THE CALIFORNIA STATE UNIVERSITY

The individual California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972, the system became the California State University and Colleges, and in 1982 the system became the California State University. Today the campuses of the CSU include comprehensive and polytechnic universities and, since July 1995, the California Maritime Academy, a specialized campus.

The oldest campus—San José State University—was founded in 1857 and became the first institution of public higher education in California. The newest—CSU Channel Islands—opened in fall 2002, with freshmen arriving in fall 2003.

Responsibility for the California State University is vested in the Board of Trustees, whose members are appointed by the Governor. The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers of the respective campuses.

The Trustees, the Chancellor, and the Presidents develop systemwide policy, with implementation at the campus level taking place through broadly based consultative procedures. The Academic Senate of the California State University, made up of elected representatives of the faculty from each campus, recommends academic policy to the Board of Trustees through the Chancellor.

Academic excellence has been achieved by the California State University through a distinguished faculty whose primary responsibility is superior teaching. While each campus in the system has its own unique geographic and curricular character, all campuses, as multipurpose institutions, offer undergraduate and graduate instruction for professional and occupational goals as well as broad liberal education. All campuses require for graduation a basic program of “General Education Requirements” regardless of the type of bachelor’s degree or major field selected by the student.

The CSU offers more than 1,800 bachelor’s and master’s degree programs in some 357 subject areas. Many of these programs are offered so that students can complete all upper division and graduate requirements by part-time, late afternoon, and evening study. In addition, a variety of teaching and school service credential programs are available. A limited number of doctoral degrees are offered jointly with the University of California and with private institutions in California. In 2005, the CSU was authorized to independently offer educational doctorate (Ed.D.) programs, and a total of 10 CSU campuses currently have Ed.D. programs.

Enrollment in fall 2008 totaled 450,000 students, who were taught by some 24,000 faculty. The system awards about half of the bachelor’s degrees and a third of the master’s degrees granted in California. Nearly 2.5 million students have graduated from CSU campuses since 1961.

Office of the Chancellor

Chancellor – CSU System.....Dr. Charles B. Reed
 Executive Vice Chancellor and
 Chief Academic Officer.....Dr. Jeri Echeverria
 Executive Vice Chancellor and

Welcome to the Beach

CSULB is characterized by exceptional academic programs, dedicated faculty, outstanding support services, and a diverse student body...

Welcome to California State University, Long Beach, one of the nation's most vibrant and successful public universities.

CSULB is characterized by exceptional academic programs, dedicated faculty, outstanding support services, and a diverse student body that includes more than 250 California high school valedictorians and National Merit scholars. Here you will find an exciting, rigorous learning environment that promotes global engagement and prepares you for the challenges and opportunities of tomorrow. We offer study abroad options in over 30 countries, a variety of community service learning programs, more than 300 student organizations, 30 intramural sports, and 18 NCAA Division 1 athletic teams. I encourage you to take advantage of all that CSULB has to offer.

Take pride in knowing you are attending a university that is nationally recognized as one of the top public comprehensive universities in the United States, one of the top 10 universities for awarding bachelor's degrees to minority students, and seventh nationally in having the lowest percentage of students graduating in debt.

I hope you will enjoy being part of this dynamic community that is "among the nation's best."

Go BEACH!

F. King Alexander
President

Among the Nation's Best

Los Angeles-Orange County State College opened its doors on September 28, 1949, to an entering group of 169 juniors and seniors. The schedule of classes listed 25 courses taught by 13 faculty members in support of five undergraduate majors. The campus consisted of two converted apartment buildings at 5381 and 5401 Anaheim Road in Long Beach. Within two years the City of Long Beach purchased a permanent site for the fledgling institution and donated it to the state, construction began on the first permanent buildings, and the renamed Long Beach State College moved to its present location. Two decades later the rapidly growing institution had earned designation as a university and became the largest single campus in the California State University system. Today California State University, Long Beach is nationally recognized as a leading public comprehensive university.

University Distinctions

- ▲ One of the top 50 "Best Value" public colleges in the nation for 2010 as ranked by The Princeton Review.
- ▲ Fourth best public master's university in the West according to U.S. News & World Report's 2010 edition of America's Best Colleges Guide.
- ▲ Eighth in the nation in conferring bachelor's degrees to students of color and first in the nation in awarding English Language and Literature/Letters undergraduate degrees to minority students, according to a 2009 report in *Diverse Issues in Higher Education*.
- ▲ Third in the West and seventh in the nation for having the lowest percentage of students graduating with debt, according to U.S. News & World Report.
- ▲ First in the number of graduates among master's universities who went on to earn research doctoral degrees in science and engineering between 1997 and 2006, according to a recent study by the National Science Foundation (NSF).
- ▲ College of Business Administration was named an outstanding business school by The Princeton Review.
- ▲ College of Engineering has been ranked 38th among the Nation's Best Undergraduate Engineering programs by U.S. News & World Report's America's Best Colleges Guide, 2010.
- ▲ One of only four public universities in California to have all of its athletic teams achieve or surpass the NCAA's Academic Progress Rate (APR) minimum score. The APR is an indicator of a university's success at retaining and graduating student athletes.

Mission

California State University, Long Beach is a diverse, student-centered, globally-engaged public university committed to providing highly-valued undergraduate and graduate educational opportunities through superior teaching, research, creative activity and service for the people of California and the world.

Vision

California State University, Long Beach envisions changing lives by expanding educational opportunities, championing creativity, and preparing leaders for a changing world.

Values

- ▲ Educational Opportunity
- ▲ Excellence
- ▲ Diversity
- ▲ Integrity
- ▲ Service

Outstanding Faculty

The faculty of California State University, Long Beach are committed to excellence in both teaching and research. Students have an opportunity for regular interaction with their professors as well as involvement in original research and creative activities under faculty supervision.

About the Campus

California State University, Long Beach is located three miles from the ocean and stretches across 323 beautifully landscaped acres. CSULB is home to 86 buildings including:

- ▲ The state-of-the-art Molecular and Life Sciences Center with 43 laboratories, 19 teaching labs, 24 directed-studies labs used by faculty and staff and 42 faculty/student offices, opened in 2004. In Spring 2011 the new Hall of Science building will open offering research labs, teaching laboratories, two 180-seat lecture halls, lecture classrooms, faculty and administrative offices, a marine biology lab, a rooftop greenhouse and a rooftop observatory.
- ▲ Specialized facilities for Engineering Technology, Art, Nursing, Industrial and Interior Design, and Music.
- ▲ The University Library, which maintains an extensive collection of information resources for study, research, enrichment and recreation.
- ▲ The Library's Spidell Technology Center and the Horn Center, which provide more than 400 student computing workstations.
- ▲ One of the premiere dance facilities in the country, with 90,000 square feet dedicated to Dance.
- ▲ Two new facilities opening in Fall 2010: A 10,000 square-foot addition to the Nursing building offering additional instructional space, a computer lab and faculty offices, and the 125,000 square-foot Student Health and Wellness Center.

CSULB's beauty is marked by 3,200 Helen Borcher flowering peach trees that were donated by the citizens of Long Beach, an extensive sculpture collection, and the tranquil 1.3 acre Earl Burns Miller Japanese Garden.

With approximately 36,000 students, California State University, Long Beach has the largest single-campus enrollment in the CSU system. About 2,400 faculty and 1,800 professional staff members work at the University, which is organized into eight colleges and 63 academic departments and programs.

Life at the Beach

California State University, Long Beach offers a broad range of programs and activities to help students reach their academic goals and enhance their personal, intellectual and social development. From study abroad opportunities, campus clubs and athletic events to art and cultural performances, there is something for everyone at CSULB.

The Arts – Plays, music, and dance are performed in the University's seven theater facilities virtually every night of the week. The University Art Museum and the student and faculty galleries in the Art and Design departments afford access to exciting innovations in the visual arts.

Athletics – Eighteen men's and women's sports teams compete in our excellent, competitive NCAA Division I athletic program. The women's volleyball team has appeared in eight Final Fours in the last 20 years, winning three national championships and finishing second in 2001. The University also includes club or intramural competition in approximately 30 different sports.

Community Service – CSULB offers many opportunities for students to make a difference in the community including volunteer programs and courses that integrate service learning.

Campus Organizations and Greek Life – The Associated Students, Inc. and the Office of Student Life and Development sponsor about 300 campus organizations, including cultural associations and religious, political, and social action clubs. In addition, more than 30 fraternities and sororities provide students with the opportunity to join national and local organizations with founding values based on community service, scholarship, campus involvement, leadership, and friendship.

Honor Societies – CSULB is home to numerous honor societies, including Phi Beta Kappa, the oldest and most prestigious honor society for students of the liberal arts and sciences, Phi Kappa Phi, the largest honor society recognizing superior scholarship in all academic disciplines, and Golden Key International Honour Society.

International Education – CSULB offers many opportunities for global engagement. The University offers a growing number of short- and long-term study abroad opportunities in over 30 countries. CSULB is also home to more than 1,200 students from all over the world, allowing for rich international connections on campus.

University Student Union – Located in the center of campus, the University Student Union (USU) offers weekly entertainment and numerous recreation activities. A "home away from home," USU amenities include bowling lanes, billiards, a television lounge, outdoor swimming pool, food court, computer center, and facilities for meetings, luncheons, and films.

Student Recreation and Wellness Center – Open in Fall 2010, the Center offers fitness programs, aerobic classes, rock climbing walls and a total of five basketball, volleyball, and badminton courts.

ADMISSION TO CSULB

Choosing CSULB

CSULB's core academic mission is to graduate students with highly valued degrees. Faculty and staff are dedicated to fostering student success both inside and outside the classroom. Prospective students are encouraged to explore the campus to see if CSULB is the right choice for you.

The Office of University Outreach and School Relations (UOSR) is the university's primary student recruitment and guest relations and is the primary contact point for prospective students and high school/community college who are seeking information about CSULB's admissions processes, financial aid opportunities, student support services and the university's prestigious President's Scholars Program.

UOSR offers guided campus tours and specialized campus visits for K-12 students, parents, counselors and others interested groups. It also administers pre-admission and application workshops for prospective students; the Young Scholars Program for qualified high school students; adult re-entry information; and educational awareness and academic enrichment services for elementary and middle school students. For further information, call (562) 985-5358, go to www.csulb.edu/outreach, or visit the Outreach Office at Brotman Hall, Room 289.

Admissions Procedures and Policies

Requirements for admission to California State University, Long Beach are in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Complete information is available at www.csumentor.edu/planning/.

Electronic versions of the CSU undergraduate and graduate applications are accessible on the World Wide Web at <http://www.csumentor.edu>. The CSUMentor system allows students to browse through general information about the CSU's twenty-three campuses, view multimedia campus presentations, send and receive electronic responses to specific questions, and apply for admission and financial aid. Information on CSULB requirements and deadlines can be found at www.csulb.edu.

Applying online via www.csumentor.edu is expected unless electronic submission is impossible, when on-line applications have been submitted. Application in "hard copy" form may be obtained online via www.csumentor.edu as a portable data format (PDF). Paper applications may be mailed to the campus admission office.

Importance of Filing Complete, Accurate, and Authentic Application Documents

CSU, Long Beach advises prospective students that they must supply complete and accurate information on the application for admission, residence questionnaire, and financial aid forms. Further, applicants must, when requested, submit authentic and official transcripts of all previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of academic credit, suspension, or

expulsion (Section 41301, Article 1.1, of Title 5, California Code of Regulations).

Undergraduate Application Procedures

Prospective students applying for part-time or full-time undergraduate programs of study in day or evening classes must file a complete undergraduate application. The \$55 nonrefundable application fee should be in the form of a check or money order payable to "The California State University" or by credit card and may not be transferred or used to apply to another term. An alternate major may be indicated on the application. The applications of persons denied admission to an impacted and/or closed campus may be re-routed to another campus at no cost, but only if the applicant is CSU eligible.

Readmission

Students who break attendance by not enrolling in classes each semester, and who have not filed for educational leave, must reapply for admission. Transcripts of work completed elsewhere during the absence must also be submitted. Students who left under academic disqualification must submit a "Reinstatement Petition" and an "Application for Reinstatement" with their completed application prior to August 1 for the Fall semester or December 1 for the Spring semester.

Impacted Programs

The CSU designates programs as impacted when more applications from CSU regularly eligible students are received in the initial filing period (October and November for fall terms, August for spring terms) than can be accommodated. Some programs are impacted at every campus where they are offered; others are impacted only at some campuses. Candidates for admission must meet supplementary criteria if applying to an impacted program.

The CSU will announce during the fall filing period those programs that are impacted and the supplementary criteria campuses will use. Systemwide impactation of admission may be announced, when unexpected circumstances necessitate a curtailment of admission to specific campuses. Detailed information on campus and program impactation is available at <http://www.calstate.edu/impactioninfo.shtml> and www.csumentor.edu. That announcement will also be published in official CSU publications distributed to high school and college counselors, and made available online at www.calstate.edu. Information about the supplementary criteria is also provided to program applicants.

Applicants must file applications for admission to an impacted program during the initial filing period. Applicants who wish to be considered for impacted programs at more than one campus should file an application at each campus for which they seek admissions consideration.

Supplementary Admission Criteria

Each campus with impacted programs uses supplementary admission criteria in screening applicants. Supplementary criteria may include rank-ordering of

freshman applicants based on the CSU eligibility index or rank-ordering of transfer applicants based on the overall transfer grade point average, completion of specified prerequisite courses, and a combination of campus-developed criteria. Applicants for freshman admission to impacted campuses or programs are required to submit scores on either the SAT or the ACT. For fall admission, applicants should take tests as early as possible and no later than December of the preceding year.

The supplementary admission criteria used by the individual campuses to screen applicants are made available by the campuses to applicants who seek admission to an impacted program. Details regarding the supplemental admissions criteria are also provided at <http://www.calstate.edu/impactioninfo.shtml>.

Application Filing Periods

Terms in 2010 - 2011	Applications First Accepted	Initial Filing Period
Fall 2010	October 1, 2009	Oct 1 - Nov 30, 2009
Spring 2011	August 1, 2010	August 1-31, 2010

Filing Period Duration

Each non-impacted campus accepts applications until capacities are reached. Many campuses limit undergraduate admission in an enrollment category due to overall enrollment limits. Students applying after the initial filing period should consult the campus admissions office for current information. Similar information is conveniently available at http://www.csumentor.edu/filing_status/Default.asp.

Application Acknowledgment

On-time applicants may expect to receive an acknowledgment from their first-choice campus within two to four weeks after filing the application. The notice may also include a request that applicants submit additional records necessary to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements, and in the case of admission impaction, campus requirements for admission to an impacted program. An offer of admission is not transferable to another term or to another campus.

Undergraduate Requirement Deadlines

Prior to matriculation, students must complete, in a timely manner, admission requirements — including subject requirements, unit minimums, grade-point averages, final transcript and testing requirement. Refer to the Enrollment Services web site (www.csulb.edu/enrollment) for current requirements.

Intrasystem and Intersystem Enrollment Programs

Upper-division students enrolled at any CSU campus will have access to courses at other CSU campuses on a space available basis unless those campuses or programs are impacted or admission to the desired program or admission categories are closed. This access is offered without students being required to be admitted formally to the host campus and sometimes without paying additional fees. Although courses taken on any CSU campus will transfer to the student's home CSU campus as elective credit, students should consult their home campus academic advisors

to determine how such courses may apply to their specific degree programs before enrolling at the host campus.

There are two programs for enrollment within the CSU and one for enrollment between CSU and the University of California or California Community Colleges. Additional information about these programs is available from Office of Enrollment Services.

CSU Concurrent Enrollment – matriculated students in good standing may enroll on a space available at both their home CSU campus and a host CSU campus during the same term. Credit earned at the host campus is reported at the student's request to the home campus to be included on the student's transcript at the home campus.

CSU Visitor Enrollment – matriculated students in good standing enrolled at one CSU campus may enroll on a space available basis at another CSU campus for one term. Credit earned at the host campus is reported at the student's request to the home campus to be included on the student's transcript at the home campus.

Intersystem Cross Enrollment – matriculated CSU, UC, or community college students may enroll on a space available basis for one course per term at another CSU, UC, or community college and request that a transcript of record be sent to the home campus.

Concurrent Enrollment Within the CSU

All CSULB students wishing to enroll concurrently at CSULB and one of the other 23 California State University campuses must request permission to do so from the Office of Enrollment Services. Concurrent enrollment within the California State University system is limited to students who have completed a minimum of 12 units at CSULB, have a minimum 2.0 grade-point average, are in good academic standing and have paid fees at CSULB for 12 units or more regardless of the total number of units earned at both campuses. No additional fees may be collected after the last day to add classes. Concurrent Enrollment is subject to space availability and registration priority policies at the host campus.

No graduate student may register concurrently at this and any other collegiate institution without advance permission. Permission may be given for concurrent enrollment at CSULB and other institutions if recommended by the department graduate advisor and approved by the Dean of the appropriate college. Forms for concurrent enrollment may be obtained from the college office. When such permission is granted, the academic load at CSULB must be reduced accordingly.

Visitor Enrollment Within the CSU

Students enrolled in any CSU campus may apply to transfer temporarily to another CSU campus in Visitor status, if they have (1) completed 12 units at the home campus, (2) have earned at least a 2.0 cumulative GPA at the home campus, (3) are in good academic standing at the home campus, and (4) are eligible to register under continuing status at the home campus. Approval for visitor enrollment is valid for one term only and is subject to the host campus policies including application deadlines, space availability, and registration priority. Details and Visitor Enrollment Applications are available at the Office of Enrollment Services. Students

from other CSU campuses seeking visitor status at CSULB must also contact their home registration office for additional information.

Enrollment of Non-matriculated Students

Applicants not admissible at this time under any of the preceding categories could enroll in another institution, such as a community college, to prepare for admissibility at a future date. Non-matriculated students may be able to avail themselves of programs in the College of Continuing and Professional Education.

Open University (Adjunct Enrollment) — Through Open University, students who are NOT matriculated in CSULB may take regular university classes during spring or fall semesters for academic credit on a “space available” basis with permission of the department chair and the course instructor. Open University enrollment does NOT constitute admission to CSULB. For more information call the College of Continuing and Professional Education at (562) 985-5561.

Summer Session and Winter Session Students

Summer and Winter Session enrollment is open to all matriculated CSULB students and all non-matriculated students such as prospective students, students from other colleges and universities, and interested individuals from the community. No application or admissions process is required for summer and winter registration.

CSULB does not admit matriculated students to start in either the winter or summer session. Registration in winter or summer as a non-matriculated student does not insure the privilege of enrolling in the fall or spring semester as a matriculated student. To register for winter or summer session courses, student should contact the College of Continuing and Professional Education at (562) 985-5561.

Freshman Applicants

Preparation and Eligibility

California State University, Long Beach continues to be the University of Choice for a talented and diverse group of California's best and brightest students. Beginning with Fall 2002, CSULB has been receiving more first-time freshman applicants than can be accommodated. To maintain the academic quality of CSULB academic programs and services, supplemental admissions criteria, are applied to first-time freshman applicants. First-time freshmen must:

- Apply on time, preferably on-line. Apply between October 1 and November 30.
- Take the SAT 1 or ACT preferably during October but no later than December and request scores be sent to CSULB.
- Complete the CSU required 15 unit course pattern prior to graduation.
- Perform well – earn the best grades possible (including the senior year).
- Pursue a back up plan should they not be offered admission to CSULB.

Students will qualify for regular admission when the university verifies that they have a CSULB qualifiable minimum eligibility index and will have completed the comprehensive pattern of college preparatory "a-g" subjects.

Eligibility Index

The eligibility index is the combination of the high school grade-point average and scores on either the ACT or the SAT. Grade-point averages (GPA) are based on grades earned in courses taken during the final three years of high school. Included in calculation of GPA are grades earned in all college preparatory "a-g" subject requirements with bonus points for approved honors courses (excluding physical education and military science).

Up to eight semesters of honors courses taken in the last two years of high school, including up to two approved courses taken in the tenth grade, can be accepted. Each unit of "A" in an honors course will receive a total of 5 points; with 4 points for a "B;" and 3 points for a "C."

A CSU Eligibility Index (EI) can be calculated by multiplying a grade-point average by 800 and adding a total score on *the mathematics and critical reading scores* of the SAT. Students who took the ACT, multiply the grade-point average by 200 and add ten times the ACT composite score (add 2 points to the ACT score received if taken prior to October, 1989). Persons who are California high school graduates (or residents of California for tuition purposes) need a minimum index of 2900 using the SAT I or 694 using the ACT to be considered for admission.

For admission to terms during the 2009-2010 college year, the university has no plans to include the writing scores from either of the admissions tests in the computation of the CSU Eligibility Index.

Persons who neither graduated from a California high school nor are residents of California for tuition purposes, need a minimum index of 3502 (SAT) or 842 ACT; (2 points are added to the ACT score if it was taken prior to October, 1989). Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

California State University, Long Beach requires all applicants for freshman admission to submit test scores from the SAT I or ACT, regardless of their high school grade-point average. No freshman applicants will be admitted who have not submitted the required test scores.

Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

Subject Requirements

The California State University requires that first-time freshman applicants complete, with grades of “C” or higher, a comprehensive pattern of college preparatory study totaling 15 units. A “unit” is one year of study in high school.

Social Science - 2 years to include 1 year of U.S. History and/or Government
English – 4 years
Mathematics – 3 years to include algebra, geometry, and intermediate algebra
Science – 2 years with laboratory to include 1 year of biological science and 1 year physical science
Foreign Language – 2 years in the same foreign language (subject to waiver for applicants demonstrating equivalent competence).

Visual and Performing Arts – 1 year-long course in which the second semester builds on the first from a single VPA area to include art, dance, drama/theater, or music

Electives – 1 year selected from the areas above.

Foreign Language Waiver

The foreign language subject requirement may be satisfied by applicants who demonstrate competence in a language other than English equivalent to or higher than expected of students who complete two years of foreign language study. Students should consult with their school counselor or any CSU campus admission or relations with schools office for further information.

Admission Requirement for Students with Disabilities

California residents who may not meet the regular admission requirements due to a disability but are "otherwise qualified" may appeal for special admission consideration. A student wishing to be considered for special admission to CSULB must apply through regular admission procedures and in accordance with all deadlines specified by the Admissions Office. The Disabled Student Services Office facilitates this process. Applications are reviewed on a case-by-case basis and admissions decisions are made by the Admissions Office. For more information, contact (562) 985-5401 or www.csulb.edu/dss or go to Brotman Hall, Room 270.

Honors Courses

Grades, in up to eight semester courses designated as honors courses in approved subjects and taken in the last two years of high school, receive additional points in grade-point average calculations. Each unit of A in approved courses will receive a total of 5 points; B, 4 points; C, 3 points; D, 1 point; and none for F grades.

High School Students — Young Scholars Program

Students still enrolled in high school will be considered for enrollment in certain special programs if recommended by the principal and the appropriate CSULB department chair and if preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a given specific program and does not constitute a right to continued enrollment. More information is available from the Office of University Outreach and School Relations at (562) 985-5358 or www.csulb.edu/outreach.

Transfer Policies of CSU campuses

Authority for decisions regarding the transfer of undergraduate credits is delegated to each California State University (CSU) campus. Most commonly, college level credits earned from an institution of higher education accredited by a regional accrediting agency recognized by the United States Department of Education is accepted for transfer to campuses of the CSU.

General education requirements are the same for all CSU campuses, so California community college articulations of general education of general education courses (about one third of degree requirements) are handled centrally and may be accessed at www.assist.org.

Campuses may enter into articulation agreements on either a course for course or program to program basis. Such

articulations are common between CSU campuses and any or all of the California community colleges, but may exist between CSU campuses and other institutions. Established CSU/CCC articulations may be found on www.assist.org.

No more than 70 semester units may be transferred to a CSU campus from an institution which does not offer bachelor's degrees or their equivalents, e.g., community colleges. Given the university's 30-unit residency requirement, no more than 90 total units may be transferred into the university from all sources.

Provisional Admission

California State University, Long Beach may provisionally admit first-time freshman applicants based on their academic preparation through the junior year of high school and planned for the senior year. The campus will monitor the final two years of study to ensure that admitted students complete their secondary school studies satisfactorily, including the required college preparatory subjects, and graduation from high school. Students are required to submit an official transcript after graduation to certify that all course work has been satisfactorily completed. Official high school transcripts must be received prior to the deadline set by the university. In no case may documentation of high school graduation be received any later than the census date for a student's first term of CSU enrollment. A campus may rescind admission decisions, cancel financial aid awards, withdraw housing contracts, and cancel any university registration for any student who is found not to be eligible after the final transcript has been evaluated.

Applicants will qualify for regular (non-provisional) admission when the university verifies that they have graduated and received a diploma from high school, have a qualifiable minimum eligibility index, have completed the comprehensive pattern of college preparatory "a-g" subject, and, if applying to an impacted program or campus, have met all supplementary criteria.

Lower Division Transfer Requirements

Students who have completed college units after graduation from high school are considered transfer students. Students who have completed fewer than 60 transferable semester college units (fewer than 90 quarter units) by the established deadlines are considered lower-division transfer students. CSULB does not currently accept applicants for most majors at the lower-division level.

Upper Division Transfer Requirements

Students who have completed 60 or more transferable semester college units by the established deadlines are considered upper-division transfer students. (See Undergraduate Requirement Deadlines above.) Since CSULB continues to be a high-demand campus and expects to receive more applications than can be accommodated, competitive admissions have been implemented for the transfer class in order to maintain the academic quality of campus programs and services. All upper division transfer applicants must apply to a specific major and meet all of the following minimum CSU standards by established deadlines:

1. Have completed a minimum of 60 transferable semester units with a GPA of at least 2.0 ("C" or better) in all transferable units attempted (non-residents must have a 2.4 GPA or better), and

2. be in good standing at the last college or university attended, and
3. have completed at least sixty (60) transferable semester units of college coursework with a grade point average of 2.0 or higher and a grade of C or better in each course used to meet the CSU general education requirements in written communication, oral communication, critical thinking and quantitative reasoning, e.g. mathematics. The 60 units must include at least 30 units of courses, which meet CSU general education requirement including all of the general education requirements in communication in the English language (both oral and written) and critical thinking and the requirement in mathematics/quantitative reasoning (usually 3 semester units) OR the Intersegmental General Education Transfer Curriculum (IGETC) requirements in English communication and mathematical concepts and quantitative reasoning.

Applicants to non-impacted majors who meet the minimum criteria as outlined above will be considered in the competitive round. Admission offers will be based on applicants' overall transfer grade point average and space availability. Applicants to non-impacted majors who are transferring directly from Long Beach City College, Orange Coast College, Golden West College or Coastline Community College and have completed at least 30 units at one of these institutions and will be held only to the minimum CSU criteria listed above.

In addition to the CSU minimum requirements outlined above, students seeking admission to impacted programs must satisfy additional, supplemental criteria. Students applying to impacted majors are encouraged to designate an alternate major in which they are seriously interested and committed to pursuing. If not admitted to an impacted program, students may be considered for admission to the alternate major or offered redirection to another CSU campus that is accepting applications. For more details, please check the campus website at www.csulb.edu/ enrollment.

International Student Applicants

The International Admissions component of the Center for International Education assists academically eligible international students to apply for admission to the University, and advises them of CSULB's financial, immigration and English language requirements. Throughout the students' attendance, the International Admissions staff is involved in their registration, evaluation of transfer credit, changes of majors, and graduation checks. Students are also counseled regarding their field of study requirements, which vary at both the undergraduate and graduate levels.

International Admission Requirements

CSULB encourages eligible international students to apply for undergraduate and graduate level studies. International students are defined as those who hold non-immigrant (student or exchange) visas. Application requests and questions should be directed to International Admissions (cie-admission@csulb.edu), located in the Center for International Education (BH 201).

The CSU uses separate requirements and application

filing dates in the admission of foreign students. Verification of English proficiency, financial resources, and academic performance are each important considerations for admission.

International students need to complete the International application. The following documents are required:

1. International application form;
2. \$55.00 application processing fee;
3. Affidavit of support from financial sponsor;
4. Bank statement/letter from financial sponsor;
5. Proof of acceptable English proficiency;
6. Official academic documents and certified English translations;
7. ACT or SAT (required for student athletes and graduates of U.S. high schools);

Once all the documents are submitted to the International Admissions Office, eligibility for admission will be determined based on English proficiency and academic history, as well as other considerations. Graduate applications will also be forwarded to the graduate departments for review. Once admitted, international students will receive pre-arrival, arrival, and orientation information, and the appropriate immigration form and instructions on how to legally enter and/or remain in the U.S.

The Department of Homeland Security (DHS) requires that international students be aware of and follow DHS regulations to remain legally in the U.S. for the duration of their academic status. International students on "F" and "J" visas must be enrolled as full time students. Courses taken through the College of Continuing and Professional Education at CSULB or courses taken concurrently at other colleges may only count toward full time status when approved in advance of course registration by the Center for International Education. Questions about DHS policies may be directed to the Center for International Education.

The Examination in English as a Second Language (EESL) is a placement test required of admitted graduate students for whom English is a second language. Failure to take the EESL test will result in a registration hold placed on the student's record. Students may also be required to enroll in one or more English as a Second Language course(s) based on performance on the test. Please contact International Student Services for more information about EESL requirements and exemptions.

TOEFL Requirement

All undergraduate applicants whose native language is not English and who have not attended schools at the secondary level or above for at least three years full time where English is the principal language of instruction, must present a minimum score (Paper: 500, iBT: 61) unless the applicant:

1. has proof of at least three years attendance at a secondary level educational institution in a country where English was the principal language of instruction.* CSULB interprets "where English was the principal language of instruction" to mean that a school is located in a country where English is the native language (the daily medium of communication of the majority of residents is English),

and that the students receive academic instruction in all subjects (except foreign language courses) at all levels of education in English, or

2. completed at least 56 transferable units from accredited U.S. community colleges and/or universities and earned a grade of A, B, or C in English 100 or its equivalent*, or
3. successfully completed CSULB's American Language Institute's Intensive English Language Program.*
4. presents a minimum score of 5.5 or higher on the International English Language Testing System (IELTS).
5. Presents a minimum score of 43 on the Pearson Test of English.

Undergraduate applicants who are U.S. Citizens or Permanent Residents of the U.S. and who are subject to the above TOEFL requirement may submit results from the English Language Proficiency Test (ELPT) in lieu of TOEFL. A score of 954 on the ELPT is required of such applicants.

EXCEPTION: Applicants applying for Film and Electronic Arts, which requires a 550 TOEFL score, and Journalism, which requires a 600 TOEFL score, will not be waived from the TOEFL requirement.

*For this exemption to remain valid, once having met the exemption, the student must not have left the U.S.A. for more than two years to reside or study in a country where English is not the predominant language of business, education and day-to-day societal functions.

Insurance Requirement

Effective August 1, 1995, as a condition of receiving an I-20 or DS-2019 form, all F-1 and J-1 visa applicants must agree to obtain and maintain health insurance as a condition of registration and continued enrollment in the California State University. Such insurance must be in amounts as specified by the United States Department of State and NAFSA: Association of International Educators. The campus President or designee will determine which insurance policies meet these criteria. Further information may be obtained from the Center for International Education, Brotman Hall 201, (562) 985-4106.

Special Consideration

A very limited number of applicants who do not meet regular admission requirements may be considered by the University through an alternate screening process. As part of this review, admission may be offered based on institutional interests, special talents, or special circumstances. The authority to grant special admission is delegated to the Associate Vice President for Enrollment Services based on the recommendations of the appropriate campus committees.

Admission as a Candidate for a Second Baccalaureate Degree

CSULB accepts applicants for a second B.A./B.S. in science, math, engineering, and the Accelerated Nursing/Entry Level MSN program. Candidates for a second baccalaureate degree should apply using the graduate application.

Graduate and Post-Baccalaureate Application Procedures

All graduate and post-baccalaureate applicants (e.g., EdD, joint PhD and EdD applicants, master's degree applicants, those seeking educational credentials, and holders of baccalaureate degrees interested in taking courses for personal or professional growth) must file a complete graduate application as described in the graduate and post-baccalaureate admission materials at www.csumentor.edu. Applicants seeking a second bachelor's degree should submit the graduate application for admission unless specifically requested to do otherwise. Applicants who completed undergraduate degree requirements and graduated the preceding term are also required to complete and submit an application and the \$55 nonrefundable application fee. Since applicants for post-baccalaureate programs may be limited to the choice of a single campus on each application, re-routing to alternate campuses or later changes of campus choice are not guaranteed. To be assured of initial consideration by more than one campus, it is necessary to submit separate applications (including fees) to each. Applications submitted by way of www.csumentor.edu are expected unless submission of an electronic application is impossible. An electronic version of the CSU graduate application is available on the World Wide Web at <http://www.csumentor.edu>.

Graduate and Post-Baccalaureate Admission Requirements

Graduate and post-baccalaureate applicants may apply for a degree objective, a credential or certificate objective. Students who meet both the minimum requirements established by the CSU system and the specific professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the academic program will be admitted as Classified Post-Baccalaureate or Credential candidates. Applicants may be admitted as Conditionally Classified if, in the opinion of appropriate campus authorities, deficiencies may be remedied by additional preparation. In unusual circumstances, a campus may make exceptions to these criteria.

To meet the minimum requirements for admission to graduate and post-baccalaureate studies at CSULB, a student shall at the time of enrollment: (1) have completed a four-year college course of study and hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association, or have completed equivalent academic preparation as determined by appropriate campus authorities; (2) be in good academic standing at the last college or university attended; and (3) have attained an acceptable grade-point average in any of the following ways: (a) hold an advanced degree; (b) hold a baccalaureate degree with a cumulative GPA of at least 2.5 (A = 4.0); (c) hold a baccalaureate degree with a GPA of at least 2.5 in the last 60 semester (90 quarter) units attempted (excluding lower-division and extension course work taken after the degree).

Students in the process of completing a baccalaureate degree may be admitted on a provisional basis, subject to

proof of degree completion by the established deadline, if their cumulative GPA is at least 2.7 or if the GPA in their last 60 semester or 90 quarter units are calculated at 2.5 or higher.

For information on the specific requirements for admission to a given program, see the *Catalog* section for that program.

These and other CSU admissions requirements are subject to change as policies are revised and laws are amended. The CSU website www.calstate.edu and the CSU admissions portal www.csumentor.edu are good sources of the most up-to-date information.

Graduate and Post-Baccalaureate TOEFL Requirement

All graduate and post-baccalaureate applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must demonstrate competence in English. These students must receive a minimum score of 550 on the Test of English as a Foreign Language (TOEFL) (applicants taking the Computer-Based Test of English as a Foreign Language must present a score of 213 or above), unless the applicant:

1. Submits proof of having obtained a bachelor's degree from an accredited post-secondary institution where English was the principal language of instruction. CSULB interprets "where English is the principal language of instruction" to mean that a school is located in a country where English is the native language (the daily medium of communication of the majority of residents is English), and the applicant received academic instruction in all subjects (except foreign language courses) at all levels of education in English, or
2. Notification from CSULB's American Language Institute that the applicant has successfully completed levels 5 and 6 of the American Language Institute Program.

EXCEPTION: Applicants applying for Public Policy and Administration, which requires a 600 TOEFL, will not be waived from the TOEFL requirement. Also, for this exemption to remain valid for other students, once having met the exemption, the student must not have left the U.S.A. for more than two years to reside or study in a country where English is not the predominant language of business, education and day-to-day societal functions.

Application to Credential Programs

Students planning to enroll in credential programs must also file an application for admission to the University.

Information on application to credential programs is available from the appropriate department or program coordinator.

Note: Some programs have established application periods each year which are separate from the University application periods and process.

Auditors

Persons who have not been accepted by the University for the semester they wish to attend may request permission to audit courses through University College and Extension Services.

Students who have been accepted by the University may audit courses. See the regulation under "Grades and

Administrative Symbols." The deadline to declare an "audit" grade option is the end of the third week of instruction. Follow the instructions in the *Schedule of Classes* for requesting a course as an "audit" grading option. At the end of the semester the instructor will assign an "audit" grade to the official grade sheet which will be forwarded to the Office of Enrollment Services for recording. Courses taken for audit may be repeated in subsequent terms for credit.

Courses successfully audited are listed on the student's academic record but carry no credit or grade points.

Returning and Transfer Students

Returning students must reapply to the university under the same conditions and deadlines as all other applicants.

Students who have not maintained continuous attendance status shall be subject to the General Education requirements in effect at the time of their reentry to the university, with the following exceptions.

Previous CSULB students who were under earlier General Education requirements and who before breaking continuous attendance needed no more than three additional courses to complete the entire General Education requirement shall be allowed to complete the General Education requirement in effect at the time of the previous attendance. However, all students must complete at least 9 units of upper division General Education courses, of which a minimum of 6 units must be Capstone courses.

Previous CSULB students who were under the earlier General Education requirements and who before breaking continuous attendance completed one or more upper-division GE courses shall be required to complete additional Capstone courses as needed to complete the total of 9 upper-division units. At least two of the courses in the overall program must be Capstone courses.

Transfer students who enter CSULB with full GE certification from a California Community College must complete both the Human Diversity in the U.S. and the Global Issues requirements if these requirements were not met through transfer, but these students need not complete any other GE courses except the Capstone, which cannot be met through transfer from a community college. Transfer students who enter CSULB without full GE certification from a California Community College must complete the CSULB General Education requirements.

Hardship Petitions

The campus has established procedures for consideration of qualified applicants who would be faced with extreme hardship if not admitted. Petitioners should write the campus Admissions Office regarding specific policies governing hardship admission. (See Admissions Procedures and Policies at the beginning of this section.)

Adult Students

As an alternative to regular admission criteria, an applicant twenty-five years of age or older may be considered for undergraduate admission as an adult student who meets all the following conditions:

1. Possesses a high school diploma (or has established equivalence through either the General Educational Development or California High School Proficiency Examination).

2. Has not been enrolled in college as a full-time student for more than one term during the past five years.
3. If there has been any college attendance in the last five years, has earned a "C" average or better in all college work attempted.

Consideration will be based upon a judgment as to whether the applicant is as likely to succeed as a regularly admitted freshman or transfer student and will include an assessment of basic skills in the English language and mathematical computation.

Senior Citizen Education Program

The Senior Citizen Education Program enables eligible California residents 60 years of age or older to enroll as regular students at a cost of \$3.00 per semester. The program, which was founded at CSULB, has been in operation since 1975. Individuals are attending courses in a variety of subject areas and class levels from freshman through graduate standing.

Note: Regular admission standards apply. Requests to waive the application filing fee must accompany the application. Once admitted to the University, students will be sent registration information advising them of the procedures for fee payment and the dates that they may register. Courses are available to program participants approximately three weeks before the beginning of each semester on a "space available" basis. Due to high enrollment and impacted programs some courses may not be available for participation by Senior Citizens.

Participants in the Senior Citizen Education Program are required to maintain good academic standing and are subject to all university policies, procedures, late fee payments and deadlines.

Test Requirements

The office of Testing and Evaluation Services provides Information regarding admissions, placement, and certification examinations. The office is located in Brotman Hall 216. For information, phone (562) 985-4007, FAX (562) 985-2415, or visit the Testing Office website at www.csulb.edu/testing.

Test programs currently offered include the SAT and Achievement Tests, ACT, EPT/ELM, WPE, PRAXIS, and the Nelson-Denny Reading Test. Information racks immediately outside the office offer registration bulletins for the above-mentioned exams as well as the MCAT, LSAT, CSET, CBEST, GRE, RICA, and TOEFL exams.

The Testing Office also provides services to faculty, staff and administrators regarding research design, questionnaire construction and data analysis.

Freshman applicants must submit SAT I and/or ACT scores directly to CSULB. Students should take these tests no later than December of the prior year. Registration forms and the dates for the SAT and/or ACT are available from high school or college counselors or from a CSU campus testing office. Students may also write to or call:

The College Board (SAT) Registration Unit, Box 6200 Princeton, NJ 08541-6200 (609) 771-7588 www.collegeboard.org	ACT Registration Unit P.O. Box 414 Iowa City, Iowa 52240 (319) 337-1270 www.act.org
--	--

For further information about testing services at CSULB, call (562) 985-4007, go to www.csulb.edu/testing or go to Brotman Hall, Room 216.

Systemwide Placement Test Requirements

The California State University requires that each entering undergraduate, except those who qualify for an exemption, take the CSU Entry Level Mathematics (ELM) examination and the CSU English Placement Test (EPT) prior to enrollment. These placement tests are not a condition for admission to the CSU, but they may be a condition of enrollment. These examinations are designed to identify entering students who may need additional support in acquiring college entry-level English and mathematics skills necessary to succeed in CSU baccalaureate-level courses. In order to matriculate students admitted to CSULB, they are required to take the placement tests by the published deadlines. Undergraduate students who do not demonstrate college-level skills both in English and in mathematics will be placed in appropriate remedial programs and activities during the first term of their enrollment. Students placed in remedial programs in either English or mathematics must complete all remediation in their first year of enrollment. Failure to complete remediation by the end of the first year may result in denial of enrollment for future terms.

For further information about testing services at CSULB, call (562) 985-4007, go to www.csulb.edu/testing or go to Brotman Hall, Room 216.

English Placement Test (EPT)

The EPT is designed to assess the level of reading and writing skills of entering undergraduate students so that they can be placed in appropriate baccalaureate-level courses. The CSU EPT must be completed by all entering undergraduates, with the exception of those who present proof of one of the following:

- A score of "Exempt" on the augmented English CST, i.e., the CSU Early Assessment Program (EAP), taken in grade 11 as part of the California Standards Test.
- A score of 550 or above on the Critical Reading section of the College Board SAT.
- A score of 24 or above on the enhanced ACT English Test.
- A score of 680 or above on the re-centered and adjusted College Board SAT II: Writing Test taken May 1998 or later.
- A score of 660 on the writing portion of the SAT Reasoning Test
- A score of 3, 4, or 5 on either the Language and Composition or the Composition and Literature examination of the College Board Advanced Placement program.
- Completion and transfer of a course that satisfies the General Education-Breadth or Intersegmental General Education Transfer Curriculum (IGETC) written communication requirement, provided this course was completed with a grade of "C" or better.

To file for one of the above exemptions, or to obtain information bulletins or test registration materials, call (562) 985-4007, go to www.csulb.edu/testing or go to Brotman Hall, Room 216.

Entry-Level Mathematics (ELM) Examination Placement

The ELM examination is designed to assess the skill levels of entering CSU students in the areas of mathematics typically covered in three years of rigorous college preparatory courses in high school (Algebra I, Algebra II, and Geometry). The CSU ELM must be completed by all entering undergraduates, with the exception of those who present proof of one of the following:

- A score of "Exempt" on the augmented mathematics California Standards Test, i.e., the CSU Early Assessment Program (EAP), taken in grade 11.
- A score of "conditionally exempt" on the augmented CST, i.e., the CSU Early Assessment Program (EAP) plus successful completion of a Senior-Year Mathematics Experience (SYME).
- A score of 550 or above on the mathematics section of the College Board SAT or on the College Board SAT Subject Tests - Mathematics Tests Level I, IC (Calculator), II, or IIC (Calculator).
- A score of 23 or above on the ACT Mathematics Test.
- A score of 3 or above on the College Board Advanced Placement Calculus examination (AB or BC) or Statistics examination.
- Completion and transfer of a course that satisfies the General Education-Breadth or Intersegmental General Education Transfer Curriculum (IGETC) quantitative reasoning requirement, provided the course was completed with a grade of "C" or better.

To file for one of the above exemptions, or to obtain information bulletins or test registration materials, call (562) 985-4007, go to www.csulb.edu/testing or go to Brotman Hall, Room 216.

Advanced Placement Credit

California State University, Long Beach grants credit toward its undergraduate degrees for successful completion of examinations of the Advanced Placement (AP) Program of the College Board. Students who present scores of three or better will be granted up to six semester units (nine quarter units) of college credit for each AP course. Refer to the Advanced Placement Examination Credit table in the Academic Information section of this Catalog.

More specific information is available from the Office of Enrollment Service at (562) 985-5471 or a student's major department.

International Baccalaureate Credit

Students with scores of 5 or higher (4 in certain subjects) in International Baccalaureate Higher Level courses will be awarded baccalaureate credit of 4 to 10 units, depending on course equivalency. Applicants to CSULB who wish to obtain lower-division course credit for completed International Baccalaureate Higher Level examinations must submit an official IB transcript. Course equivalency for Higher Level examinations completed with satisfactory scores is listed in the International Baccalaureate Examination Credit table in the Academic Information section of this *Catalog*.

For questions or information, please call the Office of Enrollment Service at (562) 985-5471 or consult the department.

Immigration Requirements for Licensure

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning these requirements is available from Academic Affairs, (562) 985-4128.

Immunization Requirements

Students enrolled in a California school for the seventh grade or higher on or after July 1, 1999 will have satisfied the requirements for Hepatitis B and for Measles/Rubella. Entering CSULB students who have not satisfied these requirements must comply with the following requirements. These are not admission requirements, but students who do not satisfy them will not be permitted to enroll in the California State University. Failure to comply will result in a "hold" on future registration.

- Measles and Rubella Immunization: All new and readmitted students born after January 1, 1957 must provide proof of full immunization against measles and rubella prior to enrollment.
- Hepatitis B Immunization: All first time enrollees 18 years of age or younger at the start of their first term at CSULB must provide proof of full immunization against Hepatitis B before enrolling. Full immunization against Hepatitis B consists of three timed doses of vaccine over a minimum 4 to 6 months period.
- Meningococcal Disease Information: Each incoming freshman who will be residing in on-campus housing will be required to return a form to housing indicating that they have received information about meningococcal disease and the availability of the vaccine.

References: CSU Executive Order No. 803
Immunization Requirements / California Assembly Bill 1107.

Measles/Rubella & Hepatitis B clearance is obtained by presenting to Student Health Services 1) a medical immunization record showing dates of shots given, or 2) a record of blood tests showing immunity, or 3) receiving immunization(s), or 4) making a request for medical or personal religious exemption. Students may receive the immunizations from their health care provider, HMO, or Public Health Department at low, or no cost. Immunizations may also be obtained at Student Health Services with no charge for Measles and Rubella and at Student Health Services cost for each Hepatitis B injection (series of 3). Acceptable proof may be by records from high school, private health care providers, and local health departments.

For details on immunization requirements and where to obtain vaccines, call Student Health Services, go to www.csulb.edu/shs or go to the Student Health Center at the corner of Beach Drive and Merriam Way.

Student Selection and Denial

The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant's suitability and the best interests of the University.

Estimated Expenses

Students should be prepared to meet expenses for fees within 30 days of registration. Books should be purchased when classes begin. Other expenses are ongoing and must be anticipated monthly and included in the total cost of attendance. Expenses generally go up an average three to four percent per year. Actual costs depend upon where the student lives and if there are dependent children. Financial aid programs are designed to help students meet standard University-related expenses during the academic year. The following budgets will assist students in planning costs for average expenses: (Costs include University fees, books and supplies, room and board, personal miscellaneous and transportation based on 2009-2010 CSULB budgets.)

Undergraduate living at home with parents (nine month term)	\$13,764
Undergraduate living in a residence hall (nine month term)	\$20,052
Single undergraduate living off-campus (apartment, house nine month term, assumes shared housing)	\$20,406

Housing

Living on campus is the ultimate way for students to enhance their college experience. There are more than 2,500 bed spaces and three dining halls to accommodate both new and continuing students. Housing applications are generally accepted each March.

All first-time freshmen are required to live in campus residence halls during their first year at CSULB unless they are over 21 years old or will be living at home with a parent(s) or legal guardian(s) during their entire freshman year. Exemptions will be considered if verification is presented for students who are veterans or currently active duty; students who are married, domestically partnered, and/or have legally dependent children; students who have been independent and not claimed by their parent(s) for two calendar years; students carrying five units or less per semester for the entire academic year; students with special circumstances, such as medical or disability circumstances.

For more information about on and off-campus housing, call (562) 985-4187, go to www.csulb.edu/housing or go to the Housing Office at the corner of Atherton Street and Earl Warren Drive.

FEES AND FINANCIAL AID

Schedule of Fees 2009-2010

Legal residents of California are not charged tuition. The following reflects applicable systemwide fees and nonresident tuition for the semester system in which CSULB operates.

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as **estimates** that are subject to change upon approval by The Board of Trustees.

Students who wish to drop units AND to simultaneously or subsequently add the same number of units to accomplish this exchange may do so without financial penalty in State University Fees, provided this exchange in units meets all other signature requirements. This activity may not occur later than 14 days from the first day of instruction.

All Students

Application Fee (nonrefundable), payable by check or money order at time application is made: \$55.00. These fees are subject to change. Check the current *Schedule of Classes* for fees each semester.

Undergraduate

State University Fee (per semester)

6.1 units or more	\$2,013.00
0 units to 6.0 units	\$1,167.00

Other Mandatory Activity Fees (per semester)

Facilities Fee	\$3.00
Instructionally Related Activities Fee (IRA)	\$25.00
Associated Students Inc. Fee	\$44.00
University Student Union Fee	\$50.00
Student ID Card	\$5.00
Student Health Services Fee	\$45.00
Total Resident Fees Per Semester	
0.1 to 6.0 units	\$1,339.00
Total Resident Fees Per Semester	
6.1 or more units	\$2,185.00

Credential Program Participants

State University Fee (per semester)

6.1 units or more	\$2,337.00
0 units to 6.0 units	\$1,356.00

Graduate

State University Fee (per semester)

6.1 units or more	\$2,481.00
0 units to 6.0 units	\$1,440.00

Other Mandatory Activity Fees (per semester)

Facilities Fee	\$3.00
Instructionally Related Activities Fee (IRA)	\$25.00
Associated Students Inc. Fee	\$44.00
University Student Union Fee	\$50.00
Student ID Card	\$5.00
Student Health Services Fee	\$45.00
Total Resident Fees Per Semester	
0.1 to 6.0 units	\$1,612.00
Total Resident Fees Per Semester	
6.1 or more units	\$2,653.00

Mandatory systemwide fees are waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Doctoral Programs*

State University Fee (per semester)

All students	\$4,338.00
--------------------	------------

* Applicable term fees apply for campuses with special terms, as determined by the campus. Total College Year fees cannot exceed the Academic Year plus Summer Term fees (Summer Term fee rate is \$4,338).

Graduate Business Professional Fee

All students (per unit)	\$210.00
-------------------------------	----------

The Graduate Business Professional Fee is paid on a per unit basis in addition to the SUF and campus fees for the following graduate business programs:

Master of Business Administration (M.B.A.)

Nonresident Students (U.S. and Foreign) Tuition

Non-Resident Tuition is charged to all U.S. non-California residents and Foreign students. Tuition is \$372.00 per unit, in addition to applicable State University and Other Mandatory Fees. (Tuition is subject to change by State Legislative action without notice.)

The total nonresident tuition paid per term will be determined by the number of units taken. The maximum nonresident tuition per academic year (as of 2009-10) is \$11,160.00 (Fall and Spring terms). Summer term is not part of the regular academic year.

No fees of any kind will be required of or collected from those individuals who qualify for such exemption under the provisions of the Alan Pattee Scholarship Act, AB 540, or other applicable legislation.

Optional Fees (per semester)

The following represents rates for the Fall 2009 and Spring 2010 semesters and are subject to change.

Motorcycle and Moped Parking (per semester)	\$30.00
Automobile Parking (per semester)	\$123.00
Replacement Parking Permit	Full Price

Other Fees and Charges (non-refundable)

Late Registration	\$25.00
Application and Reapplication Fee	\$55.00
Diploma/Commencement Fee	\$45.00

Missed Deadline Fee.....	\$10.00
Dishonored Check and Echeck Charge	\$20.00
(If the Dishonored Check was for payment of registration fees, the Late Registration Fee may also apply)	
Disputed Credit Card Charge	\$10.00
Complete transcript of record.....	\$4.00
Replacement of Student ID Card	\$5.00
Late Payment Fee.....	\$10.00

Parking Fee

Parking at CSULB is limited. Parking permits are required 24 hours a day, Monday through Friday, and the vehicle code is enforced at all times. Please contact the Parking Office (562) 985-4146 for additional information.

To request a partial or full refund, attach all parking documents, permits stickers, decals and gate cards to the refund application and return to Student Account Services, Brotman Hall 148. Refer to the *Schedule of Classes* for deadline information. If parking documents are not available or have not been received, students MUST contact the Parking Administration Office located on Merriam Way adjacent to the parking structure. If any of these parking documents are affixed to the vehicle, their removal by a campus security officer or under the officer's direction, shall constitute appropriate return. Attach all parking documents, permits stickers, decals and gate cards to the refund application and return to Student Account Services, BH 148. There shall be no refund if such amount is less than \$10.

There shall be no refund for:

1. Coin operated parking meters.
2. Daily permits for coin operated parking gates.
3. Special events.
4. Fees paid by monthly payroll deductions.

Auditors

Students enrolled as auditors, not for credit, are exempt from payment of the application fee, but must pay fees appropriate to the number of units taken.

Payments

Total fees include the State University Fee, Non-Resident Tuition, other campus mandatory fees as well as course fees. Payment of fees is required 30 calendar days after registration, or approximately 12 days prior to the first day of instruction, whichever is earlier. For payment deadlines, refer to the *Schedule of Classes*. Payment must be received by the due date or the student's registration request may be cancelled; postmarks are not accepted. Students who have not completed their registration before 12 days prior to the first day of instruction, must make payment within 24 hours of their registration.

Students are encouraged to make immediate payment to confirm their enrollment requests as classes fill quickly due to CSULB's high enrollment. They may also make a payment before registering (i.e. a deposit), if they choose.

Payment can be satisfied by cash, check, Echeck, credit card, Financial Aid deferments, actual Financial Aid awards, approved payment plans, other approved fee deferments, approved private scholarships, approved tuition waivers, or confirmed third party sponsors. Payments can be made in the following ways:

- Check
 - In person at the Cashiers Windows, Brotman Hall 148
 - Mailed to the Cashiers, Brotman Hall 148, CSULB, 1250 Bellflower Blvd., Long Beach, CA 90840-0103
- Cash
 - In person only at the Cashiers Window, Brotman Hall 148
- ECheck (self service over the web at <http://my.csulb.edu>)
- Credit Card
 - Payment of student fees can be made by credit card (Discover, American Express, or MASTERCARD - VISA not accepted - only) at:
 - Self-Service/Smart Pay – over the web at <http://my.csulb.edu> (Smart Pay charges a 2.9% convenience fee)
 - Self-Service over the web at <http://my.csulb.edu>
 - Payment of fees CANNOT be made if disputed credit card charges exist on your account.
 - Contact Student Account Services for further information.

Short Term Loans

A limited number of short term loans to assist in paying for registration fees, books, or authorized emergencies are available to qualified students on a first come, first served basis. Information about this program is available at Brotman Hall 148, Cashiering Windows. Recorded Information is available by calling (562) 985-8280.

Installment Payment Plan

The Installment Payment Plan is available to all eligible students except financial aid recipients who have sufficient funds to cover the State University Fee. A \$33 non-refundable charge is assessed to defer the administrative costs of the program. A 9% service charge is assessed to the deferred balance for non-resident tuition and international Visa students. An Installment Plan Contract must be obtained from Brotman Hall 148, Cashiering Windows before submitting payment.

Refund of Mandatory Fees, Including Nonresident Tuition

Regulations governing the refund of mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in Section 41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-support academic programs at the California State University. Refunds of fees and tuition charges for self-supported programs at the California State University (courses offered through extended education) are governed by a separate policy established by the university.

In order to receive a full refund of mandatory fees, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available in the *Schedule of Classes*.

For state-supported semesters, quarters, and non-standard terms or courses of four (4) weeks or more, a

student who withdraws during the term in accordance with the university's established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

For state-supported semesters, quarters, and non-standard terms or courses of less than four (4) weeks, no refunds of mandatory fees and nonresident tuition will be made unless a student cancels registration or drops all classes prior to the first day in accordance with the university's established procedures and deadlines.

Students will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the university.

Information concerning any aspect of the refund of fees may be obtained from the Student Account Services Office.

Refunds of Registration and Tuition Fees

Details regarding Registration and Tuition Fee Refunds may be found in the on-line *Schedule of Classes*. As this information may differ from one semester to another, students are advised to refer to the *Schedule of Classes* for that particular semester. Students must complete the class drop or withdrawal process prior to becoming eligible for any credit of fees. The amount to be refunded is determined by the effective withdrawal or drop date. In addition, any other outstanding financial obligations that the student may have incurred will be deducted from any credits due to the student before a refund is processed. Refund deadlines are reflected in the *Schedule of Classes*. A \$10.00 processing fee will be withheld from the refunds.

Details regarding refunds due to Medical Withdrawals can be found in the *Schedule of Classes*.

Further details regarding fees that may be refunded and the circumstances under which they may be refunded may be obtained by consulting the California Code of Regulations, Title V, in the following sections:

Registration and Tuition Fees – Section 41802

Parking Fees – Section 42201

Housing Fees – Section 42019

The following fees are non-refundable: Late Fees, Application Fees, Disputed Credit Card Fees, Dishonored Check Fees, Student I.D. Card Replacement Fees, Late Payment Fees.

Special Circumstances Refunds

There are two levels of financial appeals. They are as follows:

1. Request for Refunds After Published Deadlines:

Students who withdraw or drop in units after the deadlines detailed in the *Schedule of Classes* have passed, may appeal for a Special Circumstances Refund based on the following:

- A. Campus Variation
- B. Compulsory Military Service
- C. Death of Student
- D. Fees Collected in Error

Further information regarding Special Circumstances Refunds by calling the Student Account Services Office at (562) 985-4167.

2. Financial Appeals Independent Review Committee (F.A.I.R.)

If a student wishes to petition the decision made at the first appeal level, a written request must be submitted to the F.A.I.R. Committee (BH 155) for review.

This Committee has been approved by the President as the final financial appeal level. It consists of representatives from various University Offices. F.A.I.R. will only review appeals for the current academic year.

Determination of Residence for Nonresident Tuition Purposes

University requirements for establishing residency are independent from those of other types of residency, such as for tax purposes, or other state or institutional residency. These regulations were promulgated not to determine whether a student is a resident or nonresident of California, but rather to determine whether a student should pay University fees on an in-state or out-of-state basis. A resident for tuition purposes is someone who meets the requirements set forth in the Uniform Student Residence Requirements. These laws governing residence for tuition purposes at the California State University are California Education Code sections 68000-68090, 68120-68134, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the California State University's website at www.calstate.edu/GC/resources.shtml.

Each campus's Admissions Office is responsible for determining the residence status of all new and returning students based on the Application for Admission, Residency Questionnaire, Reclassification Request Form, and, as necessary, other evidence furnished by the student. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

Generally, establishing California residence for tuition purposes requires a combination of physical presence and intent to remain indefinitely. An adult who, at least one full year prior to the residence determination date for the term in which enrollment is contemplated, can demonstrate both physical presence in the state combined with evidence of intent to remain in California indefinitely may establish California residence for tuition purposes. A minor normally derives residence from the parent(s) they reside with or most recently resided with.

Evidence demonstrating intent may vary from case to case but will include, and is not limited to, the absence of residential ties to any other state, California voter registration and voting in California elections, maintaining California vehicle registration and driver's license, maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or occupying or renting an apartment where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire that includes questions concerning their financial dependence on parents or others who do not meet University requirements for classification as residents for tuition purposes. Financial independence is required, along with physical presence and intent, to be eligible for reclassification.

Non-citizens establish residence in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States.

Exceptions to the general residence requirements are contained in California Education Code sections 68070-68084 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906-41906.5, and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and most students who have attended three years of high school in California and graduated or attained the equivalent. Whether an exception applies to a particular student cannot be determined before the submission of an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

The campus Office of Enrollment Services is responsible for determining the residence status of all new and returning students for nonresident tuition purposes. Responses to the Application for Admission, Residency Questionnaire, and Reclassification Request Form, and, as necessary, other evidence furnished by the student are used in making this determination. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

The following statement of the rules regarding residency determination for nonresident tuition purposes is not a complete discussion of the law, but a summary of the principal rules and their exceptions. The law governing residence for tuition purposes at the California State University is found in California Education Code, sections 68000-68090, 68120-68134, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the California State University's website at www.calstate.edu/GC/resources.shtml.

Legal residence may be established by an adult who is physically present in the state and who, at the same time, intends to make California his or her permanent home. Steps must be taken at least one year prior to the residence determination date to show an intent to make California the permanent home with concurrent relinquishment of the prior legal residence. The steps necessary to show California residency intent will vary from case to case. Included among the steps may be registering to vote and voting in elections in California; filing resident California state income tax forms on total income; ownership of residential property or continuous occupancy or renting of an apartment on a lease basis where one's permanent belongings are kept; maintaining active resident memberships in California professional or social organizations; maintaining California vehicle plates and operator's license; maintaining active savings and checking accounts in California banks; maintaining permanent military address and home of record in California if one is in the military service.

The student who is within the state for educational purposes only does not gain the status of resident regardless of the length of the student's stay in California.

In general, an unmarried minor (a person under 18 years of age) derives legal residence from the parent with whom the minor maintains or last maintained his or her place of abode. The residence of an unmarried minor who has a parent living cannot be changed by the minor's own act, by the appointment of a legal guardian or by the relinquishment of a parent's right of control.

A married person may establish his or her residence independent of his or her spouse.

An alien may establish his or her residence, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States. An unmarried minor alien derives his or her residence from the parent with whom the minor maintains or last maintained his or her place of abode.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire including questions concerning their financial dependence on parents who cannot satisfy University requirements for classification as residents for tuition purposes, which will be considered along with physical presence and intent in determining reclassification.

The general rule is that a student must have been a California resident for at least one year immediately preceding the residence determination date in order to qualify as a "resident student" for tuition purposes. A residence determination date is set for each academic term and is the date from which residence is determined for that term. Residence determination dates are: Fall – September 20; Spring – January 25; Summer – June 1.

There are exceptions from nonresident tuition including:

1. Persons below the age of 19 whose parents were residents of California but who left the state while the student, who remained, was still a minor. When the minor reaches age 18, the exception continues until the student has resided in the state the minimum time necessary to become a resident;

2. Minors who have been present in California with the intent of acquiring residence for more than a year before the residence determination date, and entirely self-supporting for that period of time. The exception continues until the student has resided in the state the minimum time necessary to become a resident;
3. Persons below the age of 19 who have lived with and been under the continuous direct care and control of an adult or adults, not a parent, for the two years immediately preceding the residence determination date. Such adult must have been a California resident for the most recent year. The exception continues until the student has resided in the state the minimum time necessary to become a resident;
4. Dependent children and spouse of persons in active military service stationed in California on the residence determination date. Graduate students are eligible for this exception for one academic year of continuous enrollment, the length of time necessary to establish California residency. There is no time limitation on this exception unless the military person transfers out of California or retires from military service. If either of those events happen, the student's eligibility for this exception continues until he or she resides in the state the minimum time necessary to become a resident;
5. Military personnel in active service stationed in California on the residence determination date for purposes other than education at state-supported institutions of higher education. This exception is available to the graduate student military member for no more than one academic year of continuous enrollment, the length of time necessary to establish California residency. The undergraduate student military member is eligible for this exception for as long as he or she is stationed in California as an active member of the military.
6. Military personnel in active service in California for more than one year immediately prior to being discharged from the military. Eligibility for this exception runs from the date the student is discharged from the military until the student has resided in state the minimum time necessary to become a resident.
7. Dependent children of a parent who has been a California resident for the most recent year. This exception continues until the student has resided in the state the minimum time necessary to become a resident, so long as continuous residence is maintained at an institution.
8. Graduates of any school located in California that is operated by the United States Bureau of Indian Affairs, including, but not limited to, the Sherman Indian High School. The exception continues so long as continuous attendance is maintained by the student at an institution.
9. Certain credentialed, full-time employees of California school districts;
10. Full-time State University employees and their children and spouses; State employees assigned to work outside the State and their children and spouses. This exception continues until the student has resided in the state the minimum time necessary to become a California resident;
11. Children of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of law enforcement or fire suppression duties;
12. Certain amateur student athletes in training at the United States Olympic Training Center in Chula Vista, California. This exception continues until the student has resided in the state the minimum time necessary to become a resident;
13. Federal civil service employees and their natural or adopted dependent children if the employee has moved to California as a result of a military mission realignment action that involves the relocation of least 100 employees. This exception continues until the student has resided in the state the minimum time necessary to become a resident;
14. State government legislative or executive fellowship program enrollees. The student ceases to be eligible for this exception when he or she is no longer enrolled in the qualifying fellowship.
15. Persons who have attended a California high school for at least three years and have graduated from a California high school or equivalent. Please Note: Those who hold non-immigrant visas (i.e. F, J, B, H, etc.) are not eligible for this exception. Those seeking this exception must fill out the Student Affidavit for Exemption of Nonresident Tuition form, which is available at www.csulb.edu/enrollment. Once this exception is approved, it is not necessary to reapply each semester. This is the only exception for which this is true.

Students classified as non-residents may appeal a final campus decision within 120 days of notification by the campus. A campus residence classification appeal must be in writing and submitted to: The California State University, Office of General Counsel, 401 Golden Shore, 4th Floor, Long Beach, California 90802-4210. The Office of General Counsel can either decide the appeal or send the matter back to the campus for further review.

Students incorrectly classified as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is also subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations. Resident students who become nonresidents, or who no longer meet the criteria for an exception, and nonresident students qualifying for exceptions whose basis for so qualifying changes, must immediately notify the Admissions Office. Applications for a change in classification with respect to a previous term are not accepted.

The student is cautioned that this summation of rules regarding residency determination is by no means a complete explanation of their meaning. The student should also note that changes may have been made in the rate of nonresident tuition, in the statutes, and in the regulations between the time this catalog is published and the relevant residence determination date.

Changes in residency for tuition purposes are not automatic. Students wishing to apply for residence reclassification must submit a Residence Reclassification

Request Form and supporting documentation. The filing period for a spring term is from October 1 through November 1; the filing period for a fall or summer term is from March 1 through April 1. A ten-dollar late filing fee must accompany requests filed after the last date of the filing period. Under no circumstances will a reclassification request be accepted for a term that has ended.

Exceptions from nonresident tuition are valid for one semester only. Students must reapply for an exemption each semester. Forms are located at the Office of Enrollment Services, BH 101.

Financial Obligations and Holds

University offices, including but not limited to the Library, may request that a student reimburse the University for an item that was not returned, returned late or damaged; or they may impose other charges. The requesting office may ask the Student Account Services Office to post this charge to the student's account. Once posted it becomes an obligation to the student. Student Account Services will be able to provide general information concerning obligations. The student will be directed to the appropriate department in which to inquire about the obligation. Until all obligations are paid, or a written release from the originating office is received by the Student Account Services Office, a financial hold will be placed on academic records and the student is restricted from receiving University services, including but not limited to registration, grades, and transcripts. If the obligation continues to appear on the University reports, the student's name will be submitted to the Franchise Tax Board. In this case, the student or former student, permanently loses the privilege of submitting checks as payment for fees or services. (Acceptable methods of payment are cash, cashiers' check or money order). The State then has the authority to withhold amounts owed to the University from any tax refund to which the student may be entitled.

To pay your balance due – Cashier's Office, BH 148.

For information regarding the amount due – Student Account Services, BH 148 or call Student Account Services at (562) 985-4167.

Dishonored Checks / EChecks

Students paying fees by personal check or Echeck are hereby given notice that if the unpaid check is returned dishonored to the University FOR ANY REASON, a \$20.00 fee is charged to the student's account. The University has no control whether the bank sends checks through a second time for clearing. The check should be honored upon first presentation to the bank.

In compliance with California Code of Regulations, Title V, Section 42381, students with dishonored checks may be disenrolled from classes and may be required to reapply for admission to the University. Also, future services including, but not limited to, transcripts, grades, and future registration may be withheld.

Dishonored checks are monitored in the student's record. Any student with a record of two (2) dishonored checks or Echecks will lose check writing privileges with the University and future payments by personal check will not be accepted.

Disputed Credit Card Charge

Students are strongly encouraged to contact the Student Account Services (BH 148) or call Student Account Services at (562) 985-4167, before disputing a credit card charge through the bank. Upon receipt of a disputed credit card charge, the amount of the credit card charge plus a \$10.00 fee becomes the STUDENT'S financial obligation to the University. Payment of Registration fees with a credit card charge which has later been disputed may result in disenrollment and in withholding of future University services including, but not limited to, transcripts, grades, and future registration (California Code of Regulations, Title V, Section 42381). Students who are disenrolled may be required to reapply for admission to the University.

Fees and Debts Owed to the Institution

Should a student or former student fail to pay a fee or a debt owed to the institution, the institution may withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise, or any combination of the above from any person owing a debt until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course. Fees are pro-rated based on the date of drop or withdrawal. Refer to the current *Schedule of Classes* for more information.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. The institution may also report the debt to a credit bureau, offset the amount due against any future state tax refunds due the student, refer the debt to an outside collection agency and/or charge the student actual and reasonable collection costs, including reasonable attorney fees if litigation is necessary, in collecting any amount not paid when due.

If a person believes he or she does not owe all or part of an asserted unpaid obligation, that person may contact the campus business office. The business office, or another office on campus to which the business office may refer the person, will review all pertinent information provided by the person and available to the campus and will advise the person of its conclusions.

Financial Assistance Information

There are a variety of financial aid programs to assist students and families with meeting expenses. The following information concerning student financial assistance may be obtained from Financial Aid, BH 101, (562) 985-8403:

1. A description of the federal, state, institutional, local, and private student financial assistance programs available to students who enroll at CSULB;
2. For each aid program, a description of procedures and forms by which students apply for assistance, student eligibility requirements, criteria for selecting recipients

- from the group of eligible applicants, and criteria for determining the amount of a student's award;
3. A description of the rights and responsibilities of students receiving financial assistance, including federal Title IV student assistance programs, and the criteria for continued student eligibility under each program;
 4. The satisfactory academic progress standards that students must maintain for the purpose of receiving financial assistance and criteria by which a student who has failed to maintain satisfactory progress may reestablish eligibility for financial assistance;
 5. The method by which financial assistance disbursements will be made to students and the frequency of those disbursements;
 6. The terms of any loan received as part of the student's financial aid package, a sample loan repayment schedule, and the necessity for repaying loans;
 7. The general conditions and terms applicable to any employment provided as part of the student's financial aid package;
 8. The responsibility of CSULB for providing and collecting exit counseling information for all student borrowers under the federal student loan programs; and
 9. The terms and conditions for deferral of loan payments for qualifying service under the Peace Corps Act, the Domestic Volunteer Service Act of 1973, or comparable volunteer community service.

Information concerning the cost of attending California State University, Long Beach is available from the Office of Financial Aid, BH 101, (562) 985-8403, and includes fees and tuition (where applicable); the estimated costs of books and supplies; estimates of typical student room, board, and transportation costs; and, if requested, additional costs for specific programs.

Information concerning the refund policies of California State University, Long Beach for the return of unearned tuition and fees or other refundable portions of institutional charges is available from the Controller, BH 365.

Information concerning policies regarding the return of federal Title IV student assistance funds as required by regulations is available from the Office of Financial Aid, BH 101, (562) 985-8403.

Information concerning athletic opportunities available to male and female students and the financial resources and personnel that CSULB dedicates to its men's and women's teams may be obtained from Cindy Masner, Sports Athletics and Recreation, 562-985-8527.

Information concerning teacher preparation programs at CSULB, including the pass rate on teacher certification examinations, may be obtained from either Elementary/Special Education Admission Advising, ED1 54, (562) 985-9259, Elementary Education: www.csulb.edu/cedinfo, Special Education: www.csulb.edu/colleges/colled/special-education, or Single Subject Office, ED 1 53, (562) 985-7623, www.csulb.edu/depts/singlesubj.

The Office of Financial Aid at CSULB provides both financial and advisory assistance to enable students to pursue a quality education despite increasing costs. It administers funds made available by the federal and state

governments, CSU and by private sources that are awarded to students who demonstrate a need to cover educational expenses.

Due to limited funding, deadlines are critical. Students financial aid files must be complete before financial need can be determined. Students must file a Free Application for Federal Student Aid (FAFSA) between January 1 and March 2 for priority status.

Financial Aid Application

To apply for financial aid from CSULB, students must file the Free Application for Federal Student Aid (FAFSA). The FAFSA is a multi-purpose form that is also required to apply for California Grants from the California Student Aid Commission (CSAC) and for Pell Grant funds from the federal government. The FAFSA should be completed online at www.fafsa.ed.gov. Students unable to complete the FAFSA on the Web may call 800-4FED-AID and request a paper application or may download a copy at http://fsa.ed.gov/fafsa/fafsa_options.html. To ensure CSULB receives the FAFSA data, list CSULB and the Title IV School Code 001139 on the college release section. New applicants for Cal Grants (including entering freshman) must submit a GPA Verification Form in addition to the FAFSA by the March 2 deadline. GPA Verification Forms are available from high school counselors or any California College Financial Aid Office

Detailed information about CSULB financial aid programs is available in the Office of Financial Aid, BH 101, (562) 985-8403. The submission of various supportive documents may be required. These may include the following: (1) verification of all taxable and nontaxable income reported on the FAFSA; and (2) other clarifying information requested by the Office of Financial Aid. Upon receipt of all documentation, the applicant's file is evaluated to determine eligibility for financial aid. A student is automatically considered for all programs for which he/she qualifies at the University by submitting the FAFSA, and appropriate supporting documents. All loan, grant and workstudy programs are available for the academic year. Students expecting to receive a financial aid refund are required to provide bank account information to CSULB in order to facilitate electronic refunds to students (eRefund).

Financial Aid Eligibility

To determine financial aid eligibility, a standard needs analysis system is used. This system allows the Office of Financial Aid to analyze family financial strength and ability to contribute toward the cost of attending CSULB. Subtracted from the student's educational expenses to arrive at financial need are: the parental contribution, the applicant's (and spouse's) contribution from employment, savings, a portion of assets and other resources. As long as program funds permit, a "package" consisting of various types of funds (grants, loans, work-study) is awarded to meet full need.

Although enrollment is assumed to be full-time, part-time students are eligible to receive aid if they carry a minimum of six undergraduate units, or 5 graduate level units.

Notification of Awards

Upon determination of eligibility, new students are sent notice of a financial aid offer. Students are also notified if determined to be ineligible.

It is the goal of CSULB to package aid that fully meets the need of all qualified aid applicants. However, in the event that funds are insufficient, priority will be given to students whose financial aid files meet the first priority deadlines and who demonstrate the highest need.

Academic Responsibilities

Aid recipients must:

1. be in good academic standing;
2. make satisfactory academic progress toward a degree by earning credit for units attempted each semester; and
3. remain within the maximum time frame for the degree program in which the student is enrolled.

Aid eligibility is governed by the number of units attempted and successfully completed with a passing grade ("D" or better). Students who do not satisfactorily complete enough of their attempted units may be placed on financial aid probation or disqualified from receiving aid.

Most aid recipients enroll in a full-time program of study carrying 12 undergraduate units or 9 graduate level units (500-level courses or higher) per semester. To be considered an eligible financial aid applicant, students cannot have attempted more academic units than an established "unit limit." At CSULB, the established unit limit is 150% of the published length of an academic program measured in units. The unit limit includes all attempted units. This includes units attempted as a recipient of financial aid as well as units attempted while not receiving aid. It also includes transfer units for those students who have attended colleges elsewhere, and any units of remedial coursework.

For complete information on CSULB's satisfactory progress policy, go to their web site at www.csulb.edu/depts/enrollment/financial_aid/sap_policy.html.

Financial Responsibilities

If you are determined ineligible for financial aid, you are responsible for the payment of any University obligations you may have, including fees.

Students who are receiving financial aid funds and completely withdraw from all of their classes, may have to repay all or part of the award they received. Students should check with the financial aid office to find out if they will owe a repayment, before withdrawing from all of their classes.

Campus Financial Aid Programs

Federal Perkins Loans

The Federal Perkins Loan is a federal program providing long-term, low interest loans to both graduate and undergraduate students. Repayment of loan principal and interest begins nine months after you cease to be enrolled at last half-time.

Federal Supplemental Educational Opportunity Grant (SEOG)

The SEOG is a federally funded grant program for undergraduate students with exceptional financial need.

Federal Work-Study (FWS)

The work-study program is a federally funded employment program to expand part-time job opportunities for students with financial need. Students are placed in jobs according to their skills, career and academic goals and must see the Office of Financial Aid for job referral. Positions are available on campus or with organizations off campus.

Educational Opportunity Program Grants

EOP grants are provided by the State of California for undergraduate students who are admitted to a CSU campus through the Educational Opportunity Program and demonstrate the same need criteria as federal financial aid. For further information, contact the EOP Admissions Office at (562) 985-7646 or www.csulb.edu, or at the EOP Office at LA3-200.

State University Grant

The State University Grant is funded by the State of California to assist students whose ability to attend postsecondary institutions is jeopardized by increases in student fees. Students must be residents of California, demonstrate financial need, and be assessed State University Fees to be eligible for this award.

Graduate Research Fellowships

The Graduate Research Fellowship is funded by the California State University to graduate students who have experienced educational or economic disadvantages or hardships. Applicants must be California residents, demonstrate financial need and be accepted into or continuing in a full-time graduate program. Limited awards are made through a competitive process.

Scholarship Information

Scholarships at CSULB are administered by several offices, including the Office of Financial Aid, the Center for Scholarship Information, and some academic departments. Scholarships may be awarded to qualified students based upon academic achievement, leadership, financial need or a specific area of study and/or ability. Students may access a database of on- and off-campus scholarships and receive guidance on the entire scholarship process, including support on applications, personal statements and essays, at the Center for Scholarship Information. For more information, call (562) 985-2549, go to www.csulb.edu/scholarships or visit the Center at the University Student Union, Room 238.

President's Scholars' Program

The CSULB President's Scholars' Program provides California high school seniors who are qualifying valedictorians from accredited high schools or national scholars (National Merit Finalists and Semifinalists, National Achievement and National Hispanic Recognition scholars) an opportunity to compete for an exceptional four-year scholarship package that includes registration fees, housing and book allowances. Applications are available from high school counselors. For further information, call (562) 985-5358, go to www.csulb.edu/presidents-scholars or visit the Outreach Office at Brotman Hall, Room 289.

Outside Student Aid Programs

The following programs are administered by other agencies and coordinated by the Office of Financial Aid:

Cal Grant A

Cal Grant A is awarded by the California Student Aid Commission to entering and continuing undergraduate students who are California residents. Cal Grant A awards are based on academic achievement and financial need. Grants are used to offset State University Fees.

Cal Grant B

Cal Grant B is awarded by the California Student Aid Commission to entering undergraduate students who have not completed more than one semester of college. Applicants must be California residents, and must demonstrate substantial financial need. Grants vary depending on educational costs. Fees, in addition to the basic award, are normally provided in the second, third, and fourth years. The grant is renewable for four years.

Federal Pell Grant Program

The Pell Grant Program is a federal aid program designed to provide financial assistance to undergraduate students who demonstrate financial need under the guidelines of the program. Teacher credential students in an eligible program may also qualify. Once a student is determined eligible for the Pell Grant, the amount of the award is based on the cost of education at the school attended and enrollment on a half-time, three-quarter-time, or full-time basis. Eligibility is limited to U.S. citizens and eligible non-citizens.

Federal Stafford Loan

The Stafford Loan Program enables eligible students to obtain loans through banks, credit unions, and other lending institutions outside of the University. During the time the student is enrolled at least half-time, the federal government pays the interest on the cumulative amount borrowed if the loan is based on financial need (subsidized). An unsubsidized Federal Stafford Loan is not based on financial need. Once funds are disbursed, the student is responsible for interest due on the loan while in school. The Parent PLUS Loan is available to parents of dependent undergraduate students. The parent's credit history is a determinant for participation in this program.

Federal Academic Competitiveness Grant (ACG)

The ACG is a federal program awarded to eligible Pell Grant recipients in their first or second year of study. To qualify, first-year (0-29 units) undergraduate students must have completed a rigorous secondary school program after January 1, 2007. Second year (30-59 units) undergraduate students must have completed a rigorous program after January 1, 2006 and have established a cumulative GPA of at least 3.0 at the time of attaining 30 units.

National Science and Mathematics to Retain Talent Grant (SMART)

The National SMART Grant is a federal program awarded to eligible Pell Grant recipients during the third and fourth years of undergraduate study. To qualify, student must be majoring in physical, life, or computer sciences;

mathematics; technology or engineering; or in a foreign language determined critical to national security. Recipients must maintain a cumulative grade point average (GPA) of at least 3.0 in order to receive the grant.

The Teacher Education Assistance for College and Higher Education (TEACH) Grant

The TEACH Grant is designed for students who intend to teach full time in a high-need field at a public or private elementary or secondary school that the U.S. Department of Education has designated as having a high concentration of students from low-income families. In exchange for the TEACH grant, recipients agree to teach for at least four years within eight years of finishing their teacher preparation program. Grant recipients who are unable to complete any of the service requirements of the TEACH Grant Program will have their grants converted to a Federal Unsubsidized Stafford Loan.

Information, brochures, advising, and application forms are available from BH 101, or phone (562) 985-8403.

Federal regulations allow any student to apply for the Federal Stafford Loan provided the student: 1) is enrolled and in good standing or has been accepted for enrollment at an eligible school; 2) is enrolled as at least a half-time student; 3) is a citizen of the United States or an eligible non-citizen. Local lender policy is available from the Office of Financial Aid; 4) is registered with Selective Service (if required); 5) is working toward a degree or certificate; 6) is making satisfactory academic progress; and 7) does not owe a refund on a federal grant and is not in default on a federal education loan.

Fee Waivers

The California Education Code includes provisions for the waiver of mandatory systemwide fees as follows:

Section 66025.3 – Qualifying children, spouses/registered domestic partners, or unmarried surviving spouses/registered domestic partners of a war period veteran of the U.S. military who is totally service-connected disabled or who died as a result of service-related causes; children of any veteran of the U.S. military who has a service-connected disability, was killed in action, or died of a service-connected disability and meets specified income provisions; any dependents or surviving spouse/registered domestic partner who has not remarried of a member of the California National Guard who in the line of duty and in active service of the state was killed or became permanently disabled or died of a disability as a result of an event while in active service of the state; and undergraduate students who are the recipient of or the child of a recipient of a Congressional Medal of Honor and meet certain age and income restrictions;

Section 68075 (a) – An undergraduate student who is a member of the Armed Forces of the United States stationed in this state on active duty, except a member of the Armed Forces assigned for educational purposes to a state-supported institution of higher education, is entitled to resident classification only for the purpose of determining the amount of tuition and fees; (b) A student seeking a graduate degree who is a member of the Armed Forces of the United States stationed in this state on active duty, except a member of the Armed Forces assigned for educational purposes to a state-supported institution of higher education, shall be entitled to

resident classification only for the purpose of determining the amount of tuition and fees for no more than two academic years, and shall thereafter be subject to Article 5 (commencing with Section 68060);

Section 68120 – Children and surviving spouses/registered domestic partners of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of active law enforcement or fire suppression duties (referred to as Alan Pattee Scholarships); and

Section 68121 – Qualifying students enrolled in an undergraduate program who are the surviving dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks was a resident of California on September 11, 2001.

Students who may qualify for these benefits should contact the Admissions/Registrar's Office for further information and/or an eligibility determination.

Bureau of Indian Affairs (BIA) Grants

Students who are at least one-fourth American Indian, Eskimo, or Aleut may apply for a BIA grant. The amount of the grant depends upon financial need and availability of funds. Students must complete an application for financial aid and then contact their tribe or tribal agency for an application.

Federal/State Regulations

The information contained in this publication accurately reflects regulations and policies at the time of printing. Be aware that Federal and State regulations governing financial aid processing and eligibility are subject to change at any time.

Other Types of Financial Assistance

Internship Program Office

The Internship Program Office (Co-op) places students in paid career or academic related positions with corporations, businesses, agencies and institutions. For more information, contact the Internship Program Office at (562) 985-8463 or http://careers.csulb.edu/job_search/internships/index.htm, or go to Brotman Hall, Room 250.

Student Part-Time Employment

Listings are available and assistance is offered in the Career Development Center to students interested in part-time employment. On-campus and off-campus positions are available. Students can access these listings on BeachLink, CSULB's online job posting board at <http://careers.csulb.edu>.

Teaching Associateships and Graduate Assistantships

Many CSULB departments have Teaching Associate (TA) and/or Graduate Assistant (GA) positions available for qualified graduate students. Students should check in department offices or on the campus web site for more information.

ACADEMIC SERVICES AND CAMPUS LIFE

Orientation and Advising

Student Orientation, Advising and Registration

SOAR is the comprehensive orientation workshop to help newly admitted students transition – both academically and socially – to CSULB. All new undergraduate students are required to attend SOAR before registering for classes. Students must be formally admitted to CSULB and have paid the CSULB Enrollment Deposit in order to sign up and attend SOAR.

Newly admitted Graduate and Post-Baccalaureate students are neither required nor eligible to attend SOAR. For information about the Graduate Student Orientation Program, contact Academic Projects at (562) 985-2351.

SOAR Freshman Workshops

Newly admitted freshmen must participate in either a one-day SOAR workshop or a two-day overnight program. One-day freshman workshops include a campus tour, academic advising, and assistance with class selection and registration. One-day workshops are offered in the summer for students who are admitted for fall. The two-day, overnight SOAR program provides academic advising, class selection and assistance with the registration process, introduces freshmen to college life/issues, and enables students to experience an overnight stay in the campus residence. For information, call (562) 985-5515, email soar@csulb.edu, or visit www.csulb.edu/soar.

SOAR Transfer Workshops

Each of the University's seven colleges collaborates with SOAR to sponsor college-specific transfer workshops. Most transfer students participate in a college-specific workshop where they meet with faculty advisors and receive assistance with class selection. For information, call (562) 985-5515, email soar@csulb.edu, or visit www.csulb.edu/soar.

Student Transition and Retention Services

The STARS program facilitates the transition and retention of CSULB's diverse student population by providing student-centered programs and services that foster student advancement toward graduation. STARS directs its major effort toward the advising, registration and orientation of new students. STARS also offers continued orientation, retention programs and leadership development opportunities, such as Life Guard Stations, Student Services Festival, Majors Fair, and Operation: Return to the Beach. For information, call (562) 985-5515, visit www.csulb.edu/soar or go to the Foundation Building, Room 150.

Parent Orientation Program

The POP program, occurring in conjunction with SOAR each summer, enables parents to support their CSULB student by providing information about CSULB's degree process and supporting student services. For information, call (562) 985-5458.

Advisement Centers on Campus

CSULB is committed to student success. University undergraduate academic advising services and academic departments are responsible for providing academic direction for new and continuing students. While advising offices mainly provide information and advise about general education, academic departments advise students about their major requirements and other important academic issues. Students are advised to check with advisors for current and relevant information.

University Center for Undergraduate Advising

This center provides services to the general University undergraduate student population. The center is located in the Horn Center, Room 103. For hours and appointments, call (562) 985-4837. Visit http://www.csulb.edu/divisions/aa/grad_undergrad/aac/ for information.

Prebaccalaureate Advising Support Services

PASS provides advising, placement, intervention, and support to admitted students who are required to complete Prebaccalaureate Writing Skills and Mathematics courses as mandated by the CSU Executive Order 665. For information, call (562) 985-7895, visit www.csulb.edu/pass or go to LA5-361.

College of Engineering Recruitment and Retention Center

This is an advising center. For information, call (562) 985-1800, email coe-admit@csulb.edu, visit www.csulb.edu/coe/aac or go to Engineering Computer Science (ECS) building, Room 115. An additional office for advising overload is located in the Vivian Engineering Center (VEC), Room 136.

MESA Engineering Program

MESA (Mathematics, Engineering, Science, Achievement) provides academic advisement for general education to low-income and educationally disadvantaged students in all engineering disciplines. The MEP staff work with engineering department advisors to provide current information on engineering course requirements. For information, call (562) 985-8014. Academic advisement is available by appointment and on a walk-in basis. The MEP office is located in Engineering 2, Room 300.

College of Health and Human Services Academic Advising and Resource Center

The CHHS Academic Advising and Resource Center (AARC) provides comprehensive advising for all CHHS discipline majors. For information and appointments, call (562) 985-2691, visit www.csulb.edu/colleges/chhs, email chhsaarc@csulb.edu, or go to Human Services and Design (HS&D), Room 117.

Student Access to Sciences and Mathematics Center

This center encourages and supports undergraduate and graduate students as they prepare for careers in the sciences and/or mathematics. There are many programs that combine

to make up SAS. Two programs in particular which relate to academic advising are Science Safari to Success and EONS (Enrollment Orientation to the Natural Sciences and Mathematics). Science Safari and EONS are orientation programs for all incoming freshmen and transfer students. For information, visit www.sascenter.org, call (562) 985-4682, or go to Faculty Office 5, Room 109 (FO5-109).

Bickerstaff Academic Center for Student-Athlete Services

This center provides support services for the NCAA Division 1 student-athletes. The BAC staff provides total advisement on academic program planning to meet CSULB graduation requirements and NCAA eligibility requirements, appropriate course suggestions to meet general education and major requirements, and assistance in the identification and clarification of educational and vocational goals. BAC actively monitors student-athlete academic progress and provides referrals to various campus support services to enhance their academic performances. For information, call (562) 985-4777 or go to PE-1, Room 67.

University Honors Program

This program requires no extra course work and includes small discussion classes with students who share similar interests and abilities; personalized academic advisement and guidance each semester; opportunities for a distinguished undergraduate record as one of fewer than 400 honors students on campus; and the opportunity to do an undergraduate thesis project in the area of the student's major. Students with strong SAT scores and a high school GPA of 3.7 or above, or with a college GPA of 3.5 or above, are eligible. For information, go to the Library, Room 214 or visit www.csulb.edu/uhp.

Global Learning Options for a Broader Education

This program is an academic program for first-time freshmen who are interested in international issues and wish to have at least one study abroad experience. Approximately fifty new freshmen are enrolled each fall. For information, call (562) 985-5585, visit www.csulb.edu/divisions/aa/iec/globe or go to Brotman Hall, Room 201.

Student Academic Support Services

CSULB provides a broad range of educational and student support services to assist students. The following programs compliment and support classroom instruction.

Career Development Center

This center provides resources and strategies for choosing a college major, developing career plans, finding internships, developing job search techniques and exploring other facets of the job search process. Services and programs at the center include the one-on-one career counseling, a Career Resource Library, the on-campus interview program, numerous job and internship fairs and numerous job/career skills workshops. For information, call (562) 985-4151, visit <http://careers.csulb.edu>, or go to Brotman Hall, Room 250.

Employment Opportunities

The Career Development Center receives thousands of job listings every year for full-time and part-time jobs,

internships and on-campus interview opportunities. Students can access these listings on BeachLink, CSULB's online job and internship posting board at <http://careers.csulb.edu>.

Internship Program

This is a Career Development Center program that serves as a resource for students seeking general internship information and advising. The Center maintains an updated listing of internship opportunities, including internships that have been approved for academic credit. For information, call (562) 985-8463, email internships@careers.csulb.edu or visit <http://careers.csulb.edu>.

Careers and Disabilities

This is a Career Development Center program designed to help students with disabilities meet the challenges of career planning and job placement. A student with a visual, hearing or speech impairment, a learning disability or limited mobility can learn strategies in this program that will help build bridges to meaningful employment. For information about Careers and Disabilities, call (562) 985-8468.

Disabled Student Services

This services (DSS) provides appropriate services and accommodations for students with disabilities, including registration assistance, note-taking, sign-language interpreting, reading, test proctoring, academic advising and scholarship information. DSS programs include the High Tech Center, which provides computer support services for students with disabilities; the Stephen Benson Learning Disability Program which provides support services for students with learning disabilities; and the WorkAbility IV Program, in conjunction with the Career Development Center which provides career planning, placement and job search assistance.

For information, call (562) 985-8038. Clients of the Department of Rehabilitation may call DSS to verify the receipt of authorization for tuition and parking payment at this office. DSS also assists with parking for the disabled.

For information, call (562) 985-5401, visit www.csulb.edu/dss or go to Brotman Hall, Room 270.

Center for Community Engagement

The CCE implements its mission through partnerships with three Alliances focusing on education, community, and students. These partnerships revolve around three key areas: Community Service Learning, Community-Based Research, and Engagement Initiatives. The Center is located in the Academic Services, Room 127. For information call (562) 985-7131, or visit www.csulb.edu/cce.

Educational Equity Services

Educational Equity Services (EES) provides access, academic support, financial assistance, and personal guidance and retention services to low-income, first-generation college students, migrant students and students from underrepresented groups. For information, call (562) 985-2028 or go to Liberal Arts 1, Room 229.

College Assistance Migrant Program (CAMP)

This program is designed to serve students who themselves or whose immediate family are migrant or seasonal farm workers. The goal of CAMP is to provide outreach and recruitment services to eligible students by

assisting them in completing their admissions and financial aid applications providing them with the necessary support services to help them transition easily during the first year in college. For information, call 985-2006, visit www.csulb.edu/camp or go to Liberal Arts 3, Room 202.

Educational Opportunity Center

The Educational Opportunity Center (EOC) is a federally funded program designed to identify and assist low income, first-generation adults who want to enter, re-enter or continue in a program of postsecondary education. Adults enrolled or interested in enrolling in a high school diploma or GED program are encouraged to seek services. For information, call (562) 570-3713, visit www.csulb.edu/eoc, or go to 3477 Atlantic Avenue 2nd Floor, Long Beach (cross streets Atlantic Avenue and East Wardlow Road.)

Educational Talent Search

This federally funded program identifies, selects, and assists low-income, first-generation individuals between the ages of 12 to 27 to continue in and graduate from secondary school and enroll in a postsecondary educational program. For information, call (562) 985-8730 or visit www.csulb.edu/ets.

McNAIR Scholars Program

This program provides academic support services, research opportunities and involvement in scholarly activities for 25 low-income, first-generation college students to increase their likelihood of enrollment and success in doctoral programs. The program provides support for a summer research project; academic support and assistance in seeking admission to graduate programs; and assistance in obtaining graduate financial aid. For information, call (562) 985-4886, visit www.csulb.edu/mcnair or go to Liberal Arts 3, Room 100.

Upward Bound Program

This program is a federally funded college preparatory program designed to assist first generation, low-income high school students who have the potential to pursue postsecondary education. program assists participants in their efforts to complete high school successfully and obtain a college education. It services summer and weekend academic instruction, tutoring, academic, personal and career counseling, cultural activities and college application and admissions assistance. For information, call (562) 985-5520 or visit www.csulb.edu/upwardbound.

Educational Opportunity Program (EOP)

EOP is a state funded program that provides access/admissions support, academic support and retention services to low-income, first-generation college students overcome the obstacles that may prevent them from furthering their education and reaching their potential. For information, call (562) 985-5637, visit www.csulb.edu/eop, or go to Liberal Arts 1, Room 119.

Summer Bridge Program

This program provides an intensive-six week residential summer experience for selected first-time freshmen EOP students. It provides English and mathematics instruction, tutoring, orientation to the campus, study skills workshops and enrichment activities to prepare students for the challenges of college. For information, call (562) 985-5637, visit www.csulb.edu/summerbridge or go to Liberal Arts 1, Room 119.

Learning Assistance Center

The Center offers a variety of services to help students succeed in any course, at any academic level. Special resources are also available to assist GEAR candidates. For information, or for appointments, call 562-985-5350, visit www.csulb.edu/lac or go to Horn Center, Room 104.

Partners for Success

This program matches first-generation college students with faculty mentors who assist students with adjusting to campus life and with achieving their academic goals. The program creates a supportive environment where faculty mentors act as friendly advisors and help students become comfortable and successful in a university setting. To apply for this program or for information, call (562) 985-7562, visit www.csulb.edu/partners or go to the University Student Union, Room 224.

Study Abroad Programs

This program assists CSULB students and faculty to select and prepare for an educational experience in another country. Study abroad options include short-term programs (summer and winter), semester programs, and year-long programs. International internships, volunteer, and work experiences are also available. Students may be eligible for financial aid, loans, or scholarships to assist them with a study abroad experience. The office is located in the Center for International Education in Brotman Hall, Room 201.

International Student Services

International Student Services serves some 1,300 non-immigrant students, representing over 90 countries, by assisting them with their academic, personal, and cultural growth and development during their years at CSULB. This is accomplished through professional counseling and advising; assistance with Department of Homeland Security (DHS) regulations, paperwork processing, and documentation; student orientation activities; and assistance with registration. The ISS staff also serves as the University liaison with consulates, embassies, businesses, foundations, and community organizations concerning international students at CSULB. ISS is located in the Center for International Education in Brotman Hall, Room 201.

CSU International Programs (IP) System-wide

Developing intercultural communication skills and international understanding among its students is a vital mission of The California State University (CSU). Since its inception in 1963, CSU International Programs has contributed to this effort by providing qualified students an affordable opportunity to continue their studies abroad for a full academic year. More than 15,000 CSU students have taken advantage of this unique study option.

International Programs participants earn resident academic credit at their CSU campuses while they pursue full-time study at a host university or special study center abroad. International Programs serves the needs of students in over 100 designated academic majors. Affiliated with more than 70 recognized universities and institutions of higher education in 19 countries, the International Programs also offers a wide selection of study locales and learning environments.

Information on academic course offerings available at these locations is in the International Programs Catalog which may be obtained from the Study Abroad Office in the Center for International Education (BH 201) or by writing to The California State University International Programs, 401 Golden Shore, Long Beach, CA 90802-4210 (562) 951-4790.

International Programs pays all tuition and administrative costs for participating California resident students to the

same extent that such funds would be expended to support similar costs in California. Participants are responsible for all personal costs, such as transportation, room and board, living expenses, and home campus fees. Financial aid, with the exception of Federal Work-Study, is available to qualified students.

To qualify for admission to International Programs, students must have upper-division or graduate standing at a CSU campus by the time of departure. Students at the sophomore level may, however, participate in the intensive language acquisition programs in Canada, France, Germany, Korea, and Mexico. California Community Colleges transfer students are eligible to apply directly from their community colleges. Students must also possess a current cumulative GPA of 2.75 or 3.00, depending on the program for which they apply, for all college level work completed at the time of application, and have completed required language or other preparatory study where applicable. Selection is competitive and is based on home campus recommendations and the applicant’s academic record. Final selection is made by the Office of International Programs in consultation with a statewide selection committee.

Additional information and application materials may be obtained from the CSULB Center for International Education by calling (562) 985-8429 or by writing to The California State University International Programs, 401 Golden Shore, Sixth Floor, Long Beach, California 90802-4210. Visit us on the World Wide Web at: www.gateway.calstate.edu/csuienet/.

Applications for the 2009-2010 academic year overseas must be submitted by February 1, 2009 (May 1 for Australia and New Zealand).

Writer’s Resource Lab

The Writer’s Resource Lab provides individualized instruction to help CSULB students develop their writing abilities. For specific information or to make a tutoring appointment, please stop by the Writer’s Resource Lab in LAB-206 or call (562) 985-4329.

Campus Services

Child Development Center, Isabel Patterson

The Isabel Patterson Child Development Center offers child care services to enable students who are also parents of young children to attend classes at the university. Services are available for children six months to 2-1/2 years in the Infant/Toddler Program; 2-1/2 to five years in the Pre-school Program; and Kindergarten through second grade in the School-age Program. The Center also provides career exploration opportunities to students interested in the field of early childhood education. For information, call (562) 985-5333, visit www.csulb.edu/cdc or go to 5700 Atherton Street.

Counseling and Psychological Services

This service provides students with short-term counseling, group counseling, psycho-educational workshops and crisis intervention services. The Center also helps students meet personal challenges associated with identifying and achieving academic, career, and life goals. For information, contact call (562) 985-001, visit www.csulb.edu/caps or go to Brotman Hall, Room 226.

University Library

The library provides information resources that support teaching and learning and provides enrichment and recreation for members of the campus community, as well as other scholars and community members. Library staff are committed to helpful, efficient customer service. Home to the Spidell Center, the largest student computing facility on campus, the library is a leader in the delivery of digital content and in marshalling technology to facilitate scholarly inquiry. For more information, visit www.csulb.edu/library.

Student Health Services (SHS)

This service provides medical services, preventive health and health education program. All regularly enrolled CSULB students who have registered for the current semester and have paid the \$45.00 mandatory health fee are eligible for services. Services also are available for students taking classes through College of Continuing and Professional Education for \$15.00 per visit (while classes are in session), and for students on educational leave for a non-refundable \$45 fee. Most medical services are covered under the basic service fee, with the exception of pharmacy, external labs and x-ray copies.

An array of health education services, alcohol and drug abuse prevention workshops, nutrition counseling, HIV testing/counseling and sexual health awareness workshops are offered at SHS. For information, call (562) 985-4771, visit www.csulb.edu/shs or go to the Student Health Center on the corner of Beach Drive and Merriam Way.

Note: A medical emergency arising on campus should be directed to University Police by dialing 9-1-1.

• Immunization Requirement Clearance

Entering CSU students are required to present proof of Measles/Rubella and Hepatitis B before the beginning of their first term. (Refer to Admission to the University, Immunization Requirements section of this catalog.) Clearance is obtained at Student Health Services by showing proof of immunity using medical records or by receiving immunizations (available at SHS). Medical and religious exemptions are available. For information and hours of operation, call the SHS Immunization Hotline at (562) 985-5411 or go to www.csulb.edu/shs.

• Medical Insurance

Medical insurance is strongly recommended. A low-cost individual health insurance plan is available to CSULB students through the Associated Students, Inc. For details about the plan, contact the ASI Business Office at (562) 985-8311 or go to www.csulb.edu/divisions/students/asi/administration/businessoffice.html.

University Ombuds

This office is an independent, neutral resource for informal problem-solving serving the entire campus community. The office answers inquiries about the university, provides a safe place for discussing sensitive issues and identifying options, facilitates conversations and engages in conflict resolution. The office maintains confidentiality in accordance with the Code of Ethics of the International Ombudsman Association, the limits of the law, and our organizational context. Appointments are suggested; walk-in cases are usually accommodated depending on availability. Foundation, Suite 140; (562) 985-5983; www.csulb.edu/president/ombuds.

U.S. Passport Application Acceptance Office

This office is designated by the U.S. Department of State to accept passport applications. Passport processing is completed by the U.S. Department of State. For information, email <http://passport.csulb.edu/>, call (562) 985-7750, visit <http://passport.csulb.edu/>, or go to the Office at Brotman Hall, Room 250.

Veterans Affairs Services

This services provides an array of advocacy and transitional support to student veterans at The Beach. The office also serves as a liaison between veteran students and their dependants with obtaining educational benefits through the U.S. Department of Veterans Affairs. For information, call (562) 985-5115, visit www.csulb.edu/veterans or go to the Foundation Building, Room 265.

Student Life and Resources

There are many options for students to get involved and create positive experiences at relationships at CSULB. Students are encouraged to make social connections and make a positive difference and to make the most of their time at "The Beach."

Student Life and Development (SLD)

This office provides extensive developmental, leadership, service and involvement activities for students. Services include orientation for student leaders; and organizational consultation and program approvals for more than 300 recognized student organizations, including fraternities and sororities, cultural clubs and religious groups. SLD also oversees the Lois J. Swanson Leadership Resource Center, the Leadership Academy, the Student Resource Centers, the American Indian Student Services Program, and the Student Academic Travel Grant. Contact SLD at (562) 985-4181 or www.csulb.edu/sld or at the University Student Union, Room 215.

College Organizations

Many academic departments have academically-related organizations, discipline –based honorary societies, and a student departmental association. Students from each departmental association work together on a college student council for each of the seven colleges. These groups promote interaction between faculty and students, and sponsor speakers, seminars, social gatherings and other activities. Staff from Student Life and Development play a key role in coordinating major events sponsored by these groups.

Leadership Resource Center, Lois J. Swanson

This center prepares CSULB students to be the world's best leaders and maximize leadership potential with a commitment to serve others. The LRC provides a leadership library and offers consultations for classroom facilitation, conferences and customized workshops and seminars. For information, call (562) 985-1936 or go to University Student Union, Room 314.

Leadership Academy

The academy is a three-part extracurricular, certificate-bearing program composed of workshops, community service and practical application. The purpose of the Academy is to help students increase their understanding

of leadership skills and improve their leadership potential. For information, call (562) 985-1936 or visit www.csulb.edu/leadershipacademy.

Student Resource Centers

There are five student-run resource centers on campus. These venues are for affiliated student organizations to conduct program planning, peer mentoring, officer meetings, and post information about scholarships, service and internship opportunities.

- African Student Association Center, FO4-274
- American Indian Student Study Center, FO4-282
- Asian Pacific Student Resource Center, FO4-277
- Lesbian/Gay/Bisexual/Transgender Resource Center, FO4-165
- Raza Resource Center, FO4-262

Multicultural Center

This center's mission is to contribute to the creation of a campus environment which respects and supports cultural, ethnic, and racial diversity. The Center is an educational resource center which serves as a vehicle for the expression of the needs and concerns of CSULB's increasing diverse campus community. For information, call (562) 985-8150, visit www.csulb.edu/centers/mcc or go to Faculty Office 3 (FO3), Room 003 (open from 9:00-5:00, Monday through Friday). The center invites comments, ideas, and input to be sent to mcc@csulb.edu.

Student Government

The Associated Students Government provides for student self-governance and offers student programs and activities that develop leadership abilities and complement the academic curriculum of the university. The ASI also provides internships, scholarships and financial grants for student clubs and organizations. For information, call (562) 985-5241, visit www.csulb.edu/asi or go to the University Student Union, Room 311.

University Interfaith Center

This center is an association of 12 faith traditions serving the educational community of CSULB. The Center strives to enhance the educational experience by encouraging students, faculty and staff in their pursuit of spiritual growth, community building, faith development and personal values. For information, call (562) 985-4369 or go to the University Student Union, Room 103.

Women's Resource Center

This center supports and facilitates the educational, professional and personal success of campus women through educational programs, campus and community resource connections, peer support assistance, and a welcoming lounge. For information, contact (562) 985-8576, go to www.csulb.edu/wrc or visit the Center at Liberal Arts 3, Room 105.

ACADEMIC INFORMATION AND REGULATIONS

Frequently Asked Questions

Students ask many of the following questions about the processes and rules of CSULB. Successful students know the answers to these frequently asked questions. Please read them carefully. Knowing these answers can help you avoid pitfalls during your first semesters on campus. For further information, see this section of the Catalog or contact the University Center for Undergraduate Advising (formerly the Academic Advising Center) at (562) 985-4837.

1. Why is it critical that I check e-mail from CSULB? It is important to check your e-mail regularly since this is the primary means by which you will receive important information from the university (e.g., deadlines for adding and dropping classes, your registration appointment date).

2. How do I tell the university about a change in my e-mail address or mailing address? You can use MyCSULB to change your e-mail address, indicate the e-mail address that you prefer to use, or change your mailing address. Click on "Personal Profile" to view your current information and to make changes.

3. Why should I check my official class schedule at the beginning of each semester and again after two or three weeks? It is important to make sure that you are officially enrolled in every class you are attending, and not enrolled in any class you are not attending. Remember that an instructor can give you permission to add a class, but only you can officially enroll yourself in a class (or drop yourself from a class).

4. Why is it important that I personally drop classes that I have registered for but am no longer attending? Instructors do not have the responsibility to drop students. Students must drop classes they no longer want or never attended (using MyCSULB) up to and during the first two (2) weeks of the semester.

Beginning the third week, students must use the official withdrawal form to change their schedule. (See the section on Withdrawals for the rules that apply to withdrawal after the third week of classes.)

Official withdrawal is indicated on the transcript with the symbol "W." This designation does not affect grade point average (GPA). As of Fall 2009, undergraduates may withdraw from a career-maximum of 18 units per Executive Order 1037. Students who fail to withdraw officially within the established deadline receive a "WU" symbol (unauthorized withdrawal).

In the calculation of the GPA, a "WU" is counted as an "F" grade.

5. Can freshmen/sophomore students take upper-division (300-499) classes? University policy prohibits students with under 30 units from taking upper-division courses without permission of the instructor.

6. What can I do if I get a "D" or "F" or "WU" in a course? The University has a policy which allows undergraduates to repeat a course in which they earned a "D", "F", or "WU". If the second grade is a "C" or better, the second grade will be used to calculate your GPA. Both grades remain on the transcript, but the first one is "forgiven" from the GPA calculation. This can only be done once per course at CSULB. If you don't earn a "C" or better on the second try, all grades will be counted. For further details, refer to the "Repetition of Courses for Satisfactory Grade" in this section of the *Catalog*.

Academic Calendar

California State University, Long Beach operates on a semester system, which is supplemented by a fee-supported summer term and a fee-supported winter session. Normally, fall semester classes begin in late August or early September. The last day of instruction usually comes midway in December; this allows for a week of final examinations prior to the winter recess, which begins about December 20. The spring semester usually begins in the last week of January and ends in mid-May, in time for a week of final examinations and the week of commencement exercises just before or after Memorial Day. The summer term begins in June and through July and into late August.

Enrolling in Classes

Registration dates and detailed instructions can be found on the Enrollment Services website for each semester. Continuing students, returning undergraduates and newly admitted graduate students are sent a registration appointment date. Undergraduate students who are new to CSULB register when they attend the Student Orientation, Advising and Registration program (SOAR).

Students may enroll in classes via "MyCSULB" starting on the enrollment appointment day assigned by the University through the first two weeks of the fall and spring semesters. During the third week of the semester written permission on a Late Registration Request form is required from the instructor and a stamp of approval is required from the department. Late registration requests will be considered during the fourth week of instruction with the payment of a missed deadline fee.

Students receiving faculty or department "permission" to add classes via MyCSULB or who have been added to an instructor's wait list or roster must still complete the add procedures by the dates listed each semester. No request to add classes will be considered after the fourth week of the semester unless there is an approved technical error.

Students are not permitted to attend any class for which they have not officially registered.

Note: Students must complete the procedures for official registration in classes. Instructors, advisors and departments cannot add students into classes.

Registration Holds

Students may be prevented from registering because they have not met a university obligation. Students can view their own information (HOLDS) on MyCSULB.

Financial Holds

Students are personally responsible for making sure that registration fees and any other fees or charges are paid on time to CSULB, regardless of who funds the student's education.

These charges can include payment for items damaged, returned late, or returned, and can include course fees for some courses or activities.

Students can review their account balance at MyCSULB or by telephone, (562) 985-2500. Payment can be made at MyCSULB or at the Cashier's Office, BH-148.

Students who have an unpaid balance will have a financial hold placed on their academic records until the balance is paid or a written release from the originating office is received by the Student Account Services Office. The hold restricts the student from receiving University services, including but not limited to registration, grades, and transcripts.

If the obligation continues to appear on the University reports, the student's name will be submitted to the Franchise Tax Board. In this case, the student or former student, permanently loses the privilege of submitting checks as payment for fees or services. (Acceptable methods of payment are cash, cashiers' check or money order). The State then has the authority to withhold amounts owed to the University from any tax refund to which the student may be entitled.

Other Holds

The following types of holds may appear. Students should contact the office listed for information about how to clear the hold.

- Failure to take a required test - Testing and Evaluation Services (562) 985-4006
- Remediation hold - Pre-baccalaureate Advising and Support Services AS 14, (562) 985-7895
- Perkins Loans – Business Office, BH 155, (562) 985-5348
- Measles – Student Health Services, (562) 985-4771
- VISA hold (Foreign Clearance) – Center for International Education, BH 201, (562) 985-4106

Advising for Freshmen

CSULB is committed to offering our students the best possible first-year experience; therefore, we have established procedures which will ensure that all students receive accurate and timely academic advising. Advising is an opportunity for students to connect to their college or department advisor, faculty and staff to discuss future educational plans. Through this connection, students will be able to discuss future educational goals, review program options, and receive advice on course selection.

This connection is one of the most important steps to your future success at the Beach! We feel so strongly about ensuring that you have advising as you prepare for your sophomore year, that we require all freshmen to participate in the program prior to registering.

In addition, CSULB advisors can assist in a variety of different ways by working with students to broaden interests; develop academic and career goals; identify major areas of academic interest; create realistic plans of study; increase decision-making skills; take responsibility for academic direction.

All entering freshmen have "advising holds" placed on their records for their first year and will not be able to change their schedules without consultation with an advisor. Mid-way through the semester, freshmen will receive information about the Mandatory Advising Program, a comprehensive advising session to prepare for the next semester course selections. The advising hold will be removed after the student attends the advising session.

Class Attendance

Students are expected to attend classes regularly. Classroom attendance is often one of the most necessary and important means of learning and, in many classes, is essential to the educational objectives of the course.

Faculty members must include their guidelines for assigning grades in the syllabus. The syllabus must make clear whether any portion of the grade is based on attendance and/or participation. It is the students' responsibility to make themselves aware of each faculty member's guidelines by carefully reading the syllabus. (PS 04-05)

Faculty members may drop students who fail to attend class during the first week of the semester. However, students should not presume that they will be dropped by the faculty member. Students who have registered for a class, but never attended, should verify whether or not they are officially enrolled. It is the student's responsibility to withdraw officially from the class.

Students may have a valid reason to miss a class. When any of the following reasons directly conflict with class meeting times, students are responsible for informing faculty members of the reason for the absence and for arranging to make up missed assignments, tests, quizzes, and class work insofar as this is possible. Excused absences include, but are not limited to:

1. Illness or injury to the student
2. Death, injury, or serious illness of an immediate family member or the like
3. Religious reasons (California Education Code section 89320)
4. Jury duty or government obligation
5. University sanctioned or approved activities (examples include: artistic performances, forensics presentations, participation in research conferences, intercollegiate athletic activities, student government, required class field trips, etc.)

Faculty members are not obligated to consider other absences as excused. Faculty members may require students to provide documentation for excused absences.

There are numerous classes offered on campus where attendance is crucial since student participation is essential. Absence from these courses may impact the work and participation of other students. Students who anticipate extended or multiple absences during a particular semester should consult with their advisor and the faculty member

before enrolling in any class to determine whether it will be possible to complete the requirements for the course. Students who realize after enrollment that they will have extended or multiple absences should consult with the faculty member to see whether it will be possible to complete the course requirements.

The earliest possible notification is preferred. In some circumstances, it may be possible for the student to notify the faculty member of anticipated absences (e.g. for religious reasons or for scheduled athletic events) during the first week of enrollment. Advance notification (minimally one week in advance) is required for the following absences:

1. Jury duty and other government obligation
2. Religious reasons
3. University sanctioned or approved activities

The California Education Code (section 89320) requires "each state university, in administering any test or examination, to permit any student who is eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed. This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship which could not reasonably have been avoided. In any court proceeding in which the existence of an undue hardship which could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution."

It is the responsibility of the student to make advance notification, contact the faculty member to make arrangements to make up any academic work that may be missed, submit assignments on time, and to make arrangements regarding activities, tests, quizzes, or exams that may be scheduled during the absences.

If a student does not notify the faculty member one week in advance of the date of absences for these reasons (jury duty, governmental service, religious observances, or University sanctioned activities), the instructor is not required to adjust the class schedule or to allow for make up activities, tests, or exams. Students shall not, however, be penalized for excused absences when circumstances make it impossible to provide advance notice (e.g. student is engaged in a University sanctioned event such as a performance, tournament, or playoff which cannot be anticipated).

A student who expects to be absent from the University for any valid reason, and who has found it difficult to inform the instructor, should notify the academic department office. The department office shall notify the student's instructors of the nature and duration of the absence. It remains the responsibility of the student to arrange with instructors to make up any academic work missed.

In circumstances where an actual assignment, some specific class work, an activity, a quiz, or an exam cannot reasonably be made up, it is the instructor's option to assign alternative work. (PS 01-01)

Visitors to Classes

Only students registered for the class either as regular students or as auditors, the instructor, and invited guests of the instructor may attend classes at CSULB. Persons

wishing to become guests of the instructor should seek the instructor's permission prior to the scheduled beginning of the class session.

Faculty Office Hours

The purpose of office hours is to provide opportunities for student-faculty interaction outside the classroom. Each instructional faculty member will hold one office hour per week for every class taught, up to a maximum of four hours. Faculty may account for up to one hour of this expectation through alternative forms of access such as availability by appointment or through e-mail. The faculty member's office hours, phone number, and email contact will be posted by the door and announced in the syllabus. (PS 02-10)

Cheating and Plagiarism

It is the policy of the faculty and administration to deal effectively with the student who practices cheating or plagiarism. These acts are fundamentally destructive of the process of education and the confident evaluation of a student's mastery over a subject. A University maintains respect and functions successfully within the larger community when its reputation is built on honesty. By the same token, each student benefits in helping to maintain the integrity of the University. This policy, therefore, provides for a variety of faculty actions including those which may lead to the assignment of a failing grade for a course and for administrative actions which may lead to dismissal from the University. This document is written with the intent to support the traditional values that students are on their honor to perform their academic duties in an ethical manner.

General

The following definitions of cheating and plagiarism shall apply to all work submitted by a student. Any change or refinement in the following definitions or applications of the definitions, necessitated by the nature of the work involved, shall be made by the faculty member or departments desiring the change. Any change shall be announced, in writing, in the relevant classes before the work is assigned and a copy of the changes will be filed in the department office and in the Office of Judicial Affairs.

Definition of Plagiarism

Plagiarism is defined as the act of using the ideas or work of another person or persons as if they were one's own, without giving credit to the source. Such an act is not plagiarism if it is ascertained that the ideas were arrived at through independent reasoning or logic or where the thought or idea is common knowledge. Acknowledge of an original author or source must be made through appropriate references, i.e., quotation marks, footnotes, or commentary. Examples of plagiarism include, but are not limited to, the following: the submission of a work, either in part or in whole, completed by another; failure to give credit for ideas, statements, facts or conclusions which rightfully belong to another; in written work, failure to use quotation marks when quoting directly from another, whether it be a paragraph, a sentence, or even a part thereof; or close and lengthy paraphrasing of another's writing or programming. A student who is in doubt about the extent of acceptable paraphrasing

should consult the instructor. Students are cautioned that, in conducting their research, they should prepare their notes by (a) either quoting material exactly (using quotation marks) at the time they take notes from a source; or (b) departing completely from the language used in the source, putting the material into their own words. In this way, when the material is used in the paper or project, the student can avoid plagiarism resulting from verbatim use of notes. Both quoted and paraphrased materials must be given proper citations.

Definition of Cheating

Cheating is defined as the act of obtaining or attempting to obtain or aiding another to obtain academic credit for work by the use of any dishonest, deceptive or fraudulent means. Examples of cheating during an examination would include, but not be limited to the following: copying, either in part or in wholes, from another test or examination; discussion of answers or ideas relating to the answers on an examination or test unless such discussion is specifically authorized by the instructor; giving or receiving copies of an exam without the permission of the instructor; using or displaying notes; "cheat sheets," or other information or devices inappropriate to the prescribed test conditions, as when the test of competence includes a test of unassisted recall of information, skill, or procedure; allowing someone other than the officially enrolled student to represent the same. Also included are plagiarism as defined and altering or interfering with the grading procedures. It is often appropriate for students to study together or to work in teams on projects. However, such students should be careful to avoid use of unauthorized assistance, and to avoid any implication of cheating, by such means as sitting apart from one another in examinations, presenting the work in a manner which clearly indicates the effort of each individual, or such other method as is appropriate to the particular course.

Faculty Responsibilities in Allegations of Cheating or Plagiarism

Before a faculty member charges a student with cheating or plagiarism, the faculty member should have reasonable evidence with respect thereto. Reasonable evidence includes documentary or other physical evidence, personal observation, or testimony. Prior cheating or plagiarism is not reasonable evidence. In order to establish facts of the student's knowledge or skill, the faculty member may ask the student to provide such additional demonstration of competency as the faculty member deems necessary to evaluate scholarship and academic performance. The faculty member must advise the student that a decision to provide an opportunity for such an additional demonstration of competency is entirely at the faculty member's option and that the student may comply with the request of the faculty member at the student's option. Neither compliance nor non-compliance shall be considered an admission of cheating or plagiarism.

In cases where a student is suspected of cheating or plagiarism. The faculty member should arrange for an informal office conference with the student as soon as possible. The purpose of the informal conference is

to bring the persons involved together to discuss the issues informally and to discuss courses of action. At the conference the student shall be notified by the faculty member of the charge and supporting evidence. For an incident which occurs during or as a part of a final examination consult the section just below.

In cases where there is more than one individual suspected of cheating or plagiarism, the faculty member may decide to call the students to confer jointly as a group, or as individuals, or both. If the faculty member should decide to confer with the students as a group, the students shall have the option to also confer with the instructor separately as individuals.

The faculty member shall inform the student(s) that both students and faculty have the right to submit a request to the Academic Integrity Committee (discussed below) for a written opinion on whether the accusation is supported by the evidence. All notes and discussions between the student and the faculty member are confidential, except as may be relevant to the Academic Integrity Committee or in subsequent campus disciplinary proceedings. Neither the faculty member nor the student should discuss a specific charge of cheating or plagiarism or any violations with reference to individuals in the classroom before other members of the class.

When the student cannot be contacted and therefore the informal conference cannot be held, as is sometimes the case after final examinations, a grade of "I" (Incomplete) may be assigned, but only if the instructor wishes an additional test of competency (see section just above). The instructor shall have the agreement form for assigning an "Incomplete" sent to the last known address of the student. The agreement form shall state the following:

Under the provisions of the C.S.U.L.B. Policy Statement on Cheating and Plagiarism, an additional test of competency related to the (syllabus name of suspect demonstration, e.g., Final Examination) is requested. (Explain what additional test of competency.) You may decline to do so. Please contact the instructor, the department office, or the office of Judicial Affairs for information regarding the University policy on Cheating and Plagiarism. The instructor must indicate on the agreement form the grade with will be assigned, normally 120 calendar days following mailing of the Incomplete Agreement, if the student does not respond or, responding, the student does not agree to an additional test of competence.

Charges of cheating or plagiarism cannot be brought against a student more than 120 calendar days after discovery that the work in question may have been plagiarized or that cheating may have taken place.

Notes and evidence shall be kept by the department chair or program director for a minimum of five years after the case is settled.

In implementation of the Executive Order from the Chancellor's Office that requires documentation of faculty action regarding cheating and plagiarism, the Academic Senate revised the Cheating and Plagiarism Policy to include the following language: After action has been taken by the faculty member, the faculty member shall complete a form that identifies the student who was found responsible, the general nature of the offense, the action taken, and

a recommendation as to whether or not additional action should be considered by the Office of Judicial Affairs. The complete form should be sent by the faculty member to both the provost and the vice president for student affairs whenever cases of academic dishonesty are handled by the faculty member.

Academic Integrity Committee

The Chair of the Academic Senate and the Provost and Senior Vice President for Academic Affairs shall jointly appoint an Academic Integrity Committee for the University. This Committee shall consist of one member from the student body, chosen by the Associated Students Government for a one year term of office; three members of the full-time, tenured or tenure-track faculty, each with a term of office of two years, terms of office expiring in alternate years; and one member of the Office of Academic Affairs, who shall be Chair, voting only in case of ties.

The primary charge of the Committee is to receive the requests of students accused of cheating or plagiarism or the requests of faculty accusing specified student(s) of cheating or plagiarism. Following its review of the evidence, the Committee shall report its opinion to the student(s) and to the faculty member involved on whether the accusation is supported by the evidence. This opinion may not be appealed. However, when new evidence appears to so warrant, a faculty member or student may ask, in writing, the Provost or the Chair of the Academic Senate to request the Committee to reconsider a case. The Academic Integrity Committee shall make readily available the rules and procedures governing its operations.

In all cases, a Report of the Committee is advisory to the student, with whom rests the presumption of innocence, and the faculty member, to whom the decision on the evidence and academic action is reserved.

A faculty member or student who requests a review of the evidence in a case of alleged cheating or plagiarism must make such a request to the Academic Integrity Committee in writing no later than 14 calendar days following the date of first notification of the student by the faculty member of the allegation. Except under extenuating circumstances, the student and faculty member will have no more than 14 additional calendar days to provide evidence to the Committee.

To preserve the rights of privacy, the Committee meetings shall be closed. The Committee may request additional information as may be appropriate to the development of its Reports. The Committee is to provide a final Report within 21 calendar days of the submission of a request to it. Should additional time be required, the reasons should be communicated to the Provost and Senior Vice President for Academic Affairs and the Chair of the Academic Senate as well as the student(s) and faculty members involved.

The Committee is to report on its actions annually to the Vice President for Academic Affairs and the Chair of the Academic Senate.

Academic Action

One or more of the following academic actions are available to the faculty member who finds a student has been cheating or plagiarizing. These options may be taken

by the faculty member to the extent that the faulty member considers the cheating or plagiarism to manifest the student's lack of scholarship or to reflect on the student's lack of academic performance in the course. These actions may be taken without a request for or before the receipt of a Report from the Academic Integrity Committee.

- A. Review – no action.
- B. An oral reprimand with emphasis on counseling toward prevention of further occurrences;
- C. A requirement that the work be repeated;
- D. Assignment of a score of zero (0) for the specific demonstration of competence, resulting in the proportional reduction of final course grade;
- E. Assignment of a failing final grade;
- F. Referral to the Office of Judicial Affairs for possible probation, suspension, or expulsion.

Academic dishonesty cases that occur in the classroom shall be handled by faculty members. After a faculty member takes action, the faculty member shall complete a "Student Academic Dishonesty Report" form that identifies the student who was found responsible, the general nature of the offense, the action taken, and a recommendation as to whether or not additional action should be considered by the campus Judicial Affairs Office. The faculty member shall send a completed "Student Academic Dishonesty Report" form to the Vice President for Student Affairs and Provost whenever academic dishonesty cases are handled by the faculty member.

A student may appeal a final course grade the computation of which included an examination or other test of competence in which a score of zero was assigned for cheating or plagiarism, but only on the grounds permitted in the University Grade Appeal Policy Statement. An appeal of the final grade may include as written testimony the Report of the Academic Integrity Committee.

Disciplinary Sanctions – Administrative Action

Procedures and sanctions of the Office of Judicial Affairs are under the administration of the Vice President for Student Services and are conducted pursuant to the authority provided in Section 41301 of Title 5 of the California Administrative Code. Copies of Section 41301 of Title 5 may be found in the University Bulletin and the Campus Regulations available in the Office of Judicial Affairs. Copies of Chancellor's Executive Order 148, "Student Disciplinary Procedures for the California State University" are also available upon request.

Opportunities for appeal regarding the sanctions applied by Vice President for Student Services are provided for students involved in the proceedings as outlined by Executive Order 148.

A summary of the charges concerning cheating and plagiarism report to the Vice President for Student Services. (PS 08-02)

Student Unit Load

Recommended Student Load

The faculty recognizes that it is frequently necessary for students to hold part-time jobs while attending the University. It advises that students enrolling under these

conditions use good judgment in planning their programs. Students whose outside employment could be expected to interfere with the normal unit load should reduce their academic program accordingly.

The official unit limit per fall or spring semester is 18 units. Students seeking to exceed the 18-unit limit must complete an Extra Unit Petition form available on the Enrollment Services website.

Students are expected to spend, on the average, two hours of preparation and study for each hour of class time. Thus, a three-unit lecture or discussion course normally demands a commitment of nine hours per week averaged over the semester, with the class meeting for three hours a week. This may be considered sufficient time to enable a student to do satisfactory work. Students who desire to achieve "A" or "B" grades may wish to spend proportionately more time in their studies.

A student's employment and college time combined should not exceed 60 hours weekly. Students who make no allowances for their employment and outside obligations in planning their college programs will bear full responsibility for the resulting level of scholarship.

Minimum Unit Requirements for Students in Special Classifications

Veterans

Veterans should inquire at the Veteran's Affairs Office (BH 226) about unit load requirements for state and federal benefits.

Graduate Students

For information about graduate student load, see regulations governing Master's Degrees in this *Catalog*.

International Students

Undergraduate international students on non-immigrant visas must carry and complete a minimum of 12 units per semester unless a reduced load is authorized by the student's advisor and the Center for International Education. Reduced unit loads may be granted for substantial academic reasons or compelling personal reasons beyond the control of the student. Failure to secure such authorization results in violation of student status under Immigration and Naturalization Service (INS) and State Department regulations, warranting discontinuance of enrollment.

Students with Disabilities

It is recommended that students with disabilities attempt to modify their schedules, as necessary, to lessen the impact of a disability. Students with disabilities may request to enroll in a unit load which is commensurate with their ability. Reduced unit load is defined as less than 12 units for undergraduates and less than 9 units for graduates. Such requests must be made to Disabled Student Services prior to each semester affected. If approved, the student will be entitled to all benefits, services, and activities governed by the University which are accorded to full-time students. Eligibility for benefits, services, and activities outside the University's control will be governed by each separate external agency based upon actual unit load.

Student Load Regulations

I. Maximum Student Load during Fall and Spring Semesters

An undergraduate student carrying twelve (12) or more units during the fall or spring semester is classified as a full-time student. A graduate or post-baccalaureate student carrying nine (9) or more units during the fall or spring semester is also classified as a full-time student. An undergraduate student carrying fewer than twelve (12) units or a graduate or post-baccalaureate student carrying fewer than nine (9) units is classified as a part-time student. These definitions derive from federal financial aid regulations and have no bearing on the definitions used by California to determine a student's liability for the state university fee.

The maximum number of units a student may take during the fall or spring semester is normally eighteen (18) for undergraduate, graduate, or post-baccalaureate students.

II. Maximum Student Load during the Summer Session

The maximum number of units a student may take during the summer term is one unit per week, plus one additional unit. Thus, the maximum number of units is normally seven (7) for one 6-week session, ten (10) for two overlapping sessions, and fourteen (14) for an entire summer.

III. Maximum Student Load during the Winter Session

The maximum number of units a student may take during the winter session is one (1) unit per week, plus one (1) additional unit. Thus, the maximum number of units is normally four (4).

IV. Criteria for Exceptions

For most courses exceptions to this limit will be made only on the basis of all of the following criteria:

1. Proven academic ability, i.e., a grade point average of 3.0 or higher;
2. Feasibility of completing the proposed schedule, e.g., no repeat/delete classes, no history of "W" classes;
3. Evidence that the overload is necessary to complete the degree in a timely manner (e.g., the student will complete the program within one additional academic year and all courses will count toward the student's degree); and
4. Permission obtained from Academic Affairs or designee within the first three (3) weeks of classes.

Up to two (2) units above the maximum load comprised of university supplemental instruction, kinesiology activity, theatre arts activity, or dance performance and production units only requires permission from Academic Affairs or designee within the first three (3) weeks of classes.

Course Listings

Courses are listed in this *Catalog* by department, the departments and programs being arranged alphabetically. Each listing gives the course number, title, semester units in parentheses, and the course description, which includes prerequisites and other restrictions.

Course Numbers

Courses with a number of less than 100 do not count toward any degree program. For purposes of qualifying for financial aid, however, the unit value assigned to those courses will count for the semester in which those courses were taken. Lower-division courses are numbered from 100 through 299. These courses are designed primarily for Freshmen and Sophomores. They provide breadth of understanding and the foundation for the more specialized work in upper-division, advanced courses. Approved General Education courses are listed online and are offered at both the lower-division and upper-division levels; no upper-division General Education course may be used in a graduate degree program. Lower-division courses are open to Junior, Senior, and Graduate students; however, lower-division courses may not be applied to any graduate degree program.

Upper-division courses are numbered from 300 through 499. These courses are open to students who have completed the prerequisites to the course, if any, stated in the course description and other departmental regulations given in this *Catalog*. A "Prerequisite" is a completed course or other measure of academic preparation which provides a foundation for the more advanced course.

Freshmen (fewer than 30 units) are not allowed to enroll in upper-division courses without permission of the instructor. Sophomores wishing to enroll in upper-division courses which indicate no prerequisites should consult with the course instructor or other knowledgeable advisor prior to enrollment. These courses are presented to meet the expectations of academically advanced students. Freshmen and Sophomores should not attempt courses with numbers preceded by an asterisk.

Certain 400-level courses are double-numbered with 500-level courses. In these courses the expectations of graduate students, who must enroll in the 500-level course, are greater than the expectations of undergraduates. Grading scales are different for the 500-level course and additional work is required of graduate students. A student may not earn credit for both the 400- and 500-level versions of a course.

Graduate-level courses are numbered from 500 to 799. Courses numbered 500-599 may be opened to senior students upon favorable petition. Courses numbered from 600 to 799 are open only to graduate students.

Included with some of the course numbers is a supplementary letter, or suffix, such as L for "laboratory" or A and B for a year-long sequence. "A-B" means that the courses must be taken in alphabetical sequence; "A,B" designates related courses which need not be taken in sequence. The student is given degree credit for each part of the sequence satisfactorily completed, whether or not the remaining part of the sequence is completed. Funding, student demand, and instructor availability may require that a course be offered in a different semester or session or be postponed until a later academic year. F indicates Fall Semester, S indicates Spring Semester, W indicates Winter Session, and SS indicates Summer Session. The online class schedule appropriate to the semester or session in question should be consulted for actual course scheduling

information. Some of the courses offered during the fall and spring semesters are also offered during the summer session.

The University reserves the right to make changes in course offerings without notice.

Course Credit Units and Modes of Instruction

Course Credit Units

Each course has a specific credit unit value which is indicated in parentheses following the course titles in this *Catalog*.

In accordance with national standards, each semester unit corresponds to approximately 45 hours of work per semester, counting both class meeting time and outside preparation and study. For a traditional lecture or discussion course, this means that the class will meet one hour a week for every unit in a fall or spring semester (15 weeks of class meetings). For a laboratory or activity course, the class may meet two or three hours per week for every unit.

The instructional "hour" is fifty minutes long, allowing for transit between classes and rest breaks within multi-hour classes.

Classes scheduled in the six-week summer session, or in a three-week summer or winter session, are scheduled for additional class hours per week so the total meeting time is the same as in a fall or spring semester. Classes taught by other modes of instruction are expected to require the same time commitment as traditionally-scheduled classes.

Hybrid Classes and Distance Education Classes

Some classes use academic technology to replace part or all of the face-to-face class meetings. In a hybrid class, one-third to two-thirds of the student/faculty and student/student contact time uses academic technology to structure remote activities. The remaining communication is face-to-face, similar to traditional classes. A Local Online Class (LOC) is a course offering in which the majority of the instruction occurs when the student and instructor are not in the same place, but it may require up to two hours of face-to-face meetings per unit on the California State University, Long Beach campus within the given semester. A Distance Education Class is a course offering in which communication between faculty and student occurs primarily via academic technology, but it may also include off-site meetings. The mode of instruction is indicated in the online class schedule for each term. (PS 03-11)

Student Rights Relative to Course Instructional Mode

1. Student access to the faculty shall not be reduced by the instructional mode of a class.
2. The University shall make every effort to inform students of the mode of instruction and technological requirements of a course offering before the student enrolls in the class.
3. Matriculated students enrolled in non-traditional classes shall have access to the on-site academic advising services at California State University, Long Beach.
4. All students have equal access to the University library and other on-site learning resources offered at California State University, Long Beach.

5. Students in non-traditional classes shall have reasonable support services. These include:
 - A. Phone-based and online technology help to handle student questions and to refer students to appropriate available services for hybrid and local online or distance education courses;
 - B. Online and phone-based access to university administrative services;
 - C. Online dissemination of information describing the resources available for obtaining the technical competence needed to succeed in a specific course offering;
 - D. Online access to the library research databases and other research-related resources.
6. The University shall provide adequate technical support for academic technology.

Credit for Independent Study Courses

Each student enrolled in a supervised independent study, research, or reading course (excludes thesis courses) must have an agreement on file in the department office where the course is offered. The agreement is to be made between the student and the instructor at the beginning of the course and must include the following: a description of the work to be accomplished, specific information on the tasks required, the nature of the final report, and the basis for determining the final grade. The agreement must be signed by both the instructor and the student.

If a department wishes to use a written agreement different from the standard university form, it must be approved by the dean of the appropriate college prior to its use.

No independent study credit shall be awarded for classroom instruction, assisting in classroom instruction, or for other instructionally related activities, such as grading.

Credit for Cross-Listed Courses

Certain courses are listed in this *Catalog* under more than one department. For purposes of awarding credit, all such listings are considered to be the same course, and a student may receive credit for only one of the listings. Normally, students will receive credit for such a cross-listed course in the department under which they register for it.

Transfer Credit

Students who were in good standing at another accredited institution may, within maximums, transfer credit for baccalaureate or graduate degree course work. Course equivalency for major requirements must be determined. Students are cautioned that the University is under no obligation to accept transferred courses for subject credit in addition to unit credit for admission. Normally, however, there is a probability that courses in the accepted core of a discipline will be exchangeable between universities. Policy regarding transfer of courses from California community colleges differs in some respects.

Transfer of Undergraduate Credit From Accredited Community Colleges

A maximum of 70 semester units earned in a community college may be applied toward the baccalaureate degree, with the following limitations and stipulations:

1. No upper-division credit may be allowed for courses taken in a community college;
2. No more than six semester units in education courses taken in a community college may be applied toward the baccalaureate degree or the professional preparation requirements of a teacher education basic credential program;
3. Individual program regulations may include specific transfer limitations.
4. Students who transfer general education certification are still required to complete at least 9 units of upper-division courses at the campus conferring the degree.
5. Any course taken at community colleges can substitute for general education breadth requirements and lower-division requirements, if the course is approved as equivalent to the appropriate CSULB course. Students with more than 70 transferable units from community colleges will get subject matter credit for all such courses, but no more than 70 units will count toward graduation.
6. All transferable units taken at community colleges will count toward computation of the overall grade-point average. All transferable units in the major taken at community colleges will count toward computation of the overall major grade-point average.

Courses Taken by Non-Matriculated Students in Any Term

No more than 24 units total taken during any term while in non-matriculated status may be used to fulfill any undergraduate degree requirements. All students who have not been formally admitted to CSULB and who take courses here are non-matriculated students. Courses taken by incoming freshmen during the summer prior to their first fall are considered non-matriculated units. Units taken while in non-matriculated status are also sometimes referred to as extension units, extended education units, or special session credit units. Courses offered through the College of Continuing and Professional Education (CCPE) conferring education unit (CEU) credit carry no degree credit.

Open University

Open University (Adjunct Enrollment) — Through Open University, students who are NOT matriculated in CSULB may take regular university classes during spring or fall semesters for academic credit on a “space available” basis with permission of the department chair and the course instructor. Open University enrollment does NOT constitute admission to CSULB. For more information call the College of Continuing and Professional Education at (562) 985-5561.

Special Session

There is no limit on CCPE Special Sessions course credit, including Winter session, applicable to the degree if taken while in matriculated status in the degree program.

Baccalaureate Credit Based on Alternative Means of Assessment

The University grants credit toward the baccalaureate degree based on several types of assessment other than formal university courses. Students should consult the Chair or undergraduate advisor of the concerned department about applicability to individual courses or degree requirements.

Advanced Placement Credit

California State University, Long Beach grants credit toward its undergraduate degrees for successful completion of Advanced Placement (AP) examinations of the College Board. Students who present scores of three or better will be granted up to six semester units (nine quarter units) of college credit for each AP course. Refer to the Advanced Placement Examination Credit table that follows for transfer credit awarded.

For the most up-to-date AP credit information, click the "Admission" icon on the CSULB Enrollment Services Web page, and follow the links under "Freshmen" or "Transfer".

<p>Notes for Advanced placement: * This exam is no longer available beginning 2009-10 academic year. ** Credit is awarded for a 3-5 on the AB exam score or the AB subscore on the BC exam. A maximum of 6 units will be granted for each exam. If the number of units per course equivalency exceeds 6, credit for 6 units will be awarded and the course waived. Credit can only be awarded once per course. Example: if a student takes Calculus AB & BC, only nine units can be awarded.</p>			

International Baccalaureate Credit

Students with scores of 5 or higher (4 in certain subjects) in International Baccalaureate Higher Level courses will be awarded baccalaureate credit of 4 to 10 units, depending on course equivalency. Applicants to CSULB who wish to obtain lower-division course credit for completed International Baccalaureate Higher Level examinations must submit an official IB transcript. Course equivalency for Higher Level examinations completed with satisfactory scores is listed in the International Baccalaureate Examination Credit table that follows.

For the most up-to-date IB credit information, click the "Admission" icon on the CSULB Enrollment Services Web page, and follow the links under "Freshmen" and "Transfer".

Credit for Other External Examinations

In addition to the Advanced Placement and International Baccalaureate Examinations, California State University, Long Beach grants unit credit to those students who pass the following examinations that have been approved for credit by the CSU system: the College Level Examination Program (CLEP) examinations in certain subjects; and the American Chemical Society Cooperative Examination. (PS 87-04)

Refer to the College Level Examination Program Credit table that follows, for transfer credit awarded.

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP) CREDIT		
CLEP Exam	CLEP Score	Credit
Biology	50	BIOL 200 - 4 units
Chemistry	50	3 units GE B.3
Economics: Macro Micro	50 50	ECON 100 - 3 units ECON 101 - 3 units
French: Language, Level 1	50-58	FREN 101A - 4 units & FREN 101B - 4 units
Language, Level 2	59-100	FREN 201A - 4 units & FREN 201B - 4 units
German: Language, Level 1	50-59	GERM 101A - 4 units & GERM 101B - 4 units
Language, Level 2	60-100	GERM 201A - 4 units & GERM 201B - 4 units

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP) CREDIT		
CLEP Exam	CLEP Score	Credit
Mathematics: College Mathematics College Algebra Precalculus Calculus	50 50 50 50	MATH 103 - 3 units MATH 113 - 3 units MATH 117 - 4 units MATH 122 - 4 units
Political Science: American Government	50	POSC 100 - 3 units (does not include California State and local government)

Language, Level 2	63-100	SPAN 201A - 4 units & SPAN 201B - 4 units

Unit Credit by Examination

Students may also challenge some courses by taking examinations developed at the campus. Credit will be awarded to those who pass them successfully. Credits earned in this manner will be recorded as test credit on the student's transcript and will be counted toward the total number of units required for the degree although they will not be included in calculation of the grade-point average. Credit by examination may not be used to fulfill the minimum residence requirement.

Students must be enrolled in the University and in the course for which they wish to receive credit by examination. Enrollment is by permission of the department and is only available during the academic semester in which the course is being offered. Students must secure a signed and dated approval form from the department PRIOR to enrolling in the course. Students must provide the instructor with a copy of the signed and dated approval form at the first class meeting. The instructor will ensure that the examination is conducted, scored, and the results reported prior to the end of the third week of classes. Students who pass the examination will receive academic credit for the course work. Students who do not pass the examination have two options:

1. continue in the course as a regular student; or
2. withdraw from the course.

The University sets no maximum on the number of credits a student may receive by examination. Not all courses, however, are available for credit by examination. Information about courses for which credit by examination is not permitted is available in the Department Office, in the College Office, and the Office of Enrollment Services. A student may NOT receive credit by examination:

1. for an activity course,
2. for any course which is a prerequisite to one for which credit has been received, (see department for possibility of course waiver),
3. to remove a grade of "F," "WU," "NC,"
4. to satisfy the courses required for a major in a master's degree.
5. for any course in which the content or methodology is such that an examination does not appropriately measure competence.

Application forms to apply for credit by examination are available in the Office of Enrollment Services. Procedures and criteria for requesting unit credit by examination in a given course are available in the appropriate department office. (PS 87-04)

Substitution of Courses

Students who believe that a course they have taken (or intend to take) may be appropriate to their program and that this course could substitute for a specified course requirement may request that the department submit an official authorization for substitution. Course substitutions are normally limited to cases where the required course cannot be offered or where the student has taken a similar but not identical course elsewhere. (PS 87-04)

Waiver of Course Requirement

In addition, students who believe that previous training has sufficiently prepared them in a certain area may request a waiver of a specific course requirement (subject credit only). The student will be required to justify the request in a way acceptable to the department. A waiver of specific course requirements does not reduce the total number of credits required for the major or the degree. (PS 87-04)

International Program Credit

Course credits earned in universities abroad may be accepted for degree credit at CSULB subject to evaluation by the cognizant department or program upon admission of the student to the University. CSULB students who desire, subsequent to admission, to take courses at a foreign university for degree credit must have each such course approved in advance in writing by the Chair of the appropriate department or program.

The Center for International Education administers many international education and exchange programs. Students fully accepted into one of these programs may, in most cases, continue CSULB residency while studying in the approved foreign institution. Some courses taken through these programs do not have to be approved in advance.

Credit for Noncollegiate Instruction

The California State University, Long Beach grants undergraduate degree credit for successful completion of noncollegiate instruction, either military or civilian, appropriate to the baccalaureate degree, that has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. The number of units allowed are those recommended in the Guide to the Evaluation of Educational Experience in the Armed Services and the National Guide to Educational Credit for Training Programs.

Final Course Grades, Grading Procedures, and Final Assessments

Part One: Definitions

The following definitions apply to final course grades assigned in all undergraduate and graduate courses:

“A” - Performance of the student has been at the highest level, showing sustained excellence in meeting all course requirements and exhibiting an unusual degree of intellectual initiative.

“B” - Performance of the student has been at a high level, showing consistent and effective achievement in meeting course requirements.

“C” - Performance of the student has been at an adequate level, meeting the basic requirements of the course.

“D” - Performance of the student has been less than adequate, meeting only the minimum course requirements.

“F” - Performance of the student has been such that minimal course requirements have not been met.

“CR/NC” - In some courses, the university permits students to select evaluation on a “Credit” or “No Credit” basis. Special regulations and procedures governing the “CR/NC” grading system are described below in Part Two.

These grades are defined as follows:

“CR” is usually equivalent to an “A,” “B,” or “C;” and “NC” is equivalent to a “D,” “F,” or “WU” (defined below). In two circumstances a final course grade of “CR” reflects work at the level of “B” or better, and a final course grade of “NC” reflects work at the level of “C,” “D,” “F,” or “WU.”

Those two circumstances are:

- 1) in certain professional preparation courses, providing that the students are notified of such a policy both in class materials and in the catalog course description; and
- 2) for graduate students in all courses at the 300, 400, 500, and 600 levels.

The following definitions apply to administrative grading symbols assigned in all undergraduate and graduate courses:

“AU” - “Audit.” Enrollment as an auditor is subject to permission of the instructor, provided that enrollment in a course as an auditor shall be permitted only after students otherwise eligible to enroll on a credit basis have had an opportunity to do so. Auditors are subject to the same fee structure as credit students and regular class attendance is expected. It is the responsibility of the student to request from the instructor what is meant by regular class attendance. The symbol “AU” is posted to the student’s permanent academic record unless the student fails to attend a sufficient number of class meetings. In these cases, the instructor will request that the student be administratively withdrawn from the course. Once enrolled as an auditor, a student may not change to credit status unless such a change is requested prior to the last day to add classes. A student who is enrolled for credit may not change to “Audit” after the last day to add classes.

“I” - “Incomplete”. The symbol “I” indicates that a portion of required course work (normally not more than one-third) has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and that there is still a possibility of earning credit. No instructor may assign an Incomplete if the student must attend a major portion of the class when it is next offered. No student may re-enroll in any course in which he/she has received an “I” until that “I” has been converted to a grade other than “I,” i. e., “A,” “B,” “C,” “D,” “F,” “CR,” or “NC.” In such cases, the instructor must assign a grade of “A,” “B,” “C,” “D,” “F,” “CR,” or “NC” based on the available assessments of that student’s performance. It is the responsibility of the student with an “I” to bring pertinent information to the

attention of the instructor and to determine from the instructor the remaining course requirements that must be satisfied to remove the "Incomplete." A final course grade is assigned when that work has been completed and evaluated.

An "I" must normally be made up within one calendar year immediately following the end of the term during which it was assigned. This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work will result in an "I" being converted to an "F," except as noted in item 3 below. An extension of time may be granted for contingencies such as military service or documented, serious health or personal problems.

The conditions for removal of the "Incomplete" shall be documented by the instructor on an "Assignment of Incomplete Grade" form. This form shall include a statement of:

1. all work completed in the course, the grades assigned for that work, and the percentages of the final course grade accounted for by each item;
2. the work not completed and the percentage that each uncompleted assignment will count toward the final course grade; and
3. the final course grade the instructor will assign if the course requirements are not completed within one calendar year, or a shorter period as specified on the form, immediately following the term in which the "I" was assigned, without respect to continuous enrollment of the student during this period.

If clear percentages for assignments cannot be delineated, instructors shall explain any special conditions for determining final course grades for work wholly or partially made up.

A copy of the form is to be given to the student and a copy is to be filed with Enrollment Services within 30 calendar days after final course grades are submitted. When the work agreed upon has been completed and evaluated, a final course grade will be assigned by the instructor. If Enrollment Services does not receive an acceptable "Assignment of Incomplete Form" by 90 calendar days after the end of the semester, they will assign a grade of "WU" to the student instead of an "I." The "Assignment of Incomplete Grade" form will not be accepted if

1. more than one-third of the work remains to be completed, and no justification has been provided;
2. the work required to complete the course has not been specified;
3. the faculty member failed to sign the form; or
4. the percentage fields have not been filled in, and no justification for their absence has been provided.

"RD" - "Report Delayed". This symbol is used exclusively by Enrollment Services to permit processing of all final course grades when the final course grades for an entire course section have not been reported by the instructor. The symbol does not imply any academic evaluation. Individual instructors may not assign "RD." Students who remain on rolls but for whom the instructor has no assessments must receive a "WU."

"RP" - "Report in Progress". The "RP" symbol is used in connection with courses requiring multiple enrollment, i.e., that extend beyond one academic term. It indicates that work is in progress but that assignment of a final course grade must await completion of additional work. Re-enrollment is permitted prior to assignment of a final course grade provided the cumulative units attempted do not exceed the total number applicable to the student's educational objective. Work is to be completed within one calendar year immediately following the end of the term during which it was assigned except for graduate degree theses. If the "RP" symbol is not replaced by a final course grade within the specified time period or prior to the student's declared graduation date, it will be changed to a "W." An "RP" symbol cannot be replaced by an "I" (Incomplete) symbol; an "I" is not a final course grade.

"W" - "Withdrawal". The symbol "W" indicates that the student was permitted to drop a course after the second week of instruction with the approval of the instructor and appropriate campus official. It carries no connotation of quality of student performance and is not used in calculating grade point average.

Students are held responsible for completion of every course in which they register or for withdrawing during the first two weeks of a regular semester (13% of non-standard session) of classes from courses that they do not intend to complete. Application for withdrawal from CSULB or from a class must be officially filed by the student with Enrollment Services whether the student has ever attended the class or not; otherwise, the student will receive a grade of "WU" (unauthorized withdrawal) in the course.

Regulations governing the refund of student fees in the California State University system are prescribed by the CSU Board of Trustees; see California Code of Regulations, Title 5, Education, Section 41802.

1. Withdrawal during the first two weeks of instruction:

Students may withdraw during this period and the course will not appear on their permanent records.

2. Withdrawal after the second week of instruction and prior to the final three weeks of the regular semester (20% of a non-standard session) of instruction:

Withdrawals during this period are permissible only for serious and compelling reasons. The approval signatures of the instructor and department chair are required. The request and approvals shall state the reasons for the withdrawal. Students should be aware that the definition of "serious and compelling reasons" as applied by faculty and administrators may become narrower as the semester progresses. Copies of such approvals are kept on file by Enrollment Services.

3. Withdrawal during final three weeks of instruction: Withdrawal during the final three weeks of instruction are not permitted except in cases such as accident or serious illness where the circumstances causing the withdrawal are

clearly beyond the student's control and the assignment of an Incomplete is not practical. Ordinarily, withdrawal in this category will involve total withdrawal from the campus except that a Credit/No Credit grade or an Incomplete may be assigned for other courses in which sufficient work has been completed to permit an evaluation to be made. Request for permission to withdraw under these circumstances must be made in writing on forms available from Enrollment Services. The requests and approvals shall state the reasons for the withdrawal. These requests must be approved by the instructor of record, department chair (or designee), college dean (or designee), and the academic administrator appointed by the president to act in such matters. Copies of such approvals are kept on file by Enrollment Services.

4. Limits on Withdrawal

No undergraduate student may withdraw from more than a total of 18 units. This restriction extends throughout the entire undergraduate enrollment of a student at CSULB for a single graduation, including special sessions, enrollment by extension, and re-enrolling after separation from the university for any reason. The following exceptions apply:

- a. withdrawals prior to the end of the second week of a semester (13%) of instruction at CSULB,
- b. withdrawals in terms prior to fall 2009 at CSULB,
- b. withdrawals at institutions other than CSULB, and
- c. withdrawals at CSULB for exceptional circumstances such as serious illness or accident (the permanent academic record will show these as a WE to indicate the basis for withdrawal).

5. Medical Withdrawal:

CSULB may allow a student to withdraw without academic penalty from classes if the following criteria are met:

- a. A completed Medical Withdrawal Form, including any required documentation, is submitted to Enrollment Services before the end of the semester, and
- b. The student presents evidence to demonstrate that a severe medical or debilitating psychological condition prevented the student from attending and/or doing the required work of the courses to the extent that it was impossible to complete the courses.

Although students will normally withdraw from all courses, those with serious and compelling reasons may withdraw from only some of their courses; such instances will require additional justification.

The academic administrator appointed by the president to act in such matters will review the evidence presented and, in consultation with

appropriate medical or psychological professionals as needed, determine whether the request for a medical withdrawal should be granted. Once granted, all such medical withdrawals will show on the permanent record as a WE to indicate the basis for withdrawal and will not count toward the limit described in 4 above.

Repeat Complete Medical Withdrawal:

If the student has received a complete medical withdrawal in the immediately preceding term, then an additional complete medical withdrawal request must consider the question of whether or not the student can complete appropriate educational objectives and must be reviewed on a case-by-case basis. After a repeat medical withdrawal is granted, the student may be required to obtain a clearance from an appropriate medical or psychological professional that states the student is well enough to return to classes with the full expectation that the student will be able to complete the semester and intended educational objectives.

6. Instructor Withdrawal:

An instructor may withdraw a student who has never attended a class, if done before the end of the second week of classes. Because instructors are not required to do this, students should not rely on them and should officially withdraw from classes themselves to avoid assignment of a "WU" in the course.

An instructor may also withdraw a student during the first two weeks of classes who has enrolled in a course requiring "permission of the instructor", completion of prerequisites, or concurrent enrollment in co-requisites if the student has not properly secured this permission, satisfactorily completed the prerequisites before enrolling, or enrolled in the required co-requisites.

"WE" – "Withdrawal for Extenuating Circumstances". The symbol "WE" indicates the student withdrew for reasons, usually medical or psychological but not restricted to those, clearly beyond the student's control. Such cases will normally involve the withdrawal from all courses that semester. Withdrawals for extenuating circumstances will not count toward the limits on withdrawal. The symbol "WE" is not a grade and does not alter a student's grade point averages.

"WU" - "Unauthorized Withdrawal". The symbol "WU" indicates that an enrolled student did not complete course requirements but did not withdraw from the course. It is used when, in the opinion of the instructor, completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible (letter grades "A," "B," "C," "D," "F", or an "I"). Instructors of record must report the last known date of attendance for all students who receive a "WU." A student who receives a "WU" may not complete additional work and have the "WU" changed to a letter grade. In courses that are graded "Credit/No Credit" or in cases where the student has elected "Credit/No Credit" evaluation, use of the symbol "WU" is inappropriate and "NC" must be used instead. For purposes of grade point averages a "WU" is equivalent to an "F."

Part Two: Course Grading Option

The faculty determines in advance which courses may be taken for “A,” “B,” “C,” “D,” or “F” grade only, “CR/NC” only, or either. When a course is designated for “CR/NC” grading only or for “A,” “B,” “C,” “D,” or “F” grading only, mention of this fact shall be incorporated in the catalog course description. Any undergraduate course may be designated for or closed to the option of “CR/NC” grading whether or not the course is a requirement for an undergraduate degree major, minor, certificate, credential, or concentration.

No course in which a final course grade of “CR” has been assigned may be used to fulfill the requirements for a master’s degree, except that the final course grade of “CR” may be permitted for master’s theses or projects (to a maximum of six units) when the individual department has specifically designated “CR/NC” grading for the thesis/project course in the department, and for fieldwork, practicum, research, or internship courses (also to a maximum of six units). The option of “CR/NC” grading for graduate students in undergraduate courses is subject to specific regulations of the individual departments regarding their graduate students and regarding the authorization for this option intrinsic to the approved course. Otherwise, no limitation exists as to the number of courses taken by graduate students under this policy. An undergraduate student may elect “CR/NC” grading in no more than a total of 24 units, of which no more than twelve may be upper division units. No more than eight units per semester may be taken for “CR/NC” grades. Exemptions from these limitations are

1. courses graded “CR/NC” taken at another institution,
2. course credit earned by examination, and
3. courses in which “CR/NC” grading is the only form of grading.

The decision to elect the “CR/NC” grading option for a course must be made by the last day to add classes. To elect “CR/NC” grading, the student must obtain the signature of the student’s major advisor and a stamp from the department/program in which the course is offered on the appropriate form. The student must then file the signed form with Enrollment Services. The decision to register for a course on a “CR/NC” basis remains in effect unless a change is requested prior to or on the last day to add classes.

The only exception to this rule is for students who declare new majors after the last day to add classes. If the newly declared major requires letter grading for the course in question and the student has elected “CR/NC” grading, then the student may request that “A,” “B,” “C,” “D,” or “F” grading be used. Such a change must be requested no later than the last day of instruction. The grading option may not be changed after the end of the semester.

Part Three: Final Assessments

1. Every course shall have a final assessment appropriate to the course that shall cover a significant proportion of the course.
2. Every course except Distance Learning Courses shall meet and have an educational experience at the date and time listed in the Final Examination Schedule.

3. All instructors shall administer the final assessment (e.g., an exam or presentation) or have it due (e.g., a paper or project) at a specified time that falls within the date and time listed in the Final Examination Schedule, as part or all of an educational experience.
4. The college dean must approve any exception to these requirements.

Part Four: Assignment of Final Course Grades

1. The instructor of record in a course section (i.e., the faculty member officially assigned to teach that section) has the exclusive responsibility and authority to assign final course grades to all students in that section, subject only to the following exceptions:
 - A. should the instructor of record be unable or unwilling to complete this task because of death, disability, separation of employment, or prolonged absence from campus during a regular academic term, the department chair or program director, following notification of the instructor of record where appropriate and with the approval of the college dean, may appoint another instructor with the most appropriate qualifications in the discipline to complete the assignment of final course grades; or
 - B. in the event of a successful grade appeal (detailed below in Part Five: Change of Final Course Grades).
2. Final course grades shall be based on at least three, and preferably more, demonstrations of competence by the student. Exceptions require the college dean’s approval.
3. In no case shall the grade on any single demonstration of competence count for more than one-third of the final course grade. Exceptions require the college dean’s approval. This provision does not abridge a faculty member’s right to assign a course grade of “F” for a single act of cheating.
4. At the start of the course and in keeping with PS 04-05 (Course Syllabi), instructors shall provide to their students in writing the grading policies and practices to be employed in the class and the rules that will apply to withdrawals.
5. Instructors shall keep a record of students’ scores on each of the demonstrations of competence on which the final course grade is based.
6. Instructors shall provide students with an opportunity for demonstration of competence, relevant to the determination of their final course grade in the course, as early as is reasonable and no later than the midpoint of the term.
7. Students have a right to be informed promptly of their scores and to review each of their demonstrations of competence with their instructors.
8. If materials submitted for a demonstration of competence are not returned, these materials must be retained for at least two subsequent semesters by the instructor. The materials shall be accessible to the department office. In the absence of the original instructor, an instructor with appropriate qualifications may be appointed by the chair to review the demonstration of competence with the student.
9. Grades reported to Enrollment Services are considered to be official and final course grades.

Part Five: Change of Final Course Grades

1. Changes of final course grades or grading symbols can be made only on the basis of an error, a successful grade appeal (detailed in the separate policy statement on grade appeals), or resolution of an "Incomplete" ("I"). A final course grade or grading symbol shall not be changed on the basis of additional work submitted, except where an "I" was recorded.
2. Original final course grades are replaced only when the change is due to an error, the grade change is the result of a grade appeal, or Enrollment Services receives a late report of final course grades for which the symbol "RD" was substituted pending receipt. Original final course grades or grading symbols are not replaced when the change of grade is the result of the resolution of an "Incomplete" or the repetition of a course. Final course grades or administrative grading symbols must be recorded for all enrollments beyond the census date.
3. Except for changes of final course grades resulting from grade appeals, all changes of final course grades must be filed within one year from the date of the filing of the first final course grade, without respect to continuous enrollment of the student. Only as the result of a successful grade appeal or the correction of an error will a final course grade be changed after the award of a degree or credential or certificate.
4. All requests for change of a final course grade shall carry the recommendation of the instructor (except as provided for in the grade appeals procedures) and the department chair and the approval of the college dean. (PS 09-07)

Final Course Grades

Final course grades will be available via "MyCSULB" approximately two to three weeks after the end of each semester or session.

Student Grade Record

A record is kept and grade or administrative symbol notations are indicated for all enrollments beyond the second week of instruction.

Repetition of Courses

Most courses at CSULB may be completed only once for credit. Certain other courses (see below) may be repeated for additional unit credit. Within limits (see below), any course at CSULB may be repeated for grade forgiveness or grades averaged but without additional unit credit.

Repetition of Courses with Grade Forgiveness or Grades Averaged

Undergraduate students (students who have not yet earned a baccalaureate degree) may repeat, for the purpose of excluding the grade from grade point determination (i.e., grade forgiveness), courses taken at California State University, Long Beach in which a grade of D, F, or WU was received subject to the limits established below. Undergraduate students may repeat courses in which a grade of NC was received for grades averaged only subject to the limits established below. Students pursuing second baccalaureates, credentials, certificates, or master's or doctoral degrees may not repeat courses for grade forgiveness, although they may repeat courses for grades averaged without limits.

Courses Taken First at CSULB

Eligible students may repeat a course once for the purpose of grade forgiveness if the course was repeated only at CSULB. The adjustment is automatically calculated at the end of the semester in which the course was repeated A,B,C or CR. Although the first grade will remain on the student's permanent record, only the grade and grade points of the repeated course on the second attempt will count toward the grade point averages and units earned, provided the second grade was A,B,C, or CR. If the second grade was D, F, or WU, then both grades will count toward the relevant grade point averages (i.e., grades averaged), and the attempt will count toward the limits for grades averaged detailed below. Students with extenuating circumstances may file a Petition for Exception to Academic Policy with Enrollment Services to repeat a course more than once if they fail to achieve a A, B,C, or CR. In such cases, the additional repeat will not result in the forgiveness of a prior grade (i.e. grades averaged only).

Although there is no time limit for repeating a course, no student's permanent record may be altered after a degree has been granted based on attempts to successfully repeat a course in which a grade of D, F, or WU was obtained.

Undergraduate students may repeat up to 28 units they attempted first at CSULB in order to achieve a C, B, A, or CR in the course. These students may repeat up to 16 of the 28 units for forgiveness of a prior grade in the calculations of grade point averages, subject to the provisions above. Only courses attempted at CSULB count toward the unit limits. The unit value of a course counts only once toward the unit limits regardless of the number of times the student repeats the course at CSULB. Once a student reaches the 16 unit limit, the student may not repeat any additional courses at CSULB for grade forgiveness. Students may repeat up to an additional 12 units at CSULB for grades averaged (i.e., not for grade forgiveness), after which they may not repeat any additional courses at CSULB for grade forgiveness or grades averaged. No courses repeated prior to the fall semester 2009 count toward the 28 unit limit. No courses for which a W was awarded count toward the 28 unit limit. Undergraduate students may appeal these limits for such reasons as immediately impending graduation.

