

Annual Report 2000-2001

Current Research & Evaluation Activities

The Center for Behavioral Research and Services continued work on recent projects funded in prior years. Activities included the completion of the National Institute on Drug Abuse-funded projects entitled "HIV Reduction for Drug-Using MSMs," scheduled to end May, 2001; and "Theory-Based HIV Sexual Risk Reduction for Drug Users," scheduled to end August 2001. "Interventions to Reduce HBV, BCV and HIV Among IDUs" continues for another year; the evaluation for the National Library of Medicine Project entitled "Telemedicine Testbed Project" is scheduled to end October 2001, and the University wide AIDS Research Program (UARP) Center pilot projects will be ongoing for at least another year.

Current Service Activities

HIV / AIDS Mobile Testing

CBRS operates a mobile unit that brings HIV testing and counseling services to drug users both in and out of treatment. This mobile program has been operating and receiving funding from L.A. County since 1993. It routinely provides services to drug treatment programs within the south bay areas of Los Angeles County and neighborhoods with a high prevalence of drug abuse. A study using data from this program is currently "in press" at the *Journal of Acquired Immune Deficiency Syndromes* that looks at HIV serostatus as a function of drug treatment setting (Klahn, Fisher & Wood). This program received funding for an additional year from the County of Los Angeles, and also received funding for a Hepatitis C demonstration project.

Food Bank and Counseling Program

CBRS maintains a Food Bank on the premises for indigent drug-using individuals who also participate in HIV / AIDS prevention activities. Health educators conduct personalized risk reduction counseling and group counseling services, and clients are given referrals to medical and social services. The program is funded through June 2003.

Ready for Action

Los Angeles County funded this HIV prevention program from 1995 to 2003. The program targets gay and bisexual men in Long Beach and consists of community outreach, education and weekly support groups. The program name, Ready for Action, was based on the preparation stage of the Trans-Theoretical Model (TTM) of behavior change. This program is funded through June 2003.

Listo para Acción

Listo para Acción, also funded by Los Angeles County, has been in operation at CBRS since 1997. The Listo program includes community outreach as a means of recruitment and conducts structured workshops. Workshops are based on Trans-Theoretical Model principles and are both culturally competent and linguistically appropriate. This project is funded through 2003.

Proyecto S.O.L.A.A.R.

As part of California's high-risk initiative, CBRS was funded in 2000 by a sub-contract through the Long Beach Department of Health and Human Services to conduct this HIV prevention program for Spanish-speaking Latino gay and bisexual men. The S.O.L.A.A.R. (Superación Orgullo y Lucha A través de Amor en Relaciones) program also is based on the Trans-Theoretical Model. It is funded through June 2003.

Accomplishments

- During the year, Center staff prepared and submitted nearly a dozen abstracts for presentation at the annual meeting of the **American Public Health Association**, to be held in Atlanta in October 2001. Nine abstracts were accepted for poster presentations and one was accepted for oral presentation.
- Staff presented six posters at the 2000 annual meeting of the American Public Health Association in Boston. In February 2001, **Center staff participated in the 3rd annual CHIPTS UCLA Next Generation Conference**, with five staff making oral presentations, and one staff member making a poster presentation.
- Center staff will be making oral presentations at the Health Services Disparities and Addictions Conference to be held in Houston in October 2001. Currently, four publications are under review at peer-reviewed journals and another five publications have either been published or are "in press."
- **Center staff in professional training presentations trained over 200 individuals around the state.** Center staffs were also involved in many professional training opportunities to increase their own expertise in areas that pertain to their jobs.
- Nine staff members attended the SAS Users Group International annual meeting, held for the first time in Long Beach. **Ten staff members** attended training on Viking Data Entry software, held on the CSULB campus. Staff also received training on a variety of other topics, including SAS Version 8 and SAS Macro Language; DataFlux™ software, and network security.

Faculty and Student Involvement

Dr. Philip S. Chong, Ph.D.

Professor and Department Chair
Management / Human Resource Management
College of Business Administration
California State University, Long Beach

Dr. Vincent J. Del Casino Jr., Ph.D.

Assistant Professor
Department of Geography and Liberal Studies Program

College of Liberal Arts / College of Education
California State University, Long Beach

Dr. Joellen Hartley, Ph.D.

