

14TH ANNUAL WIMSOCAL 2024

*Symposium for Women
and Gender Minorities
in Mathematics in
Southern California*

SATURDAY
FEBRUARY 24, 2024

WIMSoCal 2018: Pepperdine University

LOCATION

**Estella Laboratory at
Pomona College:**
610 N College Ave,
Claremont, CA 91711

- For a map of the Pomona Campus, click:
<https://www.pomona.edu/map/>
- Parking on College Avenue is free.

AT THE CONFERENCE...

- Learn about the research of women and gender-nonconforming mathematicians in Southern California.
- Present your work in a supportive environment.
- Network with other Southern California mathematicians (students, faculty, and industry professionals!)
- Explore issues surrounding being a woman and gender minority in mathematics

ABOUT THE SYMPOSIUM

Our aim is to create a network of mathematicians in the Southern California area in order to nurture collaborations and provide a framework for mentoring. These relationships can facilitate mathematicians branching into new areas of mathematics, exploring the variety of ways of contributing mathematically to society and the profession, and maintaining a healthy, balanced life.

The symposium will provide an opportunity for women and gender-nonconforming individuals in mathematics in the Southern California area to get to know each other on a personal as well as professional level.

KEYNOTE SPEAKER Dr. Talithia Williams

Associate Professor of Mathematics
Mathematics Clinic Director
Harvey Mudd College