Grade forgiveness shall not be applicable to courses for which the original grade was the result of a finding of academic dishonesty.

Courses Taken First at Another Institution

If eligible students wish to exclude from grade point determination a grade of D, F, or WU in a course taken at another institution, they may do so by enrolling in an equivalent course at CSULB and filing a Petition for Exception to Academic Policy with Enrollment Services. The department in which the course is taught must indicate on the petition which particular course may be taken to replace the previous grade in the calculation of grade point averages. An official transcript from the institution where the original course was taken must be on file at CSULB. Only one repeat is allowed for the purpose of grade forgiveness, and only the repeated grade and grade points will be used in the determination of grade point averages, provided the second grade was A,B,C or CR. If the repeat

attempt at CSULB results in a grade of A,B,C or CR the units will not count toward the 28 unit limit. If the repeat attempt at CSULB results in a grade of D, F, NC, or WU, the student may repeat the course one additional time but only for grades averaged, and the units of the first attempt at CSULB will now count toward the 12 unit limit.

A grade received in a course taken at another institution may not be used to replace a grade in an equivalent course taken at CSULB in the calculation of grade point averages but may be used to replace it for other purposes, subject to approval by the appropriate authority at CSULB, such as an advisor in the major.

Repetition of Courses for Credit

A student may repeat for additional units or credit toward a baccalaureate or graduate degree any course specified as repeatable for credit in the CSULB catalog up to the limits specified. Each department determines the unit limits and any other limitations for its courses that may be repeated for credit. Except for courses specified as repeatable for credit and upper-division courses in an undergraduate student's major completed more than ten years prior to graduation, an undergraduate student may not enroll in or receive unit credit for a course for which the student has already received a C, B, A, or CR, including a university-level course taken at a high school or another college or university. Courses repeated for the purpose of validating major requirements will not count either as additional unit credit or toward the calculation of grade point averages. If a student completes a course with a grade of C, B, A, or CR and wishes to register for the course again only to refresh knowledge, then the student may do so but only by enrolling with an audit (AU). (PS 09-05)

Grade Appeals

1. Grade Appeal General Information

- 1.1. The primary authority of the instructor in the assignment of grades must be respected. An instructor's evaluation of a student's work and performance in that instructor's course must not be over-ridden merely because of a difference of opinion or evaluative judgment, provided it is formed in accordance with the generally accepted canons of the relevant discipline and of the academic institution where said course is offered. The university presumes that every instructor wants and tries to be non-prejudicial, objective, and consistent in the assignment of grades. This presumption, however, may be over-ridden by weight of evidence to the contrary.
- 1.2. Although the university presumes that grades assigned are correct, the university has established this grade appeal procedure both to protect students against academic and administrative evaluations and decisions that are prejudicial, capricious, or arbitrary, and to preserve the authority of instructors to evaluate student work in a non-prejudicial, objective, and consistent way. This procedure, available equally to undergraduate and graduate students, also preserves the rights of instructors to appeal grade appeals committee findings as outlined below. The policy in its entirety constitutes the only grade appeal procedure at California State University, Long Beach.

- 1.3. The burden of proof rests upon the student submitting the appeal.
- 1.4. Students may appeal only final grades. Students who believe that individual exams and/or assignments demonstrate evidence of prejudicial, capricious, or arbitrary grading and that those grades had direct bearing on the final grade should include them in the grade appeal file as supporting documentation.
- 1.5. If a grade appeals committee decides to change a grade, the committee need not grant the student's suggested grade but should assign a grade that is appropriate to the work submitted. The new grade shall not be lower than the original grade.
- 1.6. Once a student has filed a formal grade appeal, nobody may change a grade until neither the student nor the instructor continues the process or the third and final level has been concluded.

Timelines for filing an appeal and subsequent decisions specified in this policy statement refer to instructional days during the regular fall and spring semesters. In the case of courses that do not follow the traditional semester pattern (such as short-term courses given during a regular semester or programs that require year-round enrollment), students must initiate an appeal within 40 regular semester instructional days of the termination of the course.

- 1.7. All grade appeal information, whether written or oral, is confidential.
- 1.8. The student may seek the assistance of an advisor in the preparation of the appeal file. If department and/or college committees permit oral arguments, the advisor may accompany the student to the departmental and/or college hearing and be privy to all confidential information relevant to the case.
- 1.9. The original file, with all documentation, recommendations, final decisions, and all other materials (including a copy of the grade change, if relevant) shall be kept by the college involved for five years. One complete duplicate set of all documentation shall be kept in the office of the Academic Senate for five years. All other parties must destroy all duplicate materials within thirty instructional days of the final decision.
- 1.10. Each college dean and the chair of the University Grade Appeals Committee shall provide a written report at the end of each academic year to the president and the Academic Senate on the number of cases heard and the disposition of each case. College deans also shall forward their reports to the chair of the University Grade Appeals Committee.
- 1.11. If the student's appeal is compounded (or accompanied) by an allegation of unlawful discrimination as defined by federal and state laws, the student has the right to access the university's internal unlawful discrimination process and the processes available through the U.S. Department of Education Office of Civil Rights and the state of California Fair Employment and Housing Commission. However, grades may be changed only through the grade appeal process.

2. Grade Appeals Committees

- 2.1. Each department and extra-departmental program (hereafter referred to as program) shall form a department/program grade appeals committee. If department/program faculty members are unable to serve in sufficient number to form a grade appeals committee, the chair of the council of the relevant college shall appoint the required number of grade appeals committee members from the ranks of college faculty. A department/program grade appeals committee shall include at least one student member appointed by the Associated Students, Incorporated.
- 2.2. Each college and the university shall have a standing grade appeals committee, each of which shall include at least one student member appointed by the Associated Students, Incorporated.
- 2.3. For courses located in a college but not in a department (college-based courses), a first-level grade appeals committee must be formed. The council of the relevant college shall appoint the first-level grade appeals committee from among the faculty members of that college. If review beyond the first-level grade appeals committee is necessary, the appeal next shall go to the regular college-level grade appeals committee.
- 2.4. For courses not located in a college or department/program (university-based courses), the Curriculum and Educational Policies Council must create a first- and second-level grade appeals committee by appointing each committee from among its members.
- 2.5. For courses cross-listed between or among different units, the unit with the prefix under which the student took the course shall handle the grade appeal.
- 2.6. Committee members, at any level, shall not participate in any way in an appeal of a grade decision in which they have been involved personally. Such participation includes, but is not limited to, assignment of the grade in question, involvement in the class in question, or grading any student work for the class in question.
- 2.7. No committee member may serve on a committee at more than one level of a single appeal.
- 2.8. The committee chair at the department/program level and at the college level shall inform all parties of the composition of the grade appeals committee and of the right to peremptory challenge. The student and the instructor involved in any given appeal shall each have one (1) peremptory challenge to remove one (1) committee member from service for that particular appeal. Departments/programs and colleges must replace any removed members within a timely fashion. If peremptory strikes of members are exercised by either party, the committee shall have an additional ten (10) instructional days to review the file and render its decision.
- 2.9. A grade appeals committee deliberating an appeal during any level of the process shall consider all information submitted and may, if necessary, obtain clarification in writing from the student, the instructor, and/or committees at other levels of the process. The committee may request information to help it understand the basis for assignment of the grade. If either party does not supply appropriate grade appeal information within a reasonable time (see 2.11.) when requested by a committee, then that

committee may base its decision on the corresponding information supplied by the other party.

- 2.10. Committees shall consider only information available to all parties. All parties to an appeal shall be notified by the committee chair in writing of all responses and deadlines at all points of the appeal process and shall have full opportunity to comment in writing.
- 2.11. Distribution of materials submitted in an appeal shall allow reasonable time for response by the involved parties before committees render their decision. "Reasonable time" for responses shall generally be understood to be ten (10) instructional days from receipt of a response.
- 2.12. After making its determination, the committee hearing the appeal shall prepare a written statement of its decision, including an explanation of its reasoning and a response to the specific issues upon which the appeal is based. The chair of the committee shall place a copy of the decision statement in the appeal file and shall send copies of the statement to all parties involved.
- 2.13. Chairs of department/program and college grade appeal committees shall provide a written report to their dean at the end of each semester detailing the number and disposition of cases heard.

3. Preliminary Informal Phase of the Grade Appeals Process: Initiation of Grade Appeals

- 3.1. Students who believe they have received a final course grade that reflects prejudicial, capricious, or arbitrary grading of their academic performance must make this belief known to the instructor(s), either orally or in writing, before they begin the formal appeal process. In accordance with the Policy on Final Course Grades, Grading Procedures, and Final Assessments, students have a right to be informed of their scores and to review each of their demonstrations of competence with their instructors. If materials submitted for a demonstration of competence are not returned to the student, such materials will be retained for at least two (2) subsequent semesters by the instructor. The materials shall be accessible to the department office. In the absence of the original instructor, an instructor with appropriate qualifications may be appointed by the Chair to review the demonstration of competence with the student.
- 3.2. In the event an instructor is not available to participate, the department/program chair in the discipline/program may appoint another instructor whose areas of expertise most closely approximates that of the instructor of record to represent the interests of the latter.
- 3.3. If the student cannot resolve the problem after informal consultation with the instructor and intends to continue the process, the next step is for the student to prepare a grade appeal file.
 - 3.3.1. The file must include:
 1. a written statement describing the reasons for the appeal and the recommendation for a new grade;
 2. a Grade Appeal Form obtained from the appropriate college office and fully completed; and
 3. supporting documents, such as the class syllabus, exams, papers, assignments or other corroborating documents, that show evidence of the alleged improper grading.

- 3.3.2. The written statement describing the reasons for the appeal shall be addressed to the department/program chair of the discipline in which the course resides. For the purposes of this policy, a program director or coordinator is considered a program chair.
- 3.3.3. The grade appeal file must be delivered to the department/program chair within the first 40 instructional days of the regular semester immediately following the semester or special session in which the course was completed.
- 3.4. After receiving the student's grade appeal file (see 3.3.1., above), the department/program chair will consult with both the student and the instructor(s) involved to attempt a resolution to the grade appeal.
 - 3.4.1. If the instructor of record refuses to participate, the department chair shall insert a written statement to that effect in the appeal file.
 - 3.4.2. If a student is appealing a grade assigned by the department chair, the college dean or designee shall perform all functions of the chair in the appeals process.
 - 3.4.3. In the case of courses that do not follow the traditional semester pattern (such as short-term courses given during a regular semester or programs that require year-round enrollment), students must initiate an appeal within 40 regular semester instructional days of the termination of the course.

4. First Level of the Formal Appeals Process: Appeal to the department/program grade appeals committee.

- 4.1. Should consultation fail to resolve the appeal and should the student choose to continue the process, the student must ask the chair to forward the appeal to the department/program grade appeals committee. The student must make this request in writing by the last day of instruction of the regular semester immediately following the semester or special session in which the course was completed.
 - 4.1.1. The department/program chair shall forward the appeal to the department/program grade appeals committee within ten (10) instructional days and may include a written recommendation based upon the first, consultative step in the process (outlined in 3.4., above). The chair must also inform the instructor immediately that the formal grade appeals process has been initiated and must give copies of all materials forwarded to the grade appeals committee to the instructor and to the student.
 - 4.1.2. The instructor may submit a written response to the student's appeal and a rationale to be considered by the grade appeals committee. The department/program chair must also provide a copy of the response and rationale to the student.
 - 4.1.3. The student may terminate the appeal at any point by submitting a written request to withdraw the appeal.
- 4.2. The department/program grade appeals committee shall consider the appeal, adhering to the principles and guidelines of paragraphs 1.1., 1.10., 2.9., 2.10., and 2.11., above. A department/program grade appeals

committee shall reach its decision within 40 instructional days after it receives the appeal.

- 4.3. If the appeal is granted by the committee, the committee will then determine a grade for the student based upon the evidence included in the appeal file (e.g., exams, papers, and assignments). The committee shall communicate its decision and rationale as specified in paragraph 2.12., above and shall also provide a copy to the department/program chair.
 - 4.3.1. If both the student and instructor accept the committee's decision, the instructor will then have ten (10) instructional days to initiate the grade change by signing the grade change form and forwarding it to the department/program chair, at which point the grade appeal process is over.
 - 4.3.2. If the student accepts the decision of the committee but, within ten (10) instructional days of the receipt of the committee's decision, the instructor does not either file a grade change or file an appeal of the committee's finding, the grade appeal committee chair shall sign the grade change form in the place of the instructor and forward it to the department/program chair. If the department/program chair does not sign the form within ten (10) instructional days of notification, the chair of the department/program grade appeal committee will sign in lieu of the department/program chair and then the college dean will authorize the grade change.
 - 4.3.3. If, within ten (10) instructional days, either the instructor or the student files in writing an appeal of the department/program committee's finding, the committee chair shall, within ten (10) instructional days, forward the file (including the committee's decision and rationale) to the college grade appeals committee.
 - 4.4. If the department/program grade appeals committee rejects the appeal, it shall communicate its decision and its rationale as provided in paragraph 2.12., above, and provide a copy also to the department/program chair.
 - 4.4.1. If, within ten (10) instructional days, the student does not request further review of the appeal, the grade appeal process is terminated.
 - 4.4.2. If, within ten (10) instructional days, the student communicates in writing her/his wish to continue the appeal process, the committee chair shall, within ten (10) instructional days, forward the file (including the committee's decision and rationale) to the college grade appeals committee.
- 5. Second Level of the Formal Appeals Process: Appeal to the College Grade Appeals Committee**
- 5.1. An appeal of a department/program grade appeals committee decision, by either the instructor or the student, begins with a written letter of appeal to have that decision reviewed. This letter of appeal should be directed to the appropriate college grade appeal committee (also called college committee in this document) by way of the department/program chair. The department/program chair must then inform within five (5) instructional days the instructor, student, and college dean in writing that an appeal has been filed and the dean must inform within five (5) instructional days the appropriate college

grade appeals committee in writing that an appeal has been lodged. The chair of the department/program grade appeals committee must forward within five (5) instructional days the appeal file, including the committee's decision and rationale, to the college dean who must immediately inform the college grade appeals committee that the grade appeal file has been received and is ready for review.

5.2. The committee chair at the college level shall inform all parties of the composition of the grade appeals committee and of the right to peremptory challenge. The college grade appeals committee shall normally render its review decision within twenty (20) instructional days of receipt of the grade appeal file. However, if peremptory strikes of members are exercised by either party, the committee shall have an additional ten (10) instructional days to review the file and render its decision.

5.3. The college grade appeals committee shall review the grade appeal file, the department/program grade appeals committee's decision and rationale, and any rebuttal to that decision and rationale provided by the student or instructor in the light of paragraphs 1.1. through 4.4., above. During its review it may consider and act upon matters of both procedure and substance.

5.4. As a result of its review, the college grade appeals committee may confirm the decision of the department committee or it may recommend re-consideration.

5.4.1. If the college grade appeals committee confirms the decision of the department/program grade appeals committee, and if neither the instructor nor the student requests further review, then the grade appeal process ends. The chair of the college committee must inform in writing all parties, including the department/program chair and the department/program grade appeals committee. If a grade change has been recommended by the department/program committee but held in abeyance pending the appeal, the department/program chair shall, within ten (10) instructional days, authorize the grade change by filing the appropriate form. In the event that the department/program chair does not effect the change within ten (10) instructional days of notification, the chair of the college grade appeal committee will sign in lieu of the instructor or the department/program chair. The college dean will then authorize the grade change.

5.4.2. If either the student or the instructor communicates in writing her/his intention to continue the appeal process, the college committee chair shall, within ten (10) instructional days, forward the file (including the college committee's decision and rationale) to the University Grade Appeals Committee.

5.4.3. If the college grade appeals committee recommends re-consideration, it shall put in writing its rationale (which may involve matters of procedure or substance) and any recommendations it may have (which may include recommendations of substance or procedure, new constitution of the department/program committee, or other recommendations toward realizing a fair evaluation of the matters at issue). The chair of the college grade appeal

committee shall return the grade appeal file, including the rationale and recommendations of the college committee, to the department/program grade appeals committee for re-consideration and supply copies of the recommendations to all other parties, including the department/program chair.

5.5. When a grade appeal decision has been returned for re-consideration, the department/program grade appeals committee shall review the rationale and recommendations of the college grade appeals committee. It shall undertake to remedy procedural faults identified by the college committee. It shall consider anew the substance of the grade appeal, with due attention to whatever recommendations have been advanced by the college committee. The department/program grade appeals committee shall render a new decision on the appeal, which may be a reiteration of its original decision or may be a different decision (which may, but need not be, in agreement with the college committee's recommendations).

5.5.1. The department/program grade appeals committee shall render its reconsideration within twenty (20) instructional days of receipt of the grade appeal file. If peremptory strikes of members are exercised by either party, the committee shall have an additional ten (10) instructional days to review the file and render its decision.

5.5.2. Upon reaching its decision, the department/program grade appeals committee shall report, in writing, its response to all procedural faults identified by the college committee and shall again put in writing its rationale for its decision on the substance of the grade appeal. The chair of the department/program grade appeals committee shall forward these reports with the grade appeals file to the college grade appeals committee and supply copies to all other parties, including the department/program chair.

5.6. The college grade appeals committee shall review the re-considered decision of the department/program committee. It may seek clarification from the department/program committee. It shall either confirm or disagree with the decision of the department/program committee. The chair of the college grade appeals committee must inform all parties in writing of its decision.

5.6.1. If within ten (10) instructional days following notification of the college committee's decision, the student or instructor communicates in writing her/his wish to continue the appeal process, the committee chair shall forward the file (including the committee's decision and rationale) to the University Grade Appeals Committee.

5.6.2. If a grade change is recommended by the committee and the change is not appealed by either the instructor or the student (in compliance with 4.5.1., above), the college grade appeals committee chair shall, within ten (10) instructional days of the college committee's action, inform the college dean, in writing, of its decision and the college dean will authorize the grade change as determined by the committee.

6. Third Level of the Appeals Process: Appeal to the University Grade Appeals Committee

- 6.1. The University Grade Appeals Committee shall function as the third and final level of the grade appeals process. The University Grade Appeals Committee may communicate with the student, the instructor, and the department/program and college grade appeals committees as needed.
- 6.2. The University Grade Appeals Committee shall normally render its decision within twenty (20) instructional days of receipt of the grade appeal file.
- 6.3. The University Grade Appeals Committee shall review the grade appeals file, the lower level committees' decisions and rationales, and any rebuttals to those decisions and rationales provided by the student or instructor. It may consider both matters of procedure and substance. The committee may seek further clarification from either lower level committee or the student or instructor as needed. The University Grade Appeals Committee shall either confirm or disagree with the decision of the college grade appeals committee.
 - 6.3.1. If the University Grade Appeals Committee determines that the grade appeal guidelines have not been followed, it may send the appeal back to the department/program or college grade appeals committee for reconsideration.
 - 6.3.2. In the event that a grade change is authorized by the University Grade Appeals Committee, the chair of the University Grade Appeals Committee shall ensure that the appropriate change-of-grade form is properly signed by the provost and filed with Enrollment Services.
 - 6.3.3. The chair of the University Grade Appeals Committee shall inform all parties to the grade appeal, in writing, of the committee's decision.
 - 6.3.4. The rendering of the University Grade Appeals Committee's decision, notification of all parties of the decision, and effecting of a grade change where authorized by the committee, completes the appeal process.

Probation and Disqualification

Academic Probation

Undergraduate students are placed on academic probation if at any time their cumulative grade-point average in all college work attempted or their cumulative GPA at California State University, Long Beach falls below 2.0 (C). Graduate students are placed on academic probation when their cumulative grade-point average or grade-point average on all courses applicable to the degree falls below 3.0. Other post-baccalaureate students are placed on academic probation when their cumulative grade-point average falls below 2.5.

Undergraduate students will be removed from academic probation when their cumulative grade-point average in all college work attempted and their cumulative grade-point average at California State University, Long Beach is 2.0 (C) or higher. Graduate students will be removed from academic probation when their overall grade-point average and grade-point average on all courses applicable to the degree are 3.0 (B) or higher.

Other post-baccalaureate students will be removed from academic probation when their overall grade-point average is 2.5 or higher.

Administrative Academic Probation

An undergraduate or graduate student may be placed on administrative-academic probation by action of appropriate campus officials for any of the following reasons:

1. Withdrawal from all or a substantial portion of a program of studies in two successive semesters or in any three semesters, unless the withdrawals were directly associated with a chronic or recurring medical condition or its treatment;
2. Repeated failure to progress toward the stated degree objective or other program objective (when such failure appears to be due to circumstances within the control of the student);
3. Failure to comply, after due notice, with an academic requirement or regulation which is routine for all students or a defined group of students (e.g., failure to take placement tests, failure to complete a required practicum).

Academic Disqualification

Students who remain on academic probation for more than two consecutive semesters are subject to academic disqualification.

Undergraduate students on academic probation are subject to academic disqualification when:

1. As freshmen (fewer than 30 semester-hours of college work completed), their grade-point average falls below 1.5 on all units attempted or on all units attempted at California State University, Long Beach;
2. As sophomores (fewer than 59 semester-hours of college work completed), their grade-point average falls below 1.7 on all units attempted or on all units attempted at California State University, Long Beach;
3. As juniors (60 to 89 semester-hours of college work completed), their grade-point average falls below 1.85 on all units attempted or on all units attempted at California State University, Long Beach;
4. As seniors (90 or more semester-hours of college work completed), their grade-point average falls below 1.95 on all units attempted or on all units attempted at California State University, Long Beach; and

In addition to the above disqualification standards applicable to students on probation, individuals not on probation may be disqualified when both of the following circumstances exist:

1. At the end of any semester, if the student has a cumulative grade-point average below 1.0; and
2. The cumulative grade-point average is so low that in view of the student's overall educational record it seems unlikely that the deficiency will be removed within a reasonable period.

Graduate and post-baccalaureate students are subject to disqualification if while on probation they fail to earn grades of sufficient quality to remove themselves from probationary status. Disqualification will bar such students from any further enrollment at CSULB.

Disqualification From Impacted Programs

Students who fail to maintain an overall GPA of 2.0 will be immediately removed from an impacted major and placed in the undeclared category or in a general category appropriate to the discipline. To be reinstated as majors in the impacted program, they must reapply at the time when change-of-major requests are normally accepted.

Administrative Academic Disqualification

A student who has been placed on administrative-academic probation may be disqualified from further attendance if:

1. The conditions for removal of administrative-academic probation are not met within the period specified;
2. The student becomes subject to academic probation while on administrative-academic probation;
3. The student becomes subject to administrative-academic probation for the same or similar reason for which they have been placed on administrative-academic probation previously, although not currently in such status.

In addition, an appropriate campus administrator may disqualify a student who at any time during enrollment has demonstrated behavior so contrary to the standards of the profession for which the student is preparing as to render her/him unfit for the profession. In such cases, disqualification will occur immediately upon notice to the student, which shall include an explanation of the basis for the action, and the campus may require the student to discontinue enrollment as of the date of the notification.

For students who subsequently become eligible for reinstatement (see below), disqualification under the provisions of the preceding paragraphs constitutes a break in "continuous enrollment" within a degree major program; therefore, students disqualified may not elect any regulations in effect prior to disqualification.

Reinstatement

In order to be considered for reinstatement to CSULB, a disqualified student must demonstrate progress toward the degree. This demonstration can be achieved by:

1. Completing courses through University College and Extension Services at CSULB; or
2. Completing classes at other regionally accredited academic institutions.

All classes considered for reinstatement in the student's petition must be applicable for degree credit and toward the student's General Education or major requirements.

Progress toward meeting the GPA requirement can be demonstrated by reducing the deficiency in grade-point average by one-half at CSULB or by making equivalent grades in courses taken at other regionally accredited academic institutions. Grades earned at other regionally accredited academic institutions will not reduce the deficiency in the CSULB grade-point deficiency. Grades earned elsewhere are only indicators of academic ability.

After reducing the deficiency in the CSULB grade-point average and/or demonstrating academic ability at other regionally accredited academic institutions, the student may petition the Academic Appeals Committee for reinstatement.

The petition must present evidence that the student is likely to achieve a satisfactory grade-point average and to complete requirements for the degree. The Academic Appeals Committee will only consider the petition for reinstatement of students who have remained outside of the university for at least one regular (fall or spring) semester after their dismissal.

Petition forms are available through Enrollment Services and must be filed by December 1 for the spring semester or August 1 for the fall semester. Petitions received after that date will be returned to the student to be submitted for consideration for a future semester. (PS 09-06)

Disqualified undergraduate students taking courses through College of Continuing and Professional Education will be eligible to enroll in a limited amount of courses. Fall and Spring Semesters: 6 units or two courses, as long as enrollment in these two courses does not exceed 7 units. Summer Session: 6 units or two courses, as long as enrollment in these two courses does not exceed 7 units. Winter Session: 4 units.

The University Center for Undergraduate Advising offers Reinstatement Workshops for Undergraduate Students who have been academically disqualified. The workshops help students to learn how to become reinstated to the university. For more information or to sign up for the workshop call (562) 985-7847 or visit the University Center for Undergraduate Advising, located in the Horn Center Room 103.

Academic Appeal of Disqualification

Undergraduate students who have made academic progress and believe that there were extenuating circumstances that led to their academic disqualification may file an appeal asking to extend their academic probation for an additional semester. Students must submit their appeals immediately following notification by Enrollment Services that they have been disqualified. The Appeal of Disqualification information and form are available through the University Center for Undergraduate Advising.

Academic Renewal

An undergraduate student may petition to have all the grades and units received during one or two semesters (or up to three quarter terms) of undergraduate work disregarded in the computation of grade point averages and academic standing. The work so disregarded may have been taken at any collegiate-level institution but no work taken during the disregarded terms, even if satisfactory, may apply toward baccalaureate requirements. All grades and units attempted will remain on record. At least five calendar years must have elapsed since the work in question was completed and the student must have subsequently completed 15 semester units with a 3.0 GPA (or 30 semester units with a 2.5 or 45 semester units with a 2.0) at CSULB before filing a request for disregarding the coursework. At the time of filing the petition the student must have either already met all requirements for graduation other than one or more grade point averages or all other remaining requirements are in progress during the semester of filing. No student may use academic renewal to raise any grade point average above what is required for graduation.

Students shall submit petitions for academic renewal to Enrollment Services. Final determination shall be made by the provost (or designee) in consultation with the Academic Appeals Committee. The petitioning student must certify that the work to be disregarded was substandard and not reflective of her or his current scholastic ability or present level of academic performance. This certification must include a statement explaining the extenuating circumstances causing the substandard performance during the terms in question. The student must also provide evidence that it would be necessary to complete additional units or semesters in order to qualify for the baccalaureate degree if the request were not approved. (PS 09-08)

Academic Appeals

Students may petition for exception to academic policy. Typically, exception requests involve issues such as record errors, General Education substitutions or waivers, reinstatement, exceptions to the repeat/delete policy, and academic renewal.

Students can obtain the "Petition for Exception to Academic Policy" forms from the Office of Enrollment Services, Brotman Hall Room 101, or the Academic Advising Center, located in Horn Center, Room 103. This written appeal will be directed to the Academic Appeals Committee. Petitions must be filed with the Office of Enrollment Services, BH-101.

Cancellation of Registration or Withdrawal From CSULB

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the university's official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available online at the Enrollment Services website.

Students who receive financial aid funds must consult with the Financial Aid Office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

Refund of Student Fees

Regulations governing the refund of student fees in the California State University system are prescribed by the CSU Board of Trustees; see California Code of Regulations, Title 5, Education, Section 41802.

Educational Leave

Any registered student, undergraduate or graduate, in good academic standing may request an Educational Leave. Students requesting an Educational Leave must complete an Educational Leave Form, in advance, including an explanation of their reasons for seeking the leave and a statement of when they intend to resume academic work. The completed form should be submitted to the Office of Enrollment Services, Brotman Hall 101.

The minimum initial leave will be one full semester; the maximum will be one calendar year. A student may submit, in advance, a new educational leave request form for an extension of leave. Under no circumstances will the total number of approved educational leaves exceed two, nor will the duration of approved educational leaves extend beyond two calendar years.

Students returning from an approved educational leave are not required to submit an application for readmission to the university. Students returning from an absence for which an educational leave was appropriate but not approved in advance must reapply for admission and pay the reapplication fee.

Graduate students who plan to enroll for credit at another institution of higher education during the leave period must obtain prior approval for the transfer of course credit to the student's program from the department graduate advisor, department chair, and the College Dean or designee.

The period of an educational leave is counted in the calculation of elapsed time under the regulations governing the maximum period for completion of degree and remediation requirements. (See Baccalaureate and Graduate sections of this catalog).

For the period of an educational leave the student's rights under the "Election of Regulations" rule are preserved, maintaining the right of the student to elect regulations as if he or she had maintained continuous attendance.

An educational leave presupposes no expenditure of University resources or faculty and staff time on behalf of the student during the period of the leave. In addition, no computer facilities, no library privileges, and no student services are available to a student on educational leave.

BACCALAUREATE DEGREE INFORMATION

Student Success and Graduation

CSULB's core academic purpose is to graduate students with highly valued degrees. Graduation rates for CSULB students have increased dramatically in recent years and the length of time it takes students to complete degrees has decreased. The availability of needed courses and support by academic advisors and learning communities greatly improved graduation rates. These improvements were key to the naming of CSULB as one of "America's Best Colleges and Universities" by *U.S. News and World Report* and "No. 3 best value public college in the nation" by *America's Best Value Colleges*.

Frequently Asked Questions

Successful students know the answers to these frequently asked questions. Please read them carefully. Knowing these answers can help you avoid pitfalls during your first semesters on campus. For further information, see this section of the *Catalog* or contact the University Center for Undergraduate Advising at (562) 985-4837.

- 1. How can I tell what requirements I still need to meet before I graduate?** Use MyCSULB to check your Degree Progress Report. The default report will only list requirements that have not been satisfied. In addition, icons next to each requirement reflect the status of that requirement. You can bring a printout of the Degree Progress Report to your major advisor or the University Center for Undergraduate Advising for assistance.
- 2. Can my General Education (GE) Courses be used for both GE and for my major ("double counted")?** Under the 2008 GE pattern, up to ten units may double count for the major and GE. Students under the 1999 GE pattern follow the previous double count GE/major rules. See an advisor in the University Center for Undergraduate Advising (Horn Center, Room 103, 562-985-4837).
- 3. How many units will transfer from a California Community College to CSULB?** All bachelor's level courses transfer, but only 70 units of transferable course work will apply to your bachelor's degree. Additional transferable course work will receive subject credit only.
- 4. I transferred from a California Community College. Do I have to take any General Education courses?** If you have received GE certification, you are required to complete an additional nine (9) units of upper-division GE courses. If you have not been certified as having met the transfer pattern, you must meet the CSULB GE requirements.
- 5. What does General Education (GE) Certification mean?** There are three GE certification processes. Two may be completed at the California Community College (CCC). They are either (1) the California State University (CSU) Transfer Pattern or (2) the Intersegmental General Education Transfer Curriculum (IGETC). The third certification process may be completed at another CSU. In all cases, GE certification means that you have completed your lower-division GE at a CCC or at another CSU.

6. Does having an AA degree from a California Community College mean I am GE Certified? Usually not. The minimum requirements for most AA degrees do not include the lower-division GE pattern required by CSULB. CSULB also requires an additional 9 units of upper-division GE courses.

7. What is partial General Education (GE) Certification? Partial Certification means that transfer students have completed subject and unit requirements in some GE categories, but not others.

Baccalaureate Degrees

CSULB offers 71 baccalaureate majors (see a list of degree programs and admission requirements at the beginning of this *Catalog*). Baccalaureate degrees are constructed of three interrelated areas: (1) the breadth component, called General Education (GE) Program, which is the basis for the baccalaureate degree with courses that offer training in general skills, methodologies, and habits of thought; (2) the depth component, or major, which establishes an understanding of the breadth of a body of knowledge, competence in the fundamental skills and methodologies of the discipline, and understanding and skill at an appropriate depth in one or more facets of the discipline; and (3) the elective component that provides the possibility for personal exploration, enhancement, and development to complement the rest of the degree program (and might include a minor and/or a certificate program).

Requirements for the Baccalaureate Degree

- Completion of a minimum of 120 units for the Bachelor of Arts. Completion of the minimum number of units which could range from 120 to 140 required by the major program for the Bachelor of Science, Bachelor of Fine Arts, or Bachelor of Music degrees. See the description of the requirements for each major for the specific number of units required. There are restrictions (below) on how many units in certain categories may be counted toward the minimum unit requirement.
- Completion of at least 40 upper-division units (courses numbered 300-499). No course taken at any community college may count toward fulfillment of these 40 units.
- Completion of at least 30 units in residence at CSULB of which at least 24 must be upper-division and at least 12 must be in the major. Units earned in Extended Education cannot be counted toward fulfillment of the residence requirement.
- Completion of the General Education program, described below, including at least 9 units in upper-division courses completed at CSULB.
- Completion of the specific course and unit requirements for the academic major, as shown in the alphabetic listing for the major department. If the requirements are changed during students' continuous attendance at CSULB, they have the right to meet either the requirements in effect when they entered the major or the requirements in effect at the time they graduate. All upper-division courses required for a major must be completed within the ten-year period

preceding award of the baccalaureate degree. Courses completed prior to this ten-year period can be revalidated by such demonstrations of competence or knowledge of the subject as may be prescribed by the department offering the course.

The on-line *Catalog* Table of Contents has a link at the top to "Road Maps" that show a suggested sequence of courses to enable students to complete all degree requirements in a timely fashion. Since individual circumstances can vary, students should consult their major advisors for assistance in planning appropriate programs.

6. Satisfactory fulfillment of the Graduation Writing Assessment Requirement (GWAR) (See a description of the requirement at the end of this section.)
7. Achievement of a minimum 2.0 ("C") grade-point average in each of the following:
 - a. The entire college record.
 - b. All units attempted at CSULB.
 - c. All courses in the major.
 - d. All upper-division courses in the major completed at CSULB.
8. Formal approval by the faculty of the university.

Student Levels

Freshman	0.0 to 29.9 units
Sophomore	30.0 to 59.9 units
Junior	60.0 to 89.9 units
Senior	90.0 or more units
Postbaccalaureate	holding a baccalaureate or equivalent degree

Restrictions on Units That May Be Counted Toward the Minimum Required for the Baccalaureate

Activity Courses

Activity courses provide practice in such areas as music, dance, physical education and Sports, Athletics, and Recreation. Except as required by a student's major, students may apply to the degree no more than eight units each of activity course credit in music, dance, theatre arts, or kinesiology and no more than four units of activity course credit in SAR, up to a total of no more than 20 units in all areas.

Transfer Courses

No more than 70 units of courses from a Community College may be counted toward the minimum unit requirement for the baccalaureate. (For more detail, see the section on Transfer Credit in the Academic Information section of this *Catalog*.)

Courses Taken by Non-Matriculated Students in Any Term

No more than 24 units total taken during any term while in non-matriculated status may be used to fulfill any undergraduate degree requirements. All students who have not been formally admitted to CSULB and who take courses here are non-matriculated students. Courses taken by incoming freshmen during the summer prior to their first fall are considered non-matriculated units. Units taken while in non-matriculated status are also sometimes referred to as extension units, extended education units, or special session credit units.

Courses offered through the College of Continuing and Professional Education (CCPE) conferring education unit (CEU) credit carry no degree credit.

Open University

Open University (Adjunct Enrollment) — Through Open University, students who are NOT matriculated in CSULB may take regular university classes during spring or fall semesters for academic credit on a "space available" basis with permission of the department chair and the course instructor. Open University enrollment does NOT constitute admission to CSULB. For more information call the College of Continuing and Professional Education at (562) 985-5561.

Special Session

There is no limit on CCPE Special Sessions course credit, including Winter session, applicable to the degree if taken while in matriculated status in the degree program.

General Education

The Significance of General Education

The components of an undergraduate education include the major, in which the student acquires depth of knowledge, electives that allow a student to explore personal or career-related interests, and General Education (GE). General Education allows students to develop competency in academic skills that are essential to all academic majors. In addition, General Education offers students broad knowledge beyond the focus of the major, as well as exposure to the rich diversity of the human experience.

The General Education program at CSULB sequentially introduces students to the mastery of academic skills along with a pattern of course work that will provide graduates with an understanding of self, the physical world, the development and functioning of human society, and its cultural and artistic endeavors, as well as an understanding of the methodologies, value systems, and thought processes employed in human inquiries. It involves three stages: Foundation, Explorations, and Capstone. Students who begin their college careers at CSULB will complete all three stages, while transfer students who enter the university with a Full General Education Certification will be expected to complete the final (Capstone) stage only.

General Education Breadth requirements are specified pursuant to Title 5, California Code of Regulations, Sections 40402.1, 40403, 40405, 40405.1, 40405.2, 40405.4, and 40508, and Sections 1 and 2 of Chapter III of the Standing Orders of the Board of Trustees of the California State University, and Executive Order 1033. CSU General Education Breadth requirements have been designated to complement the major program and electives completed by each baccalaureate candidate to assure that graduates have made noteworthy progress toward becoming truly educated persons. These requirements are designed to provide the knowledge, skills, experiences, and perspectives that will enable CSU students to expand their capacities to take part in a wide range of human interests and activities; to confront personal, moral, and social problems that are an inevitable part of human life; and to cultivate both the requisite skills and enthusiasm for lifelong learning.

The Essential GE Student Learning Outcomes

Upon completion of the GE Breadth requirements, CSU students should show mastery in each of the following:

Knowledge of Human Cultures and the Physical and Natural World

Achieved through study in the Sciences and Mathematics, Social Sciences, Humanities, Histories, Languages, and the Arts

Intellectual and Practical Skills, including

Written Communication
Oral Communication
Critical Thinking
Quantitative Reasoning
Information Literacy and Technology Literacy
Teamwork
Creativity, Inquiry, and Discovery

Personal and Civic Responsibility, including

Global Competencies
Intercultural Competence (cultural values/traditions-U.S.)
Ethical Reasoning and Social Responsibility
Self-Understanding
Foundation and Skills for Lifelong Learning

Integrative Learning, including

Synthesis and Interdisciplinary Methods of Inquiry

Structure of the General Education Curriculum

Each California State University, Long Beach baccalaureate graduate shall have completed a minimum of 48 semester units of GE courses distributed as described below. The GE program includes three (3) units of approved course work in U.S. History and three (3) units of approved course work in U.S. Constitution and American Ideals required by Section 40404 of Title 5 and EO 405.

The General Education curriculum is organized as three sequential phases. The first is the Foundation, a group of courses designed to provide fundamental learning skills. The second is Explorations, courses distributed across the curriculum that are intended to provide an opportunity to explore the various way of acquiring and examining knowledge while continuing to develop learning skills. The third is the Capstone, designed to integrate knowledge and skills developed earlier in the curriculum.

In completing the Foundation, Explorations, and Capstone phases of the General Education program, all students must complete a distribution pattern described below.

Within the Explorations and Capstone courses of the General Education program, all students must take one 3 unit course of instruction that focuses on instructive examples of human diversity in the United States (Human Diversity in the U.S. courses). All students must also take one three (3) unit course of instruction that focuses on global issues or world societies and cultures (Global Issues courses).

At least nine (9) units of the General Education program must be approved upper-division Capstone courses taken after the student achieves upper-division standing (completion of 60 semester units) and must normally be completed at California State University, Long Beach.

Only courses on the General Education Master Course List at the time the student takes the course shall count for General Education.

Because the program is intended to provide breadth, no more than 10 units of General Education courses in the student's major department may be used to satisfy the GE requirements. "Courses in the major department" include all courses housed in the department offering the major, regardless of prefix. There is no limit to the number of units outside the major department that may be used to satisfy both the requirements for the major and the requirements for General Education.

A cross-categorized course may be counted (at the student's option) in any one of the approved categories A-E, but not in more than one.

Where appropriate exams exist, Foundation and Explorations requirements may be met by external examinations, such as Advanced Placement or International Baccalaureate exams.

Foundation

The first-year program at CSULB should pay special attention to the development and improvement of fundamental academic skills that are critical to student success in college. Every CSULB student will be expected to demonstrate mastery of key academic skills early in the course of study at CSULB, ideally within the first year. Among the skills most central to success are communication in English, both written and oral, mathematical concepts and quantitative reasoning, and analytical and critical thinking. Students also need a solid foundation in skills for learning, including the ability to read for information, information retrieval literacy skills, and basic technology skills.

All students are assessed at entry into the university for readiness for baccalaureate-level work in English composition and mathematics. The first priority for any student who is not prepared for baccalaureate-level work is to become fully prepared for college. Accordingly, students who have not demonstrated readiness for baccalaureate-level English or mathematics must complete the appropriate pre-baccalaureate courses within the first-year after admission to CSULB. A student who is required to take either pre-baccalaureate mathematics or pre-baccalaureate composition may register for other 100-level Foundation or other General Education classes only if those courses do not have pre- or co-requisites in the area of deficit.

The following courses make up the Foundation curriculum and must be completed with a grade of at least "C":

- one three (3) unit course in Written Communication in English
- one three (3) unit course in Oral Communication in English
- one three (3) unit course in Critical Thinking
- one three (3) unit course in Mathematics

The Foundation curriculum must be completed by the time the student has completed 36 units of baccalaureate-level work at CSULB.

Courses in the Foundation curriculum will be numbered from 100 to 199. All other General Education courses must have pre- or co-requisites from the Foundation curriculum, and all General Education courses numbered 300 or higher must have the entire Foundation curriculum as prerequisites. A Foundation course may have a pre- or co-requisite of another Foundation class, if educationally justified.

Explorations

After an early focus on fundamental learning and academic skills, students will have an opportunity to explore human knowledge in many disciplines. The Explorations stage encompasses all areas outside the Foundation curriculum, as described under "Distribution." It excludes the final nine (9) units of General Education, described under "Capstone."

General Education courses numbered from 100 through 199 may be appropriately taken at the same time as courses in the Foundation curriculum.

Although the primary purpose of Explorations is the development of breadth of knowledge, it is expected that all courses will offer opportunities for continued development of foundational skills. Reading, writing, oral discussion and presentation, problem solving, quantitative reasoning, and critically- and analytically based research are central to the learning of content. For this reason, all courses outside the Foundation must have pre- or co-requisites from the Foundation, and all courses numbered 300 or higher must have the entire Foundation curriculum as prerequisites.

In addition, as students progress through their Explorations, they will be expected to develop additional skills and attributes, including ethical reasoning, analytical reading, creativity, respect for difference, awareness of other cultures, questioning of stereotypes, the values of citizenship, negotiating skills, and other attributes of use in a diverse society.

Capstone

The final nine (9) General Education units form the Capstone. All students, including transfer students who have completed a certified lower-division General Education program, must complete nine (9) units of Capstone courses. The purpose of the Capstone is to bring the strands of the General Education experience into focus, to reinforce knowledge and skills acquired from many areas, and to incorporate depth in the form of more sophisticated tools and analysis. For transfer students, the Capstone may offer an opportunity to connect to the campus in a learning community outside of the major department.

Distribution Requirement

Students must complete a minimum of 48 units of approved General Education courses, distributed as follows:

Category A -- Communication in the English Language and Critical Thinking (all included in the Foundation) -- At least nine (9) units to include:

- Category A.1. -- At least three (3) units chosen from approved courses in Written Communication in English
- Category A.2. -- At least three (3) units chosen from approved courses in Oral Communication in English or a combination of oral and written communication in English.
- Category A.3. -- At least three (3) units chosen from approved courses in Critical Thinking.

Category B -- Natural Sciences and Mathematics -- At least nine (9) units to include

- Category B.1. -- At least six (6) units of Natural Sciences to include:
 - Category B.1.a. -- At least three (3) units chosen from approved courses in the Biological Sciences, which must include a laboratory experience
 - Category B.1.b. -- At least three (3) units chosen from approved courses in the Physical Sciences, which must include a laboratory experience

- Category B.2. -- At least three (3) units of study chosen from approved courses in Mathematics (included in the Foundation)

Category C. -- the Arts and Humanities -- At least nine (9) units to include:

- Category C.1. -- At least three (3) units chosen from approved courses in the Arts
- Category C.2. -- At least six (6) units from 2 areas chosen from approved courses in the Humanities chosen from
 - Category C.2.a. -- Literature,
 - Category C.2.b. -- Philosophy, and
 - Category C.2.c. -- Foreign Languages

Category D -- Citizenship and Social and Behavioral Sciences and History -- At least 12 units to include

- Category D.1. -- At least six (6) units chosen from approved courses in U.S. Citizenship to include:
 - Category D.1.a. -- At least three (3) units chosen from approved courses in U.S. History
 - Category D.1.b. -- At least three (3) units chosen from approved courses in the Constitution and American Ideals
- Category D.2. -- At least six (6) units, from two different disciplines, chosen from approved courses in the Social and Behavioral Sciences and History

Category E -- At least three (3) units chosen from approved courses in Self-Integration

GE Electives -- At least six (6) units required to meet 48 total units in GE. Additional courses to reach the minimum total of 48 units may be chosen from any courses approved for General Education credit in categories B, C, and D. This includes both courses that fit the specific designations above and other approved courses, designated as B.3 or C.3, that meet the general headings of category B or C but do not fit one of the specific required categories. Excess units from all or any combination of Category B or C or D, may be applied to this section.

Special requirements -- All students, including all transfer students, must complete:

- at least 3 units from the above categories devoted to the study of Human Diversity in the United States, and
- at least 3 units from the above categories devoted to the study of Global Issues. [Note: Transfer students who began continuous attendance at a California Community College before Fall 2008 and who had General Education Full Certification upon entrance to CSULB are eligible to follow the requirements of earlier catalogs.]

Capstone Requirements -- All students, including all transfer students, must complete at least nine (9) units of Capstone courses. Capstone courses may be used to meet the specific category requirements and the Global Issues and Human Diversity in the U.S. requirements, if those have not been met by other courses.

Students are expected to complete the Capstone requirement at CSULB. An exception will be made for students who transfer from another CSU campus after completing some of the upper-division GE requirement at that campus. To be accepted toward the Capstone requirement at CSULB, the transfer course must be approved for upper division general education credit at the campus offering the course. Other courses may be used, on an individual basis, to meet the requirement if they are approved for

General Education at the campus offering the course and if the purpose of the course meets the criteria for a CSULB Capstone course.

Students who transfer from baccalaureate institutions other than the CSU after completing upper-division General Education courses may petition to have one or more such courses accepted toward the Capstone requirement. Such petitions will be evaluated on the basis of the criteria above.

GE Requirements for Returning and Transfer Students

Students who have not maintained continuous attendance status shall be subject to the General Education requirements in effect at the time of their reentry to the university, with the following exceptions.

Previous CSULB students who were under earlier General Education requirements and who before breaking continuous attendance needed no more than three additional courses to complete the entire General Education requirement shall be allowed to complete the General Education requirement in effect at the time of the previous attendance. However, all students must complete at least 9 units of upper division General Education courses, of which a minimum of 6 units must be Capstone courses.

Previous CSULB students who were under the earlier General Education requirements and who before breaking continuous attendance completed one or more upper-division GE courses shall be required to complete additional Capstone courses as needed to complete the total of 9 upper-division units. At least two of the courses in the overall program must be Capstone courses.

Transfer students who enter CSULB with full GE certification from a California Community College must complete both the Human Diversity in the U.S. and the Global Issues requirements if these requirements were not met through transfer, but these students need not complete any other GE courses except the Capstone, which cannot be met through transfer from a community college. Transfer students who enter CSULB without full GE certification or subject-area (partial) certification from a California Community College must either complete the CSULB GE requirements, or complete and obtain a GE certification from a California Community College which will be honored as meeting CSULB's lower-division GE requirements.

Majors

Choosing a major is one of the most important, and sometimes most difficult, academic decision students will make during their college careers. There may be many possible choices of major that would provide preparation for a given career. The section on Degrees, Options, Minors, and Certificates earlier in this *Catalog* shows the many choices available and where to find information on each. Many departments have additional information posted on their web pages, accessible from the university's home page. Students are encouraged to interview faculty in possible majors and to seek the help of student services professionals to assist them in making this important decision.

Declaration of a Major

To help ensure timely completion of graduation requirements, students who have a total of 60 units completed must have declared a major before they may register for the

next term. Upper-division transfer students are required to declare their intended major on their application for admission. (PS 06-04)

Change of Major or Other Objective

Undergraduate students declaring a major for the first time or changing from one degree program or degree option program to another must submit an approved Change of Major/Declaration form to the Office of Enrollment Services. Most departments submit these forms electronically.

Students who are candidates for a certificate or credential program must also file a Request to Graduate. (Please see Graduation section of the *Catalog*.)

The evaluation of credits transferred to the University is based in part upon the objective indicated on the application for admission. Students should be aware, therefore, that under some circumstances transfer courses accepted for one purpose may not be acceptable for other purposes.

Double Major

Students may complete the requirements for two baccalaureate programs concurrently. One diploma will be issued reflecting both majors. A course, or courses, may be used to satisfy the individual requirements of both majors, without limit, as long as the required pattern of course work is completed for each major.

Minors

A minor is a structured selection of courses by which a student can enrich his or her academic preparation through concentrated study of a discipline that is different from, but may be related to, the student's declared major. A minor is a means to augment or complement the major by broadening the student's academic experience or serving as preparation for a specific career. Usually a minor is not required for the baccalaureate; however, students may elect to complete a minor and have that fact noted on their records. Students should consult with an advisor in their major department for recommendations on suitable minor fields of study.

A minor consists of a minimum of 18 units, as specified by the department or program, at least nine of which must be upper-division. The minor may be in a single subject or interdisciplinary. Students may not declare or receive a minor in the same subject as the major, and the major and minor may not have the same title. The description of each minor shall have a statement listing all majors, if any, that may not be combined with that particular minor. The minimum overall GPA in courses toward the minor is 2.0. A minimum of six units of course work toward the minor must be taken at CSULB.

Students should refer to the requirements of the department and college of their major, to see whether a minor is required for that major. Even if a minor is not required, students may elect to complete one or more minors from those available and have that so noted on their transcripts. Unlike certificates, minors are awarded only as part of a baccalaureate degree. Students may not finish a minor after they have graduated, except in conjunction with a second baccalaureate degree.

Certificate Programs

California State University, Long Beach offers 40 baccalaureate-level programs leading to the award of a Certificate. Certificate programs differ from baccalaureate majors and minors in their emphasis on practical and applied uses of knowledge in a specific area of human enterprise. Certificates may only be earned concurrently with or following the award of the baccalaureate degree. Certificate programs must require at least 18 units of course work, of which at least 15 units must be at the upper-division level. Many certificates require 24 to 27 units. Courses taken to fulfill the requirements for the baccalaureate may also be applied to certificate requirements. A maximum of two 500-level courses, taken by eligible students in their senior year, may be applied to a baccalaureate certificate program. Extension and/or transfer credit may comprise no more than one-fourth of the course work used to meet baccalaureate certificate requirements. A grade-point average of at least 2.0 must be maintained in the certificate program's course work.

Students wishing to pursue a baccalaureate certificate program should consult the relevant department as early as possible to receive early advisement on the program. Students wishing to receive a certificate must so indicate on the Request to Graduate form filed with the Office of Enrollment Services.

Additional Baccalaureate Degrees

A graduated student who wishes to pursue an additional baccalaureate degree may do so by completing a minimum of 30 units in residence after graduation, of which 24 units must be upper-division courses and 12 units must be in the major. (See the *Catalog* section on admissions for restrictions on the admission of candidates for a second baccalaureate degree.)

A senior, with advance approval of the Academic Appeals Committee, may earn a maximum of twelve units toward the additional degree while in residence for the first degree. Any courses to be applied to the additional degree must be specified and taken in addition to those needed to satisfy the requirements of the first degree.

Students applying for and accepted to a second baccalaureate degree program who have received their first baccalaureate degree or equivalent from an institution outside of the U.S. will be required to complete any deficiencies in the General Education pattern and will be evaluated for General Education on the same basis as undergraduates.

Enrollment of Seniors in Graduate Courses

Undergraduates may enroll in graduate courses only under the conditions specified below:

Graduate Credit Earned as a Senior

Graduate credit usually may not be earned in advance of the baccalaureate degree. Seniors may, however, be granted approval to earn a maximum of 12 units of course work in the 400 and 500 levels designated as acceptable for graduate credit and taken at this university towards their prospective graduate programs (based upon faculty recommendation, academic performance (in general a grade-point average of 3.0 (B) in the major), and promise of academic achievement in post-graduate study). Approval is

subject to the following conditions: (a) the course work must be in addition to that required for the undergraduate major; and (b) the undergraduate student must have a "Petition to Earn Graduate Credit in the Senior Year" approved by the departmental graduate advisor and the department chair prior to enrollment. (PS-92-08)

In those areas in which graduate credit is for a credential only, the petition must be submitted to the appropriate department in the College of Education. Petitions submitted after completion of course(s) will not be approved.

Senior Enrollment in Graduate Courses for Undergraduate Credit

Under special conditions, seniors who have a 3.0 grade-point average or better in their major and who have adequate undergraduate preparation in the subject may enroll in up to 12 units in the 500-599 series to fulfill the elective requirements of the bachelor's degree. The course work may not be applied to the units of 500-600 level course work required by the department or college for the master's degree. The student must have a "Petition to Earn Credit Toward a Bachelor's Degree for a 500-Level Course Taken in the Senior Year" approved by the instructor and department chair before registration in the class(es) is permitted. (PS 92-09)

Graduation Writing Assessment Requirement (GWAR)

In order to obtain a degree or certificate from CSULB, all students must demonstrate upper-division competence in academic writing in English. For the purposes of fulfilling the Graduate Writing Assessment Requirement (GWAR), students are responsible for developing the skills necessary (which should include analysis and support with one or more of the following: synthesis, critique, inquiry, argument, and exemplification).

Undergraduate students fulfill the GWAR by one of the following:

1. Passing the Writing Proficiency Exam (WPE);
2. Passing another approved CSULB assessment of writing competence;
3. Having already passed an assessment of writing competence GWAR at another CSU campus, prior to transfer to CSULB;
4. Earning a CSULB-approved passing score on the writing portion of an approved standardized graduate admissions test, such as the Graduate Record Examination or the Graduate Management Aptitude Test.
5. Enrolling in a GWAR course and submitting a portfolio for assessment after attempting the WPE once.

Assessments of writing competence from non-CSU campuses are evaluated by the GWAR Coordinator for their equivalence before they are accepted to fulfill the GWAR.

Students needing to fulfill the GWAR must take the WPE at least once. If unsuccessful, they may take it a second time or may enroll in a GWAR course and submit a portfolio for assessment.

All continuing CSULB and transfer students who have not fulfilled the GWAR must register for and take the WPE by the end of the semester in which they earn 65 units. Upper-division transfer students who enter CSULB with 65 or more units must take the WPE within their first semester of residency at CSULB. (PS 04-06)

Students with degrees from non-CSU campuses must either provide proof of meeting the requirement with adequate scores on a CSULB-approved standardized graduate admissions test or attempt to satisfy the GVAR by the end of their first semester of matriculation at CSULB.

Students can register for the WPE at the Office of Testing and Evaluation Services, BH-216 (562) 985-4007, www.csulb.edu/centers/tests. Students must pay a fee each time they take the test to cover the costs of test administration and scoring. The Testing Office offers three-hour workshops one to two weeks prior to each WPE date indicated in the online Testing and Evaluation webpage; information about these workshops, the WPE workbook, and related services can be obtained from the Testing Office.

Students who need assistance to prepare for the WPE should contact GVAR faculty advisors in the Learning Assistance Center, Horn Center Room 104, (562) 985-5350 to determine if tutoring, WPE Preparatory Classes, or a special course like ENGL 301A would be helpful. Students who fail any two approved assessments of writing competence must meet with a GVAR faculty advisor located in the Learning Assistance Center in the Horn Center, Room 104 (562) 985-5350. Such students are required to present evidence that they have followed the advisor's recommendations regarding course work, tutoring, or other services connected to developing the requisite skills before they will be allowed to register for a third attempt.

Effective Fall 2010, continuing students who have earned 65 units and upper-division transfer students in their first semester of residency at CSULB who are taking the WPE for the first time will be required to satisfy the GVAR within two semesters of enrollment following their first WPE attempt. To ensure that the GVAR is satisfied within the specified time, students in this group must comply with the following requirements determined by their WPE score:

1. Students receiving scores of 11 or higher have satisfied the GVAR and may proceed with completion of other degree requirements.
2. Students receiving scores of 9 or 10 must complete a GVAR course in the following semester of enrollment and must satisfy the GVAR within the following two semesters of enrollment. Students receiving scores of 9 or 10 who wish to attempt the WPE for a second time must meet with a GVAR advisor who will determine whether the student will be permitted to retake the WPE. Students who are unsuccessful in their second WPE attempt must complete a GVAR course in the following semester of enrollment and must satisfy the GVAR within two semesters of enrollment following their initial WPE attempt.
3. Students receiving scores of 8 or lower must complete English 301A in the following semester of enrollment, must complete a GVAR course in the subsequent semester of enrollment, and must satisfy the GVAR within two semesters of enrollment following their initial WPE attempt.

Information about these requirements is available on the Testing & Evaluation Services website at www.csulb.edu/testing. Information about GVAR courses and alternative GVAR assessments is available on the GVAR website at www.csulb.edu/gvar.

The GVAR, Registration Holds, and Application to Graduate

If undergraduate students neglect to attempt the WPE by the time they earn 65 units, CSULB will place a hold on their privilege to register for classes. Students must sign up for and take the WPE to release these registration holds.

Students with compelling reasons can request deferrals at the Office of Testing and Evaluation Services. In certain circumstances, students, with help from their faculty or staff advisors, may submit an appeal or contract to release a registration hold temporarily. All students must attempt to fulfill the GVAR before filing a graduation application.

Effective Fall 2010, students attempting the WPE for the first time and receiving a score of less than 11 must comply with requirements to enroll in English 301A, enroll in a GVAR course, or meet with GVAR advisor during the semester following their initial WPE attempt. Failure to comply will result in a hold on their privilege to register for classes. Students must meet with a GVAR advisor to release these registration holds.

Graduation

Dates and Requests to Graduate

The university awards degrees at the end of each of four terms in a year: January (work completed at the end of Winter session); May or June (end of the Spring semester); August (end of Summer Session); and December (end of the Fall semester.)

Seniors and graduate students who expect to receive degrees or Certificates at the end of any semester, winter or summer session must complete the Request to Graduate form and/or Certificate form well in advance. The appropriate request for Spring or Summer candidates must be filed by the preceding October 15; and for Fall or Winter candidates, by the preceding March 1, at the Office of Enrollment Services. The names of candidates who file within these deadlines will appear in the Commencement Program published each Spring. Publication of names in the program does not constitute graduation from the university. Credential students should apply in the Credential Processing Office, located in the Graduate School of Education by February 1 for December completion and by October 1 for Spring and Summer sessions.

Requests to graduate submitted later than the deadline will be processed after those submitted on time. The degree will be granted once all requirements have been completed, but the student's name will not be printed in the Commencement Program.

Completion of Records and Requirements

Prior to receiving a degree, students are responsible for the following:

- Insuring that the university has received official transcripts of all work completed at other institutions. If graduation depends on any classes taken outside CSULB during the final semester or session, the transcript must be submitted by the announced date, approximately one month after the official graduation date.
- Completing all requirements for the degree, including the minimum number of units. Units will not be counted toward the minimum if they are above the acceptable

total in certain categories, as listed in the degree requirements, or if they are a repetition of a course for which credit has already been counted. Any substitutions or waivers of course requirements must be submitted by the advisor.

- Completing all “in progress” and “Incomplete” courses that are to be completed. No additional work may be completed after the degree is awarded. No grade can be changed after the degree is awarded, except for a change resulting from a grade appeal. Any Incomplete remaining on the record as of the graduation date will be counted as if it were an “F,” with units attempted but no grade points earned, unless the instructor has specified on the Incomplete form that some other grade be recorded.

Degree Clearing

Final review of records begins three weeks after final exams in the student’s last term. If all degree requirements are complete, the degree and any honors are added to the transcript. The transcript is the official verification of the degree.

It is the student’s responsibility to submit records of all changes in the record no later than the last day of the final semester or session. Such materials include transcripts from other institutions and amendments, substitutions, waivers, and grade changes.

Honors for Undergraduate Students

I. Graduation with Honors

A. Latin Honors

The following grade-point average (GPA) criteria are used to identify undergraduate students eligible for the honors specified:

1. equal to or greater than 3.950 graduated summa cum laude,
2. equal to or greater than 3.750 but less than 3.950 graduated magna cum laude, and
3. equal to or greater than 3.500 but less than 3.750 graduated cum laude.

An undergraduate student may be considered eligible for honors at graduation provided that a minimum of 45 units are earned at California State University, Long Beach. For the first baccalaureate degree, the GPA shall be determined from units earned at CSULB plus transferred units. For the second baccalaureate degree, the GPA shall be determined only by courses taken after the first degree was awarded that are also required by the second major.

B. Departmental Honors

With the approval of the dean of the college, departments may elect to award departmental honors to their graduates based on GPA and/or other criteria determined by the department. The number of honors awarded by a department shall be limited to three students or five percent of graduates, whichever is larger.

C. Notification

University honors will be noted on the diploma and transcript. Departmental honors will be noted on the transcript only.

II. Honor Lists

Undergraduate students exhibiting outstanding scholastic achievement are honored by being included on the president’s or dean’s list. A certificate will be issued for each semester in which the student receives this honor.

A. President’s List

Students will be placed on the President’s List to honor them for academic achievement each semester in which they complete 12 or more graded course units with a semester GPA equal to or greater than 3.750. Students earning fewer than 12 graded course units per semester will be placed on the President’s List in the spring semester of the academic year in which they accumulate 12 or more graded course units with an academic year GPA equal to or greater than 3.750.

B. Dean’s List

Students will be placed on the dean’s list to honor them for academic achievement each semester in which they complete 12 or more graded course units with a semester GPA equal to or greater than 3.500 but less than 3.750. Students earning fewer than 12 graded course units per semester will be placed on the Dean’s List in the spring semester of the academic year in which they accumulate 12 or more graded course units with an academic year GPA equal to or greater than 3.500 but less than 3.750.

Timely Graduation for Undergraduate Students

In order to provide access to the university’s undergraduate major and minor programs for as many qualified students as possible, this policy is established to ensure timely graduation of undergraduate students.

Students may earn up to 120% of the number of units required for the degree in their declared primary major. Any additional degree objectives (e.g., majors, minors, certificates) must be able to be completed within the additional units allowed. For the purpose of defining unit limits in this policy:

Units transferred from other institutions in excess of 60 units will be excluded from the unit limits.

Units earned by Advanced Placement, International Baccalaureate, and other external exams, military credit, pre-baccalaureate unit credit, as well as unit credit by examination are excluded.

After earning 90 units, students may change degree objectives only if they submit a plan demonstrating that all degree objectives can be completed within the 120% unit limit applicable to the higher unit major.

Students who have not already filed to graduate by the time they have earned 100% of the units required for the degree in their declared primary major must file to graduate and submit a plan to graduate within the unit limits defined in this policy.

Students requesting an exception to the limits in this policy should file an appeal for exception to academic policy. The appeal must include a rationale and an advisor-approved plan to graduate.

If an exception is not approved, students whose plan to graduate exceeds 120% of the number of units required for the degree in their declared primary major may be subject to restrictions on enrollment. If the student has earned any major regardless of whether he or she has declared that major, a

degree will be conferred in that major. If the student has not earned a major, enrollment will be restricted to courses required to graduate in the major for which graduation is most likely to occur in a reasonable time.

Honor Societies

- Phi Beta Kappa – Founded at the College of William and Mary in 1776, it is the oldest and most prestigious honor society for students of the liberal arts and sciences. A chapter was established at California State University, Long Beach in 1977.

Graduating seniors are elected to membership in Phi Beta Kappa on the basis of extraordinary scholarly performance at this University, after study of their records by faculty members who are themselves members of Phi Beta Kappa. No action on the part of the student is necessary to initiate consideration. Inquiries should be directed to the President of the University chapter of Phi Beta Kappa, Dr. Harold Schefski, Department of Romance, German, and Russian Languages and Literatures.

Two additional societies which may elect students from all academic areas are:

- Mortar Board – Founded in 1918 as an honor society focusing on scholarship, leadership, and service. Mortar Board was the first national honor society founded by and for college senior women, and the membership expanded to include men in 1975. The California State University, Long Beach Cap and Gown Chapter was founded in 1972, and grew out of an honor club established here by seven women in 1963. The Cap and Gown Chapter is one of over 200 Mortar Board Chapters, with a total national membership of over 250,000 dedicated, active scholars.

Mortar Board's focus is on collaboration and balancing positive ideology with practical leadership building experiences. Mortar Board holds that both community service and dedication to academic excellence must remain constant in order to provide a full college career.

Membership is extended to service-oriented CSULB seniors who maintain a minimum 3.0 cumulative GPA.

- Phi Kappa Phi – Founded in 1897 at the University of Maine, it is the oldest and largest national honor society which recognizes and encourages superior scholarship in all academic disciplines. Chapter 86 was established at California State University, Long Beach, in 1963.

Admission to Phi Kappa Phi is by invitation only and requires nomination and approval by the chapter and national society. Membership for juniors, seniors, and graduate students is based on integrity of character, one year residence in the University, and outstanding scholarship. Inquiries should be directed to the President of the University chapter of Phi Kappa Phi, Dr. C. J. Walter, c/o College of Business Administration.

Other societies may limit membership to particular academic areas. Among these organizations at California State University, Long Beach are the following:

- Beta Alpha Psi (Accounting) — National scholastic fraternity to give recognition to excellence in the field of accounting.

- Beta Gamma Sigma (Business Administration) — National honorary business society to recognize superior academic performance.
- Chi Epsilon (Civil Engineering) — National honor society open to Civil Engineering majors with a 2.9 GPA.
- Chi Sigma Iota (Counseling) — International honor society open to graduate students with a GPA of 3.5, scholars, and practitioners in the counseling profession.
- Eta Kappa Nu (Electrical Engineering) — National honor society furthering area interests and promoting scholarship. GPA requirement for seniors is 2.8, for juniors 3.0.
- Kappa Delta Pi (National honor society for teachers) — encourages high professional, intellectual, and personal standards. Recognizes outstanding contributions to education.
- Kappa Tau Alpha — National honor society that recognizes academic excellence and promotes scholarship in journalism and mass communication.
- Omicron Nu (Family and Consumer Sciences) — National honor society recognizing superior scholarship and promoting leadership and research in the field of Family and Consumer Sciences.
- Phi Alpha (Social Work) — National honor society to improve the goals of social work on campus. GPA requirement 3.0.
- Phi Alpha Theta (History) — National honor society in history, founded to promote the study of history through the encouragement of research, good teaching, publication, and the exchange of learning and ideas among historians.
- Phi Beta Delta (International Education) — National society, founded at CSULB, recognizes students from all disciplines with high GPAs and extensive involvement in international education or international studies.
- Phi Delta Gamma (Scholarship) — National honor society which fosters academic achievement and professional preparation.
- Phi Delta Kappa (Education) — National organization which promotes service, research, and leadership in education. Members include both students and faculty.
- Phi Epsilon Kappa (Physical Education) — National society for recognition in sports and physical education. 3.0 GPA requirement and faculty recommendation.
- Phi Mu Alpha-Sinfonia (Music) — National organization for students in music. Promotes music in America, especially contemporary American music.
- Phi Alpha Alpha (Public Administration) — National society to encourage scholarship among students of public administration.
- Phi Sigma Tau (Philosophy) — National honor society for students with a strong undergraduate concentration in philosophy.
- Pi Kappa Lambda (Music) — National honor society for scholastic achievement in music.
- Pi Lambda Theta (Education) — National organization for undergraduate and graduate students. Purpose is to maintain high standards of scholarship and preparation for teaching.

- Pi Mu Epsilon (Mathematics) — National honor society recognizing distinction in mathematics.
- Pi Sigma Alpha (Political Science) — National honor society for political scientists. Open by invitation to upper-division and graduate students with a 3.0 GPA.
- Pi Tau Sigma (Mechanical Engineering) — National honorary fraternity encouraging and recognizing outstanding scholastic achievement of students in the field.
- Psi Chi (Psychology) — National honor society recognizing distinction in Psychology. Sponsors research and other participation in psychology.
- Sigma Alpha Iota (Music) — National organization for women in music. Aims to further the development of music in America through performance, study, and participation in both campus and community projects.
- Sigma Delta Pi – Capitulo Pi Chi — One of the purposes of this society is to honor those who attain excellence in the study of the Spanish language and in the study of the literatures and cultures of the Hispanic World.
- Sigma Theta Tau (Nursing) — International honor society recognizing superior scholastic achievement, leadership, and community service in nursing.

CSULB Alumni Association

The CSULB Alumni Association is the link between the University and its more than 230,000 graduates to garner their support for The Beach.

It sponsors various alumni programs, communication vehicles to inform alumni about their alma mater, and supports the University with departmental grants and student scholarships including the prestigious President's Scholars Program.

The Association is governed by a volunteer board of directors who serve as alumni ambassadors for the university, promote its mission, and reconnect alumni with the institution. Other volunteers assist with its other programs such as Homecoming, commencement hospitality, Concerts in the Grove, and other events.

Membership dues for CSULB graduates and credential holders is a one-time \$49 fee. For non-graduates, including alumni who took CSULB classes but did not graduate, the fees is \$49 for the first year and \$25 annually thereafter.

The main benefit for members is to keep informed about their alma mater through its magazine "Beach Connection" and e-communicues. In addition, members have access at all CSU libraries (check with campus library for alumni restrictions), discounts at the Carpenter Performing Arts Center events and home 49er athletic games, discount on rental of the Earl Burns Miller Japanese Garden, access to various group insurance policies (medical, home, auto, life, etc.), the CSULB Alumni Association Credit Card through Bank of America, etc. Alumni also can access the CSULB Career Development Center for an annual fee.

For more information about the CSULB Alumni Association, check the website at www.csulb.edu/alumni or call 562.985.5252.

Giving at the Beach

Beach Fund

Though CSULB is a publicly supported institution, generous contributions to the Beach Fund are critical to keeping the University thriving. Supporting the Beach Fund allows the President and Deans to address the ongoing, immediate needs of the University. Contributions to all areas enhance state support and student fees to provide all students with access to a quality education. Such areas most impacted by your support are:

- Student Success and Access
- Teaching and Discovery
- Creativity and Innovation
- Science and Technology
- Global and Community Engagement

None of these successes can be accomplished with state funding alone. More than 20,000 alumni, parents and friends of the University contribute to the Beach Fund each year. Gifts to the Beach Fund make it possible for our gifted students to earn the lifelong benefits of a quality CSULB education and protect the value of degrees already earned. Please feel free to contact the Office of Annual and Special Giving by phone at (562) 985-5294 or via email at annualgiving@csulb.edu.

Senior Gift Campaign

Every graduating senior is contacted near graduation to initiate a pledge in support of the campus. Seniors are asked to donate \$125 to purchase a brick to be permanently placed in the Alumni Brick Plaza. Gifts of \$124 or less are designated to the Annual Fund to be used for essential campus needs. Seniors have proven to be generous and loyal donors to the University.

GRADUATE DEGREES AND OTHER POST BACCALAUREATE STUDIES

Vice Provost for Academic Affairs and Dean of Graduate Studies

Cecile Lindsay

Graduate Studies

A student who plans to become a candidate for a master's degree must hold a bachelor's degree from an accredited institution or have completed equivalent academic preparation at a foreign university as determined by the appropriate campus authority. The student must have completed undergraduate course work substantially equivalent to that required at California State University, Long Beach in the discipline of intended graduate study, or must be prepared to undertake additional work to make up any deficiency. Most graduate degree programs are based upon preparation in the discipline at the undergraduate level. Undergraduate preparation is considered adequate if a candidate has met the upper-division requirements of this University for a bachelor's degree in the subject matter area of the master's degree program. Refer to specific departments for detailed requirements of each degree program. The following graduate degrees are offered:

Master of Arts Degree in:

- Anthropology
- Applied Sociology
- Art
- Asian Studies
- Communication Studies
- Communicative Disorders
- Dance
- Economics
- Education
- English
- Family and Consumer Sciences
- French
- Geography
- German
- Global Logistics
- History
- Interdisciplinary Studies
- Kinesiology
- Linguistics
- Music
- Philosophy
- Political Science
- Psychology
- Religious Studies
- Spanish
- Theatre Arts

Master of Business Administration

Master of Business Administration / Master of Fine Arts in Theatre Management

Master of Fine Arts Degree in:

- Art
- Creative Writing
- Dance
- Theatre Arts

Master of Music

Master of Physical Therapy

Master of Public Administration

Master of Public Health

Master of Social Work

Master of Science in Nursing/Master of Public Health

Master of Science Degree in:

- Aerospace Engineering
- Applied Statistics
- Biochemistry
- Biology
- Chemistry
- Civil Engineering
- Computer Science
- Counseling
- Criminal Justice
- Electrical Engineering
- Emergency Services Administration
- Engineering
- Geology
- Gerontology
- Health Science
- Health Care Administration
- Interdisciplinary Studies
- Kinesiology
- Mathematics
- Mechanical Engineering
- Microbiology
- Nursing
- Nursing/Health Care Administration
- Nutritional Science
- Physics
- Psychology
- Recreation Administration
- Science Education
- Special Education

Ed.D. in Educational Leadership

Ph.D. in Engineering and Industrial Applied Mathematics

(awarded jointly with Claremont Graduate School)

Certificate Programs and Graduate Study

Students, whether graduates of CSULB or of another accredited institution, may complete the requirements for and be awarded certificates while in graduate standing. Certificate programs are of two types: baccalaureate certificates which may be taken concurrently with or following the award of the baccalaureate degree, and graduate certificates which require post-baccalaureate standing. The graduate certificates are listed below, with the department responsible for each certificate indicated in parentheses.

Graduate certificate programs require at least 18 units of course work, of which at least 12 units must be at the 500 or 600 level. Courses taken to fulfill the requirements for the master's degree may also be applied to certificate requirements, if the certificate program permits, but such overlap may not exceed 15 units. Courses in directed research, directed reading, internship, and independent study may comprise no more than 3 units of a graduate certificate program. Thesis and student teaching may not be used on the program. Extension and/or transfer credit may comprise no more than one-sixth of the course work used to meet graduate certificate requirements. A grade-point average of at least 3.0 must be maintained in the graduate certificate program's course work. All courses used to complete the requirements of a graduate certificate must be completed within a five-year period from the date of the initial course work.

If you wish to pursue a graduate certificate program, you should review the course requirements given in the department course listings of this catalog. You should notify the relevant department of your intention to pursue a certificate program as early as possible so as to receive early advisement on the program.

Certificates

Career Guidance Specialist
(Advanced Studies in Education and Counseling)
Communicative Disorders (Communicative Disorders)
Community College
(Advanced Studies in Education and Counseling)
Health Care Administration (Health Care Administration)
Leisure Counseling (Recreation and Leisure Studies)
Museum Studies (Art)
Nurse Practitioner (Nursing)
Public Management Analyst
(Public Policy and Administration)
Public Sector Employer-Employee Relations and Personnel
Management (Public Policy and Administration)
Public Sector Financial Management
(Public Policy and Administration)
Systems Engineering (College of Engineering)
Teaching English as a Second Language (Linguistics)
Transportation Policy and Planning
(Public Policy and Administration)
Urban Executive Management
(Public Policy and Administration)
Waste Engineering and Management (Civil Engineering)

Graduate and Post-Baccalaureate Admission Requirements

Graduate and post-baccalaureate applicants may apply for a degree objective, a credential or certificate objective. Students who meet both the minimum requirements established by the CSU system and the specific professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the academic program will be admitted as Classified Post-Baccalaureate or Credential candidates. Applicants may be admitted as Conditionally Classified if, in the opinion of appropriate campus authorities, deficiencies may be remedied by additional preparation. In unusual circumstances, a campus may make exceptions to these criteria.

To meet the minimum requirements for admission to graduate and postbaccalaureate studies at CSULB, a student shall at the time of enrollment: (1) have completed a four-year college course of study and hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association, or have completed equivalent academic preparation as determined by appropriate campus authorities; (2) be in good academic standing at the last college or university attended; and (3) have attained an acceptable grade-point average in any of the following ways: (a) hold an advanced degree; (b) hold a baccalaureate degree with a cumulative GPA of at least 2.5 (A = 4.0); (c) hold a baccalaureate degree with a GPA of at least 2.5 in the last 60 semester (90 quarter) units attempted (excluding lower-division and extension course work taken after the degree).

Students in the process of completing a baccalaureate degree may be admitted on a provisional basis, subject to proof of degree completion by the established deadline, if their cumulative GPA is at least 2.7 or if the GPA in their last 60 semester or 90 quarter units are calculated at 2.5 or higher.

For information on the specific requirements for admission to a given program, see the Catalog section for that program.

These and other CSU admissions requirements are subject to change as policies are revised and laws are amended. The CSU website, www.calstate.edu and the CSU admissions portal www.csumentor.edu are good sources of the most up-to-date information.

Graduate Standing — Conditionally Classified

To qualify for admission in conditionally classified graduate standing, a student must:

1. Hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association or have completed equivalent academic preparation in a foreign university as determined by an appropriate campus authority;
2. Have attained a grade-point average of at least 2.5 (A = 4.0) in the last 60 semester (90 quarter) units attempted;
3. Have been in good standing at the last college attended; and
4. Be accepted into a graduate degree curriculum on a conditional basis, subject to the requirement that any deficiencies must be remedied by additional preparation.

Graduate Standing — Classified

A student who meets the minimum requirements for admission as a graduate student, as specified in the preceding paragraph, may be admitted as a fully classified graduate student pursuing an authorized degree curriculum if the appropriate program authorities determine that he or she satisfactorily meets the professional, personal, scholastic, or other standards for admission to the graduate degree curriculum, including qualifying examinations that the appropriate program authorities may prescribe. Only those applicants who show promise of success and fitness will be admitted to graduate degree curricula, and only those who continue to demonstrate a satisfactory level of scholastic competence and fitness shall be eligible to proceed in such curricula.

Post-Baccalaureate Standing — Classified

In this status a student is eligible to enroll in a credential or certificate program, provided that such additional professional, personal, scholastic, and other standards, including qualifying examinations, as may be prescribed for the particular credential or certificate program by the appropriate campus authority, are satisfied.

Admission to the University

For admission requirements, see the Admission section of the catalog.

Admission to a Department as a Graduate Student

In order to pursue a credential or master's degree, students must be accepted by the department or college offering the degree program. In some instances (see specific department listing) this process may require supplemental application to the department or college. Following review the department or college will determine whether or not a student meets its requirements for admission to its degree program. Departments or colleges that receive more applications from qualified students than the number of graduate spaces they have available will admit students in priority order based on the strength of candidates' qualifications.

If space is available, a student who is admissible to the University but who does not meet program requirements for admission may nevertheless be accepted as a conditionally classified graduate student by the department or college offering the program, subject to the proviso that all remaining admission requirements of the program must then be fulfilled after enrollment.

Special Action

In rare and compelling circumstances, an applicant who doesn't qualify for admission under the previous provisions may be admitted by special action if on recommendation of the appropriate faculty of the department/college concerned and in the judgment of the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee there exists acceptable evidence that the applicant possesses sufficient academic, professional, and other potential pertinent to her/his educational objectives to merit such action, as shown through aptitude scores, recent academic performance, and experiential background.

Graduation Writing Assessment Requirement (GWAR)

As a requirement for advancement to candidacy, all graduate students must demonstrate upper-division competency in academic writing in English. Students must either submit evidence of having fulfilled this requirement elsewhere or attempt to fulfill it no later than the end of their first semester of matriculation at CSULB. All graduate students must fulfill this GWAR by one of the following:

1. Passing the Writing Proficiency Exam (WPE)
2. Passing another approved assessment of writing competence
3. Having fulfilled a GWAR as part of their baccalaureate degree(s) while matriculated at CSULB or at another CSU campus
4. Earning a CSULB-approved passing score on the writing portion of an approved standardized graduate admissions test, such as the Graduate Record Examination or the Graduate Management Aptitude Test
5. Enrolling in a GWAR course and submitting a portfolio for assessment after attempting the WPE once.

Assessments of writing competence from non-CSU campuses will be evaluated by the GWAR Coordinator as a fulfillment of the GWAR on an articulation basis if possible, or on a case-by case basis if necessary.

Graduate students must satisfy the GWAR before they will be advanced to candidacy. (Advancement to candidacy requires satisfying the GWAR and satisfactorily completing six or more semester units in residence while earning a 3.0 GPA or greater.) Graduate students must also visit their graduate faculty advisors in their first semester to determine if additional departmental or program writing requirements apply to their advancement to candidacy.

It is the student's responsibility to ensure that any passing scores they have earned on the essay portions of standardized graduate admissions tests are reported to the Office of Enrollment Services. It is also the students' responsibility to ensure that their specific department or program receives up-to-date GWAR scores and information.

Effective Fall 2010, graduate students in their first semester of residency who are taking the WPE for the first time will be required to satisfy the GWAR within two semesters of enrollment following their first WPE attempt. To ensure that the GWAR is satisfied within the specified time, students in this group must comply with the following requirements determined by their WPE score:

1. Students receiving scores of 11 or higher have satisfied the GWAR and may proceed with completion of other degree requirements.
2. Students receiving scores of 9 or 10 must complete a GWAR course in the following semester of enrollment and must satisfy the GWAR within the following two semesters of enrollment. Students receiving scores of 9 or 10 who wish to attempt the WPE for a second time must meet with a GWAR advisor who will determine whether the student will be permitted to retake the WPE. Students who are unsuccessful in their second WPE attempt must complete a GWAR course in the following semester of enrollment and must satisfy the GWAR within two semesters of enrollment following their initial WPE attempt.

3. Students receiving scores of 8 or lower must complete English 301A in the following semester of enrollment, must complete a GVAR course in the subsequent semester of enrollment, and must satisfy the GVAR within two semesters of enrollment following their initial WPE attempt.

Information about these requirements is available on the Testing & Evaluation Services website at www.csulb.edu/testing. Information about GVAR courses and alternative GVAR assessments is available on the GVAR website at www.csulb.edu/gvar.

Graduate Research Fellowship

The Graduate Research Fellowship is awarded by CSULB faculty to students who show potential for success in scholarly and creative activity and an interest in advanced study. Interested students should contact the office of their college dean for information on the nomination process.

Graduate Study in the International Programs

Students planning to participate and receive unit credit toward a master's degree in an International Program should consult with the graduate advisor in the department of their major and college dean or director of graduate studies before entering the degree program.

Graduate students who have not been admitted to candidacy for a master's degree and who participate in the International Programs may, upon their return to California State University, Long Beach, petition to have six units earned as resident credit in the International Programs included on their official student program for the master's degree. In no case may excess grade points earned in the International Programs be used to bring a grade-point deficiency at California State University, Long Beach to the required 3.0 (B) average.

Students admitted to candidacy for a master's degree who plan to participate in the International Program of Studies must obtain permission, prior to beginning their study abroad, to have units earned abroad applied toward satisfaction of their degree requirements. A candidate's petition to apply units earned abroad must be reviewed and recommended by the department offering the degree. The specific courses to be taken on the foreign campus, thesis research which is to be done abroad, or any other requirements such as examinations to be taken upon the student's return must be listed on the official student program. Usually no more than six units of credit may be transferred to apply toward the minimum 30 units for an advanced degree as a result of participation in the International Program of Studies, but a maximum of 12 units may be allowed by the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee in consultation with the University Graduate Council in a special case.

A copy of the candidate's graduate student program must be forwarded to the Resident Director for the foreign area, who must certify that any credit earned abroad is appropriate to meet graduate degree requirements.

Pending the faculty's evaluation of the student's work, a Report Delayed (RD) grade will be assigned in all courses in which work was completed abroad and which are offered to satisfy requirements toward an advanced degree.

Change of Objective

Evaluation of credits transferred to the University is based in part upon the objective indicated on the application for admission. Candidates desiring a change in graduate objective to a discipline different from that indicated on the original application must reapply to the University. Reapplication requires the submission to the Office of Enrollment Services of a newly completed Graduate and Postbaccalaureate Admission form and payment of the associated fee. The proposed new graduate department or program will review the application and notify Enrollment Services of its decision. Students who are admitted to a new discipline must then seek approval of their official student program and advancement to candidacy, using the procedures indicated below under "The Program" and "Advancement to Candidacy." Students who are not admitted to a new discipline have the option of continuing to pursue their original objective.

The only exception to the procedures described in the preceding paragraph is for students seeking to change from one degree program to another degree program within the same discipline (for purposes of this regulation, all options offered by the College of Education are considered to be part of a single discipline). In such cases, candidates must obtain department approval, asking the department to request the program change from Enrollment Services. Requests are considered on a case-by-case basis. If granted permission, candidates must then seek approval of their official student program and advancement to candidacy, using the procedures indicated below under "The Program" and "Advancement to Candidacy."

Withdrawal from the Degree Program

If a student wishes to resume graduate study after withdrawal, the student must reapply to the University and to the graduate program. If admitted, the student must be readvanced to candidacy and the department or college may determine that the student's graduate program should be changed.

University Regulations Governing the Master's Degree

General

The following regulations apply to all graduate degree programs. Specific academic and curricular requirements of individual degree programs are given in the departmental listings of this catalog.

All regulations involving a calculation of grade-point average subsequent to admission to the University as a graduate student shall be based on the following common practices and standards.

"Cumulative Graduate Grade-Point Average" shall be calculated on all upper-division and graduate-level coursework attempted by a student at this University after completion of a baccalaureate degree.

Grade-point average standards calculated on the basis of a smaller range, grouping, or set of upper-division and graduate-level courses, for example, "courses in the major" or "courses taken since admission to the degree program," presuppose that the student has met the minimum standard for any larger range, group, or set, including the Overall Graduate Grade-Point Average.

1. A student pursuing the master's degree must maintain a Cumulative Graduate Grade-Point Average of 3.0 (B). Exceptions to the 3.0 (B) Cumulative Graduate Grade-Point Average may be made only on the recommendation of the departmental faculty offering the degree, the college dean or designee, and approval by the Dean of Graduate Studies or designee.
2. At least a 3.0 (B) average must be maintained in the degree program.
3. No course with a grade lower than "C" may be applied toward the fulfillment of degree requirements.
4. Graduate students cannot repeat and delete courses either for credit or to improve their grade-point average, but may repeat and average courses and grades for courses required for the degree.
5. The individual course of studies (student program) for the master's degree must contain a minimum of 30 units in upper-division and graduate courses.
Some degree programs require additional units. Please consult individual degree program requirements.
A minimum of sixty percent of the units required for the degree shall be in the 500- and 600-level series and these shall be completed at this University, consistent with departmental requirements. Student teaching cannot be included in any master's degree program.
6. A thesis, project, or final comprehensive examination must be completed. A minimum of four and a maximum of six semester units shall be allowed for a thesis or project. Failure of the comprehensive examination or thesis requirement is failure of both options. Thus, a student failing the comprehensive examination may not proceed to the thesis/project option or vice versa. Once a student has completed a semester of enrollment towards fulfillment of either the comprehensive examination or thesis/project option, the student may not change from one option to the other without the approval of the faculty concerned, the department chair, and the appropriate dean or designee.
7. No fewer than 24 semester units shall be completed in residence at the University. The Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee may authorize department/college approved substitution of credit earned by alternate means for a part of the residence requirement. Units, including continuing education or extension units, accepted by transfer for application toward the minimum units required for a master's degree cannot be used to fulfill the minimum unit requirements in the 500/600 series. This 500/600 unit requirement must be completed in the major discipline and in residence at this University.
8. All requirements of the degree program must be completed within seven years of the date the student program was initiated, i.e., the date (semester) when the earliest course appearing on the student program was completed. An extension of time beyond the limit may be granted by the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee if warranted by individual circumstances and if the outdated work is validated by comprehensive examination in the relevant course or subject field work, or such other

demonstration of competence as may be prescribed by the department and/or college.

9. A graduate student who expects to receive a degree at the end of any semester or summer session must be enrolled during that semester or session and must complete the Request to Graduate Form well in advance. The appropriate request for Spring or Summer candidates must be filed by the preceding October 15; for Fall candidates, by the preceding March 1 at the Office of Enrollment Services. The names of candidates who file within these deadlines will appear in the Commencement Program published each Spring.

Note: Graduate Studies 700 may only be used to fulfill the enrollment requirement if the applicant has completed all degree program courses prior to the semester of graduation. An incomplete grade not otherwise resolved prior to graduation will automatically revert to the letter grade indicated on the "Requirements for Assigning an Incomplete Grade" form. A course with an unresolved grade of RP (Report in Progress) will remain on the transcript but will be removed from the student's program of study. Incomplete grades cannot be resolved after graduation.

10. Proficiency of a student in all parts of a curriculum is determined by the faculty of the University. A favorable vote of the faculty is required for a student to receive the degree.

Second Master's Degree

A graduate student who is currently enrolled in a master's program at CSULB must complete that master's program before enrolling in courses for another degree. A graduate student who already holds a master's degree from this or any other accredited institution but desires to become a candidate for a second master's degree in a different field is subject to the following regulations:

1. All admission requirements of the University and college or department must be met (all general regulations listed in the Catalog apply to the second master's degree);
2. Enrollment and approval of candidacy for the second degree will be granted only after the first degree has been completed and awarded;
3. All requirements for the new degree must be completed;
4. After awarding of the first master's degree, a minimum of 24 units of graduate residence credit must be earned at this University including the minimum of 500/600-series units mandated by the major department in which the student is earning the second master's degree;
5. No more than six units earned on the first degree may be applied to a second master's degree;
6. Prerequisites for an advanced course must be completed prior to enrollment in the advanced course. An instructor may disenroll a student who does not provide evidence of adequate preparation;
7. All prerequisites must be completed prior to application for candidacy;
8. Two master's degrees cannot be awarded concurrently;
9. The area or discipline in which the second degree is earned shall be designated on the transcript and a second diploma awarded.

The Program

A student must consult with the graduate advisor of the department or college to prepare a tentative degree program. After completing prerequisites and other requirements, the student must formulate an official student program and apply for advancement to candidacy.

The department will assign the student a faculty advisor who must be consulted about preparing a degree program. The advisor should have an official evaluation of the student's previous work from the Office of Enrollment Services, although transcripts provided by the student may be used to develop a tentative student program and discuss degree requirements. When the Office of Enrollment Services' evaluation and the results of tests are available, the faculty advisor can assist the student in drawing up a student program. This student program must be approved by the student's faculty advisor, the departmental graduate advisor, and college dean or director of graduate studies or, for Interdisciplinary Studies, the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee. The student program must list the following:

1. Courses required for removal of undergraduate deficiencies;
2. All courses taken prior to advancement to candidacy which are to apply toward the 30-unit minimum;
3. Required courses;
4. Elective courses.

The official student program, when approved, serves as the basis for the Office of Enrollment Services' graduation check which is required before the degree can be granted. Students who have not been advanced to candidacy are subject to all changes as published in the Catalog, Policy Statements, and certifications.

Graduate student programs may be revised as the student advances toward the degree. Such revisions must be recommended by the faculty advisor and approved by the departmental graduate advisor and the college dean or director of graduate studies.

Advancement to Candidacy

Advancement to candidacy is the next step after achieving classified status and confers the equivalent of catalog rights on graduate students. Advancement to candidacy also signifies approval of a plan of study by the student's major department and college or, in the case of an Interdisciplinary Studies graduate student, approval by the Director of the Interdisciplinary Studies Program. The prerequisites to advancement to candidacy are:

1. Classified status;
2. Fulfillment of the CSULB Graduation Writing Assessment Requirement (GWAR). Information is available in Testing and Evaluation Services (Brotman Hall 216);
3. A minimum 3.0 overall grade-point average and a 3.0 grade-point average in all units undertaken for the student program (at least 6 units);
4. Enrollment.

All graduate students are required to advance to candidacy when the above prerequisites have been successfully completed. Advancement to candidacy is to occur at least one semester or summer session prior to the semester (session) in which the student expects to graduate. It must occur prior to a student filing the Request to Graduate form with the

Office of Enrollment Services. Filing deadlines are the same as for baccalaureate degree candidates. A student must be enrolled in the semester or summer session in which advancement to candidacy takes place. All students must consult with their graduate advisor regarding advancement to candidacy and to determine any departmental requirements to graduate from the University.

An approved graduate student program remains in effect as long as a candidate is making satisfactory progress. To insure minimum satisfactory progress toward the degree objective, the student must enroll every fall and spring semester and complete all degree requirements within seven years after completion of the first course on the student program. See also information about Graduate Studies 700 later in this section. The student may not change the graduate major without filing a new application for admission. If admitted to the new discipline, the student must then follow the steps indicated above for obtaining approval of a new student program and advancement to candidacy.

A student entering military service after having been advanced to candidacy will not be considered as having withdrawn from candidacy, provided that the student is inducted, enlisted, or called to active duty during a semester in which enrolled or not more than one semester thereafter, and provided that the student enrolls for work toward a degree within one calendar year of the date of release from service.

Students who have been advanced to candidacy and absent themselves from the University on educational leave will be considered as not having withdrawn from candidacy for an advanced degree, provided the terms of the educational leave are fulfilled. Such students must reapply when returning to the university, but the application fee will be waived.

A department or college recommends a student for advancement to candidacy by forwarding a graduate student program for approval to the college dean or director of graduate studies. After the student's program has been processed and approved, a copy of the completed student program and a letter advancing the student to candidacy will be mailed to the candidate, with copies filed with the department or college and the Office of Enrollment Services.

A student must be enrolled in the semester or summer session in which advancement to candidacy takes place, and this must occur no later than one semester or summer session prior to completion of course requirements. Normally, a student is eligible and should file for advancement to candidacy after completing six units of graduate coursework for the graduate degree program with a 3.0 grade-point average.

Election of Regulations

Graduate students advanced to candidacy will be held responsible for the regulations governing master's degrees in effect at the time of advancement or at the time the last requirement for the degree is met. A change in master's degree objective or readmission to a graduate degree program following withdrawal requires that a new student program be filed under the current graduate policies as published in the latest edition of the Catalog.

Teaching Associateships and Graduate Assistantships

Many CSULB departments have Teaching Associate (TA) and/or Graduate Assistant (GA) positions available for qualified graduate students. Students should check in department offices or on the campus web site for more information.

Comprehensive Examination

Each department or college requiring a final comprehensive examination determines the content of the examination. Such examinations may be written or oral or both. A faculty committee shall represent the department in preparing questions, administering, and reading the examination. Through the comprehensive examination, the faculty provides an opportunity for the master's degree candidate to demonstrate analytic ability and knowledge of the discipline. Working with the department chair or dean of the college and the appropriate committee, the departmental graduate advisor usually assumes responsibility for scheduling the examinations and for selecting the other faculty members to participate.

Students may not enroll for courses in preparation for the comprehensive examination or take the comprehensive examination unless they have been advanced to candidacy for the master's degree or unless advancement to candidacy will occur in the semester in which the enrollment takes place.

During the first semester of residence, the graduate student should ascertain from the faculty advisor what preparation will be expected. Early in the final semester of study for the degree, the candidate should contact the departmental graduate advisor to make arrangements for taking the examination. The department or college will notify the Office of Enrollment Services whether the student has passed or failed the final comprehensive examination. A candidate who has failed will usually be allowed to take the final comprehensive examination a second time, and the departmental graduate advisor should be contacted for specific procedures for the second attempt. To award a candidate the master's degree for a particular semester, the results of the comprehensive examination must be reported to the Office of Enrollment Services prior to the end of the semester.

Theses and Projects

A student may enroll for Thesis (course 698 or 699) only when that student has been advanced to candidacy for the degree or when advancement to candidacy will occur in the semester of initial enrollment in Thesis.

Theses and projects submitted in partial fulfillment of the requirements for a graduate degree at this University shall meet the following definitions established by the Trustees of the CSU.

A thesis is a written product of the systematic study of a significant problem. It clearly identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. The finished product evidences originality, critical and independent thinking, appropriate organization and format, and thorough documentation. Normally, an oral defense of the thesis will be required.

A project is a significant undertaking appropriate to the fine and applied arts or to professional fields. It evidences originality and independent thinking, appropriate form and organization, and a rationale. It is described and summarized in a written abstract that includes the project's significance, objectives, methodology, and a conclusion or recommendation. An oral defense of the project may be required.

Students are responsible for understanding the definition of a graduate thesis as outlined above and must follow the format guidelines prescribed by the University and department in which the thesis is completed.

Thesis Committees

A student's thesis committee shall consist of at least three members qualified in the areas relating to the thesis. At least two shall be full-time faculty members at CSULB, one of whom must be tenured or tenure-track. The chair of the thesis committee must be a tenured or tenure-track faculty member from a department authorized to offer a graduate degree. The thesis committee must be approved by the appropriate department graduate advisor and the college associate dean or director of graduate studies. Normally the chair of the committee also serves as thesis director, but this is not necessarily so. The thesis director must be a person qualified in the specific area of the thesis, but need not be a tenured or tenure-track faculty member. The committee shall be responsible for the guidance of the student throughout the thesis effort. Any change in the composition of the committee requires justification and must be approved by the appropriate department graduate advisor and college associate dean or director of graduate studies.

Thesis committee members will advise and direct students in their thesis work and ensure that the thesis meets the standards and definition of a thesis specified above.

Thesis committee members will determine the grade to be awarded for completion of the thesis; and by signing the thesis signature page, thesis committee members certify that they have determined that the thesis meets the required standards of scholarship, format, and style of the discipline.

When the thesis committee includes a thesis director who is not the chair of the committee, this person may be identified on the thesis approval page as "Thesis Director."

Thesis Committee Chairs

Thesis committee chairs will determine that the student has the proper preparation in terms of course work and research skills to pursue the proposed thesis.

In departments where this function is not carried out by graduate advisors, thesis committee chairs will advise the student in the selection of other members for the thesis committee, ensuring that the other members are appropriate to the proposed thesis effort.

Thesis committee chairs will be the major contact point with the student and will oversee the other committee members' work with the student.

Thesis committee chairs will assure that the editorial and format standards appropriate to the mechanical preparation of a thesis are followed.

Thesis committee chairs will establish guidelines for the student and timetables to be followed to ensure completion of the thesis in a reasonable time.

Thesis committee chairs will arrange for the oral defense of the thesis when required.

The thesis committee chair is responsible for canvassing the committee and reporting the grade agreed upon by its members. After the completed thesis has been reviewed by the University Thesis and Dissertation Office for conformance with prescribed format criteria and the approval page has been signed by the committee and by the dean or department chair, as appropriate, the final grade will be submitted.

Thesis and Dissertation Office

All theses must be acceptable for deposit in the University Library. The Thesis and Dissertation Office in University Library will verify that each thesis meets the format criteria prescribed by the department or degree program and by the University and that it meets all University procedural requirements for theses. Students should consult the University Thesis and Dissertation Office for information, advice, and assistance on the mechanics of preparing a completed thesis and should purchase a copy of *Master's Theses and Projects: Guide to Style and Format* (copies of this guide can also be checked out from the reserve desk in University Library). The Thesis and Dissertation Office also conducts periodic workshops on how to prepare a thesis or dissertation at CSULB.

Academic Probation and Disqualification

Graduate Students

For purposes of determining eligibility to remain at the University, both quality of performance and progress toward the student's objective will be considered. Eligibility will be determined by use of grade points and grade-point average.

Students who are enrolled in a graduate degree program in conditionally classified or classified standing will be subject to academic probation if they fail to maintain a cumulative grade-point average of at least 3.0 (as defined earlier under General Regulations Governing the Master's Degree) in all units attempted subsequent to admission to the degree program.

Every graduate student who has been advanced to candidacy must maintain a cumulative grade-point average of 3.0 and a grade-point average of 3.0 in all courses applicable to the degree. Candidacy for an advanced degree may be revoked if a student's cumulative grade-point average falls below 3.0 at any time. Students who become subject to dismissal from an advanced degree program will be notified of the action taken by the college associate dean for graduate studies or the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee.

Graduate and post-baccalaureate students are subject to disqualification if within two semesters while on probation they fail to earn sufficient grade-points to be removed from probationary status. Disqualification will bar a graduate student from registering as a matriculated student at this campus. Furthermore, subsequent removal of GPA deficiencies by enrolling through College of Continuing and Professional Education or at another university does not guarantee readmission to CSULB. A graduate student

who has been disqualified must file a new application and be accepted by the department with the approval of the Associate Dean of the College.

Other Post-Baccalaureate Students

A post-baccalaureate classified student who fails to maintain a cumulative grade-point average of 2.5 on all units attempted at the University will be placed on probation.

A student on probation who, prior to the beginning of the next term, fails to attain a cumulative grade-point average of 2.5 on all units attempted at the University will be disqualified.

A student who is disqualified because of scholastic deficiency may petition the appropriate program authority for readmission only after an absence of two semesters or upon successful completion of summer session courses which remove the grade-point deficiency.

Petitions for readmission must indicate the reason for requesting readmission and must include a statement of any academic work successfully completed since disqualification or of any other activity which gives evidence in support of the petitioner's belief that readmittance is warranted. An application for admission and required transcripts, as well as the petition, must be submitted to the Office of Enrollment Services before the dates established by the University for filing applications.

Academic Credit

Credit/No Credit Grading

A graduate student may take courses at the 100/200/300/400 levels under the Credit/No Credit grading policy; however, no course in which a grade of "CR" has been assigned may be used to fulfill the requirements for a master's degree, except that the grade of "CR" may be permitted for master's theses or projects to a maximum of six units when the individual department has specifically designated Credit/No Credit grading for the thesis/project course in the department and for field work, practicum, and/or internship courses.

For graduate students, courses at the 300/400/500/600/700 levels require "B" level proficiency to merit award of the "CR" grade; at the 100/200 levels "C" level proficiency or better is required for award of the "CR" grade.

The option of Credit/No Credit grading for graduate students on 100/200/300/400-level courses is subject to specific regulations of the individual departments regarding their graduate students and regarding the authorization for this option intrinsic to the approved course. Otherwise, no limitation exists as to the number of courses taken under this policy.

Waiver of Course Requirement and Credit by Examination

No waiver of course requirements or credit by examination may be used to satisfy master's degree requirements. However, the following rules govern course waivers or credit by examination in satisfying prerequisites for admission to candidacy in any master's degree program.

Any candidate for a master's degree who believes that previous training has provided adequate preparation in a certain area may request a waiver from the department concerned.

A candidate may also apply for course credit by examination, but only for prerequisite courses and not to satisfy any of the requirements for the master's degree. Requests for such examinations must be made to the department concerned and approved by the department chair. Credit by examination is restricted to courses published in the current CSULB *Catalog*. Please see Credit by Examination in the General Regulations section of this catalog.

All course credit by examination will be recorded as CR (Credit) and will not be included in calculation of grade-point averages; such credit may not be used to remove a grade of "D" or "F" in a course already attempted, nor may course credit by examination be granted for any course which is a prerequisite to one for which credit has already been received.

Graduate Transfer Units by Extension

At the option of the college or department offering an advanced degree requiring a total of 30 units, up to 6 units of approved extension/continuing education or transfer credit is acceptable on graduate student programs. At the option of the college or department offering a graduate degree requiring a total of 30 units, this limit may be raised to 9 units of extension/continuing education credit if taken at CSULB. These limits may be increased further for graduate degrees requiring more than 30 units provided that (1) no graduate degree may be awarded by CSULB unless at least 24 units are taken in residence, and (2) no graduate student program may use either extension/continuing education or transfer credit to satisfy the requirement that at least 60 percent of the total units be taken at the 500 and 600 levels. Extension courses completed at campuses including California State University, Long Beach shall be acceptable within the six-unit transfer limit, provided the work can be properly evaluated and the course is acceptable as graduate work for an equivalent graduate degree on the campus where taught. Extension/continuing education and transfer course material shall be evaluated and approved by CSULB faculty teaching in the topic area in conjunction with the department graduate advisor and college associate dean or director of graduate studies. Final approval/disapproval shall be the responsibility of the Vice Provost for Academic Affairs and Dean of Graduate Studies or his/her designee.

Extension/continuing education credit may not be used to reduce the minimum units required in a discipline for a master's degree, that is, extension credit may be used to complete coursework required outside the discipline. Excess grade points earned in extension classes may not be used to offset a grade-point deficiency in the total graduate record.

Grades earned at another institution may not be used to offset grade-point deficiencies in courses taken at this University. However, grades of "C" earned at another institution in courses transferred to satisfy subject matter requirements for an advanced degree at this institution must be balanced by grades of "A" at this University to meet the required 3.0 ("B") overall average.

Credit earned by correspondence or by examination cannot be used to satisfy master's degree requirements.

Graduate Studies 700

Every semester, graduate students must be registered in a course or in GS 700 or must have an approved educational leave. Registration in GS 700 is restricted to graduate students who have completed all course work, have been advanced to candidacy, and have departmental approval. Registration in a course or in GS 700 also is required in winter or summer session if that is when a student plans to graduate. Although no unit credit is added to the student's program or transcript, GS 700 is considered as one unit of concurrent enrollment credit for fee payment purposes, payable at University College and Extension Services (UCES) located at 6300 State University Dr., Ste. 104. Application forms are available from UCES and must be approved by department graduate advisors. Registration in GS 700 is CR/NC only.

Academic Load

Nine units per semester is a normal academic load for a full-time graduate student engaged in study toward a master's degree. If a candidate wishes to exceed this limit, it should be discussed with the departmental graduate advisor. The maximum load for graduate students working toward a master's degree is 16 units per semester. Students who are employed full-time should not exceed six units per semester.

Graduate students who wish to register for more than one unit of credit per week of attendance during the summer session must secure advance approval from the college associate dean or director of graduate studies. Petition forms and information may be obtained in the college offices.

Honors for Graduate Students

Graduate Dean's List

The Graduate Dean's List provides for university recognition of its most outstanding graduate students. Candidates for this honor will normally have completed all the coursework applicable to their graduate student programs at this university. The annual list is limited to one percent of the university's graduate enrollment. Those honored will be named in the Commencement Program and will receive a certificate from the administrator in charge of graduate programs or designee.

Departmental Graduate Student Honors

In recognition of outstanding graduate student achievements, departments may honor graduating master's and doctoral degree candidates by special recognition in the annual commencement ceremonies. The number of honors awarded by a department shall be limited to three students or five percent of graduates, whichever is larger. Departmental honors are noted on the student's transcripts. Departmental honors are usually restricted to students not otherwise recognized by university or college awards. These honors are normally conferred for excellence in and contributions to the discipline, including outstanding seminar papers, artistic exhibitions, special achievements in field work, and in university committees and functions, as well as participation in scholarly and professional organizations resulting from student research.

ACCOUNTANCY

College of Business Administration

Department Chair: Steven A. Fisher

Department Office: College of Business Administration (CBA) 411

Telephone: (562) 985-4653

Website: www.csulb.edu/depts/accounting/

Faculty: David Bojarsky, Michael Chase (Emeritus), Michael Conostas, Steven Fisher, Debra Grace, Herbert G. Hunt, III, Sudha Krishnan, John Lacey, Ping Lin, Sitikantha Mahapatra, Jae K. Shim (Emeritus), Praveen Sinha, Rodney Smith, Judy Yin

Administrative Support Coordinator: Kellee Zbornak

For MBA with Specialization in Accountancy, see Business Administration, Graduate Programs.

Career Possibilities

Accountant • CPA • Cost Accountant • Auditor • IRS Agent • Financial Analyst • Bank Officer • Controller • FBI Agent • Management Information Systems Manager • Credit Analyst, Financial Analyst • Appraiser • Banker • Contract Administrator • Stock Broker (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Science in Business Administration

Admission Under Impaction

To be eligible for admission to the majors in Business Administration, applicants must have met requirements for admission to the university as a freshman or transfer student. Applicants must have completed 60 units applicable toward a CSULB degree prior to the term for which the application is submitted. The number of applicants who can be admitted is limited by space availability. Eligible applicants will be admitted for available spaces based on cumulative grade point average.

Requirements

In order to graduate with an undergraduate business degree from CSULB, a student must complete a minimum of 120 units. A majority of the upper division business courses, including economics and statistics, must be completed at this university. For details, refer to the CBA Policy on Course Transfers/Substitutions.

1. Lower Division:

- ACCT 201 Elementary Financial Accounting (3)
- ECON 100 Principles of Macroeconomics (3)
- ECON 101 Principles of Microeconomics (3)
- MATH 115 Calculus for Business (4)

Choose one of the following:

- STAT 108 Statistics for Everyday Life (3)
- MATH 114 Finite Mathematics (3)

2. Ethics Course Requirements:

PHIL 160 Introductory Ethics (3)

Choose one of the following:

- CBA 400I Business Ethics (3)
- PHIL 400I Business Ethics (3)

3. All business and pre-business majors shall demonstrate computer literacy and competency prior to taking junior and senior level courses. Requires one of the following:

- A. Passing score (70%) on the Computer Proficiency Examination (CPE).
- B. Completion of IS 233, Introduction to Computer Systems and Applications (3 units), with Credit (Cr) or "C" or better grade in a transfer equivalent course.

4. Upper Division:

A. Take all the following:

- CBA 300 International Business (3)
- ACCT 320 Cost Accounting (4)
- ECON 333 Managerial Economics (3)
- FIN 300 Business Finance (3)
- BLAW 320 Legal and Regulatory Environment of Business (3)
- IS 300 Management Information Systems (3)
- IS 301 Business Communications (3)
- IS 310 Business Statistics (3)
- HRM 360 Organizational Behavior (3)
- MGMT 300 Principles of Management (3)
- MKTG 300 Marketing (3)

B. MGMT 425, Business Strategy and Policy (3 units), (Capstone) must be taken at CSULB as a senior and after upper division prerequisite core courses have been completed (ACCT 320, FIN 300, MGMT 300, MKTG 300, IS 301).

C. Completion of option requirements.

5. Elective courses to total 120 units. Students are encouraged to select electives for expansion of knowledge and intellectual interests as well as for preparation for business employment.

Option in Accountancy (code ACCTBS01) (120 units)

The Accountancy curriculum is designed to meet the general education goals of those entering the accounting profession. It satisfies the requirements established by the American Institute of Certified Public Accountants and may be used to meet educational requirements for the California CPA Certificate. The accounting program develops an understanding of an organization's management information system on a broad base of general education and business administration courses. The program is carefully planned and rigorous, building the conceptual, analytical, and communication skills necessary to succeed in the accounting profession. It prepares students for careers in all areas of accounting, including the necessary qualifications for professional examinations such as the C.P.A., C.M.A., C.I.A.

Requirements

ACCT 300A Intermediate Accounting (4)
ACCT 300B Intermediate Accounting (4)
ACCT 351 Federal Tax Law II (4)
ACCT 400 Advanced Accounting (4)
ACCT 470 Auditing (4)
ACCT 480 Accounting Systems and Data Processing (4)
Take one course from ANTH, PSY, or SOC.

Courses (ACCT)

LOWER DIVISION

201. Elementary Financial Accounting (3)

Introduction to financial accounting, practice.
For business majors. Laboratory and/or class computer applications required.

UPPER DIVISION

300A-B. Intermediate Accounting (4-4)

Prerequisites: 300A: ACCT 201 or equivalent with a grade of "C" or better; 300B: ACCT 300A with a grade of "C" or better.

Accounting theory including recording, valuation, and statement presentation of assets, liabilities, capital, and earnings. Funds statements, financial analysis, compound interest theory, and applications.

Letter grade only (A-F). Laboratory and/or class computer applications required.

310. Cost Accounting for Managers (3)

Prerequisites: ACCT 201 or equivalent.

Use and interpretation of financial statements. Evaluation of accounting information systems. Accounting for and analysis of costs. Managerial use of accounting data for planning and decision making.

Letter grade only (A-F). Not open to accounting majors for course or unit credit. Laboratory and/or class computer applications required.

320. Cost Accounting (4)

Prerequisites: ACCT 201 or equivalent with a grade of "C" or better.

Theory and practice of cost accounting. Managerial use of cost accounting data for planning, controlling and decision making. Emphasis on cost accumulation and management information systems.

Letter grade only (A-F). Laboratory and/or class computer applications required.

350. Individual Income Taxation (3)

Prerequisites: any upper division accountancy course with a grade of "C" or better

Federal income taxation of individuals and property transactions. Coverage of tax research methodology and communication of research results. Laboratory and/or class computer applications required.

Letter grade only (A-F).

351. Federal Tax Law II (4)

Prerequisites: any upper division accountancy course with a grade of "C" or better.

Federal income taxation of partnerships, corporations, and s corporations. Personal and family tax planning and ethics.

Letter grade only (A-F). Laboratory and/or class computer applications required. Not open for credit to students with credit in ACCT 451.

400. Advanced Accounting (4)

Prerequisites: ACCT 300B with grade of "C" or better, IS 301.

Specialized problems in partnership and corporate accounting. Consolidations, foreign currency transactions, and translations. Fund accounting and selected topics.

Laboratory and/or class computer applications required.

465. International Accounting (4)

Prerequisites: Any 300-level accounting course with grade of "C" or better, IS 301.

Contemporary accounting theory and practice from an international perspective. Comparative accounting systems in various countries based on prevailing practice in the United States. Analysis of international accounting and auditing standards.

Letter grade only (A-F). Laboratory and/or class computer applications required.

470. Auditing (4)

Prerequisites: ACCT 300A, 300B, 320 with grades of "C" or better, IS 301.

Problems of verification, valuation and presentation of financial information in reports covered by opinion of independent public accountant. Major concepts of operational auditing and relationship to independent audit. Public accountant and internal auditor responsibilities. Rules of professional conduct.

Letter grade only (A-F). Laboratory and/or class computer applications required.

480. Accounting Systems and Data Processing (4)

Prerequisites: IS 300, ACCT 300B and 320 with grades of "C" or better, IS 301.

Familiarization to accounting information systems development process. Analysis, design, development, and implementation of accounting information systems. Automation of accounting information systems studied through use and application of computers.

Letter grade only (A-F). Laboratory and/or class computer applications required.

493. Accounting Internships (3)

Prerequisite: ACCT 300B, Accounting GPA 3.0, overall GPA 3.0.

Real world accounting experience by working in public accounting or accounting divisions of private industry or governmental agencies. Class seminar analysis and evaluation of academic theory in terms of the real world environment.

Letter grade only (A-F).

495. Selected Topics (1-4)

Prerequisite: Consent of instructor.

Intensive study of current topics in accounting.

Letter grade only (A-F). May be repeated for a maximum of 8 units. Topics to be announced in the *Schedule of Classes*.

497. Directed Studies (I-4)

Prerequisites: Consent of instructor and department Chair, on Dean's List, Accounting GPA 3.0.

Advanced individual projects, study, and research in accounting.

Letter grade only (A-F).

ADVANCED STUDIES IN EDUCATION AND COUNSELING

Haglund (Emerita), Nat Hansuvadha, Don Haviland, Carolos Hipolito-Delgado, Rose Marie Hoffman, A. Jean Houck, Simon Kim, Marilyn Korostoff, Susan Leonard-Giesen, Angela M. Locks, Joanne Tortorici Luna, Hiromi Masunaga, John Murray, Karen Nakai, Jonathan O'Brien, Anna Ortiz, Shireen Pavri, Laura Portnoi, Kristin Powers, Paul Ratanasiripong, Ali Rezaei, Catherine Richards, William Saltzman, James Scott, Seon-Hi Shin, Charles Slater, William Vega

Introduction

The Department of Advanced Studies in Education and Counseling offers graduate level course work in the following program areas: Educational Administration, Educational Psychology, Librarianship, Educational Technology, Social and Cultural Analysis of Education, Marriage and Family Therapy (MFT), School Counseling, School Psychology, Student Development in Higher Education, and Special Education/Education Specialist, as well as undergraduate service courses in life skills and other areas.

Students desiring information should contact the department office for referral to one of the faculty advisors.

All CED graduate level courses (500/600) are assumed to be letter grade only (A-F) unless stated otherwise.

Graduate Degrees

Master of Arts in Education with the following options:

- Educational Administration
- Educational Psychology
- Librarianship
- Social and Cultural Analysis of Education
- Educational Technology

Two Master of Science degrees are available:

- Special Education
- Counseling

MS in Counseling offers five options:

- Career Counseling (Temporarily suspended for new admissions)
- Marriage and Family Therapy
- School Counseling
- Student Development in Higher Education

Credentials

The department offers credentials in Administrative Services (Preliminary and Professional), Pupil Personnel Services (School Counseling, School Counseling Internship, School Psychology, School Psychology Internship), Education Specialist/Special Education (Mild/Moderate and Moderate/Severe) and Teacher Librarian Services. In addition, a Graduate Certificate in Career Guidance Specialist and Community College are offered. (Please note: the Graduate Certificate in Career Guidance Specialist is under consideration for discontinuance.)

Required credential courses must be completed with a grade of "C" or better. The minimum grade point average for successful progress in the credential programs of the department is 3.0 on all units to be applied to the credential program. Students falling below 3.0 will be placed on probation. To maintain status in the credential program students must earn sufficient grade points to bring GPA back to 3.0 by the end of the regular semester following the semester in which the GPA fell below 3.0. Refer to this Catalog for policy.

Interdisciplinary Minor in Crosscultural Language and Academic Development Studies (code COEDUM01)

The minor comprises courses that integrate studies of culture, language, learning and the academic environment, and human development. It is an interdisciplinary program designed to support career objectives related to public education in Crosscultural Language and Academic Development. The minor consists of a minimum of 18 units selected with an advisor. Courses in the department of the student's major may not be used.

1. One course from each of the following areas (12 units):

Culture:

ANTH 421/LING 425, EDP 432/EDEL 430

Language:

EDSP 454, LING/CD 329

Schooling:

EDP/LING 485

Development:

EDP 301, 302; HDEV 307I; PSY 361

2. Six units, selected with an advisor, from the following:

Culture:

AIS 319; ASAM 319; AFRS 319; CHLS 319; WGSS 319; ANTH 329, ANTH 412I, ANTH/LING 413, ANTH 419, ANTH 421/LING 425, ANTH/WGSS 475, CHLS/ASAM 335I, EDP 432/EDEL 430

Language:

ANTH 170; CHLS 402; EDSP 454; ENGL 327; LING/CD 329; LING 363I, 435, 472, 486

Schooling:

ASAM 310; AFRS 420; CHLS 340; EDP 305; EDSP 350

Development:

EDP 301, 302; HDEV 307I; PSY 361

Master of Arts in Education

Candidates for degrees in Master of Arts programs must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time. Program application deadlines may vary. Visit the College of Education website for program details, application guidelines and materials, and application deadlines (www.ced.csulb.edu). All university regulations governing the master's degree apply to college programs. Program requirements published in the university Catalog in effect during the year a candidate advances to candidacy are the requirements the candidate will be held to (catalog rights).

Option in Educational Administration (code EDADMA01)

Educational leaders serve in many capacities. No matter what position an individual holds within an educational organization, all efforts should be directed at supporting the equitable academic achievement of all students being served. The courses in the Educational Administration Option are designed to prepare leaders for this important work. Emphasis is placed on 1) examining the role of schooling in a democratic society, 2) multiple and varied aspects of educational leadership, 3) building collaboratives, 4) managing and guiding change, and 5) working with diverse populations. The program's primary mission is to educate candidates who will assume leadership positions in diverse, urban, K-12 schools and districts. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. 15 upper-division units in education, including EDP 400 or equivalent.
3. Minimum 2.85 overall grade point average in the last 60 semester (90 quarter) units of coursework.
4. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Preliminary Administrative Services Masters/Credential Program must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional Admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete EDP 400.
3. Complete EDAD 541 and one other EDAD course for a total of 6 units.
4. Resolve all incomplete grades.
5. Maintain a 3.0 grade point average.
6. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

A minimum of 30 units with a 21-unit concentration in Educational Administration is required; 21 units must be at the 500/600 level taken at this university.

1. Take one of the following (3 units):
 - SCAE 560 History of Social and Educational (In)equality (3)
 - SCAE 561 Urban Educational Policy (3)
 - SCAE 564 Language and Education Policies (3)
2. Take one of the following (3 units):
 - EDP 520 Quantitative Research Methods in Education (3)
 - EDP 595 Qualitative Research Methods in Education (3)
3. Take one of the following chosen with advisor consultation:
 - EDAD 695 Master's Research Study in Educational Administration (3)
 - EDAD 698 Thesis (must take 6 units)
4. Take all of the following (21 units):
 - EDAD 541 Leadership, Organizational Management, Ethics (3)
 - EDAD 544 Legal Aspects of Education: Implications and Applications for School Leadership (3)
 - EDAD 647A Fiscal Resources Educational Administration (3)
 - EDAD 647B Human Resources in Educational Admin (3)
 - EDAD 677A Curriculum/Program Devand Evaluation (3)
 - EDAD 677B Instructional Leadership and Assessment (3)
 - EDAD 649 Urban Schools and Communities: Academic, Social, Political, and Cultural Issues (3)

Option in Educational Psychology (code ED_PMA02)

The Option in Educational Psychology is a research-oriented program designed for students and educators to develop their understanding of learning and development, testing and assessment, research, and program evaluation in education. This program offers a rigorous curriculum in these areas and requires that the student declare a "foundation" emphasis within the Option. There are two Tracks in this Option: Track 1 (MA, Option in Educational Psychology) and Track 2 (MA, Option in Educational Psychology plus School Psychology Credential Program). Admission to the MA, Option in Educational Psychology does not guarantee acceptance to the highly competitive School Psychology Credential Program. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree in a behavioral science, education, or a related field.
2. Minimum 3.00 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. Minimum combined score of 1000 on the Verbal and Quantitative sections of the Graduate Record Exam.
4. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Educational Psychology program for Track 1 or Track 2 must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts. The deadline for submitting an application for fall entry in the Track 1 program is March 1; the deadline for submitting an application for fall entry in the Track 2 program is February 13.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete one of the following (or equivalent): EDP 301 or EDP 302.
3. For Track 1 candidates, complete all of the following (or equivalent): EDP 305, EDP 419, EDSP 350.
4. For Track 2 candidates, complete both of the following (or equivalent): EDP 405 & EDP 419.
5. Complete 6-9 units of core courses.
6. Resolve all incomplete grades.
7. Maintain a 3.0 grade point average in the prerequisites and in all core courses.
8. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Master's Objective Track 1

The degree objective requires a total of 33 units (not including prerequisites) made up of a 27-unit core and a 6-unit "foundation" that culminates in either (a) a master's thesis or

(b) a written comprehensive examination.

1. Degree Core:

A. Take all of the following:

- EDP 519 Quantitative Educational Data Analysis I (3)
- EDP 520 Quantitative Research Methods in Educ (3)
- EDP 541 Sem in Educ Measurement & Assessment (3)
- EDP 595 Qualitative Research Methods in Educ (3)
- EDP 596 Program Evaluation in Education (3)
- EDP 604 Seminar in Human Development (3)
- EDP 605 Theories of Learning, Cognition, Motivation, and Social Development (3)
- EDP 619 Quantitative Educational Data Analysis II (3)

B. Take one of the following:

- EDSP 564 Assessment and Evaluation of Students with Disabilities (3)
- 500/600 level elective (with program advisor approval)

2. Foundation

For the "foundation" culminating in a master's thesis:

- Complete all of the above 27 units of core courses
- Complete 6 units of EDP 698, Thesis
- Students are strongly encouraged to complete EDP 696, Thesis Study (3 units) as a 500/600 level elective

For the "foundation" culminating in a written comprehensive examination:

- Complete all of the above 27 units of core courses
- Take 6 units of 500/600 level electives selected with the approval of the program advisor.

Master's Objective Track 2

Assignment to Track 2 requires that students are admitted to both the Master of Arts in education, Option in Educational Psychology and the School Psychology Credential Program. The degree objective requires a total of 32 units (not including prerequisites) made up of a 23-unit core and 9-unit "foundation" that culminates in either (a) a master's thesis or (b) a written comprehensive examination.

1. Degree Core:

A. Take all of the following:

- EDP 520 Quantitative Research Methods in Educ (3)
- EDP 524A Psychoeducational Assessment (3)
- EDP 524B Psychoeducational Assessment: Clinical Applications (2)
- EDP 579 Curriculum-Based Assessments and Academic Interventions (4)
- EDP 604 Seminar in Human Development (3)
- EDP 605 Theories of Learning, Cognition, Motivation, and Social Development (3)

B. Take both of the following:

- EDP 525A Psychoeducational Assessment of Culturally and Linguistically Diverse Students (3)
- EDP 525B Psychoeducational Assessment of Culturally and Linguistically Diverse Students: Clinical Applications (2)

2. Foundation

For the "foundation" culminating in a master's thesis:

- Complete all of the above 23 units of core courses
- Complete 6 units of EDP 698, Thesis
- Complete one of the following:
EDP 541, 595, 596, or 696

For the “foundation” culminating in a written comprehensive examination:

- Complete all of the above 23 units of core courses
- Complete all of the following:
 - EDP 519 Quantitative Educ Data Analysis I (3)
 - EDP 541 Semester in Educ Measurement/Assessment (3)
 - EDP 596 Program Evaluation in Education (3)

Option in Educational Technology (code ED_PMA05)

Serving the mission of enhancing education through the use of technology, educational technology specialists perform many functions in schools, educational institutions, and training agencies. This option prepares leaders in the field who will evaluate, design, and effectively use technology for educational purposes. Combining both theory and practice, this option is designed for individuals seeking career growth in K-12 and university settings and for those planning to pursue doctoral degrees. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.00 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. Upper division coursework in statistics and research.
4. Upper division coursework in the use of technology and computer applications (3 units), e.g., ETEC 411, ETEC 444, or equivalent experience
5. Minimum 3.0 grade point average in all prerequisite coursework (items 3 & 4 above).
6. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Educational Technology program must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts. The deadline for submitting an application for fall entry in the program is April 1; the deadline for submitting an application for spring entry in the program is October 1.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Maintain a 3.0 grade point average in all course work.
3. Resolve all incomplete grades.
4. Complete all prerequisites and at least 6 units of the program in residence.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Students must complete a minimum of 30 units of upper division and graduate courses, of which at least 21 units must be at the 500/600 level taken at this university. With consent of the program advisor, students may count up to 6 units of previously taken graduate courses toward the degree. However, a student who completes a 6 unit thesis or project may possibly count 9 units of previously taken courses toward the degree.

1. Core courses (21 units):
 - A. Research Methods:
Take the following:
 - EDP 520 Quantitative Research Methods in Educ (3)Also complete course prerequisites:
 - ED P 400, ED P 419, or equivalent
 - B. Educational Technology:
Take all of the following:
 - ETEC 510 Foundations of Educational Technology (3)
 - ETEC 523 Computer Tech in Education, Level II (3)
 - ETEC 525 Social and Cultural Implications of Educational Technology (3)
 - ETEC 530 Educational Technology Leadership (3)
 - ETEC 551 Education and the Internet (3)
 - ETEC 570 E-Learning Design and Development (3)
2. Electives (6 units): In consultation with program advisor, students will select 6 additional units. Options include, but are not limited to, the following:
 - A. Educational Technology: ETEC 535, 580;
 - B. Educational Psychology: EDP 595, 696;
 - C. Librarianship: ELIB 530A, 530B, 540, 550;
 - D. Special Education: EDSP 542;
 - E. Computer Science: CECS 401E, 410E;
 - F. Other courses, including those outside the College of Education, chosen in consultation with program advisor.
3. Exit requirement (3 - 6 units); Electronic portfolio with interview and one of the following chosen in consultation with the program advisor:
 - A. Pass a comprehensive examination;
 - B. EDP 699 (6 units) Project with written Project Report;
 - C. EDP 698 Thesis (must take 6 units).

Option in Librarianship (code ED_PMA06)

The Master's degree option in Librarianship provides a rigorous academic foundation for professional leadership in library and information professions that serve the needs of a culturally diverse, technology-informed society. Because

the Master of Arts degree option incorporates work toward the Teacher Librarian Services Credential, candidates with this specialization may pursue their credential and degree simultaneously. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.00 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Librarianship program must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts. The deadline for submitting an application for fall entry in the program is April 1; the deadline for submitting an application for spring entry in the program is October 1.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Maintain a 3.0 grade point average in all course work.
3. Resolve all incomplete grades.
4. Complete at least 6 units of the program.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

A minimum of 36 units is required, with at least 24 units in the 500/600 level series taken at this university. In consultation with the advisor, a comprehensive examination track or thesis track is selected. Note: Information in this section does not include all of the requirements for the Teacher Librarian Services Credential, which is typically pursued simultaneously with the Master of Arts degree. For additional information, go to www.csulb.edu/lmt.

1. Core courses (21 units):

A. Library Media.

Take all of the following:

- ELIB 500 Foundations of Information (3)
- ELIB 510 Collection Development (3)
- ELIB 520 Info Literacy and Reference Services (3)
- ELIB 540 Organization of Information (3)
- ELIB 550 Management of Info Organizations (3)

B. Technology.

Take one of the following:

- ELIB 570 Library Media Technologies (3)
- ETEC 523 Computer Tech in Education, Level II (3)
- PPA 521 Microcomputer Management for Public Administrators (3) (for public services)

C. Research methods.

Take one of the following:

- EDP 520 Quantitative Research Methods in Educ (3)
- EDP 595 Qualitative Research Methods in Educ (3)

2. Electives (9 units).

The balance of the program is completed through advisor-approved electives. Choices include, but are not limited to, the following:

- A. Youth Services: ELIB 530A, 530B; EDCI 625;
- B. Higher Education Services: COUN 531, 548, 552; EDP 490;
- C. Public Services: FCS 529; PPA 500, 525, 533, 535;
- D. Advanced Technology: ETEC 530, 551, 553, 623.

3. Field experience (3-4 units).

Take one of the following:

- ELIB 580 Field Experience in Libraries (4)
- ETEC 580 Field Experience in Educational Tech (3)

4. One of the following chosen in consultation with faculty advisor upon advancement to candidacy (3-6 units):

- A. Comprehensive exam; EDP 697, Research (3 units)
- B. Thesis; EDP 698, Thesis (must take 6 units)

Option in Social and Cultural Analysis of Education (code ED_PMA03)

The Master of Arts Degree in Education, Option in Social and Cultural Analysis of Education (SCA), focuses on the social and cultural analysis of education in urban and international contexts. Emphasizing critical approaches to education, including critical theory and critical pedagogy, the degree's interdisciplinary nature provides the intellectual rigor necessary for analyzing the relationship between education and society and effecting social and educational justice. SCA courses examine education in its historical, social and political contexts, and may be applied to all levels of education—locally, nationally, and internationally. After completion of the program, graduates have a variety of career choices, not only in the educational realm, but also in the private sector and in non-governmental organizations. The program also serves as an ideal foundation for further academic study at the doctoral level. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.

2. Minimum 3.00 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Social and Cultural Analysis of Education program must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts. The deadline for submitting an application for fall entry in the program is March 1.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete SCAE 550 and SCAE 551.
3. Consult with the advisor regarding professional and personal goals (as part of SCAE 550 and SCAE 551)
4. Maintain a 3.0 grade point average in all course work.
5. Resolve all incomplete grades.
6. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

All students must complete thirty-three (33) units of upper division and graduate level courses, of which twenty-one (21) units must be at the 500/600 level. Students who complete a master's thesis or project must enroll in six (6) additional units while completing the culminating experience. For all students, at least twenty-four (24) units must be completed in residency. With consent of the student's advisor and after following procedures for course equivalencies, students may count up to six (6) units of previously taken graduate courses toward the degree. A student who completes a thesis or project may potentially count up to nine (9) units of previously taken graduate courses toward the degree.

1. Core courses (6 units)

Complete the following:

- SCAE 550 Foundations of Social and Cultural Analysis of Education (3)
- SCAE 551 Critical Pedagogies (3)

2. Emphasis Area (9 units).

Take three courses in one area:

- A. International Contexts:
SCAE 566, 567, 568, 564
- B. Urban Contexts:
SCAE 560, 561, 562, 564

3. Second Emphasis Area (3 units).

Choose one course from the SCAE 566-568 series for international contexts or from the SCAE 560-562 series for urban contexts.

4. Electives (6 units).

Choose 2 courses in consultation with faculty advisor.

5. Research Methods Courses (6 units).

Take the following course:

- EDP 400 Introduction to Educational Research (3)

Take one of the following courses:

- EDP 520 Quantitative Research Methods in Educ (3)
- EDP 595 Qualitative Research Methods in Educ (3)

6. Capstone Course (3 units).

Take the following course:

- SCAE 695 Social and Cultural Analysis of Education Capstone (3)

7. Culminating Experience. In consultation with faculty advisor, choose one of the following:

- A. Comprehensive examination
- B. Six units of EDP 698: Thesis over two semesters
- C. Six units of EDP 699: Project over two semesters

Master of Science in Education

Candidates for degrees in Master of Science programs must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time. Program application deadlines may vary. Visit the College of Education website for program details, application guidelines and materials, and application deadlines (www.ced.csulb.edu/academic/masters.cfm). All university regulations governing the master's degree apply to college programs. Program requirements published in the university Catalog in effect during the year a candidate advances to candidacy are the requirements the candidate will be held to (catalog rights).

Master of Science in Counseling

Counselors serve valuable functions in fields of education, health and human services, and business. Their domains of practice include public and private educational institutions, medical facilities and allied health agencies, social service agencies and organizations, state and federal human service agencies and programs, correctional facilities, business and industry, and private practice. The program's philosophy is to introduce students to a variety of approaches to counseling, and to encourage the development of competencies within these approaches.

The program combines theory and practice utilizing on and off campus course work and field work assignments. Required courses are offered predominantly in the evening, but most field assignments require daytime participation during normal business hours defined by the off-campus sites.

Students coming from diverse experiential backgrounds are trained at the graduate level to be able to perform entry level duties expected by the counseling profession and its specialty areas. Students are prepared to assume future leadership

positions in their area(s) of expertise after additional work experiences have been acquired in the field following graduation.

The Master of Science in Counseling Program consists of four Options:

1. Career Counseling
(temporarily suspended for new admissions)
2. Marriage and Family Therapy
3. School Counseling
4. Student Development in Higher Education

The total number of course units needed to satisfy requirements for graduation depends upon the Option selected by the student. See below and visit the program website for Option details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university in a behavioral science, education, or related field.
2. Minimum 2.85 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time. Program Option application deadlines may vary. Visit the College of Education website for program details, application guidelines and materials, and application deadlines (www.ced.csulb.edu/academic/masters.cfm). Program requirements published in the university Catalog in effect during the year a candidate advances to candidacy are the requirements the candidate will be held to (catalog rights).

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the selected Counseling program Option must be submitted to the College of Education Graduate Studies Office (ED1-7). A program Option application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program Option application does not require a set of transcripts. Deadlines for submitting an application for program Options vary. Refer to the online directions for specific dates.

Conditional Admission to the Program

Successful applicants are admitted to the program Option with Conditional Admission status.

Advancement to Candidacy (Clear Admission to the Program)

See individual Options below.

Option in Career Counseling (code ED_PMS01)

(Temporarily suspended for new admissions)

Students in this Option prepare to provide career counseling and guidance services to adults and adolescents in the community and public agencies, college and university settings, business and industry settings, and private practice. The training prepares individuals for the California Registered Professional Counselor (CRPC) and National Master Career Counselor (MCC) examinations.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete COUN 515, COUN 530, and EDP 400 or 419.
3. Maintain a 3.0 grade point average in all course work.
4. Resolve all incomplete grades.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Take all of the following:

- COUN 510 Law and Ethics for Counselors (3)
- COUN 513 Introduction to Clinical Interviewing (3)
- COUN 515 Counseling Theories (3)
- COUN 530 Career Development and Decision Theory (3)
- COUN 531 Career Information Resources (3)
- COUN 637 Career Counseling Practicum (4)
- COUN 638 Group Counseling (3)
- COUN 643C Counseling Field Work: Career Counseling (3)
- COUN 644C Advanced Counseling Field Work: Career Counseling (3)

Take all requirements of one of the following tracks (21 units):

Thesis Track

Take all of the following:

- EDP 419 Educational Statistics (3)
- EDP 420 Tests, Measurements and Evaluations (3)
- EDP 519 Quantitative Educational Data Analysis I (3)
- EDP 520 Quantitative Research Methods in Educ (3)
- EDP 696 Thesis Study (3)
- EDP 698 Thesis (must take 6 units)

Comprehensive Examination Track

Take the following:

- EDP 400 Introduction to Educational Research (3)

Take six elective courses from the following:

- COUN 516, 555, 601; EDP 517, 520, 524A, 596; EDSP 564

Option in Marriage and Family Therapy (code ED_PMS04)

Students in this Option will prepare for licensed independent MFT practice to work in private practice, community-agency settings, government-court settings, hospitals, clinics, Employee Assistance Programs, and city-county-state agencies to provide counseling services for adults, children, families and couples.

Prerequisite to the Program

Take the following:

EDP 400 Intro to Educational Research (3) (or equivalent)

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete COUN 508A, COUN 510, EDP 400.
3. Maintain a 3.0 grade point average in all course work.
4. Resolve all incomplete grades.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Take all of the following (62 units):

- COUN 508A Family Systems Therapy Applied to Lifespan Development (3)
 - COUN 508B Family Systems Methods (3)
 - COUN 510 Law and Ethics for Counselors (3)
 - COUN 511 Counseling the Alcohol/ Chemically Dependent Person (2)
 - COUN 512 Child and Spousal/Partner Abuse (1)
 - COUN 513 Introduction to Clinical Interviewing (3)
 - COUN 514 Medication and Counseling (2)
 - COUN 515 Counseling Theories (3)
 - COUN 522 Counseling Methods and Techniques (3)
 - COUN 543 Human Sexuality Counseling (3)
 - COUN 555 Cross-Cultural Counseling (3)
 - COUN 556 Counseling Children and Adolescents (3)
 - COUN 557 Counseling Couples (3)
 - COUN 601 Trauma and Grief Counseling (3)
 - COUN 608 Seminar in Marriage and Family Therapy (3)
 - COUN 609 MFT Practicum (3)
 - COUN 638 Group Counseling (3)
 - COUN 643D Counseling Field Work: Marriage and Family Therapy (3)
 - COUN 644D Advanced Counseling Field Work: Marriage and Family Therapy (3)
 - EDP 520 Quantitative Research Methods in Education (3)
- Comprehensive Exam students: take additional 6 units approved electives from courses in Counseling program.
Thesis students: take EDP 698 Thesis (must take 6 units).

Option in School Counseling (code ED_PMS02)

The Master of Science in Counseling (School Counseling Option) and the Pupil Personnel Services School Counseling Credential Programs are designed to prepare counselors to work in elementary, middle, and high schools. Both programs support a comprehensive, developmental, and collaborative school counseling model. Based upon the American School Counselor Association's National Standards for K-12 School Counseling Programs and their 2003 National Model, our programs further support a balanced, holistic approach that considers the academic, career development, and personal/social needs of K-12 students. Graduates are expected to become proactive leaders who will advocate for

their students and themselves, as counseling professionals working toward equity, achievement, and opportunity for all students.

Students entering the Master of Science in Counseling (School Option) program concurrently fulfill requirements for the Pupil Personnel Services School Counseling Credential and must apply to both programs. The Pupil Personnel Services School Counseling Credential (PPS/SC) is required by the California Commission on Teacher Credentialing (CTC) for persons employed by the public schools as school counselors. (See Credential Programs)

Each year the School Counseling Programs Information and Application Packet is revised. Applicants must use the application developed specifically for the year for which they are applying.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete COUN 506, COUN 513, COUN 515, EDP 400.
3. Maintain a 3.0 grade point average in all course work.
4. Resolve all incomplete grades.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Take all of the following (51-57 units):

- COUN 506 Counseling in School Settings (3)
- COUN 507 Career/Acd Counseling in K-12 Settings (3)
- COUN 510 Law and Ethics for Counselors (3)
- COUN 513 Introduction to Clinical Interviewing (3)
- COUN 515 Counseling Theories (3)
- COUN 555 Cross-Cultural Counseling (3)
- COUN 606 Current Issues in Prof School Counseling (3)
- COUN 607 School Counseling Practicum (3)
- COUN 638 Group Counseling (3)
- COUN 643A Counseling Field Work: School Counseling (3)
- COUN 644A Advanced Counseling Field Work: Advanced School Counseling (3)
- COUN 695C Integrative Seminar in Professional School Counseling (3)
- EDP 400 Intro to Educational Research (3) (or equivalent)
- EDP 520 Quantitative Research Methods in Education (3)
- EDP 536 Collaborative Consultation in the Schools (3)
- EDP 596 Program Evaluation in Education (3)
- EDP 604 Seminar in Human Development (3)
- EDP 698 Thesis (must take 6 units) or comprehensive examination.

Option in Student Development in Higher Education (SDHE) (code ED_PMS03)

Students completing this option are employed in residence halls, financial aid, student activities, adult re-entry, admissions, career centers, academic advising, disabled student services, counseling centers, orientation, TRIO and Educational Opportunity Programs, multicultural affairs, and community outreach in two- and four-year institutions.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Complete COUN 510, 513, 538, 593; EDP 400.
3. Maintain a 3.0 grade point average in all course work.
4. Resolve all incomplete grades.
5. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Take all of the following (51 – 57 units):

- COUN 510 Law and Ethics for Counselors (3)
- COUN 513 Introduction to Clinical Interviewing (3)
- COUN 515 Counseling Theories (3)
- COUN 516 Counseling the Adult (3)
- COUN 538 Student Development in Higher Education (3)
- COUN 547 Student Development Theory in Higher Education: Theory to Practice (3)
- COUN 548 Students in U. S. Higher Education (3)
- COUN 549 Management of Student Development in Higher Education (3)
- COUN 555 Cross-Cultural Counseling (3)
- COUN 593 Seminar in Professional Development in Counseling and Human Services (1)
- COUN 638 Group Counseling (3)
- COUN 643B Counseling Field Work: Student Development in Higher Education (3)
- COUN 644B Advanced Counseling Field Work: Student Development in Higher Education (3)
- COUN 693A Intermediate Seminar in Professional Development in Student Development in Higher Education (1)
- COUN 693B Advanced Professional Development Sem. in Student Development in Higher Education (1)
- EDP 400 Introduction to Educational Research (3)
- EDP 520 Quantitative Research Methods in Education (3)
- EDP 596 Program Evaluation in Education (3)

Take one course from the following:

- SCAE 560 History of Social & Educational (In)equality (3)
- SCAE 561 Urban Educational Policy (3)
- SCAE 562 Agency, Resistance & Identity in Education (3)

Take one of the following:

- EDP 698 Thesis (must take 6 units)
- Comprehensive examination

Master of Science in Special Education (code ED_PMS06)

Students in this master's degree program work toward attaining leadership positions in public and private schools and agencies in the community that provide services for individuals with disabilities. The program is aimed at developing advanced skills and knowledge of current research in special education, and demonstration of the ability to engage in reflective inquiry. The program culminates with a thesis or comprehensive exam. The

program does not result in a credential to teach students with disabilities. Students who want to teach individuals with disabilities should refer to the Education Specialist Credential Program section. Visit the program website for program details (www.ced.csulb.edu/academic/masters.cfm).

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university, to include 24 upper division units in 3 areas of study:
 - A. Human development: EDP 301 or EDP 302 (or equivalent).
 - B. Statistics and measurement: EDP 400 (or equivalent).
 - C. Individual differences: EDSP 350 (or equivalent).
2. Minimum 2.85 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. Special education teaching credential, or equivalent experience.
4. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time.

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the Special Education program must be submitted to the College of Education Graduate Studies Office (ED1-7). An application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/masters.cfm). The program application does not require a set of transcripts. The deadline for submitting an application for fall entry in the program is March 1. Prospective candidates should attend an on-campus program orientation.

Conditional Admission to the Program

Successful applicants are admitted to the program with Conditional Admission status.

Advancement to Candidacy (Clear Admission to the Program)

Students should advance to candidacy as early as possible. For advancement to candidacy (Clear Admission status), students must:

1. Fulfill the campus Graduation Writing Assessment (GWAR).
2. Maintain a 3.0 grade point average in all course work.
3. Resolve all incomplete grades.
4. Submit to the Graduate Studies Office an Advancement to Candidacy form signed by the program advisor.

Program Requirements

Students must complete a minimum of 30 units of upper division and graduate courses with a minimum of 21 units at the 500/600-level taken at this university. Degree requirements include the following courses:

1. Foundation Courses:
 - EDP 520 Quantitative Research Methods in Educ (3)
 - EDSP 546C Practicum in Special Education (3)
 - EDSP 550 Emerging Perspectives in Special Educ (3)
2. Required Specialization Courses:
 - EDSP 535 Collaborative Partnerships and Effective Communication in School Settings (3)
 - EDSP 542 Technology in Special Education (3)
 - EDSP 566 Transition Into, Through, and Beyond School for Individuals with Disabilities (3)
3. One of the following advanced methods courses:
 - EDSP 563 Advanced Methods of Teaching Individuals with Significant Disabilities (3)
 - EDSP 565 Advanced Methods of Teaching Individuals with Mild/Moderate Disabilities (3)
4. One of the following pathways with advisor consultation:
 - A. Comprehensive exam: EDSP 695S, Seminar (3 units) and written comprehensive exam;
 - B. Thesis: EDP 698, Thesis (must take 6 units).
5. Take 3-6 units of electives with advisor consultation.

CREDENTIAL PROGRAMS

Application to Programs

Candidates must apply separately to both the university and the program by posted deadlines. Applications should be submitted at the same time. Program application deadlines may vary. Visit the College of Education website for program details, application guidelines and materials, and application deadlines (www.ced.csulb.edu/academic/advanced.cfm). Program requirements published in the university Catalog in effect during the year a candidate advances to candidacy are the requirements the candidate will be held to (catalog rights).

The application for Graduate Admission to the University is available online through CSUMentor (www.csumentor.edu). One complete set of official transcripts must be submitted with the university application. This set of transcripts will be used to determine grade point average eligibility. Failure to submit transcripts in a timely manner will result in a delayed review of the application.

A separate application to the selected credential program must be submitted to the College of Education Graduate Studies Office (ED1-7). A credential program application and directions can be downloaded from the College of Education website (www.ced.csulb.edu/academic/advanced.cfm). The program application does not require a set of transcripts. Deadlines for submitting an application for programs vary. Refer to the online directions for specific dates.

Pupil Personnel Services

The College of Education offers two of the four Pupil Personnel Services Credential programs issued by the California Commission on Teacher Credentialing (CTC): School Counseling and School Psychology.

School Counseling Credential (code 802)

The Master of Science in Counseling (School Counseling Option) and the Pupil Personnel Services School Counseling Credential Programs are designed to prepare counselors to work in elementary, middle, and high schools. Both programs support a comprehensive, developmental, and collaborative school counseling model. Based upon the American School Counselor Association's National Standards for K-12 School Counseling Programs and their 2003 National Model, our programs further support a balanced, holistic approach that considers the academic, career development, and personal/social needs of K-12 students. Graduates are expected to become proactive leaders who will advocate for their students and themselves as counseling professionals working toward equity, achievement, and opportunity for all students.

The Pupil Personnel Services School Counseling Credential (PPS/SC) is required by the California Commission on Teacher Credentialing (CTC) for persons employed by the public schools as school counselors. Neither a Master's Degree nor a teaching credential is required for school counseling positions in the State of California. However, in keeping with national standards, students entering the CSULB Pupil Personnel Services School Counseling Credential Program need to earn a Master of Science in Counseling (School Counseling Option) concurrently with the credential, unless they already have a Master's Degree in Counseling from CSULB or another institution. Thus, applicants to the Pupil Personnel Services School Counseling Credential Program who lack a Master's Degree in Counseling must concurrently apply to the Master of Science in Counseling (School Counseling Option) Program to be considered.

Courses required for the Pupil Personnel Services School Counseling Credential are the same courses that are required for the Master of Science in Counseling (School Counseling Option). Thus, students seeking the Pupil Personnel Services School Counseling Credential are required to take all coursework required for the Master of Science in Counseling (School Counseling Option).

Prerequisites to the Program

1. Baccalaureate degree from an accredited college or university with some coursework in the social sciences, behavioral sciences, or related fields.
2. Minimum 2.85 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

Each year the School Counseling Programs Information and Application Packet is revised. Applicants must use the application developed specifically for the year for which they are applying. Candidates are admitted for fall only, although admitted candidates may begin coursework during the preceding summer semester. Applications must be submitted by March 1. See above for application directions.

CBEST Requirement

Admitted students must take the California Basic Educational Skills Test (CBEST) no later than the second available administration date following enrollment in the program.

Program Requirements

1. Completion of the Master of Science in Counseling (School Counseling Option) or an approved equivalent degree.
2. All of the following:
 - COUN 506 Counseling in School Settings (3)
 - COUN 507 Career and Academic Counseling in K-12 Settings (3)
 - COUN 510 Law and Ethics for Counselors (3)
 - COUN 513 Introduction to Clinical Interviewing (3)
 - COUN 515 Counseling Theories (3)
 - COUN 555 Cross-Cultural Counseling (3)
 - COUN 606 Current Issues in Professional School Counseling (3)
 - COUN 607 School Counseling Practicum (3)
 - COUN 638 Group Counseling (3)
 - COUN 643A Advanced Counseling Field Work: School Counseling (3)
 - COUN 644A Advanced Counseling Field Work: Advanced School Counseling (3)
 - COUN 695C Integrative Seminar in Professional School Counseling (3)
 - EDP 400 Introduction to Educational Research (3)
 - EDP 520 Quantitative Research Methods in Education (3)
 - EDP 536 Collaborative Consultation in the Schools (3)
 - EDP 596 Program Evaluation in Education (3)
 - EDP 604 Seminar in Human Development (3)
3. Fieldwork Prerequisites:
 - A. School Counseling Field Work (COUN 643A) (300 hrs of approved activities, average of 20 hours per week)
 - (1) COUN 607
 - (2) Certificate of Clearance
 - B. Advanced School Counseling Field Work (COUN 644A) (300 hours of approved activities, average of 20 hours per week):
 - (1) COUN 507, 638, 643A; EDP 536 (or concurrent enrollment in 536)
 - (2) Pass CBEST
4. Certification of program completion by the faculty is required. The faculty may require students to complete additional course work, fieldwork, or demonstrate specific competencies before recommendation to the CTC for the PPS School Counseling credential.

School Counseling Internship

For additional information, contact the School Counseling Program Coordinator.

School Psychology Credential (code 804)

The School Psychology Credential program, accredited by the National Association of School Psychologists (NASP) and the California Commission on Teacher Credentialing (CTC), prepares graduates to consult with teachers, parents, administrators and others regarding the learning and behavior of children in grades PreK-12. School psychologists develop and implement interventions and monitor the progress of students with special needs, assist students in developing productive and successful school careers, and assist teachers in the areas of behavior management and instruction. A teaching credential is not required.

Prerequisites to the Program

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.0 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. Possession of a master's degree in a related field or admission into the Master of Arts in Education, Option in Educational Psychology.
4. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

See above for application directions.

Program Requirements

The following are required for graduation from the School Psychology Program:

1. Students who enter the School Psychology Credential program without an earned master's degree in one of the behavioral sciences must complete the Master of Arts in Education degree with the Option in Educational Psychology;
2. Complete all of the following prerequisites (or acceptable equivalents):
 - EDP 301 (or EDP 302) Child Development and Learning: A Cross-Cultural Perspective (3)
 - EDP 419 Educational Statistics (3)
 - EDP 405 Positive Strategies-Classroom Management (3)Complete a minimum of 60 units of graduate coursework or the equivalent (with approval of the School Psychology faculty) in the following areas of study:
 - Educational Psychology:
 - EDP 520 Quantitative Research Methods in Educ (3)
 - EDP 528 Orientation to Professional School Psy (3)
 - EDP 605 Theories of Learning, Cognition, Motivation, and Social Development (3)
 - Counseling:
 - EDP 517 Seminar in School Counseling (3)
 - COUN 601 Trauma and Grief Counseling (3)
 - Assessment and Intervention:
 - EDP 524A Psychoeducational Assessment (3)
 - EDP 524B Psychoeducational Assessment: Clinical Applications (2)
 - EDP 525A Psychoeducational Assessment of Culturally and Linguistically Diverse Students (3)
 - EDP 525B Psychoeducational Assessment of Culturally and Linguistically Diverse Students: Clinical Applications (2)
 - EDP 527 Advanced Assessment for Intervention (3)
 - EDP 536 Collaborative Consultation in the Schools (3)
 - EDP 560 Behavioral Analysis and Positive Behavioral Interventions (3)
 - EDP 579 Curriculum-Based Assessments and Academic Interventions (4)
 - Practica and fieldwork:
 - EDP 641A School Psychology Practicum (2)
 - EDP 641B School Psychology Practicum (2)
 - EDP 642A Field Work I - School Psychology (3)
 - EDP 642B Field Work II - School Psychology (3)

Complete 4 advisor-approved elective courses;

3. Students are annually evaluated for specific professional competencies. If students are found insufficient on one or more of the competencies, the student may be required to complete additional course work, practica, fieldwork, and/or other activities before being approved for the PPS intern or full credential;
4. A Certificate of Clearance and successful performance on the CBEST is required prior to enrolling in practica;
5. Fieldwork in School Psychology prerequisites: Master's degree in related field and all program courses except EDP 527, 560, and EDP 642A and 642B;
6. Completion of the National School Psychology Examination (ETS/PRAXIS II #10400) prior to completion of the program.

School Psychology Internship

See Program Coordinator for details.

An internship performed under the supervision and with permission of the School Psychology faculty and the school district which hires the intern is required. In order to be recommended to a district as a possible intern, the student must have all program entry requirements and be approved by the School Psychology credential coordinator.

Special Education Credentials

The Education Specialist Credential Program prepares and recommends for certification special education teaching candidates in the CTC Education Specialist Credential categories of Mild/Moderate and Moderate/Severe. An Intern Option is also available in collaboration with certain school districts. Please consult with the Teacher Preparation Advising Center for further information.

Preliminary Level I – Education Specialist Credential and Intern Option: Mild/Moderate Disabilities (code 468) Moderate/Severe Disabilities (code 469)

Professional Level II – Education Specialist Credential: Mild/Moderate Disabilities (code 468) Moderate/Severe Disabilities (code 469)

This Specialist credential program prepares candidates in the areas of Mild/Moderate and Moderate/Severe disabilities in a program approved by the California Commission on Teacher Credentialing. The program is designed so that candidates may be certified in both areas of authorization if they complete two separate field experiences, i.e., one with students with mild and moderate disabilities and one with students with moderate and severe disabilities. Upon admission to the program, candidates must identify an area of authorization and indicate whether their goal is to become certified in one or both areas. The program has two tiers: the Preliminary Level I Education Specialist Credential and the Professional Level II Education Specialist Credential. Following receipt of the Preliminary Level I Credential, candidates need to complete the Professional Level II preparation in special education within five years of the date of issuance of the preliminary credential. An Intern Option is also available in

partnership with selected school districts. Please consult the College of Education Teacher Preparation Advising Center for further information. An Education Specialist Credential can also be earned in conjunction with the Integrated Teacher Education Program (ITEP). Please refer to the Liberal Studies Department for information on this.

Preliminary Level I – Education Specialist Credential Program: Mild/Moderate and Moderate/Severe

The Education Specialist Credential Program prepares candidates in the areas of Mild/Moderate and Moderate/Severe disabilities in a program approved by the California Commission on Teacher Credentialing. The program is designed so that candidates may be certified in both areas of authorization if they complete the corresponding methods course and two separate field experiences, i.e., one with students with mild and moderate disabilities and one with students with moderate and severe disabilities. Upon admission to the program, candidates must identify an area of authorization and indicate whether their goal is to become certified in one or both areas. An Intern Option is also available in partnership with selected school districts. Candidates should consult an advisor in the College of Education Teacher Preparation Advising Center (TPAC) for further information. An Education Specialist Credential can also be earned in conjunction with the Integrated Teacher Education Program (ITEP). Candidates should consult an advisor in the Liberal Studies Department for further information.

Application to the Program

Application for admission to the Education Specialist Credential Program (ESCP) should be made the semester before beginning the required courses. Students may apply to the program while taking prerequisite courses and may be admitted on a conditional basis pending their completion. Applications are available online at www.ced.csulb.edu/special-education. Applications should be submitted to the Teacher Preparation Advising Center.

Program Admission Requirements

1. Be admitted to the University as a post-baccalaureate (credential) student. (Note that application to the University is a separate process. Apply through www.csumentor.edu)
2. Submit an Education Specialist Credential Program application by the posted application deadline.
3. Attain a grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or a grade point average of at least 2.75 in the last 60 semester units or 90 quarter units completed.
4. Provide documentation of a structured field experience of at least 45 hours in a K-12 general education classroom setting.
5. Submit two letters of recommendation from individuals who are well acquainted with your educational training, relevant teaching, and other related experiences.
6. Submit a typed personal essay describing how your interest in special education began; the experiences, training and talents that you bring to the area of special education; your short-term and long-term career goals; and how the program's goals fit your personal goals.

7. Submit a negative tuberculosis skin test or chest X-ray taken within the last three years. (TB clearance must be valid through advanced field study (student teaching).)
8. Submit one photocopy of all university and/or college transcripts.
9. Submit proof of having taken the California Basic Educational Skills Test (CBEST). You must have attempted all three parts of the CBEST. Passage of the CBEST is required before you begin your advanced field study (student teaching).
10. Pass an oral interview with program faculty.
11. Demonstrate proficiency in reading and writing English by (1) attaining a minimum passing score of 37 on each of the reading and writing portions of the CBEST exam; and/or (2) through demonstration of appropriate writing skills on your personal essay and oral communication skills in the interview with program faculty.
12. Demonstrate personal and professional character traits that satisfy the standards of the teaching profession and display a suitable aptitude for teaching students with special needs in public schools through the application documentation and interview with program faculty. (Candidates must continue to demonstrate appropriate personal and professional character traits through completion of the program.)
13. Submit an application for a Certificate of Clearance to the California Commission on Teacher Credentialing (CTC) or provide evidence of recent fingerprint clearance. Submit a copy of the Certificate as demonstration of clearance or a copy of a certified mail receipt as demonstration of submitting an application.
14. Submit proof of having demonstrated subject matter competence by passing all three sub-tests of the California Subject Exam for Teachers: Multiple Subjects (CSET: Multiple Subjects) or the appropriate single subject CSET exam in Math, Science, or Language Arts to meet the highly qualified teacher mandate. See the program advisor for more information.

Applicants will be informed by email of the decision of the program faculty regarding acceptance into the program shortly after the interview. Upon acceptance, the candidate is required to meet with an assigned program faculty for advisement and may begin taking Preliminary program coursework in the advised sequence.

Application and Admission to the Intern Option

Interns are teachers of record employed by a local school district who earn their credential concurrent with meeting their classroom teaching responsibilities. Prior to applying for the Education Specialist Intern Program (ESIP), applicants must be admitted to the Education Specialist Program (see above).

In addition, Education Specialist Intern Program candidates must:

1. Be employed by a collaborating school district in a qualifying special education classroom or setting.
2. Submit an application for an intern credential (CTC Application 41-4) to the Commission on Teacher Credentialing through the college Credential Center.
3. Maintain continuous university matriculation for the duration of the internship.
4. Submit proof of passage of the California Basic Educational Skills Test (CBEST).

5. Meet the U.S. Constitution requirement (through POSC 100 or 391 or equivalent course at another institution or by exam).
6. Submit a valid Certificate of Clearance (fingerprint background check).
7. Complete all Education Specialist Program prerequisites.
8. Submit one copy of official sealed transcripts from all universities/colleges attended indicating a grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or a grade point average of at least 2.75 in the last 60 semester units or 90 quarter units completed.

Course Requirements for the ESCP and ESIP

To be considered for full admission in the ESCP and ESIP programs, candidates must complete all prerequisite courses (13 units): ED P 301 or ED P 302 (or HDEV 3071 or PSY 361), EDSP 350, EDSP 454, ED P 405, ETEC 110.

Fully admitted candidates must complete the core courses (33 units): EDSP 480, 534, 564; ED P 560; EDEL 452 or EDSE 457; EDEL 462; EDSP 577 or 578. Core courses include the advanced fieldwork courses: EDSP 587A & B or EDSP 588 A & B. Candidates for dual authorization must complete the methods course and 6 units of student teaching in the second authorization.

A grade of "D" or "F" in any of the core courses will result in the candidate being dropped from the program. The candidate's overall grade point average must continue to meet the program admission standard. A 3.0 grade point average with no grade below "C" in the core courses is required to advance to fieldwork (student teaching).

Candidates in the ESIP program must identify and work closely with a site-based support team comprised of their site-support coach, principal, and other school and district support personnel throughout the program.

Advanced Fieldwork (Student Teaching) Requirements in the ESCP and ESIP Programs

The final phase of the ESCP and ESIP programs is advanced fieldwork (student teaching). Candidates are required to student teach for 4 days a week for the length of the semesters that they are enrolled in advanced field study courses. ESCP candidates student teach as a traditional student teacher under the direction of a master teacher. ESIP candidates use their own K-12 special education classroom setting in which they are the teacher of record as their student teaching placement.

A separate application is required for advanced fieldwork (student teaching). Applications for advanced fieldwork must be submitted by the posted deadlines during the semester prior to which the candidate wishes to student teach. Application packets are distributed at program Fieldwork Information meetings, which are announced in program courses and posted on the program website. Upon notification of acceptance to advanced field study, candidates register for Advanced Field Study: EDSP 587 A & B or EDSP 588 A & B.

To be eligible for advanced fieldwork (student teaching), candidates must:

1. Pass CBEST.
2. Complete all program prerequisite and core courses with a 3.0 grade point average and with no grade below "C" in the core courses.

3. Have on file a negative tuberculosis skin test or chest X-ray valid through completion of student teaching.
4. Meet the U.S. Constitution requirement (through POSC 100 or 391 or equivalent course at another institution or by exam).
5. Submit proof of character clearance (fingerprint background check).
6. Submit a student teaching application by the appropriate deadline: October 1 for spring student teaching; March 1 for fall student teaching.

Applying for the Preliminary Education Specialist Credential

To be eligible for the Preliminary Education Specialist Credential, candidates must successfully meet all program requirements, including passing student teaching. They must also pass the Reading Instruction Competency Assessment (RICA). Candidates may take the RICA at any time prior to applying for the credential. RICA information booklets are available in the Teacher Preparation Advising Center (ED1-67). Candidates apply for the credential through the college Credential Center.

Petition Process

Appeals to program decisions or requests for policy waivers are made by filing a written appeal to the program appeals committee. The committee reviews the written statement and supporting evidence. After the review, the committee renders its final decision. Examples of petitionable policies are: the minimum grade point average required for program admission, waiving the deadline for submission of a test score, waiving an application deadline, completing all program courses prior to student teaching, readmission to student teaching, and course equivalencies. Consult the program coordinator for items not listed here. Students follow university procedures (available elsewhere in this Catalog) to appeal a course final grade.

Professional Level II – Education Specialist Credential: Mild/Moderate and Moderate/Severe

Professional Level II Education Specialist Credential preparation is intended to enable new Education Specialist teachers to apply their Level I preparation to the demands of their professional positions while also developing as reflective practitioners in advanced skill areas and knowledge. The Level II program incorporates several courses in the Master of Science in Special Education program and students are encouraged to apply to the M.S. in Special Education program.

