

FIFTEENTH INTERNATIONAL CONFERENCE

IWAC 2020 WRITING ACROSS THE CURRICULUM

COLORADO STATE UNIVERSITY, JUNE 3-6, 2020

The Association for Writing Across the Curriculum, the conference directors, and the conference advisory board are pleased to announce the call for proposals for the 2020 International Writing Across the Curriculum Conference. The conference will be held June 3rd through 6th at Colorado State University in Fort Collins, Colorado.

This conference marks the 50th anniversary of the first WAC seminar, which was led by Barbara Walvoord at Central College in the 1969-1970 academic year. We look forward to marking this important anniversary with sessions that address the broad categories of celebrating successes, recognizing challenges, offering critique, and advancing innovation. We seek your help in creating a rich set of presentations, roundtables, workshops, and teaching demonstrations and hope that you will consider spending time with us in the foothills of the beautiful (especially in June) Rocky Mountains.

You can learn more about the conference at <https://iwac.colostate.edu>. You can submit proposals at <https://proposals.colostate.edu>. The deadline for proposals is Monday evening, October 14th, 2019.

We seek proposals in the following general areas. You can view the full call for proposals on the conference and proposal websites.

- The history of WAC
- The role of WAC as an educational movement
- WAC pedagogy and practices
- WAC program design and leadership
- The impact of larger educational contexts and trends on WAC pedagogy and practices
- WAC as an international and transnational movement
- The role of WAC in addressing social justice
- The impact of WAC in diverse social and linguistic contexts
- WAC and institutional and interdisciplinary dynamics
- The impact of the polis on WAC

We welcome submissions for several types of sessions and individual presentations.

- Interactive workshops
- Panels (typically, three or four speakers)
- Roundtables (typically, more than three or four speakers)
- Individual presentations (which will be combined with other proposals to form a panel)
- Teaching demonstrations
- Poster presentations (both print and digital)
