Take 15 units from selection A and 3 units from selection B:

A. Language and Language Related Courses (15 units) selected from:

JAPN 350, JAPN 371, JAPN 385, JAPN 421, JAPN 422, JAPN 451, JAPN 452, JAPN 453, JAPN 461, JAPN 462, JAPN 463, JAPN 471, JAPN 481, JAPN 490, JAPN 492, JAPN 497;

B. Japanese or Japan-related Civilization and Intercultural Courses (3 units) selected from:

Any upper division ASAM 319, ASAM 330, ASAM 335,

ASAM 340, ASAM 345, ASAM 407; A/ST 306, A/ST 307, A/ST 309, A/ST 320, A/ST 336, A/ST 393; CHIN 321, CHIN 370, CHIN 390, CHIN 421

Single Subject Teaching Credential in Japanese

The Japanese Subject Matter Credential Program at CSU, Long Beach is designed to provide students with linguistic and cultural preparation and understanding of humanities for personal, social, intellectual and cognitive development as well as development of skills for economic self-sufficiency in the ever-intertwining world of global economy. It is intended to produce educators prepared in teaching Japanese with the communication proficiency, critical thinking skills, and sociocultural understanding essential for effective intercultural communication as well as pedagogical knowledge and training in teaching Japanese to diverse populations in our society.

The program requires a minimum of 30 semester units of upper-division courses in Japanese as listed below under the four subject categories: Language, Linguistics, Culture, and Literature. Students should take 21 units of core courses and 9 units of electives. All upper division courses are conducted in the target language and require completion or equivalent of the four semesters of lower division Japanese language courses.

All upper-division language courses are designed to develop competency in four skills and content. However, JAPN 311 and 312 emphasize spoken Japanese at advanced level, while JAPN 301 and 302 emphasize reading and writing at advanced level. The content courses represent three areas of study - Japanese culture, linguistics, and literature. The culture courses provide an overview of Japanese history from the prehistoric times to contemporary Japan, and an insight into Japanese culture and society. The linguistics courses introduce the sound, meaning, syntactic and discourse structure of language, and offer a comparison of Japanese and English as well as other languages. The literature course introduces selected major literary works, which will provide sources to cultivate literary appreciation and to develop cultural understanding of Japan.

A grade of "C" or better is required in all courses accepted for the Japanese program. The exit requirement is "Advanced" level Japanese language proficiency.

In addition to meeting the subject matter competence requirement for the teaching credential, prospective teachers of Japanese are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of professional preparation requirements, courses, and application procedures. Prospective students should consult the Japanese Education Advisor and the Languages Other Than English (LOTE) Program Advisor early to plan their program.

The Japanese Subject Matter Program is being revised

to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Core Requirements

24 upper division units selected from the following areas:

1. *Language:*

JAPN 301 Advanced Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

JAPN 302 Advanced Japanese (3)

Prerequisites: JAPN 301 or equivalent as determined by instructor.

JAPN 311 Advanced Spoken Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

JAPN 312 Advanced Spoken Japanese (3)

Prerequisites: JAPN 311 or equivalent as determined by instructor.

2. *Linguistics:*

JAPN 461 Structure of the Japanese Language (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

3. *Literature:*

JAPN 471 Readings in Modern and Contemporary Japanese Literature (3)

Prerequisite: JAPN 371 or equivalent as determined by instructor.

and one of the following:

JAPN 421 Selected Readings/Writing in Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

JAPN 371 Survey of Japanese Literature (3)

Prerequisites: JAPN 302 and 312, or consent of instructor

4. *Culture:*

JAPN 451 Japanese Civilization (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Electives:

Take a total of 6 units selected from at least two different areas in consultation with a program advisor based on the student's background, interest, and teaching plans.

Language: JAPN 421, JAPN 422

Linguistics: JAPN 462, JAPN 463, JAPN 481

Literature: JAPN 371

Culture: JAPN 350; JAPN 492

Variable Subjects: JAPN 490; JAPN 497

Japanese Courses (JAPN)

LOWER DIVISION

101. Fundamentals of Japanese (4)

Prerequisite: One GE Foundation (may be taken concurrently) or formal prerequisites and/or competency equivalent for JAPN 101.

Introduction to pronunciation, reading, writing, conversation, and structure of the Japanese language.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

102. Fundamentals of Japanese (4)

Prerequisites: JAPN 101; one GE Foundation course (may be taken concurrently) or formal prerequisites and/or competency equivalent for advanced study in Japanese.

Introduction to pronunciation, reading, writing, conversation, and structure of the Japanese language.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

201. Intermediate Japanese (4)

Prerequisites: JAPN 102; GE Foundation requirements, or formal prerequisites and/or competency equivalent for advanced study in Japanese.

Continuation of first year Japanese. Further development of listening, speaking, reading, writing, and communication.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

202. Intermediate Japanese (4)

Prerequisites: JAPN 201; GE Foundation requirements, or formal prerequisites and/or competency equivalent for advanced study in Japanese.

Continuation of first year Japanese. Further development of listening, speaking, reading, writing, and communication.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

250. Japanese Anime and Manga (3)

Students examine, analyze, and discuss selected topics in Japanese culture and modern society by analyzing Japanese animation (anime) and printed cartoons (manga). Familiarity with Japanese language is desirable but not required.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301. Advanced Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

Study of modern spoken and written Japanese involving advanced patterns and expressions. Emphasis on reading comprehension, vocabulary building and idiomatic usage.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

302. Advanced Japanese (3)

Prerequisites: JAPN 301 or equivalent as determined by instructor.

Study of modern spoken and written Japanese involving advanced patterns and expressions. Emphasis on reading comprehension, vocabulary building and idiomatic usage.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

311. Advanced Spoken Japanese (3)

Prerequisites: JAPN 202 or equivalent as determined by instructor.

Advanced study in modern spoken Japanese and Japanese communication.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

312. Advanced Spoken Japanese (3)

Prerequisites: JAPN 311 or equivalent as determined by instructor.

Advanced study in modern spoken Japanese and Japanese communication.

Native speakers of Japanese who have completed compulsory education in Japan may not enroll.

350. Japanese Language, Culture, and Communication (3)

Study of Japanese language and culture through sociolinguistic perspectives. Exploration of the interrelationship between the language and culture by focusing on verbal and nonverbal communicative behaviors. Taught in English and Japanese.

Letter grade only for Japanese majors.

371. Survey of Japanese Literature (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Presents a survey of the major literary works from Kojiki to contemporary Japanese authors. Students reflect on the predominant movements, genres, rhetorical devices, literary techniques, and writers of the works.

Conducted in Japanese and English. Letter grade only (A-F).

385. Japanese Language and Culture for Heritage Learners (3)

Prerequisite: Consent of instructor or a placement test.

Designed to address the particular needs of students of Japanese as a heritage language, the course emphasizes individual learning to improve formal use of the language in listening, speaking, reading and writing, and cultural knowledge.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F)

421./521. Selected Readings/Writing in Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Readings from a selection of contemporary materials including literary works, magazines, newspapers, websites, instructional and technical materials.

Letter grade only for Japanese majors.

422./522. Technical Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Development of receptive and productive skills using authentic materials drawn from business, humanities, sciences, and others that will be selected according to students' interest.

Letter grade only (A-F).

451./551. Japanese Civilization (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Introduction and exploration of characteristic features of Japanese civilization and culture through studying selected topics and themes in fields such as arts, humanities, sciences, and social sciences. Conducted in Japanese.

Letter grade only (A-F) for Japanese majors.

452. Japan: Its Land, People and Culture (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Students will study the land of Japan and learn how the land's physical features have influenced its people and culture, including history, way of life, and language. Taught in Japanese.

Letter grade only (A-F).

453. Japanese Culture as Social Process (3)

Prerequisites: JAPN 302 and JAPN 350, or consent of instructor.

Major features of Japanese culture and society are analyzed. Key characteristics of contemporary Japanese society are compared with Western society, emphasizing processes in common. Taught in Japanese and English.

Letter grade only (A-F).

461./561. The Structure of the Japanese Language (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Introduction to phonology, morphology, syntax, semantics and discourse of modern Japanese. Conducted in Japanese with some readings in English.

Letter grade only for Japanese majors.

462./562. Contrastive Analysis of English and Japanese (3)

Prerequisites: JAPN 302 and JAPN 312 or equivalent as determined by instructor.

Contrastive analysis of phonological, morphological, syntactic and discourse aspects of English and Japanese. Conducted in Japanese with some readings in English.

Letter grade only for Japanese majors.

463./563. Acquisition of Japanese as a Second/Foreign Language: Theory and Practice (3)

Prerequisites: LING 101 or LING 170 or JAPN 461; and JAPN 302 or Placement Test.

Theoretical and practical background of language acquisition of Japanese as a second/foreign language. Aims at building knowledge of current research and its pedagogical implications. Conducted in Japanese with some readings in English.

Letter grade only for Japanese majors.

471. Readings in Modern and Contemporary Japanese Literature (3)

Prerequisite: JAPN 371 or equivalent as determined by instructor.

Readings of representative works of modern and contemporary Japanese literature including short stories, novellas, diaries, memoirs, poetry, and excerpts from novels and plays. Taught in Japanese.

Letter grade only for Japanese majors.

481./581. Principles and Practice of Teaching Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, and at least one 400-level course or equivalent as determined by the instructor.

Introduces Japanese language pedagogy in the U.S. with principles of second language acquisition, and explores linguistic/pedagogical/sociocultural issues. Conducted in Japanese with some readings in English.

Letter grade only for Japanese majors.

482./582. Pedagogical Grammar (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

This course analyzes Japanese grammar from a pedagogical perspective.

Students will analyze specific areas of phonology and syntax. Conducted entirely in Japanese.

Letter grade only (A-F) for Japanese majors. Both grading options for non-majors

483./583. Curriculum and Materials Development (3)

Prerequisites: JAPN 302 and JAPN 312, or equivalent as determined by the instructor.

This course introduces the principles and practical application of curriculum design and instructional material development for advanced Japanese courses. Conducted in Japanese with some readings in English.

Letter grade only (A-F) for Japanese majors. Both grading options for non-majors.

490. Selected Topics in Japanese (3)

Prerequisite: Consent of instructor.

Select topics related to advanced Japanese study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

492./592. Japanese Internship (3-6)

Prerequisites: Consent of instructor; completion of a minimum of 15 upper division units required for the major in Japanese.

Field work in Japanese under joint direction of activity sponsor and faculty.

Credit/No Credit grading only.

497. Directed Studies (1-6)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

GRADUATE LEVEL**521./421. Selected Readings/Writing in Japanese (3)**

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Readings from a selection of contemporary materials including literary works, magazines, newspapers, instructional and technical materials.

Letter grade only (A-F).

522./422. Technical Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor

Development of receptive and productive skills using authentic materials drawn from business, humanities, sciences, and others that will be selected according to students' interest.

(Lecture) Letter grade only (A-F).

551./451. Japanese Civilization (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Introduction and exploration of characteristic features of Japanese civilization and culture through studying selected topics and themes in fields such as arts, humanities, sciences, and social sciences.

Conducted in Japanese.

Letter grade only (A-F).

561./461. The Structure of the Japanese Language (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor.

Introduction to phonology, morphology, syntax, semantics and discourse of modern Japanese. Conducted in Japanese with some readings in English.

Letter grade only (A-F).

562./462. Contrastive Analysis of English and Japanese (3)

Prerequisites: JAPN 302 and JAPN 312 or equivalent as determined by instructor.

Contrastive analysis of phonological, morphological, syntactic and discourse aspects of English and Japanese. Conducted in Japanese with some readings in English.

Letter grade only (A-F).

563./463. Acquisition of Japanese as a Second/Foreign Language: Theory and Practice (3)

Prerequisites: LING 101 or LING 170 or JAPN 461; and JAPN 302 or Placement Test.

Theoretical and practical background of language acquisition of Japanese as a second/foreign language. Aims at building knowledge of current research and its pedagogical implications. Conducted in Japanese with some readings in English.

Letter grade only (A-F).

581./481. Principles and Practice of Teaching Japanese (3)

Prerequisites: JAPN 302 and JAPN 312, and at least one 400-level course or equivalent as determined by the instructor.

Introduces Japanese language pedagogy in the U.S. with principles of second language acquisition, and explores linguistic/pedagogical/sociocultural issues. Conducted in Japanese with some readings in English.

Letter grade only (A-F).

582/482. Pedagogical Grammar (3)

Prerequisites: JAPN 302 and JAPN 312, or consent of instructor

This course analyzes Japanese grammar from a pedagogical perspective.

Students will analyze specific areas of phonology and syntax. Conducted entirely in Japanese.

Letter grade only (A-F).

583/483. Curriculum and Materials Development (3)

Prerequisites: JAPN 302 and JAPN 312, or equivalent as determined by the instructor.

This course introduces the principles and practical application of curriculum design and instructional material development for advanced Japanese courses. Conducted in Japanese with some readings in English.

Letter grade only (A-F).

592./492. Japanese Internship (3-6)

Prerequisites: Consent of instructor; completion of a minimum of 15 upper division units required for the major in Japanese.

Field work in Japanese under joint direction of activity sponsor and faculty.

Credit/No Credit grading only.

681. Practicum (3)

Prerequisites: Two of the following three courses (JAPN 463/ JAPN 563, JAPN 481/ JAPN 581, JAPN 483/JAPN 583) or consent of instructor

Practice teaching a lower or upper division Japanese language course at CSULB. Reflection journals, reports, and individual instructor consultations are required for this course, which may be repeated to teach different levels of Japanese language courses.

Letter grade only (A-F)

695. Directed Readings (1-3)

Prerequisites: Consent of graduate advisor.

Readings in Japanese on an individual basis.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisites: Consent of graduate advisor.

Research in Japanese on an individual basis.

Letter grade only (A-F).

JEWISH STUDIES

College of Liberal Arts

Director: Jeffrey Blutinger

Telephone: (562) 985-2196

FAX: (562) 985-5431

Email: Jeffrey.Blutinger@csulb.edu

Faculty: Houri Berberian (History), Jeffrey Blutinger (History), Carl Fisher (Comparative Literature and Classics), Ali Igmen (History), Arlene Lazarowitz (History), David Stewart (Religious Studies)

Bachelor of Arts in Modern Jewish Studies

The Bachelor of Arts in Modern Jewish Studies is an interdisciplinary major that consists of courses in a variety of disciplines. Students will gain an understanding of Jewish civilizations, as the result of interactions of Jewish culture, history, and religion. Students will explore the constants and diversity of the Jewish experience in different eras and geographical settings, and will study and grapple with Jewish beliefs and texts. Students must demonstrate a Novice-midlevel proficiency in Hebrew (as defined by the American Council for the Teaching of Foreign Languages guidelines), either by successfully completing a semester of beginning Hebrew (HEBW 101A or HEBW 101B), a semester of Biblical Hebrew (RST 318 or RST 319), or by passing a language test arranged by the Director of the program.

Requirements (40 units minimum)

Core (30 units)

Take the following course:

*HIST 141 Jewish Civilization (3)

Prerequisites/Corequisites: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

*Culture and Society (6 units):

CWL 342 and 344.

*History area (9 units) chosen from the following:

HIST 304, HIST 344, HIST 345, HIST 393, HIST 432, HIST 470.

*Religion and Thought (9 units) chosen from the following:

R/ST 210, R/ST 230, R/ST 311, R/ST 312, R/ST 314, R/ST 315, R/ST 317, R/ST 318, R/ST 319, R/ST 320A, R/ST 320B, R/ST 460.

*Capstone Course (3 units):

To be determined by Program Advisor.

*Electives (10 units):

GEOG 309, POSC 367, HEBW 101A or HEBW 101B, or courses listed above in excess of core requirements or other courses as determined by advisor.

Minor in Jewish Studies

The Minor in Jewish Studies consists of a minimum of 18 units. Jewish Studies encourages undergraduate students to acquire the academic breadth and depth to comprehend the major issues, themes, and concepts of a culture and heritage that has had a distinct impact on world civilization. The interdisciplinary minor consists of courses in a variety of disciplines, including literature, history, religion, geography, Hebrew language, and politics. Students will expand their understanding of the broader dynamics of the Jewish experience through different eras and geographic settings, both in Israel and the Diaspora.

Requirements

1. Required core course:

HIST 141 Jewish Civilization (3)

Prerequisites/Corequisites: One GE Foundation course and ENGL 100 or GE Composition (Area A1).

2. Culture and Society (3 units):

CWL 342, CWL 344.

3. History area (3 units):

HIST 304, HIST 344, HIST 345, HIST 393, HIST 428, HIST 432, HIST 470.

4. Religion and Thought (3 units):

R/ST 210, R/ST 230, R/ST 311, R/ST 312, R/ST 314, R/ST 315, R/ST 317, R/ST 318, R/ST 319, R/ST 320A, R/ST 320B, R/ST 460.

5. The remaining six units to complete the minor may be satisfied through any of the courses listed above.

6. In the event that no course is available to satisfy a requirement of the minor, the missing course or courses may be substituted through a directed study, as determined by the advisor.

Hebrew Courses (HEBW)

101A. Fundamentals of Hebrew (4)

Prerequisite/Corequisite: Any Foundation course.

Designed for non-native speakers, introduces students to Hebrew and enables them to comprehend and communicate in Hebrew at increasingly complex levels.

For non-native speakers only. Not open to heritage speakers or native speakers of Hebrew.

101B. Fundamentals of Hebrew (4)

Prerequisite/Corequisite: HEBW 101A.

Continuation of HEBW 101A. Introduces students to Hebrew and enables them to comprehend and communicate in Hebrew at increasingly complex levels. For non-native speakers only. Not open to heritage speakers or native speakers of Hebrew.

210. Introduction to Midrash (3)

Prerequisite: Completion of one GE Foundation Course and ENGL 100 or equivalent.

An introduction to Rabbinic literature interpreting the Hebrew Bible and its development, with an emphasis on analyzing sources and exploring how the tradition derived meaning from them.

Letter grade or credit/no credit

JOURNALISM AND MASS COMMUNICATION

Career Possibilities

Journalist * Public Relations Specialist * Editor * Online Journalist * Marketing Communications Professional * Multimedia Journalist * Publicist * Editor * Photojournalist * Reporter * Television Producer * Sports Writer * Designer * Photographer * Special Events Coordinator * Newscaster * Copy Writer * Critic * Technical Writer * Proofreader * Communications Manager * Public Information Officer * Magazine Writer * Radio Announcer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Journalism and Mass Communication offers undergraduate curricula in journalism and public relations. Students should contact the department office for referral to an appropriate faculty adviser for developing a study plan.

The department houses the campus newspaper, the Daily 49er, which serves the campus community and other constituencies as well as Dig magazine, the Online 49er, the Dig Online, the Summer 49er and Beach News, an online newscast.

Broadcast journalism students also work at radio outlets when opportunities present themselves. They also work with Advanced Media Productions to produce a weekly cable television program. Advanced students are strongly encouraged to participate in the department's internship program. Within the limits of its resources, the department helps graduating seniors and alumni find professional positions.

Bachelor of Arts in Journalism (120 units)

General Requirements

Computer Prerequisites to Entering Journalism Classes:

All students entering journalism skills courses must be familiar with at least one established word-processing program at the level of at least 40 words per minute.

Professional Skills:

JOUR 101, 120 and 311 are the basic writing and reporting courses for journalism and are prerequisites for

most upper division skills courses in the department.

Residency Requirements:

Transfer students must complete at least 50 percent of their upper-division journalism units at CSULB.

Journalism courses taken on another campus may not be substituted for CSULB journalism courses without the approval of the CSULB Department of Journalism and Mass Communication.

Distribution of Units:

Journalism majors may apply no more than 40 units of journalism courses toward the 120 units required for the degree of Bachelor of Arts. Students should meet with a journalism adviser before declaring the major and the minor.

Journalism majors are required to have a minor or a double-major. Each CSULB department defines its own minor, and these vary between 18 and 24 units. Students interested in pursuing the Single-Subject Credential in English/Journalism should consult the teaching credential adviser in the Department of English.

By default, students are placed in the Journalism program but may also choose to pursue a Specialization in Public Relations.

Bachelor of Arts in Journalism

Specific Requirements for the Journalism Degree

This degree program requires 40 units in the major, of which seven are lower division and 33 are upper division. Lower Division:

Take all the following courses:

JOUR 101 English for Media Writers (1)
Prerequisite: None

JOUR 110 Introduction to Mass Communications (3)
Prerequisite/Corequisite: One GE Foundation.

JOUR 120 Writing Across the Media (3)
Prerequisite: None

Upper Division:

Take all of the following:

JOUR 311 Reporting and Information Gathering (3)
Prerequisites: JOUR 120 with a grade of "C" or better.

JOUR 340 Introduction to Online Media (3)
Prerequisite: JOUR 311 with a grade of "C" or better.

JOUR 430 Law of Mass Communications (3)
Prerequisite: Junior or senior standing.

JOUR 431 Mass Media Ethics (3)
Prerequisite: Junior or senior standing.

JOUR 495 Senior Seminar (3)
Prerequisite: JOUR 311 with a grade of "C" or better, senior standing.

Take two courses chosen from the following:

JOUR 312, JOUR 315, JOUR 370, JOUR 412, JOUR 415, JOUR 418, JOUR 494

Take three units total from the following:

JOUR 497, JOUR 498

Take three courses from the following:

JOUR 300, JOUR 305, JOUR 310, JOUR 316,
JOUR 318, JOUR 320, JOUR 321, JOUR 331,
JOUR 374, JOUR 380, JOUR 382, JOUR 405,
JOUR 420, JOUR 422, JOUR 440, JOUR 471,
JOUR 478, JOUR 480, JOUR 482, JOUR 485,
JOUR 490, JOUR 499

In addition to the "C" average in the overall major,
journalism majors must earn a "C" or better in each of
these core courses:

JOUR 110, JOUR 120, JOUR 311, JOUR 340,
JOUR 430, JOUR 431 and JOUR 495.

Specialization in Public Relations

Requirements

This specialization requires 40 units in the major, of
which seven are lower division and 33 are upper division.

Lower Division:

Take all the following courses:

JOUR 101 English for Media Writers (1)
Prerequisite: None

JOUR 110 Introduction to Mass Communications (3)
Prerequisite/Corequisite: One GE Foundation.

JOUR 120 Writing Across the Media (3)
Prerequisite: None

Upper Division:

Take all the following courses:

JOUR 311 Reporting and Information Gathering (3)
Prerequisites: JOUR 120 with a grade of "C" or better.

JOUR 370 Principles of Public Relations (3)
Prerequisite: None

JOUR 374 Written Communication Public Relations (3)
Prerequisites: JOUR 120 with a grade of "C" or better,
JOUR 370.

JOUR 430 Law of Mass Communications (3)
Prerequisite: Junior or senior standing.

JOUR 431 Mass Media Ethics (3)
Prerequisite: Junior or senior standing.

Take two of the following three courses:

JOUR 471 Public Relations Mgmt and Campaigns (3)
Prerequisites: JOUR 311 with a grade of "C" or better,
JOUR 374.

JOUR 478 Public Relations Case Studies (3)
Prerequisites: JOUR 311 with a grade of "C" or better,
JOUR 374

JOUR 485 Public Relations Agency (3)
Prerequisites: JOUR 370.

Take three units total from the following:

JOUR 497, JOUR 498

Take three courses from the following: JOUR 300, JOUR
305 (recommended for public relations), JOUR 310,
JOUR 312, JOUR 315, JOUR 316, JOUR 318, JOUR
320, JOUR 321, JOUR 331, JOUR 340, JOUR 380,
JOUR 382, JOUR 405, JOUR 412, JOUR 415, JOUR
418, JOUR 420, JOUR 422, JOUR 440 (recommended
for public relations), JOUR 480, JOUR 482, JOUR
490, JOUR 494 (highly recommended for public
relations), JOUR 495 and JOUR 499.

In addition to the "C" average in the overall major,
journalism majors specializing in Public Relations must
earn a "C" or better in each of these core courses as
taken:

JOUR 110, JOUR 120, JOUR 311, JOUR 370,

JOUR 374, JOUR 430, JOUR 431, JOUR 471,
JOUR 478, JOUR 485.

Minor in Journalism

A minimum of 21 units including the following:

JOUR 110 Introduction to Mass Communications (3)
Prerequisite/Corequisite: One GE Foundation.

JOUR 120 Writing Across the Media (3)
**"C" or better required.
Prerequisite: None

JOUR 311 Reporting and Information Gathering (3)
Prerequisites: JOUR 120 with a grade of "C" or better.

JOUR 430 Law of Mass Communications (3)
Prerequisite: Junior or senior standing.

JOUR 431 Mass Media Ethics (3)
Prerequisite: Junior or senior standing.

Journalism Courses (JOUR)

LOWER DIVISION

101. English for Media Writers (1)

Intensive review of grammar, word usage, spelling, and the
principles of clear and concise writing for student writers who seek
careers in the mass media.

Letter grade only (A-F). (1 hour skills.)

110. Introduction to Mass Communications (3)

Prerequisite/Corequisite: One GE Foundation.

Origins, development and contemporary role of newspapers,
magazines, radio, television, books, new media and films, and
such related fields as advertising and public relations.

Letter grade only (A-F). (Lecture/Discussion 3 hours)

120. Writing Across the Media (3)

Course provides introductory overview on writing techniques used
in the print media, in broadcast media, in online media and in
preparation of materials for media professionals by public relations
practitioners. Focus is on writing news stories and meeting
deadlines.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

126. Narrative Writing for Journalism (3)

A gateway course to journalistic screen writing dedicated to helping
students express themselves through story while introducing them
to a variety of delivery media and narrative formats.

Letter grade only (A-F).

160. Understanding News Media (3)

Prerequisite: GE Foundation requirements.

Develop critical thinking through the examination of news media
in the United States including print, television and online news
sources, news narratives, journalistic methodologies, ownership
patterns, value systems, thought processes, effects and trends.

Not open for credit to students with credit in JOUR 220.

UPPER DIVISION

General Education Category A must be completed prior to taking
any upper division course except upper division language courses
where students meet formal prerequisites and/or competency
equivalent for advanced study.

300. Beginning Photojournalism (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Techniques of photojournalism for newspapers, magazines, corporate communications, new media and public relations. Course covers types of photos needed for all aspects of editorial photography, including lighting, use of filters, working with subjects and the photo picture page.

Letter grade only (A-F).

305. Media Design (3)

Prerequisite: JOUR 120 with a grade of "C" or better.

Gives students experience in design of printed and online materials. Examines theories, principles and techniques of contemporary media design. Covers historical roots of media design and acquaints students with use of photographs, illustrations, graphs, type and color in visual communication.

Letter grade only (A-F).

310. Writing for the Daily Forty-Niner (3)

Prerequisite: JOUR 120 with a grade of "C" or better, or consent of instructor.

Students cover a beat and/or write general assignment stories as well as produce online story packages for the Daily Forty-Niner newspaper and website.

Letter grade only (A-F).

311. Reporting and Information Gathering (3)

Prerequisites: JOUR 120 with a grade of "C" or better.

Students will learn to gather, process and analyze information from a variety of sources, reporting through multiple platforms while emphasizing ethical standards and credibility. Students will learn to observe; conduct effective interviews; practice writing for the media; and multimedia storytelling.

Letter grade only (A-F).

312. Global News Media (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses and upper-division standing.

Analysis of world's news media with an emphasis on structure, ownership, social and political roles and the degree of government pressure and control. Particular attention paid to economic, political and mass media globalization and its effects on developing countries.

Letter grade only (A-F). Course fee may be required.

315. Literary Journalism (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study and practice of literary reportage by analyzing styles and methods employed by British pioneers, contemporary American, European and Latin American journalists. Discussion and application of ethical guidelines that keep literary journalists from crossing the line between fact and fiction.

316. Feature Writing (3)

Prerequisites: JOUR 311 with a grade of "C" or better.

Covers the feature article for newspapers, magazines and online media. Discusses style, organization, human interest, use of quotes, leads and article ideas. Emphasis is on clear readable prose.

Letter grade only (A-F).

318. Introduction to Sports Journalism (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Offers students the opportunity to explore the state and practice of sports journalism. Students learn the history of sports writing as well as the fundamentals of the sports writing process, from information gathering and interviewing to writing and editing.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

320. Advanced Reporting (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Students will research, report and write stories on issues affecting the campus and local community. Computer-assisted research, multimedia, and investigative, and interviewing skills are stressed.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

321. Introduction to Broadcast Writing (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Techniques for information gathering, scripting, selecting video and choosing sound bites for news and feature stories.

Letter grade only (A-F). (Lecture two hours, Laboratory 2 hours)

331. Introduction to News Editing (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Basics of copy editing, line editing, and proofreading for print and online news publications, including grammar, AP style, and usage. Role of editor, from assigning stories to creating budgets and working with writers, artists and photographers to put together news stories, features, and opinion pieces.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

340. Introduction to Online Media (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Introduction to the Internet and World Wide Web from the perspective of online journalism. Provides introduction to the basics of online publishing and writing. Students work with the tools and technologies to create their own websites and write content for the online environment.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

370. Principles of Public Relations (3)

Public relations fundamentals: research, planning, communication and evaluation. Study of targeting special publics, the use of public relations tools, developing public relations programs and the importance of social responsibility.

Letter grade only (A-F).

374. Written Communication for Public Relations (3)

Prerequisites: JOUR 120 with a grade of "C" or better, JOUR 370.

Students learn to write a wide variety of internal public relations materials, including backgrounders, position papers, proposals, letters, memos, speeches and crisis communication plans. Students develop a crisis communication plan for a nonprofit organization as a service-learning project.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

380. Advanced Photojournalism (3)

Prerequisite: JOUR 311 with a grade of "C" or better, JOUR 300.

Photographic reporting with a camera. In-depth study of photojournalism with emphasis on creation of photo story ideas, photo essays and feature photos; photo editing and layout as applied to newspapers, magazines and online media.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

382. Radio News Production (3)

Prerequisite: JOUR 311 with a grade of "C" or better, JOUR 321.

Reporting, writing and editing news and feature stories for radio news program. Special emphasis is on radio production techniques.

Letter-grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

405. Advanced Media Design (3)

Prerequisites: JOUR 311 with a grade of "C" or better, JOUR 305.

Students learn more advanced skills in media design, including typography, color, art and white space. This class builds on basic theories learned in other media design classes, and further develops skills related to niches of particular interest to students.

Letter grade only (A-F). Lecture 2 hours, Laboratory 2 hours.

412. Theories of Mass Communication (3)

Contemporary theories of mass communication. An overview of development of communication theory as it relates to mass media. Evaluation of theories of communication process through analysis of original research upon which theories were founded. Source, message and audience effects of communication process.

Letter grade only (A-F).

415. Minorities and the Media (3)

Analysis of the issues pertaining to minorities (ethnic, racial, national origin, gender, sexuality, physical, age and mental ability) and how they intersect with the mass media.

Letter grade only (A-F).

418. Media History (3)

Overview of development of mass media in United States and around the world. Major media figures, trends and industries are examined. Examines how individuals' interpretations of past historical events affect their sense of the present and what should occur in the future.

Letter grade only (A-F).

420. Investigative Reporting (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Students work in an editor-reporter relationship with instructor in researching and writing in-depth pieces on such complex issues as mass transit, air pollution, city government, poverty, crime, housing and drug abuse. Computer-assisted research and investigative and interviewing techniques stressed.

Letter-grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

422. Senior Media Production (1)

Advanced work on Forty-Niner Publications as editors.

Credit/No Credit grading only. May be repeated for a maximum of 3 units in different semesters with consent of instructor.

430. Law of Mass Communications (3)

Prerequisite: Junior or senior standing.

Principles and case studies of law of the press, radio, television, advertising, public relations and new media with emphasis on constitutional guarantees, prior restraints, libel, contempt, privacy, taxation, licensing, shield laws, free press vs. fair trial, copyright and other laws affecting the mass media.

Letter grade only (A-F).

431. Mass Media Ethics (3)

Prerequisite: Junior or senior standing.

Study of ethical codes and value systems used in writing, producing and presenting news in the United States. Philosophical foundations of moral theory and various approaches to ethical decisionmaking for journalists and other media practitioners.

Letter grade only (A-F).

440. Trends in Online Media (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Students learn the theory and practice of creating cutting edge online content for both journalism and public relations. Course could include social media, coding/HTML, web animations, viral marketing among other topics.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

471. Public Relations Management and Campaigns (3)

Prerequisites: JOUR 311 with a grade of "C" or better, JOUR 374.

Students work in agency situation to develop a business proposal for client involving a formal written plan and oral presentation. Students serve as consultants and develop programs for a nonprofit organization as a service-learning project.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

478. Public Relations Case Studies (3)

Prerequisites: JOUR 311 with a grade of "C" or better, JOUR 374

Case studies used to acquaint students with problems encountered when working in profit and nonprofit sectors. Emphasis placed on analytic planning, critical thinking and programmatic skills. Students develop research study examining a public relations issue in-depth.

Letter grade only (A-F).

480. Magazine Production (3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Analysis of theory and practice behind magazine production, writing and editing; students produce print and online stories for various department publications

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

482. Television News Production (3)

Prerequisite: JOUR 311 with a grade of "C" or better, JOUR 321.

Scripting, voicing, shooting and editing news and feature stories for cablecast student program. Special emphasis on videography and editing.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 2 hours)

485. Public Relations Agency (3)

Prerequisites: JOUR 370

Prepares students for advanced public relations problem-solving, developing strategic public relations plans and executing a comprehensive public relations program, by serving as a student-run public relations agency and working with actual clients for the Bateman Case Study Competition.

Letter grade only (A-F).

490. Selected Topics in Mass Communications (1-3)

Prerequisite: JOUR 311 with a grade of "C" or better.

Topics of special interest in mass communications selected for intensive study.

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

494. Research Methods in Mass Communications (3)

Basic techniques of research in mass communications and mass media. Overview of theory building and hypothesis testing procedures as applicable to current problems in the mass communication field. Scientific methods, survey and experimental design, field studies, analysis of data.

Letter grade only (A-F).

495. Senior Seminar (3)

Prerequisite: JOUR 311 with a grade of "C" or better, senior standing.

Analysis of issues and problems in journalism and mass communications. Examines theoretical and applied issues related to the media. Discussion topics may include international communication, copyright, social responsibility, ethics, free speech and journalism history, among others.

Letter grade only (A-F).

497. Practicum in Journalism and Mass Communication (1-3)

Prerequisites: JOUR 311 with a grade of "C" or better, junior or senior standing.

Practice of journalism and mass communication in various on-campus media settings.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in at least two different semesters.

498. Internship (3)

Prerequisite: JOUR 311 with a grade of "C" or better, junior or senior standing.

Work of an editorial or writing nature at least 10 hours a week with journalism or PR organization in the Los Angeles-Orange County area. Work edited and evaluated by on-site supervisors. Regular reports to faculty supervisor and meetings with supervisor.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters.

499. Special Projects (1-3)

Prerequisite: JOUR 311, with a grade of "C" or better. Journalism Major only.

Advance approval of instructor; (permit required to enroll).

Research in the field of journalism in broadcast, newspaper, magazine, public relations, advertising, new media or other related fields. Students must meet once a week with instructor.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F).

KINESIOLOGY

College of Health and Human Services

Department Chair: Sharon R. Guthrie

Department Office: Health and Human Services (HHS) 2, Rm. 105
Telephone: (562) 985-4051
Website: <http://www.csulb.edu/colleges/chhs/departments/kin/>

Faculty: James Becker, D. Margaret Costa, Jill A. Crussemeyer, James A. Davis, Keith W. Freeseemann, Christine Galvan, Sharon R. Guthrie, Grant M. Hill, Kerrie Kauer, Jeff L. Kress, Barry W. Lavay, Mikiko Nakajima, Clayre K. Petray, Ralph Rozenek, Jan M. Schroeder, Tiffany Vargas, Emyr W. Williams, Alison M. Wrynn, Will Wu, Douglas E. Young

Department Coordinator: Stacia Ticer

Career Possibilities

Allied Health Professions Programs: Certified Athletic Trainer • Educator/Professor • Researcher • Certified Kinesiotherapist

Exercise Science and Fitness: Strength and Conditioning Coach • Educator/Professor • Researcher • Exercise Technician • Fitness Specialist • Exercise Physiologist • Exercise Specialist

Physical Education Teacher Education (PETE): Physical Educator • Adapted Physical Education Specialist • Sport Coach • High School Athletic Administrator • Educator/Professor • Researcher

Sport Studies: Sport Coach • Educator/Professor • Researcher • Mental Training Consultant/Sport Psychologist • Sport Manager • College Athletic Administrator
(For more information, see www.careers.csulb.edu.) Various entry-level trainee positions are available for graduates, regardless of academic discipline.

Introduction

The mission of the Department of Kinesiology is to facilitate wellness among individuals through the study and application of human movement principles across the lifespan and through the management of and participation in physical activity, exercise, and sport. The Department serves the needs of students completing majors in other fields who find that certain aspects of kinesiology are important to professional objectives and personal interests.

Programs at a Glance

- Bachelor of Arts in Kinesiology in two options
- Bachelor of Science in Kinesiology in three options
- Bachelor of Science in Athletic Training
- Master of Arts in Kinesiology in five options
- Master of Science in Kinesiology in four options
- Single Subject Teaching Credential in Physical Education (K-12)
- Single Subject Teaching Authorization in Adapted Physical Education (K-12)
- Wilderness Studies Certificate

In addition to the degree requirements for the Bachelor of Arts in Kinesiology and the Bachelor of Science in Kinesiology, the Major must meet the following Department policies and requirements for University graduation:

1. Each major course and prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than a "C" is received must be retaken and successfully completed prior to enrolling in any other course for which it is a prerequisite;
2. Upper-division courses may not be waived by substitution or examination without Department petition and approval;
3. Department approval.

Undergraduate Programs

Bachelor of Arts in Kinesiology

This program is under consideration for discontinuance.

Students pursuing a B.A. degree in Kinesiology must complete requirements plus one of the two Options.

Option in Adapted Physical Education – Teacher Education (120 units)

This option places emphasis on teaching public school PE to students with disabilities in preschool through grade 12.

Completion of this option meets Commission on Teacher Credentialing requirements for subject matter competence for the Single Subject Teaching Authorization in Adapted Physical Education (K-12).

This option is being revised to meet new state standards for subject matter competence for physical education teachers. When the revised program has been approved by the Commission on Teacher Credentialing, the new requirements will be in effect superseding current requirements.

Requirements

Core

Take all of the following courses:

KIN 201 Introduction to Kinesiology (3)

Prerequisites: None

KIN 300 Biomechanics of Human Movement (3)

Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor.
Corequisite(s): KIN 201.

KIN 301 Exercise Physiology (3)

Prerequisite(s)/Corequisite(s): KIN 201.

KIN 312 Motor Control and Learning (3)

Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.
Corequisite(s): KIN 201 applies to Kinesiology majors.

KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)

Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take all of the following courses:

BIOL 207 Human Physiology (4)

- * C or better
Prerequisites: GE Foundation requirements.
- BIOL 208 Human Anatomy (4)
- * C or better
Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.
- PSY 100 General Psychology (3)
- * C or better
Prerequisites/Corequisites: GE A1 requirement.
- KIN 149A Self Defense (1)
Prerequisites: None.
- KIN 237 Techniques and Analysis of Aquatic Skills (2)
Prerequisites: American Red Cross Community First Aid and CPR certification or equivalent. Open to Kinesiology majors in the Adapted Physical Education and K-12 Physical Education teacher education option only. To maintain enrollment, students must pass the swimming proficiency examination that will be administered the first week of instruction.
- KIN 250 Techniques of Basketball (1)
Prerequisites: None.
- KIN 251 Techniques of Flag Football (1)
Prerequisites: None.
- KIN 253 Techniques of Soccer (1)
Prerequisites: None.
- KIN 255 Techniques of Softball (1)
Prerequisites: None.
- KIN 257 Techniques of Volleyball (1)
Prerequisites: None.
- KIN 261 Techniques and Analysis of Fundamental Rhythms (2)
Prerequisites: None.
- KIN 264 Techniques of Golf (1)
Prerequisites: None.
- KIN 265 Techniques of Gymnastics (1)
Prerequisites: None.
- KIN 266 Techniques of Badminton (1)
Prerequisites: None.
- KIN 267 Techniques of Tennis (1)
Prerequisites: None.
- KIN 268 Techniques of Track and Field (1)
Prerequisites: None.
- KIN 270 Professional Practices in Public School Physical Education (3)
Prerequisites: None.

Upper Division:

- Take all of the following courses:
- KIN 315 Motor Development (3)
Prerequisites: BIOL 207, BIOL 208; PSY 100 or equivalent.
- KIN 320 Adapted Physical Education (3)
Prerequisites: BIOL 208.
- KIN 343 Techniques and Analysis of Fitness (2)
Prerequisites: KIN 270.
- KIN 370 Movement Theory and Practice of Elementary Physical Education (3)
Prerequisites: KIN 270.
- KIN 380 Principles, Organization and Management of Secondary School Physical Education (3)
Prerequisites: KIN 149A, KIN 237, KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 261, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268, KIN 270, KIN 343, KIN 370 or consent of instructor. Suggest concurrent enrollment in EDSS 300P (single subject credential course).
- KIN 387 Physical Activities for the Disabled (3)

Prerequisites: KIN 320.

- KIN 388 Program Planning and Instruction in Adapted Physical Education (3)
Prerequisites: KIN 387.
- KIN 427 Physical and Motor Assessment (3)
Prerequisites: KIN 315 or equivalent and KIN 320 or equivalent; upper-division undergraduate or graduate standing.
- KIN 460 Applied Theory & Analysis of Non-Traditional Physical Education Games & Activities (2)
Prerequisites: KIN 370, senior standing.

A fieldwork, field experience or internship course requires current certification in First Aid (American Red Cross: Community First Aid & Safety or Emergency Response or Workplace Training: Standard First Aid or equivalent) and Cardiopulmonary Resuscitation (American Red Cross: Adult CPR or Adult, Infant & Child CPR or CPR for the Professional Rescuer; American Heart Association: Adult CPR or Adult, Infant and Child CPR or ACLS Provider or equivalent) prior to enrollment.

Option in K-12 Physical Education – Teacher Education (120 units)

Completion of this option meets the subject matter competence requirement for the Single Subject Teaching Credential in Physical Education. Prospective students should consult the department's Physical Education Advisor early to plan their program.

Requirements

Core:

Take all of the following courses:

- Kin 201 Introduction to Kinesiology (3)
Prerequisites: None
- KIN 300 Biomechanics of Human Movement (3)
Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor.
Corequisite(s): KIN 201.
- KIN 301 Exercise Physiology (3)
Prerequisite(s)/Corequisite(s): KIN 201.
- KIN 312 Motor Control and Learning (3)
Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.
Corequisite(s): KIN 201 applies to Kinesiology majors.
- KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)
Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take all of the following courses:

- BIOL 207 Human Physiology (4)
- * C or better
Prerequisites: GE Foundation requirements.
- BIOL 208 Human Anatomy (4)
- * C or better
Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.
- PSY 100 General Psychology (3)
- * C or better
Prerequisites/Corequisites: GE A1 requirement.
- KIN 149A Self Defense (1)

Prerequisites: None.

KIN 237 Techniques and Analysis of Aquatic Skills (2)
Prerequisites: American Red Cross Community First Aid and CPR certification or equivalent. Open to Kinesiology majors in the Adapted Physical Education and K-12 Physical Education teacher education option only. To maintain enrollment, students must pass the swimming proficiency examination that will be administered the first week of instruction.

KIN 250 Techniques of Basketball (1)
Prerequisites: None.

KIN 251 Techniques of Flag Football (1)
Prerequisites: None.

KIN 253 Techniques of Soccer (1)
Prerequisites: None.

KIN 255 Techniques of Softball (1)
Prerequisites: None.

KIN 257 Techniques of Volleyball (1)
Prerequisites: None.

KIN 261 Techniques and Analysis of Fundamental Rhythms (2)
Prerequisites: None.

KIN 264 Techniques of Golf (1)
Prerequisites: None.

KIN 265 Techniques of Gymnastics (1)
Prerequisites: None.

KIN 266 Techniques of Badminton (1)
Prerequisites: None.

KIN 267 Techniques of Tennis (1)
Prerequisites: None.

KIN 268 Techniques of Track and Field (1)
Prerequisites: None.

KIN 270 Professional Practices in Public School Physical Education (3)
Prerequisites: None.

Upper Division:

Take all of the following courses:

KIN 315 Motor Development (3)
Prerequisites: BIOL 207, BIOL 208; PSY 100 or equivalent.

KIN 320 Adapted Physical Education (3)
Prerequisites: BIOL 208.

KIN 343 Techniques and Analysis of Fitness (2)
Prerequisites: KIN 270.

KIN 370 Movement Theory and Practice of Elementary Physical Education (3)
Prerequisites: KIN 270.

KIN 380 Principles, Organization and Management of Secondary School Physical Education (3)
Prerequisites: KIN 149A, KIN 237, KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 261, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268, KIN 270, KIN 343, KIN 370 or consent of instructor. Suggest concurrent enrollment in EDSS 300P (single subject credential course).

KIN 457 Applied Theory of Teaching Team Sports (3)
Prerequisites: KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 270 or consent of instructor; senior standing.

KIN 460 Applied Theory and Analysis of Non-Traditional Physical Education Games & Activities (2)
Prerequisites: KIN 370, senior standing.

KIN 461 Applied Theory of Teaching Individual & Dual Sports (3)
Prerequisites: KIN 237, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268, KIN 270, or consent of instructor.

KIN 477 Measurement and Curriculum in Physical

Education (3)

Prerequisites: KIN 343 and KIN 370 or consent of instructor.

A fieldwork, field experience or internship course requires current certification in First Aid (American Red Cross: Community First Aid & Safety or Emergency Response or Workplace Training: Standard First Aid or equivalent) and Cardiopulmonary Resuscitation (American Red Cross: Adult CPR or Adult, Infant & Child CPR or CPR for the Professional Rescuer; American Heart Association: Adult CPR or Adult, Infant & Child CPR or ACLS Provider or equivalent) prior to enrollment.

Single Subject Teaching Credential in Physical Education (K-12)

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Physical Education teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

Adapted Physical Education Specialist Teaching Authorization

This program is designed for students interested in the administration and implementation of physical activity programs for persons with disabilities in K-12 schools. Completion of this program results in the Adapted Physical Education added authorization for holders of a current Single Subject, Multiple Subject, or Education Specialist basic teaching credential.

Requirements

1. Bachelor's degree;
2. Concurrent enrollment in or completion of the Single Subject Physical Education teaching credential program or the Multiple Subject or Education Specialist teaching credential program;
3. Take the following courses:
 - KIN 320 Adapted Physical Education (3)
Prerequisites: BIOL 208.
 - KIN 387 Physical Activities for the Disabled (3)
Prerequisites: KIN 320.
 - KIN 388 Program Planning and Instruction in Adapted Physical Education (3)
Prerequisites: KIN 387.
 - KIN 427 Physical and Motor Assessment (3)
Prerequisites: KIN 315 or equivalent and KIN 320 or equivalent; upper-division undergraduate or graduate standing; consent of instructor required for graduate students prior to registration.
 - KIN 489A Field Work in Physical Activity Settings (6)

Prerequisites: Completion of Kinesiology course requirements for the major option in which field work is taken.

EDSP 350 Education of Exceptional Individuals (3)
Prerequisites: None.

Select two courses from the following:

ED P 405; EDSP 577, EDSP 578; KIN 526; LING 151.

Bachelor of Science in Kinesiology

Students pursuing the Bachelor of Science degree in Kinesiology must complete the course requirements and the physical fitness proficiency of each Option. Students may select their area of specialization from the options.

Option in Exercise Science (120 units)

Admission Under Impaction

Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Requirements

Core:

Take all of the following courses:

KIN 201 Introduction to Kinesiology (3)
Prerequisites: None

KIN 300 Biomechanics of Human Movement (3)
Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor.
Corequisite(s): KIN 201.

KIN 301 Exercise Physiology (3)
Prerequisites: Prerequisite(s)/Corequisite(s): KIN 201.

KIN 312 Motor Control and Learning (3)
Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.
Corequisite(s): KIN 201 applies to Kinesiology majors.

KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)
Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take all of the following courses:

MATH 113 (or higher) Precalculus Algebra (3)

* C or better
Prerequisites: Appropriate ELM score, ELM exemption or MAPB11.

CHEM 111A General Chemistry (5)
* C or better
Prerequisites: A passing score on the Chemistry Placement Examination.
Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)
Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

KIN 263 Techniques in Physical Fitness (2)
Prerequisites: None.

BIOL 207 Human Physiology (4)
* C or better
Prerequisites: GE Foundation requirements.

BIOL 208 Human Anatomy (4)
* C or better

Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

PHYS 100A General Physics (4)

* C or better
Prerequisites: MATH 109 or MATH 113 or MATH 119A or MATH 120 or MATH 122.

PHYS 100B General Physics (4)
Prerequisites: PHYS 100A.

PSY 100 General Psychology (3)

* C or better
Prerequisites/Corequisites: GE A1 requirement.

Upper Division:

Take all of the following courses:

KIN 405 Cardiopulmonary Aspects of Health Related Exercise Programs (4)
Prerequisites: KIN 210 or current First Aid and CPR certificates, KIN 301.

KIN 441 Applied Biomechanics: Lifting and Work Capacity (3)
Prerequisites: KIN 300 or equivalent (Trigonometry and PHYS 100A recommended).

Take one of the following courses:

KIN 430 Motor Control Principles and Theory (3)
Prerequisites: KIN 312 or equivalent.

KIN 431 Scientific Foundations of Locomotion (3)
Prerequisites: KIN 300, KIN 312.

Take one of the following courses:

KIN 483 Statistics in Human Movement Science (3)
Prerequisites: KIN 300, KIN 301, KIN 312.

BIOL 260 Biostatistics (3)
Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.

Take three of the following courses:

KIN 339, KIN 462, KIN 465, KIN 466, KIN 432.

Take 12 units (minimum 3 units from KIN) of elective courses from the following:

BIOL 200, BIOL 211, BIOL 212, BIOL 213 (BIOL 111 and BIOL 111L, BIOL 212 and BIOL 212L, BIOL 213 and BIOL 213L if courses taken prior to this catalog year), BIOL 301, BIOL 340, BIOL 341, BIOL 342 and BIOL 342L, BIOL 345, BIOL 441, BIOL 443, BIOL 445; CHEM 227, CHEM 448; NUTR 132, NUTR 331, NUTR 439; H SC 150; KIN 315, KIN 320, KIN 339*, KIN 364, KIN 367, KIN 430*, KIN 431*, KIN 432*, KIN 462*, KIN 465*, KIN 466*, KIN 494, KIN 495, KIN 497; MICR 200, MICR 211; PSY 327, PSY 370.

A fieldwork, field experience, or internship requires current certification in First Aid (American Red Cross: Community First Aid & Safety or Emergency Response or Workplace Training: Standard First Aid or equivalent) and Cardiopulmonary Resuscitation (American Red Cross: Adult CPR or Adult, Infant & Child CPR or CPR for the Professional Rescuer; American Heart Association: Adult CPR or Adult, Infant & Child CPR or ACLS Provider or equivalent) prior to enrollment.

Option in Fitness (120 units)

Admission Under Impaction

Fitness is an impacted option. Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Requirements

Core Courses:

Take all of the following courses:

KIN 201 Introduction to Kinesiology (3)
Prerequisites: None

KIN 300 Biomechanics of Human Movement (3)
Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor.
Corequisite(s): KIN 201.

KIN 301 Exercise Physiology (3)
Prerequisites: Prerequisite(s)/Corequisite(s): KIN 201.

KIN 312 Motor Control and Learning (3)
Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.
Corequisite(s): KIN 201 applies to Kinesiology majors.

KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)
Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take one of the following courses:

STAT 108 Statistics for Everyday Life (3)
* C or better
Prerequisites: None

PSY 210 Introductory Statistics (4)
* C or better
Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

Take all of the following courses:

NUTR 132 Introductory Nutrition (3)
* C or better
Prerequisites/Corequisites: One Foundation course.

PSY 100 General Psychology (3)
* C or better
Prerequisites/Corequisites: GE A1 requirement.

KIN 218 **Professional Development in the Fitness Industry** (2)
Prerequisites: None.

KIN 263 Techniques of Physical Fitness (2)
Prerequisites: None.

BIOL 207 Human Physiology (4)
* C or better
Prerequisites: GE Foundation requirements.

BIOL 208 Human Anatomy (4)
* C or better
Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

Physical Activity Courses:

Take a minimum of 7 units selected from different classes chosen from the following:

KIN 100A, KIN 102A, KIN 104A, KIN 106A, KIN 107A, KIN 108A, KIN 109A, KIN 112A, KIN 114A, KIN 114B, KIN 114C, KIN 121A, KIN 124A, KIN 125A, KIN 126A,

KIN 127A, KIN 142, KIN 145A, KIN 146A, KIN 148A, KIN 149A, KIN 151A, KIN 152A, KIN 161A, KIN 162A, KIN 165A, KIN 166, KIN 167A, KIN 168A, KIN 169A, KIN 172A, KIN 172B, KIN 172C, KIN 183A, KIN 185, KIN 189, KIN 198F, KIN 198G, KIN 198H, KIN 198J, KIN 242, KIN 243A, KIN 243C, KIN 244, KIN 245A, KIN 246A, KIN 247A, KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268.

Upper Division:

KIN 339 Psychology of Sport Behavior and Athletic Performance (3)
Prerequisites: GE Foundation requirements, PSY 100, and upper-division standing.

KIN 363 Theory and Analysis of Group Fitness Instruction (2)
Prerequisites: KIN 263.

KIN 364 Fitness for Adult Populations with Unique Health Considerations (3)
Prerequisites: KIN 301.

KIN 367 Fitness and the Aging Process (3)
Prerequisites: Fitness Option: KIN 218 and KIN 301; KIN Exercise Science Option: KIN 301; or consent of instructor.

KIN 368 Resistance Training for Fitness (3)
Prerequisite(s): Prerequisites: KIN 300 and KIN 301. Open to Fitness Option students in Kinesiology or consent of instructor.

KIN 467 Fundamentals of Personal Training (3)
Prerequisites: KIN 368. Open to Fitness Option students in Kinesiology only, or consent of instructor.

KIN 468 Nutrition for Exercise and Performance (3)
Prerequisites: NUTR 132, KIN 301.

KIN 469 Fitness Management (3)
Prerequisites: KIN 363, KIN 368.

KIN 478 Psychological Aspects of Exercise and Fitness (3)
Prerequisites: KIN 339. Open to Fitness and Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

KIN 489D Fieldwork in Fitness (3)
Prerequisites: Completion of Kinesiology course requirement for the major option in which the field work is taken. KIN 467, completion of 200 hours in a corporate fitness setting, 200 hours in a traditional fitness setting and 100 hours of approved fitness experience.

Take six units of elective courses from the following:

ATEP 207, ATEP 309; NUTR 439; HSC 421, HSC 423, HSC 427; KIN 315, KIN 335, KIN 462, KIN 487; REC 421, REC 423, REC 425, REC 427.

A fieldwork, field experience, or internship requires current certification in First Aid (American Red Cross: Community First Aid & Safety or Emergency Response or Workplace Training: Standard First Aid or equivalent) and Cardiopulmonary Resuscitation (American Red Cross: Adult CPR or Adult, Infant & Child CPR or CPR for the Professional Rescuer; American Heart Association: Adult CPR or Adult, Infant & Child CPR or ACLS Provider or equivalent) prior to enrollment.

Option in Sport Psychology and Leadership (120 units)

This option has two concentrations - one in Sport Psychology and one in Leadership. The course work for both concentrations is the same except for the activity courses and the elective courses. The option is designed for students interested in careers in: 1) sport psychology; and 2) coaching outside the public school system (K-12), e.g., sport management/leadership; coaching professional athletes, coaching youth-sport athletes, and coaching in sport academies.

Admission Under Impaction

Sport Psychology & Leadership is an impacted option. Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Requirements

Core:

Take all of the following courses:

KIN 201 Introduction to Kinesiology (3)

Prerequisites: None

KIN 300 Biomechanics of Human Movement (3)

Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor. Corequisite(s): KIN 201.

KIN 301 Exercise Physiology (3)

Prerequisite(s)/Corequisite(s): KIN 201.

KIN 312 Motor Control and Learning (3)

Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only. Corequisite(s): KIN 201 applies to Kinesiology majors.

KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)

Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take all of the following courses:

BIOL 207 Human Physiology (4)

* C or better

Prerequisites: GE Foundation requirements.

BIOL 208 Human Anatomy (4)

* C or better

Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

NUTR 132 Introductory Nutrition (3)

* C or better

Prerequisites/Corequisites: One Foundation course.

KIN 263 Techniques of Physical Fitness (2)

Prerequisites: None.

PSY 100 General Psychology (3)

* C or better

Prerequisites/Corequisites: GE A1 requirement.

STAT 108 Statistics for Everyday Life (3)

* C or better

Prerequisites: None

Take three activity units selected from the following:

KIN 100A, KIN 102A, KIN 104A, KIN 106A, KIN 107A, KIN 108A, KIN 112A, KIN 114A, KIN 114B, KIN 114C,

KIN 121A, KIN 124A, KIN 125A, KIN 126A, KIN 127A, KIN 142, KIN 145A, KIN 146A, KIN 148A, KIN 149A, KIN 151A, KIN 152A, KIN 161A, KIN 162A, KIN 165A, KIN 166, KIN 167A, KIN 169A, KIN 172A, KIN 172B, KIN 172C, KIN 183A, KIN 185, KIN 189, KIN 242, KIN 243A, KIN 243C, KIN 244, KIN 245A, KIN 246A, KIN 247A, KIN 250, KIN 253, KIN 255, KIN 257, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268.

Upper Division:

Take all of the following courses:

KIN 335 Historical and Cultural Foundations of Sport and Kinesiology in America (3)

Prerequisites: Upper division standing.

KIN 338 Women in Sport (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

KIN 339 Psychology of Sport Behavior and Athletic Performance (3)

Prerequisites: GE Foundation requirements, PSY 100, and upper-division standing.

KIN 472 Applied Sport and Exercise Psychology (3)

Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

KIN 475 Psychology of Coaching (3)

Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

KIN 478 Psychological Aspects of Exercise and Fitness (3)

Prerequisites: KIN 339. Open to Fitness and Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

PSY 356 Personality (3)

Prerequisites: PSY 100.

Concentration in Sport Psychology

Elective Courses:

Select 12 units (minimum 3 units from KIN and 6 units from PSY). At least 7 units must be upper division) from the following courses:

ANTH 353, ANTH 412, H SC 427; KIN 156, KIN 210, KIN 315, KIN 489B, KIN 497; PSY 220, PSY 241, PSY 301, PSY 332, PSY 333, PSY 336, PSY 351, PSY 370, PSY 373, PSY 378, PSY 453, PSY 475.

Concentration in Leadership

Elective Courses:

Select 12 units (Minimum 3 units from KIN. At least 7 units must be upper division) from the following courses: ANTH 353, ANTH 412; CBA 400; COMM 306, COMM 335, COMM 411; H SC 427; KIN 156, KIN 200, KIN 210, KIN 489B, KIN 497; REC 321, REC 322, REC 324, REC 340I, REC 427; PSY 351, PSY 453.

A fieldwork, field experience, or internship requires current certification in First Aid (American Red Cross: Community First Aid & Safety or Emergency Response or Workplace Training: Standard First Aid or equivalent) and Cardiopulmonary Resuscitation (American Red Cross: Adult CPR or Adult, Infant & Child CPR or CPR for the Professional Rescuer; American Heart Association: Adult CPR or Adult, Infant & Child CPR or ACLS Provider or equivalent) prior to enrollment.

This degree option has been deemed "similar" to the Transfer Model Curriculum for Kinesiology under the Student Transfer Agreement Reform Act (SB 1440-Padilla). Students

who complete an approved A.A.-T or A.S.-T degree in Kinesiology at a California Community College can meet B.S. in Kinesiology: Option in Sport Psychology and Leadership (KPE_BS04) requirements with no more than 60 additional units. Contact a Kinesiology faculty advisor for assistance in program planning.

Bachelor of Science in Athletic Training (120 units)

The Department of Kinesiology offers the Bachelor of Science in Athletic Training degree through the Athletic Training Program (AT Program). The AT Program is nationally accredited by the Commission on the Accreditation of Athletic Training Education (CAATE). Athletic Training is recognized by the American Medical Association (AMA) as a healthcare profession.

Athletic Training is practiced by Athletic Trainers (ATs), health care professionals who collaborate with physicians to optimize activity and participation of patients and clients. The services provided by ATs comprise prevention, emergency care, clinical diagnosis, therapeutic intervention and rehabilitation of injuries and medical conditions involving impairment, functional limitations, and disabilities. Students who want to become certified athletic trainers must earn a degree from an accredited athletic training curriculum. Accredited programs include formal instruction in areas such as injury/illness prevention, first aid and emergency care, assessment of injury/illness, human anatomy and physiology, therapeutic modalities, and nutrition.

For additional information please refer to the following website: <http://www.nata.org/athletic-training>.

The AT Program is designed for the athletic trainer's professional preparation based on the development of current knowledge, skills, and abilities in content areas such as evidence-based practice, prevention and health promotion, clinical examination and diagnosis, acute care of injury and illness, therapeutic interventions, psychosocial strategies and referral, healthcare administration, and professional development and responsibility. Classroom learning is enhanced through clinical education experiences. Upon successful completion of all the AT Program requirements and Program Director approval, students are eligible to take the Board of Certification (BOC) examination to become a certified athletic trainer (ATC).

Professional careers in athletic training include professional sports, colleges & universities, secondary schools, hospital & clinical, /occupational health, military, performing arts, physician extender, and public safety.

Admission Under Impaction

The Bachelor of Science in Athletic Training is a highly impacted major and requires a program application in addition to the CSULB admission application. Admission to CSULB does not guarantee admission into the Athletic Training major.

Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Athletic Training Education Program Website

Refer to the following website for the most current AT Program information, program application packet, and additional resources: <http://www.csulb.edu/colleges/chhs/departments/kin/athletic-training/index.html>

Requirements

Core:

Take all of the following courses:

KIN 201 Introduction to Kinesiology (3)
Prerequisites: None

KIN 300 Biomechanics of Human Movement (3)
Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor. Corequisite(s): KIN 201.

KIN 301 Exercise Physiology (3)
Prerequisite(s)/Corequisite(s): KIN 201.

KIN 312 Motor Control and Learning (3)
Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.
Corequisite(s): KIN 201 applies to Kinesiology majors.

KIN 332 Sociocultural Dimensions of Sport/Human Movement (3)
Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Lower Division:

Take one of the following courses:

MATH 109 Modeling with Algebra (3)

* C or better
Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or 11.

MATH 113 Precalculus Algebra (3)

* C or better
Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 119A Survey of Calculus I (3)

* C or better
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 113.

MATH 122 Calculus I (4)

* C or better
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and 113.

Take all of the following courses:

APEP 207 Prevention and Care of Athletic Injuries (3)

**"C" or better required.
Prerequisites: Current certification in CPR, AED, and First Aid. Certification must include Adult, Child, and Infant CPR; Conscious and Unconscious Choking for victims of all ages; Automated External Defibrillator (AED), and Basic First Aid.

KIN 263 Techniques in Physical Fitness (2)
Prerequisites: None.

BIOL 207 Human Physiology (4)

**"C" or better required.
Prerequisites: GE Foundation requirements.

BIOL 208 Human Anatomy (4)

* C or better
Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

NUTR 132 Introductory Nutrition (3)

* C or better
Prerequisites/Corequisites: One Foundation course.

PHYS 100A General Physics (4)

* C or better
Prerequisites: MATH 109 or MATH 113 or MATH 119A or MATH 122.

PSY 100 General Psychology (3)

* C or better
Prerequisites/Corequisites: GE A1 requirement.

Take one of the following courses:

- BIOL 260 Biostatistics (3)
Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.
- KIN 483 Statistics in Human Movement Science (3)
Prerequisites: KIN 300, KIN 301, KIN 312.
- PSY 210 Introductory Statistics (4)
Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.
- STAT 108 Statistics for Everyday Life (3)
Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11 or MAPB 12.Upper Division.

Take all of the following courses:

- ATEP 304 Clinical Aspects of Athletic Training (3)
Prerequisites: Admission to the Athletic Training program and consent of instructor.
- ATEP 306 Medical Aspects of Athletic Training (3)
Prerequisites: ATEP 490B.
- ATEP 308A Athletic Training Evaluation I (3)
Prerequisite(s): ATEP 304.
- ATEP 308B Athletic Training Evaluation II (3)
Prerequisites: ATEP 308A.
- ATEP 309 Developmental and Therapeutic Exercise (3)
Prerequisites: KIN 300, KIN 301 or consent of instructor.
- ATEP 310 Therapeutic Approaches in Athletic Training (3)
Prerequisite(s): ATEP 304.
- ATEP 407 Management Strategies in Athletic Training (3)
Prerequisite(s): ATEP 490B.
- ATEP 490A Clinical Education in Athletic Training (2)
Prerequisites: Consent of instructor and successful completion of ATEP 304; satisfactory completion of CSULB Athletic Training Program Health and Safety requirements; and satisfactory completion of CSULB Athletic Training Program Technical Standards Form.
- ATEP 490B Clinical Education in Athletic Training (2)
Prerequisites: Consent of instructor and successful completion of ATEP 490A.
- ATEP 490C Clinical Education in Athletic Training (2)
Prerequisites: Consent of instructor and successful completion of ATEP 490B.
- ATEP 490D Clinical Education in Athletic Training (2)
Prerequisites: Consent of instructor and successful completion of ATEP 490C.
- ATEP 491 Seminar in Athletic Training (1)
Prerequisite: Consent of instructor and successful completion of ATEP 490C.
Corequisite: ATEP 490D
- H SC 427 Drugs and Health (3)
Prerequisites: Upper division standing.
- KIN 315 Motor Development (3)
Prerequisites: BIOL 207, BIOL 208; PSY 100 or equivalent.
- KIN 339 Psychology of Sport Behavior and Athletic Performance (3)
Prerequisites: GE Foundation requirements, PSY 100 and upper division standing.
- KIN 462 Advanced Strength and Conditioning (3)
Prerequisites: KIN 300, KIN 301. Open to Athletic Training, Exercise Science and Fitness majors in Kinesiology or consent of instructor.

Certificate Programs

The Department of Kinesiology offers one certificate program. The certificate program are open to students enrolled in the University who meet general admission requirements as follows:

1. Completion of 30 hours of course work;
2. A minimum 2.75 GPA in all completed course work;
3. Admission application and approval by a faculty committee in the certificate program selected.

Certificate in Wilderness Studies

Program is under consideration for discontinuance. Students may only pursue the certificate program in combination with a CSULB degree program.

Requirements

1. Wilderness First Responder (WFR) Certification (80 hours)
2. Resume of Outdoor Experiences
3. Coursework (27-29 units):

Take all of the following:

- KIN 242 Backpacking (2)
Prerequisites: None.
- KIN 244 Kayaking (2)
Prerequisites: None.
- KIN 246A Mountaineering (2)
Prerequisites: None.
- KIN 247A Techniques of Rockclimbing (2)
Prerequisites: None.
- KIN 489K Field Work in Physical Activity Settings - Fieldwork in Wilderness Studies (1- 3)
Prerequisite: Completion of Kinesiology course requirements for the major Option in which field work is taken.
Additional Prerequisites: KIN 242, KIN 244, KIN 246A or KIN 247A, KIN 243C or KIN 245A. Certification in CPR and First Aid, and consent of instructor.
- REC 427 Legal Aspects of Leisure Services (3)
Prerequisites: Upper division standing.

Select one of the following:

KIN 243C, KIN 245A and KIN 245B

Select three of the following:

KIN 243A and KIN 243B, KIN 243C*, KIN 245A and KIN 245B; REC 430.
*if not taken above

Graduate Programs

Two degree programs are available to the student: Master of Arts degree in Kinesiology with five Options and Master of Science degree in Kinesiology with four Options. Students may select the thesis/project track, the comprehensive examination track, or the capstone course track. The minimum unit requirement for the all MA or MS degree programs in Kinesiology is 36 units.

Admission Criteria

1. A bachelor's degree from an accredited institution with a major in Kinesiology/Physical Education or the equivalent;
2. If a prospective graduate student has a baccalaureate degree in a field other than Kinesiology or Physical

Education, he/she may be required to take prerequisite or foundational upper-division undergraduate coursework in Kinesiology. Students must consult with the Associate Chair for Graduate Studies and/or major advisor before enrolling in foundational courses. The courses, which vary depending on the student's academic background and Option, may be taken at CSULB or another college/university. All foundational coursework must be completed prior to Advancement to Candidacy.

3. An overall undergraduate GPA of 2.5 or better and an upper division Kinesiology/Physical Education major GPA of 2.75 or better;
4. A minimum cumulative score of 150 on the verbal, 141 on the quantitative and 3.5 on the analytical writing sections of the Graduate Record Examination.

Advancement to Candidacy

1. Completion of the general University requirements for advancement to candidacy;
2. Fulfillment of the Graduation Writing Assessment Requirement (GWAR);
3. A graduate program must have approval of the student's advisor, Department Associate Chair for Graduate Studies, and Associate Dean of Graduate Students, Research, and Faculty Affairs for the College of Health and Human Services.

Master of Arts in Kinesiology

Five options are under the Master of Arts degree in Kinesiology. The core courses for thesis students are KIN 696 and 698. The core course for comprehensive examination students is KIN 696.

Option in Adapted Physical Education

This option is designed to provide advanced preparation in adapted physical activity and the study of individuals with disabilities across the lifespan (preschool to adult).

Requirements

1. Take the following course:
KIN 696 Research Methods and Statistical Analysis (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.
2. Minimum of 12 units, take the following:
EDSP 577, EDSP 578; KIN 537, KIN 638, KIN 697
3. Select option A, B, or C (21 units):
 - a. Comprehensive exam students also complete 21 units of approved electives.
 - b. Thesis/Project: Complete KIN 698 (6 units) plus 15 units of approved electives.
 - c. Capstone course: Complete KIN 694 (3) plus an additional 18 units of approved electives.
4. Complete at least seventy percent (70%) of the minimum units required for the program of study in courses at the 500/600 level, including double-numbered courses.

Option in Coaching and Student-Athlete Development

1. Required Courses (18 units):
KIN 512 Legal and Ethical Issues in Sport (3)
Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program; or consent of instructor.

KIN 572 Applied Sport Psychology (3)
Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

KIN 575 Psychology of Coaching (3)
Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

KIN 577 Sport in U.S. Culture (3)
Prerequisites: KIN 332 or equivalent.

KIN 593A Coaching Internship (3)
Prerequisites: Bachelor degree with a major or minor in Kinesiology or Physical Education or an approved related major; advancement to candidacy and approval of Intern Coordinator.

KIN 696 Research Methods and Statistical Analysis (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

2. Electives (12 units)

Select four from the following list of elective courses:

KIN 541, KIN 573, KIN 630, KIN 597 or KIN 697, KIN 560, KIN 573, KIN 593B, KIN 633; PSY 553, PSY 678

3. Select either A, B, or C (6 units):

A. Thesis/Project: KIN 698 Thesis/Project (6 units)

B. Capstone: KIN 694 Capstone in Kinesiology (3 units) plus three (3) units chosen from Elective Courses listed above.

C. Comprehensive Examination: Passing score in written and oral portions of Comprehensive Examination plus six (6) units chosen from Elective Courses listed above.

Option in Pedagogical Studies

This option is currently inactive.

This option is offered only through College of Continuing and Professional Education at a higher tuition rate. Instruction is presented in an accelerated cohort program format over 24 months.

Requirements

1. Required courses (21 units)
 - KIN 522 Non-traditional Activities in K-12 Physical Education (3)
Prerequisite: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.
 - KIN 524 Analysis of Teaching in Physical Education (3)
Prerequisites: None.
 - KIN 525 Instructional Design in Physical Education (3)
Prerequisites: Undergraduate major in physical education, EDST 300.
 - KIN 528 Promoting Physical Activity and Fitness in K-12 Physical Education (3)
Prerequisite: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.
 - KIN 580 Computer Application in Physical Education (3)
Prerequisites: Graduate standing, consent from instructor. Introduction to computer hardware and software used in Kinesiology including DOS/Windows and Apple Macintosh operating systems.
 - KIN 596 Practicum in Physical Education Pedagogy (3)
Prerequisites: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.
 - KIN 696 Research Methods and Statistical Analysis (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

* KIN 526 Applied Behavior Analysis in Physical Education (3) and 537 Physical Education for Special Populations (3) may be substituted, with instructor permission, for any of the above courses except KIN 524, 525 or 696.

2. Elective courses (12 units)

Select four of the following courses:

EDSE 435, EDSE 436, EDSE 457, EESS 450P, or EESS 473P.

3. Capstone course:

KIN 694 Capstone in Kinesiology (3)

Prerequisite: KIN 696 and admission into a Kinesiology graduate program.

Option in Sport Management

This option is offered only through College of Continuing and Professional Studies at a higher tuition rate. Instruction is presented in an accelerated cohort program format over 18 months.

Requirements

Take all the following courses:

KIN 511 Sports Marketing, Development and Fund Raising (3)

Prerequisites: Graduate standing and a Baccalaureate Degree in Kinesiology/Physical Education or related field and admission to the Kinesiology Graduate Sports Management Program.

KIN 512 Legal and Ethical Issues in Sport (3)

Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program; or consent of instructor.

KIN 513 Personnel and Facility Management in Athletics (3)

Prerequisites: Graduate standing admission in to the Kinesiology Graduate Sport Management Program.

KIN 514 Sport Finance (3)

Prerequisites: Graduate standing; admission in to the Kinesiology Graduate Sport Management Program.

KIN 521 Foundations of Sport Management (3)

Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program.

KIN 577 Sport in U.S. Culture (3)

Prerequisites: KIN 332 or equivalent.

KIN 591 Field Studies in Sport Event Management (3)

Prerequisites: Graduate standing; admission to the Kinesiology Graduate Sports Management Program.

KIN 592A Sports Management Internship (6)

Prerequisites: Graduate standing; admission to the Kinesiology Graduate Sports Management Program.

KIN 694 Capstone in Kinesiology (3)

Prerequisite: KIN 696 and admission into a Kinesiology graduate program.

KIN 695 Seminar in Professional Literature (3)

Prerequisite: KIN 696 and admission into a Kinesiology graduate program.

KIN 696 Research Methods and Statistical Analysis (3)

Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

Option in Individualized Studies

This option is designed to provide the student with curriculum activities that combine one or more option areas into a program of study. This option is developed by the student with the advisement of a graduate faculty member and/or the Associate Chair for Graduate Studies. A statement of rationale for the proposal must accompany the program of study.

Requirements

1. Required Course (3 units)

KIN 696 Research Methods & Statistical Analysis (3);

2. Select A, B, or C (33 units):

A. Thesis/Project: KIN 698 Thesis/Project (6 units) and complete 27 advisor approved Elective units focused on a specific theme of study.

B. Capstone: KIN 694 Capstone in Kinesiology (3 units) and complete 30 advisor approved Elective units focused on a specific theme of study.

C. Comprehensive Examination: Achieve passing scores on the written and oral sections of the Graduate Comprehensive exam and complete 33 advisor-approved Elective units focused on a specific theme of study.

3. Complete at least seventy percent (70%) of the minimum units required for the program of study in courses at the 500 and 600 levels, including double-numbered courses (400/500). At least fifty percent (50%) of the units required for the degree shall be in courses organized primarily for graduate students.

Master of Science in Kinesiology

Four options are under the Master of Science degree in Kinesiology. The core courses for thesis/project students are KIN 696 and KIN 698. The core course for comprehensive examination students is KIN 696.

Option in Exercise Science

Requirements

1. Required Coursework (12 units):

KIN 530 Neuromotor Control (3)

Prerequisites: Graduate standing, KIN 312 or equivalent.

KIN 540 Biomechanical Factors in Human

Movement (3)

Prerequisites: KIN 300 or equivalent.

KIN 551 Advanced Exercise Physiology (3)

Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent.

KIN 696 Research Methods and Statistical Analysis (3)

Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

2. Elective Courses (18 units):

Select six of the following courses:

KIN 541, KIN 552, KIN 553, KIN 562, KIN 565, KIN 566, KIN 568, KIN 594, KIN 630, or KIN 697

3. Select option A, B, or C (6 units):

A. Comprehensive exam students also complete 6 units of electives from within or outside of the department offerings selected from appropriate areas of interest in consultation with advisor.

B. Thesis/Project: Complete KIN 698 (6 units)

C. Capstone Course: Complete KIN 694 (3) plus an additional 3 units of electives from within or outside of the department offerings selected from appropriate areas of interest in consultation with advisor.

Option in Sport and Exercise Psychology

Requirements

1. Core (18 units):
 - KIN 512 Legal and Ethical Issues in Sport (3)
Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program; or consent of instructor.
 - KIN 572 Applied Sport Psychology (3)
Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.
 - KIN 577 Sport in U.S. Culture (3)
Prerequisites: KIN 332 or equivalent.
 - KIN 578 Psychological Aspects of Exercise and Fitness (3)
Prerequisites: KIN 339. Open to Fitness and Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.
 - KIN 633 Seminar in Sport Psychology (3)
Prerequisites: KIN 339 or consent of instructor.
 - KIN 696 Research Methods and Statistical Analysis (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.
2. Elective Courses (12 units):
Select four of the following courses:
 - KIN 573, KIN 575, KIN 630, KIN 697, PSY 553, PSY 575, PSY 581, PSY 678.
3. Select either option A, B, or C (6 units):
 - A. Thesis/Project: KIN 698 Thesis/Project (6 units)
 - B. Capstone Course: KIN 694 Capstone in Kinesiology (3 units) plus three (3) units chosen from the Elective Courses.
 - C. Comprehensive Examination: Passing score in written and oral portions of Comprehensive Examination plus six (6) units chosen from Elective Courses.

Option in Sports Medicine and Injury Studies

Requirements

1. Required courses (24 units):
 - KIN 540 Biomechanical Factors in Human Movement (3)
Prerequisites: KIN 300 or equivalent.
 - KIN 551 Advanced Exercise Physiology (3)
Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent.
 - KIN 560 Health Related Problems in Sport (3)
Prerequisites: KIN 207 and KIN 301 or their equivalents and BIOL 207 and 208 or their equivalents.
 - KIN 561 Musculoskeletal Injuries in Sport (3)
Prerequisites: KIN 207 and KIN 300 or their equivalents and BIOL 208 or its equivalents.
 - KIN 562 Advanced Strength and Conditioning (3)
Prerequisites: KIN 300, KIN 301.
 - KIN 568 Nutrition for Exercise and Performance (3)
Prerequisites: NUTR 132, KIN 301 for the KIN Fitness option and the KIN Exercise Science option or BIOL 207 for the Nutrition and Dietetics option.
 - KIN 633 Seminar in Sport Psychology (3)
Prerequisites: KIN 339 or consent of instructor.

KIN 696 Research Methods and Statistical Analysis (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

2. Select option A, B, or C (12 units):
 - A. Thesis/Project: KIN 698 Thesis/Project (6 units) plus six (6) units chosen from the following elective courses: KIN 541, KIN 552, KIN 553, KIN 565, KIN 566, KIN 573, KIN 577, or KIN 671.
 - B. Capstone: KIN 694 Capstone in Kinesiology (3 units) plus nine (9) units chosen from the following Elective Courses: KIN 541, KIN 552, KIN 553, KIN 565, KIN 566, KIN 573, KIN 577, or KIN 671.
 - C. Comprehensive Examination: Passing score in written and oral portions of Comprehensive Examination plus KIN 697 Directed Studies (3) and nine (9) units chosen from Elective Courses: KIN 541, KIN 552, KIN 553, KIN 565, KIN 566, KIN 573, KIN 577, or KIN 671.

Option in Exercise Physiology and Nutrition

Requirements

1. Required Coursework (12 units):
 - KIN 551 Advanced Exercise Physiology (3)
Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent.
 - KIN 552 Exercise Testing and Training in Health and Disease (3)
Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent.
 - KIN 566 Biochemical and Hormonal Adaptations to Physical Activity (3)
Prerequisites: Upper-division undergraduate or Graduate standing; KIN 301 or equivalent; CHEM 111A or its equivalent. Consent of instructor required for upper-division undergraduate students prior to registration.
 - KIN 696 Research Methods and Statistical Analysis (3) or FCS 696 Research Methods (3)
Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.
2. Elective courses (9 units)
Select three courses from the following list of courses:
 - KIN 553, KIN 562, KIN 565, KIN 568, or KIN 594.
3. Elective courses (9 units)
Select three courses from the following list of courses:
 - KIN 568, FCS 530A, FCS 530B, FCS 531
4. Select either option A, B, or C (6 units):
 - A. Thesis and Project Candidates: KIN 698 Thesis (6)
 - B. Capstone Course: Complete KIN 694 (3) plus additional 3 elective units approved by option advisor.
 - C. Comprehensive Exam Candidates: Complete a minimum of 6 additional elective units approved by option advisor.

Single Subject Teaching Credential in Physical Education

For information, refer to the undergraduate section in this department.

Kinesiology Courses (KIN)

ACTIVITY COURSES

100-198. Physical Education Activity (1)

Broad range of physical education activities designed to provide opportunities to meet health, physical and recreational needs and interests.

Maximum of 8 units may be applied toward University graduation requirement. Students assume responsibility for satisfactory health status appropriate for class activity. May be offered at beginning (I), intermediate (II), and advanced (III) levels. All classes are co-educational, students may enroll in activity courses offered by Department of Kinesiology. Classes offered within areas are:

Individual/Dual Activities (1)

100A. Archery. Course fee may be required.

102A. Badminton

104A. Bowling. Course fee may be required.

108A. Golf

112A. Racquetball

114A,B,C. Tennis

145A. Gymnastics

152A. Yoga

Combative Activities (1)

106A. Fencing-Foil

107A. Fencing-Sabre

148A. Karate

149A. Self Defense

Aquatics (1)

121A. Sailing. Course fee may be required.

124A. Surfing

125A. Swimming

126A. Swimming Conditioning

127A. Aqua Aerobics (1)

Fitness Activities (1)

109A. Fitness Walking (1)

142. Group Exercise: Cardio

146A. Jogging

151A. Weight Training and Conditioning

Team Activities

161A. Basketball

162A. Beach Volleyball

165A. Flag Football

166. Rugby

167A. Soccer

168A. Ultimate Frisbee (1)

169A. Softball

172A,B,C. Volleyball

Recreational Dance

183A. Recreational Dance Workshop

188. Salsa

185. Social Dance

198. Special Activities

F. Group Exercise: Dance Conditioning (1-3)

G. Tai Chi Chuan (1)

H. Chinese Sword Combat for Sport (1)

J. Mat Pilates Level I (1)

K. Kung Fu (1)

L. Group Exercise: Stretch and Relaxation (1)

M. Pickleball (1)

* See Physical Education professional courses for additional activities open to non-majors.

PROFESSIONAL COURSES

Kinesiology majors and minors will be given priority enrollment in classes required for the major. Selected courses are available to the general student body to receive credit toward general education requirements.

LOWER DIVISION

143. Individual Conditioning (1)

Designed to introduce the student to the activities, equipment, and techniques used in the development of conditioning programs tailored to one's individual needs.

May be repeated to a maximum of 8 units.

156. Sports Appreciation (3)

Prerequisite/Corequisite: GE Foundation requirement.

Introduction to the study of sport as a social institution in American society.

157. Fitness for Living (3)

Prerequisite/Corequisite: GE Foundation requirement.

Application of principles of human anatomy, physiology, motor control and bio-mechanics to the development of exercise programs for health and fitness.

(Lecture 2 hours, Activity 2 hours.)

189. Country Dancing (1)

Instruction and practice in various country dance forms including line dancing, two-step, waltz, contra dancing, round dancing, and mixers. Useful for lifelong fitness, socialization, and recreation.

May be repeated to a maximum of 8 units.

200. Psychological Skills for Peak Performance in Sport (3)

Introduction of psychological strategies and skills designed to help individuals achieve optimal performance. Skills such as imagery, goal setting, self-talk, attentional focusing, arousal regulation, and coping are presented.

(Lecture, 3 hours)

201. Introduction to Kinesiology (3)

Prerequisites: None.

Survey of the discipline of kinesiology. Analysis of the knowledge base of the discipline and careers in physical activity professions. Focus is on the integrative nature of the discipline. Open to Kinesiology majors and pre-majors only. Letter grade only (A-F).

210. Advanced Emergency Care (3)

Theory and practice of first aid for the injured. Successful completion of course requirements leads to the American National Red Cross advanced first aid and personal safety and community CPR certificate.

Course fee may be required.

217. Introduction to Kinesiotherapy (2)

Introduction to profession of Kinesiotherapy intended to provide student with information regarding history of the profession, its educational expectations, standards and scope of practice and a survey of basic skills needed to enter this field of study.

Letter grade only (A-F).

218. Professional Development in the Fitness Industry (2)

Prerequisites: Open to Fitness Option students in Kinesiology only or by consent of instructor.

An introduction to the Fitness profession which will provide the student with information regarding the history of the fitness industry, its educational expectations, standards and scope of practice basic skills needed to enter the field, and career options.

Letter grade only (A-F).

237. Techniques and Analysis of Aquatic Skills (2)

Prerequisites: American Red Cross Community First Aid and CPR certification or equivalent. Open to Kinesiology majors in the Adapted Physical Education and K-12 Physical Education teacher education option only. To maintain enrollment, students must pass the swimming proficiency examination that will be administered the first week of instruction.

Instruction and techniques in individual aquatic skills, hydrodynamic and movement principles, and an exposure to a variety of learning procedures applicable to the development of aquatic skills.

Letter grade only (A-F). (Lecture 1 hour, Laboratory 3 hours.)

242. Backpacking (2)

An experiential examination and analysis in the judgment, knowledge, equipment and skills necessary to safe wilderness travel and living. A 2-3 day field experience required.

Course fee may be required.

243A. Winter Mountain Expedition (2)

Introduction to winter mountaineering skills; study of the mountain environment. Field experience required.

Course fee may be required (Activity 4 hours)

243B. Winter Mountain Expedition Field (1)

Prerequisite: KIN 243A.

Application of the knowledge and skills required for winter mountaineering. Involves a 7-10 day field trip.

Course fee may be required. (2 hours activity)

243C. Desert Expedition (3)

Introduction to the skills, attitudes and knowledge required for safe use and enjoyment of desert areas. An interdisciplinary introduction to the meaning and significance of the desert. Trip planning, map use, methods of safe travel. Includes field trip.

Course fee may be required. (Activity 6 hours.)

244. Kayaking (2)

An experiential examination and analysis of the judgment, knowledge, equipment and skill development necessary to safe flat and whitewater kayaking. A 2-3 day field experience required.

Course fee may be required. (Activity 4 hours.)

245A. Wilderness Water Expedition (2)

Introduction to the skills, attitudes and knowledge required for safe use of varied types of wilderness waters. The skills and techniques of boat handling and trip planning. An interdisciplinary introduction to the study of waterways. A 2-3 day field experience required.

Course fee may be required. (Activity 4 hours)

245B. Wilderness Water Expedition Field (1)

Prerequisite: KIN 245A.

Application of the knowledge and skills required for different types of wilderness water expeditions. Involves a 10-14 day field trip.

(2 hours of activity)

246A. Mountaineering (2)

An experiential examination and analysis in the judgement, knowledge, equipment and skills necessary to safe mountaineering. Course includes field trip.

Letter grade only (A-F). (Activity 4 hours) Course fee may be required.

247A. Techniques of Rockclimbing (2)

Introduction to the basic skills, judgment and safety for technical rockclimbing. The skills and techniques of top roping, belaying rappels and self rescue. Includes a field trip.

Course fee may be required. (Activity 4 hours)

250. Techniques of Basketball (1)

Instruction in individual and team skills and techniques utilized in the sport of basketball for successful performance.

Open to Kinesiology majors and minors only. (Activity 2 hours.)

251. Techniques of Flag Football (1)

Open to Kinesiology majors and minors only.

Instruction and practice in catching, throwing, tackling, running. Comprehensive teaching of skills and techniques in Flag Football.

Letter grade only (A-F).

253. Techniques of Soccer (1)

Instruction in individual and team skills and techniques utilized in the sport of soccer for successful performance.

Open to Kinesiology majors and minors only. (Activity 2 hours.)

255. Techniques of Softball (1)

Instruction and practice in catching, throwing, hitting, sliding, base running, and bunting. Comprehensive teaching of skills and techniques in softball.

Open to Kinesiology majors and minors only. (Activity 2 hours)

257. Techniques of Volleyball (1)

Instruction in individual and team techniques utilized in the sport of volleyball.

Open to Kinesiology majors and minors only. (Activity 2 hours)

261. Techniques and Analysis of Fundamental Rhythms (2)

Instruction, practice, teaching, and analysis of floor patterns and rhythm variations of basic social and folk dances and their appropriateness for successful teaching of various age groups and skill levels in the public schools.

Letter grade only (A-F). (Activity 4 hours) Open to Kinesiology Pedagogy Majors only.

263. Techniques of Physical Fitness (2)

Consists of instruction, practice, and evaluation in physical fitness. Cardiorespiratory, muscular strength and endurance, and flexibility activities will be emphasized within the course.

Open to Kinesiology majors only or consent of instructor. Not open for credit to Kinesiology majors in the pedagogy options. Letter grade only (A-F). (Discussion 1 hour, Laboratory 3 hours)

264. Techniques of Golf (1)

Instruction and techniques in individual skills and strategies for successful performance in golf.

Open to Kinesiology majors and minors only. (Activity 2 hours)

265. Techniques of Gymnastics (1)

Open to Kinesiology majors and minors only.

Techniques and instruction of the principles of movement in gymnastics as well as organizational strategies utilized in presenting gymnastics in Physical Education classes.

Letter grade only (A-F).

266. Techniques of Badminton (1)

Instruction and techniques in the skills and strategies for successful performance in badminton.

Open to Kinesiology majors and minors only. (Activity 2 hours)

267. Techniques of Tennis (1)

Instruction, techniques and analysis in the concepts of teaching, coaching, and playing tennis.

Open to Kinesiology majors and minors only. (Activity 2 hours)

268. Techniques of Track and Field (1)

Instruction, techniques and analysis in the concepts of teaching, coaching, and performance in track and field.

Open to Kinesiology majors and minors only. Letter grade only (A-F) (Activity 2 hours)

270. Professional Practices in Public School Physical Education (3)

Prerequisite: Students must meet the University GE writing course requirement.

Corequisite: Community CPR/First Aid/Safety or current certification.

Provides an overview of current professional practices in public school physical education. Students plan, teach, and self-evaluate lessons. Required introductory course for Adapted, Elementary and Secondary Pedagogy options after 30 units of college course work.

Open to Kinesiology majors in the Adapted PE Option and K-12 PE Option. Letter grade only (A-F). (Lecture 2 hours, Lab 2 hours)

UPPER DIVISION

300. Biomechanics of Human Movement (3)

Prerequisites: BIOL 208 or equivalent 4-unit Human Anatomy course with 3-hour lecture and 3-hour laboratory with grade of "C" or better or consent of instructor. Corequisite(s): KIN 201.

Anatomical structure and function, and mechanical principles relating to human motion, including analytical application.

Grading: Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

301. Exercise Physiology (3)

Prerequisite(s)/Corequisite(s): KIN 201.

Basic concepts of the physiology of muscular exercise with emphasis on the responses and adaptations of the circulatory system, the respiratory system, and skeletal muscles to the physical stress of acute and chronic exercise.

Letter grade only (A-F). (Lecture 2 hours, Laboratory 3 hours). Course fee may be required.

302. Structural Kinesiology (3)

Prerequisites: BIOL 208 or equivalent.

Focuses specifically on the nervous and musculoskeletal systems with an emphasis on control, structure, evaluation of, and injury to the musculoskeletal system. Students will examine clinical and pathological examples to understand how change in structure yields change in function.

Letter grade only (A-F).

(Lecture 2 hrs., laboratory 3 hrs.)

312. Motor Control and Learning (3)

Prerequisites: BIOL 207, BIOL 208 and PSY 100 with grade of "C" or better or consent of instructor. Open to Kinesiology and Dance Science majors only.

Corequisite(s): KIN 201 applies to Kinesiology majors.

Letter grade only (A-F).

Basic concepts of the neuro-motor and psychological contributions in the control and acquisition of skilled performance.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

315. Motor Development (3)

Prerequisites: BIOL 207, BIOL 208; PSY 100 or equivalent.

Developmental perspective of factors contributing to acquisition of motor control from infancy through adolescence.

(Lecture 2 hours, Activity 2 hours)

320. Adapted Physical Education (3)

Prerequisites: BIOL 208.

Kinesiology majors learn to teach physical activity to persons with disabilities. Discussed are the etiology characteristics and best teaching practices (i.e., inclusion) for persons with mental, learning physical, emotional, sensory, health, and/or multiple disabilities.

(Lecture 2 hours, Activity 2 hours).

332. Sociocultural Dimensions of Sport and Human Movement (3)

Prerequisite(s)/Corequisite(s): KIN 201; for KIN students only.

Designed to foster students' writing abilities specific to the discipline of kinesiology through sociology of sport and physical activity content. An interdisciplinary approach used to identify the factors that define and influence human movement.

Letter grade only (A-F).

335. Historical and Cultural Foundations of Sport and Kinesiology in America (3)

Prerequisites: Upper division standing.

Survey of the history of sport and kinesiology. Historical identification of the cultural trends and functions of sport and kinesiology in America.

Open to Kinesiology Majors only.

338. Women in Sport (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Survey of women's historical and contemporary involvement with sport. The social, cultural and developmental implications of sports participation for women.

339. Psychology of Sport Behavior and Athletic Performance (3)

Prerequisites: GE Foundation requirements, PSY 100, and upper-division standing.

Psychological dimensions of attitudes, behaviors, and performance in sport and exercise environments.

Same course as PSY 339. Not open for credit to students with credit in PSY 339.

343. Techniques and Analysis of Physical Fitness and Activity (2)

Prerequisite: KIN 270.

Knowledge needed to plan and implement physical activity programs in public school. Analysis of development, maintenance, implementation, and self-assessment of physical fitness. Designed to prepare for FITNESSGRAM assessments and Department's Physical Fitness Proficiency Examination.

Open to Kinesiology/Physical Education Pedagogy Majors and Minors only. Letter grade only (A-F). (Lecture 1 hour, Activity 3 hours).

354. Technology in Physical Education (3)

Overview of education technology applications, specifically wordprocessing, spreadsheet, video technology, web-based information, internet related software and technologies, pdf documents, personal digital assistants (PDAs) and use of commercially produced education software.

Meets computer technology requirement for California Single Subject Teaching Credential. Letter grade only (A-F). (Lecture 2 hours, laboratory 2 hours).

363. Theory and Analysis of Group Fitness Instruction (2)

Prerequisite: KIN 263. Open to Fitness Option students in Kinesiology only, or consent of instructor.

Learn to become effective group exercise leaders by understanding responsibilities of fitness leaders, principles of fitness, and leadership skill. Techniques for various group exercise activities will be taught.

Letter grade only (A-F). (Discussion 1 hour, Activity 2 hours)

364. Fitness for Adult Populations with Unique Health Considerations (3)

Prerequisites: KIN 301. Open to Fitness Option students in Kinesiology only, or consent of instructor.

Scientific information regarding exercise testing and exercise prescription for adult special populations. Topics include pregnancy, diabetes, arthritis, stroke, respiratory disorder, coronary artery disease, hypertension, and obesity.

Letter grade only (A-F).

367. Fitness and the Aging Process (3)

Prerequisites: Fitness Option: KIN 218 and KIN 301; KIN Exercise Science Option: KIN 301; or consent of instructor.

Provides knowledge in the area of fitness and the older adult. Topics include theories of aging, age-related changes that affect physical capacity, exercise and its impact on the aging process, and physical activity programming for the older adult.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 2 hours)

368. Resistance Training for Fitness (3)

Prerequisite(s): Prerequisites: KIN 300 and KIN 301. Open to Fitness Option students in Kinesiology or consent of instructor.

The focus of the course will be on the proper execution of resistance exercises typically performed in fitness facility settings. Students will learn to design resistance-training programs based on scientific principles for developing muscular strength, endurance and power.

Letter grade only (A-F). (Discussion 2 hours, Activity 2 hours)

370. Movement Theory and Practice of Elementary Physical Education (3)

Prerequisite: KIN 270.

Provides Kinesiology Physical Education Teacher Education (PETE) Option candidates with movement theory and practice in elementary school physical education based upon California Physical Education Framework and Content Standards. Practice includes fieldwork experiences in elementary school physical education.

Designed for Kinesiology majors. (Lecture 2 hours, Activity 2 hours)

380. Principles, Organization and Management of Secondary School Physical Education (3)

Prerequisites: KIN 149A, KIN 237, KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 261, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268, KIN 270, KIN 343, KIN 370 or consent of instructor. Suggest concurrent enrollment in EDSS 300P (single subject credential course).

Principles, organization and management of activities taught in secondary schools, includes basic organization and management strategies and fieldwork experience in public secondary school physical education.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

387. Physical Activities for the Disabled (3)

Prerequisites: KIN 320

Adaptation of physical activities, equipment, and facilities for individuals with permanent disabilities affecting motor performance.

Letter only (A-F). (Lecture 2 hours, Activity 2 hours)

388. Program Planning and Instruction in Adapted Physical Education (3)

Prerequisite: KIN 387.

Emphasis on program planning and the development of teaching skills in Adapted Physical Education.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

405. Cardiopulmonary Aspects of Health-Related Exercise Programs (4)

Prerequisites: KIN 210 or current First Aid and CPR certificates, KIN 301. Open to Exercise Science Option students in Kinesiology only, or consent of instructor.

Theory and practical application of physical fitness assessment. Emphasis will be placed on the use of assessments to design and implement basic fitness programs for apparently healthy individuals.

Letter grade only (A-F). (Lecture 3 hours, Laboratory 3 hours)

427./527. Physical and Motor Assessment (3)

Prerequisites: KIN 315 or equivalent and KIN 320 or equivalent; upper-division undergraduate or graduate standing; consent of instructor required for graduate students prior to registration.

The selection, administration, and interpretation of standardized and informal tests used in the physical and motor assessment practices of individuals with disabilities.

Upper-division students register in KIN 427; Graduate students register in KIN 527. Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

430. Motor Control Principles and Theory (3)

Prerequisite: KIN 312 or equivalent. Open to Exercise Science Option students in Kinesiology only, or consent of instructor.

Study of the principles, models, and theories of human movement control. Instruction is directed toward understanding the fundamental principles, theoretical propositions, and neuro-kinesiological models, with applications to sport, physical education, human factors, and human performance.

Letter grade only (A-F).

431. Scientific Foundations of Locomotion (3)

Prerequisites: KIN 300, KIN 312. Open to Exercise Science Option students in Kinesiology only, or consent of instructor.

Instruction is directed towards understanding the influence of motor control theories, biomechanical principles, and constraints to human movement on locomotion.

Letter grade only (A-F).

432. Applied Motor Learning (3)

Prerequisites: KIN 300 and KIN 312.

Provides students with an applied perspective of Motor Learning. Motor learning topics addressed include: theory, research, and application. Focuses on requiring students to apply various motor learning concepts into real world environments.

Letter grade only (A-F).

438. Motor Dysfunction and the Exceptional Person (3)

Prerequisites: A basic undergraduate course in Adapted Physical Education or its equivalent.

Recognition, analysis, assessment and remediation of movement problems in a child with minor nervous system dysfunctions.

441./541. Applied Biomechanics: Lifting and Work Capacity (3)

Prerequisites: KIN 300 or equivalent (Trigonometry and PHYS 100A recommended). Open to Exercise Science Option students in Kinesiology only, or consent of instructor.

Study of the mechanical properties of bone, ligament, tendon and skeletal muscle. Development, description, and application of selected biomechanical models to the evaluation of weight-lifting, rehabilitation exercises, and occupational lifting tasks. Critical analysis of methods used to assess strength.

Letter grade only (A-F).

447. Applied Theory of Teaching Team Sports (3)

Prerequisites: KIN 250, KIN 251, KIN 253, KIN 255, KIN 257, KIN 270 or consent of instructor; senior standing.

Comprehensive analysis of the principles of movement, corrections of performance, and organizational strategies utilized in presenting team sports: basketball, flag football, soccer, softball, volleyball, floor hockey, speedball, and team handball.

Letter grade only (A-F). (Lecture 2 hours, activity 2 hours)

460. Applied Theory and Analysis of Non-Traditional Physical Education Games and Activities (2)

Prerequisites: KIN 370, senior standing.

Organization and management to effectively plan and implement a variety of non-traditional physical education games and activities such as cooperative games, problem solving activities, collaborative learning groups, and outdoor educational experiences.

Letter grade only (A-F). Open to Kinesiology majors and minors only. (Lecture 1 hour, Laboratory 3 hours)

461. Applied Theory of Teaching Individual and Dual Sports (3)

Prerequisites: KIN 237, KIN 264, KIN 265, KIN 266, KIN 267, KIN 268, KIN 270, or consent of instructor; senior standing.

Comprehensive analysis of the principles of movement and organizational strategies utilized in archery, badminton, golf, paddle tennis, pickleball, racquetball, tennis, swimming, orienteering, and track and field.

Open to Kinesiology majors in the Adapted PE Option and K-12 PE Option. Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

462./562. Advanced Strength and Conditioning (3)

Prerequisites: KIN 300, KIN 301. Open to Athletic Training, Exercise Science and Fitness majors in Kinesiology or consent of instructor.

Study of biomechanical and kinesiological factors which are important in understanding the function and proper techniques for execution of a wide variety of standard and advanced weight training exercises. Physiological bases for strength training and adaptations caused by different training regimes are emphasized.

Letter grade only (A-F).

465./565. Clinical Exercise Electrocardiography (3)

Prerequisites: BIOL 207 and KIN 301. Open to Exercise Science and Fitness Option students in Kinesiology only, or consent of instructor.

Study of the physiology and patho-physiology of the electrical activity of the heart. Instruction is directed toward pattern recognition of normal and abnormal resting and exercise electrocardiograms.

466./566. Biochemical and Hormonal Adaptations to Physical Activity (3)

Prerequisites: KIN 301 or equivalent; CHEM 111A or its equivalent. Open to Exercise Science Option students in Kinesiology only, or consent of instructor.

Study of the biochemical and hormonal changes that occur as a result of acute and chronic physical activity. Emphasis will be placed on the application of concepts to the development of exercise training programs.

Consent of instructor required for upper-division undergraduate students prior to registration. Upper-division undergraduate students register in KIN 466; graduate students register in KIN 566. Letter grade only (A-F). Same course as NUTR 466. Not open for credit to students with credit in NUTR 466.

467. Fundamentals of Personal Training (3)

Prerequisites: KIN 368. Open to Fitness Option students in Kinesiology only, or consent of instructor.

Designed to provide the student with theoretical knowledge and practical skills needed to become a personal trainer. Covers such topics as the business of personal training, client-trainer relationships, fitness and health assessments and exercise prescription.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours)

468./568. Nutrition for Exercise and Performance (3)

Prerequisites: NUTR 132, KIN 301 for the KIN Fitness option and the KIN Exercise Science option or BIOL 207 for the Nutrition and Dietetics option.

Explores role nutrients play in exercise and performance enhancement. Topics include evaluation of energy needs during physical activity, examination of weight management practices, assessment of nutritional status, and investigation of contemporary dietary issues related to exercise.

Letter grade only (A-F). Same course as NUTR 468. Not open for credit to students with credit in NUTR 468. Open to Kinesiology undergraduate students in the Fitness and Exercise Science options and to the Nutrition and Dietetics option in Family and Consumer Sciences.

469. Fitness Management (3)

Prerequisite: KIN 363, KIN 368. Open to Fitness Option students in Kinesiology only, or by consent of instructor.

Provides knowledge in the area of management of fitness programs. Topics will include program development, personnel issues, financial and legal considerations, equipment purchasing, and marketing strategies for fitness programs.

Open to Fitness Option students in Kinesiology only, or by consent of instructor. Letter grade only (A-F).

472./572. Applied Sport Psychology (3)

Prerequisites: KIN 339. Open to Sport Psychology and Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Application of psychological skills and interventions to enhance athletic performance.

Letter grade only (A-F). Undergraduates register in KIN 472; graduates register in KIN 572. A written report is required for KIN 572 students.

475./575. Psychology of Coaching (3)

Prerequisites: KIN 339. Open to Sport Psychology & Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Current topics of psychological concern and application as related to athletic performance.

Letter grade only (A-F). Undergraduates register in KIN 475; graduates register in KIN 575. A written report is required for KIN 575.

476. Physical Education for the Elementary School Teacher (3)

Prerequisite: Junior standing.

Provides Multiple Subject Credential candidates with knowledge and experiences necessary to teach quality physical education lessons based upon the California Physical Education Framework and Content Standards. Content includes the FITNESSGRAM Program (state fitness test) and subject integration activities.

(Lecture 2 hours, Activity 2 hours)

477. Measurement and Curriculum in Physical Education (3)

Prerequisite: KIN 343 and KIN 370 or consent of instructor

Course provides students with experiences in content development, program implementation, and evaluation of a physical education program. This service-learning component allows students to teach and critically reflect on subject matter while assisting a population in need.

Letter grade only (A-F). (2 hours lecture discussion, 2 hours lab)

478./578. Psychological Aspects of Exercise and Fitness (3)

Prerequisites: KIN 339. Open to Fitness and Sport Psychology and Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Philosophical, psychological and behavioral concepts of physical activities and health states will be discussed. Professional standards and invention strategies will be covered.

Letter grade only (A-F).

Undergraduates register in KIN 478; graduates register in KIN 578; A written report is required for KIN 578.

483. Statistics in Human Movement Science (3)

Prerequisites: KIN 300, KIN 301, KIN 312.

Evaluation and analysis of measuring devices and resulting data used in Kinesiology. Interpretation of data using appropriate statistical analyses.

(Lecture 2 hours, Activity 2 hours)

485. Neurological and Pathological Foundations for Kinesiotherapy (3)

Prerequisites: BIOL 207, BIOL 208; KIN 300, KIN 301, KIN 320, KIN 489F, or consent of instructor.

Survey of neurological control of normal movement and the implications of various medical pathologies for rehabilitation. Emphasis on inflammatory processes, metabolic and vascular disturbances, traumatic injuries, nutritional deficiencies, neoplasms, degenerative conditions and congenital disorders as related to the practice of Kinesiotherapy.

Letter grade only (A-F).

487./587. Supervised Activity Instruction Experience (1-3)

Prerequisite: Upper division or graduate standing and consent of instructor.

Experience in the organization of and methods for the activity component of a course in kinesiology. A written report is required for KIN 587 students.

Undergraduates register in KIN 487; graduates register in KIN 587. May be repeated to a maximum of 4 units. Letter grade only (A-F). Restricted to major students only. Not open for credit to graduate students with credit in KIN 487. (Conference 1 hour, Laboratory 2 hours per unit)

488./588. Clinical Basis of Kinesiotherapy (3)

Prerequisites: Completion of Bachelor's degree in Kinesiology, Physical Therapy, Exercise Physiology, or Kinesiotherapy and admission into the Kinesiotherapy Certificate Program and successful completion of a course(s) in pathological and neurological

foundations of rehabilitation or approval of the Director of the Kinesiotherapy Certificate Program.

The theoretical foundations of clinical practice in Kinesiotherapy. Letter grade only (A-F).

489. Field Work in Physical Activity Settings (1-3)

Prerequisite: Completion of Kinesiology course requirements for the major Option in which field work is taken.

Supervised practice in working with individuals or small to large groups in public or private agencies and schools.

Credit/No Credit grading only. Course fee may be required. May be repeated to a maximum of 9 units.

A. Fieldwork in Adapted Physical Education

B. Fieldwork in Athletic Coaching

D. Fieldwork in Fitness

Additional Prerequisites: KIN 467, completion of 200 hours in a corporate fitness setting, 200 hours in a traditional fitness setting, and 100 hours of approved fitness experience. Open to Fitness Option students in Kinesiology only.

F. Fieldwork in Kinesiotherapy

G. Fieldwork in Motor Development

K. Fieldwork in Wilderness Studies

Additional Prerequisites: KIN 242, KIN 244, KIN 246A or KIN 247A, KIN 243C or KIN 245A. Certification in CPR and First Aid, and consent of instructor.

494./594. Exercise Science Internship (3)

Prerequisites: Upper-division or graduate standing with a grade of "B" or better in KIN 300 for a biomechanics internship or KIN 301 for an exercise physiology internship or KIN 312 for a motor control and learning internship; consent of instructor required prior to registration.

Provides practical experience in applying exercise science concepts in a fieldwork setting such as cardiac rehabilitation in a medical setting.

Upper-division undergraduate students register in KIN 494; Graduate students register in KIN 594. Letter grade only (A-F). May be repeated to a maximum of 6 units. Course fee may be required.

495./595. Supervised Laboratory Methods (1-3)

Prerequisites: Upper division or graduate standing and consent of instructor.

Provides experience in the methods of the laboratory component for a Kinesiology course, for example, assisting students with their experiments and laboratory reports.

Undergraduates register in KIN 495; graduates register in KIN 595. A written report is required for KIN 595 students. Letter grade only (A-F). Restricted to Kinesiology major students only. Not open for credit to graduate students with credit in KIN 495. (Conference 1 hour, Laboratory 2 hours per unit) May be repeated to a maximum of 4 units.

497. Independent Study (1-3)

Prerequisites: Major in Kinesiology, senior standing and consent of Kinesiology Department.

Student will conduct independent library or laboratory research under the supervision of a faculty member and write a report of the investigation.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

499. Selected Topics in Kinesiology (1-3)

Group investigation of topics of current interest in kinesiology or athletics.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

GRADUATE LEVEL

511. Sports Marketing, Development, and Fund Raising (3)

Prerequisites: Graduate standing and a Baccalaureate Degree in Kinesiology/Physical Education or related field and admission to the Kinesiology Graduate Sports Management Program.

Provides students with an overview of sport marketing. It presents basic marketing terminology and discusses the application of marketing concepts to the development and promotion of the business of sport.

Letter grade only (A-F).

512. Legal and Ethical Issues in Sport (3)

Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program; or consent of instructor.

Examines legal and ethical issues associated with sport settings.

Letter grade only (A-F).

513. Personnel and Facility Management in Athletics (3)

Prerequisites: Graduate standing admission into the Kinesiology Graduate Sport Management Program.

Examines the principles and practices associated with managing personnel and facilities in interscholastic, intercollegiate, amateur, international, and professional sport.

Letter grade only (A-F).

514. Sport Finance (3)

Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program.

Discusses financial management principles for use in interscholastic, intercollegiate, amateur, international, and professional sports. Special emphasis is placed on understanding various means by which sport organizations control costs and increase revenue.

Letter grade only (A-F).

521. Foundations of Sport Management (3)

Prerequisites: Graduate standing; admission into the Kinesiology Graduate Sport Management Program.

Introduces students to the business of sport and the functional areas of Sport Management. Discusses the leadership/supervisory philosophies, principles, and practices of managing interscholastic, intercollegiate, amateur, international, and professional sport.

522. Non-Traditional Activities in K-12 Physical Education (3)

Prerequisite: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.

Plan, implement, and evaluate nontraditional games and activities. Emphasis is on meeting needs of diverse populations, including students with disabilities, problem-solving, assessment, safety and injury prevention, ethical issues, group discussion, analysis of school outdoor educational experiences.

Letter grade only (A-F).

524. Analysis of Teaching in Physical Education (3)

Analysis of teachers and teaching in physical activity environment: focus on developing observational competencies, analysis of research completed and future research designs.

525. Instructional Design in Physical Education (3)

Prerequisites: Undergraduate major in physical education, EDST 300.

A systems approach to designing instruction for the physical education program.

526. Applied Behavior Analysis in Physical Education (3)

Application of applied behavior analysis principles to physical education (sport) with particular emphasis on single subject research designs and behavior analysis in the physical education setting.

527./427. Physical and Motor Assessment (3)

Prerequisites: KIN 315 or equivalent and KIN 320 or equivalent. Upper-division undergraduate or Graduate standing.

Includes the selection, evaluation, administration and interpretation of various tests used in the physical and motor assessment practices of individuals with disabilities.

Consent of instructor required for graduate students prior to registration. Requirement toward the Adapted Physical Education Specialist Credential. Upper-division students register in KIN 427; Graduate students register in KIN 527. Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

528. Promoting Physical Activity and Fitness in K-12 Physical Education (3)

Prerequisite: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.

Develop physical education program plans that are in compliance with California State Content Standards for promoting physically active lifestyles and healthy physical fitness levels for all children, including those with special needs.

Letter grade only (A-F).

529. Positive Youth Development and Physical Activity (3).

Prerequisites: Graduate Standing; admission to the Master Program in Kinesiology.

Course provides theoretical foundations and practical applications of positive youth development programs in physical activity settings. Emphasis placed on programs that serve youth through physical activity, with special emphasis on promoting levels of personal and social responsibility. (2 hours lecture, 2 hours activity)

Letter grade only (A-F)

530. Neuromotor Control (3)

Prerequisites: Graduate standing, KIN 312 or equivalent.

Study of the neurological and muscular contributions to the control of human movement with emphasis on application of concepts to sports, physical activity, and human factors. Instruction is directed toward understanding the fundamental principles of motor control.

Letter grade only (A-F).

537. Physical Education for Special Populations (3)

Foundations in the organization and conduct of Adapted Physical Education.

540. Biomechanical Factors in Human Movement (3)

Prerequisite: KIN 300 or equivalent.

Study of film, video and force plate data collection for human movement evaluation, including data smoothing techniques. Quantitative kinematic and kinetic analysis examples including gait, jumping and lifting activities. Comparison of 2D versus 3D analyses of movement activities.

Letter grade only (A-F).

541./441. Applied Biomechanics: Lifting and Work Capacity (3)

Prerequisite: KIN 300 or equivalent (Trigonometry and PHYS 100A recommended).

Study of the mechanical properties of bone, ligament, tendon and skeletal muscle. Development, description, and application of selected biomechanical models to the evaluation of weight-lifting, rehabilitation exercises, and occupational lifting tasks. Critical analysis of methods used to assess strength.

Letter grade only (A-F).

551. Advanced Exercise Physiology (3)

Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent. Advanced concepts in exercise physiology.

Letter grade only (A-F).

552. Exercise Testing and Training in Health and Disease (3)

Prerequisites: KIN 301 or equivalent and BIOL 207 or equivalent. Physiological principles of exercise testing and exercise training in healthy individuals and patients with diseases such as coronary artery disease.

Letter grade only (A-F).

553. Environmental Aspects of Human Performance (3)

Prerequisites: Graduate standing; KIN 301 or equivalent with a grade of "C" or better or consent from the instructor.

Study of the physiological responses and adaptations associated with exposure to environmental stressors including heat, cold, microgravity, air pollution, and elevated and reduced atmospheric pressures. Emphasis will be placed upon physical performance and its limitations under various environmental conditions.

Letter grade only (A-F).

560. Health Related Problems in Sport (3)

Prerequisites: KIN 207 and KIN 301 or their equivalents and BIOL 207 and 208 or their equivalents.

Examination of health problems related to engaging in vigorous physical activity.

Letter grade only (A-F).

561. Musculoskeletal Injuries in Sport (3)

Prerequisites: KIN 207 and KIN 300 or their equivalents and BIOL 208 or its equivalent.

An in-depth study of the most prevalent musculoskeletal injuries occurring in sports activities, including mechanisms, tissue responses, and management procedures.

Letter grade only (A-F).

562./462. Advanced Strength and Conditioning (3)

Prerequisites: KIN 300, KIN 301.

Study of biomechanical and kinesiological factors which are important in understanding the function and proper techniques for execution of a wide variety of standard and advanced weight training exercises. Physiological bases for strength training and adaptations caused by different training regimes are emphasized.

Letter grade only (A-F).

565./465. Clinical Exercise Electrocardiography (3)

Prerequisites: BIOL 207, KIN 301, and/or consent of instructor.

Study physiology and patho-physiology of electrical activity of the heart. Instruction directed toward pattern recognition of normal and abnormal resting and exercise electrocardiograms.

566./466. Biochemical and Hormonal Adaptations to Physical Activity (3)

Prerequisites: Upper-division undergraduate or Graduate standing; KIN 301 or equivalent; CHEM 111A or its equivalent. Consent of instructor required for upper-division undergraduate students prior to registration.

Study of biochemical and hormonal changes that occur as a result of acute and chronic physical activity. Emphasis on application of concepts to development of exercise training programs.

Upper-division undergraduate students register in KIN 466; graduate students register in KIN 566. Letter grade only (A-F). Same course as FCS 566. Not open for credit to students with credit in FCS 566.

568./468. Nutrition for Exercise and Performance (3)

Prerequisites: NUTR 132, KIN 301 for the KIN Fitness option and the KIN Exercise Science option or BIOL 207 for the Nutrition and Dietetics option.

Explores the role nutrients play in exercise and performance enhancement. Topics include evaluation of energy needs during physical activity, examination of weight management practices, assessment of nutritional status, and investigation of contemporary dietary issues related to exercise.

Letter grade only (A-F). Same course as FCS 568. Not open for credit to students with credit in FCS 568. Open to all graduate Kinesiology students in the Adapted Physical Education, Coaching and Student Athlete Development, Pedagogical Studies (for K-12 teachers), Sport Management, Individualized Studies, Exercise Science, Exercise Physiology and Nutrition, Sport and Exercise Psychology, and Sports Medicine and Injury Studies options and M.S. students in the Nutritional Science without Dietetic Internship, Nutritional Science with Dietetic Internship, and Food Science emphases and/or consent of instructor.

572./472. Applied Sport Psychology (3)

Prerequisites: KIN 339. Open to Sport Psychology and Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Application of psychological skills and interventions to enhance athletic performance.

Letter grade only (A-F). Graduates register in KIN 572; undergraduates register in KIN 472. A written report is required for KIN 572 students.

573. History of Sport in the U.S.A. (3)

Prerequisite: KIN 335 or equivalent.

An analysis of the history of American sport as it reflects the dominant themes in American society.

575./475. Psychology of Coaching (3)

Prerequisites: KIN 339. Open to Sport Psychology and Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Current topics of psychological concern and application as related to athletic performance.

Letter grade only (A-F). Graduates register in KIN 575; undergraduates register in KIN 475. A written report is required for KIN 575.

577. Sport in U.S. Culture (3)

Prerequisite: KIN 332 or equivalent.

Analysis of physical activities in U.S. culture. Consideration of the relationships between sports and games and the factors of status, values, environment and cultural change.

578./478. Psychological Aspects of Exercise and Fitness (3)

Prerequisites: KIN 339. Open to Fitness and Sport Psychology and Leadership students in Kinesiology only, or by consent of instructor or graduate standing.

Philosophical, psychological and behavioral concepts of physical activities and health states will be discussed. Professional standards and invention strategies will be covered.

Letter grade only (A-F).

Graduates register in KIN 578; undergraduates register in KIN 478; A written report is required for KIN 578.

580. Computer Applications in Physical Education (3)

Prerequisites: Graduate standing, consent from instructor. Introduction to computer hardware and software used in Kinesiology including DOS/Windows and Apple Macintosh operating systems.

Topics include: hardware, operating systems, word-processing, spreadsheets, data exchange, presentation graphics/authoring tools, and video capture. Emphasis will be placed on integrating the use of hardware and software into a variety of Physical Education environments.

587./487. Supervised Activity Instruction Experience (1-3)

Prerequisite: Upper division or graduate standing and consent of instructor.

Experience in the organization of and methods for the activity component of a course in kinesiology and physical education.

Undergraduates register in KIN 487; graduates register in KIN 587. A written report is required for KIN 587 students. May be repeated to a maximum of 4 units. Letter grade only (A-F).

Restricted to major students only. Not open for credit to graduate students with credit in KIN 487. (Conference 1 hour, Laboratory 2 hours per unit)

588./488. Clinical Basis of Kinesiotherapy (3)

Prerequisites: Completion of Bachelor's degree in Kinesiology, Physical Therapy, Exercise Physiology, or Kinesiotherapy and admission into the Kinesiotherapy Certificate Program and successful completion of a course(s) in pathological and neurological foundations of rehabilitation or approval of the Director of the Kinesiotherapy Certificate Program.

The theoretical foundations of clinical practice in Kinesiotherapy.

Letter grade only (A-F).

588L. Kinesiotherapy Clinical Training I Laboratory (6)

Corequisite: KIN 588.

Instruction and observation at the Long Beach Veterans Administration Medical Center.

Course fee may be required.

589. Kinesiotherapy Clinical Training II (3)

Prerequisite: Satisfactory completion of KIN 588.

Theory and practice of Kinesiotherapy techniques in a medical center setting. 500 hours of instruction and observation at Long Beach Veterans Administration Medical Center.

589L. Kinesiotherapy Clinical Training II (3)

Corequisite: KIN 589.

Laboratory instruction and observation at the Long Beach Veterans Administration Medical Center.

Course fee may be required.

590. Statistical Analysis and Measurement in Kinesiology and Physical Education (3)

Prerequisites: EDSE 421, EDSS 450P or EDSS 450W, KIN 483 or equivalent.

Introduces students to the logic and application of basic descriptive and inferential statistics (i.e., correlation, regression, and analysis of variance) and includes a critical analysis of selected research publications.

Required of all master's degree candidates. To be completed within first 12 units of 500-600 series courses.

591. Field Studies in Sport Event Management (3)

Prerequisites: Graduate standing; admission to the Kinesiology Graduate Sports Management Program.

Practical field-based course requires students to complete 15 hours of classroom seminar instruction and 120 hours of supervised practical experience in a managed sport setting.

Letter grade only (A-F).

592A. Sports Management Internship (3)

Prerequisites: Graduate standing; admission to the Kinesiology Graduate Sports Management Program.

A minimum of 20 hours per week for 16 weeks of supervised work experience in an approved sport management/administrative setting, jointly supervised by a University Faculty member and a supervisor from the assigned organization. May be in a paid or volunteer capacity.

Note: 6 units in one semester may not be taken if student is full-time employed. May be repeated to a maximum of 6 units. Letter grade only (A-F).

593A. Coaching Internship (3)

Prerequisites: Bachelor degree with a major or minor in Kinesiology or Physical Education or an approved related major; advancement to candidacy and approval of Intern Coordinator.

A minimum of 20 hours per week for 16 weeks of supervised work experience in an approved coaching setting, jointly supervised by a University Faculty member and a supervisor from the assigned organization. May be in a paid or volunteer capacity. Note: 6 units in one semester may not be taken if student is full-time employed.

May be repeated to a maximum of 6 units. Course fee may be required. Letter grade only (A-F).

593B. Coaching Internship (6)

Prerequisites: Bachelor degree with a major or minor in Kinesiology or Physical Education or an approved related major; advancement to candidacy and approval of Intern Coordinator.

A minimum of 40 hours per week for 16 weeks of supervised work experience in an approved coaching setting, jointly supervised by a University Faculty member and a supervisor from the assigned organization. May be in a paid or volunteer capacity. Note: May not be taken if student is full-time employed.

Letter grade only (A-F). Course fee may be required.

594./494. Exercise Science Internship (3)

Prerequisites: Upper division or graduate standing with a grade of "B" or better in KIN 300 for a biomechanics internship or KIN 301 for an exercise physiology internship or KIN 312 for a motor control and learning internship. Consent of instructor required prior to registration.

Provides a minimum of 120 hours of practical experience in applying exercise science concepts in a fieldwork setting. Will provide such experiences as conducting the biomechanical/

physiological exercise testing and/or leading the exercise training of selected subject populations such as patients undergoing cardiac rehabilitation, asymptomatic adults, and athletes.

Upper-division undergraduate students register in KIN 494; Graduate students register in KIN 594. Letter grade only (A-F). May be repeated to a maximum of 6 units. Course fee may be required.

595./495. Supervised Laboratory Methods (1-3)

Prerequisites: Upper division or graduate standing and consent of instructor.

Experience in the organization of and methods for a laboratory in kinesiology and physical education. Includes assisting students with their experiments and laboratory reports.

Undergraduates register in KIN 495; graduates register in KIN 595) A written report is required for KIN 595 students. May be repeated to a maximum of 4 units. Letter grade only (A-F). Restricted to Kinesiology major students only. Not open for credit to graduate students with credit in KIN 495. (Conference 1 hour, laboratory 2 hours per unit) May be repeated to a maximum of 4 units.

596. Practicum in Physical Education Pedagogy (3)

Prerequisites: Graduate standing; admission to the Master of Arts Program in Pedagogical Studies.

Students are required to evaluate their teaching and provide documentation that they are addressing all of the physical education standards for individuals ages 3-18 that have been established by the National Board for Teacher Certification (NBPTS).

Letter grade only (A-F).

597. Independent Research (1-3)

Prerequisites: Consent of Kinesiology faculty member and graduate advisor.

Independent research under the guidance of a faculty member. Varied learning activities utilized to achieve competency related to Physical Education not offered in regular classes.

Written report required. Letter grade only (A-F). (Independent Study)

630. Seminar in Motor Learning (3)

Prerequisites: KIN 312 and KIN 696 (may be taken concurrently).

Identification and analysis of motor learning principles and theories applicable to training, learning, and rehabilitation in sport, physical education, recreation, and therapeutic settings.

633. Seminar in Sport Psychology (3)

Prerequisite: KIN 339 or consent of instructor.

Study of psychological theories and their relationship to human behavior in sport and other physical activity settings.

638. Seminar in Trends in Adapted Physical Education (3)

Prerequisites: KIN 537 or equivalent.

An examination and analysis of the current trends in Adapted Physical Education.

671. Seminar in Current Trends and Issues in Kinesiology (3)

Prerequisite: Graduate standing.

Examines current trends and issues in Kinesiology, develop and defend personal perspective on significant issues, and identify problems and develop plans for problem-solution in organizational/professional contexts.

Letter grade only (A-F).

694. Capstone in Kinesiology (3)

Prerequisite: KIN 696 and admission into a Kinesiology graduate program.

Focuses on the process, production, and presentation of research projects in Kinesiology.

Letter grade only (A-F).

695. Seminar in Professional Literature (3)

Prerequisites: KIN 696, advancement to candidacy.

Critical analysis and synthesis of professional literature in Kinesiology. Professional portfolio required to be submitted during the class.

Required of all candidates not electing thesis option.

696. Research Methods and Statistical Analysis (3)

Prerequisites: Undergraduate major in Kinesiology or related field, undergraduate Statistic course or equivalent.

Methodological approaches to contemporary problems in Kinesiology, including research design, data collection and analysis, and application of descriptive and inferential statistics.

697. Directed Studies (1-3)

Prerequisites: KIN 696 and advancement to candidacy.

Research in an area of specialization under the direction of a faculty member.

698. Thesis/Project (1-6)

Prerequisites: KIN 696 and advancement to candidacy.

Planning, preparation and completion of an approved thesis/project.

May be repeated to a maximum of 6 units with same topic in different semesters.

699. Selected Topics in Kinesiology (3)

Intensive study of salient problems of current professional importance to experienced physical educators.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

Athletic Training Courses (ATEP)

LOWER DIVISION

207. Prevention and Care of Athletic Injuries (3)

Prerequisites: Current certification in CPR, AED, and First Aid. Certification must include Adult, Child, and Infant CPR; Conscious and Unconscious Choking for victims of all ages; Automated External Defibrillator (AED), and Basic First Aid.

Principles and techniques of the prevention and care of common athletic injuries.

Not open for credit to students with credit in KIN 207. (Lecture 2 hours, Activity 2 hours).

UPPER DIVISION

304. Clinical Aspects of Athletic Training (3)

Prerequisites: Admission to the Athletic Training program and consent of instructor.

Principles and techniques of related clinical concepts applicable to the athletic training setting. Open to Kinesiology majors in athletic training. Letter grade only (A-F). Not open for credit to students with credit in KIN 304. (Lecture 2 hours, Activity 2 hours).

306. Medical Aspects of Athletic Training (3)

Prerequisites: ATEP 490B.

Principles and techniques of related medical concepts applicable to the athletic training setting.

Open to Kinesiology majors in athletic training or consent of instructor. Letter grade only (A-F). Not open for credit to students with credit in KIN 306.

308A. Athletic Training Evaluation I (3)

Prerequisite(s): ATEP 304.

Study of athletic training clinical skills required for assessment of pathologies to the lower extremity and lumbar spine. Integrate anatomical knowledge and evaluation techniques to provide a basis for critical decision-making in injury management.

Open to Kinesiology majors in Athletic Training or consent of instructor. Letter grade only (A-F). Not open for credit to students with credit in KIN 308A. (Lecture 2 hours, Activity 2 hours)

308B. Athletic Training Evaluation II (3)

Prerequisite: ATEP 308A.

Study of athletic training clinical skills required for assessment of pathologies to the head, face, upper extremity, and cervical spine. Integrate anatomical knowledge and evaluation techniques to provide a basis for critical decision-making in injury management.

Open to Kinesiology majors in Athletic Training or consent of instructor. Letter grade only (A-F). Not open for credit to students with credit in KIN 308B. (Lecture 2 hours, Activity 2 hours)

309. Developmental and Therapeutic Exercise (3)

Prerequisites: KIN 300, KIN 301 or consent of instructor.

Principles, techniques, and application of therapeutic exercise programs for managing musculoskeletal conditions. Open to Kinesiology majors in Athletic Training and Fitness or consent of instructor. Letter grade only (A-F). Not open for credit to students with credit in KIN 309. (Lecture 2 hours, Activity 2 hours).

310. Therapeutic Approaches in Athletic Training (3)

Prerequisite(s): ATEP 304.

Theory and application of therapeutic modalities and exercise rehabilitation commonly used in athletic training programs.

Not open for credit to students with credit in KIN 310. Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours).

407. Management Strategies in Athletic Training (3)

Prerequisite(s): ATEP 490B.

Professional issues, administration, and management strategies of athletic training programs.

Letter grade only (A-F). Not open for credit to students with credit in KIN 407.

490A. Clinical Education in Athletic Training (2)

Prerequisites: Consent of instructor and successful completion of ATEP 304; satisfactory completion of CSULB Athletic Training Program Health and Safety requirements; and satisfactory completion of CSULB Athletic Training Program Technical Standards Form.

First of four semesters. Clinical experiences with formal instruction and evaluation of the Athletic Training Education Competencies. Weekly campus clinical education meeting. Preceptor supervised clinical education (Clinical hour requirement: Minimum of 250 hours / Maximum of 400 hours).

Letter grade only (A-F). Not open for credit to students with credit in KIN 490A. Course fee may be required.

490B. Clinical Education in Athletic Training (2)

Prerequisites: Consent of instructor and successful completion of ATEP 490A.

Second of four semesters. Continuation of clinical experiences with formal instruction and evaluation of the Athletic Training Education Competencies. Weekly campus clinical education meeting. Preceptor supervised clinical education (Clinical hour requirement: Minimum of 250 hours / Maximum of 400 hours).

Letter grade only (A-F). Not open for credit to students with credit in KIN 490B. Course fee may be required.

490C. Clinical Education in Athletic Training (2)

Prerequisites: Consent of instructor and successful completion of ATEP 490B.

Third of four semesters. Continuation of clinical experiences with formal instruction and evaluation of the Athletic Training Education Competencies. Weekly campus clinical education meeting.

Preceptor supervised clinical education (Clinical hour requirement: Minimum of 250 hours / Maximum of 400 hours).

Letter grade only (A-F). Not open for credit to students with credit in KIN 490C. Course fee may be required.

490D. Clinical Education in Athletic Training (2)

Prerequisites: Consent of instructor and successful completion of ATEP 490C.

Fourth of four semesters. Continuation of clinical experiences with formal instruction and evaluation of the Athletic Training Education Competencies. Weekly campus clinical practicum meeting.

Preceptor supervised clinical education (Clinical hour requirement: Minimum of 250 hours / Maximum of 400 hours).

Letter grade only (A-F). Not open for credit to students with credit in KIN 490D. Course fee may be required.

490E. Clinical Education in Athletic Training (2)

Prerequisites: Consent of instructor and successful completion of ATEP 490D.

Clinical experiences designed to advance knowledge and skills to become a professional (entry level) certified athletic trainer. Preceptor supervised clinical education (Clinical hour requirement: Minimum of 250 hours / Maximum of 400 hours).

Letter grade only (A-F). Not open for credit to students with credit in KIN 490E. Course fee may be required.

491. Seminar in Athletic Training (1)

Prerequisites: Consent of instructor and successful completion of ATEP 490C. Corequisite: ATEP 490D.

Strategies and focus on the acquisition and application of knowledge and skills for integration to clinical practice to transition from a student to professional. Students gain understanding of the Athletic Training Education Competencies, Standards of Practice, National Athletic Trainers Association, Inc., CAATE, and the BOC certification process for athletic trainers.

Letter grade only (A-F).

Office: FO3 312

Alicia Del Campo

Telephone: (562) 985-2704

Office: AS 331

Claire Martin

Telephone: (562) 985-4638

Affiliated Faculty: Luis Arroyo (Chicano and Latino Studies), Emily Berquist (History), Norma Stoltz Chinchilla (Women's, Gender, and Sexuality Studies/Sociology), Margaret Costa (Kinesiology), Alejandra Cox Edwards (Economics), Jim Curtis (Geography), Alicia Del Campo (Romance, German, Russian Languages and Literatures), Antonia Garcia-Orozco (Chicano and Latino Studies), Bonnie Gasior (Romance, German, Russian Languages and Literatures), Liesl Haas (Political Science), Jayne Howell (Anthropology), Gary Hytrek (Sociology), Dennis Korheuer (History), Javier López-Zetina (Health Sciences), Claire E. Martin (Romance, German, Russian Languages and Literatures), Rita Palacios (Romance, German, Russian Languages and Literatures), Carlos Piar (Religious Studies), Heather Rae-Espinosa (Human Development), José Rodríguez (Communication Studies), Victor Rodríguez (Chicano and Latino Studies), Clarissa Rojas (Women's, Gender, and Sexuality Studies), José Sánchez (Film and Electronic Arts), Anna Sandoval (Chicano and Latino Studies), Carlos Silveira (Art Education), John Tsuchida (Asian and Asian American Studies), Julie Weise (International Studies)

Certificate in Latin American Studies

This certificate offers students, with a baccalaureate degree in any field, an opportunity to supplement their education with a focus on the interdisciplinary study of Latin America. Courses used to meet this certificate may be counted also, where applicable, toward General Education requirements, and the major or minor requirements of the cooperating departments. Recommended: successful completion of two college intermediate level courses in Spanish, Portuguese or any other language appropriate to concentration area of the equivalent fluency as determined by the program advisor.

Please be aware that this program is not eligible for Financial Aid unless pursued concurrently with a degree program.

Requirements

The following are the requirements for the Latin American Studies Certificate.

1. Consultation with the program advisor, including formal declaration of the Certificate, and application for graduation.
2. Completion of 24 units distributed as follows:

A. Core (required of all students).

Take one of the following:

LAS/HIST/SOC 161; SPAN 445

B. Electives. 18 units from the following courses, selected from at least two disciplines:

ANTH 432, ANTH 448 ANTH 440*, ANTH 490*, ANTH 499*; AH 457C/557C, AH 458/558, AH 459/559, CHLS 352, CHLS 380, CHLS / ASAM 341, CHLS 400*, CHLS 420, CHLS 490*, CHLS 499*; CWL 440, CWL 499*; ECON 490*, ECON 499*;

FEA 392C; HIST 362, HIST 364, HIST 366, HIST 459, HIST 461, HIST 462, HIST 463, HIST 465, HIST 466, HIST 490*, HIST 495*, HIST 498*; LAS 161/HIST 161/SOC 161; POSC 358, POSC 481, POSC 497*, POSC 499*, R/ST 467; SOC 341, SOC 490*, SOC 499; SPAN 341, SPAN 441, SPAN 442, SPAN 444, SPAN 445, SPAN 450, SPAN 490*, SPAN 492, SPAN 493*, SPAN 550.

*Special Topics and Independent Study courses in the area of Latin American Studies (including Short Term Study Abroad) must be approved by the advisor.

Minor in Latin American Studies

This minor offers students majoring in any subject an opportunity to supplement their education with a focus on the interdisciplinary study of Latin America. Courses used to meet this minor requirement may be counted also, where applicable, toward General Education requirements, and the major or minor requirements of the cooperating departments. The successful completion of two college intermediate level courses in Spanish, Portuguese or any other language appropriate to the student's area of concentration of the equivalent fluency as determined by the program advisor is strongly recommended.

Requirements

The following are the requirements for the Latin American Studies minor.

1. Consultation with the program advisor, including formal declaration of the minor, and application for graduation.
2. Completion of 21 units distributed as follows:

A. Core (required of all students).

Take one of the following:

LAS/HIST/SOC 161; SPAN 445

B. Electives; 18 units from the following courses, selected from at least two disciplines:

ANTH 432, ANTH 448 , ANTH 440*, ANTH 490*, ANTH 499*; AH 457C/557C, AH 458/558, AH 459/559, CHLS 352, CHLS 380, CHLS / ASAM 341, CHLS 400*, CHLS 420, CHLS 490*, CHLS 499*; CWL 440, CWL 499*; ECON 490*, ECON 499*; FEA 392C; HIST 362, HIST 364, HIST 366, HIST 459, HIST 461, HIST 462, HIST 463, HIST 465, HIST 466, HIST 490*, HIST 495*, HIST 498*; LAS 161/HIST 161/SOC 161; POSC 358, POSC 481, POSC 497*, POSC 499*, R/ST 467; SOC 341, SOC 490*, SOC 499; SPAN 341, SPAN 441, SPAN 442, SPAN 444, SPAN 445, SPAN 450, SPAN 490*, SPAN 492, SPAN 493*, SPAN 550

*Special Topics and Independent Study courses in the area of Latin American Studies (including Short Term Study Abroad) must be approved by the advisor.

Courses (LAS)

LOWER DIVISION

161. Introduction to Latin American Studies (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

Interdisciplinary overview of history, society, and culture in Latin American – Mexico, Central America, the Caribbean, and South America. Examines political, economic, social and cultural conditions that have produced conflict, change, and continuity in Latin America over the last five hundred years.

Same course as HIST 161 and SOC 161. Not open for credit to students with credit in HIST 161 and SOC 161.

LEGAL STUDIES

College of Liberal Arts

Director: Jason Whitehead (Political Science)

Email: Jason.Whitehead@csulb.edu

Telephone: (562) 985-4712

Certificate in Legal Studies

This certificate is designed for students who are interested in the study of law as a cultural product and as a field of critical inquiry. It is not a professional program in para-legal education. The certificate may be earned in conjunction with any baccalaureate degree. Courses taken in the program may be used to satisfy major, minor, other credential or general education requirements. No more than 12 units, however, may be in the candidate's major.

The Legal Studies Certificate may be earned concurrently with or following the award of the baccalaureate degree from CSULB or another accredited institution. Please be aware that this program is not eligible for Financial Aid unless pursued concurrently with a degree program.

Requirements

Twenty-four total units distributed as follows:

1. Three units which must include one of the following: CRJU 350 Constitutional Criminal Procedure; HIST 308 Law and Civilization; HIST 479 US Constitution: Origins & Early Development; PHIL 352 Philosophy of Law; POSC 311 Constitutional Law: Powers; POSC 312 Constitutional Law: Rights.
2. Twenty-one units selected from the Legal Studies Courses listed below. The courses taken in the program must be from a minimum of three departments. The selection of courses is made by the student in consultation with the adviser in the program.
3. Optional Project Paper (3 units which can be included as part of the 21 units required). To be written during the senior year under the supervision of a faculty member participating in the program. The paper can be either an exploratory project (in which a subject is researched in a detailed and original manner) or an analytic effort (where fewer sources are used but the discussion of the material is developed more fully).

Legal Studies Courses

ASAM 346; AFRS 332; AIS 485; BLAW 220, BLAW 320/520; CHLS 362; CLSC 410; COMM 441; CRJU 301, CRJU 340, CRJU 350, CRJU 420, CRJU 430; ECON 355; HIST 308, HIST 479, HIST 480, HIST 489; JOUR 430; PHIL 352, PHIL 451, PHIL 552; POSC 311, POSC 312, POSC 322, POSC 376, POSC 412, POSC 414, POSC 423, POSC 424; PSY 495; SOC 342; SW 350; WGSS 308.

Introduction

The College of Liberal Arts provides courses in the Humanities and Social Sciences for all university students, as well as for majors in its disciplines. The College is also responsible for much of the General Education required of all students. The College of Liberal Arts is the center of the university's commitment to developing greater knowledge and understanding of international and multicultural issues in the contemporary world. In teaching students, CLA faculty aim high to inspire them to continue learning, to celebrate diversity, and to engage the world.

Programs at a Glance

Bachelor of Arts:

Africana Studies, American Studies, Anthropology, Asian American Studies, Asian Studies, Business Economics, Chicano and Latino Studies, Chinese Studies, Classics, Communication Studies, Comparative World Literature, Economics, English, Environmental Science and Policy, French and Francophone Studies, Geography, German, History, Human Development, International Studies, Italian Studies, Japanese, Jewish Studies, Journalism and Mass Communication, Liberal Arts, Linguistics, Modern Jewish Studies, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Spanish, and Women's, Gender, and Sexuality Studies.

Master of Arts

Anthropology, Asian Studies, Communication Studies, Economics, English, French and Francophone Studies, Geography, German, Global Logistics, History, Italian Studies, Linguistics, Philosophy, Political Science, Psychology, Religious Studies, Sociology, and Spanish
Master of Fine Arts in Creative Writing

Master of Science in Psychology

Certificates:

Africana Studies, American Indian and Indigenous Studies, Asian Studies, Cartography and Geographical Information Science, Geographic Information Science, Japanese, Latin American Studies, Legal Studies, Medieval and Renaissance Studies, Peace Studies, Religious Studies, Russian-East European Studies, Teaching English as a Second Language, Technical and Professional Communication, and Urban Studies

Minors:

Africana Studies, American Studies, Anthropology, Asian American Studies, Business Economics, Chicano and Latino Studies, Comparative World Literature, Classical Studies, Communication Studies, Economics, English (Literature, Rhetoric and Composition, Creative Writing, or Special Emphasis), Environmental Science and Policy, French and Francophone Studies, Geographic Information Science, Geography, German, Global Migration, Greek, History, Human Development, International Economics, International Studies, Italian, Jewish Studies, Journalism, Latin, Latin American Studies, Linguistics, Medieval and Renaissance Studies, Middle Eastern Studies, Native American Cultures, Philosophy, Political Science, Public Administration, Public Policy, Psychology, Religious Studies, Russian, Sociology, Spanish, and Women's, Gender, and Sexuality Studies.

Language Courses:

Arabic, Chinese (Mandarin), Cambodian (Khmer), French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Russian, Spanish, and Swahili, Tagalog, Vietnamese.

Single Subject Teaching Credentials:

English, French, German, Italian, Japanese, Latin, Spanish, and Social Science.

Students planning to teach these subjects in secondary schools are strongly advised to consult the Credential Advisor in the appropriate program as early as possible so that they fulfill subject matter preparation requirements while completing an undergraduate major.

Student Activities

Most of the departments in the College of Liberal Arts have either a student association or honors organization which provides students with a program of activities. Students should contact the department of their major to inquire about the kinds of organizations available to them or contact the College Coordinator for Student Life and Development at 985-5814.

The College and Associated Students promote the College Student Council with its representation from each department acting as liaison between the College administration, faculty, and members of the College's student body. The Student Council provides a forum for the development of student leadership skills.

Internships

The College of Liberal Arts offers internships with on- and off-campus cooperating organizations designed to provide students with practice in the field under supervision. Many individual departments also offer discipline-based internships for advanced students.

Bachelor of Arts in Liberal Arts (120 units)

This program is offered only through College of Continuing and Professional Education at a higher tuition rate.

The B.A. in Liberal Arts is a degree completion program designed to provide working adults who have accrued some college credits with an alternative delivery format that is more conducive to their personal and professional lives, providing a stronger possibility of graduation. The program is designed in a cohort format which provides students opportunities for networking as well as an environment where students' shared interests, knowledge, and skills enhance the learning experience for all. The degree will be in the Liberal Arts, an area that is general enough to support a wide variety of transferable units as well as support students with wide-ranging career interests.

This program is designed for the convenience and ease of access for the working adult. The majority of the classes will be taught face-to-face on the CSULB campus on Wednesdays and Saturdays. The basic core of courses will occasionally be coupled with a class being offered partially or entirely online. The online courses will be drawn exclusively from the list of those courses previously approved through the normal University curriculum review process.

Admission Requirements

- Current transfer requirements for non-impacted majors (Minimum GPA of 2.0 in all transferable units attempted and good standing at last college attended).
- Complete with a "C" or better by the end of the prior Spring term for Fall admission or by the end of the prior Summer term for Spring admission the CSU GE requirements in Written Communication, Oral Communication, Critical Thinking, and Mathematics/Quantitative Reasoning.
- Complete a minimum of 30 semester units, or 45 quarter units, of C or better in courses approved to meet CSU General Education requirements, or be GE Certified for all Lower Division General Education requirements of the University
- Minimum of 72 units and at least 2 units from a four-year school.
- Essay of at least 1000 words on why the student wants to major in the Liberal Arts and what the student hopes to achieve by completing the degree. The essay should explicitly address what the student hopes to achieve in terms of the goals for student learning outcomes of the curriculum (as detailed in #3, below). This essay is the first element of the assessment plan for the degree program, and each essay will be reviewed by members of the Advisory Board and the Program Director.

Program Requirements

1. A minimum of 48 upper-division units, with at least four courses (12 units) in each of the Three Areas below.
2. Three units in CLA 499: Directed Studies: Professional Portfolio. (May be repeated for a maximum of 6 units.)
3. Remaining units (9) selected from any of the three areas below.

Area I: Oral and Written Communication

1. COMM 334 Business & Professional Communication (3)
2. COMM 335 Persuasive Speaking (3)

3. COMM 411 Communication in Conflict Resolution (3)
4. COMM 439 Communication and Popular Culture (3)
5. ENGL 300 Advanced Composition (3)
6. ENGL 317 Technical Communication (3)

Area II: Global Citizenship and Cross-Disciplinary Knowledge

- ANTH 307 Modernization in Global Perspective (3)
 ANTH 475 / LING 470 /WGSS 475 Language and Gender in Cross-Cultural Perspective
 ANTH 412 Culture and Communication (3)
 CHLS 335 Asian and Latino Immigration Since WWII (3)
 CHLS 350 Latino Populations in the U.S. (3)
 CWL 320 Comic Spirit (3)
 CWL 350 Global Literature in American Culture (3)
 CWL 415 Ethnic Literature and Culture in America (3)
 ECON 300 Fundamentals of Economics (3)
 ECON 341 Global Labor Issues (3)
 GEOG/IST 319 International Development (3)
 GEOG 470 Political Geography (3)
 POSC 321 The Media and American Politics (3)
 POSC 326 California Government in Comparative Perspective (3)
 POSC 371 Introduction to International Politics (3)
 PSY 384 Workplace Diversity: Barriers and Strategies (3)
 PSY 381 Introduction to Industrial-Organizational Psychology (3)
 R/ST 362 Religion and Psychology (3)
 R/ST 391 Religion and Science (3)
 WGSS 401 Bodies and Borders: Feminism and Globalization (3)

Area III: Cultures, Values and Beliefs

- ANTH 353 Health and Healing (3)
 ANTH 422 The Anthropology of Gender (3)
 AIS 308 California Indian History (3)
 ASAM/CHLS 341 Asian American/Chicano and Latino Cinema (3)
 CHLS 420 Chicano Heritage in the Arts of Mexico and the Southwest (3)
 CHLS 390: The U.S.-Mexico Borderlands: Historic and Literary Images (3)
 ECON 340 Economics in Movies (3)
 PHIL 352 Philosophy of Law (3)
 PHIL 381 Philosophy of Science (3)
 R/ST 302 American Religious Diversity (3)
 R/ST 308 Comparative Religious Ethics (3)
 R/ST 331 Islamic Religion and Culture (3)
 SOC 346 Race, Gender and Class (3)
 WGSS 318 US Women of Color (3)

Courses (C/LA)

LOWER DIVISION

190. Selected Topics in Liberal Arts (1-6)

Topics of special interest in the liberal arts.

May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

195. Introduction to the Learning Community-Transition to College Success (1)

Prerequisites: Open to entering freshmen in the College of Liberal Arts

Freshman seminar to promote student engagement in university life. Articulates expectations of the university and faculty, and encourages personal responsibility. Students will explore options regarding the choice of a major and career, and how to develop a personal academic plan. Offered fall semesters only.

230. The Home in Comparative Perspective (3)

Prerequisite: GE Foundation requirements.

Explores how the term "home" has been deployed in a number of different historical, political, social, economic, and geographical contexts. Analysis of primary documents and secondary texts. Conduct independent research and also explore personal meanings associated with the term "home."

250. Elementary Statistics (4)

Prerequisites: Knowledge of mathematical procedures usually covered in elementary high school algebra.

Introduction to descriptive and inferential statistics and their applications in social and behavioral science research; performance of statistical exercises by interactive computer. Emphasis upon knowledge of which statistical tests to use and how to interpret their results.

Same course as HDEV 250. Not open for credit to students with credit in ANTH 202, PSY 110, 210, SOC 250 or HDEV 250. (Discussion 3 hours, laboratory 2 hours.)

UPPER DIVISION

305. British Life and Culture (3)

Offers in-depth information on a wide range of social, artistic, and intellectual issues relevant to contemporary England. Although course is geared to students participating in the London Semester Program, materials covered are closely related to many topics covered in classes offered during students' other work on campus. Credit/No Credit grading only.

302. Pre-Law Preparation (3)

Intensive workshop for students considering law school. Choosing a legal career; law school realities; considering law schools; preparing for law school; application procedures; preparing application documents; admissions and financial aid decisions; job prospects. Both group workshops and individual advising included. Credit/No credit grading.

490. Selected Topics in Liberal Arts (1-3)

Topics of special interest in the liberal arts for intensive study.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

A. Student Success Seminar

Prerequisite: Must have completed 30 units.

Student leaders selected for the College of Liberal Arts student success program will review best practice approaches and determine plans for assisting incoming students with their transition to the university. Offered in the fall semester.

B. Making a Difference with Leadership

Prerequisite: Must have completed 30 units.

Examines leadership from theoretical and practical perspectives, including trait, behavioral and contingency models. Focuses on skills essential for creating organizations in which people can develop their potential as leaders.

Topics include: leadership styles, communication, motivation, decision-making, group dynamics, integrity, teams, culture, diversity, and change. Offered Fall, Spring.

491. Selected Topics in Liberal Arts (2)

Topics of special interest in the liberal arts for intensive study.

Topics announced in the *Schedule of Classes*.

496A./596A. Interdisciplinary Research Seminar (3)

Prerequisite: Consent of instructor.

Intensive reading and discussion of the literature, methods and current issues in interdisciplinary topic in humanities and social sciences.

May be repeated to a maximum of 6 units with different topics in different semesters.

496B./596B. Interdisciplinary Research Seminar (3)

Prerequisite: C/LA 496A and consent of instructor.

Intensive research on interdisciplinary topic in humanities and social sciences.

May be repeated to a maximum of 6 units with different topics in different semesters.

499. Directed Studies: Professional Portfolio (1-3)

Prerequisite: Senior Standing in Liberal Arts Major; and consent of instructor.

In consultation with instructor, qualifying students assemble a portfolio of Liberal Arts coursework and readings illustrating their understanding and overview of a Liberal Arts education. Capstone-level reflection and assessment on completion of the major.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in the same semester.

GRADUATE LEVEL**590./490. Selected Topics in Liberal Arts (1-3)**

Topics of special interest in the liberal arts for intensive study.

May be repeated to a maximum of 9 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

596A./496A. Interdisciplinary Research Seminar (3)

Prerequisite: Consent of instructor.

Intensive reading and discussion of literature, methods and current issues in interdisciplinary topic in humanities and social sciences.

May be repeated to 6 units with different topics in different semesters.

596B./496B. Interdisciplinary Research Seminar (3)

Prerequisite: C/LA 596A and consent of instructor.

Intensive research on interdisciplinary topic in humanities and social sciences.

May be repeated to 6 units with different topics in different semesters.

LIBERAL STUDIES

Bachelor of Arts in Liberal Studies (120 units)

The Liberal Studies major provides a rich, rigorous cross-disciplinary liberal arts program of study. There are two programs in the major: 1) The Integrated Teacher Education Program (ITEP) is for students intending to become teachers who wish to combine subject matter preparation for elementary teaching with coursework leading to a Multiple Subject teaching credential; 2) Track I is for students who seek subject matter preparation for elementary teaching as preparation for a post-baccalaureate credential program.

General Education and the Liberal Studies Major

The General Education requirements for students majoring in Liberal Studies are unique. The Liberal Studies program is not only an approved major, but also an approved alternate general education program. In completing the Liberal Studies major, students concurrently satisfy their general education requirements. Students changing to another major from Liberal Studies, however, will be subject to the standard university General Education requirements and will want to consult the University Center for Undergraduate Advising for General Education advisement.

The Liberal Studies Program

The Liberal Studies Integrated Teacher Education Program (ITEP) combines the study of academic subject matter for elementary school teaching with professional preparation, fieldwork, and student teaching. Successful completion of ITEP includes both a Bachelor of Arts degree and a Multiple Subject teaching credential.

The Liberal Studies Track I program is designed for those students who wish to pursue a Bachelor of Arts degree to prepare them in the academic subject areas relevant to elementary and special education teaching. Track I is an approved pre-professional program of subject

matter preparation consistent with the standards established by the California Commission on Teacher Credentialing.

INTEGRATED TEACHER EDUCATION PROGRAM

Bachelor of Arts in Liberal Studies

Multiple Subject Credential Cross-Cultural and Academic Development Emphasis (code 200)

The Integrated Teacher Education Program (ITEP) combines the study of academic subjects aligned to California standards for the K-8 curriculum with professional preparation courses and field experiences leading to a Multiple Subject Credential.

Upon successful completion of the program, students will receive both a Bachelor of Arts in Liberal Studies and a Preliminary Multiple Subject Credential. Within the Integrated Teacher Education Program there are 102 units of required baccalaureate-level coursework and 34 units of credential-specific coursework.

Students in the ITEP program who do not advance to the Credential portion of the program will be eligible to change majors into the Track I program and receive a B.A. in Liberal Studies and may apply for admission to the post-baccalaureate Multiple Subject Credential Program.

There are multiple pathways to the teaching profession. ITEP is designed for students who begin their undergraduate education at CSULB or who transfer into the University in pursuit of both a baccalaureate degree as well as a Multiple Subject teaching credential. Prospective credential candidates who already hold a bachelor's degree, or who need information about other pathways and options in teacher credentialing, should refer to the sections of this catalog which describe programs in Teacher Education, Single Subject Teacher Education, and Advanced Studies in Education and Counseling. Further information about teacher preparation programs can also be obtained from the College of Education at (562) 985-1105 or by e-mail: cedinfo@csulb.edu or online at www.ced.csulb.edu.

Urban Dual Credential Program (UDCP)

A new pathway in ITEP has been approved in the college. Students will earn Multiple Subject and Education Specialist credentials with their B.A. in Liberal Studies in 135 units. For more information, contact the Teacher Preparation and Advising Center at (562) 985-1105.

General Education and the Integrated Teacher Education Program

As with other Liberal Studies majors, students in the Integrated Teacher Education Program have unique General Education requirements. ITEP is both an approved major and an approved alternate General Education

program. ITEP students receive their General Education advisement within the Liberal Studies office. In completing ITEP, students concurrently satisfy their General Education requirements. Students changing their major from ITEP to a major other than Liberal Studies, however, will be subject to the standard University General Education requirements and will want to consult the University Center for Undergraduate Advising for their General Education advisement.

The ITEP Curriculum

The ITEP curriculum has two interrelated components. Students complete required coursework in the Liberal Studies Core and they complete ITEP Credential Coursework in the methodology of teaching, including student teaching. Admission to this final, credential portion of the program requires that students apply and be accepted into the Multiple Subject Credential Program at CSULB. In addition, a minimum of 125 hours of service learning, coordinated by the SERVE Program in the College of Education, must be completed prior to graduation. All courses in the Liberal Studies Core must be completed with a grade of "C" or better. All ITEP Credential Coursework must be completed with a GPA of 3.0 or higher and no individual grade lower than "C."

Admission Under Impaction

Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Admission to the Multiple Subject Credential

Prior to enrollment in credential methods courses, ITEP students must be formally admitted into the Multiple Subject Credential Program (MSCP). Students should apply to the MSCP during the semester prior to enrolling in method courses. All candidates are required to comply with all program policies and procedures detailed on the MSCP website at www.ced.csulb.edu/mscp. Pre-program advisement and brochure materials are available in the Teacher Preparation Advising Center (ED1-67). Prospective candidates should obtain a program application from the website at www.ced.csulb.edu/mscp. ITEP information meetings are held each semester. See schedule at www.ced.csulb.edu/mscp. Applicants must:

1. Complete EDEL 200 with a minimum grade of "B."
2. Attain a grade point average of at least 2.67 in all baccalaureate course work or a grade point average of at least 2.75 in the last 60 semester or 90 quarter units attempted.
3. Complete and pass an interview with department faculty.
4. Submit two letters of recommendation.
5. Submit a typed personal statement describing why you have chosen teaching as a career, what you hope to accomplish as a teacher, and how you view the role of the teacher.
6. Submit a negative tuberculosis skin test or chest X-ray taken within the last three years. Tuberculosis clearance must be valid through student teaching.
7. Submit one photocopy of all university and/or college transcripts.
8. Submit proof of having taken the California Basic Educational Skills Test (CBEST). Note: You must take all three parts of the test. (Passage of the exam is required

- to advance to student teaching.) For alternatives to CBEST contact the Teacher Preparation Advising Center.
9. Demonstrate proficiency in reading and writing English by (1) attaining the minimum passing score of 37 on the reading portion of the CBEST and by (2) attaining the minimum passing score of 37 on the writing portion of the CBEST exam. (Passage of CBEST is required to advance to student teaching.) For alternatives means of demonstrating proficiency in reading and writing English contact the Teacher Preparation Advising Center.
10. Attach a copy of a Certificate of Clearance, or a photocopy of a California emergency/substitute teaching permit.
11. Demonstrate ability to communicate orally in English at the level required of public school teachers by demonstration of English production skills in the course EDEL 380 (EDEL 200 for ITEP candidates) and through an oral interview with department faculty. In the case of candidates for a Bilingual Authorization Multiple Subject Credential, there is a bilingual interview requirement in English and the target language.
12. Demonstrate character and personality traits that satisfy the standards of the teaching profession and suitable aptitude for teaching in public schools through the application documentation, the personal interview, and performance in the course EDEL 200. Candidates must continue to demonstrate appropriate character and personality traits through completion of the program.
13. Submit the application packet, including documentation, by April 1 to begin pedagogy courses in summer, June 1 to begin pedagogy courses in or fall terms, and November 1 to begin pedagogy courses in winter or spring terms. Applications will accepted after the deadline on a space available basis.

The Liberal Studies Core

A minimum of 102 units distributed in Areas I, II, III, IV, V, and VI. No Core classes may be taken Credit/No Credit.

Area I: Language Arts (minimum 22 units) All courses in the Liberal Studies Core must be completed with a grade of "C" or better.

- Group 1. Written Communication:
Choose one course from: ASAM 100, AFRS 100, CHLS 104, ENGL 100
- Group 2. Oral Communication:
Choose one course from: COMM 130, COMM 335
- Group 3. Survey of Literature:
Choose one course from: CWL 100; ENGL 180, ENGL 250A or ENGL 250B, ENGL 270A or ENGL 270B, ENGL 375
- Group 4. Applied Composition: Choose one course from:
ENGL 309
Prerequisites: None.
OR
ENGL 300
Prerequisites: GE Foundation requirements and upper-division standing.
- Group 5. Language Acquisition:
Choose one course from: CD 329, EDSP 454, LING 329
- Group 6. Children's Literature:
Choose one course from: AFRS 415, COMM 352, ENGL

481

Group 7. Language Arts Capstone: Take L/ST 400
Prerequisites: Limited to Liberal Studies majors who have completed all Area I Core requirements with a "C" or better grade, or consent of department chair.

Area II: Mathematics (minimum 12 units)

Group 1. Real Numbers: Take MTED 110
Prerequisites: ELM or ELM exemption or MAPB 11.

Group 2. Probability and Activities-Based Statistics:
Take MTED 205
Prerequisites: ELM or ELM exemption or MAPB 11 and MTED 110.

Group 3. Geometry and Measurement:
Choose one course from: MTED 211 or MTED 312

Group 4. Mathematics Capstone: Take MTED 402
Prerequisites: "C" or better in both MTED 110, and either MTED 211 or MTED 312 or the equivalent and a course in Critical Thinking.

Area III: Natural Science (minimum 14 units)

Group 1. Earth Science:
Choose from: GEOL 102 and GEOL 104, or GEOL 106*
(*GEOL 106 is the preferred course)

Group 2. Life Science: Take BIOL 200
Prerequisites: GE Foundation requirements.

Group 3. Physical Science: Take PHSC 112
Prerequisites/Corequisites: One course from Category B.2 of GE Foundation.

Group 4. Natural Science Capstone: Take SCED 401
Prerequisites: BIOL 200; PHSC 112; GEOL 106, or both GEOL 102 and GEOL 104; all with a "C" or better grade.

Area IV: History-Social Science (minimum 19 units)

Group 1. American History:
Choose one course from: HIST 172, HIST 300

Group 2. American Institutions:
Choose one course from POSC 100, POSC 326*, POSC 391 (*POSC 326 is limited to and only required of students who have met the U.S. Constitution requirement in a state other than California or through Advanced Placement credit and who must meet the Title V California State and Local Government requirement.)

Group 3. World History and Geography:
Take either: HIST/GEOG 250*, or HIST 211 plus GEOG 100 (*HIST/GEOG 250 is the preferred course)

Group 4. Multicultural Dimensions:
Choose one course from AFRS/AIS/CHLS 215, AFRS/AIS/ASAM/CHLS/WGSS 319, ANTH 421/LING 425

Group 5. California History: Take HIST 473
Prerequisites: None.

Group 6. History-Social Science Capstone: Take L/ST 471
Prerequisite: Limited to Liberal Studies majors who have completed all Area IV Core requirements with a "C" or better grade, or consent of department chair.

Area V: Arts and Humanities (minimum 15 units)

Group 1. Music: Take MUS 180
Prerequisites: None.

Group 2. Dance or Theater:
Choose one course from: CWL 124, CWL 324; DANC 110; THEA 113, THEA 122, THEA 324

Group 3. Ethics, Values and Beliefs:
Choose one course from: PHIL 100, PHIL 160, PHIL 203, PHIL 204, PHIL 405; R/ST 100, R/ST 202

Group 4. Visual Art: Take ART 300
Prerequisites: None.

Group 5. Arts Capstone: Take L/ST 404
Prerequisite: Limited to Liberal Studies majors who have

completed all Area V Core requirements with a "C" or better grade, or consent of department chair.

Area VI: Critical Issues in Teaching and Learning (minimum 20 units)

Group 1. Teaching and Learning: Take EDEL 100
Prerequisites: None.

Group 2. Information and Technology Competencies:
Choose one course from: ETEC 110*, ETEC 444
(*ETEC 110 is the preferred course)

Group 3. Critical Thinking:
Choose one course from: A/ST 190, COMM 131, ENGL 102, ETEC 171, HIST 101, PHIL 170, POSC 105, PSY 130

Group 4. Introduction to Education: Take EDEL 200
Prerequisites: None.

Group 5. Child Development and Learning:
Choose one course from: EDP 301, HDEV 307

Group 6. Family and School Partnerships:
Take EDSP 355A
Prerequisites: None.

Group 7. Physical Education: Take KIN 476
Prerequisite: Junior standing.

Group 8. Health Science: Take H SC 411A
Prerequisite: Upper-division standing. Corequisite: Current CPR Certification required.

ITEP Credential Coursework

All ITEP Credential Coursework must be completed with a GPA of 3.0 or higher and no individual grade lower than "C." Multiple Subject Credential Courses (minimum 34 units):

Group 1. Diversity in Education: Take EDEL 300 (3)
Prerequisites: EDEL 100 and EDEL 200, or approved articulated course from non-ITEP credentialing pathways; admission to Multiple Subject Credential Program.

Group 2. Teaching and Learning Language Arts, K-8 (RICA): Take EDEL 442 (3)
Prerequisite: Admission to the Multiple Subject Credential Program.

Group 3. Teaching and Learning Reading, K-8 (RICA):
Take EDEL 452 (3)
Prerequisite: Admission to the Multiple Subject Credential Program or Education Specialist Credential Program.

Group 4. Teaching and Learning Mathematics, K-8:
Take EDEL 462 (3)
Prerequisites: Admission to the Multiple Subject Credential Program.

Group 5. Teaching and Learning History-Social Science, K-8: Take EDEL 472 (3)
Prerequisites: Admission to the Multiple Subjects Credential Program.

Group 6. Teaching and Learning Science, K-8:
Take SCED 475 (3)
Prerequisite: Admission to the Multiple Subject Credential Program.

Group 7. Student Teaching: Take EDEL 482 (16)
Prerequisites: Admission to 2042 Multiple Subject Credential Student Teaching including successful completion of Teacher Performance Assessment (TPA) Tasks 1 and 2.

Student Teaching in ITEP

As the final phase of the credential program, student teaching is a half-day for four days and a full day for one day per week for two semesters. All student teachers have one placement in a K-2 classroom where they gain experience

with early literacy instruction utilizing a balanced and comprehensive approach to reading. The other placement is in an intermediate classroom (grades 3-6) or in a middle school classroom (grades 6-8). One student teaching placement must be in a public school.

A separate application is required to advance to student teaching. Applications for student teaching must be submitted in person to the Multiple Subject Student Teaching Office one semester prior to the first assignment. Application packets are available on the College of Education MSCP website. A link may also be found on the Liberal Studies website. Deadlines for submitting applications to student teach are:

April 1 - for Summer/Fall Student Teaching

November 1- for Spring Student Teaching

Students should note that these deadlines are firm. Late applications are not accepted.

Advancement to Student Teaching Requirements

Students must meet the following requirements to advance to student teaching:

1. Demonstration of subject-matter competence by passage of all three parts of the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects).
2. Passage of the California Basic Educational Skills Test (CBEST) or CTC-approved alternative.
3. A negative tuberculosis skin test or chest x-ray valid through completion of student teaching.
4. Proof of identity and character clearance (Certificate of Clearance).
5. Submission of a student teaching application by the appropriate deadline.

Note: professional preparation pedagogy courses in the ITEP MSCP program may be taken prior to or concurrently with student teaching. All subject-specific pedagogy (methods) courses must be completed with a minimum cumulative grade-point average of 3.0 and no individual course grade lower than "C."

Bilingual Authorization for the Multiple Subject Credential

The Bilingual Authorization track prepares Multiple Subject teachers to work in dual language classrooms, English development classrooms, or where a language other than English is required for instruction, support, and communication with parents and other professional communication. With appropriate substitutions and/or additional course work, the Bilingual Authorization may be added to the Multiple Subject Preliminary credential. Candidates must demonstrate knowledge of the target culture, specific pedagogical skills, and fluency in speaking, listening, reading and writing in the target language. Candidates are prepared for Bilingual Authorization in one of four languages: Spanish, Korean, Mandarin, or Vietnamese.

Requirements

Students seeking Bilingual Authorization must complete the ITEP program requirements, including the credentialing requirements. They also must fulfill the following additional Bilingual Authorization requirements:

1. Bilingual pedagogy in the language of emphasis (one of the following, 3 units):
 Spanish: EDEL 453S – Methodology for Spanish and English Instruction in a Bilingual Setting
 Prerequisites: None.
 Korean: EDEL 453K – Methodology for Korean and

English Instruction in a Bilingual Setting
 Prerequisites: None.

Mandarin: EDEL 453M – Methodology for Mandarin and English Instruction in a Bilingual Setting
 Prerequisites: None.

Vietnamese: EDEL 453V – Methodology for Vietnamese and English Instruction in a Bilingual Setting
 Prerequisites: None.

2. Culture of emphasis (one of the following, 3 units):
 Spanish: CHLS 340 – Latino Education in the U.S.
 Prerequisites: None.

Korean: EDEL 455K – Teaching the Korean American Bicultural Student
 Prerequisites: None.

Mandarin: EDEL 455C – Teaching the Chinese American Bicultural Student
 Prerequisites: None.

Vietnamese: EDEL 455V -- Teaching the Vietnamese American Bicultural Student
 Prerequisites: None.

3. Language of emphasis proficiency:
 All Bilingual Authorization candidates must demonstrate language of emphasis proficiency by passing the appropriate CSET: LOTE Subtest III (language and communication skills) prior to completion of the program. See the program advisor for recommended courses to prepare for the exam.
4. Student teaching in a bilingual classroom:
 Bilingual Authorization candidates complete one semester of student teaching in a non-bilingual classroom and one semester in a language of emphasis classroom.

Education Specialist ITEP

Requirements

The Education Specialist ITEP Pathway allows students to work toward a Preliminary Education Specialist Credential while completing their MSCP ITEP requirements. Students should formally apply to the Education Specialist Credential program at the same time they apply to the MSCP. Education Specialist ITEP students must complete all ITEP program requirements, taking EDSP 454 in Area I, Group 6, and EDP 301 in Area VI, Group 4. Education Specialist ITEP students must complete all MSCP ITEP credential coursework and requirements as well with the following exception: Students will complete only one semester of student teaching in a general education classroom instead of two.

Education Specialist ITEP students will then complete all Education Specialist Preliminary credential coursework and Field Study as listed below:

EDP 405 Classroom Management
 Prerequisites: None.

EDSP 480 Foundations of Inclusive Education
 Prerequisite: Admission to Education Specialist Credential Program.

EDSP 534 Collaboration and Transition
 Prerequisites: Full admittance to Education Specialist Credential Program or ITEP, and successful completion of EDSP 480.

EDSP 564 Assessment and Evaluation
 Prerequisites: Admission to the Education Specialist Credential Program or consent of instructor.

EDP 560 Behavior Analysis and Interventions
 Prerequisite: ED P 405.

EDSP 577 or 578 Instructional Methods and Strategies:
Mild/Moderate or Moderate/Severe
EDSP 587B or 588B Advanced Field Study and
Seminar: Education Specialist Credential in Mild/
Moderate or Moderate/Severe Disabilities

TRACK I

Requirements

The Track I program is both a major and an approved General Education program. No course in the Track I Core or Concentration may be taken Credit/No Credit and no course used to meet Core requirements may be counted toward the Concentration.

In addition, 125 hours of approved service-learning in an elementary or middle school must be completed prior to graduation as a means of learning about cultural diversity in the community, about current problems besetting students in the public schools, about successful intervention strategies for students needing special attention, and about promotion of individual civic responsibility.

Service Learning

The way to earn the required 125 hours of Service Learning is through participation in the Service Experience for Revitalizing Education (SERVE) program, which provides orientation and training in addition to school placements. To participate in SERVE, students must have a 2.0 grade-point average, current TB clearance, and be available for either 2 two-hour time blocks or 1 four-hour time block during public school hours over a 10 week period during the semester. For further information and the schedule for orientation and training sessions, contact the Liberal Studies office or SERVE office (ED1-17 or online at www.ced.csulb.edu).

The Liberal Studies Core

A minimum of 102 units distributed in Areas I, II, III, IV, V, and VI. No Core classes may be taken Credit/No Credit.) All courses in the Liberal Studies Core must be completed with a grade of "C" or better.

Area I: Language Arts (minimum 22 units)

Group 1. Written Communication:

Choose one course from: ASAM 100, AFRS 100, CHLS 104, ENGL 100

Group 2. Oral Communication:

Choose one course from: COMM 130, COMM 335

Group 3. Survey of Literature:

Choose one course from: CWL 100, ENGL 180, ENGL 250A or ENGL 250B, ENGL 270A or ENGL 270B, ENGL 375

Group 4. Applied Composition:

Choose one course from:

ENGL 309

Prerequisites: None.

OR

ENGL 300

Prerequisites: GE Foundation requirements and upper-division standing.

Group 5. Language Acquisition:

Choose one course from: CD 329, EDSP 454, LING 329

Group 6. Children's Literature:

Choose one course from: AFRS 415, COMM 352, ENGL 481

Group 7. Language Arts Capstone: Take L/ST 400
Area II: Mathematics (minimum 12 units)

Group 1. Real Numbers: Take MTED 110

Prerequisites: ELM or ELM exemption or MAPB 11.

Group 2. Probability and Activities-Based Statistics:

Take MTED 205

Prerequisites: ELM or ELM exemption or MAPB 11 and MTED 110.

Group 3. Geometry and Measurement:

Choose one course from: MTED 211 or MTED 312

Group 4. Mathematics Capstone:

Take MTED 402

Prerequisites: "C" or better in both MTED 110, and either MTED 211 or MTED 312 or the equivalent and a course in Critical Thinking.

Area III: Natural Science (minimum 14 units)

Group 1. Earth Science:

Choose from: GEOL 102 and GEOL 104, or GEOL 106*
(*GEOL 106 is the preferred course)

Group 2. Life Science: Take BIOL 200

Prerequisites: GE Foundation requirements.

Group 3. Physical Science: Take PHSC 112

Prerequisites/Corequisites: One course from Category B.2 of GE Foundation.

Group 4. Natural Science Capstone: Take SCED 401

Prerequisites: BIOL 200; PHSC 112; GEOL 106, or both GEOL 102 and GEOL 104; all with a "C" or better grade.

Area IV: History/Social Science (minimum 19 units)

Group 1. American History:

Choose one course from: HIST 172, HIST 300

Group 2. American Institutions:

Choose one course from POSC 100, POSC 326*, POSC 391 (*POSC 326 is limited to and only required of students who have met the U.S. Constitution requirement in a state other than California or through Advanced Placement credit and who must meet the Title V California State and Local Government requirement.)

Group 3. World History and Geography:

Take either: HIST/GEOG 250*, or HIST 211 plus GEOG 100 (*HIST/GEOG 250 is the preferred course)

Group 4. Multicultural Dimensions:

Choose one course from AFRS/AIS/CHLS 215, AFRS/AIS/ASAM/CHLS/WGSS 319, ANTH 421/LING 425

Group 5. California History: Take HIST 473

Prerequisites: None.

Group 6. History/Social Science Capstone:

Take L/ST 471

Prerequisite: Limited to Liberal Studies majors who have completed all Area IV Core requirements with a "C" or better grade, or consent of department chair.

Area V: Arts and Humanities (minimum 15 units)

Group 1. Music: Take MUS 180

Prerequisites: None.

Group 2. Dance or Theater:

Choose one course from: CWL 124, CWL 324; DANC 110; THEA 113, THEA 122, THEA 324

Group 3. Ethics, Values and Beliefs:

Choose one course from: PHIL 100, PHIL 160, PHIL 203, PHIL 204, PHIL 405; R/ST 100, R/ST 202

Group 4. Visual Art: Take ART 300

Prerequisites: None.

Group 5. Arts Capstone: Take L/ST 404

Prerequisites: Limited to Liberal Studies majors who have completed all Area V Core requirements with a "C" or better grade, or consent of department chair.

Area VI: Critical Issues in Teaching and Learning (minimum 20 units)

Group 1. Teaching and Learning: Take EDEL 100
Prerequisites: None.

Group 2. Information and Technology Competencies:
Choose one course from: ETEC 110*, ETEC 444
(*ETEC 110 is the preferred course)

Group 3. Critical Thinking:
Choose one course from: A/ST 190, COMM 131,
ENGL 102, ETEC 171, HIST 101, PHIL 170, POSC
105, PSY 130

Group 4. Introduction to Education: Take EDEL 200
Prerequisites: None.

Group 5. Child Development and Learning:
Choose one course from: EDP 301, HDEV 307

Group 6. Family and School Partnerships:
Take EDSP 355A
Prerequisites: None.

Group 7. Physical Education: Take KIN 476
Prerequisite: Junior standing.

Group 8. Health Science: Take H SC 411A
Prerequisite: Upper-division standing. Corequisite: Current
CPR Certification required.

Track I Subject Matter Concentration

The Subject Matter Concentration requires a minimum of 12 units in one of the thematic programs of study identified below. Students may choose to pursue a Subject Matter Concentration option that allows them to complete work toward a Subject Matter Authorization.

Subject Matter Concentration Options:

- I. Language Arts
- II. Mathematics
- III. Natural Science
- IV. History-Social Science
- V. Human and Child Development
- VI. Education Studies

Courses taken to satisfy the Subject Matter Concentration requirements shall be selected by the student in consultation with the department chair or designee. Once determined, the designated courses shall be articulated in a Subject Matter Concentration Plan. Normally the plan must be submitted before the student begins to take courses in the Concentration. Subsequent modifications of the Concentration curriculum must also be approved by the department chair or designee. No Concentration course may be taken Credit/No Credit. No course used to fulfill a Core requirement may be used to fulfill a Concentration requirement.

Courses (L/ST)

111. Critical Thinking and Public Education (3)

Prerequisite: ENGL 100 or GE Composition (Area A1)
Introduction to critical thinking; analysis of historical, contemporary and global views of public education. Development of seminar skills: preparation of analytical essays and oral presentations, examination of models and techniques of reasoning applied to issues in education.

Letter grade only (A-F)

400. Language Arts Capstone: Language Arts Content and Standards for Elementary Classrooms (3)

Prerequisite: Limited to Liberal Studies majors who have completed all Area I Core requirements with a "C" or better grade, or consent of department chair.

Review, analysis, and assessment of K-8 California State English-Language Arts Content Standards and Curriculum Framework. Contemporary theory and practice of Language Arts with focus on reading, language and literacy development, and assessment.

Letter grade only (A-F).

404. Visual and Performing Arts Capstone: Visual and Performing Arts Content and Standards for Elementary Classrooms (3)

Prerequisite: Limited to Liberal Studies majors who have completed all Area V Core requirements with a "C" or better grade, or consent of department chair.

Review, analysis, and assessment of K-8 California State Visual and Performing Arts Content Standards and Curriculum Framework. Understanding relationships among the arts. Emphasis on arts criticism and various broader values (historical, social, aesthetic, ethical).

Letter grade only (A-F).

471. History-Social Science Capstone: History-Social Science Content and Standards for Elementary Classrooms (3)

Prerequisite: Limited to Liberal Studies majors who have completed all Area IV Core requirements with a "C" or better grade, or consent of department chair.

Review, analysis and assessment of K-8 California State History-Social Science Content Standards and Curriculum Framework. Literacy in the social sciences for K-8 students. Integrates geographical and historical analysis of California, Early American, and Pre-Modern World history within a global context.

Letter grade only (A-F).

Urban Dual Credential Program (UDCP)

400. Foundations of Teaching and Learning in Inclusive Settings (2)

Prerequisite: Admission to the Urban Dual Credential Program or Consent of Instructor.

Foundations in teaching and learning in inclusive, diverse schools. Discussion of professional, legal and ethical practices, multi-tiered systems of support, disability categories, and inclusive collaborative models.

Letter grade only (A-F).

401. Positive Behavior Supports (3)

Prerequisite: Admission to the Urban Dual Credential Program or Consent of Instructor.

Models and strategies of classroom management to promote student pro-social behaviors and academic growth in culturally diverse settings. School-wide models of positive behavior support and evidence-based classroom interventions to support positive behaviors for students with and without challenging behavior.

Letter grade only (A-F).

402. Equity, Access, and Inclusive Education (3)

Prerequisite: Admission to the Urban Dual Credential Program or Consent of Instructor.

Examination of historical and legal foundations and contemporary issues related to educational equity and access for underrepresented groups in U.S. public schools, including culturally responsive instruction within a Universal Design for Learning framework.

Letter grade only (A-F).

410. Literacy Instruction in Inclusive Settings (4)

Prerequisite: Admission to the Urban Dual Credential Program or Consent of Instructor.

Content, methods, and assessment for teaching literacy to all students, including English language learners and students with special needs in culturally and linguistically diverse classrooms. Minimum 10 hours of fieldwork in classrooms with at least 25% of students classified as English learners and some students with disabilities.

Letter grade only (A-F).

411. Advanced Literacy Instruction and Intervention (4)

Prerequisite: Admission to Urban Dual Credential Program and successful completion of UDCP 410 Literacy Instruction in Inclusive Settings, or Consent of Instructor.

Literacy instructional materials, strategies, and curricular adaptations for gifted students, and struggling students, including English learners and students with disabilities. Evidence-based interventions (e.g., RTI, MTSS), using data for program planning, and use of technology are emphasized. Minimum 10 hours of fieldwork in classrooms with at least 25% of students classified as English learners and some students with disabilities

Letter grade only (A-F).

LINGUISTICS

College of Liberal Arts

Department Chair: Malcolm A. Finney

Department Office: Psychology (PSY) 114
Telephone / FAX: (562) 985-5792 / (562) 985-2593
Website: www.csulb.edu/depts/ling

Faculty: Rebekha J. Abbuhl, John Attinasi (Emeritus) Michael J. Fender, Malcolm A. Finney, Nancy Hall, Robert M. Hertz (Emeritus), Alexandra M. Jaffe, Wendy Klein, Lorraine E. Kumpf, Barbara LeMaster, Xiaoping Liang, Carol D. Lord

Advisors:

Undergraduate: Wendy Klien
Graduate: Rebekha J. Abbuhl

Administrative Coordinator: Phyllis L. Simon

Career Possibilities

English as a Second Language (ESL) Teacher • Computational Linguist • Bilingual Education Teacher • Intelligence Specialist • Researcher • Teacher • Linguist • Foreign Service Officer • Peace Corps Worker • Librarian • Interpreter • Immigration Officer • Lawyer • Philologist • Writer • Editor • Consultant (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.) Various entry-level positions in business and industry are available for graduates regardless of academic discipline.

Introduction

The department offers an undergraduate major and minor in Linguistics, a Certificate in Teaching English to Speakers of Other Languages (TESOL), and the MA with four Options: TESOL, General, Special, and Language and Culture.

Students desiring general information should contact the department office. Advisors are available for individual appointments during the Fall and Spring semesters.

Undergraduate Programs

Bachelor of Arts in Linguistics (120 units)

Requirements

Lower Division:

Take the following courses:

LING 101 Introduction to the World's Languages (3)
Prerequisite: ENGL 100 or GE Composition (Area A1).

LING/ANTH 170 Introduction to Linguistics (3)
Prerequisite/corequisite: Any GE Foundation course.

Upper Division:

Take the following courses:

LING 325 Modern English Grammar (3)
Prerequisite: None

LING 329 Introduction to Language Acquisition (3)
Prerequisite: None

LING 420 Phonology (3)
Prerequisite: LING 170 or ANTH 170 or consent of instructor.

LING 421 Syntax (3)
Prerequisite: LING 325.

Take eight courses (24 units) from the following:

LING 301, LING 363, LING 379, LING 401, LING 413, LING 423, LING 425, LING 426, LING 428, LING 433, LING 438, LING 460, LING 470, LING 472, LING 490, or LING 499.

Students may substitute up to 6 units of relevant upper-division coursework from other departments, with permission of the Linguistics Undergraduate Advisor.

Language Requirement

Students must complete a fourth semester-level course, or demonstrate equivalent proficiency, in a language other than English. Alternatively, a student may complete two second-semester level courses in two different languages, including at least one language from outside the Indo-European family. A list of applicable courses may be obtained from the undergraduate advisor. This may require 0-16 units of coursework, depending on the language studied and the student's initial placement level. Students with prior language experience can pass all or part of the language requirement by examination or other evidence.

Minor in Linguistics

The minor requires a minimum of 15 units. .

Take LING 170 Introduction to Linguistics (3)

Take four courses from among the following (12 units)

LING 101, LING 325, LING 329, LING 363, LING 379, LING 401, LING 413, LING 420, LING 421, LING 423, LING 425, LING 426, LING 428, LING 433, LING 438, LING 460, LING 470, LING 472

Electives may also be selected from an approved list of linguistics-related classes from other departments. See the undergraduate advisor for details.

Minor in Teaching English to Speakers of Other Languages (TESOL)

Program Description

Not open to students majoring in Linguistics. This is not a credential program for public school teaching.

Requirements

Take one of the following courses (3 units):

LING/ANTH 170 Introduction to Linguistics (3)
Prerequisite/Corequisite: Any GE Foundation course.

LING 425 Education Across Cultures (3)
Prerequisites: GE Foundation requirements, one or more Exploration, and upper-division standing.

Note: the option of LING 425 is intended primarily for English Education majors. All others are recommended to take LING 170.

Take one of the following courses (3 units):

LING 329 Language Acquisition (3)
Prerequisite: None.

LING 339 Linguistics for Cross-Cultural Academic Development (3)

Take all of the following courses (12 units):

LING 325 Modern English Grammar (3)

Prerequisite: None.

LING 420 Phonology (3)

Prerequisite: LING/ANTH 170 or consent of instructor.

LING 460 TESOL Composition (3)

Prerequisite: LING 325 or consent of instructor.

LING 486 Second Language Teaching Methods (3)

Prerequisite: LING 325 or consent of instructor.

Graduate Programs

Master of Arts in Linguistics

This program is designed both for students who wish to pursue further graduate study and those seeking a terminal degree. The program seeks to blend theoretical and applied aspects of linguistics and draws from a variety of disciplines. The M.A. offers three options and one concentration:

1. General Linguistics Option
2. Language and Culture Option
3. Teaching English to Speakers of Other Languages
4. Special Concentration

Graduate assistantships may be available to qualified students.

Prerequisites

1. A bachelor's degree with a 3.0 GPA for the most recent 60 units;
2. 18 units of undergraduate coursework (with a grade of "C" or above in each course) as follows:
 - A. Fifteen (15) units in Linguistics; the following courses or equivalent:
 - LING 301 Introduction to Research Methods (3)
Prerequisites: LING/ANTH 170 or consent of instructor.
 - LING 325 Modern English Grammar (3)
Prerequisite: None
 - LING 329 Introduction to Language Acquisition (3)
Prerequisite: None
 - LING 420 Phonology (3)
Prerequisite: LING/ANTH 170 or consent of instructor.
 - LING 421 Syntax (3)
Prerequisite: LING 325.
 - B. Three (3) units in Language Variation:
 - LING 379, LING 413, LING 425, LING 426, LING 470, LING 472.

