ENGINEERING WAIVER FOR 1981 THROUGH 1999 G.E. PATTERNS

(For students admitted to CSULB Fall 1984 and later)

Each degree offered in the College of Engineering (**except Computer Science and Engineering Technology: TEE**) may allow a waiver of six units from General Education categories D2, B1a, C3, or E. Students must waive D2; the remaining three units may be waived from the other categories. This waiver DOES NOT apply to the nine upper division G.E. units and the Global Issues requirement for the 1999 G.E. pattern.

FALL 2008 G.E. Pattern: A 3-unit waiver is automatically applied to students following this pattern. Refer to your degree progress report or contact your department advisor for more information.

Name: _____
(Please print) Last First Middle

Student ID number: _____

Major: _____

Filed for graduation: NO _____ YES _____

I waive the six G.E. units as follows:

1. 1981 and 1999 G.E. Pattern

Waive three units in D2 _____

1985 and 1993 G.E. Pattern

Waive three units in D2 or D2b _____

2. Waive three units (select one category):

B1a* _____

C3 _____

E _____

(Students entering as Freshmen Fall 2006 or later may not waive Category E.)

* Biomedical & Clinical Engineering, Chemical Engineering, and Civil Engineering majors are advised that a waiver in B1a **does not waive** the Life Sciences with laboratory course required in the Department. Please see the Department regarding lower division major requirements.
