

Auditions for student performers for the premiere of Contra-Tiempo's *joyUS justUS* at Carpenter Performing Arts Center, November 10th, 2018. *joyUS justUS* is an "evening length work that takes on joy as our most radical and revolutionary super power, to build a world of more equity, connection, and justice. The piece will involve several sections, including one that asks the audience to be fully involved."

Contra-Tiempo is looking to create a diverse cast of volunteers who are interested in performing for a small section of *joyUS justUS* as 'audience members' who decide to jump on stage. The movement sections will consist of partnering, group work, very slow sustained movement, and audience engagement.

Seeking 8-10 dance students with training in any of these forms: modern, martial arts, capoeira, and/or yoga.

Dance majors (and minors who have passed technique screening), especially those who have not yet been cast, are encouraged to audition for this concert. Students cast in the production will receive one performance unit.

*Students cast in Fusion or committed to crewing the Fusion concert in November are **not** eligible to audition.