Advancement to Candidacy

1. Satisfaction of the general university requirements for advancement to candidacy, including prerequisites, the Graduation Writing Assessment Requirement (GWAR) and 3.0 GPA.
2. Completion of the language other than English requirement, either:
 - A. Two courses of a language other than English at the upper-division level, or the equivalent, or
 - B. Two courses of an Indo-European language and two courses of a non-Indo European language at the lower-division level, or equivalent.
3. Completion of six units of course work within the program, exclusive of any classes used to meet prerequisites.
4. Approval of the candidate's graduate program by the Graduate Advisor, the Associate Dean for Instructional

Programs of the College of Liberal Arts, and any other individuals identified by relevant university policy.

5. Advancement must take place no later than the semester before the student graduates.

Requirements

1. A minimum of 33 units of approved upper division and graduate courses for the thesis path or a minimum of 34 units of approved upper division and graduate courses of the comprehensive examination path, including
2. A minimum of 21 units at the 500 or 600 level;
3. The completion of requirements of one of the options or the Special Concentration designated in the program;
4. Completion of one of two culminating experiences:
 - A. A thesis and its accompanying oral defense and oral examination (LING 698, 6 units).
 - B. The comprehensive examination and its accompanying graduate paper (LING 697, 1 unit).
5. A GPA of 3.00 on all courses included in the program.

Option in General Linguistics

1. Take all of the following courses (15 units):
 - LING 580/ANTH 570 Field Methods (3)
Prerequisite: LING 420 and LING 421, or consent of instructor.
 - LING 610 Historical Linguistics (3)
Prerequisites: LING 420 and LING 421 or consent of instructor.
 - LING 620 Seminar in Syntactic Theory and Analysis (3)
Prerequisite: LING 421.
 - LING 625 Seminar in Phonetics and Phonology (3)
Prerequisite: LING 420.
 - LING 633 Discourse and Grammar (3)
Prerequisite: LING 421 or consent of instructor.
2. Take one of the following courses in language variation (3):
 - LING 540 Sociolinguistics (3)
Prerequisite: Nine units of linguistics or consent of instructor.
 - LING 650 Seminar in Bilingualism (3)
Prerequisites: LING 329 or consent of instructor.
3. Take one of the following courses in research methods (3 units):
 - LING 595 Qualitative Methods (3)
Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent.
 - LING 596 Quantitative Methods (3)
Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent
4. Take two (for thesis route) or four (for comprehensive exam route) of the following courses (6 or 12 units):
 - LING 470, LING 501, LING 533, LING 538, LING 540, LING 575, LING 580, LING 595, LING 596, LING 650.
5. Completion of one of two culminating experiences:
 - A. A thesis and its accompanying oral defense and oral examination (LING 698, 6 units).
 - B. The comprehensive examination and its accompanying graduate paper (LING 697, 1 unit).

Option in Language and Culture

1. Take all of the following courses (12 units)
 - LING 533 Ethnography of Communication (3)
Prerequisite: Graduate standing.
 - LING 540 Sociolinguistics (3)
Prerequisite: Nine units of linguistics or consent of instructor.
 - LING 625 Seminar in Phonetics and Phonology (3)
Prerequisite: LING 420.
 - LING 633 Discourse and Grammar (3)
Prerequisite: LING 421 or consent of instructor.
2. Take one of the following courses in research methods: (3 units)
 - LING 580/ANTH 570 Field Methods (3)
Prerequisite: LING 420 and LING 421, or consent of instructor.
 - LING 595 Qualitative Methods (3)
Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent.
 - LING 596 Quantitative Methods (3)
Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent.
3. Take four (for thesis route) or six (for comprehensive exam route) of the following courses (12 or 18 units):
LING 470, LING 501, LING 538, LING 539, LING 575, LING 580, LING 595, LING 596, LING 610, LING 650, ANTH 630
4. Completion of one of two culminating experiences:
 - A. A thesis and its accompanying oral defense and oral examination (LING 698, 6 units).
 - B. The comprehensive examination and its accompanying graduate paper (LING 697, 1 unit)

Option in Teaching English to Speakers of Other Languages

- Take all of the following courses (15 units):
- Take all of the following courses:
- LING 486 Second Language Teaching Methods (3)
Prerequisites: LING 325 or consent of instructor.
 - LING 539 Language Acquisition (3)
Prerequisites: LING 329 or equivalent. Six units of linguistics or upper division psychology, or consent of instructor.
 - LING 561 Second Language Curriculum Dev (3)
Prerequisite: LING 325 or consent of the instructor.
 - LING 562 Second Language Testing and Assessment (3)
Prerequisite: LING 325 or consent of the instructor.
 - LING 593 Practicum in TESOL (3)
Prerequisite: LING 486.
- Take one of the following courses in research methods: (3 units)
- LING 580/ANTH 570 Field Methods (3)
Prerequisite: LING 420 and LING 421, or consent of instructor.
 - LING 595 Qualitative Methods (3)
Prerequisites: Advancement to candidacy for the M.A. in

linguistics. LING 301 or equivalent.

LING 596 Quantitative Methods (3)

Prerequisites: Advancement to candidacy for the M.A. in

linguistics. LING 301 or equivalent.

Take two of the following courses in language structure (6 units):

LING 620 Seminar in Syntactic Theory and Analysis (3)

Prerequisite: LING 421.

LING 625 Seminar in Phonetics and Phonology (3)

Prerequisite: LING 420

LING 633 Discourse and Grammar (3)

Prerequisite: LING 421 or consent of instructor.

Take one of the following courses in language variation (3 units):

LING 533 Ethnography of Communication (3)

Prerequisite: Graduate standing.

LING 540 Sociolinguistics (3)

Prerequisite: Nine units of linguistics or consent of instructor.

LING 610 Historical Linguistics (3)

Prerequisites: LING 420 and LING 421, or consent of instructor.

LING 650 Seminar in Bilingualism (3)

Prerequisites: LING 420 and LING 421, or consent of instructor.

Students taking comprehensive exams must additionally

take the following two courses (6 units):

LING 560 TESOL Composition (3)

Prerequisite: None.

LING 575 Literacy and Linguistics (3)

Prerequisite: Six units in linguistics or consent of instructor.

Completion of one of two culminating experiences:

A. A thesis and its accompanying oral defense and oral examination (LING 698, 6 units).

B. The comprehensive examination and its accompanying graduate paper (LING 697, 1 unit)

Special Concentration

This concentration is 12-18 units. Students electing this concentration must 1) consult with the Graduate Advisor about their proposal; 2) submit a written justification for the course of study they wish to take, including 3) a list of the classes which are proposed to meet the objectives of this special program. Both the written justification and the course list are subject to approval. Other requirements of the program (e.g. a five course core, GPA, culminating experiences, etc.) cannot be waived or altered by use of the special concentration. Students wanting graduate credit for certain 400-level courses must consult with the Graduate Advisor before enrolling. Courses with an I suffix are not available for graduate credit. Note: Graduate students are required to register for the higher (500-level) course whenever a course has a double number. Students may not repeat courses by taking them under different prefix designations, numbers or titles unless the course description specifically permits.

Graduate Certificate in Teaching English to Speakers of Other Languages

This certificate is open to students from any field who desire graduate level training for teaching English to speakers of other languages. While the program may be begun as an undergraduate, at least 18 units must be completed as a post-baccalaureate student.

This certificate program is eligible for Financial Aid. Please see the department web site for required Federal disclosure information.

Prerequisites

1. Baccalaureate degree with a GPA of 3.0 on last 60 units.
2. LING 325 Modern English Grammar (3) (or equivalent)

Requirements

1. Twenty-four units, including:
 - A. 21 taken in residence;
 - B. 18 taken as a graduate student;
 - C. 12 taken at a 500-600 level.NOTE: Categories (A-C) combined need only equal 24 units.
2. A GPA of 3.0 in all courses included in the program.
3. Fulfill the Graduation Writing Assessment Requirement (GWAR).
4. One course in each of the following eight categories:
 - A. Language Acquisition:
LING 329 Introduction to Language Acquisition (3)
Prerequisites: None
 - B. Intermediate Level Linguistics. One course from:
LING 420 Phonology (3)
Prerequisites: LING 170 or ANTH 170 or consent of instructor.
LING 421 Syntax (3)
Prerequisite: LING 325.
 - C. Cross-cultural Communication:
LING 425/ANTH 421 Education Across Cultures (3)
Prerequisites: GE Foundation requirements, one or more Exploration, and upper-division standing.
 - D. Basic TESOL Methodology:
LING 486 Second Language Teaching Methods (3)
Prerequisites: LING 325 or consent of instructor.
 - E. Curriculum:
LING 561 Second Language Curriculum Development (3)
Prerequisite: LING 325 or consent of the instructor.
 - F. Testing and Assessment:
LING 562 Second Language Testing & Assessment (3)
Prerequisite: LING 325 or consent of the instructor.
 - G. Specialized Methodology. One course from:
LING 560 TESOL Composition (3)
Prerequisite: None.
LING 575 Literacy and Linguistics (3)
Prerequisite: Six units in linguistics or consent of instructor.
 - H. Practicum:
LING 593 Practicum in TESOL (3)
Prerequisite: LING 486.

Students who have taken equivalent courses in the above categories but need units to complete certificate

requirements may elect to take courses as advised.

Students wanting graduate credit for 400-level courses which have not been approved for graduate credit by the home department must consult with the Program Director or Graduate Advisor before enrolling. Courses with an "I" suffix are not available for graduate credit, but may be used for the Certificate if they were taken while the student was an undergraduate.

Courses (LING)

LOWER DIVISION

100. The Nature of Language (3)

Prerequisite/Corequisite: GE A1 requirement.

Examines ongoing issues concerning cognitive and social aspects of language. In exploring both popular and scientific perspectives on language, students develop skills in critical thinking while exploring elements of linguistic analysis.

101. Introduction to the World's Languages (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

General introduction to roles that the world's languages have played historically, socially, culturally and politically. Nature of language, how languages operate, differ, and relate to each other. Contact between languages and change over time. Spoken and written forms of language.

151. Fundamentals of American Sign Language I (3)

Prerequisite/Corequisite: One GE Foundation course.

For those who are beginning ASL, or who have had less than two years of high school ASL or equivalent. Introduction to pronunciation, receptive and expressive conversational skills without voice, and grammatical structures of American Sign Language (ASL). Development of appropriate linguistic/cultural behaviors and awareness of and respect for Deaf Culture.

Letter grade only (A-F).

152. Fundamentals of American Sign Language II (3)

Prerequisite: LING 151 or equivalent.

Second semester introduction to pronunciation, receptive and expressive conversational skills without voice, and grammatical structures of American Sign Language (ASL). Includes development of appropriate linguistic/cultural behaviors and awareness of and respect for Deaf Culture.

Letter grade only (A-F).

170. Introduction to Linguistics (3)

Prerequisite/corequisite: Any GE Foundation course.

Nature of language; its relation to culture; language structure and processes of change; language universals, contrasts and relationships.

Same course as ANTH 170. Not open for credit to students with credit in ANTH 170.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301. Introduction to Research Methods (3)

Prerequisites: LING/ANTH 170 or consent of instructor.

Introduction to quantitative, qualitative and mixed method research in linguistics; basic statistics; writing a research report.

Letter grade only (A-F). May be used to satisfy the GWAR.

325. Modern English Grammar (3)

Study of the structural characteristics of English words, phrases and sentences. Traditional grammatical terminology, basic morphology, constituent structure, phrase structure, finite and non-finite clauses. Descriptive and prescriptive grammar; reference to pedagogical contexts.

Not open for credit to students with credit in ENGL 325. Letter grade only (A-F).

329. Introduction to Language Acquisition (3)

Typical development patterns in phonology, morphology, syntax, semantics, and pragmatics. Comparison of first and second language acquisition. Influence of biological, social, and cultural factors. Techniques for collecting and analyzing acquisition data. Evaluation of competing theories of acquisition.

Letter grade only (A-F). Not open for credit to students with credit in C D 329.

339. Linguistics for Crosscultural Academic Development [in Secondary School Settings] (3)

Principles of language structure, variation and usage for educators. First and second language acquisition, and related social, cultural and political issues regarding language behavior in middle and high schools. Influences on language attitudes, maintenance and shift.

Letter grade only (A-F).

363. Implications of Human Language (3)

Prerequisite: Students must have scored 11 or higher on the GVAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Examines human language from the perspectives of linguistics, psychology, and communicative disorders. Topics include relationships between languages of the world, language acquisition, and the social meaning of language and dialect differences. The implications of language for the individual and her/his social experience are experienced through the methodologies of these disciplines.

379. Sociolinguistics (3)

Prerequisite: LING/ANTH 170.

Survey of language variation and its relationship to social characteristics and processes. Study of regional and social dialects, interactional sociolinguistics, language attitudes research, sociolinguistic discourse analysis and the study of language policy and ideology as well as multilingualism. Application of sociolinguistics to educational and other contexts.

Letter grade only (A-F).

401./501. Corpus Linguistics (3)

Prerequisite: LING/ANTH 170 or consent of instructor.

Analyzing language through quantitative corpus data, with applications to fields such as lexicography, natural language processing, L2 pedagogy, and historical linguistics.

Letter grade only (A-F).

413. Language and Culture (3)

Prerequisites: LING/ANTH 170 or consent of instructor.

Relation of language to social and cultural practices and processes; issues of meaning, identity and power within and across cultures.

Same course as ANTH 413. Not open for credit to students with credit in ANTH 413.

420. Phonology (3)

Prerequisite: LING/ANTH 170 or consent of instructor.

Study of the phonology of American English, using articulatory phonetic, phonemic, and distinctive feature analyses.

Letter grade only (A-F).

421. Syntax (3)

Prerequisite: LING 325.

With the structure of American English as a reference point, this course provides an introduction to the analysis of a range of morphological and syntactic structures found in languages from a variety of language families.

Letter grade only (A-F). (Seminar)

423. Semantics (3)

Study of meaning in language.

Same course as ENGL 423. Not open for credit to students with credit in ENGL 423.

425. Education Across Cultures (3)

Prerequisites: GE Foundation requirements, one or more Exploration, and upper-division standing.

Cross cultural perspectives on formal and informal education and socialization, using theory and methods from anthropology and linguistics. Cultural variation in schooling and multiculturalism in U.S. classrooms. Cultural, linguistic and educational issues facing indigenous, minority and immigrant populations in schools.

Same course as ANTH 421. Not open for credit to students with credit in ANTH 421.

426. History of the English Language (3)

Development of the English language from its beginnings to the present day.

Same course as ENGL 426. Not open for credit to students with credit in ENGL 426.

428. Applied Linguistics (3)

Prerequisites: LING/ANTH 170 or consent of instructor.

Linguistic research applied to the study and teaching of linguistics and language skills.

Not open for credit to students with credit in ENGL 428/524. Letter grade only (A-F).

433. Survey of Discourse Analysis (3)

Prerequisites: LING/ANTH 170.

Introduction to discourse analysis; language structure from the viewpoint of production. The structure of genres: conversation, narrative, exposition, and others; language in special settings. Discourse analysis in theoretical and applied linguistics. Pragmatics and discourse; developmental issues.

Letter grade only (A-F).

438./538. Psycholinguistics (3)

Prerequisite: LING/ANTH 170 or consent of instructor.

How language works in the human mind: psychological factors involved in language production and comprehension, and the relation between language and cognition.

Letter grade only (A-F).

460./560. TESOL Composition (3)

Prerequisites: LING 325 or consent of instructor.

Introduction to the rhetoric and composition of students with limited English proficiency. Attention to both the general principles of composition, and the specific issues that face students and teachers in an ESL context.

Letter grade only (A-F).

470. Language and Gender in Cross-Cultural Perspective (3)

Analysis of men's and women's communication in its social and cultural context; role of gender in interpreting conversational interactions in the U.S. and elsewhere; acquisition of gender differences; cultural dimensions of perceptions and stereotypes and their effect on communication.

Same course as ANTH 475, WGSS 475. Not open for credit to students with credit in ANTH 475, W/ST 475, WGSS 475.

472. Language and Social Justice (3)

Prerequisites: Students must have scored 11 or higher on the GWAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone.

Survey and analysis of how language is implicated in social justice issues related to racial, ethnic, gender, class and other sociocultural categories and identities. Draws on historical and contemporary examples from education, law, politics, and media in the U.S. Traditional

Letter grade only (A-F).

486. Second Language Teaching Methods (3)

Prerequisites: LING 325 or consent of instructor.

Introduction to current methods and techniques for teaching second languages with a focus on teaching English to speakers of other languages. Classroom applications in second language settings.

Letter grade only (A-F).

490. Selected Topics in Linguistics (1-3)

Prerequisite: Consent of instructor.

Investigation of topics of current interest and concern to students in linguistics and allied areas.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

499. Directed Studies in Linguistics (1-3)

Prerequisite: Consent of instructor.

Independent study under the supervision of a faculty member.

GRADUATE LEVEL

500. Educational Linguistics (3)

Prerequisites: Nine units of linguistics or consent of instructor.

Graduate introduction to role of language and linguistics in contemporary education; analysis of context of language acquisition; attitudes toward multilingualism; language policies which set guidelines and expectations for instruction; cultural factors which influence language acquisition.

Letter grade only (A-F).

501./401. Corpus Linguistics (3)

Analyzing language through quantitative corpus data, with applications to fields such as lexicography, natural language processing, L2 pedagogy, and historical linguistics.

Letter grade only (A-F).

533. Ethnography of Communication (3)

Prerequisite: Graduate standing.

Study of talk and other forms of communication from an ethnographic perspective. Emphasizes relevant methods and theories. Major topics presented include: language socialization, genres of speaking, intercultural communication, speech styles, strategic uses of language, and literacy.

Letter grade only (A-F). Same course as ANTH 530. Not open for credit to students with credit in ANTH 530.

538./438. Psycholinguistics (3)

How language works in the human mind: psychological factors involved in language production and comprehension, and the relation between language and cognition.

Letter grade only (A-F).

539. Language Acquisition (3)

Prerequisites: LING 329 or equivalent. Six units of linguistics or upper division psychology, or consent of instructor.

Theory and research on acquisition of first and subsequent languages in children and adults. Psycholinguistic perspectives on phonological, syntactic, semantic, and pragmatic aspects

of language. Interacting roles of cognitive processes, individual differences, social influences, and cultural context will be stressed.

Letter grade only (A-F). Not open for credit to students with credit in PSY 539.

540. Sociolinguistics (3)

Prerequisite: Nine units of linguistics or consent of instructor.

Study of the linguistic and social antecedents, correlates, and consequences of language variation in the individual and society. Integration of theoretical models and practical fieldwork.

(2 hrs seminar, 3 hrs lab.)

560./460. TESOL Composition (3)

Introduction to the rhetoric and composition of students with limited English proficiency. Attention to both the general principles of composition, and the specific issues that face students and teachers in an ESL context.

Letter grade only (A-F).

561. Second Language Curriculum Development (3)

Prerequisite: LING 325 or consent of the instructor.

Study of the content of second language instruction, from nongrammatical, communicative approaches to content-based instruction. Looks at both K-12 and adult language instruction.

562. Second Language Testing and Assessment (3)

Prerequisite: LING 325 or consent of the instructor.

Testing and assessment of second language learners, including both standardized tests and teacher-developed modes of assessment.

Letter grade only (A-F).

575. Literacy and Linguistics (3)

Prerequisite: Six units in linguistics or consent of instructor.

General introduction to field of literacy studies. Examines relationship between oral and written language, native language literacy and biliteracy acquisition, pedagogical practices and issues, and cognitive and sociocultural approaches to literacy development.

Letter grade only (A-F).

580. Linguistic Field Methods (3)

Prerequisite: LING 420 and LING 421, or consent of instructor.

Introduction to linguistic field work with a native speaker of an unfamiliar non-European language. Phonetic transcription and investigation of phonological, morphological, and syntactic structures of the selected language within the context of linguistic universals.

Letter grade only (A-F). Same course as ANTH 570. Not open for credit to students with credit in ANTH 570. May be repeated for a maximum of 6 units with different topics in different semesters. May be taken more than once if the language under investigation differs.

590. Selected Topics in Linguistics (1-3)

Prerequisite: Consent of instructor.

Advanced study of special topics of current interest and concern to students in linguistics and allied areas.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

593. Practicum in TESOL (3)

Prerequisite: LING 486.

Classroom experience in teaching English to speakers of other languages supplemented by reading, discussion and research. Students must be available to be assigned to regularly scheduled ESL classes five hours per week, as well as for meetings with the instructor.

Letter grade only (A-F).

595. Qualitative Research Methods (3)

Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent.

Comprehensive introduction to theory, nature, and use of qualitative methods. Emphasis on identifying research problems, evaluating published research, developing research design, employing data collection techniques, analyzing data, presenting findings, and preparing research proposals.

Letter grade only (A-F).

596. Quantitative Research Methods (3)

Prerequisites: Advancement to candidacy for the M.A. in linguistics. LING 301 or equivalent.

Comprehensive introduction to theory, nature, and use of quantitative methods. Emphasis on identifying research problems, evaluating published research, developing research design, employing data collection techniques, using statistical analyses, presenting findings, and preparing research proposals.

Letter grade only (A-F). (Seminars, 2 hours; Laboratory, 2 hours)

597. Directed Study in Linguistics (1-3)

Prerequisite: Consent of instructor and advisor.

Directed study on issues and topics in Linguistics. Not intended to replace available courses.

610. Historical Linguistics (3)

Prerequisites: LING 420 and LING 421, or consent of instructor.

Advanced study of language change, language families, and language relationships using the methods of comparative linguistics.

Letter grade only (A-F).

620. Seminar in Syntactic Theory and Analysis (3)

Prerequisite: LING 421.

Theories and practices of selected views of syntax in contemporary linguistics. Topic may vary from semester to semester.

Letter grade only (A-F).

625. Seminar in Phonetics and Phonology (3)

Prerequisite: LING 420.

Theory and practice of selected views of phonetics and phonology in contemporary linguistics.

(Seminar, 2 hours; Laboratory, 2 hours) Letter grade only (A-F).

633. Discourse and Grammar (3)

Prerequisite: LING 421 or consent of instructor.

Discourse analysis within linguistic theory and method. Focus on the relationship of discourse and grammar; relationship of morphosyntactic devices to discourse context and of information flow to grammar. Pragmatic motivation for grammatical systems. Relationships of grammar and genre.

Letter grade only (A-F).

650. Seminar in Bilingualism (3)

Prerequisite: LING 329 or consent of instructor.

Advanced study of degrees of bilingualism and types of bilingual situations. Implications of bilingualism and bilingual social situations for linguistics and education.

Letter grade only (A-F).

697. Directed Research (1)

Prerequisite: Advancement to candidacy for the M. A. in Linguistics.

Research in linguistics on a topic connected with the Comprehensive Project and Examination for the Master's degree.

Letter grade only (A-F). May be repeated to a maximum of 3 units.

698. Thesis (1-6)

Prerequisite: Consent of graduate committee.

Planning, preparation and completion of a thesis in linguistics.

MANAGEMENT AND HUMAN RESOURCE MANAGEMENT

College of Business Administration

Department Chair: Judy P. Strauss

Department Office: College of Business Administration (CBA) 321

Telephone: (562) 985-4753

Faculty: David J. Abramis, Josh A. Arnold, Ming Chen, Philip S. Chong (Emeritus), Chailin Cummings, Kenji Klein, Sal Kukalis, Craig Macaulay, Dana Sumpter, Sabine Reddy, Jessica Robinson, Vicki M. Scherwin, Roger R. Stanton (Emeritus), Judy P. Strauss, Xuemei (Sherry) Su, Mark Washburn, Jun Yan

Administrative Support Coordinator: Jessica Marie McClintock

For MBA with Specialization in Management and Human Resources Management, see Business Administration, Graduate Programs.

Career Possibilities

Human Resource Manager • Management Trainee • Retail Manager • Buyer • Bank Manager • Credit Manager • Property Manager • Hotel Manager • Restaurant Manager • Office Manager • Project Manager • Sales Representative • Insurance Office Manager • Assessor • Industrial Traffic Manager • City Manager • Community Services Director • Logistics Planning Specialist • Manufacturing Planner • Operations Manager

(Some of these careers require additional education or experience.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

Refer to the following website for additional impaction criteria: www.csulb.edu/depts/enrollment/graduation/native-major-criteria/.

Requirements

In order to graduate with an undergraduate business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

All CBA majors must maintain major GPAs of 2.0 or higher. A student whose GPA in the major falls below 2.0 will be advised that they are at risk of being dismissed from the major and granted one semester to raise their major GPA(s) to 2.0. Students who do not successfully raise their major GPA(s) must meet with an advisor to declare another major

or submit an appeal to the CBA Center for Student Success explaining why they need one additional semester. Students whose major GPAs remain below 2.0 after this additional semester must declare a new major.

1. Lower Division:

Take all of the following:

ACCT 201 Elementary Financial Accounting (3)

* C or better

Prerequisite: None

ACCT 202 Managerial Accounting (3)

Prerequisite: ACCT 201

ECON 100 Principles of Macroeconomics (3)

* C or better

Prerequisites: MATH 103 or higher; one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

* C or better

Prerequisite/Corequisite: MATH 103 or higher.

MATH 115 Calculus for Business (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Choose one of the following:

STAT 118 Intro to Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 114 Finite Mathematics (3)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 11.

Students planning business options should take STAT 118.

2. Critical Thinking Course Requirements

Any critical thinking course (GE category A3); IS 100 is recommended.

3. All business and pre-business majors shall demonstrate computer literacy and competency. Complete one of the following:

A. Passing score (70%) on the Computer Proficiency Examination (CPE).

B. IS 233 Introduction to Computer Systems and Applications (3) with Credit (Cr).
Prerequisite: None

C. Transfer equivalent course with a "C" or better grade.

4. Upper Division:

A. Take all of the following:

CBA 300 International Business (3)

Prerequisite: None

FIN 300 Business Finance (3)

Prerequisite: None

BLAW 320 Legal and Regulatory Environment of Business (3)

Prerequisite: None

IS 300 Management Information Systems (3)

Prerequisite: IS 233 or equivalent.

IS 301 Business Communications (3)

Prerequisite: None

IS 310 Business Statistics (3)

Prerequisite: STAT 118 or MATH 114.

HRM 360 Organizational Behavior (3)

Prerequisite: None

MGMT 300 Principles of Management (3)

Prerequisite: None

MKTG 300 Marketing (3)

Prerequisite: None

B. The following Capstone course must be taken at CSULB as a senior and after the upper-division prerequisite core courses have been completed (~~ACCT 202, FIN 300, MGMT 300, MKTG 300, IS 301~~):

MGMT 425 Business Strategy and Policy (3)

Prerequisites: ACCT 202 or ACCT 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

C. Completion of option requirements.

5. Elective courses to total 120 units. Students are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in Management (120 units)

This option prepares students for management of the business enterprise with attention to the need to create and maintain a desirable internal environment. Additionally, the interface of that environment with the external environment in relation to success of the enterprise is considered.

Philosophical basis for the practice of management, ethical considerations and human values are stressed.

Requirements

1. Take the following course:
MGMT 454 Organization Theory (3)
Prerequisites: MGMT 300, IS 301.
2. Take 15 units selected from the following:
MGMT 326, MGMT 405, MGMT 406, MGMT 412, MGMT 413, MGMT 421, MGMT 430, MGMT 455, MGMT 456; SCM 410, SCM 411, SCM 414; HRM 361, HRM 446; CBA 494 (A or B), CBA 485.

Option in Operations and Supply Chain Management (120 units)

The Operations and Supply Chain Management curriculum is designed to develop student competence in the conceptual, systematic, and analytical tools required for positions in manufacturing and service-oriented industries. Emphasis is placed on business process management and transformation, analytical and decision making skills, program or project management, managing client, supplier and channel relationships, end-to-end integrated supply chain knowledge and logistics application, total quality management/performance excellence, and lean thinking.

Requirements

1. Take six units from the following:
SCM 411 Operations Planning and Control (3)
Prerequisites: MGMT 300, IS 301.
SCM 414 Supply Chain Management (3)
Prerequisites: MGMT 300, IS 301.

2. Take twelve units from the following:

SCM 410; MGMT 412, MGMT 413, MGMT 430, MGMT 454, MGMT 455, MGMT 456.

Option in Human Resource Management (120 units)

The objectives of this option: (1) provide students with theoretical foundations for understanding how employees are motivated to accomplish organizational goals; (2) develop skills to attract, reward, develop and retain human resources; (3) develop an understanding of the strategic, theoretical, and practical approaches to human resources management; (4) develop aspiring leaders with a strong sense of ethics and social responsibility and an awareness of how societal changes necessitate organizational change.

Requirements

1. Take the following course:
HRM 361 The Human Resource Function (3)
Prerequisite: None
2. 15 units selected from the following:
HRM 440, HRM 445, HRM 446, HRM 458, HRM 460, HRM 462, HRM 463, HRM 465; MGMT 405.

Minor in Human Resource Management Requirements

For Non-Business Students only (NOTE: the IS 301 prerequisite requirement is waived for the minor).

1. Take the following courses:
HRM 360 Organizational Behavior (3)
Prerequisite: None
HRM 361 The Human Resource Function (3)
Prerequisite: None
2. 12 units selected from the following:
HRM 440, HRM 445, HRM 446, HRM 458, HRM 460, HRM 462, HRM 463, HRM 465.

Minor in Entrepreneurship

Requirements

For Non-Business Students only (NOTE: the IS 301 prerequisite requirement is waived for the minor).

1. Take the following courses:
MGMT 300 Principles of Management and Operations (3)
Prerequisite: None.
MGMT 421 Entrepreneurship & New Venture Creation (3)
Prerequisites: MGMT 300.
2. 12 units selected from:
ACCT 201; BLAW 320; CBA 300; FIN 300, FIN 340; HRM 360, HRM 361; IS 233, IS 300, IS 340, IS 355, IS 380, IS 445, IS 483, IS 484; MKTG 300, MKTG 310, MKTG 330, MKTG 410, MKTG 430, MKTG 465, MKTG 480, MKTG 490, MKTG 492, MKTG 495; MGMT 495 (two topics) as approved by the Management area of the Management/HRM Department.

Students may not take more than two elective courses from any one prefix category.

Graduate Program

Master of Science in Supply Chain Management

Refer to the College of Business Administration section of this *Catalog* for information on the Master of Science in Supply Chain Management .

Management Courses (MGMT)

UPPER DIVISION

300. Principles of Management and Operations (3)

Recommended: IS 310.

Principles and theories of management, organization theory, planning and control techniques. Management of the overall organization and the production/operation systems of organizations.

Letter grade only (A-F).

326. Management and Society (3)

Issues of concern to business managers in dealing with the social environment. Business responsibility to stockholders, employees, customers, the government, and society. Issues including profits, consumerism, product safety, pollution, government regulation, and social accountability.

Letter grade only (A-F).

405. International and Comparative Management (3)

Prerequisites: MGMT 300, CBA 300, IS 301.

Functions of management in international business; comparative management studies, and the impact of the environment on management performance.

Letter grade only (A-F).

406. International Business Policy (3)

Prerequisites: MGMT 300, CBA 300, IS 301.

Developing multinational strategies and policies. International economics, economic development, international marketing, international finance, multinational planning, organization, and control. International transactions, economic and political integration, the competitiveness of countries, relations with host societies, and country studies.

Letter grade only (A-F). Case studies and research projects.

412. Production Control (3)

Prerequisites: MGMT 300, IS 301.

Scheduling, controlling, and evaluating manufacturing activities at the shop-floor level. Shop order release, dispatching, priority control, queue management, and input/output monitoring using MRP II software. Job sequencing and scheduling, just-in-time production, Kanban control, and optimized-production-technology (OPT). Use of software and simulations.

Letter grade only (A-F).

413. Managing Quality for Productivity (3)

Prerequisites: MGMT 300, IS 301; Recommended: IS 310.

Relationship between productivity and quality. Examination of the quality-assurance function, statistical quality control, and lot inspection. Relationship between productivity improvement, product quality, and manufacturing strategy.

Letter grade only (A-F).

421. Entrepreneurship and New Venture Creation (3)

Prerequisites: MGMT 300, IS 301.

Starting a new business. Being an entrepreneur in a free enterprise environment or an entrepreneur in an existing organization. Use of state-of-the-art theory to plan and evaluate business startups. Testing ideas with successful entrepreneurs and creating individual business plans.

Letter grade only (A-F).

425. Business Strategy and Policy (3)

Prerequisites: ACCT 202 or ACCT 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

Integration and application of knowledge theories and techniques derived from the study of business disciplines. Use of the case method and business simulations to formulate business strategies and plans. Written reports required.

Letter grade only (A-F).

430. Project Management (3)

Prerequisites: MGMT 300, IS 301.

Selection of project ideas and implementation of projects. Roles of team member and project manager. Project planning and organization. Budgeting, scheduling, monitoring and controlling, including computerized network models and project management software packages. Final project analysis and termination.

Letter grade only (A-F).

454. Organization Theory (3)

Prerequisites: MGMT 300, IS 301.

Design and adaptation of organizations. Development of tools for analysis and design. Exploration of organizational structure. The organization as a system of authority, a political system, and an information and coordination device. Cases and computer simulations.

Letter grade only (A-F).

455. Managerial Decision Making Processes (3)

Prerequisites: MGMT 300, IS 301.

Incorporates both quantitative and psychological aspects of decision making for management problems. Includes topics such as decision making with multiple objectives, decision tree, risk management, game theory, utility theory, prospect theory, simulation, and responses to performance feedback.

Letter grade only (A-F).

456. Service Management (3)

Prerequisites: MGMT 300, IS 301.

Introduce the concepts of service, the role that services play in the economies, service strategies, service design and operation, and various quantitative models for service management and improvement.

Letter grade only (A-F).

495. Selected Topics in Management (1-3)

Prerequisites: GPA of 3.0 in Management courses, consent of instructor, IS 301.

Topics and issues of critical importance to management. Development of critical thinking, writing, and speaking skills.

Letter grade only (A-F). May be repeated to a maximum of 6 units. Topics announced in *Schedule of Classes*.

497. Directed Studies (1-3)

Prerequisite: IS 301 and consent of instructor.

Individual projects, research, and study of advanced nature in management.

Letter grade only (A-F).

Human Resource Management Courses (HRM)

360. Organizational Behavior (3)

Overview of the dynamics of human behavior in organizations and implications for management. Motivation, personality and attitudes, human perception, groups and teams, norms, power and politics, conflict, learning, communication, job design, organizational culture, organizational change, leadership and cross-cultural issues.

Letter grade only (A-F).

361. The Human Resource Function (3)

Overview of human resource functions designed to attract, motivate, develop and retain employees. Planning, job analysis, recruitment, selection, placement, appraisal, compensation and benefit administration, training and development, communications, labor management relations and the international environment. Discussion, cases and student presentations.

Letter grade only (A-F).

440. Collective Bargaining (3)

Prerequisites: HRM 361, IS 301.

Roles of management, labor and government in structuring work environments. Nature of the process of negotiation and conflict resolution in organizations.

Letter grade only (A-F).

445. Compensation Administration (3)

Prerequisites: HRM 361, IS 301.

Compensation and benefits management as an integrating human resource management process. Development and administration of equitable compensation and benefit programs. Job analysis and evaluation, pay structures, salary surveys, individual compensation, incentive, systems and benefits administration. Discussion, cases and simulations.

Letter grade only (A-F).

446. Leadership and Motivation in Organizations (3)

Prerequisites: HRM 360, IS 301.

Determinants of effective leadership and successful methods of motivating employees to achieve organizational goals. Identification of appropriate styles of leadership and methods for developing and applying leadership skills. Case studies, research, and simulation exercises.

Letter grade only (A-F).

458. Managing Culture and Diversity (3)

Prerequisites: HRM 360 or HRM 361; IS 301.

Impact of diversity, culture, and ethnic origin on the work experience. Interaction of language, gender, race, tradition, education, economic structure, and organizational philosophy to create a set of rules for acceptable behaviors in complex organizations. Open dialogue, debate, outside research and group presentations.

Letter grade only (A-F).

460. Current Issues in Human Resource Management (3)

Prerequisites: HRM 360 or HRM 361; IS 301.

Current and emerging issues concerning the management and development of people and organizations. Motivation, leadership, job performance, hiring, compensation, planning, selection, staffing, training, performance appraisal, careers, and quality of work life. Discussion, projects, and outside research.

Letter grade only (A-F).

462. Labor-Management Relations (3)

Prerequisite: IS 301.

Principles and practices influencing labor-management relationships. Development, aims, structure, and functions of labor and employer organizations; collective bargaining process; labor law and governmental intervention; impasse resolution; unions and minorities; employee organizations in government and professional sectors; comparative international systems.

Letter grade only (A-F).

463. Organizational Training and Development (3)

Prerequisite: HRM 360 or HRM 361; IS 301.

Review of the field of training and development, including learning theory, training needs assessment, design and delivery of training and development programs, evaluation, and program management. Career development and organizational development. Case studies, research, simulation exercises, and student presentations.

Letter grade only (A-F).

465. Staffing and Performance Management (3)

Prerequisites: HRM 361, IS 301.

Theories and techniques guiding personnel selection and appraisal processes. Determining staffing needs, conducting job analyses, writing job descriptions, developing recruitment strategies, affirmative action plans, and designing resumes. Designing effective appraisal systems and conducting productive performance appraisals. Cases and simulations.

Letter grade only (A-F).

497. Directed Studies (1-3)

Prerequisites: IS 301, consent of instructor and Department Chair, and 3.0 GPA or higher in human resource management courses.

Individual projects, study and research of advanced nature in human resources management.

Letter grade only (A-F).

Supply Chain Management Courses (SCM)

410. Logistics Management (3)

Prerequisites: MGMT 300, IS 301.

The management of materials into, within and out of an organization, including location planning, procurement, inventory control, transportation, warehousing, packaging and materials handling and order management. Focus is on the analytical and managerial methods essential for an integrated logistics system.

Letter grade only (A-F). Not open for credit to students with credit in MGMT 410.

411. Operations Planning and Control (3)

Prerequisites: MGMT 300, IS 301.

Strategic principles and tactical practices related to operations planning. Topics include process selection, facilities layout, work systems design, inventory management, aggregate planning, master scheduling, MRP and ERP, scheduling and JIT production activity.

Letter grade only (A-F). Not open for credit to students with credit in MGMT 411.

414. Supply Chain Management (3)

Prerequisites: MGMT 300, IS 301.

Management of value creation and the dynamic interaction of companies within a supply chain. Topics include supply chain drivers and performance, network planning, inventory positioning, supply chain coordination, and information sharing. Contemporary practices are discussed.

Letter grade only (A-F). Not open for credit to students with credit in MGMT 414.

Administrative Support Coordinator: Raquel Porter
For MBA with Specialization in Marketing, see Business Administration, Graduate Programs.

Career Possibilities

Social Media Planner • Sales Representative • Marketing Manager • Retail Buyer • Public Relations Specialist • Advertising Account Executive • Purchasing Agent • Retail Merchandising Manager • Brand Manager • Online Account Executive • Online Sales Manager • Media Sales Manager • Media Planner • New Product Manager • Distribution Manager • Packaging Manager • Non-profit Fund Raiser • Event Coordinator and Publication Specialist • Market Research Analyst (Some of these careers require additional experience or education.) Various entry-level, trainee positions in business and industry are available for graduates regardless of academic discipline.

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

Refer to the following website for additional impaction criteria: www.csulb.edu/depts/enrollment/graduation/native-major-criteria/.

Requirements

In order to graduate with an undergraduate business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

All CBA majors must maintain major GPAs of 2.0 or higher. A student whose GPA in the major falls below 2.0 will be advised that they are at risk of being dismissed from the major and granted one semester to raise their major GPA(s) to 2.0. Students who do not successfully raise their major GPA(s) must meet with an advisor to declare another major or submit an appeal to the CBA Center for Student Success explaining why they need one additional semester. Students whose major GPAs remain below 2.0 after this additional semester must declare a new major.

1. Lower Division:

Take all of the following:

ACCT 201 Elementary Financial Accounting (3)

* C or better

Prerequisite: None

ACCT 202 Managerial Accounting (3)

Prerequisite: ACCT 201

ECON 100 Principles of Macroeconomics (3)

* C or better

Prerequisites: MATH 103 or higher; one GE Foundation course.

ECON 101 Principles of Microeconomics (3)

* C or better

Prerequisite/Corequisite: MATH 103 or higher.

MATH 115 Calculus for Business (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Choose one of the following:

STAT 118 Intro to Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

MATH 114 Finite Mathematics (3)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB 11.

Students planning business options should take STAT 118.

2. Critical Thinking Course Requirements:

Any critical thinking course (GE category A3); IS 100 is recommended.

3. All business and pre-business majors shall demonstrate computer literacy and competency. Complete one of the following:

A. Passing score (70%) on the Computer Proficiency Examination (CPE).

B. IS 233 Introduction to Computer Systems and Applications (3) with Credit (Cr).
Prerequisite: None

C. Transfer equivalent course with a "C" or better grade.

4. Upper Division:

A. Take all of the following:

CBA 300 International Business (3)
Prerequisite: None

FIN 300 Business Finance (3)
Prerequisite: None

BLAW 320 Legal and Regulatory Environment of Business (3)
Prerequisite: None

IS 300 Management Information Systems (3)
Prerequisite: IS 233 or equivalent.

Prerequisite: None

MGMT 300 Principles of Management (3)
Prerequisite: None

MKTG 300 Marketing (3)
Prerequisite: None

B. The following Capstone course must be taken at CSULB as a senior and after the upper-division prerequisite core courses have been completed:
MGMT 425 Business Strategy and Policy (3)
Prerequisites: ACCT 202 or ACCT 320; MGMT 300, MKTG 300, FIN 300 and IS 301.

C. Completion of option requirements.

5. Elective courses to total 120 units. Students are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in Marketing (120 units)

This option establishes that marketing is largely a social process, emphasizing that enterprises meet the needs of individuals or segments of society. The function of marketing is to determine those needs, provide the most effective means of informing actual and potential customers of the availability of services and goods, and deliver such services and goods.

CBA students with the Marketing option will need to take minimum 12 units of Marketing courses at CSULB.

Requirements

1. Nine units selected from the following courses:
MKTG 310, MKTG 330, MKTG 350, MKTG 405, MKTG 410, MKTG 420, MKTG 430, MKTG 437, MKTG 465, MKTG 480, MKTG 481, MKTG 492; CBA 493 (subject to approval of the Department Chair).
2. Take the following courses:
MKTG 470 Marketing Research (3)
Prerequisites: MKTG 300; IS 301, IS 310.
MKTG 490 Consumer Behavior (3)
Prerequisites: MKTG 300, IS 301.
MKTG 494 Marketing Management (3)
Prerequisites: MKTG 300, IS 301; senior marketing majors or consent of instructor.

Minor in Marketing

Requirements

For Non-Business Students only (NOTE: the IS 301 prerequisite requirement is waived for the minor).

1. Take the following course:
MKTG 300 Marketing (3)
Recommended: ECON 100, ECON 101.
2. 15 units selected from the following courses:
MKTG 310, MKTG 330, MKTG 350, MKTG 405, MKTG 410, MKTG 420, MKTG 430, MKTG 437, MKTG 465, MKTG 470, MKTG 480, MKTG 481, MKTG 490, MKTG 492, MKTG 494; CBA 300 and CBA 493 as approved by department.

Prerequisites

1. IS 310 is a prerequisite for MKTG 470;
2. MKTG 300 is a prerequisite for MKTG 410, MKTG 420, MKTG 430, MKTG 437, MKTG 465, MKTG 470, MKTG 480, MKTG 481, MKTG 490, MKTG 492, and MKTG 494.

Courses (MKTG)

UPPER DIVISION

300. Marketing (3)

Recommended: ECON 100, ECON 101.

Buyer behavior, marketing research, pricing, distribution, promotion, product strategies, and the influence of external factors. Ethic, corporate social responsibility, and public policy that are intrinsic to marketing decision making in global environments are explored. Human Subject Pool participation required.

310. Retail Concepts and Policies (3)

Overview of the retail system. Retail decision making emphasized in relation to the constantly changing situation facing all purveyors of goods and services. Emphasis on retail management in the dual worlds of physical and virtual stores.

Letter grade only (A-F).

330. Mass Marketing Communications: Advertising (3)

Principles and practices of advertising. Social and economic importance of advertising and its relation to modern business organization. Importance of an advertising plan, preparation of advertisements, copy and layout, media planning and application of information technology.

Letter grade only (A-F).

350. Introduction to Entrepreneurial Marketing

Prerequisite: None.

Marketing in an entrepreneurial context. Topics include venture opportunities, marketing strategies and marketing mix for a venture, new product/service development, marketing research for new business opportunities, business model creation and innovation, sales forecast and performance evaluation of a venture.

Letter grade only (A-F).

405. Green Marketing and Sustainability

Prerequisite: MKTG 300, IS 301.

Applying marketing principles to understand customers' expectations about environmental and social impacts; environmentally-friendly product strategies; green branding; social marketing; cause-related marketing; the role of marketing in social innovation and entrepreneurship; eco-labeling; fair trade, organic, and environmental certifications.

Letter grade only (A-F).

410. Services Marketing (3)

Prerequisites: MKTG 300, IS 301.

Focus on strategic and managerial issues specific to marketing service products in industries with high service components. Services development and positioning, distribution, pricing, promotion, demand and process management, service quality and recovery.

Letter grade only (A-F).

420. Sales Management (3)

Prerequisites: MKTG 300, IS 301.

Management of sales force. Sales analysis, forecasting techniques, account and territory management and negotiations. Integrating the personal computer into the sales function.

Letter grade only (A-F).

430. Promotion Strategies (3)

Prerequisites: MKTG 300, IS 301.

Management of the promotional mix. Behavioral and data-based foundations for promotional strategies. Budgeting, allocation of promotional resources, and media models. Integration of promotional strategies into the marketing mix. Applications of information-based technologies and tools for analysis.

Letter grade only (A-F).

437. Digital Marketing and Media (3)

Prerequisites: MKTG 300, IS 301.

The role of digital media (e.g., e-commerce, social media, search optimization, mobile applications, online video, gaming) in consumer behavior and implications for marketing strategies. Digital marketing metrics, analysis of online business models, and future trends in digital marketing also discussed.

Letter grade only (A-F).

465. Business To Business Marketing (3)

Prerequisites: MKTG 300, IS 301.

Focus on business, government, and institutional markets. Comparison with consumer marketing. Analysis of business product/services and domestic/international marketing strategy. Emphasis on relationship management, supply chain and channel management, product/service innovation, brand equity, trade shows and personal selling.

Letter grade only (A-F).

470. Marketing Research (3)

Prerequisites: MKTG 300; IS 301, IS 310.

Fundamentals of marketing and industrial research as an aid to problem-solving in business. Familiarization with current industry research efforts. Data collection, interviewing, and report-generation software. Analysis of data. Project, instrument and sampling designs.

Letter grade only (A-F).

480. International Marketing (3)

Prerequisites: MKTG 300, IS 301.

The study of global marketing theory and practice. The historical, economic, cultural, political, and legal factors that affect marketing decision-making in an international context. How to develop and present plans for exploiting global marketing opportunities.

Letter grade only (A-F).

481. International Marketing in Selected Markets (3)

Prerequisites: MKTG 300, IS 301.

Taught as a special topics seminar. Depending upon the instructor, topics may include marketing within specific regions such as Asia or Europe, marketing in developing countries, or international aspects of the marketing mix such as global advertising and global retailing.

Letter grade only (A-F).

490. Consumer Behavior (3)

Prerequisites: MKTG 300, IS 301.

Consumer behavior in a marketing context. Information processing, personality/lifestyle, group, social class, cultural/sub-cultural, and demographic factors to influence consumption behavior. Strategic and analytical thinking of consumer behavior both in profit and nonprofit contexts as well as relevant public policy applications.

Letter grade only (A-F).

492. New Products/New Services (3)

Prerequisites: MKTG 300, IS 301.

New product and new service development process from idea generation to launch; diffusion of innovation and sales forecast of new product; market entry strategy; branding of new product; business plan for new product/service.

Letter grade only (A-F).

494. Marketing Management (3)

Prerequisites: MKTG 300, IS 301; senior marketing majors or consent of instructor.

Strategies and techniques in marketing management. Application of prior material from marketing curriculum to problems and cases. Emphasis on problem identification, evaluation of alternatives, and developing recommendations.

Letter grade only (A-F).

495. Selected Topics in Marketing (1-3)

Prerequisites: Consent of instructor, a GPA of 3.0 in marketing, IS 301.

Topics of current interest in marketing selected for intensive study.

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

497. Directed Studies (1-3)

Prerequisites: IS 301, consent of instructor and department chair, on Dean's List and a 3.0 GPA or higher in marketing.

MATHEMATICS AND STATISTICS

College of Natural Sciences and Mathematics

Department Chair: Tangan Gao

Undergraduate Associate Chair: Kent G. Merryfield

Department Office: Faculty Offices (FO) 3 - 120

Telephone / FAX: (562) 985-4721 / (562) 985-8227

Website: www.csulb.edu/depts/math/

Faculty: Babette M. Benken, Joseph Bennis, Ryan C. Blair, John O. Brevik, Linda H. Byun, Bruce J. Chaderjian, Jen-Mei Chang, Joshua D. Chesler, Scott W. Crass, Yu Ding, Carl H. Dorn (Emeritus), Morteza Ebneshrashoob, Tangan Gao, Yihnan David Gau, Eun Heui Kim, Sung Eun Kim, YongHee Kim-Park, Olga Korosteleva, Melvin D. Lax, Chung-Min Lee, Xuhui Li, William G. Margulies, Robert A. Mena, Kent G. Merryfield, Hojin Moon, William L. Murray, Florence A. Newberger, Norma A. Noguera, Alan M. Safer, Angelo Segalla, Kagba N. Suaray, Lindsay A. Tartre, Robert C. Valentini, Ngo N. P. Viet, James H. von Brecht, Derming Wang, Saleem H. Watson, Wen-Qing Xu, Tianni Zhou, William K. Ziemer

Administrative Support Coordinator: Linda Dixon

Student Services Coordinator: Sofia Aguilera

ELM Coordinator: Larry Brownson

Advisors:

Undergraduate:

General - William L. Murray

Applied Math - Melvin D. Lax

Statistics - Hojin Moon

K-9th Teaching - Lindsay Tartre

Honors in the Major: Kent G. Merryfield

Credential: Angelo Segalla

Graduate:

General - John O. Brevik

Applied - Eun Heui Kim

Mathematics Education - Babette M. Benken

Statistics - Hojin Moon

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Mathematician • Statistician • Operations Research Analyst • Computer Programmer • Wage/Salary Analyst • Teacher • Systems Analyst • Financial Analyst • Corporate Accountant • Actuary • Surveyor • Information Scientist • Econometrist • Securities Analyst • Efficiency Engineer • Meteorologist • Technical Writer • Demographer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Introduction

Mathematics is fundamental to all scientific knowledge, including not only the traditional natural sciences but increasingly the social and economic sciences. Mathematics is also a vital aid to critical and philosophical thinking.

The Department offers instruction for students at all levels beyond high school mathematics. Its courses provide the computational and analytic skills needed for a variety of majors, as well as the advanced theoretical topics for specialists in mathematics.

Academic Advising and Facilitated Enrollment into Classes

All entering students who declare a major in a degree program offered by this department need to contact the College of Natural Sciences and Mathematics' (CNSM) Academic Advising Center (HSCI 164) and participate in the College's Science Safari to Success (for first time freshmen) or EONS (Enrollment and Orientation in the Natural Sciences and Mathematics for transfer students) Program. These programs are held in June-July for those starting in the Fall Semester and in January for those starting in the Spring Semester. Department advisors will be available to provide an overview of the students' chosen baccalaureate degree program, to assist with academic advisement, to provide information on the many career opportunities available, and to aid students in enrolling in classes. Contact the CNSM Academic Advising Center, Jensen Student Access to Sciences and Mathematics Center (HSCI 164), or department office for additional information.

Concurrent and/or Summer Enrollment at Another College

Students who wish to take coursework at a community college or other college to meet curricular requirements while enrolled as undergraduates in the College of Natural Sciences and Mathematics must petition the appropriate department for prior approval to earn credit for specific courses. This policy applies to concurrent enrollment or summer enrollment. University policy must also be complied with; see 'Concurrent Enrollment' and 'Transfer of Undergraduate Credit' in this catalog. Courses not receiving prior approval will not be accepted for credit by the department.

Undergraduate Programs

Bachelor of Science in Mathematics (120 units)

This program requires a selection of fundamental courses in algebra, statistics, and analysis be taken. It is the most flexible program, in which the greatest number of electives may be chosen. Elective upper division mathematics courses are available which meet the needs of students preparing careers in industry and government, secondary teaching, and graduate study. Students who do not wish to complete the requirements for a declared option in applied mathematics or statistics may wish to elect courses in one or both of these areas as part of this degree program.

Requirements

Lower Division:

Take all the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 123.

MATH 233 Fundamental Concepts for Adv Math (3)

*C or better required

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

CECS 174 Introduction to Programming and Problem Solving (3)

Prerequisite: CECS 100 and MATH 113 (or equivalent).

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

Take one of the following courses:

ENGL 101 Composition (3)

Prerequisite: ENGL 100.

ENGL 317 Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Upper Division:

Take a minimum of 30 units of MATH or STAT courses to include the following (but not MATH 303, MATH 309, MATH 370A, MATH 370B, or MATH 409):

Take one of the following courses: (*C" or better required).

MATH 341 Number Theory (3)

Prerequisite: A grade of "C" or better in MATH 233.

MATH 347 Linear Algebra (3)

Prerequisites: MATH 233 and MATH 247.

Take all of the following courses:

MATH 361A Introduction to Mathematical Analysis I (3)

*C" or better required.

Prerequisites: MATH 224, and MATH 233 or MATH 247.

MATH 361B Introduction to Mathematical Analysis II (3)

Prerequisite: A grade of "C" or better in MATH 361A.

MATH 364A Ordinary Differential Equations I (3)

Prerequisites: MATH 224; Prerequisite/Corequisite: MATH 247.

MATH 380 Probability and Statistics (3)

Prerequisite: MATH 224.

MATH 444 Introduction to Abstract Algebra (3)

Prerequisites: MATH 233 and MATH 247 and a grade of "C" or better in at least one of MATH 341 or in MATH 347.

To allow flexibility, only 18 of the required 30 units are specified. Students should choose the remaining 12 units after discussing career goals and interests with an advisor.

Option in Applied Mathematics (120 units)

This option emphasizes mathematics frequently used in applications. The student may choose one of two suboptions: the first is aimed at applications in science and engineering, the second at applications in economics and management. Students are prepared for careers in industry, business, and government and for graduate study in applied mathematics.

Requirements

Suboption I: Application in Science and Engineering

Lower Division:

Take all the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

CECS 174 Introduction to Programming and Problem Solving (3)

Prerequisite: CECS 100 and MATH 113 (or equivalent).

PHYS 151 Mechanics and Heat (4)

Prerequisite: None.

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

Take one of the following courses:

ENGL 101 Composition (3)

Prerequisite: ENGL 100.

ENGL 317 Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Take one of the following courses:

PHYS 254 Applied Modern Physics (3)

Prerequisite: PHYS 152 or EE 210; Prerequisite/Corequisite: MATH 224.

EE 211 Electric and Electronic Circuits (3)

Prerequisites: (EE 210/210L or PHYS 152) and (MATH 123 or equivalent).

CE 205 Analytical Mechanics I (Statics) (3)

Prerequisite: PHYS 151. Prerequisite/Corequisite: MATH 123.

Upper Division:

Take all the following courses:

MATH 323 Introduction to Numerical Analysis (4)

Prerequisites: MATH 224, and a course in computer programming.

MATH 361A Introduction to Mathematical Analysis I (3)

*C" or better required.

Prerequisites: MATH 224, and MATH 233 or MATH 247.

MATH 361B Introduction to Mathematical Analysis II (3)

Prerequisite: A grade of "C" or better in MATH 361A.

MATH 364A Ordinary Differential Equations I (3)

Prerequisites: MATH 224, and prerequisite or corequisite MATH 247.

MATH 364B Ordinary Differential Equations II (3)

Prerequisite: MATH 364A or MATH 370A.

MATH 380 Probability and Statistics (3)

Prerequisite: MATH 224.

MATH 470 Intro to Partial Differential Equations (3)

Prerequisite: MATH 364A or MATH 370A.

A minimum of 9 units from the following:

MATH 423, MATH 461, MATH 463, MATH 472, MATH 473, MATH 474, MATH 479, MATH 485; STAT 381, STAT 482.

A minimum of 9 units from one of the following groups:

A. PHYS 310, PHYS 340A, PHYS 340B, PHYS 350, PHYS 410, PHYS 422, PHYS 450;

- B. EE 310, EE 370, EE 382, EE 411, EE 460, EE 482;
- C. CE 335, CE 359, CE 437, CE 438, CE 458; MAE 371, MAE 373

Suboption II: Application in Economics and Management

Lower Division:

Take all the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

CECS 174 Introduction to Programming and Problem Solving (3)

Prerequisite: CECS 100 and MATH 113 (or equivalent).

Take one of the following courses:

ENGL 101 Composition (3)

Prerequisite: ENGL 100.

ENGL 317 Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Take one of the following groups:

1. ECON 100 Principles of Macroeconomics (3)

Prerequisites: MATH 103 or higher and one GE Foundation course.

ECON 101 Principles of Microeconomics (3),
Prerequisite/Corequisite: MATH 103 or higher.
or

2. ECON 300 Fundamentals of Economics (3)

Prerequisites: GE Foundation requirements.

Upper Division:

Take all the following courses:

MATH 323 Introduction to Numerical Analysis (4)

Prerequisites: MATH 224, and a course in computer programming.

MATH 361A Introduction to Mathematical Analysis I (3)

*C or better required.

Prerequisites: MATH 224, and MATH 233 or MATH 247.

MATH 361B Introduction to Mathematical Analysis II (3)

Prerequisite: A grade of "C" or better in MATH 361A.

MATH 364A Ordinary Differential Equations I (3)

Prerequisites: MATH 224, and prerequisite or corequisite MATH 247.

MATH 380 Probability and Statistics (3)

*C or better required.

Prerequisite: MATH 224.

MATH 485 Mathematical Optimization (3)

Prerequisites: MATH 247 and at least one of MATH 323, MATH 347 or MATH 380.

STAT 381 Mathematical Statistics (3)

Prerequisites: MATH 247 and a grade of "C" or better in MATH 380.

STAT 482 Random Processes (3)

Prerequisites: MATH 247 and MATH 380.

Take a minimum of 6 units from the following courses:

MATH 364B, MATH 423, MATH 463, MATH 470, MATH 473, MATH 474, MATH 479; STAT 410

Take a minimum 15 units from one of the following groups:

A. Take both of the following courses:

ECON 310 Microeconomic Theory (3)

Prerequisites: ECON 100, ECON 101, and either MATH 115 or MATH 122, with grades of "C" or better in all prerequisite courses.

ECON 311 Macroeconomic Theory (3)

Prerequisites: ECON 100, ECON 101, and either MATH 115 or MATH 122, with grades of "C" or better in all prerequisite courses.

Take 9 units selected from the following:

ECON 333, ECON 410, ECON 411, ECON 420, ECON 485, ECON486

B. Take both of the following courses:

ECON 333 Managerial Economics (3)

Prerequisites: ECON 100, ECON 101 and either MATH 115 or MATH 122.

SCM 410 Logistics Management (3)

Prerequisites: MGMT 300, IS 301.

Take 9 units selected from the following:

SCM 411, SCM 414; MGMT 412, MGMT 413,

Option in Statistics (120 units)

This option provides a foundation in statistical methods. The courses required ensure that the student understands how the techniques are mathematically derived and how they are applied. Statistical analysis is an essential part of any scientific investigation and is a vital tool in monitoring the quality of products and services and in forecasting.

Requirements

Lower Division:

Take all the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

CECS 174 Introduction to Programming and Problem Solving (3)

Prerequisite: CECS 100 and MATH 113 (or equivalent).

Take one of the following courses:

ENGL 101 Composition (3)

Prerequisite: ENGL 100.

ENGL 317 Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Upper Division:

Take a minimum of 34 units of MATH or STAT courses to include the following (but not MATH 303, MATH 370A or MATH 370B):

MATH 323 Introduction to Numerical Analysis (4)

Prerequisites: MATH 224, and a course in computer programming.

MATH 361A Introduction to Mathematical Analysis I (3)

Prerequisites: MATH 224, and MATH 233 or MATH 247.

MATH 380 Probability and Statistics (3)

*C or better required.

Prerequisite: MATH 224

STAT 381 Mathematical Statistics (3)

Prerequisites: MATH 247 and a grade of "C" or better in MATH 380.

STAT 410 Regression Analysis (3)

Prerequisite: STAT 381.

STAT 450 Multivariate Statistical Analysis (3)

Prerequisite: STAT 381; Prerequisite/Corequisite STAT 410.

STAT 475 Data Analysis with SAS (3)

Prerequisite: STAT 381 or consent of instructor.

Three units of the elective upper-division MATH or STAT courses may be replaced by MATH 233.

Option in Mathematics Education (120 units)

This option is for students preparing to teach mathematics at the secondary school level. Completion of this option meets subject matter competence requirements for the Single Subject Teaching Credential Mathematics. Consult the department's Mathematics Education Advisor early to plan the program.

Requirements

Lower Division:

Take all the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 233 Fundamental Concepts for Adv Math (3)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

Take one of the following courses:

ENGL 101 Composition (3)

Prerequisite: ENGL 100.

ENGL 300 Advanced Composition (3)

Prerequisites: GE Foundation requirements and upper-division standing. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

ENGL 317 Technical Communication (3)

Prerequisites: GE Foundation requirements, upper-division standing, and a previous composition course, i.e., ENGL 100, ENGL 101, ENGL 102, ENGL 300, or equivalents.

Take one of the following sequences:

PHYS 151 Mechanics and Heat (4)

Prerequisite: None

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

or

PHIL 170 Critical Reasoning (3)

Prerequisite/Corequisite: GE Foundation requirements Category A.1 (Written English).

PHIL 270 Symbolic Logic I (3)

Prerequisite: None.

or

Eight units of a foreign language.

Upper Division:

Take all the following courses:

MATH 310 History of Early Mathematics (3)

Prerequisite/Corequisite: At least one of MATH 224 or MATH 233 or MATH 247.

MATH 341 Number Theory (3)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 233.

MATH 355 College Geometry (3)

Prerequisite: MATH 247.

MATH 380 Probability and Statistics (3)

*C or better required.

Prerequisite: MATH 224.

MATH 410 History of Modern Mathematics (3)

Prerequisites: MATH 247, MATH 310 and at least three of the following: MATH 233, MATH 341, MATH 355, MATH 361A, MATH 380.

MATH 444 Introduction to Abstract Algebra (3)

Prerequisites: MATH 233 and MATH 247 and a grade of "C" or better in at least one of MATH 341 or in MATH 347.

STAT 381 Mathematical Statistics (3)

Prerequisites: MATH 247 and a grade of "C" or better in MATH 380.

MTED 301 Computer Applications in Mathematics for Teachers (3)

Prerequisites: One year of high school geometry and one of MTED 110 or MATH 122.

MTED 411 Topics and Issues in Secondary School Mathematics (3)

Prerequisites: MATH 310, MATH 341, MATH 355, MATH 380, MATH 410, MATH 444; EDSS 300M or consent of the instructor.

EDSS 300M. Introduction to Teaching - Mathematics (3)

Prerequisite: Advanced sophomore or junior standing.

Take one of the following courses:

MATH 361A Introduction to Mathematical Analysis I (3)

Prerequisites: MATH 224, and MATH 233 or MATH 247.

MATH 364A Ordinary Differential Equations I (3)

Prerequisites: MATH 224, and prerequisite or corequisite MATH 247.

Take 3 additional upper division mathematics units *excluding*: MATH 303, MATH 370A, MATH 370B, MATH 409.

Single Subject Teaching Credential Mathematics

Subject matter competence for the Single Subject Teaching Credential may be demonstrated by completion of the Option in Mathematics Education with (1) a 2.75 GPA or higher in required MATH, MTED, and STAT courses, and (2) no grade lower than a C in those courses. There are alternative means of demonstrating subject matter competence; consult with the Single Subject Mathematics Education Advisor for specific academic advisement. Note that the above demonstration of subject matter competence is required for a Teaching Credential, but is not a requirement of the BS degree.

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Math teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate

student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

Honors in Mathematics

Students majoring in the B.S. in Mathematics (all options) who would like an enriched academic program that includes a thesis may complete the Honors in the Major program described here. May also complete General Honors through the University Honors Program, in which case the thesis requirement may be met through the Honors in the Major.

Admission Requirements

Admission to the Honors in the Major program will be determined by the Honors in the Major Advisor.

1. Junior or senior standing with at least one year remaining before graduation.
2. Declared major of B.S. in Mathematics or any of its options.
3. Completion of the following:
 - MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.
 - MATH 123 Calculus II (4)
Prerequisite: A grade of "C" or better in MATH 122.
 - MATH 224 Calculus III (4)
Prerequisite: A grade of "C" or better in MATH 123.
 - MATH 247 Introduction to Linear Algebra (3)
Prerequisite: MATH 123.

And at least two upper division MATH courses at the time of entry with grades of at least "C" in each course.

Students may apply during the semester in which they expect to complete these courses.

4. GPA's of at least 3.500 in all courses in the major and in all upper division courses in the major at the time of application.
5. Submission of an application describing the student's academic background, reasons for applying, and willingness to commit to completion of the requirements, including a thesis.
6. Letter of recommendation from a CSULB faculty member familiar with the student's work and abilities.

Graduation Requirements

1. GPA of at least 3.500 in all upper division courses in the major and in all courses in Items 3, 4, and 5, below.
2. Completion of all requirements for the chosen option of the B.S. in Mathematics.
3. Completion of at least one of the following courses: MATH 347, MATH 423, MATH 451, MATH 461, MATH 463, MATH 472, MATH 479.
These courses may be included among the upper division units for the major, in item 2, if allowed in the student's major.
4. Completion of at least three units of any combination of: MATH 491 and/or MATH 496.
5. Completion of 3 units of MATH 498H, Senior Thesis-Honors.

6. It is a requirement for this Honors in the Major program that the 6 units of MATH 491, MATH 496, and MATH 498H be in addition to the Department of Mathematics and Statistics course requirements for the B.S.
7. Presentation of thesis results in a public forum.
This forum could be at a meeting of a scientific or professional organization or a campus or departmental forum, subject to the approval of the Honors in the Major Advisor.

Substitutions to this program must be approved by the Honors in the Major Advisor.

Minor in Mathematics

Requirements

The Minor in Mathematics is available to any student not majoring in Mathematics or Applied Mathematics.

The student must complete 24 or more semester units as follows:

- MATH 122 Calculus I (4)
*C or better required.
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.
- MATH 123 Calculus II (4)
*C or better required.
Prerequisite: A grade of "C" or better in MATH 122.
- MATH 224 Calculus III (4)
Prerequisite: A grade of "C" or better in MATH 123.
- MATH 247 Introduction to Linear Algebra (3)
Prerequisite: MATH 123.

And take 9 units of upper-division MATH or STAT courses to include MATH 361A but not MATH 370A.

Minor in Applied Mathematics

Requirements

The Minor in Applied Mathematics is available to any student not majoring in Mathematics or Applied Mathematics.

The student must complete 27 or more semester units as follows:

Lower Division:

- Take all of the following courses:
 - MATH 122 Calculus I (4)
*C or better required.
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.
 - MATH 123 Calculus II (4)
*C or better required.
Prerequisite: A grade of "C" or better in MATH 122.
 - MATH 224 Calculus III (4)
Prerequisite: A grade of "C" or better in MATH 123.
 - MATH 247 Introduction to Linear Algebra (3)
Prerequisite: MATH 123.

Upper Division:

- Take all of the following courses:
 - MATH 323 Introduction to Numerical Analysis (4)
Prerequisites: MATH 224, and a course in computer programming.
 - MATH 380 Probability and Statistics (3)
Prerequisite: MATH 224.

Take one of the following courses:

MATH 364A Ordinary Differential Equations I (3)
Prerequisites: MATH 224, and prerequisite or corequisite MATH 247.

MATH 370A Applied Mathematics I (3)
Prerequisites: A grade of "C" or better in MATH 123. Not open to Freshmen.

Take one course from the following:

MATH 364B, MATH 370B, MATH 423, MATH 470,
STAT 381, or STAT 482.

Minor in Statistics

Requirements

The Minor in Statistics is available to any non-Mathematics major. The student must complete 26 or more semester units as follows:

Take all of the following courses:

MATH 122 Calculus I (4)

*C or better required.

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

*C or better required.

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123.

MATH 247 Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

MATH 380 Probability and Statistics (3)

*C or better required.

Prerequisite: MATH 224.

STAT 381 Mathematical Statistics (3)

Prerequisites: MATH 247 and a grade of "C" or better in MATH 380.

Take any two of the following:

MATH 323, STAT 410, STAT 450, STAT 475, STAT 482,
STAT 484, and/or STAT 485

Graduate Programs

How to Apply

See department's website: www.csulb.edu/depts/math/

To apply for admission to a graduate program in the Department of Mathematics and Statistics, you must apply to the department and to the university.

To apply to the department, send one of the following appropriate prerequisite worksheet (available online at above website or from the department office) to the Graduate Advisor by June 1 for fall admission or November 1 for spring admission:

- Pure Mathematics Prerequisite Worksheet;
- Applied Mathematics Prerequisite Worksheet;
- Applied Statistics Prerequisite Worksheet;
- Mathematics Education for Secondary Teachers Prerequisite Worksheet.

Master of Science in Mathematics

Prerequisites

1. A bachelor's degree in mathematics, or a bachelor's

- degree with a minimum of 24 upper division units in mathematics from an accredited college or university;
2. A grade of "C" or better in MATH 247, 361A-B, 364A and 444, or their equivalents. Deficiencies will be determined by the Graduate Advisor.

Advancement to Candidacy

In addition to University requirements, the student must have completed all prerequisite courses listed above with no grade less than "C". Students must have fulfilled the Graduation Writing Assessment Requirement (GWAR) and should file for Advancement upon completion of at least six units (and no more than nine units) on the Program, with at least a 3.0 GPA. Program of study must be approved by the appropriate Graduate Advisor, Department of Mathematics and Statistics Chair, Associate Dean in the College of Natural Sciences and Mathematics or designee, and Dean of Graduate Studies.

Requirements

1. A minimum of 30 graduate and approved upper-division units in mathematics including:
 - A. MATH 540
 - B. Two additional courses selected from MATH 550, MATH 561, MATH 562.
 - C. Two additional courses selected from MATH 545, MATH 555, MATH 565, and MATH 566.
 - D. An additional 3 units of 500-level mathematics courses.

Three units must be in a course designated as fulfilling the program requirement in geometry; these courses include MATH 451, MATH 456, and MATH 542.

2. Complete one of the following:
 - A. Pass a comprehensive written examination in two areas of Pure Mathematics. Specific requirements for passing of the comprehensive examinations can be found on the Department of Mathematics and Statistics website at www.csulb.edu/depts/math.
 - B. Subject to the approval of the Pure Mathematics Committee in the Department of Mathematics and Statistics, write a thesis in mathematics and defend it orally.

Option in Applied Mathematics

Prerequisites

1. A bachelor's degree in mathematics, physics, or engineering, or a bachelor's degree with at least 24 upper division units in mathematics from an accredited college or university.
2. A grade of "C" or better in MATH 247, MATH 323, MATH 361A/B, MATH 364A, and 380, or their equivalents. Deficiencies will be determined by the Graduate Advisor.

Advancement to Candidacy

In addition to University requirements, the student must have completed all prerequisite courses listed above, with no grade less than "C". Students must have fulfilled the Graduation Writing Assessment Requirement (GWAR) and should file for Advancement upon completion of at least six units (and no more than nine units) on the program, with at least a 3.0 GPA. Program of study must be approved by the appropriate Graduate Advisor, Department of Mathematics and Statistics Chair, Associate Dean in the College of Natural Sciences and Mathematics or designee.

Requirements

1. A minimum of 30 graduate and upper division units approved by the Graduate Advisor, and including:
 - A. Three of the following courses:
MATH 563, MATH 570, MATH 576 and MATH 579.
 - B. Three additional courses selected from:
MATH 520, MATH 521, MATH 564, MATH 573, MATH 574, MATH 575, MATH 577, MATH 578, and the course in 1.A not used to satisfy that requirement.
2. Complete one of the following:
 - A. Pass a comprehensive written examination in two subjects of Applied Mathematics. Specific requirements for passing of the comprehensive examinations can be found on the Department of Mathematics and Statistics website at www.csulb.edu/depts/math.
 - B. Subject to the approval of the Applied Mathematics Committee in the Department of Mathematics and Statistics, write a thesis in applied mathematics and defend it orally.
 - C. Subject to the approval of the Applied Mathematics Committee in the Department of Mathematics and Statistics, complete a non-proprietary applied mathematics thesis project with a local company under the guidance of a faculty advisor in applied mathematics and a project leader from the company. Write a final report on the thesis project and its outcomes, and defend it orally. Specific requirements for completion of the thesis project can be found on the Department of Mathematics and Statistics website at www.csulb.edu/depts/math.

Option in Mathematics Education for Secondary School Teachers

Option in Mathematics Education for Secondary School Teachers is designed for people holding a California Single Subject Teaching Credential in Mathematics and teaching in middle, junior high, or high schools. This option will give students greater expertise in mathematics and mathematics education (curriculum, teaching, learning, assessment and research). The program includes a blend of courses from pure and applied mathematics, statistics, mathematics education, and also may include coursework from the College of Education.

Prerequisites

1. A bachelor's degree in mathematics or mathematics education, or a bachelor's degree with at least 24 upper division units in mathematics from an accredited college or university.
2. A California Single Subject Credential in Mathematics.
3. Course work in mathematics should include MATH 247, MATH 310, MATH 341, MATH 355, MATH 361A or MATH 364A and 380 or equivalent with a grade of "C" or better.

Advancement to Candidacy

In addition to University requirements stated elsewhere in this catalog, must have completed prerequisites above and must have satisfied the Graduation Writing Assessment Requirement (GWAR). Must file for Advancement to Candidacy after completion of at least 6 units (and recommend filing before completing 9 units) on Program of Study, with an overall 3.0 grade-point average. Program of

Study must be approved by Mathematics Education Graduate Advisor, Department of Mathematics and Statistics Chair and Associate Dean in the College of Natural Sciences and Mathematics or designee.

Requirements

1. A minimum of 30 units of graduate level or approved upper division coursework which includes the following:
 - A. A minimum of 9 graduate or approved upper-division units of mathematics, including at least one 500-level mathematics course. If not previously taken for BS or credential, this course of study must include:
MATH 410 History of Modern Mathematics (3)
Prerequisites: MATH 247, MATH 310 and at least three of the following: MATH 233, MATH 341, MATH 355, MATH 361A, MATH 380.
MATH 444 Introduction to Abstract Algebra (3)
Prerequisites: MATH 233 and MATH 247 and a grade of "C" or better in at least one of MATH 341 or in MATH 347.
B. A minimum of 15 graduate units of mathematics education including:
 - 1) Take both of the following:
MTED 511 Mathematics Teaching and Learning (3)
Prerequisite: Consent of instructor.
MTED 512 Curriculum and Assessment in Math (3)
Prerequisite: MTED 511 or consent of instructor.
 - 2) At least 9 units in mathematics education chosen in consultation with the Mathematics Education Graduate Advisor from the following courses:
MTED 540, MTED 550, MTED 560, MTED 580, MTED 590
 - C. A minimum of 6 units of approved upper division or graduate electives from mathematics, mathematics education, or approved College of Education courses, chosen in consultation with the Mathematics Education Graduate Advisor. If the student plans to teach at the Community College level, she/he must take at least 18 units of graduate or approved upper division mathematics from Parts A and C. If the student intends to do a thesis he/she must take EDP 520 or the equivalent.
2. Complete one of the following two options:
 - A. Pass two comprehensive written examinations in mathematics education (one representing MTED 511/512 and one in a selected area - MTED 540, MTED 550, MTED 560, or MTED 580);
 - B. Subject to the approval of the Mathematics Education Committee of the Department of Mathematics and Statistics, write a thesis in mathematics education and defend it orally (MTED 698).

Mathematics Education Thesis

Students choosing the thesis option must consult with the Mathematics Education Graduate Advisor to select a thesis advisor. A proposal is then written in consultation with the mathematics education faculty advisor who will guide the student in choosing the thesis topic and supervise the writing process. After a thesis topic is chosen, it must be approved by the Mathematics Education Committee. A thesis committee of three faculty members, including the thesis advisor, is then chosen to approve the final work. During the writing of the thesis report, students must enroll in MTED 698.

Master of Science in Applied Statistics

Prerequisites

1. A bachelor's degree from an accredited college or university.
2. A grade of "B" or better in MATH 247, MATH 380, and STAT 381 or their equivalents.

Advancement to Candidacy

In addition to University requirements, the student must have completed all prerequisite courses listed above, with no grade less than "B". Students must have satisfied the Graduation Writing Assessment Requirement (GWAR) and should file for Advancement upon completion of at least six units (and no more than nine units) of the Program, with at least a 3.0 GPA. Program of study must be approved by the appropriate Graduate Advisor, Department of Mathematics and Statistics Chair and Associate Dean in the College of Natural Sciences and Mathematics or designee.

Requirements

1. A minimum of 30 graduate and 400 level units in statistics (STAT) and could include upper division/graduate non-statistics units approved by the statistics graduate advisor, and including:
 - A. STAT 510, STAT 520, STAT 530.
 - B. Four additional courses selected from 500 level STAT courses or 400 level STAT courses.
 - C. A minimum of 21 units at the 500/600 level, including at least 15 units of graduate courses in statistics (STAT) other than STAT 697 or STAT 698.
2. Complete one of the following:
 - A. Pass two comprehensive written examinations in Statistical Inference (STAT 520) and Experimental Design (STAT 530).
 - B. Subject to the approval of the Statistics Committee in the Department of Mathematics and Statistics, write a thesis in statistics and defend it orally. A letter grade of B or better in each of STAT 510, 520 and 530 is required. A student's highest grade in a class (not the average of the two grades) is used for the purposes of the thesis requirement.
 - C. Subject to the approval of the Statistics Committee in the Department of Mathematics and Statistics, complete a non-proprietary statistical project with an industrial company under the guidance of a faculty advisor in statistics. Write a final report and give an oral presentation of the project and its outcomes to the department. Specific requirements for completion of the project can be found on the department's statistics webpage at www.csulb.edu/depts/math. A letter grade of B or better in each of STAT 510, 520 and 530 is required. A student's highest grade in a class (not the average of the two grades) is used for the purposes of the project requirement. A student must be a full-time or part-time employee with an industrial company and the project topic must be related and benefitted to the current job.

Single Subject Teaching Credential in Mathematics

For information, refer to the undergraduate section in this department.

Early Start Mathematics Courses (ESM)

1. Early Start - Basic Algebra (1)

Prerequisite: ELM score of 38 or less.

Arithmetic review, elementary algebra and geometry.

This course will satisfy the Early Start Program requirement for CSULB bound students. Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM.

Credit/No Credit grading only. (Seminar 15 hrs)

3. Early Start - Elem Algebra-Geometry (3)

Prerequisite: Prerequisite: ELM Score of 38 or less.

Arithmetic review, elementary algebra, and some basic geometry concepts. Cannot be taken for credit toward a university degree. Credit/No Credit grading only. Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so.

Credit/No Credit grading only. (Seminar 45 hrs).

11. Early Start - Enhanced Algebra (1)

Prerequisite: ELM score between 40 and 48 inclusive.

Intermediate algebra and geometry.

This course is designed to satisfy the Early Start Program requirement for CSULB bound students. Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM

Credit/No Credit grading only. (Seminar 15 hrs).

21. Early Start - Basic Intermediate Algebra (3)

Prerequisite: Prerequisite: MAPB 1 or ELM Score between 40 and 48 inclusive.

Linear functions, their graphs, applications; proportions and percent change, applications to geometry and life; operations on radicals; rational exponents and scientific notation; dimensional analysis; sets, Venn diagrams, basic counting principles; combinations, permutations, probability; elementary data analysis; logarithmic, exponential functions, applications.

For students who will not need to take MATH 113, MATH 114 or MATH 115 or MTED 110. Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so. Credit/No Credit grading only. (Lecture 3 hrs.)

33. Early Start - Enhanced Intermediate Algebra (3)

Prerequisite: Prerequisite: MAPB 1 or ELM Score between 40 and 48 inclusive.

Polynomial, rational, radical expressions, equations; rational exponents, complex numbers; solutions, graphs of linear, quadratic equations, functions; linear systems; graphs of and operations on functions; including the difference quotient and inverses; logarithmic and exponential functions. Applications to science and business emphasized.

For students that intend to take MATH 113 or MATH 115. Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so. Credit/No Credit grading only. (Lecture 4 hrs)

Mathematics Prebaccalaureate Courses (MAPB)

1. Elementary Algebra and Geometry (4)

Prerequisite: Appropriate ELM Score.

Arithmetic review, elementary algebra, and some basic geometry concepts. Cannot be taken for credit toward a university degree.

Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so. Credit/No Credit grading only. (Lecture 4 hrs.)

7. Basic Intermediate Algebra (3)

Prerequisite: MAPB 1 or appropriate ELM Score.

Linear functions, their graphs, applications; proportions and percent change, applications to geometry and life; operations on radicals; rational exponents and scientific notation; dimensional analysis; sets, Venn diagrams, basic counting principles; combinations, permutations, probability; elementary data analysis; logarithmic, exponential functions, applications.

Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so. For students who will not need to take MATH 113 or MATH 115. Credit/No Credit grading only. (Lecture 3 hrs.)

11. Enhanced Intermediate Algebra (4)

Prerequisite: MAPB 1 or appropriate ELM Score.

Polynomial, rational, radical expressions, equations; rational exponents, complex numbers; solutions, graphs of linear, quadratic equations, functions; linear systems; graphs of and operations on functions, including the difference quotient and inverses; logarithmic and exponential functions. Applications to science and business emphasized.

Cannot be taken for credit toward a university degree. Not open to students who are exempt from the ELM or who have not yet taken the ELM but are required to do so. For students that intend to take MATH 113 or MATH 115. Credit/No Credit grading only. (Lecture 2 hrs., activity 2 hrs.)

Mathematics Courses (MATH)

Satisfying the Entry-Level Math (ELM) requirement (see "Undergraduate Programs" section of this catalog) is a prerequisite for all mathematics courses and mathematics education courses. Please contact the ELM Coordinator in the Department of Mathematics and Statistics for details regarding the ELM test score.

LOWER DIVISION

103. Mathematical Ideas (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11.

Surveys variety of concepts in undergraduate mathematics. Includes elementary logic, numeration systems, rational and real numbers, modular number systems, elementary combinatorics, probability and statistics, using real world examples.

Not open for credit to students with credit in any MATH or MTED course numbered greater than 103, or the equivalent. (Lecture 3 hrs.)

109. Modeling with Algebra (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11.

Data, functions, domain, range, representations of functions (verbal, numerical, graphical, algebraic), visualizing functions (increasing, decreasing, maximum, minimum, concave up, concave down). Linear functions, rate of change, slope, modeling data, systems of linear equations, linear inequalities. Exponentials, logs, growth decay, semi log plots for modeling.

Not open for credit to students with credit in any MATH or MTED course numbered greater than 103, or the equivalent. (Lecture 3 hrs.)

111. Precalculus Trigonometry (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Trigonometric functions and applications. Arithmetic and graphical representation of complex numbers, polar form, DeMoivre's Theorem. Not open for credit to students with credit in MATH 101, MATH 117 or MATH 122. (Lecture 3 hrs.)

113. Precalculus Algebra (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Equations, inequalities. Functions, their graphs, inverses, transformations. Polynomial, rational functions, theory of equations. Exponential, logarithmic functions, modeling. Systems of equations, matrices, determinants. Sequences, series.

Not open for credit to students with credit in MATH 112, MATH 115, MATH 117, MATH 119A, MATH 120, or MATH 122. For students who will continue to MATH 115, MATH 119A, or MATH 122. (Lecture 3 hrs.)

114. Finite Mathematics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Combinatorial techniques and introduction to probability. Equations of lines and systems of linear equations, matrices, introduction to linear programming.

Not open for credit to students with credit in MATH 233 or MATH 380. (Lecture 3 hrs.)

115. Calculus for Business (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Functions, derivatives, optimization problems, graphs, partial derivatives. Applications to business and economics. Emphasis on problem-solving techniques.

(Lecture 2 hrs., Activity 2 hrs) Not open for credit to students with credit in MATH 119A, MATH 120, or MATH 122.

115Z. Calculus for Business (3)

Prerequisites: ELM or ELM exemption or MAPB 11 or 12.

Functions, derivatives, optimization problems, graphs, partial derivatives. Lagrange multipliers, intergration of functions of one variable. Applications to business and economics. Emphasis on problem-solving techniques.

Only students with contracts through SB 1440 (the STAR Act) may enroll in this class. (Seminar 3 hours.)

119A. Survey of Calculus I (3)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 113.

Functions, limits and continuity, differentiation and integration of functions of one variable including exponential, logarithmic, and trigonometric functions. Graphing, optimization, parametric equations, integration by substitution and by parts, numerical integration. Applications to the life sciences. Emphasis on problem solving.

Not open for credit to students with credit in MATH 115, MATH 120 or MATH 122. (Lecture 3 hrs.)

119B. Survey of Calculus II (3)

Prerequisite: A grade of "C" or better in MATH 119A or MATH 122.

Functions of several variables, partial derivatives, optimization. First order differential equations, second order linear homogeneous differential equations, systems of differential equations. Probability, random variables, difference equations. Introduces matrices, Gaussian elimination, determinants. Life science applications. Emphasis on problem solving.

Not open for credit to students with credit in MATH 123 or MATH 224. (Lecture 3 hrs.)

122. Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

Continuous functions. Derivatives and applications including graphing, related rates, and optimization. Transcendental functions. L'Hospital's Rule. Antiderivatives. Definite integrals. Area under a curve.

(Lecture 3 hrs., problem session 2 hrs.)

123. Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

Applications of the integral. Techniques of integration. Infinite series including convergence tests and Taylor series. Parametric equations. Polar coordinates. Introduces differential equations.

Not open for credit to students with credit in MATH 222. (Lecture 3 hrs., problem session 2 hrs.)

173. Programming in Mathematical Software (3)

Prerequisite: MATH 113 or equivalent.

Introduction to basic concepts and fundamental techniques for solving mathematical and scientific problems by using software MatLab and Maple. Structured problem solving and programming.

(Lecture 2 hrs, problem session, 2 hrs.) Letter grade only (A-F).

224. Calculus III (4)

Prerequisite: MATH 123 with a grade of "C" or better.

Vectors and three-dimensional analytic geometry. Partial derivatives and Lagrange multipliers. Multiple integrals. Vector calculus, line and surface integrals. Green's Theorem, Stokes' Theorem, and the Divergence Theorem.

(Lecture 3 hrs., problem session 2 hrs.)

233. Fundamental Concepts for Advanced Mathematics (3)

Prerequisite: MATH 123 with a grade of "C" or better.

Fundamentals of logic and set theory, counting principles, functions and relations, induction and recursion, introduction to probability, elementary number theory, congruences. Introduces writing proofs.

(Lecture 3 hrs.)

247. Introduction to Linear Algebra (3)

Prerequisite: MATH 123.

Matrix algebra, solution of systems of equations, determinants, vector spaces including function spaces, inner product spaces, linear transformations, eigenvalues, eigenvectors, quadratic forms, and applications. Emphasis on computational methods.

(Lecture 3 hrs.)

297. Directed Study (1-6)

Prerequisite: Consent of instructor.

For students who wish to undertake special study, at the lower division level, which is not a part of any regular course, under the direction of a faculty member. Individual investigation, studies or surveys of selected problems.

UPPER DIVISION

303. Reflections in Space and Time (3)

Prerequisites: GE Foundation requirements, at least one GE Exploration course, upper-division standing.

An experimentally-driven investigation of the mathematical nature of symmetry and patterns. Considers the pervasive appearance and deep significance of symmetry and patterns in art and science.

(Lecture 3 hrs.)

309. Introduction to Complexity Science (3)

Prerequisites: GE Foundation requirements, at least one GE Exploration course, upper-division standing.

Introduction to complexity science. Qualitative and computational exploration of emergent properties in dynamical systems, fractals, algorithms, networks, self-organizing behavior and selected topics.

Letter grade only (A-F)

310. History of Early Mathematics (3)

Prerequisite/Corequisite: At least one of MATH 224 or MATH 233 or MATH 247.

History of mathematics through seventeenth century, including arithmetic, geometry, algebra, and beginnings of calculus.

Interconnections with other branches of mathematics. Writing component; strongly recommended students enrolling have completed the G.E. A.1 requirement.

(Lecture 3 hrs.)

323. Introduction to Numerical Analysis (4)

Prerequisites: MATH 224, and a course in computer programming.

Numerical solution of nonlinear equations, systems of linear equations, and ordinary differential equations. Interpolating polynomials, numerical differentiation, and numerical integration. Computer implementation of these methods.

(Lecture-discussion 3 hrs., problem session 2 hrs.)

341. Number Theory (3)

Prerequisite: A grade of "C" or better in MATH 233

Divisibility, congruences, number theoretic functions, Diophantine equations, primitive roots, continued fractions. Writing proofs.

(Lecture 3 hrs.)

347. Linear Algebra (3)

Prerequisites: MATH 233 and MATH 247.

In-depth study of linear transformations, vector spaces, inner product spaces, quadratic forms, similarity and the rational and Jordan canonical forms. Writing proofs.

(Lecture 3 hrs.)

355. College Geometry (3)

Prerequisite: MATH 247.

Transformations, motions, similarities, geometric objects, congruent figures, axioms of geometry and additional topics in Euclidean and non-Euclidean geometry. Writing proofs.

(Lecture 3 hrs.)

361A. Introduction to Mathematical Analysis I (3)

Prerequisites: MATH 224, and MATH 233 or MATH 247.

Rigorous study of calculus and its foundations. Structure of the real number system. Sequences and series of numbers. Limits, continuity and differentiability of functions of one real variable. Writing proofs.

(Lecture 3 hrs.)

361B. Introduction to Mathematical Analysis II (3)

Prerequisite: A grade of "C" or better in MATH 361A.

Riemann integration. Topological properties of the real number line. Sequences of functions. Metric spaces. Introduction to calculus of several variables. Writing proofs.

(Lecture 3 hrs.)

364A. Ordinary Differential Equations I (3)

Prerequisites: MATH 224.

Prerequisite/Corequisite: MATH 247.

First order differential equations; undetermined coefficients and variation of parameters for second and higher order differential equations, series solution of second order linear differential equations; systems of linear differential equations; applications to science and engineering.

(Lecture 3 hrs.)

364B. Ordinary Differential Equations II (3)

Prerequisite: MATH 364A or MATH 370A.

Existence-uniqueness theorems; Laplace transforms; difference equations; nonlinear differential equations; stability, Sturm-Liouville theory; applications to science and engineering.

(Lecture 3 hrs.)

370A. Applied Mathematics I (3)

Prerequisite: A grade of "C" or better in MATH 123. Excludes freshmen.

First order ordinary differential equations, linear second order ordinary differential equations, numerical solution of initial value problems, Laplace transforms, matrix algebra, eigenvalues, eigenvectors, systems of differential equations, applications.

Not open for credit to mathematics majors. (Lecture 3 hrs.)

370B. Applied Mathematics II (3)

Prerequisite: MATH 364A or MATH 370A

Arithmetic of complex numbers, functions of a complex variable, contour integration, residues, conformal mapping; Fourier series; separation of variables for partial differential equations. Applications. Not open for credit to mathematics majors. .

Not open for credit to mathematics majors. (Lecture 3 hrs.)

380. Probability and Statistics (3)

Prerequisite: MATH 224.

Frequency interpretation of probability. Axioms of probability theory. Discrete probability and combinatorics. Random variables. Distribution and density functions. Moment generating functions and moments. Sampling theory and limit theorems.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to student with credit in STAT 380.

409. Strategies for Graduate Admission (1)

Prerequisite: Senior or graduate standing.

The nature and expectations of doctoral programs in Mathematics and related fields. Intensive preparation for GRE mathematics subject exams.

Credit/No Credit grading only. Does not satisfy Mathematics major requirements. (Lecture-discussion 1 hr.)

410. History of Modern Mathematics (3)

Prerequisites: MATH 247, MATH 310 and at least three of the following: MATH 233, MATH 341, MATH 355, MATH 361A, MATH 380.

History of mathematics from seventeenth century onward. Development of calculus, analysis, and geometry during this time period. Other topics discussed may include history of probability and statistics, algebra and number theory, logic, and foundations.

(Lecture 3 hrs.)

423. Intermediate Numerical Analysis (3)

Prerequisites: MATH 247 and MATH 323.

Numerical solutions of systems of equations, calculation of eigenvalues and eigenvectors, approximation of functions, solution of partial differential equations. Computer implementation of these methods.

(Lecture 3 hrs.)

444. Introduction to Abstract Algebra (3)

Prerequisites: MATH 233 and MATH 247 and a grade of "C" or better in at least one of MATH 341 or MATH 347.

Groups, subgroups, cyclic groups, symmetric groups, Lagrange's theorem, quotient groups. Homomorphisms and isomorphisms of groups. Rings, integral domains, ideals, quotient rings, homomorphisms of rings. Fields. Writing proofs.

(Lecture 3 hrs.)

451. Differential Geometry (3)

Prerequisite: MATH 364A or MATH 370A.

Structure of curves and surfaces in space, including Frenet formulas of space curves; frame fields and connection forms; geometry of surfaces in Euclidean three space; Geodesics and connections with general theory of relativity.

(Lecture 3 hrs.)

456. Dynamics and Geometry of Chaos (3)

Prerequisites: MATH 247, MATH 361A, or consent of instructor.

An introduction to discrete dynamical systems in one and two dimensions. Theory of iteration: attracting and repelling periodic points, symbolic dynamics, chaos, and bifurcation. May include a computer lab component.

(Lecture 3 hrs)

461. Introduction to Complex Analysis (3)

Prerequisite: MATH 361A.

Theory and applications of complex variables. Analytic functions,

integrals, power series and applications.

(Lecture 3 hrs.)

463. Multivariable Calculus (3)

Prerequisites: MATH 224, MATH 247, and MATH 361B.

Topology of Euclidean spaces. Partial derivatives. Derivatives as linear transformations. Inverse and implicit function theorems. Jacobians, vector calculus, Green's and Stokes' theorems. Variational problems.

(Lecture 3 hrs.)

470. Introduction to Partial Differential Equations (3)

Prerequisite: MATH 364A or MATH 370A.

First and second order equations, characteristics, Cauchy problems, elliptic, hyperbolic, and parabolic equations. Introduction to boundary and initial value problems and their applications.

(Lecture 3 hrs.)

472. Fourier Analysis (3)

Prerequisite: MATH 364A or MATH 370A.

Theory of Fourier series and Fourier transforms. Physics and engineering applications. Parseval's and Plancherel's identities. Convolution. Multi-dimensional transforms and partial differential equations. Introduction to distributions. Discrete and fast Fourier transforms.

(Lecture 3 hrs.)

473. Scientific Computing (3)

Prerequisites: MATH 323 and MATH 364A or MATH 370A.

Introduction to programming languages. Analysis and implementation of numerical algorithms for linear systems, linear and nonlinear regression, differentiation, integration, optimization and fast convolution using FFT. Basic algorithms for differential equations. Letter grade only (A-F).

474. Mathematics of Financial Derivatives (3)

Prerequisites: MATH 364A or MATH 370A, MATH 380, or consent of instructor.

Options, futures, and other financial derivatives; arbitrage; risk-neutral valuation; binomial trees; the log-normal hypothesis; the Black-Scholes-Merton formula and applications; the Black-Scholes-Merton partial differential equation; American options; exotic options; bond models and interest rate derivatives; credit risk and credit derivatives.

479. Mathematical Modeling (3)

Prerequisites: MATH 247, MATH 323; MATH 364A or MATH 370A; and consent of instructor.

Introduction to mathematical modeling in the applied sciences, including validation and practical use of various modeling methodologies. Mathematical models in physics, chemistry, biology, and other natural sciences. Applications of computational mathematics in computer science, engineering, finance, and related disciplines. Letter grade only (A-F).

485. Mathematical Optimization (3)

Prerequisites: MATH 247 and at least one of MATH 323, MATH 347 or MATH 380.

Linear and nonlinear programming: simplex methods, duality theory, theory of graphs, Kuhn-Tucker theory, gradient methods and dynamic programming.

(Lecture 3 hrs.)

491. Honors Seminar in Problem Solving (1)

Prerequisite: Consent of instructor.

Challenging problems from many fields of mathematics, taken largely from national and worldwide collegiate and secondary school competitions. Students required to participate in at least one national competition.

May be repeated to a maximum of 3 units. (Lecture-discussion 1 hr.)

495. Topics in Modern Mathematics (3)

Prerequisite: Consent of instructor.

Topics of current interest from mathematics literature.

496. Special Problems (1-3)

Prerequisite: Consent of instructor.

Student investigations in mathematics, applied mathematics, mathematics education, or statistics. May include reports and reviews from the current literature, as well as original investigations.

May be repeated to a maximum of 3 units. Letter grade only (A-F).

497. Directed Studies (1-6)

Prerequisites: Junior or senior standing and consent of instructor.

Readings in areas of mutual interest to student and instructor which are not a part of any regular course. A written report or project may be required.

May be repeated to a maximum of 6 units.

498H. Senior Thesis - Honors (3)

Prerequisites: Admission to Honors in the Major in Mathematics or to the University Honors Program, and consent of instructor.

Planning, preparation, completion, and oral presentation of a written thesis in mathematics, applied mathematics, mathematics education, or statistics.

Not available to graduate students. Letter grade only (A-F).

GRADUATE LEVEL

520. Finite Element Method (3)

Prerequisite: MATH 323, MATH 361A, MATH 364A. Recommended: MATH 470.

Variational forms and weak solutions of partial differential equations, Galerkin method, construction of elements, numerical algorithms for matrix equations and for one-dimensional and two-dimensional problems. Convergence analysis and error estimate. Numerical implementations of algorithms.

Letter grade only (A-F). (Lecture 3 hrs.)

521. Matrix Method in Data Analysis and Pattern Recognition (3)

Prerequisite: MATH 423 or MATH 576.

Vector spaces and linear transformations, optimal orthogonal projections, eigenvalues, eigenvectors, SVD, generalized SVD, Fourier and wavelet transforms, convolution, tangent distance. Implementations include object recognition, handwritten digit classification, digital image processing, feature extraction, image deblurring, text mining.

Letter grade only (A-F). (Lecture 3 hrs.)

540. Elements of Abstract Algebra (3)

Prerequisite: MATH 444.

Group theory including symmetric groups; group actions on sets; Sylow theorems and finitely generated abelian groups; ring theory including polynomial rings, division rings, Euclidean domains, principal ideal domains, and unique factorization domains.

Letter grade only (A-F). (Lecture 3 hours).

542. Algebraic Geometry (3)

Prerequisite: Consent of instructor.

An introduction to algebraic geometry: Algebraic sets; affine and projective varieties. Additional topics at the discretion of the instructor may include: Algebraic Curves; Intersection Theory; Invariant Theory; Computational Approaches.

Letter grade only (A-F). (Lecture 3 hrs.)

545. Topics in Abstract Algebra (3)

Prerequisite: MATH 540.

Selected topics in algebra that build upon the material of MATH 540. Content will vary by semester. May be taken for credit more than once with the consent of the graduate advisor

Letter grade only (A-F). (Lecture 3 hours).

550. Elements of Topology (3)

Prerequisite: MATH 361B.

Fundamentals of point-set topology: metric spaces and topological spaces; bases and neighborhoods; continuous functions; subspaces, product spaces and quotient spaces; separation properties, countability properties; compactness, compactification; connectedness; convergence of sequences; other topics, such as nets, filters and metrizability, as time permits. Letter grade only (A-F). (Lecture 3 hours).

555. Topics in Topology (3)

Prerequisite: MATH 550.

Selected topics in topology that build upon the material of MATH 550. Content will vary by semester. May be taken for credit more than once with the consent of the graduate advisor

Letter grade only (A-F). (Lecture 3 hours).

560. Functional Analysis (3)

Prerequisites: MATH 247, MATH 361B.

Linear spaces, metric and topological spaces, normed linear spaces; four principles of functional analysis: Hahn-Banach, Open Mapping, Uniform Boundedness, and Closed Graph theorems; adjoint spaces; normed space convergence, conjugate spaces, and operator spaces; Banach Fixed Point theorem; Hilbert spaces..

Letter grade only (A-F). (Lecture 3 hours).

560B. Functional Analysis II (3)

Prerequisite: Consent of instructor.

Spectral theory of operators on normed spaces; special operators; elementary theory of Banach algebras; selected topics from applied functional analysis.

(Lecture 3 hrs.)

561. Elements of Real Analysis (3)

Prerequisite: MATH 361B.

Theory of measure and integration, focusing on the Lebesgue integral on Euclidean space, particularly the real line. Modes of convergence. Fatou's Lemma, the monotone convergence theorem and the dominated convergence theorem. Fubini's theorem.

Letter grade only (A-F). (Lecture 3 hours)

562. Elements of Complex Analysis (3)

Prerequisite: MATH 361B.

Axiomatic development of real and complex numbers; elements of point set theory; differentiation and analytic functions, classical integral theorems; Taylor's series, singularities, Laurent series, calculus of residues.

Letter grade only (A-F). (Lecture 3 hours).

563. Applied Analysis (3)

Prerequisites: MATH 361B and either MATH 364A or MATH 370A.

Hilbert Spaces, Lp spaces, Distributions, Fourier Transforms, and applications to differential and integral equations from physics and engineering.

Letter grade only (A-F). (Lecture 3 hrs.)

564. Applied Nonlinear Ordinary Differential Equations (3)

Prerequisites: MATH 361B; MATH 364A or MATH 370A.

Stability and asymptotic analysis, Perturbation methods, Phase plane analysis, Bifurcation, Chaos, Applications to science and engineering.

(Lecture 3 hrs.)

565. Topics in Real Analysis (3)

Prerequisite: MATH 561.

Selected topics in real analysis that build upon the material of MATH 540. Content will vary by semester. May be taken for credit more than once with the consent of the graduate advisor

Letter grade only (A-F). (Lecture 3 hours).

566. Topics in Complex Analysis (3)

Prerequisite: MATH 562.

Selected topics in real analysis that build upon the material of MATH 562. Content will vary by semester. May be taken for credit more than once with the consent of the graduate advisor

Letter grade only (A-F). (Lecture 3 hours).

570. Partial Differential Equations (3)

Prerequisites: MATH 364A and MATH 463.

Cauchy's problem; classification of second order equations; methods of solution of hyperbolic, parabolic, and elliptic equations.

Letter grade only (A-F). (Lecture 3 hrs.)

573. Advanced Scientific Computing (3)

Prerequisites: MATH 323 and MATH 364A or MATH 370A.

Analysis and implementation of numerical algorithms for linear systems, linear and nonlinear regression, differentiation, integration, optimization and fast convolution using FFT. Numerical solutions for differential equations.

Letter grade only (A-F).

574. Stochastic Calculus and Applications (3)

Prerequisites: MATH 361B, MATH 364A or MATH 370A, MATH 380.

Review of probability theory. Markov processes. Wiener processes. Stochastic integrals. Stochastic differential equations. Applications to Finance and Engineering.

(Lecture 3 hrs.)

575. Calculus of Variations (3)

Prerequisites: MATH 361B and either MATH 364A or MATH 370A

Solution methods for variational problems. First variation, Euler-Lagrange equation, variational principles, problems with constraints, boundary conditions, applications to physics and geometry. May include multiple integral problems, eigenvalue problems, convexity, and second variation.

Letter grade only (A-F). (Lecture 3 hrs.)

576. Numerical Analysis (3)

Prerequisites: MATH 323, MATH 361B, MATH 364A.

Advanced numerical methods. Introduction to error analysis, convergence, and stability of numerical algorithms. Topics may include solution of ordinary differential equations, partial differential equations, systems of linear and nonlinear equations, and optimization theory.

Letter grade only (A-F). (Lecture 3 hrs.)

577. Numerical Solution of Partial Differential Equations (3)

Prerequisite: MATH 423 or MATH 576 or consent of instructor.

Finite difference methods solving hyperbolic, parabolic, elliptic PDE'S; accuracy, convergence, and stability analysis. Selected initial-value boundary-value problems, characteristics, domain of dependence, matrix and von Neumann's methods of stability analysis. Solutions of large sparse linear systems. Finite element method.

(Lecture 3 hrs.)

578. Numerical Linear Algebra (3)

Prerequisites: MATH 247 and MATH 323 or consent of instructor.

Numerical solutions of linear systems, least squares problems, eigenvalue problems. Matrix factorization: LU, QR, SVD, iterative methods. Error analysis. Applications with attention to linear algebra problems arising in numerical solutions of partial differential equations. Numerical implementation of algorithms.

Letter grade only (A-F). (Lecture 3 hrs.)

579. Advanced Mathematical Modeling (3)

Prerequisites: MATH 247, MATH 323; MATH 364A or MATH 370A; one additional graduate level mathematics course, and consent of instructor.

Application of mathematics to develop models of phenomena in science, engineering, business, and other disciplines. Evaluation of benefits and limitations of mathematical modeling.

Letter grade only (A-F).

590. Selected Topics in Mathematics (3)

Prerequisite: Consent of Instructor

Specialized and advanced topics in mathematics.

May be repeated to a maximum of 9 units in different or same semester. (3 hours lecture)

695. Seminar in Mathematics (3)

Prerequisite: Consent of instructor.

Presentation and discussion of advanced work, including original research by faculty and students. Topics announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

697. Directed Studies (1-6)

Prerequisite: Consent of instructor.

Research on a specific area in mathematics. Topics for study to be approved and directed by faculty advisor in the Department of Mathematics and Statistics.

Letter grade only (A-F).

698. Thesis or Project (1-6)

Prerequisite: Advancement to candidacy.

Formal report of research or project in mathematics.

May be repeated to a maximum of six units. Letter grade only (A-F).

Mathematics Education Courses (MTED)

Satisfying the Entry-Level Math (ELM) requirement (see "Undergraduate Programs" section of this catalog) is a prerequisite for all mathematics education courses.

LOWER DIVISION

110. The Real Number System for Elementary and Middle School Teachers (3)

Prerequisite: ELM or ELM exemption or MAPB 11.

Introduction to problem solving processes and strategies. Development and analysis of structure, properties, and operations of real number system. Concept and process development using appropriate models, manipulatives, and activities.

Not open for credit to Mathematics majors. (Lecture 2 hrs., activity 2 hrs.)

205. Activity Based Probability and Statistics for Elementary and Middle School Teachers (3)

Prerequisites: ELM or ELM exemption or MAPB 11 and MTED 110.

Activity-based exploration of randomization, data representation,

measures of central tendency and dispersion. Analysis of experiments requiring hypothesizing, experimental design and data gathering. Basic laws of probability and set theory, combinations, permutations, and simulations.

Letter grade only (A-F). (Lecture 2 hrs., activity 2 hrs.) Not open for credit to mathematics (all options) and statistics majors or for students with credit in MTED 105.

211. Geometry and Measurement for Elementary Teachers (3)

Prerequisites: MTED 110 with a grade of "C" or better and one year of high school geometry.

Problem solving and hands-on modeling of real-world geometry situations focusing on patterning, informal geometry, congruence, similarity, constructions, transformations, tessellations, measurement in 1, 2, and 3 dimensions (English and Metric units). Computer applications are integrated into the course.

Not open for credit to Mathematics majors or any student with credit in MTED 312. (Lecture 2 hrs., activity 2 hrs.)

UPPER DIVISION

301. Computer Applications in Mathematics for Teachers (3)

Prerequisites: One year of high school geometry and one of MTED 110 or MATH 122.

Designed for pre-service or inservice teachers. Software evaluation; teacher tools (spreadsheets, databases, email, collaborative tools, and applications); mathematics using technology; programming; technology use issues in schools.

Satisfies California Level I teaching credential computer technology standard. Open for credit to pre-service or in-service teaching credential students only. (Lecture 2 hrs., activity 2 hrs.)

303. Number Systems, Probability and Statistics for Elementary and Middle School Teachers (3)

Prerequisite: California Teaching Credential.

Introduction to problem solving, development, analysis of the structure, properties and operations of the real number system. Concept and process development using appropriate models, manipulatives, and activities. Statistics including data representation, measures of central tendency and dispersion. Basic laws of probability and set theory, combinations, permutations, and simulations.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

312. Geometry and Measurement for Mathematics Specialists in Elementary and Middle Schools (4)

Prerequisites: MTED 110 and one year of high school geometry.

Exploration, conjecture, justification of geometric relationships, applications relevant to teaching geometry (K-10). Problem solving, informal geometry, proof, non-Euclidean geometry, congruency, similarity, constructions, transformations, tessellations, measurement (English and Metric) in 1, 2, and 3 dimensions. Computer construction utility used.

Not open for credit to Mathematics majors. Letter grade only (A-F). (Lecture 2 hrs., activity 2 hrs.)

402. Problem Solving Applications in Mathematics for Elementary and Middle School Teachers (3)

Prerequisites: "C" or better in both MTED 110, and either MTED 211 or MTED 312 or the equivalent and a course in Critical Thinking.

Problem solving processes and strategies; interrelates and applies content from many mathematics areas (real number system, algebra, number theory, geometry, measurement, probability and statistics); develops questioning strategies, fostering understanding of algebra and geometry. Technology integrated throughout.

Not open for credit to Mathematics majors. (Lecture 2 hrs., activity 2 hrs.)

411. Topics and Issues in Secondary School Mathematics (3)

Prerequisites: MATH 310, MATH 341, MATH 355, MATH 380, MATH 410, MATH 444; EDSS 300M or consent of the instructor.

Analysis of topics and issues in secondary school mathematics curriculum. Problem solving, mathematical connections, communication, structures, conjecture, proof, manipulatives, technology, assessment. Observations/interview experiences and portfolio assemblage required. Intended for students preparing to enter Single Subject Credential Program in mathematics.

(Lecture 2 hrs., laboratory 3 hrs.)

415. History of Mathematics for Elementary and Middle School Teachers (4)

Prerequisite: MTED 312 with a grade of "C" or better .

Mathematics ideas throughout history with orientation toward various civilizations and cross-cultural views. Covers origins and interrelationships of areas of K-9 mathematics curriculum, including arithmetic, algebra, geometry, statistics and probability, cryptography, and other mathematics topics.

Not open for credit to mathematics (all options) or statistics majors or for students with credit in MATH 310 or MTED 315. Letter grade only (A-F). (Lecture 2 hrs; activity 2 hrs.)

420. Number Theory for Elementary and Middle School Teachers (4)

Prerequisite: MTED 312 with a grade of "C" or better.

Concepts and justification involving basic properties of natural numbers, mathematics induction, Euclidean algorithm, and the Fundamental Theorem of Arithmetic. Topics include proofs and problem-solving with divisibility, primes and composites, and prime factorization; congruences and other examples.

Not open for credit to mathematics (all options) or statistics majors or for students with credit in MATH 341 or MTED 320. Letter grade only (A-F). (Lecture 2 hrs; activity 2 hrs.)

424. Algebraic Structures for Elementary and Middle School Teachers (4)

Prerequisite: MTED 312 with a grade of "C" or better.

Properties of real and complex numbers, groups, rings, reals and complex fields; polynomial equations and inequalities; polynomial, rational, radical, absolute value, exponential, and logarithmic functions; matrices and vectors.

Not open for credit to mathematics (all options) or statistics majors or for students with credit in MATH 444 or MTED 324. Letter grade only (A-F). (Lecture 2 hrs; activity 2 hrs.)

425. Functions, Models and Concepts of Calculus for Elementary and Middle School Teachers (4)

Prerequisite: MTED 312 with a grade of "C" or better.

Numeric, symbolic, graphical, verbal representation of functions; sequences and sums. Intuitive development of concepts of limit, continuity, derivative, integral. Applications, including differential equations. Algebraic methods and technology emphasized in context of learning calculus. Not open for credit to mathematics (all options) or statistics majors or for students with credit in MTED 325. Letter grade only (A-F). (Lecture 2 hrs; activity 2 hrs.)

495. Special Topics in Mathematics Education (1-3)

Prerequisite: Consent of instructor.

Topics of interest in Mathematics Education.

May be repeated to a maximum of 9 units with different topics in different semesters. Letter grade only (A-F).

GRADUATE LEVEL

500. Advanced Perspectives of Concepts Foundational to Algebra for Teachers (3)

Prerequisite: Multiple Subjects Credential, or consent of instructor.

Analytic investigation of foundational algebra concepts using representations, reasoning and proof, and problem solving. Topics include: number theory, properties of real numbers, proportional reasoning, algebra, discrete mathematics, and functions.

This course will not count toward any M.S. degree options in the Department of Mathematics and Statistics. Letter grade only (A-F). (Lecture 3 hrs.)

511. Mathematics Teaching and Learning (3)

Prerequisite: Consent of instructor.

Theories of mathematics teaching and learning. Key issues in mathematics and mathematics education. Historical development and contemporary views of various theoretical perspectives for teaching and learning mathematics, including the roles of standards and various mathematics and education organizations.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

512. Curriculum and Assessment in Mathematics (3)

Prerequisite: MTED 511 or consent of instructor.

Theories of mathematics curriculum and forms of assessment. Introduces major philosophies, issues, resources, and technologies pertaining to curricula and assessment of mathematics. Relevant histories and contemporary practices of design and implementation of curriculum and assessment of mathematics.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

540. Algebra in the School Curriculum (3)

Prerequisite: MTED 511; prerequisite or corequisite: MTED 512 or consent of instructor.

Issues/topics concerning algebraic learning using curricular standards. Examining texts, curricula, algebraic thinking, and teaching research. Common errors and possible remedies, algebra for mathematizing situations. Relationship of K-12 algebra curriculum to modern algebra and its structures. Fundamental theorem of algebra.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

550. Geometry and Measurement in the School Curriculum (3)

Prerequisite: MTED 511; prerequisite or corequisite: MTED 512 or consent of instructor.

Content, curriculum, standards, and research in learning and teaching geometry, spatial sense and measurement in K-12. Justification and proof, applications and abstraction, tools and technology in geometry teaching and learning. Current issues in teaching and learning of geometry and measurement.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

560. Analysis in the Secondary Curriculum (3)

Prerequisites: MTED 511 and MATH 361A; prerequisite or corequisite: MTED 512 or consent of instructor.

Fundamental concepts of calculus, functions, mappings, related topics and proofs in real and complex analysis, relating mathematics analysis to secondary curriculum. Issues and techniques in teaching and learning of mathematical analysis. Examination of mathematics education research and mathematics frameworks.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

580. Probability and Statistics in the School Curriculum (3)

Prerequisite: MTED 511; prerequisite or corequisite: MTED 512 or consent of instructor.

Content, curriculum, and research in learning and teaching probability and statistics in K-12 schools. Includes role of applications, abstraction, tools and technology in probability and statistics teaching and learning.

Letter grade only (A-F). (Lecture and Discussion, 3 hrs.)

590. Special Topics in Mathematics Education (1-3)

Prerequisite: Consent of instructor.

Advanced study of special topics in the field of mathematics education.

May be repeated for a total of six units with different topics. Letter grade only (A-F). (Seminar 1-3 hrs.)

697. Directed Studies in Mathematics Education (1-3)

Prerequisites: MTED 511, MTED 512; EDP 520; Advancement to Candidacy; consent of instructor.

Research project in mathematics education.

Letter grade only (A-F).

698. Thesis in Mathematics Education (1-6)

Prerequisites: MTED 511, MTED 512; EDP 520; Advancement to Candidacy; consent of instructor.

Research in mathematics education culminating in a formal report.

Letter grade only (A-F).

Statistics Courses (STAT)

Satisfying the Entry-Level Math (ELM) requirement (see "Undergraduate Programs" section of this catalog) is a prerequisite for all statistics courses.

108. Statistics for Everyday Life (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 7 or MAPB 11 or MAPB 12.

Exploratory data analysis, methods of visualizing data, descriptive statistics, misuse and manipulation of data in statistical analysis, probability, binomial and normal distributions, hypothesis testing, correlation and regression, contingency tables.

Not open for credit to students with credit in MATH 108, MATH 180, MATH 380; or MTED 105, 205. (Lecture 3 hrs.)

118. Introductory Business Statistics (3)

Prerequisite: Appropriate ELM score, ELM exemption, or MAPB 11.

Sampling methods, data collection, organizing and visualizing, descriptive statistics, random variables, probability distributions, point and interval estimation, hypothesis testing, correlation, regression, contingency tables, applications in business, finance, econometrics, and marketing research.

(Lecture 3 hours)

381. Mathematical Statistics (3)

Prerequisites: MATH 247 and a grade of "C" or better in MATH 380.

Estimation and hypothesis testing. Maximum likelihood and method of moments estimation. Efficiency, unbiasedness, and asymptotic distribution of estimators. Neyman-Pearson Lemma. Goodness-of-fit tests. Correlation and regression. Experimental design and analysis of variance. Nonparametric methods.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 381.

410./510. Regression Analysis (3)

Prerequisite: STAT 381. (Undergraduates register in STAT 410; graduates enroll in STAT 510.)

Simple linear regression: estimation and inference, prediction, analysis of residuals, detection of outliers, use of transformations. Multiple linear regression: influence diagnostics, multi-collinearity, selection of variables, simultaneous estimation and inference, validation techniques. Statistical software for data analysis used.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 480 or MATH 590.

450./550. Multivariate Statistical Analysis (3)

Prerequisite: STAT 381; Prerequisite/Corequisite STAT 410. (Undergraduates register in STAT 450; graduates enroll in STAT 550.)

Discriminate analysis, principal components, factor analysis, cluster analysis, logistic regression, canonical correlation, multidimensional scaling, and some nonlinear techniques. Statistical software used.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 483 or MATH 593.

475. Data Analysis with SAS (3)

Prerequisite: STAT 381 or consent of instructor.

Topics include: Statistical analysis including extraction, presentation of data in graphical form, creation, modification of datasets, interpretation of output, writing of reports. Provides SAS programming techniques for aforementioned topics preparation for SAS base certification.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 489.

482. Random Processes (3)

Prerequisites: MATH 247 and MATH 380.

Further topics in probability. Markov processes. Renewal theory. Random walks. Queueing theory. Poisson processes. Brownian motion.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 382.

484. Actuarial Science: Models (3)

Prerequisite: STAT 381 or consent of instructor.

Statistical techniques applied to risk management. Expected utility theory, individual risk models, compound Poisson distributions and processes, ruin probability and first surplus, stop-loss and proportional reinsurance, statistical survival distributions and life tables, life annuity, actuarial present values, and premiums determination.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 484.

485. Actuarial Science: Financial Mathematics (3)

Prerequisite: STAT 381.

Simple and compound interests, stochastic approaches to interest and annuities, stochastic models of stock, Black-Scholes arbitrage pricing of options and other derivative securities, Markowitz portfolio optimization theory, Ito financial calculus, filtrations and martingales.

Letter grade only (A-F). (Lecture 3 hrs.)

495./595. Topics in Modern Statistics (3)

Prerequisite: Consent of instructor. (Undergraduates register in STAT 495; graduates enroll in STAT 595.)

Topics of current interest from statistics literature.

Letter grade only (A-F). Course may be repeated to a maximum of 6 units with different topics. (Lecture 3 hrs)

497. Directed Studies (1-6)

Prerequisite: Consent of instructor.

Junior or senior standing and consent of instructor. Not open to graduate students.

Letter grade only (A-F).

GRADUATE LEVEL

510./410. Regression Analysis (3)

Prerequisite: STAT 381. (Undergraduates register in STAT 410; graduates enroll in STAT 510.)

Simple linear regression: estimation and inference, prediction, analysis of residuals, detection of outliers, use of transformations. Multiple linear regression: influence

diagnostics, multi-collinearity, selection of variables, simultaneous estimation and inference, validation techniques. Statistical software for data analysis used.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 480 or MATH 590.

520. Statistical Inference (3)

Prerequisite: STAT 381 or consent of instructor.

Properties of a random sample, convergence in probability, law of large numbers, sampling from the normal distribution, the central limit theorem, principles of data reduction, likelihood principle, point estimation, Bayesian estimation, methods of evaluating estimators, hypothesis testing, decision theory, confidence intervals.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 580.

530. Experimental Design (3)

Prerequisite: STAT 381 or consent of instructor.

Design of experiments to permit efficient analysis of sources of variation with application to quality assurance. Factorial and fractional factorial designs; block designs; confounding. Fixed and random effect models. Effects of departure from assumptions; transformations. Response surface techniques. Taguchi methods.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 581.

532. Statistical Quality Control (3)

Prerequisite: STAT 381 or consent of instructor.

Introduction to methods of statistical quality control. Includes control charts, acceptance sampling, process capability analysis, and aspects of experimental design.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 584.

540. Survey Sampling (3)

Prerequisite: STAT 381 or consent of instructor.

Theory and practice of sampling from finite populations. Simple random sampling, stratified random sampling, systematic sampling, cluster sampling, properties of various estimators including ratio, regression, and difference estimators. Error estimation for complex samples.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 583.

544. Statistical Consulting (3)

Prerequisites: STAT 381 and STAT 410/510 or consent of instructor.

The methodology of statistical consulting: guidelines for client-consultant communications, presentations to clients, basics of writing final technical reports, thorough case studies involving advanced statistical analysis, invited client presentations, real-life projects, group discussions, written and oral statistical reports by students.

Letter grade only (A-F). (Lecture 3 hrs.)

550./450. Multivariate Statistical Analysis (3)

Prerequisite: STAT 381; Prerequisite/Corequisite STAT 410. (Undergraduates register in STAT 450; graduates enroll in STAT 550.)

Discriminate analysis, principal components, factor analysis, cluster analysis, logistic regression, canonical correlation, multidimensional scaling, and some nonlinear techniques. Statistical software used.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 483 or MATH 593.

560. Nonparametric Statistics (3)

Prerequisite: STAT 410 or STAT 510, or consent of instructor.

Alternatives to normal-theory statistical methods, analysis of categorical and ordinal data, methods based on ranks, measures of association, goodness of fit tests, order statistics.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 585.

570. Statistical Simulation (3)

Prerequisite: STAT 381 or consent of instructor.

Simulation modeling techniques; generation of discrete and continuous random numbers from given distributions; Monte Carlo methods; discrete event simulations, statistical analysis of simulated data; variance reduction; statistical validation; introduction to simulation languages; industry applications. Statistical packages used.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 587 or MATH 487.

572. Computational Statistics (3)

Prerequisite: STAT 381 or consent of instructor.

Random number generation, sampling and subsampling, exploratory data analysis, Markov chain Monte Carlo methods, density estimation and EM algorithm. Topics of current interest.

Letter grade only (A-F). (Lecture 3 hrs.)

574. Data Mining (3)

Prerequisite: STAT 410, or STAT 510, or consent of instructor.

Basics of data mining algorithms with emphasis on industrial applications. Prediction and classification techniques such as decision trees, neural networks, Multivariate Adaptive Regression Splines, and other methods. Several software packages utilized.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 586.

576. Data Informatics (3)

Prerequisite: STAT 410/510 or consent of instructor.

Genetic algorithms, fuzzy logic, discrete choice analysis, online analytical processing, structured query language, statistical database management, and text and web mining. Topics of current interest.

Letter grade only (A-F). (Lecture 3 hrs.)

580. Time Series (3)

Prerequisite: STAT 381 or consent of instructor.

Includes moving averages, smoothing, Box-Jenkins (ARIMA) models, testing for nonstationarity, model fitting and checking, prediction and model selection, seasonal adjustment, ARCH, GARCH, cointegration, state-space models. Statistical packages used throughout the course.

Letter grade only (A-F). (Lecture 3 hrs.) Not open for credit to students with credit in MATH 582.

590. Statistical Analysis of Medical Data (3)

Prerequisite: STAT 381 or consent of instructor.

Lifetime distributions, hazard and survival functions, censoring and truncation, Kaplan Meier and Nelson-Aalen estimators, Cox proportional hazard models, m-sample tests, goodness-of-fit tests, Bayesian survival analysis, analysis of multivariate survival data, exploring longitudinal data designs and models, clinical trials.

Letter grade only (A-F). (Lecture 3 hrs.)

595./495. Topics in Modern Statistics (3)

Prerequisite: Consent of instructor. (Undergraduates register in STAT 495; graduates enroll in STAT 595.)

Topics of current interest from statistics literature.

Letter grade only (A-F). Course may be repeated to a maximum of 6 units with different topics. (Lecture 3 hrs)

695. Seminar in Applied Statistics (3)

Prerequisite: Consent of instructor.

Presentation and discussion of advanced work in applied statistics.

May be repeated to a maximum of six units. Letter grade only (A-F).

697. Directed Studies in Applied Statistics (1-3)

Prerequisite: Consent of instructor.

Research on a specific area in applied statistics. Topic for study to be approved and directed by a statistics faculty member.

Credit/No Credit only.

698. Thesis or Project (1-6)

Prerequisite: Advancement to candidacy.

Formal report of research or project in mathematics.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

MECHANICAL AND AEROSPACE ENGINEERING

College of Engineering

Department Chair: Jalal Torabzadeh

Department Office: ECS - 635

Telephone: (562) 985-1563

Website: <http://www.csulb.edu/colleges/coe/mae>

Faculty: Eric Besnard, Christiane Beyer, David Stout, Hsun-Hu Chen, Hsin-Piao Chen, Ramin Esfandiari, Joshua Hamel, Bei Lu, Yan Li, Panadda Marayong, Bob Minaie, Hamid Rahai, Praveen Shankar, Reza Toossi, Jalal Torabzadeh, Parviz Yavari, Mahdi Yoozbashizadeh

Undergraduate Advisors: Panadda Marayong (ME), Allen Teagle Hernandez (ME), Praveen Shankar (AE), Parviz Yavari (ET)

Extension Program Advisor/Coordinator for Mechanical Engineering: Praveen Shanka(ME)

Graduate Advisors: Bei Lu (ME), Hsin-Piao Chen (AE)

Administrative Support Coordinator: Leanne Hayes

Students desiring detailed information should contact the department for referral to one of the faculty advisors.

Career Possibilities

Mechanical Engineer • Aerospace Engineer • Facilities Engineer • Manufacturing Engineer • Design Engineer • Sales Engineer • Plant Engineer • Safety Engineer • Tool Engineer • Project Engineer • Utilization/Test Engineer • Automotive Engineer • Production Engineer • Manufacturing Engineer • Standards Engineer • Industrial Engineer • Factory Plant Layout Engineer • Material Schedule • Tool Planner • Safety Engineer • Product Safety Engineer • Production Planner • Statistician • Staff Assistant • Specification Writer • Tooling Quality Assurance Worker • Quality Planning Analyst • Process Engineering • Estimator • Manufacturing Engineering • Quality Engineer • Supervisor • Vendor Quality • Production Engineer • Material Schedule • Quality Control Technician • Configuration Analyst • Quality Manager • Production Manager • Industrial Engineering • Production Safety Engineer • Safety Engineer • Metrologist • Liaison Worker • Methods and Time-Study Engineer • Traffic Control Engineer • Technical Sales Representative • Process Engineer • Estimator • Associate Engineer • Field Engineer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

ABET Accreditation

The Bachelor of Science in Aerospace Engineering and the Bachelor of Science in Mechanical Engineering offered at the Long Beach campus are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>. The Mechanical Engineering Extension Program offered at Lancaster University Center, Lancaster, CA is undergoing accreditation Review in 2014- 2015.

Advisory Council

The Department of Mechanical and Aerospace Engineering is supported by a professional Advisory and Development Council (ADC) comprised of outstanding engineers and executives from industry and government agencies in Southern California. The role of the ADC is to form a liaison between the University and industry and to help the administration and faculty remain informed of modern engineering practices and help with Continuous Improvement Process (CIP).

Programs at a Glance

Undergraduate

- Bachelor of Science in Aerospace Engineering (BSAE);
- Bachelor of Science in Mechanical Engineering (BSME);
- Bachelor of Science in Mechanical Engineering - Undergraduate Extension (BSME)
- *Bachelor of Science in Manufacturing Engineering Technology.

Graduate

- Master of Science in Aerospace Engineering (MSAE);
- Master of Science in Mechanical Engineering (MSME);
- Master of Science in Engineering (MSE) with an emphasis in Management Engineering;
- Ph.D. in Engineering and Industrial Applied Mathematics (offered jointly with Claremont Graduate University).

Student Organizations

Students have the benefit of joining the student chapters of professional societies:

- AIAA (American Institute for Aeronautics and Astronautics)
- ASME (American Society for Mechanical Engineers)
- SAE (Society of Automotive Engineers)
- SPE (Society of Petroleum Engineers)
- ASHRAE (American Society of Heating, Refrigeration, and Air Conditioning Engineers)
- SME (Society of Manufacturing Engineers)
- ASQ (American Society of Quality)
- SWE (Society of Women Engineers)
- Tau Beta Pi (Engineering Honor Society)
- Pi Tau Sigma (Mechanical Engineering Honor Society)
- Sigma Gamma Tau (Aerospace Engineering Honor Society)

As student members of professional societies, students can attend local, regional, national, and international meetings and conferences, participate in student contests, become eligible for sponsored scholarships, interact with professionals from industry, and many other benefits.

Undergraduate Programs

MECHANICAL ENGINEERING PROGRAM

The undergraduate program in mechanical engineering offered at the Long Beach campus accepts both freshmen and transfer students. Students are admitted to the program following the university admission guidelines for freshmen and major specific admission criteria for transfer students.

Extension Program

The undergraduate program in mechanical engineering is also offered as an extension program at Lancaster University Center, Lancaster, CA as part of the Antelope Valley Engineering Programs. This special program offered through the College of Continuing and Professional Education (CCPE) only accepts upper division transfer students with specific admission requirements. The extension program is a cohort-based model, allowing students to proceed as a group through the program placing greater emphasis on teamwork.

BSME Program Educational Objectives

The goal of the undergraduate program in mechanical engineering is to produce well-rounded engineers prepared for careers in mechanical engineering or related disciplines, utilizing an excellent education in the fundamentals of engineering mathematics, sciences, and design in order to:

- Create innovative solutions responsive to customer needs and meeting societal challenges;
- Apply their knowledge to communicating and translating ideas and plans into working engineering systems;
- Effectively function as a team member and/or leader in global, multi-disciplinary technical environments.

Student Learning Outcomes

The ME program Student Outcomes used to meet the Program Educational Objectives are the same as the ABET "A through K":

- A. An ability to apply knowledge of mathematics, science, and engineering.
- B. An ability to design and conduct experiments, as well as to analyze and interpret data.
- C. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- D. An ability to function on a multidisciplinary team.
- E. An ability to identify, formulate and solve engineering problems.
- F. An understanding of professional and ethical responsibilities.
- G. An ability to communicate effectively.
- H. The broad education necessary to understand the impact of engineering solutions in a global and societal context.
- I. A recognition of the need for, and an ability to engage in, lifelong learning.
- J. A knowledge of contemporary issues.
- K. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Bachelor of Science in Mechanical Engineering (120 units)

The opportunity to explore a particular area of interest is provided by additional elective courses in the senior year. Several industry and professional society sponsored scholarships and internships are available to upper division mechanical engineering students. Further information is available in the department office.

Major Declaration

Freshmen admission to engineering majors is to a 'pre-major' status (i.e., Pre-Mechanical Engineering). Continuation in the major will be subject to meeting specific lower division course and GPA requirements at CSULB that indicate the student's ability to succeed and complete the major. Transfer applicants and CSULB students seeking admission into Mechanical Engineering at the Long Beach campus must also meet similar major specific requirements. To become fully admitted into the Mechanical Engineering major at the Long Beach campus, all prospective students (i.e., pre-majors, undeclared, major changes) must have a minimum cumulative 2.5 GPA and complete the following lower-division courses:

Core Lower Division Major Requirements (grade of "C" or better required):

MATH 122 (Calculus I), MATH 123 (Calculus II), PHYS 151 (Mechanics & Heat)

General Education Foundations Courses:

Written Communication, Oral Communication, and Critical Thinking

To be admitted to the Mechanical Engineering Extension Program offered at Lancaster University Center, all prospective students must have a minimum cumulative 2.5 GPA on all transferable course work attempted, and complete course work equivalent to the following:

Core Lower Division Major Requirements – 34 units (grade of C or better required):

• MATH 122 (Calculus I), MATH 123 (Calculus II), MATH 224 (Calculus III), PHYS 151 (Mechanics & Heat), PHYS 152 (Electricity & Magnetism), CHEM 111A (General Chemistry), MAE 205 (Computer Methods), MAE 172 (Engineering Design Graphics), and CE 205 (Statics)

General Education Courses: - 30 units:

- Category A – 9 units (Written Communication, Oral Communication, Critical Thinking)
- Category C – 9 units (Humanities, Arts)
- Category D – 9 units (US history, Constitution & American Ideals, Social Science)
- Category E – 3 units (Self-Integration)

Degree Progress

Students must complete the following requirements within one calendar year of declaring the major. Some students may need to take courses during Summer Session to meet these requirements. At the end of the year, students who have not met the requirements must either declare another major or meet with an Academic Advisor to determine if the student's performance in the courses merits an additional semester to complete.

First-Time Freshmen: A grade of "C" or better must be achieved in MATH 122 within one calendar year.

Transfer Students: A grade of "C" or better must be achieved in MATH 123 and PHYS 151 within one calendar year.

Requirements

Minimum of 120 units including University General Education requirements. A grade of "C" or better must be achieved in all prerequisites for all required courses listed below.

Lower Division:

Take all of the following courses:

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CE 205 Analytical Mechanics I (Statics) (3)

Prerequisite: PHYS 151 all with a grade of "C" or better.

Prerequisite/Corequisite: MATH 123.

MATH 122 Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123 or MATH 222.

ENGR 101 Introduction to Engineering Profession (1)

Prerequisite/Corequisite: MATH 111 or MATH 113 or MATH 122

ENGR 102 Academic Success Skills (1)

Prerequisite: ENGR 101 with a grade of "C" or better.

MAE 101B Introduction to Mechanical Engineering (1)

Prerequisite: Freshman standing or consent of instructor and MATH 111 or MATH 113 or MATH 122 with a grade of "C" or better.

MAE 172 Engineering Design Graphics I (2)

Prerequisites: None.

MAE 205 Computer Methods in MAE (2)

Prerequisites: MATH 122 with a grade of "C" or better.

MAE 272 Introduction to Manufacturing Processes (2)

Prerequisite: MAE 172 with a grade of "C" or better.

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

Take one of the following choices:

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151 with a grade of "C" or better.

Prerequisite/Corequisite: MATH 123.

or both of the following:

EE 210 Electro-Magnetic Foundations in EE (3)

Prerequisite: PHYS 151 with a grade of "C" or better.

Corequisites: MATH 123, EE 210L.

EE 210L Electro-Magnetic Foundations in EE Lab (1)

Corequisite: EE 210.

Upper Division:

Take all of the following courses:

CE 335 Fluid Mechanics (3)

Prerequisites: MATH 224 and C E 205 all with a grade of "C" or better.

CE 336 Fluid Mechanics Laboratory (1)

Prerequisite: ENGL 100 or equivalent all with a grade of "C" or better.

Prerequisite/Corequisite: C E 335.

CE 406 Project Cost-Benefit Analysis (3)

Prerequisite: GE Foundation requirements.

MATH 370A Applied Mathematics I (3)

Prerequisites: A grade of "C" or better in MATH 123. Not open to Freshmen.

MAE 300 Engineering Instrumentation and Measurement (2)

Prerequisites: MATH 224, PHYS 151, PHYS 152 all with a

grade of "C" or better.

MAE 305 Numerical Methods in MAE (3)

Prerequisites: MAE 205 and MATH 370A all with a grade of "C" or better.

MAE 322 Engineering Materials and Materials

Processes (3)

Prerequisites: CHEM 111A, MATH 123, MAE 172 all with a grade of "C" or better.

MAE 330 Engineering Thermodynamics I (3)

Prerequisites: MATH 224, PHYS 151 or equivalent, and CHEM 111A all with a grade of "C" or better or consent of instructor.

MAE 336 Power Plant Design (3)

Prerequisite: MAE 330 with a grade of "C" or better.

MAE 337 Thermal Engineering Laboratory (2)

Prerequisite: MAE 336 with a grade of "C" or better.

MAE 361 Materials and Properties Laboratory (1)

Prerequisites: ENGL 100 or GE Composition (Area A1), MAE 300, MAE 322, MAE 373 all with a grade of "C" or better.

MAE 371 Analytical Mechanics Dynamics (3)

Prerequisites: CE 205, MAE 205 or CE 206 all with a grade of "C" or better.

MAE 373 Mechanics of Deformable Bodies (3)

Prerequisite: CE 205 all with a grade of "C" or better.

MAE 375 Kinematics & Dynamics of Mechanisms (3)

Prerequisites: MAE 272, MAE 371 all with a grade of "C" or better.

MAE 376 Modeling & Analysis of Dynamic Systems (3)

Prerequisite: MAE 371; MATH 370A all with a grade of "C" or better.

MAE 409 Modern Computational Aspects in Mechanical Engineering (3)

Prerequisites: Senior standing in engineering and consent of instructor.

MAE 431 Heat Transfer Systems Design (3)

Prerequisites: MAE 305, MAE 330; CE 335 all with a grade of "C" or better.

MAE 459 Professional Practice Seminar (1)

Prerequisite: Senior standing or consent of instructor.

MAE 471 Design and Analysis of Mechanical

Engineering Systems I (3)

Prerequisites: MAE 373 and MAE 375 all with a grade of "C" or better.

MAE 472 Design and Analysis of Mechanical

Engineering Systems II (3)

Prerequisites: MAE 330, MAE 471 all with a grade of "C" or better.

MAE 476 Mechanical Control Systems I (3)

Prerequisite: MAE 376 with a grade of "C" or better.

MAE 490 Special Topics (3)

Prerequisites: Senior standing in engineering and consent of instructor.

AEROSPACE ENGINEERING PROGRAM

BSAE Program Educational Objectives

The goal of the undergraduate program in aerospace engineering is to produce well-rounded engineers prepared for careers in aerospace engineering or related disciplines, utilizing an excellent education in the fundamentals of engineering mathematics, sciences, and design in order to:

1. Create innovative solutions responsive to customer needs and meeting societal challenges;
2. Apply their knowledge to communicating and translating ideas and plans into working engineering systems;

3. Effectively function as a team member and/or leader in global, multi-disciplinary technical environments.

Student Learning Outcomes

The AE program Student Outcomes used to meet the Program Educational Objectives are listed below:

1. The students graduating in aerospace engineering will possess the skills in mathematics, physics and chemistry required to solve real-world problems.
2. The students will have a firm understanding of engineering science fundamentals that enables them to analyze real-world problems and propose an appropriate solution to these problems.
3. The students will have an ability to apply their knowledge in aerospace fundamental disciplines to the analysis and design of components. These aerospace fundamental disciplines include aerodynamics; aerospace materials and structures; propulsion; space environment and space systems; communications and avionics systems; orbital and flight mechanics; and stability & control.
4. The students will have the ability to work in teams and (1) carry out simplified design problems from the conceptual level to the realization of a manufacturing plan, or (2) design complex systems, such as aircraft or spacecraft, from a preliminary design point of view. Projects address economic and business aspects such as commercial viability.
5. The students will have the ability to design and conduct experiments, as well as to analyze and interpret data.
6. The students will have an understanding of professional and ethical responsibility.
7. The students will have the ability to build on their knowledge and will be trained to be lifelong learners, pursuing and interested in independent study, research and development.
8. The students will have good oral, written and graphical communication skills.
9. The students will be trained in the role of the engineer in society, and have an awareness of environmental concerns in the engineering profession.
10. The students will have knowledge of contemporary issues and current projects in aerospace engineering and of technical, design, and business challenges faced by the aerospace industry.

Bachelor of Science in Aerospace Engineering (120 units)

The curriculum is designed to supplement mathematics, science and basic engineering courses in order to give students the specialization needed in different areas of aerospace engineering. In addition to acquiring technical knowledge, graduates will have completed appropriate courses in communications and in humanistic social studies.

Major Declaration

Freshmen admission to engineering majors is to a 'pre-major' status (i.e., Pre-Aerospace Engineering). Continuation in the major will be subject to meeting specific lower division course and GPA requirements at CSULB that indicate the student's ability to succeed and complete the major. Transfer applicants and CSULB students seeking admission into Aerospace Engineering must also meet

similar major specific requirements. To become fully admitted into the Aerospace Engineering major, all prospective students (i.e., pre-majors, undeclared, major changes) must have a minimum cumulative 2.5 GPA and complete the following lower-division courses with a minimum grade of "C" prior to earning 60 units:

Core Lower Division Major Requirements:

MATH 122 (Calculus I), MATH 123 (Calculus II), PHYS 151 (Mechanics & Heat)

General Education Foundations Courses:

Written Communication, Oral Communication, and Critical Thinking

Degree Progress

Students must complete the following requirements within one calendar year of declaring the major. Some students may need to take courses during Summer Session to meet these requirements. At the end of the year, students who have not met the requirements must either declare another major or meet with an Academic Advisor to determine if the student's performance in the courses merits an additional semester to complete.

First-Time Freshmen: A grade of "C" or better must be achieved in MATH 122 within one calendar year.

Transfer Students: A grade of "C" or better must be achieved in MATH 123 and PHYS 151 within one calendar year.

Requirements

A grade of "C" or better must be achieved in all of the required courses listed below. A minimum of 120 units is required.

There are two emphases in the BSAE Program: (1) Aeronautics, and (2) Astronautics. Aeronautics focuses on aerospace engineering as it relates to flight in the atmosphere, while Astronautics addresses space flight.

Core Requirements

Lower Division:

Take all of the following courses:

CE 205 Analytical Mechanics I (Statics) (3)

Prerequisite: PHYS 151 with a grade of "C" or better.

Prerequisite/Corequisite: MATH 123.

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

ENGR 101 Introduction to Engineering Profession (1)

Prerequisite/Corequisite: MATH 111 or MATH 113 or MATH 122

ENGR 102 Academic Success Skills (1)

Prerequisite: ENGR 101 with a grade of "C" or better.

MAE 101A Introduction to Aerospace Engineering (1)

Prerequisites: Freshman standing or consent of instructor and MATH 111 or MATH 113 or MATH 122 with a grade of "C" or better. .

MAE 172 Engineering Design Graphics (2)

Prerequisites: None.

MAE 205 Computer Methods in Mechanical/Aerospace Engineering (2)

Prerequisites: MATH 122 with a grade of "C" or better.

MATH 122 Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123 or MATH 222.

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

Take one of the following choices:

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

or both of the following:

EE 210 Electro-Magnetic Foundations in EE (3)

Prerequisite: PHYS 151 with a grade of "C" or better.

Corequisites: MATH 123, EE 210L.

EE 210L Electro-Magnetic Foundations in EE Lab (1)

Corequisite: EE 210.

Upper Division:

Take all of the following courses:

ECON 300 Fundamentals of Economics (3)

Prerequisites: GE Foundation requirements.

MATH 370A Applied Mathematics I (3)

Prerequisites: A grade of "C" or better in MATH 123. Not open to Freshmen.

MAE 300 Engineering Instrumentation and Measurement (2)

Prerequisites: MATH 224, PHYS 151, PHYS 152 all with a grade of "C" or better.

MAE 305 Numerical Methods in MAE (3)

Prerequisites: MAE 205 and MATH 370A all with a grade of "C" or better.

MAE 330 Engineering Thermodynamics I (3)

Prerequisites: MATH 224, PHYS 151 or equivalent, and CHEM 111A all with a grade of "C" or better or consent of instructor.

MAE 333 Engineering Fluid Dynamics (3)

Prerequisites: CE 205, MATH 370A all with a grade of "C" or better.

MAE 334 Aerodynamics I (3)

Prerequisite: MAE 333 with a grade of "C" or better.

MAE 350 Flight Mechanics (3)

Prerequisite: CE 205 with a grade of "C" or better.

MAE 365 Aerospace Structures I (3)

Prerequisite: MAE 373 with a grade of "C" or better.

MAE 371 Analytical Mechanics II (Dynamics) (3)

Prerequisites: CE 205, MAE 205 or CE 206 all with a grade of "C" or better.

MAE 373 Mechanics of Deformable Bodies (3)

Prerequisite: CE 205 with a grade of "C" or better.

MAE 374 Mechanical Properties of Materials Lab (1)

Prerequisites: ENGL 100 or equivalent, MAE 373, and MAE 300 all with a grade of "C" or better or consent of instructor.

MAE 381 Fundamentals of Space Dynamics (3)

Prerequisites: PHYS 152, MATH 370A, and MAE 371 all with a grade of "C" or better.

MAE 390 Aerospace Engineering Seminar (1)

Prerequisite: Upper division standing.

MAE 440 Aerodynamics Laboratory (1)

Prerequisites: MAE 300 and MAE 334 all with a grade of "C" or better.

MAE 452 Propulsion (3)

Prerequisites: MAE 330 and MAE 334 all with a grade of "C" or better.

MAE 465 Aerospace Structures II (3)

Prerequisite: MAE 365 with a grade of "C" or better.

MAE 478 Aerospace Systems Design I (3)

Prerequisites: MAE 334, MAE 365, and MAE 381 all with a

grade of "C" or better.

Corequisite: MAE 434, MAE 465, or MAE 481.

MAE 479 Aerospace Systems Design II (3)

Prerequisite: MAE 478 with a grade of "C" or better.

Emphasis in Aeronautics:

Take all of the following courses:

MAE 434 Aerodynamics II (3)

Prerequisite: MAE 334 with a grade of "C" or better.

MAE 451 Aircraft Preliminary Design and Performance (3)

Prerequisite: MAE 334, MAE 350 all with a grade of "C" or better, or consent of instructor.

MAE 453 Stability and Control of Aerospace Vehicles (3)

Prerequisite: MAE 350 or equivalent all with a grade of "C" or better.

Corequisite: MAE 334.

Choose one of the following courses:

MAE 422, MAE 431, MAE 435, MAE 454, MAE 476,

MAE 481, MAE 483

Emphasis in Astronautics:

Take all of the following courses:

MAE 481 Space Systems Engineering (3)

Prerequisite: MAE 381 with a grade of "C" or better.

MAE 483 Space Flight and Orbital Mechanics (3)

Prerequisites: MAE 381 with a grade of "C" or better.

Choose two of the following courses:

MAE 422, MAE 431, MAE 434, MAE 435, MAE 451,

MAE 453, MAE 454, MAE 476

GRADUATE PROGRAMS

The goal of the Master's programs in mechanical and aerospace engineering, the MSAE and MSME degrees, is to provide students with the advanced engineering education needed to enhance their careers and pursue doctoral studies.

Admission to the MSAE or MSME degree programs requires a minimum GPA of 2.70 in the last 60 (semester) or 90 (quarter) upper-division major units attempted.

Master of Science in Mechanical Engineering

This program involves modern computational and experimental methods knowledge and skills which are of immediate practical importance. This knowledge is communicated in the advanced courses and used in the conduct of a thesis or project. The areas of study within the MSME program include:

- Dynamics, Vibration, Control, and Robotics
- Fluid and Thermal Sciences
- Materials
- Mechanics
- Design and Manufacturing

Further information may be obtained from the Department of Mechanical and Aerospace Engineering's website: <http://www.csulb.edu/colleges/coe/mae>.

To be considered for admission, the graduate applicant must have earned a bachelor's degree from an accredited institution, have been in good standing at the last institution attended, and have a grade point average (GPA) of at least 2.7 for the last 60 (semester) or 90 (quarter) upper-division major units attempted. The general Graduate Record Examination (GRE) is required.

Prerequisites

1. A bachelor's degree in an accredited curriculum in Mechanical Engineering, or other appropriate discipline, with a minimum grade point average of 2.70 in the last 60 (semester) or 90 (quarter) upper-division major units attempted.
2. Students must consult with the MSME graduate advisor prior to enrolling in any courses for their program.
3. Failure to attempt to fulfill the Graduation Writing Assessment Requirement (GWAR) during the first semester in the program will prevent registration in engineering courses in subsequent semesters.

Note: Before being admitted a qualified student without a mechanical engineering undergraduate degree MUST provide a written statement to the MSME graduate advisor that he/she understands that all deficiencies must be removed before attempting graduate-level courses.

Requirements

PLAN I

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Eighteen units of 500- and/or 600-level courses in mechanical and aerospace engineering;
2. Six units of electives selected from approved graduate or 400-level courses from appropriate areas;
3. Completion of six units of MAE 698-Thesis and submission of a written thesis.

PLAN II

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Twenty-four units of 500- and/or 600-level courses in mechanical and aerospace engineering;
2. Six units of electives selected from approved graduate or 400-level courses from approved areas;
3. Completion of a comprehensive written exam.

Advancement to Candidacy

Prior to formally starting their thesis or project (registering for MAE 697 or 698), students must apply for Advancement to Candidacy. Students applying for Advancement to Candidacy must:

1. Have completed ALL undergraduate deficiencies with grades of "C" or better;
2. Have attained an overall grade point average (GPA) of 3.0
3. Have completed at least 12 units applicable to the degree with a GPA of at least 3.0;
4. Have completed at least 12 units applicable to the degree with a GPA of at least 3.0;
5. Have fulfilled the Graduation Writing Assessment Requirement (GWAR). This requirement can also be met by presenting evidence that the student met the requirement while an undergraduate at CSULB or at certain CSU campuses.
6. Have their program of studies approved by the faculty coordinating their area of emphasis, the ME program

graduate advisor, and department chair.

Master of Science in Aerospace Engineering

This program involves modern computational and experimental methods and provides the essential information which will permit students to acquire the knowledge and skills which are of immediate practical importance. This knowledge is communicated in the advanced courses listed in the MAE curriculum and used in the conduct of a thesis or project. The areas of study within the MSAE program include:

- Space Systems Engineering
- Aircraft Systems Engineering
- Aerodynamics and Computational Fluid Dynamics
- Aerospace Structures and Materials

Both graduate and undergraduate programs benefit from the advice of an advisory committee comprised of senior staff from aerospace companies, government agencies, and universities. Further information may be obtained from the Department of Mechanical and Aerospace Engineering's website: <http://www.csulb.edu/colleges/coe/mae>.

To be considered for admission, the graduate applicant must have earned a bachelor's degree from an accredited institution, have been in good standing at the last institution attended, and have a grade point average (GPA) of at least 2.7 for the last 60 (semester) or 90 (quarter) upper-division major units attempted. The general Graduate Record Examination (GRE) is required.

Prerequisites

1. A bachelor's degree in an accredited curriculum in Aerospace or Mechanical Engineering with a minimum grade point average of 2.70 in the last 60 (semester) or 90 (quarter) upper-division major units attempted. Applicants with a lower GPA may be admitted, subject to the successful completion of appropriate deficiencies assigned by the graduate advisor.
2. A bachelor's degree in engineering, mathematics, science or other appropriate discipline, with the requirement that essential undergraduate prerequisites in engineering be satisfied.
3. Graduate students must consult with the graduate advisor for information concerning procedures and requirements for appropriate approval of their courses of study prior to enrolling in their graduate programs.

Requirements

PLAN I

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Eighteen units of 500- and/or 600-level courses in mechanical and aerospace engineering;
2. Six units of electives selected from approved graduate or 400-level courses from appropriate areas;
3. Completion of six units of MAE 698-Thesis and submission of a written thesis.

PLAN II

Completion of a minimum of 30 units beyond the bachelor's degree in graduate and 400-level courses approved by the student's Department Graduate Advisor, including:

1. Twenty-four units of 500- and/or 600-level courses in mechanical and aerospace engineering;
2. Six units of electives selected from approved graduate or 400-level courses from approved areas;
3. Completion of a comprehensive written exam.

Advancement to Candidacy

Prior to formally starting their thesis or project (registering for MAE 697 or 698), students must apply for Advancement to Candidacy. Students applying for Advancement to Candidacy must:

1. Have completed ALL undergraduate deficiencies with grades of "C" or better;
2. Have attained an overall grade point average (GPA) of 3.0
3. Have completed at least 12 units applicable to the degree with a GPA of at least 3.0;
4. Have fulfilled the Graduation Writing Assessment Requirement (GWAR). This requirement can also be met by presenting evidence that the student met the requirement while an undergraduate at CSULB or at certain CSU campuses.
5. Have their program of studies approved by the faculty coordinating their area of emphasis, the AE program graduate advisor, and department chair.

Master of Science in Engineering

Admission to the MSE graduate program requires a minimum GPA of 2.7 in the last 60 upper-division units attempted. For requirements, see the description in the College of Engineering section of this catalog.

The Mechanical and Aerospace Engineering Department administers two emphases under the Master of Science in Engineering. The other prerequisites and requirements are the same as for the MSAE and MSME programs.

Management Engineering Emphasis

A special management perspective is required for the successful generation of technical products and services. In order to plan, design, direct and control technical projects, technical managers must be capable of inspiring and developing professional personnel. They must be able to integrate planning, manufacturing and budgetary concerns of the project and be able to easily communicate with general management.

This emphasis primarily admits students with a traditional engineering background. It emphasizes the management of engineering-based endeavors and does not require undergraduate business courses as prerequisites for graduate work. An individualized program is developed according to student's undergraduate degree, area of interest, or industrial application; interdisciplinary approaches are encouraged.

Ph.D. in Engineering and Industrial Applied Mathematics

For requirements, see the description in the College of Engineering section of this catalog.

Courses (MAE)

LOWER DIVISION

101A. Introduction to Aerospace Engineering (1)

Prerequisite: Freshman standing or consent of instructor and MATH 111 or MATH 113 or MATH 122 with a grade of "C" or better. Role of various types of engineering specialties in the development of an actual aerospace vehicle product. Current social, ethical and environmental issues in Aerospace Engineering solutions. Life-long learning skills using resources from professional societies and Internet are also emphasized.

Letter grade only (A-F). (Lecture-problem 1 hour)

101B. Introduction to Mechanical Engineering (1)

Prerequisite: Freshman standing or consent of instructor and MATH 111 or MATH 113 or MATH 122 with a grade of "C" or better. Introduction to mechanical engineering as a profession. Past, present, and future trends and related professional opportunities and challenges. Introduction to mechanical engineering curriculum studies. Social, economical, cultural, legal and ethical issues related to mechanical engineering and its applications.

Letter grade only (A-F)

172. Engineering Design Graphics (2)

Engineering design graphics and visualization skills using CAD software. Emphasis on industrial practice involving component and assembly modeling and drawings for actual products. Standards, tolerances, surface finishes, and other attributes of drawings addressed. Projects involving modeling of systems and subsystems.

Letter grade only (A-F). (Lecture-Problems 1 hour, Laboratory 3 hours)

205. Computer Methods in Mechanical and Aerospace Engineering (2)

Prerequisites: MATH 122 with a grade of "C" or better.

Application of computer programming to engineering problem solving. Structured approach to problems. Input-output concepts for both numerical and graphical results.

Letter grade only (A-F). (Lecture-problems 1 hour, laboratory 3 hours)

272. Introduction to Manufacturing Processes (2)

Prerequisite: MAE 172 with a grade of "C" or better.

Manufacturing processes, properties of materials; metals production; foundry, casting, heat treatment; welding, powder metallurgy, plastics, metrology; working metals, press work; machine tool elements, numerical control; metal cutting/turning; drilling, boring, milling; shaping planning, sawing broaching; grinding, sanding; gears, gear-cutting, threads, thread-cutting.

Letter grade only (A-F). (Lecture-problems 1 hour, laboratory 3 hours)

UPPER DIVISION

300. Engineering Instrumentation and Measurement (2)

Prerequisites: MATH 224, PHYS 151, PHYS 152 all with a grade of "C" or better.

Statistical analysis of experimental data, uncertainty analysis, various statistical distributions and test of goodness of fit, correlation coefficient and multivariable regression. Engineering instrumentation include types of passive/active transducers, electronics for instrumentation, computer-based data acquisition, and experiments on pressure, temperature, force measurements.

Letter grade only (A-F). (Lecture-problems 1 hour, Laboratory 3 hours)

305. Numerical Methods in Mechanical and Aerospace Engineering (3)

Prerequisites: MAE 205 and MATH 370A all with a grade of "C" or better.

Roots of linear and nonlinear algebraic equations. Solutions of simultaneous linear algebraic equations. Parametric notation of analytical curves and surfaces. Numerical interpolation and splines. Numerical integration and differentiation. Numerical solution of differential equations, initial-value and boundary-value problems. Individual and/or group projects.

Letter grade only (A-F). (Lecture-problems 3 hours)

322. Engineering Materials and Materials Processes (3)

Prerequisites: CHEM 111A, MATH 123, MAE 172 all with a grade of "C" or better.

Structure and properties of engineering materials. Phase and transformation diagrams. Heat treatments and mechanical processing. Manufacturing methods of metals, alloys, polymers, composites, ceramics, and semiconductors.

Letter grade only (A-F). (Lecture-problems 3 hours)

330. Engineering Thermodynamics I (3)

Prerequisites: MATH 224, PHYS 151 or equivalent, and CHEM 111A all with a grade of "C" or better or consent of instructor.

Laws of thermodynamics. Properties of liquids, gases and vapors. Sources of energy and conversion to work. Introduction to heat transfer and psychrometry.

Letter grade only (A-F). (Lecture-problems 3 hours)

333. Engineering Fluid Dynamics (3)

Prerequisites: CE 205, MATH 370A all with a grade of "C" or better.

Fluid statics. Formulation of the conservation of mass, momentum and energy using finite control volume analysis and differential analysis. Dimensional analysis. Viscous flow in pipes.

Letter grade only (A-F). (Lecture-problems 3 hours)

334. Aerodynamics I (3)

Prerequisite: MAE 333 with a grade of "C" or better.

The Bernoulli equation. Incompressible inviscid flow. Flow around circular cylinder, flow around thin airfoils. Panel method. Incompressible flow about wings of finite span. Vortex lattice method.

Letter grade only (A-F). (Lecture-problems 3 hours)

336. Power Plant Design (3)

Prerequisite: MAE 330 with a grade of "C" or better.

Design of power production systems, including steam power plants, gas turbines and auxiliary power units. Survey of alternate power sources including wind, solar, geothermal, ocean thermal and biomass. Group and/or individual design projects.

(Lecture-problems 3 hours) Letter grade only (A-F).

337. Thermal Engineering Laboratory (2)

Prerequisite: MAE 336 with a grade of "C" or better.

Thermodynamics, heat transfer and fluid flow property measurements, measurement of heating value of fuels, energy and performance analysis of thermal systems, including internal combustion engines, power and heat generating systems, refrigeration and air-conditioning systems, and heat exchangers.

(Lecture-problems 1 hour, Laboratory 3 hours) Letter grade only (A-F).

350. Flight Mechanics (3)

Prerequisite: CE 205 with a grade of "C" or better.

Turbojets: level and other flights in the vertical plane, turning flight in the horizontal plane. Piston props: level and other flights in the vertical plane, turning flight in the horizontal plane. Performance analysis and design examples.

(Lecture-problems 3 hours). Letter grade only (A-F).

361. Materials and Properties Laboratory (1)

Prerequisites: ENGL 100 or GE Composition (Area A1), MAE 300, 322, 373 all with a grade of "C" or better.

Study of the effects of thermal processing and mechanical processing on the properties and microstructures of metals, alloys, and other materials. Determination of material properties using tensile test, torsion test, and beam test. Study of the statistical nature and reliability of test results.

(Laboratory 3 hours) Letter grade only (A-F).

365. Aerospace Structures I (3)

Prerequisite: MAE 373 with a grade of "C" or better.

Mechanical behavior of aerospace materials. Torsion of thin walled section beams. Bending and torsion of advanced beams. Analysis of stiffened box beams. Load transfer in stiffened panel structures. Failure criteria of aerospace materials.

(Lecture-problems 3 hours) Letter grade only (A-F).

371. Analytical Mechanics II (Dynamics) (3)

Prerequisites: CE 205, MAE 205 or CE 206 all with a grade of "C" or better.

Newton's Laws and the principles of work and energy and impulse and momentum applied to the study of particle and rigid body motion. Engineering application with emphasis on plane motion problems. Individual and/or group projects involving in-depth numerical analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

373. Mechanics of Deformable Bodies (3)

Prerequisite: CE 205 with a grade of "C" or better.

Application of the principles of mechanics to the design of structural and machine members and connections; stress analysis of beams and columns. Properties and strength of engineering materials. Design projects.

(Lecture-problems 3 hours) Letter grade only (A-F).

374. Mechanical Properties of Materials Laboratory (1)

Prerequisites: ENGL 100 or equivalent, MAE 373, and MAE 300 all with a grade of "C" or better or consent of instructor

Physical and mechanical properties of engineering materials and their relationship to structural elements; accuracy of measurements; statistical analysis of experimental data; professional laboratory reports.

(Laboratory 3 hours) Letter grade only (A-F).

375. Kinematics and Dynamics of Mechanisms (3)

Prerequisites: MAE 272, MAE 371 all with a grade of "C" or better.

Fundamentals of kinematics and dynamics of mechanisms, including structural and mobility considerations; graphical and analytical methods for linkage synthesis and position, velocity and acceleration analysis; cams and gears; analysis of combined static and dynamic forces in mechanisms.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

376. Modeling and Analysis of Dynamic Systems (3)

Prerequisite: MAE 371; MATH 370A all with a grade of "C" or better.

Modeling and analysis of dynamic systems including mechanical, electrical, electro-mechanical, and hydraulic systems. Use of complex algebra and Laplace transforms. Mathematical modeling of dynamic systems in state-space. Linear systems analysis in time and frequency domains. Introduction to feedback control systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

381. Fundamentals of Spacecraft Dynamics (3)

Prerequisites: PHYS 152 or EE 210 and EE 210L, MATH 370A, and MAE 371, all with a grade of "C" or better.

Space environments and their impact on spacecraft design. Space mission engineering. Spacecraft propulsion. Attitude dynamics and kinematics. Controls. Spacecraft attitude determination and control.

(Lecture-problems 3 hours). Letter grade only (A-F).

390. Aerospace Engineering Seminar (1)

Prerequisite: Upper-division standing.

Advanced skills capstone course introducing effective oral and written communication techniques. Speakers from industry present professional practice, social responsibilities, ethical issues and latest developments in aerospace engineering. Student teams write reports and make oral presentations on topics in aerospace engineering.

(Seminar 1 hour) Letter grade only (A-F).

408./508. Systems Engineering and Integration (3)

Prerequisite: Senior standing or consent of instructor.

Introduction to tools and methods employed by systems engineers in aerospace industry. Development of system functions, requirements, verification and validation, and interfaces in the context of integrated product teams and the product life cycle. Trade studies and risk management.

(Lecture-Problems 3 hours) Letter grade only (A-F).

409. Modern Computational Aspects in Mechanical Engineering (3)

Prerequisites: Senior standing in engineering and consent of instructor.

Computational aspects of Mechanical Engineering. Subjects include finite element analysis of structures, fluids, or heat transfer; boundary element analysis.

May be repeated to a maximum of 6 units with consent of department. (Lecture-problems 3 hours.) Letter grade only (A-F).

A. Finite Element Methods I

Finite element methods for beam and truss elements. Systems of ordinary differential equations in a finite element formulation. Static and dynamic analysis of complex structures. Rigid elements in an elastic environment. Solid modeling for 1D, 2D, 3D structures using IDEAS.

B. Introduction to Computational Fluid Dynamics and Heat Transfer

Classification of partial differential equations and boundary conditions, finite difference and finite volume formulations, grid generation, stability analysis, numerical methods for inviscid flows, viscous laminar flows, compressible flows, conduction and convection heat transfer.

422./522. Composite Materials (3)

Prerequisite: MAE 373 with a grade of "C" or better.

Stress-strain relations for anisotropic materials. Classical lamination theory. Strength and failure theories for laminae and laminates. Micromechanics. Applications of composite structures. Additional projects will be required for MAE 522.

(Lecture-problems 3 hours) Letter grade only (A-F).

431. Heat Transfer Systems Design (3)

Prerequisites: MAE 305, MAE 330; CE 335 all with a grade of "C" or better.

Analysis of heat transfer by conduction, convection and radiation. Investigation of steady state and transient heat transfer systems. Computer methods. Individual-group design projects problems in heat transfer such as electronic packaging, heat exchangers, heat engines, refrigerators, and thermal systems analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

434. Aerodynamics II (3)

Prerequisite: MAE 334 with a grade of "C" or better.

Compressible flows. Subsonic and supersonic flows around airfoils and wings. Two-dimensional, incompressible boundary layers. Introduction to computational fluid dynamics (CFD). Aerodynamic design considerations. Projects are assigned and written reports are required.

(Lecture-problems 3 hours). Letter grade only (A-F).

435./535. Computational Fluid Dynamics I (3)

Prerequisites: MATH 370A, MAE 333 all with a grade of "C" or better.

Numerical methods for elliptic, parabolic, and hyperbolic equations, finite difference and volume methods, analysis of consistency, stability, and convergence, panel method, modeling and computation of boundary layer flows, full potential equation, grid generation, application to inviscid and viscous subsonic, transonic/supersonic flows.

(Lecture-Problems 3 hours) Letter grade only (A-F).

438. Heating, Ventilating, Air Conditioning, and Refrigeration (3)

Prerequisites: MAE 330, CE 335 all with a grade of "C" or better.

Basic HVAC system calculations. Thermodynamics and psychometrics, design conditions and load estimating, residential and non-residential heating and cooling load calculations, energy estimating methods, duct and pipe sizing, and life cycle costs.

(Lecture-Problems 3 hours) Letter grade only (A-F).

440. Aerodynamics Laboratory (1)

Prerequisites: MAE 300 and MAE 334 all with a grade of "C" or better.

Experimental techniques in aerodynamics, wind tunnel measurements, use of Pitot tube, hot wire and Laser Doppler Velocimetry systems, flow visualization techniques, calibration of transducers. Computer controlled data acquisition and analysis. Projects are assigned and written reports and oral presentations are required.

Letter grade only (A-F). (Laboratory 3 hours)

451./551. Aircraft Preliminary Design and Performance (3)

Prerequisite: MAE 334, MAE 350 all with a grade of "C" or better, or consent of instructor.

Complete aircraft preliminary design, including mission definition, specifications, and regulations. Preliminary takeoff weight and weight empty for a mission. Aircraft geometric characteristics are developed. Detailed aerodynamic data are estimated and used to calculate aircraft performance. Individual projects required for MAE 551.

The design project is conducted in teams for MAE 451 and individually for MAE 551. (Lecture-Design Project 3 hours) Letter grade only (A-F).

452. Propulsion (3)

Prerequisites: MAE 330 and MAE 334 all with a grade of "C" or better.

Simple gas turbine cycle. Heat exchange and reheat gas turbine cycles. Gas turbine components. Ideal and actual thrust development in gas turbines. Principles of rocket engines. Solid, liquid and hybrid fuel rockets. Thrust and control in rockets.

(Lecture-problems 3 hours) Letter grade only (A-F).

453. Stability and Control of Aerospace Vehicles (3)

Prerequisite: MAE 350 or equivalent all with a grade of "C" or better.
Corequisite: MAE 334.

Physical dependence of airplane stability/control characteristics on airplane configuration and flight condition. Equations for static longitudinal, lateral and directional stability of airplanes. Neutral points, control effectiveness, trim in maneuvering flight. Configuration determinants. Transient modes. Additional Projects for MAE 553.

(Lecture-problems 3 hours) Letter grade only (A-F).

454. Avionics Systems (3)

Prerequisite: MAE 453 with a grade of "C" or better.

Avionics systems requirements definition and design. Systems used for guidance and navigation. Components of avionics systems (software, integrated circuits, devices, etc.). Integration of optics and electronics. Testing and certification.

(Lecture-Problems 3 hours) Letter grade only (A-F).

459. Professional Practice Seminar (1)

Prerequisite: Senior standing or consent of instructor.

Professional, social and moral responsibilities of engineers. Examination of ethical and legal issues, including intellectual property rights and regulatory codes and practices. Students are encouraged to participate in professional societies and attend professional seminars. Licensure is emphasized.

(Lecture-Problems 1 hour) Letter grade only (A-F).

465. Aerospace Structures II (3)

Prerequisite: MAE 365 with a grade of "C" or better.

Fracture mechanics. Fatigue failure. Structural stability. Elementary aeroelasticity. Energy principles. Finite element methods of aerospace structural analysis. Application of finite element computer programs. Projects are assigned and written reports are required.

(Lecture-problems 3 hours). Letter grade only (A-F).

471. Design and Analysis of Mechanical Engineering Systems I (3)

Prerequisites: MAE 373 and MAE 375 all with a grade of "C" or better.

First course in a two-course integrative learning capstone design sequence. Topics include: the design process; design and selection of mechanical components; and written/oral communication. Students begin design projects in teams and progress through the preliminary stages of the design process.

(Lecture-problems 2 hours, Laboratory 3 hours) Letter grade only (A-F).

472. Design and Analysis of Mechanical Engineering Systems II (3)

Prerequisites: MAE 330, MAE 471 all with a grade of "C" or better.

Second course in a two-course integrative learning capstone design sequence. Topics include detailed engineering analysis, design decisions, fabrication of prototypes, and written/oral communication. Student teams complete design project started in MAE 471, culminating in a final design solution. Teamwork Required.

(Lecture-problems 2 hours, Laboratory 3 hours). Letter grade only (A-F).

474./574. Computer-Aided Manufacturing (3)

Prerequisites: MAE 322, MAE 490A all with a grade of "C" or better.

Fundamental concepts in automation. High volume discrete parts production systems. Numerical control manufacturing systems. Computer process monitoring. Direct digital control. Group techniques. Flexible manufacturing systems.

Letter grade only (A-F). (Lecture-Problems 2 hours, Laboratory 3 hours)

476. Mechanical Control Systems I (3)

Prerequisite: MAE 376 with a grade of "C" or better.

Feedback control systems in mechanical engineering. Modeling, analysis, and design. System performance and design criteria: stability, transient response, frequency response and compensation, root locus. Introduction to nonlinear control systems, state space analysis and design.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

478. Aerospace System Design I (3)

Prerequisites: MAE 334, MAE 365, and MAE 381 all with a grade of "C" or better.

Corequisite: MAE 434, MAE 465, or MAE 481.

First course in a two-course integrative learning capstone design sequence. Customer specifications are articulated in a proposal. Student teams define system requirements and work through preliminary design. Extensive design reviews (oral presentations) and written reports required.

Letter grade only (A-F). (Lecture-Design Project 2 hours, Laboratory 3 hours)

479. Aerospace Systems Design II (2)

Prerequisite: MAE 478 with a grade of "C" or better.

Second course in a two-course integrative learning capstone design sequence. Team projects started in MAE 478 are completed. Design for manufacturing. System evaluation verification and validation. Aerospace engineering ethics. Extensive design reviews (oral presentations) and written reports are required.

(Lecture-Design Project 1 hour, Laboratory 3 hours) Letter grade only (A-F).

481. Spacecraft Systems (3)

Prerequisite: MAE 381 with a grade of "C" or better.

Systems engineering approach to spacecraft design. Spacecraft systems engineering and spacecraft and power subsystem. Radiative and conductive heat transfer. Thermal control subsystem. Telecommunications. Command and data handling. Team projects including spacecraft subsystem design are assigned. Written reports and oral presentations are required.

(Lecture-Problems 3 hours) Letter grade only (A-F).

483. Space Flight and Orbital Mechanics (3)

Prerequisites: MAE 381 with a grade of "C" or better.

Two-body problem. Predicting orbital positions. Kepler's equation. Orbital elements. Lambert's problem. Rocket dynamics. Rocket payloads and staging. Impulsive orbital transfer. Interplanetary mission analysis. Projects are assigned and written reports are required.

(Lecture-problems 3 hours). Letter grade only (A-F).

490. Selected Topics in Mechanical and Aerospace Engineering (3)

Prerequisites: Senior standing in engineering and consent of instructor.

Selected topics from recent advances in mechanical and aerospace engineering. Content may vary from semester to semester.

May be repeated to a maximum of 6 units with different topics. (Lecture-problems 3 hours) Letter grade only (A-F).

A. CAD/CAM

Prerequisites: MAE 172; MAE 272 or MAE 350; MAE 322 or MAE 365; and MAE 373; upper-division standing or consent of instructor.

Not open for credit to students with credit in ME 405A.

B. Robotics Principles

Prerequisites: MAE 371, MAE 376; upper-division standing or consent of instructor.

Not open for credit to students with credit in ME 405B.

C. Energy and Resource Management (3)

Prerequisites: MAE 330 and MAE 431 all with a grade of "C" or better.

F. Petroleum Engineering

Prerequisites: Senior standing in engineering or science.

G. Mechatronics Systems Design

Prerequisites: (EE 202 and EE 346) or (MAE 300 and MAE 376) all with a grade of "C" or better or consent of instructor.

Same course as EE 442. Not open for credit to students with credit in: EE 442.

491. Special Problems (1-3)

Prerequisite: Senior standing.

Assigned topics in technical literature or laboratory projects and reports on same.

Requires consultation with the respective program's undergraduate advisor and submission of an Agreement for Independent Study form as a contract for the project and submission of a Special Problems Permission form each semester of enrollment. Instructor permission is required. May be repeated to a maximum of 3 units in different semesters. Letter grade only (A-F).

GRADUATE LEVEL

501. Engineering Analysis I (3)

Prerequisite: MATH 370A with a grade of "C" or better.

Differential equations, series solutions of differential equations (special functions), boundary-value problems and characteristic function representation, Laplace transforms, Fourier analysis, partial differential equations, formulating and solving problems in engineering for systems of differential equations and partial differential equations, complex analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

502. Engineering Analysis II (3)

Prerequisite: MAE 501 with a grade of "C" or better.

Linear algebra, matrix computations, systems of differential equations, eigenvalue problems, iterative solution of systems of algebraic equations, numerical methods for ordinary and partial differential equations, systems of nonlinear equations, optimization. (Lecture-problems 3 hours) Letter grade only (A-F).

505. Quantitative Methods for Engineering Managers (3)

Prerequisite: MAE 501 or MAE 502 or equivalents all with a grade of "C" or better.

Concepts and methods using quantitative approaches in engineering management decision-making. Computer-based tools used in management decision-making for subjective approaches. Probabilistic methods, forms of linear program model, network analysis, dynamic programming, Monte Carlo simulation and

queuing models. Methods formulating problems are emphasized.

(Lecture-problems 3 hours) Letter grade only (A-F).

506. Management of Engineering Technology and Innovation (3)

Prerequisite: Graduate engineering standing.

Analysis of the principles and theory of engineering administrative organizations, information systems, management functions, decision making tools, strategies and administrative policy formulations.

(Lecture-problems 3 hours) Letter grade only (A-F).

507. Engineering Project Management (3)

Prerequisite: Graduate engineering standing.

Theory and philosophies of project management, principles of internal and industrial organization planning and control systems, motion in time study, industrial statistics, industrial research as aid to decision making.

(Lecture-problems 3 hours) Letter grade only (A-F).

508./408. Systems Engineering and Integration (3)

Prerequisite: Senior standing or consent of instructor.

Tools and methods employed by systems engineers in aerospace industry. Development of system functions, requirements, verification and validation, and interfaces in context of integrated product teams and the product life cycle. Trade studies and risk management. Projects assigned, written reports and oral presentations are required.

Additional projects required for MAE 508. (Lecture-Problems 3 hours) Letter grade only (A-F).

512./612. Computer Aided Design in Mechanical Engineering (3)

Prerequisites: MAE 490A, MAE 501, MAE 502. (Master's students register in MAE 512 or MAE 612; Ph.D. students register in MAE 612) all with a grade of "C" or better.

Computer graphics in CAD/CAM. Includes geometrical transformations, viewing in three dimensions, modeling and object hierarchy, representation of 3D shapes, shading models and imaging databases and data transfer.

(Lecture-problems 3 hours) Letter grade only (A-F).

521. Engineering Metallurgy II (3)

Prerequisite: MAE 322 with a grade of "C" or better.

Properties and uses of structural steels: heat treatable steels; titanium alloys; nickel and cobalt base alloys; refractory metals; ultra high-strength steels; stainless steels; and metal matrix composite materials. Designing for fracture resistance.

(Lecture-Problems 3 hours) Letter grade only (A-F).

522./422. Composite Materials (3)

Prerequisite: MAE 373 with a grade of "C" or better.

Stress-strain relations for anisotropic materials. Classical lamination theory. Strength and failure theories for laminae and laminates. Micromechanics. Applications of composite structures. Additional projects will be required for MAE 522.

(Lecture-problems 3 hours) Letter grade only (A-F).

523. Nanomaterial Properties and Applications (3)

Prerequisite: MAE 322 or equivalent, graduate student standing, or consent of instructor.

Mechanical and material characteristics of hierarchical materials with nanoscale features. Overview of synthesis, characterization techniques and applications of nanomaterials.

Lecture-problems 3 hours. Letter grade only (A-F).

527. Metals and Plastics Manufacturing Processes (3)

Prerequisite: MAE 322 with a grade of "C" or better.

Theory of metal forming and plastics processing. Includes metal forging and rolling, metal and plastics extrusion, plastics injection molding, casting. Discussion of appropriate manufacturing methods.

(Lecture-problems 3 hours) Letter grade only (A-F).

528. Advanced Composites Manufacturing (3)

Prerequisite: Graduate standing in ME/AE or consent of instructor.

Characteristics of advanced polymer composites manufacturing processes, their capabilities, and limitations. Curing, repair, green manufacturing, and process modeling of advanced composites. Manufacturing of nanocomposites.

(Lecture-problems 3 hours.) Letter grade only (A-F).

529. Structural Analysis of Composite Laminates (3)

Prerequisite: MAE 522 with a grade of "C" or better or consent of instructor.

Beams, columns and rods of composite materials. Bending, vibration and buckling analysis of composite laminates. Shells of composite materials. Joining of composite material structures.

(Lecture-Problems 3 hours) Letter grade only (A-F).

531. Advanced Heat Transfer (3)

Prerequisites: MAE 431, MAE 501 all with a grade of "C" or better.

Advanced topics in conduction and convection heat transfer, analytical and numerical solutions to multidimensional heat conduction equations in various geometries. Solutions to laminar and turbulent convective heat transfer problems. External and internal flows, free and forced convection, and mass transfer from external surfaces. Applications in thermal systems design.

(Lecture-problems 3 hours) Letter grade only (A-F).

533. Gas Dynamics (3)

Prerequisite: MAE 333 or equivalent all with a grade of "C" or better.

Isentropic flow, normal and oblique shocks, Prandtl-Meyer flow, shock expansion theory, method of characteristics, nozzle flow, flow in ducts with friction and heat transfer, solutions of linearized potential equation with applications, slender body theory, similarity rules, transonic flow, shock wave/boundary layer interactions.

(Lecture-Problems 3 hours) Letter grade only (A-F).

535/435. Computational Fluid Dynamics I (3)

Prerequisites: MATH 370A, MAE 333 all with a grade of "C" or better.

Numerical methods for elliptic, parabolic, and hyperbolic equations, finite difference and finite volume methods, analysis of consistency, stability, and convergence, panel method, modeling and computation of boundary layer flows, etc.

Additional projects will be required for MAE 535. (Lecture-Problems 3 hours) Letter grade only (A-F).

537. Advanced Fluid Dynamics I (3)

Prerequisites: CE 335, MAE 431 all with a grade of "C" or better.

Dynamics of ideal, real and compressible flows, potential flow, vortex flow, the Navier Stokes equations, integral and differential equations for laminar flow, exact solutions for laminar flow, steady and unsteady compressible flows.

(Lecture-problems 3 hours) Letter grade only (A-F).

538. HVAC Systems, Energy Ratings and LEEDS (3)

Prerequisites: MAE 330 and CE 335, with a grade of "C" or better.

Building envelope and environment. HVAC equipment and systems. Lighting, green design and energy rating systems, and LEEDS.

Lecture-Problems 3 hours. Letter grade only (A-F)

551./451. Aircraft Preliminary Design and Performance (3)

Prerequisites: MAE 334, MAE 350 all with a grade of "C" or better, or consent of instructor.

Complete aircraft preliminary design, including mission definition, specifications and regulations. Preliminary takeoff weight and weight empty for a specific mission. Aircraft geometric characteristics are developed. Detailed aerodynamic data are estimated and used to calculate aircraft performance. The design project is conducted in teams for MAE 451 and individually for MAE 551.

(Lecture-Design Project 3 hours) Letter grade only (A-F).

553. Advanced Flight Dynamics and Control (3)

Prerequisites: MAE 502 or equivalent all with a grade of "C" or better.

Introduces the design and analysis of flight control systems. Topics include linear and nonlinear flight dynamics, state space modeling, stability analysis, modern control system design and simulation.

(Lecture-problems 3 hours) Letter grade only (A-F).

563. Linear Finite Element Analysis (3)

Prerequisite: MAE 409A with a grade of "C" or better.

Finite element(FE) forms of differential equations. Isoparametric concepts. Dynamic response of damped elastic structures, modal and direct integration analysis. Automatic mesh generation via solid modeling using IDEAS, automatic adaptation to popular software such as: STRUDEL, NASTRAN, ANSYS, and ABAQUS. FE fluid flow and heat transfer analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

567. Advanced Mechanics of Deformable Bodies (3)

Prerequisites: MAE 373, MAE 374, MAE 471 all with a grade of "C" or better or consent of instructor.

Analysis of stress and deflection in unsymmetrical bending, shear center for beams, curved beams. Stress concentration, deformation beyond the elastic limit. Energy method; Castigliano's Theorem; Rayleigh-Ritz technique.

(Lecture-problems 3 hours) Letter grade only (A-F).

568. Creep and Fatigue (3)

Prerequisites: MAE 322, MAE 373 all with a grade of "C" or better, or consent of instructor.

Phenomena of creep and fatigue; effect on stress distribution in structural elements; buckling caused by creep; effects of space environment on fatigue; cumulative fatigue damage at normal and elevated temperatures.

(Lecture-problems 3 hours) Letter grade only (A-F).

572. Structural Design Optimization (3)

Prerequisite: MAE 373 with a grade of "C" or better or consent of instructor.

Structural optimization using calculus of variations. Method of Lagrange multipliers, unconstrained and constrained optimization, fast reanalysis techniques, sequential approximate optimization, sensitivity calculations of structural response, variational sensitivity analysis, approximation techniques, optimal design of laminated composite materials etc.

(Lecture-Problems 3 hours) Letter grade only (A-F).

573. Modern Control of Dynamic Systems (3)

Prerequisite: MAE 476 with a grade of "C" or better.

Advanced topics in analysis and design of modern control systems in mechanical engineering. Topics include state space, Riccati and Liapunov equations, Linear Quadratic Regulator (LQR), Kalman filter, etc. Optimization via calculus of variations, Pontryagin's minimum principle. Control of distributed-parameter systems with applications to structural dynamics.

Letter grade only (A-F). (Lecture-problems 3 hours)

574./474. Computer-Aided Manufacturing (3)

Prerequisites: MAE 322, MAE 490A all with a grade of "C" or better.

Fundamental concepts in automation. High volume discrete parts production systems. Numerical control manufacturing systems. Computer process monitoring. Direct digital control. Group techniques. Flexible manufacturing systems. Additional projects will be required from M.S. students in a wide-range of Engineering applications.

Letter grade only (A-F). (Lecture-Problems 2 hours, Laboratory 3 hours).

575. Robot Modeling and Control (3)

Prerequisites: MAE 371, MATH 370A all with a grade of "C" or better.

Detailed study of rigid body dynamics with emphasis on robot arm analysis. Three-dimensional kinematic analysis. Rotational and homogeneous transformations. Eulerian angles. Denavit Hartenberg representation. Kinematic chains. Recursive formulas. Euler's moment equations and gyrodynamic. Multi-body analysis. Lagrange's equations. Special topics.

(Lecture-problems 3 hours) Letter grade only (A-F).

576. Engineering Vibrations (3)

Prerequisite: MAE 376 with a grade of "C" or better.

Fundamentals of mechanical vibrations, types of oscillatory motions. Single-Degree-of-Freedom (SDOF) and Multiple-Degree-of-Freedom (MDOF) systems. Free and forced vibrations, damping, vibration isolation, vibration measuring instruments, Modal analysis. Lagrange's equations. Introduction to Finite Element Method and modal testing.

(Lecture-problems 3 hours) Letter grade only (A-F).

578. Haptic Systems for Virtual Reality and Teleoperation (3)

Prerequisites: MAE 501; MAE 376 or MAE 490B and MAE 476 or equivalent all with a grade of "C" or better.

The course introduces haptic systems, which involve virtual and teleoperated environments that are displayed through force and/or tactile feedback. Topics covered include: human haptic sensing and control, design of haptic interfaces, teleoperation, modeling of virtual environments, control and stability issues.

(Lecture-Problems 3 hours) Letter grade only (A-F).

581. Space Vehicle Design (3)

Prerequisite: Graduate engineering standing or consent of instructor.

Space environments and their impact on spacecraft design. Space mission design. Payloads and communications. Integration of attitude determination and control, thermal, propulsion, configuration, telemetry, power, structures, and data handling subsystems.

(Lecture-Problems 3 hours) Letter grade only (A-F).

582. Rocket and Spacecraft Propulsion (3)

Prerequisite: Graduate engineering standing or consent of instructor.

Thrust and specific impulse. Compressible flows. Detailed analysis of liquid, solid and hybrid propulsion systems. Includes propellants, injection systems, combustion and chemical equilibrium, thrust chambers, nozzles and plumes. Electro-thermal thrusters. Plasmas and electromagnetic thrusters.

(Lecture-Problems 3 hours) Letter grade only (A-F).

583. Astrodynamics (3)

Prerequisite: MAE 502 or equivalent all with a grade of "C" or better, or consent of instructor.

