

Goes Live for CNSM On 10/17/11

***Starting 10/17/11,
use your nine-digit Employee ID
to log into your campus PC / Windows Computer.***

On 10/17/11, complete the following steps:

1. Log into your campus computer.

--Log into your campus Mac computer as usual.

--Log into your campus PC/Windows computer as follows:

User ID: Your nine-digit Employee ID

Password: Existing password for your campus computer*

**After you activate your BeachID,
enter your BeachID password.*

NOTE: If you use a Windows 7 campus computer,
be sure to select **Switch User > Other User** during your log in process.

2. If you haven't done so, activate your account at <https://beachid.csulb.edu>.

Use your BeachID password for your campus PC/Windows computer, BeachBoard, MyCSULB, CFS, campus parking system, all other LDAP-authenticated services, and to access your new email account on the internet using the Outlook Web App (OWA).

3. Access your email.

- With your new email address and BeachID password, use OWA from any internet browser at <https://mail.csulb.edu>.