Application and Admission

Candidates are encouraged to apply for admission to the Professional Level II Education Specialist Credential program in the semester immediately prior to their anticipated completion of Level I. The CTC requires that candidates complete Level II within five years of the completion of Level I. Candidates must be employed for at least 2 years under a Level I credential to be granted a Level II credential. Upon completion of the Level I credential, candidates have 120 days of employment to select a support provider and develop a Level II Individualized Induction Plan. To be considered for admission, candidates must provide verification of the following:

Prerequisite Conditions and Requirements

1. Admission to the University.
2. Overall GPA of 2.85 in college and university course work (last 60 units).
3. Completion of Preliminary Level I Credential or Certificate of Eligibility.
4. Take one of the following health science requirement:
 - HSC 411A Health Science for Elementary Teachers (3)
 - HSC 411B Health Science for Secondary Teachers (3)
5. CPR certification.
6. Two letters of recommendation (from employer and a university faculty member at previous institution).
7. Interview with program faculty.
8. Attendance at an on-campus program orientation.

Requirements

1. Complete the following course and complete an Individualized Induction Plan:
 - EDSP 546C Practicum in Special Education (3)
 - Select area of emphasis (mild/moderate or moderate/severe); identify specialization and action research focus; and identify non-university activities if applicable.
2. Complete the following core courses:
 - EDSP 550 Emerging Perspectives in Special Education (3)
 - EDSP 535 Collaborative Partnerships and Effective Communication in School Settings (3)
3. Complete one specialization course:
 - EDSP 542 Technology in Special Education (3)
 - EDSP 566 Transition Into, Through, and Beyond School for Individuals with Disabilities (3)
4. Complete one advanced methods course:
 - EDSP 563 Advanced Methods of Teaching Individuals with Significant Disabilities (3)
 - EDSP 565 Advanced Methods of Teaching Individuals with Mild/Moderate Disabilities (3)
5. Participate in an Exit interview with University Faculty Mentor and District Support Provider.

Administrative Services Credentials

Certification of school administrators is established through a two-tiered credentialing process.

Upon completion of all Preliminary Administrative Services Credential Program coursework and requirements (Tier 1), candidates apply to the California Commission for Teacher Credentialing (CTC) for a Preliminary Administrative Services Certificate of Eligibility. The Certificate has no expiration date and authorizes the holder to seek an administrative position. The Certificate informs the future employing school district/agency of eligibility to serve. Once the candidate accepts employment as an administrator, the candidate applies to the California Commission for Teacher Credentialing for the Preliminary Administrative Services Credential authorizing the candidate to serve as an administrator in the state of California. Once issued, the Preliminary Credential is valid for five (5) years and it is not renewable.

The Professional Administrative Services Credential (Tier 2) cannot be pursued until the candidate is employed in a position requiring an administrative credential. Once issued, it is valid for five years and is renewable subject to fulfillment of professional development requirements (see complete description of the Professional Administrative Services Credential program below).

Preliminary Administrative Services Program (code 501)

Prerequisites to the Program

The following are required for admission to the program:

1. Baccalaureate degree from an accredited college or university.
2. 15 upper-division units in education, including EDP 400 or equivalent.
3. Minimum 2.85 overall grade point average in the last 60 semester (90 quarter) units of coursework.
4. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

See above for application directions and materials.

Preference will be given to individuals with 3 or more years of classroom teaching and/or related educational experiences.

Program Requirements

Prerequisite: Enrollment in courses is contingent upon acceptance in the Educational Administration program and the University. Candidates who have not been accepted in the program may not enroll in Educational Administration courses.

1. Take all of the following:
 - EDAD 541 Leadership, Organizational Management, and Ethics (3)
 - EDAD 544 Legal Aspects of Education: Implications and Applications for School Leadership (3)
 - EDAD 647A Fiscal Resources in Educational Admin (3)
 - EDAD 647B Human Resources in Educational Administration (3)
 - EDAD 649 Urban Schools and Communities: Academic, Social, Political, and Cultural Issues (3)
 - EDAD 677A Curriculum/Program Development and Evaluation (3)
 - EDAD 677B Instructional Leadership & Assessment (3)
 - EDAD 680 Field Experience in Educational Admin (3)
2. The CBEST must be passed prior to entrance into EDAD 680. The CBEST must be taken no later than the second available test administration date following enrollment in the program.

Exit Requirements

1. Verification of three years of successful experience in a position requiring one of the credentials in Item #2 of the "Clear Admission Requirements" (see above);
2. Verification of completion of the State requirement of a mainstreaming course or approved equivalent coursework;
3. Presentation of a professional Exit Portfolio to program faculty with program artifacts of course and field related experiences documenting the candidate's competence and readiness to serve as a school administrator.

Professional Administrative Services Credential – Tier II (code 502)

Certification under the Professional Administrative Services Credential (Tier II) authorizes the candidate to serve in any position requiring the Administrative Services Credential. The Professional Credential cannot be pursued until the candidate is employed in a position requiring an administrative credential. The program requirements must be completed within the five

year authorization of the Preliminary Administrative Services Credential. Once issued, the Professional Credential is valid for five years and is renewable subject to fulfillment of professional development requirements.

Prerequisites to the Program

1. Possession of a valid Preliminary Administrative Services Credential;
2. Written verification of employment in an administrative position by an educational agency.

Application to the Program

1. Program application and evidence that prerequisites have been met.
2. Current resume.
3. Personal narrative describing philosophy of leadership and academic and professional goals while in the program.
4. Copy of valid Preliminary Administrative Services Credential.
5. Written evidence of mentor's commitment to work with the candidate for the duration of the program.
6. Personal contact (phone, email, in person) with program coordinator prior to program application.

Program Requirements

The Professional Administrative Services Credential Program has a unique format intended to meet the needs of the busy, practicing administrator. Candidates complete the program in 10 semester units. The program is designed to provide the candidate with professional support through an introductory two (2) unit course (EDAD 640) in which the Mentoring and Professional Induction Plan is developed. The plan is developed collaboratively among the candidate, the school district mentor, and the University supervisor. The academic core program consists of two courses, EDAD 658 and 659, which must be completed with a grade of "B" or better. The final requirement is a two (2) unit candidate assessment (EDAD 692) in which the candidate participates in a Portfolio Exhibition.

1. Development of the candidate's Professional Induction Plan during EDAD 640.
2. Completion of the following courses:
 - A. EDAD 640 Mentoring and Professional Development Planning for the New Administrator (2)
 - B. EDAD 658 Organizational Development, Culture, and Change (3)
 - C. EDAD 659 Educl Governance, Politics and Policy (3)
 - D. EDAD 692 Administrator Portfolio Development and Exhibition (2)
3. Presentation: Administrative Portfolio during EDAD 692.

Exit Requirements

1. Provide verification of two years of successful full time experience in a position requiring the Administrative Services Credential.
2. Present to program faculty, school district mentor, and a panel of other candidates a professional portfolio containing artifacts that demonstrate competency in each of the six administrative services credential standards and satisfactory progress toward attaining goals identified in the candidate's Professional Induction Plan developed in EDAD 640.

Teacher Librarian Services Credential (code 700)

The 28-unit program in Teacher Librarian Services prepares students for service as a teacher librarian, grades K-12, in the State of California. For additional information go to www.csulb.edu/lmt.

Prerequisites to the Program

1. Baccalaureate degree from an accredited college or university.
2. Minimum 3.0 overall grade point average in the last 60 semester (90 quarter) units of coursework.
3. Valid California teaching credential.
4. Passage of California Basic Educational Skills Test (CBEST) or equivalent.
5. For international students whose primary language is not English, minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

Application to the Program

See above for application directions and materials. Application for fall admission due April 15; application for spring admission due October 1. Candidates may bring in a maximum of 6 units through extension courses. A working knowledge of word processing, databases, spreadsheets, desktop publishing, presentation software, Internet searching and e-mail usage is expected.

Program Requirements

1. Core Course (3 units):
EDCI 625 Analysis of Curriculum, Instruction, and Assessment (3) (or equivalent)
2. Specialization Courses (21 units):
ELIB 510 Collection Development (3)
ELIB 520 Information Literacy and Reference Services (3)
ELIB 530A Library Media Materials for Elementary Grades (K-5) (3)
ELIB 530B Library Media Materials for Secondary Grades (6-12) (3)
ELIB 540 Organization of Information (3)
ELIB 550 Management of Information Organizations (3)
ELIB 570 Library Media Technologies (3)
3. Field Experience (4 units):
ELIB 580 Field Experience in Libraries (4)

Graduate Certificate in Community College (code COEDCT02)

The community college graduate certificate is designed to prepare graduate students to work in community college settings as teaching faculty or counselors. Courses offered in this program provide students with an overview of the community college and its role in the American higher education system. Students will gain insights and experiences in the classroom and in fieldwork that will strengthen their knowledge and skills in working with community college students, faculty, and staff. The certificate program consists of 18 units; 9 units are from the master's degree program and must be approved by the student's master's degree program graduate advisor; and 9 units are specific to the study of college students, the community college, and fieldwork. All students will be required to:

1. Submit a Graduate Certificate in Community College application to the Office of Graduate Studies by April 1 for fall consideration or October 15 for spring consideration
2. Be enrolled in a master's degree program or have an earned master's degree in a discipline leading to teaching or counseling in post-secondary education settings.
3. Complete 9 units of coursework in Educational Psychology:
COUN 552 Introduction to the Community College (3)
COUN 548 Students in U. S. Higher Education (3)
COUN 644B Advanced Counseling Field Work: Student Development in Higher Education (3) (counseling or teaching focused)
4. Complete an additional 9 units approved by their master's degree program graduate advisor for consideration to fulfill the 18 units required for the certificate. These courses may include pedagogy, learning theory, instructional management, and/or teaching methodology courses in the student's major area of study, or any other courses in the discipline deemed appropriate by the master's degree program graduate advisor.

Graduate Certificate in Career Guidance Specialist (code COEDCT01)

This option is under consideration for suspension or discontinuance and selected courses will not be offered in the 2010-11 academic year.

Admission to the Program

1. File an Application for Graduate Admission, along with two complete sets of official transcripts, with the University Office of Admissions no later than March 1 for fall semester or October 1 for spring semester;
2. Transcripts must verify a GPA of 2.85 or higher on the last 60 semester (or 90 quarter) units of course work taken;
3. Evidence of completing at least a baccalaureate degree prior to beginning the Graduate Certificate program;
4. Two letters of recommendation (send only after notification by the program);
5. A type-written personal statement (send only after notification by the program);
6. Screening interview(s) (upon notification by the program);
7. Items 1-5 above must be on file in the department no later than November 1 for the following spring semester, or April 1 for the following fall semester;
8. Applicants are allowed only nine semester units credit applied to curriculum requirements completed prior to admission into the first semester of the program.

Program Requirements

1. Take core courses:
COUN 530 Career Development and Decision Theory (3)
COUN 531 Career Information Resources (3)
COUN 637 Career Counseling Practicum (4)
COUN 643C Counseling Field Work: Career Counseling (3)
2. Fulfill the Graduation Writing Assessment (GWAR);
3. Approved electives in the Departments of Advanced Studies in Education and Counseling; Human Resources Management; Occupational Studies; Psychology or Sociology as needed to fulfill 19 units upon waiver of any core course units granted upon admission to certificate program.

Counseling Courses (COUN)

LOWER DIVISION

191. Career and Personal Explorations (3)

Prerequisite or Corequisite: Any foundation (G.E. Category A1, A2, A3, or B2) class.

Designed for, but not limited to, entering and undeclared students. Exploration of issues, topics and tasks related to personal, educational and career choices. Includes educational and career planning, exploration of personal characteristics and individual differences, life and work values and interests, decision making, goal setting, and job/career search preparation.

Not open for credit to students with credit in EDP 191 or EDP 360I/COUN 360I.

UPPER DIVISION

300. The Fundamentals of Peer Advising and Counseling (3)

Introduction to theories of student development, academic advising, multiculturalism, and counseling. Basic skill development and knowledge of policies and procedures to provide effective peer advising. Includes a service-learning component that places students in advising and other peer support services internships on campus.

Letter grade only (A-F).

360I. Life and Career Decisions (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Conducting in-depth self analysis designed to facilitate career and personal choices. How education and personal life experiences influence career and life decisions. Career development theories and assessments with applications to student career development and choices. Sound decision-making and goal-setting processes.

Not open for credit to students with credit in EDP 360I. Letter grade only (A-F).

430. Orientation to Counseling (3)

A survey of the specialties, functions, roles, models and activities commonly employed in the counseling profession. The course will also include practice in rudimentary active listening skills, a survey of historical and conceptual frameworks, voluntary participation in community-educational services, and developing a professional orientation perspective, and exploring the special needs of clients and other professional considerations.

Not open for credit to students with credit in EDP 430.

GRADUATE LEVEL

504. A Family Systems Approach to School Discipline Problems (3)

Designed to help teachers and parents develop appropriate student behavior. A communications based family systems approach to discipline.

Not open for credit to students with credit in EDP 504. Letter grade only (A-F).

506. Counseling in School Settings (3)

Prerequisite: Official admission to the School Counseling Program. Overview of issues related to school counseling and the role of the professional school counselor. Includes a practicum component designed to develop counseling skills and promote helping relationships. Field experiences are required. School Counseling students are expected to take this course in their first semester in the program.

Not open for credit to students with credit in EDP 506. Letter grade only (A-F).

507. Career and Academic Counseling in K-12 Settings (3)

Prerequisite: COUN 506.

Emphasis on career development theory and practice, the world of work, post-school planning, and academic counseling in K-12 settings. Application of theory through culturally sensitive interventions.

Letter grade only (A-F).

508A. Family Systems Therapy Applied to Lifespan Development (3)

Family systems assessment and counseling applied to lifespan development theories.

Not open for credit to students with credit in EDP 508A. Letter grade only (A-F).

508B. Family Systems Methods (3)

Prerequisite: COUN 508A or consent of instructor.

The application and practice of family systems therapeutic methods.

Not open for credit to students with credit in EDP 508B. Letter grade only (A-F).

510. Law and Ethics for Counselors (3)

An introduction to professional identity as counselors and examination of laws and ethics related to the counseling profession and its specializations (MFT, career/vocational rehabilitation, student development and administration, and school counseling).

Not open for credit to students with credit in EDP 510. Letter grade only (A-F).

511. Counseling the Alcohol/ Chemically Dependent Person (2)

Survey of the theories, etiologies, and major treatment approaches for counseling and preventing alcohol and chemical dependency, and the role of family and community resources, referrals, and prevention programs.

Not open for credit to students with credit in EDP 511. Letter grade only (A-F).

512. Child and Spousal/Partner Abuse (1)

Child and spousal/partner abuse assessment indicators, laws, community resources, mandatory reporting requirements for child abuse and spousal/partner violence, assessment, detection, and interventions for the child, family, spouse/partner, and the offender. Designed for licensure requirements for mental health practitioners and graduate students.

Not open for credit to students with credit in EDP 512. Letter grade only (A-F).

513. Introduction to Clinical Interviewing (3)

A foundation course that provides training in core interviewing skills including active listening, case exploration, goal setting, conducting a mental status exam, and assessing for self-harm.

Not open for credit to students with credit in EDP 513. Letter grade only (A-F).

514. Medication and Counseling (2)

Prerequisites: COUN 513 or consent of instructor.

An examination of the categories of psychotropic medications: antidepressants including antipsychotics, anxiolytics, and mood stabilizers. Major side-effects of these medications and a brief overview of their medical management are reviewed. Herbal alternatives to pharmacologic agents will be explored. Identification of information resources for counselors and clients.

Not open for credit to students with credit in EDP 514. Letter grade only (A-F).

515. Counseling Theories (3)

Prerequisite: COUN 513.

Major counseling theories examined and the competencies of each developed for use in helping relationships.

Not open for credit to students with credit in EDP 515. Letter grade only (A-F).

516. Counseling the Adult (3)

Prerequisite: COUN 515.

Theory and practice of counseling and guidance of the adult. Not open for credit to students with credit in EDP 516. Letter grade only (A-F).

522. Counseling Methods and Techniques (3)

Prerequisites/Corequisites: COUN 513, 515.

An applied course which provides practice in the methods and techniques of the major theoretical approaches employed in counseling.

Not open for credit to students with credit in EDP 522. Letter grade only (A-F).

530. Career Development and Decision Theory (3)

Emphasis on life planning concepts as related to the world of work, theories of career development and the career decision process.

Not open for credit to students with credit in EDP 530. Letter grade only (A-F).

531. Career Information Resources (3)

Knowledge, use and management of information resources in the career development field.

Not open for credit to students with credit in EDP 531. Letter grade only (A-F).

538. Student Development in Higher Education (3)

Survey of student development in public and private colleges and universities, focusing on historical, philosophical and theoretical foundations; roles and functions; legal, ethical, and organizational issues.

Not open for credit to students with credit in EDP 538. Letter grade only (A-F).

539. Seminar in Student Athlete Development (3)

Prerequisite: Graduate standing. Examination of student-athlete administration and advising in higher education: history, principles, techniques, and professional standards for student-athlete programs and services. Letter grade only (A-F). Same course as KIN 539. Not open for credit to students with credit in KIN 539.

540. The Fundamentals of Peer Advising and Counseling (3)

Introduction to theories of student development, multiculturalism, and counseling. Basic skill development and knowledge of policies and procedures to provide effective academic peer advising. Includes a twenty hour service-learning component that places students in advising internships on campus. Letter grade only (A-F).

543. Human Sexuality Counseling (3)

Prerequisite: COUN 515.

Training in human sexuality education, counseling, and therapy. An examination of personal attitudes and values. The study of the physiological, psychological, and sociocultural variables associated with sexual behavior, sexual identity, and sexual disorders. For MFCC certification only.

Not open for credit to students with credit in EDP 543. Letter grade only (A-F).

547. Student Development Theory in Higher Education: Theory to Practice (3)

Prerequisite: COUN 538.

Explores student development theory and the application of theory to practice for programs and services in student affairs/higher education. Examine cognitive, psychosocial, and person/environment theories and their application to traditional and non-traditional student populations.

Not open for credit to students with credit in EDP 547. Letter grade only (A-F).

548. Students in U. S. Higher Education (3)

Prerequisite: COUN 538.

Focus on concepts of community and culture in United States college with an emphasis on understanding the diversity of student population to include age, gender, ethnic culture, sexual orientation, and people with disabilities.

Not open for credit to students with credit in EDP 548. Letter grade only (A-F).

549. Management of Student Development in Higher Education (3)

Analysis of management and organizational theory and practice as it pertains to student development in higher education. Includes study of human and physical resources management.

Not open for credit to students with credit in EDP 549. Letter grade only (A-F).

552. Introduction to the Community College (3)

Prerequisite: Enrollment in M.A., M.S. or Credential Programs.

Introduction, orientation, and survey of California and American community college. Components and modules include teaching and learning, leadership and governance issues, organization and administration, student development, classroom research, institutional resources, and student diversity and equity in the community college.

Not open for credit to students with credit in EDP 552. Letter grade only (A-F).

555. Cross-Cultural Counseling (3)

Prerequisites: COUN 510, 513, 515; COUN 506 for School Counseling Option, COUN 538 for SDHE Option, or their equivalent upon approval of the instructor.

Study of U.S. and international cultural factors, perspectives and personal and societal values that affect the counseling relationship, methods, and outcomes. These factors include historical, geographical, socio-psychological, educational and counseling factors from various cultural groups that students will encounter in their professional settings.

Not open for credit to students with credit in EDP 555. Letter grade only (A-F).

556. Counseling Children and Adolescents (3)

Prerequisites: COUN 515 and 522, or consent of instructor.

Theories and application of the methods and techniques of the major theoretical approaches employed in counseling children and adolescents.

Not open for credit to students with credit in EDP 556.

557. Counseling Couples (3)

Prerequisites: COUN 515.

Couple development theories, issues, and practices pertaining to counseling couples.

Not open for credit to students with credit in EDP 557. Letter grade only (A-F).

559. Play and Art Therapy for Children/Adolescents (3)

Prerequisites: COUN 508A and 556 or consent of instructor.

Experiential survey and the practice of play and art techniques employed in therapy as applied to theoretical orientations and problematic behavior.

Not open for credit to students with credit in EDP 559. Letter grade only (A-F).

593. Seminar in Professional Development in Counseling and Human Services (1)

Prerequisite: COUN 538 and 548 (must have completed or concurrently enrolled)

Experiential orientation to profession of counseling and student development/student affairs in higher education with an emphasis on opportunities to observe interactions between organizational and student cultures, and the functions and role of student affairs professionals in the work environment through fifty-hour practicum.

Not open for credit to students with credit in EDP 593. Letter grade only (A-F).

Counseling Courses (COUN)

601. Trauma and Grief Counseling (3)

Prerequisites: COUN 556 or consent of instructor. Required course for students in the Marriage and Family Therapy Program and a recommended course for graduate students in the other Counseling Programs.

Overview of developmentally informed models of trauma response, training in identifying and assessing problematic responses to trauma and loss, and guidelines for working with traumatized children, adolescents and families in various settings. Current treatment approaches for treatment of acute and chronic forms of post-traumatic distress and traumatic bereavement will be covered. Will not cover treatment of childhood sexual or physical abuse.

Not open for credit to students with credit in EDP 601. Letter grade only (A-F).

606. Current Issues in Professional School Counseling (3)

Prerequisite: COUN 506.

A variety of current issues in school counseling presented in learning modules. Topics include assessment, education of students with disabilities, school violence prevention, crisis counseling, comprehensive counseling plans, and classroom management.

Letter grading only (A-F).

607. School Counseling Practicum (3)

Prerequisites: COUN 506, 515.

Practical application of counseling theory to work with children and adolescents. Supervised counseling, consultation, and case management experiences conducted in the educational psychology/counseling clinic and in school settings.

Not open for credit to students with credit in EDP 607. Letter grade only (A-F).

608. Seminar in Marriage and Family Therapy (3)

Prerequisites: COUN 510, 511, 512, 513, 515, 522. Recommended: COUN 556.

Theories, research, treatment planning, and therapeutic methods of MFT counseling utilizing major psychotherapeutic approaches regarding assessment, diagnosis, and treatment of various mental health problems.

Not open for credit to students with credit in EDP 608. Letter grade only (A-F).

609. MFT Practicum (3)

Prerequisites: COUN 510, 511, 512, 513, 515, 522, and 608.

Practicum application submitted no later than March 1 for the following fall semester, and October 1 for the spring semester. MFT counseling in the Educational Psychology Clinic and an appropriate non profit setting with closely supervised experiences prior to MFT fieldwork. Students will be required to assess, diagnose, describe appropriate interventions, and conduct counseling services for individuals and/or families. A total of 150 hours is required.

Not open for credit to students with credit in EDP 609. Credit/No Credit grading only.

637. Career Counseling Practicum (4)

Prerequisites: COUN 510, 515, 530 or 531 and EDP 524A or EDSP 564.

Career counseling at the secondary and post secondary levels with closely supervised clinical experiences. Students will be required to assess, diagnose, develop treatment plans, write progress and termination reports, provide appropriate interventions and conduct counseling services for individuals seeking career/vocational guidance.

Not open for credit to students with credit in EDP 637.

638. Group Counseling (3)

Prerequisites: Admission to the MS in Counseling, and/or PPS School Counseling Credential, or School Psychology Program, COUN 510, 513, 515 or equivalent upon approval of instructor.

Review of theories and applications of small group processes in guidance and counseling. Laboratory practice is provided and issues and roles relating to the selection of participants, leadership, interaction methods, problem-solving, and evaluation are examined. Students will learn how to proficiently facilitate the group process and address multicultural issues in group settings.

Not open for credit to students with credit in EDP 638. Letter grade only (A-F).

639. Seminar in Organization of Pupil Personnel Services (3)

Prerequisite: COUN 430, 506.

Practices in organizing, administering, supervising, and evaluating pupil personnel services programs at various educational levels.

Letter grade only (A-F). (Open only to School Counseling Master's Degree students who have advanced to candidacy prior to Fall 2005 and to PPS/SC credential-only students admitted to the program prior to and including Fall 2004.)

Not open for credit to students with credit in EDP 639.

643A-D. Counseling Field Work (3)

A. School Counseling (3)

Prerequisites: COUN 607, Certificate of Clearance, EDP 536 (must be taken concurrently with either COUN 643A or 644A).

Practical experiences in counseling and guidance activities under supervision in approved school settings (total of 300 hours). Emphasis on personal and professional development as school counselors.

Applications for field work must be made no later than March 1 for the following summer or fall semester, and October 1 for the spring semester. Credit/No Credit grading only. Not open for credit to students with credit in EDP 643A.

B. Student Development in Higher Education (3)

Prerequisites: COUN 516, 538.

Practical experiences of 225 hours in counseling and guidance activities under supervision in approved settings.

Applications for field work must be made no later than March 1 for the following fall semester, and October 1 for the spring semester. Not open for credit to students with credit in EDP 541. Credit/No Credit grading only.

C. Career Counseling

Prerequisites: COUN 637.

Practical experiences in counseling and guidance activities under supervision in approved settings.

Applications for field work must be made no later than March 1 for the following summer or fall semester, and October 1 for the spring semester. Not open for credit to students with credit in EDP 541 or EDP 643C. Credit/No Credit grading only.

D. Marriage and Family Therapy

Prerequisites: COUN 608, 609.

Practical required experiences of 150 hours in counseling activities under supervision in approved settings.

Applications for field work must be made no later than March 1 for the following summer or fall semester and October 1 for the spring semester. Credit/No Credit grading only. Not open for credit to students with credit in EDP 643D.

644A-D. Advanced Counseling Field Work (3)

A. Advanced School Counseling

Prerequisites: COUN 507 (or EDP 530 or 531 for students who have advanced to candidacy prior to Fall 2005), 638, 643A; EDP 536 (must be taken concurrently with either COUN 643A or 644A); pass CBEST.

Continued practical experiences in counseling and guidance activities under supervision in approved school settings (total of 300 hours). Emphasis on personal and professional development as school counselors.

Applications for field work must be made no later than March 1 for

the following summer or fall semester, and October 1 for the spring semester. Credit/No Credit grading only. Not open for credit to students with credit in EDP 644A.

B. Student Development in Higher Education (3)

Prerequisites: COUN 516, 538, 643B.

Continued practical experiences of 225 hours in counseling and guidance activities under supervision in approved settings.

Applications for field work must be made no later than March 1 for the following fall semester, and October 1 for the spring semester. Not open for credit to students with credit in EDP 541 or 644B. Credit/No Credit grading only.

C. Career Counseling (3)

Prerequisites: COUN 638, 643C.

Continued field work under licensed/credentialed supervisors (if required by specialty area or work setting).

Applications for field work must be made no later than March 1 for the following summer or fall semester, and October 1 for the spring semester. Not open for credit to students with credit in EDP 545 or EDP 644C. Credit/No Credit grading only.

D. Marriage and Family Therapy (3)

Prerequisites: COUN 638, 643D.

Continued practical required experiences of 150 hours in counseling activities under supervision in approved settings.

Applications for field work must be made no later than March 1 for the following summer or fall semester and October 1 for the spring semester. Credit/No Credit grading only. Not open for credit to students with credit in EDP 644D.

690. Seminar in School Counseling Supervision: Theory and Practice (3)

Prerequisite: Consent of instructor.

Focus on models and methods of school counseling supervision. Designed to prepare school counselors to be effective site supervisors for school counseling field work students.

Open to advanced students in the School Counseling Program as well as practicing school counselors. Letter grade only (A-F).

692. Special Topics in Counseling (1-6)

Advanced study of special topics in the field of counseling. Continuing education and non-degree students may enroll for units subject to suitable changes in course content.

Topics regarding continuing education for mental health providers are announced in the UCES *Schedule of Classes* or the University Fall, Spring, or Summer semester *Schedule of Classes*. May be repeated to a maximum of 12 units with different topics, which includes previously earned credit in EDP 692.

A. Introduction to Psychodrama

B. Advanced Psychodrama

Prerequisites: COUN 692A or consent of instructor.

693A. Intermediate Seminar in Professional Development in Student Development in Higher Education (1)

Prerequisites: COUN 593.

Explore professional development topics to prepare for professional work in student development in higher education. Attendance at a local, regional or national professional conference required.

Not open for credit to students with credit in COUN 693. Letter grade only (A-F).

693B. Advanced Professional Development Seminar in Student Development in Higher Education (1)

Prerequisites: COUN 593, COUN 693A

Explore advanced professional development topics in student development in higher education. Demonstrate an integration of roles, philosophy and theory for counseling and student development work. Attendance at a local, regional and national conference required.

Letter grade only (A-F).

695C. Integrative Seminar in Professional School Counseling (3)

Prerequisites: Advancement to candidacy; COUN 507 (or EDP 530 or EDP 531 for students who have advanced to candidacy prior to Fall 2005), 555, 638; EDP 596; and permission to enroll from School Counseling Program Coordinator. Prerequisite/Corequisite: COUN 643A.

Designed to support integration and synthesis of knowledge, skills, and attitudes learned and developed during the school counseling program, and to facilitate the transition from graduate student to counseling professional and lifelong learner.

Not open for credit to students with credit in EDP 695C. Letter grade only (A-F).

Educational Administration Courses (EDAD)

GRADUATE LEVEL

541. Leadership, Organizational Management, and Ethics (3)

Prerequisite: Admission to the Preliminary Administrative Services Credential Program.

Examines the relationship between leadership and organizations; the role of educational leaders; a shared vision to support equitable academic achievement for all students; multiple measures to guide decision making; the relationship among political, social, economic, legal, and cultural factors and schools.

Ten hours field experience required. Letter grade only (A-F).

544. Legal Aspects of Education: Implications and Applications for School Leadership (3)

Prerequisite: EDAD 541.

Implications and applications of school law including accessing technological sources of legal information, conducting basic legal research, demonstrating operational knowledge of school law, creating a conceptual and ethical legal leadership framework, developing legal foundational knowledge.

Ten hours field experience required. Letter grade only (A-F).

580. Introduction to Field Experience in Administration (3)

Prerequisite: Approval by the Program Coordinator, Department of Advanced Studies in Education and Counseling.

First of two on-the-job field experiences. Application of leadership theory to practical settings in quasi-administrative roles. Requires 100 hours of site-based field participation.

Credit/No Credit grading only.

640. Mentoring and Professional Development Planning for the New Administrator (2)

Prerequisite: Admission to EDAD Professional Administrative Services Program.

Development of Individualized Induction Plan based on pre-assessed skills and competence; plan includes assessment documents, mentoring component, goal identification based on CTC standards; completion strategies, evidence/indicators of goal attainment and evaluation plan.

Credit/No Credit grading only.

647A. Fiscal Resources in Educational Administration (3)

Prerequisites: EDAD 541

Examines foundational concepts and theories of public school finance; social, economic, political, legal and technological dimensions stemming from federal, state, local influence; identification of revenue sources, budgeting strategies/procedures, equitable resource allocation mechanisms, fiscal policy implications.

Letter grade only (A-F). Includes at least 10 hours of field experience.

Educational Administration Courses (EDAD)

647B. Human Resources in Educational Administration (3)

Prerequisites: EDAD 541.

Examines fundamental human resource leadership issues; laws, ethics, and procedures governing certificated and classified personnel; employee recruitment, selection, retention and performance appraisal systems, professional development programs; staffing, unions, collective bargaining and contract management, strategic planning, problem solving strategies.

Letter grade only (A-F). Includes at least 10 hours of field experiences.

648. Schools as Organizations: Development, Management, and Assessment (3)

Prerequisite: EDAD 541.

Concepts and skills of managing educational organizations. Decision making, conflict management, motivation, leadership, team building, communication, planning, and organizational change, culture and renewal. Perspectives and analysis of complex organizations and theoretical and conceptual advances in the field.

Letter grade only (A-F).

649. Urban Schools and Communities: Academic, Social, Political, and Cultural Issues (3)

Prerequisite: EDAD 541

Examines dynamics of urban schools and communities with emphasis on academic, social, political and cultural issues. Explores culturally diverse families and communities, forming partnerships and effective communication strategies, conflict resolution strategies.

Letter grade only (A-F). Includes at least 10 hours of structured field experiences.

658. Organizational Development, Culture, and Change (3)

Prerequisite: EDAD 640.

Explores elements that influence schools as effective organizations, transformational leadership, organizational development, learning strategies for developing successful school cultures and instructional programs. Study of larger political, social, legal and supervisory contexts of organizations; use of behavior/management sciences.

Letter grade only (A-F).

659. Educational Governance, Politics and Policy (3)

Prerequisite: EDAD 640.

Examination of systemic impact of governance systems at federal, state, local levels; implementation and policy development strategies; politics of public education, micro-politics of school sites using theoretical and pragmatic perspectives.

Letter grade only (A-F).

677A. Curriculum/Program Development and Evaluation (3)

Prerequisite: EDAD 541. Corequisite: EDAD 677B.

Examines teaching, learning, and achievement for all students; policy impact on curriculum development, implementation, and assessment; distributed instructional leadership and accountability; multiple measures and data-driven assessment for program evaluation; closing the achievement gap; communication and partnership with stakeholders.

Not open for credit to students with credit in EDP 677 or EDAD 650. Ten hours field experience required. Letter grade only (A-F).

677B. Instructional Leadership and Assessment (3)

Prerequisite: EDAD 541. Corequisite: EDAD 677A.

Examination of instructional leadership and supervision practices that facilitate and sustain continuous school improvement; assessment policies and practices; distributed leadership and accountability; achievement disparities between/among student subgroups; adult learning theory; technology; teacher evaluation and differentiated

professional development; and community partnerships. Includes 10 hours of field experience.

Letter grade only (A-F).

680. Field Experience in Educational Administration (3)

Prerequisites: Admission to program, EDAD 541, completion of at least three additional courses in the Preliminary Administrative Services Credential program, consent of instructor.

Application/demonstration of standards based competence as quasi-administrator.

Requires three week, full-time participation at site other than candidate's own. Credit/No Credit grading only.

692. Administrator Portfolio Development and Exhibition (2)

Prerequisite: Completion of the Professional Development Plan, including the core courses, electives and/or professional development activities.

Development and presentation of Professional Portfolio reflecting and documenting progress/mastery of goals connected to CTC Administrative Standards.

Credit/No Credit grading only.

695. Master's Research Study in Educational Administration (3)

Prerequisites: EDP 520 or 595; advancement to candidacy in Educational Administration Option, approval of graduate advisor and written application to the Graduate Office. Application for enrollment must be made to the Graduate Office by March 1 for the summer or fall semester or by October 1 for the spring semester.

Application of action based research methods to identify, study, and analyze a school/district based problem. Preparation of culminating research study to include related literature, data collection methods, findings, recommendations and implications.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters. Not open for credit to students pursuing the Thesis option.

697. Directed Research (1-3)

Prerequisites: Consent of instructor, department chair and associate dean.

Individual research or intensive study under the guidance of a faculty member.

May be repeated to a maximum of 3 units for certificate and degree purposes, subject to suitable change in course content. Application for enrollment must be made by March 1 for the fall semester or by October 1 for spring. Letter grade only (A-F).

698. Thesis (3)

Prerequisites: Advancement to candidacy, EDP 595 or 696, approval by director, department chair and associate dean.

Planning, preparation and completion of a thesis under supervision of a faculty committee.

Must be taken for six units. Application for enrollment must be made to the Graduate Studies Office by March 1 for the fall semester or summer session or October 1 for the spring semester. Letter grade only (A-F).

Educational Psychology Courses (EDP)

LOWER DIVISION

180. Family, School, Community Partnerships (3)

Introduces current family, school, and community partnership models and approaches that foster two-way partnerships with families and communities of diverse backgrounds. Historical, legal, and political perspectives regarding educational equity for diverse student populations.

Letter grade only (A-F).

UPPER DIVISION

301. Child Development and Learning: A Cross-Cultural Perspective (3)

Explores the physical, cognitive, communicative/linguistic, and socio-emotional development of the child from the prenatal through adolescent period across diverse cultures with an emphasis on the learning process and developmentally appropriate teaching practices.

302. Early and Late Adolescent Development and Learning: A Cross-Cultural Perspective (3)

Explores social, emotional, cognitive, and physical development in early and late adolescence across cultures with an emphasis on the learning process and developmentally appropriate teaching practices.

305. Educational Psychology (3)

Overview of Educational Psychology. Analysis of theories of learning as they relate to intellectual, social, and personal development of diverse learners. Emphasis on learning, motivation, and development with attention to educational practices that foster critical thinking, problem solving, and performance skills.

373I. Nonverbal Communication: Interaction of Mind and Body (3)

Prerequisites: Completion of GE Foundation requirements, completion of one or more Exploration course(s), and upper division status.

History and theories of the development of mind/body integration. Enhancement of personal and interpersonal relations through lectures, discussion, films, and movement experiences. Analysis and synthesis of the interdependence of the psychological and physical processes in nonverbal communication.

Same course as DANC 373I. Not open for credit to students with credit in DANC 373I.

390. Current Topics in Education (1-3)

Orientation to and exploration of topics relevant to the college student as a learner-scholar and decision-maker within the changing campus, community and societal milieu. Lectures, discussion, field study.

May be repeated to a maximum of 6 units with different topics. Topics will be announced in the *Schedule of Classes*.

400. Introduction to Educational Research (3)

Explores a wide range of research methods used in education. Topics include traditions, theories, approaches, and applications of qualitative and quantitative research methods.

Letter grade only (A-F). May not be used as a substitute for EDP 419.

405. Positive Strategies for Classroom Management (3)

Models and strategies of classroom management to promote student prosocial behaviors and academic growth. Includes information regarding developing, implementing, and evaluating behavioral interventions to increase student success in General and Special Education programs.

419. Educational Statistics (3)

Prerequisite: Satisfactory completion of an undergraduate mathematics course suitable for general education math credit and, if required by the major, a lower division statistics course.

Introduction to descriptive and inferential statistical methods with application to educational research problems. Emphasis on understanding statistical concepts, computation skills, and the use of computer programs in data analysis.

(Lecture 2 hours, laboratory 2 hours)

420. Tests, Measurements and Evaluations (3)

Prerequisite: EDP 419.

Determination, meaning and use of fundamental statistical concepts applied to problems of measurement and evaluation. Construction, interpretation and use of standardized and teacher-made tests.

432. Social and Cultural Diversity in Educational Settings (3)

Examination of personal attitudes toward distinct groups of people. Study of historical and structural factors that either promote or diminish equal human worth and either empower or oppress people based on class, race/ethnicity, gender, sexual orientation, ability, language, or religion.

439. SDAIE: Specially Designed Academic Instruction in English (3)

Theories of second language acquisition and practical applications, including methods of teaching content to English language learners; oral, reading and writing strategies; and curriculum development with application to K-12 teaching.

Letter grade only (A-F). Same course as EDEL 439 and EDSE 439. Not open for credit to students with credit in EDEL 439 and EDSE 439.

485. Theoretical Foundations of Language Minority Education (3)

Introduction to theoretical foundations of language minority instruction. Background on the historical and political context of the development of educational language policies. Models of bilingual and English language development education.

Letter grade only (A-F). Same course as LING 485. Not open for credit to students with credit in LING 485.

490. Special Topics in Educational Psychology (1-6)

Prerequisite: Consent of instructor.

Topics of current interest in educational psychology selected for intensive study.

May be repeated to a maximum of 6 units with different topics. Topics will be announced in the *Schedule of Classes*.

492. Internships in the Human Services (3)

Prerequisite: Consent of instructor.

Students are placed in agencies and organizations to engage in volunteer or paid work in human services/mental health. The required fifteen hour seminar will focus on personal values, interpersonal communications skills, critical thinking, and problem solving. Development of knowledge and skills transferable to future careers will be stressed.

A minimum of 120 hours field experience is required for the semester.

497. Independent Study (1-3)

Prerequisites: Consent of instructor and department chair.

Independent study undertaken under the supervision of a faculty member.

May be repeated to a maximum of 6 units, with no more than 3 units applicable to credential or major requirement.

GRADUATE LEVEL

517. Seminar in School Counseling (3)

Prerequisite: COUN 515.

Theory, research and techniques of counseling; use and analysis of case studies. Clinical work required.

Not open for credit to students with credit in EDP 631. Letter grade only (A-F).

519. Quantitative Educational Data Analysis I (3)

Prerequisites: ED P 419 or equivalent. An advanced educational univariate data analysis course. Hypothesis testing using analysis of variance, analysis of covariance, multiple regression, and path analysis.

Letter grade only (A-F).

520. Quantitative Research Methods in Education (3)

Prerequisites: For majors in MA in Educational Psychology: ED P 419 or equivalent. For other majors: ED P 400 or equivalent.

Examination and application of quantitative educational research methodology including research designs, sampling methods, inferential statistics and hypothesis testing, and the structure and content of a research proposal.

Letter grade only (A-F).

Educational Psychology Courses (EDP)

524A. Psychoeducational Assessment (3)

Prerequisite/Corequisite: EDP 528; Corequisites: EDP 524B and admittance to the School Psychology Program.

Theories of cognition and their implications for understanding learning, development, and diagnosis of disability. The history of intelligence testing and psychometric and socio-cultural strengths and limitations of cognitive tests.

Not open for credit to students with credit in EDP 524. Letter grade only (A-F).

524B. Psychoeducational Assessment: Clinical Applications (2)

Prerequisite/Corequisite: EDP 528; Corequisites: EDP 524A and admittance to the School Psychology Program.

Practice in administration and interpretation of individually administered cognitive tests, and tests of psychological processing and achievement. Students will practice administering tests to adults and children, be observed for proficiency, and learn to apply these results to making instructional placement and eligibility decisions.

Letter grade only (A-F).

525A. Psychoeducational Assessment of Culturally and Linguistically Diverse Students (3)

Prerequisites: EDP 524A, 524B. Corequisite: EDP 525B.

Assessment theory and practice of culturally and linguistically diverse (CLD) individuals. Interpreting assessments to make eligibility, instructional and accountability decisions consistent with ethical, legal and measurement standards. Discussion of sociocultural issues and exemplary programs for CLD students.

Not open for credit to students with credit in EDP 525. Letter grade only (A-F).

525B. Psychoeducational Assessment of Culturally and Linguistically Diverse Students: Clinical Applications (2)

Prerequisites: EDP 524A, 524B. Corequisite: EDP 525A.

Application of psychoeducational assessment practices within a clinical setting for culturally and linguistically diverse (CLD) students. Advanced training in selection, administration and interpretation of individually administered cognitive tests, and tests of psychological processing and achievement for CLD students.

Letter grade only (A-F).

527. Advanced Assessment for Intervention (3)

Prerequisite: EDP 525A; Corequisite: EDP 642A.

Focuses on furthering students' knowledge and practice: using an ecological, problem-solving approach in schools; making informed decisions regarding the usefulness and appropriateness of assessment tools and interventions with specific populations; and writing problem-solving psychoeducational reports and data-based IEPs.

Letter grade only (A-F).

528. Orientation to Professional School Psychology (3)

Prerequisites: Admittance to the School Psychology Program; COUN 515.

Introduction to the field of school psychology. History of the field, orientation to public education, roles and functions, laws and ethics, research base, organization and supervision, social and cultural influences, service delivery models, and current literature.

Letter grade only (A-F).

536. Collaborative Consultation in the Schools (3)

Prerequisites/Corequisites: COUN 643A, 644A; EDP 642A, 642B, or Field Placement in Special Education.

Theory and practice of collaborative consultation in the schools. Models, roles and skills will be discussed, rehearsed during in-class simulations, and practiced in field settings. Field experience required.

Letter grade only (A-F).

541. Seminar in Educational Measurement and Assessment (3)

Prerequisites: ED P 419, 519, and 520, or equivalent. Advanced studies examining the reliability and validity of test scores, item response theory, and other statistical approaches for the improvement of educational testing. Practical application of administration and interpretation of assessment outcomes.

Letter grade only (A-F).

560. Behavioral Analysis and Positive Behavioral Interventions (3)

Prerequisite: Admission to field work (internship) in school psychology (EDP 642 A or B) or consent of instructor.

Multidimensional and functional assessments of student behavioral problems. Developing data-based positive behavioral interventions for students with severe behavioral difficulties, including students with traumatic brain injury (TBI), Autism, emotional disturbance (ED), etc.

Letter grade only (A-F).

571. Advanced Approaches to Teaching Special Populations in General Education Settings (3)

Prerequisite: Hold Preliminary Multiple or Single Subject Credential, or equivalent, or consent of instructor.

Issues in teaching special populations in elementary and secondary schools, including students who are gifted, at-risk, and have disabilities. Emphasis on establishing inclusive climates; federal, state, and local regulations; assessment; instructional strategies and modifications; collaborative school structure and classroom management.

Meets state Professional Clear credential requirement. Letter grade only (A-F).

573. Intercultural Communication in Education (3)

Introduction to the facets, parameters, and techniques of intercultural communication and its relationship to functioning in a multicultural educational environment. Situates intercultural communication within the broader social, cultural and historical context and within the study of culture itself.

Letter grade only (A-F).

579. Curriculum-Based Assessments and Academic Interventions (4)

Prerequisites/Corequisites: Admission to the school psychology credential program and EDP 524A and 524B.

Evidence-based interventions for diverse learners, including students with disabilities, preschool-aged children and English Language Learners. Theories and application of curriculum-based assessments and data-based intervention development, implementation and evaluation.

(3 hours lecture, 3 hours lab) Not open for credit to students with credit in EDP 579A. Letter grade only (A-F).

590. Special Topics in Educational Psychology (1-3)

Prerequisite: Consent of instructor.

Advanced study of special topics in education and counseling. A student may enroll for 1-3 units to a maximum of 6 units for certificate and degree purposes, subject to suitable changes in course content. Non-degree and non-certificate students may enroll for additional units subject to suitable change in course content.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters or different topics in the same semester.

595. Qualitative Research Methods in Education (3)

Prerequisites: ED P 400 or equivalent.

Examination, analysis, and application of qualitative research methodology including various types of methods, designs, data collection strategies, data analysis and presentation of findings techniques; qualitative research study construction.

Letter grade only (A-F).

596. Program Evaluation in Education (3)

Prerequisites: For majors in Educational Psychology: ED P 419 and 520, or equivalent. For other majors: ED P 400 and 520, or equivalent.

Identifying and comparing various approaches to program evaluation in educational settings including needs assessments; selecting evaluation questions and criteria; collecting, analyzing, and interpreting qualitative and quantitative evaluation data; and the mechanics and process of developing an evaluation plan.

Letter grade only (A-F).

604. Seminar in Human Development (3)

Prerequisites: EDP 301 or 302, and EDP 400 or 419.

Theories and issues in developmental psychology, cognitive, linguistic, perceptual, biological, psychomotor, social and emotional development; nature-nurture and individual differences.

Letter grade only (A-F).

605. Theories of Learning, Cognition, Motivation, and Social Development (3)

Prerequisite: EDP 301 or 302.

Analysis of current theory and research in the areas of student learning, cognition, motivation, and social development and their application in maximizing learning of all students.

Letter grade only (A-F).

619. Quantitative Educational Data Analysis II (3)

Prerequisite: EDP 519 or equivalent.

Advanced multivariate statistical analysis course: multivariate analysis of variance, discriminant function analysis, canonical correlation, exploratory factor analysis, and structural equation modeling.

Approximately 20 hours of applied work in approved educational settings is required. Letter grade only (A-F)

641A. School Psychology Practicum (2)

Prerequisites: Admission to school psychology program, EDP 524A, 524B, 525A, 525B, and 528. Prerequisite/Corequisite: EDP 579.

Seminar and completion of 150 contiguous hours of supervised field placement for a minimum of one and maximum of 5 full days per week, with a minimum of 4 weeks and maximum of 1 year at no more than two sites and with two supervisors.

Credit/No Credit grading only.

641B. School Psychology Practicum (2)

Prerequisites: Admission to the school psychology program, EDP 524A, 524B, 525A, 525B, 528, and 641A.

Seminar and completion of 150 contiguous hours of supervised field placement for a minimum of one and maximum of 5 full days per week, with a minimum of 4 weeks and maximum of 1 year at no more than two sites and with two supervisors.

Credit/No Credit grading only.

642A. Field Work I - School Psychology (3)

Prerequisites: EDP 525A, completion of acceptable masters degree, concurrent enrollment in EDP 527, and approval of program coordinator.

Application for field work should be made by October 1 for the spring semester, or by March 1 for summer (if offered) or fall semester.

Credit/No Credit grading only.

642B. Field Work II - School Psychology (3)

Prerequisites: EDP 527, 642A, and approval of program coordinator.

Continuation of school psychology field work experiences. Application for field work should be made by October 1 for the spring semester, or by March 1 for summer (if offered) or fall semester.

Credit/No Credit grading only.

696. Thesis Study: Plan Development and Organizing Aspects (3)

Prerequisites: EDP 400 or 419 and EDP 520 or 595.

Designed for students planning to write a thesis. Form a thesis committee by midterm in the course. Accomplish a completed draft of the thesis plan by the end of the term.

697. Directed Research (1-3)

Prerequisites: Consent of instructor, department chair, and associate dean.

A student may enroll for 1-3 units to a maximum of 6 units for certificate and degree purposes, subject to suitable change in course content. Application for enrollment including an approved directed research proposal must be made to the Office of Graduate Studies and Research by March 1 for the fall semester or October 1 for spring.

Letter grade only (A-F). May be repeated to a maximum of 6 units, with different topics in different semesters or with different topics in the same semester.

698. Thesis (3)

Prerequisites: Advancement to candidacy, EDP 519 or 520 or 595 or 696, approval by director, department chair and associate dean.

Planning, preparation and completion of a thesis under supervision of a faculty committee.

Must be taken for six units. Application for enrollment must be made to the Graduate Studies Office by March 1 for the fall semester or October 1 for the spring semester. Letter grade only (A-F).

699. Project (3)

Prerequisites: Advancement to candidacy, approval of graduate advisor, and written application to the College of Education Graduate Office.

Information and discussion related to the development of master's degree projects in Educational Psychology, School Administration, Counseling and related fields.

Project application to be made to the College of Education Graduate Office by March 1 for the Summer or Fall semester or October 1 for the Spring semester. Letter grade only (A-F). May be repeated to a maximum of 6 units.

JOINT DOCTORAL COURSES

703. Policy Issues in Community Colleges (1-3)

In-depth analysis of the community college system specific to 1) local, state, and federal governance policies; 2) local, state, and national economic policies; 3) social and political influences on policy. Future trends in educational policy.

Letter grade only (A-F).

704. Exploration of Campus Cultures: Impact and Influence (1-3)

Examination of faculty, administrative, and student cultures in terms of values, behavioral norms, impacts, and influences. Students will study research methods for campus cultures. Implications for higher education policies and practices.

Letter grading only (A-F).

705. Finance in Education (1-3)

Examination of higher education finance and governmental influences that shape this process. Through simulations students gain a working knowledge of finance, philosophies, vision, and processes for the design and implementation of resource planning in both two- and four-year institutions.

Letter grade only (A-F).

Educational Psychology Courses (EDP)

707. Student Learning and Development Theory in Higher Education (1-3)

Student development and learning theories based on cognitive, psychosocial, typology, and person-environment perspectives. Analysis and critique of theoretical tenets relevant to understanding the college experience.

Letter grade only (A-F).

708. Leadership in Education (1-3)

Current research and theories on leadership and organizational change. Multicultural organizational development theories, planning, change, effective strategies for becoming a catalyst for change. Case studies of organizational leadership for change. Examines issues, barriers, supports for, and processes and outcomes of change.

Letter grade only (A-F).

709. Collaborative Reforms: Designing and Implementing Responsive Curricula (1-3)

The role of faculty and others in the collaborative development and implementation of responsive curricula. Explore systems for curricular redesign and reform at 2- and 4-year institutions and processes for their implementation.

Letter grade only (A-F).

711. Field Research Study in Education I (1-3)

First in a series of faculty-led field research courses. Individual and small group formats. Students are exposed to and participate in approved research topics or a faculty member's research.

Letter grade only (A-F).

790. Special Topics in Higher Education (1-3)

Examines such issues of the CEO's roles and responsibilities, managing change, facilitating focus groups, data-based organizational change, applications of technology, responding to the needs of student populations, working with governing boards, staff development programs, and personnel assessment instruments.

Letter grade only (A-F). May be repeated to a maximum of 24 units.

797. Directed Individual Study (1-6)

Prerequisites: Consent of instructor, department chair and associate dean.

Individual research or intensive study under the guidance of a faculty member.

Letter grade only (A-F). May be repeated to a maximum of 36 units.

798. Doctoral Dissertation (3)

Prerequisites: Approval of instructor/doctoral candidacy required.

Specifically for students researching and writing dissertations.

Credit/No credit grading only. May be repeated to a maximum of 24 units.

Education Specialist Courses (EDSP)

303. Preparing to Teach Special Populations in the General Education Classroom (1)

Prerequisites: Concurrent enrollment in EDEL 380.

Emphasis on roles and responsibilities of the general education teacher in the Individualized Education Program (IEP) process. Relevant state and federal laws pertaining to the education of exceptional populations.

Letter grade only (A-F).

350. Education of Exceptional Individuals (3)

Survey of the education of individuals who have communication disabilities, visual disabilities, hearing disabilities, physical disabilities, learning disabilities, severe disabilities, and those labeled as gifted and talented.

Field work required.

355. Collaborative Models of Inclusive Education: Partnerships and Strategies for Teaching All Students (3)

Fostering partnerships with families of diverse backgrounds; perspectives regarding access and equity for diverse student populations; laws regarding education of students with special needs.

Letter grade only (A-F).

454. Development of Communication Skills in Bilingual Contexts (3)

Prerequisite: Consent of instructor.

Normal and atypical development of language skills in school-aged children from non-English language backgrounds. Focus on skills needed in the classroom, including communicative competence, pragmatics and literacy. Distinction between normal language development and linguistic problems/disabilities.

480. Foundations of Inclusive Education in a Diverse Society: Philosophical and Historical Perspectives and Legal Mandates (3)

Prerequisites: Admission to Education Specialist Credential Program.

Philosophical and historical foundations of language minority and special education in a diverse society. Discussion of educational theories, legal mandates, and models for serving culturally and linguistically diverse students with special needs in inclusive education.

Letter grade only (A-F).

534. Collaboration and Transition in Special Education (3)

Prerequisites: Full admittance to Education Specialist Credential Program or ITEP, and successful completion of EDSP 480.

Methods for developing collaborative partnerships and effectively communicating with educators, community members, families, and individuals with disabilities. Examination of major issues and approaches to promoting successful transition of youth with disabilities into, through, and beyond school.

Letter grade only (A-F).

535. Collaborative Partnerships and Effective Communication in School Settings (3)

Prerequisites: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Methods for developing collaborative partnerships and effectively communicating with educators, community members, families, and individuals with disabilities.

Letter grade only (A-F).

542. Technology in Special Education (3)

Prerequisites: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Overview of Assistive Technology and Augmentative Communication for individuals with exceptional needs. Examination of legislation, devices, and services using assistive technology and augmentative communication. Introduction to assistive technology assessment and advanced development of Computer Assisted Instruction.

Letter grade only (A-F).

546C. Practicum in Special Education (3)

Supervised experience with individuals with exceptionalities in schools, clinics, post-secondary education, workplaces, and residential settings.

Application should be made by March 1 for the fall semester and October 1 for the spring semester. Letter grade only (A-F).

550. Emerging Perspectives in Special Education (3)

Prerequisite: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Interpretation and application of emerging research in special education. Historical foundations, litigation, legislation, policy and practice in special education, emphasizing the last century. Current and emerging issues in the field. Relationships between research and practice.

Letter grade only (A-F).

558. Curriculum and Instruction for Students with Disabilities (3)

Prerequisites: Full admission to the Level I Education Specialist Credential program or Education Specialist Intern program or acceptance in the Integrated Teacher Education Program, Education Specialist option and completion of or concurrent enrollment in EDSP 564.

Curricular issues, models, and practices for students with disabilities. Emphasis on core curriculum in public schools and appropriate modifications and delivery of content to students with disabilities. Emphasis on individualized instructional planning procedures, validated instructional strategies, and collaborative teaching.

Letter grade only (A-F).

563. Advanced Methods of Teaching Individuals with Significant Disabilities (3)

Prerequisite: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Formal and informal assessment procedures responsive to the cultural, socio-economic and linguistic characteristics of individual students with significant disabilities. Data-based decision making, curriculum adaptations and modifications, and instructional strategies. Collaboration with community agencies for successful transition from school to work.

Letter grade only (A-F).

564. Assessment and Evaluation of Students with Disabilities (3)

Prerequisites: Admission to the Education Specialist Credential program, EDP 405, EDSP 350, 480 or consent of instructor.

Knowledge of appropriate uses of formal, informal and authentic assessment procedures for planning, monitoring and evaluating instructional programs for students with disabilities. Emphasis on issues in assessing and evaluating culturally and linguistically diverse students.

Letter grade only (A-F).

565. Advanced Methods of Teaching Individuals with Mild/Moderate Disabilities (3)

Prerequisites: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Advanced assessment, methods, strategies, and curriculum adaptations for students with mild/moderate disabilities at all levels. Emphasis on collaboration, diversity, literacy, technology and transition.

Letter grade only (A-F).

566. Transition Into, Through, and Beyond School for Individuals with Disabilities (3)

Prerequisites: Acceptance in Education Specialist Level II program or Master of Science in Special Education program, development of an Individualized Induction Plan, or consent of instructor.

Examination of major issues and approaches to promoting successful transition of youth with disabilities into, through, and beyond school. Emphasis on instructional strategies for teaching adolescent youth with disabilities at the secondary level.

Letter grade only (A-F).

567. Curriculum and Instruction for Students with Disabilities: Literacy, Communication, Social and Physical Education (3)

Prerequisites: Full admittance to the Level I Education Specialist Program or Education Specialist ITEP and completion or concurrent enrollment in EDSP 564.

Curricular issues, models and practices related to teaching students with disabilities in literacy, communication, physical education, and social behaviors. Emphasis on core curriculum, standards-based instruction, and differentiating instruction. Instructional planning and validated teaching strategies.

Letter grade only (A-F).

569. Curriculum and Instruction for Students with Disabilities: Math, Science, and Life skills (3)

Prerequisites: Full admittance to the Level I Education Specialist Program or Education Specialist ITEP and completion or concurrent enrollment in EDSP 564.

Curricular issues, models and practices related to teaching students with disabilities in math, other content areas, and life skills. Emphasis on core curriculum, standards based instruction, and differentiating instruction. Instructional planning and validated teaching strategies.

Letter grade only (A-F).

577. Instructional Methods and Strategies for Individuals with Mild/Moderate Disabilities (3)

Prerequisites: Full admittance to Level 1 Education Specialist Credential Program or ITEP, completion of ETEC 110 or equivalent, and EDSP 564

Instructional methods, strategies, and curricular adaptations for students with mild/moderate disabilities from kindergarten to age 22. Research-based interventions, using data for program planning, and use of technology are emphasized.

Letter grade only (A-F).

578. Instructional Methods and Strategies for Individuals with Moderate/Severe Disabilities (3)

Prerequisites: Full admittance to Level 1 Education Specialist Credential Program or ITEP, and completion of ETEC 110 or equivalent, and EDSP 564

Instructional methods, teaching strategies, and curricular adaptations for students with moderate/severe disabilities from kindergarten to age 22, including evaluation, program planning, and use of technology for instruction and communication; knowledge related to movement, mobility, and sensory needs addressed.

Letter grade only (A-F).

587A. Advanced Field Study and Seminar: Education Specialist Credential in Mild/Moderate Disabilities (6)

Prerequisite: Admission to the Level I Education Specialist Credential in Mild/Moderate Disabilities. Must complete all Level I courses. Application for admission should be made by March 1 for the summer and fall semester and October 1 for the spring semester.

Advanced field study in a public or private school or community-based site serving individuals with mild/moderate disabilities. Candidates will demonstrate competencies in their own classroom or with a master teacher, under the supervision of a university supervisor.

Students may concurrently enroll in EDSP 587B upon advisement by their faculty advisor. Credit/No Credit grading only.

Education Specialist Courses (EDSP)

587B. Advanced Field Study and Seminar: Education Specialist Credential in Mild/Moderate Disabilities (6)

Prerequisite: EDSP 587A or concurrent enrollment in EDSP 587A upon advisement by their faculty advisor. Application for admission should be made by March 1 for the summer and fall semester and October 1 for the spring semester.

Advanced field study in a public or private school or community-based site serving individuals with mild/moderate disabilities. Candidates will demonstrate competencies in their own classroom or with a master teacher, under the supervision of a university supervisor.

Credit/No Credit grading only.

588A. Advanced Field Study and Seminar: Education Specialist Credential in Moderate/Severe Disabilities (6)

Prerequisite: Admission to the Level I Education Specialist Credential in Moderate/Severe Disabilities. Must complete all Level I courses. Application for admission should be made by March 1 for the summer and fall semester and October 1 for the Spring semester.

Advanced field study in a public or private school or community-based site serving individuals with moderate/severe disabilities. Candidates will demonstrate competencies in their own classroom or with a master teacher, under the supervision of a university supervisor.

Students may concurrently enroll in EDSP 588B upon advisement by their faculty advisor. Credit/No Credit grading only.

588B. Advanced Field Study and Seminar: Education Specialist Credential in Moderate/Severe Disabilities (6)

Prerequisite: EDSP588A or concurrent enrollment in EDSP 588A upon advisement by their faculty advisor. Application for admission should be made by March 1 for the summer and fall semester and October 1 for the spring semester.

Advanced field study in a public or private school or community-based site serving individuals with moderate/severe disabilities. Candidates will demonstrate competencies in their own classroom or with a master teacher, under the supervision of a university supervisor.

Credit/No Credit grading only.

695S. Seminar in Special Education (3)

Prerequisites: Advancement to candidacy, and written application to Graduate Office. Application for enrollment must be made by March 1 for the summer session or fall semester, or by October 1 for the spring semester.

Studies of problems and issues in special education. Relating research to practice in the area of exceptional individuals. For qualified candidates preparing for the comprehensive examination.

Not open for credit to students with credit in EDP 650. Letter grade only (A-F).

Educational Technology Courses (ETEC)

LOWER DIVISION

100. Technology as a Tool for Self-Directed Learning (3)

Introduces: (a) psychological foundations of self-directed learning; (b) technology as a tool to obtain, organize, evaluate, manipulate, and present information; and (c) evaluation of technologies for use in education, including online/hybrid courses and collaborative learning.

(2 hours lecture, 2 hours laboratory) Letter grade only (A-F).

110. Introduction to Computers as Tools (1)

Introduction to operations, terminology, and components of computing systems. Introduction to computer applications including word processing, databases, and spreadsheets. Introduction to University e-mail systems and electronic searching.

Letter grade only (A-F).

171. Critical Thinking Using Computer Technology (3)

Prerequisite/Corequisite: Completion/concurrent enrollment in GE Foundation requirement Category A1 Written English.

Cultivates critical thinking abilities in conjunction with the use of computer technology. Introduces basic hands-on computer skills to facilitate critical thinking and learning. Critically examines the use of computer technology in academic and personal lives.

(2 hours lecture, 2 hours laboratory)

Letter grade only (A-F).

UPPER DIVISION

411. Assessment of Computer Technology Competency, Level I (1)

Appropriate only for students who are already proficient with the material in ETEC 444. Provides students with an opportunity to meet the California Level I computer technology requirement by a performance assessment. Two class meetings and online activities.

Credit/No Credit grading only.

435./535. Accessible Electronic and Information Technologies (3)

Prerequisite: Either ETEC 110, 411, 444 or consent of instructor.

Critical use, analysis and evaluation of computer applications of computer technologies for accessibility and usability for populations with diverse needs. Terminology, design principles, and applications of accessible technologies. Legal and ethical issues in developing or adopting accessible electronic and information technologies.

Letter grade only (A-F).

444. Computer Technology in Education, Level I (3)

Prerequisites: Course design assumes familiarity with topics introduced in ETEC 110.

Introduction to educational computer technology: resources and tools for professional use; strategies for integrating computers into teaching; applications to diverse learners; legal, ethical, and societal issues. Meets the Level I teaching credential computer technology standard.

(Seminar 2 hours, laboratory 2 hours)

449. Technology Applications for Educators (1-3)

Prerequisites: Consent of Instructor.

Contemporary applications of technology for teaching, learning, and the management of instruction. Demonstration and hands-on experience with computer and media applications in educational settings.

Topics are announced in the *Schedule of Classes*. May be repeated to a maximum of 12 units with different topics.

A. Internet Resources for Educators

Introduces the growing number of Internet-based educational resources for educators. Discussion, demonstrations, and hands-on experience in the use of computer communication tools, including e-mail, file transfer protocol (FTP), newsgroups, listservs, and the world wide web.

B. Evaluation and Selection of Instructional Technology Resources

Introduces a variety of evaluation instruments and techniques for evaluating and selecting instructional technology resources to support the California curriculum frameworks.

GRADUATE LEVEL

510. Foundations of Educational Technology (3)

Prerequisite: Either ETEC 411, 444, equivalent experience satisfying the California Level I computer technology standard, or consent of instructor.

Introduction to the field of educational technology. Overview of theoretical approaches, research trends, major developments, and prominent issues in the field. Incorporation of social, historical, psychological, and philosophical perspectives in the study of educational technology.

Letter grade only (A-F). (Seminar 3 hours)

523. Computer Technology in Education, Level II (3)

Prerequisites: ETEC 444 or equivalent experience satisfying California Level I computer technology standard.

Principles for integrating computer technology into learning environments to improve: planning, designing and implementing learning experiences; educational communication and collaboration; assessment and evaluation.

Meets California Level II computer technology standard. (Seminar 2 hours, laboratory 2 hours) Letter grade only (A-F).

525. Social and Cultural Implications of Educational Technology (3)

Examination of social and cultural implications of educational technologies, considering issues of cultural bias, equity, and questions of who benefits from particular technologies. International applications of computer technologies to promote learning about different cultures.

530. Educational Technology Leadership (3)

Prerequisites: ETEC 523, or consent of the instructor.

Examines leadership related to implementation of educational technology in education. Theory, knowledge, and skills necessary to use, evaluate, plan, and implement technologies in education system. Examines broader issues including security and cyber ethics.

535./435. Accessible Electronic and Information Technologies (3)

Prerequisite: Either ETEC 110, 411, 444 or consent of instructor.

Critical use, analysis and evaluation of computer applications of computer technologies for accessibility and usability for populations with diverse needs. Terminology, design principles, and applications of accessible technologies. Legal and ethical issues in developing or adopting accessible electronic and information technologies.

Letter grade only (A-F).

551. Education and the Internet (3)

Prerequisites: Either ETEC 411, 444, equivalent experience satisfying the California Level I computer technology standard, or consent of instructor.

Survey of educational applications across the Internet; characteristics of teaching and learning mediated through the Internet; analysis and design of Internet-based learning activities; design and development of online courses; implementation, management, and administration of online learning.

(Seminar 2 hours, Laboratory 2 hours)

553. Instructional Design (3)

Prerequisites: ETEC 523 or equivalent experience satisfying the California Level II computer technology standard.

Principles of instructional design emphasis on designing effective teaching strategies with educational technology. Theories and models to plan, create, evaluate and refine learner-centered educational activities.

Letter grade only (A-F).

570. E-Learning Design and Development (3)

Prerequisite: ETEC 523 or consent of instructor.

Introduction to e-learning design and development, including project management, instructional analyses and strategies, software selection, and evaluation. Interactive multimedia development applications, processes, and principles. Design and production of technology-enhanced instruction.

Letter grade only (A-F). (Seminar 2 hours, Laboratory 2 hours)

580. Field Experience in Educational Technology (3)

Prerequisites: ETEC 523 and either ETEC 530, EDP 520 or 595.

Students investigate and experience occupation or environment utilizing a form of educational technology. Under instructor guidance, students perform 90 field experience hours in educational technology environment. Instructor approval required for site selection.

Letter grading only (A-F).

623. Developing Technology – Based Learning (3)

Prerequisites: ETEC 523, 553.

Discussion, demonstration, and hands-on experience toward development of technology-based interactive learning programs. Concepts of technology-based instructional design. Authoring tools for creating simulations, educational games, and interactive assessment tools.

(Seminar 2 hours, laboratory 2 hours)

695. Seminar in Educational Technology (3)

Prerequisites: Successful completion of all required course work for the Master of Arts in Education, Option in Educational Technology.

Studies in educational technology including reviews of literature, critique of educational technology research, and systematic development and evaluation of areas of students' prior work.

For qualified candidates preparing for the comprehensive examination. Application for enrollment must be made by March 1 for summer session or fall semester or by October 1 for spring semester. Letter grade only (A-F). May be repeated to maximum of 6 units.

Educational Library Courses (ELIB)

UPPER DIVISION

497. Independent Study (1-3)

Prerequisites: Consent of instructor and department chair.

Independent study under faculty supervision. May be repeated to a maximum of 6 units, no more than 3 units applicable to credential or major requirement.

GRADUATE LEVEL

500. Foundations of Information (3)

Role of information and information technology in organizations (particularly in Western education) and society. Topics include societal needs and demands, diffusion of knowledge and technology, information seeking and use, information/technology and culture.

Letter grade only (A-F).

510. Collection Development (3)

Criteria, tools, procedures and policies for evaluating, selecting and maintaining informational resources to use in information organizations.

Letter grade only (A-F).

520. Information Literacy and Reference Services (3)

Philosophy of reference service and information literacy. Criteria for evaluation, selection, setup and use of selected basic reference sources to reflect cultural and linguistic diversity of students. Uses of reference sources and information literacy processes.

Letter grade only (A-F).

Educational Library Courses (ELIB)

530A. Library Media Materials for Elementary Grades (K-5) (3)

Selection and use of fiction and non-fiction books, audiovisual and electronic media, and related materials of interest to children that reflect California's cultural diversity and support current curriculum frameworks. Criteria and tools for selection and use. Current issues.

Not open for credit to students with credit in LI 530A. Letter grade only (A-F).

530B. Library Media Materials for Secondary Grades (6-12) (3)

Selection and use of fiction and non-fiction books, audiovisual and electronic media, and related materials of interest to young adults that reflect California's cultural and support current curriculum frameworks. Criteria and tools for selection and use. Current issues.

Not open for credit to students with credit in LI 530B. Letter grade only (A-F).

540. Organization of Information (3)

Rationale and use of library catalogs. Principles and practice in classification and cataloging applied to school library media centers. Processing/organization of information. Current issues.

Not open for credit to students with credit in LI 540. Letter grade only (A-F).

550. Management of Information Organizations (3)

Philosophy, principles and problems of planning, organizing, supervising and managing a school library media program, technology service, or other information organization.

Not open for credit to students with credit in LI 550. Letter grade only (A-F).

570. Library Media Technologies (3)

Prerequisite: Level I computer technology knowledge and skills.

Evaluation, selection, and integration of computer, digital, audiovisual and other technologies for use in schools and other library settings; issues of technology planning, instruction, collaboration, assessment, and digital citizenship.

Letter grade only (A-F).

580. Field Experience in Libraries (4)

Prerequisite: Consent of program coordinator. Students will model effective practices in administering a library program under the supervision of a qualified library professional. Applications for field experience are due March 1 for the summer or fall semester and October 1 for the spring semester.

Not open for credit to students with credit in LI 580. Letter grade only (A-F).

Social and Cultural Analysis of Education Courses (SCAE)

550. Foundations of Social and Cultural Analysis of Education (3)

Introduction to central theories and concepts and development of core competencies in social and cultural analysis of education; discussion of applications of critical theories and pedagogies in education; examination of the significance of social difference (e.g. race, class, gender, sexuality, language).

Letter grade only (A-F).

551. Critical Pedagogies (3)

In-depth examination of foundations and constructs of critical pedagogy in various educational contexts; applications of critical pedagogies in the United States and around the world; exploration of the relationship between critical pedagogies and social and educational justice.

Letter grade only (A-F).

560. History of Social and Educational (In)equality (3)

Historical survey of education as an institution; struggles for educational justice from the 19th century to present; analysis of the historical foundation of persistent educational inequities; emphasis on peoples of color, women, people with disabilities, LGBT individuals, and immigrants.

Letter grade only (A-F). Not open for credit to students with credit in ED P 576.

561. Urban Educational Policy (3)

Critical examination of the historical, cultural and political-economic dimensions of educational policy; impact of educational policy on student learning, experiences and outcomes; issues of difference, identity and justice in educational policy; special attention to urban education policy issues in California.

Letter grade only (A-F). Not open for credit to students with credit in ED P 575.

562. Agency, Resistance and Identity in Education (3)

Sociological and anthropological approaches to understanding youth cultures, academic resilience, identity formation, and how students influence, and are influenced by, educational experiences; youth and community organizing; race, class and gender, sexuality, language, etc. as factors in education.

Letter grade only (A-F). Not open for credit to students with credit in ED P 574.

564. Language and Education Policies (3)

Examination and analysis of historical and contemporary U.S. language policies, educational language policies, and legal decisions as context for current educational language practices; comparison of experiences with other nations; discussion of the relationship between language attitudes and educational policy formation.

Letter grade only (A-F). Not open for credit to students with credit in ED P 672.

566. Themes in Comparative International Education (3)

Examination of the historical and theoretical foundations as well as current debates, tensions and themes in the field of comparative international education; discussion of practical applications to address social and educational inequalities that exist around the world.

Letter grade only (A-F). Not open for credit to students with credit in ED P 582.

567. Educational Issues in Global Perspective (3)

Analysis of topical issues related to education in various international contexts; examination of topical issues across countries. Students have the opportunity to select the issues under investigation in consultation with the instructor.

Letter grade only (A-F). Not open for credit to students with credit in ED P 583.

568. Globalization and Educational Reform (3)

In-depth study of globalization and its impact on education around the world; analysis of policy borrowing and lending processes in the educational arena; national and local interpretations of global or borrowed educational policies; examination of educational reform processes.

Letter grade only (A-F).

695. Social and Cultural Analysis of Education Capstone (3)

Synthesis of concepts and ideas in the social and cultural analysis of education; implications of social and cultural theories for educational practice in a variety of settings; strategies for effecting social and educational justice.

Letter grade only (A-F).

AEROSPACE STUDIES

College of Health and Human Services

U. S. Air Force Reserve Officers Training Corps (AFROTC)

Through arrangements with Loyola Marymount University (LMU) in west Los Angeles, the University of California-Los Angeles (UCLA), and the University of Southern California (USC), students may participate in the Air Force Reserve Officer Training Corps (AFROTC) program. Aerospace Studies classes and Leadership Laboratories are conducted at various times during the week on the main campuses of LMU, UCLA and USC.

AFROTC offers a variety of two, three and four year scholarships, many of which pay the full cost of tuition, books, and fees. Successful completion of as little as four semesters of AFROTC academic classes and leadership laboratories can lead to a commission as a second lieutenant in the United States Air Force.

Classes consist of one hour of academics and two hours of laboratory for freshman and sophomores; three hours of academics and two hours of laboratory for juniors and seniors. AFROTC cadets under scholarship and all juniors and seniors receive a monthly tax-free stipend and a textbook allowance. No military commitment is incurred until entering the last two years of the program (Professional Officer Course) or accepting an AFROTC scholarship.

For more information, contact the Department of Aerospace Studies (AFROTC) at one of the following universities: Loyola Marymount University at (310) 338-2770, UCLA at (310) 825-1742, or USC at (213) 740-2670.

AFRICANA STUDIES

College of Liberal Arts

Department Chair: Alosi Moloji

Department Office: Psychology Building (PSY), Room 306

Administrator • Foreign Policy Officer • Researcher (Some
of these, and other careers, require additional education or
experience. For more information, see www.careers.csulb.edu.)

Introduction

The discipline of Africana Studies focuses on the critical study of African Americans, Continental Africans, Afro-Caribbeans and Afro-Latinos, but also allows for study of African peoples in Asia and Europe. It emphasizes an interdisciplinary and multicultural approach to teaching.

The Africana Studies Department encourages students to take advantage of opportunities to do service learning and internships, and study abroad. The Department encourages and supports faculty/student collaboration in conferences, forums, field trips and joint research and writing projects.

The subspecialties of the disciplines of Africana Studies include: Africana theory and philosophy; Africana women's studies; African American historical studies; and Continental African studies.

Undergraduate Programs

Bachelor of Arts in Africana Studies (code B/STBA01) (120 units)

Requirements

A minimum of 39 units is required for the major in Africana Studies; 12 lower division and 27 upper division units. The distribution of courses within Africana Studies affords the students the opportunity for in-depth exploration of either African American Studies or Continental African Studies areas or a combination of the two, as well as other Diasporan studies, the e.g., Caribbean basin.

Lower Division (12 units)

Take the following course:

AFRS 110 Introduction to Africana Studies (3)

Take one of the following:

AFRS 120 African American History to 1865 (3)

AFRS 121 African American Hist 1865-Present (3)

Take 6 units electives, select one course from the following groups:

Group A (Social Science):

AFRS 115, 120, 150, 154, 200, 201, 210

Group B (Humanities):

AFRS 140, 155, 160, 170A, 170B, 180, 205, 240, 255

Upper Division Core (27 units):

Take all of the following courses:

AFRS 330 Politics of African American Community (3)

AFRS 335 Economic Development in the African American Community (3)

AFRS 495 Research Methods in Africana Studies (3)

Take one of the following:

AFRS 332 Civil Rights and the Law (3)

AFRS 354 African American Women and Civil Rights Movement (3)

Take electives (15 units), one or more selected from the following groups:

Group A (Social Sciences):

AFRS 304; 310, 319, 325, 331, 332, 337, 345, 404, 410, 430

Group B (Humanities):

AFRS 343A, 343B, 346, 353I, 363, 370, 415

Group C (Theory):

AFRS 380, 400I, 454I, 460, 475, 498I

Certificate in Africana Studies (code B/STCT01)

Students majoring in other departments of the University but interested in Africana Studies may concurrently pursue this certificate. Courses used to meet the certificate requirement may, where applicable, also be used simultaneously to meet General Education requirements or the major and minor requirements of cooperating departments.

Requirements

1. A major in another academic discipline. Certificate can be completed prior to or simultaneously with completion of the B.A. requirement.
2. A minimum of 24 units of which at least 12 must be in upper-division courses, with two or more courses selected from each of the following:
Group A: AFRS 110, 154, 210, 325, 330, 332, 335, 370, 420
Group B: AFRS 160, 343A, 346, 363, 450
Group C: AFRS 120, 121, 200, 201, 304, 330, 337, 354, 400I, 410, 454I

Minor in Africana Studies (code B/STUM01)

Requirements

The Minor in Africana Studies is open to any non-Africana Studies majors.

The Minor in Africana Studies requires a minimum of 24 units of which at least 12 units must be in upper-division courses.

Take two or more courses from each of the following:

Group A: AFRS 120, 121, 154, 200, 201, 210, 304, 310, 325, 330, 332, 335, 354, 370, 400I, 404, 410, 420, 430

Group B: AFRS 140, 155, 160, 180, 205, 255, 337, 343A, 343B, 346, 353I, 363, 370, 415, 450, 454I, 475, 498I

Take the following core course:

AFRS 110 Introduction to Africana Studies (3)

AFRS 495 Research Methods in Africana Studies (3)

Courses (AFRS)

LOWER DIVISION

1. Writing Skills (3)

Prerequisite: Students who score 147 or below on the English Placement Test and who have not taken equivalent courses in another department are eligible for enrollment in this course.

Basic course in writing, offering intensive practice in every stage of the writing process. Writing strategies at the level of word, sentence, and paragraph. Methods for developing and organizing ideas in coherent essays. Conventional mechanics, spelling, and grammar. Also for bidialectical and ESL students.

Does not count toward graduation, but does count toward course load. Credit/No Credit grading only. Not open for credit to students with credit in B/ST 1 or 170A.

100. Composition (3)

Prerequisites: A recorded total score of 151 or above on the English Placement test, or credit in B/ST 1 (or its equivalent) or consent of the instructor.

Writing, revising, and editing non-fiction prose, with emphasis on exposition and argument. Critical reading strategies for research. Satisfies the baccalaureate degree requirement for one course in written composition in English. Also for bidialectical and ESL students.

Not open for credit to students with credit in ENGL 100W, B/ST 100, ASAM 100, CHLS 104.

110. Introduction to Africana Studies (3)

Prerequisite/Corequisite: One GE Foundation course.

A critical survey of the major themes, issues, concepts, current research, schools of thought, theorists and scholars in the discipline of Africana Studies, as well as its historical evolution and academic rationale.

Not open for credit to students with credit in B/ST 110.

115. Introduction to African Politics (3)

A review of recent developments or changes in the government, parties, political ideologies, politics, leadership and political processes in selected African countries.

Not open for credit to students with credit in B/ST 115.

120. African American History to 1865 (3)

Prerequisite/Corequisite: One GE Foundation course.

Survey course on African American history with origins in African culture and civilization. Focus on the role, impact and significance of African Americans in the U.S. from the colonial period through the American Revolution, enslavement and the Civil War.

121. African American History Since 1865-Present (3)

Prerequisite/Corequisite: One GE Foundation courses.

Impact of social, economic and political change on African Americans after the Reconstruction period. Issues of migration, education, cultural development and business enterprises will be examined.

Not open for credit to students with credit in B/ST 121.

140. Introduction to African American Literature (3)

Prerequisite/Corequisite: One GE Foundation course.

A study of selected or representative literature of the African American writer. Special attention will be given to style, content, methodology and thematic approach.

Not open for credit to students with credit in B/ST 140.

150. Critical Thinking in Africana Studies (3)

Prerequisite: Completion of or concurrent enrollment in AFRS 100 or equivalent.

Introduction to the nature and process of critical thinking. Extensive practice in critical reasoning directed toward developing cognitive skills and dispositions central to its application in academic work and in the analysis and advocacy of personal perspectives and social issues.

Not open for credit to students with credit in B/ST 150.

154. Introduction to Africana Women's Studies (3)

Prerequisite/Corequisite: One G.E. foundation course.

Critical introduction to basic concepts, perspectives and methodology in Africana women studies, focusing on historical and contemporary continental and diasporan African women's experience, initiatives, issues, and intersections of race/class/gender within the context of their oppression, resistance and internal creative capacity.

Not open for credit to students with credit in B/ST 154.

155. African American Music (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Nontechnical survey of African American music. Some attention given to the impact of social movements on the musician and the music produced. Gospel, jazz and well-known derivatives will be highlighted.

Not open for credit to students with credit in B/ST 155.

160. Introduction to Africana Arts (3)

Prerequisite/Corequisite: One G.E. foundation course.

A presentation of prevailing themes, methodology, concepts and meaning in African American art. Equal time will be given to early and contemporary art. The work of some Continental African artists will be introduced as appropriate.

Not open for credit to students with credit in B/ST 160.

167. Exploitation of the African American Athlete (3)

Study of the socio-dynamics of amateur, professional and collegiate sports activity in the United States as it relates to the African American community. Case studies of well-known African American athletes will also be presented.

Not open for credit to students with credit in B/ST 167.

170A. Elementary Swahili (4)

Prerequisites/Corequisite: Any Foundation Course.

Introduction to grammar, syntax, comprehension, reading, writing and conversation in the language. Attention will be given to cultural context throughout the course.

Letter grade only (A-F). Not open for credit to students with credit in B/ST 170A

170B. Elementary Swahili (4)

Prerequisites: AFRS 170A or equivalent competency.

A continuation of AFRS 170A. Advanced grammar, syntax, comprehension, reading, writing and conversation in the language

Letter grade only(A-F). Not open for credit to students with credit in B/ST 170B

180. African American Language in America (3)

Historical, phonological, and sociological aspects of the language of African Americans; traces early uses in Africa; linguistic development from lingua franca to pidgin and creole; linguistic symbols, terms, and analysis applied to African American English; difference versus deficit theory.

Not open for credit to students with credit in B/ST 180.

200. Ancient African Civilizations (3)

Prerequisite: Completion of GE Foundation requirements.

A study of ancient African empires, kingdoms and states, including discussions of political institutions, social structures, education, cultural values, trade and international relations.

Not open for credit to students with credit in B/ST 200.

201. History of Slavery (3)

Prerequisite: Completion of GE Foundation requirements.

Historical examination of trans-Atlantic slave trade and its impact on Africa and the Western Hemisphere. Nature of slavery in Africa, Greece, Italy, the Caribbean, the Middle East, South America, and the United States. Legacy of slavery.

Not open for credit to students with credit in B/ST 201.

205. Modern Black South African Literature (3)

Prerequisite: Completion of GE Foundation requirements.

Study of South African literature written in English by Africans since 1800's to present. "Black" used broadly to include South Africans of mixed parentage whom the racial laws and policies of the white minority government separated, classifying them as "Coloreds."

Letter grade only (A-F). Not open for credit to students with credit in B/ST 205.

210. African American Community (3)

Prerequisites: All Foundation Courses.

Examines the social structure and challenges in the community life of African-Americans as compared to other ethnic groups. Explore and analyze how institutional and stratified pattern, demographic changes, social movements, community organizational programs affect African-Americans. Case studies presented.

Not open for credit to students with credit in B/ST 210.

214. Introduction to Africana Aesthetics (3)

Prerequisite or Corequisite: AFRS 110.

African Aesthetic is the philosophy of goodness, beauty and creativity informed by an African worldview. The course surveys key 20th century writing on Africana aesthetics by African philosophers, such as Alain Locke, W.E.B. Dubois, Zora Neale Hurston, and Margaret Walker.

Letter grade only (A-F).

215. U.S. Diversity and the Ethnic Experience (3)

Prerequisites: Open only to Integrated Teacher Education Program students.

Survey of four major ethnic groups (American Indians, African American, Latino American, and Asian American) in American society from the colonial era to the present. Special attention to the formation and transformation of each ethnic group and their individual and collective roles in the development of the United States.

Same course as AIS 215, ASAM 215, CHLS 215. Not open for credit to students with credit in AIS 215, ASAM 215, B/ST 215, CHLS 215. Departments take turns offering the course in the Fall semester. Letter grade only (A-F).

216. Caribbean Intellectual Thought (3)

Prerequisite: AFRS 110.

An introduction to 20th century Caribbean intellectuals and their contributions to African American social and political thought and issues facing the African diaspora.

Letter grade only (A-F).

240. African and African American Folklore and Culture (3)

An examination and presentation of material on folklore, folk tales, and folk heroes in the African American community. Some attention also given to African mythology.

Not open for credit to students with credit in B/ST 240.

254. Africana Womanist Religious Thoughts (3)

Prerequisite: AFRS 154 or 110.

Critical survey of the major spiritual and ethical themes and concepts of Africana womanist religious thought in Christianity, Islam and African traditions of Kawaida, Ifa and Maat, including voice, Afrocentricity, claiming, naming, self-defining gender jihad, complementarity, mutual respect, and reciprocity.

Letter grade only (A-F).

255. Introduction to Hip Hop (3)

Prerequisites: All Foundation Courses.

A critical exploration of Hip Hop's history and culture, which includes analysis of its impact and influence on contemporary aesthetic culture, race relations, gender politics and struggles for social justice.

Not open for credit to students with credit in B/ST 255.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

304. The African Colonial Experience (3)

Prerequisite: Completion of GE Foundation requirements.

Critical examination of colonialism as a world phenomenon focusing on colonialism in Africa as the paradigm and point of departure for a specific and comparative understanding.

Not open for credit to students with credit in B/ST 304.

310. African American Male and Female Relationships (3)

A comprehensive study of male/female patterns of interaction in the African American community. Some attention given to institutional impact, role changes and projected images of relationships.

Not open for credit to students with credit in B/ST 310.

319. The Ethnic Experience in the U.S. (3)

Prerequisite: Completion of GE Foundation requirements.

Comparative study of race, cultures, and ethnic relations in U.S. society with special focus on experiences of four core groups: Native Americans, African Americans, Asian Americans, and Latino Americans.

Same course as AIS 319, ASAM 319, CHLS 319, WGSS 319. Not open for credit to student with credit in AIS 319, ASAM 319, CHLS 319, W/ST 319, WGSS 319. (Lecture/Discussion.)

325. Africana Psychology (3)

Prerequisite: AFRS 110 or PSY 100

Develops the concept of Africana Psychology. Using comparative techniques, the course introduces students to common consequences in the experience of being a person of African descent, or a person of color.

Not open for credit to students with credit in B/ST 325.

330. Politics of the African American Community (3)

Prerequisites: AFRS 110 and 121.

Study of the perspectives, styles, problems and dynamics of political activity in the African American Community.

Not open for credit to students with credit in B/ST 330.

331. African American Juvenile (3)

Prerequisite: AFRS 210 or consent of instructor.

Critical approach to the problem of juvenile justice in the African American community.

Not open for credit to students with credit in B/ST 331.

332. Civil Rights and the Law (3)

Prerequisite: Completion of GE Foundation requirements

Designed to provide the student with a basic understanding of the interaction between the American legal system and civil rights of African Americans, other minorities, women and the general citizenry.

Not open for credit to students with credit in B/ST 332.

335. Economic Development in the African American Community (3)

Prerequisites: AFRS 110 and 121

Development of business and banking institutions in the African American community. Some attention given to the impact of external factors on development.

Letter grade only (A-F). Not open for credit to students with credit in B/ST 335.

337. Cultures of African Peoples (3)

Prerequisites: Completion of GE Foundation requirement, AFRS 200 or consent of instructor.

Critical presentation of a cultural map of African people, emphasizing geography, migration and cultural similarities.

343A. African Literature (3)

Prerequisites: Completion of GE Foundation requirements and one or more Exploration courses.

A general survey of traditional and contemporary African Literature within the context of the historical, political, social, economic, and cultural movements. Also a comparison of Pan-African literature and Western literature.

Not open for credit to students with credit in B/ST 343A.

343B. Caribbean Literature (3)

Prerequisite: Completion of GE Foundation.

A general survey of traditional and contemporary Caribbean literature within the context of the historical, political, social, economic and cultural movements. Also a comparison of Pan-African literature and Western literature.

Not open for credit to students with credit in B/ST 343B.

345. Politics of Black Power (3)

Systematic analysis of the Black Power movement of the 1960's, including contributions and contradictions of major organizations, leadership, and ideologies.

Not open for credit to students with credit in B/ST 345.

346. Africana Theatre (3)

Prerequisites: All Foundation Courses

Introductory survey course of Africana theatre as a historic medium, profoundly revealing in its humanistic, literary, social and cultural heritage as it relates to Africa, America and the Caribbean.

(Lecture 2 hours, activity 2 hours.) Not open for credit to students with credit in B/ST 346.

353I. Religions of African Peoples (3)

Prerequisites: Completion of the GE Foundation, one or more exploration courses and upper division standing.

Critical examination of selected spiritual and ethical traditions of the world African community with emphasis on Maat, Ifa, Christianity and Islam, their sacred texts and commentaries, major themes, representative figures, and comparative analyses of their continental and diaspora expressions.

Not open for credit to students with credit in B/ST 353I.

354. African American Women and the Civil Rights Movement (3)

Prerequisite: Completion of the GE Foundation requirements

A critical examination of vital and multiple roles African American women played in the modern civil rights movement. Emphasis on African American women's agency, activism and shared vision, and

role as an essential political force in reconceiving and reshaping U.S. history.

Not open for credit to students with credit in B/ST 354.

363. History of African Art (3)

Prerequisite: Completion of GE Foundation requirements

Survey of African art from antiquity to the present as an integral part of African culture, including historical, cultural and religious contexts.

Not open for credit to students with credit in B/ST 363.

370. African and African American Images in the Mass Media (3)

Prerequisite: AFRS 121

Examination of portrayal of African and African American people in mass media, past and present. Primary emphasis on newspapers, radio, films and television.

Not open for credit to students with credit in B/ST 370.

380. African Political Theory (3)

Prerequisite: AFRS 115.

Examination of theorists and theories which shape African political philosophy. Special attention given to the concepts of Pan-Africanism, African socialism, Negritude and revolution.

Not open for credit to students with credit in B/ST 380.

381. African Americans and Party Politics (3)

Analysis of African American participation in U.S. political party process. Special features include information on African American participation in Republican, Democratic and third-party organizations. Material and discussion on independent African American political party efforts included.

Not open for credit to students with credit in B/ST 381.

400I. African American Social Thought (3)

Prerequisite: Completion of GE Foundation requirements, one or more Exploration courses, and upper-division standing.-

Survey of African American intellectual history, with emphasis on social theories and opposing schools of intellectual thought.

Not open for credit to students with credit in B/ST 400I.

404. Contemporary Issues of the Africana World (3)

Study of the shifting power and international status of the Africana world. Domestic issues, geo-politics and the diplomatic policies of selected countries will be highlighted.

Not open for credit to students with credit in B/ST 404.

410. The African American Family (3)

Prerequisites: Completion of GE Foundation requirements. AFRS 325 or consent of instructor.

Systematic study and social-historical analysis of the structure and function of the African American Family in the United States. Sociological/ theoretical analysis of the models of family units, roles and interpersonal relations in society. Comparison with other family units in America.

Not open for credit to students with credit in B/ST 410.

415. International Africana Children's Literature (3)

A survey of literature for and/or about African and African American children by authors from Africa, the U.S. the Caribbean and the rest of the Diaspora.

Not open for credit to students with credit in B/ST 415.

420. African American Children in Public Schools (3)

Theories, concepts and principles relating to the intellectual growth, development and learning of African American children.

Not open for credit to students with credit in B/ST 420.

423. Issues in Psychological Assessment of African Americans (3)

Prerequisites: candidates must have working knowledge of statistical concepts, upper-division standing in Africana Studies or consent of instructor.

Examination of issues, problems, and practices in the assessment of African American children.

Not open for credit to students with credit in B/ST 423.

430. African Political Leadership in the Twentieth Century (3)

Prerequisite: Completion of GE Foundation requirements.

Critical examination of African's search for national liberation and cohesion, collectively built institutions, movements/parties and ideological self-definition. Comparative study of traditional African leadership concepts and modern forms. Focus on selected countries and major African leaders.

Not open for credit to students with credit in B/ST 430,

450. Africana Writers Workshop (3)

Prerequisite: ENGL 100, AFRS 100, or equivalent.

Requires extensive writing in four major areas: poetry, drama, fiction and documentaries. It assumes that technical or grammatical problems of writing have been taken care of and focuses on themes which are Afrocentric.

Not open for credit to students with credit in B/ST 450.

452. Crime and Justice in the African American Context (3)

Prerequisite: AFRS 210 or 332

Study of the interrelationship between criminal behavior, race, ethnicity, class, social context and the criminal justice system.

Not open for credit to students with credit in B/ST 452.

454I. Africana Womanism: An Intellectual History (3)

Prerequisites: Completion of the G.E. foundation requirements, one or more exploration courses and upper division standing.

Historical and critical study of the major schools of thought in Africana womanism, including continental and diasporan sources, historical evolution, cultural grounding, methodology, discourse on and with feminism, enduring and current issues and its relevance and relation to social change.

Not open for credit to students with credit in B/ST 454I.

460. Continental African Thought (3)

Prerequisite: Background knowledge of African history, culture or society highly recommended.

Analysis of philosophical, social and religious systems of thought of Africa from antiquity to the present.

Not open for credit to students with credit in B/ST 460.

475. Racism and Sexism: An Analytical Approach (3)

Prerequisite: AFRS 332

An examination of institutions and a study of legislation which has been written and implemented in consequence of racism and sexism in American society. Social theories used to support and reject concepts of racism and sexism will also be presented.

Not open for credit to students with credit in B/ST 475.

490. Special Topics in Africana Studies (3)

Prerequisite: Consent of instructor.

Topics of current interest in Africana Studies selected for intensive development.

May be repeated to a maximum of 6 units with different topics in the same semester. Topics will be announced in the *Schedule of Classes*. Not open for credit to students with credit in B/ST 490.

495. Research Methods in Africana Studies (3)

Prerequisites: AFRS 110 and 6 units upper division work in Africana Studies. For Department majors.

Presents information on use of scientific methods in Africana Studies, research theory, research design, sampling, measurement and science techniques. Focuses on instrument construction as well as test reliability and validity.

Letter grade only (A-F). Not open for credit to students with credit in B/ST 495.

498I. Ancient Egyptian Ethical Thought (3)

Prerequisites: Completion of the G.E. Foundation, one or more Exploration courses, and upper division standing.

Critical study of ethical thought of ancient Egypt with due attention to theological, literary and socio-historical context in which it was developed and evolved, including examination of its major ethical texts and comparative analysis with surrounding traditions.

Not open for credit to students with credit in B/ST 498I.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Permits individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units. Not open for credit to students with credit in B/ST 499.

AMERICAN INDIAN STUDIES

College of Liberal Arts

Director: Troy Johnson

Telephone: (562) 985-8703

Faculty: Richard Danay (Emeritus), Troy Johnson, Craig Stone, Gabriel Estrada

Academic Advisor: Troy Johnson

Department Secretary: Espie Contreras

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

American Indian Affairs • Social Scientist • Archivist, Social Worker • Journalist • Counselor • Teacher • Public Relations Consultant • Community Organizer • School Administrator • Linguist • Law Parole Officer • Probation Officer • Editor • Writer • Urban/Regional Planner • Public Policy Administrator • Foreign Policy Officer • Researcher (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

American Indian Studies is an interdisciplinary study of the American Indian. The options are designed to provide students with various fields of knowledge of American Indian Studies with opportunities for emphasis on particular topical, cultural and geographical interests. The program is governed by a committee of faculty representing a variety of schools and departments throughout the university.

Courses offer two directions: 1) content directed toward American Indian culture in the North Western Hemisphere; and 2) relevant content leading toward understanding the American Indian experience.

Students may pursue a program in American Indian Studies through a minor, certificate or concentration in American Indian Studies in the Liberal Studies Degree.

Undergraduate Programs

Certificate in American Indian Studies (code AIS_CT01)

Students pursuing any approved degree or credential program of the University may at the same time earn a Certificate in American Indian Studies. Courses taken to meet the requirements may be used, where applicable, to meet General Education requirements or the degree or credential requirements of cooperating departments. Certification of successful completion of requirements will be issued upon the recommendation of the American Indian Studies Program Director.

Requirements

1. A Bachelor's degree with a major in a traditional discipline. (Certificate requirements may be completed prior to the completion of B.A. requirement).
2. Submission of all college/university transcripts to the academic advising coordinator, who will work with the

student to develop a well-integrated program of studies. Interested students are strongly encouraged to meet with the academic advising coordinator after having completed the lower division core courses.

3. A minimum of 24 units, distributed as follows.

Core Courses

Lower Division Core:

Take 9 units from the following courses:
AIS 101, 105, 106, 200, 208, 215.

Upper Division Core:

Take 15 units from the following courses:
AIS 300, 319, 320, 335, 340, 400, 420, 485, 490, 497, 499.

Minor in American Indian Studies (code AIS_UM01)

Requirements

A minimum of 21 units.

Lower Division:

Take 9 units from the following courses:
AIS 101, 105, 106, 200, 208, 215.

Upper Division:

Take 12 units from the following courses:
AIS 300, 319, 320, 335, 340, 400, 420, 485, 490, 497, 499.

Courses (AIS)

LOWER DIVISION

101. Introduction to the Study of Native American People (3)

Corequisite/Prerequisite: Any GE Foundation course.

Examines history, culture, religion, art and societies of American Indian. Introduction to historical aspects of Native American experience and discuss these aspects of Native life as applied to contemporary American Indian issues.

Letter grade only (A-F).

102. Aztec Language and Culture (3)

Aztec Language and Culture

Beginning the study of Nahuatl (Aztec). Practice in songs, grammar, reading, performance, pronunciation, writing. Comparison of Classic Aztec and Modern Nahuatl texts and arts. Cultural focus on healing and history.

105. American Indian History – Pre 1871 (3)

Prerequisite/Corequisite: One course from GE category A1.

Survey of histories and cultures of American Indian Peoples in North America from pre-contact to 1871 and analysis of political, cultural, legal and military relationships that developed between American Indians and foreign nations.

106. American Indian History – Post 1871 (3)

Prerequisite/Corequisite: One course from GE category A1.

Survey of histories and cultures of American Indian Peoples in North America from 1871 to present.

200. Contemporary Issues in American Indian Studies (3)

Analysis of major issues in contemporary American Indian affairs, politics, art, philosophy, education, reservations life, economics, government relations, Indian organizations, Indian-white relations, legal issues, land rights, media issues, Indian activist movements, and community concerns.

208. California Indian History (3)

Study of relationship between Indian people and various European powers that influenced the settlement of the State of California. Areas to be explored include: indigenous people of California, Spanish invasion of 1769, Mexican secularization in 1834, and seizure by U.S. in 1846.

Letter grade only (A-F).

215. U.S. Diversity and the Ethnic Experience (3)

Prerequisites: Open only to Integrated Teacher Education Program students.

Survey of American Indian, African American, Latino American, and Asian Americans in American society from the colonial era to present. Special attention to the formation and transformation of each ethnic group and their roles in the development of the United States.

Same course as ASAM 215, AFRS 215, CHLS 215. Not open for credit to student with credit in AFRS 215, ASAM 215, B/ST 215, CHLS 215. Departments take turns offering the course in the Fall semester. Letter grade only (A-F).

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. American Indians in Cinema (3)

Examines the creation of stereotypical and positive images of Americans in cinema utilizing silent cinema through contemporary era. Discusses contemporary images created from American Indian perspective that offer different images of American Indians in society.

Class content will vary dependent on films available for instruction. Letter grade only (A-F).

315. Contemporary Indigenous Peoples of Aztlan and Latin America (3)

Contemporary Indigenous Nations Studies of Latin and US America focused on the Aztec, Pueblo, Taino, Maya, Pipil, Aymara, Chichano/Latino and Mauri in transnational contexts. Uses international indigenous film, literature, performance, history, economic, diasporic, gender, Chicano/Latino, and American Indian studies approaches.

Same class as CHLS 315.

319. The Ethnic Experience in the U.S. (3)

Prerequisite: Completion of GE Foundation requirements.

Examination of dynamics of development of our multicultural society, emphasizing study of the four distinct ethnic strands of American society (Asian American, Black American, Mexican American, and American Indian) and their role in maintenance of cultural diversity in United States.

Same course as ASAM 319, AFRS 319, CHLS 319, WGSS 319. Not open for credit to student with credit in AFRS 319, ASAM 319, B/ST 319, CHLS 319, W/ST 319, WGSS 319. (Lecture/Discussion)

320. American Indian Art and Material Culture (3)

Survey of North American Indian art; emphasis on art forms of the U.S., Alaska, and Canada. Traditional and contemporary art and artists will be explored, focusing on aesthetic, theoretical, historical, religious, and philosophical aspects as they relate to American Indian culture.

335. American Indian Philosophies (3)

Detailed examination of American Indian tribal cultures and worldviews. Comparison of tribal philosophy and beliefs with that of western society. Special emphasis placed on traditional philosophical traditions as practiced in the cultural regions of North America and the sub-Arctic.

Letter grade only (A-F).

340. American Indian Literature (3)

Prerequisites: Completion of GE Foundation requirements.

Analysis of the written and oral literacy traditions developed by American Indians. Range of works studied: oral history, tales, myths, song, prayer, poetry, short story, and novel.

Same course as ENGL 340. Not open for credit to student with credit in ENGL 340.

400. Advanced Historiography of American Indian People (3)

Introduction to historical writings relating to American Indians. Analyze the attitudes, assumptions, and evidence that have been used to portray American Indian people and the settling of America. Provides a foundation for understanding of how history has been shaped and will advance research skills.

Letter grade only (A-F).

420. American Indian Traditional Material Culture, Arts and Crafts (3)

Prerequisites: AIS 320, or consent of instructor.

Techniques, materials, concepts and processes in the creation of American Indian traditional arts and crafts. Selected artistic projects in the creation of tribal arts.

(Lecture-activity 6 hours.)

421. American Indian Fine Arts: Post 1900 (3)

Examines North American Indian arts with emphasis on major art forms of the continental U.S., Alaska, and Canada. Explores relationship between contemporary art and artists with specific attention to aesthetic, theoretical, historical, religious, and philosophical aspects.

Letter grade only (A-F).

485. Federal Indian Law (3)

Designed to provide an in-depth study of legal relationship between the United States, Indian people, and Indian Nations. Legal development will begin with first contact between Indian people and English colonists and continue to the present time.

Letter grade only (A-F).

490. Special Topics in American Indian Studies (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in American Indian studies selected for intensive development.

May be repeated to a maximum of 6 units. Topics will be announced in the *Schedule of Classes*.

497. Fieldwork in American Indian Studies (1-3)

Prerequisites: Upper division standing, consent of instructor.

Supervised experience relevant to specific aspects of American Indian community in off-campus setting. Project must be related to student's major or certificate program. Regular meetings with faculty supervisor and written reports required.

May be repeated to a maximum of 6 units.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed Studies to permit individual students to pursue topics of special interest.

May be repeated to a maximum of 6 units.

Smith (Communication Studies), Jon R. Stone (Religious Studies), Dean S. Toji (Asian and Asian American Studies), John N. Tsuchida (Asian and Asian American Studies), Julie Van Camp (Philosophy), Frederick Wegener (English), Hugh Wilford (History), Alison Wrynn (Kinesiology and Physical Education)

Career Possibilities

Advertising • Entertainment • Journalism • Management • Marketing • Mass Media (film, radio, television) • Politics • Professional Writing and Editing (creative or technical) • Public Relations • Publishing • Historian • Administrator in Historic and Cultural Preservation • Teacher • Museum Curator • Multimedia Specialist • Preservation and Environmental Law • College Instructor • Environmental Public History Review Specialist • Human Resources Manager • Systems Analysts • Insurance Broker (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

What is an American? How and why is culture important to our lives and identities? How do we represent the past and what importance—and limitations—do these representations have? How and why does culture—including popular culture, the arts, and literature—serve as a site of social struggle? How do diverse groups within the Americas imagine their identities and their relation to the United States? What happens when we look at our world(s) from a variety of perspectives? These are some of the questions that are addressed in American Studies, an interdisciplinary approach to American history, life, and culture.

American Studies is a vital, malleable, and growing academic enterprise, one known for the new questions it has posed, the new perspectives it has brought to the study of the cultures of the United States, and the new information it has introduced into scholarly and public conversations about national identity and experience. Students in this interdisciplinary program play an active role in their own education, working with the program director to design their own plan of inquiry into various aspects of American society and culture.

The American Studies Program offers a major leading to the bachelor's degree and a minor. Students are strongly encouraged to meet with the program director at an early stage in their studies for general education and preparatory course recommendations. The program director also provides ongoing advising and career information for American Studies students.

Bachelor of Arts in American Studies (code AMSTBA01) (120 units)

American Studies is an interdisciplinary study of American culture. The American Studies Program offers a major leading to the bachelor's degree and a minor. The Program is governed by a committee of faculty from various departments and schools who also serve as advisors. Majors confer with the program director to plan their programs, which are recorded on official advising forms.

Students planning to major in American Studies should consult the program director early in their academic careers for general education and preparatory course recommendations and for teaching credential information.

Requirements

A minimum of 36 units distributed as follows:

Core courses (21 units):

Take the following courses:

AMST 300 Introduction to American Studies (3)

AMST 350I California Cultures (3)

AMST 498 Senior Seminar in American Studies (3)

Take 6 additional units in AMST-designated courses.

Take 3 units from the following courses:

HIST 477A American Cultural History (3)

HIST 477B American Cultural History (3)

Take 3 units from the following courses:

ENGL 372I Comedy in the United States (3)

ENGL 375 American Ethnic Writers (3)

Elective pattern (15 units):

Students choose a five-course elective pattern in consultation with the program advisor in one of the following areas of concentration. No more than two courses in this elective pattern can come from any one academic department.

1. American Institutions, Ideas, and Experiences
2. Diversity and Difference
3. Popular Culture, Media, and Consumerism
4. Public Culture and Civic Engagement
5. Student Designed Area of Concentration

Minor in American Studies (code AMSTUM01)

Minimum of 18 units.

Take all of the following courses:

AMST 300 Introduction to American Studies (3)

AMST 350I California Culture (3)

Take one of the following courses:

HIST 477A American Cultural History (3)

HIST 477B American Cultural History (3)

Take 9 units chosen in consultation with faculty advisor.

Courses (AMST)

UPPER DIVISION

300. Introduction to American Studies (3)

Interdisciplinary approaches to study of American civilization from colonial period through twentieth century. Significant issues and problems in American life examined from perspectives of several disciplines.

350I. California Culture (3)

Prerequisites: GE Foundation; upper division status
Interdisciplinary examination of the culture of California.

Interdisciplinary examination of California culture. Emphasis on how California's history, politics, environment, social movements, art, and literature produce a contested and always changing culture.

351. Celebrity in American Culture (3)

Prerequisites: GE Foundation; Upper-division status

Interdisciplinary examination of the changing meanings of fame in American society, addressing the production, consumption and cultural work of celebrity.

360. Explorations in American Popular Culture (3)

Prerequisites: GE Foundation; Upper-division status.

Examines broad terrain of American popular culture from multiple disciplinary perspectives, interrogating both the form and content of cultural production and reception in the past and present.

Not open for credit to students with credit in AMST 200.

421I. Animals in American Culture (3)

Prerequisites: GE Foundation; Upper-division status

Interdisciplinary examination of the role of non-human animals in making cultural meaning. Traces the many ways in which animals, not just humans, have shaped American history and culture.

498. Senior Seminar in American Studies (3)

Prerequisites: Completion of Amst 300 and 18 units of upper-division work in American Studies or affiliated fields

Capstone research course for American Studies majors

Letter grade only (A-F).

ANTHROPOLOGY

College of Liberal Arts

Faculty: Jayne Howell, Alexandra Jaffe, Wendy Klein, Daniel O. Larson, Barbara LeMaster, Carl P. Lipo, Ron Loewe, Hector Neff, Karen Quintiliani, Steve Rousso-Schindler, George M. Scott, R. Scott Wilson, Marcus Young Owl

Advisors

Undergraduate: Marcus Young Owl

Graduate: Ron Loewe

Administrative Coordinator: Libby Azevedo, Donna Reese

Career Possibilities

Anthropologist • Archaeologist • Archivist • Attorney • Curator • Writer • Researcher • Linguist • Social Worker • Tour Guide • Cultural Resource Manager • Urban Planner • Foreign Service Officer • Personnel Manager • Health Researcher • Immigration Inspector • Teacher (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The undergraduate major in Anthropology is designed to provide students with knowledge of the various fields of Anthropology and with opportunities for emphasis in particular topical and geographical interests. The undergraduate minor in Anthropology is recommended for students preparing for careers which will require practical knowledge of different cultural and linguistic backgrounds. The graduate program is designed to meet the needs of students who are seeking to expand their knowledge and increase their competence in anthropology. Graduate students are responsible for observing the general requirements for the M.A. degree as stated in this catalog. It is also recommended that prospective students consult with the Graduate Advisor at their earliest opportunity.

Undergraduate Programs

Bachelor of Arts (code ANTHBA01) (120 units)

Lower Division:

Take all of the following courses:

ANTH 110 Introduction to Physical Anthropology (3)

ANTH 120 Introduction to Cultural Anthropology (3)

ANTH 140 Pyramids, Tombs & Treasure: Wonders of the Past (3)

ANTH 170 Introduction to Linguistics (3)

Take an approved introductory statistics course.

Upper Division (total of 33 units):

Required Core Courses (15 units):

Take all of the following courses:

ANTH 313 World Prehistory (3)

ANTH 314 Global Ethnography (3)

ANTH 401 Foundations of Anthropology (3)

ANTH 435 Human Evolution (3)

Take one of the following:

ANTH 413 Language and Culture (3)

ANTH 475 Language and Gender in Cross-Cultural Perspective (3)

In consultation with the Undergraduate Advisor, an additional 18 units will be selected from the courses listed below. The major allows students to be generalists picking upper division electives from differing subfields, or to specialize in one subfield. Courses are grouped by topic/subfield as a guide for students.

Archaeology:

ANTH 301, 345, 347, 450, 451, 455, 456, 471, 473, 487

Biological Anthropology:

ANTH 315, 318, 319, 363, 402, 434, 436, 437, 480A

Cultural Anthropology:

ANTH 305I, 307I, 311I, 321, 322, 323, 324, 329, 332, 333, 335, 345, 351, 353, 412I, 414, 415, 416, 417, 419, 420, 421, 422, 427, 428, 431, 436, 440, 441, 442, 444, 454, 478

Linguistic Anthropology:

ANTH 412I, 413, 421, 475

Students may apply a maximum of 2 Anthropology Capstone courses to the major. Students may apply Anthropology Human Diversity classes to the major.

Students may take a total of 6 units of ANTH 490 and, with approval of the undergraduate advisor and sponsoring faculty members, up to 6 units of ANTH 496, 498, or 499.

Minor in Anthropology (code ANTHUM01)

A minimum of 21 units in a program approved by the major advisor.

Lower Division Required:

Take all of the following courses:

ANTH 110 Introduction to Physical Anthropology (3)

ANTH 120 Introduction to Cultural Anthropology (3)

ANTH 140 Pyramids, Tombs and Treasure: Wonders of the Past (3)

ANTH 170 Introduction to Linguistics (3)

Upper Division Electives:

Take 9 units of anthropology courses in consultation with the major advisor.

Interdisciplinary Minor in Crosscultural Language and Academic Development Studies (code COEDUM01)

For requirements, see description in the Advanced Studies in Education and Counseling section of this catalog.

Graduate Programs

Master of Arts in Anthropology (code ANTHMA01)

The Department of Anthropology offers a master's degree in anthropology with study in cultural anthropology, linguistic anthropology, or archaeology. The department also offers an option in applied anthropology.

Prerequisites

1. A bachelor's degree in anthropology; or
2. A bachelor's degree with 24 units of upper division courses in anthropology, comparable to those required of anthropology majors at this University;
3. A B.A. degree in any field and other background appropriate to graduate study in anthropology. Students whose background in anthropology seems inadequate may be required to fulfill specific undergraduate deficiencies before admission to candidacy. Deficiencies will be determined by the departmental graduate advisor after consultation with the student and a review of the student's transcript records.

Advancement to Candidacy

1. Acceptance into the M.A. program by the department;
2. Satisfaction of the general University requirements for advancement to candidacy (including fulfilling the GVAR);
3. Approval of the candidate's graduate program by the departmental graduate advisor;
4. The candidate must have taken:
ANTH 501, 510, and 560 or 561 totalling 9 core units.

Requirements

1. A minimum of 33 units of 400-level upper division and graduate courses, of which 21 units must be at the 500-600 level in a program approved by the Graduate Advisor. These 33 units must include the following courses:
Take all of the following courses:
ANTH 501 Current Trends in Anthropological Theory (3)
ANTH 510 Proseminar (3)
Take one of the following courses:
ANTH 560 Ethnographic Research Methods (3)
ANTH 561 Basic Computer Research Applications in Anthropology (3)
2. Up to 6 units of course work outside the Department of Anthropology may be included in the 33 unit total;
3. Competence in appropriate research skills. These may include: familiarity with computer languages and use of computers, or statistical training and facility, or a reading knowledge of a foreign language;
4. Either A) Comprehensive Examination, or B) M.A. Thesis.

Option in Applied Anthropology (code ANTHMA02)

Students with a B.A. in Anthropology, as well as those who can apply their previous training and experience to the practice of anthropology, are welcome to apply. All graduate students participate in research projects and internships. Within the global context of urban and regional cultural change, the program offers three concentrations: multicultural

education, medical/health care, and community/organizations. Regional emphasis begins with the languages, cultures, and organizations of southern California and the Southwest and extends globally.

Prerequisites

1. A bachelor's degree in anthropology; or
2. A bachelor's degree with 24 units of upper division courses in anthropology, comparable to those required of anthropology majors at this University; or
3. A bachelor's degree in another field, either a social science, humanity, education, or medical science one, with fewer than 24 units of upper division course work in anthropology, showing evidence of strong potential skills in applied anthropology.

Students under category (3) should submit a petition together with whatever supporting materials as recommended by the Graduate Advisor. If the Graduate Student Committee considers an applicant to lack a basic understanding of anthropological theories and methods, such an applicant will be accepted provisionally into the program (as an unclassified post-baccalaureate student), in which case he/she will be advised to enroll in courses during the first semester recommended by the Committee. Providing that the student performs satisfactorily in these courses, he/she will be admitted into the program the following semester, gaining classified status, and credit will be given for those courses completed the previous semester that are required for the Master of Arts degree.

Advancement to Candidacy

1. Classified status;
2. Satisfaction of the general University requirements for advancement to candidacy (including fulfilling the GVAR);
3. Approval of the candidate's graduate program by the departmental graduate advisor.

Requirements

Plan 1 - Thesis

The student must complete a minimum of 39 units of 400 upper level upper division and graduate courses in a program approved by the Graduate Advisor. Note: Students may substitute other courses for those normally required, but only with the approval of the Graduate Advisor.

1. Take all of the following:
ANTH 501 Current Trends in Anthropological Theory (3)
ANTH 503 The Anthropological Perspective (3)
ANTH 505 Practicing Anthropology (3)
ANTH 510 Proseminar (3)
ANTH 517 Applied Anthropology (3)
ANTH 560 Ethnographic Research Methods (3)
ANTH 561 Basic Computer Research Appl in Anth (3)
ANTH 675 Applied Anth Internship Analysis (3-6)
ANTH 698 Thesis or Applied Project (6)
2. Three upper division/graduate elective courses related to the students may research interest;
3. Satisfy the language requirement. Each student will be considered individually in relation to this requirement. Which may be satisfied by ANTH 570. This requirement must be satisfied before he or she begins work on the thesis;

4. Undertake and satisfactorily complete, under the supervision of the committee, a Thesis.

Plan 2 - Project

The student must complete a minimum of 42 units of 400 upper division and graduate courses in a program approved by the Graduate Advisor. Note: Students may substitute other courses for those normally required, but only with the approval of the Graduate Advisor.

1. Take all of the following:
 - ANTH 501 Current Trends in Anthropological Theory (3)
 - ANTH 503 The Anthropological Perspective (3)
 - ANTH 505 Practicing Anthropology (3)
 - ANTH 510 Proseminar (3)
 - ANTH 517 Applied Anthropology (3)
 - ANTH 560 Ethnographic Research Methods (3)
 - ANTH 675 Applied Anth Internship Analysis (3-6)
2. Fifteen upper division/graduate units of courses related to the students main research interest.
3. Satisfy the Language requirement. Each student will be considered individually in relation to this requirement which may be satisfied by ANTH 570. This requirement must be satisfied by before he or she begins work on the Thesis.
4. Undertake and satisfactorily complete, under the supervision of an advisor, a Project, a written report on the project, and completion of three units of ANTH 698.

Courses (ANTH)

LOWER DIVISION

110. Introduction to Physical Anthropology (3)

Prerequisites/corequisites: Completion of any B.2 Foundation GE course.

Physical nature of human beings: relation of humans to other animals: heredity and principles of biological evolution: human fossils: significance of physical variation in modern populations: the origin and adaptive value of technology.

120. Introduction to Cultural Anthropology (3)

Prerequisite/corequisite: Any G.E. Foundations course.

Nature of culture; comparative and historical approach to religion, social organization, subsistence patterns and other aspects of cultures around the world; meanings of human nature, cultural universals and cultural differences.

140. Pyramids, Tombs and Treasure: Wonders of the Past (3)

Prerequisite/corequisite: Any G.E. Foundations course.

An exploration into the many enigmas that remain in the study of the human past. This course investigates how archaeologists are able to produce answers to many enduring problems using a scientific understanding of the archaeological record and material remains.

170. Introduction to Linguistics (3)

Prerequisite/corequisite: Any G.E. Foundations course.

Nature of language; its relation to culture; language structure and processes of change; language universals, contrasts and relationships.

Same course as LING 170. Not open for credit to student with credit in LING 170.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301. Principles of Archaeology (4)

Prerequisites: ANTH 140 and completion of GE Foundation requirements.

Exploration of the techniques, methods, and goals of archaeological research. Study of ceramics, lithics and other parts of the archaeological record. Examination of issues in sampling, survey, excavation and dating of archaeological materials. General problems encountered in explaining archaeological phenomena.

Not open for credit to students with credit in ANTH 205. Letter grade only (A-F). (3 hours lecture, 2 hours activity)

305I. Radical Social Analysis (3)

Prerequisite: Completion of GE Foundation requirements, one or more Explorations courses and upper division standing.

Radical examination of society and culture, focusing on classic Marxian texts as well as current critical theory and analysis. Special emphasis on critiques of capitalism and the effects of global inequality on humanity.

307I. Modernization in Global Perspective (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Exploration of psychological and material problems in modern society (both western and Third World) due to accelerating change beginning with advance of technology, rise of capitalism, abandonment of "old values," increasing complexity of bureaucracy, and lowering of social barriers.

311I. Human Adventure (3)

Prerequisite: Completion of GE Foundation requirements, one or more Explorations courses, and upper division standing.

An exploration of the evolution of key features of humanity from our origins through the present and into the future.

313. World Prehistory (3)

Prerequisite: Completion of GE Foundation requirements.

The origin of human beings and their cultures, the development of agriculture, the growth of city life, and the rise of civilization; a survey of world-wide prehistory from the Old Stone Age to the Iron Age.

314. Global Ethnography (3)

Prerequisites: Completion of GE Foundation requirements.

Recent and contemporary cultures around the world; a comparative survey of their ecological adaptations, social institutions, technology, subsistence strategies, degrees of complexity, and patterns of change.

315. Human Variation (3)

Prerequisite: Completion of GE Foundation requirement.

Biological variation and differences in modern humans. Biological concepts of biospecies and subspecies. Biological adaptations. Racism and genocide. Rise of the race concept and the social meaning of this concept. Biology of several American ethnic groups.

318. Human Genetics (3)

Prerequisites: ANTH 110 or equivalent BIOL course, a quantitative course.

Genetic background for normal and abnormal development; population differences; human reproduction, pregnancy, prenatal diagnosis and birth defects; introduction to population and evolutionary genetics; application to social, moral, legal and ethical problems and to genetic counseling.

319. Human Growth and Development (3)

Prerequisites: BIOL 205 or 207.

Analysis of the sequence of events in the development of people from conception to death; organ development; rapid and retarded growth patterns; the processes of aging and death from a broad ethnic and ecological perspective.

321. North American Indians (3)

Comparative study of traditional Native American societies, social organization, belief systems and religions, crafts and adaptation to varied environments; cultural changes in response to European contacts.

322. California Indians (3)

Survey of native Californian groups; discussion of the diversity of aboriginal culture prior to western contact as background for analysis of the impact of Europeans; problems of intercultural relations; and the current status of native Californians.

323. Peoples of Mexico and Central America (3)

Survey of present-day peoples of Mexico and Central America; indigenous and mestizo cultures and their heritage; examination of recent change.

324. Peoples of South America (3)

Survey of the present day peoples of South America; tribal Indians, peasant communities, village life, the emerging middle class, and other social groups; examination of the Indian, European, and African heritage and present day cultural and social changes.

329. Cultural Diversity in California (3)

Prerequisite: Completion of G.E. Foundation requirements.

Examination of current cultural diversity in California, including ethnicity, nationality, class, gender, religion, and region; and the impact of this diversity on public institutions will be covered.

Letter grade only (A-F).

332. Chinese Culture and Society (3)

Anthropological perspectives on revolution, socialism, and institutional change in China, ethnic diversity, family and kinship patterns, politics, economy, international relations, and religion in premodern and modern times.

333. Cultures and Societies of Southeast Asia (3)

Comparison of ecological, social, and symbolic systems of mainland and island Southeast Asia. Emphasis of traditional cultures of agricultural and small-scale societies. Effects of colonialism and modernization are also covered.

335. Japanese Culture and Society (3)

Cultural and social institutions; kinship, family structure, religion, law, politics and economy from traditional to modern times.

345. Ancient Civilizations of Mexico and Central America (3)

Origin and growth of the Aztec, Maya and other civilizations of Mexico and Central America.

347. Prehistoric Cultures of North America (3)

Archaeological evidence of origin and growth of the native American cultures north of Mexico; regional cultures and broad continental patterns of development.

351. Sex Roles and Culture (3)

Interaction of biological, cultural and historical factors on male/female roles and status in traditional and contemporary cultures and societies.

353. Health and Healing (3)

Prerequisite: Completion of GE Foundation requirements.

Cultural perspective of health and health care delivery; coverage of diverse cultures in the United States and abroad; emphasis on increasing personal awareness through exposure to diverse perceptions of illness and treatment.

363. Natural History of Primates (3)

Prerequisites: ANTH 110.

Relationship of primates to other mammals; adaptation of arboreal mammals; functional and evolutionary aspects of primate anatomy and physiology; effects of size; primate ecology; survey of the Order Primates: Prosimii, Tarsoidea, New World and Old World Monkeys, Hominoids.

401. Foundations of Anthropology (3) F

Prerequisites: ANTH 313 and ANTH 314 with grade of 'C' or better, or consent of instructor.

Introduction to history of anthropological theory from inception to current approaches; frames theories in the social context in which they emerged.

Letter grade only (A-F).

402. Evolutionary Theory (3)

Prerequisites: Upper-division standing and completion of ANTH 110 with a grade of "C" or better.

Development of evolutionary thought and its impact on Anthropology; origins of physical anthropology; Mendelian genetics, transmutationalism, populational genetics, Hardy-Weinberg equilibrium, non-Darwinian evolution, and modern synthesis; scientific method, the application of evolutionary theory to human origins, primate biology, behavioral biology. Current theoretical perspectives.

Letter grade only (A-F).

403. Evolutionary Anthropology (3)

Prerequisites: Completion of GE Foundation requirements, one or more Exploration courses, and completion of any lower division course in Anthropology with a grade of "C" or better.

Overview of the application of evolutionary theory to human behavior and culture. Fundamentals of Darwinian evolution, cultural transmission, behavioral ecology, and complex social systems. Applications in ethnology, archeology, biological anthropology and historical linguistics with relevance to issues facing modern societies.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F).

412I. Culture and Communication (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Culture and its influence on the communication process; practical application to intercultural and multicultural situations; cultural patterns in America and abroad and their effect on verbal and nonverbal communicative behavior; cultural dimensions of ethnocentrism, stereotypes, and prejudices and their effect on communication; multicultural approaches to human interaction.

413. Language and Culture (3)

Relation of language to social and cultural practices and processes; issues of meaning, identity and power within and across cultures. Same course as LING 413.

414./514. Anthropology of Religion (3)

Prerequisites: ANTH 120 and upper-division/graduate standing or consent of instructor.

An anthropological examination of religious behavior and beliefs, which will focus on these phenomena in their sociocultural and adaptive contexts. Using the cross-cultural and cultural evolutionary approach, hunter-gatherer religions through civilized ones will be covered.

Letter grade only (A-F).

415./515. Economic Anthropology (3)

Compares and contrasts the economies characteristic of hunter-gatherers, horticulturalists, and peasants; investigates the changing relations of tribal and peasant peoples to the developing global economy; and looks at production and marketing strategies within local, regional, and urban settings.

416./516. Urban Anthropology (3)

Comparative analysis of development and role of urban centers in ancient and modern cultures; interrelationships of urban and rural populations; patterns of similarity and difference in urbanism of contrasting cultures; implications for a multi-national world.

417./517. Applied Anthropology (3)

Prerequisites: ANTH 120 and upper division standing or graduate standing or consent of instructor.

Brief orientation to applied anthropology, its history and ethics; policy and applied anthropology domains (needs assessment, program evaluation, social impact assessment, environmental, advocacy); applied research methods; student proposals for internship research.

419./519. Encounters and Identities (3)

Prerequisite: Graduate and advanced undergraduate students only.

Examination of how cultural anthropologists have dealt, theoretically, with the concept of identity; concentrates more on theories than geographic regions, emphasis on recent theoretical developments such as post-modern and post-colonial approaches to the study of contemporary subjectivities.

Letter grade only (A-F).

420./520. Culture, Power and Politics (3)

Prerequisite: ANTH 120 and upper-division/graduate standing or consent of instructor.

Examines from an anthropological perspective how culture shapes the social construction of power and the practice of politics from an anthropological perspective.

421. Education Across Cultures (3)

Cross cultural perspectives on formal and informal education and socialization, using theory and methods from anthropology and linguistics. Cultural variation in schooling and multiculturalism in U.S. American classrooms. Cultural, linguistic and educational issues facing indigenous, minority and immigrant populations in schools.

Same course as LING 425.

422./522. The Anthropology of Gender (3)

Prerequisites: Upper division standing and ANTH 351 or consent of instructor.

Examines anthropological perspectives on gender and how these perspectives have challenged and transformed anthropology and feminism; class will locate gender relations in the production of anthropological knowledge, in colonial and postcolonial social fields, and in the movement of global capitalism.

Letter grade only (A-F).

427./527. Global East Asia (3)

Prerequisites: Graduate and advanced undergraduate students.

Students will examine how socio-cultural formations in an East Asian context articulate with global flows of capital, people, and ideas.

Letter grade only (A-F).

428./528. Historical Ethnography (3)

Prerequisite: Consent of instructor.

Development of the specialization of historical ethnography in anthropology, combined ethnographic and historical approaches to ethnographic questions, methodological and theoretical issues in historical ethnography.

Letter grade only (A-F).

431./531. New Media Ethnography (4)

Prerequisite: ANTH 120 or consent of the instructor.

Theory and techniques in the planning, production and presentation of multimedia and hypermedia ethnography.

Students will work in production teams to produce an ethnography

that takes advantage of different modes of ethnographic research and presentation (interactive video, photography, print, sound).

Letter grade only (A-F). (Lecture 3 hours; Lab 2 hours)

434. Primate Evolution (3)

Prerequisite: ANTH 110. Recommended: ANTH 363, upper division physical anthropology, biology, or anatomy/physiology course.

Primate evolutionary biology, minus the sub-family hominidae; fossil record and analysis of fossils (through the use of fossil casts); detailed cranial anatomy (particularly teeth) will be examined in the laboratory section; literature on primate evolution will be surveyed.

(Lecture 2 hours, Lab 3 hours)

435. Human Evolution (3)

Prerequisites: ANTH 110.

Fossil and molecular evidence for human evolution with a consideration of the importance of cultural factors.

Not open for credit to students with credit in ANTH 430.

436. Medical Anthropology (3)

Prerequisites: ANTH 353 recommended.

Interaction of cultural, biological and environmental elements in human response to disease; emphasis on an ecosystem approach with evolutionary and comparative perspectives.

437. Primate Ecology (3)

Prerequisite: ANTH 110 or a comparable biology course with a grade of "C" or better; ANTH 363 recommended.

Survey of interaction of primates with their environment. Focus on physiological ecology, nutritional ecology, chemical ecology, population ecology and behavioral ecology of primate species.

Letter grade only (A-F). (Lecture 3 hours)

440. Ethnographic Field School (3-6)

Prerequisite: Consent of Instructor.

Experiential course gives opportunity to apply standard ethnographic methods to study, observe, and learn about a non-U.S. culture.

Analysis of methodology and data collection will occur throughout the course. Location, topics and activities will vary.

Letter grade only (A-F).

441./541. Ethnographic Film Production I (4)

Prerequisite: ANTH 120 or Consent from the Instructor

Intermediate-level theory and methodology for ethnographic/documentary film production. Students will work in teams and learn the fundamentals of how to produce an ethnographic film from conception through completion using professional-quality production and post-production equipment.

Letter grade only (A-F). (Lecture 3 Hours; Lab 2 hours)

442./542. Ethnographic Film Production (4)

Prerequisite: ANTH 120 and ANTH 441/541 or Consent from the Instructor

Advanced-level theory and methodology for ethnographic/documentary film production. Students will work in teams and learn the fundamentals of how to produce an ethnographic film from conception through completion using professional-quality production and post-production equipment.

Letter grade only (A-F). (Lecture 3 hours; Lab 2 hours)

444./544. Transnational Migrants (3)

Prerequisites: ANTH 120 and upper-division/graduate standing or consent of the instructor.

Anthropological examination of the lives of immigrants and refugees. Explores the way studies of migration challenge our understanding of the local context of globalization and transnationalism. Focus on theories of culture, ethnicity, and identity as well as theories of incorporation, adaptation and nativism and the relevance of applied anthropology through research and advocacy.

Letter grade only (A-F).

450. Archaeological Field Research (1-10)

Prerequisite: Consent of Instructor.

Introduction to field acquisition of archaeological data through remote sensing, geophysics, survey, and excavation; instructional emphasis is on recovery, recording techniques, and the management of field projects; locations will vary and may be offered on Saturdays.

May be repeated to a maximum of 10 units in different semesters.

451./551. Archaeological Artifacts Analyses (4)

Prerequisite: ANTH 140 or equivalent.

Study of the products of human activity; nature of measurement and observation within the archaeological record; Explanations of artifact variability. study of lithics, ceramics, and other types of archaeological materials. Practical experience in the study of materials, sampling, errors.

Letter grade only (A-F). (Lec 3 hrs, Lab 2 hrs)

454. Culture and Aging (3)

Cultural perspectives on aging and the aged in America and elsewhere. Attention to insider views from specific societies and to comparison of aging concerns in diverse settings.

455./555. Archaeological Method and Theory I (4)

Prerequisite: Consent of the instructor.

Examination of theoretical constructs in the analysis of archaeological data. Development and construction of a metalanguage for the discussion and analysis of historical phenomenon. Key debates in archaeological literature about the nature of theory, knowledge, theory and units.

Letter grade only (A-F). (Lec 3 hrs, Lab 2 hrs)

456./556. Archaeological Method and Theory II (4)

Prerequisites: Consent of instructor and ANTH 455.

Analysis of conceptual frameworks employed by archaeologists in obtaining explanation in the three major areas of culture history, cultural reconstruction, and explanatory prehistory. Introduction to evolutionary theory as used in archaeology. Debates about the nature of evolutionary explanations.

Letter grade only (A-F).

458. Ethnographic Methods (4)

Prerequisites: ANTH 110, 120, 140, and 170 or consent of Instructor.

Introduction to purposes of cultural anthropology fieldwork, methodology used to collect ethnographic data, and ways of analyzing and reporting data collected; focus on identifying and defining research problems and populations, and ethical issues that arise when conducting research.

471./571. Prehistory of Eastern North America (3)

Prerequisites: ANTH 140 or equivalent.

Ecological and evolutionary account of prehistoric cultural developments in North America east of the Rocky Mountains. Cultural and environmental change from appearance of people in New World to collapse of indigenous cultural systems.

Letter grade only (A-F).

473./573. Archaeology of California (3)

Prerequisites: ANTH 140 or 301 or 313.

Overview of the archaeology of California, from initial human colonization through European contact. Emphasis on environmental change, human-environment interactions, the development of social complexity, and the consequences of European colonization.

Letter grade only (A-F).

475. Language and Gender in Cross-Cultural Perspective (3)

Analysis of men's and women's communication in its social and cultural context; role of gender in interpreting conversational

interactions in the U.S. and elsewhere; acquisition of gender differences; cultural dimensions of perceptions and stereotypes and their effect on communication.

Same course as LING 470, WGSS 475.

478. Anthropology and Film (3)

Prerequisite: One lower division anthropology course or consent of instructor.

This seminar critically analyzes issues of an anthropological nature as presented in ethnographic and commercial films. Representations of anthropologists, anthropological theories and methods, and populations and concerns of anthropological interest are contrasted with scholarship published on the same issues.

Letter grade only (A-F) for Majors/Minors.

480A. Osteology I (3)

Introduction to skeletal anatomy, measurement and analysis of osteological collections, applied anthropometrics and morphometrics.

(Lecture 2 hours, Lab 3 hours)

487./587. Cultural Resource Management (3)

Prerequisite: ANTH 301.

Introduction to the practice of public archaeology in the United States: historical and legal background; federal, state, and local programs; archaeology and Native Americans; contract archaeology; survey, evaluation, and mitigation projects; professional employment in U.S. cultural resource management.

Letter grade only (A-F).

490. Special Topics in Anthropology (3)

Topics of current interest in anthropology selected for intensive development.

May be repeated to a maximum of 6 units. Topics will be announced in the *Schedule of Classes*.

496. Internship (3)

Prerequisites: Upper division standing, approval of faculty mentor.

Supervised internship in an area of anthropology within or outside the University; field experience of 90 hours in which the student gains practical experience in an area of anthropology.

Letter grade only (A-F).

498. Senior Thesis (1-6)

Prerequisites: Open only to Anthropology major, senior standing, and have approval of a faculty mentor.

Research for and writing of a senior thesis under the direction and guidance of an Anthropology Department faculty mentor.

Letter grade only (A-F).

499. Guided Studies in Anthropology (1-3)

Prerequisite: Consent of department.

Selected topics in anthropology and preparation of a research report.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL

501. Current Trends in Anthropological Theory (3)

Prerequisites: ANTH 401 or its equivalent, and graduate standing.

Examination of current themes used by leading anthropologists in the areas of our graduate program, i.e.: Applied Anthropology, Linguistic Anthropology, and Archaeology. Investigation of how theories shape problems and analytic techniques, and what makes theory 'cutting edge'.

Letter grade only (A-F).

503. The Anthropological Perspective (3)

Prerequisite: Graduate standing or consent of instructor.

Through reading and discussion of ethnographies and reports of applied anthropological work, this course reviews the scientific

understanding of the process of inquiry and action in the human sciences, leading to the identification of a common core perspective within anthropology.

Letter grade only (A-F).

505. Practicing Anthropology (3)

Prerequisite: Graduate standing or consent of instructor.

Review of practical contributions by anthropologists in non-academic settings; Attention to specific skills used by practicing anthropologists; business writing including resumes, contracts; oral presentations using audiovisual aides; internal and external contracting; time management; project management; working across disciplines; ethics.

Letter grade only (A-F).

510. Proseminar (3) F

Prerequisites: Six units of upper-division anthropology courses or consent of instructor.

Development of proposal planning, budgeting, and writing skills, particularly in applied anthropology, linguistics, and archaeology; both academic and contract/consulting types of proposals will be covered.

Letter grade only (A-F).

514./414. Anthropology of Religion (3)

Prerequisite: ANTH 120 and upper-division/graduate standing or consent of instructor.

Anthropological examination of religious behavior and beliefs, which will focus on these phenomena in their sociocultural and adaptive contexts using cross-cultural and cultural evolutionary approach, hunter-gatherer religions through civilized ones.

Letter grade only (A-F).

515./415. Economic Anthropology (3)

Compares and contrasts the economies characteristic of hunter-gatherers, horticulturalists, and peasants; investigates the changing relations of tribal and peasant peoples to the developing global economy; and looks at production and marketing strategies within local, regional, and urban settings.

516./416. Urban Anthropology (3)

Comparative analysis of development and role of urban centers in ancient and modern cultures; interrelationships of urban and rural populations; patterns of similarity and difference in urbanism of contrasting cultures; implications for a multi-national world.

Letter grade only (A-F).

517./417. Applied Anthropology (3)

Prerequisites: ANTH 120 and upper division standing or graduate standing or consent of instructor.

Brief orientation to applied anthropology, its history and ethics; policy and applied anthropology domains (needs assessment, program evaluation, social impact assessment, environmental, advocacy); applied research methods; student proposals for internship research.

Letter grade only (A-F).

519./419. Encounters and Identities (3)

Prerequisite: Graduate and advanced undergraduate students only.

Examination of how cultural anthropologists have dealt, theoretically, with the concept of identity; concentrates more on theories than geographic regions, emphasis on recent theoretical developments such as post-modern and post-colonial approaches to the study of contemporary subjectivities.

Letter grade only (A-F).

520./420. Culture, Power and Politics (3)

Prerequisite: ANTH 120 and upper-division/graduate standing or consent of the instructor.

Examines from an anthropological perspective how culture shapes the social construction of power and the practice of politics from an anthropological perspective.

522./422. The Anthropology of Gender (3)

Prerequisite: Graduate standing or consent of instructor (ANTH 351 recommended).

Examines anthropological perspectives on gender and how these perspectives have challenged and transformed anthropology and feminism; class will locate gender relations in the production of anthropological knowledge, in colonial and postcolonial social fields, and in the movement of global capitalism.

Letter grade only (A-F).

527./427. Global East Asia (3)

Prerequisites: Graduate and advanced undergraduate students.

Students will examine how socio-cultural formations in an East Asian context articulate with global flows of capital, people, and ideas.

Letter grade only (A-F).

528./428. Historical Ethnography (3)

Prerequisite: Graduate status or consent of instructor.

Development of the specialization of historical ethnography in anthropology, combined ethnographic and historical approaches to ethnographic questions, methodological and theoretical issues in historical ethnography.

Letter grade only (A-F).

530. Ethnography of Communication (3)

Prerequisite: Graduate standing.

Study of talk and other forms of communication from an ethnographic perspective. Emphasizes relevant methods and theories. Among the major topics presented from this perspective are language socialization, genres of speaking, intercultural communication, speech styles, strategic uses of language, and literacy.

Letter grade only (A-F). Same course as LING 533. Not open for credit to student with credit in LING 533.

531./431. New Media Ethnography (4)

Prerequisite: Graduate standing or consent of the instructor.

Theory and techniques in the planning, production and presentation of multimedia and hypermedia ethnography. Students will work in production teams to produce an ethnography that takes advantage of different modes of ethnographic research and presentation (interactive video, photography, print, sound).

Letter grade only (A-F). (Lecture 3 hours; Lab 2 hours)

540. Ethnographic Field School (3-6)

Prerequisite: Consent of Instructor.

This experiential course gives students an opportunity to apply standard ethnographic methods to study, observe, and learn about a non-U.S. culture. Analysis of methodology and data collection will occur throughout the course. Location, topics and activities will vary.

Letter grade only (A-F).

541./441. Ethnographic Film Production I (4)

Prerequisite: Consent from the Instructor

Intermediate-level theory and methodology for ethnographic/documentary film production. Students will work in teams and learn the fundamentals of how to produce an ethnographic film from conception through completion using professional-quality production and post-production equipment.

Letter grade only (A-F). (Lecture 3 hours; Lab 2 hours)

542./442. Ethnographic Film Production II (4)

Prerequisite: Consent from the Instructor

Advanced-level theory and methodology for ethnographic/documentary film production. Students will work in teams and learn the fundamentals of how to produce an ethnographic film from conception through completion using professional-quality production and post-production equipment.

Letter grade only (A-F). (Lecture 3 hours; Lab 2 hours)

544./444. Transnational Migrants (3)

Prerequisites: Graduate standing or consent of the instructor

Anthropological examination of the lives of immigrants and refugees. Explores the way studies of migration challenge our understanding of the local context of globalization and transnationalism. Focus on theories of culture, ethnicity, and identity as well as theories of incorporation, adaptation and nativism and the relevance of applied anthropology through research and advocacy.

Letter grade only (A-F).

555./455. Archaeological Method and Theory I (4)

Prerequisite: Graduate standing or consent of instructor.

Examination of theoretical constructs in the analysis of archaeological data. Development and construction of a metalanguage for the discussion and analysis of historical phenomenon. Key debates in archaeological literature about the nature of theory, knowledge, theory and units.

Letter grade only (A-F). (Lec 3 hrs, Lab 2 hrs)

556./456. Archaeological Method and Theory II (4)

Prerequisite: Graduate standing and consent of instructor.

Analysis of conceptual frameworks employed by archaeologists in obtaining explanation in the three major areas of culture history, cultural reconstruction, and explanatory prehistory. Introduction to evolutionary theory as used in archaeology. Debates about the nature of evolutionary explanations.

Letter grade only (A-F).

560. Ethnographic Research Methods (3)

Prerequisite: Graduate standing or consent of instructor.

A practice-oriented seminar in ethnographic research methodology, emphasizing techniques, methods, and concepts of ethnographic research. The course examines several qualitative, in-depth methods used by anthropologists as well as research design and research ethics.

561. Basic Computer Research Applications in Anthropology (3)

Prerequisite: ANTH 560 or consent of instructor.

Basics of both qualitative and quantitative computer methods, employing currently appropriate software and statistical techniques. Methods covered will be specifically related to research in archaeology and applied anthropology; and the presentation of results, as well as various research problems, will be addressed.

Letter grade only (A-F).

570. Linguistic Field Methods (3)

Prerequisite: An introductory Linguistics course

Introduction to linguistic field work with a native speaker of an unfamiliar non-European language. Phonetic transcription and investigation of phonological, morphological, and syntactic structures of the selected language within the context of linguistic universals.

Letter grade only (A-F). Same course as LING 580. Not open for credit to students with credit in LING 580.

591. Preceptorial Reading in Archaeological Science (3)

Prerequisite: Graduate standing.

Training in the problems, principles, and methods involved in the explanation of prehistory within a scientific framework; Meeting times to be arranged.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

592. Research Preparation in Archaeological Science (3)

Prerequisite: Graduate standing.

Training in steps required for conducted research in archaeological science. Consists of development of research questions, research design and proposal.

May be repeated to a maximum of 6 units in different semesters. Credit/No Credit only.

597. Directed Readings in Anthropology (1-3)

Prerequisites: Senior or graduate standing and consent of instructor.

Selected topics in anthropology will be studied in depth. A written report will be prepared.

Letter grade only (A-F).

600. Seminar in Ethnology and Social Anthropology (3)

Topics of substantive and theoretical importance and their application to research problems.

May be repeated to a maximum of 6 units. Letter grade only (A-F)

620. Seminar in Archaeology (3)

Prerequisites: Six upper division units in archaeological courses or consent of instructor.

Important recent discoveries; contemporary ideas, trends and problems.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

630. Seminar in Anthropological Linguistics (3)

Prerequisite: Consent of instructor.

Areas and methods of linguistic study and research; evaluation and intensive scrutiny.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

675. Applied Anthropology Internship Analysis (3-6)

Prerequisites: ANTH 510, 517, 560.

Guided review and discussion of internship in applied anthropology; hands-on introduction to team analysis and other analytic methods drawing on research conducted during the internship.

Credit/No Credit grading only.

697. Directed Research (1-3)

Prerequisite: Consent of department.

Research in anthropology on an individual basis.

Letter grade only (A-F).

698. Thesis or Applied Project (1-6)

Prerequisite: Consent of department.

Planning, preparation and completion of a thesis (6 units) or an applied project (3 units) in anthropology.

May be repeated to a maximum of 6 units in the same semester. Letter grade only (A-F).

ART

College of the Arts

Department Chair: Christopher Miles

Department Administrative Office: Fine Arts (FA) 4, Room 102

Department Student Services Office: Fine Arts (FA) 4, Room 106

Telephone / FAX: (562) 985-4376 / 985-1650

Undergraduate Advisor: B.A./B.F.A.: Duan Jackson (562) 985-4381

Graduate Advisor: M.A./M.F.A.: Margaret Black (562) 985-7910

Faculty: Margaret Black, Kendall Brown, Andrew Byrom, Mason Cooley, Domenic A. Cretara, Bryan Crockett, Tanya Cummings, Linda Day, Todd Gray, Jen Grey, David A. Hadlock, Peter Holliday, Tor Hovind, Yu Ji, Karen Kleinfelder, Thomas J. Krumpak, Jay Kvapil, Anthony Marsh, Mark Michelin, Christopher Miles, Julia I. Miller, Aubry Mintz, Kimiko Miyoshi, Catha Paquette, Sunook Park, Robin Richesson, Kyle Riedel, Mark Ruwedel, Roxanne Sexauer, Nizan Shaked, Carol Shaw-Sutton, Fran Siegel, Carlos Silveira, Matthew Simms, Rebecca Sittler Schrock, Marian Stewart, Craig C. Stone, Tiffany Sum, Marie Thibeault, Michael Whitlow, George Zebot

Administrative Coordinator: Karen Warner

Career Possibilities

Artist • Art Appraiser • Art Critic • Art Director • Art Educator • Art Historian • Art Librarian • Art Therapist • Architectural Illustrator • Billboard Artist • CAD Designer • Cartographer • Commercial Advertising Industry • Commercial Artist • Community Arts Instructor • Concept Illustrator • Display Designer for retail and commercial exhibitions • Entertainment Industry: Animator, Art Director, Backdrop Designer/Painter • Caricaturist • Cartoonist • Concept Illustrator • Fashion Illustrator • Set Decorator • Set Designer • Storyboard Artist • Graphic Designer • Illustrator • Illustration Publishing Industry: books, CD's, greeting cards, magazines, newspapers, and technical materials • Muralist • Museum/Gallery: Director, Preparator, Conservator • Commercial / Fine Art Photographer • Police Artist • Master Printer • Textile Designer • Videographer • Web Designer: Motion Graphics, Information Architect (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The diversity of the Department of Art programs, the quality of instruction, and the professional caliber of its faculty all combine to provide an exceptional opportunity and challenge to students seeking meaningful educational experiences and careers in the visual arts.

Programs at a Glance

Bachelor of Arts:

- Art
- Art History
- Art Education

Bachelor of Fine Arts

- Specializations
 - Photography, Ceramics, Drawing/Painting, Illustration/Animation, 3-D Media-Fiber/Metal/Wood, Printmaking, Sculpture, Graphic Design

Master of Arts:

- Art, Concentration in Art Education
- Art, Concentration in Art History
- Art, Concentration in Studio Art

Master of Fine Arts

Art, Concentration in Studio Art

Tracks

Ceramics, Drawing and Painting, Fibers, Illustration/Animation, Metals, Photography, Printmaking, Sculpture/4D, Visual Communication Design, and Wood

Certificates

Museum and Curatorial Studies
Biomedical Art

Accreditation

The Department of Art is an accredited institutional member of the National Association of Schools of Art and Design (National Association of Schools of Art and Design, 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, phone: 703-437-0700).

Admission Under Impaction to the Bachelor of Arts in Studio Art

To be eligible for admission to the Option in Studio Art under the Bachelor of Arts (B.A.), applicants must have met requirements for admission to the university as a freshman or transfer student. Applicants must have completed 42 units applicable toward a CSULB degree prior to the term for which the application is submitted. Eligible applicants will be admitted for available spaces based on cumulative grade point average.

Admission Under Impaction to the Bachelor of Fine Arts

To be eligible for admission to a Bachelor of the Fine Arts (B.F.A.) program, applicants must have met requirements for admission to the university as a freshman or transfer student. Applicants must have completed 42 units applicable toward a CSULB degree prior to the term for which the application is submitted. Applicants must provide a portfolio of their creative work to the Department of Art. Eligible applicants will be admitted for available spaces based on portfolio review by the faculty. Students have only two chances to apply for a B.F.A. program. Portfolios can be submitted before entering the Department but it is suggested that students interested in the B.F.A. programs enter the university as a Studio Art major, take between six to nine upper division units in the area of specialization, and then submit a portfolio. By doing so, students will become acquainted with the Department and the specific requirements for portfolio review. By applying early students may use one of the two chances for admission before being ready.

Admission to Baccalaureate Degree Options in Studio Art

The number of applicants to programs in Art usually exceeds the number that can be accommodated. For this reason, the department has been authorized by the California State University to apply supplemental admission criteria. Admission is on a competitive basis, and continuing CSULB students and transfer applicants will be considered equally.

Freshmen applying to the university as Art Education or Art History majors will be admitted to the major if they meet all requirements for admission to the university. Students applying to the B.A. in the Option in Studio Art or to one of the BFA degree options will be admitted as pre-Studio Art majors. Admission as a pre-Studio Art major does not guarantee admission to the major.

Continuing students must apply for admission to the option during the month of November for the following fall or during the month of August for admission for the following spring. Applications must be submitted at such a date so that students can be admitted to an option by the time they reach 60 units.

Transfer applicants must apply during the initial filing period and must designate the major on the application. Students who are not admitted to the major will be admitted to an alternate major if they have listed one on the application. If no alternate major is listed, the student will not be admitted to the university.

Transfer students who qualify for admission to the university will be admitted to the Art Education or Art History major. Students applying for the B.A. in the Option in Studio Art, must meet the criteria for admission to the major. Students applying to a B.F.A. option must supply a portfolio of their creative work to the Department of Art.

Students who are not admitted to the designated major will be admitted to an alternate major if they have listed one on the application. If no alternate major is listed, the student will not be admitted to the university.

Admission Procedures for Change of Major

Currently enrolled students who are undeclared or majors in other departments and who wish to apply for admission to degree option programs in art must:

1. Submit a Change of Degree Objective form to the Department of Art Student Services Office during the months of November or August;
2. Students applying for the B.F.A. degree programs in Art must also supply transcripts of college-level academic work attempted, and a portfolio of their creative work.

Undergraduate Programs

Bachelor of Arts in Art

Option in Studio Art (code ART_BA01) (120 units)

Requirements

Lower Division

Take the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- Any 100-level AH (3)
- ART 101 Artists in Their Own Words (3)

Take one of the following courses:

- ART 101 Artists in Their Own Words (3)
- DESN 300 Designers in Their Own Words (3)

Take all the following courses:

- ART 130 Foundation Two-Dimensional (3)
- ART 131 Foundation Three Dimensional (3)

- ART 181 Foundation Drawing (3)
- ART 184 Foundation Life Drawing (3)
- ART 221 Shop Orientation (1)

Take one of the following courses:

- ART 132 Foundation Color Theory (3)
- ART 287 Introduction to Painting (3)

Take one course from the following:

- ART 132, 149, 241, 270, 271, 287

Take one course from the following:

- ART 251A, 251B, 261, 263, 265

Take one course from the following:

- ART 132, 149, 241, 251A, 251B, 261, 263, 265, 270, 271, 287

Upper Division:

Take 9 units of Art History

Take one course from two of the following programs:

- Drawing and Painting, Printmaking, Illustration, Photography, Graphic Design;

Take one course from two of the following programs:

- Ceramics, Fiber, Metal, Sculpture/4D, or Wood;

Take 12 upper division units from one of the following programs:

- Art History, Art Education, Ceramics, Drawing and Painting, Fiber, Graphic Design, Illustration, Metal, Photography, Printmaking, Sculpture/4D, Wood.

Option in Art History (code ART_BA02) (120 units)

Requirements

Lower Division:

Take all the following:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional (3)
- ART 181 Beginning Drawing (3)
- HIST 131 Early Western Civilization (3)
- HIST 132 Modern Western Civilization (3)

Take 3 courses selected from the following:

- AH 111C, 112, 113A, 113B, 114, 116

Take one course from the following:

- ART 131, 184, 263, 287

Upper Division Art History:

Take all the following:

- AH 446 Art History Methodologies and Writing (3)
- AH 447 Historiography of Art History (3)
- AH 497 Seminar in Art History (3)

Take one course from the following:

- AH 415, 448, 449, 450

Take three courses from one of the following 6 groups, plus one course from each of the remaining five groups:

1. AH 416, 417, 465, 408, 409
2. AH 410, 423, 424, 425, 426, 427
3. AH 400, 401, 402, 431, 436, 437
4. AH 411, 430, 438, 439, 441
5. AH 466, 467, 468, 469, 470A, 470B, 471A, 471B, 471C
6. AH 455, 456, 457, 458, 459

Other: Complete two years of French or German (or other preapproved foreign language) with an average grade of "B" or better.

Option in Art Education (code ART_BA03) (120 units)

This option is a four year degree program for students who wish to become art teachers at the middle and secondary school levels (or art specialists at the elementary level). Completion of this major meets the subject matter competence requirement for the Preliminary Single Subject Credential.

Requirements

Lower Division:

Take all of the following:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional Design (3)
- ART 131 Foundation Three Dimensional (3)
- ART 149 Foundation Computer Art (3)
- ART 181 Foundation Drawing (3)
- ART 184 Foundation Life Drawing (3)
- ART 251A Introduction to Ceramics: Handbuilding (3)
- ART 251B Introduction to Ceramics: Wheel Throwing (3)
- ART 287 Introduction to Painting (3)

Take 3 units of 100-level AH (Non-West)

Upper Division:

Take all of the following:

- ART 300 Art, Adolescence, and the Child (3)
- ART 301 Cross-Cultural Perspective in Art Education (3)
- ART 305 Art Disciplines and New Technology (3)
- ART 407 Art Practicum (3)
- ART 408 Historical Perspectives in Contemporary Art Education (3)
- ART 412 Aesthetic Theories in Art Education (3)
- ART 415 On-Site Studies in Art Education (3)

Take one of the following:

- AH 438 Art of Early to Mid Twentieth Century (3)
- AH 439 Art of Mid to Late Twentieth Century (3)

Take one course from the following:

- AH 455, 456, 457, 458, 466, 467, 468, 469, 470A, 470B, 471A, 471B

Take one course from the following:

- ART 381, 383, 384, 385, 387

Take one course from the following:

- ART 355, 356, 357A, 357B, 358A, 359A, 362A, 363

Take one course from the following:

- ART 340, 342A, 349, 370, 371A, 371B, 376, 377, 450A

Take one course from the following:

- ART 317, 328A, 341A, 341B

Must take one more course in the same studio area from one Art Studio upper division selection.

Single Subject Art Education Credential (code 110)

In addition to meeting the subject matter competence requirement for the Preliminary Single Subject Credential in Art, prospective art teachers are also required to complete 45 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses in their junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as post-

baccalaureate student. Refer to the Single Subject Teacher Education section of this *Catalog* or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Before student teaching in art, students must pass a portfolio review. A passing score on the CBEST is also required. For information concerning requirements for the B.A. program, teacher preparation, as well as the fifth year for the credential, consult the art education advisor.

The Option in Art Education Subject Matter Program is being revised to meet new state standards. When approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Bachelor of Fine Arts

The Bachelor of Fine Arts degree is offered for the student eventually seeking a Master of Fine Arts degree, the position of a professional artist or designer, and for teaching studio art within a selected specialization. The B.F.A. degree program is demanding, requiring high quality performance in order to develop the professional competence of talented students toward successful entrance into the professional art field.

Option in Art Photography (code ART_BF01) (132 units)

Requirements

Lower Division:

Take all the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)

Take 3 units 100-level AH

Take 6 units of the following:

- ART 101 Artists in Their Own Words (3)

Take all the following courses:

- ART 130 Foundation Two Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 149 Introduction to Computer Art (3)
- ART 181 Foundation Drawing (3)
- ART 241 Introduction to Photography (3)

Take one of the following:

- ART 184 Foundation Life Drawing (3)
- ART 261 Introduction to Life Sculpture (3)

Upper Division:

Take all the following courses:

- AH 400 19th Century Photography (3)
- ART 340 Intermediate Photography (3)
- ART 342A Color Photography (3)
- ART 406A Digital Imagery for the Arts (3)
- ART 406B Advanced Digital Imagery for the Arts (3)
- ART 444 Advanced Black and White Photography (3)
- ART 447 Photography Studio Specialities (3)
- ART 473 Seminar in Photo-Based Art (3)
- ART 491C Senior Project (3)
- ART 499V Special Studies in Art Photography (3)

Take 3 units from the following courses:

- AH 438, 439, 441

Take 3 units upper-division AH

Take 5 units ART outside specialization

Track A

Take the following courses:

- ART 414 Documentary Photography (3)
- ART 449 Experimental Practices in Photography (3)

Take 3 units from the following:

- ART 436A, 475

Track B

Take the following course:

- ART 436A Video Art (3)

Take 6 units from the following:

- ART 414, 436B, 449, 450A.

