The Campus Connection is a courtesy shuttle service that circulates the campus and the surrounding neighborhood on a fixed route. The Campus Connection program is funded by parking citation revenues. The shuttles operate during the Fall and Spring semesters and run from 7:00am to 11:00pm Monday through Thursday, and 7:00am to 5:00pm, on Friday.

ROUTES AND SHUTTLE STOPS

The Campus Connection has four routes: an East campus route; a off-campus West route; a Tripper route that makes a continuous loop around the campus; and a Reverse Tripper route. You may take any of these shuttles to get to your campus destination. Shuttle stops are located throughout the campus and identified by a "Campus Connection" shuttle stop sign. For details about the shuttle routes and the stops, please visit or call the Parking Office at ext. 5-4146.

OFF-CAMPUS RIDERS

If you live within the off-campus shuttle's fixed route, you may qualify to ride the shuttle to and from campus by registering for the program in the Parking Office. For more information regarding this program, please call the Parking Office at ext. 5-4146.