Professor
Psychology
College of Liberal Arts
California State University, Long Beach

Dr. Scott Hershberger, Ph.D.

Associate Professor
Psychology
College of Liberal Arts
California State University, Long Beach

Dr. Jack W. Hou, Ph.D.

Professor
Economics
College of Liberal Arts
California State University, Long Beach

Dr. Alexander Rainof, Ph.D.

Professor
Romance / German / Russian Languages & Literature
College of Liberal Arts
California State University, Long Beach

Student Collaboration

During the past year, CBRS provided employment or internship experiences for a number of students.

Michele Wood Doctoral Student, School of Public Health
University of California, Los Angeles

Grace Reynolds Doctoral Student, School of Policy, Planning & Development
University of Southern California

Patricia Jones Doctoral Student, School of Public Health
Loma Linda University

Amanda Botticello Graduate Student, School of Public Health
University of California, Los Angeles

Jennifer Klahn Graduate Student, Psychology Department
California State University, Long Beach

Jamie Sweningson Graduate Student, School of Public Health
University of California, Los Angeles

- Sonja Johnson** Graduate Student, School of Public Health
University of California, Los Angeles
- Stacie Bauerle** Graduate Student, Psychology Department
California State University, Long Beach
- Juan Muñiz** Undergraduate Student, Department of Health Sciences
California State University, Long Beach
- Biren Shukla** Undergraduate Student, Computer Sciences
California State University, Long Beach
- Tiffany Creighton** Undergraduate Student, Social Work
California State University, Long Beach
- Edwin Flores** Undergraduate Student, Psychology
California State University, Long Beach
- Danny Galindo** Undergraduate Student, Nursing
California State University, Long Beach
- Alfredo Reyes** Undergraduate Student, Nursing
California State University, Long Beach
- Gregorio Narvas III** Undergraduate Student, Graphic Design
California State University, Long Beach

Research Accomplishments

Center staff has been actively involved in the production of manuscripts and poster presentations.

Dr. Dennis G. Fisher, Ph.D.

Center Director

Fisher, D. G., Harbke, C. R., Cagle, H. H., & Fenaughty, K. E. (2001). Syringe type preference among injection drug users. *Journal of Acquired Immune Deficiency Syndromes*, 26 (5), 515-516.

Grace L. Reynolds, M.P.A.

Associate Director

Reynolds, G. L., Fisher, D. G., & Harbke, C. R. (2001) Selection effect of needle exchange in Alaska. *Journal of Urban Health: Bulletin of the New York Academy of Medicine*.

Michele Wood, M.S.

Associate Director

Wood, M. M. (2001). [Review of the book *Tailoring Health Messages: Customizing Communication with Computer Technology* by M. Kreuter, D. Farrell, L. Olevitch, & L. Brennan]. *Health Education and Behavior*, 28, 249-251.

Eduardo Archuleta

Program Manager

Archuleta, E. R., Rodriguez, J. C., Reynolds, G. L., Buitrón, M., & Reyes, A. (2001, April). Using stages of change in HIV risk reduction for Latino MSM. *3rd Annual CHIPTS UCLA Next Generation Conference*, Los Angeles, CA.

Michael A. Janson, B.A.

Program Manager

Janson, M. A., Klahn, J. A., Buitrón, M., Wood, J. L., & Fisher, D. G. (2001, April). HIV Risk perception related to HAART among MSM. *3rd Annual CHIPTS UCLA Next Generation Conference*, Los Angeles, CA

Michael Buitrón, B.F.A.

Intervention Specialist

Buitrón, M., Janson, M. A., Archuleta, E. R., Klahn, J. A., & Fisher, D. G. (2001, April). Age and HIV risk among MSM in Long Beach, CA. *3rd Annual CHIPTS UCLA Next Generation Conference*, Los Angeles, CA.

Julio C. Rodríguez

Intervention Specialist

Fisher, D. G., Rainof, A., Rodríguez, J., & Muñoz, J. F. (in press) Translation problems of the Readiness to Change Questionnaire, *Alcohol and Alcoholism*.

Jennifer A. Klahn, B.A.

Research Technician