Option in Ceramics (code ART_BF02) (132 units)

Requirements

Lower Division:

Take all of the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 181 Foundation Drawing (3)
- ART 251A Introduction to Ceramics: Handbuilding (3)
- ART 251B Introduction to Ceramics: Wheel Throwing (3)
- ART 287 Introduction to Painting (3)

Take 3 units 100-level AH

Take one of the following courses:

- ART 184 Foundation Life Drawing (3)
- ART 261 Introduction to Life Sculpture (3)

Upper Division:

Take all of the following courses:

- ART 341A Intermediate Ceramics Handbuilding (3)
- ART 341B Intermediate Ceramics: Wheel Throwing (3)
- ART 343A Ceramics Sculpture (3)
- ART 343B Advanced Wheel Throwing (3)
- ART 352A Ceramics: Glaze Technology (3)
- ART 352B Ceramics Plaster Shop (3)
- ART 451A Advanced Ceramics (3)
- ART 451B Advanced Ceramics (3)
- ART 491A Ceramics: Senior Project (1)
- AH 364 History of Ceramics (3)

Take 9 units of AH only 3 units may be AH 438, 439 or 441

Take 9 units ART outside the specialization

Option in Drawing and Painting (code ART_BF03) (132 units)

Requirements

Lower Division:

Take all of the following course:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two-Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 181 Foundation Drawing (3)
- ART 184 Foundation Life Drawing (3)
- ART 287 Introduction to Painting (3)

Take 3 units 100-level AH

Take one course selected from:

- ART 251A Introduction to Ceramics: Handbuilding (3)
- ART 251B Introduction to Ceramics: Wheel Throwing (3)
- ART 261 Introduction to Life Sculpture (3)
- ART 263 Introduction to Sculpture/4D (3)

Upper Division:

Take all of the following courses:

- ART 381 Intermediate Drawing (3)
- ART 383 Life Painting (3)
- ART 384 Intermediate Life Drawing (3)
- ART 387 Painting (3)
- ART 388 Color Theory and Composition (3)
- ART 491G Drawing and Painting Senior Project (1)
- ART 496A BFA Capstone: Drawing and Painting (3)
- ART 496B BFA Capstone: Drawing and Painting (3)

Contemporary Practices Track

Take all of the following courses:

- ART 481 Advanced Drawing (3)
- ART 487 Advanced Painting (3)
- ART 492G Concentrated Studies in Abstract Painting (3)

Take one of the following courses:

- ART 483 Advanced Life Painting (3)
- ART 484 Advanced Life Drawing (3)

Take 9 units of AH

Take 9 units ART outside the specialization

Figurative Track

Take all of the following courses:

- ART 483 Advanced Life Painting (3)
- ART 484 Advanced Life Drawing (3)
- ART 492F Concentrated Studies in Life Drawing (3)
- ART 492Z Concentrated Studies in Life Painting (3)

Take one of the following courses

- ART 481 Advanced Drawing (3)
- ART 487 Advanced Painting (3)

Take 9 units of AH

Take 6 units ART outside the specialization

Option in Illustration (code ART_BF04) (132 units)

Requirements

Lower Division:

Take all the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 181 Foundation Drawing (3)
- ART 184 Foundation Life Drawing (3)
- ART 223 Lettering-Typography (3)
- ART 271 Introduction to Rendering (3)

ART 287 Introduction to Painting (3)

Take 3 units 100-level AH

Upper Division:

Take all of the following:

- ART 371A Illustration (3)
- ART 372 Anatomy for Artists (3)
- ART 491E Illustration/Animation Senior Project (1)

Take 6 units of AH

Animation Track

Take all the following courses:

- ART 390 Drawing: Figures in Context (3)
- ART 391 Animation 1 (3)
- ART 392 Animation 2 (3)
- ART 393 Character Design (3)
- ART 472 Storyboarding for Film and Television (3)
- ART 499E Special Studies in Animation (3)

Take 9 units from the following courses:

- ART 384, 416, 417, 426, 427, 476, 478, 499E

Take 6 units from the following courses:

- ART 371B, 373, 383, 385, 482

Take 6 units ART outside the specialization

Illustration Track

Take all the following courses:

- ART 321 Graphic Design I: Intro to Graphic Design (3)
- ART 371B Illustration (3)
- ART 382 Production for Fine Arts (3)
- ART 383 Life Painting (3)
- ART 471A Advanced Illustration (3)
- ART 471B Advanced Illustration (3)
- ART 482 Sequential Imagery (3)

Take one of the following courses:

- ART 374A Biomedical Rendering (3)
- ART 499F Special Studies in Illustration (3)

Take 6 units from the following courses:

- ART 373, 385, 391, 476, 483

Take 9 units Art outside the specialization

Option in 3-D Media (Fiber, Metal or Wood) (code ART_BF05) (132 units)

Lower Division:

Take all of the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 181 Foundation Drawing (3)
- ART 263 Introduction to Sculpture/4D (3)
- ART 287 Introduction to Painting (3)

Take 3 units 100-level AH

Take one of the following courses:

- ART 251A Introduction to Beginning Ceramics: Handbuilding (3)
- ART 251B Introduction to Beginning Ceramics: Wheel Throwing (3)

Take one of the following courses:

- ART 184 Foundation Life Drawing (3)
- ART 261 Introduction to Beginning Life Sculpture (3)

Upper Division:

Take all of the following courses:

- ART 381 Intermediate Drawing (3)
- ART 491B 3-D Media: Senior Project (1)

Take one of the following specializations:

Fiber

Take all of the following courses:

- ART 316 Fiber: Pattern Design and Printing (3)
- ART 317 Fiber: Textile Dyeing (3)
- ART 328A Beginning Fiber Structures (3)

ART 428A Fiber: Woven Structures (3)

ART 432 Fiber: Advanced (3)

ART 499N Special Studies-Fiber (3)

Take 3 units from the following courses:

- ART 328B, 428B or 430

Take 6 units of AH

Take one of the following choices:

- ART 333 Behind the Art Scene (3)

3 units AH

Take 9 units ART outside the specialization

Metal

Take all of the following courses:

- ART 357A Beginning Metals and Jewelry (3)
- ART 357B Beginning Metals and Jewelry (3)
- ART 358A Metalsmithing (3)
- ART 358B Metalsmithing (3)
- ART 458A Adv Metalsmithing/Jewelry & Enameling (3)
- ART 458B Adv Metalsmithing/Jewelry & Enameling (3)

Take 3 units from the following courses:

- ART 355, 356, 359A, 359B, or 499J

Take 6 units AH

Take one of the following choices:

- ART 333 Behind the Art Scene (3)

3 units AH

Take 9 units ART outside the specialization

Wood

Take all of the following courses:

- ART 354A Introduction Wood (3)
- ART 354B Intermediate Wood (3)
- ART 454A Handcrafted Furniture (3)
- ART 454B Handcrafted Furniture (3)

Take the following course for 9 units:

- ART 499B Special Studies in Wood (9)

Take 6 units AH

Take one of the following choices:

- ART 333 Behind the Art Scene (3)

3 units AH

Take 9 units ART outside the specialization

Option in Printmaking (code ART_BF06) (132 units)

Requirements

Lower Division:

Take all of the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- ART 130 Foundation Two Dimensional (3)
- ART 131 Foundation Three Dimensional (3)
- ART 181 Foundation Drawing (3)
- ART 184 Foundation Life Drawing (3)
- ART 287 Introduction to Painting (3)

Take 3 units 100-level AH

Take one of the following:

- ART 149 Introduction to Computer Art (3)
- ART 241 Introduction to Photography (3)

Upper Division:

Take all of the following courses:

- ART 370 Printmaking (3)

ART 376 Printmaking: Relief Printing (3)
 ART 377 Printmaking: Silkscreen (3)
 ART 378 Printmaking: Etching (3)
 ART 379 Printmaking: Lithography (3)
 ART 381 Intermediate Drawing (3)
 ART 475 Printmaking: Photo Processes (3)
 ART 480 Printmaking: Monotype (3)
 ART 491P Printmaking: Senior Project (1)
 ART 499R Special Studies in Printmaking (3)
 AH 365 History of Prints and Drawings (3)
 AH 439 Twentieth Century Art from 1945 (3)
 Take 6 units elective upper division Art History (AH)
 Take 12 units ART outside the specialization

Option in Sculpture (code ART_BF07) (132 units)

Requirements

Take all of the following courses:
 AH 111A Foundation Art History I (3)
 AH 111B Foundation Art History II (3)
 ART 130 Foundation Two Dimensional (3)
 ART 131 Foundation Three Dimensional (3)
 ART 221 Shop Orientation (1)
 ART 261 Introduction to Life Sculpture (3)
 ART 263 Introduction to Sculpture/4D (3)
 Take 3 units 100-level AH
 Take 6 units of the following course:
 ART 101 Artists in Their Own Words (3)
 Take one of the following courses:
 ART 149 Foundation Computer Art (3)
 ART 241 BIntroduction to Photography (3)
 Take one of the following courses:
 ART 181 Foundation Drawing (3)
 ART 184 Foundation Life Drawing (3)
 Take 6 units from the following courses:
 ART 132, 149, 181, 184, 223, 241, 251A, 251B, 265,
 270, 271, 287

Upper Division:

Take all of the following courses:
 ART 360A Sculpture/4D: Intermediate (3)
 ART 360B Sculpture/4D: Intermediate (3)
 ART 363A Sculpture /4D: Fabrication Lab A (3)
 ART 474 Seminar in Sculpture and Time-Based Art (3)
 ART 491F Sculpture/4D Senior Project (1)
 Take 6 units from the following courses:
 AH 438, 439, 441
 Take 3 units of Art History (AH)
 Take one of the following choices:
 ART 333 Behind the Art Scene (3)
 Any upper division Art History (AH)

Track A

Take all of the following courses:
 ART 362A Sculpture/4D: Mold Making Lab (3)
 ART 362B Sculpture/4D: Mold Making Lab (3)
 ART 363B Sculpture/4D: Fabrication Lab B (3)
 Take 3 units from the following course:
 ART 328A, 341A, 341B, 358A, 359A, 359B, 361, 364,
 436A, 436B, 440, 450A, 450B, 460A, 460B, 461

Take 6 units from the following courses:
 ART 361, 363C, 364, 436A, 436B, 450A, 450B, 460A,
 460B, 461

Track B

Take all of the following courses:
 ART 364 Sculpture/4D: Electronics/Mechanics/Kinetics (3)
 ART 436A 4D: Video Art (3)
 ART 450A 4D: Intermedia/New Genres (3)
 Take 3 units from the following courses:
 328A, 341A, 358A, 359A, 359B, 362A, 362B, 363B, 363C,
 436B, 450B, 460A, 460B, 461
 Take 6 units from the following courses:
 ART 361, 362A, 362B, 363B, 363C, 436B, 450B, 460A,
 460B

Option in Graphic Design (code ART_BF08) (132 units)

Requirements

Lower Division:

Take all of the following courses:
 AH 111A Foundation Art History I (3)
 AH 111B Foundation Art History II (3)
 ART 130 Foundation Two Dimensional (3)
 ART 131 Foundation Three Dimensional (3)
 ART 181 Foundation Drawing (3)
 ART 184 Foundation Life Drawing (3)
 ART 223 Lettering-Typography (3)

Take 3 units 100-level AH

Take one of the following courses:

ART 132 Foundation Color Theory (3)
 ART 287 Introduction to Painting (3)

Upper Division:

Take all of the following courses:
 ART 318 Intermediate Typography (3)
 ART 321 Introduction to Graphic Design (3)
 ART 327 Intermediate Graphic Design (3)
 ART 331 Advertising I: Introduction to Concept
 Development (3)
 ART 334 Exploration and Experimentation (3)
 ART 335 Concept Development and Art Direction (3)
 ART 336 Development and Analysis (3)
 ART 337 Packaging Design (3)
 ART 423 Advanced Topics (3)
 ART 424 Advanced Topics (3)

Take 6 units from the following courses:

ART 420, 421, 442, 486, 499S; AH 444

Take 3 units of Art History (AH)

Take 6 units ART outside the specialization

Certificate in Biomedical Art (code ART_CT01)

This is an interdisciplinary program sponsored by the Art and Biological Sciences Departments. Special permission is not required for a student to pursue the Certificate in Biomedical Art, however it is only available to students who are presently enrolled in a degree program in the biological sciences or in art at CSULB.

Please contact Robin Richesson, rrichess@csulb.edu, for the Certificate Program Planner. The student may apply for certification upon completion of the following:

Requirements

1. A major in art or biological sciences;
2. A 2.75 overall GPA and 3.25 in the major:

Take all the following courses (38 units):
ART 149 Foundation Computer Art (3)
ART 181 Foundation Drawing (3)
ART 184 Foundation Life Drawing (3)
ART 271 Introduction to Rendering (3)
ART 372 Anatomy for Artists (3)
ART 374A Biomedical Rendering (3)
ART 374B Biomedical Rendering (3)
ART 426 Computer Animation 1 (3)
ART 476 Experimental Animation 1 (3)
ART 499F Special Studies in Illustration (3)
BIOL 200 General Biology (4)
BIOL 208 Human Anatomy (4)
(BIOL 200 waived for Biology majors)

Questions may be addressed to: Robin Richesson,
Department of Art, rrichess@csulb.edu (562) 985-9068 or
Kelly Young, Department of Biological Sciences, kyoung4@
csulb.edu (562) 985-4859.

Graduate Programs

Master of Arts in Art (code ART_MA01)

Master of Fine Arts in Art (code ART_MF01)

Departmental Review Process

Admission to a degree program at CSULB is a two-part process that requires application to and acceptance by both the University and the Department of Art into a specific degree program. (See the detailed information on CSULB graduate application and admission requirements earlier in this catalog.)

For graduate programs, the Department of Art accepts applications for Fall admission only, with applications being accepted January 1 through 31. Application forms are available on the web (www.art.csulb.edu).

Department of Art application materials must be sent to the Department of Art Student Services Office, FA4 – 106. University Application must be made to the CSULB Office of Enrollment Services, Brotman Hall. Call (562) 985-4145 or 1655 to obtain a CSU application booklet, or apply online at www.csumentor.edu There is a \$55.00 fee for the University application process. (Do not send the Department of Art this fee; we will send it back to you.)

Some art programs may conduct applicant interviews, in which case they will contact you directly. Acceptance decisions are normally sent out by March 15th.

Acceptance to a degree program in Art: After submitting the Department of Art application materials, those who pass the program review are recommended by the faculty to be admitted as either Classified or Conditionally Classified. A Classified Graduate has satisfied all prerequisites. A Conditionally Classified Graduate has outstanding prerequisites to complete. Acceptance is not complete until the applicant has received both notification of acceptance from the Department of Art and a formal letter of acceptance from the CSULB Office of Enrollment Services.

NOTE: The Department of Art requires a GPA of 3.0 in upper-division (junior and senior level) art prerequisite units for acceptance to our graduate program. All applicants must be accepted by the Department of Art in order to be officially accepted by the University. There is no fee for the departmental application process.

International Students must be accepted by the Department of Art and pass the TOEFL examination (minimum score of 550) before they can be admitted to the University. International students must apply to CSULB through the Center for International Education at (562) 985-5476.

CSU general requirements include: a bachelor's degree from a regionally accredited institution; a grade point average of at least 2.5 in the last 60 semester units taken; and good standing at the last college attended.

MA and MFA Prerequisites

An applicant may be accepted if, in addition to having satisfied specific prerequisites set by the Department of Art for each degree concentration, the applicant has satisfied the minimum university standards found in the Admission section of this catalog.

Special Action: In rare and compelling circumstances, an applicant who does not qualify for admission under the previous provisions may be admitted by special action if on recommendation of the appropriate faculty of the department/college concerned and in the judgment of the Associate Vice President for Graduate and Undergraduate Programs or his/her designee there exists acceptable evidence that the applicant possesses sufficient academic, professional, and other potential pertinent to her/his educational objectives to merit such action, as shown through aptitude scores, recent academic performance, and experiential background.

Concentrations Prerequisites

An applicant who has deficiencies in prerequisites for a concentration, but who in the judgment of the Department of Art can meet these prerequisites with additional preparation specified at time of admission, may be admitted with conditionally classified graduate standing. Students who have deficiencies in prerequisites for a concentration, but who are willing to engage in additional preparation to meet prerequisites, are encouraged to apply.

NOTE: Courses taken as prerequisites for a graduate degree may not be counted toward the graduate degree program of study.

Art Education Prerequisites

Applicants must complete 36 units of coursework approved by the Art Education faculty and must have a minimum 3.0 GPA in prerequisite courses.

Take 15 units upper-division units approved by the Art Education faculty

Take 9 upper-division units of Art or Education electives

Take 12 units AH (6 may be lower division, 6 must be upper division)

Art History Prerequisites

Applicants must complete 36 units of coursework approved by the Art History faculty and must have a minimum 3.0 GPA in prerequisite courses.

Take 3 units from the following courses:

AH 447 or 547

Take 3 units from the following courses:

AH 448, 449, 450, 548, 549 or 550 (theory/criticism)

Take 9 units additional upper-division Art History

Take 9 units upper-division Art or Art History electives

Take 12 units (or the equivalent) of foreign language.

NOTE: Art History applicants should have completed at least two years (or a minimum of 12 units) of college-level French or German with an average grade of "B" or better. Students without this preparation are advised that all students accepted for the Art History MA must pass the In-house Foreign Language Exam within the first three semesters of study. (With approval from the Art History faculty, another language may be substituted.)

Studio Art Prerequisites

The Department of Art prefers, but does not require, that Studio Art applicants have undergraduate degrees in art. Application to our graduate programs is competitive and most applicants to the studio programs will have an undergraduate degree in art, many with a BFA in their chosen media. For Studio Art admissions, the part of the application that is given the most weight is the portfolio of work. The Department of Art invites all applicants who feel they have strong portfolios to apply. If faculty feel the application is strong, but the applicant needs additional preparatory work, the Department of Art may admit the applicant with conditionally classified graduate standing, with specific prerequisites stated on a case-by-case basis at the time of admission.

Departmental Application Requirements

January 1 through 31 prior to the fall term for which the applicant seeks admission, applicant must submit departmental application materials as follows:

Art Education: Department of Art application, statement of purpose, writing sample, portfolio of studio work, transcripts, and two letters of recommendation

Art History: Department of Art application, statement of purpose, writing sample, transcripts, and two letters of recommendation

Studio Art: Department of Art application, statement of purpose, portfolio of studio work, transcripts, and two letters of recommendation

A faculty list is available on the website; contact the appropriate professor if you need particular information on a specific program.

Transcripts

When you formally apply to the University, two official (sealed) sets are required; send one to Enrollment Services and one to the Department of Art.

Transfer Units

Transfer units are allowed on a case-by-case basis. With faculty approval, up to 12 post-baccalaureate units from another university may be accepted into the MA degree program and up to 24 units (for example, from a previous MA degree) into the MFA degree program. In the case of an existing MA degree from CSULB with a concentration in Studio Art, up to 30 units may be accepted into the MFA degree.

MA and MFA Degree Requirements

1. A minimum overall GPA of 3.0, with no grade below a "C".
2. Successful fulfillment of the Graduation Writing Assessment Requirement (GWAR) by passing the Writing Proficiency Examination (WPE), usually completed in the first semester in residence at CSULB and required to be fulfilled prior to Advancement to Candidacy. Students unable to pass the

WPE may be able to fulfill the requirement by completing a special GWAR course.

3. Successful completion of an Advancement to Candidacy review. Reviews generally occur when a student has completed between one third and one half of the units required for the degree, and require the submission of a complete list of coursework for the degree. Additional advancement requirements:
 - Art Education majors satisfy assigned written topics and prepare an oral defense of their research.
 - Art History majors present a qualifying paper and satisfy the language requirement in either French or German (or an approved substitution).
 - Studio Art majors participate in a group exhibition in the Art Department galleries and present an oral defense of their work.

If all scheduled units for the MA or MFA degree have been completed but the final written component has not been approved and submitted, registration in GS-700 (1 unit, no credit) through University Extension is required in order to maintain in enrollment until the semester of graduation. Care should be taken not to exceed the University limit of seven years for all masters' degrees.

Additional information may be found in the "Department of Art Graduate Guidelines," given to each student accepted into a master's program.

Art Education Concentration for the MA

32 approved units to include:

Take one of the following:

ART 509A Research in Art Education (2)

ART 509B Research in Art Education (2)

Take both of the following:

ART 601A Seminar in Art Education (3)

ART 601B Seminar in Art Education (3)

Take one of the following:

ART 695 Graduate Studies: Field Problems (6)

ART 697 Graduate Studies: Directed (6)

Take 6 units of graduate level Art History beyond the 12 units taken as prerequisites, to complete a cumulative total of 18 units

Take 6 units elective Art, Art Education, or Art History

Take one of the following:

Take 6 units ART 698A Thesis or Project, with student completing a Thesis, or combination of Project, Project Report and Comprehensive Exam, as culminating experience within degree program.

Transferred units are allowed on a case-by-case basis. A minimum of 70% of units applied to degree must be 500/600 level courses taken at CSULB. Undergraduate coursework applied to degree must be upper-division (300 or 400 level). Undergraduate courses may not be used as substitutes for any course specifically required by course number for degree. All double-numbered (400-level/500-level) courses applied to degree must be taken at the 500 level. All coursework applied to degree must be approved.

Art History Concentration for the MA

39 approved units to include:

Take both of the following courses:

AH 546 Art History Methodologies and Writing (3)

AH 597 Seminar in Art History (9)

Take 15 units Art History
Take 6 units Art or Art History
Take 6 units AH 698 Thesis as culminating experience within degree program.
Take at least 24 of the 39 required units must be 500/600 level courses taken at CSULB.
Take graduate-level or upper-division courses in other CSULB departments may be approved as course substitutions with approval of student's Thesis Committee.

Transferred units are allowed on a case-by-case basis. A minimum of 70% of units applied to degree must be 500/600 level courses taken at CSULB. Undergraduate coursework applied to degree must be upper-division (300 or 400 level). Undergraduate courses may not be used as substitutes for any course specifically required by course number for degree. All double-numbered (400-level/500-level) courses applied to degree must be taken at the 500 level. All coursework applied to degree must be approved.

Graduate-level or upper-division courses in other CSULB departments may be approved as course substitutions with approval of student's Thesis Committee.

Advancement to candidacy is contingent upon satisfactory completion of the Writing Proficiency Exam and an approved qualifying paper, and satisfying foreign language proficiency requirements.

Museum and Curatorial Studies Emphasis for the Art History MA

39 approved units to include:

Take all the following courses:

- AH 530 Introduction to Curatorial Practices (3)
- AH 531 History of Museums and Exhibitions (3)
- AH 539 Art of Mid to Late Twentieth Century (3)
- AH 545A Exhibition Practicum (3)
- AH 545B Exhibition Practicum (3)
- AH 545C Exhibition Practicum (3)
- AH 545D Exhibition Practicum (3)
- AH 546 Art History Methodologies and Writing (3)
- AH 597 Seminar in Art History (6)

Take one the following courses:

- AH 542 Internship in Museum Studies (3)
- AH 597 Seminar in Art History (3)

Take the following:

- AH 698 Thesis (as culminating degree experience)

Studio Art Concentration for the MA

33 approved units to include:

Take 21 units of Art

Take 6 units of graduate-level Art History

Take 6 units of the following:

- ART 698B Project (culminating degree experience)

Transferred units are allowed on a case-by-case basis. A minimum of 70% of units applied to degree must be 500/600 level courses taken at CSULB. Undergraduate coursework applied to degree must be upper-division (300 or 400 level). Undergraduate courses may not be used as substitutes for any course specifically required by course number for degree. All double-numbered (400-level/500-level) courses applied to degree must be taken at the 500 level. All coursework applied to degree must be approved.

Studio Art Concentration for the MFA

60 units of approved graduate units.

Transferred units are allowed on a case-by-case basis. A minimum of 70% of units applied to degree must be 500/600 level courses taken at CSULB. Undergraduate coursework applied to degree must be upper-division (300 or 400 level). Undergraduate courses may not be used as substitutes for any course specifically required by course number for degree. All double-numbered (400-level/500-level) courses applied to degree must be taken at the 500 level. All coursework applied to degree must be approved.

At least 39 units must be in studio courses. No more than 3 units of ART 693 (teaching internship) may be applied to degree.

Students are admitted into discipline-specific tracks. All students take a core of 21 units. Each student takes an additional 39 units of approved coursework according to the track into which the student was admitted.

Additional information, expectations, recommendations and guidelines for each track are included in the "Department of Art Graduate Guidelines" given to each student accepted into the MFA Concentration, and available upon request to applicants.

MFA Core Requirements

6 units of graduate-level Art History.

9 units of ART 694 (Graduate Studies: Directed Studio) taken with members of student's Project Committee beginning four semesters prior to completion of degree, or semester prior to advancement, which ever comes first. (Student must continue to enroll in 3 units of ART 694 per semester for all semesters between advancement and semester of MFA project.)

6 units of ART 699 (Graduate Studies: MFA Project) taken in the final semester with members of student's Project Committee.

MFA Tracks

In addition to the MFA Core requirements, each MFA student takes 39 additional approved units according to the following discipline-based tracks into which students are admitted. NOTE: All 597, 598 and 599-numbered courses are studio-oriented variable-topic graduate courses, each with a discipline-specific focus, but with specific topic and structure varying from term to term.

Ceramics Track:

Take 12 units from the following:

- ART 597A, 598A, 599A

Take 6 units from any of the following:

- ART 597, 598 or 599 courses

Take one of the following:

- ART 681, 683

Take one of the following:

- ART 682, 684

Take 15 units additional coursework

Drawing and Painting Contemporary Practices Track:

Take 12 units from the following:

- ART 597K, 598K, 599K

Take 6 units from any of the following:

- ART 597, 598 or 599 courses

Take the following:

- ART 681 Graduate Studies: Art Theory/Criticism (3)

ART 682 Graduate Studies: Professional Practices for Studio Art (3)

Take 15 units additional coursework

Drawing and Painting Figurative Track:

Take 12 units from the following:

ART 597L, 598L, 599L

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take the following:

ART 681 Graduate Studies: Art Theory/Criticism (3)

ART 682 Graduate Studies: Professional Practices for Studio Art (3)

Take 15 units additional coursework

Fiber Track:

Take 12 units from the following:

ART 597N, 598N, 599N

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take the following:

ART 681 Graduate Studies: Art Theory/Criticism (3)

ART 682 Graduate Studies: Professional Practices for Studio Art (3)

Take 15 units additional coursework

Illustration/Animation Track:

Take 12 units from the following:

ART 597F, 598F, 599F

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take the following:

ART 683 Graduate Studies: Image as Text (3)

ART 684 Graduate Studies: Professional Practices for Visual Communication (3)

Take 15 units additional coursework

Metal Track:

Take 12 units from the following:

ART 597J, 598J, 599J

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take one of the following:

ART 681, 683

Take one of the following:

ART 682, 684

Take 15 units additional coursework

Photography Track:

Take 12 units from the following:

ART 597V, 598V, 599V

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take 6 units of the following:

ART 680 Graduate Interdisciplinary Critique (3)

Take the following:

ART 681 Graduate Studies: Art Theory/Criticism (3)

ART 682 Graduate Studies: Professional Practices for Studio Art (3)

Take 3 units from the following:

ART 536A, 550, 680

Take 6 units additional coursework.

Printmaking Track A:

Take 12 units from the following:

ART 597R, 598R, 599R

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take one of the following:

ART 681, 683

Take one of the following:

ART 682, 684

Take 15 units additional coursework

Printmaking Track B:

Take 12 units from the following:

ART 597R, 598R, 599R

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take 3 units from the following:

ART 597D, 597L, 597F

Take one of the following:

ART 681, 683

Take one of the following:

ART 682, 684

Take 3 units from the following:

ART 373, 384, 481

Take one of the following:

ART 481, 484

Take 3 units from the following:

ART 492F, 499F, 693

Take 3 units additional coursework

Printmaking Track C:

Take 12 units from the following:

ART 597R, 598R, 599R

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take one of the following:

ART 681, 683

Take one of the following:

ART 682, 684

Take the following:

ART 575 Printmaking: Photo and Digital Processes (3)

Take one of the following:

ART 340, 349

Take 3 units from the following:

ART 449, 506A, 693

Take 3 units from the following:

ART 506B, 573, 693

Take 3 units from the following:

ART 499, 514, 680

Sculpture/4D Track:

Take 12 units from the following:

ART 597O, 598O, 599O

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take the following:

ART 680 Graduate Interdisciplinary Critique (3)

ART 681 Graduate Studies: Art Theory/Criticism (3)

ART 682 Graduate Studies: Professional Practices for Studio Art (3)

Take 3 units from the following:

ART 536A, 550, or 680

Take 9 units additional coursework.

Graphic Design Track:

Take 12 units from the following:

ART 597S, 598S, 599S

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take the following:

ART 683 Graduate Studies: Image as Text (3)

ART 684 Graduate Studies: Professional Practices for Visual Communication (3)

Take 15 units additional coursework

Wood Track:

Take 12 units from the following:

ART 597B, 598B, 599B

Take 6 units from any of the following:

ART 597, 598 or 599 courses

Take one of the following:

ART 681, 683

Take one of the following:

ART 682, 684

Take 15 units additional coursework

Graduate Certificate in Museum Studies (code ART_CT02)

This certificate is primarily directed toward graduate students in Art History and the visual arts, but does not exclude students in other fields. The specifically tracked course of study has an emphasis placed primarily on contemporary art.

A student may pursue the Certificate in Museum Studies as a program of study in itself, or in combination with a program of study directed toward the achievement of one of the department's degrees. A student may, with approval of both the Museum Studies Program and the student's Project or Thesis Committee, count up to 15 units of coursework toward both the degree and the certificate.

Admission to the program is by permission of the Museum Studies faculty and the head of the Art History Program. Applicants wishing to pursue the Certificate Program in Museum Studies should apply for the desired degree program during the regular Department of Art graduate application window of January 1 through 31, and should indicate interest in pursuing the Certificate Program in Museum Studies concurrently.

Applicants wishing to pursue the Certificate Program in Museum Studies separate from a degree program should contact the Department of Art Graduate Advisor.

Requirements

A total of 30 units to include:

Take all of the following courses:

AH 530 Introduction to Curatorial Practices (3)

AH 531 History of Museums and Exhibition (3)

AH 542 Internship in Museum Studies (3)

AH 539 Art of Mid to Late Twentieth Century (3)

AH 545A Exhibition Practicum (3)

AH 545B Exhibition Practicum (3)

AH 545C Exhibition Practicum (3)

AH 545D Exhibition Practicum (3)

AH 597 Seminar in Art History (3)

AH 547 or 550 (3) (or approved substitution)

Foundation Art

The classes listed below are the foundation art classes that are required of most studio art majors. When foundation classes are chosen, be aware of the prerequisites; do not take the classes out of order.

AH 111A,B,C. Foundation Art History I, II, III

ART 130. Foundation Two-Dimensional

131. Foundation Three-Dimensional

132. Foundation Color Theory

149. Foundation Computer Art

181. Foundation Drawing

184. Foundation Life Drawing

Art Courses (ART)

LOWER DIVISION

10. Art Matrix (1)

Participation in art and design exhibitions, openings, lectures and special events.

Required of art majors. Must be repeated to a maximum of 5 units in different semesters. These units do not count toward graduation. Credit/No Credit grading.

101. Artists in Their Own Words (3)

Forum for students to hear first hand from artists and arts scholars discussing and contextualizing their work within their contemporary field. Includes multiple lecturers by visitors and additional class lectures providing further context.

Credit/No Credit grading only. May be repeated up to 12 units in different semesters.

110. Introduction to the Visual Arts (3)

Prerequisite or corequisite: A General Education Foundation class.

Exploration of meanings, purposes, styles, materials and forms of art and architecture. Multicultural perspective. Development of awareness through examination and comparison of art and artifacts, past and present.

130. Foundation Two-Dimensional (3)

Foundation course required to be taken by all majors within the Department of Art prior to 200-level or above art courses. Exploration and application of principles, components and terminology of two-dimensional design via relational, problem-solving and visual-vocabulary exercises.

Letter grade only (A-F). (6 hours lab)

131. Foundation Three Dimensional (3)

Foundation course required to be taken by all studio and art education majors within the Department of Art prior to 200-level or above art courses. Focus on structural, material, and compositional concerns involved in dealing with three-dimensional form.

Letter grade only (A-F). (6 hours lab)

132. Foundation Color Theory (3)

Prerequisite or corequisite: ART 130

Foundation course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in some BFA degrees. Focus on visual and aesthetic interactions of color. (Not open to students with credit for ART 182.)

Letter grade only (A-F). (6 hours lab)

149. Foundation Computer Art (3)

Prerequisites: ART 130.

Foundation course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in some BFA degrees. Project-based exploration of art-related digital imaging, layout, and vector software, and introduction to interactive and web-based media.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.) Not open for credit to students with credit in ART 349A.

181. Foundation Drawing (3)

Foundation course intended to be taken by all majors within the Department of Art prior to 200-level or above art courses. Introduction to drawing with emphasis on perspective, light, shadow, and volume in composition using a variety of media.

Letter grade only (A-F). (6 hrs. lab.)

184. Foundation Life Drawing (3)

Prerequisites: ART 181.

Foundation course required in the BA Studio Art. Also satisfies requirements or choices in all other undergraduate degrees in the Department of Art. Introduction to drawing from the human figure.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

221. Shop Orientation (1)

Familiarization with student workshop facilities, specific instruction on safety procedures and methods in use of tools and equipment. Safety lectures and technical demonstrations followed by hands-on experience. Projects familiarize students with machinery and facilitate the acquisition of basic woodworking skills.

Credit/No Credit grading only. (2 hours activity)

223. Introduction to Typography (3)

Prerequisite: For Art majors: ART 130, 181. For Design majors: DESN 120A and 132A.

Introductory course in the fundamentals of typographic form. Close examination of the architecture of letterforms and alphabet construction.

Letter grade only (A-F). (6 hours lab) Course fee may be required.

241. Introduction to Photography (3)

Prerequisites: ART 130, 181.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in some BFA degrees. Fundamentals of black-and-white photography: cameras, darkroom techniques, photographic vision, critical issues.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

251A. Introduction to Ceramics: Handbuilding (3)

Prerequisites/Corequisites: ART 131.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in BA Art Education and some BFA degrees. Includes slab, coil, and molding techniques; glazing, firing.

Letter grade only (A-F). (6 hrs. lab.)

251B. Introduction to Ceramics: Wheel Throwing (3)

Prerequisites/Corequisites: ART 131.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Satisfies requirements or choices in BA Art Education and some BFA degrees. Development of forms with potters wheel, glazing and firing.

Letter grade only (A-F). (6 hrs. lab.)

261. Introduction to Life Sculpture (3)

Prerequisites/Corequisites: ART 131, 181, or consent of instructor.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in most BFA degrees. Modeling from the human figure with emphasis on composition.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

263. Introduction to Sculpture/4D (3)

Prerequisites: ART 131 or consent of instructor.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Also satisfies requirements or choices in BA Art History and most BFA degrees. Exploration of art in three and four dimensions.

Letter grade only (A-F). (6 hrs lab)

265. Introduction to Fiber (3)

Prerequisites: ART 130, 131

Introductory course satisfying a choice between requirements in the BA Studio Art. Satisfies requirements or choices in some BFA degrees. Introduction to mixed media and fiber/fabric materials, processes and approaches including surface design, papermaking, weaving, hand-construction.

Letter grade only (A-F). (6 hours lab)

270. Introduction to Printmaking (3)

Prerequisites: ART 181

Introductory course satisfying a choice between requirements in the BA Studio Art. Satisfies requirements or choices in some BFA degrees. Exploration of multiple printmaking processes and possibilities for producing art in multiples, variations, and unique works. Focus on non-toxic approaches.

Letter grade only (A-F). (6 hours lab.)

271. Introduction to Rendering (3)

Prerequisite: ART 130, 181.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Satisfies requirements or choices in some BFA degrees. Graphic visualization for convincing representation.

Letter grade only (A-F). (6 hrs. lab.)

287. Introduction to Painting (3)

Prerequisites: ART 130, 181.

Introductory course satisfying a choice between requirements in the BA Studio Art (Students choose from a group of courses). Satisfies requirements or choices in BA Art Education, BA Art History, and most BFA degrees. Introduction to painting problems using opaque media.

Letter grade only (A-F). (6 hrs. lab.)

Art Education

(ART 407 & 499P acceptable for M.A., Art Education Specialization)

- 300. Art, Adolescence, and the Child

417./517. Animation 4
426./526. Computer Animation 1
427./527. Computer Animation 2
471A. Advanced Illustration
471B. Advanced Illustration
472./572. Storyboarding for Film and Television
476./576. Experimental Animation 1
478./578. Experimental Animation 2
482./582. Sequential Imaging
491E. Illustration/Animation Senior Project
499E. Special Studies in Animation
499F. Special Studies in Illustration

Metal

ART 355. Enameling
356. Jewelry Casting
357A-B. Beginning Metals and Jewelry
358A-B. Metalsmithing
359A. Architectural Metalwork and Blacksmithing
359B. Sculptural Metalwork
458A,B. Advanced Metalsmithing/Jewelry and Enameling
491B. Senior Project
499J. Special Studies in Metalsmithing and Jewelry

Museum Studies

AH 430./530. Introduction to Curatorial Practices
431./531. History of Museums and Exhibitions
499Q. Special Studies in Museum Studies

Photography

ART 340. Intermediate Photography
342A. Color Photography
406A. Digital Imagery for the Arts
406B. Advanced Digital Imagery for the Arts
414./514. Documentary Photography
444. Advanced Black and White Photography
447. Photography Studio Specialties
449. Experimental Practices in Photography
473./573. Seminar in Photo-Based Art
491C. Photography – Senior Project
499V. Special Studies in Art Photography

Printmaking

ART 370. Printmaking
376. Printmaking: Relief Printing
377. Printmaking: Silkscreen
378. Printmaking: Etching
379. Printmaking: Lithography
475./575. Printmaking: Photo and Digital Processes
480./580. Printmaking: Monotype/Monoprint
491P. Printmaking: Senior Project
499R. Special Studies in Printmaking

Sculpture

ART 360A. Sculpture/4D: Intermediate
360B. Sculpture/4D: Intermediate
361. Sculpture/4D: Observation
362A. Sculpture: Mold Making and Casting for Foundry
362B. Sculpture/4D: Mold Making Lab
363A. Sculpture /4D: Fabrication Lab A
363B. Sculpture /4D: Fabrication Lab B
363C. Sculpture /4D: Fabrication Lab C
364. Sculpture/4D: Electronics, Mechanics, Kinetics
436A./536. Sculpture/4D: Video Art
436B./536. Sculpture/4D: Video Art
450A. Sculpture/4D: Intermedia/New Genres
450B. Sculpture/4D: Intermedia/New Media
460A,B Sculpture/4D: Advanced
461. Sculpture/4D: Advanced Sculpture from Observation
474. Seminar in Sculpture and Time-Base Art
491F. Sculpture/4D Senior Project
499M. Special Studies in Life Sculpture
499O. Special Studies in Sculpture/4D

Wood

ART 354A. Introduction to Wood
354B. Intermediate Wood
454A,B. Advanced Wood
491B. 3-D Senior Project
499B. Special Studies in Wood

Art Courses (ART)

UPPER DIVISION

300. Art, Adolescence, and the Child (3)

Experiences in self-expression from the California Visual and Performing Arts Framework while addressing children's artistic and aesthetic development. Following state content standards, students develop aesthetic perception, learn skills for talking about art, and gain understanding in historical and cultural contexts.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

301. Cross Cultural Perspectives in Art Education (3)

Prerequisites: Completion of 12 units of Art Foundation.

Theory and practice as understood in and across cultures. Application of the state content standards as written in the California Visual and Performing Arts Framework and reflecting racial, ethnic, linguistic, gender, sexual, cultural and cross-cultural perspectives.

Letter grade only (A-F). A minimum of 15 hours of community service learning required. (6 hrs. lab.)

305. Art Disciplines and New Technology (3)

Prerequisites: Completion of 12 units of Art Foundation.

Develops skills in making and talking about art through interrelating art production with art criticism, cultural-historical connections, and philosophical aesthetics. Emphasizes newer art forms and technology, including video and computer, providing additional approaches for the artist and art educator.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

316. Fiber: Pattern Design and Printing (3)

Prerequisites: ART 130, 131, 181, 287; 6 units from AH 111A, 111B.

Variety of design concepts for both hand and commercial application of pattern to textiles and other surfaces. To include pattern system design, stamping, and silkscreen printing.

Letter grade only (A-F). (6 hrs. lab.)

317. Fiber: Textile Dyeing (3)

Prerequisites: ART 130, 131; AH 111A, 111B.

Exploration of a variety of design concepts and dye processes to include natural and chemical (acid and fiber reactive) dye technology using discharge, shaped resists, batik, and direct painting techniques.

Letter grade only (A-F). Not open for credit to students with credit in ART 327B. (6 hrs. lab.)

318. TYPE II: Intermediate Typography (3)

Prerequisites: For Art majors: ART 130, 131, 181, 184, 223; 132 or 287; AH 111A, 111B or consent of instructor. For Design majors: DESN 120A, 132A and ART 223.

Focus on the compositional use of type and its relationship to issues of visual hierarchy, readability and page structure. Students will continue their exploration of typography as an expressive visual form.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

320. Practical and Theoretical Issues in the Visual Arts (3)

Focus on developments in art of 60s through present. Consideration of factors that shape the face of contemporary art. Includes lectures, slide presentations, screenings and guest lectures from artists.

Letter grade only (A-F). Not open for credit to students with credit in ART 320A. (6 hrs. lab.)

321. Graphic Design I: Introduction to Graphic Design (3)

Prerequisites: For Art Majors: ART 130, 131, 181, 184, 223; 132 or 287; AH 111A, 111B. For Design Majors: Art 223, DESN 120A, 120B, 132A, 132B; AH 111A, AH 111B

Introductory course, exploring formal constructs of combining type and image and of image creation. Enhance understanding of problem definition and concept development. Explore the relationships of form to content.

Not open for credit to students with credit in ART 322A. Letter grade only (A-F). (6 hours lab) Course fee may be required.

327. Graphic Design II: Intermediate Graphic Design (3)

Prerequisites: ART 223, 318, 321

Intermediate course, developing formal and conceptual skills using type and image, learning fundamentals of preparing art for print. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours lab)

328A. Fiber and Mixed Media: Sculptural Forms (3)

Prerequisites: ART 130, 131, AH 111A, 111B.

Exploration of concepts and materials using non-loom textile techniques. Development from 2-D relief surfaces to full 3-D forms. May include basic fiber structures of stitching, wrapping, feltmaking, papermaking, twining, knitting, crochet, and coiling.

Letter grade only (A-F). (6 hrs. lab.)

328B. Fiber and Mixed Media: Sculptural Forms (3)

Prerequisites: ART 328A.

Designed to strengthen a working understanding on non-loom fiber structures. Emphasis on development of personal expression within media.

Letter grade only (A-F). (6 hrs. lab.)

331. Advertising I: Introduction to Concept Development (3)

Prerequisites: ART 130, 131, 181, 184, 223, 318, 321; 132 or 287; AH 111A, 111B

Introduction to learning how to think more conceptually through creating print ads primarily by understanding the foundations of setting an objective, planning a creative strategy, identifying a target; and by learning various ways to think creatively.

Letter grade only (A-F). (6 hrs. lab.)

332. Graphic Design: Professional Preparation (3)

Prerequisites: ART 318, 321, 327, 331.

Engages topics regarding the profession of Graphic Design, including portfolio and resume development, presentations, interview skills, pricing and negotiating, ethical guidelines, and project organizational skills.

Not open for credit to students with credit in ART 324. Letter grade only (A-F). (6 hrs. lab.)

333. Behind the Art Scene (3)

Prerequisites: AH 111A, 111B, 3 units 100-level AH

Examination of factors influencing the development and understanding of contemporary art focusing on examples in art from the mid-twentieth century to the present.

Letter grade only (A-F).

334. Graphic Design III: Exploration and Experimentation (3)

Prerequisite: BFA Graphic Design major or consent of instructor.

Advanced design course, examining and creating traditional, alternative and experimental solutions across a variety of media. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 323. Letter grade only (A-F). (6 hrs. lab.)

335. Advertising II: Intermediate Concept Development and Art Direction (3)

Prerequisites: BFA Graphic Design major or consent of instructor.

Development of concept and design advertising projects that are strategically sound, creatively unexpected, innovative and of portfolio quality. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 329. Letter grade only (A-F). (6 hrs. lab.)

336. Graphic Design IV: Development and Analysis (3)

Prerequisites: ART 334, 335 or consent of instructor.

Learn and practice in-depth research and analytical procedures that establish visual concept development and create systematic applications design. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 322B. Letter grade only (A-F). (6 hours lab)

337. Graphic Design V: Packaging Design (3)

Prerequisites: BFA Graphic Design Major and ART 321, 334, 335, or consent of Instructor

Materials, processes and the design of packaging. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 325. Letter grade only (A-F). (6 hours lab)

340. Intermediate Photography (3)

Prerequisites: ART 130, 181, 241; AH 111A, 111B.

Further study of black and white darkroom and camera work and the possibilities of the black and white digital photograph. Development of series and bodies of work.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

341A. Intermediate Ceramics: Handbuilding (3)

Prerequisites: ART 130, 131, 251A, 181; 6 units from AH 111A, 111B.

Design problems with handbuilt ceramic forms with emphasis on surface.

Letter grade only (A-F). (6 hrs. lab.)

341B. Intermediate Ceramics: Wheel Throwing (3)

Prerequisites: ART 130, 131, 251B, 181; 6 units from AH 111A, 111B.

Design problems with wheel-thrown ceramic forms with emphasis on surface.

Letter grade only (A-F). (6 hrs. lab.)

342A. Color Photography (3)

Prerequisite: ART 340.

Survey of current color materials and processes with emphasis on exposing, developing and printing. Contemporary approach to color photography will be stressed.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

343A. Ceramics Sculpture (3)

Prerequisites: ART 341A.

Advanced studies in ceramic sculpture.

Letter grade only (A-F). (6 hrs. lab.)

Art Courses (ART)

343B. Advanced Wheel Throwing (3)

Prerequisites: ART 341B.

Advanced studies in ceramic form employing the potters wheel.

Letter grade only (A-F). (6 hrs. lab.)

349. Computer Art (3)

Prerequisites: ART 149, 6 units from AH 113A, 113B, 111A, 111B.

Basic theory and hands-on use of microcomputers employing graphics in "Paint Programs" with color hardcopy output and animation production on video tape. Emphasis on computer graphic applications in students' individual studio art disciplines.

Letter grade only (A-F). Course fee may be required. Not open for credit to students with credit in ART 349B. (6 hrs. lab)

352A. Ceramics: Glaze Technology (3)

Prerequisite: ART 130, 131, 251A or 251B, 181; 6 units from AH 111A, 111B.

Nature of raw materials as they relate to the development of clay bodies and ceramic glazes.

Letter grade only (A-F). (6 hrs. lab.)

352B. Ceramics Plaster Shop (3)

Prerequisites: ART 130, 251A or 251B, 181; 6 units from AH 111A, 111B.

Use of plaster molds for making ceramic art including press molds, slip casting, and jiggering.

Letter grade only (A-F). (6 hrs. lab.)

354A. Introduction to Wood (3)

Prerequisites: ART 130, 131, 181, 221; 6 units from AH 111A, 111B.

Introduction to tools, techniques, and concepts used in making of handcrafted wood objects. Basic shaping techniques of carving, joinery, and construction with intent of understanding character and language of wood.

Letter grade only (A-F). (6 hrs. lab)

354B. Intermediate Wood (3)

Prerequisites: ART 130, 131, 181, 221; 6 units from AH 111A, 111B.

Intermediate study of tools and processes of making complex wooden structures. Layout techniques, joinery methods, and non-rectilinear form are explored in greater detail.

Letter grade only (A-F). (6 hrs. lab)

355. Enameling (3)

Techniques, materials, and concepts of enameling on metals. Introduction to tools and metalworking techniques associated with making enameled metal objects. Emphasis on exploration of characteristics of enamels and metals, stressing individual advancement of interest and expression.

Letter grade only (A-F). Course fee may be required. May be repeated once for credit. (6 hrs. lab.) Not open for credit to students with credit in ART 355A.

356. Jewelry Casting (3)

Prerequisite: ART 130, 131, 181; 6 units from AH 111A, 111B; or consent of instructor.

Design and creation of jewelry through lost-wax casting techniques and processes.

Course fee may be required. May be repeated to a maximum of 6 units. (6 hrs. lab.)

357A-B. Beginning Metals and Jewelry (3-3)

Prerequisites: For ART 357A: ART 130, 131, 181, 287; 6 units from: AH 111A, 111B. For ART 357B: ART 357A.

Design and creation of jewelry.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

358A. Metalsmithing (3)

Prerequisites: ART 357A.

Design and creation of flatware and hollowware.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

358B. Metalsmithing (3)

Prerequisites: ART 357A.

Design and creation of flatware and hollowware.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

359A. Architectural Metalwork and Blacksmithing (3)

Prerequisite: ART 130, 131, 181; 6 units from AH 111A, 111B, 111C.

Techniques, materials and concepts of metal craft for developing art forms in larger scale and in architectural context. Hot forging and fabricating with ferrous metals. Basic techniques of cutting, forming, joining welding and surface design of metals. Making of tools.

May be repeated to a maximum of 6 units. Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

359B. Sculptural Metalwork (3)

Prerequisite: ART 130, 131, 181; 6 units from AH 111A, 111B, 111C.

Introduction to metalforming and construction techniques in the design and creation of sculptural form and composition in metal on an architectural scale.

May be repeated to a maximum of 6 units. Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

360A. Sculpture/4D: Intermediate (3)

Prerequisites: ART 130, 131, 181, 261, 263; AH 111A, 111B, or consent of instructor.

Exploration and refinement in wide range of sculptural techniques and strategies. Introduction to installations and public work. Some work will be with time-based kinetic art. Course will include introduction to 3-D art theory.

(6 hrs. lab.) Letter grade only (A-F).

360B. Sculpture/4D: Intermediate (3)

Prerequisites: ART 360A or consent of instructor.

Exploration and refinement in a wide range of sculptural techniques and strategies. Introduction to installations and public work. Some work will be with time based kinetic art. Will include introduction to 3-D art theory.

(6 hrs. lab.) Letter grade only (A-F).

361. Sculpture/4D: Observation (3)

Prerequisites: ART 130, 131, 181, 261; AH 111A, 111B.

Historical, theoretical and technical emphasis on a range of approaches to observation-based art. Emphasis on figurative traditions, interpretive abstraction, in addition to considering the role of observational study in science and the broader social field. Non-medium specific.

Course fee may be required. (6 hours lab) Letter grade only (A-F).

362A. Sculpture: Mold Making and Casting for Foundry (3)

Prerequisites: ART 130, 131, 261, 181, 6 units from AH 111A, 111B, 111C.

Exploration of modeling positive forms, creating ceramic-shell molds and sand molds, and casting, finishing and patinating works in metal.

(6 hours lab) Letter grade only (A-F). Course fee may be required.

362B. Sculpture/4D: Mold Making Lab (3)

Prerequisites: ART 130, 131, 181, 261; AH 111A, 111B.

Technical and historical introduction to all forms of mold making: rubber molds, vacuum forming, life casting, and casting materials.

(6 hours lab) Letter grade only (A-F).

363A. Sculpture /4D: Fabrication Lab A (3)

Prerequisites: ART 130, 131, 261, 181, 263; AH 111A, 111B, or consent of instructor.

Introduction to basic fabrication techniques, tools, building concepts and design principles using wood, metal and construction materials.

(6 hrs. lab.) Letter grade only (A-F). Not open for credit for students with credit in ART 363.

363B. Sculpture/4D: Fabrication Lab B (3)

Prerequisites: ART 363 or 363A or consent of instructor.

Exploration of advanced techniques in dimensional fabrication, from building in architectural scale to model making. Emphasis is on complex structures, installation building and formal issues related to traditional and construction materials.

Letter grade only (A-F) (6 hrs. lab)

363C. Sculpture/4D: Fabrication Lab C (3)

Prerequisites: ART 363 or 363A or consent of instructor.

Exploration of advanced fabrication processes with plastics, subtractive tooling and Computer Aided Manufacturing. Synthesis of a broad range of techniques and technologies of manufacturing with emphasis on the production of art works.

Letter grade only (A-F) (6 hrs. Lab)

364. Sculpture/4D: Electronics, Mechanics, Kinetics (3)

Prerequisites: AH 111A, 111B; ART 130, 131; ART 261 or 263; or consent of instructor.

Exploration of basic electronics, mechanics, microcontroller interface, and simple software coding for the creation of works of art. Consideration of form, movement, light, sound, behavior, and interactivity.

(6 hours lab) Letter grade only (A-F).

365. Media Design: Motion Graphics (3)

Prerequisites: ART 318 and 327, or consent of instructor.

Learning the essentials of theory, practice, visual and verbal vocabulary of moving forms. Time, space, image and audio will be emphasized within the context of concept development and design aesthetics.

Not open for credit to students with credit in ART 386A. Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

366. Media Design: Web and Interactive Design (3)

Prerequisites: ART 318 and 327, or consent of instructor.

Develop skills and principles to design for non-linear environments. Students learn how to, conceptually, theoretically, and aesthetically, design for web standards, information progression, usability, and accessibility.

Not open for credit to students with credit in ART 386B. Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

370. Printmaking (3)

Prerequisites: ART 130, 131, 181, 287; 6 units from AH 111A, 111B, 111C.

Studio course exploring a range of printmaking techniques and imagery, selected from the areas of etching, lithography, silkscreen, relief and monoprinting.

(6 hrs. lab.) Letter grade only (A-F).

371A,B. Illustration (3,3)

Prerequisites/Corequisites: For ART 371A: ART 130, 131, 181, 184, 287; 6 units from AH 111A, 111B, 111C. For ART 371B: ART 223 and 271 as prerequisite or corequisites; 371A.

Editorial and advertising drawing, professional media, skills and techniques survey.

(6 hrs. lab.) Letter grade only (A-F). Course fee may be required.

372. Anatomy for Artists (3)

Prerequisites: ART 130, 131, 181, 184; 6 units from AH 111A, 111B, 111C.

Skeletal and muscle structure emphasizing the development of skill in depicting the human figure.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

373. Costumed Figure Drawing (3)

Prerequisites: ART 371A, 372; 6 units from AH 111A, 111B, 111C.

Drawing from costumed models with props and controlled lighting. Emphasis on development of "staging." Manipulation of composition, light, shadow, value, color, proportion, and scale are explored to achieve mood, gesture, drama, and attitudes related to human reactions, situations and character.

(6 hrs. lab.) Course fee may be required. Letter grade only (A-F).

374A,B. Biomedical Rendering (3,3)

Prerequisite: ART 130, 184, 287; 6 units from AH 111A, 111B, 111C; or consent of instructor.

Introduction to and practice in techniques of descriptive drawing and press reproduction of drawing. Emphasis on skill.

(6 hrs. lab.) Letter grade only (A-F).

375. Art and Social Action: A Global Perspective (3)

Prerequisite: Upper division status.

Examines the interconnections among global processes and global social problems from the perspectives of art and sociology. Analyzes historical, geographical, class and status components of these problems, and the role of art to promote social change.

Same course as SOC 375.

376. Printmaking: Relief Printing (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Instruction in relief printing techniques and image development, including woodcut, wood engraving, linocut, collagraphs and alternative print surfaces. In black and white and color.

(6 hrs. lab.) Letter grade only (A-F).

377. Printmaking: Silkscreen (3)

Prerequisites: ART 130, 181, 184; 6 units from AH 111A, 111B.

Instruction in fine art screen printing techniques and image development, including resist, paper, film, emulsion and alternative stencil methods.

(6 hrs. lab.) Letter grade only (A-F).

378. Printmaking: Etching (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Instruction in intaglio printing techniques and image development, including etching, engraving, dry-point, aquatint and alternative platemaking methods. In black and white and color.

(6 hrs. lab.) Letter grade only (A-F).

379. Printmaking: Lithography (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Instruction in stone lithography techniques and image development, including crayon drawing, flats, washes, transfers and alternative drawing methods. In black and white and color.

(6 hrs. lab.) Letter grade only (A-F).

381. Intermediate Drawing (3)

Prerequisites: ART 130, 181, 184; 6 units from AH 111A, 111B.

Problems and concepts in drawing using a variety of media.

(6 hrs. lab.) Letter grade only (A-F).

382. Production for Fine Art (3)

Prerequisites: ART 223 or consent of instructor.

Exploration of printing and reproduction process related to needs of artist, illustrator, and museum professional. Introduction to skills and vocabulary necessary for preparation of art for print and electronic media. Emphasis on interaction with various commercial production professionals.

(6 hrs. lab.) Letter grade only (A-F). Course fee may be required.

Art Courses (ART)

383. Life Painting (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.
Painting from the human figure with emphasis on representing form in space, structure, color, value, and composition.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

384. Intermediate Life Drawing (3)

Prerequisites: ART 130, 181, 184; 6 units from AH 111A, 111B.

Continued study in drawing from the human figure from direct observation.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

385. Watercolor Painting (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Nature and use of the watercolor media.

(6 hrs. lab.) Letter grade only (A-F).

387. Painting (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Problems and concepts in space, form, structure, color and content in studio painting.

(6 hrs. lab.) Letter grade only (A-F).

388. Color Theory and Composition (3)

Prerequisites: ART 130 and 6 units selected from AH 111A, 111B.

Focuses on visual and aesthetic interactions of color as pertains to painting. Utilizes theories of colorists such as Itten, Albers, Hofmann to study distinct color properties and functions. Combines lecture, demonstration, and critique with hands-on exploration, problem solving.

Not open for credit to students with credit in ART 182. Letter grade only (A-F). (6 hours lab)

389. Materials and Techniques of Drawing and Painting (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Theory and practice in the craft of drawing and painting.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (6 hrs. lab.)

390. Drawing: Figures in Context (3)

Prerequisites: ART 371A or permission of instructor

Drawing from life based on the nude and draped human form and animal forms. Focus on short pose gestural drawing, emphasizing dramatic exaggeration of form and shape, movement, body language and character.

(6 hours lab) Course fee may be required. Letter grade only (A-F).

391. Animation 1 (3)

Prerequisite: ART 371A or consent of instructor.

Introduction to basic principles of traditional hand-drawn animation and creation of basic movement cycles using specific coordinating computer software. Focus on elements of weight, movement, timing and exaggeration. Provides an overview of alternative approaches to animation.

Not open to students with credit in ART 391A. Letter grade only (A-F). (6 hours lab) Course fee may be required.

392. Animation 2 (3)

Prerequisite: ART 391

Continued study of basic principles of traditional hand drawn animation and alternative approaches learned in ART 391. Focus on weight, movement, timing, exaggeration, dramatic staging, and narrative structure. Provides further development of animating skills. Specific coordinating computer software is used.

Not open for credit to students with credit in ART 391B. Letter grade only (A-F). (6 hours lab) Course fee may be required.

393. Character Design (3)

Prerequisites: ART 371A or Permission of Instructor

Introduction to basic principles of character design. Overview of stylistic approaches for commercial and alternative applications. Focus on creating original and believable characters with drawing and use of relevant computer software.

(6 hours lab) Course fee may be required. Letter grade only (A-F).

406A./506A. Digital Imagery for the Arts (3)

Prerequisites: ART 149, 340, or consent of instructor.

Examination of digital imaging through Adobe Photoshop software. Emphasis on relationship of digital imaging to photography. Exercises to develop skills, strategies and fluency for working in digital media. Concentration on theory of media and representation as well as individual projects.

(6 hrs lab.) Letter grade only (A-F). Course fee may be required.

406B./506B. Advanced Digital Imagery for the Arts (3)

Prerequisites: ART 406A or 506A, 444.

Exploration of theory and practice of digital imaging and advanced techniques. Emphasis on multimedia and individual projects.

(6 hrs. lab.) Letter grade only (A-F). Course fee may be required.

407. Art Practicum (3)

Prerequisite: Completion of 12 units of Art Foundation.

Attitude and skill development for production, evaluation, and appreciation of visual arts. Consideration for art processes and product in ethnically diverse societies. Inquiry methods of artists, critics, historians, and aestheticians examined for active learning. Art Education Bound Portfolio addressed.

Course fee may be required. (6 hrs lab) Letter grade only (A-F).

408./508. Historical Perspectives in Contemporary Art Education (3)

Examines historical and philosophical foundations of art education globally from antiquity to the present, emphasizing developments in America. Social, political, and economic factors; theoretical developments; notable theoreticians are explored in relation to contemporary art educational practice.

Letter grade only (A-F).

412./512. Aesthetic Theories and Art Education (3)

Prerequisites: Completion of 12 units of Art Foundation.

Past and current philosophical writings of aestheticians, critics, artists, and art educators will be investigated with theoretical, practical, and cross-cultural implications for the arts educator.

Letter grade only (A-F).

414./514. Documentary Photography (3)

Prerequisites: ART 340, 444, or consent of instructor.

History, theory, practice, and production of still documentary photographic works with emphasis on the photograph as an instrument for social influence and change.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

415. On-Site Studies in Art Education (3)

Prerequisites: Completion of 12 units of Art Foundation.

Theory generated and practiced during study and participation at approved sites including The Art Workshop for Youth and Art to Schools Program. Consideration to state and national standards involving multifaceted, cross-cultural, and interdisciplinary experiences with art.

(6 hrs lab) Letter grade only (A-F).

416./516. Animation 3 (3)

Prerequisites: For 416: ART 392. For 516: ART 392 or consent of instructor.

Pursuit of advanced skills in traditional hand-drawn 2D animation principles and techniques that allow students to develop

towards professional standards. Emphasis will be on character performance and acting, directing and film making, and creating a professional reel.

Letter grade only (A-F). (6 hrs. lab.)

417./517. Animation 4 (3)

Prerequisites: For 417: ART 416. For 517: ART 516 or permission of instructor.

Further development in advanced traditional hand-drawn 2D animation principles and techniques that allow students to continue towards professional standards. Focus will be on completion of short animated projects for inclusion on a professional animation reel.

Letter grade only (A-F). (6 hrs. lab.)

420. Visual Communication Design Workshop (3)

Prerequisite: Consent of instructor and portfolio review; majors only.

On-campus design studio experience oriented toward development of printed portfolio-quality design work. Professional designer/art director environment with involvement in actual projects with clients, budgets and deadlines. Students responsible for all project phases from design to production, print supervision and completion.

May be repeated to a maximum of 9 units. (6 hrs. lab.) Letter grade only (A-F). Course fee may be required.

421. Advanced Typography (3)

Prerequisites: ART 223 and 318, or consent of instructor. Freshmen are prohibited from enrolling in upper division courses.

Emphasis on advanced/highly-detailed informational layout, traditional and experimental typeface design and exploration of historical and contemporary typographic forms.

Letter grade only (A-F). (6 hours activity)

423. Graphic Design VI: Advanced Topics (3)

Prerequisites: ART 334, 335, 336, 337

Advanced projects in areas such as branding, design systems development and cross-media work. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 422A. Letter grade only (A-F). (6 hrs. lab.)

424. Advertising III: Advanced Topics (3)

Prerequisites: ART 335, 423

Advanced advertising course allowing students to produce work based on their area of interest. It is public service oriented. Course requires student-owned laptop computer. See Department of Art website for current laptop hardware and software specifications.

Not open for credit to students with credit in ART 422B. Letter grade only (A-F). (6 hrs. lab.)

426./526. Computer Animation 1 (3)

Prerequisites: ART 391 or 476 or consent of instructor.

Introduction to animating with 3D computer animation software. Students will explore basic three-dimensional computer generated animation, including modeling, rigging, lighting, texturing and camera set-up with emphasis on character animation. Integration of elements within the animation process will be investigated.

Letter grade only (A-F). (6 hrs. lab.)

427./527. Computer Animation 2 (3)

Prerequisite: For 427: ART 426. For 527: ART 526

Continued investigation of 3D computer generated animation using industry standard computer software. Focus will be on advanced character animation with an emphasis on character performance and advanced computer animation techniques.

Letter grade only (A-F). (6 hours lab)

428A. Fiber: Weaving, Dyeing, Woven Structures (3)

Prerequisites: ART 130, 131; AH 111A, 111B.

Exploration of weaving and dyeing methods using a wide variety of techniques and materials. Emphasis on personal expression within the contemporary idiom.

Letter grade only (A-F). (6 hrs. lab.)

428B. Fiber: Weaving, Dyeing, Woven Structures (3)

Prerequisites: ART 428A.

Focus on woven structural textiles of greater complexity. Includes dyed and woven Ikat, multi-layered construction, and use of the Compu-doby loom.

Letter grade only (A-F). (6 hrs. lab.)

430. Fiber: Artist Books and Papermaking (3)

Prerequisites: ART 130, 131, 181; ART 132 or 287; AH 111A, 111B.

Basic materials and techniques of papermaking and handmade artist books with an emphasis on concept and form development.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F). (6 hrs. lab.)

432. Fiber and Mixed Media: Advanced (3)

Prerequisites: ART 130, 131, 181; ART 132 or 287; ART 317 or 328A; ART 428A or 430.

Designed for the advanced Fiber students. Students will work on conceptual assignments using materials and media from a wide range of fiber processes of their choice. There will be some reading and group discussion assignments as well.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F). (6 hrs. lab.)

436A./536A. Sculpture/4D: Video Art (3)

Historical/theoretical and practical/technical introduction to digital video and other art practices involving digital media.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

436B./536B. Sculpture/4D: Video Art (3)

Prerequisite: ART 436A.

Continuation of ART 436A with more advanced projects, introduction of more specialized software and equipment, and alternative modes of display.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

440./540. Art in Public Places: Theory and Practice (3)

Prerequisites: ART 130, 131, and 6 units of Art History selected from AH 111A, 111B, or by consent of instructor.

Exploration of theory and practice of developing, proposing and producing artist-initiated and commissioned temporary and permanent works for the public sphere. Historical overview of the field of public art. Consideration of viewpoints influencing evaluation, production, selection, and commissioning of works. (6 hrs. lab.) Letter grade only (A-F).

442. Internship in Visual Communications (3)

Prerequisite: Visual Communications major or consent of instructor.

Student internship experience in selected studios, advertising agencies and in-house creative departments. Opportunity to work under supervision of professionals in the field for 6 hrs. per week.

May be repeated to a maximum of 6 units in different semesters. (6 hrs. lab.)

444./544. Advanced Black and White Photography (3)

Prerequisite: ART 340.

Presentation of advanced printing techniques and darkroom skills. Including printing chemistry, refined negative making, printing materials and supports. Extensive exploration of the view camera.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

Art Courses (ART)

447. Photography Studio Specialties (3)

Prerequisites: ART 340, 444.

Designed to explore camera, laboratory techniques and professional practices as applied to studio work in photography.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

449. Experimental Practices in Photography (3)

Prerequisites: ART 340.

Course work to generate experimental solutions to conceptual problems. Emphasis placed on contemporary approaches to the photograph and the exploration of new ideas for the development of photographic art.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.)

450A. Sculpture/4D: Intermedia/New Genres (3)

Prerequisite/Corequisite: ART 360A or consent of instructor.

Exploration of media and strategies including performance, installation, video, electronic and other time-based practice with emphasis on participatory, relational, installation and presentational concerns.

Letter grade only (A-F). (6 hrs. lab.)

450B. Sculpture/4D: Intermedia/New Media (3)

Prerequisites/Corequisites: ART 360A, 450A or consent of instructor.

Continuation of ART 450A. Exploration of media and strategies including performance, installation, video, electronic and other time-based practice with emphasis on newly developed and emergent media.

Letter grade only (A-F). (6 hrs. lab.)

451A-B. Advanced Ceramics (3-3)

Prerequisite: A: ART 343A or 343B. B: ART 451A.

Individual problems in ceramics.

(6 hrs. lab.) Letter grade only (A-F).

453. Seminar in Ceramic Arts (3)

Prerequisite: Senior Ceramics major or consent of instructor.

Critical analysis of work of historical and contemporary ceramic artists; the changing role of ceramic art as it becomes part of the contemporary art mainstream.

May be repeated to a maximum of 6 units with different artists in different semesters. Letter grade only (A-F).

454A,B. Advanced Wood (3,3)

Prerequisites: ART 354A and 354B.

Development of individual problems and expression in creation of wooden art/craft structures. Emphasis on exploring personal expression through focused study of chosen techniques and discussion of related wood issues and aesthetics.

(6 hrs. lab) Letter grade only (A-F).

458A,B. Advanced Metalsmithing/ Jewelry and Enameling (3,3)

Prerequisites: ART 357B, 358B or consent of instructor.

Individual problems in metalsmithing, jewelry, enameling and architectural metalwork and blacksmithing.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

460A. Sculpture/4D: Advanced (3)

Prerequisites: ART 130, 131, 149 or 349, 261; 6 units from AH 111A, 111B, or consent of instructor.

Within problem-solving assignments, students work with media and content of choice, exploring new material. Utilizes strategies such as installations, site work, time-based art, and includes some theory and discussions on art-related issues.

(6 hrs. lab) Letter grade only (A-F).

460B. Sculpture/4D: Advanced (3)

Prerequisites: ART 460A or consent of instructor.

Within problem-solving assignments, students work with media and content of choice, exploring new material. Utilize strategies such as installations, site work, time-based art, includes some theory and discussions on art-related issues.

(6 hrs. lab) Letter grade only (A-F).

461. Sculpture/4D: Advanced Sculpture from Observation (3)

Prerequisites: ART 361, 362A and B.

Historical, theoretical and technical emphasis on a wide array of approaches in observational study: from figurative traditions, to interpretive abstraction, as well as observational study as an exploration of the social field. Non-medium specific.

Letter grade only (A-F) Course fee may be required. (6 hrs. lab.)

471A,B. Advanced Illustration (3,3)

Prerequisites: For ART 471A: ART 371B; For ART 471B: ART 471A.

Illustration in part from live models.

ART 471B is open only to students in the Illustration option. Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

472./572. Storyboarding for Film and Television (3)

Prerequisites: ART 130, 181, 184, 271 or consent of instructor.

Storyboarding for television and feature films application. Focus on sequential structure of film including pacing and continuity related to storytelling. Discussion of camera movement, uses of storyboards. Emphasis on drawing skills needed to visually communicate ideas for entertainment industry.

(6 hrs. lab.) Letter grade only (A-F). Course fee may be required.

473./573. Seminar in Photo-Based Art (3)

Prerequisite: for 473: ART 406A, or 444, or consent of instructor, for 573: graduate student in Art.

Critical analysis of work by contemporary photo-based artists and investigation of relevant theoretical issues.

May be repeated to a maximum of 6 units with rotating topics in different semesters. Letter grade only (A-F).

474. Seminar in Sculpture and Time-Based Art (3)

Prerequisites: Advanced standing in Sculpture or consent of instructor.

Critical analysis of contemporary sculpture and time-based art practice, and investigation of key theoretical, historical and contemporary issues.

Letter grade only.

475./575. Printmaking: Photo and Digital Processes (3)

Prerequisites: ART 130, 241, or 149, 181; 6 units from AH 111A, 111B.

Instruction in the photo printmaking processes for lithography, etching, and silkscreen using digital and analog techniques to explore photographic and non-photographic imagery.

(6 hrs. lab.) Letter grade only (A-F).

476./576. Experimental Animation 1 (3)

Prerequisites: For 476: ART 130, 131, 181, 184. For 576: graduate student in Art or permission of instructor.

Investigation of a variety of basic animation techniques as alternatives to traditional hand-drawn character animation with emphasis on understanding movement, weight, timing, and sequential aesthetics.

Letter grade only (A-F). (6 hours lab)

478./578. Experimental Animation 2 (3)

Prerequisite: For ART 478: ART 476. For ART 578: ART 576.

Further investigation of principles and techniques of alternative approaches to traditional hand-drawn character animation learned in Art 476. Focus on weight, movement, timing, and time-based

aesthetic strategies. Provides continued development of animating skills. Specific coordinating computer software is used.

Letter grade only (A-F). (6 hours lab)

480./580. Printmaking: Monotype/Monoprint (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Instruction in all aspects of monotype and monoprint form of printmaking as expansive medium capable of diverse applications and linkages with other procedures and disciplines. Emphasis on extension and refinement of individual expression. Black and white and color.

(6 hrs. lab.) Letter grade only (A-F).

481. Advanced Drawing (3)

Prerequisite: ART 381.

Advanced problems and concepts in drawing designed to explore modes of representation and issues pertaining to contemporary drawing.

(6 hrs. lab.) Letter grade only (A-F).

482./582. Sequential Imagery (3)

Prerequisites: ART 223 or consent of instructor

Focuses on the book or magazine (electronic or print) as an art form and the image/word relationship within the context of sequential aesthetics. Addresses the editorial and visual issues of pacing, continuity, and closure.

Letter grade only (A-F). Course fee may be required. (6 hrs lab.)

483. Advanced Life Painting (3)

Prerequisite: ART 383.

Continued study in painting from the human figure with emphasis on pictorial structure, color and individual expression.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

484. Advanced Life Drawing (3)

Prerequisite: ART 384.

Continued study in drawing the human figure from observation with emphasis on structure, form and composition, as well as individual expression.

Course fee may be required. (6 hrs. lab.) Letter grade only (A-F).

486. Media Design: Advanced Topics (3)

Prerequisites: ART 365 or 366 or equivalent, or consent of instructor.

Advanced course developing student's ability to create interactive experiences. Students start building smart interactions within non-linear environments and/or narrative structures.

Letter grade only (A-F). (6 hrs. lab.)

487. Advanced Painting (3)

Prerequisite: ART 387.

Continued study in studio painting, exploring advanced modes of pictorial structure with emphasis on individual expression.

(6 hrs. lab.) Letter grade only (A-F).

489. Special Topics in Visual Art (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in the visual arts will be selected for intensive study.

May be repeated to a maximum of 12 units with different topics. Topics will be announced in the *Schedule of Classes*.

490. Special Problems in Studio Art (1-3)

Prerequisites: Consent of instructor.

Topics of current interest in the visual arts selected for intensive study. Topics announced in the *Schedule of Classes*.

Letter grade only (A-F). May be repeated to a maximum of 12 units with different topics. (6 hrs. Lab)

491A. Ceramics: Senior Project (1)

Prerequisite: ART 451A or 451B or consent of instructor.

Planning, preparation, completion, and photographic slide documentation of a creative exhibition and written thesis as approved by faculty.

Should be taken in last semester before graduation. Required of all BFA ceramics majors. Letter grade only (A-F). May be repeated to a maximum of 2 units.

491B. 3-D Media-Senior Project (1)

Prerequisite: 3-D Media major or consent of instructor.

Organizing, completing, and photographing (35mm slides) a creative exhibition of their work. Exhibition culminates with written thesis with faculty approval.

Should be taken in the last semester before graduation. Required of all 3-D Fiber, Wood, Metal and Integrated Media majors. Credit/No Credit grading only. May be repeated to a maximum of 2 units in the same semester.

491C. Photography – Senior Project (1) F,S

Planning, preparation, completion, and photographic slide documentation of a creative exhibition and written thesis as approved by faculty.

Should be taken in the last semester before graduation. Required of all Photography majors. Credit/No Credit grading only. May be repeated to a maximum of 2 units.

491E. Illustration/Animation Senior Project (1)

Prerequisites: Senior Illustration/Animation Major

Planning, preparation, and participation in program group exhibition. Submission of digital files of artwork from exhibition to program head. Required by all Illustration/Animation majors. Should be taken in the final semester of student's BFA program.

Credit/No Credit grading only. (2 hrs. lab)

491F. Sculpture/4D Senior Project (1)

Prerequisites: Senior Sculpture major; consent of instructor.

Students will complete their work, organize an exhibition and write an Artist's Statement.

Required by all Sculpture majors. Should be taken in the final semester of a student's BFA program. Credit/No Credit grading only.

491G. Drawing and Painting: Senior Project (1)

Prerequisite: ART 496A. Corequisite: ART 496B.

Planning and installation of a public exhibition of creative work completed in ART 496 A-B.

Credit/No credit grading only. (2 hours lab.)

491P. Printmaking: Senior Project (1)

Planning, preparation, completion, and photographic slide documentation of a creative exhibition and a written expanded artist's statement as approved by faculty.

Should be taken in the last semester before graduation. Required of all Printmaking majors. Credit/No Credit grading only. May be repeated to a maximum of 2 units.

492F. Concentrated Studies in Life Drawing (3)

Prerequisites/Corequisites: ART 384 or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in life drawing.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. Course fee may be required. (6 hrs. lab.)

492G. Concentrated Studies in Abstract Painting (3)

Prerequisites/Corequisites: ART 387 or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in abstract and nonobjective painting and drawing.

May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. (6 hrs. lab.) Letter grade only (A-F).

Art Courses (ART)

492Z./592Z. Concentrated Studies in Life Painting (3)

Prerequisites/Corequisites: ART 383 or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in painting the human figure. A more open relationship in attitudes and processes of working from the figure in class and total self-direction on work done outside the class.

Letter grade only (A-F). May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. Course fee may be required. (6 hrs. lab.)

495. Field Studies in Art (1-6)

Independent work with an instructor of student's choice, usually outside area of specialization.

Department Chair or Undergraduate Advisor/Graduate Advisor approval, restricted to undergraduate and graduate art majors. (2-12 hrs. lab.) Letter grade only (A-F).

496A. BFA Capstone: Drawing and Painting (3)

Prerequisites: Drawing and Painting major. Completion of 6 to 12 units of required 400 level classes in Drawing and Painting including (but not limited to) ART 481 or 487 and ART 483 or 484.

Extensive work with faculty supervision on individual problems in drawing and/or painting. First of two sequential semesters, limited to three units each semester, totaling 6 units as the culmination of a student's BFA degree program in Drawing and Painting. Letter grade only (A-F) (6 hours lab.)

496B. BFA Capstone: Drawing and Painting (3)

Prerequisite: ART 496A. Corequisite: ART 491G

Extensive work with faculty supervision on individual problems in drawing and/or painting. Second of two sequential semesters, limited to three units each semester, totaling 6 units as the culmination of a student's BFA degree program in Drawing and Painting.

Letter grade only. (6 hours lab.)

499A. Special Studies in Ceramics (3)

Prerequisite: Ceramics major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in ceramics.

May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.) Letter grade only (A-F).

499B. Special Studies in Wood (3)

Prerequisite: ART 354B or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems using wood as the media.

May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499D. Special Studies in Drawing (3)

Prerequisite: ART 381; Drawing and Painting Major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in drawing.

May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499E. Special Studies in Animation (3)

Prerequisites Illustration /Animation Major or consent of instructor

Opportunity for extensive work with faculty supervision on individual problems related to animation.

Letter grade only (A-F) May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499F. Special Studies in Illustration (3)

Prerequisite: Illustration major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in illustration or biomedical art.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499J. Special Studies in Metalsmithing and Jewelry (3)

Prerequisite: ART 458A or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in metalsmithing and jewelry.

Letter grade only (A-F). Course fee may be required. May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499K. Special Studies in Painting (3)

Prerequisites: Drawing and Painting Major or consent of instructor

Opportunity for extensive work with faculty supervision on individual problems in drawing and/or painting.

Letter grade only (A-F). May be taken for a maximum of 3 units in the same semester and a maximum of 9 units in different semesters. 6 hours lab.)

499M. Special Studies in Life Sculpture (3)

Prerequisite: Sculpture major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in sculpture.

Letter grade only (A-F). May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. (6 hrs. lab.) Course fee may be required.

499N. Special Studies in Fiber and Mixed Media (3)

Prerequisite: 3-D Media major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in textile design.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. (6 hrs. lab.)

499O. Special Studies in Sculpture/4D (3)

Prerequisites: Sculpture major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in sculpture.

May be repeated to a maximum of 6 units in the same semester and a total of 9 units in different semesters. Letter grade only (A-F). (6 hours lab.)

499P. Special Studies in Art Education (3)

Prerequisite: Art Education major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in art education.

May be repeated to a maximum of 6 units in the same semester and a total of 9 units in different semesters. Letter grade only (A-F). (6 hrs. lab.)

499R. Special Studies in Printmaking (3)

Prerequisite: Printmaking major or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in printmaking.

May be repeated to a maximum of 6 units in the same semester and a total of 9 units in different semesters. Letter grade only (A-F). (6 hrs. lab.)

499S. Special Studies in Visual Communications Design (3)

Prerequisite: Visual Communications major or consent of instructor.

Opportunity for extensive contract work with faculty supervision on problems in visual communications design.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and a total of 9 units in different semesters. (6 hrs. lab.)

499V. Special Studies in Art Photography (3)

Prerequisites: ART 406A, or 444, or consent of instructor.

Opportunity for extensive work, with faculty supervision, on individual problems in photography as an art form.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and a total of 9 units in different semesters. Course fee may be required. (6 hrs. lab.)

GRADUATE LEVEL

506A./406A. Digital Imagery for the Arts (3)

Prerequisites: ART 149, 340, or consent of instructor.

Examination of digital imaging through Adobe Photoshop software. Emphasis on relationship of digital imaging to photography. Exercises to develop skills, strategies and fluency for working in digital media. Concentration on theory of media and representation as well as individual projects.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

506B./406B. Advanced Digital Imagery for the Arts (3)

Prerequisites: ART 406A, 444, or consent of instructor.

Exploration of theory and practice of digital imaging and advanced techniques. Emphasis on multimedia and individual projects.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

508./408. Historical Perspectives in Contemporary Art Education (3)

Examines historical and philosophical foundations of art education globally from antiquity to the present, emphasizing developments in America. Social, political, and economic factors; theoretical developments; notable theoreticians are explored in relation to contemporary art educational practice.

Letter grade only (A-F).

509A-B. Research in Art Education (2-2)

Prerequisite: Art Education major or consent of instructor.

Advanced individual graduate problems in art education with projects related to specific learning situations.

Letter grade only (A-F) May be repeated to a maximum of 9 units in different semesters.

512./412. Aesthetic Theories and Art Education (3)

Past and current philosophical writings of aestheticians, critics, artists, and art educators will be investigated with theoretical, practical, and cross-cultural implications for the arts educator.

Letter grade only (A-F).

514./414. Documentary Photography (3)

Prerequisites: ART 340, 444, or consent of instructor.

History, theory, practice, and production of still documentary photographic works with emphasis on the photograph as an instrument for social influence and change.

Letter grade only (A-F). Course fee may be required. (6 hrs. lab.) May be repeated to a maximum of 9 units in different semesters.

516./416. Animation 3 (3)

Prerequisites: For 416: ART 392. For 516: ART 392 or consent of instructor.

Pursuit of advanced skills in traditional hand-drawn 2D animation principles and techniques that allow students to develop towards professional standards. Emphasis will be on character performance and acting, directing and film making, and creating a professional reel.

Letter grade only (A-F). (6 hrs. lab.)

517./417. Animation 4 (3)

Prerequisites: For 417: ART 416. For 517: ART 516 or permission of instructor.

Further development in advanced traditional hand-drawn 2D animation principles and techniques that allow students to continue towards professional standards. Focus will be on completion of short animated projects for inclusion on a professional animation reel.

Letter grade only (A-F). (6 hrs. lab.)

526./426. Computer Animation 1 (3)

Prerequisites: ART 391 or 476 or consent of instructor.

Introduction to animating with 3D computer animation software. Students will explore basic three-dimensional computer generated animation, including modeling, rigging, lighting, texturing and camera set-up with emphasis on character animation. Integration of elements within the animation process will be investigated.

Letter grade only (A-F). (6 hours lab)

527./427. Computer Animation 2 (3)

Prerequisite: For 427: ART 426. For 527: ART 526

Continued investigation of 3D computer generated animation using industry standard computer software. Focus will be on advanced character animation with an emphasis on character performance and advanced computer animation techniques.

Letter grade only (A-F). (6 hours lab)

536A./436A. Sculpture/4D: Video Art (3)

Historical/theoretical and practical/technical introduction to digital video and other art practices involving digital media.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required.

536B./436B. Sculpture/4D: Video Art (3)

Prerequisite: ART 436A or 536A.

Continuation of ART 536A with more advanced projects, introduction of more specialized software and equipment, and alternative modes of display.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

540./440. Art in Public Places: Theory and Practice (3)

Prerequisites: ART 130, 131, and 6 units of Art History selected from AH 111A, 111B, or consent of instructor.

Exploration of theory and practice of developing, proposing and producing artist-initiated and commissioned temporary and permanent works for the public sphere. Historical overview of the field of public art. Consideration of viewpoints influencing evaluation, production, selection, and commissioning of works.

Letter grade only (A-F). (6 Hrs. Lab.) May be repeated to a maximum of 9 units in different semesters.

544./444. Fine Print Photography (3)

Prerequisite: ART 340.

Presentation of advanced printing techniques and darkroom skills. Including printing chemistry, refined negative making, printing materials and supports. Extensive exploration of the view camera.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

547./447. Photo Studio Specialties (3)

Prerequisite: ART 340.

Designed to give exploration of camera and laboratory techniques as applied to studio work in photography. Related photo assignments of studio and location problems will be given

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

Art Courses (ART)

549./449. Experimental/Alternative Practices in Photography (3)

Prerequisite: ART 340.

Experimental solutions to conceptual problems. Emphasis on Alternative Processes, non-traditional photographic processes, exploration of new ideas and procedures for the development of art work and meaning significant to each individual student.

Letter grade only (A-F). (6 hrs. lab.) Course fee may be required. May be repeated to a maximum of 9 units in different semesters.

550. Sculpture/4D: Intermedia/New Genres/New Media (3)

Exploration of media and strategies including performance, installation, video, electronic and other time-based practice with emphasis on participatory, relational, installational and presentational concerns and newly developed and emergent media.

Letter grade only (A-F). May be repeated to a maximum of 9 units in different semesters (6 hours lab)

551A. Advanced Ceramics – Graduate (3)

Prerequisite: ART 451B.

Opportunity for beginning graduate students to do research employing various ceramics materials, processes and visual solutions in preparation for a more narrow and concentrated study.

Letter grade only (A-F). (6 hrs. lab.) May be repeated to a maximum of 9 units in different semesters.

551B. Advanced Ceramics – Graduate (3)

Prerequisite: ART 551A.

Selection of a specific area of concentration in ceramics, limiting the materials and processes to develop a project which will reflect a predetermined statement.

Letter grade only (A-F). (6 hrs. lab.) May be repeated to a maximum of 9 units in different semesters.

554A,B. Wood – Graduate (3,3)

Prerequisites: ART 454B or consent of instructor.

Development of individual problems and expression in the creation of wooden art/craft structures. Emphasis on exploring personal expression through focused study of chosen techniques and the discussion of related wood issues and aesthetics.

Letter grade only (A-F). (6 hrs. lab) May be repeated to a maximum of 9 units in different semesters.

558A. Metalsmithing, Jewelry and Enameling (3)

Prerequisite: 3-D Media major or consent of instructor.

Individual graduate level studio projects involving investigation of materials, processes and visual solutions in preparation for more concentrated study in metalsmithing, jewelry, enameling, or architectural metalwork and blacksmithing.

Letter grade only (A-F). Course fee may be required. May be repeated to a maximum of 9 units in different semesters. (6 hrs. lab.)

558B. Metalsmithing, Jewelry and Enameling (3)

Prerequisite: 3-D Media major or consent of instructor.

Selection of a specific area of concentration in metalsmithing and jewelry, enameling, or architectural metalwork and blacksmithing; focus on creative objectives based on a projected theme.

Letter grade only (A-F). Course fee may be required. May be repeated to a maximum of 9 units in different semesters. (6 hrs. lab.)

564A,B. Advanced Wood Studio – Graduate (3,3)

Prerequisites: ART 354B or consent of instructor.

Development of individual skill, technique, and concept through the exploration of a unique and personal language in wood. Creation of body of work supported by research projects on related work and concepts in the field.

Letter grade only (A-F). (6 hrs. lab) May be repeated to a maximum of 9 units in different semesters.

572./472. Storyboarding for Film and Television (3)

Prerequisites: ART 130, 181, 184, 271 or consent of instructor.

Storyboarding for television and feature films application. Focus on sequential structure of film including pacing and continuity related to storytelling. Discussion of camera movement, uses of storyboards. Emphasis on drawing skills needed to visually communicate ideas for entertainment industry.

Letter grade only (A-F). May be repeated to a maximum of 9 units in different semesters. Course fee may be required. (6 hrs. lab.)

573./473. Seminar in Photo-Based Art (3)

Prerequisite: for 473: ART 406A, or 444, or consent of instructor, for 573: graduate student in Art.

Critical analysis of work by contemporary photo-based artists and investigation of relevant theoretical issues.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different artists in different semesters.

575./475. Printmaking: Photo and Digital Processes (3)

Prerequisites: ART 130, 241, or 149, 181; 6 units from AH 111A, 111B.

Instruction in the photo printmaking processes for lithography, etching, and silkscreen using digital and analog techniques to explore photographic and non-photographic imagery.

Letter grade only (A-F). (6 hrs. lab.) May be repeated to a maximum of 9 units in different semesters.

576./476. Experimental Animation 1 (3)

Prerequisites: For 476: ART 130, 131, 181, 184. For 576: graduate student in Art or permission of instructor.

Investigation of a variety of basic animation techniques as alternatives to traditional hand-drawn character animation with emphasis on understanding movement, weight, timing, and sequential aesthetics.

Letter grade only (A-F). (6 hours lab)

578./478. Experimental Animation 2 (3)

Prerequisite: For ART 478: ART 476. For ART 578: ART 576.

Further investigation of principles and techniques of alternative approaches to traditional hand-drawn character animation learned in Art 576. Focus on weight, movement, timing, and time-based aesthetic strategies. Provides continued development of animating skills. Specific coordinating computer software is used.

Letter grade only (A-F). (6 hours lab)

580./480. Printmaking: Monotype/Monoprint (3)

Prerequisites: ART 130, 181, 184, 287; 6 units from AH 111A, 111B.

Instruction in all the aspects of the monotype and monoprint form of printmaking as an expansive medium capable of diverse applications and linkages with other procedures and disciplines. Emphasis will be on the extension and refinement of individual expression. In black and white and color.

Letter grade only (A-F). (6 hrs. lab.) May be repeated to a maximum of 9 units in different semesters.

582./482. Sequential Imagery (3)

Prerequisites: ART 223 or consent of instructor.

Focuses on the book or magazine (electronic or print) as an art form and the image/word relationship within the context of sequential aesthetics. Addresses the editorial and visual issues of pacing, continuity, and closure.

Letter grade only (A-F). (6 hrs lab) May be repeated to a maximum of 9 units in different semesters. Course fee may be required.

583. Advanced Life Graduate Painting (3)

An intensive studio course in painting from the model for graduate students.

Letter grade only (A-F). Course fee may be required. May be repeated to a maximum of 9 units in different semesters. (6 hrs. lab.)

589. Graduate Studies: Special Topics in Visual Art (1-3)

Prerequisites: Consent of instructor.

Topics of current interest in the visual arts selected for intensive study.

Topics announced in the *Schedule of Classes*. Letter grade only (A-F). May be repeated to a maximum of 12 units with different topics.

590. Graduate Studies: Special Problems in Studio Art (1-3)

Prerequisites: Consent of instructor.

Special topics of current interest in studio art will be selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 12 units with different topics. Topics will be announced in the *Schedule of Classes*. (2-6 hrs. lab.)

A. Visiting Artists

592Z./492Z. Graduate Concentrated Studies in Life Painting (3)

Opportunity for extensive work with faculty supervision on individual problems in painting the human figure. A more open relationship in attitudes and processes of working from the figure in class and total self-direction on work done outside class.

Letter grade only (A-F). May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. Course fee may be required. (6 hrs. lab.)

597A. Graduate Studies: Ceramics (3)

Prerequisites: Graduate M.F.A student or consent of instructor.

Variable topics course within discipline of Ceramics. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597B. Graduate Studies: Wood (3)

Prerequisites: Graduate M.F.A student or consent of instructor.

Variable topics course within discipline of Wood. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597D. Graduate Studies: Drawing (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Drawing. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597F. Graduate Studies: Illustration/Animation (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Illustration/Animation. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597J. Graduate Studies: Metal (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Metal. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

597K. Graduate Studies: Painting (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Painting. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6hrs. lab)

597L. Graduate Studies: Life Drawing and Painting (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Life Drawing and Painting. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

597M. Graduate Studies: Life Sculpture (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Life Sculpture. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

597N. Graduate Studies: Fiber (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Fiber. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597O. Graduate Studies: Sculpture/4D (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Sculpture/4D. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597R. Graduate Studies: Printmaking (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Printmaking. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597S. Graduate Studies: Visual Communication Design (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Variable topics course within discipline of Visual Communication Design. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

597V. Graduate Studies: Photography (3)

Prerequisites: Graduate M.F.A student or consent of instructor.

Variable topics course within discipline of Photography. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

Art Courses (ART)

598A. Graduate Studies: Advanced Ceramics (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597A.

Variable topics course for advanced graduate study within discipline of Ceramics. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598B. Graduate Studies: Advanced Wood (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597B.

Variable topics course for advanced graduate study within discipline of Wood. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598D. Graduate Studies: Advanced Drawing (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597D.

Variable topics course for advanced graduate study within discipline of Drawing. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598F. Graduate Studies: Advanced Illustration/Animation (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597F.

Variable topics course for advanced graduate study within discipline of Illustration/Animation. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598J. Graduate Studies: Advanced Metal (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597J.

Variable topics course for advanced graduate study within discipline of Metal. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

598K. Graduate Studies: Advanced Painting (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597K.

Variable topics course for advanced graduate study within discipline of Painting. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598L. Graduate Studies: Advanced Life Drawing and Painting (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597L.

Variable topics course for advanced graduate study within discipline of Life Drawing and Painting. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

598M. Graduate Studies: Advanced Life Sculpture (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597M.

Variable topics course for advanced graduate study within discipline of Life Sculpture. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

598N. Graduate Studies: Advanced Fiber (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597N.

Variable topics course for advanced graduate study within discipline of Fiber. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598O. Graduate Studies: Advanced Sculpture/4D (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597O.

Variable topics course for advanced graduate study within discipline of Sculpture/4D. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6hrs. lab)

598R. Graduate Studies: Advanced Printmaking (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597R.

Variable topics course for advanced graduate study within discipline of Printmaking. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6hrs. lab)

598S. Graduate Studies: Advanced Visual Communication Design (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597S.

Variable topics course for advanced graduate study within discipline of Visual Communication Design. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. (6 hrs. lab)

598V. Graduate Studies: Advanced Photography (3)

Prerequisites: Graduate M.F.A. student and 12 units ART 597V.

Variable topics course for advanced graduate study within discipline of Photography. Studio, activity, critique, and discussion course with focus and assignments changing each semester.

Letter grade only (A-F). May be repeated to a maximum of 12 units; 9 units in the same semester with different instructors. Course fee may be required. (6 hrs. lab)

599. Graduate Studies: Special Studio (3)

Prerequisites: Graduate MFA Student and consent of Instructor and consent of Department of Art Graduate Advisor

Specialized graduate studio projects, with faculty supervision, in a specific discipline.

Letter grade only (A-F). May be repeated to a maximum of 9 units with same topic in the same semester. Area will be designated by letter at time of registration. (6 hrs lab)

- A. Ceramics
- B. Wood
- D. Drawing
- F. Illustration/Animation
- J. Metal (course fee may be required)
- K. Painting
- L. Life Drawing and Painting (course fee may be required)
- M. Life Sculpture (course fee may be required)
- N. Fiber
- O. Sculpture/4D
- R. Printmaking
- S. Visual Communication Design
- V. Photography (course fee may be required)

601A-B. Seminar in Art Education (3-3)

Prerequisite: Graduate student in Art Education or consent of instructor.

Special studies, research and evaluation of the role of the art teacher.

ART 601A is required for the M.A. in Art Education; ART 601B may be required by the student's M.A. committee. Letter grade only (A-F).

651. Seminar in Ceramic Art (3)

Prerequisite: Graduate student in Ceramics or consent of instructor.

Critical analysis of work of historical and contemporary ceramic artists; the changing role of ceramic art as it becomes part of the contemporary art mainstream.

May be repeated to a maximum of 12 units with different artists in different semester. Letter grade only (A-F).

680. Graduate Interdisciplinary Critique (3)

Critique and discussion forum for graduate students in all areas of studio practice, and from all Department of Art programs. Emphasis on development of critical discussion and writing skills. Group meetings and individual meetings with instructor.

Letter grade only (A-F). May be repeated to a maximum of 9 units in different semesters. Not open for credit to students with credit in ART 591.

681. Graduate Studies: Art Theory/Criticism (3)

Prerequisite: Graduate M.F.A. student or consent of instructor

Seminar involving selected reading and writing concerning topics relevant to student's specific disciplines on the visual arts with an opportunity for interdisciplinary discussion.

Letter grade only (A-F). Not open for credit to students with credit in ART 690A.

682. Graduate Studies: Professional Practices for Studio Art (3)

Prerequisite: Graduate M.F.A. student or consent of instructor.

Seminar involving professional preparation for studio artists stressing practical concerns as well as current trends in art practices, theory and criticism.

Letter grade only (A-F). Not open for credit to students with credit in ART 690B.

683. Graduate Studies: Image as Text (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Seminar focusing on issues of readability, signification meaning and ramifications of the construction and organization of visual imagery with emphasis on visual communications applications.

Letter grade only (A-F).

684. Graduate Studies: Professional Practices for Visual Communication (3)

Prerequisites: Graduate M.F.A. student or consent of instructor.

Seminar involving professional preparation for illustrators, graphic designers, and individuals interested in entering visual communications fields.

Letter grade only (A-F).

690M. 3-D Graduate Seminar (3)

Graduate seminar for 3D students. Examination of media, concerns, strategies relevant to the spectrum of contemporary three-dimensional art production. Includes critique of student work, readings, discussion and written assignments.

May be repeated to a maximum of 3 units in one semester and 9 units in different semesters. Letter grade only (A-F).

692. Project Exhibition (3)

Prerequisite: Advancement to Candidacy and a registration in ART 698 or 699. Open only to M.A. and M.F.A. candidates with Project Statement approval, consent of their graduate committee and an assigned exhibition date.

Planning, preparation, and installation of a public exhibition of creative work done for ART 698 or 699.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

693. Teaching Internship (3)

Opportunity to work with full-time Art faculty mentor on course preparation and instruction. Required for eligibility for Graduate Teaching Associate positions.

Restricted to graduate art majors. Letter grade only (A-F). May be repeated to a maximum 6 units. (6 hrs. lab.)

694. Graduate Studies: Directed Studio (1)

Independent studies in creative studio. Department Chair or Graduate Advisor approval, restricted to graduate art majors. Student must enroll in three sections concurrently. Nine units required for MFA degree. No more than 9 units may be applied to MFA degree.

Letter grade only (A-F). May be repeated to a maximum of 12 units in the same semester.

695. Graduate Studies: Field Problems (1-6)

Opportunity to study artistic monuments, objects, theories, techniques or literature at appropriate off campus locations. Department Chair or Graduate Advisor approval, restricted to graduate art majors.

Letter grade only (A-F). May be repeated to a maximum of 12 units in different semesters. (2-12 hrs. lab.)

697. Graduate Studies: Directed (1-3)

Independent studies in technical and/or historical aspects of art.

Department Chair or Graduate Advisor approval, restricted to graduate art majors.

Letter grade only (A-F). May be repeated to a maximum of 12 units in the same semester. (2-6) hrs. lab.

698A. Art Education Thesis or Project (1-6)

Prerequisite: Advancement to Candidacy and an approved Thesis or Project Statement.

Execution and completion of an approved thesis, or project, project report, documentation, orals and comprehensive exam. Open only to Art Education students. Required of all candidates for the MA in Art, specialization in Art Education.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester.

698B. Studio Project (1-6)

Prerequisite: Advancement to Candidacy and an approved project statement. Execution and completion of an approved Studio Project and Project Report for the MA degree. Open only to Studio Art students. Required of all candidates for the MA in Art, specialization in Studio Art. Letter grade only (A-F).

May be repeated to a maximum of 6 units in the same semester.

699. Graduate Studies: MFA Project (2)

Prerequisite: MFA Art Student, Advancement to Candidacy and an approved Project Statement.

Execution and completion of a Studio Project and Project Report for the M.F.A. degree. Student must enroll in three sections concurrently. To be taken with each of three M.F.A. committee members for a total of 6 units in the final semester of study. No more than 6 units may be applied to the M.F.A. degree.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester.

Art History Courses (AH)

LOWER DIVISION

111A. Foundation Art History I (3)

Prerequisites: A General Education Foundation class.

Chronological survey of art as an integral part of Western Culture from pre-History through the Middle Ages.

Not open for credit to students with credit in AH 115B.

111B. Foundation Art History II (3)

Prerequisite: A General Education Foundation class.

Chronological survey of art as an integral part of Western Culture from Proto-Renaissance to contemporary.

Not open for credit to students with credit in AH 115C.

Art History Courses (AH)

111C. Foundation Art History III (3)

Prerequisites: AH 111A or AH 111B and a General Education Foundation class.

Basic theoretical considerations about art and its relation to society in both Western and non-Western cultures.

Not open for credit to students with credit in AH 115A.

112. Foundation Art History: Latin American Arts and Architecture (3)

Survey of arts and architecture of Mexico, Central America, and South America from 1200 BC to the late 20th century.

Letter grade only (A-F).

113A. Survey Asian Art: Early Sacred Cultures (3)

Prerequisites or corequisite: A General Education Foundation class.

Survey of art as an integral part of Asian culture: India and SE Asia, China, and Japan from earliest times to c. 1000.

Not open for credit to students with credit in ART 113A.

113B. Survey Asian Art: Later Traditions (3)

Prerequisites or corequisite: A General Education Foundation class.

Survey of art as an integral part of Asian culture: India and SE Asia, China, and Japan from earliest times from c. 1000 to 1900.

Not open for credit to students with credit in ART 113B.

114. Foundation Art History: Arts of Africa, Oceania, and Indigenous North America (3)

Survey of architecture, urban planning, art, and other aspects of visual culture in Africa, Oceania, and indigenous North America.

Letter grade only (A-F).

116. Foundation Art History: Arts of Islamic Regions (3)

Survey of architecture and visual culture in Islamic cultures from the 7th century to the present in North Africa, Spain, Southeast Asia, and the Islamic diaspora.

Letter grade only (A-F).

UPPER DIVISION

364. History of Ceramics 1900 to Present (3)

Survey of ceramic art in the United States from 1900 to the present. Consideration of American ceramic art within the context of contemporary art history, and of significant ceramic works in relation to modern and postmodern movements in art.

Letter grade only (A-F).

365. History of Prints and Drawings (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Historical survey of prints and drawings, with emphasis on technical and stylistic developments and on the role played by these media in relation to other arts through the 20th century.

Not open for credit to students with credit in ART 365. Letter grade only (A-F).

400./500. 19th Century Photography (3)

Prerequisites: AH 111B or consent of the instructor.

Examination of 19th century photography.

Letter grade only (A-F).

401./501. American Art to 1900 (3)

Prerequisites: AH 111A, 111B or consent of instructor.

Survey of American art from the time of European settlement to roughly 1900 with special focus on cultural, political, and historical contexts. Combines slide lecture with discussion of primary and secondary readings.

Letter grade only (A-F).

402. The Rise of Landscape Painting (3)

Prerequisites: AH 111A, 111B or consent of instructor.

Examination of emergence and transformation of landscape painting in Europe and America between 1750 and 1850 with special focus on cultural, political, and historical contexts. Combines slide lecture with discussion of primary and secondary readings.

Letter grade only (A-F).

408./508. Early Christian and Byzantine Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Architecture, mosaics and sculpture of Rome, Ravenna and Constantinople from the decline of the Roman Empire to the end of the Byzantine era.

Not open for credit to students with credit in ART 408 or 598B. Letter grade only (A-F).

409./509. Romanesque Art (3)

Prerequisites: AH 111A, or consent of instructor.

Arts of Northern Europe from Merovingian through the Romanesque periods.

Not open for credit to students with credit in ART 409 or 598C. Letter grade only (A-F).

410./510. Gothic Art (3)

Architecture, sculpture, and painting in western Europe from the 12th through the 14th centuries, with special attention to the construction and decoration of the great cathedrals, and to the development of new approaches to style and content in the figural art of the 14th-century Italy.

Not open for credit to students with credit in ART 410 or 598D. Letter grade only (A-F).

411./511. History and Criticism of Photography (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

History of photography from its origins to contemporary developments in the twentieth century. Critical and philosophical approaches to the photographic medium.

Not open for credit to students with credit in ART 411 or 511. Letter grade only (A-F).

415./515. Issues in Art History: Theory and Practice (3)

Prerequisites: AH 111A or 111B, Art Major or consent of instructor

Theoretical and practical considerations in the discipline of art history, specifically issues relating to art interpretation, classification, valuation, and circulation.

Letter grade only (A-F).

416./516. Greek Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Survey of Greek Art from beginnings in Aegean period through late Hellenistic period. Key monuments of architecture, sculpture, painting, vase-painting, and so-called minor arts discussed relative to contemporary theories, criticism, and history. Focus on techniques and materials of various arts.

Not open for credit to students with credit in ART 416 or 598E. Letter grade only (A-F).

417./517. Roman Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Survey of Italian arts before the Romans, including indigenous art of the Italic peoples and the Etruscans, and Roman Art from early Republic to Age of Constantine. Discussion of major art forms of architecture, painting, sculpture and so-called minor arts.

Not open for credit to students with credit in ART 417 or 598L. Letter grade only (A-F).

423./523. Early Renaissance Art in Italy (3)

Examination of stylistic and technical developments of fifteenth-century Italian painting, sculpture, and architecture, as well as interaction of cultural, social, and religious developments with visual arts. Special attention to the revival of classicism, and influence of private patrons.

Not open for credit to students with credit in ART 423 or 598F.
Letter grade only (A-F).

424./524. High Renaissance Art in Italy (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of 16th-century Italian painting, sculpture, and architecture, emphasizing that of Florence, Venice, and Rome. Historical, cultural, religious, and theoretical framework. Special attention to works by a handful of major artists (Leonardo da Vinci, Michelangelo, Raphael, Titian, and the Mannerists).

Not open for credit to students with credit in ART 424 or 598G.
Letter grade only (A-F).

425./525. Northern Renaissance Painting (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of artistic developments in Northern Europe, particularly Flanders, France, and Germany, from the 14th century through 16th century. Historical, cultural, and religious and theoretical framework. Special attention to iconography, and the changing role of the artist in society.

Not open for credit to students with credit in ART 425 or 598H.
Letter grade only (A-F).

426./526. Baroque Art in Spain, the Netherlands, and England (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of intertwined political and artistic situations in Netherlands (Flanders and Holland), England and Spain during seventeenth and early eighteenth centuries. Emphasis on relationship between Rubens and Velasquez, contrast between Rubens and Rembrandt, and Flemish influence in England.

Not open for credit to students with credit in ART 426 or 598J.
Letter grade only (A-F).

427./527. Baroque Art in Italy, France, and Germany (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Explores birth of Baroque in Rome, and role of Counter-Reformation in shaping artistic genres in Italy and France in early 17th century. Covers influence of Versailles court of "Sun King," Louis XIV, in late 17th and early 18th centuries, especially in independent Teutonic states.

Not open for credit to students with credit in ART 427 or 598K.
Letter grade only (A-F).

430./530. Introduction to Curatorial Practices (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Study of contemporary art display theory/practice including exhibition typologies, curatorial models, and recent transformations in museums, galleries and the art market. Designed for Museum and Curatorial Studies Certificate students and others interested in studying museum practices within a broader context. Not open for credit to students with credit in AH 435B/535B.

Letter grade only (A-F).

431./531. History of Museums and Exhibitions (3)

Prerequisites: AH 111A, 111B or by consent of student advisor and instructor.

Study of history of art museums and how displays reflect social and cultural conditions and political ideologies. Attention to controversial exhibitions, and recent transformations in the field.

Class is required of students seeking Museum Studies Certificate and those pursuing MA with emphasis in Museum Studies. Not open for credit to students with credit in ART 435; AH 435, 435A, or 535A. Letter grade only (A-F).

436./536. Neo-Classicism to Romanticism, 1789-1850 (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of Neo-Classicism, Realism, Romanticism, photography and the academic tradition in art and culture of Europe from 1789-1850.

Not open for credit to students with credit in ART 436 or 598M.
Letter grade only (A-F).

437./537. Impressionism to Post-Impressionism, 1850-1900 (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Analysis of the development of Impressionism and Post-Impressionism in France from 1850 to 1900.

Not open for credit to students with credit in ART 437 or 598N.
Letter grade only (A-F).

438./538. Art of Early to Mid Twentieth Century (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of key developments, trends, movements of the period including Abstraction, Non-Objective art, Expressionism, Dada, and Surrealism.

Letter grade only (A-F). Not open for credit to students with credit in ART 438 or 598P.

439./539. Art of Mid to Late Twentieth Century (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of key developments, trends, movements of the period including Pop Art, Happenings, Minimal Art, Art and Technology, Environmental, Concept, Performance and Video Art.

Letter grade only (A-F). Not open for credit to students with credit in ART 439 or 598Q.

441./541. Contemporary Art in Context (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

International survey focusing on developments in art from late twentieth century to present. Examination of precedents, traditions, legacies behind current art. Consideration of critical/theoretical issues and factors influencing production and reception of current art.

Letter grade only (A-F).

444./544. History of Graphic Design (3)

Prerequisites: For AH 444: AH 111A and 111B, or consent of instructor. For AH 544: Graduate Student in Department of Art, or consent of instructor.

Thematic approach to Graphic Design history, with consideration of pioneering designers, movements, and cultural, social, political and technological influences in the evolution of graphic design.

Not open for credit to students with credit in AH 366. Letter grade only (A-F).

446./546. Art History Methodologies and Writing (3)

Prerequisites: For 446: undergraduate Art History major with senior status or consent of instructor. For 546: graduate student in Art History or consent of instructor.

Practice in writing and conducting research in art history, and introduction to various methodologies and debates within the discipline, including biography, formalism, semiotics, gender studies, psychoanalysis, Marxism, post-colonialism, and visual culture studies.

Letter grade only (A-F).

447./547. Historiography of Art History (3)

Prerequisites: For 447: undergraduate Art History major with senior status or consent of instructor. For 547: graduate student in Art History or consent of instructor.

Study of the history of art history as intellectual discipline. Reading- and writing-intensive seminar designed specifically for undergraduate art history majors in final year of study and for graduate students in M.A. in Art History program.

Letter grade only (A-F). Not open for credit to students with credit in ART 307 or AH 307.

Art History Courses (AH)

448./548. Western Art Theory and Criticism to the Mid-Nineteenth Century (3)

Prerequisites: For 448: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 548: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism up to the mid-nineteenth century.

Letter grade only (A-F). Not open for credit to students with credit in AH 308.

449./549. Western Art Theory and Criticism Mid-Nineteenth to Mid-Twentieth Century (3)

Prerequisites: For 449: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 549: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism from the mid-nineteenth to mid-twentieth centuries. Not open for credit to students with credit in AH 309.

Letter grade only (A-F).

450./550. Western Art Theory and Criticism Mid-Twentieth Century to Present (3)

Prerequisites: For 450: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 550: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism from the mid-twentieth century to the present.

Letter grade only (A-F). Not open for credit to students with credit in AH 310.

455./555. Traditional Art of Africa: A Thematic Approach (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Exploration from a Western perspective of the conceptual, expressive, and aesthetic aspects of traditional African art as related to its cultural context and to Western concepts of art. Focus on West Africa.

Not open for credit to students with credit in ART 455 or 598R. Letter grade only (A-F).

456./556. American Indian Art: Western Perspectives (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Exploration from a Western perspective of the historically various and changing frames of reference surrounding perception, interpretation, and consideration of Native American art through focus on selected traditions.

Not open for credit to students with credit in ART 456 or 598S. Letter grade only (A-F).

457./557. Pre-Columbian Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

A survey of art and architecture in Mesoamerica and the Andean region of South America from about 1000BC to the Spanish conquest. Special attention will be focused on the social, political and economic contexts of objects and architecture from this period, as well as on the research methods and theoretical assumptions of scholars investigating this field.

Letter grade only (A-F).

458./558. Modern Latin American Art (3)

Prerequisites: AH 111B or consent of instructor.

Investigation of developments in visual culture in Latin America from the late-18th century to the mid-20th century, with special emphasis on artists in Argentina, Brazil, Colombia, Mexico, Uruguay, and Venezuela.

Letter grade only (A-F).

459./559. Contemporary Latin American Art (3)

Prerequisites: AH 111B or consent of instructor.

Investigation of developments in visual culture in Latin America from the mid-20th century to the present, with special emphasis on artists in Argentina, Brazil, Chile, Colombia, Cuba, Mexico, and Venezuela, as well as Latino/Latina artists.

Letter grade only (A-F).

465./565. Ancient Art of the Near East (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Near Eastern, Egyptian and Aegean art.

Not open for credit to students with credit in ART 465 or 598U.

Letter grade only (A-F).

466./566. Buddhist Art of India and S.E. Asia (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Formation and development of Buddhist art in India and subsequent metamorphoses in Cambodia, Thailand and Indonesia examined.

Not open for credit to students with credit in ART 466 or 598V.

Letter grade only (A-F).

467./567. Hindu and Islamic Art of India (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Formation and development of Hindu art in India and the genesis, as well as transformation, of Islamic art of India compared to pan-Islamic characteristics will be examined.

Not open for credit to students with credit in ART 467 or 598W.

Letter grade only (A-F).

468./568. Early Chinese Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Formation and development of Chinese art from third millennium to 10th century A.D.

Not open for credit to students with credit in ART 468 or 598X.

Letter grade only (A-F).

469./569. Later Chinese Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Development of Chinese art from the 11th century A.D. through the culmination of the tradition and its transformation in the 20th century will be explored.

Not open for credit to students with credit in ART 469 or 598Y.

Letter grade only (A-F).

470A./570A. Japanese Buddhist Art to 1500 (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, consent of instructor.

Survey of sacred architecture, sculpture, painting, gardens and decorative art from neolithic culture through Zen Buddhism, reading images in regard to religious, political and social values.

Not open for credit to students with credit in AH 470. Letter grade only (A-F).

470B./570B. Japanese Art 1500-1868 (3)

Prerequisite: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Analysis of secular painting, architecture, ceramics and garden design in the Momoyama and Edo periods, linking the wide variety of subjects and styles to the competing values of samurai, priest, aristocrat or merchant class patrons.

Not open for credit to students with credit in AH 470. Letter grade only (A-F).

471A./571A. Modern Japanese Graphic Art (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Examination of painting, prints, photography and graphic design in regard to the issues of individual and national identity in an

era when being modern was often linked to being Western. We also consider manga in regard to earlier modern adaptations of traditional design.

Not open for credit to students with credit in AH 471. Letter grade only (A-F).

471B./571B. Modern Japanese Plastic Art (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Investigation of architecture, gardens, sculpture and ceramics in light of debates over internationalism or nationalism, modernity or tradition. The political and economic implications of design choices will be highlighted.

Not open for credit to students with credit in AH 471. Letter grade only (A-F).

471C./571C. Modern Japanese Architecture (3)

Prerequisites: AH113A or AH113B or AH111A. AH111B or AH111C

Analysis of "Japaneseness" and "foreign-ness" in Japan between 1868 and 1970. Examination of Japanese creations of and reactions to "modernity" in regard to national identity as expressed in architecture and gardens. Related consideration of urbanism and nationalism.

Letter grade only (A-F).

495. Independent Study In Art History (1-6)

Independent research conducted under supervision of faculty member. Student and instructor must have on file in Department of Art office signed written agreement, established at beginning of course, outlining description of work, specific tasks required, nature of final report, and basis for determining final grade.

Letter grade only (A-F).

496. Special Studies in Art History (3)

Prerequisite: AH 447 or consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in art history.

May be repeated to a maximum of 9 units. Not open for credit to students with credit in ART 496. Letter grade only (A-F).

497./597. Seminar in Art History (3)

Prerequisite: Consent of instructor.

Directed individual research and group discussion concerning a topic in art history.

May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. Not open for credit to students with credit in ART 497 or 611 beyond combined maximum units. Letter grade only (A-F).

498. Special Topics in Art History (3)

Prerequisite: Consent of instructor.

Topics from selected areas of Art History. Content may vary each semester.

Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and a total of 12 units in different semesters.

499Q. Special Studies in Museum Studies (3)

Prerequisites: AH 431 or consent of instructor.

Opportunity for extensive individual work with faculty supervision on problems in museum studies, including utilizing the resources of The Center for Southern California Studies in the Visual Arts.

May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. (6 hrs. lab.) Not open for credit to students with credit in ART 499Q. Letter grade only (A-F).

500./400. 19th Century Photography (3)

Prerequisites: AH or ART graduate student, or consent of the instructor.

Examination of 19th century photography.

Letter grade only (A-F).

501./401. American Art to 1900 (3)

Prerequisites: AH 111A, 111B or consent of instructor.

Survey of American art from the time of European settlement to roughly 1900 with special focus on cultural, political, and historical contexts. Combines slide lecture with discussion of primary and secondary readings.

Letter grade only (A-F).

502. The Rise of Landscape Painting (3)

Prerequisite(s); AH 111A, 111B or consent of instructor.

Examination of emergence and transformation of landscape painting in Europe and America between 1750 and 1850 with special focus on cultural, political, and historical contexts. Combines slide lecture with discussion of primary and secondary readings.

Letter grade only (A-F).

508./408. Early Christian and Byzantine Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Architecture, mosaics and sculpture of Rome, Ravenna and Constantinople from the decline of the Roman Empire to the end of the Byzantine era.

Not open for credit to students with credit in ART 408 or 598B.

Letter grade only (A-F).

509./409. Romanesque Art (3)

Prerequisites: AH 111A, or consent of instructor.

Arts of Northern Europe from Merovingian through the Romanesque periods.

Not open for credit to students with credit in ART 409 or 598C.

Letter grade only (A-F).

510./410. Gothic Art (3)

Architecture, sculpture, and painting in western Europe from the 12th through the 14th centuries, with special attention to the construction and decoration of the great cathedrals, and to the development of new approaches to style and content in the figural art of the 14th-century Italy.

Not open for credit to students with credit in ART 410 or 598D.

Letter grade only (A-F).

511./411. History and Criticism of Photography (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

History of photography from its origins to contemporary developments in the twentieth century. Critical and philosophical approaches to the photographic medium.

Not open for credit to students with credit in ART 411 or 511. Letter grade only (A-F).

515./415. Issues in Art History: Theory and Practice (3)

Prerequisites: Graduate Student in Art History, Art Studio, or Art Education or consent of instructor

Theoretical and practical considerations in the discipline of art history, specifically issues relating to art interpretation, classification, valuation, and circulation.

Letter grade only (A-F).

516./416. Greek Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Survey of Greek Art from beginnings in Aegean period through late Hellenistic period. Key monuments of architecture, sculpture, painting, vase-painting, and so-called minor arts discussed relative to contemporary theories, criticism, and history. Focus on techniques and materials of various arts.

Not open for credit to students with credit in ART 416 or 598E.

Letter grade only (A-F).

Art History Courses (AH)

517./417. Roman Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Survey of Italian arts before the Romans, including indigenous art of the Italic peoples and the Etruscans, and Roman Art from early Republic to Age of Constantine. Discussion of major art forms of architecture, painting, sculpture and so-called minor arts.

Not open for credit to students with credit in ART 417 or 598L. Letter grade only (A-F).

523./423. Early Renaissance Art in Italy (3)

Examination of stylistic and technical developments of fifteenth-century Italian painting, sculpture, and architecture, as well as interaction of cultural, social, and religious developments with visual arts. Special attention to the revival of classicism, and influence of private patrons.

Not open for credit to students with credit in ART 423 or 598F. Letter grade only (A-F).

524./424. High Renaissance Art in Italy (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of 16th-century Italian painting, sculpture, and architecture, emphasizing that of Florence, Venice, and Rome. Historical, cultural, religious, and theoretical framework. Special attention to works by a handful of major artists (Leonardo da Vinci, Michelangelo, Raphael, Titian, and the Mannerists).

Not open for credit to students with credit in ART 424 or 598G. Letter grade only (A-F).

525./425. Northern Renaissance Painting (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of artistic developments in Northern Europe, particularly Flanders, France, and Germany, from the 14th century through 16th century. Historical, cultural, and religious and theoretical framework. Special attention to iconography, and the changing role of the artist in society.

Not open for credit to students with credit in ART 425 or 598H. Letter grade only (A-F).

526./426. Baroque Art in Spain, the Netherlands, and England (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examines the closely intertwined political and artistic situations in the Netherlands (Flanders and Holland), England and Spain during the 17th and early 18th centuries. Emphasis on the relationship between Rubens and Velasquez, and the contrast between Rubens and Rembrandt; also Flemish influence in England, due especially to Anthony van Dyck.

Not open for credit to students with credit in ART 426 or 598J. Letter grade only (A-F).

527./427. Baroque Art in Italy, France, and Germany (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Explores the birth of the Baroque in Rome, and the role of the Counter-Reformation in shaping artistic genres in Italy and France in the early 17th century. Also covers the influence of the Versailles court of the "Sun King," Louis XIV, in the late 17th and early 18th centuries, especially in the independent Teutonic states.

Not open for credit to students with credit in ART 427 or 598K. Letter grade only (A-F).

530./430. Introduction to Curatorial Practices (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Study of contemporary art display theory/practice including exhibition typologies, curatorial models, and recent transformations in museums, galleries and the art market. Designed for Museum and Curatorial Studies Certificate students and others interested in studying museum practices within a broader context.

Letter grade only (A-F). Not open for credit to students with credit in AH 435B./535B.

531./431. History of Museums and Exhibitions (3)

Prerequisites: AH 111A, 111B or by consent of student advisor and instructor.

Study of history of art museums and how displays reflect social and cultural conditions and political ideologies. Attention to controversial exhibitions, and recent transformations in the field.

Letter grade only (A-F). Not open for credit to students with credit in ART 435, AH 435, 435A, or 535A.

536./436. Neo-Classicism to Romanticism, 1789-1850 (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of Neo-Classicism, Realism, Romanticism, photography and the academic tradition in art and culture of Europe from 1789-1850.

Not open for credit to students with credit in ART 436 or 598M. Letter grade only (A-F).

537./437. Impressionism to Post-Impressionism, 1850-1900 (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Analysis of the development of Impressionism and Post-Impressionism in France from 1850 to 1900.

Not open for credit to students with credit in ART 437 or 598N. Letter grade only (A-F).

538./438. Art of Early to Mid Twentieth Century (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of key developments, trends, movements of the period including Abstraction, Non-Objective art, Expressionism, Dada, and Surrealism.

Letter grade only (A-F). Not open for credit to students with credit in ART 438 or 598P.

539./439. Art of Mid to Late Twentieth Century (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Examination of key developments, trends, movements of the period including Pop Art, Happenings, Minimal Art, Art and Technology, Environmental, Concept, Performance and Video Art.

Letter grade only (A-F). Not open for credit to students with credit in ART 439 or 598Q.

541./441. Contemporary Art in Context (3)

Prerequisites: Graduate Student in Art History or consent of instructor.

International survey focusing on developments in art from late twentieth century to present. Examination of precedents, traditions, legacies behind current art. Consideration of critical/theoretical issues and factors influencing production and reception of current art.

Letter grade only (A-F)

542. Internship in Museum Studies (3)

Prerequisites: AH 430/530 or consent of instructor.

Supervised internship in selected museums, college and community art centers appropriate to student's particular academic interest. Opportunity to work with museum professionals in the field to expand student understanding of the complexities, discipline and challenges in the profession.

Letter grade only (A-F). May be repeated to a maximum of 3 units in the same semester and 9 units in different semesters. (6 hrs. lab.) Not open for credit to students with credit in ART 542.

544./444. History of Graphic Design (3)

Prerequisites: For AH 444: AH 111A and 111B, or consent of instructor. For AH 544: Graduate Student in Department of Art, or consent of instructor.

Thematic approach to Graphic Design history, with consideration of pioneering designers, movements, and cultural, social, political and technological influences in the evolution of graphic design.

Not open for credit to students with credit in AH 366. Letter grade only (A-F).

545A. Museum-Gallery Practices (3)

Prerequisites: AH 431 or AH 531 or consent of instructor. First in a four-course sequence.

Pre-professional training in museum-gallery practices: administration, curating, exhibition planning and design, budgeting, public relations, project completion, documentation, publication. University Art Museum and other venues serve as labs for practical experience in developing and realizing exhibitions.

Letter grade only (A-F).

545B. Museum-Gallery Practices (3)

Prerequisites: AH 545A or consent of instructor.

Second in a four-course sequence. Pre-professional training in museum-gallery practices: administration, curating, exhibition planning and design, budgeting, public relations, project completion, documentation, publication. University Art Museum and other venues serve as labs for practical experience in developing and realizing exhibitions.

Letter grade only (A-F).

545C. Museum-Gallery Practices (3)

Prerequisites: AH 545B or consent of instructor. Third in a four-course sequence.

Pre-professional training in museum-gallery practices: administration, curating, exhibition planning and design, budgeting, public relations, project completion, documentation, publication. University Art Museum and other venues serve as labs for practical experience in developing and realizing exhibitions.

Letter grade only (A-F).

545D. Museum-Gallery Practices (3)

Prerequisites: AH 545C or consent of instructor. Fourth in a four-course sequence.

Pre-professional training in museum-gallery practices: administration, curating, exhibition planning and design, budgeting, public relations, project completion, documentation, publication. University Art Museum and other venues serve as labs for practical experience in developing and realizing exhibitions.

Letter grade only (A-F).

546./446. Art History Methodologies and Writing (3)

Prerequisites: For 446: undergraduate Art History major with senior status or consent of instructor. For 546: graduate student in Art History or consent of instructor.

Practice in writing and conducting research in art history, and introduction to various methodologies and debates within the discipline, including biography, formalism, semiotics, gender studies, psychoanalysis, Marxism, post-colonialism, and visual culture studies.

Letter grade only (A-F).

547./447. Historiography of Art History (3)

Prerequisites: For 447: undergraduate Art History major with senior status or consent of instructor. For 547: graduate student in Art History or consent of instructor.

Study of the history of art history as intellectual discipline. Reading- and writing-intensive seminar designed specifically for undergraduate art history majors in final year of study and for graduate students in M.A. in Art History program.

Letter grade only (A-F). Not open for credit to students with credit in ART 307 or AH 307.

548./448. Western Art Theory and Criticism to the Mid-Nineteenth Century (3)

Prerequisites: For 448: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 548: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism up to the mid-nineteenth century.

Letter grade only (A-F). Not open for credit to students with credit in AH 308.

549./449. Western Art Theory and Criticism Mid-Nineteenth to Mid-Twentieth Century (3)

Prerequisites: For 449: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 549: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism from the mid-nineteenth to mid-twentieth centuries. Not open for credit to students with credit in AH 309.

Letter grade only (A-F).

550./450. Western Art Theory and Criticism Mid-Twentieth Century to Present (3)

Prerequisites: For 450: undergraduate Department of Art major and 111A and 111B, or consent of instructor. For 550: graduate student in Art History or consent of instructor.

A text-based examination of western art theory and criticism from the mid-twentieth century to the present.

Letter grade only (A-F). Not open for credit to students with credit in AH 310.

555./455. Traditional Art of Africa: A Thematic Approach (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Exploration from a Western perspective of the conceptual, expressive, and aesthetic aspects of traditional African art as related to its cultural context and to Western concepts of art. Focus on West Africa.

Not open for credit to students with credit in ART 455 or 598R.

Letter grade only (A-F).

556./456. American Indian Art: Western Perspectives (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Exploration from a Western perspective of the historically various and changing frames of reference surrounding perception, interpretation, and consideration of Native American art through focus on selected traditions.

Not open for credit to students with credit in ART 456 or 598S.

Letter grade only (A-F).

557./457. Pre-Columbian Art (3)

Prerequisites: AH 111A, 111B or consent of instructor.

Survey of art and architecture in Mesoamerica and Andean region of South America from 1000BC to Spanish conquest. Special attention to social, political and economic contexts, as well as research methods and theoretical assumptions of scholars investigating this field.

Letter grade only (A-F).

558./458. Modern Latin American Art (3)

Prerequisites: AH 111B or consent of instructor.

An investigation of developments in visual culture in Latin America from the late-18th century to the mid-20th century, with special emphasis on artists in Argentina, Brazil, Colombia, Mexico, Uruguay, and Venezuela.

Letter grade only (A-F).

559./459. Contemporary Latin American Art (3)

Prerequisites: AH 111B or consent of instructor.

An investigation of developments in visual culture in Latin America from the mid-20th century to the present, with special emphasis on artists in Argentina, Brazil, Chile, Colombia, Cuba, Mexico, and Venezuela, as well as Latino/Latina artists.

Letter grade only (A-F).

565./465. Ancient Art of the Near East (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Prehistoric, Near Eastern, Egyptian and Aegean art.

Not open for credit to students with credit in ART 465 or 598U.

Letter grade only (A-F).

Art History Courses (AH)

566./466. Buddhist Art of India and S.E. Asia (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

The formation and development of Buddhist art in India and its subsequent metamorphoses in Cambodia, Thailand and Indonesia will be examined.

Not open for credit to students with credit in ART 466 or 598V. Letter grade only (A-F).

567./467. Hindu and Islamic Art of India (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

The formation and development of Hindu art in India and the genesis, as well as transformation, of Islamic art of India compared to pan-Islamic characteristics will be examined.

Not open for credit to students with credit in ART 467 or 598W. Letter grade only (A-F).

568./468. Early Chinese Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

The formation and development of Chinese art from the third millennium to the 10th century A.D.

Not open for credit to students with credit in ART 468 or 598X. Letter grade only (A-F).

569./469. Later Chinese Art (3)

Prerequisites: AH 111A, 111B, or consent of instructor.

Development of Chinese art from the 11th century A.D. through the culmination of the tradition and its transformation in the 20th century will be explored.

Not open for credit to students with credit in ART 469 or 598Y. Letter grade only (A-F).

570A./470A. Japanese Buddhist Art to 1500 (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of instructor.

Survey of sacred architecture, sculpture, painting, gardens and decorative art from neolithic culture through Zen Buddhism, reading images in regard to religious, political and social values.

Not open for credit to students with credit in AH 470. Letter grade only (A-F).

570B./470B. Japanese Art 1500-1868 (3)

Prerequisite: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Analysis of secular painting, architecture, ceramics and garden design in the Momoyama and Edo periods, linking the wide variety of subjects and styles to the competing values of samurai, priest, aristocrat or merchant class patrons.

Not open for credit to students with credit in AH 470. Letter grade only (A-F).

571A./471A. Modern Japanese Graphic Art (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Examination of painting, prints, photography and graphic design in regard to the issues of individual and national identity in an era when being modern was often linked to being Western. We also consider manga in regard to earlier modern adaptations of traditional design.

Not open for credit to students with credit in AH 471. Letter grade only (A-F).

571B./471B. Modern Japanese Plastic Art (3)

Prerequisite: One of the following: AH 113A, 113B, 111A, 111B, A/ST 393, 451, or consent of the instructor.

Investigation of architecture, gardens, sculpture and ceramics in light of debates over internationalism or nationalism, modernity or tradition. The political and economic implications of design choices will be highlighted.

Not open for credit to students with credit in AH 471. Letter grade only (A-F).

571C./471C. Modern Japanese Architecture (3)

Prerequisites: Art History Graduate Student

Analysis of "Japaneseness" and "foreign-ness" in Japan between 1868 and 1970. Examination of Japanese creations of and reactions to "modernity" in regard to national identity as expressed in architecture and gardens. Related consideration of urbanism and nationalism.

Letter grade only (A-F).

595. Independent Study in Art History (1-6)

Independent, in-depth research projects to be conducted by students under the supervision of a faculty member.

As per university policy on independent studies courses, each student enrolled in this course must have an agreement, or -contract- on file in the department office. The agreement is to be made between the student and the instructor at the beginning of the course, and must include: a description of the work to be accomplished, specific information on the tasks required; the nature of the final report, and the basis for determining the final grade. The agreement must be signed by both the instructor and the student.

Letter grade only (A-F). May be repeated to maximum of 12 units in the same semester.

596. Special Studies in Art History (3)

Graduate level variable directed study projects providing a way for students to independently pursue special research topics in art history under instructor supervision.

Letter grade only (A-F). May be repeated to a maximum of 12 units in the same semester.

597./497. Seminar in Art History (3)

Prerequisite: Consent of instructor.

Directed individual research and group discussion concerning a topic in art history.

May be repeated to a maximum of 6 units in the same semester and 9 units in different semesters. Not open for credit to students with credit in ART 497 or 611 beyond combined maximum units. Letter grade only (A-F).

598. Special Topics in Art History (3)

Prerequisite: Consent of instructor.

Topics from selected areas of Art History. Content may vary each semester.

Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester and a total of 12 units in different semesters.

599Q. Special Studies in Museum Studies (3)

Prerequisite: Consent of instructor.

Advanced individual graduate projects, with faculty supervision, in museum studies.

May be repeated to a maximum of 6 units in same semester and a total of 12 units in different semesters. (6 hrs. lab.) Letter grade only (A-F).

698. Thesis (1)

Prerequisite: Art History MA student, advancement to Candidacy and an approved Thesis Statement.

Execution and completion of an approved thesis. Student must enroll in three sections concurrently. To be taken with each of student's three MA Thesis Committee members over two semesters for a total of 6 units.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester.

FAX: (562) 985-7883

Departments:

Art
Dance
Design
Film and Electronic Arts
Music (Cole Conservatory)
Theatre Arts

Introduction

Learning opportunities in the College of the Arts reflect commitment to the arts in all forms. For performers, artists, and scholars, the College provides an environment conducive to individual and collaborative achievement.

Programs at a Glance

Bachelor of Arts:

Art
Options in: Studio Art, Art History, Art Education
Dance
Option in Dance Science
Design
Film and Electronic Arts
Options in: Film and Electronic Media, Film and Video Production
Music
Theatre Arts
Options in: Performance, Technical Theatre

Bachelor of Fine Arts:

Art
Options in: Art Photography, Ceramics, Drawing and Painting, Graphic Design, Illustration, 3-D Media (Fiber, Metal or Wood), Printmaking, Sculpture
Dance
Interior Design

Bachelor of Music:

Options in: Choral-Voice Music, Composition, History and Literature, Instrumental Music, Performance

Bachelor of Science:

Industrial Design

Certificates:

Biomedical Illustration (undergraduate) (Art)
Museum Studies (graduate) (Art)

Minors:

Dance
Film and Electronic Arts
Music
Theatre Arts

Credentials:

Art Education
Music
Master of Arts:
Art
Dance
Music
Master of Fine Arts:
Art
Dance
Theatre Arts
Options in: Theatre Management, Technical Theatre, Acting
Master of Music
MBA/MFA in Theatre Management

Accreditation

Departments are accredited by the major accrediting agency for their discipline: The National Association of Schools of Art and Design, The National Association of Schools of Dance, The National Association of Schools of Music, and the National Association of Schools of Theatre.

Exhibitions and Performances

Major performance and exhibition facilities include the University Art Museum (the only accredited museum in the CSU system), five Art Department Galleries, the University Theatre, performances by the California Repertory Company (the Theatre Arts Department's graduate and professional theatre program), the Studio Theatre, the Royal Theatre at the Queen Mary, the Gerald R. Daniel Recital Hall, the Martha Knoebel Dance Theater, and the Richard and Karen Carpenter Performing Arts Center. In these and other venues, the College of the Arts hosts over 500 exhibitions, performances, and other special events each year.

Courses (COTA)

UPPER DIVISION

300. Writing in the Arts (3)

Prerequisites: Must have attempted and failed the WPE once, major in a COTA dept., junior standing, and consent of instructor.

Multi-disciplinary elective that may be used to fulfill the GVAR. Analysis and practice of writing for and about the arts, including the visual arts, dance, design, film, music and theatre. Exploration of critical thought in the arts while practicing writing skills.

Credit/No Credit grading only. This course may be used to satisfy the GVAR.

ASIAN AND ASIAN AMERICAN STUDIES

College of Liberal Arts

Career Possibilities

Social Scientist • Archivist • Social Worker • Journalist • Counselor • Teacher • Public Relations Consultant • Mass Media • Foreign Business and Trade • Community Organizer • School Administrator • Linguist • Parole Officer • Probation Officer • Editor • Writer • Urban/Regional Planner • Public Policy Administrator • Foreign Policy Officer • Researcher (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Asian and Asian American Studies fosters multi-ethnic and cross-cultural understanding from a global, multi-disciplinary perspective and pursues an active language education program to promote cross-cultural awareness and intercultural understanding.

Through courses of its own and those of cooperating departments, the Department of Asian and Asian American Studies offers B.A. in Asian American Studies, B.A. and M.A. in Asian Studies, B.A. in Chinese Studies, Single Subject Teaching Credential in Japanese, B.A. in Japanese, Minor in Asian American Studies, Certificate in Asian Studies, Certificate in Asian American Studies, and Certificate in Japanese. Information and advice relative to the programs are available through the department office, FO3-340.

Undergraduate Programs

Bachelor of Arts in Asian Studies (code A/STBA01) (120 units)

Students choosing an Asian Studies major are advised to select one of two tracks for the degree. The student may choose an area of studies track, concentrating on one or more specific Asian societies, such as China, Japan, India, or Southeast Asia. Or, the student may choose to focus on an Asian American Studies track and combine the study of Asian Americans as ethnic minorities with supporting investigation of the countries of their historical origin.

Requirements

Lower Division:

Take one of the following courses:

ASAM 120 Asian American History (3)

ASAM 200 Asian American Interethnic Relations (3)

Take all of the following courses:

A/ST 300I Traditional Asia (3)

A/ST 301I Modern Asia (3)

A/ST 492 Proseminar in Asian Studies (3)

Take three semesters (or the equivalent) of a single Asian language, chosen from courses in Chinese, Japanese, or an Asian language approved by the undergraduate advisor.

Upper Division:

Take one of the following two tracks (minimum 21 units):

I. Area Studies Track

21 units of upper division work, including:

A/ST 492 Proseminar in Asian Studies (3)

Take additional courses selected from the list of approved electives with the following provisions:

1. No more than 9 units shall be counted in a single discipline such as art or history
2. No more than 9 units shall be credited that concentrate upon any one area of Asia, chosen from among the following: China, India, Japan, or Southeast Asia
No more than 6 units of courses on the Americas can be applied toward this requirement. (N.B. In the case of seminar, thematic, or variable topic courses, the assignment of a disciplinary and/or geographic category will be made by the undergraduate advisor in consultation with the appropriate faculty member).

II. Asian American Studies Track

21 units of upper division work, selected from the list of approved electives with the following provisions:

1. A/ST 492 Proseminar in Asian Studies (3)
2. 12 units of upper division Asian American Studies including:
ASAM 310 Education and the Asian American (3)
ASAM 345 Asian American Community Analysis (4)
3. The remaining upper division units focusing on one geographical area of Asia, chosen from among the following: China, India, Japan, or Southeast Asia.

Certificate in Asian Studies (code A/STCT01)

A student may earn a Certificate in Asian Studies with a concentration on China, Japan, India, or Southeast Asia. Where applicable, courses used to meet the certificate requirements also may be used to satisfy the General Education requirement and the major and teaching minor requirements of the cooperating departments.

Requirements

1. A bachelor's degree, with a major in a discipline other than Asian Studies. May be completed concurrently;
2. A minimum of two semesters or its equivalent of an approved Asian language which is to be selected in accordance with the area of concentration;
3. Take all of the following:
A/ST 300I Traditional Asia (3)
A/ST301I Modern Asia (3)
Take 12 units of upper division work divided among two or more disciplines. These are to be selected in accordance with the area of concentration and in consultation with the student's advisor. No more than 6 units in any one discipline shall apply towards the Certificate.

Bachelor of Arts in Asian American Studies (code A/STBA04) (120 units)

This program provides an interdisciplinary approach to explore the diverse histories, cultures, communities, and contemporary realities in Asian America. Admission to the program requires completion of the G.E. Foundation courses.

Requirements

A major in Asian American Studies requires a minimum of 34 units, with at least 18 units earned in residence at CSULB.

Lower-Division Core Courses (6 units):

- ASAM 120 Asian American History (3)
- ASAM 221 Contemporary Issues in Asian America (3)

Upper-Division Core Courses (16 units):

Take one of the following courses:

A/ST 300I, 301I, 310

Take all of the following:

- ASAM 305 Theories and Methods in Asian American Studies (3)
- ASAM 345 Asian American Community Analysis (4)
- ASAM 346 Asian Americans and the Law (3)
- ASAM 495 Seminar in Asian American Studies (3)

Upper-Division Electives (12 units) selected from at least two of the following groups:

Group 1. Specific Ethnic Group Focus:

ASAM 330, 331, 332, 333, 334, 352, 353, 354

Group 2. Gender Studies:

ASAM 340, 370, 381

Group 3. Asian Americans in Comparative Perspectives:

ASAM 319, 335I, 341, 342

Group 4. Explorations in Asian America:

ASAM 310, 347, 360, 380, 490, 499

Minor in Asian American Studies (code A/STUM01)

Requirements

The Minor in Asian American Studies is available to all majors. A minimum of 22 units which must include:

1. Take all of the following courses:

- ASAM 120 Asian American History (3)
- ASAM 221 Contemporary Issues in Asian America (3)
- ASAM 305 Theories and Methods in Asian Studies and Asian American Studies (3)
- ASAM 345 Asian American Community Analysis (4)

Take one of the following courses:

- ASAM 200 Asian American Inter-Ethnic Relations (3)
- ASAM 319 The Ethnic Experience in the U.S. (3)

2. Six units selected from among the following:

- ASAM 260, 310, 330, 331, 332, 333, 334, 335I, 340, 341, 342, 346, 347, 352, 353, 360, 370, 381, 490, and 495.

Certificate in Asian American Studies (code A/STCT02)

Students pursuing any approved degree or credential degree or credential program of the University may concurrently earn this certificate. Courses taken to meet the requirements may simultaneously be used, where applicable, to meet General Education requirements or the degree or credential requirements of cooperating departments. Certification of successful completion of requirements will be issued upon the recommendation of the Department Chair.

Requirements

1. A bachelor's degree with a major other than Asian American Studies. May be completed concurrently;
2. A minimum of 30 units distributed as follows:

A. Take all of the following courses:

- ASAM 120 Asian American History (3)
- ASAM 221 Contemporary Issues in Asian America (3)
- ASAM 305 Theories and Methods in Asian Studies and Asian American Studies (3)
- ASAM 345 Asian American Community Analysis (4)
- ASAM 360 Studies in Asian American Literature (3)
- ASAM 495 Seminar in Asian American Studies (3)

Take one of the following:

- ASAM 200 Asian American Inter-Ethnic Relations (3)
- ASAM 319 The Ethnic Experience in the U.S. (3)

B. Take additional courses selected from the following:

- ASAM 260, 310, 330, 331, 332, 333, 334, 335I, 340, 341, 342, 346, 347, 352, 353, 370, 381, 490, 495, 499.

Interested students should apply to the department office.

Graduate Programs

Master of Arts in Asian Studies (code A/STMA01)

This is an interdisciplinary degree offered by the Asian Studies faculty of its cooperating departments. Students applying for the M.A. Program in Asian Studies must apply for admission to the University and simultaneously provide official transcripts, two letters of recommendation, and a statement of purpose to the graduate advisor of the department.

Prerequisites

1. A Bachelor's degree with a major in Asian Studies; or
2. A Certificate in Asian Studies, awarded at CSULB, or its equivalent as evaluated by the Graduate Advisor of the Department of Asian and Asian American Studies. Equivalency will, normally, be granted for work in Asia-related studies at CSULB and/or at other academic institutions, including a minimum of 18 units in no more than four disciplines with a minimum of six units in each of two disciplines of concentration plus two semesters of an approved Asian language. Only courses with a substantive Asia-related content are acceptable; or
3. A bachelor's degree in one of the fields in social science, humanities, or fine arts with 24 units of upper division Asia-related courses. These courses must be comparable to those required of a major in Asian Studies at this University. Deficiencies will be determined by the graduate advisor after consultation with the student and after evaluation of transcript records. Students whose undergraduate prerequisites are inadequate will be required to fulfill these deficiencies before advancement to candidacy and will receive unclassified graduate status until all deficiencies are removed.

Advancement to Candidacy

1. Satisfaction of the general University requirements for advancement to candidacy;
2. Completion of 6 or more of the required units (not including language) with a minimum 3.0 overall GPA;
3. Approval of proposed program of study;
4. Satisfactory fulfillment of the Graduation Writing Assessment Requirement (GWAR).

Requirements

1. A minimum of 30 units of approved upper division and graduate courses including the following:
 - A/ST 592 Proseminar in Asian Studies (3)
 - A/ST 610 Seminar in Asian Studies (3)At least 18 units must be in the 500-600 series composed of units earned at this University in graduate courses, graduate seminars, Directed Studies/Research or Thesis. All seminars and independent study courses may be repeated to a total of six (6) units, provided the topic is different. Directed Studies, Readings and Research, in any combination, may not exceed a total of six units: A/ST 698 (thesis) must be taken for a minimum of four and a maximum of six units will be given for A/ST 698 for those taking the thesis option.
2. A minimum of three upper division units in each of two disciplines of concentration must be taken preparatory to seminar work. Students should take at least six units of 500/600 level work in each of the two disciplines or concentrations.

(N.B. Determination of the disciplinary status of any Asian Studies or any other courses taken at CSULB or other academic institutions shall be at the discretion of the Graduate Advisor in consultation with faculty, review of syllabi and reading lists, assessment of transcripts, etc.)
3. Comprehensive written examination in each of the two disciplines of concentration or a thesis. Students must have received permission of the Graduate Advisor, faculty advisor and prospective committee members before being

allowed to file for the thesis option. Once selected, a student may not change his/her option.

4. Six units (beyond the B.A. level) in Chinese or Japanese or an Asian language approved by the Graduate Advisor. Waiver of this requirement, either by transfer of credits from another institution or by assessment of proficiency by resident faculty, is at the discretion of the Graduate Advisor of the Department of Asian and Asian American Studies.

Upper Division Courses Acceptable:

A/ST 320, 406AB, 490, 492, 499; ANTH 332, 333, 335, *416, *417, *419, 427, *490; AH 466, 467, 468, 469, 470A/B, 471A/B, *497, *498; CWL 403, *448, *499; CHIN 380, 390, 410, 430ABC, 451, 490, 492, 499; GEOG *494, *497; HIST 384, 385, 386, 405, 406A, 406B, 409, *495, *498; JAPN 350, 451, 471, 490, 497; *PHIL 499; POSC 362, 455, 469*, *489, *497, *499; R/ST *490, *499; *WGSS 406, 406A, 490, *499

* course must be an approved Asia-related topic.

Asian Studies (A/ST)

LOWER DIVISION

190. The Tao Primer of Basic Reasoning (3)

Prerequisites/Corequisite: ENGL 100 or its equivalent.

Natural language of Tao aphorisms used for informal and formal types of reasoning; learning Yin and Yang basic analytic steps; applying Tao principles and processes of reasoning to contemporary, common-place, and intercultural issues and problems logically and practically.

290. Special Topics in Asian Studies (3)

Prerequisite: Consent of instructor.

Topics of special interest in Asian Studies selected for intensive study.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

299. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300I. Traditional Asia (3)

Prerequisites: Completion of the GE Foundation, one or more Exploration courses, and upper-division standing.

Interdisciplinary examination of traditional civilizations of Asia. This team-taught course focuses on two Asian civilizations, normally China and India, and may periodically focus on Japan. Course examines topics related to Asian cultures to illustrate the richness and diversity of Asia.

301I. Modern Asia (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Emphasis on development of Asia since the 18th century and its role in the modern world; some attention to the experience of Asians in the U.S. Continuity and change, reform and revolution in culture, politics and the economy will be included.

310. United States and Asia (3)

Prerequisite: Completion of GE Foundation requirements.

Focusing on the post-1945 period, this course will examine four main areas: (1) key religious, social and political patterns in Asia; (2) cross-cultural images of Asia and America; (3) Asian-U.S. global economic relations; and (4) Asian-U.S. strategic and political relationships.

320. Asia in Fiction and Film (3)

Focuses on Asian-Western interactions and particularly on Asian-Western perspectives of these interactions as manifested in film and works of fiction. Focus on China, Japan and/or India; consideration given to Asian experience in America.

334. Introduction to East Asian Literatures and Cultures (3)

Prerequisite: Completion of GE Foundation requirements.

Comprehensive introduction to the comparative study of East Asian cultures through the reading of representative selections from the literatures of China, Korea, and Japan in historical context. Focus is on the modern period.

Same course as CWL 334. Not open for credit to student with credit in CWL 334.

336. Introduction to Southeast Asian Literatures and Cultures (3)

Prerequisite: Completion of GE Foundation requirements.

Survey of the traditional and modern literatures and cultures of Southeast Asia with a focus on the modern period.

Not open for credit to student with credit in CWL 336.

393. Japan's Heritage (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Cultural heritage of Japanese civilization emphasizing history, philosophy, religion, literature and fine arts from prehistory to the present.

Letter grade only (A-F).

406A. Asian Women: East and Northeast Asia (3)

Prerequisite: Upper division status.

Exploration of the histories of women in China, Japan and Korea from prehistory to the present. Major themes include women's contributions to social, cultural and political change, and the complex relationship between feminism and nationalism in the modern period.

Same courses as HIST 406A and WGSS 406A. Not open for credit to student with credit in HIST 406A, W/ST 406A or WGSS 406A.

406B. Asian Women: South and Southeast Asia (3)

Emphasis on modern period; exploration of complexities of women's roles in multicultural, multilingual societies in South and Southeast Asia, including gender as continuing site of contention in nationalist discourse.

Same courses as HIST 406B and WGSS 406B. Not open for credit to student with credit in HIST 406B, W/ST 406B or WGSS 406B. Letter grade only (A-F).

490. Special Topics in Asian Studies (3)

Topics of special interest in Asian Studies selected for intensive study.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics .

D. Filipino Language, Literature and Culture

492./592. Proseminar in Asian Studies (3)

Prerequisites: Consent of instructor.

Introduction to research methods. Intensive study of selected conceptual and theoretical issues in Asian Studies or Asian American Studies. Area and discipline of emphasis will vary from year to year.

May be repeated to a maximum of 6 units.

495I. China Heritage (3)

Prerequisites: Completion of the G.E. Foundation, one or more Exploration courses; upper-division standing.

Cultural heritage explored through history, philosophy, religion and science, side by side with the fine arts; seen as the totality of a people's humanistic experience. (Lecture, discussion and film) (Lecture, discussion, film.)

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

GRADUATE LEVEL

Graduate course descriptions are found in the departmental listings in which they are offered. Graduate courses applicable for the degree (only when the focus is on Asia) are: AH 566, 567, 568, 569, 570, 571, *596, *597; A/ST 544, 592, 610, 695, 697, 698; ANTH 516, 517, 519, 597, 697; ART 611; ASAM 595; CHIN 530A,B,C, 551, 590, 592; CWL 503, 522, 548, 550; ECON 690; GEOG 650, 697; HIST 505, 509, 510(G), 682, 695, 697; JAPN 551, 562, 581, 592, 695, 697; PHIL 697; POSC 590, 599, 600, 610, 670, 697; R/ST 646, *690, *697.

544. Religions of Japan (3)

The transmission of continental civilization to Japan; Shinto, Buddhism and Tokugawa Neo-Confucianism; Genroku culture; and the New Religions. Emphasis on original texts in translations.

Not open for credit to students with credit in R/ST 344. Letter grade only (A-F).

592./492. Proseminar in Asian Studies (3)

Prerequisites: Consent of the instructor.

Introduction to research methods. Intensive study of selected conceptual and theoretical issues in Asian Studies or Asian American Studies. Area and discipline of emphasis will vary from year to year.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

610. Seminar in Asian Studies (3)

Selected topics in Asian Studies. Area and discipline of emphasis will vary from year to year. Open to graduate students of Asian Studies. Graduate students in other disciplines may enroll with consent of instructor.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

695. Directed Readings (1-3)

Prerequisites: Consent of graduate advisor.

Readings in Asian Studies on an individual basis.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisites: Consent of graduate advisor.

Research in Asian Studies on an individual basis.

Letter grade only (A-F).

698. Thesis (2-6)

Prerequisite: Consent of the graduate advisor.

Planning, preparation, and completion of a thesis in Asian studies.

Asian American Studies (ASAM)

LOWER DIVISION

1. Writing Skills (3)

Prerequisite: Students who score 147 or below on the English Placement Test and who have not taken equivalent courses in another department are eligible for enrollment in this course.

Basic course in writing, offering intensive practice in every stage of the writing process. Writing strategies at the level of word, sentence, and paragraph. Methods for developing and organizing ideas in coherent essays. Conventional mechanics, spelling, and grammar. Also for bidialectal and ESL students.

Does not count toward graduation, but does count toward course load. Credit/No Credit grading only.

100. Composition (3)

Prerequisites: A recorded total score of 151 or above on the English Placement test, or credit in ASAM 1 (or its equivalent) or consent of the instructor.

Writing, revising, and editing non-fiction prose, with emphasis on exposition and argument. Critical reading strategies for research. Satisfies the baccalaureate degree requirement for one course in written composition in English. Also for bidialectal and ESL students.

Not open for credit to students with credit in ENGL 100W, ENGL 100, AFRS 100, B/ST 100, CHLS 104.

120. Asian American History (3)

Prerequisite/Corequisite: One G.E. Foundation course.

Overview of experiences of people of Asian ancestry in the United States. Major themes include: immigration (labor migration and refugee resettlement), racism and economic conflict, resistance to discrimination, and community building.

Not open for credit to students with credit in ASAM 220.

200. Asian American Inter-Ethnic Relations (3)

Prerequisites: Completion of GE Foundation requirements.

Introduction to a comparative survey of racial/ethnic experiences in the U.S., with a focus on Asian Americans.

Not open for credit to students with credit in AFRS 319, AIS 319, ASAM 319, B/ST 319, CHLS 319, C/LA 319, WGSS 319, W/ST 319. Letter grade only (A-F).

215. U.S. Diversity and the Ethnic Experience (3)

Prerequisites: Open only to Integrated Teacher Education Program students.

Survey of four major ethnic groups (American Indians, African American, Latino American, and Asian American) in American society from the colonial era to the present. Special attention to the formation and transformation of each ethnic group and their individual and collective roles in the development of the United States.

Letter grade only (A-F). Same course as AIS 215, AFRS 215, CHLS 215. Not open for credit to student with credit in AFRS 215, AIS 215, B/ST 215, CHLS 215. Departments take turns offering the course in the Fall semester.

221. Contemporary Issues in Asian America (3)

Prerequisites: Completion of the GE Foundation requirements.

Examination of contemporary issues, including immigration, labor, family, public policy, popular culture, the media, and political activism in Asian America. Focuses on the U.S. in the context of the global economy and Asian diasporas.

Letter grade only (A-F).

260. Introduction to Asian American Literature (3)

Prerequisites: Completion of GE Foundation requirements.

Introduction to representative works by Asian Pacific American authors. Emphasizes interpretation of historical and contemporary Asian American experiences in various literary genres.

Letter grade only (A-F).

290. Special Topics in Asian American Studies (3)

Prerequisite: Consent of instructor.

Topics of current interest in Asian American Studies selected for intensive development.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

299. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

305. Theories and Methods in Asian Studies and Asian American Studies (3)

Prerequisites: Upper-division standing or consent of instructor, completion of the GE Foundation requirements; ASAM 120 or 200.

Explores theories and interdisciplinary methodologies employed in Asian Studies and Asian American Studies. Students will have opportunities to conduct research on topics of their interest.

Letter grade only (A-F).

310. Asian Americans and Education (3)

Examines issues and potential of a multi-ethnic classroom for the understanding of, and relating to students of, diverse cultural backgrounds, with an emphasis on Asian Americans.

319. The Ethnic Experience in the U.S. (3)

Prerequisite: Completion of GE Foundation requirements.

Examines the dynamics of our multicultural society, emphasizing ways in which Asian American, Black American, Mexican American, and American Indian experiences have shaped cultural diversity in the U.S.

Same course as AIS 319, AFRS 319, CHLS 319, WGSS 319. Not open for credit to student with credit in AFRS 319, AIS 319, B/ST 319, CHLS 319, W/ST 319, WGSS 319. (Lecture/Discussion.)

330. Japanese American Experience (3)

A study of the culture, history, and literature of Japanese in America, emphasizing immigrant experience, agricultural contributions, World War II, generational issues, women in transition and family.

331. Chinese American Experience (3)

A study of the culture, history, and literature of Chinese in America, emphasizing immigrant experience, generational issues, women in transition and family.

332. Korean American Experience (3)

Examines major historical, social, political, and cultural themes that have shaped Korean American experiences, with attention to intersections of race, ethnicity, gender, and class in the U.S. Emphasizes contemporary issues in local communities and transnational connections in the Korean diaspora.

333. Vietnamese American Experience (3)

A study of the culture, history, and literature of Vietnamese in America, emphasizing immigrant experience, generational issues, women in transition and family.

334. Cambodian American Experience (3)

A study of the culture, history, and literature of Cambodians in America, emphasizing refugee and immigrant experiences, generational issues, women in transition and family.

335I. Asian and Latino Immigration Since World War II (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the causes of massive Asian and Latino immigration as well as major contemporary issues in the Asian and Latino communities.

Same course as CHLS 335I. Not open for credit to student with credit in CHLS 335I. (Lecture and discussion, 3 hours)

340. Asian American Family (3)

Prerequisites: Completion of Foundation courses and upper-division standing.

Provides perspectives on the varieties of Asian American families by examining the social, economic, political, and cultural factors crucial in the development of conventional as well as alternative familial units.

341. Asian American/Chicano and Latino Cinema (3)

Prerequisites: Completion of the Foundation courses. A team-taught course that explores connections between Asian American and Chicano/Latino cinema, with emphases given to grounding issues presented in films within historical, literary, and cultural studies frameworks.

Same course as CHLS 341. Not open for credit to students with credit in ASAM 403.

342. Chicanos, Filipinos, and Popular Cultures (3)

Prerequisites: Completion of the Foundation courses and upper-division status.

This course is a team-taught seminar that explores the historical roots of politics of expressive and cultural practices among Chicanos and Filipinos. Special attention will be paid to themes of resistance, gender, migrations, imperialism, hybridity, and post-colonial identities and transformations.

Same course as CHLS 342. Not open for credit to student with credit in CHLS 342.

345. Asian American Community Analysis (4)

Examines socioeconomic, political and cultural profile of Asian American communities, as well as role and function of community organizations. Training in community surveys and service.

(Lecture, activity)

346. Asian Americans and the Law (3)

Examines how laws have been used to restrict Asian Americans' social, political, educational, and economic activities, as well as how this ethnic group has utilized the legal system to fight discrimination and seek justice.

347. Asian Americans and Public Policy Issues (3)

Examines public policy issues, including racial and ethnic discrimination, civil rights violations, disparities in employment opportunities, and political, cultural and media representation, affecting Asian Americans and other minorities as well as members of the dominant society.

(Lecture 3 hours.)

352. Filipino/a American Experiences (3)

Focusing on social, economic, political, and cultural dimensions of Filipino/a experiences in the United States, this course examines major issues, including legacies of imperialism, transnational patterns of capital and labor, colonial and post-colonial identities, resistance to oppression, and literary expressions.

353. Contemporary Issues in Filipino/a American Experiences (3)

Prerequisite: Upper-division Standing. Recommended: ASAM 352

Interdisciplinary approach used to examine the social, economic, political, and cultural dimensions of Filipino/a experiences in the United States from 1965 to the contemporary period. Emphases on issues of post-colonial identities, the Philippine Diaspora, patterns of labor, strategies of resistance, and cultural practices.

354. Transnational Filipino Communities (3)

Prerequisite: Upper Division Standing. Recommended: ASAM 352.

Examines the social, economic, political, and cultural realities in the Philippines and their relationship with the formation of transnational Filipino/a communities.

360. Studies in Asian American Literature (3)

Provides theoretical foundation for the analysis of Asian Pacific American literature. Addresses various issues in contemporary Asian Pacific American literary criticism including transnationalism, historical memory, gender relations, sexuality, and the development of Asian Pacific American literary "aesthetics."

370. Gender and Sexuality in Asian America (3)

Prerequisites: Completion of Foundation courses and upper-division standing.

Explores the diverse historical and contemporary experiences of Asian Americans with respect to gender roles and relationships, family, expressions of desire, as well as the relationships among gender, sexuality, and racial/ethnic identity.

380. Asian Philosophies and Religions in America (3)

Prerequisite: Completion of GE Foundation requirements.

Influence of and changes in Asian philosophies and religions in the American environment. Emphasis on Confucianism, Taoism, Hinduism, Buddhism and Shintoism in relation to individual and social values in America.

381. Asian American Women (3)

Reconstructs and examines Asian American women's history and contemporary experiences. Assesses the complexities of intersecting social categories of oppression and Asian American women's active pursuit of equality and dignity.

Same course as WGSS 381. Not open for credit to student with credit in HIST 381, WGSS 381 or W/ST 381. (Lecture)

407. Asians in Latin America (3)

Prerequisites: Upper-division standing or consent of instructor. Recommended: HIST 161

Examines the diverse histories and experiences of Asians in Latin America. Emphases placed on patterns of labor and settlement, socio-economic development of local and transnational communities, formation of ethnic identities, and expressive cultures.

Letter grade only (A-F).

490. Special Topics in Asian American Studies (3)

Prerequisite: Consent of instructor.

Topics of current interest in Asian American Studies selected for intensive development. Topics will be announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units. Topics will be announced in the *Schedule of Classes*.

495./595. Seminar in Asian American Studies (3)

Selected topics in Asian American Studies. Area and topics of emphasis will vary from year to year.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL

595./495. Seminar in Asian American Studies (3)

Selected topics in Asian American Studies. Area and topics of emphasis will vary from year to year.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

599. Directed Studies (1-3)

Prerequisite: Consent of instructor

Directed studies to permit individual students to pursue topics of special research interest.

May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F).

Scott Wilson (Anthropology)

Administrative Support Coordinator: Chad Tsuyuki

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Customs Inspector • Immigration Officer • Importer/Exporter • Foreign Service Officer • International Marketing Representative • Travel Guide • Social Worker • Linguist • Foreign Correspondent • Community Organization Worker • Lawyer • Librarian • International Student Advisor • Educator • Peace Corps Worker • Interpreter • Translator • Foreign Business and Trade • CIA/FBI Agent (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Asian and Asian American Studies fosters multi-ethnic and cross-cultural understanding from a global, multi-disciplinary perspective and pursues an active language education program to promote cross-cultural awareness and intercultural understanding.

Through courses of its own and those of cooperating departments, the Department of Asian and Asian American Studies offers B.A. in Asian American Studies, B.A. and M.A. in Asian Studies, B.A. in Chinese Studies, Single Subject Teaching Credential in Japanese, B.A. in Japanese, Minor in Asian American Studies, Certificate in Asian Studies,

Certificate in Asian American Studies, and Certificate in Japanese. Information and advice relative to the programs are available through the department office, FO3-340.

Cambodian (KHMR)

LOWER DIVISION

111. Accelerated Study of Khmer for Heritage Speakers I (4)

Prerequisites: Linguistic competency equivalent of a beginning Khmer speaker; one GE Foundation course that may be taken concurrently.

Linguistic and cultural aspects of Khmer language for heritage speakers. Oral and written communication skills in Khmer. Intensive study of literary, historical, social, and aesthetic traditions of Cambodia as seen through Khmer language and literary texts.

Letter grade only (A-F).

211. Accelerated Study of Khmer for Heritage Speakers II (4)

Prerequisites: KHMR 111 linguistic competency or equivalent.

Intermediate level linguistic study and cultural aspects of Khmer for heritage speakers. Oral and written communication skills and intensive study of literary, historical, social, and aesthetic traditions of Cambodia through the Khmer language and literary texts.

Letter grade only (A-F).

Korean (KOR)

101. Fundamentals of Korean (4)

Prerequisite/Corequisite: One GE Foundation course.

Introduction to the writing system, pronunciation, vocabulary, and grammar of the Korean language and Korean culture.

Students with previous training or native speakers of Korean may not enroll.

102. Fundamentals of Korean (4)

Prerequisites/Corequisites: One GE Foundation course.

Completion of KOR 101 or competency equivalent to KOR 101.

Introduction to the Korean grammar, reading, writing, and conversation and Korean culture.

Students with previous training or native speakers of Korean may not enroll.

Tagalog (Filipino Language) (TGLG)

LOWER DIVISION

101. Fundamentals of Tagalog (4)

Prerequisites: One GE Foundation course which may be taken concurrently.

Introduction to the pronunciation, grammar, essential vocabulary, reading, and conversation of modern standard Tagalog (Filipino).

102. Fundamentals of Tagalog (4)

Prerequisites: One GE Foundation course which may be taken concurrently, and competency equivalent for TGLG 101.

Introduction to the pronunciation, grammar, essential vocabulary, reading, and conversation of modern standard Tagalog (Filipino).

Vietnamese (VIET)

LOWER DIVISION

111. Accelerated Vietnamese for Heritage Students I (4)

Prerequisites: One GE Foundation course that may be taken concurrently. Conversational ability of Vietnamese.

Designed for students who have listening and speaking ability of Vietnamese. Focuses on Vietnamese literacy and culture, including developing reading and writing skills in context.

Letter grade only (A-F).

211. Accelerated Vietnamese for Heritage Students II (4)

Prerequisites: VIET 111. Ability to speak and comprehend Vietnamese oral and written language at the interpersonal communicative level.

Designed for students who have intermediate listening and speaking ability of Vietnamese and the ability to comprehend simple written Vietnamese texts. Focuses on Vietnamese literacy and culture, including developing reading and writing skills in context.

Letter grade only (A-F).

ATHLETICS

University Programs

Director

Victor Cegles

Telephone

(562) 985-4655

Introduction

The University sponsors a diverse program of 18 intercollegiate athletic teams and is supervised by the Department of Athletics.

The teams compete under the rules of the National Collegiate Athletic Association, the Big West Conference, and the Mountain Pacific Sports Federation, maintaining membership in each organization. Women's varsity sports are basketball, golf, cross-country, soccer, tennis, indoor/outdoor track and field, volleyball, water polo and softball. Men's varsity sports are basketball, baseball, indoor/outdoor track and field, cross-country, water polo, volleyball, and golf. Students enrolling in intercollegiate athletic programs must meet all NCAA eligibility requirements. Information concerning athletic opportunities available to male and female students and the financial resources and personnel that CSULB dedicates to its men's and women's teams may be obtained from Cindy Masner, Department of Athletics, (562) 985-7751.

Students may apply no more than four (4) semester units of lower-division ATHL courses toward the baccalaureate degree within the 20-unit maximum on activity units generally, except that the combined total of lower-division ATHL activity units must not exceed four (4) units and the total of lower-division KIN activity units must not exceed eight (8) units. Upper-division ATHL courses, with the exception of ATHL 325, may be taken one time only and not in conjunction with the lower division ATHL courses. ATHL 325 may be repeated to a maximum of four (4) semester units and may be taken in conjunction with any other ATHL course.

The California State University is committed to providing equal opportunities to men and women CSU students in all campus programs, including intercollegiate athletics.

Courses (ATHL)

LOWER DIVISION

Intercollegiate Sports (1)

Enrollment subject to approval of the coach of the sport.

Competition in NCAA-regulated sports. Athletes enrolled who fail to qualify for squad must withdraw from course.

May be repeated to a maximum of 4 units, including previously earned credits from SAR 1. Credit/No Credit grading only.

- 261. Women's Softball
- 262. Men's Baseball
- 263. Women's Basketball
- 264. Men's Basketball
- 265. Women's Track and Field
- 266. Men's Track and Field
- 269. Women's Volleyball
- 270. Women's Water Polo
- 271. Men's Water Polo
- 272. Men's Volleyball
- 275. Women's Golf
- 276. Men's Golf
- 277. Women's Tennis
- 281. Women's Cross-Country
- 282. Men's Cross-Country
- 284. Women's Soccer

UPPER DIVISION

319. Theory and Practice of Minor Intercollegiate Sports (2)

Repeatable credits include previous credits from SAR 319.

320. Theory and Practice of Major Intercollegiate Sports (2)

Repeatable credits include previous credits from SAR 320. Credit/No Credit grading only.

325. Student-Athlete Leadership Development and University Service (1)

Prerequisites: Upper division standing, consent of instructor. Must be an official member of an NCAA Intercollegiate team at CSULB.

Juniors/seniors hone communication and facilitation abilities to better function within groups, community, and careers. Emphasis on experiential learning component with people dynamic and group process skills, academic and athletic information, and how a peer mentor can positively impact that development.

