

Homework Section 11.4

- I. Read from Section 10.5 from the beginning of the section through to the end of the paragraph on page 586 in which the words eigenvalue and eigenvector are defined. Read Example 2 page 592. Do problem #20 page 594. Clearly explain the steps you complete to solve the problem.
- II. Solve problem #2 page 637, following steps 1-6 in the blue box on pages 636 and 637.
- III. Solve problem #8 page 637, again following steps 1-6 in the blue box on pages 636 and 637.
