

a CSULB campus response toward eliminating sexual, domestic, relationship, and stalking violence

What Is Project Safe?

Project Safe is a campus response toward eliminating relationship, sexual, domestic and stalking violence for the CSULB community! It happens by ...

- ‡ **telling people about the different kinds of violence and how they affect students and their friends and families - raising awareness of the issues**
- ‡ **supporting students in exploring their own experiences, and feeling safe about doing so**
- ‡ **maintaining an information 'bank' and making materials available, including online links to both resources and information**
- ‡ **fostering an attitude of zero tolerance *and* zero indifference toward all forms of violence on campus and in the community**
- ‡ **presenting educational programs to classes, organizations and departments on campus.**

**For additional information or to participate:
562.985.8575**

It is a collaborative project of the CSULB Women's Resource Center (WRC), the Long Beach Sexual Assault Crisis Agency (SACA), and Interval House Domestic Violence Shelter, with on-campus support from Counseling and Psychological Services, Health Resource Center, and University Police. The project is funded through a grant from the Department of Justice Violence Against Women Office.