May be repeated to a maximum of 4 units, including previously earned credits from SAR 325. May be taken in conjunction with any other ATHL course. Credit/No Credit grading only.

BIOLOGICAL SCIENCES

College of Natural Sciences and Mathematics

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Biologist • Lab Technician • Biological Aide • Technical Writer • Biological Illustrator • Forester • Quality Control Technician • Biomedical Engineer • Pharmaceutical Sales Representative • Fish and Wildlife Biologist • Food Technologist • Microbiologist • Criminologist • Dietitian • Medical Technologist • Health Planner • Physician's Assistant • Medical Librarian • Respiratory Therapist • Curator • Ecologist • Environmental Specialist • Sanitarian (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Introduction

The biological sciences include all of the areas of scientific endeavor centered around the general question of the nature of life. Such diverse areas as biochemistry, ecology, paleontology, and animal behavior are all part of the biological sciences. The discipline of biochemistry is located in the department of Chemistry and Biochemistry and the discipline of paleontology is located in the

department of Geological Sciences. For information about the programs in these disciplines, consult the appropriate section of this *Catalog*. The remaining disciplines of the biological sciences represented in the College of Natural Sciences and Mathematics are located in the Department of Biological Sciences, which offers five degrees: a Bachelor of Science in Biology, a Bachelor of Science in Marine Biology, a Bachelor of Science in Microbiology, a Master of Science in Biology, and a Master of Science in Microbiology. The B.S. in Biology has, in addition to a general option, six specialized options in Biology Education, Botany, Cell and Molecular Biology, Ecology, Physiology, and Zoology. See below for the specific requirements for each of these degrees and options. The Department of Biological Sciences also participates in the Desert Studies Consortium and the Ocean Studies Institute. Information on the latter program is listed in this *Catalog* under Ocean Studies Institute.

The Richard B. Loomis Research Award

This annual departmental award provides supply and travel support for thesis research projects. Graduate students submit research proposals to the department's Graduate Studies Committee, which grants funding to the more meritorious proposals.

Handloser Graduate Student Tuition Grant

The Handloser Graduate Student Tuition Grant is offered to an outstanding M.S. Biology applicant interested in pursuing master's thesis research in the area of marine biology.

Frank Schatzlein Scholarship Award

The Frank Schatzlein Scholarship Award is available to an outstanding undergraduate student in biological sciences, with upper division standing, studying in the area of cellular physiology. Applications can be obtained from the Biological Sciences Department Office during the month of March.

Linda Warren Graham Medical Technology Scholarship

The Linda Warren Graham Medical Technology Scholarship is available to senior microbiology majors who have been accepted into a Clinical Laboratory Scientist (or a Medical Technology) Internship program. Scholarship applications can be obtained from the Biological Sciences Department Office during the month of March prior to graduation.

Target Speciality Products Scholarship

The Target Specialty Products Scholarship is designed to reward a hardworking, well-rounded undergraduate majoring in natural sciences or mathematics, with sophomore, junior or senior class standing. Students applying for this scholarship should be involved in school and community activities, be working either full or part-time, and must be interested in exploring future careers that combine science and business. Application forms and information are available in the Department of Biological Sciences office beginning the month of February.

Financial Support, Assistantships

The Department of Biological Sciences offers to graduate students a limited number of teaching associate and graduate assistant appointments. Forms requesting consideration for these appointments are available in the department's Graduate Office. Duties consist of approximately 20 hours per week devoted to preparation and/or instruction in general undergraduate laboratory classes. These appointments are limited to a maximum of six semesters per individual.

The department also has a limited number of technical assistant positions as well as some hourly employment. Several members of the faculty have grants that provide for research assistantships. A number of scholarships are available through the university.

Graduate and Health Professional Preparation

The department provides preparation for advanced study at the graduate level and for entry into various health professional schools. Students should consider the degree requirements listed in the *Catalog* as minimal; some graduate schools, professional schools, or careers may require additional coursework in mathematics, physics, chemistry, or biological sciences.

Students desiring entrance into a graduate school to obtain a master's or doctoral degree in some area of the biological sciences should determine the entrance requirements for the school(s) of interest early in their undergraduate years. Specifically, students contemplating graduate work in mathematically oriented areas of the biological sciences should consider taking more calculus (MATH 122, 123, 224, and 364A or 370A will substitute for MATH 119A and 119B) and those contemplating graduate work in chemically oriented areas should consider taking additional chemistry (CHEM 251; 320A,B; 377A,B; 441A,B).

Students desiring entrance into one of the various health-related professional schools should consult with the Health Professions Advising Office in the College of Natural Sciences and Mathematics' Jensen Student Access to Science and Mathematics (SAS) Center (FO5-109) for more information. Most of these schools do not require students to major in any particular discipline and many do not even require a bachelor's degree; rather, they want students who have done well in their major and who also took the prerequisite courses required by that particular school.

Academic Advising and Facilitated Enrollment into Classes

All entering students who declare a major in a degree program offered by this department need to participate in the College of Natural Sciences and Mathematics' Science Safari to Success (for first time freshmen) or EONS (Enrollment and Orientation in the Natural Sciences and Mathematics for transfer students) Program. These programs are held in June-July for those starting in the Fall Semester and in January for those starting in the Spring Semester. Department advisors will be available to provide an overview of the students' chosen baccalaureate degree program, to assist with academic advisement, to provide information on the many career opportunities available, and to aid students in enrolling in classes. Contact the Jensen Student Access to Sciences and Mathematics Center (FO5-109) or department office for additional information.

Undergraduate Programs

Bachelor of Science in Biology

This degree includes a general option in biology and six additional options for those desiring a more specialized program.

Admission Under Impaction

To be eligible for admission to the major, applicants must demonstrate the following prior to the semester for which the application is submitted: Applicants must have met requirements for admission to the university as a freshman or transfer student and have completed the following courses (or equivalents) with a grade of "C" or better: MATH 119A or MATH 122 and CHEM 111A-B. Eligible applicants will be selected for admission on a space-available basis based on cumulative grade point average.

Biology (code BIOLBS01) (120 units)

This degree major is designed for students pursuing careers that involve the study of life; it is especially appropriate for those contemplating graduate work in the biological sciences. Students may not combine this option with any other in the B.S. in Biology nor with the B.S. in Marine Biology or Microbiology as part of a dual major. This option requires approximately 82-84 units in the major, of which 39-41 are in lower division and 43 are in upper division. All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following courses:

BIOL 211 Introduction to Evolution and Diversity (4)

BIOL 212 Intro to Cell and Molecular Biology (4)

BIOL 213 Intro to Ecology and Physiology (4)

(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)

BIOL 260 Biostatistics (3)

CHEM 111A General Chemistry (5)

CHEM 111B General Chemistry (5)

Take one course from the following:

MATH 119A Survey of Calculus I (3)

MATH 122 Calculus (4)

Take one course from the following:

MATH 119B Survey of Calculus II (3)

MATH 123 Calculus II (4)

Take one of the following courses:

PHYS 100A General Physics (4)

PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

PHYS 100B General Physics (4)

PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all of the following courses:

CHEM 322A Organic Chemistry (3)

CHEM 322B Organic Chemistry (3)
CHEM 323A Organic Chemistry Laboratory (1)
CHEM 323B Organic Chemistry Laboratory (1)

Take at least 35 units in biological science including:

All of the following courses:

BIOL 312 Evolutionary Biology (3)
BIOL 340 Molecular Cell Biology (3)
BIOL 345 Comparative Animal Physiology (3)
BIOL 345L Lab in Comparative Animal Physiology (1)
BIOL 350 General Ecology (3)
BIOL 370 General Genetics (4)
BIOL 480 Seminars (1)

One of the following courses in animal diversity:

BIOL 313 Invertebrate Zoology (4)
BIOL 316 General Entomology (4)
BIOL 324 Vertebrate Zoology (4)

One of the following courses in plant diversity:

BIOL 427 Vascular Plant Systematics (4)
BIOL 439 Plant Morphology (4)

Nine additional units selected from upper division courses in the Department of Biological Sciences.

At least two of the courses selected to fulfill these additional units must have numbers between 410-499. Either CHEM 441A,B or 448 will count toward these additional 9 units. Up to 6 of these additional units may be substituted from courses in other departments in the College of Natural Sciences and Mathematics upon approval by the undergraduate advisor. Students may use from 1-3 units of BIOL or MICR 496 towards the 9 additional units of upper division course work but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, MICR 300I, NSCI 492.

Option in Biology Education (code BIOLBS02) (120 units) Single Subject Preliminary Credential in Biology (code 184)

This option is designed solely for students who wish to become secondary school Biology teachers. This option requires 82-92 units in the major, of which 50-52 are lower division and 32-40 are upper division. Prospective students should consult the Single Subject Science Education Advisor in the Department of Science Education early to plan their program.

Completion of the Biological Sciences Concentration meets the subject matter competence requirement for the Single Subject Preliminary Credential in Biology. In addition to meeting the subject matter competence requirement for the Preliminary Credential, prospective Biology teachers are also required to complete 44 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete many of the credential program courses as an undergraduate. Courses may also be started as post-baccalaureate student. Refer to the Single Subject Teacher Education section of this *Catalog* or the Single Subject Credential Program website

(www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

The Biological Sciences Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following:

BIOL 153 Introduction to Marine Biology (3)
BIOL 211 Introduction to Evolution and Diversity (4)
BIOL 212 Intro to Cell and Molecular Biology (4)
BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
BIOL 260 Biostatistics (3)
ASTR 100 Astronomy (3)
CHEM 111A General Chemistry (5)
CHEM 111B General Chemistry (5)

Choose either:

GEOL 106 Earth Science for Teachers (4)
or both of the following:
GEOL 102 General Geology (3)
GEOL 104 Geology Laboratory (1)

Take one of the following courses:

MATH 119A Survey of Calculus I (3)
MATH 122 Calculus I (4)

Take one of the following courses:

MICR 200 General Microbiology for Health Professionals (4)
MICR 211 General Microbiology (5)

Take one of the following courses:

PHYS 100A General Physics (4)
PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

PHYS 100B General Physics (4)
PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 200, 200L, 205, 205L, 207, 208; MICR 101.

Upper Division:

Take either:

CHEM 327 Organic Chemistry (3)

or all four of the following courses:

CHEM 322A Organic Chemistry (3)
CHEM 322B Organic Chemistry (3)
CHEM 323A Organic Chemistry Laboratory (1)
CHEM 323B Organic Chemistry Laboratory (1)

Take the following course:

SCED 404 The Nature of Science and Scientific Reasoning for Teachers (3)

Take at least nine courses totaling at least 26-29 units in the biological sciences including:

All of the following courses:

- BIOL 312 Evolutionary Biology (3)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 350 General Ecology (3)
- BIOL 370 General Genetics (4)
- BIOL 480 Seminars (1)

One of the following courses in physiology:

- BIOL 345 Comparative Animal Physiology (3)
- BIOL 447 Molecular Plant Physiology (3)

One of the following courses in plant diversity:

- BIOL 427 Vascular Plant Systematics (4)
- BIOL 439 Plant Morphology (4)

One of the following courses in animal diversity:

- BIOL 313 Invertebrate Zoology (4)
- BIOL 316 General Entomology (4)
- BIOL 324 Vertebrate Zoology (4)

The remaining biological sciences course should be chosen in consultation with an advisor; BIOL 495/ MICR 495 is highly recommended. Either CHEM 441A, B or 448 will count toward this additional required course. Students may use BIOL or MICR 496 as one of the nine required upper division courses but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308; MICR 300I; and NSCI 492.

Although SCED 403 and EDSS 300C are not required in the major, the credential does require these courses. Students may want to take some or all of them prior to graduation.

Option in Botany (code BIOLBS03) (120 units)

This option is designed primarily for those interested in careers involving the biology of plants and is particularly appropriate for those contemplating graduate work in this field. This option requires approximately 86-88 units in the major, of which 39-41 are in lower division and 47 are in upper division.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following:

- BIOL 211 Introduction to Evolution and Diversity (4)
- BIOL 212 Intro to Cell and Molecular Biology (4)
- BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
- BIOL 260 Biostatistics (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Take one of the following courses:

- MATH 119A Survey of Calculus I (3)
- MATH 122 Calculus I (4)

Take one of the following courses:

- MATH 119B Survey of Calculus II (3)
- MATH 123 Calculus II (4)

Take one of the following courses:

- PHYS 100A General Physics (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

- PHYS 100B General Physics (4)
- PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take 47 units including:

All of the following courses:

- CHEM 322A Organic Chemistry (3)
- CHEM 322B Organic Chemistry (3)
- CHEM 323A Organic Chemistry Laboratory (1)
- CHEM 323B Organic Chemistry Laboratory (1)
- BIOL 312 Evolutionary Biology (3)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 350 General Ecology (3)
- BIOL 370 General Genetics (4)
- BIOL 427 Vascular Plant Systematics (4)
- BIOL 439 Plant Morphology (4)
- BIOL 480 Seminars (1)

Take at least two courses from the following:

- BIOL 425, 447, 450, or 451

Take at least 11 additional units with advisor consultation.

CHEM 441A,B or 448 will count toward these 11 units. Students may use 1-3 units of BIOL 496 toward the remaining 11 units but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, 309I; MICR 300I; and NSCI 492.

Option in Cell and Molecular Biology (code BIOLBS04) (120 units)

This option is designed primarily for those interested in careers that involve biology at the cell and molecular levels and is particularly appropriate for those contemplating graduate work in these fields. This option requires 82-86 units in the major, of which 39-41 are in lower division and 43-45 are in upper division. Students in this option might also want to pursue the Certificate in Biotechnology described elsewhere in this *Catalog*.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following courses:

- BIOL 211 Introduction to Evolution and Diversity (4)
- BIOL 212 Intro to Cell and Molecular Biology (4)
- BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
- BIOL 260 Biostatistics (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Take one of the following courses:

MATH 119A Survey of Calculus I (3)

MATH 122 Calculus I (4)

Take one of the following courses:

MATH 119B Survey of Calculus II (3)

MATH 123 Calculus II (4)

Take one of the following courses:

PHYS 100A General Physics (4)

PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

PHYS 100B General Physics (4)

PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all of the following courses:

CHEM 322A Organic Chemistry (3)

CHEM 322B Organic Chemistry (3)

CHEM 323A Organic Chemistry Laboratory (1)

CHEM 323B Organic Chemistry Laboratory (1)

CHEM 441A Biological Chemistry (3)

CHEM 441B Biological Chemistry (3)

BIOL 340 Molecular Cell Biology (3)

BIOL 370 General Genetics (4)

BIOL 440L Molecular Cell Biology Laboratory (3)

BIOL 480 Seminars (1)

Take one of the following courses:

BIOL 312 Evolutionary Biology (3)

BIOL 350 General Ecology (3)

Take five courses selected from the following:

MICR 211; BIOL 431, 433, 443, 445, 447, 472, 473, 477; CHEM 547; BIOL/MICR 430, 416

Students may use 3 units of BIOL 496 towards the three courses but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, 309I; MICR 300I; and NSCI 492

Option in Ecology (code BIOLBS05) (120 units)

This option is designed for students interested in careers involving the study of organisms in relation to their environment, either in private industry or government service, as well as those students contemplating graduate work in this field. This option requires approximately 84-88 units in the major, of which 43-45 are in lower division and 41-43 are in upper division.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following:

BIOL 211 Introduction to Evolution and Diversity (4)

BIOL 212 Intro to Cell and Molecular Biology (4)

BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)

BIOL 260 Biostatistics (3)

CHEM 111A General Chemistry (5)

CHEM 111B General Chemistry (5)

Take the following course:

GEOL 102 General Geology (3)

and one of the following courses:

GEOL 104 Geology Laboratory (1)

GEOL 105 Geology Field Laboratory (1)

Take one of the following courses:

MATH 119A Survey of Calculus I (3)

MATH 122 Calculus I (4)

Take one of the following courses:

MATH 119B Survey of Calculus II (3)

MATH 123 Calculus II (4)

Take one of the following courses:

PHYS 100A General Physics (4)

PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

PHYS 100B General Physics (4)

PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200

Upper Division:

Take either both:

CHEM 327 Organic Chemistry (3)

CHEM 448 Fundamentals of Biological Chemistry (3)

or all four:

CHEM 322A Organic Chemistry (3)

CHEM 322B Organic Chemistry (3)

CHEM 323A Organic Chemistry Laboratory (1)

CHEM 323B Organic Chemistry Laboratory (1)

Take all of the following courses:

BIOL 312 Evolutionary Biology (3)

BIOL 340 Molecular Cell Biology (3)

BIOL 345 Comparative Animal Physiology (3)

BIOL 345L Lab in Comparative Animal Physiology (1)

BIOL 350 General Ecology (3)

BIOL 370 General Genetics (4)

BIOL 427 Vascular Plant Systematics (4)

BIOL 456 Population Ecology (3)

BIOL 480 Seminars (1)

Take one of the following courses in animal diversity:

BIOL 313 Invertebrate Zoology (4)

BIOL 316 General Entomology (4)

BIOL 324 Vertebrate Zoology (4)

Take one of the following courses in ecology and environmental science:

BIOL 450, 451, 452, 454A, 454B, 457, 459

Take at least one additional course in biological or geological sciences or geography totaling at least three units chosen in consultation with a faculty advisor. Ecology students are strongly encouraged to take GEOG 481 or an additional field oriented ecology, organismic, or quantitative biology course.

Students may use 1-3 units of BIOL 496 toward these three units but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, 309I; MICR 300I; and NSCI 492.

Few, if any, health-related professional schools (e.g. veterinary medicine) will accept CHEM 327. Some graduate programs with masters or doctorates in biology and/or ecology may also not accept CHEM 327. Students interested in these programs might consider taking CHEM 322A,B and 323A,B. CHEM 327 is not acceptable as a prerequisite for CHEM 441A. CHEM 327 is acceptable toward the Minor in Chemistry.

Option in Physiology (code BIOLBS06) (120 units)

This option is designed primarily for those interested in careers involving the study of function in animals, especially humans, and is particularly appropriate for those contemplating graduate work in this field or entering one of the health professions, such as medicine and physical therapy. This option requires 80-82 units in the major, of which 39-41 are in lower division and 41 are in upper division.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following courses:

- BIOL 211 Evolution and Diversity (4)
- BIOL 212 Introduction to Cell & Molecular Biology (4)
- BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
- BIOL 260 Biostatistics (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Take one of the following courses:

- MATH 119A Survey of Calculus I (3)
- MATH 122 Calculus I (4)

Take one of the following courses:

- MATH 119B Survey of Calculus II (3)
- MATH 123 Calculus II (3)

Take one of the following courses:

- PHYS 100A General Physics (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

- PHYS 100B General Physics (4)
- PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all the following:

- CHEM 322A Organic Chemistry (3)
- CHEM 322B Organic Chemistry (3)
- CHEM 323A Organic Chemistry Laboratory (1)
- CHEM 323B Organic Chemistry Laboratory (1)
- CHEM 441A Biological Chemistry (3)
- CHEM 441B Biological Chemistry (3)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 350 General Ecology (3)
- BIOL 370 General Genetics (4)
- BIOL 480 Seminars (1)

Two tracks exist for remaining upper division courses.

Pre-physical Therapy Track:

Take all of the following courses:

- BIOL 341 Physiology for Therapists I (4)
- BIOL 441 Physiology for Therapists II (3)
- HHS 401 Applied Anatomy (3)

Take six units selected from the following:

- BIOL 345, 431, 433, 443, 444, 445, 447, 448, 449;
- HHS 471; MICR 430

General Physiology Track:

Take four units selected from the following pairs:

- BIOL 342 Mammalian Physiology (3)
- BIOL 342L Laboratory in Physiology (1)
- or
- BIOL 345 Comparative Animal Physiology (3)
- BIOL 345L Lab in Comparative Animal Physiology (1)

Take twelve units from the following:

- BIOL 342, 345, 431, 433, 442, 443, 444, 445, 447, 448, 449, 490; MICR 423, 430.

Students may use 1-3 units of BIOL 496 towards the additional units but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, 309I; MICR 300I; and NSCI 492

Option in Zoology (code BIOLBS07) (120 units)

This option is designed primarily for those interested in careers that involve the biology of animals and is particularly appropriate for those contemplating graduate work in this field. This option requires approximately 83-86 units in the major, of which 39-41 are in lower division and 44-45 are in upper division.

All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Lower Division:

Take all of the following courses:

- BIOL 211 Evolution and Diversity (4)
- BIOL 212 Introduction to Cell & Molecular Biology (4)
- BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
- BIOL 260 Biostatistics (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Take one of the following courses:

- MATH 119A Survey of Calculus I (3)
- MATH 122 Calculus I (4)

Take one of the following courses:

- MATH 119B Survey of Calculus II (3)
- MATH 123 Calculus II (4)

Take one of the following courses:

- PHYS 100A General Physics (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

- PHYS 100B General Physics (4)
- PHYS 152 Electricity and Magnetism (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all the following courses:

- CHEM 322A Organic Chemistry (3)
- CHEM 322B Organic Chemistry (3)
- CHEM 323A Organic Chemistry Laboratory (1)
- CHEM 323B Organic Chemistry Laboratory (1)
- BIOL 312 Evolutionary Biology (3)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 345 Comparative Animal Physiology (3)
- BIOL 345L Lab in Comparative Animal Physiology (1)
- BIOL 350 General Ecology (3)
- BIOL 370 General Genetics (4)
- BIOL 480 Seminars (1)

Take one of the following courses in invertebrate zoology:

- BIOL 313 Invertebrate Zoology (4)
- BIOL 316 General Entomology (4)

Take at least two courses from the following courses in vertebrate zoology:

- BIOL 324, 411, 419, 421, 424

Take at least two additional courses in biological science totaling at least eight units chosen in consultation with a faculty advisor. Either CHEM 441A,B or 448 will count toward these eight units. Students may use 1-3 units of BIOL 496 towards the remaining eight units but only with prior permission of the advisor for this option.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308 309I; MICR 300I; and NSCI 492.

Bachelor of Science in Marine Biology (code BIOLBS08) (120 units)

This degree program requires approximately 86-93 units in the major, of which 42-44 are in lower division and 44-49 are in upper division. The number of units and particular blend of science and mathematics makes this a very challenging learning experience. However, the depth and strength of this degree provides a strong and flexible base to pursue a variety of careers. Obtaining a minor in another discipline, such as chemistry, microbiology, engineering, business, or computer science, may enhance one's marketability. All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Admission Under Impaction

To be eligible for admission to the major, applicants must demonstrate the following prior to the semester for which the application is submitted: Applicants must have met requirements for admission to the university as a freshman or transfer student and have completed the following courses (or equivalents) with a grade of "C" or better: MATH 119A or MATH 122 and CHEM 111A-B. Eligible applicants will be selected for admission on a space-available basis based on cumulative grade point average

Lower Division:

Take all of the following courses:

- BIOL 153 Introduction to Marine Biology (3)

- BIOL 211 Evolution and Diversity (4)
- BIOL 212 Introduction to Cell and Molecular Biology (4)

BIOL 213 Introduction to Ecology and Physiology (4) (BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)

- BIOL 260 Biostatistics (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Take one of the following courses:

- PHYS 100A General Physics (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

- PHYS 100B General Physics (4)
- PHYS 152 Electricity and Magnetism (4)

Take one of the following courses:

- MATH 119A Survey of Calculus I (3)
- MATH 122 Calculus I (4)

Take one of the following courses:

- MATH 119B Survey of Calculus II (3)
- MATH 123 Calculus II (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200

Upper Division:

Take either:

- CHEM 327 Organic Chemistry (3)

or all four of the following courses:

- CHEM 322A Organic Chemistry (3)
- CHEM 322B Organic Chemistry (3)
- CHEM 323A Organic Chemistry Laboratory (1)
- CHEM 323B Organic Chemistry Laboratory (1)

Take all of the following courses:

- BIOL 313 Invertebrate Zoology (4)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 345 Comparative Animal Physiology (3)
- BIOL 345L Lab in Comparative Animal Physiology (1)
- BIOL 350 General Ecology (3)
- BIOL 353 Marine Biology (3)
- BIOL 370 General Genetics (4)
- BIOL 419 Ichthyology (3)
- BIOL 425 Phycology (3)
- BIOL 480 Seminars (1)
- GEOL 465 Physical and Chemical Oceanography (3)
- GEOL 466 Oceanography Lab and Ocean Studies (1)

Take a minimum of three courses from the following:

- BIOL 411, 420, 449, 451, 454A, 455, 457, 464; BIOL/MICR 415; and, with prior permission of marine biology advisor for both BIOL 490, and 3 units of BIOL 496

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308; MICR 300I; and NSCI 492.

Few, if any, health-related professional schools (e.g. veterinary medicine) will accept CHEM 327. Some graduate programs with masters or doctorates in biology and/or marine biology may also not accept CHEM 327. Students interested in these programs might consider taking CHEM 322A,B and 323A,B. CHEM 327 is not acceptable as a prerequisite for CHEM 441A. CHEM 327 is acceptable toward the Minor in Chemistry.

Bachelor of Science in Microbiology (code BIOLBS09) (120 units)

Microbiology is the study of microorganisms and their interactions with humans, other organisms, and the environment. This degree, with the inclusion of appropriate classes, may be utilized by pre-professional students who are preparing for medical, dental, pharmacy, and veterinary school. There is a core of courses and specific programs can be arranged by counseling with microbiology advisors. This undergraduate major is recognized by the American Society for Microbiology as meeting their core curriculum for the baccalaureate degree program in microbiology. This major requires 83-84 units, of which 37-38 are in the lower division and 46 are in upper division. All students must achieve at least a 2.0 grade-point average in each of the following: 1. the entire college record, 2. all units attempted at CSULB, 3. all courses in the major, and 4. all upper division courses in the major completed at CSULB.

Admission Under Impaction

To be eligible for admission to the major, applicants must demonstrate the following prior to the semester for which the application is submitted: Applicants must have met requirements for admission to the university as a freshman or transfer student and have completed the following courses (or equivalents) with a grade of "C" or better: MATH 119A or MATH 122 and CHEM 111A-B. Eligible applicants will be selected for admission on a space-available basis based on cumulative grade point average

Lower Division:

Take all of the following courses:

- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- BIOL 211 Evolution and Diversity (4)
- BIOL 212 Introduction to Cell & Molecular Biology (4)
(BIOL 111, 111L, 212, 212L are required if courses were taken prior to catalog year 2010-11)
- BIOL 260 Biostatistics (3)
- MICR 211 General Microbiology (5)

Take one of the following courses:

- PHYS 100A General Physics (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following courses:

- PHYS 100B General Physics (4)
- PHYS 152 Electricity and Magnetism (4)

Take one of the following courses:

- MATH 119A Survey of Calculus I (3)
- MATH 122 Calculus I (4)

The following courses do not meet any specific or elective requirements for this major: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all of the following courses:

- CHEM 322A Organic Chemistry (3)
- CHEM 322B Organic Chemistry (3)
- CHEM 323A Organic Chemistry Laboratory (1)
- CHEM 323B Organic Chemistry Laboratory (1)
- CHEM 441A Biological Chemistry (3)
- CHEM 441B Biological Chemistry (3)
- BIOL 340 Molecular Cell Biology (3)
- BIOL 480 Seminars (1)

- MICR 320 Bacterial Pathogenesis (3)
- MICR 355 Microbial Ecology (3)
- MICR 371 Microbial Genetics (3)
- MICR 372 Methods in Microbial Genetics (2)
- MICR 430 Immunology (3)
- MICR 471 Bacterial Physiology (3)

Take a minimum of 11 elective units chosen from the following:

BIOL 473, 477; MICR 320L, 322, 325, 355L, 416, 423, 429, 430L, 473, 490, and 495. Students may use MICR 496 towards the additional units but only with prior permission of the advisor for this degree. Those students seeking a career as a Clinical Laboratory Scientist/ Medical Technologist are encouraged to take MICR 320L, 416, 423 and 430L.

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308; MICR 300I; and NSCI 492.

Bachelor of Science Degree with Honors in Biology, Marine Biology, or Microbiology

Students majoring in the B. S. in Biology (all options), B. S. in Marine Biology, or B. S. in Microbiology who would like an enriched academic program, including an intensive research experience, may be eligible to graduate with Honors in the Major through the University Honors Program. Students may also complete General Honors through the University Honors Program, in which case the General Honors thesis requirement is met through Honors in the Major (see University Honors in this *Catalog*).

Students interested in graduating with Honors in the Major should participate in a series of courses designed to introduce central concepts in biology (BIOL 110H), develop critical thinking and communication skills (special section of UHP 100), and introduce the newly emerging field of bioinformatics. In addition, they may join a learning community of students with similar interests and benefit from mentoring by faculty members.

This Honors in the Major program was created with the support of a grant from the Howard Hughes Medical Institute. Students admitted to Honors in the Major may be eligible to receive monetary support from a variety of sources for completion of their honors research and thesis.

Students who have successfully completed the lower division Honors in the Major curriculum will receive priority for research fellowship support to the extent that it is available.

Additional details about this program, including availability of fellowship support, are available from the Honors in the Major Program Advisor.

Requirements for Admission

1. Junior or senior standing with at least one year remaining before graduation.
2. Declared major of B. S. in Biology (any option), B. S. in Marine Biology, or B. S. in Microbiology.
3. Complete BIOL 211, 212, and 213 (BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11) (or BIOL 211A,B), 260; CHEM 322A,B and 323A,B (or CHEM 320A,B) at time of entry with grades of at least a "C" in each course. Students may apply during the semester in which they expect to complete these courses.

- GPA of at least 3.000 in all courses in the major and in all upper division courses in the major at the time of application.
- Submission of an application describing the student's academic background, reasons for applying (including a description of any previous research experience), and willingness to commit to a year-long research experience.
- Letter of recommendation from a CSULB faculty member familiar with the student's work and abilities.

Requirements for Graduation

- GPA of at least 3.300 in all upper division courses in the major and in Honors courses.
 - Complete all requirements for the chosen degree in the Biological Sciences.
 - Complete BIOL 466, Research Design and Methods - Honors (3)
 - Complete BIOL 496 Undergraduate Directed Research (3)
 - Completion of BIOL 498H, Thesis - Honors (3)
 - Presentation of research results in a public forum. This requirement may be met by presentation at a scientific conference or at a local venue; consult the Program Director for additional information
- Substitutions to this program must be approved by the Honors in the Major Program Advisor.

Minor in Biology (code BIOLUM01)

This minor may be combined with any major at CSULB except the B.S. in Biology (all options), B.S. in Microbiology, and B.S. in Marine Biology. A minimum of 21 units is required for this minor.

Lower Division:

Take all of the following courses:

- BIOL 211 Evolution and Diversity (4)
 - BIOL 212 Introduction to Cell & Molecular Biology (4)
 - BIOL 213 Introduction to Ecology and Physiology (4)
- (BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)

The following courses do not meet any specific or elective requirements for this minor: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take a minimum of nine units selected from upper division biology courses with at least one course selected from the 400 series.

The following courses do not meet any specific or elective requirements for this minor: BIOL 301, 304, 305, 308, MICR 300I, 429, and NSCI 492.

Minor in Physiology (code BIOLUM03)

This minor may be combined with any major at CSULB except the B.S. in Biology, Option in Physiology.

The following courses do not meet any specific or elective requirements for this minor: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

A minimum of 18 upper division units.

Twelve units must be selected from the following:

- BIOL 341, 342, 342L, 345, 345L, 443, 445, 448, 490.

Six units must be selected from other courses in the above list or from the following:

- BIOL 473; CHEM 441A,B, 443, or 448.

At least one of the upper division courses taken for this minor must have a laboratory. Most of these upper division courses require CHEM 111A,B and BIOL 211, 212, 213 as prerequisites; some have other prerequisites in addition.

The following courses do not meet any specific or elective requirements for this minor: BIOL 301, 304, 305, 308, 309I; MICR 300I; and NSCI 492.

Minor in Microbiology (code BIOLUM04)

This minor may be combined with any major at CSULB except the B.S. in Microbiology. A minimum of 19 units which must include:

Lower Division:

- MICR 211 General Microbiology (5)

The following courses do not meet any specific or elective requirements for this minor: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Upper Division:

Take all of the following courses:

- MICR 320 Bacterial Pathogenesis (3)
- MICR 416 Virology (3)
- MICR 430 Immunology (3)

Take a minimum of five units from the following:

- MICR 322, 371, 471, 473

The following courses do not meet any specific or elective requirements for this major: BIOL 301, 304, 305, 308, MICR 300I, and NSCI 492

Certificate Program in Biomedical Art (code ART_CT01)

This is an interdisciplinary program sponsored by the Art and Biological Sciences departments. For requirements, see the Art section of this *Catalog*.

Certificate in Biotechnology (code BIOLCT01)

Biotechnology refers to a process which ultimately yields a product that can be loosely subdivided into five categories; biological organisms with novel traits, DNAs, RNAs, proteins, and compounds. The certificate may be earned in conjunction with or subsequent to a baccalaureate degree. Courses offered for the certificate may be used to satisfy, as appropriate, major or minor requirements.

Prerequisites for Admission

Completion of the following courses with a grade of "C" or better (or consent of the biotechnology certificate program director): CHEM 111A,B; CHEM 320A,B or CHEM 322A,B and 323A,B; CHEM 441A,B; BIOL 340; BIOL 370; MICR 211.

The following courses do not meet any specific or elective requirements for this certificate: BIOL 100, 153, 153L, 200, 200L, 205, 205L, 207, 208; MICR 101 and 200.

Requirements

- A baccalaureate degree (can be concurrent);
- Completion of prerequisites;
- Approval by the program director;
- Completion of the core curriculum:
 - BIOL 473/573 Molecular Genetics (3)
 - BIOL 477/577 Biotechnology: Applications of Molecular Techniques and Bioinformatics (4)
 - BIOL 480/580 Seminars (1)
 - NSCI 492 Internships In Natural Science (3)

Take an additional 3 units selected in consultation with program director;

5. Completion of 3 units consisting of an approved research project in biotechnology to be taken from one or more of the following:
BIOL 496; CHEM 496; or MICR 496 (undergraduate students); BIOL 697; CHEM 697; or MICR 697 (graduate students);
6. BIOL 301, 304, 308 and MICR 300I do not meet any specific or elective requirements for this certificate.
7. Total 17 units required .

Concurrent and/or Summer Enrollment in Another College

Students who wish to take coursework in a community or another college to meet curricular requirements while enrolled as undergraduates in the College of Natural Sciences and Mathematics must petition the appropriate department for prior approval to enroll in specific courses. This policy applies to concurrent enrollment or summer enrollment. University policy must also be met; see 'Concurrent Enrollment' and 'Transfer of Undergraduate Credit' in this *Catalog*. Courses not receiving prior approval will not be accepted for credit by the department.

GRADUATE PROGRAMS

Master of Science in Biology (code BIOLMS01)

This degree requires a thesis based on original scientific research; a list of research areas with the names of faculty specializing in these areas can be obtained from the department's graduate office.

Admission to the Department

Prerequisites

In addition to the prerequisites for entrance into CSULB as a graduate student, stated previously in this Catalog under Graduate Degrees and Post Baccalaureate Studies, the Department of Biological Sciences requires:

1. The student is to find a faculty member in the department who agrees to serve as the thesis advisor of the student prior to her/his acceptance into the M.S. program;
2. A bachelor's degree in the biological or related sciences from an accredited institution. Students with alternative undergraduate degrees will be considered, but they will likely be assigned deficiency courses by the Thesis Advisor in consultation with the Graduate Advisor;
3. An undergraduate GPA in all completed science and mathematics courses of at least 2.70 AND a GPA of at least 3.00 in the last 40 semester (or 60 quarter) units of science and mathematics courses completed;
4. The GRE General Test (and, if required, the GRE Subject Test in Biology or in Biochemistry, Cell and Molecular Biology) must have been taken prior to applying to the Department. Scores are utilized as indicators for accrued knowledge and potential success in the M.S. program in Biology. The GREs must have been taken within five years prior to the intended admission date. Applicants

without a degree in biological sciences must take the GRE Biology or Biochemistry, Cell and Molecular Biology Subject Test.

Students who do not meet the minimum required criteria for acceptance are encouraged to take post-baccalaureate courses to bring up their GPA or GRE scores.

Application

Prospective graduate students in M.S. in Biology, including CSULB graduates, must formally apply for admission to CSULB as described previously in this Catalog and must also apply directly to the Department of Biological Sciences. All applicants must submit the following documents directly to the Department no later than 1 February for the fall semester to receive consideration for admission:

1. Departmental Application Form (PDF), also available from the Department's Graduate Office;
2. A one page essay describing why the applicant wishes to obtain an M.S. degree in Biology at CSULB and how this relates to her/his career objectives;
3. Unofficial transcripts of all college level academic work, including those completed at CSULB (these are in addition to those transcripts required for general graduate admission to CSULB);
4. Three letters of recommendation from persons familiar with the applicant's academic performance and research potential (if also applying for a Teaching Associate position, the letters must refer to the applicant's potential to teach laboratory sections in the biological sciences); and
5. Official report of the GRE General Test scores. The applicant should have taken this examination prior to applying to the Department, because the official scores must reach the Department by the deadline above.

These materials must be submitted to the Graduate Office, Department of Biological Sciences, California State University, Long Beach, 1250 Bellflower Blvd., Long Beach, CA 90840-3702.

Review by the Graduate Studies Committee

The Graduate Studies Committee will review all completed applications received by the deadlines. Admission into the M.S. Program in Biology is competitive, with an applicant's college GPA, GRE Test scores, one-page essay, and letters of recommendation weighed in the decision to accept or decline. Applicants who are admitted into the program will enter as either a Classified or Conditionally Classified Graduate Student, as described below. All admitted students must contact the Graduate Advisor prior to their first semester for counsel and orientation.

Admission to the Department of Biological Sciences as a Classified Graduate Student

The Department of Biological Sciences may admit as a Classified Graduate Student applicant who:

1. has met all prerequisites,
2. has a complete application folder, and
3. has obtained acceptance by a faculty member to serve as her/his Thesis Advisor.

Admission to the Department as a Conditionally Classified Graduate Student

An applicant who fails to meet the above criteria for Classified Graduate Student may be considered by the Graduate Studies Committee for admission as Conditionally Classified Graduate Student:

An applicant with course deficiencies: The Graduate Advisor and student's Thesis Advisor will determine whether academic deficiencies exist for the particular field of study to be undertaken. The courses to be taken to make up deficiencies will be indicated on the back of the department application form. Such courses are in addition to the minimum 30 units on the student's Program of Study (see below). The applicant must make up all deficiencies before attaining Classified status.

The Thesis Proposal

After admission to the Department as a Classified or Conditionally Classified graduate student, the student in consultation with the Thesis Advisor, must prepare her/his Thesis Proposal and Program of Study, which includes all coursework to be taken. The Thesis Proposal must include a thorough review of relevant primary literature that demonstrates the context of the proposed research, it must clearly define the experiments proposed for the research to be undertaken, and should include preliminary data, if available. The student and her/his Thesis Advisor will select at least two additional members to serve on the Thesis Committee. In most cases, the Thesis Advisor will serve as Chair of the Thesis Committee. However, if the Thesis Advisor is not eligible, another member of the Thesis Committee will serve as Thesis Committee Chair. The student will then have a formal meeting with the Thesis Committee, at which the student's Thesis Proposal and Program of Study will be presented and evaluated. At this meeting, the Thesis Committee will question the student about her/his Thesis Proposal. At the completion of this meeting, the Thesis Committee will meet briefly, without the student present, to evaluate the Thesis Proposal. Approval is based on whether the student has demonstrated a solid understanding of her/his thesis project. The Thesis Proposal must be prepared, presented to, and approved by the Thesis Committee before the end of the second semester after admission to the Department. Failure to meet this requirement will result in dismissal from the M.S. in Biology program.

The Program of Study

The Program of Study must include six units of Thesis (BIOL 698), one to three units of Directed Research (BIOL 697), two units of Experimental Design (BIOL 696A), two units of Scientific Communication (BIOL 696B), one unit of Seminar (BIOL 580), and four units from: BIOL 661, 663, 664, 665, 666; MICR 661; OR CHEM 595A; BIOL 661-666 and MICR 661 topics must be different. Of the minimum 30 units, no more than six may come from BIOL 661-666 and no more than two units of CHEM 595A; no more than six may come from transfer credit; and no more than one 300-level course may be included. Any 300-level course on a graduate program of study must be approved by the Thesis Advisor and the Graduate Advisor. BIOL 696A will be taken during

the student's initial fall semester; the course will cover experimental design, statistics, and literature research, and help students in preparing their Thesis Proposal. BIOL 696B will be taken during the first spring semester in the program, and will cover both oral and written scientific presentation. BIOL 696B is intended to facilitate manuscript and thesis writing and to help students learn to articulate their findings for their thesis defense. The Program of Study must be prepared, presented to, and approved by the Thesis Committee before the end of the second semester after admission to the Department. Failure to meet this requirement will result in dismissal from the M.S. in Biology program.

Advancement to Candidacy

In addition to the general University requirements stated previously under Post-Baccalaureate and Graduate Degrees in this *Catalog*, the student must complete the following steps before receiving Master's Candidate status in the Department of Biological Sciences:

1. Admission to the Master's Degree program in Biology as a Classified graduate student (see above);
2. Acceptance of the Thesis Proposal and Program of Study by the Thesis Committee;
3. Satisfactory academic progress;
4. Satisfactory fulfillment of the Graduation Writing Assessment Requirement (GWAR).

The Thesis Committee will recommend the student for advancement to candidacy by forwarding its recommendation to the Department Graduate Advisor. This should occur at least one year before graduation. Upon approval by the College's Associate Dean, the student will attain Master's Candidate status.

Requirements for the Master of Science in Biology

The regulations governing the master's degree are those in effect at the time of advancement to candidacy. In addition to the general University requirements stated previously in this *Catalog*, the student must meet the following requirements before receiving the degree of Master of Science in Biology. The requirements are:

1. Advancement to Master's Candidate status (see above);
2. Maintenance of a 3.00 ("B" average) or better, overall GPA (includes all upper-division and graduate level courses taken since admission to this University and after completion of the baccalaureate degree) and graduate program GPA. If either GPA falls below 3.00, it must be elevated to a 3.00 by the end of the following semester or the student will be dismissed from the M.S. program in Biology;
3. Successful completion of the following: written thesis and public defense followed by a private defense with the Thesis Committee; and
4. Service as a Teaching Associate or Graduate Assistant.

Requests to graduate must be received by Enrollment Services approximately 6 months in advance of the expected graduation date (Check the *Schedule of Classes* for the date).

These degree requirements must be completed within 6 years from when the first course on the Program of Study was completed, including academic leaves, or the student's degree program will be terminated.

Master of Science in Microbiology (code BIOLMS02)

This degree is available to qualified students preparing for professional careers in industry and government and for further studies at the doctoral level. In addition, a master's degree in microbiology, combined with appropriate courses in education, can be utilized for a community college teaching credential.

Admission to the Department Prerequisites

In addition to the prerequisites for entrance into CSULB as a graduate student, stated previously in this *Catalog* under Graduate Degrees and Post Baccalaureate Studies, the Department of Biological Sciences requires:

1. The student is required to find a faculty member in the department who agrees to serve as the thesis advisor of the student prior to her/his acceptance into the M.S. program;
2. A bachelor's degree in the biological or related sciences from an accredited institution. Students with alternative undergraduate degrees will be considered, but they will likely be assigned deficiency courses by the Thesis Advisor in consultation with the Graduate Advisor;
3. An undergraduate GPA in all completed science and mathematics courses of at least 2.70 AND a GPA of at least 3.00 in the last 40 semester (60 quarter) units of science and mathematics courses completed;
4. The GRE General Test (and, if required, the GRE Subject Test in Biology or in Biochemistry, Cell and Molecular Biology) must have been taken prior to applying to the Department. Scores are utilized as indicators for accrued knowledge and potential success in the M.S. program in Microbiology. The GREs must have been taken within five years prior to the intended admission date. Applicants without a degree in biological sciences must take the GRE Biology or Biochemistry, Cell and Molecular Biology Subject Test.

Students who do not meet the minimum required criteria for acceptance are encouraged to take post-baccalaureate courses to bring up their GPA or GRE scores.

Application

Prospective graduate students in M.S. in Microbiology, including CSULB graduates, must formally apply for admission to CSULB as described previously in this *Catalog* and must also apply directly to the Department of Biological Sciences. All applicants must submit the following documents directly to the Department no later than 1 February for the fall semester to receive consideration for admission:

1. Departmental Application Form (PDF), also available from the Department's Graduate Office;
2. A one page essay describing why the applicant wishes to obtain an M.S. degree in Microbiology at CSULB and how this relates to her/his career objectives;
3. Unofficial transcripts of all college level academic work, including those completed at CSULB (these are in addition to those transcripts required for general graduate admission to CSULB);
4. Three letters of recommendation from persons familiar with the applicant's academic performance and research

potential (if also applying for a Teaching Associate position, the letters must refer to the applicant's potential to teach laboratory sections in the biological sciences); and

5. Official report of the GRE General Test scores. The applicant should have taken this examination prior to applying to the Department, because the official scores must reach the Department by the deadline above.

These materials must be submitted to the Graduate Office, Department of Biological Sciences, California State University, Long Beach, 1250 Bellflower Blvd., Long Beach, CA 90840-3702.

Review by the Graduate Studies Committee

The Graduate Studies Committee will review all completed applications received by the deadlines and either accept the applicant as a Classified or Conditionally Classified graduate student or deny admission. Acceptance is competitive and the GPA, the GRE Test scores, one-page essay, and the letters of recommendation will be weighed in the decision to accept or deny. All admitted applicants must contact the Graduate Advisor prior to their initial semester for counsel and orientation.

Admission to the Department of Biological Sciences as a Classified Graduate Student

The Department of Biological Sciences may admit as a Classified Graduate Student any applicant who:

1. has met all prerequisites,
2. has a complete application folder, and
3. has obtained acceptance by a faculty member to serve as her/his Thesis Advisor.

Admission to the Department of Biological Sciences as a Conditionally Classified Graduate Student

An applicant who fails to meet the above criteria for Classified Graduate Student admission may be considered by the Graduate Studies Committee for admission as Conditionally Classified graduate student:

An applicant with course deficiencies: The Graduate Advisor and student's Thesis Advisor will determine whether academic deficiencies exist for the particular field of study to be undertaken. The courses to be taken to make up deficiencies will be indicated on the back of the department application form. Such courses must be taken in addition to the minimum 30 units on the student's Program of Study (see below). The applicant must make up all deficiencies before attaining Classified status.

The Thesis Proposal

After admission to the Department as a Classified or Conditionally Classified graduate student, the student in consultation with the Thesis Chair must prepare her/his Thesis Proposal and Program of Study, which includes all coursework to be taken. The Thesis Proposal must include a thorough review of relevant primary literature that demonstrates the context of the proposed research, it must clearly define the experiments proposed for the research to be undertaken, and should include preliminary data, if available. The student and her/his Thesis Chair will select at least two additional members to serve on the

Thesis Committee. In most cases, the Thesis Advisor will serve as Chair of the Thesis Committee. However, if the Thesis Advisor is not eligible, another member of the Thesis Committee will serve as Thesis Committee Chair. The student will then have a formal meeting with the Thesis Committee, at which the student's Thesis Proposal and Program of Study will be presented and evaluated. At this meeting, the Thesis Committee will question the student about her/his Thesis Proposal. At the completion of this meeting, the Thesis Committee will meet briefly, without the student present, to evaluate the Thesis Proposal. Approval is based on whether the student has demonstrated a solid understanding of her/his thesis project. The Thesis Proposal must be prepared, presented to, and approved by the Thesis Committee before the end of the second semester after admission to the Department. Failure to meet this requirement will result in dismissal from the M.S. in Biology program.

The Program of Study

The Program of Study must include completion of a minimum of 30 semester units. At least 20 of these units must be in the 500-600 level courses of which a minimum of 16 units must be in the Microbiology 500-600 series. Required courses, if not taken previously, include MICR 371 or an upper division/graduate course in genetics; MICR 471 or an upper division/graduate course in cell physiology; MICR 661 (two enrollments with different topics for a total of 4 units is required); BIOL 696A (2 units), BIOL 696B (2 units), MICR 697 (maximum 3 units); and MICR 698 (6 units). Other elective units included in the graduate program must be 400-600 level courses acceptable to the University and microbiology degree program. Up to 5 units of 300-level courses may be included with an approval from the Thesis Chair and Graduate Advisor. BIOL 696A will be taken during the student's initial fall semester; the course will cover experimental design, statistics, and literature research, and help students in preparing their Thesis Proposal. BIOL 696B will be taken during the first spring semester in the program, and will cover both oral and written scientific presentation. BIOL 696B is intended to facilitate manuscript and thesis writing and to help students learn to articulate their findings for their thesis defense.

Advancement to Candidacy

The regulations governing the master's degree are those in effect at the time of advancement to candidacy. In addition to the general university requirements stated previously under Post-Baccalaureate and Graduate Degrees in this *Catalog*, the student must complete the following steps before receiving Candidate status in the Department of Biological Sciences:

1. Admission to the Department of Biological Sciences' Master's Degree program as a Classified graduate student (see above);
2. Acceptance of the Thesis Proposal and Program of Study by the Thesis Committee;
3. Satisfactory academic progress;
4. Satisfactory fulfillment of the Graduate Writing Assessment Requirement (GWAR).

The Thesis Committee will recommend the student for

advancement to candidacy by forwarding its recommendation to the department Graduate Advisor. This should occur at least one year before graduation. Upon approval by the College's Associate Dean, the student will attain Master's Candidate status.

Requirements for the Master of Science in Microbiology

In addition to the general University requirements stated previously in this *Catalog*, the student must meet the following requirements before receiving the degree of Master of Science in Microbiology.

1. Advancement to candidacy (see above);
2. Maintenance of a 3.00 ("B" average) or better, overall graduate grade point average (includes all upper-division and graduate level courses taken since admission to this University and after completion of the baccalaureate degree) and graduate program GPA. If either GPA falls below 3.00, it must be elevated to a 3.00 by the end of the following semester or the student will be dropped from the M.S. in Microbiology program;
3. Successful completion of the following: written thesis and public defense followed by a private defense with the Thesis Committee; and
4. Serve as a teaching associate or graduate assistant. Under some circumstances, this requirement may be waived.

Requests to graduate must be received by Enrollment Services approximately 6 months in advance of the expected graduation date (check the *Schedule of Classes* for the date).

These requirements must be completed within 6 years from when the first course on the Program of Study was completed, including academic leaves, or the student's degree program will be terminated.

Biology Courses (BIOL)

Students pursuing a major and/or a minor in this department may receive unit credit for courses marked with the symbol '##' as a general elective but may not apply the units toward the specific or elective requirements for any degree or option in this department. Majors in this department may, however, take, for general education purposes, interdisciplinary courses offered by this department. All other courses in this department are open to majors and minors but by letter grade only (A-F).

LOWER DIVISION

100.## Biology of the Human Environment (3) F,S

Prerequisite/Corequisite: A course that fulfills one of the Foundation requirements in GE.

Biological perspective on the interaction between humans and their environment. Specifically designed for non-science majors. (Lecture 3 hrs.)

110H. Ideas in the Biological Sciences – Honors (1)

Prerequisite: Consent of instructor.

Examination of the biological and biochemical sciences. Readings and discussions will familiarize participants with advances in biological sciences. Historical context, importance, and scientific and social consequences of these discoveries will be examined. Research faculty in Biological Sciences and Chemistry/Biochemistry introduced.

Letter grade only (A-F). (Discussion 1 hr.)

Biology Courses (BIOL)

153. Introduction to Marine Biology (3) F,S

Prerequisites/Corequisites: Courses that fulfill the A.1 and B.2 GE requirements.

Scientific approach to the study of marine organisms and their relationships to the environment. Emphasis on human interaction with marine ecosystems.

(Lecture 2 hrs., laboratory and field 3 hrs.) Field trips may be required outside of scheduled class time. Not open for credit to students with credit in BIOL 201.

153L. Introduction to Marine Biology Laboratory (1) F,S

Prerequisite: Open only to students who have successfully completed the equivalent of the lecture portion of BIOL 153 at another accredited institution and have consent of the Department of Biological Sciences.

Identical to the laboratory portion of BIOL 153. Students enrolled in BIOL 153L will take it in the same room and at the same time as students enrolled in BIOL 153. Not open for credit to students with credit in BIOL 153. (Laboratory 3 hrs.)

200.## General Biology (4) F,S

Prerequisite: Completion of GE Foundation requirements.

Brief survey of major areas of biology including cell biology, genetics, evolution, phylogeny, plant and animal anatomy and physiology, ecology, and behavior. Specially designed for non-science majors.

(Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

200L.## General Biology Laboratory (1) F,S

Prerequisite: Open only to students who have successfully completed the equivalent of the lecture portion of BIOL 200 at another accredited institution and have consent of the Department of Biological Sciences.

BIOL 200L is identical to the laboratory component of BIOL 200. Students enrolled in BIOL 200L will take it in the same room and at the same time as students enrolled in BIOL 200.

Not open for credit to students with credit in BIOL 200. Course fee may be required. (Laboratory 3 hrs.)

205.## Human Biology (4) F,S

Prerequisites: Completion of GE Foundation requirements.

Brief survey of human biology focusing on anatomy, physiology, and development of cells, tissues, organs, and organ systems; including molecular biology, genetics, ecology, evolution, and diversity. Specially designed for non-science majors.

Not open for credit to students with credit in A/P 107 or 205. (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

205L.## Human Biology Laboratory (1) F,S

Prerequisite: Open only to students who have successfully completed the equivalent of the lecture portion of BIOL 205 at another accredited institution and have consent of the Department of Biological Sciences. Identical to the laboratory portion of BIOL 205. Students enrolled in BIOL 205L will take it in the same room and at the same time as students enrolled in BIOL 205.

Not open for credit to students with credit in BIOL 205. Course fee may be required. (Laboratory 3 hrs.)

207.## Human Physiology (4) F,S

Prerequisites: Completion of GE Foundation requirements.

General introduction to the functional integration of human body systems. Designed for majors in biomedical engineering, physical education, and the allied health fields.

Not open for credit to students with credit in A/P 207 or 209. (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

208.## Human Anatomy (4) F,S

Prerequisites: Completion of the GE Foundation requirements.

Gross anatomy of humans from the cellular to the systemic levels. Intensive laboratory experience including the use of human

cadavers. Designed for majors in kinesiology and the allied health fields.

Not open for credit to students with credit in A/P 202 or 208. (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

211. Introduction to Evolution and Diversity (4) F,S

Prerequisite/Corequisites: CHEM 111A.

Intended for natural science majors. First of three semester introductory sequence. Evolution as a process responsible for biological diversity at all levels: molecular, cellular, organismal, population, and community. Phylogenetic and taxonomic survey of life. Science as method of inquiry. Failure of either the lecture or the laboratory component will result in a failing grade for the entire course.

Not open to students with credit in BIOL 111. Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

211L. Introduction to Evolution and Diversity Laboratory (1) F,S

Prerequisites: Open only to students who have successfully completed the equivalent of the lecture component of BIOL 211 at another accredited institution and have consent of the Department of Biological Sciences.

Phylogenetic and taxonomic survey of life emphasizing the principles of evolution and science as a method of inquiry. Identical to the laboratory component of BIOL 211. Students enrolled in BIOL 211L will take it in the same room and at the same time as students enrolled in BIOL 211.

Not open to students with credit in BIOL 111L. Letter grade only (A-F). Course fee may be required. (Laboratory 3 hrs.)

212. Introduction to Cell and Molecular Biology (4) F,S

Prerequisites: Completion of BIOL 211 and CHEM 111A with grades of "C" or better.

The second of a three semester introductory sequence. Introduction to macromolecular and cellular structure and function and to fundamental genetic principles. Failure of either the lecture or laboratory component will result in a failing grade for the entire course.

Not open to students with credit in BIOL 211A. Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

212L. Introduction to Cell and Molecular Biology Laboratory (1) F,S

Prerequisites: Open only to students who have successfully completed the equivalent of the lecture component of BIOL 212 at another institution and have consent of the Department of Biological Sciences.

An introduction to methods for studying macromolecular and cellular structure and function and fundamental genetic analyses. Identical to the laboratory component of BIOL 212. Students enrolled in BIOL 212L will take it in the same room and at the same time as students enrolled in BIOL 212.

Letter grade only (A-F). Not open to students with credit in BIOL 211A or 211C. Course fee may be required. (Laboratory 3 hrs.)

213. Introduction to Ecology and Physiology (4) F,S

Prerequisites: BIOL 212 with a grade of "C" or better.

The third of a three semester introductory sequence. Introduction to the functional biology of plants and the abiotic and biotic factors that affect their distribution and abundance. Not open to students with credit in BIOL 211B. Failure of either the lecture or the laboratory component will result in failing grade for the entire course.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

213L. Introduction to Ecology and Physiology Laboratory (1) F,S

Prerequisites: Open only to students who have successfully completed the equivalent of the lecture component of BIOL 213 at another institution and have consent of the Department of Biological Sciences.

Introduction to methods for studying plant and animal structure and function and the interactions among organisms and their environments. Identical to the laboratory component of BIOL 213. Students enrolled in BIOL 213L will take it in the same room and at the same time as students enrolled in BIOL 213.

Letter grade only (A-F). Not open to students with credit in BIOL 211B or 211D. (Laboratory 3 hrs.) Course fee may be required.

220H. Fundamentals of Bioinformatics – Honors (2)

Prerequisites: BIOL 212 with grades of "C" or better, and consent of instructor.

Introduction of scope and use of biological information, molecular structure, and literature databases. Basic comparison methods of DNA and protein sequences including sequence alignment, analysis of 3-D structures, and phylogenetic analysis. Fundamentals of DNA sequencing and genetic survey techniques included.

Letter grade only (A-F). (Lecture 1 hr., laboratory 3 hrs.)

260. Biostatistics (3) F,S

Prerequisites: BIOL 211 or BIOL 207 or MICR 200; MATH 111 or 113 or 119A or 122 all with a grade of "C" or better.

Probability and statistics used in the description and analysis of biological data.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.) Course fee may be required.

296. Introduction to Undergraduate Directed Research (1) F,S

Prerequisites: Consent of instructor.

Introduction to research in microbiology approved and directed by a faculty member in the Department of Biological Sciences. Designed primarily to introduce lower division students to research before taking MICR/BIOL 496.

May be repeated to a maximum of 3 units in different semesters. Same course as MICR 296. Students who have completed one or more units of MICR/BIOL 496 may not enroll in this course.

Credit/No Credit only. (Conference 1 hr., laboratory 3 hrs.)

UPPER DIVISION

301.## Biology of Human Aging (3)

Prerequisite: BIOL 200 or 205 or 207 all with a grade of "C" or better.

Biological processes associated with aging in humans. Emphasis on both cellular and organ aging.

Specifically designed for the gerontology program. Not open to students with "C" or better in BIOL 401. (Lecture 3 hrs.)

304.## Pathophysiology (3) F,S

Prerequisites: BIOL 207, 208; CHEM 140; MICR 200, all with a grade of "C" or better.

Pathogenesis and pathophysiology of common disorders of human nervous, musculoskeletal, endocrine, cardiovascular, respiratory, excretory, digestive, and reproductive systems with emphasis on the physiological basis of the disease process and clinical correlations.

Not designed for majors in the College of Natural Sciences and Mathematics. Priority registration given to students who have been accepted into CSULB nursing programs.

(Lecture 3 hrs.)

305.## Pharmacology (2) F,S

Prerequisite/Corequisite: BIOL 304, with a grade of "C" or better.

Systematic study of drugs, their classification, methods and routes of administration, therapeutic and toxic effects with emphasis on nursing implications.

Not designed for majors in the College of Natural Sciences and Mathematics. Not open for credit to students with a "C" or better in BIOL 204. Priority registration given to students who have been accepted into CSULB nursing programs. (Lecture 2 hrs.)

308.## Issues in Women's Health (3)

Prerequisites: Upper division standing; ENGL 100; and WGSS 101, BIOL 205, BIOL 207, or BIOL 213.

Fundamentals of anatomy and physiology relevant to the cause/prevention/treatment of various health issues, including reproductive organ dysfunction, sexually-transmitted disease, infertility, contraception, pregnancy, osteoporosis, cancer, and cardiovascular disease. Lifestyle habits (diet, exercise, stress, etc.) will be emphasized throughout.

(Lecture 3 hrs.)

312. Evolutionary Biology (3) F,S

Prerequisites: BIOL 211, 212, 213, 260 all with a grade of "C" or better.

Survey of evolutionary biology including population genetics, speciation, origin of life, and phylogenetic analysis. Main emphasis is evolutionary mechanisms and methods of analysis on specific of the evolutionary history of life.

Letter grade only (A-F). (Lecture 3 hrs.)

313. Invertebrate Zoology (4) F,S

Prerequisites: BIOL 211, 212, 213 all with a grade of "C" or better.

Systematics, morphology, and natural history of invertebrate animals, with emphasis on local marine forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.; weekend field trips may be required.) Course fee may be required.

316. General Entomology (4) F,S

Prerequisites: BIOL 211, 212, 213 all with grade of "C" or better.

Characteristics, structure, habits, and life cycles of insects; importance of insects to humans and other organisms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 6 hrs.) Course fee may be required.

324. Vertebrate Zoology (4) F,S

Prerequisites: BIOL 211, 212, 213 all with grade of "C" or better.

Phylogenetic survey of vertebrates (craniates). Lecture concentrates on origin and radiation of vertebrates and their functional morphology. Laboratory concentrates on skeletal and internal anatomy and taxonomy to the ordinal and familial level of living vertebrates.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 6 hrs.) Course fee may be required.

340. Molecular Cell Biology (3) F,S

Prerequisites: BIOL 211, 212; CHEM 320A or 322A or 327 all with a grade of "C" or better.

Detailed study of the organization and functioning of cells and cellular organelles at the molecular level; emphasis on experimental approaches and structural/functional relationships.

Letter grade only (A-F). (Lecture 3 hrs.)

341. Physiology for Therapists I (4) F,S

Prerequisites: BIOL 211, 212, 213; CHEM 111A,B; PHYS 100A,B all with grade of "C" or better; 100 hours of documented exposure to the practice of physical therapy in a variety of settings; and consent of instructor.

Mechanisms of action and interaction of physiological body systems with emphasis on nervous and endocrine systems and skeletal and smooth muscle. Pathological and clinical considerations presented.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

342. Mammalian Physiology (3) F,S

Prerequisites: BIOL 211, 212, 213 all with grade of "C" or better. Recommended: PHYS 100A,B.

Function of various mammalian body systems, primarily of humans. Emphasis on integration of homeostatic mechanisms of nervous, muscular, endocrine, cardiovascular, respiratory, renal, digestive, and reproductive systems.

Letter grade only (A-F). (Lecture 3 hrs.)

Biology Courses (BIOL)

342L. Laboratory in Physiology (1) F,S

Prerequisite/Corequisite: BIOL 342 with a grade of "C" or better.

Experiments and exercises designed to provide experience in, and illustration of, physiological principles and mechanisms of interaction among various body systems.

Letter grade only (A-F). Course fee may be required. (Laboratory 3 hrs.)

345. Comparative Animal Physiology (3) F,S

Prerequisites: BIOL 211, 212, 213 all with grade of "C" or better.

Comparison of fundamental physiological processes of major animal phyla.

Not open for credit to students with credit in A/P 340. Letter grade only (A-F). (Lecture 3 hrs.)

345L. Laboratory in Comparative Animal Physiology (1) F,S

Prerequisite/Corequisite: BIOL 345 with a grade of "C" or better.

Laboratory course acquaints students with direct observation and measurement of physiological processes in various animal groups, both invertebrate and vertebrate.

Letter grade only (A-F). Course fee may be required. (Laboratory 3 hrs.)

350. General Ecology (3) F,S

Prerequisites: BIOL 211, 212, 213, 260; MATH 119A or 122 all with a grade of "C" or better. Chemistry and physics recommended.

Relationships of plants and animals to their physical and biological environment; structure and function of populations, communities and ecosystems.

Letter grade only (A-F). (Lecture 3 hrs., and two required Saturday field trips.)

353. Marine Biology (3) S

Prerequisites: BIOL 153, 211, 212, 213, 260 all with grade of "C" or better.

Study of pelagic and benthic marine ecosystems, including food resources, mariculture, and pollution. Weekend field trips may be required.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)
Course fee may be required.

355. Microbial Ecology (3) S

Prerequisites: MICR 211 or BIOL 211, 212, 213 all with a grade of "C" or better.

Explores relationships of microorganisms to their environment. Emphasis placed on ecological basis for diversity of prokaryotic forms, metabolic functions and community interactions.

Not open for credit to student with credit in MICR 355. Letter grade only (A-F). Same course as MICR 355. (Lecture 3 hrs.)

355L. Microbial Ecology Laboratory (1) S

Prerequisite: BIOL 355 or MICR 355 with a grade of "C" or better.

Provides an understanding of microbes in the environment. Sample and analyze microbes from field trips to different habitats. Analytical techniques learned include enrichment culture methods and modern molecular biology methods to study the diversity and community dynamics of microbes.

Not open for credit to student with credit in MICR 355L. Letter grade only (A-F). Course fee may be required. Same course as MICR 355L. (Laboratory 3 hrs.)

370. General Genetics (4) F,S

Prerequisites: BIOL 211, 212 and either BIOL 260 or CHEM 251 all with a grade of "C" or better.

Detailed study of classical transmission genetics and introduction to modern molecular genetics. Includes current observations and concepts of nature, organization, function, and regulation of genetic expression.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

411./511. Marine Mammalogy (3) S, odd years

Prerequisites: BIOL 153 or 353, BIOL 345, 350, all with grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 411; graduates enroll in BIOL 511.)

Fundamental biological, ecological, and physiological concepts of marine mammals, including cetaceans, pinnipeds, walrus, sirenians, and polar bears. Information concerning taxonomy, distribution, morphology, physiology, reproduction, and feeding through readings and scientific literature.

Fieldtrips may include weekends and spring recess. Letter grade only (A-F). (Lecture 2 hrs., laboratory and fieldtrips 3 hrs.)

412./512. Advanced Evolutionary Biology (3)

Prerequisite: BIOL 312 with a grade of "C" or better. (Undergraduates enroll in BIOL 412; graduates enroll in BIOL 512.)

An advanced survey of topics in evolutionary biology including but not limited to population and quantitative genetics, allometry, game theory, evolutionary psychology, and evolutionary-developmental biology. Main emphasis on the development of conceptual and mathematical models of evolutionary processes.

Letter grade only (A-F). (Lecture 3 hrs.)

415./515. Marine Microbiology (3) F, odd years

Prerequisite: BIOL 353 or MICR 355 or BIOL 355 with a grade of "C" or better. (Undergraduates enroll in BIOL 415; graduates enroll in BIOL 515.)

Designed to familiarize microbiology and marine biology students with the role of microorganisms in the marine environment. Topics will include ecology, physiology, biogeochemistry and diversity of marine microbes. Laboratory/field component will emphasize examination and cultivation of local marine microbes.

Not open for credit to students with credit in MICR 415. Letter grade only (A-F). Same course as MICR 415. Course fee may be required. (Lecture 2 hrs., laboratory and field 3 hrs., weekend field trip may be required.)

416./516. Virology (3) F,S

Prerequisite: MICR 320 or BIOL 340 with a grade of "C" or better. (Undergraduates enroll in BIOL 416; graduates enroll in BIOL 516.)

Virology at molecular level including viral replication and molecular basis for viral pathogenesis; survey of human, animal, and plant viral diseases. Current trends for prevention and treatment of viral diseases.

Letter grade only (A-F). Same course as MICR 416. (Lecture 3 hrs.)

419. Ichthyology (3) F

Prerequisites: BIOL 211, 212, 2213, 260 and at least six additional units of upper division biological science, all with a grade of "C" or better. Recommended: BIOL 350, 353, and 370.

Systematics, morphology, genetics, and ecology of fishes. Emphasis on local marine forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs., weekend field trips may be required.) Course fee may be required.

420./520. Fisheries Ecology and Conservation (3) F

Prerequisites: BIOL 260, 350, and 419 all with a grade of "C" or better. (Undergraduates enroll in BIOL 420; graduates enroll in BIOL 520.)

Advanced aspects of fish and invertebrate biology and behavior; fisheries economics and conservation; emphasis on state-of-art field/laboratory techniques and contemporary concepts and their application in fishery management.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

421. Herpetology (3) S, odd years

Prerequisites: BIOL 211, 212, 213, 260 and eight units of upper division biology, all with a grade of "C" or better.

Taxonomy, natural history, ecology and distribution of amphibians and reptiles, emphasis on local forms. Weekend field trip required.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

423. Mammalogy (3)

Prerequisites: BIOL 260, 324, and one of 312, 350, all with grades of "C" or better. Phylogenetic survey world's living mammals. Lecture emphasizes radiation of orders; families; their morphology, physiology, and behavior.

Laboratory emphasizes external and skeletal morphology of these same taxa and identification of California species.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.)

424./524. Ornithology (3) S

Prerequisites: BIOL 211, 212, 213, 2260 and three units of upper division BIOL, all with a grade of "C" or better. Recommended: BIOL 350. (Undergraduates enroll in BIOL 424; graduates enroll in BIOL 524.)

Ecology, morphology, physiology, behavior, and taxonomy of birds from an evolutionary perspective, also factors influencing recent increase in their extinction risk. Species identification techniques (emphasis on the local avifauna) and methods of surveying avian populations.

Letter grade only (A-F). (Lecture 2 hrs., laboratory/field 3 hrs.)
Course fee may be required.

425. Phycology (3) F,S

Prerequisite: One of the following BIOL 313, 350, 353 with a grade of "C" or better.

Taxonomy, phylogeny, and physiology of algae, including the physiological ecology of marine macroalgae; emphasis on local marine forms.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)
Course fee may be required.

427. Vascular Plant Systematics (4) S

Prerequisite: BIOL 312 or 370 with a grade of "C" or better.

Principles and methods of plant systematics, including phylogenetics, different types of systematic data, evolutionary history and diversification of vascular plants. Laboratory emphasizes retrieving and analyzing systematic data, using phylogenetic methods, and identifying vascular plants of Southern California.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 6 hrs.)

430. Immunology (3) F,S

Prerequisite: BIOL 340 with a grade of "C" or better.

Study of cellular and molecular components of immune system, including how immune system recognizes pathogens, how it functions in various types of immune responses, mechanisms of vaccines, immunodeficiencies, transplantation, allergy, and autoimmunity.

Not open for credit to students with credit in MICR 430. Letter grade only (A-F). Same course as MICR 430. (Lecture 3 hrs.)

431./531. Biology of Cancer (3) F,S

Prerequisites: BIOL 340, 370 with a grade of "C" or better. (Undergraduates enroll in BIOL 431, graduates enroll in BIOL 531.)

An examination of cancer, tumor progression, and treatment at the cellular, molecular, and genetic levels.

Letter grade only (A-F). (Lecture 3 hrs.)

432./532. Stem Cell Biology (3) S

Prerequisites: BIOL 433 or 533 with a grade of "C" or better. (Undergraduates enroll in BIOL 432; graduates enroll in BIOL 532.)

Current literature on advances in stem cell research, translational research, and clinical applications of stem cells to alleviate human disease.

Letter grade only (A-F). (Lecture 3 hrs.)

432L./532L. Advanced Stem Cell Laboratory (4) SS

Prerequisites: BIOL 432/532, 440L, 462/562, 473/573, 477/577, all with a grade of "C" or better, and permission of the director of the CSULB Biotechnology Certificate Program. (Undergraduates enroll in BIOL 432L; graduates enroll in BIOL 532L.)

Intensive laboratory, offered during a six-week summer session. Students learn basic and advanced stem cell culture techniques.

The sixth week is 40 hours at the Children's Hospital of Orange County Research Institute (CHOC).

Letter grade only (A-F). (Lecture 1 hr., laboratory 9 hrs.)

433./533. Developmental Biology (3) F,S

Prerequisites: BIOL 340, 370, both with a grade of "C" or better. (Undergraduates enroll in BIOL 433; graduates enroll in BIOL 533.)

Experimental approaches to development in model organisms, mostly animal, at the molecular, genetic, cellular, and tissue levels. Topics include gametogenesis, fertilization, early cleavage, gastrulation, pattern formation, and organogenesis.

Letter grade only (A-F). (Lecture/discussion 3 hrs.)

439. Plant Morphology (4) F

Prerequisite: BIOL 312 or 370 with a grade of "C" or better.

A phylogenetic survey of green plant morphological diversity and analysis of the developmental and genetic mechanisms affecting this diversity. Emphasis in the laboratory is on documenting green plant morphological evolution, bioinformatics, and studying the developmental mechanisms driving morphological diversification.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

440L. Molecular Cell Biology Laboratory (3) F

Prerequisites: BIOL 340, 370, both with a grade of "C" or better, and consent of instructor.

(Preference given to students in the Bachelor of Science in Biology, Option in Cell and Molecular Biology.) Intensive course of modern laboratory techniques used in both cell and molecular biology. Topics include genomics, subcellular structure and transport, and purification and functional characterization of recombinant proteins. Provides extensive laboratory experience for students.

Not open for credit to students with credit in BIOL 340L.

Letter grade only (A-F). (Lecture 1 hr., laboratory 6 hrs.) Course fee may be required.

441. Physiology for Therapists II (3) F,S

Prerequisite: BIOL 341 with a grade of "C" or better.

Mechanisms of action and interaction of physiological body systems with emphasis on cardiovascular, renal, and respiratory systems. Pathological and clinical considerations will be presented.

Letter grade only (A-F). (Lecture 3 hrs.)

442./542. Physiology at the Limit (3)

Prerequisites: BIOL 342 or 345 with a grade of "C" or better. (Undergraduates enroll in BIOL 442; graduates enroll in BIOL 542.)

Survey of physiological adaptations of animals in conditions of extreme performance and environmental limitations. Topics include individual and evolutionary responses to high-altitude, deep-sea diving, outer space and micro-gravity, exercise, flight, swimming, and extreme temperatures. Examples from vertebrates and invertebrates.

Letter grade only (A-F). (Lecture 3 hrs.)

443./543. Endocrinology (3) F,S

Prerequisites: BIOL 340 or CHEM 441B; CHEM 320A or 322A or 327; and one of BIOL 341, 342, 345, 445, 448; CHEM 441A or 448, all with a grade of "C" or better. (Undergraduates enroll in BIOL 443; graduates enroll in BIOL 543.)

Role of endocrines in vertebrate and invertebrate adjustment to changes in internal and external environment.

Letter grade only (A-F). (Lecture 3 hrs.)

444./544. Reproductive Biology (3) S

Prerequisite: BIOL 342 or 345 with a grade of "C" or better. (Undergraduates enroll in BIOL 444; graduates enroll in BIOL 544.)

Topics in comparative reproductive biology from molecular, cellular, organismal, and population levels. Hormones and reproduction, gamete/gonad biology, reproductive lifespan, mating system/strategies, environmental influence on reproductive capabilities, contraception/*in vitro* fertilization. Scientific communication discussed including scientific articles and scientific writing.

Letter grade only (A-F). (Lecture 3 hrs.)

Biology Courses (BIOL)

445./545. Metabolic Regulation (3) F

Prerequisites: BIOL 340, 342 or 345; CHEM 441A with grade of "C" or better. (Undergraduates enroll in BIOL 445; graduates enroll in BIOL 545.)

Study of molecular mechanisms by which intermediary metabolism is regulated in various mammalian tissues with emphasis on mechanisms of hormone action and regulation of some key enzymes of carbohydrate, fat, and protein metabolism.

Letter grade only (A-F). (Lecture 3 hrs.)

447./547. Molecular Plant Physiology (3) S

Prerequisites: BIOL 340, 370, both with grade of "C" or better. (Undergraduates enroll in BIOL 447; graduates enroll in BIOL 547.)

Molecular approaches to classical topics including plant hormones, photosynthesis, resistance to plant pathogens, adaptation of plants to environmental stress, and development of plants.

Letter grade only (A-F). (Lecture 3 hrs.)

448./548. Principles of Neurobiology (3) F,S

Prerequisites: BIOL 340 or CHEM 441B and one of BIOL 341, 342, or 345 all with a grade of "C" or better. (Undergraduates enroll in BIOL 448; graduates enroll in BIOL 548.)

Study of the principles of anatomy, physiology, and function of the nervous system. Topics covered include neuroanatomy, physiology of neuronal signaling (excitable membranes and action potentials), synaptic transmission, neurotransmitters and their receptors, pain processing, special senses, reflexes, and neural circuits.

Letter grade only (A-F). (Lecture 3 hrs.)

449./549. Fish Physiology and Endocrinology (3)

Prerequisite: BIOL 345 with grade of "C" or better. (Undergraduates enroll in BIOL 449; graduates enroll in BIOL 549.)

Fundamentals of physiological systems and strategies in fishes, with emphasis on endocrine regulatory mechanisms. Adaptations in endocrine physiology of fishes considered from evolutionary and ecological perspectives. Impacts of human activities, particularly in context of Southern California's marine environment addressed.

Letter grade only (A-F). (Lecture 3 hrs.)

450./550. Plant Ecology (3) S, even years

Prerequisites: BIOL 260, 350 with a grade of "C" or better. Recommended: BIOL 427, 447. (Undergraduates enroll in BIOL 450; graduates enroll in BIOL 550.)

Relationship of plants to their environment and principles of plant distribution.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)
Course fee may be required.

451./551. Wetlands and Mangrove Ecology (3) S, odd years

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. (Undergraduates enroll in BIOL 451; graduates enroll in BIOL 551.)

A comprehensive look at wetland ecology and management. Focuses on physical, biogeochemical, and ecological aspects of major wetland ecosystems with an emphasis on local urban wetlands. Also includes wetland management concepts and approaches worldwide.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

452./552. Behavioral Ecology (3)

Prerequisites: BIOL 211, 212, 213, 260 all with a grade of "C" or better. Pre- or corequisite: BIOL 312 or 350. (Undergraduates enroll in BIOL 452; graduates enroll in BIOL 552.)

Primary objectives are to understand how animal behavior affects survival and reproduction and introduce students to current methodologies to study behavior of animals in lab and field conditions. Emphasizes ecological and evolutionary consequences of behavior across taxa.

Letter grade only (A-F). (Lecture 2 hrs., laboratory/field 3 hrs.)

453./553. Insect Ecology (3) F, even years

Prerequisite: BIOL 350 with a grade of "C" or better. (Undergraduates enroll in BIOL 453; graduates enroll in BIOL 553.)

Field and experimental studies of abundance, dispersal, distribution, and behavior of insects.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

454A./554A. Research in Tropical Marine Ecology (3) S, even years

Prerequisites: BIOL 260, either BIOL 350 or 353, and BIOL 313 or 419 or 425 all with a grade of "C" or better; and consent of instructor. (Undergraduates register in BIOL 454A; graduates register in BIOL 554A.)

Field and laboratory studies, lectures, and individual research on tropical marine biological problems. Designed to engage students in experimental research, including: recognizing a problem, designing and carrying out a project, statistical data analysis, and oral and written report presentation.

Eight-day field trip to Hawaii required during spring recess at student expense. Enrollment is limited. Letter grade only (A-F). (Lecture 2 hrs., 8 day field trip.)

454B./554B. Research in Tropical Terrestrial Ecology (3) S, odd years

Prerequisites: BIOL 350; one of BIOL 316, 324, 421, 424, 427, or 439 all with a grade of "C" or better; and consent of instructor. (Undergraduates enroll in BIOL 454B; graduates enroll in BIOL 554B.)

Field-based comparison of tropical lowland deciduous forest and lowland rainforest incorporating basic ecology methodology. Forest structure and diversity of animals emphasized. Students maintain field notebook, submit final paper, and give oral presentation.

Nine-day fieldtrip to Costa Rica required during spring recess at student expense. Enrollment is limited. Letter grade only (A-F). Course fee may be required. (Lecture 2 hr., 9 day field trip.)

455./555. Ecology of Marine Communities (3) F, even years

Prerequisites: BIOL 260, 350, 353 all with a grade of "C" or better. (Undergraduates enroll in BIOL 455; graduates enroll in BIOL 555.)

Field studies on ecological principles related to marine communities discussed. Includes individual field research project and two class projects.

Letter grade only (A-F). (Lecture 2 hrs., field 3 hrs.)

456./556. Population Ecology (3) S, even years

Prerequisites: BIOL 350, MATH 119B or 123 all with a grade of "C" or better. (Undergraduates enroll in BIOL 456; graduates in BIOL 556.)

Analysis of animal and plant populations characteristics: population growth and regulation, fluctuation and regulation, competition, predation, parasitism, and other intraspecific and interspecific interactions; spatial patterns.

Letter grade only (A-F). (Lecture 3 hrs.)

457./557. Field Methods in Ecology (3)

Prerequisites: BIOL 260, 350 both all with a grade of "C" or better. (Undergraduates enroll in BIOL 457; graduates in BIOL 557.)

Design of field research projects, collection, and data analysis, report writings and presentations. Field sampling techniques emphasized. Five weekend fieldtrips required.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

459./559. Conservation Biology (3) F

Prerequisites: BIOL 260, 350 both all with a grade of "C" or better. Recommended: BIOL 370. (Undergraduates enroll in BIOL 459; graduates enroll in BIOL 559.)

Conservation biology concepts including population dynamics, extinction processes, population viability analyses, metapopulations, community-level interactions, island biogeography, biological diversity patterns, habitat fragmentation, reserve design, and

landscape-level conservation. Lecture includes group discussions of relevant primary literature.

Letter grade only (A-F). (Lecture 3 hrs., two weekend field trips may be required.)

462./562. Bioethics and Public Policy (3) S

Prerequisites: BIOL 340 with a grade of "C" or better. (Undergraduates enroll in BIOL 462; graduates enroll in BIOL 562.)

History of bioethics, scientific and medical bases of key bioethical issues, current legislation and appropriations, including legal, social, and ethical implications of stem cell research and other biotechnological advances.

Letter grade only (A-F). (Lecture 3 hrs.)

463./563. Computer Modeling in Biology (4)

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. (Undergraduates enroll in BIOL 463; graduates enroll in BIOL 563.)

History, modeling theory, different modeling approaches, theoretical, empirical and quantitative modeling. Laboratory uses modeling software and focuses on model construction and quantitative simulation. Applicable to ecology, microbiology, physiology, environmental sciences, etc.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

464./564. Aquatic Toxicology (3)

Prerequisites: BIOL 211, 212, 213, 340; CHEM 320A or 322A or 327, all with a grade of "C" or better. Recommended: BIOL 353 and CHEM 448 or 441A,B. (Undergraduates enroll in BIOL 464; graduates enroll in BIOL 564.)

In depth study of interactions between anthropogenic chemicals and aquatic ecosystems, including origin, fate, chemical and biological detection, and quantification of pollutants and impact at molecular, biochemical, cellular, physiological, organismal, and community levels of organization. Individual research project required.

Letter grade only (A-F). (Lecture 3 hrs.)

465./565. Experimental Design and Regression Analysis (4) F, even years

Prerequisites: BIOL 260; MATH 119B or 123; six units of upper division biological science all with a grade of "C" or better. (Undergraduates enroll in BIOL 465; graduates enroll in BIOL 565.)

Experimental design and data analysis techniques applied to problems in biology including analysis of variance and covariance, bivariate and multiple regression, experimental design, bootstrapping and randomization tests, and nonparametric statistics. Experience in analyzing biological data using computerized statistical packages.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

466. Research Design and Methods (3) S

Prerequisites: BIOL 211, 212, 213, either BIOL 260 or CHEM 251, CHEM 320A,B or CHEM 322A,B and CHEM 323A,B all with a grade of "C" or better; completion of the GE Foundation; a GPA of at least 3.0 in the major; and consent of the instructor. At least one unit of BIOL 496 or CHEM 496.

Corequisites: At least one unit of BIOL 496 or CHEM 496.

Introduction to hypothesis testing, experimental design, methodological and technical procedures for experimentation, grant writing, and techniques for written and oral presentation of research results. Research paper and oral presentation required.

Not open for credit to students with credit in BIOL 466H or CHEM 466H. Letter grade only (A-F). Same course as CHEM 466. (Lecture 3 hours.)

467./567. Multivariate Data Analysis (4) F, odd years

Prerequisites: BIOL 260; MATH 119B or 123; six units of upper division biological science; all with a grade of "C" or better. (Undergraduates enroll in BIOL 467; graduates enroll in BIOL 567.)

Multivariate data analysis techniques applied to biological data. Applied matrix algebra for analyzing and understanding

multivariate analysis. Includes principal components analysis, factor analysis, discriminant analysis, cluster analysis and current modern phylogenetic analysis techniques. Analyzing multivariate biological data using computerized statistical packages.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

472./572. Molecular Evolution (3)

Prerequisite: BIOL 370 with a grade of "C" or better.

Recommended: BIOL 312. (Undergraduates enroll in BIOL 472; graduates enroll in BIOL 572.)

Survey of molecular evolution including but not limited to the history of the field, protein and DNA evolution, neutral and nearly-neutral theory, molecular phylogenetics, molecular population genetics and DNA fingerprinting, genomics, and proteomics. Applicable to ecological, evolutionary, medical, forensic sciences.

Letter grade only (A-F). (Lecture 3 hrs.)

473./573. Molecular Genetics (3) S

Prerequisites: BIOL 370 or MICR 371; CHEM 320A,B or 322A,B and 323A,B, or 327, all with a grade of "C" or better. (Undergraduates enroll in BIOL 473; graduates enroll in BIOL 573.)

Contemporary molecular genetic analysis of model organisms (mouse, worm, flies, yeasts) used in study of human disease, basic biological processes, gene regulation, and global analysis of genomes and proteomes.

Letter grade only (A-F). (Lecture 3 hrs.)

477./577. Biotechnology: Applications of Molecular Techniques and Bioinformatics (4) F

Prerequisite: BIOL 340 or 370 or CHEM 441A,B; all with a grade of "C" or better. (Undergraduates enroll in BIOL 477; graduates enroll in BIOL 577.)

Theory and techniques for isolating, amplifying, and analyzing genes, genomes, transcripts, and proteins. Data-mining, the use of computers in experimental design and/or functional analysis, use of microarrays, and future of nanotechnology.

Letter grade only (A-F). Same course as MICR 477./577. Not open for credit to students with credit in MICR 477./577. (Lecture 3 hrs., activity 2 hrs.)

480./580. Seminars (1) F,S

Prerequisites: Consent of department. Undergraduates must have filed for graduation and be in ultimate or penultimate semester.

Graduates must have been admitted to the department as a graduate student. (Undergraduates enroll in BIOL 480; graduates enroll in BIOL 580.)

Weekly meetings with professional biologists presenting results of their research. Requires participation in organization and critical evaluation of these presentations.

May not be repeated for credit towards any single degree. Letter grade only (A-F) (Seminar 1 hr.)

490./590. Special Topics in Biology (1-3)

Prerequisites: BIOL 211, 212, 213 all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 490; graduates enroll in BIOL 590.)

Topics from selected areas of biology. Course content varies from section to section.

May be repeated to a maximum of 6 units with different topics. Topics announced in the Schedule of Classes. Letter grade only (A-F). (Lecture 1-3 hrs.)

490L./590L. Special Topics Laboratory in Biology (1-2)

Prerequisites: BIOL 211, 212, 213 all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 490L; graduates enroll in BIOL 590L.)

Topics from selected areas of biology. Course content varies from section to section.

May be repeated to a maximum of 4 units with different topics. Topics announced in the *Schedule of Classes*. Letter grade only (A-F). (Laboratory 3 or 6 hrs.) Course fee may be required.

Biology Courses (BIOL)

492A./592A. Stem Cell Research Internship (12) F,S

Prerequisites: BIOL 432/532, 432L/532L, 440L, 462/562, 473/573, 477/577, all with a grade of "C" or better, and permission of the director of the CSULB Biotechnology Certificate Program, and acceptance in the Stem Cell Training Option within the Biotechnology Certificate. (Undergraduates enroll in BIOL 492A; graduates enroll in BIOL 592A.)

CIRM-approved institutions train interns in their stem cell research laboratories.

Must be repeated once for credit. Credit/No Credit grading only. (Laboratory 36 hrs.)

495. Instruction in Laboratory Teaching (1-2) F,S

Prerequisites: Consent of instructor, an "A" in the course in which the student elects to do MICR 495 (another course with laboratory may be substituted with consent of instructor), and an overall GPA of at least 3.0.

Individual instruction in organization and techniques of teaching a microbiology laboratory.

Not open for credit to students with credit in MICR 495. May be repeated to a maximum of 2 units in different semesters. Any units beyond the two taken for a letter grade in BIOL 495 or MICR 495 or any combination of the two will be taken credit/no credit. Same course as MICR 495. (Conference 1 hr., laboratory 3 hrs. per unit.)

496. Undergraduate Directed Research (1-3) F,S

Prerequisites: BIOL 211, 212; either BIOL 213 or MICR 211 or BIOL 296 or MICR 296; consent of instructor; and consent of appropriate undergraduate advisor.

Research in a specific topic in biological sciences approved and directed by a faculty member in Department of Biological Sciences.

Not open for credit to student with credit in MICR 496. May be repeated for a letter grade and degree credit to a maximum of three units for any single degree or option. Units beyond the three taken for a letter grade in MICR 496 or BIOL 496, or any combination of the two, will be taken credit/no credit. Same course as MICR 496. Students may only have a total of 3 units of BIOL 496 and MICR 496 combined. Not available to graduate students.

498H. Senior Thesis – Honors (3)

Prerequisites: BIOL 466; at least one unit of BIOL 496 with a grade of "A"; admission into the Honors in Biology program, and consent of instructor.

Planning, preparation, completion, and oral presentation of a written thesis based on a research project in biological sciences begun in BIOL/MICR 496. Not available to graduate students.

Letter grade only (A-F).

GRADUATE LEVEL

511./411. Marine Mammalogy (3) S, odd years

Prerequisites: BIOL 153 or 353, BIOL 345, 350, all with grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 411; graduates enroll in BIOL 511.)

Fundamental biological, ecological, and physiological concepts of marine mammals, including cetaceans, pinnipeds, walrus, sirenians, and polar bears. Information concerning taxonomy, distribution, morphology, physiology, reproduction, and feeding through readings and scientific literature. Fieldtrips may include weekends and spring recess.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and fieldtrips 3 hrs.)

512./412. Advanced Evolutionary Biology (3)

Prerequisite: BIOL 312 with a grade of "C" or better. (Undergraduates enroll in BIOL 412; graduates enroll in BIOL 512.)

An advanced survey of topics in evolutionary biology including but

not limited to population and quantitative genetics, allometry, game theory, evolutionary psychology, and evolutionary-developmental biology. Main emphasis on the development of conceptual and mathematical models of evolutionary processes.

Letter grade only (A-F). (Lecture 3 hrs.)

515./415. Marine Microbiology (3) F, odd years

Prerequisite: BIOL 353 or MICR 355 or BIOL 355 with a grade of "C" or better. (Undergraduates enroll in BIOL 415; graduates enroll in BIOL 515.)

Designed to familiarize microbiology and marine biology students with the role of microorganisms in the marine environment. Topics will include ecology, physiology, biogeochemistry and diversity of marine microbes. Laboratory/field component will emphasize examination and cultivation of local marine microbes.

Not open for credit to students with credit in MICR 515. Letter grade only (A-F). Course fee may be required. Same course as MICR 515. (Lecture 2 hrs., laboratory and field 3 hrs., weekend field trip may be required.)

516./416. Virology (3) F,S

Prerequisite: MICR 320 or BIOL 340 with a grade of "C" or better. (Undergraduates enroll in BIOL 416; graduates enroll in BIOL 516.)

Virology at molecular level including viral replication and molecular basis for viral pathogenesis; survey of human, animal, and plant viral diseases. Current trends for prevention and treatment of viral diseases.

Letter grade only (A-F). (Lecture 3 hrs.)

520./420. Fisheries Ecology and Conservation (3) F

Prerequisites: BIOL 260, 350, and 419 all with a grade of "C" or better. (Undergraduates enroll in BIOL 420; graduates enroll in BIOL 520.)

Advanced aspects of fish and invertebrate biology and behavior; fisheries economics and conservation; emphasis on state-of-art field/laboratory techniques and contemporary concepts and their application in fishery management.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

524./424. Ornithology (3) S

Prerequisites: BIOL 211, 212, 213, 260 and three units of upper division BIOL, all with a grade of "C" or better. Recommended: BIOL 350. (Undergraduates enroll in BIOL 424; graduates enroll in BIOL 524.)

Ecology, morphology, physiology, behavior, and taxonomy of birds from an evolutionary perspective, also factors influencing recent increase in their extinction risk. Species identification techniques (emphasis on the local avifauna) and methods of surveying avian populations.

Letter grade only (A-F). (Lecture 2 hrs., laboratory/field 3 hrs.) Course fee may be required.

531./431. Biology of Cancer (3) F,S

Prerequisites: BIOL 340, 370 with a grade of "C" or better. (Undergraduates enroll in BIOL 431, graduates enroll in BIOL 531.)

An examination of cancer, tumor progression, and treatment at the cellular, molecular, and genetic levels.

Letter grade only (A-F). (Lecture 3 hrs.)

532./432. Stem Cell Biology (3) S

Prerequisites: BIOL 433 or 533 with a grade of "C" or better. (Undergraduates enroll in BIOL 432; graduates enroll in BIOL 532.)

Current literature on advances in stem cell research, translational research, and clinical applications of stem cells to alleviate human disease.

Letter grade only (A-F). (Lecture 3 hrs.)

532L./432L. Advanced Stem Cell Laboratory (4) SS

Prerequisites: BIOL 432/532, 440L, 462/562, 473/573, 477/577, all with a grade of "C" or better, and permission of the director of the CSULB Biotechnology Certificate Program. (Undergraduates enroll in BIOL 432L; graduates enroll in BIOL 532L.)

Intensive laboratory, offered during a six-week summer session. Students learn basic and advanced stem cell culture techniques. The sixth week is 40 hours at the Children's Hospital of Orange County Research Institute (CHOC).

Letter grade only (A-F). (Lecture 1 hr., laboratory 9 hrs.)

533./433. Developmental Biology (3) F,S

Prerequisites: BIOL 340, 370, both with a grade of "C" or better. (Undergraduates enroll in BIOL 433; graduates enroll in BIOL 533.)

Experimental approaches to development in model organisms, mostly animal, at the molecular, genetic, cellular, and tissue levels. Topics include gametogenesis, fertilization, early cleavage, gastrulation, pattern formation, and organogenesis.

Letter grade only (A-F). (Lecture/discussion 3 hrs.)

540. Advanced Molecular Cell Biology and Physiology (3) F

Prerequisites: Graduate standing and consent of instructor.

In depth discussion of cellular processes and their regulation and how they relate to organismal physiology. Includes critical reading and discussion of primary journal articles on pertinent topics.

Letter grade only (A-F). (Lecture 3 hrs.)

542./442. Physiology at the Limit (3)

Prerequisites: BIOL 342 or 345 with a grade of "C" or better. (Undergraduates enroll in BIOL 442; graduates enroll in BIOL 542.)

Survey of physiological adaptations of animals in conditions of extreme performance and environmental limitations. Topics include individual and evolutionary responses to high-altitude, deep-sea diving, outer space and micro-gravity, exercise, flight, swimming, and extreme temperatures. Examples from vertebrates and invertebrates.

Letter grade only (A-F). (Lecture 3 hrs.)

543./443. Endocrinology (3) F,S

Prerequisites: BIOL 340 or CHEM 441B; CHEM 320A or 322A or 327; and one of BIOL 341, 342, 345, 445, 448; CHEM 441A or 448, all with a grade of "C" or better. (Undergraduates enroll in BIOL 443; graduates enroll in BIOL 543.)

Role of endocrines in vertebrate and invertebrate adjustment to changes in internal and external environment.

Letter grade only (A-F). (Lecture 3 hrs.)

544./444. Reproductive Biology (3) S

Prerequisite: BIOL 342 or 345 with a grade of "C" or better. (Undergraduates enroll in BIOL 444; graduates enroll in BIOL 544.)

Topics in comparative reproductive biology from molecular, cellular, organismal, and population levels. Hormones and reproduction, gamete/gonad biology, reproductive lifespan, mating system/strategies, environmental influence on reproductive capabilities, contraception/*in vitro* fertilization. Scientific communication discussed including scientific articles and scientific writing.

Letter grade only (A-F). (Lecture 3 hrs.)

545./445. Metabolic Regulation (3) F

Prerequisites: BIOL 340, 342 or 345; CHEM 441A with grade of "C" or better. (Undergraduates enroll in BIOL 445; graduates enroll in BIOL 545.)

Study of molecular mechanisms by which intermediary metabolism is regulated in various mammalian tissues with emphasis on mechanisms of hormone action and regulation of some key enzymes of carbohydrate, fat, and protein metabolism.

Letter grade only (A-F). (Lecture 3 hrs.)

547./447. Molecular Plant Physiology (3) S

Prerequisites: BIOL 340, 370, both with grade of "C" or better. (Undergraduates enroll in BIOL 447; graduates enroll in BIOL 547.)

Molecular approaches to classical topics including plant hormones, photosynthesis, resistance to plant pathogens, adaptation of plants to environmental stress, and development of plants.

Letter grade only (A-F). (Lecture 3 hrs.)

548./448. Principles of Neurobiology (3) F,S

Prerequisites: BIOL 340 or CHEM 441B and one of BIOL 341, 342, or 345 all with a grade of "C" or better. (Undergraduates enroll in BIOL 448; graduates enroll in BIOL 548.)

Study of the principles of anatomy, physiology, and function of the nervous system. Topics covered include neuroanatomy, physiology of neuronal signaling (excitable membranes and action potentials), synaptic transmission, neurotransmitters and their receptors, pain processing, special senses, reflexes, and neural circuits.

Letter grade only (A-F). (Lecture 3 hrs.)

549./449. Fish Physiology and Endocrinology (3)

Prerequisite: BIOL 345 with a grade of "C" or better. (Undergraduates enroll in BIOL 449; graduates enroll in BIOL 549.)

Fundamentals of physiological systems and strategies in fishes, with emphasis on endocrine regulatory mechanisms. Adaptations in endocrine physiology of fishes considered from evolutionary and ecological perspectives. Impacts of human activities, particularly in context of Southern California's marine environment addressed.

Letter grade only (A-F). (Lecture 3 hrs.)

550./450. Plant Ecology (3) S, even years

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. Recommended: BIOL 427, 447. (Undergraduates enroll in BIOL 450; graduates enroll in BIOL 550.)

Relationship of plants to their environment and principles of plant distribution.

Letter grade only (A-F) (Lecture 2 hrs., laboratory and field 3 hrs.)
Course fee may be required.

551./451. Wetlands and Mangrove Ecology (3) S, odd years

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. (Undergraduates enroll in BIOL 451; graduates enroll in BIOL 551.)

A comprehensive look at wetland ecology and management. Focuses on physical, biogeochemical, and ecological aspects of major wetland ecosystems with an emphasis on local urban wetlands. Also includes wetland management concepts and approaches worldwide.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

552./452. Behavioral Ecology (3)

Prerequisites: BIOL 211, 212, 213, 260 all with a grade of "C" or better. Pre- or Corequisite: BIOL 312 or 350. (Undergraduates enroll in BIOL 452; graduates enroll in BIOL 552.)

Primary objectives are to understand how animal behavior affects survival and reproduction and introduce students to current methodologies to study behavior of animals in lab and field conditions. Emphasizes ecological and evolutionary consequences of behavior across taxa.

Letter grade only (A-F). (Lecture 2 hrs., laboratory/field 3 hrs.)

553./453. Insect Ecology (3) F, even years

Prerequisites: BIOL 350 with a grade of "C" or better. (Undergraduates enroll in BIOL 453; graduates enroll in BIOL 553.)

Field and experimental studies of abundance, dispersal, distribution, and behavior of insects.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

554A./454A. Research in Tropical Marine Ecology (3) S, even years

Prerequisites: BIOL 260, either BIOL350 or 353, and BIOL 313 or 419 or 425, all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 454A; graduates enroll in BIOL 554A.)

Field and laboratory studies, lectures, and individual research on tropical marine biological problems. Designed to engage students in experimental research, including: recognizing a problem, designing and carrying out a project, statistical data analysis, and oral and written report presentation.

Eight-day field trip to Hawaii required during spring recess at student expense. Enrollment is limited. Letter grade only (A-F). (Lecture 2 hrs., 8 day field trip.)

Biology Courses (BIOL)

554B./454B. Research in Tropical Terrestrial Ecology (3) S, odd years

Prerequisites: BIOL 350; one of BIOL 316, 324, 421, 424, 427, or 439, all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 454B; graduates enroll in BIOL 554B.)

Field-based comparison of tropical lowland deciduous forest and lowland rainforest incorporating basic ecology methodology. Forest structure and diversity of animals emphasized. Students maintain field notebook, submit final paper, and give oral presentation.

Nine-day fieldtrip to Costa Rica required during spring recess at student expense. Enrollment is limited. Letter grade only (A-F). Course fee may be required. (Lecture 2 hr., 9 day field trip.)

555./455. Ecology of Marine Communities (3) F, even years

Prerequisites: BIOL 260, 350, 353 all with a grade of "C" or better. (Undergraduates enroll in BIOL 455; graduates enroll in BIOL 555.)

Field studies on ecological principles related to marine communities discussed. Includes individual field research project and two class projects.

Letter grade only (A-F). (Lecture 2 hrs., field 3 hrs.)

556./456. Population Ecology (3)

Prerequisites: BIOL 350; MATH 119B or 123; all with a grade of "C" or better. (Undergraduates enroll in BIOL 456; graduates enroll in BIOL 556.)

Analysis of animal and plant populations characteristics: population growth and regulation, fluctuation and regulation, competition, predation, parasitism, and other intraspecific and interspecific interactions; spatial patterns.

Letter grade only (A-F). (Lecture 3 hrs.)

557./457. Field Methods in Ecology (3)

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. (Undergraduates enroll in BIOL 457; graduates enroll in BIOL 557.)

Design of field research projects, collection, and data analysis, report writings and presentations. Field sampling techniques emphasized. Five weekend fieldtrips required.

Letter grade only (A-F). (Lecture 2 hrs., laboratory and field 3 hrs.)

559./459. Conservation Biology (3) F

Prerequisite: BIOL 260, 350 both with a grade of "C" or better. Recommended: BIOL 370. (Undergraduates enroll in BIOL 459; graduates enroll in BIOL 559.)

Conservation biology concepts including population dynamics, extinction processes, population viability analyses, metapopulations, community-level interactions, island biogeography, biological diversity patterns, habitat fragmentation, reserve design, and landscape-level conservation. Lecture includes group discussions of relevant primary literature.

Letter grade only (A-F). (Lecture 3 hrs., two weekend field trips may be required.)

562./462. Bioethics and Public Policy (3) S

Prerequisites: BIOL 340 with a grade of "C" or better. (Undergraduates enroll in BIOL 462; graduates enroll in BIOL 562.)

History of bioethics, scientific and medical bases of key bioethical issues, current legislation and appropriations, including legal, social, and ethical implications of stem cell research and other biotechnological advances.

Letter grade only (A-F). (Lecture 3 hrs.)

563./463. Computer Modelling in Biology (4)

Prerequisites: BIOL 260, 350 both with a grade of "C" or better. (Undergraduates enroll in BIOL 463; graduates enroll in BIOL 563.)

History, modeling theory, different modeling approaches,

theoretical, empirical and quantitative modeling. Laboratory uses modeling software and focuses on model construction and quantitative simulation. Applicable to ecology, microbiology, physiology, environmental sciences, etc.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

564./464. Aquatic Toxicology (3)

Prerequisites: BIOL 211, 212, 213, 340; CHEM 320A or 322A or 327, all with a grade of "C" or better. Recommended: BIOL 353 and CHEM 448 or 441A,B. (Undergraduates enroll in BIOL 464; graduates enroll in BIOL 564.)

In depth study of interactions between anthropogenic chemicals and aquatic ecosystems, including origin, fate, chemical and biological detection, and quantification of pollutants and impact at molecular, biochemical, cellular, physiological, organismal, and community levels of organization. Individual research project required.

Letter grade only (A-F). (Lecture 3 hrs.)

565./465. Experimental Design and Regression Analysis (4) F, even years

Prerequisites: BIOL 260; MATH 119B or 123; six units of upper division biological science all with a grade of "C" or better. (Undergraduates enroll in BIOL 465; graduates enroll in BIOL 565.)

Experimental design and data analysis techniques applied to problems in biology including analysis of variance and covariance, bivariate and multiple regression, experimental design, bootstrapping and randomization tests, and nonparametric statistics. Experience in analyzing biological data using computerized statistical packages.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

567./467. Multivariate Data Analysis (4) F, odd years

Prerequisites: BIOL 260; MATH 119B or 123; six units of upper division biological science all with a grade of "C" or better. (Undergraduates enroll in BIOL 467; graduates enroll in BIOL 567.)

Multivariate data analysis techniques applied to biological data. Applied matrix algebra for analyzing and understanding multivariate analysis. Includes principal components analysis, factor analysis, discriminant analysis, cluster analysis and current modern phylogenetic analysis techniques. Analyzing multivariate biological data using computerized statistical packages.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

570. Advanced Genetics (3) S

Prerequisites: Graduate standing and consent of instructor.

In depth discussion of various advanced topics in genetics, which may include population genetics, molecular phylogeny, and microbial genetics. Includes critical reading and discussion of primary journal articles on pertinent topics.

Letter grade only (A-F). (Lecture 3 hrs.)

572./472. Molecular Evolution (3)

Prerequisite: BIOL 370 with a grade of "C" or better. Recommended: BIOL 312. (Undergraduates enroll in BIOL 472; graduates enroll in BIOL 572.)

Survey of molecular evolution including but not limited to the history of the field, protein and DNA evolution, neutral and nearly-neutral theory, molecular phylogenetics, molecular population genetics and DNA fingerprinting, genomics, and proteomics. Applicable to ecological, evolutionary, medical, forensic sciences.

Letter grade only (A-F). (Lecture 3 hrs.)

573./473. Molecular Genetics (3) S

Prerequisites: BIOL 370 or MICR 371; CHEM 320A,B or 322A,B and 323A,B, or 327, all with a grade of "C" or better. (Undergraduates enroll in BIOL 473; graduates enroll in BIOL 573.)

Contemporary molecular genetic analysis of model organisms (mouse, worm, flies, yeasts) used in study of human disease, basic biological processes, gene regulation, and global analysis of genomes and proteomes.

Letter grade only (A-F). (Lecture 3 hrs.)

577./477. Biotechnology: Applications of Molecular Techniques and Bioinformatics (4) F

Prerequisite: BIOL 340 or 370 or CHEM 441A,B; all with a grade of "C" or better. (Undergraduates enroll in BIOL 477; graduates enroll in BIOL 577.)

Theory and techniques for isolating, amplifying, and analyzing genes, genomes, transcripts, and proteins. Data-mining, the use of computers in experimental design and/or functional analysis, use of microarrays, and future of nanotechnology.

Letter grade only (A-F). Same course as MICR 577./477. Not open for credit to student with credit in MICR 577./477. (Lecture 3 hrs., activity 2 hrs.)

580./480. Seminars (1) F,S

Prerequisites: Consent of department. Undergraduates must have filed for graduation and be in ultimate or penultimate semester. Graduates must have been admitted to the department as a graduate student. (Undergraduates enroll in BIOL 480; graduates enroll in BIOL 580.)

Weekly meetings with professional biologists presenting results of their research. Requires participation in organization and critical evaluation of these presentations.

May not be repeated for credit towards any single degree. Letter grade only (A-F) (Seminar 1 hr.)

590./490. Special Topics in Biology (1-3)

Prerequisites: BIOL 211, 212, 2213 all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 490; graduates enroll in BIOL 590.)

Topics from selected areas of biology. Course content varies from section to section. Topics announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 1-3 hrs.)

590L./490L. Special Topics Laboratory in Biology (1-2)

Prerequisites: BIOL 211, 212, 213 all with a grade of "C" or better, and consent of instructor. (Undergraduates enroll in BIOL 490L; graduates enroll in BIOL 590L.)

Topics from selected areas of biology. Course content varies from section to section.

May be repeated to a maximum of 4 units with different topics. Topics announced in the *Schedule of Classes*. Letter grade only (A-F). (Laboratory 3 or 6 hrs.)

592A./492A. Stem Cell Research Internship (12) F,S

Prerequisites: BIOL 432/532, 432L/532L, 440L, 462/562, 473/573, 477/577, all with a grade of "C" or better, and permission of the director of the CSULB Biotechnology Certificate Program, and acceptance in the Stem Cell Training Option within the Biotechnology Certificate. (Undergraduates enroll in BIOL 492A; graduates enroll in BIOL 592A.)

CIRM-approved institutions train interns in their stem cell research laboratories. Must be repeated once for credit.

Credit/No Credit grading only. (Laboratory 36 hrs.)

661. Seminar in Biology (2)

Critical evaluation of field's primary literature, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F). (Seminar, 2 hrs.)

663. Seminar in Cell and Molecular Biology (2)

Critical evaluation of field's primary literature, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F) (Seminar 2 hrs.)

664. Seminar in Marine Biology (2)

Critical evaluation of field's primary literature, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F) (Seminar 2 hrs.)

665. Seminar in Ecology (2)

Critical evaluation of field's primary literature, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F) (Seminar 2 hrs.)

666. Seminar in Physiology (2)

Critical evaluation of field's primary literature, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F) (Seminar 2 hrs.)

696A. Research Design (2)

Prerequisites: Graduate standing in the Department of Biological Sciences and departmental permission.

Research design, statistics, literature searches, and thesis proposal writing, utilizing tools to initiate research projects. Laboratory utilizes computers for literature searches, sample size determination, data processing, statistical analyses, and bioinformatics. Required for all first/second semester graduate students.

Letter grade only (A-F). (Lecture 1 hr., laboratory 3 hrs.)

696B. Scientific Communication (2)

Prerequisite: BIOL 696A with a grade of "B" or better.

Presentation/publication skills for communicating biological research to professional and lay audiences: scientific writing, data presentation (posters and oral).

Letter grade only (A-F). (Lecture 1 hr., laboratory 3 hrs.) Course fee may be required.

697. Directed Research (1-3) F,S

Prerequisite: Consent of instructor.

Research on specific topic approved and directed by a faculty member in the biological sciences. Written report required.

May be repeated for a letter grade and degree credit to a maximum of three units. Any units beyond the three taken for a letter grade in BIOL 697 or MICR 697 or any combination of the two must be taken credit/no credit.

698. Thesis (1-6) F,S

Prerequisites: Advancement to Candidacy for the Master of Science in Biology, and consent of the chair of the thesis committee and the departmental graduate advisor.

Planning, preparation, writing, defense, oral presentation, and completion of a research thesis in the biological sciences.

Letter grade only (A-F).

Microbiology Courses (MICR)

Students pursuing a major and/or a minor in this department may receive unit credit for courses marked with the symbol '##' as a general elective but may not apply the units toward the specific or elective requirements for any degree or option in this department. Majors in this Department may, however, take, for general education purposes, interdisciplinary courses offered by this department. All other courses in this department are open to majors and minors but by letter grade only.

LOWER DIVISION

101. ## Introduction to Human Disease (3) F, S

Prerequisite/Corequisite: Course that fulfills the A.1 GE requirement.

Introduction to the study of human disease including moral/ethical and economic issues.

(Lecture 3 hrs.)

Microbiology Courses (MICR)

200. General Microbiology for Health Professionals (4) F, S

Prerequisites: CHEM 111A or 140 with a grade of "C" or better and completion of GE Foundation requirements.

Microbiology for those planning careers in nursing, health care and education, and foods and nutrition. Introduction to microorganisms, including structure, function, metabolism, growth, genetics, diversity, and applied aspects. Special emphasis on human health.

Not open for credit to majors in the biological sciences. (Lecture 2 hrs., laboratory 6 hrs.) Course fee may be required.

211. General Microbiology (5) F,S

Prerequisites: BIOL 211, 212; CHEM 111B, all with a grade of "C" or better.

Introduction to biology of microorganisms, including structure, function, metabolism, growth, genetics, diversity, host-parasite relationships, and applied aspects.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 6 hrs.) Course fee may be required.

296. Introduction to Undergraduate Directed Research (1) F,S

Prerequisites: Consent of instructor.

Introduction to research in microbiology approved and directed by a faculty member in the Department of Biological Sciences. Designed primarily to introduce lower division students to research before taking MICR/BIOL 496.

May be repeated to a maximum of 3 units in different semesters. Same course as BIOL 296. Students who have completed one or more units of MICR/BIOL 496 may not enroll in this course.

Credit/No Credit only. (Conference 1 hr., laboratory 3 hrs.)

UPPER DIVISION

300I. ## Human Immunology: In Self-Defense (3) F

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing; one laboratory course in a life science. Introductory psychology and a laboratory course in a physical science recommended.

Mechanisms and cells responsible for protecting human body from disease. Normal functions of immune system, diseases involving immune system, and psychological, endocrine and age factors affecting immune system included. Impact of immunology or organ transplantation, immunotherapy, and biotechnology discussed.

Not applicable for credit toward the major in Microbiology. (Lecture 3 hrs.)

320. Bacterial Pathogenesis (3) F,S

Prerequisite: MICR 211 with a grade of "C" or better.

Nature of host-pathogen interactions in health and disease. Emphasis upon pathogenic bacteria of humans and animals; topics include bacterial ultrastructure, epidemiology, and mechanisms of pathogenesis, host defense mechanisms, and antibiotic therapy.

Letter grade only (A-F). (Lecture 3 hrs.) Course fee may be required.

320L. Bacterial Pathogenesis Laboratory (2) F,S

Prerequisite or corequisite: MICR 320 with a grade of "C" or better.

Experiments using modern and classical techniques for the isolation, identification, and characterization of pathogenic bacteria. Molecular mechanisms of bacterial virulence are emphasized. Techniques used include PCR, SDS-PAGE, serotyping, and immunofluorescence microscopy.

Letter grade only (A-F). (Laboratory 6 hrs.)

322. Mycology/Parasitology (5) F,S

Prerequisites: BIOL 211, 212; MICR 320, all with a grade of "C" or better.

Second of a two-semester sequence (MICR 320/322) in medical microbiology for majors. Survey of parasitic protozoa, helminthes, and fungi of humans; emphasis on identification of fresh and preserved specimens, pathogenesis, host-parasite interactions, epidemiology, prevention, and control.

Letter grade only (A-F). (Lecture 3 hrs., laboratory 6 hrs.) Course fee may be required.

325. Emerging Infectious Diseases (3)

Prerequisites: MICR 211 with a grade of "C" or better and consent of instructor.

Explores changes in technology, infectious disease organisms and other factors contributing to emerging and re-emerging infectious diseases, including immunodeficiency, antibiotic and insecticide abuses, climate change, travel and commerce, human demographic and behavioral changes, land use, and breakdown of public health.

Letter grade only (A-F). (Lecture 3 hrs.)

355. Microbial Ecology (3) S

Prerequisites: MICR 211 or BIOL 211, 212, 213 all with a grade of "C" or better.

Explores relationships of microorganisms to their environment. Emphasis placed on ecological basis for diversity of prokaryotic forms, metabolic functions and community interactions.

Not open for credit to students with credit in BIOL 355. Letter grade only (A-F). Same course as BIOL 355. (Lecture 3 hrs.)

355L. Microbial Ecology Laboratory (1) S

Prerequisite: MICR 355 or BIOL 355 with a grade of "C" or better.

Provides an understanding of microbes in the environment. Sample and analyze microbes from field trips to different habitats. Analytical techniques learned include enrichment culture methods and modern molecular biology methods to study the diversity and community dynamics of microbes.

Not open for credit to students with credit in BIOL 355L. Letter grade only (A-F). Course fee may be required. Same course as BIOL 355L. (Laboratory 3 hrs.)

371. Microbial Genetics (3) F

Prerequisite: MICR 211 with a grade of "C" or better.

Genetic analysis of biological processes in microbes. Includes gene structure, regulation, and function; isolation/analysis of mutations in haploid/diploid organisms; gene function from mutants; genetic exchange; regulation of host-pathogen interactions; bacteriophages; cloned genes; and genomics.

Letter grade only (A-F). (Lecture 3 hrs.)

372. Methods in Microbial Genetics (2) F

Prerequisite: MICR 211 with a grade of "C" or better. Recommended: MICR 371.

Laboratory study of microbial genetics, using classical (non-molecular) and contemporary (molecular) approaches. Includes genetic engineering techniques; microbial genomics.

Not open for credit to students with credit in MICR 451. Letter grade only (A-F). (Laboratory 6 hrs.) Course fee may be required.

415/515. Marine Microbiology (3) F, odd years

Prerequisite: MICR 355 or BIOL 355 or BIOL 353 with a grade of "C" or better. (Undergraduates enroll in MICR 415; graduates enroll in MICR 515.)

Designed to familiarize microbiology and marine biology students with the role of microorganisms in the marine environment. Topics will include ecology, physiology, biogeochemistry, and diversity of marine microbes. Laboratory/field component will emphasize examination and cultivation of local marine microbes.

Not open for credit to students with credit in BIOL 415. Letter grade only (A-F). Course fee may be required. Same course as BIOL 415. (Lecture 2 hrs., laboratory and field 3 hrs., weekend field trip may be required.)

416./516. Virology (3) F,S

Prerequisite: MICR 320 or BIOL 340 with a grade of "C" or better. (Undergraduates enroll in MICR 416; graduates enroll in MICR 516.)

Virology at molecular level including viral replication and molecular basis for viral pathogenesis; survey of human, animal, and plant viral diseases. Current trends for prevention and treatment of viral diseases.

Letter grade only (A-F). Same course as BIOL 516. Not open for credit to students with credit in BIOL 516. (Lecture 3 hrs.)

423./523. Hematology (4) F

Prerequisite: BIOL 340 with a grade of "C" or better. (Undergraduates enroll in MICR 423; graduates enroll in MICR 523.)

Study of blood and coagulation system. Normal cell structure and function and physiological and morphological changes in inflammation, leukemias, and anemias discussed. Clinical, diagnostic, and research techniques for observing blood and pathological case-studies included.

Useful for student interested in medical professions. Required for clinical laboratory science (medical technology) internship. Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

429./529. Epidemiology of Infectious Diseases (3)

Prerequisites: BIOL 260; MICR 320, 322; all of a grade of "C" or better. (Undergraduates enroll in MICR 429; graduates enroll in MICR 529.)

Principles of epidemiology and application to health; fundamentals of biomedical statistics; basic factors in classic epidemiological studies and prevention and control of infectious diseases.

Letter grade only (A-F). (Lecture 3 hrs.)

430. Immunology (3) F,S

Prerequisite: BIOL 340 with a grade of "C" or better.

Study of cellular and molecular components of immune system, including how immune system recognizes pathogens, how it functions in various types of immune responses, mechanisms of vaccines, immunodeficiencies, transplantation, allergy, and autoimmunity.

Not open for credit to students with credit in BIOL 430. Letter grade only (A-F). Same course as BIOL 430. (Lecture 3 hrs.)

430L. Immunology Laboratory (2)

Prerequisite: BIOL 340 with a grade of "C" or better. Prerequisite/Corequisite: MICR 430.

Modern and classical techniques in cellular and molecular immunology. Experimental techniques have broader applications to other fields and include mammalian cell culture, antibody purification, SDS-PAGE, western blots, and assays of apoptosis, cell proliferation, cellular activation, and antibody-antigen interactions.

Letter grade only (A-F). (Laboratory 6 hrs.) Course fee may be required.

471./571. Bacterial Physiology (3) S

Prerequisites: MICR 320, CHEM 441A; both with a grade of "C" or better. (Undergraduates enroll in MICR 471; graduates enroll in MICR 571.)

Cellular physiology at molecular level as related to bacterial growth, reproduction, nutrition, metabolism, and ecology.

Letter grade only (A-F). (Lecture 3 hrs.)

473. Food and Industrial Microbiology (3) F

Prerequisites: MICR 200 or 211; CHEM 441A or 448; both with a grade of "C" or better.

Role of microorganisms in food and other industrial processes; emphasis on bacteria, yeasts and molds.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 3 hrs.) Course fee may be required.

477./577. Biotechnology: Applications of Molecular Techniques and Bioinformatics (4) F

Prerequisite: BIOL 340 or 370 or CHEM 441A,B; all with a grade of "C" or better. (Undergraduates enroll in MICR 477; graduates enroll in MICR 577.)

Theory and techniques for isolating, amplifying, and analyzing genes, genomes, transcripts, and proteins. Data-mining, the use of computers in experimental design and/or functional analysis, use of microarrays, and future of nanotechnology.

Letter grade only (A-F). (Lecture 3 hrs., activity 2 hrs.)

490./590. Special Topics in Microbiology (1-3)

Prerequisites: MICR 211 with grade of "C" or better, and consent of instructor. (Undergraduates enroll in MICR 490; graduates enroll in MICR 590.)

Topics from selected areas of microbiology. Course content will vary from section to section. Topics announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 1-3 hrs.)

495. Instruction in Laboratory Teaching (1-2) F,S

Prerequisites: Consent of instructor, an "A" in the course in which the student elects to do MICR 495 (another course with laboratory may be substituted with consent of instructor), and an overall GPA of at least 3.0.

Individual instruction in organization and techniques of teaching a microbiology laboratory.

Not open for credit to students with credit in BIOL 495. May be repeated to a maximum of 2 units in different semesters. Any units beyond the two taken for a letter grade in BIOL 495 or MICR 495 or any combination of the two will be taken credit/no credit. Same course as BIOL 495. (Conference 1 hr., laboratory 3 hrs. per unit.)

496. Undergraduate Directed Research (1-3) F,S

Prerequisites: BIOL 211, 212; either BIOL 213 or MICR 211 or BIOL 296 or MICR 296; consent of instructor; and consent of appropriate undergraduate advisor.

Research in a specific topic in biological sciences approved and directed by a faculty member in Department of Biological Sciences.

Not open for credit to student with credit in BIOL 496. May be repeated for a letter grade and degree credit to a maximum of three units for any single degree or option. Units beyond the three taken for a letter grade in MICR 496 or BIOL 496, or any combination of the two, will be taken credit/no credit. Same course as BIOL 496. Students may only have a total of 3 units of BIOL 496 and MICR 496 combined. Not available to graduate students.

GRADUATE LEVEL

515./415. Marine Microbiology (3) F, odd years

Prerequisite: MICR 355 or BIOL 355 or BIOL 353 with a grade of "C" or better. (Undergraduates enroll in MICR 415; graduates enroll in MICR 515.)

Designed to familiarize microbiology and marine biology students with the role of microorganisms in the marine environment. Topics will include ecology, physiology, biogeochemistry, and diversity of marine microbes. Laboratory/field component will emphasize examination and cultivation of local marine microbes.

Not open for credit to student with credit in BIOL 415. Letter grade only (A-F). Course fee may be required. Same course as BIOL 515. (Lecture 2 hrs., laboratory and field 3 hrs., weekend field trip may be required.)

516./416. Virology (3) F,S

Prerequisite: MICR 320 or BIOL 340 with a grade of "C" or better. (Undergraduates enroll in MICR 416; graduates enroll in MICR 516.)

Virology at molecular level including viral replication and molecular basis for viral pathogenesis; survey of human, animal, and plant viral diseases. Current trends for prevention and treatment of viral diseases.

Letter grade only (A-F). (Lecture 3 hrs.)

Microbiology Courses (MICR)

523./423. Hematology (4) F

Prerequisite: BIOL 340 with a grade of "C" or better. (Undergraduates enroll in MICR 423; graduates enroll in MICR 523.)

Study of blood and coagulation system. Normal cell structure and function and physiological and morphological changes in inflammation, leukemias, and anemias discussed. Clinical, diagnostic, and research techniques for observing blood and pathologic case-studies included.

Useful for student interested in medical professions. Required for clinical laboratory science (medical technology) internship. Letter grade only (A-F). (Lecture 3 hrs., laboratory 3 hrs.)

529./429. Epidemiology of Infectious Diseases (3)

Prerequisites: BIOL 260; MICR 320, 322; all of a grade of "C" or better. (Undergraduates enroll in MICR 429; graduates enroll in MICR 529.)

Principles of epidemiology and application to health; fundamentals of biomedical statistics; basic factors in classic epidemiological studies and prevention and control of infectious diseases.

Letter grade only (A-F). (Lecture 3 hrs.)

571./471. Bacterial Physiology (3)

Prerequisites: MICR 320, CHEM 441A; both with a grade of "C" or better. (Undergraduates enroll in MICR 471; graduates enroll in MICR 571.)

Cellular physiology at molecular level as related to bacterial growth, reproduction, nutrition, metabolism, and ecology.

Letter grade only (A-F). (Lecture 3 hrs.)

577./477. Biotechnology: Applications of Molecular Techniques and Bioinformatics (4) F

Prerequisite: BIOL 340 or 370 or CHEM 441A,B; all with a grade of "C" or better. (Undergraduates enroll in MICR 477; graduates enroll in MICR 577.)

Theory and techniques for isolating, amplifying, and analyzing genes, genomes, transcripts, and proteins. Data-mining, the use of computers in experimental design and/or functional analysis, use of microarrays, and future of nanotechnology.

Letter grade only (A-F). (Lecture 3 hrs., activity 2 hrs.)

590./490. Special Topics in Microbiology (1-3)

Prerequisites: MICR 211 with grade of "C" or better, and consent of instructor. (Undergraduates enroll in MICR 490; graduates enroll in MICR 590.)

Topics from selected areas of microbiology. Course content will vary from section to section. Topics announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 1-3 hrs.)

661. Seminar in Microbiology (2)

Prerequisite: Consent of instructor.

Critical evaluation of literature in this field, including oral and/or written presentation of critiques.

May be repeated to a maximum of 4 units with different topics. Letter grade only (A-F) (Seminar 2 hours)

697. Directed Research (1-3) F,S

Prerequisite: Consent of instructor.

Research on specific topic approved and directed by faculty member in the biological sciences. Written report required.

May be repeated for a letter grade and degree credit to a maximum of three units. Any units beyond the three taken for a letter grade in BIOL 697 or MICR 697 or any combination of the two must be taken credit/no credit.

698. Thesis (1-6) F,S

Prerequisites: Advancement to Candidacy for the Master of Science in Microbiology, consent of the chair of the thesis committee and the departmental graduate advisor.

Planning, preparation, writing, defense, oral presentation, and completion of a research thesis in the biological sciences.

Letter grade only (A-F).

BUSINESS ADMINISTRATION, COLLEGE OF

Dean: Michael E. Solt

Executive Assistant to the Dean: Margaret Williams
(562) 985-5307

Associate Dean for Administration: Omer S. Benli

Associate Dean for Accreditation: Mary Celsi

College Office: College of Business Administration - 200

Telephone: (562) 985-5306, FAX: (562) 985-5742

Student Services: Jeane Caveness, Assistant Dean of Students
(562) 985-5297

Graduate Programs and Executive Education:

David Horne, Director (562) 985-4776

Departments

Accountancy: Steve Fisher, Chair (562) 985-4653

Finance: Hamdi Bilici, Chair (562) 985-4569

Human Resources Management and Management:
Roger Stanton, Chair (562) 985-4753

Information Systems: C. Sophie Lee, Chair (562) 985-1940

Marketing: Ingrid Martin, Chair (562) 985-4767

International Business Program: Terrence H. Witkowski, Director
(562) 985-4766

Programs at a Glance

Bachelor of Science in Business Administration

Options in: Accountancy; Finance; Human Resources
Management; International Business; Management;
Management Information Systems; Marketing;
Operations Management

Minors in Business Administration

Management Information Systems, Human Resources
Management, Marketing, Entrepreneurship.

Master of Business Administration

Specialization in: Finance, Health Care Management,
Human Resources Management, Information Systems,
Management, Marketing

Accreditation

Undergraduate and graduate programs are nationally accredited by the Association to Advance Collegiate Schools of Business (AACSB International), 777 South Harbour Island Blvd., Suite 750, Tampa, FL 33602-5730, phone: (813) 769-6500.

Academic Advising

The College of Business Administration maintains an advising and admissions office for undergraduate students in CBA 105, 562-985-4514, and an office for graduate students in CBA 363. Advisors are available in these offices throughout the semester to assist students with admission, registration, and degree requirement information.

Student Center for Professional Development

The Student Center for Professional Development (SCPD) provides resources and coordinates multiple programs, events, workshops, and community service activities to support student learning. SCPD also

encourages students to become involved with a business student organization to assist them in connecting to college resources and networking opportunities.

For more information on SCPD programs, services and resources please contact SCPD at (562) 985-2265 or www.csulb.edu/college/cba/scpd or scpd@csulb.edu

The Business Excellence Certificate (BEC) Program is a curriculum-based professional development certificate program. It aims to increase professional competencies and personal effectiveness of CBA students.

The City Leadership Program is a curriculum-based program that highlights and explores the economic, political, community, and governmental resources and organizations within the City of Long Beach.

The Community College Mentoring Program (CCMP), CSULB business students help motivate and guide a group of first year Cerritos College students to succeed at the community college level and to transfer into a four-year university.

The Corporate Mentoring Program is a year-long structured mentoring program that pairs junior and senior business students with corporate professionals.

The Community Scholars Program, CSULB business students help motivate and guide a group of Jordan High School sophomore students to succeed in high school and pursue higher education.

The Emerging Leaders Program is a fall semester program for new CSULB pre-business first-year students and transfer students which introduce these students to SCPD programs and to campus resources and services.

Financial Assistance

Financial assistance is provided to business students through the University Financial Aid Office. That office administers funds made available through the federal and state governments and through certain private sources. Awards are made to students who demonstrate a need for assistance with educational expenses.

Achievement Awards

Additional information about the following awards and their requirements can be obtained from Margaret Williams, Executive Assistant to the Dean at (562) 985-5307.

Beta Gamma Sigma Outstanding Student in Business applications are usually due April 1. The award is present in early May at the annual Beta Gamma Sigma Installation and Banquet. Further information can be obtained from the Beta Gamma Sigma faculty advisor, Professor Jasmine Yur-Austin.

Applications for Outstanding Undergraduate are usually due in early to mid-January. Each department may select up to three Outstanding Graduates. From among the chosen Outstanding Undergraduates, the Dean of the College selects the Dean's Medalist. These awards are reserved for graduating seniors and require a minimum GPA along with other considerations for applicants.

The Wall Street Journal award is based upon the highest GPA of a graduating senior. The Gary B. Klein Scholarship award is reserved for Marketing majors and is selected from among graduating seniors. The Delta Sigma Pi Scholarship Key winner is selected from among those graduating seniors with the highest GPA.

Student Organizations

The following organizations are available for business students: American Marketing Association, Beta Alpha Psi/Accounting Society, Black Business Students Association, Delta Sigma Pi, Financial Management Association, Hispanic Students Business Association, Human Resources Management Association, Information Systems Students Association, International Business Association, MBA Association, Society for the Advancement of Management, and Law Society. Student organizations typically host professionals representing business and industry at weekly meetings and also sponsor a variety of social, recreational and community service events.

The Associated Business Students Organization Council (ABSOC) is the coordinating council for all business student organizations. ABSOC and the Associated Students co-sponsor the annual "Meet the Industries Expo." This annual spring event includes morning professional workshops and an afternoon career expo which draws over 40 companies and several hundred students. Other programs each semester include a business student organizations' fair, and the student-faculty-staff mixer. ABSOC also co-sponsors the annual "Ethics at the Beach" seminar with the Ukleja Center for Ethical Leadership.

Beta Gamma Sigma, founded at the University of Wisconsin in 1907 as a business honor society, is the only honor society recognized by the AACSB - International. Membership is available to business students at California State University, Long Beach only because the College of Business Administration is accredited by AACSB.

Election to membership in Beta Gamma Sigma is the highest scholastic honor that a student in business administration can attain. To be eligible for membership at CSULB students must rank in the upper three percent of their junior class or the upper seven percent of their senior class, or rank in the upper ten percent of those receiving masters degrees in business administration.

Computer and Information Technology

Students in the degree program develop basic understandings and competencies relating to information processing, the application of computers in business and government, management information systems concepts, and computer programming. A computer laboratory facility is maintained within the College to provide computer access for business students.

General Policies and Regulations

Specific University and College requirements are detailed in various sections of this *Catalog*. Every student must develop complete familiarity and understanding of the regulations and requirements by which successful completion of a program will be determined. (Also see pertinent section regarding University General Regulations and Procedures).

Admission Under Impaction

Freshman applicants to the Bachelor of Science in Business Administration will be placed in the pre-major code for Business Administration. Transfer applicants must apply to the University during the initial filing period of October and November for the following fall semester or August for the following spring semester. They must indicate their choice of major on the application.

Continuing students seeking admission to the upper-division major in Business Administration must submit a supplemental application to the College of Business Administration Advising Center (CBA, Room 105). Whereas there is no specific deadline for filing, it usually takes a minimum of two weeks to complete the application process. Therefore, students should file their applications no later than two weeks before their next Early Registration access date.

Applicants must be able to demonstrate that they will meet the following requirements for admission prior to the semester for which the application is submitted.

To be eligible for admission to the majors in Business Administration, applicants must have met requirements for admission to the university as a freshman or transfer student. Applicants must have completed 60 units applicable toward a CSULB degree prior to the term for which the application is submitted. The number of applicants who can be admitted is limited by space availability. Eligible applicants will be selected for admission based on cumulative grade point average.

Special Enrollment Status

Enrollment through Open University (College of Continuing and Professional Education) is allowed only on a space available basis which is determined by the type of course and teaching method as well as classroom capacities. The student must otherwise be qualified.

CBA Policy on Course Transfers/Substitutions

The College of Business Administration has a strict policy on course transfers/substitutions. This is necessary to preserve the academic integrity of programs and to meet accreditation standards. The transfer/substitution policy has two separate components: prior to matriculation at CSULB and post matriculation at CSULB.

Prior to Matriculation at CSULB

Students may petition for credit courses completed at another recognized institution prior to matriculation at CSULB.

Lower division courses (with a grade of "C" or better) are transferred with the approval of the appropriate department chair and associate dean.

Post Matriculation at CSULB

Students may not transfer for credit any upper division major courses taken at another school concurrently with or subsequent to their matriculation at CSULB. Exceptions are approved with verifiable proof and genuine needs according to the following requirements:

1. approvals must be secured prior to enrolling in courses in another institution;
2. no more than two courses may be transferred or substituted;

3. a grade of "B" or better is necessary for course transfers/substitutions.

Departments have the discretion to be more stringent with regard to these requirements. Students participating in Study Abroad Programs are exempt from rule #2.

Grading Policy

Business majors and minors may not exercise a Credit/No-Credit grading option for courses required by the College of Business Administration in their program. No course taken for Credit/No-Credit grading will be accepted to fulfill a Business requirement. Enrollment in a business course as an auditor is not permitted.

Undergraduate Programs

Honors in Business

The College of Business Administration at CSULB, offers the opportunity for a selected group of outstanding students to participate in the CBA Honors Program. This enriched, more demanding program gives students an opportunity to enroll in special 'Honors Seminars' composed of a small number of the CBA's most outstanding students that are taught by a select group of the College's faculty. In addition, students complete a senior project (much like an honors thesis), the topic of which is based on the individual student's interests and skills. Thus, the Honors Program offered by the CBA (CBAHP) is intended to be intellectually rewarding, and to provide a valuable experience that enhances students' future careers. Special focus is on those students who wish to pursue an advanced degree and career in academia.

The program is designed as a 3-semester program, usually beginning in the summer semester before the senior year. The program is also open to motivated juniors. Typically, CBAHP students take a preliminary honors seminar the first semester, and progress to advanced honors seminars and their senior project the following academic year.

Admission

Admission is limited to approximately 20 students per year, but may increase depending on demand and college resources. Applicants are selected for their promise as interesting and creative individuals, not simply on the basis of grades or test scores.

Admission Requirements

Each applicant must meet the following basic requirements:

1. A minimum 3.5 cumulative GPA in all college and university courses, and a minimum of 3.5 GPA in the major. Students with a 3.2 – 3.49 may be admitted if they are nominated by two tenured faculty members of the CBA. A maximum of 10% of the students in the program will be admitted by nomination.
2. A minimum score of 14 on the Writing Proficiency Exam (WPE).
3. A completed application form. A personal interview may be requested at the discretion of the Program Director or Advisory Board.
4. At least one letter of reference from a CSULB tenured (or tenure-track) faculty member (CBA faculty are preferred). Additional outside character references (maximum of 2) are admissible as supplemental support for admission.

Applications should be addressed to the:

Director of the CBA Honors Program
College of Business Administration
1250 Bellflower Blvd.
Long Beach, CA 90840

Program Requirements

Award of the Honors in Business requires:

1. Completion of the requirements of the major, with a minimum overall GPA of 3.5 and a minimum GPA in the major of 3.5.
2. A minimum GPA of 3.5 for all CBA Honors Program seminars.
3. Completion of the 3 Honors Seminars.
The seminars bring together scholars and noted business leaders from a broad range of disciplines/industries, and may involve multiple CBA faculty over the course of the program. Course projects are designed to 'fit' with the nature of the issues addressed, the expertise of the various distinguished guest speakers, and interests of the individual student.
4. Successful completion of the required Honors Thesis.
5. Students who fail to meet the above requirements or those who fail to enroll in CBA Honors Program courses will be withdrawn from the program. Others may also be withdrawn at the discretion of the Program Director for such reasons as unethical behavior or misconduct.

Certificate in Transportation (code CBA_CT01)

Requirements

1. A bachelor of science degree in Business Administration which may be completed concurrently with the certificate requirements;
2. A minimum of 18 units of transportation and transportation-related course work at California State University, Long Beach to be selected with the approval of the Program Director;
3. A grade of "C" or higher will be required for every course;
4. The certificate program does not permit the use of the Credit/No Credit option.

Graduate Programs

The College of Business Administration offers graduate study leading to the Master of Business Administration (MBA). The degree offered by the College of Business Administration is accredited by the AACSB - International.

The MBA is designed to serve the community by providing graduate business education to persons who show promise of leadership and success in business or related fields. For this reason, the faculty of the College of Business Administration has established rigorous standards of admission and completion for the program.

Admission to Graduate Study

In addition to admission by the University Office of Admissions and Records, an applicant for graduate study in business must apply to and be admitted by the College of Business Administration.

Admission Procedures

1. Students interested in applying to the MBA program at CSULB should file a University application online at www.csumentor.edu and an MBA Application Packet from the Graduate Program Office at College of Business Administration. Students must complete and submit both applications in order to be considered for admission into the graduate program in business. Students applying for the MBA should mark "other masters" as the degree objective, and 05011 as the major code. Students should submit the MBA application with two letters of recommendation, current resume, and statement of purpose directly to the MBA office.
2. Two complete sets of official transcripts of all college work attempted are required. One set must be sent to:
California State University, Long Beach, Office of Admissions and Records, 1250 Bellflower Blvd., Long Beach, CA 90840
The other set of official transcripts must be sent directly to the Graduate Programs Office at the following address:
California State University, Long Beach, College of Business Administration, Graduate Programs and Executive Education Office, 1250 Bellflower Blvd., Long Beach, CA 90840
3. Graduate Management Admission Test (GMAT) scores must be forwarded directly from the GMAC to the College of Business Administration Graduate Programs Office. Test scores over 5 years old will not be considered.
4. Foreign students should first contact the Center for International Education on campus for special deadlines. Foreign students are required to take the TOEFL test and achieve a score of 550, in addition to the steps above required of all applicants to the MBA program.

Deadlines for International applications are:

- April 1 for Fall Semester
- October 30 for Spring Semester

Deadline for domestic applications are:

- October 30 for Spring Semester
- March 30 for Fall Semester

One official copy of all transcripts, the MBA Application Packet, GMAT score and TOEFL score (if applicable), must be filed in the Graduate Programs Office by:

- October 30 for Spring Semester
- March 30 for Fall Semester

Because of high demand for admission to the MBA program, it is advisable that students make their application to the program early. No action can be taken on applications until all required documents are received. Application materials submitted after these dates will not be considered.

Criteria

Admission will be granted to students showing high promise of success in post-baccalaureate business study. Each applicant's potential for graduate management education is evaluated on the basis of six major criteria:

1. Past Academic Record, as reflected in undergraduate GPA or other Graduate programs.
2. Graduate Management Admission Test (GMAT)
3. Managerial Experience: demonstration of increasing levels of responsibility.
4. Communication: ability to clearly identify the applicant's leadership potential, educational goals and academic strengths.

5. Two Letters of Recommendation

6. Statement of Purpose

Upon completion of evaluation by the College of Business Administration Graduate Programs office, the student is notified by mail of acceptance or rejection. If accepted, the letter includes an evaluation listing prerequisites met by the student in previous course work and those still requiring completion. Course work over five years old at the time of acceptance will not be considered for satisfaction of the First Year Core.

Enrollment

In order to be admitted into the University as an MBA student you must meet all of the MBA Admissions criteria.

Admission to Graduate Courses

Only students who have been admitted to the MBA program may take graduate courses in Business Administration. The only exception is that students who have been admitted to other Master's programs at CSULB may take select graduate courses in Business Administration to meet the requirements for their programs, with the permission of their major advisor and the Graduate Programs office.

Enrollment in graduate courses through the Open University will normally be permitted only for students in an AACSB accredited graduate program elsewhere with a letter of permission from the Associate Dean/Dean of the student's home university.

Continuous Enrollment

Once a student is accepted and enrolled in the MBA Program, he/she is expected to attend classes both semesters of the academic year. (Fall and Spring semesters are considered the regular semesters of the academic year; Summer attendance is optional.) Registration and completion of at least one course each semester satisfies the Continuous Enrollment requirement.

If a student is unable to satisfy the Continuous Enrollment requirement, he/she must complete the Educational Leave of Absence procedures detailed below. Continuous Enrollment status will only be preserved if the student's absence from a regular semester has been processed and approved through the Educational Leave of Absence procedures.

Students failing to maintain Continuous Enrollment status will be administratively removed from the MBA Program. Registration privileges will be revoked. Students planning to continue in the MBA Program who have been administratively removed due to the violation of the Continuous Enrollment condition will be required to re-apply to the MBA Program and to the University.

Leave of Absence

Any MBA student in good academic standing may request an Educational Leave. Students requesting an Educational Leave must complete an Educational Leave Form, in advance, including an explanation of their reasons for seeking the leave and a statement of when they intend to resume academic work. The completed form is to be submitted for approval to the Graduate Programs Office and the University Admission and Records Office in accordance with University Policy.

The minimum initial leave will be one full semester; the maximum will be one calendar year. A student may request, in writing, in advance, an extension of leave. Under no circumstances will the total number of approved educational leaves exceed two, nor will the duration of approved educational leaves extend beyond two calendar years.

Students returning from an approved one semester educational leave are not required to submit an application form. Students on leave longer than one semester must apply for re-admission to the university. Students returning from an absence for which an educational leave was appropriate but not approved in advance must complete the entire MBA admission process.

An Educational Leave of Absence, if properly requested and processed, allows a student to satisfy the Continuous Enrollment requirement and therefore does not affect their good standing status. Students on an approved education leave of absence will continue to receive registration information.

Graduate students who plan to enroll for credit at another institution of higher education during the leave period must obtain prior approval for the transfer of course credit to the student's program for the department chair in question and the Graduate Programs Director.

The period of an educational leave is counted in the calculation of elapsed time under the regulations governing the seven year maximum period for completion of the MBA degree requirements.

For the period of an educational leave the student's rights under the "Election of Regulation" rule are preserved, maintaining the right of the student to elect regulations as if he or she had maintained continuous attendance. See the CSULB *Catalog*, General Rules and Procedures section, for a complete explanation of the Election of Regulation - "Catalog Rights".

An educational leave presupposes no expenditure of University resources or faculty and staff time in behalf of the student during the period of the leave. In addition, no computer facilities, no library privileges, and no student services are available to a student on educational leave.

Transfer Credit

Assuming the Continuous Enrollment requirement has been satisfied, a maximum of six credits that closely complement the student's degree objectives may be applied toward the requirements for the MBA degree beyond the First Year Core under the following conditions:

1. the credits under consideration must be graduate credits
2. the course work must be taken at an AACSB accredited graduate program.
3. prior approval must be obtained from the Graduate Programs Director
4. prior approval must be obtained from the department chair of the course work being transferred.

The remaining units must be completed in courses at CSULB reserved exclusively for graduate students.

Scholastic Standards/Probation/Disqualification

A student who fails to maintain a cumulative GPA of 3.0 or higher in all work completed as a graduate student at this University or in all transferred work applied to the program will be placed on academic probation. The semester in which the student's GPA falls below 3.0 is the First Probationary Semester.

A student on probation, who at the end of the Third Probationary Semester (or summer, if classes are taken) fails to obtain a cumulative GPA of 3.0 or higher on all units attempted in post-baccalaureate work at CSULB, will be disqualified and removed from the graduate program. The student should note that the cumulative GPA is calculated by the University Admissions and Records Office and includes all upper division and graduate courses taken while enrolled in the graduate program.

A grade of "C" or better is required in any course taken to satisfy first or second year Core requirements. A grade of "B" or better is required in GBA 699. If either of these requirements is not met, a student must take the course a second time or withdraw from the program. A second failure to achieve the requirement grade will result in involuntary separation from the program. This requirement operates independently of the requirement for a cumulative GPA of 3.0 or better.

Master of Business Administration (code CBA_MB01)

The Master of Business Administration program develops competencies essential to functioning professionally in a complex and competitive business environment. The program prepares students for responsible administrative positions and provides the background essential for advancement in professional management careers. The Master of Business Administration degree encompasses a program of breadth which builds a wide range of competencies required for effective management while permitting students to specialize in a functional area.

The Master of Business Administration is normally a 48-unit program for the graduate without an undergraduate degree in Business.

General MBA

Requirements

The Master of Business Administration program requires completion of a minimum of 36 units of graduate course work as established and approved by the College of Business Administration MBA office. The MBA program must include:

I. First Year Core	0-12
II. Advancement to Candidacy	
III. Second Year Core	21
IV. Advanced Study	12
V. Capstone	3
Total units	36-48

Students who have not had an economics course prior to entering the MBA program must complete an economics course as a condition to obtaining an MBA degree.

MBA students should be guided by the following sequence of events as they progress through their graduate study in the College of Business Administration.

I. First Year Core: Common Body of Knowledge

The masters degree presupposes mastery of a common body of knowledge. Individual Business Administration courses taken as an undergraduate student at another AACSB institution may meet specific First Year Core requirements. Upon acceptance to the program, student's transcripts are reviewed for completion of the necessary course work for mastery of the common body of knowledge.

A grade of "C" or better is required to meet the criteria.

Waivers of First Year Core are based upon previous educational background at either a graduate or undergraduate level. Information on waivers may be obtained from the College of Business Administration, Graduate Programs Office. Students who have not met the entire common body of knowledge requirements prior to admission to the MBA Program will be required to enroll in the appropriate First Year Core Courses.

Take all of the following courses (12 units):

ACCT 500 Managerial and Financial Accounting (3)

FIN 501 Financial Management Concepts (3)

MGMT 500 Business Policies, Operations and Organizations (3)

MKTG 500 Marketing Concepts (3)

If an MBA student does not have an undergraduate degree in business or does not have exposure to business law and ethics, he/she would be required to acquire that knowledge by taking BLAW 520 or an equivalent course prior to graduation.

II. Advancement to Candidacy

Students admitted with all First Year Core requirements completed must file an application for Advancement to Candidacy for the degree after completion of their first six units. Other students must file the application during the semester in which the First Year Core requirements are to be completed. Prior to advancement to candidacy, a student must:

1. Be accepted into the MBA Program.
2. Maintain an overall minimum 3.0 cumulative GPA, including work transferred from other institutions, and a minimum 3.0 GPA in all work completed at this University.
3. Complete all First Year Core Requirements, with no grade lower than "C".
4. Fulfill the Graduation Writing Assessment Requirement (GWAR) or must have received a 4.0 or better on the writing portion of the GMAT.
5. Prepare an official student program in consultation with the MBA Office. This program must include the Second-Year Core in effect at the time of Advancement to Candidacy, the 12 unit program for the area of Advanced Study and the Capstone Course, GBA 699, for a total of 36 units.
6. File the application for Advancement to Candidacy with the Graduate Program office for approval by the Graduate Program Director.

III. Second Year Core

Upon completion of the First Year Core, either by waiver or graduate course work, students move directly into the Second Year Core. (See section on Advancement to Candidacy). This core consists of seven courses (21 units) which provide the breadth requirements for the MBA degree at the advanced level.

Take all of the following courses:

ACCT 610 Advanced Cost Accounting, Budgeting and Control (3)

FIN 600 Seminar in Business Finance (3)

HRM 652 Sem in Human Resources Management (3)

IS 601 Quantitative Methods for Managerial Decision Making (3)

IS 602 Management of Information Systems (3)

MGMT 647 Seminar in Management Planning and Control Systems (3)

MKTG 661 Seminar in Marketing Policies (3)

IV. Advanced Study

The General MBA is designed for students with an undergraduate business degree or any other student desiring a more broad-based MBA curriculum. The General MBA requires 12 units of graduate course work in three different areas within the College of Business Administration subject to approval by the Graduate Programs Office.

MBA Specializations

Specializations require 12 units with at least nine units of graduate course work in one area.

Finance

Requirements:

Take nine elective units selected from the following:
BLAW 524; FIN 620, 630, 650, 690.

Health Care Management

Requirements:

Take the following course:

HCA 502 The Health Care System (3)

Take any two of the following courses:

HCA 536, 537, 538, 550, 552.

Human Resources Management

Requirements:

Take nine elective units selected from the following:
HRM 654, 655, 657.

Information Systems

Requirements:

Take nine elective units selected from the following:
IS 545, 550, 564, 580, 584.

Management

Requirements:

Take nine elective units selected from the following:
MGMT 542, 543.

Marketing

Requirements:

Take nine elective units selected from the following:
MKTG 663, 665, 666, 668, 669, 695.

May count three units of Directed Studies (697) toward Advanced Study requirements.

Elective courses designed to fulfill specialization requirements must be approved by Graduate Programs Office through the completion and acceptance of student's Advancement to Candidacy form.

V. Capstone:

Take following as the last or capstone course:
GBA 699 Integrated Analysis (3)

Students must complete the Second Year Core and Advance to Candidacy before enrolling in GBA 699. This critical course is given during the Fall and Spring semesters. In this comprehensive analysis, the student will integrate the knowledge obtained in the functional areas. This capstone course serves in place of either comprehensive examination or thesis as the required evaluation of candidate competency.

Students must obtain a grade of "B" or better in GBA 699 in order to receive an MBA degree. Application for acceptance into GBA 699 must be filed in the MBA Office before the end of the fourth week of instruction in the semester preceding enrollment in the course. Application forms and advisement relating to this important requirement are available in the Graduate Programs Office.

VI. Time Limitation

All courses on the official student program (Advancement to Candidacy) must be completed within seven years of commencement of the first class toward fulfillment of the Second Year Core requirement.

VII. Graduation Writing Assessment Requirement (GWAR)

As a requirement for advancement to candidacy, all graduate students must demonstrate writing competency by:

1. Passing an approved CSULB assessment of writing competence (GWAR),
2. Having already passed an assessment of writing competence (GWAR) while matriculated at another CSU campus, or
3. Earning a CSULB-approved passing score on the writing portion of an approved standardized graduate admissions test, such as the Graduate Record Examination (GRE) or the Graduate Management Admission Test (GMAT).

Assessments of writing competence from non-CSU campuses will be evaluated by the GWAR Coordinator as a fulfillment of the GWAR, on an articulation basis if possible or on a case-by-case basis if necessary.

Students with degrees from non-CSU campuses must either provide evidence of meeting the requirement with adequate scores on a CSULB-approved standardized test or attempt to satisfy the GWAR by the end of their first semester of matriculation at CSULB.

Master of Business Administration / Master of Fine Arts in Theatre Management (code THEAMZ01)

For requirements, see description in the Theatre Arts section of this catalog.

Courses (CBA)

UPPER DIVISION

300. International Business (3)

Introduction to nature, dimensions, and environment of international business. Emphasis on business functions, practices, and decisions as influenced by cultural, political, economic, social, and institutional factors in various parts of world. Diffusion of information technology. Letter grade only (A-F).

397. Junior Honors Seminar (3)

Prerequisite: Acceptance into the CBA Honors Program.

Empirical, theoretical, and applied research methodology: fundamentals and advanced topics. Visits by faculty and business professionals focus on current issues and methods for solving business problems.

Literature review and written proposal required for Honors Thesis. Letter grade only (A-F).

400I. Business Ethics (3)

Prerequisites: Completion of the Foundation, at least one Explorations course.

Various types of ethical dilemmas that take place in business organizations and acquire concepts and tools needed to manage these complex value conflicts for the well being of individuals, organizations, and society.

Same course as PHIL 400I. Not open for credit to students with credit in PHIL 400I. Letter grade only (A-F).

401A. Ethical Leadership (2)

Prerequisite: Edna Davis Hobbs California Student Leadership Institute application and consent of instructor.

Explores ethical leadership challenges related to business, technology, values, relationships, and healthcare. Team-building retreat and networking with guest speakers are integral to the class. Students are required to complete both CBA 401A and CBA 401B within the same academic year.

Letter grade only (A-F).

401B. Ethical Leadership (2)

Prerequisite: CBA 401A with a grade of "C" or better in the immediately preceding fall semester and consent of instructor.

Continuation of CBA 401A. Explores ethical leadership challenges in media, education, government, and management. Community service and networking with guest speakers are integral to the class. Students required to complete CBA 401A and CBA 401B within the same academic year.

Letter grade only (A-F).

493. Business Internship (1-3)

Prerequisites: Classified business major and Instructor consent, IS 301.

Qualifying students placed in career-related paid assignments in private or public agencies or businesses. Organized plan utilizing series of seminars and learning agreements required with selected reading and writing assignments.

May be repeated to a maximum of 6 units. A minimum of 120 hours paid experience per semester is required.

494. Short-Term Study Abroad (3)

Prerequisite: Consent of Instructor.

Topics of current interest in business administration selected for intensive study, linked to a group study abroad experience in a country such as China, France, Germany, Thailand and Vietnam. Topics and study sites will be announced in the Schedule of Classes.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics in different semesters.

495. Selected Topics (3)

Prerequisite: Consent of instructor, IS 301.

Topics of current interest in business administration selected for intensive study.

May be repeated to a maximum of 6 units with different topics in different semesters. Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F).

497. Senior Honors Seminar I (3)

Prerequisites: CBA 397, IS 301.

Continuation of CBA 397, special emphasis on sampling, instrumentation, and data analysis. Topics covered may vary year-to-year. Perform majority of data collection and preliminary data analysis for honors thesis.

Letter grade only (A-F).

499. Senior Honors Seminar II (3)

Prerequisite: CBA 497, IS 301.

Completion of Honors Thesis. Data analysis completed, findings interpreted relative to research hypotheses; final report is submitted. Attention to preparing manuscripts for publication, academic review process, and making professional presentations. Learning by illustration and application. Visits by faculty and business leaders.

Letter grade only (A-F).

Courses (GBA)

GRADUATE LEVEL

695. Selected Topics (1-3)

Prerequisite: MBA standing.

Topics change each offering and in the absence of significant duplication.

May be repeated to a maximum of 6 units with different topics in the same semester. Topics to be announced in the *Schedule of Classes*. Letter grade only (A-F).

698. Thesis (2-4)

Prerequisite: GBA 601. Planning, preparation, and completion of a thesis in business administration.

699. Integrated Analysis (3)

Prerequisites: Student shall have completed all 2nd year core classes. Classified MBA status in the last semester or within six units of completion of the 33-unit minimum graduate program and advanced to candidacy.

Study of wide range of business problems and formulation of solutions. Integration of knowledge from all functional areas of business and its application to complex business problems arising out of changing technology, competitive market conditions, social changes and governmental actions.

A grade of "B" or better is required for successful completion. Serves as required terminal examination for College of Business Administration graduate candidates. Project is required. Students must file application for entry into GBA 699 no later than the fourth week of instruction in the semester preceding the one in which GBA 699 will be taken. Application forms are available in the Graduate Programs Office. Letter grade only (A-F).

Courses (BLAW)

LOWER DIVISION

220. Introduction to Law and Business Transactions (3)

Law and the American legal system in today's business world. Contracts, sales, and commercial paper. Examination of the role and function of the judiciary, elements of civil and criminal lawsuits, and other emerging areas of the law, including alternative dispute resolution.

Not open for credit to students with credit in FIN 220. Letter grade only (A-F).

UPPER DIVISION

309. The Consumer in the Legal and Economic Environment (3)

Prerequisites: Completion of the G.E. Foundation, one or more Explorations courses; upper-division standing.

Economic and ethical components of consumer issues integrated with consumer law. Economic, legal and regulatory environment of consumers for disputes regarding fraudulent transactions, financial matters, personal and real property contracts, torts, credit and investment issues, and family relationships.

(Lecture-Discussion 3 hours.) Same course as CAFF 309I and FIN 309I. Not open for credit to students with credit in CAFF 309I.

320. Legal and Regulatory Environment of Business (3)

Forms of business organizations, employment law, securities law, environmental law, anti-trust issues, and international transactions. Social, cultural and economic influences on domestic and multinational corporations. Exploration of relationship of government to business. Introduction to business ethics.

Not open for credit to students with credit in FIN 320. Letter grade only (A-F).

424. International Legal Environment of Business (3)

Prerequisite: BLAW 320, IS 301.

Subsidiaries, joint ventures and other forms of international business operations. Effects of treaties, laws and policies of governments on business operations. Resolution of business and investment disputes, protection of property rights, the financing and taxing of international operations, and ethical issues.

Not open for credit to students with credit in FIN 424. Letter grade only (A-F).

425. Legal Aspects of Real Estate (3)

Prerequisite: FIN 340, IS 301.

Basic principles of real estate law as related to conveyances, titles, private and public restrictions on the use of land, escrows, community property and financial transactions.

Not open for credit to students with credit in FIN 425. Letter grade only (A-F).

GRADUATE LEVEL

520. Legal, Regulatory, and Ethical Environment of Business (3)

Prerequisite: MBA standing required.

Legal and regulatory environment in which managers must operate. Constitutional and judicial structures for resolving disputes, effect of governmental and political policies, and liability encountered by business in various defined areas of substantive law. Ethical issues faced by business.

Not open for credit to students with credit in FIN 520. Letter grade only (A-F).

524. International Legal Environment of Business (3)

Prerequisite: BLAW 520.

A study of the international legal environment in which multinational firms operate. Topics include treaties and laws, government policies, resolution of legal disputes, regulation of competition, enforcement of property rights and issues involving ethical responsibilities.

Not open for credit to students with credit in FIN 524. Letter grade only (A-F).

624. Cyberlaw (3)

E-commerce and public policy issues. Law and the globalized e-commerce environment. Legal, ethical, international and political aspects of technology as it relates to business. Jurisdiction, intellectual property, electronic payment systems and contracting, online securities offerings, telecommunications mergers and acquisitions, security.

Not open for credit to students with credit in FIN 624. Letter grade only (A-F).

Department Graduate-Level Courses

Courses (ACCT)

500. Managerial and Financial Accounting (3)

Prerequisite: MBA standing required.

Evaluation of accounting systems, preparation of financial statements, and computer information processes. Analysis and interpretation of accounting information as an aid to business decisions.

Laboratory and/or class computer applications required. Letter grade only (A-F).

610. Advanced Cost Accounting, Budgeting & Control (3)

Prerequisite: ACCT 500 or equivalent with a grade of "C" or better.

Problems in planning, budgeting and cost control of decision making using a quantitative analysis approach. Emphasis on evaluation of the accounting information system.

Laboratory and/or class computer applications required. Not open for credit to students with credit in ACCT 510. Letter grade only (A-F).

640. Tax Research and Planning (3)

Study of income tax law, uses in researching problems arising under federal tax laws. Application of research techniques to compliance and tax planning problems. Analysis IRS procedures related to audits, tax collections, criminal prosecutions and federal tax litigation.

Letter grade only (A-F).

680. Financial Statement Analysis (3)

Understanding and using financial reporting to make investment and lending decisions.

Letter grade only (A-F).

695. Special Topics (1-3)

Prerequisites: Consent of instructor.

Topics to be announced in the *Schedule of Classes*.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisite: MBA standing; consent of instructor.

Individual study under faculty direction.

Letter grade only (A-F).

Courses (FIN)

501. Financial Management Concepts (3)

Prerequisite: MBA standing required.

Integration of computers, management information systems and cases to: (1) time value of money, risk, valuation, cost of capital, capital structure; (2) capital budgeting; (3) long-term financing decisions; (4) working capital policy and management; (5) financial analysis and planning.

Letter grade only (A-F).

600. Seminar in Business Finance (3)

Prerequisite: MBA standing required.

Financial theory and management: (1) time value of money, risk, valuation, cost of capital, capital structure; (2) capital budgeting; (3) long-term financing decisions; (4) working capital policy and management; (5) financial analysis and planning; (6) special topics.

May be repeated to a maximum of 3 units. Letter grade only (A-F).

620. Capital Budgeting (3)

Prerequisite: FIN 600.

Theory of capital budgeting within the framework of the firm. Cost of capital determination and logic of expansion vs. growth, and equity financing vs. debt financing. Computer applications required.

Letter grade only (A-F).

630. Seminar in Financial Forecasting (3)

Prerequisite: FIN 600.

Research projects in industry, individual company, product and commodity areas. Computer applications required.

Letter grade only (A-F).

650. Seminar in Investments (3)

Prerequisite: FIN 600.

Security analysis, portfolio planning, balance and adjustment as related to (1) individual circumstances of the investor, (2) specific market conditions, and (3) broader financial aspects of the economy. Presentation and interpretation of student reports on selected topics. Computer applications required.

Letter grade only (A-F). Course fee may be required.

690. Seminar in International Finance (3)

Prerequisite: FIN 600.

Background in economics, accounting and finance, graduate standing in business administration. Real and monetary factors in the finance of international business, international capital markets, movement of funds and special problem areas.

Letter grade only (A-F).

695. Selected Topics (3)

Prerequisite: Consent of instructor.

Topics to be announced in *Schedule of Classes*. Different topics each semester.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Individual study under direction of faculty.

Letter grade only (A-F).

699A-B. Applied Portfolio Management (3-3)

Prerequisites: FIN 699A: FIN 520, 600, 650; consent of instructor and Department Chair; FIN 699B: FIN 699A; consent of instructor and Department Chair.

FIN 699A offered in Fall and accepted students must enroll in FIN 699B in Spring.

Participation in management of actual investment portfolio.

Research, monitor, and analyze securities and make, buy and sell recommendations for a student-managed investment fund.

Contribute to publication of semi-annual fund report. Market, sector and firm analysis with presentations and outside research.

Letter grade only (A-F).

Human Resources Management Courses (HRM)

510. Behavioral Science for Engineers (3)

Prerequisites: MBA standing.

Individual, group and organizational structure designs. Interpersonal relationships that are peculiar to managing and directing professionals. Managerial applications of behavior science concepts and research findings.

Not open for credit to MBA students.

652. Seminar in Human Resources Management (3)

Decisions and actions that impact management. Problems of productivity, employee commitment, employee development, employment law, and compensation. Staffing, training and development, performance appraisal, counseling, leadership and motivation, reward systems, participation and delegation, and discipline. Discussion, cases, simulations, and presentations.

Letter grade only (A-F).