Physical principles. Two-body and central force motion. Coordinate and time systems. Trajectory correction maneuvers. Position and

velocity in conic orbits. Lambert's Problem. Celestial mechanics. Orbital perturbations. Numerical methods in orbital mechanics and mission analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

585. Spacecraft Attitude Determination and Control (3)

Prerequisite: MAE 501 or equivalent all with a grade of "C" or better, or consent of instructor.

Control systems. Spacecraft attitude dynamics and control. Stabilization methods and maneuvers. Impact of flexible structures.

(Lecture-Problems 3 hours) Letter grading only (A-F).

590. Selected Topics in Mechanical and Aerospace Engineering (1-3)

Prerequisites: MAE 501, MAE 502 all with a grade of "C" or better, and other prerequisites as related to the topics offered, or consent of instructor.

Selected topics from recent advances in mechanical or aerospace engineering.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*. (Lecture-problems 3 hours).

612./512. Computer Aided Design in Mechanical Engineering (3)

Prerequisites: MAE 490A, MAE 501, MAE 502. (Master's students register in MAE 512 or MAE 612; Ph.D. students register in MAE 612) all with a grade of "C" or better.

Computer graphics in CAD/CAM. Includes geometrical transformations, viewing in three dimensions, modeling and object hierarchy, representation of 3D shapes, shading models and imaging databases and data transfer. Additional projects required for MAE 612.

(Lecture-problems 3 hours) Letter grade only (A-F).

631. Thermal Radiation (3)

Prerequisite: Consent of instructor.

Fundamentals of thermal radiation, properties of matter, radiative exchange in enclosures, equation of transfer for radiative transfer in absorbing, emitting, scattering media, gas radiation, and solutions for gas flows.

(Lecture-problems 3 hours) Letter grade only (A-F).

633. Hypersonic Flow (3)

Prerequisite: MAE 533 with a grade of "C" or better.

Hypersonic shock and expansion-wave relations, similarity concepts, Newtonian theory and modified Newtonian theory, nonlinear small-disturbance theory, blunt body flows, hypersonic viscous/inviscid interactions, aerodynamic heating, real gas effects, waveriders, atmospheric reentry.

(Lecture-Problems 3 hours) Letter grade only (A-F).

635./735. Computational Fluid Dynamics II (3)

Prerequisite: MAE 535 with a grade of "C" or better.

Computational methods for solving Euler and Navier-Stokes equations, implicit and explicit schemes, upwind differencing and artificial diffusion, multi-grid techniques and convergence acceleration, unstructured grid techniques, turbulence modeling, application to inviscid and viscous subsonic, transonic, and supersonic flows, inverse problems and aerodynamic shape optimization.

(Lecture-Problems 3 hours) Letter grade only (A-F).

637. Advanced Fluid Dynamics II (3)

Prerequisites: MAE 431, MAE 501, MAE 537 all with a grade of "C" or better.

Transition to turbulent flow, wall bounded and free turbulent shear flows, numerical methods for turbulent flow, turbulence modeling.

(Lecture-problems 3 hours) Letter grade only (A-F).

639. Turbulence (3)

Prerequisites: MAE 537 all with a grade of "C" or better.

Nature of turbulent flows, dynamics of turbulence, statistical description, homogeneous turbulence and spectral dynamics characteristics of turbulent shear flows.

(Lecture-problems 3 hours) Letter grade only (A-F).

663./763. Nonlinear Optimized Structures (3)

Prerequisite: MAE 563, or consent of instructor. (Master's students register in MAE 663, Ph.D. students register in MAE 763) all with a grade of "C" or better.

Analysis, optimization of frame with automatic mesh generation using I-DEAS, with popular software such as: STRUDL, NASTRAN etc. Generation, idealization of complex structures. Sensitivity, Buckling analysis etc. Required topics for Ph.D. students: advanced numerical methods for flutter and random analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

669. Design of Composite Structures (3)

Prerequisite: MAE 522 all with a grade of "C" or better or consent of instructor.

Design concepts and guidelines of composite structures. Strength and stiffness design of composite laminates. Optimum design. Fatigue and creep of composite structures. Design of bolted and bonded joints.

(Lecture-Problems 3 hours) Letter grade only (A-F).

672. Stress Analysis in Design (3)

Prerequisite: MAE 567 with a grade of "C" or better or consent of instructor.

Modes of failure and failure criteria. Stability of mechanical models, elastic bars and frames by kinetic and energy approaches; design of columns, beam columns and framed columns. Plastic collapse and limit analysis. Experimental methods of stress analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

673. Theory of Elasticity and Plasticity (3)

Prerequisite: MAE 567 with a grade of "C" or better.

Equations of the mechanics of elastic bodies. Plane problem. Bending, torsion, and extension of Prismatic Bodies. Three-dimensional problem. Propagation of waves in elastic media. Approximate methods. Theory of plasticity.

(Lecture-problems 3 hours) Letter grade only (A-F).

678. Robust Control (3)

Prerequisites: MAE 476 (or an equivalent undergraduate course in classical control systems and state-space design methods), MAE 502 (or an equivalent course in linear algebra and matrix theory) all with a grade of "C" or better. Experience in basic programming and MATLAB are highly recommended.

Introduces robust analysis and design for multivariable feedback control systems with uncertain dynamics or unknown parameters. Topics include: uncertainty modeling; robust stability; robust performance; μ synthesis; H infinity control; and applications of linear matrix inequalities.

Letter grade only (A-F). (Lecture-Problems 3 hours)

690. Selected Topics in Mechanical and Aerospace Engineering (1-3)

Prerequisites: MAE 501, MAE 502 all with a grade of "C" or better, and other prerequisites as related to the topics offered, or consent of instructor.

Selected topics from recent advances in mechanical or aerospace engineering.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*. (Lecture-problems 3 hours).

691. Directed Studies (1-3)

Prerequisite: Graduate Standing in a Mechanical and Aerospace Engineering graduate program.

The study of information in the engineering and scientific literature on a current topic in mechanical or aerospace engineering under the direction of a faculty member. Submission of a final written report based on the literature surveyed.

Requires consultation with the respective program's graduate advisor and submission of an Agreement for Independent Study form as a contract for the project and submission of a Directed Studies permission form each semester of enrollment. Instructor permission is required. May be repeated to a maximum of 3 units in different semesters. Letter grade only (A-F).

697. Directed Research (1-6)

Prerequisite: Consent of instructor; Directed Research Permission and Agreement for Independent Study forms required each semester of enrollment.

Theoretical and experimental problems in MAE requiring extensive research and analysis.

May be repeated to a maximum of 6 units in different semesters. Not open for credit to students enrolled in MAE 698. Letter grade only (A-F).

698. Thesis (1-6)

Prerequisites: Graduate standing in a Mechanical and Aerospace Engineering graduate program and Advancement to Candidacy for the degree.

Planning, preparation, and completion of a thesis on a suitable topic in mechanical and aerospace engineering, following the library's prescribed format. The graduate advisor for the respective program and the thesis supervisor must be consulted prior to registration.

Submission of an Agreement for Independent Study form as a contract for the project and submission of a Thesis permission form are required for each semester of enrollment. Instructor permission is required. May be repeated to a maximum of 6 units in different semesters. Not open for credit to students who are enrolled in MAE 697. Letter grade only (A-F).

735./635. Computational Fluid Dynamics II (3)

Prerequisite: MAE 535 with a grade of "C" or better.

Methods for solving Euler and Navier-Stokes equations, implicit and explicit schemes, upwind differencing and artificial diffusion, multi-grid techniques and convergence acceleration, unstructured grid techniques, turbulence modeling, application to inviscid and viscous subsonic, transonic, and supersonic flows, etc.

Additional projects required for MAE 735. (Lecture-Problems 3 hours) Letter grade only (A-F).

763./663. Nonlinear Optimized Structures (3)

Prerequisite: MAE 563, or consent of instructor. (Master's students register in MAE 663, Ph.D. students register in MAE 763) all with a grade of "C" or better

Analysis, optimization of frame with automatic mesh generation using I-DEAS, with popular software such as: STRUDL, NASTRAN etc. Generation, idealization of complex structures. Sensitivity, Buckling analysis etc. Required topics for Ph.D. students: advanced numerical methods for flutter and random analysis.

(Lecture-problems 3 hours) Letter grade only (A-F).

795. Advanced Directed Studies (4)

Prerequisites: Master of Science degree or equivalent and formally admitted to the Ph.D. program in Engineering and Industrial Applied Mathematics.

Exploration of theoretical and experimental (if applicable) engineering problems in great depth with an emphasis on mathematical modeling and analysis. Students must present the findings in a formal report. Consultation with the respective program's graduate advisor and permission of faculty supervisor are required.

Submission of an Agreement for Independent Study form as a contract for the project and an Advanced Directed Studies permission form are required each semester of enrollment. May be repeated to a maximum of 8 units in different semesters. Letter grade only (A-F).

797. Advanced Directed Research (4)

Prerequisites: Master of Science degree or equivalent and formally admitted to the Ph.D. program in Engineering and Industrial Applied Mathematics. Exploration of theoretical and experimental (if applicable) engineering problems in great depth, with emphasis on mathematical modeling and analysis. Students must present the findings in a formal report and a seminar. Consultation with the respective program's graduate advisor and permission of faculty supervisor are required.

Submission of an Agreement for Independent Study form as a contract for the project and an Advanced Directed Research permission form are required each semester of enrollment. May be repeated to a maximum of 8 units in different semesters. Letter grade only (A-F).

798. Doctoral Dissertation (4-12)

Prerequisite: Enrollment is limited to students formally admitted to the Ph.D. program in Engineering and Industrial Applied Mathematics who have passed the preliminary examinations and research tool tests on completion of at least 48 units of course work. A written dissertation proposal containing an outline of the research to be undertaken must be submitted with references to relevant source material. Consultation with the respective program's graduate advisor and permission of faculty supervisor are required. Student may only embark upon the doctoral dissertation after having received a positive recommendation.

Submission of an Agreement for Independent Study form as a contract for the project and an Advanced Directed Research permission form are required each semester of enrollment. Students must enroll in a minimum of 4 units per semester. May be repeated to a maximum of 12 units in different semesters. Letter grade only (A-F).

MEDIEVAL AND RENAISSANCE STUDIES

College of Liberal Arts

Directors: Lloyd E. Kermode, Martine van Elk

Forney (Music), Bonnie Gasior (Romance, German, Russian Languages and Literatures), Cheryl Goldstein (Comparative World Literature), Stanley Jones (Religious Studies), Timothy Keirn (History), Marie Kelleher (History), Lloyd E. Kermode (English), Eileen Klink (English), Julia Miller (Art), Ilan Mitchell-Smith (English), Lawrence Nolan (Philosophy), Martine van Elk (English), Lisa Vollendorf (Romance, German, Russian Languages and Literatures)

Introduction

The Center offers two academic programs in Medieval and Renaissance Studies, a Minor available to undergraduate students and a Certificate available to both undergraduate and graduate students. The Center also sponsors professional events such as visiting speakers and seminars. Interested students should contact the program directors or visit the Center website at www.csulb.edu/centers/med-ren.

Minor in Medieval and Renaissance Studies

This minor offers an interdisciplinary study of the Middle Ages and the Renaissance. Interested students should contact the program's advisor prior to or during the first semester of taking classes toward the minor. These requirements may be counted, where applicable, toward the General Education requirements, the major, and minor.

The program consists of a minimum of 21 units selected in consultation with the program advisor in addition to demonstrated competence in a foreign language appropriate to the area of concentration. The 21 required units include 12 units of core classes and 9 electives chosen from these courses as well as from Music, Political Science, Philosophy, Religious Studies, RGLL, and Theatre.

Requirements

1. Six units chosen from the following:
HIST 316, HIST 317, HIST 332, HIST 333.
2. Three units of an upper-division course in Literature:
CWL 330A, CWL 349†, CWL 414, CWL 422, CWL 430, CWL 431, CWL 432, CWL 449†; ENGL 363, ENGL 451, ENGL 452, ENGL 453, ENGL 462, ENGL 463, ENGL 468, ENGL 469†, ENGL 489†, ENGL 498†; FREN 470, FREN 471, FREN 472, FREN 490†; GERM 398†, GERM 415, GERM 498†; GK 490†; ITAL 335, ITAL 414, ITAL 473, ITAL 490†; LAT 490†; SPAN 330†, SPAN 400, SPAN 438, SPAN 446†, SPAN 450, SPAN 490†.
3. Three units of an upper-division course in Art History:
AH 408, AH 409, AH 410, AH 423, AH 424, AH 425, AH 426, AH 427, AH 497†, AH 498†.
4. Nine additional units chosen from courses listed above (without repeating the required core) and the following:
AH 470A, AH 470B, HIST 318, HIST 319, HIST 334, HIST 351, HIST 353, HIST 400I, HIST 443, HIST 495†, HIST 499†; MUS 360, MUS 400R, MUS 400S; PHIL 413, PHIL

490†; POSC 493†, POSC 497†; RGR 450; R/ST 314, R/ST 331, R/ST 471, R/ST 472, R/ST 490†; THEA 221, THEA 490†.

† courses that can only count towards the minor if the topic is relevant to Medieval and Renaissance studies.

Certificate in Medieval and Renaissance Studies

Students may only pursue the certificate program in combination with a CSULB degree program.

Requirements

1. A bachelor's degree with an approved major. Certificate may be completed prior to the completion of the B.A. requirement or while in the process of working toward an advanced degree.
2. Consultation and approval of the program with a faculty advisor.
3. Intermediate level language proficiency on the college level, including a course in medieval or Renaissance literature of the language. It is expected that the language will be Anglo-Saxon, French, German, Greek, Italian, Latin, or Spanish, but with consent of the advisor another language may be substituted.
4. Twenty-four units selected from the following courses. Students should elect to concentrate in either the medieval or Renaissance period.
 - A. Required courses (12 units):
One of the following sequences for six units:
HIST 316 and HIST 317, HIST 317 and HIST 332, or HIST 332 and HIST 333.
One of the following literature courses for three units:
CWL 330A, CWL 431, CWL 432, CWL 531, CWL 532; ENGL 451, ENGL 452, ENGL 453, ENGL 552, ENGL 553, ENGL 554.
One of the following Art History courses for three units:
AH 408, AH 409, AH 410, AH 423, AH 424, AH 425, AH 426, AH 427, AH 508, AH 509, AH 510, AH 523, AH 524, AH 525, AH 526, AH 527.
 - B. Nine units selected from the following courses (without repeating the required core):
AH 408, AH 409, AH 410, AH 423, AH 424, AH 425, AH 426, AH 427, AH 470A, AH 470B, AH 497†, AH 498†; CWL 330A, CWL 349†, CWL 414, CWL 422, CWL 430, CWL 431, CWL 432, CWL 449†; ENGL 363, ENGL 451, ENGL 452, ENGL 453, ENGL 462, ENGL 463, ENGL 468, ENGL 469†, ENGL 489†, ENGL 498†; FREN 470, FREN 471, FREN 472, FREN 490†; GERM 398†, GERM 415, GERM 498†; GK 490†; HIST 316, HIST 317, HIST 318, HIST 319, HIST 332, HIST 333, HIST 334, HIST 351, HIST 353, HIST 400I, HIST 443, HIST 495†, HIST 499†; ITAL 335, ITAL 414, ITAL 473, ITAL 490†; LAT 490†; MUS 360, MUS 400R, MUS 400S; PHIL 413, PHIL 490†; POSC 493†, POSC 497†; RGR 450; R/ST 314, R/ST 331, R/ST 471, R/ST 472, R/ST 490†; SPAN 330†, SPAN 400, SPAN 438, SPAN 446†, SPAN 450, SPAN 490†; THEA 221, THEA 490†.

Graduate courses: AH 508, AH 509, AH 510, AH 523, AH 524, AH 525, AH 526, AH 527, AH 570A, AH 570B, AH 597†, AH 598†; CWL 530, CWL 531, CWL 532, CWL 549†, CWL 550†; ENGL 550, ENGL 551, ENGL 552, ENGL 553, ENGL 554, ENGL 562, ENGL 568, ENGL 583†, ENGL 652, ENGL 653, ENGL 681†, ENGL 683†; FREN 570, FREN 571, FREN 572, FREN 590†, FREN 688†; GERM 511†; HIST 510†, HIST 543, HIST 590†, HIST 611†, HIST 631†; MUS 561, MUS 600R, MUS 600S; PHIL 513, PHIL 590†, PHIL 630†, PHIL 690†; R/ST 590†; SPAN 500, SPAN 538, SPAN 546†, SPAN 550, SPAN 590†; THEA 690†.

C. Three units of directed research on a medieval or Renaissance topic in any of the following courses:

Undergraduate courses:

AH 495, AH 496; CWL 499; ENGL 499; FREN 499; GERM 499; GK 499; HIST 498; ITAL 499; LAT 499; MUS 499; PHIL 499; POSC 499; R/ST 499; SPAN 499; THEA 498.

Graduate courses:

AH 595, AH 596; ENGL 598, ENGL 697; FREN 697; GERM 599, GERM 697; HIST 695, HIST 697; PHIL 697; POSC 599, POSC 697; R/ST 697; SPAN 599; THEA 694.

†With an approved medieval or Renaissance topic; certain special studies topics may be repeated for credit with approval.

MILITARY SCIENCE

College of Health and Human Services

Program Director: Major Victor Stephenson

Program Office: HSD 108

Faculty: Maj. Paul Badillo, Ms. Debra McCall, Mr. Robert Lee, Mr. John Rogers

Website: www.csulbrotc.org

Career Possibilities

United States Army Officer active duty/reserves/national guard part-time or fulltime, with possible career fields in:

• Aviation • Armor • Nurse Corps • Engineer • Finance • Military Intelligence • Infantry • Ordnance • Medical • Air Defense • Quartermaster • Field Artillery • Chemical • Signal • Transportation

Introduction

The Army Reserve Officers Training Corps (Army ROTC) is a four-year program. Students desiring to attain a commission as a Second Lieutenant in the U.S. Army must meet eligibility requirements and complete the Military Science/Army ROTC Advanced Course. To be eligible for the Commissioning Program, a student must be enrolled full time (12 units) at CSULB, have at least one and a half years remaining as a university student, be physically qualified, complete the advanced course and graduate prior to reaching their 31st birthday.

Financial Assistance

Many opportunities for financial assistance are available to students. For further information, please visit the website or visit the program office.

Equipment and Uniforms

All necessary equipment, uniforms and textbooks for participation in the Military Science/ROTC program are furnished to the student by the United States Government free of charge. Title to this property, other than expendable items, remains with the government.

Basic Course

The Basic Course is a one to two-year period where students may, without obligation, investigate the ROTC Program and the military as a full- or part-time career. Students may enroll and drop during any semester.

ROTC Leaders Training Course

Transfer students who plan to participate in the two-year ROTC program need to make their intentions known directly to the Military Science Program no later than May of the year they plan to register at the university.

The government provides a transportation allowance to and from the 30-day Basic Camp and students will receive approximately \$600. No military obligation is incurred as a result of attendance.

Basic Training

Students who have successfully served on active duty or are members of Reserve or National Guard units, are qualified to enter the Advanced Course dependent on their academic alignment.

Leader Development/Assessment Course

The Advanced Course is a two-year period. To become a Cadet, students must complete the Basic Course, ROTC Summer Basic Camp, or Basic Training. The Cadet must also make a commitment to attend all required training activities and sign a contract to accept a commission in the United States Army. In return, the Military Science Department will provide \$350 - \$500 a month, classroom instruction, leadership opportunities, and feedback on cadet's leadership progress. A 32-day summer training camp will be provided for assessing and developing the cadet's leadership abilities. Cadets receive pay at the rate of one-half of Second Lieutenant's basic pay. Upon successful completion of the Advanced Course and graduation from the university, cadets will be eligible to be commissioned as a Second Lieutenant in the United States Army.

Required Related General Education Subjects

1. Written Communications: (Category A) ENGL 100
2. Human Behavior: (Category D) POSC 100
3. Computer Literacy
4. Mathematical Reasoning: (Category B) MATH 103 or MATH 110

Courses (M S)

LOWER DIVISION

(Open to all University students)

101. Foundations of Officership (1)

Corequisite for ROTC Cadets: MS 101L.

Introduction to issues and competencies that is central to a commissioned officer's responsibilities, including: the Army Profession; personal development; physical well-being, leadership; values and ethics.

Letter grade only (A-F).

101L. Leadership Laboratory (1)

Prerequisite: Accepted as a cadet in the Army ROTC Program; Corequisite: MS 101.

Assists students in transition from a civilian into a cadet. Exposure to Army values and selected military skills. Introduction to Army leadership techniques through basic leadership experiences and assessment.

Credit/No Credit grading only.

102. Basic Leadership (1)

Prerequisite/Corequisite: MS 101 or consent of instructor. Corequisite for ROTC Cadets: MS 102L.

Expands upon topics introduced in MS 101 by focusing on communications, leadership, and problem solving. Course also includes information about the organization of the Army, employment benefits, and work experience of Junior Officers.

Letter grade only (A-F).

102L. Leadership Laboratory (1)

Prerequisites: Accepted as a cadet in the Army ROTC Program; Corequisite: MS 102.

Credit/No Credit grading only. (Activity 2 hours.)

201. Individual Leadership Studies (2)

Prerequisites: MS 101, MS 102 or concurrent enrollment in MS 102.

Corequisite for ROTC Cadets: MS 201L.

Using principles of action, experiential and discovery learning, students face challenging physical and mental tasks, including: personal development, goal setting, communication, problem solving, decision making, leadership, teamwork, group processes, stress management, physical fitness and application of lessons to officership.

Letter grade only (A-F).

201L. Leadership Laboratory (2)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 201.

Credit/No Credit grading only. (Activity 4 hours.)

202. Leadership and Teamwork (2)

Prerequisite: MS 201 or consent of instructor.

Corequisite for ROTC Cadets: MS 202L.

Continuation of MS 201. Continues to employ the principles of action, experiential, and discovery teaming.

Letter grade only (A-F).

202L. Leadership Laboratory (2)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 202.

Credit/No Credit grading only. (Activity 4 hours.)

UPPER DIVISION

301. Leadership and Problem Solving (3)

Prerequisites: MS 202 and consent of instructor.

Corequisite for ROTC Cadets: MS 301L.

Enables students with no prior military or cadet experience to learn essential cadet knowledge and skills necessary for the integration into the cadet battalion and successful performance of key cadet tasks. Students are introduced to the Leadership Development Program.

Letter grade only (A-F).

301L. Leadership Laboratory (1)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 301.

Serve in leadership positions in the military chain of command at squad, platoon, and company levels. Develop and execute unit plans and orders; train other students in basic skill building, teamwork, execute small unit tactics, and prepare for Leadership Development and Assessment Course.

Credit/No Credit grading only.

302. Leadership and Ethics (3)

Prerequisites: MS 301 and consent of instructor.

Corequisite for ROTC Cadets: MS 302L.

Continues the development of students as leaders in foundational areas of leadership, interpersonal communications, values and ethics.

Letter grade only (A-F).

302L. Leadership Laboratory (1)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 302.

Students serve in leadership positions in military chain of command at squad, platoon and company levels. Develop and execute unit plans and orders; train other students in basic skill building, teamwork, execute small unit tactics, and prepare for the Leadership Development and Assessment Course training and evaluation.

Credit/No Credit grading only.

401. Leadership and Management (3)

Prerequisites: MS 302 and consent of instructor.

Corequisite for ROTC Cadets: MS 401L.

Begin the final transition from cadet to lieutenant. Focus on the Army's training management system, coordinating activities with staff, and counseling skills.

Letter grade only (A-F).

401L. Leadership Laboratory (2)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 402.

Credit/No Credit grading only. May be repeated to a maximum of 4 units. (Activity 4 hours.)

402. Officership (3)

Prerequisites: MS 302 and consent of instructor.

Corequisite for ROTC Cadets: MS 402L.

Complete transition from cadet to Lieutenant. Examine unit ethical climate and commander's role as moral anchor of unit. Topics include military law and leadership, Army organization, tactical and strategic operations, administrative and logistical management. Includes Leadership Development and Assessment Course Capstone Exercise.

Letter grade only (A-F).

402L. Leadership Laboratory (2)

Prerequisite: Accepted as a cadet in the Army ROTC Program;
Corequisite: MS 402.

Credit/No Credit grading only. May be repeated to a maximum of 4 units. (Activity 4 hours.)

411. U.S. Military History (3)

Corequisite for ROTC Cadets: MS 401L or MS 402L.

Evolution of the art of war with emphasis placed on the changing nature of warfare as nations adjust to social, political, economic and technological developments.

Letter grade only (A-F).

497. Independent Studies (1-3)

Prerequisites: Consent of Program Director and prior approval of topic.

Individual studies with faculty supervision in an area of Military Science specialization.

Letter grade only (A-F). Limited to a maximum of 3 units per semester. May be repeated to a maximum of 6 units.

MUSIC

BOB COLE CONSERVATORY OF MUSIC

College of the Arts

Director: Carolyn Bremer

Conservatory Office: University Music Center (UMC), Room C306
Telephone: (562) 985-4781
Website: www.csulb.edu/music

Faculty: David Anglin, Jermie Arnold, John T. Barcellona, Richard P. Birkemeier (Emeritus), Carolyn Bremer, Ray Briggs, John A. Carnahan, Shun-Lin Chou, Adam Con, Alicia Doyle, Kristine K. Forney (Emerita), Rob Frear, H. Martin Herman, Roger C. Hickman, Jeff Jarvis, Deborah Mitchell (Emerita), Johannes Mueller-Stosch, Donald J. Para (Emeritus), Alan Shockley, Jonathan Talberg, Raymond Torres-Santos, Leland Vail (Emeritus), Daniel Zanutto

Advisors:

Undergraduate: Leland Vail
Graduate Advisor: Alicia Doyle
Credential Advisor: Deborah Mitchell

Applied Music

Contact the Bob Cole Conservatory of Music for a complete list of applied faculty or visit the conservatory's website at www.csulb.edu/music

Administrative Coordinator: Debi Scroggins

Students desiring information should contact the Conservatory office for referral to one of the faculty advisors: Undergraduate Advisor, Music Education (credential) Advisor or Graduate Advisor.

Career Possibilities

Performer • Choral Director • Instrumental Conductor • Music Teacher • Music Director • Composer/Arranger • Copyist • Musical Instrument Sales Representative • Music Librarian • Music Critic • Music Editor • Performing Arts Manager (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The undergraduate music curriculum provides programs for the student: who wishes to become a professional musician; who wishes to enter the teaching profession; for whom music is part of a general education; or who is intending to pursue an advanced degree in music.

All entering freshmen and transfer students are required to take a theory placement test and performance audition which are regularly administered in Spring and late Fall and are also available at the beginning of registration week each semester. Each entering student should inquire at the Conservatory office for dates and details. In addition, new students are required to meet with the advisor prior to registration.

Each music major must declare a specialization in some performance area (voice, piano, or other orchestral instrument), develop ability in this area, appear in student recitals, and demonstrate progress to the satisfaction of the faculty. NOTE: Due to admissions limitations, the conservatory does not provide instruction in acoustic guitar.

A limited number of jazz guitar students will be admitted each year.

All undergraduate music majors are required to pass a screening examination in applied music on their primary instrument or voice before advancement to upper division applied study. This Upper Division Screening Exam (UDSE) will cover repertoire that is determined by each applied area. Specific information regarding the test may be obtained in the Conservatory office or from the advisor. The exam will be administered at a regular jury after four (4) semesters of applied study, however transfer students may elect to take it earlier. Failure to pass the exam will result in automatic suspension of all music conservatory scholarship aid and continued applied study.

Each student must pass a piano proficiency examination regardless of the performance area (piano majors excepted). Detailed information may be obtained in the Conservatory office.

All music majors must audition for, and perform in, a major performance organization (MUS 100/300) each semester and the ensemble must be approved by the Conservatory.

The Bob Cole Conservatory of Music offers graduate study leading to the Master of Arts or Master of Music degrees. The candidate should arrange for counseling with the Graduate Advisor through the Conservatory office. Special placement examinations or auditions are required to validate qualifications for graduate work in music.

All general requirements of the University must be met in addition to conservatory requirements listed below.

California State University, Long Beach is an accredited Institutional Member of the National Association of Schools of Music (NASM), 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, phone: 703-437-0700).

Undergraduate Programs

Bachelor of Arts in Music (120 units)

A non-performance-focused degree that sets music within the broader context of interdisciplinary studies, diversity, and contemporary thought. This degree has a basic music core, upper-division elective music units focused on popular, world, and film music as well as art music, an individualized track of non-music elective studies that focuses in at least two other disciplines (one major area and one or more minor areas), and a final research project culminating in a comprehensive senior paper/project that sets music within a context of historical, cultural, theoretical, or interdisciplinary studies, diversity issues, and contemporary thought. The project draws on an outside discipline from the student's coursework in Interdisciplinary and Cultural Studies.

An audition is required prior to admission to assess

performance standard. All applicants to the program must meet with the BA advisor prior to, or at the beginning of, the first semester of residence to review the statement of purpose and to draw up an individualized study plan.

Requirements

Music Theory (15-16 units)

Take all of the following:

MUS 141A Musicianship I (2)
Corequisite: MUS 142A.

MUS 141B Musicianship II (2)
Prerequisite: MUS 141A or satisfactory score on theory placement test. Corequisite: MUS 142B.

MUS 142A Harmony I (3)
Corequisite: MUS 141A.

MUS 142B Harmony II (3)
Prerequisites: MUS 141A & MUS 142A or satisfactory score in theory placement test. Corequisite: MUS 141B.

MUS 341 Form and Analysis (3)
Prerequisites: MUS 142B or consent of instructor.

Take one course from the following:

MUS 272A, 342

Music History/Literature (18 units)

Take all of the following:

MUS 190* Listener's Approach to Music (3)
Prerequisites/Corequisites: ENGL 100 or GE Composition (Area A1) or another GE Foundation course.

MUS 290 Popular Music in America (3)
Prerequisite: GE Foundation requirements.

MUS 490* Introduction to Music Cultures (3)
Prerequisite: GE Foundation requirements.

*double-counts as GE

Take three courses from the following:

MUS 160, MUS 360, MUS 374, MUS 363, MUS 364

Performance Ensembles (6 units)

Take 6 units of the following:

MUS 100, MUS 200 and/or MUS 300, MUS 400
(ensemble must meet Conservatory approval)

Applied Music (6 units)

Take 6 units of the following:

MUS 129/329

Complete Upper-Division Screening Exam (UDSE)

Piano Proficiency

Take the following:

Successful completion of the piano proficiency exam (equivalent to MUS 220B)

Music History Electives (9 units)

Take 9 units the following:

MUS 393, MUS 467, MUS 468, MUS 471 (repeatable to 6 units), MUS 363, MUS 364 (if not taken in Music History 18-unit core)

Interdisciplinary Cultural Studies (12 units, 6 upper division)

Take 6 units from one major discipline area and an additional 6 units in one or more areas. These areas can be, but are not limited to:

Anthropology; Africana Studies; Asian and Asian-American Studies; Comparative World Literature and Classics; Film Studies; Geography; History; International Studies; Journalism; Philosophy; Political Science; Religious Studies; Romance, German,

Russian Languages; and Women's, Gender, and Sexuality Studies

Final Exit Requirement (4 units)

MUS 496 Research Methods (3)

(taken penultimate semester of graduation)

Prerequisite: Consent of instructor.

One of the following:

MUS 423C Music History Senior Thesis (1)

Prerequisites: MUS 360, MUS 374, MUS 496 and consent of Director of Music History.

MUS 423D BA Senior Project (1)

Prerequisites: MUS 496 and senior standing and consent of instructor.

Bachelor of Music

The Bachelor of Music degree is a high-unit professional degree and requires 132 units for graduation. Music units include the core requirements and one option. Students interested in the BM program must successfully complete an audition for entrance to the program. This should be accomplished prior to entrance to the University. Students wishing to consider the BM program after they have enrolled at CSULB may not apply after they have completed more than a maximum of 96 units.

Music Education: Instrumental Music and Choral-Vocal Music Options

Core Requirements

Music History and Literature:

Take the following:

MUS 190* Listener's Approach to Music (3)

Prerequisites/Corequisites: ENGL 100 or GE Composition (Area A1) or another GE Foundation course.

MUS 490* Introduction to Music Cultures (3)

Prerequisite: GE Foundation requirements.

*Section by advisement, double-counts as GE - C.1

Take two of the following courses:

MUS 160 History of Music: Baroque/Classical (3)

Prerequisite: MUS 190.

MUS 360 History of Music: Medieval/Renaissance (3)

Prerequisites: MUS 190.

MUS 374 History of Music: 19th/20th Century (3)

Prerequisites: MUS 190, MUS 160 or consent of instructor.

Music Theory:

Take all of the following:

MUS 141A Musicianship I (2)

Corequisite: MUS 142A.

MUS 141B Musicianship II (2)

Prerequisite: MUS 141A or satisfactory score on theory placement test. Corequisite: MUS 142B.

MUS 142A Harmony I (3)

Corequisite: MUS 141A.

MUS 142B Harmony II (3)

Prerequisites: MUS 141A and MUS 142A or satisfactory score in theory placement test. Corequisite: MUS 141B.

MUS 240 Advanced Musicianship (2)

Prerequisite: MUS 141B

MUS 341 Form and Analysis (3)

Prerequisites: MUS 142B or consent of instructor.

MUS 342 Materials of Modern Music (3)

Prerequisite: MUS 341.

Major Performance Organization:

Take a minimum of 6 Units from the following:

MUS 100 (4), MUS 300 (2)

Recital:

MUS 323 Junior Recital (1)

Prerequisites: MUS 341, MUS 342. Corequisite: MUS 429.

Keyboard Proficiency:

Successful completion of conservatory's piano proficiency examination (equivalent to MUS 220B)

Option in Instrumental Music (132 units)

Requirements

Take the following course for 4 units:

MUS 129 Individual Instruction for Music Majors (1)

Prerequisite: None

Take the following course for 4 units:

MUS 429 Individual Instruction for Music Majors (2)

Prerequisite: Successful completion of Upper-Division Screening Exam on applied instrument

Take all of the following:

MUS 122A Class Voice (1)

Prerequisite: None

MUS 326 Conducting (2)

Prerequisites: Consent of instructor.

MUS 382B Beginning Instrumental Techniques and Literature (3)

Prerequisite: Three instrumental methods courses from the MUS 125 series.

MUS 425 Advanced Instrumental Conducting (2)

Prerequisite: MUS 326 or consent of instructor.

MUS 440B Beginning Jazz Methods (2)

Prerequisites: MUS 422, MUS 426, MUS 485 and Music Education major, or consent of instructor.

MUS 480 Marching Band Techniques (2)

Prerequisite: None

MUS 482B Secondary Literature/Rehearsal

Techniques - Instrumental (3)

Prerequisite: MUS 326, 382B and at least 3 MUS 125 Methods courses.

MUS 484 Arranging (2)

Prerequisites: MUS 142B

MUS 485 Music for the Elementary Child (3)

Prerequisite: None

MUS 487A Emerging Methods in Music Education (3)

Prerequisites: Music Education major and consent of instructor

MUS 487B Emerging Methods Chamber Performance (2)

Prerequisites: MUS 487A or consent of instructor.

Take all of the following courses:

MUS 125A, MUS 125B, MUS 125C, MUS 125D, MUS 125E, MUS 125F Instrumental Methods (1)

Single Subject Teaching Credential in Music

Completion of this option meets the subject matter competence requirement for the Single Subject Teaching Credential in Music. In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Music teachers are also required to complete

45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete up to 12 units in the credential program as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Prospective students should consult the conservatory's Music Education Advisor early to plan their program. CSULB students entering the Credential Program must apply to the graduate program during the last semester before graduation.

The Subject Matter Preparation Program has been approved by the California Commission on Teacher Credentialing.

Option in Choral-Vocal Music (132 units)

Requirements

Take the following course for 4 units:

MUS 129 Individual Instruction for Music Majors (1)

Prerequisite: None

Take the following course for 4 units:

MUS 429 Individual Instruction for Music Majors (2)

Prerequisite: Successful completion of Upper-Division Screening Exam on applied instrument or voice.

Take all of the following:

MUS 273A Diction for Singers (2)

Prerequisite: Consent of Instructor.

MUS 326 Conducting (2)

Prerequisites: Consent of instructor.

MUS 382A Elementary Choral Techniques and Literature (3)

Prerequisite: EDSS 300N, MUS 485, MUS 422.

MUS 422 Advanced Choral Conducting and Literature (2)

Prerequisites: MUS 326

MUS 426 Vocal Development (2)

Prerequisite: Consent of instructor.

MUS 440A Specialized Vocal Ensembles (2)

Prerequisites: MUS 422, MUS 426, MUS 485 and Music Education major, or consent of instructor.

MUS 482A Secondary Literature/Rehearsal Techniques – Choral-Vocal (3)

Prerequisite: MUS 382A or consent of instructor.

MUS 484 Arranging (2)

Prerequisites: MUS 142B

MUS 485 Music for the Elementary Child (3)

Prerequisite: None

MUS 487A Emerging Methods in Music Education (3)

Prerequisites: Music Education major and consent of instructor

MUS 487B Emerging Methods Chamber Performance (2)

Prerequisites: MUS 487A or consent of instructor.

Take 5 of the following courses:

MUS 125A, MUS 125B, MUS 125C, MUS 125D, MUS

125E, MUS 125F Instrumental Methods (1)

Single Subject Teaching Credential in Music

Completion of this option meets the subject matter competence requirement for the Single Subject Teaching Credential in Music. In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Music teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete up to 12 units in the credential program as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Prospective students should consult the conservatory's Music Education Advisor early to plan their program. CSULB students entering the Credential Program must apply to the graduate program during the last semester before graduation.

The Subject Matter Preparation Program has been approved by the California Commission on Teacher Credentialing.

Options in Performance, Composition and History and Literature

Core Requirements

Music History and Literature:

Take all the following courses:

MUS 160 History of Music: Baroque/Classical (3)
Prerequisite: MUS 190.

MUS 190* Listener's Approach to Music (3)
Prerequisites/Corequisites: ENGL 100 or GE Composition (Area A1) or another GE Foundation course.

MUS 360 History of Music: Medieval/Renaissance (3)
Prerequisites: MUS 190.

MUS 374 History of Music: 19th/20th Century (3)
Prerequisites: MUS 190, MUS 160 or consent of instructor.

MUS 490* Introduction to Music Cultures (3)
Prerequisite: GE Foundation requirements.

* Section by advisement, double-counts as GE – C.1

Music Theory:

Take all the following courses:

MUS 141A Musicianship I (2)
Corequisite: MUS 142A.

MUS 141B Musicianship II (2)
Prerequisite: MUS 141A or satisfactory score on theory placement test. Corequisite: MUS 142B.

MUS 142A Harmony I (3)
Corequisite: MUS 141A.

MUS 142B Harmony II (3)
Prerequisites: MUS 141A & MUS 142A or satisfactory score in theory placement test. Corequisite: MUS 141B.

MUS 240 Advanced Musicianship (2)
Prerequisites: MUS 141B and MUS 142B or satisfactory score on theory placement test.

MUS 341 Form and Analysis (3)
Prerequisites: MUS 142B or consent of instructor.

MUS 342 Materials of Modern Music (3)
Prerequisite: MUS 341.

Major Performance Organization:

MUS 100/300 Major Performance Organization (MPO), one topic each semester in residence: Piano majors take a maximum of 4 semesters of MPO; String students take Symphony Orchestra; Winds and Percussion students take Wind Symphony, Symphonic Band or Concert Band; Voice students take Chamber Choir, University Choir or 49er Chorus; Opera majors take Chamber Choir, University Choir or 49er Chorus for six semesters, and then substitute Opera (MUS 330) for two semesters; Jazz Studies majors take at least 4 units of Concert Jazz Orchestra, Studio Jazz Band, Vocal Jazz Ensemble I or Vocal Jazz Ensemble II; Composition majors who have passed the UDSE substitute New Music Ensemble (MUS 400B) after 4 semesters of MPO.

Keyboard Proficiency:

Successful completion of conservatory's piano proficiency examination (equivalent to MUS 220B) (piano majors excepted)

Option in Performance (132 units)

Requirements

Core:

MUS 129, 229/429 minimum of 15 units and maximum of 20 units with an achievement of senior level on major performance medium. Junior Recital (MUS 323) and Senior Recital (MUS 423A) are required of all students.

Piano:

Take 5 units of the following courses:
MUS 200, MUS 400

Take all of the following courses:
MUS 277 Keyboard Skills (2)
Prerequisite: None

MUS 427 Piano Pedagogy I (3)
Prerequisite: None

MUS 477 Piano Accompanying (2) (must take 2 times)
Prerequisite: MUS 277 or consent of instructor.

MUS 492A Studies in Keyboard Music (2)
Prerequisite: MUS 360 or consent of instructor.

MUS 492B Studies in Keyboard Music (2)
Prerequisite: MUS 360 or consent of instructor.

Electives:

Take 4 units from the following courses:
MUS 273A-B-C, MUS 326, MUS 428, MUS 434A-B, MUS 436, MUS 467, MUS 478.

String Instruments:

Take 4 units of the following courses:
MUS 200, MUS 400

Take the following course:
MUS 326 Conducting (2)
Prerequisites: Consent of instructor.

Take 6 units from the following courses:
MUS 428, MUS 467, MUS 471, MUS 478 and MUS 493.

Wind Instruments:

Take 4 units of the following courses:
(2 must be either woodwind or brass chamber music):

MUS 200/400

Take the following course:

MUS 326 Conducting (2)

Prerequisites: Consent of instructor.

Take 4 units of the following courses:

MUS 224 Performance and Styles (1), MUS 200T Saxophone Ensemble (1), MUS 200J Jazz Combos (1)

MUS 424 Performance and Styles (1), MUS 400T Saxophone Ensemble (1), MUS 400J Jazz Combos (1)

Take 6 units from the following courses:

MUS 428, MUS 467, MUS 471, MUS 478 and MUS 493.

Percussion:

Take 4 units of the following courses

(2 must be percussion ensemble):

MUS 200, MUS 400

Take the following course:

MUS 326 Conducting (2)

Prerequisites: Consent of instructor.

Take 6 units from the following courses:

MUS 428, MUS 467, MUS 471, MUS 478 and MUS 493.

Voice:

Take all of the following courses:

MUS 273A Diction for Singers (2)

Prerequisite: Consent of Instructor.

MUS 273B French Diction for Singers (1)

Prerequisite: MUS 273A.

MUS 273C German Diction for Singers (1)

Prerequisites: MUS 273A.

MUS 326 Conducting (2)

Prerequisites: Consent of instructor.

MUS 426 Vocal Development (2)

Prerequisite: Consent of instructor.

Take one of the following courses:

MUS 434A, MUS 434B

Take one course from the following:

MUS 428, MUS 467, MUS 469, and MUS 471

Take an additional two units from the following:

MUS 436, MUS 434A or MUS 434B

Completion of Bob Cole Conservatory of Music Foreign Language Examination in French, German or Italian (may be waived by completion of 101B level course in French, German or Italian).

Opera:

Take all of the following courses:

MUS 273A Diction for Singers (2)

Prerequisite: Consent of Instructor.

MUS 273B French Diction for Singers (1)

Prerequisite: MUS 273A.

MUS 273C German Diction for Singers (1)

Prerequisites: MUS 273A.

MUS 426 Vocal Development (2)

Prerequisite: Consent of instructor.

MUS 436 Opera Repertoire (2)

Prerequisites: MUS 273B, C or consent of instructor. Two years of voice study, completion of Bob Cole Conservatory of Music Foreign Language Proficiency Exam (may be waived upon successful completion of 101B level course in

French, German, or Italian).

MUS 473 Advanced Diction for Singers (2)

Prerequisites: MUS 273A, MUS 273B, or consent of instructor.

Take one of the following courses:

THEA 262, THEA 114A

Take two units from one the following courses (required as part of eight-unit activity requirement):

MUS 330, MUS 331

Choose two courses from the following:

Theatre Elective (3)

Dance Elective (DANC 111A or DANC 113A) (2)

MUS 469 Music of the Theatre (3)

Completion of Bob Cole Conservatory of Music Foreign Language Examination in French, German or Italian (may be waived by completion of 101B level course in French, German or Italian).

Jazz Studies:

Take 4 units of the following courses:

MUS 100/300L, M, N, O or MUS 200/400H

Take all of the following courses:

MUS 272A Jazz Theory I (2)

Prerequisite: MUS 142B or consent of instructor.

MUS 272B Jazz Theory II (2)

Prerequisite: MUS 272A or consent of instructor.

MUS 371A Improvisation Techniques I (2)

Prerequisites: 272B or consent of instructor.

MUS 371B Improvisation Techniques II (2)

Prerequisites: MUS 371A or consent of instructor.

MUS 393 Jazz, An American Music (3)

Prerequisite: GE Foundation requirement and upper division standing.

MUS 416 Jazz Pedagogy (2)

Prerequisite: MUS 371B or consent of instructor.

MUS 474A Jazz Arranging I (2)

Prerequisite: MUS 272B or consent of instructor.

Take 3 units by advisement from the following:

MUS 370, MUS 411A, MUS 414, MUS 417, MUS 442, MUS 455, MUS 456, MUS 457, MUS 474B or MUS 497D

Completion of Bob Cole Conservatory Jazz Piano Proficiency Examination (equivalent to MUS 221B)

Option in Composition (132 units)

Requirements

Take the following course:

MUS 129 to be taken each semester in residence until successful completion of the Upper-Division Screening Examination in applied music (4 unit minimum required).

Take all of the following courses:

MUS 241 Counterpoint (3)

Prerequisite: MUS 142B and consent of instructor.

MUS 244A Composition Workshop I (2)

Prerequisite: MUS 142A and consent of instructor.

MUS 244B Composition Workshop II (2)

Prerequisites: MUS 244A and consent of instructor.

MUS 344 Composition (2)

Prerequisites: MUS 244A-B; Corequisite MUS 329X.

MUS 423B Senior Composition Recital (1)

Prerequisites: Senior standing and consent of instructor.

MUS 444 Advanced Composition (2)
Prerequisites: MUS 344; Corequisite: MUS 329X.

Take 14 units from the following courses (at least 3 units must be selected from MUS 370, MUS 455, MUS 456, MUS 457 or MUS 497E):

MUS 272A, MUS 329X (may be repeated multiple times), MUS 370, MUS 371A, MUS 371B, MUS 411A, MUS 411B, MUS 441, MUS 442, MUS 443, MUS 444, MUS 455, MUS 456, MUS 457, MUS 458, MUS 497D-E-G, and THEA 449.

Take three units from the following courses:
MUS 200B, MUS 326, MUS 393, MUS 400B, MUS 422, MUS 425, and MUS 474.

Option in History and Literature (132 units)

Requirements

Take the following course:

MUS 129 taken each semester in residence until successful completion of Upper-Division Screening Examination in applied music (a minimum of 4 units is required).

Take all of the following courses:

MUS 423C Music History Senior Thesis (1)
Prerequisites: MUS 360, MUS 374, MUS 496 and consent of Director of Music History.

MUS 496 Research Methods (3)
Prerequisite: Consent of instructor.

Take 6 units from the following courses:

MUS 241, MUS 363, MUS 364, MUS 393, MUS 468

Take 15 units from the following courses:

MUS 428, MUS 441, MUS 467, MUS 469, MUS 471 (repeatable to 6 units), MUS 478, MUS 492A, MUS 492B, MUS 493 (repeatable to 6 units), MUS 400R, MUS 400S (repeatable to 3 units).

Completion of the Bob Cole Conservatory of Music Foreign Language Examination in French, German or Italian (may be waived by completion of 101B level course in French, German or Italian).

Take 3 units of upper-division coursework outside music, under advisement, to be related to Senior Thesis topic or include foreign language literature classes.

Minor in Music

Requirements

A minimum of 18 units, 6 must be upper division (300- and 400-level courses), taken from each of the following areas:

Music Theory – 2 units minimum selected from:
MUS 140, MUS 141A/B, MUS 142A/B, MUS 240, MUS 241, MUS 341, and/or MUS 342;

Music History – 3 units minimum selected from:
MUS 160, MUS 190, MUS 290, MUS 360, MUS 374, and/or MUS 490;

Applied Music – 2 units minimum selected from:
MUS 120A/B, MUS 122A/B; MUS 125F

Performance Ensembles – 4 units minimum selected from:
MUS 100/300, MUS 200/400;

Music electives by advisement.

Graduate Programs

Master of Arts in Music

The Master of Arts degree in Music provides academic concentrations in Musicology, Music Theory, and Music Education.

Prerequisites

1. A Bachelor of Arts degree with a major in music, a Bachelor of Music degree, or a bachelor's degree with a minimum of 24 units of upper division courses in music comparable to those required of a major in music at this University;
2. The student must request all institutions of higher learning attended to send official copies of transcripts directly to the Office of Admissions and Records and another set to the Conservatory of Music Graduate Advisor. Transcripts presented to the Admissions Office by the student are not acceptable. Graduates of California State University, Long Beach must follow these same procedures when making application to the Master of Arts in music program;
3. All applicants are required to complete the Bob Cole Conservatory Graduate Placement Examination before they register for courses applicable to the Master of Arts degree. (Under special circumstances, a student may take the examination during the first semester in which he or she is registered in courses applicable to the degree.) Applicants for all options of the M.A. degree must present samples of their scholarly writings in music for review by the Graduate faculty. Applicants for the musicology concentration must show evidence of reading and translation ability in one foreign language (French or German);
4. A GPA of 3.00 or better in upper division Music courses. Students who do not meet the 3.00 GPA requirement or specified balance within the required 24 units of upper division music but who possess outstanding or unusual qualifications that promise a significant contribution to the Master of Arts program may petition for a special review from the Conservatory Graduate Committee.

Advancement to Candidacy

The prerequisites for advancement to candidacy are the same as those for the Master of Music.

Requirements

1. Completion of a minimum of 30 units of approved upper division and graduate courses with at least 24 units in the major. MUS 427, MUS 428, MUS 441, MUS 495 and MUS 499 are the only undergraduate classes allowed to count on a graduate program. All others must be taken at the 500- or 600-level. (The program may not include more than six units of transfer graduate credit);
2. Core courses required (13-15 units)

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)
Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

MUS 698 Thesis or Project

(4-6 units, dependent upon concentration)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take one course from the following courses:

MUS 561, MUS 562, MUS 563, MUS 564, MUS 565.

3. Additional courses for Musicology concentration:

Take 3 units from the following courses:

MUS 561, MUS 562, MUS 563, MUS 564, MUS 565
(not taken in core)

Take 6 units selected from the following courses:

MUS 561, MUS 562, MUS 563, MUS 564, MUS 565,
MUS 569, MUS 571, MUS 576, MUS 578, MUS 592,
MUS 593 (not taken in core)

Take 6 units of music electives (students in this concentration are strongly encouraged to elect theory as well as performance classes, especially Collegium Musicum and New Music Ensemble).

Take thesis for 6 units in this concentration.

4. Additional courses for Music Education Concentration:

Take the following course:

MUS 581 Foundations of Music Education (3)
Prerequisites: None

Take one of the following courses:

EDP 400, MUS 419

Take 4 units chosen from the following courses:

MUS 526, MUS 554, MUS 575, MUS 580, MUS 582B,
MUS 585, MUS 587, MUS 595, MUS 680

Take 5-7 units of electives (students in this concentration are encouraged to elect performance and conducting classes).

Take thesis for 4-6 units in this concentration, dependent upon project.

5. An oral defense of the thesis, recital, or project:

MUS 698 Thesis or Project (6)
Prerequisite: Advancement to Candidacy and consent of Director of Music History

Master of Music Degree

The Master of Music degree program provides professional concentrations in Composition, Conducting-Instrumental, Conducting-Choral, Jazz Studies, Opera Performance and Instrumental/Vocal Performance.

Prerequisites

1. A Bachelor of Music degree, or a Bachelor of Arts degree with a major in Music or a bachelor's degree, from an accredited institution, with a minimum of 24 upper division units of music comparable to those required at this University;
2. The student must request all institutions of higher learning attended to send official copies of transcripts directly to the Office of Admissions and Records and another set to the Conservatory of Music Graduate Advisor. Transcripts presented to the Admissions Office by the student are not acceptable. Graduates of California State University, Long Beach must follow these same procedures when making application to the Master of Music in music program;
3. All applicants are required to complete the Bob Cole

Conservatory Graduate Placement Examination before they register for courses applicable to the Master of Music degree. (Under special circumstances, a student may take the examination during the first semester in which he or she is registered in courses applicable to the degree);

4. Criteria according to concentration:

- A. Composition: submission and approval of a portfolio of representative original scores and evidence of baccalaureate-level competency as required in the Bachelor of Music Composition Option;
 - B. Conducting: successful completion of a conducting examination and approval by the conducting faculty;
 - C. Performance/Jazz Studies: Performance-Opera; Jazz Studies; and Instrumental/Vocal: an audition both at a performance level and with a repertory on an instrument or in voice acceptable to the faculty of the specific performance medium.
5. A GPA of 3.00 or better in upper division Music courses. Students who do not meet the 3.00 GPA requirement or specified balance within the required 24 units of upper division music but who possess outstanding or unusual qualifications that promise a significant contribution to the Master of Music program may petition for a special review from the Conservatory Graduate Advisory Committee.

Advancement to Candidacy

1. Satisfy all the general University requirements, including fulfillment of the Graduation Writing Assessment Requirement (GWAR);
2. Remove all undergraduate deficiencies, which were determined by the Bob Cole Conservatory Graduate Placement Examination and/or the Dean of the College of the Arts;
3. Pass the Bob Cole Conservatory Qualifying Examinations;
4. Submit an approved project or thesis proposal, and a graduate degree program approved by the student's Thesis Committee, the Graduate Advisor, Conservatory Director, and the Dean of the College of the Arts;
5. GPA of 3.0 or higher.

Requirements

General requirements for all majors: Completion of a minimum of 30 units of approved upper division and graduate courses with at least 24 units in the major. MUS 427, 428, 441, 495 and 499 are the only undergraduate classes allowed to count on a graduate program. All others must be taken at the 500- or 600-level. (The program may not include more than six units of transfer graduate credit).

Master of Music Concentrations

Composition:

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)

Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take the following courses:

MUS 544 Graduate Composition I (2)

Corequisite: MUS 529X.

MUS 545 Graduate Composition II (2)

Prerequisite: MUS 544. Corequisite: MUS 529X.

Take 2 units of the following:

MUS 529X or MUS 629X

(taken concurrently with MUS 544 and MUS 545)

Take 3 units selected from the following courses:

MUS 555, MUS 556, MUS 557, MUS 597E

Take 6 units selected under advisement from:

MUS 510, MUS 511A, MUS 511B, MUS 512, MUS 516,

MUS 520, MUS 522, MUS 525, MUS 529X, MUS 543,

MUS 545, MUS 555, MUS 556, MUS 557, and MUS

597D-E-G

Take 2 units of electives selected under advisement.

Composition with Interactive Technology:

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)

Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 MUS 565 (3)

An oral defense of the thesis, recital, or project:

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 2 units of the following:

MUS 529X Individual Instruction for Music Majors:

Composition (1)

Prerequisites: None

Take the following courses:

MUS 558 Literature and Aesthetics of Interactive Media

(3)

Prerequisites: None

MUS 600W Chamber Music: Laptop Ensemble (1)

(taken for 3 semesters)

Prerequisite: Consent of instructor.

Take 6 units selected from the following courses:

MUS 555, MUS 556, MUS 557, MUS 597E

Take additional 3 units of electives by advisement.

Conducting – Instrumental:

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)

Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 2 units from the following:

MUS 500, MUS 600

Take 8 units from the following:

MUS 629W

Take two courses by advisement from the following:

MUS 520, MUS 525, MUS 680

Take 2 units of electives selected by advisement

Conducting – Choral:

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)

Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project

Take 1-4 units of

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 4 units from the following:

MUS 500, MUS 600

Take 8 units from the following:

MUS 629W

Take all the following:

MUS 575 Studies in Choral Music (3)

Prerequisite: Consent of instructor.

MUS 529 Q Selected Topics-

Individual Instruction for Music Majors. (2)

Jazz Studies:

Take the following courses:

MUS 696 Research Methods (3)

(should be taken the first time it is offered during the student's residency)

Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)

Prerequisites: None

An oral defense of the thesis, recital, or project

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take all of the following:

MUS 500 L,M,N,O (2)

Prerequisite: Consent of instructor.

MUS 510 Improvisation Styles and Literature (3)

Prerequisite: Graduate student in Music or consent of instructor.

MUS 512 Advanced Techniques in Jazz Arranging (3)

Prerequisite: Graduate student in Music or consent of instructor.

MUS 513 History and Analysis of Jazz Styles (3)
Prerequisite: Graduate student in Music or consent of instructor.

MUS 516 Pedagogy of Jazz (2)
Prerequisite: Graduate student in Music or consent of instructor.

Take 7 units selected by advisement from the following:
MUS 511A, MUS 514, MUS 517, MUS 529Y, MUS 629, MUS 543, MUS 555, MUS 556, MUS 557, MUS 597A/D

Opera Performance:

Take the following courses:

MUS 696 Research Methods (3)
(should be taken the first time it is offered during the student's residency)
Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)
Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital/project report

MUS 698 Thesis or Project (1-6)
Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 4 units from the following:

MUS 529Q or MUS 629Q

Take 2 units of the following:

MUS 530 Opera (1)
Prerequisites: Consent of instructor.

Take all of the following:

MUS 526 Vocal Development (2)
Prerequisite: Consent of instructor.

MUS 536 Opera Repertoire (2)
Prerequisite: Graduate student in Music or consent of instructor.

MUS 573 Advanced Diction for Singers (2)
Prerequisite: Graduate student in Music or consent of instructor.

THEA 490 Selected Topics in Theatre Arts (3)
Prerequisites: Consent of instructor.

Take 2 units of electives chosen by advisement
(students in this concentration are strongly encouraged to take MUS 569)

All applicants required to complete the Conservatories' Diction and Repertoire

Diagnostic Exam** before registering in courses applicable to the Master of Music degree.

Instrumental Performance:

Take the following courses:

MUS 696 Research Methods (3)
(should be taken the first time it is offered during the student's residency)
Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)
Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project:

MUS 698 Thesis or Project (1-6)
Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 6 units from the following:

MUS 500, MUS 600

(2 must be approved Major Performance Organization*)

Take 8 units from the following:

MUS 529 or MUS 629

(section by advisement)

Take 3 units of electives by advisement

Piano Performance:

Take the following courses:

MUS 696 Research Methods (3)
(should be taken the first time it is offered during the student's residency)
Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)
Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project

MUS 698 Thesis or Project (1-6)
Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 8 units from the following:

MUS 529 or MUS 629

(section by advisement)

Take 4 units from the following:

MUS 592A/B, one or both semesters may be waived by examination or by "A" grade in MUS 492A/B. If waived, units must be substituted with approved academic course(s)

Take the following courses:

MUS 577 Piano Accompanying (2)
Prerequisite: Graduate student in Music or consent of instructor.

MUS 600G Chamber Music: Piano Ensemble (1)
Prerequisite: Consent of instructor.

Select 2 more electives units from:

MUS 600 Chamber Music (1)

(recommended - MUS 600B, G, P, S, and/or U) by advisement.

Prerequisite: Consent of instructor.

Vocal Performance:

Take the following courses:

MUS 696 Research Methods (3)
(should be taken the first time it is offered during the student's residency)
Prerequisites: None

MUS 541 Seminar in Musical Analysis (3)
Prerequisites: None

Take one course from the following:

MUS 561, MUS 562, MUS 563, MUS 564 or MUS 565.

An oral defense of the thesis, recital, or project:

MUS 698 Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Take 6 units from the following:

MUS 500, MUS 530

(4 must be approved Major Performance Organization*)

Take 8 units from the following:

MUS 529 or MUS 629

(section by advisement)

Take one course by advisement from the following:

MUS 526, MUS 534A, MUS 534B, MUS 536, MUS 573.

The Vocal Performance/Opera Placement Examination is given in the week prior to the beginning of classes. It is required of all entering students, including those holding bachelor's degrees from CSULB. Prospective graduate students in voice and opera must call the Music Conservatory Office (562) 985-4781 to register for the Vocal Performance/Opera Placement Examination Placement Examination in addition to the Music Conservatory Placement Examination required of all entering graduate students.

All applicants are required to complete the Conservatories' Diction and Repertoire Diagnostic Exam** before registering in courses applicable to the Master of Music degree.

*Approved Major Performance Organizations (MUS 500, MUS 530) by area:

Winds and Brass: Wind Symphony, Symphonic Band, Symphony Orchestra, Concert Jazz Orchestra

Percussion: Wind Symphony, Symphonic Band, Concert Band, Symphony Orchestra

Strings: Symphony Orchestra

Voice: Chamber Choir, University Choir, 49er Chorus, Opera

Opera: Chamber Choir, University Choir, 49er Chorus, Opera

Jazz Studies: Concert Jazz Orchestra, Studio Jazz Band, Vocal Jazz Ensemble I, Vocal Jazz Ensemble II

** Students in the Vocal Performance and Opera concentrations of the Master of Music degree are expected to show evidence of diction studies in various languages and French and German song repertoire for entrance. A diction examination will determine strengths and weaknesses in undergraduate-level knowledge in these areas. The exam results are used in the advising process to determine remedial work and for guidance in choice of electives. Students showing deficiencies may be required to take specific relevant elective courses.

Teaching Credentials

Students seeking a degree in Music Education refer to the Instrumental Music and Choral-Vocal Music options under B.M. degree. All students entering the credential program after August 31, 2003 will be following the SB2042 credential program and should consult the Single Subject Credential Program requirements in this catalog. For further information consult with the Conservatory credential advisor.

Music Performance

Opportunities to participate in various instrumental and vocal ensembles are available to all students regardless

of major. Before enrolling in a performing group, students should apply to the director of the organization in which they wish to participate. Music performance courses may be repeated; up to 8 units of credit in MUS 100 or MUS 300 may be counted toward a bachelor's degree. Simultaneous enrollment in more than one organization is permitted.

Single Subject Teaching Credential in Music

For information, refer to the undergraduate section in this department.

Music Courses (MUS)

LOWER DIVISION

100. Selected Topics - Major Performance Organization (1)

Prerequisite: Consent of instructor. Audition may be required.

May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (3-5 hrs reh.)

- A. Concert Band
- B. Symphonic Band
- C. Wind Symphony
- E. Forty-Niner Chorus
- F. University Choir
- G. Chamber Choir
- I. Orchestra at the Beach
- J. Symphony Orchestra
- L. Studio Jazz Band
- M. Vocal Jazz Ensemble I
- N. Vocal Jazz Ensemble II
- O. Concert Jazz Orchestra

120A-B. Class Piano (1,1)

Technique, tone production, rhythm, sight-reading, interpretation and keyboard facility.

(2 hrs lab)

122A-B. Class Voice (1-1)

Fundamental techniques of singing, tone production, voice placement, breathing, diction, repertoire, and song interpretation.

(2 hrs lab)

125. Selected Topics - Instrumental Methods (1)

Class instruction in applied music and technology. Limited to music majors and minors.

Letter grade only (A-F). May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (2 hrs lab)

- A. Single Reeds/Flute
- B. Double Reeds
- C. Brass
- D. Percussion
- E. Strings
- F. Guitar
- T. Music Technology

129. Selected Topics - Individual Instruction for Music Majors (1)

Open to music majors only. Private lessons in major performance medium. Application must be made to Director of the Bob Cole Conservatory of Music during semester prior to registration. Registration subject to conservatory's approval.

May be repeated to a maximum of 4 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Baritone/Tuba
- B. French Horn
- C. Trombone
- D. Trumpet
- E. Harpsichord
- F. Organ
- G. Piano
- J. Percussion
- K. Double Bass
- L. Cello
- M. Viola
- N. Violin
- O. Guitar
- P. Harp
- Q. Voice
- R. Bassoon
- S. Clarinet
- T. Flute
- U. Oboe
- V. Saxophone

130. Opera (1)

Prerequisites: Consent of instructor.

Performance of excerpts and complete works for lyric theatre; solo and ensemble coaching; intensive language and diction training; preparation and performance of entire role in original language; additional areas include stage management, scheduling, costuming, set construction.

(3 hrs or more lab)

131. Music Theater (1)

Prerequisite: Consent of instructor.

Performance of musical theater works and operas. Additional areas include stage management, scheduling, costuming, and set construction.

May be repeated to a maximum of 4 units, only 2 of which may count toward degree. (2 hrs reh.)

140. Basic Music Theory (2)

Notation and reading of music. Written, aural and performance experience with scales, intervals, chords, and melodies. Provides essential background for more advanced courses in music theory.

Course fee may be required.

141A. Musicianship I (2)

Corequisite: MUS 142A.

Study of basic skills in music reading, ear training, sight-singing, melodic and harmonic dictation. Computer assisted instruction is available.

Course fee may be required.

141B. Musicianship II (2)

Prerequisite: MUS 141A or satisfactory score on theory placement test. Corequisite: MUS 142B.

Study of skills in music reading, ear training, sight-singing, and melodic and harmonic dictation through modulation and chromatic harmony. Computer assisted instruction is available.

Course fee may be required.

142A. Harmony I (3)

Corequisite: MUS 141A.

Beginning principles of part-writing, to include modal counterpoint, concepts of chord progression, chord prolongation, and analysis in diatonic and chromatic tonal music.

142B. Harmony II (3)

Prerequisites: MUS 141A & MUS 142A or satisfactory score in theory placement test. Corequisite: MUS 141B.

Principles of part-writing, to include modal counterpoint, concepts of chord progression, chord prolongation, and analysis in diatonic and chromatic tonal music.

160. History of Music: Baroque/Classic (3)

Prerequisite: MUS 190.

Chronological survey of music and musical styles from 1600 to 1750 with selected readings, recordings, and scores for in-depth study. Primarily for music majors and minors, but open to others who can read music.

Letter grade only (A-F).

180. Exploring Music (3)

Fundamentals of music, listening skills, and simple compositional techniques introduced and developed through basic performance skills on recorder and simple percussion instruments. K-6 language arts and social science content standards addressed pertaining to appropriate performance/listening activities.

Non-music majors only. Letter grade only (A-F).

190. Listener's Approach to Music (3)

Prerequisites/Corequisites: ENGL 100 or GE Composition (Area A1) or another GE Foundation course.

Non-technical course open to all students. Materials, forms and styles of music with extensive listening.

200. Selected Topics - Chamber Music (1)

Prerequisite: Consent of instructor.

May be repeated to a maximum of 12 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (2 hrs or more rehearsal)

- A. Brass Ensemble
- B. New Music Ensemble
- C. String Ensemble
- D. University String Quartet
- E. University Wind Quintet
- F. University Brass Quintet
- G. Piano Ensemble
- I. Men's Chorus
- J. Jazz Combos
- K. Performance
- L. Brass Chamber Music
- M. Percussion Ensemble
- N. Steel Drum Orchestra
- O. Woodwind Chamber Music
- P. String Chamber Music
- Q. Women's Chorus
- R. Collegium-Vocal
- S. Collegium-Instrumental
- T. Saxophone Ensemble
- U. Directed Accompanying
- W. Laptop Ensemble
- X. World Percussion Group
- Y. World/Traditional Music Performance
- Z. University Percussion Group

220A-B. Class Piano (1-1)

Continuation of 120A-B.

(2 hours laboratory.)

221A. Class Jazz Piano I (1)

Prerequisite: Successful completion of conservatory's keyboard proficiency exam.

Basic jazz keyboard skills including realization of jazz harmony and progressions with idiomatic chord voicings.

Letter grade only (A-F). (2 hours lab)

221B. Class Jazz Piano II (1)

Prerequisite: MUS 221A or consent of instructor.

Advanced Keyboard realization of jazz harmony, performing idiomatic chord voicings and chord progressions performed with metronome and by memory.

Letter grade only (A-F). (2 hours lab)

224. Orchestral Literature: Performance and Styles (1)

Prerequisites: Consent of Instructor.

Performance of standard orchestral repertoire in instrumental sectional for Brass and/or Woodwinds or Strings.

Letter grade only (A-F). Repeatable to 8 units in different semesters. (2 hrs. rehearsal)

229. Selected Topics - Individual Instruction for the Music Major (2)

Open to performance majors only.

Private lessons in major performance medium. Application must be made to Director of the Bob Cole Conservatory of Music during semester prior to registration. Registration subject to conservatory's approval.

May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Baritone/Tuba
- B. French Horn
- C. Trombone
- D. Trumpet
- E. Harpsichord
- F. Organ
- G. Piano
- J. Percussion
- K. Double Bass
- L. Cello
- M. Viola
- N. Violin
- O. Guitar
- P. Harp
- Q. Voice
- R. Bassoon
- S. Clarinet
- T. Flute
- U. Oboe
- V. Saxophone

240. Advanced Musicianship (2)

Prerequisites: MUS 141B and MUS 142B or satisfactory score on theory placement test.

Study of advanced skills in ear training and sight singing.

Letter grade only (A-F). Course fee may be required.

241. Counterpoint (3)

Prerequisites: MUS 141B and MUS 142B.

Analysis and writing of canons, two-part inventions, and fugues.

244A. Composition Workshop I (2)

Prerequisite: MUS 142A and consent of instructor.

Survey of contemporary techniques in composition, music notation and contemporary literature. Short compositions in workshop setting for beginning composers.

Letter grade only (A-F).

244B. Composition Workshop II (2)

Prerequisites: MUS 244A and consent of instructor.

Survey of contemporary techniques in composition, music notation and contemporary literature. Short compositions in workshop setting for beginning composers.

Letter grade only (A-F).

272A. Jazz Theory I (2)

Prerequisite: MUS 142B or consent of instructor.

Jazz notation, chord progressions, chord voicing, voice-leading, jazz harmonization, chord-scale relationships, functional and non-functional harmony, jazz rhythm and form.

Letter grade only (A-F).

272B. Jazz Theory II (2)

Prerequisite: MUS 272A or consent of instructor.

Analysis of music by jazz masters such as Thad Jones, Bob Brookmeyer, Bob Mintzer, Thelonious Monk, Duke Ellington, and John Coltrane. Includes introduction to many great improvisers through analysis and performance of solo transcription and composition in representative styles.

Letter grade only (A-F).

273A. Diction for Singers (2)

Prerequisite: Consent of Instructor.

Focus on IPA, International Phonetic Alphabet, and its application in English and Italian. Repertoire focuses on correct pronunciation of art song, choral repertoire, and opera arias.

Letter grade only (A-F).

273B. French Diction for Singers (1)

Prerequisite: MUS 273A.

Focus on mastering application of International Phonetic Alphabet with phonetic transliteration skills to French language. Content focuses on correct pronunciation of art songs, choral repertoire, and opera arias.

Letter grade only (A-F).

273C. German Diction for Singers (1)

Prerequisites: MUS 273A.

Focus on mastering application of International Phonetic Alphabet with phonetic transliteration skills to German language. Content focuses on correct pronunciation of art song, choral repertoire, and opera aria.

Letter grade only (A-F).

277. Keyboard Skills (2)

Open to Music majors only.

Development of basic technical skills at the piano, including sight-reading, harmonization at the keyboard, chord and scale identification, score analysis, and beginning ensemble playing.

Not open for credit to students with credit in MUS 277A.

290. Popular Music in America (3)

Prerequisite: GE Foundation requirements.

Artistic and socio-economic influences on popular music in America from 1840 to present. Special consideration of impact on "pop" music of various cultures and ethnic groups within U.S.

295. Selected Topics (3)

Topics of current interest in various fields of music selected for special presentation and development.

Topics announced in the *Schedule of Classes*. (3 hours lecture)

UPPER DIVISION

300. Selected Topics - Major Performance Organization (1)

Prerequisite: Consent of instructor. Audition may be required.

May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (3-5 hrs reh.)

- A. Concert Band
- B. Symphonic Band
- C. Wind Symphony
- E. Forty-Niner Chorus
- F. University Choir
- G. Chamber Choir
- I. Orchestra at the Beach
- J. Symphony Orchestra
- L. Studio Jazz Band
- M. Vocal Jazz Ensemble I
- N. Vocal Jazz Ensemble II
- O. Concert Jazz Orchestra

323. Junior Recital (1)

Prerequisite: MUS 341, MUS 342. Corequisite: MUS 429 or consent of instructor.

Recital of standard literature for solo instrument or voice in performance option of Bachelor of Music degree. Enrollment restricted to music majors passing conservatory's qualifying examination.

326. Conducting (2)

Prerequisites: Consent of instructor.

Introduction to principles and techniques of conducting and ensemble organization. Study and interpretation of instrumental and choral repertoire using class as laboratory ensemble.

Letter grade only (A-F). (1 hour lecture, 2 hours lab).

327. Choral Organization and Rehearsal Techniques (2)

Rehearsal techniques for the choral musician as well as study of audition techniques, choral tone development, diction, and score preparation as well as organization and management of choral programs.

329. Selected Topics - Individual Instruction for Music Majors (1)

Prerequisite: Successful completion of Upper-Division Screening Exam on applied instrument or voice.

Open to music majors only. Private lessons in major performance medium. Application must be made to Director of the Bob Cole Conservatory of Music during semester prior to registration. Registration subject to conservatory's approval.

May be repeated to a maximum of 10 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Baritone/Tuba
- B. French Horn
- C. Trombone
- D. Trumpet
- E. Harpsichord
- F. Organ
- G. Piano
- J. Percussion
- K. Double Bass
- L. Cello
- M. Viola
- N. Violin
- O. Guitar
- P. Harp
- Q. Voice
- R. Bassoon
- S. Clarinet
- T. Flute

- U. Oboe
- V. Saxophone
- W. Conducting
- X. Composition

330. Opera (1)

Prerequisites: Consent of instructor.

Performance of excerpts and complete works for lyric theatre: solo and ensemble coaching; intensive language and diction training; preparation and performance of entire role in original language; additional areas include stage management, scheduling, costuming, set construction.

May be repeated to a maximum of 4 units, only 2 of which may count toward degree. (3 hrs or more reh.)

331. Music Theater (1)

Prerequisite: Consent of Instructor.

Performance of musical theater works and operas. Additional areas include stage management, scheduling, costuming, and set construction.

May be repeated to a maximum of 4 units, only 2 of which may count toward degree. (2 hrs reh.)

332. Opera Coaching (1)

Prerequisite: Consent of instructor. Corequisite: MUS 330.

One-on-one and small group coaching for opera majors.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (3-5 hrs reh.)

341. Musical Form and Analysis (3)

Prerequisites: MUS 142B or consent of instructor.

Intensive analysis of the historical development of form in tonal music from the early Baroque through the early 20th century.

342. Materials of Modern Music (3)

Prerequisite: MUS 341.

Continuation of intensive analysis of representative compositions of 20th Century with emphasis on writing in selected 20th Century styles.

344. Composition (2)

Prerequisites: MUS 244A-B; Corequisite MUS 329X.

Further exploration of contemporary techniques in composition, music aesthetics and contemporary literature.

Not open for credit to students with credit in MUS 344A. Letter grade only (A-F).

360. History of Music: Medieval/Renaissance (3)

Prerequisites: MUS 190.

Chronological survey of music and musical readings, recordings, and scores for in-depth study. Primarily for music majors and minors, but open to others who read music.

Letter grade only (A-F).

363. Music and the Visual Arts (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Explores interrelationships between visual arts and music in Western culture by comparing artistic methodologies employed by important visual artists to those employed by important composers of art music from 18th through 20th Centuries.

364. Music and the Temporal Arts (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study of interrelationships of temporal arts (works of poets, writers, choreographers, and playwrights) and music of important composers of 18th through 20th Centuries.

370. Introduction to Music Technology (3)

Introduction to principles of sound recording, sound production, sound reinforcement, MIDI, and electronic music.

371A. Improvisation Techniques I (2)

Prerequisites: MUS 272B or consent of instructor.

Basic techniques in improvisation, beginning with simple question and answer phrases and progressing to extended solos. Detailed and applied knowledge of chord progressions.

Not open for credit to students with credit in MUS 271. (1 hr lec, 2 hrs lab)

371B. Improvisation Techniques II (2)

Prerequisites: MUS 371A or consent of instructor.

Continuation of MUS 371A.

(1 hr lec, 2 hrs lab)

374. History of Music: Nineteenth/Twentieth Centuries (3)

Prerequisites: MUS 190, MUS 160 or consent of instructor.

Chronological survey of music and musical styles from 1800 to present, with selected readings, recordings, and scores for in-depth study. Primarily for music majors and minors, but open to others who read music.

Letter grade only (A-F).

382A. Elementary Choral Techniques and Literature (3)

Prerequisite: EDSS 300N, MUS 485, MUS 422.

Techniques, methods and choral literature applicable to the Elementary Choral Ensemble.

382B. Beginning Instrumental Techniques and Literature (3)

Prerequisites: Three instrumental methods courses from the MUS 125 series.

Examination of organizational procedures for beginning/intermediate band and instructional techniques relating to Grade I-II music literature, investigation of contemporary music methodologies, and experience conducting ensemble class sessions.

386. Introduction to Music Education (3)

Prerequisite/Corequisite: Music major and consent of instructor.

Provides philosophical and pedagogical theory required for design and execution of appropriate music instructional programs at general classroom, middle school, and secondary levels. Includes MIDI, sequencing, and tutorial/managerial software in music classroom/rehearsal setting.

Not open for credit to students with credit in MUS 286. Letter grade only (A-F).

393. Jazz, An American Music (3)

Prerequisite: GE Foundation requirement and upper division standing.

Presents development of various musical styles, forms, improvisations, significant musical concepts and major figures in past, present and future of jazz, an American music.

400. Selected Topics - Chamber Music (1)

Prerequisite: Consent of instructor.

May be repeated to a maximum of 16 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (2 hrs rehearsal)

- A. Brass Ensemble
- B. New Music Ensemble
- C. String Ensemble
- D. University String Quartet
- E. University Wind Quintet
- F. University Brass Quintet
- G. Piano Ensemble
- I. Men's Chorus
- J. Jazz Combos
- K. Performance
- L. Brass Chamber Music

- M. Percussion Ensemble
- N. Steel Drum Orchestra
- O. Woodwind Chamber Music
- P. String Chamber Music
- Q. Women's Chorus
- R. Collegium-Vocal
- S. Collegium-Instrumental
- T. Saxophone Ensemble
- U. Directed Accompanying
- W. Laptop Ensemble
- X. World Percussion Group
- Y. World/Traditional Music Performance
- Z. University Percussion Group

411A./511A. Film Scoring (3)

Prerequisites: MUS 272A, MUS 474, or consent of instructor.

Overview of the current trends and practices involved in creating and integrating music to moving picture. Students gain experience producing music cues for film, television and video games.

Letter grade only (A-F).

411B./511B. Advanced Film Scoring Project (3)

Prerequisites: MUS 411A or consent of instructor.

Students gain advanced experience creating music cues for film, television and video games. Real-world concepts and problems will be explored with an emphasis on preparing the student for a successful career in media composition.

Letter grade only (A-F).

414./514. Techniques for the Jazz Vocalist (2)

Basic stylistic requirements for solo singing in the jazz idiom. Includes analysis of established jazz singers and styles, vocal production for a jazz sound, microphone technique, repertoire, transposition, and lyric interpretation.

Letter grade only (A-F).

416./516. Jazz Pedagogy (2)

Prerequisite: MUS 371B or consent of instructor.

Organization and management of school jazz programs, addressing rehearsal techniques, improvisation, repertoire, and conducting.

Letter grade only (A-F).

417./517. Business of Music (2)

Overview of business and artistic process of music industry. Includes popular music, music and media, operation of retail music stores, and film, theatrical, and concert music. Also includes recent changes in digital recording, broadcasting technology, copyright laws, and legal issues.

Letter grade only (A-F).

419./519. Choral Master Class (1)

Prerequisites: Consent of instructor.

Advanced conducting laboratory with emphasis on advanced conducting, vocal, and rehearsal techniques as well as performance practices.

Letter grade only (A-F). May be repeated to a maximum of 4 units.

422./522. Advanced Choral Conducting and Literature (2)

Prerequisites: MUS 326 and MUS 327 or consent of instructor.

Choral technique, style, and interpretation; choral schools and composers since 16th century; contemporary secular and sacred choral compositions. Class used as laboratory group.

(1 hr lec, 2 hr lab)

423A. Senior Recital (1)

Prerequisites: MUS 341, MUS 342. Corequisites: MUS 329 or MUS 429.

Individual recital of standard literature for solo instrument or voice. Enrollment restricted to Music majors passing conservatory's qualifying examination.

Letter grade only (A-F).

423B. Senior Composition Recital (1)

Prerequisites: Senior standing and consent of instructor.

Individual recital of original music written during composition studies while in program. Enrollment restricted to Bachelor of Music composition majors passing conservatory's qualifying examination.

Letter grade only (A-F).

423C. Music History Senior Thesis (1)

Prerequisites: MUS 360, MUS 374, MUS 496 and consent of Director of Music History.

In-depth research paper representing systematic study of significant problem, style, or repertory. Finished product must show thorough command of relevant literature, critical thinking and writing, and original approach. Proposal (outline, abstract, and bibliography) must be submitted for topic approval.

Letter grade only (A-F).

423D. BA Senior Project (1)

Prerequisites: MUS 496 and Senior standing and consent of instructor.

Final project or internship with music or arts organization subject to approval of supervising faculty member.

Letter grade only (A-F).

424. Orchestral Literature: Performance and Styles (1)

Prerequisites: Consent of Instructor.

Performance of standard orchestral repertoire in instrumental sectional for Brass and/or Woodwinds or Strings.

Letter grade only (A-F). Repeatable to 8 units in different semesters. (2 hrs. rehearsal)

425./525. Advanced Instrumental Conducting (2)

Prerequisite: MUS 326 or consent of instructor.

Principles and techniques of instrumental conducting and organization. Study and interpretation of instrumental literature using class laboratory.

(1 hr lec. 2 hrs lab)

426./526. Vocal Development (2)

Prerequisite: Consent of instructor.

Theory and techniques of teaching voice.

427. Piano Pedagogy (3)

Study of philosophies, psychology, and piano teaching methods for children, as well as intermediate and advanced level students.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

428. Seminar in Musical Styles (3)

Prerequisites: MUS 160, MUS 341, MUS 360, MUS 374.

Study development of musical styles, forms, genres, and significant musical concepts and problems. For Music majors only.

429. Selected Topics - Individual Instruction for Music Majors (2)

Prerequisite: Successful completion of Upper-Division Screening Exam on applied instrument or voice.

Private lessons in major performance medium. Application must be made to the Director of the Bob Cole Conservatory of Music during semester prior to registration. Registration is subject to conservatory's approval.

May be repeated to a maximum of 12 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

A. Baritone/Tuba
B. French Horn
C. Trombone
D. Trumpet
E. Harpsichord
F. Organ
G. Piano
J. Percussion
K. Double Bass
L. Cello
M. Viola
N. Violin
O. Guitar
P. Harp
Q. Voice
R. Bassoon
S. Clarinet
T. Flute
U. Oboe
V. Saxophone
W. Conducting
X. Composition

434A./534A. German Song Repertoire (2)

Prerequisites: MUS 273A, MUS 273C.

Preparation of German song literature for performance, with coaching in language, musical styles, and vocal and accompanying techniques.

Letter grade only (A-F).

434B./534B. French Song Repertoire (2)

Prerequisites: MUS 273A, MUS 273B.

Preparation of French song literature for performance, with coaching in language, musical styles, and vocal and accompanying techniques.

Letter grade only (A-F).

436./536. Opera Repertoire (2)

Prerequisites: MUS 273B, MUS 273C or consent of instructor. Two years of voice study, completion of Bob Cole Conservatory of Music Foreign Language Proficiency Exam (may be waived upon successful completion of 101B level course in French, German, or Italian).

Preparation of varied portfolio of voice-appropriate selections from standard operatic repertoire in English, French, German and Italian. Include translation, lyric diction, ornamentation, tools for role study, rehearsal and audition techniques.

Letter grade only (A-F).

440A. Specialized Choral Ensemble Techniques (2)

Prerequisites: MUS 422, MUS 426, MUS 485 and Music Education major, or consent of instructor.

Course provides music education students with the techniques, methods, and historical development to lead a vocal jazz choir, a show choir and a musical theater production in the K-12 setting.

Letter grade only (A-F).

440B. Beginning Jazz Methods (2)

Prerequisites: MUS 422, MUS 426, MUS 485 and Music Education major, or consent of instructor.

Examination of organizational and instructional techniques relating to beginning jazz ensemble performance, as well as performance on secondary instruments and conducting ensemble class sessions.

Letter grade only (A-F).

441. Studies in Musical Analysis (3)

Prerequisites: MUS 341, MUS 342.

Intensive individual and class analysis of representative compositions of various periods and styles.

442. Orchestration (3)

Prerequisite: MUS 241.

Range, characteristics, and transpositions of all standard orchestral instruments by writing and/or transcribing music. Preparation and proofreading of scores and parts. Readings of student assignments.

443./543. Advanced Orchestration (3)

Prerequisite: MUS 442.

Techniques of arranging, transcribing, and composing for standard chamber ensembles, chorus and orchestra. Readings of student orchestrations will be included whenever possible.

444. Advanced Composition (2)

Prerequisites: MUS 344, Corequisite: MUS 329X.

Advanced studies in music composition, music aesthetics, and listening methodologies.

Letter grade only (A-F). May be repeated to a maximum of 4 units in different semesters.

455./555. Computers and Sound (3)

Introduction to software for sound synthesis, sequencing, digital audio, and sound processing. Listening and analysis of contemporary electronic music literature also emphasized. Course culminates in creative composition or research project.

Letter grade only (A-F).

456./556. Sound Design (3)

Introduces students to principles of composition and analysis of electro-acoustic media through application of music software, sampling, digital media, digital signal processing, and psychoacoustics. Culminates in collaborative creative project involving video, web, or live theater.

Letter grade only (A-F). 457./557. Composition with Digital Media (3)

Computer created projects that combine visual media (including web-based), and electronic music. Analysis of interdisciplinary and mixed media works, collaborative work in electronic arts and readings in critical theory and multimedia.

Letter grade only (A-F).

458./558. Literature and Aesthetics of Interactive Media (3)

Explore artists'/composers' use of interactive media from the intermediality and limited interactivity of Wagner's and Scriabin's works, to the latest software-driven and web-based constructions, to gain a better understanding of the philosophical and musical context for the students' works.

467./576. Studies in Gender and Music (3)

Prerequisite: MUS 374 or consent of instructor.

Surveys issues surrounding women as musicians (performers and composers), comparative studies of role men and women have played in music, and feminist criticism of music.

Letter grade only (A-F).

468. Music and Film (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study of interrelationships of dramatic, visual, and musical arts in film, with special emphasis on role of music.

469./569. Music of the Theater (3)

Prerequisites: MUS 374.

History and development of music for stage from 1600 to present, its conventions and styles. Analysis of representative masterworks.

May be repeated to a maximum of 6 units in different semesters.

471./571. Studies in Ethnomusicology (3)

Prerequisites: MUS 374 or consent of instructor.

Emphasis on theory and methodology of ethnomusicological study. Investigation of music of particular non-western or popular cultures. For music majors only.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

473./573. Advanced Diction for Singers (2)

Prerequisites: MUS 273A, MUS 273B, or consent of instructor.

Advanced principles of diction and International Phonetic Alphabet (IPA) applied to lyric Italian, French, German, and English repertoire; intended for Senior and Graduate level vocalists and choral conductors. Special studies possible in other languages.

Letter grade only (A-F).

474A./574A. Jazz Arranging I (2)

Prerequisites: MUS 272B or consent of instructor.

Fundamentals of Jazz arranging, including 4-part writing, harmonic practices and philosophies of arranging.

Not open for credit to students with credit in MUS 474. Letter grade only (A-F).

474B./574B. Jazz Arranging II (2)

Jazz arranging for big band through detailed analysis of known big band writers. Emphasis on reharmonization, the idiomatic use of counterpoint, styles and song forms.

Letter grade only (A-F).

477./577. Piano Accompanying (2-2)

Prerequisite: MUS 277 or consent of instructor.

Instruction and training in techniques of accompanying singers, instrumentalists, and ensembles.

May be repeated to a maximum of 6 units in different semesters.

478./578. Musical Instruments of World (3)

Prerequisites: MUS 360 or consent of instructor.

Open to music majors and minors. Study of origins and history of musical instruments in western and non-western world, with emphasis on cross-cultural influences, iconographical and organological issues, and scientific classification.

Letter grade only (A-F).

480./580. Marching Band Techniques (2)

Marching fundamentals, charting formations, precision drills, parade techniques and half-time pageantry.

482A./582A. Secondary Literature/Rehearsal Techniques – Choral-Vocal (3)

Prerequisites: MUS 382A or consent of instructor

Examination of rehearsal techniques, methods and choral literature applicable to the Secondary and Middle School Choral Ensemble.

Letter grade only (A-F).

482B./582B. Secondary Literature/Rehearsal Techniques - Instrumental (3)

Prerequisite: MUS 326, MUS 382B and at least 3 MUS 125 Methods courses.

Procedures for organization and development of instrumental programs and literature for performing groups.

483A./583A. Choral Repertoire I (2)

Prerequisite: MUS 326 or consent of instructor.

Examination of five genres of choral repertoire: Mass, motet, cantata, oratorio, and madrigal. Traditional and contemporary choral repertoire for public school teachers and church choir directors.

Letter grade only (A-F).

483B./583B. Choral Repertoire II (2)

Prerequisites: MUS 326 or consent of instructor.

Survey of choral and choral/orchestral works from Renaissance to 20th century.

Letter grade only (A-F).

484. Arranging (2)

Prerequisites: MUS 142B.

Arranging techniques for choir, band, and orchestra in grades K-12.

Letter grade only (A-F).

485./585. Music for the Elementary Child (3)

Examination of approaches to developing musical and aesthetic sensitivities in children. Students create vocal, instrumental and listening experiences appropriate for use in grades K-6. Intended for music education majors. Others by consent of instructor.

486. Instrument Repair (1)

Introduction to basic musical instrument repair and preventative maintenance techniques. Addresses minor and emergency repairs for wind, string, percussion, and Orff instruments.

(2 hrs. lab.)

487A. Emerging Methods in Music Education (3)

Prerequisites: Music Education major and consent of instructor.

Emerging pedagogical methods for music educational settings outside of the traditional general, band, choir and orchestra.

Letter grade only (A-F).

487B. Emerging Methods Chamber Performance (2)

Prerequisites: MUS 487A or consent of instructor.

Course provides students opportunities to apply concepts of vernacular learning, gained through various course work in a non-traditional, student directed, music education performance setting.

490. Introduction to Music Cultures (3)

Prerequisite: GE Foundation requirements.

Music of various world cultures and ethnic groups representative of diversity of United States. Includes music's function, social organization including age and gender roles, distinctive characteristics, types of instruments, and cultural performance standards.

491. Writing about Music (3)

Prerequisites: Completion of the GE Foundation requirements, completion of one or more Exploration courses, and upper division status. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

A writing-intensive course designed to emphasize synthesis and development of skills in written communication in the discipline of music.

In order to use MUS 491 to fulfill the Writing Intensive Capstone requirement students must earn a C or better in this course. (3 Hours lecture)

Letter grade only (A-F).

492A./592A. Studies in Keyboard Music (2)

Prerequisite: MUS 360 or consent of instructor.

Survey of evolution of keyboard music including clavichord, harpsichord, piano, and organ from 13th century to Beethoven.

492B./592B. Studies in Keyboard Music (2)

Prerequisite: MUS 360 or consent of instructor.

Survey of evolution of keyboard music including clavichord, harpsichord, piano, and organ from Beethoven to present.

493./593. Selected Topics - Instrumental Music (3)

A seminar-format class on one of various topics in instrumental music, including but not limited to: symphonic literature, survey of program music, history of the concerto, chamber music survey, and history of the wind band.

Letter grade only (A-F). May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

495. Selected Topics in Music (3)

Prerequisite: Consent of instructor.

Topics of current interest in various fields of music selected for special presentation and development.

May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

496./696. Research Methods (3)

Prerequisite: Consent of instructor.

Principles of research and writing about music, thesis preparation, and citation/bibliographic format. Serves as introduction to graduate study in music. Required of all MA and MM candidates in music.

497./597. Selected Topics - Music Composition (3)

Prerequisite: Consent of instructor.

Topics of current interest in field of music composition selected for special presentation and development.

Letter grade only (A-F). Topics announced in the *Schedule of Classes*.

- D. Contemporary and Computer Music Notation
- E. Composition with Interactive Technologies
- G. From Poetry to Song: Composing Art Songs

499. Special Studies (1-3)

Prerequisite: Consent of instructor.

Individual research or group investigation of selected topics.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL**500. Selected Topics - Major Performance Organization (1)**

Prerequisite: Consent of instructor. Audition may be required.

Letter grade only (A-F). May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (3-5 hrs reh.)

- A. Concert Band
- B. Symphonic Band
- C. Wind Symphony
- E. Forty-Niner Chorus
- F. University Choir
- G. Chamber Choir
- I. Orchestra at the Beach
- J. Symphony Orchestra
- L. Studio Jazz Band
- M. Vocal Jazz Ensemble I
- N. Vocal Jazz Ensemble II
- O. Concert Jazz Orchestra

510. Improvisation Styles and Literature (3)

Prerequisite: Graduate student in Music or consent of instructor.

Explores various musical styles, forms, genres, and significant musical concepts in Jazz Improvisation. Theoretical work emphasizes detailed study of harmonic and linear forms, digital patterns and scales, combination of idioms, patterns, use of experimental material, transcriptions and historic implications.

Letter grade only (A-F).

511A./411A. Film Scoring (3)

Prerequisite: Graduate student in Music or consent of instructor.

Overview of the current trends and practices involved in creating and integrating music to moving picture. Students gain experience producing music cues for film, television and video games.

Letter grade only (A-F).

511B./411B. Advanced Film Scoring Project (3)

Prerequisites: MUS 511A or consent of instructor.

Students gain advanced experience creating music cues for film, television and video games. Real-world concepts and problems will be explored with an emphasis on preparing the student for a successful career in media composition.

Letter grade only (A-F).

512. Advanced Techniques in Jazz Arranging (3)

Prerequisite: Graduate student in Music or consent of instructor.

Advanced scoring techniques used with big band arranging and orchestrating for studio/pops orchestra. Includes ranges and capabilities of instruments and scoring for traditional and contemporary instrumentation. Requires the composition of a major work to be recorded by CSULB Studio Orchestra.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

513. History and Analysis of Jazz Styles (3)

Prerequisite: Graduate student in Music or consent of instructor.

Explores development of various musical styles, forms, genres, and significant musical concepts and problems in Jazz History.

Letter grade only (A-F).

514./414. Techniques for the Jazz Vocalist (2)

Basic stylistic requirements for solo singing in the jazz idiom. Includes analysis of established jazz singers and styles, vocal production for a jazz sound, microphone technique, repertoire, transposition, and lyric interpretation.

Letter grade only (A-F).

516./416. Pedagogy of Jazz (2)

Prerequisite: Graduate student in Music or consent of instructor.

Organization and management of school jazz programs, addressing rehearsal techniques, improvisation, repertoire, and conducting.

Letter grade only, (A-F).

517./417. Business of Music (2)

Overview of business and artistic process of music industry. Includes popular music, music and media, operation of retail music stores, and film, theatrical, and concert music. Also includes recent changes in digital recording, broadcasting technology, copyright laws, and legal issues.

Letter grade only (A-F).

519./419. Choral Master Class (1)

Prerequisite: Consent of instructor.

Advanced conducting laboratory with emphasis on advanced conducting, vocal, and rehearsal techniques as well as performance practices.

Letter grade only (A-F). May be repeated to a maximum of 4 units.

520. Graduate Conducting Seminar (3)

Prerequisite: Consent of instructor.

Advanced baton technique, interpretation, securing proper sound, organizing routine, and program making.

Letter grade only (A-F).

522./422. Advanced Choral Conducting and Literature (2)

Prerequisite: Graduate student in Music or consent of instructor.

Choral technique, style, and interpretation; choral schools and composers since 16th century; contemporary secular and sacred choral compositions. Class used as laboratory group.

Letter grade only (A-F). (1 hr lec., 2 hrs lab)

524. Orchestral Literature: Performance and Styles (1)

Prerequisites: Consent of Instructor.

Performance of standard orchestral repertoire in instrumental sectional for Brass and/or Woodwinds or Strings.

Letter grade only (A-F). May be repeated to a maximum of 8 units in different semesters. (2 hrs. rehearsal)

525./425. Advanced Instrumental Conducting (2)

Prerequisite: Graduate student in Music or consent of instructor.

Principles and techniques of instrumental conducting and organization. Study and interpretation of instrumental literature using class laboratory.

(1 hr lec. 2 hrs lab)

526./426. Vocal Development (2)

Prerequisite: Consent of instructor.

Theory and techniques of teaching voice.

Letter grade only (A-F).

529. Selected Topics - Individual Instruction for Music Majors (1)

Open to graduate students in music only. Private lessons in major performance medium. Application must be made to Graduate Advisor of the Bob Cole Conservatory of Music during semester prior to registration. Registration is subject to conservatory's approval.

May be repeated to a maximum of 10 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Baritone/Tuba
- B. French Horn
- C. Trombone
- D. Trumpet
- E. Harpsichord
- F. Organ
- G. Piano
- J. Percussion
- K. Double Bass
- L. Cello
- M. Viola
- N. Violin
- O. Guitar
- P. Harp
- Q. Voice
- R. Bassoon
- S. Clarinet
- T. Flute
- U. Oboe
- V. Saxophone
- W. Conducting
- X. Composition
- Y. Jazz Writing/Arranging

530. Opera (1)

Prerequisites: Consent of instructor.

Performance of excerpts and complete works for lyric theatre; solo and ensemble coaching; intensive language and diction training; preparation and performance of entire role in original language; additional areas include stage management, scheduling, costuming, set construction.

Letter grade only (A-F). May be repeated to a maximum of 4 units. (3 hrs or more reh.)

531. Music Theater (1)

Prerequisite: Consent of Instructor.

Performance of musical theater works and operas. Include stage management, scheduling, costuming, and set construction.

(2 hrs reh.)

532. Opera Coaching (1)

Prerequisite: Consent of instructor. Corequisite: MUS 530.

One-on-one and small group coaching for opera majors.

Letter grade only (A-F). May be repeated to a maximum of 4 units in different semesters. (3-5 hrs reh.)

534A./434A. German Song Repertoire (2)

Prerequisite: Graduate student in Music or consent of instructor.

Preparation of German song literature for performance, with coaching in language, musical styles, as well as vocal and accompanying techniques.

Letter grade only (A-F).

534B./434B. French Song Repertoire (2)

Prerequisite: Graduate student in Music or consent of instructor.

Preparation of French song literature for performance, with coaching in language, musical styles, as well as vocal and accompanying techniques.

Letter grade only (A-F).

536./436. Opera Repertoire (2)

Prerequisite: Graduate student in Music or consent of instructor.

Preparation of varied portfolio of voice-appropriate selections from standard operatic repertoire in English, French, German and Italian. Include translation, lyric diction, ornamentation, tools for role study, rehearsal and audition techniques.

Letter grade only (A-F).

541. Seminar in Musical Analysis (3)

Analysis of forms and techniques of musical compositions in various genres and styles.

May be repeated to a maximum of 6 units.

543./443. Advanced Orchestration (3)

Prerequisite: Graduate student in Music or consent of instructor.

Techniques of arranging, transcribing, and composing for standard chamber ensembles, chorus and orchestra. Readings of student orchestrations will be included whenever possible.

544. Graduate Composition I (2)

Corequisite: MUS 529X.

Study of contemporary techniques in composition, music aesthetics, and contemporary literature.

Letter grade only (A-F).

545. Graduate Composition II (2)

Prerequisite: MUS 544. Corequisite: MUS 529X.

Advanced studies in musical composition, music aesthetics, and listening methodologies.

Letter grade only (A-F). Course may be repeated to a maximum of 4 units in different semesters.

554. School, Society, and Music Education (3)

Historical, in-depth examination of direction and influence of music education within America's general education curriculum. Focus on how music education has reflected and addressed changing needs of schooling and society from singing school movement and Jeffersonian era to today.

Letter grade only (A-F).

555./455. Computers and Sound (3)

Introduces students to music software for sound synthesis, sequencing, digital audio, and sound processing. Listening and analysis of contemporary electronic music literature is also emphasized. Course culminates in creative composition or research project.

Letter grade only (A-F).

556./456. Sound Design (3)

Introduces students to principles of composition and analysis of electro-acoustic media through application of music software, sampling, digital media, digital signal processing, and psychoacoustics. Course culminates in collaborative creative project involving video, web, or live theater.

Letter grade only (A-F).

557./457. Composition with Digital Media (3)

Computer created projects that combine visual media (including web-based), and electronic music. Analysis of interdisciplinary and mixed media works, collaborative work in electronic arts and readings in critical theory and multimedia.

Letter grade only (A-F).

558./458. Literature and Aesthetics of Interactive Media (3)

Explore artists'/composers' use of interactive media from the intermediality and limited interactivity of Wagner's and Scriabin's works, to the latest software-driven and web-based constructions, to gain a better understanding of the philosophical and musical context for the students' works.

561. Seminar in Medieval and Renaissance Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Topics in development of musical styles and genres from Gregorian Chant through late sixteenth-century sacred and secular polyphony.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

562. Seminar In Baroque Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Stylistic analysis and inquiry into cultural background of composers and genres.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

563. Seminar In Classical Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Music from Rococo to end of eighteenth century. Philosophical attitudes in relation to musical styles.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

564. Seminar in Romantic Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Music from Beethoven to end of nineteenth century.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

565. Seminar In 20th-Century Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Stylistic analysis and music; aesthetic and socioeconomic problems of contemporary music; survey of new music.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

569./469. Music of the Theater (3)

Prerequisite: Graduate student in Music or consent of instructor.

History and development of music for stage from 1600 to present, its conventions and styles. Analysis of representative masterworks.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

571./471. Studies in Ethnomusicology (3)

Prerequisite: Graduate student in Music or consent of instructor.

Emphasis on theory and methodology of ethnomusicological study. Investigation of music of particular non-western or popular cultures. For music majors only.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

573./473. Advanced Diction for Singers (2)

Prerequisite: Graduate student in Music or consent of instructor.

Advanced principles of diction and International Phonetic Alphabet (IPA) applied to lyric Italian, French, German, and English repertoire; intended for Senior and Graduate level vocalists and choral conductors. Special studies possible in other languages.

Letter grade only (A-F).

574A./474A. Jazz Arranging I (2)

Prerequisite: Graduate student in Music or consent of instructor.

Fundamentals of Jazz arranging, including 4-part writing, harmonic practices and philosophies of arranging.

Letter grade only (A-F).

574B./474B. Jazz Arranging II (2)

Jazz arranging for big band through detailed analysis of known big band writers. Emphasis on reharmonization, the idiomatic use of counterpoint, styles and song forms.

Letter grade only (A-F).

575. Studies in Choral Music (3)

Prerequisite: Consent of instructor.

Studies in research techniques for choral musicians and exploration of choral masterworks including score preparation, performance practice considerations, and historical investigation. Rehearsal techniques and principles and procedures necessary to effective choral teaching also examined.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

576./467. Studies in Gender and Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Surveys issues surrounding women as musicians (performers and composers), comparative studies of role men and women have played in music, and feminist criticism of music.

Letter grade only (A-F).

577./477. Piano Accompanying (2-2)

Prerequisite: Graduate student in Music or consent of instructor.

Instruction and training in art and techniques of accompanying for singers, instrumentalists, and ensembles.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semester.

578./478. Musical Instruments of World (3)

Prerequisite: Graduate student in Music or consent of instructor.

Open to music majors and minors. Study of origins and history of musical instruments in western and non-western world, with emphasis on cross-cultural influences, iconographical and organological issues, and scientific classification.

Letter grade only (A-F).

580./480. Marching Band Techniques (2)

Marching fundamentals, charting, formations, precision drills, parade techniques and half-time pageantry.

Letter grade only (A-F).

581. Foundations of Music Education (3)

Open to graduate music majors only. Survey of contemporary aesthetic, philosophical, psychological and sociological trends in music education.

Letter grade only (A-F).

582A./482A. Secondary Literature/Rehearsal Techniques – Choral-Vocal (3)

Examination of rehearsal techniques, methods and choral literature applicable to the Secondary and Middle School Choral Ensemble.

Letter grade only (A-F).

582B./482B. Secondary Literature/Rehearsal Techniques – Instrumental (3)

Procedures for organization and development of instrumental programs and literature for performing groups.

Letter grade only (A-F).

583A./483A. Choral Repertoire I (2)

Prerequisite: Graduate student in Music or consent of instructor.

Examination of five genres of choral repertoire: Mass, motet, cantata, oratorio, and madrigal. Traditional and contemporary choral repertoire for public school teachers and church choir directors.

Letter grade only (A-F).

583B./483B. Choral Repertoire II (2)

Prerequisite: Graduate student in Music or consent of instructor.

Survey of choral and choral/orchestral works from Renaissance to 20th century.

Letter grade only (A-F).

585./485. Music for Elementary Child (3)

Examination of approaches to developing musical and aesthetic sensitivities in children. Students create vocal, instrumental and listening experiences appropriate for use in grades K-6. Intended for music education majors. Others by consent of instructor.

Letter grade only (A-F).

587. Contemporary Trends in Assessment and Technology in Music Education (3)

Prerequisite: Graduate student in Music or consent of instructor.

Introduction to research methodologies and analysis of current trends in measurement and evaluation of musical behavior with an emphasis on innovations in music education. Application of methodologies that includes technology as a teaching and performance instrument.

Letter grade only (A-F).

589A. Emerging Methods in Music Education (3)

Prerequisite: BM Music Education or equivalent with instructor's consent

Emerging pedagogical methods for music education settings outside of the traditional general, band, choir, and orchestra settings.

Letter grade only (A-F).

589B. Emerging Methods in Music Education (2)

Prerequisites: BM Music Education or equivalent, and MUS 589A.

The course will include a combination of lecture, discussion, modeling, and "hands-on" performance activities.

The application of concepts of vernacular learning, gained through various course work (MUS 589A), in a non-traditional, student directed, music education performance setting.

Letter grade only (A-F)

592A./492A. Studies in Keyboard Music (2)

Prerequisite: Graduate student in Music or consent of instructor.

Survey of evolution of keyboard music including clavichord, harpsichord, piano, and organ from 13th century to Beethoven.

Not open for credit to students with credit in MUS 592.

592B./492B. Studies in Keyboard Music (2)

Prerequisite: Graduate student in Music or consent of instructor.

Survey of evolution of keyboard music including clavichord, harpsichord, piano, and organ from Beethoven to present.

593./493. Selected Topics - Instrumental Music (3)

Prerequisite: Graduate student in Music or consent of instructor.

Seminar in instrumental music spanning at least two epochs of music history and covering at minimum, two of five categories: solo sonata (excluding keyboard), chamber music, orchestral/symphonic, wind ensemble/band, and orchestral/concerto.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

Topics announced in the *Schedule of Classes*.

595. Selected Topics in Music (1-3)

Prerequisite: Consent of graduate advisor and instructor.

Topics of current interest in various fields of music selected for special presentation and development.

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

597./497. Selected Topics - Music Composition (3)

Prerequisite: Consent of graduate advisor and instructor.

Topics of current interest in various fields of music selected for special presentation and development.

Letter grade only (A-F). Topics announced in the *Schedule of Classes*.

D. Contemporary and Computer Music Notation

E. Composition with Interactive Technologies

G. From Poetry to Song: Composing Art Songs

598. Teaching Music in the University (1)

Prerequisite: position as TA or GA in the Bob Cole Conservatory of Music or consent of instructor.

Seminar on teaching methods, goals, and objectives; covers regulations and responsibilities; preparation of course materials; assessment and evaluation tools; technology in classroom. Required of first-term TAs and GAs with teaching responsibilities.

Letter grade only (A-F). May be repeated to a maximum of 3 units.

599. Special Studies (1-3)

Prerequisite: Consent of Graduate Advisor and instructor.

Individual research or group investigation of selected topics.

Letter grade only (A-F). May be repeated to a maximum of 6 units of credit.

600. Selected Topics - Chamber Music (1)

Prerequisite: Consent of instructor.

Letter grade only (A-F). May be repeated to a maximum of 8 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. (2 hrs reh.)

- A. Brass Ensemble
- B. New Music Ensemble
- C. String Ensemble
- D. University String Quartet
- E. University Wind Quintet
- F. University Brass Quintet
- G. Piano Ensemble
- I. Men's Chorus
- J. Jazz Combos
- K. Performance
- L. Brass Chamber Music
- M. Percussion Ensemble
- N. Steel Drum Orchestra
- O. Woodwind Chamber Music
- P. String Chamber Music
- Q. Women's Chorus
- R. Collegium-Vocal
- S. Collegium-Instrumental
- T. Saxophone Ensemble
- U. Directed Accompanying
- W. Laptop Ensemble
- X. World Percussion Group
- Y. World/Traditional Music Performance
- Z. University Percussion Group

629. Selected Topics - Individual Instruction for Music Majors (2)

Open to graduate students in music only. Private lessons in their major performance medium. Application must be made to Graduate Advisor of the Bob Cole Conservatory of Music during semester prior to registration. Registration is subject to conservatory's approval.

Letter grade only (A-F). May be repeated to a maximum of 12 units with different topics in the same semester. Topics announced in the *Schedule of Classes*.

- A. Baritone/Tuba
- B. French Horn
- C. Trombone
- D. Trumpet
- E. Harpsichord
- F. Organ
- G. Piano
- J. Percussion
- K. Double Bass
- L. Cello
- M. Viola
- N. Violin
- O. Guitar
- P. Harp
- Q. Voice
- R. Bassoon
- S. Clarinet
- T. Flute
- U. Oboe
- V. Saxophone
- W. Conducting
- X. Composition

640. Seminar in Music Theory (3)

Prerequisites: MUS 541 and consent of instructor.

Intensive seminar focusing on analytical and theoretical issues in music. May center on individual composer, theoretical technique, or history of theory.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters

680. Seminar in Instrumental Music Teaching (3)

Prerequisite: Consent of instructor.

Principles, procedures, and materials used in teaching instrumental music in public schools. Special attention given to methods and materials used in instrument classes.

Letter grade only (A-F).

696./496. Research Methods (3)

Principles of research and writing about music, thesis preparation, and citation/bibliographic format. Serves as introduction to graduate study in music. Required of all MA and MM candidates in music.

Letter grade only (A-F).

698. Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and consent of Director of Music History

Planning, preparation, research, and completion of recital/project report or thesis. Enrollment limited to graduate candidates who have passed qualifying examination for their program and who have approved project/thesis proposal.

Letter grade only (A-F).

NATURAL SCIENCES AND MATHEMATICS, COLLEGE OF

Dean: Laura Kingsford

Associate Dean for Academic Programs, Evaluation, and Advising: Krzysztof Slowinski

Associate Dean of Student Support: Henry C. Fung

Associate Dean for Research and External Support: Kevin M. Kelley

Introduction

The College of Natural Sciences and Mathematics (CNSM) provides quality educational opportunities in the life, physical sciences, and mathematics. Alumni of the College demonstrate that science and mathematics graduates are well-prepared to enter graduate and professional schools or to assume responsible positions in industry or government.

The College takes its responsibilities in teacher preparation in the sciences and mathematics very seriously. It participates in projects that provide a stronger, more rigorous, and more engaging set of teacher preparation programs at CSULB. There is funding from the National Science Foundation, NASA, and the Knight Foundation, and in collaboration with Colleges of Education and Liberal Arts, Long Beach Unified School

District, and Long Beach City College.

Programs at a Glance

Bachelor of Arts:

Chemistry, Physics

Bachelor of Science:

Biochemistry, Biology, Chemistry, Earth Science, Environmental Science and Policy, Geology, Marine Biology, Mathematics, Microbiology, Physics

Master of Science:

Biochemistry, Biology, Chemistry, Geology, Mathematics, Microbiology, Physics, Science Education, Statistics

Certificates:

Biotechnology

Minors:

Applied Mathematics, Biology, Chemistry, Geology, Physiology, Mathematics, Microbiology, Physics, Statistics

Single Subject Teaching Credentials:

Biological Science, Chemistry, Geosciences, Mathematics, Physics

College of Natural Sciences and Mathematics' Academic Advising Center

All students are urged to participate in the Science Safari to Success (for first time freshmen) or EONS (Enrollment and Orientation in Natural Sciences and Mathematics) for transfer students. Programs offered each July (for those entering in August-September) and January (for those entering in January). A department advisor will be available to assist in developing an academic plan. During the semester, students may obtain academic advising by contacting the CNSM Academic Advising Center (HSCI-164) and/or appropriate advisor(s) in the department offering the chosen degree program.

The CNSM Academic Advising Center located in the Hall of Science, Room 164 (HSCI-164) collaborates with the College's undergraduate advisors to provide its majors with academic advising and support services so students can achieve their personal, academic, and career goals. Some of the services provided to CNSM majors include information and resources about academic programs; selection and sequence of courses; assistance with enrollment for courses; helping majors develop short- and long-term goals; assistance in navigating academic requirements, policies, and procedures; and providing appropriate referrals and career planning. The Academic Advising Center staff is available for appointments and some walk-in assistance. Please contact the Academic Advising Center for more information.

Jensen Student Access to Science and Mathematics (SAS) Center and Programs Offered

The Center (HSCI 164) is dedicated to promoting success for students who pursue majors in the College and those who take courses in its departments. It also facilitates several externally funded programs. The Center provides space for studying, tutoring, mentoring, computer access, and meeting sites for student-centered activities. The Center serves as the resource center for health profession advising, graduate school opportunities, and summer research opportunities and fellowships.

There are a host of activities and programs that strive to involve students and promote their success in science and mathematics. Several federally funded programs, the Center is dependent on external funding, focus on underserved students and address the diversity of our campus. In addition to fostering involvement of students in science and mathematics, they feature an ethnic identity that provides a unique encouragement for our science majors.

MARC/RISE Programs. The College hosts both programs funded by The National Institutes of General Medical Sciences: Minority Access to Research Careers (MARC) and Research Institute for Scientific Enhancement (RISE). Both programs have the goal of increasing the number and quality of students from specifically targeted groups/populations who pursue careers in scientific research. Students supported by these programs carry out state-of-the-art biomedical research projects in conjunction with a member of the faculty. MARC is an honors program (GPA 3.0) for upper division students, while RISE supports students as early as the freshman year and also upper division transfer students. As a result of their research activities, most students present papers at scientific conferences and often co-author publications appearing in leading scientific journals. MARC/RISE students are active in various outreach and mentoring activities.

Beckman Scholars Program. The program focuses on students who have the potential to achieve distinction in their academic fields. Support is provided for students working toward bachelor's degrees in chemistry, biology, or physics in the form of student stipends, laboratory supplies and funds for travel to appropriate scientific meetings. Students receive rigorous training by faculty members in a variety of techniques involved in nucleic acid research, protein biochemistry, biophysics, etc.

Bridges to the Baccalaureate Program. This program is funded by the National Institutes of General Medical Sciences and its goal is to provide historically underserved community college students with research opportunities in the biomedical sciences and to facilitate transition into baccalaureate and doctorate granting institutions.

LS-AMP Program. The College hosts the National Science Foundation's Louis Stokes Alliance for Minority Participation (LS-AMP) program. Its goal is to improve the mathematics and science preparation for historically underserved students majoring in the sciences, mathematics, and engineering and to enhance their opportunities for graduate studies.

Physics Teacher Education Coalition (PhysTEC) Program.

The CSULB PhysTEC Program, supported by the American Physical Society, National Science Foundation, and the CSULB's College of Natural Sciences and Mathematics, is a collaborative project between the Department of Physics and Astronomy, Department of Science Education, and the Teacher-in-Residence program recruited from local high schools. The PhysTEC Program aims to increase the number of physics majors earning teaching credentials at CSULB by actively recruiting, providing opportunities for early teaching experiences, and continuing the support structures for teachers at all levels. For additional information, please see <www.physicsatthebeach.com>.

Physical Science and Mathematics Scholarship Program.

The CSULB Physical Science and Mathematics Scholarship (PSMS) Program, funded by the National Science Foundation, is to increase diversity in the science, technology, engineering, and mathematics workforce and graduate studies. Qualified students are eligible for scholarships and access to best practices which contribute to student success and competitive applications for advanced studies. More information is available at www.csulb.edu/psmscholarship.

Science and Mathematics Enrichment and Peer Mentor Programs.

This program is designed to provide first time freshmen in the College of Natural Sciences and Mathematics with the guidance and personal support. The program assists students to enroll in classes appropriate for their major and background, provides them with enriched learning experiences, and peer role models during their first academic year. The Science and Mathematics Enrichment Program (SMEP) begins the week prior to the start of the fall semester. To be part of the program, students must be declared science or math majors. Peer mentoring provides students opportunities for tutoring to strengthen academic and communication skills.

Honors in Biological Sciences. This program was initiated by a grant from the Howard Hughes Medical Institute. Open to students with majors or career goals in the life sciences or related fields, it features an honors curriculum including courses in bioinformatics and research design as well as undergraduate research leading to a senior honors thesis and presentation at scientific conferences.

Health Professions Advising Office (HPOA)

This office (HSC1-164) provides a wide range of advising and support services for students pursuing preparation and application to professional schools. The HPOA offers individual counseling, academic planning, application assistance, and many other resources designed specialty for students interested in medicine, dentistry, veterinary, pharmacy, optometry, podiatry, chiropractic, physician assistant, physical therapy, and graduate nursing.

College of Natural Sciences and Mathematics' Science Learning Center

The CNSM Science Learning Center is located in Hall of Science, Room 110 (HSCI-110). This is a hands-on museum that houses many displays and exhibits from the College's six departments; Biological Sciences, Chemistry and Biochemistry, Geological Sciences, Mathematics and Statistics, Physics and Astronomy, and Science Education. The exhibits demonstrate concepts that are easier to understand through direct physical involvement and personal discovery. Visitors are encouraged

to turn the handles, push the buttons, and twist the knobs to enable the visitor's personal discoveries of science behind the display. These exhibits compliment the K-12 science curricula. The Science Learning Center also has a 27 foot Mobile Science Museum. Converted from a motor home into a hands-on laboratory, it makes visits to local schools, industry, and community events. Groups interested in visiting the CNSM Science Learning Center, or arranging for a visit by the Mobile Science Museum may contact the Science Learning Center for additional information (562-985-4841).

Student Research Opportunities

Faculty members in the College involve more than 200 students annually, both undergraduate and graduate, in a variety of research activities. Many of these students are supported by research grants, especially during the summer months. Each year many of these students present the results of their research at scientific conferences. It is not unusual for a student to be an author on an article appearing in a major scientific journal.

Early each fall semester, the College, in collaboration with the Jensen Student Access to Sciences and Mathematics Center, hosts an Annual Research Symposium for students to present their findings of the research conducted in laboratories of CNSM faculty. The Symposium is open to members of the University and the greater Southern California community.

The Electron Microscopy Facility

The study of the natural sciences requires observation of the macroscopic, microscopic, and sub-microscopic character of our universe. The College has a modern Electron Microscope (EM) Facility, utilizing a Joel-1200EXII transmission electron microscope (TEM), which is used by several undergraduate courses in addition to undergraduate and graduate research projects. The EM Facility also houses additional TEMs and an AMR 1000 scanning electron microscope has analytical capabilities.

Student Organizations

The College of Natural Sciences and Mathematics Student Council sponsors annual events including the Nobel Laureate series and student-faculty-staff mixer. There are various social and academic-related programs that offer peer support, as well as opportunities for students and faculty to interact outside of the classroom.

Other student-led groups offer activities for students who are planning careers in one of the health professions (medicine, dentistry, etc.). The Organization of PreProfessional Students (T.O.P.P.S.) and Association of Pre-Dental Students (A.P.D.S.) have speaker series with representatives from professional schools; the group also holds social functions and provides a peer advising network. Chicanos/Latinos for Community Medicine (CCM) sponsors community outreach activities, an annual workshop on interviewing techniques, and an annual conference on applying to medical/professional schools.

Southern California Marine Institute (SCMI)

The Institute operates a number of research vessels, and provides the mechanism whereby students from CSU Ocean Studies Consortium campuses at Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona,

San Diego, and San Marcos, as well as Occidental College and the University of Southern California can share courses and degree programs. In addition, Institute staff conduct research and facilitate the research of CSU faculty. The major focus is on harbors and coastal areas, with emphasis on environmental issues.

California Desert Studies Consortium

CSULB participates in the California Desert Studies Consortium, which has a Desert Studies Center in the heart of the Mojave Desert at Soda Springs near the town of Baker. The surrounding area consists of typical Mojave Desert with dry lakes, sand dunes, and mountain ranges; it is the gateway to Death Valley and the Kelso Dunes. The Center has facilities for teaching field classes and for research. California State Universities at Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona, and San Bernardino are the Consortia members.

Institute for Integrated Research in Materials, Environment, and Society (IIRMES)

IIRMES promotes and enhances educational and research opportunities for faculty, graduate and undergraduate students and the greater community at large. The major goals and accompanying benefits include research and scholarly activity; development of instructional programs to provide student training and research; and contribution to community service. IIRMES promotes cross-application of analytical techniques; facilitates access to state-of-the-art instrumentation for researchers; sponsors colloquia, lectures, and conferences; promotes interdisciplinary workshops and collaborations with other universities to create research possibilities for faculty and students; promotes educational programs and research opportunities for CSULB undergraduate and graduate students; provides analytical services for scientific community; and serves as a core CSU facility for elemental microanalysis.

CSUPERB Core Facility for Micro-Chemical Elemental Analysis (FEMCA)

California State University Program for Education and Research in Biotechnology (CSUPERB) has created a core facility for elemental micro-chemical analysis (FEMCA). FEMCA's principal goal is to enhance the educational and research opportunities of students and faculty members in the CSU system who wish to pursue novel research in biotechnology. The facility builds on strong interdisciplinary ties between the biological, chemical, and physical sciences. FEMCA is housed within IIRMES for molecular and elemental analysis; scanning, transmission and atomic force microscopy; as well as purpose-built clean-room facilities for organic and inorganic extractions and sample preparation.

Center for Education in Proteomics Analysis (CEPA)

A grant from the W.M. Keck Foundation and supplemental funds provided by the College of Natural Sciences and Mathematics at CSULB enabled purchase of an Applied Biosystems 4800 Matrix Assisted Laser Desorption Ionization, tandem Time of Flight Mass Spectrometer for protein and polypeptide analysis and identification. CEPA is part of IIRMES' Facility for Elemental Micro Chemical Analysis (FEMCA), and is the only one of its kind in the USA that focuses on the use of this technology for undergraduate training and research.

Courses (NSCI)

LOWER DIVISION

190A. Experience Success Program - 1 (1)

Prerequisite: Open to Freshman only.

Learn and adopt organizational time management study and test taking skills. Increase your awareness of science and mathematics related career options. Make connections with CNSM programs, resources, and people.

Letter grade only (A-F). (Seminar 1 hr)

190B. Experience Success Program - 2 (1)

Prerequisite: NSCI 190A.

Explore science/math careers via job shadowing experiences and community based mini-internships. Learn about summer internship and research opportunities.

Letter grade only (A-F). (Seminar 1 hr.)

191. Selected Topics in Natural Sciences and Mathematics (1-3 units)

Prerequisite: Lower division pre-major in Biology, Biochemistry, Chemistry, Geology, Marine Biology, Microbiology, or Physics

Specific topics of current interest in the natural sciences.

(Lecture 1 hr/unit). May be repeated to a maximum of 3 units with different topics in different semesters. Topics will be announced in the Schedule of Classes.

Letter Grading only (A-F)

296 - Introduction to Research Methods (3 units)

Prerequisite: Sophomore standing and pre-major in Biology, Biochemistry, Chemistry, Geology, Marine Biology, Microbiology, or Physics.

Course introduces student to principles of experimentation, hypotheses formation and testing, measurement, naturalistic observation, correlation studies, analysis, and reporting common across the biomedical and behavioral sciences. Course will focus on various experimental paradigms and techniques used in laboratory-based research. (Lecture 3 hours).

Letter grading only (A-F).

UPPER DIVISION

305. Origami in Science, Mathematics, and Education (3)

Prerequisites: GE Foundation requirements.

Hands-on instruction in the creation of origami works of fine art. Applications of folding materials in science, engineering, mathematics, and as a pedagogical tool in education.

(Lecture 3 hrs.)

308. Community and Careers in the Health Professions (3) S

Prerequisites: GE Foundation requirements, one or more Exploration courses, upper division standing, and 3 units of Natural Sciences coursework.

Service-learning, capstone course developing students' critical thinking and analyzing issues on health care delivery including biomedical ethics. Students are required to provide service in a community health care agency. Provides understanding of community needs and fosters greater civic responsibility.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

375. Science and Society (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing; 3 units of GE natural science courses.

Studying major discoveries in life and physical sciences impacting our lives. Examining technological advances, discussions of what

is science, how is it done, and is it beneficial or destructive? Recent discoveries and underlying basic science also will be critically evaluated.

Letter grade only (A-F). (Lecture 3 hrs)

390. Experience Success Program for STEM Transfer Students (1)

Prerequisite: Open only to first semester transfer students with majors in CNSM or COE.

Learn to master time management, test taking skills, CV, professional statements and cover letter writing. Explore STEM careers. Learn about CNSM programs and opportunities which will support your professional growth.

Letter grade only (A-F). (Seminar 1 hr)

490. Special Topics in the Natural Sciences (1-3)

Prerequisites: At least upper division standing in the College of Natural Sciences and Mathematics and consent of instructor.

Faculty and student discussions and analysis of a current topic in the natural sciences.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 1-3 hrs.)

490L. Special Topics in the Natural Sciences, Laboratory (1-3)

Prerequisite: At least upper division standing in the College of Natural Sciences and Mathematics and consent of instructor.

Laboratory topics from selected areas of natural sciences.

Letter grade only (A-F). (Laboratory 2-9 hours).

492. Internships In Natural Science (3)

Prerequisites: Major in the College of Natural Sciences and Mathematics, completion of 9 units of upper division science coursework, a 2.5 GPA overall or 2.75 GPA in the student's major, and consent of instructor prior to registration.

Qualifying students placed in a major or career-related assignment in private industry or at a public agency. May be placed in either a volunteer or paid work assignment. Teacher aide positions may be used for students interested in pursuing a career in science education in K-12 schools.

Learning assignments will be arranged through the Career Development Center and the instructor. Final written report required. Class attendance and internships to be arranged by the instructor. Minimum of 120 hours of field experience required. Credit/No credit grading only. May be repeated to a maximum of 6 units

496. Investigations in Natural Sciences and Mathematics (1-3)

Prerequisites: Consent of instructor.

Supervised study of current topics in the natural sciences or mathematics by a faculty member in the College of Natural Sciences and Mathematics.

Letter grade only (A-F).

GRADUATE LEVEL

501. Project Management for Scientists (3)

Prerequisites: Consent of instructor. Not open to majors in the College of Business Administration.

Best practices utilized in scientific project management; includes project initiation, team dynamics, planning, scheduling, risk management, control, closure and evaluation. Applying gained knowledge to manage a project in their own scientific discipline. Offered in online or hybrid format.

Letter grade only (A-F). (Lecture 3 hrs)

502. Leadership and Management for Scientists (3)

Prerequisites: Consent of instructor. Not open to majors in the College of Business Administration.

Prepares students entering science-related careers with a foundation in management skills. Fundamentals of leadership, teamwork, motivation, planning, and organizational strategy and structure are presented along with human resource management topics including performance management, recruitment and selection, compensation and employment law. Offered in online or hybrid format.

Letter grade only (A-F). (3 hours activity)

503. Accounting and Finance for Scientists (3)

Prerequisites: Consent of instructor. Not open to majors in the College of Business Administration.

Introduction to concepts of accounting and financial management, focusing on scientific grants and contracts. Topics include: budgeting, planning and control; break-even, cost benefit and financial statement analysis; time-value of money; risk-return; capital and long term financing and investments. Offered in online or hybrid format.

Letter grade only (A-F). (3 hours activity)

504. Introduction to Regulatory Science (3)

Prerequisites: Consent of instructor. Not open to majors in the College of Business Administration.

Introduction to legal and regulatory issues important in engineering, technology, and scientific activities in the pharmaceutical and medical device industries. Offered in online or hybrid format.

Letter grade only (A-F). (3 hours activity)

505. Professional Ethics (3)

Prerequisites: Consent of instructor. Not open to majors in the College of Business Administration.

Introduction to the standards of professional practice and codes of ethics in the responsible conduct of scientific research. Course objectives fulfill the federally mandated requirements and professional standards for training in the area of scientific ethics and best practices. Offered in online or hybrid format.

Letter grade only (A-F). (3 hours activity)

NURSING, SCHOOL OF

College of Health and Human Services

Director of School of Nursing: Loucine Huckabay

Director of Graduate Program: Ronald Norby

Director of Undergraduate Program: Beth Keely

School Office: Nursing Building (NUR), Room 60H
Telephone: (562) 985-4463

Faculty: Margaret Brady (Emerita), Lyn Callahan, Natalie Cheffer, Catherine Cummings, Kathryn Deitch (Emerita), Annie Odell, Joy Goebel, Loucine Huckabay, Ahlam Jadalla, Leayn Johnson (Emerita), Beth Keely, Bonnie Kellogg (Emerita), Jarline Ketola, Kholoud Khalil, Farideh Khoiny, David Kumrow, Anthony McGuire, Ruth G. Mullins (Emerita), Barbara J. Nelms, Nancy Oliver (Emerita), Sharon L. Roberts (Emerita), Savitri Singh-Carlson, Judy E. Smith (Emerita), Christine Talmadge (Emerita), Lucy Vanohendoo, Eileen Watson, Barbara White, Pamela Xandre
Students desiring information should contact the school office for dates of opening counseling sessions.

Career Possibilities

Office Nurse • Nurse Consultant • Public Health Nurse
• Clinical/Staff Nurse • Industrial Nurse • Private Duty Nurse
• Home Health Care Nurse • Clinical Specialist • Nurse Practitioner • Armed Forces Officer • Nurse Supervisor
• Teacher • Training Director • Public Health Education
(Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Science in Nursing

This program prepares students to become professional nurses. Two distinct categories of students are eligible for admission: The “basic student” who enters the University without having completed a first level nursing program and the “registered nurse student” who, having completed the first level, desires further study to expand their nursing capabilities to the BSN professional level.

The “basic student” is eligible to take the examination for licensure to practice as a registered nurse upon completion of the program. All graduates are recommended for certification as a public health nurse in the State of California. The program is accredited by the California State Board of Registered Nursing, and the Commission on Collegiate Nursing Education (Commission on Collegiate Nursing Education, 1 Dupont Circle, NW, Suite 530, Washington, DC 20036-1120, phone: 202-887-6791).

Bachelor of Science in Nursing – Basic (120 units)

Admission Under Impaction

Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

In order to be considered for transfer admission to the Nursing major, students must complete a series of prerequisite courses: written communication, oral

communication, critical thinking, STAT 108, BIOL 207, BIOL 208, MICR 200, and CHEM 140. Each course must be completed with a “C” or better grade; when all prerequisites are completed the GPA for the prerequisite courses must be “B” or better (3.0 or better). Applicants to the nursing major are normally admitted by the time they reach junior standing.

Degree Progress for Pre-Nursing Majors

Pre-Nursing majors must complete the following requirements within four semesters of being admitted as a Pre-Nursing major or declaring a Pre-Nursing major. Some students may need to take courses during Summer Session to meet these requirements. At the end of the four semesters after Declaration of a Pre-Nursing major, students who have not met the requirements must either declare another major or meet with an Academic Advisor to determine if the student’s performance in the courses merits an additional semester to complete.

At the end of the second semester, pre-nursing students must have a grade of “C” or better in general education certified written communication, oral communication, critical thinking, and STAT 108 courses as well as a combined GPA of 3.0 or better in these prerequisite courses.

Pre-Nursing students with an ELM score that places them in MAPB 1 or MAPB 7 or MAPB 11 may petition for an additional semester.

At the end of the fourth semester, pre-nursing students must have a “C” grade or better in BIOL 207, BIOL 208, CHEM 140, and MICR 200 as well as a combined GPA of 3.0 or better in these prerequisite courses.

At the end of the fourth semester, Pre-Nursing students must apply to become Nursing majors. Candidates must complete a General Assessment Test and should contact the school to learn how to take the General Assessment Test. In reviewing applications, a personal profile is developed for each applicant based on GPA, in prerequisite courses and the General Assessment Test. The largest weight in the profile is derived from the prerequisite science course GPA, with typical grade point averages for these courses being 3.25 or higher and no grades below a “C.” Candidates with the highest profile scores are selected for admission. It is anticipated that about seventy-two (72) students will be admitted each Fall and Spring semesters from hundreds of applicants.

Requirements

Natural Science Prerequisites:

Take all of the following courses:

CHEM 140 General, Organic, and Biochemistry (5)
Prerequisites: Restricted to Pre-Nursing majors. A grade of “C” or better in MATH 109 or MATH 113 or MATH 117 or MATH 119A or MATH 122 or STAT 108; high school chemistry or equivalent.

BIOL 207 Human Physiology (4)
Prerequisites: GE Foundation requirements.

BIOL 208 Human Anatomy (4)
Prerequisites: Grade of “C” or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

MICR 200 General Microbiology for Health

Professional (or equivalent) (4)

Prerequisites: CHEM 111A or CHEM 140 with a grade of "C" or better and GE Foundation requirements.

Prerequisite General Education Courses:

English Composition, STAT 108 (Quantitative Reasoning), Oral Communication, and Critical Thinking

Support courses:

Take all of the following courses:

NUTR 339 Nutrition for Nursing Professionals (3)

Prerequisites: CHEM 140, BIOL 207, admission to the School of Nursing or consent of instructor.

GERN 400 Perspectives on Gerontology (3)

Prerequisites/Corequisites: A GE Foundation course

PSY 100 General Psychology (3)

Prerequisites/Corequisites: GE A1 requirement.

SOC 100 Principles of Sociology (3)

Prerequisites/Corequisites: A GE Foundation course.

Nursing Courses:

Take all of the following courses:

NRSNG 200 Foundation of Professional Nursing (6)

Prerequisites: Admission to the nursing program.
Corequisites: NRSNG 302, NRSNG 305, and NUTR 339, or consent of instructor.

NRSNG 250 Intermediate Medical Surgical Nursing (6)

Prerequisites: NRSNG 200, NRSNG 302, NRSNG 305, and NUTR 339, or consent of instructor. Corequisites: NRSNG 312 and 321, or consent of instructor.

NRSNG 302 Foundations of Clinical Pharmacology (2)

Prerequisites: BIOL 207, 208, CHEM 140, MICR 200 or consent of instructor. Corequisites: NRSNG 200, NRSNG 305 and NUTR 339.

NRSNG 305 Pathophysiology for Nurses (3)

Prerequisites: Admission to the School of Nursing or consent of instructor. Corequisites: NRSNG 200, NRSNG 302 and NUTR 339.

NRSNG 312 Health Assessment (3)

Prerequisites: Basic students : NRSNG 200, NRSNG 302, NRSNG 305, and NUTR 339, or consent of instructor. RN to BSN students: NRSNG 309 or consent of instructor.
Corequisites: Basic students: NRSNG 250 and NRSNG 321, or consent of instructor.

NRSNG 321 Health Care of the Childbearing Family (6)

Prerequisites: NRSNG 200, NRSNG 302, NRSNG 305, NUTR 339 or consent of instructor. Corequisites: NRSNG 250 and NRSNG 312, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 331 Advanced Acute Care Nursing (5)

Prerequisites: NRSNG 250, NRSNG 312 and NRSNG 321 or consent of instructor.
Corequisites: NRSNG 341 and GERN 400, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 341 Psychiatric/Mental Health Nursing (6)

Prerequisites: PSY 100, SOC 100, NRSNG 250, NRSNG 312, NRSNG 321 or consent of instructor.
Corequisites: NRSNG 331, GERN 400 or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 353 Legal Aspects of Health Care (2)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400, or consent of instructor. Corequisites: NRSNG 361 and NRSNG 402, or consent of instructor.

NRSNG 361 Child Health Care (6)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400 or consent of instructor.
Corequisites: NRSNG 353 and NRSNG 402, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 402 Community Health Nursing (6)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400 or consent of instructor; for RNs NRSNG 305, NRSNG 312, or consent of instructor. Corequisites: NRSNG 361, NRSNG 353, or consent of instructor.

NRSNG 450 Nursing Research (3)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402 or consent of instructor. Corequisites: NRSNG 452 or NRSNG 453 or NRSNG 454, NRSNG 456 and NRSNG 458.

NRSNG 456 Health Care Delivery Systems and Nursing Leadership (3)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 452 or NRSNG 453 or NRSNG 454, or consent of instructor

NRSNG 458 NCLEX-RN Preparatory Course (1)

Prerequisites: NRSNG 361, NRSNG 402, and NRSNG 353.

Corequisites: NRSNG 450, NRSNG 456 and NRSNG 452 or NRSNG 453 or NRSNG 454.

Select one of the following:

NRSNG 452 Senior Concentration in Critical Care (6)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 453 Senior Concentration in Maternal Child Health (6)

Prerequisites: NRSNG 353, NRSNG 361, and GERN 400, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSNG 454 Senior Concentration in Selected

Populations (6)

Prerequisites: NRSNG 353 and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

Criminal background check, health insurance, immunizations, medical clearance, and malpractice insurance are required for clinical coursework.

To be recommended to the California Board of Registered Nursing (BRN) to take the licensure exam as a Registered Nurse, students must successfully complete the RN Prelicensure Exit Assessment. The results of this assessment will not impact the conferring of the bachelor's degree.

Bachelor of Science in Nursing – Registered Nurse (120 units)

Admission

Registered Nurse Applicants are required to apply for admission to the University and do the following:

1. Hold a current license or be eligible for license to practice in California;
2. Graduation from an Accredited Associate Degree program or evaluation of diploma program for equivalency by an Accredited Associate Degree program;
3. Have 56 to 70 transferable units including statistics and chemistry (Chemistry 140 preferred);
4. Maintain malpractice and health insurance throughout clinical coursework and submit to a criminal background check;
5. Attend a group counseling session for RN students and complete the RN application form;

6. Submit official transcripts of any previous college work to the School of Nursing;
7. Fulfill the Graduation Writing Assessment Requirement (GWAR) either prior to admission or within the first semester in the program.

Graduates of diploma schools of nursing are urged to seek information/admission to a community college that offers the opportunity to earn academic credit for a diploma nursing program.

Requirements

Prerequisites: Satisfactory completion of an undergraduate statistics course suitable for general education math credit and a inorganic, organic, and/or biochemistry course (CHEM 140 or combined 5 units chemistry course is preferred).

Take all of the following:

NRSRG 305 Pathophysiology for Nurses (3)

Prerequisites: Admission to the School of Nursing or consent of instructor. Corequisites: NRSRG 200, NRSRG 302 and NUTR 339.

NRSRG 309 Dimensions of Professional Nursing (2)

Prerequisites: Basic Student: Admission to the ADN to BSN program. Support courses: CHEM 140, NRSRG 305.

NRSRG 312 Health Assessment (3)

Prerequisites: Basic students: NRSRG 200, NRSRG 302, NRSRG 305, and NUTR 339, or consent of instructor. RN to BSN students: NRSRG 309 or consent of instructor.

Corequisites: Basic students: NRSRG 250 and NRSRG 321, or consent of instructor.

NRSRG 402 Community Health Nursing (6)

Prerequisites: NRSRG 331, NRSRG 341, and GERN 400 or consent of instructor; for RNs NRSRG 305, NRSRG 312, or consent of instructor. Corequisites: NRSRG 353 and NRSRG 361, or consent of instructor.

NRSRG 450 Nursing Research (3)

Prerequisites: NRSRG 353, NRSRG 361, and NRSRG 402 or consent of instructor. Corequisites: NRSRG 452 or NRSRG 453 or NRSRG 454, NRSRG 456 and NRSRG 458.

NRSRG 456 Health Care Delivery Systems and Nursing Leadership (3)

Prerequisites: Basic students: NRSRG 353, NRSRG 361, and NRSRG 402, or consent of instructor.

Corequisites: NRSRG 450, NRSRG 452 or NRSRG 453 or NRSRG 454, or consent of instructor

Take one of the following:

NRSRG 452 Senior Concentration in Critical Care (6)

Prerequisites: Basic students: NRSRG 353, NRSRG 361, and NRSRG 402, or consent of instructor.

Corequisites: NRSRG 450, NRSRG 456, and NRSRG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSRG 453 Senior Concentration in Maternal Child Health (6)

Prerequisites: Basic students: NRSRG 353, NRSRG 361, and GERN 400, or consent of instructor.

Corequisites: NRSRG 450, NRSRG 456, and NRSRG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

NRSRG 454 Senior Concentration in Selected Populations (6)

Prerequisites: Basic students: NRSRG 353 and NRSRG 402, or consent of instructor.

Corequisites: NRSRG 450, NRSRG 456, and NRSRG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

16 units will be awarded by examination for demonstration of prior learning by passing the CA NCLEX Examination

Course of Study

A specific combination of general education, prerequisites, nursing and elective courses totaling 120 units for the basic program and the R.N. program are required for graduation. All nursing courses in the nursing program must be taken in sequence. Admission to the first course is by application which will be accepted upon successful attainment of the criteria listed above. The last date to file applications for each semester will be available in the School of Nursing. Progress in the nursing major requires that students maintain a cumulative 2.0 GPA on all units attempted and attain a minimum of a "C" grade in each of the nursing courses as well as all required support courses. The student who earns less than a grade of "C" must repeat that course prior to being admitted to the next course in the nursing course sequence. A nursing course may be repeated one time. A break in the sequence of nursing courses necessitates readmission on a space-available basis.

Graduate Programs

Master of Science in Nursing

This degree is available to qualified students who desire advanced studies. The program is approved by the Board of Registered Nursing, and accredited by the Commission on Collegiate Nursing Education (1 Dupont Circle, NW, Suite 530, Washington, DC, 20036-1120, phone: 202-887-6791).

A Master of Science (MS) degree in Nursing is offered for the following specialties: Nurse Practitioner (Adult-Gerontology Acute Care and Nursing Systems and Health Systems Executive Management, Adult-Gerontological Primary Care, Family, Pediatric Primary Care, Psychiatric-Mental Health, and Women's Health), Clinical Nurse Specialist - Adult, and Nursing Administration. In addition, two dual degree programs are offered: Master of Science in Nursing /Master of Public Health (MSN/MPH) and Master of Science in Nursing / Master of Science in Health Care Administration (MSN/MSHCA)."

Nurse Practitioner Concentration

Specialty Areas: Family, Pediatric Primary Care, Adult-Gerontological Primary Care, Women's Health, Psychiatric-Mental Health (Across the lifespan), and Adult-Gerontology Acute Care.

Prerequisites

1. A bachelor's degree in nursing preferred: A bachelor's degree in a related field will be considered;
2. Current unrestricted license to practice as a registered nurse in California;
3. Admission to graduate standing in nursing at the University;
4. A college level course in statistics;
5. A physical assessment course which includes clinical practice, must have been taken within last five years;
6. An upper division or graduate level course in pathophysiology;
7. An upper division community health nursing course with lab for non-BSN applicants;
8. An overall GPA of 3.0 or better in the undergraduate

program.

9. Graduate Record Exam (GRE) Analytical Writing Section only at a score 4.0 to be completed prior to the application. Results to be sent to the School of Nursing (SON) at CSULB, and a copy attached with the SON application. The GRE must have been completed within 5 years of the SON application.

Advancement to Candidacy

1. Satisfy the general University requirements for advancement to candidacy;
2. Completion of all undergraduate deficiencies;
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR);
4. Approval of the school graduate director and Associate Dean of the College of Health and Human Services.

Requirements

1. Completion of a minimum of 38-47 units in approved upper division and graduate courses;
2. An overall GPA of 3.0 or better in the undergraduate program.

Core Courses

For all Nurse Practitioner specialties, take the following courses:

NRSRG 510 Advanced Pathophysiology for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program and completion of upper division pathophysiology course, or consent of instructor.

NRSRG 520 Advanced Pharmacology for Advanced Practice Nursing (3)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

NRSRG 540 Health Care Economics, Policy, and Management for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

NRSRG 550 Human Diversity and Psychosocial Issues in Health Care for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

NRSRG 560 Foundations of Theoretical and Professional Roles in Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

NRSRG 596 Research for Advanced Nursing Practice (3)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

For Family, Adult-Gerontological Primary Care, Women's Health, Psychiatric-Mental Health (Across the Life Span), and Adult-Gerontological Acute Care Nurse Practitioner specialties, take the following additional core courses:

NRSRG 530 Advanced Physical Assessment for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program and completion of basic physical assessment course, or consent of instructor. Corequisite: NRSRG 530L.

NRSRG 530L Advanced Physical Assessment Laboratory for Advanced Practice Nurses (1)

Prerequisites: Admission to graduate program or consent of instructor. Corequisites: NRSRG 530.

For Pediatric Primary Care Nurse Practitioner specialty only, take the following additional core courses:

NRSRG 535 Advanced Pediatric Physical Assessment and Health Promotion (2)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor. Corequisites: NRSRG 535L.

NRSRG 535L Advanced Pediatric Physical Assessment Laboratory (1)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor. Corequisites: NRSRG 535.

Specialty Courses

Family Nurse Practitioner Specialty

Family Nurse Practitioner Theory Courses:

NRSRG 620 Family Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or consent of instructor. Corequisites: NRSRG 620A, NRSRG 620B.

NRSRG 621 Family Theories for Advanced Practice

Nursing II (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621A, NRSRG 621B.

Family Nurse Practitioner Clinical Courses:

NRSRG 620A Family Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or consent of instructor. Corequisites: NRSRG 620, NRSRG 620B.

NRSRG 620B Family Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 620, NRSRG 620A.

NRSRG 621A Family Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621, NRSRG 621B.

NRSRG 621B Family Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621, NRSRG 621A.

Pediatric Primary Care Nurse Practitioner Specialty

Pediatric Nurse Practitioner Theory Courses:

NRSRG 650 Pediatric Theories for Advanced Practice Nursing I (3)

Prerequisites: NRSRG 510, NRSRG 520, NRSRG 535, NRSRG 535L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596. Corequisites: NRSRG 650A and NRSRG 650B.

NRSRG 651 Pediatric Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSRG 650, NRSRG 650A, NRSRG 650B. Corequisites: NRSRG 651A and NRSRG 651B.

NRSRG 652 Pediatric Theories for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 651, NRSRG 651A, NRSRG 651B. Corequisites: NRSRG 652A.

Pediatric Primary Care Nurse Practitioner Clinical Courses:

NRSRG 650A Pediatric Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: NRSRG 510, NRSRG 520, NRSRG 535, NRSRG 535L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596 or consent of instructor. Corequisites: NRSRG 650 and NRSRG 650B.

NRSRG 650B Pediatric Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: NRS 510, NRS 520, NRS 535, NRS 535L, NRS 540, NRS 550, NRS 560, and NRS 596 or consent of instructor. Corequisites: NRS 650 and NRS 650A.

NRS 651A Pediatric Clinical Studies for Advanced Practice Nursing III (3)
Prerequisites: NRS 650, NRS 650A, and NRS 650B.
Corequisites: NRS 651 and NRS 651B.

NRS 651B Pediatric Clinical Studies for Advanced Practice Nursing IV (3)
Prerequisites: NRS 650, NRS 650A, and NRS 650B.
Corequisites: NRS 651 and NRS 651A.

NRS 652A Pediatric Clinical Studies for Advanced Practice Nursing V (3)
Prerequisites: NRS 651, NRS 651A, NRS 651B.
Corequisites: NRS 652.

Adult-Gerontological Primary Care Nurse Practitioner Specialty

Adult-Gerontological Primary Care Nurse Practitioner Theory Courses:

NRS 630 Adult-Geriatric Theories for Advanced Practice Nursing I (3)
Prerequisites: Admission to graduate nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560, NRS 596 and clinical pre-test, or departmental consent required.
Corequisites: NRS 630A, NRS 630B.

NRS 631 Adult-Geriatric Theories for Advanced Practice Nursing II (3)
Prerequisites: NRS 630, NRS 630A, NRS 630B, or departmental consent required.
Corequisites: NRS 631A, NRS 631B.

Adult-Gerontological Primary Care Nurse Practitioner Clinical Courses:

NRS 630A Adult-Geriatric Clinical Studies in Advanced Practice Nursing I (3)
Prerequisites: Admission to graduate nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560, NRS 596 and clinical pre-test, or departmental consent required.
Corequisites: NRS 630, NRS 630B.

NRS 630B Adult-Geriatric Clinical Studies in Advanced Practice Nursing II (3)
Prerequisites: Admission to graduate nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560, NRS 596 and clinical pre-test, or consent of instructor.
Corequisites: NRS 630, NRS 630A.

NRS 631A Adult-Geriatric Clinical Studies in Advanced Practice Nursing III (3)
Prerequisites: NRS 630, NRS 630A, NRS 630B, or departmental consent required.
Corequisites: NRS 631, NRS 631B.

NRS 631B Adult-Geriatric Clinical Studies in Advanced Practice Nursing IV (3)
Prerequisites: NRS 630, NRS 630A, NRS 630B, or departmental consent required.
Corequisites: NRS 631, NRS 631A.

Psychiatric-Mental Health Nurse Practitioner (Across the Life Span) Specialty

Psychiatric-Mental Health Nurse Practitioner (Across the Life Span) Theory Courses:

NRS 640 **Psychiatric-Mental Health Theory Across the Lifespan for Advanced Practice Nursing I (3)**
Prerequisites: Admission to PMHNP program; completion of NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560 and NRS 596, or consent of instructor.

Corequisite(s): Corequisite: NRS 640A, NRS 643

NRS 641 **Psychiatric-Mental Health Theory for Adults and Elderly for Advanced Practice Nursing III (3)**
Prerequisites: Admission to PMHNP program; completion of NRS 640, NRS 640A, & NRS 643, or consent of instructor.
Corequisite: NRS 641A & NRS 641B.

NRS 642 **Psychiatric-Mental Health Theory for Children and Adolescents for Advanced Practice Nursing IV (3)**
Prerequisites: Admission to PMHNP program and NRS 641, NRS 641A, NRS 641B or consent of instructor.
Corequisites: NRS 642A, NRS 642B.

NRS 643 **Advanced Psychopharmacology for Psychiatric-Mental Health Theory Across the Lifespan for Advanced Practice Nursing II (3)**
Prerequisites: Admission to graduated nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560 and NRS 596, or consent of instructor. Corequisites: NRS 640, NRS 640A, NRS 640B.

Psychiatric-Mental Health Nurse Practitioner (Across the Lifespan) Clinical Courses:

NRS 640A **Psychiatric-Mental Health Clinical Studies for Advanced Practice Nursing I (3)**
Prerequisites: Admission to graduate nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560 and NRS 596, or consent of instructor.
Corequisites: NRS 640, NRS 643.

NRS 641A **Psychiatric-Mental Health Clinical Studies for Adults for Advanced Practice Nursing IV (3)**
Prerequisites: Admission to PMHNP program; completion of NRS 640, NRS 640A, NRS 643 or consent of instructor.
Corequisite: NRS 641 & NRS 641B.

NRS 641B **Psychiatric-Mental Health Clinical Studies for Elderly for Advanced Practice Nursing V (3)**
Prerequisites: Admission to PMHNP program; completion of NRS 640, NRS 640A, NRS 643 or consent of instructor.
Corequisite: NRS 641 & NRS 641A.

NRS 642A **Psychiatric-Mental Health Clinical Studies for Children for Advanced Practice Nursing IV (3)**
Prerequisites: Admission to the PMHNP program and completion of NRS 641, NRS 641A and NRS 641B, or consent of instructor. Corequisites: NRS 642, NRS 642B.

NRS 642B **Psychiatric-Mental Health Clinical Studies for Adolescents for Advanced Practice Nursing V (3)**
Prerequisites: Admission to the PMHNP program and completion of NRS 641, NRS 641A and NRS 641B, or consent of instructor. Corequisites: NRS 642, NRS 642A.

Women's Health Nurse Practitioner Specialty

Women's Health Nurse Practitioner Theory Courses:

NRS 610 **Women's Health Theories for Advanced Practice Nursing I (3)**
Prerequisites: Admission to graduate nursing program and NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560 and NRS 596, or consent of instructor. Corequisites: NRS 610A, NRS 610B.

NRS 611 **Women's Health Theories for Advanced Practice Nursing II (3)**
Prerequisites: Admission to the graduate nursing program. and NRS 610, NRS 610A, NRS 610B, or consent of instructor.
Corequisites: NRS 611A, NRS 611B.

NRS 612 **Women's Health Theories for Advanced Practice Nursing III (3)**
Prerequisites: NRS 611, NRS 611A, NRS 611B.
Corequisite: NRS 612A.

Women's Health Nurse Practitioner Clinical Courses:

NRSG 610A Women's Health Clinical Studies for

Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSG 510, NRSG 520, NRSG 530, NRSG 530L, NRSG 540, NRSG 550, NRSG 560 and NRSG 596, or consent of instructor. Corequisites: NRSG 610, NRSG 610B.

NRSG 610B Women's Health Clinical Studies for

Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSG 510, NRSG 520, NRSG 530, NRSG 530L, NRSG 540, NRSG 550, NRSG 560 and NRSG 596, or consent of instructor. Corequisites: NRSG 610, NRSG 610A.

NRSG 611A Women's Health Clinical Studies for

Advanced Practice Nursing III (3)

Prerequisites: Admission to the graduate nursing program and NRSG 610, NRSG 610A, NRSG 610B, or consent of instructor. Corequisites: NRSG 611, NRSG 611B.

NRSG 611B Women's Health Clinical Studies for

Advanced Practice Nursing IV (3)

Prerequisites: Admission to the graduate nursing program and NRSG 610, NRSG 610A, NRSG 610B, or consent of instructor. Corequisites: NRSG 611, NRSG 611A.

NRSG 612A Women's Health Clinical Studies for

Advanced Practice Nursing V (3)

Prerequisites: Admission to the graduate nursing program, NRSG 611, NRSG 611A, and NRSG 611B. Corequisite: NRSG 612.

Adult-Gerontological Acute Care Nurse Practitioner Specialty

Adult-Gerontological Acute Care Nurse Practitioner Theory Courses:

NRSG 660: Adult-Gerontological Acute Care Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to AGACNP program and NRSG 510, NRSG 520, NRSG 530, NRSG 530L, NRSG 540, NRSG 550, 560, 596 or consent of instructor. Corequisites: NRSG 660A, 660B.

NRSG 661: Adult-Gerontological Acute Care Theories for Advanced Practice Nursing II (3).

Prerequisites: Admission to AGACNP program and NRSG 660, NRSG 660A, NRSG 660B, or consent of instructor. Corequisites: NRSG 661A, NRSG 661B.

Adult-Gerontological Acute Care Nurse Practitioner Clinical Courses:

NRSG 660A: Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing I (3) Prerequisites: Admission to AGACNP program and NRSG 510, NRSG 520, NRSG 530, NRSG 530L, NRSG 540, NRSG 550, NRSG 560, NRSG 596 or consent of instructor. Corequisites: NRSG 660, NRSG 660B.

NRSG 660B: Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing II (3)

Prerequisites: Admission to AGACNP program and NRSG 510, NRSG 520, NRSG 530, NRSG 530L, NRSG 540, NRSG 550, NRSG 560, NRSG 596 or consent of instructor. Corequisites: NRSG 660, NRSG 660A.

NRSG 661A: Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing III (3)

Prerequisites: Admission to AGACNP program and NRSG 660, NRSG 660A, NRSG 660B, or consent of instructor. Corequisites: NRSG 661, NRSG 661B.

NRSG 661B Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing IV (3)

Prerequisites: Admission to AGACNP program and NRSG 660, NRSG 660A, NRSG 660B, or consent of instructor.

For all Nurse Practitioner specialties:

Take one of the following culminating courses:

NRSG 692 Nursing Directed Project (1-3)

Prerequisites: Admission to graduate nursing program, advancement to candidacy, NRSG 596 and consent of school graduate advisor.

NRSG 695 Professional Literature (3)

Prerequisites: NRSG 510, NRSG 520, NRSG 530 or NRSG 535, NRSG 530L or NRSG 535L, NRSG 540, NRSG 550, NRSG 560, NRSG 596, theory and clinical course series for one of the Nurse Practitioner or CNS specialties, and advancement to candidacy, or consent of instructor and graduate advisor.

NRSG 698 Thesis (1-3)

Prerequisites: Admission to graduate nursing program, advancement to candidacy, NRSG 596, consent of school graduate advisor.

Nursing and Health Systems Executive Management Concentration

Prerequisites

1. A bachelor's degree in nursing preferred: A bachelor's degree in a related field will be considered;
2. Current unrestricted license to practice as a registered nurse in California;
3. Admission to graduate standing in nursing at the University;
4. A college level course in statistics;
5. An upper division public health nursing course with lab for non-BSN applicants;
6. An overall GPA of 3.0 or better in the undergraduate program.
7. Graduate Record Exam (GRE) Analytical Writing Section only at a score 4.0 to be completed prior to the application. Results to be sent to the School of Nursing (SON) at CSULB, and a copy attached with the SON application. The GRE must have been completed within 5 years of the SON application.

Advancement to Candidacy

1. Satisfy the general University requirements for advancement to candidacy;
2. Completion of all undergraduate deficiencies;
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR);
4. Approval of the school graduate director and Associate Dean of the College of Health and Human Services.

Requirements

1. Completion of a minimum of 33 units in approved upper division and graduate courses;
2. An overall GPA of 3.0 or better.

Core Courses

For Nursing and Health systems Executive Management

Administration Concentration, take the following courses:

HCA 515 Advanced Financial Management in Healthcare (3).

Prerequisites: ACCT 201 or ACCT 500; HCA 502; Health Care Administration majors only.

NRSG 559 Foundations for Nursing and Health Systems Executive Management (3)

Prerequisites: None.

NRSRG 596 Research for Advanced Nursing Practice (3)
Prerequisites: Admission to the graduate nursing program and upper division statistics, or consent of instructor.

Nursing and Health Systems Executive Management Theory Courses:

NRSRG 676 Organizing and Structuring Optimal Healing Environments (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559
Corequisite(s): Concurrent Enrollment in NRSRG 676L

NRSRG 677 Human Resources and Professional Relationships in Nursing and Health Systems (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559
Corequisite(s): Concurrent Enrollment in NRSRG 677L.

NRSRG 678 Continuous Quality Improvement in Nursing and Health Systems (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559
Corequisite(s): Concurrent Enrollment in NRSRG 678L.

NRSRG 679 Nursing and Health Systems Governance and Population-Based Care Delivery (3)
Prerequisites Admission to the NHSEM program, NRSRG 559

Nursing and Health systems Executive Management Administration Clinical Courses:

NRSRG 676L Practicum In Organizing and Structuring Optimal Healing Environments (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559
Corequisite(s): Concurrent Enrollment in NRSRG 676.

NRSRG 677L Practicum In Human Resources and Professional Relationships In Nursing and Health Systems (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559.
Corequisite(s): Concurrent Enrollment in NRSRG 677.

NRSRG 678L Practicum In Continuous Quality Improvement in Nursing and Health Systems (3)
Prerequisite(s): Admission to the NHSEM program, NRSRG 559
Corequisite(s): Concurrent Enrollment in NRSRG 678.

Take the following culminating course:

NRSRG 693 Executive Management Project (3)
Prerequisites: Advancement to candidacy and completion of 21 graduate units.

Graduate Certificate in Nursing Education

The Nursing Education Certificate Program consists of 18-19 units of specific coursework that prepares nurses who have completed a Master of Nursing degree to be effective educators in either a health care service agency, a community, and/or an academic setting. Students will develop both theoretical and practical expertise in the educational field. The Certificate in Nursing Education can be completed concurrently with a Master's Degree or separately as a post-master's certificate.

Admission

1. Application to CSULB for the Post-Master's Certificate
2. Current unrestricted license as a registered nurse
3. Graduate standing in a Nursing Master's program or completed Master's degree in Nursing from an accredited institution

Requirements

Core (13 units):

Take all of the following courses:

NRSRG 556A Conditions of Learning and Instruction in

Nursing (3)
Prerequisite: None

NRSRG 556B Curriculum Development in Nursing (3)
Prerequisite: None

NRSRG 556C Microteaching in Nursing (3)
Prerequisites: Graduate standing; NRSRG 556A and NRSRG 556B

NRSRG 556L Theoretical Concepts in Nursing Education: Proactive Teaching (4)
Prerequisite: NRSRG 556A or consent of instructor

Two electives (5-6 units) selected in consultation with the coordinator such as:

ETEC 535, ETEC 510, ETEC 525, ETEC 551, ETEC 570

NRSRG 502, NRSRG 551A, NRSRG 551B, NRSRG 559

Graduate Certificate Nurse Practitioner

This certificate is awarded to students who complete 32-38 units of post-masters course work in one of the Nurse Practitioner specialty areas. Applications from students who hold a masters degree in nursing as a nurse practitioner will be reviewed individually.

This certificate program is eligible for Financial Aid. Please see the department web site for required Federal disclosure information.

Prerequisites

1. Copies of transcripts of Baccalaureate in Nursing and Masters in Nursing degrees.
2. Copy of unrestricted State of California RN licensure.
3. Three letters/checklists of references
4. Completion of the School of Nursing Graduate Program Application and university application.

Requirements

1. Completion of a minimum of 32-38 units in approved upper division and graduate courses;
2. An overall GPA of 3.0 or better.

Core Courses

For all Certificate in Nurse Practitioner specialties, take the following courses:

NRSRG 510 Advanced Pathophysiology for Advanced Practice Nursing (2)
Prerequisites: Admission to the graduate nursing program and completion of upper division pathophysiology course, or consent of instructor.

NRSRG 520 Advanced Pharmacology for Advanced Practice Nursing (3)
Prerequisites: Admission to the graduate nursing program, or consent of instructor.

NRSRG 540 Health Care Economics, Policy, and Management for Advanced Practice Nursing (2)
Prerequisites: Admission to graduate nursing program or consent of instructor.

NRSRG 550 Human Diversity and Psychosocial Issues in Health Care for Advanced Practice Nursing (2)
Prerequisites: Admission to graduate nursing program or consent of instructor.

NRSRG 560 Foundations of Theoretical and Professional Roles for Advanced Practice Nurses (2)
Prerequisites: Admission to graduate nursing program or instructor consent.

For Family, Adult-Gerontological Primary Care, Women's Health, and Psychiatric-Mental Health Nurse Practitioner specialties, take the following additional core courses:

NRSRG 530 Advanced Physical Assessment for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program and completion of basic physical assessment course, or consent of instructor. Corequisite: NRSRG 530L.

NRSRG 530L Advanced Physical Assessment Laboratory for Advanced Practice Nurses (1)

Prerequisites: Admission to graduate program or consent of instructor. Corequisites: NRSRG 530.

For Pediatric Primary Care Nurse Practitioner specialty only, take the following additional core courses:

NRSRG 535 Advanced Pediatric Physical Assessment and Health Promotion (2)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor. Corequisites: NRSRG 535L.

NRSRG 535L Advanced Pediatric Physical Assessment Laboratory (1)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor. Corequisites: NRSRG 535.

Specialty Courses

Family Nurse Practitioner Specialty

Family Nurse Practitioner Theory Courses:

NRSRG 620 Family Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 620A, NRSRG 620B.

NRSRG 621 Family Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621A, NRSRG 621B.

Family Nurse Practitioner Clinical Courses:

NRSRG 620A Family Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or consent of instructor. Corequisites: NRSRG 620, NRSRG 620B.

NRSRG 620B Family Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 620, NRSRG 620A.

NRSRG 621A Family Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621, NRSRG 621B.

NRSRG 621B Family Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSRG 620, NRSRG 620A, NRSRG 620B, or consent of instructor. Corequisites: NRSRG 621, NRSRG 621A.

Pediatric Primary Care Nurse Practitioner Specialty

Pediatric Primary Care Nurse Practitioner Theory Courses:

NRSRG 650 Pediatric Theories for Advanced Practice Nursing I (3)

Prerequisites: NRSRG 510, NRSRG 520, NRSRG 535, NRSRG 535L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596. Corequisites: NRSRG 650A and NRSRG 650B.

NRSRG 651 Pediatric Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSRG 650, NRSRG 650A, NRSRG 650B. Corequisites: NRSRG 651A and NRSRG 651B.

NRSRG 652 Pediatric Theories for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 651, NRSRG 651A, NRSRG 651B. Corequisites: NRSRG 652A.

Pediatric Primary Care Nurse Practitioner Clinical Courses:

NRSRG 650A Pediatric Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: NRSRG 510, NRSRG 520, NRSRG 535, NRSRG 535L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596 or consent of instructor. Corequisites: NRSRG 650 and NRSRG 650B.

NRSRG 650B Pediatric Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: NRSRG 510, NRSRG 520, NRSRG 535, NRSRG 535L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596. Corequisites: NRSRG 650 and NRSRG 650A.

NRSRG 651A Pediatric Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 650, NRSRG 650A, and NRSRG 650B. Corequisites: NRSRG 651 and NRSRG 651B.

NRSRG 651B Pediatric Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSRG 650, NRSRG 650A, and NRSRG 650B. Corequisites: NRSRG 651 and NRSRG 651A.

NRSRG 652A Pediatric Clinical Studies for Advanced Practice Nursing V (3)

Prerequisites: NRSRG 651, NRSRG 651A, NRSRG 651B. Corequisites: NRSRG 652.

Adult-Gerontological Primary Care Nurse Practitioner Specialty

Adult-Gerontological Primary Care Nurse Practitioner Theory Courses:

NRSRG 630 Adult-Gerontological Primary Care Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or departmental consent required. Corequisites: NRSRG 630A, NRSRG 630B.

NRSRG 631 Adult-Gerontological Primary Care Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSRG 630, NRSRG 630A, NRSRG 630B, or departmental consent required. Corequisites: NRSRG 631A, NRSRG 631B.

Adult-Gerontological Primary Care Nurse Practitioner Clinical Courses:

NRSRG 630A Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or departmental consent required. Corequisites: NRSRG 630, NRSRG 630B.

NRSRG 630B Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or consent of instructor. Corequisites: NRSRG 630, NRSRG 630A.

NRSRG 631A Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, NRSRG 596 and clinical pre-test, or consent of instructor. Corequisites: NRSRG 630, NRSRG 630A.

Prerequisites: NRSRG 630, NRSRG 630A, NRSRG 630B, or departmental consent required.

Corequisites: NRSRG 631, NRSRG 631B.

NRSRG 631B Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSRG 630, NRSRG 630A, NRSRG 630B, or departmental consent required.

Corequisites: NRSRG 631, NRSRG 631A.

Psychiatric-Mental Health Nurse Practitioner Specialty

Psychiatric-Mental Health Nurse Practitioner Theory Courses:

NRSRG 640 NRSRG 640. Psychiatric-Mental Health Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor.

Corequisite(s): Corequisite: NRSRG 640A, NRSRG 643.

NRSRG 641 Psychiatric-Mental Health Theory for Adults and Elderly for Advanced Practice Nursing III (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, & NRSRG 643, or consent of instructor.

Corequisite: NRSRG 641A & NRSRG 641B.

Psychiatric-Mental Health Nurse Practitioner Clinical Courses:

NRSRG 640A Psychiatric-Mental Health Across the Lifespan Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor.

Corequisites: NRSRG 640, NRSRG 643.

NRSRG 640B Psychiatric-Mental Health Clinical Studies Across the Life Span for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or departmental consent required.

Corequisites: NRSRG 640, NRSRG 640A.

NRSRG 641A Psychiatric-Mental Health Clinical Studies for Adults for Advanced Practice Nursing IV (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, NRSRG 643 or consent of instructor.

Corequisite: NRSRG 641 & NRSRG 641B.

NRSRG 641B Psychiatric-Mental Health Clinical Studies for Elderly for Advanced Practice Nursing V (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, NRSRG 643 or consent of instructor.

Corequisite: NRSRG 641 & NRSRG 641A.

Women's Health Nurse Practitioner Specialty

Women's Health Nurse Practitioner Theory Courses:

NRSRG 610 Women's Health Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 610A, NRSRG 610B.

NRSRG 611 Women's Health Theories for Advanced Practice Nursing II (3)

Prerequisites: Admission to the graduate nursing program, and NRSRG 610, NRSRG 610A, NRSRG 610B, or consent of instructor. Corequisites: NRSRG 611A, NRSRG 611B.

NRSRG 612 Women's Health Theories for Advanced

Practice Nursing III (3)

Prerequisites: NRSRG 611, NRSRG 611A, NRSRG 611B.

Corequisite: NRSRG 612A.

Women's Health Nurse Practitioner Clinical Courses:

NRSRG 610A Women's Health Clinical Studies for

Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 610, NRSRG 610B.

NRSRG 610B Women's Health Clinical Studies for

Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor. Corequisites: NRSRG 610, NRSRG 610A.

NRSRG 611A Women's Health Clinical Studies for

Advanced Practice Nursing III (3)

Prerequisites: Admission to the graduate nursing program and NRSRG 610, NRSRG 610A, NRSRG 610B, or consent of instructor. Corequisites: NRSRG 611, NRSRG 611B.

NRSRG 611B Women's Health Clinical Studies for

Advanced Practice Nursing IV (3)

Prerequisites: Admission to the graduate nursing program and NRSRG 610, NRSRG 610A, NRSRG 610B, or consent of instructor. Corequisites: NRSRG 611, NRSRG 611A.

NRSRG 612A. Women's Health Clinical Studies for

Advanced Practice Nursing V (3)

Prerequisites: Admission to the graduate nursing program, NRSRG 611, NRSRG 611A, and NRSRG 611B. Corequisite: NRSRG 612.

Doctor of Nursing Practice Program

The Doctorate of Nursing Practice is offered through the Southern California CSU DNP Consortium including the campuses of CSU Fullerton, CSU Long Beach, and CSU Los Angeles. The DNP is a professional practice degree designed to prepare advanced practice nurses for complex practice and leadership roles in the clinical setting as well as teaching roles at California's community colleges and at the California State University. Students admitted into the program will be able to draw on faculty expertise across three large institutions. Speciality areas include: Anesthesia, Clinical Nurse Specialist, Management/Administration/Leadership, Midwifery, Nurse Practitioner, and Community Health Nursing.

The DNP program is a rigorous academic experience designed to prepare nurses to assume the highest levels of nursing professional practice. In addition to developing advanced competencies in evidence-based practice, leadership, health policy and advocacy, graduates will develop in-depth skills in a focused area of nursing practice. Students will complete a total of 1,000 clinical hours in practicum experience. Enrollment for this joint CSU program is through CSU Fullerton. Consult the CSU Fullerton catalog for admission procedures and requirements, course descriptions and degree requirements.

Courses (NRSRG)

LOWER DIVISION

199. Special Topics (3)

Overview of health care professions with a primary focus on the nursing profession, including, nursing history, educational preparation and the roles of nurses, ethics, patients' and nurses' Bill of Rights, medical terminology and math for health care professions.

Letter grade only (A-F). Course fee may be required.

200. Foundations of Professional Nursing (6)

Prerequisites: Admission to the Nursing program. Proof of clinical safety compliance must be presented to the School of Nursing office prior to the first day of classes for permission to register. Go to the School of Nursing Undergraduate Handbook located at (www.csulb.edu/colleges/chhs/departments/nursing/) for compliance details.

Corequisites: NRSRG 302, NRSRG 305, and NUTR 339, or consent of instructor.

Support Courses: SOC 100 or PSY 100.

Introduction to physical and social science principles which provide basis for beginning level nursing theory and practice within the framework of nursing process, self care, and evidence based practice. Guided utilization of theory and skill in a clinical laboratory.

Letter grade only (A-F). Course fee may be required. (Lecture-discussion 3 hours, laboratory 9 hours)

250. Intermediate Medical Surgical Nursing (6)

Prerequisites: NRSRG 200, NRSRG 302, NRSRG 305 and NUTR 339, or consent of instructor.

Corequisites: NRSRG 312 and NRSRG 321, or consent of instructor.

Support Courses: SOC 100 or PSY 100.

Application of recognized physical and social science principles and current research findings to intermediate level nursing theory. Guided laboratory experience to assist in gaining skills in application of selected nursing process activities in simulation and in direct patient care.

Letter grade only (A-F). Course fee may be required. (Lecture-discussion 3 hours, laboratory 9 hours)

260. Older Adult Health Care (4)

Prerequisites: NRSRG 200, NRSRG 202, NRSRG 302, NRSRG 305, NUTR 339, or consent of instructor. Proof of clinical safety compliance must be presented to the School of Nursing office prior to the first day of classes for permission to register. Go to the School of Nursing Undergraduate Handbook located at: www.csulb.edu/colleges/chhs/departments/nursing/ for compliance details.

Corequisites: NRSRG 250, NRSRG 312, or consent of instructor.

Support Courses: SOC 100 or PSY 100.

Study of unique needs of aging population. Focus on health promotion and delivery of care. Application of nursing process and evidence based practice in caring for aging clients in a variety of settings.

Letter grade only (A-F). (Lecture-discussion 2 hours, laboratory 6 hours) Course fee may be required.

UPPER DIVISION

302. Foundations of Clinical Pharmacology (2)

Prerequisites: BIOL 207, BIOL 208, CHEM 140, MICR 200 or consent of instructor.

Corequisites: NRSRG 200, NRSRG 305 and NUTR 339.

Systematic study of medications used for major body system disorders, their pharmacologic and therapeutic classifications, modes of action, dosages, routes of administration, contraindications and toxic effects. Special emphasis is placed on

clinical nursing implications and patient teaching.

Letter grade only (A-F).

305. Pathophysiology for Nurses (3)

Prerequisite: Admission to the School of Nursing or consent of instructor.

Corequisites: NRSRG 200, NRSRG 302, and NUTR 339.

Study of the pathogenesis with an emphasis on pathophysiological processes, understanding disease trajectory and interventions to limit disease progression. The nurses' role in reducing morbidity and mortality and communicating with patients regarding the pathology of their illness will be covered.

Letter grade only (A-F). (Lecture-Discussion 3 hours) Not open for credit to students with credit in BIOL 304.

309. Dimensions of Professional Nursing (2)

Prerequisite: Admission to the ADN to BSN program.

Support courses: CHEM 140, NRSRG 305.

Focuses on analysis of transition from a technical to a professional baccalaureate prepared nurse. Content includes: program and University orientation, role changes, ethics, dimensions of nursing, and training in completion of a research based paper and presentation.

Letter grade only (A-F). (Lecture-Discussion) Course fee may be required.

312. Health Assessment (3)

Prerequisites: Basic students : NRSRG 200, NRSRG 302, NRSRG 305, and NUTR 339, or consent of instructor. RN to BSN students: NRSRG 309 or consent of instructor.

Corequisites: Basic students: NRSRG 250 and NRSRG 321, or consent of instructor.

Support Courses: SOC 100 or PSY 100.

Provides opportunity to learn and apply techniques of history taking and physical examination which are used by nurses in identification of patient problems. Includes demonstration and practice of physical assessment methodology.

Letter grade only (A-F). (Lec-discussion 2 hrs, activities/lab 3 hrs) Course fee may be required.

321. Health Care of the Childbearing Family (6)

Prerequisites: NRSRG 200, NRSRG 302, NRSRG 305, and NUTR 339, or consent of instructor.

Corequisites: NRSRG 250 and NRSRG 312, or consent of instructor.

Satisfactory level ATI testing including remediation as appropriate.

Theory and application of health care for pregnant/parenting families from pre-conception to newborn care including health promotion and disease prevention and/or treatment. Obstetric, gynecologic and family health is explored within the context of cultural, psychosocial influences, and evidence based practice.

Letter grade only (A-F). Not open to students with credit in NRSRG 372. (Lecture-discussion 3 hours, laboratory 9 hours) Course fee may be required.

331. Advanced Acute Care Nursing (5)

Prerequisites: NRSRG 250, NRSRG 312 and NRSRG 321 or consent of instructor.

Corequisites: NRSRG 341 and GERN 400, or consent of instructor.

Satisfactory level ATI testing including remediation as appropriate.

Advanced study of complex acute conditions. Integration of theoretical knowledge and clinical applications to provide comprehensive evidence based nursing care to diverse populations of patients and families in a variety of acute care settings including medical-surgical and critical care units.

Letter grade only (A-F). (Lecture-discussion 2 hours, Lab 9 hours) Course fee may be required.

341. Psychiatric/Mental Health Nursing (6)

Prerequisites: PSY 100, SOC 100, NRSNG 250, NRSNG 312, NRSNG 321 or consent of instructor.

Corequisites: NRSNG 331, GERN 400 or consent of instructor.

Satisfactory level ATI testing including remediation as appropriate.

Application and integration of evidence based care for clients with psychiatric mental health challenges, including psychosocial concepts, cultural, ethical, and legal influences; and wellness of individuals and family groups. Development of professional role in psychiatric/mental health nursing.

Letter grade only (A-F). (Lecture-discussion 3 hours, lab 9 hours)

Course fee may be required.

353. Legal Aspects of Health Care (2)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400, or consent of instructor.

Corequisites: NRSNG 361 and NRSNG 402, or consent of instructor.

Presents legal duties and responsibilities of nurses in delivery of health care services. Professional licensure regulations, scope of nursing practice, and ethical issues related to nursing practice are emphasized.

Letter grade only (A-F). Course fee may be required.

361. Child Health Care (6)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400, or consent of instructor.

Corequisites: NRSNG 353 and NRSNG 402, or consent of instructor.

Satisfactory level ATI testing including remediation as appropriate.

Foundational basis of care for pediatric patients from birth to adolescence based on developmental theory and evidence based practice. Assessment of physical, psychological, and cultural issues while planning, implementing, and evaluating age appropriate nursing care for well and ill children.

Letter grade only (A-F). (Lecture-discussion 3 hours, Lab 9 hours) course fee may be required.

402. Community Health Nursing (6)

Prerequisites: NRSNG 331, NRSNG 341, and GERN 400, or consent of instructor; for RNs NRSNG 305, NRSNG 312, or consent of instructor.

Corequisites: NRSNG 361 and NRSNG 353, or consent of instructor.

Focuses on diverse aggregates and populations to impact health and/or quality of life as it relates to individuals/families, populations, and systems. Emphasis on prevention and the greater good of the community/population, including disaster.

Letter grade only (A-F). (Lecture discussion 4 hours, 9 hours lab) Course fee may be required.

450. Nursing Research (3)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402 or consent of instructor.

Corequisites: NRSNG 452 or NRSNG 453 or NRSNG 454, NRSNG 456 and NRSNG 458.

Emphasizes application of research theory to evidence-based nursing practice, including ethics in nursing research and research process.

Letter grade only (A-F). (Lecture-Discussion) Course fee may be required.

451. Nursing Leadership and Management (2)

Prerequisites: NRSNG 400, NRSNG 402.

Corequisites: NRSNG 450, NRSNG 452 or NRSNG 453 or NRSNG 454. Satisfactory level ATI testing including remediation as appropriate.

Principles of leadership and management as they apply to front line management positions in healthcare. Emphasis on understanding role and responsibilities of professional nurse as leader and manager of patient care services within a variety of settings.

Letter grade only (A-F). (Lecture-Discussion). Not open for credit to students with credit in NRSNG 450L. Course fee may be required.

452. Senior Concentration in Critical Care (6)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

Provides advanced theoretical concepts and clinical experiences in critical care arenas with application of management/leadership theories to selected populations. Integration of evidence-based practice and critical care nursing knowledge requisite to professional roles will be the focus of this course.

Letter grade only (A-F). Course fee may be required. Students are to complete 180 clinical hours to obtain credit for the clinical portion of the class.

453. Senior Concentration in Maternal Child Health (6)

Prerequisites: NRSNG 353, NRSNG 361, and GERN 400, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

Provides advanced theoretical concepts and clinical experiences in maternal child nursing in select populations. Provides opportunities to integrate evidence based practice and maternal child nursing knowledge critical to new professional roles.

Letter grade only (A-F). Course fee may be required. Students are to complete 180 clinical hours to obtain credit for the clinical portion of the class.

454. Senior Concentration in Selected Populations (6)

Prerequisites: NRSNG 353 and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 456, and NRSNG 458, or consent of instructor. Satisfactory level ATI testing including remediation as appropriate.

Provides advanced theoretical concepts and clinical experiences in a variety of nursing specialties with application of management/leadership theories to select populations. Integration of evidence based practice and nursing knowledge critical to new professional roles.

Letter grade only (A-F). Course fee may be required. Students are to complete 180 clinical hours to obtain credit for the clinical portion of the class.

456. Health Care Delivery Systems and Nursing Leadership (3)

Prerequisites: NRSNG 353, NRSNG 361, and NRSNG 402, or consent of instructor.

Corequisites: NRSNG 450, NRSNG 452 or NRSNG 453 or NRSNG 454, or consent of instructor.

Study of how politics, economics, ethics, societal needs, and international issues impact the American healthcare system. Advocacy, organizational management and leadership theories and models are analyzed as they relate to the role of the baccalaureate nurse in healthcare delivery.

Not open to students with credit in NRSNG 400. Letter grade only (A-F). Course fee may be required.

458. NCLEX-RN Preparatory Course (1)

Prerequisites: NRSNG 361, NRSNG 402, and NRSNG 353.

Corequisites: NRSNG 450, 456 and NRSNG 452 or NRSNG 453 or NRSNG 454.

Provides the student with competencies and strategies to enhance transition from student to baccalaureate prepared nurse. Students gain understanding of the role of the National Council of State Boards of Nursing (NCSBN) in developing and administering the RN licensing examination.

Credit/No Credit grading only. Credit reflects work at the level of "B" or better.

481. Parenting (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

Effective parenting with emphasis on common parenting concerns and developmental tasks of parents and children.

Course fee may be required.

482. Health Assessment of the Aging Client (3)

Prerequisites: GERN 400 or equivalent and upper standing or consent of instructor.

Assessment of physical, psycho-social status of aging client as they affect health and well being, and identification of actual or potential health related problems using a variety of tools and techniques.

Same course as GERN 482. Not open for credit to students with credit in GERN 482. (Lecture-Discussion, 3 hrs.)

490. Independent Study (1-3)

Prerequisite: Consent of any nursing faculty. Students who have made arrangements with a faculty advisor for appropriate learning objectives may enroll.

May be repeated to a maximum of 6 units. Course fee may be required.

499./599. Selected Topics in Nursing (1-3)

Prerequisite: Consent of instructor.

Topics consistent with contemporary nursing or curricular trends.

May be repeated to a maximum of 3 units with different topics. Topics announced in the *Schedule of Classes*. Course fee may be required.

GRADUATE LEVEL

502. Genetics in Nursing Practice (3)

Prerequisites: Senior standing or graduate standing or consent of instructor.

Overview of genetics implications for nurses as they provide health services to clients of all ages, diverse ethnic, cultural, life-style and geographic areas. Explores basic mechanisms of genetic inheritance and impact that genetics has on health promotion, disease prevention and policy implications.

Letter grade only (A-F). Course fee may be required.

510. Advanced Pathophysiology for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program and completion of upper division pathophysiology course, or consent of instructor.

Advanced pathophysiology principles underlying disturbances of human functioning, homeostatic mechanisms, cellular disturbances and the effect of environmental disruptive events on organ and system functions occurring throughout the lifespan.

Letter grade only (A-F). (Lecture-Activity) Course fee may be required.

511A. Advanced Pathophysiology for Clinical Nurse Specialists (2)

Prerequisite: Admission to the Acute Care Adult CNS graduate nursing program or consent of instructor.

Presents the principles underlying the disturbance of human functional and homeostatic mechanisms. Disturbances at the cellular level are explored to enable the student to build an understanding of resultant aberrant organ and system function.

Letter grade only (A-F). Course fee may be required.

520. Advanced Pharmacology for Advanced Practice Nursing (3)

Prerequisites: Admission to the graduate nursing program, or consent of instructor.

Deals with use of drugs in providing perinatal care, family planning services and/or routine health care.

Letter grade only (A-F). Course fee may be required.

521A. Advanced Pharmacology for Clinical Nurse Specialists (CNS) (3)

Prerequisite: Admission to the Acute Care Adult CNS graduate

nursing program.

Designed to provide advanced knowledge about pharmacological agents utilized in the management of a variety of acute care clinical situations. Content will focus on the role of CNS.

Letter grade only (A-F). Course fee may be required.

530. Advanced Physical Assessment for Advanced Practice Nursing (2)

Prerequisites: Admission to the graduate nursing program and completion of basic physical assessment course, or consent of instructor.

Corequisite: NRS 530L.

Designed for advanced practice nurses and a prerequisite to each specialty track. Through classroom instruction, web based instruction and self-assessment, and on-site clinical review and practice, advanced assessment and diagnostic skills are developed.

Letter grade only (A-F). Course fee may be required.

530L. Advanced Physical Assessment Laboratory for Advanced Practice Nurses (1)

Prerequisites: Admission to graduate program or consent of instructor.

Corequisites: NRS 530.

Application of theoretical knowledge of advanced physical assessment in supervised settings.

Credit/No Credit grading only. (Technical activities/lab 3 hours)

535. Advanced Pediatric Physical Assessment and Health Promotion (2)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor.

Corequisites: NRS 535L.

Theoretical content for the Pediatric Primary Care nurse practitioner and school nurse related to advanced pediatric health assessment and promotion. Developmental, cultural, spiritual, and psychosocial dimensions of the child and family are incorporated throughout the assessment process.

Letter grade only (A-F). Course fee may be required.

535L. Advanced Pediatric Physical Assessment Laboratory (1)

Prerequisites: Admission to the Pediatric Primary Care nurse practitioner program or school nurse credential program or consent of the instructor.

Corequisites: NRS 535.

Application of theoretical knowledge of advanced pediatric physical assessment in supervised clinical settings appropriate to the specialty of the advanced practice nursing student.

Letter grade only (A-F). (Clinic off-campus, 3 hours)

536. Theories and Practice of School Nursing (3)

Prerequisites: Admission to the School Nurse Credential Program, NRS 535, CD 353 or CD 531 and HSC 430, or consent of instructor.

Corequisites: NRS 536L.

Presents theoretical content and methods of process which are applicable to the clinical practice of the School Nurse.

Letter grade only (A-F). Course fee may be required.

