

Dr. Tracy Bradley Maples
Interim Dean, CSULB College of Engineering
Commencement Remarks 2020

Congratulations, Graduates!

As Administrator-in-Charge of the College of Engineering, I would like to congratulate you as the newest alumni of California State University, Long Beach.

I wish I could greet each of you in person and shake your hand—but that will have to wait until it is safe for us to do so...

For now, I want you to know that we are proud of your accomplishments. You persisted... You worked hard... And you have reached your goal of earning a Bachelor of Science Degree in Engineering or Computer Science.

You now represent CSULB in everything that you accomplish.

And never has the need for your skills, your creativity, and your problem solving been so great.

I hope you will use your education to open minds, to transform economies, and to expand civil society.

We are very proud of you and we will continue to be among your biggest fans!

GO BEACH!