654. Seminar in Negotiation and Conflict Management (3)

Various forms of opposition interactions within organizations. Interpersonal, intragroup, and intergroup conflict. Distinguishing between functional and dysfunctional conflict, identifying sources and causes of conflict, and examining alternative styles and methods of conflict management. Discussion, cases, simulations, and presentations.

Letter grade only (A-F).

655. Seminar in Motivation and Organization Change (3)

Human motivation and organizational change. Traditional and modern theories of work motivation and change. Psychology and management of motivation, organizational change and development. Management skills, policies, and organizational characteristics that facilitate the creation of motivating, flexible organizations.

Letter grade only (A-F).

Human Resources Management Courses (HRM)

657. Seminar in Leadership Skills (3)

Development of leadership abilities. Effectiveness of numerous approaches to leadership from both managerial and psychological viewpoints. Understanding leadership styles and abilities of self and others through assessment. Personality, situational factors, group processes, followership, and implications for leadership training

Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisites: MBA standing, consent of instructor.

Individual study under the direction of the faculty.

Letter grade only (A-F).

Courses (IS)

545./445. Internet Applications Development (3)

Prerequisites: IS 602 or equivalent and consent of instructor.

Theory and applications of the Internet. Applications development using tools such as HTML and FrontPage. Use and development of Intranet applications in the Client/Server environment. Issues such as Internet business opportunities, network security, home page maintenance, Internet database interface and cooperative computing.

Letter grade only (A-F).

550. Business Telecommunications Management (3)

Prerequisite: IS 602 or equivalent.

Introduction to the technologies and applications of telecommunications and networking. Infrastructure planning and operation of organizational telecommunication networks. Management and control of Internet servers and mobile systems. Telecommunication regulation and standards.

Letter grade only (A-F).

564./464. Network Modeling and Simulation (3)

Prerequisites: IS 601.

Fundamentals of simulation methodology for performance and feasibility study of business models. Basic probability distributions, random number generation, model formulation, evaluating results, validations, waiting-line simulation, and computer network performance measurement via simulation and use of computer software simulation packages.

Letter grade only (A-F).

580. Management Support Systems and Database Management Systems (3)

Prerequisite: IS 602 or equivalent.

Use of information and database techniques to support management decision making. Decision support systems, groupware, expert systems, executive information systems, database management systems (DBMS), database analysis and design, database manipulation languages (SQL and QBE), and data warehousing.

Letter grade only (A-F).

584./484. Electronic Commerce (3)

Prerequisite: IS 602 or equivalent.

Theory and applications of electronic commerce including issues such as E-cash, E-banking, E-tailing, SCM, E-marketing, B2C, B2B, C2C, E-government, Internet business opportunities, Internet security homepage maintenance, Internet database interface and cooperative computing.

Letter grade only (A-F).

601. Quantitative Methods for Managerial Decision Making (3)

Prerequisite: MBA standing required.

Statistical analysis includes probability, estimation, hypothesis testing, forecasting and decision process. Management sciences include quantitative modeling, math programming, decision support systems and simulation applicable to various business functions. Use of computer software packages as analytical tools.

May be repeated to a maximum of 3 units. Letter grade only (A-F).

602. Management of Information Systems (3)

Prerequisite: MBA standing required.

Foundation and infrastructure of information technology applied to strengthen competitiveness. Effective utilization of strategic information systems, telecommunications, system development process, database concepts and electronic commerce to enhance organizations' operations.

Letter grade only (A-F).

695. Selected Topics (3)

Prerequisites: Graduate standing and consent of instructor.

Topics to be announced in the *Schedule of Classes*.

Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisites: Graduate standing and consent of instructor.

Individual study under the direction of the faculty.

Letter grade only (A-F).

Management Courses (MGMT)

500. Business Policies, Operations and Organizations (3)

Prerequisite: MBA standing. Recommended preparation: IS 310 or 410.

Theory and philosophies of administrative organizations systems, information systems, management functions, decision making, strategy and policy formulation, operations planning, and control systems.

Letter grade only (A-F).

541. Industrial Logistics (3)

Prerequisites: MBA standing, plus MGMT 500 or equivalent.

Systems analysis and synthesis of the general logistics system containing the marketing, production, and transportation activities. Definition of system components of outputs, activities and inputs. Specification and quantification of the major functional relationships interrelating these components.

Letter grade only (A-F).

542. Enterprise Structure and Operation (3)

Prerequisites: MBA standing and MGMT 500 or equivalent.

General enterprise system composed of the logistics, money, information, talent and decision sub-systems. Components of each of the sub-systems and their interrelationships in the operation of the total enterprise. Analysis via systems approach of defining outputs, activities and inputs..

Letter grade only (A-F).

543. International Business Policy (3)

Prerequisites: MBA standing, plus MGMT 500 or equivalent, 9 hours recommended of 500/600 level courses in the area of international business.

Current theory and principles of international business management pertaining to problems of formulating policy and developing strategies and tactics in the multinational corporation. Case studies, readings, logistic analysis and research report.

Letter grade only (A-F).

647. Seminar in Management Planning and Control Systems (3)

Prerequisites: MBA standing, plus MGMT 500 or equivalent.
Analysis of planning and control systems in management. Use of case studies and problems.
Letter grade only (A-F).

695. Selected Topics (3)

Prerequisites: MBA standing.
Topics to be announced in the *Schedule of Classes*.
May be repeated to a maximum of 6 units with different topics.
Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisites: MBA standing, consent of instructor.
Individual study under the direction of the faculty.
Letter grade only (A-F).

Courses (MKTG)

500. Marketing Concepts (3)

Prerequisite: MBA standing required. Overview of the decision process in marketing.
Overview of decision process in marketing. Consideration of functional areas and interaction with total operations of the firm. Application of information technology to development of marketing strategy and planning.
Letter grade only (A-F).

661. Seminar in Marketing Policies (3)

Prerequisite: MKTG 500.
Solving practical, profit-oriented problems in marketing. Sophisticated case analysis and discussion. Application of marketing principles and technologies, including information systems, databases, behavioral theories, and management techniques.
Letter grade only (A-F).

663. Seminar in Advertising Policies (3)

Prerequisite: MKTG 500.
Discussion and analysis of advertising situations, objective setting, creative strategies, media strategies and models, and evaluation. Applications of mass communication theories and marketing databases.
Letter grade only (A-F).

665. Seminar in Marketing Research (3)

Prerequisites: MKTG 500 and IS 601.
The role of research in the solution of marketing problems. Research methods in collecting, analyzing, and interpreting information for business use. Survey and experimental approaches included. Case studies and/or class projects required.
Letter grade only (A-F).

666. Seminar in International Marketing (3)

Prerequisite: MKTG 500.
Analysis of problems and opportunities in international marketing operations. Consideration of entry strategies, competitive strategies, domestication, and nationalization problems. Use of marketing information systems to evaluate opportunities and threats in foreign markets.
Letter grade only (A-F).

668. Seminar in Consumer Behavior (3)

Prerequisite: MKTG 500.
Topics in the behavioral sciences as they apply to marketing. Application of psychological, sociological, anthropological, and economic theories and models to the understanding of buyer behavior and the development of marketing strategy.
Letter grade only (A-F).

669. Seminar In Strategic Planning (3)

Prerequisite: MKTG 661.
The role and use of marketing research and information systems as the basis for development and implementation of marketing strategy. Case studies and/or class projects required.
Letter grade only (A-F).

695. Selected Topics (3)

Prerequisites: MBA standing, consent of instructor.
Topics to be announced in the *Schedule of Classes*.
May be repeated to a maximum of 6 units with different topics.
Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisites: MBA standing, consent of instructor and Department Chair.
Individual study under the direction of the faculty.
Letter grade only (A-F).

CHEMICAL ENGINEERING

College of Engineering

Department Chair: Larry K. Jang

Department Office: EN2 101

Telephone: (562) 985-4909

Website: <http://www.csulb.edu/coe/che>

Faculty: Larry K. Jang, Chih-Cheng Lo, Sergio Mendez

Undergraduate Advisor: Larry K. Jang

Graduate Advisor: Larry K. Jang

Environmental Technology Advisor: Larry K. Jang

General Education Advising: Academic Advising - Horn Center

Career Possibilities

Chemical Engineer • Automatic Control Engineer • Chemical Process/Design Engineer • Chemical Research Engineer • Chemical Test Engineer • Biochemical Engineer • Chemical Equipment Sales Engineer • Chemical Plant Manager • Technical Writer • Quality Control Specialist • Process Engineer • Consultant • Purchasing Agent • Safety Engineer • Environmental Engineer • Consultant (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Chemical engineers apply their knowledge of chemistry and engineering to make useful products that improve the quality of our lives. The chemical engineering curriculum provides a thorough background in chemical and physical science, mathematics, and engineering for application to the solution of technical problems encountered in the development, operation, design, and support of a diverse variety of industries.

The Chemical Engineering Department is a practice-oriented program that aims to develop well-trained professionals who will be successful in their careers and prepared for further advanced studies. In order to achieve this, the program strives to:

- Provide the technical foundations to become competent, practicing chemical engineers.
- Prepare students for success in workplace relationships, learning to promote personal and professional growth.
- Instill an understanding of professional and ethical responsibilities and create an awareness of societal impact.
- Continuously improve the academic program in partnership with industry, alumni, and government.

Chemical Engineering Advisory and Development Council

The Department of Chemical Engineering Advisory and Development Council, consisting of outstanding engineers and executives from industry and government in Southern California, provides guidance to our program. Its mission is to advise and assist in developing the Department and to support its efforts to serve students, the community, and industry. This liaison between the University and industry ensures that industry concerns are addressed in our curricula and provides career guidance for our graduates.

ABET Accreditation

The Bachelor of Science in Chemical Engineering is accredited by the EAC (Engineering Accreditation Commission) of ABET (Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202, website: www.abet.org). Students enrolling in our program must see an undergraduate advisor as early as possible to ensure conformity with ABET requirements.

Other Related Programs

Students interested in obtaining a Minor in Environmental Engineering should refer to the College of Engineering section of this *Catalog*. Students who take required Chemistry courses are most likely eligible for Minor in Chemistry degree. See the College of Natural Science and Mathematics section of this *Catalog*.

Students wishing to pursue advanced study may be interested in the College of Engineering's Master of Science in Engineering (MSE) degree. Thesis work may be supervised by chemical engineering faculty. For detailed MSE requirements, see the College of Engineering section of this *Catalog*.

Grade Requirements

In addition to other University requirements, all students must obtain a grade of "C" or better in each prerequisite for any chemical engineering course. Also, required Written English (GE A1), Speech (GE A2), and Interdisciplinary (IC) courses must be taken for a letter grade, not Credit/No Credit.

Undergraduate Programs

Bachelor of Science In Chemical Engineering (code CHE_BS01) (131 units)

Requirements

Lower Division:

Take all the following courses:

- CH E 200 Chemical Engineering Fundamentals (3)
- CH E 210 Computer Methods in Chem Engineering (3)
- CH E 220 Chemical Engineering Thermodynamics I (3)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- C E 205 Analytical Mechanics I (Statics) (3)
- EE 211 Fundamentals of Electric Circuits (3)
- ENGR 101 Introduction to Engineering Profession (1)
- ENGR 102 Academic Success Skills (1)
- CH E 100 Introduction to Chemical Engineering (1)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)
- MATH 224 Calculus III (4)
- PHYS 151 Mechanics and Heat (4)

Take one of the following choices:

- PHYS 152 Electricity and Magnetism (4)
- or both of the following:
 - EE 210 Electro Magnetic Foundations in EE (3)
 - EE 210L Electro Magnetic Foundations in EE Lab (1)

Take one course from the following:

- BIOL 200 General Biology (4)
- CHEM 251 Quantitative Analysis (4)
- MICR 200 Gen Microbiology for Health Professionals (4)

Upper Division:

Take all the following courses:

- CH E 320 Fluids (3)
- CH E 330 Separation Processes (4)
- CH E 410 Chemical Engineering Thermodynamics II (3)
- CH E 420 Heat and Mass Transport (3)
- CH E 430 Chemical Reactor Kinetics (3)
- CH E 440 Chemical Engineering Laboratory I (2)
- CH E 450 Chemical Engineering Laboratory II (2)
- CH E 460 Chemical Process Control (3)
- CH E 470 Chemical Engineering Design (4)
- CHEM 377B Fundamentals in Physical Chemistry II (3)
- MATH 370A Applied Mathematics I (3)

Take one of the following pairs of choices:

- CHEM 320A Organic Chemistry (3)
- CHEM 320B Organic Chemistry (5)

or

- 322A Organic Chemistry (3)
- 323A Organic Chemistry Laboratory (1)
- 322B Organic Chemistry (3)
- 323B Organic Chemistry Laboratory (1)

or

- CHEM 327 Fundamentals of Organic Chemistry (3)
- Approved laboratory science (4)

Take six units from the following courses:

- CH E 300, 415, 437, 445, 455, 465, 475, 480, 485, 490;

Take three units of the following:

- Approved ECON elective course or C E 406;

Take three units of the following:

- Approved engineering elective or C E 406.

All students must show evidence of having attempted FE exam prior to graduation. Those who pass the FE exam can waive 3 units of engineering elective.

Bachelor of Science In Engineering Technology, Option in Environmental Technology (code ET__BS06)

For requirements, see the description in the Engineering Technology Programs section of this catalog.

Minor in Environmental Engineering (code COE_UM01)

For requirements, see the description in the College of Engineering section of this catalog.

Certificate in Safety Operations (code ET__CT02)

Advisor - Larry K. Jang (Chemical Engineering)
Department Office - EN2 101
Telephone - (562) 985-2260

This interdisciplinary certificate is designed to prepare students for safety positions that require a strong

background in the technology of safe industrial environments.

Requirements

1. May be earned concurrently with or subsequent to the baccalaureate degree.
2. Open to all majors who have fulfilled the required prerequisites as stated below.
3. Requires a total of 24 units as specified below:
 - A. Completion of supporting technical courses chosen in consultation with an advisor.
 - B. 24 units are required from the following courses: ET 307, 309, 311, 319, 329, 329L, 409, 410.
4. Any deviation from this program requires the written permission of the program advisor.

Courses (CH E)

LOWER DIVISION

100. Introduction to Chemical Engineering (1)

Chemical engineering as a profession. Nature of profession and career opportunities. Emerging frontiers of chemical engineering. (Lecture 1 hour) Letter grade only (A-F).

200. Chemical Engineering Fundamentals (3) F

Prerequisites: CHEM 111A, MATH 123, PHYS 151.

Dimensional analysis of units, steady and transient balances of mass, momentum and energy, the mathematical solution of chemical engineering problems.

(Lecture-problems 3 hrs) Letter grade only (A-F).

210. Computer Methods in Chemical Engineering (3) F

Prerequisites: CHEM 111A, MATH 122, PHYS 151.

Beginning programming and techniques of numerical analysis applied to typical problems in chemical engineering.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

220. Chemical Engineering Thermodynamics I (3) S

Prerequisite: CH E 200.

Applications of the first and second laws of thermodynamics to chemical processes. Concepts of heat, work, and energy. Energy balances in batch and flow processes, with and without chemical reaction. Gas behavior, phase change, vapor pressure, humidity.

(Lecture-problems 3 hours) Letter grade only (A-F).

UPPER DIVISION

300. The Chemical Industry (3)

Prerequisite: CH E 200.

Survey of industrial chemical processing techniques and the activities of engineers in this area, illustrated by field trips, speakers, professional society meetings, films, readings, etc.

(Lecture 3 hours) Letter grade only (A-F).

320. Fluids (3) S

Prerequisites: CH E 200, C E 205.

Study of the deformation and flow of fluids, both liquids and gases, with applications to chemical engineering.

(Lecture-problems 3 hours) Letter grade only (A-F).

330. Separation Processes (4) F

Prerequisites: CH E 210, 220.

Computation methods for predicting the separation of materials by distillation, absorption, extraction and other methods.

(Lecture-problems 3 hours, lab 3 hrs) Letter grade only (A-F).

400./500. Chemical Processes (3)

Prerequisite: CH E 200 or 300, or consent of instructor.

In depth study of chemicals and chemical manufacturing processes and related environmental problems and energy conservation issues. Graduate students have additional assignments. (Lecture-problem 3 hours). Letter grade only (A-F).

410. Chemical Engineering Thermodynamics II (3) F

Prerequisites: CH E 210, 220.

Analysis and design of process equipment and systems using thermodynamics. Turbines, compressors, power plants, refrigeration cycles. Phase equilibria and nonideal solution behavior. Chemical reaction equilibria and heat effects.

(Lecture-problems 3 hours) Letter grade only (A-F).

415./515. Occupational and Environmental Safety Engineering and Management (3)

Prerequisite: CHEM 327 or consent of instructor.

Safety analysis and management, legislation, regulations and standards; toxicology and personal protective equipment; fire hazards; noise control; electrical safety; container and spill management; statistical analysis. Extra requirements for graduate students.

(Lecture-problems 3 hours) Letter grade only (A-F).

420. Heat and Mass Transport (3) F

Prerequisite: CH E 210, 320; CHEM 377B.

Heat exchange by conduction, convection and radiation. Diffusion in fluids and solids. Simultaneous heat and mass transport.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

430. Chemical Reactor Kinetics (3) F

Prerequisite: CHEM 377B.

Homogeneous and heterogeneous reactions and application to reactor design, catalysts.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

437./537. Materials Purification Processes (3)

Prerequisite: CH E 330, 420, or consent of instructor.

Rate-controlled separation processes such as membrane separations, pressure swing adsorption, molecular sieve separation, supercritical fluid extraction, reverse osmosis, and spray drying.

Additional projects required for CH E 537. (Lecture-problems 3 hours) Letter grade only (A-F).

440. Chemical Engineering Laboratory I (2) F

Prerequisites: CH E 220, 320, 330.

Laboratory study of fluid mechanics, separation processes and thermodynamics. Experimental design and analysis and preparation of engineering reports.

(Laboratory 6 hours) Letter grade only (A-F).

445./545. Pollution Prevention (3)

Prerequisite: CH E 330.

Pollution prevention strategies in chemical industry. Hierarchical approach of waste minimization. Life cycle analyses of wastes. Identification of pollution source. Environmentally compatible materials. Unit operations for minimizing waste. Economics of pollution prevention. Extra requirement for graduate students.

(Lecture-problems 3 hours) Letter grade only (A-F).

450. Chemical Engineering Laboratory II (2) S

Prerequisites: CH E 410, 420, 430, 440; Prerequisite or Corequisite: CH E 460.

Laboratory study of heat and mass transport, chemical kinetics and control theory. Experimental design and analysis and preparation of engineering reports.

(Laboratory 6 hours) Letter grade only (A-F).

455./555. Environmental Compliance (3)

Prerequisite: CHEM 327 or consent of instructor.

Physical and chemical properties of hazardous materials and wastes. Environmental hazards. An examination of environmental laws, regulations and standards dealing with storage, transportation, treatment and disposal of hazardous wastes. Emergency planning and preparedness. Extra requirement for graduate students: term papers or projects.

(Lecture-problems 3 hours) Letter grade only (A-F).

460. Chemical Process Control (3) S

Prerequisites: CH E 420; MATH 370 A.

Control theory and practice, instrumentation, system responses, transfer functions, feed-back control, and stability as applied to chemical engineering processes.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

465./565. Biochemical Engineering (3)

Prerequisite: CH E 200, 330, 430, and life science course(s) with instructor's approval.

Review of basic science. Kinetics of enzyme-catalyzed reactions. Kinetics of substrate utilization, product formation and biomass production. Design and analysis of bioreactors. Product recovery operations. Applications to natural systems.

Extra requirements for graduate students. (Lecture-problems 3 hrs) Letter grade only (A-F).

470. Chemical Engineering Design (4) S

Prerequisites: CH E 220, 330, 420, 430; CHEM 320A.

Design based upon economics and chemical engineering design and analysis.

(Lecture-problems 3 hours, problem-design session 3 hrs) Letter grade only (A-F).

475./575. Environmental Pollution (3)

Prerequisite: CHEM 320A or 327, or consent of instructor.

Application of chemistry to the problems of pollution. Graduate students have additional assignments.

(Lecture-problem 3 hours) Letter grade only (A-F).

480./580. Theoretical Methods in Chemical Engineering (3)

Prerequisites: CH E 420, 430.

Simulation and optimization of chemical engineering processes by mathematical formulation and computer modeling.

Extra requirements for graduate students: term papers or projects. (Lecture-problems 3 hours) Letter grade only (A-F).

481./581. Advanced Theoretical Methods in Chemical Engineering (3)

Prerequisites: MATH 370A, CH E 480, or 580, or consent of instructor.

Solutions of problems encountered in models of chemical processes: boundary value ordinary differential equations and partial differential equations.

Graduate students have additional assignments. (Lecture-problem 3 hours). Letter grade only (A-F).

485./585. Air Pollution (3)

Prerequisite: CH E 475 or CE 364 or consent of instructor.

Air pollution chemistry; control strategies; origin of pollutants; meteorology; vapor dispersion models; control principles for particulates, sulfur dioxide, and nitrogen oxides.

Extra requirements for graduate students: term papers or projects. (Lecture-problems 3 hrs) Letter grade only (A-F).

490. Special Problems (1-3)

Prerequisite: Consent of instructor.

Assigned topics in technical literature or laboratory projects and reports on same.

Letter grade only (A-F).

GRADUATE LEVEL

500./400. Chemical Processes (3)

Prerequisite: CH E 200 or 300, or consent of instructor.

In depth study of chemicals and chemical manufacturing processes and related environmental problems and energy conservation issues.

Graduate students have additional assignments. (Lecture-problem 3 hours). Letter grade only (A-F).

515./415. Occupational and Environmental Safety Engineering and Management (3)

Prerequisite: CHEM 327 or consent of instructor.

Safety engineering and management, legislation, regulations and standards; toxicology and personal protective equipment; fire hazards; noise control; electrical safety; system safety analysis; container and spill management; use of computer systems and statistical methods.

Extra requirements for graduate students: term papers or projects. (Lecture-problems 3 hours) Letter grade only (A-F).

520. Advanced Transport Phenomena (3)

Prerequisites: CH E 320, 420, 430.

Application of differential and integral mass, momentum and energy balances to chemical engineering processes. Analysis of fluid flow, heat transfer, diffusion and chemical reaction in various unit operations.

(Lecture-Problems 3 hours) Letter grade only (A-F).

521. Advanced Mass Transfer Operations of Chemical Engineering (3)

Prerequisite: CH E 520 or consent of instructor.

Fundamental laws of diffusion and diffusion with chemical reaction in traditional and unconventional mass transfer operations.

(Lecture-problem 3 hours). Letter grade only (A-F).

530. Advanced Reactor Kinetics (3)

Prerequisite: CH E 430.

Modeling of chemical reactors; effects of multiple phases, mixing, adsorption, diffusion and catalysts on reactor performance.

(Lecture-Problems 3 hrs) Letter grade only (A-F).

537./437. Materials Purification Processes (3)

Prerequisites: CH E 330, 420, or consent of instructor.

Rate-controlled separation processes such as membrane separations, pressure swing adsorption, molecular sieve separation, supercritical fluid extraction, reverse osmosis, and spray drying.

Additional projects required for CH E 537. (Lecture-problems 3 hours) Letter grade only (A-F).

545./445. Pollution Prevention (3)

Prerequisite: CH E 330.

Pollution prevention strategies in chemical industry. Hierarchical approach waste minimization. Life cycle analyses of wastes. Identification of pollution source. Environmentally compatible materials. Unit operations for minimizing waste. Economics of pollution prevention.

Extra requirement for graduate students. (Lecture-problems 3 hours) Letter grade only (A-F).

555./455. Environmental Compliance (3)

Prerequisite: CHEM 327 or consent of instructor.

Physical and chemical properties of hazardous materials and wastes. Environmental hazards. An examination of environmental laws, regulations and standards dealing with storage, transportation, treatment and disposal of hazardous wastes. Emergency planning and preparedness.

Extra requirement for graduate students: term papers or projects. (Lecture-problems 3 hours) Letter grade only (A-F).

560. Advanced Chemical Process Control (3)

Prerequisite: one of the following: CH E 460, E E 370/L, 411, 470, 471, 511, MAE 376, E T 492, or consent of instructor.

Principles and practices of controller selection and tuning, advanced control loops, model predictive control, decoupling, hands-on experience of control loop design and implementation using Labview.

(Lecture-Problems 3 hours) Letter grade only (A-F).

565./465. Biochemical Engineering (3)

Prerequisites: CH E 200, 330, 430, and life science course(s) with instructor's approval.

Review of basic science. Kinetics of enzyme-catalyzed reactions. Kinetics of substrate utilization, product formation and biomass production. Design and analysis of bioreactors. Product recovery operations. Applications to natural systems.

Extra requirements for graduate students. (Lecture-problems 3 hrs) Letter grade only (A-F).

575./475. Environmental Pollution (3)

Prerequisite: CHEM 320A or 327, or consent of instructor.

Application of chemistry to the problems of pollution. Graduate students have additional assignments.

(Lecture-problem 3 hours). Letter grade only (A-F).

580./480. Theoretical Methods in Chemical Engineering (3)

Prerequisites: CH E 420, 430.

Simulation and optimization of chemical engineering processes by mathematical formulation and computer modeling.

Extra requirements for graduate students: term papers or projects. (Lecture-problems 3 hours) Letter grade only (A-F).

581./481. Advanced Theoretical Methods in Chemical Engineering (3)

Prerequisites: Math 370A, CH E 480, or 580, or consent of instructor.

Solutions of problems encountered in models of chemical processes: boundary value ordinary differential equations and partial differential equations.

Graduate students have additional assignments. (Lecture-problem 3 hours). Letter grade only (A-F).

585./485. Air Pollution (3)

Prerequisite: CH E 475 or CE 364 or consent of instructor.

Air pollution chemistry; control strategies; origin of pollutants; meteorology; vapor dispersion models; control principles for particulates, sulfur dioxide, and nitrogen oxides.

Extra requirement for graduate students: term papers or projects. (Lecture-problems 3 hrs) Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Graduate standing.

Individual research or intensive study under the guidance of a faculty member on theoretical or experimental problems in chemical engineering.

(Independent Study) Letter grade only (A-F).

698. Thesis or Industrial Project (2-6)

Prerequisite: Advancement to Candidacy.

Preparation and completion of a thesis or industrial project in chemical engineering.

May be repeated to a maximum of 6 units.

CHEMISTRY AND BIOCHEMISTRY

College of Natural Sciences and Mathematics

Department Chair: Jeffrey A. Cohlberg

Department Office: Molecular and Life Sciences (MLSC) 304
Telephone/FAX: (562) 985-4941/(562) 985-8557
Website: <http://chemistry.csulb.edu>

Faculty

Roger A. Acey, Dennis M. Anjo, Stuart R. Berryhill, Christopher R. Brazier, Xianhui Bu, Paul T. Buonora, Jeffrey A. Cohlberg, Shahab Deriakhsan, Lijuan Li, Robert L. Loesch (Emeritus), Marco A. Lopez, Tom J. Maricich (Emeritus), Eric Marinez, Douglas D. McAbee, Brian L. McClain, Margaret L. Merryfield, Stephen P. Mezyk, Kensaku Nakayama, Vasanthi Narayanaswami, Michael Schramm, Gary Shankweiler, Young Shon, Katarzyna Slowinska, Krzysztof Slowinski, Eric Sorin, Paul M. M. Weers

Administrative Support Coordinator: George Saxon

Advisors:

Undergraduate: Roger A. Acey
Credential: James Kisiel, Tim Williamson
Graduate: Biochemistry: Douglas D. McAbee, Chemistry: Lijuan Li

Graduate Studies Committee: Jeffrey A. Cohlberg, Lijuan Li, Douglas D. McAbee, Brian L. McClain, Young Shon, Krzysztof Slowilaski

Honors in the Major: Roger A. Acey

Students desiring information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Patent Agent • Chemist • Assayer • Water Purification Chemist • Chemical Lab Technician • Biochemist • Quality Control Coordinator • Pharmaceutical or Technical Sales Representative • Public Health Educator • Industrial Hygienist • Health Administrator • Teacher • Food / Drug Inspector • Materials Scientist • Medical Librarian • Environmental Scientist • Criminologist • Pharmacologist • Dentist • Physician • Geochemist • Chemical Oceanographer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Chemistry and Biochemistry offers three bachelor's degrees, the B.S. in Chemistry, the B.S. in Biochemistry, and the B.A. in Chemistry, and two master's degrees, the M.S. in Chemistry and the M.S. in Biochemistry. These programs combined serve over 500 majors. In addition, the Department offers a Minor in Chemistry.

Degree Programs

The programs in chemistry and biochemistry at the bachelor's degree level are planned to develop background in a specific science, to serve as preparation for graduate work in chemistry or biochemistry, and to provide a foundation for those students seeking careers in the chemical sciences, teaching, law, medicine, dentistry, pharmacy and other health-related professions, and in industrial and governmental scientific occupations. The B.S. degree in Chemistry is certified by the American Chemical Society (American Chemical Society, Committee on

Professional Training, 1155 Sixteenth St., NW, Washington, DC 20036, phone: 202-872-4589).

Transfer Students: A student who transfers to the University must take at least 16 units of upper division chemistry courses here. To receive credit towards the major for courses taken elsewhere in place of CHEM 320A,B and/or 371A,B and/or 377A,B, consent of the Department Chair is required. Satisfactory performance on appropriate proficiency examinations may also be required.

The Department of Chemistry and Biochemistry offers graduate study leading to research-based master of science degrees in chemistry and biochemistry.

Applicants for the master of science degree programs should apply online both to the university and to the departments. Links to the online application forms can be found on the department's web site (<http://chemistry.csulb.edu> – click on "Graduate Programs").

A limited number of teaching associate and graduate and research assistantships are available. Usually, these involve half-time work in the instructional program at the freshman and sophomore level or work in the laboratory. An applicant may apply for a teaching associate or graduate assistant position in the course of completing the online departmental application.

Students Desiring Entrance into a Health Professions Program

Students desiring entrance into one of the various health-related professional schools should consult with the Health Professions Advising Office in the College of Natural Sciences and Mathematics, Jensen Student Access to Sciences and Mathematics Center (FO5-109) for more information. Most of these schools do not require students to major in any particular discipline and many do not even require a bachelor's degree; rather, they want students who have done well in their major and who also took the prerequisite courses required by that particular school.

Academic Advising and Facilitated Enrollment into Classes

All entering students who declare a major in a degree program offered by this Department need to participate in the College of Natural Sciences and Mathematics' Science Safari to Success (for first-time freshmen) or EONS (Enrollment and Orientation in the Natural Sciences and Mathematics for transfer students) Program. These programs are held in June-July for those starting in the fall semester and in January for those starting in the spring semester. Department advisors will be available to provide an overview of the students' chosen baccalaureate degree program, to assist with academic advisement, to provide information on the many career opportunities available, and to aid students in enrolling in classes. Contact the Jensen Student Access to Sciences and Mathematics Center (Faculty Office 5-109) or Department Office for additional information.

Undergraduate Programs

Bachelor of Science in Chemistry (code CHEMBS01) (123 units)

This degree is intended to provide a background in chemistry for those planning to pursue careers as professional chemists or graduate study in chemistry or biochemistry. When supplemented with study in other appropriate areas, it can serve as preparation for admission to the health professional schools. Students should consult with a faculty advisor to plan an individual program. Students may also wish to contact the Health Professions Advising Office in the Jensen Student Access to Sciences and Mathematics Center (FO5-109) for additional information and services.

Chemistry majors must achieve a grade of "C" or better in each course required for the major.

Requirements

Lower Division:

Either take all four of the following:

- BIOL 211 Introduction to Evolution and Diversity (4)
- BIOL 212 Intro to Cell and Molecular Biology (4)
- (BIOL 111, 111L, 212, 212L, are required if courses were taken prior to catalog year 2010-11)

Or one of the following:

- BIOL 200 General Biology (4)
- BIOL 205 Human Biology (4)
- BIOL 207 Human Physiology (4)

Take all of the following courses:

- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- CHEM 251 Quantitative Analysis (4)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)
- MATH 224 Calculus III (4)
- PHYS 151 Mechanics and Heat (4)
- PHYS 152 Electricity and Magnetism (4)
- PHYS 254 Applied Modern Physics (3)
- PHYS 255 Laboratory on Modern Physics (1)

Upper Division:

Take all of the following courses:

- CHEM 320A Organic Chemistry (3)
- CHEM 320B Organic Chemistry (5)
- CHEM 331 Inorganic Chemistry (3)
- CHEM 332 Inorganic Chemistry Lab (2)
- CHEM 371A Physical Chemistry (3)
- CHEM 371B Physical Chemistry (3)
- CHEM 373 Physical and Inorganic Chemistry Lab (3)
- CHEM 420 Advanced Organic Chemistry Lab (3)
- CHEM 431 Advanced Inorganic Chemistry (3)
- CHEM 441A Biological Chemistry (3)
- CHEM 451 Instrumental Methods of Analysis (4)

Take one course chosen from the following:

- CHEM 361, 466

Take an additional 3 units of upper division chemistry electives including at least one unit of CHEM 496. CHE 330, 425, 430, or 475 may be used as chemistry electives.

Students are also advised to take one or more additional courses in mathematics, such as MATH 247, 364A, 370A, 380.

Bachelor of Arts in Chemistry (code CHEMBA01) (120 units)

The Bachelor of Arts degree program in chemistry is intended to provide a background in chemistry, but not in the depth required for a bachelor of science degree. This program, when complemented with study in other areas, will serve as preparation for a career in chemical and related industries or secondary science education. The bachelor of arts program is also an appropriate preparation for medical, dental, law, and pharmacy schools. Students may also wish to contact the Health Professions Advising Office in the Jensen Student Access to Sciences and Mathematics Center (FO5-109) for additional information and services. In order to take full advantage of the bachelor of arts program for various career objectives, adequate counseling by chemistry advisors is indispensable. Each student must confer with an advisor to set up his/her individually tailored program in chemistry and one or more complementary areas prior to beginning the course of study.

Chemistry majors must achieve a grade of "C" or better in each course required for the major.

Requirements

Lower Division:

Take all of the following courses:

- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- CHEM 251 Quantitative Analysis (4)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)

Select one pair from the following:

- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)
- or
- PHYS 151 Mechanics and Heat (4)
- PHYS 152 Electricity and Magnetism (4)

Upper Division:

Take all of the following courses:

- CHEM 320A Organic Chemistry (3)
- CHEM 320B Organic Chemistry (5)
- CHEM 331 Inorganic Chemistry (3)
- CHEM 420 Advanced Organic Chemistry Lab (3)
- CHEM 451 Instrumental Methods of Analysis (4)

Select one pair from the following:

- CHEM 371A Physical Chemistry (3)
- CHEM 371B Physical Chemistry (3)
- or
- CHEM 377A Fundamentals of Physical Chemistry (3)
- CHEM 377B Fundamentals of Physical Chemistry (3)

Take one course from the following:

- CHEM 361, 466

Take a minimum of 3 additional units chosen with advisor consultation from the following:

- CHEM 332, 373, 421, 431, 441A,B, 496

Students must consult an advisor to select additional courses to meet the student's individual goals and interests.

Bachelor of Science in Biochemistry (code CHEMBS02) (121 units)

This degree is intended to provide a rigorous background in chemistry and biochemistry for those planning for graduate study in biochemistry or other life sciences, or careers in biochemical and related industries. It is also an appropriate preparation for medicine, dentistry, pharmacy and clinical chemistry at the graduate level. Students must confer with an advisor to set up an appropriate program.

Biochemistry majors must achieve a grade of "C" or better in each course required for the major.

Requirements

Lower Division:

Take all of the following courses:

- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- CHEM 251 Quantitative Analysis (4)
- BIOL 211 Introduction to Evolution and Diversity (4)
- BIOL 212 Intro to Cell and Molecular Biology (4)
(BIOL 111, 111L, 212, 212L are required if courses were taken prior to catalog year 2010-11)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)

Select one pair from the following:

- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)
- or
- PHYS 151 Mechanics and Heat (4)
- PHYS 152 Electricity and Magnetism (4)

Upper Division:

Take all of the following courses:

- BIOL 340 Advanced Cell Biology (3)
- CHEM 320A Organic Chemistry (3)
- CHEM 320B Organic Chemistry (5)
- CHEM 441A Biological Chemistry (3)
- CHEM 441B Biological Chemistry (3)
- CHEM 443 Biological Chemistry Laboratory (3)

Select one of the following:

- CHEM 371A Physical Chemistry (3)
- CHEM 377A Fundamentals of Physical Chemistry (3)
(371A,B is recommended as preparation for graduate studies in biochemistry)

Select one of the following:

- CHEM 371B Physical Chemistry (3)
- CHEM 377B Fundamentals of Physical Chemistry (3)

Select one course from the following:

- CHEM 420 Advanced Organic Chemistry Lab (3)
- CHEM 451 Instrumental Methods of Analysis (4)

Select one of the following options:

- MICR 371 Microbial Genetics (3)
- MICR 372 Microbial Genetics Laboratory (2)
- or
- BIOL 370 General Genetics (4)

Take three additional units of elective chosen from:

- BIOL 445, 448, 473 and BIOL 342 plus 342L; CHEM 331, 373, 420, 421, 431, 451; MICR 452, 473

Take one course chosen from the following:

- CHEM 361, 466

Chemistry Concentration Single Subject Preliminary Credential in Chemistry (code 181)

The Chemistry Concentration meets the subject matter competence requirement for the Single Subject Preliminary Credential in Chemistry. Consult with an adviser in the Department of Science Education early to plan a program.

Prospective Chemistry teachers are required to complete 44 units of professional preparation in the Single Subject Credential Program, including student teaching. Professional preparation courses may be taken as early as the junior year. With careful planning, it is possible to complete many of the credential program courses, except for student teaching, as an undergraduate. Courses may also be started as post-baccalaureate student. Refer to the Single Subject Teacher Education section of this Catalog or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

The Chemistry Subject Matter Program is being revised to meet new state standards. When the revised program has been approved by the Commission on Teacher Credentialing, the new course requirements will be in effect and supersede current requirements.

Requirements

Lower Division:

Take all of the following courses:

- ASTR 100 Astronomy (3)
- BIOL 211 Introduction to Evolution and Diversity (4)
- BIOL 212 Intro to Cell and Molecular Biology (4)
- BIOL 213 Introduction to Ecology and Physiology (4)
(BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11)
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)
- CHEM 251 Quantitative Analysis (4)
- GEOL 102 General Geology (3)
- GEOL 104 Geology Laboratory (1)
- GEOL 160 Introduction to Oceanography (3)

Select one pair from the following:

- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)
- or
- PHYS 151 Mechanics and Heat (4)
- PHYS 152 Electricity and Magnetism (4)

Select one pair from the following:

- MATH 119A Survey of Calculus I (3)
- MATH 119B Survey of Calculus II (3)
- or
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)

Upper Division:

Take all of the following:

- CHEM 320A Organic Chemistry (3)
- CHEM 320B Organic Chemistry (5)
- CHEM 441A Biological Chemistry (3)
- CHEM 451 Instrumental Methods of Analysis (4)
- CHEM 496 Special Problems in Chemistry (1-3)
- SCED 403 Integrated Science (3)

Take one of the following:

- CHEM 431 Advanced Inorganic Chemistry (3)
- CHEM 441B Biological Chemistry (3)

Honors in Biochemistry or Chemistry

Students majoring in the B.S. in Biochemistry, B.S. in Chemistry, or B.A. in Chemistry who would like an enriched academic program including an intensive research experience may be eligible to graduate with Honors in the Major through the University Honors Program. Students may complete General Honors through the University Honors Program as well; in such cases the General Honors thesis requirement is met through Honors in the Major (see University Honors in this *Catalog*).

Chemistry majors must take additional coursework in biology beyond the minimum required for a chemistry degree.

The requirements for Honors in the Major also satisfies the requirements of a college-wide program, Honors in Biological Sciences, created with the support of a grant from the Howard Hughes Medical Institute. While Honors in the Major requires junior or senior standing, the college-wide program offers an enriched curriculum beginning in the freshman year, including a freshman seminar (BIOL 110H), a critical thinking course designed for science majors, and an introduction to bioinformatics (BIOL 220H). Interested students should contact the Honors in the major director or the Jensen Student Access to Sciences and Mathematics Center.

Requirements for Admission to Honors in the Major

1. Junior or senior standing with at least one year remaining before graduation.
2. Declared major of B.S. in Biochemistry, B.S. in Chemistry, or B.A. in Chemistry.
3. Submission of an application detailing interest in the program and willingness to commit to a year-long research experience.
4. Letter of recommendation from a CSULB faculty member familiar with the student's work.
5. Completion of BIOL 211, 212, 213 (BIOL 111, 111L, 212, 212L, 213, 213L are required if courses were taken prior to catalog year 2010-11) (or BIOL 211A,B); CHEM 251, 320A,B at time of entry with grades of at least "C" in each course. Students may apply during the semester in which they expect to complete these courses.
6. GPA of at least 3.00 in all courses in the major and in all upper division courses in the major.

Requirements for Graduation with Honors in the Major

1. GPA of at least 3.30 in all upper division courses in the major and in Honors courses.
2. Completion of all requirements for the B.S. in Biochemistry, B.S. in Chemistry, or B.A. in Chemistry.
3. Completion of BIOL/CHEM 466, Research Design and Methods - Honors (3 units).
4. Completion of 3 units CHEM 496, Undergraduate Directed Research.
5. Completion of 3 units of CHEM 498H, Senior Thesis - Honors.
6. Presentation of research results in a public forum. This requirement may be met by presentation at a scientific conference or at a local venue; consult the Honors in the Major advisor for additional information

Substitutions to this program must be approved by the Honors in the Major Advisor.

Minor in Chemistry (code CHEMUM01)

Requirements

The Minor in Chemistry is available to any non-Chemistry or non-Biochemistry major.

A minimum of 20 units of chemistry which must include:

CHEM 111A General Chemistry (5)

CHEM 111B General Chemistry (5)

A minimum of nine units must be taken from upper division chemistry courses.

There are three Organic Chemistry paths. Students may use courses from only one of the paths to meet the requirements of the minor.

CHEM 327 Fundamentals of Organic Chemistry (3)
or

CHEM 320A Organic Chemistry (3)

CHEM 320B Organic Chemistry (5)

or

CHEM 322A Organic Chemistry (3)

CHEM 322B Organic Chemistry (3)

CHEM 323A Organic Chemistry Laboratory (1)

CHEM 323B Organic Chemistry Laboratory (1)

The following are not acceptable towards the minor:

CHEM 100, 101, 105, 140, 302.

Concurrent and/or Summer Enrollment in Another College

Students who wish to take course work in a community or other college to meet curricular requirements while enrolled as undergraduates in the College of Natural Sciences and Mathematics must petition the appropriate department for approval prior to enrolling in specific courses. This policy applies to concurrent enrollment or summer enrollment. University policy must also be complied with; see "Concurrent Enrollment" and "Transfer of Undergraduate Credit" in this *Catalog*. Courses not receiving prior approval will not be accepted for credit by the Department.

Graduate Credit Earned as an Undergraduate Chemistry or Biochemistry Major

Graduate credit usually may not be earned in advance of the baccalaureate degree. However, based upon the recommendation of the Department Chairman and the Chairman of the Department Graduate Studies Committee, academic performance (a grade point average of 3.00 overall and 3.00 in the major), and promise of academic achievement in postgraduate study, a student in his/her senior year may be granted approval to earn a maximum of 12 units of course work in the 400 and 500 level taken at this University toward his/her prospective graduate program, subject to the following conditions:

1. The course work must be in addition to that required by the Department for the B.A. or B.S. degree in Chemistry or the B.S. degree in Biochemistry.
2. The undergraduate student must have a "Petition to Earn Credit in the Senior Year" approved by the appropriate Department Graduate Advisor, the Associate Dean for Graduate Accountability in the College of Natural Sciences and Mathematics, and the Dean of Graduate Studies.

Graduate Programs

Master of Science in Chemistry (code CHEMMS01)

Prerequisites

1. Acceptance as a graduate student by the Department of Chemistry and Biochemistry;
2. A bachelor's degree with a major in chemistry; or a bachelor's degree with undergraduate preparation in chemistry, physics and mathematics equivalent to that required for the bachelor's degree with a major in chemistry at this University. A student deficient in any of these courses must complete the course(s) as a graduate student. The courses that must be taken to make up those deficiencies will be determined by the Graduate Adviser in consultation with the Graduate Studies Committee. Students with majors in other areas may be considered for admission at the discretion of the Graduate Adviser.
3. Entering graduate students are required to take placement examinations as follows:

- at the beginning of the first semester of the M.S. program: student chooses to take one placement examination in analytical, inorganic, organic, physical or biochemistry.
- at the beginning of the second semester of the M.S. program, student takes another placement examination recommended by the Thesis Committee.

Under some circumstances with the approval of the Graduate Adviser, students may take both placement examinations at the beginning of the first semester.

Any student failing to pass a placement examination is required to complete with a minimum grade of "B" or better an appropriate course recommended by the Graduate Studies Committee. Usually the recommended courses are:

- CHEM 251 and/or 451 if the subject is analytical chemistry;
- CHEM 431 if the subject is inorganic chemistry;
- CHEM 320A and/or CHEM 320B if the subject is organic chemistry;
- CHEM 371A and/or 371B if the subject is physical chemistry;
- CHEM 441A and/or 441B if the subject is biochemistry.

4. The placement examinations are usually given on the Monday and Tuesday of the week preceding the first day of instruction. The Graduate Studies Committee evaluates the examination results and recommends appropriate courses to correct any deficiencies in chemistry. The Chemistry Graduate Adviser will meet with the student at this time to prepare a tentative degree program.
5. Entering students are required to select a research advisor within eight weeks following the first day of instruction. At this time the student and the advisor within eight weeks following the first day of instruction. At this time the student and the advisor will select two additional faculty members to serve on the Thesis Committee. In consultation with the Graduate Adviser, the Thesis Committee will meet before the end of the eleventh week of the semester and

plan a course of study with the student's thesis research. The research adviser and/or the Thesis Committee will determine which additional placement examination the student will take at the beginning of the second semester.

6. Each student shall prepare a thesis proposal in collaboration with the research advisor, stating the specific topic of the research and its significance, the specific objectives of the research, and the methods to be used. The student must obtain approval of the thesis proposal and must make a public presentation of the proposal by the end of the second semester in the MS program. Any major change in direction during the course of the research shall be subject to the approval of the Thesis Committee.

Advancement to Candidacy

The regulations governing each student's master's degree are those in effect at the time of the student's advancement to candidacy. The Department recommends advancement to candidacy after the graduate student has:

1. Either passed all the required placement examinations including those recommended by the Thesis Committee or achieved a grade of B or better in each course recommended by the Graduate Studies Committee for correcting the deficiencies;
2. Completed at least 6 units of courses on the proposed Graduate Program;
3. While in residence as a graduate student at this University, earned at least a 3.0 ("B") average in all upper division and graduate work, a 3.0 average in all CHEM courses, and a 3.0 average in all courses on the graduate program.
4. Fulfilled the Graduation Writing Assessment Requirement (GWAR);
5. Obtained approval of a graduate degree program by the Thesis Committee, the Graduate Adviser, the Department Chair (in consultation with the Graduate Studies Committee), and the Associate Dean in the College of Natural Sciences and Mathematics.

The criteria above should be met by the beginning of the third semester of graduate study. Deficient students may continue at the discretion of the Department Graduate Studies Committee.

Requirements

1. Advancement to candidacy;
2. Complete a minimum of 30 units including:
 - A. Take a minimum of nine units in chemistry lecture courses in the 500 series (excluding CHEM 595);
 - B. Take CHEM 595 Colloquium for a total of 2 or 3 units
 - C. Take both of the following:
 - CHEM 660 Seminar in Chemistry (1,1)
 - CHEM 698 Research and Thesis (4-6)
 - D. The following two courses may be used to complete the 30-unit requirement, but only to the maximum indicated:
 - CHEM 695 Directed Reading (1)
 - CHEM 697 Directed Research (1-6)
 - E. Additional 400- and 500-level science courses (excluding CHEM 595 and courses used to remove deficiencies) as recommended by the Thesis Committee and approved by the Graduate Adviser and the College's Associate Dean.

Changes in the above pattern of course requirements may be made only at the discretion of the Graduate Studies Committee and the Graduate Adviser subject to approval by the College's Associate Dean.

3. Completion of a written thesis, of publication quality, acceptable to the members of the thesis committee and a public presentation of the thesis research. The public presentation must be completed before the thesis is signed by the committee members.
4. A record of regular attendance at departmental seminars, poster sessions, thesis proposal presentations, and thesis defenses.
5. While not a requirement for the degree, students in the MS program normally gain experience teaching laboratory sections of Chemistry courses, as preparation for professionally related teaching activities in their future careers.

Master of Science in Biochemistry (code CHEMMS02)

Prerequisites

1. Acceptance as a graduate student by the Department of Chemistry and Biochemistry;
2. A bachelor's degree with a major in chemistry or biochemistry or one of the biological sciences. Students with majors in other areas may be considered for admission at the discretion of the Graduate Adviser. Prerequisite courses include CHEM 251, 320A,B or 322A,B, 377A,B, 441A,B, 443; MATH 122, 123; PHYS 100A,B or their equivalents and courses in general biology and cell/molecular biology. A student deficient in any of these courses must complete the course(s) as a graduate student.
3. Entering graduate students are required to take a placement examination in biochemistry at the beginning of the first semester of the MS program. A second placement examination in either organic chemistry or physical chemistry must be taken by the beginning of the second semester. Any student failing to pass a placement examination, is required to complete an appropriate course recommended by the Graduate Studies Committee with a minimum grade of "B" or better. Usually the recommended courses are:

CHEM 320A and/or CHEM 320B if the subject is organic chemistry.

CHEM (371A or 377A) and/or (371B or 377B) if the subject is physical chemistry.

CHEM 441A and/or 441B if the subject is biochemistry.

Under some circumstances, with the approval of the Graduate Adviser, students may take both placement examinations at the beginning of the first semester.

4. The placement examinations are usually given on the Monday and Tuesday of the week preceding the first day of instruction. The Graduate Studies Committee evaluates the examination results and recommends appropriate courses to correct any deficiencies in chemistry. The Biochemistry Graduate Adviser will meet with the student at this time to prepare a tentative degree program.
5. Entering students are required to select a research advisor within eight weeks following the first day of instruction.

At this time the student and the advisor will select two additional faculty members to serve on the Thesis Committee. In consultation with the Graduate Adviser, the Thesis Committee will meet before the end of the eleventh week of the semester and plan a course of study consistent with the student's thesis research. The research advisor and/or the Thesis Committee will require the student to take the second placement examinations (in organic or physical chemistry). A student who fails this examination is required to enroll in an appropriate course recommended by the Graduate Studies Committee.

6. Each student shall prepare a thesis proposal in collaboration with the research advisor, stating the specific topic of the research and its significance, the specific objectives of the research, and the methods to be used. The student must obtain approval of the thesis proposal and must make a public presentation of the proposal by the end of the second semester in the MS program. Any major change in direction during the course of the research shall be subject to the approval of the Thesis Committee.

Advancement to Candidacy

The regulations governing each student's master's degree are those in effect at the time of the student's advancement to candidacy. The Department recommends advancement to candidacy after the graduate student has:

1. Either passed all the required placement examinations including those recommended by the Thesis Committee or achieved a grade of B or better in courses recommended by the Graduate Studies Committee for correcting the deficiencies;
2. Satisfactorily completed at least 6 units of courses on the proposed Graduate Program;
3. While in residence as a graduate student at this University, earned at least a 3.0 ("B") average in all upper division and graduate work, a 3.0 average in all CHEM courses, and a 3.0 average in all courses on the graduate program.
4. Fulfilled the Graduation Writing Assessment Requirement (GWAR);
5. Obtained approval of a graduate degree program by the Thesis Committee, the Graduate Adviser, the Department Chair (in consultation with the Graduate Studies Committee), and the College's Associate Dean.

The criteria above should be met by the beginning of the third semester of graduate study. Deficient students may continue at the discretion of the Department Graduate Studies Committee.

Requirements

1. Advancement to candidacy;
2. Complete a minimum of 30 units including:
 - A. Take a minimum of nine units in chemistry lecture courses in the 500 series (excluding CHEM 595);
 - B. Take CHEM 595 Colloquium for a total of 2 or 3 units
 - C. Take both of the following:
CHEM 660 Seminar in Chemistry (1,1)
CHEM 698 Research and Thesis (4-6)
 - D. The following two courses may be used to complete the 30-unit requirement, but only to the maximum indicated:
CHEM 695 Directed Reading (1)
CHEM 697 Directed Research (1-6)

- E. The following courses taken either prior to or during the course of this program:
- 1) CHEM 451 Instrumental Methods of Analysis (4) (or the equivalent)
 - 2) at least one senior or graduate level course in cell/molecular biology or a related area.
- Credit earned in these courses may be included in the student's official program at the discretion of the Graduate Advisor.
- F. Additional 400- and 500-level science courses (excluding CHEM 595 and courses used to remove deficiencies) as recommended by the Thesis Committee and approved by the Graduate Advisor and the College's Associate Dean. Changes in the above pattern of course requirements may be made only at the discretion of the Graduate Studies Committee and the Graduate Advisor subject to approval by the College's Associate Dean.
3. Completion of a written thesis, of publication quality, acceptable to the members of the Thesis Committee and a public presentation of the thesis research. The public presentation must be completed before the thesis is signed by the committee members.
 4. A record of regular attendance at departmental seminars, poster sessions, thesis proposal presentations and thesis defenses.
 5. While not a requirement for the degree, students in the MS program normally gain experience teaching laboratory sections of Chemistry courses, as preparation for professionally related teaching activities in their future careers.

Courses (CHEM)

LOWER DIVISION

100. Chemistry and Today's World (4)

Prerequisite: One course from the Foundation (GE categories A1, A2, A3, and B2).

Introduction to basic principles of chemistry and a consideration of the benefits and problems arising from applications of chemistry. Discussions of foods and food additives, drugs, plastics, and other materials of everyday life, fuel sources, the atmosphere, and fresh water. Suitable for general education credit.

Not open for credit to chemistry or biochemistry majors or students with credit in CHEM 111A or CHEM 140. (Lecture 3 hrs., laboratory 3 hrs.) Course fee may be required.

101. Introduction to General Chemistry (4) F,S

Corequisite: MATH 112 or 113 or 117 or 119A or 122.

This course is a prerequisite to CHEM 111A for students who have not achieved a satisfactory score on the Chemistry Placement Examination. Basic principles and concepts including atomic structure, nomenclature and chemical calculations with emphasis on problem solving.

Does not count for General Education. Letter grade only (A-F). (Lecture 3 hrs., lab-problem session 3 hrs.) Course fee may be required.

105. Chemistry Explorations (1)

Prerequisite: A general education math class, which may be taken concurrently.

Central concepts of chemistry, including states of matter, atomic structure, periodic properties, chemical compounds and reaction energy, and equilibrium, illustrated with a series of experiments.

Intended for students in the Integrated Teacher Education Program (ITEP).

(Laboratory 3 hours). Course fee may be required.

111A. General Chemistry (5)

Prerequisites: A passing score on the Chemistry Placement Examination within the preceding year or a grade of "C" or better in CHEM 101; MATH 112 or 113 or 117 or 119A or 122. One year of high school chemistry is strongly recommended. (Recommended for students who intend to pursue careers in science or engineering.)

First semester of a two-semester sequence (CHEM 111A and 111B). Introduction to principles of chemistry including chemical reactions, stoichiometry, thermochemistry, electronic structure, bonding, and properties of solids, liquids, gases, and solutions.

(Lecture 3 hrs., laboratory and problem session 6 hrs.) Course fee may be required.

111B. General Chemistry (5)

Prerequisite: CHEM 111A with a grade of "C" or better.

Second semester of a two-semester sequence (CHEM 111A and 111B). Continuation of chemical principles, applications of bonding theories of inorganic molecules, trends and reactivities of elements and their compounds, chemical equilibrium, kinetics and qualitative inorganic analysis. Solving aqueous equilibrium problems are emphasized.

(Lecture 3 hrs., lab and problem solving sessions 6 hrs.) Course fee may be required.

140. General, Organic, and Biochemistry (5)

Prerequisites: A GE math course (may be taken concurrently); high school chemistry or equivalent.

This one-semester course encompasses general chemistry, organic chemistry, and biochemistry. Meets chemistry requirement for pre-nursing curriculum.

(Lecture 3 hrs; problem solving session 1 hr., and laboratory 3 hrs.) Course fee may be required.

251. Quantitative Analysis (4)

Prerequisite: CHEM 111B with a grade of "C" or better. It is strongly recommended that CHEM 251 be taken within one calendar year of CHEM 111B.

Introduction to techniques and theory of gravimetric and volumetric analysis, spectrophotometry, potentiometry, and chromatography.

(Lecture 2 hrs., laboratory 6 hrs.) Course fee may be required.

UPPER DIVISION

302. Survey of Biochemistry (3) F,S

Prerequisites: A minimum of 3 units of university-level general and organic chemistry with grade of "C" or better.

Study of the chemistry, structures, metabolic reactions and functions of the major classes of biochemical compounds. Does not meet the requirements of medical or dental schools.

Does not count for General Education credit. (Lecture 2 hrs., discussion 1 hr.)

320A. Organic Chemistry (3)

Prerequisite: CHEM 111B with a grade of "C" or better. CHEM 251 is recommended.

First semester of two-semester sequence (CHEM 320A and 320B). Sequence meets requirements for medical and dental schools. Emphasis is upon application of modern principles of structure, reactivity, methods of synthesis, physical properties and spectroscopy. (Lecture 3 hrs., discussion 1 hr.)

320B. Organic Chemistry (5)

Prerequisite: CHEM 320A with a grade of "C" or better.

Second semester of two-semester sequence (CHEM 320A and 320B). Continuation of study of organic chemistry including chemistry of compounds containing more than one functional group, bioorganic molecules, and special topics.

(Lecture 3 hrs., laboratory 6 hrs.) Course fee may be required.

320L. Organic Chemistry Laboratory (2) F,S

Prerequisites: Completion at an accredited institution of coursework equivalent to CHEM 322B, and consent of the Department.

CHEM 320L is identical to the laboratory component of CHEM 320B. Not open to students with credit in CHEM 320B. Letter grade only (A-F). (Laboratory 6 hrs.) Course fee may be required.

322A. Organic Chemistry (3) F,S

Prerequisite: CHEM 111B with a grade of "C" or better. Concurrent enrollment in CHEM 323A required except for students who have previously earned a "C" or better in CHEM 323A.

First of a two-semester sequence (CHEM 322A,B) for biological sciences majors. Sequence meets requirements for medical and dental schools. Emphasizes concepts of organic chemistry necessary to understand structures and transformations of biomolecules. Not applicable to a degree in chemistry.

Letter grade only (A-F). (Lecture 3 hrs.)

322B. Organic Chemistry (3) F,S

Prerequisites: CHEM 322A and CHEM 323A, both with a grade of "C" or better. Concurrent enrollment in CHEM 323B required except for students who have previously earned a "C" or better in CHEM 323B.

Second semester of two-semester sequence (CHEM 322A and 322B) for biological sciences majors. Continuation of the study of organic reactions with emphasis on the chemistry of metabolism. Not applicable to a degree in chemistry.

Letter grade only (A-F). (Lecture 3 hrs.)

323A. Organic Chemistry Laboratory (1) F,S

Prerequisite: CHEM 111B with a grade of "C" or better. Concurrent enrollment in CHEM 322A required except for students who have previously earned a "C" or better in CHEM 322A.

Introduction to organic laboratory techniques. Not applicable to a degree in chemistry.

Letter grade only (A-F). (Laboratory 3 hrs.)

323B. Organic Chemistry Laboratory (1) F,S

Prerequisites: CHEM 322A and CHEM 323A, both with a grade of "C" or better. Concurrent enrollment in CHEM 322B required except for students who have previously earned a "C" or better in CHEM 322B.

Synthesis and characterization of organic and bioorganic compounds. Not applicable to a degree in chemistry.

Letter grade only (A-F). (Laboratory 3 hrs.)

327. Fundamentals of Organic Chemistry (3) F,S

Prerequisite: CHEM 111A with a grade of "C" or better; CHEM 111B is recommended.

Lecture course in chemistry of the carbon compounds.

Not applicable to a degree in chemistry. (Lecture 3 hrs.)

331. Inorganic Chemistry (3)

Prerequisites: CHEM 111B, 251.

Introduction to coordination chemistry, solid-state chemistry, and reactions of transition metals.

Letter grade only (A-F). (Lecture 3 hrs.)

332. Inorganic Chemistry Laboratory (2)

Prerequisite: CHEM 331 (may be taken concurrently).

Synthesis, characterization, and manipulation of inorganic compounds and materials.

Letter grade only (A-F). (Laboratory 3 hrs.)

361. Chemical Communications (3)

Prerequisites: Completion of General Education Foundation, concurrent or previous enrollment in CHEM 320A.

Using the chemical literature. Writing technical reports for various purposes. Oral presentation of chemical information. Course includes extensive writing.

Letter grade only (A-F). (Seminar 3 hrs.)

371A. Physical Chemistry: Thermodynamics and Kinetics (3) F

Prerequisites: CHEM 251, MATH 123, PHYS 152 (all with a grade of "C" or better), MATH 224 (may be taken concurrently).

Half of the two semester physical chemistry package. The two courses, CHEM 371A,B, may be taken in either order. Principles and applications of classical thermodynamics; introduction to chemical kinetics.

Letter grade only (A-F). (Lecture 3 hrs.)

371B. Physical Chemistry: Quantum Mechanics and Spectroscopy (3) S

Prerequisites: CHEM 251, MATH 123, PHYS 152 (all with a grade of "C" or better), and MATH 224 (may be taken concurrently).

Half of the two semester physical chemistry package. The two courses CHEM 371A,B may be taken in either order. Principles and applications of quantum chemistry, spectroscopy, and statistical thermodynamics.

Letter grade only (A-F). (Lecture 3 hrs.)

373. Physical and Inorganic Chemistry Laboratory (3) S

Prerequisites: CHEM 251, CHEM 371A or CHEM 377A or 377B, all with a grade of "C" or better. Corequisite: CHEM 371B.

Introduction to basic physico-chemical experimental techniques with applications to principles discussed in CHEM 371A,B and CHEM 377A,B.

Letter grade only (A-F). (Lecture 1 hr., laboratory 6 hrs.)

377A. Fundamentals of Physical Chemistry (3) F,S

Prerequisites: CHEM 251, MATH 122, PHYS 100B or 152 (all with a grade of "C" or better), and MATH 123 (may be taken concurrently).

Half of the two semester physical chemistry package with a biochemical emphasis. The two courses CHEM 377A,B may be taken in either order. Principles of physical chemistry emphasizing thermodynamics and chemical kinetics. Biological and environmental science examples used to illustrate principles.

Letter grade only (A-F). (Lecture 3 hrs.)

377B. Fundamentals of Physical Chemistry (3) F,S

Prerequisites: CHEM 251, MATH 122, PHYS 100B or 152 (all with a grade of "C" or better), MATH 123 (may be taken concurrently).

Half of the two semester physical chemistry package with a biochemical emphasis. The two courses CHEM 377 A,B may be taken in either order. Principles of physical chemistry with emphasis on molecular structure and spectroscopy.

Letter grade only (A-F). (Lecture 3 hrs.)

420. Advanced Organic Chemistry Laboratory (3)

Prerequisites: CHEM 251, 320B, and either CHEM 361 or 466.

Synthesis and characterization of organic compounds. Organic structures analyzed through interpretation of spectral data. Emphasis on use of high field NMR, mass spectrometry, IR, and UV. Applications of modern separation techniques.

In addition to regularly scheduled lectures, students are expected to attend three hours of lecture on use of chemical literature. Letter grade only (A-F). (Lecture 1 hr., laboratory 6 hrs.) Course fee may be required.

421./521. Physical Organic Chemistry (3) F

Prerequisites: CHEM 320B with a grade of "C" or better; CHEM 371B or 377B (may be taken concurrently). (Undergraduates enroll in CHEM 421; graduates enroll in CHEM 521.)

Theoretical interpretation of chemical and physical properties of organic compounds: mathematical derivations of rate equations from experimental results, quantitative comparison of organic compounds reactivities, mathematical correlations of structure and properties. Solving problems relating to reaction mechanisms to described factors.

(Lecture 3 hrs.)

431. Advanced Inorganic Chemistry (3) F

Prerequisites: CHEM 331, 371B, both with a grade of "C" or better.

Quantitative study of chemical bonding in inorganic molecules emphasizing on molecular orbital theory. Transition metal chemistry including coordination chemistry, ligand field theory, spectroscopy applications to structural analysis of inorganic molecules, and review of properties and reactivities of elements and their compounds.

Letter grade only (A-F). (Lecture 3 hrs.)

441A. Biological Chemistry (3)

Prerequisite: Either CHEM 320B or both CHEM 322B and 323B with a grade of "C" or better; a biology or microbiology course is recommended.

First semester of a two-semester sequence (CHEM 441A and 441B) in biochemistry. Chemical and mathematical treatment of energetics and kinetics of reactions in living systems, including chemistry and metabolism of carbohydrates and chemistry of proteins.

Letter grade only (A-F). (Lecture 3 hours)

441B. Biological Chemistry (3)

Prerequisite: CHEM 441A with a grade of "C" or better.

Second semester of two-semester sequence (CHEM 441A and 441B) in biochemistry. Metabolism of lipids, proteins, and nucleic acids, and other advanced topics in metabolism.

Letter grade only (A-F). (Lecture 3 hours)

443. Biological Chemistry Laboratory (4)

Prerequisites: CHEM 251, 441B; and either CHEM 361 or 466; all with a grade of "C" or better.

Theory and practice of laboratory techniques used in biochemical research.

(Lecture 1 hr., laboratory 9 hrs.) Course fee may be required.

448. Fundamentals of Biological Chemistry (3)

Prerequisites: CHEM 327 OR 322B either with a grade of "C" or better.

Major principles of biochemistry including metabolic processes, biological control and regulatory processes, nutrition and chemical energetics and kinetics of animals, plants and microorganisms. Emphasis on major concepts and problem solving.

Not open to chemistry majors. Not open for credit to students with credit in CHEM 441A,B.

(Lecture 3 hrs.)

449. Nutritional Biochemistry Laboratory (3)

Prerequisite: CHEM 448 with a grade of "C" or better.

Analytical and biochemical analyses of foodstuffs and other compounds of biochemical interest.

(Lecture 1 hr., laboratory 6 hrs.) Course fee may be required.

451. Instrumental Methods of Analysis (4)

Prerequisites: CHEM 251; 371B or 377B; 361 or 466; all with a grade of "C" or better or consent of instructor.

Theory and application of instrumental methods to chemical problems. Includes measurement basics, atomic and molecular spectroscopy, electroanalytical chemistry, separation methods, surface analysis, and statistical evaluation of analytical data.

Letter grade only (A-F). (Lecture 2 hrs., laboratory 6 hrs.) Course fee may be required.

466. Research Design and Methods (3) S

Prerequisites: BIOL 211, 212, 213, either BIOL 260 or CHEM 251, CHEM 320A,B or CHEM 322A,B and CHEM 323A,B all with a grade of "C" or better; completion of the GE Foundation; a GPA of at least 3.0 in the major; and consent of the instructor. At least one unit of BIOL 496 or CHEM 496.

Corequisites: At least one unit of BIOL 496 or CHEM 496.

Introduction to hypothesis testing, experimental design, methodological and technical procedures for experimentation, grant

writing, and techniques for written and oral presentation of research results. Research paper and oral presentation required.

Not open for credit to students with credit in BIOL 466H or CHEM 466H. Letter grade only (A-F). Same course as BIOL 466. (Lecture 3 hours).

480./580. Biomolecular Modeling and Simulation (3)

Prerequisites: CHEM 320A or CHEM 322A, MATH 123 (may be taken concurrently), and PHYS 100B or 152, all with a grade of C or better.

The study of biomolecular phenomena using computer-based modeling and simulation techniques with varying degrees of resolution, including development and validity of molecular models.

Letter grade only (A-F). (Lecture 3 hrs.)

496. Special Problems in Chemistry (1-3)

Prerequisite: Consent of instructor.

Problems selected for considered and mature analysis. A written report required.

May be repeated to a maximum of 6 units (Independent Study).

Letter grade only (A-F).

498H. Senior Thesis – Honors (1-3)

Prerequisites: CHEM 466; at least one unit of CHEM 496 with a grade of "A"; admission into the Honors in Chemistry program, and consent of instructor.

Planning, preparation, and completion of thesis based on a research project in chemistry or biochemistry.

Letter grade only (A-F). Not available to graduate students.

499. Directed Reading (1)

Survey of chemical literature on some topic of current interest under supervision of a faculty member. Preparation of a written report based on readings.

Not open for credit to graduate students.

GRADUATE LEVEL

521./421. Physical Organic Chemistry (3) F

Prerequisites: CHEM 320B with a grade of "C" or better; CHEM 371B or 377B (may be taken concurrently). (Undergraduates enroll in CHEM 421; graduates enroll in CHEM 521.)

Theoretical interpretation of chemical and physical properties of organic compounds: mathematical derivations of rate equations from experimental results, quantitative comparison of organics compounds reactivities, mathematical correlations of structure and properties. Solving problems relating to reaction mechanisms to described factors.

(Lecture 3 hrs.)

522. Special Topics in Organic Chemistry (3)

Prerequisite: CHEM 421 or 521 or consent of instructor.

Areas of current interest in organic chemistry.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 3 hrs.)

531. Advances in Inorganic Chemistry (3)

Prerequisite: CHEM 431 or consent of instructor.

Current topics and advances in inorganic chemistry.

May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F). (Lecture 3 hrs.)

542. Special Topics in Biochemistry (3)

Prerequisite: CHEM 441B or consent of instructor.

Intensive discussion of a limited aspect of biochemistry with reference to current literature. Course content will vary from year to year.

May be repeated to a maximum of 6 units with consent of Graduate Advisor. Letter grade only (A-F). (Lecture 3 hrs.)

544. Physical Biochemistry (3)

Prerequisites: Either CHEM 371B or 377B, or consent of instructor and CHEM 441B.

Physical chemical aspects of protein and nucleic acid chemistry and related analytical methods.

Letter grade only (A-F). (Lecture 3 hrs.)

546. Protein Structure and Function (3)

Prerequisites: CHEM 371B or 377B, CHEM 441A, or consent of instructor.

Principles of protein structure, folding, and function. Includes techniques used for the production, isolation and characterization of proteins.

Letter grade only (A-F). (Lecture 3 hrs)

547. Biochemistry of Nucleic Acids (3)

Prerequisites: CHEM 441A,B or consent of instructor.

Gene expression with emphasis on regulatory mechanisms. Analytical techniques for isolation, purification, and characterization of nucleic acids.

Letter grade only (A-F). (Lecture 3 hrs.)

548. Cell Membranes (3)

Prerequisites: CHEM 441A, BIOL 370, and BIOL 340.

Examination of modern membrane biochemistry. May include membrane structure and transport, phospholipids sorting, vesicular transport, membrane coat protein structure and function, and membrane-dependent signal transduction.

Letter grade only (A-F). (Lecture 3 hrs.)

552. Special Topics in Analytical Chemistry (3)

Prerequisite: CHEM 451 or consent of instructor.

Including electrochemical measurements, chromatographic techniques, spectroscopic techniques, radiochemical analysis and basic electronic components of instrumentation. Emphasizing the chemical principles involved, utility and limitations of each method. Includes trace analysis of water and air.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F). (Lecture 3 hrs.)

572. Advanced Physical Chemistry (3)

Prerequisite: CHEM 371B or consent of instructor.

Special topics in physical chemistry.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F). (Lecture 3 hrs.)

580./480. Biomolecular Modeling and Simulation (3)

Prerequisites: CHEM 320A or CHEM 322A; MATH 123 (may be taken concurrently); and PHYS 100B or 152, all with a grade of C or better.

The study of biomolecular phenomena using computer-based modeling and simulation techniques with varying degrees of resolution, including development and validity of molecular models.

Letter grade only (A-F). (Lecture 3 hrs.)

595A. Colloquium in Biochemistry (1)**595B. Colloquium in Organic Chemistry (1)****595C. Colloquium in Analytical, Physical and Inorganic Chemistry (1)**

Prerequisite: Graduate standing or consent of instructor.

Discussion of advances as reported in recent literature. Provides experience in library use, organization, presentation, and critical evaluation of the chemical literature.

May be repeated to a maximum of 3 units (not more than a total of 3 units may be earned in any combination of CHEM 595 courses).

Letter grade only (A-F). (Seminar 1 hr.)

660. Seminar in Chemistry (1)

Weekly meetings for presentation and discussion of advanced work in special fields including original research by faculty and graduate students.

Credit/No Credit grading only. (Seminar 1 hr.) May be repeated to a maximum of 2 units.

695. Directed Reading (1)

Survey of information in chemical literature on a current research topic, under direction of a faculty member. Written report prepared from these readings.

Letter grade only (A-F).

697. Directed Research (1-6)

Prerequisite: Arrangement with instructor.

Laboratory work supervised on an individual basis. A written report will be required.

Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters.

698. Research and Thesis (1-6)

Prerequisites: Advancement to candidacy for M.S. in Chemistry or M.S. in Biochemistry and arrangement with instructor.

Planning, preparation and completion of a thesis in chemistry or biochemistry.

CHICANO AND LATINO STUDIES

College of Liberal Arts

Department Chair: Luis Arroyo

Department Office: Faculty Offices (FO) 3-300

Telephone: (562) 985-4644

Faculty: Luis Arroyo, Juan Benitez, Antonia Garcia-Orozco, Jose Lopez (Emeritus), Jose Moreno, Rigoberto Rodriguez, Victor Rodriguez, Clarissa Rojas, Anna Sandoval

Department Secretary: Esperanza Contreras

Students desiring information should contact the department office for referral to the academic advisor.

Academic Advisor: Anna Sandoval

Career Possibilities

Social Scientist • Archivist • Social Worker • Journalist • Counselor • Teacher • Public Relations Consultant • Law • Community Organizer • School Administrator • Linguist • Parole Officer • Probation Officer • Editor • Writer • Urban/Regional Planner • Public Policy Administrator • Foreign Policy Officer • Researcher (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Chicano and Latino Studies (code CHLSBA01) (120 units)

Requirements

Lower Division (6 units):

Take the following:

CHLS 105 Identity and Assimilation in Chicano Life (3)

Take one of the following:

CHLS 100 Introduction to Chicano & Latino Studies (3)

CHLS 101 Introduction to Chicano & Latino Life (3)

Upper Division (33 units)

Take the following core:

CHLS 300 Chicano History (3)

CHLS 310 Chicano Thought (3)

CHLS 350 The Latino Population in the U.S. (3)

CHLS 498 Senior Colloquium (3)

Take 21 units of electives from the following:

Cultural Studies:

CHLS 315, 330, 341, 342, 380, 381, 390I, 395, 420, 450A, 450B, 450I, 490, 499

Social Inquiry:

CHLS 319, 320, 335I, 340, 352, 362, 400, 415, 421, 430, 470I, 490, 499

Departmental Language Requirement:

Take one of the following options:

1. Two years of college Spanish;
2. Successful completion of SPAN 250 Spanish for Bilinguals (6)
3. A score of 4 or above on the high school advanced placement exam in Spanish language or literature;
4. Successful completion of a proficiency exam.

Special Track

In addition to the general major in Chicano and Latino Studies, the department also offers a program for students who wish to complete a Special Track major in Chicano and Latino Studies. Within the Special Track, students may receive up to a maximum of 18 units of credit for upper division Chicano and Latino Studies related course work taken from other disciplines. Students wishing to pursue the Special Track major must develop an approved program of study in consultation with the Chicano and Latino Studies Department academic advisor.

The Special Track consists of 39 units total, 30 of which must be upper division, including the following:

Lower Division (9 units):

Take all the following:

CHLS 100 Introduction to Chicano & Latino Studies (3)

CHLS 101 Introduction to Chicano & Latino Life (3)

CHLS 105 Identity and Assimilation in Chicano Life (3)

Upper Division (12 units):

Take all of the following:

CHLS 300 Chicano History (3)

CHLS 310 Chicano Thought (3)

CHLS 350 The Latino Population in the U.S. (3)

CHLS 498 Senior Colloquium (3)

Special Track: A maximum of 18 units of upper division course work from related fields, selected with the approval of the Chicano and Latino Studies Department advisor.

Language Requirement: The language requirement may be met by one of the following options: 1) Two years of college Spanish; 2) Successful completion of SPAN 250 (Spanish for Bilinguals); 3) A score of 4 or above on the high school advanced placement exam in Spanish language or literature; 4) Successful completion of a proficiency exam.

Minor in Chicano and Latino Studies (code CHLSUM01)

Prerequisite

Proficiency In Spanish which may be met by one of the following options:

1. Two years of college Spanish;
2. Successful completion of SPAN 250 Spanish for Bilinguals (6)
3. A score of 4 or above on the high school advanced placement exam in Spanish language or literature;
4. Successful completion of a proficiency exam.

Requirements

Upper Division:

Take the following core:

CHLS 300 Chicano History (3)

CHLS 310 Chicano Thought (3)

CHLS 350 Latino Population in the United States (3)

CHLS 498 Senior Colloquium (3)

Take 12 units selected from the following courses:

Cultural Studies:

CHLS 315, 330, 390I, 395, 341, 342, 380, 381, 420, 490, 499

Social Inquiry:

CHLS 319, 320, 335I, 340, 352, 362, 400, 415, 421, 430, 470I, 490, 499

Certificate in Chicano and Latino Studies (code CHLSCT01)

Courses used to meet this certificate requirement may be counted also, where applicable, toward the General Education requirements and the degree or credential requirements of the cooperating departments.

Requirements

1. A bachelor's degree with a major in another discipline;
2. A minimum of 24 units distributed as follows:

Take the following core:

CHLS 300 Chicano History (3)
CHLS 310 Chicano Thought (3)
CHLS 350 Latino Population in the United States (3)
CHLS 498 Senior Colloquium (3)

Take 12 units selected from the following:

Cultural Studies:

CHLS 390I, 395, 341, 342, 380, 381, 420, 490, 499

Social Inquiry:

CHLS 315, 319, 320, 335I, 340, 352, 362, 400, 415, 421, 430, 470I, 490, 499.

Courses (CHLS)

LOWER DIVISION

1. Writing Skills (3)

Prerequisite: Students who score 147 or below on the English Placement Test and who have not taken equivalent courses in another department are eligible for enrollment in this course.

Basic course in writing, offering intensive practice in every stage of the writing process. Writing strategies at the level of word, sentence, and paragraph. Methods for developing and organizing ideas in coherent essays. Conventional mechanics, spelling, and grammar. Also for bidialectal and ESL students.

Does not count toward graduation, but does count toward course load. Credit/No Credit grading only.

100. Introduction to Chicano and Latino Studies (3)

Prerequisite or Corequisite: One course from GE category A2.

An introductory-level course which acquaints students with the social, political, economic and historic aspects of the Latino experience and examines how they are reflected through various and diverse forms of cultural expression in the United States.

Letter grade only (A-F).

101. Introduction to Chicano/a and Latino/a Life (3)

Examination of four themes: 1) the cultural formation and transformation of Chicano/Latino communities; 2) the role of women in shaping Chicano/Latino culture; 3) Chicano/Latino music and visual art; 4) Mexican and Latino immigrants in American culture.

104. Composition (3)

Prerequisites: A recorded total score of 151 or above on the English Placement test, or credit in CHLS 1 (or its equivalent) or consent of the instructor.

Writing, revising, and editing non-fiction prose, with emphasis on

exposition and argument. Critical reading strategies for research. Satisfies the baccalaureate degree requirement for one course in written composition in English. Also for bidialectal and ESL students.

Not open for credit to students with credit in ENGL 100W, ENGL 100, ASAM 100, B/ST 100. Letter grade only (A-F).

105. Identity and Assimilation in Chicano and Latino Life (3)

Prerequisite or corequisite: One course from GE category A2.

Explores, comparatively, the development of Chicano-Latino identities through a survey of social scientific, historical and literary sources from Mexican American and Latino regional cultures, tracing the development of societal divisions based on gender, race, ethnicity and class categories.

150. Introduction to Chicano Literary Studies (3)

Prerequisite or Corequisite: One course from GE category A1.

Introductory survey course in Chicano and Latino literature covering traditional and contemporary literary styles and forms from selected translated Chicano and Latino readings.

Letter grade only (A-F). Not open for credit to students with credit in CHLS 205.

215. U.S. Diversity and the Ethnic Experience (3)

Prerequisites: Open only to Integrated Teacher Education Program students.

Survey of four major ethnic groups (American Indians, African American, Latino American, and Asian American) in American society from the colonial era to the present. Special attention to the formation and transformation of each ethnic group and their individual and collective roles in the development of the United States.

Same course as AIS 215, ASAM 215, AFRS 215. Not open for credit to students with credit in AFRS 215, AIS 215, ASAM 215, B/ST 215. Departments take turns offering the course in the Fall semester. Letter grade only (A-F).

224. Introduction to Mexican Culture through its Music (3)

Prerequisite: The completion of GE Foundation requirements.

Covers the development of Mexican culture through its music from pre-Hispanic time to the present. The scope of the class includes the development of the relationship between Mexico's political history, and its music.

Letter grade only (A-F).

230. Chicano Community Organization (3)

Analysis of Chicano community groups; emphasis on development of community organizational techniques.

258. Introduction to Cultures of Latin America and the Caribbean through Music (3)

Prerequisite: Completion of GE Foundations requirements.

Introduction to Latin America and Caribbean cultures through music from the pre-Hispanic era to the present. The course will focus on the historical, geographical, and political contexts of various Latin American and Caribbean musical genres.

Letter grade only (A-F).

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. Chicano History (3)

Prerequisites: Completion of GE Foundation requirements.

Chicanos in the settlement and development of the Southwest and in contemporary U.S. society; Chicano experience as a U.S. minority group; emerging civil rights movement of La Raza.

Letter grade only (A-F). Same course as HIST 370. Not open for credit to student with credit in HIST 370.

310. Chicano Thought (3)

Study of the ideas, philosophies and events affecting Chicano life; identification and examination of the Chicano world view, of a Chicano reality.

315. Contemporary Indigenous Peoples of Aztlan and Latin America (3)

Contemporary Indigenous Nations Studies of Latin and US America focused on the Aztec, Pueblo, Taino, Maya, Pipil, Aymara, Chichacoq/Latino and Mauri in transnational contexts. Uses international indigenous film, literature, performance, history, economic, diasporic, gender, Chicano/Latino, and American Indian studies approaches.

Same class as AIS 315.

319. The Ethnic Experience in the U.S. (3)

Prerequisite: Completion of GE Foundation requirements.

Examination of the dynamics of the development of our multicultural society, emphasizing study of the four distinct ethnic strands of American society (Asian American, Black American, Mexican American, and American Indian) and their role in the maintenance of cultural diversity in the United States.

Same course as AIS 319, ASAM 319, AFRS 319, W/ST 319. Not open for credit to student with credit in AFRS 319, AIS 319, ASAM 319, B/ST 319, W/ST 319. (Lecture/Discussion.)

320. Wealth and Poverty in Latino Communities (3)

Introduction to the interlocking processes of creating wealth and producing poverty in the context of Latino communities in the United States. The focus will be comparative and will critically examine theories used to explain poverty and wealth. Letter grade only (A-F).

330. Critical Issues in Chicana and Latina Studies (3)

Prerequisite: Upper division standing or consent of instructor.

Introduces students to four critical themes in contemporary Chicana and Latina feminist scholarship: (1) power and resistance; (2) the construction of work, family, and culture; (3) cultural representations/presentations; and (4) social and biological reproduction.

335I. Asian and Latino Immigration Since World War II (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Examines the causes of massive Asian and Latino immigration as well as major contemporary issues in the Asian and Latino communities.

Same course as ASAM 335I. Not open for credit to student with credit in ASAM 335I. (Lecture and discussion 3 hours)

340. Latino Education in the U.S. (3)

Survey of Latinos in the U.S., including topics such as immigration, settlement patterns, employment, family, language and culture. Emphasis is on racism and the intersections of class and gender and the heterogeneity of the Latino population.

Letter grade only (A-F).

341. Asian American and Chicano/Latino Cinema (3)

Prerequisites: Completion of the Foundation courses. A team-taught course that explores connections between Asian American and Chicano/Latino cinema, with emphases given to grounding issues presented in films within historical, literary, and cultural studies frameworks.

Same course as ASAM 341. Not open for credit to students with credit in CHLS 403 or ASAM 341.

342. Chicano, Filipinos, and Popular Cultures (3)

Prerequisites: Completion of the Foundation courses and upper-division status.

This course is a team-taught seminar that explores the historical roots of politics of expressive and cultural practices among Chicanos and Filipinos. Special attention will be paid to themes of resistance, gender, migrations, imperialism, hybridity, and post-colonial identities and transformations.

Same course as ASAM 342. Not open for credit to student with credit in ASAM 342.

350. The Latino Population in the United States (3)

Prerequisite: Completion of GE Foundation requirements.

Survey of the comparative historical, transnational, cultural and socio-economic experience (including class, gender, immigration and settlement patterns) of the various Latino sub-groups in the United States.

Letter grade only (A-F). Same course as SOC 340.

352. Central American and Caribbean Peoples in California (3)

Survey of the socioeconomic conditions and cultural life of the Central American and Spanish-speaking Caribbean communities in California, such as Salvadoran, Guatemalan, Puerto Rican, and Cuban communities. Similarities and differences with the Mexican-American community will be examined.

Same course as SOC 341. Not open for credit to student with credit in SOC 341.

362. Chicanos and the Law (3)

Analysis of the relationship of the Chicano to the U.S. legal and judicial system. Topics include traditional sociological and criminological theories of Chicano criminality, the Pachuco image, and Chicano experiences with the police and correctional institutions.

Letter grade only (A-F).

380. Chicano/Latino Theatre (3)

Prerequisite: Upper Division Status

Explores evolution of Chicano/a-Latino/a Theatre within sexual/ethnic/cultural identity context. Comprehensive analysis of theatrical texts and performance arts developed from Pre-Cuauhtemoc to contemporary Chicano/a-Latino/a playwrights.

381. Chicano/Latino Studio (3)

Praxis of Chicano/Latino narrative, spoken-word and performance art within an intertextual context. Stresses application of performance techniques from Pre-Cuauhtemoc to contemporary Chicana/Latina playwrights and performance artists.

390I. The "Hispanic" Southwest: Historical and Literary Images (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Critical, interdisciplinary examination of the portrayals of Latinos in selected historical and literary texts by Euro-American authors.

395. Latino Cultural Images in Film (3)

Critical, interdisciplinary examination of selected Latino cultural traits and values as these are depicted in motion pictures, documentaries, and other film genres.

400. Chicana/o and Latina/o Politics in the U.S. (3)

Prerequisites: Upper division Standing and completion of G.E. Foundation courses.

Interdisciplinary introduction to the history, theories, ideologies, strategies and public policy issues by which Chicanas/os and Latinas/os have struggled to achieve power and social mobility in the United States.

Letter grade only (A-F).

415. Latina Women in the United States (3)

Prerequisite: Junior standing or consent of instructor.

Examines cultural, political, economic, and sexual forces that mold Latina women. Focus on cultural stereotypes, class, gender, identity, sexuality, and politics of race.

Same course as WST 320.

420. Chicano Heritage in the Arts of Mexico and the Southwest (3)

Historical and philosophical analysis of Indian Mestizo and Chicano plastic arts, music and dances as a way to understand the Chicano heritage.

421. Street Gangs in Comparative Perspective (3)

Analyzes the relationships of the Chicano gangs with African American, the South East Asian, and the White street gangs across the United States. Structural forces such as proletariat socialization, patriarchy traditions and problems revolving around gender identity are examined.

Letter grade only (A-F).

430. The Latino Transnational Experience in the Caribbean: Empire, Reform and Revolution (3)

Interdisciplinary introduction to political, economic and social processes since the Spanish American War in the Hispanic Caribbean. This course will focus on the relationship of imperialism, migration and diasporic communities in the United States.

Letter grade only (A-F).

450A. Latinas and Revolution: Central America and Late 20th Century Mexico (3)

Prerequisite/Corequisite: ENGL 100 and upper division status or consent of instructor.

Examines how war and struggles for democracy shape the social consciousness and political activism of Latinas. Uses literature, film, history, and political theory to examine the role of violence in women's lives, community organizing, and the conceptualization of a pan-Latina feminist movement.

Letter grading only (A-F). Same course as W/ST 445A. Not open for credit to student with credit in W/ST 445A

450B. Latinas and Revolution: Caribbean, U.S. and Early 20th Century Mexico (3)

Prerequisite/Corequisite: ENGL 100 and upper division status or consent of instructor.

Examines how war, revolution, and struggles for democracy shape the social consciousness and political participation of Latinas. Uses film, literature, history, and political theory to identify differences in contexts of community struggle and points of intersection within Latina activism.

Letter grade only (A-F). Same course as W/ST 445B. Not open for credit to student with credit in W/ST 445B.

450I. Consequences of the Encounter: The Americas, Europe, and Africa (3)

Prerequisites: Completion of the GE Foundation requirement, completion of one or more Exploration courses and upper-division status.

Consequences of Columbian encounter in Africa, Europe, and the Americas (1492-present). Art, Literature, and Social Sciences mesh in order to examine encounter's relation to obliteration,

suppression and creation of culture in Old and New Worlds.

Same course as RGR 450I. Not open for credit to student with credit in RGR 450I.

470I. Latinas/Latinos: Health Status and Health Care Access (3)

Prerequisites: Completion of the GE Foundation, one or more Explorations courses, and upper-division standing.

Interdisciplinary exploration of policies, epidemiologic, cultural factors influencing disease within Latino subpopulations, their impact upon efficient, equitable service delivery. (16 words)

Letter grade only (A-F). Same course as HCA 470I. Not open for credit to student with credit in HCA 470I.

490. Special Topics in Chicano and Latino Studies (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in Chicano and Latino Studies selected for intensive development.

May be repeated for a maximum of six units in different semesters. Topics will be announced in the *Schedule of Classes*.

498. Senior Colloquium (3)

Prerequisite: Consent of the instructor.

Analysis of issues and problems in Chicano and Latino studies. Designed as a seminar in research and methodology. The material discussed will center about a general theme selected by the instructor.

Letter grade only (A-F). May be repeated for a maximum of 6 units in different semesters with different topics but no more than three units may be used to satisfy the requirements for the major.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Preparation of research reports on selected topics relating to the Mexican-American.

May be repeated for a maximum of six units. Letter grade only (A-F).

CHILD DEVELOPMENT AND FAMILY STUDIES

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Judith Anglin, Lee Blecher, Maria Claver, Gail C. Frank, Avery E. Goldstein, Libby Gustin, Dong-Eun Kim, James E. Koval, Teter Kreysa, Jacqueline D. Lee, Margaret Lichty, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Lydia Sondhi (emerita), M. Sue Stanley, Richard V. Tuveson, Jung-Mao (Ronnie) Yeh

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Jacqueline D. Lee

Single Subject Credential Advisor: Margaret Lichty

Administrative Support Coordinators:

Mikal Lok, Marina Bendersky

Instructional Support Technician: Bonnie Rice

Career Possibilities

Child Care Administrator • Family Life Educator • Child Life Specialist • Teen Pregnancy Counselor • Child Care Educator (Infant and Toddler Care, Preschool Teaching, School-Age Programs) • Child Development Consultant • Community Resource and Referral Professional • Parent Educator • Corporate Human Service Consultant • Working with Military Families • Toy Research and Development Professional • Family Life Educator

A credential or graduate degree would expand employment opportunities to include: Social Worker • Marriage and Family Counselor • College Instructor • Highschool Counselor • Teacher (For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family and Consumer Sciences Education
- Family Life Education
- Fashion Merchandising
- Textiles and Clothing

Degree and certificate information and requirements are listed under each option alphabetically in this *Catalog*.

Child Development and Family Studies

The field of Child Development and Family Studies (CDFS) strives to improve the lives of children and families. As an integrative and interdisciplinary specialization, CDFS incorporates information from a variety of disciplines to provide a comprehensive academic and professional

background for working with children and families. Our primary focus is on utilizing the preventive approach to assist individuals and families with daily living.

Option in Child Development and Family Studies (code FCS_BA01) (120 units)

Take all of the following courses:

- PSY 100 General Psychology (3)
- CAFF 321I Family & Consumer Resource Management (3)
- CDFS 111 Preschool Child (3)
- CDFS 211 Guiding Young Children (3)
- CDFS 312I Family and Personal Development (3)
- CDFS 411 Individual Child Study and Guidance (3)
- CDFS 413 Child and Family in the Community (3)
- FCSE 299 Intro to Family and Consumer Sciences (1)
- FCSE 499 Professionalism and Leadership in FCS (2)
- NUTR 132 Introductory Nutrition (3)

Take one of the following courses:

- BIOL 205 Human Biology (4)
- BIOL 207 Human Physiology (4)
- BIOL 208 Human Anatomy (4)

Take one of the following courses:

- ANTH 120 Introduction to Cultural Anthropology (3)
- SOC 100 Principles of Sociology (3)

Take one of the following pairs:

- CDFS 214 Environments for Preschool Children (3)
- CDFS 414 Field Work with Preschool Children (3)
- or
- CDFS 215 Environments for Infants and Toddlers (3)
- CDFS 415 Field Work with Infants/Toddlers (3)

Take one of the following courses:

- CDFS 311 Prenatal Development and Infancy (3)
- CDFS 314 The Older Child (3)

Take one of the following courses:

- CDFS 492A Internship in Child Development and Family Studies (3)
- CDFS 414 (2nd semester) Fieldwork with Preschool Children (3)
- CDFS 415 (2nd semester) Fieldwork with Infants/Toddlers (3)
- FCSE 497 Directed Studies (3)

Take 9 units of advisor-approved electives.

Take, with advisor's approval, 15 units from the following:

- CDFS 319I, 402, 409, 410, 412, 416A, 416B, 417, 418, 419, or CDFS courses not taken above.

Each course on the student's program planner must be completed with a grade of "C" or higher. In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a

grade lower than a "C" may proceed with other courses with the approval of the Child Development and Family Studies Area Coordinator.

Minor in Child Development and Family Studies (code FCS_UM06)

The Child Development and Family Studies (CDFS) minor offers the opportunity to take a concentration of courses focusing on children and families. By providing students with an aggregate of CDFS courses students will be better prepared careers relating to children and families in an array of settings.

Requirements

Students seeking a minor in CDFS must meet all prerequisite course requirements. In addition, students must maintain a "C" or better in all courses required for the minor. The minor requires 21 total units.

The minor in Child Development and Family Studies is not available to Child Development and Family Studies majors.

Take 9 units of core courses from the following courses:

- CDFS 111 Preschool Child (3)
- CDFS 312I Family and Personal Development (3)
- CDFS 319I Family Stress and Coping (3)

Take 12 units selected from the following courses:

- CDFS 211, 214, 215, 311, 314, 409, 410, 411, 412, 413, 414, 415, 418

Family Life Education

This option is available in the Department of Family and Consumer Sciences. It was introduced in response to a certification process developed by the National Council on Family Relations (NCFR). NCFR is the leading national organization for professionals concerned with promoting and enhancing the quality of family life. NCFR sponsors the only national program to certify family life educators.

After completing the recommended preparatory course work in this department, it is possible to get two types of certification from NCFR:

Provisional Certification from the National Council on Family Relations (NCFR) is available to students who complete the approved courses that correspond to the ten substance areas from an approved program, but without the minimum two years of work experience.

Full Certification from the NCFR is available to students who graduate from an approved academic program and have completed at least two years of work experience as a family life educator. The work experience of the student has to be submitted, reviewed, and approved by an NCFR review committee.

Interested students should contact the Family Life Education Coordinator, Dr. Nilufer P. Medora, Family and Consumer Sciences (562) 985-4488 or at medora@csulb.edu

Option in Family Life Education (code FCS_BA12) (120 units)

This option provides an academic and professional background for work with children, adults, couples, and families. It offers an interdisciplinary foundation in several areas that influence and enhance the quality of life of children, adults, couples, and families based on education, enrichment and prevention. Fieldwork opportunities where students

have direct experiences with individuals and families in the community are provided for qualified students.

Requirements

Take all of the following courses:

- CDFS 111 Preschool Child (3)
- CDFS 312I Family and Personal Development (3)
- CDFS 319I Family Stress and Coping (3)
- CDFS 402 Child and Family Law (3)
- CDFS 410 International Families: Families in Cross-Cultural Perspectives (3)
- CDFS 411 Individual Child Study and Guidance (3)
- CDFS 413 Child and Family in the Community (3)
- CDFS 418 Parent Education (3)
- CDFS 419 Family Life Education (3)
- CDFS 492B Internship in Family Life Education (3)
- CAFF 321I Family & Consumer Resource Management (3)
- FCSE 299 Introduction to FCS (1)
- FCSE 499 Professionalism and Leadership in Family and Consumer Sciences (2)
- HSC 425I Human Sexuality and Sex Education (3)
- NUTR 132 Introductory Nutrition (3)
- PSY 100 General Psychology (3)

Take one of the following courses:

- ANTH 120 Introduction to Cultural Anthropology (3)
- SOC 100 Principles of Sociology (3)

Take one of the following courses:

- BIOL 205 Human Biology (4)
- BIOL 207 Human Physiology (4)
- BIOL 208 Human Anatomy (4)

Take one of the following courses:

- GERN 400I Perspectives on Gerontology (3)
- HDEV 357I Approaches to Adulthood Through Aging (3)

Take one of the following courses:

- CDFS 311 Prenatal Development and Infancy (3)
- CDFS 314 The Older Child (3)

Take one of the following courses:

- CDFS 412 Family Interaction (3)
- CDFS 417 Premarital Intervention (3)

Take 9 units of advisor approved electives.

In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a grade lower than a "C", may proceed with other courses with the approval of the Child Development and Family Studies Area Coordinator. Each course on the student's program planner must be completed with a grade of "C" or higher.

Child Development and Family Studies Courses (CDFS)

LOWER DIVISION

111. Preschool Child (3)

Behavior and development in early childhood, with emphasis on the interaction of parents, children and teachers.

(Lecture-discussion 3 hours)

211. Guiding Young Children (3)

Prerequisites: PSY 100 or SOC 100 or CDFS 111.

Processes, techniques, models, research, and selected issues in child guidance as applied to 3-5 year-old children in family and community settings. Development of a personal approach to guidance based on current scientific research and theory concerning child development.

(Lecture-discussion 3 hours)

214. Environments for Preschool Children (3)

Prerequisites: CDFS 111 or consent of instructor.

Introduction to preschool care-giving practices. Growth and development of preschool children relating to the classroom environment. Application of theories, models, and research to current preschool classroom practices.

Letter grade only (A-F). (Lecture-discussion 3 hours)

215. Environments for Infants and Toddlers (3)

Prerequisites: CDFS 111 or consent of instructor.

Introduction to infant and toddler care-giving practices. Growth and development of children from birth through three years of age relating to the classroom environment. Application of theories, models, and research to current infant and toddler classroom practices.

Letter grade only (A-F). (Lecture-discussion 3 hours)

219. Stress, Coping and Resiliency for the Professional Educator (3)

Prerequisites: ENGL 100.

Identification of stressors which diminish the effectiveness of the learning environment for at-risk school children. Use Family Resiliency Model to examine critical family dynamics. Practical stress management for future teachers.

Letter grade only (A-F). (Lecture-Discussion 3 hours)

290. Directed Studies (1-3)

Independent study under the direction of a faculty member. Exploration and experience in areas which are not a part of any regular course.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. (Seminar)

UPPER DIVISION

311. Prenatal Development and Infancy (3)

Prerequisites: CDFS 111 and upper division standing.

Human development from conception through prenatal development, childbirth, the neonatal period, infancy and toddlerhood with emphasis on the various aspects of development and the environmental/social factors essential for human growth.

(Lecturer-discussion 3 hours)

312I. Family and Personal Development (3)

Prerequisites: Completion of G.E. foundation courses; PSY 100 or SOC 100 or ANTH 120; upper division standing; or consent of instructor.

Interdisciplinary introduction to the concepts underlying contemporary American family life and the influence of social and cultural conditions on human development.

(Lecture-discussion 3 hours)

314. The Older Child (3)

Prerequisites: CDFS 111, and upper division standing or consent of instructor.

Behavior and development in middle and late childhood and adolescence, with emphasis on individual and cultural differences.

(Lecturer-discussion 3 hours)

319I. Family Stress and Coping (3)

Prerequisites: Completion of G.E. Foundation courses; ANTH 120 or PSY 100 or SOC 100 or consent of instructor.

Examination of theories and research associated with stressors affecting family functioning throughout the lifecycle. Consideration given to both normative transitions and non-normative stressors. Emphasis on strategies to assist families to deal productively with stress and change.

(Lecture-discussion 3 hours)

358. Fathers and Fathering (3)

Prerequisites: PSY 100; SOC 100 or CDFS 111.

An overview of the psychological literature on parenting with an emphasis on fathers/fathering in the U.S. Focus on current literature and research regarding the perceived and changing roles of fathers, including ethnic fathers, in an effort to diminish stereotypes. (This course is for both men and women.)

Same course as PSY 366. Not open for credit to student with credit in PSY 366.

402. Child and Family Law (3)

Prerequisites: CDFS 312I and upper division standing.

Establishment, conduct, and termination of marital and non-marital family relationships, including the rights and duties of the parties involved. Topics include marital disillusionment, child custody issues, property rights, domestic violence, adoption, support, genetic testing, and new trends in family law.

Letter grade only (A-F). (Lecture-discussion 3 hours)

409. Language, Learning and the Developing Child: A Cross-Cultural Perspective (3)

Explores the communicative-linguistic, cognitive, physical, and socio-emotional development of the child from the prenatal to adolescent period across diverse cultures with an emphasis on language acquisition and the learning process.

Letter grade only (A-F). Not open for credit to students currently enrolled in the Liberal Studies program. Same course as EDEL 429. Not open for credit to student with credit in LING 429, EDEL 429, and EDP 428.

410. International Families: Families in Cross-Cultural Perspectives (3)

Prerequisites: CDFS 312I or consent of instructor.

Basic concepts and definitions relating cross-cultural studies will be discussed. Important family life cycle changes will be explained for major ethnic groups within the United States. Family life in selected international families will also be examined.

(Lecture-discussion 3 hours)

411. Individual Child Study and Guidance (3)

Prerequisites: Upper division standing; CDFS 311 or 314 or HDEV 307I or PSY 361; or consent of instructor.

Analysis and interpretation of theory, research, trends and techniques for the study and guidance of the individual child in family and community settings.

(Lecture-activity 3 hours)

412. Family Interaction (3)

Prerequisites: Upper-division standing, CDFS 312I, or consent of instructor.

Dynamics of interaction and communication in interpersonal relationships throughout the family life cycle. Experience with a variety of communication skills in small group settings.

(Lecture-discussion 3 hours)

413. Child and Family in the Community (3)

Prerequisites: Upper-division standing, CDFS 312I, or consent of instructor.

Study of cultural varieties and the needs of the contemporary American family in an urban community; analysis of current issues and problems; identification of and experience with community resources and agencies.

(Lecture-discussion 3 hours)

414. Fieldwork with Preschool Children (3)

Prerequisites: CDFS 111, 211, 214, or consent of instructor.

Supervised teaching/learning experience with preschool children including development of skills for observation and assessment as well as curriculum planning, implementation and evaluation.

May be repeated to a maximum of 6 units with assignments reflecting increasing levels of difficulty. (Lecture 1 hour, laboratory 6 hours)

415. Fieldwork with Infants/Toddlers (3)

Prerequisites: CDFS 111, 211, 215, or consent of instructor.

Supervised teaching/learning experience with preschool children including development of skills for observation and assessment as well as curriculum planning, implementation and evaluation.

May be repeated to a maximum of 6 units in different semesters with assignments reflecting increasing levels of difficulty. (Lecture 1 hour, laboratory 6 hours) Letter grade only (A-F).

416A. Introduction to Administration and Supervision of Child Development Programs (3)

Prerequisites: CDFS 414 or 415 or consent of instructor.

Minimum and recommended standards and laws pertaining to housing, equipment, play space, adult/child ratio, health supervision and meal service for children's programs. Selection and supervision of personnel, program planning and directing.

(Lecture-discussion 3 hours)

416B. Applications of Administration and Supervision of Child Development Programs (3)

Prerequisites: CDFS 416A or consent of instructor.

Decision theory and its application, communication strategies, planning, operating and evaluating programs for young children.

(Lecture-discussion 3 hours)

417. Premarital Intervention (3)

Prerequisites: CDFS 312I or consent of instructor.

Review of research on dating relationships and intervention programs designed for individuals or couples prior to marriage. Emphasis on applying research to the development of programs to assist premarital individuals enrich their relationships.

(Lecture-discussion 3 hours)

418. Parent Education (3)

Prerequisites: Upper-division standing and at least 6 units of upper division child development and family studies or equivalent courses, or consent of instructor.

Principles and techniques for working with parents in community and school programs. Assessment of needs and development of programs for adults in a variety of social and cultural settings.

(Lecture-activity 3 hours)

419. Family Life Education (3)

Prerequisites: Upper-division standing, CDFS 413, or consent of instructor.

History, purpose, principles, ethics, ten substance areas, and paradigms of family life education will be explored. Planning, implementing, and evaluating family life education programs will be discussed. Gender, ethnicity, and diversity issues related to family life education will be stressed.

Letter grade only (A-F). (Lecture-discussion 3 hours)

492A. Internship in Child Development and Family Studies (3)

Prerequisites: Student must be a Family and Consumer Sciences: Child Development and Family Studies major; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Child Development and Family Studies; and CDFS 411, 413, and 414 or 415. Each prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it

is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. (Seminar 3 hours)

492B. Internship in Family Life Education (3)

Prerequisites: Student must be a major in Family and Consumer Sciences in the option of Child Development and Family Studies; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Child Development and Family Studies; and CDFS 412, 413, and 419.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. (Seminar 3 hours)

CHINESE STUDIES

College of Liberal Arts
Department of Asian and Asian American Studies

Department Chair: John N. Tsuchida

Vice Chair: Hsin-sheng C. Kao

Department Office: Faculty Offices FO3-340

Telephone: (562) 985-4645

FAX: (562) 985-1535

Center: Center for Asian Pacific American Studies

Website: <http://www.csulb.edu/dept/as>

Faculty: Ruixi Ai, Kiyomi Chinen, Masako O. Douglas, Linda N. España-Maram, Feng-Ying Ming, Hiroko Kataoka, Hsin-sheng C. Kao, Barbara W. Kim, San-Pao Li (Emeritus), Dean S. Toji, John N. Tsuchida, Tianwei Xie, Teri Yamada

Advisors:

Graduate: Linda N. España-Maram

Undergraduate: Hsin-sheng C. Kao

Undergraduate: Dean Toji (Asian American Studies)

Undergraduate: Teri Yamada (Asian Studies)

Undergraduate: Hsin-sheng C. Kao (Chinese Studies)

Undergraduate: Hiroko Kataoka (Japanese)

Associate Faculty: Bipasha Baruah (International Studies), Christine Bhat (Educational Psychology, Administration and Counseling), Jeffrey Broughton (Religious Studies), Kendall Brown (Art History), Chi-Ah Chun (Psychology), Vincent Del Casino (Geography), Frank Gossette (Geography), Lisa Grobar (Economics), Jack W. Hou (Economics), Margaret Kuo (History), Tomotaka Ishimine (Economics), Margaret Kuo (History), Gustong Li (History), Jyotsna Pattnaik (Teacher Education), Xiaoping Liang (Linguistics), William Mulligan (Journalism), Kim Oanh Nguyen-Lam (CLMER), Karen Quintiliani (Anthropology), George Scott (Anthropology), Teresa Wright (Political Science), Oliver Wang (Sociology), R. Scott Wilson (Anthropology)

Administrative Support Coordinator: Chad Tsuyuki

Students desiring information should contact department office for referral to one of the faculty advisors.

Career Possibilities

Customs Inspector • Immigration Officer • Importer/
Exporter • Foreign Service Officer • International Marketing
Representative • Travel Guide • Social Worker • Linguist •
Foreign Correspondent • Community Organization Worker •
Lawyer • Librarian • International Student Advisor • Educator
• Peace Corps Worker • Interpreter • Translator • CIA/FBI
Agent (Some of these, and other careers, require additional
education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Chinese Studies (code A/STBA02) (120 units)

Residence Requirement for the Majors

At least four upper division courses required for the major must be completed successfully at CSULB. Students are encouraged, however, to complete up to a year of their language study in approved programs of study abroad.

Requirements

A minimum of 38 units is required, including at least 15 units earned in residence at CSULB. CHIN 101 and 102 are prerequisite to the major and may be satisfied by appropriate high school preparation or by examination.

Lower Division (11 units):

Take one of the following:

CHIN 250 Introduction to the I-ching (3)

CHIN 260 Introduction to Chinese Civilization (3)

Take all of the following:

CHIN 201 Intermediate Chinese (4)

CHIN 202 Intermediate Chinese (4)

Upper Division (27 units)

Take all of the following:

CHIN 301 Advanced Chinese (3)

CHIN 370 Chinese Lit in English Translation (3)

CHIN 451 Chinese Culture and Tradition (3)

CHIN 492 Senior Seminar (3)

Take 15 units of electives from the following:

A. Take 9 units selected from the following:

CHIN 302, 311, 350, 360, 375, 380, 382B, 390, 410, 421, 430A, 430B, 430C, 461, 462, 471, 475, 481, 485, 490, 499; A/ST 490A, 490B.

B. Take 6 units selected from the following:

ANTH 332, 427; AH 468, 469; ASAM 331, 335I, 340, 346, 381; A/ST 300I, 301I, 310, 320, 406A, 495I; HIST 382B, 388, 406A, 410; JOUR 312I; PHIL 306; POSC 362, 455, 485; R/ST 341I; WGSS 406A.

Chinese Studies (CHIN)

LOWER DIVISION

101. Fundamentals of Chinese (4)

Prerequisites: One GE Foundation course which may be taken concurrently, or formal prerequisites and/or competency equivalent for CHIN 101.

Introduction to pronunciation, reading, writing, conversation, and grammar.

Students with previous training or native speakers of Chinese may not enroll.

102. Fundamentals of Chinese (4)

Prerequisites: One GE Foundation course which may be taken concurrently, or formal prerequisites and/or competency equivalent for advanced study in Chinese.

Introduction to pronunciation, reading, writing, conversation, and grammar.

Students with previous training or native speakers of Chinese may not enroll.

111. Accelerated Chinese for Heritage Students I (4)

Prerequisites: One GE Foundation course (may be taken concurrently), and speaking ability of Mandarin Chinese or any of the Chinese dialects. Students who had formal studies of

Chinese in China or other Chinese speaking areas may not enroll. Focus on Chinese literacy and culture and developing reading and writing skills in context for heritage students. Equivalent to combination of CHIN 101 and 102. Letter grade only (A-F).

201. Intermediate Chinese (4)

Prerequisites: Completion of GE Foundation requirements, or formal prerequisites and/or competency equivalent for advanced study in Chinese.

Continuation of first year Chinese. Further development of syntax, grammar and sentence patterns, reading, writing and conversation. Students with previous training or native speakers of Chinese may not enroll.

202. Intermediate Chinese (4)

Prerequisites: Completion of GE Foundation requirements, or formal prerequisites and/or competency equivalent for advanced study in Chinese.

Continuation of first year Chinese. Further development of syntax, grammar and sentence patterns, reading, writing and conversation. Students with previous training or native speakers of Chinese may not enroll.

211. Accelerated Chinese for Heritage Students II (4)

Prerequisites: CHIN 111 or speaking ability of Mandarin Chinese (or at least one of the Chinese dialects) and the ability to recognize approximately 500 Chinese characters. Students who have formal studies of Chinese in China or other Chinese speaking areas may not enroll.

The focus of the course is on Chinese literacy and culture, and further development of reading and writing skills in context for heritage students.

Equivalent to the combination of CHIN 201 and 202. Students completing this course may take the third year Chinese courses. Letter grade only (A-F).

250. Introduction to the *I-ching* (3)

Prerequisites: Completion of GE Foundation requirements.

Focuses on central position of the *I-ching* in Chinese philosophical and spiritual life, and provide a system of knowledge to analyze and reason the pattern of changes governed by the immutable Law of Change.

Lecture in English, no knowledge of Chinese required. Letter grade only (A-F).

260. Introduction to Chinese Civilization (3)

Thematic survey of various aspects of Chinese civilization from its beginning to the present. Emphasizes not only the understanding of China's history but also the salient cultural elements that made China a great and distinctive country.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301. Advanced Chinese (3)

Prerequisites: CHIN 202 or its equivalent, or consent of the instructor.

Study of modern spoken and written Chinese involving advanced expressions. Emphasis on reading, comprehension, vocabulary building and idiomatic usage.

302. Advanced Chinese (3)

Prerequisites: CHIN 301 or its equivalent, or consent of the instructor.

Study of modern spoken and written Chinese involving advanced expressions. Emphasis on reading, comprehension, vocabulary building and idiomatic usage.

311. Advanced Spoken Chinese (3)

Prerequisite: CHIN 202 or its equivalent as determined by the instructor.

Advanced study in modern spoken Chinese and Chinese communication. Designed to enhance advanced speaking ability in Mandarin on a range of topics.

Letter grade only (A-F).

350. Business Chinese for Bilinguals (3)

Prerequisites: Native/near native proficiency in the Chinese language or consent of instructor.

Introduction of written business forms and exploration of business culture, practice, and etiquette. Students must have reading and writing ability in Chinese for general purposes.

360. Classical Chinese (3)

Prerequisites: CHIN 202 or equivalent Chinese reading proficiency or bilingual students.

Study of the basic vocabulary, grammatical structure, and style of classical Chinese. Introduction to various genres of classical literature: prose, poetry and other literary forms.

370. Chinese Literature in English Translation (3)

Prerequisite: Completion of GE Foundation requirements.

Readings in translation of representative works of the major literary genres in China covering both the classical and the modern periods. Previous knowledge of the language is highly desirable, but not necessary.

375. The Supernatural and Fantastic in Chinese Literature (3)

Prerequisite: Upper Division standing or consent of instructor.

Study of the supernatural and fantastic elements that commonly comprise a variety of Chinese zhiguai genre from the Six Dynasties (317-588) to the present. Samples of representative works will be examined in depth from the textual and intertextual perspectives.

380. Topics in Chinese Linguistics (3)

Prerequisites: CHIN 102 or equivalent.

Chinese language viewed in its linguistic context, synchronically and diachronically. Introduction to descriptive grammar of modern standard Chinese, classical Chinese, the rise of written vernacular, dialect variations and sociolinguistic issues. Lecture/discussion.

Lecture/discussion.

382B. Modern China (3)

Prerequisite: Completion of the GE Foundation. Chinese society from the 17th century to 1949.

Chinese society from the 17th century to 1949. Impact of imperialism, reform and revolutionary movements, and the background of Chinese communism.

Not open for credit to students with credit in HIST 482B.

390. Topics in Chinese Cultural Studies (3)

Prerequisites: Upper-division standing or consent of instructor.

Interdisciplinary study of representative features of contemporary Chinese culture and society.

May be repeated to a maximum of 6 units with different topics.

410./510. Chinese Information Processing (3)

Prerequisite: CHIN 202 or equivalent. May be waived with instructor's consent.

Introduction to the fundamentals of Chinese web design, including word-processing, HTML, layout, and user interaction.

May be repeated to a maximum of 6 units with different topics.

Undergraduates register in CHIN 410; Graduates register in CHIN 510.

421. Newspaper and Web Reading (3)

Prerequisite: CHIN 302 or equivalent, or consent of instructor.

The course enhances students' proficiency in Chinese through reading newspapers. Students will familiarize themselves with all aspects of Chinese culture and contemporary society, as well as the language use. A hybrid course. Letter grade only (A-F).

430A./530A. Classical Chinese Fiction (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of traditional Chinese fiction, ranging from major works of fiction from the Six Dynasties (317-588) through the Qing Dynasty (1644-1911).

Undergraduates register in CHIN 430A; graduates register in CHIN 530A. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

430B./530B. Classical Chinese Drama (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of Yuan (1279-1368) and Ming (1368-1644) drama, ranging from major works of Northern Drama (Zaju) and Southern Drama (Nanxi) to Peking Opera (Jingxi).

Undergraduates register in CHIN 430B; graduates register in CHIN 530B. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

430C./530C. Classical Chinese Poetry (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of traditional Chinese poetry, ranging from major poetic works from antiquity to Qing Dynasty (1644-1911). Textual analysis and literary interpretational are emphasized.

Undergraduates register in CHIN 430A; Graduates register in CHIN 530A. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

451./551. Chinese Culture and Tradition (3)

Prerequisite: One China-related course in Asian Studies or History and CHIN 302 (Advanced Chinese) or equivalent proficiency.

Designed as a capstone language class. Instruction of this class is in Mandarin.

Undergraduates register in CHIN 451; Graduates register in CHIN 551.

461./561. The Structure of Modern Chinese Language (3)

Prerequisite: CHIN 301 or equivalent or by consent of instructor.

The Chinese language viewed in its linguistic context, synchronically and diachronically. Introduction to descriptive grammar of modern standard Chinese, the rise of written vernacular, dialect variations and sociolinguistic issues.

Letter grade only (A-F).

462./562. Contrastive Analysis of Chinese and English (3)

Prerequisite: CHIN 302 or equivalent. Designed for students who plan to teach the Chinese language or do research in Chinese linguistics. Comparison of phonological, morphological, syntactic and discourse aspects of English and Chinese. Analysis of common errors in learning Chinese. Letter grade only (A-F).

471./571. Chinese Literature and Culture (3)

Prerequisite: CHIN 451, or minimum of 3 years of Chinese study, or consent of instructor.

This course will enhance students' proficiency in Chinese through reading Chinese literature and culture-related topics with in-depth examination of representative works from linguistic, literary, textual, and intertextual perspectives.

Letter grade only (A-F).

475./575. Reading of Chinese Communist Documents (3)

Prerequisites: CHIN 451 or consent of instructor.

Advanced Chinese language course designed to develop students' ability to understand and analyze the newspaper editorials, documents of the Chinese Communist Party and government and works of its leaders in original Chinese text.

481./581. Principles and Practice of Teaching Chinese (3)

Prerequisite: CHIN 461/561 or consent of instructor.

Designed for students planning to become Chinese language teachers, Single Subject Credential program students or graduate students in Asian Studies or Linguistics. Prepares the student to be a Chinese teacher at all levels. Lectures, discussions, class observation and teaching preparation.

Letter grade only (A-F).

485./585. Masterpieces from China (3)

Prerequisites: Instructor's consent.

Reading of major works from China in Chinese. Selected writings represents different periods of Chinese history, thoughts, and literary tradition. Course conducted in Chinese. May be repeated to a maximum of 6 units. Undergraduates register in CHIN 485; Graduate register in CHIN 585.

490./590. Special Topics in Chinese (3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units with different topics. Undergraduates register in CHIN 490; Graduates register in CHIN 590.

492./592. Senior Seminar (3)

Prerequisite: One China-related course in Asian Studies or History and CHIN 302 (Advanced Chinese) or equivalent proficiency.

Introduction to research methods and study of conceptual and theoretical Chinese issues.

May be repeated to a maximum of 6 units with different topics. Undergraduates register in CHIN 492; Graduates register in CHIN 592.

499./599. Directed Studies in Chinese (1-3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units with different topics in different semesters.

GRADUATE LEVEL**510./410. Chinese Information Processing (3)**

Prerequisite: CHIN 202 or equivalent. May be waived with instructor's consent.

Introduction to the fundamentals of Chinese web design, including word-processing, HTML, layout, and user interaction.

May be repeated to a maximum of 6 units with different topics. Undergraduates register in CHIN 410; Graduates register in CHIN 510.

530A./430A. Classical Chinese Fiction (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of traditional Chinese fiction, ranging from major works of fiction from the Six Dynasties (317-588) through the Qing Dynasty (1644-1911).

Undergraduates register in CHIN 430A; graduates register in CHIN 530A. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

530B./430B. Classical Chinese Drama (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of Yuan (1279-1368) and Ming (1368-1644) drama, ranging from major works of Northern Drama (Zaju) and Southern Drama (Nanxi) to Peking Opera (Jingxi).

Undergraduates register in CHIN 430B; graduates register in CHIN 530B. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

530C./430C. Classical Chinese Poetry (3)

Prerequisite: Upper-division standing or consent of instructor.

Study and examination of traditional Chinese poetry, ranging from major poetic works from antiquity to Qin Dynasty (1644-1911). Textual analysis and literary interpretational are emphasize..

Undergraduates register in CHIN 430A; Graduates register in CHIN 530A. May be repeated to a maximum of 6 units with different topics in different semesters. Letter grade only (A-F).

551./451. Chinese Culture and Tradition (3)

Prerequisite: One China-related course in Asian Studies or History and CHIN 302 (Advanced Chinese) or equivalent proficiency.

Designed as a capstone language class. Class instruction is conducted in Mandarin. Undergraduates register in CHIN 451; graduates register in CHIN 551.

Undergraduates register in CHIN 451; Graduates register in CHIN 551.

561./461. The Structure of Modern Chinese Language (3)

Prerequisite: CHIN 301 or equivalent or by consent of instructor.

The Chinese language viewed in its linguistic context, synchronically and diachronically. Introduction to descriptive grammar of modern standard Chinese, the rise of written vernacular, dialect variations and sociolinguistic issues.

Letter grade only (A-F).

562./462. Contrastive Analysis of Chinese and English (3)

Prerequisite: CHIN 302 or equivalent. Designed for students who plan to teach the Chinese language or do research in Chinese linguistics. Comparison of phonological, morphological, syntactic and discourse aspects of English and Chinese. Analysis of common errors in learning Chinese. Letter grade only (A-F).

571./471. Chinese Literature and Culture (3)

Prerequisite: CHIN 451, or minimum of 3 years of Chinese study, or consent of instructor.

This course will enhance students' proficiency in Chinese through reading Chinese literature and culture-related topics with in-depth examination of representative works from linguistic, literary, textual, and intertextual perspectives.

Letter grade only (A-F).

575./475. Reading of Chinese Communist Documents (3)

Prerequisites: CHIN 451 or consent of instructor.

Advanced Chinese language course designed to develop students' ability to understand and analyze the newspaper editorials, documents of the Chinese Communist Party and government and works of its leaders in original Chinese text.

581./481. Principles and Practice of Teaching Chinese (3)

Prerequisite: CHIN 461/561 or consent of instructor.

Designed for students planning to become Chinese language teachers, Single Subject Credential program students or graduate students in Asian Studies or Linguistics. Prepares the student to be a Chinese teacher at all levels. Lectures, discussions, class observation and teaching preparation.

Letter grade only (A-F).

585./485. Masterpieces from China (3)

Prerequisites: Instructor's consent.

Reading of major works from China in Chinese. Selected writings represents different periods of Chinese history, thoughts, and literary tradition. Course conducted in Chinese.

May be repeated to a maximum of 6 units. Undergraduates register in CHIN 485; Graduate register in CHIN 585.

590./490. Special Topics in Chinese (3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units with different topics.

Undergraduates register in CHIN 490; Graduates register in CHIN 590.

592./492. Senior Seminar (3)

Prerequisite: One China-related course in Asian Studies or History and CHIN 302 (Advanced Chinese) or equivalent proficiency.

Introduction to research methods and study of conceptual and theoretical Chinese issues.

May be repeated to a maximum of 6 units. Undergraduates register in CHIN 492; Graduates register in CHIN 592.

599./499. Directed Studies in Chinese (1-3 units)

Prerequisites: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units with different topics in different semesters.

CIVIL ENGINEERING AND CONSTRUCTION ENGINEERING MANAGEMENT

College of Engineering

Department Chair: Emelinda M. Parentela

Department Office: Vivian Engineering Center (VEC) – 104

Telephone: (562) 985-5118

Website: www.csulb.edu/colleges/coe/cecem/

Faculty: Hsiao-Ling Chu, Tesfai Goitom, Nezh Gunal, Jin-Lee Kim, Yu-Fu (Paul) Ko, El-Hami Nasr, Tang-Hung Nguyen, Richard P. Nguyen, Emelinda M. Parentela, Joseph M. Plecnik, Jeremy Redman, Shadi Saadeh, Antonella Sciortino, Tariq Shehab-Eldeen, Chan-Feng (Steve) Tsai

Undergraduate Advisors:

Antonella Sciortino (CE), Tesfai Goitom (CEM), Tang-Hung Nguyen (CEM), Tariq Shehab-Eldeen (CE/CEM)

Graduate Advisor: Jeremy Redman

General Education Advising: Academic Advising - Horn Center

Administrative Support Coordinator: Ameeta Perera

Students desiring detailed information about Civil Engineering or Construction Engineering Management programs should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Civil Engineer • Traffic Engineer • Sanitary Engineer
• Structural Engineer • Hydraulic Engineer • Highway Administration Engineer • Harbor Engineer • Airport Engineer • Environmental Engineer • Transportation Engineer • Drainage Design Coordinator • Technical Sales and Consulting • Field Engineer • Facilities Engineer • Plant Engineer • Project Engineer • Safety Engineer • Sales Representative • Estimator • Construction Coordinator • Procurement Construction Coordinator • Construction Inspector • Cost Analysis Coordinator • Contract Coordinator • Consultant (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Advisory and Development Councils

The Civil Engineering Advisory and Development Council

This council consists of outstanding engineers and executives from industry and government in Southern California. Its function is to form a liaison between the University and industry and to keep the administration and faculty informed of modern engineering practices. This ensures that the curricula are kept up-to-date. It also advises on placement opportunities before and after graduation.

Construction Engineering Management Advisory and Development Council

This council provides current information and guidance about industrial developments in methods, materials and techniques. Members make recommendations in course content, methods and/or facilities. Present membership in the council is made up of representatives from the different sectors of the construction industry.

ABET Accreditation

The Bachelor of Science in Civil Engineering is accredited by the Engineering Association Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET) (Accreditation Board for Engineering and Technology, Inc., 111 Market Place, Suite #1050, Baltimore, MD 21202, phone: 410-347-7710, website: <http://www.abet.org>). Students enrolling in this program are strongly advised to meet with their undergraduate advisor as early as possible to become familiar with the details of the ABET requirements in math/sciences, humanities and social sciences areas, engineering sciences, and design.

Undergraduate Programs

Bachelor of Science in Civil Engineering (code CE__BS01) (131 units)

Mission

To educate and prepare students to succeed in the civil engineering profession by providing them with essential technical tools and skills which will enable them to perform current and future civil engineering tasks and to promote the need for life long learning.

Educational Objectives

The Civil Engineering Program Educational Objectives are to produce graduates, who after entering the civil engineering practice with a knowledge of fundamental civil engineering principles, current technologies and tools, communication skills and practical design experience, will:

1. Pursue lifelong learning through continuing education and/or advanced degrees in civil engineering or other related fields.
2. Progress to professional registration.
3. Continue to develop professionally through participation in professional organizations and/or participation in professional development activities in the industry.
4. Progress to management and/or other leadership positions in their fields.

Requirements

Lower Division:

Take all of the following:

- CHEM 111A General Chemistry (5)
- CE 101 Intro CE & Construction Engr Management (1)
- CE 130 Surveying and Mapping (1)
- CE 130L Surveying and Mapping Laboratory (1)
- CE 200 Materials for Civil Engineering (2)
- CE 205 Analytical Mechanics I (Statics) (3)
- CE 206 Computer Programming & CE Applications I (2)

ENGR 101 Intro to the Engineering Profession (1)
ENGR 102 Academic Success Skills (1)
MATH 122 Calculus I (4)
MATH 123 Calculus II (4)
MATH 224 Calculus III (4)
MAE 172 Engineering Design Graphics (3)
PHYS 151 Mechanics and Heat (4)

Take one of the following:

BIOL 200 General Biology (4)
MICR 200 Microbiology for Health Professionals (4)

Take 4 units of the following:

EE 210 Fundamentals of Electric Circuits (3)
EE 210L Fundamentals of Electric Circuits Lab (1)
PHYS 152 Electricity and Magnetism (4)

Upper Division:

Take all of the following:

CE 335 Fluid Mechanics (3)
CE 345 Geotechnical Engineering I (3)
CE 346 Geotechnical Engineering Laboratory (1)
CE 359 Structural Analysis I (3)
CE 364 Environmental Engineering (3)
CE 406 Cost Engineering and Analysis (3)
CE 407 Probability & Statistics in Civil Engineering (2)
CE 426 Transportation Engineering (3)
CE 437 Engineering Hydraulics (3)
CE 459 Reinforced Concrete Design I (3)
CE 481 Professional Practice in Civil Engineering (1)
CE 490 Senior Design Project (3)
ECON 300 Fundamentals of Economics (3)
GEOL 370 Geology for Engineers (2)
MATH 370A Applied Mathematics I (3)
MAE 330 Engineering Thermodynamics I (3)
MAE 371 Analytical Mechanics II (Dynamics) (3)
MAE 373 Mechanics of Deformable Bodies (3)

Take six units of technical design electives from:

CE 427, 428, 438, 445, 455, 456, 457, 466, 495

Take two laboratories from:

CE 336, 365, 430, 491, MAE 374

Take three units of technical electives from:

CE 429, 435, 446, 458, 464.

A grade of "C" or better must be achieved in the required courses below:

CHEM 111A, MATH 122, 123, 224, 370A, BIOL 200, PHYS 151, ECON 300, MAE 172, MAE 373, CE 130, 130L, 200, 205, 206, 335, 345, 359, 406, 459 and 490.

Bachelor of Science in Construction Engineering Management (code ET__BS01) (130 units)

Mission

The Mission of the Construction Engineering Management program is to educate and prepare students to succeed in the construction engineering management profession by providing them with essential technical, managerial and communication skills and tools which will enable them to perform current and future construction engineering management tasks and to promote the need for life-long learning.

Educational Objectives

The Construction Engineering Management program educational objectives are to produce graduates, who after entering the construction engineering management practice with a knowledge of fundamental construction engineering management principles and current technologies, communication skills and practical construction experience, will:

1. Provide substantial contributions to the construction industry.
2. Pursue life-long learning through continuing education and/or advanced degrees in construction engineering management or other related fields.
3. Continue to develop professionally through participation in professional organizations and/or participation in professional development activities in the industry.
4. Progress towards professional certifications.

Requirements

Lower Division:

Take all of the following:

CE 101 Introduction to CE & CEM (1)
CE 130 Surveying and Mapping (1)
CE 130L Surveying and Mapping Laboratory (1)
ENGR 101 Intro to the Engineering Profession (1)
ENGR 102 Academic Success Skills (1)
MATH 122 Calculus I (4)
PHYS 100A General Physics (4)
PHYS 100B General Physics (4)
CEM 121 Construction Drawing I (2)
CEM 125 Fundamentals of Construction (3)
CEM 200 Concrete Construction (1)
CEM 200L Concrete Construction Laboratory (1)
CEM 202 Probability and Statistics for CEM (3)
CEM 204 Applied Mechanics-Statics (3)
CEM 205 Computer Systems and Programming (2)
CEM 225 Residential and Light Commercial Construction Practices and Estimating (2)

Take one of the following:

CEM 201 Cost Accounting for Construction Engineering (3)
ACCT 201 Elementary Financial Accounting (3)

Upper Division:

Take all of the following:

CE 406 Cost Engineering and Analysis (3)
CEM 304 Applied Mechanics-Strength of Materials (2)
CEM 310 Communication in Engr Profession (3)
CEM 315 Construction Safety (2)
CEM 320 Operations Management in Contemporary Organizations (3)
CEM 324 Commercial, Institutional, and Industrial Construction Practices and Estimating (2)
CEM 335 Soil Mechanics Technology (2)
CEM 335L Soil Mechanics Technology Laboratory (1)
CEM 365 Mechanical Equipment for Buildings (2)
CEM 375 Electrical Equipment Buildings (2)
CEM 404 Structural Design I (2)
CEM 421 Construction Planning and Scheduling (3)

CEM 425 Earthwork and Civil Works Construction Practices (2)
 CEM 426 Business and Construction Law (3)
 CEM 427 Contract Administration (2)
 CEM 429 Advanced Estimating and Bidding (3)
 CEM 431 Construction Cost Control (3)
 CEM 438 Structural Design II (2)
 CEM 485 Senior Seminar (2)
 CEM 490 Construction Project Management (3)
 ECON 300 Fundamentals of Economics (3)
 MGMT 300 Principles of Management (3)

A grade of "C" or better must be achieved in all required courses listed below:

PHYS 100A/B, MATH 122, CEM 121, 125, 200, 202, 204, 205, 225, 304, 315, 310, 324, 335, 335L, 365, 374, 375, 421, 425, 426, 427, 429, 431, 476, 490, CE 130, 130L, 406, MGMT 300; CEM 201 or ACCT 201.

Upper Division Electives:

Take six units of electives in consultation with an advisor:

1. *Design-build Emphasis*: CEM 373, 409, 443
2. *Facility Management Emphasis*: CEM 374, 409, 432, 433, 434, 436
3. *Heavy Construction Emphasis*: CEM 409, 476, 486.

Fieldwork Requirements

Fieldwork experience is required for the BS in Construction Engineering Management, consisting of no less than three months full-time (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college. The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the department.

Graduate Certificate in Waste Engineering and Management (code CE__CT01)

This 24-unit program is conducted in cooperation with local engineering consulting firms and government agencies and could accommodate an internship of three units through directed study (CE 697). This certificate may be taken (1) by a graduate as a matriculated student, (2) admitted to a CSULB graduate degree program, or admitted as an unclassified graduate student.

A grade of "C" or better must be obtained in all courses applied to the certificate, with an overall G.P.A. of 3.0. Courses taken on Credit/No Credit or Audit basis will not apply to the certificate. Graduate students taking courses in this program are reminded that grades received will be included in calculations of the M.S. requirement.

Requirements

1. Completion of an accredited baccalaureate degree in engineering or a related scientific discipline, with appropriate prerequisites to be met.
2. Take both of the following courses:
 - CE 543 Waste Management & Landfill Engr (3)
 - PPA 590 Topics in Public Policy & Administration (3)
 Take a minimum of 9 units (electives) from the following: C E 504, 562, 563, 564, 566, 567; CH E 555, and 585. Normally, at least one of these courses should be from non-Civil Engineering offerings.

3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).
4. Filing of a program application card with Admissions and Records, and filing for the certificate at least one semester prior to completion.

Certificate in Facilities Operations (code ET__CT01)

Advisor - Tesfai Goitom (Civil Engineering)
 Department Office - VEC 301
 Telephone - (562) 985-8020

The certificate is designed to qualify the graduate to serve in plant engineering, industrial construction coordination, facilities development and design, plant layout, and facilities project management. This program provides graduates with a depth of technical knowledge in facilities operations-oriented technical courses, as well as the knowledge of behavioral sciences essential for managing technical functions.

Requirement

1. The certificate may be earned concurrently with or subsequent to the baccalaureate degree.
2. This program is open to all majors who have fulfilled the prerequisites as stated below.
3. Requires a total of 25 units as specified below.
 - A. The completion of supporting technical courses chosen in consultation with an advisor.
 - B. Take 25 units selected from the following:
 - CE 406 Cost Engineering and Analysis (3)
 - CEM 121 Construction Drawing I (2)
 - CEM 320 Operations Management in Contemporary Organizations (3)
 - CEM 374 Plant Planning and Layout (2)
 - CEM 409 Directed Studies in Construction Engineering Management (1-3)
 - CEM 431 Construction Cost Control (3)
 - CEM 432 Facility Administration (3)
 - CEM 433 Facility Finance Management (3)
 - CEM 434 Facility and Property Management (3)
 - CEM 436 Facility Operations Management (3)
4. Any deviation from this program requires the written permission of the program advisor.

GRADUATE PROGRAMS

Master of Science in Civil Engineering (code CE__MS01)

Mission

The mission of the civil engineering graduate program at CSULB is to provide a high-quality educational experience and the technical specialization required to become successful leaders in industry and the society, to engage students in innovative practical research and encourage them to pursue advanced degrees and lifelong learning.

Program Objectives

- Graduates of the MSCE program will:
- a) have technical competency in an area of specialization.

- b) have technical knowledge and skills needed to conduct independent and/or innovative research.
- c) keep current with state of the art technologies and advancements in a specialized technical area.

Prerequisites

1. A bachelor's degree in an accredited curriculum in civil engineering; or
2. A bachelor's degree in engineering, a natural science or other appropriate discipline with the requirement that essential undergraduate prerequisites in civil engineering be satisfied with a minimum GPA of 2.7 in the last 60 semester units attempted;
3. Graduate students must consult with the graduate advisor for information concerning procedures and requirements for appropriate approval of their courses of study prior to enrolling in their graduate programs.

Advancement to Candidacy

1. Removal of all undergraduate deficiencies as determined by the Department Graduate Studies Committee;
2. Completion of at least 12 graduate units at CSULB; minimum GPA of 3.0; currently enrolled;
3. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).

Requirements

Completion of a minimum of 30 units beyond the bachelor's degree and graduate coursework as follows:

1. A minimum of 24 units in engineering, probability and statistics and mathematics courses with 18 units of 500-/600-level courses in Civil Engineering. Within these 18 units a student may include six units of CE 698 or three units of CE 697.

Students are required to complete successfully either:
697 Directed Studies (1-3)
698 Thesis (2-6)

2. Six units of electives selected from approved upper-division or graduate courses in appropriate subjects;
3. Fulfill one of the following alternatives:
 - I - Write and present orally a thesis to be approved by the thesis committee;
 - II - Pass a written comprehensive examination on coursework in the student's program.

Courses (C E)

LOWER DIVISION

101. Introduction to Civil Engineering and Construction Engineering Management (1)

Civil engineering and construction engineering management as a profession. Current trends and challenges, ethical, social and environmental issues in professional practice. Professional organizations and licensure. Communication and lifelong learning skills for professional practice.

Letter grade only (A-F). (Lecture-problems 1 hour)

130. Surveying and Mapping (1)

Corequisites: CE 130L and MAE 172 or CEM 121.

Theory and practice of plane surveying, including the use of instruments for measuring distances, angles, and elevations.

Plotting of surveying data and topographic mapping. Fundamentals of construction layout. Integration of data with surveying software.

Letter grade only (A-F). (Lecture-Problems 1 hour)

130L. Surveying and Mapping Laboratory (1)

Corequisite: CE 130.

Fundamentals of surveying methods as applied to construction layout. Use of level and total station for location and control of structures, vertical and horizontal control, and area determination.

Letter grade only (A-F). Not open for credit to students with credit in CE 131. (Laboratory 3 hours)

200. Materials for Civil Engineering (2)

Prerequisites: CHEM 111A and PHYS 151 and consent of department undergraduate advisor.

Basic properties of materials in civil engineering, including concrete, masonry, steel, wood, asphalt and composites.

Letter grade only (A-F). (Lecture 1 hour, Laboratory 3 hours)

205. Analytical Mechanics I (Statics) (3)

Prerequisite: PHYS 151. Prerequisite/Corequisite: MATH 123.

Application of the mechanics of equilibrium to force systems using analytical and graphical solutions of problems involving structures and machines.

Letter grade only (A-F). (Lecture 2 hours, Activity 2 hours)

206. Computer Programming and Civil Engineering Applications I (2)

Prerequisites: MATH 122, PHYS 151.

Introduction to programming and application of computers to elementary civil engineering problems.

Letter grade only (A-F). (Lecture-Problems 1 hour, Laboratory 3 hours)

UPPER DIVISION

335. Fluid Mechanics (3)

Prerequisites: MATH 224 and C E 205.

Properties of fluids, fluid statics, fluid dynamics, dynamic similitude, flow of compressible and incompressible fluids in closed conduits, uniform flow in prismatic open channels.

Letter grade only (A-F). (Lecture-Problems 3 hours)

336. Fluid Mechanics Laboratory (1)

Prerequisite: ENGL 100 or equivalent. Prerequisite or corequisite: C E 335.

Experiments in and study of the phenomena of fluid flow.

Letter grade only (A-F). (Laboratory 3 hours)

345. Geotechnical Engineering I (3)

Corequisites: MAE 373; GEOL 370. Prerequisite: Consent of Department Undergraduate Advisor.

Soil mechanics applied to engineering structures. Soil exploration, identification, classification, drainage, stability and bearing capacity.

Letter grade only (A-F). (Lecture-Problems 3 hours)

346. Geotechnical Engineering Laboratory (1)

Prerequisite: ENGL 100 or equivalent. Corequisite: CE 345.

Laboratory investigation and experiments in the phenomena of soil mechanics.

Letter grade only (A-F). (Laboratory 3 hours)

359. Structural Analysis I (3)

Prerequisite: MAE 373.

Analysis of structures including trusses, beams, and frames, conjugate beam, virtual work, energy methods, approximate methods, and influence lines. Use of code based finite element computer programs in analysis of frame and truss type structures.

Letter grade only (A-F). (Lecture-Problems 3 hours)

Courses (C E)

364. Environmental Engineering I: Fundamentals (3)

Prerequisites: CHEM 111A, BIOL 200/MICR 200; Prerequisite or Corequisite: CE 335.

Introduction to the fundamental physical, chemical and biological processes affecting air and water quality. Models of transport and transformation of impurities. Emphasis on theory underlying the design of water quality control technologies.

Letter grade only (A-F). (Lecture-Problems 3 hours)

365. Environmental Engineering Laboratory (1)

Prerequisite or Corequisite: CE 364

Experiments in routine water quality analysis and environmental engineering applications.

Letter grade only (A-F). (Laboratory 3 hours)

370. Analytical Mechanics (3)

Prerequisites: PHYS 151; Prerequisite or corequisite: MATH 123.

Fundamental principles of statics, kinematics and kinetics, with application to idealized structures and systems.

Intended for Electrical Engineering majors. Not open for credit to Civil or Mechanical Engineering majors. Letter grade only (A-F). (Lecture-Problems 3 hours)

404. Laboratory Techniques (1)

Prerequisites: ENGL 100 or equivalent, senior standing in civil engineering and consent of instructor.

Study in the techniques of organizing and directing of the civil engineering laboratory.

May be repeated to maximum of 3 units. Letter grade only (A-F). (Conference 1 hour, Laboratory 3 hours)

405. Special Topics in Civil Engineering (3)

Prerequisites: Senior standing in civil engineering and consent of instructor.

Selected topics from recent advances in civil engineering. Course content will vary from year to year.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (Lecture-Problems 3 hours)

406. Cost Engineering and Analysis (3)

Prerequisite: Completion of GE Foundation Requirements.

Introduction to the concepts of capital and operations budgets, capital acquisition, economic evaluation of capital alternatives and effect of the time-value of money in industrial operations and construction industries.

Letter grade only (A-F). (Lecture-Problems 3 hours)

407. Probability and Statistics in Civil Engineering (2)

Prerequisites: CE 206 and MATH 224.

Analysis of uncertainties, and applications of the basic theories of probability and statistics in civil engineering areas of geotechnical, environmental, water resources, structural and transportation engineering.

Letter grade only (A-F). (Lecture-problems 1 hour, Laboratory 3 hrs)

408. Special Problems (1-3)

Prerequisite: Senior standing in civil engineering.

Assigned topics in technical literature or laboratory projects and report on same.

Letter grade only (A-F).

426. Transportation Engineering (3)

Prerequisite: CE 345. Corequisite: CE 406.

Operation of various modes of transportation; Characteristics of the driver, pedestrian, vehicle and the road; fundamental principles of traffic flow; introduction to intersection design and control, planning, and geometric design; transportation issues and safety.

Letter grade only (A-F). (Lecture-Problems 3 hours)

427. Highway Design (3)

Prerequisite: CE 345.

Geometric design of highways and streets. Route location and earthwork computation. Introduction to roadside and pavement design. Design problems in highway engineering.

Letter grade only (A-F). (Lecture-Problems 3 hours)

428. Highway Engineering Materials (3)

Prerequisites: CE 200 and 345.

Design and properties of highway materials, including aggregates, asphalt binder, and mixtures. Hot Mix Asphalt (HMA) aggregate gradation, blending procedure, volumetrics, design, plant operation, and lay down. Superpave binder testing and specifications.

(Lecture 2 hours, Laboratory 3 hours) Letter grade only (A-F).

429./529. Traffic Engineering (3)

Prerequisite/Corequisite: CE 426 or Consent of instructor.

Capacity and level of service analyses of highway facilities. Intersection signal timing design. Introduction to traffic control devices. Volume, speed and delay studies. Use of traffic data for design, planning and operational levels of analyses.

Letter grade only (A-F). Graduate students required to do extra projects. (Lecture-Problems 3 hours)

430. Traffic Engineering Laboratory (1)

Prerequisite/Corequisite: CE 426.

Laboratory activities on traffic flow theory, capacity and level of service analyses, signal timing, parking lot design, and travel demand forecasting; traffic volume, speed and delay studies. Use of traffic engineering software.

(Laboratory 3 hours) Letter grade only (A-F).

435. Hydrology and Water Resources Engineering (3)

Prerequisite: C E 335.

Fundamental surface and ground water hydrology concepts and quantitative methods. Selected topics and procedures of the hydrological cycle. Planning, development and management of water resource surface systems.

Letter grade only (A-F). (Lecture-Problems 3 hours)

437. Engineering Hydraulics (3)

Prerequisites: C E 335, MATH 370 A.

Theory and analysis of steady uniform and non-uniform flow in open conduits. Energy and momentum principles, critical flow computations and applications, design of channels, computations of gradually varied, spatially varied and rapidly varied flows.

Letter grade only (A-F). (Lecture-Problems 3 hours)

438. Hydraulic Engineering Design I (3)

Prerequisite/Corequisite: CE 437.

Application of hydraulic principles to the design of dams, water courses, water systems and their related structures and devices.

Letter grade only (A-F). (Lecture-Problems 3 hours)

445. Geotechnical Engineering II (3)

Prerequisites: CE 345, 346.

Methods of design and construction of various geotechnical engineering projects utilizing theory of soil mechanics.

Letter grade only (A-F). (Lecture-Problems 3 hours)

446./542. Geotechnical Projects (3)

Prerequisite: CE 345.

Design and problem solving oriented geotechnical projects utilizing soil mechanics theory and experimental methods according to the state-of-the-art practice.

Letter grade only (A-F). Graduate students required to do additional readings and write a research term paper to deal with current topics in geotechnical engineering. (Lecture-Problems 3 hours)

455. Structural Steel Design (3)

Prerequisite: C E 458.

Detailed design of components with typical codes and specifications.

Letter grade only (A-F). (Lecture-Problems 3 hours)

456. Timber Design (3)

Prerequisite: CE 359

Design of various structural elements made of wood material subjected to both vertical and lateral loads. Application of current building codes and specifications in timber design.

Letter grade only (A-F). (Lecture-Problems 3 hours)

457./517. Reinforced Masonry Design (3)

Prerequisite: CE 359.

Theory, design and application of reinforced masonry (brick and block) in compliance with latest Building Code. Earthquake provisions. Construction and specifications. Design of high rise buildings, industrial buildings and retaining walls.

Letter grade only (A-F). Graduate students required to do a design project and assigned readings from journals and research papers. (Lecture-Problems 3 hours)

458. Structural Analysis II (3)

Prerequisite: CE 359.

Solution of indeterminate truss and frame structures using moment distribution and slope deflection methods. Introduction to matrix methods. Energy theorems and virtual work principles. Use of code based finite element computer programs in the analysis of indeterminate structural systems.

Letter grade only (A-F). (Lecture-Problems 3 hours)

459. Reinforced Concrete Design I (3)

Prerequisites: C E 200 and 359.

Theory and design of structural elements of reinforced concrete, analysis by working stress and ultimate strength design theories.

Letter grade only (A-F). (Lecture-Problems 3 hours)

464. Environmental Engineering II: Unit Processes (3)

Prerequisites: CE 335 and 364.

Civil engineering applications of the fundamentals of chemical reactions, kinetics of biochemical systems, gas transfer systems, liquid/solid separations, solubility equilibria, adsorption, ion exchange and membrane processes.

(Lecture-Problems 3 hours) Letter grade only (A-F).

466. Environmental Systems Design (3)

Prerequisites: CE 364 or consent of instructor.

Principles of environmental systems design. Design and planning of systems for water distribution, wastewater collection and storm water management.

Letter grade only (A-F). (Lecture-Problems 3 hours)

481. Professional Practice In Civil Engineering (1)

Prerequisite: Senior standing.

Topics related to practice of civil engineering profession. Professional society meetings and readings.

Letter grade only (A-F). (Lecture-Problems 1 hour)

490. Senior Design Project (3)

Prerequisite: CE 459; completion of all 300-level engineering courses for the civil engineering major and consent of department undergraduate advisor. Prerequisite/Corequisite: CE 426, 437. Normally taken in the last year of the undergraduate program.

A supervised design group project, incorporating all aspects from concept to completed design and oral presentations. Technical aspects, social, environmental, and economic issues considered. Ethical concepts discussed.

Letter grade only (A-F). (Lecture-Problems 2 hours, Design laboratory 3 hours)

491. Structures Laboratory (1)

Prerequisite: CE 359 and ENGL 100 or equivalent. Prerequisites/Corequisites: CE 455, 459.

Laboratory examination of structural concepts. Utilize computer simulation modeling techniques in combination with structural tests.

Letter grade only (A-F). (Lecture 3 hours)

495. Seismic Design I (3)

Prerequisites: CE 459.

Elements of lateral-force design in steel, concrete, masonry, and timber structures. Application of current building codes.

Letter grade only (A-F). (Lecture 3 hours)

497. Senior Problem Directed Studies (2)

Prerequisites or corequisites: CE 406, 481, 490.

Directed study on assigned topics or lab/field studies practicum and report on same.

Letter grade only (A-F).

GRADUATE LEVEL

500. Engineering Analysis I (3)

Prerequisites: MATH 370A.

Application of analytical methods to engineering problems. Differential equations and series solutions, Bessel functions and Legendre polynomials, boundary value and eigenvalue problems, Fourier series, partial differential equations, vector analysis.

Letter grade only (A-F). (Lecture-Problems 3 hours)

501. Engineering Analysis II (3)

Prerequisite: MATH 370A.

Analysis of engineering mechanics by matrix theory and complex variables; introduction to numerical techniques.

Letter grade only (A-F). (Lecture-Problems 3 hours)

502. Finite Element Methods II (3)

Prerequisite: Consent of instructor.

Theory of finite element methods. Discretization of continuum, element stiffness matrices and direct stiffness formulation. Application to frame, plane stress and strain, plate and shell problems using SAP.

Letter grade only (A-F). (Lecture-Problems 3 hours)

503. Selected Topics in Civil Engineering (3)

Prerequisites: Graduate standing and consent of instructor.

Selected topics, with laboratory work required, from the most recent developments in civil engineering. Course content will vary from year to year and the specific topic will be recorded on the student's transcript.

Letter grade only (A-F). May be repeated to a maximum of 6 units. No more than six units of CE 503 or CE 504 may be counted for the Master's Degree. (Lecture-Problems 2 hours, Laboratory 3 hrs)

504. Advanced Topics in Civil Engineering (3)

Prerequisite: Graduate standing or consent of instructor.

Selected topics from recent developments in civil engineering. Course content will vary from year to year.

Letter grade only (A-F). May be repeated to a maximum of 6 units. No more than six units of CE 503 and/or CE 504 may be counted for the master's degree. (Lecture-Problems 3 hrs)

508. Probabilistic and Statistical Methods in Engineering Applications (3)

Prerequisite: Graduate standing or consent of instructor.

Civil Engineering applications of nondeterministic models and decision theory. Applications of proven statistical computer programs.

Letter grade only (A-F). (Lecture-Problems 3 hours)

Courses (C E)

509. Computational Methods in Civil Engineering (3)

Prerequisite: Graduate standing or consent of instructor.

Numerical analysis and computer methods applied to various areas of civil engineering. Application of proven computer methods, including special problem-oriented languages.

Letter grade only (A-F). (Seminar 3 hrs)

516. Timber Design II (3)

Prerequisite: CE 359 and 456

Structural behavior of timber buildings/wood structures under seismic load. Analysis/design of nonrectangular buildings, horizontal diaphragms and shearwalls. Analysis/design of member under biaxial bending and axial force. Load/resistance factor design (LRFD) for wood construction. Current building codes/specifications in advanced timber design.

Letter grade only (A-F). (Lecture-Problems 3 hours)

517./457. Reinforced Masonry Design (3)

Prerequisite: CE 359.

Theory, design and application of reinforced masonry (brick and block) in compliance with latest Building Code. Earthquake provisions. Construction and specifications. Design of high rise buildings, industrial buildings and retaining walls.

Letter grade only (A-F). Graduate students required to do a design project and assigned readings from journals and research papers. (Lecture-Problems 3 hours)

520. Seaport Planning and Design (3)

Prerequisite: CE 426 or consent of instructor.

Planning and design of seaports and facilities as access systems. Support transportation, use analysis and ocean transport crafts. Site selection and comprehensive planning.

Letter grade only (A-F).(Lecture-Problems 3 hours)

522. Transportation Planning (3)

Prerequisite: C E 426 or consent of instructor.

Planning of fixed facilities for various modes of transportation in urban areas. Engineering administration and integration of transportation systems.

Letter grade only (A-F). (Lecture-Problems 3 hours)

526. Pavement Engineering (3)

Corequisite: C E 427 or consent of instructor.

Aggregate, binder systems. Theory and design of pavement structures.

Letter grade only (A-F). (Lecture-Problems 3 hours)

529./429. Traffic Engineering (3)

Prerequisite/Corequisite: CE 426 or consent of instructor.

Capacity and level of service analyses of highway facilities. Intersection signal timing design. Introduction to traffic control devices. Volume, speed and delay studies. Use of traffic data for design, planning and operational levels of analysis. Graduate students required to do extra projects.

Letter grade only (A-F). (Lecture-Problems 3 hours)

530. Groundwater Flow: Principles and Modeling (3)

Prerequisite: CE 437 or consent of instructor.

Principles of water flow in the saturated and unsaturated zone. Well hydraulics. Numerical modeling of groundwater flow in the subsurface with computer applications. Groundwater artificial recharge and saline water intrusion.

(Lecture 3 hrs). Letter grade only (A-F).

532. Sediment Transportation (3)

Prerequisite: C E 437.

Phenomena of sediment transportation related to streams and marine environments.

Letter grade only (A-F). (Lecture-Problems 3 hours)

533. Groundwater Contaminant Transport: Principles and Modeling (3)

Prerequisites: CE 437, 530 or consent of instructor.

Mechanisms of contaminant transport in groundwater. Analysis of groundwater remediation methods and alternatives. Numerical modeling of flow and transport in the subsurface. Software applications.

(Lecture 3 hrs). Letter grade only (A-F).

535. Advanced Hydrology (3)

Prerequisite: Graduate standing or consent of instructor.

Theory and application of surface hydrology. Hydrologic statistics, dynamic wave routing, frequency analysis and risk analysis. Simulation of design flows, flood forecasting, flood plain analysis and hydrologic design. Mathematical models, numerical methods in analysis and evaluation.

Letter grade only (A-F). (Lecture-Problems 3 hours)

536. Urban Surface Water Management (3)

Prerequisite: CE 437 or consent of instructor.

Planning and design of facilities to control flooding, erosion, sedimentation, and non-point source pollution for urban storm water runoff management. Presentation of analysis and design methodologies, structural and non-structural measures for management, and master planning principles.

Letter grade only (A-F). Lecture-Problems 3 hours)

538. Hydraulic Engineering Design II (3)

Prerequisites: C E 437, 438 or consent of instructor.

Design of water supply networks, hydraulic transitions, controls and structures. Hydraulic power conversion. River engineering. Water resources systems.

Letter grade only (A-F). (Lecture-Problems 3 hours)

542./446. Geotechnical Projects (3)

Prerequisite: CE 345.

Design and problem solving oriented geotechnical projects utilizing soil mechanics theory and experimental methods according to the state-of-the-art practice.

Letter grade only (A-F). Graduate students required to do additional readings and write a research term paper to deal with current topics in geotechnical engineering. (Lecture-Problems 3 hours).

543. Waste Management and Landfill Engineering (3)

Prerequisite: Graduate standing or consent of instructor.

Advanced principles and practices of landfill engineering for waste management and subsurface flow problems. Presentation of research and case studies in geotechnical aspects of waste management and landfill engineering.

Letter grade only (A-F). (Lecture-Problems 3 hours)

546. Theory and Design of Foundation Structures (3)

Prerequisite: CE 345 or consent of instructor.

Foundation, explorations, stress and deformation relationships and design of various footings, piles, piers and caissons. Analysis of lateral loads and design of retaining structures, machinery foundations and foundation dewatering.

Letter grade only (A-F). (Lecture-Problems 3 hours)

547. Soil Dynamics (3)

Prerequisite: CE 345 or consent of instructor.

Theories and field behaviors of dynamically loaded foundation systems and soil responses with emphasis on engineering applications.

Letter grade only (A-F). (Lecture-Problems 3 hours)

548. Geotechnical Engineering III (3)

Prerequisite: C E 345 or consent of instructor.

Stress-strain time relationship of soils. Theory and methods of analysis with special emphasis on the applications and limitations in soil engineering.

Letter grade only (A-F). (Lecture-Problems 3 hours)

551. Prestressed Concrete (3)

Prerequisite: C E 459.

Principles of prestressed concrete. materials used, applications to structural design, review of existing specifications.

Letter grade only (A-F). (Lecture-Problems 3 hours)

552. Theory of Plates and Shells (3)

Prerequisite: Completion of C E Graduate MATH Requirement.

Review of theory of elasticity; formulation of general equation of bending of thin elastic plates; methods of obtaining exact and approximate solutions; membrane and bending theories of shells with emphasis on cylindrical shells and shells of revolution.

Letter grade only (A-F). (Lecture-Problems 3 hours)

553. Behavior and Design of Steel Structures (3)

Prerequisite: C E 455.

Study of torsion, unsymmetrical bending, stability. Plastic design, code provisions and commentary. Design of complete structural systems in steel.

Letter grade only (A-F). (Lecture-Problems 3 hours)

555. Seismic Design II (3)

Prerequisite: C E 495 or consent of instructor.

Characteristics of earthquakes and seismicity response spectra, modal methods of analysis, practical examples of elastic and inelastic response of structures to earthquake motions. New development in codes, computer applications.

Letter grade only (A-F). (Lecture-Problems 3 hrs)

557. Advanced Structural Analysis (3)

Prerequisite: C E 458 or consent of instructor.

Virtual forces and displacements, strain energy and complementary energy. Force and displacement matrix methods. Computer applications to planar and space frames, trusses, floor beams and shear wall systems.

(Lecture-Problems 3 hours) Letter grade only (A-F).

558. Dynamics of Structures (3)

Prerequisite: CE 458 or consent of instructor.

Response of structures and structural components having one or more degrees of freedom. Damping and inelastic action; earthquake and nuclear blasts, dynamic resistance of structural elements and structures, elastic and inelastic response of structures.

(Lecture-Problems 3 hours) Letter grade only (A-F).

562. Water and Wastewater Treatment Design I (3)

Prerequisite: C E 364 or consent of instructor.

Design of physical and chemical processes for water and wastewater treatment, with emphasis on water treatment plants.

(Lecture-Problems 3 hours) Letter grade only (A-F).

563. Water and Wastewater Treatment Design II (3)

Prerequisite: C E 562 or consent of instructor.

Design of chemical and biological processes for water and wastewater treatment with emphasis on wastewater treatment.

(Lecture-Problems 3 hours) Letter grade only (A-F).

564. Environmental Health Engineering (3)

Prerequisite: CE 364 or consent of instructor.

Health and safety aspects of environmental quality and related engineering systems. Regulatory aspects. Projects and case studies.

(Lecture-Problems 3 hours) Letter grade only (A-F).

566. Unit Operations in Environmental Engineering (3)

Prerequisite: CE 364 or consent of instructor.

Civil engineering applications of the fundamentals of chemical reactions, kinetics of biochemical systems, gas transfer operations, liquid/solid separations, solubility equilibria, adsorption, ion exchange and membrane processes.

(Lecture-Problems 3 hours) Letter grade only (A-F).

567. Liquid and Solid Waste Project Planning and Management (3)

Prerequisite: CE 364 or consent of instructor.

The presentation of research and case studies of liquid and solid waste project planning and management.

Letter grade only (A-F). (Lecture-Problems 3 hours)

570. Engineering Management Principles and Practices (3)

Prerequisites: CE 406, graduate standing or consent of instructor.

Transition of engineers into management. Analysis of technical manager's functions at lower and middle levels as support to corporate management. Principles of engineering management and applications to private and public sector organizations. Case studies of practices in different technical organizations.

Letter grade only (A-F). (Lecture 3 hours)

571. Construction Planning and Cost Control (3)

Prerequisite: Graduate standing or consent of instructor.

Planning, scheduling and resource allocation for a complex construction project. Topics include traditional critical path method, advanced computer expert systems and optimization techniques for construction planning and cost control.

Letter grade only (A-F). (Lecture-Problems 3 hours)

573. Engineering Specifications, Law and Contracts (3)

Prerequisite: Graduate standing or consent of instructor.

Application of law of contracts to construction contracts. Legal matters of concern to engineers.

(Lecture-Problems 3 hours) Letter grade only (A-F).

574. Methods, Analysis and Design of Construction Operations (3)

Prerequisite: CE 571 or consent of instructor.

Equipment, methods, analysis and design of a construction operation, from site work improvement and data acquisition to modeling and design. Particular attention will be paid to interfacing between design and construction activities and work method development, productivity and safety.

(Lecture-Problems 3 hours) Letter grade only (A-F).

576. Construction Organization and Management (3)

Prerequisite: Graduate standing or consent of instructor.

An introduction to construction organization, control concepts and labor, emphasizing the business aspects of construction engineering management. Topics include legal framework, finance in construction management, labor, accounting and other decision making in the construction business.

(Lecture-Problems 3 hours) Letter grade only (A-F).

577. Business Aspects and Finance of Construction Projects (3)

Prerequisite: CE 406 or consent of instructor.

Economics and business aspects in construction, financing structure, methodology, and project financial evaluation. Emphasis is on financial aspects in property acquisition, development, construction, and project management.

(Lecture-Problems 3 hours) Letter grade only (A-F).

Courses (C E)

578. Management of Advanced Technologies in Construction (3)

Prerequisite: Consent of instructor.

New development of advanced technology as applied to construction industry. Productivity and competitiveness in construction on the basis of new technology. Comparison of construction innovation in the U.S., Japan, and other countries.

(Lecture-problems 3 hours) Letter grade only (A-F).

582. Management of Productivity and Quality (3)

Prerequisite: CE 570 or consent of instructor.

System approaches to quality and productivity in construction. Total Quality Management (TQM) in construction engineering and management. Investigation of methods and strategies for improving competitiveness at the company level. Domestic and international competitiveness in the construction business.

(Lecture-Problems 3 hours) Letter grade only (A-F).

585. Utility Rehabilitation and Construction (3)

State of infrastructure systems with a focus on underground facilities, diagnostic and evaluation techniques of underground utility pipes, planning, equipment, materials and methods for rehabilitation and construction of sewer and water mains using Trenchless (i.e. NO-DIG) Technology.

(Lecture-Problems 3 hours). Letter grade only (A-F).

602. Seminar in Civil Engineering (3)

Prerequisite: Graduate Standing or consent of instructor.

Presentation of research in special fields of structures, transportation, environmental, urban, geotechnical, water resources, or construction engineering management. May be repeated once for credit. No more than six units of CE 602.

(Lecture-Problems 3 hours) Letter grade only (A-F).

629. Traffic Operations (3)

Prerequisite: CE 429 or 529, or consent of instructor.

