

# GENIUS/SMARTS

Been looking for that perfect funding opportunity???

## Having a hard time finding it??

The **Office of University Research (OUR)** has a solution for you! Through annual subscription service, CSULB makes available to members of the campus community **GENIUS/SMARTS** registration and personalized funding opportunity email notifications. *Genius* is an individual profile and keyword database that is used by the **SMARTS** search engine every 24 hours to query the *Sponsored Programs Information Network (SPIN)* database and deliver matches to your virtual doorstep via email.

Interested in this special delivery service?

To set up your profile and begin receiving customized funding notices on a daily basis, access this website from any computer connected to the campus server:

<http://www.infoed.org/geniussearch/genius.asp>

At this point you will click on **Create a New Profile**.

From there, follow the prompts, making sure to visit each of these sections:

<a href="#">General</a>	<a href="#">Keywords</a>
<b>Used in SMARTS matching</b>	
<a href="#">Applicant Types</a>	<a href="#">Award Types</a>
<a href="#">Geographical Restrictions</a>	<a href="#">Sponsor Types</a>
<a href="#">Locations Tenable</a>	<a href="#">Position</a>

Once you have created your Genius profile in General and Keywords, your request for validation as a user will be forwarded to the campus administrators.

Contact Carolyn Dersch or Kathy Smalley in the Office of University Research at (562) 985-5314, if you have additional questions or difficulty in completing the registration process.
