

ESSAY QUESTIONS – Fully Employed (FEMBA) MBA Program

Using two or three paragraphs each, please answer the following five essay questions in your own words. If you do not presently work for a particular firm, use incidents from your past to address the questions.

1. Describe a leadership issue you faced while working in a team situation at work. Was the issue resolved? If so, describe how it was resolved and the outcomes from the resolution. If the issue was not resolved, why not? What were the outcomes from the issue not being resolved?
2. Describe a recent, contentious issue in your local community or workplace and explain how ethical leadership and organizational social responsibility could have helped or did help address the issue.
3. Discuss a business problem or opportunity within your company where integrating skills and knowledge across several departments and/or functions in the organization was necessary.
4. Explain a situation at work where quantitative and/or technological tools were used to support decision making. Were the tools used effectively? Why or why not?
5. Discuss two or three ways that the global business environment impact businesses in your home region?