Principles of traffic flow, signal timing optimization, signal coordination, and traffic.

(Lecture-Problems 3 hours) Letter grade only (A-F).

630. Mathematical Modeling in Hydraulic Engineering (3)

Prerequisite: CE 437 or consent of instructor.

Numerical techniques for solving hydraulic problems in water supply, waste water disposal and storm drainage systems. Prediction of important parameters by mathematical modeling on problems encountered in artificial channels, rivers, estuaries and marine environments.

(Lecture-Problems 3 hours) Letter grade only (A-F).

640./740. Mathematical Modeling in Geotechnical Engineering (3)

Prerequisite: Graduate standing or consent of instructor.

Mathematical modeling techniques used in geotechnical engineering. Application of proven computer programs.

M.S. students register in CE 640; Ph.D. students register in CE 740. Ph.D. students will be required to complete a more rigorous computer project. (Lecture-Problems 3 hours) Letter grade only (A-F).

696. Research Methods (1)

Prerequisite: Candidacy or consent of instructor.

Bibliographical and library techniques and resources. Preparation and presentation of theses and directed studies technical papers.

Letter grade only (A-F).

697. Directed Studies (1-3)

Prerequisite: Graduate standing. Corequisite: CE 696 or written consent of directed studies advisor.

MSCE and MSE degree candidates in Civil Engineering and Interdisciplinary Areas need to have either CE 697 or CE 698 as their program requirement. Theoretical and experimental problems in civil engineering requiring intensive analysis.

Letter grade only (A-F).

698. Thesis (2-6)

Prerequisite: Admission to candidacy for degree of master of science in civil engineering. Corequisite: C E 696 or written consent of faculty advisor.

Planning, preparation and completion of a thesis and/or project in the field of civil engineering.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

699. Thesis (3-9)

Prerequisite: Admission to candidacy for degree of Civil Engineer. Corequisite: C E 696 or written consent of faculty advisor.

Planning, preparation and completion of a thesis in the field of civil engineering practice.

Letter grade only (A-F). May be repeated to a maximum of 9 units.

740./640. Mathematical Modeling in Geotechnical Engineering (3)

Prerequisite: Graduate standing or consent of instructor.

Mathematical modeling techniques used in geotechnical engineering. Application of proven computer programs.

M.S. students register in CE 640; Ph.D. students register in CE 740. Ph.D. students will be required to complete a more rigorous computer project. (Lecture-Problems 3 hours) Letter grade only (A-F).

Construction Engineering Management Courses (CEM)

LOWER DIVISION

121. Construction Drawing I (2) F

An introduction to conventional and computer aided drafting techniques in the relation of drawings for construction. Interpretation of details in construction drawings/blueprints and reference materials. Laboratory: Drafting plans for a residential building using the techniques introduced in the course.

(Lecture 1 hr, laboratory 3 hrs) Letter grade only (A-F).

125. Fundamentals of Construction (3)

Survey of the professional activities and environments of Construction Education. Overview of residential, commercial, institutional, industrial, and heavy civil construction and associated codes, standards, and ethical boundaries. Areas of focus to include type of foundations, materials, contract documents, working drawings and vocabulary.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

200. Concrete Construction (1)

Prerequisite: CEM 125; Corequisite: CEM 200L.

Concrete composition, Concrete mix design technology, physical properties of concrete, use of admixtures, concrete batching, curing, testing. Includes physical testing of designed mixes. Modern concepts as fundamental solution to concrete construction challenges. New developments in concrete chemistry and strength theory.

Letter grade only (A-F). Not open for credit to students with credit in CEM 235. (Lecture-Discussion 1 hour)

200L. Concrete Construction Laboratory (1)

Corequisite: CEM 200.

Laboratory exercises in support of CEM 200, Concrete Construction. Develop concrete mix designs and prepare concrete samples for testing, such as compressive strength, slump and air entrainment, and aggregate testing.

(Laboratory 3 hours) Letter grade only (A-F). Not open for credit to students with credit in CEM 235L.

201. Cost Accounting for Construction Engineering (3)

Theoretical Practical and concepts of cost accounting. Variable and fixed costs, break-even point, interrelationships of cost, volume and profits; job-order accounting, general and flexible budgeting, standard costs; product costing methods; cost allocation; inventory planning; control and valuation; joint product.

(Lecture-Problems 3 hours) Letter grade only (A-F).

202. Probability and Statistics for Construction Engineering Management (3)

Prerequisite: High School Algebra.

Statistics and probability theories, sampling, correlation, regression applied to Construction Engineering Management. Laboratory. (Simulation using statistical packages)

(Lecture 2 hours, Activity 2 hours) Letter grade only (A-F).

204. Applied Mechanics–Statics (3)

Prerequisites: MATH 122 and PHYS 100A

Provides an overview of the principles of statics as it relates to building structures and machines. Equilibrium of forces. Free body diagrams. Force components. Bending moments. U.S. and S.I. units of measurements.

(Lecture 2 hours, Activity 2 hours) Letter grade only (A-F).

205. Computer Systems and Programming (2)

Overview of computer systems, Hardware topics include: Updated coverage of the central processing unit and memory, input/output devices, and storage mechanism. Software topics include: operating systems, and systems analysis. For laboratory exercises object oriented programming is used to solve problems.

(Lecture - Discussion 1 hour and Laboratory 3 hrs). Letter grade only (A-F).

225. Residential and Light Commercial Construction Practices and Estimating (3)

Prerequisites: CEM 121, 125. Corequisites: CEM 200, 200L.

An introductory course in planning, design, and construction of residential and light commercial buildings including materials, equipment, construction/assembly methods, quantity take-off, and building codes/standards. Field trips or visual presentation is required.

(Seminar 2 hours and Activity 2 hours) Letter grade only (A-F).

UPPER DIVISION**304. Applied Mechanics Strength of Materials (2)**

Prerequisite: CEM 204.

Strength of structural materials and applications in building structures and machines. Mechanical properties of materials, structural behaviors of load resisting components associated with construction processes.

(Lecture-Discussion 1 hr, Activity 2 hrs) Letter grade only (A-F).

310. Communication in Engineering Profession (3)

Prerequisites: ENGL 100, COMM 110 and Senior standing.

Basic concepts for understanding/practice of communication in world of business for managers and professionals. Language/ conversations in business and role in coordinating actions, resolving breakdowns in work and customer satisfaction. Business writing formats, formal report, business conversation. International, technical, and linguistic developments in business communication.

(Lecture - Discussion 3 hours) Letter grade only (A-F).

315. Construction Safety (2)

Prerequisite: CEM 225; Corequisite: CEM 310.

Terminology, safety functions, accident costs, workman's compensation and liability laws, O.S.H.A., governmental and non-governmental codes, regulations and field safety methods pertinent to the construction industry. Field trips.

Not open for credit to students with credit in CEM 328. (Lecture 1 hour , Activity 2 hours) Letter grade only (A-F).

320. Operations Management in Contemporary Organizations (3)

Prerequisites: MGMT 300, ENGR 310.

Overview of Managerial and organizational theories and practices - introduction to concepts, methods to analyze and improve operations performance in construction and in service organizations. Decision-making and problem-solving processes for organizations. management Effectiveness and efficiency at the organizational, process level, and performer level.(Lecture-Discussion 3 hours) Letter grade only (A-F).

324. Commercial, Institutional and Industrial Construction Practices and Estimating (3)

Prerequisites: CEM 225. Corequisites: CEM 315

Fundamental of commercial construction, including building layout, shallow and deep foundations, introduction to formwork systems, high strength, heavy and light weigh concrete, framing, flooring and roofing systems, construction and expansion joints, masonry and steel construction. Quantity takeoff.

(Lecture-Discussion 2 hours, Activity 2 hours). Letter grade only (A-F).

335. Soil Mechanics Technology (2)

Prerequisite: CEM 304. Corequisite: CEM 335L.

Soil Composition, description, and classification; soil compaction; determination of physical properties of soils.

(Lecture-Problems 2 hours) Letter grade only (A-F).

335L. Soil Mechanics Technology Laboratory (1)

Prerequisite: CEM 304. Corequisite: CEM 335.

Laboratory investigations and experiments in the phenomena of soil mechanics. Field trips.

(Laboratory 3 hours) Letter grade only (A-F).

365. Mechanical Equipment for Buildings (2)

Prerequisite: PHYS 100B; Corequisite: CEM 324.

Principles and current practices in water supply, waste disposal, heating, ventilating, air conditioning and fire protection.

(Lecture 1 hour and Activity 2 hours) Letter grade only (A-F).

373. Fundamentals of Integrated Project Delivery (3)

Prerequisite: Junior standing.

This course provides a general overview of the attributes of all the major project delivery systems, procurement methodologies and contracting approaches.

(2 hrs lecture, 2 hrs activities) Letter grade only (A-F).

374. Plant Planning and Layout (2)

Prerequisite: CEM 324 or consent of instructor.

Planning practices, procedures and requirements for laying out industrial facilities.

(Lecture - Discussion 2 hours) Letter grade only (A-F).

375. Electrical Equipment for Buildings (2)

Prerequisites: CEM 324, PHYS 100B.

Principles and current practices in the application of electrical equipment and material utilization, sound and signal systems.

(Lecture 1 hour, Activity 2 hours) Letter grade only (A-F).

404. Structural Design I (2)

Prerequisite: CEM 304.

Fundamentals of design for structural concrete and masonry buildings in compliance with current building codes.

(Lecture 1 hour, Activity 2 hours) Letter grade only (A-F).

409. Directed Studies in Construction Engineering Management (1-3)

Prerequisites: Senior standing in CEM or consent of instructor.

Advanced work of a technical nature within area of specialization on an experimental or research basis.

Letter grade only (A-F).

Construction Engineering Management Courses (CEM)

421. Construction Planning and Scheduling (3)

Prerequisite: CEM 324.

Planning and scheduling of construction projects by graphic charts and Critical Path Method (CPM) networks utilizing manual and computer methods.

Letter grade only (A-F). Field trips. (Lecture-Discussion 2 hrs, Activities 2 hrs)

425. Earthwork and Civil Works Construction Practices (2)

Prerequisite: CEM 324, CE 406.

Fundamentals of earthmoving operations, including volume calculation and mass diagrams, soil protection and dewatering systems, volume change characteristics and fundamentals of moving earth, equipment selection, management and economics. (Seminar 1 hour and Activity 2 hours) Letter grade only (A-F).

426. Business and Construction Law (3)

Prerequisite: CEM 315.

Contractors license laws, mechanics lien laws, real estate and subdivision law, public works projects, bid and bid requirements. O.S.H.A., litigation and legal trends in affirmative action and minority subcontractor quotas, design professional's liability.

Letter grade only (A-F).

427. Contract Administration (2)

Prerequisite CEM 425; Corequisite: CEM 426.

Survey administrative procedures of general and subcontractors. Study documentation, claims, liens, waivers, arbitration, litigation, bonding, insurance, and indemnification. Discuss ethical practices.

Field trips. (Lecture-Discussion 2 hours) Letter grade only (A-F).

429. Advanced Estimating and Bidding (3)

Prerequisites: CEM 421, 425.

A study of the concept and practices involved in the total estimate bidding process in construction, from initial project selection for submission of final bids. A complete project estimate and bid is prepared by each study.

(Lecture 2 hours, Activity 2 hours) Letter grade only (A-F).

431. Construction Cost Control (3)

Prerequisites: CE 406 and CEM 421.

Establishing and controlling construction projects cost through utilization of procedures, techniques and systems commonly used to control resources allocated and to be expended on construction projects.

(2 hrs lecture, 2 hrs activities) Letter grade only (A-F).

432. Facility Administration (3)

Prerequisite: CEM 374.

Management skills for facility management. Emphasis is placed on the management functions of planning, organizing, directing and controlling. topics include: negotiation; communication; performance measurement; job enrichment; motivation; contracting services and interpersonal relationships.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

433. Facility Finance Management (3)

Prerequisite: CEM 432.

Analysis of financial management strategies associated with facility management. Topics include: buy-lease considerations; building efficiency; leasing considerations; cost control and record keeping; facility capitalization; facility budgeting; cost benefit analysis and financial reports.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

434. Facility and Property Management (3)

Prerequisite: CEM 433.

Principles of facility and property management. Topics include: property development; cost benefit analysis; site selection; architectural design; layout plans; building engineering; specifications; stacking and blocking plans; aesthetic standards; renovation and contracting standards.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

436. Facility Operations Management (3)

Prerequisite: CEM 374.

Analysis of the functions of facility operations management. Topics include: building systems; mechanical systems; energy management; electrical systems; trades operations; grounds maintenance; custodial; furniture and equipment; waste removal contracting services; furniture standards; security systems and planned maintenance.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

438. Structural Design II (2)

Prerequisite: CEM 304.

Simplified designs for steel and wood structures in accordance with current building codes. Selection of structural steel and wood systems with structural characteristics of members and connections.

(Lecture 1 hour, Activity 2 hours) Letter grade only (A-F).

443. Principles of Design-Build Project Delivery (3)

Prerequisite: CEM 373.

This course provides a general overview and the unique distinguish essential elements of design-build project delivery and how to make the mental-shift needed to transition from traditional Design-Bid-Build to design-build project delivery.

(2 hrs lecture, 2 hrs activities) Letter grade only (A-F).

476. Construction and Maintenance of Infrastructure Facilities (2)

Prerequisites: CEM 425

Comprehensive coverage of the construction principles and technologies embraced by the heavy civil industry. The course presents the construction methods and maintenance practices of heavy civil projects, with emphasis on utility pipes, bridges and roads.

(Lecture 1 hour - Activity 2 hours) Letter grade only (A-F).

485. CEM Senior Seminar (2)

Prerequisites: CEM 429 and 431 or consent of the instructor.

Advanced work of a technical nature within the construction industry. All students will be required to participate into the Bid Competitions.

(Lecture 1 hour, Activity 2 hours). Letter grade only (A-F).

486. Infrastructure Management (2)

Prerequisites: CEM 427, 476 and CE 406.

Integrated approach to infrastructure management theories and practices including: tools, models and applied systems. The course presents the principles required to manage, preserve and improve the performance of infrastructure systems, with emphasis on utility pipes, bridges and roads.

(Lecture 1 hour, Activity 2 hours) Letter grade only (A-F).

490. Construction Project Management (3)

Prerequisites: CEM 426, 429 and 431.

This course is a capstone course where integrated project management principles are applied to a case study of an actual construction project. Topics include plans and specifications, site logistics, estimating, planning, scheduling, cost control, and contract administration. Additionally, relationships with owners, designers and other officials are analyzed.

(2 hrs lecture, 2 hrs activities) Letter grade only (A-F).

CLASSICS

College of Liberal Arts

Department Chair: Carl Fisher

Department Office: McIntosh Humanities Building (MHB), Rm 515
Telephone / Fax: (562) 985-4239 / (562) 985-4863
Website: www.csulb.edu/colleges/cla/departments/complit-classics

Faculty: Conrad Barrett, Kathryn Chew, Douglas Domingo-Forasté, Paul Scotton

Administrative Support Coordinator: Gretchen Dinger

Students desiring information should contact the department office for an appointment with the advisor.

Career Possibilities

Creative/Media Writer • Editor • Technical Writer • Librarian • Copywriter • Literary Agent • Foreign Service Officer • Public Relations Worker • Medicine • Market Researcher • Educator • Lawyer • Government Affairs Officer • Management Trainee • Underwriter • Claims Adjuster (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Classics includes the study of the languages, literatures and civilizations of ancient Greeks and Romans. Classics offers the Bachelor of Arts in Classics and minors in Classical Studies, Latin, and Greek. Within the Classics major two options are offered, Roman Civilization and Greek Civilization. Students interested in graduate school in either Classics or Classical Archaeology should consult the departmental advisor as early as possible in their academic careers.

The department recommends that some time be spent in either Italy or Greece on one of the many programs designed to familiarize students with the physical remains of these civilizations (College Year at Athens, the American School of Classical Studies at Athens, the Aegean Institute, the Intercollegiate Center for Classical Studies in Rome, etc.). Courses at one of these institutions may be substituted for CSULB courses with departmental approval.

Undergraduate Programs

Bachelor of Arts in Classics (120 units)

Option in Roman Civilization (code CLSCBA01)

Requirements

41-43 units with a minimum of 21 upper division units (excluding LAT 300)

1. Elementary Latin (6-8 units) from the following:
LAT 101A Elementary Latin (4)
and
LAT 101B Elementary Latin (4)
or
LAT 300 Intensive Latin (6)

The requirements in this category may be met by high school equivalents, but total units must still equal 41.

2. Upper Division Latin (12 units) from the following:

LAT 301, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410A, 410B, 410C, 490.

3. CLSC 202 Latin Literature in Translation (3)

4. Take 12 units in Classics from the following:

CLSC 100, 101, 110, 130, 300I, 312I*, 340, 380, 410I, 420I, 440, 490.

* The Department strongly recommends that this course be taken in Italy in the Winter Session.

5. Take a minimum of 8 units in Antiquity from the following:

GK 101A, 101B; AH 408, 417; CLSC 350; COMM 300; CWL 452**; HIST 131, 314, 318; PHIL 490**; POSC 301; R/ST 471I.

** With topic appropriate to ancient Rome and advisor approval.

Option in Greek Civilization (code CLSCBA02)

Requirements

43 total units with a minimum of 21 upper division units:

1. Elementary Greek (8 units):

GK 101A Elementary Greek (4)

GK 101B Elementary Greek (4)

2. Upper Division Greek (12 units) from the following:

GK 301A, 301B, 401, 402, 403, 404, 405, 490.

3. CLSC 201 Ancient Greek Literature (3)

4. Take 12 units of Classics from the following:

CLSC 100, 101, 110, 130, 300I, 311I*, 340, 380, 410I, 420I, 430, 490.

*The Department strongly recommends that this course be taken in Greece during the winter session.

5. Take a minimum of 8 units in Antiquity from the following:

LAT 101A, 101B, 300; AH 408, 416; CLSC 350; COMM 300; CWL 452**; HIST 131, 313, 318; PHIL 421, 422, 490**; POSC 301; R/ST 471I.

**With topic appropriate to ancient Greece and advisor approval.

Minor in Classical Studies (code CLSCUM01)

This minor is offered to students majoring in any subject. Interested students should contact the Classics Advisor prior to or during the first semester of taking courses.

The Minor consists of a minimum of 20 units that must include a minimum of 9 units of upper division coursework selected from the following:

1. Take two courses in Latin or Greek in the same language.
2. Take a minimum of two courses from the following:
CLSC 100, 101, 110, 130, 201, 202, 300I, 340, 380, 410I, 420I, 430, 440, 490; CWL 452 (with an appropriate topic); or additional courses in Latin or Greek, not necessarily in the same language as selected in (1).
3. Take a minimum of two courses from the following:
CLSC 311I or HIST 310I; CLSC 312I, or HIST 312I; CLSC 350; HIST 313, 314; PHIL 421, 422; AH 408, 416, 417; ANTH 140, 450; POSC 301; R/ST 471I.

Minor in Greek (code CLSCUM03)

A minimum of 20 units in Greek which must include four upper division courses. Prospective teachers are strongly urged to take, in addition, HIST 313, CLSC 101, 300I, and other courses touching on the ancient world.

The Minor in Greek is available to any non-Classics major.

Minor in Latin (code CLSCUM02)

A minimum of 20 units in Latin which must include four upper division courses. Prospective teachers are strongly urged to take, in addition, HIST 314, CLSC 101, and 300I, and other courses touching on the ancient world.

The Minor in Latin is available to any non-Classics major.

Single Subject Teaching Credential in Latin (code 156)

The subject matter program in Latin consists of 37 units in Latin and related areas. Completion of these courses meets the subject matter competence requirement for the Single Subject Preliminary Credential in Latin (code 156). Courses taken for subject matter competence for the teaching credential also count toward units needed for the Classics B.A., Option in Roman Civilization. Prospective students should consult the Latin Education Advisor and the Languages Other Than English (LOTE) Program Advisor early to plan their programs.

In addition to meeting the subject matter competence requirement for the Preliminary Credential, prospective teachers of Latin are also required to complete 44 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this *Catalog* or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures.

Requirements

1. Take all the following:
 - LAT 301 Intermediate Latin (4)
 - LAT 401 Vergil (3)
 - LAT 402 Cicero (3)
 - LAT 410A Latin Prose Composition (1)
 - LAT 410B Latin Prose Composition (1)
 - LAT 410C Latin Prose Composition (1)
2. Take seven courses from the following:
 - LAT 403, 404, 405, 406, 407, 408, 409, 490, 499.
3. Take one course from the following:
 - HIST 312I, 314; CLSC 420I, 440; AH 417.

Students are required to keep a portfolio of written work produced in the above classes with instructor comments. Members of the Latin faculty evaluate the portfolio according to established criteria. The credential candidate also takes an exit examination administered by the Latin faculty which will assess pronunciation, speech and conversation, listening and writing, and reading. Credential students also produce a Latin play.

Classics Courses (CLSC)

LOWER DIVISION

100. The Classical World of Greece and Rome (3)

Prerequisite/Corequisite: One GE Foundation course.

Introduction to the literature, language and culture of the ancient Greek and Roman worlds. Use of primary sources, such as drama, epic, inscriptions, and the visual arts to explore issues of gender, mythology, theater, combat and sports, slavery and family.

101. Greek Mythology (3)

Prerequisite/Corequisite: One GE Foundation course.

A survey of the major Greek myths, sagas and tales of gods and heroes, and their influence on later eras, particularly ancient Rome.

Not open for credit to students with credit in CLSC 191.

110. Classical Archaeology (3)

Prerequisites/Corequisite: One GE Foundation course.

Introduction to the study of the material culture of Greece, Etruria and Rome from the Minoans to Constantine. Covers history of archaeology, chronology and dating systems and analytical methods of material culture including urban planning, construction techniques, and architecture.

130. Women in the Classical World (3)

Prerequisite/Corequisite: One GE Foundation course.

A survey of the roles and status of women in ancient Greece, Rome and Etruria through literature by and about women and other ancient source material.

Not open for credit to students with credit in CLSC 135.

201. Ancient Greek Literature (3)

Prerequisite: Completion of GE Foundation requirements.

A survey of the literature of ancient Greece in translation from Homer and Hesiod to Lucian and the novelists (c. 700 BC to AD 400).

202. Latin Literature (3)

Prerequisite: Completion of GE foundation requirements.

A survey of the literature of the ancient Romans in translation, focusing on major authors from Plautus to Augustine (200 BC to AD 450).

280. At Home in the Ancient World (3)

Prerequisite: Open only to Liberal Studies majors in the Integrated Teacher Education Program (ITEP) and to those enrolled in Track 1 of the Liberal Studies major.

Interdisciplinary introduction to the concept of 'home' in ancient world, focusing on diversity yet unity of this concept in global context.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300I. Pagan Culture (3)

Prerequisites: Completion of Foundation requirement, completion of one or more Explorations course, and upper division standing.

Examines the mass cultures of the Greek and Roman periods, its worldview, and its philosophic and religious underpinnings through literary, artistic, archaeological and documentary sources.

Not open for credit to students with credit in CLSC 310I.

311I. Greek World (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Interdisciplinary examination of the society and culture of ancient Greece emphasizing literature, the arts, and history. Topics include Homer, mythology and religion, lyric poetry, the Persian and Peloponnesian Wars, the Athenian Golden Age, and Greek contributions to the modern world.

Same course as HIST 310I. Not open for credit to students with credit in CWL 310I or HIST 310I.

312I. Roman World (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Interdisciplinary examination of the society and culture of ancient Rome emphasizing literature, the arts, and history. Topics include genesis and growth of the Roman world, transition from republic to Empire, imperial maturity, and Roman contributions to the modern world.

Same course as HIST 312I. Not open for credit to students with credit in CWL 312I or HIST 312I.

340. The Underworld (3)

Prerequisite: One course in Classics or consent of instructor.

In-depth investigation of the realm of the dead as given in ancient Greek and Roman myth. Topics include its topography and population, journeys to it, and interpretations of it. Comparative analysis of ancient myths of the underworld from other cultures.

350. Hollywood Does Rome (3)

Prerequisites: CLSC 100 or 101 or 202 or consent of instructor. An investigation of the filmmaker's motives and the methods they have used to portray the ancient Romans from the beginnings of cinema to the present. Topics include imaging the past, the 'power' of the image, community and society, cultural imperialism, film theory, the 'language' of myth, and reception theory.

Same course as FEA 350. Not open for credit to students with credit in FEA 350.

380. Ancient Eats (3)

Prerequisite: Completion of GE Foundation or consent of Instructor.

Survey of food in the Roman Empire and elsewhere in the ancient Mediterranean world. Topics include farming, sustainability, trade, purchasing, processing, production, ingredients, recipes, tools, the place and function of feasts, and food in myth, cult and philosophy.

410I. Law and Literature in the Classical World (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Introduction to the study of philosophy and interpretation of law through classical literature that encompasses fundamental legal questions and ancient legal source material and the application of modern theories of literary criticism to ancient and modern law.

420I. Classical Drama (3)

Prerequisites: Completion of the GE Foundation, one or more Exploration courses, and upper-division standing.

Examination of the plays of Aeschylus, Sophocles, Euripides, and Aristophanes both as literature and as theater. Includes origins of tragedy and comedy, later Greek and Roman drama, and debt of modern drama to the theater of Greeks.

Not open for credit to students with credit in CLSC 421.

430. Archaeology of Ancient Greece (3)

Prerequisite: one of the following courses: CLSC 110, ANTH 140, HIST 131, or AH 416/516, or consent of instructor.

The material culture of ancient Greece, from Minoans to Constantine including urban planning, architecture, sculpture, painting, ceramics, burial customs, religious and secular artifacts, epigraphy and numismatics. Examines chronology and dating systems, analytical methods and history of classical archaeology in Greece.

440. Archaeology of the Roman World (3)

Prerequisite: Completion of one of the following: CLSC 110, ANTH 140, HIST 131, or AH 417/517, or consent of instructor.

The material culture of Roman empire, from Villanovans to Constantine including urban planning, architecture, sculpture, painting, ceramics, burial customs, religious and secular artifacts, epigraphy and numismatics. Examines chronology and dating systems, analytical methods and history of archaeology of Roman empire.

490. Special Topics in Classics (1-4)

Prerequisite: Consent of instructor.

Topics of special interest in Classics selected for intensive study.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special interest.

May be repeated to maximum of 6 units.

GRADUATE LEVEL

598. Directed Readings in Classics (1-4)

Prerequisites: Graduate standing and consent of instructor.

Selected topics in Classics or Classical Archaeology will be studied in depth.

A term paper is required. Letter grade only (A-F).

Greek Courses (GK)

LOWER DIVISION

101A. Elementary Greek (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to ancient Greek, the language of Sophocles, Plato, Aristophanes, Homer and Demosthenes. Forms, syntax and basic vocabulary leading also to a reading knowledge of New Testament Greek. Designed for those beginning a study of ancient Greek.

101B. Elementary Greek (4)

Prerequisite/Corequisite: Any Foundation course. Prerequisite: GK 101A or equivalent.

Continuation of GK 101A.

102. New Testament and Early Christian Greek (1)

Corequisite: GK 101B.

Supplemental graded readings and writing exercises in New Testament Koine Greek and other very early Christian literature such as the Didache and the Epistle of Clement.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper-division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

301A-B. Intermediate Greek (3-3)

301A. Prerequisite: GK 101B or equivalent.

301B. Prerequisite: GK 301A or equivalent.

Continued study of the language and culture. Reading and translating selections of classical writers.

401. Homer (3)

Prerequisite: GK 301B or equivalent.

Translation and literary study of selected books of the Iliad or Odyssey.

402. Plato (3)

Prerequisite: GK 301B or equivalent.

Translation and literary study of one or more dialogues of Plato.

403. Tragic Poets (3)

Prerequisite: GK 301B or equivalent.

Reading of a play of Aeschylus, Sophocles or Euripides.

May be repeated to a maximum of 9 units with different topics in different semesters.

404. Historians (3)

Prerequisite: GK 301B or equivalent.

Reading from selections from Herodotus, Thucydides and/or Xenophon.

May be repeated to a maximum of 9 units with different topics in different semesters.

Greek Courses (GK)

405. Attic Orators (3)

Prerequisite: GK 301B or equivalent.

Reading of a speech of Demosthenes, Antiphon, Andocides, Lysias, Isocrates, Aeschines, Hyperides, Isaeus, Lycurgus, Dinarchus or selections from various orators.

May be repeated to a maximum of 9 units with different topics in different semesters.

490. Special Topics (1-3)

Prerequisites: 12 units of upper-division Greek courses or consent of instructor.

Translation and literary study of the selected works of an author, genre (e.g., oratory) or period (e.g., Hellenistic Greek).

May be repeated to a maximum of 12 units.

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special interest.

May be repeated to a maximum of 6 units.

Latin Courses (LAT)

LOWER DIVISION

101A. Elementary Latin (4)

Prerequisite/Corequisite: Any Foundation course.

Introduction to the Latin language as used by Vergil, Cicero, Livy, Catullus, Tacitus, and Juvenal as well as late Latin and medieval writers. Basic forms, syntax, and basic vocabulary leading to a reading knowledge.

101B. Elementary Latin (4)

Prerequisite/Corequisite: Any Foundation course. Prerequisite: LAT 101A or equivalent.

Continuation of LAT 101A.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper-division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. Intensive Latin (6)

Equivalent to two semesters of Elementary Latin. Designed for undergraduate and graduate students with little or no knowledge of Latin, whose degree programs require or recommend a reading knowledge of the language.

Not open for credit to students with credit in LAT 101B or LAT 321.

301. Intermediate Latin (4)

Prerequisite: LAT 101B or 300 or equivalent.

Continued study of the language and culture of the ancient Romans. Reading and translating selections of classical writers.

401. Vergil (3)

Prerequisite: LAT 301 or equivalent.

Reading of selections from Vergil's Aeneid, and/or selections from the Georgics and Eclogues.

May be repeated to a maximum of 6 units with different topics in different semesters, which includes previously earned credit in GK 352.

402. Cicero (3)

Prerequisite: LAT 301 or equivalent.

Reading of one or more works of Cicero.

May be repeated to a maximum of 6 units with different topics in different semesters, which includes previously earned credit in GK 351.

403. Latin Lyric and Elegy (3)

Prerequisite: LAT 301 or equivalent.

Reading of selected poems of one or more of the lyric and elegiac poets: Catullus, Horace (Odes, Epodes, Carmen Saeculare), Propertius, Tibullus, and Ovid (Amores).

May be repeated to a maximum of 6 units with different topics in different semesters.

404. Latin Epic (3)

Prerequisite: LAT 301 or equivalent.

Reading of selections from Lucretius' De Rerum Natura and/or Ovid's Metamorphoses.

May be repeated to a maximum of 6 units with different topics in different semesters.

405. Historiography of the Republic (3)

Prerequisite: LAT 301 or equivalent.

Reading of selections from Sallust and/or Julius Caesar.

May be repeated to a maximum of 6 units with different topics in different semesters.

406. Historiography of the Empire (3)

Prerequisite: LAT 301 or equivalent.

Reading of selections from Livy and/or Tacitus.

May be repeated to a maximum of 6 units with different topics in different semesters.

407. Latin of the Early Principate (3)

Prerequisite: LAT 301 or equivalent.

Reading of selections from the following authors and works: Pliny the Younger, Martial, Seneca's letters, Suetonius.

May be repeated to a maximum of 6 units with different topics in different semesters.

408. Roman Comedy (3)

Prerequisite: LAT 301 or equivalent.

Reading of one or more plays of Plautus and Terence.

May be repeated to a maximum of 6 units with different topics in different semesters.

409. Roman Satire (3)

Prerequisite: LAT 301 or equivalent.

Reading of selected satires of Horace, Juvenal, or Persius, the Satyricon of Petronius or the Apocolocyntosis of Seneca the Younger.

May be repeated to a maximum of 6 units with different topics in different semesters.

410A-B-C. Latin Prose Composition (1-1-1)

Thorough instruction in writing Latin prose at the advanced level. Extensive coverage of syntax and morphology of Latin.

A. Prerequisite: LAT 301 or equivalent. Beginning Latin prose composition

B. Prerequisite: LAT 410A. Continuation of prose composition.

C. Prerequisite: LAT 410B. Continuation of prose composition.

490. Special Topics (1-3)

Prerequisites: LAT 301 or equivalent.

Translation and study of authors of a particular period (e.g., Medieval Latin) or of a methodological specialty (e.g., Latin epigraphy).

May be repeated to a maximum of 9 units with different topics in different semesters.

A. Medieval Latin

499. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Directed studies to permit individual students to pursue topics of special interest.

May be repeated to a maximum of 6 units.

COMMUNICATION STUDIES

College of Liberal Arts

Chair: Sharon D. Downey

Department Office: Academic Services (AS), Room 309
Telephone: (562) 985-4301

Faculty: Jessica Abrams, Terre Allen, Jennifer Asenas, Guy Bachman, Amy Bippus, San Bolkan, Catherine Brooks, Aaron Cargile, Sharon D. Downey, Ragan Fox, Katie Gibson, Amy Heyse, Ann Johnson, Patricia Kearney, Eriko Maeda, James S. Manseau Saucedo, Lynda McCroskey, Valerie C. McKay, Mary McPherson, Timothy G. Plax, Karen Rasmussen, Marc Rich, José Rodríguez, Craig R. Smith, Ebony Utley, Stacy Young, Fathi S. Yousef (Emeritus)

Department Administrator: Wendy Lucas

Hauth Center for Communication Skills

Administrative Director: Tim Plax

Technical Director: Scott Allen

Students desiring information about the Communication Studies program at CSULB should contact the department undergraduate advisor or the graduate advisor.

Career Possibilities

Public Relations Specialist • Personnel Specialist • Claims Adjuster • Radio/TV Announcer • Community Organization Worker • Actor/Actress • Management Trainer • Foreign Service Officer • Advertising Worker • Development Officer/ Fundraiser • Lobbyist • Clergy • Lawyer • College Professor • Freelance Writer • Researcher • Politician • Promoter • Speech Writer (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Department of Communication Studies provides students with a liberal arts education in communication arts and sciences with specialized training in communication skills and practices at the baccalaureate and graduate levels. The Department of Communication Studies provides two major services to the University community. Each student is required to consult with the department undergraduate or graduate advisor as appropriate for advisement.

NOTE: Lower-division 100 and 200 level classes taken through California Community Colleges satisfy lower-division CSULB Communication Studies requirements.

Undergraduate Programs

Bachelor of Arts in Communication Studies (code COM MBA01) (120 units)

Admission Under Impaction

To be eligible for admission to the major in Communication Studies, applicants must demonstrate the following prior to the semester for which the application is submitted: Applicants must have met requirements for admission to the university as a freshman or transfer student and have completed the following courses (or equivalents) with a grade of "C" or better: General

Education English and General Education Communication Studies. Eligible applicants will be selected for admission on a space-available basis based on cumulative grade point average.

Requirements

This requires 48 units of which 36 are upper division. All Communication Studies majors, regardless of option chosen, are required to complete the following core:

1. Lower Division Core (12 units):

Take all the following:

COMM 110 Interpersonal Communication (3)

COMM 131 Essentials of Argumentation (3)

*COMM 200 Gateway to Communication Studies (3)

Take one of the following:

COMM 130 Essentials of Public Speaking (3)

COMM 171 Voice and Applied Speaking (3)

*Students must take COMM 200 in their first year of declaring the major

2. Upper Division Core (18 units):

Take all the following courses:

COMM 300 Survey of Rhetorical Theory (3)

COMM 301 Communication Criticism (3)

COMM 306 Communication Theory (3)

COMM 307 Measurement in Communication Research (3)

COMM 309 Language and Behavior (3)

COMM 330 Intercultural Communication (3)

3. Elective Courses: An additional 18 units of course work (of which at least 9 units must be in 400-level courses, and no more than 3 units at the 100 or 200 level) are required for the major.

18 units drawn from: COMM 132, 220, 331, 333, 334, 335, 337, 338, 344, 352, 355, 358, 400, 410, 411, 412, 414, 415, 420, 421, 422, 430, 432, 433, 434, 436, 437, 439, 441, 442, 444, 449, 450, 452, 490.

Taking COMM 132 and 220 as electives will count toward graduation, but will not reduce the upper division requirements for the major.

Only courses in which a "C" or better have been earned may be applied to satisfy upper division requirements in the major. Classes taken in which less than adequate grades are received must be repeated until an adequate grade is achieved. Majors will not be permitted to take any upper division class in the major on a credit/non-credit basis.

Option in Communication, Culture, and Public Affairs (code COM MBA02) (120 units)

Requirements

This option requires 48 units of which 36 are upper division. All Communication Studies majors, regardless of option chosen, are required to complete the following core.

1. Lower Division Core (12 units):

Take all the following:

COMM 110 Interpersonal Communication (3)

COMM 131 Argumentation (3)

*COMM 200 Gateway to Communication Studies (3)

Take one of the following:

COMM 130 Essentials of Public Speaking (3)

COMM 171 Voice and Applied Speaking (3)

*Students must take COMM 200 in their first year of declaring the major

2. Upper Division Core (18 units):

Take all the following courses:

COMM 300 Survey of Rhetorical Theory (3)

COMM 301 Communication Criticism (3)

COMM 306 Communication Theory (3)

COMM 307 Measurement in Communication Research (3)

COMM 309 Language and Behavior (3)

COMM 330 Intercultural Communication (3)

3. Electives (18 units, 9 units must be 400-level) selected from the following:

COMM 331, 333, 335, 336, 338, 352, 412, 415, 422, 430, 433, 434, 436, 437, 439, 441I, 442I, 449, 490 (consult with a communication studies advisor for which 490 course are appropriate for this degree option).

Taking COMM 236 as an elective will count toward graduation, but will not reduce the upper division requirement for the major.

Only courses in which a "C" or better have been earned may be applied to satisfy upper division requirements in the major. Classes taken in which less than adequate grades are received must be repeated until an adequate grade is achieved. Majors will not be permitted to take any upper division class in the major on a credit/non-credit basis.

Option in Interpersonal and Organizational Communication (code COMMBA03) (120 units)

Requirements

This option requires 48 units of which 36 are upper division. All Communication Studies majors, regardless of option chosen, are required to complete the following core.

1. Lower Division Core (12 units):

Take all the following:

COMM 110 Interpersonal Communication (3)

COMM 131 Argumentation (3)

*COMM 200 Gateway to Communication Studies (3)

Take one of the following:

COMM 130 Essentials of Public Speaking (3)

COMM 171 Voice and Applied Speaking (3)

*Students must take COMM 200 in their first year of declaring the major

2. Upper Division Core (18 units):

Take all the following courses:

COMM 300 Survey of Rhetorical Theory (3)

COMM 301 Communication Criticism (3)

COMM 306 Communication Theory (3)

COMM 307 Measurement in Communication Research (3)

COMM 309 Language and Behavior (3)

COMM 330 Intercultural Communication (3)

3. Elective Courses: An additional 18 units of course work (of which at least 9 units must be in 400-level courses, and no more than 3 units at the 100 or 200 level) are required for the major.

18 units drawn from: COMM 132, 220, 334, 335, 337, 344, 355, 400, 410, 411, 412, 414, 420, 421, 432, 444, 449, 450, 452, 490 (consult with a communication studies advisor for which 490 course are appropriate for this degree option)

Taking COMM 132 and 220 as electives will count toward graduation, but will not reduce the upper division requirements for the major.

Only courses in which a "C" or better have been earned may be applied to satisfy upper division requirements in the major. Classes taken in which less than adequate grades are received must be repeated until an adequate grade is achieved. Majors will not be permitted to take any upper division class in the major on a credit/non-credit basis.

Minor in Speech Communication (code COMMUM01)

The Minor in Speech Communication is available to any non-Communication Studies major. A minimum of 21 units in Communication Studies is required, of which at least 15 must be upper division, chosen in consultation with the Department Undergraduate Advisor.

Graduate Programs

Master of Arts in Communication Studies (code COMMMMA01)

This degree allows the student to construct a personalized program that draws from the following areas: rhetorical, interpersonal, organizational, or intercultural communication, performance studies, forensics or instructional communication.

Admission

1. Application for Admission to the University. The office of Enrollment Services processes applications to the University (forms available through that office) and forwards those meeting University criteria to the Department.
2. Application to the Department. In addition to the University application, prospective students are also required to submit an application and supporting materials directly to the Department. An application form along with detailed instructions are available on-line at the Department's website (<http://www.csulb.edu/depts/comstudies>). Generally, the department accepts students who have a minimum 3.0 Overall Undergraduate GPA and a minimum combined score of 900 on the Verbal and Quantitative sections of the Graduate Record Exam (minimum of 400 per section). The decision to admit is never based on a single indicator. Students who do not meet these requirements may seek admission through appeal.
3. Admissions Appeal Policy. Students whose GPA and/or GRE scores are below the minimum may seek admission through an appeal letter to the Graduate Advisor. The Graduate Advisor shall distribute copies of any appeal letters to the Graduate Committee. The Graduate Committee shall consider the merits of each appeal letter and determine whether an exception ought to be made with regard to the GPA and/or GRE requirements. The decision of the Graduate Committee is final. Students who are not accepted into the program may not enroll in graduate courses in the Department of Communication Studies. Graduate courses taken through Open University will not apply to the student's degree program in the Department of Communication Studies.

4. Teaching Associateships and Graduate Assistantships. Employment as a Teaching Associate or Graduate Assistant falls under the jurisdiction of the Personnel Committee of the Department. The positions pay approximately \$950.00 per month. Tuition is not waived. Interested students should send letters of application, transcripts, GRE scores, and three letters of recommendation to: Chair, Department of Communication Studies, California State University, Long Beach, 1250 Bellflower Blvd., MHB-717, Long Beach, CA 90840-2407.
5. Advising. Consult the Graduate Advisor to plan a program of study and to receive information regarding Department procedures prior to enrollment. The Graduate Advisor and/or a faculty mentor will guide students through their programs.

General Considerations

1. Requirements

- A. All requirements date from the time at which a student receives approval for Advancement to Candidacy, not from when a student begins graduate study.
- B. The Department requires a minimum of thirty semester hours (including four thesis credits in the Thesis Option) for the Master's Degree. The University requires a minimum of twenty-four graduate credits be completed in residence.
- C. Students must either pass the Department's comprehensive examination or write an acceptable thesis.
- D. The Department expects its graduate students to possess the writing skills necessary for advanced study. Fulfill the Graduation Writing Assessment Requirement (GWAR). Students should fulfill the GWAR no later than the end of the first semester of graduate study. If you believe you have taken an examination equivalent to fulfillment of the GWAR, consult the Graduate Advisor.

2. Prerequisites

- A. Units obtained fulfilling prerequisites or deficiencies do not count toward the minimum of thirty semester hours needed to complete the Master's degree.
- B. Students must meet all prerequisites before enrolling in graduate courses, except for COMM 541 or 546. Individuals may petition for waiver of this rule prior to registering for courses if compelling reasons warrant such a waiver.
3. Students must comply with all University regulations outlined in the CSULB *Catalog*.

Prerequisites

Individuals with a Bachelor's degree in Communication Studies (or its equivalent) from a fully-accredited college or university must have approved coursework in the following:
COMM 300, 301, 306, 307, 309

Requirements

These requirements are those listed in the 1996-97 University *Catalog* and thus are relevant to students advancing to candidacy during or after Fall 1995. For requirements applicable to students advancing to candidacy prior to Fall 1995, consult appropriate University *Catalog*.

1. A minimum of thirty hours of graduate work in Communication Studies distributed as follows:

- A. Complete the following prior to advancement to candidacy and preferably within the first semester of graduate work:
COMM 541 Rhetorical Theory and Criticism I (3)
COMM 546 Communication Theory and Research I (3)
 - B. Take twelve units consisting of the following:
 - 1) Take both of the following:
COMM 640 Rhetorical Theory and Criticism II (3)
COMM 646 Communication Theory and Research II (3)
 - 2) One course selected from the following:
COMM 633, 634, 635, 636, 637, 638, 639
 - 3) One course selected from the following:
COMM 600, 610, 611, 614, 620, 625, 630, 632, 648, 649, 650
 - C. Take twelve elective units of 500- or 600-level coursework approved by the student's advisor and the Graduate Committee, including three thesis units (COMM 698) if the student elects the thesis option.
2. A minimum of six graduate units taken from one or any combination of the following areas:
 - A. graduate courses from within the Department of Communication Studies,
 - B. graduate courses from outside the Department of Communication Studies (maximum of 6 units)
 - 1) classes taken outside the discipline in a department at California State University, Long Beach require prior approval by the Graduate Committee,
 - 2) classes taken outside the discipline in a department at another university require approval by the Graduate Committee, or
 - 3) Classes taken within the discipline in a department at another university.
 3. Completion of the Department's Comprehensive Examination or of an acceptable thesis.
 4. Please note that Internships and student teaching cannot be included in the required thirty units.

Questions

Any questions not answered in these pages should be directed to the Department Graduate Advisor.

Graduate Courses in Communication Studies

Students may apply the following graduate courses in Communication Studies toward the Master's Degree: COMM 531, 541, 546, 590, 600, 610, 611, 614, 620, 625, 630, 632, 633, 634, 635, 636, 637, 638, 639, 640, 646, 648, 649, 650, 697, 698

Undergraduate Core Courses

COMM 300, 301, 306, 307, 309, and 330.

Courses (COMM)

LOWER DIVISION

110. Interpersonal Communication (3)

Corequisite: Concurrent enrollment in COMM 110 Workshop.

Lecture: Basic characteristics of processes underlying the formation, maintenance and termination of interpersonal relationships; theoretical and practical implications of these characteristics in various forms of interpersonal communication.

Workshop: Planned exercises and activities to develop interpersonal communications skills.

(Lecture 2 hours, Workshop 2 hours). Not open for credit to students with credit in COMM 210.

130. Essentials of Public Speaking (3)

Composition and delivery of speeches to inform and persuade. Logical organization is stressed.

131. Essentials of Argumentation (3)

Corequisite: Concurrent enrollment in 131 workshop.

Lecture: Theory of argumentation; examination of forms and sources of evidence, inductive and deductive arguments, construction of case briefs, and refutation.

Workshop: Develops critical thinking abilities with planned exercises and speeches including construction and presentation of arguments, cases, and refutation.

132. Small Group Discussion (3)

Basic principles and techniques of discussion. Relationship of discussion to democratic processes and contemporary society including a study and practice of critical thinking and problem-solving techniques in various group discussion settings.

171. Voice and Applied Speaking (3)

Application of speaking clarity and proficiency, voice quality and pacing, and related communication modification objectives. Speaking process is applied to realize personal, social, and professional verbal communication skills.

Not open for credit to students with credit in COMM 271.

200. Gateway to Communication Studies (3)

Introduction to the academic discipline of communication studies with emphasis on multiple epistemological, theoretical, and methodological issues relevant to the systematic inquiry and pursuit of knowledge about human communication.

Letter grade only (A-F).

220. Elements of Organizational Communication (3)

Role of communication in achieving organizational goals; theory and practice of communication in private and public organizations; techniques to enhance understanding in organizations.

236. Forensic Activity (1-3)

Participation in intercollegiate forensic activities. Any student who expects to participate in such activities during the semester should enroll. Specific assignments will be determined in consultation with the staff.

May be repeated to a maximum of 4 units. (2-6 hrs. activity)

UPPER DIVISION

300. Survey of Rhetorical Theory (3)

Prerequisite: Completion of GE Foundation requirements.

A history of major rhetorical theories from the ancient Greeks to the Twentieth century. Theorists include Gorgias, Plato, Aristotle, Cicero, Quintilian, Augustine, Machiavelli, Locke, Marx, Freud, the existentialists, and others.

301. Communication Criticism (3)

Prerequisite: COMM 300.

The analysis and criticism of public communication events including speeches, editorials, advertisements, and mass media from a variety of rhetorical perspectives.

306. Communication Theory (3)

Conceptual perspectives and studies of coding, meaning, thinking, information, and persuasion within interpersonal, group and organizational contexts; theoretical contributions from other disciplines.

307. Measurement in Communication Research (3)

Prerequisites: COMM 306 and completion of University GE requirement in mathematics.

Application of the scientific method to the study of speech communication; examination of the role empirical methodologies play in communication research; fundamental statistical processes.

Letter grade only (A-F). (Not open for credit to students with credit in COMM 305)

309. Language and Behavior (3)

Symbolic basis of human communicative behavior; relationship between language and behavior; investigation and analysis of discourse and behavioral effects.

330. Intercultural Communication (3)

Study of the relationship between culture and communication with emphasis given to social, psychological, linguistic and nonverbal variables; problems in the practice of intercultural communication.

331. Argumentation and Debate (3)

Prerequisite: Completion of GE Foundation requirements.

Techniques of argumentation and their application to debate; logic, reasoning and fallacies of reasoning; experience in various forms of formal argument and debate; techniques of debate program administration.

333. Interpretive Communication of Literature (3)

Derivation of meaning in various literary forms and its communicative interpretation to specific audiences.

334. Business and Professional Communication (3)

Prerequisite: COMM 130 or consent of instructor.

Skills and technologies related to the assessment, strategic planning, development, implementation, and evaluation of effective communication in the business and professional setting.

335. Persuasive Speaking (3)

Prerequisites: Completion of GE Foundation requirements.

Skills necessary for advanced public speaking in various venues including legislative, legal, and ceremonial public address; explores various theories of motivation including speaker credibility, emotional appeals, of evidence and argument, style in language, delivery and audience analysis skills.

336. Forensic Activity (1-3)

Participation in intercollegiate forensic activities. Any student who expects to participate in such activities during the semester should enroll. Student's specific assignments will be determined in consultation with the staff.

May be repeated to a maximum of 4 units. (2-6 hrs. activity)

337. Professional Event Planning (3)

Organization and direction of professional, business and political conferences or conventions; program simulation; leadership of and participation in decision making and parliamentary sessions.

May be repeated to a maximum of 6 units.

338. Ensemble Interpretive Reading (3)

Programming and presentation of prose, poetry and drama by an ensemble of readers. Emphasis is placed on experimental presentations and on the development of analytical insight into literary forms.

344. Theory and Techniques of Interviewing (3)

Theory and techniques of oral communication in the process of interviewing. Practical application in employment, information gathering, and persuasive interviews.

352. Story Telling (3)

Cultural heritage in story telling; analysis of story types for oral presentation; techniques of preparation, presentation and listening.

355. Communication in the Classroom (3)

Designed for prospective teachers; communication theories, and skills applicable to the teaching of speech communication; focus on communication strategies that contribute to greater student learning; develop an instructional package for teaching speech communication.

358. Speech Arts for Children (3)

Use of creative dramatics, improvisations, puppetry, choral speech, radio, television and group discussion for the purpose of developing fluency, responsiveness and imagination in children. Integration of speech arts activities with curricular subjects will be stressed. Opportunity to apply the theories in actual situations.

400. Nonverbal Communication (3)

Prerequisites: COMM 110 Lecture.

Basic characteristics of the nonverbal elements of human communication in the oral communication setting.

410. Advanced Concepts in Interpersonal Communication (3)

Prerequisites: COMM 110.

Systems and symbolic interaction approaches to interpersonal communication; consideration of interpersonal needs, self disclosure, understanding, interpersonal perception, interpersonal attraction, and social conflict; rule and performance-centered theories of interpersonal communication.

411. Communication in Conflict Resolution (3)

Prerequisites: Completion of GE Foundation requirements, completion of one or more Explorations courses, and upper division standing.

Analytical investigation of the nature and dynamics of interpersonal conflict; approaches to the study and understanding of conflict management as examined from intrapersonal, interpersonal, intragroup, organizational, and international perspectives.

412. Gender and Communication (3)

Prerequisites: Completion of GE Foundation requirements, completion of one or more Explorations courses and upper-division status.

Survey of theories and research literature to increase students' understanding of and familiarity with major issues regarding communication between men and women in various contexts.

414. Communication in Families (3)

Role of communication in families; theoretical perspective of family interaction, current family issues, intercultural aspects of family interaction, effects of changing career/family roles, and intergenerational interaction.

Letter grade only (A-F).

415. Rhetoric of Social Movements and Protest (3)

Examines goals, strategies, and effects of groups that form to advocate social, political, and/or moral change. Focuses on how (agitator) groups communicate messages, and how institutions of power (establishment) respond in order to control or resist change.

420. Advanced Concepts in Organizational Communication (3)

Prerequisites: COMM 220.

Philosophy, methods and designs for studying the communication systems of complex organizations; organizational communication-needs assessment, methods for developing and improving communication in organizations are examined.

421. Communication in Bargaining and Negotiation (3)

Role of communication in the decision-making process of negotiation and bargaining; emphasis on the functions of communication in resolving disputes through bargaining. Successful completion of COMM 411 is highly recommended.

422. Media Effects (3)

Prerequisites: Upper division standing and completion of Foundation Level GE courses.

Introduces students to the study of the effects of mass communication by examining some of the classic studies in the field of communication as well as exploring contemporary cultural, social, political and psychological effects of the mass media.

430. Advanced Concepts in Intercultural Communication (3)

Prerequisites: COMM 330 or consent of instructor.

Continued study of communication processes involved in interaction between people from different cultural groups; exploration of culturally variable means of thinking and behaving, and study of social psychological processes affecting all forms of intergroup interaction.

Letter grade only (A-F).

432. Communication Leadership (3)

Development of leadership skills in problem-solving communication environments; leadership theories, strategies and techniques of problem-solving and decision making.

433. Trends in Interpretive Communication (3)

Trends and issues in the theoretical and historical development of oral interpretation as applied to current times.

434. Advanced Oral Presentation Skills (3)

Prerequisite: Completion of General Education foundation courses; one or more General Education Exploration courses; and upper-division standing.

Development of advanced skills in oral presentations, including audience analysis, presentation technologies, and multi-media applications. Special consideration paid to research and critical analysis of written and oral presentation content and delivery.

Letter grade only (A-F).

436. American Public Address (3)

Prerequisites: COMM 300 and 301.

Comparison and contrast of famous American speakers and their techniques, effects and environments from the colonial period to present.

437. International Public Address (3)

Prerequisites: COMM 300 and COMM 301.

Comparison and contrast of famous International speakers and their techniques, effects, and environments from Demosthenes and Churchill to Hitler and Ghandi.

Letter grade only (A-F).

439. Communication and Popular Culture (3)

Examines the relationship between communication and popular culture in the public sphere. The course aims at improving students' abilities to respond critically to everyday mass social messages.

Letter grade only (A-F).

441. Issues in Freedom of Communication (3)

Prerequisites: Upper division standing and completion of Foundation Level GE Courses, and at least two Exploration Courses. Recommended COMM 331 or COMM 335.

The evolution and impact of First Amendment rights on American society and its political system; Emphasis on the evolution of the First Amendment, significant Supreme Court cases, the First Amendment and electronic media, and the application of case laws that deal with religion, speech, press, and assembly. Recommended for pre-law students.

442. Campaign Persuasion (3)

Prerequisites: Completion of GE Foundation requirements, upper division standing, and at least two Exploration Level Courses. It is recommended that one be COMM 331 or COMM 335.

Examination of persuasive communicative strategies in political campaigns inclusive of campaign speeches, commercials, news media coverage, image-building, audience analysis through polling, and fund raising.

444. Communicating Civility (3)

Prerequisites: Upper division standing and completion of Foundation Level GE courses.

Examine codes of "civilized" communication behavior historically and analytically. Identify what it means to be an ethical and civilized communicator in today's society, and appreciate professional and personal protocols for everyday use.

Letter grade only (A-F).

449. Studies in Oral Persuasion and Attitude Change (3)

Attitude formation and change through oral communication; factors in persuasion; problems determining the effects of persuasive messages; source credibility, message variables; and personality factors in the process of persuasion.

450. Communication Training in Organizations (3)

Nature and role of communication training in a variety of social, educational, and business organizations; the goals, structure, and impact of communication effectiveness programs are examined; audiovisual aids and communication training techniques emphasized.

452. Communication in the Multinational Organization (3)

Communication patterns in multinational and multicultural organizational settings; the nature and impact of different organizational structures, value systems, and cultural norms in relation to productivity, employee and organizational obligations and expectations.

490. Special Topics in Communication Studies (3)

Topics of current interest selected for intensive study in Communication.

May be repeated to a maximum of 6 units with different topics. Topics announced in the *Schedule of Classes*.

A. Hip Hop Criticism

492A-B. Internship (3-3)

Prerequisite: "Permit" required to enroll with consent of instructor; open only to senior majors.

At least 120 hours with cooperating organizations on- or off-campus. Work directed and evaluated by instructor in consultation with supervisor of the participating organizations. Assignments will be varied.

Credit/No Credit grading only. COMM 492A is for unpaid Internship. COMM 492B is for paid internship.

495. Service Learning Internship (3)

Prerequisites: Communication Studies Major with Senior Standing; minimum 3.0 GPA for all college coursework taken; COMM 130 or 335 or their equivalents; COMM 352 or 355 or 358, or the consent of instructor.

Application of academic knowledge of communication skills in the community; public speaking, listening, interpersonal communication, group communication, multicultural communication, and/or interviewing skills training (1) to students in K-12 schools or (2) to persons in the public sector.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

499. Special Studies (1-6)

Prerequisites: "Permit" required to enroll. Open to upper division students or graduate standing and consent of instructor. Approved "Agreement for Independent Study" must be on file with the Department prior to enrolling in this course.

Individualized laboratory or library research selected in consultation with instructor. Written report of the research is required. Not acceptable for graduate credit toward the master's degree.

GRADUATE LEVEL

531. Administering the Forensic Program (3)

Prerequisite: "Permit" required to enroll with consent of instructor.

Principles of constructing and administering a forensic program, including recruiting, squad direction, budgeting, tournament policies, and current literature on forensics direction.

Letter grade only (A-F).

541. Rhetorical Theory and Criticism I (3)

Introduction to research in rhetorical studies. Examination of major figures and schools of thought on rhetorical theory and criticism from the Pre-Socratics through the contemporary modern British era.

546. Communication Theory and Research I (3)

Examination of theories and research in social cognition, interpersonal, small group, organizational, intercultural, mass, instructional, language and behavior, and nonverbal communication. Critical analysis of empirically-based articles in the field. Social-scientific research proposal required.

Letter grade only (A-F).

590. Special Topics in Communication Studies (3)

Prerequisite: Consent of instructor.

Investigation of topics of current interest and concern to students in communication and allied areas.

Topics will be announced in the Schedule of Classes. May be repeated to a maximum of 6 units with different topics, but no more than 3 units may count toward the master's degree in Communication Studies.

590A. Theory and Criticism of Presidential Rhetoric (3)

This course examines presidential communication theory and criticism. Topics under consideration include the changing office of the US presidency as well as the evolving role of the first lady. Rhetorical artifacts for analysis span the history of the US presidency.

600. Seminar in Nonverbal Communication (3)

Prerequisite: COMM 546 or consent of instructor.

Review and analysis of theoretical writings and critical studies in nonverbal communication; the relationship of nonverbal behavior to oral communication.

Letter grade only (A-F).

610. Seminar in Interpersonal Communication (3)

Prerequisite: COMM 546 or consent of instructor.

Current theories and research in interpersonal communication.

Letter grade only (A-F).

611. Seminar in Negotiation and Conflict Resolution (3)

Prerequisites: COMM 411 or 421 and 546 or consent of instructor.

Investigation, analysis, and criticism of the nature, development, and dynamics of conflict and the role of negotiation in interpersonal, group, organizational, and international and intercultural communication; study and understanding of conflict management.

Letter grade only (A-F).

614. Gender and Family Research (3)

Major theoretical perspectives on the role of communication in family and gender issues; epistemological, conceptual, and methodological issues in researching family and gender communication.

Letter grade only (A-F).

620. Seminar in Organizational Communication (3)

Prerequisite: COMM 546 or consent of instructor.

Theories and models of communication in large organizations; design and management of organizational communication systems.

Letter grade only (A-F).

625. The Dark Side of Communication (3)

Prerequisite: COMM 546 or consent of instructor.

Examines communication interactions that are difficult, distressing, and disruptive in personal and/or professional relationships in order to gain insight into better ways of managing these interactions and to examine the theoretical bases of what is viewed as "normal" forms of relating.

Letter grade only (A-F).

630. Seminar Intercultural Communication (3)

Prerequisites: COMM 541 and 546 or consent of instructor.

Analysis of cultural influences on interpersonal communication; emphasis given to cultural values, perception, social organization, language and nonverbal codes; development of strategies of effective intercultural communication in international and domestic settings.

632. Seminar in Small Group Communication (3)

Prerequisite: COMM 546 or consent of instructor.

Research in small group discussions.

Letter grade only (A-F).

633. Seminar in Interpretive Communication (3)

Prerequisite: COMM 541 or consent of instructor.

Theories of communicative interpretation of literature, with emphasis on the theory and evaluation of oral presentation of literature as art form and pedagogical instrument.

Letter grade only (A-F).

634. Performance and Ethnography (3)

Students use ethnographic methods to explore the relationship between culture and performance. Students choose a community, conduct fieldwork and collect/perform stories in order to better understand a particular population.

Letter grade only (A-F).

635. Seminar in Communication Criticism (3)

Prerequisite: COMM 541 or consent of instructor.

Critical theories of rhetoric and major systems of communication criticism; development of criteria and approaches for the evaluation of select communication acts and contexts.

Letter grade only (A-F).

636. Seminar in American Public Communication (3)

Prerequisite: COMM 541 or consent of instructor.

Studies of American rhetorical events and their social, political and intellectual settings; application of rhetorical theory in the analysis of these events.

Letter grade only (A-F).

637. Seminar in International Public Communication (3)

Prerequisite: COMM 541 or consent of instructor.

Studies of international rhetorical events and their social, political, and intellectual settings; application of rhetorical theory in the analysis of these public communication events.

Letter grade only (A-F).

638. Seminar in Greek and Roman Public Communication (3)

Prerequisite: COMM 541 or consent of instructor.

Studies of Greek and Roman rhetorical events and their social, political and intellectual settings; application of rhetorical theory in the analysis of these events.

Letter grade only (A-F).

639. Seminar in Communication and Popular Culture (3)

Prerequisite: COMM 541 or consent of instructor.

Survey of literature on rhetoric, critical studies, and popular culture to provide a basis for investigating communication in popular culture.

Letter grade only (A-F).

640. Rhetorical Theory and Criticism II (3)

Prerequisite: COMM 541.

Examination of major figures and themes in rhetorical theory and criticism in the contemporary era.

646. Communication Theory and Research II (3)

Prerequisites: COMM 307 (or equivalent) and 546.

Empirical research methodologies applied to communication research; theory and design of scientific research; analysis of findings; computer applications; research report required.

648. Seminar in Language and Behavior (3)

Prerequisite: COMM 546 or consent of instructor.

Contemporary theories and models in linguistic, psycholinguistic and sociolinguistic research; communication discourse and speech acts analysis.

Letter grade only (A-F).

649. Seminar in Persuasion and Attitude Change (3)

Prerequisite: COMM 546 or consent of instructor.

Contemporary theories and models of persuasion; structure and relationships of beliefs, values and attitudes; methods of assessing persuasive effects; analysis of research literature.

Letter grade only (A-F).

650. Seminar in Instructional Communication (3)

Prerequisites: COMM 541 and 546 or consent of instructor.

Designed for teachers/trainers, the course will identify communication variables and strategies which contribute to greater student/client learning as well as greater satisfaction with the learning process. Students will develop an instructional/training package.

Letter grade only (A-F).

697. Directed Research (1-6)

Prerequisites: COMM 541 and 546; authorization of the department Graduate Advisor, Agreement for Independent Study Course form, consent of instructor.

Directed research leading to the definition and discussion of a selected problem or issue in communication and the presentation of research results in a formal paper submitted to the department.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F).

698. Thesis (2-4)

Prerequisites: COMM 541, 546, 640 and 646, authorization of the department Graduate Advisor, Agreement for Independent Study Course form, consent of instructor.

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements for the Master's degree.

Credit/No Credit grading only.

COMMUNICATIVE DISORDERS

College of Health and Human Services

Department Chair: Carolyn Conway Madding

Department Office: Language Arts Building (LAB), Room 102

Telephone / FAX: (562) 985-4594 / (562) 985-4584

Clinic Office: Language Arts Building (LAB) Room 112

Telephone: (562) 985-4583

Advisors:

Undergraduate: Randall C. Beattie

Graduate: Jennifer Ostergren

Clinic Director: Geraldine P. Wallach

Technician: Rodney Pau

Department Administrator: Pamela Ford

Career Possibilities

Speech-Language Pathologist • Speech-Language Pathology Assistant • Audiologist • Vocational Rehabilitation Counselor • Supervisor of Special Education (For more information, see www.careers.csulb.edu.)

Introduction

The Communicative Disorders Department provides undergraduate course work for students planning careers in speech-language pathology or audiology. Departmental majors may complete work leading to the Bachelor of Arts degree in Communicative Disorders and Master of Arts degree in Communicative Disorders with a Specialization in Speech-Language Pathology. Students who earn the Master's degree qualify for the Certificate of Clinical Competence in Speech-Language Pathology from the American Speech-Language-Hearing Association, the Speech-Language Pathology Credential from the California Commission for Teacher Credentialing, and the State of California Licensure in Speech-Language Pathology. Students pursuing the B.A. degree may qualify for State of California Licensure as a Speech-Language Pathology Assistant.

The department maintains a language, speech and hearing clinic to serve as a clinical and research laboratory on campus for both graduate and undergraduate students. Field placements are available in local hospitals, rehabilitation agencies, language/speech/hearing clinics, and public schools.

Students must attend a group advising meeting presented monthly by the undergraduate advisor. Once students have declared Communicative Disorders as their major, they will be assigned a faculty advisor by the department coordinator.

The Department of Communicative Disorders at CSULB is fully accredited through 2011, by the Council on Academic Accreditation of the American Speech-Language-Hearing Association.

Undergraduate Programs

Bachelor of Arts in Communicative Disorders (code CD__BA01) (120 units)

Requirements

Lower Division:

Take all the following courses:

- CD 261 Anatomy and Physiology of the Speech and Hearing Mechanism (3)
- CD 271 Phonetics (3)
- PSY 210 Introductory Statistics (or equivalent) (4)

Upper Division:

Take all the following courses:

- CD 329 Introduction to Language Acquisition (3)
- CD 330 Speech and Hearing Science (3)
- CD 373 Audiology I (3)
- CD 431 Pediatric Audiology (3)
- CD 432 Audiology II (3)
- CD 440 Aural Rehabilitation for Hearing Impaired (3)
- CD 456 Speech Pathology I: Disorders of Phonology (3)
- CD 460 Speech and Language Assessment of Linguistically and Culturally Diverse Clients (3)
- CD 466 Speech Pathology II: Speech Motor Disorders (3)
- CD 472 Alternative & Augmentative Communication (3)
- CD 476 Speech Pathology III: Disorders of Voice/Oro-Facial Mechanism (3)
- CD 477 Disorders of Swallowing (3)
- CD 481A Speech Pathology IV: Disorders of Language, Children (3)
- CD 481B Speech Pathology IV: Disorders of Language, Neuropathologies (3)
- CD 483 Assessment of Monolingual & Bilingual Clients (3)
- CD 489 Management of Monolingual & Bilingual Clients (3)

Credential for Service in Public Education—Clinical-Rehabilitative Services, Speech-Language Pathology Credential (code 912)

Candidates must:

1. Complete the master's degree in speech-language pathology.
2. Complete the following courses:
 - EDSP 350 Education of Exceptional Individuals (3)
 - EDSP 564 Assessment and Evaluation of Students with Disabilities (3)
 - CD 483 Assessment of Monolingual & Bilingual Clients (3)
 - CD 489 Management of Monolingual & Bilingual Clients (3)
 - CD 686A Advanced Field Studies with Communication Handicapped (5), in order to complete 100 contact hours as a Speech-Language Specialist trainee in school setting.

Graduate Programs

Master of Arts in Communicative Disorders (code CD__MA01)

Admission to the Graduate Program

Enrollment in 500/600 level courses in communicative disorders is restricted to students who have been accepted to the graduate program of the department as unconditionally classified students. Students wishing to be admitted must complete the following procedures:

1. Students must meet the criteria for acceptance by the University as a graduate student;
2. Every student (new or continuing) must apply to the Office of Admissions and Records to obtain admission to the University with graduate standing;
3. Students applying to the traditional or special cohort M.A. program, then must apply to the Department of Communicative Disorders for admission to the graduate program using the department application form. This form must be filed with the graduate advisor by February 1 for admission in the subsequent fall semester. The following supportive materials must be filed with the department admission application:
 - A. Change of objective form available at department office (continuing CSULB students only);
 - B. One-page summary of relevant work, volunteer or research experience, with name and contact information for corroborating professional.
 - C. Submission of GRE scores

NOTE: Minimum Criteria 1) a GPA of 3.0 or better in the last 60 units of coursework, including Communicative Disorders coursework; and 2) confirmation of acceptable GPA obtained during the final senior semester. Any course deficiencies will be determined by the department graduate committee after consultation with the student and the student's faculty advisor. Students applying to the graduate program in Communicative Disorders will have completed one of the two prerequisites listed in the next section prior to enrollment in graduate classes.

Prerequisites

1. A bachelor's degree from an accredited institution with a major in communicative disorders (speech and hearing science, etc.); or
2. A bachelor's degree from an accredited institution in a discipline other than Communicative Disorders. The applicant must have at least 36 units of course work in CD before enrollment in the graduate program. Students may apply to the University and department as a post-baccalaureate graduate student to complete all of the required undergraduate courses prior to applying to the Graduate Program in Communicative Disorders. Graduate CD transfer units are not accepted.

Advancement to Candidacy

In order to be advanced to candidacy for a Master's degree, a student must meet the following criteria:

1. enrollment in the semester or summer session in which advancement takes place;

2. satisfactory completion of C D 696 Research Methods: Applied and Basic (3) and three additional units;
3. satisfactory fulfillment of the CSULB Graduation Writing Assessment Requirement (GWAR). The GWAR must be fulfilled before the student is advanced to candidacy;
4. maintenance of a GPA of at least 3.0 in (a) all graduate work completed in Communicative Disorders, (b) all graduate work completed at CSULB, and (c) all graduate work transferred to meet graduation requirements with no grade below "C";
5. filing of the student Program for the Master of Arts Degree in Communicative Disorders after completion of items 2-5;
6. the Department's standard written program of graduate courses approved by the student's department advisor, the department graduate advisor, the department chairperson, and the College of Health and Human Services Associate Dean. (This form is known as the Advancement to Candidacy form.)

Requirements

Forty-one (41) units of course work are required:

Take all of the following courses:

- C D 662 Sem in Language Disorders in Children (3)
- C D 663 Seminar in Disorders of Phonology (3)
- C D 665 Seminar in Language Disorders in Adults (3)
- C D 666 Seminar in Speech Motor and Swallowing Disorders (3)
- C D 667 Seminar in Autism Spectrum Disorders (3)
- C D 669A Clinical Practice: Phonological Disorders (2)
- C D 669B Clinical Practice: Autism Spectrum Disorders (2)
- C D 669C Clinical Practice: Language Delayed/Disordered Children (2)
- C D 669F Clinical Practice: Speech Motor Disorders (2)
- C D 669G Clinical Practice: Audiology (2)
- C D 669J Clinical Practice: Language Disordered Adults (2)
- C D 669L Clinical Practice: Linguistically Different Clients (2)
- C D 696 Research Methods: Applied and Basic (3)

Take one of the following courses:

- C D 670 Internship in Speech & Language Pathology (5)
- C D 686A Advanced Field Studies with Communication Handicapped (5)

Choose one of the following options:

- C D 695 Directed Readings (1-3) and a 3-unit elective or
- C D 698 Thesis (1-4)

Within the context of the C D 669L clinical course, the student will complete a minimum of 25 hours of clinical experience under appropriate supervision with a client determined to be of a language or dialect different from that of the student clinician.

C D 483 and 489 and/or C D 460, or equivalent content, are prerequisite to C D 669L.

Students who are bilingual and biliterate in English and another language may be eligible for clinical practice using their non-English language, within the CD 669L practicum.

Regulations governing the preparation and eligibility for the administration of comprehensive examination options are available in the Department Office. Departmental regulations concerning preparation of theses are also available in the office.

Certificate in Communicative Disorders (code CD__CT01)

The Communicative Disorders Graduate Certificate is a self-support, certificate program which allows students with a B.A./B.S. in a field other than Communicative Disorder to complete the undergraduate prerequisites needed to apply to a Master's program in Communicative Disorders. This certificate program allows students to complete a total of 36 units in Communicative Disorders in one year, across three consecutive semesters (Fall, Spring, and Summer). Upon completion of this program, students will receive a Communicative Disorders Graduate Certificate, making them eligible for application to the Department's Traditional or Special Cohort M.A. Program (or to a Master's Program at another institution). Please note that students applying to other institutions for completion of a Master's degree in Communicative Disorders must confirm acceptance of the prerequisites offered in this program. The Department can not guarantee that other institutions will accept these pre-requisites in total.

Students admitted to this certificate program will enroll as a cohort and complete 12 units (4 courses) per semester. Courses will be offered solely through the College of Continuing and Professional Education (CCPE) at tuition determined by CCPE. Enrollment in coursework in this program is reserved for certificate students. Courses in this program will be offered in the late afternoon and/or evenings. Students interested must enroll full-time and must complete coursework as a cohort. In addition, transfer units are not accepted in lieu of completion of the 36 units required for this certificate. Students enrolled in this program are not eligible to enroll in courses offered in Department's undergraduate or graduate programs.

This program admits students once per year, for Fall enrollment. Students interested in applying to this program must:

1. Send a letter of intent to: The Graduate Advisor, Department of Communicative Disorders - LAB, California State University, Long Beach, 1250 Bellflower Boulevard, Long Beach, CA, 90840. This letter must indicate a request for acceptance to the "Communicative Disorders Graduate Certificate." All letters must be received by the Department no later than by March 1st (for enrollment the following Fall semester). Letters received after the due date will not be accepted. GRE scores, resumes, and letters of recommendations are not required for admission to this program and will not be considered in the admission process, thus students are urged to omit them from their application.
2. Apply directly to the University through CSU Mentor (code CD__CT01). CSU Mentor applications are processed by the University on-line at: <http://www.csumentor.edu/>. Original transcripts must be sent directly to the University. The Department will access these transcripts electronically for Department evaluation. All materials to the University must also be received no later than March 1st. NOTE: Admission to this program does not guarantee acceptance or give the student undue preference in acceptance to the Department's Master's Programs in Communicative Disorders. A separate application is required for enrollment as a Master's student, once prerequisites have been completed.

Courses (C D)

LOWER DIVISION

60. Special Topics (1)

Prerequisite: Consent of instructor.

Speech, language and hearing therapy to students enrolled in the University.

May be repeated to a maximum of 2 units.

261. Anatomy and Physiology of the Speech and Hearing Mechanism (3)

Anatomical, physiological and neurological components of the speech and hearing mechanism. Designed for students planning to enter the clinical program in communicative disorders.

Letter grade only (A-F).

271. Phonetics (3)

Phonetic basis of speech sounds and the various factors which influence pronunciation. Consideration is given to linguistic variations, regional dialects and standards.

Letter grade only (A-F). (discussion 2 hours, laboratory 3 hours.)

UPPER DIVISION

329. Introduction to Language Acquisition (3)

Prerequisite: A grade of "B" or better in C D 271 for majors only.

Introduction to the study of the acquisition of first and second languages. Linguistic perspectives on the development of phonological, syntactic, semantic, and pragmatic aspects of language. The influence of developmental stages and social and cultural factors on the individual.

Letter grade only (A-F). Same course as LING 329. Not open for credit to students with credit in LING 329.

330. Speech and Hearing Science (3)

Prerequisite: A grade of "B" or better in C D 261 and 271.

Examination of the anatomical, physiological, psychological and acoustic aspects of speech. Through readings, discussions, videos, and interactive software the student is expected to become more aware and analytical of the instrumentation and scientific basis of production and perception of speech.

Letter grade only (A-F). (Lecture/discussion)

373. Audiology I (3)

Prerequisite: A grade of "B" or better in C D 261.

Introduction to audiology; acoustics, anatomy and physiology of the ear, pure-tone audiometry/masking, speech audiometry/masking, principles of taking a case history, and report writing.

Letter grade only (A-F).

431. Pediatric Audiology (3)

Prerequisites: A grade of "B" or better in C D 261 and 373.

Sources of hearing impairment (HI) in children birth through school age. Nature of HI in children and effects on communicative function. Procedures for identification (screening), assessment, and intervention (including parent counseling) for HI children.

Letter grade only (A-F). (Discussion 2 hours, laboratory 3 hours)

432. Audiology II (3)

Prerequisites: A grade of "B" or better in C D 373.

Anatomy/pathology/ evaluation of the (1) outer and middle ears, (2) inner ear, (3) central auditory system, and (4) functional hearing loss, taking case history, and report writing.

Letter grade only (A-F).

440. Aural Rehabilitation for the Hearing Impaired (3)

Prerequisites: A grade of "B" or better in CD 373 and 431 or 432.

Nature of hearing impairment and impact on communicative function. Procedures for assessment and management of hearing loss, including amplification, counseling, and self-report scales. Focus is primarily adult clients but will include some information regarding children.

Letter grade only (A-F).

456. Speech Pathology I: Disorders of Phonology (3)

Prerequisites: A grade of "B" or better in C D 261, 271.

Etiology, assessment and treatment of disorders of phonology.

Letter grade only (A-F).

460. Speech and Language Assessment of Linguistically and Culturally Diverse Clients (3)

Prerequisite: A grade of "B" or better in C D 271.

Provides understanding of non-discriminatory assessment process for linguistically and culturally diverse clients referred for speech-language assessment. Includes information relative to cultural differences, use of interpreters/translators, biases of assessment, and differential diagnoses, such as language disorder versus language difference.

Letter grade only (A-F).

462. Speech-Language Pathology Assistant (SLPA) Practicum (3)

Prerequisite: At least 33 units in communicative disorders competed with a grade of "B" or better.

For students interested in receiving a license to work as a SLPA. Weekly lecturers covering the laws, practices and ethics governing SLPAs and 70 hours of supervised undergraduate clinical practicum.

Letter grade only (A-F).

466. Speech Pathology II: Speech Motor Disorders (3)

Prerequisites: A grade of "B" or better in C D 261, 271, and 330.

Etiology, assessment, and therapy for disturbances of the speech motor system with emphasis on the neuroanatomical, neurophysiological, psychological, and linguistic variables correlated to aberrant behaviors.

Letter grade only (A-F).

472. Alternative and Augmentative Communication (3)

Prerequisites: A grade of "B" or better in C D 261 and 329.

An understanding of relevant topics in alternative and augmentative communication (AAC), assistive technology (AT); assessment and management of patients with severe communication impairments. Topics will include a variety of disabilities in both pediatric and adult patients, across varying communication environments.

Letter grade only (A-F).

476. Speech Pathology III: Disorders of Voice/Oro-facial Mechanism (3)

Prerequisites: A grade of "B" or better in C D 261 and 329.

Processes of phonation and resonance and their application to etiology, diagnosis and therapy of functional and organic voice disorders, such as those arising from laryngeal pathology, vocal abuse, neurological impairment, auditory impairment and oro-facial abnormalities.

Letter grade only (A-F).

477. Disorders of Swallowing (3)

Prerequisite: A grade of "B" or better in C D 261.

Anatomy, physiology, and neuroanatomy of normal swallowing. Neurological and oncologic disorders which affect the swallow process. Evaluation of the patient with dysphagia will include clinical and instrumental analysis. Treatment plans based on history and evaluative results will be designed and examined.

Letter grade only (A-F).

481A. Speech Pathology IV: Disorders of Language (3)

Prerequisites: A grade of "B" or better in C D 271 and 329.

An analysis of the components of language and how each is involved with language disorders in children. Provide for the understanding and recognition of variables for the assessment and clinical management of such children.

Letter grade only (A-F).

481B. Speech Pathology IV: Disorders of Language Neuropathologies (3)

Prerequisites: A grade of "B" or better in C D 261 and 329.

Neurophysiological and neurolinguistic basis for language and speech disorders associated with central nervous system pathologies. Provides for the recognition and understanding of variables for the assessment and clinical management of such disorders.

Letter grade only (A-F).

483. Assessment of Monolingual and Bilingual Clients (3)

Prerequisites: A grade of "B" or better in C D 261, 271, 329, and 330.

Principles underlying assessment procedures in speech language disorders for both monolingual and bilingual clients. Focus is on the cultural and linguistic variables affecting standardized and non-standardized assessment procedures.

Letter grade only (A-F). (Discussion 2 hours, laboratory 3 hours)

489. Management of Monolingual and Bilingual Clients (3)

Prerequisites: A grade of "B" or better in C D 456, 466, 476, 481A, 481B, and 483. C D 456, 466, 481A, and 481B may be taken concurrently.

Management of speech and language disorders for monolingual, bilingual, and/or bicultural clients. Relationship of assessment to management, formulation of goals, objectives, task analyses and maintenance. 25 hours observation in schools, campus clinic, and hospital/rehabilitation settings.

Letter grade only (A-F). (Discussion 2 hours, laboratory 3 hours)

491. Proctoring in Communicative Disorders (2-3)

Students shall engage in peer teaching and examination scoring in undergraduate courses under the specific direction of the course instructor.

Open only to students who have achieved the grade of "A" in the course in which they are serving as proctor. May be repeated to a maximum of 6 units.

499. Directed Studies in Communicative Disorders (1-3)

Prerequisite: Consent of instructor.

Independent study under supervision of a faculty member.

May be repeated to a maximum of 6 units. Not acceptable for graduate credit toward the master's degree.

GRADUATE LEVEL**590. Advanced Topics and Current Issues in Communicative Disorders (1-3)**

Selected topics from the most recent developments and issues in speech-language pathology and audiology. Course content will vary with each offering.

May be repeated to maximum of 3 units with different topics.

Topics will be announced in the *Schedule of Classes*.

662. Seminar in Language Disorders in Children (3)

Prerequisite: C D 481A, 696.

Components of language, cognitive and perceptual abilities and communication are examined in children with normal and impaired language development. Major approaches to language intervention are discussed.

Letter grade only (A-F).

663. Seminar in Disorders of Phonology (3)

Prerequisites or corequisite: CD 456.

Information in the description, assessment and treatment of phonological disorders. Survey of current literature and practices. Practice in conducting procedures.

Letter grade only (A-F).

664. Seminar in Disorders of Voice and the Oro-facial Mechanism (3)

Prerequisites: C D 476, 696.

Selected problems in voice disorders through an investigation of the literature and clinical research.

Letter grade only (A-F).

665. Seminar in Language Disorders in Adults (3)

Prerequisites: C D 481B, 696.

Provides an understanding of neuropathological substrates of language disorders in adults resulting from brain damage. Provides for the recognition and assessment of the syndromology and clinical aspects of adult language disorders relative to current research.

Letter grade only (A-F).

666. Seminar in Speech Motor and Swallowing Disorders (3)

Prerequisites: CD 466, 696.

Historical and current research and its effect upon the assessment and management of speech motor and swallowing disorders.

Letter grade only (A-F).

667. Seminar in Autism Spectrum Disorders (3)

Historical perspectives, assessment procedures, intervention approaches, and parent training programs for management of clients diagnosed with Autism Spectrum Disorders.

Letter grade only (A-F).

669A. Clinical Practice in Phonological Disorders (2)

Prerequisites: C D 489; prerequisite or corequisite: C D 663 and consent of instructor.

Student conducts assessment of phonological disorders and management of therapy, under supervision, with clients in the university speech and hearing clinic. Students handle all aspects of clinical program including initial interviews, parent counseling, and testing.

Letter grade only (A-F).

669B. Clinical Practice – Autism Spectrum Disorders (2)

Prerequisite: CD 667.

Provides students with the opportunity to gain hands-on experience in assessing and managing clients diagnosed with Autism Spectrum Disorders.

Letter grade only (A-F). (2 hrs lecture, 2 hrs clinic)

669C. Clinical Practice With Language Delayed/Disordered Children (2)

Prerequisites: C D 483, 489; prerequisite or corequisite: C D 662 and consent of instructor.

Students provide assessment and management of preschool and school-age children with identified delays/disorders. Under supervision, the practicum includes standardized and non-standardized assessment, parent interviews and conferences, development and implementation of a management program and report writing.

Letter grade only (A-F).

669D. Clinical Practice with Voice and Oro-facial Mechanism Disorders (2)

Prerequisites: C D 489; prerequisite or corequisite: C D 664 and consent of instructor.

Student conducts therapy sessions under supervision for persons with functional and/or organic voice disorders. Practicum includes

initial interviews, diagnostics, therapy program planning, counseling and report writing.

Letter grade only (A-F).

669F. Clinical Practice with Speech Motor Disorders (2)

Prerequisites: CD 489; pre- or corequisite: CD 666 and consent of instructor.

Assessment planning and management in a supervised clinical experience with persons who have speech motor disorders.

Letter grade only (A-F). (2 hrs lecture, 2 hrs clinic)

669G. Clinical Practice in Audiology (2)

Prerequisites: C D 431, 432, 440, and consent of the instructor.

Student will conduct individual and group therapy with hearing impaired clients, as well as audiological evaluation of hearing impaired persons.

Letter grade only (A-F).

669H. Clinical Practice-Special Programs (2)

Prerequisites: At least one of the C D 669A through J courses.

Specialized practice placement to obtain experience with speech, language, and hearing disorders.

May be repeated to a maximum of 4 units. Letter grade only (A-F).

669J. Clinical Practice with Language Disordered Adults (2)

Prerequisites: C D 489; prerequisite or corequisite: C D 665 and consent of instructor.

Student conducts clinical management sessions, under supervision, for adults with neurological language disorders. Practicum includes initial interviews, assessment, management program planning, counseling and report writing, and application of research findings to the clinical process.

Letter grade only (A-F).

669L. Clinical Practice with Linguistically Different Clients (2) F, S

Prerequisites: 1) Completion of all disorder-specific graduate seminars; 2) completion of a minimum of 3 core clinics (CD 669 A-J); 3) CD 483 and 489, or equivalent as approved by the instructor) and consent of instructor.

Assessment/management of speech-language disorders in clients whose native language is different than that of the clinician. Training of bilingual interpreters.

Minimum 25 clock hours required. Letter grade only (A-F).

670. Internship in Speech and Language Pathology (5)

Prerequisites: C D 669A or C,D,F,G, and J with a GPA of 3.0.

Advanced clinical supervised practice with speech and language disordered persons in either a hospital, rehabilitation agency or speech and language center.

Letter grade only (A-F).

680. Internship in Audiology (5)

Prerequisites: CD 669A or B or C, and 669G, or consent of the instructor.

Advanced clinical practice in audiology with hearing impaired persons in a community facility.

Letter grade only (A-F).

686A. Advanced Field Studies with Communication Handicapped (5)

Prerequisites: Passing of CBEST, completion of CD 662, 664, 665, 666 and all but one of the following: CD 669A, 669C, 669D, 669F, 669G, 669J.

Clinical Rehabilitation Services, Language Speech and Hearing Specialist candidates participate in supervised clinical practicum in an off-campus itinerant speech and language setting(s) for the equivalent of one semester earning 5 units of field study. Enrollment by application to the Communicative Disorders Department only.

Credit/No Credit grading only. (Fieldwork)

695. Directed Readings (1-3)

Prerequisite: Consent of instructor.

Readings in communication sciences/disorders. Required of all candidates for the master's degree not electing the thesis option.

Under special circumstances, may be repeated to a maximum of 6 units. Letter grade only (A-F).

696. Research Methods: Applied and Basic (3)

Prerequisite: PSY 210 or equivalent or consent of instructor.

Professional issues related to research and clinical settings. Application of scientific method, experimental design (group and single subject) and related statistical methods (parametric and non-parametric). Evaluate literature in the field.

(Lecture 3 hours.) Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite or corequisite: C D 696 and consent of instructor.

Independent research under supervision of a faculty member.

Letter grade only (A-F).

698. Thesis (1-4)

Prerequisites: Advancement to candidacy for master's degree.

Preparation, completion and submission of an acceptable thesis in partial fulfillment of the requirements for the master's degree.

COMPARATIVE WORLD LITERATURE

College of Liberal Arts

Department Chair: Carl Fisher

Department Office: McIntosh Humanities Building (MHB), Rm 515
Telephone / Fax: (562) 985-4239 / (562) 985-4863
Website: www.csulb.edu/depts/complit/

Professors: Alwin Baum, Elizabeth Dahab, Carl Fisher, Cheryl Goldstein, Nhora Serrano, Vlatka Velcic

Administrative Support Coordinator: Gretchen Dinger

Students desiring information should contact the department office for an appointment with the advisor.

Career Possibilities

Creative/Media Writer • Editor • Technical Writer • Librarian • Copywriter • Literary Agent • Literary Critic • Foreign Service Officer • Public Relations Worker • Market Researcher • Educator • Lawyer • Government Affairs Officer • Management Trainee • Underwriter • Claims Adjuster (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Bachelor of Arts in Comparative World Literature (code C/LTBA01) (120 units)

The Bachelor of Arts in Comparative World Literature has three emphasis options: Language and Literature, World Literature, and Cultural Studies.

Emphasis I: Language and Literature

The traditional undergraduate major in Comparative Literature, designed to prepare the student for graduate study in Comparative Literature or related fields, with a 24 unit core and two 12 unit concentrations.

Requirements

1. Required Courses (24 units). Take both of the following:
 - CWL 330A Masterpieces of European Literature (3)
 - CWL 330B Masterpieces of European Literature (3)
2. Take at least one course from each of the following groups:
 - A. *Genre*:
 - CWL 346, 420, 422I*, 440, 451I*, 453, CLSC 420I*.
 - B. *Author*:
 - CWL 430, 449.
 - C. *Non-Western or Mythology*
 - CWL 334, 342*, 350, 402, 403, 440, 445, 452.
 - D. *Theory*:
 - CWL 361, 365, 461.
 - E. *Literary Movement or Comparative Study*:
 - CWL 344, 349, 404, 406, 410, 448, CLSC 311I*, 312I*.
 - F. *European Period*:
 - CWL 431, 432, 435, 437, 438.

Note: CWL 440 may be used in both groups B and D with appropriate different topics.

* may be used to satisfy Core requirements with approval of course instructor and completion of supplementary work.

2. The First Concentration. 12 upper-division units in one foreign language, six of which must be in literature classes. If a language is chosen which offers a limited number of courses, some lower-division units will suffice,

but they must be, as a minimum, the equivalent of four semesters of college study.

3. The Second Concentration. 12 upper-division units in any one of the following areas: American Indian Studies, Art History, Asian Studies, Asian American Studies, Africana Studies, Chicano and Latino Studies, Classics, English Literature, English-Option in Creative Writing, film studies, History, music history, Philosophy, Religious Studies, Theatre Arts, Women's, Gender, and Sexuality Studies, or a second foreign language.

If the concentration is in American Indian Studies, Asian Studies, Asian American Studies, Africana Studies, Chicano and Latino Studies, English-Option in Creative Writing, Theatre Arts, Women's Studies, or a second foreign language area, 6 of the units must be in literature courses. If the concentration is in Theatre Arts, Women's, Gender, and Sexuality Studies or film studies, appropriate courses may be chosen from any department offering such courses, including Comparative World Literature and Classics.

Emphasis II: World Literature

Requirements

A minimum of 36 units is required, at least 24 upper-division units, as follows, with no more than two lower-division courses in any category (12 units total):

1. Required Courses (9 units):

Take both of the following:

CWL 330A Masterpieces of European Literature (3)

CWL 330B Masterpieces of European Literature (3)

And one of the following:

CWL 361 Masterpieces of Literary Criticism (3)

CWL 365 Cultural Studies: Histories, Theories, and Issues (3)

2. Area Courses (27 units). Take three courses from each of the following groups:

A. *World Literature*:

CWL 100, 103, 104, 124, 334, 346, 350, 402, 403, 406, 440, 448.

B. *Literary Movements and History*:

CWL 101, 342, 349, 414I, 422I, 430, 431, 432, 435, 437, 438, 449, 461.

C. *Cultural Studies*:

CWL 132, 161, 220, 315I, 344, 404, 410, 420, 445, 451I, 452, 453.

Foreign Language Requirement: Minimum requirement one year foreign language study. Two years recommended. Proficiency may be certified by successful completion of two semesters of college study, or the equivalent.

Up to six units of required CWL classes may be substituted from upper-division foreign language literature classes. Consult a department advisor.

Emphasis III: Cultural Studies

Cultural Studies is the interdisciplinary and multicultural study of literary and other forms of cultural expression analyzed within their social and historical contexts. It offers an interdisciplinary pattern of courses in cultural studies with the approval of a faculty committee.

Requirements

1. Core Courses (24 units distributed as follows):
 - A. Take the following courses:
 - CWL 330A Masterpieces of European Literature (3)
 - CWL 330B Masterpieces of European Literature (3)
 - B. Genre. At least one of the following:
 - CWL 346, 420, 422I*, 440, 451I*, 453, CLSC 420I*.
 - C. Author. At least one of the following:
 - CWL 430, 449.
 - D. Non-Western or Mythology. At least one of the following:
 - CWL 334, 342*, 350, 402, 403, 440, 445, 452.
 - E. Theory. At least one of the following:
 - CWL 361, 365, 461.
 - F. Literary Movement or Comparative Study. At least one of the following:
 - CWL 344, 349, 404, 406, 410, 448, CLSC 311I*, 312I*.
 - G. European Period. At least one of the following:
 - CWL 431, 432, 435, 437, 438.

Note: CWL 440 may be used in both groups B and D with appropriate different topics.

* may be used to satisfy Core requirements with approval of course instructor and completion of supplementary work.

2. The Cultural Studies Concentration. 18 upper division units in appropriate cultural studies courses, approved by a faculty committee and drawn from the following departments or areas: American Indian Studies, Anthropology, Art History, Asian and Asian American Studies, Black Studies, Chicano and Latino Studies, Classics, Dance, English, Film and Electronic Arts, History, Romance, German, Russian Languages and Literatures, Women's Studies, or other appropriate departments and areas of study. The faculty committee shall consist of the Chair of the Department of Comparative World Literature and Classics and one additional full time faculty member in Comparative World Literature. Students are strongly encouraged to select a faculty committee and have their pattern of course work approved by the beginning of the junior year, but it must be approved by the beginning of the senior year.

Foreign Language Requirement. Basic reading knowledge of one foreign language is required. It may be certified by examination or by successful completion of two semesters of college study, or the equivalent. Consult a department advisor.

Minor in Comparative World Literature (code C/LTUM01)

This minor provides a flexible program for the student who is majoring in another discipline.

Requirements

A minimum of 18 units in comparative world literature, of which at least 12 are upper division excluding:

- CWL 499. Directed Studies (1-4)

The Center for Medieval and Renaissance Studies

The Center offers two programs. Undergraduate students can pursue a certificate or a minor in Medieval and Renaissance Studies. Graduate students can pursue a certificate. Interested students should turn to "Medieval and Renaissance Studies" in this catalog and/or contact the program directors in MHB 512.

Comparative World Literature Courses (CWL)

LOWER DIVISION

100. Introduction to World Literature (3)

Prerequisite/Corequisite: Any GE Foundation course.

Readings in translation from world literature. Emphasis on how literature engages unique cultural elements around the world as well as cross-cultural comparisons.

101. Introduction to Comparative World Literature (3)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to basics of literary interpretation and comparative literature. Strongly recommended for majors in Comparative World Literature.

103. Introduction to Comparative Asian Literature and Culture (3)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to India and China cultures through an exploration of their literatures, cultures, and diasporas. Focus will be on the modern period.

104. Literature and Culture of the Middle East (3)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to Middle Eastern and North African culture through an exploration of their literatures, with a focus on some of the major figures of the twentieth- and twenty-first centuries, such as Naguib Mahfouz, Ghassan Kanafani, Edward Saïd, and others.

Letter grade only (A-F).

124. Introduction to World Theatre and Drama (3)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to all aspects of theatre including criticism, dramatic literature, movements, themes, historical background and theatrical production from different parts of the world.

132. Folklore and Mythology (3)

Prerequisite/Corequisite: Any GE Foundation course.

Introduction to the study of mythology and folklore in a global context, with an emphasis on their application in literature.

Not open for credit to students with credit in CWL 232.

161. Reading the World (3)

Prerequisite/Corequisite: Completion or concurrent enrollment in ENGL 100 or equivalent.

Introduction to contemporary theories of reading and interpretation. Examination of diverse forms of human expression and critical understanding from around the world and across the disciplines designed to develop and refine a broad repertoire of reading tools and practices.

220. Literature and Play (3)

Prerequisite: Completion of the GE Foundation courses.

Explores interrelation of human physiological, social, and psychological states of being in culturally and historically diverse works of literature concentrated on nature of human play and the purpose of human games.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper-division course except upper-division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

315I. Literature and Medicine (3)

Prerequisite: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Interdisciplinary examination of the complex relationship between medicine and human experience, integrating materials from the humanities and social sciences to explore diverse experiences across cultures, between and among genders, and in various economic and social contexts.

Letter grade only (A-F).

320I. Comic Spirit (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Study of comedy as a literary genre and of the manifestation of the comic spirit in related art forms such as music, art, and film, focusing on the history and philosophy of comedy as well as theories of laughter.

324I. Theatre Today (3)

Prerequisites: Completion of the GE Foundation, one or more Explorations courses, and upper-division standing.

Examines current trends, achievements and problems in contemporary western theatre and dramatic literature. Particular attention will be paid to multicultural expression in the theatre.

Same course as THEA 324I. Not open for credit to students with credit in THEA 324I.

330A,B. Masterpieces of European Literature (3,3)

Prerequisite: One course in literature or consent of instructor.

Representative selections, in translation, of European texts to and since the Renaissance, and their relation to the development of Western civilization.

334. Introduction to East Asian Literatures and Cultures (3)

Prerequisite: Completion of GE Foundation requirements.

A comprehensive introduction to the comparative study of East Asian cultures through the reading of representative selections from the literatures of China, Korea, and Japan in historical context. Focus is on the modern period.

Same course as A/ST 334. Not open for credit to students with credit in A/ST 334.

342. The Bible as Literature (3)

Prerequisite: Completion of GE Foundation requirements.

Reading of representative Biblical selections interpreted from a literary standpoint.

344. Literature of the Holocaust (3)

Prerequisites: One course in literature or consent of instructor.

Intensive study of literary works of different genres and cultural backgrounds, from 1945 to the present, to analyze the strategies writers use to present the historical events and the cultural reverberations of the Holocaust.

346. Readings in World Poetry (3)

Prerequisite: One course in literature or consent of instructor.

Representative selections of the poetry of the world from the earliest examples to the present. Facing-page translations will be included.

349. Literary Movements (3)

Prerequisite: One course in literature or consent of instructor.

Intensive study of a movement or theme in world literature. Specific movement or theme will be announced in the *Schedule of Classes*.

May be repeated to a maximum of 9 units with different topics.

350. Global Literature in American Culture (3)

Prerequisites: Completion of the GE Foundation, one or more Explorations courses, and upper-division standing.

Comparative and thematic study of transnational literary culture, as represented in at least three distinct American ethnic groups. Readings examined in relation to contemporary global themes and in relation to the original national literatures.

361. Masterpieces of Literary Criticism (3)

Study of literary criticism from Plato to the present, focusing on history of literary and cultural theory as well as methods of critical analysis applied to literary texts and other forms of cultural expression.

365. Cultural Studies: Histories, Theories, and Issues (3)

Prerequisite: one course in literature or instructor's consent.

Cultural studies in a global, comparative context, including theories of discursive practices and identity politics; examined through theoretical

discourses about literature and the arts and also as an interpretive technique for cultural institutions, practices, and products.

402./502. Studies in Middle Eastern Literature and Culture (3)

Prerequisite: One course in literature or consent of instructor.

Study of specific authors, themes, genres, movements, or aspects of literature and culture in the Middle East or between the Middle East and the West.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

403./503. Studies in Asian Literature (3)

Prerequisite: One course in literature or consent of instructor.

Interrelationships of two or more authors, themes, genres, movements or aspects of literature and culture in Asia or between Asia and the West.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

404./504. Women in World Literature (3)

Prerequisite: One course in literature or consent of instructor.

Study of the role of women in world literature.

Specific movement, area, or theme will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

406./506. Studies in East European Literature and Culture (3)

Prerequisite: One course in literature or consent of instructor.

Major movements, authors, and themes in Eastern European literature and culture (Slavic and non-Slavic) and/or the relationship of East European literature and culture and Western Europe and North America.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

410. Literature and Music (3)

Prerequisite: One course in literature or consent of instructor.

Examination of relationship between music and literature in 19th and 20th centuries with emphasis placed on representative literary works and musical compositions that show mutual influences and common features and structures.

412I. Art and Literature (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Interdisciplinary study of 19th and 20th Century art and literature, emphasizing comparative analysis of styles, methods, principles, and movements across genres as well as major artists, writers and theorists in their social and historical contexts.

414I. Medieval World (3)

Prerequisites: Completion of the GE Foundation, one or more Explorations courses, and upper-division standing.

Interdisciplinary examination of major themes in medieval society and culture, with an emphasis on literature, the arts, and the historical forces that combined to produce medieval culture as a whole.

415I. Ethnic Literature and Culture in America (3)

Prerequisites: Completion of the GE Foundation, one or more Explorations courses, and upper-division standing.

Comparative, interdisciplinary study of multicultural literature in historical and sociopolitical context. Ethnic groups include Native American, African American, Latino/Latina, Asian American and Middle Eastern American.

420. Studies in the Comic Spirit (3)

Prerequisite: CWL 320I or consent of instructor.

Study of specific themes, theories, genres and/or interdisciplinary relationships in comedy.

Topics to be announced in the *Schedule of Classes*. May be repeated for a maximum of 6 units with different topics.

422I. Renaissance Theatre and Drama (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Interdisciplinary study of the achievements, problems, themes and trends of Renaissance drama in Italy, Spain, France, and England between 1350 and 1650. Major plays of the period are read in translation, with attention to literary and theatrical elements.

430./530. Dante (3)

Prerequisite: One course in literature or consent of instructor.

A reading, in translation, of the major works of Dante, including the *Vita Nuova* and the *Divine Comedy*. Examination is also given to the comparative nature of Dante's work: his sources and his influence on later writers, artists, and composers.

431./531. Medieval Literature (3)

Prerequisite: One course in literature or consent of instructor.

Representative selections, in translation, from writings of the medieval period, reflecting dominant ideas of the time.

432./532. Continental Renaissance Literature (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of the major non-dramatic works of Renaissance Europe, including authors such as Petrarch, Boccaccio, Lorenzo de' Medici, Machiavelli, Ariosto, Tasso, Ronsard, Rabelais, Erasmus, and Cervantes. Emphasis is also given to influences, trends, and contributions to the modern world.

435./535. Literature of the Enlightenment (3)

Prerequisite: One course in literature or consent of instructor.

A comparative study of European literature, from approximately 1650 to 1800, with an emphasis on reading literary works within historical context and considering the imaginative and intellectual achievements and legacies of the Enlightenment.

437./537. Romantic Literature (3)

Prerequisite: One course in literature or consent of instructor.

Representative selections, in translation, from European writers of the Romantic period with an emphasis on a comparative study of works from Germany and France from about 1770-1850.

438./538. 20th Century European Literature (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of continental European literature from 1900 to present. Focus on novels and drama. Topics include realism, naturalism, psychological novel, theatre of the absurd, existentialism, modernism, postmodernism, and postcolonialism.

440./540. Latin American Literary Studies (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of major literary genres in Latin American literature in relation to principal periods and movements of Western literary tradition.

Genres for the semester will be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

445./545. American Folklore Studies (3)

Prerequisite: One course in literature or consent of instructor.

Special topics in American folklore. Topics are chosen to provide a bridge between literary, aesthetic and specialized folkloristic studies of American culture. Special attention will be paid to European and Third World contributions to American folklore.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

448./548. Comparative Studies (3)

Prerequisite: One course in literature or consent of instructor.

Interrelationship of two or more disciplines, with emphasis on reciprocal influences and borrowing of materials during various literary periods. The class will feature a different interdisciplinary study each semester.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

449./549. Critical Studies in Major Continental Writers (3)

Prerequisite: One course in literature or consent of instructor.

Intensive and comparative study of one to three major continental authors.

Authors to be studied will be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

451. Film and Novel in Society (3)

Prerequisites: Completion of GE Foundation requirements, one or more Foundation courses, and upper-division status.

Interdisciplinary study of two genres, with particular focus on novels made into films and on aesthetic distinction of both forms as major genres in 20th and 21st centuries.

452./552. Studies in Mythology (3)

Prerequisites: One course in literature or consent of instructor.

Interrelation of two or more mythologies, mythological themes or theories of mythology. Different areas of study of mythology each semester.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

453./553. Fairy Tales (3)

Prerequisite: One course in literature or consent of instructor.

Study of fairy tale as a unique literary genre and art form. Class will apply contemporary theory to tales and identify psychological, religious, cultural, and alchemical patterns and symbols that manifest the realization of identity and illustrate creative processes.

461./561. Topics in Contemporary Literary Criticism (3)

Prerequisite: Two upper-division literature courses or consent of instructor.

In-depth study of a particular critic or movement in contemporary literary theory.

May be repeated to a maximum of 9 units with different topics.

492. Internship Program (1-3)

Prerequisites: Consent of instructor and department chair.

Field work in literature-related industries. Internships and other assignments directed by a supervising faculty member.

May be repeated to a maximum of 6 units. Credit/No Credit grading only.

495. Genre (1-3)

Prerequisite: Consent of instructor.

Production of student journal, *Genre*, including editing, design, soliciting contributors, working with printer, desktop publishing, and financial management. Organizational meeting previous fall semester. Contact department office for information.

May be repeated to a maximum of 9 units. Credit/No Credit grading only.

499. Directed Studies (1-4)

Prerequisite: Consent of instructor.

Independent study of special topics under supervision of a faculty member.

May be repeated to a maximum of 6 units with consent of department.

GRADUATE LEVEL

501. Advanced Interdisciplinary Study (3)

Intensive study of the theories and methods of comparing and interrelating literature with other disciplines such as various areas among the fine arts, the social sciences and the sciences. Course will involve independent research.

Letter grade only (A-F).

502./402. Studies in Middle Eastern Literature and Culture (3)

Prerequisite: One course in literature or consent of instructor.

Study of specific authors, themes, genres, movements, or aspects of literature and culture in the Middle East or between the Middle East and the West.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

503./403. Studies in Asian Literature (3)

Prerequisite: One course in literature or consent of instructor.

Interrelationships of two or more authors, themes, genres, movements or aspects of literature and culture in Asia or between Asia and the West.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

504./404. Women in World Literature (3)

Prerequisite: One course in literature or consent of instructor.

Study of the role of women in world literature.

Specific movement, area, or theme will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

506./406. Studies in East European Literature and Culture (3)

Prerequisite: One course in literature or consent of instructor.

Major movements, authors, and themes in Eastern European literature and culture (Slavic and non-Slavic) and/or the relationship of East European literature and culture and Western Europe and North America.

Letter grade only (A-F). Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units with different topics.

530./430. Dante (3)

Prerequisite: One course in literature or consent of instructor.

A reading, in translation, of the major works of Dante, including the *Vita Nuova* and the *Divine Comedy*. Examination is also given to the comparative nature of Dante's work: his sources and his influence on later writers, artists, and composers.

Letter grade only (A-F).

531./431. Medieval Literature (3)

Prerequisite: One course in literature or consent of instructor.

Representative selections, in translation, from writings of the medieval period, reflecting dominant ideas of the time.

Letter grade only (A-F).

532./432. Continental Renaissance Literature (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of the major non-dramatic works of Renaissance Europe, including authors such as Petrarch, Boccaccio, Lorenzo de' Medici, Machiavelli, Ariosto, Tasso, Ronsard, Rabelais, Erasmus, and Cervantes. Emphasis is also given to influences, trends, and contributions to the modern world.

Letter grade only (A-F).

535./435. Literature of the Enlightenment (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of European literature, from approximately 1650 to 1800, with an emphasis on reading literary works within historical context and considering the imaginative and intellectual achievements and legacies of the Enlightenment.

537./437. Romantic Literature (3)

Prerequisite: One course in literature or consent of instructor.

Representative selections in translation from European writers of the Romantic period with an emphasis on a comparative study of works from Germany and France from about 1770-1850.

538./438. 20th Century European Literature (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of continental European literature from 1900 to present. Focus on novels and drama. Topics include realism, naturalism, psychological novel, theatre of the absurd, existentialism, modernism, postmodernism, and postcolonialism.

Letter grade only (A-F).

540./440. Latin American Literary Studies (3)

Prerequisite: One course in literature or consent of instructor.

Comparative study of major literary genres in Latin American literature in relation to the principal periods and movements of the Western literary tradition.

Genres for the semester will be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics. Letter grade only (A-F).

545./445. American Folklore Studies (3)

Prerequisite: One course in literature or consent of instructor.

Special topics in American folklore. Topics are chosen to provide a bridge between literary, aesthetic and specialized folkloristic studies of American culture. Special attention will be paid to European and Third World contributions to American folklore.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics.

548./448. Comparative Studies (3)

Prerequisite: One course in literature or consent of instructor.

Interrelationship of two or more disciplines, with emphasis on reciprocal influences and borrowing of materials during various literary periods. The class will feature a different interdisciplinary study each semester.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics. Letter grade only (A-F).

549./449. Critical Studies in Major Continental Writers (3)

Prerequisite: One course in literature or consent of instructor.

Intensive and comparative study of one to three major continental authors.

Authors to be studied will be announced in the *Schedule of Classes*. May be repeated to maximum of 9 units with different topics. Letter grade only (A-F).

550. Topics in Comparative World Literature (3)

Prerequisite: CWL 501 or consent of instructor.

Special studies of movements, figures and relationships in world literature; or between world literature and other disciplines.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics. Letter grade only (A-F).

552./452. Studies in Mythology (3)

Prerequisites: One course in literature or consent of instructor.

Interrelation of two or more mythologies, mythological themes or theories of mythology. This class will feature a different area of an interdisciplinary or comparative nature in the study of mythology each semester.

Topics to be announced in the *Schedule of Classes*. May be repeated to a maximum of 9 units with different topics. Letter grade only (A-F).

553./453. Fairy Tales (3)

Prerequisite: One course in literature or consent of instructor.

Study of fairy tale as a unique literary genre and art form. Class will apply contemporary theory to tales and identify psychological, religious, cultural, and alchemical patterns and symbols that manifest the realization of identity and illustrate creative processes.

Letter grade only (A-F).

561./461. Topics in Contemporary Literary Criticism (3)

Prerequisite: Two upper division literature courses or consent of instructor.

In-depth study of a particular critic or movement in contemporary literary theory.

May be repeated to a maximum of 9 units with different topics.

COMPUTER ENGINEERING AND COMPUTER SCIENCE

College of Engineering

Department Chair: Kenneth James

Department Office: Engineering & Computer Sciences (ECS) - 552
Telephone: (562) 985-4285
Website: <http://www.cecs.csulb.edu/>

Faculty: Anastasios Chassiakos, Michael Chelian, Sandra Cynar (Emerita), Wayne Dick, Todd Ebert, Burkhard Englert, Arthur Gittleman, Darin Goldstein, Min He, Michael Hoffman, Tom Johnson, Shui Lam, Dar-Biau Liu, Tracy Bradley Maples, Alvaro Monge, Frank Murgolo, Thinh Nguyen, Dennis Volper, Xiaolong Wu

Undergraduate Advisors: Michael Chelian, Alvaro Monge

Graduate Advisor: Burkhard Englert

General Education Advising: Academic Advising - Horn Center

Minor and Certificate Advisor: Alvaro Monge, Michael Chelian

Administrative Support Coordinator: Robin Ikemi

Administrative Support Assistant: Karyl Anthony

Students desiring detailed information should contact the department for referral to one of the faculty advisors.

Career Possibilities

Computer Engineer • Software Engineer • Systems Analyst • Hand-held Appliance Programmer • Web Application Developer • Mainframe Programmer • Applications Programmer • LAN/WAN Administrator • Systems Administrator • Computer Service Representative • Database Administrator • Technical Services Manager • Telecommunications Analyst (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu/.)

Accreditation

The Bachelor of Science in Computer Engineering is accredited by the Engineering Accreditation Commission (EAC) and the Bachelor of Science in Computer Science by the Computing Accreditation Commission (CAC) of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202 – telephone: 410/ 347-7700; website: <http://www.abet.org>.

Advisory Board

The Department of Computer Engineering and Computer Science is supported by an Advisory Board composed of engineers, computer scientists, and business executives in the Southern California area. This liaison helps the department keep its curricula responsive to the needs of the community.

Undergraduate Educational Objectives

Students will receive a comprehensive education in computer engineering and/or computer science, as well as the sciences and humanities, and will be able to communicate effectively. They will be able to design systems, components or processes that meet performance, cost, time, safety, and quality requirements. They will understand professional responsibilities and will be able to analyze the social and ethical implications of their work.

Undergraduate Degree Programs

The degree in Computer Engineering focuses on computer hardware (design, construction, and operation of computer systems). The Computer Science degree places more emphasis on computer software (databases and user development). The high school student planning to enter either program is advised to pursue a strong program in science and mathematics.

Undergraduate Programs

Bachelor of Science in Computer Engineering (code CECSBS02) (121 units)

This program provides students with a strong background in mathematics, physics, and engineering science. Courses, especially those in the junior and senior years, emphasize an open-ended, design-oriented approach to solving engineering problems. Teamwork, communication skills, and an interdisciplinary approach to problem solving are integrated into the senior computer engineering design courses.

Requirements

Lower Division:

Take all of the following courses:

- CECS 100 Critical Thinking in the Digital Information Age (3)
- CECS 105 Introduction to Computer Engineering and Computer Science (1)
- CECS 174 Programming and Problem Solving I (3)
- CECS 201 Computer Logic Design I (3)
- CECS 211 Principles of Computer Engineering (3)
- CECS 228 Discrete Structures With Computer Science Applications I (3)
- CECS 262 C for Embedded Programming (3)
- CECS 271 Introduction to Numerical Methods (3)
- CECS 274 Object Oriented Programming and Data Structures (3)
- CECS 282 C++ for Java Programmers (3)
- ENGR 101 Introduction to Engineering Profession (1)
- ENGR 102 Academic Success Skill (1)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)
- PHYS 151 Mechanics and Heat (4)

Choose one of the following:

- PHYS 152 Electricity and Magnetism
or
- EE 210 Fundamentals of Electric Circuits (3)
and
- EE 210L Fundamentals of Electric Circuits Lab (1)

Upper Division:

Take all of the following courses:

- CECS 301 Computer Logic Design II (3)
- CECS 311 Principles of Computer Engineering II (3)
- CECS 346 Microprocessors and Controllers I (3)
- CECS 347 Microprocessors and Controllers II (3)
- CECS 360 Integrated Circuit Design Software (3)
- CECS 362 Real-time Operating Systems (3)
- CECS 440 Computer Architecture (3)
- CECS 447 Microprocessors and Controllers III (3)
- CECS 460 System on Chip Design (3)
- CECS 463 System on Chip Applications (3)
- CECS 490A Senior Project I (3)
- CECS 490B Senior Project II (3)
- EE 380 Engineering Probability and Statistics (3)

Take nine units of approved electives to be selected from:

- CECS 343, 406, 451, 461, 474, 475, 497; EE 386, 486;
- CE 406; ECON 300; CEM 310 (or ENGL 317); ENGR 350; MATH 370A.

A grade of "C" or better must be achieved in all required and elective courses. CE 406; CEM 310; CECS 100, 105, 174, 201, 211, 228, 262, 271, 274, 282, 301, 311, 343, 346, 347, 360, 362, 406, 440, 447, 451, 460, 461, 463, 474, 475, 490A, 490B, 497; ECON 300; EE 210 and 210L, 380, 386, 486; ENGL 317; ENGR 101, 102, 350; MATH 122, 123, 370A; PHYS 151, 152.

Bachelor of Science in Computer Science (code CECSBS01) (123 units)

This degree is designed to prepare graduates for a variety of professional careers in the computer field. The curriculum is designed to provide a balance between the theoretical and practical aspects of computer science. Extensive laboratory time is required for these courses, and design and analysis experiences are emphasized.

Requirements

Lower Division:

Take all of the following courses:

- CECS 100 Critical Thinking in Digital Information Age (3)
- CECS 105 Intro Computer Engineering and Computer Science (1)
- CECS 174 Programming and Problem Solving I (3)
- CECS 201 Computer Logic Design I (3)
- CECS 228 Discrete Structures with Computer Science Applications I (3)
- CECS 274 Programming and Problem Solving II (3)
- CECS 277 Programming and Problem Solving III (3)
- CECS 282 C++ for Java Programmers (3)
- CECS 285 Computer Organization and Assembly Language Programming (3)
- ENGR 101 Introduction to Engineering Profession (1)
- ENGR 102 Academic Success Skills (1)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)

Three units of math elective taken from the following:

- MATH 224 Calculus III (4)
- MATH 233 Fundamental Concepts for Adv. Math (3)
- MATH 247 Introduction to Linear Algebra (3)

Take a minimum of 12 units of approved science-electives to include a two-semester science sequence chosen from the following pairs of courses:

- PHYS 151 Mechanics and Heat (4)
- PHYS 152 Electricity and Magnetism (4)
- or
- EE 210 Electro-Magnetic Foundations in EE (3)
- EE 210L Electro-Magnetic Foundations in EE Lab (1)
- or
- CHEM 111A General Chemistry (5)
- CHEM 111B General Chemistry (5)

Remaining units to be chosen from the following:

- BIOL 153, 200, 205, 207.

Upper Division:

Take all of the following courses:

- CECS 323 Database Fundamentals (3)
- CECS 326 Operating Systems (3)
- CECS 327 Net-Centric Computing (3)
- CECS 328 Data Structures and Algorithms (3)
- CECS 341 Computer Architecture and Organization (3)
- CECS 343 Introduction to Software Engineering (3)
- EE 380 Engineering Probability and Statistics (3)
- ENGR 350 Computers, Ethics and Society (3)

Take one course from the following:

- CEM 310 Communications in Engineering Profession (3)
- ENGL 317 Technical Writing (3)

Take three units of study in formal languages and computation to be chosen from the following courses:

- CECS 419, 424, 444

Take 15 units of approved electives chosen from:

Take six units of core electives chosen from the following:

- CECS 419, 424, 428, 429, 444, 445, 448, 449, 451, 474, 478, MATH 323

Take three units of applied electives to be chosen from the following:

- CECS 455, 470, 472, 475, 476

Take three units from a capstone course to be chosen from the following:

- CECS 423, 491, 492

Take three units chosen from either the core, applied, or senior capstone course list, or from the following:

- CECS 405, 406, 490B, 497.

A grade of "C" or better is required in the following courses:

BIOL 153, 200, 205, 207; CEM 310; CHEM 111A, 111B; CECS 100, 105, 174, 201, 228, 274, 277, 282, 285, 323, 326, 327, 328, 341, 343, 423, 490A, 491, 492; EE 210 and 210L, 380; ENGL 317; ENGR 101, 102, 350; MATH 122, 123, 222, 224, 233, 247, 380; PHYS 151, 152.

Bachelor of Science in Engineering Technology

Technology and Engineering Education Option (code ET__BS15)

For requirements, see the description in the Engineering Technology Programs section of this catalog.

Minor in Computer Science (code CECSUM01)

Requirements

A minimum of 21 units.

Take all of the following:

- CECS 174 Introduction to Programming and Problem Solving (3)
- CECS 228 Discrete Structures with Computing Applications (3)
- CECS 274 Object Oriented Programming and Data Structures (3)
- CECS 323 Database Fundamentals (3)

Take one of the following courses:

- CECS 277 Object Oriented Application Development (3)
- CECS 282 C++ for Java Programmers

Take two courses selected from the following:

- CECS 328, 343, 419, 423, 428, 445, 451, 455, 470, 475, 497

Minor in Web and Technology Literacy (code CECSUM03)

Open to all majors except those seeking a B.S. Engineering Technology, Option in Technology and Engineering Education. The minor is conferred concurrently with the BS/BA degree.

This minor will provide the technical skills not included in non-technical degrees, but required for success in a highly technical world. Students will gain an understanding of the system design process and learn to acquire and evaluate information from the internet and to communicate information via the internet including ethical issues encountered. In addition, students will learn to create a robust, useable, and accessible website.

Requirements

A minimum of 18 units as specified below.

Complete the 12 core units:

- CECS 110 Web Design I (3)
- CECS 200 Web Design II (3)
- CECS 300 Web Design III (3)
- CECS 410 Computers and Networks (3)

Complete 6 units from the following list of electives:

- CECS 202, 310, 401, 412; ENGR 350; ART 366; ETEC 435.

Minor in Computer Science Applications (code CECSUM02)

This minor is not open to students majoring in Computer Science or Computer Engineering.

This minor is designed to prepare students to write small programs and to maintain and upgrade PC software and hardware as well as understand how to set up a local area network. In addition it prepares students to be able to design and implement web applications.

Requirements

Completion of 18 units.

Complete the 12 core units:

- CECS 110 Web Design I (3)
- CECS 174 Introduction to Programming and Problem Solving (3)

CECS 200 Web Design II (3)

CECS 410 Computers and Networks (3)

Complete 6 units from the following list of electives:

- CECS 300, 310, 412; IS 300, 340, 343; ETEC 435.

Certificate in Web and Technology Literacy (code CECSCT01)

Open to all majors except those with or seeking a B.S. Engineering Technology, Option in Technology and Engineering Education. The certificate is conferred as a post-baccalaureate certificate or concurrently with the BS/BA degree.

This certificate will prepare students to work with a variety of technologies including computers and related technologies and the proper setup and operation of equipment along with valuable troubleshooting skills. Students will gain an understanding of the system design process and learn to acquire and evaluate information from the internet and to communicate information via the internet including ethical issues. They will learn to create a robust, useable, and accessible website.

Requirements

A minimum of 24 units.

Complete the 18 core units:

- CECS 110 Web Design I (3)
- CECS 200 Web Design II (3)
- CECS 202 The Digital Information Age (3)
- CECS 300 Web Design III (3)
- CECS 410 Computers and Networks (3)
- CECS 412 Introduction to Computer Network Architectures (3)

Complete 6 units from the following list of electives:

- CECS 310, 401; ENGR 350; ART 366; ETEC 435.

Graduate Programs

Master of Science in Computer Science

Admission Procedures

To be considered for admission the graduate applicant must have earned a bachelor's degree from an accredited institution, have been in good standing at the last institution attended, and have a grade point average (GPA) of at least 2.7 for the last 60 semester units (90 quarter units) attempted. The general Graduate Record Examination (GRE) is not required, but highly recommended for international students and those students with a GPA below 3.0.

There is no separate department application, but applicants should submit a second set of transcripts to the department.

Option in Computer Engineering (code CECSMS02)

This option offers advanced study in the theory, analysis, design and applications of both computer hardware and software.

Prerequisites

1. A bachelor's degree in computer science, engineering, or other appropriate discipline from an accredited college or university, with a minimum grade point average (GPA) of 2.7 in the last 60 semester units attempted.

2. One year of instruction in an object-oriented programming language.
3. Take all of the following courses:
CECS 301 Computer Logic Design II (3)
CECS 326 Operating Systems (3)
CECS 343 Introduction to Software Engineering (3)
CECS 346 Microprocessors and Controllers I (3)
CECS 347 Microprocessors and Controllers II (3)
CECS 360 Integrated Circuit Design Software (3)
CECS 440 Computer Architecture (3)
MATH 370A Applied Mathematics I (3)
4. Students must consult with the program graduate advisor prior to enrolling in any course for the program.

Requirements

Students must complete a minimum of 30 graduate and approved upper-division course units including the following:

1. At least 21 units at the graduate level of instruction;
2. Take all the following courses:
CECS 460 System on Chip Design (3)
CECS 463 System on Chip (SOC) Applications (3)
CECS 530 Advanced Computer Architecture I (3)
Take one of the following courses
CECS 531 Advanced Computer Architecture II (3)
CECS 546 Fault Tolerant Computing Systems (3)
3. Take one course from the following:
CECS 526 Advanced Operating Systems (3)
CECS 528 Advanced Analysis of Algorithms (3)
4. One course from the MSCS Application courses;
5. All students must complete either:
A. Comprehensive examination, or
B. Thesis with oral defense which requires a total of 6 units from the following (at least 4 units must be CECS 698):
CECS 697 Directed Research (1-3)
CECS 698 Thesis or Industrial Project (2-6)

Option in Computer Science (code CECSMS01)

This option offers advanced study in software development and engineering, networking, operating systems, distributed computing, artificial intelligence, security, and analysis of algorithms.

Prerequisites

1. A bachelor's degree in computer science, engineering, or other appropriate discipline from an accredited college or university, with a minimum grade point average (GPA) of 2.7 in the last 60 semester units attempted.
2. One year of instruction in an object-oriented programming language.
3. Take all of the following courses:
CECS 228, 285, 323, 326, 328, 341, 343; MATH 380
4. Take one of the following:
CECS 419, 424, 444
5. Students must consult with the program graduate advisor prior to enrolling in any course for the program.

Requirements

Students must complete a minimum of 30 graduate and approved upper-division course units including the following:

1. At least 21 units at the graduate level of instruction;

2. CECS 528 Advanced Analysis of Algorithms (3)
3. Take one of the following:
CECS 526 Advanced Operating Systems (3)
CECS 530 Advanced Computer Architecture I (3)
4. Take two courses from the MSCS Application courses;
5. All students must complete either:
A. Comprehensive examination, or
B. Thesis with oral defense which requires a total of 6 units from the following (at least 4 units must be CECS 698):
CECS 697 Directed Research (1-3)
CECS 698 Thesis or Industrial Project (2-6)

Advancement to Candidacy

Students applying for advancement to candidacy must:

1. have completed all undergraduate deficiencies with grades of "C" or better;
2. have attained an overall grade point average (GPA) of 3.0;
3. have completed at least 12 units applicable to the degree with a GPA of at least 3.0;
4. have fulfilled the Graduation Writing Assessment Requirement (GWAR);
5. and have their program of studies approved by the CECS department graduate advisor.

Courses (CECS)

LOWER DIVISION

100. Critical Thinking in the Digital Information Age (3)

Prerequisite/Corequisite: ENGL 100 or its equivalent.

This course will help students to develop their critical thinking skills using technical software. The main topics will include: identifying engineering issues for investigation, developing planning and problem solving strategies, locating pertinent information and examples, critically analyzing these sources, forming and testing hypotheses, synthesizing and organizing results for effective communication, and developing transferable problem solving skills.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

105. Introduction to Computer Engineering and Computer Science (1)

Introduction to the fields of computer engineering and computer science. Current and future trends and challenges in various fields of computing. Social, ethical and economical issues related to computing technology. Exploration of career and professional development opportunities.

(Lecture 3 hour) Letter grade only (A-F).

110. Web Design I (3)

Overview of computer systems, networking, Internet, HTML, JavaScript, social implications of technology including privacy and security issues. Introduce computer applications and multimedia software such as video editing, creating graphics using interactivity and animation, and Web searching. Develop problem solving skills.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

174. Introduction to Programming and Problem Solving (3)

Prerequisite: CECS 100 and MATH 113 (or equivalent).

Introduction to basic concepts of computer science and fundamental techniques for solving problems using the Java programming language. Structured problem solving, object-oriented programming, programming style. Applications to numerical and non-numerical problems.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

200. Web Design II (3)

Prerequisite: CECS 110.

Introductory web page design using modern tools. Development of web pages from layout to posting on the Internet. Web security and ethics.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

201. Computer Logic Design I (3)

Prerequisite: MATH 113 (or equivalent).

Basic topics in combinational and sequential switching circuits with applications to the design of digital devices. Laboratory projects with Small Scale Integration (SSI) implementations using Computer Aided Design (CAD).

(Lecture 2 hours, lab 3 hours) Letter grade only (A-F).

202. The Digital Information Age (3)

Prerequisite: Completion of GE foundation requirements.

The design and use of common-place digital information systems. Introduction to how information is digitized, secured, compressed and transmitted. Students learn how digital age impacts them and the world they live in.

(Lecture 3 hours) Letter grade only (A-F).

211. Principles of Computer Engineering I (3)

Prerequisite: MATH 122

Basic principles of analysis and design of computer-based circuits. Application of transistors, logic families, digital, devices in computer and embedded processor interfacing, importance of phasors and the complex plane. Basic DC/AC circuit fundamentals. Laboratory safety. Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

228. Discrete Structures with Computing Applications (3)

Prerequisites: CECS 174 and Math 113.

An introduction to discrete mathematics with applications towards computing. Topics include sets, functions, logic, relations, graphs, trees, recursion, combinatorics, and mathematical reasoning.

Letter grade only (A-F). (Lecture 2 hours, laboratory/problem session 3 hours)

262. C for Embedded Programming (3)

Prerequisites: CECS 174 and 201.

Introduction to embedded system architecture, memory organization and programming using C. Interfacing with external I/O devices, Use of internal special function registers. Development tools and extended C instructions unique to embedded systems. Course will be taught using an embedded processor development board.

(Lecture 2 hours, laboratory 3 hours.) Letter grade only (A-F).

271. Introduction to Numerical Methods (3)

Prerequisites: CECS 174 and MATH 123.

Matrix computations. Linear algebra fundamentals. Numerical methods for algebraic equations. Systems of linear equations. Curve fitting. Least squares. Interpolation. Fourier transform. Frequency domain concepts. Numerical integration and differentiation. Ordinary differential equations. Use of MATLAB or equivalent for algorithm implementation.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

274. Object Oriented Programming and Data Structures (3)

Prerequisite: CECS 174.

Disciplined methods of design, coding and testing using the Java programming language. Data abstraction, object-oriented design. Introduction to data structures (linked lists, stacks, queues and trees.) Recursion. Sorting and searching.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

277. Object Oriented Application Development (3)

Prerequisite: CECS 274.

Advanced introduction to the fundamentals of computer science and software engineering methodology. Advanced programming techniques and design methodology typically used in large

programming projects using the Java programming language.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

282. C++ for Java Programmers (3)

Prerequisite: CECS 274.

Structured and Object Oriented Programming in C++. Common features and differences between Java and C++. Pointers, references, and memory management, stream I/O, classes, operator overloading, exception handling, STL.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

285. Computer Organization and Assembly Language Programming (3)

Prerequisites: CECS 201, 274.

Study of computer organization and assembly language programming using embedded processor based systems to solve practical problems. Laboratory projects using embedded system software development and hardware simulation tools. Hands-on projects using hardware prototyping boards.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

UPPER DIVISION

300. Web Design III (3)

Prerequisite: CECS 200.

Web page design using modern tools. Design and development of web pages from layout to posting on the Internet. Website usability, accessibility, security, and ethics.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

301. Computer Logic Design II (3)

Prerequisites: CECS 174, 201.

Sequential logic, programmable logic design, basic Arithmetic Logic Unit (ALU) design and memory devices. Laboratory projects with Medium Scale to Very Large Scale Integration (MSI to VLSI) implementations and Computer Aided Design (CAD).

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

310. Computer-Based Learning Resources (3)

Prerequisite: CECS 200.

Explore and learn to use the many existing web-based education tools that focus on teaching technology. Evaluation of resources for age appropriateness and gender preferences. Students will develop a web-based tool to teach a technical subject of their choice. Field work required.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

311. Principles of Computer Engineering II (3)

Prerequisites: CECS 201 and CECS 211.

Embedded system components. Bipolar and MOS devices and switching circuits. Embedded systems signal processing with operational amplifiers. Digital/analog interfacing including A/D and D/A converters. Schematic capture, analysis and implementation of embedded signal processing algorithms. Fundamentals of digital communication.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

312. Introduction to Distributed Operating Systems (3)

Prerequisite: CECS 174.

The Basics of Operating Systems, Processes, Threads, Concurrent Programming, Protection and Security, Distributed System Structures, Distributed File Systems, Distributed Coordination, Internet Applications.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

323. Database Fundamentals (3)

Prerequisites: CECS 228, 277.

Fundamental topics on database management. Topics include entity-relationship models, database design, data definition language, the relational model, data manipulation language, database application programming and normalization.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

326. Operating Systems (3)

Prerequisites: CECS 282 and 285.

The structure and functions of operating systems. Interrupt handling, processes and interprocess communication, memory management, resource scheduling, information sharing and protection. Project implementation in C/C++.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

327. Net-centric Computing (3)

Prerequisite: CECS 326.

Introduction to Distributed Computing and Interprocess Communication. Client Server Paradigm. Sockets and the Socket API. Unicasting and Multicasting. Distributed Objects. CORBA. Internet Applications.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

328. Data Structures and Algorithms (3)

Prerequisite: CECS 228; Corequisite: CECS 277.

A broad view of data structures and the structure-preserving operations on them. Abstract data types, algorithms, complexity. Programming projects to exemplify these concepts.

341. Computer Architecture and Organization (3)

Prerequisites: CECS 285.

Review of logic design. Instruction set architecture. Arithmetic logic units. Data path and control. Pipelining and performance. Memory system organization and design. Virtual memory and paging. I/O interfacing. Vector and array processing. Distributed computing and supercomputing. Contemporary computer designs.

(Lecture 2 hours, laboratory, 3 hours) Letter grade only (A-F).

343. Introduction to Software Engineering (3)

Prerequisites: CECS 277 or 282

Principles of software engineering, UML, modeling large software systems, requirements elicitation, object oriented analysis and design using UML, introduction to design patterns, implementation of large systems, software testing, project management, the software lifecycle. Semester long programming project.

Letter grade only (A-F). (Lecture 2 hours, lab 3 hours)

345. Fundamentals of Embedded Systems (3)

Prerequisite: CECS 202.

Beginning course in embedded system design and technology. Examines embedded systems market, their fundamental basis, key hardware and software technology drivers, critical applications and component segments. Provides up-to-date analysis of recent developments and current trends in market space.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

346. Microprocessors and Controllers I (3)

Prerequisites: CECS 211 and 262.

Intro microprocessor/controller, embedded programming and design. Basic computer organization, representation of information and instruction, addressing techniques, input/output, assembly language programming. Introduction to assemblers, linkage editors and loaders. Study of the 8051. Design of microprocessor-based systems.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

347. Microprocessors and Controllers II (3)

Prerequisites: CECS 301, 311, and 346.

Study of embedded processor applications and interfacing. Embedded systems design, control of external devices, embedded programming in C and assembly. A/D and D/A converters, digital signal processing, motor and LCD controllers. Laboratory implementation of embedded designs and hardware-assisted debugging.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

360. Integrated Circuit Design Software (3)

Prerequisites: CECS 301, 346, MATH 123 or 222.

Introduction to Computer Aided Design tools used in the design and fabrication of integrated circuits. Discussion of the IC fabrication process, the layout and routing of basic gates, transistor level design

of gates, synthesis and RTL level design, floor planning, and IC development costs.

(Lecture 2 hours, lab 3 hours) Letter grade only (A-F).

362. Real-Time Operating Systems (3)

Prerequisites: CECS 285 or 346, and 262.

Introduction to embedded Real-Time Operating Systems (RTOS) and device drivers. Work with open-source RTOS on an 8-bit hardware platform to understand and write kernels, executives and schedulers along with preemptive multi-tasking systems. Student will study and write device drivers that will be implemented in RTOS. Programming will be done in C and assembly language.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

401. Programming Robots – For Educators (3)

Prerequisite: Some programming experience.

Learn how to inspire interest in engineering and computer science among children ages 9 through 16. Using robotic kits, gain hands-on experience in problem solving and computer programming while constructing and programming unique robot inventions.

May not be used to satisfy any MSCS requirements. (Lecture 2 hours, laboratory 3 hours). Letter grade only (A-F).

405. Special Topics in Computer Science (3)

Prerequisite: Senior standing in computer science major.

Selected topics from recent advances in computer science and technology. Course content will vary from year to year.

(Lecture-problems 3 hours) May be repeated to a maximum of 6 units with different topics. Letter grade only (A-F).

406. Special Topics in Computer Science (3)

Prerequisite: Senior standing in the computer science major.

Each offering is based upon an area of computer science and technology in which recent advances have been made.

Repeatable to a maximum of 6 units with different topics in different semesters. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

410. Computers and Networks (3)

Prerequisite: Course design assumes familiarity with computers.

Gain practical, hands-on experience in installing hardware and software on a PC. Learn what a computer network is and how it is similar to the telephone network. Learn the parts that make up a computer and a network.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

412. Introduction to Computer Network Architectures (3)

Prerequisite: CECS 410.

Beginning course in computer networking designed to provide a grasp of network architectures through lecture/hands-on laboratory assignments. Overview of networking concepts and design essentials. Networking media and NICs. Network communications/protocols focusing on TCP/IP. Local area networks. Networking administration. Networking problems.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

414. Introduction to Network and System Security Issues (3)

Prerequisites: CECS 174.

Controlling the risk of computer security: Security threats and vulnerabilities in the development and use of computer systems. Tools and controls that can reduce or block these threats. Topics in Network Security.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

419./519. Theory of Computation (3)

Prerequisite: CECS 328.

Finite Automata and regular expressions. Pushdown automata and context-free languages. Turing machines and computability. Computational complexity.

Letter grade only (A-F). Additional projects required for CECS 519. (Lecture-problems 3 hours)

423. Database Web Applications in JEE (3)

Prerequisites: CECS 323 and 343.

Design and development of data-intensive web applications in Java EE. Database topics include transaction management, stored procedures, triggers, and security. Web application design and development using core JEE patterns like Front Controller, MVC, and DAO. Application of software engineering to complete a group project.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

424. Organization of Programming Languages (3)

Prerequisites: CECS 326 and 328.

Understanding the variety of programming languages and the design trade-offs between current programming language paradigms. Comparison of programming languages in their design, implementation, and run-time supports. Includes programming projects.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

428. Analysis of Algorithms (3)

Prerequisite: CECS 328.

Applications of standard combinatorial techniques to applied programming problems. Rigorous analysis of correctness/complexity of algorithms. Advanced graph algorithms are emphasized. Topics include shortest paths on graphs, sorting, string matching, union find problem, divide-and-conquer technique, and weighted-edge problem.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

429./529. Information Retrieval (3)

Prerequisites: CECS 323 and 328, MATH 380 or EE 380.

Models, algorithms, and evaluation of the retrieval of information from a collection of documents. Document preprocessing. Indexing and searching. Retrieval evaluation. Search engines.

Additional projects required for CECS 529. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

440. Computer Architecture (3)

Prerequisites: CECS 346.

Review of logic design. Register transfer and micro-operations. Basic computer organization. Central processor organization. Microprogram control organization. Arithmetic processor design. Arithmetic algorithms. Input-output organization. Memory organization.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

443. Software Engineering (3)

Prerequisite: CECS 326.

Software life cycle. Functional decomposition, data flow and object-oriented development. Reusability and portability.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

444. Compiler Construction (3)

Prerequisites: CECS 285 and 328.

Syntax directed compiler study. Organization of a compiler and overall design: parsing, semantic analysis, optimization and code generation.

(Lecture 3 hours, laboratory 3 hours) Letter grade only (A-F).

445. Software Design and Architecture (3)

Prerequisites: CECS 343 and Senior status.

In-depth look at software design, design patterns, frameworks, architectures and middleware architectures. Component based design including COM, Corba, and .Net. Fundamentals of software metrics, measuring software qualities. Basics of software evolution, reengineering, and reverse engineering. A semester long team project.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

447. Microprocessors and Controllers III (3)

Prerequisite: CECS 347.

Embedded system applications and techniques. Real-time multi-tasking systems, schedulers, kernels, and operating systems for embedded processors. Advanced I/O technologies - CAM, I2C, Ethernet. Embedded Internet applications. Polling vs. interrupt handling. Lab implementation of embedded designs and hardware-assisted debugging.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

448. User Interface Design (3)

Prerequisite: CECS 343 or consent of instructor.

Evaluation, design and programming of user interface systems. Fundamentals of human cognition, system characteristics, and the interaction between humans and systems. Usability methods and user/task-centered design. Tools for designing and building user interfaces, with emphasis on rapid applications development.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

449. Computer Graphics (3)

Prerequisites: MATH 247, CECS 282 and 328.

Basic software and hardware of 2-D computer graphics. Applications.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

451. Artificial Intelligence (3)

Prerequisites: CECS 277 and 328.

Introduction to the history and implementation of artificial intelligence agents. Topics include search, constraint satisfaction, game-playing, logical agents, belief networks, optimal sequential decision systems. Project implementation.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

455. Introduction to Game Programming (3)

Prerequisite: CECS 328 or consent of instructor.

Introduction to game programming and graphics. "Slow" games. Real-time games with no adversary. Adversarial real-time games in 2-D.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

460. System on Chip Design (3)

Prerequisite: CECS 360.

Complete System on Chip (SOC) design flow from design specification to working SOC. Creation of RTL level modules designed for reuse, integration of Intellectual Property (IP) for RTL and physical level IP, IC verification, creation of self-checking test benches for designs.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

461./561. Hardware/Software Co-design (3)

Prerequisite: CECS 341 or 440.

Introduction to top-down methods for hardware/software system-on-chip co-design. Design flow – system specification, software implementation, hardware synthesis, system design, and verification. Process optimization with various design decisions emphasized. Projects/case studies using system-level design methods and tools.

Additional projects required for CECS 561. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

463. System on Chip (SOC) Applications (3)

Prerequisite: CECS 360.

System on Chip (SOC) design applications. Study of a variety of signal processing SOC designs and ASIC algorithms. Class projects emphasizing hardware/software integration with use of FPGA/CPLD devices. Design reviews, specification, team design implementation with project planning and tracking for system level design applications.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

470. Web Programming and Accessibility (3)

Prerequisites: CECS 323 and 343.

Introduction to World-Wide Web development. Accessibility issues. Web architecture, standards, and programming, emphasizing XML technologies and cascading style sheets. Visual design principles and information architecture. Client-side and server-side programming and protocols. Development for adaptive technologies and mobile devices.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

472. Computer Network Programming (3)

Prerequisites: CECS 326 or 362.

Fundamentals of computer network programming. Client-server programming. Concepts of computer network programming including the RPC Procedure Call, CORBA, multicasts, and broadcasts.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

474. Computer Network Interoperability (3)

Prerequisite: CECS 326 or 362.

Overview of computer network theory and practice from a systems perspective. Topics include network infrastructure, local area network (LAN) protocols, wide area network (WAN) protocols, switching technologies, Internet Protocol (IP), Transmission Control Protocol (TCP), network security, and network configuration, design, and performance.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

475. Application Programming Using .NET (3)

Prerequisite: CECS 343.

A rigorous introduction to enterprise application development utilizing the .NET environment. Topics include GUI interface concepts, multithreading, collections and web forms as well as application interfaces to database, web services and networks. The course will have intensive individual projects as well as a team project.

Letter grade only (A-F). (Lecture 2 hours, laboratory 3 hours)

476. System and Network Administration (3)

Prerequisites: CECS 326 or 362.

Introduction to the management and administration of Unix systems and TCP/IP networks. Managing users, local and network file systems, electronic mail, print queues. Establishing and managing a network.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

478./578. Introduction to Computer Security (3)

Prerequisite: CECS 323, 328, and one course selected from 472, 474, 476.

Controlling the risk of computer security. Security threats and vulnerabilities in the development and use of computer systems. Tools and controls that can reduce or block these threats. Law, privacy and ethics.

Additional projects required for CECS 578. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

490A. Senior Project I (3)

Prerequisites: CECS 347, Senior Standing.

A design course where the student will define a problem and provide a report containing a complete design solution.

(Seminar 3 hours) Letter grade only (A-F).

490B. Senior Project II (3)

Prerequisites: CECS 490A or 491 and consent of instructor.

Implementation of previously completed design project from CECS 490A or CECS 491. A formal demonstration with an oral and written presentation is required.

(Seminar 3 hours) Letter grade only (A-F).

491. Software Development Project (3)

Prerequisites: CECS 343 and Senior status.

Selected topics from recent advances in applied computing. Application of selected topics to the design and implementation of a software system within a team setting. Techniques for project management, documentation, and technical presentations. Software design, implementation, and evaluation strategies.

(Seminar 3 hours) Letter grade only (A-F).

492. Computer Networking Project Course (3)

Prerequisite: CECS 474 or consent of instructor.

Selected topics from recent advances in computer networking. Design, implementation, and performance analysis of enterprise networks. Network modeling and simulation. Application of selected topics to a semester-long team project focusing on the design and implementation of a large-scale network system.

(Seminar 3 hours) Letter grade only (A-F).

496. Computer Science Problem Solving (1)

Prerequisites: CECS 274 and consent of instructor.

Problem solving in Computer Science. Theory necessary to solve computer science problems and the solutions to the problems. Problems studied will involve applications of graph theory, data structures, recursion, and algorithms.

(Lecture 1 hour) May be repeated to a maximum of 6 units in different semesters. Letter grade only (A-F).

497. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Assigned study in topics in current computer literature or computer-related projects with a final report.

May be repeated to a maximum of 6 units with written consent of the Department Chair.

GRADUATE LEVEL

519./419. Theory of Computation (3)

Prerequisite: CECS 328.

Finite Automata and regular expressions. Pushdown automata and context-free languages. Turing machines and computability. Computational complexity.

Additional projects required for CECS 519. (Lecture-problems 3 hours) Letter grade only (A-F).

521./621. Database Architecture (3)

Prerequisites: CECS 328 and 323 or 421.

Relational database design theory—a rigorous approach. Security, recovery, transaction management, distributed databases and query optimization.

Master's students register in CECS 521 or 621; Ph.D. students register in CECS 621. Additional projects required for CECS 621. (Lecture-problems 3 hours) Letter grade only (A-F).

524./624. Advanced Topics in Programming Languages (3)

Prerequisite: CECS 424.

Intensive study of languages of current interest which support object-oriented, client-server, and multimedia applications (e.g. JAVA).

Master's students register in CECS 524 or 624; Ph.D. students register in CECS 624. Additional projects required for CECS 624. (Lecture-problems 3 hours) Letter grade only (A-F).

526./626. Advanced Operating Systems (3)

Prerequisites: CECS 228 and 326.

Theoretical foundations of concepts applied in the design of operating systems. Control of concurrent processes, deadlocks, mutual exclusion, virtual memory, resource management and scheduling.

Master's students register in CECS 526 or 626; Ph.D. students register in CECS 626. Additional projects required for CECS 626. (Lecture-problems 3 hours) Letter grade only (A-F).

528./628. Advanced Analysis of Algorithms (3)

Prerequisites: CECS 328, MATH 380 or EE 380.

Theoretical analysis of algorithms. Divide and conquer, dynamic programming and greedy algorithms; basic search and traversal techniques including search trees; sorting; matrix manipulations; NP-completeness.

Master's students register in CECS 528 or 628; Ph.D. students register in CECS 628. Additional projects required for CECS 628. (Lecture-problems 3 hours) Letter grade only (A-F).

529./429. Information Retrieval (3)

Prerequisites: CECS 323 and 328, MATH 380 or EE 380.

Models, algorithms, and evaluation of the retrieval of information from a collection of documents. Document preprocessing. Indexing and searching. Retrieval evaluation. Search engines.

Additional projects required for CECS 529. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

530./630. Advanced Computer Architecture I (3)

Prerequisite: CECS 341 or 440.

Fundamentals of computer architecture. Description of architecture and description languages. Basic computer design and central processor implementation. Memory hierarchy and input/output. Pipelining. Vector processor, multiprocessor systems and dataflow machines.

Master's students register in CECS 530 or 630; Ph.D. students register in CECS 630. Additional projects required for CECS 630. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

531./631. Advanced Computer Architecture II (3)

Prerequisite: CECS 530.

Advanced computer architecture with emphasis on parallel processing. Vector processors and multiprocessor systems. Dataflow computation. RISC/CISC. Hypercube. Parallel software. Applications in artificial intelligence, signal/image processing, neural network and optical computing.

Master's students register in CECS 531 or 631; Ph.D. students register in CECS 631. Additional projects required for CECS 631. (Lecture-problems 3 hours) Letter grade only (A-F).

543./643. Advanced Software Engineering (3)

Prerequisite: CECS 343 or 443.

Study of software engineering as a broad, problem-solving discipline. Includes structured programming and software project management.

Master's students register in CECS 543 or 643; Ph.D. students register in CECS 643. Additional projects required for CECS 643. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

544./644. Software Testing and Verification (3)

Prerequisite: CECS 543.

Testing/verification techniques for software development including black box, white box, incremental, top-down and bottom-up, static and dynamic, performance, regression, thread, and stress testing. Object-oriented software testing with a hierarchical approach. Metrics for test, and verification will be introduced.

Master's students register in CECS 544 or 644; Ph.D. students register in CECS 644. Additional projects required for CECS 644. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

545./645. Software Architecture (3)

Prerequisite: CECS 543.

Includes architectural styles, pipes and filters, data abstraction and object-oriented organization, event-based, implicit invocation, layered systems, repositories, interpreters, process control, distributed processes, domain-specific software & heterogeneous architectures. Component-based design patterns & case studies.

Master's students register in CECS 545 or 645; Ph.D. students register in CECS 645. Additional projects required for CECS 645. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

546./646. Fault Tolerant Computing Systems (3)

Prerequisite: CECS 530.

Fault tolerant techniques are studied as tools to assure the reliability and continuous availability of computing systems. Case studies of modern fault tolerant systems reviewed. Software fault tolerant systems studied as alternatives to verification and validation approaches to software reliability.

Master's students register in CECS 546 or 646; Ph.D. students register in CECS 646. Additional projects required for CECS 646. (Lecture-problems 3 hours) Letter grade only (A-F).

547./647. Software Maintenance, Reengineering and Reuse (3)

Prerequisite: CECS 343 or equivalent.

Introduction to software maintenance, defect management, corrective, adaptive and perfective maintenance. Evolution of legacy software systems. Program comprehension techniques, reverse engineering, restructuring, refactoring of software systems. Software re-engineering, data reverse engineering. Software reuse. Impact analysis, regression testing.

Master's students register in CECS 547 or 647; Ph.D. students register in CECS 647. Additional projects required for CECS 647. (Lecture-problems 3 hours) Letter grade only (A-F).

549./649. Advanced Computer Graphics (3)

Prerequisite: CECS 449.

Three-dimensional representations, transformations and viewing. Color models and modeling methods. Hidden-line and hidden-surface removal. Lighting and shading. Visual realism. Topics of current interest.

Master's students register in CECS 549 or 649; Ph.D. students register in CECS 649. Additional projects required for CECS 649. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

550./650. Pattern Recognition Using Artificial Intelligence (3)

Prerequisite: CECS 451 or consent of instructor.

General concepts of pattern recognition and trainable classifiers, decision theory, supervised learning, non-parametric techniques, rule-based systems and neural networks.

Master's students register in CECS 550; Ph.D. students register in CECS 650. Additional projects required for CECS 650. (Lecture-problems 2 hours, laboratory 3 hours) Not open for credit to students with credit in CECS 750. Letter grade only (A-F).

551./651. Advanced Artificial Intelligence (3)

Prerequisite: CECS 451.

Advanced concepts in artificial intelligence. Topics include knowledge acquisition and representation, fuzzy logic, logical reasoning, multi-sensor integration, Dempster-Shafer's theory of evidential reasoning, real-time expert systems and neural networks.

Master's students register in CECS 551 or 651; Ph.D. students register in CECS 651. Additional projects required for CECS 651. (Lecture-problems 3 hours) Letter grade only (A-F).

552./652. Computer Simulation and Modeling (3)

Prerequisites: EE 380 (or MATH 380) and CECS 326.

Studies of general purpose and special simulation software. Model verification including graphical models Applications in various areas.

Master's students register in CECS 552 or 652; Ph.D. students register in CECS 652. Additional projects required for CECS 652. (Lecture-problems 3 hours) Letter grade only (A-F).

553./653. Machine Vision (3)

Prerequisite: Graduate standing in engineering or computer science.

Discussion and laboratory implementation of current research in vision and image understanding. Topics include image formation, early processing, segmentation, relational structures in 2-D and 3-D, motion, stereo, 3-D reconstruction, morphological methods and computer architecture for machine vision.

Master's students register in CECS 553 or 653; Ph.D. students register in CECS 653. Additional projects required for CECS 653. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

561./461. Hardware/Software Co-design (3)

Prerequisite: CECS 341 or 440.

Introduction to top-down methods for hardware/software system-on-chip co-design. Design flow – system specification, software implementation, hardware synthesis, system design, and verification. Process optimization with various design decisions emphasized. Projects/case studies using system-level design methods and tools.

Additional projects required for CECS 561. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

570./670. Concurrent Parallel Programming (3)

Prerequisite: CECS 328, or 341, or 440.

Introduction to concurrent and parallel programming for multiprocessing and distributed systems. Computational models and paradigms. Parallel programming languages and programming tools. Portable parallel programming and mapping techniques. Heterogeneous concurrent programming. Concurrent programming on local networks on workstations and personal computers.

Master's students register in CECS 570 or 670; Ph.D. students register in CECS 670. Additional projects required for CECS 670. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

572./672. Advanced Computer Networking (3)

Prerequisite: CECS 327 or 474.

Advanced concepts in computer network theory and practice. Computer network design and standards for local area networks (LANs) and wide area networks (WANs). Computer network configuration and performance issues.

Master's students register in CECS 572 or 672; Ph.D. students register in CECS 672. Additional projects required for CECS 672. (Lecture-problems 3 hours) Letter grade only (A-F).

574./674. Topics in Distributed Computer Systems (3)

Prerequisite: CECS 526 or 572 or 626 or 672.

Network operating systems vs distributed operating systems, research and design issues of distributed operating systems, resources and resource management in distributed systems, communication security and user authentication.

Master's students register in CECS 574; Ph.D. students register in CECS 674. Additional projects required for CECS 674. (Lecture-problems 3 hours) Letter grade only (A-F). Not open for credit to students with credit in CECS 673 or 773.

575./675. Object-Oriented Analysis and Design (3)

Prerequisites: CECS 475 and CECS 343 or 443 or 543.

An object-oriented approach to software development based on modeling objects from the real world. Object-oriented methodology from problem statement through analysis, system design, and object design. Implementation of object-oriented designs in various target environments. Case studies.

Master's students register in CECS 575 or 675; Ph.D. students register in CECS 675. Additional projects required for CECS 675. (Lecture-problems 3 hours) Letter grade only (A-F).

578./478. Introduction to Computer Security (3)

Prerequisite: CECS 323, 328, and one course selected from 472, 474, 476.

Controlling the risk of computer security. Security threats and vulnerabilities in the development and use of computer systems. Tools and controls that can reduce or block these threats. Law, privacy and ethics.

Additional projects required for CECS 578. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

590./690. Special Topics in Computer Science (3)

Prerequisites: Graduate standing and consent of instructor.

Each offering is based on an area in computer science and technology in which recent advances have been made.

Master's students register in CECS 590 or 690; Ph.D. students register in CECS 690. Additional projects required for CECS 690. (Lecture-problems 3 hours) May be repeated to a maximum of 6 units with consent of department. Letter grade only (A-F).

621./521. Database Architecture (3)

Prerequisites: CECS 328 and 323 (or 421).

Relational database design theory—a rigorous approach. Security, recovery, transaction management, distributed databases and query optimization.

Master's students register in CECS 521 or 621; Ph.D. students register in CECS 621. Additional projects required for CECS 621. (Lecture-problems 3 hours) Letter grade only (A-F).

624./524. Advanced Topics in Programming Languages (3)

Prerequisite: CECS 424.

Intensive study of languages of current interest which support object-oriented, client-server, and multimedia applications (e.g. JAVA).

Master's students register in CECS 524 or 624; Ph.D. students register in CECS 624. Additional projects required for CECS 624. (Lecture-problems 3 hours) Letter grade only (A-F).

626./526. Advanced Operating Systems (3)

Prerequisites: CECS 228 and 326.

Theoretical foundations of concepts applied in the design of operating systems. Control of concurrent processes, deadlocks, mutual exclusion, virtual memory, resource management and scheduling.

Master's students register in CECS 526 or 626; Ph.D. students register in CECS 626. Additional projects required for CECS 626. (Lecture-problems 3 hours) Letter grade only (A-F).

628./528. Advanced Analysis of Algorithms (3)

Prerequisites: CECS 328, MATH 380 or EE 380.

Theoretical analysis of algorithms. Divide and conquer, dynamic programming and greedy algorithms; basic search and traversal techniques including search trees; sorting; matrix manipulations; NP-completeness.

Master's students register in CECS 528 or 628; Ph.D. students register in CECS 628. Additional projects required for CECS 628. (Lecture-problems 3 hours) Letter grade only (A-F).

630./530. Advanced Computer Architecture I (3)

Prerequisite: CECS 341 or 440.

Fundamentals of computer architecture. Description of architecture and description languages. Basic computer design and central processor implementation. Memory hierarchy and input/output. Pipelining. Vector processor, multiprocessor systems and dataflow machines.

Master's students register in CECS 530 or 630; Ph.D. students register in CECS 630. Additional projects required for CECS 630. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

631./531. Advanced Computer Architecture II (3)

Prerequisite: CECS 530.

Advanced computer architecture with emphasis on parallel processing. Vector processors and multiprocessor systems. Dataflow computation. RISC/CISC. Hypercube. Parallel software. Applications in artificial intelligence, signal/image processing, neural network and optical computing.

Master's students register in CECS 531 or 631; Ph.D. students register in CECS 631. Additional projects required for CECS 631. (Lecture-problems 3 hours) Letter grade only (A-F).

643./543. Advanced Software Engineering (3)

Prerequisite: CECS 343 or 443.

Study of software engineering as a broad, problem-solving discipline. Includes structured programming and software project management.

Master's students register in CECS 543 or 643; Ph.D. students register in CECS 643. Additional projects required for CECS 643. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

644./544. Software Testing and Verification (3)

Prerequisite: CECS 543.

Various types of software testing and verification techniques for software development including black box, white box, incremental, top-down and bottom-up, static and dynamic, performance, regression, thread, and stress testing. Discussion of object-oriented software testing with a hierarchical approach. Metrics in complexity for testing, test, and verification plan will be introduced. Automatic software testing and some case studies.

Master's students register in CECS 544 or 644; Ph.D. students register in CECS 644. Additional projects required for CECS 644. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

645./545. Software Architecture (3)

Prerequisite: CECS 543.

Includes architectural styles, pipes and filters, data abstraction and object-oriented organization, event-based, implicit invocation, layered systems, repositories, interpreters, process control, distributed processes, domain-specific software & heterogeneous architectures. Component-based design patterns & case studies.

Master's students register in CECS 545 or 645; Ph.D. students register in CECS 645. Additional projects required for CECS 645. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

646./546. Fault Tolerant Computing Systems (3)

Prerequisite: CECS 530.

Fault tolerant techniques are studied as tools to assure the reliability and continuous availability of computing systems. Case studies of modern fault tolerant systems reviewed. Software fault tolerant systems studied as alternatives to verification and validation approaches to software reliability.

Master's students register in CECS 546 or 646; Ph.D. students register in CECS 646. Additional projects required for CECS 646. (Lecture-problems 3 hours) Letter grade only (A-F).

647./547. Software Maintenance, Reengineering and Reuse (3)

Prerequisites: CECS 343 or equivalent.

Introduction to software maintenance, defect management, corrective, adaptive and perfective maintenance. Evolution of legacy software systems. Program comprehension techniques, reverse engineering, restructuring, refactoring of software systems. Software re-engineering, data reverse engineering.

Master's students register in CECS 547 or 647; Ph.D. students register in CECS 647. Additional projects required for CECS 647. (Lecture-problems 3 hours) Letter grade only (A-F).

649./549. Advanced Computer Graphics (3)

Prerequisite: CECS 449.

Three-dimensional representations, transformations and viewing. Color models and modeling methods. Hidden-line and hidden-surface removal. Lighting and shading. Visual realism. Topics of current interest.

Master's students register in CECS 549 or 649; Ph.D. students register in CECS 649. Additional projects required for CECS 649. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

650./550. Pattern Recognition Using Artificial Intelligence (3)

Prerequisite: CECS 451 or consent of instructor.

General concepts of pattern recognition and trainable classifiers, decision theory, supervised learning, non-parametric techniques, rule-based systems and neural networks.

Master's students register in CECS 550; Ph.D. students register in CECS 650. Additional projects required for Ph.D. students. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

651./551. Advanced Artificial Intelligence (3)

Prerequisite: CECS 451.

Advanced concepts in artificial intelligence. Topics include knowledge acquisition and representation, fuzzy logic, logical reasoning, multi-sensor integration, Dempster-Shafer's theory of evidential reasoning, real-time expert systems and neural networks.

Master's students register in CECS 551 or 651; Ph.D. students register in CECS 651. Additional projects required for CECS 651. (Lecture-problems 3 hours) Letter grade only (A-F).

652./552. Computer Simulation and Modeling (3)

Prerequisites: EE 380 or MATH 380 and CECS 326.

Studies of general purpose and special simulation software. Model verification including graphical models Applications in various areas.

Master's students register in CECS 552 or 652; Ph.D. students register in CECS 652. Additional projects required for CECS 652. (Lecture-problems 3 hours) Letter grade only (A-F).

653./553. Machine Vision (3)

Prerequisite: Graduate standing in engineering or computer science.

Discussion and laboratory implementation of current research in vision and image understanding. Topics include image formation, early processing, segmentation, relational structures in 2-D and 3-D, motion, stereo, 3-D reconstruction, morphological methods and computer architecture for machine vision.

Master's students register in CECS 553 or 653; Ph.D. students register in CECS 653. Additional projects required for CECS 653. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

670./570. Concurrent Parallel Programming (3)

Prerequisite: CECS 328, or 341, or 440.

Introduction to concurrent and parallel programming for multiprocessing and distributed systems. Computational models and paradigms. Parallel programming languages and programming tools. Portable parallel programming and mapping techniques. Heterogeneous concurrent programming. Concurrent programming on local networks on workstations and personal computers.

Master's students register in CECS 570 or 670; Ph.D. students register in CECS 670. Additional projects required for CECS 670. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

672./572. Advanced Computer Networking (3)

Prerequisite: CECS 327 or 474.

Advanced concepts in computer network theory and practice. Computer network design and standards for local area networks (LANs) and wide area networks (WANs). Computer network configuration and performance issues.

Master's students register in CECS 572 or 672; Ph.D. students register in CECS 672. Additional projects required for CECS 672. (Lecture-problems 3 hours) Letter grade only (A-F).

674./574. Topics in Distributed Computer Systems (3)

Prerequisite: CECS 526 or 572 or 626 or 672.

Network operating systems vs distributed operating systems, research and design issues of distributed operating systems, resources and resource management in distributed systems, communication security and user authentication.

Master's students register in CECS 574; Ph.D. students register in CECS 674. Additional projects required for CECS 674. (Lecture-problems 3 hours) Letter grade only (A-F). Not open for credit to students with credit in CECS 773.

675./575. Object-Oriented Analysis and Design (3)

Prerequisites: CECS 475 and CECS 343 or 443 or 543.

An object-oriented approach to software development based on modeling objects from the real world. Object-oriented methodology from problem statement through analysis, system design, and object design. Implementation of object-oriented designs in various target environments. Case studies.

Master's students register in CECS 575 or 675; Ph.D. students register in CECS 675. Additional projects required for CECS 675. (Lecture-problems 3 hours) Letter grade only (A-F).

690./590. Special Topics in Computer Science (3)

Prerequisites: Graduate standing and consent of instructor.

Each offering is based on an area in computer science and technology in which recent advances have been made.

Master's students register in CECS 590 or 690; Ph.D. students register in CECS 690. Additional projects required for CECS 690. (Lecture-problems 3 hours) May be repeated to a maximum of 6 units with consent of department. Letter grade only (A-F).

