

THE EDGE SUMMER PROGRAM

University of Tennessee, Knoxville
June 2- June 29, 2024

A program for women
and gender
nonconforming
individuals entering
PhD programs in the
mathematical
sciences

Develop skills for
success in school
and beyond

Build a personal
and professional
network

The EDGE Summer Program

- 4 core workshops in algebra, analysis, and other topics.
- Daily collaborative problem sessions with advanced graduate student mentors.
- Regular office hours and highly personalized feedback from facilitators.
- Weekly colloquium on a variety of research topics.
- Special discussions on equity and identity in mathematics, teaching practices, and other professional development skills.

Applications will be available December 2023. Visit www.edgeforwomen.org/summer-session/ for more information. Email questions to edgestaff@edgeforwomen.org.
