

APPLIED TO PH.D. PROGRAMS FOR FALL?

If so, we would like to know where you applied and what the outcome was. I ask this not only because I am interested in you, but also because it will help in guiding future students.

It is not necessary to include information about schools which did not accept you.

Information about acceptances will be kept confidential unless you authorize me to publicize it to the Department. I very much wish to do so, so that other people may be happy for you, too. Please indicate below:

Yes, you may publicize my acceptances. _____

No, I'd prefer you did not publicize my acceptances. _____

Thanks for your trust, cooperation, and help. And best of luck!
