

Job Announcement

I am looking for a tax return preparation person. I am looking for someone that can review tax returns that have been inputted into tax software by staff as well as input tax returns directly.

I have a large tax return preparation and planning practice that is located in Los Alamitos. I am the only CPA and I have three staff members.

Compensation can be in the \$20-30 an hour range, based on experience.

I plan on this being a full time year round position with some overtime during tax season.