536L. School Nursing Clinical (3)

Prerequisites: Admission to the School Nurse Credential Program, NRS 535, CD 353 or CD 531 and HSC 430, or consent of instructor.

Corequisites: NRS 536.

Clinical component of the school nurse program. Students will demonstrate the application of theory within the school setting. Focus is on the implementation of the role of the school nurse.

Credit/No Credit grading only. (Activity/Laboratory 9 hours) Course fee may be required.

540. Health Care Economics, Policy and Information Management for Advanced Practice Nursing (2)

Prerequisites: Admission to graduate nursing program or consent of instructor.

Designed to provide an understanding of the economic and health policy environment of U.S. healthcare system. Principles of economics, organizational theory, health policy, advocacy, informatics and technology are applied within the context of advanced practice nursing.

Letter grade only (A-F). (Lecture-Discussion) Course fee may be required.

550. Human Diversity and Psychosocial Issues in Health Care for Advanced Practice Nursing (2)

Prerequisites: Admission to graduate nursing program or consent of instructor.

Focus on advanced practice nursing roles in providing culturally-appropriate care to individuals, families, groups, and communities with diverse backgrounds. Patterns of human interaction that influence health and quality of life are analyzed. Contemporary issues in diversity are explored.

Letter grade only (A-F). (Lecture-Discussion) Course fee may be required.

551A. Spanish Language Competency for Advanced Nursing Practice (3)

Prerequisite: Consent of instructor.

Provides foundational knowledge and skills to enable advanced practice nurse (APN) to learn and apply principles of cultural competency and Spanish language skills to role of nurse practitioner in conducting a health history and physical assessment for diverse Spanish speaking populations.

Course fee may be required.

551B. Spanish Language Competency for Advanced Nursing Practice (3)

Prerequisite: NRS 551A or consent of instructor.

Principles of cultural competency and Spanish language skills for diagnosing and treating Spanish speaking patients: focuses on hematology, musculoskeletal II, cardiovascular, neurology, dermatology I & II, family violence/substance abuse, nutrition/weight management, developmental disorders, genetics, mental health, ophthalmology, and infectious diseases.

Course fee may be required.

556A. Conditions of Learning and Instruction in Nursing (3)

Application of theories of learning and instruction to patient/student teaching-learning situations. Content covered includes conditions of learning, models of instruction, transfer of learning, behavior modification techniques, variables influencing learning and instruction, and evaluation of instruction.

Letter grade only (A-F). Course fee may be required.

556B. Curriculum Development in Nursing (3)

Systematic study of principles of curriculum development as they apply to different types of nursing programs. Focuses on relationship among philosophy, objectives, selection and organization of learning experiences and evaluative process.

Letter grade only (A-F). Course fee may be required.

556C. Microteaching in Nursing (3)

Prerequisites: Graduate standing; NRS 556A and 556B.

Focuses on instructional skills and the application of instruction in the practice of nursing within a microteaching laboratory setting. Supervised teaching situations are used to practice educational strategies specific to nursing education settings.

Letter grade only (A-F).

556L. Theoretical Concepts in Nursing Education: Practice Teaching (4)

Prerequisites: NRS 556A or consent of instructor.

Application of instructional skills and theories of learning in professional nursing settings. Working in actual supervised teaching situations, students practice skills that can be utilized in a variety of educational situations.

Letter grade only (A-F). Course fee may be required.

559. Foundations for Nursing and Health Systems Executive Management (3)

Overview of contemporary theories and issues in nursing and health systems economics and management including implementation of health policy at facility, community, state and national levels. Key administrative functions of the nurse as health systems manager are also addressed.

Letter grade only (A-F). Course fee may be required.

560. Foundations of Theoretical and Professional Roles for Advanced Practice Nurses (2)

Prerequisites: Admission to graduate nursing program or instructor consent.

Study of theoretical frameworks and professional roles influencing advanced practice nursing. Analyze and implement major theoretical frameworks for advanced practice. Begin dynamic process of role development by exploring role boundaries and collaborative practice.

Letter grade only (A-F). (Lecture-Discussion) Course fee may be required.

565. Theories of Community/Public Health Advanced Nursing Practice (3)

Prerequisites: Admission to graduate nursing program and NRS 560, or consent of instructor.

Health care system and policy implementation for aggregates, communities. Population health and global health care issues, ethical issues, and health care policies will be explored in order to provide an insight into how the current populations experience health and well-being.

Letter grade only (A-F). (Seminar 3 hours) Course fee may be required.

590. Independent Study (1-3)

Prerequisite: Consent of a nursing faculty member.

Independent research under supervision of a nursing faculty member.

Letter grade only (A-F). Course fee may be required.

596. Research for Advanced Nursing Practice (3)

Prerequisites: Admission to the graduate nursing program and upper division statistics, or consent of instructor.

Application of the research process to advanced nursing practice, including problem identification, literature review, ethical issues, design, data collection and analysis, interpretation and dissemination of findings, emphasizing the translation of evidence into clinical practice.

Letter grade only. (A-F). (Lecture-Discussion) Course fee may be required.

599./499. Selected Topics in Nursing (1-3)

Prerequisite: Consent of instructor.

Topics consistent with contemporary nursing or curricular trends.

Letter grade only (A-F). May be repeated to a maximum of 3 units with different topics. Topics announced in the *Schedule of Classes*. Course fee may be required.

600. Theories for Advanced Practice Nursing in Adult-Gerontological Clinical Nurse Specialist I: Patient/Family (3)

Prerequisites: NRS 510, NRS 520, NRS 530, NRS 530L, NRS 540, NRS 550, NRS 560, NRS 596, NRS 556A, NRS 556B, NRS 556C or departmental consent required.

Corequisites: NRS 600L.

Emphasis is on the Clinical Nurse Specialist's (CNS) sphere of influence impacting health outcomes of diverse patients with multiple, complex health problems and their families by developing advanced competencies necessary for the management of multiple therapeutic interventions.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRS 673.

600L. Clinical Studies in Adult-Gerontological Clinical Care for the CNS I: Patient/Family (3)

Prerequisites: NRSNG 600 or departmental consent required.
Corequisites: NRSNG 600.

Focuses on implementation of CNS roles of teacher, expert clinician, manager of care, and research in a variety of acute and chronic care settings. Sphere of influence is primarily patient and family related.

Letter grade only (A-F). Not open for credit to students with credit in NRSNG 673L. Course fee may be required.

601. Theories for Advanced Practice Nursing in Adult-Gerontological Clinical Nurse Specialist II: Staff Development (3)

Prerequisites: NRSNG 600, NRSNG 600L, or departmental consent required.
Corequisites: NRSNG 601L.

Deals with the development of advanced skills and competencies in the management of staff development, educational programs, motivation, consultation, and personnel ethics as they apply to the CNS's sphere of influence in staff development.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 674.

601L. Clinical Studies in Adult-Gerontological Clinical Care for the CNS II: Staff Development (3)

Prerequisites: NRSNG 600, NRSNG 600L, or departmental consent required.
Corequisites: NRSNG 601.

Focuses on the clinical implementation of the CNS roles of educator, expert clinician, manager of care, and researcher in a variety of acute and chronic care settings as they apply to the CNS's sphere of influence in staff development.

Letter grade only (A-F). Not open for credit to students with credit in NRSNG 674L. Course fee may be required.

602. Theories for Advanced Practice Nursing in Adult-Gerontological Clinical Nurse Specialist III: Organizational Systems (3)

Prerequisites: NRSNG 601, NRSNG 601L, or departmental consent required.
Corequisites: NRSNG 602L.

Focuses on development of advanced skills and competencies in CNS roles as managers of care, change agents, consultants and teachers in a variety of acute and chronic care settings as they apply to CNS's sphere of influence in organizational systems.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 675.

602L. Clinical Studies in Adult-Gerontological Clinical Care for the CNS III: Organizational Systems (3)

Prerequisites: NRSNG 601, NRSNG 601L, or departmental consent required.
Corequisites: NRSNG 602.

Focuses on clinical implementation of CNS roles as managers of care, change agents, consultants and teachers in a variety of acute and chronic care settings as they apply to CNS's sphere of influence in organizational systems.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 675L.

610. Women's Health Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560 and NRSNG 596, or consent of instructor.
Corequisites: NRSNG 610A, NRSNG 610B.

Epidemiology, etiology, differential diagnoses, management, and prevention of common health problems of women with a focus on the role of the nurse practitioner in health promotion, health protection, disease prevention in ambulatory health care settings.

Letter grade only (A-F). Not open for credit to students with credit in NRSNG 667.

610A. Women's Health Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560 and NRSNG 596, or consent of instructor.
Corequisites: NRSNG 610, NRSNG 610B.

One of two courses designed to allow students to apply theoretical knowledge and laboratory skills to manage common gynecologic health problems of women incorporating the health promotion, health protection, and disease prevention focus of nurse practitioner practice.

Letter grade only (A-F). (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 667A.

610B. Women's Health Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program in the women's health nurse practitioner specialty and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560 and NRSNG 596, or consent of instructor.
Corequisites: NRSNG 610, NRSNG 610A.

One of two courses designed to allow students to apply theoretical knowledge and laboratory skills to provide screening and preventive healthcare for women and healthcare for women experiencing normal pregnancies with a focus on the role of the nurse practitioner.

Letter grade only (A-F). (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 667B.

611. Women's Health Theories for Advanced Practice Nursing II (3)

Prerequisites: Admission to the graduate nursing program and NRSNG 610, NRSNG 610A, NRSNG 610B, or consent of instructor.
Corequisites: NRSNG 611A, NRSNG 611B.

Epidemiology, etiology, differential diagnoses, management, and prevention of complex health problems of women before, during, and after the childbearing cycle in ambulatory health care settings with a focus on the role of the nurse practitioner.

Letter grade only (A-F). Not open for credit to students with credit in NRSNG 668.

611A. Women's Health Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: Admission to the graduate nursing program and NRSNG 610, NRSNG 610A, NRSNG 610B, or consent of instructor.
Corequisites: NRSNG 611, NRSNG 611B.

One of two courses designed to apply theoretical knowledge and laboratory skills in the management of complex health problems of women before, during, and after the childbearing cycle in ambulatory health care settings. Emphasizes the role of the nurse practitioner in gynecology.

Letter grade only (A-F). (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 668A.

611B. Women's Health Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: Admission to the graduate nursing program and NRSNG 610, NRSNG 610A, NRSNG 610B, or consent of instructor.
Corequisites: NRSNG 611, NRSNG 611A.

One of two courses designed to allow the student to apply the knowledge and skills of caring for complex health problems of women before, during, and after the childbearing cycle in ambulatory health care settings with a focus on the role of the nurse practitioner. This clinical course focuses on obstetrics.

Letter grade only (A-F). Not open for credit to students with credit in NRSNG 668B.

612. Women's Health Theories for Advanced Practice Nursing III (3)

Prerequisites: NRSNG 611, NRSNG 611A, NRSNG 611B.
Corequisite: NRSNG 612A.

Epidemiology, etiology, differential diagnoses, management, and prevention of multifaceted health problems of women before, during, and after the childbearing cycle in ambulatory health care settings with a focus on the role of the nurse practitioner.

Letter grade only A-F. (3 hours discussion)

612A. Women's Health Clinical Studies for Advanced Practice Nursing V (3)

Prerequisites: Admission to the graduate nursing program, NRSNG 611, NRSNG 611A, and NRSNG 611B.
Corequisite: NRSNG 612.

Designed to allow students the opportunity to apply theoretical knowledge of multifaceted women's health problems in supervised clinical practice in ambulatory health care settings with a focus on the role of the women's health nurse practitioner.

Letter grade only (A-F).

620. Family Theories for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560 and NRSNG 596, or consent of instructor.
Corequisites: NRSNG 620A, NRSNG 620B.

Presents epidemiology, pathophysiology, clinical presentation, diagnosis, and management of common diseases across life span. Role of family nurse practitioner in health promotion and disease prevention emphasized.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 682.

620A. Family Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596, or consent of instructor.
Corequisites: NRSNG 620, NRSNG 620B.

Allows opportunity to apply theoretical knowledge in supervised clinical settings in family practice. An emphasis placed on socialization into family nurse practitioner role.

Credit/No Credit grading only. (Laboratory 9 hours) Course fee may be required. Not open for credit to students with credit in NRSNG 682A.

620B. Family Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560 and NRSNG 596, or consent of instructor.
Corequisites: NRSNG 620, NRSNG 620A.

Second of two clinical courses that allows expanded theoretical knowledge in supervised clinical settings in family practice. Emphasis placed on socialization into family nurse practitioner role.

Credit/No Credit grading only. Course fee may be required. Not open for credit to students with credit in NRSNG 682B. (Laboratory 9 hours)

621. Family Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSNG 620, NRSNG 620A, NRSNG 620B, or consent of instructor.
Corequisites: NRSNG 621A, NRSNG 621B.

Presents epidemiology, pathophysiology, clinical presentation, diagnosis, and management of common diseases across life span. Role of family nurse practitioner in health promotion and disease prevention emphasized.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 683.

621A. Family Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSNG 620, NRSNG 620A, NRSNG 620B, or consent of instructor.

Corequisites: NRSNG 621, NRSNG 621B.

Allows additional opportunity to apply theoretical knowledge in supervised clinical settings in family practice. Emphasis placed on socialization into family nurse practitioner role.

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 683A.

621B. Family Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSNG 620, NRSNG 620A, NRSNG 620B, or consent of instructor.

Corequisites: NRSNG 621, NRSNG 621A.

Second of two clinical courses designed to allow additional opportunity to apply theoretical concepts and expand clinical knowledge.

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 683B.

630. Adult-Gerontological Primary Care Theories for Advanced Practice Nursing I(3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596 and clinical pre-test, or departmental consent required.
Corequisites: NRSNG 630A, NRSNG 630B.

Epidemiology, etiology, differential diagnoses, management and prevention of selected health problems of adult/geriatric patient in primary, secondary and tertiary settings and role of nurse practitioner in these settings in a changing healthcare environment.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 686.

630A. Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596 and clinical pre-test, or departmental consent required.
Corequisites: NRSNG 630, NRSNG 630B.

Designed to allow adult and geriatric nurse practitioner student to apply theoretical knowledge in supervised clinical practice with adult and geriatric patients. Emphasis placed on beginning socialization into nurse practitioner role.

Credit/No Credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 686A.

630B. Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596, or consent of instructor.
Corequisites: NRSNG 630, NRSNG 630A.

Designed to allow adult and geriatric nurse practitioner student to apply theoretical knowledge in supervised clinical practice with adult and geriatric patients. Emphasis is placed on beginning socialization into nurse practitioner role.

Credit/No Credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 686B.

631. Adult-Gerontological Primary Care Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSNG 630, NRSNG 630A, NRSNG 630B, or departmental consent required.
Corequisites: NRSNG 631A, NRSNG 631B.

Epidemiology, etiology, differential diagnoses, management and prevention of additional selected health problems of adult/geriatric patient in primary, secondary and tertiary settings, and a further delineation of role of nurse practitioner in these changing healthcare environment.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 687.

631A. Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSRG 630, NRSRG 630A, NRSRG 630B, or departmental consent required.

Corequisites: NRSRG 631, NRSRG 631B.

Designed to allow adult and geriatric nurse practitioner student to apply theory into clinical practice with adult and geriatric patients. Emphasis placed on continuation to socialize into the nurse practitioner role.

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours). Not open for credit to students with credit in NRSRG 687A.

631B. Adult-Gerontological Primary Care Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSRG 630, NRSRG 630A, NRSRG 630B, or departmental consent required.

Corequisites: NRSRG 631, NRSRG 631A.

Designed to allow adult and geriatric nurse practitioner student to apply theory into clinical practice with adult and geriatric patients. Emphasis placed on continuation to socialize into the nurse practitioner role.

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSRG 687B.

640. Psychiatric-Mental Health Theory Across the Lifespan for Advanced Practice Nursing I (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor.

Corequisite(s): Corequisite: NRSRG 640A, NRSRG 643.

Introductory study for PMHNP students of genetics, brain physiology and environmental factors leading to individual psychological and personality development; required knowledge base for assessment and recognition of psychological disorders; and, exploration of family dynamics and functional theories across the lifespan.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSRG 688.

640A. Psychiatric-Mental Health Across the Lifespan Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or consent of instructor.

Corequisites: NRSRG 640, NRSRG 643.

First clinical practicum for PMHNP students that focuses on application of mental health concepts in laboratory based clinical situations. Theories from prerequisite and concurrent courses are applied and tested. (Laboratory 9 hours/week).

Credit/No credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSRG 688A.

640B. Psychiatric-Mental Health Clinical Studies Across the Life Span for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560 and NRSRG 596, or departmental consent required.

Corequisites: NRSRG 640, NRSRG 640A.

Second clinical practicum for nurse practitioner students that focuses on application of mental health concepts. Theories from prerequisite and concurrent courses are applied and tested.

Credit/No credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSRG 688B.

641. Psychiatric-Mental Health Theory for Adults and Elderly for Advanced Practice Nursing III (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, & NRSRG 643, or consent of instructor.

Corequisite: NRSRG 641A & NRSRG 641B.

Study of pathology, diagnostic methods, indications for referral, and management for nurse practitioner students of medical, psychological, and social problems of adults and elderly clients of psychiatric facilities and community mental health agencies.

Letter grade only (A-F).

641A. Psychiatric-Mental Health Clinical Studies for Adults for Advanced Practice Nursing IV (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, NRSRG 643 or consent of instructor.

Corequisite: NRSRG 641 & NRSRG 641B.

Clinical practicum for family psychiatric nurse practitioner students that focus on application of mental health concepts in adult patients. Theories from prerequisite and concurrent courses are applied and tested. (Laboratory 9 hours/week).

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSRG 689A.

641B. Psychiatric-Mental Health Clinical Studies for Elderly for Advanced Practice Nursing V (3)

Prerequisites: Admission to PMHNP program; completion of NRSRG 640, NRSRG 640A, NRSRG 643 or consent of instructor.

Corequisite: NRSRG 641 & NRSRG 641A.

Clinical practicum for nurse practitioner students that focuses on application of mental health concepts in elderly patients. Theories from prerequisite and concurrent courses are applied and tested. (Laboratory 9 hours/week).

Letter grade only (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSRG 689B.

642. Psychiatric-Mental Health Theory for Children and Adolescents Advanced Practice Nursing IV. (3)

Prerequisites: Admission to the PMHNP program and completion of NRSRG 641, NRSRG 641A, and NRSRG 641B, or consent of instructor.

Corequisites: NRSRG 642A, NRSRG 642B

Study of pathology, diagnostic methods, indications for referral, and management of medical, psychological, and social problems of children and adolescent clients of psychiatric facilities and community mental health agencies.

Letter grade only (A-F).

642A. Psychiatric-Mental Health Clinical Studies for Children for Advanced Practice Nursing IV. (3)

Prerequisites: Admission to the PMHNP program and completion of NRSRG 641, NRSRG 641A and NRSRG 641B, or consent of instructor.

Corequisites: NRSRG 642, NRSRG 642B

Clinical practicum for family psychiatric nurse practitioner students that focuses on application of mental health concepts in children. Theories from prerequisite and concurrent courses are applied and tested.

642B. Psychiatric-Mental Health Clinical Studies for Adolescents for Advanced Practice Nursing V. (3)

Prerequisites: Admission to the PMHNP program and completion of NRSRG 641, NRSRG 641A and NRSRG 641B, or consent of instructor.

Corequisites: NRSRG 642, NRSRG 642A

Clinical practicum for family psychiatric nurse practitioner students that focuses on application of mental health concepts in adolescents. Theories from prerequisite and concurrent courses are applied and tested.

643. Advanced Psychopharmacology for Psychiatric-Mental Health Theory Across the Lifespan for Advanced Practice Nursing II (3)

Prerequisites: Admission to graduate nursing program and NRSRG 510, NRSRG 520, NRSRG 530, NRSRG 530L, NRSRG 540, NRSRG 550, NRSRG 560, and NRSRG 596, or consent of instructor. Corequisites: NRSRG 640, NRSRG 640A, NRSRG 640B

Study of furnishing/management of psychotropic drugs in the provision of mental health care across the lifespan.

Letter grade only (A-F).

650. Pediatric Theories for Advanced Nursing I (3)

Prerequisites: NRSNG 510, NRSNG 520, NRSNG 535, NRSNG 535L, NRSNG 540, NRSNG 550, NRSNG 560, and NRSNG 596.

Corequisites: NRSNG 650A and NRSNG 650B.

Theoretical based content for providing care in the role of a pediatric nurse practitioner. Content focuses on preventive health care, well child care, disease management, professional issues, and related research.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in NRSNG 684. (Discussion 3 hours)

650A. Pediatric Clinical Studies for Advanced Practice Nursing I (3)

Prerequisites: NRSNG 510, NRSNG 520, NRSNG 535, NRSNG 535L, NRSNG 540, NRSNG 550, NRSNG 560, and NRSNG 596 or consent of instructor.

Corequisites: NRSNG 650 and NRSNG 650B.

First clinical course of Pediatric Primary Care nurse practitioner program. Emphasis on application of theory to preventative health care, management of well child and common pediatric problems.

Credit/No Credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 684A.

650B. Pediatric Clinical Studies for Advanced Practice Nursing II (3)

Prerequisites: NRSNG 510, NRSNG 520, NRSNG 535, NRSNG 535L, NRSNG 540, NRSNG 550, NRSNG 560, and NRSNG 596.

Corequisites: NRSNG 650 and NRSNG 650A.

Second clinical course of Pediatric Primary Care nurse practitioner program. Emphasis on application of theory to preventative health care, management of well child and common pediatric problems.

Credit/No Credit grading only. Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 684B.

651. Pediatric Theories for Advanced Practice Nursing II (3)

Prerequisites: NRSNG 650, NRSNG 650A, NRSNG 650B.

Corequisites: NRSNG 651A and NRSNG 651B.

Diagnosis, treatment and management of common pediatric conditions/disorders by the pediatric nurse practitioner. The specific topics covered are the management of common pediatric diseases including: infectious, ENT, ophthalmic, dental, respiratory, dermatologic, gastrointestinal, genitourinary, and musculoskeletal disorders.

Letter grade only (A-F). Course fee may be required. (Discussion 3 hours) Not open for credit to students with credit in NRSNG 685.

651A. Pediatric Clinical Studies for Advanced Practice Nursing III (3)

Prerequisites: NRSNG 650, NRSNG 650A, and NRSNG 650B.

Corequisites: NRSNG 651 and NRSNG 651B.

First of two clinical courses that deal with application of theory related to assessment, diagnosis, and management by the pediatric nurse practitioner of common pediatric health care problems in clinical settings.

Letter grade only. (A-F). Course fee may be required. (Laboratory 9 hours) Not open for credit to students with credit in NRSNG 685A.

651B. Pediatric Clinical Studies for Advanced Practice Nursing IV (3)

Prerequisites: NRSNG 650, NRSNG 650A, and NRSNG 650B.

Corequisites: NRSNG 651 and NRSNG 651A.

Application of theory related to assessment, diagnosis, and management by the pediatric nurse practitioner of common pediatric health care problems in clinical settings.

Letter grade only. (A-F). (Laboratory 9 hours) Course fee may be required. Not open for credit to students with credit in NRSNG 685B.

652. Pediatric Theories for Advanced Practice Nursing III (3)

Prerequisites: NRSNG 651, NRSNG 651A, NRSNG 651B.

Corequisites: NRSNG 652A.

Diagnosis, treatment, and management of complex and chronic pediatric diseases by the pediatric nurse practitioner. The specific topics covered are the management of endocrine, metabolic, cardiac, hematologic, atopic, rheumatoid, autoimmune, neurologic, genetic, and mental disorders in children.

Letter grade only (A-F). (3 hours discussion)

652A. Pediatric Clinical for Advanced Practice Nursing V (3)

Prerequisites: NRSNG 651, NRSNG 651A, NRSNG 651B.

Corequisites: NRSNG 652.

Demonstrate, at an advanced level, the application of theory from previous and concurrent course work concerning assessment, diagnosis, and management of common and chronic pediatric health care problems.

Letter grade only (A-F). (9 hours laboratory)

660. Adult-Gerontological Acute Care Theories for Advanced Practice Nursing I (3)

Prerequisite(s): Admission to AGACNP program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, 560, NRSNG 596 or consent of instructor. Corequisite(s): NRSNG 660A, NRSNG 660B

Epidemiology, etiology, differential diagnoses, and management of acute patients at an advanced level. Vulnerable patients experiencing complex episodic illness (acute, terminal, or exacerbation of chronic disease) who are physiologically unstable and technologically dependent are the population of focus.

Letter grade only (A-F)

660A. Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing I (3)

Prerequisite(s): Admission to the AGACNP program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596. Corequisite(s): NRSNG 660, NRSNG 660B

The course provides the AGACNP student with supervised clinical practice to apply the theoretical concepts from N660 in the evaluation, diagnosis, and treatment of medically complex and/or acutely ill adult and geriatric patients. (Laboratory 9 hours/week)

Letter grade only (A-F)

660B. Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing II (3)

Prerequisite(s): Admission to the AGACNP program and NRSNG 510, NRSNG 520, NRSNG 530, NRSNG 530L, NRSNG 540, NRSNG 550, NRSNG 560, NRSNG 596. Corequisite(s): NRSNG 660, NRSNG 660A.

This course provides the AGACNP students with supervised clinical practice to apply the theoretical concepts for N660 in the evaluation, diagnosis, and treatment of medically complex and/or acutely ill adult and geriatric patients. (Laboratory 9 hours/week)

Letter grade only (A-F)

661. Adult-Gerontological Acute Care Theories for Advanced Practice Nursing II (3)

Prerequisite(s): Admission to the AGACNP program and NRSNG 660, NRSNG 660A, NRSNG 660B, or consent of instructor.

Corequisite(s): NRSNG 661A, NRSNG 661B.

Epidemiology, etiology, differential diagnoses, and management of acute patients at an advanced level. Vulnerable patients experiencing complex episodic illness (acute, terminal, or exacerbation of chronic disease) who are physiologically unstable and technologically dependent are the population of focus.

Letter grade only (A-F)

661A. Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing III (3)

Prerequisite(s): Admission to the AGACNP program and NRSNG 660, NRSNG 660A, NRSNG 660B. Corequisite(s): NRSNG 661+ NRSNG 661B

The course provides the AGACNP student with supervised clinical practice to apply the theoretical concepts from N661 in the evaluation, diagnosis, and treatment of medically complex and/or acutely ill adult and geriatric patients. (Laboratory 9 hours/week)

Letter grade only (A-F)

661B. Adult-Gerontological Acute Care Clinical Studies in Advanced Practice Nursing IV (3)

Prerequisite(s): Admission to the AGACNP program and NRS 660, NRS 660A, NRS 660B. Corequisite(s): NRS 661, NRS 661A

The course provides the AGACNP student with supervised clinical practice to apply the theoretical concepts from N661 in the evaluation, diagnosis, and treatment of medical complex and/or acutely ill adult and geriatric patients. (Laboratory 9 hours/week)

Letter grade only (A-F)

670. Community Health Theories for Advanced Nursing Practice I (3)

Prerequisites: Admission to graduate nursing program and NRS 565, or consent of instructor.

Corequisite: NRS 670L.

Community/Public health theories will be applied in the context of health problems, global health issues, and the changing health care environment for vulnerable populations addressing the social determinants of health. The focus will be on the community/public health nurse leader.

Letter grade only (A-F). (Seminar 3 hours) Course fee may be required.

670L. Advanced Community/Public Health Nursing Clinical Studies I (3)

Prerequisites: Admission to graduate nursing program and NRS 565 or consent of instructor.

Corequisite: NRS 670.

In conjunction with the instructor, the student will identify an agency and preceptor who will provide "hands on experience" that will meet the course objectives, the student's personal learning objectives and the student's mission statement. Clinical pre-ceptored course.

Credit/No Credit grading only. (Clinical 9 hours) Course fee may be required.

671. Community Health Theories for Advanced Practice Nursing II (3)

Prerequisites: NRS 670 and NRS 670L or consent of instructor.

Corequisites: NRS 671L.

Population health and global health care issues, ethical issues, and health care policies will be explored in order to provide an insight into how the current populations experience health and wellbeing while orchestrating their daily lives.

Letter grade only (A-F). (Seminar, 3 hours) Course fee may be required.

671L. Advanced Community/Public Health Nursing Clinical Studies II (3)

Prerequisites: NRS 670 and NRS 670L, or consent of instructor.

Corequisites: NRS 671.

Clinical course offering leadership and mentoring in a community/public health setting for the student to acquire exposure to development of projects and addressing issues for the vulnerable populations.

Letter grade only (A-F). (Clinical 9 hours) Course fee may be required.

672. Advanced Community Health Theories for Advanced Practice Nursing III (3)

Prerequisites: NRS 671, NRS 671L or consent of instructor.

Corequisites: NRS 672L.

Focus will be on the leadership role of the C/PHN in the integration of nursing and public health theories in evaluation and internalization strategies for health programs and policies for underserved and ethnically diverse populations.

Letter grade only (A-F). Course fee may be required.

676. Organizing and Structuring Optimal Healing Environments (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 676L.

Administering nursing and healthcare systems and delivering patient-centered care in a changing environment, incorporating new technology and evidence-based practice. The application of management, organization, and leadership theory within the context of structuring healthcare delivery systems for optimal healing and patient-centeredness.

Letter grade only (A-F). (Discussion)

676L. Practicum In Organizing and Structuring Optimal Healing Environments (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 676.

Practicum and on-site laboratory opportunity to apply principles and theories for organizing and structuring optimal healing environments in complex nursing and/or healthcare settings. An experienced, practicing nurse executive will provide mentorship during the practicum.

Letter grade only (A-F).

677. Human Resources and Professional Relationships in Nursing and Health Systems (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 677L.

In-depth study of the theories, functions and components of human resources management within nursing and healthcare systems. Emphasis on establishing competitive work environments with high levels of staff satisfaction. Intra and inter-disciplinary and departmental communication and relationships are also addressed..

Letter grade only (A-F). (Discussion)

677L. Practicum In Human Resources and Professional Relationships In Nursing and Health Systems (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 677.

Practicum and on-site laboratory opportunity to apply principles and theories of human resources and professional relationship management in complex nursing and/or healthcare settings. An experienced, practicing nurse and/or human resources executive will provide mentorship during the practicum.

Letter grade only (A-F).

678. Continuous Quality Improvement in Nursing and Health Systems (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 678L.

In-depth study of continuous quality improvement, examining theories and principles of program and service evaluation and the organizational, clinical and administrative systems needed in complex nursing and/or healthcare systems. Methodologies for data collection, analysis and benchmarking with national quality and safety standards.

Letter grade only (A-F).

678L. Practicum In Continuous Quality Improvement in Nursing and Health Systems (3)

Prerequisite(s): Admission to the NHSEM program, NRS 559

Corequisite(s): Concurrent Enrollment in NRS 678.

Practicum and on-site laboratory opportunity to apply principles and theories of continuous quality improvement and informatics in complex nursing and/or healthcare settings. An experienced, practicing nurse executive and/or informaticist will provide mentorship during the practicum.

Letter grade only (A-F). (Technical activities/laboratory 9 hours)

679. Nursing and Health Systems Governance and Population-Based Care Delivery (3)

Prerequisite: Admission to the NHSEM program, NRS 559

The political realities associated with nursing and healthcare delivery are presented with strategies for changing policy and legislation. Methodologies are explored for assessing the demographics, needs and health status of the community served and providing services in a "population-based" manner.

Letter grade only (A-F). (3 hours lecture)

680A. Theories for Extended Nursing Practice (3)

Prerequisites: Admission to graduate nursing program, a physical assessment course and upper division pathophysiology course, or consent of instructor.

Corequisites: NRS 680L.

Normal and pathological conditions and management theory base applicable for advanced nurse in clinical areas of concentration.

May be repeated to a maximum of 6 units in each suffix in different semesters. Letter grade only (A-F). Course fee may be required.

680L. Clinical Studies in Nursing (3)

Prerequisites: Admission to graduate nursing program, a physical assessment course and upper division pathophysiology course, or consent of instructor.

Corequisites: NRS 680A, B, or C.

A laboratory course offering clinical experience in selected settings to prepare for advanced nursing practice.

May be repeated to a maximum of 9 units with different topics. Course fee may be required.

692. Nursing Directed Project (1-3)

Prerequisites: Admission to graduate nursing program, advancement to candidacy, NRS 596 and consent of school graduate advisor.

Planning, preparation and completion of a directed project appropriate to advanced practice nursing.

May be repeated to a maximum of 4 units in different semesters. Letter grade only (A-F). Course fee may be required.

693. Executive Management Project (3)

Prerequisites: Advancement to candidacy and completion of 21 graduate units

Development of a comprehensive business plan for a new nursing and/or health systems program or service or major revision of an existing program/service including vision, mission, goals, evaluative criteria, market analysis, pro-forma budget, options for financing, marketing and advertising.

Letter grade only (A-F). (3 hours discussion)

695. Professional Literature (3)

Prerequisites: NRS 510, NRS 520, NRS 530 or NRS 535, NRS 530L or NRS 535L, NRS 540, NRS 550, NRS 560, NRS 596, theory and clinical course series for one of the Nurse Practitioner or CNS specialties, and advancement to candidacy, or consent of instructor and graduate advisor.

Critical analysis and synthesis by comparative review of professional literature in nursing practice, theory, and research.

Not open for credit to students taking NRS 698. Letter grade only (A-F). Course fee may be required.

698. Thesis (1-3)

Prerequisites: Admission to graduate nursing program, advancement to candidacy, NRS 596, consent of school graduate advisor.

Planning, preparation and completion of a thesis in clinical nursing.

Letter grade only (A-F). Course fee may be required.

701. Biostatistics for Advanced Nursing Practice (3)

Prerequisite/Corequisite: Admission to the DNP program.

Provides DNP students with the necessary skills and knowledge to interpret research that employ multivariate statistical techniques. Topics include choosing correct statistical methods; descriptive, univariate and multivariate statistics; probability; estimation and hypothesis testing; and use of a statistical software package.

Letter grade only (A-F).

702. Leadership, Management and Economics in Advanced Nursing Practice (3)

Prerequisite/Corequisite: Admission to the DNP program.

Emphasis on analyzing leadership theories and organizational models within healthcare delivery systems. Principles of change theory, financial management, strategic planning, program development and implementation are evaluated. Application focuses on fiscally sound

leadership management in providing healthcare for individuals and populations.

Letter grade only (A-F).

703. Epidemiology and Clinical Prevention (3)

Prerequisite/Corequisite: Admission to the DNP program.

Emphasis on application of epidemiological principles and approaches related to health and illness in at-risk populations. Epidemiological models and inquiry are used to determine population needs and promote interventions to enhance health-related quality of life and prevent illness.

Letter grade only (A-F).

704. Informatics in Healthcare (3)

Prerequisite/Corequisite: Admission to the DNP program.

Use of information systems/technology resources to implement quality improvement initiatives and support practice and administrative decision-making. Topics include standards and principles for selecting and evaluating information systems and patient care technology, and related ethical, regulatory, and legal issues.

Letter grade only (A-F).

705. Advanced Evidence-Based Practice in Nursing (3)

Prerequisite/Corequisite: Admission to the DNP program.

Advanced research course focused on reading, interpreting, and evaluating studies using quantitative and qualitative methods in nursing and other health care disciplines; develop initial literature review for integrative scholarship proposal.

Letter grade only (A-F)

706. Healthcare Policy, Ethics, and Advocacy for Nurses (3)

Prerequisite/Corequisite: Admission to the DNP program

Critical appraisal of how national and international health policies, advocacy efforts, ethics, and economics impact health care delivery and its outcomes and influence advanced practice nursing. Development of health care policy, delivery models, reimbursement mechanisms, and economic perspectives are investigated.

Letter grade only (A-F).

707. DNP Clinical Practicum: Professional Role Development (3)

Prerequisite/Corequisite: Admission to the DNP program.

Supervised clinical opportunities in selected clinical settings to enhance professional role development in advanced nursing practice. Synthesis of prior graduate learning experience; focus on evidence-based best practices to enhance safety, quality and efficiency in the student's nursing specialty area.

Letter grade only (A-F). May be repeated to a maximum of 12 units in different semesters. (Seminar 1 hour, Clinical 6 hours)

797A. Integrative Clinical Scholarship I: Evidence-Based Practice (3)

Prerequisite/Corequisite: Advanced Evidence-Based Practice in Nursing

Advanced research/laboratory course focused on analysis of history/role of DNP, role transition, interprofessional collaboration and leadership, clinical microsystems thinking, project development and management within healthcare systems. Includes principles of grant writing and development of DNP project proposal.

Letter grade only (A-F). (Seminar 1 hour, Clinical 6 hours)

797B. Integrative Clinical Scholarship II: Evidence-Based Practice (3)

Prerequisite/Corequisite: NRS 797A.

Implementation of DNP project, within a clinical setting, using integration of theory and evidence-based change from nursing science and other disciplines. Emphasizes incorporation of principles of practice inquiry, evidence-based practice, and/or practice inquiry. Integration of core DNP concepts and competencies.

Letter grade only (A-F).

797C. Integrative Clinical Scholarship III: Evidence-Based Practice (3)

Prerequisite: NRS 797B.

Evaluation and completion of DNP project. Emphasizes incorporation of principles of practice inquiry, evidence-based practice, and/or practice inquiry. Integration of core DNP concepts and competencies.

Letter grade only (A-F). (Seminar 1 hour, Clinical 6 hours)

NUTRITION AND DIETETICS

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Michelle Barrack, Lee Blecher, Marie Botkin, Maria Claver, Gail C. Frank, Virginia Gray, Libby Gustin, Young Ha, James E. Koval, Peter Kreysa, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Cheryl Rock, Roudi Roy, Myung Hee Sohn, Richard V. Tuveson, Long Wang, Jung-Mao (Ronnie) Yeh

Didactic Program Director: Emily Haynes

Individualized Supervised Practice Pathway Coordinator: Long Wang

Doctoral Individualized Supervised Practice Pathway Coordinator: Long Wang

Internship Program in Nutrition and Dietetics Director: Gail Frank

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Virginia Gray

Administrative Support Coordinators:

Mikal Lok, Marina Bendersky, Andrew Redmayne

Instructional Support Technician: Bonnie Rice

Career Possibilities

Clinical Dietitian • Private Practice Dietitian • Research Dietitian • School Foodservice Director • Food Products Sales Representative • Food Technologist • Food Service Supervisor • Restaurant Manager • Public Health Nutritionist • Food and Drug Inspector • Public Health and Wellness Educator • Community Nutrition Programs • Health Clubs • Private Consulting • Health and Welfare Agencies • Program Administration • Health Promotion. (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Degrees

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family and Consumer Sciences Education
- Family Life Education
- Fashion Design
- Fashion Merchandising

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Hospitality Management

Degree and certificate information and requirements are listed under each option alphabetically in this catalog.

Bachelor of Science in Dietetics and Food Administration

The Department of Family and Consumer Sciences offers students a Bachelor of Science degree in Dietetics and Food Administration with two option areas of study:

- Nutrition and Dietetics
- Food Science (suspended)

Degree and certificate information and requirements are listed under each option alphabetically in this *Catalog*.

Requirements for the major include a minimum of 120 units for Nutrition and Dietetics. In addition to general education requirements (48 units), a minimum of 40 units in Family and Consumer Sciences is required, 24 of which must be upper division. Students transferring from another college or university will receive transfer credit in required courses if the course is equivalent to the course at this University and it is accepted by the University.

Nutrition and Dietetics

This degree option has two concentrations- Dietetics and Nutritional Science. Students will focus their studies in nutritional science, medical nutrition therapy, community nutrition, food production and management of foodservice operations (Dietetics concentration only), chemistry, physiology, plus a variety of supporting course work in related disciplines.

Dietetics Concentration

The Dietetics Concentration fulfills the Academy of Nutrition and Dietetics (AND) academic requirements for eligibility to apply for qualifying experiences required to become a Registered Dietitian/Nutritionist.

Becoming a Registered Dietitian/ Nutritionist

Registered Dietitians/Nutritionists (RDs/RDNs) are considered food and nutrition experts. They have met the following criteria to earn the RD/RDN credential:

- Completion of a minimum of a bachelor's degree at a U.S. regionally accredited university or college and course work accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), the credentialing agency of the Academy of Nutrition and Dietetics (AND).
- Completion of a supervised practice program accredited by ACEND.
- Passed a national examination administered by the Commission on Dietetic Registration (CDR).

In order to maintain registration, the RD/RDN must provide evidence of fulfilling continuing professional educational requirements to maintain registration. Some RDs/RDNs hold additional certifications in the specialized areas of practice, such as pediatric or renal nutrition, nutrition support, and

diabetes education. These certifications are awarded through CDR and/or other medical and nutrition organizations and are recognized within the profession, but are not required.

In addition to RD/RDN credentialing, many states have regulatory laws for dietitians and nutrition practitioners. Frequently these state requirements are met through the same education and training required to become an RD/RDN.

Alternative pathway- Becoming an NDTR (Nutrition & Dietetic Technician)

Dietetic technicians, registered (DTRs) are educated and trained at the technical level of nutrition and dietetics practice for the delivery of safe, culturally competent, quality food and nutrition services. DTRs are an integral part of healthcare and food service management teams.

DTRs work under the supervision of a registered dietitian nutritionists (RDNs) when in direct patient/client nutrition care in practice areas as:

- **Hospitals, clinics, nursing homes, retirement centers, hospices, home health-care programs and research facilities** conducting patient/client screens, gathering data and performing assigned tasks to assist RDNs in providing medical nutrition therapy.

DTRs may work independently in providing general nutrition education to healthy populations in a variety of settings as:

- **Schools, day-care centers, correctional facilities, restaurants, health-care facilities, corporations and hospitals**, managing employees, purchasing and food preparation and maintaining budgets within foodservice operations.

- **Women, Infants, Children (WIC) programs, public health agencies, Meals on Wheels and community health programs**, assisting registered dietitians with the implementation of programs and presentation of classes for the public.

- **Health clubs, weight management clinics and community wellness centers**, helping to educate clients about the connection between food, fitness and health.

- **Food companies, contract food management companies or food vending and distributing operations** developing menus, conducting nutrient analysis and data collection, and overseeing foodservice sanitation and food safety.

DTRs are nationally credentialed food and nutrition technical practitioners who have met the following criteria to earn and maintain the DTR credential.

"Successful completion of coursework in an ACEND-accredited Didactic Program in Dietetics and completion of at least a bachelor's degree at a U.S. regionally accredited college or university.

After completing the degree and dietetics coursework, successful completion of the Registration Examination for Dietetic Technicians, a national credentialing examination, administered by the Commission on Dietetic Registration (CDR) is required. CDR's DTR certification program is fully accredited by the National Commission for Certifying Agencies (NCCA), the accrediting arm of the Institute for Credentialing Excellence (ICE). Accreditation by the ICE reflects achievement of the highest standards of professional credentialing. For more information regarding DTR credentialing, refer to CDR's website at www.cdernet.org.

Compliance with the CDR Professional Development

Portfolio (PDP): Requirements to maintain DTR registration include 50 hours of continuing education every five years.

Nutritional Science Concentration

The Nutritional Science Concentration focuses on nutrition as part of medical and health issues and is suitable for students wishing to apply for graduate school, medical school or other health-related programs. Students who select the Nutritional Science Concentration as a pre-professional degree should check with the appropriate programs to verify specific requirements.

Option in Nutrition and Dietetics (120 units)

Take all of the following courses:

MATH 113 Precalculus Algebra (3)

* C or better

Prerequisite: Appropriate ELM score, ELM exemption

BIOL 207 Human Physiology (4)

* C or better

Prerequisite: GE Foundation requirements.

CHEM 111A General Chemistry (5)

**C" or better required.

Prerequisite: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 448 Fundamentals of Biological Chemistry (3)

**C" or better required.

Prerequisite: CHEM 220B or CHEM 227 either with a grade of "C" or better.

CHEM 449 Nutritional Biochemistry Laboratory (1)

Prerequisite: CHEM 448 with a grade of "C" or better. Can be taken concurrently with CHEM 448.

MICR 200 General Microbiology (4)

Prerequisites: CHEM 111A or CHEM 140 with a grade of "C" or better and GE Foundation requirements.

SOC 335 Social Psychology (3)

Prerequisite: Upper division standing.

CAFF 321 (GE) Family and Consumer Resource Management (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.

FCS 299 Introduction to Family & Consumer Sciences (1)

Prerequisites: None.

Not open for credit to students with credit in FCSE 299.

FCS 499 Professionalism and Leadership in Family and Consumer Sciences Professionals (1)

Prerequisites: FCS 299, CAFF 321, 12 units of upper division course work in Family and Consumer Sciences. Must be taken in one of the last two semesters prior to graduation.

Not open for credit to students with credit in FCSE 499.

NUTR 132 Introductory Nutrition (3)

* C or better

Prerequisite/Corequisite: One Foundation course.

NUTR 331 Nutrition through the Life Cycle (3)

Prerequisites: For the Dietetics Concentration BIOL 207, NUTR 132, NUTR 234; For the Nutritional Sciences Concentration BIOL 207, NUTR 132.

NUTR 336 Social and Cultural Aspects of Food and Health (3)

Prerequisites: For Dietetics Concentration NUTR 132, NUTR 234, SOC 335; for Nutritional Sciences Concentration NUTR 132, SOC 335.

- NUTR 436 Advanced Nutrition (3)
Prerequisites/Corequisites: NUTR 331; CHEM 448.
- NUTR 436L Evaluation of Nutritional Status (2)
Prerequisites: NUTR 331.
- NUTR 438A Medical Nutrition Therapy I (3)
Prerequisites: NUTR 436, NUTR 436L (may be taken concurrently)
- NUTR 438B Medical Nutrition Therapy II (3)
Prerequisite: NUTR 438A

Complete one of the following concentration areas:

A. Dietetics Concentration

Take all of the following courses:

- CHEM 227 Fundamentals of Organic Chemistry (3)
**C" or better required.
Prerequisite: CHEM 111A with a grade of "C" or better; CHEM 111B is recommended.
- FSCI 332 Food Science (3)
Prerequisites: CHEM 227; HFHM 176; MICR 200 or equivalent.
- HFHM 176 Fundamentals of Food Preparation (3)
Prerequisites: None.
- HFHM 343 Food Production Systems for Nutrition and Dietetics Professionals (3)
Prerequisites: NUTR 132 and HFHM 176.
- HFHM 345 Food Service Operations for Nutrition and Dietetics Professionals (2)
Prerequisites: HFHM 343; California Food Handler's Card valid for at least one year.
- HFHM 447 Foodservice Administration for Dietetic and Nutrition Professionals (3)
Prerequisites: HFHM 343.
- NUTR 234 Orientation to Dietetics and Food Administration (1)
Prerequisites: Open only to Nutrition and Dietetics majors.
- NUTR 334 Nutrition Education (2)
Prerequisites: NUTR 331, SOC 335.
- NUTR 437 Nutrition Counseling and Motivational Techniques (2)
Prerequisites/Corequisites: NUTR 334, NUTR 436.
- NUTR 461 Community Nutrition (3)
Prerequisites: NUTR 331, NUTR 334, NUTR 336.
- NUTR 498A Senior Seminar for Dietetics I (1)
Prerequisites: NUTR 436.
- NUTR 498B Senior Seminar for Dietetics II (1)
Prerequisites: NUTR 498A.

Take one of the following courses:

- STAT 108 Statistics for Everyday Life (3)
* C or better required
Prerequisites: None.
- BIOL 260 Biostatistics (3)
* C or better required
Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.
- EDP 419 Educational Statistics (3)
* C or better required
Prerequisites: Satisfactory completion of an undergraduate mathematics course suitable for general education math credit and, if required by the major, a lower-division statistics course.
- PSY 210 Introductory Statistics (4)
* C or better required
Prerequisites: PSY 100, GE A1 requirement, and eligible to

take a General Education Mathematics course.

B. Nutritional Science Concentration

Take all of the following classes

- BIOL 208 Human Anatomy (4)
Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.
- CHEM 111B General Chemistry (5)
**C" or better required.
Prerequisite: CHEM 111A with grade of "C" or better.
- CHEM 220A Organic Chemistry I (3)
**C" or better required.
Prerequisite: CHEM 111B with a grade of "C" or better.
Corequisites: CHEM 224 is required for students repeating course. CHEM 223A must be taken concurrently if required by a degree plan.
- CHEM 220B Organic Chemistry II (3)
**C" or better required.
Prerequisite: CHEM 220A with a grade of "C" or better.
Corequisite: CHEM 223B or CHEM 320L except for students who previously earned a "C" or better in CHEM 223B or CHEM 320L.
- CHEM 223A Organic Chemistry Laboratory I (1)
**C" or better required.
Corequisite: CHEM 220A, except for students who have previously earned a "C" or better in CHEM 220A.
- CHEM 223B Organic Chemistry Laboratory (1)
* C or better required
Prerequisites: CHEM 220A and CHEM 223A, both with a grade of "C" or better. Corequisite: CHEM 220B, except for students who have previously earned a "C" or better in CHEM 220B.

Take one of the following courses

- STAT 108 Statistics for Everyday Life (3)
Prerequisite: None.
* C or better required
- BIOL 260 Biostatistics (3)
* C or better required
Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.
- EDP 419 Educational Statistics (3)
* C or better required
Prerequisites: Satisfactory completion of an undergraduate mathematics course suitable for general education math credit and, if required by the major, a lower-division statistics course.
- PSY 210 Introductory Statistics (4)
* C or better required
Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

The Academy of Nutrition and Dietetics (AND) Didactic Program in Dietetics accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND)

The ACEND, the accrediting agency for the AND Didactic (Academic) Program in Dietetics (DPD), is designed to provide students with a foundation of knowledge and skills in dietetics that will enable them to perform successfully in a dietetic internship. The DPD is currently granted accreditation by the Accreditation Council for Education in Nutrition and Dietetics of the AND, 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, phone: 312-899-0040, ext.

5400. This Council is a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education. It is the responsibility of the student to consult with the DPD Director to verify current ACEND requirements to become a Registered Dietitian.

Students who choose to meet DPD requirements must select the following as electives:

HFHM 375 Food Production Systems II (3)
Prerequisite: HFHM 276.

HFHM 477 Restaurant and Dining Management (3)
Prerequisite: HFHM 276.

Students must receive a grade of "C" or better in DPD courses to receive verification of completion of the DPD. Approval of a student's academic program by the CSULB DPD Director requires that the student complete HFHM 477, and NUTR 436L at CSULB. Upon completion of the Bachelor of Science in Dietetics and Food Administration with the Option in Nutrition and Dietetics, all students' transcripts are audited by the CSULB DPD Director to verify completion of course and grade requirements in order to receive the verification statement of completion of the DPD. Students can view details of the DPD program at www.csulb.edu/dpd.

Courses (NUTR)

LOWER DIVISION

132. Introductory Nutrition (3)

Prerequisite/Corequisite: One Foundation course.

Essential nutrients, their physiological functions and human needs during the life cycle; food sources as applied to selection of an adequate diet; problems encountered providing food to meet nutritional needs; food additives and consumer protection. Not open for credit to students with credit in FCS 232. (Lecture-discussion 3 hours)

234. Orientation to Dietetics and Food Administration (1)

Prerequisite: Open only to Nutrition and Dietetics majors.

Role of the professional in dietetics and food administration; orientation to career opportunities in Food, Nutrition and Foodservice Systems Management; personnel and physical facilities, including equipment in health care and mass feeding programs.

UPPER DIVISION

331. Nutrition through the Life Cycle (3)

Prerequisites: For the Dietetics Concentration BIOL 207, NUTR 132, NUTR 234; For the Nutritional Sciences Concentration BIOL 207, NUTR 132.

Nutritional needs with emphasis on changes through the life cycle, including pregnancy and lactation, infancy, childhood, adolescence, adulthood, and aging.

Letter grade only (A-F).

333. Latino Nutrition, Health and Chronic Disease Prevention (3)

Prerequisites: GE Foundation requirement, one or more Exploration courses and upper division standing.

Explores nutrition-related and contextual factors associated with the high rates of chronic disease among diverse Latino-specific subpopulations and provide culturally-relevant strategies for prevention.

Letter grade only (A-F). Same course as HSC 333. Not open for

credit to students with credit in HSC 333.

334. Nutrition Education (2)

Prerequisites: NUTR 331, SOC 335

Develop effectiveness as a nutrition educator by applying behavior change theories and techniques. Develop critical thinking, research, and presentation skills through the design, implementation and evaluation of nutrition education for a variety of nutrition issues and audiences.

Letter grade only (A-F). (1 hour lecture activity and 2 hours technical activity and lab)

336. Social and Cultural Aspects of Food and Health (3)

Prerequisites: For Dietetics Concentration NUTR 132, NUTR 234, SOC 335; for Nutritional Sciences Concentration NUTR 132, SOC 335.

Social and cultural impacts on food and nutrition around the world. Global food patterns, culturally competent care, global hunger and food aid, and trends in food production.

Letter grade only (A-F). (Lecture 3 hours)

339. Nutrition for Nursing Professionals (3)

Prerequisites: CHEM 140, BIOL 207, admission to the School of Nursing or consent of instructor.

Metabolic role of nutrients in the human body; practical application of nutrition to patient care.

Open to Nursing Majors only. Letter grade only (A-F). (Lecture-activity 3 hours)

436. Advanced Nutrition (3)

Prerequisites/Corequisites: NUTR 331; CHEM 448

Metabolism of proteins, fats, carbohydrates, minerals and vitamins; interrelationship of nutrients; principles of determining nutritional requirements of individuals.

Letter grade only (A-F). (2 hours lecture activities and 2 hours technical activities and lab)

436L. Evaluation of Nutritional Status (2)

Prerequisites: NUTR 331.

This course provides training in nutrition assessment as part of the Nutrition Care Process. Students will learn and practice laboratory methods for collection and interpretation of demographic, dietary, anthropometric, biochemical and clinical data.

Letter grade only (A-F). (1 hours lecture discussion and 3 hours technical activities and lab) Course fee may be required.

437. Nutrition Counseling and Motivational Techniques (2)

Prerequisites: NUTR 334, NUTR 436.

Provides training in basic evidence-based nutrition interviewing and counseling strategies that are characterized by a collaborative counselor-client relationship to establish food/nutrition priorities, goals and individualized action plans. Supervised counseling is conducted at sites on and off campus.

Letter grade only (A-F). (2 hours seminar, 3 hours clinical activity.)

438A. Medical Nutrition Therapy I (3)

Prerequisites: NUTR 436; NUTR 436L (may be taken concurrently).

The Nutrition Care Process and evidence-based practice are applied to specific pathophysiological conditions. The application of this process includes nutrition assessment, nutrition diagnosis, nutrition intervention, and nutrition monitoring and evaluation.

Letter grade only. (A-F). (3 hours of lecture activities)

438B. Medical Nutrition Therapy II (3)

Prerequisites: NUTR 438A.

The Nutrition Care Process and evidence-based practice are applied to specific pathophysiological conditions. The application of this process includes nutrition assessment, nutrition diagnosis, nutrition intervention, and nutrition monitoring and evaluation.

Letter grade only (A-F). (3 hours of lecture activities.)

439. Nutrition and Aging (3)

Prerequisites: NUTR 132 or BIOL 207 or BIOL 301 or GERN 400 or consent of instructor.

Nutritional needs as related to physiological changes that occur during aging. Factors that influence food intake and nutritional status of the elderly. Diet adaptation for chronic diseases commonly found in older adults.

Letter grade only (A-F). Same course as GERN 439. Not open for credit to students with credit in GERN 439. (Lecture-discussion 3 hours)

461. Community Nutrition (3)

Prerequisites: NUTR 331, NUTR 334, NUTR 336.

Survey of nutrition programs in the community. Techniques of program planning, implementation, management and evaluation.

Letter grade only (A-F). (Lecture-activity 3 hours)

468. Nutrition for Exercise and Performance (3)

Prerequisites: NUTR 132, KIN 301 for the KIN Fitness option and the KIN Exercise Science option or BIOL 207 for the Nutrition and Dietetics option.

Explores the role nutrients play in exercise and performance enhancement. Topics include evaluation of energy needs during physical activity, examination of weight management practices, assessment of nutritional status, and investigation of contemporary dietary issues related to exercise.

Letter grade only (A-F). Same course as KIN 468. Not open for credit to students with credit in KIN 468. Open to Kinesiology undergraduate students in the Fitness and Exercise Science options and to the Nutrition and Dietetics option in Family and Consumer Sciences.

492K. Internship in Nutrition and Dietetics (3)

Prerequisites: Student must be a Family and Consumer Sciences: Nutrition and Dietetics major; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Nutrition and Dietetics; and HFHM 275 and FSCI 332. Each prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. (Seminar 3 hours)

498A. Senior Seminar for Dietetics I (1)

Prerequisite: NUTR 436.

Designed to prepare dietetic students for the transition from student to internship, graduate school, and/or career and to develop selected professional skills.

Letter grade only. (A-F). (1 hour seminar)

498B. Senior Seminar for Dietetics II (1)

Prerequisite: NUTR 498A.

Designed to showcase the outcomes of the nutrition program by presenting students' portfolios, engaging in networking, and completing the senior assessment and survey of the DPD program.

Letter grade only. (A-F). (1 hour seminar).

OCEAN STUDIES INSTITUTE

College of Natural Sciences and Mathematics

Director: Daniel Pondella

Location: Fish Harbor

820 S. Seaside Ave., Terminal Island, CA 90731

Telephone / FAX: (310) 519-3172 / (310) 519-1054

Website: <http://www.scmi.net>

Introduction

The Ocean Studies Institute was created in 1972 to coordinate teaching, research and community service in ocean studies on member campuses. Members include Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona, San Bernardino, and San Marcos. The Institute does not offer degrees, but it serves as an administrative liaison to facilitate degree programs offered on member campuses.

The Institute operates a 76-foot research vessel for teaching and research purposes, obtains research grants and contracts, performs research, and is responsible for curriculum planning and facilities acquisition. Presently the Institute serves over 35 departments across eight campuses.

The courses and research in which the Institute is actively engaged reflect the broad applied approach of interdisciplinary, mission-oriented projects in harbors and the coastal zone.

Courses (OSI)

UPPER DIVISION

345. Physiology of Marine Animals (4)

Prerequisite: BIOL 211, BIOL 212, BIOL 213.

Comparison of the fundamental physiological processes of the major marine phyla, both invertebrate and vertebrate. Laboratory and field investigations will be directed toward marine animals living in the local waters.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

353. Marine Biological Processes (4)

Prerequisite: BIOL 211, BIOL 212, BIOL 213.

Study of pelagic and benthic marine ecosystems, including human influences.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

417./517. Marine Benthic Invertebrates of Santa Catalina Island (4)

Prerequisite: OSI 353 and consent of instructor. (Undergraduates enroll in OSI 417; graduates enroll in OSI 517)

Topics include benthic community structure and function, benthic-pelagic coupling, animal-sediment relationships, animal interactions, and marine pollution ecology. Laboratory emphasis will be on identification of local forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

419./519. Marine Ichthyology (4)

Prerequisite: OSI 353 and consent of instructor. (Undergraduates enroll in OSI 419; graduates enroll in OSI 519)

Taxonomy, morphology, physiology, and ecology of fishes. Emphasis on local marine fishes.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

420./520. Ecology of Marine Fishes (4)

Prerequisite: OSI 419/519 and consent of instructor. (Undergraduates enroll in OSI 420; graduates enroll in OSI 520)

Fish species assemblages, general ecology, adaptations, and behavioral ecology of marine fishes. Emphasis on local marine fishes.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

425./525. Marine Phycology (4)

Prerequisite: BIOL 211, BIOL 212, BIOL 213. (Undergraduates enroll in OSI 425; graduates enroll in OSI 525)

Taxonomy, phylogeny, ecology, and physiology of marine algae; emphasis on local marine forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

455./555. Marine Ecological Processes (4)

Prerequisite: OSI 353 or BIOL 350 and consent of instructor; statistics recommended. (Undergraduates enroll in OSI 455; graduates enroll in OSI 555)

Discussion of field studies on ecological principles related to marine communities. Includes an individual field research project and class projects.

Letter grade only (A-F). (Lecture 2 hrs., field 6 hrs.)

490./590. Selected Topics in Ocean Studies (1-3)

Prerequisite: Consent of instructor. (Undergraduates enroll in OSI 490; graduates enroll in OSI 590)

Topics from selected areas of Ocean Studies. Topic content will vary from section to section.

Letter grade only (A-F). May be repeated to a maximum of 6 units with the consent of instructor. Maximum credit for OSI 490/590 and/or 490L/590L limited to 6 units. Topics announced in the *Schedule of Classes*. (Lecture 1-3 hrs.)

490L./590L. Selected Topics in Ocean Studies Laboratory (1-3)

Prerequisite: Consent of instructor. (Undergraduates enroll in OSI 490L; graduates enroll in OSI 590L)

Topics from selected areas of Ocean Studies.

Letter grade only (A-F). May be repeated to a maximum of 6 units with the consent of instructor. Maximum credit for OSI 490/590 and/or 490L/590L limited to 6 units. Topics announced in the *Schedule of Classes*. (Laboratory 3-9 hrs.)

496. Undergraduate Directed Research (1-3)

Prerequisite: Consent of instructor. Not available to graduate students.

Independent research to be conducted under the supervision of a Catalina Semester instructor. Students develop their ideas during the first 12 weeks of the semester, prepare a research proposal, complete their studies, and present their findings in a mini-symposium and a report.

Letter grade only (A-F).

GRADUATE LEVEL

517./417. Marine Benthic Invertebrates of Santa Catalina Island (4)

Prerequisite: OSI 353 and consent of instructor. (Undergraduates enroll in OSI 417; graduates enroll in OSI 517)

Topics include benthic community structure and function, benthic-pelagic coupling, animal-sediment relationships, animal interactions, and marine pollution ecology. Laboratory emphasis will be on identification of local forms.

Letter grade only (A-F). (Lecture 2 hrs, laboratory and field 6 hrs.)

519./419. Marine Ichthyology (4)

Prerequisite: OSI 353 and consent of instructor. (Undergraduates enroll in OSI 419; graduates enroll in OSI 519)

Taxonomy, morphology, physiology, and ecology of fishes. Emphasis on local marine fishes.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

520./420. Ecology of Marine Fishes (4)

Prerequisite: OSI 519/419 and consent of instructor. (Undergraduates enroll in OSI 420; graduates enroll in OSI 520)

Fish species assemblages, general ecology, adaptations, and behavioral ecology of marine fishes. Emphasis on local marine fishes.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

525./425. Marine Phycology (4)

Prerequisite: BIOL 211, BIOL 212, BIOL 213. (Undergraduates enroll in OSI 425; graduates enroll in OSI 525)

Taxonomy, phylogeny, ecology, and physiology of marine algae; emphasis on local marine forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

555./455. Marine Ecological Processes (4)

Prerequisite: OSI 353 or BIOL 350 and consent of instructor; statistics recommended. (Undergraduates enroll in OSI 455; graduates enroll in OSI 555)

Discussion of field studies on ecological principles related to marine communities. Includes an individual field research project and class projects.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

590./490. Selected Topics in Ocean Studies (1-3)

Prerequisite: Consent of instructor. (Undergraduates enroll in OSI 490; graduates enroll in OSI 590)

Topics from selected areas of Ocean Studies. Course content will vary from section to section.

Letter grade only (A-F). May be repeated to a maximum of 6 units with consent of instructor. Maximum credit for OSI 490/590 and/or 490L/590L limited to 6 units. Topics announced in the *Schedule of Classes*. (Lecture 1-3 hrs.)

590L./490L. Selected Topics in Ocean Studies Laboratory (1-3)

Prerequisite: Consent of instructor. (Undergraduates enroll in OSI 490L; graduates enroll in OSI 590L)

Topics from selected areas of Ocean Studies. Course content will vary from section to section.

Letter grade only (A-F). May be repeated to a maximum of 6 units with consent of instructor. Maximum credit for OSI 490/590 and/or 490L/590L limited to 6 units. Topics announced in the *Schedule of Classes*. (Laboratory 3-9 hrs.)

697. Directed Research (1-3)

Prerequisite: Consent of instructor and graduate standing.

Independent research to be conducted under the supervision of a Catalina Semester instructor. Students develop their ideas during the first 12 weeks of the semester, prepare a research proposal, complete their studies, and present their findings in a mini-symposium and a report.

Letter grade only (A-F).

PEACE STUDIES

College of Liberal Arts

Director: Judith Stevenson (Human Development)

Telephone: (562) 985-5914

E-mail: jstevenson4@csulb.edu

Faculty: Ted Azarmi (Finance), Amy Bippus (Communication Studies), Aaron Cargile (Communication Studies), Betsy Decyk (Philosophy), Larry George (International Studies), Mimi Hotchkiss (English), Ray LaCoste (Comparative World Literature and Classics), Unna Lasiter (Geography), Sandra McMillan (Film & Electronic Arts), Charles Noble (Political Science), Jyotsna Pattnaik (Teacher Education), Pamela Roberts (Human Development), Carol Shaw-Sutten (Art), Larry Smith, American Indian Studies, Barry Steiner (Political Science), Teri Yamada (Asian and Asian American Studies)

Certificate in Peace and Social Justice Studies

This certificate is designed for students who are concerned about issues of peace and social justice in contemporary society. It is founded on the principle that peace requires not only the absence of violence but also the presence of justice.

This certificate can be earned in conjunction with any baccalaureate or graduate degree, can be earned through the General Education Pathway in Conflict & Peace Studies while simultaneously meeting all general education requirements.

Requirements

Twenty-four (24) units in a program approved by the Director of Peace Studies, to include the following:

1. Core Theory Course (3 units):

Take one of the following:

I/ST 317, POSC 371

2. Core Skills Course (3 units):

Take one of the following:

COMM 411, SW 491

3. Elective Courses (15 units):

Take at least one course from each of the following groups, and one additional course from any group.

Group A: Perspectives on Peace, Conflict, Violence, and War (3 units minimum):

ANTH 305; COMM 490; CRJU 101; HIST 304, HIST 377, HIST 495; I/ST 318, I/ST 355; POSC 371, POSC 455; PHIL 351; PSY 350

Group B: Laws, Rights, Responsibilities in Peace and Conflict (3 units minimum):

COMM 441; PHIL 352, PHIL 376; POSC 412

Group C: Culture, Race, Gender Influences on Peace and Conflict (3 units minimum):

ANTH 315, ANTH 311; AFRS 325; COMM 330, 412; HIST 309; LING 470; SOC 346; HIST 490F; WGSS 401, WGSS 430

Group D: Empowerment and Peace-Building (3 units minimum):

COMM 410, COMM 421; CAFF 309 or FIN 309; EDP 434B; FEA 486; H SC 429; NRSRG 481; PSY 336; SOC 427; SW 423

4. Peace Project (3 units, optional):

Students in the Certificate program only should complete three units of an independent study project during their senior year with any Peace Studies faculty. Students who are simultaneously completing the General Education pathway in Conflict & Peace Studies need to take an additional 300- or 400-level GE course from groups A, B, C, or D above to complete the 24 required units in this Certificate.

Exceptions or substitutions may be made only with the approval of the Director of the Peace Studies Program.

PHILOSOPHY

College of Liberal Arts

Department Chair: Wayne Wright

Department Office: McIntosh Humanities Building (MHB), Rm 917

Telephone: (562) 985-4331

Website: www.csulb.edu/colleges/cla/departments/philosophy

FAX: (562) 985-7135

Email: philos@csulb.edu

Faculty: Patrick Dieveney, Alex Klein, Marcy Lascano, Lawrence Nolan, Jason Raibley, Max Rosenkrantz, Charles Wallis, Nellie Wieland, Cory Wright, Wayne Wright

Advisors:

ATLAS

Graduate: Charles Wallis

Administrative Support Coordinator: Kaz Mogi

consent of the student's departmental advisor, and may include PHIL 497H and PHIL 498H.

Pre-Law Emphasis

The pre-law emphasis requires the same minimum 36 units required for the major. Prelaw students should include at least four of the following in their course of study:

PHIL 351, PHIL 352, PHIL 363, PHIL 451, PHIL 489.

Honors in Philosophy

The Honors in Philosophy program provides qualified undergraduate philosophy majors with an opportunity to do independent research with a faculty member on a topic of interest to the student and to present the results of that study to other students in a seminar format. The Program has two curricular components:

1. a year-long, two-semester directed studies course (PHIL 498H: Undergraduate Honors Thesis) in which the student learns about advanced research techniques and writes an undergraduate thesis under the close supervision of a faculty member, and
2. a seminar (PHIL 497H: Undergraduate Honors Seminar) in which honors students meet weekly to discuss work in progress and present a final thesis. The Seminar is designed each year with readings, discussions, and critiques of student work around the themes of the honors student theses projects that year.

To be eligible for the program, students must:

- A. have a 3.5 GPA in the philosophy major and a 3.0 GPA overall;
- B. successfully complete all lower-division courses for the major (PHIL 203, PHIL 204, and PHIL 270);
- C. successfully complete at least nine (9) units of upper-division philosophy courses (at least six [6] units at CSULB);
- D. obtain written agreement from a philosophy faculty member to serve as the Honors Thesis Advisor.

Students enroll in PHIL 498H (Undergraduate Honors Thesis) in Fall and Spring (3 units each semester), and in PHIL 497H (Undergraduate Honors Seminar) in Spring (3 units), for a total of 9 units in the program. Students who have been admitted to the honors program and have successfully completed these requirements, along with the regular requirements for the Major in Philosophy, will graduate with Honors in Philosophy.

Minor in Philosophy

The minor in philosophy provides a structured yet flexible program for the student majoring in a different discipline, but who is interested in philosophy.

The Minor in Philosophy is available to any non-Philosophy major.

Requirements

A minimum of 18 units in Philosophy. No more than nine units can come from lower-division (100- and 200-levels) Philosophy courses, with only three units from the 100-level allowed. All upper-division (300- and 400-levels) Philosophy courses count toward the required 18 units.

Undergraduate Programs

Bachelor of Arts in Philosophy (120 units)

Requirements

A minimum of 36 units in philosophy divided as follows:

Lower Division:

Take all the following courses:

PHIL 203 History of Early Philosophy (3)

Prerequisite: GE Foundation requirements.

PHIL 204 History of Modern Philosophy (3)

Prerequisite: GE Foundation requirements.

PHIL 270 Symbolic Logic I (3)

Prerequisite: None

A maximum of 12 lower-division units may be counted toward the major, including either of the following:

PHIL 100 Introduction to Philosophy (3)

Prerequisites/Corequisites: Any course from GE Foundation categories A.1 (Written English), A.2. (Oral Communication) or A.3. (Critical Thinking).

PHIL 160 Introduction to Ethics (3)

Prerequisites/Corequisites: Any course from GE Foundation categories A.1 (Written English), A.2. (Oral Communication) or A.3. (Critical Thinking).

Upper Division:

A minimum of 24 units in philosophy, including at least two courses (6 units) from each of the following groups:

History of Philosophy:

PHIL 306, PHIL 307, PHIL 413, PHIL 414, PHIL 416, PHIL 418, PHIL 419, PHIL 421, PHIL 422, PHIL 423, PHIL 425, PHIL 490, PHIL 491, PHIL 492

Logic, Metaphysics, Epistemology:

PHIL 330, PHIL 342, PHIL 381, PHIL 382, PHIL 482, PHIL 483, PHIL 484, PHIL 493

Values and Evaluation:

PHIL 351, PHIL 352, PHIL 361, PHIL 363, PHIL 401, PHIL 403, PHIL 405, PHIL 451, PHIL 489, PHIL 496

The required 6 upper-division units remaining are to be selected from philosophy courses with the advice and

Graduate Programs

Master of Arts in Philosophy

The candidate must satisfy the general requirements stated in this catalog as well as the specific departmental requirements described here and more fully in the Philosophy Graduate Student Handbook (available upon request). Applicants must submit to the University's Office of Admissions and Records a graduate application (available at that office or on-line). Applicants must also submit a transcript from all colleges and universities attended to the Office of Enrollment Services. Prospective students should see the Graduate Advisor for assessment and to plan a program of study. Departmental reader positions are sometimes available for qualified persons, as are Graduate Assistantships. Application for these positions can be made to the Chair of the Philosophy Department.

Admission with Classified Status

An applicant may be admitted to the MA program in Philosophy in classified status (see the relevant sections in the Catalog under "Graduate and Post-baccalaureate Applicants") only after satisfying University requirements for admission and the following prerequisites to this degree:

1. A bachelor's degree with a minimum of 24 units of upper division philosophy courses. These courses must be comparable to those required for the BA in philosophy at this University, and must indicate proficiency in the general areas of epistemology, metaphysics, ethics, and symbolic logic. Deficiencies to be rectified will be determined by the Graduate Advisor after consultation with the student and after study of transcript records.
2. Satisfactory performance on the Department's Basic Qualifying Exam (BQE).

Admission with Conditionally Classified Status

Until students have met the requirements for classified status, they may be admitted and attend the university with conditionally classified status. Conditionally classified students who at entry to the philosophy program as a graduate student have been determined to have no deficiencies in prerequisite preparation must attempt the Basic Qualifying Exam (BQE) by the end of their second (academic year) semester in the program and pass it by the end of their third (academic year) semester in order to achieve classified status. Conditionally classified students who must rectify a deficiency must attempt the BQE by the end of their third (academic year) semester in the program and pass it by the end of their fourth (academic year) semester in order to achieve classified status. (Winter Term and Summer Session do not count as academic year semesters.)

Basic Qualifying Exam

The BQE comprises two sections (analytic, text) that assess the graduate student's philosophical foundation and knowledge. The analytic section of the BQE assesses the student's ability to extract, explain, and evaluate arguments from short passages. In reconstructing and evaluating these arguments, the student must demonstrate an understanding of basic logical concepts, such as validity, soundness, and

cogency. The text section of the BQE assesses the student's ability to read, interpret, and critically evaluate a more lengthy philosophical text. Successfully passing the text section also requires general philosophical and historical knowledge, insofar as these are relevant to the contextual understanding of the text.

Students may attempt one or both sections of the BQE on those occasions when it is administered. Normally, students must pass both parts of the BQE by their second attempt. The BQE must be passed in order for students to achieve classified status in the graduate program.

Advancement to Candidacy

Advancement to Candidacy is the next step after acquiring classified status (and cannot take place until then) and confers catalog rights to graduate students. Advancement to Candidacy also signifies approval of a plan of study by the student's department and college. The requirements for advancement, which must be achieved at least one semester prior to graduation and can only occur in a semester in which the student is enrolled, are:

1. Fulfillment of the CSULB Graduate Writing Assessment Requirement (GWAR).
2. Maintenance of a minimum 3.0 overall grade point average in all units undertaken in the philosophy program.
3. Approval of a program of study by the Graduate Advisor, which must include satisfactory performance in the proseminar, and approval by the department faculty of either a thesis proposal or a proposed set of three comprehensive examinations (see the Graduate Student Handbook for details).
4. Although there is no formal language requirement, the philosophy department may require the student to demonstrate a foreign language proficiency if a language proficiency is appropriate to the area of study.

Requirements for the Degree

1. The student's graduate program must consist of not less than 30 units of acceptable upper division and graduate courses, of which at least 24 units must be in philosophy. The remaining 6 units must be chosen in conference with the student's Faculty Advisor and Graduate Advisor and may be taken either in Philosophy or in another field of study closely related to the candidate's educational objectives. The program must include a minimum of 21 units of philosophy graduate courses, with a minimum of 9 units from the 600 series. Students must enroll in PHIL 610 in the first semester in which the course is offered after they are conditionally classified. PHIL 697 and 698 may not count toward fulfillment of the 600 series minimum requirement.
2. A thesis and oral defense thereof, or a set of three comprehensive examinations.

The Center for Medieval and Renaissance Studies

Undergraduate students can pursue a Certificate or a minor in Medieval and Renaissance Studies. Graduate students can pursue a Certificate in Medieval and Renaissance Studies. Interested students should turn to the catalog section entitled "Medieval and Renaissance Studies" and/or contact the program directors in MHB 512.

Courses (PHIL)

LOWER DIVISION

100. Introduction to Philosophy (3)

Prerequisites/Corequisites: Any course from GE Foundation categories A.1 (Written English), A.2. (Oral Communication) or A.3. (Critical Thinking).

Critical analysis of the history, methods, and major problems of philosophy.

160. Introduction to Ethics (3)

Prerequisites/Corequisites: Any course from GE Foundation categories A.1 (Written English), A.2. (Oral Communication) or A.3. (Critical Thinking).

Concepts of right and wrong, good and bad, and the application of moral principles to problems of everyday life.

Not open for credit to students with credit in PHIL 160W.

170. Critical Reasoning (3)

Prerequisite/Corequisite: GE Foundation requirements Category A.1 (Written English).

Elements of clear, straight, orderly and valid thought, including deductive and inductive reasoning and the accurate use of language. Explores practical applications of logic.

203. History of Early Western Philosophy (3)

Prerequisite: GE Foundation requirements.

From Thales to the Renaissance including the systems of Socrates, Plato and Aristotle, and their influence on European philosophy through the medieval period.

204. History of Modern Western Philosophy (3)

Prerequisite: GE Foundation requirements.

Western philosophy from Descartes to Kant, including the development of modern scientific processes, and the philosophical systems of empiricism, rationalism, transcendental idealism, etc.

270. Symbolic Logic I (3)

Introduction to the formal techniques of evaluating arguments.

Early Philosophy

- 306. Philosophies of China and Japan
- 307. Philosophies of India
- 421./521. Plato
- 422./522. Aristotle
- 490./590. Select Topics – Early Philosophy

Modern Tradition

- 413./513. Continental Rationalism
- 414./514. British Empiricism
- 423./523. Kant
- 424./524. Hegel
- 425./525. Wittgenstein
- 491./591. Selected Topics – The Modern Tradition

Twentieth Century Philosophy

- 416./516. Pragmatism
- 418./518. Existentialism
- 419./519. Analytic Philosophy
- 492./592. Selected Topics – Twentieth Century Philosophy

Metaphysical Studies

- 330. Philosophy of Religion
- 342. Metaphysics
- 483./583. Philosophical Psychology
- 493./593. Selected Topics - Metaphysical Studies

Epistemological Studies

- 381. Philosophy of Science
- 382. Theory of Knowledge
- 482. Introduction to Cognitive Science

Studies in Logic and Semantics

- 484./584. Philosophy of Language

Studies in Value and Evaluation

- 351. Political Philosophy
- 352. Philosophy of Law

- 489. Philosophy Internship/Pre-Law
- 496./596. Selected Topics – Value and Evaluation

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

306. Philosophies of China and Japan (3)

Prerequisite: GE Foundation requirements.

Historical and critical study of the philosophical thought of China and Japan.

307. Philosophies of India (3)

Prerequisite: GE Foundation requirements.

Historical and critical survey with emphasis on basic ideas and traditions.

330. Philosophy of Religion (3)

Prerequisite: GE Foundation requirements.

Nature and function of religion and of fundamental religious concepts and ideals.

342. Metaphysics (3)

Prerequisite: Three units of philosophy or consent of instructor.

Problems of ontology and cosmology including such concepts as matter and energy, time and space, evolution and causality.

351. Political Philosophy (3)

Prerequisites: Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Analysis of fundamental political concepts such as the legitimacy of government, the relation of justice to coercive power, the morality of war, political obligation, and sovereignty; and/or a study of political ideologies such as socialism, classical liberalism, and conservatism.

352. Philosophy of Law (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study of the historical development of the philosophy of law and examination of the problems in the field ranging from general theories to analysis of fundamental legal concepts and normative issues.

361. Philosophy of Art (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Discussion of central problems in aesthetics, such as possibility of objectivity in criticism, modern and traditional definitions of a work of art, truth and meaning in the fine arts, natural beauty and its relationship to excellence in music, architecture, etc.

363. Ethical Theory (3)

Prerequisite: GE Foundation requirements; 3 units of philosophy.

In-depth discussion of such issues as obligation, responsibility, social justice, and personal ideals.

381. Philosophy of Science (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Problems, methods and fundamental concepts of the sciences, including the relationships of the sciences to each other, to mathematics and to philosophy.

382. Theory of Knowledge (3)

Prerequisite: Three units of philosophy.

Investigation of such concepts as knowledge, belief, certainty. Critical study of theories concerning such issues as our knowledge of the external world, the past, other minds.

400. Business Ethics (3)

Prerequisites: GE Foundation requirements, at least one Explorations course.

Study of types of ethical dilemmas that take place in business organizations. Acquire concepts and tools needed to manage these complex value conflicts for the well being of individuals, organizations, and society.

Letter grade only (A-F). Same course as CBA 400. Not open for credit to students with credit in CBA 400.

401. Philosophy in Education (3)

Prerequisites: GE Foundation; at least a 3.0 GPA across all units attempted; at least 15 units of philosophy at the 200-level or higher with a 3.0 GPA across all units attempted in philosophy; and consent of instructor.

Examine philosophical works on education, analyze common exclusion of philosophy from K-12 curriculum, explore integration of philosophy into K-12 curriculum. Student is placed in local school district to lead weekly philosophy sessions. Service Learning.

May be repeated to a maximum of 6 units in different semesters.

403. Medical Ethics (3)

Prerequisites: GE Foundation requirements; at least one Explorations course.

Covers main areas of bioethics: reproductive rights and liberties, definitions of health, disease, and disability, end of life care,

distribution of health care, goals of health care. Philosophical texts, journal articles from medical humanities, ethics, medicine, and case studies used.

405. Philosophy in Literature (3)

Prerequisites: Students must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Intensive exploration of philosophical ideas in selected literature with special attention to both philosophical and literary ways of reading and appreciating a text.

Not open for credit to students with credit in PHIL 305.

413./513. Continental Rationalism (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of such major figures as Descartes, Spinoza and Leibniz.

414./514. British Empiricism (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of such major figures as Locke, Berkeley, and Hume.

416./516. Pragmatism (3)

Prerequisite: Three units of philosophy or consent of instructor.

Development of pragmatism as exemplified in the philosophies of Peirce, James, Dewey and Mead.

418./518. Existentialism (3)

Prerequisites: Three units of philosophy or consent of instructor.

Intensive study of such issues as self-as-existence, freedom and responsibility in their ethical, religious, political and aesthetic dimensions. Philosophers treated may include Kierkegaard, Nietzsche, Marcel, Jaspers, Sartre and Camus.

419./519. Analytic Philosophy (3)

Prerequisites: Six units of philosophy to include PHIL 270, or consent of instructor.

Analysis of major movements in development of Anglo-American philosophy in the twentieth century, such as logical atomism, logical positivism and ordinary language philosophy. Study of contributions of such philosophers as Moore, Russell, Wittgenstein, Ayer, Ryle, Austin, Strawson, and Quine.

Letter grade only (A-F).

421./521. Plato (3)

Prerequisites: Six units of philosophy to include PHIL 203, or consent of instructor.

Close study of Plato's thought, based primarily on readings from his works.

422./522. Aristotle (3)

Prerequisites: Six units of philosophy to include PHIL 203, or consent of instructor.

Close study of Aristotle's thought, based primarily on readings from his works.

423./523. Kant (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Intensive study of Kant's Critique of Pure Reason.

424./524. Hegel (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Study of Hegel's Philosophy of Mind and Logic, and selected writings by Hegel and other topics.

425./525. Wittgenstein (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of the later philosophy of Wittgenstein, centering on Philosophical Investigations.

451. Liberty and Justice: Race, Ethnicity, and Gender in American Law (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing; and 6 units of philosophy, or consent of instructor. Junior standing required; Senior standing recommended.

Philosophical and legal analysis of how liberty and justice for different races, ethnic groups and genders have been treated in American law.

455./555. Philosophical Perspectives on Sex and Love (3)

Prerequisite: Six units of philosophy or consent of instructor.

Philosophical perspectives on sex and love explores philosophical issues concerning sex, gender and love through readings and discussion of classical and contemporary philosophical sources. Topics such as sexual perversion, romantic love and gender discrimination.

Same course as WGSS 455. Not open for credit to students with credit in W/ST 455 or WGSS 455.

482. Introduction to Cognitive Science (3)

Prerequisites: GE Foundation requirements; at least one Explorations course; upper-division standing; at least six units in two areas chosen from Computer Science, Linguistics, Philosophy, and Psychology.

Introduction to cognitive science including historical development, foundational philosophical presuppositions, core topics, underlying theoretical framework, explanatory goals, different methodologies and theoretical contributions of its constitutive disciplines.

Same course as PSY 382. Not open for credit to students with credit in PSY 382.

483./583. Philosophical Psychology (3)

Prerequisites: Six units of philosophy or consent of instructor.

Nature of the mind. Psychological concepts such as intention, consciousness, action, motive, imagination, belief and purpose.

484./584. Philosophy of Language (3)

Prerequisites: Six units of philosophy or consent of instructor.

Philosophical thought about language and meaning.

489. Philosophy Internship/Pre-Law (3-6)

Prerequisites: Consent of Philosophy Department Chair; completion of a minimum of 15 upper-division units required for the Philosophy major.

Internship with private organizations and governmental agencies. Work done under the joint supervision of the program sponsor and CSULB Philosophy Pre-Law Advisor. Mid-term, final report and internship conferences are required. (Activity 9 hours)

490./590. Selected Topics - Early Philosophy (3)

Prerequisites: Six units of philosophy or consent of instructor.

Detailed and intensive study of figures, periods or issues in ancient or medieval philosophy.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

491./591. Selected Topics - Modern Tradition (3)

Prerequisites: Six units of philosophy or consent of instructor.

Detailed and intensive study of a significant philosopher or of some issue or theme of the modern (1600-1900) philosophical era.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

492./592. Selected Topics - Twentieth Century Philosophy (3)

Prerequisites: Six units of philosophy or consent of instructor.

Detailed and intensive study of a significant philosopher or of a school or movement of the twentieth century.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

493./593. Selected Topics - Metaphysical Studies (3)

Prerequisites: Six units of philosophy or consent of instructor.

Seminar study of a selected metaphysical topic. Sample topics: Time, Personal Identity, Philosophical Theology, Philosophy of Action, Process Philosophy.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

496./596. Selected Topics - Value and Evaluation (3)

Prerequisites: Six units of philosophy or consent of instructor.

Seminar study of a selected topic in value or evaluation. Sample topics: Theories of Value, Freedom and Determinism.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

497H. Undergraduate Honors Seminar (3)

Prerequisites: 1) Admission to the undergraduate Honors Program in Philosophy. 2) Undergraduate Honors Thesis (PHIL 498) or (with consent of instructor) taken concurrently.

A capstone seminar designed to prepare exceptional undergraduate majors for graduate studies in philosophy and other disciplines. Complements Undergraduate Honors Thesis (PHIL 498).

Letter grade only (A-F).

498H. Undergraduate Honors Thesis (3)

Prerequisites: Admission to the undergraduate Honors Program in Philosophy.

Directed Studies course on a topic chosen by students in consultation with their Honors Thesis Director. Students register for thesis credits both fall and spring terms. Students are also required to register for Phil 497H during the spring term.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study of special topics under supervision of a faculty member.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL**513./413. Continental Rationalism (3)**

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of such major figures as Descartes, Spinoza and Leibniz.

Letter grade only (A-F).

514./414. British Empiricism (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of such major figures as Locke, Berkeley, and Hume. Letter grade only (A-F).

516./416. Pragmatism (3)

Prerequisite: Three units of philosophy or consent of instructor.

Development of pragmatism as exemplified in the philosophies of Peirce, James, Dewey and Mead.

Letter grade only (A-F).

518./418. Existentialism (3)

Prerequisites: Three units of philosophy or consent of instructor.

Intensive study of such issues as self-as-existence, freedom and responsibility in their ethical, religious, political and aesthetic dimensions. Philosophers treated may include Kierkegaard, Nietzsche, Marcel, Jaspers, Sartre and Camus.

Letter grade only (A-F).

519./419. Analytic Philosophy (3)

Prerequisites: Six units of philosophy to include PHIL 270, or consent of instructor.

Analysis of major movements in development of Anglo-American philosophy in the twentieth century, such as logical atomism, logical positivism and ordinary language philosophy. Study of contributions of such philosophers as Moore, Russell, Wittgenstein, Ayer, Ryle, Austin, Strawson, and Quine.

Letter grade only (A-F).

521./421. Plato (3)

Prerequisites: Six units of philosophy to include PHIL 203, or consent of instructor.

Close study of Plato's thought, based primarily on readings from his works.

Letter grade only (A-F).

522./422. Aristotle (3)

Prerequisites: Six units of philosophy to include PHIL 203, or consent of instructor.

Close study of Aristotle's thought, based primarily on readings from his works.

Letter grade only (A-F).

523./423. Kant (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Intensive study of Kant's Critique of Pure Reason.

Letter grade only (A-F).

524./424. Hegel (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Study of Hegel's Philosophy of Mind and Logic, and selected writings by Hegel and other topics.

Letter grade only (A-F).

525./425. Wittgenstein (3)

Prerequisites: Six units of philosophy to include PHIL 204, or consent of instructor.

Close study of the later philosophy of Wittgenstein, centering on Philosophical Investigations.

555./455. Philosophical Perspectives on Sex and Love (3)

Prerequisites: Six units of philosophy or consent of instructor.

Philosophical perspectives on sex and love explores philosophical issues concerning sex, gender and love through readings and discussion of classical and contemporary philosophical sources. Topics such as sexual perversion, romantic love and gender discrimination are examined.

583./483. Philosophical Psychology (3)

Prerequisite: Six units of philosophy or consent of instructor.

Nature of the mind. Psychological concepts such as intention, consciousness, action, motive, imagination, belief and purpose.

Letter grade only (A-F).

584./484. Philosophy of Language (3)

Prerequisites: Six units of philosophy or consent of instructor.

Philosophical thought about language and meaning.

Letter grade only (A-F).

590./490. Selected Topics - Early Philosophy (3)

Prerequisites: Six units of philosophy or consent of instructor.

Study of figures, periods or issues in ancient or medieval philosophy.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

591./491. Selected Topics - Modern Tradition (3)

Prerequisites: Six units of philosophy or consent of instructor.

Study of a significant philosopher, or of some issue or theme of the modern (1600-1900) philosophical era.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

592./492. Selected Topics - Twentieth Century Philosophy (3)

Prerequisites: Six units of philosophy or consent of instructor.

Study of a significant philosopher or of a school or movement of twentieth century.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

593./493. Selected Topics - Metaphysical Studies (3)

Prerequisites: Six units of philosophy or consent of instructor.

Seminar study of a selected metaphysical topic.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

596./496. Selected Topics - Value and Evaluation (3)

Prerequisites: Six units of philosophy or consent of instructor.

Seminar of selected topic in value or evaluation. Sample topics: Theories of Value, Freedom and Determinism.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

599. Graduate Tutorial (1-3)

Prerequisite: Six units of Philosophy or consent of instructor.

Supervised independent study.

Seniors with a GPA of 3.0 or better may enroll with consent of department. May be repeated to a maximum of 6 units. Letter grade only (A-F).

610. Proseminar (3)

Prerequisite: Classified or Conditionally Classified Status in Philosophy

Introduction to graduate-level philosophy, with emphasis on basic level skills in analysis, research, and composition. Content varies.

Letter grade only (A-F).

620. Selected Topics - History of Philosophy (3)

Prerequisite: Consent of instructor.

Close study of selected subjects in the history of philosophy. The original language may be required.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

630. Selected Topics - Philosophy of Religion (3)

Prerequisite: PHIL 330 or consent of instructor.

Critical examination of selected issues, figures and movements.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

640. Seminar in Metaphysics (3)

Prerequisites: Graduate standing; any conditions or deficiencies levied on admission must be rectified.

Supervised research and discussion on recurrent metaphysical problems and systems on the basis of selected works.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

663. Selected Topics - Ethics (3)

Prerequisite: PHIL 363 or consent of the instructor.

Systematic examination of topics (such as human rights, pleasure) and theories (such as utilitarianism, contract theory) which are central to moral reasoning.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

680. Selected Topics - Epistemology (3)

Prerequisite: PHIL 382 or consent of instructor.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

681. Selected Topics - Philosophy of Science (3)

Current issues in the philosophy of science.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

690. Selected Topics - Current Interest in Philosophy (3)

Presentation, discussion and critical evaluation of advanced work (which may include original research of faculty and graduate students) in selected topics of current interest to professional philosophers.

Letter grade only (A-F). May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*.

697. Directed Research (1-3)

Prerequisites: Classified Status and consent of student's advisor or Graduate Advisor.

Intended for preparation of the prospectus for the thesis option or preparation and completion of comprehensive exams in Philosophy.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisites: Consent of student's advisor or graduate advisor, and advancement to candidacy.

Preparation and completion of a thesis in philosophy and oral defense thereof.

PHYSICAL THERAPY

College of Health and Human Services

Department Chair: Jody Cormack

Department Office: Engineering Technology Building, Room 130

Telephone: (562) 985-4072

Faculty: George Beneck, James Buenaventura, Joyce Campbell, Kay Cerny, Jody Cormack, Kristin De Mars, Vennila Krishnan, Olfat Mohamed, Jeff Rodrigues, Albert C. Russo, Nina Surber

Department Coordinators: Gloria Dacanay, Michelle Ramirez

Doctor of Physical Therapy

The program is designed to prepare the student for entry-level doctoral practice as a physical therapist. Graduates are employed in a variety of settings, including hospitals, rehabilitation centers and private physical therapy clinics. The Doctor of Physical Therapy program is open to all college graduates who have met prerequisite requirements and demonstrate sufficient preparation, potential for professional education and ability to perform the essential functions needed to practice as a physical therapist as determined by physical therapy faculty review of admission documents. Admission shall be granted on a competitive basis; meeting the admission requirements qualifies an individual for, but does not guarantee admission to the program.

Admission Requirements

1. Complete the university application to be admitted with graduate standing by the deadline of December 1 and complete the PTCAS application by the application deadline November 1 for summer admission the following year.
2. Submit to the university and PTCAS results of the General Aptitude Section of the Graduate Record Examination (quantitative, verbal, and analytical), taken within the past 5 years.
3. Provide PTCAS with three letters of recommendation attesting to the potential for success as a physical therapist and/or the scholarly potential of the applicant;
 - At least one letter must be from a physical therapist with whom the applicant had a professional association, and
 - One from a professor for a prerequisite course which the applicant completed.
 - If the applicant previously has been employed, the third letter should be from an employer.
 - If the applicant previously has not been employed, the third letter should be from a physical therapist with whom the applicant had a professional association.
4. Provide documentation of knowledge of physical therapy through a minimum of 100 documented hours of paid or volunteer experience under the direct supervision of a licensed physical therapist; and
5. Provide a written statement of purpose reflecting the applicant's commitment to physical therapy.
6. Meet prerequisite requirements

Prerequisites

1. Hold, or be eligible to hold, an acceptable baccalaureate degree from an institution accredited by a regional

accrediting association or have completed equivalent academic preparation as determined by an appropriate campus authority, by the end of the spring semester prior to admission to the program.

2. Have attained a grade point average of at least 3.0 (A=4.0) with at least 2.5 in the last 60 semester (90 quarter) units attempted,
3. Have been in good academic, professional, and clinical standing at the last institution and if applicable in the last entry-level physical therapist educational program attended,
4. Successfully have completed the following courses with a minimum of "C" and a minimum grade point average of 3.0 by the end of the fall semester prior to the year of admission to the program. No course may be repeated more than once and no more than 3 prerequisite courses may be repeated. CR/NC grades, correspondence courses, or independent study courses cannot be used for prerequisite requirements. Only 2 classes may be in progress during the fall semester of application and all prerequisite courses must be completed by the end of the Fall semester of application.

Natural Sciences:

Take all of the following courses:

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)

Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

PHYS 100A General Physics (4)

Prerequisite: MATH 109 or MATH 113 or MATH 119A or MATH 120 or MATH 122.

PHYS 100B General Physics (4)

Prerequisite: MATH 109 or MATH 113 or MATH 119A or MATH 120 or MATH 122; PHYS 100A.

Biological Sciences:

Take all of the following courses:

BIOL 208 Human anatomy (4)

Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

BIOL 211 Introduction to Evolution and Diversity (4)

Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

BIOL 212 Introduction to Cell and Molecular Biology (4)

Prerequisites: Completion of BIOL 211 and CHEM 111A with grades of "C" or better.

Prerequisite/Corequisite: CHEM 111B

Take either the following courses:

BIOL 207 Human Physiology (4)

Prerequisites: GE Foundation requirements.

or

BIOL 213 Introduction to Ecology and Physiology (4)

Prerequisites: BIOL 211, BIOL 212, CHEM 111B, each with a grade of "C" or better.

Biostatistics:

Take the following:

BIOL 260 Biostatistics (3) (preferred)

Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or MATH 113 or MATH 119A or MATH 122 all with a grade of "C" or better.

Behavioral Sciences:

Take the following:

PSY 100 General Psychology (3)

Prerequisite/Corequisite: GE A1 requirement.

Admission shall be granted on a competitive basis; meeting the admission requirements qualifies an individual for, but does not guarantee admission to the program.

Retention

1. Maintain a 3.0 or better grade point average in all graduate work completed.
2. Make continuous satisfactory progress toward the degree objective.

Advancement to Candidacy

1. Satisfy the general University requirements for advancement to candidacy.
2. Obtain classified status.
3. Have earned a minimum 3.0 grade-point average in all program graduate work as well as a minimum overall 3.0 in all graduate work attempted.
4. Fulfill the Graduation Writing Assessment Requirement (GWAR) by scoring 11 or higher on the Writing Proficiency Exam (WPE) or earning a score of 4.0 on the Analytical Writing Component of the GRE.
5. Complete a minimum of one semester (fall session) of graduate level coursework in the program.
6. Be enrolled during the term in which advancement to candidacy takes place.
7. Obtain approval for one's individual program plan from the Graduate Advisor and then from the Associate Dean of the College of Health and Human Services.

Qualifying Assessment

1. Successfully complete the Doctoral Project Proposal Paper and Oral Presentation.
2. Earn good standing in the clinical education program (beginner status on Clinical Performance Instrument [CPI] for DPT 781).
3. Demonstrate adherence to the essential physical, emotional and professional practice expectations of a physical therapist in the classroom and clinic (entry level on CPI skills 1 and 2 for DPT 781, acceptable practice in DPT 731, DPT 733 and DPT 741)

Requirements for Clinical Coursework

Criminal background check, health insurance, titers and immunizations, medical clearance, malpractice insurance, CPR certification (lifesaving course with lab), and adhering to the department essential functions are required for clinical coursework.

Admittance to Terminal Clinical Internships

Successfully complete Didactic Curriculum

Degree Requirements

The Doctor of Physical Therapy degree program is a 114-unit, three year, full-time cohort program including summer sessions that includes terminal internship of 12 units.

Core:

Take all of the following courses:

DPT 701A Anatomy for Physical Therapy I (2)
Prerequisites: Admission to DPT program.

DPT 701B Anatomy for Physical Therapy II (2)
Prerequisite: DPT 701A.

DPT 701C Anatomy for Physical Therapy III (2)
Prerequisite: DPT 701B.

DPT 703 Neuroanatomy (3)
Prerequisite: DPT 701A. Corequisite: DPT 701B.

DPT 704 Tissue Mechanics (2)
Corequisite: DPT 701A.

DPT 705 Biomechanical Principles (3)
Prerequisite(s): DPT 701A, DPT 701B
Corequisite(s): DPT 701C.

DPT 706 Physiology for Therapists (6)
Prerequisite: Admission to the DPT program.

DPT 707 Physical Therapy across the Life Span (2)
Prerequisite(s): DPT 701A and DPT 701B
Corequisite(s): DPT 701C.

DPT 708 Motor learning and Motor Control (2)
Prerequisite: Admission to DPT program.

DPT 709 Exercise Science for Physical Therapy (3)
Prerequisite(s): DPT 701A, DPT 701B, DPT 701C, DPT 704, DPT 706.

DPT 710 Pathology for Physical Therapy (3)
Prerequisite: Admission to DPT program.

DPT 720 Professional Interactions (3)
Prerequisite: Admission to DPT program.

DPT 721 Professional Practice Issues (2)
Prerequisite: DPT 720.

DPT 722 Critical Thinking for Physical Therapy (1)
Prerequisites: DPT 720, DPT 721.

DPT 731 Physical Therapy Principles of Acute Care (2)
Prerequisite(s): DPT 701A, DPT 701B, DPT 701C, DPT 703.

DPT 732 Examination of Individuals with Musculoskeletal Disorders (3)
Prerequisite: DPT 705.

DPT 733 Interventions for Individuals with Musculoskeletal Disorders (4)
Prerequisites: DPT 705, DPT 732.

DPT 734 Advanced Management of Individuals with Musculoskeletal Disorders (2)
Prerequisites: DPT 705, DPT 732, DPT 733.

DPT 735 Normal and Pathological Gait (2)
Prerequisite: DPT 705.

DPT 736 Management of Individuals with Orthotic and Prosthetic Needs (2)
Prerequisites: DPT 732, DPT 735.

DPT 740 Evaluation of Individuals with Neuromuscular Disorders (2)
Prerequisite: DPT 703.

DPT 741 Intervention for Individuals with Neuromuscular Disorders I (3)
Prerequisites: DPT 740. Corequisite: DPT 782.

- DPT 742 Intervention for Individuals with Neuromuscular Disorders II (1)
Prerequisites: DPT 740, DPT 741.
- DPT 743 Electroneuromyographic Management I (2)
Prerequisite(s): DPT 701C and DPT 703.
- DPT 744 Electroneuromyographic Management II (2)
Prerequisite: DPT 743.
- DPT 745 Management of the Pediatric Population (2)
Prerequisites: DPT 707, DPT 740.
- DPT 746 Advanced Management of Individuals with Neuromuscular Disorders (1)
Prerequisites: DPT 740, DPT 741, DPT 742.
- DPT 750 Imaging for Physical Therapists (2)
Prerequisites: DPT 710, DPT 732.
- DPT 751 Pharmacology for Physical Therapists (2)
Prerequisite: Admission to DPT program.
- DPT 752 Differential Diagnosis for Physical Therapists (2)
Prerequisites: DPT 743, DPT 750, DPT 751.
- DPT 760 Management of Individuals with Cardiopulmonary Disorders (3)
Prerequisites: DPT 706, DPT 709.
- DPT 765 Management of Individuals with Integumentary Disorders (2)
Prerequisites: DPT 710.
- DPT 767 Management of the Geriatric Population (2)
Prerequisites: DPT 733, DPT 734, DPT 741, DPT 760.
- DPT 768 Clinical Pathophysiology (3)
Prerequisites: DPT 707, DPT 710, DPT 731, DPT 750, DPT 751, DPT 752.
- DPT 769 Advanced Management of Individuals with Cardiopulmonary Disorders (1)
Prerequisite: DPT 760.
- DPT 770 Health Care Delivery I (2)
Prerequisites: DPT 721, DPT 722.
- DPT 771 Health Care Delivery II (2)
Prerequisite: DPT 770.
- DPT 780A Orthopedic Integrated Clinical Experience I (1)
Prerequisite: DPT 732.
- DPT 780B Orthopedic Integrated Clinical Experience II (1)
Prerequisite: DPT 732, DPT 733, DPT 734.
- DPT 781 Full Time Clinical Experience I (3)
Prerequisites: DPT 731, DPT 732, DPT 735, DPT 740.
- DPT 782 Neurological Integrated Clinical Experience I (1)
Prerequisite: DPT 740. Corequisite: DPT 741.
- DPT 783 Neurological Integrated Clinical Experience II (1)
Prerequisite: DPT 782.
- DPT 784 Full Time Clinical Experience II(3)
Prerequisites: DPT 733, DPT 734, DPT 741, DPT 760, DPT 781.
- DPT 791 Current Trends in Physical Therapy (1)
Prerequisite: Admission to DPT program or consent of instructor.
- DPT 796 Research Methods (2)
Prerequisite: Admission to DPT program.
- Take a total of 6 units of each of the following:
DPT 785 Clinical Internship I (6)
Prerequisites: DPT 752, DPT 781, DPT 784.
DPT 786 Clinical Internship II (6)
Prerequisites: DPT 781, DPT 784, DPT 785.
- Take a total of 4 units of the following:
DPT 797 Doctoral Project (1-4)
Prerequisite: DPT 796.

Physical Therapy Courses (P T)

501. Musculoskeletal and Biomechanical Principles (4)

Prerequisites: HHS 401, HHS 402, HHS 403.

Advanced study of joint mechanics and pathomechanics with application to therapeutic procedures, posture and movement of the limbs, temporomandibular joint, neck and trunk. Includes normal gait.

Letter grade only (A-F). (Lecture/discussion 3 hours, laboratory 3 hours)

502. Pathological Gait (1)

Prerequisite: PT 501

Kinetics and kinematics of pathological gait with application to persons with gait disability. Emphasis is on gait analysis and problem solving causes of deviations.

Letter grade only (A-F). (Laboratory 3 hours)

503. Management of Individuals with Musculoskeletal Disorders I (3)

Prerequisite: PT 501.

Physical therapy evaluative process for patient/clients with musculoskeletal disorders including examination, evaluation, diagnosis, prognosis, including anticipated goals, expected outcomes, criteria for discharge and reexamination.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

504. Management of Individuals with Musculoskeletal Disorders II (4)

Prerequisites: PT 501, PT 503.

The interventions for individuals with disorders of the musculoskeletal system including exercise prescription, strengthening regimens, effects of disuse, life sequence, wellness and prevention, theories of pain and pain management and selected preferred practice patterns provided by physical therapists.

Letter grade only (A-F). (Lecture/discussion 3 hours, laboratory 3 hours)

505. Management of Human Growth and Development (2)

Prerequisites: HHS 401, HHS 460.

Investigation and analysis of human development across the lifespan with emphasis on body systems contributing to the development of movement. Also addresses health risks, preventive strategies and wellness, including gender issues.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

506. Exercise Physiology for Physical Therapy (2)

Prerequisites: BIOL 341, BIOL 441; HHS 401, HHS 460, HHS 471.

Study of systems critical for patient management that are challenged and altered by exercise in health and pathology. Includes exercise measurement, test design, equipment, and pharmacology of exercise.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

507. Examination of Individuals with Neuromuscular Disorders (2)

Prerequisite: HHS 460.

Physical therapist evaluative process for patient/clients with neuromuscular disorders. Includes examination (task and movement analysis, tests and measures for body structure and function, activity, and participation), evaluation, diagnosis, prognosis, anticipated goals, expected outcomes, re-examination, and criteria for discharge.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

508. Management of the Pediatric Population (2)

Prerequisites: PT 505, PT 507.

Physical therapy management of the pediatric patient/client with neuromusculoskeletal disorders. Includes examination, evaluation, diagnosis, prognosis and intervention (with anticipated goals) including reexamination, outcomes and criteria for discharge. Includes pathophysiology, clinical decision making, and prevention/risk factor reduction.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

509. Management of the Cardiopulmonary System (3)

Prerequisites: BIOL 341, BIOL 441; PT 505, PT 506.

Physical therapy management of patient/clients with cardiopulmonary disorders including: examination, evaluation, diagnosis, prognosis and intervention (with anticipated goals) including reexamination, outcomes and criteria for discharge. Includes prevention/risk factor reduction.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours) Course fee may be required.

510. Patient Management and Functional Training (2)

Prerequisites: HHS 401, HHS 402 and admittance to MPT program.

Patient/client management with emphasis on assistive and adaptive devices and physical agents, self care and home management (including activities of daily living and instrumental activities of daily living) and wound management. May include lectures from medical and physical therapy practitioners.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

511. Management of the Geriatric Population (3)

Prerequisites: PT 503, PT 504, PT 505, PT 507.

Physical therapy management of the geriatric patient/client including examination, evaluation, diagnosis, prognosis and intervention (with anticipated goals), including reexamination, outcomes and criteria for discharge. Includes prevention/risk factor reduction.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours) Course fee may be required.

512. Clinical Electrophysiology I (3)

Prerequisites: BIOL 341; HHS 402, HHS 460.

Investigation of the physiological and neurological basis for the selection of electromyographic assessment tools and for the selection of electrotherapeutic intervention in the management of the patient/client with pain, deformity, muscle weakness and disorders of the peripheral nervous system.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours) Course fee may be required.

513. Clinical Electrophysiology II (2)

Prerequisites: PT 512.

Investigation of the physiological and neurological basis for the selection of electromyographic assessment tools and electrotherapeutic intervention in the management of the patient/client with disorders of the central nervous system and mixed peripheral and central nervous systems.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours) Course fee may be required.

515. Management of Individuals with Neuromuscular Disorders (2)

Prerequisite: PT 507.

Corequisite: PT 523.

Evidence-based physical therapist interventions for patients/clients with disorders of the neuromuscular system including movement facilitation, education, and prevention/risk factor reduction.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

522. Clinical Practice I (1)

Prerequisites: PT 503, PT 507, PT 509, PT 510

Six weeks of supervised full-time clinical practice in the acute care or outpatient orthopedic setting. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit grading only. May be repeated to a maximum of 2 units in different semesters. (Clinical Practice 6 weeks) Course fee may be required.

523. Clinical Practice II (1)

Prerequisite: PT 522.

Corequisite: PT 515.

Supervised pro bono clinical practice for management of the client with disorders of the neuromuscular system. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit grading only. (Clinic 1 hour) Course fee may be required.

524. Clinical Practice III (1)

Prerequisites: PT 507, PT 515, PT 523.

Corequisite: PT 608.

Supervised advanced pro-bono clinical practice for management of the client with disorders of the neuromuscular system. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education. Focus on problem solving and decision making.

Credit/No Credit grading only. (Clinic 1 hour) Course fee may be required.

525. Clinical Internship I (3)

Prerequisites: Completion of all requirements for the MPT degree.

Six weeks of supervised full-time inpatient or outpatient clinical practice in a hospital system. Satisfactory completion of the internship is required for licensure to practice in the state of California.

Credit/No Credit grading only. (Clinical internship 6 weeks) May be repeated to a maximum of 6 units in the same semester. The combination of PT 525, PT 526, and PT 527 must equal a minimum of 12 units. Course fee may be required.

526. Clinical Internship II (3)

Prerequisites: Completion of all requirements for the MPT degree.

Six weeks of supervised full-time inpatient or outpatient rehabilitation with pediatric, geriatric, or adult neurology patients. Satisfactory completion of the internship is required for licensure to practice in the state of California.

Credit/No Credit grading only. (Clinical internship 6 weeks) May be repeated to a maximum of 6 units in the same semester. The combination of PT 525, PT 526, and PT 527 must equal a minimum of 12 units.

527. Clinical Internship III (3)

Prerequisites: Completion of all requirements for the MPT degree.

Six weeks of supervised full-time patient management in an outpatient orthopedic setting. Satisfactory completion of the internship is required for licensure to practice in the state of California.

Credit/No Credit grading only. (Clinical internship 6 weeks) May be repeated to a maximum of 6 units in the same semester. The combination of PT 525, PT 526, and PT 527 must equal a minimum of 12 units.

574. Professional Practice Issues (2)

Prerequisites: HHS 374

Professional practice issues including evidence-based practice, the critical analysis of evidence, and cultural competence. Also the role of the physical therapist in facilitation of health care behavior change and educating patients and community.

Letter grade only (A-F). (Lecture/Discussion 2 hours)

590. Selected Topics in Physical Therapy (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in physical therapy selected for special presentation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same or different semesters. Topics announced in the *Schedule of Classes*.

597. Independent Studies (1-3)

Prerequisites: Consent of instructor, and for human dissection, one general introductory anatomy course, HHS 401 and HHS 402.

Independent studies in any area of physical therapy. Human dissection is available as a special study.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (Independent studies)

604. Health Care Issues I (2)

Prerequisite: Admittance to MPT program.

Investigation of the health care delivery system including the regulatory, political, ethical, legal and promotional aspects of health care.

Letter grade only (A-F). (Lecture/discussion 2 hours)

605. Health Care Issues II (2)

Prerequisite: Admittance to MPT program.

Investigation and discussion of the process of planned direction, organization, management, and economics of physical therapy and physical therapy delivery. Includes theories of disease prevention and health promotion.

Letter grade only (A-F). (Lecture/discussion 2 hours)

607. Seminar in Cardiopulmonary Clinical Decision Making (1)

Prerequisites: PT 509.

Continuing management of patient/client with disorders of cardiopulmonary system. Integrates disorders of cardiopulmonary system with other disorders that may impact cardiopulmonary health. Includes examination, evaluation, intervention, advocacy, and caregiver education.

Letter grade only (A-F). (Seminar 1 hour)

608. Neurologic Clinical Decision Making (1)

Prerequisite: PT 507.

Continuing management of the client with disorders of the neuromuscular system. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit grading only. (Clinic 1 hour)

611. Advances in Orthopaedic Physical Therapy (2)

Prerequisites: PT 503, PT 504; MPT major or physical therapist.

Exploration of advanced clinical orthopedic management strategies.

Letter grade only (A-F). (Lecture 1 hour, laboratory 3 hours)

620. Management of Patients with Orthotic and Prosthetic Needs (2)

Prerequisites: PT 502, PT 503.

The prescription, application, and fabrication of devices and equipment (orthotic, prosthetic, supportive splinting, and taping).

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours) Course fee may be required.

622. Clinical Pathophysiology (3)

Prerequisites: PT 504, PT 505, PT 507, PT 509, PT 510, PT 513.

Pathophysiology of connective tissue in musculoskeletal, neuromuscular, cardiopulmonary and integumentary disorders as a basis for physical therapy evaluation, diagnosis, goal setting and conservative as well as pre and post-operative intervention in patients with multiple systemic disorders.

Letter grade only (A-F). (Lecture/discussion 3 hours)

674. Clinical Problem Solving (1)

Prerequisite: PT 574.

Critical thinking models and activities to promote problem solving and decision making in the physical therapy setting.

Letter grade only (A-F). (Lecture/discussion)

696. Research Methods (2)

Prerequisite: Admittance to MPT program.

Scientific inquiry with emphasis on information searching, research design (qualitative and quantitative), and applied statistics. Also includes critical inquiry and clinical decision-making guidelines, research ethics, and the development of a proposal on the validation of physical therapy practice.

Letter grade only (A-F). (Lecture/discussion 2 hours)

697. Directed Research Studies (1-4)

Prerequisites: PT 574, PT 696, advancement to candidacy and consent of instructor.

Research in an area of specialization in physical therapy under the direction of a faculty sponsor.

Letter grade only (A-F). Must be completed for a total of 4 units. Course fee may be required.

698. Research Thesis/Project (1-4)

Prerequisites: PT 574, PT 696, advancement to candidacy and consent of instructor.

Planning, preparation, and completion of thesis or project in physical therapy.

Letter grade only (A-F). Must be completed for a total of 4 units.

Doctor of Physical Therapy Courses (DPT)

701A. Anatomy for Physical Therapy I (2)

Prerequisites: Admission to DPT program.

Course Description: Advanced study of the structure and function of the neuromusculoskeletal systems including surface contour, myology, joint structure, and neurovascular supply. Regional emphasis concentrates on the upper extremity.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)
Not open to students with credit in DPT 701A.

701B. Anatomy for Physical Therapy II (2)

Prerequisite: DPT 701A.

Advanced study of the structure and function of the neuromusculoskeletal systems including surface contour, myology, joint structure, and neurovascular supply. Regional emphasis concentrates on the lower extremity.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)
Not open to students with credit in DPT 701B.

701C. Anatomy for Physical Therapy III (2)

Prerequisite: DPT 701B.

Continuation of DPT 701A and DPT 701B. Advanced study of the structure and function of the neuromusculoskeletal systems with emphasis on surface contour, myology, joint structure, and neurovascular supply. Regional emphasis concentrates on the head, neck and trunk.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

703. Neuroanatomy (3)

Prerequisite: DPT 701A.

Corequisite: DPT 701B.

Human neuroanatomy with emphasis on the structure and function of the central nervous system, and connecting peripheral pathways for human function and movement. Neuroanatomical and vascular lesions will be discussed with emphasis on differential diagnosis and neuropathology.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

704. Tissue Mechanics (2)

Corequisite: DPT 701A.

Advanced study of tissue (bone, muscle, dense fibrous connective tissue, cartilage, nerve) mechanics and pathomechanics including use and disuse with application to joint mechanics.

Letter grade only (A-F). (Lecture/discussion 2 hours)

705. Biomechanical Principles (3)

Prerequisite(s): DPT 701A, DPT 701B

Corequisite(s): DPT 701C.

Advanced study of joint mechanics and pathomechanics with application to therapeutic procedures, posture and movement of the limbs, temporomandibular joint, neck and trunk.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

706. Physiology for Therapists (6)

Prerequisite: Admission to the DPT program.

Advanced study of the mechanisms of function of the organ systems of the human body and the contribution of these systems to organismal homeostasis. Systems studied include the nervous, endocrine, musculoskeletal, sensory, cardiovascular, respiratory and renal.

Letter grade only (A-F). (Lecture/discussion 6 hours)

707. Physical Therapy Across the Life Span (2)

Prerequisite(s): DPT 701A and DPT 701B

Corequisite(s): DPT 701C.

Investigation and analysis of human development across the lifespan with emphasis on body systems contributing to the development of movement. Also addresses health risks, preventive strategies and wellness, including gender issues.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

708. Motor Learning and Motor Control (2)

Prerequisite: Admission to DPT program.

Theories and models of motor control and mechanisms underlying plasticity related to functional movement across the lifespan. Theories and models of normal and impaired motor learning (implicit and explicit), including application of concepts to feedback and practice in physical therapy.

Letter grade only (A-F). (Lecture/discussion 2 hours)

709. Exercise Science for Physical Therapy (3)

Prerequisite(s): DPT 701A, DPT 701B, DPT 701C, DPT 704, DPT 706.

Study of systems challenged and altered by exercise in health and pathology. Includes exercise measurement, exercise prescription and intervention and strength and conditioning preparation.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

710. Pathology for Physical Therapy (3)

Prerequisite: Admission to DPT program.

Advanced study of abnormal function as a result of disease. Includes general pathology and selected systems pathology, encompassing cardiovascular, pulmonary, musculoskeletal, peripheral and central nervous systems, and integumentary systems.

Letter grade only (A-F). (Lecture/discussion 3 hours)

720. Professional Interactions (3)

Prerequisite: Admission to DPT program.

Self-awareness of how personality, learning preferences, and personal values affect professional interactions. Includes effective communication, conflict resolution, and eliciting patient values and goals. Also, communicating with patients who have experienced disability, sexual dysfunction, or issues with coping or dying.

Letter grade only (A-F). (Lecture/discussion 3 hours)

721. Professional Practice Issues (2)

Prerequisite: DPT 720.

Focus on professionalism and professional values including evidence-based practice, the critical analysis of evidence, and cultural competence. Also the role of the physical therapist in facilitation of health care behavior change and educating patients and the community.

Letter grade only (A-F). (Lecture/discussion 2 hours)

722. Critical Thinking for Physical Therapy (1)

Prerequisites: DPT 720, DPT 721.

Critical thinking models and activities to promote problem solving and decision making in the physical therapy setting.

Letter grade only (A-F). (Lecture/discussion 1 hour)

731. Physical Therapy Principles of Acute Care (2)

Prerequisite(s): DPT 701A, DPT 701B, DPT 701C, DPT 703.

Patient management in the acute care setting with emphasis on interpretation of laboratory values and physiological monitoring as the basis for functional training and use of assistive devices. Includes physical agents and introduction to wheelchair seating and positioning.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

732. Examination of Individuals with Musculoskeletal Disorders (3)

Prerequisite: DPT 705.

Physical therapist examination and evaluation for individuals with musculoskeletal disorders. Includes examination (history, screening, tests and measures), evaluation, diagnosis, prognosis, anticipated goals, expected outcomes, re-examination, and criteria for discharge.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

733. Interventions for Individuals with Musculoskeletal Disorders (4)

Prerequisites: DPT 705, DPT 732.

Plan of care for the individual with musculoskeletal system disorders that is safe, effective and patient centered. Includes monitoring and adjusting plan of care, patient education, documentation, and use of supportive personnel.

Letter grade only (A-F). (Lecture/discussion 3 hours, laboratory 3 hours)

734. Advanced Management of Individuals with Musculoskeletal Disorders (2)

Prerequisites: DPT 705, DPT 732, DPT 733.

Physical therapist management of individuals with musculoskeletal disorders. Includes examination, evaluation, diagnosis, prognosis, expected outcomes, re-examination, and criteria for discharge. Includes safe, patient-centered plan of care, patient education, documentation, and use of supportive personnel.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

735. Normal and Pathological Gait (2)

Prerequisite: DPT 705.

Kinematics and kinetics of normal and pathological gait with emphasis on critical analysis of gait deviations and their causes in preparation for intervention.

Letter grade only (A-F). (Lecture 1 hour, laboratory 3 hours)

736. Management of Individuals with Orthotic and Prosthetic needs (2)

Prerequisites: DPT 732, DPT 735.

The prescription, application, and fabrication of devices and equipment (orthotic, prosthetic, supportive splinting, and taping).

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

740. Evaluation of Individuals with Neuromuscular Disorders (2)

Prerequisite: DPT 703.

Physical therapist examination and evaluation for individuals with neuromuscular disorders. Includes examination (task and movement analysis, tests and measures for body structure and function, activity, and participation) evaluation, diagnosis, prognosis, anticipated goals, expected outcomes, re-examination, and criteria for discharge.

Letter grade only (A-F). (Lecture 1 hour, laboratory 3 hours)

741. Intervention for Individuals with Neuromuscular Disorders I (3)

Prerequisites: DPT 740.

Corequisite: DPT 782.

Intervention for individuals with disorders of the central neuromuscular system. Planning and implementation of plan of care that is safe, effective and patient centered; monitoring and adjusting plan of care; patient education; documentation; use of supportive personnel.

Letter grade only (A-F). (Lecture 1 hour, laboratory 3 hours)

742. Intervention for Individuals with Neuromuscular Disorders II (1)

Prerequisites: DPT 740, DPT 741.

Intervention for individuals with disorders of the spinal cord and peripheral nerves. Planning and implementation of plan of care that is safe, effective and patient centered; monitoring and adjusting plan of care; patient education; documentation; use of supportive personnel.

Letter grade only (A-F). (Laboratory 3 hours)

743. Electroneuromyographic Management I (2)

Prerequisite(s): DPT 701C and DPT 703.

Physiological and neurological basis for the selection of electroneuromyographic [ENMG] assessment and intervention in the management of neuromusculoskeletal and peripheral nerve disorders.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

744. Electroneuromyographic Management II (2)

Prerequisite: DPT 743.

Physiological and neurological basis for the selection of electroneuromyographic [ENMG] assessment and intervention in the management of central nervous system and mixed central and peripheral nervous system disorders.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

745. Management of the Pediatric Population (2)

Prerequisites: DPT 707, DPT 740.

Physical therapist management of the pediatric individual with neuromusculoskeletal disorders. Includes examination, evaluation, diagnosis, prognosis, expected outcomes, re-examination, and criteria for discharge. Includes safe, patient-centered plan of care, patient education, documentation, and use of supportive personnel.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

746. Advanced Management of Individuals with Neuromuscular Disorders (1)

Prerequisites: DPT 740, DPT 741, DPT 742.

Physical therapist advanced management of individuals with complex neurologic disorders. Integrates and advances knowledge and skills related to evaluation and intervention. Includes community re-integration, home assessment, and management of the complex patient.

Letter grade only (A-F). (Lecture/discussion 1 hour)

750. Imaging for Physical Therapists (2)

Prerequisites: DPT 710, DPT 732.

Knowledge and skills of radiology and imaging necessary for a comprehensive evaluation to design a rehabilitation program. Includes roentgenograms, dynamic and static MRI, CT, scintillography, PET, ultrasound, bone densitometry, and radioisotopes.

Letter grade only (A-F). (Lecture/discussion 2 hours)

751. Pharmacology for Physical Therapists (2)

Prerequisite: Admission to DPT program.

Study of the method of action, indications, contraindications and side effects of drugs commonly used by patients seen in physical therapy. Includes knowledge and skills necessary to perform a comprehensive evaluation necessary to design a rehabilitation program.

Letter grade only (A-F). (Lecture/Discussion 2 hours)

752. Differential Diagnosis for Physical Therapists (2)

Prerequisites: DPT 743, DPT 750, DPT 751.

Anatomical and physiological basis for patient screening to determine if referral to a medical doctor is required in the event that a medical condition supersedes or mimics a condition requiring physical therapy intervention.

Letter grade only (A-F). (Lecture/discussion 2 hours)

760. Management of Individuals with Cardiopulmonary Disorders (3)

Prerequisites: DPT 706, DPT 709.

Physical therapist management of individuals with cardiovascular and pulmonary disorders. Includes examination, evaluation, diagnosis, prognosis, expected outcomes, and criteria for re-examination and discharge. Includes safe, patient-centered plan of care, patient education, documentation and use of supportive personnel.

Letter grade only (A-F). (Lecture/discussion 2 hours, laboratory 3 hours)

765. Management of Individuals with Integumentary Disorders (2)

Prerequisites: DPT 710.

Physical Therapy management of individuals with integumentary (skin) disorders including examination, evaluation, diagnosis, prognosis, intervention, re-examination and criteria for discharge.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

767. Management of the Geriatric Population (2)

Prerequisites: DPT 733, DPT 734, DPT 741, DPT 760.

Physical therapy management of the geriatric patient/client including examination, evaluation, diagnosis, prognosis and intervention with anticipated goals, expected outcomes, criteria for discharge and re-examination.

Letter grade only (A-F). (Lecture/discussion 1 hour, laboratory 3 hours)

768. Clinical Pathophysiology (3)

Prerequisites: DPT 707, DPT 710, DPT 731, DPT 750, DPT 751, DPT 752.

Pathophysiology of connective tissue in musculoskeletal, neuromuscular, cardiopulmonary and integumentary disorders as a basis for physical therapy evaluation, diagnosis, goal setting and conservative as well as pre and post-operative intervention in patients with multiple systemic disorders.

Letter grade only (A-F). (Lecture/discussion 3 hours)

769. Advanced Management of Individuals with Cardiopulmonary Disorders (1)

Prerequisite: DPT 760.

Advanced management of individuals with cardiovascular and pulmonary disorders. Includes integration of cardiovascular and pulmonary disorders with other disorders commonly treated by physical therapists.

Letter grade only (A-F). (Lecture/discussion 1 hour)

770. Health Care Delivery I (2)

Prerequisites: DPT 721, DPT 722.

Investigation of the health care delivery system including the legal, regulatory, political, ethical and professional duties of Physical Therapists. Includes laws and regulations governing compliant human management and environmental safety.

Letter grade only (A-F). (Lecture/discussion 2 hours)

771. Health Care Delivery II (2)

Prerequisite: DPT 770.

Investigation of the process of planned direction, organizational theory and management, and economics and fiscal management of physical therapy delivery including marketing and promotion.

Letter grade only (A-F). (Lecture/discussion 2 hours)

780A. Orthopedic Integrated Clinical Experience I (1)

Prerequisite: DPT 732.

Supervised clinical practice for management of the client with disorders of the musculoskeletal system. Includes examination, evaluation, intervention, written and verbal communication, advocacy, and client/family caregiver education.

Letter grade only (A-F). (Clinic 1 hour)

May be repeated in different semesters to a maximum of 2 units.

780B. Orthopedic Integrated Clinical Experience II (1)

Prerequisites: DPT 732, DPT 733, DPT 734.

Supervised clinical practice for management of the client with disorders of the musculoskeletal system. Includes examination, evaluation, intervention, written and verbal communication, advocacy, and client/family caregiver education.

Letter grade only (A-F). (Clinic 1 hour)

May be repeated in a different semester to a maximum of 2 units.

781. Full Time Clinical Experience I (3)

Prerequisites: DPT 731, DPT 732, DPT 735, DPT 740.

Six weeks of supervised full-time clinical practice in the acute care or outpatient physical therapy setting. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit grading only. May be repeated in different semesters to a maximum of 6 units in different semesters. (Clinical Practice 6 weeks)

782. Neurological Integrated Clinical Experience I (1)

Prerequisite: DPT 740.

Corequisite: DPT 741.

Supervised pro bono clinical practice for management of the client with disorders of the neuromusculoskeletal systems. Includes

examination, evaluation, intervention, advocacy, and client/family caregiver education.

Grading: Letter grade only (A-F). May be repeated in different semesters to a maximum of 2 units. (Clinic 1 hour)

783. Neurological Integrated Clinical Experience II (1)

Prerequisite: DPT 782.

Supervised advanced pro bono clinical practice for management of the client with disorders of the neuromusculoskeletal systems. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education. Focus on problem solving and decision making.

Letter grade only (A-F). May be repeated in different semesters to a maximum of 2 units. (Clinic 1 hour)

784. Full Time Clinical Experience II (3)

Prerequisites: DPT 733, DPT 734, DPT 741, DPT 760, DPT 781.

Six weeks of supervised full-time clinical practice in an inpatient or outpatient physical therapy setting. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit Grading only. May be repeated in different semesters to a maximum of 12 units. (Clinical Practice 6 weeks)

785. Clinical Internship I (6)

Prerequisites: DPT 752, DPT 781, DPT 784.

Six weeks of supervised full-time clinical practice in an inpatient or outpatient physical therapy setting. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education.

Credit/No Credit Grading only. May be repeated to a maximum of 12 units in the same semester. (Clinical Practice 6 weeks)

786. Clinical Internship II (6)

Prerequisites: DPT 781, DPT 784, DPT 785.

Six weeks of supervised full-time clinical practice in an inpatient or outpatient physical therapy setting. Includes examination, evaluation, intervention, advocacy, and client/family caregiver education. Setting will be different from DPT 785 internship.

Credit/No Credit Grading only. May be repeated to a maximum of 12 units in the same semesters. (Clinical Practice 6 weeks)

790. Selected Topics in Physical Therapy (1-3)

Prerequisite: Admission to DPT program or consent of instructor.

Topics of current interest in physical therapy selected for special presentation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

791. Current Trends in Physical Therapy (1)

Prerequisite: Admission to DPT program or consent of instructor.

Current trends in physical therapy selected for special presentation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Practice trend announced in the *Schedule of Classes*.

796. Research Methods (2)

Prerequisite: Admission to DPT program.

Scientific inquiry with emphasis on information searching. Includes epidemiology, research design, measurement theory, applied statistics, critical inquiry and clinical decision-making guidelines, research ethics, and the examination of research intended to validate physical therapy practice.

Letter grade only (A-F). (Lecture/discussion 2 hours)

797. Doctoral Project (1-4)

Prerequisite: DPT 796.

Research in an area of specialization in physical therapy under the direction of a faculty sponsor.

Letter grade only (A-F). A total of 4 units must be completed. May be repeated to a maximum of 4 units in different semesters.

PHYSICS AND ASTRONOMY

College of Natural Sciences and Mathematics

Department Chair: Chuhee Kwon

Department Office: Hall of Science (HSCI) 220
Telephone / FAX: (562) 985-4925 / (562) 985-7924
Website: www.csulb.edu/depts/physics/

Faculty: M. Zahur Anwar (Emeritus), Andreas Bill, Thomas Gredig, Jiyeong Gu, Paul Hintzen, Zvonimir Hlousek, Prashanth Jaikumar, Patrick F. Kenealy (Emeritus), Chuhee Kwon, Alfred F. Leung (Emeritus), Zoltan Papp, Michael Peterson, Galen T. Pickett, Subhash Rajpoot

Advisors:

Undergraduate: Galen T. Pickett
Credential: James Kisiel, Tim Williamson
Graduate: Andreas Bill

Administrative Support Coordinator: Irene Howard

Students desiring information should contact the Department Office for referral to one of the faculty advisors.

Career Possibilities

Physicist • Teacher • Medical Physicist • Astrophysicist • Computer Scientist • Electro-Optical Engineer • Computer Engineer • Meteorologist • Metallurgist • Industrial Health Engineer • Aerospace Engineer • Geophysicist • Financial Analyst • Technical Writer • Astronomer • Teacher • Oceanographer • Systems Analyst • Mathematician • Materials Researcher • Quality Control Specialist • Food and Drug Inspector • Scientific Apparatus Salesperson • Nuclear Engineer • Physicist Technician (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu and www.aps.org/careers.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Degree Programs

The Bachelor of Science degree is designed for students interested in immediate employment in industry or wishing to continue on to a Master's or Ph.D. degree in physics or a related field. The Bachelor of Arts degree is appropriate for those preparing for teaching careers in the physical sciences at the secondary level as well as those whose goal is a liberal art education with an emphasis on physics.

The Department also offers graduate study leading to the Master of Science degree. This degree is available in both a general option and an option in applied physics. A limited number of teaching associateships and graduate assistantships are available to students working on the master's degree. Application should be made to the Chair of the Department.

Academic Advising and Facilitated Enrollment into Classes

All entering students who declare a major in a degree program offered by this department need to contact the College of Natural Sciences and Mathematics' (CNSM) Academic Advising Center (HSCI 164) and participate in the College's Science Safari to Success (for first time freshmen) or EONS (Enrollment and Orientation in the Natural Sciences and Mathematics for transfer students)

Program. These programs are held in July for those starting in the Fall Semester and in January for those starting in the Spring Semester. Department advisors will be available to provide an overview of the students' chosen baccalaureate degree program, to assist with academic advisement, to provide information on the many career opportunities available, and to aid students in enrolling in classes. Contact the CNSM Academic Advising Center, Jensen Student Access to Sciences and Mathematics Center (HSCI 164), or department office for additional information.

All entering graduate students need to contact the graduate advisor of the department. An orientation for graduate students is held during the week prior to start of classes.

Concurrent and/or Summer Enrollment at Another College

Students who wish to take course work at a community college or another college or university to meet curricular requirements while enrolled as undergraduates in the College of Natural Sciences and Mathematics must petition the appropriate Department for prior approval to earn credit for specific courses. This policy applies to concurrent enrollment or summer enrollment. Please see "Concurrent Enrollment" and "Transfer of Undergraduate Credit" in this catalog. Courses not receiving prior approval will not be accepted for credit by the Department.

Undergraduate Programs

Bachelor of Science in Physics (120 units)

Requirements

Lower Division:

Take all of the following courses:

PHYS 151 Mechanics and Heat (4)
Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)
Prerequisite: PHYS 151;
Prerequisite/Corequisite: MATH 123.

PHYS 254 Modern Physics and Light (3)
Prerequisite: PHYS 152 or EE 210;
Prerequisite/Corequisite: MATH 224.

PHYS 255 Laboratory on Light & Modern Physics (1)
Prerequisite/Corequisite: PHYS 254.

MATH 122 Calculus I (4)
Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)
Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)
Prerequisite: A grade of "C" or better in MATH 123 or MATH 222.

MATH 247 Introduction to Linear Algebra (3)
Prerequisite: MATH 123 or MATH 222.

Select one from the following three courses:

BIOL 200 General Biology (4)

Prerequisite: GE Foundation requirements.

Or

BIOL 211 Introduction to Evolution and Diversity (4)

Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

Or

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

NOTE: BIOL 111, BIOL 111L are required if courses were taken prior to catalog year 2010-11.

Upper Division:

Take the following courses:

MATH 364A Ordinary Differential Equations I (3)

Prerequisites: MATH 222 or MATH 224, and prerequisite or corequisite MATH 247.

Take one other upper-division mathematics course:

Note: students interested in completing a minor in

mathematics or applied mathematics should consult the appropriate advisor.

Take all of the following:

PHYS 310 Analytic Mechanics (3)

Prerequisite: PHYS 151. Corequisite: MATH 364A or MATH 370A.

PHYS 320 Thermodynamics (3)

Prerequisite: PHYS 152. Prerequisite/Corequisite, PHYS 254.

PHYS 340A Electricity and Magnetism I (3)

Prerequisites: PHYS 152, PHYS 310. Prerequisite/ Corequisite: MATH 370A or MATH 364A.

PHYS 340B Electricity and Magnetism II (3)

Prerequisite: PHYS 340A.

PHYS 350 Modern Physics (3)

Prerequisites: PHYS 310; MATH 370A or MATH 364A.

PHYS 360 Physics with Symbolic Algebra Software (3)

Prerequisite: PHYS 254. Prerequisite/Corerequisite: MATH 247.

PHYS 380 Electronics (4)

Prerequisite: PHYS 152.

PHYS 450 Quantum Physics I (3)

Prerequisites: PHYS 310, PHYS 340A, PHYS 350.

Take one laboratory course chosen from:

PHYS 445, PHYS 446, PHYS 476 and PHYS 480

6 units of upper-division physics electives

Grade Requirements

Physics majors must have a "C" average in the major. Physics students must achieve a grade of "C" or better in each required course in the major. The following schedule is typical for a major who is a full-time student.

Sophomore Year

Fall: PHYS 254, PHYS 255; MATH 224.

Spring: PHYS 360, PHYS 380; MATH 247.

Junior Year

Fall: PHYS 310, PHYS 320; MATH 364A.

Spring: PHYS 340A, PHYS 350; Upper division MATH elective.

Senior Year

Fall: PHYS 340B, PHYS 450.

Spring: Three upper division physics electives (one of which is a laboratory).

Bachelor of Arts in Physics (120 units)

Requirements

All required courses must be passed with a grade of "C" or better

Lower Division:

Take all of the following courses:

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

PHYS 254 Modern Physics and Light (3)

Prerequisite: PHYS 152 or EE 210; Prerequisite/ Corequisite: MATH 224.

MATH 122 Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123 or MATH 222.

Upper Division:

Take the following:

A minimum of 24 units selected in consultation with Physics Department Undergraduate Advisor, at least 12 units of which must be in physics. The remaining units can be chosen from EDSS 300C, EDSS 300M, any courses in the College of Engineering, or any courses in the College of Natural Sciences and Mathematics.

Physics Concentration

The Physics Concentration meets the subject matter competence requirement for the Single Subject Teaching Credential in Physics. Prospective students should consult the Single Subject Science Education Advisor in the Department of Science Education early to plan their program.

Requirements

Lower Division:

Take all of the following:

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

PHYS 254 Modern Physics and Light (3)

Prerequisite: PHYS 152 or EE 210; Prerequisite/ Corequisite: MATH 224.

PHYS 255 Laboratory on Light & Modern Physics (1)

Prerequisite/Corequisite: PHYS 254.

MATH 122 Calculus I (4)

Prerequisite: Appropriate MDPT placement or a grade of "C" or better in MATH 111 and MATH 113.

MATH 123 Calculus II (4)

Prerequisite: A grade of "C" or better in MATH 122.

MATH 224 Calculus III (4)

Prerequisite: A grade of "C" or better in MATH 123 or MATH 222.

ASTR 100 Astronomy (3)

Corequisites: One course from General Education Category B.2 and ASTR 100L.

CHEM 111A General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination.

Corequisite: MATH 109 or higher.

CHEM 111B General Chemistry (5)

Prerequisites: CHEM 111A and MATH 113 or MATH 115 or MATH 117 or MATH 119A or MATH 122 all with a grade of "C" or better.

GEOL 102 General Geology (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

GEOL 104 Geology Laboratory (1)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent, and concurrent or prior enrollment in GEOL 102.

GEOL 160 Introduction to Oceanography (3)

Prerequisites/Corequisites: A course that fulfills the A.1 GE requirement and three years of high school mathematics including algebra, geometry, and intermediate algebra or the equivalent.

BIOL 211 Introduction to Evolution and Diversity (4)

Prerequisite/Corequisite: CHEM 111A with a grade of "C" or better.

BIOL 212 Introduction to Cell and Molecular Biology (4)

Prerequisites: Completion of BIOL 211 and CHEM 111A with grades of "C" or better.

Prerequisite/Corequisite: Chem 111B

BIOL 213 Introduction to Ecology and Physiology (4)

Prerequisites: BIOL 211, BIOL 212, CHEM 111B with a grade of "C" or better.

NOTE: BIOL 111, BIOL 111L, BIOL 212, BIOL 212L, BIOL 213, BIOL 213L are required if courses were taken prior to catalog year 2010-11.

Upper Division:

Take all of the following:

PHYS 310 Analytic Mechanics (3)

Prerequisite: PHYS 151. Corequisite: MATH 364A or MATH 370A.

PHYS 340A Electricity and Magnetism I (3)

Prerequisites: PHYS 152, PHYS 310. Prerequisite/Corequisite: MATH 370A or MATH 364A.

PHYS 476 Modern Optics Laboratory (1)

Prerequisite: PHYS 340A.

SCED 403 Integrated Science (3)

Prerequisites: Completion of all credential breadth requirements for the Single Subject Teaching Credential Program in Science, three-fourths of the credential specializations courses, and consent of instructor.

SCED 404 Nature of Science Scientific Reasoning for Teachers (3)

Prerequisites: Completion of at least three-fourths of the credential specialization courses for Single Subject Teaching Credential in science and consent of instructor. Enrollment limited to students who intend to pursue a Single Subject Credential in Science.

EDSS 300C Introduction to Teaching - Science (3)

Prerequisite: Advanced sophomore or junior standing.

EDSS 450C Curriculum and Methods in Teaching Science (3)

Prerequisite: EDSS 300C; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

EDSE 435 U.S. Secondary Schools: Interculture Educ (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or permission of University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

EDSE 436 Curriculum, Instruction, Assessment and Classroom Management (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or permission of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

EDSE 457 Reading & Writing in Secondary School (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or permission of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Select one course from each of the following pairs:

1. **MATH 364A Ordinary Differential Equations I (3)**

Prerequisites: MATH 222 or MATH 224, and prerequisite or corequisite MATH 247.

MATH 370A Applied Mathematics I (3)

Prerequisites: A grade of "C" or better in MATH 123. Not open to Freshmen.

2. **PHYS 320 Thermodynamics (3)**

Prerequisite: PHYS 152. Prerequisite/Corequisite, PHYS 254.

PHYS 422 Statistical Physics (3)

Prerequisites: PHYS 310, PHYS 320, PHYS 350.

3. **PHYS 380 Electronics (3)**

Prerequisite: PHYS 152.

PHYS 496 Special Problems in Physics (3)

Prerequisites: Consent of instructor and senior standing.

Single Subject Teaching Credential in Physics

In addition to meeting the subject matter competence requirement for the Teaching Credential, prospective Physics teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete many of the credential program courses, except for student teaching, as an undergraduate. Courses may also be started as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

The Physics Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Minor in Physics

Requirements

The Minor in Physics is available to any non-Physics major. A minimum of 20 units which must include the following.

Lower Division:

Take all of the following:

PHYS 151 Mechanics and Heat (4)

Prerequisite/Corequisite: MATH 122.

PHYS 152 Electricity and Magnetism (4)

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

PHYS 254 Modern Physics and Light (3)

Prerequisite: PHYS 152 or EE 210; Prerequisite/Corequisite: MATH 224.

Upper Division:

A minimum of 9 units in physics.

Graduate Programs

Master of Science in Physics

This is a comprehensive physics master's degree with options in General Physics or Computational Physics.

Prerequisites

1. A bachelor's degree with a major in physics; or
2. A bachelor's degree with at least 24 units of upper division physics. Students deficient in undergraduate preparation must take courses to remove these deficiencies without credit toward the degree at the discretion of graduate advisor.

Requirements

Take all of the following:

PHYS 510 Graduate Mechanics (3)

Prerequisite: PHYS 310.

PHYS 522 Statistical Physics (3)

Prerequisites: PHYS 310, PHYS 320, PHYS 350.

PHYS 540A Graduate Electrodynamics I (3)

Prerequisite: PHYS 340B.

PHYS 550A Quantum Mechanics I (3)

Prerequisite: PHYS 450.

PHYS 560A Mathematical Methods of Physics (3)

Prerequisites: MATH 370A,B or equivalent.

Take one of the following:

PHYS 595 Colloquium (1)

Prerequisite: Consent of instructor

PHYS 695 Colloquium (1)

Prerequisite: Graduate standing.

Take one of the following:

PHYS 545 Experimental Methods in Physics I (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor.

PHYS 546 Experimental Methods in Physics II (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor.

PHYS 575 Modern Optics (3)

Prerequisite: PHYS 340A or consent of instructor.

PHYS 580 Computer Interfacing in Experimental

Physics (3)

Prerequisite: PHYS 380 or consent of instructor.

In addition, students may opt for one of two plans:

General Physics Plan

Take the following course:

PHYS 550B Quantum Mechanics II (3)

Prerequisite: PHYS 550A.

Take one of the following two choices after consultation with the graduate advisor:

1. Completion of at least 2 additional units of graduate-level PHYS courses, 6 units of PHYS 698, a written thesis approved by the student's thesis committee consisting of a thesis chair (a Physics/Astronomy faculty member) and at least two more members, one of which must be a member of the Department, and an oral presentation of the thesis research. Note: Students must be advanced to candidacy before enrolling in PHYS 698.
2. With the permission of the Graduate committee, an additional 8 units of 500-level PHYS courses, and satisfactorily complete a comprehensive examination.

Computational Physics Plan

Take the following courses:

PHYS 550B Quantum Mechanics II (3)

Prerequisite: PHYS 550A.

PHYS 562 Computational Methods in Theoretical Physics (3)

Prerequisite: PHYS 450, PHYS 462.

Take 6 units of the following:

PHYS 698 Thesis (6)

Prerequisite: Advancement to candidacy for the M.S. in Physics.

A written thesis approved by the student's thesis committee consisting of a thesis chair (a Physics/Astronomy faculty member) and at least two more members, one of which must be a member of the Department, and an oral presentation of the thesis research.

Note: Students must be advanced to candidacy before enrolling in PHYS 698.

Advancement to Candidacy

1. Students must fulfill the University requirements for advancement to candidacy.
2. A student must have a "B" average or better in six units of physics applicable toward the master's degree, of which at least three units are at the graduate level.
3. Recognizing that effective organization and verbal communication of physics are a necessary part of a successful graduate program, the Department of Physics and Astronomy normally requires that a graduate student serve at least one semester as a teaching associate or a graduate assistant as part of the M.S. program. Exceptions may be granted by the Graduate Advisor.
4. Approval of the degree program by the graduate advisor, the Department Chair, Associate Dean in the College of Natural Sciences and Mathematics or designee.

Option in Applied Physics

The Option in Applied Physics provides a master's degree program that emphasizes concepts and techniques particularly appropriate for applied physics. It is intended for students having a background in physics, engineering, or a related field.

Prerequisites

1. A bachelor's degree with a major in physics, or
2. A bachelor's degree with a major in engineering with upper division physics substantially equivalent to PHYS 310, PHYS 340A,B, and PHYS 450, as determined by the graduate advisor, or
3. A bachelor's degree with upper division physics and mathematics courses essentially equivalent to PHYS 310, PHYS 340B, PHYS 450; and MATH 370A,B; as determined by the graduate advisor.

Students deficient in undergraduate preparation must take courses to remove deficiencies as determined by the graduate advisor.

Requirements

Take all of the following:

PHYS 510 Graduate Mechanics (3)

Prerequisite: PHYS 310.

PHYS 522 Statistical Physics (3)

Prerequisites: PHYS 310, PHYS 320, PHYS 350.

PHYS 540A Graduate Electrodynamics I (3)

Prerequisite: PHYS 340B.

PHYS 550A Quantum Mechanics I (3)

Prerequisite: PHYS 450.

PHYS 560A Mathematical Methods of Physics (3)

Prerequisites: MATH 370A,B or equivalent.

PHYS 695 Colloquium (1)

Prerequisite: Graduate standing.

Take two courses of the following (one must be 545 or 546):

PHYS 545 Experimental Methods in Physics I (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor.

PHYS 546 Experimental Methods in Physics II (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor.

PHYS 576 Modern Optics with Laboratory (3)

Prerequisite: PHYS 340A.

PHYS 580 Computer Interfacing in Experimental Physics (3)

Prerequisite: PHYS 380 or consent of instructor.

Completion of the following:

Take 2 additional units of graduate-level PHYS course;

Take 6 units of the following:

PHYS 698 Thesis (6)

Prerequisite: Advancement to candidacy for the M.S. in Physics.

A written thesis approved by the student's thesis committee consisting of a thesis chair (a Physics/Astronomy faculty member) and at least two more members, one of which must be a member of the Department. An oral presentation of the thesis research is also required.

Note: Students must be advanced to candidacy before enrolling in PHYS 698.

Advancement to Candidacy

1. Students must fulfill the University requirements for advancement to candidacy.
2. A student must have a "B" average or better in six units of physics applicable toward the master's degree, of which at least three units are at the graduate level.
3. Recognizing that effective organization and verbal communication of physics are a necessary part of a successful graduate program, the Department of Physics and Astronomy normally requires that a graduate student serve at least one semester as a teaching associate or a graduate assistant as part of the M.S. program. Exceptions may be granted by the Graduate Advisor.
4. Approval of the degree program by the graduate advisor, the Department Chair and Associate Dean in the College of Natural Sciences and Mathematics.

Single Subject Teaching Credential in Physics

For information, refer to the undergraduate section in this department.

Physics Courses (PHYS)

LOWER DIVISION

100A,B. General Physics (4,4) F,S

Prerequisite: PHYS 100A: MATH 109 or MATH 113 or MATH 119A or MATH 122.

PHYS 100B: PHYS 100A.

Year course in introductory physics. First semester considers properties of matter, mechanics, wave motion, and heat. Second semester considers electricity, light, and atomic and nuclear physics.

Letter grade only (A-F). (Lecture 3 hrs, laboratory 3 hrs.)

151. Mechanics and Heat (4) F,S

Prerequisite/Corequisite: MATH 122.

Kinematics, Newton's Laws, rotational motion, fluid statics, laws of thermodynamics.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

152. Electricity and Magnetism (4) F,S

Prerequisite: PHYS 151; Prerequisite/Corequisite: MATH 123.

Mechanical waves, Coulomb's law, electrostatics, electric circuits, introductory electronics, magnetic fields, induction and Maxwell's equations.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

254. Applied Modern Physics (3) F,S

Prerequisite: PHYS 152 or EE 210; Prerequisite/Corequisite: MATH 224.

Geometrical and physical optics, models of atomic and condensed matter systems.

Not open for credit to students with a "C" or better in PHYS 153 or PHYS 154. Letter grade only (A-F). (Lecture 3 hrs.)

255. Laboratory on Modern Physics (1)

Prerequisite/Corequisite: PHYS 254.

Experimental work in optics and modern physics.

Not open for credit to students with a "C" or better in PHYS 153 or PHYS 155. PHYS 255 is equivalent to PHYS 155. Letter grade only (A-F). (Laboratory 3 hrs.)

UPPER DIVISION

310. Analytic Mechanics (3) F

Prerequisite: PHYS 151. Corequisite: MATH 364A or MATH 370A.
Kinematics and dynamics of mass points and systems of particles. Conservation laws. Harmonic motion. Central force problem. Noninertial frames of reference. Lagrangian and Hamiltonian formulation of laws of mechanics.

Letter grade only (A-F). (Lecture 3 hrs.)

320. Thermodynamics (3) F

Prerequisite: PHYS 152. Prerequisite/Corequisite, PHYS 254.
Laws of thermodynamics, thermodynamic potentials, kinetic theory methods, phase transitions, equilibrium ensembles and related formalism with applications to classical and quantum systems.

Letter grade only (A-F). (Lecture 3 hrs.)

340A. Electricity and Magnetism I (3) S

Prerequisites: PHYS 152, PHYS 310. Prerequisite/Corequisite: MATH 370A or MATH 364A.

Vector calculus, electrostatics, and magnetostatics. Formulation of Maxwell's equations in vector analytic form.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

340B. Electricity and Magnetism II (3) F

Prerequisite: PHYS 340A.

Special relativity. Applications of Maxwell's equations: Plane electromagnetic waves, guided waves, radiation, interaction of electromagnetic waves and matter.

(Lecture-discussion 3 hrs.)

350. Modern Physics (3) S

Prerequisites: PHYS 310; MATH 370A or MATH 364A.

Physical phenomena and models leading to development of quantum mechanics. Schroedinger equation, one-dimensional quantum mechanical problems, uncertainty principle, one-electron atoms, elementary applications of quantum mechanics.

(Lecture-discussion 3 hrs.)

360. Physics With Symbolic Algebra Software (3)

Prerequisite: PHYS 254. Prerequisite/Corerequisite: MATH 247.

Learning symbolic algebra programming (e.g. Mathematica) to enhance the problem-solving abilities of students in physics, engineering and mathematics. Interpolation and fitting of experimental data. Sophisticated graphics, animations, analytic calculations, and numerical solutions for a variety of physics problems.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

380. Electronics (4) S

Prerequisite: PHYS 152.

Network analysis and complex impedance, transistor circuits, operational amplifiers, active filters and oscillators, digital electronics, analog-digital interfacing, microprocessors.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

390. Exploring Physics Teaching (3)

Prerequisite: PHYS 151 and consent of instructor.

Exploration of teaching physics as a learning assistant in secondary physics classrooms and in the lower-level laboratories and tutorials of the college physics curriculum. An exploration of the profession of teaching physics at many levels.

(Lecture, 3 hrs)

410./515. Relativity (3)

Prerequisite: PHYS 340A. Prerequisite/Corequisite: MATH 370A or MATH 364A. (Undergraduates enroll in PHYS 410; graduates enroll in PHYS 515.)

Lorentz transformation, relativistic kinematics and dynamics, 4-vectors and tensors, transformation of electric and magnetic fields, covariant form of Maxwell's equations, introduction to

general relativity.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

422./522. Statistical Physics (3) S

Prerequisites: PHYS 310, PHYS 320, PHYS 350. (Undergraduates enroll in PHYS 422; graduates enroll in PHYS 522.)

Entropy and temperature, Boltzmann distribution and Helmholtz free energy, thermal radiation, chemical potential, Gibbs distribution, ideal gas, Fermi and Bose gases, heat and work, Gibbs free energy and chemical reactions, phase transformations and kinetic theory.

Letter grade only (A-F). (Lec-discussion 3 hrs)

434./534. Astrophysics (3)

Prerequisites: PHYS 310, PHYS 320, and PHYS 340A or consent of the instructor. (Undergraduates enroll in PHYS 434; graduates enroll in PHYS 534.)

Topics in astrophysics. A particular semester schedule might include one or two topics from: Stellar interiors and evolution, radiative transfer and stellar atmospheres, relativistic cosmology, galaxy formation, accretion disk physics and quasars.

Letter grade only (A-F). (Lecture 3 hrs)

445./545. Experimental Methods in Physics I (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor. (Undergraduates enroll in PHYS 445; graduates enroll in PHYS 545.)

Modern physical measurement techniques including scanning probe microscopy and pulsed nuclear magnetic resonance. Noise and fluctuations in physical measurements. Low noise measurement techniques including lock-in amplifier, gated integrator and boxcar averager, bridge circuits, convolution, auto-and cross-correlation and FFT.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

446./546. Experimental Methods in Physics II (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor. (Undergraduates enroll in PHYS 446; graduates enroll in PHYS 546.)

Modern physical measurement techniques in condensed matter physics in high magnetic fields and low temperatures. Examples are temperature and magnetic field effects in magnetic materials, Meissner effect and superconducting transition temperature in superconductors, and mobility and Hall effect in semiconductors.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

450. Quantum Physics I (3) F

Prerequisites: PHYS 310, PHYS 340A, PHYS 350.

Schroedinger equation, atomic physics, harmonic oscillator, scattering, perturbation theory, Heisenberg and Dirac representations, spin, symmetries (angular momentum, time reversal, and parity), applications.

(Lec-discussion 3 hrs.)

451. Quantum Physics II (3)

Prerequisite: PHYS 450.

Measurement processes, atomic physics, identical particles, quantum statistics, numerical methods, many-body systems, density matrix, applications.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

462. Computational Methods in the Sciences (3)

Prerequisite: PHYS 310, PHYS 360.

Numerical programming and essentials of operating systems to tackle a problem in sciences, engineering and mathematics. Differential equations, integrals, roots, optimization, etc. Problems chosen from topics in upper-division science and mathematics courses.

Letter grade only (A-F). (Lecture 3 hrs)

470./569. Introduction to Solid State Physics (3)

Prerequisite: PHYS 450. (Undergraduates enroll in PHYS 470; graduates enroll in PHYS 569.)

Study of properties of solids from quantum theoretical viewpoint. Includes lattice vibrations, elastic constants, and thermal, electric, and magnetic properties.

Letter grade only (A-F). (Lecture 3 hrs.)

476./576. Modern Optics with Laboratory (3)

Prerequisite: PHYS 340A. (Undergraduates enroll in PHYS 476; graduates enroll in PHYS 576.)

Propagation of electromagnetic waves, optical resonators, laser spectroscopy and operation, optical phase conjugation, nonlinear optics and selected application. Experiments illustrating principles and techniques of electro-optics and laser physics. Applications include optical methods in communications, atomic spectroscopy, and nonlinear optics.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

480./580. Computer Interfacing in Experimental Physics (3)

Prerequisite: PHYS 380 or consent of instructor. (Undergraduates enroll in PHYS 480; graduates enroll in PHYS 580.)

Modern data acquisition and analysis methods using computer-based equipment and high level software. Physics experiments performed with standard personal computers, research-quality data acquisition hardware, and programmable instruments. Computer use as tool in execution and interpretation of experiments.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

490./590. Selected Topics in Physics (3)

Prerequisite: Consent of instructor. (Undergraduates enroll in PHYS 490; graduates enroll in PHYS 590.)

Physics topics selected from such areas as atomic and nuclear physics, astrophysics, physics of materials, low temperature physics, acoustics, and theoretical physics.

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*. (Lecture 3 hrs.)

491A. Pedagogical Content Knowledge in Physics - Force and Motion (3)

Prerequisite: Consent of instructor.

Physics content and pedagogy aimed at supporting secondary education. Force and Motion.

Letter grade only (A-F). (Seminar 3 hrs)

491B. Pedagogical Content Knowledge in Physics - Energy and Momentum (3)

Prerequisite: Consent of instructor.

Physics content and pedagogy aimed at supporting secondary education. Energy and Momentum.

Letter grade only (A-F). (Seminar 3 hrs)

491C. Pedagogical Content Knowledge in Physics - Waves and Optics (3)

Prerequisite: Consent of instructor.

Physics content and pedagogy aimed at supporting secondary education. Waves and Optics.

Letter grade only (A-F). (Seminar 3 hrs)

491D. Pedagogical Content Knowledge in Physics - Electricity and Magnetism (3)

Prerequisite: Consent of instructor.

Physics content and pedagogy aimed at supporting secondary education. Electricity and Magnetism.

Letter grade only (A-F). (Seminar 3 hrs)

491E. Pedagogical Content Knowledge in Physics - Nuclear and Thermal (3)

Prerequisite: Consent of instructor.

Physics content and pedagogy aimed at supporting secondary education. Nuclear, Thermal.

Letter grade only (A-F). (Seminar 3 hrs)

495./595. Colloquium (1)

Prerequisite: Consent of instructor.

Weekly meetings for presentation and discussion of current research in physics.

Credit/No credit grading only. (Seminar 1 hr) (Undergraduates enroll in PHYS 495; graduate students enroll in PHYS 595)

496. Special Problems in Physics (1-3)

Prerequisites: Consent of instructor and senior standing.

Physics problems selected by instructor for considered and mature analysis. Written and 10-minute oral reports required.

GRADUATE LEVEL**500. Research Methods (1)**

Prerequisite: Consent of instructor.

Study of literature about research methods in physics.

May be repeated to a maximum of 2 units; only 1 unit may be applied to the Master of Science in Physics. Letter grade only (A-F).

510. Graduate Mechanics (3) F

Prerequisite: PHYS 310.

Variational principles, Lagrange's equations, Hamilton's equations, canonical transformations, Hamilton-Jacobi theory, relativistic mechanics and small oscillation theory.

Letter grade only (A-F). (Lecture 4 hrs.)

515./410. Relativity (3)

Prerequisite: PHYS 340A. Prerequisite/Corequisite: MATH 370A or MATH 364A. (Undergraduates enroll in PHYS 410; graduates enroll in PHYS 515.)

Lorentz transformation, relativistic kinematics and dynamics, 4-vectors and tensors, transformation of electric and magnetic fields, covariant form of Maxwell's equations, introduction to general relativity.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

522./422. Statistical Physics (3) S

Prerequisites: PHYS 310, PHYS 320, PHYS 350. (Undergraduates enroll in PHYS 422; graduates enroll in PHYS 522.)

Entropy and temperature, Boltzmann distribution and Helmholtz free energy, thermal radiation, chemical potential, Gibbs distribution, ideal gas, Fermi and Bose gases, heat and work, Gibbs free energy and chemical reactions, phase transformations and kinetic theory.

Letter grade only (A-F). (Lecture-discussion 3 hrs.)

534./434. Astrophysics (3)

Prerequisites: PHYS 310, PHYS 320, and PHYS 340A or consent of the instructor. (Undergraduates enroll in PHYS 434; graduates enroll in PHYS 534.)

Topics in astrophysics. A particular semester schedule might include one or two topics from: Stellar interiors and evolution, radiative transfer and stellar atmospheres, relativistic cosmology, galaxy formation, accretion disk physics and quasars.

Letter grade only (A-F). (Lecture 3 hrs)

540A. Graduate Electrodynamics (3) S

Prerequisite: PHYS 340B.

Boundary-value problems, applications of special functions to electro/magnetostatics, Green's function techniques, multipole expansion of electrostatic field, dielectric media, Maxwell's equations, electromagnetic waves.

Letter grade only (A-F). (Lecture 3 hrs.)

540B. Graduate Electricity and Magnetism and Electrodynamics II (3)

Prerequisite: PHYS 540A.

Covariant formalism, simple radiating systems, radiation by moving charges, and topics in electrodynamics chosen from the following: wave guides, magnetohydrodynamics, thermodynamics and electrodynamics of continuous media, and radiation reaction.

Letter grade only (A-F). (Lecture 3 hrs.)

545./445. Experimental Methods in Physics I (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor. (Undergraduates enroll in PHYS 445; graduates enroll in PHYS 545.)

Modern physical measurement techniques including scanning probe microscopy and pulsed nuclear magnetic resonance. Noise and fluctuations in physical measurements. Low noise measurement techniques including lock-in amplifier, gated integrator and boxcar averager, bridge circuits, convolution, auto- and cross-correlation and FFT.

Letter grade only (A-F). (Lecture 2 hrs, laboratory 3 hrs)

546./446. Experimental Methods in Physics II (3)

Prerequisites: PHYS 254; PHYS 450 or consent of instructor. (Undergraduates enroll in PHYS 446; graduates enroll in PHYS 546.)

Modern physical measurement techniques in condensed matter physics in high magnetic fields and low temperatures. Examples are temperature and magnetic field effects in magnetic materials, Meissner effect and superconducting transition temperature in superconductors, and mobility and Hall effect in semiconductors.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

550A. Quantum Mechanics I (3) F

Prerequisite: PHYS 450.

Mathematical and postulational basis of quantum mechanics, one-dimensional problems, two-level systems, angular momentum, central potentials, time independent and time dependent perturbation theory.

Letter grade only (A-F). (Lecture 3 hrs.)

550B. Quantum Mechanics II (3) S

Prerequisite: PHYS 550A.

Scattering, rotation group and irreducible tensor operations, identical particles, semi-classical radiation theory, atoms, path integral formalism, and other selected topics.

Letter grade only (A-F). (Lecture 3 hrs.)

554. Nuclear Physics (3)

Prerequisite: PHYS 550A.

Deuteron problem, nucleon-nucleon potential, shell model, nuclear models, nuclear reactions, elementary particles, weak interactions, strong interactions.

Letter grade only (A-F). (Lecture 3 hrs.)

555. Elementary Particle Physics (3)

Prerequisites: PHYS 310, PHYS 340B, PHYS 450.

Feynman diagram language of scattering and decay, space-time symmetries, relativistic kinematics, hadron quantum numbers and quark models, QED, QCD and gluons, weak interactions.

Letter grade only (A-F). (Lecture 3 hrs.)

560A,B. Mathematical Methods of Physics (3,3)

Prerequisites: MATH 370A,B or equivalent.

Linear vector spaces, eigenvalue problem, functions of complex variable, special functions, properties and methods of solving partial differential equations of physics, integral equations, tensor analysis, and group theory.

Letter grade only (A-F). (Lecture 4,3 hrs.)

562. Advanced Computational Methods in Physics (3)

Prerequisite: PHYS 450, PHYS 462.

Computational methods applied to study advanced physics problems such as symbolic and numerical programming, and their applications in various fields (e.g. quantum mechanics, electrodynamics, statistical physics, condensed matter physics, astrophysics, atomic and subatomic physics, etc.)

Letter grade only (A-F). (Lecture 3 hrs.)

569./470. Introduction to Solid State Physics (3)

Prerequisite: PHYS 450. (Undergraduates enroll in PHYS 470; graduates enroll in PHYS 569.)

Study of the properties of solids from a quantum theoretical viewpoint. Topics include lattice vibrations, elastic constants, and thermal, electric and magnetic properties.

Letter grade only (A-F). (Lecture 3 hrs.)

576./476. Modern Optics with Laboratory (3)

Prerequisite: PHYS 340A. (Undergraduates enroll in PHYS 476; graduates enroll in PHYS 576.)

Propagation of electromagnetic waves, optical resonators, laser spectroscopy and operation, optical phase conjugation, nonlinear optics and selected application. Experiments illustrating principles and techniques of electro-optics and laser physics. Applications include optical methods in communications, atomic spectroscopy, and nonlinear optics.

Letter grade only (A-F). (Lecture 2 hrs laboratory 3 hrs)

580./480. Computer Interfacing in Experimental Physics (3)

Prerequisite: PHYS 380 or consent of instructor. (Undergraduates enroll in PHYS 480; graduates enroll in PHYS 580.)

Modern data acquisition and analysis methods using computer-based equipment and high level software. Physics experiments performed with standard personal computers, research-quality data acquisition hardware, and programmable instruments. Computer use as tool in execution and interpretation of experiments.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

590./490. Selected Topics in Physics (3)

Prerequisite: Consent of instructor. (Undergraduates enroll in PHYS 490; graduates enroll in PHYS 590.)

Physics topics selected from such areas as atomic and nuclear physics, astrophysics, physics of materials, low temperature physics, acoustics, and theoretical physics.

May be repeated to a maximum of 6 units. Topics announced in the *Schedule of Classes*. (Lecture 3 hrs.)

595./495. Colloquium (1)

Prerequisite: Consent of instructor

Weekly meetings for presentation and discussion of current research in physics. (Undergraduates enroll in PHYS 495; graduate students enroll in PHYS 595) Credit /No credit grading only. (Seminar 1 hr)

691. Directed Study (1)

Intensive study of advanced topics in physics.

May be repeated to a maximum of 2 units. Letter grade only (A-F).

692. Professional Physics Internship (1-4)

Prerequisite: Graduate standing in physics.

Internship in an industrial setting using advanced professional physics skills. An oral presentation is required. May be repeated to a maximum of 4 units in different semesters.

Credit/ No Credit grading only. (1-4 hours contact)

694. Seminar in Special Topics (1)

Prerequisite: Graduate standing.

Study of research papers and research methods in selected topics. If demand for more than one subject exists, multiple sections may be given in any one semester.

May be repeated to a maximum of 2 units; only 1 unit may be applied to the master's degree. Letter grade only (A-F). (Seminar 1 hr.)

695. Colloquium (1)

Prerequisite: Graduate standing.

Weekly meetings for presentation and discussion of current research in physics. Even though only 1 unit is for M.S. degree, graduate students are expected to attend each semester they are enrolled in University.

Credit/No Credit grading only. (Seminar 1 hr.)

697. Directed Research (1-3)

Theoretical and experimental problems in physics requiring intensive analysis.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisite: Advancement to candidacy for the M.S. in Physics.

Planning, preparation, and completion of acceptable thesis in partial fulfillment of requirements for master's degree. A half-hour seminar presenting and defending results of the thesis required. Credit obtained upon formal acceptance of thesis.

699. Professional Project (1-4)

Prerequisite: Advancement to candidacy in the Masters of Science in Professional Physics degree program.

A significant project undertaken to gain and demonstrate fluency with advanced methods of physics as it is used professionally. The project will demonstrate the acquisition of skills. An oral presentation is required.

Credit/No Credit grading only. May be repeated to a maximum 4 units in different semesters.

Astronomy Courses (ASTR)

LOWER DIVISION

100. Astronomy (3) F,S

Corequisites: One course from General Education Category B.2 and ASTR 100L.

Introductory course in astronomy. The earth moon system and the planets, the stars and their constitution. Survey of the methods of astronomical observation.

(Lecture 3 hrs.)

100L. Introductory Astronomy Laboratory (1) F,S

Prerequisites/Corequisites: One course from Category B.2 of GE requirements; ASTR 100.

Astronomical coordinates, star maps, magnitude, spectral classification, ages of stars, distance to star clusters.

Not open for credit to students with credit in ASTR 101. (Laboratory 3 hrs.)

UPPER DIVISION

370. Planetary Environments (3)

Prerequisites: GE Foundation requirements and GE B.1.b category; upper division standing.

Planets and moons analyzed as to surface geology, interiors, atmospheres, etc. Methodologies and scientific reasoning about nature and origins of features. Origin of terrestrial life, including role of extinction events, and probable requirements for life elsewhere in universe.

(Lecture 3 hrs.)

Physical Science Courses (PHSC)

LOWER DIVISION

112. Introduction to the Physical Sciences (3) F,S

Prerequisite/Corequisite: One course from Category B.2 of GE Foundation.

Selected processes which illustrate some basic principles used by scientists to interpret modern ideas of matter and energy in physical universe.

Not open for credit to majors in any of the physical sciences. (Lecture 2 hrs., laboratory 3 hrs.)

POLITICAL SCIENCE

College of Liberal Arts

Department Chair: Teresa Wright

Department Office: Social Science Public Affairs (SS/PA) Rm 257

Telephone: (562) 985-4704

FAX: (562) 985-4979

Email: posc@csulb.edu

Website: <http://www.csulb.edu/colleges/CLA/departments/polisci/>

Faculty: Mary Caputi, Christopher Dennis, Larry George, Cora Sol Goldstein, Liesl Haas, Richard Haesly, Demetra Kasimis, Charles Mahoney, Larry F. Martinez, Charles Noble, Amy Cabrera Rasmussen, Gerry Riposa, Barry H. Steiner, Kevin Wallsten, Jason E. Whitehead, Teresa Wright

Administrative Coordinator: Amelia Marquez

Administrative Assistant: Elizabeth Galvan

Students desiring information should contact the department office for referral to one of the faculty advisors:

Advisors:

Credential: Ilene Luhr (History)

Undergraduate: Amy Rasmussen, Richard Haesly

Graduate: Cora Sol Goldstein

Career Possibilities

Political Scientist • Journalist • Foreign Service Officer • Urban Planner • Para Legal • Labor Relations Specialist • Administrator • Researcher • Lobbyist • Archivist • Probation/Parole Officer • Intelligence Analyst • Teacher • Lawyer • Social Service Worker • Market Research Analyst • Public Survey Worker • Community Organizer • Politician • Legislative Aide • City Manager (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The political science major provides systematic knowledge of the nature and scope of political science. In addition, a political science major is preparation for general education, good citizenship and participation in political life.

General Education Requirements in Government

The Education Code requires each college graduate to meet (1) a federal government requirement and (2) a California state and local government requirement. Both of these requirements can be met by POSC 100 (for lower division students) or POSC 391 (for upper division students). If the student has completed the federal government requirement, but not the California state and local government requirement, the student should take POSC 199, 326, or 399. Students who have taken American federal, state or local government at another institution should check with a political science advisor before enrolling.

Undergraduate Programs

Bachelor of Arts in Political Science (120 units)

Requirements

Required Courses (6 units):

POSC 100 Introduction to American Government (3)
Prerequisite/Corequisite: GE A1 requirement.

POSC 300 Scope/Methods Political Science (3)
Prerequisite: POSC 100.

Concentration Requirement (18 units):

Take 18 units in one of the three areas of concentration:

1. Law, Politics, Policy
2. Political Theory
3. Global Politics

Take 3 lower-division units and 15 upper-division units in the chosen area of concentration, including the senior seminar in that area.

Breadth Requirement, 15 units of which:

1. no more than 6 units may be from the student's area of concentration;
2. no more than 3 may be lower division;
3. minimum of 3 units must be from each of the student's two non-concentration areas, for a total of 6 units

Note: This program must include at least 3 units of a practicum.

Note: POSC 100, the 200-level concentration requirement, and POSC 300 must be completed by the end of the junior year.

Note: POSC 100 and one 200-level POSC course must be completed with a grade of "C" or better.

Note: With the exception of internships, all courses used toward the POSC major must be taken for a letter grade.

Note: No more than 3 units (each) of POSC 378, POSC 417, POSC 418, and POSC 498 may be used toward the major.

Note: A maximum of 6 units may be earned in POSC 418, POSC 447, POSC 448, and POSC 498 combined.

Total Units: 39

Honors in Political Science

Students with a major in Political Science may be admitted to the Political Science Department's honors program (option of the University Honor's Program).

Requirements

Minimum requirements for eligibility are:

1. Junior standing, completion of POSC 300, and at least two additional upper-division courses in Political Science;
2. A minimum of two semesters remaining before graduation following the semester in which the application is submitted;

3. A minimum cumulative GPA of 3.3, and 3.5 in Political Science courses

Applications for fall admission are due April 15; applications for spring admission are due November 15.

Applications must include:

1. A completed application form
2. One letter of recommendation from the faculty sponsor that has agreed to oversee the applicant's honors thesis.
3. One letter of recommendation from a second faculty member (preferably in Political Science)
4. A 5-10 page research or analytical paper written for a previously taken course in Political Science

In order to graduate with Honors in Political Science a student must:

1. Complete all regular requirements for the major in Political Science;
2. Complete 3 units of POSC 490H: Honors Seminar
3. Complete 3 units of POSC 491H: Honors Research
4. Complete 3 units of POSC 492H: Honors Thesis
5. Have at the time of graduation a minimum cumulative GPA of 3.3 and 3.5 in Political Science courses.

Minor in Political Science

The Minor in Political Science is available to any non-Political Science major.

Requirements

A minimum of 21 units which must include:

Take one of the following courses:

POSC 100 Introduction to American Government (3)
Prerequisite/Corequisite: GE A1 requirement.

POSC 391 American Government (3)
Prerequisites: GE Foundation requirement.

Take the following course:

POSC 300 Scope and Methods of Political Science (3)
Prerequisite: POSC 100.

Fifteen Elective units in POSC:

No more than three units may be lower division.

May include three units of one approved political science internship from the following : POSC 418, POSC 447, POSC 448, POSC 496, or POSC 498.

May include no more than three units (each) of POSC 378 and POSC 417.

Minor in Public Administration in Political Science

The Minor in Public Administration in Political Science is available to any non-Political Science major.

Requirements

A minimum of 21 units which must include:

1. A minimum of 15 units selected from the following: POSC 300, POSC 326, POSC 327, POSC 328, POSC 329, POSC 430, POSC 431, POSC 432, POSC 447, POSC 448, POSC 498;
2. 6 additional upper division POSC units selected in consultation with a POSC Undergraduate Advisor.

Interdisciplinary Minor in Public Policy

The minor consists of 21 units including a core curriculum of 12 units and 9 units of electives. A maximum

of 6 units may be taken in the student's major department, but no units may be counted in both the major and minor.

Requirements

1. Core Curriculum (12 units required):

Take the following courses:

ECON 450, POSC 328, PSY 375, and GEOG 301

Note: It is strongly recommended that students take core courses in sequence, the first two courses during the Junior year; the second two during the Senior year.

2. Electives: (9 units required):

At least 6 units of the 9 elective units must be taken in one of the policy area concentrations outlined below. The remaining 3 units may be taken from among any of the elective courses approved for the minor.

Policy Area Concentrations:

Community Relations and Social Services, Health Care, Housing and Recreation, Education, Economic Regulation, Justice and Law, Land Use and Ecology, Computational Skills for Public Policy, Foreign Policy and International Relations, Values and Public Policy, Government Processes and Policy, Law, Politics and Policy

Graduate Programs

Master of Arts in Political Science

Student can view the general requirements of the University and the specific requirements of the department in this *Catalog*. Important supplementary information about the master's degree in political science is available on the department website. Before entering the program, students will normally consult with the graduate advisor.

After beginning graduate study, the student is responsible for obtaining the consent of fulltime members of the department's graduate faculty to serve on her/his graduate committee. The student should seek to have established her/his committee prior to completion of the first year or the first 18 units of work as a graduate student in political science unless the Department Graduate Committee grants an exception.

Minimum prerequisites for admission consideration:

1. A bachelor's degree with a major in political science or a bachelor's degree with 24 upper division units in political science comparable to those required for a major in political science at this university.
2. A 3.0 ("B") GPA in political science courses taken as an undergraduate;
3. Three letters of recommendation (preferably from academic sources);
4. A statement of purpose of approximately 500 words. Include a discussion of applicant's motivations and qualifications for entering the MA program.

Students who have not majored in political science and do not have 24 units of upper division political science work

are encouraged to consult with the graduate coordinator for further advice.

Advancement to Candidacy

1. Satisfy the general requirements of the University for advancement to candidacy;
2. In order to be recommended for advancement to candidacy, students must obtain the written approval of their master's degree program of course work by their committee chair and graduate advisor.

Requirements

A student's program is formulated in consultation with the department's Graduate Coordinator.

The following courses are required, for a total of 30 units:

POSC 500 Foundations & Scope of Political Science (3)
Prerequisite: Graduate standing in Political Science or consent of instructor.

POSC 525 Seminar in Political Theory (3)
Prerequisite: Graduate standing in political science or consent of instructor.

POSC 550 Research Methods in Political Science (3)
Prerequisite: Graduate standing in political science or consent of instructor.

Three of the following:

POSC 640, POSC 642, POSC 600, POSC 610 (9)

Two of the following:

POSC 605, POSC 615, POSC 644, POSC 646 (6)

One elective graduate course

(selected in consultation with Graduate Coordinator) (3)

One of the following:

POSC 697 (3) consists of a comprehensive examination in the student's major and minor subfields.
Prerequisite: Consent of Graduate Coordinator.

POSC 698 (3) consists of a thesis
Prerequisite: Consent of Graduate Coordinator.

Law, Politics and Policy

POSC 212 How Democratic is the United States?
POSC 311 Constitutional Law: Power
POSC 312 Constitutional Law: Rights
POSC 321 The Media and American Politics
POSC 322 Parties, Campaigns, and Elections
POSC 323 Racial and Ethnic Politics – U.S.
POSC 326 California Government in Comparative Perspective
POSC 327 Urban Politics
POSC 328 Public Policy
POSC 329 Cases in Public Policy Making
POSC 412 Law and Social Change
POSC 414 Jurisprudence
POSC 417 Legal Practices: Moot Court
POSC 418 Legal/Judicial Apprenticeship
POSC 422 Public Opinion and Political Behavior
POSC 423 The American Presidency
POSC 424 The United States Congress
POSC 430 Fundamentals of Public Administration
POSC 431 Public Policy Analysis
POSC 432 Public Values and Public Policy
POSC 439 Senior Seminar in Law, Politics, and Policy

POSC 447 Public Service Internship I
POSC 448 Public Service Internship II

Political Theory

POSC 225 Issues in Political Theory
POSC 301 Classical Political Theory
POSC 303 Modern Political Theory
POSC 304 Recent Political Theory
POSC 306 Contemporary Political Ideologies
POSC 308 American Political Theory
POSC 401 Women in Political Theory
POSC 409 Senior Seminar in Political Theory

Global Politics

POSC 218 Global Politics
POSC 353 Governments and Politics of Western Europe
POSC 358 Contemporary Latin American Politics
POSC 362 Society and National Politics of China
POSC 367 Governments and Politics of the Middle East
POSC 371 Introduction to International Politics
POSC 376 International Law
POSC 378 Politics and Practice of the UN
POSC 450 Comparative Political Movements
POSC 455 Comparative Revolutionary Change
POSC 461 The Politics of Development
POSC 463 Nationalism and National Identities
POSC 479 Senior Seminar in Global Politics
POSC 481 U.S. – Latin American Relations
POSC 482 American Foreign Policy
POSC 485 International Political Economy
POSC 486 National Security Policies

General

POSC 199 Introduction to California Government
POSC 300 Scope/Methods Political Science
POSC 388 Cyberspace Citizenship
POSC 391 American Government
POSC 395 Politics Through Culture
POSC 399 Introduction to California Government
POSC 490H Honors Seminar
POSC 491H Honors Research
POSC 492H Honors Thesis
POSC 493 Special Topics
POSC 494 Politics of the Future
POSC 496 Washington Center Internship
POSC 497 Special Topics
POSC 498 Practicum in Politics
POSC 499 Readings and Conference in Political Science

Political Science Courses (POSC)

LOWER DIVISION

100. Introduction to American Government (3)

Prerequisite/Corequisite: GE A1 requirement.

Introductory survey of American Political Institutions, politics, and policy, including government and politics in California. Constitutional foundations and current controversies. Satisfies the general education requirement and the California teaching credential requirement.

105. Introduction to Critical Thinking (3)

Prerequisites/Corequisite: ENGL 100 or GE Composition (Area A1).

Introduction to critical thinking through study of philosophical writing, political rhetoric, and political propaganda. Emphasis on distinguishing facts from values, inductive from deductive reasoning, emotional responses from reasoned judgments; relationship between language and logic; the role of inference; intellectual honesty.

199. Introduction to California Government (1)

Prerequisite: POSC 100.

Introductory survey of California political institutions, politics and policy. Satisfies the general education California state and local government requirement for students who have taken American government without a California component or who have received Advanced Placement credit for American Government. Not open for credit to students with credit in POSC 326.

212. How Democratic is the United States? (3)

Prerequisites: GE Foundation requirement; POSC 100.

Examination of persistent challenges to citizen control of government in the U.S., including growth of executive power; economic inequality; racial inequality; rise of infotainment; decline of political participation and civic engagement.

218. Global Politics (3)

Prerequisites: GE Foundation requirement; POSC 100.

Study issues central to politics in a global context, such as democracy, communism, fascism, democratization, revolution, liberalism, and anti-liberalism. Examine questions of national sovereignty, as well as the relation between nation states and the rise of non-state and trans-state actors.

225. Issues in Political Theory (3)

Prerequisites: GE Foundation requirement; POSC 100.

Study and discussion of issues including revolution, power, justice, alienation, the nature of democracy, and other important political concepts. Views of theorists such as Plato, Hobbes, Rousseau, Mill, and Marx will be examined.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course.

300. Scope and Methods of Political Science (3)

Prerequisite: POSC 100.

Examines what political scientists do. Focus on quantitative and qualitative techniques employed by political scientists to understand political phenomena. Examples draw on all subfields from political science: American politics, comparative politics, international relations, political theory, public law and public policy. Letter grade only (A-F).

301. Classical Political Theory (3)

Prerequisites: GE Foundation requirement; POSC 100.

Ancient Greek and Roman roots of political theory. Socrates and the Sophists; Plato; Aristotle; Cicero; Polybius; and the Stoics. Examines relationship between the individual citizen and the Polis, justice and equality, democracy and dictatorship; the political culture of Mediterranean world.

303. Modern Political Theory (3)

Emergence of modern political thought in Western Europe from the 17th through the 19th century. Examines views of state and society in John Locke, Thomas Hobbes, Jean Jacques Rousseau, John Stuart Mill, Edmund Burke, George Hegel, and Karl Marx.

304. Recent Political Theory (3)

Critical examination of major themes in political thought in industrial and post-industrial society, from the late 19th century until today.

306. Contemporary Political Ideologies (3)

Critical examination of the nature and role of ideologies in contemporary politics. Conservatism, liberalism, socialism, communism and fascism in theory and practice.

308. American Political Theory (3)

Critical examination of theorists, concepts and forces which have shaped American political consciousness from Puritans to present.

311. Constitutional Law: Power (3)

Prerequisite: POSC 100 or POSC 391 or equivalent.

Judicial interpretation of the U.S. Constitution. Judicial review; the power of the Presidency and the Congress; state governmental authority; nature of the American federalism.

312. Constitutional Law: Rights (3)

Prerequisite: POSC 100 or 391 or equivalent.

Analysis of the rights and guarantees contained in the Bill of Rights and other constitutional and statutory provisions. Examination of leading cases.

321. The Media and American Politics (3)

Prerequisites: GE Foundation requirement; POSC 100 or consent of instructor.

Role of print and electronic media in American politics and their relationship to politicians and the public. Media's impact on government, policy making, election campaigning. Prospects for democratic deliberation. Portrayal of political issues and political themes in popular culture.

322. Parties, Campaigns, and Elections (3)

Prerequisites: GE Foundation requirement.

The nature and impact of the American two-party system; why people vote as they do; how candidates seek electoral support. Comparison of American party politics to party politics in other democratic countries.

323. Racial and Ethnic Politics - U.S. (3)

Prerequisites: GE Foundation requirement; POSC 100.

Examination of the political activities of racial and ethnic minority groups in the United States, including American Indians, African Americans, Latino Americans and Asian/Pacific Americans. Political debates over competing approaches, strategies and public policies promoting equality in the U.S.

326. California Government in Comparative Perspective (3)

Prerequisites: GE Foundation requirement.

The government and politics of American States including intergovernmental relations. Special focus on political institutions, current issues, and public policies in California. May not be taken to fulfill G.E. credit except under category D.1.b.

327. Urban Politics (3)

Social conflicts, political processes and governmental Institutions in American urban areas. Emphasis on urban political culture, power structures, interest groups, social movements, urban governance and policy-making. Evaluation of urban political problems and proposed solutions.

328. Public Policy (3)

Prerequisites: GE Foundation requirement; POSC 100.

Analysis of the American policy process with special attention to the social, economic, cultural, and political factors that influence policy choices.

329. Cases in Public Policy Making (3)

Prerequisites: GE Foundation requirement, POSC 100, and POSC 328. Intensive examination of the policy process through the in-depth analysis of selected public policies.

May be repeated to a maximum of 6 units with different topics in different semesters with department approval.

353. Government and Politics of Western Europe (3)

Prerequisites: GE Foundation requirement; POSC 100.

Examination of selected European democracies, with emphasis on governmental structure, functions and political processes and their relationship to current problems.

358. Contemporary Latin American Politics (3)

Study of government and politics with emphasis on similarities and differences among Latin American states. Focus on principal groups and major issues in the political process. Conflicting explanations of the obstacles to development and other problems will be examined.

