Announcements

Brown notes that a change was made to the draft WAC policy. The required word count for WI courses was changed from 7,000 words to 6,000 words.

GWAR Coordinator's report

Baker provides an update on students that recently took the GPE. Students have received scores. Testing is receiving many phone calls and emails from concerned students about scores and additional required classes. Brown asks if the influx of student communication is unusual. Baker assures that this is normal after scores are released.

The in person GPE exam on April 15th was rescheduled to April 29th for a campus event.

Brown notes that many students registered and did not take it. About 200 students registered for the exam and did not show up. Brown shares concerns over miscommunication or confusion about the GWAR requirements among students and advisors.

Brown encourages the committee to review the early minutes from this committee. Brown notes that past minutes from 2010 and 2011 are particularly interesting because they discuss the formation of the GPE.

Brown notes the detailed dedication and support for changing the GVAR policy to include a placement exam. Therefore, the GPE was meticulously researched.
