

**SOC 320 - MARLOWE**  
**Alternative Assignment for Tuesday (07/29)**

After the earthquake and shortly before 1:15 p.m. today, it sounded like it was going to take several hours for Security to check and clear the buildings. That's why our Soc 320 class was canceled today, and the note about an "alternative assignment" posted on our classroom door.

Here are the changes in the class assignments:

**1. To be completed for Thursday (07/31)**

Discussion Exercise #7 (Chapter 6)

Discussion Exercise #8 (Chapter 7)

Discussion Exercise #10 (Chapter 8)

We will use the same rule for doing the exercises that I discussed last week. Spend at least one hour on each exercise after you have read the chapter on which the exercise is based. The exercises will not be considered make-ups, and they do not have to be typed.

**2. What we will be doing in class on Thursday (07/31)**

Go over the results of Exam #1

Review for Exam #2

Discussion Exercise #9 (Video Paper)

I still want to give you an opportunity to revise your Video Paper after you get feedback from your discussion group, so the final deadline for submitting your paper will be next Tuesday (08/05). Still, you need to have a very "complete" draft for the discussion exercise this Thursday.

The sample objective questions and the essay review questions for Exam #2 are already posted on our class web site.

See you Thursday...

Hicks

P.S. I hope the earthquake didn't create any damage at home for you.