362. Society and National Politics of China (3)

Prerequisites: Upper division status; completion of GE Foundation; Students must have scored 11 or higher on the GVAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Writing-intensive study of the People's Republic of China, including its origin, ideology and organization. Contemporary social, economic and political developments.

367. Governments and Politics of the Middle East (3)

Emergence and development of the contemporary political systems of the Middle East; the Arab-Israeli dispute; the role and importance of the region in international politics.

371. Introduction to International Politics (3)

Prerequisites: GE Foundation requirement; POSC 100.

Relations among nation-states. Why countries sometimes cooperate and sometimes go to war. Roles of intergovernmental organizations like the UN, the WTO, and NATO, and non-governmental actors like Amnesty International and Al-Qaeda; international trade and finance; war, peace, terrorism and diplomacy.

376. International Law (3)

Nature and historical development of international law; determination of rules of international law; International community under law; recognition of states and governments; jurisdiction; settlement of international disputes; war aggression and neutrality.

378. Politics and Practice of the UN (3)

Examination of historical development of international organization from the Concert of Europe to the United Nations. Analysis of contemporary international organization, its functions, problems and prospects in the context of the world situation.

May be repeated to a maximum of 9 units in different semesters. No more than 3 units may be applied toward the major or minor in political science.

388. Cyberspace Citizenship (3)

Prerequisites: GE Foundation requirement; one Explorations course, and upper-division standing.

Role of internet in politics, society, and economy. Development of cyberspace, virtual communities, online commerce, Web free speech fora. Evolving governmental institutions for managing property rights, Internet expansion and resolving cyberspace conflicts. Multiple dimensions of participatory citizenship in cyberspace.

391. American Government (3)

Prerequisites: GE Foundation requirement.

Survey of American government and politics, including attention to California government. Constitutional foundations and current controversies. Satisfies the general education requirement and the California teaching credential requirement.

Not open for credit to students with credit in POSC 100.

395. Politics Through Culture (3)

Prerequisites: GE Foundation requirement, one Explorations course, and upper division standing.

Study of politics through cultural analysis. Alternative theoretical perspectives on contemporary cultural artifacts such as art, film, music, and the media.

399. Introduction to California Government (1)

Prerequisite: POSC 100.

Introductory survey of California political institutions, politics and policy. Satisfies the general education California state and local government requirement for students who have taken American government without a California component or who have received Advanced Placement credit for American Government.

Not open for credit to students with credit in POSC 199 or POSC 326.

401. Women in Political Theory (3)

Prerequisite: Students must have completed one course in either political science or women's studies.

Differential treatment of women and men in western political theories, including femininity, power, rationality and the role of the women in the family. Classic and contemporary texts.

Same course as WGSS 402. Not open for credit to students with credit in W/ST 402 or WGSS 402.

409. Senior Seminar in Political Theory (3)

Prerequisites: Nine units in Political Theory courses or consent of instructor.

Intensive study of selected conceptual and theoretical problems in political theory.

Letter grade only (A-F).

412. Law and Social Change (3)

Prerequisites: GE Foundation requirement; POSC 100.

Legal strategies pursued by social movements to remedy discrimination in the U.S. Legislative, administrative, and judicial responses. Gender equity, sexual harassment, voting rights, racial discrimination, fair housing, labor standards, sexual orientation, environmental justice, and American Indian rights.

414. Jurisprudence (3)

Fundamental legal philosophies, sources and classifications of law. Relationship of law to other disciplines and societal institutions.

417. Legal Practices: Moot Court (3)

Prerequisites: POSC 311 or POSC 312, and either POSC 412 or POSC 414; and upper division standing.

Study and acquisition of the skills of lawyering, including legal research, reasoning, writing, and trial advocacy. Substantive study of civil liberties.

May be repeated to a maximum of 9 units in different semesters. No more than three units of this course may be applied toward the major or minor in political science.

418. Legal/Judicial Apprenticeship (3)

Prerequisite: Consent of instructor.

Courtroom, law office, public legal agency, and/or non-profit legal agency experience in conjunction with reading and research directed by a faculty member. May be repeated for a maximum of 6 units in different semesters.

No more than three units of this internship course may apply toward the major in political science. A maximum of 6 units may be earned in POSC 418, POSC 447, POSC 448, and POSC 498 combined.

422. Public Opinion and Political Behavior (3)

What Americans think and feel about politics and why they act as they do. Topics include the formation and development of public opinion; how public opinion is measured; political socialization; political culture; and political participation.

423. The American Presidency (3)

The roles and powers of the American presidency with emphasis on major public policies of recent presidents.

424. The United States Congress (3)

Analysis of the origin, development, and behavior of U.S. legislative bodies. Leadership, organization and procedures, problems and principles of law-making. Legislative relations with the executive and other governmental agencies.

430. Fundamentals of Public Administration (3)

Principles and practices of federal, state and local administration. Not open for credit to students with credit in POSC 331.

431. Public Policy Analysis (3)

Examination of the meaning and use of concepts and methods employed in public policy decision analysis, including an overview of the decision process, sources and methods of handling policy-relevant data, and methods and techniques of program evaluation and policy analysis.

432. Public Values and Public Policy (3)

Critical examination of selected value choices involving how and by whom public policy is to be made, and choices involving what should be the content and goals of public policy.

439. Senior Seminar in Law, Politics, and Policy (3)

Prerequisite: Nine units in Law, Politics, and Policy courses or consent of instructor

Intensive study of selected concepts, issues, and approaches to the study of American government and politics, with special attention to the intersection of law, politics, and policy.

Letter grade only (A-F).

447. Public Service Internship I (3)

Prerequisite: GE Foundation requirement; POSC 100; consent of instructor.

Internships in one of the various federal, state, or local governmental units in the immediate area.

A maximum of 6 units may be earned in POSC 418, POSC 447, POSC 448, and POSC 498 combined.

448. Public Service Internship II (3)

Prerequisite: GE Foundation requirement; POSC 100; consent of instructor.

Internships in one of the various federal, state, or local governmental units in the immediate area.

A maximum of 6 units may be earned in POSC 418, POSC 447, POSC 448, and POSC 498 combined.

450. Comparative Political Movements (3)

Prerequisites: GE Foundation requirement, one Explorations course, and upper division standing.

Comparative study of the causes, progression, and consequences of political movements.

455. Comparative Revolutionary Change (3)

Roots of revolution. Emphasis on the historical setting, ideology, socio-economic factors, political leadership, organization and nationalism. Analysis of revolutionary conditions, courses and tactics past and present.

461. The Politics of Development (3)

Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.

Problems of political development in the emergent nations of Asia, Africa and Latin America.

463. Nationalism and National Identities (3)

Prerequisites: GE Foundation requirement; POSC 100.

Consideration of the impact of nationalism on contemporary world politics with special attention to the role of national identities in the rise of political violence, national liberation movements, and the struggle for democracy. Close investigation of multiple historical and contemporary cases.

Same course as I/ST 463. Not open for credit to students with credit in I/ST 463.

479. Senior Seminar in Global Politics (3)

Prerequisite: Nine units in Global Politics courses or consent of instructor

Intensive study of selected conceptual and theoretical problems in global politics.

Letter grade only (A-F).

481. U.S. - Latin American Relations (3)

Prerequisites: GE Foundation requirement, one Explorations course, and upper-division standing.

U.S. policies toward Latin America and the Caribbean. Recent debates about these policies as well as their historical and global contexts. Survey of major issues, including U.S.-Cuba policy, transnational crime/drug-trafficking, international finance, trade integration, and migration.

482. American Foreign Policy (3)

Prerequisites: GE Foundation requirement; POSC 100.

Concepts, strategies, and the shaping of American relations with other states, with special emphasis on the post-World War II period. National security, economic, and political-diplomatic concerns as they present new challenges to the United States.

485. International Political Economy (3)

Prerequisites: GE Foundation requirement; POSC 100.

Politics of global relations, including monetary and trade regimes, markets and multinational corporations. Emphasis on issues of confrontation and collaboration between countries regarding development strategies, trade, and technology transfer.

Prospective students are strongly recommended to take POSC 371.

486. National Security Policies (3)

Analysis of strategic posture with emphasis on military, political and economic inter-relationships as they influence national security and international politics.

490H. Honors Seminar (3)

Prerequisites: Admission to the Honors Program in Political Science.

The nature and development of political science and its relationship to other disciplines in the Social Sciences. Recent developments in conceptual analysis and theory are emphasized. (Seminar.) Course meets with POSC 500, POSC 525, or POSC 550.

491H. Honors Research (3)

Prerequisite: Admission to the Honors Program in Political Science.

Research for writing an Honors thesis under the direction of a faculty member. (Independent Study.)

492H. Honors Thesis (3)

Prerequisites: POSC 491H.

Research and writing of an Honors thesis under the direction of a department faculty advisor.

(Independent Study)

493. Selected Topics in Political Science (3)

Prerequisite: Consent of instructor.

Analysis of selected contemporary issues and problems.

Topics announced in the *Schedule of Classes*.

494. Politics of the Future (3)

Prerequisites: GE Foundation requirement, one or more Explorations courses, and upper-division standing.

Study of present-day global problems: overpopulation, depletion of resources, environmental decay and their future political implications. Examination of alternative policies, future politics and institutional change. The technological revolutions and the totalitarian temptation.

496. Washington Center Internship (3)

Prerequisites: Upper-division standing and consent of instructor.

Students undertake a 30-35 hr. per week career-related internship in a federal, corporate or independent sector agency located in Washington D.C. A final written report is required. Concurrent enrollment in an independent studies course required.

Credit/No Credit grading only. May be repeated to a maximum of 9 units.

497. Selected Topics in Political Science (3)

Prerequisite: Consent of instructor.

Analysis of selected contemporary issues and problems.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

498. Practicum in Politics (1-3)

Prerequisite: Consent of instructor and department chair.

Political or governmental experience supplemented by reading and research under the direction of a faculty member.

May be repeated for a maximum of 6 units in the same semester. No more than three units may apply toward the major in political science. A maximum of 6 units may be earned in POSC 418, POSC 447, POSC 448, and POSC 498 combined.

499. Readings and Conference in Political Science (1-3)

Prerequisite: Consent of instructor.

Directed reading to permit independent pursuit by advanced students on topics of special interest.

Hours to be arranged. Graduate students who have had this course as an undergraduate may repeat it.

GRADUATE LEVEL

500. Foundations and Scope of Political Science (3)

Prerequisite: Graduate standing in Political Science or consent of instructor.

Competing approaches to the analysis of political phenomena. Substantive models of social and political order and change as well as methodological arguments about the nature of explanation in political science.

Letter grade only (A-F).

525. Seminar in Political Theory (3)

Prerequisite: Graduate standing in political science or consent of instructor.

Analysis of key topics in the canon of Western political theory, including ancient political thought, modernity (including feminism and identity politics), and postmodernity (eg., postcolonial theory, deconstruction).

Letter grade only (A-F).

550. Research Methods in Political Science (3)

Prerequisite: Graduate standing in political science or consent of instructor.

Methods of empirical political science research; the formulation of hypotheses, problems and standards of measurement and observation; methods of data collection; research design and logic of data analysis. No prior knowledge of statistics is assumed.

Letter grade only (A-F).

590. Advanced Study (3)

Prerequisite: Consent of Graduate Coordinator and Instructor.

Study under the supervision of a faculty member. Student must fulfill requirements of a selected upper division course plus additional work appropriate to graduate study as determined by the Instructor of the course.

May be repeated to a maximum of 6 units with different topics.

599. Graduate Studies (3)

Prerequisites: Consent of Graduate Coordinator and instructor.

Individual graduate level study and research of special topics under the supervision of a faculty member.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

600. Seminar in International Politics (3)

Prerequisites: Graduate standing in Political Science or consent of instructor; POSC 371 or equivalent.

Examination of the role of power, multiple dimensions of national interest, collective security, world peace, nationalism, and imperialism.

Letter grade only (A-F).

605. Selected Topics in International Politics (3)

Prerequisite: Graduate standing in political science or consent of instructor

Analysis of historical and contemporary international events, processes, trends, and system dynamics. Emphasis on the application of both critical and practical, problem-solving theories and methods to the assessment and evaluation of foreign policy options and choices. Case study approach.

Letter grade only (A-F).

610. Seminar in Comparative Politics (3)

Prerequisite: Three upper division units in comparative government.

Study of key theories and concepts of comparative politics, such as democratization, economic and political development, social movements and revolutions.

Letter grade only (A-F).

615. Selected Topics in Comparative Politics (3)

Prerequisite: Graduate standing in political science or consent of instructor

Application of comparative politics concepts and theories to contemporary issues, with particular emphasis on the policy implications for various countries and regions of the world.

Letter grade only (A-F).

640. Seminar in American Political Behavior (3)

Prerequisites: Graduate standing in political science or consent of instructor

Examination of contemporary literature on mass political behavior in the United States, including overt forms of political behavior such as voting, and long-standing questions about the origins and consequences of the American public's political attitudes.

Letter grade only (A-F).

642. Seminar in American Political Institutions (3)

Prerequisite: Graduate standing in political science or consent of instructor

Examination of U.S. political institutions, including why the U.S. has the institutions it has, how scholars understand them, the nature of these institutions, and the linkage institutions that connect citizens to government, including political parties and interest groups.

Letter grade only (A-F).

644. Selected Topics in Policy and Politics (3)

Prerequisite: Graduate standing in political science or consent of instructor

Approaches to the study of American policy and politics. Analysis of historical and contemporary policymaking, and the impact of public policy upon institutions and political behavior.

Letter grade only (A-F).

646. Selected Topics in Law and Politics (3)

Prerequisite: Graduate standing in political science or consent of instructor

Examination of the role, processes, and dynamics of law, courts, and judges in the American political system, including law and American society; political controversies over judges, courts and cases; features of courts; judicial selection and decision-making; legal interpretation; and judicial effectiveness.

Letter grade only (A-F).

695. College Teaching Practicum (3)

Prerequisite: Consent of Graduate Coordinator.

Internship provides teaching experience in community college. No more than three units of this practicum may be applied to the Masters requirements in Political Science.

Credit/No Credit grading only.

697. Directed Research (3)

Prerequisite: Consent of Graduate Coordinator.

Intensive study under the guidance of a faculty member. Three units required of non-thesis students who have been advanced to candidacy for the master's degree in political science.

Letter grade only (A-F).

698. Thesis (3)

Prerequisite: Consent of Graduate Coordinator.

Planning, preparation and completion of thesis for the master's degree.

May be repeated to a maximum of 6 units.

Letter grade only (A-F)

PSYCHOLOGY

College of Liberal Arts

Department Chair: David J. Whitney

Department Office: Psychology Building (PSY), Room 100
Telephone / FAX: (562) 985-5001 / (562) 985-8004
Website: <http://www.csulb.edu/psychology>

Faculty: Courtney Ahrens, James H. Amirkhan, Dan Chiappe, Young-Hee Cho, Chi-Ah Chun, Maricela Correa, David A. Dowell, Martin S. Fiebert, Dennis G. Fisher, Gino A. Galvez, Araceli Gonzalez, May Ling Halim, Diane W. Lee, Lisa Maxfield, James D. Miles, William Pedersen, Patricia Rozee, Sherry A. Span, Lindsey Sterling, Thomas Z. Strybel, Dustin B. Thoman, Guido G. Urizar, Jr., Kim-Phuong L. Vu, Christopher R. Warren, Amy Wax, David J. Whitney, Arturo Zavala

Department Administrator: Sheri Hale

Advisors:

Undergraduate: ATLAS Advising Center / (562) 985-7804
Graduate: Diane Roe / (562) 985-5000

Psychology Research Office: PSY 206 / (562) 985-5680

Career Possibilities

Professor • Research Scientist • Research Analyst • Clinical Psychologist • Research Technician • Safety Officer • Laboratory Manager • Market Research • Statistician • Nursing • Human Factors • Counselor • Community Organization Worker • Personnel Analyst • Employment Interviewer • School Psychologist • Sports Psychologist • Career Counselor • Marriage and Family Therapist • Lawyer • Parole and Probation Officer • Teacher • Public Relations Worker • Researcher • Claim Adjuster • Sales Representative • Industrial Psychologist • Vocational Rehabilitation Counselor • Manager Trainee (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.) Various entry-level positions in business and industry are available for graduates regardless of academic discipline.

Introduction

Please visit our website www.csulb.edu/psychology. For the Bachelor's degree, select "Undergraduate Program." For the Master of Arts in Psychological Research, Master of Science in Human Factors, and Master of Science in Industrial-Organization Psychology degrees, select "Graduate Programs." For all programs, advising is available year round.

The Master's Programs provide specialized training in three areas: Master of Arts - Psychological Research Program, Master of Science in Human Factors, and the Master of Science in Industrial-Organizational Psychology.

Undergraduate Programs

Bachelor of Arts in Psychology (120 units)

Admission Under Impaction

Refer to the following website for additional impaction criteria: <http://www.csulb.edu/depts/enrollment/admissions/transfers.html>.

Learning Goals and Technical Skills

Students who graduate with a major in psychology should have current knowledge of: the major theories in psychology; the methodologies of psychological research and statistical concepts; the biological processes underlying behavior; sensation, perception, information processing and retention; how behaviors develop and change; how internal, environmental, and social factors influence behavior; individual differences in behavior, including those related to gender, ethnicity, and culture; different perspectives on the origin and treatment of abnormal behavior; ethical issues in teaching, research, and the practice of professional psychology.

Requirements

The psychology curriculum is designed to provide undergraduate students with a broad background in the principles of Psychology.

Lower Division (14 units):

Take all of the following courses:

PSY 100 General Psychology (3)

* "C" or better required

Prerequisite/Corequisite: GE A1 requirement.

PSY 210 Introductory Statistics (4)

* "C" or better required

Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

PSY 220 Research Methods (4)

* "C" or better required

Prerequisites: : PSY 100; PSY 210 or SOC 250 or HDEV 250 with a grade of 'C' or better, and Completion of GE A1 (Written Communication) requirement.

PSY 241 Psychobiology (3)

Prerequisites: PSY 100, GE A1 requirement.

Upper Division:

Take the following course:

PSY 301 Introduction to Psychology as Discipline and Profession (3)

Prerequisites: PSY 100.

Take two courses (6 units) from the following:

PSY 331, PSY 332, PSY 333, PSY 336, PSY 337; PSY 340 or PSY 341 or PSY 342;

Take two courses (6 units) from the following:

PSY 351, PSY 356; PSY 361 or PSY 365;

Take two courses (6 units) from different groups:

1. PSY 354, PSY 362, PSY 363, PSY 370, PSY 383;
2. PSY 310, PSY 314, PSY 315, PSY 359;
3. PSY 327, PSY 346, PSY 373, PSY 375, PSY 378, PSY 381;

Take 6 units of 400-level PSY courses. No more than 3 units from PSY 405, PSY 406A or PSY 406B may be counted in this category. PSY 499 cannot be counted to satisfy this requirement.

Take 6 units of any upper division psychology courses not used to satisfy the requirements above;

Take 6 units of upper division units in American Indian Studies, American Studies, Asian and Asian American Studies, Anthropology, Africana Studies, Chicano and

Latino Studies, Communication Studies, Comparative World Literature & Classics, Economics, English, Environmental Science and Policy, Geography, History, Human Development, International Studies, Journalism & Mass Communication, Linguistics, Philosophy, Political Science, Religious Studies, Romance, German and Russian, Social Work, Sociology, Women, Gender and Sexuality Studies. At least 3 units must have an emphasis in contemporary U.S. ethnic studies. A list of acceptable ethnic studies courses may be obtained from the Psychology Resource Office in PSY 206.

The mission of the Psychology Resource Office (PRO-PSY room 206) is to prepare psychology majors for life after graduation. PRO provides students with guidance to get the most out of their education in order to best achieve their future career goals. Some of our most popular resources include: 1) learning about the department(e.g. what specific courses are like) 2) how to get involved in important activities (e.g., research, internships), 3) finding out about graduate school programs and how to maximize their application's competitiveness, and 4) how to find job opportunities with a Psychology B.A. PRO also provides a one-on-one mentoring program called PALS (PRO Academic Life Solutions) to assist psychology majors with maximizing their academic success and to explore graduate school/ career goals.

Honors in Psychology

Admission Requirements

1. Admission to the major.
2. At least a 3.5 GPA in all Psychology courses.
3. At least a 3.25 overall GPA.
4. Signed contract from a psychology faculty member agreeing to serve as Honors Thesis Chair.
5. Submission of honors application to the Psychology Honors Advisory Committee.
6. Commitment to three semesters in the Honors program

Requirements

In order to graduate with Honors in Psychology a student must:

1. Complete all regular requirements for the psychology major.
2. Earn minimum 3.5 upper division GPA and minimum 3.5 Psychology GPA by the time of graduation.
3. Complete 4 units in PSY 310: Intermediate Statistics.
4. Complete 3 units in PSY 490H: Special Topics - Honors with a "B" or higher.
5. Complete 3 units in PSY 496H: Research Preparation: Development of a Thesis Proposal with a "B" or higher.
6. Complete 3 units in PSY 498H: Senior Honors Thesis with a "B" or higher.
7. Complete 1 unit in PSY497H: Senior Honors Thesis - Presentation.
8. Complete 3 units in any other 400 level psychology course exclusive of PSY 405, PSY 406 or PSY 499.

Minor in Psychology

The Minor in Psychology is available to any non-Psychology major. Due to the impacted status of the Psychology Department, students wishing to earn a minor must earn a "C" or better in PSY 100, PSY 210 and PSY 220, prior to taking any other PSY courses that will count toward the minor.

A minimum of 23 units will be required; 9 of which must be upper division.

Take all the following courses:

PSY 100 General Psychology (3)

Prerequisite/Corequisite: GE A1 requirement.

PSY 210 Introductory Statistics (4)

* "C" or better required

Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

PSY 220 Research Methods (4)

Prerequisites: : PSY 100; PSY 210 or SOC 250 or HDEV 250 with a grade of 'C' or better, and Completion of GE A1 (Written Communication) requirement..

PSY 241 Psychobiology (3)

Prerequisites: PSY 100, GE A1 requirement.

Take 9 upper-division psychology units including at least one course from the following courses: PSY 331, PSY 332, PSY 333; PSY 336, PSY 337; PSY 340 or PSY 341 or PSY 342; and at least one course from PSY 351, PSY 356; PSY 361 or PSY 365; and one upper division Psychology elective.

Graduate Programs

For information about graduate programs go to www.csulb.edu/psychology, select "Graduate Programs."

The Department offers the following graduate programs: Master of Arts degree in Psychological Research; Master of Science degree, option in Human Factors and option in Industrial/Organizational Psychology. In each option a basic core of courses, including a thesis, is required; however, there is the opportunity for additional work in areas of special interest.

Admission to Graduate Programs

A department application for admission may be obtained on the Psychology Department web site (go to www.csulb.edu/psychology, select "Graduate Programs"). Acceptance by the department is contingent upon (a) GPA based on last 60 semester units available at time of application; (b) Graduate Record Examination (GRE) General Test scores; and (c) three letters of recommendation. For entry in the fall semester, all department application materials, including GRE scores and letters of recommendation, must be received by the department Graduate Advisor by December 1 for the Master of Science - Industrial/Organizational option, and January 15 for both the Master of Arts - Psychological Research option and the Master of Science - Human Factors option. A separate application to CSULB must be filed via www.csumentor.edu by December 1 for the Industrial/Organizational option, and January 15 for the Psychological Research and Human Factors options - contact Enrollment Services for transcript deadlines.

Financial Support

Students accepted into the graduate programs may apply for graduate assistantships (which provide monthly stipends) in Psychology or related departments on campus. Federal Work Study assignments are available in the Department, but must be applied for through the University Financial Aid Office one or two semesters prior to obtaining the assignment; other aid available includes the Graduate Research Fellowship (GRF). One student from the Master of Arts - Psychological Research and the Master of Science - Industrial/Organizational Psychology programs' entering class may be awarded a J. Robert Newman Scholarship. Boeing University Relations Human Factors Graduate Scholarship and NASA University Research Centers Scholarships are offered through the Master of Science - Human Factors program.

Master of Arts in Psychology

Option in Psychological Research

This is a 30-unit degree program.

Prerequisites

All students fulfill the requirements in Item #1 and choose either Item #2 or Item #3.

1. Take 6 units of college level work in chemistry, physics, biology or mathematics as approved by the graduate advisor. No more than 3 of the 6 units may be in approved mathematics courses.
2. A bachelor's degree with a major in psychology that includes:
 - A. Take two courses from different groups:
 1. PSY 331, PSY 332, PSY 333
 2. PSY 336, PSY 378
 3. PSY 340, PSY 341, PSY 342
 - B. Take one course from the following:
PSY 351, PSY 356, PSY 361, PSY 365
 - C. Take the following course:
PSY 310 Intermediate Statistics (4)
Prerequisites: PSY 100, PSY 210.
3. A bachelor's degree with a major other than psychology and 24 units of upper division psychology substantially equivalent to those required for the baccalaureate degree at this university, including:
 - A. Take two courses from different groups:
 1. PSY 331, PSY 332, PSY 333
 2. PSY 336, PSY 378
 3. PSY 340, PSY 341, PSY 342
 - B. Take one of the following courses:
PSY 351, PSY 356, PSY 361, PSY 365
 - C. Take the following course:
PSY 310 Intermediate Statistics (4)
Prerequisites: PSY 100, PSY 210.

Advancement to Candidacy

Advancement to Candidacy is the next step after achieving classified status and confers catalog rights to graduate students. It also signifies approval of a plan of study by the graduate student's major, department, and college. Advancement requirements are:

1. Application for Advancement to Candidacy must be

completed prior to or concurrent with enrollment in PSY 698 (Thesis).

2. Classified status.
3. An approved program of studies for the Master of Arts, Psychological Research option degree.
4. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).
5. A minimum 3.0 overall GPA and a 3.0 GPA in all units undertaken for the program (at least 6 graduate units).
6. Enrollment in regular session.

Requirements

1. The student must complete, as a graduate student, 30 units of graduate coursework (501-698), 24 of which must be in Psychology (not including PSY 697) including:
 - A. Take one of the following:
PSY 511, PSY 512 if PSY 411 or PSY 412 or equivalent not taken as an undergraduate;
 - B. Take the following course during the first semester:
PSY 596 Proseminar on Graduate Research (3)
Prerequisites: Admission to MAPR program, consent of instructor; consent of graduate advisor.
 - C. Take the following course (comprehensive exam required) during the second semester:
PSY 696 Research Methods (3)
Prerequisites: PSY 411/511 or PSY 412/512, PSY 596, and consent of graduate advisor.
 - D. Take three courses chosen from the following:
PSY 631, PSY 632, PSY 633, PSY 634, PSY 635, PSY 637, PSY 651, PSY 656, PSY 661 or PSY 678
(with comprehensive exams in two of the three courses);
 - E. Take the following course:
PSY 698 Thesis (6)
Prerequisites: Advancement to candidacy, consent of graduate advisor.
2. With graduate advisor's approval a maximum of 6 units from related areas may be used for 6 of the 30 units.
3. Attendance at six Department Colloquia, four of which must be completed prior to preliminary oral examination, all six must be completed prior to final oral examination.
4. Completion of all requirements as established by the MA Psychological Research Committee.
5. Comprehensive examinations taken in three of the four required graduate seminars, as outlined in 1C and 1D above.
6. A preliminary oral examination on the thesis proposal and a final oral examination in defense of the completed thesis.

Student Learning Outcomes

By the end of the M.A. program in psychological research, students will demonstrate that they can:

1. Summarize and critique the psychology literature, particularly within their chosen area of specialization.
2. Use core theories from their area of specialization to guide the development and implementation of research studies.
3. Demonstrate their understanding of the range of basic and applied research designs used to address

psychological issues.

4. Demonstrate their understanding of the development of research instruments and indicators of reliability and validity relative to one's area of specialization.
5. Demonstrate their knowledge of the range of analytic techniques that are used in psychology, particularly univariate and multivariate statistical techniques.
6. Communicate both orally and in writing at a level that is appropriate for professionals in their chosen area of specialization.

Master of Science in Psychology

Option in Human Factors

Prerequisites

1. An undergraduate major in Psychology or in another field with 24 units of upper division psychology. A minimum grade point average of approximately 3.0 for the last 60 semester units (90 quarter units) and for all PSY units.
2. Take all the following courses or their equivalents:
 - PSY 310 Intermediate Statistics (4)
Prerequisites: PSY 100, PSY 210.
 - PSY 331 Sensation and Perception (3)
Prerequisites: PSY 100, PSY 220, PSY 241.
 - PSY 332 Human Cognition (3)
Prerequisites: PSY 100, PSY 220, PSY 241.

Students lacking only PSY 310 may be admitted to the program but must complete the course their first semester in attendance.

Advancement to Candidacy

Satisfy the general requirements of the university for advancement to candidacy.

Requirements

1. A minimum of 36 units of upper division and graduate work including the following:
 - PSY 511 Statistical Design & Analysis of Experiments (3)
Prerequisite: PSY 310 or consent of instructor.
 - PSY 518 Computer Applications in Psychology (3)
Prerequisites: PSY 310 or equivalent or consent of instructor.
 - PSY 527 Human Factors (3)
Prerequisites: PSY 310 and two of the following: PSY 331, 332 or 333.
 - PSY 627 Human Factors' Methods (3)
Prerequisite: PSY 527 or consent of instructor.
 - PSY 633 Seminar in Perception and Attention (3)
Prerequisites: PSY 331 or PSY 332 or consent of instructor; consent of graduate advisor.
 - PSY 635 Seminar on Situation Awareness (3)
Prerequisites: PSY 331 or PSY 332 or consent of instructor or/ and consent of graduate advisor.
 - PSY 698 Thesis (1-6)
Prerequisites: Advancement to candidacy, consent of graduate advisor.
 - MAE 508 Systems Engineering and Integration (3)
Prerequisite: Senior standing or consent of instructor.
 - CECS 448 User Interface Design (3)
Prerequisite: CECS 343 or consent of instructor.

Take one of the following:

- PSY 533 Research in Cognition and Learning (3)
Prerequisites: PSY 220, 310, and PSY 331 or PSY 332 or

PSY 333.

PSY 634 Seminar in Cognition (3)
Prerequisites: PSY 332 or PSY 333 or consent of instructor; consent of graduate advisor.

Take one course from the following:

PSY 512, PSY 544, PSY 696, PSY 697; ENGL 419 or otherwise approved by the program committee.

2. A preliminary oral examination on the thesis proposal and a final oral examination in defense of the completed thesis.

Student Learning Outcomes

At the end of the program, students should have the ability to:

1. Apply their knowledge of psychology to the design of jobs, information systems, consumer products, workplaces, and equipment to improve user performance, safety, and comfort.
2. Apply methodologies that are used in the design of human-machine systems.
3. Design research to answer basic and applied issues in Human Factors.

Option in Industrial and Organizational Psychology

This is a 36-unit program.

Prerequisites

1. A bachelor's degree with a major in psychology or 24 upper division units of psychology.
2. Take both of the following courses:
 - PSY 220 Research Methods (4)
Prerequisites: : PSY 100; PSY 210 or SOC 250 or HDEV 250 with a grade of 'C' or better, and Completion of GE A1 (Written Communication) requirement.
 - PSY 310 Intermediate Statistics (4)
Prerequisites: PSY 100, PSY 210.

Take one of the following courses:

PSY 314, PSY 315

Take one of the following courses:

PSY 332, PSY 333

Take one of the following courses:

PSY 351, PSY 381, PSY 453/553

Students may be admitted to the MSIO program if they lack only one required course. The missing course must be completed within the first year of graduate study. However, PSY 314 or PSY 315 AND PSY 351 or PSY 381 or PSY 453/553 must be completed prior to MSIO program entry, as they are prerequisites for the first semester MSIO program coursework. Students missing more than one prerequisite course at the time of application may be offered provisional admission if they submit an approved plan to take the missing courses prior to admission to the program.

Advancement to Candidacy

Advancement to Candidacy is the next step after achieving classified status and confers catalog rights to graduate students and signifies approval of a plan of study by the graduate student's program, department, and college. The prerequisites to advancement are:

1. Application for Advancement to Candidacy must be completed prior

to or concurrent with enrollment in PSY 699 (Directed Research and Portfolio) or PSY 698 (Thesis).

2. Classified status.
3. An approved program of studies for the Master of Science, Industrial and Organizational option degree.
4. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).
5. A minimum 3.0 overall GPA and a 3.0 GPA in all units undertaken for the program (at least 6 graduate units).
6. Be enrolled in regular session.

Requirements

Students must declare their intention to pursue one of two possible tracks within the MSIO degree, either Track 1: Applied, or Track 2: Thesis Research at the time of Advancement to Candidacy. Students intending to pursue a career in the application of Industrial-Organizational psychology to business and industry are encouraged to pursue the Applied track. Students seeking to pursue a doctoral degree in Industrial-Organizational psychology immediately upon graduation of the MSIO degree are encouraged to pursue the Thesis Research track.

Track 1: Applied/Portfolio

1. The student must complete a minimum of 36 units of graduate course work.

Take all of the following:

PSY 515 Test Construction Theory and Practice (3)
Prerequisites: PSY 310 and either PSY 314 or PSY 315.

PSY 581 Organizational Psychology (3)
Prerequisites: PSY 351 or PSY 381 or PSY 453/553.

PSY 582 Research in Industrial and Organizational Psychology (3)
Prerequisites: PSY 220 and PSY 310.

PSY 585 Proseminar in Personnel Psychology (3)
Prerequisites: PSY 314 or PSY 315.

PSY 683 Issues Organizational Development (3)
Prerequisites: PSY 581.

PSY 686 Issues in Training (3)
Prerequisites: PSY 332 or PSY 333, and PSY 585.

PSY 688 Practicum in Industrial and Organizational Psychology (3)
Prerequisites: At least 12 units of graduate-level coursework within the MSIO program.

PSY 699 Directed Research and Portfolio (3)
Prerequisites: Advancement to candidacy, consent of graduate advisor and instructor.

Take two courses chosen from the following:

PSY 511, PSY 512, PSY 523 or an approved substitute

Take two courses from the following:

PSY 501, PSY 518, PSY 527, PSY 533, PSY 544, PSY 553, PSY 575, PSY 634, PSY 637, PSY 651, PSY 656; HRM 445

2. An approved Student Learning Portfolio.
3. Students with credit in PSY 411, PSY 412, or PSY 423 as undergraduates may petition the MSIO Program Committee to substitute a maximum of 3 units from related areas toward the 36-unit program.

Track 2: Research/Thesis

1. The student must complete a minimum of 36 units of graduate course work.

Take all of the following:

PSY 515 Test Construction Theory and Practice (3)

Prerequisites: PSY 310 and either PSY 314 or PSY 315.

PSY 581 Organizational Psychology (3)

Prerequisites: PSY 351 or PSY 381 or PSY 453/553.

PSY 582 Research in Industrial and Organizational Psychology (3)

Prerequisites: PSY 220 and PSY 310.

PSY 585 Proseminar in Personnel Psychology (3)

Prerequisites: PSY 314 or PSY 315.

PSY 683 Issues Organizational Development (3)

Prerequisites: PSY 581.

PSY 686 Issues in Training (3)

Prerequisites: PSY 332 or PSY 333, and PSY 585.

PSY 688 Practicum in Industrial and Organizational Psychology (3)

Prerequisites: At least 12 units of graduate-level coursework within the MSIO program.

PSY 698 Thesis (6)

Prerequisites: Advancement to candidacy, consent of graduate advisor. MSIO students.

Take two courses chosen from the following:

PSY 511, PSY 512, PSY 523 or an approved substitute

Take one course from the following:

PSY 501, PSY 518, PSY 527, PSY 533, PSY 544, PSY 553, PSY 575, PSY 634, PSY 637, PSY 651, PSY 656; HRM 445

2. Students with credit in PSY 411, PSY 412, or PSY 423 as undergraduates may petition the MSIO Program Committee to substitute a maximum of 3 units from related areas toward the 36-unit program.

Student Learning Outcomes

An MSIO student will demonstrate competency:

1. as an informed consumer of the knowledge of the history and systems of psychology in general, and the history and systems of I-O psychology in particular.
2. as an informed consumer of the knowledge of core I-O content areas and a practitioner applying this knowledge to I-O issues in workplace settings.
3. as an applied researcher, demonstrating (a) the knowledge of basic applied research methods, (b) data collection and statistical analysis skills and abilities, (c) oral presentation skills, and (d) report writing skills.
4. as a culturally aware participant in diverse organizational settings.

Courses (PSY)

LOWER DIVISION

100. General Psychology (3)

Prerequisite/Corequisite: GE A1 requirement.

Introduction to the scientific study of human behavior. Provides a basis for further study and for application to everyday life. Topics include biological foundations of behavior, motivation, emotion, learning, memory, thinking, personality, development, social behavior, abnormal behavior, methods of therapy.

130. Critical Thinking (3)

Prerequisite: GE A1 requirement.

The nature of critical thinking; models and strategies; common fallacies of reasoning; self-regulation in the thinking process; application of critical thinking to specific areas.

150. Personality and Social Behavior (3)

Prerequisite/Corequisite: One GE Foundation course.

Psychological principles pertinent to the understanding of personality and interpersonal dynamics. Discussion of research and theories of social motivation, conflict and anxiety, adjustment mechanisms and personality change.

210. Introductory Statistics (4)

Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

Calculation and meaning of statistical measures. Descriptive and inferential statistics.

Not open for credit to students with credit in PSY 110. (Lecture 3 hours, laboratory 2 hours)

220. Research Methods (4)

Prerequisites: : PSY 100; PSY 210 or SOC 250 or HDEV 250 with a grade of 'C' or better, and Completion of GE A1 (Written Communication) requirement.

Introduction to basic research methods in Psychology. Principles of experimentation, naturalistic observation, correlational studies.

Not open for credit to students with credit in PSY 200. (Lecture 3 hours, laboratory and field 3 hours)

241. Psychobiology (3)

Prerequisites: PSY 100, GE A1 requirement.

Introduction to the study of behavior from a biological point of view. Biological systems and processes underlying behavior, with emphasis on brain mechanisms, presented in the context of fundamental concepts and issues in psychology.

Not open for credit to students with credit in PSY 141.

278. Prevention and Treatment of Domestic Violence (3)

Prerequisite: PSY 100.

In-depth look at domestic violence. Students learn about types of violence, prevalence rates and the etiology of domestic violence. Students also learn about legal, medical and therapeutic responses to domestic violence, as well as prevention and public policy interventions.

UPPER DIVISION

300. Mind Control or Freedom (3)

Prerequisites: PSY 100, GE Foundation requirement, one or more explorations courses and upper division standing.

Theories of persuasion and how people control others using informational, manipulative and coercive approaches; sources of power in society; and the psychological and ethical implications of freedom and responsibility in coping with control attempts by friends, government, advertisers, cults.

301. Introduction to Psychology as a Discipline and Profession (3)

Prerequisite: PSY 100.

Covers scope and value of psychology major including preparation for graduate work, careers available at varying degree levels, ethical considerations, key historical concepts, and essential skills like library search techniques, using APA format, and study skills.

(6 hrs activity)

310. Intermediate Statistics (4)

Prerequisites: PSY 100, PSY 210.

Basic theoretical concepts of statistics and use of these concepts in selection and development of model testing, hypothesis testing and parameter estimation procedures. Both single measure (univariate)

and correlation (bivariate) concepts are included.

(Lecture 3 hours, laboratory 2 hours)

314. Psychological Assessment (3)

Prerequisites: PSY 100, PSY 210, PSY 220.

Principles of assessment applied to the measurement of individual behavior and to programs intended to affect behavior. Includes interviews, tests and other methods.

315. Principles of Psychological Testing (3)

Prerequisites: PSY 100, PSY 210, PSY 220.

Principles and practices of group and individual testing in the fields of intelligence, aptitude, achievement, personality and interest. Emphasis on the evaluation of tests as measuring devices, their applicability and limitations.

327. Introduction to Human Factors (3)

Prerequisites: GE Foundation requirement, one Explorations course, and upper division standing

Introduction to the field of human factors, a discipline concerned with designing products and systems for human use.

329A. Advanced Research Methods in Mental Health (3)

Prerequisites: PSY 100, PSY 210, PSY 220, Admission to COR program and consent of instructor.

Introduction to fundamental and advanced methods relevant to mental health research as well as current directions and cutting edge research in the field of mental health. Development and execution of an independent research project on topics related to mental health.

329B. Advanced Research Methods in Mental Health (3)

Prerequisites: PSY 329A, Admission to COR program and consent of instructor.

Introduction to fundamental and advanced methods relevant to mental health research as well as current directions and cutting edge research in the field of mental health. Development and execution of an independent research project on related topics.

331. Sensation and Perception (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Introduction to the scientific study of sensory processes and perceptual principles from a psychophysical and physiological perspective, and the methods used to investigate them. Topics may include vision, audition, psychophysics, and object and space perception.

332. Human Cognition (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Study of higher-order processes basic to the acquisition of knowledge. Includes thinking, problem solving, creativity, information processing, decision making, judgment, concepts and imagination.

333. Psychology of Learning (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Learning is a relatively permanent change in behavior resulting from experience. Emphasizes interaction of biological and environmental variables in the processes of instinct, habituation, sensitization, Pavlovian conditioning, instrumental learning, and cognition; examination of methods, theory and applications.

336. Psychology of Emotion (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Discussion of research and theories of emotions. Includes the evolution of emotions, neurophysiological mechanisms of emotion, development of emotions, expressions of emotions, and emotions in social relationships, with an emphasis on the emotions of anger, grief, happiness, jealousy, and love.

337. Psychology of Happiness (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Examines research in human happiness. Topics include: Assessing happiness, the adaptive function of positive emotions, the relation between wealth and happiness, personality characteristics of happy individuals, international differences in happiness, and strategies for enhancing the happiness of individuals.

339. Psychology of Sport Behavior and Athletic Performance (3)

Prerequisites: GE Foundation requirement, PSY 100 and upper division standing.

Psychological dimensions of attitudes, behaviors, and performance in sport and exercise environments.

Same course as KIN 339. Not open for credit to students with credit in KIN 339.

340. Physiology of Behavior (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

An in-depth examination of central nervous system (CNS) components that create our behavioral capabilities. Topics include major structural and functional features of the neuron and of selected systems representative of the sensory, integrative, and motor capabilities of the CNS.

341. Neuropsychology (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Localization of brain regions responsible for human capabilities as studied in patients with brain damage, normal people, and nonhumans. How brain damage is assessed and treated. Relation of findings to function of normal brains.

342. Psychopharmacology (3)

Prerequisites: PSY 100, PSY 220, PSY 241.

Introduction to the effects of major classes of psychoactive drugs on the central nervous system. Topics include anatomical and functional characteristics of neurotransmitter systems; pharmacology of drug administration; and physiological and psychological actions of selected classes of psychoactive drugs.

346. Evolutionary Psychology (3)

Prerequisites: GE Foundation requirement and one or more Explorations courses, PSY 100 and upper division standing.

Human social behavior as seen in context of evolutionary biology. Topics include the importance of kinship in human societies, altruism and reciprocity, human sexuality, parent-offspring relations, ethical and legal systems and religion.

350. Psychology and Contemporary Social Issues (3)

Prerequisites: PSY 100, GE Foundation requirement, one or more explorations courses and upper division standing.

Application of social psychological principles toward understanding major contemporary social issues. Each issue covered is presented in its historical context, and the economic, political, social and cultural aspects are examined.

351. Social Psychology (3)

Prerequisite: PSY 100.

Study of individuals and groups as they are affected by social interactions. Topics may include social cognition, attitudes and persuasion, social influence, interpersonal perception and attraction, aggression, altruism, and group dynamics.

354. Psychology of Women (3)

Prerequisite: PSY 100.

Examination of women's roles throughout the lifespan including gender differences, body image, pregnancy, sexuality, communication, relationships, motherhood, work, physical and mental health. Attitudes toward women, including violence against women, may be explored. This course is for both men and women.

356. Personality (3)

Prerequisite: PSY 100.

Survey of classical theories and methods in Personality psychology, with a sampling of current research. Examines how and why people differ in personality, and the ways these differences are reflected in thoughts, feelings, motivations, and behaviors.

359. Self-Observation and Self-Development (3)

Prerequisite: PSY 100.

Examination of personal traits and behavior patterns as reflected by objective measures, group interactional procedures and video feedback. Development of self through systematic self-observation.

361. Psychology of Child and Adolescent Development (3)

Prerequisite: PSY 100.

Developmental change processes from prenatal development through adolescence. Emphasis on ethnic, gender, and social class differences in development combined with emphasis on the universal features of human development. Topic coverage includes physical-motor, social, physiological, and cognitive aspects of development.

362. Autism Spectrum Disorders (3)

Prerequisite: PSY 100.

Introduction to autism spectrum disorders (ASDs), including consideration of behavioral and cognitive issues, comorbid disorders, prevalence, possible etiology and psychological impacts on families. Examination of treatment approaches such as behavioral, speech, physical, occupational, educational, dietary and biomedical therapies.

363. Developmental Psychopathology (3)

Prerequisite: PSY 100.

Research on psychiatric disorders of children and adolescents from a developmental perspective. The symptoms, causes, course and prevention of the most important childhood disorders are discussed, including conduct disorder, attention deficit hyperactivity, depression, anxiety disorder, autism and mental retardation.

365. Psychology of Adult Development and Aging (3)

Prerequisite: PSY 100.

Methodological and theoretical problems and issues in the study of developmental change processes from young adulthood through old age. Topical coverage includes physical-motor, social, physiological and intellectual aspects of behavioral functioning.

370. Abnormal Psychology (3)

Prerequisite: PSY 100.

Overview of abnormal behavior as a portion of continuum of human behavior. Covers field's historical approaches, range of psychological disorders, as well as causes, consequences, and treatment of these disorders.

373. Introduction to Clinical Psychology (3)

Prerequisites: PSY 100, PSY 370.

Survey of field of clinical psychology including an introduction to its history, diagnostic procedures, therapeutic process, clinical training, research approaches, and ethical issues.

375. Community Psychology (3)

Prerequisites: GE Foundation requirement, PSY 100, and upper division standing.

Examination, prevention, and interventions for contemporary social problems. First-hand experience with community assessment, intervention, evaluation, and social policy through community service learning. Emphasis on contextual analyses, community strengths, and culturally-appropriate solutions.

377. Serial Killers and Psychopaths: The Psychology of the Criminal Mind (3)

Prerequisites: Criminal Justice majors: A grade of "C" or better in CRJU 304. Psychology majors: PSY 220, PSY 370. All other majors: Consent of instructor.

Integrative examination of the intersection of criminal behavior and severe psychopathology using psychodynamic, behavioral, psychosocial, and neurobiological models. Particular attention is paid to understanding homicide and sex offenses committed by those diagnosed with psychopathy, schizophrenia, and antisocial personality disorder.

Same course as CRJU 408. Not open for credit to students with credit in CRJU 408.

378. Health Psychology (3)

Prerequisite: PSY 100.

Research and theory regarding attitudes, beliefs, and behaviors related to health and illness. Individual difference variables will be examined. Analysis of applications of psychology to prevention, counseling, and treatment of major health problems.

379. Psychology of Stress (3)

Prerequisite: PSY 100.

Introduction to the scientific study of stress and its relationship to health. Course content will focus on understanding the nature of psychological stress, its physiological correlates, and specific strategies used to help in understanding and managing our own experience of stress.

381. Introduction to Industrial-Organizational Psychology (3)

Prerequisite: PSY 100.

Introduction to theories, methods, findings, and applications of industrial-organizational (I-O) psychology. Topics covered include job analysis, employee recruitment and selection, performance appraisal, employee training and development, work stress, teams, satisfaction, motivation, and leadership.

382. Introduction to Cognitive Science (3)

Prerequisites: GE Foundation requirement; at least one Explorations course; upper-division standing; at least 6 units in two areas chosen from computer Science, Linguistics, Philosophy, and Psychology.

Introduction to cognitive science including historical development, foundational philosophical presuppositions, core topics, underlying theoretical framework, explanatory goals, different methodologies and theoretical contributions of its constitutive disciplines.

Same course as PHIL 482. Not open for credit to students with credit in PHIL 482.

383. Women, Family, and Work Issues (3)

Prerequisite: PSY 100.

Opportunities and challenges women in U.S. face with family and work issues explored. Specifically, cultural influences, complex family compositions, work demands, and the collective influence of these factors on women's life choices examined.

384. Workplace Diversity: Barriers and Strategies (3)

Prerequisite: PSY 100.

Current U.S. workforce is diverse along gender, multiracial, and multicultural factors, such as men, women, European Americans, African Americans, Latinos, Asian Americans and others. Understanding psychological barriers and developing strategies at the individual, group, and organizational levels to create a positive multicultural workplace will be explored.

390. Selected Topics in Psychology (3)

Prerequisite: Consent of instructor.

Topics of current interest in psychology selected for intensive development.

May be repeated to a maximum of 9 units with different topics; no more than 6 units may be used for the major. Topics announced in the *Schedule of Classes*.

401./501. History of Psychology (3)

Prerequisites: Psychology major, PSY 301; 6 upper division units in psychology.

Historical background and development of psychology as a science. Contributions of major individuals and systems.

Letter grade only (A-F)

405. Field Work in Psychology (3)

Prerequisites: Psychology major (3.0 GPA), 12 units upper division in PSY, PSY 301, consent of instructor, letter of recommendation.

Supervised internship in a Psychology-related position in the surrounding community. Placements include schools, hospitals, clinics, and community mental health agencies.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters. Course fee may be required.

406A,B. Applications of Psychology (3)

Prerequisite: Psychology major, PSY 301; consent of instructor.

Theoretical and laboratory training in the topic areas are followed by applied work with clients, schools, businesses, etc., as appropriate. Students are supervised by the course instructor.

Students apply for 406A-B during the semester before the courses are taken. Letter grade only (A-F). Course fee may be required.

407./507. Introduction to Family Therapy (3)

Prerequisites: Psychology major, PSY 301; PSY 373 or PSY 475.

Survey of the field of family therapy including origins of differences in family structure, historical development of family therapy theory and practice.

Letter grade only (A-F).

411./511. Statistical Design and Analysis of Experiments (3)

Prerequisites: Psychology major, PSY 301; PSY 310.

Focuses on logic, application, and interpretation of analysis of variance (ANOVA) models in addition to other statistical procedures. Various issues of research design and experimentation are also covered.

Letter grade only (A-F).

412./512. Multivariate Statistical Analysis (3)

Prerequisites: Psychology major, PSY 301; PSY 310.

Covers logic, application, and limitations of multivariate (multiple independent and dependent variables) statistics. Topics may include multivariate analysis of variance, single and multiple correlation/regression, logistic regression, factor analysis, and path analysis.

Letter grade only (A-F).

418./518. Computer Applications in Psychology (3)

Prerequisites: Psychology major, PSY 301; PSY 310.

Foundations of computer technology and its application to psychology. Emphasis on real-time control by digital computers in psychological research and applications.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

423./523. Qualitative Methods and Analysis. (3)

Prerequisites: Psychology Major, PSY 301.

Overview of qualitative research methods and analysis. Students learn to conduct observations, focus groups and qualitative interviews. Inductive analysis techniques such as content analysis and narrative analysis. Application of these skills in a qualitative evaluation of a real-world program.

Letter grade only (A-F).

427./527. Human Factors (3)

Prerequisites: Psychology major, PSY 301; PSY 310 and two of the following: PSY 331, PSY 332 or PSY 333.

Systematic application of psychological principles to the design of person-machine systems. Emphasis in the laboratory on the development of skills required of human factors psychologists. These skills will include systems and analysis, cognitive task analysis, rapid prototyping and usability testing.

(Lecture 2 hrs, laboratory 3 hours) Letter grade only (A-F).

433./533. Research in Cognition and Learning (3)

Prerequisites: Psychology major, PSY301; PSY 310 and one of the following: PSY 331, PSY 332 or PSY 333.

Research methods in cognition, learning, and perception. Laboratory includes experiments on selected topics.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

434. Human Memory: Exploring Brain, Mind and The Past (3)

Prerequisites: Psychology major; PSY 301; and one of the following: PSY 332, PSY 333, PSY 337, PSY 340 or PSY 341.

Memory is essential for successfully navigating our world. Examines classic and modern research and real-world applications in human memory. Students completing this course will practice designing, critiquing and conducting psychological research.

Letter grade only (A-F). (Seminar)

435. Animal Cognition (3)

Prerequisites: Psychology major, PSY 301 and PSY 332 or PSY 333.

Examines the cognitive lives of animals. Discussion includes: instincts, basic learning abilities, insightful problem-solving, categorization and analogical reasoning, short-term and long-term memory, time perception, counting and numerical abilities, perception and navigation, social learning, and communication.

Letter grade only (A-F). Not open for credit to students with credit in PSY 343.

436./536. Psychology of Mood (3)

Prerequisites: Psychology major, PSY 301; PSY 310.

Analyses of normal mood states, including survey of existing literature. Topics may include the relationship of mood to important antecedents and consequences such as sleep-wake cycles, exercise, nutrition, physical health, stress, and cognition.

Letter grade only (A-F).

441./541. Research in Physiological Psychology (3)

Prerequisites: Psychology major, PSY 301; PSY 310 and one of the following: PSY 340, PSY 341 or PSY 342.

Research methods in psychobiology. Includes fundamentals of neuroanatomy, surgical procedures for stimulation, lesioning and recording, and pharmacological procedures used in neuropsychological research.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

444./544. Cognitive Neuroscience (3)

Prerequisites: Psychology major, PSY 301; PSY 310, PSY 332 and one of the following: PSY 340, PSY 341 or PSY 342.

Explores brain systems responsible for cognitive processes in normal humans, integrating theory from texts and current research from original sources.

Letter grade only (A-F).

451./551. Research in Social Psychology (3)

Prerequisites: Psychology major, PSY 301, PSY 310, PSY 351.

Research methods and problems in social psychology.

(Lecture 2 hrs, laboratory 3 hrs.) Letter grade only (A-F).

453./553. Principles of Group Dynamics (3)

Prerequisites: Psychology major, PSY 301; and PSY 351.

Behavior in groups with attention to such factors as leadership, followership, interaction and influence including organization, management, morale, and efficiency. Problems, techniques and methods of investigation.

Letter grade only (A-F).

456./556. Research in Personality (3)

Prerequisites: Psychology major, PSY 301, PSY 310, PSY 356.

Examination of common research methods, especially as they apply to particular theoretical personality paradigms.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

457. Psychology of Sexuality (3)

Prerequisites: Psychology major, PSY 301; and one of the following: PSY 351, PSY 356 or PSY 370.

Survey of topics in human sexuality with emphasis on developmental psychology of sexuality, attitudes and feelings related to sexuality, sexual variations and deviations, and sexual dysfunction and sex therapy.

Letter grade only (A-F).

463. Social and Personality Development (3)

Prerequisites: Psychology major, PSY 301; PSY 361.

Development of social behavior and personality in children and adults. Coverage will include theoretical approaches and processes, as well as content areas including development of emotions, personality systems, aggression, morality, prosocial behavior, peer relations, and sex differences.

Letter grade only (A-F).

475./575. Clinical Interviewing (3)

Prerequisites: Psychology major, PSY 301; PSY 373.

Study and development of clinical techniques of observation and interview. Coverage includes detailed exposure to Client-Centered and Gestalt counseling methods. Emphasis on understanding theory and acquisition of basic skills.

Letter grade only (A-F).

477. Psychology of Addiction (3)

Prerequisites: Psychology major, PSY 301; 6 upper division units in Psychology.

Investigation of theory and research on psychological causes and effects of addiction, including analyses of individual differences on major demographic variables of gender, age, and ethnicity. Considerations of major approaches and methods to recovery from addictive behavior.

Letter grade only (A-F).

490. Selected Topics in Psychology (3)

Prerequisites: Psychology major, PSY 301; one 300-level course in the subject matter of the course.

Advanced study of selected topics in one basic area of psychology, e.g., cognition and learning, emotion and motivation, physiological, social, personality or developmental.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

A. Applied Social Psychology

490H. Selected Topics - Honors (3)

Prerequisites: Psychology major, PSY 301; consent of the Psychology Honors Program Advisory Committee.

Advanced study of selected topics in psychology.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

495. Psychology and the Law (3)

Prerequisites: Psychology major, PSY 301; PSY 370.

Examines relationship between fields of psychology and law, including laws pertaining to psychologists and rights and ethical responsibilities of mental health providers. Topics include forensic psychology, trial consulting, and issues relating to the legal system.

Letter grade only (A-F).

496H. Research Preparation - Honors (3)

Prerequisites: Psychology major, PSY 301; consent of the Psychology Honors Program Advisory Committee.

Development of a senior honors thesis proposal.

Letter grade only (A-F).

497H. Senior Thesis - Honors Presentation (1)

Prerequisites: Psychology major, PSY 301; Permission of the Psychology Honors Program Committee, PSY 490H, PSY 496H and PSY 498H

This course is designed to train psychology honors students in presentations of their completed thesis work. Students will defend their honors thesis to the Psychology Honors Program Committee and participate in approved research competition venues.

Credit/No Credit grading only.

498H. Senior Thesis - Honors (3)

Prerequisites: Psychology major, PSY 301; PSY 490H, 496H and consent of the supervising faculty member.

Final completion of an original research project with the product being both an oral and written presentation of the research.

Letter grade only (A-F).

499. Independent Study (1-3)

Prerequisites: Psychology major, PSY 301; and consent of department.

Student will conduct independent laboratory or library research and write a report of the research.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

GRADUATE LEVEL

501./401. History of Psychology (3)

Prerequisite: Six upper division units in psychology.

Historical background and development of psychology as a science. Contributions of major individuals and systems.

Letter grade only (A-F).

507./407. Introduction to Family Therapy (3)

Prerequisites: PSY 220, PSY 373, PSY 475 or consent of instructor.

Survey of the field of family therapy including origins of differences in family structure, historical development of family therapy theory and practice.

(Lecture/Discussion) Letter grade only (A-F).

511./411. Statistical Design and Analysis of Experiments (3)

Prerequisite: PSY 310 or consent of instructor.

Focuses on the logic, application, and interpretation of analysis of variance (ANOVA) models in addition to other statistical procedures. Various issues of research design and experimentation are also covered.

(Lecture 3 hours) Letter grade only (A-F)

512./412. Multivariate Statistical Analysis (3)

Prerequisite: PSY 310 or consent of instructor.

Covers logic, application, and limitations of multivariate (multiple independent and dependent variables) statistics. Topics may include multivariate analysis of variance, single and multiple correlation/regression, logistic regression, factor analysis, and path analysis.

(Lecture 3 hours) Letter grade only (A-F)

515. Test Construction Theory and Practice (3)

Prerequisites: PSY 310 and either PSY 314 or PSY 315.

Consideration of problems in the construction of tests for personnel selection, educational screening, personality assessment, aptitude estimating, and measurement of academic achievement. practice in the development of tests.

(Lecture 2 hrs, laboratory 2 hrs) Letter grade only (A-F).

518./418. Computer Applications in Psychology (3)

Prerequisites: PSY 310 or equivalent or consent of instructor.

Foundations of computer technology and its application to psychology. Emphasis on real-time control by digital computers in psychological research and applications.

(Lecture 2 hrs, laboratory 3 hrs) Letter grade only (A-F).

523./423. Qualitative Methods and Analysis (3)

Prerequisite: Graduate standing.

Overview of qualitative research methods and analysis. Students learn to conduct observations, focus groups and qualitative interviews. Inductive analysis techniques such as content analysis and narrative analysis. Application of these skills in a qualitative evaluation of a real-world program.

Letter grade only (A-F).

527./427. Human Factors (3)

Prerequisites: PSY 310 and two of the following: PSY 331, PSY 332 or PSY 333.

Systematic application of psychological principles to the design of person-machine systems. Emphasis in the laboratory on the development of skills required of human factors psychologists. These skills will include systems analysis, cognitive task analysis, rapid prototyping and usability testing.

(Lecture 2 hrs, laboratory 3 hours) Letter grade only (A-F).

533./433. Research in Cognition and Learning (3)

Prerequisites: PSY 220, PSY 310, and PSY 331 or PSY 332 or PSY 333.

Research methods in cognition, learning, and perception. Laboratory includes experiments on selected topics.

(Lecture 2 hrs, lab 3 hrs) Letter grade only (A-F).

536./436. Psychology of Mood (3)

Prerequisites: PSY 100, PSY 220, PSY 310, or consent of instructor.

Analyses of normal mood states, including survey of existing literature. Topics may include the relationship of mood to important antecedents and consequences such as sleep-wake cycles, exercise, nutrition, physical health, stress, and cognition.

541./441. Research in Physiological Psychology (3)

Prerequisites: PSY 220, PSY 310, and PSY 341.

Research methods in psychobiology. Includes fundamentals of neuroanatomy, surgical procedures for stimulation, lesioning and recording, pharmacological procedures used in neuropsychological research.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

544./444. Cognitive Neuroscience (3)

Prerequisites: PSY 332 and one of the following: PSY 340, PSY 341, or PSY 342.

Explores brain systems responsible for cognitive processes in normal humans, integrating theory from texts and current research from original sources.

Letter grade only (A-F).

551./451. Research in Social Psychology (3)

Prerequisites: PSY 220, PSY 310, PSY 351, or consent of instructor.

Research methods and problems in social psychology. (Lecture 2 hrs, laboratory 3 hrs.) Letter grade only (A-F).

553./453. Principles of Group Dynamics (3)

Prerequisites: PSY 210, PSY 220, PSY 351, or consent of instructor.

Behavior in groups with attention to such factors as leadership, followership, interaction and influence including organization, management, morale, and efficiency. Problems, techniques and methods of investigation.

(Lecture/Discussion) Letter grade only (A-F).

556./456. Research in Personality (3)

Prerequisites: PSY 100, PSY 220, PSY 310, PSY 356, or consent of instructor.

Examination of common research methods, especially as they apply to particular theoretical personality paradigms.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

575./475. Clinical Interviewing (3)

Prerequisites: PSY 100, PSY 220, PSY 373.

Study and development of clinical techniques of observation and the interview. Coverage will include a detailed exposure to Client-Centered and Gestalt counseling methods. Emphasis will be on understanding theory and acquisition of basic skills.

Letter grade only (A-F).

581. Organizational Psychology (3)

Prerequisites: PSY 351 or PSY 381 or PSY 453/553.

Analysis of organizational behavior and practices from a systems point of view. Consideration of employee motivation, power, leadership, communication, decision-making, and organizational change. Research methods for studying organizations.

Letter grade only (A-F).

582. Research in Industrial and Organizational Psychology (3)

Prerequisites: PSY 220 and PSY 310.

Research methods and problems in industrial psychology. Includes direct observational, psychophysical, regression, survey, experimental, and quasi-experimental methods.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

585. Proseminar in Personnel Psychology (3)

Prerequisites: PSY 314 or PSY 315.

Advanced consideration of problems and procedures in personnel psychology. Includes both differentiation and synthesis of major areas within this field.

Not open for credit to students with credit in PSY 586. Letter grade only (A-F).

589. Selected Topics in Industrial and Organizational Psychology (1)

Prerequisite: Acceptance in to the Master of Science - Industrial and Organizational Psychology or consent of instructor.

Exploration of selected advanced topics in Industrial/Organizational psychology.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same semester. Topics announced in the *Schedule of Classes*. Not open for credit to students with credit in same topic in 590.

A. Large Group Intervention

590. Selected Topics in Psychology (1-3)

Prerequisites: Consent of instructor. Topics of current interest in psychology selected for intensive development.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

596. Proseminar on Graduate Research (3)

Prerequisites: Admission to MAPR program, consent of instructor; consent of graduate advisor.

Introduces first semester graduate students to their new graduate level environment and culture. Skills expected of all MAPR master's students will be developed including technical writing, researching topics, public speaking and effectively participating in Psychology seminars.

Letter grade only (A-F).

599. Independent Study (1-3)

Prerequisite: Consent of department.

Unclassified graduate student will conduct independent laboratory or library research and write a report of the research.

May be repeated for a maximum of 6 units. Letter grade only (A-F).

627. Human Factors' Methods (3)

Prerequisite: PSY 527 or consent of instructor.

An advanced graduate level course on methods commonly used in the field of human factors. These methods include analytic techniques used during the design of human-machine systems (e.g., task analysis, simulation), techniques used to evaluate functioning systems (usability testing, critical incident surveys) and techniques used to measure human performance (e.g., workload, situation awareness).

Letter grade only (A-F).

631. Seminar in Perception and Physiological Psychology (3)

Prerequisite: PSY 331 or PSY 340 or PSY 341 or PSY 342 or consent of instructor; consent of graduate advisor.

Critical examination of selected topics in perception, information processing and neurophysiological correlates of behavior. Student emphasis on either perception or physiological psychology.

Letter grade only (A-F).

632. Seminar in Learning (3)

Prerequisites: PSY 333 or consent of instructor; consent of graduate advisor.

Advanced consideration of selected topics in learning.

Letter grade only (A-F).

633. Seminar in Perception and Attention (3)

Prerequisites: PSY 331 or PSY 332 or consent of instructor; consent of graduate advisor.

Examination of methods, theories, and experimental evidence in selected topics from the areas of sensation, perception, and attention.

Letter grade only (A-F).

634. Seminar in Cognition (3)

Prerequisites: PSY 332 or PSY 333 or consent of instructor; consent of graduate advisor.

Examination of method, theory and experimental evidence in selected topics from the area of cognition.

Letter grade only (A-F).

635. Seminar on Situation Awareness (3)

Prerequisites: PSY 331 or PSY 332 or consent of instructor or/and consent of graduate advisor.

Examines research on situation awareness. Topics include: Theoretical perspectives on situation awareness, its importance in systems design and its application in areas such as driving and aviation. Also examines measurement tools designed to assess situation awareness.

Letter grade only (A-F).

637. Seminar in Emotion and Motivation (3)

Prerequisites: PSY 336 or consent of instructor; consent of graduate advisor.

Advanced consideration of selected topics in animal and human motivation and emotion.

Letter grade only (A-F).

651. Seminar in Social Psychology (3)

Prerequisites: PSY 351 or consent of instructor; consent of graduate advisor.

Critical examination of interpersonal relations, social influence, group membership and influence, and intergroup relations.

Letter grade only (A-F).

656. Seminar in Personality (3)

Prerequisites: PSY 356 or consent of instructor; consent of graduate advisor.

Theories of personality structure, dynamics, and development. Critical examination of research deriving from different theoretical approaches.

Letter grade only (A-F).

661. Seminar in Developmental Psychology (3)

Prerequisites: PSY 361 or consent of instructor; consent of graduate advisor.

Consideration of theoretical and methodological issues in life span developmental psychology. Critical examination of research on selected topics, including development of physiological function, intelligence, language, learning processes, sensory processes, perception, personality and social behavior.

Letter grade only (A-F).

678. Seminar in Health and Behavior and Intervention (3)

Prerequisites: PSY 310 or consent of instructor; consent of graduate advisor.

Overview of health psychology and health promotion field. Students learn background of psychology's role in health professions, health behavior theory and health intervention design and evaluation. analysis of individual, contextual, structural and cultural factors impacting health and health intervention.

Letter grade only (A-F).

683. Issues Organizational Development (3)

Prerequisites: PSY 581.

Examination of theory, research, techniques, and practices in field of organizational development, professional practice of managing change in organizations. Techniques, such as team building, systems analysis, process consultation, large-group interventions and survey feedback will be examined.

Letter grade only (A-F).

686. Issues in Training (3)

Prerequisites: PSY 332 or PSY 333, and PSY 585.

Discusses theoretical and applied issues with the development of employee training programs. Topics include needs assessment, adult learning theory, training methods, training evaluation, and learning organizations. Experiential assignments reinforce course concepts.

Letter grade only (A-F).

688. Practicum in Industrial and Organizational Psychology (3)

Prerequisites: At least 12 units of graduate-level coursework within the MSIO program.

Practice of industrial psychology or human factors in various industrial settings. Individual research and consultation with industrial or governmental organizations.

Letter grade only (A-F). Course fee may be required.

696. Research Methods (3)

Prerequisites: PSY 411/511 or PSY 412/512, PSY 596, and consent of graduate advisor.

Preparation and completion of thesis proposal for preliminary oral examination. Power calculations, research methods, and statistical concepts and procedures. Ethics, human subjects protection and responsible conduct of research. Includes the required comprehensive examination for MA Research students.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisites: Consent of graduate advisor and department.

Theoretical and experimental problems in psychology requiring intensive analysis.

Letter grade only (A-F).

698. Thesis (1-6)

Prerequisites: Advancement to candidacy, consent of graduate advisor. MSIO students.

Planning, preparation, and completion of a thesis in psychology. Must be repeated for a total of 6 units of credit. Letter grade only (A-F).

699. Directed Research and Portfolio (1-3)

Prerequisites: Advancement to Candidacy, consent of graduate advisor.

Capstone for the MSIO Applied/Portfolio track. Intensive study of theoretical and/or experimental problems in psychology under the guidance of a faculty member. Portfolio development.

Must be repeated for a total of 3 units of credit. Letter grade only (A-F).

GRADUATE CENTER FOR PUBLIC POLICY AND ADMINISTRATION

College of Health and Human Services

Director: Edward J. Martin

Center Office: Social Science Public Affairs Bldg. (SS/PA),
Room 228

Telephone: (562) 985-4178

Faculty: Walter F. Baber, Edward Martin, William Moore, John W. Ostrowski, David C. Powell, Michelle A. Saint-Germain

Department Coordinator: Kathy Allan

Distance Learning: Sheryl Caito

Telephone: (562) 985-4179

Career Possibilities

Management Analyst • City Manager • Financial Analyst • Project Manager • Presidential Management Intern (PMI) • Non-Profit Management (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Center offers the Master of Public Administration degree; options in the degree program include Public Works Administration and Urban Affairs; and graduate certificate programs in Urban Executive Management, Public Management Analyst, Employer-Employee Relations and Personnel Management, Public Sector Financial Management, and Transportation Policy and Planning.

Admission applications are encouraged from persons with successful government service who wish to pursue the degree, part-time or full-time. A detailed summary of requirements, current course offerings and procedures are contained in student handbooks available from the Graduate Center for Public Policy and Administration and on its website at <http://www.csulb.edu/ppa>.

The Center is accredited by the Network of Schools of Public Policy, Affairs, and Administration (NASPAA), Commission on Peer Review and Accreditation.

Admission Requirements

1. Minimum 3.0 Undergraduate GPA
2. Demonstrated competence in professional writing. A listing of ways you can demonstrate writing competence is available in the Center office (SSPA 228) or on the Center website: <http://www.csulb.edu/ppa/>
3. Quality of professional experience as evaluated by Center faculty. This evaluation will be based on the applicant's current job description, resume, any other materials submitted by the applicant, and the length of professional service.
4. Other evidence of applicant's potential to undertake and successfully complete the MPA course of study: faculty may consider other evidence submitted by the applicant; for example, scores on optional standardized examinations such as the GRE, GMAT, LSAT, or other recognized standardized examinations.

Following admission to the University and acceptance

to the Center, each student should meet with a faculty advisor. The faculty advisor will provide advice to the student on program course requirements and elective opportunities, and counsel the student in the chosen elective area.

A student whose overall grade point average is less than 3.0, but who presents acceptable evidence of professional potential shown through recent academic performance and experiential background, may be admitted by special action of the Center.

Advancement to Candidacy

1. Fulfillment of the Graduate Writing Assessment Requirement (GWAR)
2. Minimum GPA of 3.0 in all graduate work completed at this University, or transferred from other sources, to meet degree or program requirements.
3. Successful completion (grade of "B" or better) of six units in the MPA program.
4. Completion of the orientation requirement.

Transfer of Credit

Students who have completed a graduate certificate program in the Public Management Analyst, Employer-Employee Relations and Personnel Management, Public Sector Financial Management, or Transportation Policy and Planning, may transfer up to 15 units of credit earned in the certificate program to be applied to the Center's Master of Public Administration degree program. The student must apply to the Center for admission as a degree candidate.

Students who have completed the academic requirements for the Master of Public Administration degree, prior to applying for admission to a graduate certificate program in the Center, may apply up to 6 units of credit earned in the MPA program for the required or elective courses in a certificate program.

Master of Public Administration

This is a 39-unit program. A common grounding in the core areas of public policy and administration is required; beyond this, considerable freedom of choice enables students to select subjects which fit their particular backgrounds or career objectives.

Admission Requirements

1. Minimum 3.0 Undergraduate GPA
2. Demonstrated competence in professional writing. A listing of ways you can demonstrate writing competence is available in the Center office (SSPA 228) or on the Center website: www.csulb.edu/ppa/
3. Quality of professional experience as evaluated by Center faculty. This evaluation will be based on the applicant's current job description, resume, any other materials submitted by the applicant, and the length of professional service.

4. Other evidence of applicant's potential to undertake and successfully complete the MPA course of study: faculty may consider other evidence submitted by the applicant; for example, scores on optional standardized examinations such as the GRE, GMAT, LSAT, or other recognized standardized examinations.

Following admission to the University and acceptance to the Center, each student should meet with a faculty advisor.

A student whose overall grade point average is less than 3.0, but who presents acceptable evidence of professional potential shown through recent academic performance and experiential background, may be admitted by special action of the Center.

Orientation Requirement

All students must attend a mandatory Center orientation within the first two semesters of acceptance into the MPA Program.

Requirements

1. A minimum of 39 course units in graduate course work, with a minimum of 28 units of 500/600 level courses in public policy and administration;
2. Satisfactory completion of the following:
 - PPA 500 Foundations of Public Policy and Administration (3)
Prerequisites: None.
 - PPA 555 Government Budgeting and Finance (3)
Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.
 - PPA 577 Public Sector Human Resources Management (3)
Prerequisites: None.
 - PPA 660 Seminar in Organization Theory and Behavior (3)
Prerequisites: None.
 - PPA 670 Policy Issue Analysis (3)
Prerequisites: None.
 - PPA 696 Research Methods in Public Administration (3)
Prerequisite: PPA 517 or STAT 108 or equivalent with a grade of "C" or better.
3. Completion of approved internship program (PPA 585) as required course work beyond the 39-unit minimum, or waiver of the internship requirement based on professional experience;
4. Additional elective course work in elective fields to meet the 39-unit minimum;
5. Successful completion of the following:
 - PPA 697 Directed Research (3,3)
Prerequisites: Advancement to candidacy, completion of required MPA courses, consent of instructor.An approved Student Learning Portfolio

University Courses Acceptable for the Master of Public Administration

A wide variety of graduate courses in other departments also are acceptable. Graduate course descriptions are found in the department listings in which they are offered. Consult with Center Faculty for more information.

Option in Urban Affairs

Admission

The general standards for admission are identical to those for the Master of Public Administration degree program. An applicant must demonstrate a background of related undergraduate course work of twelve units, or significant management and/or staff experience in public administration.

Requirements

1. A minimum of 39 course units in graduate course work, with a minimum of 28 units of 500/600 level courses in public policy and administration;
2. Satisfactory completion of the following:
 - PPA 500 Foundations of Public Policy and Administration (3)
Prerequisites: None.
 - PPA 555 Government Budgeting and Finance (3)
Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.
 - PPA 577 Public Sector Human Resources Management (3)
Prerequisites: None.
 - PPA 610 Seminar in Urban Affairs (3)
Prerequisites: None.
 - PPA 660 Seminar in Organization Theory & Behavior (3)
Prerequisites: None.
 - PPA 670 Policy Issue Analysis (3)
Prerequisites: None.
 - PPA 696 Research Methods in Public Administration (3)
Prerequisite: PPA 517 or STAT 108 or equivalent with a grade of "C" or better.
3. Completion of an approved internship program (PPA 585) as required course work beyond the 39-unit minimum, or waiver of the internship requirement based on professional experience;
4. Completion of 12 units of elective course work from: PPA 512, PPA 517, PPA 522, PPA 523, PPA 525, PPA 533, PPA 535, PPA 540, PPA 546, PPA 547, PPA 550, PPA 567, PPA 571, PPA 575, PPA 581, PPA 590; CRJU 530, CRJU 504, CRJU 621; EDAD 541, EDAD 544; EDP 520, EDP 536; GEOG 650, GEOG 666; HIST 673; POSC 640; REC 521, REC 571.
5. Successful completion of the following:
 - PPA 697 Directed Research (3,3)
Prerequisites: Advancement to candidacy, completion of required MPA courses, consent of instructor.An approved Student Learning Portfolio.

Option in Public Works Administration

Admission

The general standards for admission are identical to those for the Master of Public Administration degree program. An applicant must demonstrate a background of related undergraduate course work of twelve units, or significant management and/or staff experience in public administration. For this degree option, the experiential

background would be targeted to the public works and infrastructure sector.

Requirements

1. A minimum of 39 course units in graduate course work, with a minimum of 28 units of 500/600 level courses in public policy and administration;
2. Satisfactory completion of the following:
 - PPA 500 Foundations of Public Policy and Administration (3)
Prerequisites: None.
 - PPA 554 Public Works Facilities and Urban Policy (3)
Prerequisites: None.
 - PPA 555 Government Budgeting and Finance (3)
Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.
 - PPA 577 Public Sector Human Resources Management (3)
Prerequisites: None.
 - PPA 660 Seminar in Organization Theory and Behavior (3)
Prerequisites: None.
 - PPA 670 Policy Issue Analysis (3)
Prerequisites: None.
 - PPA 696 Research Methods in Public Administration (3)
Prerequisite: PPA 517 or STAT 108 or equivalent with a grade of "C" or better.
3. Completion of an approved internship program (PPA 585) as required course work beyond the 39-unit minimum, or waiver of the internship requirement based on professional experience;
4. Completion of 12 units of elective course work selected from the following:
 - PPA 515, PPA 522, PPA 535, PPA 540, PPA 547, PPA 550, PPA 552, PPA 560, PPA 575, PPA 590; CE 520
5. Successful completion of an approved Student Learning Portfolio and 6 units of one of the following courses:
 - PPA 697 Directed Research (3,3)
Prerequisites: Advancement to candidacy, completion of required MPA courses, consent of instructor.
 - CE 697 Directed Studies (1-3)
Prerequisites: Graduate standing. Corequisites: CE 696 or written consent of directed studies advisor.

Graduate Certificate in Public Management Analysis

This program is designed for men and women who work or desire to work in budgeting, policy formulation, financial management, or program evaluation offices of government agencies. The program prepares candidates with such skills as defining a problem; conducting cost benefit analysis; utilizing basic statistical techniques; conducting behavioral/political analysis; preparing and presenting reports; learning to blend qualitative, behavioral, and political skills necessary for success as an analyst in government.

Students may only pursue the certificate program in combination with a CSULB degree program.

Prerequisite

In addition to general admission requirements, students should be employed in public service or related activities, or

have a goal of public service-related activities.

Requirements

1. A minimum of 18 course units in graduate course work, including 4 required and 2 elective courses.
2. Satisfactory completion of the following:
 - PPA 515 Administrative Report Writing (3)
Prerequisites: None.
 - PPA 517 Analytical Skills Development (3)
Prerequisites: None.
 - PPA 521 Microcomputer Management for Public Administrators (3)
Prerequisites: None.
 - PPA 555 Government Budgeting and Finance (3)
Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.
3. Satisfactory completion of 2 elective courses from:
 - PPA 522, PPA 523, PPA 540, and PPA 560

Graduate Certificate in Public Sector Employer-Employee Relations and Personnel Management

This program is designed for public sector managers and those aspiring to enter public service who need the knowledge, skills, and abilities required to deal effectively with the critical area of public sector employee relations and personnel management. The primary goal is to provide the necessary training for public managers to effectively utilize human resources to their greatest potential in conjunction with the needs of the public organization.

Students may only pursue the certificate program in combination with a CSULB degree program.

Requirements

1. A minimum of 18 course units in graduate course work, including 3 required and 3 elective courses.
2. Satisfactory completion of the following:
 - PPA 555 Government Budgeting and Finance (3)
Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.
 - PPA 575 Public Sector Employer-Employee Relations (3)
Prerequisites: None.
 - PPA 577 Public Sector Human Resources Management (3)
Prerequisites: None.
3. Satisfactory completion of 3 elective courses from:
 - PPA 533, PPA 570, PPA 571 and PPA 581

Graduate Certificate in Public Sector Financial Management

This Certificate Program is designed for public managers and others interested in obtaining an understanding of governmental financial management concepts, functions, techniques, and issues. The program is designed to familiarize students with financial management problems and the techniques available for solving them. An emphasis is placed on how to recognize, evaluate, and utilize financial information in decision-making.

Those most interested in pursuing the Certificate would likely fall into one of three categories. First, current private sector finance professionals who wish to develop an understanding of financial management functions and

practices within the public sector. Second, current public sector financial managers who wish to further develop expertise in public sector financial management. Finally, in-service public sector employees who wish to start a career in government finance and who may use the courses for the Certificate as a guide for their course work towards the Master of Public Administration degree.

Students may only pursue the certificate program in combination with a CSULB degree program.

Prerequisites

Certificate students will need to complete the following prerequisites:

- Calculus for Business or Calculus I with a grade of "C" or better or equivalent.
- Microeconomics with a grade of "C" or better.
- Elementary Financial Accounting with a grade of "C" or better.
- Statistics with a grade of "C" or better.

Note: Graduate level courses may be used to satisfy the above prerequisites but they may not be counted toward completion of the Certificate.

Requirements

Take all of the following (18 units):

PPA 555 Government Budgeting and Finance (3)

Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.

PPA 590T Selected Topics in PPA - Public Finance (3)

Prerequisites: PPA 555.

PPA 560 Public Financial Management (3)

Prerequisite: PPA 555.

PPA 567 Basic Governmental (Fund) Accounting (3)

Prerequisite: PPA 555.

ACCT 610 Adv. Cost Accounting, Budgeting and Control (3)

Prerequisites: ACCT 500 or equivalent with a grade of "C" or better.

IS 601 Quantitative Methods for Managerial Decision Making (3)

Prerequisites: MBA standing required.

Note: Appropriate substitutes for the required courses may be allowed subject to permission of the Public Finance Specialization Faculty Advisor. Also, ACCT 610 and IS 601 have substantial prerequisites. Prospective students should refer to the University Catalog for details.

Courses (PPA)

500. Foundations of Public Policy and Administration (3)

Concepts of the discipline; fundamentals of public organization theory, policy formulation and analysis, and administrative and management processes; management in the public interest; and ethics in government.

Letter grade only (A-F).

509. Seminar in Strategic Planning for Public Managers (3)

Prerequisite: Consent of instructor

Introduction to the theories and practice of strategic planning in public organizations. The course is designed to promote an understanding of the theories and approaches to strategic planning and help the student to acquire practical skills involved in strategic

planning.

Letter grade only (A-F).

512. Urban Executive Management (3)

Examines problems confronting today's urban administrator and offers techniques for solving a variety of pressing problems. Subjects include managing in a local government setting issues such as public policy, planning, financial resources, personnel, and labor relations.

Letter grade only (A-F).

514. Municipal Law for Administrators (3)

Examination of major laws and legal issues affecting local government. Basic powers of cities including regulatory (police) powers, corporate (service) powers, taxation and eminent domain.

Letter grade only (A-F).

515. Administrative Report Writing (3)

Preparation of written documents required of public administrators.

Letter grade only (A-F).

517. Analytical Skills Development (3)

Designed to develop or improve the skills needed to perform analytical work in the public sector. Emphasis is on the methods of analysis and evaluation used in public service organizations. Communication of results will also be covered.

Letter grade only (A-F).

518. Microeconomics and Public Policy (3)

Covers key principles of microeconomics such as supply, demand, and market processes. Provides extensive coverage of topics that concern public sector decisions, such as public goods, externalities, welfare analysis, and cost-benefit analysis.

Letter grade only (A-F).

521. Microcomputer Management for Public Administrators (3)

Focuses on the design, development, and management of microcomputer systems and applications in public organizations. Course elements: analysis of critical concepts and issues relating to management of computer systems, and hands-on computer laboratory experience for design, and use of applications.

Letter grade only (A-F).

522. Automating Government Administration (3)

The use of computers to assist government management. Special emphasis on automation of services. Provides an introductory background in computers and their applications to government systems and files for non-computer specialists.

Letter grade only (A-F).

523. Urban Information Systems for Public Management (3)

Overview of significant information technologies impacting government management: World-Wide Web and G.I.S. (Geographic Information Systems.) Introduces students to the construction and use of Web pages. Includes an introduction to GIS in public organizations. Extensive use of computers.

524. GIS Management and Applications for Public Managers (3)

Introduces students to the management and applications of Geographic Information Systems (GIS) in the Public Sector. Covers the requirements for designing and managing GIS applications for solving public sector problems. Hands-on use of GIS and analysis of GIS cases.

Letter grade only (A-F).

525. Non-Profit Management (3)

Examination of principal characteristics, scope, and functional management areas (i.e., governance, fund development, board development, volunteer and staff management, intersectoral relations; budgeting) in American nonprofit organizations, with particular attention to the important roles of nonprofits in the delivery of health and human services.

Letter grade only (A-F).

533. Race, Inequality and Public Policy (3)

Examines the multiple sources of ethnic, racial, gender, and class inequalities in the United States and how public policies have attempted to address these issues.

Letter grade only (A-F).

535. Intergovernmental Relations (3)

Presents concepts and issues of U.S. intergovernmental relations. Topics include history of the field, intergovernmental finances, state and federal legislative processes, legislative advocacy, interorganizational management, and current issues.

Letter grade only (A-F).

540. Grants Administration and Management (3)

Study of the various types of financial and technical assistance to local public and quasi-public agencies; the strategies for locating and obtaining grant programs support; and the development of effective project systems for externally funded projects.

Letter grade only (A-F).

542. Emergency Planning and Management (3)

Planning and management processes and issues involved in large-scale emergencies; the nature of natural and technological risk and emergency, with attention to public sector roles in contingency planning and response.

Letter grade only (A-F). Same course as EMER 506. Not open for credit to students with credit in EMER 542 or EMER 506.

546. The Urban Crisis and the Public Administrator (3)

Survey of the history of urbanization, the literature of urban power relations and decision-making, and the dynamics of race relations in the urban environment. Major focus on extensive interface with urban agency representatives.

Letter grade only (A-F).

547. Local Government Economic Development Processes (3)

Discussion of the nature, goals and processes of locally based economic development programs. Definition of governmental incentives designed to maximize private investment. Explanation of property-related revenues from public and private perspectives.

Letter grade only (A-F).

550. Urban Transportation Policy and Planning (3)

Examines urban transportation activities and options for future. Analyzes local, state, federal policy; Los Angeles urban transportation development, transit proposals, new policies and activities.

Letter grade only (A-F).

554. Public Works Facilities and Urban Policy (3)

Provides a study of public infrastructure essential to urban communities. Focus given to water, wastewater, transportation, solid waste, public facilities, and schools.

Letter grade only (A-F).

555. Government Budgeting and Finance (3)

Prerequisites: PPA 518 or ECON 101 or ECON 300 or equivalent with a grade of "C" or better.

Presents the major concepts and skills associated with budget preparation for all levels of government. Topics include: budget processes and formats, basic principles of government accounting, revenue, and capital budgeting.

Letter grade only (A-F).

560. Public Financial Management (3)

Prerequisite: PPA 555.

Focuses on financial planning, implementation and management control, financial reporting, and financial analysis used in public service organizations.

Letter grade only (A-F).

567. Basic Governmental (Fund) Accounting (3)

Prerequisite: PPA 555.

Provides an introduction to unique characteristics of governmental accounting. Aspects of recording and reporting of financial transactions in public service organizations. Governmental auditing and financial condition analysis.

Letter grade only (A-F).

570. Negotiating Dynamics: Strategies and Skills (3)

Examination of negotiating strategies and skills based on tested use of power and psychological principles in negotiations. Different strategies and skills examined for negotiating under varying levels of cooperation and conflict.

Letter grade only (A-F).

571. Leadership Skills and Strategies in the Public Sector (3)

Leaders in urban governments, community based and non-profit organizations are challenged to move their bureaucracies toward solutions to complex problems. Examines administrative leadership, current approaches to organizational excellence and their applicability in a variety of administrative settings.

575. Public Sector Employer-Employee Relations (3)

Analysis of prevailing practice and techniques of collective bargaining and its continuing impact on the economic, political, and organization structure in the public sector.

Letter grade only (A-F).

577. Public Sector Human Resources Management (3)

Historical development of civil service/merit system; laws which affect operations of personnel system; analysis of the various components of a personnel system; impact of labor negotiations; role of personnel system as a change agent.

Letter grade only (A-F).

581. Government/Community Relations (3)

Investigation of relationship between governments and community based organizations, with particular attention to strategies for diagnosing problems and opportunities and prescribing courses of action in public policy where governments and nonprofits converge.

Letter grade only (A-F).

585. Public Policy and Administration Internship (3-12)

Prerequisite: Consent of the instructor.

Provides exposure to and understanding of the governmental environment. Students seeking the MPA degree who do not have managerial experience in government are required to participate in the internship program.

May be repeated to a maximum of 12 units. Academic credit earned for the internship program is beyond the 39 units required for the MPA degree. Letter grade only (A-F).

590. Selected Topics in Public Policy and Administration (3)

Investigation of a special problem as defined by the instructor that is of current interest to the field of public policy and administration.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

S. Small-Scale Survey Research for Public Administrators

T. Public Finance

Prerequisite: PPA 555.

597. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study in public policy and administration.

Letter grade only (A-F).

610. Seminar in Urban Affairs (3)

An interdisciplinary course gives students opportunity to develop expanded awareness of the interrelationships between various urban problems in the urban systemic environment.

Letter grade only (A-F).

660. Seminar in Organization Theory and Behavior (3)

Examination of theories of organizations and behavior of members therein. Among the subtopics: generalist management, bureaucracy, organization structure and design, systems theory, motivation, leadership, decision-making, group and team dynamics, power and conflict, culture, organization change and development.

Letter grade only (A-F).

670. Policy Issue Analysis (3)

Introduces theories and approaches to policy analysis. The core of the course follows the policy analysis cycle and includes: problem recognition, problem definition, development of alternative solutions, analysis of alternatives, selection of policy options, policy implementation and evaluation.

Letter grade only (A-F)

696. Research Methods in Public Administration (3)

Prerequisite: PPA 517 or STAT 108 or equivalent with a grade of "C" or better.

Covers the techniques of public sector research. Topics include research design, survey research, and statistical analysis. Note:

Suggested: take PPA 696 early in MPA program. Letter grade only (A-F).

697. Directed Research (3)

rerequisites: Advancement to candidacy, completion of required MPA courses, consent of instructor.

Required capstone project. Individual research of a public issue. Supervision of a full-time faculty member required.

May be repeated to a maximum of 6 units in the same semester. Letter grade only (A-F).

RECREATION AND LEISURE STUDIES

College of Health and Human Services

Department Office: Engineering Technology (ET) - 101
Telephone: (562) 985-4071

Faculty: Michael A. Blazey, Melissa H. D'Eloia, Keith Fulthorp, Maridith Janssen, Marilyn A. Jensen (Emerita), Terry Robertson

Department Chair: Terry Robertson

Department Coordinator: Seyha Chea

Graduate Advisor: Melissa H. D'Eloia

Career Possibilities

National, State and Municipal Parks and Recreation Coordinators, Managers, Supervisors, Directors; City Managers, and Community Services Directors, Park Naturalists, and Park Rangers; in Hospitals, Clinics and Rehabilitation Programs as Recreation Therapists; Senior Center Directors; University Recreation Center and Intramural Directors; Athletic Sports Program and Facility Managers, Student Services Managers; Outdoor Adventure and Day Camp Directors, Recreation Facility or Club Managers, Travel and Tourism Agents or Guides, Sporting Goods Sales Representatives; Amusement Park, Hotel or Resort Managers, Military Recreation and Employee Services Specialists, Social Director and Event Managers; Nonprofit and Volunteer Services Managers. (For more information, see www.careers.csulb.edu)

Introduction

The Department exists to promote a broader and deeper understanding of the role that leisure and recreation provides in the lives of all people as well as to enhance the quality of Recreation Leisure experiences available to each person.

The department is accredited by the Accreditation Council of the National Recreation and Park Association (National Recreation and Park Association, Council on Accreditation for Parks, Recreation, Tourism and Related Professions, 22377 Belmont Ridge Road, Ashburn, VA 20148, phone: 703-858-0784).

Undergraduate Programs

Bachelor of Arts in Recreation (120 units)

This program is designed to accommodate the needs of new college students, continuing students, transferring students, and experienced recreation professionals.

Students intending to transfer from community colleges to this University are advised to complete general education requirements while attending the community college. Other recreation courses taken at community colleges cannot be substituted for upper-division recreation courses.

Student must maintain a cumulative 2.0 GPA on all units attempted and achieve a "C" or better in each course of the Recreation major to progress in the sequence of

study. Students earning less than a "C" grade in a course required in the major must repeat that course.

Students wishing to substitute courses or deviate in any way from department requirements must submit a letter of request to the Department faculty. No more than six units of Recreation prefix courses may be taken by contract. The Internship is "Letter grade only (A-F)." The Internship is taken the last semester before graduation. No other courses may be taken concurrently with the Internship.

Requirements

Major Core Courses:

Take all of the following:

REC 141 Introduction to Leisure Services (3)
Prerequisite/Corequisite: One GE Foundation course.

REC 225 Programming Recreation Activities (3)
Prerequisites: None

REC 341 Evaluation & Research in Leisure Services (3)
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 351 Foundations of Inclusive Recreation and Recreation Therapy (3)
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 480 Philosophy of Recreation and Leisure (3)
Prerequisites: A grade of "C" or better in REC 341, REC 351, and three 400 level REC classes. Open to recreation majors only.

Take all of the following:

REC 325 Advanced Program & Event Management (3)
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 421 Supervisory and Administrative Practices (3)
Prerequisite: A grade of "C" or better in REC 325, REC 341.

REC 423 Facility Design and Operations (3)
Prerequisites: A grade of "C" or better in REC 325, REC 341.

REC 425 Financing Leisure Services (3)
Prerequisite: A grade of "C" or better in REC 325.

REC 427 Legal Aspects of Leisure Services (3)
Prerequisite: A grade of "C" or better in REC 325.

REC 431 Recreation Resource Management (3)
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 498 Internship in Leisure Services (6)
Prerequisites: Completion of all major requirements; 1000 hours of verified paid or volunteer leadership experience approved by faculty advisor, or 500 hours of experience and fluency in both English and a second language consistent with CSULB Language Proficiency Requirements; and consent of internship coordinator.

Take one of the following courses:

ANTH 120 Introduction to Cultural Anthropology (3)
Prerequisites/Corequisites: Any GE Foundation course.

CDFS 211 Guiding Young Children (3)

Prerequisites: A grade of "C" or better in PSY 100 or SOC 100 or CDFS 111.

HDEV 180 Lifespan Human Development (3)
Prerequisites: ENGL 100 or equivalent.

PSY 100 General Psychology (3)
Prerequisites/Corequisite: GE A1 requirement.

SOC 100 Principles of Sociology (3)
Prerequisite/Corequisite: A GE Foundation course.

Complete one of the following four concentration areas:

A. Community Recreation Concentration:

Take all of the following courses

REC 321 Leadership in Recreation & Leisure Studies (3)
Prerequisite: None.

REC 371 Human Services Programming in Urban Areas (3)
Prerequisite: GE Foundations requirements.

REC 428 Principals of Nonprofit/Volunteer Management (3)
Prerequisite: None.

REC 437 Access and Equity of Park Resources (3)
Prerequisite: A grade of "C" or better in REC 431.

Take one of the following courses

REC 433 Management of Organized Camps (3)
Prerequisite: None.

REC 469 Disability, Culture, and Society (3)
Prerequisite: Senior or graduate standing.

REC 473 Leisure and Aging (3)
Prerequisite: None.

B. Parks and Outdoor Recreation Resource Management Concentration:

Take all of the following courses

REC 337 Environmental and Cultural Interpretation (3)
Prerequisite: None.

REC 437 Access and Equity of Park Resources (3)
Prerequisite: A grade of "C" or better in REC 431.

Take two of the following courses

REC 430 Recreation in the Ocean Environment (3)
Prerequisite: Consent of Instructor.

REC 432 Wildlife and Wildfire Management in Urban Proximate Areas (3)
Prerequisite: None.

REC 490 Sustainable Coastal Resource Management (3)
Prerequisite: None.

Take an additional upper-division recreation course (3)

C. Campus Recreation and Student Services Concentration:

Take all of the following courses

REC 321 Leadership in Recreation and Leisure Studies (3)
Prerequisite: None.

REC 322 Recreational Sports Supervision (3)
Prerequisite: None.

REC 324 Campus Recreation Services (3)
Prerequisite: None.

REC 428 Principals of nonprofit/Volunteer Management (3)
Prerequisite: None.

Take an additional upper-division recreation course (3)

D. Tourism Management Concentration:

Take all of the following courses

REC 462 Travel, Tourism, and Resort Recreation Management (3)
Prerequisite: A grade of "C" or better in REC 325.

REC 468 Tourism Planning and Development (3)
Prerequisite: A grade of "C" or better in REC 325.

Take two of the following courses

REC 465 Convention and Conference Planning (3)
Prerequisite: A grade of "C" or better in REC 325.

REC 467 Principals of Ecotourism Development (3)
Prerequisite: A grade of "C" or better in REC 325.

REC 490 Belize Ecotourism (3)
Prerequisite: None.

HFHM 170 Introduction to Hospitality Food Service and Hotel Management (3)
Prerequisite: None.

GEOG 352 Geography of Tourism (3)
Prerequisite: None.

Take an additional upper-division recreation course (3)

Option in Recreation Therapy (120 units)

Students intending to transfer from community colleges to this University are advised to complete general education requirements while attending the community college. Courses equivalent to REC 141, REC 225 and lower-division courses applicable to concentrations within the major (HSC 150, BIOL 207, BIOL 208, PSY 100), should be taken while attending community college if offered. Other recreation courses taken at community colleges cannot be substituted for upper-division recreation courses.

Requirements

I. Major Core Courses:

Take all of the following:

REC 141 Introduction to Leisure Services (3)
**C" or better required.
Prerequisite/Corequisite: One GE Foundation course.

REC 225 Programming Recreation Activities (3)
**C" or better required.
Prerequisite: None.

REC 341 Evaluation & Research in Leisure Services (3)
**C" or better required.
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 351 Foundations of Inclusive Recreation and Recreation Therapy (3)
**C" or better required.
Prerequisites: A grade of "C" or better in REC 141, REC 225.

REC 480 Philosophy of Recreation and Leisure (3)
Prerequisites: A grade of "C" or better in REC 341, REC 351, and three 400 level REC classes. Open to recreation majors only.

II. Complete Recreation Therapy Option requirements:

1. Take all of the following:

REC 451 Management and Administration of Recreation Therapy Services (3)
Prerequisites: A grade of "C" or better in REC 351, REC 452.

REC 452 Assessment and Documentation in Recreation Therapy (3)
**C" or better required.
Prerequisite: A grade of "C" or better in REC 351.

REC 453 Comprehensive Programming and Evaluation in Recreation Therapy (3)
Prerequisite: A grade of "C" or better in REC 351.

REC 454 Counseling Technique in Recreation Therapy (3)
Prerequisites: A grade of "C" or better in REC 351.

REC 458 Clinical Techniques in Recreation Therapy (3)
Prerequisite: A grade of "C" or better in REC 351.

HSC 150 Medical Terminology (1)

Prerequisite: None.

PSY 100 General Psychology (3)

Prerequisite/Corequisite: GE A1 requirement.

PSY 370 Abnormal Psychology (3)

Prerequisites: PSY 100.

ANTH 319 Human Growth and Development (3)

Prerequisites: None.

REC 498 Internship in Leisure Services (6-9)

Prerequisites: Completion of all major requirements; 1000 hours of verified paid or volunteer leadership experience approved by faculty advisor, or 500 hours of experience and fluency in both English and a second language consistent with CSULB Language Proficiency Requirements; and consent of internship coordinator.

2. Take both of the following courses:

BIOL 207 Human Physiology (4)

Prerequisite: GE Foundation requirements.

BIOL 208 Human Anatomy (4)

Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

3. Take 9 units of approved elective courses from the following:

Anthropology, Biology, Communication, Dance, Educational Psychology, Gerontology, Health Science, Human Development, Psychology, Social Work, or Sociology.

Minor In Recreation

A minimum of 21 units approved by the departmental minor advisor which must include:

Take all of the following:

REC 141 Introduction to Leisure Services (3)

**"C" or better required.

Prerequisite/Corequisite: One GE Foundation course.

REC 225 Programming Recreation Activities (3)

**"C" or better required.

Prerequisites: None

REC 321 Leadership in Recreation & Leisure Studies (3)

Prerequisites: None

REC 340 Leisure in Contemporary Society (3)

Prerequisites: GE Foundations requirements; one or more Exploration courses; upper division standing.

REC 351 Foundations of Inclusive Recreation and Recreation Therapy (3)

Prerequisites: A grade of "C" or better in REC 141, REC 225.

Take two of the following:

REC 220, REC 322, REC 324, REC 337, REC 371, REC 428, REC 430, REC 431, REC 433, REC 462, REC 473, or REC 490 with consent of advisor.

Minor In Event Planning and Management

The Event Planning and Management minor provides students with expertise for careers in event planning and management. Curriculum covers skills and knowledge including negotiation, event planning, programming, promotion, budget and legal issues.

Requirements

Core (18 units):

HFHM 170 Introduction to Hospitality Management (3)
Prerequisites: None

HFHM 274 International Hospitality Development (3)

Prerequisites: ENGL 100 or equivalent.

HFHM 374 Meeting Planning in Hotels and

Restaurants (3)

Prerequisites: HFHM 170.

REC 325 Advanced Program & Event Management (3)

**"C" or better required.

Prerequisites: REC 141, REC 225 with a grade of "C" or better.

REC 462 Travel, Tourism, and Resort Recreation

Management (3)

Prerequisite: A grade of "C" or better in REC 325.

REC 465 Convention and Conference Planning (3)

Prerequisites: A grade of "C" or better in REC 325.

Take 6 units of electives from the following courses:

ACCT 201; CECS 110, CECS 200; COMM 334; HFHM 372, HFHM 376; HFHM 378 or REC 427; HFHM 476 or REC 425; REC 468, REC 490.

Certificate Programs

The certificate programs are available to undergraduate and graduate students, and students who already possess a baccalaureate degree and are enrolling in a certificate program, unless otherwise noted. Students pursuing a degree may complete the certificate concurrently with or subsequent to their degree by enrolling as a certificate student. Courses taken for certificate requirements may be used, where appropriate, to meet the General Education or degree requirements of cooperating departments. Extension and/or transfer credit may comprise no more than one-fourth of the course work used to meet baccalaureate certificate requirements. Students should contact the department to schedule a meeting with the certificate advisor.

Certificate in Recreation Therapy

This certificate prepares students for the California Board of Recreation and Park Certification exam and for the National Council for Therapeutic Recreation Certification exam. A baccalaureate degree, which may be awarded concurrently, is required for completion of this certificate program.

This certificate program is eligible for Financial Aid. Please see the department web site for required Federal disclosure information.

Take all of the following:

REC 351 Foundations of Inclusive Recreation and Recreation Therapy (3)

**"C" or better required.

Prerequisites: REC 141, REC 225.

REC 451 Management and Administration of Recreation Therapy Services (3)

Prerequisite: A grade of "C" or better in REC 351, REC 452.

REC 452 Assessment and Documentation in Recreation Therapy (3)

**"C" or better required.

Prerequisite: A grade of "C" or better in REC 351.

REC 453 Comprehensive Programming and Evaluation in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

REC 454 Counseling Techniques in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

REC 458 Clinical Techniques in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

HSC 150 Medical Terminology (1)

Prerequisite: None.

PSY 100 General Psychology (3)

Prerequisite/Corequisite: GE A1 requirement.

PSY 370 Abnormal Psychology (3)

Prerequisites: PSY 100.

ANTH 319 Human Growth and Development (3)

Prerequisites: None.

REC 498 Internship in Leisure Services (6-9)

Prerequisites: Completion of all major requirements; 1000 hours of verified paid or volunteer leadership experience approved by faculty advisor, or 500 hours of experience and fluency in both English and a second language consistent with CSULB Language Proficiency Requirements; and consent of internship coordinator.

Take six units of advisor-approved Recreation courses.

Take both of the following courses:

BIOL 207 Human Physiology (4)

Prerequisite: GE Foundation requirements.

BIOL 208 Human Anatomy (4)

Prerequisites: Grade of "C" or better in one of the following: ART 372, BIOL 205, BIOL 207, BIOL 212, CHEM 140, DANC 261, or MICR 200.

Take 9 units of approved elective courses from:

Anthropology, Biology, Communication, Dance, Educational Psychology, Gerontology, Health Science, Human Development, Psychology, Social Work, or Sociology.

internship and volunteer experiences.

4. Three letters of recommendation from persons able to testify to the student's academic ability, preferably from former professors.

5. A personal statement addressing the following: (a) academic and professional goals; (b) a description of academic and professional experience; and (c) purpose for pursuing graduate study.

Prerequisites

Applicants for graduate study in Recreation and Leisure Studies must meet the following prerequisites.

1. A bachelor's degree from an accredited university with a major or minor in recreation and leisure studies or related discipline. Students with Bachelor's degrees from non-related majors who meet all other prerequisites should contact the graduate coordinator for an evaluation.
2. A student must have an overall undergraduate grade point average (GPA) in their major or minor of 3.0 or better. Students who have an overall GPA less than a 3.0, but present acceptable evidence of professional potential either through recent academic performance and/or experiential background, may be admitted by special action of the Department's Graduate Committee.

Retention

Graduate students in recreation and leisure studies are expected to:

1. Maintain a 3.0 or higher GPA in all graduate work completed at CSULB and all graduate work transferred to meet graduate requirements.
2. Maintain satisfactory progress toward the degree objective.

Advancement to Candidacy

To be advanced to candidacy, recreation and leisure studies graduate students must successfully achieve the following:

1. Satisfactory completion of the graduate writing assessment requirement (GWAR; GRE analytical writing section).
2. Minimum of 3.0 overall GPA and a 3.0 GPA in all units undertaken for the approved program of study.
3. Satisfactory completion of the following courses with a "B" or better grade: REC 571, Philosophy, Issues, and Trends and REC 696, Research Methodology.
4. Approval of the Graduate Coordinator and the Associate Dean of the College of Health and Human Services.
5. Enrolled in the semester in which the advancement to candidacy takes place.

Requirements

Completion of the Master of Science in Recreation Administration requires 30 units of post-baccalaureate course work to include the following.

1. Take 15 units of the following core courses (15):
 - REC 521, Recreation Administration (3)
Prerequisites: None
 - REC 571, Philosophy, Issues, and Trends (3)
Prerequisites: None
 - REC 591, Research Proposal Writing (3)
Prerequisites: REC 571 and REC 595, and REC 696
 - REC 595, Data Analysis in Recreation Administration (3)
Prerequisites: REC 571 and REC 696
 - REC 696, Research Methodology (3)
Prerequisites: none
2. Complete 12 units of graduate advisor approved electives (12)

Graduate Programs

Master of Science in Recreation Administration

Graduate study in Recreation Administration prepares students for advanced careers in the field of Parks, Recreation, and Tourism. Through a combination of online and traditional classroom instruction, students will explore the theoretical foundations of the field while developing the administrative and management skills needed to become managers of private, commercial, and public recreation agencies. Students may also focus on research design and methodology in preparation for a research-based position and/or doctoral studies.

Admission

Students seeking admission to the Department of Recreation and Leisure Studies graduate program must have an undergraduate degree and a desire for graduate study. Applicants must apply for admission to the Recreation and Leisure Studies department in addition to being admitted by Enrollment Services. The following items must be submitted to the Recreation and Leisure Studies Graduate Coordinator:

1. A copy of the CSULB graduate application
2. Official test scores on the Graduate Record Exam (GRE) General Test. While no specific cut-off scores are required on either the verbal or the quantitative sections, applicants must score a "4" or higher on the analytic writing section of the GRE.
3. A current resume that describes the applicant's academic achievements (including honors and awards), extracurricular activities, as well as relevant work,

3. Complete the graduate experience in one of three ways(3):
 REC 697, Directed Studies (3)
 OR
 REC 692, Directed Project (1-3)
 OR
 REC 698, Thesis (1-3)

Students interested in pursuing leadership roles in the field of Parks, Recreation, and Tourism may wish to choose either REC 692 or REC 697 as their graduate experience. Students interested in pursuing a doctorate or research based positions within the field may wish to choose REC 698 as their graduate experience.

Courses (REC)

LOWER DIVISION

100./300. Orientation to the Recreation Major (3)

Orientation to the professional roles in the field of leisure services; the philosophy, academic requirements, standards, documentation, procedures of followed in the Department of Recreation and Leisure Studies; and computer applications required of all majors.

Letter grade only (A-F). (Discussion, 3 hours) Not open to students with credit in REC 300.

141. Introduction to Leisure Services (3)

Prerequisite/Corequisite: One GE Foundation course.

Survey of public, private and non-profit agencies engaged in leisure services. Examination of populations served. Organizing principles of the recreation and leisure services profession.

Not open to students who have completed REC 241.

220. Universality of Play (3)

Prerequisites: GE Foundation requirements.

Exploration of ethnic origins of play from international perspective. Influence of play on creativity, drive and self image of society. (Theory and practicum)

225. Programming Recreation Activities (3)

Methods and materials used in planning and leading organized recreation programs in public and private agencies. Analysis of interpersonal and group skills necessary for effective leadership of recreation activities. Special emphasis on supervised programming field experiences.

Letter grade only (A-F).

UPPER DIVISION

300./100. Orientation to the Recreation Major (3)

Orientation to the professional roles in the field of leisure services; the philosophy, academic requirements, standards, documentation, procedures of followed in the Department of Recreation and Leisure Studies; and computer applications required of all majors.

Letter grade only (A-F). (Discussion, 3 hours) Not open to students with credit in REC 100.

321. Leadership in Recreation and Leisure Studies (3)

Theory and application of leadership as it pertains to leisure service agencies. In depth analysis of interaction between leadership styles and group dynamics. Facilitation techniques necessary for effective group leadership.

322. Recreational Sports Supervision (3)

Organization and supervision of recreational sports for community-wide participation.

(Lecture 2 hours, Activity 2 hours.)

324. Campus Recreation Services (3)

Principles and practices in provision of recreation services on college, secondary, and elementary school campuses

325. Advanced Program and Event Management (3)

Prerequisites: A grade of "C" or better in REC 141, REC 225.

Advanced management of recreation and leisure service programs with special emphasis on event planning and promotion. Includes interpretations of needs assessments and market analysis; analysis and selection of prospective client bases; program design, marketing, promotion, implementation and evaluation.

Letter grade only (A-F).

337. Environmental and Cultural Interpretation (3)

Principles and practices of environmental and cultural interpretation of outdoor recreation resources, including tours, brochures, slide shows and exhibits.

(Discussion, 3 hours)

340. Leisure in Contemporary Society (3)

Prerequisites: GE Foundations requirements; one or more Exploration courses; upper division standing.

Enhancing the understanding of leisure in contemporary society by examining beliefs, values, and social structures of one's own leisure and comparing and contrasting them with individual and social influences such as race/ethnicity, gender, sexuality, age, economic status, ability and religion.

341. Evaluation and Research in Leisure Services (3)

Prerequisites: A grade of "C" or better in REC 141, REC 225.

Foundations of current methods and practices of evaluation and research about leisure and in leisure services. Includes the critical need for evaluation and research in leisure services; research and evaluation concepts, types, and designs; sampling; and information/data collection, analysis, interpretation, and presentation.

Letter grade only (A-F).

351. Foundations of Inclusive Recreation and Recreation Therapy (3)

Prerequisites: A grade of "C" or better in REC 141, REC 225.

The role of inclusion in programming recreation services in society. Philosophical and historical foundations of recreation therapy, and principles of planning, implementing, and evaluating inclusive leisure services for individuals with disabilities.

(Lecture/Activity 3 hours)

371. Human Services Programming in Urban Areas (3)

Prerequisites: GE Foundation requirements.

Exploration of the community diversity, social issues, and community resources of urban areas in relationship to the concerns of recreation and human service needs. Examination of planning, development, and agency collaborations required to insure recreation services development meets community needs.

421. Supervisory and Administrative Practices (3)

Prerequisites: A grade of "C" or better in REC 325, REC 341.

Concepts and techniques of supervision and administration in recreation agencies; emphasis on recruitment, assignment, evaluation and in-service training of recreation personnel.

423. Facility Design and Operations (3)

Prerequisites: A grade of "C" or better in REC 325, REC 341.

Theories and practical experience in the design, development, operation, maintenance and administration of various recreational facilities.

Letter grade only (A-F).

425. Financing Leisure Services (3)

Prerequisite: A grade of "C" or better in REC 325.

Financing and budgeting in public and private sector leisure service agencies; management by objectives as related to fiscal elements.

427./527. Legal Aspects of Leisure Services (3)

Prerequisite: A grade of "C" or better in REC 325.

Political, policy making, and legal aspects underlying the establishment, operation, and termination of public and private leisure services.

Letter grade only (A-F). (Discussion, 3 hours.)

428./528. Principles of Nonprofit/Volunteer Management (3)

Survey of the principles of nonprofit and volunteer services management. The philosophical, historical and social context of the volunteer movement; funding, governance, organization and management of nonprofit organizations and volunteer services; trends and issues; professional development and employment.

430. Recreation in the Ocean Environment (3)

Prerequisite: Consent of instructor.

Study of the skills and techniques of administration of an ocean-oriented recreational resource, including management and trip planning. Will be supplemented with a week long field trip to Santa Barbara Island.

431. Recreation Resource Management (3)

Prerequisites: A grade of "C" or better in REC 141, REC 225.

Review of the techniques of recreation resource management; the role of citizens, government and private agencies in acquisition and development of these resources; development of resource management policies.

432. Wildlife and Wildfire Management in Urban Proximate Areas (3)

Study of the skills and techniques of managing wildlife and wildfires to improve public safety. Examination of management and visitor information services in city parks, national parks, national forests, and state parks surrounding the L.A. metro area.

433. Management of Organized Camps (3)

Management of organized camps, with particular emphasis on the role and responsibility of the on-site director; practical experience in all phases of camping. Topics include camp philosophies, job responsibilities, staff dynamics, campers' characteristics and needs, program development and facility management.

437. Access and Equity of Park Resources (3)

Prerequisite: A grade of "C" or better in REC 431.

Examination of distribution and management of city parks, county parks, and special park districts in the L.A. metro area. Analysis of historical and contemporary opportunity and access based on economic status, cultural background, gender, and mobility.

451. Management and Administration of Recreation Therapy Services (3)

Prerequisites: A grade of "C" or better in REC 351, REC 452.

Comprehensive recreation therapy program development, operation, and management. Administration of recreation therapy services and personnel. Advanced principles, issues, and trends in recreation therapy.

Letter grade only (A-F).

452. Assessment and Documentation in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Introduction to the theories, concepts, and techniques used in client assessment and documentation for recreation therapy programs and treatments. Students learn to assess the physical, cognitive, emotional, social, and leisure functioning of clients; develop measurable objectives; and document client progress.

(Lecture 2 hours, Activity 1 hour)

453. Comprehensive Programming and Evaluation in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Examination of treatment programs for a variety of populations and settings in Recreation Therapy. Students learn to develop comprehensive treatment plans based on client objectives, select appropriate program content, modify activities to meet client needs, and evaluate program effectiveness.

Letter grade only (A-F).

454./554. Counseling Techniques in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Current practices and procedures in recreation therapy using counseling techniques. Includes techniques of leisure needs assessments, leisure counseling, and leisure education methods. Covers recreation therapy practice perspectives using counseling/leisure education as a treatment.

Letter grade only (A-F).

457./557. Legislative Action in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Overview of Recreation Therapy as related to national healthcare issues. Includes examination of various legislative issues/bills introduced in congress with a direct effect on the profession. This non-required course includes travel to a midyear conference in Washington D.C.

Letter grade only (A-F).

458./558. Clinical Techniques in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Examination of clinical techniques and practices in recreation therapy. Includes theoretical background to clinical treatment, facilitation techniques, and treatment modalities for individuals with disabilities.

Letter grade only (A-F). (2 hours lecture, 1 hour lab)

462. Travel, Tourism, and Resort Recreation Management (3)

Prerequisite: A grade of "C" or better in REC 325.

Current procedures and processes in managing travel, tourism and resort recreation organizations. Discussion includes the organization and management of human resources in the marketing of travel, tourism and resort recreation enterprises.

465. Convention and Conference Planning (3)

Prerequisite: A grade of "C" or better in REC 325.

Organizing, planning and managing conferences and conventions. Analysis of site and facility selection, scheduling, theme development, programming, affiliated events, exhibit management, registration and overall services.

Letter grade only (A-F).

467./567. Principles of Ecotourism Development (3)

Prerequisite: A grade of "C" or better in REC 325.

Principles and practices of ecotourism development from a socio-cultural, environmental, economic, and political perspective. Implementation of tourism development including certification issues, management of resources, and community choices. Ecotourism planning that benefits locals and travelers.

Letter grade only (A-F).

468. Tourism Planning and Development (3)

Prerequisite: A grade of "C" or better in REC 325.

Analysis of elements which are included in a community development plans. Assessment of the touristic potential of a region or site, enabling legislation, organization, and administration of a tourism development plans, identification of sources of resistance and support.

469./569. Disability, Culture and Society: Issues and Intervention (3)

Prerequisite: Senior or graduate standing.

Disability as a social construct. Examines policies and practices to understand the experience of disability. Includes historical and contemporary perspectives as well as future issues. Emphasis on social and clinical intervention methods as well as programs and resources.

Letter grade only (A-F). Same course as GERN 469. Not open for credit to students with credit in GERN 469 or SW 469.

473./573. Aging and Leisure (3)

Theories, concepts and influences on satisfaction with retirement focusing on leisure-related issues. Overview of the continuum of services, emphasizing leisure services available to older people.

480. Philosophy of Recreation and Leisure (3)

Prerequisites: A grade of "C" or better in REC 341, REC 351, and three 400-level REC classes. Open to recreation majors only.

Exploration of the philosophical and ethical basis for current practices in recreation and leisure service organizations.

(Discussion, 3 hours.)

485. Field Work (3)

Prerequisites: Consent of instructor.

Supervised experience in recreation leadership, supervision or administration approved by faculty advisor or consent of instructor.

Credit/No credit grading only. May be repeated to a maximum of 6 units in different semesters.

490. Selected Topics in Recreation (1-3)

Identification and critical analysis of current problems in selected areas of recreation.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

498. Internship in Leisure Services (6-9)

Prerequisites: Completion of all major requirements; 1000 hours of verified paid or volunteer leadership experience approved by faculty advisor, or 500 hours of experience and fluency in both English and a second language consistent with CSULB Language Proficiency Requirements; and consent of internship coordinator.

This internship will involve a minimum of 400 hours of supervised experience in an approved leisure service agency jointly supervised by university and agency personnel.

Letter grade only (A-F). (Field work) Course fee may be required.

499. Independent Study (1-3)

Prerequisites: Consent of department and department chair.

Individual projects in areas of special interest areas. Independent study under the direct supervision of a faculty member.

May be repeated to a maximum of 6 units in different semesters with consent of instructor.

GRADUATE LEVEL

521. Recreation Administration (3)

Organizational theory; planning, staffing and budgeting of recreation programs in governmental and voluntary agencies.

Letter grade only (A-F).

527./427. Legal Aspects of Leisure Services (3)

Prerequisite: A grade of "C" or better in REC 325 or graduate student status.

Political, policy making, and legal aspects underlying the establishment, operation, and termination of public and private leisure services.

Letter grade only (A-F). (Discussion, 3 hours.)

528./428. Principles of Nonprofit/Volunteer Management (3)

Survey of the principles of nonprofit and volunteer services management. The philosophical, historical and social context of the volunteer movement; funding, governance, organization and management of nonprofit organizations and volunteer services; trends and issues; professional development and employment.

532. Wildlife and Wildfire Management in Urban Proximate Areas (3)

Study of the skills and techniques of managing wildlife and wildfires to improve public safety. Examination of management and visitor information services in city parks, national parks, national forests, and state parks surrounding the L.A. metro area.

537. Access and Equity of Park Resources (3)

Prerequisite: A grade of "C" or better in REC 431.

Examination of distribution and management of city parks, county parks, and special park districts in the L.A. metro area. Analysis of historical and contemporary opportunity and access based on economic status, cultural background, gender, and mobility.

554./454. Counseling Techniques in Recreation Therapy (3)

Prerequisites: A grade of "C" or better in REC 351.

Current practices and procedures in recreation therapy using counseling techniques. Includes techniques of leisure needs assessments, leisure counseling and leisure education methods. Covers recreation therapy practice perspectives using counseling/leisure education as a treatment.

Letter grade only (A-F).

557./457. Legislative Action in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Overview of Recreation Therapy as related to national healthcare issues. Includes examination of various legislative issues/bills introduced in congress with a direct effect on the profession. This non-required course includes travel to a midyear conference in Washington D.C.

Letter grade only (A-F).

558./458. Clinical Techniques in Recreation Therapy (3)

Prerequisite: A grade of "C" or better in REC 351.

Examination of clinical techniques and practices in recreation therapy. Includes theoretical background to clinical treatment, facilitation techniques, and treatment modalities for individuals with disabilities.

Letter grade only (A-F). (2 hours lecture and 1 hour lab)

567./467. Principles of Ecotourism Development (3)

Prerequisite: A grade of "C" or better in REC 325 or graduate student status.

Principles and practices of ecotourism development from a socio-cultural, environmental, economic, and political perspective. Implementation of tourism development including certification issues, management of resources, and community choices. Ecotourism planning that benefits locals and travelers.

Letter grade only (A-F).

569./469. Disability, Culture and Society: Issues and Intervention (3)

Prerequisite: Senior or graduate standing.

Disability as a social construct. Examines policies and practices to understand the experience of disability. Includes historical and contemporary perspectives as well as future issues. Emphasis on social and clinical intervention methods as well as programs and resources.

Letter grade only (A-F). Same course as GERN 569. Not open for credit to students with credit in GERN 569.

571. Philosophy, Issues and Trends (3)

Exploration of the current philosophy, trends and issues in the field of recreation.

Letter grade only (A-F).

573./473. Aging and Leisure (3)

Theories, concepts and influences on satisfaction with retirement focusing on leisure-related issues. Overview of the continuum of services, emphasizing leisure services available to older people.

590. Selected Topics in Recreation (1-3)

Prerequisite: Consent of instructor.

In-depth investigation of topics of current interest and concern to students experienced in recreation.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

591. Research Proposal Writing (3)

Prerequisite: REC 571, REC 595, and REC 696.

Addresses variations in research design and methodology. Completion of a thesis or project proposal is a requirement.

Letter grade only (A-F).

595. Data Analysis in Recreation Administration (3)

Prerequisites: REC 571 and REC 696.

Analysis of administrative studies and surveys; procedures for conducting and analyzing appraisals of recreation programs and facilities.

Letter grade only (A-F).

599. Independent Study (1-3)

Prerequisites: Consent of graduate advisor and department chair.

Independent research under the supervision of a Recreation and Leisure Faculty member.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

692. Directed Project (1-3)

Prerequisites: REC 591, REC 696, and Advancement to Candidacy

Students will work under the guidance of a faculty advisor to develop a project that advances the field of Recreation, Parks, and Tourism.

Letter grade only (A-F) (Independent Study)

696. Research Methodology (3)

Research methodology in recreation. To be completed within the first 12 units of the 500/600 series of courses.

Letter grade only (A-F).

697. Directed Studies (3)

Prerequisites: REC 591, REC 696, and advancement to candidacy.

Independent investigation of field research problems in recreation.

Letter grade only (A-F). May be repeated to a maximum of 3 units in different semesters

698. Thesis (1-3)

Prerequisites: REC 591, REC 696, advancement to candidacy.

Planning, preparation and completion of an approved thesis.

May be repeated to a maximum of 4 units in different semesters.

RELIGIOUS STUDIES

College of Liberal Arts

Department Chair: David Tabb Stewart

Department Office: McIntosh Humanities Building (MHB) 619

Telephone: (562) 985-5341

FAX: (562) 985-5540

Email: religious-studies@csulb.edu

Website: www.csulb.edu/colleges/cla/departments/relstud/

Faculty: Jeffrey L. Broughton, Gabriel Estrada, Edward J. Hughes, F. Stanley Jones, Peter M. Lowentrou, Sophia Pandya, Carlos R. Piar, David Tabb Stewart, Jon R. Stone

Undergraduate Programs

Bachelor of Arts in Religious Studies (120 units)

Students interested in this program should apply to the department chair.

Requirements

The Religious Studies major is organized into four areas of study. Religious Texts examines texts from the world's religious traditions and their historical and cultural contexts. Religious Traditions (Group A) includes coursework in Judaism, Christianity and Islam, and Religious Traditions (Group B), coursework in Buddhism, the religions of Japan, the religions of South Asia, the religions of Southeast Asia, and indigenous religions. The fourth area of study is Religion in the Contemporary World.

A minimum of 36 units is required as follows:

Core Courses:

Take 6 units from the following:

R/ST 100, R/ST 101, R/ST 111, R/ST 200, R/ST 201

Take the following course:

R/ST 401 Theory and Methods in Study of Religion (3)

Prerequisite: Consent of instructor.

Area Courses:

27 units selected from the following four categories, with at least 3 units in each.*

Religious Texts:

R/ST 210, R/ST 311, R/ST 312, R/ST 313A, R/ST 313B, R/ST 318, R/ST 319, R/ST 320A, R/ST 320B, R/ST 322, R/ST 375, R/ST 376, R/ST 490**, R/ST 499**

Religious Traditions (Group A):

R/ST 230, R/ST 314, R/ST 315, R/ST 317, R/ST 331, R/ST 337, R/ST 383, R/ST 460, R/ST 467, R/ST 471, R/ST 472, R/ST 490**, R/ST 499**

Religious Traditions (Group B):

R/ST 313A, R/ST 313B, R/ST 341, R/ST 344, R/ST 351, R/ST 352, R/ST 353, R/ST 358, R/ST 490**, R/ST 499**

Religion in the Contemporary World:

R/ST 202, R/ST 208, R/ST 240, R/ST 301, R/ST 302, R/ST 303, R/ST 308, R/ST 362, R/ST 383, R/ST 391,

R/ST 402, R/ST 410, R/ST 457, R/ST 458, R/ST 490**, R/ST 499**

*Courses with a subject focus on religion that are offered by other departments can be articulated into the major (up to 6 units).

**When the subject matter of a special topics or directed studies course is applicable, the course may be used.

Minor in Religious Studies

Requirements

The Minor in Religious Studies is available to any non-Religious Studies major. It requires coursework in at least two of the following four areas of study. Religious Texts examines texts from the world's religious traditions and their historical and cultural contexts. Religious Traditions (Group A) includes coursework in Judaism, Christianity and Islam, and Religious Traditions (Group B), coursework in Buddhism, the religions of Japan, the religions of South Asia, the religions of Southeast Asia, and indigenous religions. The fourth area of study is Religion in the Contemporary World.

A minimum of 18 units is required as follows:

Lower Division:

A minimum of six units selected from the following:

R/ST 100, R/ST 101, R/ST 111, R/ST 200, R/ST 201, R/ST 202, R/ST 208, R/ST 210, R/ST 230, R/ST 240

Upper Division:

A minimum of 12 upper-division units selected from at least two of the following four areas:

Area Courses:

Religious Texts:

R/ST 311, R/ST 312, R/ST 313A, R/ST 313B, R/ST 318, R/ST 319, R/ST 320A, R/ST 320B, R/ST 322, R/ST 375, R/ST 376, R/ST 490*

Religious Traditions (Group A):

R/ST 314, R/ST 315, R/ST 317, R/ST 331, R/ST 337, R/ST 383, R/ST 460, R/ST 467, R/ST 471, R/ST 472, R/ST 490*

Religious Traditions (Group B):

R/ST 313A, R/ST 313B, R/ST 341, R/ST 344, R/ST 351, R/ST 352, R/ST 353, R/ST 358, R/ST 490*

Religion in the Contemporary World:

R/ST 301, R/ST 302, R/ST 303, R/ST 308, R/ST 362, R/ST 383, R/ST 391, R/ST 402, R/ST 410, R/ST 457, R/ST 458, R/ST 490*

Courses with a subject focus on religion that are offered by other departments can be articulated into the minor (up to 3 units).

*When the subject matter of a special topics or directed studies course is applicable, the course may be used.

Certificate in Religious Studies

Please be aware that this program is not eligible for Financial Aid unless pursued concurrently with a degree program.

Requirements

A bachelor's degree with a major in a traditional discipline. The Religious Studies Certificate is organized into four areas of study. Religious Texts examines texts from the world's religious traditions and their historical and cultural contexts. Religious Traditions (Group A) includes coursework in Judaism, Christianity and Islam, and Religious Traditions (Group B), coursework in Buddhism, the religions of Japan, the religions of South Asia, the religions of Southeast Asia, and indigenous religions. The fourth area of study is Religion in the Contemporary World.

A minimum of 24 units in Religious Studies:

Lower Division:

A minimum of six units selected from the following:

R/ST 100, R/ST 101, R/ST 111, R/ST 200, R/ST 201, R/ST 202, R/ST 208, R/ST 210, R/ST 230, R/ST 240

Upper Division:

A minimum of 18 upper-division units, with at least one course selected from each of the following four course areas:

Religious Texts:

R/ST 311, R/ST 312, R/ST 313A, 313B, R/ST 318, R/ST 319, R/ST 320A, R/ST 320B, R/ST 322, R/ST 375, R/ST 376, R/ST 490*

Religious Traditions (Group A):

R/ST 314, R/ST 315, R/ST 317, R/ST 331, R/ST 337, R/ST 383, R/ST 460, R/ST 467, R/ST 471, R/ST 472, R/ST 490*

Religious Traditions (Group B):

R/ST 313A, 313B, R/ST 341, R/ST 344, R/ST 351, R/ST 352, R/ST 353, R/ST 358, R/ST 490*

Religion in the Contemporary World:

R/ST 301, R/ST 302, R/ST 303, R/ST 308, R/ST 362, R/ST 383, R/ST 391, R/ST 402, R/ST 410, R/ST 457, R/ST 458, R/ST 490*

Courses with a subject focus on religion that are offered by other departments can be articulated into the certificate (up to 6 units).

*When the subject matter of a special topics course is applicable, the course may be used.

Graduate Programs

Master of Arts in Religious Studies

Admission

The primary criteria for admission are the same as those for University graduate admission. In addition, the applicant must have a Bachelor's degree in Religious Studies, or its equivalent, and have achieved a 3.0 GPA in the last 60 semester units attempted. Three letters of recommendation two of which should be from the instructors in the undergraduate major are required.

Requirements

1. Minimum total units: 30 units of upper division or graduate study, at least 24 of which must be in Religious Studies. The remaining 6 may be in Religious Studies or another field of study related to Religious Studies and/

or the candidate's educational interests. Each student's program must include a minimum of 24 units of graduate courses (which can include 6 units of Biblical Aramaic or Biblical Hebrew, or Nahuatl), at least 12 of which must be in the 600 series (not including R/ST 697 and R/ST 698). All students must satisfactorily complete R/ST 601. Students taking courses for language proficiency outside the Department offerings may need an additional 6-16 units of work beyond the minimum number of units for the M.A.

2. A thesis or comprehensive examination.
3. Proficiency in a modern research language (German or French) demonstrated by passing either the ETS examination with a score of 400 or better or two years of course work with an average grade of "B" or better. Proficiency in an appropriate ancient research language (Nahuatl, Sanskrit, Biblical Aramaic, Hebrew, Chinese, etc.) replaces the modern language requirement for students concentrating in a related area of study. Exceptions to the language requirement are rare, but may be made at the discretion of the Graduate Studies Committee.
4. Advancement to Candidacy is a statement of how the student plans to complete all courses and requirements for the degree, including establishing a date and a committee for the thesis or comprehensive examination. It is best done as early as possible. Students taking a comprehensive examination must be advanced to candidacy no later than the semester preceding the examination. Students writing a thesis are advanced to candidacy at the time they begin their thesis work.

Note: Students admitted to the M.A. in Religious Studies who have deficient preparation in Religious Studies must take up to 24 units from undergraduate courses.

Courses (R/ST)

LOWER DIVISION

100. Introduction to Religion (3)

Prerequisite/Corequisite: One GE Foundation course.

Origin, nature, and function of religion in the individual and culture with emphasis upon and reference to outstanding personalities, sacred writings, and basic features of the world's leading religions.

101. Religion at the Movies (3)

Prerequisite/Corequisite: One GE Foundation Course.

Introduces students to the nature of religion and its cultural contexts as reflected in film, examining the religious compensatory functions of film and the processes of religion as represented in selected films from various genres.

111. Religion Games: Religion in the Public Square (3)

Prerequisite/Corequisite: One GE Foundation Course

Introduces how religion functions in the "public square" in different historical eras/cultures through live action role-playing or other games. Issues include the tension between religion as a mode of governing and individual freedom, as resistance, and in conflict with science.

Letter grade only (A-F).

200. Introduction to Early and Western Religions (3)

Prerequisites: Completion of GE Foundation requirements.

A survey of representative figures, themes, the schools in Western religious thought, including Judaism, Christianity and Islam.

201. Introduction to Asian Religions (3)

Prerequisites: Completion of GE Foundation requirements.

Survey of Indian, Chinese and Japanese religious thought. Emphasis will be on original texts in translations.

202. Religion and Society (3)

Prerequisite: GE Foundation requirements.

Religious and secular views of the relation of persons and society with emphasis upon contemporary problems of personal and social ethics, political responsibility and social structure.

208. Religion and Sexual Ethics (3)

Prerequisite: Completion of GE Foundation requirements.

Exploration of ethical issues related to sexuality within major world religions. Critical analysis of religious norms governing sexuality, particularly as these relate to diverse understandings of the body as a locus of both transcendence and/or social control.

Letter grade only (A-F).

210. Introduction to the Bible (3)

Prerequisite: GE Foundation requirements.

Overview of Sacred texts of Jews and Christians. Inspiration, Creation, Salvation, and other Biblical themes will be discussed, as well as key persons and events, such as Moses, Jesus, etc.

Not available to students with credit in R/ST 101A.

230. Heaven, Hell and Other Afterlives (3)

Explores the history and development of notions of the afterlife in Judaism. Jewish ideas about the experience of death and the fate of the dead will be studied in the context of broader reflection on ancient Mesopotamian, Egyptian, and Greek views of the afterlife, as well as brief considerations of Christian and Muslim views of the afterlife.

240. Love, Life, and the World (3)

Prerequisite: GE Foundation requirements.

Examines love in life and the world. Students will explore the philosophical, religious-mystical, psychological, social, and natural historical dimensions of love and complete both practical and research projects that will lead them to a fuller understanding of a loving life.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301. Approaching Religion (3)

Prerequisite: GE Foundation requirements.

Study of methods of religious studies, including the comparative and phenomenological study of religions, textual criticism, exegesis, research methods and techniques.

302. American Religious Diversity (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the diverse religious landscape of American society with a focus on the experiences of some of its major ethnic and racial communities, to include Native American, African American, Latino, and/or Asian American traditions.

303. Queer Spirit (3)

Prerequisites: Prerequisites: GE Foundations Completed, one or more Exploration classes completed, and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Queer written analysis of the integrated spiritual, psychological, social and physiological aspects of Abrahamic, Eastern, Indigenous, Neo-pagan, secular, and race/class/gender/nation/sexuality-defined spiritual and religious traditions.

Letter Grade Only (A-F), Same course as WGSS 303, Not open for credit to students with credit in WGSS 303.

308. Comparative Religious Ethics (3)

Prerequisite: GE Foundation requirements.

Introduction to study of ethics within global perspectives while introducing world religions. Major ethical questions and modes of moral reasoning in different religious traditions will be considered while focusing on why ordinary people do good and evil actions.

311. Religion and Literature of the Hebrew Bible/Old Testament (3)

Prerequisites: GE Foundation requirements, completion of one or more Explorations courses, and upper-division standing.

The Hebrew Bible, or Old Testament, read in translation as a religious, historical and literary document with emphasis on the religion and culture of the ancient Israelites in their ancient Near Eastern context. Selected books from its three divisions – Torah, Prophets, and Writings—are read each term.

312. Intertestament Literature, Palestine History, and Early Christianity (Dead Sea Scrolls) (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Historical development of Jewish religion and culture in the Second Temple period from the rise of the Maccabees to the beginnings of Christianity with emphasis on the rise of the Jewish State, the coming of the Romans and the beginnings of primitive Christianity (Essenism, Phariseism and Sadduceism).

313A: Introduction to Nahuatl Language and Ancient Mexican Codices (3)

Prerequisite: GE Foundation requirements

Introduction to Nahuatl grammar and composition as well as a religious understanding of Nahua calendars and deities as painted in Tlaxcalteca, Mexica, and Mesoamerican codices.

Letter grade only (A-F)

313B: Introduction to Nahuatl Language and Religious Literature (3)

Prerequisite: RST 313A, GE Foundation requirements

Introduction to Nahuatl language with an emphasis on the beginning translation of Mexica, Tlaxcalteca, Caxcan, Pipil, and other Nahua religious documents as written in Spanish orthography in classic and modern eras.

Letter grade only (A-F)

314. Jewish Religion (3)

From the end of the Second Temple period to the close of the Middle Ages. Development from Hellenistic Judaism to Rabbinic Judaism to philosophical theology will be gone into in some detail. Readings from Saadya, Halevi and Maimonides, etc.

315. Modern Jewish Thought/Zionism (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Development of Jewish thought from enlightenment and emancipation from ghettos, through attempts at assimilation, the Holocaust and birth of the Jewish State. Development of conservative, reform and orthodox Judaism.

317. Jewish Mysticism (3)

Prerequisite: GE Foundation requirements.

Explores some major trends and themes of the Jewish mystical and esoteric tradition. Included are various forms of Kabbalah and Hasidism, meditation and mysticism; explanations of and responses to evil; the nature of God and the relationship between human beings and the divine being; gender dynamics, and the power of ritual.

318. Biblical Hebrew I (3)

Biblical Hebrew I imparts the basic grammatical inflections, conjugations, and structures of elementary biblical Hebrew and starts the student on the path of mastering the specific vocabulary of biblical Hebrew. Introduces history and particularity of this language as well as standard reference tools employed in reading biblical Hebrew.

319. Biblical Hebrew II (3)

Prerequisite: R/ST 318.

Biblical Hebrew II completes instruction in grammar of biblical Hebrew and introduces major syntactical constructions of this language. Increases student's biblical Hebrew vocabulary, hones skills in use of reference books for biblical Hebrew, and allows initial confrontation with selections from Hebrew Old Testament itself.

320A. Biblical Aramaic I (3)

Prerequisite: GE Foundation requirements.

Alphabets and grammar of Aramaic, the language of Jesus, will be taught. Cultural excursions survey the history of the ancient international language Aramaic and its role in understanding Jesus and the Judaism of his time.

Not open for credit to students with credit in R/ST 220A.

320B. Biblical Aramaic II (3)

Prerequisite: GE Foundation requirements.

Advanced grammar and readings in Aramaic, the language of Jesus and the international language of the Near East prior to the importation of Greek. Select cultural excursions into the historical impact of Aramaic and special study of unpublished manuscripts.

Not open for credit to students with credit in R/ST 220B.

322. New Testament and Earliest Christian Literature (3)

Prerequisite: GE Foundation requirements.

The emergent Christian community, seen through the missionary and pastoral letters, the synoptic gospels, the radical theologies of Paul and John and the dramatic visions of the Apocalypse.

331. Islamic Religion and Culture (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

The Koran, Muhammad and the rise of Islam as a cosmopolitan faith. The development of Muslim civilization, including literature, theology, philosophy and Sufism (mysticism).

337. Sufism (3)

Prerequisite: GE Foundation requirements, one or more Explorations courses and upper-division standing.

Covers mainly Sufism and Shi'ism and their intimate relationship. Examines contribution of some great Sûfis and Shi'ite thinkers

to development of inner dimensions of Islam i.e. mysticism, esoterism, and spirituality.

Letter grade only (A-F).

341. Buddhism (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

The Buddha; early Buddhism; the great vehicle; and the vehicle of incantations. Transmission of Buddhism to China, Korea, Japan, Southeast Asia and Tibet. Emphasis on original texts in translations.

344. Religions of Japan (3)

Prerequisite: GE Foundation requirements.

Transmission of continental civilization to Japan; Shinto, Buddhism and Tokugawa Neo-Confucianism; Genroku culture; and New Religions. Emphasis on original texts in translations.

351. Hinduism (3)

Prerequisite: GE Foundation requirements.

Introduction to the religious traditions of Hinduism. Emphasis on the historical and textual study of Hinduism through its various literatures (sacred, narrative, poetic, liturgical, and philosophical). Explores Vedic traditions of sacrifice, the speculative philosophy of the Upanishads, the religious epic and mythological literature, the main gods and goddesses, and the devotional poetry of the medieval poet-saints.

352. Religions of India (3)

Prerequisite: GE Foundation requirements.

A survey of Indian religions to the present. Emphasis will be on the ways that religions of historic India have developed and interacted.

353. Religions of Southeast Asia (3)

Prerequisites: GE Foundation requirements, completion of one or more Explorations courses, and upper-division standing.

Introduction to the religions of Southeast Asia. Ancient religion, historical transmission and adaption of Hindu and Buddhist traditions, and recent developments in modern Southeast Asia will be discussed. Emphasis on the religious culture of mainland Southeast Asia.

358. Women and Islam in Global Perspective (3)

Prerequisite: GE Foundation requirements

Introduces a wide range of issues regarding women and Islam, and examines some of the diverse religious, social, political, and economic roles that Muslim women have played from the early days of Islam to the present period.

Letter grade only (A-F).

362. Religion and Psychology (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the religious and psychological interpretation of both individual and community religious activity and experience.

375. The Historical Jesus (3)

Prerequisite: GE Foundation requirements.

Historical reconstruction of the life and thought of the "Founder" of Christianity in his contemporary cultural and political environment. Standard historical and religious-historical methods are introduced and applied to the preserved sources.

376. Christian Origins (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Consideration of two factions in the early Church in Palestine in the First Century, one following the 'Apostle to the Gentiles' and the other following the family line of Jesus. Readings from primary sources, Paul's Letters, Eusebius, and apocryphal literature.

383. Christianity and Global Ethics (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines interaction of Christianity with secular socio-economic ideologies related to globalization and response of Christianity to such ethical issues as poverty, population growth, consumerism, environmental degradation, war, and genocide.

Letter grade only (A-F).

391. Religion and Science (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the occasionally harmonious, often acrimonious, relationship between religion and science. Examines the fundamental insights and claims of both religion and science, moving beyond the frequently sharp prejudices they initially bring to their study to a more reasoned understanding of each alone and in relation to each other.

401. Senior Seminar: Theories and Methods in the Study of Religion (3)

Prerequisite: Consent of instructor.

Examines and compares theories and research methods used in the discipline of Religious Studies, both classical and contemporary. Serves as a capstone course for Religious Studies majors, to include assignments that provide departmental assessment of the major.

Letter grade only (A-F).

402. Religion in America (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Survey of major themes in the unique American religious experience. Topics include the adaptation of European Christianity to novel American circumstances, the proliferation of denominations and the varied religious response to a dynamic American society.

Not open for credit to students with credit in R/ST 482I.

410. Women, Religion and Spirituality (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper-division standing, or consent of instructor.

Study of women as spiritual and religious beings responding to and coping with largely patriarchal religious doctrine. Examines socio-religious construction of women and women's religious experience from prehistory to present day. Focus on feminist transformations of religious traditions.

Same course as WGSS 410. Not open for credit to students with credit in WGSS 410.

457. Religion, Film and Literature (3)

Examines religion, film and literature in light of the epochal processes of secularization and demythologization. Uses the critical methods of the studies of religion and the narrative arts to explore these important sociocultural processes.

458./558. Women, Religion, and the Developing World (3)

Prerequisites: Upper division or graduate standing.

Causes and implications of globalization, the impact of globalization on women in the developing world, and the multi-faceted role that religion and religious constructions of gender play in this picture.

460./560. Jewish Christianity (3)

Prerequisite: Consent of instructor.

History and literature of ancient Jewish Christianity in its relationship to Gentile Christianity and Judaism, from the relatives of Jesus through the fourth century.

Letter grade only (A-F).

467. Religion in Latin America and the Caribbean (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Exploration of role of religion in the history, politics, and culture of Latin America. Surveys pre-Columbian religion, the impact of the Encounter, the growth of Protestantism, Liberation Theology, and the coming of age of Afro-Cuban and Afro-Brazilian religions.

Letter grade only (A-F).

471. Early Christianity and Society (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Development of Christianity from the New Testament period to Medieval times with emphases on the growth of doctrine and church institutions in ancient and medieval society.

472. Formation of Modern Christianity (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Restructuring and renewal of Christianity, from the Reformation through the dawn of modern consciousness to the challenge of 20th century secular life.

490. Selected Topics in Religious Studies (1-3)

Topics of current interest in religious studies selected for intensive development.

May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL

550. Islam in the Contemporary World (3)

Examines key thinkers, movements and issues arising in the global Muslim community in the modern period. It covers early reform movements, the Iranian Revolution, Islamic revivalism, religious violence, Progressive Islam, gender justice, Islam and sexuality, and Muslims in America.

Letter grade only (A-F). Not open for credit to students with credit in R/ST 501.

557. Religion, Film and Literature (3)

Examines religion, film and literature in light of the epochal processes of secularization and demythologization. Uses the critical methods of the studies of religion and the narrative arts to explore these important sociocultural processes.

Letter grade only (A-F)

558./458. Women, Religion, and the Developing World (3)

Prerequisites: Upper division or graduate standing.

Looks at causes and implications of globalization, impact of globalization on women in the developing world, and the multi-faceted role that religion and religious constructions of gender play in this picture.

560./460. Jewish Christianity (3)

Prerequisite: Consent of instructor.

History and literature of ancient Jewish Christianity in its relationship to Gentile Christianity and Judaism, from the relatives of Jesus through the fourth century.

Letter grade only (A-F).

590. Selected Topics in Religious Studies (3)

Prerequisite: Consent of instructor.

Topics of current interest in Religious Studies selected for intensive development.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

595. Advanced Study (3)

Prerequisite: Consent of instructor.

Study under the supervision of a faculty member. Student must fulfill requirements of a selected upper division course plus additional work appropriate to graduate study as determined by the instructor of the course.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics in the same semester.

599. Graduate Tutorial (1-3)

Prerequisite: Consent of instructor.

Supervised and independent study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in the same semester.

601. Theories and Methods in the Study of Religion (3)

Prerequisite: Consent of instructor.

Examines classical and contemporary theories of religion. Analyzes and compares research methods current in the discipline of Religious Studies.

Letter grade only (A-F).

604. Seminar in Religion in the Contemporary World (3)

Prerequisite: Consent of instructor.

Advanced inquiry into aspects of religion in the contemporary world, including its ethical, cultural, historical or theoretical dimensions.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics.

610. Indigenous Religion, Gender, and Representation (3)

Prerequisite: Graduate standing or consent of instructor.

Graduate seminar on contemporary and historical Indigenous religions of the Western Hemisphere with focus on worldview, gender, indigenous methodologies, and representation.

Letter grade only (A-F).

624. Seminar in Ancient Mediterranean Religion (3)

Prerequisite: Consent of instructor.

Advanced inquiry into the religions of the Ancient Mediterranean.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics.

646. Seminar in Buddhist Studies (3)

Prerequisite: Consent of instructor.

Advanced inquiry into topics in Buddhist Studies.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics.

651. Religion in an Age of Science (3)

Prerequisite: Graduate standing or permission of instructor

This graduate seminar examines modern opinion ranging from skeptical to hopeful on the possibilities for religious belief in our scientific age.

Letter grade only (A-F).

659. Violence, Religion, Gender and Sexuality (3)

Prerequisite: Graduate Standing or consent of instructor

Explores the connections between religion, sexuality, and forms of violence against women in the contemporary world. Examines this issue from within a wide range of global contexts, including the US, and from a variety of world traditions

Letter grade (A-F) only.

665. Magic, Witchcraft, Sexuality and Religion (3)

Prerequisite: Graduate standing

Focuses on connections between magic, witchcraft, sexuality and power in the contemporary, global world. How have the labels of magic and witchcraft been used to deny power to marginalized peoples? How are such actually practiced to resist those in power?

Letter grade only (A-F).

690. Selected Topics in Religious Studies (3)

Prerequisite: Consent of instructor.

Topics of current interest in religious studies selected by the faculty for intensive development.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in the *Schedule of Classes*.

697. Directed Research (1-3)

Prerequisite: Consent of instructor.

Directed Studies to permit individual students to pursue topics of special research interest.

Letter grade only (A-F). May be repeated to a maximum of 9 units in the same semester.

698. Thesis (1-6)

Prerequisites: Advancement to candidacy, consent of advisor.

Planning, preparation and completion of thesis for the master's degree.

May be repeated to a maximum of 6 units.

ROMANCE, GERMAN, RUSSIAN LANGUAGES AND LITERATURES

College of Liberal Arts

Department Chair: Markus Muller

Office: Academic Services, Room 309

Telephone: (562) 985-4318

Program Directors

Clorinda Donato (Italian)

Jeffrey High (German)

Harold K. Schefski (Russian)

Bonnie Gasior, Claire E. Martin (Spanish)

RGRLL Language Coordinator: Cedric Oliva

Single Subject Coordinator for L.O.T.E.: Cynthia Leathers

French Faculty: Laura Ceia, Clorinda Donato, Aparna Nayak, Najib Redouane

German Faculty: Jeffrey High, Nele Hempel-Lamer

Italian Faculty: Clorinda Donato, Enrico Vettore

Russian Faculty: Harold K. Schefski

Spanish Faculty: Maria Carreira, Alicia del Campo, Francisca Gonzalez Flores, Daniel Herrera Cepero, Bonnie Gasior, Claire E. Martin, Alexander Rainof

Administrative Support Coordinator: Alessandro Russo

Students desiring information should contact the department office for referral to one of the faculty advisors. Credential advisors, Undergraduate Advisor, Graduate Advisor.

Teaching Assistantships in French, German, Italian, and Spanish

Teaching Assistantships are available for qualified students in the French, German, Italian, and Spanish M.A. Program. New applicants for Teaching Assistantships must have been accepted into the M.A. Program and must present a letter of application, a resume, a complete set of transcripts, and arrange for three confidential letters of recommendation to be sent to the Language Coordinator. Teaching Assistants are required to enroll in RGR 601 (Teaching Methodology). Students are also encouraged to apply for financial assistance under the Federal Work-Study Program.

Scholarships Available in the Romance, German, Russian Languages and Literatures Department

The Department awards over \$20,000 of scholarships annually. Please contact the department office for application deadlines or visit our website at csulb.edu/colleges/cla/departments/RGRLL.

Department Courses (RGR)

LOWER DIVISION

100A. Uptown/Downtown: The City as Text (3)

Corequisite: One G.E. Foundation course.

Introductory gateway course to French-, German-, Italian-, and Spanish-speaking cultures through the lens of various representative cities.

UPPER DIVISION

314. Introduction to Contemporary Europe (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Interdisciplinary introduction to contemporary European cultures and related issues through a combination of travel and study. Introduced to some principles and methods useful for analyzing cultures and their own interactions with them.

Not open for credit to students with credit in C/LA 314.

315. Contemporary European Society (3)

Prerequisite: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Interdisciplinary approach to understanding cultural and political developments in contemporary European societies. Although study of history serves as foundation of course, perspectives and methodologies of several other social science disciplines are important component.

Not open for credit to students with credit in C/LA 315.

346. The European Cinema of Communism, Fascism and Resistance (3)

Prerequisites: GE Foundation requirements, one or more exploration courses, and upper-division standing.

Focuses on European cinema of twentieth century as manifestation of totalitarian and ideological movements preceding, in-between, and following the two world wars. Ensuing and ongoing resistance movements also examined.

Same course as FEA 346. Not open for credit to students with credit in FEA 346. (2 hrs sem, 2 hrs activity)

400. Crime and Punishment (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses and upper-division standing.

Explores literary representations and cultural manifestations of issues related to crime, punishment, justice, and violence in Europe, Africa, Asia, and the Americas.

424./524. Second Language Acquisition (3)

Prerequisite: Upper-division standing

Study of history of second language learning/teaching. Overview of current research in second language acquisition, with emphasis on implications for teaching foreign languages. Evaluation and development of methods, materials, and tests.

Letter grade only (A-F). Not open for credit to students with credit in SPAN 424/524. (Undergraduates register in RGR 424; graduates register in RGR 524) (Seminar)

425./525. Romance Linguistics (3)

Prerequisites: FREN 424 or SPAN 423 or ITAL 414 or consent of program instructor

Comparative description of the constitution and development of Romance languages in all their aspects: phonetical, lexical and morphosyntactical. Taught in English.

450. 1492 and Beyond (3)

Prerequisites: GE Foundation requirements, completion of one or more Exploration courses and upper-division standing.

Explores cultural changes that resulted from contact among peoples of Europe, Africa, Asia, and the Americas from 1492 to the present. Incorporates art, literature, social sciences, history, architecture, and related fields.

Same course as CHLS 450. Not open for credit to students with credit in CHLS 450.

470./570. New Technologies in the Learning of Languages Other Than English (3)

Prerequisites: Advanced communication skills in the target language; basic knowledge of computer use (LI 110 or ISTE competencies for K-12 students); EDSS 300F, or concurrent enrollment, or consent of instructor.

Introduction to computer-based technology in the teaching of Languages Other Than English (LOTE). Production of basic multimedia presentations and web-pages using authoring software. Legal, ethical, privacy and security issues. Meets the Single Subject Credential Program Level I computer proficiency requirement for LOTE students.

Letter grade only (A-F).

485/585. Intercomprehension among Romance Languages: a Road to Multilingualism (3)

Prerequisite: Knowledge of English and one Romance language, upper division.

Study of five Romance languages through the application of the strategies of Intercomprehension to acquire reading competence, plurilingual and pluricultural knowledge.

Letter grade only (A-F)

490./590. Selected Topics (3)

Prerequisite/Corequisite: Upper-division standing.

Exploration of a specific topic related to language, literature, linguistics, translation, and/or culture within RGRLL. May be repeated up to 6 units in different semester with different topics. Letter grade only (A-F).

GRADUATE LEVEL

524./424. Second Language Acquisition (3)

Study of the history of second language learning/teaching. Overview of current research in second language acquisition, with emphasis on its implications for teaching foreign languages. Evaluation and development of methods, materials, and tests.

Letter grade only (A-F). (Undergraduates register in RGR 424; graduates register in RGR 524) (Seminar)

525./425. Romance Linguistics (3)

Prerequisites: FREN 424 or SPAN 423 or ITAL 414 or consent of instructor.

Comparative description of the constitution and development of Romance languages in all their aspects: phonetical, lexical and morphosyntactical. Taught in English.

570./470. New Technologies in the Learning of Languages Other Than English (3)

Prerequisites: (A) Advanced communication skills in the target language. (B) Basic knowledge of computer use (ETEC 110 or ISTE competencies for K-12 students). (C) EDSS 300F, or concurrent enrollment, or consent of instructor.

Introduction to computer-based technology in the teaching of Languages Other Than English (LOTE). Production of basic multimedia presentations and web-pages using authoring software. Legal, ethical, privacy and security issues. Meets the Single Subject Credential Program Level I computer proficiency requirement for LOTE students.

Letter grade only (A-F).

585/485. Intercomprehension among Romance Languages: a Road to Multilingualism (3)

Prerequisite: Knowledge of English and one Romance language, graduate standing or consent of graduate advisor.

Study of five Romance languages through the application of the strategies of Intercomprehension to acquire reading competence, plurilingual and pluricultural knowledge.

590./490. Selected Topics (3)

Prerequisite/Corequisite: Graduate standing or consent of graduate advisor

Course Description: Exploration of a specific topic related to language, literature, linguistics, translation, and/or culture within RGRLL. May be repeated up to 6 units in different semester with different topics. Letter grade only (A-F).

601. Teaching Methodology (3)

Prerequisite: Graduate level or consent of instructor in French, German, or Spanish and instructor.

Should be taken prior to teaching in RGRLL Department. With consent of program director and language coordinator, course can be taken either concurrently with teaching assignment or at upper division level.

603. Theory and Practice of Literary Translation (3)

Prerequisite: Graduate standing.

This course is both a seminar on the theory of literary translation and a workshop where translations-in-progress are shared, revised and refined. The course provides deep immersion in the theory and practice of translation with a focus on translating into English

Letter grade only (A-F).

604. Cultures, Politics and Markets in Contact (3)

Prerequisite: Graduate standing or consent of graduate advisor.

In-depth study of the interdependency of cultures, markets and politics especially in Germany, Italy, Spain and Spanish-speaking countries, and France and French-speaking countries. Students are exposed to both theoretical and practical approaches to the topic.

Letter grade only (A-F)

Arabic Courses (ARAB)

101A. Fundamentals of Arabic (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to fundamental skills of speaking, oral comprehension, reading, and writing. For those who are beginning the study of Arabic or who have had one year of high school Arabic.

For non-native speakers only. Not open to heritage speakers or native speakers of Arabic.

101B. Fundamentals of Arabic (4)

Prerequisite/Corequisite: ARAB 101A or two years of high school Arabic or equivalent. Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

For non-native speakers only. Not open to heritage speakers or native speakers of Arabic.

201A. Intermediate Arabic (4)

Prerequisite: ARAB 101B or three years of high school Arabic or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading, and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Arabic.

201B. Intermediate Arabic (4)

Prerequisite: ARAB 201A or four years of high school Arabic or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading, and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Arabic.

Portuguese Courses (PORT)

100. Fundamentals of Portuguese (6)

Prerequisite/Corequisite: Any Foundation course.

Two semesters of fundamental Portuguese are covered in one semester in this intensive hybrid (blended) course. Not open to heritage or native speakers of Portuguese. Not open to speakers who have completed Portuguese 101A or Portuguese 101B.

(4 hrs. in class, 2 hrs. online)

101A. Fundamentals of Portuguese (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to fundamental skills of speaking, oral comprehension, reading, and writing. For those who are beginning the study of Portuguese or who have had one year of high school Portuguese.

For non-native speakers only. Not open to heritage speakers or native speakers of Portuguese.

101B. Fundamentals of Portuguese (4)

Prerequisite/Corequisite: PORT 101A or two years of high school Portuguese or equivalent. Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

For non-native speakers only. Not open to heritage speakers or native speakers of Portuguese.

200. Intermediate Portuguese (6)

Prerequisite: Completion of Portuguese 100 or minimum of 2 semesters of college Portuguese. Any foundation course.

Two semesters of fundamental Portuguese are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Portuguese. (4 hours in class, 2 hours online)

201A. Intermediate Portuguese (4)

Prerequisite: PORT 101B or three years of high school Portuguese or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development of speaking, oral comprehension, reading, and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Portuguese.

201B. Intermediate Portuguese (4)

Prerequisite: PORT 201A or four years of high school PORT or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading, and writing skills.

For non-native speakers only. Not open to heritage speakers or native speakers of Portuguese.

RUSSIAN

College of Liberal Arts

Department of Romance, German, Russian Languages and Literatures

Department Chair: Markus Muller

Program Director: Harold K. Schefski

RGRLL Language Coordinator: Cedric Oliva

Single Subject Coordinator for L.O.T.E.: Cynthia Leathers

Department Office: Academic Services, Room 309

Telephone: (562) 985-4318

Faculty: Harold K. Schefski

Administrative Support Coordinator: Alessandro Russo

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Customs Inspector • Immigration Officer • Importer/Exporter • Foreign Service Officer • International Marketing Representative • Travel Guide • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Translator • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Minor in Russian

As the relations between the United States and post-Soviet Russia continue to develop, students should no longer think of Russian Studies solely as a defensive tool (i.e., for employment with agencies such as CIA, NSA, FBI, etc.), but also as a potential instrument for promoting world peace through commerce (e.g., joint ventures) and communication (e.g., Peace Corps and teaching English in Russia). With these diverse ends in mind, the Minor in Russian allows students at CSULB to acquire a strategic language and a specialization in an important region and diverse culture. The Minor in Russian is 21 units and is available to any non-Russian major.

Take all the following prerequisites:

RUSS 100 Fundamentals of Russian (6)

Prerequisite/Co-requisite: Any Foundation course.

RUSS 200 Intermediate Russian (6)

Prerequisite: Completion of RUSS 100 or a minimum of 3 years of high school Russian.

Corequisite: Any Foundation course.

Take an additional 9 units from the following upper-division course work: RUSS 310, RUSS 410, RUSS 428, RUSS 499; HIST 341A, HIST 341B.

Courses (RUSS)

LOWER DIVISION

100. Fundamentals of Russian (6)

Prerequisite/Corequisite: Any Foundation course.

Two semesters of fundamental Russian are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Russian. Not open to students who have completed RUSS 101B. (4 hrs. in class, 2 hrs. online)

200. Intermediate Russian (6)

Prerequisites: RUSS 100 or a minimum of 3 years of high-school Russian.

Prerequisite/Corequisite: Any Foundation course.

Two semesters of Intermediate Russian are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Russian. Not open to students who have completed RUSS 201A or RUSS 201B. (4 hrs. in class, 2 hrs. online)

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

310. Russian Literature in English (3)

Prerequisites: GE Foundation requirements, and any course in literature or European history.

Taught in English, this course examines the major themes of Russian life as seen through the literature of the nineteenth and twentieth centuries

312. Advanced Russian (3)

Required background or experience. Ability to read general material in Russian and to translate non-technical material into the language. Extensive reading of Russian writings, review of grammatical principles, and a general consolidation of the four language skills: reading, oral comprehension, composition, and conversation

314. Russian Conversation (3)

Prerequisite: Upper-division standing in Russian or consent of instructor.

Intended to meet specific, everyday situations and to provide help to those who intend to use Russian for travel, work, or classroom instruction

399. Directed Studies in Russian Language (1-3)

Prerequisites: Consent of instructor.

Independent study undertaken under the supervision of a faculty member. A Directed Studies course designed to meet the individual needs of students.

Letter grade only (A-F).

410. Introduction to Russian Civilization (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examination of the characteristic features of Russian culture with special attention to the study of art, architecture, folklore, music, poetry and religion.

428. Russian Cinema (3)

Prerequisite: Upper-division standing.

Focuses on the Socio-political and aesthetic aspects of Russian Cinema, delineating the following periods: Soviet Silent Cinema, Stalinist Cinema, Cinema under the Thaw, Cinema under Brezhnev, and Contemporary Cinema.

Letter grade only (A-F). Same course as FEA 458. Not open for credit to students with credit in FEA 458. (2 hrs sem, 2 hrs activity)

499. Directed Studies in Russian (1-3)

Prerequisites: Senior standing, consent of instructor.

Readings in areas of mutual interest to student and instructor that are not a part of any regular course. Written report or project may be required.

SCIENCE EDUCATION

College of Natural Sciences and Mathematics

Department Chair: Lisa Martin-Hansen

Department Office: Hall of Science (HSCI) 205

Telephone/FAX: (562) 985-4801/985-7164

Website: www.cnsm.csulb.edu/depts/scied

Faculty: Alan Colburn, Susan Gomez-Zwiep, Laura Henriques, Thomas Kelty, James Kisiel, Lisa Martin-Hansen, William Straits

Advisors:

Single Subject Science Credential: Tim Williamson

Graduate Advisor: Alan Colburn, James Kisiel

Administrative Support Coordinator: Hellen Carcamo

Introduction

The department maintains close ties with teachers, schools and informal science institutions in the greater Long Beach area. It undertakes projects aimed at pre-college through university students. From the Head Start on Science project which develops a "sense of wonder" and excitement preschool and Kindergarten children, their teachers and parents to outreach and professional development for inservice elementary and secondary teachers, and support for preservice teachers and informal science educators, the department hosts a wide variety of grants and projects impacting the entire preK-16 and informal science education community. The department sponsors the Young Scientists' Camp programs, research seminars and the Association of Future Science Educators (AFSE) which is student chapter of California Science Teachers Association/National Science Teachers Association.

Graduate Programs

Master of Science in Science Education

The M.S. in Science Education is designed primarily for credentialed K-12 teachers and experienced informal educators.

Application

Prospective graduate students in M.S. in Science Education, including CSULB graduates, must formally apply for admission to CSULB as described previously in this catalog and must also apply directly to the Department of Science Education. All applicants must submit the following documents directly to the department office:

1. Completed departmental application form, including personal statement. The application form is available in the Department of Science Education office and on the internet [<http://www.scienceteaching.org>, click on "Masters Info"].
2. Two confidential recommendation letters, sent under separate cover, including one from an administrator or supervisor at a school/institution where the applicant is (or was) employed.

Prospective graduate students must also receive a positive recommendation following an interview with graduate faculty.

Review by the Graduate Studies Committee

The Graduate Studies Committee will review all completed applications and recommend either accepting the applicant as a Classified or Conditionally Classified graduate student, or denying admission. All accepted students should contact the departmental graduate advisor before their first semester for advisement and orientation.

Classified Graduate Student

The Department of Science Education will recommend for admission as a Classified graduate student any applicant who has met all prerequisites and been accepted by the Graduate Studies Committee.

Conditionally Classified Graduate Student

An applicant who fails to meet the criteria for Classified admission to the department may be considered by the Graduate Studies Committee for admission as a Conditionally Classified graduate student. The Graduate Studies Committee will determine what deficiencies each applicant has and specify what the individual must do to make up those deficiencies. The applicant must make up all such deficiencies before attaining Classified status.

Admission to the Department Prerequisites

In addition to the prerequisites for entrance into CSULB as a graduate student stated in this *Catalog*, the Science Education department requires:

- California Multiple Subject or science teaching credential, or the equivalent*;
- GPA of at least 3.0 for the last 60 units of study completed.
- Those students participating in the informal science option may substitute one or more years experience working as an educator in an informal learning setting; a letter of support is required.

Students are expected to exhibit high standards of writing proficiency. Students missing any admission criteria may only be admitted after receiving the approval of a department graduate faculty committee.

Option in Elementary and Middle School Science Education

This option is designed for teachers who are K-8 generalists. It may also be appropriate for Single Subject teachers interested in increasing the breadth of their scientific knowledge.

Program of Study

The Program of Study (30 units) includes successful completion of:

1. Take 6 units from the following:
EDP 519, EDP 520, EDP 595, EDP 596 or other courses chosen in consultation with advisor;
2. Take all the following Science Education core courses:
SCED 550 Current Issues and Research in Science

Education (3)

Prerequisite: Admission to M.S. in Science Education program.

SCED 551 Science Teaching, Learning and Curriculum Models (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550 or prior consent of instructor.

SCED 552 Nature of Science (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550.

SCED 697 Directed Research (1-3)

Prerequisites: Consent of instructor and admission to M.S. in Science Education program.

3. Take all the following science courses:

SCED 500 Life Science Applications for K-8 Teachers (3)

Prerequisites: Admission to M.S. in Science Education program; BIOL 200.

SCED 501 Earth Sciences Applications for K-8 Teachers (3)

Prerequisites: Admission to the M.S. in Science Education program and GEOL 102+GEOL 104 or GEOL 106.

SCED 502 Physical Science Applications for K-8 Teachers (3)

Prerequisites: Admission to M.S. in Science Education program; PHSC 112.

4. Take the following course:

SCED 698 Thesis (1-3)

Prerequisites: Advancement to Candidacy for the M.S. in Science Education, 18 units of coursework required for M.S. Science Education completed, and consent of the chair of the thesis committee.

Option in Secondary Science Education

This option is aimed at teachers with a Single Subject credential in Science. Graduate students complete 9 units of graduate work in a Science discipline.

Program of Study

The Program of Study (30 units) includes successful completion of:

1. Take 6 units from the following:

EDP 519, EDP 520, EDP 595, EDP 596, or other courses chosen in consultation with advisor.

2. Take all the following Science Education core courses:

SCED 550 Current Issues and Research in Science Education (3)

Prerequisite: Admission to M.S. in Science Education program.

SCED 551 Science Teaching, Learning and Curriculum Models (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550 or prior consent of instructor.

SCED 552 Nature of Science (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550.

SCED 697 Directed Research (1-3)

Prerequisites: Consent of instructor and admission to M.S. in Science Education program.

3. Take 9 units of graduate level science (chosen in consultation with advisor)

4. Take the following course:

SCED 698 Thesis (1-3)

Prerequisites: Advancement to Candidacy for the M.S. in Science Education, 18 units of coursework required for M.S. Science Education completed, and consent of the chair of the thesis committee.

Option in Informal Science Education

This option is aimed at educators currently working in non-classroom settings such as museums, zoos, and nature centers, as well as those charged with fostering the public understanding of science.

Program of Study

The Program of Study (33 units) includes the successful completion of:

1. Take all the following Science Education core courses:

SCED 550 Current Issues and Research in Science Education (3)

Prerequisite: Admission to M.S. in Science Education program.

SCED 551 Science Teaching, Learning and Curriculum Models (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550 or prior consent of instructor.

SCED 552 Nature of Science (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550.

SCED 553 Science Learning in Informal Settings (3)

Prerequisite: Admission to Science Education M.S. program; consent of instructor.

SCED 697 Directed Research (1-3)

Prerequisites: Consent of instructor and admission to M.S. in Science Education program.

2. Take 6 units of science courses from the following:

SCED 500, SCED 501, SCED 502, or other graduate-level science courses chosen in consultation with an advisor

3. Take 3 units research methodology from the following:

EDP 519, EDP 520, EDP 595, EDP 596; REC 696, or other courses in consultation with an advisor

4. Take 3 units non-profit management or other practitioner-related course from the following:

REC 521, REC 528, or other courses in consultation with an advisor

5. Take 3 units elective, chosen in consultation with advisor

6. Take the following course:

SCED 698 Thesis (1-3)

Prerequisites: Advancement to Candidacy for the M.S. in Science Education, 18 units of coursework required for M.S. Science Education completed, and consent of the chair of the thesis committee.

Advancement to Candidacy

1. A student must be designated as a Classified Student in good standing prior to advancing to candidacy.

2. A student must satisfy the general requirements of the University, including fulfilling the Graduation Writing Assessment Requirements (GWAR).

3. The student's M.S. program must be approved by a faculty graduate advisor, the department graduate advisor, the department chair, and the Associate Dean in the College of Natural Sciences and Mathematics or designee.

4. Advancement to candidacy may take place upon satisfactory completion of six units in the M.S. program. A student must have been advanced to candidacy before initiating formal thesis research necessary to complete the M.S. degree.

Courses (SCED)

Lower Division

100. An Introduction to Scientific and Spatial Reasoning (3)

Course Description: Students develop essential and critical thinking skills that help them 'think outside of the box' and recognize the role of spatial reasoning, perception and creativity in the practices of science. Letter grade or credit/no credit. The course may not be repeated. (3 hours activity.)

UPPER DIVISION

401. A Process Approach to Science (3)

Prerequisite: BIOL 200; PHSC 112; GEOL 106, or both GEOL 102 and GEOL 104; all with a "C" or better grade.

Processes of science as they relate to life, earth, and physical sciences. Practical approaches to integration of science and engineering practices, disciplinary core ideas, and cross-cutting concepts of science integrated and modeled throughout the course for students.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.) Course fee may be required.

403. Integrated Science (3)

Prerequisites: All credential breadth requirements for the Single Subject Teaching Credential Program in Science, three-fourths of the credential specializations courses, and consent of instructor. Enrollment limited to students who intend to pursue a Single Subject Credential in Science.

Focuses on NGSS integration of science and engineering practices, disciplinary core ideas, and cross-cutting concepts of science. Requires presentations, discussions, critical evaluation by students on selected interdisciplinary topics in sciences, and field work in integrated science assignments.

Letter grade only (A-F). (Lecture 3 hrs.)

404. The Nature of Science and Scientific Reasoning for Teachers (3)

Prerequisites: At least three-fourths of the credential specialization courses for Single Subject Teaching Credential in science and consent of instructor. Enrollment limited to students who intend to pursue a Single Subject Credential in Science.

Course has three aims. The first is students better understand nature of science – its history, philosophy, psychology, and sociology. Second, students better understand methods of science and how to critically evaluate reports about scientific investigations. Finally, students learn how to apply these understanding to the 6-12 classroom in the context of NGSS.

Letter grade only (A-F). (Lecture 3 hrs.)

475. Teaching and Learning Science, K-8 (3)

Prerequisites: Admission to the Multiple Subject Credential Program. SCED 401 or a bachelor's degree.

Methods for teaching elementary school science. Development of sequenced, Common Core integrated, NGSS-based science lessons addressing the needs of all learners to be STEM ready.

Letter grade only (A-F). Course fee may be required. (Lec 2 hrs., activity 2 hrs.) 60 contact hours, however, actual contact hours vary as course is offered with an on-line distance component (see *Schedule of Classes* footnote). 10 hours minimum of fieldwork in classrooms where at least 25% of students are classified as English learners, or concurrent enrollment in EDEL 482.

490A. Selected Topics in Science Education (1-3)

Prerequisite: Consent of instructor.

Topics in science education.

May be repeated to a maximum of 6 units with different topics in

different semesters. (Lecture 1-3 hrs)

490B. Selected Topics in Life Science Education (1-3)

Prerequisite: Consent of instructor.

Topics in life science education.

May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F). (Lecture 1-3 hrs)

490C. Selected Topics in Earth/Space Science Education (1-3)

Prerequisite: Consent of instructor.

Topics in earth and space science education.

May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F). (Lecture 1-3 hrs)

490D. Selected Topics in Physical Science Education (1-3)

Prerequisite: Consent of instructor.

Topics in physical science education.

May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F). (Lecture 1-3 hrs)

496. Directed Studies in Science Education (1-3)

Prerequisites: Consent of instructor.

Supervised study of current topics in science education.

Letter grade only (A-F). May be repeated to a maximum of 3 units with different topics in different semesters.

GRADUATE LEVEL

500. Life Science Applications for K-8 Teachers (3)

Prerequisites: Admission to M.S. in Science Education program; BIOL 200.

Emphasizes major themes and processes in life sciences, focusing on deepening understanding of concepts and approaches to teaching material in K-8. Approaches to developing/teaching inquiry-based/experiential learning units in biology modeled and integrated throughout course.

Letter grade only (A-F). (Seminar 3 hrs.)

501. Earth Sciences Applications for K-8 Teachers (3)

Prerequisites: Admission to the M.S. in Science Education program and GEOL 102+GEOL 104 or GEOL 106.

Investigates earth science topics with focus on deepening connections between concepts in earth science and matter and energy cycling, providing applications of earth science concepts and activities in K-8 classrooms and schools.

Letter grade only (A-F). (Seminar 3 hrs.)

502. Physical Science Applications for K-8 Teachers (3)

Prerequisites: Admission to M.S. in Science Education program; PHSC 112.

Investigates physical science topics with focus on deepening students' science understanding while showcasing applications of physical science for students' personal lives and their K-8 classrooms and schools.

Letter grade only (A-F). (Seminar 3 hrs.)

550. Current Issues and Research in Science Education (3)

Prerequisite: Admission to M.S. in Science Education program. SCED 550 is a core course in the M.S. in Science Education.

Introduces students to body of research and practical knowledge shared by science education community from the early 1900s through today (including recent reforms such as NGSS). Includes choosing, studying, and discussing articles from science education literature relevant to key issues in science education. Course requirements include attending science teacher's conferences.

Letter grade only (A-F). (Seminar 3 hrs.)

551. Science Teaching, Learning and Curriculum Models (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550 or prior consent of instructor.

Introduces students to professional literature about science teaching and learning. Traces historical development of elementary/secondary science curriculum models more specifically, and STEM education efforts more broadly. Students examine role science and education organizations played in reforming science curriculum (including standards movements and NGSS), and analyze curricula from variety of teaching/learning perspectives.

Letter grade only (A-F). (Seminar 3 hrs.)

552. Nature of Science (3)

Prerequisites: Admission to M.S. in Science Education program and SCED 550.

A core course in the M.S. in Science Education. Looks at science from historical, philosophical, psychological, and sociological perspectives. Examines perceptions of science and scientists, especially views of science in different cultures and times. Discusses using these perspectives to teach students about nature of science.

Letter grade only (A-F). (Seminar 3 hrs.)

553. Science Learning in Informal Settings (3)

Prerequisite: Admission to Science Education M.S. program; consent of instructor. SCED 553 is a core course required of all Science Education M.S. candidates who have declared an option in informal science learning.

Examines characteristics of non-school learning settings (e.g., science museums, zoos, aquaria, nature centers, homes) and how they promote (or hinder) scientific understanding. Multiple theoretical perspectives examined. Authentic evaluation/research project with local institution.

Letter grade only (A-F). (Seminar 3 hrs.)

560. Science Education Research Methods (3)

Prerequisites: Admission to the M.S. in Science Education program.

Examination and application of science education research methodology including various types of qualitative and quantitative methods, research designs, sampling methods, inferential statistics and hypothesis testing, interpretation and use of science education research instruments and development of a research proposal.

Letter grade only (A-F). (Seminar 3 hrs.)

580. Introduction to College Science Teaching - 1 (1)

Prerequisite: Admission to Master's-level program in CNSM.

Addresses the fundamentals of college science instruction with an emphasis on immediate classroom application. Strategies for active learning, student assessment, and teacher development are introduced.

Letter grade only (A-F). (Seminar 1 hr)

590. Selected Topics in Science Education (1-3)

Prerequisite: Consent of instructor. (Undergraduates enroll in SCED 490; graduate students enroll in SCED 590).

Topics in Science Education. Course content will vary from section to section.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the Schedule of Classes.

Letter grade only (A-F). (Seminar 1-3 hrs.)

697. Directed Research (1-3)

Prerequisites: Consent of instructor and admission to M.S. in Science Education program.

Independent investigation of a research problem or directed project, under the direction of a faculty member.

May be repeated to a maximum of 3 units with different topics in the same semester. Letter grade only (A-F).

698. Thesis (1-3)

Prerequisites: Advancement to Candidacy for the M.S. in Science Education, 18 units of coursework required for M.S. Science Education completed, and consent of the chair of the thesis committee.

Planning, preparation, and completion of the thesis project in Science Education. Enrollment in more than 2 units in a given semester requires departmental approval.

Letter grade only (A-F).

SINGLE SUBJECT TEACHER EDUCATION PROGRAM

Vacant (Industrial and Technology Education)

Introduction

The Single Subject Credential Program (SSCP) prepares university students to be credentialed in California for single subject instruction. A teacher with a Single Subject Credential is authorized to teach the specific subject(s) named on the credential in departmentalized schools. This is commonly done in California high schools and in most California junior high and middle schools. However, a teacher authorized for single subject instruction may be assigned to teach any subject in his or her authorized fields at any grade level: pre-school, kindergarten and grades one through twelve; or in classes organized primarily for adults. At CSULB the program includes courses in the student's teaching subject area, in general secondary education (EDSE), and in subject specific education (EDSS). Program requirements subject to change to align with changes in CTC regulations. For further program information visit www.ced.csulb.edu/single-subject.

Single Subject Credential Program (code 100)

The Single Subject Credential Program is a 45 unit program course of study comprised of one prerequisite, four co-requisites, four core courses, and the capstone student teaching experience and student teaching seminar. EDSS 300, the prerequisite course, must be taken prior to other EDSS and EDSE courses. The corequisites may be taken prior to or concurrent with EDSS 300, or concurrent with the core courses. All course work must be completed prior to student teaching, except for the student teaching seminar which is taken concurrently with student teaching. Student teaching is a full teaching day, Monday through Friday, for approximately 20 weeks under the guidance of one or more cooperating teachers and a university supervisor.

Requirements

Prerequisite:

Take the following course:

EDSS 300A-S Introduction to Teaching (3)

Prerequisites: Advanced sophomore or junior standing.

(separate sections offered for each subject area)

Corequisites:

Take the following courses:

HSC 411B Health Science for Secondary Teachers (3)

Prerequisite: Upper-division standing. Corequisite: Current CPR Certification required.

EDSP 355B Collaborative Models of Inclusive Education (3)

Prerequisite: None

Take one of the following courses:

EDP 301 Child Development and Learning: A Cross-Cultural Perspective (3)

Prerequisites: None.

EDP 302 Early and Late Adolescent Development and Learning: A Cross-Cultural Perspective (3)

Prerequisites: None.

EDP 305 Educational Psychology (3)

Prerequisites: None.

Take one of the following choices:

Level I technology course or state-approved exam

Candidates in the 11 subject area programs can meet the computer technology requirement through the following courses: Art (ART 305), English (ENGL 337), Home Economics (ETEC 444), Health Science (ETEC 444), Industrial Technology (ETEC 444), LOTE (RGR 470), Mathematics (MTED 301), Music (MUS 125T), KIN (KIN 354), Science (EDSS 300C, EDSS 450C, EDSS 473), Social Science (ETEC 444).

Core Courses:

Take the following courses:

EDSE 435 United States Secondary Schools:

Intercultural Education (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission to the Single Subject Credential Program; or consent of University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

EDSE 436 Curriculum, Instruction, Assessment and Classroom Management (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission to the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

EDSE 457 Reading and Writing in the Secondary School (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission to the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

EDSS 450A-S Curriculum and Methods (3)
(separate sections offered for each subject area)
Prerequisites: Consult catalog text for matching prerequisite information.

Capstone:

EDSS 472 Student Teaching (5)
Corequisite: EDSS 473. Prerequisite: EDSS 450 (A, C, D, F, G, H, M, N, P, or S) and admission to the Single Subject Credential Program, or permission of the University Coordinator; submission of application to student teach by the deadline (October 1 for Spring term; March 1 for Summer and Fall terms); passage of CBEST; character and identification clearance (fingerprint clearance); completion of all program course work; demonstration of subject matter competence; portfolio assessment in selected programs; approval for advancement to student teaching by the Credential Advisor and University Coordinator of the Single Subject Credential Program. Student teaching must be completed in the subject that will be authorized on the candidate's credential.

EDSS 473A-Z Student Teaching Seminar (3)
(separate sections offered for each subject area)
Prerequisite: Admission to the Single Subject Credential Program, or consent of the Single Subject Credential Program University Coordinator; advanced to student teaching. Corequisite: EDSS 472.

or for interns

EDSS 572 Intern Student Teaching (5)
Corequisite: EDSS 473. Prerequisite: Admission to the Single Subject Intern Program; offer of intern teaching position from a cooperating school district; submission of application to student teach by the deadline (October 1 for Spring term; March 1 for Summer and Fall terms); passage of CBEST; character and identification clearance (fingerprint clearance); completion of all program course work; demonstration of subject matter competence; portfolio assessment required in selected programs; approval for advancement to intern student teaching by the Credential Advisor and University Coordinator of the Single Subject Credential Program.

EDSS 473A-Z Student Teaching Seminar (3)
(separate sections offered for each subject area)
Prerequisite: Admission to the Single Subject Credential Program, or consent of the Single Subject Credential Program University Coordinator; advanced to student teaching. Corequisite: EDSS 472.

All professional coursework for the credential must be completed within seven years of admission to the program.

In addition to professional preparation, all credential candidates must demonstrate subject matter competence by one of the following: A) completion of a Commission-approved subject matter program; B) passing scores on the CSET exam; C) transcript review. Candidates should confer as early as possible with the Credential Advisor in their subject area to develop an efficient program plan.

Admission to the Program

Before beginning the Single Subject Credential Program (SSCP), students should be admitted to the university. Apply for admission if you are A) a graduating senior at CSULB, B) transferring from another institution, or C) returning to the university after an absence of one or more semesters. Admission to the university does not constitute admission or acceptance in the SSCP. Application to the program is normally made as part of the course requirements for EDSS 300. Students may take the EDSS 300 course once they have completed a minimum of 60 semester or 90 quarter units.

Program Admission Requirements

1. Complete the prerequisite course EDSS 300 in the appropriate subject area with a minimum grade of "B."
2. Perform satisfactorily in the 45 hour field work requirement in EDSS 300.
3. Attain a grade point average of at least 2.67 in all baccalaureate and post baccalaureate course work or a grade point average of at least 2.75 in the last 60 semester units or 90 quarter units attempted.
4. Complete a personal interview with program faculty.
5. Submit two recommendation forms that speak to the candidate's potential for successful public school teaching.
6. Submit a written statement of professional goals and philosophy of education.
7. Provide evidence of fingerprint clearance (Certificate of Clearance) through the California Commission on Teacher Credentialing (CTC).
8. Submit a negative tuberculosis skin test or chest x-ray taken within the previous three years. Tuberculosis clearance must be valid through student teaching.
9. Take the CBEST exam. You must take all three parts of the exam and submit official scores. (Passage of the exam is required to advance to student teaching.)
10. Demonstrate proficiency in reading and writing English by (A) attaining the minimum passing score of 37 on the reading portion of the CBEST exam or by (B) achieving a "C" grade or better in a course satisfying the General Education requirement in literature and by (A) attaining the minimum passing score of 37 on the writing portion of the CBEST or by (B) fulfillment of the Graduation Writing Assessment Requirement (GWAR).
11. Demonstrate ability to communicate orally in English at the level required of public school teachers by demonstration of English production skills in the course EDSS 300 and through an oral interview with subject matter program faculty. In the case of candidates for a credential in teaching Languages Other Than English, there is a bilingual interview requirement in English and the target language.
12. Demonstrate Professional Dispositions that satisfy the standards of the teaching profession and suitable aptitude for teaching in public schools through the application documentation, the personal interview, and performance in the course EDSS 300. Candidates must continue to demonstrate appropriate Professional Dispositions through completion of the program.
13. Submit a completed program application to the EDSS 300 instructor.
14. Complete all requirements for admission to the program unique to the candidate's subject matter program.

Preliminary Credential

Successful completion of the Single Subject Credential Program leads to the Preliminary Credential, which is valid for five years.

Credential Requirements

1. Hold a bachelor's degree from an accredited institution.
2. Satisfy the U. S. Constitution requirement (POSC 100 or POSC 391 or exam or equivalent course from another institution).

