Transfer and Complete Your B.S. in Mechanical or Electrical Engineering in 2.5 Years, Guaranteed!

CSULB's College of Engineering offers bachelor degree completion programs for transfer students who want to complete their degree in Electrical or Mechanical Engineering. Classes take place at the Lancaster University Center in the Antelope Valley. Students benefit from small class sizes, guaranteed class availability, unprecedented access to industry professionals, real-world engineering projects, and internships. The chart below compares the Antelope Valley program to the CSULB campus program, so you can easily see which program is right for you.
