34 ¹ Students admitted to pursue an additional baccalaureate come in as classified post-baccalaureates and are not
35 given undergraduate status anymore.36 ² This requirement is stated more fully to bring it in line with what is currently in the catalog and what is required for
37 a first baccalaureate and also to make it clearer that the student must take the courses as a matriculated
38 student after admission to the degree program.39 ³ The GE requirement is changed to match the current catalog and allow students to satisfy GE other than by
40 formal course equivalency.41 ⁴ Although the GEAR was not in place in 1971, it is now (EO 665).42 ⁵ This requirement is restated more completely and correctly.43 ⁶ These, apparently new requirements were not in place in 1971 but are now required. The first three GPAs are
44 from Title 5, 40402; the fourth is from PS 94-01, Undergraduate Grade Point Average Requirements.