3. Pass CBEST.
4. Hold a Certificate of Clearance (fingerprint check).
5. Demonstrate subject matter competence.
6. Complete all prerequisite, corequisite, core and capstone courses with a "B" average and a minimum grade of "C". A minimum 3.0 grade point average must be maintained in all EDSS and EDSE courses. A minimum grade of "B" must be attained in EDSS 300 and EDSS 450.
7. Demonstrate Level I Computer proficiency.
8. Successfully complete student teaching and student teaching seminar.
9. Obtain a score of 3 or better on all 4 tasks in the state-mandated Teacher Performance Assessment (Cal TPA).
6. Pass the California Basic Educational Skills Test (CBEST), or approved alternate prior to the student teaching application deadline.
7. Demonstration of subject matter competence. CSET test takers must submit passing scores with their student teaching application. Course-takers must satisfy the subject matter mastery requirement prior to the first day of student teaching.
8. Proof of identity and character clearance (Certificate of Clearance)
9. Attend a student teaching application meeting and submit a student teaching application by October 1 or March 1 of the semester prior to student teaching.

Student Teaching

Student Teaching is a full day (At least 5 class period), full semester responsibility following the school district calendar (approximately 20 weeks). Students teach three classes which represent different aspects or levels of the subject. The other two periods are for preparation and observation. The university determines the specific student teaching assignment. There are a wide variety of schools and teaching situations available in the program service area representative of the diversity of the region.

Advancement to Student Teaching is based upon a second thorough assessment of the candidate's qualifications. The process involves an evaluation of the applicant's file and an interview with faculty in the Single Subject Program. The criteria for advancement are as follows:

1. Potential for success in teaching, as indicated by successful leadership, teaching experience, or work experience. Updated information regarding the candidate's most recent experience, including work in EDSS 450, forms the basis of this assessment.
2. Continuing motivation for and enthusiasm toward teaching, together with those dispositions believed essential for successful teaching. Evidence includes a strong recommendation from the instructor of EDSS 450 and further recommendations from faculty who have worked with or have interviewed the student since the time of admission to the credential program.
3. Academic competence, overall and in the teaching major. The level of academic achievement of candidates is expected to be above average.

Advancement to Student Teaching Requirements

1. Member in good standing of the Single Subject Credential Program.
2. A GPA of 2.75 in the last 60 semester units, or 2.67 overall.
3. Successful completion of all program courses, except Student Teaching and Seminar.
4. A minimum "B" grade point average in program courses, including prerequisites, corequisites and core courses, with no grade lower than "C." A minimum 3.0 grade point average must be maintained in all EDSS and EDSE courses. Completion of EDSS 300 and EDSS 450 with a minimum grade of "B."
5. TB clearance (clearance must be valid through completion of student teaching).

Student Teaching Application Process

1. Student Teaching applications are only distributed at mandatory student teaching information meetings held the first two weeks of the semester. Candidates for advancement to student teaching must attend a meeting. Meeting dates are posted outside the Single Subject Program office and are available on the website.
2. The application for Student Teaching is reviewed by the student's Subject Area Credential Advisor (SACA). The Credential Center evaluates transcripts. The SACA then makes a recommendation to the University Single Subject Credential Coordinator who takes final action. When approved, the student registers for student teaching. A priority system is used if sufficient funding is not available to allow all qualified applicants to enroll in student teaching.
3. A Certificate of Clearance must be on file in the Credential Center prior to the beginning of Student Teaching.

Single Subject Internship

The Internship Program provides an opportunity for qualified Single Subject Credential Program (SSCP) candidates to work as teachers of record while completing their preservice preparation. Internship positions are offered by school districts in consultation with the SSCP. An internship is an entry-level paid teaching position in a regular public secondary school classroom. The Intern Credential holder is an employee of the school district on a contractual basis and is subject to all district employment policies. Interns are also program students, subject to program requirements.

Interns carry considerable responsibility as the classroom teacher of record responsible for designing, developing, and implementing curriculum and instruction for a full load of classes for the length of the school year. In addition, they are expected to be fully participating members of the school faculty, including service on school committees, supervision of student activities, and attendance at school and district meetings and inservices. Only candidates who are truly ready for the responsibility and heavy workload should become interns. Candidates should consult with their Credential Advisor and the University SSCP Coordinator as they explore the possibility of doing an internship.

To be approved for an internship, candidates must meet the following requirements: be in good standing in the SSCP, be enrolled in at least one program course

each semester, pass the CBEST (or approved alternate), demonstrate subject matter competence (as determined by CTC subject matter requirements), have character clearance, be approved for advancement to student teaching, demonstrate relevant successful experience working with students, and show proof of meeting the U. S. Constitution requirement. The internship offer is made by the school district, and must be in the candidate's teaching field. Interns cannot teach out of their field. Candidates must have the approval of their SACA and the approval of the University SSCP Coordinator. There must be a District/University Internship Agreement in place between the district and CSULB.

Upon completing all program requirements for advancement to student teaching, Interns use their teaching position as the "student teaching" experience. Interns must submit an application to student teach by the regular deadlines: October 1 for Spring and March 1 for Fall student teaching. Interns register for 15 units of Intern Student Teaching and 3 units of Student Teaching Seminar. Interns must have a minimum of two different class preparations as part of their teaching assignments. A University Supervisor observes the intern periodically during the term, conferences with the intern after site visits, and provides support. The school provides a Site Support Teacher who functions as the Intern's on-site mentor. Interns are evaluated on program evaluation forms that are based on the *California Teaching Performance Expectations*.

Intern Application Guidelines and application materials are available in the Teacher Preparation Advising Center (ED1-67). Late applications may not be approved until the following semester. Candidates should contact the SSCP Office for a list of districts with which the program has intern contractual agreements.

The Early Completion Intern Option allows qualified candidates in English, Math, and Science to challenge the course work portion of the internship program and demonstrate their pedagogical skills by passage of the Teaching Foundations Examination and the California Teaching Performance Assessment while serving as an intern. See an advisor in the Teacher Preparation Advising Center for details.

Clear Credential

The Preliminary credential is valid for five years from the date of issuance and is not renewable. During the first five years of teaching, teachers earn the Clear Credential through their District-Sponsored Induction Program.

Petition Process

Appeals to program decisions or requests for policy waivers are made by filing a written appeal to the Single Subject Program Petition Committee. The Petition Committee reviews the written statement and supporting evidence. After the review, the Committee renders its final decision. Examples of petitionable policies are: the minimum grade point average required for program admission, completing all program courses prior to student teaching, and course equivalencies. Consult the SSCP Office for items not listed here. Students follow university policy to appeal a course final grade.

Single Subject Credential Program Majors

The subject matter programs listed below have been approved by the California Commission on Teacher Credentialing. Completion of a program as an undergraduate major (or as a returning graduate student) meets the subject matter competence requirement for the single subject teaching credential. With careful planning, it may be possible for undergraduates to complete the professional preparation (education) courses concurrent with the major, with the exception of student teaching and seminar (which may be done the first semester after graduation). Subject matter competence may also be demonstrated by passing the appropriate CSET exam. Candidates should consult the Credential Advisor in their area of interest to develop an efficient program plan.

Art Education (code 110)

Course requirements for demonstrating subject matter competence in Art are listed in the Art Department under Bachelor of Arts in Arts, Option in Art Education. Subject matter competence may be met through completion of 30 core units and 36 breadth and perspective units. Consult with the Single Subject Art Education Advisor for specific academic advisement and program information.

English Education (code 120)

Course requirements for demonstrating subject matter competence in English are listed in the English Department under Bachelor of Arts in English, Option in English Education. Subject matter competence may be met through completion of 35 core units and 18 breadth and perspective units. Consult with the Single Subject English Education Advisor for specific academic advisement and program information.

Health Science (code 130)

Course requirements for demonstrating subject matter competence in Health Science are listed in the Health Science Department under Bachelor of Science in Health Science, Option in School Health Education. Subject matter competence may be met through completion of 30 lower division units and 46 upper division units. Consult with the Single Subject Health Science Education Advisor for specific academic advisement and program information. The Health Science Subject Matter Program is being revised to meet new state standards.

Home Economics Education (code 140)

Note: This program is "Approved-Inactive" by the CA Commission on Teacher Credentialing, and is not currently accepting any new students.

Course requirements for demonstrating subject matter competence in Home Economics are listed in the Family and Consumer Sciences Department under Bachelor of Arts in Family and Consumer Sciences, Option in Family and Consumer Science Education. Subject matter competence may be met through completion of 35 lower division units and 38 upper division units. Consult with the Single Subject Family and Consumer Sciences Education Advisor for specific academic advisement and program information. The Home Economics Subject Matter Program is being

revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Languages Other Than English (LOTE):

French (code 152)
German (code 153)
Italian (code 154)
Latin (code 156)
Spanish (code 158)

Course requirements for demonstrating subject matter competence in individual Languages Other Than English are listed under the Bachelor of Arts requirements in the appropriate department (French, German, Italian, Spanish: Romance, German and Russian Languages Dept.; Latin: Comparative World Literature and Classics Dept.). In each instance, the Bachelor of Arts degree leads to subject matter competence in the language. Consult with the Single Subject Languages Other than English Education Advisor for specific academic advisement and program information.

Mathematics Education (code 165)

Course requirements for demonstrating subject matter competence in Mathematics are listed in the Mathematics and Statistics Department under Bachelor of Science in Mathematics, Option in Mathematics Education. Subject matter competence may be met through completion of 30 lower units and 36 upper division units. Consult with the Single Subject Mathematics Education Advisor for specific academic advisement and program information.

Music Education (code 170)

Course requirements for demonstrating subject matter competence in Music are listed in the Music Department under Bachelor of Music, Option in Music Education. Subject matter competence may be met through completion of 70 units for both choral/vocal and instrumental options. Consult with the Single Subject Music Education Advisor for specific academic advisement and program information.

Physical Education (code 175)

Course requirements for demonstrating subject matter competence in Physical Education are listed in the Kinesiology Department under Bachelor of Arts in Kinesiology, Option in Elementary, Secondary, or Adapted Physical Education. Subject matter competence may be met through completion of 29 lower division units and 40 upper division units. Consult with the Single Subject Physical Education Advisor for specific academic advisement and program information.

Science Education:

Biological Sciences (code 184)
Chemistry (code 181)
Geosciences (code 182)
Physics (code 183)

Course requirements for demonstrating subject matter competence in Science are listed in the

Science Education Department under Subject Matter Competence for the Single Subject Credential. Breadth and specialization units vary for the four science areas. Consult with the Single Subject Science Education Advisor for specific academic advisement and program information. The Science Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Social Science Education (code 185) Behavioral Science, Economics, Geography, History, Political Science

In order to demonstrate subject matter competence by course work for the Social Science teaching credential, students must complete 39 units from the core requirements listed below. To add breadth and perspective to the core, each student must complete 15 additional units in the breadth area. Consult the Social Science Education Credential Advisor in the Department of History for program information.

Single Subject Education Courses (EDSS)

UPPER DIVISION

300A-S. Introduction to Teaching (3)

Prerequisite: Advanced sophomore or junior standing.

Structure, organization, culture of schools; curriculum, instruction, assessment, classroom management; history and current status of the subject area; becoming a reflective professional. Submission of application to the Single Subject Credential Program (SSCP). "B" grade or better required for admission to the SSCP. First course in the professional education sequence of the SSCP. Students register for the section bearing the letter associated with their discipline from the list below.

45-hour directed fieldwork required. Course fee may be required. Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (Lecture 3 hours)

- A. Art
- C. Science
- D. Health Science (Fall)
- F. LOTE: Languages Other Than English
- G. English
- M. Mathematics
- N. Music (Spring)
- P. Physical Education
- S. Social Science

450A. Curriculum and Methods in Teaching Art (3)

Prerequisite: EDSS 300A; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching art to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks. Required prior to student teaching.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450C. Curriculum and Methods in Teaching Science (3)

Prerequisite: EDSS 300C; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching science to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

(Lecture 2 hours, laboratory 1 hour + TBA) Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450D. Curriculum and Methods in Teaching Health Science (3)

Prerequisite: EDSS 300D; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching health to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450F. Curriculum and Methods in Teaching Languages Other Than English (3)

Prerequisite: EDSS 300F; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching world languages to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450G. Curriculum and Methods in Teaching English (3)

Prerequisite: EDSS 300G; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching English to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450H. Curriculum and Methods in Teaching Home Economics (3) S

Prerequisite admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching home economics to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450M. Curriculum and Methods in Teaching Mathematics (3)

Prerequisite: EDSS 300M; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching mathematics to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

Single Subject Education Courses (EDSS)

450N. Curriculum and Methods in Teaching Music (3) F

Prerequisite: EDSS 300N; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching music to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450P. Curriculum and Methods in Teaching Physical Education (3)

Prerequisite: EDSS 300P; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator; current standard first aid/CPR certification; completion of all skill performance proficiencies with an overall score of 3.5. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching physical education to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

450S. Curriculum and Methods in Teaching Social Science (3)

Prerequisite: EDSS 300S; admission to the Single Subject Credential Program or permission of the Single Subject Credential Program University Coordinator. Required prior to student teaching.

Objectives, curriculum, materials, instructional strategies, and assessment specific to teaching history and social science to diverse students. Reflective practice based on the California Standards for the Teaching Profession and state curriculum frameworks.

Fieldwork requirement. Course fee may be required. "B" grade or better required to advance to student teaching. Letter grade only (A-F). May be repeated to a maximum of 6 units.

472A,B,C. Student Teaching (5,5,5)

Corequisite: EDSS 473.

Prerequisite: EDSS 450 (A, C, D, F, G, H, M, N, P, or S) and admission to the Single Subject Credential Program, or permission of the University Coordinator; submission of application to student teach by the deadline (October 1 for Spring term; March 1 for Summer and Fall terms); passage of CBEST; character and identification clearance (fingerprint clearance); completion of all program course work; demonstration of subject matter competence; portfolio assessment in selected programs; approval for advancement to student teaching by the Credential Advisor and University Coordinator of the Single Subject Credential Program. Student teaching must be completed in the subject that will be authorized on the candidate's credential.

Student teaching in the candidate's subject for a minimum of five periods daily for the length of the placement school's semester (approximately 20 weeks). Teach three classes (including at least two preparations); two additional periods are for preparation, observation, and conferencing with the cooperating teacher and university supervisor. See Advancement to Student Teaching section of this catalog for requirements.

Credit/No Credit grading only ("B" or "B" quality work required for credit). May be repeated to a maximum of 10 units. Course fee may be required.

473A-Z. Student Teaching Seminar (3)

Corequisite: EDSS 472.

Prerequisite: Admission to the Single Subject Credential Program, or consent of the Single Subject Credential Program University Coordinator; advanced to student teaching.

Links theory to practice within the context of Teaching Performance Expectations during student teaching. Covers curriculum, instruction, assessment, classroom management, equity and access for all students. Prepares candidates for induction into the teaching profession.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

- A. Art
- C. Science
- D. Health Science (Course fee may be required)
- F. LOTE
- G. English
- H. Home Economics
- M. Math
- N. Music
- P. Physical Education
- S. Social Science
- Z. Secondary Education

490. Selected Topics - Academic Subjects (1-3)

Prerequisite: Consent of instructor.

Selected secondary curriculum topics.

May be repeated to a maximum of 6 units with different topics; but only 6 units with a letter grade may be applied toward advanced degrees. Topics announced in the *Schedule Of Classes*.

497. Independent Study (1-3)

Prerequisites: Consent of instructor and Single Subject Program Coordinator.

Independent study undertaken under the supervision of a faculty member.

May be repeated to a maximum of 3 units.

GRADUATE LEVEL

572A,B,C. Intern Student Teaching (5,5,5)

Corequisite: EDSS 473.

Prerequisite: Admission to the Single Subject Intern Program; offer of intern teaching position from a cooperating school district; submission of application to student teach by the deadline (October 1 for Spring term; March 1 for Summer and Fall terms); passage of CBEST; character and identification clearance (fingerprint clearance); completion of all program course work; demonstration of subject matter competence; portfolio assessment required in selected programs; approval for advancement to intern student teaching by the Credential Advisor and University Coordinator of the Single Subject Credential Program.

Use of the intern's teaching position as student teaching. Must be done in the subject that is authorized on the intern's credential.

Interns must be approved by the program for contract positions in cooperating school districts.

Credit/No Credit grading only ("B" or "B" quality work required for credit). May be repeated to a maximum of 10 units. Course fee may be required.

Secondary Education Courses (EDSE)

UPPER DIVISION

435. United States Secondary Schools: Intercultural Education (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Critical reflection on multicultural education in a diverse society. Philosophy, history and sociology of education as fundamental to understanding contemporary secondary schools. Curriculum and student populations in the context of issues and controversies in education. Approved CLAD Certificate course (Domain 3).

Fifteen hour fieldwork requirement. Course fee may be required. Letter grade only (A-F). May be repeated to a maximum of 6 units.

436. Curriculum, Instruction, Assessment and Classroom Management (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Explores systematic instruction, theories of learning, curriculum development, teaching strategies, assessment and evaluation of student progress, classroom management and discipline, and establishing successful learning environments for all students.

Fifteen hour fieldwork requirement. Course fee may be required. Letter grade only (A-F). May be repeated to a maximum of 6 units.

457. Reading and Writing in the Secondary School (3)

Prerequisite: EDSS 300 (A, C, D, F, G, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Emphasis on reading and writing assessment and instruction; textbook selection; vocabulary development; comprehension strategies; content area reading and study skills; writing instruction; English Language Development; the reading needs of less prepared, English language, and accelerated learners; and issues of diversity and equity.

Minimum fifteen hours of field work required. Course fee may be required. Letter grade only (A-F). May be repeated to a maximum of 6 units.

SCHOOL OF SOCIAL WORK

College of Health and Human Services

Director: Nancy Meyer- Adams

Graduate Program Coordinator: James Ferreira

Associate Director of Undergraduate Programs/Undergraduate

Advisor: Lisa Jennings (562) 985-8629

Associate Directors of:

Admissions: Lisa Fascia (562) 985-2108

Field Education: Rebecca Sander (562) 985-8178

Distance Education: Marilyn Potts (562) 985-5183

Admissions Office: (562) 985-5654

School Office: SSPA, Room 161

Telephone / FAX: (562) 985-4616 / 985-5514

Faculty: Paul Abels (Emeritus), Jan Black (Emerita), Jolae Brocato, Stephan Buckingham, Ruth Chambers, Kenneth Chau (Emeritus), Rashida Crutchfield, Agathi Glezakos (Emerita), Catherine C. Goodman (Emerita), Jean M. Granger (Emerita), Yolanda Green, Marrison Hansen, Lisa Jennings, Dan Jimenez (Emeritus), Mimi Kim, Christine Kleinpeter, Brian Lam, Cheryl Lee, Isaiah C. Lee (Emeritus), Kristin Lopez, Rebecca Lopez (Emerita), Nancy Meyer-Adams, Christian Molidor, Chikako Nagai, Julie O'Donnell, John Oliver (Emeritus), Eileen Mayers Pasztor, Marilyn Potts, Molly Ranney, Susan Rice (Emerita), Janaki Santhiveeran, Phillip Tan, Thomas Alex Washington, Steve Wilson

Assistant to the Director: Ann Radzicki, (562) 985-1878

Full-time Field Faculty: Venetta Campbell, Tom Crowe (Emeritus), James Ferreira, Michael Foster, Judy Green, Marian Klemek (Emerita), Stacey Peyer, Saana Polk, Kathleen Porter, Joy Rubin, Rebecca Sander, Susan Salas

Students desiring information should contact the numbers listed above. Program applications (BASW, MSW) are available on the School's website (www.csulb.edu/social-work).

Career Possibilities

Social Worker • Hospital Discharge Planner • Services Eligibility Worker • Psychiatric Social Worker • Probation or Parole Officer • Delinquency Prevention Program Worker • Medical Social Worker • School Social Worker • Child Welfare Caseworker • Community Organization Administrator • Health Care Administrator • Director of Social Services • Researcher • Organization Administrator • Health Care Administrator • Researcher • Organization Administrator • Health Care Administrator • Employment Program Supervisor • Industrial Social Worker • Health Educator and Hospice Services Coordinator • Case Management • Gerontological Social Work • Community Organizer • Social Policy Analyst (For more information, see www.careers.csulb.edu.)

Introduction

The vision of the School of Social Work is to be California's most innovative and student-centered School of Social Work; a place where academic excellence, ethics, diversity, and the pursuit of social justice are embraced by faculty and students to enhance the lives of vulnerable and oppressed populations. Our mission is to educate and graduate diverse, ethical, competent social work students who are able to think critically and use evidence-based practice approaches to effectively serve culturally-diverse, vulnerable individuals, families, and communities in a wide

variety of practice areas as practitioners, leaders, and social justice advocates. In addition, the School will engage in collaborative, community-based research that will enhance the wellbeing of vulnerable populations and disadvantaged communities, improve service delivery systems, and contribute to social work knowledge, and provide meaningful service to the community and the profession through the development of ongoing relationships with grassroots community leaders, community-based, non-profit organizations, governmental organizations, and foundations.

The BASW and MSW programs are accredited by the Council on Social Work Education (Council on Social Work Education, Commission on Accreditation, 1701 Duke Street, Suite 200, Alexandria, VA 22314, 703-683-8080).

The School, University and Council on Social Work Education regulations do not permit the substitution of life or work experience for curriculum or degree requirements.

Undergraduate Programs

Bachelor of Arts in Social Work (120 units)

The School of Social Work offers, in conjunction with the general education requirements, a professional program leading to a Bachelor of Arts in Social Work (BASW). The goals of the BASW program are to prepare students for entry level, professional, generalist social work practice and for graduate social work education, including advanced standing. Students learn to practice as professional social workers with persons and groups representing the range of human diversity and with systems of all sizes (individuals, families, groups, communities, and institutions). Students have the option to take the major courses in a daytime sequence or an evening sequence.

Social Work majors should consider taking courses as electives or for fulfillment of general education requirements in any of the ethnic studies disciplines, women's studies, sociology, anthropology, human development, and gerontology programs in the Colleges of Health and Human Services and Liberal Arts. The School of Social Work can make recommendations concerning those courses which would be most useful to students interested in acquiring broader information closely allied to professional social work practice.

Admission Requirements

Admission Under Impaction - Fall Only

Social Work is now considered to be a highly impacted major. Admission to the Social Work program takes place in the fall semester only. Refer to the following website for additional criteria: <http://www.csulb.edu/depts/enrollment/admissions/index.html>.

Admission Under Impaction for Continuing

Students

Students who indicate an interest in the Social Work major when they enter as freshmen will be assigned a pre-social work major code. Acceptance into the pre-major by the University does not imply or assure subsequent acceptance into the major by the School of Social Work. Students who are not accepted into the major cannot continue as pre-social work majors. Social Work is now considered to be a "highly impacted major" (see above).

Admission Under Impaction for Transfer Students

Students must be eligible for admission to the University as transfer students and must apply for admission to the University no later than November 30 for admission the following fall. Students who are not admitted to the major will not be admitted to the University. Social Work is now considered to be a "highly impacted major" (see above).

Additional Application Procedures

Applicants to the BASW program must submit a separate program application packet to the School of Social Work by March 1st for the upcoming fall semester. The application includes statements of biographical and educational background and a description of community and/or social work experience. In addition, each applicant must submit two reference forms (one academic and one professional reference). Eligible applicants will be selected for admission on a space-available basis based on review of the entire application packet. Download the BASW Information Booklet for detailed admissions information.

Explore the School of Social Work BASW Admissions website (<http://www.csulb.edu/colleges/chhs/departments/social-work/bachelor-of-arts/>) for more information on this major.

Prerequisite Requirements

To be considered for admission to the Social Work major, all applicants must demonstrate the following:

Minimum lower division preparation (grade of C or better required):

- Major preparation courses (with a minimum cumulative GPA of 2.5):
 - BIOL 205 - Human Biology
 - PSY 100 - Introductory Psychology
 - HDEV 250 - Elementary Statistics in Social and Behavioral Sciences; or STAT 108 - Statistics for Everyday Life; or PSY 210 - Introductory Statistics; or SOC 250 - Elementary Statistics; or another course in elementary statistics
- Required General Education courses not covered by major preparation courses:
 - Written Communication
 - Oral Communication
 - Critical Thinking
 - Mathematics if Statistics course taken above is not GE approved

It is highly recommended that students who are interested in the social work major focus on additional social science courses in their GE preparation. These courses can include but are not limited to: Sociology courses (such as SOC 100, SOC 142), Anthropology courses (such as ANTH

120), and Human Development courses.

Graduation Requirements

1. Complete the requirements for General Education
2. Complete the prerequisite requirements (see above)
3. Complete the major course requirements by taking each of the following courses:

SW 220 Introduction to Social Welfare (3)
Prerequisites: GE Foundation requirements.

SW 221 Introduction to Social Welfare Practicum (3)
Prerequisites: Consent of instructor. Corequisites: SW 220.

SW 330 Human Behavior and Social Environment: Birth Through Adolescence (3)
Prerequisites: GE Foundation requirements.

SW 331 Human Behavior and Social Environment: Young Adulthood Through Old Age (3)
Prerequisites: GE Foundation requirements.

SW 340 Generalist Social Work Practice (3)
Prerequisites: SW 220, SW 221, SW 330, and SW 351.
Corequisites: SW 341.

SW 341 Social Work Practicum (3)
Corequisites: SW 331, SW 340, and SW 350. Supervised practicum in an applied social service agency or allied setting for a minimum of 80 hours (8 hours per week for 10 weeks).

SW 350 Law, Court Decisions, and Policy Practice (3)
Prerequisites: GE Foundation requirements and SW 351.

SW 351 Social Policy: Formulation and Analysis (3)
Prerequisites: GE Foundation requirements.

SW 440 Generalist SW Practice with Groups (3)
Prerequisites: SW 331, SW 340, SW 341. Corequisites: SW 495A.

SW 441 Generalist SW Practice with Communities and Institutions (3)
Prerequisites: SW 331, SW 340, SW 341, SW 351.
Corequisites: SW 495B.

SW 442 Generalist Social Work Practice with Individuals/Families (3)
Prerequisites: SW 331, SW 340, SW 341. Corequisites: SW 495A.

SW 465 Research Methods in Social Work (3)
Prerequisites: SW 440, SW 442 and one course in elementary statistics. Corequisite: SW 441, SW 495B.

SW 495A Field Experience in Social Work I (3)
Prerequisites: SW 330, SW 331, SW 340, SW 341, SW 350, SW 351. Corequisites: SW 440 and SW 442.

SW 495B Field Experience in Social Work II (3)
Prerequisites: SW 442 and SW 495A. Corequisites: SW 441 and SW 465.

4. Complete the required major courses in the following sequence:
 - First Level (fall): SW 220, SW 221, SW 330, SW 351
 - Second Level (spring): SW 331, SW 340, SW 341, SW 350
 - Third Level (fall): SW 440, SW 442, SW 495A
 - Fourth Level (spring): SW 441, SW 465, SW 495B
5. Complete Field Education requirements:

The field sequence has an integral role in the BASW curriculum, providing an opportunity for students to apply social work knowledge and practice skills in an agency-based educationally-focused internship. In the junior year, students complete an 80-hour practicum (SW 341) at a community agency (8 hours/week for 10 weeks). Students

complete 450 hours of field placement (SW 495A/B) in their senior year for which they earn 6 academic units. Students complete 16 hours per week in an assigned agency placement and attend a weekly seminar on campus. This must include either two 8-hour weekdays or one 8-hour weekday and two 4-hour weekday blocks (Monday - Friday daytime hours). Students are placed in a variety of agencies in the surrounding communities, and the School of Social Work's field faculty selects the most appropriate field placement site for students. Criminal background checks and health screenings may be required for field placements.

6. Fulfill the Graduation Writing Assessment Requirement (GWAR)

7. Complete Abnormal Psychology by the end of the junior year

8. Meet all grade requirements:

All Social Work courses must be completed with a grade no lower than a "C" in classroom courses or a "CR" for practicum or field experience courses. If a student earns a grade lower than a "C" in a classroom course or an "NC" in a practicum or field experience course, the student must repeat the course. All courses must be taken in sequence, therefore, a student cannot move forward in the Social Work program until each course has been successfully completed. All practicum or field experience courses must be taken concurrently with direct generalist practice courses.

CalSWEC BASW Stipend Program

California Social Work Education Center (CalSWEC) is a unique partnership between social work education and the publicly supported child welfare agencies. A goal of the CalSWEC program is to recruit and prepare a diverse group of social workers for careers in public child welfare. CalSWEC provides financial support to BASW students in exchange for a commitment to work in a public child welfare agency after graduation. The intent of the program is to strengthen and enhance the quality of practice by professionally trained and educated public child welfare social workers.

The IV-E stipends provide support for full-time students in their senior year enrolled in the BASW program. A CalSWEC reimbursement program is available for part-time students currently employed with the County Social Services department that provides child-welfare or assistance benefits eligibility functions. All part-time applicants must provide a letter of support from their agency administrator/director. Financial support for awarded part-time students will include actual cost of full tuition and fees, book costs as well as a travel allowance.

Application Process

Students must first be admitted into the BASW program. Students are required to submit a CalSWEC application. The application is supplemented with various questions designed to ascertain their interest and level of commitment to a career in public child welfare. Once accepted into the program students must undergo pre-screening for county employment, including fingerprinting and participation in the criminal clearance process as well as a psychological and/or medical exam. The student is required to sign a contract

to secure full-time employment in a public child welfare agency after graduation.

Priority is given to applicants representing diverse population groups currently served by child welfare agencies in California. Fluency in a high demand language is also given priority. Years of service and other child welfare experience also weigh significantly into the selection process. Students in the program must be U.S. citizens or have a permanent visa.

An Awards Committee, made up of representatives of the CSULB School of Social Work and representatives of public child welfare agencies from counties surrounding the University, will review and finalize selection of candidates to whom the award will be offered.

Requirements

Students participating in the program must meet all the following criteria:

1. Successful admission to the BASW major;
2. Maintain a C (2.0) average;
3. Attendance at mandatory seminars/trainings on specialized topics;
4. Have a valid driver's license and secure use of a car as required for field internship;
5. Undergo pre-screening for county employment;
6. Complete physical and psychological examinations required by agency listed in the affiliation agreement;
7. Fulfill work commitment upon graduation; students sign a contract to render one year of continuous and satisfactory full-time employment in a California public child welfare agency;
8. Students must reimburse CalSWEC if they are unable to successfully complete any of the program requirements.

Graduate Programs

Master of Social Work

The School of Social Work offers a professional program culminating in a Master's degree in Social Work. Our goal is to prepare students to enter professional, multicultural social work practice. Students learn to practice as professional social workers with persons and groups representing the range of human diversity and with all size systems (individuals, families, groups, communities and institutions). In addition, students are prepared for advanced, specialized practice in one of the following concentrations: Child and Family Wellbeing, Adulthood and Aging, or Integrated Health.

The MSW Program emphasizes ecological and systems perspectives which focus on the fit and interactions of a person or system in relation to the various environments likely to be encountered. Within these perspectives, knowledge, values, and skills are used in a change-oriented process within a multicultural context to help individuals and social systems achieve improved quality of life and social participation, including advocacy for just institutions and equitable access to opportunities and resources.

The MSW curriculum prepares students to:

1. Recognize that the experiential and evolving developmental process may produce a specific and unique set of ethnic and cultural characteristics in each person and group;
2. Incorporate significant aspects of multiculturalism, and understand, appreciate, and accept ethnic and cultural diversity in their practice;
3. Advocate for persons to keep their ethnic and cultural lifestyles, languages, and traditions while simultaneously facilitating the adaptation and integration of diverse values and customs of local, regional, national, and international groups;
4. Engage in evaluation of practice, development evidence-based practice skills, and strengthen knowledge and skills in research methods and practice; and
5. Recognize the components of social work supervision, consultation and administration and be prepared to engage in those roles.

Program Plans

The School of Social Work offers three program plans for the completion of the MSW degree: 2-Year, 3-Year, and an Advanced Standing option. In addition, the School of Social Work offers a distance education option that follows the 3-year program plan.

Distance Education

The MSW program is also offered at off-campus locations throughout the state. Current distance education sites are in the Sonoma County and Ventura County areas. Courses are taught using face-to-face instruction, as well as interactive television and web-based instructional support. The distance education MSW is offered using a 3-year program plan in the Child and Family Wellbeing concentration. Students attend courses on Saturdays and complete field education requirements during the second and third academic years of the program. The part-time CalSWEC Child Welfare Stipend program is available to qualified distance education students.

Concentrations

The Master of Social Work degree offers opportunity for study in three areas of concentration: Child and Family Wellbeing, Adulthood and Aging, and Integrated Health. Students designate their choice of concentration in the first semester of the foundation year. The second-year courses and field placement will be determined by this choice of concentration. While students are not required to designate a concentration, program stipend recipients and students who choose to complete the Pupil Personnel Services Credential are required to choose a specific concentration (refer to those sections for more information).

Child and Family Wellbeing Concentration

The Child and Family Wellbeing concentration prepares students to use strength-based and evidence-based approaches to promote positive child and family functioning across diverse populations. Through coursework and field placements, students will acquire and enhance their skills to effectively engage, assess and intervene with children and families both preventively and with those experiencing

challenges. Students will also gain knowledge of the policies most salient to the lives of children and families and skills to effectively influence such policies. This concentration provides a solid framework for students interested in working in child protective services, schools and other public agencies or community-based non-profits.

Adulthood and Aging Concentration

The Adulthood and Aging concentration prepares students to use strength-based and evidence-based approaches to promote positive adult, older adult, and family functioning across diverse populations. Through coursework and field placements, students will acquire and enhance their skills to effectively engage, assess, and intervene with adults and older adults. Students will gain knowledge of the unique psychosocial needs facing adults, older adults, and their families. Students will examine adulthood and the aging processes from multiple perspectives: biomedical, psychological, socioeconomic, spiritual and cultural while examining contemporary trends that are shaping aging policy, practice, and theory. This concentration provides a solid framework for students interested in working in the areas of adult protective services, supportive services for family caregivers, Alzheimer's and dementia care services, hospice services, the prison system and community corrections, promotion of healthy aging, long-term care, and health care collaborations.

Integrated Health Concentration

The Integrated Health concentration prepares students to use strength-based and evidence-based approaches to meet the changing needs of people from diverse populations with physical, behavioral health, and substance use challenges. Through coursework and field placements, students will acquire and enhance their skills to effectively engage, assess, and intervene with individuals who face chronic diseases and co-occurring conditions of mental health challenges and/or substance use. Students will learn to utilize prevention and brief intervention models critical to integrated care and how to work effectively on an interdisciplinary team. Students will learn how evidence-based practice, along with recovery-oriented and strengths-based care philosophies, can foster changes in practice settings and policies. This concentration provides a solid framework for students interested in working to deliver services in outpatient or primary care facilities, community-based behavioral health agencies, hospitals, and acute, chronic and long-term care settings.

Admission to Master of Social Work (MSW) Program

Students are admitted by University Enrollment Services to the MSW Program for the fall semester each year. Prospective students should apply directly to the University and then to the School of Social Work. International students must also apply to the Center for International Education (<http://www.ccpe.csulb.edu/international/default.aspx>). Receipt of applications by the School begins the first week of October.

Application Deadlines

Applicants for the MSW program must apply to the University and submit their application packet to the School of Social Work by the deadline designated on the Graduate Studies website (<http://www.csulb.edu/divisions/aa/grad/>) for admission to the MSW program the following fall semester. Please refer to the School of Social Work MSW Admissions website for more information (<http://www.csulb.edu/colleges/chhs/departments/social-work/master-of-social-work/>).

Admission Requirements

To be admitted to the MSW Program, applicants must meet the following criteria:

1. Hold a bachelor's degree and be eligible for admission to graduate status at CSULB.
2. Demonstrate satisfactory academic achievement as evidenced by a cumulative undergraduate GPA of 2.5 or above on a 4.0 scale.
3. Completion of a prerequisite course in elementary statistics with a grade of "C" or better.
4. Submission of a complete School of Social Work application packet which includes the following:
 - Completed MSW admission application form
 - Elementary Statistics prerequisite syllabus
 - three reference forms (a combination of academic and professional sources)
 - a resume inclusive of volunteer experience, work experience, and educational background
 - a personal statement

Application packets that do not contain all of the materials listed above will be considered incomplete and will not be evaluated for admission decisions. Moreover, application packets must be fully assembled by the applicant prior to submission.

5. Preadmission interviews may be required by the School of Social Work faculty.

Admission to MSW Advanced Standing Program

Students who have a 3.0 cumulative GPA and hold an undergraduate degree in social work may be conditionally accepted to the MSW Advanced Standing program. Upon successful completion of an intensive Summer Bridge program (see below), the foundation courses (30 units) will be waived and students will be advanced to candidacy and begin the second year of the 2-year MSW program. Admission to the Advanced Standing program is conditional until all Summer Bridge modules have been successfully completed.

Additional Admission Criteria for Advanced Standing Program

In addition to the admission requirements listed above, applicants must meet the following requirements to be considered for the Advanced Standing program:

- Completion (within the last five years) of a bachelor's degree from a Social Work program that is accredited by the Council on Social Work Education at the time of the applicant's graduation.
- A cumulative undergraduate GPA of 3.0 or above on a 4.0 scale.
- Submission of a reference form from the applicant's

field instructor/field supervisor or field liaison or the Field Director/Coordinator of the applicant's BSW/BASW program, a reference form from the applicant's Social Work Academic Advisor or Social Work (BSW/BASW) professor whose course the applicant has completed or is taking at the time of application, and a reference form from a professional source.

Waiver of Foundation Coursework for Advanced Standing Students

The Master of Social Work degree is based upon a common body of knowledge. Students who have earned a bachelor's degree in social work from a CSWE-accredited undergraduate social work program within the last five years (with a GPA of 3.0 or higher) should have mastered the body of knowledge contained in the foundation courses of the MSW program. Students admitted to the Advanced Standing program will receive a waiver of the foundation courses (30 units) if they successfully complete the Summer Bridge program prior to entering the MSW program. The Summer Bridge program includes modules from the following areas: research, micro and macro practice, human behavior and the social environment, policy, technology, and field education. The Summer Bridge field placement includes 160 hours (16 hours per week). Students, therefore, have a provisional admission to the School until they have successfully completed the Summer Bridge program. When they successfully complete the Summer Bridge modules and field placement, the School of Social Work waives the foundation courses (30 units) and the student enters the second year of the MSW Program in the Fall semester. Students are immediately Advanced to Candidacy upon receiving the waiver. The foundation courses that are waived are: SW 500, SW 503A, SW 503B, SW 505, SW 570, SW 592, SW 594A, SW 594B, SW 596A, and SW 596B.

Students for whom the foundation courses are waived are not eligible to apply for the Geriatric Social Work Education Consortium (GSWEC) stipend.

MSW Program Requirements

Advancement to Candidacy

MSW students must maintain a minimum GPA of 3.0 on all courses taken subsequent to admission. In addition, students must maintain a cumulative GPA of 3.0 in all courses required for the degree. A student will be eligible for advancement to candidacy for the degree after successfully completing 6 units of graduate level courses in Social Work. All students must demonstrate competency in writing skills. Students must meet the Graduation Writing Assessment Requirement (GWAR) requirement prior to advancement to candidacy.

Course Load

The California State University, Long Beach requirement for full-time status as a graduate student is 9 weighted units. Students in the 3-year MSW program must take at least 4 semesters of at least 3 courses or 9 units. Students in the 2-year or Advanced Standing MSW program must take an overload of 6 units for 4 semesters or 15 units a semester.

Academic Units

The Master of Social Work program requires the completion of 60 semester units. Fifty-one (51) units of required courses and nine (9) units of scheduled School electives must be taken to complete the MSW degree. Stipend programs and the Pupil Personnel Services Credential require completion of a specific 3-unit elective (refer to those sections for more information).

Required Courses for MSW Program

Sixty (60) units of graduate coursework are required:

Students must complete all of the following foundation courses (30 units):

SW 500 Foundation Social Work Micro Practice Skills and Interventions (3)
Prerequisites: None.

SW 503A Human Behavior and the Social Environment: Focus on Prenatal through Adolescence (3)
Prerequisites: None.

SW 503B Human Behavior and the Social Environment: Focus on Young Adulthood through Late Life (3)
Prerequisites: SW 503A.

SW 505 Foundation Social Policy: Addressing Oppression through Social Justice (3)
Prerequisites: None.

SW 570 Foundation Social Work Practice: Skills and Interventions with Groups (3)
Prerequisites: SW 500. Corequisites: SW 596A or SW 596B.

SW 592 Foundation Social Work Macro Practice Skills and Interventions (3)
Corequisites: SW 596A or SW 596B.

SW 594A Research Methods in Social Work I (3)
Prerequisites: None.

SW 594B Research Methods in Social Work II (3)
Prerequisites: SW 594A.

SW 596A Foundation Field Education I (3)
Corequisites: SW 500 or SW 570.

SW 596B Foundation Field Education II (3)
Prerequisites: SW 500 and SW 596A. Corequisites: SW 570 or SW 592.

Students must complete 30 units of advanced coursework which includes:

SW 605 Advanced Social Policy: Analysis, Advocacy & Practice (3)
Prerequisites: SW 505.

SW 670 Social Work Leadership and Management (3)
Corequisites: SW 680B.

SW 680A Advanced Field Education I (3)
Prerequisites: SW 596A and SW 596B. Corequisites: SW 620 or SW 630 or SW 650.

SW 680B Advanced Field Education II (3)
Prerequisites: SW 680A. Corequisites: SW 670.

Complete one (1) of the following advanced practice courses (3 units) within the designated concentration:

SW 620 Advanced Social Work Practice: Child and Family Wellbeing (3)
Prerequisites: SW 500, SW 570 & SW 592. Corequisites: SW 680A.

SW 630 Advanced Social Work Practice: Adulthood

and Aging (3)

Prerequisites: SW 500, SW 570 & SW 592. Corequisites: SW 680A.

SW 650 Advanced Social Work Practice: Integrated Health (3)

Prerequisites: SW 500, SW 570 & SW 592. Corequisites: SW 680A.

Complete three (3) 600-level elective courses (9 units total) from the following list of courses:

SW 643 Social Work Practice within Child Welfare Services (3)
Prerequisites: SW 503A and SW 503B.

SW 662 Legal Issues in Social Work Practice (3)
Prerequisites: SW 503A.

SW 663 Assessment and Treatment of Alcohol and Substance Use Disorders (3)
Prerequisites: SW 503A.

SW 665 School Social Work (3)
Prerequisites: SW 503A.

SW 675 Social Work Practice with Death, Dying and Loss (3)
Prerequisites: SW 503A.

SW 677 Social Work Practice in Mental Health Services (3)
Prerequisites: SW 503A.

SW 678 Play Therapy with Children, Adolescents and Their Families (3)
Prerequisites: SW 500 and SW 503A.

SW 679 Psychopathology: Assessment and Treatment in Social Work Practice (3)
Prerequisites: SW 503A and SW 503B.

SW 683 Brief Treatment (3)
Prerequisites: SW 503A.

SW 690 Selected Topics in Graduate Social Work (3)
Prerequisites: Consent of school.

SW 691 Non-Violent Conflict Resolution (3)
Prerequisites: SW 503A.

SW 692 Spirituality in Social Work Practice (3)
Prerequisites: SW 503A.

Complete one of the following culminating requirements (6 units) in the final year of the program:

Thesis/Project I and II (SW 698A and SW 699A)

Applied Social Work Project: Part I and Part II (SW 698C and SW 699C)

Sequence of Required Courses

The MSW Program is taken in one of the following four sequences:

Plan A: (two years)

- Term 1 - SW 500, SW 503A, SW 505, SW 594A, SW 596A (Fall)
- Term 2 - SW 503B, SW 570, SW 592, SW 594B, SW 596B (Spring)
- Term 3 - SW 620 or SW 630 or SW 650, SW 680A, SW 698A/C, TWO 600-level electives (Fall)
- Term 4 - SW 605, SW 670, SW 680B, SW 699A/C, 600-level elective (Spring)

Plan B: Advanced Standing

Summer Bridge Module includes:

- Fieldwork - 16 hours per week for 10 weeks (160 hours total) plus 2 hours of seminar per week

- Human Behavior & Social Environment
- Policy
- Research
- Practice (Micro & Macro)
- Technology

Second Year Coursework:

- SW 620 or SW 630 or SW 650, SW 680A, SW 698A/C, SW 500, SW 600 level electives (Fall)
- SW 605, SW 670, SW 680B, SW 699A/C, SW 500/600 level elective (Spring)

Plan C: (three years)

- Term 1 - SW 503A, SW 505 (Fall)
- Term 2 - SW 503B, SW 594A (Spring)
- Term 3 - SW 500, SW 594B (Summer)
- Term 4 - SW 570, SW 596A, SW 600-level elective (Fall)
- Term 5 - SW 592, SW 596B, SW 600-level elective (Spring)
- Term 6 - SW 605, 600-level elective (Summer)
- Term 7 - SW 620 or SW 630 or SW 650, SW 680A, SW 698A/C (Fall)
- Term 8 - SW 670, SW 680B, SW 699A/C (Spring)

Distance Education (Child and Family Wellbeing concentration only): (three years)

- Term 1 - SW 503A, SW 505 (Fall)
- Term 2 - SW 503B, SW 594A (Spring)
- Term 3 - SW 500, SW 594B (Summer)
- Term 4 - SW 570, SW 596A, SW 600-level elective (Fall)
- Term 5 - SW 592, SW 596B, SW 600-level elective (Spring)
- Term 6 - SW 605, SW 600-level elective (Summer)
- Term 7 - SW 620, SW 680A, SW 698A/C (Fall)
- Term 8 - SW 670, SW 680B, SW 699A/C (Spring)

Field Education

The field education sequence has an integral role in the MSW curriculum. The experience offers an opportunity for students to integrate and apply theoretical knowledge and social work practice and intervention skills in a community agency setting under the supervision of a qualified field instructor. A variety of agencies within the surrounding counties are utilized, reflecting the diverse settings in which social workers are employed. University field faculty select the most appropriate field placement site for students.

Each student has two field placements and concurrent enrollment in practice courses during the course of study. Each placement involves 500 hours of internship in a community agency setting and attendance and participation in an integrated field seminar that meets weekly on campus. The field education sequence encompasses a total of 1000 hours, for which 12 units of academic credit are given. The academic year schedule begins in September and continues through mid-May. Fieldwork includes attendance in a field seminar as well as internship in the community. Students complete 16 hours per week. This must include either two 8-hour weekdays or one 8-hour weekday and two 4-hour weekday blocks. No

weekend placements are available. Students admitted to the Advanced Standing program complete one field education placement for a total of 660 hours that begins in June and continues through mid-May.

Students who are employed in social service agencies may request that their agency be evaluated as a site for the second year field internship only. The agency must be able to meet all criteria established by the School of Social Work to ensure the educational focus of field education and provide a significantly different experience than the student's current job duties. Evaluation of field placement sites and approval to utilize an agency of employment as a field site will be completed by the field faculty.

The School of Social Work will reject an applicant or disqualify an enrolled student whose record of academic achievement or performance in field education does not meet the minimum standards of the profession.

Stipend and Credential Opportunities for MSW Students

CalSWEC MSW Stipend Programs

The California Social Work Education Center (CalSWEC) is a partnership between the schools of social work, public human service agencies, and other related professional organizations that facilitates the integration of education and practice to assure effective, culturally competent service delivery to the people of California.

CalSWEC Child Welfare

The CalSWEC Child Welfare program is available to qualified graduate students who are interested in pursuing a social work career in the child welfare field. Interested candidates must complete an application process.

Full-Time CalSWEC Child Welfare Stipend Program

This stipend provides for two years of support for students in the 2-year MSW program and one year of support for students in the Advanced Standing MSW program. The student signs a contract to secure full-time employment in a California public child welfare agency for two years post graduation but is expected to remain in public child welfare employment for longer than this minimum period. Once accepted into the program, students must undergo pre-screening for county employment including fingerprinting, as well as psychological and/or medical exams and participation in the criminal clearance process.

Part-Time CalSWEC Child Welfare Stipend Program

Students eligible to apply for the part-time CalSWEC reimbursement program must be employees of the State or County Social Services department that provides the child welfare or assistance benefits eligibility functions. All 3-year MSW applicants must provide a letter of support from their agency administrator/director. Financial support for admitted students will include: tuition and fees, book costs and a travel allowance. Students participating in the program sign a contract to render two years of full-time employment in their home public child welfare agency after graduation. Requirements for CalSWEC Child Welfare Stipend Program

(Full-time and Part-time)

Students participating in the program must meet all of the following criteria:

- Complete and graduate from the MSW Program in the Child and Family Wellbeing concentration
- Maintain a "B" (3.0) average
- Have a valid driver's license, current automobile insurance, and secure the use of a car as required by fieldwork
- Successfully complete all of the required courses including the child welfare elective
- Successfully complete a public child welfare field internship placement
- Attend selected workshops or annual seminars on issues related to child welfare

Students must reimburse CalSWEC if they are unable to successfully complete any of the program requirements.

Los Angeles County Department of Mental Health Stipend Program

The LA County Department of Mental Health stipend program is for graduate students who are interested in pursuing a social work career in the mental health field and are willing to make a commitment to work full-time in an LA County mental health agency or a county contracted agency after they have received their MSW degrees. Interested candidates must complete an application process.

Requirements for CalSWEC Mental Health Stipend Program

Students participating in the program must meet all of the following criteria:

- Sign a contract to work full-time in a California county mental health agency or a county contracted agency for a minimum of one year immediately after graduation
- Complete and graduate from the MSW Program in the Integrated Health concentration within the required timelines established for each program model
- Successfully complete all of the required courses including the approved mental health elective
- Successfully complete a mental health field placement
- Attend selected workshops or annual seminars on issues related to public mental health services and the California Mental Health Services Act (MHSA)
- Maintain a "B" (3.0) average
- Receive a security clearance/Livescan to be placed in an internship and be employed in an LA County mental health agency or a county contracted agency

Students must reimburse LA County DMH if they are unable to successfully complete any of the program requirements.

University Consortium for Children and

Families (UCCF)

The University Consortium for Children and Families (UCCF) is a specialized training program in public child welfare available in the MSW program. The University Consortium for Children and Families Training Project is a collaborative endeavor between the Los Angeles County Department of Children and Family Services (DCFS) and the graduate programs of social work at CSULB, UCLA, USC, CSULA, CSUN, CSUDH., and APU. The overall goal of this collaborative project is to increase the professional skills and knowledge of Los Angeles County public child welfare workers. The UCCF Training Project at CSULB is designed to prepare social work student interns in the most innovative and current programs at designated DCFS Regional Offices. The stipends are available for one year for students enrolled in the 2-year or 3-year MSW program. Students may apply for the second year of field placement. Students who work at DCFS or are currently (or have been) CalSWEC students are not eligible. Interested candidates must complete an application process.

Requirements for University Consortium for Children and Families (UCCF)

Students accepted into the program must:

- Sign a contract to secure full-time employment with the Los Angeles County Department of Children and Family Services for one year post graduation but are expected to remain in public child welfare employment for longer than this minimum period
- Have a valid driver's license, current automobile insurance, and secure the use of a car as required by the field placement
- Complete pre-screening for county employment including Livescan and physical and psychological examinations
- Successfully complete one year of a field internship in the UCCF/DCFS placement
- Complete designated specialized training seminars
- Successfully complete the child welfare elective
- Maintain a "B" (3.0) average
- Complete and graduate from the MSW Program in the Child and Family Wellbeing concentration within the required timelines established for each program model

Students are responsible for payback of the stipend if they are unable to successfully complete any of the requirements of the program.

Geriatric Social Work Education Consortium (GSWEC)

The Geriatric Social Work Leadership Internship provides specialized geriatric training and stipends for students in the Adulthood and Aging concentration who have satisfactorily completed their first year of field internship. The GSWEC Leadership Internship is a program of the Partners in Care Foundation (PCF) and was initially funded by grants from the John A. Hartford and Archstone Foundations. The PCF collaborates with the departments and schools of social work of CSULB, CSULA, CSUN, CSUDH, Azusa-Pacific, CSUF, USC, and UCLA to provide this unique training opportunity. Graduate Interns are placed at various comprehensive social service agencies

throughout Los Angeles County where didactic leaning and practice interventions are combined to train the interns to meet the challenges of geriatric social work in the 21st century. Interested candidates must complete an application process.

Pupil Personnel Services Credential: Specialization in School Social Work and Child Welfare and Attendance (code 803)

The California Commission on Teacher Credentialing issues the Pupil Personnel Services Credential (PPSC). The School of Social Work, in collaboration with the College of Education, offers the combined School Social Work and Child Welfare and Attendance Specializations of the PPS Credential within the context of the Master of Social Work (MSW) degree. The PPS Credential in School Social Work and Child Welfare and Attendance authorizes the holder to be employed in the State of California as a School Social Worker and/or a Child Welfare and Attendance Specialist. The credential covers pre-kindergarten through 12th grade in public and other schools requiring the credential.

Requirements for the Pupil Personnel Services Credential (PPSC)

- Successful completion of all of the requirements for the 60 unit Master of Social Work (MSW) degree within the Child and Family Wellbeing concentration
- Completion of SW 665 "School Social Work" as one of the required electives within the 60 unit MSW Program, taken either prior to or concurrently with a school social work field placement
- Successful completion of four required School Social Work PPSC seminars covering specialized topics
- Demonstrated knowledge in the following areas of pupil personnel services, as defined in the Commission on Teacher Credentialing Standards: techniques for facilitating individual growth and development to achieve academic success; socio-cultural influences that affect pupils in a school setting; problem prevention and early intervention; consultation services; learning theory and psychological education; coordination and development of services; legal enablements and constraints; referral and utilization of services; human assessment as direct services to pupils; social interventions; consultation coordination and development of services; referral, utilization, involvement and use of community resources; social research and services based on research; code of professional ethics; attendance laws and the rights of minors; and skills using attendance laws and assessment skills
- Successful completion of 600 clock hours of field practice in the second year of field education, demonstrating all of the required skills and knowledge areas, in an approved PPSC site, under the supervision of an experienced MSW level practitioner who holds a PPS Credential in school social work. Supervised hours of field practice will include at least 100 hours in each of two settings (elementary, middle and/or high school), offer experience in service delivery with populations representing ethnic diversity, and

cover both school social work and child welfare and attendance competencies and standards.

- Completion of required application and forms from California Commission on Teacher Credentialing, including fingerprints, and a Certificate of Clearance
- Completion of required health screenings
- Pass three sections of the C-BEST Examination
- Certification of program completion and demonstrated competence by the PPSC Program Coordinator in the School of Social Work

Courses (S W)

LOWER DIVISION

220. Introduction to Social Welfare (3)

Prerequisite: GE Foundation requirements.

Offers an understanding of social welfare, and the knowledge, values, and skills essential to social work practice. It examines historical and philosophical perspectives including cultural, economic, political, and social forces.

Letter grade only (A-F).

221. Introduction to Social Welfare Practicum (3)

Prerequisite: Consent of instructor.

Corequisite: SW 220.

This course focuses on experiential learning and is designed to enhance the integration of social work theory and principles with practice application. Includes opportunities for information gathering about community agencies and the role of social workers in those agencies.

Open to social work majors only. Credit/No Credit grading only. Course fee may be required.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

330. Human Behavior and Social Environment: Birth through Adolescence (3)

Prerequisites: GE Foundation requirements.

Multi-dimensional development from conception through adolescence is explored by examining expectations, resources and barriers presented by mainstream society. Influences of culture, ethnicity, family systems, socioeconomic status, sexism and racism are assessed for their impact on healthy child development.

Letter grade only (A-F).

331. Human Behavior and Social Environment: Young Adulthood through Old Age (3)

Prerequisites: GE Foundation requirements.

Multi-dimensional development in adulthood is explored by examining expectations, resources and barriers presented by mainstream society. Influences of culture, ethnicity, family systems, socioeconomic status, sexism and racism are assessed for their impact on healthy adult development.

Letter grade only (A-F).

340. Generalist Social Work Practice (3)

Prerequisites: SW 220, SW 221, SW 330, and SW 351.
Corequisite: SW 341.

Social work practice as a helping process with all size systems. Social work knowledge, ethics, values, principles, professional relationships, interviewing and beginning assessment and intervention phases are examined. The activities of the social worker in resolution of psychosocial problems.

Open to social work majors only. Letter grade only (A-F).

341. Social Work Practicum (3)

Corequisites: SW 331, SW 340, and SW 350.

Supervised practicum in an applied social service agency or allied setting for a minimum of 80 hours (8 hours per week for 10 weeks). Social work field practice includes interviewing, assessment, and intervention activities.

Letter grade only (A-F). Open to social work majors only. Not open for credit to students with credit in SW 340A. Course fee may be required.

350. Law, Court Decisions, and Policy Practice (3)

Prerequisites: GE Foundation requirements and SW 351.

Exploration of the intersection between social work and legal systems. Examination of forensic social work practice, policies and court cases. Policy practice, skill building for work with diverse populations among different settings and ethical aspects of professional practice are emphasized.

Letter grade only (A-F).

351. Social Policy: Formulation and Analysis (3)

Prerequisites: GE Foundation requirements.

Policy formulation and analysis related to social welfare institutions and major social welfare policies and programs. Current values and issues in social welfare policy.

Letter grade only (A-F).

440. Generalist Social Work Practice with Groups (3)

Prerequisites: SW 331, SW 340, SW 341. Corequisite: SW 495A.

Adaptation of generalist frameworks of social work practice to generalist group approaches. Analysis of dynamics, theories, and principles underlying group practice. Programs, practice techniques, and roles involved with groups.

Open to social work majors only. Letter grade only (A-F).

441. Generalist Social Work Practice with Communities and Institutions (3)

Prerequisites: SW 331, SW 340, SW 341, SW 351. Corequisite: SW 495B.

Adaptation of generalist frameworks of social work practice to generalist approaches to community and institutional applications. Analysis of theories and principles underlying community practice. Adaptation of theories and activities to organizational contexts. Techniques and activities applicable to communities and neighborhoods.

Open to social work majors only. Letter grade only (A-F).

442. Generalist Social Work Practice with Individuals and Families (3)

Prerequisites: SW 331, SW 340, SW 341. Corequisite: SW 495A.

Adaptation of generalist frameworks of social work practice to generalist practice with individuals and families. Theories, techniques, activities, and role of social workers; differential approaches to study, assessment, intervention, and helping processes.

Open to social work majors only. Letter grade only (A-F).

465. Research Methods in Social Work (3)

Prerequisites: SW 440, SW 442 and one course in elementary statistics.

Corequisite: SW 441, SW 495B.

Introduction to research methods in social work with an emphasis on the evaluation of social work interventions and agency programs.

Open to social work majors only. Letter grade only (A-F).

490. Selected Topics in Social Work (1-4)

Open to social work majors only.

Topics of special interest in social work for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 4 units with different topics. Topics announced in the *Schedule of Classes*.

495A. Field Experience in Social Work I (3)

Prerequisites: SW 330, SW 331, SW 340, SW 341, SW 350, SW 351.

Corequisite: SW 440 and SW 442.

Open to senior social work majors only. First of two semesters with supervised practice in social work agency.

Credit/No Credit grading only. (Seminar 2 hours, Clinical Process 1 hour. Two hours weekly field seminar on campus and 16 hours in agency placement required.) Course fee may be required.

495B. Field Experience in Social Work II (3)

Prerequisites: SW 442 and SW 495A.

Corequisites: SW 441 and SW 465.

Open to senior social work majors only. Second of two semesters with supervised practice in social work agency.

Credit/No Credit grading only. (Seminar 2 hours, Clinical Process 1 hour. Two hours weekly field seminar on campus and 16 hours in agency placement required.) Course fee may be required.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study of special topics under supervision of a faculty member.

Open to social work majors only. Letter grade only (A-F).

GRADUATE LEVEL

500. Foundation Social Work Micro Practice Skills and Interventions (3)

Provides basic knowledge and skills for interventions with children, adults, older adults and families in the context of generalist practice. Emphasis is on engagement, assessment, and evidence-based interventions with a focus on multicultural perspectives.

Letter grade only (A-F).

503A. Human Behavior and the Social Environment: Focus on Prenatal through Adolescence (3)

Provides an examination of human behavior and development utilizing a bio-psycho-social-spiritual perspective. Theoretical perspectives on development within the social environment from perinatal through late adolescence are critically reviewed for bias and potential for multicultural application.

Letter grade only (A-F).

503B. Human Behavior and the Social Environment: Focus on Young Adulthood through Late Life (3)

Prerequisite: SW 503A.

Provides an examination of human behavior and development utilizing a bio-psycho-social-spiritual perspective. Theoretical perspectives on development within the social environment from young adulthood through end of life are critically reviewed for bias and potential for multicultural application.

Letter grade only (A-F).

505. Foundation Social Policy: Addressing Oppression through Social Justice (3)

Focuses on the critical analysis of policies which includes socio-economic, political and global factors influencing the U.S. social welfare system. Societal values and structural impediments influencing formation, implementation and evaluation of policies are emphasized using a multicultural framework.

Letter grade only (A-F).

570. Foundation Social Work Practice: Skills and Interventions with Groups (3)

Prerequisite: SW 500.

Corequisite: SW 596A or SW 596B.

Focuses on intervention techniques with treatment and task groups across the lifespan. The course will examine all aspects of working with groups including planning, facilitating, analyzing, and evaluating different groups.

Letter grade only (A-F).

590. Selected Topics in Social Work (3)

Prerequisite: Consent of instructor.

Letter grade only (A-F). May be repeated to a maximum of 6 units for majors and 9 units for non-majors with different topics. Topics announced in the *Schedule of Classes*.

592. Foundation Social Work Macro Practice Skills and Interventions (3)

Corequisite: SW 596A or SW 596B.

Focuses on the acquisition and application of knowledge and skills for macro practice. History, methods, theories, and socio-political determinants are emphasized. Explores implications for diverse communities; examines the relationship between professional values and ethical dimensions within community practice.

Letter grade only (A-F).

594A. Research Methods in Social Work I (3)

Focuses on the evidence-based research process, including conceptualization of research problems, designs, sampling, measurement, and data collection. The emphases are on building skills for conducting multiculturally-focused social work research and evaluating findings critically.

Letter grade only (A-F).

594B. Research Methods in Social Work II (3)

Prerequisite: SW 594A.

Covers the application of research methods for evidence-based social work practice, including qualitative data analyses, quantitative statistical analyses, program evaluation, and preparation of reports for dissemination, with continued emphasis on the ability to conduct and critique multiculturally-focused research.

Letter grade only (A-F).

596A. Foundation Field Education I (3)

Corequisite: SW 500 or SW 570

First of two semesters of supervised agency practice. Develops basic skills with individuals, families, groups, and communities. Includes weekly integrative seminar which utilizes group process to support practice competencies, professional development, self-awareness, ethics, and problem solving in a multicultural context.

Credit/No Credit grading only. (Seminar 2 hours, Clinical Process 1 hour. Two hours weekly field seminar on campus and 16 hours in agency placement required.) Course fee may be required.

596B. Foundation Field Education II(3)

Prerequisites: SW 596A and SW 500

Corequisite: SW 570 or SW 592

Second of two semesters of supervised agency practice. Develops basic skills with individuals, families, groups, and communities. Includes weekly integrative seminar which utilizes group process to support practice competencies, professional development, self-

awareness, ethics, and problem solving in a multicultural context.

Credit/No Credit grading only. (Seminar 2 hours, Clinical Process 1 hour. Two hours weekly field seminar on campus and 16 hours in agency placement required.) Course fee may be required.

599. Independent Study (1-3)

Prerequisites: Consent of School and instructor.

Independent study of special topics under supervision of a faculty member.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

605. Advanced Social Policy: Analysis, Advocacy and Practice (3)

Prerequisite: SW 505

Focuses on an advanced understanding of key issues, concepts, and skills associated with policy reform. Students will learn how to apply various strategies, techniques and actions that can influence elected officials, policy makers, organizations and communities.

Letter grade only (A-F). Not open to students with credit in SW 682.

620. Advanced Social Work Practice: Child and Family Wellbeing (3)

Prerequisites: SW 500, SW 570, and SW 592.

Corequisite: SW 680A.

Advanced practice course that focuses on working with children and families. Emphasis is on evidenced-based intervention techniques and evolving perspectives of goals of social work practice. Multicultural perspectives on assessment and interventions will be examined.

Letter grade only (A-F).

630. Advanced Social Work Practice: Adulthood and Aging (3)

Prerequisites: SW 500, SW 570, and SW 592.

Corequisite: SW 680A.

Focuses on assessment and intervention with adults and older adults, while addressing the basic processes of aging. The course covers advanced practice models in relation to ecological systems and multicultural perspectives.

Letter grade only (A-F).

643. Social Work Practice within Child Welfare Services (3)

Prerequisite: SW 503A.

Covers child protective policies and practices, including adoption, family preservation, transitional age youth, foster, kinship, and group care, with focus on incorporating innovative service delivery, multicultural practice and federally mandated outcomes related to child safety, wellbeing and permanency.

Letter grade only (A-F).

650. Advanced Social Work Practice: Integrated Health (3)

Prerequisites: SW 500, SW 570, and SW 592.

Corequisite: SW 680A.

Advanced course in integrating behavioral health practice with primary care. The role of social workers, theories, models, and multicultural aspects are enhanced. Advanced engagement, assessment, intervention, implementation, and practice evaluation skills are developed.

Letter grade only (A-F).

660. Direct Intervention with Groups: Focus on Children, Youth and Families (3)

Corequisite: SW 680A.

Teaching of advanced specialized skills needed to work with groups, emphasizing work with children, youth, and families. Focuses on clinical work with groups with special emphasis on eco-systems and multi-cultural perspectives.

Letter grade only (A-F).

661. Direct Intervention with Groups: Focus on Older Adults and Families (3)

Corequisite: SW 680A.

Teaching of advanced specialized skills needed to work with groups, emphasizing work with older adults and families. Focuses on clinical work with groups with special emphasis on ecosystems and multi-cultural perspectives.

Letter grade only (A-F).

662. Legal Issues in Social Work Practice (3)

Prerequisite: SW 503A.

Covers the legal systems affecting social work interventions and the role of social workers within those systems. Examines how laws and legal systems impact client populations. Legal research and resources, legal reasoning, and the court systems are examined.

Letter grade only (A-F).

663. Assessment and Treatment of Alcohol and Substance Use Disorders (3)

Prerequisite: SW 503A.

Focuses on clinical and policy issues significant for social work practice with individuals, family systems and the community. Alcohol and substance use is examined across the lifespan with a focus on multicultural and strengths-based practice.

Letter grade only (A-F).

665. School Social Work (3)

Prerequisite: SW 503A.

School social work practice emphasizes the home-school-community connection. School social workers intervene in multiple systems, providing support for students and families while bringing about change in school practices. Course content includes social work roles, education laws, evidence-based practice, and diversity.

Letter grade only (A-F).

670. Social Work Leadership and Management (3)

Corequisite: SW 680B.

Focuses on organizational leadership and problem solving, using theories of organizational behavior and management. Examines frameworks for governance, planning, monitoring, information management, human resources, fiscal responsibility, quality assurance, and community relations with attention to multicultural and gender issues.

Letter grade only (A-F).

674. Clinical Diagnosis and Therapeutic Communication (3)

Prerequisite: SW 503A.

Reviews the major theoretical approaches to social work treatment to teach specific clinical interventions. Students are trained to skillfully and therapeutically intervene with a variety of diagnostic categories. Outcome research will be reviewed and evaluated.

Letter grade only (A-F).

675. Social Work Practice with Death, Dying and Loss (3)

Prerequisite: SW 503A.

Provides an overview of psychological, cultural, and professional perspectives of death and dying. Topics examined include health-related death, unexpected traumatic death, and bereavement following loss. Emotional impact of loss and coping strategies used to promote healing are explored.

Letter grade only (A-F).

677. Social Work Practice in Mental Health Services (3)

Prerequisite: SW 503A.

Focuses on social, economic and cultural factors as they affect social work practice in mental health services including the Recovery Paradigm and client-centered approaches that are in accordance with the California Mental Health Services Act (MHSA).

Letter grade only (A-F).

678. Play Therapy with Children, Adolescents and Their Families (3)

Prerequisites: SW 500 and SW 503A.

Explores the use of play therapy as a social work practice intervention. It focuses on the modality of play as a means of helping children, adolescents, and their families in a therapeutic setting.

Letter grade only (A-F).

679. Psychopathology: Assessment and Treatment in Social Work Practice (3)

Prerequisites: SW 503A and SW 503B.

Prepares students to assess and diagnose psychopathology using diagnostic tools such as the Diagnostic Statistical Manual of Mental Disorders (DSM). Ethical challenges presented in the use of these tools in social work practice will be addressed.

Letter grade only (A-F).

680A. Advanced Field Education I (3)

Prerequisites: SW 596A and SW 596B.

Corequisite: SW 620 or SW 630 or SW 650

First of two semesters of field placement in area of concentration. Seminar experience utilizes group process to develop advanced competencies. Emphasis is placed on case presentation, demonstration and evaluation of practice skills, supervision use, cultural responsiveness, and professional ethics.

Credit/No Credit grading only. (Seminar 1 hour, clinical process 2 hours. Two hours bi-weekly in field seminar and 16 hours in agency placement required) Course fee may be required.

680B. Advanced Field Education II (3)

Prerequisite: SW 680A.

Corequisite: SW 670

Continuation of concentration field placement. Seminar is facilitated by students with support from the instructor. Focus is on integration of graduate coursework and professional development within the context of multicultural practice. Content includes preparation for master's level social work employment.

Credit/No Credit grading only. (Seminar 1 hour, clinical process 2 hours. Two hours bi-weekly in field seminar and 16 hours in agency placement required.) Course fee may be required.

681. Advanced Policy Seminar: Children, Youth and Families (3)

Prerequisite: SW 505.

Designed to provide students with an advanced understanding of key issues, concepts, and skills associated with policy analysis, the development of policy alternatives, and political action on behalf of families and children in contemporary American society.

Letter grade only (A-F).

683. Brief Treatment (3)

Prerequisite: SW 503A.

Covers the methodologies used in brief and/or time limited clinical treatment. Models of brief therapy, empirical research and diverse client populations are explored. Reviews ethnic, gender, and other issues related to the use of this treatment approach.

Letter grade only (A-F).

690. Selected Topics in Graduate Social Work (3)

Prerequisites: Consent of school.

Topics of special interest in social work selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

691. Non-Violent Conflict Resolution (3)

Prerequisite: SW 503A.

Designed to help students examine conflict, their own and others' responses to conflict situations on the intrapersonal, interpersonal and community levels, and to learn to deal with conflict in a productive, non-violent manner.

Letter grade only (A-F).

692. Spirituality in Social Work Practice (3)

Prerequisite: SW 503A.

Examines issues pertaining to spiritually sensitive social work practice. The rich and diverse forms of spiritual expressions and religious and philosophical ideologies that may be espoused by clients are explored.

Letter grade only (A-F).

698A. Thesis or Project I (3)

Prerequisites: SW 594A, SW 594B. Completion of 30 MSW units with a minimum cumulative GPA of 3.0, and advancement to candidacy.

Under the direction of the Thesis/Project Advisor, the student completes a thesis/project proposal, instruments and IRB protocol (if applicable), and drafts literature review.

Letter grade only (A-F). A grade of "B" or better is required for successful completion.

698C. Applied Social Work Project: Part I (3)

Prerequisites: Completion of foundation coursework with a minimum cumulative GPA of 3.0, and advancement to candidacy.

This first course of a 2-semester sequence is a culminating experience incorporating analysis, synthesis, and evaluation of the MSW curriculum. Implementation of knowledge, skills, values, and practice methods related to all size systems is emphasized using a multicultural perspective.

Letter grade only (A-F). A grade of "B" or better is required for successful completion.

699A. Thesis or Project II (3)

Prerequisite: SW 698A.

Under the direction of the Thesis/Project Advisor, the student finalizes the literature review and completes the remaining chapters (typically, introduction, methodology, results, discussion and implications) of thesis/project.

Letter grade only (A-F). A grade of "B" or better is required for successful completion.

699C. Applied Social Work Project: Part II (3)

Prerequisites: SW 698C.

This second course of a 2-semester sequence is a continuation of a culminating experience incorporating analysis, synthesis, and evaluation of the curriculum. Implementation of knowledge, skills, values, and practice methods in all size systems is emphasized using a multicultural perspective.

Letter grade only (A-F). A grade of "B" or better is required for successful completion.

SOCIOLOGY

College of Liberal Arts

Department Chair: Kristine M. Zentgraf

Department Office: Psychology Building, Room 145
Telephone: (562) 985-4602

Faculty: Nielan Barnes, Carole Campbell, Michael Chavez, Norma Stoltz Chinchilla, Jeffrey Davis, Shelley T. Eriksen, J. William Gibson, Gary Hytrek, Nancy Martin, Leakhena Nou, Varisa Patrapon, Oliver Wang, Jake Wilson, Sabrina Alimahomed-Wilson, Kerry Woodward, Kristine M. Zentgraf

Administrative Support Coordinators:

Kim Glick, Jacqueline Southern

Students desiring information should contact the department office for referral to the faculty advisor:

Undergraduate Advisors:

Nancy Martin, Kerry Woodward, Jake Wilson

Graduate Advisor: Kerry Woodward

Career Possibilities

Sociologist • Social Worker • Health Care Administrator • Community Organizer • School Counselor • Urban Planner • Personnel Manager • Statistician • Public Health Worker • College Student Service Worker • Lawyer • Lobbyist • City Planning Aide • Adoption Counselor • Market Researcher • Employment Interviewer • Management Trainee (Some of these, and other careers, require additional education or experience. Introduction

Sociology courses are suitable for fulfilling general education or elective requirements for students of other majors.

Undergraduate Programs

Bachelor of Arts in Sociology (120 units)

Requirements

Lower Division (13 units):

Complete each of the following courses with grades of "C" or better:

SOC 100 Principles of Sociology (3)
Prerequisite/Corequisite: A GE Foundation course.

SOC 142 Social Trends and Problems (3)
Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1) or PSY 130 or equivalent. Corequisite: One Foundation Class.

SOC 250 Elementary Statistics (4)
Prerequisites: SOC 100 or SOC 142 or instructor consent.

SOC 270 Introduction to Research Methods (3)
Prerequisite: SOC 100 or SOC 142, SOC 250 or instructor consent..

Upper Division (minimum 31 units):

Core (16 units)

Complete the following courses with a grade of "C" or better:

SOC 355 Quantitative Methods of Social Research (4)

Prerequisites: SOC 100, SOC 250, and one upper division course in sociology.

SOC 356 Classical Sociological Theory (3)

Prerequisite: SOC 100.

SOC 357 Modern Sociological Theory (3)

Prerequisites: SOC 100, SOC 356 and one other upper division course in Sociology.

Complete one of the following courses:

SOC 420, SOC 427

Complete one of the following courses:

SOC 335, SOC 354

Complete nine units in one concentration.

Complete six units of electives from other upper-division courses in sociology.

Total credit for courses numbered 490 through 499 may not exceed twelve units. Completion of at least 51 semester units of college work is required before students will be accepted into upper division courses.

Department Recommendation: Lower division courses should be completed before upper division courses. Taking the courses in sequential order will allow students to gain maximum benefit from the curriculum.

Concentrations

Deviance and Social Control

SOC 342, SOC 345, SOC 354*, SOC 423, SOC 440, SOC 463, SOC 495

Interaction and Group Relations

SOC 320, SOC 325 (or WGSS 325), SOC 335*, SOC 340 (or CHLS 350), SOC 341 (or CHLS 352), SOC 345, SOC 346, SOC 354*, SOC 358, SOC 423, SOC 426, SOC 436, SOC 447, SOC 464, SOC 492, SOC 495; WGSS 401

Sociology Health and Medicine

SOC 350, SOC 354*, SOC 423, SOC 462, SOC 463, SOC 464, SOC 466, SOC 493, SOC 495; HSC 400

Research

Concentration is currently not available.

Social Change and Global Issues

SOC 346, SOC 350, SOC 354*, SOC 358, SOC 410, SOC 420*, SOC 427*, SOC 430, SOC 449, SOC 494, SOC 495; ANTH 307; I/ST 317 or I/ST 318; WGSS 401

*If not taken as one of the core courses

Honors in Sociology

Students may be admitted to Sociology Honors program (an option of the University Honors Program) when they have:

1. A minimum of three semesters remaining before graduation;

2. A minimum cumulative GPA of 3.2 overall and a minimum GPA of 3.5 in Sociology courses;
3. Completed the lower division courses required for the major (SOC 100, SOC 142, SOC 250) or have junior standing and a minimum of four sociology courses;
4. Submitted an application with one letter of recommendation from a faculty member.

To graduate with Honors in Sociology a student must:

1. Complete all regular requirements for the major in Sociology;
2. Complete 3 units of an Honors Selected Topics (SOC 487H or equivalent approved by the department honors advisor) and 6 units related to the Honors Thesis (SOC 488H and SOC 489H or equivalent 6 units accepted by the department honors advisor). These required 9 units may be in addition to general requirements for the major in sociology or may be counted as part of the concentration or elective units required for the regular Sociology BA degree. SOC 488H and SOC 489H are equivalent to UHP 496 and UHP 498;
3. Do one of the following: Present own original research paper for a student research competition, present such a paper at a professional meeting, or write a research paper that the department honors advisor agrees is of professional quality;
4. Serve as a Student Teaching Fellow (peer facilitator) for at least one undergraduate sociology course OR serve as a research intern under faculty supervision.

Students are strongly encouraged to:

1. Join Alpha Kappa Delta, the International Sociology Honor Society;
2. Engage in service to the department or the discipline of sociology.

Minor in Sociology

A minimum of 24 units which must include:

Lower Division:

Take both of the following courses

SOC 100 Principles of Sociology (3)

Prerequisite/Corequisite: A GE Foundation course.

SOC 142 Social Trends and Problems (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1) or PSY 130 or equivalent. Corequisite: One Foundation Class.

Upper Division:

Take the following:

SOC 335 Social Psychology (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Take a minimum of 15 units selected from other upper division courses in sociology. Total credit for courses numbered 490 through 499 may not exceed 6 units.

Graduate Program

Master of Arts in Applied Sociology

This program's curriculum is designed to provide students with a strong theoretical and methodological foundation with specialization in one of the two thematic concentrations: Sociology of Health and Medicine; or Community Development and Social Change. Fieldwork placements provide direct and

practical experience with local public and private agencies addressing community health and social justice issues.

The graduate coordinator serves as the general advisor for all entering graduate students. Upon admission, students will be assigned to a faculty member for advising and mentoring. Students can elect to keep this faculty member or, in consultation with the graduate coordinator, choose another faculty advisor. The faculty advisor is responsible for assisting students in writing a Plan of Study, which outlines how individual students will fulfill the requirements of the program. Faculty advisors will also assist the student in selecting her/his thesis committee (two additional faculty members). Graduate thesis committees must be formed after completing a minimum of 12 units and before a maximum of 21 units.

Students may view the general requirements of the University, the specific requirements of the department and information about the steps leading to the master's degree in sociology in this catalog.

Admission Procedures

Consideration for admission requires submission of a program application and university application. Submit all program application materials to the Department of Sociology in one complete package.

Prerequisites

1. A Bachelor's degree with a major in Sociology, or related degree, and have earned a 3.0 GPA.
2. Completion of a minimum of one upper-division sociological theory course (equivalent to SOC 356 or SOC 357) and a research methods course (equivalent to SOC 355).
3. Students whose undergraduate work is deficient in sociology will be required to complete appropriate pre-requisite courses. Course deficiencies will be determined by the Department's Graduate Committee after taking into account each student's background and goals. Prerequisite courses will not count toward credit in the M.A.
4. Official scores from the Graduate Record Examination.
5. Official transcripts.
6. Three letters of recommendation, including at least two from individuals well acquainted with the applicant's academic ability.
7. A 3-4 page personal statement describing the student's qualifications and reasons for wanting to pursue an Applied Sociology M.A. at CSULB.
8. Experience in community organizations is helpful, but not required.

Program Requirements

All students must complete a minimum of thirty (30) units of upper division and graduate level courses, of which twenty-four (24) must be at the 500/600 graduate level. A student's program is outlined in the Plan of Study that must be developed in consultation with a sociology faculty advisor within the first 12 units at CSULB.

Requirements

1. Core Courses

Take the following courses:

SOC 656 Seminar in Sociological Theory (3)

Prerequisites: SOC 356, SOC 357 or equivalent or consent of instructor.

SOC 670 Sociological Practice (3)

Prerequisites: SOC 656 and SOC 696, or their equivalents or consent of instructor.

SOC 696 Methods in Applied Social Research (3)

Prerequisites: SOC 250, and SOC 355 or their equivalents or consent of instructor.

2. Concentration Area Courses (3 courses, 9 units) in one concentration area:

Sociology of Health and Medicine:

Applicable courses include SOC 562; HCA 502; HSC 500, HSC 503, HSC 528, and HSC 625.

Community Development and Social Change:

Applicable courses include SOC 536, SOC 540; PPA 525, PPA 610, PPA 660 and PPA 670.

3. Applied Skill Cluster (2 courses, 6 units): Applicable courses include ANTH 560, HSC 500, HSC 503, PPA 670.

4. Internship (one course, 3 units): SOC 695.

5. Capstone Course (1 course, 3 units): SOC 698.

Advancement to Candidacy

1. Students must satisfy the general requirements of the University for advancement to candidacy;
2. In order to be recommended for advancement to candidacy, students must obtain the written approval of their master's degree program course work by their committee chair and graduate advisor;
3. Students must file a written statement in the department approved by the Faculty Advisor, indicating how the student plans to complete all remaining requirements for the degree. The statement will include the members of the thesis committee, and the date for completing the thesis or for taking the comprehensive examination.

Capstone Experience

All graduate students must complete one of the following options:

- A. Comprehensive Examination in the areas of theory, applied research methods, and substantive issues in their concentration;

- B. Thesis.

Students following the comprehensive examination option will earn 3 units of credit in SOC 697 and those writing a thesis will be granted 3 units of credit in SOC 698.

Courses (SOC)

LOWER DIVISION

100. Principles of Sociology (3)

Prerequisite/Corequisite: A GE Foundation course.

Introduction to the sociological perspective as a tool for understanding society and culture, including the inter-personal, inter-group and global dimensions of social life.

142. Social Trends and Problems (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1) or

PSY 130 or equivalent.

Corequisite: One Foundation Class.

General introduction to the study of social trends and problems in American institutions including social inequality crime, health and illness, education, media, environment and war and terrorism. Emphasis is on social problems as products of the socio-historical and global context.

Open to non-majors for General Education credit in Category D.2.B.

161. Introduction to Latin American Studies (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1).

An interdisciplinary overview of history, society, and culture in Latin America – Mexico, Central American, the Caribbean, and South America. Examines the political, economic, social, and cultural conditions for conflict, change, and continuity over the last five hundred years.

Letter grade only (A-F). Same course as HIST 161 and LAS 161.

Not open for credit to students with credit in HIST 161 and LAS 161.

250. Elementary Statistics (4)

Prerequisite: SOC 100 or SOC 142 or instructor consent

Introduction to descriptive and inferential statistics and applications in social and behavioral science research, performance of statistical exercises by interactive computer. Emphasis upon knowledge of which statistical tests to use and how to interpret results.

Letter grade only (A-F). (Discussion 3 hr., Lab 2 hrs.) Not open for credit to students with credit in HDEV 250, C/LA 250, ANTH 202, MATH 108, MATH 180 or PSY 110, PSY 210.

270. Introduction to Research Methods (3)

Prerequisite: SOC 100 or SOC 142, SOC 250 or consent of the instructor.

Introduction to conducting original sociological research with a focus on techniques used to collect and analyze quantitative and qualitative data. Students learn how to apply these methods given research ideas and practice implementing various methods.

Letter grade only (A-F)

UPPER DIVISION

317. Problems in International Social Conflict (3)

Prerequisites: GE Foundation, one Explorations course, and upper division standing.

Interdisciplinary analysis of social conflict in the world. Topics may include ethnocentrism; nationalism; globalization; trade; aid; economic development; poverty; inequality; the environment; war; ideological, ethnic, gender, and religious conflict; democratization; social movements; new forms of civil society and social solidarity.

Letter grade only (A-F). Same course as I/ST 317. Not open for credit to students with credit in I/ST 317.

318. Cases in International Social Conflict (3)

Prerequisites: GE Foundation, one Explorations course, and upper division standing.

Interdisciplinary analysis of social conflict in the world. Case studies will focus on globalization; technology; economic development; trade and aid; population growth; immigration; ideological, religious, ethnic and gender conflicts; war and civil unrest; human rights; democratization; global citizenship; environmental sustainability.

Letter grade only (A-F). Same course as I/ST 318. Not open for credit to students with credit in I/ST 318.

320. The Family (3)

Prerequisite: SOC 100 or consent of instructor.

Sociological study of the social forces that shape the family in various cultures. Key theories and research methods used by sociologists to study family dynamics and change will be reviewed.

325. Sociology of Gender (3)

A sociological analysis of the social, political and economic status of women. Examines the history of women's roles and status; gender conflicts and social movements; and societal attitudes towards women in society.

Same course as WGSS 325. Not open for credit to students with credit in WGSS 325 or W/ST 325.

335. Social Psychology (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the origins and development of the self through the socialization process. Emphasis is on the social influence of small groups (family, peers, reference groups and subcultures) and societal organization and institutions on identity, role behavior and attitudes.

340. The Latino Population in the United States (3)

Prerequisite: GE Foundation requirements.

Survey of the comparative historical, transnational, cultural and socio-economic experience (including class, gender, immigration and settlement patterns) of the various Latino sub-groups in the United States.

Letter grade only (A-F). Same course as CHLS 350. Not open for credit to students with credit in CHLS 350.

341. Central American and Caribbean Peoples in California (3)

Survey of the socioeconomic conditions and cultural life of the Central American and Spanish-speaking Caribbean communities in California, such as Salvadoran, Guatemalan, Puerto Rican, and Cuban communities. Similarities and differences with the Mexican-American community will be examined.

Same course as CHLS 352. Not open for credit to students with credit in CHLS 352.

342. Criminology (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Study of crime from a sociological perspective and the emerging interdisciplinary approaches to crime. Topics include definitions and measurement of crime, types of crime and crime statistics, and social policy issues involving the criminal justice system and crime prevention.

Not open for credit to students with credit in SOC 441.

345. Juvenile Delinquency (3)

Study of juvenile delinquency from a sociological perspective. Topics include a historical examination of delinquency, major theories of delinquency, the social context of delinquency, the societal reaction, social policies involving the juvenile justice system and youth related social problems.

346. Race, Gender and Class (3)

Prerequisite: GE Foundation requirements.

Sociological examination of race/ethnicity, gender and class in the U.S. Examines the affect of ideology, social interactions and social institutions on the creation and maintenance of racial, gender and class inequality.

350. International Population Problems (3)

Prerequisite: GE Foundation requirements.

Overview of the basic demographic variables (fertility, mortality and migration) and methods (vital statistics and census) to the study of international population problems. Examines the historical and current trends and problems in world population composition, growth and movement.

354. Qualitative Methods of Social Research (4)

Prerequisites: SOC 100, SOC 250, and one upper division course in sociology.

Review and critique of principles and essential features of classical and contemporary qualitative studies. Topics include research design, modes of participant observation, sampling and interview techniques, analysis and interpretation of data. Field assignments and individual research projects are required.

(Lecture 3 hours, laboratory 2 hours.)

355. Quantitative Methods of Social Research (4)

Prerequisites: SOC 100, SOC 250 and one upper division course in sociology.

Review of social research methods with emphasis on research design, including operationalization, measurement, scaling, reliability, validity and sampling; techniques of data collection and analysis. Individual student research projects are required.

(Lecture 3 hours, laboratory 2 hours) Letter grade only (A-F).

356. Classical Sociological Theory (3)

Prerequisite: SOC 100.

Social thought and historical forces leading to the emergence of sociology and an exploration of classical theories into the 1930s including such thinkers as Marx, Durkheim, Weber, Mead and Merton.

357. Modern Sociological Theory (3)

Prerequisites: SOC 100, SOC 356 and one other upper division course in Sociology.

Critical review of sociological thought from the 1930's to present. Major schools such as functionalism, interactionism, conflict, exchange, and system theory will be covered in depth and considered in relation to the nature of theory construction.

Letter grade only (A-F).

358. The Sociology of Migration and Immigration (3)

Prerequisites: GE Foundation requirements and upper-division standing.

Focuses on historical and contemporary immigration to the United States. Examines causes and consequences of immigration; forces and events that propel migrants to move; patterns of economic adaptation and political incorporation; role of social institutions in immigrant adaptation, and the process by which immigrants become ethnics.

Letter grade only (A-F).

375. Art and Social Action: A Global Perspective (3)

Prerequisite: Upper division standing.

Examines the interconnections among global processes and global social problems from the perspectives of art and sociology. Analyzes historical, geographical, class and status components of these problems, and the role of art to promote social change.

Same course as ART 375. Not open for credit to students with credit in ART 375.

405. Un-Imaging the Middle East (3)

Prerequisites: Completion of GE Foundation requirements; I/ST 200, SOC 100, or consent of instructor. Student must have scored 11 or higher on the GWAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GWAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

410. Environmental Sociology (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper-division standing.

Studies society's relationships with nature, including both cultural and structural dimensions. Integrates anthropological studies of pre-modern societies, together with cultural geography's emphasis on the meanings of place and environmental studies' contributions.

Letter grade only (A-F).

420. Social Stratification (3)

Prerequisite: SOC 100.

Examines sociological approaches and theories of stratification and inequality. Emphasis on how social class affects opportunity structures, income, social mobility and life chances. Analyzes causes and consequences of economic, political and social inequality.

423. Child Abuse and Prevention (3)

Examines child abuse as a social problem; its history and causal factors, including social processes and changing family patterns. Emphasis on social interventions and policy implications, including role of concerned citizens and child advocates.

Not open for credit to students with credit in SW 423.

426 Sociology of Sexualities (3)

Analyzes social context of human sexuality, including effects of socialization, social class and racial, ethnic and gender identities on sexual identities, attitudes and behaviors. Explores the impact of public institutional arrangements such as capitalism and globalization on individual sexualities.

427. Social Order and Social Change (3)

Prerequisite: SOC 100 and upper division standing.

Sociological analysis of social order and change from a historical and contemporary perspective. Emphasizes interactions between social movements, politics, economics and culture in explaining differential patterns of change.

430. Sociology of Globalization (3)

Prerequisites: SOC 100 and upper division standing.

Sociological examination of globalization. Themes include emergence of global order, ideology and power; democracy; capital and labor mobility; technology; environment; inequality; culture; reactions to globalization.

Course may include a service learning component. Letter grade only (A-F).

436. Racism, Power, and Inequality (3)

Prerequisites: SOC 100 or SOC 142 or consent of instructor

Examines the origins, character, maintenance, and consequences of race, racism, power, and inequality in the United States. It also analyzes the tensions and conflicts behind the social, political, cultural, and institutional manifestations of racial oppression and white privilege.

Letter grade only (A-F).

440. Sociology of Deviance (3)

Prerequisite: SOC 100.

Study of deviance from sociological perspective. Focuses on role of social institutions that define, shape and maintain definitions and perceptions of deviance. Topics include theories of deviance, including micro-level processes that shape behaviors and attitudes. (Lecture 3 hours.)

447. Sociology of Popular Culture (3)

Prerequisite: SOC 100 or consent of instructor

Applies sociological theories to the study of popular culture. Examines cultural forms of mass-mediated entertainment and self-expression and applies critical and analytical tools to understand complexity and influence of popular culture within American social life, community and identity.

Letter grade only (A-F).

449. Political Sociology (3)

Prerequisite: GE Foundation requirements.

Contributions of sociology to the study of political institutions and political relations, including analysis of political aspects of social systems, social context of action, social basis of power, citizenship rights, and effects of globalization on political processes.

Letter grade only (A-F).

460. Poverty and Public Policy (3)

Prerequisite: SOC 100 or SOC 142 and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Examines poverty in the United States and the role of social policies in creating, perpetuating, and alleviating it.

Letter grade only (A-F).

462. Sociology of Health and Medicine (3)

Prerequisite: GE Foundation requirements.

Epidemiological and sociological approaches to health and illness; patterns of physical and mental disease; patient and physician perspectives; causes of stress and coping; health care delivery and utilization; interaction of physician, nurse, therapist, health administrator, social worker, patient, and family.

463. Mental Health and Society (3)

Prerequisite: SOC 100.

Epidemiological and sociological approaches to mental health and illness; prevalence and incidence of mental disorders; effects of family history, work experience and life-change events; social and legal status of the mental patient; governmental and organizational role in mental illness.

464. Aging and Society (3)

Prerequisites: SOC 100 or SOC 142.

Examines the impact of the aging population upon society and the effects of the socially defined experience of aging upon the individual. Analysis of the relationship between age and such variables as gender, race/ethnicity, class, marital and health status.

466. AIDS and Society (3)

Prerequisites: GE Foundation requirements. Recommended: BIOL 100 or BIOL 200 or MICR 101 or MICR 300.

Examines behavioral aspects and societal impact of the AIDS epidemic. Covers structural barriers such as poverty, sexism, and racism in HIV/AIDS prevention and treatment. Examines sexual identities, gender, race, culture and class. Emphasizes gender roles and gender power relations.

Letter grade only (A-F).

475. Religion and Social Change (3)

Prerequisites: SOC 100 or consent of instructor.

Advanced course in sociology explores the role of religion in large scale societal change, as well as social change within institutions of religion. Topics include the role of religion in social activism using conceptual frameworks from the sociology of religion and social movements.

Lecture/Discussion. Letter grade only (A-F).

487H. Selected Topics - Honors (3)

Prerequisite: SOC 356 and admission to Sociology Honors Program or consent of the instructor.

Contemporary sociological topic, chosen by instructor. Covers topic's emergence, growth, relevant studies, debates, conclusions, and remaining questions. Students investigate one idea using recognized sociological research methods, and present research projects to each other for feedback and critique.

Letter grade only (A-F). May be repeated to a maximum of 12 units, with different topics in different semesters. Topics announced in the *Schedule of Classes*.

488H. Honors Research Seminar (3)

Prerequisites: SOC 355 and admission to the Sociology Honors Program or consent of instructor.

Foundational research processes for Honors Thesis. Includes literature review, hypothesis formulation and/or guiding ideas, and data collection. Group discussion of readings in social science research strategies, writing techniques, ethics, publication and related issues

Letter grade only (A-F).

489H. Honors Thesis (3)

Prerequisites: SOC 356, SOC 488H and admission to the Sociology Honors Program or consent of instructor.

Continuation of independent student research project begun in SOC 488H, Honors Research. Students meet periodically with their thesis advisor and with other honors students to discuss their work and will present their completed research in a public forum.

Letter grade only (A-F).

490. Selected Topics in Sociology (1-3)

Topics of special interest in sociology selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

492. Selected Topics in Interaction and Group Relations (3)

Topics of special interest in Interaction and Group Relations selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*. (Discussion)

493. Selected Topics in Medical Sociology (3)

Topics of special interest in Medical Sociology selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*. (Discussion)

494. Selected Topics in Social Change and Global Issues (3)

Topics of special interest in Social Change and Global Issues selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*. (Discussion)

495. Internship (1-4)

Prerequisites: SOC 100, SOC 142, SOC 335, junior or senior standing, consent of instructor.

Supervised field experience in public and private agencies allowing students to relate sociological principles to community situations. Designed to provide career-related work experience in both research and applied fields. 1-4 units depending on field assignment and time required.

May be repeated to a maximum of 6 units. (6-10 hours per week field experience.)

496. Field Practicum (1-3)

Prerequisites: SOC 495.

Continuation of SOC 495. Permits students who continue working at a community agency to conduct special projects for that agency. Includes class meetings to discuss student projects, papers and evaluation activities for the agency. 1-3 units depending on field assignment.

May be repeated to a maximum of 4 units.

497. Peer Facilitation in Sociology (3)

Prerequisites: A grade of at least a "B" earned in at least one upper division course related to the peer facilitation activity and consent of instructor.

Conducting optional discussion sections, assisting an instructor in class exercises, projects or small group discussions, or tutoring individual students. Peer facilitation activities will be guided by meetings with the supervising faculty member and supplemented by reading and writing assignments.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

499./599. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study of special topics under faculty supervision.

May be repeated to a maximum of 4 units. In exceptional cases, may be repeated to a maximum of 6 units with consent of department.

GRADUATE LEVEL

536. Sociology of Race, Racism, and Racial Relations (3)

Prerequisite: SOC 656 and SOC 696 or consent of instructor

Applies sociological theories and principles to study race, ethnicity, inequality and racial/ethnic relations in the United States.

Letter grade only (A-F).

540. Urban Sociology (3)

Prerequisites: SOC 356, SOC 357 or consent of instructor

Examines processes involved in shaping urban policies in large metropolitan areas. Identifies key urban problems of our day, dominant political alliances that run most cities, and means by which residents, community-based organizations, and unions can influence in policy making process.

Letter grade only (A-F).

558. Sociology of U.S. Immigration (3)

Prerequisite: SOC 656 and SOC 696 or consent of instructor.

Focuses on contemporary immigration to the United States. Examines causes and consequences of immigration; forces and events that propel migrants to move, and processes of adaptation and incorporation. State and national level policies and debates will be addressed.

Letter grade only (A-F).

560. Poverty and Public Policy (3)

Prerequisite: Graduate standing or consent of instructor

Examines poverty in the United States and the role of social policies in creating, perpetuating, and ameliorating it. Provides an historical, theoretical, and comparative background, yet focuses on contemporary policies and issues within the United States.

Letter grade only (A-F).

561. Applied Topics in Medical Sociology: Community, Culture and Health (3)

Prerequisites: SOC 462, SOC 562, or consent of instructor

Examines how economic and socio-political forces shape community health outcomes, policies and programs. Surveys a range of theoretical and methodological frameworks used in community-based health research. Applies knowledge by collecting, analyzing and reporting data on a community health topic.

Letter grade only (A-F).

562. Global Health (3)

Prerequisites: SOC 462 or equivalent or consent of instructor

Examines cultural and social causes of illness and access to and practice of healthcare. Major themes include stress and coping, social epidemiology, political and cultural considerations affecting illness, sociological perspectives on the life course, and activism for improved community health.

Letter grade only (A-F).

599./499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 4 units. In exceptional cases, to a maximum of 6 units with department consent. Undergraduates completing over 3 units of SOC 499 may not enroll. Letter grade only (A-F).

656. Seminar in Sociological Theory (3)

Prerequisites: SOC 356, SOC 357 or equivalent or consent of instructor.

Focuses on major issues, problems, positions and theorists defining and organizing sociological theory historically and today. Designed to encourage theoretical application, emphasizing current and relevance and applicability of sociological theory.

Letter grade only (A-F).

670. Sociological Practice (3)

Prerequisites: SOC 656 and SOC 696, or their equivalents or consent of instructor.

Introduction to theoretical, thematic, and practical components of sustainable community development. Topics include definitions of community, strategies of empowerment, challenges to community-based research, working in the community, and values and ethics in community-based advocacy research.

690 Supervised Teaching Apprenticeship (3)

Prerequisites: Graduate standing, appointment as a teaching assistant, SOC 656, SOC 670, SOC 696 or their equivalents, or consent of instructor.

Seminar for teaching assistants designed to deal with problems and techniques of teaching sociology courses, pedagogical strategies, literature on teaching, course objectives, alternative teaching techniques, preparation of course syllabus, lectures, discussions, exams.

695 Internship (3)

Prerequisites: Graduate standing, SOC 656, SOC 670, SOC 696, or consent of instructor.

Supervised field experience in public and private agencies providing experiential learning.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters.

696. Methods in Applied Social Research (3)

Prerequisites: SOC 250 and SOC 355 or their equivalents or consent of instructor.

Addresses theory and practice of applied social research, exploring quantitative and qualitative research methods. Major themes include research design, data collection, data analysis, interpretation and presentation of results.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Graduate Division Status and instructor consent.

Advanced research in applied sociology supervised on an individual basis.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

698. Thesis (3)

Prerequisites: Graduate standing and consent of instructor.

Planning, preparation, and completion of thesis for the master's degree.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters.

SPANISH

College of Liberal Arts

Department of Romance, German, Russian Languages and Literatures

Department Chair: Markus Muller

Co-Program Directors: Bonnie Gasior, Claire E. Martin

RGRLL Language Coordinator: Cedric Oliva

Single Subject Coordinator for L.O.T.E.: Cynthia Leathers

Department Office: Academic Services, Room 309

Telephone: (562) 985-4318

Faculty: Maria Carreira, Alicia del Campo, Daniel Herrera Cepero, Bonnie Gasior, Francisca Gonzales Flores, Claire E. Martin, Alexander Rainof

Administrative Support Coordinator: Alessandro Russo

Students desiring information should contact the department office for referral to one of the faculty advisors: Credential Advisor, Graduate Advisor, Undergraduate Advisor.

Career Possibilities

Customs Inspector • Immigration Officer • Importer/Exporter • Foreign Service Officer • International Marketing Representative • Travel Guide • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Translator • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Spanish Program offers courses in language, linguistics, literature, culture and translation leading to the following degrees and certificates: Bachelor of Arts and Master of Arts degrees in Spanish, Single Subject Teaching Credential in Spanish, Concentration in Spanish for the Bachelor of Arts in Liberal Studies, minor in Spanish, and the Bilingual Concentration for B.A. in Liberal Studies.

Undergraduate Programs

Bachelor of Arts in Spanish (120 units)

Prerequisites

One year of intermediate Spanish at the university level, or equivalent. Students who have completed sufficient high school Spanish or equivalent may take upper-division courses as soon as proficiency requirements have been met. Heritage speakers of Spanish who have never formally studied the language are recommended to take SPAN 250 (6-unit GE course).

Requirements

Take all of the following:

SPAN 300 Advanced Grammar and Composition (6)

Prerequisites: AP exam with a score of 4 or 5 or SPAN 201B or SPAN 201C or equivalent for non-native speakers. SPAN 250 or equivalent for heritage speakers.

SPAN 310 Introduction to Literary Analysis (3)

Prerequisite: SPAN 300.

SPAN 330 Literary Masterpieces: Spain (3)

Prerequisites: SPAN 310 or consent of Spanish Program Director; GE Foundation requirements.

SPAN 341 Literary Masterpieces: Spanish America (3)

Prerequisites: SPAN 310 or consent of Spanish Program Director.

SPAN 423 Introduction to Spanish Linguistics (3)

Prerequisite: SPAN 300 or consent of instructor.

Take one of the following: SPAN 430, SPAN 445

Take 18 upper-division selected from the following:

SPAN 314, SPAN 335A, SPAN 335B, SPAN 350, SPAN 351, SPAN 400, SPAN 420, SPAN 426, SPAN 427, SPAN 428, SPAN 429, SPAN 430, SPAN 438, SPAN 439, SPAN 440, SPAN 441, SPAN 442, SPAN 443, SPAN 444, SPAN 445, SPAN 446, SPAN 447, SPAN 448, SPAN 449, SPAN 450, SPAN 455, SPAN 460, SPAN 461, SPAN 462, SPAN 463, SPAN 464, SPAN 465, SPAN 466, SPAN 467, SPAN 490, SPAN 491, SPAN 492, SPAN 493, SPAN 494, SPAN 499; RGR 346, RGR 400, RGR 424, RGR 425, RGR 450, RGR 470, RGR 490.

Take two years of a second foreign language at the college level.

Single Subject Teaching Credential in Spanish

Completion of the Spanish major meets the subject matter competence requirement for the Single Subject Teaching Credential in Spanish. Prospective students should consult the undergraduate Spanish Advisor and the Languages Other Than English (LOTE) Credential Program Advisor early to plan their program.

In addition to meeting the subject matter competence requirement for the teaching credential, prospective teachers of Spanish are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this catalog or the website (www.ced.csulb.edu/single-subject) for a description of professional preparation requirements, courses, and application procedures.

Requirements

The same as for B.A. in Spanish.

Minor in Spanish

Requirements

A minimum of 18 units in Spanish, at least 15 of which must be upper division and must include:

SPAN 300 Advanced Grammar and Composition (6)

Prerequisites: AP exam with a score of 4 or 5 or SPAN 201B or SPAN 201C or equivalent for non-native speakers. SPAN

250 or equivalent for heritage speakers.

Students must file a Declaration of Minor and receive counseling from the undergraduate advisors. The minor in Spanish is available to any non-Spanish major.

N.B.: No course used to satisfy any requirement for the Minor in Spanish may be taken on a Credit/No Credit basis.

Graduate Programs

Master of Arts in Spanish

Prerequisites

1. A Bachelor of Arts degree in Spanish with minimum "B" (3.0) GPA overall; or
2. A Bachelor's degree with a minimum of 18 upper division units in Spanish equivalent to the Basic Core of the B.A. in Spanish at this University. Minimum "B" (3.0) GPA overall. Deficiencies will be determined by the Master's Degree Committee after consultation with the student and study of transcript records.

Advancement to Candidacy

1. Approval of a graduate program by the graduate advisor, the department chair, and the college associate dean of graduate studies.
2. Requirements: All deficiencies have been removed; the student has fulfilled the Graduation Writing Assessment Requirement (GWAR); the student has maintained at least a "B" (3.0) GPA in all work in Spanish.
3. The candidate may file for advancement to Candidacy after filing an individualized Course Planner, completing prerequisites, and completing at least 6 units (preferably no more than nine units) on the M.A. program. The candidate must file not later than one semester or summer session prior to completion of course requirements.

Requirements

1. Completion of a minimum of 30 units in SPAN in the 500 and 600 series distributed as follows: SPAN 650 Research Methods and Critical Theory (3) (required) + 2 courses in Linguistics + 2 courses in Latin American Literature/Culture + 2 courses in Peninsular Literature/Culture + 3 electives.
2. Two years of one of the following languages: Italian, Portuguese, French, or German, or pass an examination at intermediate level in one of those languages. Major or minor in a second foreign language may be used to fulfill this requirement, upon approval by the graduate advisor.
3. Maintain a GPA of at least "B" (3.0) in Spanish exclusive of courses taken in other programs.
4. Pass comprehensive examinations based on Graduate Reading List after course work completed.
5. Maximum of six units of transfer graduate credit are allowed, subject to approval by the graduate advisor.

Single Subject Teaching Credential in Spanish

For information, refer to the undergraduate section in this department.

Spanish Courses (SPAN)

LOWER DIVISION

100. Fundamentals of Spanish (6)

Prerequisite/Corequisite: Any Foundation course.

Two semesters of fundamental Spanish are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Spanish. Not open to students who have completed SPAN 101B. (4 hrs in class, 2 hrs online)

101B. Fundamentals of Spanish (4)

Prerequisite/Corequisite: Two years of high school Spanish or equivalent. Any Foundation course.

Fundamental skills of speaking, oral comprehension, reading and writing.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of Spanish.

200. Intermediate Spanish (6)

Prerequisites: SPAN 100 or SPAN 101B or a minimum of 3 years of high-school Spanish. Prerequisite/Corequisite: Any Foundation course.

Two semesters of Intermediate Spanish are covered in one semester in this intensive hybrid (blended) course.

Not open to heritage or native speakers of Spanish. Not open to students who have completed SPAN 201A or SPAN 201B. (4 hrs in class, 2 hrs online)

201A. Intermediate Spanish (4)

Prerequisite: SPAN 101B or three years of high school Spanish or equivalent.

Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of Spanish.

201B. Intermediate Spanish (4)

Prerequisite: SPAN 201A or four years of high school Spanish or equivalent. Prerequisite/Corequisite: Any Foundation course.

Continued development in speaking, oral comprehension, reading and writing skills.

Transfers and new students: placement exam strongly recommended. For further information, please refer to the RGRLL Department website www.csulb.edu/colleges/cla/departments/rgrll/. For non-native speakers only. Not open to heritage speakers or native speakers of Spanish.

201C. Intermediate Spanish III (4)

Prerequisite: Any Foundation course. SPAN 201B or a minimum of four (4) college-level courses in Spanish or AP Exam (Pass at level 4 or 5).

Advanced Intermediate skills of speaking, comprehension, reading, and writing.

For non-native speakers only.

250. Spanish for Bilinguals (6)

Prerequisite: Near native speaker oral skills and GE Foundation requirements (or concurrent enrollment in at least one Foundation course).

Addresses particular needs of bilingual student population. Emphasis on acquisition of solid grammatical base with development of writing and reading skills.

Letter grade only (A-F).

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. Advanced Grammar and Composition (6)

Prerequisites: AP exam with a score of 4 or 5 or SPAN 201B or SPAN 201C or equivalent for non-native speakers. SPAN 250 or equivalent for heritage speakers.

Review of grammatical principles, general consolidation of the four language skills (reading, speaking, comprehension and writing) with special emphasis on writing papers and acquisition of cultural knowledge of the Hispanic world.

Check for the code 138 (for non-native speakers) and 139 (for heritage speakers) in the *Schedule of Classes*. (6 hours of activity)

310. Introduction to Literary Analysis (3)

Prerequisite: SPAN 300.

Discovery of literature as a work of art. Different levels of interpretation; complexity of structure related to content; literary appreciation.

Letter grade only (A-F).

314. Oral Communication (3)

Prerequisite: SPAN 300.

Emphasis will be placed on small-group discussion to improve communication skills in Spanish. Not open to native/heritage speakers.

330. Literary Masterpieces: Spain (3)

Prerequisites: SPAN 310 or consent of instructor. GE Foundation requirements.

Critical analysis of masterworks of Spanish literature.

(Lecture 3 hours)

335A. Business Spanish (3)

Prerequisites: SPAN 300 (6 units) or consent of instructor.

Study of terminology and practices from the world of business, with a focus on business relating to the Spanish speaking world, including the Hispanic market in the United States. It focuses on commerce, management, banking, real estate, and labor relations.

Letter grade only (A-F).

335B. Business Spanish (3)

Prerequisites: SPAN 300 or consent of instructor.

Study of terminology and practices from the world of business, with a focus on business relating to the Spanish speaking world, including the Hispanic market in the United States. It focuses on marketing, finance, import and export.

Letter grade only (A-F).

341. Literary Masterpieces: Spanish America (3)

Prerequisites: SPAN 310 or consent of instructor.

Critical analysis of masterworks of Spanish American literature.

(Lecture 3 hours)

350. Hispanic Short Narrative (3)

Prerequisite: SPAN 310

An overview of representative short narrative from the Spanish-speaking world encompassing corresponding historical periods or

thematic similarities.

Letter grade only (A-F).

351. Survey of Hispanic Theater (3)

Prerequisites: SPAN 310.

Explores the development of the genre of theater in the Hispanic World in its social, cultural, historical, and political context either across time periods (medieval to 20th century) or within a certain literary movement (Romanticism, Neoclassicism, etc.).

Letter grade only (A-F).

400./500. Don Quijote and the Critics (3)

Prerequisite: SPAN 330.

Designed to guide students through a close reading of Cervantes's *Don Quijote*, with special emphasis on various theoretical approaches to text. Provides basic introduction to literary criticism.

420./520. History of Spanish Language (3)

Prerequisite: One course in Spanish linguistics or consent of instructor.

Analysis of written and spoken Spanish from its inception through its current use in the Hispanic world.

423./523. Introduction to Spanish Linguistics (3)

Prerequisite: SPAN 300 or consent of instructor.

Overview of Spanish Linguistics. Areas of study: history of Spanish language, grammatical systems (Phonology, Morphology, Syntax), sociolinguistics status of Spanish in the U.S. and the teaching of Spanish as a second language.

426./526. Spanish Morphology and Syntax (3)

Prerequisite: Consent of instructor.

Morphemic and syntagmatics analysis of Spanish; introduction to transformational grammar.

(Lecture 3 hours)

427./527. Contrastive Analysis of Spanish and English (3)

Prerequisites: One course in Spanish linguistics or consent of instructor.

Study of the known points of similarity and differences between the two languages.

428. Spanish Cinema (3)

Prerequisites: Upper-division standing.

Focus on socio-political and aesthetic aspects of Spanish Cinema, concentrating on the following periods. Early Francoism, Neo-Realism, The Barcelona School, the Transition Period, post Franco Years, and new trends in Spanish Cinema.

Taught in English. Letter grade only (A-F). Same course as FEA 460. Not open for credit to students with credit in FEA 392E or 460.

429./529. Studies in 19th and 20th Century Spanish Poetry (3)

Prerequisite: SPAN 330.

Examines salient poets from last two centuries, including Rosalía de Castro, Gustavo Adolfo Bécquer, Antonio Machado, Juan Ramón Jiménez, Vicente Aleixandre, Federico García Lorca, Gloria Fuertes, Jaime Gil de Biedma, and other more contemporary figures.

Undergraduates register in SPAN 429; graduates register in SPAN 529. Letter grade only (A-F). (Seminar 3 hours)

430. Spanish Civilization (3)

Prerequisites: SPAN 300.

Characteristic features of Spanish culture with special attention to the various institutions, economic, social and cultural configurations, and the ways of thinking.

438./538. Studies in Golden Age Literature (3)

Prerequisite: SPAN 330.

Survey of Spanish Golden Age literature. Readings will focus on the literary masterpieces of the Renaissance and Baroque periods by Gongora, Quevedo, Cervantes, Santa Teresa de Jesus, San Juan de la Cruz, Garcilaso de la Vega, and Calderon de la Barca.

439./539. Modern Spanish Narrative (3)

Prerequisite: SPAN 330 or consent of instructor.

Representative 19th and 20th century novelists.

Undergraduates register in SPAN 439, graduates register in SPAN 539. (Seminar)

440./540. Civilized Barbarisms: Nature, War and Race in Latin American Fiction (3)

Prerequisites: SPAN 341

Study of Latin American fiction dealing with military conflicts, economic and ecological struggles, and ethnic strife from the late nineteenth century to the present.

441./541. Studies in Nineteenth and Twentieth Century Spanish American Narrative (3)

Prerequisite: SPAN 341 or consent of instructor.

Critical analysis of 19th and 20th century Spanish American prose fiction. Undergraduates register in SPAN 441, graduate register in SPAN 541.

Undergraduates register in SPAN 441, graduates register in SPAN 541. (Seminar 3 hours).

442./542. Nation Building and Women's Writing in Nineteenth-Century Spanish America (3)

Prerequisites: SPAN 341.

Explores field of Spanish American women writers during nineteenth century and concept of nation building. Several genres are studied: epistolary narrative, short-story, travel narratives, essay, autobiography, and the novel.

443./543. Studies in Nineteenth and Twentieth Century Spanish American Poetry (3)

Prerequisite: SPAN 341 or consent of instructor.

Study of representative 19th and 20th century Spanish American poets.

Letter grade only (A-F). Undergraduates register in SPAN 443, graduates register in SPAN 543.

444./544. Nineteenth-Century Spanish America and the National Family Romance (3)

Prerequisites: SPAN 341.

Advanced course studies Spanish American canonical writers during the nineteenth century in relation to the concept of "family romance." These fictions constitute the foundational master narratives that were the guiding fictions for the new independent nations.

445. Latin American Civilization (3)

Prerequisite/Corequisite: SPAN 300.

Analysis of main currents in Latin American civilization.

446./546. Studies in Spanish Culture (3)

Prerequisite: SPAN 330.

Deals with some aspect of Spanish culture in an interdisciplinary fashion during a given period. Topics could include social, political, theoretical, and/or historical perspectives on the arts.

Undergraduates register in SPAN 446; graduates register in SPAN 546. Letter grade only (A-F). May be repeated to a maximum of 6 units. (Seminar 3 hours)

447./547. The Invention of Spain: Visions in Conflict (3)

Prerequisites: SPAN 330.

A social, historical and literary study of Spain from 1808 through the beginning of the Spanish Civil War in 1936. Many groups struggle to impose their vision of Spain as it emerges from the War of Independence in 1808, transitioning from the Antiguo Régimen to nationhood.

448./548. Romanticism and Realism (3)

Prerequisites: SPAN 330.

A systematic tracing of the derivation of Spanish Romanticism in

narrative forms, in its European and Peninsular trajectories and its transformation into realism toward mid nineteenth century.

449./549. Dictatorship to Democracy: Film and Literature in Spain (1930-today) (3)

Prerequisites: SPAN 330.

Advanced course explores Spanish culture through film and literature of the pre-Civil War period, the Franco period, and the transition to democracy, the advanced democracy of Spain today.

450./550. Studies in Colonial Spanish American Literatures (3)

Prerequisites: SPAN 341.

Focuses on canonical works from Spanish-American Colonial period (1500-1800). Covers large selection of literary texts of colonial period, including chronicles, relaciones, letters, diaries, poetry, autobiography, and travel literature.

455. Hispanic Cinema of the Americas (3)

Prerequisite: SPAN 300.

Focuses on development of New Hispanic Cinema produced in the United States and Latin America. Explores major themes and trends of New Hispanic Cinema: "Nueva Ola" in Argentina, "Cinema Novo: the Cuban revolutionary cinema, and "Magic Realism" of the Southwest.

Letter grade only (A-F).

460./560. Studies Spanish American Culture (3)

Prerequisite: SPAN 341.

In-depth study of some essays which have dealt with problem of what Spanish American nations are, and what they should be during the republican era. Includes authors from both nineteenth and twentieth centuries.

May be repeated to a maximum of 6 units with different topics in different semesters.

461. Introduction to Translation and Interpretation (3)

Prerequisites: SPAN 300 with a "B" or better or instructor's consent.

Designed to introduce student to basic techniques essential to terminology acquisition, concentration, written and sight translation and consecutive and simultaneous interpretation.

462. Written and Sight Translation I: English/Spanish (3)

Prerequisites: SPAN 461 or instructor's consent.

Designed to train students in sight and written legal, financial, medical and technical translation, and to introduce the student to the basic techniques that are essential to terminology acquisition. (English into Spanish).

Letter grade only (A-F).

463. Written and Sight Translation II: Spanish/English (3)

Prerequisites: SPAN 461 or consent of instructor.

Designed to train students in sight and written legal, financial, medical and technical translation, and to introduce the student to the basic techniques that are essential to terminology acquisition. (Spanish into English).

Letter grade only (A-F).

464. Consecutive Interpretation I (3)

Prerequisites: SPAN 461 or consent of instructor.

Designed to train students in forensic consecutive interpretation.

Letter grade only (A-F).

465. Consecutive Interpretation II (3)

Prerequisites: SPAN 461 or consent or instructor.

Designed to train students in Medical, Civil Legal, Business, Technical and State Agencies consecutive interpretation, and basic techniques that are essential to terminology acquisition and to techniques relating to interpreting in the consecutive mode sentences of up to forty words in length.

Letter grade only (A-F).

466. Simultaneous Interpretation English/Spanish (3)

Prerequisites: SPAN 461 or consent of instructor.

Designed to introduce the student to the techniques that are essential to the five simultaneous operations that form an integral part of simultaneous interpretation. (English into Spanish).

Letter grade only (A-F).

467. Simultaneous Interpretation Spanish/English (3)

Prerequisites: SPAN 461 or instructor's consent.

Designed to introduce the student to the techniques that are essential to the five simultaneous operations that form an integral part of simultaneous interpretation. Spanish into English.

Letter grade only (A-F).

490. Selected Topics in Spanish (3)

Prerequisite: SPAN 310 or consent of Instructor

Study of a particular aspect of Spanish literature, language or culture.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in *Schedule of Classes*.

491/ 591. Nobel Poets and Others (3)

Prerequisite: SPAN 330 or SPAN 341.

Critical analysis of representative works of Nobel Poets (Aleixandre, Jiménez, Mistral, Neruda and Paz) and other significant poets (Albertik, Bécquer, Darío, García Lorca, Garcilaso, Góngora, Guillén, Vallejo, etc.) Undergraduate register in SPAN 491, graduates register in SPAN 591.

(Seminar 3 hours).

492./592. Studies in Hispanic Theater (3)

Prerequisite: SPAN 341 or consent of Instructor.

Representative Spanish and Spanish American plays.

Undergraduates register in SPAN 492; graduates register in SPAN 592.

493./593. Women and War (3)

Prerequisite: SPAN 310.

Examines the relationship between women and war in a literary context.

Undergraduates register in 493; graduates register for 593. Letter grade only (A-F). (3 hours lecture)

494. Internship in Spanish (1-3)

Prerequisites: Consent of instructor and department chair.

Field work in Spanish, supplemented by readings and tutorials under the direction of a faculty member. Internships, small group discussion/teaching, and other assignments directed by a supervising faculty member.

May be repeated to a maximum of 6 units. No more than 3 units may be applied to the major in Spanish.

499. Independent Study (1-3)

Prerequisites: Consent of instructor and department chair.

Individual projects or directed readings with a professor of the student's choice.

May be repeated to a maximum of 6 units. (Requires tutorial meetings and demonstrations of progress as defined in a written proposal.)

GRADUATE LEVEL**500./400. Don Quijote and the Critics (3)**

Prerequisite: SPAN 310.

Designed to guide students through a close reading of Cervantes's *Don Quijote*, with a special emphasis on various theoretical approaches to the text. The class will provide a basic introduction to literary criticism.

520./420. History of Spanish Language (3)

Prerequisite: One course in Spanish linguistics or consent of instructor.

Analysis of written and spoken Spanish from its inception through its current use in the Hispanic world.

526./426. Spanish Morphology and Syntax (3)

Prerequisite: Consent of instructor.

Morphemic and syntagmatics analysis of Spanish; introduction to transformational grammar.

Letter grade only (A-F). (Lecture 3 hours)

527./427. Contrastive Analysis of Spanish and English (3)

Prerequisite: Consent of instructor.

Study of known points of similarity and differences between the two languages.

Letter grade only (A-F).

529./429. Studies in 19th and 20th Century Spanish Poetry (3)

Prerequisite: SPAN 330.

Examines salient poets from last two centuries, including Rosalía de Castro, Gustavo Adolfo Bécquer, Antonio Machado, Juan Ramón Jiménez, Vicente Aleixandre, Federico García Lorca, Gloria Fuertes, Jaime Gil de Biedma, and other more contemporary figures.

Undergraduates register in SPAN 429; graduates register in SPAN 529. Letter grade only (A-F). (Seminar 3 hours)

538./438. Studies in Golden Age Literature (3)

Prerequisite: SPAN 330.

Survey of Spanish Golden Age literature. Readings will focus on the literary masterpieces of the Renaissance and Baroque periods by Gongora, Quevedo, Cervantes, Santa Teresa de Jesus, San Juan de la Cruz, Garcilaso de la Vega, and Calderon de la Barca.

539./439. Modern Spanish Narrative (3)

Prerequisite: SPAN 330 or consent of instructor.

Representative 19th and 20th century novelists.

Letter grade only (A-F). Undergraduates register in SPAN 439, graduates register in SPAN 539. (Seminar)

540./440. Civilized Barbarisms: Nature, War and Race in Latin American Fiction (3)

Prerequisites: SPAN 341.

Study of Latin American fiction dealing with military conflicts, economic and ecological struggles, and ethnic strife from the late nineteenth century to the present.

541./441. Studies in Nineteenth and Twentieth Century Spanish American Narrative (3)

Prerequisite: SPAN 341 or consent of instructor.

Critical analysis of 19th and 20th century Spanish American prose fiction.

Undergraduates register in SPAN 441, graduates register in SPAN 541 Letter grade only (A-F). (Seminar 3 hours).

542./442. Nation Building and Women's Writing in Nineteenth-Century Spanish America (3)

Prerequisites: SPAN 310 and SPAN 341 or instructor's consent.

Explores field of Spanish American women writers during nineteenth century and concept of nation building. Several genres are studied: epistolary narrative, short-story, travel narratives, essay, autobiography, and the novel.

543./443. Studies in Nineteenth and Twentieth Century Spanish American Poetry (3)

Prerequisite: SPAN 341 or consent of instructor.

Study of representative 19th and 20th century Spanish American poets.

Undergraduates register in SPAN 443, graduates register in SPAN 543 Letter grade only (A-F). (Seminar)

544./444. Nineteenth-Century Spanish America and The National Family Romance (3)

Prerequisites: SPAN 310 and SPAN 341 or consent of instructor.

Advanced course studies Spanish American canonical writers during the nineteenth century in relation to the concept of "family romance." These fictions constitute the foundational master narratives that were the guiding fictions for the new independent nations.

546./446. Studies in Spanish Culture (3)

Prerequisite: SPAN 330.

Deals with some aspect of Spanish culture in an interdisciplinary fashion during a given period. Topics could include social, political, theoretical, and/or historical perspectives on the arts.

Undergraduates register in SPAN 446; graduates register in SPAN 546. Letter grade only (A-F). May be repeated to a maximum of 6 units. (Seminar 3 hours)

547./447. The Invention of Spain: Visions in Conflict (3)

Prerequisites: SPAN 300, SPAN 310, SPAN 330.

Social, historical and literary study of Spain from 1808 through the beginning of the Spanish Civil War in 1936. Many groups struggle to impose their vision of Spain as it emerges from the War of Independence in 1808, transitioning from the Antiguo Régimen to nationhood.

548./448. Romanticism and Realism (3)

Prerequisites: SPAN 300, SPAN 310 and SPAN 330.

A systematic tracing of the derivation of Spanish Romanticism in narrative forms, in its European and Peninsular trajectories and its transformation into realism toward mid nineteenth century.

549./449. Dictatorship to Democracy: Film and Literature in Spain (1930-today) (3)

Prerequisites: SPAN 310 and SPAN 330 or consent of instructor.

Advanced course explores Spanish culture through film and literature of the pre-Civil War period, the Franco period, the transition to democracy, and the advanced democracy of Spain today.

Letter grade only (A-F).

550./450. Studies in Colonial Spanish American Literature (3)

Prerequisites: SPAN 310 and SPAN 341.

Focuses on canonical works from Spanish-American Colonial period (1500-1800). Covers a large selection of literary texts of colonial period, including chronicles, relaciones, letters, diaries, poetry, autobiography, and travel literature.

560./460. Studies in Spanish American Culture (3)

Prerequisite: SPAN 341.

In-depth study of some of the essays which have dealt with the problem of what the Spanish American nations are, and what they should be during the republican era. Includes authors from both nineteenth and twentieth centuries.

May be repeated to a maximum of 6 units.

590. Selected Topics in Spanish (3)

Study of a particular aspect of Spanish literature, language or culture.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics. Topics announced in *Schedule of Classes*.

591./491. Nobel Poets and Others (3)

Prerequisites: SPAN 330, SPAN 341, or consent of instructor.

Critical analysis of representative works of Nobel Poets (Aleixandre, Jimenez, Mistral, Neruda and Paz) and other significant poets (Albertik, Becquer, Dario, Garcia Lorca, Garcilaso, Gongora, Guillen, Vallejo, etc.) Undergraduates register in SPAN 491, graduates register in SPAN 591. Letter grade only (A-F)

592./492. Studies in Hispanic Theater (3)

Prerequisite: SPAN 330 or SPAN 341, or consent of instructor.

Representative Spanish and Spanish American plays.

Letter grade only (A-F). Undergraduates register in SPAN 492; graduates register in SPAN 592.

593./493. Women and War (3)

Prerequisite: SPAN 310.

Examines the relationship between women and war in a literary context.

Undergraduates register in SPAN 493; graduates register for SPAN 593. Letter grade only (A-F). (3 hours lecture)

599. Directed Studies (1-3)

Prerequisites: Graduate standing, advanced to candidacy, consent of the instructor and chair or graduate advisor.

Selected topics on Hispanic Studies to be pursued in-depth.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics with consent of graduate advisor and department chair.

640. Selected Topics - Seminar in Spanish American Literature (3)

Prerequisite: SPAN 341 or consent of instructor.

Study of particular period, genre or author.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in *Schedule of Classes*. (Seminar 3 hours)

650. Research Methods and Critical Theory (3)

Prerequisite: SPAN 310.

An introduction to Master's level research methods, including information technology, library literacy, research paper preparation, conference presentations, and professionalization issues related to M.A.-level work. The idiom of critical theory will be introduced in an application-based setting.

Letter grade only (A-F). (Seminar 3 hours).

691. Seminar in Spanish Literature - The Spanish Civil War and Its Artistic Repercussions (3)

Prerequisite: SPAN 330, SPAN 341 or consent of instructor.

Examines fiction dealing with war themes written during and after the Spanish Civil War (1936-39). It includes authors such as Arturo Barea, Constanca de la Mora, Cesar Vallejo, Pablo Neruda, Dolores Ibárruri, Ernest Hemingway, Juan Goytisolo, George Orwell, and Ana María Matute.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (Seminar 3 hours)

SPEECH-LANGUAGE PATHOLOGY

College of Health and Human Services

Department Chair: Carolyn Conway Madding

Department Office: Language Arts Building (LAB), Room 102

Telephone / FAX: (562) 985-4594 / (562) 985-4584

Clinic Office: Language Arts Building (LAB) Room 112

Telephone: (562) 985-4583

Faculty: Betty McMicken, Carolyn Conway Madding, Geraldine P. Wallach, Jennifer Ostergren, Lei Sun, Pei-Fang Hung

Advisors:

Undergraduate: Pei-Fang Hung

Graduate: Jennifer Ostergren

Clinic Coordinator: Stephen Charlton

Technician: Rodney Pau

Department Administrator: Susan McNamara

Career Possibilities

Speech-Language Pathologist • Speech-Language Pathology Assistant • Audiologist • Vocational Rehabilitation Counselor • Supervisor of Special Education (For more information, see www.careers.csulb.edu.)

Introduction

The Speech-Language Pathology Department provides undergraduate coursework for students planning careers in speech-language pathology or audiology. Departmental majors may complete work leading to the Bachelor of Arts degree in Communicative Disorders (Speech-Language Pathology) and Master of Arts degree in Communicative Disorders (Speech-Language Pathology). Students who earn the Master's degree qualify for the Certificate of Clinical Competence in Speech-Language Pathology from the American Speech-Language-Hearing Association, the Speech-Language Pathology Services Credential from the California Commission for Teacher Credentialing, and the State of California Licensure in Speech-Language Pathology. Students pursuing the B.A. degree may qualify for State of California Licensure as a Speech-Language Pathology Assistant.

The department maintains a language, speech and hearing clinic to serve as a clinical and research laboratory on campus for both graduate and undergraduate students. Field placements are available in local hospitals, rehabilitation agencies, language/speech/hearing clinics, and public schools.

The Department of Speech-Language Pathology at CSULB is fully accredited, by the Council on Academic Accreditation of the American Speech-Language-Hearing Association.

Undergraduate Programs

Bachelor of Arts in Speech-Language Pathology (120 units)

Admission Under Impaction

Refer to the following website for additional impaction criteria: http://www.csulb.edu/depts/enrollment/admissions/impacted_major.html.

Requirements

Lower Division:

Take all the following courses:

C D 261 Anatomy and Physiology of the Speech and Hearing Mechanism (3)
Prerequisites: None

C D 271 Phonetics (3)
Prerequisite: None

PSY 210 Introductory Statistics (or equivalent) (4)

* C or better

Prerequisites: PSY 100, GE A1 requirement, and eligible to take a General Education Mathematics course.

Upper Division:

Take all the following courses:

C D 329 Language Acquisition: From Birth Through Adolescence (3)
Prerequisites: CD 261, CD 271.

C D 330 Speech and Hearing Science (3)
Prerequisites: CD 261 and CD 271.

C D 373 Audiology I (3)
Prerequisites: CD 261, CD 271.

C D 440 Aural Rehabilitation for Hearing Impaired (3)
Prerequisites: CD 261, CD 271, CD 373..

C D 456 Speech Pathology I: Disorders of Phonology (3)
Prerequisites: CD 261, CD 271, CD 329, CD 460.

C D 460 Speech and Language Assessment of Linguistically and Culturally Diverse Clients (3)
Prerequisites: CD 261, CD 271, CD 329.

C D 464 Behavior Management and Counseling in Speech-Language Pathology (3)
Prerequisites: CD 261, CD 271, CD 329.

C D 466 Speech Pathology II: Speech Motor Disorders (3)
Prerequisites: CD 261, CD 271, CD 330, CD 476.

C D 472 Alternative and Augmentative Communication (3)
Prerequisites: CD 261, CD 271, CD 329, CD 464.

C D 476 Speech Pathology III: Disorders of Voice/Oro-Facial Mechanism (3)
Prerequisites: CD 261, CD 271, CD 330.

C D 477 Disorders of Swallowing (3)
Prerequisites: CD 261, CD 271.

C D 481A Speech Pathology IV: Disorders of Language, Children (3)
Prerequisites: CD 261, CD 271, CD 329, CD 456.

C D 481B Speech Pathology IV: Disorders of Language, Neuropathologies (3)
Prerequisites: CD 261, CD 271, CD 329, CD 483.

C D 483 Assessment of Monolingual and Bilingual Clients (3)
Prerequisites: CD 261, CD 271, CD 329, CD 330, CD 460.

C D 485 Introduction to Autism Spectrum Disorders for Speech-Language Pathologists (3)
Prerequisites: CD 261, CD 271, CD 329, CD 464, CD 483.

C D 489 Management of Monolingual and Bilingual Clients (3)
Prerequisites: CD 261, CD 271, CD 329, CD 456, CD 466, CD 476, CD 483.

Graduate Programs

Master of Arts in Speech-Language Pathology

Admission to the Graduate Program

Enrollment in 500/600 level courses in speech-language pathology is restricted to students who have been accepted to one of the graduate programs (traditional or cohort) of the department as unconditionally classified students. Students wishing to be admitted must complete the following procedures:

1. Students must meet the criteria for acceptance by the University as a graduate student;
2. Every student (new or continuing) must apply directly to the university through CSU Mentor. CSU Mentor applications are processed by the university online at <http://www.csumentor.edu/>. Original transcripts and GRE scores must be sent directly to the university. The department will access these transcripts electronically for department evaluation. All materials to the university must be received no later than January 15th;
3. Students applying to the traditional or special cohort M.A. program, then must apply to the Department of Speech-Language Pathology for admission to the graduate program using the department application form. This form must be filed with the graduate advisor by January 15th for admission in the subsequent fall semester. The following supportive materials must be filed with the department admission application:
 - A. Change of objective form available at department office (continuing CSULB students only);
 - B. One-page summary of relevant work, volunteer or research experience, with name and contact information for corroborating professional.

NOTE: Minimum Criteria 1) a GPA of 3.5 or better in the last 60 units of coursework, including Speech-Language Pathology coursework; and 2) confirmation of acceptable GPA obtained during the final senior semester.

Any course deficiencies will be determined by the

department graduate committee after consultation with the student and the student's faculty advisor. Students applying to the graduate program in Speech-Language Pathology will have completed one of the two prerequisites listed in the next section prior to enrollment in graduate classes.

Prerequisites

1. A bachelor's degree from an accredited institution with a major in communicative disorders (speech and hearing science, etc.); or
2. A bachelor's degree from an accredited institution in a discipline other than Speech-Language Pathology. The applicant must have at least 36 units of course work in CD before enrollment in the graduate program.

Advancement to Candidacy

In order to be advanced to candidacy for a Master's degree, a student must meet the following criteria:

1. enrollment in the semester or summer session in which advancement takes place;
2. satisfactory completion of C D 696 Research Methods: Applied and Basic (3) and three additional units;
3. satisfactory fulfillment of the CSULB Graduation Writing Assessment Requirement (GWAR). The GWAR must be fulfilled before the student is advanced to candidacy;
4. maintenance of a GPA of at least 3.0 in (a) all graduate work completed in Speech-Language Pathology, (b) all graduate work completed at CSULB, and (c) all graduate work transferred to meet graduation requirements with no grade below "C";
5. filing of the student Program for the Master of Arts Degree in Speech-Language Pathology after completion of items 2-5;
6. the Department's standard written program of graduate courses approved by the student's department advisor, the department graduate advisor, the department chairperson, and the College of Health and Human Services Associate Dean. (This form is known as the Advancement to Candidacy form.)

Requirements

Forty-one (41) units of course work are required:

Take all of the following courses:

- C D 661 Traumatic Brain Injury Across the Lifespan (3)
Prerequisites: CD 696.
- C D 662 Seminar in School-Age Language Disorders: Grade 1 through High School (3)
Prerequisites: CD 456, CD 481A and CD 696.
- C D 663 Seminar in Preschool Language Disorders: 0-5 Years (3)
Prerequisites: CD 456 and CD 481A. Corequisite: CD 696.
- C D 665 Seminar in Language Disorders in Adults (3)
Prerequisites: CD 481B, CD 696.
- C D 666 Seminar: Speech Motor and Swallowing Disorders (3)
Prerequisites: CD 466, CD 696.
- C D 667 Seminar in Autism Spectrum Disorders (3)
Prerequisite: CD 696.
- C D 669A Clinical Practice: Phonological Disorders (2)
Prerequisites: CD 489; Prerequisite/Corequisites: CD 663 and consent of instructor.
- C D 669B Clinical Practice: Autism Spectrum

Disorders (2)
Prerequisites: CD 667.

C D 669C Clinical Practice: Language Delayed/

Disordered Children (2)
Prerequisites: CD 483, CD 489; Prerequisite/Corequisites:
CD 662 and consent of instructor.

C D 669F Clinical Practice: Speech Motor Disorders
(2)
Prerequisites: CD 489; Prerequisite/Corequisites: CD 666
and consent of instructor.

C D 669J Clinical Practice: Language Disordered
Adults (2)
Prerequisites: CD 489; Prerequisite/Corequisites: CD 665
and consent of instructor.

C D 669L Clinical Practice: Linguistically Different
Clients (2)
Prerequisites: 1) Completion of all disorder-specific
graduate seminars; 2) completion of a minimum of 3 core
clinics (CD 669 A-J); 3) CD 483 and CD 489, or equivalent
as approved by the instructor) and consent of instructor.

C D 696 Research Methods: Applied and Basic (3)
Prerequisites: PSY 210 or equivalent or consent of
instructor.

Take at least one of the following courses:

C D 670 Internship in Speech and Language
Pathology (5)
Prerequisites: Complete with a grade of B or higher all
graduate seminars for the Master's degree in CD and all
graduate clinics applicable to specific field placement (as
determined by Instructor), and Department consent.)

C D 686A Advanced Field Studies with Communication
Handicapped (5)
Prerequisites: Pass the CBEST, complete with a grade
of "B" or higher all graduate seminars and all but one
graduate clinic required for the Master's degree in CD, and
department consent.

Choose one of the following options:

C D 695 Directed Readings and a 2-unit elective
(C D 575 recommended)
Prerequisites: Consent of instructor.

C D 698 Thesis
Prerequisites: Advancement to candidacy for master's
degree.

Within the context of the C D 669L clinical course, the
student will complete a minimum of 25 hours of clinical
experience under appropriate supervision with a client
determined to be of a language or dialect different from that
of the student clinician.

C D 483 and 489 and/or C D 460, or equivalent content,
are prerequisite to C D 669L.

Students who are bilingual and biliterate in English and
another language may be eligible for clinical practice using
their non-English language, within the C D 669L practicum.

Regulations governing the preparation and eligibility for
the administration of comprehensive examination options
are available in the Department Office. Departmental
regulations concerning preparation of theses are also
available in the office.

Credential for Service in Public Education Speech-Language Pathology Services Credential (code 912)

Candidates must:

1. Complete the master's degree in speech-language
pathology.
2. Complete the following courses:
EDSP 350 Education of Exceptional Individuals (3)
Prerequisites: None.

C D 575 Educational Topics in Speech-Language
Pathology (2)
Prerequisites: None.

C D 483 Assessment of Monolingual and Bilingual Clients
(3)
Prerequisites: C D 261, C D 271, C D 329, C D 330, C D 460.

C D 489 Management of Monolingual and Bilingual
Clients (3)
Prerequisites: C D 261, C D 271, C D 329, C D 456, C D 466
, C D 476, C D 483

C D 686A Advanced Field Studies with Communication
Handicapped (5)
(in order to complete a minimum of 100 contact hours as a
Speech-Language Specialist trainee in school setting)
Prerequisites: Pass the CBEST, complete with a grade of
"B" or higher all graduate seminars and all but one graduate
clinic required for the Master's degree in CD, and department
consent.

Speech-Language Pathology Courses (C D)

LOWER DIVISION

60. Selected Topics in Communicative Disorders (1)

Prerequisite: Consent of instructor.

Speech, language and hearing therapy to students enrolled in the
University.

May be repeated to a maximum of 2 units. Topics announced in the
Schedule of Classes.

261. Anatomy and Physiology of the Speech and Hearing Mechanism (3)

Anatomical, physiological and neurological components of the
speech and hearing mechanism. Designed for students planning to
enter the clinical program in communicative disorders.

Letter grade only (A-F).

271. Phonetics (3)

Phonetic basis of speech sounds and the various factors which
influence pronunciation. Consideration is given to linguistic variations,
regional dialects and standards.

Letter grade only (A-F). (Discussion 2 hours, Laboratory 3 hours.)

UPPER DIVISION

329. Language Acquisition: From Birth Through Adolescence (3)

Prerequisite: CD 261, CD 271.

Introduction to language learning and its impact upon communication,
socialization and literacy. Study of the form, content and use of
language across time with an emphasis upon first language learning.
Cognitive, cultural and emotional factors are considered.

Letter grade only (A-F). Not open for credit to students with credit in
LING 329.

330. Speech and Hearing Science (3)

Prerequisites: C D 261 and CD 271.

Course Description: Examination of the anatomical, physiological,
psychological and acoustic aspects of speech. Through readings,
discussions, videos, and interactive software the student is expected
to become more aware and analytical of the instrumentation and
scientific basis of production and perception of speech.

Letter grade only (A-F). (Lecture/discussion)

373. Audiology I (3)

Prerequisite: CD 261, CD 271.

Introduction to audiology; acoustics, anatomy and physiology of the
ear, pure-tone audiometry/masking, speech audiometry/ masking,
principles of taking a case history, and report writing.

Letter grade only (A-F).

440. Aural Rehabilitation for the Hearing Impaired (3)

Prerequisites: CD 261, CD 271, CD 373.

Nature of hearing impairment and impact on communicative function. Procedures for assessment and management of hearing loss, including amplification, counseling, and self-report scales. Focus is primarily adult clients but will include some information regarding children.

Letter grade only (A-F).

456. Speech Pathology I: Disorders of Phonology (3)

Prerequisites: CD 261, CD 271, CD 329, CD 460.

Etiology, assessment and treatment of disorders of phonology.

Letter grade only (A-F).

460. Speech and Language Assessment of Linguistically and Culturally Diverse Clients (3)

Prerequisite: CD 261, CD 271, CD 329.

Provides understanding of non-discriminatory assessment process for linguistically and culturally diverse clients referred for speech-language assessment. Includes information relative to cultural differences, use of interpreters/translators, biases of assessment, and differential diagnoses, such as language disorder versus language difference.

Letter grade only (A-F).

462. Speech-Language Pathology Assistant (SLPA) Practicum (3)

Prerequisite: At least 33 units in communicative disorders completed with a grade of "B" or better.

For students interested in receiving a license to work as a SLPA. Weekly lecturers covering the laws, practices and ethics governing SLPAs and 70 hours of supervised undergraduate clinical practicum. Credit/ no credit grading only. Course fee may be required.

464. Behavior Management and Counseling in Speech-Language Pathology (3)

Prerequisites: CD 261, CD 271, CD 329

The course provides entry-level knowledge in behavior management and counseling skills for speech-language pathologists. Students study prevention, identification and intervention for behavior problems and apply counseling theories and techniques to daily practice with individuals with communication disorders.

Letter grade only (A-F).

466. Speech Pathology II: Speech Motor Disorders (3)

Prerequisites: CD 261, CD 271, CD 330, CD 476.

Etiology, assessment, and therapy for disturbances of the speech motor system with emphasis on the neuroanatomical, neurophysiological, psychological, and linguistic variables correlated to aberrant behaviors.

Letter grade only (A-F).

472. Alternative and Augmentative Communication (3)

Prerequisites: CD 261, CD 271, CD 329, CD 464.

An understanding of relevant topics in alternative and augmentative communication (AAC), assistive technology (AT); assessment and management of patients with severe communication impairments. Topics will include a variety of disabilities in both pediatric and adult patients, across varying communication environments.

Letter grade only (A-F).

476. Speech Pathology III: Disorders of Voice/Oro-facial Mechanism (3)

Prerequisites: CD 261, CD 271, CD 330.

Processes of phonation and resonance and their application to etiology, diagnosis and therapy of functional and organic voice disorders, such as those arising from laryngeal pathology, vocal abuse, neurological impairment, auditory impairment and oro-facial abnormalities.

Letter grade only (A-F).

477. Disorders of Swallowing (3)

Prerequisite: CD 261, CD 271.

Anatomy, physiology, and neuroanatomy of normal swallowing. Neurological and oncologic disorders which affect the swallow process. Evaluation of the patient with dysphagia will include clinical and instrumental analysis. Treatment plans based on history and evaluative results will be designed and examined.

Letter grade only (A-F).

481A. Speech Pathology IV: Disorders of Language (3)

Prerequisites: CD 261, CD 271, CD 329, CD 456.

An analysis of the components of language and how each is involved with language disorders in children. Provide for the understanding and recognition of variables for the assessment and clinical management of such children.

Letter grade only (A-F).

481B. Speech Pathology IV: Disorders of Language Neuropathologies (3)

Prerequisites: CD 261, CD 271, CD 329, CD 483.

Neurophysiological and neurolinguistic basis for language and speech disorders associated with central nervous system pathologies. Provides for the recognition and understanding of variables for the assessment and clinical management of such disorders.

Letter grade only (A-F).

483. Assessment of Monolingual and Bilingual Clients (3)

Prerequisites: CD 261, CD 271, CD 329, CD 330, CD 460.

Principles underlying assessment procedures in speech language disorders for both monolingual and bilingual clients. Focus is on the cultural and linguistic variables affecting standardized and non-standardized assessment procedures.

Letter grade only (A-F). (Discussion 2 hours, laboratory 3 hours)

485. Introduction to Autism Spectrum Disorders for Speech-Language Pathologists (3)

Prerequisites: CD 261, CD 271, CD 329, CD 464, CD 483.

Foundational areas prerequisite to understanding ASD including historical perspectives, diagnostic systems, theorized etiologies, and behavioral characteristics are differentiated. Components of early identification, social pragmatics of language acquisition, social-communication across age levels, and evidence-based assessment and interventions are examined.

Letter grade only (A-F).

489. Management of Monolingual and Bilingual Clients (3)

Prerequisites: CD 261, CD 271, CD 329, CD 456, CD 466, CD 476, CD 483.

Management of speech and language disorders for monolingual, bilingual, and/or bicultural clients. Relationship of assessment to management, formulation of goals, objectives, task analyses and maintenance. 25 hours observation in schools, campus clinic, and hospital/rehabilitation settings.

Letter grade only (A-F). (Discussion 2 hours, laboratory 3 hours)

491. Proctoring in Communicative Disorders (2-3)

Students shall engage in peer teaching and examination scoring in undergraduate courses under the specific direction of the course instructor.

Open only to students who have achieved the grade of "A" in the course in which they are serving as proctor. May be repeated to a maximum of 6 units.

499. Directed Studies in Communicative Disorders (1-3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units. Not acceptable for graduate credit toward the master's degree.

GRADUATE LEVEL

575. Educational Topics in Speech-Language Pathology (2)

Review current issues, legislation and the role of SLPs in public school settings, including service delivery, school reform, accountability, and eligibility criteria. Special consideration given to collaboration and the use of content standards in goal setting and curriculum intervention.

Letter grade only (A-F).

590. Selected Topics in Communicative Disorders (1-3)

Topics from the most recent developments and issues in speech-language pathology and audiology.

May be repeated to maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

661. Traumatic Brain Injury Across the Lifespan (3)

Prerequisite: C D 696.

Neurophysiological basis for cognitive and communicative impairments associated with traumatic brain injury (TBI). Addresses rehabilitation research specific to TBI in children and adults.

Letter grade only (A-F).

662. Seminar in School-Age Language Disorders: Grade 1 through High School (3)

Prerequisites: CD 456, CD 481A and CD 696.

Components of spoken and written communication and language are examined in children and adolescents with diverse, academically-based language learning disabilities. Major approaches to literacy and curricular-based intervention explored.

Letter grade only (A-F).

663. Seminar in Preschool Language Disorders: 0-5 Years (3)

Prerequisites: CD 456 and CD 481A.
Corequisite: CD 696.

Components of communication, language, speech and pre- and emergent literacy are examined in preschool children with diverse problems across all aspects of language learning. Evidence-based techniques and approaches to language intervention are explored.

Letter grade only (A-F).

665. Seminar in Language Disorders in Adults (3)

Prerequisites: C D 481B, CD 696.

Provides an understanding of neuropathological substrates of language disorders in adults resulting from brain damage. Provides for the recognition and assessment of the syndromology and clinical aspects of adult language disorders relative to current research.

Letter grade only (A-F).

666. Seminar in Speech Motor and Swallowing Disorders (3)

Prerequisites: C D 466, CD 696.

Historical and current research and its effect upon the assessment and management of speech motor and swallowing disorders.

Letter grade only (A-F).

667. Seminar in Autism Spectrum Disorders (3)

Prerequisite: CD 696.

Historical perspectives, assessment procedures, intervention approaches, and parent training programs for management of clients diagnosed with Autism Spectrum Disorders.

Letter grade only (A-F).

669A. Clinical Practice in Phonological Disorders (2)

Prerequisites: C D 489.

Prerequisite/Corequisites: C D 663 and consent of instructor.

Student conducts assessment of phonological disorders and management of therapy, under supervision, with clients in the university speech and hearing clinic. Students handle all aspects of clinical program including initial interviews, parent counseling, and testing.

Letter grade only (A-F). Course fee may be required.

669B. Clinical Practice – Autism Spectrum Disorders (2)

Prerequisite: C D 667.

Provides students with the opportunity to gain hands-on experience in assessing and managing clients diagnosed with Autism Spectrum Disorders. Letter grade only (A-F).

(2 hrs lecture, 2 hrs clinic) Course fee may be required.

669C. Clinical Practice With Language Delayed/Disordered Children (2)

Prerequisites: C D 483, CD 489.

Prerequisite/Corequisites: C D 662 and consent of instructor.

Students provide assessment and management of preschool and school-age children with identified delays/disorders. Under supervision, the practicum includes standardized and non-standardized assessment, parent interviews and conferences, development and implementation of a management program and report writing.

Letter grade only (A-F). Course fee may be required.

669D. Clinical Practice with Voice and Oro-facial Mechanism Disorders (2)

Prerequisites: C D 489. Consent of instructor.

Student conducts therapy sessions under supervision for persons with functional and/or organic voice disorders. Practicum includes initial interviews, diagnostics, therapy program planning, counseling and report writing.

Letter grade only (A-F). Course fee may be required.

669F. Clinical Practice with Speech Motor Disorders (2)

Prerequisites: C D 489.

Prerequisite/Corequisites: C D 666 and consent of instructor.

Assessment planning and management in a supervised clinical experience with persons who have speechmotor disorders. Letter grade only (A-F).

Course fee may be required. (2 hrs lecture, 2 hrs clinic)

669H. Clinical Practice-Special Programs (2)

Prerequisites: At least one of the C D 669A through J courses.

Specialized practice placement to obtain experience with speech, language, and hearing disorders.

May be repeated to a maximum of 4 units. Letter grade only (A-F). Course fee may be required.

669J. Clinical Practice with Language Disordered Adults (2)

Prerequisites: C D 489.

Prerequisite/Corequisites: C D 665 and consent of instructor.

Student conducts clinical management sessions, under supervision, for adults with neurological language disorders. Practicum includes initial interviews, assessment, management program planning, counseling and report writing, and application of research findings to the clinical process.

Letter grade only (A-F). Course fee may be required.

669L. Clinical Practice with Linguistically Different Clients (2) F, S

Prerequisites:

- 1) Completion of all disorder-specific graduate seminars;
- 2) completion of a minimum of 3 core clinics (C D 669 A-J);
- 3) C D 483 and CD 489, or equivalent as approved by the instructor) and consent of instructor.

Assessment/management of speech-language disorders in clients whose native language is different than that of the clinician. Training of bilingual interpreters.

Minimum 25 clock hours required. Letter grade only (A-F). Course fee may be required.

670. Internship in Speech and Language Pathology (5)

Prerequisites: Complete with a grade of "B" or higher all graduate seminars for the Master's degree in CD and all graduate clinics applicable to specific field placement (as determined by Instructor), and Department consent.)

Advanced clinical supervised practice with speech and language disordered persons in either a hospital, rehabilitation agency or speech and language center.

Letter grade only (A-F). Course fee may be required.

680. Internship in Audiology (5)

Prerequisites: C D 669A or CD 669B or CD 669C or consent of the instructor.

Advanced clinical practice in audiology with hearing impaired persons in a community facility.

Letter grade only (A-F). Course fee may be required.

686A. Advanced Field Studies with Communication Handicapped (5)

Prerequisites: Pass the CBEST, complete with a grade of "B" or higher all graduate seminars and all but one graduate clinic required for the Master's degree in CD, and department consent

Clinical Rehabilitation Services, Language Speech and Hearing Specialist candidates participate in supervised clinical practicum in an off-campus itinerant speech and language setting(s) for the equivalent of one semester earning 5 units of field study.

Enrollment by application to the Communicative Disorders Department only. Credit/No Credit grading only. Course fee may be required. (Fieldwork)

695. Directed Readings (1-3)

Prerequisite: Consent of instructor.

Readings in communication sciences/disorders.

Required of all candidates for the master's degree not electing the thesis option. Under special circumstances, may be repeated to a maximum of 6 units. Letter grade only (A-F).

696. Research Methods: Applied and Basic (3)

Prerequisite: PSY 210 or equivalent or consent of instructor.

Professional issues related to research and clinical settings. Application of scientific method, experimental design (group and single subject) and related statistical methods (parametric and non-parametric). Evaluate literature in the field.

(Lecture 3 hours.) Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite/Corequisites: C D 696 and consent of instructor.

Independent research under supervision of a faculty member.

Letter grade only (A-F).

698. Thesis (1-4)

Prerequisites: Advancement to candidacy for master's degree.

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements for the master's degree.

STUDENT RECREATION AND LEADERSHIP

College of Health and Human Services
Department of Kinesiology

Director: Rita Hayes

Office: PE 1, Rm 15

Telephone: 562-985-7351

Website: www.csulb.edu/recsports

Faculty:

Rita Hayes, Director, Club Sports and Recreation
Ken Kelly, Director, Student Transition and Retention Services
Valerie Bordeaux, Director, University Outreach and School Relations
Betty Schmicker-Black, Career Development Center

Introduction

The Kinesiology Department and the Division of Student Services oversee a broad range of educational and student support service programs to assist students in achieving their academic goals and enhancing their personal, intellectual and social development. The division provides oversight and direction for more than 35 university programs and service areas that support students outside the classroom.

Through cooperation between the Department of Kinesiology, and the Division of Student Services, Student Recreation and Leadership courses are offered to students participating in intramural sports competition, club sports and student leadership.

Students may participate in any of the club sports activities which are partially funded by the Associated Students, Inc., and administered through the Club Sports and Recreation Office. Sports are:

Aikido	Alpine Ski-Snboard	Archery
Baseball	Bellydancing	Bowling
Boxing	Breakdancing	Cheer
Cinematic Martial Arts	Crew	Cycling
Dragon Boat Racing	Field Hockey	Fishing
Florica Mexica	Folklorica	Gymnastics
Ice Hockey	Jiu Jitsu	Juggling
Kendo	Kung Fu	Lacrosse
Longboard	Paintball	Rollerhockey
Rugby	Running	Sailing
Salsa	Shotokan Karate	Soccer
Social Dance	Surfing	Sword Club
Table Tennis	Tennis	Triathlon
Ultimate Frisbee	Volleyball	Water Polo
Waterski/Wake-board	Wheelchair Sports	Wrestling
Yoga/Wellness		

Students registering for SRL 210 must attend regular practices and competitions, assist the club with fund raisers and adhere to club rules and regulations. For information on practice times and meeting locations, contact the individual club coach or president. Visit the Club Sports and Recreation website (www.csulb.edu/recsports) or visit the Recreational Sports Office (KIN Building, Rm 20A). In addition to participation in club sport activities, students may receive credit for leadership training and service performed with some university-sponsored programs by registering in SRL 210L.

Students may apply no more than four (4) semester units of lower-division SRL courses toward the baccalaureate degree within the 20-unit maximum on activity units.

The California State University is committed to providing equal opportunities to men and women in all campus programs, including intercollegiate athletics. For a listing of Intercollegiate Athletic teams, visit longbeachstate.com.

Courses (SRL)

200. Intramural Activities (1)

Repeatable credits include previous credits from SAR 200.

210 A-W. Sport Clubs/Leadership (1)

Prerequisite: Participation/competition in sport clubs/leadership. Enrollment subject to consent of instructor or Director of Club Sports and Recreation.

Athletes enrolled who fail to qualify for squad must withdraw from the course. It is the student's responsibility to contact teams regarding practice times and eligibility requirements.

May be repeated to a maximum of 4 units, including previously earned credits from SAR 210. Credit/No Credit grading only.

- A. Archery
- B. Crew
- D. Ice Hockey
- E. Martial Arts
- F. Rugby
- G. Sailing
- H. Ski and Snowboard
- I. Soccer
- J. Water Ski
- L. Leadership
- N. Lacrosse
- O. Wakeboard and Waterski
- P. Paintball
- R. Roller Hockey
- S. Cultural Dances
- T. Ultimate Frisbee
- U. Volleyball
- V. Running
- W. Bowling

Multiple Subject Credential Program: www.ced.csulb.edu/mscp

Introduction

The Department of Teacher Education offers coursework in credential, certificate, and Master's degree programs that include preliminary and advanced professional preparation. The department houses the Multiple Subject Credential Program, a Reading Certificate program, a Reading and Language Arts Specialist credential program, and Master's degree programs in Early Childhood Education, Reading, Dual Language Development, Mathematics Education, and Curriculum and Instruction. Credential program requirements are and subject to change to align with changes in CTC regulations.

Multiple Subject Credential Program (code 200)

A teacher with a Multiple Subject Credential is authorized to teach grades pre-K through 12 in self-contained classrooms. The Multiple Subject Credential Program (MSCP) prepares students to be credentialed in the State of California for elementary instruction. The program allows for daytime field experiences in elementary classrooms and includes methodology courses and student teaching. The program can be completed in three semesters, depending upon when prerequisites and corequisites are taken, when the student begins the program, and whether a part-time or full-time schedule is followed. Program requirements must be met within five years of the date of admission to the program.

The department has four Preliminary Multiple Subject Credential Program (MSCP) tracks:

- Multiple Subject Credential Program (post-baccalaureate)
- Multiple Subject Internship Program (post-baccalaureate)
- Integrated Teacher Education Program (ITEP)
- Bilingual Authorization in Spanish, Korean,

Mandarin, and Vietnamese (available for each track)

For program information and advisement, contact the Teacher Preparation Advising Center (ED1-67; 562/985-1105) or visit the website: www.ced.csulb.edu/tpac

Preliminary Credential

Successful completion of any track in the Multiple Subject Credential Program leads to the Preliminary Credential, which is valid for five years. Requirements for the Preliminary Credential are:

1. Hold a bachelor's degree from an accredited institution.
2. Satisfy the U. S. Constitution requirement (POSC 100 or POSC 391 or equivalent course from another institution or exam).
3. Pass California Basic Educational Skills Test (a test of basic reading, writing and math) or CTC-approved alternative exam.
4. Hold a Certificate of Clearance (CTC fingerprint clearance).
5. Demonstrate Level I computer technology competence (embedded in program course work).
6. Demonstrate subject matter competence by passing the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects).
7. Complete professional preparation courses (in the MSCP) with a grade point average of 3.0 in all subject specific pedagogy (methods) courses with no grade lower than "C."
8. Successfully complete student teaching.
9. Pass the Reading Instruction Competence Assessment (RICA) exam.
10. Pass the California Teaching Performance Assessment (CalTPA).
11. For Bilingual Authorization candidates only:
Demonstrate competence in specialized pedagogy, knowledge of the target culture, and proficiency in the target language. The culture knowledge and target language proficiency requirements may be met through course work or state-approved exams.

Clear Credential

The Preliminary Credential is valid for five years from the date of issuance and is not renewable. During the first five years of teaching, teachers earn the clear credential through their district-sponsored Induction Program.

Multiple Subject Credential Program Structure

The MSCP is a 40-unit program separated into three successive phases. Students must complete each phase before advancing to the next one.

- Phase One - Students complete program prerequisites (and may take any or all corequisites) and submit applications. Subject matter competence must be demonstrated at the time of application to the program by submission of a passing score on all three sections of

the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects).

- Phase Two - Students complete corequisite courses and five subject specific pedagogy courses.
- Phase Three - Students complete student teaching.

Admission to the University

Admission to the university and the MSCP are two separate processes. Applications to the university are made on-line through CSU Mentor (www.csumentor.edu). Graduating seniors, transfer students, and returning students should apply for post-baccalaureate admission to the university with the objective of entering the credential program (identify the program objective as Multiple Subject Credential). Admission to the university does not constitute admission to the program.

Admission to the Program

Matriculated students may be admitted to the program based on their current undergraduate or graduate status. Pre-program advisement and brochure materials are available in the Teacher Preparation Advising Center (ED1-67). Prospective candidates may obtain a program application from the website at www.ced.csulb.edu/mscp. Prospective candidates are encouraged to attend a program information meeting (see schedule at www.ced.csulb.edu/mscp). Candidates are required to comply with all program policies and procedures detailed in the MSCP Handbook, which is available online at www.ced.csulb.edu/mscp.

Candidates in the Multiple Subject (post-baccalaureate), Intern, or ITEP tracks who wish to add a Bilingual Authorization to their credential must meet with the appropriate language advisor to discuss requirements for the language authorizations in Spanish, Korean, Mandarin, or Vietnamese.

Candidates for the post-credential Bilingual Authorization must possess a valid SB 2042 teaching credential OR a valid Ryan teaching credential with CLAD authorization OR the equivalent. They should consult the Bilingual Authorization advisor to plan their course of study.

Program Admission Requirements

1. Complete all prerequisite courses in one of the four MSCP tracks, with a minimum grade of "B" in EDEL 380 and no grade lower than "C" in any other prerequisite or corequisite course.
2. Attain a grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or a grade point average of at least 2.75 in the last 60 semester or 90-quarter units attempted.
3. Complete and pass an interview with a department faculty advisor.
4. Submit three letters of recommendation.
5. Submit EDEL 380 Final Fieldwork Evaluation or Approved EDEL 380 Waiver Petition, or a third letter of recommendation.
6. Submit a typed personal statement describing why you have chosen teaching as a career, what you hope to accomplish as a teacher, and how you view the role of the teacher.
7. Submit a negative tuberculosis skin test or chest X-ray taken within the last three years. Tuberculosis clearance must be valid through student teaching.

8. Submit one photocopy of all university and/or college transcripts.
9. Submit proof of meeting the Basic Skills Requirement. For information regarding CBEST visit www.cbest.nesinc.com. (CBEST attempt or other CTC Approved alternative)
10. Submit proof of having demonstrated subject matter competence by passing all three subtests of the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects)
11. Attach a copy of a current Certificate of Clearance or a photocopy of a current California emergency/substitute teaching permit.
12. Demonstrate ability to communicate orally in English at the level required of public school teachers by demonstration of English production skills in the course EDEL 380 (EDEL 200 for ITEP candidates) and through an oral interview with department faculty. Bilingual Authorization candidates complete a bilingual interview in English and the target language.
13. Demonstrate character and personality traits that satisfy the standards of the teaching profession and suitable aptitude for teaching in public schools through the application documentation, the personal interview, and performance in the course EDEL 380. Candidates must continue to demonstrate appropriate character and personality traits through completion of the program.
14. Submit the application packet, including documentation, by April 1st to begin pedagogy courses in summer, June 1st to begin pedagogy courses in fall, OR by November 1st to begin pedagogy courses in winter or spring terms. Applications will be accepted after the deadlining on a space availability basis.

Student Teaching

The final phase of the MSCP is student teaching. For some candidates, student teaching is a full-time five days per week experience for the length of the university semester. Candidates in alternative programs may have different student teaching schedules. All student teachers have one placement in a K-2 classroom where they gain experience with early literacy instruction utilizing a balanced and comprehensive approach to reading. The other placement is in an intermediate classroom (grades 3-6) or in a middle school classroom (grades 6-8). One student teaching placement must be in a public school. There are several ways to complete student teaching: one regular semester, two semesters, two consecutive summers, one entire summer, or one summer and part of one regular semester. Candidates should be aware that there is limited availability in the summer and all requests may not be accommodated. A separate application is required to advance to student teaching. Applications for student teaching must be submitted in person to the Multiple Subject Student Teaching Office one semester prior to the first assignment. Application packets are available at www.ced.csulb.edu/fpo. Deadlines for submitting applications to student teach are:

April 1 - for Summer/Fall Student Teaching

November 1 - for Spring Student Teaching

Students should note that these deadlines are firm. Late applications are not accepted.

Advancement to Student Teaching Requirements

Students must meet the following requirements to advance to student teaching:

1. Completion of all program prerequisite, corequisite and subject specific pedagogy requirements in Phases 1 and 2

of one of the MSCP tracks. Students must complete all five subject specific pedagogy (methods) courses with a 3.0 grade point average and no grade lower than "C." A grade of "D" or "F" in a program course will result in being placed on academic probation. In addition, EDEL 413 and 431 must be completed with a "C" grade or better. The overall grade point average must continue to meet the program admission standard.

2. Passage of the California Basic Educational Skills Test (CBEST) or CTC-approved alternative.
3. A negative tuberculosis skin test or chest x-ray valid through completion of student teaching.
4. Proof of identity and character clearance (current Certificate of Clearance).
5. Bilingual Authorization candidates must meet additional bilingual authorization pedagogy and culture of emphasis requirements (see Track 4, below).
6. Submission of a student teaching application by the appropriate deadline.

Track One - Preliminary Multiple Subject Credential Program

The Preliminary credential is the basic Multiple Subject Credential. This track is comprised of foundational and subject specific pedagogy course work followed by the student teaching semester.

Prerequisites

Take the following courses concurrently:

EDEL 380 Teaching and Learning in a Democratic Society (3)
Corequisites: EDSP 303.

EDSP 303 Preparing to Teach Special Populations in the General Education Classroom (1)
Prerequisites: Concurrent enrollment in EDEL 380.

Corequisites

May be taken prior to or after admission to the MSCP, but must be completed prior to student teaching:

EDEL 413 Developmentally Appropriate Teaching Practices (2)
Prerequisites: None.

EDEL 431 Cultural and Linguistic Diversity in Schools (3)
Prerequisites: None.

Subject Specific Pedagogy (Teaching Methods)

Students must be officially admitted to the MSCP to take these courses:

EDEL 442 Teaching and Learning Language Arts, K-8 (RICA) (3)
Prerequisites: Admission to the Multiple Subject Credential Program.

EDEL 452 Teaching and Learning Reading K - 8 (RICA) (3)
Prerequisite: Admission to the Multiple Subject Credential Program or Education Specialist Credential Program.

EDEL 462 Teaching and Learning Mathematics, K-8 (3)
Prerequisites: Admission to the Multiple Subject Credential Program.

EDEL 472 Teaching and Learning History/Social Science, K-8 (3)
Prerequisites: Admission to the Multiple Subject Credential Program.

SCED 475 Teaching and Learning Science, K-8 (3)
Prerequisite: Admission to the Multiple Subject Credential Program.

Student Teaching

All requirements for advancement to student teaching must be met: EDEL 482A Student Teaching (16)

Track Two - Multiple Subject Internship

The intern program is for full-time teachers in districts with which CSULB has a contractual intern agreement. All students in this program must be employed by the district as the full-time teacher of record in a multiple subject classroom and have met all program and intern program admission requirements. The program requires 24 units of foundational and subject specific course work followed by 16 units of intern student teaching.

Application Requirements

1. Hold a Bachelor's degree from an accredited institution.
2. Demonstrate subject matter competence by passing the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects).
3. Meet the U.S. Constitution requirement (by course work or exam).
4. Pass the CBEST (or CTC-approved alternative).
5. Be assigned full-time to a self-contained K-8 multiple subject classroom in a partner school district.
6. Meet the program grade point average requirement of 2.67 overall or 2.75 in the last 60 semester or 90 quarter units.
7. Complete MSCP prerequisite and corequisite courses.
8. Become officially admitted to the Multiple Subject Credential Program.
9. Complete an interview with the Intern Program Director.

Prerequisites (12 units)

EDEL 380 Teaching & Learning in a Democratic Society (3 units)

EDSP 303 Preparing to Teach Special Populations in the General Education Classroom (1)

EDEL 413 Developmentally Appropriate Teaching Practices (2 units)

EDEL 431 Cultural and Linguistic Diversity in Schools (3 units)

EDEL 442 Teaching & Learning Language Arts, K-8 (3 units) (CalTPA Task 2)

Subject Specific Pedagogy (15 units)

EDEL 452 Teaching & Learning Reading, K-8 (3 units)

EDEL 462 Teaching & Learning Mathematics, K-8 (3 units)

EDEL 472 Teaching & Learning History- Social Science in Diverse Classrooms (3 units) (CalTPA Task 1)

SCED 475 Teaching & Learning Science, K-8 (3 units)

Student Teaching

All requirements for advancement to student teaching must be met:

EDEL 572A Multiple Subject Internship (8)
Prerequisites: Admission to 2042 Multiple Subject Internship and advancement to Intern Student Teaching.

EDEL 572B Multiple Subject Internship (8)
Prerequisites: Admission to 2042 Multiple Subject Internship and advancement to Intern Student Teaching.

Note: Interns must attend apply to student teach by the November 1 deadline for spring and the April 1 deadline for summer and fall.

Additional Requirements for Bilingual Authorization Interns

Bilingual Authorization Interns should refer to Track 4, below, for pedagogy and culture of emphasis requirements.

Early Completion Intern Option

The Early Completion Intern Option allows qualified candidates to challenge the course work portion of the internship program and demonstrate their pedagogical skills by passage of the California Teaching Performance Assessment while serving as an intern. See an advisor in the Teacher Preparation Advising Center for details.

Track Three - Integrated Teacher Education Program

For the Integrated Teacher Education Program (ITEP) requirements, please refer to the Liberal Studies section of this catalog.

Track Four - Bilingual Authorization in Spanish and Asian Languages

The Bilingual Authorization track prepares Multiple Subject teachers to work in dual language classrooms, English development classrooms, or where a language other than English is required for instruction, support, and communication with parents and other professional communication. With appropriate substitutions and/or additional course work, Bilingual Authorization may be added to the Preliminary credential. Candidates must demonstrate knowledge of the target culture, specific pedagogical skills, and fluency in speaking, listening, reading and writing in the target language. The program prepares candidates for Bilingual Authorization in four languages: Spanish, Korean, Mandarin, and Vietnamese.

Prerequisites

Same (4 units) as for Track One in the Preliminary credential program.

Corequisites

Same (5 units) as for Track One in the Preliminary credential program.

Subject Specific Pedagogy

Same (15 units) as for Track One in the Preliminary credential program, with the addition of one of the following:

Spanish: EDEL 453S - Methodology for Spanish and English Instruction in a Bilingual Setting (3)
Prerequisites: None.

Korean: EDEL 453K - Methodology for Korean and English Instruction in a Bilingual Setting (3)
Prerequisites: None.

Mandarin: EDEL 453M - Methodology for Mandarin and English Instruction in a Bilingual Setting (3)
Prerequisites: None.

Vietnamese: EDEL 453V - Methodology for Vietnamese and English Instruction in a Bilingual Setting (3)
Prerequisites: None.

Culture of Emphasis

For MSCP and Intern track students, the culture of emphasis component is met through one of the following

courses or the appropriate CSET: LOTE V exam:

Spanish: CHLS 340 - Latino Education in the U.S. (3)
Prerequisites: None.

Korean: EDEL 455K - Teaching the Korean American Bicultural Student (3)
Prerequisites: None.

Mandarin: EDEL 455C - Teaching the Chinese American Bicultural Student (3)
Prerequisites: None.

Vietnamese: EDEL 455V - Teaching the Vietnamese American Bicultural Student (3)
Prerequisites: None.

Language of Emphasis

All Bilingual Authorization candidates must demonstrate target language proficiency by passing the appropriate CSET: LOTE Subtest III (language and communication) prior to completion of the program. See the program advisor for recommended courses to prepare for the exam.

Student Teaching

All MSCP program requirements and additional Bilingual Authorization requirements for advancement to student teaching must be met: EDEL 482A Student Teaching (16)

Petition Process

Appeals to program decisions or requests for policy waivers are made by filing a written appeal to the Department of Teacher Education Admissions and Standards Committee. The committee reviews the written petition and supporting documentation and renders a decision. Examples of petitions typically reviewed are: waive a deadline for submission of a test score, waive an application deadline, and readmission to student teaching. Decisions of the committee are final. Students follow university policy to appeal a course final grade.

Reading Certificate (code 415)

This certificate is granted by the California Commission on Teacher Credentialing (CCTC).

The Reading Certificate provides classroom teachers with advanced preparation in reading/language arts assessment and instruction, as well as theory and research in teaching reading, grades K-12. Some candidates may wish to complete the 12-unit Reading Certificate program as a terminal objective, while others may wish to complete it as a prerequisite to the Reading/Language Arts Specialist Credential Program.

The state requires that a candidate must have three years of teaching experience prior to recommendation for the Reading Certificate. (Applicants to the program should note that there is no teaching experience requirement for completion of the Masters in Education Option in Reading and Language Arts.)

Prerequisites

See the Master's Degree Program Option in Reading/Language Arts.

Application

See the Master's Degree Program Option in Reading/Language Arts.

Requirements

Take all of the following:

EDRG 540 Advanced Studies in Literacy (3)

Prerequisite: A valid teaching credential or admission to an approved masters, certificate, or advanced credential program; or consent of instructor.

EDRG 551 Assessment and Instruction in Reading and Writing (3)

Prerequisites: Admission to Reading Certificate Program or consent of instructor.

EDRG 558 Language Study for Reading Teachers (3)

Prerequisites: EDRG 540 and admission to the Reading Certificate program or consent of instructor.

EDRG 559 Practicum Teaching

Reading/Language Arts (3)

Prerequisites: EDRG 551 and admission to the Reading Certificate program or consent of instructor.

Reading and Language Arts Specialist Credential (code 410)

The Reading/Language Arts Specialist Credential prepares teachers to become school and district literacy leaders and supervisors. The reading/language specialist's role is multifaceted, including diagnostician, teacher of intervention for children or youth with delayed literacy development, collaborator with other school and district specialists, provider of professional development for classroom teachers, and reading program coordinator or facilitator. Note: All courses required for the Reading/Language Arts Specialist Credential can be applied to the MA in Reading/Language Arts. See catalog program description and the faculty advisor in the Department of Teacher Education for more information.

Prerequisites

Successful completion of the Reading Certificate program, or a valid Reading Certificate, or equivalent.

Application to the Program

See the Master's Degree Program Option in Reading/Language Arts.

Program Requirements

Take all of the following:

EDRG 543 Integration of Technology in Reading/Language Arts (3)

Prerequisites: EDP 443 or ETEC 444 or equivalent; or a course approved by CTC, or a course approved by CCTC to meet the Level I technology requirement or approval of the instructor.

EDRG 544 Foundations of Literacy Research (3)

Prerequisite: California Reading Certificate or consent of instructor. Introduction to critical analysis of literacy research, with emphasis on classic and contemporary studies.

EDRG 554 Reading/Language Arts Curriculum:

Leadership and Supervision (3)

Prerequisite: California Reading Certificate or consent of instructor.

EDRG 556 Theoretical Models and Processes of

Reading (3)

Prerequisite: California Reading Certificate or consent of instructor.

EDRG 651 Advanced Diagnosis and Intervention in

Reading/Language Arts (3)

Prerequisites: EDRG 551 or equivalent; valid California Reading Certificate or consent of instructor.

Master of Arts in Education

Candidates for Master's programs must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time. Program application deadlines may vary. Visit the College of Education website for specific program details, application guidelines and materials, and application deadlines (www.ced.csulb.edu/graduate). All university regulations governing the master's degree apply to college programs. Program requirements published in the university catalog in effect during the year a candidate advances to candidacy are the requirements the candidate will be held to (catalog rights). Candidates may take up to 30% of course work that can be applied to the Master's program prior to program entry (units must be taken at postbaccalaureate level). This may be extended to 9 units, at the program coordinator's discretion and with approval of the associate dean, if the units are taken at CSULB.

Option in Curriculum and Instruction, Elementary Education

The Master of Arts in Education, Option in Curriculum and Instruction, Elementary Education (30-33 units) is designed to foster the development of educators who are caring, effective, reflective, and committed to improving their schools. Coursework prepares teachers to apply theoretical insights and research findings to the practical problems they encounter in their work in curriculum and instruction. Visit the program website for program details (www.ced.csulb.edu/teacher-ed/academic/c-i).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 2.85 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education. Applicants whose overall GPA is less than 2.85 but meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may be considered for admission at the discretion of the program admission committee.
3. A valid teaching credential or by consent of the program coordinator.
4. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts from each college and university attended must be submitted with the university application. This set of transcripts will be used

to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

The Curriculum and Instruction, Elementary Education application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission

Successful applicants are admitted to the program with Classified Admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program. For Advancement to Candidacy (Clear Admission status), students must:

1. Be enrolled in the university
2. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
3. Fulfill all program prerequisite and admission requirements.
4. Resolve all incomplete grades.
5. Complete 6 units of Programs requirements
6. Maintain a 3.0 grade point average.
7. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Methods of Social Science Inquiry (6 units):

Take the following:

EDP 400 Introduction to Educational Research (3)
Prerequisites: None.

EDCI 533 Action Research Methods: Teachers as Inquirers (3)
Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor.

2. Core (12 units):

Take all of the following:

EDCI 500 Studies in Curriculum and Instruction (3)
Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor. Must be taken during the first or second semester in the Master's Program.

EDCI 505 History of Education in the United States (3)
Prerequisites: Admission to an approved masters program or consent of the instructor. Must be taken during the first or second semester.

EDCI 530 Cross-cultural Education: US and Global Perspectives (3)
Prerequisite: Admission to an approved Master's program or consent of the instructor.

EDCI 625 Analysis of Curriculum, Instruction, and Assessment (3)
Prerequisites: EDCI 500, EDCI 505, EDP 400; and one of the following EDP 520, EDP 595, or EDP 696 or EDCI 533; consent of the instructor.

3. Concentration (9 units): Candidates select an area of concentration, in consultation with the program advisor, tailored to their professional goals. Candidates are responsible for taking prerequisite courses if required. The concentration may be in one of the following patterns:

A. Research methods courses in preparation for the thesis (9 units):

EDP 520: Quantitative Research Methods in Education (3 units)

EDP 595: Qualitative Research Methods in Education (3 units)

EDP 596: Program Evaluation in Education (3 units)

- B. Coursework in Teaching Methods, if not previously taken for B.S. or B.A. credit (9 units):

EDEL 431: Cultural and Linguistic Diversity in Schools (3 units)

EDEL 452: Teaching and Learning Reading, K-8 (3 units)

EDEL 472: Teaching and Learning History-Social Science (3 units)

- C. Advanced coursework in a self-selected concentration chosen in consultation with the program advisor (9 units).

4. Capstone (choose A or B option in consultation with the program advisor):

A. Comprehensive Examination and the following:
EDCI 695 Seminar in Curriculum and Instruction (3)
(to be taken in final semester)

Prerequisites: EDCI 500, EDCI 505, EDCI 625 and advancement to candidacy, or by consent of instructor.

- B. Thesis and the following:

EDCI 698 Thesis Study in Curriculum & Instruction (6)
Prerequisites: Advancement to candidacy; approval of thesis advisor, department chair and associate dean.

Option in Curriculum and Instruction, Secondary Education

The Master of Arts in Education, Option in Curriculum and Instruction, Secondary Education (30-33 units) is designed to foster the development of educators who are caring, effective, reflective, and committed to improving their schools. Coursework prepares teachers to apply theoretical insights and research findings to the practical problems they encounter in their work in curriculum and instruction. Visit the program website for program details (www.ced.csulb.edu/teacher-ed/academic/c-i).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 2.85 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education. Applicants whose overall GPA is less than 2.85 but meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may be considered for admission at the discretion of the program admission committee.
3. A valid teaching credential or by consent of the program coordinator.
4. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

The Curriculum and Instruction, Secondary Education application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission

Successful applicants are admitted to the program with Classified admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program no later than completing 6 units. For Advancement to Candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
2. Resolve all incomplete grades.
3. Complete 6 units of Program Requirements.
4. Maintain a 3.0 grade point average.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Methods of social science inquiry (6 units):
EDP 400 Introduction to Educational Research (3)
Prerequisites: None.
EDCI 533 Action Research Methods: Teachers as Inquirers (3 units)
Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor
2. Core (12 units):
EDCI 500 Studies in Curriculum and Instruction (3)
Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor. Must be taken during the first or second semester in the Master's Program.
EDCI 505 History of Education in the United States (3)
Prerequisites: Admission to an approved masters program or consent of the instructor. Must be taken during the first or second semester.
EDCI 530 Cross-cultural Education: US and Global Perspectives (3)
Prerequisite: Admission to an approved Master's program or consent of the instructor.
EDCI 625 Analysis of Curriculum, Instruction, and Assessment (3)
Prerequisites: EDCI 500, EDCI 505, EDP 400; and one of the following EDP 520, EDP 595, or EDP 696 or EDCI 533; consent of the instructor.

3. Concentration (9 units):

Candidates select an area of concentration, in consultation with the program advisor, tailored to their professional goals. Candidates are responsible for taking prerequisite courses if required. The concentration may be in one of the following patterns:

- A. Research methods courses in preparation for the thesis (9 units):
EDP 520: Quantitative Research Methods in Education (3 units)
EDP 595: Qualitative Research Methods in Education (3 units)
EDP 596: Program Evaluation in Education (3 units)
- B. Coursework in Teaching Methods, if not previously taken for B.S. or B.A. credit (9 units):
EDSE 435: United States Secondary Schools: Intercultural Education (3 units)
EDSE 436: Curriculum & Instruction, Assessment and Classroom Management (3 units)
EDSE 457: Reading and Writing in the Secondary School (3 units)
- C. Advanced coursework in a self-selected concentration chosen in consultation with the program advisor (9 units).

4. Capstone Experience

Candidates select one of the following capstone experiences in consultation with the program advisor. Selection should be made at the time of advancement to candidacy in order to develop a program plan consistent with the selected capstone experience.

- A. Comprehensive Examination.
EDCI 695 Seminar in Curriculum and Instruction (3)
(to be taken in final semester)
Prerequisites: EDCI 500, EDCI 505, EDCI 625 and advancement to candidacy, or by consent of instructor.
- B. Thesis.

Candidates take EDCI 698 (Thesis Study) for two semesters while writing a thesis, for a total of 6 units; candidates may need to take additional research methodology courses in order to prepare for thesis research and writing - which may be courses in the candidate's concentration.

Option in Dual Language Development

The Master of Arts in Education, Option in Dual Language Development (30-33 units) focuses on bilingualism in school and societal contexts. The program, through its action research approach, seeks to develop a cadre of teacher-leaders who systematically and purposefully examine and refine their own pedagogy with respect to the instruction of language minority students. Visit the program website for program details (www.ced.csulb.edu/teacher-ed/academic/dld).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 2.85 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education. Applicants whose overall GPA is less than 2.85 but

meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may be considered for admission at the discretion of the program admission committee.

3. A valid teaching credential with BCLAD/CLAD emphasis or certification, or by consent of the program coordinator.
4. Demonstration of bilingual proficiency or six (6) college semester units of a language other than English, or verified equivalent.
5. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts from each college and university attended in a timely manner will result in a delayed review of the application.

The Dual Language Development program application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission

Successful applicants are admitted to the program with Classified admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program.

For Advancement to Candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
2. Resolve all incomplete grades.
3. Complete 6 units of program requirements.
4. Maintain a 3.0 grade point average.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Methods of Social Science Inquiry Requirements (6 units):

Take both of the following:

- EDP 400 Introduction to Educational Research (3)
Prerequisites: None.
- EDCI 533 Action Research Methods: Teachers as Inquirers (3)

Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor.

2. Core (15 units):

Take all of the following:

- EDCI 541 Designing Curriculum and Instruction in Primary and Second Language Settings (3)
Prerequisites: A valid California CLAD teaching credential or equivalent.
- EDRG 551B Assessment of Literacy with Bilingual Students (3)
Prerequisites: Speaking and reading competence in Spanish; consent of the instructor.
- EDCI 532 Socialization of Literacy in More Than One Language (3)
Prerequisites: Admission to the Masters of Education program, Option in Elementary Education, Dual Language Specialization, or consent of the instructor.
- LING 650 Seminar in Bilingualism (3)
Prerequisites: LING 329 or consent of instructor.

Take one of the following:

- EDCI 530 Cross-cultural Education: US and Global Perspectives (3)
Prerequisite: Admission to an approved Master's program or consent of the instructor.
- SCAE 562 Agency, Resistance and Identity in Education (3)
Prerequisites: None.
- SCAE 564 Language and Educational Policies (3)
Prerequisites: None.

3. Concentration (6 units):

Take 6 units of advisor-approved electives.

4. Capstone Requirement (3-6 units):

One of the following chosen in consultation with an advisor:

- Comprehensive Examination and EDCI 695 (3 units)
- Thesis and EDCI 698 (6 units)

Option in Early Childhood Education

The Master of Arts in Education, Option in Early Childhood Education (30-33 units) is designed to foster the development of educators who are able to apply research-based knowledge in designing developmentally and culturally appropriate curriculum and assessment strategies for children ages birth through 8. Candidates develop parent involvement strategies, reflect on issues facing the field, evaluate the quality of early childhood programs in their local communities, critically evaluate policies that impact young children and their families around the world, and utilize technology to enhance communication and learning. Visit the program website for program details (www.ced.csulb.edu/teacher-ed/academic/ece).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.00 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education.
Applicants whose overall GPA is less than 3.00 but meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may

be considered for admission at the discretion of the program admission committee.

