

I am looking for an intern to help grow my flower business by doing some marketing and PR a few times a week. This entails creating fliers, data entry, contacting potential customers and more. This is a great learning experience and a great resume builder. The internship will be 16 week and about 15 hours a week.

Please contact Courtney Day at [courtneynday@gmail.com](mailto:courtneynday@gmail.com) for more information or submitting your resume.

Thanks,  
Gabriela