3. EDP 301 or HDEV 307 or PSY 361.
4. EDEL 420.
Prerequisites: None.
5. EDEL 482A or one year of documented and approved teaching experience.
6. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts from each college and university attended must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

The Early Childhood Education program application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission

Successful applicants are admitted to the program with Classified admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program.

For Advancement to Candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
2. Resolve all incomplete grades.
3. Complete 6 units of program requirements
4. Maintain a 3.0 grade point average.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Research methods (6 units):

Take the following:

EDP 400 Introduction to Educational Research (3)
Prerequisites: None.

Take one of the following:

EDP 520 (for Comprehensive Examination track) (3)
Prerequisites: EDP 400 or equivalent.

EDP 595 or EDP 696 (for Thesis track) (3)
Prerequisites: EDP 400 or equivalent.

2. Core courses (21 units):

Take all of the following:

EDEC 520 Early Childhood Curriculum and Assessment: Critical Perspectives (3)
Prerequisites: None.

EDEC 521 Historical and Contemporary Perspectives in Early Childhood (3)
Prerequisites: None.

EDEC 522 Parent Education and Involvement in Educational Environments (3)
Prerequisites: None.

EDEC 523 Leadership, Advocacy and Supervision of Early Childhood Programs (3)
Prerequisites: None.

EDEC 526 Adv Study of Infant & Toddler Programs (3)
Prerequisites: EDP 301 or consent of instructor.

EDEC 621 Research in Early Childhood Education (3)
Prerequisites: EDP 400 and teaching experience.

EDEC 622 Seminar in Early Childhood Care and Education: International Perspectives (3)
Prerequisites: None.

3. One of the following chosen with program advisor consultation:

Comprehensive Examination and EDEC 695 (3 units)
Thesis and EDEC 698 (6 units)

Option in Reading/Language Arts

This program is not open for admission.

The Master of Arts in Education, Option in Reading/Language Arts (30-33 units) is designed for experienced classroom teachers who want to pursue in-depth study of issues related to reading and language arts education. The program provides educators with the theoretical and professional knowledge necessary to develop innovative, research-based reading and language arts curricula with the leadership skills necessary for successful reading program implementation for all students, including English language learners. Visit the program website for program details (www.ced.csulb.edu/teacher-ed/academic/r-la).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.00 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education. Applicants whose overall GPA is less than 3.00 but meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may be considered for admission at the discretion of the program admission committee.
3. A valid elementary or secondary teaching credential.
4. CLAD/CTEL certification is strongly recommended
5. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

The Reading/Language Arts program application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission to the Program

Successful applicants are admitted to the program with Classified admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program no later than completing 6 units. For Advancement to Candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
2. Resolve all incomplete grades.
3. Maintain a 3.0 grade point average.
4. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Take all of the following (27 units; please contact the program advisor prior to beginning coursework):

EDRG 540 Advanced Studies in Literacy (3)
Prerequisite: A valid teaching credential or admission to an approved masters, certificate, or advanced credential program; or consent of instructor.

EDRG 543 Integration of Technology in Reading/Language Arts (3)
Prerequisites: EDP 443 or ETEC 444 or equivalent; or a course approved by CTC, or a course approved by CCTC to meet the Level I technology requirement or approval of the instructor.

EDRG 544 Foundations of Literacy Research (3)
Prerequisite: California Reading Certificate or consent of instructor. Introduction to critical analysis of literacy research, with emphasis on classic and contemporary studies.

EDRG 551 Assessment and Instruction in Reading and Writing (3)
Prerequisites: Admission to Reading Certificate Program or consent of instructor.

EDRG 554 Reading/Language Arts Curriculum: Leadership and Supervision (3)
Prerequisite: California Reading Certificate or consent of instructor.

EDRG 556 Theoretical Processes and Models of

Reading (3)
Prerequisite: California Reading Certificate or consent of instructor.

EDRG 558 Language Study for Reading Teachers (3)
Prerequisites: EDRG 540 and admission to the Reading Certificate program or consent of instructor.

EDRG 559 Practicum in Teaching Reading and Language Arts (3)
Prerequisites: EDRG 551 and admission to the Reading Certificate program or consent of instructor.

EDRG 651 Advanced Diagnosis and Intervention in Reading/Language Arts (3)
Prerequisites: EDRG 551 or equivalent; valid California Reading Certificate or consent of instructor.

2. Take one of the following chosen in consultation with the program advisor (3-6 units):
Comprehensive Examination and EDRG 695 (3 units), or Thesis and EDRG 698 (6 units)

Option in Mathematics Education

The Master of Arts in Education, Option in Mathematics Education is designed for teachers seeking to enhance their knowledge and skills in mathematics content and pedagogy. Candidates investigate research-based mathematics teaching and learning with a focus on developing their ability to assess the learning needs of diverse students, support students in achieving mathematics proficiency, integrate technology in mathematics instruction, and develop a balanced mathematics instructional program that focuses on conceptual understanding, procedural fluency, and problem solving. Visit the program website for program details (www.ced.csulb.edu/programs/mathematics-education).

Prerequisites

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 2.85 overall grade point average in last degree (not credential or certificate) earned from an accredited institution of higher education. Applicants whose overall GPA is less than 2.85 but meet the University minimum GPA requirement and who present compelling evidence of academic and professional potential either through recent academic performance and/or experiential background, may be considered for admission at the discretion of the program admission committee.
3. A valid teaching credential (may be waived by program coordinator).
4. Six (6) units in teaching mathematics (may be waived by program coordinator).
5. International applicants have additional university application requirements including meeting the English language proficiency requirement. Please visit The Center for International Education (CIE) website at www.csulb.edu/cie for more information.

Application

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts from each college and university attended must be submitted with the university

application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

The Mathematics Education program application must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded at www.ced.csulb.edu/graduate/application-packets. The program application does not require a set of transcripts.

Classified Admission

Successful applicants are admitted to the program with Classified admission status.

Advancement to Candidacy - Clear Admission

Students should advance to candidacy as early as possible. They should meet with the program coordinator to plan their program. For Advancement to Candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment Requirement (GWAR).
2. Resolve all incomplete grades.
3. Complete 6 units of program requirements.
4. Maintain a 3.0 grade point average.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Requirements

1. Research and Methods (6 units).

Take the following:

EDME 501 Assessment in Teaching/Learning Math (3)
Prerequisite: Basic teaching credential or consent of instructor.

EDME 502 Research in Math Teaching/Learning (3)
Prerequisite: Basic teaching credential or consent of instructor.

2. Core (9 units).

Take one of the following:

EDME 500 Contemporary Issues in Math Education (3)
Prerequisite: Basic teaching credential or consent of instructor.

MTED 511 Mathematics Teaching and Learning (3)
Prerequisites: Consent of instructor.

Take the following:

EDME 505 Technology in Teaching/Learning Math (3)
Prerequisites: Basic teaching credential, EDME 501 and EDME 502 or equivalent, or consent of instructor.

EDME 550 Global Perspectives in Math Teaching (3)
Prerequisite: Basic teaching credential or consent of instructor.

3. Concentration (12 units).

Take all of the following:

MTED 500 Advanced Perspectives of Concepts Foundational to Algebra for Teachers (3)
Prerequisites: Multiple Subjects Credential, or consent of instructor.

EDME 503 Advanced Math Methods in Teaching, 1 (3)
Prerequisite: Basic teaching credential or consent of instructor.

EDME 504 Advanced Math Methods in Teaching, 2 (3)
Prerequisite: Basic teaching credential or consent of instructor.

EDME 520 Algebra: Research-Based Pedagogy (3)
Prerequisite: Basic teaching credential or consent of instructor.

4. Capstone Requirement (3-6 units)

- One of the following chosen in consultation with an advisor:
- Comprehensive Examination and EDME 695 (3 units)
 - Thesis and EDME 698 (6 units)

Career Technical Education Track (CTE)

This program is "Approved-Inactive" by the CA Commission on Teacher Credentialing, and is not currently accepting any new students.

The Career Technical Education track is a 13-17 unit Clear credential program comprised of Early Orientation (one 2-unit course), Initial Preparation (9 units in 4 core courses plus two 1-unit courses of supervised field practica), and Advanced Preparation (one 3-unit course and one 1-unit course of supervised field practicum; or completion of one of the options described below). A minimum grade of "C" is required in all courses to maintain program standing.

Candidates complete the Initial Preparation in two semesters of course work and supervised fieldwork, after which they are eligible for Advanced Preparation. The Advanced Preparation requirement can be met in any of 5 ways: (1) 4 units of course work, including a supervised field practicum; (2) completion of a BTSA/Induction program; (3) two years of documented successful teaching; (4) completion of another appropriate credential program, e.g., Single Subject; (5) completion of a Designated Subjects track in Supervision and Coordination of Teaching. Candidates must complete all Initial and Advanced preparation requirements for the Clear credential within three years of obtaining the Preliminary credential. Candidates will determine how to meet the Advanced Preparation requirement in consultation with the program advisor as they develop their individual education plan.

Program Courses

Initial Preparation

Early Orientation (two units; completed prior to or during first semester)

1. CTED 400 Early Orientation to Career Technical Education (2)
Prerequisite: Preliminary Designated Subjects Career Technical Education credential and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator.

Semester 1 (6 units):

2. CTED 401A Curriculum, Instruction, and Assessment in Career Technical Education (3)
Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 401B.
3. CTED 401B Field Practicum in Career Technical Education I (1)
Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 401A.
4. CTED 402 Effective Learning Environments in Career Technical Education (2)
Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 401A and CTED 401B.

Semester 2 (5 units):

5. CTED 403A Foundations of Career Technical Education (2)
Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 403B.
6. CTED 403B Field Practicum in Career Technical Education II (1)
Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 403A.
7. CTED 404 Addressing the Needs of All Learners in Career Technical Education (2)
Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 403A, CTED 403B.

Advanced Preparation

Semester 3:

8. CTED 405A Advanced Preparation in Career Technical Education (3)
Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, CTED 403A, CTED 403B, CTED 404, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 405B.

AND

- CTED 405B Field Practicum in Career Technical Education III (1)
Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, CTED 403A, CTED 403B, CTED 404, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or permission of the CTE program coordinator. Corequisite: CTED 405A.

OR

alternative method of demonstrating Advanced Preparation competencies determined with program advisor.

9. Meet the Clear credential health education requirement
10. Meet the Clear credential U.S. Constitution requirement

Program Admission

Prospective candidates should consult the Career Technical Education advisor regarding credential requirements, application procedures, and schedule of course offerings.

NOTE: Candidates for admission to the program (a) must have already successfully completed Early Orientation or (b) must enroll in Early Orientation in their first semester in the program.

Program Application

Applicants must (a) submit a program application to the college Credential Center, (b) submit a written statement of purpose for pursuing the CTE credential as part of the application, and (c) schedule an interview with the CTE program advisor. Applications may be downloaded from the Designated Subjects Credential Program page of the College of Education website: www.ced.csulb.edu

Applicants to the CTE program must hold a valid Designated Subjects Preliminary Credential in Career Technical Education. Prospective candidates should consult the college Credential Center to file for their Preliminary Credential.

Requirements for the Preliminary Credential

1. Three years of verifiable work experience directly related to each industry sector named on the credential. Experience may be full-time or part-time, paid or unpaid. One year is equal to 1000 clock hours.
2. High school diploma requirement met by: (a) U.S. high school diploma, (b) GED, or (c) foreign equivalent of a high school diploma.
3. Verification by a Commission-approved program sponsor of having been apprised of the requirements for both the Preliminary and the Clear credentials.
4. Completed Commission on Teacher Credentialing form 41-4 (application for the Preliminary credential).
5. Have filed for or can demonstrate fingerprint clearance (CTC form 41-LS).
6. Recommendation by a Commission-approved CTE program sponsor.

Requirements for the Clear Credential

Successful completion of the CTE program leads to recommendation for the Clear credential. The Clear credential is valid for 5 years and may be renewed.

Requirements

1. Possess a valid California Preliminary CTE credential.
2. Complete a Commission-approved program of personalized preparation that includes training in Specially Designed Academic Instruction in English (SDAIE).
3. Verify completion of one of the following:
 - A. Two years of successful teaching on the basis of the Preliminary CTE credential in the areas listed on the credential;
 - B. A Commission-approved program of advanced personalized preparation as determined by the program sponsor.
4. U. S. Constitution requirement met by course work or examination.
5. Health education, including but not limited to the study of nutrition; the psychological and sociological effects of abuse of alcohol, narcotics, and drugs; and the use of tobacco. Requirement includes CPR training covering infant, child and adult CPR skills.
6. Complete study in computer-based technology, including the uses of technology in educational settings.
7. Credential application form 41-4.
8. Credential processing fee.
9. Recommendation for the Clear credential by a Commission-approved CTE program sponsor.

Adult Education Track (AE)

This program is "Approved-Inactive" by the CA Commission on Teacher Credentialing, and is not currently accepting any new students.

Commission on Teacher Credentialing standards for the Adult Education teaching authorization have recently been revised. The AE program at CSULB is undergoing revision and will take effect immediately upon approval.

The Adult Education track is a 10-unit Clear credential program comprised of an Early Orientation course (2 units), two core courses (6 units), and one supervised field practicum course (2 units). A minimum grade of "C" is required in all courses to maintain program standing.

Program Courses

1. ADED 410 Early Orientation to Adult Education (2)
Prerequisite: Preliminary Designated Subjects Adult Education Credential and admission to the Designated Subjects Credential Program Adult Education Track; or consent of program advisor.
2. ADED 420 Curriculum, Instruction, Assessment, and Classroom Management in Adult Education (3)
Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and completion of or concurrent enrollment in ADED 410; or consent of instructor.
3. ADED 430 Foundations of Adult Education (3)
Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and completion of or concurrent enrollment in ADED 410; or consent of instructor.
4. ADED 440 Field Practicum in Adult Education (2)
Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and concurrent enrollment in ADED 420; or consent of instructor.

Program Admission

Prospective candidates should consult the Adult Education advisor regarding credential requirements, application procedures, and schedule of course offerings. NOTE: Candidates for admission to the program (a) must have already successfully completed Early Orientation or (b) must enroll in Early Orientation in their first semester in the program.

Program Application

Applicants must:

1. Submit a program application to the College of Education Credential Center,
2. Submit a written statement of purpose for pursuing the AE credential as part of the application, and
3. Schedule an interview with the AE program advisor.

Applications may be downloaded from the Designated Subjects Credential Program section of the College of Education website: www.ced.csulb.edu. Applicants to the AE program must hold a valid Designated Subjects Preliminary Credential in Adult Education. Prospective candidates should consult the college Credential Center to file for their Preliminary Credential.

Requirements for Preliminary Credential

1. Three years of verifiable work experience directly related to each industry sector named on the credential. Experience may be full-time or part-time, paid or unpaid. One year is equal to 1000 clock hours.

2. High school diploma requirement met by: (a) U.S. high school diploma, (b) GED, or (c) foreign equivalent of a high school diploma.
3. Verification by CSULB of having been apprised of the requirements for both the Preliminary and the Clear credentials.
4. Completed Commission on Teacher Credentialing form 41-4 (application for the Preliminary credential).
5. Have filed for or can demonstrate fingerprint clearance (CTC form 41-LS).
6. Recommendation for the Preliminary credential by CSULB.

Requirements for Clear Credential

Successful completion of the AE program leads to recommendation for the Clear credential. The Clear credential is valid for 5 years and may be renewed.

Requirements

1. Possess a valid California Preliminary AE credential.
2. Complete a Commission-approved program, i.e., CSULB program.
3. Successful teaching of a minimum of one course in each of four terms within the five-year period of validity of the Preliminary Adult Education credential.
4. U. S. Constitution requirement met by course work or examination.
5. Health education, including but not limited to the study of nutrition; the psychological and sociological effects of abuse of alcohol, narcotics, and drugs; and the use of tobacco. Requirement includes CPR training covering infant, child, and adult CPR skills. The accepted course at CSULB is HSC 411B.
6. Credential application form 41-4.
7. Credential processing fee.
8. Recommendation for the Clear credential by CSULB.

Petition Process for the Designated Subjects Program

Appeals to program decisions or requests for policy waivers are made by filing a written appeal or request with the CTE or AE program advisor. If a satisfactory decision cannot be arrived at, the advisor takes the petition or request to a faculty review committee. The committee reviews the written statement and supporting evidence and renders a decision. The decision may be appealed to the college Student Affairs Committee. For grade appeals, follow university policy described in the current catalog.

Adult Education Courses (ADED)

410. Early Orientation to Adult Education (2)

Prerequisite: Preliminary Designated Subjects Adult Education Credential and admission to the Designated Subjects Credential Program Adult Education Track; or consent of program advisor.

Competencies in Adult Education at an introductory level. Curriculum, instruction, assessment, use of technology, students with special needs, English learners, collaboration with other educators, orientation to school settings, professional growth. Topics are covered in depth in subsequent program courses.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

420. Curriculum, Instruction, Assessment, and Classroom Management in Adult Education (3)

Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and completion of or concurrent enrollment in ADED 410; or consent of instructor.

Curriculum design, instructional strategies, assessment, and classroom management for teachers of Adult Education. Emphasis on integrating content with instruction and assessment.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

430. Foundations of Adult Education (3)

Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and completion of or concurrent enrollment in ADED 410; or consent of instructor.

Principles and practices of adult education, including history, philosophical perspectives, adult learning theory, and professional responsibilities of the Adult Educator.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

440. Fieldwork Practicum in Adult Education (2)

Prerequisite: Admission to the Designated Subjects Credential Program Adult Education Track and concurrent enrollment in ADED 420; or consent of instructor.

Supervised fieldwork for students in the Designated Subjects Credential Program Adult Education Track.

Credit/No Credit grading only.

Career Technical Education Courses (CTED)

400. Early Orientation to Career Technical Education (2)

Prerequisite: Preliminary Designated Subjects Career Technical Education credential and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator.

Competencies in Career Technical Education at an introductory level. Curriculum, instruction, assessment, use of technology, special needs students, English learners, collaboration with other educators, orientation to school settings, professional growth. Topics are covered in depth in subsequent program courses.

Letter grade only (A-F). May be repeated to a maximum of 4 units in different semesters.

401A. Curriculum, Instruction and Assessment in Career Technical Education (3)

Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 401B.

Curriculum design, pedagogy, and assessment for teachers of Career Technical Education. Emphasis on integrating content with instruction and assessment.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. May be repeated to a maximum of 6 units in different semesters.

401B. Career Technical Education Field Practicum I (1)

Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 401A.

First supervised field experience in the candidate's teaching setting. Candidates apply knowledge and skills learned in CTED 401A. For candidates who do not yet have a teaching position, 25 hours of structured fieldwork in an appropriate educational setting

determined in consultation with the instructor.

Credit/no credit grading only. May be repeated to a maximum of 2 units in different semesters.

402. Effective Learning Environments in Career Technical Education (2)

Prerequisite: CTED 400, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 401A and CTED 401B.

Classroom and laboratory management and instructional technology for Career Technical Education teachers. Integrating content, instruction, and assessment through behavioral and learning management theory and practice. Uses of technology to support instructional and administrative goals.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. May be repeated to a maximum of 4 units in different semesters.

403A. Foundations of Career Technical Education (2)

Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 403B.

Themes, concepts, purposes, principles, legal and ethical issues, and historical trends in Career Technical Education. Development of professional perspectives, including growth as a teacher through reflective practice.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. May be repeated to a maximum of 4 units in different semesters.

403B. Career Technical Education Field Practicum II (1)

Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 403A.

Second supervised field experience in the candidate's teaching setting. Candidates apply knowledge and skills learned in CTED 401A, CTED 402, and CTED 403A. For candidates who do not yet have a teaching position, 25 hours of structured fieldwork in an appropriate educational setting determined in consultation with the instructor.

Credit/no credit grading only. May be repeated to a maximum of 2 units in different semesters.

404. Addressing the Needs of All Learners in Career Technical Education (2)

Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 403A, CTED 403B.

Working with diverse students in the Career Technical Education classroom. Making content accessible to English learners through SDAIE and other strategies. Basic knowledge, skills and strategies for teaching special populations. Promoting a positive, inclusive learning environment.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. May be repeated to a maximum of 4 units in different semesters.

405A. Advanced Preparation in Career Technical Education (3)

Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, CTED 403A, CTED 403B, CTED 404, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 405B.

Covers major competencies in Career Technical Education at the Advanced Preparation level. Topics include curriculum, instruction, assessment, use of technology, special needs students, English learners, collaboration with other educators, and professional growth.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. May be repeated to a maximum of 6 units in different semesters.

405B. Career Technical Education Field Practicum III (1)

Prerequisite: CTED 400, CTED 401A, CTED 401B, CTED 402, CTED 403A, CTED 403B, CTED 404, Preliminary Designated Subjects Career Technical Education credential, and admission to Designated Subjects Career Technical Education program; or consent of the CTE program coordinator. Corequisite: CTED 405A.

Advanced supervised field experience in the candidate's teaching setting. Candidates apply knowledge and skills learned in CTED 401A, CTED 402, CTED 403A, CTED 404 and CTED 405A. For candidates who do not yet have a teaching position, 25 hours of structured fieldwork in an appropriate educational setting determined in consultation with the instructor.

Credit/no credit grading only. May be repeated to a maximum of 2 units in different semesters.

Curriculum and Instruction Courses (EDCI)

GRADUATE LEVEL

500. Studies in Curriculum and Instruction (3)

Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor. Must be taken during the first or second semester in the Master's Program.

Introduction to graduate study. Overview of curriculum and instruction as a field of inquiry. Reading critically and conducting educational research. Using reflective strategies to analyze and improve professional practice.

Letter grade only (A-F).

505. History of Education in the United States (3)

Prerequisites: Admission to an approved masters program or consent of the instructor. Must be taken during the first or second semester.

Advanced exploration of the major historical and philosophical paradigms of elementary and secondary education in the United States from which contemporary educational reform movements, curricula, and instructional practices have emerged.

Letter grading only (A-F).

530. Cross-cultural Education: US and Global Perspectives (3)

Prerequisite: Admission to an approved Master's program or consent of the instructor.

Critical analyses of cultural diversity, educational equity, and global interdependence to enhance cross-cultural competence. Students will investigate research literature, apply research-based knowledge to their educational practice, and infuse cross-cultural concepts, skills, and attitudes into the K-12 curriculum.

Letter grade only (A-F).

532. Socialization of Literacy in More Than One Language (3)

Prerequisites: Admission to the Masters of Education program, Option in Elementary Education, Dual Language Specialization, or consent of the instructor.

Examination of the social and cultural relationships between language and text from early utterances to adult literacy processes. Analyses of the contexts and conditions that influence literacy development for first and second language learners.

Ten hours fieldwork required. Letter grade only (A-F).

533. Action Research Methods: Teachers as Inquirers (3)

Prerequisite: Admission to the Curriculum and Instruction Master's Program or consent of instructor.

Examination of goals and features of action research, with focus on developing skills in data collection and analysis in order to support sustained action research as a teacher/researcher in classroom settings.

Letter grade only (A-F).

541. Designing Curriculum and Instruction in Primary and Second Language Settings (3)

Prerequisites: A valid California CLAD teaching credential or equivalent.

Principles of curriculum development, including primary, dual, and second language teaching and learning. Critical literacy. Includes research and program design internationally. (Offered in US or Mexico.)

Ten hours fieldwork required. Letter grade only (A-F).

570. Advanced Studies in Teaching History-Social Science (3)

Prerequisites: EDEL 472; EDP 400, EDP 520 or EDP 696, or equivalent.

Intensive study of selected topics related to teaching and learning history-social science. Students engage in a systematic inquiry into their own practice as they conduct a teacher action research project.

Letter grade only (A-F).

615. Contemporary Issues in Elementary and Secondary Education (3)

Prerequisite: EDCI 500 and admission to an approved masters program or consent of the instructor.

Advanced analysis of current trends and issues in specific areas of elementary and secondary education. In-depth exploration of research perspectives and societal factors that influence the direction of elementary and secondary education in America.

Letter grade only (A-F).

625. Analysis of Curriculum, Instruction, and Assessment (3)

Prerequisites: EDCI 500, EDCI 505, EDP 400; and one of the following EDP 520, EDP 595, or EDP 696 or EDCI 533; consent of the instructor.

Advanced study of curriculum design, instructional processes, and student assessment through analysis of theory and research on teaching and learning. California K-12 Content Standards and the California Standards for the Teaching Profession are used to align curriculum, instruction, and assessment.

Letter grade only (A-F).

695. Seminar in Curriculum and Instruction (3)

Prerequisites: EDCI 500, EDCI 505, EDCI 625 and advancement to candidacy, or by consent of instructor.

Studies in curriculum and instruction. Course content varies.

Offered on an irregular basis; consult the *Schedule of Classes*. Letter grade only (A-F).

697. Directed Research in Curriculum and Instruction (1-3)

Prerequisites: Consent of instructor, department chair, and associate dean.

Individual research or intensive study under the guidance of a faculty member.

A student may enroll for one to three units to a maximum of six units for certificate and degree purposes, subject to a suitable change in course content. Application for enrollment must be made by October 1 for the spring semester or by March 1 for the fall semester or summer session. May be repeated to a maximum of 6 units in different semesters.

698. Thesis Study in Curriculum and Instruction (3)

Prerequisites: Advancement to candidacy; approval of thesis advisor, department chair and associate dean.

Planning, preparation, and completion of thesis under supervision of a thesis committee.

Application for enrollment must be made in the Graduate Studies Office by October 1 for the spring semester or by March 1 for the fall semester or summer session. Credit/no credit grading only. May be taken for a maximum of 6 units in different semesters.

Early Childhood Education Courses (EDEC)

GRADUATE LEVEL

520. Early Childhood Curriculum and Assessment: Critical Perspectives (3)

Examines the history of competing movements in American early childhood curriculum thinking, program models, and current debates. Develops curriculum and assessment measures that integrate anti-bias, inclusive, and multicultural and global education into a unified approach.

Ten hours of fieldwork required. Letter grade only (A-F).

521. Historical and Contemporary Perspectives in Early Childhood (3)

Historical and contemporary perspectives in early childhood education and their impact on ECE programs, practices, and policies. Role of national/global organizations in institutionalizing and promoting various ECE perspectives and images of childhood. Debates over perspectives.

Ten hours of field work required. Letter grade only (A-F).

522. Parent Education and Involvement in Educational Environments (3)

Analysis of theories, research, issues, policies, programs, and practices pertaining to parent involvement in diverse and inclusive educational settings. Students design and implement home-based and school/center-based parent involvement activities.

Ten hours of field work required. Letter grade only (A-F).

523. Leadership, Advocacy and Supervision of Early Childhood Programs (3)

Discussion of various types of ECE programs, program development and implementation, different management approaches and leadership styles, and advocacy for young children and their families. Analysis of position statements and state documents pertaining to ECE programs.

Ten hours of field work required. Letter grade only (A-F).

526. Advanced Study of Infant and Toddler Programs (3)

Prerequisites: EDP 301 or consent of instructor.

Analysis of theories, research, and policies on infant and toddler care and education. Discussion of curriculum, environmental plan, and assessment for infant and toddlers. Infant/toddler program assessment.

Ten hours of fieldwork required. Letter grade only (A-F).

621. Research Seminar in Early Childhood Education (3)

Prerequisites: EDP 400 and teaching experience.

Discussion and analysis of research including qualitative research design and review of literature on topics pertaining to the field of Early Childhood Education.

Ten hours of field work required. Letter grade only (A-F).

622. Seminar in Early Childhood Care and Education: International Perspectives (3)

Discussion of ECE programs around the world. Analysis of social, political, and economic influences on policies related to the care and education of young children. Examines the role of international and national agencies in protecting children's welfare and education.

Letter grade only (A-F).

695. Seminar in Early Childhood Education (3)

Prerequisites: Advancement to candidacy, approval of the Early Childhood Education program advisor, and written application submitted to the Graduate Studies Office by March 1 for the fall semester or by October 1 for the spring semester.

For qualified candidates preparing to take the comprehensive examination. Consideration of curriculum role of the school and topics related to the effectiveness and excellence in early childhood education.

Letter grade only (A-F).

697. Directed Research in Early Childhood Education (1-3)

Prerequisites: Consent of instructor, department chair, and associate dean.

Individual research or intensive study under the guidance of a faculty member.

Application for enrollment must be made by October 1 for the spring semester or by March 1 for the fall semester or summer session. May be repeated to a maximum of 6 units in different semesters for certificate and degree purposes, subject to suitable change in course content.

698. Thesis Study in Early Childhood Education (3)

Prerequisites: Advancement to candidacy; approval of thesis advisor, department chair, and associate dean.

Planning, preparation, and completion of thesis under supervision of a thesis committee.

Application for enrollment must be made in the Graduate Studies Office by October 1 for the spring semester or by March 1 for the fall semester or summer session. Credit/no credit only. May be repeated to a maximum of 6 units in different semesters.

Elementary Education Courses (EDEL)

LOWER DIVISION

100. Introduction to Teaching and Learning in Diverse Contemporary Classrooms (1)

Prerequisite: Acceptance in the Integrated Teacher Education Program.

Addresses the qualities of an effective teacher, components and purposes of an effective professional portfolio, and critical issues in diverse contemporary classrooms.

Ten hours of field experience. Letter grade only (A-F).

200. Introduction to the Teaching Profession (3)

Introduction to the concepts and issues related to K-8 education in a democratic society.

Letter grade only (A-F). Course fee may be required. Minimum 45 hours structured fieldwork in approved elementary, self-contained classroom required. A grade of "B" or better required for admission to the Multiple Subject Credential Program.

UPPER DIVISION

300. Cultural and Linguistic Diversity in Schools (3)

Prerequisites: Completion of EDEL 100 and EDEL 200. This course is intended for ITEP students only and requires admittance to the methods phase of the ITEP program

Future elementary school teachers will study schools and write reflective papers using a critical/pragmatic lens examining differentiated curriculum, instruction, and multiple assessment methods for diverse student populations during their 40 hours of school-based field experience.

Letter grade only (A-F). Course fee may be required.

380. Teaching and Learning in a Democratic Society (3)

Corequisite: EDSP 303.

Professional, historical, social, philosophical, legal, and political concepts and issues related to K-8 education in contemporary society. 45 hours structured fieldwork in approved elementary, self-contained classroom required.

Required prerequisite for admission to the Multiple Subject Credential Program. Letter grade only (A-F). Course fee may be required.

413. Developmentally Appropriate Teaching Practices (2)

Research-based theories and principles of development, learning, and motivation; developmentally appropriate teaching practices; subject specific pedagogy in health and physical education.

A minimum of 10 hours fieldwork in K-8 classrooms with a minimum 25% English Learners required. Letter grade only (A-F).

420. Teaching and Learning in the Kindergarten and Primary Grades (3)

Theories, research, policies and current trends/debates surrounding teaching and learning in the kindergarten and primary grades. Integrates curriculum, pedagogy, and assessment with a special focus on diverse learners in the kindergarten and primary grades.

Ten hours of field work required.

430. Social and Cultural Diversity in US Schools (3)

Examination of personal attitudes towards social groups and diversity issues. Study of historical and structural factors that either empower or oppress people based on language, class, race/ethnicity, gender, sexual orientation, ability, or religion. Study of educational responses to diversity.

Letter grade only (A-F).

431. Cultural and Linguistic Diversity in Schools (3)

Multicultural education, including concepts of culture, educational equity, social justice, multiple forms of diversity, and anti-bias/anti-racist curriculum. Models of English language acquisition, bilingual education theory, and instructional accommodations for diverse students.

Ten hours fieldwork required. Letter grade only (A-F). Not open for credit to students with credit in EDP 431 or LING 431.

434. Cambodian Culture, Education and Diaspora (1-3)

Examination and analysis of conditions leading to the diaspora of Cambodians during the Pol Pot era and to resettlement in California, including social and psychological effects for individuals and families. Examination of current educational issues in Cambodia and local Cambodian communities. Required service learning takes place in Cambodia.

Letter grade only (A-F).

439. SDAIE: Specially Designed Academic Instruction in English (3)

Theories of second language acquisition and practical applications, including methods of teaching content to English language learners; oral, reading and writing strategies; and curriculum development with application to K-12 teaching.

Letter grade only (A-F). Not open for credit to students with credit in EDP 439 and EDSE 439.

442. Teaching and Learning Language Arts, K-8 (RICA) (3)

Prerequisite: Admission to the Multiple Subject Credential Program.

Language arts and visual/performance arts curriculum; developmentally appropriate practice, assessment- and research-based instruction in culturally/linguistically diverse classrooms; English Language Development; SDAIE; relationships among oral language, writing, spelling, reading, literature, and technology.

Ten hours fieldwork in K-8 classroom with a minimum 25% English Learners required. Letter grade only (A-F). Course fee may be required.

452. Teaching and Learning Reading, K-8 (RICA) (3)

Prerequisite: Admission to the Multiple Subject Credential Program or Education Specialist Credential Program.

Content, methods, and assessment for teaching reading to all students in culturally diverse, literature-based classrooms, including phonemic awareness, phonics, vocabulary development, comprehension, diagnosis, and the use of technology.

Ten hours fieldwork in K-8 classroom with a minimum 25% English learners required. Letter grade only (A-F). Course fee may be required.

452B. Teaching Reading in Spanish and English, K-8 (BCLAD) (1-3)

Prerequisite: Admission to the Multiple Subject Credential BCLAD (bilingual) Program.

Theory, research, and practice of teaching reading in two languages, including transfer of literacy skills from L1 to L2. Examines teacher beliefs and assumptions about literacy development among language minority students.

Letter grade only (A-F).

452C. Biliteracy: Teaching English and Chinese K-8 (3)

Prerequisites: Admission to the Multiple Subject Credential Program or consent of instructor.

Content, methods, and assessment for teaching literacy in K-8 English and Chinese bilingual settings. Course lectures, activities, and assignments in English and Chinese. Ten hours fieldwork in elementary bilingual and sheltered English/Chinese classrooms required.

Letter grade only (A-F).

453K. Methodology for Korean and English Language Instruction in a Bilingual Setting (3)

Content, methods, and assessments for teaching English and Korean to all students including English language learners in bilingual settings. Fluency and literacy in Korean required. Course requirement for Korean bilingual authorization.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. Minimum of ten hours of fieldwork.

453M. Methodology for Mandarin and English Language Instruction in a Bilingual Setting (3)

Content, methods, and assessments for teaching English and Mandarin to all students including English language learners in bilingual settings. Fluency and literacy in Mandarin required. Course requirement for Mandarin bilingual authorization.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. Minimum of ten hours of fieldwork.

453S. Methodology for Spanish and English Language Instruction in a Bilingual Setting (3)

Content, methods, and assessments for teaching English and Spanish to all students including English language learners in bilingual settings. Fluency and literacy in Spanish required. Course requirement for Spanish bilingual authorization.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing. Minimum of ten hours of fieldwork.

453V. Methodology for Vietnamese and English Language Instruction in a Bilingual Setting (3)

Content, methods, and assessments for teaching English and Vietnamese to all students including English language learners in bilingual settings. Fluency and literacy in Vietnamese required. Course requirement for Vietnamese bilingual authorization.

Minimum grade of "C" required to maintain program standing. Minimum of ten hours of fieldwork. Letter grade only (A-F).

455C. Teaching the Chinese-American Bicultural Student (3)

Chinese culture and Chinese-American history, socioeconomic contexts of Chinese immigration and contributions to the U.S., contemporary issues of the Chinese community and Chinese-American students, with particular emphasis on socialization patterns, bicultural issues, and teaching strategies.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

455K. Teaching the Korean-American Bicultural Student (3)

Korean culture and Korean-American history, socioeconomic contexts of Korean immigration and contributions to the U.S., contemporary issues of the Korean community and Korean-American students, with particular emphasis on socialization patterns, bicultural issues, and teaching strategies.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

455V. Teaching the Vietnamese-American Bicultural Student (3)

Vietnamese culture and Vietnamese-American history, socioeconomic contexts of Vietnamese immigration and contributions to the U.S., contemporary issues of the Vietnamese community and Vietnamese-American students, with particular emphasis on socialization patterns, bicultural issues, and teaching strategies.

Letter grade only (A-F). Minimum grade of "C" required to maintain program standing.

462. Teaching and Learning Mathematics, K-8 (3)

Prerequisites: Admission to the Multiple Subject Credential Program.

Learning theories, research, and instructional practices for teaching mathematics to all students in culturally and linguistically diverse classrooms.

Ten hours fieldwork in K-8 classroom with minimum 25% English learners required. Letter grade only (A-F). Course fee may be required.

472. Teaching and Learning History-Social Science, K-8 (3)

Prerequisites: Admission to the Multiple Subject Credential Program.

Theory, research, and content for standards-based history-social science teaching in diverse classrooms.

Ten hours fieldwork in K-8 classroom with a minimum 25% English learners required. Letter grade only (A-F). Course fee may be required.

482A. Student Teaching in Diverse Classrooms (8)

Prerequisites: Admission to 2042 Multiple Subject Credential Student Teaching including successful completion of Teacher Performance Assessment (TPA) Tasks 1 and 2.

Student teaching for an 8-week assignment in diverse public schools; weekly seminar. Credit/No Credit; equivalent of "A" or "B" for credit. Course fee may be required.

482B. Student Teaching in Bilingual Classrooms (8)

Prerequisite: Admission to Multiple Subject Credential BCLAD Student Teaching.

Student teaching for an 8-week assignment in Bilingual Asian or Spanish classroom; weekly seminar. Credit/No Credit; equivalent of "A" or "B" for credit. Course fee may be required.

482C. Student Teaching in Bilingual Classrooms (8)

Prerequisite: Admission to Multiple Subject Credential BCLAD Student Teaching.

Teaching assignment for one semester in a public school in grades K-6 in a designated bilingual classroom under an emergency credential, with assignments at the primary and intermediate levels. Emphasis on teaching experiences with limited-English proficient speakers and primary language instruction.

Weekly seminar. Credit/No Credit grading only, with an equivalent grade of "A" or "B" required for credit. May be repeated to a maximum of 16 units in the same semester. Course fee may be required.

482D. ITEP/UTEACH Student Teaching in Diverse Classrooms (8)

Prerequisite: Admission to 2042 Multiple Subject Credential Student Teaching including successful completion of Teaching Performance Assessment Tasks 1 and 2.

ITEP/UTEACH student teaching for a semester assignment in diverse public schools; weekly seminar. Credit/No Credit; equivalent of "A" or "B" for credit. Course fee may be required. (1 1/2 hours weekly seminar).

482E. ITEP/UTEACH Student Teaching in Bilingual Classrooms-Asian Languages (8)

Prerequisite: Admission to Multiple Subject Asian BCLAD Credential Program Student Teaching.

ITEP/UTEACH student teaching for one semester in Bilingual Asian or Spanish public school classroom; weekly seminar. Credit/No Credit; equivalent of "A" or "B" for credit. Course fee may be required. (1 1/2 hours weekly seminar).

482F. Student Teaching in Spanish Dual Language Development Classrooms (8)

Prerequisite: Admission to Multiple Subject Credential Student Teaching.

One semester integrated student teaching in a K-8 public school with assignments at two of the following: K-2, 3-5, or 6-8. Emphasizes experiences in diverse classrooms with English Learners. Practicum in using Spanish for instruction. Spanish primary language management for explanation, clarification, and review.

Seminar included. Credit/No Credit grading only with an equivalent grade of "B" or better required for credit including passage of TPA Task 4. May be repeated to a maximum of 16 units in the same semester. Course fee may be required.

490. Selected Topics - Elementary Education (1-3)

Topics of current interest in elementary education selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

497. Independent Study (1-3)

Prerequisites: Consent of instructor and department chair.

Independent study undertaken under the supervision of a faculty member.

May be repeated to a maximum of 6 units but no more than 3 units applicable to credential or major requirement.

GRADUATE LEVEL

572A. Multiple Subject Internship (8)

Prerequisites: Admission to 2042 Multiple Subject Internship and advancement to Intern Student Teaching.

The Intern is a full-time teacher in a public school district with which CSULB has an intern agreement. Intern Student Teaching is a two-semester or one-semester culminating fieldwork experience.

Weekly seminar. Credit/No Credit grading only with an equivalent grade of "A" or "B" required for credit including passage of TPA Task 4. May be repeated to a maximum of 16 units in different semesters.

572B. Multiple Subject Internship (8)

Prerequisites: Admission to 2042 Multiple Subject Internship and advancement to Intern Student Teaching.

The Intern is a full-time teacher in a public school district with which CSULB has an intern agreement. Intern Student Teaching is a two-semester or one-semester culminating fieldwork experience.

Weekly seminar. Credit/No Credit grading only with an equivalent grade of "A" or "B" required for credit including passage of TPA Task 4. May be repeated to a maximum of 16 units in different semesters.

599. Selected Topics - Teacher Education (1-3)

Study of a special topic in teacher education. Students must be enrolled in a Masters or Advanced Credential or Specialist Program.

Letter grade only A-F). May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

Mathematics Education Courses (EDME)

GRADUATE LEVEL

500. Contemporary Issues in Mathematics Education (3)

Prerequisite: Basic teaching credential or consent of instructor.

Advanced study in mathematics education. Emphasis on contemporary issues addressed in the National Council for the Teaching of Mathematics Principles and Standards and described in the Mathematics Framework for California Public Schools.

Letter grade only (A-F).

501. Assessment in Teaching and Learning Mathematics (3)

Prerequisite: Basic teaching credential or consent of instructor.

Designing advanced assessment methods aligned with the National Council of Teachers of Mathematics Assessment Standards; interpreting and using assessment results for planning and teaching mathematics in linguistically and culturally diverse classrooms.

Letter grade only (A-F).

502. Research in Mathematics Teaching and Learning (3)

Prerequisite: Basic teaching credential or consent of instructor.

Advanced study of mathematics education research. Emphasis on development of teacher-researchers in an inquiry learning process of research design, methods, data collection, and data analysis in qualitative, quantitative, and mixed methods approaches through conducting action research in teaching practices.

Letter grade only (A-F).

503. Advanced Mathematics Methods in Teaching, 1 (3)

Prerequisite: Basic teaching credential or consent of instructor.

Advanced study in mathematics methods by applying state and national mathematics principles and standards to research-based practices.

Letter grade only (A-F).

504. Advanced Mathematics Methods in Teaching, 2 (3)

Prerequisite: Basic teaching credential or consent of instructor.

Advanced study of the teaching and learning of mathematics in linguistically and culturally diverse classrooms. Topics include teaching and learning pre-algebra, algebra, plane and solid geometry, measurement, data analysis, probability, learning theories, assessment, state and national academic content standards.

Letter grade only (A-F).

505. Technology in Teaching and Learning Mathematics (3)

Prerequisites: Basic teaching credential, EDME 501 and EDME 502 or equivalent, or consent of instructor.

Advanced approaches to integrating contemporary technologies in teaching and learning mathematics. Focus on integrating technology to provide differentiated and individualized learning opportunities to meet the needs of linguistically and culturally diverse students.

Letter grade only (A-F).

520. Algebra: Research-Based Pedagogy (3)

Prerequisite: Basic teaching credential or consent of instructor.

Integration of pre-algebra and algebra content and pedagogy in mathematics classrooms. Exploration of recent research trends, national policies, and standards related to algebra curriculum and teaching.

Letter grade only (A-F).

550. Global Perspectives in Mathematics Teaching (3)

Prerequisite: Basic teaching credential or consent of instructor.

Developing global perspectives in mathematics teaching through case study and lesson analysis; exploring, analyzing, and applying multifaceted teaching approaches of different cultural and educational systems.

Letter grade only (A-F).

695. Advanced Studies in Mathematics Education (3)

Prerequisites: Advancement to candidacy in the Mathematics Education Program; approval of the Program Advisor; written application to take the comprehensive examination to the College of Education Graduate Office by March 1 for the fall semester or by October 1 for the spring semester.

Studies of problems and issues in the teaching and learning of mathematics. Relating research to teaching practice. For qualified candidates preparing to write the comprehensive examination.

Letter grade only (A-F).

698. Thesis Study in Mathematics Education (3)

Prerequisites: Advancement to candidacy in the Mathematics Education Program; approval of thesis advisor, department chair, and associate dean.

Planning, preparation, and completion of thesis under supervision of a thesis advisor.

Credit/No Credit grading only. May be repeated for a maximum of 6 units in different semesters. Application for enrollment must be made in the Graduate Studies Office by October 1 for the spring semester or by March 1 for the fall semester or summer session.

Education Middle School Courses (EDMS)

GRADUATE LEVEL

693. Developing Teacher Leadership in Middle Level Education (3)

Prerequisite: Students must be enrolled in either a Teacher Education Masters Program, or the Tier II Professional Administrative Services Credential Program, or consent of instructor.

Involves administrators and teachers in developing middle level teacher leadership through the lens of teacher empowerment. Theory and practice of collaborative and action research models as tools for school improvement.

Letter grade only (A-F). Same course as EDAD 693. Not open for credit to students with credit in EDAD 693 and EDEL 693.

Reading Education Courses (EDRG)

GRADUATE LEVEL

520. Resources for Reading Teachers (3)

Prerequisite: Admission to the Reading Certificate Program or consent of instructor.

Exploration of appropriate and theoretically grounded reading resources and strategies that can be used to help all children succeed in reading. Includes survey and analysis of age appropriate multicultural texts for children and adolescents.

Letter grade only (A-F).

540. Advanced Studies in Literacy (3)

Prerequisite: A valid teaching credential or admission to an approved masters, certificate, or advanced credential program; or consent of instructor.

Emphasizes advanced study of literacy research, theory, and practice. Survey of issues of first and second language acquisition/development, and curriculum trends in literacy.

Letter grade only (A-F).

543. Integration of Technology in Reading/Language Arts (3)

Prerequisites: EDP 443 or ETEC 444 or equivalent; or a course approved by CTC, or a course approved by CCTC to meet the Level I technology requirement or approval of the instructor.

Investigation and evaluation of software and media programs for reading/language arts. Current issues in technology, change strategies for staff development, integration of technology in the curriculum.

Letter grade only (A-F).

544. Foundations of Literacy Research (3)

Prerequisite: California Reading Certificate or consent of instructor. Introduction to critical analysis of literacy research, with emphasis on classic and contemporary studies.

Includes experimental designs, descriptive studies, case studies, correlational research, ethnographies, and the teacher-as researcher.

Letter grade only (A-F).

551. Assessment and Instruction in Reading and Writing (3)

Prerequisites: Admission to Reading Certificate Program or consent of instructor.

Comprehensive study of literacy assessment and instruction including examination and evaluation of effective literacy procedures, strategies, and materials. Emphasis on detection and

correction of reading difficulties.

Fieldwork required. Letter grade only (A-F).

551B. Assessment of Literacy with Bilingual Students (3)

Prerequisites: Speaking and reading competence in Spanish; consent of the instructor.

Evaluation of measures, strategies, and materials used to assess literacy in bilingual students. Special emphasis on issues regarding the interpretation of assessment data, program placement, and instruction of English learners.

Requires diagnostic assessment/instruction plan. Participation by speakers of languages other than Spanish is possible as literacy assessments in diverse languages become available. Letter grade only (A-F).

554. Reading/Language Arts Curriculum: Leadership and Supervision (3)

Prerequisite: California Reading Certificate or consent of instructor.

Examines varied roles and responsibilities of the Reading/Language Arts Specialist including intervention, curriculum development, supervision, program development, and leadership.

Letter grade only (A-F).

556. Theoretical Models and Processes of Reading (3)

Prerequisite: California Reading Certificate or consent of instructor.

Exploration and analysis of current and historical theoretical models of the reading process. Examination of their influence on curriculum and instructional issues in literacy.

Letter grade only (A-F).

558. Language Study for Reading Teachers (3)

Prerequisites: EDRG 540 and admission to the Reading Certificate program or consent of instructor.

Relationships among phonology, morphology, semantics, syntax, pragmatics, and the teaching of reading. Focus on phonemic awareness, phonics, decoding strategies, vocabulary, spelling, grammar skills, and English language learners.

Letter grade only (A-F).

559. Practicum in Teaching Reading/Language Arts (3)

Prerequisites: EDRG 551 and admission to the Reading Certificate program or consent of instructor.

Methods and intervention approaches for meeting the needs of struggling readers at various levels of reading acquisition, including tutoring or small-group instruction of students.

Classroom field experience is required. Letter grade only (A-F).

651. Advanced Diagnosis and Intervention in Reading/Language Arts (3)

Prerequisites: EDRG 551 or equivalent; valid California Reading Certificate or consent of instructor.

Includes clinical practicum and seminar on diagnosing and providing appropriate intervention for children with delayed literacy development.

Letter grade only (A-F).

695. Seminar in Reading (3)

Prerequisites: Advancement to candidacy, approval of Reading Program advisor, and written application submitted to the Graduate Studies Office by October 1 for the spring semester; successful completion of all required course work for the Master of Arts in Education, Option in Elementary or Secondary Education, Specialization in Reading.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

697. Directed Research in Reading (1-3)

Prerequisites: Consent of instructor, department chair, and associate dean. Individual research or intensive study under the guidance of a faculty member. Application for enrollment must be made by October 1 for the spring semester or by March 1 for the fall semester or summer session.

May be repeated to a maximum of 6 units in different semesters.

698. Thesis Study in Reading (3)

Prerequisites: Advancement to candidacy; approval of thesis advisor, department chair, and associate dean.

Planning, preparation, and completion of thesis under supervision of a thesis committee.

Application for enrollment must be made in the Graduate Studies Office by October 1 for the spring semester or by March 1 for the fall semester or summer session. Credit/no credit only. May be repeated to a maximum of 6 units in different semesters for certificate and degree purposes, subject to suitable change in course content.

maximum of 6 units for certificate and degree, subject to suitable change in topic content.

497. Independent Study (1-3)

Prerequisites: Consent of instructor and department chair.

Independent study undertaken under the supervision of a faculty member.

May be repeated to a maximum of 6 units, but no more than 3 units applicable to credential or major requirement.

Secondary Education Courses (EDSE)

UPPER DIVISION

435. United States Secondary Schools: Intercultural Education (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Critical reflection on multicultural education in a diverse society. Philosophy, history and sociology of education as fundamental to understanding contemporary secondary schools. Curriculum and student populations in the context of issues and controversies in education. Approved CLAD Certificate course (Domain 3).

Fifteen hour fieldwork requirement. Letter grade only (A-F). May be repeated to a maximum of 6 units. Course fee may be required.

436. Curriculum, Instruction, Assessment and Classroom Management (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Explores systematic instruction, theories of learning, curriculum development, teaching strategies, assessment and evaluation of student progress, classroom management and discipline, and establishing successful learning environments for all students.

Fifteen hour fieldwork requirement. Letter grade only (A-F). May be repeated to a maximum of 6 units. Course fee may be required.

457. Reading and Writing in the Secondary School (3)

Prerequisite: EDSS 300 (A, C, D, F, G, H, M, N, P, or S); or admission in the Single Subject Credential Program; or consent of the University Coordinator of the Single Subject Credential Program. Required course in the Single Subject Credential Program.

Emphasis on reading and writing assessment and instruction; textbook selection; vocabulary development; comprehension strategies; content area reading and study skills; writing instruction; English Language Development; the reading needs of less prepared, English language, and accelerated learners; and issues of diversity and equity.

Minimum fifteen hours of field work required. Course fee may be required. Letter grade only (A-F). May be repeated to a maximum of 6 units.

490. Selected Topics - Secondary Education (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in secondary education selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*. May enroll for a

THEATRE ARTS

College of the Arts

Department Chair: Anne D'Zmura

Department Office: Theatre Arts (TA), Room 221

Telephone: (562) 985-7891

Faculty: Andrea Caban, Anne D'Zmura, Nicki Genovese, Joanne Gordon, David Jacques, Danila Korogodsky, Ezra LeBank, Hugh O'Gorman, Nancy Jo Smith, Shanti Pillai, Jaye Austin-Williams

Undergraduate Advisor: Cody Arnold (562) 985-4070

Graduate Advisor: Josh Nathan (562) 985-4042

Administrative Coordinator: Jennifer White (562) 985-7891

Career Possibilities

Actor • Director • Stage Manager • Lighting Designer • Costume Designer • Set Designer • Technical Director • Teacher • Theatre Administrator • Theatre Manager • Director of Development • Box Office Manager • Managing Director • Artistic Director • Marketing Director • Playwright • Writer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Theatre Arts offers the Bachelor of Arts degree with opportunities for options in Performance (acting) and Technical Theatre (scenery/costume/lighting).

The Department of Theatre Arts offers graduate study leading to the Master of Fine Arts degrees. The candidate is urged to observe the general requirements stated in this *Catalog*, as well as the specific departmental requirements stated here and, more fully, in the Department Program Planners, available upon request from the department.

The Theatre Arts Department holds division II membership in the National Association of Schools of Theatre (National Association of Schools of Theatre, 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, phone: 703-437-0700). The Bachelor of Arts and the Master of Fine Arts degrees are accredited by the association. The department is also a member in good standing with the Theatre Communications Group, the International Theatre Institute of the United States and the United States Institute of Theatre Technology.

All majors are required to participate in the departmental production program. Furthermore, majors enrolled in any acting course are expected to audition and participate in departmental productions in that semester. The student is expected to accept any role in which he/she is cast. Majors are also expected to seek approval from their advisor before making any commitment to a theatre program which lies outside of the departmental academic program.

The W. David Sievers Memorial Scholarship in acting, named for the first faculty member of the theatre program, is awarded annually to new students who exhibit potential in the field of performance. This award consists of a modest sum and is determined through competitive audition judged by faculty. In addition, the Fine Arts

Affiliates of the University and the Dramatic Allied Arts Guild of Long Beach provide for monetary awards to qualified students in all areas of theatre. For further information contact the Department of Theatre Arts.

Undergraduate Programs

Bachelor of Arts in Theatre Arts (120 units)

The Bachelor of Arts in Theatre Arts provides the opportunity for the student to gain a broad exposure to the discipline. The curriculum requires study in Acting, Technical and Design Crafts, the History, Literature and Criticism of Theatre, and Directing. After completion of the lower division core students may choose to audition/interview for placement in the performance or design options

Requirements

Lower Division Core:

Take all of the following courses:

THEA 101 Fundamentals of Script Analysis (3)
Prerequisites: None

THEA 111 Theatre Arts Showcase (1)
Prerequisites: None

THEA 114A Fundamentals of Acting (3)
*"C" or better required
Prerequisites: None

THEA 142 Elementary Stagecraft (3)
Corequisites: THEA 140 or THEA 340

THEA 146 Costume Crafts I (3)
Corequisites: THEA 140 or THEA 340

THEA 148 Stage Lighting I (3)
Corequisites: THEA 140 or THEA 340

THEA 201 Writing for the Theatre Arts (3)
Prerequisite: ENGL 100 or GE Composition (Area A1).

THEA 221 History of Theatre and Drama to 1660 (3)
Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.

THEA 222 History of Theatre and Drama Since 1660 (3)
Prerequisite: THEA 221 or consent of instructor.

THEA 271 Stage Management (3)
Corequisites: THEA 240 or THEA 440

Upper Division Core:

Take all of the following courses:

THEA 324 Theatre Today (3)
Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

THEA 374 Fundamentals of Directing (3)
Prerequisites: THEA 101 and THEA 114A or consent of instructor.

THEA 426 Dramatic Theory and Criticism (3)
Prerequisites: None

Take 4 units from the following:
THEA 140, THEA 240, THEA 340, THEA 440

Take 18 units from the following:

THEA 112, THEA 114B, THEA 144, THEA 214, THEA 215, THEA 262, THEA 290, THEA 316, THEA 318A, THEA 318B, THEA 341, THEA 352, THEA 364, THEA 375, THEA 413, THEA 414, THEA 415, THEA 425, THEA 427, THEA 433, THEA 442, THEA 447, THEA 449, THEA 462, THEA 476, THEA 490, THEA 498.

No more than eight units of Theatre Arts activity (cast and/or crew) will apply toward degree requirements. Crew requirements for all majors: One major running crew assignment in residence for each of the areas of costume, stagecraft, lighting, and stage management. Students with transfer credit in those related courses must fulfill the same running crew requirements within the first three semesters of matriculation into the University.

At the beginning of the semester, all incoming students, including transfer students (including those who have been inactive for a year in our department), are required to audition or interview. Auditions and interviews are conducted by appropriate faculty/student groups. These auditions are required for admittance to certain upper division classes and are therefore used for appropriate placement of students at their level of competency as determined by the faculty.

Option in Performance: Acting (120 units)

Lower Division Core:

Take all of the following courses:

THEA 101 Fundamentals of Script Analysis (3)

Prerequisites: None

THEA 111 Theatre Arts Showcase (1)

Prerequisites: None

THEA 114A Fundamentals of Acting (3)

* "C" or better required

Prerequisites: None

THEA 142 Elementary Stagecraft (3)

Corequisites: THEA 140 or THEA 340

THEA 146 Costume Crafts I (3)

Corequisites: THEA 140 or THEA 340

THEA 148 Stage Lighting I (3)

Corequisites: THEA 140 or THEA 340

THEA 201 Writing for the Theatre Arts (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

THEA 221 History of Theatre and Drama to 1660 (3)

Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.

THEA 222 History of Theatre & Drama Since 1660 (3)

Prerequisite: THEA 221 or consent of instructor.

THEA 271 Stage Management (3)

Corequisites: THEA 240 or THEA 440

Upper Division Core:

Take all of the following courses:

THEA 324 Theatre Today (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

THEA 374 Fundamentals of Directing (3)

Prerequisites: THEA 101 and THEA 114A or consent of instructor.

THEA 426 Dramatic Theory and Criticism (3)

Prerequisites: None

Take all of the following courses:

THEA 112 Beginning Voice and Speech for Actor (3)

Prerequisites: None

THEA 114B Fundamentals of Acting (3)

Prerequisite: THEA 114A or equivalent.

THEA 214 Intermediate Acting (3)

Prerequisites: THEA 112, THEA 114A and THEA 114B. Should be taken directly following THEA 114B.

THEA 262 Beginning Movement for the Actor (3)

Prerequisites: None

Take four units from the following:

THEA 140, THEA 240, THEA 340, THEA 440

Take six units from the following courses:

THEA 144, THEA 215, THEA 290, THEA 312, THEA 316, THEA 318A, THEA 318B, THEA 375, THEA 413, THEA 414, THEA 415, THEA 462, THEA 476, THEA 490, THEA 498.

No more than eight units of Theatre Arts activity (cast and/or crew) will apply toward degree requirements. Crew requirements for all majors: One major running crew assignment in residence for each of the areas of costume, stagecraft and lighting to be satisfactorily completed. Students with transfer credit in those related courses must fulfill the same running crew requirements within the first three semesters of matriculation into the University.

At the beginning of the semester, all incoming students, including transfer students (including those who have been inactive for a year in our department), are required to audition or interview. Auditions and interviews are conducted by appropriate faculty/ student groups. These auditions are required for admittance to certain upper division classes and are therefore used for appropriate placement of students at their level of competency as determined by the faculty.

All performance majors will also fulfill four performance requirements to graduate. This requirement is met through acting, understudying, directing or assistant directing for a Mainstage or Second Stage production; acting or directing for a Showcase production; or by a special assignment approved by the performance faculty.

Option in Technical Theatre: Scenery/Costume/Lighting Design (120 units)

Lower Division Core:

Take all of the following courses:

THEA 101 Fundamentals of Script Analysis (3)

Prerequisites: None

THEA 111 Theatre Arts Showcase (1)

Prerequisites: None

THEA 114A Fundamentals of Acting (3)

* "C" or better required

Prerequisites: None

THEA 142 Elementary Stagecraft (3)

Corequisites: THEA 140 or THEA 340

THEA 146 Costume Crafts I (3)

Corequisites: THEA 140 or THEA 340

THEA 148 Stage Lighting I (3)

Corequisites: THEA 140 or THEA 340

- THEA 201 Writing for the Theatre Arts (3)
Prerequisite: ENGL 100 or GE Composition (Area A1).
- THEA 221 History of Theatre and Drama to 1660 (3)
Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.
- THEA 222 History of Theatre and Drama Since 1660 (3)
Prerequisite: THEA 221 or consent of instructor.
- THEA 271 Stage Management (3)
Corequisites: THEA 240 or THEA 440

Upper Division Core:

Take all of the following courses:

- THEA 324 Theatre Today (3)
Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.
- THEA 374 Fundamentals of Directing (3)
Prerequisites: THEA 101 and 114A or consent of instructor.
- THEA 426 Dramatic Theory and Criticism (3)
Prerequisites: None

Take all of the following courses:

- THEA 352 Foundations of Visual Expression (3)
Prerequisites: None
- THEA 433 Design for Theatre (3)
Prerequisites: THEA 142, THEA 146, THEA 148 or consent of instructor.

Take four units from the following:

THEA 140, THEA 240, THEA 340, THEA 440

Take 12 units from the following courses:

THEA 144, THEA 341, THEA 342, THEA 441, THEA 442, THEA 444, THEA 446, THEA 447, THEA 448, THEA 449, THEA 476, THEA 498.

No more than eight units of Theatre Arts activity (cast and/or crew) will apply toward degree requirements. Crew requirements for all majors: One major running crew assignment in residence for each of the areas of costume, stagecraft and lighting to be satisfactorily completed. Students with transfer credit in those related courses must fulfill the same running crew requirements within the first three semesters of matriculation into the University.

At the beginning of the semester, all incoming students, including transfer students (including those who have been inactive for a year in our department), are required to audition or interview. Auditions and interviews are conducted by appropriate faculty/student groups. These auditions are required for admittance to certain upper division classes and are therefore used for appropriate placement of students at their level of competency as determined by the faculty. to certain upper division classes and are therefore used for appropriate placement of students at their level of competency as determined by the faculty.

All technical theatre majors will also fulfill four production requirements in order to graduate. This requirement is met through scene, lighting, sound, costume, or makeup design or assistant design; technical direction or assistant; prop master; master painter; stage management or assistant; cutter or stitcher; or by special assignments as approved by the faculty in the appropriate area.

Minor in Theatre Arts

This minor may be combined with any major at CSULB except the BA in Theatre Arts. Students are admitted to the minor after having completed a minimum of 30 units of

college level course work including all 12 units of General Education Foundation courses with a cumulative GPA of 3.0 or higher.

Requirements

A minimum of 21 units is required for the minor.

Take all of the following:

- THEA 101 Fundamentals of Script Analysis (3)
Prerequisites: None
- THEA 221 History of Theatre and Drama to 1660 (3)
Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.
- THEA 222 History of Theatre and Drama Since 1660 (3)
Prerequisite: THEA 221 or consent of instructor.

Take one of the following:

THEA 114A, THEA 142, THEA 146, THEA 148

Take 9 units from the following:

THEA 324, THEA 327, THEA 341, THEA 344, THEA 352, THEA 365, THEA 380, THEA 425, THEA 426, THEA 476

Graduate Programs

Master of Fine Arts in Theatre Arts

The Master of Fine Arts Degree in Theatre Arts is the terminal degree offering the professional training deemed necessary by the major Theatre Arts Schools in the United States.

All students admitted to the MFA program are members of California Repertory Company and are subject to the operating procedures of the company. CalRep, the professional arm of the Theatre Arts Department, prepares and performs plays from the canon of international dramatic literature.

MFA Transfer and Residence Policy

Transfer credit allowable toward the MFA may not exceed 20 units. The Graduate Advisor must approve all transferred credit use in the MFA Program.

Criteria for Admission to the Program

1. Students applying for the MFA program must have completed a bachelor's or master's degree in Theatre Arts from an accredited institution with a 3.0 GPA in upper-division theatre courses, meet University admission requirements, and submit evidence of creative ability and professional intent in one of the following areas: Acting, Technical Theatre/Design, Theatre Management;
2. When an undergraduate degree has been completed in a program having different requirements than those at CSULB or in some field other than Theatre Arts, additional preparation and time may be required before the student can be considered for classified status in the degree program. Units of credit from coursework in a graduate program may be acceptable after review by the faculty evaluation committee, and approval by the Dean;
3. Admission to the program in Acting requires audition, professional resume, and interview. Admission to the program in Technical Theatre/Design requires interview and/or submission of original work such as manuscripts,

designs, renderings, slides, digital images, models and/or working drawings;

4. All students admitted into the MFA program will be admitted as conditionally classified. In order to obtain fully classified status, a committee from the Theatre Arts faculty must authorize continuation in the program after evaluating academic progress, individual skills development, and review of performance or portfolio at the end of the student's first full year of residence.

Advancement to Candidacy

1. Attain fully classified status;
2. Remove all undergraduate deficiencies determined by the departmental evaluation and the Dean of the College;
3. Submit a program for approval by the department chair, the graduate advisor and the Dean of the College.

Requirements

The MFA degree is a 60-unit degree requiring full time residency. The options share a common core of courses. The remainder of courses offer the opportunity further to develop artistic skills in particular options. The program culminates in a major creative project and written project report.

Option in Acting

The Acting option requires work in voice, movement, and process each semester. Process classes explore a wide range of acting styles. Ongoing performances in public presentations are required. 60 units required.

Take all of the following:

- THEA 517 Repertory Theatre I (2+2)
Prerequisites: Acceptance into the MFA Program.
- THEA 518 Repertory Theatre II (2+2)
Prerequisites: Acceptance into the MFA Program.
- THEA 520A Voice (3)
Prerequisite: None
- THEA 520B Voice (3)
Prerequisites: None
- THEA 523 Theory/Practice of Contemporary Theatre (3)
Prerequisite: None
- THEA 524 Dramaturgy (3)
Prerequisite: Acceptance into the MFA Program.
- THEA 525 Theatrical Critical Theory (3)
Prerequisites: None
- THEA 530A Acting I (3)
Prerequisite: None
- THEA 530B Acting I (3)
Prerequisite: THEA 530A.
- THEA 531A Acting II (3)
Prerequisite: None
- THEA 531B Acting II (3)
Prerequisite: THEA 531A.
- THEA 552 Collaborative Studies (3)
Prerequisite: None
- THEA 564A Movement I (3)
Prerequisite: None
- THEA 564B Movement I (3)
Prerequisite: None
- THEA 574 Directing (3)

Prerequisites: None

THEA 628 Writing for the Theatre Professional (3)
Prerequisites: Admission to Theatre Arts MFA program.

Take 4 units of:

THEA 699 MFA Thesis/Project (1-6)
Prerequisite: Advancement to candidacy and consent of department chair.

Take six units from the following:

THEA 521A Speech (3), THEA 521B Speech (3), THEA 565A Movement II (3), 565B Movement II (3), THEA 694 Special Studies (3)

Option in Technical Theatre/Design

This option requires work in a variety of skills development emphasizing the technological as well as the artistic aspects of design and execution. Continuous advancing assignments in productions for public performances are required.

Requirements

Concentration core classes:

Take all of the following:

- THEA 517 Repertory Theatre I (2)
Prerequisites: Acceptance into the MFA Program.
- THEA 518 Repertory Theatre II (2)
Prerequisites: Acceptance into the MFA Program.
- THEA 519 Repertory Theatre III (2)
Prerequisites: Acceptance into the MFA Program.
- THEA 523 Theory/Practice of Contemporary Theatre (3)
Prerequisite: None
- THEA 524 Dramaturgy (3)
Prerequisite: Acceptance into the MFA Program.
- THEA 541 Portfolio Development (3)
Prerequisite: None
- THEA 544 Visual Concepts in Theatre Design (3)
Prerequisite: None
- THEA 550 Computer Graphics for Theatre (3)
Prerequisite: None
- THEA 552 Collaborative Studies (3)
Prerequisite: None
- THEA 584 Rendering and Painting for Theatre (2)
Prerequisites: None
- THEA 699 MFA Thesis/Project (1-6)
Prerequisite: Advancement to candidacy and consent of department chair.

Costume Concentration: 60 units:

Take all of the following courses:

- THEA 546A Advanced Costume Design I (2)
Prerequisites: None
- THEA 546B Advanced Costume Design I (2)
Prerequisite: THEA 546A or consent of instructor
- THEA 556A Advanced Costume Design II (2)
Prerequisites: None
- THEA 556B Advanced Costume Design II (2)
Prerequisite: THEA 556A or consent of instructor.
- THEA 656A Advanced Costume Design III (2)
Prerequisites: None
- THEA 656B Advanced Costume Design III (2)
Prerequisite: THEA 656A or consent of instructor.
- THEA 540 Non-traditional Material Use in the Theatre (2)
Prerequisite: Consent of instructor.

THEA 554 Textile Applications in Theatre Design (2)

Prerequisites: None

THEA 583 Theatrical Patterning Methods (2)

Prerequisites: None

Take 8 units of electives.

Scenery Concentration:

Take all of the following:

THEA 540 Non-traditional Material Use in Theatre (2)

Prerequisite: Consent of instructor.

THEA 545 Computer Aided Design for the Theatre (2)

Prerequisites: None

THEA 554 Textile Applications in Theatre Design (2)

Prerequisites: None

THEA 580A Scene Design I (2)

Prerequisites: None

THEA 580B Scene Design I (2)

Prerequisite: THEA 580A or consent of instructor.

THEA 585A Scene Design II (2)

Prerequisites: None

THEA 585B Scene Design II (2)

Prerequisite: THEA 585A or consent of instructor.

THEA 685A Scene Design III (2)

Prerequisites: None

THEA 685B Scene Design III (2)

Prerequisites: THEA 685A or consent of instructor.

Take 7 units of electives.

Lighting Concentration:

Take all of the following:

THEA 545 Computer Aided Design for the Theatre (2)

Prerequisites: None

THEA 548A Advanced Lighting Design I (2)

Prerequisite: Consent of instructor.

THEA 548B Advanced Lighting Design I (2)

Prerequisite: THEA 548A or consent of instructor.

THEA 555 Virtual and Automated Lighting Design (2)

Prerequisite: None

THEA 648A Advanced Lighting Design II (2)

Prerequisite: None

THEA 648B Advanced Lighting Design II (2)

Prerequisites: THEA 648A or consent of instructor.

THEA 649A Advanced Lighting Design III (2)

Prerequisite: None

THEA 649B Advanced Lighting Design III (2)

Prerequisite: THEA 649A or consent of instructor.

Take 10 units of electives.

Option in Theatre Management

The option in Theatre Management requires work in a number of different areas including front of house, box office management, press relations, outreach, development, contracts, and fundraising. Successful completion of different assignments in each area is necessary for advancement in the program. 60 units required.

Take all of the following:

THEA 502 Seminar in Theatre Management I (3)

Prerequisites: Acceptance into the MFA Program.

THEA 503 Leadership and the Arts (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

THEA 504 Managing Not-For-Profit Arts Organization (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

THEA 505 Theatre Management Internship (3)

Prerequisites: Consent of instructor.

THEA 507 Entertainment Law (3)

Prerequisite: Acceptance into the MFA Program.

THEA 517 Repertory Theatre I (2)

Prerequisites: Acceptance into the MFA Program.

THEA 518 Repertory Theatre II (2)

Prerequisites: Acceptance into the MFA Program.

THEA 519 Repertory Theatre III (2)

Prerequisites: Acceptance into the MFA Program.

THEA 523 Theory/Practice of Contemporary Theatre (3)

Prerequisite: None

THEA 524 Dramaturgy (3)

Prerequisite: Acceptance into the MFA Program.

THEA 550 Computer Graphics for Theatre (3)

Prerequisite: None

THEA 602 Seminar in Theatre Management II (3)

Prerequisites: Acceptance into the MFA Program.

THEA 699 MFA Thesis/Project (1-6)

Prerequisite: Advancement to candidacy and consent of department chair.

MKTG 500 Marketing Concepts (3)

Prerequisite: MBA standing required.

ACCT 500 Financial Accounting (3)

Prerequisite: MBA standing required.

Take 6 units of electives.

Electives with advisors approval may be taken from the University at large.

Master of Business Administration / Master of Fine Arts in Theatre Management

The MBA/MFA degree will prepare arts professionals in all areas of both arts administration and business for professional careers in arts management—in performing and exhibiting arts organizations, in arts service organizations, in government, funding agencies and arts councils. The program prepares students for high level administrative positions and provides the background essential for advancement in professional management careers.

Admission

Candidates for this program must hold the equivalent of an undergraduate degree from an accredited institution of higher learning with a minimum of 24 units of upper division work in Theatre Arts. They should have achieved an undergraduate grade point average (GPA) of at least 2.75 (B-) and 3.0 GPA in upper division theatre courses. All candidates for admission are required to complete the Graduate Management Admission Test (GMAT) and achieve a score of at least 475. The GMAT measures general verbal, mathematical, and analytical writing skills that are developed over a long period of time and are associated with success in the first year of study at graduate schools of management. For each applicant, there is a departmental evaluation, based upon diagnostic examination and an analysis of official undergraduate transcripts to determine deficiencies and all areas which must be strengthened by the graduate program.

Requirements

Business Core 1 (12 units)

Take all the following courses:

ACCT 500 Financial Accounting (3)

Prerequisite: MBA standing required.

FIN 501 Financial Management Concepts (3)

Prerequisite: MBA standing required.

MGMT 500 Business Policies/Operations/Organizations (3)

Prerequisite: MBA standing. Recommended preparation: IS 310 or 410.

MKTG 500 Marketing Concepts (3)

Prerequisite: MBA standing required.

Business Core 2 (21 units)

Take all the following courses:

ACCT 610 Managerial Accounting and Control (3)

Prerequisite: MBA standing required.

FIN 600 Seminar in Business Finance (3)

Prerequisite: MBA standing required.

HRM 652 Sem in Human Resources Management (3)

Prerequisite: None

IS 601 Quantitative Methods for Managerial Decision Making (3)

Prerequisite: MBA standing required.

IS 602 Management of Information Systems (3)

Prerequisite: MBA standing required.

MGMT 647 Seminar in Management Planning and Control Systems (3)

Prerequisites: MBA standing, plus MGMT 500 or equivalent.

MKTG 661 Seminar in Marketing Policies (3)

Prerequisite: MKTG 500.

Business Elective (3 units)

Theatre Core (9 units)

Take all the following courses:

THEA 523 Theory/Practice of Contemporary Theatre (3)

Prerequisite: None

THEA 524 Dramaturgy (3)

Prerequisite: Acceptance into the MFA Program.

THEA 696 Aesthetic Theory and Conceptualization (3)

Prerequisites: None

Theatre Management (24 units)

Take all the following courses:

THEA 502 Seminar in Theatre Management I (3)

Prerequisites: Acceptance into the MFA Program.

THEA 503 Leadership and the Arts (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

THEA 504 Managing Not-For-Profit Arts

Organization (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

THEA 507 Entertainment Law (3)

Prerequisite: Acceptance into the MFA Program.

THEA 550 Computer Graphics for Theatre (3)

Prerequisite: None

THEA 602 Seminar in Theatre Management II (3)

Prerequisites: Acceptance into the MFA Program.

Theatre Practicum (12 units)

Take all the following courses:

THEA 517 Repertory Theatre I (2)

Prerequisites: Acceptance into the MFA Program.

THEA 518 Repertory Theatre II (2)

Prerequisites: Acceptance into the MFA Program.

THEA 519 Repertory Theatre III (2)

Prerequisites: Acceptance into the MFA Program.

Culminating Thesis/Project (3 units)

Take the following course:

THEA 699 MFA Thesis/Project (1-6)

Prerequisite: Advancement to candidacy and consent of department chair.

Theatre Electives (6 units)

Electives from the University at large (per advisement)

Courses (THEA)

LOWER DIVISION

101. Fundamentals of Script Analysis (3)

Basic approach to analysis of play script, intended to provide theatre practitioners and generalists with tools necessary to understand literary text of a play, and its application to work in performance, design and critical/ historical studies.

Letter grade only (A-F).

110A,B. Theatre Arts Activity-Cast (1,1)

Participation in acting projects; open to students cast in University-sponsored productions.

Letter grade only (A-F). (60 hours minimum participation time or major crew assignment.)

111. Theatre Arts Showcase (1)

Participation in weekly projects dealing with all aspects of Theatre Arts.

Credit/No Credit grading only. May be repeated to a maximum of 8 units. (3 hours activity).

112. Beginning Voice and Speech for the Actor (3)

Theory and practice in developing command of oral techniques for stage including breath support, resonance, free vocal release, and articulation.

Letter grade only (A-F). (2 hours lecture, 2 hours activity).

113. Introduction to Acting (3)

Prerequisite/Corequisite: A GE Foundation course.

Review of actors and acting, past and present; their work as artists; basic exercises in voice, diction, movement, and personality projection. Open only to non-Theatre Arts majors. Attendance at University sponsored productions required.

Letter grade only (A-F).

114A. Fundamentals of Acting (3)

Development and preparation of the actor's instrument: voice, body, imagination. Exercises in relaxation, sensory work, motivations and relationships. Individual study of textual problems for actors.

Letter grade only (A-F). (2 hours lecture, 2 hours activity)

114B. Fundamentals of Acting (3)

Prerequisite: THEA 114A or equivalent.

Development and preparation of the actor's instrument: voice, body, imagination. Exercises in relaxation, sensory work, motivations and relationships. Individual study of textual problems for actors.

Letter grade only (A-F). (6 hours lab)

122. Theatre for the 21st Century (3)

Prerequisite/Corequisite: A GE Foundation course.

Exploring live theatre in the context of emerging technologies.

Letter grade only (A-F).

140. Theatre Arts Activity — Crew (1)

Participation in technical play production projects; specific assignment determined through consultation with faculty or staff supervisors of Scenery, Lighting, Costume, Makeup, Sound, Tech Production, or Management areas.

Letter grade only (A-F). May be repeated for a maximum of 3 units. (60 hours minimum participation time or major crew assignment)

142. Elementary Stagecraft (3)

Corequisite: THEA 140 or THEA 340.

Basic physical equipment of the theatre, elementary scenic design, construction, rigging, painting and drafting. (2 hours lecture, 2 hours lab). Letter grade only (A-F).

144. Stage Makeup (3)

May be taken concurrently with THEA 146.

Practical introduction to techniques of theatrical make-up. Students must be clean-shaven due to nature of course. Preparation of make-up material for University sponsored productions.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

146. Costume Crafts (3)

Corequisite: THEA 140 or THEA 340.

May be taken concurrently with THEA 144.

Techniques of costume and accessory construction for stage; use of fabrics, materials and equipment.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

148. Stage Lighting (3)

Corequisite: THEA 140 or THEA 340

Theory and practice of modern stage lighting; functions of light; design, layout; properties of various instruments

(2 hours lecture, 3 hours lab). Letter grade only (A-F).

201. Writing for the Theatre Arts (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

The study and application of rhetorical strategies of invention, arrangement, and style to write expository, analytic, and argumentative prose with special emphasis on particular features of writing in the Theatre Arts.

Letter grade only (A-F).

210A,B. Theatre Arts Activity — Cast (1,1)

Participation in acting projects; open to students cast in University-sponsored productions.

Letter grade only (A-F). (60 hours minimum participation time or major crew assignment)

212. How the World Talks (3)

Online practical study, exploring all the speech skills in human language (from the sounds of beat boxing to clicks) and exploring the spectrum of formal to informal speech choices in order to become more articulate and confident speakers in any context

Letter grade only (A-F)

214. Intermediate Acting (3)

Prerequisites: THEA 112, THEA 114A and THEA 114B. Should be taken directly following THEA 114B.

Introduction to scene study. Application of techniques of body, voice and imagination to dramatic texts thereby stimulating an acting process for role development.

Letter grade only (A-F). (6 hours lab)

215. Introduction to Audition Techniques (3)

Prerequisite or Corequisite: THEA 114A.

Introduction to fundamentals of auditioning for theatrical productions. For beginning actors. Focus on preparing and coaching monologues, dramatic sides and callbacks.

Letter grade only (A-F). (6 hours lab)

221. History of Theatre and Drama to 1660 (3)

Prerequisite: THEA 101 or concurrent enrollment or consent of instructor.

Development of Theatre Arts from primitive origins to the 17th Century.

Letter grade only (A-F). Not open for credit to students with credit on THEA 321.

222. History of Theatre and Drama Since 1660 (3)

Prerequisite: THEA 221 or consent of instructor.

Development of Theatre Arts from 17th Century to present.

Letter grade only (A-F). Not open for credit to students with credit on THEA 322.

240. Theatre Arts Activity — Crew (1)

Participation in technical play production projects; specific assignment determined through consultation with faculty or staff supervisors of Scenery, Lighting, Costume, Makeup, Sound, Tech Production, or Management areas.

Letter grade only (A-F). May be repeated for a maximum of 3 units. (60 hours minimum participation time or major crew assignment).

262. Beginning Movement for the Actor (3)

Beginning movement training for the actor based on physical conditioning and non-verbal communication related to beginning acting process.

Letter grade only (A-F). (6 hours activity)

271. Stage Management (3)

Corequisite: THEA 240 or THEA 440

Management skills required for the professional stage manager. Examines responsibilities, and function of stage manager in relation to director, designer, and performer.

Letter grade only (A-F). (2 hours lecture, 2 hours activity)

290. Selected Topics in Theatre Arts (3)

Prerequisite: Consent of instructor.

Topic of current interest in Theatre Arts selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics in different semesters. Topics announced in the *Schedule of Classes*. (2 hours lecture, 2 hours activity)

UPPER DIVISION

310A,B. Theatre Arts Activity — Cast (1,1)

Participation in acting projects; open to students cast in University-sponsored productions.

Letter grade only (A-F). (60 hours minimum participation time or major crew assignment)

312. Applied Voice and Speech for the Actor (3)

Prerequisite: THEA 112 or equivalent and Admission into the Performance Option by adjudicated audition or consent of instructor.

Further study of vocal techniques for theatre, including variety of quality, force, tempo and pitch, scansion, and imagery. Application of basics learned in 112 to more complicated dramatic texts.

Letter grade only (A-F). (2 hours lecture, 2 hours activity)

316. Rehearsal and Performance (3)

Prerequisites: THEA 114A and THEA 114B.

Performance based class focusing on interrelationship of actor and director. Working with director on creative process, interpreting demands of director and combining these with actor's creative process.

Letter grade only (A-F). (6 hours lab)

318A. Advanced Actor's Process (3)

Prerequisites: THEA 214, THEA 316 and Admission into the Performance Option by adjudicated audition or consent of instructor.

Playing Action: Intensive scene study in late 19th century dramatic texts.

Letter grade only (A-F). (6 hours lab)

318B. Advanced Actor's Process (3)

Prerequisites: THEA 318A or consent of instructor.

Character in action: Process of actor role development through Michael Chekhov acting technique and 20th century dramatic texts.

Letter grade only. (A-F). (6 hours lab.)

323. The Integration of Design and Performance (3)

Prerequisite: Completion of GE Foundation

Online course will explore the symbiotic and synergetic effects of design and performance. Analyze how visual and aural environments enhance and influence the storytelling of the actors and the engagement of the audience.

Letter Grade only (A-F)

324. Theatre Today (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines current trends, achievements and problems in contemporary western theatre and dramatic literature. Particular attention will be paid to multicultural expression in the theatre.

Same course as CWL 324. Not open for credit to students with credit in CWL 324.

327. Theatre, Protest, and Social Change (3)

Prerequisite: G.E. foundation and upper-division status, Students must have scored an 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

The study of Theatre's role as a medium of protest and social change in United States history, with emphasis on analysis of individual works.

Letter grade only (A-F).

340. Theatre Arts Activity — Crew (1)

Participation in technical play production projects; specific assignment determined through consultation with faculty or staff supervisors of Scenery, Lighting, Costume, Makeup, Sound, Tech Production, or Management areas.

Letter grade only (A-F). May be repeated for a maximum of 3 units. (60 hours minimum participation time or major crew assignment.)

341. Presentation Techniques for Theatre (3)

Develop understanding of form, shape, line, and tone through exercises with various media. Explore approach to visualization and presentation techniques for theatre design.

Letter grade only (A-F). (2 hours lecture, 2 hours activity)

342. Advanced Technical Theatre (3)

Prerequisite: THEA 142 or consent of instructor.

Investigation of tools, materials, and procedures used in scenic construction and rigging. Supervised practical application of the techniques through scenic drafting and work on University

sponsored productions.

(2 hours lecture, 2 hours activity)

344. Theatrical Makeup Design (3)

Corequisite: THEA 440

Exploration of theatrical make-up design techniques and their application.

Letter grade only (A-F).

352. Foundations of Visual Expression (3)

Introduction to basics of visual composition stressing a link to Theatre Design. Emphasizes development of visual discipline, creative skills and poetic and artistic nature of theatre design.

Letter grade only (A-F). (2 hours lecture, 2 hours activity)

364. Stage Combat (3)

Prerequisite: THEA 262 and Admission into the Performance Option by adjudicated audition or consent of instructor.

Practical study of unarmed combat for stage. Covers technique, safety, and application of combat skills for acting process.

Letter grade only (A-F). (2 hours lecture, 2 hours activity).

365. Improvisation and Comedy (3)

Prerequisite(s): Admission into the Performance Option by adjudicated audition or consent of instructor.

Survey of basic improvisation techniques and laboratory for short-form improvisation, long-form improvisation and self-generated material.

Letter grade only (A-F). (2 hours lecture, 2 hours lab.)

371. Intermediate Stage Management (3)

Prerequisites: THEA 271. Corequisites: Theatre Activity Unit.

In-depth study of Actor's Equity Association contract and legalities, advanced rehearsal, technical rehearsal and performance scheduling and management: including dance, opera, musical theatre and touring theatre. Students will be expected to Lead Assistant Stage Manager a Cal Rep/Studio Heavy production, or Stage Manager a Player's Light production.

Letter grade only (A-F). Requires a 30-hour lab and a 60-hour activity unit.

374. Fundamentals of Directing (3)

Prerequisites: THEA 101 and THEA 114A or consent of instructor.

Introduction to script analysis, rehearsal techniques, director's prompt book and organization of stage space and time.

Using contemporary realistic plays to develop actor/director communication skills. Intensive scene work.

Letter grade only (A-F). (6 hours lab)

375. Intermediate Directing (3)

Prerequisite: THEA 374 and consent of instructor.

Intensive work using nonrealistic plays to develop director's concept, advanced script analysis and approach to challenges of style. Introduction to collaboration with set, lighting, costume, sound, and make up designers. Intensive scene work with student actors focusing on rehearsal techniques.

Letter grade only (A-F). (6 hours lab)

380. Playwriting (3)

Creative writing for the stage. Study of character, concept, theme, dialogue and structure.

Letter grade only (A-F).

390. Selected Topics in Theatre Arts (1-3)

Prerequisite: Consent of Instructor

Topics of current interest in Theatre Arts selected for intensive study.

Letter grade only (A-F). May be taken to a maximum of 9 units.

Topics announced in the *Schedule of Classes*. (Lecture 1-3 hours)

410A,B. Theatre Arts Activity — Cast (1,1)

Participation in acting projects; open to students cast in University-sponsored productions.

Letter grade only (A-F). (60 hours minimum participation time or major crew assignment).

413. Film/Video Acting (3)

Prerequisite: THEA 318A and consent of Instructor

Acting techniques required for stylistic range and variety of film and television scripts. Video recording and playback of scenes and filmic acting exercises to adjust acting skills to these media.

Letter grade only (A-F). (6 hours activity)

414. Period Scene Study (3)

Prerequisite: THEA 318A and/or consent of instructor.

Scenes from period plays including Greek, Shakespeare, Comedy of Manners. Analysis of play's structure in terms of language, background, human behavior.

Letter grade only (A-F). (6 hours activity)

415. Preparing for the Profession (3)

Prerequisite: THEA 318A or consent of instructor.

Designed to acquaint actor with auditioning skills and practical business information necessary for acting professionally. Topics include: picture, resume, interview, audition, agent, casting, director, unions, contracts, job market and career strategies.

Letter grade only (A-F). (2 hours lecture, 2 hours activity).

425. Theatre and Cinema (3)

Prerequisites: Completion of G.E. foundation, one or more Explorations courses, and upper-division standing.

Examines relationships between theatre and cinema both historically and concerning problems of realism, comedy and melodrama.

Letter grade only (A-F).

426./526. Dramatic Theory and Criticism (3)

A study of the theories of dramatic literature and performance. Analysis of dramatic works in relationship to theory, cultural context, and critical methodologies.

Letter grade only (A-F).

427. Dramatic Construction (3)

Prerequisites: GE Foundation requirements; at least one Exploration course in Theatre Arts or in literature (an English literature course, comparative world literature course, foreign language literature course, or other literature course); and upper division standing. Students must have scored 11 or higher on the GEAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GEAR Writing Intensive Capstone.

Writing-intensive exploration of dramatic and literary theories that focus on narrative construction as applied to drama, film, storytelling and screenwriting.

Letter grade only (A-F).

433. Design for Theatre (3)

Prerequisites: THEA 142, THEA 146, THEA 148 or consent of instructor.

Integration of styles and methods of theatrical costume, makeup, sound, scenery, and lighting design.

Letter grade only (A-F).

440. Theatre Arts Activity — Crew (1)

Participation in technical play production projects; specific assignment determined through consultation with faculty or staff supervisors of Scenery, Lighting, Costume, Makeup, Sound, Tech Production, or Management areas.

Letter grade only (A-F). May be repeated for a maximum of 3 units. (60 hours minimum participation time or major crew assignment).

441. Scenographic Techniques (3)

Prerequisite: THEA 142 or consent of instructor.

Study of drafting techniques used to translate designer's vision to finished set on stage. Includes both traditional and computer aided design and drafting tools.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

442. Scenic Technical Skills (3)

Prerequisite: THEA 142 or consent of instructor.

Use of materials and construction methods in stage properties, set dressing and furniture. Painting techniques for scenery and properties. Supervision in practical application of these elements in University sponsored productions.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

443./543. Special Applications In Theatrical Makeup (3)

Prerequisite: THEA 344 or consent of instructor.

Corequisite: THEA 440.

Special effects and new trends in theatrical make-up design techniques for characterization and style. Design, preparation and application of theatrical makeup for University sponsored productions.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

444. Scenic Design (3)

Prerequisite: THEA 101, THEA 142, THEA 433.

Comprehensive study in techniques and art of scenic design. Course includes practical hands-on instruction in design conceptual development and two and three dimensional visual expressions of ideas.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

446. Costume Design (3)

Prerequisite: THEA 101, THEA 146 or consent of instructor.

Development of costume design through character and script analysis and understanding of line, space, color, and texture. Planning and presentation of costume rendering.

May be repeated for a maximum of 6 units in different semesters. (2 hours lecture, 2 hours lab)

447./547. Costume Technical Skills (3)

Prerequisite: THEA 101, THEA 146, or consent of instructor.

Analysis of structure of costumes and accessories. Advanced technical projects using materials, patterning and construction methods in costume and accessories. Supervision in practical application of these elements in University sponsored productions.

Letter grade only (A-F). May be repeated for a maximum of 6 units in different semesters. (2 hours lecture, 2 hours lab)

448. Lighting Design (3)

Prerequisites: THEA 101, THEA 148 or consent of instructor.

Techniques of designing lighting for various stage forms; creative planning and projection of designs for specific productions.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (2 hours lecture, 2 hours lab)

449. Sound Design for the Theatre (3)

Introduction to scope, tools, materials and practices of sound in theatre today.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

462. Advanced Movement for the Actor (3)

Prerequisite: THEA 262 and Admission into the Performance option by adjudicated audition or consent of instructor.

Kinesthetic approaches to theatrically utilizing heightened physical language to explore character, relationship and truth.

Letter grade only (A-F). (6 hours lab)

476. Theatre Management (3)

Examination of administration, management and promotion of a producing theatre organization. Practical application required in University-sponsored productions.

Letter grade only (A-F).

480. Advanced Playwriting (3)

Prerequisite: THEA 380 or consent of instructor

Exploration of advanced playwriting concepts including non-traditional approaches to narrative, stylistic innovation, theatricality and heightened poetic language.

Letter grade only (A-F). (2 hours lecture, 2 hours lab.)

490. Selected Topics in Theatre Arts (3)

Prerequisites: Consent of instructor.

Topics of current interest in Theatre Arts selected for intensive study.

Letter grade only (A-F). May be taken to a maximum of 9 units. Topics announced in the *Schedule of Classes*. (Lecture 2 hours, activity 2 hours)

498. Selected Topics in Theatre Arts (3)

Prerequisites: Consent of instructor.

Independent projects and research of advanced nature in areas of Theatre Arts under faculty supervision.

Letter grade only (A-F). May be repeated to a maximum of 6 units of the same topic in the same area. Topics announced in the *Schedule of Classes*.

- A. Acting
- B. Directing
- C. Costume
- D. Scenery
- E. Properties
- K. Theatre criticism
- L. Movement
- M. Makeup
- N. Lighting
- O. Voice
- P. Stage management
- Q. Theatre management

GRADUATE LEVEL

502. Seminar in Theatre Management I (3)

Prerequisites: Acceptance into the MFA Program.

Study of contemporary principles of management processes specifically targeted to people pursuing professional Theatre Arts Management careers. Principles and practices of marketing, development, fund-raising, and publicity are analyzed and assessed through research and study.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (2 hours lecture, 2 hours lab)

503. Leadership and the Arts (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

Study of contemporary principles of leadership and leadership development processes with special concern for application to people working in the arts. Context for leadership in arts organization is assessed and matched against students' personal leadership styles.

Letter grade only (A-F). (2 hours lecture, 2 hours lab)

504. Managing the Not-For-Profit Arts Organization (3)

Prerequisites: Acceptance into the MFA Program or senior standing and completion of THEA 476 or consent of instructor.

Study of principles of organizational management as applied to not-for-profit arts organizations. Issues include strategic planning and analysis, organizing, staffing, leading and controlling. Additionally studied are principles and practices of fundraising in not-for-profit environment.

Letter grade only (A-F).

505. Theatre Management Internship (3)

Prerequisites: Consent of instructor.

Required internship with local area theatre to provide management students with access to nationally recognized companies and the opportunity to work with leaders in the field.

Letter grade only (A-F).

507. Entertainment Law (3)

Prerequisite: Acceptance into the MFA Program.

Overview of legal aspects of entertainment business, especially in performing arts.

Letter grade only (A-F).

517. Repertory Theatre I (2)

Prerequisites: Acceptance into the MFA Program.

Design, preparation, rehearsals and performances of selected plays in California Repertory Company and University Players.

Letter grade only (A-F). May be repeated to a maximum of 4 units (6 hours lab)

518. Repertory Theatre II (2)

Prerequisites: Acceptance into the MFA Program.

Design, preparation, rehearsals and performances of selected plays in California Repertory Company and University Players.

Letter grade only (A-F). May be repeated to a maximum of 4 units (6 hours lab)

519. Repertory Theatre III (2)

Prerequisites: Acceptance into the MFA Program.

Design, preparation, rehearsals and performances of selected plays in California Repertory Company and University Players.

Letter grade only (A-F). May be repeated to a maximum of 4 units. (6 hours lab)

520A. Voice (3)

Practical study of vocal production for the actor and theory and practice of teaching voice and speech.

Letter grade only (A-F). (2 hours seminar, 2 hours activity)

520B. Voice (3)

Application of vocal technique into various styles of verse and prose for meaningful vocal expressiveness and into the creation and performance of self-scripted text.

Letter grade only (A-F). (2 hours seminar, 2 hours activity)

521A. Speech (3)

Practical study of speech production for the actor and theory and practice of the teaching of speech.

Letter grade only (A-F). (2 hours seminar, 2 hours activity)

521B. Speech (3)

Analysis and development of accents for performance and presentation.

Letter grade only (A-F). (2 hours seminar, 2 hours activity)

523. Theory and Practice of Contemporary Theatre (3)

Critical exploration of major schools of thought between 1980-present including styles, genres and both national and international trends. Contributions of theatre practitioners and theorists and role of audience in this period.

Letter grade only (A-F).

524. Dramaturgy (3)

Prerequisite: Acceptance into the MFA Program.

Dramaturgical approaches to textual analysis, dramatic structure and the theatrical event.

Letter grade only (A-F).

525. Theatrical Critical Theory (3)

History, analysis and application of dramatic critical theory (3 hours seminar)

Letter Grade Only (A-F)

526./426. Dramatic Theory and Criticism (3)

Study of the major theories of dramatic literature and performance. Analysis of dramatic works in relationship to theory, cultural context, and critical methodologies.

Letter grade only (A-F).

530A. Acting I (3)

Praxis, theory and history related to teaching the art of acting. Focus is on work on role and dramatic texts from American Psychological Realism.

Letter grade only (A-F). (2 hours seminar, 2 hours activity).

530B. Acting I (3)

Prerequisite: THEA 530A.

Praxis, theory and history related to teaching the art of acting. Focus is on work on the role and dramatic texts from Russian Psychological Realism.

Letter grade only (A-F). (2 hours seminar, 2 hours activity).

531A. Acting II (3)

Praxis, theory and history related to the texts of William Shakespeare. A variety of approaches will be applied to acting and teaching methodologies when working in the dramatic canon of William Shakespeare.

Letter grade only (A-F). (2 hours seminar, 2 hours activity).

531B. Acting II (3)

Prerequisite: THEA 531A.

Praxis, theory and history related to acting in the dramatic texts of non-linear existential, absurdist authors as well as acting on camera in screenplays and teleplays. A variety of approaches will be applied to acting and teaching methodologies.

Letter grade only (A-F). (2 hours seminar, 2 hours activity).

540. Non-traditional Material Use in the Theatre (2)

Prerequisite: Consent of instructor.

Creative use of non-traditional materials in the design and fabrication of props, accessories and set dressing. Exploration into decorative techniques and processes in fabrication and finishing.

Letter grade only (A-F). (4 hours lab)

541. Portfolio Development (3)

Study of content and presentation forms of designer's portfolio, resume and cover letter. Acquaints the designer/technician with interview skills and practical business information.

Letter grade only (A-F). (4 hours lab)

543./443. Special Applications In Theatrical Makeup (3)

Prerequisite: THEA 344 or consent of instructor.

Corequisite: THEA 517 or THEA 518 or THEA 519

Special effects and new trends in theatrical makeup design techniques for characterization and style. Design, preparation and application of theatrical makeup for University sponsored productions.

Letter grade only (A-F). (2 hours lecture, 2 hours lab.)

544. Visual Concepts in Theatre Design (3)

Foundations in visual conceptualization emphasizing development of visual discipline, creative skills and the poetic nature of theatre design.

Letter grade only (A-F). (4 hours lab)

545. Computer Aided Design for the Theatre (2)

Applications of two/three dimensional computer aided design/drafting programs to problems in technical theatre and design. Course concentrates on application of 2D-CADD programs to common theatrical drafting problems. Course explores use of 3D-CADD programs as design tools in theatrical spaces.

Letter grade only (A-F). (4 hours lab)

546A. Advanced Costume Design I (2)

Development of costume design through character and script analysis, and understanding of line, space, color and texture.

Letter grade only (A-F). (4 hours lab)

546B. Advanced Costume Design I (2)

Prerequisite: THEA 546A or consent of instructor.

Exploration of elements of design as demanded by a variety of scripts and styles.

Letter grade only (A-F). (4 hours lab)

547./447. Costume Technical Skills (3)

Prerequisite: THEA 101, THEA 146, or consent of instructor.

Analysis of structure of costumes and accessories. Advanced technical projects using materials, patterning and construction methods in costume and accessories. Supervision in practical application of these elements in University sponsored productions.

Letter grade only (A-F). May be repeated for a maximum of 6 units in different semesters. (2 hrs. lecture, 2 hrs. lab).

548A. Advanced Lighting Design I (2)

Prerequisite: Consent of instructor.

Techniques of designing lighting for various stage forms.

Letter grade only (A-F). (4 hours lab)

548B. Advanced Lighting Design I (2)

Prerequisite: THEA 548A or consent of instructor.

Creative planning and development of lighting designs for specific productions.

Letter grade only (A-F). (4 hours lab)

550. Computer Graphics for Theatre (3)

A comprehensive study of tools and techniques incorporated in Adobe PhotoShop and their application to theatre. Techniques in scanning, digital image manipulation and exporting to hard and soft copies are covered.

Letter grade only (A-F). (1 hour lecture, 2 hours lab)

552. Collaborative Studies (3)

Explores aesthetic visions, directorial approaches, dramaturgical practices and performance styles. Use of collaborative study and presentation to expand creativity with the integration of methodologies as seen in professional arenas.

Letter grade only (A-F). (3 hours seminar)

554. Textile Applications in Theatre Design (2)

Exploration and creative application of techniques of manipulating, painting and dyeing textiles for theatrical design.

Letter grade only (A-F). (4 hours lab)

555. Virtual and Automated Lighting Design (2)

Comprehensive study in techniques of virtual and automated lighting design. Course includes practical instruction in WYSIWYG virtual lighting software; Emphasis Control software and hardware; Vari*Lite, Martin, and High End automated fixtures, and the Catalyst Media Server.

Letter grade only (A-F). (Activity 4 hours)

556A. Advanced Costume Design II (2)

Development of skills in visual communication and style, including advanced rendering techniques and presentation.

Letter grade only (A-F). (4 hours lab)

556B. Advanced Costume Design II (2)

Prerequisite: THEA 556A or consent of instructor.

Development of skills in research, interpretation, conceptualization and integrating multiple sources in design.

Letter grade only (A-F). (4 hours lab)

564A. Movement I (3)

Practical study in movement fundamentals, body mechanics, and non-verbal communication through the lens of several diverse theories. Theory and practice of the teaching of movement for actors. Letter grade only (A-F). (2 hours seminar, 2 hours activity).

564B. Movement I (3)

Analytical and practical exploration of movement principles of weight, space, time, and energy and their application to the acting process. Letter grade only (A-F). (2 hours seminar, 2 hours activity).

565A. Movement II (3)

Practical study of clown work and mime for the actor and study in theory and practice of teaching clown and mime. Letter grade only (A-F). (2 hours seminar, 2 hours activity).

565B. Movement II (3)

Practical and theoretical study of armed and unarmed combat for the stage. Covers technique, safety, choreography, and application to acting process. Letter grade only (A-F). (2 hours seminar, 2 hours activity).

574. Directing (3)

Analysis and application of theatre directing theory in relation to the teaching of directorial research, textual analysis, conceptualization and collaborative design and rehearsal techniques. Letter Grade only (A-F).
2 hours seminar, 2 hours activity

580A. Scene Design I (2)

Development of scene design through script analysis and understanding of space, form, line, color, texture and mood. Planning and development of scenic rendering and model. Letter grade only (A-F). (4 hours lab)

580B. Scene Design I (2)

Prerequisite: THEA 580A or consent of instructor.
Exploration of elements of scenic design as demanded by a variety of scripts and styles with specific challenges and complex production format. Letter grade only (A-F). (4 hours lab)

581. Scenographic Techniques (2)

Study of drafting techniques used to translate designer's vision to finished set on stage. Includes both traditional and computer aided design and drafting tools. Letter grade only (A-F). (4 hours lab)

583. Theatrical Patterning Methods (2)

Exploration of fitting, advanced patterning and construction techniques. Projects in fitting problems, flat patterning, draping, understructures and tailoring for theatre. Letter grade only (A-F). (4 hours lab)

584. Rendering and Painting for Theatre (2)

Introduction to rendering basics and painting stressing links to art of theatre design. Developing ability to depict form and space. Emphasizes development of visual discipline, drawing and rendering techniques used in visual presentation of stage design and scenic painting. Letter grade only (A-F). (4 hours lab)

585A. Scene Design II (2)

Projects in scene design for the multi-set play. Consideration of stylistic unity, current trends and approaches as well as shifting problems. Development of advanced rendering techniques. Letter grade only (A-F). (4 hours lab)

585B. Scene Design II (2)

Prerequisite: THEA 585A or consent of instructor.
Further development of skills in scene design for multi-set play.

Development of advanced model making techniques. Letter grade only (A-F). (4 hours lab)

590. Selected Topics - Graduation Design (3)

Prerequisite: Consent of Instructor.
Advanced design projects and concepts with faculty supervision. Letter grade only (A-F). May be repeated for a maximum of 9 units in different semesters. Topics announced in the *Schedule of Classes*.

- C. Costumer
- D. Scenery
- N. Lighting

602. Seminar in Theatre Management II (3)

Prerequisites: Acceptance into the MFA Program.
Study of application of contemporary principles of management processes specifically targeted to people pursuing professional Theatre Arts Management careers. Applications of principles and practices of marketing, development, fund-raising, and publicity are analyzed and assessed through research and study. Letter grade only (A-F). May be repeated to a maximum of 9 units.

614. Advanced Period Scene Study (3)

Prerequisite: Acceptance by audition into MFA program.
Acting in Shakespeare and advanced scene study from selected theatrical periods and plays. Analysis and exercises include language, background, and human behavior. Letter grade only (A-F).

628. Writing for the Theatre Professional (3)

Prerequisite: Admission to Theatre Arts MFA program
Development and practice of research, critical thinking, and writing skills for Theatre. Letter grade only (A-F).

648A. Advanced Lighting Design II (2)

Direct application of cueing and structuring of the total lighting design within the time constraints of rehearsal and production. Letter grade only (A-F). (4 hours lab)

648B. Advanced Lighting Design II (2)

Prerequisites: THEA 648A or consent of instructor.
Development of skills in lighting design process for a variety of scripts and styles with specific challenges and complex production formats. Letter grade only (A-F). (4 hours lab)

649A. Advanced Lighting Design III (2)

Development of skills in lighting for musical, opera, video, and dance. Letter grade only (A-F). (4 hours lab)

649B. Advanced Lighting Design III (2)

Prerequisite: THEA 649A or consent of instructor.
Development of skills in lighting for other production venues. Letter grade only (A-F). (4 hours lab)

656A. Advanced Costume Design III (2)

Development of skills in costume design for musical, opera, and dance. Letter grade only (A-F). (4 hours lab)

656B. Advanced Costume Design III (2)

Prerequisite: THEA 656A or consent of instructor.
Development of skills in costume design for other production venues. Letter grade only (A-F). (4 hours lab)

685A. Scene Design III (2)

Development of skills in scene design for musical, opera, and dance. Letter grade only (A-F). (4 hours lab)

685B. Scene Design III (2)

Prerequisites: THEA 685A or consent of instructor.

Further development of skills in scene design for other production venues.

Letter grade only (A-F). (4 hours lab)

686. Theatrical Tailoring (2)

Investigation of tailored garments and understructures in selected historical periods. Projects in traditional and contemporary hand machine tailoring techniques, and in specialized construction for undergarments. Supervision in practical application of these elements in university sponsored productions.

Letter grade only (A-F). (4 hours lab)

690. Selected Topics in Theatre (1-3)

Prerequisite: Consent of the instructor.

Topics of current interest in Theatre Arts selected for intensive study.

Letter grade only. (A-F). May be taken for maximum of 9 units. Topics announced in the *Schedule of Classes*. (2 hours lecture, 2 hours lab.)

694. Selected Topics in Theatre Arts (3)

Prerequisite: Consent of instructor.

Advanced individual projects with faculty supervision in an area of Theatre Arts specialization.

Letter grade only (A-F). May be repeated to a maximum of 9 units. Limited to 3 units in any one area per semester and no more than 6 units in one semester with a total of 9 units in any one area. Topics announced in the *Schedule of Classes*.

- A. Acting
- B. Directing
- C. Costumes
- D. Scenery
- F. Playwriting
- J. Theatre History
- K. Theatre Criticism
- L. Movement
- M. Makeup
- N. Lighting
- O. Voice
- P. Stage Management
- Q. Theatre Management

696. Aesthetic Theory and Conceptualization (3)

Aesthetic theory as it applies to the creative act.

Letter grade only (A-F).

699. MFA Thesis/Project (1-6)

Prerequisite: Advancement to candidacy and consent of department chair.

Planning, preparation and completion of thesis related to field of specialization.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

UNIVERSITY COURSES

University Academic Programs

Vice Provost for Academic Affairs and Dean of Graduate

Studies: Cecile Lindsay

Office: Academic Affairs

Educational Opportunity Program (EOP)

100. Educational Opportunity Program Orientation (2)

Introduction and orientation to college life for EOP students. Review of campus and community resources available to support students participating in the EOP. Instruction in various academic survival skills necessary for college success. Letter grade only (A-F).

300. Orientation for EOP Transfer Students (1)

Assists with decisions regarding academic, professional and personal lives. Familiarizes students with University academic policies, MyCSULB, Beach board, library research tools and databases, exploration of academic programs and career options, refines study skills and provides network opportunities.

Credit/No Credit grading only.

International Education (INTL)

400. Upper Division Coursework Taken at a Foreign University (1-4)

Advanced college level coursework completed at a foreign university under the auspices of a CSULB exchange program. Course content is planned in cooperation with CSULB faculty.

500. Graduate Level Coursework Taken at a Foreign University (1-4)

Graduate college level coursework completed at a foreign university under the auspices of a CSULB exchange program. Content is planned in cooperation with CSULB faculty. Letter grade only (A-F).

Internship Program

CBA 493. Business Internship (1-3)

Prerequisites: Classified business major, consent of instructor.

Qualifying students placed in career-related paid assignments in private or public agencies or businesses. Organized plan utilizing series of seminars and learning agreements required with selected reading and writing assignments.

May be repeated to a maximum of 6 units. A minimum of 120 hours paid experience per semester is required.

ED P 492. Internships in the Human Services (3)

Prerequisite: Consent of instructor.

Students are placed in agencies and organizations to engage in volunteer or paid work in human services/mental health. Required 15 hour seminar focuses on personal values, interpersonal communications skills, critical thinking, and problem solving. Development of knowledge and skills transferable to future careers will be stressed.

A minimum of 120 hours field experience is required for the semester.

FEA 492. Internship (3)

Prerequisites: Senior standing in major or consent of instructor.

Students intern with cooperating media facilities.

Credit/No Credit grading only. May be repeated to a maximum of 6 units. (6 hours lab)

Supplemental Instruction (S/I)

60. Supplemental Instruction (1)

An adjunct support class tied to select general education courses. Students enroll in the target GE course and the SI class together.

University (UNIV)

101. Freshman Seminar for Undeclared Students (1)

Focuses on the transition between college learning and college life: self reflection, academic development, and educational planning. Instruction will include discussing connections, and providing a realization of what an integrated, holistic experience their college experience can be.

Credit/No Credit grading only.

200. U.S. Military Basic Training (3)

Prerequisite: GE Foundation requirements.

For active U.S. military service members and veterans only. Credit granted with verification of successful completion of Basic Training for U.S. Army, Navy, Air Force, Marines, or Coast Guard.

296. Undergraduate Research Seminar: Entering Research I (1)

Prerequisite/Corequisite: Admission to and concurrent enrollment in the Undergraduate Research Opportunity Program or consent of faculty director.

Introductory seminar to introduce students to academic and creative research. Topics include research ethics and methods, writing for research purposes, literature review, information literacy, and information technology. Includes research-focused field trips.

Letter grade only (A-F). May be repeated to a maximum of 2 units in different semesters.

297. Undergraduate Research Seminar: Entering Research II (1)

Prerequisite/Corequisite: Admission to and concurrent enrollment in the Undergraduate Research Opportunity Program or consent of faculty director.

Advanced research seminar to support research engagement alongside a faculty sponsor. Topics include creating a successful research placement, advanced research ethics, research methods across the disciplines, diversity and multiculturalism in research, career exploration, and major preparation.

Letter grade only (A-F). May be repeated to a maximum of 2 units in different semesters.

300. Selected Topics in Civic Engagement in American Society (3)

Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Focuses on students with interests in civic engagement. Students investigate civic issues and will also travel to a geographic location affected by the issue engaging in service learning work.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics announced in the *Schedule of Classes*.

A. The Politics of Disaster: Hurricane Katrina and its Aftermath

301. Special Topics in Global Issues (3)

Prerequisites: Completion of GE foundation requirements, and one or more exploration courses, plus upper-division standing. Students must have scored 11 or higher on the GVAR Placement Examination or completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone.

Course will focus on current topics with an emphasis on global issues or world societies. Students will investigate a global issue and another culture through a study abroad experience. Students will learn through experiential learning and substantial writing.

Travel-related expenses apply. May be repeated to a maximum of six units. Contact hours for course will be a significant portion of each day while abroad.

Writing Proficiency

WPE 10. Preparation for the WPE (1)

Non-baccalaureate-level course designed to prepare students for the Writing Proficiency Examination (WPE) for which a passing score is 11. Recommended for students who have not yet attempted the WPE or who have previously failed the test with a score of 8 or below.

Credit/No Credit grading only. May be repeated until the WPE is successfully passed. (Activity)

WPE 20. Preparation for the WPE (1)

Non-baccalaureate-level course designed to prepare students for the Writing Proficiency Examination (WPE) for which a passing score is 11. Recommended for students who have previously failed the WPE with a score of 9 or 10.

Credit/No Credit grading only. May be repeated until the WPE is successfully passed. (Activity)

ENGL 301A. English Proficiency (3)

Prerequisites: ENGL 100 or equivalent.

Intermediate course in English usage with emphasis on building proficiency in oral and written language.

Enrollment limited to students needing language development beyond skills acquired in ENGL 100, as assessed by scores on WPE. May be repeated to a maximum of 6 units. Not applicable to credit in any degree program of the Department of English.

ENGL 301B. English Proficiency (3)

Prerequisites: ENGL 100 or equivalent.

Advanced course in English usage with emphasis on building proficiency in written language.

May be repeated to a maximum of 6 units. Not applicable to credit in any degree program of the Department of English. Enrollment limited to students needing language development beyond skills acquired in ENGL 100, as assessed by scores on the Writing Proficiency Exam. May be used to satisfy the GVAR.

UNIVERSITY HONORS PROGRAM

University Academic Programs

Associate Vice President for Undergraduate Studies:

Dr. Nele Hempel-Lame

Director: Dr. Deborah Thien

Assistant Director: Terri Iler

Academic Advisor: Kashima Samuels

Office: Library West (LBW), Room 214

Phone: (562) 985-4706

The University Honors Program provides a selected group of highly qualified students with a unique educational experience. With small classes and opportunities to work closely with distinguished faculty and advisors, the University Honors Program offers students the best of a small college experience alongside the opportunities afforded by a comprehensive university setting. It unites the committed student and faculty member in a learning relationship in which each has the highest expectations of the other. Students will be fully immersed in the learning process and therefore must have both the ability and willingness to do intense and often self-directed intellectual work as well as a desire to make the most of the opportunities available in the University.

General Honors offers a special approach to the General Education requirements of the University through a cohesive and unified program of study. It is a program of carefully selected courses and specially designed, multi-disciplinary seminars, most of which are applied toward the 48 units of General Education courses required for graduation of all students.

Program Requirements

General Honors Plan I and II students must complete all University-wide graduation requirements and the requirements for their major. General Honors is itself not a major. Available within the University Honors Program are two alternative General Honors tracks, designed to meet the varying needs of incoming and continuing CSULB students:

- 1) General Honors Plan I (minimum of 24 lower- and upper- division units) is designed for entering freshmen and consists of a minimum of 18 units of lower- and upper-division General Education, major, and/or elective Honors courses (which *may* include UHP 100 and UHP 150, but *must* include *at least two* of the Los Angeles Studies series of UHP courses: UHP 101, 201, 301, 401) and a culminating 6-unit senior thesis/project in the student's major (UHP 496, Research Participation, and UHP 498, Senior Thesis/Project).
- 2) General Honors Plan II (minimum of 15 upper-division units) is primarily designed for upper-division transfers from community colleges and continuing CSULB students. General Honors Plan II consists of a minimum of 9 units of upper-division General Education, major, and/or elective Honors courses and a culminating 6-unit senior thesis/project in the student's major (UHP 496, Research Participation, and UHP 498, Senior Thesis/Project).

In addition to completing the number of academic units required for General Honors Plan I or II, a student must maintain a cumulative GPA of 3.00 or higher in Honors and in all University courses attempted to earn an Honors Certificate. Students who fall below this required minimum GPA are placed on inactive status until they have regained a GPA of 3.00 or higher. Additionally, students who have failed to enroll in courses for Honors credit for two consecutive semesters are not considered in good standing and will normally be withdrawn from the Program. Demonstrated lack of engagement in the CSULB Honors community as well as dishonest behavior/plagiarism are also grounds for dismissal from the University Honors Program

Admissions Requirements

There are three ways a student may enter the University Honors Program. Detailed application guidelines can be found on the website of the University Honors Program at www.csulb.edu/uhp. Please be advised that the University Honors Program offers a distinct Engineering Honors option for students pursuing a major in Engineering. These students must meet specific application criteria and procedures that are outlined on the website indicated above. Admitted Engineering students follow the requirements of General Honors Plan I or II.

- Incoming first-year students are invited to apply to General Honors I on the basis of high school class standings, ACT composite score, and/or SAT scores. Normally, students should be in the upper ten percent of their high school classes, and have an ACT composite score of at least 24, and/or strong SAT scores, and a GPA of 3.5 or higher. Even if not all criteria are met, a combination of them may be evaluated for admissions consideration by the Honors Program Director under special circumstances.
- Any continuing student who maintains a 3.5 or higher cumulative GPA at California State University, Long Beach and can accommodate 15 units of upper-division Honors coursework into his/her graduation timeline is eligible to apply to General Honors II. CSULB students not meeting the designated criteria may petition for admission. These exceptional cases will be reviewed by the Director and the University Honors Program Advisory Board. Students are encouraged to petition if they have a good explanation for not meeting the basic requirements and/or a strong motivation to participate in the Program.

Transfer students may apply to General Honors II, provided they have a minimum equivalent of a 3.5 GPA in all coursework at the accredited institution from which they are transferring. Where Honors transfer agreements have been negotiated with a community college (such as with Long Beach City College), the terms and conditions of these agreements govern admission to the CSULB University Honors Program.

Honors in the Major (available in select majors only)

Many CSULB majors provide students with an option to pursue Honors in the Major. Students in General Honors whose major department offers an Honors in the Major option may apply to participate in both programs, in which case the General Honors thesis requirement would be satisfied through the Honors in the Major option. Although Honors in the Major requirements may vary among departments, usually they entail independent study, seminar courses, high levels of performance, and senior projects or theses culminating in a broad knowledge of subject matter. Information concerning Honors in the Major is available in participating departmental offices.

Admission Requirements

Please contact the department office for information regarding admission. Normally, a student must be a declared major, usually with at least sophomore (30 units) standing.

Courses (UHP)

Special Honors sections of regular General Education (GE) courses in various departments as listed on the University Honors Program website at www.csulb.edu/uhp.

LOWER DIVISION

100. Angles of Vision - Honors (3)

Analytical and critical approaches leading to original and creative thinking. Development of seminar skills: preparation of analytical essays and oral presentations, examination of models and techniques of reasoning, conceptualization of research problems, writing documented paper.

101. Art, Community, Place: The LA Interchange - Honors (3)

Prerequisite/Corequisite: One GE Foundation course.

Explores cultural products and performances available in the Greater Los Angeles region; considers interdisciplinary understanding of how art enriches individuals and communities; investigates the arts community's interest in sustainability.

Letter grade only (A-F).

150. Exploring a Text - Honors (3)

Prerequisite: ENGL 100 or GE Composition (Area A1).

Close reading of a work (or works) of literature - fiction or non-fiction - exploring issues of personal identity, moral choice, freedom and commitment.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

201. Sustainability and Technology in Los Angeles - Honors (3)

Prerequisite/Corequisite: One Category B.2 GE Foundation course.

Explores major scientific issues behind our understanding of sustainability such as biodiversity, population, food and water resources, climate change, energy, public health, and the overall forecast for the environment and the human condition for the next several decades. Laboratory activities include combinations of field-trips, collecting data, and in-class analysis and reporting.

Letter grade only (A-F).

UPPER DIVISION

300. Junior Colloquium - Honors (3)

Studies of selected interdisciplinary topics, problems or issues with a view toward integration of the areas of study involved in lower-division courses.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

301. Politics and Policy in Los Angeles - Honors (3)

Prerequisites: GE Foundation and upper-division status.

Examines politics and policy in Los Angeles and the surrounding region, including a consideration of governing structures, demographic trends and needs, environmental issues, and growth and development patterns, and relies on service-learning to inform work inside the classroom.

Letter grade only (A-F).

401. The History of Los Angeles: Invention of a City - Honors (3)

Prerequisites: GE Foundation and upper-division status.

Interdisciplinary examination of the history of Los Angeles, one of the most diverse cities in the world. Traces the social, economic, and cultural features of Los Angeles's urban development from the eighteenth century to the present.

Letter grade only (A-F).

490. Selected Topics - Honors (3)

Identification and critical analysis of current problems in selected areas.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

496. Research Participation - Honors (3)

Prerequisite: Consent of program director and supervising faculty.

Independent research for the UHP senior thesis/project; conducted under the supervision of a faculty mentor and the program director.

Letter grade only (A-F).

497. Directed Studies - Honors (1-3)

Prerequisite: Consent of program director and supervising faculty.

Independent study under supervision of a faculty member.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

498. Senior Thesis/Project - Honors (3)

Prerequisite: Consent of program director and supervising faculty.

Final completion of a thesis or a project; or an exhibit or a performance.

Letter grade only (A-F).

WOMEN'S, GENDER, AND SEXUALITY STUDIES

College of Liberal Arts

Department Chair: Pamela Roberts

Office: MHB-819

Telephone: (562) 985-4839

Academic Advisor: See department office for more information

Administrative Support Coordinator: Roberta Bogart

Career Possibilities

Positions in business, government, and the non-profit sector. Please see <http://www.csulb.edu/colleges/cla/departments/wgss/students/degrees/what2do.htm> and <http://www.csulb.edu/colleges/cla/departments/wgss/>

Introduction

The Department seeks to provide students with skills in civic literacy that are a significant part of a 21st century university education. At the heart of this is the assertion that gender and sexuality are fundamental categories of social organization and power that are inseparable from race, ethnicity, class, nationality, and other categories of difference.

The Department offers a major, a minor, and a minor in Queer Studies. Designated WGSS courses may be used to fulfill General Education requirements for students of other majors.

Bachelor of Arts in Women's, Gender, and Sexuality Studies (120 units)

Requirements

This program requires 45 units. Take 7 core courses and 8 WGSS electives in consultation with your advisor.

Core

Take all of the following courses:

WGSS 101 Gender, Race, Sex, and the Body (3)
Prerequisite/Corequisite: One GE Foundation course.

WGSS 102 Gender, Race, Sex and Societies (3)
Prerequisite/Corequisite: One GE Foundation course.

WGSS 300 Feminist Principles (3)
Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

WGSS 301 Feminist Research Methods (3)
Prerequisites: Upper division standing and the completion of at least one other WGSS course.

WGSS 415 Feminist Debates (3)
Prerequisites: WGSS 300 or consent of instructor.

WGSS 495 Senior Capstone Seminar (3)
Prerequisite: WGSS 301.

WGSS 496 Feminist Community Praxis (3)
Prerequisites: Upper division standing and two prior WGSS courses, or consent of instructor.

At least 18 of the elective units must be taken from the following list: WGSS 205, WGSS 216, WGSS 305, WGSS

307, WGSS 308, WGSS 314, WGSS 315, WGSS 316, WGSS 318, WGSS 356, WGSS 365, WGSS 370, WGSS 375, WGSS 401, WGSS 410, WGSS 416, WGSS 420, WGSS 424, WGSS 425, WGSS 430, WGSS 432, WGSS 442, WGSS 445A, WGSS 490, or WGSS 499.

Note: Students must earn a grade of at least "C" in all upper division major courses.

Minor in Women's, Gender, and Sexuality Studies

Requirements

A minimum of 24 units will be required for the minor in Women's, Gender and Sexuality Studies, to be selected with the approval of the student's undergraduate advisor. Courses cannot be counted for more than one category within the minor and must be selected from among the following courses:

Lower Division

Take both of the following courses:

WGSS 101 Gender, Race, Sex and the Body (3)
Prerequisite/Corequisite: One GE Foundation course.

WGSS 102 Gender, Race, Sex and Societies (3)
Prerequisite/Corequisite: One GE Foundation course.

Upper Division (18 units)

Take all of the following courses:

WGSS 300 Feminist Principles (3)
Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

WGSS 318 U.S. Women of Color (3)
Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

WGSS 401 Bodies and Borders: Feminism and Globalization (3)
Prerequisites: GE Foundation requirements, one or more Explorations course, and upper division standing.

Take the following course:

WGSS 496 Feminist Community Praxis (3)
Prerequisites: Upper division standing and two prior women's studies courses, or consent of instructor.

Take six additional units from any cluster(s) referenced in the B.A. program requirements.

Minor in Queer Studies

Queer Studies is an interdisciplinary minor that focuses on non-normative sexuality as a primary category of analysis. Queer Studies starts from the assumption that sexuality is central to human social organization; is always experienced in continually shifting contexts; and lived in relation to race, religion, class, nation, and gender. Its methods and premises grow out of scholarship on gender and thus is housed in the Women's, Gender, and Sexuality Department.

A minimum of 18 units chosen from the following list of courses, chosen in consultation with the Queer Studies Advisor. WGSS majors may "double-count" only one

course at the maximum for both their WGSS major and Queer Studies minor.

Requirements

Take both of the following courses:

WGSS 205 Introduction to Queer Studies (3)
Prerequisites: GE Foundation requirements.

WGSS 416 Queering Gender (3)
Prerequisite: Upper-division standing.

Choose any four of the following courses:

ASAM 370, AIS/WGSS 313, CHLS 330, CRJU 461/
WGSS 417, HIST 395, RST/WGSS 303, WGSS 305,
WGSS 375, WGSS 356, WGSS/ENGL 442

Courses (WGSS)

LOWER DIVISION

101. Gender, Race, Sex and the Body (3)

Prerequisite/Corequisite: One GE Foundation course.

Introduction to the rapidly expanding body of literature ideas related to the gendered aspects of health and sexuality with an emphasis on women.

102. Gender, Race, Sex and Societies (3)

Prerequisite/Corequisite: One GE Foundation course.

Introduction to some of the basic questions raised by feminist movements and writings in response to the socio-political subordination of women emergent through the organization of race, class, gender and sexuality in contemporary societies.

205. Introduction to Queer Studies (3)

Prerequisites: GE Foundation requirements.

Introduction to the interdisciplinary field of queer studies. Focus is on the relationship between gender and sexualities. Prepares students for further study in gender and sexuality studies.

216. Hollywood and Beyond: Gender, Race, and Sex in the Movies (3)

Prerequisite: GE Foundation requirements.

Explores ideologies of gender, race, sexuality, and class in mainstream and independent films. Focus is on learning to critically evaluate representations of identity and their social and political significance, including hegemonic and alternative representations.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. Feminist Principles (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

Introduction to principles of feminist history, thought, theory, methodology, and current issues that emphasizes but is not limited to the United States.

Letter grade only (A-F).

301. Feminist Research Methods (3)

Prerequisites: Upper division standing and the completion of at least one other WGSS course.

Examines how feminist scholars frame and conduct research. Students explore feminist adaptations and critiques of traditional academic disciplines and design and conduct a research project

using a range of bibliographic and research tools.

Letter grade only (A-F).

303. Queer Spirit (3)

Prerequisites: GE Foundations Completed, one or more Exploration classes completed, and upper division standing. Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Queer written analysis of the integrated spiritual, psychological, social and physiological aspects of Abrahamic, Eastern, Indigenous, Neo-pagan, secular, and race/class/gender/nation/sexuality-defined spiritual and religious traditions.

Letter Grade Only (A-F), Same Course as RST 303, Not open for credit to students with credit in RST 303.

305. Feminist and Queer Arts and Cultures (3).

Upper-division status and students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

Explores specific cultural and/or artistic expressions created by and for feminist and queer communities in both historical and contemporary contexts. Writing intensive.

307. U.S. Women and the Economy: Money, Sex, and Power (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper division standing.

Interdisciplinary examination of the economic roles of women; analysis of the sexual division of labor and domestic work. Special focus on the origin, migration, settlement, and economic patterns of and problems facing US women from major ethnic and racial groups.

308. Women and the Law (3)

History of women's experience under the law; constitutional law; 19th amendment and ERA; equal protection issues; discrimination in employment; marriage and family law.

313. American Indian Genders and Sexualities (3)

Analysis of popular, feminist, queer and tribally specific theories and representations of American Indian genders and sexualities with a focus on literatures by American Indian women, men and two-spirit peoples.

Same course as AIS 313. Not open for credit to students with credit in AIS 313.

314. Women Narrate Their Lives (3)

Study of lives of a cross-section of women in U.S. from colonial era to present based on biographical and autobiographical sources.

315. Black Women in America (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

Examination of American black women from eighteenth century to present. Taught from interdisciplinary perspective and presented in their own voices.

Letter grade only (A-F).

316. Women in the History of U.S. Film (3)

History of women as they are represented, presented as images, or constructed in the development of U.S. film. Theory and analysis of film from a feminist perspective.

Same course as FEA 317. Not open for credit to students with credit in FEA 317.

318. U.S. Women of Color (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

Examines condition, position, experiences and accomplishments of U.S. women of color. Covers historical and contemporary issues using theoretical essays, personal narratives, historical documents, literature, and media images.

319. The Ethnic Experience in the U.S. (3)

Examination of dynamics of development of our multicultural society, emphasizing study of four distinct ethnic strands of American society (Asian American, Black American, Mexican American, and American Indian) and their role in maintenance of cultural diversity in United States.

Same course as AIS 319, ASAM 319, AFRS 319, CHLS 319. Not open for credit to students with credit in AFRS 319, AIS 319, ASAM 319, or CHLS 319.

320. Latina Women in the United States (3)

Prerequisite: Junior standing or consent of instructor.

Examines cultural, political, economic, and sexual forces that mold Latina women. Focus on cultural stereotypes, class, gender identity, sexuality, and politics of race.

Same course as CHLS 415. Not open for credit to students with credit in CHLS 415.

325. Sociology of Gender (3)

A sociological analysis of social, political and economic status of women. Examines history of women's roles and status; gender conflicts and social movements; and societal attitudes towards women in society.

Same course as SOC 325. Not open for credit to students with credit in SOC 325.

356. Lesbian Histories and Culture (3)

Examination of lesbianism from psychological and historical perspectives; includes discussions of lesbianism in literature, representations of lesbianism in various media; the place of lesbianism in the politics of the women's movement and in gay liberation, and the development of "queer theory."

365. Popular Culture: Women, Gender and Sexuality (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper division standing.

Analyzes the construction of images of women in popular culture. Discussion of theories of culture, gender and ideology. Analysis of film, advertising, magazines and popular fiction.

370. Masculinities (3)

Prerequisite: Upper-division status.

Students must have scored 11 or higher on the GVAR Placement Examination or successfully completed the necessary portfolio course that is a prerequisite for a GVAR Writing Intensive Capstone (subject to approval by the General Education Governing Committee (GEGC)).

This course focuses on understanding contemporary social and political issues in relation to masculinity. Thematic areas include: the social construction of masculinity, militarism, men and violence, sexuality, sports, work, media and masculinity, men and feminism, and possibilities for change. Upper-division status. Writing intensive.

375. Reproductive Justice (3)

Prerequisites: Upper-division status or instructor consent

Explores how race, class and sexuality intersect with political and socio-economic forces in shaping women's reproductive lives. Highlights how women have contested these forces to control their own reproductive lives.

382. Women and Literature (3)

Prerequisites: GE Foundation requirements.

Survey of literature by women authors writing in English, across a range of historical periods; examination of works in various genres that present complexity of women's lives and challenges of female authorship; exploration of feminist critical approaches.

Same course as ENGL 382. Not open for credit to students with credit in ENGL 382.

401. Bodies and Borders: Feminism and Globalization (3)

Prerequisites: GE Foundation requirements, one or more Explorations courses, and upper division standing.

Covers feminist perspectives on contemporary globalization. Examines how we might imagine a more equitable world and why feminism should be concerned with global perspectives. Topics include colonialism, tourism, food production, women's labor, migration, militarism, and social movements.

402. Women in Political Theory (3)

Prerequisite: Students must have completed one course in either political science or women's studies.

Differential treatment of women and men in western political theories, including femininity, power, rationality and the role of women in family. Classic and contemporary texts.

Same course as POSC 401. Not open for credit to students with credit in POSC 401.

406. Women, Gender, and Sexuality in Asia (3)

Prerequisite: Upper division standing.

Exploration of gender history in Asia from prehistory to the present. Major themes include gender traditions, women's contributions to social, cultural and political change, and the complex relationship between feminism and nationalism in the modern period.

Same courses as HIST 406 and A/ST 406A. Not open for credit to students with credit in A/ST 406A and HIST 406.

410. Women, Religion, and Spirituality (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing, or consent of instructor.

Study of women as spiritual and religious beings responding to and coping with largely patriarchal religious doctrine. Examines socio-religious construction of women and women's religious experience from prehistory to present day. Focus on feminist transformations of religious traditions.

Same course as R/ST 410. Not open for credit to students with credit in R/ST 410.

415. Feminist Debates (3)

Prerequisites: WGSS 300 or consent of instructor.

Examines a variety of contemporary feminist theoretical perspectives, including liberal, radical, Marxist/socialist, psychoanalytic, existentialist and postmodernist, woman of color feminism, and ecofeminism. We highlight intersectional issues of gender and sexuality, race, ethnicity, class, and nationality.

Letter grade only (A-F).

416. Queering Gender (3)

Prerequisite: Upper division standing.

Explores intellectual debates in the emergent field of queer theory, particularly as it connects to women's experiences and the politics of gender. Focuses on the intervention that queer theory seeks to make into heteronormative culture on all levels of social life.

417. Sexuality, Crime and Punishment (3)

Prerequisites: CRJU majors: A grade of "C" or better in CRJU 101, CRJU 110, CRJU 302, CRJU 303, and CRJU 304. All other majors: upper division standing and at least one other WGSS course, or consent of the instructor.

A transdisciplinary and critical examination of the accepted boundaries of human sexual behavior and opposing perspectives regarding the roles of criminal justice actors and institutions in regulating sex and sexuality, with special attention paid to sex-related crimes, offender and victims.

Same course as CRJU 461. Not open for credit to students with credit in CRJU 461.

420. Mothers and Daughters (3)

Analyzes how mothering is "reproduced" in daughters, and why/how patriarchal culture regulates the mother/daughter bond. Course materials include novels, film, and interdisciplinary theoretical works. Special emphasis on the mother/daughter relationship in a range of historical, racial, class and sexual contexts.

424. Women and Environmental Justice (3)

Prerequisites: GE Foundation requirements and upper division standing.

Examines complex relationship between women and nature and their treatment through 1) socio-religious ideologies, 2) international development, 3) environmental pollution, and 4) patterns of consumption and waste in industrialized nations. Third World feminists' insights largely frame the debate.

425. Women and Power (3)

Prerequisites: A previous WGSS class (WGSS 101, WGSS 102, or WGSS 300) and upper division standing or consent of instructor.

Examination of ways power has been defined, obtained, shaped and maintained, and effect this has historically had on women. Applies theory to contemporary issues affecting women and explores strategies for empowerment.

430. Women and Violence (3)

Women as victims and survivors of physical, psychological, and philosophical violence. Problems of rape, woman battering, incest, pornography and sexual harassment; examination of legal, religious and philosophical issues and alternatives for change.

432. Women in the City (3)

Examines the way women respond to urban environment, both literally and imaginatively. Special attention paid to sexual division of space, particular needs of immigrant and third world women, and utopian cities of sisterhood. Readings feature literary texts, augmented by an interdisciplinary range of theoretical and empirical studies of cities.

442. Sexing Chicana Literature (3)

Prerequisites: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

Analyzes how Chicana authors explore race, class, and gender. Focuses on use of sexuality, particularly with regard to cultural and literary stereotypes vs. experience and aesthetic practice. Themes will include desire, identity, empowerment through "traditional" roles, and violence and the body.

Same course as ENGL 442. Not open for credit to students with credit in ENGL 442.

445A. Latinas and Revolution: Central America and Late 20th Century Mexico (3)

Prerequisite/Corequisite: ENGL 100 or GE Composition (Area A1) and upper division standing or consent of instructor.

Examines how war and struggles for democracy shape the social consciousness and political activism of Latinas. Uses literature, film, history, and political theory to examine the role of violence in women's lives, community organizing, and the conceptualization of a pan-Latina feminist movement.

Letter grade only (A-F). Same course as CHLS 450A. Not open for credit to students with credit in CHLS 450A.

449. Feminism and International Human Rights (3)

Prerequisite: Upper division standing or consent of instructor.

Analyzes contemporary women's international human rights issues and social movements as influences on contemporary international human rights systems. Covers international law, human rights treaty system, World Conferences, current issues, landmark cases, local/global activism, feminist intellectual debates.

Letter grade only (A-F).

455. Philosophical Perspectives on Sex and Love (3)

Prerequisite: Six units of philosophy or consent of instructor.

Philosophical perspectives on sex and love explores philosophical issues concerning sex, gender and love through readings and discussion of classical and contemporary philosophical sources. Topics such as sexual perversion, romantic love and gender discrimination are examined.

Same course as PHIL 455. Not open for credit to students with credit in PHIL 455.

462. Gender, Place and Culture (3)

Prerequisite: GEOG 360 or WGSS 300 or consent of instructor.

A human geography approach to examining intersections of gender, place and culture. Topics include: body spaces; geographies of sexualities; emotion, care and health; migration; environmental and social justice; feminist post-structural theories and philosophies; and feminist methodological approaches to geographic research.

Letter grade only (A-F). Same course as GEOG 462. Not open for credit to students with credit in GEOG 462.

475. Language and Gender in Cross-Cultural Perspective (3)

Analysis of men's and women's communication in its social and cultural context; role of gender in interpreting conversational interactions in the U.S. and elsewhere; acquisition of gender differences; cultural dimensions or perceptions and stereotypes and their effect on communication.

Same course as ANTH 475, LING 470. Not open for credit to students with credit in ANTH 475 or LING 470.

485A. History of Women in the U.S. Early Period (3)

Prerequisite: GE Foundation requirements.

Survey of roles and activities of American women from colonial period to 1850, with focus on slavery, immigration, family, economy, law, and politics.

Same course as HIST 485A. Not open for credit to students with credit in HIST 485A.

485B. History of Women in the U.S. Since 1850 (3)

Prerequisite: GE Foundation requirements.

Changing roles and status of women in economic and social change; suffrage movement; women in union movement and WW II; the decade of the sixties and the "second wave" of feminism.

Same course as HIST 485B. Not open for credit to students with credit in HIST 485B.

490. Selected Topics in Women's, Gender, and Sexuality Studies (1-3)

Topics of current interest in women's studies, selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

492. Selected Topics in Women's, Gender, and Sexuality Studies (1-3)

Topics of current interest in women's studies, selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

495. Senior Capstone Seminar (3)

Prerequisite: WGSS 301.

Capstone course intended to integrate the multidisciplinary body of knowledge accumulated in the major or minor.

496. Feminist Community Praxis (3)

Prerequisites: Upper division standing and two prior women's studies courses, or consent of instructor.

Allows students opportunity to practice theories and knowledge gained as a result of studying women's issues. Students will work in community with agencies addressing women's issues.

498. Field Work (1-3)

Prerequisite: Consent of instructor.

Practical experience in campus or community organizations concerned with women's issues.

May be repeated to a maximum of 6 units.

499./599. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent work in areas of special interest to student and instructor.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL**599./499. Directed Studies (1-3)**

Prerequisite: Consent of instructor.

Independent work in areas of special interest to student and instructor.

May be repeated to a maximum of 6 units.

GENERAL POLICIES AND REGULATIONS

Election of Regulations for Degree Requirements (Catalog Rights)

Undergraduate students acquire “catalog rights” with respect to the requirements for a degree program by maintaining “attendance” continuously. This means that, if continuous attendance is maintained and the degree objective is not changed, students may choose to graduate under the requirements for the degree in effect 1) at the time they began the study in a California community college or another campus of The California State University, 2) at the time they entered CSULB, or 3) at the time of graduation from CSULB. Substitutions for discontinued courses may be authorized or required by the Dean of the College. Students who change their major, including changing from “undeclared” status to a defined degree objective or from one option to another option under the same degree, are governed by the degree major requirements in effect at the time of the change or declaration of major. Students who change majors are advised that some courses counted for General Education or double counted for General Education and a major may become unacceptable for General Education in connection with a new major. These students should check with the University Center for Undergraduate Advising or their major advisor.

The term “attendance” means, literally, attendance in a course for at least one semester (or quarter) unit credit in at least one semester (or two quarters) in a calendar year, culminating in a record of enrollment on the student’s official transcript. For the purpose of establishing catalog rights, the course must be at the baccalaureate or graduate level in a California Community College, a California State University, or a University of California campus. Enrollment resulting in a withdrawal (the grading symbols W, WE or WU) does not count as attendance in a course, therefore does not preserve “catalog rights.”

Once “catalog rights” are established, absence related to an approved medical, military or academic leave or for attendance at another accredited institution of higher education will not be considered an interruption of attendance, provided that the absence does not exceed two years (see Educational Leave).

Failure to remain in continuous attendance will mean that the student must meet the regulations current at the time of resuming the degree program or those applicable at the time of graduation. In addition, for graduate students, a failure to maintain continuous attendance means the automatic revocation of “candidacy” for the degree (advancement to candidacy) and of “catalog rights.”

Changes in Rules and Policies

Although every effort has been made to assure the accuracy of the information in this *Catalog*, students and others who use this *Catalog* should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of the California State University, by

the Chancellor or designee of the California State University, or by the President or CSULB designee. It is not possible in a publication of this size to include all of the rules, policies and other information that pertain to students, the institution, and the California State University. More current or complete information may be obtained from the appropriate department, college, or administrative office.

Nothing in this *Catalog* shall be construed as, operate as or have the effect of an abridgment or a limitation of any rights, powers, or privileges of the Board of Trustees of the California State University, the Chancellor of the California State University, or the President of the campus. The Trustees, the Chancellor, and the President are authorized by law to adopt, amend, or repeal rules and policies that apply to students. This *Catalog* does not constitute a contract or the terms and conditions of a contract between the student and the campus or the California State University. The relationship of students to the campus and the California State University is one governed by statute, rules, and policy adopted by the Legislature, the Trustees, the Chancellor, the Presidents and their duly authorized designees.

The Federal Military Selective Service Act (the “Act”) requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959, may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan, or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at <http://www.sss.gov>.

Information concerning the academic programs of CSULB may be obtained from the Office of the Provost, BH 303, at (562) 985-4128 and may include:

1. the current degree programs and other educational and training programs;
2. the instructional, laboratory, and other physical plant facilities which relate to the academic program;
3. the faculty and other instructional personnel;
4. data regarding student retention at CSULB and, if available, the number and percentage of students completing the program in which the student is enrolled or has expressed interest; and
5. the names of associations, agencies, or governmental bodies which accredit, approve, or license the institution and its programs, and the procedures under which any current or prospective student may obtain or review upon request a copy of the documents describing the institution’s accreditation, approval, or licensing.

Graduation Rates

Over 70% of students who begin CSULB as freshmen eventually earn baccalaureate degrees and 65% do so within six years. Over 85% of CSULB transfer students eventually earn baccalaureate degrees and over 79% do so within four years of transferring.

CSULB's current graduation rates are higher than most other public, comprehensive universities of similar large size, funding and student mix. CSULB graduation rates have been improving and the campus continues to work toward still more gains.

Graduation Rates for All Freshmen		
Starting Fall Cohort Term	6-Year Graduation Percentage	Estimated Eventual Graduation Percentage
2008	64.9	72.5
2007	60.0	70.6
2006	56.6	67.1
2005	53.3	64.7
2004	53.2	64.0
2003	53.5	64.0

Graduation Rates for All Transfer Students		
Starting Fall Cohort Term	4-Year Graduation Percentage	Estimated Eventual Graduation Percentage
2010	79.34	86.11
2009	77.6	85.8
2008	71.4	81.2
2007	69.1	78.9
2006	67.7	77.7
2005	68.0	77.2

Recent graduates who began as freshmen took an average of 5.19 years to complete baccalaureate degrees (for graduates whose degrees were awarded in the college year 2012-13). Among freshmen, time to degree is quicker for students who arrive well prepared academically, especially in math and English.

Recent graduates who began as junior transfers graduated in an average of 2.74 years (for graduates whose degrees were awarded in the college year 2012-13). Average time to degree is significantly longer for engineering. Among transfers, time to degree is quicker for students who have received good advising in a community college and who have completed proper major preparation courses. Some transfers at CSULB having taken more units than the transfer minimum and with courses that cannot be credited toward degrees.

College of Major	Average years to degree completion for students coming as freshmen	Average years to degree completion for students coming as transfers
Health and Human Services	5.23	2.58
Liberal Arts	4.48	2.42
Business Administration	5.02	2.84
Education	5.42	3.43
Engineering	5.56	3.63
The Arts	5.39	2.98
Natural Sciences and Mathematics	5.43	3.48

Completing a baccalaureate degree in a reasonable period of time is an important goal for students and parents. Baccalaureate degrees typically require 120-132 units (about 40-44 courses). Earning a 120-unit degree within four years requires full time attendance (15 or more units per semester) and is a "full-time job" that requires about 45 hours per week attending class and studying. Degrees in engineering, sciences and the arts generally require more courses and timely completion requires attending winter session, summer session and/or attending longer than four years. CSULB continues to work to reduce time to degree for freshmen and for transfer students.

CSULB has an obligation, under the federal Student Right-To-Know law, to provide information regarding graduation rates to prospective and current students. The "six-year freshman cohort graduation rate" describes the percentage of students who began as freshmen and completed degrees within six years at the same campus. Although important, this measure does not provide complete information, because some students take longer than six years to graduate, some come as transfer students, and some attend several undergraduate institutions before receiving baccalaureate degrees. The tables here show 6-year freshman and 4-year transfer cohort rates and estimated total eventual graduation rates for both freshmen and transfer students. Estimated eventual graduation rates are based on a methodology developed by the California State University system that takes into consideration the number of students still enrolled in good academic standing at the six-year point in time.

Accreditation

The University is accredited by the Western Association of Schools and Colleges (985 Atlantic Avenue, Suite 100, Alameda, CA 94501, 510-748-9001), the agency responsible for granting regional accreditation to colleges and universities in California, Hawaii, and Guam. It is accredited by the California State Board of Education and is on the list of approved institutions of the American Association of University Women. Additional information concerning University accreditation may be obtained from the Office of the Provost. Additional information concerning departmental accreditation may be obtained from the department concerned or the Office of the Provost.

CSULB Principles of Shared Community

CSULB affirms the importance of democratic and transparent decision-making processes as a shared community. The University believes that all members of the University community have not only a right, but also a responsibility, to participate in the governance of this community. Therefore, the University is committed to providing an opportunity for all its members – faculty, students, staff, and administrators – to join in the decision making process either through direct participation or representative governance.

CSULB is committed to creating a community in which a diverse population of students and employees can learn and work while they share in creating an atmosphere of tolerance, civility, and respect for the rights and sensibilities of each individual. (Policy 07-09)

CSULB Statement on Civility and Acts of Violence

California State University, Long Beach, takes pride in its tradition of maintaining a civil and non-violent learning, working, and social environment. Civility and mutual respect toward all members of the University community are intrinsic to the establishment of excellence in teaching and learning. They also contribute to the maintenance of a safe and productive workplace and overall healthy campus climate.

The University espouses and practices zero tolerance for violence against any member of the University community (i.e., students, faculty, staff, administrators, and visitors). Violence and threats of violence not only disrupt the campus environment, they also negatively impact the University's ability to foster open dialogue and a free exchange of ideas among all campus constituencies.

To fulfill this policy, the University strives: 1) to prevent violence from occurring; and 2) to enforce local, state, and federal laws, as well as University regulations, regarding such conduct. The University also has established procedures for resolving and/or adjudicating circumstances involving violence, as well as threats of violence. A threat of violence is an expression of intention that implies impending physical injury, abuse, or damage to an individual or his/her belongings. All allegations of such incidents (i.e., acts and threats) will be

aggressively investigated. Allegations that are sustained may result in disciplinary action up to and including dismissal from employment, expulsion from the University, and/or civil and criminal prosecution.

Members of the campus community are encouraged to promptly report any acts of violence, threats of violence, or other behavior which by intent, act, or outcome harm themselves or others. (Approved October 1997)

Nondiscrimination Policy

Race, Ethnicity, Color, National Origin, Genetic Information, Age, Religion, and Veteran Status

The California State University does not discriminate on the basis of race, color, ethnicity, creed, nationality, disability, medical condition, genetic information, gender/sex (including gender identity and gender expression), marital status, sexual orientation, age, genetic information, religion, as well as Veteran Status in its programs and activities, including admission and access. Federal and state laws, including Title VI of the Civil Rights Act of 1964 and the California Equity in Higher Education Act, prohibit such discrimination. Larisa E. Hamada, the Director of campus Equity & Diversity, has been designated to coordinate the efforts of California State University, Long Beach, to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be presented to this person at: larisa.hamada@csulb.edu, 1250 Bellflower Blvd., Long Beach, CA 90840, (562) 985-8256. CSU Executive Order 1097 (<http://www.calstate.edu/EO/EO-1097.pdf>) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party.

Disability

The California State University does not discriminate on the basis of disability in its programs and activities, including admission and access. Federal and state laws, including sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, prohibit such discrimination. Larisa E. Hamada, the Director of Equity & Diversity, has been designated to coordinate the efforts of California State University, Long Beach, to comply with all applicable federal and state laws prohibiting discrimination on the basis of disability. Inquiries concerning compliance may be presented to this person at: larisa.hamada@csulb.edu, 1250 Bellflower Blvd., Long Beach, CA 90840, (562) 985-8256. CSU Executive Order 1097 (<http://www.calstate.edu/EO/EO-1097.pdf>) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party.

Sex/Gender/Gender Identity/Gender Expression/ Sexual Orientation

The California State University does not discriminate on the basis of sex, gender, gender expression, gender identity or sexual orientation in its programs and activities, including admission and access. Federal and state laws, including Title IX of the Education Amendments of 1972, prohibit such discrimination. Larisa E. Hamada, the Director of campus Equity and Diversity, has been designated to coordinate

the efforts of California State University, Long Beach, to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be presented to this person at: larisa.hamada@csulb.edu, 1250 Bellflower Blvd., Long Beach, CA 90840, (562) 985-8256.

The California State University is committed to providing equal opportunities to CSU students in all campus programs, including intercollegiate athletics.

Title IX of the Education Amendments of 1972 protects all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and violence:

- Sexual discrimination means an adverse act of sexual discrimination (including sexual harassment, sexual violence, domestic violence, dating violence, and stalking) that is perpetrated against an individual on a basis prohibited by Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 et seq., and its implementing regulations, 34 C.F.R. Part 106 (Title IX); California Education Code §66250 et seq., and/or California Government Code §11135.
- Sexual harassment, a form of sex discrimination, is unwelcome conduct of a sexual nature that includes, but is not limited to, sexual violence, sexual advances, requests for sexual favors, indecent exposure and other verbal, nonverbal or physical unwelcome conduct of a sexual nature, where such conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the individual, and is in fact considered by the individual, as limiting the individual's ability to participate in or benefit from the services, activities or opportunities offered by the university. Sexual harassment includes submission to, or rejection of, where the conduct is explicitly or implicitly used as the basis for any decision affecting an individual's academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University. Sexual harassment also includes gender-based harassment, which may include acts of verbal, non-verbal or physical aggression, intimidation or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.
- Sexual violence is a form of sexual harassment and means physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, domestic violence, dating violence, and stalking (when based on gender or sex) perpetrated against an individual against his or her will and without consent or against an individual who is incapable of giving consent due to that individual's use of drugs or alcohol, status as a minor, or disability. Sexual violence may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication). Men as well as women can be victims of these forms of sexual violence. Unlawful sexual intercourse with a minor (statutory rape) occurs even if the intercourse is consensual when the victim is under

18 years old, because the victim is considered incapable of giving legal consent due to age.

- Sexual Assault is a form of sexual violence and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's gender or sex.
- Sexual Battery is a form of sexual violence and is any willful and unlawful use of force or violence upon the person of another because of that person's gender or sex.
- Rape is a form of sexual violence and is non-consensual sexual intercourse that may also involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute rape. Sexual acts including intercourse are considered non-consensual when a person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical disability renders the person incapable of giving consent. The accused's relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant. (See complete definition of consent below.)
- Acquaintance Rape is a form of sexual violence committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website. (See above for definition of rape.)
- Consent means an informed, affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity.
- Consent must be voluntary, and given without coercion, force, threats, or intimidation.
Consent requires positive cooperation in a particular sexual act, or expression of intent to engage in that sexual act through the exercise of free will.
- Consent can be withdrawn or revoked. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity (or other sexual acts). Consent to sexual activity given on one occasion does not constitute consent to sexual activity on another occasion. The fact that two people are or were in a dating or sexual relationship does not constitute consent to engage in sexual activity. There must always be mutual and affirmative consent to engage in sexual activity.
Consent to a sexual act may be withdrawn or revoked at any time, including after penetration. The victim's request for the perpetrator to use a condom or birth control does not, in and of itself, constitute consent. Once consent is withdrawn or revoked, the sexual activity must stop immediately.
- Consent cannot be given by a person who is incapacitated. For example, a person cannot give consent if s/he is unconscious or coming in and out of consciousness. A person is incapacitated if s/he lacks the physical and/or mental ability to make informed, rational judgments. Examples of incapacitation include unconsciousness, sleep and blackouts. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person's decision-making capacity, awareness

of consequences, and ability to make fully informed judgments. A person with a medical or mental disability may also lack the capacity to give consent.

- Being intoxicated by drugs or alcohol does not diminish a person's responsibility to obtain consent from the other party before engaging in sexual activity. Factors to be considered include whether the person knew, or whether a reasonable person in the accused's position should have known, that the victim did not give, or revoked, consent; was incapacitated; or was otherwise incapable of giving consent.
- Sexual intercourse with a minor is never consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age
- Domestic Violence is a form of sexual violence and is abuse committed against someone who is a current or former spouse, current or former cohabitant, someone with whom the abuser has a child, someone with whom the abuser has or had a dating or engagement relationship, or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as husband and wife, (5) the continuity of the relationship, and (6) the length of the relationship.
- Dating Violence is a form of Sexual Violence and is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website.
- Stalking means a repeated course of conduct directed at a specific person that places that person in reasonable fear for his/her or others' safety, or to suffer substantial emotional distress.
- See further information in CSULB's sexual violence prevention and education statement, Title IX Notice of Nondiscrimination (which includes facts and myths about sexual violence) and Victim's Rights and Options Notice, at http://www.csulb.edu/divisions/aa/catalog/current/general_policies/policy_sexual_assault.html.

Whom to Contact If You Have Complaints, Questions or Concerns

Title IX requires the university to designate a Title IX Coordinator to monitor and oversee overall Title IX compliance. Your campus Title IX Coordinator is available to explain and discuss your right to file a criminal complaint (for example, in cases of sexual violence); the university's complaint process, including the investigation process; how confidentiality is handled; available resources, both on and off campus; and other related matters. ***If you are in the midst of an emergency, please call the police immediately by dialing 9-1-1.***

Campus Title IX Coordinator

- Larisa E. Hamada
- 1250 Bellflower Boulevard
University Student Union, Room 301
Long Beach, California 90840
- Phone: (562) 985-8256
Fax: (562) 985-5982
- 8:00 a.m. to 5:00 p.m.

University Police

- University Police Department
- 1250 Bellflower Blvd.
Long Beach, CA 90840
- (562) 985-4101

U.S. Department of Education, Office for Civil Rights

- (800) 421-3481 or ocr@ed.gov
- If you wish to fill out a complaint form online with the OCR, you may do so at: <http://www2.ed.gov/about/offices/list/ocr/complaintintro.html>.

Title IX requires the university to adopt and publish complaint procedures that provide for prompt and equitable resolution of sex discrimination complaints, including sexual harassment and violence, as well as provide training, education and preventive measures related to sex discrimination. CSU Executive Order 1097 (<http://www.calstate.edu/eo/EO-1097.pdf>) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party.

Except in the case of a privilege recognized under California law (examples of which include Evidence Code §§1014 (psychotherapist-patient); 1035.8 (sexual assault counselor-victim); and 1037.5 (domestic violence counselor-victim), any member of the University community who knows of or has reason to know of sexual discrimination allegations shall promptly inform the campus Title IX Coordinator. (See confidential reporting options outlined below.)

Regardless of whether an alleged victim of sexual discrimination ultimately files a complaint, if the campus knows or has reason to know about possible sexual discrimination, harassment or violence, it must review the matter to determine if an investigation is warranted. The campus must then take appropriate steps to eliminate any sex discrimination/harassment, prevent its recurrence, and remedy its effects.

Safety of the Campus Community is Primary

The university's primary concern is the safety of its campus community members. The use of alcohol or drugs never makes the victim at fault for sexual discrimination, harassment or violence; therefore, victims should not be deterred from reporting incidents of sexual violence out of a concern that they might be disciplined for related violations of drug, alcohol or other university policies. Except in extreme circumstances, victims of sexual violence shall not be subject to discipline for related violations of the Student Conduct Code.

Information Regarding Campus, Criminal and Civil Consequences of Committing Acts of Sexual Violence

Individuals alleged to have committed sexual assault may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, employees and students may face discipline at the university. Employees may face sanctions up to and including dismissal from employment, pursuant to established CSU policies and provisions of applicable collective bargaining unit agreements.

Students who are charged by the university with sexual discrimination, harassment or violence will be subject to discipline, pursuant to the California State University Student Conduct Procedures (see Executive Order 1098 at <http://www.calstate.edu/eo/EO-1098.pdf> or any successor executive order) and will be subject to appropriate sanctions. In addition, during any investigation, the university may implement interim measures in order to maintain a safe and non-discriminatory educational environment. Such measures may include: immediate interim suspension from the university; a required move from university-owned or affiliated housing; adjustments to course schedule; and/or prohibition from contact with parties involved in the alleged incident.

Confidentiality and Sexual Violence, Dating Violence, Domestic Violence and Stalking

The University encourages victims of sexual violence, dating violence, domestic violence, or stalking (collectively sexual violence) to talk to someone about what happened – so they can get the support they need, and so the University can respond appropriately. Whether – and the extent to which – a University employee may agree to maintain confidentiality (and not disclose information to the Title IX Coordinator) depends on the employee's position and responsibilities at the University. The following information is intended to make victims aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn for help. The University strongly encourages victims to talk to someone identified in one or more of these groups.

Certain University employees, listed below, are required by law to maintain near or complete confidentiality; talking to them is sometimes called a "privileged communication." University law enforcement employees may maintain the victim's identity as confidential, if requested by the victim, but will report the facts of the incident to the Title IX Coordinator, including the identity of the perpetrator. Most other University employees are required to report all details of a Sexual Violence incident (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator so the University can take immediate action to protect the victim, and take steps to correct and eliminate the cause of Sexual Violence.

University Police, the Title IX Coordinator, University-employed physicians, professional counselors, sexual assault and domestic violence counselors and advocates, and certain other University employees are required to explain to victims their rights and options with respect to

confidentiality.

Privileged and Confidential Communications

Physicians, Psychotherapists, Professional Counselors and Clergy – Physicians, psychotherapists, professional, licensed counselors, and clergy who work or volunteer on or off campus, and who provide medical or mental health treatment or counseling (including those who act in that role under their supervision) may not report any information about an incident of sexual violence to anyone else at the University, including the Title IX Coordinator, without the victim's consent. A victim can seek assistance and support from physicians, psychotherapists, professional, licensed counselors, and clergy without triggering a University investigation that could reveal the victim's identity or the fact of the victim's disclosure. However, see limited exceptions below regarding when health care practitioners must report to local law enforcement agencies. Health care practitioners should explain these limited exceptions to victims, if applicable.

Sexual Assault and Domestic Violence Counselors and Advocates – Sexual assault and domestic violence counselors and advocates who work or volunteer on or off campus in sexual assault centers, victim advocacy offices, women's centers, and health centers (including all individuals who work or volunteer in these centers and offices, as well as non-professional counselors or advocates, and those who act in that role under their supervision) may talk to a victim without revealing any information about the victim and the incident of sexual violence to anyone else at the University, including the Title IX Coordinator, without the victim's consent. A victim can seek assistance and support from these counselors and advocates without triggering a University investigation that could reveal his/her identity or that a victim disclosed an incident to them. However, see limited exceptions below regarding when sexual assault and domestic violence counselors and advocates must report to local law enforcement agencies. Counselors and advocates should explain these limited exceptions to victims, if applicable.

The University will be unable to conduct an investigation into a particular incident or pursue disciplinary action against a perpetrator if a victim chooses to (1) speak only to a physician, professional counselor, clergy member, sexual assault counselor, domestic violence counselor or advocate; and (2) maintain complete confidentiality. Even so, these individuals will assist victims in receiving other necessary protection and support, such as victim advocacy, disability, medical/health or mental health services, or legal services, and will advise victims regarding their right to file a Title IX complaint with the University and a separate complaint with local or University police. If a victim insists on confidentiality, such professionals, counselors and advocates will likely not be able to assist the victim with: University academic support or accommodations; changes to University-based living or working schedules; or adjustments to course schedules. A victim who at first requests confidentiality may later decide to file a complaint with the University or report the incident to the police, and thus have the incident fully investigated. These counselors and advocates can provide victims with that assistance if requested by the victim. These counselors and advocates

will also explain that Title IX includes protections against retaliation, and that the University will not only take steps to prevent retaliation when it knows or reasonably should know of possible retaliation, but will also take strong responsive action if it occurs.

EXCEPTIONS: Under California law, any health practitioner employed in a health facility, clinic, physician's office, or local or state public health department or clinic is required to make a report to local law enforcement if he or she provides medical services for a physical condition to a patient/victim who he or she knows or reasonably suspects is suffering from (1) a wound or physical injury inflicted by a firearm; or (2) any wound or other physical injury inflicted upon a victim where the injury is the result of assaultive or abusive conduct (including Sexual Violence, Domestic Violence, and Dating Violence). This exception does not apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to victims, if applicable.

Additionally, under California law, all professionals described above (physicians, psychotherapists, professional counselors, clergy, and sexual assault and domestic violence counselors and advocates) are mandatory child abuse and neglect reporters, and are required to report incidents involving victims under 18 years of age to local law enforcement. These professionals will explain this limited exception to victims, if applicable.

Finally, some or all of these professionals may also have reporting obligations under California law to (1) local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of the information is necessary to prevent the threatened danger; or (2) to the court if compelled by court order or subpoena in a criminal proceeding related to the Sexual Violence incident. If applicable, these professionals will explain this limited exception to victims.

Reporting to University or Local Police

If a victim reports to local or University Police about sexual violence, the police are required to notify victims that their names will become a matter of public record unless confidentiality is requested. If a victim requests that his/her identity be kept confidential, his/her name will not become a matter of public record and the police will not report the victim's identity to anyone else at the University, including the Title IX Coordinator. University Police will, however, report the facts of the incident itself to the Title IX Coordinator being sure not to reveal to the Title IX Coordinator victim names/identities or compromise their own criminal investigation. The University is required by the federal Clery Act to report certain types of crimes (including certain sex offenses) in statistical reports. However, while the University will report the type of incident in the annual crime statistics report known as the Annual Security Report, victim names/identities will not be revealed.

Reporting to the Title IX Coordinator and Other University Employees

Most University employees have a duty to report sexual violence incidents when they are on notice of it. When a

victim tells the Title IX Coordinator or another University employee about a sexual violence incident, the victim has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. ***In all cases, the University strongly encourages victims to report sexual violence directly to the campus Title IX Coordinator.***

As detailed above in the Privileged and Confidential Communications section of this policy, all University employees except physicians, licensed counselors, sexual assault counselors and advocates, must report to the Title IX Coordinator all relevant details about any sexual violence incidents of which they become aware. The University will need to determine what happened – and will need to know the names of the victim(s) and the perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the incident.

To the extent possible, information reported to the Title IX Coordinator or other University employees will be shared only with individuals responsible for handling the University's response to the incident. The University will protect the privacy of individuals involved in a sexual violence incident except as otherwise required by law or University policy. A Sexual Violence report may result in the gathering of extremely sensitive information about individuals in the campus community. While such information is considered confidential, University policy regarding access to public records and disclosure of personal information may require disclosure of certain information concerning a report of sexual violence. In such cases, efforts will be made to redact the records, as appropriate, in order to protect the victim's identity and privacy and the privacy of other involved individuals. Except as detailed in the section on Privileged and Confidential Communications above, no University employee, including the Title IX Coordinator, should disclose the victim's identity to the police without the victim's consent or unless the victim has also reported the incident to the police.

If a victim requests of the Title IX Coordinator or another University employee that his/her identity remain completely confidential, the Title IX Coordinator will explain that the University cannot always honor that request and guarantee complete confidentiality. If a victim wishes to remain confidential or request that no investigation be conducted or disciplinary action taken, the University must weigh that request against the University's obligation to provide a safe, non-discriminatory environment for all students, employees, and third parties, including the victim. Under those circumstances, the Title IX Coordinator will determine whether the victim's request for complete confidentiality and/or no investigation can be honored under the facts and circumstances of the particular case, including whether the University has a legal obligation to report the incident, conduct an investigation or take other appropriate steps. Without information about a victim's identity, the University's ability to meaningfully investigate the incident and pursue disciplinary action against the perpetrator may be severely limited. See Executive Order 1095 for further details around confidential reporting, and other related matters (<http://www.calstate.edu/EO/EO-1095.pdf>).

Inquiries Concerning Compliance

Inquiries concerning compliance or the application of these laws to programs and activities of California State University, Long Beach, may be referred to the specific campus officer(s) identified above or to the Regional Director of the Office for Civil Rights, United States Department of Education, 50 Beale Street, Suite 7200, San Francisco, California 94105.

Equal Access and Opportunity, Non-discrimination/Non-harassment

California State University, Long Beach is a comprehensive, urban university. The University has a professional, cultural and ethnical commitment to provide a climate that enables each individual to realize his/her potential for excellence and that nurtures academic growth and professional development.

Diversity is both an ideal and an imperative. California State University, Long Beach takes pride in its student body and employees, and affirms that this diversity enriches the work and learning environment of the campus. For this reason, the recognition of diversity in our University community extends beyond the limits established by federal

or state laws or regulations.

In addition to fully meeting its obligations of nondiscrimination under federal and state law, CSULB is committed to creating a community in which a diverse population can learn, live, and work in an atmosphere of tolerance, civility, and respect for the rights and sensibilities of each individual, without regard to professional rank, employment status, economic status, ethnic background, political views, sexual orientation, gender identity, or other personal characteristics or beliefs.

CSULB takes seriously its tradition of maintaining civility and mutual respect toward all members of the University community. These qualities are intrinsic to the establishment of excellence in teaching and learning. They also contribute to the maintenance of a productive workplace and an overall positive campus climate. Civility and mutual respect thrive only when equal opportunity and access exist, and when retaliation for exercising rights, privileges and obligations is not feared. (Policy 03-09)

The Director of Equity and Diversity, is the designated campus coordinator for equal employment opportunity, affirmative action, and civil rights.

Policy Promoting Equal Employment and Educational Opportunity

California State University, Long Beach affirms the equal worth of every individual and of distinctive groups of people, and fosters fair and equal treatment and access for all members of the university community. Therefore, the University is committed to the principles of equal opportunity in education and employment, to policies and practices that ensure equal opportunity and consideration, and to the protection of civil rights.

It is the policy of California State University, Long Beach to provide programs, services, and benefits, including employment, without regard to age, disability, gender (including gender identity, gender expression), genetic information, nationality, race or ethnicity, religion, sexual orientation, as well as Veteran Status (Executive Order 1074)

Reasonable accommodation to disability is considered a means of establishing equal opportunity.

Policy Prohibiting Discrimination and Harassment

Pursuant to Executive Order 1074, California State University, Long Beach affirms that students, employees, volunteers, members of the public, and recipients of services, and/or benefits provided by CSULB have the right to a University free from discrimination and harassment, including hostile environment, on the basis age, disability, gender, genetic information, nationality, race or ethnicity, religion, sexual orientation, as well as Veteran Status.

This policy is established in compliance with the California Equity in Higher Education Act (Education Code §66250 et seq.), Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Age Discrimination Act of 1975, among other applicable state and federal laws.

Retaliation for exercising one's right to protection from discrimination and/or harassment or for participating in the investigation of a complaint is prohibited by law, and will not be tolerated.

The policy applies to all CSULB programs and activities, including, but not limited to, educational, cultural, recreational, and social and/or athletics programs and activities provided, sponsored, administered, or assisted by CSULB; CSULB academic programs and/or activities; CSULB-sponsored off-campus programs; housing supplied or regulated by CSULB; the administration of educational policies, admission policies, and employment policies and actions, including but limited to, recruitment, hiring, education, upgrading, promotion, transfer, demotion, layoff, recall, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeships; choice of contractors and suppliers of goods and services; provision of services and benefits to CSULB students, employment, volunteers, or the public; receipt of CSULB services and benefits provided by CSULB contractors or vendors.

Federally-required affirmative action plans are available for inspection at the Office Equity & Diversity during normal business hours.

Confidentiality

The University is committed to maintaining an environment in which individuals can participate in safe working and learning environments. Information provided to University employees shall be shared with other University employees and law enforcement exclusively on a "need to know" basis. University employees shall endeavor to honor any Complainant's request for confidentiality; however, the University shall also weigh requests for confidentiality against its duty to provide a safe and nondiscriminatory environment for all members of the campus community.

Consensual, Amorous, and/or Sexual Relationships Between Employees and Students

Guiding Principles

California State University, Long Beach, recognizes that there is a power disparity between a student and any individual [hereinafter referred to as "covered individual"] who is currently teaching, evaluating, counseling, coaching, advising, and/or supervising that student.

Consensual amorous or sexual relations between a student and any covered individual can create a conflict of interest that may lead to complaints of favoritism, lower morale, adverse effects to student welfare, damaged learning and working relationships, or claims of sexual harassment or discrimination.

Policy

The University will regard a consensual amorous or sexual relationship between any covered individual and a student for whom he or she has a teaching, evaluative, counseling, coaching, advising, or supervisory responsibilities as unprofessional and unacceptable.

The University expects covered individuals to refrain from taking any teaching, evaluative, counseling, coaching, advising, or supervisory role involving an individual with

whom he/she is having an amorous or sexual relationship;

Any covered individual who is, has been, or becomes involved in an amorous or sexual relationship with a student over whom he or she currently has authority, influence, or responsibility must promptly inform his or her immediate supervisor of such relationship. Moreover,

any covered individual who is, has been or becomes involved in an amorous or sexual relationship with a student must remove himself or herself from any participation in any key academic-related decisions, such as those related to grading, transfer, evaluation, awards, discipline, or academic status.

any covered individual who is, has been or becomes involved in an amorous or sexual relationship with a student must remove himself or herself from any participation in any key employment-related decisions, such as those related to hiring, evaluation, or discipline.

The supervisor informed of the amorous relationship shall reassign key academic-related or employment-related decisions regarding the student who is or has been in an amorous or sexual relationship with a covered individual to a different covered individual for whom no conflict of interest exists in making such decisions.

Violators of this policy shall be subject to warning, reprimand or other disciplinary procedures in accordance with University regulations.

Complaint Resolution Procedures

Resolution of discrimination, harassment and retaliation complaints is available to all members of the University community. The procedures vary, but are all intended to resolve complaints in a timely and responsive manner at the earliest possible stage.

Complaint Procedure for Employees:

For employees represented by a collective bargaining agreement, the collective bargaining agreement outlines procedures, process and timelines. Information is available from your campus union representative, or online at http://www.calstate.edu/LaborRel/Contracts_HTML/contracts.shtml

For employees not eligible to file a complaint or grievance under a collective bargaining agreement or whose collective bargaining agreement incorporates CSU system-wide complaint procedure, the complaint procedure is outlined in CSU Executive Order 1096. It is available online at: <http://www.calstate.edu/EO/EO-1096.html>.

Complaint Procedure for Campus Community, Guests, Visitors, Affiliates, and Associates:

For members of the campus community, guests, visitors, affiliates and associates, the Campus Complaint Resolution Procedure will apply. Forms are available in the Office of Equity & Diversity, USU 301. Please note: these complaint procedures are applicable if the alleged respondent is an employee, vendor, contractor, or visitor.

Complaint Procedure for Student Complaint against a Non-Student

The university has developed both informal and formal processes for the resolution of discrimination and harassment complaints. Individuals may utilize either

of these avenues to resolve a complaint. Both of these processes are designed to resolve complaints in a timely and responsive manner at the earliest possible stage. Complaints must be filed no later than 180 days from the date of the alleged offense.

A discrimination complaint resolution officer (Larisa Hamada, Title IX Coordinator, Director of Equity & Diversity) has been appointed by the university president. This individual serves as a resource for any member of the campus community.

An informal complaint may be initiated by contacting the discrimination complaint officer (Director of Equity & Diversity). If the proposed remedy is unsatisfactory to the complainant, or if the complaint is not resolved in the informal process, the complaint can proceed to the formal level. All informal complaints reported to other university employees must be referred to the Director of Equity & Diversity.

A formal complaint may be initiated by submitting a completed, signed complaint form to the Office of Equity & Diversity, USU-301. The complainant will be required to provide an account of the alleged incident, to describe what effect it has caused, and to propose what remedy is sought. Formal complaint procedures include notification to the individual charged with prohibited behavior. In the formal process, an investigation will be conducted by the discrimination complaint officer (Director of Equity and & Diversity) and his/her findings will be reported to the appropriate division executive. The division executive will take appropriate action.

The full text of these procedures, including timelines, is available from the Office of Equity & Diversity, USU-301, (562) 985-8256. See also <http://www.csulb.edu/depts/oed/policies/complaints.html>.

See also Executive Order 1097: <http://www.calstate.edu/EO/EO-1097.html>.

Complaint Procedure for a Student Complaint against another Student(s)

Students may seek assistance with resolving a complaint by initiating an informal discussion with Larisa Hamada, Title IX Coordinator, Director of Equity & Diversity. If the complaint is not resolved in the informal process, the complaint can proceed to a formal level. See also Executive Order 1097: <http://www.calstate.edu/EO/EO-1097.html>

A formal complaint may be initiated by a student submitting a written, dated and signed statement to the Director of Equity & Diversity, USU-301. The complaint will be handled in accordance with Executive Order 1097: <http://www.calstate.edu/EO/EO-1097.html>

Note: Students may seek assistance with resolving a complaint against an employee of an auxiliary organization (Associated Students, CSULB Foundation and Forty Niner Shops) by contacting the appropriate office listed below:

- Associated Students human resources manager, USU-232, (562) 985-8875, www.csulb.edu/asi
- CSULB Foundation associate director of Human Resources & Administrative Services, Foundation Building, (562) 985-7950, www.foundation.csulb.edu/departments/hr
- Forty-Niner Shops director of Human Resources, Bookstore, (562) 985-7854, www.csulb.edu/aux/49ershops/

Campus Complaints Procedure for Campus Community, Guests, Visitors, Affiliates, and Associates- Informal

This procedure is initiated by speaking with your immediate supervisor or Larisa Hamada, Director of Equity & Diversity.

The Office of Equity & Diversity is expected to: provide information about University policy and procedures, ensure the safety and security of the complainant in the immediate environment, ensure the due process of the individual(s) charged, ensure confidentiality to the extent possible by and with all parties, report the complaint to the Director of Equity & Diversity within five (5) working days from receipt of the complaint, consult with the Director of Equity & Diversity at least once per week until the complaint is resolved, an outcome is reached, or the complaint is referred to the Director of Equity & Diversity for review and consideration, maintain notes of the complaint and log of all contacts made, report monthly to the Director of Equity & Diversity of the number, nature, and outcome of the complaints. The outcome of all informal complaints must be reported to the Director of Equity & Diversity. If the proposed remedy is unsatisfactory to the complainant, or if the complaint is not resolved in the informal process, the complaint may proceed to the formal level.

Campus Complaint Procedure for Campus Community, Guests, Visitors, Affiliates, and Associates- Formal

An allegation becomes a formal complaint only when it is filed in writing on an official University discrimination complaint resolution form and is signed, or when the Director of Equity & Diversity files the complaint. The form is available from the Office of Equity & Diversity. The University will follow the informal procedures as outlined in Executive Order 1089 for the campus policy.

The alleged offender will be notified of the complaint by the Director of Equity & Diversity. The alleged offender is required to respond in writing.

If agreement is reached, the Director of Equity & Diversity shall provide all concerned parties with a written statement of the resolution.

If agreement is not reached, the Director of Equity & Diversity will proceed to evaluate the applicability of University policy prohibiting discrimination, harassment, and retaliation to the alleged behavior.

The Office of Equity & Diversity is authorized to interview anyone deemed necessary to the investigation. The investigation will be completed in a timely manner in alignment with the procedure outlined by the collective bargaining agreement or Executive Order.

Time limits may be extended or waived by the President or upon request of the Director of Equity & Diversity.

At the conclusion of the investigation, the Director of Equity & Diversity will submit a report of the complaint, investigation and findings and recommendations to all concerned parties, and the appropriate division executive. The division executive will notify the Director of Equity & Diversity of resulting action.

Campus Complaint Timeline

Pursuant to Executive Order 1097 a student/applicant for admission (applicant) on any one of the 23 campuses of the California State University may file a complaint related to discrimination, harassment, or retaliation.

Immediately following a discriminatory, harassing, or retaliatory act/action, or as soon as possible thereafter, students/applicants who believe they are or may have been victims of discrimination, harassment or retaliation, may initiate the Informal Resolution process to receive information and advice about the procedures that exist for resolving such matters.

For the purpose of this executive order, day is defined as work day which means Monday through Friday, excluding all official holidays or campus closures at the campus where the complaint originated.

Within twenty (20) work days after the end of the academic term (semester/quarter), in which the most recent alleged discriminatory/harassing/retaliatory act occurred, a student/applicant may file a formal discrimination/harassment/retaliation complaint.

Within ten (10) work days of receipt of a formal complaint, an intake interview shall be conducted with the student/applicant.

Within sixty (60) work days of the initial intake interview of a formal complaint, the investigator shall complete his/her investigation, write and submit the investigative report to the campus designated Management Personnel Plan (MPP) employee responsible for the implementation of, and compliance with, Executive Order 1097. The timeline for the investigation shall not be extended pursuant to Article VI, Section G of Executive Order 1097 for a period longer than an additional sixty (60) days.

Within ten (10) work days of the receipt of the investigative report, the campus designated Management Personnel Plan employee shall review the investigative report and notify the student/applicant in writing of the outcome of the campus investigation. If the same Management Personnel Plan employee is the person who investigated the complaint, he/she shall provide the student/applicant with notification of the outcome of the campus investigation within ten (10) work days of completing the report. A separate notification shall be provided to the accused(s), indicating whether or not the allegations at Formal Level I were substantiated.

Within ten (10) work days of receipt of the Formal Level I decision, the student/applicant may file a written appeal with the Office of the Chancellor.

Within sixty (60) work days of receipt of a written appeal to the Office of the Chancellor (CO), the CO designee shall respond to the complainant. A separate notification shall be provided to the accused(s), indicating whether or not the allegations at Formal Level II were substantiated.

The CSU review of a written complaint filed by a student/applicant under this executive order shall end following a final decision by the CO designee.

The timelines noted above may be extended for the following reasons:

If the student/applicant, the accused, a witness, the

campus investigator/CO designee, or other necessary person involved in the complaint process is unavailable because of any reason deemed to be legitimate by the campus investigator/CO designee, the timelines in this executive order will be automatically adjusted according to the period of absence. The student/applicant will receive written notification of the period of extension.

Timelines set forth herein may also be extended by mutual agreement. If the student/applicant does not agree or does not respond to the CSU's request for a timeline extension, the CSU will respond to the complaint/appeal within the timelines set forth in this executive order. In that event, the response will be interim in nature as it will be based upon the information available at the time. The interim response will note that the investigation/review is continuing until the CSU is satisfied its duty to respond appropriately to the allegation(s) has been discharged. The interim response should include a summary of the allegations, a description of the investigative/review process, and should also provide the student/applicant with an anticipated date of completion of the investigation/review, whereupon the final response will be issued. Pursuant to Executive Order 1097, the timeline shall not be extended for a period longer than an additional 30 work days from the original due date.

Student Complaint Procedure

The California State University takes very seriously complaints and concerns regarding the institution. If you have a complaint regarding the CSU, you may present your complaint as follows:

(1) If your complaint concerns CSU's compliance with academic program quality and accrediting standards, you may present your complaint to the Western Association of Schools and Colleges (WASC) at <http://www.wascsenior.org/> comments. WASC is the agency that accredits the CSU's academic program.

(2) If your complaint concerns an alleged violation by CSU of a state law, including laws prohibiting fraud and false advertising, you may present your claim to the campus president or to the Office of Equity & Diversity, USU-301, (562) 985-8256. They will provide guidance on the appropriate campus process for addressing your particular issue.

If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by the president or designee, or by WASC, you may file an appeal with the Associate Vice Chancellor, Academic Affairs at the CSU Chancellor's Office. This procedure should not be construed to limit any right that you may have to take civil or criminal legal action to resolve your complaint.

Don't Put Your Health at Risk

To become dependent upon chemicals such as illicit drugs and/or alcohol is to put your health at risk. Chemical dependency is a condition in which the use of mood altering substances such as drugs or alcohol is associated with problems in any area of life on a more or less continuing basis.

One does not, however, have to be addicted or chemically dependent to suffer health risks from the use of illicit drugs or alcohol.

Alcohol and illicit drugs (in all the many forms) may, and

often do, impair physical coordination and judgment, diminish control over impulsive behavior, and cause many short- and long-term health consequences.

Alcohol-related illnesses now represent the third leading cause of death in the United States exceeded only by cancer and heart disease, and medical research has established very strong evidence that alcohol abuse contributes significantly to cancer and heart disease. There is clear evidence of serious negative effects on babies due to use of illicit drugs and alcohol by the mother during pregnancy.

If You Have an Alcohol/Drug-Related Problem, We Want to Help

The California State University, Long Beach Student Health Services offers substance dependence counseling and resources for students, faculty, and staff. This includes an Athletic Assistance Program for student athletes (offered as a separate program due to NCAA testing and eligibility requirements and conference affiliation rules for competition).

Under the guidelines of the Alcohol Tobacco and Other Drug (ATOD) program, Linda Peña, an experienced specially trained counselor/health educator under the supervision of the Medical Director, serve as the coordinator and counselor of this program and is available for consultation. All contacts with the Student Health Services personnel are strictly confidential.

Information concerning the prevention of drug and alcohol abuse and/or concerns about symptoms of substance disorders is available by calling/ emailing Linda Peña, (562) 985-1732, linda.pena@csulb.edu. Additionally, to support students diagnosed with substance disorders, there is ATOD's *Beach Recovery*. This is a Collegiate Recovery Community effort that aims to educate students about addiction and help remove the stigma associated with alcoholism and addiction, while supporting students on campus who are seeking recovery or are in recovery.

Campus Standards of Conduct

Both productivity at work and the learning process are significantly impaired by alcohol abuse and the use of illicit drugs. Substance abuse among college students inhibits their educational development and is of serious nationwide concern.

California State University, Long Beach is dedicated to the elimination of the use of illicit drugs and alcohol abuse. The University is making every effort to create an environment that promotes and reinforces good health. This includes responsible living, respect for community and campus standards and regulations, individual responsibility within the community, and the intellectual, social, emotional, ethical, and physical well-being of all members of the campus community.

On campus property, the solicitation, sale, use or knowing possession of dangerous drugs, restricted dangerous drugs, or narcotics, as those terms are used in California statutes, are prohibited.

Consumption of alcohol is prohibited in individual offices, classrooms, laboratories, or generally accessible public or open areas, such as the quad and athletic fields.

Information regarding campus policies on the consumption of alcohol may be obtained by calling the Office of Student Life and Development at 985-8668.

Pursuant to Title 5 of the California Code of Regulations, violations by students of the above regulations, when campus related, may, after due process, result in the student being placed on probation, being suspended, or being expelled. Additionally, violations of laws committed on campus property, or at a campus event, will also be subject to referral and prosecution through off-campus authorities. Penalties by enforcement agencies for violations of the law may include imprisonment, fines, or both; these are in addition to administrative sanctions imposed by the University.

More detailed descriptions of student regulations concerning drugs, or alcohol, may be found elsewhere in the CSULB *Catalog*, or in the Residence Hall Calendar and Handbook, or the Regulations for Campus Activities, Organizations and the University Community.

Pursuant to Education Code Section 89535, employees may be disciplined, up to and including termination, for the following causes:

1. Conviction of criminal offenses involving the illegal use of drugs.
2. Appearing for work impaired by the use of alcohol and/or controlled substances.
3. Addiction to the use of controlled substances.

More detailed descriptions of employee regulations concerning drugs, or alcohol, may be found in the Administrative Policies and Procedures Handbook and the Faculty and Staff Handbooks.

Security on Campus

Campus Security Act

California State University, Long Beach University Police, obtains its powers to arrest from the California Penal Code and the California Education Code.

Reporting Emergencies on Campus

The on-campus emergency phone number is 9-1-1. The non-emergency phone number is (562) 985-4101. Any problems concerning behavior of members of the campus community, thefts, vandalism, fire, and all related matters should immediately be brought to the attention of the University Police.

Procedures for Reporting Crimes on Campus

Whenever students or employees become victims of a crime while on the campus of CSULB, or whenever they have witnessed a crime or feel that there is a possibility that a crime is about to occur, they should notify University Police as soon as possible by calling 911 from their cell phone or nearest telephone. There are also numerous emergency phones located throughout the campus and parking lots, which are direct lines to the University Police dispatcher. Contact University Police by simply locating the nearest emergency phone or by using the emergency phone that is located in all elevators. Individuals may also

contact the mobile police units that patrol the campus on a 24-hour schedule. Parking enforcement officers also patrol the parking lots and have direct radio contact with the police dispatcher and the mobile police units. The University Police is located at the far east end of campus, between parking lot "11" and parking lot "9" on Palo Verde Avenue. The Department is open 24 hours a day to respond to any call for service or to any emergency.

Opening Classrooms

Custodians are responsible for unlocking all outside doors and classrooms which do not contain equipment (audiovisual, computers, etc.) at 7:00 am. University Police personnel are responsible for opening buildings on weekends and holidays. Persons requesting a door opened must have proper authorization. Questions of interpretation and special access matters should be directed to University Police.

Security of Buildings

Personnel who require regular access to specific buildings and rooms may request keys. Requests must be approved by the appropriate department and, for some facilities, by the appropriate administrator. Individuals granted special access to rooms and buildings must assume personal responsibility for facilities and equipment during the time they are using these facilities and equipment and must ensure that the door is locked at the conclusion of work.

University Police will ensure that all buildings are secured every night. An individual desiring to remain in a building after normal closing hours is required to notify University Police.

A faculty or staff member who does not have a key but who requires access to a particular building or room after normal instructional or working hours must present proper identification to University Police before being given access to the building. Graduate Assistants and other students who require entrance to a building during other than normal hours must have proper identification and prior approval in writing from the appropriate administrator. They must be in possession of a copy of written permission and approval from their appropriate administrator.

Anyone who has difficulty in gaining authorized access to an area or who needs assistance in securing a building or room should contact University Police.

Policy Concerning Law Enforcement on Campus

California State University Police Officers are sworn Law Enforcement Officers under California Penal Code, Section 830.2, and in compliance with State Statute meet the peace officer standards and training requirements mandatory for all California law enforcement officers. In addition, California State University Police Officers undergo training specially designed to meet the needs and problems of a contemporary university community.

The primary responsibility of the University Police is the preservation of the public peace and the protection of life and property against all unlawful acts. The department will take all possible measures to prevent crime and accidents, investigate thoroughly all suspicious and criminal activity, and apprehend offenders quickly in all cases where crimes are committed.

Type and Frequency of Programs to Inform Campus Personnel About Security Procedures and Practices

University Police actively invites fraternities and sororities, as well as sports groups and clubs on campus, to participate in the "Acquaintance/Rape" lectures. These classes are scheduled flexibly at no charge to meet the group's needs. The University Police also conducts new employee, new student, and special groups orientations. Officers routinely address residence hall students on a variety of topics, such as drug and alcohol abuse, and the problem of sexual assaults.

Programs Designed to Prevent Crime

University Police offers an evening escort service for all students and employees. They are picked up and escorted to their vehicles or to the residence halls.

University Police provides employees with information about California law and how to avoid being a victim. Advice is also provided about securing valuables and protecting vehicles.

Statistics on Major Crimes

University Police reports statistics on major crimes monthly to the Office of the President, to the Chancellor's Office, and to the Department of Justice.

Information concerning CSULB policies, procedures, and facilities for students and others to report criminal actions or other emergencies occurring on campus may be obtained from University Police, (562) 985-4101.

Information concerning the CSULB annual crime statistics reports may be obtained online at the University Police website <http://daf.csulb.edu/offices/ppfm/police/> or by contacting University Police directly at (562) 985-4101.

Firearms on Campus

Any person who brings or possesses a firearm on the grounds of the University, without the prior written permission of the Chief of University Police, or as otherwise provided by law, is in violation of State law (California Penal Code, Section 626.9), and University Regulations, and is punishable by imprisonment. Any person who brings or possesses a device that expels a metallic projectile, such as a B-B or pellet, through the force of air pressure, CO2 pressure, or spring action, or a spot-marker gun, on the grounds of the University, without the permission of the University Police, is in violation of University Regulations; such action may result in University or legal sanctions.

Off-Campus Monitoring of Criminal Activity at Campus Events

The University Police Department has a close working relationship with the City of Long Beach Police Department and other local law enforcement agencies. Reports and information are routinely exchanged and reviewed as needed.

Policy for the Use of Alcohol and Drugs on Campus

Alcoholic beverages generally may not be consumed on campus except at sponsored events and with specific approval of the Director of Student Life and Development.

Alcoholic beverages may only be consumed on University premises that have been licensed by the Department of Alcoholic Beverage Control or on other University premises at “approved group sponsored events.” Sponsors of such events must obtain prior written approval from the office of Student Life and Development. Approval normally will be limited to events in such areas as the University Student Union, the Soroptimist House, or the Chart Room.

The solicitation, sale, use or knowing possession of dangerous drugs, restricted dangerous drugs, or narcotics, as those terms are used in California statutes, is prohibited on campus property. Excepted are drugs which are lawfully prescribed or lawfully permitted for the purpose of bona fide research, instruction or analysis.

CSULB is dedicated to the elimination of the use of illicit drugs and alcohol abuse. The CSULB Student Health Services offers substance-abuse consultation programs for students, faculty and staff who may need assistance in overcoming the personal problems associated with alcohol or drug abuse. These programs include a Student Assistance Program for students, an Employee Assistance Program for faculty and staff, and an Athletic Assistance Program for student athletes (offered as a separate program due to NCAA requirements). All contacts with the Health Center and its personnel are confidential.

More detailed descriptions of campus regulations concerning alcohol and drugs may be found in the current editions of the CSULB *Catalog*, the CSULB *Schedule of Classes*, Regulations for Campus Activities, Organizations, and the University Community, and the Faculty, Staff and Student Handbooks.

Policy on Sexual Assault

Students, faculty, and staff who are victims of sexual assault committed at or upon the grounds of the University, or upon off-campus grounds or facilities maintained by affiliated student organizations, are required by law to be advised of specified information, to include treatment, related campus procedures, referral options, and other assistance which may be available [California Education Code, Section 67385]. This policy is designed to provide the written procedures and information required.

Rape, including acquaintance rape, or any other form of sexual assault, will not be tolerated by California State University, Long Beach. Where there is evidence that campus-related sexual assault has been committed, severe campus disciplinary action will be initiated. Such campus disciplinary action may include, after due process, the possibility of dismissal, suspension or disenrollment. Additionally, where the victim initiates criminal action, the perpetrator is subject to criminal penalties which may include fines and imprisonment.

Sexual Assault

The term “sexual assault” includes, but is not limited to, rape, acquaintance rape, sexual battery, forced sodomy, forced oral copulation, rape by a foreign object, or threat of sexual assault [California Education Code, Section 67385(d)].

Rape is a criminal offense. “Rape” is generally defined

as an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under specified circumstances. For example, it may involve the use or threat of force, violence, retaliation, or fear of or actual immediate and unlawful bodily injury. Rape also occurs when the victim is incapable of giving legal consent, for example, when: a) the victim has a mental disorder, or is developmentally or physically disabled; or b) the victim is prevented from resisting the assault due to intoxicating substances (e.g. alcohol or drugs); or c) the victim is unconscious of the nature of the act, and such condition was known or reasonably should have been known to the accused (Reference: California Penal Code, Section 261, and the following sections). Spousal rape is also prohibited under the “Spousal Rape” provisions of the California Penal Code, Section 262.

“Acquaintance Rape” is forced sexual intercourse undertaken by someone the victim knows, against the will of the victim or as a result of threats, force or fear.

“Sexual Battery” is defined as the touching of an intimate part of another person, if the person is unlawfully restrained and if the touching is against the will of the person touched, for the purpose of sexual arousal, sexual gratification, or sexual abuse [Reference: California Penal Code, Section 243.4 (e) (i)].

“Assault with intent to commit a sexual battery” is defined as an unlawful attempt, coupled with the present ability, to commit a violent injury (e.g., rape) or sexual battery on the person of another. (Reference: California Penal Code, Section 220; 240; 261; and following sections).

“Consent” is defined as positive cooperation in an act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved. A current or previous dating or marital relationship is not sufficient to constitute consent where, under specified conditions, consent is at issue [Reference: California Penal Code, Section 261.6; 266(c)].

“Unlawful Sexual Intercourse with a minor” is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, where the person is under the age of 18 years (California Penal Code, Section 261.5).

Any person who willfully and lewdly commits any lewd or lascivious act upon or with the body or any part of a child under the age of 14 years with the intent of arousing, appealing to, or gratifying the sexual desires or passions of either the child or defendant is guilty of a felony. Any person who commits any act in the previous sentence with a person 14 or 15 years old, and the defendant is at least 10 years older than the child is guilty of a public offense (California Penal Code, Section 288). Any person who intentionally gives, transports, provides, persuades or makes available to another a child under age 16 for lewd or lascivious acts is guilty of a felony, punishable by fine and imprisonment [California Penal Code, Section 266(j)]. Every person who annoys or molests any child under the age of 18 is punishable by fine and imprisonment, or both fine and imprisonment (California Penal Code, Section 647.6).

University Jurisdiction

California State University, Long Beach views seriously its obligation to uphold the laws of the larger community of which it is a part. An association with the University does not exempt a person from local, state, or federal laws, but rather imposes the additional obligation to abide by all of the rules and regulations of the California State University.

A student charged with a sexual abuse or sexual assault or sexual battery violation which is campus related may be subject to prosecution under appropriate California criminal statutes, as well as being subject to student discipline under the Student Conduct Procedures (Reference: Chancellor's Executive Order 1074, "; and Title V, California Code of Regulations, Section 41301 41302, "Student Discipline").

Employees charged with a sexual abuse violation which is campus-related may be subject to prosecution under appropriate California criminal statutes, as well as being subject to discipline under the California Education Code, Sections 89535 89540. Such campus disciplinary action for employees may include demotion, suspension, or dismissal.

Campus Reporting Procedures

Persons involved in, or possessing knowledge of, a campus-related abuse violation are strongly encouraged to notify University Police immediately. University Police may be contacted by:

- using any of the blue lighted telephones
- by depressing the red button on all public pay telephones
- dialing (562) 985-4101 or 9-1-1

An officer will be dispatched and will assist the victim to a medical facility for medical care and collection of evidence. An officer will assist the victim with a police report should the victim desire to make one. An officer will remain available to the victim until a friend or relative can be located.

The University Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other CSU campus security authorities identified as the following:

- Associate Vice President/Dean of Students
University Student Union 219, (562)985-8670
- Associate Vice President, Faculty Affairs
(562) 985-4128, Brotman Hall 303
- Assistant Dean of Students
(562) 985-7547, University Student Union, Room 217
- Director, Athletic
(562) 985-4655, Pyramid Annex
- Director, Counseling and Psychological Services
(562) 985-4001, Brotman Hall 226
- Director, Equity & Diversity
(562) 985-8256, University Student Union 301, Title IX Coordinator
- Director, Housing and Residential Life
(562) 985-4187, Housing Office
- Director, Office of Student Conduct & Ethical Development
(562) 985-5270, Brotman Hall 377
- Deputy Title IX Coordinator
- Director, Staff Human Resources
(562) 985-4031, Brotman Hall 335

- Director, Student Health Services
(562) 985-4771, Student Health Center

Alternatively, one may anonymously report a crime to the above listed campus authorities. Each respective unit or person contacted will be responsible for reports, as may require by law, to be filed for their respective unit, e.g. violations under the Child Abuse Reporting Law, Jeanne Clery Act or Meagan's law.

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

Access crime statistics for CSULB: These are mandated statistics known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Hard copies of this brochure may be obtained from CSULB Police Department's main station located on the southern end of parking lot 11, 1250 Bellflower Blvd, or from the police substation located in the University Student Union room, 237. This report is also available on the University Police web site at <http://daf.csulb.edu/offices/ppfm/police>, and can be downloaded in the PDF format. This report is prepared in cooperation with the Police agencies surrounding our main campus and our alternate sites, Housing and Residential Life, the Judicial Affairs Office and the Division of Student Services. Each entity provides updated information on their educational efforts and programs to comply with the Act.

The following are among the options available to a victim and more than one option may be exercised:

1. Criminal Prosecution: University Police - (562) 985-4101
Emergency: 9-1-1
2. Civil Action: Consult an attorney.
3. University Disciplinary Process, where accused is:
 - A. Faculty: Academic Employee Relations
(562) 985-5208; BH-300
 - B. Staff: Staff Human Resources
(562) 985-4128; BH-303
4. Informal Mediation: Office of the University Ombuds
(562) 985-5983; FND-140.
5. Alternative Campus Housing Assignments: Director, Housing
(562) 985-4187; Housing Office
6. Academic Assistance:
 - A. Counseling and Psychological Services
(562) 985-4001; BH 226
 - B. Women's Resource Center (562) 985-8575; LA1-102
 - C. Academic Advising Center (562) 985-4837; Horn Center,
Room 103

In the event there are requests for information from the press, concerned students, parents, and others, prudence will be exercised, and when required by law, confidentiality will be maintained. When appropriate, only the Department Director (for matters strictly within the Director's purview), or the University Director of Public Affairs (for inquiries by the media), will respond.

Victims are advised that there could likely be a need to identify both the victim and the assailant in the course of investigation and hearings under University student disciplinary proceedings, as well as under employee disciplinary proceedings, or criminal prosecutions. In the case of student disciplinary actions against an assailant, the victim is required to be promptly notified by the Director. Office of Student Conduct and Ethical Development of the status of the proceedings, and the general terms of the disposition.

Persons are reminded of the importance of preserving such evidence as may be necessary to the proof of criminal sexual assault. With respect to sexual assault involving student discipline, both the accused and the accuser are entitled to have an advisor present during a campus disciplinary proceeding, and to be informed of the outcome of the campus student disciplinary proceeding. Student victims of sexual assault may request changes in academic and living arrangements precipitated by the offense where such changes are reasonably available.

Support Services

Sexual assault violations often result in physical harm, psychological harm, or both. Even if the victim decides not to report the incident to authorities, it is urged that the victim seek medical and counseling assistance for potential emotional trauma and the possibility of sexually transmitted diseases.

- The University Counseling and Psychological Services provides crisis counseling as well as ongoing assistance to students who have experienced sexual assault; BH 226, (562) 985-4001, www.csulb.edu/caps.
- The University Student Health Center offers routine medical examinations, including pregnancy tests and tests for sexually transmitted diseases; (562) 985-4771.
- The University Women's Resource Center provides support, resource materials, and referrals to community services women and men, LA1-102, (562) 985-8576, www.csulb.edu/wrc.
- S.A.R.T (Sexual Assault Response Team) The University Police is an active participant of the Long Beach S.A.R.T. process. This process offers individual forensic exams to victims of sexual assault and child molestation. Coordination is with University Police, Long Beach Police Department, District Attorney's office, a forensic nurse and a rape crisis counselor. The police dispatcher activates the S.A.R.T process after the officers have connected with the victim. The University Police may be reached by calling (562) 985-4101 or 9-1-1. S.A.R.T. is located at Long Beach Community Hospital. A victim may be driven to Long Beach Community Hospital, 1720 Termino Ave., Long Beach, for the S.A.R.T. services. The emergency room staff will contact S.A.R.T. directly.

Additionally, referrals are available through the following non-university agencies:

- YWCA GLA Sexual Assault Crisis Program (877) 943-5778
- East LA Rape and Battery Hotline (800) 585-6231
- Rape Crisis Hotlines – Orange County (949) 831-9110 and (714) 957-2737
- The Rape Treatment Center – Santa Monica Hospital, (310) 319-4000
- Safe At Home Confidential Address Program (877)322-5227, www.ss.ca.gov/safeathome/

Also, Counseling and Psychological Services office maintain lists of referrals within the community which deal with the issues of rape and sexual assault crisis, including legal, medical, and therapeutic support services. The phone number for the Counseling and Psychological Services

office is (562) 985-4001.

Victims of Violent Crime Statute

A person who has sustained physical injury as a direct result of a crime of violence, or is legally dependent for support upon a person who has sustained physical injury or death as a direct result of a crime of violence (or, in the event of a death caused by a crime of violence, has legally assumed or voluntarily paid the medical or burial expenses incurred as a direct result thereof) may qualify for indemnification by the State of California for the out-of-pocket wages, medical and/or burial expenses incurred as a result of the crime (California Government Code, Section 13900, et seq.). Claims must be filed with the State Board of Control for the State of California. The Statute provides that, absent certain extenuating circumstances, a claimant has one year from the date of the crime to file his or her claim with the State Board of Control. For further information regarding this program, contact:

University Police - CSULB, 1250 Bellflower Blvd., Long Beach, CA 90840, Telephone: (562) 985-4101
Los Angeles District Attorney - Telephone: (800) 380-3811
Website: da.co.la.ca.us/vwap/roster.htm
State of California - Victim Compensation Program, P.O. Box 3036, Sacramento, CA 95812-3036, Telephone: (800) 777-9229, Hearing impaired, please call the California Relay Service at (800) 735-2929, Email: info@vcgcb.ca.gov

Student Educational Records and Privacy Rights

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232 g) and regulations adopted thereunder (34 C.F.R. 99) set out requirements designed to protect students' privacy in their records maintained by the campus. The statute and regulations govern access to certain student records maintained by the campus and the release of such records. The law provides that the campus must give students access to most records directly related to the student, and must also provide opportunity for a hearing to challenge the records if the student claims they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under this law does not include any right to challenge the appropriateness of a grade determined by the instructor. The law generally requires the institution to receive a student's written consent before releasing personally identifiable data about the student. The institution has adopted a set of policies and procedures governing implementation of the statutes and the regulations. Copies of these policies and procedures may be obtained on the Enrollment Services website. Copies can also be obtained at the Office of Enrollment Services or the Office of Judicial Affairs. Among the types of information included in the campus statement of policies and procedures are: (1) the types of student records maintained and the information they contain; (2) the official responsible for maintaining each type of record; (3) the location of access lists indicating persons requesting or receiving information from the record; (4) policies for reviewing and expunging records; (5) student access rights to their records; (6) the procedures for challenging the content of student records; (7) the cost to be charged for reproducing copies of records; and (8) the right of the student to file a complaint with the Department of Education. The Department of Education has established

an office and review board to investigate complaints and adjudicate violations. The designated office is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., S.W., Washington, D.C. 20202-5920.

The campus is authorized under the Act to release "directory information" concerning students. CSULB designates the following items authorized by FERPA as Directory Information: student's name, address (see below for conditions), telephone number (see below for conditions), email address (see below for conditions), major field of study, dates of attendance, grade level, enrollment status, and degrees, honors, and awards received. Addresses, telephone numbers, and email addresses for currently enrolled students will be released to CSULB personnel and units solely for the purpose of conducting legitimate University business. They may not be shared with individuals or organizations outside the University except in accordance with the following provisions. Addresses, telephone numbers, and email addresses may be released for non-commercial use by individuals or organizations outside the University provided the requests for such information have been reviewed and approved by the appropriate University personnel. Requests from the academic offices of accredited educational institutions shall be reviewed by the Provost and Senior Vice President for Academic Affairs or designee. All other requests shall be reviewed by the Vice President for Student Services or designee. Otherwise, the University may disclose any of the items designated as "directory information" above without prior written consent, unless the student provides a request that certain information not be released (non-disclosure). Requests for non-disclosure may be made directly by the student utilizing their self-service account in the student system via the Internet. If the student does not have access to the Internet, their request for non-disclosure must be requested on the "Authorization to Withhold Student Information" form, available in the Office of Enrollment Services. Specifying items as directory information allows the University to disclose this information without prior written consent. It does not require that the University release the information except under court direction. In addition to the above, the Director of Athletics may provide information concerning participation of students in athletic events, including the height and weight of athletes. The University will also respond to requests for information regarding the employment status of students serving as Teaching Associates (TAs), Graduate Assistants (GAs), or Instructional Student Assistants (ISAs) and the departments that employ them.

The campus is authorized to provide access to student records to campus officials and employees who have legitimate educational interests in such access. These persons have responsibilities in campus' academic, administrative, or service functions and have reason for accessing student records associated with their campus or other related academic responsibilities. Student records may also be disclosed to other persons or organizations under certain conditions (e.g., as part of accreditation or program evaluation; in response to a court order or subpoena; in connection with financial aid; for specified health or safety

matters; or to other institutions in which the student has enrolled or seeks to enroll).

Career Placement Information

The Career Development Center office may furnish, upon request, information about the employment of students who graduate from programs or courses of study preparing students for a particular career field. Any such data provided must be in a form that does not allow for the identification of any individual student. This information includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment. The information may include data collected from either graduates of the campus or graduates of all campuses in the California State University system.

Use of Social Security Number

Pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109), the University uses the social security number to identify students and their records including identification for purposes of financial aid eligibility and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the University to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

Taxpayers who claim Hope Scholarship or Lifetime Learning tax credit will be required to provide the campus with their name, address, and Social Security Number.

Student Grievance Policy

The CSULB grievance policy and procedure are designed to provide the campus community with a protocol to accommodate circumstances for which no other policy or procedure exists. This policy does not cover grade appeals, prohibited discrimination, or any other issues that are covered by existing policies. Students are advised to consult appropriate additional campus resources (e.g., the *Undergraduate and Graduate Catalog*, "The Regs"). The Office of the Dean of Students has staff to help students understand the details of the grievance procedure and may be called upon for assistance.

Student Grievance Procedure

The student grievance procedure at CSULB is intended to provide a formal, standardized means for students to seek redress concerning the actions of faculty members, administrators, or staff members of the university-actions that are unauthorized or unjustified and that adversely affect the status, rights, or privileges of the students. Further, the purpose is to establish due process and safeguards that will be followed by the university in the adjudication of grievances.

A grievance filed under this policy must be initiated within one year of the alleged violation. A grievance may not be filed on the basis of a student's judgment of an instructor's

or administrator's competence; such judgments are solely the province of the academic department involved or of the administrator's supervisor.

The grievance procedure is not designed to replace open communication and understanding, which are vital to the academic process. The student may withdraw the grievance at any stage, at which point the process will immediately terminate. During all stages of the grievance, the burden of proof will be on the student.

The person or entity against whom the complaint is made is referred to in this document as the respondent. The initiator of the grievance is referred to as the grievant. For nonacademic matters, the term dean is also construed to refer to the responsible individual of comparable level – typically an associate vice president or vice president.

In the event that the respondent is at the level of dean or higher, the complaint should be directed to the responsible person at the next higher administrative level. If the chair or program director was directly involved in the original decision or denied the student an opportunity for due-process review at the local level, the student should seek informal resolution through the dean of the college (or designee).

If after ten instructional days beyond the initial informal meeting a satisfactory resolution is not reached, the department chair or program director will meet with the student grievant and the respondent. Within fifteen instructional days of that meeting, the chair or program director will complete an investigation of the allegations and will reach conclusion. The chair or program director shall promptly communicate the decision to the student and the respondent. If the grievant is not satisfied with the results of the informal process, he or she may initiate a formal grievance procedure by contacting the appropriate college dean (or designee) or the responsible person at the next nonacademic level within fifteen instructional days of the decision. (P.S. 07-01)

Formal Grievance Procedure

To initiate the formal grievance procedure, the student is required to submit a written "statement of grievance" – a clear, concise, signed, and dated statement of events from the student's perspective. The statement should provide enough information to present a complete understanding of the situation and of the remedy sought by the student.

A student initiates the formal procedures by submitting the statement of grievance to the appropriate department chair or program director. The chair or director will then submit a copy of the statement of grievance to the appropriate college dean or next appropriate higher administrative level and to the respondent. The respondent is required to submit a written response to the chair or program director with ten instructional days. The chair or program director will then provide a copy of the respondent's reply to the grievant and to the college dean or next appropriate higher administrative level.

The dean or appropriate administrator has a period of ten instructional days to review the case, during which he or she may opt to seek additional information from the parties involved or from witnesses. By the end of that ten-day period, the dean or administrator will either (1) render a decision or (2) convene a College Hearing Committee to

investigate further. The student shall have the right to request that a College Hearing Committee be convened.

College Hearing Committee

If required, a College Hearing Committee will consist of an administrator representing the dean, two faculty members elected from the Faculty Council of the appropriate College, a student representative elected from the Student Council of the appropriate College, a designee of the vice president for student services, and faculty adviser elected by the Academic Advising Council appropriate to the grievance. All meetings of the College Hearing Committee will be closed to the public, and no transcripts will be prepared. If the college hearing committee seeks evidence by means of personal testimony, the meeting at which such evidence is presented shall be conducted in the manner of any other academic committee meeting and is not considered a formal hearing. Both the grievant and respondent shall be given opportunities to present their views. There shall be no cross-examination.

The charge of a College Hearing Committee is to investigate and then to recommend to the dean a proposed resolution. The College Hearing Committee will review the grievance and, if necessary, forward supplemental queries to the respondent and to the department chair and program director involved – along with direction to submit written responses with twenty instructional days. Once the College Hearing Committee has received the written responses, it will review all available evidence, conduct deliberations, and then choose one of the three courses of action:

- Remand the grievance to the dean with a recommendation of immediate corrective action in favor of the grievant – based on sufficient evidence of a violation of (1) university regulation or policy or (2) principle of due process or (3) both.
- Defer a decision to allow for further investigation and gathering of evidence. In the case of such a continuation, both the grievant and the respondent will be notified in writing of the additional evidence required and whether that evidence should be provided in writing or in personal testimony.
- Dismiss the grievance based on a (1) lack of sufficient evidence of a violation of the university regulation or policy and (2) confirmation of adherence to principles of due process.

The College Hearing Committee will forward the recommendation to the dean. The dean will then make a decision and forward that decision to the respondent and grievant. If neither the respondent nor the grievant requests further review, then the grievance process ends.

If either party wishes to appeal the decision of the Dean, the appeal, in writing, may be made to the Provost (academic) or appropriate Vice President (non-academic). The appeal must be made within 10 instructional days of the dean's decision. The Provost or Vice President will notify both parties of the appeal and convene a University Hearing Committee to investigate further.

University Hearing Committee

If required, a University Hearing Committee will consist of an administrator representing the Provost, three faculty members selected from the Panel on Professional

Responsibility according to the procedures of that policy, and a student elected from the Associated Students, Inc. All meetings of the University Hearing Committee will be closed to the public, and no transcripts will be prepared. If the University Hearing Committee seeks evidence by means of personal testimony, the meeting at which such evidence is presented shall be conducted in the manner of any other academic committee meeting and is not considered a formal hearing. Both the grievant and respondent shall be given opportunities to present their views. There shall be no cross-examination.

The charge of a University Hearing Committee is to investigate and then to recommend to the Provost a proposed resolution. The University Hearing Committee will review the grievance and, if necessary, forward supplemental queries to the respondent and to the Provost – along with direction to submit written responses within 20 instructional days. Once the University Hearing Committee has received the written responses, it will review all available evidence, conduct deliberations, and then choose one of the three courses of action:

- Remand the grievance to the Provost with a recommendation of immediate corrective action in favor of the grievant – based on sufficient evidence of a violation of (1) university regulation or policy or (2) principle of due process or (3) both.
- Defer a decision to allow for further investigation and gathering of evidence. In the case of such a continuation, both the grievant and the respondent will be notified in writing of the additional evidence required and whether that evidence should be provided in writing or in personal testimony.
- Dismiss the grievance based on a (1) lack of sufficient evidence of a violation of the university regulation or policy and (2) confirmation of adherence to principles of due process.

The University Hearing Committee will forward the recommendation to the Provost. The Provost will then make a decision and forward that decision to the respondent and grievant. The University Hearing Committee shall function as the final level of this grievance process.

41301. Standards for Student Conduct

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community must choose behaviors that contribute toward this end. Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences.

(a) Student Responsibilities

Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and to contribute positively to student and university life.

(b) Unacceptable Student Behaviors

The following behavior is subject to disciplinary sanctions:

(1) Dishonesty, including:

(A) Cheating, plagiarism, or other forms of academic

dishonesty that are intended to gain unfair academic advantage.

(B) Furnishing false information to a University official, faculty member, or campus office.

(C) Forgery, alteration, or misuse of a University document, key, or identification instrument.

(D) Misrepresenting one's self to be an authorized agent of the University or one of its auxiliaries.

(2) Unauthorized entry into, presence in, use of, or misuse of University property.

(3) Willful, material and substantial disruption or obstruction of a University related activity, or any on-campus activity.

(4) Participating in an activity that substantially and materially disrupts the normal operations of the University, or infringes on the rights of members of the University community.

(5) Willful, material and substantial obstruction of the free flow of pedestrian or other traffic, on or leading to campus property or an off-campus University related activity.

(6) Disorderly, lewd, indecent, or obscene behavior at a University related activity, or directed toward a member of the University community.

(7) Conduct that threatens or endangers the health or safety of any person within or related to the University community, including physical abuse, threats, intimidation, harassment, or sexual misconduct.

(8) Hazing, or conspiracy to haze. Hazing is defined as any method of initiation or pre-initiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury to any former, current, or prospective student of any school, community college, college, university or other educational institution in this state (Penal Code 245.6), and in addition, any act likely to cause physical harm, personal degradation or disgrace resulting in physical or mental harm, to any former, current, or prospective student of any school, community college, college, university or other educational institution. The term "hazing" does not include customary athletic events or school sanctioned events. Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section.

(9) Use, possession, manufacture, or distribution of illegal drugs or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs.

(10) Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

(11) Theft of property or services from the University community, or misappropriation of University resources.

(12) Unauthorized destruction, or damage to University property or other property in the University community.

- (13) Possession or misuse of firearms or guns, replicas, ammunition, explosives, fireworks, knives, other weapons, or dangerous chemicals (without the prior authorization of the campus president) on campus or at a University related activity.
- (14) Unauthorized recording, dissemination, or publication of academic presentations (including handwritten notes) for a commercial purpose.
- (15) Misuse of computer facilities or resources, including:
 - (A) Unauthorized entry into a file, for any purpose.
 - (B) Unauthorized transfer of a file.
 - (C) Use of another's identification or password.
 - (D) Use of computing facilities, campus network, or other resources to interfere with the work of another member of the University community.
 - (E) Use of computing facilities and resources to send obscene or intimidating and abusive messages.
 - (F) Use of computing facilities and resources to interfere with normal University operations.
 - (G) Use of computing facilities and resources in violation of copyright laws.
 - (H) Violation of a campus computer use policy.
- (16) Violation of any published University policy, rule, regulation or presidential order.
- (17) Failure to comply with directions or, or interference with, any University official or any public safety officer while acting in the performance of his/her duties.
- (18) Any act chargeable as a violation of a federal, state, or local law that poses a substantial threat to the safety or well being of members of the University community, to property within the University community or poses a significant threat of disruption or interference with University operations.
- (19) Violation of the Student Conduct Procedures, including:
 - (A) Falsification, distortion, or misrepresentation of information related to a student discipline matter.
 - (B) Disruption or interference with the orderly progress of a student discipline proceeding.
 - (C) Initiation of a student discipline proceeding in bad faith.
 - (D) Attempting to discourage another from participating in the student discipline matter.
 - (E) Attempting to influence the impartiality of any participant in a student discipline matter.
 - (F) Verbal or physical harassment or intimidation of any participant in a student discipline matter.
 - (G) Failure to comply with the sanction(s) imposed under a student discipline proceeding.
- (20) Encouraging, permitting, or assisting another to do any act that could subject him or her to discipline.
- (c) Procedures for Enforcing This Code

The Chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the University imposes any sanction for a violation of the Student Conduct Code.
- (d) Application of This Code

Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between

academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

41302. Disposition of Fees; Campus Emergency; Interim Suspension

The President of the campus may place on probation, suspend or expel students for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such students for the semester, quarter, or summer session in which they are suspended or expelled will be refunded. If the students are readmitted before the close of the quarter, or summer session in which they are suspended, no additional tuition or fees will be required on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, or measures deemed necessary or appropriate to meet the emergency, to safeguard persons and property, and to maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension will be given prompt notice of charges and the opportunity for a hearing within ten days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of The California State University other than to attend the hearing. Violation of any condition of interim suspension will be grounds for expulsion.

41303. Conduct by Applicants for Admission

Notwithstanding any provision to the contrary, admission or readmission may be qualified or denied to any persons who, while not enrolled as students, commit acts which, were they enrolled as students, would be the basis for disciplinary proceedings pursuant to Sections 41301 or 41302. Admission or readmission may be qualified or denied to any persons who, while students, commit acts which are subject to disciplinary action pursuant to Section 41301 or Section 41302. Qualified admission or denial of admission in such cases will be determined under procedures adopted pursuant to Section 41304.

41304. Student Disciplinary Procedures for The California State University

The Chancellor will prescribe, and may from time to time revise, a code of student disciplinary procedures for The California State University. Subject to other applicable law, this code will provide for determinations of fact and

sanctions to be applied for conduct which is a ground of discipline under Sections 41301 or 41302, and for qualified admissions or denial of admission under Section 41303; the authority of the campus President in such matters; conduct-related determinations on financial aid eligibility and termination; alternative kinds of proceedings, including proceedings conducted by a Hearing Officer; time limitations; notice; conduct of hearings, including provisions governing evidence, a record, and review; and such other related matters as may be appropriate. The Chancellor will report to the Board actions taken under this section.

The current University regulation on alcoholic beverages is stated in the CSULB Policies, Information and Regulations Handbook published by the Office of Student Affairs.

Additional detailed information relating to student discipline is available in the Office of Student Affairs, and from the Office of the Vice President for Student Services.

Civil and Criminal Penalties for Violation of Federal Copyrights Law

Anyone who is found to be liable for copyright infringement may be ordered to pay either actual damages suffered as a result of the infringement along with any profits of the infringer attributable to the infringement that are not already taken into account in computing the actual damages, or "statutory" damages between \$750 and \$30,000 per work infringed. In the case of a "willful" infringement, a court may award up to \$150,000 per work infringed. (See 17 U.S.C. §504.) Courts also have discretion to award costs and attorneys' fees to the prevailing party. (See 17 U.S.C. §§504 & 505.) Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. Criminal penalties may vary depending on the nature of the offense and whether the infringer has previously been convicted of criminal copyright infringement under 18 U.S.C. §2319. (See 17 U.S.C. §506 & 18 U.S.C. §2319.)

Administrative Action

Procedures and sanctions of the Office of Judicial Affairs are under the administration of the Vice President for Student Services and are conducted pursuant to the authority provided in Section 41301 of Title 5 of the California Code of Regulations. Copies of Section 41301 of Title 5 may be found in the University *Catalog* and the Campus Regulations available in the Office of Judicial Affairs. Copies of Chancellor's Executive Order 970, "Student Conduct Procedures" are also available upon request.

The Vice President for Student Services will report annually to the President and the Chair of the Academic Senate a summary of the charges concerning cheating and plagiarism brought before the Office of Judicial Affairs.

Judicial Affairs

The Office of Judicial Affairs (Brotman Hall - 377) provides assistance with the interpretation and enforcement of campus regulations. Complete copies of the CSULB "Campus Regs," including a listing of infractions which may result in student disciplinary action under Title 5, Section 41301, of the California Code of Regulations, "Probation,

Suspension and Expulsion of Students," are available in this office; also available are copies of Executive Order 970, "Student Conduct Procedures." General assistance and aid in directing individuals to the proper procedures, departments and personnel may be obtained in this office.

Alleged violations are investigated primarily through informal office conferences with the involved students. The conferences which are held as a result of impending disciplinary action are:

1. To clarify the referral, the charges, or the circumstances involved;
2. To prevent the incidence of, or further occurrences of, violations; and
3. To educate as a preventive experience and to indicate the possible consequences as a result of committing a violation. Discussion is centered on the cause-and-effect relationship of various courses of action and, when possible, alternate paths or solutions are explored.

Fee Establishment and Policies

Average Support Cost per Full-Time Equivalent Student and Sources of Funds

The total support cost per full-time equivalent student (FTES) includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of FTES. The total CSU 2014/15 budget amounts were \$2,399,439,000 from state General Fund (GF) appropriations (not including GF debt service) and before adding \$71.1 million CalPERS retirement adjustment, \$1,592,256,000 from tuition fee revenue and after tuition fee discounts (forgone revenue), and \$453,018,000 from other fee revenues for a total of \$4,444,713,000. The 2014/15 resident FTES target is 346,050 and the nonresident FTES based on past-year actual is 15,568 for a total of 361,618 FTES. The GF appropriation is applicable to resident students only whereas fee revenues are collected from resident and nonresident students. FTES is determined by dividing the total academic student load (e.g. 15 units per semester) (the figure used here to define a full-time student's academic load).

The 2014/15 average support cost per FTES based on GF appropriation and net tuition fee revenue only is \$11,324 and when including all sources as indicated below is \$13,396, which includes all fee revenue (e.g. tuition fees, application fees, and other campus mandatory fees) and debt service in the CSU Operating Fund. Of this amount, the average net tuition and other fee revenue per FTES is \$5,643.

2014/15	Amount	Avg Cost per	
		FTES	%
State Appropriation (GF) ¹	2,399,439,000	6,934	51.8%
General Fund Debt Service ²	296,316,000	819	6.1%
Net Tuition Fee Revenue ³	1,592,256,000	4,390	32.8%
Other Fee Revenues ³	453,018,000	1,253	9.3%
Total Support Cost	4,741,029,000	13,396	100.0%

- ¹ Represents state GF appropriation in the Budget Act of 2014/15; GF is divisible by resident students only (346,050 FTES) and does not include General Fund Debt Service.
- ² A major change in the CSU budget appropriation beginning in 2014/15 is the fold in of state General Obligation bond debt service expense (\$197.2M) into the CSU main appropriation and movement of CSU lease revenue bonds debt service from a separately identified appropriations item to the CSU main appropriation item (\$99.1M).
- ³ Represents CSU Operating Fund, Tuition Fee and other fees revenue amounts (net of tuition fee discounts) submitted in campus August 2014/15 final budgets. Revenues are divisible by resident and nonresident students (361,618 FTES).

The average CSU 2014/15 academic year, resident, undergraduate student basic tuition fee and other mandatory fees required to apply to, enroll in, or attend the university is \$6,759 (\$5,472 tuition fee plus \$1,287 average campus-based fees). However, the costs paid by individual students will vary depending on campus, program, and whether a student is part-time, full-time, resident, or nonresident.

Procedure for the Establishment or Abolishment of Campus-Based Fees

The law governing the California State University provides that specific campus fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). The campus President may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose. The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus President containing the signatures of 10 percent of the regularly enrolled students at the University. Student body association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs. A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). Once bonds are issued, authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code sections 90012, 90027, and 90068.

A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). The student body fee was established at CSULB by student referendum in April 7, 2000. The campus President may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose (Education Code, Section 89300). The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus President containing the signatures of 10 percent of the regularly enrolled students at the University. Once bonds are issued, authority to set and adjust student body center

fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code, sections 90012, 90027, and 90068. Student body association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs.

The process to establish and adjust other campus-based mandatory fees requires consideration by the campus fee advisory committee and a student referendum as established by Executive Order 1054, Section III. The campus President may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus President. The President may adjust campus-based mandatory fees, but must request the Chancellor establish a new mandatory fee. The President shall provide to the fee advisory committee a report of all campus-based mandatory fees. The campus shall report annually to the Chancellor a complete inventory of all campus-based mandatory fees.

For more information or questions, please contact the Budget Office in the CSU Chancellor's Office at (562) 951-4560.

Tax Credits for Higher Education

The Taxpayer Relief Act of 1997 encourages postsecondary and continuing education by providing tax benefits to students and their families. Taxpayers can claim one, or in some cases, two of these new tax credits for expenses they pay for postsecondary education for themselves and their dependent children. These tax credits can directly reduce the amount of federal income tax for returns filed.

The Hope Scholarship Credit is available on a per-student basis for the first two years of postsecondary education. The maximum credit is \$1,500 per student. It will be offered to students or parents who pay tuition and related expenses for attendance at least half-time in a degree-granting program.

The Lifetime Learning Credit provides a tax credit to parents and/or students of up to \$2,000 of total annual educational expenses, per return.

Education expenses that are paid with tax-free grants, scholarships, are not eligible for either tax credit. Education expenses paid with loans are eligible for these tax credits. Interest paid on qualified student loans may also be deductible from taxpayer income. Interest can be taken as a deduction during the first 60 months (5 years) of repayment on student loan.

To assist you in taking advantage of these tax credits, the University will provide you with the following information:

- Form 1098T (Tuition Payments Statement) - This form must be submitted along with your federal tax return to claim these credits.
- Form W-9S (Request for Student's or Borrower's Social Security Number and Certification). This form should be completed and returned to the University, if your social security number is incorrect.
- Telephone inquiries at (562)985-8280
- Online at MyCSULB.edu

- In-person inquiries at Brotman Hall 155
- IRS Publication 970, Tax Benefits for Education www.irs.gov

Either your lender or loan servicer will provide interest deduction information to you. Those eligible will be provided with a 1098E form, which must be submitted along with your federal tax return to claim this deduction.

NOTE: The information described above, and the information available via mysculb.org or phone regarding the new tax benefits, is in general terms. Your ability to claim these tax benefits depends on your individual circumstances. We recommend that you consult a tax advisor to determine your personal eligibility.

Faculty and Administration

Abuhl, Rebekha (2005) Associate Professor Linguistics B.A., Beloit College, Wisconsin; M.A., Ohio State University; Ph.D., Georgetown University.	Ao, Ka Wa (2014) Assistant Professor Health Science B.S., M.P.H., Ed.D., University of Southern California.
Abramis, David J. (1985) Professor Management/Human Resources Management B.A., University of California, Santa Cruz; M.A., Ph.D. University of Michigan.	Arboleda-Monsalve, Luis G. (2014) Assistant Professor Civil Engineering and Construction Engineering Management B.S., National University of Colombia, Medellin; M.S., Purdue University; Ph.D., Northwestern University, Evanston.
Abrams, Jessica (2006) Associate Professor Communication Studies B.A., M.A., California State University, Long Beach; Ph.D., University of California, Santa Barbara.	Archie, James W. (1989) Professor Biological Sciences B.S., Michigan State; Ph.D., State University of New York, Stony Brook. Emeritus 2014.
Acey, Roger A. (1983) Professor Chemistry and Biochemistry B.S., Ph.D., Wayne State University. Emeritus, 2012.	Arcinue, Ferdinand A. (2005)Psychologist Counseling and Psychological Services B.A., Georgetown University; M.A., New York University; Ph.D., University of Southern California.
Achola, Edwin (2013)Assistant Professor Advanced Studies in Education and Counseling B.Ed., Maseno University, Kenya; M.Ed., Indiana University, Pennsylvania; Ph.D., Virginia Commonwealth University.	Armento, Greg (1988)Librarian B.A., M.A., California State University, Chico; M.A.L.S., University of Wisconsin.
Acosta-Deprez, Veronica M. (1996) Professor Health Science B.S., St. Louis University, Philippines; M.S., Ph.D., University of Wisconsin, Madison.	Arnold, Jermie S. (2012) Assistant Professor Music - Bob Cole Conservatory of Music B.M., M.M., Brigham Young University.
Adams, Stephen T. (2000) Professor Advanced Studies in Education and Counseling B.A., Grinnell College; M.A., Ph.D., University of California, Berkeley.	Arnold, Josh A. (1996) Professor Management and Human Resources Management B.A., Point Loma Nazarene College; M.A., Ph.D., University of Illinois at Urbana-Champaign.
Aghekyan, Marine (2009)Assistant Professor Family and Consumer Sciences B.S., Yerevan State Engineering University, Armenia; M.A., Ph.D., Auburn University.	Arora, Tina (2008)Assistant Professor Advanced Studies in Education and Counseling B.S., M.S., University of Madras; M.Ed., Kent State University; Ph.D., University of California, Los Angeles.
Ahrens, Courtney E. (2002) Professor Psychology B.A., Smith College; M.A., Ph.D., University of Illinois, Chicago.	Arroyo, Luis L. (1995) Professor Chicano and Latino Studies B.A., M.A., University of California, Santa Barbara; Ph.D., University of California, Los Angeles. Emeritus 2014.
Ai, Ruixi (2009)Assistant Professor Asian and Asian American Studies B.A., M.A., Guangzhou Institute of Foreign Languages, China; Ph.D., Harvard University.	Arroyo, Sarah J. (2003) Professor English B.S., New Mexico State University, Las Cruces; M.A., California State University, Long Beach; Ph.D., University of Texas at Arlington.
Aliasgari, Mehrdad (2013) Assistant Professor Computer Engineering and Computer Science B.S., Sharif University of Technology, Iran; M.S., Ph.D., University of Notre Dame.	Ary, James P. (1983) Professor Electrical Engineering B.S., St. Mary's College, California; Ph.D., Ohio State University.
Alimahomed-Wilson, Sabrina (2012) Assistant Professor Sociology/ Women's Gender, and Sexuality Studies B.A., M.A., University of California, Berkeley; Ph.D., University of California, Riverside.	Asenas, Jennifer N. (2008) Associate Professor Communication Studies B.A., M.A., California State University, Long Beach; Ph.D., University of Texas, Austin.
Allen, Bengt (2007) Associate Professor Biological Sciences B.A., Pomona College; M.S., San Diego State University; Ph.D., Stony Brook University.	Asgari, Shadnaz (2012) Assistant Professor Civil Engineering and Construction Engineering Management B.S., Sharif University of Technology, Iran; M.S., Ph.D., University of California, Los Angeles.
Allen, Torre (1990) Interim Senior Director Faculty Center for Professional Development Professor Communication Studies B.A., Louisiana Technical University; M.A., Ph.D., Louisiana State University, Baton Rouge.	Ashe, Pamela E. (1994)Psychologist Counseling and Psychological Services B.A., California State University, Long Beach; M.A., California State University, Dominguez Hills; Ph.D., Howard University.
Amirkhan, James H. (1988) Professor Psychology B.A., Reed College; M.A., California State University, Northridge; Ph.D., University of California, Los Angeles.	Asvathanagul, Pitiporn (2012) Assistant Professor Civil Engineering and Construction Engineering Management B.Eng., Chiang Mai University, Thailand; M.S., Ph.D., University of California, Irvine.
Ammermann, Peter A. (1999) Associate Professor Finance B.B.A., Roanoke College; M.B.A., Ph.D., Virginia Polytechnic Institute and State University.	Atherton, Jeffrey D. (2011)Assistant Professor School of Art B.F.A., M.F.A., Art Center College of Design, Pasadena.
An, Shuhua (2000) Professor Teacher Education B.A., Nanjing Normal University, China; M.B.A., Texas A&M International University; Ph.D., Texas A&M University.	Atkatz, Edward (2014) Assistant Professor Music – Bob Cole Conservatory of Music B.M., Boston University; M.M., New England Conservatory, Boston.
Andersen, Leslie N. (2002)Librarian University Library B.M., University of Southern California; M.M., M.L.S., Florida State University, Tallahassee.	Baber, Walter F. (2001) Professor Public Policy and Administration B.A., California State University, Long Beach; M.A., Ph.D., University of North Carolina, Chapel Hill.
Anderson, John (2006) Associate Professor Film and Electronic Arts B.A., M.A., Cornell University.	Bachman, Guy F. (2002) Associate Professor Communication Studies B.A., University of Hawaii, Manoa; M.A., New Mexico State University, Las Cruces; Ph.D., Arizona State University.
Anglin, David I. (2005) Associate Professor Music - Bob Cole Conservatory of Music B.A., San Francisco Conservatory of Music; M.A., University of California, Los Angeles; Ph.D., University of Southern California.	Baker, Yousef K. (2014) Assistant Professor International Studies Program B.A., University of California, Los Angeles; M.A., Ph.D., University of California, Santa Barbara.
Anjo, Dennis M. (1984) Professor Chemistry and Biochemistry B.A., M.S., San Francisco State University; Ph.D., Arizona State University, Tempe. Emeritus, 2011.	Ban, Hyowon (2009)Assistant Professor Geography B.A., M.A., Ewha Woman's University, Seoul, Korea; Ph.D., Ohio State University.
	Banuet, Flora (2002) Professor

Biological Sciences B.A., Ph.D., University of Oregon.	Claremont Graduate University.
Baralt, Lori B. (2009) Assistant Professor Women's, Gender, and Sexuality Studies B.A., University of Florida; Ph.D., Michigan State University.	Beyer, Christiane (2010) Associate Professor Mechanical and Aerospace Engineering M.S.E., Ph.D., University of Magdeburg, Germany.
Barcellona, John (1989) Professor Music - Bob Cole Conservatory of Music B.M., University of Hartford; M.A., California State University, Long Beach; D.M.A., University of Southern California.	Bhandari, Deepali (2014) Assistant Professor Chemistry and Biochemistry B.S., M.S., Panjab University, India; Ph.D., Loyola University Chicago, Maywood.
Barker, Heather R. (2012) Assistant Professor Design B.Arch, University of Cincinnati; M.Arch, Southern California Institute of Architecture, Los Angeles.	Bilici, Hamdi (1988) Professor Finance B.S., Istanbul University, Turkey; M.B.A., Louisiana State University; D.B.A., Louisiana Tech University, Emeritus, 2011.
Barnes, Nielan (2005) Associate Professor Sociology B.A., San Diego State University; M.A., Ph.D., University of California, San Diego.	Bill, Andreas (2005) Professor Physics and Astronomy Conservatoire Populaire de Musique de Geneve, Switzerland; Swiss Federal Institute of Technology Lausanne; Ph.D., University of Stuttgart.
Barrack-Gardner, Michelle T. (2014) Assistant Professor Family and Consumer Sciences B.A., University of California, Los Angeles; M.S., San Diego State University; Ph.D., University of California, Davis.	Billings, Alexandra S. (2014) Assistant Professor Theatre Arts M.F.A., California State University, Long Beach.
Bavarian, Niloofer (2014) Assistant Professor Health Science B.S., University of California, Santa Barbara; M.P.H., Ph.D., Oregon State University.	Bippus, Amy Marie (1999) Associate Dean of Enrollment Management College of Liberal Arts Professor Communication Studies B.A., Pennsylvania State University; M.A., Wake Forest University; Ph.D., University of Texas, Austin.
Becker, James (2013) Assistant Professor Kinesiology B.A., Middlebury College; M.S., Ph.D., University of Oregon.	Birkemeier, Richard P. (1985) Director California Institute for the Preservation of Jazz Professor Music - Bob Cole Conservatory of Music B.M.E., University of Wisconsin, Madison; M.M., Memphis State University; D.M., Northwestern University, Emeritus 2014.
Becker, Matthew W. (2008) Professor Geological Sciences B.S., Michigan State; M.S., Ph.D., University of Texas, Austin.	Black, Margaret (2006) Associate Dean College of the Arts Professor School of Art B.A., Otis/Parsons School of Art; M.F.A., Yale University School of Art.
Behl, Richard J. (1995) Professor Geological Sciences B.A., University of California, San Diego; Ph.D., University of California, Santa Cruz.	Blair, Ryan C. (2013) Assistant Professor Mathematics and Statistics B.A., University of California, San Diego; M.A., Ph.D., University of California, Santa Barbara.
Behzad, Banafsheh (2014) Assistant Professor Information Systems B.S., Sharif University of Technology, Iran; M.S., Northern Illinois University, Dekalb; Ph.D., University of Illinois, Urbana.	Blankley, Elyse M. (1986) Professor Women's, Gender, and Sexuality Studies/English B.A., Rutgers University; M.A., Ph.D., University of California, Davis.
Beneck, George J. (2011) Associate Professor Physical Therapy B.S., Temple University, Philadelphia; M.S., Michigan State University; Ph.D., University of Southern California.	Blazey, Michael A. (1990) Interim Director of Academic Facilities Academic Affairs Professor Recreation and Leisure Studies B.A., University of Oregon; M.S., South Dakota State University; Ph.D., Pennsylvania State University.
Benitez, Juan M. (2001) Executive Director Center for Community Engagement (CCE) Associate Professor Chicano and Latino Studies B.A., M.A., Ph.D., University of California, Los Angeles.	Blecher, Lee (2001) Professor Family and Consumer Sciences B.A., University of California, Santa Barbara; M.S., Oregon State University; M.B.A., California State University, Long Beach; Ph.D., University of Southern California.
Benken, Babette (2006) Associate Professor Mathematics and Statistics B.A., Occidental College; M.S., Tufts University; Ph.D., University of Michigan.	Blomquist, Thomas (2007) Associate Professor Film and Electronic Arts B.S., Southern Illinois University.
Benli, Omer S. (2001) Associate Dean College of Business Administration Professor Information Systems B.S., Purdue University; M.S., University of Missouri, Columbia; M.S.E., University of Michigan, Ann Arbor; Ph.D., Syracuse University.	Blumenthal, Sharyn C. (1988) Professor Film and Electronic Arts B.A., M.F.A., Temple University.
Bennish, Joseph (1988) Professor Mathematics and Statistics B.A., University of Michigan; M.S., Ph.D., University of California, Los Angeles.	Blutinger, Jeffrey C. (2004) Associate Professor History B.A., M.A., Ph.D., University of California, Los Angeles; J.D., University of California, Los Angeles, School of Law.
Berberian, Hourii (1998) Professor History B.A., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.	Bolkan, San Steven (2009) Associate Professor Communication Studies B.A., University of San Diego; M.A., San Diego State University; M.B.A., Bloomsburg University; Ph.D., University of Texas, Austin.
Berlemont, Renaud (2014) Assistant Professor Biological Sciences B.S., M.S., Ph.D., University of Liege, Belgium.	Bojarsky, David (1983) Professor Accountancy B.S., California State University, Los Angeles; M.A., Ph.D., University of Northern Colorado, Emeritus, 2012.
Berkman, Susan (2004) Associate Vice President Estate and Gift Planning B.A., University of California, Irvine; M.A., University of California, Los Angeles M.A., California State University, Los Angeles; J.D., Western State University, Fullerton.	Booker, Beverly L. (2011) Assistant Professor Advanced Studies and in Education and Counseling B.S., M.A., Hampton University, Virginia; Ph.D., University of Louisville.
Berquist, Emily (2007) Associate Professor History B.A., Vassar College, Poughkeepsie, New York; M.A., Ph.D., University of Texas, Austin.	Bordeaux, Valerie (1986) Director University Outreach/School Relations B.A., California State University, Fullerton.
Berryhill, Stuart R. (1979) Professor Chemistry and Biochemistry B.A., Williams College, Massachusetts; Ph.D., University of California, Berkeley.	Botkin, Marie M. (2012) Assistant Professor Family and Consumer Sciences B.A., M.A., Ph.D., University of Minnesota, St. Paul.
Besnard, Eric G. (2003) Professor Mechanical and Aerospace Engineering B.S., Ecole Des Mines, France; M.S., California State University, Long Beach; Ph.D.,	

Boyd-Batstone, Paul S. (2000)	Professor Teacher Education B.A., M.A., California State University, Long Beach; Ph.D., Claremont Graduate University.	Advanced Studies in Education and Counseling B.A., University of California, Berkeley; M.A., Ph.D., University of San Francisco.
Bradecich, Abigail A. (2013)	Psychologist Counseling and Psychological Services B.A., University of Wisconsin, Madison; Psy.D., Chicago School of Professional Psychology	Caputi, Mary A. (1995)
Brady, Margaret A. (1976)	Professor School of Nursing B.S.N., Marquette University; M.S., University of Colorado; Ph.D. University of California, Los Angeles.	Professor Political Science B.A., Cornell University; M.A., University of Chicago; Ph.D., Cornell University.
Brazier, Christopher R. (2001)	Professor Chemistry and Biochemistry B.S., Ph.D., University of Southampton.	Carbuto, Michael N. (2001)
Bremer, Carolyn R. (2003)	Professor Music - Bob Cole Conservatory of Music B.F.A., California Institute of the Arts; M.A., Ph.D., University of California, Santa Barbara.	Chief of Medical Staff Student Health Services B.S., New Mexico State University; M. P. H., University of Southern California; D.O., Western University.
Brevik, John (2006)	Associate Professor Mathematics and Statistics B.S., Michigan State University; M.S., University of Washington; Ph.D., University of California, Berkeley.	Cargile, Aaron C. (1996)
Briggs, Ray A. (2003)	Associate Professor Music - Bob Cole Conservatory of Music B.A., University of Memphis; M.A. University of Redlands, CA; Ph.D., University of California, Los Angeles.	Professor Communication Studies B.A., Ph.D. University of California, Santa Barbara; M.A., Purdue University
Brocato, Jolae (2008)	Associate Professor School of Social Work B.A., M.S.W., Ph.D., Florida International.	Carlile, Susan L. (2001)
Broughton, Jeffrey L. (1976)	Professor Religious Studies B.A., M.A., Ph.D., Columbia University.	Professor English B.A., Taylor University; M.A., Ph.D., Arizona State University.
Brown, Kendall H. (1999)	Professor School of Art B.A., M.A., University of California, Berkeley; Ph.D., Yale University.	Carnahan, John A. (1990)
Brown, Lori (2007)	Assistant Professor Information Systems B.A., California State University, Long Beach; M.A., Ph.D., Northwestern University, Illinois.	Professor Music - Bob Cole Conservatory of Music B.S., Duquesne University, Pittsburgh; M.A., University of San Francisco.
Brussian, Judith A. (1994)	Professor Biological Sciences B.A., Middlebury College, Vermont; Ph.D., University of Chicago.	Caron, Timothy P. (1998)
Bryant, Rebecca G. (2014)	Assistant Professor Dance B.A., University of California, San Diego; M.F.A., University of California, Los Angeles.	Professor English B.A., Louisiana College; M.A., Ph.D., Louisiana State University.
Bu, Xianhui (2003)	Professor Chemistry and Biochemistry B.S., Fudan University, Shanghai, P.R. China; Ph.D., State University of New York, Buffalo.	Carreira, Maria M. (1995)
Buckingham, Stephan L. (2009)	Assistant Professor School of Social Work B.A., Murray State University; M.S.W., Ph.D., University of Louisville.	Professor Romance, German, Russian Languages and Literatures B.S., Loyola University of Chicago; Ph.D., University of Illinois.
Buonora, Paul T. (2000)	Professor Chemistry and Biochemistry B.S., M.S., Indiana University of Pennsylvania; Ph.D., University of Virginia.	Carter, Ashley (2008)
Burnett, Raymond C. (2001)	Professor Journalism and Mass Communication B.A., Ohio Wesleyan University; M.A., Ohio State University; M.A., George Washington University; Ph.D., Colorado State University.	Associate Professor Biological Sciences B.S., University of Wisconsin; M.S., Ph.D., Yale University.
Butz, Adam M. (2014)	Assistant Professor Public Policy and Administration B.S., Southeast Missouri State University; M.A., Ph.D., University of Kentucky.	Caveness, Jeane Relleve (1981)
Byrom, Andrew (2006)	Professor School of Art Btec., Cumbria College of Art and Design, England; B.F.A., University of East London.	Assistant Dean of Students Division of Student Services B.A., Scripps College; M.A. and Ph.D., Claremont Graduate School.
Byun, Linda H. (1984)	Professor Mathematics and Statistics B.A., University of Hawaii; M.A., Ph.D., University of Wisconsin, Madison.	Ceia, Laura (2006)
Caban, Andrea (2013)	Assistant Professor Theatre Arts B.A., University of South Florida; MFA, University of California, Irvine.	Associate Professor Romance, German Russian Languages and Literatures M.A., University of Timisoara, Romania; Ph.D., University of California, Davis.
Campbell, Carole A. (1989)	Professor Sociology B.A., University of Albuquerque; M.A., Ph.D., University of Colorado.	Celsi, Mary F. (1990)
Campbell, Joyce M. (1988)	Professor Physical Therapy B.S., M.S., Ph.D., University of Southern California; Registered Physical Therapist.	Professor Marketing B.S., Vanderbilt University; M.B.P.A., Ph.D., University of California, Irvine.
Canizales, Claudia (2007)	Assistant Professor	Cerny, Kay (1982)
		Professor Physical Therapy B.S., Miami University, Ohio; M.S., Ph.D., University of Southern California; Registered Physical Therapist.
		Chaderjian, Bruce J. (1989)
		Professor Mathematics and Statistics B.S., Cal Poly San Luis Obispo; M.S., Ph.D., University of California, Los Angeles.
		Chambers, Ruth (2006)
		Associate Professor School of Social Work B.A., California State University, Chico; M.S.W, San Diego State University; Ph.D., University of Denver.
		Chang, Chin (2007)
		Professor Electrical Engineering B.S., Soochow University, China; M.S., National Tsing Hua University, Taiwan; Ph.D., Carnegie Mellon University.
		Chang, Jen-Mei (2008)
		Associate Professor Mathematics and Statistics B.A., California State University, Sacramento; M.S., Ph.D., Colorado State University.
		Chassiakos, Anastassios G. (1989)
		Professor Computer Engineering and Computer Science / Electrical Engineering Engineering Diploma, National Technical University, Greece; M.S., Purdue; M.S., Ph.D., University of Southern California.
		Chavez, Michael J. (2014)
		Assistant Professor Sociology B.A., M.A., Ph.D., University of California, Riverside.
		Cheffer, Natalie D. (2001)
		Associate Professor School of Nursing B.S.N., B.H.S., California State University, Long Beach; M.N., University of California, Los Angeles.
		Chelian, Michael Singh (1988)
		Professor Electrical Engineering B.S., University of Madras, India; M.S., University of Calcutta, India; Ph.D., University of Southampton, England.
		Chen, Cheng-Hui (2000)
		Associate Professor Advanced Studies in Education and Counseling B.A., National Cheng-Chi University, Taiwan, Ed.M., Ph.D., University of Illinois at Urbana-Champaign.
		Chen, Hongyu (2012)
		Assistant Professor Information Systems B.E., Nankai University, China; M.E., Peking University, China; M.B.A., Ph.D., University of Texas at Dallas.
		Chen, Hsin-Piao (1986)
		Professor Mechanical and Aerospace Engineering B.S., National Cheng Kung University, Taiwan; M.S., National Tsing Hua University, Taiwan;

- Ph.D., Georgia Institute of Technology.
- Chen, Hsun-Hu (1985)** **Professor**
Mechanical and Aerospace Engineering
B.S., National Cheng Kung University, Taiwan; M.S., National Tsing Hua University, Taiwan; Ph.D., Georgia Institute of Technology.
- Chen, Ming (2011)** **Assistant Professor**
Management and Human Resources Management
B.S., M.S., Tsinghua University, China; M.S., Ph.D., University of Maryland, College Park.
- Chen, Xiaoying (2006)** **Associate Professor**
Finance
B.A., Jilin University, China; M.A., Ph.D., Kent State University.
- Chen, Yutian (2007)** **Associate Professor**
Economics
B.A., Renmin University, China; M.A., Ph.D., State University of New York at Stony Brook.
- Chesler, Joshua D. (2009)** **Assistant Professor**
Mathematics and Statistics
B.S., University of Virginia; M.S., Ph.D., University of Arizona.
- Chew, Kathryn S. (2003)** **Professor**
Comparative World Literature and Classics
B.A., University of California, Irvine; M.A., Ph.D., University of California, Los Angeles.
- Chi, Robert H. (1991)** **Associate Dean for Accreditation**
College of Business Administration
..... **Professor**
Information Systems
B.S., National Chiao Tung University, Taiwan; M.S., University of Wisconsin, Madison; Ph.D., University of Texas, Austin.
- Chiappe, Dan (2001)** **Professor**
Psychology
B.S., M.S., Ph.D., University of Toronto.
- Chinchilla, Norma S. (1983)** **Professor**
Women's, Gender, and Sexuality Studies/Sociology
B.A., University of Pacific; M.A., Ph.D., University of Wisconsin, Madison. Emerita, 2013.
- Chinen, Kiyomi (2009)** **Assistant Professor**
Asian and Asian American Studies
B.A., California State University, Dominguez Hills; M.A., California State University, Long Beach; Ph.D., Carnegie Mellon University.
- Cho, Young-Hee (1998)** **Professor**
Psychology
B.A., Pusan National University, Korea; M.A., Ph.D., University of California, Irvine.
- Chong, Philip S. (1986)** **Professor**
Management/Human Resources Management
B.E., University of Singapore; M.S., Ph.D., University of Massachusetts, Amherst. Emeritus, 2013.
- Chou, Shun-Lin (2003)** **Professor**
Music - Bob Cole Conservatory of Music
B.A., Wheaton College, Illinois; M.M., University of Michigan, Ann Arbor; D.M.A., Eastman School of Music, Rochester, NY.
- Chun, Chi-Ah (2000)** **Professor**
Psychology
B.A., University of California, Berkeley; M.A., Korea University; Ph.D., University of California, Los Angeles.
- Chung, Hyeesoo (2014)** **Associate Professor**
Accountancy
B.S., University of California, Davis; M.B.A., Ph.D., Purdue University.
- Chun, Kirstyn Yuk Sim (2005)** **Psychologist**
Counseling and Psychological Services
B.A., University of California, Davis; M.A., Psy.D. Indiana University of Pennsylvania.
- Chung, H. Michael (1995)** **Director**
Center for Information Strategies and Technologies
..... **Professor**
Information Systems
B.S., Seoul University; M.B.A., Ph.D., University of California, Los Angeles.
- Claver, Maria (2007)** **Associate Professor**
Family and Consumer Sciences
B.A., M.S.W., Ph.D., University of California, Los Angeles.
- Cleary, Patricia Ann (1989)** **Professor**
History
B.A., Rice University; Ph.D., Northwestern.
- Clippinger, Karen (2002)** **Professor**
Dance
B.A., Sonoma State College, CA; M.A., University of Washington.
- Cohlberg, Jeffrey A. (1975)** **Professor**
Chemistry and Biochemistry
B.A., Cornell University; Ph.D., University of California, Berkeley. Emeritus, 2011.
- Colburn, Alan (1995)** **Professor**
Science Education
B.S., Carnegie Mellon University; M.S., University of Illinois; M.S., University of Pennsylvania; Ph.D., University of Iowa.
- Compliment, Brad K. (2008)** **Director**
Counseling and Psychological Services
B.A., College of Santa Fe; M.A., University of New Mexico; Ph.D., Wright Institute.
- Conoley, Jane Close (2014)** **President**
California State University, Long Beach.
..... **Professor**
Advanced Studies in Education and Counseling
B.A., College of New Rochelle; Ph.D., University of Texas, Austin.
- Constas, Michael (1995)** **Professor**
Accountancy
B.A., J.D., Ph.D., University of California, Los Angeles.
- Cooper, Stephen P. (1997)** **Professor**
English
B.A., University of California, Los Angeles; M.F.A., University of California, Irvine; Ph.D., University of Southern California.
- Coots, Jennifer (1997)** **Professor**
Advanced Studies in Education and Counseling
B.A., Occidental College; M.A., California State University, Los Angeles; Ph.D., University of California, Los Angeles.
- Cormack, Jody C. (2003)** **Professor**
Physical Therapy
B.S., California State University, Long Beach; M.S., Ph.D., University of Southern California.
- Correa-Chavez, Maricela (2013)** **Assistant Professor**
Psychology
B.A., University of California, Los Angeles; Ph.D., University of California, Santa Cruz.
- Costa, Christine B. (2014)** **Assistant Professor**
Nursing
B.S.N., Creighton University; M.S.N., California State University, Long Beach; D.N.P., Brandman University, Irvine.
- Cotter, Joshua A. (2014)** **Assistant Professor**
Kinesiology
B.S., M.A., Ph.D., Ohio State University.
- Crass, Scott W. (2001)** **Professor**
Mathematics and Statistics
B.A., Evangel College; B.A., California State University, Long Beach; M.A., University of Notre Dame; Ph.D., University of California, San Diego.
- Crockett, Bryan (2007)** **Professor**
School of Art
B.F.A., Cooper Union, New York; M.F.A., Yale University.
- Croke, Eileen M. (1999)** **Assistant Professor**
School of Nursing
B.S.N., Northeastern University; M.S.N., California State University, Long Beach; Ed.D., Pepperdine University.
- Crusemeyer, Jill A. (1998)** **Assistant Professor**
Kinesiology
B.S., Long Island University; M.S., University of Massachusetts; Ph.D., University of Oregon.
- Crutchfield, Rashida M. (2014)** **Assistant Professor**
School of Social Work
B.S., Ed.D., California State University, Long Beach; M.S.W., Washington University.
- Cummings, Tanya R. (2000)** **Professor**
School of Art
B.F.A., California State University, Long Beach; M.F.A., California State University, Fullerton.
- Cummings, Chailin (2009)** **Assistant Professor**
Management and Human Resource Management
B.A., Sichuan University; B.S., M.B.A., University of Utah; Ph.D., University of Southern California.
- Cummins-Vigneron, Catherine A. (2009)** **Assistant Professor**
Nursing
B.S., Regis University; M.S.N., California State University, Long Beach; M.D., University of Sydney, Australia.
- Curtis, James R. (1995)** **Professor**
Geography
B.A., M.A., San Jose State University; Ph.D., University of California, Los Angeles.
- Curtis, Kenneth R. (1990)** **Professor**
History/Liberal Studies
B.A., Lawrence University; M.A., Ph.D., University of Wisconsin.
- Dabel, Jane E. (2001)** **Professor**
History
B.A., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.
- Dahab, F. Elizabeth (2001)** **Professor**
Comparative World Literature and Classics
B.A., McGill University; M.Ed., University of Alberta; D.E.A., Ph.D., L'Universite de Paris-Sorbonne.
- Dallman, Suzanne (2007)** **Associate Professor**
Geography
B.A., San Francisco Art Institute; M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.
- Daugherty, Emma L. (1997)** **Professor**

Journalism and Mass Communication B.S., West Virginia University; M.A., Michigan State University.	B.A., M.A., Austin State University, Nacogdoches; Ph.D., Arizona State University.
Davis, James A. (1985) Professor Kinesiology B.A., M.A., San Diego State University; Ph.D., University of California, Davis. Emeritus, 2011.	Dunagan, Colleen T. (2002) Associate Professor Dance B.A., Hamilton College, Clinton, NY; Ph.D., University of California, Riverside.
Davis, Jeffrey P. (1997) Associate Professor Sociology/Human Development B.A., M.A., North Carolina Central University; Ph.D., North Carolina State University.	Duong, Khue (2009) Senior Assistant Librarian University Library B.S., University of California, Los Angeles; M.A., University of California, Santa Cruz; M.L.I.S., University of Washington.
Davis, Shametrica L. (2014) Assistant Professor Educational Leadership B.S., University of Maryland, College Park; M.Ed., Oregon State University; Ph.D., University of Denver.	Dyo, Melissa (2011) Assistant Professor School of Nursing B.S., M.S., California State University, Long Beach; Ph.D., Azusa Pacific University.
Deckers, Cathleen M. (2014) Assistant Professor School of Nursing B.S.N., California State University, Los Angeles; M.S.Ed., Saint Mary's College; Ed.D., Pepperdine University.	D'Zmura, Anne (2007) Professor Theatre Arts B.A., Hampshire College; M.F.A., Yale University, Connecticut.
Del Campo, Alicia (2000) Professor Romance, German, Russian Languages and Literatures M.A., University of Chile, Santiago, Chile; M.A., University of Minnesota, Minneapolis; Ph.D., University of California, Irvine.	Ebert, Todd (2001) Associate Professor Computer Engineering and Computer Science B.S., California State University, Long Beach; M.A., Ph.D., University of California, Santa Barbara.
Dennis, Christopher D. (1985) Professor Political Science B.A., M.A., California State University, Long Beach; Ph.D. University of Georgia. Emeritus, 2013.	Ebneshahrashoob, Morteza (1990) Professor Mathematics and Statistics B.S., University of Tehran; M.S., Ph.D., Oklahoma State University.
D'eloia, Melissa S. (2010) Assistant Professor Recreation and Leisure Studies B.A., Ohio University; M.A., Ph.D., University of Utah.	Eclihous, Nancy (1998) Assistant Vice President Student Services B.S. Western Michigan University
Derakhshan, Shahab (2009) Assistant Professor Chemistry and Biochemistry B.S., University of Mazandaran, Iran; M.S., Zanjan University, Iran; Ph.D., University of Waterloo, Canada.	Edwards, Alejandra C. (1986) Professor Economics Licenciado En Economia, Ingeniero Comercial, Universidad Catolica de Chile; M.A., Ph.D., University of Chicago.
DeWitt, Darin D. (2014) Assistant Professor Political Science B.A., M.A., Ph.D., University of California, Los Angeles; M.Sc., London School of Economics and Political Science.	Edwards, Dave (2004) Director University Student Union B.S., University of Evansville, Indiana; M.S., Southern Illinois University, Carbondale; Ed.D., California State University, Long Beach.
Dieveney, Patrick (2007) Associate Professor Philosophy B.A., Carleton College, Northfield, Minnesota; Ph.D., University of Arizona.	Eldon, Elizabeth D. (2000) Associate Professor Biological Sciences B.A., Connecticut College, New London, Connecticut; Ph.D., Indiana University.
Dillon, Jesse G. (2004) Associate Professor Biological Sciences B.A., Wesleyan University; Ph.D., University of Oregon.	Enders, Thomas (1996) Associate Vice President Enrollment Services B.M., College Conservatory of Music, Cincinnati; M.M., University of Southern California.
Ding, Yu (2006) Associate Professor Mathematics and Statistics B.S., Fudan University, China; M.S., Ph.D., New York University.	Englert, Burkhard (2003) Professor Computer Engineering and Computer Science B.S., University of Tübingen, Germany; M.S., Ph.D., University of Connecticut.
Domingo-Foraste, Douglas (1990) Professor Comparative World Literature and Classics B.A., University of California, Davis; M.A., Ph.D., University of California, Santa Barbara.	Eriksen, Shelley J. (1999) Professor Human Development B.A., Southern Oregon State College; M.A., Ph.D., University of Massachusetts at Amherst.
Donato, Clorinda (1989) Professor Romance, German, Russian Languages and Literatures B.A., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.	Eryana, Eryana (2009) Assistant Professor Health Care Administration M.P.P.M., Ph.D., University of Southern California; M.D., Atmajaya Catholic University, Indonesia.
Dorn, Carl H. (1968) Professor Mathematics and Statistics B.A., University of California, Berkeley; Ph.D., University of California, Los Angeles. Emeritus, 2013.	Esfandiari, Ramin S. (1991) Professor Mechanical and Aerospace Engineering B.S., M.A., Ph.D., University of California, Santa Barbara.
Douglas, Masako O. (2001) Professor Asian and Asian American Studies B.A., M.A., Kobe City University of Foreign Studies; M.A., Australian National University; Ph.D., University of Southern California.	Esparza, Araceli (2011) Assistant Professor English B.S., M.A., Ph.D., University of Southern California; M.A., California State University, Northridge.
Dowell, David A. (1977) Interim Provost and Senior Vice President Academic Affairs	Espinoza, Andrew J. (1998) Director Educational Opportunity Program B.A., University of California, Los Angeles; M.P.A., California State University, Long Beach.
..... Professor Psychology B.S., Middle Tennessee State University; M.A., Ph.D., University of Tennessee.	Estrada, Emir (2014) Assistant Professor Sociology B.A., University of California, Los Angeles; M.A., Ph.D., University of Southern California
Downey, Sharon D. (1987) Professor Communication Studies B.A., Florida State University; M.A., University of Nevada, Las Vegas; Ph.D., University of Colorado.	Estrada, Gabriel S. (2005) Associate Professor Religious Studies B.A., University of California, Berkeley; M.A., Ph.D., University of Arizona.
Doyle, Alicia M. (2003) Professor Music - Bob Cole Conservatory of Music B.M., University of Southern California; M.A., Ph.D., University of California, Santa Barbara.	Faraji, Sedigheh (2010) Assistant Professor Chemical Engineering B.S., M.S., University of Tehran, Iran; Ph.D., University of Kansas.
Druzgalski, Christopher (1970) Professor Electrical Engineering B.S., M.S., Technical University, Poland; M.S., Ph.D., Ohio State University	Farmer, Gail (1985) Professor Health Science/Sociology B.A., M.A., California State University, Long Beach; D.P.H. University of California, Los Angeles.
Ducharme, Catherine C. (1990) Professor Teacher Education B.A., California Polytechnic University, San Luis Obispo; M.S., California State University, Fullerton; Ph.D., Claremont Graduate School.	Farmer, Lesley S. (1999) Professor Advanced Studies in Education and Counseling B.A., Whitman College; M.L.S., University of North Carolina at Chapel Hill; Ed.D., Temple University.
Duerringer, Christopher M. (2014) Assistant Professor Communication Studies	Fender, Michael J. (2003) Associate Professor Linguistics B.A., Kent State University, OH; M.A., Ohio State University, Athens; Ph.D., University of Pittsburgh.

Fiebert, Martin S. (1965) Professor Psychology B.S., Queens College, Flushing, New York; Ph.D., University of Rochester.	B.A., Western Washington University; M.S., California State University, Long Beach; Ed.D., University of Southern California.
Finney, Malcolm A. (2000) Professor Linguistics B.A., University of Sierra Leone, Freetown, Sierra Leone; M.A., Ph.D., University of Ottawa, Canada.	Fung, Henry C., Jr. (1966) Associate Dean College of Natural Sciences and Mathematics Professor Biological Sciences B.A., University of California, Berkeley; M.T., University of California, Medical School at San Francisco; M.A., San Francisco State University; Ph.D., Washington State University.
Finney, Stanley C. (1986) Professor Geological Sciences B.S., M.S., University of California, Riverside; Ph.D., Ohio State University.	Funkhouser, Edward (2003) Associate Professor Economics B.A., Princeton University; Ph.D., Harvard University.
Fischer, Ryan (2007) Associate Professor School of Criminology, Criminal Justice, and Emergency Management B.A., Ph.D., University of California, Irvine.	Galvan, Christine (2007) Associate Professor Kinesiology B.S., M.A., California State University, Los Angeles; Ph.D., University of Northern Colorado.
Fisher, Carl H. (2000) Professor Comparative World Literature and Classics B.A., Ohio Wesleyan University; M.A., Ph.D., University of California, Los Angeles.	Gamble, Brandon (2007) Assistant Professor Advanced Studies in Education and Counseling B.A., Oakwood College; M.S., San Diego State University; Ph.D., University of Southern California.
Fisher, Dennis G. (2000) Director Center for Behavioral Research and Services Professor Psychology B.A., University of California, Riverside; M.S., University of Alaska, Anchorage; Ph.D., University of Illinois, Urbana-Campaign.	Gao, Tangan (1999) Professor Mathematics and Statistics B.S., M.S., Zhongshan University, China; Ph.D., Michigan State University.
Fisher, Steven A. (1990) Professor Accountancy B.S., M.S., University of Akron; D.B.A., Kent State University; CPA Certificate, Colorado.	Garcia-Orozco, Antonia (2007) Associate Professor Chicano Latino Studies B.A., M.S., California State University, Northridge; Ph.D., Claremont Graduate University.
Fleming, Jennifer J. (2002) Associate Professor Journalism and Mass Communication B.A., Simon Fraser University, Canada; M.A., University of Western Ontario.	Gardner, Gabriel J. (2014) Senior Assistant Librarian University Library B.A., Elmhurst College; M.L.I.S., Indiana University, Bloomington.
Forney, Kristine K. (1978) Professor Music - Bob Cole Conservatory of Music B.M., Southern Illinois University; M.A., Ph.D., University of Kentucky. Emerita, 2011.	Gasior, Bonnie L. (2001) Professor Romance, German, Russian Languages and Literatures B.A., Saint Joseph's University; M.A., Ph.D., Purdue University.
Forouzesh, Mohammed R. (1987) Professor Health Science B.S., University of Oregon, Eugene; M.P.H., Ph.D., University of Tennessee, Knoxville.	Gatlin, Laurie (2010) Assistant Professor School of Art B.A.E., M.A.E., Indiana University.
Forrest, Laura U. (1999) Associate Professor Advanced Studies in Education and Counseling B.A., M.C., Arizona State University.	Gau, Yihnan D. (1988) Professor Mathematics and Statistics B.S., National Taiwan University; Ph.D., Purdue University.
Foster, Janet (2000) Associate Vice President Information Technology Services B.S., California State University, Long Beach; M.B.A., Pepperdine University.	George, Larry N. (1989) Professor Political Science B.A., University of California, Irvine; M.A., Ph.D., Princeton University.
Fouratt, Caitlin E. (2014) Assistant Professor International Studies Program B.A., Villanova University, Pennsylvania; M.A., Cambridge University, United Kingdom; Ph.D., University of California, Irvine.	Ghafoori, Bita (2005) Professor Advanced Studies in Education and Counseling B.S., University of California, Irvine; M.A., Pepperdine University; M.A., Ph.D., Alliant International University.
Fox, Ragan (2006) Associate Professor Communication Studies B.S., M.A., University of Texas, Austin; Ph.D, Arizona State University.	Gharakhanian, Editte (1990) Professor Biological Sciences B.A., George Mason University; Ph.D., University of California, Los Angeles.
Francis, Robert D. (1987) Professor Geological Sciences B.A., Ph.D. University of California, San Diego.	Gibson, J. William (1991) Professor Sociology B.A., University of Texas, Austin; M.A., Ph.D., Yale University.
Frank, Gail C. (1989) Professor Family and Consumer Sciences B.S., Texas Tech University; M.A., Ph.D., Tulane University.	Gilmore, Paul D. (2002) Professor English B.A., University of Mississippi, Oxford; M.A., Ph.D., University of Chicago.
Fraser, Deborah A. (2011) Assistant Professor Biological Sciences B.Sc., Bristol University, United Kingdom; Ph.D., University of Wales College of Medicine, United Kingdom.	Glatt, Lisa (2006) Associate Professor English B.A., California State University, Long Beach; M.A., Sarah Lawrence College
Frates, Janice E. (1997) Professor Health Care Administration B.A., University of California, Los Angeles; M.S.W., University of California, Berkeley; Ph.D., University of Southern California. Emerita, 2011.	Goebel, Joy (2006) Associate Professor School of Nursing B.S., Kent State University; M.S., University of California, Los Angeles
Frear, Robert (2006) Associate Professor Music - Bob Cole Conservatory of Music B.A., California State University, Long Beach; M.A., University of Southern California.	Goitom, Tesfai (1983) Director Center for Excellence in Construction Professor Civil Engineering and Construction Engineering Management B.S., National University, Ethiopia; B.S., University of Wisconsin, Platteville; M.S., Ph.D., Michigan State University.
Freeseemann, Keith W. (1979) Associate Professor Kinesiology B.S., Upper Iowa University; M.A., University of Northern Iowa; Ed.D., University of Southern California.	Goldstein, Cora S. (2002) Professor Political Science B.A., University of California, Berkeley; M.A., Ph.D., University of Chicago.
Freshman, Brenda (2007) Associate Professor Health Care Administration B.S., University of California, Los Angeles; M.A., University of Santa Monica; Ph.D., Alliant International University.	Goldstein, Darin A. (2002) Professor Computer Engineering and Computer Science B.S.E., Princeton University; Ph.D., University of California, Berkeley.
Frey, Elaine F. (2008) Associate Professor Economics B.A., Salisbury University; M.A., Ph.D., George Washington University.	Golez, Felipe V. (1997) Professor Teacher Education B.A., University of California, Santa Barbara; M.A., California State University, Los Angeles; Ph.D., University of New Mexico.
Friis, Robert H. (1988) Professor Health Science B.A., University of California, Berkeley; M.A., Ph.D., Columbia University. Emeritus, 2011.	Golshani, Forouzan (2007) Dean College of Engineering Professor
Fulthorp, Keith (2012) Assistant Professor Recreation and Leisure Studies	

- Computer Engineering and Computer Science
B.S., Arya Mehr University of Technology, Iran; M.S., Ph.D., Warwick University, England.
- Gonzalez, Araceli (2014)**..... **Assistant Professor**
Psychology
B.A., Stanford University; M.S., San Diego State University; Ph.D., University of California, San Diego joint San Diego State University.
- Gonzalez Flores, Francisca (2014)**..... **Assistant Professor**
Romance, German, Russian Languages and Literatures
B.A., University of Salamanca, Spain; M.A., Ph.D., Stanford University.
- Gordon, Joanne L. (1989)** **Professor**
Theatre Arts
B.A., M.A., University of Witwatersrand, South Africa; Ph.D., University of California, Los Angeles. Emerita, 2013.
- Grace, Debra M. (2001)**..... **Professor**
Accountancy
B.F.A., M.B.A., Ohio University; Ph.D., Oklahoma State University
- Grannell, Roswitha B. (1967)** **Professor**
Geological Sciences
B.A., Pomona College; Ph.D., University of California, Riverside.
- Gray, Todd (1997)** **Professor**
School of Art
B.F.A., M.F.A., California Institute of the Arts.
- Gray, Virginia (2013)** **Assistant Professor**
Family and Consumer Sciences
B.S., University of Florida; M.S., Ph.D., Mississippi State University.
- Gredig, Thomas (2007)** **Associate Professor**
Physics and Astronomy
Vordiplom, University of Basl Switzerland; M.S., Ph.D., University of Minnesota, Twin Cities.
- Green, Yolanda (2006)** **Associate Professor**
School of Social Work
B.S., Southern University; M.S.W., University of Southern California; Ph.D., University of California, Los Angeles.
- Greenberg, Suzanne A. (1995)**..... **Professor**
English
B.A., Hampshire College; M.F.A., University of Maryland.
- Grenot-Scheyer, Marquita (1988)** **Dean**
College of Education
..... **Professor**
Advanced Studies in Education and Counseling
B.A., M.A., California State University, Los Angeles; Ph.D., University of California, Los Angeles.
- Griffin, Karin (2007)** **Senior Associate Librarian**
University Library
B.A., University of California, San Diego; M.Ed., Tuskegee University; MLS, Clark Atlanta University.
- Griswold, W. Gary (2003)** **Associate Professor**
English
B.A., M.A., California State University, Long Beach; Ph.D., Claremont Graduate University.
- Grobar, Lisa M. (1989)** **Professor**
Economics
B.A., Smith; Ph.D., University of Michigan, Ann Arbor.
- Grutzik, Cynthia (2012)**..... **Associate Dean**
for Baccalaureate and Credential Programs
College of Education
..... **Associate Professor**
Teacher Education
B.A., Westmont College, Santa Barbara; M.A., University of Arizona, Tucson; Ph.D., University of California, Los Angeles.
- Gu, Jiyeong (2004)**..... **Associate Professor**
Physics and Astronomy
B.S., M.S., Ph.D., Seoul National University, South Korea.
- Gunatilake, Sarath (1987)** **Professor**
Health Science
B., Medicine and Surgery, University of Colombo, Sri Lanka; M.P.H., University of Hawaii, Manoa.
- Gupta, Paramita (2006)** **Associate Professor**
Finance
B.S., University of Calcutta; M.A., Institute of Business Management & Research, India; Ph.D., University of Texas, San Antonio.
- Gustin, Mary E. (2009)** **Assistant Professor**
Family and Consumer Sciences
B.A., University of Alabama; M.A., Ph.D., Virginia Tech.
- Guter, Christine M. (2014)**..... **Assistant Professor**
Music – Bob Cole Conservatory of Music
B.M., Western Michigan University; M.M., University of Miami, Coral Gables.
- Guthrie, Sharon R. (1990)** **Professor**
Kinesiology
B.A., University of California , Los Angeles; B.A., M.A., California State University, Northridge; M.A., California State University, Long Beach; Ph.D., Ohio State University.
- Ha, Young (2012)** **Assistant Professor**
Family and Consumer Sciences
B.A., Hanyang University, Korea; M.S., Ph.D., Ohio State University.
- Haas, Liesl (2001)** **Professor**
Political Science
B.A., University of Notre Dame; M.A., Ph.D., University of North Carolina, Chapel Hill.
- Haas-Stapleton, Eric (2007)** **Associate Professor**
Biological Sciences
B.A., Ph.D., University of California, Berkeley.
- Haesly, Richard P. (2002)** **Associate Professor**
Political Science
B.A., University of Illinois, Urbana-Champaign; M.A., Duke University; Ph.D., University of North Carolina, Chapel Hill.
- Hagans-Murillo, Kristi (2004)**..... **Associate Professor**
Advanced Studies in Education and Counseling
B.A., M.A., Pepperdine University; Ph.D., University of Oregon.
- Hagedorn, Klaus Benjamin (2013)** **Assistant Professor**
Geological Sciences
M.S., RWTH Aachen University, Germany; Ph.D., Monash University, Australia.
- Hakim-Butt, Karen L. (1994)** **Professor**
Kinesiology
B.S., Slippery Rock State College, PA; M.A., Columbia State Teachers College; Ed.D., University of North Carolina.
- Halim, May Ling (2012)** **Assistant Professor**
Psychology
B.A., Stanford University; M.A., Ph.D., New York University.
- Hall, Nancy (2007)** **Associate Professor**
Linguistics
B.A., Johns Hopkins University; Ph.D., University of Massachusetts, Amherst.
- Haller, Richard (1983)**..... **Executive Director**
Associated Students Inc.
B.A., California State University, Long Beach.
- Hamano, Fumio (1989)** **Professor**
Electrical Engineering
B.E., M.S.E., Tokyo Institute of Technology; Ph.D., University of Florida.
- Hamel, Joshua M. (2010)** **Assistant Professor**
Mechanical and Aerospace Engineering
B.S., University Naval Academy; M.S.E., University of Michigan; Ph.D., University of Maryland.
- Hansen, Marissa C. (2014)**..... **Assistant Professor**
School of Social Work
B.A., Boston University; M.S.W., Ph.D., University of Southern California.
- Hansuvadha, Nat (2006)** **Associate Professor**
Advanced Studies in Education and Counseling / Liberal Studies
B.A., University of California, San Diego; M.A., California State University, Los Angeles; Ph.D., University of Washington.
- Harbinger, Holly (1986)**..... **Associate Vice President**
Academic Affairs, Faculty Affairs
..... **Professor**
Theatre Arts
B.A., University of California, Santa Cruz; M.F.A., New York University. Emerita 2014.
- Hart, George L. (2002)** **Professor**
English
B.A., Kent State University; M.A., Ph.D., Stanford University.
- Hatanaka, Janice (1984)** **Associate Vice President**
Alumni Relations and Annual Giving
B.A., California State University, Long Beach.
- Haviland, Donald (2007)**..... **Assesment Coordinator**
College of Education
..... **Associate Professor**
Advanced Studies in Education and Counseling
B.A., St. Lawrence University; M.S., Ph.D., Syracuse University.
- Hayashino, Diane S. (2006)**..... **Psychologist**
Counseling and Psychological Services
B.A., University of California, Davis; M.A., University of Colorado; Ph.D., University of Oregon.
- He, Min (2004)** **Associate Professor**
Computer Engineering and Computer Science
B.S., M.S., Hunan University, P.R. China; Ph.D., Louisiana State University, Baton Rouge.
- Hemalatha Ramachandran (2007)** **Associate Librarian**
University Library
B.A., University of North London, England; M.L.S., Florida State University.
- Hempel-Lamer, Nele (2006)**..... **Interim Associate Vice President for Undergraduate Studies**
Academic Affairs
..... **Professor**
Romance, German, Russian Languages and Literatures
B.A., Rheinische Friedrich-Wilhelms-Universität Bonn, Germany; M.A., Washington

University, St. Louis; Ph.D., University of Massachusetts.	
Henriques, Laura (1998)	Professor
Science Education B.A., Williams College; Ph.D., University of Iowa.	
Herman, Martin (1989)	Professor
Music - Bob Cole Conservatory of Music B.A., Duke University; M.A., University of Pennsylvania; Ph.D., University of California, Berkeley.	
Hernandez, Humberto R. (2013)	Psychologist
Counseling and Psychological Services B.A., University of California, Irvine; Ph.D., Washington State University.	
Herrera-Cepero, Daniel (2014)	Assistant Professor
Romance, German, Russian Languages and Literatures Technical Engineer, Universidad Politecnica, Spain; Ph.D., University of California, Davis.	
Herscovitz, Heloiza (2006)	Associate Professor
Journalism and Mass Communication B.A., Pontifical Catholic University of São Paulo; M.A., University of Montevallo, Alabama; Ph.D., University of Florida.	
Heyse, Amy (2006)	Associate Professor
Communication Studies B.A., University of Rhode Island; M.A., Ph.D., University of Maryland.	
Hickman, Roger C. (1988)	Professor
Music - Bob Cole Conservatory of Music B.A., University of California, Irvine; M.A., Ph.D., University of California, Berkeley.	
High, Jeffrey L. (2002)	Professor
Romance, German, Russian Languages and Literatures B.A., University of Massachusetts, Boston; M.A., Ph.D., University of Massachusetts, Amherst.	
Hill, Grant M. (2001)	Professor
Kinesiology B.A., Northwest College of the Assemblies of God; B.A., M.Ed., Seattle Pacific University; Ph.D., University of Iowa.	
Hintzen, Paul M. N. (1992)	Professor
Physics/Astronomy B.S., University of Minnesota, Minneapolis; Ph.D., University of Arizona.	
Hlousek, Zvonimir (1990)	Professor
Physics and Astronomy B.Sc., University of Zagreb, Yugoslavia; M.S., Ph.D., Brown University.	
Hoffman, Michael A. (2002)	Professor
Computer Engineering and Computer Science B.A., University of New Orleans; M.S., University of Southern Mississippi; Ph.D., Louisiana State University, Baton Rouge.	
Holliday, Peter J. (1998)	Professor
School of Art B.A., Columbia University; M.Phil., Ph.D., Yale University.	
Holk, Gregory (2000)	Associate Professor
Geological Sciences B.S., Arizona State University; M.S., Ph.D., California Institute of Technology.	
Homer, Pamela M. (1991)	Professor
Marketing B.A., Michigan State University; M.A., M.B.A., University of Colorado, Boulder; Ph.D., University of Oregon.	
Hood, David C. (1966)	Professor
History B.A., University of California, Santa Barbara; Ph.D., University of Southern California.	
Horne, David A. (1988)	Professor
Marketing B.S., M.B.A., Ph.D., University of Michigan, Ann Arbor.	
Hotchkiss, Wilhelmina L. (1990)	Associate Professor
English B.A., California State University, Fullerton; Ph.D., University of California, Los Angeles.	
Hou, Jack W. (1989)	Professor
Economics B.A., National Taiwan University; M.A., Ph.D., Yale University.	
Hovind, Tor A. (1995)	Professor
School of Art B.F.A., California State University, Long Beach; M.F.A., Syracuse University.	
Howell, Jayne (1994)	Professor
Anthropology B.A., State University of New York, Geneseo; M.A., Ph.D., State University of New York, Stony Brook.	
Hsieh, Betina Y. (2012)	Assistant Professor
Teacher Education B.A., M.A., Ph.D., University of California, Berkeley.	
Hu, Helen Chau (1994)	Professor
English B.A., Berea College, KY; M.A., University of Wisconsin; Ph.D., University of London.	
Huang, Xuan (2011)	Assistant Professor
Accountancy B.A., Soochow University, China; MA, University of Wisconsin, Milwaukee; Ph.D., University of California, Irvine.	
Hubbard, LaRese (2005)	Associate Professor
Africana Studies B.S., M.S., California State University, Los Angeles; M.A., Ph.D., Temple University, Pennsylvania.	
Huckabay, Loucine (1984)	Professor
School of Nursing B.S., M.S., Ph.D., University of California, Los Angeles.	
Huckaby, David G. (1973)	Associate Professor
Biological Sciences B.S., M.S., Louisiana State University; Ph.D., University of Michigan. Emeritus, 2013.	
Hughes, Edward J. (1990)	Associate Professor
Religious Studies. B.A., Manhattan College, New York City; M.Div., Pittsburgh Theological Seminary; M.A., Ph.D., Claremont Graduate School. Emeritus 2014.	
Hultgren, Neil (2007)	Associate Professor
English B.A., Augustana College, Illinois; M.A., Ph.D., University of Virginia.	
Hung, Pei-Fang (2013)	Assistant Professor
Communicative Disorders B.S., Chung Shan Medical University, Taiwan; M.S., Ph.D., University of Oregon.	
Hytrek, Gary (2002)	Professor
Sociology B.A., California State University, Bakersfield, M.A., Ph.D., University of California, Los Angeles.	
Igmen, Ali (2006)	Associate Professor
History B.A., Uludag University, Turkey; M.A., University of Pittsburgh; Ph.D., University of Washington.	
Ireland, Connie M. S. (2003)	Professor
School of Criminology, Criminal Justice, and Emergency Management B.A., M.A., Ph.D., University of California, Irvine.	
Jacques, David Martin (1998)	Professor
Theatre Arts B.F.A., University of Miami; M.F.A., Southern Methodist University.	
Jadalla, Ahlam A. (2008)	Associate Professor
School of Nursing B.S.N., University of Jordan, Amman; M.S.N., Georgetown University; Ph.D., Loma Linda University.	
Jaffe, Alexandra M. (2001)	Professor
Linguistics / Anthropology B.A., University of Delaware; M.A., Ph.D., Indiana University Bloomington.	
Jaikumar, Prashanth (2009)	Associate Professor
Physics and Astronomy B.S., Delhi University, India; M.S., Indian Institute of Technology, India; Ph.D., Stony Brook University.	
James, Kenneth (1982)	Professor
Electrical Engineering/Computer Engineering and Computer Science B.S., Case Institute of Technology; M.S., California State University, Fullerton; Ph.D., University of California, Irvine.	
Jang, Long-Kuan (1984)	Professor
Chemical Engineering B.S., M.S., National Taiwan University; Ph.D., University of Southern California.	
Janousek, Kelly S. (1988)	Librarian
B.A., Western Michigan University; M.L.S., University of Pittsburgh.	
Janssen, Maridith A. (1999)	Professor
Recreation and Leisure Studies B.S., California State University, Sacramento; M.A., California State University, Chico; Ed.D., Oklahoma State University.	
Jarvis, Jeffrey (2005)	Associate Professor
Music - Bob Cole Conservatory of Music	
Jenks, Andrew (2006)	Professor
History B.A., Bucknell University; M.A., University of Michigan; Ph.D., Stanford University.	
Jennings, Lisa K. (2009)	Assistant Professor
School of Social Work B.A., Faulkner University; M.S.W., Ph.D., University of Alabama.	
Jeynes, William H. (2001)	Professor
Teacher Education B.A., University of Wisconsin, Madison; M.Ed., Harvard University; Ph.D., University of Chicago.	
Ji, Hongyu (1999)	Professor
School of Art	

- B.F.A., Central Academy of Fine Arts, Beijing, China; M.F.A., State University of New York, New Paltz.
- Jocoy, Christine (2004)** **Associate Professor**
Geography
B.A., Vassar College, NY; M.S., Ph.D., Pennsylvania State University.
- Johnson, Ann M. (2003)** **Associate Professor**
Communication Studies
B.S., University of Utah; M.A., University of New Mexico; Ph.D., University of Massachusetts.
- Johnson, Darren (2013)** **Assistant Professor**
Biological Sciences
B.S., University of Victoria, Canada; M.A., University of California, Santa Cruz; Ph.D., Oregon State University.
- Johnson, Keith R. (1997)**..... **Professor**
Dance
B.S., Brigham Young University; M.F.A., University of Utah.
- Johnson, Kevin E. (2012)**..... **Assistant Professor**
Communication Studies
B.A., M.A., California State University, Long Beach; Ph.D., University of Texas, Austin.
- Johnson, Lorin (2005)** **Associate Professor**
Dance
B.A., M.A., University of Southern California.
- Johnson, Thomas G. (1989)** **Professor**
Computer Engineering and Computer Science
B.A., Oberlin College; M.S., Youngstown State University; Ph.D., University of California, Davis.
- Johnston, Michael W. (1987)**..... **Psychologist**
Counseling and Psychological Services
B.A., Missouri Southern State College; M.S., University of Kansas; Ed.D., Indiana University, Bloomington.
- Jones, F. Stanley (1988)** **Professor**
Religious Studies
B.A., Yale University; B.A., M.A., Oxford University; Dr.Theology, Universitaet Goettingen, Federal Republic of Germany.
- Joshee, Jeet (2008)** **Dean**
College of Continuing and Professional Education
Ed.D., University of Massachusetts, Amherst.
- Kaminsky, Arnold P. (1986)**..... **Professor**
Asian and Asian American Studies/History
B.A., M.A., Ph.D., University of California, Los Angeles. Emeritus, 2013.
- Karadjov, Christopher (2005)** **Associate Professor**
Journalism and Mass Communication
M.A., Sofia University, Bulgaria; Ph.D., University of Florida.
- Karenga, Maulana N. (1989)** **Professor**
Africana Studies
B.A., M.A., University of California, Los Angeles; Ph.D., United States International University; Ph.D., University of Southern California.
- Kasimis, Demetra F. (2012)** **Assistant Professor**
Political Science
B.A., M.A., Columbia University; Ph.D., Northwestern University.
- Kataoka, Hiroko C. (1998)** **Professor**
Asian and Asian American Studies
B.A., Kobe College, Japan; M.A., Ph.D., University of Illinois, Urbana-Champaign
- Kearney, Patricia (1987)** **Professor**
Communication Studies
B.S., Illinois State University; M.A., University of Oklahoma, Norman; Ed.D., West Virginia University. Emerita, 2013.
- Keely, Beth R. (1995)** **Professor**
School of Nursing
B.A., M.S., California State University, Los Angeles; M.A., Ph.D., Claremont Graduate School.
- Kelleher, Marie A. (2003)** **Associate Professor**
History
B.A., Lewis and Clark College, Portland; M.A., Ph.D., University of Kansas.
- Kelley, Kevin M. (1995)** **Interim Associate Dean for Research**
College of Natural Sciences and Mathematics
..... **Professor**
Biological Sciences
B.A., M.A., Ph.D., University of California, Berkeley.
- Kelly, Kenneth T. (2001)**..... **Director**
Student Transition and Retention Services
B.S., Westfield State College; M.S., University of Southern California.
- Kelly, Kimberly R. (2013)** **Assistant Professor**
Human Development
B.A., University of Massachusetts, Lowell; M.A., Ph.D., University of California, Los Angeles.
- Kelty, Thomas K. (2003)** **Associate Professor**
Geological Sciences/Science Education
B.S., San Jose State University; M.S., University of Southern California; Ph.D., University of California, Los Angeles.
- Kenealy, Patrick F. (1988)** **Professor**
Physics and Astronomy
B.S., Loyola University, Chicago; Ph.D., University of Notre Dame. Emeritus, 2011.
- Kermode, Lloyd E. (2000)** **Professor**
English
B.A., Sheffield University, Sheffield, England; M.Phil., Shakespeare Institute, University of Birmingham, England; M.A. Johns Hopkins University; Ph.D., Rice University.
- Ketola, Jarline (2006)** **Associate Professor**
School of Nursing
B.S., California State University, Los Angeles; M.S., California State University, Long Beach; Ph.D., Wright Institute of Los Angeles.
- Khalil, Kholoud M. (2014)**..... **Assistant Professor**
School of Nursing
B.S.N., Jordan University of Science and Technology, Irbid; M.S.N., Al-Quds University, Israel; Ph.D., University of San Diego.
- Khatra, Balwant S. (1987)** **Professor**
Biological Sciences
B.V. Sc., Veterinary College, Hissar, India; B.S., M.S., Punjab University, India; M.S., Punjab University, India; Ph.D., University of Leeds, England. Emeritus, 2013.
- Kho, I-Hung (2006)** **Associate Professor**
Electrical Engineering
B.S., M.S., California State University, Long Beach; Ph.D., University of California, Irvine.
- Kiang, Melody (1999)** **Professor**
Information Systems
B.B.A., National Chengchi University, Taiwan; M.S., University of Wisconsin, Madison; Ph.D., University of Texas, Austin.
- Kim, Barbara W. (2002)** **Professor**
Asian and Asian American Studies
B.A., Pomona College; M.A., Ph.D., University of Michigan, Ann Arbor.
- Kim, Eun Heui (2001)** **Professor**
Mathematics and Statistics
B.S., Chung-Ang University; M.A., Indiana University at Bloomington; Ph.D., University of Connecticut.
- Kim, Hye Jeong (2014)**..... **Associate Professor**
Family and Consumer Sciences
B.A., Catholic University of Korea; M.S., Ohio State University; Ph.D., Iowa State University.
- Kim, Jin-Lee (2009)** **Associate Professor**
Civil Engineering and Construction Engineering Management
B.S., Chungbuk National University, Korea; M.E., Ph.D., University of Florida.
- Kim, Jinwon (2014)**..... **Assistant Professor**
Economics
B.A., M.A., Sogang University, Korea; Ph.D., University of California, Irvine.
- Kim, Mimi E. (2014)**..... **Assistant Professor**
School of Social Work
B.S., University of Minnesota, Minneapolis; M.S.W., New York University; Ph.D., University of California, Berkeley.
- Kim, Simon S. (2000)** **Interim Associate Vice President**
Research and Sponsored Programs
..... **Professor**
Advanced Studies in Education and Counseling
B.A., Westminster College, Fulton, Missouri; M.S., University of Kentucky; Ph.D., University of Southern California.
- Kim, Sung Eun (2005)** **Professor**
Mathematics and Statistics
B.A., Inha University, Korea; M.S., Western Illinois University; Ph.D., University of California, Davis.
- Kim, Yong Hee (1998)** **Professor**
Mathematics and Statistics
B.S., University of Alaska; M.S., University of California, Irvine; Ph.D., University of California, Riverside.
- Kingsford, Laura (1980)** **Dean**
College of Natural Sciences and Mathematics
..... **Professor**
Biological Sciences
B.S., Boise State University; Ph.D., University of Utah.
- Kisiel, James F. (2003)** **Associate Professor**
Science Education
B.S., Case Western Reserve University, Ohio; M.S., University of California, Los Angeles; Ph.D., University of Southern California.
- Klaus, Jeffrey J. (1997)** **Associate Vice President**
..... **Dean of Students**
Division of Student Services
B.A., Boise State University, Idaho; M.P.A., California State University, Long Beach.
- Klein, Alexander M. (2009)** **Assistant Professor**
Philosophy
B.A., Wesleyan University; M.A., Ph.D., Indiana University; Ed.D., University of LaVerne.
- Klein, Kenji L. (2014)**..... **Assistant Professor**

Management and Human Resource Management B.A., Pomona College, Claremont; M.A., University of Hawaii, Manoa; M.B.A., Ph.D., University of California, Irvine.	History B.A., M.A., Ph.D., University of California, Los Angeles; J.D., Georgetown University, Washington, D.C.
Klein, Wendy L. (2009) Assistant Professor Linguistics/Anthropology B.A., Middlebury College; M.A., Stanford University; Ph.D., University of California, Los Angeles.	Kvapil, James A. (1988) Professor School of Art B.A., University of the Pacific; M.A., M.F.A., San Jose State University.
Kleinfelder, Karen L. (1993) Professor School of Art B.A., M.A., Ph.D., University of Michigan.	Kwon, Chuhee (1999) Professor Physics and Astronomy B.S., Seoul National University, Korea; M.S., Pohang Institute of Science and Technology, Korea; Ph.D., University of Maryland, College Park.
Kleinpeter, Christine B. (1999) Professor School of Social Work B.A., University of California, Irvine; M.S.W., University of Southern California; Psy.D., Pepperdine University.	Lacey, John M. (1989) Professor Accountancy B.S., M.B.A., University of Southern California; Ph.D., University of California, Los Angeles.
Kleinpeter, John (2009) Associate Professor Design B.A., Louisiana Tech University; M.F.A., California State University, Fullerton.	Lacey, Kathleen A. (2000) Professor College of Business Administration B.A., San Diego State University; M.B.A., J.D., University of Southern California.
Klig, Lisa S. (1990) Professor Biological Sciences B.A., University of Massachusetts, Amherst; M.S., Oberlin College; Ph.D., Albert Einstein College of Medicine.	Lam, Brian T. (2003) Professor School of Social Work B.A., California State University, Fullerton; M.S.W., California State University, Long Beach; Ph.D., Columbia University, New York.
Klink, Eileen S. (1990) Professor English B.A., University of California, Los Angeles; M.A., California State University, Long Beach; Ph.D., University of Southern California.	Lam, Shui F. (1985) Professor Computer Engineering and Computer Science B.S., Chinese University of Hong Kong; M.S., Ph.D., Pennsylvania State University.
Ko, Yu-Fu (2009) Assistant Professor Civil Engineering and Construction Engineering Management B.S., National Taipei University of Technology, Taiwan; M.S., Ph.D., University of California, Los Angeles.	Landon, Lora R. (2005) Associate Professor Geological Sciences B.A., Pomona College, Claremont, CA; Ph.D., University of Minnesota, Twin Cities.
Kochan, Roman V. (1969) Dean Library Services Librarian B.A., M.A., University of Manitoba; M.L.S., University of British Columbia.	Lanza, Haydee Isabella (2014) Assistant Professor Human Development B.A., Williams College; M.A., Pepperdine University; Ph.D., Temple University.
Korogodsky, Danila Z. (1996) Associate Professor Theatre Arts M.F.A., Leningrad Institute of Theatre. Emeritus 2014.	Laris, Paul S. (2002) Professor Geography B.S., University of California, Los Angeles; M.S., San Jose State University; M.A., Ph.D., Clark University, Massachusetts.
Korosteleva, Olga (2002) Professor Mathematics and Statistics B.S., Wayne State University, Detroit; M.S., Ph.D., Purdue University.	Lascano, Marcy (2006) Associate Professor Philosophy B.A., University of Washington; M.A., Ph.D., University of Massachusetts, Amherst
Koval, James E. (1985) Interim Dean College of Health and Human Services Professor Family and Consumer Sciences B.S., Creighton University, Nebraska; M.S., Texas Technological University; Ph.D., Oregon State University.	Lavay, Barry (1989) Professor Kinesiology B.S., Plymouth State College; M.S., Eastern Illinois University; Ph.D., University of New Mexico.
Kress, Jeffrey L. (2001) Associate Professor Kinesiology B.S., M.S., California State University, Fullerton; Ph.D., University of Kansas.	Lax, Melvin (1977) Professor Mathematics and Statistics B.S., M.S., Ph.D., Rensselaer Polytechnic Institute.
Kreysa, Peter G. (2002) Associate Professor Family and Consumer Sciences B.S., M.A., University of Maryland, College Park; Ph.D., University of Southern California.	Lazarowitz, Arlene (2004) Professor History B.A., M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.
Krishnan, Sudha (2007) Professor Accountancy B.Com., M.Comm., Bombay University, India; Ph.D., University of Southern California.	Le, Son V. (1986) Professor Finance B.S., M.S., Ph.D., Iowa State University.
Krishnan, Vennila (2013) Associate Professor Physical Therapy BPT, Pondicherry University, India; MIT, Manipal University, India; Ph.D., University of Delaware.	LeBank, Ezra (2011) Assistant Professor Theatre Arts B.A., State University of New York; M.F.A., Smith College, Massachusetts.
Krumpak, Thomas J. (1986) Professor School of Art B.F.A., San Francisco Art Institute; M.F.A., California State University, Long Beach.	Lee, Cheryl D. (2000) Professor School of Social Work B.A., George Washington University; M.S.W., Arizona State University; Ph.D., Arizona State University.
Kukalis, Sal M. (1986) Professor Management and Human Resources Management B.S., M.B.A., American University, Cairo; Ph.D., University of Arizona.	Lee, Chia-Hsiu (Sophie) (1998) Professor Information Systems B.S., National Chiao-Tung University, Taiwan; M.B.A., Ph.D., University of Texas, Austin.
Kumar, Rajendra (1983) Professor Electrical Engineering B. Tech., M. Tech., Indian Institute of Technology; Ph.D., University of Newcastle, Australia. Emeritus, 2012.	Lee, Christopher T. (2000) Professor Geography B.S., Northern Arizona State University, Flagstaff; M.A., California State University, Fullerton; Ph.D., University of Arizona.
Kumpf, Lorraine E. (1987) Professor Linguistics B.A., Syracuse University; M.A., University of Colorado, Boulder; Ph.D., University of California, Los Angeles. Emerita, 2011.	Lee, Chung-min (2007) Associate Professor Mathematics and Statistics B.S., M.S., National Taiwan University; Ph.D., Indiana University.
Kumrow, David E. (2000) Associate Professor School of Nursing B.Sc., Gannon University, Pennsylvania; B.S.N., Niagara University, New York; M.S.N., State University of New York, Buffalo; Ed.D., University of Southern California.	Lee, Diane W. (1999) Professor Psychology B.A., California State University, Long Beach; Ph.D., University of California, Berkeley.
Kuo, Margaret (2007) Associate Professor	Lee-Fruman, Kay K. (1999) Professor Biological Sciences B.A., University of California, Berkeley; Ph.D., Harvard University.
	LeMaster, Barbara C. (1997) Professor Anthropology/Linguistics B.A., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.
	Lemme, Rebecca K. (2014) Assistant Professor

- Dance
B.A., Princeton University; M.F.A., California Institute of the Arts.
- Lewis, Trinidad J. (2003)** **Associate Professor**
Teacher Education
B.A., University of California, Los Angeles; M.Ed., Bridgewater State College, MA; Ed.D., Boston University.
- Li, Guotong (2007)** **Associate Professor**
History
B.A., Peking University, China; M.A., National University of Singapore; Ph.D., University of California, Davis.
- Li, Lijuan (1998)** **Professor**
Chemistry and Biochemistry
B.Sc., Jilin University, P.R. China; Ms.Sc./Ph.D., Jilin University, P.R. China; Ph.D., McMaster University, Ontario, Canada.
- Li, Linna (2013)** **Assistant Professor**
Geography
B.S., Peking University, China; M.S., University of South Carolina; Ph.D., University of California, Santa Barbara.
- Li, Xin (2001)** **Professor**
Teacher Education
B.A., Southwest China Teacher's University; M.A., Ph.D., University of Toronto.
- Li, Xuhui (2007)** **Associate Professor**
Mathematics and Statistics
B.S., M.S., East China Normal University; Ph.D., University of Texas, Austin.
- Li, Yan (2014)**..... **Assistant Professor**
Mechanical and Aerospace Engineering
B.S.M.E., Yanshan University, China; M.S.M.E., Shanghai Jiao Tong University, China; Ph.D., Georgia Institute of Technology, Atlanta.
- Liang, Xiaoping (2000)** **Professor**
Linguistics
B.A., Nanjing University, Nanjing, China; M.A., Exeter University, Exeter, United Kingdom; Ph.D., University of British Columbia, Vancouver, Canada.
- Lin, Ping (2006)** **Associate Professor**
Accountancy
B.S., Beijing Institute of Technology; M.S., Central University of Banking and Finance; Ph.D., University of California, Irvine.
- Lindsay, Cecile (2004)** **Vice Provost and Dean of Graduate Studies**
Academic Affairs
..... **Professor**
Romance, German, Russian Languages and Literatures
B.A., California State University, Fullerton; M.A., Ph.D., University of California, Irvine.
- Lipo, Carl P. (2002)** **Professor**
Anthropology
B.S., M.A., University of Wisconsin, Madison; Ph.D., University of Washington, Seattle.
- Liu, Ping (1999)** **Professor**
Teacher Education
B.A., Qufu Teachers University, China; M.A., University of International Relations, China; Ph.D., Texas A&M University.
- Liu, Xuemei (2003)** **Professor**
Economics
B.A., Central University of Finance and Banking, Beijing; M.A., California State University, Long Beach; Ph.D., University of California, Berkeley.
- Liu, Ying (2007)** **Associate Professor**
Information Systems
B.S., XiAn JiaoTong University, China; M.S., South China University of Technology; M.S., University of Southern California; Ph.D., University of Arizona.
- Livingston, Brian T. (2008)** **Professor**
Biological Sciences
B.S., University of California, Santa Barbara; Ph.D., University of California, Berkeley.
- Lo, Chih-Cheng (2009)** **Assistant Professor**
Chemical Engineering
B.S., National Chung Hsing University, Taiwan; M.E., Ph.D., Texas A&M University.
- Locks, Angela M. (2008)** **Associate Professor**
Advanced Studies in Education and Counseling
B.A., M.A., Ph.D., University of Michigan, Ann Arbor.
- Loewe, Ronald (2006)** **Professor**
Anthropology
B.A., Earlham College; M.A., University of Illinois, Chicago; Ph.D., University of Chicago.
- Lopez, Dennis (2011)** **Assistant Professor**
English
B.A., California State University, Fullerton; M.A., California State University, Northridge; Ph.D., University of California, Irvine.
- Lopez, Kristina (2013)** **Assistant Professor**
Social Work
B.A., M.A., California State University, Northridge; MSW, Ph.D., University of Michigan.
- Lopez, Marco A. (1987)** **Professor**
Chemistry and Biochemistry
B.S., California State University, Los Angeles; M.S., Ph.D., University of California, San Diego.
- Lopez-Zetina, Javier (2000)** **Associate Professor**
Health Science
B.A., University of Veracruz, Mexico; M.A., University of Houston; Ph.D., University of Texas, Houston.
- Losquadro, Michael (2006)**
Associate Vice President
Development and Campaign Operations
B.A., California State University, Fullerton.
- Lowe, Christopher G. (1998)** **Professor**
Biological Sciences
B.A., Barrington College; M.S., California State University, Long Beach; Ph.D., University of Hawaii, Manoa.
- Lowentrou, Peter M. (1984)** **Professor**
Religious Studies
B.A., University of California, Riverside; Ph.D., University of Southern California.
- Lu, Bei (2005)** **Associate Professor**
Mechanical and Aerospace Engineering
B.S., M.S., Shanghai Jiatong University, China; Ph.D., North Carolina State University.
- Luévano, Susan C. (1995)** **Librarian**
University Library
B.A., California State College, Stanislaus; M.L.S., University of Oregon.
- Luhr, Eileen (2006)** **Associate Professor**
History
B.A., M.A., Williams College; Ph.D., University of California, Irvine.
- Ma, Yulong (1997)** **Professor**
Finance
B.S., Xi'an University of Electronic Science and Technology, China; M.B.A., University of Hawaii; Ph.D., University of Houston.
- Macaulay, Craig D. (2014)**..... **Assistant Professor**
Management and Human Resource Management
B.S., Ph.D., University of Texas, Dallas.
- Madding, Carolyn Conway (1989)** **Professor**
Communicative Disorders
B.S., Ohio State University; M.A., California State University, Fullerton; Ph.D., Claremont Graduate University.
- Mahoney, Charles (2013)** **Assistant Professor**
Political Science
B.A., Williams College; M.A., Ph.D., University of California, Los Angeles.
- Malizia, Thomas W. (2005)** **Director**
Office of Student Conducted & Ethical Development
B.A., California State University, Long Beach; J.D., Western State University, College of Law.
- Malm, Aili (2006)** **Associate Professor**
School of Criminology, Criminal Justice, and Emergency Management
B.A., M.A., Ph.D., Simon Fraser University, Canada.
- Malotte, C. Kevin (1999)** **Professor**
Health Science
B.A., Chapman College; M.A., Claremont Graduate School; P.H., University of California, Los Angeles. Emeritus 2014.
- Mangir, Tulin E. (1994)** **Professor**
Electrical Engineering
M.S., University of Southern California; B.S., Ph.D., University of California, Los Angeles. Emerita, 2013.
- Manke, Beth (2002)** **Professor**
Human Development
B.S., University of Arizona; M.S., Ph.D., Pennsylvania State University.
- Manley, Steven L. (1988)** **Professor**
Biological Sciences
B.A., California State University, Northridge; Ph.D., University of California, Los Angeles.
- Maples, Tracy B. (1992)**..... **Interim Associate Dean of Academic Programs**
College of Engineering
..... **Professor**
Computer Engineering and Computer Science
B.S. and M.S., University of California, Riverside; Ph.D., University of California, Irvine.
- Maram, Linda N. (1997)** **Professor**
Asian and Asian American Studies
B.A., M.A., California State University, Fullerton; M.A., Ph.D., University of California, Los Angeles.
- Marayong, Panadda (2007)** **Associate Professor**
Mechanical and Aerospace Engineering
B.S., Florida Institute of Technology; M.S., Ph.D., Johns Hopkins University.
- Marcus, Richard (2006)** **Professor**
International Studies
B.A., New York University; M.A., University of California, Los Angeles; Ph.D., University of Florida.
- Marikos, Rhonda (1976)** **Director**
Isabel Patterson Child Development Center
B.A., California State University, Long Beach.

Margulies, William G. (1969)	Professor	Medoff, Marshall H. (1979)	Professor
Mathematics and Statistics B.S., State University College, Long Island; M.A., Ph.D., Brandeis University. Emeritus 2014.		Economics B.S., Illinois Institute of Technology; M.S., University of Illinois, Champaign; Ph.D., University of California, Berkeley. Emeritus, 2011.	
Marinez, Eric R. (2003)	Associate Professor	Medora, Nilufer P. (1989)	Professor
Chemistry and Biochemistry B.S., M.S., California State University, Los Angeles; Ph.D., University of Southern California.		Family and Consumer Sciences B.A., St. Xavier's College, India; M.S., Maharaja Sayajirao University, India; M.S., University of Arkansas; Ph.D., University of Nebraska.	
Marsh, Anthony (1989)	Professor	Mena, Robert A. (1988)	Professor
School of Art B.F.A., California State University, Long Beach; M.F.A., Alfred University.		Mathematics and Statistics B.S., M.S., Ph.D., University of Houston.	
Marshall, Suzanne G. (1999)	Associate Professor	Merryfield, Kent G. (1988)	Professor
Family and Consumer Sciences B.S.H.E., University of Georgia; M.S., Oklahoma State University; M.A., Ph.D., University of California, Los Angeles.		Mathematics and Statistics B.A., Rice University; M.S., Ph.D., University of Chicago.	
Martin, Claire E. (1988)	Professor	Meyer-Adams, Nancy (2005)	Associate Professor
Romance, German, Russian Languages and Literatures B.A., M.A., University of Massachusetts, Amherst; Ph.D., Yale University.		School of Social Work B.S.W., M.S.W., Florida International University, Miami; Ph.D., University of Tennessee.	
Martin, Edward (2005)	Professor	Mezyk, Stephen P. (2001)	Professor
Public Policy and Administration B.A., Loyola Marymount University; M.A., University of San Francisco; Ph.D., Arizona State University.		Chemistry and Biochemistry B.Sc., Ph.D., University of Melbourne.	
Martin, Ingrid M. (2001)	Professor	Michelon, Mark (2006)	Associate Professor
Marketing B.S., University of New Mexico; M.S., Michigan State University; Ph.D., University of Southern California.		School of Art B.A., M.A., California State University, Long Beach.	
Martin, Nancy (2007)	Assistant Professor	Miles, Christopher N. (2003)	Professor
Sociology B.S., Cornell University; M.A., University of Nevada, Las Vegas; Ph.D., University of Arizona.		School of Art B.A., University of California, Santa Barbara; M.F.A., University of Southern California.	
Martin, Wade E. (2002)	Professor	Miles, James D. (2011)	Assistant Professor
Economics B.S., Southern Oregon State College; Ph.D., University of New Mexico, Albuquerque.		Psychology B.A., M.A., Ph.D., University of Virginia, Charlottesville.	
Martin-Hansen, Lisa (2013)	Professor	Miller, Christopher (2013)	Assistant Professor
Science Education B.A., University of Northern Iowa; M.S., Ph.D., University of Iowa.		Art BFA, Pennsylvania State University; MFA, School of the Art Institute of Chicago.	
Martinez, Corinne (2006)	Associate Professor	Min, Sungwook (2001)	Professor
Teacher Education B.A., M.A., Ph.D., University of California, Los Angeles.		Marketing B.B.A., Korea University; M.B.A., Korea University; Ph.D., Purdue University.	
Martinez, Larry F. (1989)	Professor	Minaie, Babak (2013)	Professor
Political Science B.A., M.A., Ph.D., University of California, Santa Barbara.		Mechanical and Aerospace Engineering B.S., Sharif University of Technology, Iran; M.S., Iowa State University; Ph.D., University of Minnesota, Minneapolis.	
Masunaga, Hiromi (2002)	Professor	Mintz, Aubry (2007)	Professor
Advanced Studies in Education and Counseling B.A., Saitama University, Japan; M.S., Ph.D., University of Southern California.		School of Art Technical Degree, Sheridan College Institute of Technology, Ontario, Canada.	
Maxfield, Lisa M. (1995)	Professor	Mitchell, Deborah, H. (1994)	Professor
Psychology B.S., M.S., Ph.D., Syracuse University.		Music - Bob Cole Conservatory of Music B.M. Ed., M.M. Ed., Hartt College of Music; D.M.A., University of Southern California. Emerita 2014.	
Mayfield, Tracey L. (1999)	Associate Dean	Mitchell-Smith, Ilan (2009)	Associate Professor
University Library		English B.A., University of California, Davis; M.A., Fordham University; Ph.D., Texas A&M University.

University Library		School of Art B.A., California State University, Long Beach; MFA, University of New Mexico.	
McAbee, Douglas (1997)	Professor	Mizelle, D. Brett (2001)	Professor
Chemistry and Biochemistry B.A., Point Loma College; Ph.D., University of Texas Southwestern Medical School.		History B.A., Georgetown University; M.A., Ph.D., University of Minnesota.	
McCroskey, Lynda L. (1999)	Associate Professor	Mohamed, Olfat S. (1998)	Professor
Communication Studies B.A., West Virginia University; M.A., Arizona State University; Ph.D., University of Oklahoma.		Physical Therapy B.S., M.S., Cairo University; Ph.D., University of Southern California.	
McDaniel, Dana M. (2011)	Assistant Professor	Mohr, William (2006)	Associate Professor
Management and Human Resources Management B.S., M.S., University of Illinois, Champaign; Ph.D., University of California, Irvine.		English B.A, University of California, Los Angeles; M.A., Ph.D., University of California, San Diego.	
McGuire, Anthony W. (2011)	Assistant Professor	Moisio, Risto (2007)	Associate Professor
School of Nursing B.S.N., California State University, Long Beach; M.S.N., Ph.D., University of California, Los Angeles.		Marketing B.A., Satakunta Polytechnic, Finland; M.S., University of Southern Denmark; Ph.D., University of Nebraska.	
McKay, Valerie C. (1988)	Professor	Molidor, Christian E. (2011)	Professor
Communication Studies B.A., Humboldt State University; M.A., West Virginia University; Ph.D., University of Oklahoma.		School of Social Work B.A., University of Dallas, Irving; M.S.W., Loyola University, Chicago; Ph.D., University of Illinois, Chicago.	
McMicken, Betty (2006)	Associate Professor	Moloi, Alosi J.M. (1994)	Professor
Communicative Disorders B.A., M.A., Ph.D., University of Southern California.		Africana Studies / English B.A., M.A., University of South Africa; Ph.D., University of North, Republic of South Africa. Emeritus, 2011.	
McPherson, Mary Beth (2001)	Associate Professor	Monge, Alvaro E. (1999)	Professor
Communication Studies B.A., M.A., California State University, Long Beach; Ph.D., Ohio University.		Computer Engineering and Computer Science B.S., University of California, Riverside; M.S., Ph.D., University of California, San Diego.	
Mendez, Sergio (2009)	Professor	Moon, Hojin (2007)	Professor
Chemical Engineering B.S., University of California, Berkeley; Ph.D., University of New Mexico.		Mathematics and Statistics B.S., M.S., HanYang University, Korea; M.S., Florida Institute of Technology; Ph.D., State	

University of New York, Stony Brook.

Moore, William S. (2000) **Associate Professor**
Graduate Center for Public Policy and Administration
B.A., Washington and Jefferson College; M.P.A., University of Pittsburgh; M.A., Ph.D.,
Syracuse University.

Moreno, Jose F. (2004) **Associate Professor**
Chicano and Latino Studies
B.A., University of California, Irvine; M.Ed., Ed.D., Harvard University.

Moreno-Alcaraz, Rosa O. (1998) **Psychologist**
Counseling and Psychological Services
B.A., Loyola Marymount University; M.A., Ph.D., California School of Professional
Psychology.

Mosher, Jerry (2006) **Associate Professor**
Film and Electronic Arts
B.A., M.A., Ph.D., University of California, Los Angeles.

Moshirvaziri, Khosrow (1990) **Professor**
Information Systems
B.S., Arya Mehr Technical University, Iran; M.S., Stanford University; Ph.D., University of
California, Los Angeles.

Mozumdar, Mohammad M. (2012) **Assistant Professor**
Electrical Engineering
B.Sc., Bangladesh University of Engineering and Technology; M.Sc., Aachen Technical
University, Germany; Ph.D., Politecnico University of Turin, Italy.

Müller-Stosch, Johannes (2007) **Associate Professor**
Music - Bob Cole Conservatory of Music
B.M., Columbus State University; M.M., University of Cincinnati; DMA, University of
Rochester.

Müller, Markus E. (2001) **Associate Professor**
Romance, German, Russian Languages and Literatures
B.A., University of Tübingen; M.A., University of Kansas; Ph.D., University of California,
Los Angeles.

Murdock, Caitlin E. (2003) **Associate Professor**
History
B.A., Swarthmore College, PA; M.A., Emory University; Ph.D., Stanford University.

Murgolo, Frank D. (2003) **Professor**
Computer Engineering and Computer Science
B.A., California State University, Fullerton; M.S., Ph.D., University of California, Irvine.

Murray, John (2007) **Professor**
Advanced Studies in Education and Counseling
B.A., State University of New York, Brockport; M.A., Arizona State University; Ed.S.,
Wright State University; Ph.D., Ohio State University.

Murray, William L. (2001) **Professor**
Mathematics and Statistics
B.S., Georgetown University; Ph.D., University of California, Berkeley.

Nagai, Chikako (2007) **Associate Professor**
School of Social Work
B.A., Seattle Pacific University; M.S.W., University of Washington; Ph.D., Smith College.

Nakai, Karen Kawai (1999) **Executive Assistant to the President**
Office of the President

..... **Professor**
Advanced Studies in Education and Counseling
B.A., M.S., University of California, Los Angeles; Ed.D., Pepperdine University.

Nakajima, Mikiko (2009) **Assistant Professor**
Kinesiology
B.S., International Christian University, Tokyo; M.S., California State University, Long
Beach; Ed.D., University of Southern California.

Nakayama, Kensaku (1987) **Professor**
Chemistry and Biochemistry
B.S., Ph.D., University of California, Los Angeles.

Narayanawami, Vasanthy (2008) **Associate Professor**
Chemistry and Biochemistry
B.S., University of Madras, India; M.S., University of Mysore, India; Ph.D., Indian Institute
of Technology.

Nash, Rebecca (2013) **Assistant Professor**
Criminal Justice
B.S., California State University, Los Angeles; M.S., California State University, Long
Beach; Ph.D., Simon Fraser University, British Columbia.

Nasr, Elhami B. (2002) **Professor**
Civil Engineering and Construction Engineering Management
B.S., M.S., California State University, Long Beach, Ph.D., University of Colorado.

Nayak, Aparna (2006) **Associate Professor**
Romance, German, Russian Languages and Literatures
B.A., University of Bombay, India; M.A., Ph.D., University of Pittsburgh.

Neff, Hector (2002) **Professor**
Anthropology
B.A., Stanford University; M.A., Ph.D., University of California, Santa Barbara.

Nelms, Barbara J. (1974) **Professor**
School of Nursing
B.S.N., University of Iowa; M.N., Ph.D., University of California, Los Angeles.

B.A., Rutgers University; M.S., Ph.D., University of Miami. Emerita, 2012.

Newberger, Florence A. (2001) **Professor**
Mathematics and Statistics
B.A., B.S., University of California, Santa Cruz; Ph.D., University of Maryland, College
Park.

Ng, Chen Feng (2008) **Associate Professor**
Economics
B.A., Princeton University, M.A., Ph.D., University of California, Irvine.

Nguyen, Hieu (2007) **Associate Professor**
Marketing
B.A., Hanoi Foreign Studies University, Vietnam; M.A., Texas Christian University; Ph.D.,
University of Texas at Arlington.

Nguyen, Huong Tran (2005) **Associate Professor**
Teacher Education
B.A., San Diego State University; M.A., Point Loma University; Ph.D., University of
California, Riverside.

Nguyen, Richard P. (1984) **Professor**
Civil Engineering and Construction Engineering Management
B.S., National Institute of Technology, Taiwan; M.S., Ph.D., University of Missouri-Rolla.

Nguyen, T. Hung (2006) **Associate Professor**
Civil Engineering and Construction Engineering Management
B.S., M.S., Concordia University, Canada; Ph.D., Pennsylvania State University.

Nguyen, Thang N. (1999) **Associate Professor**
Information Systems
B.S., Laval University, Quebec; M.S., Georgia Institute of Technology; Ph.D., George
Mason University.

Nguyen, Thinh V. (1986) **Professor**
Computer Engineering and Computer Science
B.S., Ph.D., University of California, Irvine; M.S., University of Southern California.
Emeritus, 2011.

Nguyen, Thuc-Doan (2008) **Assistant Professor**
Marketing
B.E., Ho Chi Minh University, M.B.A., Asian Institute of Technology, Thailand; Ph.D.,
University of Utah.

Nguyen-Rodriguez, Selena Thi (2012) **Assistant Professor**
Health Science
B.A., California State University, Long Beach; M.P.H., Ph.D., University of Southern
California.

Noble, Charles (1987) **Professor**
Political Science
B.A., Cornell University; M.A., University of California, Los Angeles; Ph.D., University of
California, Berkeley. Emeritus, 2013.

Noguera, Norma A. (2001) **Associate Professor**
Mathematics and Statistics
B.A., Universidad Nacional, Heredia; M.Ed., Ph.D., Ohio University.

Nolan, Lawrence P. (1997) **Professor**
Philosophy
B.A., M.A., Ph.D., University of California, Irvine.

Nou, Leakhena (2005) **Associate Professor**
Sociology
B.A., California State University, Fullerton; M.A., University of Hawaii at Manoa; M.S.W.
Columbia University, NYPh.D., University of Hawaii at Manoa.

Nutter El Ouardani, Christine (2014) **Assistant Professor**
Human Development
B.A., Michigan State University; M.A., Ph.D., University of Chicago.

O'Brien, Jonathan J. (2014) **Assistant Professor**
Educational Leadership
B.A., California State University, Long Beach; M.S., University of Central Missouri; Ed.D.,
University of California, Irvine.

O'Connor, Daniel (1999) **Interim Associate Dean**
College of Liberal Arts

..... **Associate Professor**
Political Science/Liberal Studies
B.A., University of California, Berkeley; M.A., Ph.D., University of California, Los Angeles.

Odell, Anne P. (2012) **Assistant Professor**
School of Nursing
B.S.N., Regents College, New York; M.S.N., University of Southern California; Ph.D.,
University of San Diego.

O'Donnell, Julie A. (1994) **Professor**
School of Social Work
B.A., University of Wyoming; M.A., Eastern Washington College; Ph.D., University of
Washington.

O'Gorman, Hugh (2002) **Professor**
Theatre Arts
B.A., Cornell University; M.F.A., University of Washington, Seattle.

O'Lawrence, Henry (2001) **Professor**
Health Care Administration
B.S., Winston-Salem State University; M.S., University of North Carolina at Greensboro;
Ph.D., Pennsylvania State University.

- Onderdonk, Nathan (2007)** **Associate Professor**
Geological Sciences
B.S., Principia College; M.S., Ph.D., University of California, Santa Barbara.
- Orozco, Cynthia Marie (2014)**..... **Senior Assistant Librarian**
University Library
B.A., University of California, Irvine; M.L.I.S., San Jose State University.
- Ortiz, Anna M. (2003)** **Professor**
Advanced Studies in Education and Counseling
B.S., University of California, Davis; M.A., Ohio State University, Columbus; Ph.D., University of California, Los Angeles.
B.A., Valparaiso University; M.A., Naval Post-graduate School, Monterey.
- Ostergren, Jennifer A. (2009)** **Assistant Professor**
Communicative Disorders
B.S., M.S., California State University, Long Beach; Ph.D., Claremont Graduate University.
- Ostrowski, John W. (1988)** **Professor**
Public Policy and Administration
B.A., Youngstown State University; M.A., Ph.D., Kent State University.
- Otollia, Dorothy J. (2001)** **Professor**
Design
B.F.A., California State University, Long Beach; M.Arch., California Polytechnic State University, Pomona.
- Pace, Douglas A. (2013)** **Assistant Professor**
Biological Sciences
B.S., Long Island University; Ph.D., University of Southern California.
- Pandya, Jessica Z. (2005)** **Associate Professor**
Teacher Education/Liberal Studies
B.A., University of Chicago; M.A., Ph.D., University of California, Berkeley.
- Pandya, Sophia (2006)** **Associate Professor**
Religious Studies
B.A., University of California, Berkeley; Ph.D., University of California, Santa Barbara.
- Papp, Zoltan (2003)** **Professor**
Physics and Astronomy
M.S., Ph.D., University of Debrecen, Hungary.
- Paquette, Catha (2003)** **Professor**
School of Art
B.A., Wheaton College, MA; M.A., Ph.D., University of California, Santa Barbara.
- Parentela, Emelinda M. (1996)** **Professor**
Civil Engineering and Construction Engineering Management
B.S., Luzonian University Foundation, Philippines; M.S., Ph.D., University of Nevada, Las Vegas.
- Park, Sunook (2006)** **Professor**
School of Art
B.A., M.F.A., Art Center College of Design.
- Parker-Jeannette, Cyrus (2006)** **Dean**
College of the Arts
- **Professor**
Dance
B.A., California State University, Fullerton; M.F.A., University of California, Irvine.
- Pascual, Chloe C. (2014)**..... **Senior Assistant Librarian**
University Library
B.A., Smith College, North Hampton; M.L.I.S., San Jose State University.
- Paskin, Daniel (2008)** **Associate Professor**
Journalism and Mass Communication
B.A., Helio Alonzo College, Rio de Janeiro, Brazil; M.A., Ph.D., University of Miami.
- Pasztor, Eileen Mayers (1999)** **Professor**
School of Social Work
B.A., Stanford University; M.S.W., Ohio State University; D.S.W., Catholic University of America, Washington, D.C.
- Patraporn, Rita (2013)** **Assistant Professor**
Sociology
B.A., University of California, Irvine; MPP, Ph.D., University of California, Los Angeles.
- Pattnaik, Jyotsna (2000)** **Professor**
Teacher Education
M.Ed., Dr. Parsuram Institute of Advanced Studies in Education, Orissa, India; M. Phil., Jamia Millia Islamia University, New Delhi, India; Ph.D., Indiana University, Pennsylvania.
- Pavri, Shireen C. (1999)** **Associate Dean**
College of Education
- **Professor**
Advanced Studies in Education and Counseling
B.A., St. Xavier's College, Bombay, India; B.Ed., M.Ed., SNDT Women's University, Bombay, India; M.S., Ed.S., Miami University, Ohio; Ph.D., University of Illinois at Urbana-Champaign.
- Pedersen, William (2002)** **Professor**
Psychology
B.A., Seattle University; M.A., Ph.D., University of Southern California.
- Perez, Eduardo L. (2007)** **Associate Professor**
Design
B.Arch., California State Polytechnic University, Pomona; M.Arch., Southern California Institute of Architecture.
- Penzenstadler, Birgit S. (2014)**..... **Assistant Professor**
Computer Engineering and Computer Science
Ph.D., Technical University of Munich, Germany.
- Perez Huber, Lindsay (2012)** **Assistant Professor**
Advanced Studies in Education and Counseling
B.A., University of California, Irvine; M.A., Ph.D., University of California, Los Angeles.
- Pérez, Manuel (2005)** **Director**
Career Development Center
B.A., San Jose State University; M.A., San Jose State University.
- Pernet, Bruno (2004)** **Professor**
Biological Sciences
B.A., University of California, Santa Cruz; Ph.D., University of Washington, Seattle.
- Perrone, Dina M. (2010)** **Assistant Professor**
School of Criminology, Criminal Justice, and Emergency Management
B.A., State University of New York; M.A., Ph.D., Rutgers University.
- Perruso-Brown, Carol (2008)** **Senior Associate Librarian**
University Library
B.S., M.A., University of Maryland; M.L.I.S., University of California, Los Angeles.
- Peterson, Michael R. (2011)** **Assistant Professor**
Physics and Astronomy
B.Sc., University of Utah, Salt Lake City; Ph.D., Pennsylvania State University, University Park.
- Phengpis, Chanwit (2006)** **Professor**
Finance
B.A., Chulalongkorn University, Thailand; M.A., San Francisco State University; Ph.D., University of Texas, Arlington.
- Phillipose, Elizabeth (2002)** **Associate Professor**
Women's, Gender, and Sexuality Studies
B.A., University of Victoria; M.A., York University; Ph.D., York University, Toronto.
- Piar, Carlos (1990)** **Professor**
Religious Studies
B.S., Biola College; M.Div., Th.M., Talbot Theological Seminary; Ph.D., University of Southern California.
- Pickett, Galen T. (1999)** **Professor**
Physics and Astronomy
B.S., Massachusetts Institute of Technology; Ph.D., University of Chicago.
- Piker, Ruth (2006)** **Associate Professor**
Teacher Education
B.A., M.A., San Jose State University; Ph.D., University of Michigan.
- Pillai, Shanti (2015)**..... **Assistant Professor**
Theatre Arts
B.A., Stanford University; M.A., University of California, Berkeley; Ph.D., New York University.
- Platt, Susan (1997)** **Executive Director**
Testing and Evaluation Services
B.A., Radford College; M.A., University of Southern California; Ph.D., University of California, Los Angeles.
- Plax, Timothy G. (1987)** **Professor**
Communication Studies
B.A., M.A., California State University, Long Beach; Ph.D., University of Southern California.
- Ponce de Leon, Charles L. (2009)** **Professor**
History
B.A., University of California, Santa Barbara; Ph.D., Rutgers University.
- Portnoi, Laura (2007)** **Associate Professor**
Advanced Studies in Education and Counseling
B.A., University of Michigan, Ann Arbor; M.A., Indiana University; M.A., University of the Western Cape, South Africa; Ph.D., University of California, Los Angeles.
- Potts, Marilyn K. (1989)** **Professor**
School of Social Work
B.S., Purdue University; M.S.W., Indiana University, Indianapolis; Ph.D., Purdue University.
- Pounds, Micheal C. (1989)** **Professor**
Film and Electronic Arts
B.A., University of Maryland, Baltimore; M.A., Ph.D., New York University. Emeritus 2014.
- Powell, David C. (2001)** **Professor**
Public Policy and Administration
B.A., Baldwin-Wallace College; M.A., Ohio University; Ph.D., Miami University.
- Powers, Kristin M. (2000)** **Professor**
Advanced Studies in Education and Counseling
B.S., University of Wisconsin, Madison; M.A., Ph.D., University of Minnesota, Minneapolis.
- Prince, Judy L. (2002)**..... **Psychologist**
Counseling and Psychological Services
B.A., University of California, Los Angeles; M.A., Loyola Marymount University; M.A., Psy.D., California School of Professional Psychology, Alhambra.

- Proctor-Tiffany, Mariah (2013)** **Assistant Professor**
Art
B.A., M.A., Brigham Young University; Ph.D., Brown University.
- Prombutr, Wikrom (2012)** **Assistant Professor**
Finance
B.Eng., King Monkut's Institute of Technology, Thailand; M.S., National Institute of Development Administration, Thailand; Ph.D., University of Texas at Arlington.
- Qiu, Tianjiano (2007)** **Associate Professor**
Marketing
B.A., Zhejiang University, China; M.Ed, Ph.D., University of Illinois at Urbana-Champaign.
- Quam-Wickham, Nancy L. (1994)** **Professor**
History
B.A., San Francisco State University; M.A., Ph.D., University of California, Berkeley.
- Quintiliani, Karen (2003)** **Professor**
Anthropology
B.A., Loyola Maramount University; M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.
- Rae-Espinoza, Heather (2007)** **Associate Professor**
Human Development
B.A., Hamilton College; M.A., Ph.D., University of California, San Diego.
- Rahai, Hamid R. (1989)** **Associate Dean for Research**
College of Engineering
..... **Professor**
Mechanical and Aerospace Engineering
B.S., M.S., Californai State University, Long Beach; Ph.D., Univeristy of California, Irvine.
- Raibley, Jason (2007)** **Associate Professor**
Philosophy
B.A., DePaww University; M.A., Ph.D., University of Massachusetts, Amherst.
- Rainof, Alexander (1998)** **Associate Professor**
Romance, German, Russian Languages and Literatures
B.A., Boston University; M.A., Ph.D., University of Michigan-Ann Arbor.
- Rajpoot, Subhash (1990)** **Professor**
Physics and Astronomy
B.Sc., Ph.D., Imperial College, London.
- Ramachandran, Hemalatha (2007)** **Librarian**
University Library
B.A., University of North London, England; M.L.S., Florida State University.
- Ramirez, Genevieve M. (1974)** **Professor**
Chicano and Latino Studies
B.A., M.A., Rosary College, Illinois; Ph.D., University of California, Los Angeles. Emerita, 2013.
- Ranney, Martha J. (2001)** **Associate Professor**
School of Social Work
B.S., M.S.W., California State University, Long Beach; Ph.D., University of Southern California.
- Rasmussen, Amy Carol (2006)** **Associate Professor**
Political Science
B.A., M.A., California State University, Long Beach; Ph.D., Yale University.
- Ratanasiripong, Paul (2008)** **Professor**
Advanced Studies in Education and Counseling
B.A., University of California, Berkeley; M.A., Ph.D., Wright Institute, Graduate School of Psychology.
- Rauscher, M. Lauren (2006)** **Associate Professor**
Human Development
B.A., M.A., University of Memphis; Ph.D., Emory University.
- Reddy, Sabine B. (2001)** **Associate Professor**
Management and Human Resources Management
M.A., Western Michigan University; Ph.D., University of Illinois at Urbana-Champaign.
- Redouane, Najib (1999)** **Professor**
Romance, German, Russian Languages and Literatures
B.A., FACLIP, Paris, France; M.A., Universite Laval, Quebec, Canada; M.A., Ph.D., University of Toronto, Canada.
- Reed, Jennifer (2006)** **Associate Professor**
Women's, Gender, and Sexuality Studies
B.A., Loyola Marymount University; M.A., Ph.D., University of California, Irvine.
- Reese, Leslie (2001)** **Professor**
Teacher Education
B.A., Stanford University; M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.
- Reiboldt, Wendy L. (1992)** **Professor**
Family and Consumer Sciences
B.S., Miami University, Ohio; M.S. and Ph.D., Ohio State University.
- Reynolds, Grace (2007)** **Associate Professor**
Health Care Administration
B.A., Macalester College; M.A., University of Alaska Anchorage; Ph.D., University of Southern California.
- Rezaei, Ali (2002)** **Professor**
Advanced Studies in Education and Counseling
B.S., M.S., Shiraz University, Iran; Ph.D., University of Calgary, Canada.
- Rhee, Thomas A. (1988)** **Professor**
Finance
B.A., Hankuk University of Foreign Seoul, Korea; M.A., Kent State University; M.A., University of Chicago; Ph.D., Wayne State University. Emeritus 2014.
- Rich, Marc D. (2001)** **Professor**
Communication Studies
B.A., M.A., California State University, Northridge; Ph.D., Southern Illinois University, Carbondale.
- Richards, Catherine R. (2004)** **Associate Professor**
Advanced Studies in Education and Counseling
B.A., M.A., University of California, Riverside; Ph.D., University of California, Santa Barbara.
- Richesson, Robin A. (2002)** **Professor**
School of Art
B.A., M.F.A., California State University, Long Beach.
- Riedel, Kyle (2003)** **Professor**
School of Art
B.S., Portland State University, Oregon; M.F.A., University of Texas, Austin.
- Rios-Ellis, Britt K. (1994)** **Professor**
Health Science
B.A., M.S., Ph.D., University of Oregon.
- Riposa, Gerry (1989)** **Professor**
Political Science
B.A., Old Dominion University; Ph.D., University of California, Riverside. Emeritus, 2012.
- Rivera-Chang, Jose L. (2001)** **Professor**
Design
B.F.A., Catholic University; M.A., Ohio State University.
- Roberts, Pamela K. (1989)** **Professor**
Human Development
B.A., University of California, San Diego; M.A., Notre Dame; M.A., Western Michigan; Ph.D., University of Wisconsin.
- Roberts-Corb, Carol (2009)** **Director**
Housing and Residential Life
B.A., University of California, Santa Barbara; M.A., University of Vermont, Burlington.
- Robertson, Terrence P. (2014)** **Interim Associate Dean**
College of Health and Human Services
..... **Professor**
Recreation and Leisure Studies
B.S., University of Nevada; M.S., Ph.D., University of Utah.
- Robinson, Jessica L. (2014)** **Assistant Professor**
Management and Human Resource Management
B.S., Central Michigan University; M.S., Arizona State University; Ph.D., Georgia Southern University.
- Robinson, Subrina (2013)** **Assistant Professor**
Communication Studies
B.A., M.A., Southeast Missouri State University, Cape Girardeau; Ph.D., Southern Illinois University, Carbondale.
- Rock, Cheryl R. (2014)** **Assistant Professor**
Family and Consumer Sciences
B.S., M.S., Alabama A & M University; Ph.D., University of Florida.
- Rodrigue, Christine M. (1999)** **Professor**
Geography
B.A., M.A., California State University, Northridge; Ph.D., Clark University, Massachusetts.
- Rodriguez, Jose I. (1995)** **Professor**
Communication Studies
B.A., M.A., California State University, Long Beach; Ph.D., Michigan State University.
- Rodriguez, Rigoberto (2007)** **Associate Professor**
Chicano and Latino Studies
B.A., M.A., University of California, Irvine; Ph.D., University of Southern California.
- Rodriguez, Victor M. (2000)** **Associate Professor**
Chicano and Latino Studies
B.A., University of Puerto Rico, Rio Piedras, Puerto Rico; M.A., Ph.D., University of California, Irvine. Emeritus 2014.
- Rojas, Maythee G. (2001)** **Professor**
Chicano and Latino Studies
B.A., Pomona College; Ph.D., Arizona State University.
- Rosenkrantz, Max Langan (2003)** **Associate Professor**
Philosophy
B.A., Johns Hopkins University; Ph.D., University of Texas, Austin.
- Rourke, Bryan C. (2004)** **Associate Professor**
Biological Sciences
B.S., College of William and Mary, VA; Ph.D., University of California, Irvine.
- Rouso-Schindler, Steven N. (2008)** **Associate Professor**
Anthropology
B.A., University of Maryland; M.A., Ph.D., University of Southern California.
- Roy, Rudabeh Nazarinia (2013)** **Assistant Professor**

Family and Consumer Sciences B.A., M.A., University of British Columbia, Vancouver; Ph.D., Kansas State University.	History Baccalaureate de Francais, Lycee Marcelin Berthelot, France; B.A., McGill University, Canada; Ph.D., University of California, San Diego.
Rozenek, Ralph (1988) Professor Kinesiology B.S., M.S., University of California, Los Angeles, Ph.D., Auburn University. Emeritus, 2013.	Schrock, Rebecca (2007) Associate Professor School of Art B.A., University of Nebraska-Lincoln; M.F.A., Massachusetts College of Art.
Rubio, Olga G. (1997) Professor Teacher Education B.S., Texas A & I University; M.S., University of Texas at San Antonio; Ph.D., University of Pennsylvania.	Schroeder, Jan M. (1999) Professor Kinesiology B.A., Chapman College, Orange, California; M.S., California State University, Fullerton; Ph.D., University of Kansas.
Russell, Jessica (2013) Assistant Professor Communication Studies B.A., M.A., California State University, Sacramento; Ph.D., Michigan State University.	Schug, Robert A. (2010) Assistant Professor School of Criminology, Criminal Justice, and Emergency Management B.A., M.S., California State University, Los Angeles; M.A., Ph.D., University of Southern California.
Russo, Albert C. (1988) Professor Physical Therapy B.S., M.S., Ph.D., Louisiana State University, Baton Rouge. Emeritus, 2013.	Schürer, Norbert E. (2003) Professor English B.A., Hochschule der Künste, Berlin; M.A., Freie Universität, Berlin; Ph.D., Duke University.
Ruwedel, Mark A. (2002) Professor School of Art B.F.A., Kutztown University of Pennsylvania; M.F.A., Université Concordia.	Schwans, Jason P. (2012) Assistant Professor Chemistry and Biochemistry B.A., Augustana College, South Dakota; M.S., Ph.D., University of Chicago.
Saadeh, Shadi (2007) Associate Professor Civil Engineering and Construction Engineering Management B.S., University of Jordan, Amman, Jordan; M.S., Washington State University; Ph.D., Texas A&M University.	Sciortino, Antonella (2004) Associate Professor Civil Engineering and Construction Engineering Management B.S., Politecnico di Bari, Italy; M.S., Ph.D., University of California, Los Angeles.
Sachdeva, Darshan (1973) Professor Finance B.A., Panjab University; M.S., Florida State University; Ph.D., University of California.	Scott, George M. (1990) Associate Professor Anthropology B.A., University of Texas, Austin; M.A., Ph.D., University of California, San Diego. Emeritus, 2011.
Safer, Alan M. (2000) Professor Mathematics and Statistics B.S., Syracuse University; M.S., Ohio State University; M.S., Southern Illinois University; Ph.D., University of Wyoming.	Scott-Hayward, Christine S. (2013) Assistant Professor School of Criminology, Criminal Justice, and Emergency Management B.C.L., University College Dublin, Ireland; M.A., University of Chicago; Ph.D., New York University.
Saint-Germain, Michelle A. (1995) Professor Public Policy and Administration B.A., University of California Berkeley; M.S., M.P.A., California State University, Hayward; Ph.D., University of Southern California. Emerita, 2012.	Scotton, Paul (2005) Professor Comparative World Literature and Classics M.A., University of California Santa Barbara; B.A., University of Illinois, Urbana; Ph.D., University of Pennsylvania.
Saltzman, William R. (2001) Professor Advanced Studies in Education and Counseling M.A., Ph.D., University of Maryland, College Park.	Segalla, Angelo (2001) Professor Mathematics and Statistics B.A., Kean College of New Jersey; M.A., University of California, Los Angeles; M.A., University of Florida; Ph.D., University of California, Los Angeles.
Sanchez-H., Jose (1988) Professor Film and Electronic Arts B.A., Universidad Autonoma de Guadalajara, Mexico; M.A., Ph.D., University of Michigan. Emeritus 2014.	Sexauer, Roxanne D. (1990) Professor School of Art B.F.A., University of Iowa; M.F.A., State University of New York.
Sandoval, Anna M. (1998) Professor Chicano and Latino Studies B.A., University of California, Santa Barbara; M.A., Ph.D., University of California, Santa Cruz.	Seyburn, Patricia (2006) Associate Professor English B.S., M.S., Northwestern University; Ph.D., University of Houston
Sanfilippo, David (1978) Director Disabled Student Services B.A., San Jose State University.	Shafer, David A. (2002) Professor History B.A., University of California, Los Angeles; J.D., Loyola Law School; Ph.D., University of London, England.
Santhiveeran, Janaki (1999) Professor School of Social Work B.S., M.S.W., Madurai Kamaraj University, Madurai, India; Ph.D., Barry University, Florida.	Shaffer, Gwen L. (2012) Assistant Professor Journalism and Mass Communication B.A., University of Michigan, Ann Arbor; M.A., Ph.D., Temple University, Philadelphia.
Sathianathan, Dhushy (2009) Interim Associate Vice President for Academic Planning Academic Affairs B.S., Oklahoma State University; M.S., Ph.D., Penn State University.	Shahian, Bahram (1983) Professor Electrical Engineering B.S., University of Texas, Austin; M.S., Stanford University, Ph.D., University of California, Los Angeles.
Satterfield, Debra J. (2014) Associate Professor Design B.S., Morningside College, Sioux City; M.F.A., Iowa State University.	Shaked, Nizan (2006) Associate Professor School of Art P.P.C., Beit Berl College, Midrasha School of Art, Israel; M.A., University of California, Los Angeles; M.F.A., Otis College of Art and Design.
Sauceda, James S. (1988) Director Multicultural Center Professor Communication Studies B.A., M.A., California State University, Long Beach; Ph.D., University of Southern California.	Shankar, Praveen (2011) Assistant Professor Mechanical and Aerospace Engineering B.S.M.E., Bangalore University, India; M.S., Ph.D., Ohio State University, Columbus.
Scenters-Zapico, John T. (2014) Professor English B.A., University of Wisconsin, Parkside; M.A., Northern Arizona University; Ph.D., University of Arizona.	Shehab-Eldeen, Tariq (2004) Associate Professor Civil Engineering and Construction Engineering Management B.A., M.S., King Fahd University of Petroleum and Minerals, Saudi Arabia; Ph.D., Concordia University, Quebec, Canada.
Schefski, Harold K. (1986) Professor Romance, German, Russian Languages and Literatures B.A., University of California, Davis; M.A., Ph.D., Stanford University. Emeritus, 2013.	Sheley, Nancy S. (2001) Professor English B.A., Murray State University; M.A., University of Illinois at Urbana-Champaign; Ph.D., University of Kansas. Emerita, 2013.
Scherwin, Vicki M. (2009) Assistant Professor Management and Human Resources Management B.A., University of California, Berkeley; Ph.D., University of California, Los Angeles.	Shim, Beom Sik (2014) Assistant Professor School of Art B.F.A., Chung Ang University, Seoul Korea; M.F.A., California Institute of the Arts.
Schramm, Michael (2007) Associate Professor Chemistry and Biochemistry B.S., State University of New York, Syracuse; M.S., Ph.D., University of Chicago.	Shimoga, Sandhya V. (2014) Assistant Professor Health Care Administration B.S., Mangalore University, India; M.S., University of Maryland, University Park; Ph.D., University of California, Los Angeles.
Schrank, Sarah L. (2002) Professor	Shin, Fay H. (2001) Professor Teacher Education

B.A., University of California, Los Angeles; M.S., Ph.D., University of Southern California.	
Shockley, Alan F. (2008)	Associate Professor
Music - Bob Cole Conservatory of Music	
B.M., University of Georgia, Athens; M.M., Ohio State University; MFA, Ph.D., Princeton University.	
Shrader, John W. (2011)	Assistant Professor
Journalism and Mass Communication	
B.A., University of Nebraska, Lincoln; M.S., San Jose State University.	
Shon, Young-Seok (2006)	Professor
Chemistry and Biochemistry	
B.S., M.S., Sogang University, Korea; Ph.D., University of Houston.	
Sidorov, Dmitrii (2002)	Associate Professor
Geography	
B.S., M.A., Moscow State University, Moscow; Ph.D., University of Minnesota, Minneapolis. Siegel, Fran (2002)	Professor
School of Art	
B.F.A., Tyler School of Art, Temple University; M.F.A., Yale University.	
Silveira, Carlos A. (1997)	Professor
School of Art	
B.S., Universidade Federal do Rio Grande do Sul; M.F.A., Northern Illinois University; Ph.D., Texas Tech University.	
Simeonov, Simeon (2014)	Assistant Professor
Music – Bob Cole Conservatory of Music	
B.M., Eastman School of Music; Artist Diploma, Violin; M.M., Yale University.	
Simms, Matthew T. (2003)	Professor
School of Art	
B.A., University of California, Santa Cruz; M.A., University of Rochester, NY; Ph.D., Harvard University.	
Sinay, Tony (2003)	Professor
Health Care Administration	
B.S., M.S., Istanbul Technical University, Turkey; Ph.D., Saint Louis University.	
Sinchak, Kevin (2006)	Associate Professor
Biological Sciences	
B.S., Ph.D., Michigan State University.	
Singh-Carlson, Savitri (2007)	Associate Professor
School of Nursing	
B.S.N., M.S.N., University of British Columbia, Canada; Ph.D., University of Alberta, Canada.	
Sinha, Praveen (2009)	Professor
Accountancy	
B.A., M.A., Lucknow University, India; Ph.D., Carnegie Mellon University.	
Slater, Charles (2006)	Professor
Advanced Studies in Education and Counseling	
B.A., University of Minnesota; M.A., Occidental College; Ph.D., University of Wisconsin-Madison.	
Slowinska, Katarzyna (2004)	Associate Professor
Chemistry and Biochemistry	
M.S., Warsaw University, Poland; Ph.D., University of California, Berkeley.	
Slowinski, Krzysztof (2001)	Interim Associate Dean for Instruction and Curriculum
College of Natural Sciences and Mathematics	
.....	
.....	Associate Professor
Chemistry and Biochemistry	
M.Sc., Ph.D., Warsaw University, Warsaw, Poland.	
Smith, Nancy Jo (1987)	Professor
Theatre Arts	
B.A., Midwestern State University; M.A., M.F.A., University of Michigan.	
Smith, Rodney (2006)	Professor
Accountancy	
B.S., University of Oregon; M.S., Naval Postgraduate School; Ph.D., University of California, Irvine.	
Sohn, Myunghee (2014)	Assistant Professor
Family and Consumer Sciences	
B.A., Hanyang University, Korea; M.A., Ph.D., University of Minnesota, St. Paul.	
Solt, Michael (2008)	Dean
College of Business Administration	
.....	
.....	Professor
Finance	
B.S., Ohio State University; M.B.A., D.B.A., Indiana University.	
Soni, Praveen K. (1991)	Professor
Marketing	
B.T., Indian Institute of Technology; M.B.A., Indian Institute of Management; Ph.D., Pennsylvania State University.	
Sorin, Eric J. (2007)	Associate Professor
Chemistry and Biochemistry	
B.S., University of California, Riverside; Ph.D., Stanford University, California.	
Span, Sherry A. (2000)	Professor
Psychology	
B.A., Tufts University; M.A., California State University, Long Beach; M.A., Ph.D., University of Southern California.	
Speirs, Susanna B. (2004)	Professor
School of Art	
B.F.A., Syracuse University, NY; M.F.A., University of Washington.	
Stallones, Jared R. (2011)	Professor
Single-Subject (Secondary) Credential Program Coordinator	
B.A., M.A., Ph.D., University of Texas, Austin.	
Stankowich, Theodore (2012)	Assistant Professor
Biological Sciences	
B.A., Cornell University; M.S., Ph.D., University of California, Davis.	
Stanton, Roger R. (1966)	Professor
Management and Human Resources Management	
B.S., San Jose State University; M.B.A., California State University, Long Beach; M.P.A., Harvard University; D.B.A., University of Southern California. Emeritus, 2011.	
Star, Lisa M. (2011)	Assistant Professor
Civil Engineering and Construction Engineering Management	
B.S., M.S., Ph.D., University of California, Los Angeles.	
Steimetz, Seiji (2005)	Associate Professor
Economics	
B.S., M.A., San Jose State University; Ph.D., University of California, Irvine.	
Steiner, Barry H. (1968)	Professor
Political Science	
B.A., University of Southern California; Ph.D., Columbia University. Emeritus, 2012.	
Stephens, Heather M. (2012)	Assistant Professor
Economics	
B.A., Duke University, North Carolina; M.B.A., Ph.D., Ohio State University	
Stevenson, Judith (2007)	Assistant Professor
Human Development	
B.A., University of California, Berkeley; M.A., University of the Witwatersrand, South Africa; Ph.D., University of California, Los Angeles.	
Stewart, David (2007)	Associate Professor
Religious Studies	
B.S., University of Oregon; M.A., University of Utah; Ph.D., University of California, Berkeley.	
Stewart, Marian (2007)	Associate Professor
School of Art	
B.F.A., M.F.A., California State University, Long Beach.	
Stone, Craig (1994)	Associate Professor
American Indian Studies/School of Art	
B.A., M.A., M.F.A., California State University, Long Beach.	
Stone, Jon R. (2004)	Professor
Religious Studies	
B.A., Jessup University, San Jose, CA; M.A., Pacific Christian College; M.A., Ph.D., University of California, Santa Barbara.	
Stout, David A. (2014)	Assistant Professor
Mechanical and Aerospace Engineering	
B.Sc., California State University, Long Beach; Ph.D., Brown University.	
Strahl, Ronald J. (1986)	Professor
English	
B.A., DePauw University; M.A., Ph.D., Indiana University, Bloomington.	
Straits, William (2005)	Professor
Science Education	
B.S., University of California, Irvine; M.A., California State University, Fullerton; M.Ed., Ph.D., University of Texas, Austin.	
Strauss, Judith P. (2000)	Professor
Management and Human Resources Management	
B.A., Ph.D., University of Iowa.	
Strybel, Thomas Z. (1986)	Professor
Psychology	
B.A., Wayne State University; M.A., California State University, Los Angeles; Ph.D., University of Arizona, Tucson.	
Su, Xuemei (2007)	Associate Professor
Management and Human Resources Management	
B.A., M.A., Dongbei University of Finance and Economics, China; Ph.D., University of Wisconsin.	
Suaray, Kagba (2005)	Associate Professor
Mathematics and Statistics	
B.S., California State University, Long Beach; Ph.D., University of California, San Diego.	
Sultana, Rebeka (2011)	Assistant Professor
Civil Engineering and Construction Engineering Management	
B.S., Bangladesh University of Engineering and Technology, India; M.C.E., Purdue University, Lafayette; Ph.D., University of California, Irvine.	
Sun, Lei (2011)	Assistant Professor
Communicative Disorders	
B.A., National Taipei University, Taiwan; M.A., Shih Hsin University, Taiwan; M.S., Ph.D., University of Oregon, Eugene.	
Symcox, Linda S. (2000)	Professor
Teacher Education	
B.A., University of California, Los Angeles; M.A., University of California, Santa Barbara; Ph.D., University of California, Los Angeles. Emerita 2014.	

Taber, Ryan (2013)	Assistant Professor	University Library B.A., University of California, Berkeley; M.L.I.S., University of California, Los Angeles.
Art B.F.A., University of Hartford; M.F.A., California Institute of the Arts.		
Takemoto, Mary Ann M. (2005)	Associate Vice President	Tsai, Houn-Wei (2009)
Student Services & Interim Director of Student Health and Services B.A., Columbia University; Ph.D., Indiana University.		Assistant Professor Biological Sciences B.S., M.S., National Taiwan University, Taiwan; M.S., University of California, Los Angeles; Ph.D., University of Kentucky.
Takeuchi, Michiko (2009)	Assistant Professor	Tsang, Chit-Sang (1988)
History B.A., M.A., California State University, Long Beach; Ph.D., University of California, Los Angeles.		Professor Electrical Engineering B.S., Louisiana State University; M.S., Ohio State University; Ph.D., University of Southern California.
Talberg, Jonathan (2000)	Professor	Tsuchida, John N. (1995)
Music - Bob Cole Conservatory of Music B.M., Chapman University, Orange, California; M.M., D.M.A., University of Cincinnati.		Professor Asian and Asian American Studies B.A., International Christian University; M.A., Ph.D., University of California, Los Angeles; J.D., William Mitchell College of Law.
Tan, Peng-Hock Philip (2001)	Associate Professor	Tuveson, Richard V. (1983)
School of Social Work B.A., College of Wooster; M.A., M.S.W., Ph.D., Ohio State University.		Associate Professor Family and Consumer Sciences B.A., St. Cloud State University; M.S., Ph.D., Iowa State University, Ames.
Tapavicza, Enrico (2013)	Assistant Professor	Underwood, Dessie L. (1999)
Chemistry and Biochemistry M.S., University of Bayreuth, Germany; Ph.D., Ecole Polytechnique Federale de Lausanne, Switzerland.		Professor Biological Sciences B.A., California State University, Fresno; M.S., Ph.D., University of California, Davis.
Tarrant, Shira (2006)	Associate Professor	Urizar, Jr., Guido (2006)
Women's, Gender, and Sexuality Studies B.A., California State University, Long Beach; M.A., Ph.D., University of California, Los Angeles		Associate Professor Psychology B.S., University of Miami; Ph.D., University of Florida.
Tartre, Lindsay A. (1985)	Professor	Utley, Ebony (2006)
Mathematics and Statistics B.A., M.A., San Diego State University; Ph.D., University of Wisconsin, Madison.		Associate Professor Communication Studies B.A., Indiana University; M.A., Ph.D., Northwestern University.
Taylor, Andrea (2006)	Vice President	Vaca, Andrew B. (2002)
University Relations and Development B.A., University of Kansas, Lawrence; M.S., California State University, Long Beach.		Professor Dance B.A., California State University, Sacramento; M.F.A., University of California, Los Angeles.
Taylor, Carmen (2014)	Vice President	Vail, Leland S. (1995)
Student Services Ph.D., M.S., Iowa State University. B.S., Northern Illinois University.		Professor Music - Bob Cole Conservatory of Music B.M., M.A., California State University, Long Beach; D.M.A., Claremont Graduate School. Emeritus, 2012.
Teng, Robert K. F. (1989)	Professor	Valentini, Robert C. (1989)
Electrical Engineering B.S., Mississippi State University; M.S., Ph.D., Purdue.		Professor Mathematics and Statistics B.A., Carnegie-Mellon; M.S., Ph.D., Ohio State University.
Terzic, Vesna (2014)	Assistant Professor	van Elk, Marie A. (2000)
Civil Engineering and Construction Engineering Management B.S., University of Belgrade, Serbia; M.S., Saints Cyril and Methodius University of Skopje, Macedonia; Ph.D., University of California, Berkeley.		Professor English M.A., University of Amsterdam; M.A., Ph.D., Rice University.
Teubner, David C. (2005)	Associate Professor	Van Otterloo, Lucy (2013)
Design B.A., California State University, Long Beach; M.A., California State University, Fullerton.		Assistant Professor School of Nursing B.S.N., California State University, Los Angeles; M.S.N., Azusa Pacific University; Ph.D., University of San Diego.
Thibeault, Marie C. (1989)	Professor	Vargas, Tiffanye M. (2012)
School of Art B.F.A., Rhode Island School of Design; M.A., San Francisco State University; M.F.A., University of California, Berkeley.		Assistant Professor Kinesiology B.A., University of Texas at Austin; M.A., Ph.D., Michigan State University.
Thien, Deborah (2006)	Associate Professor	Velcic, Vlatka (2001)
Geography B.A., University of Victoria, Canada; M.S. University of Northern British Columbia, Canada; Ph.D., University of Edinburgh, United Kingdom.		Professor Comparative World Literature and Classics B.A., University of Zagreb; M.A., Ph.D., University of California, Los Angeles.
Thoman, Dustin B. (2008)	Associate Professor	Vettore, Enrico (2007)
Psychology B.A., Middle Tennessee State University; M.A., Ph.D., University of Utah.		Associate Professor Romance, German, Russian Languages and Literatures B.A., University of Padua, Padua, Italy; M.A., Ph.D., University of Oregon.
Thomas, Marshall W. (2001)	Director	Viet, Ngo N. P. (1989)
Veteran Affairs Services B.A., M.A., Ed.D., California State University, Long Beach.		Professor Mathematics and Statistics B.S., University of Minnesota; Ph.D., University of California, Berkeley.
Toji, Dean S. (1999)	Assistant Professor	Vipond, Dianne L. (1988)
Asian and Asian American Studies B.A., California State University, Los Angeles; M.A., Ph.D., University of California, Los Angeles.		Professor English B.S., McGill University, Montreal; M.A., Concordia University, Montreal; Ph.D., York University, Toronto.
Toossi, Reza (1991)	Professor	Vogel, Brenda L. (2001)
Mechanical and Aerospace Engineering B.S., University of Technology, Iran; M.S., Ph.D., University of California, Berkeley.		Professor School of Criminology, Criminal Justice, and Emergency Management B.S., M.S., University of North Carolina at Charlotte; Ph.D., University of California, Irvine.
Torbzadeh, Jalal (1986)	Professor	von Brecht, James H. (2014)
Mechanical and Aerospace Engineering B.S., Abadan Institute of Technology, Iran; M.S., Ph.D., University of Southern California.		Assistant Professor Mathematics and Statistics B.S., M.S., Ph.D., University of California, Los Angeles.
Torres-Santos, Raymond (2011)	Professor	Vu, Kim-Phuong (2005)
Bob Cole Conservatory of Music B.A., Puerto Rico Conservatory of Music; M.A., Ph.D., University of California, Los Angeles.		Professor Psychology B.A., California State University, Long Beach; M.S., Ph.D., Purdue University.
Tortorici-Luna, Joanne (2000)	Professor	Wagdy, Mahmoud F. (1989)
Advanced Studies in Education and Counseling B.A., California State University, Los Angeles; M.A., University of California, Los Angeles; Ph.D., University of Southern California.		Professor Electrical Engineering B.S., M.S., Cairo University; Ph.D., Kansas State University.
Travis, Tiffini A. (1999)	Librarian	Wakiji, Eileen (1991)
		Librarian University Library B.A., University of California, Los Angeles; M.S.L.S., University of Southern California.
		Wallace, David (2012)
		Dean College of Liberal Arts
		Professor English B.A., Crown College, Minnesota; M.A., Indiana University of Pennsylvania; Ph.D.,

Carnegie Mellon University.	
Wallach, Geraldine P. (2000)	Professor
Communicative Disorders B.A., Long Island University, Brooklyn, New York; M.A., New York University; Ph.D., Graduate School and University Center of the City University of New York.	
Wallis, Charles (2000)	Professor
Philosophy B.A., Metropolitan State College, Denver, Colorado; Ph.D., University of Minnesota.	
Wallsten, Kevin (2008)	Associate Professor
Political Science B.A., University of California, Irvine; M.A., Ph.D., University of California, Berkeley.	
Walter, C.J. (1993)	Professor
Information Systems B.A., M.S., Ph.D., University of Iowa.	
Wang, Derming (1983)	Professor
Mathematics and Statistics B.A., National Chung Hsing University, Taiwan; M.A., Ph.D., University of Georgia, Athens.	
Wang, Fei (2007)	Associate Professor
Electrical Engineering B.S., Peking University; M.S., Ph.D., University of Cincinnati.	
Wang, John Z. (1999)	Professor
School of Criminology, Criminal Justice, and Emergency Management B.A., Liaoning Teachers' University, China; M.A., Liaoning Provincial University, China; M.P.A., Northern Michigan University; Ph.D., Indiana University of Pennsylvania.	
Wang, Long (2013)	Assistant Professor
Family and Consumer Sciences B.Med., M.Med., Hebei Medical University, China; Ph.D., Purdue University.	
Wang, Oliver (2006)	Associate Professor
Sociology B.A., M.A., Ph.D., University of California, Berkeley.	
Wang, Rei-Tung (1985)	Professor
Electrical Engineering B.Ed., National Taiwan Normal University; M.Ed., University of Wisconsin-Stout/ National Taiwan Normal University; Ed.S., University of Wisconsin-Stout; Ph.D., University of Tennessee, Knoxville. Emeritus 2014.	
Wang, Yu-Ming (1999)	Professor
Information Systems B.S., National Taiwan University; M.B.A., National Chengchi University, Taiwan; Ph.D., New York University.	
Warren, Christopher (2006)	Associates Professor
Psychology B.A., University of South Florida; M.S., Ph.D., Tulane University.	
Washburn, Mark W. (2009)	Assistant Professor
Management and Human Resources Management B.A., University of California, Los Angeles; M.B.A., California State University, Long Beach; Ph.D., University of California, Irvine.	
Washington, Thomas Alex (2008)	Professor
School of Social Work B.A., LeMoyné-Owen College; M.A., University of Memphis; M.S.S.W., Ph.D., University of Tennessee.	
Waterfield, Brett L. (1992)	Director
Student Life and Development B.S., California State University, Long Beach.	
Watson, Saleem H. (1986)	Professor
Mathematics and Statistics B.S., Andrews University; M.S., Ph.D., McMaster University, Canada.	
Webb, Charles H. (1987)	Professor
English B.A., Rice University; M.A., University of Washington, Seattle; M.F.A., Ph.D., University of Southern California.	
Wechsler, Suzanne P. (2000)	Associate Professor
Geography B.A., Tufts University; M.S., State University of New York at Syracuse; Ph.D., State University of New York.	
Weers, Paul M. M. (2003)	Professor
Chemistry and Biochemistry M.S., Ph.D., Utrecht University, Netherlands.	
Wegener, Frederick (1998)	Professor
English B.A., Columbia University; M.A., Ph.D., Harvard University.	
Whitcraft, Christine (2007)	Associate Professor
Biological Sciences B.A., M.A., Williams College, Williamstown, Massachusetts; Ph.D., University of California, San Diego.	
White, Barbara (1990)	Director
Center for Successful Aging	Associate Professor
School of Nursing B.S.N., Loyola University, Chicago; M.S., California State University, Long Beach.	
Whitehead, Jason (2007)	Associate Professor
Political Science B.A., California State University, Long Beach; M.A., Ph.D., University of Southern California; J.D., Willamette University.	
Whitlow, Michael L. (2002)	Professor
School of Art B.S., MS, University of Illinois, Urbana-Champaign.	
Whitney David J. (1995)	Professor
Psychology B.S., Union College; M.A., Ph.D., Michigan State University.	
Wieland, Nellie (2007)	Associate Professor
Philosophy B.A., California State University, Humboldt; M.A., Ph.D., University of California, San Diego.	
Wiley, Mark L. (1994)	Associate Vice President Academic Affairs
Faculty Affairs	Professor
English B.A., M.A., California State University, Long Beach; Ph.D., University of Southern California.	
Wilford, Francis Hugh (2006)	Professor
History B.A., Bristol University, United Kingdom; Ph.D., Exeter University, United Kingdom.	
Williams, Emry W. (1996)	Professor
Kinesiology B.A., Cardiff Institute of Higher Education, Wales, UK; M.A., California State University, Long Beach; Ph.D., Ohio State University.	
Williams, Mark T. (1999)	Associate Professor
English B.S., Utah State University; M.A., University of Texas at El Paso; Ph.D., University of Arizona.	
Wilson, Aaron (2006)	Assistant Professor
Africana Studies B.A., M.A., Rhode Island School of Design; Ph.D., Temple University.	
Wilson, Jake B. (2008)	Associate Professor
Sociology B.S., University of California, Berkeley; M.A., Ph.D., University of California, Riverside.	
Wilson, Raymond R. Jr. (1999)	Professor
Biological Sciences B.A., Ph.D., University of California, San Diego.	
Wilson, Robert Scott (2003)	Associate Professor
Anthropology B.A., University of North Carolina, Charlotte; M.A., Ph.D., Stanford University.	
Wilson, Steve R. (2004)	Associate Professor
School of Social Work B.A., M.S.W., California State University, Long Beach; Ph.D., University of Southern California.	
Witkowski, Terrence H. (1982)	Professor
Marketing B.A., Northwestern University, Illinois; M.S., University of California, Los Angeles; Ph.D., University of California, Berkeley.	
Woelfel, Wesley (2009)	Assistant Professor
Design B.S., M.A., California State University, Long Beach.	
Woodward, Kerry C. (2009)	Assistant Professor
Sociology B.A., Smith College; M.A., New School for Social Research, New York; Ph.D., University of California, Berkeley.	
Wray, Howard E. (1998)	Executive Director
Educational Equity Services B.S., M.A., Indiana University of Pennsylvania; J.D., Georgetown University.	
Wright, Cory D. (2008)	Associate Professor
Philosophy B.A., Wabash College; M.A., University of Mississippi; Ph.D., University of California, San Diego.	
Wright, Teresa A. (1996)	Professor
Political Science B.A., Santa Clara University; M.A., Ph.D., University of California, Berkeley.	
Wright, Wayne (2005)	Professor
Philosophy B.A., Hofstra University; M.A., University of Florida; Ph.D., Temple University.	
Wrynn, Alison M. (2000)	Professor
Kinesiology B.S., Springfield College, Springfield, Massachusetts; M.A., California State University, Long Beach; Ph.D., University of California, Berkeley.	

- Wu, Wilbur F.W. (2009)** **Assistant Professor**
Kinesiology
B.S., University of California, Los Angeles; Ph.D., Louisiana State University.
- Wu, Xiaolong (2007)** **Associate Professor**
Computer Engineering and Computer Science
B.S., Nanjing University of Aeronautics & Astronautics; M.S., Ph.D., University of Nevada, Las Vegas.
- Xandre, Pamela E. (2012)** **Assistant Professor**
School of Nursing
B.S.N., University of Chile, Santiago; M.S.N., California State University, Long Beach;
Ph.D., University of San Diego.
- Xu, Shelley Hong (2002)** **Professor**
Teacher Education
B.A., East China Normal University; M.Ed., Ph.D., University of Nevada, Las Vegas.
- Xu, Wen-Qing (2002)** **Professor**
Mathematics and Statistics
B.S., University of Science and Technology of China; M.S., Institute of Mathematics, Chinese Academy of Sciences; Ph.D., Courant Institute, New York University.
- Yamada, Teri A. (1995)** **Professor**
Comparative World Literature and Classics
B.A., University of California, Santa Barbara; M.A., Ph.D., University of California, Berkeley.
- Yamarik, Steve (2005)** **Professor**
Economics
B.A., Ph.D., University of North Carolina.
- Yamashiro, Guy M. (2001)** **Professor**
Economics
B.A., Washington University; Ph.D., University of California, San Diego.
- Yan, Jun (2001)** **Associate Professor**
Management and Human Resources Management
B.S., East China Institute of Technology; B.S., Nanjing University of Science and Technology; Ph.D., Texas Tech University.
- Yavari, Parviz (1994)** **Professor**
Mechanical and Aerospace Engineering
B.S., Shiraz University; M.S., Ph.D., University of Southern California.
- Yeh, Hen-Geul (1983)** **Professor**
Electrical Engineering
B.S., Cheng Kung University, Taiwan; M.S., Ph.D., University of California, Irvine.
- Yeh, Jung-Mao (2003)** **Associate Professor**
Family and Consumer Sciences
B.S., Oklahoma City University; M.S., San Diego State University; Ph.D., Oklahoma State University.
- Yoozbashizadeh, Mahdi (2013)** **Assistant Professor**
Mechanical and Aerospace Engineering
B.S., Sharif University of Technology, Iran; M.S., Ph.D., University of Southern California.
- Young, Douglas E. (1988)** **Professor**
Kinesiology
B.A., M.S., Ph.D., University of California, Los Angeles.
- Young, Jennifer T. (2013)** **Psychologist**
Counseling and Psychological Services
B.A., University of California, Irvine; Psy.D., California School of Professional Psychology at Alliant International University.
- Young, Kelly A. (2003)** **Professor**
Biological Sciences
B.S., California Polytechnic State University, San Luis Obispo; M.A., Johns Hopkins University; Ph.D., Johns Hopkins School of Public Health.
- Young, Stacy L. (2000)** **Professor**
Communication Studies
B.A., University of Southern California; M.A., San Diego State University; Ph.D, University of Texas at Austin.
- Young Owl, Marcus (1989)** **Professor**
Anthropology
B.A., California State University, Long Beach; M.A., Ph.D., University of California, Los Angeles.
- Yu, Ted H. (2013)** **Assistant Professor**
Chemical Engineering
B.S., University of California, Los Angeles and California State University, Long Beach;
M.S., University of California, Berkeley; Ph.D., California Institute of Technology.
- Yu, Xiaou (2014)** **Assistant Professor**
Accountancy
B.S., Qingdao University, China; M.S., Ph.D., University of Houston, University Park.
- Yur-Austin, Jasmine T. (1995)** **Professor**
Finance
B.A., National Taiwan University; M.B.A., University of Missouri; Ph.D., University of California, Irvine.
- Zanutto, Daniel R. (2000)** **Professor**
Music - Bob Cole Conservatory of Music
B.A., M.A., California State University, Fresno; Ed.D., University of California, Davis and California State University, Fresno.
- Zavala, Arturo (2007)** **Associate Professor**
Psychology
B.A., M.A., California State University, San Bernardino; Ph.D., Arizona State University.
- Zentgraf, Kristine M. (1998)** **Professor**
Sociology
B.A., California State University, Long Beach; M.A., Ph.D., University of California, Los Angeles.
- Zepeda, Rafael J. (1987)** **Professor**
English
B.A., California State University, Long Beach; M.F.A., University of Oregon, Eugene.
- Zhang, Mason X. (2000)** **Professor**
Biological Sciences
B.S., Zhejiang Agricultural University, China; M.S., University of Minnesota, Twin Cities; Ph.D., University of Wisconsin, Madison.
- Zhang, Sanjian (2014)** **Associate Professor**
Accountancy
B.S., Shanghai International Studies University, China; M.B.A., Catholic University of Leuven, Belgium; Ph.D., University of California, Irvine.
- Zhou, Tianni (2011)** **Assistant Professor**
Mathematics and Statistics
B.S., M.S., Ph.D., University of California, Davis.
- Ziemer, William K. (1989)** **Professor**
Mathematics and Statistics
B.S., Purdue; M.S., Ph.D., Carnegie Mellon.
- Zitzer-Comfort, Carol R. (2005)** **Associate Professor**
English/Liberal Studies
B.A., California State University, Fullerton; M.A., California State Polytechnic University, Pomona; Ph.D., Claremont Graduate University.
- Zwiep, Susan (2006)** **Associate Professor**
Science Education
B.A., University of California, Berkeley; M.A., Whittier College; Ph.D., University of Southern California.

 - Environmental Science and Policy ... 422
 - Family and Consumer Sciences ... 261, 315, 426, 434, 451, 689
 - Option in Child Development and Family Studies ... 261
 - Option in Family Life Education ... 263
 - Option in Fashion Design
 - (120 units)
 - Take all of the following courses:
 - CAFF 321 Family and Consumer Resource Management (3)
 - Prerequisites: GE Foundation requirements, one or more Exploration courses, and upper division standing.
 - CHEM 100 Chemist ... 435
 - Option in Fashion Merchandising ... 434
 - Film and Electronic Arts ... 440
 - Option in Narrative Production ... 441
 - Option in Theory and Practice of Cinema ... 440–441
 - French ... 454
 - Geography ... 460
 - German ... 480
 - History ... 510–511
 - Human Development ... 529
 - International Studies ... 537–538
 - Italian Studies ... 541
 - Japanese ... 546
 - Journalism ... 552
 - Kinesiology ... 557
 - Option in Adapted Physical Education Teacher Education ... 557
 - Option in K-12 Physical Education Teacher Education ... 558
 - Liberal Arts ... 583
 - Liberal Studies ... 586–588
 - Linguistics ... 593
 - Option in Teaching English to Speakers of Other Languages ... 595
 - Modern Jewish Studies ... 551
 - Music ... 643
 - Philosophy ... 697
 - Physics ... 714
 - Political Science ... 722
 - Psychology ... 730
 - Recreation ... 748
 - Religious Studies ... 756
 - Social Work ... 787–788
 - Sociology ... 800
 - Spanish ... 807
 - Theatre Arts ... 841
 - Option in Performance: Acting ... 842
 - Option in Technical Theatre: Scenery/Costume/Lighting Design ... 842
 - Women's, Gender and Sexuality Studies ... 859
 - Bachelor of Fine Arts
 - Art ... 138–139
 - Option in 3-D Media ... 143
 - Option in Art Photography ... 139
 - Option in Ceramics ... 139–140
 - Option in Drawing and Painting ... 139
 - Option in Illustration ... 141
 - Option in Printmaking ... 143
 - Option in Sculpture ... 143
 - Dance ... 333
 - Design ... 343–344
 - Bachelor of Music ... 644
 - Option in Choral-Vocal Music ... 645
 - Option in Composition ... 647
 - Option in History and Literature ... 648
 - Option in Instrumental Music ... 645

Option in Performance ... 646
Options in Performance, Composition and History and Literature ... 646
Bachelor of Science
Aerospace Engineering ... 627
Athletic Training ... 563
Biochemistry ... 245
Biology ... 190
Option in Biology Education ... 192
Business Administration ... 91, 448, 532, 535, 600, 604
Option in Accountancy ... 91
Option in Finance ... 449–450
Option in Human Resources Management ... 601
Option in International Business ... 536