694. Seminar in Computer Science (3)

Prerequisite: 6 units of 500 or 600 level CECS courses.

Intensive study of a broad selection of conceptual and theoretical problems in computer science. A written student research project and an oral presentation are required.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Classified Graduate standing.

Theoretical and experimental problems in computer science and engineering requiring intensive analysis.

Independent Study. Letter grade only (A-F).

698. Thesis or Industrial Project (2-6)

Prerequisite: Advancement to Candidacy.

Planning, preparation, completion of thesis or equivalent industrial project report on a suitable topic in computer engineering and computer science following the library's prescribed format. Requires consultation with Graduate Advisor and submission of Agreement for Independent Study form each semester.

May be repeated to a total of 6 units.

CONSUMER AFFAIRS

College of Health and Human Services
Department of Family and Consumer Sciences

Department Chair: Wendy Reiboldt

Department Office: Family and Consumer Sciences (FCS) - 001
Telephone / Fax: (562) 985-4484 / 985-4414
Website: www.csulb.edu/colleges/chhs/departments/fcs

Faculty: Mariné Aghekyan, Judith Anglin, Lee Blecher, Maria Claver, Gail C. Frank, Avery E. Goldstein, Libby Gustin, Dong-Eun Kim, James E. Koval, Teter Kreysa, Jacqueline D. Lee, Margaret Lichty, Suzanne Marshall, Nilufer Medora, Wendy Reiboldt, Lydia Sondhi (emerita), M. Sue Stanley, Richard V. Tuveson, Jung-Mao (Ronnie) Yeh

Baccalaureate Program Coordinator: Richard V. Tuveson

Graduate Coordinator: Jacqueline D. Lee

Single Subject Credential Advisor: Margaret Lichty

Administrative Support Coordinators:

Mikal Lok, Marina Bendersky

Instructional Support Technician: Bonnie Rice

Career Possibilities

Consumer Advocates on Television and Radio Stations • Litigation Consumer Specialist • Product Safety Advocate • Credit Counselor • Food and Drug Consumer Specialist • Federal Trade Consumer Specialist • Community Consumer Educator • Consumer Affairs Teacher • Financial Advisor • Financial Counselor • Product Safety and Health Care Consultants • Customer Service Representative • Housing Counselor • Homeless Coordinator • Property Manager (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Undergraduate Programs

Bachelor of Arts in Family and Consumer Sciences

This degree offers six options:

- Child Development and Family Studies
- Consumer Affairs
- Family and Consumer Sciences Education
- Family Life Education
- Fashion Merchandising
- Textiles and Clothing

Degree and certificate information and requirements are listed under each option alphabetically in this *Catalog*.

Consumer Affairs

This program focuses on how businesses, government agencies, and community organizations interact with families and consumers.

Option in Consumer Affairs (code FCS_BA03) (120 units)

Take all of the following courses:

- ACCT 201 Elementary Financial Accounting (3)
- CAFF 223 Personal & Family Financial Management (3)
- CAFF 226 Consumer Life Skills (3)

CAFF 228 Housing in Global Perspective (3)

CAFF 321 Family and Consumer Resource Management (3)

CAFF 322 Family Housing & Urban Community (3)

CAFF 420 Personal Finance for the Aging (3)

CAFF 422 Housing Policies: Public and Private (3)

CAFF 425 Personal Financial Planning Analysis (3)

CAFF 426 Family Financial Problems (3)

CAFF 429 Consumer Protection (3)

CDFS 312I Family and Personal Development (3)

FCSE 299 Intro to Family and Consumer Sciences (1)

FCSE 387 Electronic Portfolio Dev for FCS Professionals (2)

FCSE 486 Instructional Strategies for Family and Consumer Sciences Professionals (3)

FCSE 499 Professionalism and Leadership in FCS (2)

MKTG 300 Marketing (3)

MKTG 490 Consumer Behavior (3)

PSY 100 General Psychology (3)

SOC 100 Principles of Sociology (3)

Take one of the following choices:

ECON 100 Principles of Macroeconomics (3)
and

ECON 101 Principles of Microeconomics (3)
or

ECON 300 Fundamentals of Economics (3)

Take one of the following courses:

ENGL 101 Composition (3)

ENGL 317 Technical Communication (3)

ENGL 417 Proposal Writing (3)

ENGL 418 Manual Writing (3)

ENGL 419 Writing in Science and Technology (3)

Take one of the following courses:

C/LA 250 Elementary Statistics (4)

SOC 250 Elementary Statistics (4)

Take one course from the following:

CAFF 492C Internship in Consumer Affairs (3)

FCSE 497 Directed Studies (3)

Take 9 units of advisor approved electives.

Each course on the student's program planner must be completed with a grade of "C" or better. In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Consumer Affairs Area Coordinator.

Minor in Consumer Affairs (code FCS_UM01)

Eighteen units as approved by a Consumer Affairs faculty advisor. The Minor in Consumer Affairs is available to any non-Consumer Affairs major.

Take all of the following courses:

CAFF 223 Personal & Family Financial Management (3)

CAFF 226 Consumer Life Skills (3)
CAFF 322 Family Housing and the Urban Community (3)
Take 9 units from the following courses:
CAFF 420, 422, 425, 426, and 429.

Consumer Affairs Courses (CAFF)

LOWER DIVISION

223. Personal and Family Financial Management (3)

Prerequisite: Completion of G.E. Foundation courses.

A functional approach to personal finance including budget systems, consumer credit, insurance, debt collection system, status obligation, accumulating reserves. Applicable for personal and professional use. (Lecture-discussion 3 hours)

226. Consumer Life Skills (3)

Prerequisite: Completion of the G.E. Foundation courses.

Consumer life skills with an emphasis on practical applications in the marketplace. Includes the history of the consumer movement, consumer rights and responsibilities, financial wellness, consumer debt, consumer behavior, fraud, and consumer redress. (Lecture-discussion 3 hours)

228. Housing in Global Perspective (3)

Prerequisites: Completion of G.E. Foundation courses.

Family housing options and choices in urban and rural areas throughout the world viewed within the context of history, politics, culture, art, environment, geography, technology and economics. (Lecture-discussion, 3 hours).

UPPER DIVISION

309I. The Consumer in the Legal and Economic Environment (3)

Prerequisites: Completion of G.E. Foundation courses; completion of one or more Exploration courses; upper division standing.

Incorporates an integrated coverage of the economic, legal, ethical and regulatory environment of consumers in avoiding and resolving disputes regarding fraudulent transactions, financial matters, personal and real property contracts, torts, credit and investment issues, and family relationships. Team taught.

(Lecture-discussion 3 hours) Same course as FIN 309I. Not open for credit to students with credit in FIN 309I.

321I. Family and Consumer Resource Management (3)

Prerequisites: Completion of the G.E. Foundation, one or more Explorations courses, and upper division standing.

Basic management principles applied to personal and family settings. Examines role of values, goal formation, decision-making, planning, implementing, and evaluation of managerial behavior in diverse family and cultural settings.

Letter grade only (A-F). (Lecture-discussion 3 hours)

322. Family Housing and the Urban Community (3)

Prerequisites: Upper-division standing.

Critical analysis of family housing in urban community including aspects of shelter, city and service providers. Sociological, psychological, legislative, economic and technical factors investigated. Special attention given to families of various structures and socioeconomic background.

(Discussion 3 hours)

388I. Technological Literacy (3)

Prerequisites: Completion of GE Foundation requirements, upper division standing, ENGL 100.

Exploration of technological concepts and their impact on individuals,

society and culture. Technology as a human adaptive system and its relationship to sociological and ideological systems.

Letter grade only (A-F). (Discussion 3 hours.)

420. Personal Finance for the Aging (3)

Prerequisites: 400-level course in Consumer Affairs or consent of instructor.

Personal finance as applied to the aging population.

Same course as GERN 420. Not open for credit to students with credit in GERN 420. (Lecture-discussion 3 hrs)

422. Housing Policies: Public and Private (3)

Prerequisites: CAFF 322, upper division standing or consent of instructor.

Federal, state, and local policies, programs and legislation concerning housing and urban development. Analysis of the housing industry and its influence on the consumer market.

Letter grade only (A-F). (Discussion 3 hours)

424. Independent Living for Disabled and Elderly Persons (3)

Prerequisite: CAFF 321I or 322 or GERN 400I or consent of instructor.

Independent living concepts related to physically and/or functionally disabled adults. Personal, environmental and programmatic responses to disability and aging.

Letter grade only (A-F). Same course as GERN 424. Not open for credit to students with credit in GERN 424. (Lecture-Activity 3 hours)

425. Personal Financial Planning Analysis (3)

Prerequisite: CAFF 223 or consent of instructor.

Analysis and protection of personal and family resources; planning and forecasting goals; development of financial strategies utilizing insurance, investment, tax management, pensions, wills and trusts. (Lecture-discussion 3 hours)

426. Family Financial Problems (3)

Prerequisite: CAFF 223 or consent of instructor.

Theory and practice in the diagnosis of family financial crises; selecting alternative solutions; constructing practical methods for the prevention of family financial problems.

(Discussion 2 hours, laboratory 3 hours)

429. Consumer Protection (3)

Prerequisites: Upper Division course in consumer affairs or consent of instructor.

Concepts of consumer protection with analysis of a myriad of resources available for individuals and families with consumer problems.

(Seminar 3 hours)

492C. Internship in Consumer Affairs (3)

Prerequisites: Student must be a Family and Consumer Sciences: Consumer Affairs major; have senior standing; have a 2.5 overall GPA or a 3.0 major GPA; approval of a faculty advisor in Consumer Affairs; and CAFF 226, 321I, 422, 425, 429, or consent of instructor. Each prerequisite course must be completed with a grade of "C" or better. A course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of the Area Coordinator.

Field experience in which student assumes a preprofessional role in a professional setting. Objectives developed by student with supervisor must be approved by major advisor and form the basis for evaluation.

May be repeated for 6 units maximum. (Seminar 3 hours)

COLLEGE OF CONTINUING AND PROFESSIONAL EDUCATION

Dean: Jeet Joshee

Associate Dean: Sheila Thomas

Senior Director, Finance/Business Services: Michael R. Jones

Senior Director, Technology and Development: Mat Kaplan

Director, Academic Programs: Leticia Rodriguez

Director, American Language Institute: Lynne Richmond

Executive Director, Center for International Trade and Transportation: Marianne Venieris

College Office: 6300 State University Drive, Ste. 104, Long Beach, CA 90815

Customer Service Center: 800-963-2250

Email: Info@ccpe.csulb.edu

Website: www.ccpe.csulb.edu

The College of Continuing and Professional Education received approval, by unanimous vote from the Academic Senate of the California State University, Long Beach, for a name change in May 2009. The college's new name, College of Continuing and Professional Education, reflects a nationwide trend in continuing higher education's evolving role in workforce, professional development and higher education.

College of Continuing and Professional Education (CCPE) is one of the eight academic colleges and the self-support community outreach division of the university. The college provides additional access to CSULB's exceptional academic programs and educational resources by offering over 550 credit and professional development (non-credit) programs every semester. The programs, which include graduate and undergraduate degrees and certificates, are designed to meet the personal and professional development needs of more than 16,000 individuals each year. CCPE identifies and addresses the educational and training needs most relevant to its customers. Its capabilities extend internationally.

The Difference – Access and Opportunity

College of Continuing and Professional Education is different from CSULB's other academic colleges because it is interdisciplinary, and not limited to one specific subject area, such as arts or science. CCPE provides a variety of ways to bring people to the university, and to bring the university and its programs to the people, through the innovative delivery of many different types of courses and programs across diverse subject areas. CCPE's unique position as both an academic college and a community outreach entity means that partnerships and collaboration - with the university, businesses, organizations, and community leadership - are an integral part of its operation. Fostering collaborative academic initiatives, both credit and professional development (non-credit) programs have always been one of the highest priorities of the CCPE administrative leadership.

CCPE programs do not receive state funding and are supported entirely by student fees.

The CCPE Mission Statement

With a new mission to "help individuals and organizations reach their highest potential" we are committed to become the premier choice for continuing higher education both locally and globally.

College of Continuing Professional Education (CCPE) programs are major vehicles by which the university fulfills its responsibility to meet the lifelong personal and professional development learning needs of citizens, industries, and institutions within the region and beyond. Through its degree and certificate programs, credit and non-credit classes, seminars and special programs, distance delivered instruction, and customized on-site-training, CCPE brings the resources of CSULB to individuals and groups at times, locations, and in formats convenient to their diverse lifestyle.

At CCPE we value providing access and opportunity, innovation, pursuit of excellence, integrity, quality customer service, collaboration, and diversity. Our strategic priorities for the next few years are as follows:

- Work in collaboration with colleges across the university, develop and offer a minimum of five new undergraduate and graduate degree programs that respond to market needs.
- Identify programs to be offered fully online or through a hybrid approach. Develop and market these to national and international audiences.
- Emphasize continuous improvement of our existing Special Sessions degree, certificate, professional, and workforce development programs.
- Build on the excellent reputation and accomplishment of CITT, METTRANS, and CSULB. Leverage our close proximity to the nation's largest port complex to create opportunities for program growth worldwide.
- Expand our diverse educational programs across the globe.
- Identify sources of external funding and pursue the most viable opportunities.

Through its work, CCPE advances the mission of Extended Education in the CSU system outlined by its Commission on the Extended University:

- Meeting California's economic and workforce development needs
- Increasing access to educational opportunities by serving broader constituencies
- Developing alternative instructional delivery systems
- Creatively developing new programs
- Providing personal and lifelong learning opportunities
- Generating new resources for the CSU system
- Supporting international educational experiences

Programs

CCPE maintains a customer-focused market-driven approach to develop and deliver its programs. As a result, the programs may change often to adapt to the training and

educational needs of the marketplace. CCPE offers both credit programs and professional development (non-credit), in many different subject areas. Whether the program is academic credit-bearing or not, CCPE strives to provide the following features in every program:

- Quality curriculum
- Innovative and thoughtfully designed formats
- Convenient days/times
- Affordable fees and payment plan options
- Fast, easy registration

In addition, CCPE provides companies, organizations, and government agencies with customized professional development programs for employees at their work site or at CSULB.

For a catalog of the latest comprehensive programs listings and descriptions, call the CCPE Customer Service Center 800/963-2250 or visit the website <http://www.CCPE.csulb.edu>

Following is just a sampling of the many types of programs offered by CCPE.

Degrees Offered

Degree programs offered by CCPE are in partnership with other CSULB colleges.

- Master of Arts in Communicative Disorders
- Master of Arts in Dance
- Master of Arts in Global Logistics
- Master of Arts in Kinesiology,
Option: Sport Management
- Master of Arts in Kinesiology, Option: Pedagogy
- Master of Business Administration
(Fully Employed MBA for Working Adults)
- Master of Business Administration (Accelerated)
- Master of Public Administration
- Master of Science in Criminal Justice
- Master of Science Emergency Services Administration
- Master of Science in Health Care Administration
(Accelerated)
- Master of Social Work
- Post-Masters Nurse Practitioner Certificate

Credit Certificates Offered

- Advanced Manufacturing Technology
- Communicative Disorders

Professional Development Certificate Programs Offered

- Green and Sustainable Building
- Lean Management
- Human Resources Management
- Professional Meeting and Events Planning
- Basic Applied Forensic Science and Crime Analysis
- Engineering and Architectural AutoCAD
- Geographic Information Systems
- IT Project Management
- Oracle Internet Applications Developer Specialist

Professional Designation Programs and Industry-Specific Exam Prep Programs

- Global Logistics Specialist
- The SHRM Learning System (PHR/SPHR exam prep)
- Marine Terminal Operations Professional

On-line Programs

- Accounting Fundamentals
- Finance
- Project Management Fundamentals
- Managing Technical Professionals
- Fundamentals of Supervision Management
- Business Administration
- Database Management
- Grant Writing and Non-Profit Management
- Career and Personal Enrichment
- Languages
- Writing for the Screens

Major Program Divisions and Areas

The Academic Programs Office

The major activity of the Academic Programs Office is to work with all Colleges and academic departments within the university to develop special session degree and certificate programs. These degree programs are developed based on market research data analysis and identified needs in various professional disciplines. In doing this, we are able to extend the outstanding academic resources of the university to public and private sectors as well as the non-profit organizations.

The American Language Institute (ALI)

The American Language Institute brings hundreds of international students to campus each year. The Institute provides English as a Second Language instruction to international students most of whom are seeking admission to CSULB and other colleges and universities. ALI offerings include long-term and short-term programs, and credit and non-credit courses. Programs offered through ALI include the Intensive English Program, a non-credit program offered year-round, in which students are in class up to 25 hours per week. Through the University Study at the Beach (USB) program, ALI also brings students from foreign universities to CSULB for up to a year of study. ALI also offers a Teaching English as a Foreign Language (TEFL) training program.

The Center for International Trade and Transportation (CITT)

The Center for International Trade and Transportation (CITT), a major programming division of The College of Continuing and Professional Education, is a multidisciplinary center for multifunctional transportation studies and integrated logistics research, education, training, policy analysis, and community outreach. In collaboration with the University of Southern California, CITT is a major partner in the METRANS Transportation Center which is a U.S. Department of Transportation designated University Transportation Center. CITT offers the Master of Arts Degree in Global Logistics and the highly acclaimed Global Logistics Specialist (GLS) certificate program.

The Advanced Media Production Center (AMP)

The Advanced Media Production Center (AMP) at the College of Continuing and Professional Education is a full service, award winning video and digital media production facility. The center provides the campus, community, and businesses with a wide variety of professional, award winning media production services in support of educational and promotional needs.

AMP services include consultation, planning, design, development and implementation of media projects in video production, web service and support, computer graphics, and animation. The AMP Center also operates and programs Beach TV, the university's cable television channel.

International Training Programs

The International Training Programs office was established to address the growing needs of international audiences, especially from Asian countries, for academic and professional programs. Programs are customized to meet the needs of the customer and may include one day workshops to two-three week sessions or several month long training programs. Programs may also include cohort based full credit degree programs. For more information, please contact Heidi Zhang, Program Manager, at (562) 985-4060.

Open University

Through Open University, students who are not matriculated at CSULB may take regular university classes during spring or fall semesters for academic credit on a "space available" basis with permission of the department chair and the course instructor. Open University enrollment does not constitute admission to CSULB. For more information, contact the CCPE Customer Service Center at (562) 985-5561.

Winter Session, May Intersession and Summer Sessions

These sessions are open to all matriculated CSULB students as well as non-matriculated students such as prospective students, students from other colleges and universities, and interested individuals in the community. No application or admission process is required for registration. Enrolling in any of these sessions does not constitute admission to CSULB. For more information, contact the CCPE Customer Service Center at (562) 985-5561.

Short-Term Study Abroad

This program is managed by CCPE in cooperation with the Center for International Education. This program promotes a global learning community by offering a full range of short-term programs that foster student success, global perspectives, and intercultural awareness. All short-term study abroad programs are led by CSULB faculty. Most courses are open to all majors, students from other universities, as well as CSULB faculty, staff and members of the community on a space available basis. For more information, contact the CCPE Customer Service Center at (562) 985-5561.

Centers/Consortiums

- Center for International Trade and Transportation (CITT)
- Southern California Process Improvement Network (SPIN)

College Facilities

- Full service video and multimedia production facility located on campus, including a 2200 square-foot studio, featuring the leading computer animation software
- Computer labs both on and off campus
- Executive conference and training rooms

Continuing Education Units

Continuing Education Units (CEUs) are a permanent record of attendance in professional development (non-credit) programs. They are provided by The American Council on Education (ACE) and administered through CCPE. CEUs can enhance ones resume and provide another opportunity to showcase a commitment to professional development. CEUs for specific professions are also available.

CRIMINAL JUSTICE

College of Health and Human Services

Department Chair: Henry F. Fradella

Department Office: Social Science Public Affairs Bldg. (SS/PA),
Room 258
Telephone: (562) 985-4738

Faculty: Ryan G. Fischer, Henry F. Fradella, Judy Hails, Connie Ireland, Aili Malm, Harvey N. Morley, Lisa Murphy, Dina Perrone Robert Schug, Tracy Tolbert, Sam Torres, Brenda Vogel, John Wang

Undergraduate Advisor: Aili Malm

Graduate Advisor: Connie Ireland

Internship Coordinator: Harvey N. Morley

Office Manager: Durrell Dew

CAREER OPTIONS

Police Officer • Probation Officer • Claims Representative • Private Investigator • Customs Agent • Special Agent FBI • Health & Safety Inspector • Criminologist • Game Warden • Park Ranger • Alcohol-Tobacco-Firearms Agent • Correctional Officer • Paralegal • Immigration Inspector • Intelligence Analyst-CIA • Parole Officer • Teacher • Prison Administrator • Lawyer • Credit Investigator • Border Patrol Agent (Some of these careers require additional education or experience.) Various entry-level trainee positions in business and industry are available for graduates regardless of academic discipline.

Introduction

The department works collaboratively to investigate, understand, and solve social problems related to crime through the interdisciplinary and comparative study of crime and criminal behavior, as well as the policies and systems designed to control criminality. Graduates are well-prepared to become agents of positive change in the justice system through evaluation, research, ethical practice, and dedicated service. Graduates are also prepared to pursue advanced degrees in criminology/criminal justice, law, public affairs, and related graduate fields.

UNDERGRADUATE PROGRAMS

Bachelor of Science in Criminal Justice (code CRIMBS01) (120 units)

This program is designed to accommodate the needs of new college students, continuing students, transferring students, and experienced criminal justice practitioner. We offer sufficient courses in the evenings for students to graduate with this degree without taking daytime classes.

Students intending to transfer from community colleges to this University are advised to complete general education requirements while attending the community college. Courses equivalent to CRJU 101 and lower-division cognate courses (SOC 100, PSY 100, POSC 100 and PHIL 170), should be taken while attending community college. Other criminal justice courses taken at community colleges will

be accepted as lower-division electives provided the college where they were taken designated them as transferable to CSU. These courses cannot be substituted for upper-division criminal justice courses.

Admission Under Impaction to the Bachelor of Science in Criminal Justice

To be eligible for admission to the major in Criminal Justice, applicants must have met requirements for admission to the university as a freshman or transfer student. Additionally, applicants must have completed 30 units applicable toward a CSULB degree. Of these 30 units, the following requirements must be completed with a grade of "C" or higher prior to the term for which the application is submitted: (1) SOC 100 or transfer equivalent; (2) PSY 100 or transfer equivalent; (3) POSC 100 or transfer equivalent; (4) PHIL 170 or transfer equivalent, and (5) CRJU 101 or transfer equivalent. Students who began their university studies as freshmen at CSULB must also have completed CRJU 110 with a grade of "C" or better; transfer students who have not completed an equivalent course must complete CRJU 110 in their first semester in residency at CSULB. Eligible applicants will be admitted for available spaces based on cumulative grade-point average (but with a minimum of 3.1).

Requirements

1. Major Courses: Take 46 units of criminal justice as follows:
 - A. Take 34 units of the following core courses:
 - CRJU 101 The Criminal Justice System in Society (3)
 - CRJU 110 Introduction to Justice Research, Writing, and Reasoning (3)
 - CRJU 301 Criminal Courts and Judicial Processes (3)
 - CRJU 302 Policing (3)
 - CRJU 303 Corrections: Theory, Policy, Practice Corrections (3)
 - CRJU 304 Criminological Theory (3)
 - CRJU 320 Criminal Justice Research Methods (3)
 - CRJU 325 Statistics for Criminal Justice (4)
 - CRJU 330 Criminal Justice Ethics, Values & Diversity (3)
 - CRJU 340 Substantive Criminal Law (3)
 - CRJU 350 Constitutional Criminal Procedure (3)
 - B. Take 3 units of the following restricted options courses:
 - CRJU 401, 402, 403, 404, 406, 407, or approved 490 special topic.
 - C. Take 3 units of any upper-division elective criminal justice course (i.e., course not in core or restricted options), or
 - EMER 405 Campus and Community Volunteer Emergency Response (3)
 - D. Take 6 units of integrative experience in one of the following three ways (note that options 2 and 3 require permission of a sponsoring faculty member):
 1. CRJU 492 Internship (6); or
 2. CRJU 497 Independent Study/Directed Research (3) and any 400-level CRJU elective; or
 3. CRJU 497 Independent Study/Directed Research (3) and CRJU 498 Thesis (3)

Each core or restricted option courses on the student's program planner must be completed with a grade of "C" or better. In addition, a course which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite. A student receiving a grade lower than a "C" may proceed with other courses with approval of department advisor or chair.

2. Cognate Courses: Take 6 courses in related disciplines (these satisfy CSULB General Education requirements) from the following:

PHIL 170 Critical Reasoning (3)

POSC 100 Introduction to American Government (3)

PSY 100 General Psychology (3)

PSY 370 Abnormal Psychology (3)

SOC 100 Principles of Sociology (3)

and

PHIL 352I Philosophy of Law (3)

or

PHIL 451I Liberty and Justice: Race, Ethnicity & Gender in American Law (3)

Minor in Criminal Justice (code CRIMUM01)

Requirements

The minor requires a minimum of 21 units as follows:

1. Take 18 units of the following core classes:

CRJU 101 The Criminal Justice System in Society (3)

CRJU 110 Intro to Justice Research, Writing & Reasoning (3)

CRJU 301 Criminal Courts and Judicial Processes (3)

CRJU 302 Policing (3)

CRJU 303 Theory, Policy, Practice Corrections (3)

CRJU 304 Criminological Theory (3)

2. Take 3 units of one of the following:

CRJU 340 Substantive Criminal Law (3)

CRJU 350 Constitutional Criminal Procedure (3)

All courses in the criminal justice minor must be taken for a letter grade only (A-F) and must be successfully completed with a grade of "C" or higher. CRJU 101 and CRJU 110 are prerequisites for all core courses at the 300-level. All 300-level courses must be taken in residence at CSULB and, therefore, may not be transferred in from other colleges or universities.

Admission to the Minor

The minor in criminal justice is available to any non-criminal justice major. Students who would like to declare and/or change to criminal justice as their minor must have an overall G.P.A. of 2.0 and be enrolled in or have completed CRJU 101 or an equivalent course at another college or university. Alternative admission requirements may apply during times when the department is impacted.

Minor in Forensic Studies (code CRIMUM02)

This minor provides students with an understanding of the nature of criminal evidence and an appreciation of how forensic investigative methods are used in quest for justice. It is particularly useful for students majoring in engineering, the natural sciences, the social sciences, art, and various human services disciplines. The minor may be combined any major at CSULB, although criminal justice majors may not "double count" CRJU 230, 412, 430, 440, 441, 442, 443, 490, or 492 for credit towards their major elective courses and the minor in forensic studies.

Requirements

The minor in forensic studies requires completion of a minimum of twenty-seven (27) units as follows:

1. Completion of six (6) units of the following required prerequisite courses with grades of "C" or higher:
CRJU 101 Introduction to Criminal Justice in Society (3)
CRJU 110 Introduction to Justice Research, Writing, and Reasoning (3)
2. Completion of fifteen (15) units of the following required core classes:
CRJU 230 Survey of the Forensic Sciences (3)
CRJU 301 Criminal Courts and Judicial Processes (3)
CRJU 350 Constitutional Criminal Procedure (3)
CRJU 412 Criminal Investigation (3)
CRJU 440 Criminalistics: Forensic Science in the Crime Laboratory (3)
3. Completion of six (6) units of forensic electives from the following options: CRJU 430, 441, 442, 443, 490, 492 or any approved applied forensics courses offered in a related discipline.

Each course in the minor must be completed with a grade of "C" or better. In addition, a course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in a course for which it is a prerequisite.

Students who would like to declare the minor in forensic studies must have completed the two prerequisite courses (CRJU 100, 110) and have an overall G.P.A. of 2.5. Alternative admission requirements may apply during times when the department is impacted.

GRADUATE PROGRAMS

Master of Science in Criminal Justice (code CRIMMS01)

Graduate study in criminal justice provides the requisite knowledge and opportunity for individuals to (1) be competitive for administrative positions in the courts, corrections, law enforcement, security, probation and parole; (2) fill research positions in criminal justice agencies; (3) pursue advanced degrees (J.D. or Ph.D.); and (4) fill community college teaching positions in criminal justice.

The Master of Science degree in criminal justice will expand and increase individual competency, develop and mature thought processes, aid in gaining insights into professional leadership and knowledge, permit an exchange between students and faculty, and further the spirit of research and scholarship to enhance professional and personal development.

Admission

Students seeking admission to the Department of Criminal Justice Graduate Program should have an undergraduate degree and a desire for graduate study. Applicants must apply for admission to the Criminal Justice Department in addition to being admitted by Enrollment Services. Students must be accepted for admission by the Department before their program for a master's degree can be formulated. Students are not allowed to take graduate

course work in criminal justice before being accepted to the program. The following items must be submitted:

1. Two copies of the CSULB graduate application. The original must be sent to Enrollment Services and a copy must be sent to the Department of Criminal Justice.
2. Official test scores on the Graduate Record Exam (GRE) General Test. While no specific cut-off scores are required on either the verbal or the quantitative sections, applicants must score a "4" or higher on the analytic writing section of the GRE.
3. Official transcripts of all undergraduate course work, including work done at all community colleges attended. Each applicant must request that official transcripts be sent to both the Graduate Advisor in the Criminal Justice Department and Enrollment Services.
4. A résumé and a letter of intent that includes a summary of the applicant's reasons for seek a master's degree in criminal justice. Both documents must be sent to the Department's Graduate Advisor.
5. Three letters of recommendation from persons able to testify to the student's academic ability, preferably from former professors. These letters must be sent to the Department of Criminal Justice Graduate Advisor.

Prerequisites

1. A bachelor's degree with a major or minor in criminal justice or a related discipline. The acceptability of other undergraduate preparation shall be determined by the Department Graduate Committee;
2. A student must have an overall undergraduate average (GPA) and average in their major of 3.0 or better. A student whose overall grade point average is less than 3.0, but who presents acceptable evidence of professional potential either through recent academic performance and/or experiential background, may be admitted by special action of the Department's Graduate Committee.

Advancement to Candidacy

1. Students must satisfy the general University requirements for advancement to candidacy, as specified in this catalogue.
2. Before advancing to candidacy, students must successfully complete 15 graduate units within the core (CRJU 504, 520, 525, 530, and PPA 500) with a minimum grade of "B" in each of the courses.
3. Before advancing to candidacy, students must have fulfilled the Graduation Writing Assessment Requirement (GWAR) and have successfully passed the departmental qualifying examination.
4. Each student's graduate program must be approved by the Department Graduate Advisor, the Department Chair, and the Associate Dean of the College of Health and Human Services.

Requirements

1. Take 18 units of the following core courses:
CRJU 504 Criminological Theory (3)
CRJU 520 Adv Criminal Justice Research Methods (3)
CRJU 525 Advanced Statistics for Criminal Justice (3)
CRJU 530 Criminal Justice Ethics, Values, and Diversity (3)
CRJU 551 Proseminar in Criminology & Criminal Justice (3)
PPA 500 Foundations of Public Policy & Administration (3)

2. Successful passage of the departmental qualifying examination testing graduate-level competency in statistics, research methods, and criminological theory.
3. Take 18 additional graduate units in one of two ways:
 - A. Thesis Option:
Take 12 units of advisor-approved electives and the following courses:
CRJU 694 Thesis I (3)
CRJU 698 Thesis II (3)
 - B. Comprehensive Examination Option:
Take 18 units of advisor-approved electives and successful completion of the comprehensive master's essay examination in either policing, corrections, law and social control, or other authorized subject area.

Note: Masters students who were admitted under a prior catalog year need to complete the course requirements specified in the catalog in effect at the time they advance to candidacy. All graduate students have the option of taking comprehensive examinations even if such exams were not listed as an option in the catalog at the time the student matriculated.

In addition to the core classes, take 12 units of electives selected in consultation with graduate advisor. A maximum of 6 units may be taken from 300 or 400-level courses in Criminal Justice. Up to 6 units of graduate work may be transferred from another accredited university or another department in CSULB. Transfer credit must be a "B" or better. All students must earn a grade of "A" or "B" for each required course. Students may not have more than 6 units of "C" grades apply toward the master's degree. Advancement to candidacy is necessary before Thesis I, Thesis II, or comprehensive exams can be taken.

Thesis

The thesis is a supervised experience in the application of theory and analytical tools to an issue in criminology or criminal justice. The thesis should prepare students for further graduate work or research in the field. The project should provide an experience that is directly applicable to an occupation in the criminal justice field.

The thesis is a written product of the systematic study of a significant problem. It clearly identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendations. The finished product evidences originality, critical and independent thinking, appropriate organization and format, and thorough documentation. The coursework is supervised by a committee of three, including the Thesis Chair, who must be a full-time tenure-track or tenured faculty member in the Criminal Justice Department and two other faculty members.

Courses (CRJU)

LOWER DIVISION

101. The Criminal Justice System in Society (3)

Prerequisites/Corequisites: One GE Foundation Course (may be taken concurrently).

Introduction to the study of criminal justice in American society. Focuses on the history, philosophy, functions, roles, policies, practices, and ethics of the institutions of social control within the criminal justice system, especially police, courts, and correctional personnel.

Letter grade only (A-F). Not open for credit to students with credit in CRIM 101.

110. Introduction to Justice Research, Writing, and Reasoning (3)

Prerequisites/Corequisites: ENGL 100.

Develops the skills needed to conduct and properly cite library and electronic research for social scientific and legal sources; and use them to make persuasive oral presentations and write papers, case briefs, and reports commonly used in the justice professions.

Letter grade only (A-F).

210. Gangs: Structure, Activities, and Responses (3)

An interdisciplinary examination of the factors that contribute to gang formation and membership; the structure and function of gangs; gang activities (including crime); and the various policy and programmatic responses to gangs.

Letter grade only (A-F).

220. Terrorism and the Criminal Justice System (3)

A video and text-based exploration of the origins and reasons for terrorist activity and their effect on select criminal justice agencies in the U.S. and around the world.

Letter grade only (A-F).

230. Survey of the Forensic Sciences (3)

The application of scientific principles to criminal investigations and trials, focusing on crime scene analysis and recording; analytical methods of criminalistics; significance of results; and the specialized roles of criminalists and forensic biology, chemistry, ballistics, medicine, dentistry, anthropology, and psychology.

290. Special Topics in the Criminal Justice System (3)

Introductory courses of current interest in the field of criminal justice selected for intensive development.

Topics are announced in the *Schedule of Classes*. May be repeated for a maximum of 9 units with different topics in different semesters.

Upper Division

301. Criminal Courts and Judicial Processes (3)

Prerequisite/Corequisites: CRJU 101 and 110 (may be taken concurrently).

Examines the structure and operation of the criminal court systems of the U.S. at the local, state, and federal levels, including their respective jurisdictions. Emphasizes pretrial and adjudication processes and the organizational roles and behaviors within the court system.

Not open for credit to students with credit in CRIM 351. Letter grade only (A-F).

302. Policing (3)

Prerequisites: CRJU 101 and 110 (may be taken concurrently).

The historical evolution of policing as an institution of social control with emphasis placed on the contemporary roles of police officers, including patrol strategies, training procedures, ethical standards, and discretion. Considers under-represented groups in policing and corruption in police agencies.

Not open for credit to students with credit in CRIM 483. Letter grade only (A-F).

303. Corrections: Theory, Policy and Practice Corrections (3)

Prerequisites: CRJU 101 and 110 (may be taken concurrently).

Historical and philosophical reactions to law violators. Overview of institutional and community corrections. Examination of differing penal institutions. Evaluation of rehabilitation as crime control strategy. Alternatives to incarceration will be explored as criminal sanctions.

Not open for credit to students with credit in CRIM 468. Letter grade only (A-F). Field trips may be required.

304. Criminological Theory (3)

Prerequisite: CRJU 101 and 110.

Exploration of theories of crime and crime control policies. Political, social, and economic contexts are used to explore the ecology of

criminal behavior. Criminological theories are traced through history by focusing on connections to biology, psychology, and sociology.

Not open for credit to students with credit in CRIM 404. Letter grade only (A-F).

320. Criminal Justice Research Methods (3)

Prerequisites: CRJU 101, 110, and 304 (may be taken concurrently).

An introduction to basic techniques in criminal justice research, including report writing, components of research design models, sampling techniques, data collection techniques, questionnaire construction, interview techniques, and participant observation. Focus on bridging the gaps between theory, research, and justice policy.

Not open for credit to students with credit in CRIM 480. Letter grade only (A-F).

325. Statistics for Criminal Justice (4)

Prerequisite: CRJU 101, 110 and 320.

Descriptive and inferential statistics covering univariate, bivariate, and multivariate statistical techniques. Focus on probability theory, significance testing, inferential statistics used for quantitative data analysis by criminal justice researchers and administrators. Includes laboratory using statistical software packages.

Letter grade only (A-F). (Lecture 3 hours, laboratory workshop 1 hour.)

330. Criminal Justice Ethics, Values, and Diversity (3)

Prerequisites: CRJU 302 and 303.

Identifies and explores ethics and values in the criminal justices system, paying special attention to issues of social inequality. Discusses remedial strategies and behavior relating to unethical behavior from an individual and group perspective.

Not open for credit to students with credit in CRIM 305. Letter grade only (A-F).

340. Substantive Criminal Law (3)

Prerequisites: CRJU 101, 110, and 301.

Analysis of the historical development of criminal law and the underlying principles used to interpret it. Focuses on statutory construction and case law deconstruction of the elements and defenses to major crimes, and the public policy implications of these interpretations.

Letter grade only (A-F).

350. Constitutional Criminal Procedure (3)

Prerequisites: CRJU 101, 110, and 301.

A study of criminal procedures mandated by the U.S. Constitution emphasizing searches and seizures under the Fourth Amendment; interrogations and confessions under the Fifth Amendment; the Sixth Amendment right to counsel; and due process under the Fourteenth Amendment.

Not open for credit to students with credit in CRIM 451. Letter grade only (A-F).

401. Victimology (3)

Prerequisites: CRJU 101, 110, and 304.

Advances an ecological approach to the study of victimology. Theories and history shaping the bio-psycho-social and environmental characteristics of crime and violent victimization are examined with emphasis on their intersection with issues of race, gender, class, ethnicity, and sexual orientation.

Not open for credit to students with credit in CRIM 373.

402. Crime and Inequality (3)

Prerequisites: CRJU 301 and 304.

Explores variability in the perpetration, apprehension, prosecution, and punishment of crime, as well as criminal victimization, by race, class, gender, ethnicity, and sexual orientation. Focuses on patterns of over-representation and critically evaluates the major explanations for this phenomenon.

403. Comparative Criminal Justice and Transnational Crimes (3)

Prerequisites: CRJU 101, 110, and 304.

An examination of criminal justice systems around the world and related transnational crime issues. Political, social, and economic environments are studied in relation to varying criminological practices. Includes the role of international law, international criminal courts, the UN, and Interpol.

Not open for credit to students with credit in CRIM 484

404. Terrorism, Homeland Security, and Criminal Justice (3)

Prerequisites: CRJU 101, 110, and 304.

Set against the background of our global community, an examination of the relationship between the historical and contemporary motivations and goals of terrorism, United States Homeland Security and select aspects of the United States criminal justice systems.

Letter grade only (A-F).

406. Delinquency and the Juvenile Justice System (3)

Prerequisite: CRJU 101, 110, and 304.

Theoretical foundations of delinquency causation. Historical tracing of the American juvenile justice system including the juvenile court and its jurisdiction. Police interaction with juveniles; treatment and correctional strategies for young offenders. Examination of prevention and treatment approaches.

Not open for credit to students with credit in CRIM 487. Letter grade only (A-F).

407. White Collar Crime (3)

Prerequisites: CRJU 101, 110, 304.

Discuss and explain the various types of white-collar crimes and the damage white-collar crime inflicts upon individual victims, society, institutions, and culture. Research current trends in white collar crime, especially those concerning consumer product frauds and fraudulent business opportunities.

410. Police Administration (3)

Prerequisites: CRJU 302 and 330.

An organizational management and systems approach to the study of police administration. Emphasizes the administration of various police functions, organizational structures, resources management, operational techniques, professional ethics, and leadership principles and their implications for generalized and specialized units.

Not open for credit to students with credit in CRIM 325.

412. Criminal Investigation (3)

Prerequisites: CRJU 101, 110, and 302.

Study of basic principles of criminal investigation. Analysis of investigative techniques; patterns and modus operandi; interviewing and interrogation strategies; collection and management of evidence; surveillance; and crime scene investigation. Theories, philosophies, and concepts related to suppression of crime are covered.

Not open for credit to students with credit in CRIM 361. Letter grade only (A-F).

420. Legal Aspects of Corrections (3)

Prerequisites: CRJU 101, 110, and 303.

An overview of court decisions related to corrections. Study of current legal issues and their impact on correctional policies and procedures.

Not open for credit to students with credit in CRIM 356.

421. Probation, Parole and Community Corrections (3)

Prerequisites: CRJU 101, 110 and 303.

Focus is on probation, parole and other intermediate sanctions and community treatment options. Each is examined from both

punishment and treatment model perspectives. The pre-sentence investigation (PSI) will be analyzed. Supervision of offender in community and revocation will be discussed.

Not open for credit to students with credit in CRIM 470. Field trips may be required.

422. Correctional Counseling (3)

Prerequisites: CRJU 101, 110, 303

Techniques of counseling strategies utilized by correctional workers, including reality therapy, behavior modification, group counseling, and 12-step programs. Evaluation of the effectiveness of correctional treatment with emphasis on treatment of substance abuse, mental illness, sex offenders, and female offenders.

423. Correctional Environments (3)

Prerequisites: CRJU 101, 110, and 303.

An introduction to American penology through six all-day field trips to city, county, state, and federal correctional facilities. Includes observations of juvenile court proceedings and visits to county juvenile halls, a juvenile treatment facility, and a state youthful offender institution.

Not open for credit to students with credit in CRIM 369. Letter grade only (A-F). Special start dates and end dates apply. Full-day field trips are required. Course fee may be required.

430. Criminal Evidence and Trials (3)

Prerequisites: CRJU 301, 340, 350; and consent of Instructor.

Using a mock-trial approach, an in-depth study of procedural, evidentiary, tactical, and ethical problems experienced by lawyers, witnesses, and defendants. Emphasis on the rules of evidence and expert testimony as it relates to policing and the forensic sciences.

440. Criminalistics: Forensic Science in the Crime Laboratory (3)

Prerequisite: CRJU 230 or consent of the instructor.

Overview of general principles of forensic science, techniques, equipment, and methodologies as used in crime laboratories. Focus on fingerprint and firearm identification, trace evidence (hair, fiber, paint, glass), blood, DNA evidence, forensic document examination, crime scene kits, and forensic microscopy.

Not open for credit to students with credit in CRIM 462. Letter grade only (A-F).

441. Investigating High-Tech Crimes (3)

Prerequisite: CRJU 230 or consent of the instructor.

Overview of general classification, devices, microscopy, and methodologies in investigating high-tech crimes. Focuses on counterfeiting and fraud related to U.S. currency, credit card, checks, driver's licenses, social security cards, DVS/CD, cable TV box/satellite TV cards, and computer-based "cybercrimes."

Not open for credit to students with credit in CRIM 463. Letter grade only (A-F).

442. Forensic Psychology and the Criminal Justice System (3)

Prerequisites: CRJU 301.

An interdisciplinary examination of the relationship between psychiatry, clinical psychology, and the criminal justice system with regard to mentally-ill criminal offenders. Focus is on the legal standards for determining various criminal competencies, insanity, diminished capacity, and related defenses of excuse.

443. Forensic Pathology and the Medical-Legal Investigation of Death (3)

Prerequisite: CRJU 230 or consent of the instructor.

A multimedia examination of the medico-legal investigation of death. Focuses on thanatology and thanato-etiology of unexpected natural deaths, accidental deaths, suicides, and homicides. Special attention to deaths by gunshot wound, sharp force injury, blunt force trauma, asphyxiation, and electrocution.

Letter grade only (A-F). Field trips may be required.

450. Domestic Violence and the Criminal Justice System (3)

Prerequisites: CRJ 101, 110, 301, 302, and 304

Domestic violence is studied as a phenomenon that impacts the criminal justice system. Spousal/intimate partner abuse, child abuse, and elder abuse are studied from a multidisciplinary perspective. Strategies for criminal justice personnel handling these cases are stressed.

Not open for credit to students with credit in CRIM 492.

460. Substance Abuse and the Criminal Justice System (3)

Prerequisites: CRJU 101, 110, and 304.

Biological, psychological, and social factors in alcohol and drug use, abuse and addiction. Legal and social elements of substance abuse and their relationship to criminal justice system. Characteristics of controlled substances; categories of drug offenses; and investigation of drug cases.

Not open for credit to students with credit in CRIM 459.

490. Advanced, Specialized Topics in Criminology and Criminal Justice (3)

Prerequisites: Completion of 300-level core courses or consent of instructor.

Advanced and specialized topics of current interest in the field of criminal justice selected for intensive development. Topics are announced in the *Schedule of Classes*.

May be repeated to a maximum of 9 units with different topics in the same semester.

492. Internship (6)

Prerequisites: (1) Departmental Consent; and (2) Completion of 300-level Core (CRJU 301, 302, 303, 304, 320, 325, 330, 340, and 350) or consent of instructor.

Supervised work experience in a criminal justice agency.

Letter grade only (A-F). Not open for credit to students employed in criminal justice agencies.

493. Professional Development for Criminal Justicians (3)

Prerequisites/Corequisites: Consent of the Instructor.

A structured work class to facilitate career development in the justice professions, including those in academia. Includes practical instruction on job application strategies (i.e., job searching; writing cover and inquiry letters; résumé preparation) and successful interviewing techniques.

Credit/No Credit grading only.

497. Directed Research or Independent Study (1-4)

Prerequisites: Consent of instructor.

For students who wish to learn about a topic related to criminology, criminal justice, or forensics in great detail through independent reading and writing assigned by a faculty member.

May be repeated to a maximum of 9 units.

498. Senior Thesis (3)

Prerequisites/Corequisites: Completion of 300-level core courses, a minimum 3.0 grade point average and consent of instructor.

For students who wish to engage in intensive guided research and write a thesis under the direction of a panel of three faculty members. Highly recommended for students who plan to pursue graduate or law school.

May be repeated for a maximum of 6 units with the same topic.

GRADUATE LEVEL

504. Criminological Theory (3)

Prerequisite: Restricted to criminal justice masters students; all other students must have consent from the Graduate Advisor.

Exploration of theories and policy implication of crime. Political, social, and economic context will be used to explore the ecology of criminal behavior. Underpinnings of criminological theory are traced through history by focusing on connection to biology, psychology, and sociology.

Not open for credit to students with credit in CRIM 581. Letter grade only (A-F).

520. Advanced Criminal Justice Research Methods (3)

Prerequisites: CRJU 320 and 325 or comparable undergraduate research methods and statistics courses approved by the Graduate Advisor. Restricted to Criminal Justice masters students; all other students must have consent from Graduate Advisor.

An in-depth exploration of the scientific methods used in criminology and criminal justice research, including research design and both quantitative and qualitative research methodologies. Special attention is paid to the ethics of human subjects research.

Not open for credit to students with credit in CRIM 583. Letter grade only (A-F).

525. Advanced Statistics for Criminal Justice (3)

Prerequisite: CRJU 320 and 325 or comparable undergraduate research methods and statistics courses approved by the Graduate Advisor. Restricted to Criminal Justice masters students; all other students must have consent from Graduate Advisor.

Nonparametric, bivariate, and multivariate inferential statistics that are used for quantitative data analysis by criminal justice researchers and practitioners.

Not open for credit to students with credit in CRIM 582. Letter grade only (A-F).

530. Criminal Justice Ethics, Values, and Diversity (3)

Prerequisites: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

Identifies and explores ethics and values in the criminal justices system, paying special attention to issues of social inequality. Discusses remedial strategies and behavior relating to unethical behavior from an individual and group perspective.

Not open for credit to students with credit in CRIM 512. Letter grade only (A-F).

551. Proseminar in Criminology and Criminal Justice (3)

Prerequisite: CRJU 504. Restricted to Criminal Justice master's students; all other students must have consent from Graduate Advisor.

Critical analysis and comparative review of a wide array of professional literature in criminology and criminal justice. Focuses on both classic and contemporary literature related to the philosophical, social, political, and legal issues affecting the American criminal justice system.

Not open for credit to students with credit in CRIM 584. Letter grade only (A-F).

604. Terrorism, Homeland Security, and Criminal Justice (3)

Prerequisites: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

Set against the background of our global community, an examination of the relationship between the historical and contemporary motivations and goals of terrorism, United States Homeland Security and select aspects of the United States criminal justice systems.

Letter grade only (A-F).

621. Administration and Management of Criminal Justice Organizations (3)

Prerequisites: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

Introduction to the management of criminal justice agencies in the U.S. Examines the purposes, goals, and functions of administrative principles from a multidisciplinary systems perspective to develop both a theoretical and practical understanding of criminal justice leadership and management.

Not open for credit to students with credit in CRIM 621. Letter grade only (A-F).

631. Legal Issues in Criminal Justice (3)

Prerequisites: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

Analysis of current and controversial legal issues in the criminal justice system focusing on controversial decisions of the U.S. Supreme Court.

Not open for credit to students with credit in CRIM 551. Letter grade only (A-F).

640. Criminalistics: Forensic Science in the Crime Laboratory (3)

Prerequisite: Restricted to criminal justice masters students only; all others require consent of the Graduate Advisor.

Overview of general principles of forensic science, techniques, equipment, and methodologies as used in crime laboratories. Focus on fingerprint and firearm identification, trace evidence (hair, fiber, paint, glass), blood, DNA evidence, forensic document examination, crime scene kits, and forensic microscopy.

Not open for credit to students with credit in CRIM 562. Letter grade only (A-F). Undergraduate students register for CRJU 440; graduate students for CRJU 640.

641. Investigating High-Tech Crimes (3)

Prerequisite: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

Overview of general classification, devices, microscopy, and methodologies in

investigating high-tech crimes. Focuses on counterfeiting and fraud related to U.S. currency, credit card, checks, driver's licenses, social security cards, DVS/CD, cable TV box/satellite TV cards, and computer-based "cybercrimes."

Not open for credit to students with credit in CRIM 563. Letter grade only (A-F).

642. Forensic Psychology and the Criminal Justice System (3)

Prerequisites: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

An interdisciplinary examination of the relationship between psychiatry, clinical psychology, and the criminal justice system with regard to mentally-ill criminal offenders. Focus is on the legal standards for determining various criminal competencies, insanity, diminished capacity, and related defenses of excuse.

Letter grade only (A-F).

643. Forensic Pathology and the Medical-Legal Investigation of Death (3)

Prerequisite: Open to Criminal Justice master's students only. All others require consent of the Criminal Justice Graduate Advisor.

A multimedia examination of the medico-legal investigation of death. Focuses on thanatology and thanato-etiology of unexpected natural deaths, accidental deaths, suicides, and homicides. Special attention to deaths by gunshot wound, sharp force injury, blunt force trauma, asphyxiation, and electrocution.

Letter grade only (A-F). Field trips may be required.

690. Advanced, Specialized Topics in Criminology and Criminal Justice (3)

Advanced and specialized topics of current interest in the field of criminal justice selected for intensive development. Topics are announced in the *Schedule of Classes*.

May be repeated to a maximum of 9 units with different topics in the same semester.

691. Instructional Strategies for Criminal Justice Professionals (3)

Prerequisites/Corequisites: Consent of instructor.

A structured program to teach graduate students how to create and deliver college-level instruction in criminal justice. Includes design of assignments within a measurable assessment framework; development of teaching strategies; and appropriate use of media and other pedagogical devices. May require time outside of semester format.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters.

694. Thesis I (3)

Prerequisites: Advancement to candidacy as a criminal justice master's student.

Student works under direct faculty supervision to complete a proposal for the thesis research study. Review of the literature on a topic and development of appropriate methodology.

Not open for credit to students with credit in CRIM 695. Letter grade only (A-F).

695. Directed Readings/Independent Study (1-4)

Prerequisites: Consent of instructor.

For students who wish to learn about a topic related to criminology, criminal justice, or forensics in great detail through independent reading and writing assigned by a faculty member.

May be repeated to a maximum of 6 units.

697. Directed Research (1-4)

Prerequisites: Consent of instructor.

Extensive independent research on assigned topic addressing theoretical criminology and synthesis of literature on current issues in criminal justice.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

698. Thesis II (3)

Prerequisites: CRJU 694.

Student works under direct faculty supervision to complete a master's thesis research study.

Not open for credit to students with credit in CRIM 698. Letter grade only (A-F).

DANCE

College of the Arts

Department Chair: Cyrus Parker-Jeannette

Department Office: Dance Center

Telephone / FAX: (562) 985-4747 / (562) 985-7896

Faculty: Karen Clippinger, Colleen Dunagan, Keith Johnson, Lorin Johnson, Dori Levy, Susan McLain, Sophie Monat, Cyrus Parker-Jeannette, Andrew Vaca

Administrative Coordinator: Jeniffer Ruther

Career Possibilities

Dancer • Choreographer • Teacher • Dance Company Director • Dance Therapist • Booking Agent • Critic • Performing Arts Administrator • Dance Kinesiologist • Pilates Instructor • Dance/Aerobic Instructor (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of Dance is a rigorous program that provides training in dance with a strong foundation in modern and ballet technique and choreography. Physical practice interfaces with theoretical study, placing dance in a historical, pedagogical, scientific, and cultural context. The Department also provides opportunities for the general university student through courses for the non-major. Performances, master classes and residencies also contribute to the artistic enhancement of the campus and community.

All new undergraduate students enter the major under the BA degree. A separate audition for entrance into the BFA degree is required when students have completed specific coursework and have achieved required levels of competency. Entrance to the major or minor in dance is by audition. Applicants may download audition information from the web or may contact the Department of Dance Office. Non-major classes are open to all students and do not require any audition.

The Dance Department is an accredited institutional member of the National Association of Schools of Dance.

Undergraduate Programs

Bachelor of Arts in Dance (code DANCBA01) (120 units)

The Bachelor of Arts in Dance allows for the pursuit of a double major.

Student Learning Outcomes

1. Majors will develop competency in modern dance and ballet, enabling them to pursue careers in education, health and fitness, professional arenas, or to further their academic dance pursuits.
2. Majors will gain an overview of the historical, cultural, and scientific dimensions of dance.
3. Majors will explore the fundamental skills and techniques necessary for the public performance of dance.
4. Majors will have practical experience in the production and technological aspects of dance.
5. Majors will be able to demonstrate an understanding of the craft and aesthetic qualities of dance orally, practically, and in writing.

Requirements

Composition (8 units):

Take all the following courses:

- DANC 120 Improvisation (2)
- DANC 220 Composition I (3)
- DANC 320 Composition II (3)

Theory (21 units):

Take all the following courses:

- DANC 100 Orientation to Dance (1)
- DANC 131 Introduction to Music for Dance (2)
- DANC 161 Placement for the Dancer (2)
- DANC 260 Functional Anatomy for the Dancer (3)
- DANC 261 Anatomy with Clay Laboratory (1)
- DANC 342 Dance in a Cultural Perspective (3)
- DANC 373I Nonverbal Communication (3)
- DANC 435I Dance in Film (3)
- DANC 442 Traditions in Ballet and Modern Dance (3)

Take one of the following courses:

- DANC 470 Dance Pedagogy (3)
- DANC 475 Dance for Children (3)

Take one of the following courses:

- DANC 491A Design for Dance Lighting (3)
- DANC 491B Design for Dance Costuming (3)

Performance/Crew (4 units):

Take two units from the following courses:

- DANC 181A, 181B, 381A, 381B, 481A or 481B

Take two units from the following courses:

- DANC 180A, 180B, 295, 321, 380A, 380B, 480A, 480B or 495

Technique (20 units):

Take nine units from the following courses:

- (3 units must be earned from 312 or 412)
- DANC 152, 252, 312, 412

Take nine units from the following courses:

- (3 units must be earned from 314 or 414):
- DANC 154, 254, 314, 414

Take two units from the following courses:

- DANC 216, 316

Electives:

Take six units from the following courses:
DANC 214, 262, 313, 315, 350, 360, 362, 416, 420,
426, 445, 470, 475, 491A, 491B, 498.
Each course may only be applied once.

General Education (6 units):

Take the following courses:
DANC 373I Nonverbal Communication (3)
DANC 435I Dance in Film (3)

Option in Dance Science (code DANCBA02) (120 units)

This option offers a course of study that combines specific science courses with dance and is designed to serve students interested in teaching careers, fitness, kinesiology and other science-based fields in dance. This option also prepares successful students for graduate education in the areas of dance science or related studies. Admission into the program is the same as for the general BA in Dance, which includes an entrance and placement audition and meeting all university entrance requirements. See Student Learning Outcomes in DANCBA01.

Requirements

Composition (5 units):

Take both of the following courses:
DANC 120 Improvisation (2)
DANC 220 Composition I (3)

Theory (41 units):

Take all the following courses:
DANC 100 Orientation to Dance (1)
DANC 131 Introduction to Music (2)
DANC 161 Body Placement (2)
DANC 260 Functional Anatomy for the Dancer (3)
DANC 261 Anatomy with Clay Laboratory (1)
DANC 262 Pilates I (3)
DANC 360 Prevention and Care of Dance Injuries (3)
DANC 373I Nonverbal Communication (3)
DANC 442 Traditions in Ballet and Modern Dance (3)
DANC 470 Dance Pedagogy (3)
BIOL 207 Human Physiology (4)
BIOL 208 Human Anatomy (4)
KIN 300 Biomechanics of Human Movement (3)
KIN 301 Exercise Physiology (3)
KIN 312 Motor Control and Learning (3)

Performance/Crew (2 units):

Take one unit from the following courses:
DANC 181A, 181B, 381A, 381B, 481A, 481B
Take one unit from the following course:
DANC 180A, 180B, 295, 380A, 380B, 480A, 480B,
495.

Technique (20 units):

Take nine units from the following courses:
(3 units must be earned from 312)
DANC 152, 252, 312
Take nine units from the following courses:
(3 units must be from 314)
DANC 154, 254, 314, 414
Take two units from the following courses:
DANC 216, 316

Take five units from the following courses:

ATEP 309; DANC 362; KIN 207, 315, 339I, 363, 368, 430,
462, 467.

Bachelor of Fine Arts in Dance (code DANCBF01) (132 units)

The Bachelor of Fine Arts in Dance is designed to prepare students for professional careers as performers and/or choreographers. All students wishing to pursue the BFA in Dance must demonstrate strong intermediate/advanced technical skills and must audition after successfully completing the following course work with a grade of "B" or better: DANC 120, 220, 252, 254, 380 A or B, and 381 A or B.

Student Learning Outcomes

1. Majors will develop proficiency in modern dance and ballet, enabling them to pursue careers in the professional arenas of performance and/or choreography.
2. Majors will attain a substantial knowledge of the historical, cultural, and scientific dimensions of dance, to give depth and perspective to the performance aspect of the dance discipline.
3. Majors will have the skills and techniques necessary for professional-level performance in dance.
4. Majors will have practical experience in the production and technological aspects of dance.
5. Majors will demonstrate an understanding of the craft and aesthetic qualities of dance orally, practically, and in writing.

Requirements

Composition (11 units):

Take all the following courses:
DANC 120 Improvisation (2)
DANC 220 Composition I (3)
DANC 320 Composition II (3)
DANC 420 Advanced Composition (3)

Theory (35 units):

Take all the following courses:
DANC 100 Orientation to Dance (1)
DANC 131 Introduction to Music (2)
DANC 161 Body Placement (2)
DANC 260 Functional Anatomy for the Dancer (3)
DANC 261 Anatomy with Clay Laboratory (1)
DANC 262 Pilates I (3)
DANC 342 Dance in a Cultural Perspective (3)
DANC 442 Traditions in Ballet and Modern Dance (3)
DANC 445 Movement Analysis (3)
DANC 470 Dance Pedagogy (3)
DANC 491A Design for Dance Lighting (3)
DANC 491B Design for Dance Costuming (3)
DANC 498 Senior Seminar in Dance (2)

Select one of the following courses:

DANC 373I Nonverbal Communication (3)
DANC 435I Dance in Film (3)

Performance/Crew (7 units):

Take two units from the following courses:
DANC 181A, 181B, 381A, 381B, 481A or 481B;
Take five units from the following courses:
DANC 180A, 180B, 295, 321, 380A, 380B, 480A, 480B,
495.

Technique (26 units):

Take twelve units from the following courses:
(3 units must be earned from 412)
DANC 152, 252, 312, 412

Take twelve units from the following courses:
(3 units must be earned from 414)
DANC 154, 254, 314, 414

Take two units from the following courses:
DANC 216, 316

General Education Elective (3 units):

Take three units of the following course:
Thea 113 Introduction to Acting (3)

Take six units from the following courses
AH 111A, 111B, CWL 124, 132, 161, 324I, 412I; DANC
373I, 435I; PHIL 361I; MUS 190, 290, 363I, 364I, 490;
THEA 324I.

Minor in Dance (code DANCUM01)

Students interested in the minor in dance must audition for placement in dance technique classes prior to starting the program.

Requirements

24 units of which 9 must be upper division.

Technique (9 units):

Take 6 units from the following courses:
(3 must be from DANC 252)
DANC 152, 252, 312

Take three units from the following courses:
DANC 154, 254, 314

Theory/Production/Performance (12 units):

Take all of the following courses:
DANC 120 Improvisation (2)
DANC 131 Introduction to Music (2)
DANC 220 Composition I (3)

Take one of the following courses:
DANC 342 Dance in a Cultural Perspective (3)
DANC 442 Traditions in Ballet and Modern Dance (3)

Take 1 unit from the following courses:
DANC 180A, 180B, 295, 380A, 380B, 480A, 480B, 495

Take 1 unit from the following courses:
DANC 181A, 181B, 381A, 381B, 481A, 481B

Take 3 units from the following courses:
DANC 161, 214, 216, 217, 313, 315, 316, 317, 320,
342, 373I, 426, 435I, 442, 445, 475.

Each course may only be applied once.

Graduate Programs

Master of Arts in Dance (code DANCMA01)

The Master of Arts in Dance is a practice-oriented degree created to serve experienced dance educators, primarily in secondary and community college venues. It is designed to broaden and deepen dance knowledge and skills for teaching dance classes and producing dance concerts and elevates an undergraduate teaching credential to graduate status.

Because M.A. candidates are teaching during the academic year, coursework is completed in three intensive, 6-week consecutive summer sessions in which 9-12 units are earned each summer.

Student Learning Outcomes

1. Students will refine proficiency in modern dance movement vocabularies, enabling them to enhance their careers as educators.
2. Students will engage in theoretical inquiry and study in the dance-related areas of history, dance science, and pedagogy, enabling them to enhance their careers as educators.
3. Students will acquire practical skills in the areas of costume and lighting design.
4. Students will explore, practice, and actualize the craft of making dances to communicate a declared intention.

Criteria for Admission into the Program

Candidates must meet the following criteria for entrance into the M.A. in Dance:

1. Prerequisite Courses:
 - two courses in dance composition;
 - one course in dance history;
 - one course in anatomy/kinesiology (must be taken in the past five years);
2. bachelor's degree from an accredited institution with a degree in dance or a related field;
3. minimum of 3 years experience teaching dance in a high school with a secondary teaching credential, or minimum of 3 years part-time or full-time experience teaching dance in a community college (exceptions will be considered for extensive part-time employment teaching dance in a high school, or for an exemplary employment history of teaching dance in other venues);
4. three letters of recommendation, of which one must be from a supervisor or colleague;
5. movement audition and personal interview;
6. completion of all application materials.

Admission will be granted to students who show high promise of success in graduate study based on past academic record and record of teaching experience.

Retention Criteria

1. Maintain a GPA of 3.0 in all graduate work completed at CSULB;
2. Continued satisfactory progress toward degree objectives. Application materials and application cycles (normally a new class of M.A. candidates begins every three years) is posted at csulb.edu/dance.

Advancement to Candidacy

Students will be advanced to candidacy upon successful completion of the following:

1. Satisfy the general university requirements for advancement to candidacy and the department's admission criteria;
2. maintain a 3.0 GPA in all graduate coursework;
3. fulfill the Graduation Writing Assessment Requirement (GWAR);
4. complete a minimum of 21 units of coursework;
5. removal of any incomplete grades;
6. satisfactory completion of three artistic endeavors completed during the academic year utilizing student performers from the candidate's school;

7. filing of the student's graduate program form for the Master of Arts in Dance, signed by the student's graduate advisor, and approved by the Associate Dean for graduate accountability.

Requirements

1. A minimum of 31 units from the following courses:
DANC 510A, 510B, 510C, 521, 522, 565, 591A, 591B, 592, 642, 605
2. Successful completion of a Written Comprehensive Exam to be taken after all coursework has been satisfied.

Master of Fine Arts in Dance (code DANCMF01)

This 60-unit plan of study emphasizes performance and choreography grounded in the modern dance genre, and requires 3 years in residence to complete all course work. This degree is a rigorous program designed to challenge professionally experienced dancers to develop their artistic and analytical work through numerous performances and choreographic opportunities. Curriculum is integrated in technique, composition and theory.

The Dance Department has chosen to keep the MFA degree program small and selective in order to provide adequate resources to all students in the degree plan. It is expected that applicants for the MFA in Dance should have some life experiences in the field prior to application; therefore, this would normally preclude a person who was recently awarded an undergraduate degree.

Student Learning Outcomes

1. Students will explore, practice, and actualize the craft of making dances to communicate a declared intention.
2. Students will refine proficiency in modern dance and ballet movement vocabularies, enabling them to pursue careers in the professional arenas of performance/choreography and/or education.
3. Students will engage in theoretical inquiry and study in the dance-related areas of history, music, film/video, aesthetics, dance science, and dance criticism.
4. Students will attain substantial knowledge/practical skills in preparation for teaching, including theoretical, practical, and kinesiological perspectives.
5. Students will acquire practical skills in the production aspects of dance, including costume design, lighting design, and stage management and/or public relations.

Criteria for Admission into the Program

Candidates admitted into this program will be selected on the following criteria:

1. Meet University admissions requirements;
2. B.A., B.F.A., or M.A. degree in dance or equivalent with a 3.0 GPA in upper division dance courses;
3. professional goals consistent with the plan of study;
4. life experiences in the field;
5. audition in performance and choreography.

All MFA candidates are admitted on a conditional status.

Removal of the conditional admit will occur after the following:

1. Fulfillment of the Graduation Writing Assessment Requirement (GWAR);
2. completion of all prerequisites;
3. completion of 20 graduate dance units with a GPA of 3.0;
4. approval of Graduate Advisor.

Prerequisites

Advanced technique, Dance Composition (3 courses), Dance History (2 courses), Music for Dance, Anatomy/ Kinesiology, Dance Notation or Laban Movement Analysis, Dance Production (2 courses). Candidates may take prerequisite courses along with graduate courses.

When an undergraduate degree is completed in a program which has different requirements than those of the CSULB dance major, additional preparation may be required before the student can be considered for classified status. Up to 24 units from an M.A. degree program may be acceptable, with approval of the graduate advisor.

Application Requirements

1. A CSULB post-baccalaureate application.
2. The following returned to the CSULB Dance Department:
 - A. Letter of application;
 - B. resume;
 - C. 3 letters of reference;
 - D. VHS video or DVD of a recent group choreographic work;
 - E. 2-page (typed, double spaced) personal statement addressing how graduate work will fulfill intended professional goals.
3. Audition on the CSULB campus to include a technique class and presentation of a 3-5 minute solo composition.

Advancement to Candidacy

Advancement to candidacy will occur based on the following:

1. unconditional admission status;
2. completion of 30 graduate dance units with a GPA of 3.0;
3. successful choreography produced in a graduate concert;
4. evaluation by graduate faculty of the candidate's satisfactory progress toward the degree;
5. removal of any incomplete grades.

Performance/Choreography Concentration

60 units total.

Take 18 units in Technique from the following courses:
(with a minimum of 12 units from DANC 512 or 510A)
DANC 510A, 510B, 512, 514

Take minimum of 6 units from the following courses:
DANC 514 or 510B;

Take 14-16 units in Theory from the following courses:
DANC 505, 565, 588, 597, 605, 693

Take 12 units in Choreography from the following:
DANC 520 A,B,C,D

Take 5 units in Performance/Production from:
DANC 580 A,B, 585 A,B, 592, 595

Take 6 units of the following course:
DANC 699 Thesis/Project (6)

Take 3-5 units of electives.

Courses (DANC)

Dance Technique

Note: Dance majors must take technique courses and composition in sequence and screen for level placement in all technique classes. Screening will take place the previous semester and the first day of class. Beginning non-major technique classes are not screened; they are open to all students. Intermediate/Advanced Jazz has a screening process.

LOWER DIVISION

100. Orientation to Dance (1)

Corequisite: DANC 152 or 154.

Introductory information, degree requirements, career opportunities, current problems and issues in the field.

Letter grade only (A-F).

101. Introduction to Modern Dance (3)

Prerequisite: Completion of General Education Foundation courses.

Exploration of modern dance concert dance art form through the study of its aesthetic principles and characteristics. Lectures and video viewing identify major choreographers, performers, choreographic works, and historical development; movement sessions explore elementary exercises in modern dance technique.

Not open for credit to dance majors.

102. Introduction to Ballet (3)

Prerequisite: Completion of General Education Foundation courses.

Exploration of ballet as concert dance art form through the study of its aesthetic principles and characteristics. Lectures and video viewing identify major choreographers, performers, choreographic works, and historical development; movement sessions explore elementary exercises in ballet technique.

Not open for credit to dance majors.

103. Introduction to Jazz (3)

Prerequisite: A General Education Foundation course.

Introduction to jazz dance as concert and entertainment art form through the study of its aesthetic principles and characteristics. Lectures and video viewing identify major choreographers, performers, choreographic works, and historical development; movement sessions explore elementary exercises in jazz technique.

Open only to non-dance majors.

104. Introduction to Tap (3)

Prerequisite: A General Education Foundation course.

Introduction to tap as concert and entertainment art form through the study of its aesthetic principles and characteristics. Lectures and video viewing identify major choreographers, performers, choreographic works, and historical development; movement sessions explore elementary exercises in tap technique.

Open only to non-dance majors.

105. Latin Jazz (2)

Basic skills and techniques in Latin Jazz.

Not open for credit to dance majors.

May be repeated to a maximum of 4 units. (1 hours discussion, 2 hours studio)

106. African Dance (2)

Basic skills and technique in African dance designed to incorporate its role in African culture.

May be repeated to a maximum of 4 units. (1 hour discussion, 2 studio hours)

108. Beginning Flamenco (2)

Basic skills and technique in the style of Flamenco dance designed to incorporate its role in Spanish culture.

May be repeated to a maximum of 4 units. (1 hour discussion, 2 studio hours)

109. Beginning Hip-Hop (2)

Basic skills and technique in the style of Hip-Hop dance.

May be repeated to a maximum of 4 units. (4 studio hours)

110. Viewing Dance (3)

Prerequisite/Corequisite: A General Education Foundation course.

Introduction to contemporary dance theater through viewing dance films (modern dance, ballet and ethnic), dance performances, and lecture/discussions on dance.

111A. Beginning Modern Dance (2)

Basic skills and techniques in modern dance. Not open to dance majors. May be repeated for a maximum of 4 units in different semesters. (4 studio hours)

111B. Beginning Modern Dance (2)

Prerequisite: DANC 111A or consent of instructor. Continuing beginning skills and techniques in modern dance. Not open to dance majors.

May be repeated for a maximum of 4 units in different semesters. (4 studio hours)

112A. Intermediate Modern Dance (2)

Prerequisite: DANC 111B or consent of instructor. Open to non-majors. Low intermediate skill and techniques in modern dance.

May be repeated for a maximum of 8 units in different semesters. (4 studio hours)

112B. Intermediate Modern Dance (2)

Prerequisite: DANC 112A or consent of instructor. Open to non-majors. High intermediate skill and techniques in modern dance.

May be repeated for a maximum of 8 units in different semesters. (4 studio hours)

113A. Beginning Ballet (2)

Basic skills and techniques in ballet. Not open to dance majors.

May be repeated for a maximum of 4 units in different semesters. (4 studio hours)

113B. Beginning Ballet (2)

Prerequisite: DANC 113A or consent of instructor. Continuing beginning skills and techniques in ballet. Not open to dance majors. May be repeated for a maximum of 4 units in different semesters. (4 studio hours)

114A. Intermediate Ballet (3)

Prerequisite: DANC 113B or consent of instructor. Open to non-majors. Low intermediate skill and techniques in ballet.

May be repeated for a maximum of 12 units in different semesters. (6 studio hours)

114B. Intermediate Ballet (3)

Prerequisite: DANC 114A or consent of instructor. Open to non-majors. High intermediate skill and techniques in ballet. May be repeated for a maximum of 12 units in different semesters. (6 studio hours)

115. Beginning Jazz (2)

Basic skills and techniques of jazz.

Not open for credit to dance majors. May be repeated to a maximum of 4 units in different semesters. (4 studio hours)

116. Intermediate Jazz (2)

Prerequisite: DANC 115 or consent of instructor.

Basic theory and practice of modern jazz dance.

May be repeated to a maximum of 8 units in different semesters. (4 studio hours)

117. Beginning Tap Technique (2)

Basic technique in the tap dance idiom, time steps, stylistic patterns, rhythmic patterns and tap combinations.

May be repeated to a maximum of 4 units. (4 studio hours)

119. Dance Activity I (1-2)

Basic skills and techniques in ballet, jazz, or modern dance technique.

Not open for credit to dance majors. May be repeated to a maximum of 4 units in different semesters. (2-4 hours studio)

120. Improvisation I (2)

Use of improvisation as an introduction to structural form; individual and group problems.

Letter grade only (A-F). (4 studio hours)

131. Introduction to Music for Dance (2)

Basic music notation, simple and complex rhythmic patterns, poly-rhythms, skill in the use of percussion instruments and a brief survey of the historical periods of music for dance.

Letter grade only (A-F). (4 studio hours)

152. Modern Technique I (3)

Prerequisites: Dance Major or Minor, and placement screening. Intermediate skill in modern technique.

Letter grade only (A-F). Repeatable to a maximum of 12 units in different semesters. (6 studio hours)

154. Ballet Technique I (3)

Prerequisites: Dance Major or Minor, and placement screening. Intermediate skill in ballet technique.

Letter grade only (A-F). Repeatable to a maximum of 12 units in different semesters. (6 studio hours)

161. Placement for the Dancer (2)

Prerequisites: Open to Dance Majors and Minors.

Application of movement principles and exercises from various sources including anatomy, biomechanics and rehabilitation to improve body alignment, core stabilization, and other aspects of technique in key dance movement patterns.

Letter grade only (A-F). (4 studio hours)

179. Exploring Dance: The Language of Movement (3)

Prerequisites: Open to all Liberal Studies Majors, open to others with consent of instructor based on availability.

Exploration of movement language of dance relating to producing dance; to historical and cultural aspects of dance; and to activities geared to developmental aspects of children, 5-12 years, as outlined in California State Framework for Visual and Performing Arts, K-8. Dance component.

Letter grade only (A-F). (1 hour lec., 4 hours lab)

180A. Dance Performance (1)

Prerequisites: Audition, dance major or minor.

Participation in dance productions.

Letter grade only (A-F). May be repeated to a maximum of 4 units. (3 or more studio hours)

180B. Dance Performance (1)

Prerequisites: Audition, dance major or minor.

Participation in dance productions.

Letter grade only (A-F). May be repeated to a maximum of 4 units. (3 or more studio hours)

181A. Dance Production Technical (1)

Technical participation in Dance Department-sponsored productions.

Letter grade only (A-F). Repeatable to a maximum of 4 units in different semesters. (2 studio hours)

181B. Dance Production Technical (1)

Technical participation in Dance Department-sponsored productions.

Letter grade only (A-F). Repeatable to a maximum of 4 units in different semesters. (2 studio hours)

214. Ballet Pointe (1)

Prerequisite: Consent of instructor.

Development of the technique of dancing in pointe shoes.

May be repeated for a maximum of 4 units in different semesters. (2 studios hours)

216. Intermediate/Advanced Jazz (2)

Prerequisites: DANC 116 or consent of instructor.

Basic theory and practice of modern jazz dance.

May be repeated to a maximum of 8 units in different semesters. (4 studio hours)

217. Intermediate Tap Technique (2)

Prerequisite: DANC 117 or placement screening.

Intermediate skills in tap technique concentrating on rhythmic complexity, heightened tempos, and contemporary tap styles.

May be repeated to a maximum of 4 units. (4 studio hours)

219. Dance Activity II (1-2)

Intermediate skills and techniques in ballet, jazz, or modern dance technique.

Not open for credit to dance majors. May be repeated to a maximum of 4 units in different semesters. (2-4 hours studio)

220. Dance Composition I (3)

Prerequisites: DANC 120. Corequisites: DANC 131.

Theory and practice in the basic elements of dance composition.

Letter grade only (A-F). (1 hour lecture, 4 hours studio)

252. Modern Technique II (3)

Prerequisites: Dance Major or Minor, and placement screening. Intermediate skill in modern technique.

Letter grade only (A-F). May be repeated to a maximum of 12 units. (6 studio hours)

254. Ballet Technique II (3)

Prerequisites: Dance Major or Minor, and placement screening. Intermediate skill in ballet technique.

Letter grade only (A-F). May be repeated to a maximum of 12 units. (6 studio hours)

260. Functional Anatomy for the Dancer (3)

Prerequisites: DANC 161 or consent of the instructor.

A thorough examination of major muscles, bones and joints as they relate to human movement. Performance of anatomical analyses of common conditioning exercises and key dance movements.

Letter grade only (A-F). (2 hours lecture, 2 hours studio)

261. Anatomy with Clay Laboratory (1)

Prerequisites: DANC 161 or consent of the instructor. Corequisites: DANC 260 or consent of the instructor.

Incorporates rendering muscles on manikens with clay (user of Anatomy in Clay) to aid in developing a three dimensional understanding of the location and actions of musculature vital for human movement.

Letter grade only (A-F). (2 hours lab)

262. Pilates I (3)

Prerequisites: DANC 260 or BIOL 208.

Beginning-intermediate level Pilates-based program, emphasizing the use of the Pilates apparatus, designed to enhance dance performance, movement coordination and physical conditioning.

Letter grade only (A-F). (1 hour seminar, 4 studio hours)

295. Repertory (1-3)

Prerequisites: Audition, dance major.

Experience in rehearsal and performance practice in an intensive format.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (2-6 studio hours)

UPPER DIVISION**312. Modern Technique III (3)**

Prerequisites: Dance major or minor or placement screening.

For undergraduate dance majors in the intermediate/advanced skill of modern dance techniques.

Letter grade only (A-F). May be repeated to a maximum of 12 units in different semesters. (6 studio hours)

313. Modern Dance Workshop (1-3)

Prerequisites: Dance major or minor or consent of instructor.

Exploration of the techniques of modern dance.

May be repeated for a maximum of 6 units in different semesters. (2-6 studio hours).

314. Ballet Technique III (3)

Prerequisites: Dance Major or Minor, and placement screening.

Advanced/intermediate skill in ballet technique.

Letter grade only (A-F). May be repeated for a maximum of 12 units in different semesters. (6 studio hours)

315. Ballet Workshop (1-3)

Prerequisites: Dance major and minor or consent of instructor.

Exploration of the techniques of ballet.

May be repeated for a maximum of 6 units in different semesters. (2-6 studio hours)

316. Advanced Jazz (2)

Prerequisites: DANC 216 or consent of instructor.

Advanced theory and practice of jazz technique.

May be repeated to a maximum of 8 units. (4 studio hours)

317. Advanced Tap Technique (2)

Prerequisites: DANC 117 and 217 or consent of instructor.

Advanced skills in tap technique concentrating on rhythmic complexity, heightened tempos, improvisational work, and contemporary tap styles.

May be repeated to a maximum of 8 units in different semesters. (4 studio hours)

319. Dance Laboratory (1-3)

Participation in dance technique projects. Consent of instructor.

Letter grade only (A-F). May be repeated to a maximum of 8 units. (2 studio hours per unit.)

320. Dance Composition II (3)

Prerequisite: DANC 220.

Development of theme and style in small group studies.

Letter grade only (A-F). (Lecture 1 hour, 4 studio hours)

321. Directed Choreography (1-3)

Prerequisites: Consent of instructor.

Independent choreographic projects finalized in a performance venue under supervision of a faculty member.

Letter grade only (A-F). May be repeated to a maximum of 6 units in different semesters. (2-6 studio hours)

342. Dance in a Cultural Perspective (3)

Development of dance from Aboriginal to 20th Century.

Letter grade only (A-F). (3 hours lecture)

350. Dance Notation I (3)

Prerequisite: DANC 131.

Theory and practice of notating movement through Labanotation.

Letter grade only (A-F).

360. Prevention and Care of Dance Injuries (3)

Prerequisite: DANC 260 or consent of instructor.

Study principles to help dancer understand, prevent and recover from common dance injuries. Assessment and development of muscular strength/endurance, flexibility, cardiovascular endurance, body composition/nutrition and proprioception as they relate to common injuries and improved dance performance.

Letter grade only (A-F). (2 hours lec., 2 hours lab)

362. Pilates II (2)

Prerequisites: DANC 262 or consent of instructor.

Intermediate-advanced level. Pilates-based conditioning program which employs a series of exercises designed to enhance dance

performance and prevent injury, utilizing apparatus based on designs of Joseph Pilates, exercise balls, free weights and body for resistance.

Letter grade only (A-F). (4 studio hours)

373I. Nonverbal Communication: Interaction of Mind and Body (3)

Prerequisites: Completion of GE Foundation requirements, completion of one or more Exploration course(s), and upper division status.

History and theories of the development of mind/body integration. Enhancement of personal and interpersonal relations through lectures, discussion, films and movement experiences. Analysis and synthesis of the interdependence of the psychological and physical processes in nonverbal communication.

Same course as ED P 373I. Not open for credit to students with credit in ED P 373I.

380A,B. Dance Performance (1,1)

Prerequisite: Open to Dance Majors and Minors only.

Participation as a performer and/or choreographer in Dance Department productions. Concert participation is by audition only.

A combination of 380A,B and 480A,B may be repeated to a maximum of 8 units. (3 or more studio hours)

381A. Dance Production Technical (1)

Prerequisites: Open to dance majors and minors.

Technical production participation in Dance Department sponsored productions.

A combination of 381A,B and 481A,B. Letter grade only (A-F). May be repeated for a total of 8 units in different semesters. (3 studio hours per unit)

381B. Dance Production Technical (1)

Prerequisites: Open to dance majors and minors.

Technical production participation in Dance Department sponsored productions.

A combination of 381A,B and 481A,B. Letter grade only (A-F). May be repeated for a total of 8 units in different semesters (3 studio hours per unit)

412. Modern Technique IV (3)

Prerequisites: Dance Major or Minor, and placement screening.

Advanced skill in modern dance technique.

Letter grade only (A-F). May be repeated to a maximum of 12 units. (6 studio hours)

414. Ballet Technique IV (3)

Prerequisites: Dance Major or Minor, and placement screening.

Advanced skills in the techniques of ballet.

Letter grade only (A-F). May be repeated to a maximum of 12 units in different semesters. (6 studio hours).

416. Ballet Variations (2)

Prerequisites: DANC 254 or consent of instructor.

The interpretation and analysis of style, technique, musicality, content, and phrasing in classical and modern ballet variations.

May be repeated to a maximum of 6 units in different semesters (1 hour discussion, 2 studio hours)

420. Advanced Composition (3)

Prerequisite: DANC 320 or consent of instructor.

Approaches to the development of choreographic materials of extended structure and content.

Letter grade only (A-F). (Lecture 1 hour, 4 studio hours)

426. Intermediate/Advanced Ballet Pointe (1)

Prerequisites: DANC 214 or consent of instructor.

Intermediate skill development in ballet pointe technique.

May be repeated for a maximum of 4 units in different semesters. (2 studio hours)

435I. Dance in Film (3)

Prerequisites: Completion of GE Foundation requirements and one or more Exploration course(s), and upper division status.

Examination of the relationship between dance and film; study of historical and theoretical connections placed in both aesthetic and cultural contexts.

442. Traditions in Ballet and Modern Dance (3)

Development of Ballet and Modern dance from the 20th Century to present.

Letter grade only (A-F). (2 hours lecture, 2 hours studio)

445. Movement Analysis (3)

Prerequisites: Open to Dance Majors and Minors only.

Study of the principles underlying movement and their application to all areas of movement study.

Letter grade only (A-F). (Lecture 2 hours, 2 studio hours)

470. Dance Pedagogy (3)

Prerequisites: DANC 312, or consent of instructor.

Methods of teaching dance technique for studios, recreation departments, companies, secondary schools, colleges, and universities. Emphasis on teaching teenagers and adult beginners.

Letter grade only (A-F). (2 hours lecture, 2 hours studio)

475. Dance for Children (3)

Prerequisites: DANC 120, 312, or consent of instructor.

Practical experience in teaching creative dance to children. Includes improvisational approaches to teaching elements of dance, exploration and practical implementation of teaching and learning theories, and incorporation of the California Visual and Arts dance standards into elementary school curriculum.

Letter grade only (A-F). (2 hours lecture, 2 hours studio)

480A,B. Dance Performance (1,1)

Prerequisite: Open to Dance Majors and Minors only.

Participation as a performer and/or choreographer in Dance Department approved University-sponsored production. Most concert participation is by audition only.

A combination of 380A,B and 480A,B. May be repeated to a total of 8 units. (3 or more studio hours)

481A. Dance Production-Technical (1)

Prerequisites: Open to dance majors or minors.

Technical participation in Dance Department-sponsored productions.

Letter grade only (A-F). A combination of 381A,B and 481A,B may be repeated for a total of 8 units in different semesters. (3 studio hours per unit)

481B. Dance Production-Technical (1)

Prerequisites: Open to dance majors or minors.

Technical participation in Dance Department-sponsored productions.

Letter grade only (A-F). A combination of 381A,B and 481A,B may be repeated for a total of 8 units in different semesters. (3 studio hours per unit)

488. Organization of Dance Production (3)

Prerequisite or Corequisite: DANC 312.

Analysis and practice in the production elements of dance concerts. Course is coordinated with a department concert.

Letter grade only (A-F).

490. Special Topics in Dance (1-3)

Prerequisite: Consent of instructor.

Topics of current interest in the field of dance selected for special presentation and development.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 12 units with different topics, or consent of department chair.

491A. Design for Dance Lighting (3)

Prerequisites: Upper division status or consent of instructor.

Techniques of designing lighting for dance. Practical applications include designing and executing lighting for dance for concerts in various settings.

Letter grade only (A-F). (6 studio hours)

491B. Design for Dance Costuming (3)

Prerequisites: Upper division status or consent of instructor.

Designing and constructing costumes for dance.

(6 studio hours)

495. Repertory (1-3)

Prerequisite: Audition.

Students learn and perform works of distinguished choreographers. Leads to concert performance.

May be repeated to a maximum of 18 units provided it is with a different instructor each time. (2-6 studio hours)

498. Senior Seminar in Dance (2)

Prerequisites: DANC 312, 314, 442. Corequisites: DANC 470 or 475.

Culmination of undergraduate study resulting in individual projects that vary according to artistic, intellectual, and career goals.

Letter grade only (A-F). (1 hour seminar, 2 hours activity)

499. Directed Studies in Dance (1-3)

Prerequisite: Consent of instructor.

Independent projects and research of advanced nature in any area of dance.

Letter grade only (A-F). Course may be repeated for a maximum of 12 units in different semesters. (2-6 studio hours)

GRADUATE LEVEL

505. Dance Pedagogy (3)

Prerequisite: Acceptance into MFA program or consent of advisor.

Discussion specific to the teaching of dance in preparation for teaching in secondary and post-secondary education.

Letter grade only (A-F). (2 hours lecture, 2 hours studio)

510A,B,C. Technique Laboratory (1-3, 1-3, 1-3)

MFA Choreography option students are required to take a technique class each semester. By registering for DANC 510, each will be assigned to an appropriate level technique class. Additional work will be required as appropriate to a graduate level course.

May be repeated to a maximum of 6 units. (2-6 studio hours)

512. Advanced Modern Technique (3)

Prerequisites: Placement screening.

For graduate dance majors in the advanced skill of modern dance techniques.

Letter grade only (A-F). May be repeated to a maximum of 18 units. (6 studio hours)

514. Advanced Ballet Technique (3)

Graduate level skills in ballet technique.

Letter grade only (A-F). May be repeated to a maximum of 12 units. (4 studio hours)

520A. Choreography A (3)

Prerequisite: Admission into the MFA degree program.

Will center on development of advanced approached to choreographic materials and techniques. It will emphasize outlining of artistic ideas in written form before physical realization, and will emphasize composing and shaping choreography based on clearly stated concepts.

Letter grade only (A-F). (4 hours activity; 1 hour discussion)

520B. Choreography B (3)

Prerequisite: Admission into the MFA program for dance.

Methods and practice of developing choreography utilizing music/

composers as the basis for compositional exploration.

Letter grade only (A-F). (4 hours activity; 1 hour discussion)

520C. Choreography C (3)

Prerequisite: Admission into the M.F.A. program.

Advanced study of choreographic methods concentrating on development of choreography inspired by, and relating to, other art forms. Compositional studies geared to traditional theatrical venues and alternate performing venues will be explored.

Letter grade only (A-F). (4 hours activity; 1 hour discussion).

520D. Choreography D (3)

Prerequisite: Admission into the M.F.A. program.

Concentrates on development of dance choreography designed for presentation through video, and video used as an integrated/ supporting form in live performance. Emphasizes skills and techniques in the exploration of dance documentation and the shooting and editing of digital video.

Letter grade only (A-F). (4 hours activity; 1 hour discussion).

521. Dance Composition III (3)

Prerequisite: Admission to the MA degree program in Dance.

Methods and practice of developing choreography as related to the high school and community college setting.

Letter grade only (A-F). (1 hour lec., 4 hours lab)

522. Composition IV (3)

Prerequisite: Admission into the MA degree program.

Methods and practice in developing more advanced choreographic studies related to a high school or community college setting.

Letter grade only (A-F). (4 studio hours; 1 lecture hour).

565. Dance Science as Related to Teaching Technique (3)

Prerequisite: DANC 260 and 505, or consent of instructor.

Application of anatomical principles, scientific principles of training, and biomechanical principles to more effectively design and teach dance technique classes.

Letter grade only (A-F). (1 hour lec., 4 hours lab)

580A,B. Dance Performance (1)

Prerequisite: Audition.

Participation as a performer and/or choreographer in Dance Department approved University-sponsored production.

Letter grade only (A-F). May be repeated to a maximum of 2 units. (3 or more studio hours)

585A,B. Dance Performance (1)

Prerequisite: Audition.

Participation as a performer and/or choreographer in Dance Department approved University-sponsored production.

Letter grade only (A-F). May be repeated to a maximum of 2 units. (3 or more studio hours)

588. Seminar in Dance Management (2)

Techniques and practices in producing and promoting dance performances in fixed sites and in touring venues relevant to the production of MFA thesis concerts and to venues outside the University. For graduate students with prior experience in the field.

Letter grade only (A-F).

590. Special Topics (1-3)

Prerequisite: Acceptance into MFA program in dance.

Topics of current interest to graduate students in dance will be selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics.

591A. Advanced Design for Dance Lighting (3)

Provides students with advanced work in design lighting for dance, and offers the in-depth technical knowledge and practical experience necessary to the execution of complete lighting plots.

Letter grade only (A-F). (6 studio hours)

591B. Advanced Design for Dance Costuming (3)

Provides graduate students with advanced coursework in designing costumes for dance, and with skills necessary to execute the designs.

Letter grade only (A-F). (6 studio hours)

592. Special Topics (1-3)

Prerequisite: Acceptance into MFA program in dance.

Topics of current interest to graduate students in dance will be selected for intensive study.

Letter grade only (A-F). May be repeated to a maximum of 6 units with different topics. (2-6 studio hours)

595. Repertory (1-3)

Prerequisite: Audition.

For graduate dance majors to learn more advanced works from the repertoire of noted choreographers or to have new works created on the students by distinguished choreographers.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (2-6 studio hours)

597. Criticism and Analysis of Dance (3)

Prerequisite: Acceptance into the graduate degree programs in dance.

Seminar introducing students to aesthetic and critical discourses within dance studies. Readings in dance criticism, aesthetics, and theory will be discussed in relationship to contemporary and historical dance works. Requires extensive viewing of and writing about choreographic works.

Letter grade only (A-F).

599. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Individual research or project under the guidance of a faculty member.

May be repeated to a maximum of 12 units in different semesters. (2-6 studio hours) Letter grade only (A-F).

605. Seminar in Dance (1-3)

Prerequisites: Acceptance into the MA or MFA in Dance.

Will be conducted as a seminar. Literature, including research appropriate to the particular topic of the course, will be examined and discussed.

Letter grade only (A-F).

642. Seminar in Dance History (3)

Intensive study of selected topics in the History of Dance.

Letter grade only (A-F). May be repeated to a maximum of 9 units with different topics.

693. Teaching Internship (1-3)

Prerequisite: Acceptance into the M.F.A. program in Dance.

Opportunity to work with full-time Dance faculty member in course preparation and instruction in one area of dance theory.

Letter grade only (A-F).

698. Thesis/Project (1-6)

Prerequisite: Advancement to candidacy.

Planning, preparation, and completion of a thesis/project in dance for the M.A. degree.

Letter grade only (A-F). May be repeated to a maximum of 6 units.

699. Thesis/Project (1-6)

Prerequisite: Advancement to Candidacy.

Planning, preparation, and completion of thesis/project in dance for the M.F.A. degree.

Letter grade only (A-F). May be repeated to a maximum of 6 units in the same semester.

DESIGN

College of the Arts

Department Chair: Dorothy Ottolia

Department Office: Design (DESN), Room 101

Telephone / FAX: (562) 985-5089 / (562) 985-2284

Website: <http://www.csulb.edu/depts/design/>

Faculty: John Kleinpeter, Dorothy Ottolia, Eduardo Perez, José Rivera-Chang, David Teubner, Wesley Woelfel

Administrative Coordinator: Pamela Sample

Career Possibilities

Industrial Designer • Interior Designer • Display/Exhibit Designer • Furniture Designer • Car Designer • Model Maker • Package Designer • Technical Illustrator • Teacher • Consultant • Commercial Artist • Architectural Illustrator • Product Designer • 3-D Graphic Illustrator (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

Today's designer must achieve sufficient educational breadth to adapt successfully to the varying demands imposed on their work by economic, social and psychological factors. A methodology for encouraging the creative problem solving process and the skill to express visual ideas with clarity must be obtained. A competitive portfolio review is held each year to identify students whose work has reached a level of competence necessary to advance to junior- and senior-level courses in Industrial Design and Interior Design. After passing portfolio requirements, selected students are officially admitted to the B.S. and B.F.A. programs. The B.A. program is open to all students.

The academic programs of the Department of Design have been accredited by the National Association of Schools of Art and Design (National Association of Schools of Art and Design, 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, phone: 703-437-0700).

Programs at a Glance

Bachelor of Science in Industrial Design
Bachelor of Fine Arts in Interior Design
Bachelor of Arts in Design

Undergraduate Programs

Bachelor of Fine Arts in Interior Design (code DESNBF01)

This degree prepares students who will eventually seek a master's degree or a position as a professional designer. The B.F.A. program is a rigorous and competitive one. Portfolios are reviewed in the spring semester for fall admission, and junior standing, into the upper-division program.

Admission Under Impaction

To be eligible for admission to a Bachelor of the Fine Arts in Interior Design program, applicants must have met

requirements for admission to the university as a freshman or transfer student. Applicants must provide a portfolio of their creative work to the Department of Design (contact the department for instructions). Eligible applicants will be admitted for available spaces based on portfolio review by the faculty. It is recommended that students interested in the B.F.A. programs take between six to nine upper division units in the area of specialization, and then submit a portfolio. By doing so, students will become acquainted with the Department and the specific requirements for portfolio review. Students must achieve "C" or better in each course required by the major. Students have only two chances to apply for the B.F.A. program.

Requirements

132 units, including 91 units for the major.

Lower Division:

Take all of the following courses:

- AH 111A Survey of Western Art I (3)
- AH 111B Survey of Western Art II (3)
- DESN 120A Fundamentals of Design (3)
- DESN 120B Fundamentals of Design (3)
- DESN 132A Perspective and Rendering Systems (3)
- DESN 132B Perspective and Rendering Systems (3)
- DESN 141 Interior Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 151 Industrial Design Materials and Tools (3)
- DESN 232A Visualization Techniques (3)
- DESN 241 Design Drawing and Processes (3)
- DESN 242 Interior Architectural Model Building (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 245 Building Systems for Interior Architecture (3)
- DESN 246 Computer-Aided Drafting (3)
- DESN 255 2D Computer-Aided Graphics (3)

Upper Division:

Take all of the following courses:

- DESN 341A Interior Design (3)
- DESN 341B Interior Design (3)
- DESN 342 Interior/Architectural Presentations (3)
- DESN 343 Advanced Drafting and Detailing (3)D
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 367 History and Theory of Architecture (3)
- DESN 369 History of Furniture and Decorative Arts (3)
- DESN 440 Prof Practices for Interior Architecture (3)
- DESN 441A Advanced Interior Design (4)
- DESN 441B Advanced Interior Design (4)

Take a minimum of 8 units chosen from the following:

- DESN 300, 333A, 344A/B, 351A/B, 360A/B, 366, 368, 370, 435A/B, 490, 495, 499H.

A total of 132 units is required for degree completion. Students must achieve "C" or better in each course required by the major.

Bachelor of Science in Industrial Design (code DESNBS01) (132 units)

This degree program is concerned with the relationship between technology and the visual arts. It includes background courses in engineering and sciences. Portfolio review is required for admission to the professional B.S. program. Portfolios are reviewed in the spring semester for fall admission to junior standing and the upper division program.

Admission Under Impaction

To be eligible for admission to the Bachelor of the Science in Industrial Design program, applicants must have met requirements for admission to the university as a freshman or transfer student. Applicants must provide a portfolio of their creative work to the Department of Design (contact the department for instructions). Eligible applicants will be admitted for available spaces based on portfolio review by the faculty. It is recommended that students interested in the B.S. programs take between six to nine upper division units in the area of specialization, and then submit a portfolio. By doing so, students will become acquainted with the Department and the specific requirements for portfolio review. Students must achieve "C" or better in each course required by the major. Students have only two chances to apply for the B.S. program.

Requirements

132 units, including 96 units for the major.

Lower Division:

Take all of the following courses:

- AH 111A Foundation Art History I (3)
- AH 111B Foundation Art History II (3)
- DESN 120A Fundamentals of Design (3)
- DESN 120B Fundamentals of Design (3)
- DESN 132A Perspective and Rendering Systems (3)
- DESN 132B Perspective and Rendering Systems (3)
- DESN 150 Design Drafting (3)
- DESN 151 Industrial Design Materials and Tools (2)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3-D Computer Aided Design (3)
- DESN 232A Visualization Techniques (3)
- DESN 232B Visualization Techniques (3)
- DESN 254 Production Materials and Techniques (3)
- DESN 255 2-D Computer Aided Graphics (3)
- DESN 280 Industrial Design Processes (3)
- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)

Upper Division:

Take all of the following courses:

- DESN 300 Designers in Their Own Words (3)
- DESN 320 Advanced Form Study (3)
- DESN 331A Industrial Design (3)
- DESN 331B Industrial Design (3)
- DESN 333A Industrial Design Methodology (3)
- DESN 333B Industrial Design Methodology (3)
- DESN 356 Advanced 3D Computer-Aided Design (3)
- DESN 368 History and Theory of Design (3)
- DESN 431A Advanced Industrial Design (4)
- DESN 431B Advanced Industrial Design (4)
- DESN 432 Advanced Rapid Visualization (3)
- DESN 435A Furniture Design (3)

Additional Requirements

Take a minimum of 7 units chosen from the following:

- DESN 344A/B, 346, 360A/B, 366, 367, 369, 370, 442G, 440, 460, 490, 495, 499C, 499G, 499H.

A total of 132 units is required for degree completion.

Students must achieve "C" or better in each course required by the major.

Bachelor of Arts in Design (code DESNBA01) (120 Units)

This degree provides the opportunity for the student to gain a broad exposure to the discipline. In addition to receiving a foundation through the core courses, the curriculum will also enable students to pursue a Track in an area of concentration.

Total units required: 78 upper and lower division.

Admission Under Impaction

To be eligible for admission to the major in General Design Studies (B.A. Design), applicants must have met requirements for admission to the university as a freshman or transfer student. Transfer applicants must have completed 42 units applicable toward a CSULB degree prior to the term of admission for which the application is submitted. Eligible applicants will be admitted for available spaces based on cumulative grade point average.

Requirements

Students must achieve a "C" or better in each course required by the major to progress in the sequence of study. A total of 120 approved units are required for degree completion.

Lower Division:

Take all of the following courses:

- AH 111A Survey of Western Art I (3)
- AH 111B Survey of Western Art II (3)
- DESN 120A Fundamentals of Design (3)
- DESN 120B Fundamentals of Design (3)
- DESN 132A Perspective and Rendering Systems (3)
- DESN 132B Perspective and Rendering Systems (3)
- DESN 151 Industrial Design Materials and Tools (2)
- DESN 232A Visualization Techniques (3)
- DESN 255 2D Computer Aided Graphics (3)

Upper Division:

Take all of the following courses:

- DESN 300 Designers in Their Own Words (3)
- DESN 450 Public Exhibition (3)
- DESN 460 Professional Practice in Design (3)

Select one Track:

Track 1 Architectural Rendering and Modeling (43 units)

Take all of the following courses:

- DESN 141 Interior Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 232B Visualization Techniques (3)
- DESN 241 Design Drawing and Processes (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 245 Building Systems for Interior Architecture (3)
- DESN 246 Computer-aided Drafting (3)
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 360A Environmental Communication (3)
- DESN 366 Advanced 3D Digital Modeling (2)

Take 6 units of Design History from the following:

- DESN 367, 368, 369, 370.

Take a minimum of 5 units from Electives.

Track 2 Lighting Design (43 units)

Take all of the following courses:

- DESN 141 Interior Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 241 Design Drawing and Processes (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 245 Building Systems for Interior Architecture (3)
- DESN 246 Computer-aided Drafting (3)
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 351A Process of Architectural/Interior Lighting Design (3)
- DESN 351B Applications of Architectural/Interior Lighting Design (3)
- DESN 360A Environmental Communication (3)

Take 6 units of Design History from the following:
DESN 367, 368, 369, 370.

Take a minimum of 4 units from Electives.

Track 3 Object Rendering and Modeling (43 units)

Take all of the following courses:

- DESN 150 Design Drafting (3)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3D Computer-Aided Design (3)
- DESN 232B Visualization Techniques (3)
- DESN 254 Production Materials & Tech Processes (3)
- DESN 280 Industrial Design Processes (3)
- DESN 320 Advanced Form Study (3)
- DESN 356 Advanced 3D Computer-Aided Design (3)
- DESN 360A Environmental Communication (3)
- DESN 432 Advanced Rapid Visualization (3)

Take 6 units of Design History from the following:
DESN 367, 368, 369, 370.

Take a minimum of 8 units from Electives.

Track 4 Display and Exhibition Design (43 units)

(Select set A or B)

Set A:

Take all of the following courses:

- ART 223 Introduction to Typography (3)
- ART 321 Graphic Design I: Introduction to Graphic Design (3)
- DESN 141 Interior/Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 246 Computer-aided Drafting (3)
- DESN 344A Display and Exhibition Design (3)
- DESN 344B Display and Exhibition Design (3)
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 360A Environmental Communication (3)
- DESN 360B Adv Environmental Communication (3)

Take 6 units of Design History from the following:
DESN 367, 368, 369, 370.

Take a minimum of 1 unit from Electives.

Set B:

Take all of the following courses:

- ART 223 Introduction to Typography (3)
- ART 321 Graphic Design I: Intro to Graphic Design (3)
- DESN 150 Design Drafting (3)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3D Computer-Aided Design (3)

- DESN 254 Production Materials & Tech Processes (3)
- DESN 344A Display and Exhibition Design (3)
- DESN 344B Display and Exhibition Design (3)
- DESN 356 Advanced 3D Computer-Aided Design (3)
- DESN 360A Environmental Communication (3)
- DESN 360B Adv Environmental Communication (3)

Take 6 units of Design History from the following:
DESN 367, 368, 369, 370.

Take a minimum of 5 units from Electives.

Track 5 Furniture Design (43 units)

(Select set A or B)

Set A:

Take all of the following courses:

- ART 221 Shop Orientation (1)
- ART 328A Fiber & Mixed Media: Sculptural Forms (3)
- ART 354A Introduction to Wood (3)
- DESN 141 Interior Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 246 Computer-aided Drafting (3)
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 360A Environmental Communication (3)
- DESN 369 History of Furniture and Decorative Arts (3)
- DESN 435A Furniture Design (3)
- DESN 435B Advanced Furniture Design (3)

Take 3 units of Design History from the following:
DESN 367, 368, 370.

Take a minimum of 3 units from Electives.

Set B:

Take all of the following courses:

- ART 221 Shop Orientation (1)
- ART 328A Fiber & Mixed Media: Sculptural Forms (3)
- ART 354A Introduction to Wood (3)
- DESN 150 Design Drafting (3)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3D Computer-Aided Design (3)
- DESN 254 Production Materials & Tech Processes (3)
- DESN 356 Advanced 3D Computer-Aided Design (3)
- DESN 360A Environmental Communication (3)
- DESN 369 History of Furniture and Decorative Arts (3)
- DESN 435A Furniture Design (3)
- DESN 435B Advanced Furniture Design (3)

Take 3 units of Design History from the following:
DESN 367, 368, 370.

Take a minimum of 7 units from Electives.

Track 6 History and Theory (43 units)

(Select set A or B)

Set A:

Take all of the following courses:

- AH 111C Foundation Art History III (3)
- AH 415 Issues in Art History: Theory and Practice (3)
- ART 333 Behind the Art Scene (3)
- DESN 141 Interior/Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 367 History and Theory of Architecture (3)
- DESN 368 History and Theory of Design (3)
- DESN 369 History of Furniture and Decorative Arts (3)
- DESN 370 Design in Contemporary Society (3)

Take a minimum of 10 units from Electives.

Set B:

Take all of the following courses:

- AH 111C Foundation Art History III (3)
- AH 415 Issues in Art History: Theory and Practice (3)
- ART 333 Behind the Art Scene (3)
- DESN 150 Design Drafting (3)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3D Computer-Aided Design (3)
- DESN 254 Production Materials and Technical Processes (3)
- DESN 367 History and Theory of Architecture (3)
- DESN 368 History and Theory of Design (3)
- DESN 369 History of Furniture and Decorative Arts (3)
- DESN 370 Design in Contemporary Society (3)

Take a minimum of 11 units from Electives.

Track 7 Environmental Communication (43 units)

(Select set A or B)

Set A:

Take all of the following courses:

- ART 223 Introduction to Typography (3)
- ART 318 TYPE II: Intermediate Typography (3)
- ART 321 Graphic Design I: Introduction to Graphic Design (3)
- ART 327 Graphic Design II: Intermediate Graphic Design (3)
- DESN 141 Interior/Architectural Drafting (3)
- DESN 142 Beginning Space Planning (3)
- DESN 143 Materials of Interiors (3)
- DESN 244 Lighting Design for Interior Architecture (3)
- DESN 246 Computer-aided Drafting (3)
- DESN 346 Computer-Aided Design – 3D Modeling (3)
- DESN 360A Environmental Communication (3)
- DESN 360B Adv Environmental Communication (3)

Take 6 units of Design History from the following:

- DESN 367, 368, 369, 370.

Take a minimum of 1 unit from Electives.

Set B:

Take all of the following courses:

- ART 223 Introduction to Typography (3)
- ART 321 Graphic Design I: Introduction to Graphic Design (3)
- ART 318 TYPE II: Intermediate Typography (3)
- ART 327 Graphic Design II: Intermediate Graphic Design (3)
- DESN 150 Design Drafting (3)
- DESN 154 Modeling and Prototyping Techniques (2)
- DESN 156 3D Computer-Aided Design (3)
- DESN 254 Production Materials and Technical Processes (3)
- DESN 356 Advanced 3D Computer-Aided Design (3)
- DESN 360A Environmental Communication (3)
- DESN 360B Adv Environmental Communication (3)

Take 6 units of Design History from the following:

- DESN 367, 368, 369, 370.

Take a minimum of 5 units from Electives.

Electives:

- AH 111C, 311, 411, 431, 444, 448, 449, 450; ART 221, 223, 318, 321, 327, 328A, 333, 354A, 354B, 359A; DESN 143, 232B, 241, 242, 245, 246, 280, 300, 320, 344A, 344B, 346, 351A, 351B, 356, 360A, 360B, 366, 432, 435A, 435B; THEA 142, 148, 433, 456, 448.

Courses (DESN)

LOWER DIVISION

120A-B. Fundamentals of Design (3-3)

Prerequisites: for 120A: none; for 120B: 120A.

Systematic approach to process of designing two, three-dimensional objects including color theory, surface, volume investigation.

Letter grade only (A-F). (6 hours laboratory)

132A-B. Perspective and Rendering Systems (3-3)

Prerequisites: for 132A: none; for 132B: 132A.

Fundamentals of drawing, perspective, rendering techniques used in the design disciplines for accurate dramatic presentations.

Letter grade only (A-F). (6 hours laboratory)

141. Interior/Architectural Drafting (3)

Architectural drafting graphic techniques used in light framing, commercial construction with emphasis on interiors.

Letter grade only (A-F). (6 hours laboratory)

142. Beginning Space Planning (3)

Prerequisites: DESN 120B, 132B, and 141 or consent of instructor.

Functional, human, aesthetic factors of space planning for interiors.

Letter grade only (A-F). (6 hours laboratory)

143. Materials of Interiors (3)

Prerequisites: DESN 142 or consent of instructor.

Materials, processes, resources related to interior architecture. Examination of technology, application through lecture, demonstration, field trips.

Letter grade only (A-F).

Not open for credit for students with credit in DESN 243.

150. Design Drafting (3)

Introduction to manual, computer aided drafting. Includes descriptive geometry; mechanism sketching; orthographic; isometric drafting; blueprint reading, printing, plotting.

Letter grade only (A-F). (6 hours laboratory)

151. Industrial Design Materials and Tools (2)

Hands-on experience with wood, metal, plastic materials, the technical tools for creating form. Includes appropriate safety instruction for use of power equipment.

Letter grade only (A-F). (4 hours laboratory)

154. Modeling and Prototyping Techniques (2)

Prerequisites: DESN 150 and 151.

Materials, processes, techniques for creating mock-ups, models, prototypes used by industrial designers.

Letter grade only (A-F). (4 hours laboratory)

156. 3D Computer-Aided Design (3)

Prerequisites: DESN 150.

Computer aided modeling strategies techniques for depicting three-dimensional surfaces, solids.

Letter grade only (A-F). (6 hours laboratory)

232A. Visualization Techniques (3)

Prerequisites: DESN 120B, 132B or consent of instructor.

Introduction to technical drawing, visual presentation of concepts using communication techniques employed by professional design studios.

Not open for credit to students with credit in DESN 232. Letter grade only (A-F). (6 hours laboratory)

232B. Visualization Techniques (3)

Prerequisite: DESN 232A or consent of instructor.

Further exploration of technical drawing, visual presentation of concepts using communication techniques employed by professional design studios.

Letter grade only (A-F). (6 hours of laboratory)

241. Design Drawing and Processes (3)

Prerequisites: DESN 142 and 232A or consent of instructor

Introduction to Design drawing, design processes. sketching, solving limited scale interior, architectural problems.

Letter grade only (A-F). (6 hours laboratory)

242. Interior/Architectural Model Building (3)

Prerequisites: DESN 120B, 132B, 142 and 151.

Building of interior/architectural models for construction, design analysis, presentation.

Letter grade only (A-F). (6 hours laboratory)

244. Lighting Design for Interior Architecture (3)

Prerequisites: DESN 120B, 132B and 142.

Use of conceptual practical design problems. Nature, properties of light, color are studied.

Letter grade only (A-F). (6 hours laboratory)

245. Building Systems for Interior Architecture (3)

Prerequisites: DESN 142.

Survey of design implications of typical building systems (structural, mechanical, plumbing, electrical, acoustical, energy conservation) as influences on interior architectural design.

Letter grade only (A-F). (3 hours lecture)

246. Computer-aided Drafting (3)

Prerequisite: DESN 141.

Principles, methods of computer graphic applications utilizing AutoCad. Computer drafting of commercial, residential projects.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (6 hours of laboratory)

254. Production Materials and Technical Processes (3)

Prerequisites: DESN 154 and 156.

Study of production processes, industrial materials utilized in the manufacturing of products. Includes introduction to rapid prototyping.

Letter grade only (A-F). (6 hours laboratory)

255. 2D Computer-Aided Graphics (3)

Prerequisites: DESN 150 or 141 or consent of instructor.

Introduction to computer-aided graphics and image manipulation. Composition with typography and image for presentation authoring. Technology and terminology for digital media processes.

Letter grade only (A-F). (6 hours laboratory) Not open for credit for students with credit in DESN 256.

280. Industrial Design Processes (3)

Prerequisites: DESN 154, 156, 232B and 255.

Introductory course in the design processes utilized by industrial designers for product development.

Letter grade only (A-F). (6 hours laboratory)

UPPER DIVISION

300. Designers in Their Own Words (3)

Prerequisites: AH 111A and 111B

Prominent design professionals discuss their career experiences and offer advice through formal presentations to design majors and guests.

Letter grade only (A-F). May be repeated up to 6 units.

320. Advanced Form Study (3)

Prerequisites: DESN 232B and consent of instructor.

Development of 3D models as it relates to Industrial Design. Form generation with emphasis on structure, proportion, surface, transition, detail and trim.

Letter grade only (A-F). (6 hours laboratory)

331A. Industrial Design (3)

Prerequisites: DESN 280 and Junior standing in the professional program.

Planning design of useful products for industrial production. Course requires student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

331B. Industrial Design (3)

Prerequisites: DESN 331A and Junior standing in the professional program

Further explorations of planning design of useful products for industrial production. Course may require student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

333A. Industrial Design Methodology (3)

Prerequisites: DESN 280 and Junior standing in the professional program or consent of instructor.

Examination of methods, techniques in design problem solving. Course requires student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

333B. Industrial Design Methodology (3)

Prerequisites: DESN 333A and Junior standing in the professional program.

Further examination of methods, techniques in design problem solving. Course requires student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

341A. Interior Design (3)

Prerequisites: DESN 241, 242, 244, 245, 246, and Junior standing in the professional program.

Design of interior environments emphasizing interrelationships between interior space, architectural form, and human factors in design. Course may require laptop computer. See Department of Design website current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

341B. Interior Design (3)

Prerequisites: DESN 341A and Junior standing in the professional program.

Further exploration of design of interior environments emphasizing interrelationships between interior space, architectural form, and human factors in design. Course may require student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

342. Interior/Architectural Presentations (3)

Prerequisites: DESN 232, 241, and Junior standing in the professional program.

Exploring, using various techniques, methods of visually, verbally presenting design concepts, ideas, finished projects.

Letter grade only (A-F). (6 hours laboratory)

343. Advanced Drafting and Detailing (3)

Prerequisites: DESN 242, 245, and Junior standing in the professional program.

Advanced drafting, detailing skills of architectural interior design related to light frame, other construction processes. Course may require student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications. Letter grade only (A-F). (6 hours laboratory)

344A. Display and Exhibition Design (3)

Prerequisites: AH 111A, 111B; DESN 120B, 141 or 150 and 232A or consent of instructor.

Use of materials, processes, design concepts in planning preparation of displays, exhibits.

Letter grade only (A-F). (6 hours laboratory)

344B. Display and Exhibition Design (3)

Prerequisites: 344A or consent of instructor.

Use of materials, processes, design concepts in planning preparation of displays, exhibits.

Letter grade only (A-F). (6 hours of laboratory)

346. Computer-Aided Design – 3D Modeling (3)

Prerequisites: DESN 132B, 246; and for BFA Interior Design: DESN 242; and for BA Design: DESN 143.

Computer-aided drawing, rendering, 3D drawing, solid modeling. Includes lighting, animation techniques for spatial/architectural modeling, design.

Letter grade only (A-F). May be repeated to a maximum of 6 units. (6 hours laboratory)

351A. Process of Architectural/Interior Lighting Design (3)

Prerequisites: DESN 232A, 244 or consent of instructor.

Exploration of processes used to conceptualize, present, develop architectural lighting designs.

Letter grade only (A-F). (6 hours laboratory)

351B. Applications of Architectural/Interior Lighting Design (3)

Prerequisites: 351A or consent of instructor

Exploration of major categories of applications (e.g., residential, office, etc.) specific principles, conventions, codes that apply to them as well as the basic use of lighting equipment common to these applications.

Letter grade only (A-F). (6 hours laboratory)

356. Advanced 3D Computer-Aided Design (3)

Prerequisites: DESN 156, 232A, and 255.

Advanced computer aided modeling techniques and strategic exercises created to assist, improve, and accentuate the design process.

Letter grade only (A-F). (6 hours laboratory)

360A. Environmental Communication (3)

Prerequisites: AH 111A, 111B; DESN 232A, 255 and 346 or 356 or consent of instructor.

With new tools and methodology, design and present experimental, dynamic and interactive environments through use of form, color, light, sound, materials, and movement. Create systems for audience experience within virtual and physical environments. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory) Not open for credit for students with credit in DESN 360.

360B. Advanced Environmental Communication (3)

Prerequisites: DESN 360A or consent of instructor. For Art majors: ART 149, 327 or consent of instructor.

Further exploration of audience experience. Design and present identification and information. Create systems for navigation within virtual and physical environments. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F).

366. Advanced 3D Digital Modeling (2)

Prerequisites: DESN 346

Advanced texturing, and rendering techniques in 3D digital modeling for interior design.

Letter grade only (A-F). (4 hours laboratory)

367. History and Theory of Architecture (3)

Prerequisite: Completion of GE Foundation requirements.

Evolution of architecture relative to human need to shape environment in accordance with governing concerns of specific periods in history.

Not open for credit to students with credit in ART 417. (3 hours lecture)

368. History and Theory of Design (3)

Prerequisite: Completion of GE Foundation requirements.

Development of design as an independent creative activity including a consideration of both pre-technological and technological culture.

Not open for credit to students with credit in ART 418. (3 hours lecture)

369. History of Furniture and Decorative Arts (3)

Study of the history of furniture, finish materials, accessories.

Letter grade only (A-F). (3 hours lecture)

370. Design in Contemporary Society (3)

Prerequisite: Completion of GE Foundation requirements.

Discover principles of design by examining human relationship to built environment through a sequence of scales: from organization of cities, to public architecture, housing, design of furniture, products. Emphasis will be on experiencing design through lecture, lab, field observations, projects.

Letter grade only (A-F). (3 hours lecture)

431A. Advanced Industrial Design (4)

Prerequisite: DESN 331B, PHYS 100A, 100B or consent of instructor

Advanced planning, design of projects in area of mass produced objects, packaging, traffic, transportation, mechanical design, shelter.

Letter grade only (A-F). (8 hours laboratory)

431B. Advanced Industrial Design (4)

Prerequisite: DESN 431A.

Further explorations of advanced planning, design of projects in area of mass produced objects, packaging, traffic, transportation, mechanical design, shelter.

Letter grade only (A-F). (8 hours laboratory)

432. Advanced Rapid Visualization (3)

Prerequisites: DESN 232B, 255; and for BS Industrial Design: DESN 156; and for BFA Interior Design: DESN 346; and for BA Design: DESN 156 or 346 or consent of instructor.

Advanced idea generation, visualization for designers.

Letter grade only (A-F). (6 hours of laboratory)

435A. Furniture Design (3)

Prerequisites: DESN 151, 232A; and for BS Industrial Design: DESN 331A; and for BFA Interior Design: DESN 341A; and for BA Design: ART 221, 328A, 354A and DESN 360A.

Design of public, private interior furnishings with in-depth study of potentials of contemporary production methods, materials.

Letter grade only (A-F). (6 hours of laboratory)

435B. Advanced Furniture Design (3)

Prerequisites: DESN 435A, or consent of instructor.

Continuation of DESN 435A. Projects focus upon research, impact of human factors on design of furniture.

Letter grade only (A-F). (6 hours laboratory)

440. Professional Practices for Interior Architecture (3)

Corequisite: DESN 441A or consent of instructor.

Examination of professional practices for commercial (corporate) institutional/public interior architectural design.

Letter grade only (A-F). (6 hours laboratory)

441A. Advanced Interior Design (4)

Advanced interior design and space planning problems emphasizing relationships between built environment and human factors with a focus on social and environmental issues in design. Course may require student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (8 hours laboratory)

441B. Advanced Interior Design (4)

Prerequisites: DESN 441A.

Further exploration of advanced interior design and space planning problems emphasizing relationships between built environment and human factors with a focus on social and environmental issues in design. Course may require student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (8 hours laboratory)

442G. Internship in Industrial Design (3)

Prerequisite: DESN 331A or consent of instructor.

Student internship experience in selected industrial design offices. Opportunity to work under supervision of industrial designers in field to expand student understanding of complexities, discipline, challenges in practice of industrial design.

Limited to 6 units in one semester and a total of 9 units. (6 hours laboratory)

442H. Internship in Interior Design (3)

Prerequisite: DESN 341A or consent of instructor

Student internship experience in selected interior design offices. An opportunity to work under supervision of interior designers, architects in field to expand student understanding of complexities, discipline, challenges in practice of interior design.

Limited to 6 units in one semester and a total of 9 units. (6 hours laboratory)

450. Public Exhibition (3)

Prerequisites: DESN 360A, concurrent enrollment in DESN 460, no more than 3 units of upper division Track electives remaining or consent of instructor.

To refine and enhance a Track concentration through the development of a senior project and comprehensive exhibition. Course may require a student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

460. Professional Practice in Design (3)

Prerequisites: DESN 360A, concurrent enrollment in DESN 450, no more than 3 units of upper division Track electives remaining or consent of instructor.

Standards of practice including ethics, marketing, contracts, portfolio presentation and other customs of the trade for design professionals. Course may require a student-owned laptop computer. See Department of Design website for current laptop hardware and software specifications.

Letter grade only (A-F). (6 hours laboratory)

490. Special Topics in Design (1-3)

Prerequisite: Consent of instructor.

Special topics of current interest in design will be selected for intensive study.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 12 units with different topics. (2-6 hours laboratory)

495. Field Studies in Design (1-6)

An opportunity to study design movements, objects, theories, techniques at appropriate off-campus locations.

Up to 6 units of cumulative credit may be earned in DESN 495.

499C. Special Studies in Display and Exhibition Design (3)

Prerequisite: Consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in display, exhibition design.

Limited to 6 units in one semester and a total of nine units. (6 hours laboratory)

499G. Special Studies in Industrial Design (3)

Prerequisite: Consent of instructor.

Opportunity for extensive work with faculty supervision on individual problems in industrial design.

Limited to 6 units in one semester and a total of 9 units. (6 hours laboratory)

499H. Special Studies in Interior Design (3)

Prerequisite: Consent of instructor.

Opportunity for extensive work with faculty supervision on individual

problems in interior design.

Limited to 6 units in one semester and a total of 9 units. (6 hours laboratory)

GRADUATE LEVEL

590. Special Problems in Design (1-3)

Prerequisite: Consent of instructor.

Special problems of current interest in design will be selected for intensive study.

Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F). May be repeated to a maximum of 12 units with different topics. (2-6 hours laboratory)

599. Studio Problems in Design (3)

Prerequisite: Consent of instructor.

Advanced individual graduate projects, with faculty supervision, in an area of design specialization.

Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F). Limited to six units in one semester and a total of 12 units in any one area. (6 hours laboratory)

690A. Seminar in Design (3)

Prerequisite: Consent of instructor.

Selected reading and writing concerning topics relevant to student's specific disciplines in design with opportunity for interdisciplinary discussion.

Letter grade only (A-F).

690B. Seminar in Design (3)

Prerequisite: Consent of instructor.

Professional preparation for designers stressing practical concerns as well as current trends in design practices, theory and criticism.

Letter grade only (A-F).

692. Public Exhibition (2-3)

Prerequisite: Consent of instructor.

Planning, preparation, administration of a public exhibition of creative work related to the design field.

Two units only for all M.A. candidates. Three units only for all M.F.A. candidates. Course will result in a public exhibition by each M.A. and M.F.A. candidate. Letter grade only (A-F). (6 hours or more laboratory)

694. Directed Studies Studio (1-3)

Prerequisite: Consent of instructor.

Independent studies in creative studio.

Letter grade only (A-F).

695. Field Problems in Design (1-6)

Opportunity to study design movements, objects, theories, techniques or literature at appropriate off-campus locations.

Up to 6 units of cumulative credit may be earned in DESN 695.

697. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Independent studies in technical, historical aspects of design.

Letter grade only (A-F).

698. Thesis or Project (1-6)

Prerequisite: Advancement to candidacy.

Planning, preparation, completion of a thesis or project.

Required of all M.A. candidates. Letter grade only (A-F)

699. Thesis or Project (1-6)

Prerequisite: Advancement to candidacy.

Planning, preparation, completion of thesis or project.

Letter grade only (A-F). Required of all M.F.A. candidates and all candidates seeking a second M.A.

Graduate: Alejandra C. Edwards

Career Possibilities

Economist • Agricultural Economist • Financial Analyst • Industrial Analyst • International Trade Economist • Labor Specialist • Market Research Analyst • Tax Analyst • Investment Analyst • Teacher • Securities Salesperson • Bank Management • Loan Officer • Investment Counselor • Social Researcher • Auditor • Credit Analyst • Statistician • Urban Planner (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

When resources are scarce, difficult choices must be made on how resources are to be divided among competing uses. Economics is a social science that addresses the allocation of scarce resources.

Undergraduate Programs

Bachelor of Arts in Economics (code ECONBA01) (120 units)

Requirements

Lower Division:

Take all of the following courses:

ECON 100 Principles of Macroeconomics (3)

ECON 101 Principles of Microeconomics (3)

ACCT 201 Elementary Financial Accounting (3)

Take one of the following courses:

MATH 115 Calculus for Business (3)

MATH 122 Calculus I (4)

Students with upper division status declaring Economics as a major may substitute ECON 300 for ECON 100 and 101.

Upper Division:

Take all of the following courses with a "C" or better:

ECON 310 Microeconomic Theory (3)

ECON 311 Macroeconomic Theory (3)

ECON 380 Economic Statistics (4)

Take six additional upper-division courses in Economics of which at least two must be at the 400 level.

The following courses may not be used to satisfy the elective requirement in economics: ECON 300, 306I, 366, 495, and 499.

Option in Mathematical Economics and Economic Theory (code ECONBA02) (120 units)

Requirements

Lower Division:

Take all of the following courses:

ECON 100 Principles of Macroeconomics (3)

ECON 101 Principles of Microeconomics (3)

MATH 122 Calculus I (4)

MATH 123 Calculus II (4)

MATH 224 Calculus III (4)

MATH 247 Introduction to Linear Algebra (3)

Students with upper-division status declaring the option may substitute ECON 300 for ECON 100 and 101.

Upper Division:

Economic Theory:

Take all of the following courses with a "C" or better:

ECON 310 Microeconomic Theory (3)

ECON 311 Macroeconomic Theory (3)

Statistics:

Take all of the following courses:

MATH/STAT 380 Probability and Statistics (3)

STAT 381 Mathematical Statistics (3)

Advanced Theory and Quantitative Methods:

Take at least one of the following courses:

ECON 403, 410, 411, 420, 485, 486

Elective Courses:

At least four additional upper-division courses in economics of which at least one economics course must be taken at the 400 level. Students may take one course from the following in meeting the elective requirement: MATH 364A, 485; STAT 410 or 450; these will not substitute for the 400-level economics requirement. ECON 300, 306I, 366, 380, 495 and 499 may not be taken to meet the elective requirement.

Bachelor of Arts in Business Economics (code ECONBA03) (120 units)

Requirements

Lower Division:

Take all of the following courses:

ECON 100 Principles of Macroeconomics (3)

ECON 101 Principles of Microeconomics (3)

ACCT 201 Elementary Financial Accounting (3)

Students with upper division status declaring economics as a major may substitute ECON 300 for ECON 100 and 101.

Take one of the following courses:

MATH 115 Calculus for Business (3)

MATH 122 Calculus I (4)

Upper Division:

Take all the following courses with a "C" or better:

- ECON 310 Microeconomic Theory (3)
- ECON 311 Macroeconomic Theory (3)
- ECON 380 Economic Statistics (4)

Take six additional upper division courses from the following groups (at least two must be at the 400 level):

Group A. Analytical Economics

Take at least two courses from the following:

- ECON 355, 430, 434, 438, 450, 462, 470.

Group B. Quantitative and Applied Economics

Take at least two courses from the following:

- ECON 330, 420, 437, 441, 455, 465, 471, 485, and 486.

Group C. Business and Economics

Take one course from the following:

- ECON 320, 333, ACCT 310, FIN 300.

Remaining elective may be any class offered by Economics, except ECON 300, 306I, 366, 495 or 499.

Minor in Economics (code ECONUM01)

The Minor in Economics is available to any non-Economics or non-Business Economics major.

A minimum of 24 units which must include:

Lower Division:

Take all of the following courses:

- ECON 100 Principles of Macroeconomics (3)
- ECON 101 Principles of Microeconomics (3)

Students with upper division status declaring the minor may substitute ECON 300 for ECON 100 and 101 with departmental consent.

Take one of the following courses:

- MATH 115 Calculus for Business (3)
- MATH 122 Calculus I (4)

Upper Division:

Take the following course:

- ECON 310 Microeconomic Theory (3)

Take one of the following courses:

- ECON 311 Macroeconomic Theory (3)
- ECON 320 Money and Banking (3)

Take at least three additional upper division economics courses, of which at least one must be at the 400 level.

The following courses may not be taken as upper division electives in economics: ECON 300, 495, 499

Minor in Business Economics (code ECONUM02)

The Minor in Business Economics is available to any non-Economics or non-Business Economics major.

A minimum of 24 units which must include:

Lower Division:

Take all of the following courses:

- ECON 100 Principles of Macroeconomics (3)
- ECON 101 Principles of Microeconomics (3)

Students with upper division status declaring the minor may substitute ECON 300 for ECON 100 and 101.

Take one of the following courses:

- MATH 115 Calculus for Business (3)
- MATH 122 Calculus I (4)

Upper Division:

Take one of the following courses:

- ECON 310 Microeconomic Theory (3)
- ECON 333 Managerial Economics (3)

Take one of the following courses:

- ECON 311 Macroeconomic Theory (3)
- ECON 320 Money and Banking (3)

The remaining 9 units (3 courses) may be selected from the upper division courses listed immediately above or any of the following courses:

- ECON 355, IS 310 or ECON 330, 380, 372, 420, 430, 434, 441, 450, 455, 463, 485, 486.

Minor in International Economics (code ECONUM03)

The Minor in International Economics is available to any non-Economics or non-Business Economics major.

A minimum of 24 units is required and must include:

Lower Division:

Take all of the following courses:

- ECON 100 Principles of Macroeconomics (3)
- ECON 101 Principles of Microeconomics (3)

Students with upper division status declaring the minor may substitute ECON 300 for ECON 100 and 101.

Take one of the following courses:

- MATH 115 Calculus for Business (3)
- MATH 122 Calculus I (4)

Upper Division:

Take one of the following courses:

- ECON 310 Microeconomic Theory (3)
- ECON 333 Managerial Economics (3)

Take one of the following courses:

- ECON 311 Macroeconomic Theory (3)
- ECON 320 Money and Banking (3)

Take any three of the following courses:

- ECON 366, 372, 465, 470, 471

Master of Arts in Economics (code ECONMA01)

Candidates in this program are responsible for observing the general requirements stated in this catalog as well as requirements specified by the Department. Information may be obtained from the graduate advisor. A limited number of graduate assistantships are available to qualified students.

Prerequisites

1. A bachelor's degree with a major in economics; or
2. A bachelor's degree with 24 units of upper division courses comparable to those required of a major in economics at this University. (Deficiencies will be determined by the Economics Department.);
3. A minimum undergraduate GPA of 3.0 ("B") in upper division economics courses.
4. Graduate students must consult with the graduate advisor for information concerning department procedures and for approval of their course of study before entering the master of arts program in economics.

Advancement to Candidacy

Satisfy the general requirements of the University for advancement to candidacy.

Requirements

1. Thirty-two units of upper-division and graduate courses (500- and 600-level courses, of which 26 units must be in economics). All students must develop two fields of concentration in economics, including economic theory (microeconomics and macroeconomics);
2. Satisfactory completion of the following courses:
ECON 503 Mathematical Economics (3)
ECON 510 Advanced Microeconomics (3)
ECON 511 Advanced Macroeconomics (3)
ECON 585 Econometrics I (4)
ECON 586 Econometrics II (4)
3. Students must pass two comprehensive examinations, one in microeconomics and one in macroeconomics. Students must also successfully complete coursework in two elective fields of concentration with grades of "B" or better in the appropriate 600-level courses. A field of concentration includes a 600-level course and at least one upper-division or 500-level prerequisite course.

Courses (ECON)

LOWER DIVISION

100. Principles of Macroeconomics (3)

Prerequisites: MATH 103 or higher and one course from the Foundation Curriculum.

Money and banking, price changes, national income analysis, business cycles, economic growth, fiscal and monetary policy, international trade.

Not open for credit to students with credit in ECON 202.

101. Principles of Microeconomics (3)

Prerequisite or corequisite: MATH 103 or higher.

Business organization, price theory, allocation of resources, distribution of income, public economy.

Not open for credit to students with credit in ECON 201.

UPPER DIVISION

General Education Category A must be completed prior to taking any upper division course except upper division language courses where students meet formal prerequisites and/or competency equivalent for advanced study.

300. Fundamentals of Economics (3)

Prerequisites: Completion of GE Foundation requirements.

Designed for non-majors. Presents basic training in economics for social studies teachers or citizens who wish to exercise a reasoned judgment about economic issues in public affairs. Content generally same as ECON 100, 101, in condensed form.

Not open for credit to students with credit in ECON 100 or 101 except by consent of the Economics Department.

306I. Environmental Issues of the World Economy (3)

Prerequisites: Completion of the G.E. Foundation and the Category B requirement, and ECON 101.

Interdisciplinary analysis of human impact on the atmosphere and biological diversity; consideration of policies to foster sustainable development with emphasis on the economic perspective.

Open only to nonmajors.

310. Microeconomic Theory (3)

Prerequisites: ECON 100, 101 and MATH 115 or 122.

Analysis of economic concepts and their applications to business situations. Emphasis on supply and demand analysis, costs of

production, variations of competition and monopoly, revenues, prices, profits and losses, and other aspects of the operations of the business enterprise.

Any prerequisite course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in ECON 310.

311. Macroeconomic Theory (3)

Prerequisites: ECON 100, 101 and either MATH 115 or 122.

Determinants of levels of income, employment, and prices; of secular and cyclical changes in economic activity; and of the effects of public policies upon aggregative economic experience.

Any prerequisite course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in ECON 311.

313. History of Economic Thought (3)

Prerequisites: ECON 100 and 101, or 300.

Evolution of economics as a science. Doctrines of the different schools of economic thought. Study of the contributions of outstanding economists.

320. Money and Banking (3)

Prerequisites: ECON 100, 101 and either MATH 115 or 122.

Nature and functions of money and its relation to prices; the monetary system of the United States; the functions of banks, bank credit, foreign exchange and monetary control.

330. Game Theory (3)

Prerequisites: ECON 101 or 300.

A formal study of conflict and cooperation, and their application to modeling and analyzing an interactive situation, especially in the context of microeconomics.

333. Managerial Economics (3)

Prerequisites: ECON 100, 101 and either MATH 115 or 122.

The tools of marginal analysis and their application to managerial decisions and planning. Emphasis upon calculating solutions to operational problems. Topics include demand analysis, production and cost, pricing, and output decisions. Product and factor markets will be analyzed.

355. Law and Economics (3)

Prerequisites: ECON 100 and 101, or 300.

Analysis of economic concepts and their application to law and legal institutions. Emphasis on property law, contract law, accident law, crime control and judicial administration.

366. Introduction to Development Economics (3)

Prerequisites: ECON 100 and ECON 101 OR ECON 300.

Economic and social aspects of economic development. General analysis of all aspects of economies in developing countries. Application of concepts to current situation in developing countries from different parts of the world.

Open only to nonmajors.

372. International Economics (3)

Prerequisites: ECON 100 and 101, or 300.

International trade and exchange rate theory. Types of trade control: tariffs, quotas, exchange manipulation, monopolies. Basic U.S. and European commercial policies since 1930.

Not open for credit to students with credit in ECON 470 or 471.

380. Economic Statistics (4)

Prerequisites: ECON 100, 101 and either MATH 115 or 122.

Use of descriptive and inferential statistical concepts for the analysis of economic data. Topics include measures of central tendency and dispersion, probability theory, discrete and continuous probability distributions, hypothesis testing, regression and correlation analysis.

Any prerequisite course in which a grade lower than "C" is received must be retaken and successfully completed prior to enrolling in ECON 380.

(Lecture 3 hours, activity 2 hours)

403./503. Mathematical Economics (3)

Prerequisites: ECON 310, 311, and consent of instructor.

Applications of calculus, linear algebra and other mathematical tools in formulating and solving economic problems. Designed for exceptional undergraduate students who intend to pursue a graduate degree in economics. Letter grade only (A-F).

410./510. Advanced Microeconomics (3)

Prerequisites: ECON 310 and 311.

Applications of microeconomic theory. Examination and analysis of particular markets and contemporary issues. Specific emphasis on policy analysis for government and business decisions. This course is designed for exceptional undergraduate students who intend to pursue a graduate degree in economics.

Letter grade only (A-F). Not open for credit to students with credit in ECON 410H.

411./511. Advanced Macroeconomics (3)

Prerequisites: ECON 310 and 311.

Applications of macroeconomics, monetary and forecasting theory to operational management and planning decisions of government and business. This course is designed for exceptional undergraduate students who intend to pursue a graduate degree in economics.

Letter grade only (A-F). Not open for credit to students with credit in ECON 411H.

420. Forecasting (4)

Prerequisites: ECON 380 and either ECON 311 or 320.

Principles and methods of forecasting. Evaluation of the reliability of existing forecasting techniques. Also covers use of the macroeconomic model as a basis for forecasting and the role of forecasts in the formulation of national economic policy.

(Lecture 3 hours, activity 2 hours.)

430. Industrial Organization (3)

Prerequisites: ECON 310 or 333.

The structure, behavior and performance of firms and industries. Implications of separation of ownership and control, Corporate social responsibility and the profit motive. The dilemma of size versus competition.

434. Economics of Regulation (3)

Prerequisites: ECON 310 or 333.

A comprehensive survey of the past, present and future of the political regulation of economic and business activity. Consideration of the rationale for regulation and deregulation and the creation, design and removal of regulatory practices.

437./537. Urban Economics (3)

Prerequisite: ECON 310.

Economic analyses of city formation and size, business and residential location decisions, land use. Application of microeconomic theory to urban transportation issues, residential segregation, urban poverty and crime, and housing markets. Introduction to local public finance and provision of local public goods.

438./538. Regional Economics (3)

Prerequisites: ECON 310 and ECON 311.

Economic evolution and growth of cities, states and countries. Roles of geography, demography, location of industries, and factors determining regional growth and development will be considered. Special attention will be paid to the economic integration of U.S. states and European nations.

441. Labor Economics (3)

Prerequisites: ECON 310 and ECON 380.

Manpower resources and their utilization, with particular reference to labor unions, collective bargaining and related public policies. Effects of these institutions on production, employment, prices and patterns of income distribution.

450. Public Sector Economics (3)

Prerequisites: ECON 310 and 311.

Analysis of the theory of public goods. Criteria for efficient allocation of resources between private and public sectors. Possible responses of government externalities, such as environmental degradation. Emphasis on the allocation and distribution effects of government expenditures and taxation.

455./555. Transportation Economics (3)

Prerequisites: ECON 310 and ECON 380.

Economic analysis of intercity transportation, cost measurement, applications of pricing principles, project evaluation, and economic regulation. Policies towards railroads, air transportation, and intercity highways.

Letter grade only (A-F).

462./562. Environmental Economics (3)

Prerequisite: ECON 310.

Economic analysis of environmental problems and policy. Market failures due to externalities, public goods, and common property resources will be examined. Private (market) and public (governmental) solutions to environmental problems are examined.

463./563. Energy Economics (3)

Prerequisite: ECON 310.

Application of economic analysis to energy problems and policies. Representative topics include macroeconomic effects of energy price shocks, international financial fragility, OPEC pricing strategies, determinants of demand and supply, industrial organization and finance, investor and publicly owned utilities, domestic and international policies.

464./564. Natural Resource Economics (3)

Prerequisite: ECON 310.

Microeconomic and capital theory applied to problems of conserving and managing natural resources. Analysis of public policies affecting renewable and nonrenewable resources including price controls, taxation and leasing. Representative topics include: forestry, fishery, energy, water, and mineral economics.

465./565. Economic Development (3)

Prerequisite: ECON 310 and 311.

Economic and social factors underlying economic development. Analysis of problems associated with economic growth of less developed countries. Evaluation of development policies.

470./570. International Trade (3)

Prerequisites: ECON 310.

Examines theories of trade, welfare implications of different trade policies, the political economy of trade policies, and global trading arrangements.

471./571. International Finance (3)

Prerequisites: ECON 311 and ECON 380.

Covers topics in international finance in both an applied and theoretical framework, such as the balance of payments, the foreign exchange market, income, trade, capital flows, asset market adjustment mechanisms, and exchange rate regimes.

485./585. Econometrics I (4)

Prerequisites: ECON 310, 311, and 380.

First course in a two-semester sequence introducing students to basic techniques in econometrics. Basic statistics and the classical linear regression model are covered. Emphasis is given to computing estimators using simulated and actual data sets.

(Lecture 3 hours, activity 2 hours)

486./586. Econometrics II (4)

Prerequisites: ECON 485.

The second in a two-semester sequence introducing students to basic techniques in econometrics: advanced regression, including

time-series and panel data analysis. Critical evaluation of selected examples of empirical economic research, and exercises in applied econometrics.

(Lecture 3 hours, activity 2 hours.)

490. Special Topics in Economics (3)

Prerequisite: Consent of instructor.

Topics of current interest in economics selected for intensive development.

May be repeated to a maximum of 6 units. Topics will be announced in the *Schedule of Classes*.

491H. Senior Honors Seminar in Economics (3)

Prerequisites: Senior status, ECON 485 or 486, and consent of instructor.

Provides opportunity for students to integrate their knowledge of economics, statistics-econometrics and computer studies. Designed as a seminar in research where students will be expected to write a paper and present their research results orally. Research topics must be approved by instructor.

495. Field Studies Practicum (3)

Prerequisites: ECON 310 or 333 and consent of instructor.

Observation and practical experience, at a managerial level, in an appropriate business or government enterprise.

Applications for permission to enroll must be filed with the Economics Department at least six weeks prior to beginning of the semester involved.

May be repeated to a maximum of 6 units.

499. Directed Study (1-3)

Prerequisite: Consent of instructor.

Independent study under the supervision of a faculty member.

May be repeated to a maximum of 6 units.

GRADUATE LEVEL

500. Business Economics (3)

Workings of the price system in resource allocation with special emphasis on the role of business in the economy. Analysis of the economic implications of various forms of industrial organization and the application of public policy to business activity.

Not open to students majoring in economics or pursuing an M.A. in economics. Letter grade only (A-F).

503./403. Mathematical Economics (3)

Applications of calculus, linear algebra and other mathematical tools in formulating and solving economic problems.

Letter grade only (A-F).

510./410. Advanced Microeconomics (3)

Prerequisites: ECON 403 or 503.

Applications of microeconomic theory. Detailed examination and analysis of particular markets and contemporary issues in light of economic theory. Specific emphasis on policy analysis for government and business decisions.

Letter grade only (A-F). Not open for credit to students with credit in ECON 510H.

511./411. Advanced Macroeconomics (3)

Prerequisites: ECON 403 or 503.

Applications of macroeconomics, monetary and forecasting theory to operational management and planning decisions of government and business. This course is designed for exceptional undergraduate students who intend to pursue a graduate degree in economics.

Letter grade only (A-F). Not open for credit to students with credit in ECON 511H.

537./437. Urban Economics (3)

Economic analyses of city formation and size, business and residential location decisions, and land use. Application of microeconomic theory to urban transportation issues, residential segregation, urban poverty and crime, and housing markets. Introduction to local public finance and provision of local public goods.

Letter grade only (A-F).

538./438. Regional Economics (3)

Economic evolution and growth of cities, states and countries. Roles of geography, demography, location of industries, and factors determining regional growth and development will be considered. Special attention will be paid to the economic integration of U.S. states and European nations.

Letter grade only (A-F).

555./455. Transportation Economics (3)

Economic analysis of intercity transportation, cost measurement, applications of pricing principles, project evaluation, and economic regulation. Policies towards railroads, air transportation, and intercity highways.

Letter grade only (A-F).

562./462. Environmental Economics (3)

Economic analysis of environmental problems and policy. Market failures due to externalities, public goods, and common property resources will be examined. Private (market) and public (governmental) solutions to environmental problems are examined.

Letter grade only (A-F). Same course as ECON 462. Not open for credit to students with credit in ECON 462.

563./463. Energy Economics (3)

Application of economic analysis to energy problems and policies. Representative topics include macroeconomic effects of energy price shocks, international financial fragility. OPEC pricing strategies, determinants of demand and supply, industrial organization and finance, investor and publicly owned utilities, domestic and international policies.

Letter grade only (A-F). Same course as ECON 463. Not open for credit to students with credit in ECON 463.

564./464. Natural Resource Economics (3)

Microeconomic and capital theory applied to problems of conserving and managing natural resources. Analysis of public policies affecting renewable and nonrenewable resources including price controls, taxation and leasing. Representative topics include: forestry, fishery, energy, water, and mineral economics.

Letter grade only (A-F). Same course as ECON 464. Not open for credit to students with credit in ECON 464.

565./465. Economic Development (3)

Economic and social factors underlying economic development. Analysis of problems associated with economic growth of less developed countries. Evaluation of development policies.

Letter grade only (A-F).

570./470. International Trade (3)

Prerequisites: ECON 310.

Examines theories of trade, welfare implications of different trade policies, the political economy of trade policies, and global trading arrangements.

Letter grade only (A-F).

571./471. International Finance (3)

Covers topics in international finance in both an applied and theoretical framework, such as the balance of payments, the foreign exchange market, income, trade, capital flows, asset market adjustment mechanisms, and exchange rate regimes.

Letter grade only (A-F).

585./485. Econometrics I (4)

First course in a two-semester sequence introducing students to basic techniques in econometrics. Basic statistics and the classical linear regression model are covered. Emphasis is given to computing estimators using simulated and actual data sets.

Letter grade only (A-F). (Lecture 3 hours, activity 2 hours)

586./486. Econometrics II (4)

Prerequisites: ECON 585

The second in a two-semester sequence introducing students to basic techniques in econometrics: advanced regression, including time-series and panel data analysis. Critical evaluation of selected examples of empirical economic research, and exercises in applied econometrics.

Letter grade only (A-F). (Lecture 3 hours, activity 2 hours)

597. Directed Studies (1-3)

Prerequisite: Consent of instructor.

Intensive reading and/or practical research in economics.

Letter grade only (A-F).

660. Seminar in Natural Resources and the Environment (3)

Prerequisites: ECON 510, 511, 585, and one of the following: ECON 462, 463 or 464.

Research methods applied to selected topics from energy, natural resources, and the environment.

Letter grade only (A-F). (Seminar, 3 hours.)

666. Seminar in Transportation Economics (3)

Prerequisites: ECON 510, 511, 555 and 585.

Advanced topics in transportation economics including passenger and freight transportation issues, congestion pricing, toll roads, mass transit systems, maritime economics, transportation regulation, firm performance, as well as welfare effects of transportation policy.

Letter grade only (A-F).

670. Seminar in International Trade and Development (3)

Prerequisites: ECON 510, 511, 585 and either ECON 565, 570, or 571.

Selected topics dealing with current problems and solutions in international trade, finance, and development.

Letter grade only (A-F).

690. Seminar in Economics (3)

Prerequisites: ECON 510, 511, and 585.

Seminar on topics of current interest in economics.

May be repeated to a maximum of 6 units with different topics.

Letter grade only (A-F).

697. Directed Research (1-3)

Prerequisite: Consent of instructor.

Independent research under the guidance of a faculty member.

Letter grade only (A-F).

EDUCATION, COLLEGE OF

Dean: Marquita Grenot-Scheyer

Introduction

The College of Education's mission is to create and nurture a learning and teaching community committed to excellence in education. We fulfill our purpose by preparing professionals to be socially responsible leaders, engaging in research and scholarly activity which informs and improves practice; valuing diversity as we work to achieve common goals; serving and collaborating with schools, agencies, the community and each other; engaging in an inclusive process for planning, communicating, working; and assessing progress toward our goals.

The College provides undergraduate and graduate studies in education through three departments -- Liberal Studies, Teacher Education, and Advanced Studies in Education and Counseling -- and one university-wide program -- the Single Subject Credential Program. Curriculum in college programs focuses on the preparation of personnel for teaching and educational service in pre-school settings, elementary, middle and high schools, community colleges, adult programs, and other educational agencies. Descriptions that include prerequisites and requirements for each credential, certificate, and degree program are listed in this catalog in the department that houses the particular program. Doctoral program information is included at the end of this section.

College programs are accredited by the National Council for Accreditation of Teacher Education (NCATE) and the State Commission on Teacher Credentialing (CTC).

Please visit the college website at www.ced.csulb.edu for detailed information on departments, programs, centers, and offices.

Programs at a Glance

Bachelor of Arts in Liberal Studies

Master of Arts in Education with Options in:

Educational Administration

Educational Psychology

Educational Technology

Curriculum and Instruction (Elementary Education)

Curriculum and Instruction (Secondary Education)

Dual Language Development

Early Childhood Education

Reading and Language Arts

Mathematics Education

Librarianship

Social and Cultural Analysis of Education

Master of Science in Special Education

Master of Science in Counseling with Options in:

Career Counseling (discontinuance under consideration,
admission suspended)

Marriage and Family Therapy (MFT)

School Counseling

Student Development in Higher Education

Ed.D. in Educational Administration and Leadership (Joint)

(Suspended, no new students admitted)

Ed.D. in Educational Leadership

Teaching Credentials

Elementary:

Preliminary Multiple Subject Credential Program

Preliminary Multiple Subject Credential Program with
Bilingual Cross-cultural Language and Academic
Development (BCLAD) Emphasis

Integrated Teacher Education Program (ITEP)

Secondary:

Single Subject Credential Program

Art, Biological Sciences, Chemistry, English (Emphasis
in Black Studies, Comparative Literature, Creative
Writing, Journalism, Language and Linguistics, Literacy
and Composition, Literature, Speech, Theatre Arts),
Geosciences, Health Science, Home Economics,
Industrial and Technology Education, Languages Other
than English (French, German, Italian, Japanese, Latin,
Spanish), Mathematics, Music, Physical Education
(Adapted P.E., Elementary School, Secondary School),
Physics, Social Science (covering Anthropology,
Economics, Geography, History, Political Science,
Psychology, Sociology)

- Specialist Teaching Credentials
 - Reading and Language Arts
 - Education Specialist Credential Program, Level I: Mild/Moderate Disabilities or Moderate Severe Disabilities
 - Education Specialist Credential Program, Level II: Mild/Moderate Disabilities or Moderate/Severe Disabilities
- Services Credentials
 - Preliminary Administrative Services
 - Professional Administrative Services
 - Teacher Librarian Services
 - School Counseling
 - School Psychology
- Graduate Certificates
 - Career Guidance Specialist (discontinuance under consideration, admission suspended)
 - Community College
- Other Credentials and Authorizations
 - Please refer to the College of Health and Human Services section of this catalog for credential programs in:
 - Adapted Physical Education
 - Designated Subjects (Career Technical Education; Adult Education)
 - Health Services (School Nurse)
 - Speech-Language Pathology Services
 - School Social Work, Child Welfare, and Attendance

Credential Programs

Public school teaching and service credentials in California are regulated by the state legislature and administered by the State Commission on Teacher Credentialing (CTC). Credential programs offered at CSULB have been developed to meet current requirements, which are complex and continually reviewed and changed by legislative and agency action. Candidates for all credentials must meet legal requirements in effect when completing credential programs. It is the responsibility of the candidate to be familiar with the program requirements. For information regarding admission, academic requirements, and fieldwork, contact the specific credential program coordinator. For information on state credential laws and regulations, pending changes, and new legislation, contact the Credential Center (ED1-42; 562/985-4109; credentials@csulb.edu).

Basic Teaching Credentials

There are three types of basic teaching credentials: Multiple Subject, Single Subject, and Education Specialist. The Preliminary Multiple Subject Credential authorizes the holder to teach all subjects in a self-contained classroom, generally in an elementary school. A teacher authorized for multiple subject instruction may be assigned to teach in any self-contained classroom — pre-K to grade 12, or in classes for adults. In practice, most teachers with a multiple subject authorization teach in elementary schools. In addition to completing a sequence of professional preparation courses and student teaching, candidates for the Multiple Subject Credential must demonstrate subject matter competence by passing the California Subject Examinations for Teachers: Multiple Subjects (CSET: Multiple Subjects) as a condition of entry to the program. With additional course work, students

in the Preliminary Multiple Subject Credential Program may earn a Bilingual Cross Cultural and Academic Development (BCLAD) authorization in Spanish, Cambodian (Khmer), Chinese (Mandarin or Cantonese), Korean, or Vietnamese. For detailed information on the Multiple Subject Credential Program, refer to the Teacher Education Department section in this catalog or visit the Teacher Preparation Advising Center (ED1-67; 562/985-1105).

One of the pathways to a Multiple Subject credential is the Integrated Teacher Education Program (ITEP). ITEP combines undergraduate study of academic subjects aligned to the California standards for the K-8 curriculum with professional preparation courses, field experiences, and student teaching. ITEP students may also complete the requirements for the Education Specialist Credential or Bilingual Cross Cultural and Academic Development (BCLAD) Credential along with those for the Multiple Subject Credential and receive dual authorization. ITEP students are required to demonstrate subject matter competence by passing the CSET: Multiple Subjects exam as a condition of advancement to student teaching. For detailed information on the ITEP program, refer to the Liberal Studies section of this catalog or contact the Liberal Studies Department (AS 133; 562/985-4228).

The Single Subject Credential authorizes the holder to teach a specified subject. A teacher authorized for single subject instruction may be assigned to teach this subject at any grade level — pre-K through grade 12, or in classes for adults. In practice, most teachers with a single subject authorization teach departmentalized classes in middle, junior high or senior high schools. CSULB offers Commission on Teacher Credentialing-approved Subject Matter Programs in Art, Biological Sciences, Chemistry, English Geosciences, Health Science, Home Economics, Industrial and Technology Education, Languages Other than English (French, German, Italian, Japanese, Latin, Spanish) Mathematics, Music, Physical Education (Adapted P.E., Elementary School, Secondary School), Physics, and Social Science. For detailed information on the Single Subject Credential Program, refer to the Single Subject Teacher Education section in this catalog or visit the Teacher Preparation Advising Center (ED1-67; 562/985-5325).

The Education Specialist Credential authorizes a candidate to teach in a special education assignment with students with special needs. This K-12 credential certifies individuals to work as a special day class teacher, inclusion support teacher, a resource specialist. In addition to completing a sequence of professional preparation courses and student teaching, candidates must demonstrate subject matter competence by passing all three sub-tests of the California Subject Examinations for Teachers: Multiple Subjects, or the appropriate CSET exam in Math, Science, or Language Arts as a condition of entry to the program. Another pathway to the Education Specialist Credential is the Integrated Teacher Education Program (ITEP), through which students can earn dual authorization to teach Multiple Subjects and Special Education. For detailed information on the Education Specialist Credential Program, refer to the Advanced Studies in Education and Counseling section in this catalog or visit the Teacher Preparation Advising Center (ED1-67; 562/985-1105).

Elementary and secondary teachers who wish to diversify their teaching authorizations may do so by fulfilling specific requirements. Further information is available in the Credential Center (ED1-42; 562/985-4109; credentials@csulb.edu).

Obtaining the Preliminary Credential

Requirements for the Preliminary and Professional Clear credentials are set by the Commission on Teacher Credentialing in accordance with state law. Requirements for the Preliminary credential include:

1. a bachelor's degree from an accredited institution
2. an approved professional preparation program, including the teaching of reading and student teaching
3. verification of subject matter competence (coursework or examination)
4. passage of CBEST (California Basic Educational Skills Test) or an equivalent basic skills test
5. completion of an approved course or examination in the U.S. Constitution
6. demonstration of Level I computer technology proficiency (course or exam)
7. for Multiple Subject and Education Specialist candidates, passage of the Reading Instruction Competence Assessment (RICA)

Graduates of CSULB credential programs meet Commission and program requirements and are recommended for the Preliminary credential by the College.

Obtaining the Professional Clear Credential

The Preliminary Credential is valid for five years from the date of issuance and is not renewable. During the first five years of teaching, teachers are expected to earn the Professional Clear Credential through a Commission-approved Professional Teacher Induction Program sponsored by a school district, county office of education, college or university, consortium, or private school.

For information on the Professional Clear credential, contact the Credential Center (ED1-42; 562/985-4109; credentials@csulb.edu).

Entry Levels for Basic Credential Programs

Credential programs may begin at five different levels:

1. Qualified candidates who wish to earn the Multiple Subject Credential may begin the Integrated Teacher Education Program (ITEP) in the Liberal Studies Department as first-term freshmen. This program leads to the Multiple Subject Credential in four and a half years of full time, accelerated study.
2. Qualified transfer students from community colleges who wish to earn the Multiple Subject Credential and who have started the Integrated Teacher Education Program (ITEP) at their community college may continue the program as transfer students. This program leads to the Multiple Subject Credential in four and a half years of full time, accelerated study.
3. Junior level – With a carefully planned program, credential program courses may be taken as electives as early as the first semester of the junior year with completion of the program coming as early as the first semester after graduation.

4. Senior level – Credential program courses may be taken during the senior year as electives. The remaining credential courses and student teaching are then completed at the post-baccalaureate level. (Note: By petition only, up to twelve units of course work taken in the final undergraduate semester -- and not needed to meet major or degree requirements -- may be counted as postgraduate credit toward credit on a district salary ladder. This petition must be filed prior to graduation. Information is available in the Teacher Preparation Advising Center (ED1-67; 562/985-1105).
5. Graduate level – The entire credential program may be completed at the post-baccalaureate level.

Application to Credential Programs

Information on application to basic credential programs is available in the Teacher Preparation Advising Center (ED1-67; 562/985-1105). Students currently not enrolled in the University must file an application for admission to the University (www.csumentor.edu) as well as an application to the specific program. Note: Some programs have established application periods each year that are separate from the University application periods and process.

Application for Student Teaching

Candidates for student teaching for the summer or fall term of any year must apply by March 1. Spring candidates must apply by October 1. Student Teaching application deadlines are firm.

Candidates for student teaching must attend a Student Teaching Application Meeting which is the only venue for distributing applications. Dates and times for each application period are posted on bulletin boards and program websites.

Appeal Process

Students may address an appeal to the appropriate committee regarding any policy related to admission and continuation in a teacher preparation program. Petition forms and assistance are available in the Teacher Preparation Advising Center (ED1-67; 562-985-1105).

Specialist Credentials

CSULB offers programs leading to a Reading Certificate and to a Reading and Language Arts Specialist Credential. Both require a valid basic teaching credential. (Note: the Adapted Physical Education Credential is available through the Department of Kinesiology. Refer to the College of Health and Human Services section of this catalog.)

Service Credentials

Service credential programs are available in the following areas: Preliminary Administrative Services, Professional Administrative Services, Teacher Librarian Services, School Counseling, and School Psychology. Both the Preliminary Administrative Services and the Teacher Librarian Services credentials require a valid basic teaching credential. (Note: Designated Subjects, Health Services [school nurse], Speech-Language Pathology Services, and School Social Work, Child Welfare and Attendance credentials are also available at CSULB. Refer to the College of Health and Human Services section of this catalog.)

Degree Programs

Bachelor's Degree Programs

The college offers a bachelor's degree in Liberal Studies through the Liberal Studies Department. The Liberal Studies Track I major is a cross-disciplinary liberal arts program of study that meets both the General Education and major requirements of the university. This major prepares students in the broad content necessary for successful elementary school teaching. Track I students often begin taking credential program courses in the junior or senior year, and complete the credential program in the first year after graduating. The Integrated Teacher Preparation Program (ITEP) is a Liberal Studies major that combines a broad liberal arts course of study with teacher preparation courses. ITEP students graduate with both a BA degree and a Preliminary Multiple Subject Teaching Credential. For more information, refer to the Liberal Studies Department section of this catalog.

Master's Degree Programs

Master's degree programs are offered in two departments within the College. General procedures, policies, requirements, and applications for the master's degrees are available from the Graduate Studies and Research Office, ED1-7 (www.ced.csulb.edu/graduate), and are listed following each option in the appropriate section of the catalog. In order to pursue a master's degree, students must submit applications to both the University and the program.

The Advanced Studies in Education and Counseling Department offers a Master of Science degree in Counseling, with Options in Marriage and Family Therapy, School Counseling, Student Development in Higher Education, and Career Counseling (discontinuancy under consideration); and a Master of Science degree in Special Education. The Master of Arts in Education degree is offered with Options in Educational Administration, Educational Psychology, Educational Technology, Librarianship, and Social and Cultural Analysis of Education.

The Teacher Education Department offers six options in the Master of Arts in Education: Curriculum and Instruction (Elementary Education), Curriculum and Instruction (Secondary Education), Dual Language Development, Early Childhood Education, Mathematics Education, and Reading/Language Arts.

To be considered for admission to a master's degree program, students must submit a program application, official transcripts, test scores (if applicable), and any additional program requirements to the Office of Graduate Studies and Research in the College of Education. Program applications vary; please check the individual program for additional requirements. Program applications may be obtained from the Office of Graduate Studies and Research (ED1-7; 562/985-8476; www.ced.csulb.edu/graduate). Please note: Not all programs admit students for the spring semester. For additional program information and contact numbers for advisors, visit the College of Education website at www.ced.csulb.edu and navigate to the appropriate program.

All master's degree candidates in education are required either to complete a thesis or project or take a comprehensive examination according to the requirements of the degree or degree option. Application for enrollment for thesis, project, or

comprehensive examination must be made by October 1 for the spring semester or by March 1 for the fall semester.

University Requirements for Admission to Master's Programs

To be eligible for admission to the respective College of Education master's degree programs, applicants must meet the following grade point average (GPA) requirements:

Clear Conditional Admission — Applicants must have a GPA of 2.85 or higher in the last 60 semester or 90 quarter units of course work taken. Lower division and/or extension courses taken after obtaining the bachelor's degree are excluded from this calculation.

Applicants who meet all requirements for clear conditional admission except one program requirement may nevertheless qualify for clear conditional admission by earning a minimum GPA of 3.00 on 12 units of approved course work planned by the student and advisor.

Conditional Admission — Applicants who fail to meet more than one program admission requirement must be recommended by faculty as a promising candidate in order to be conditionally admitted.

NOTE: Individual programs retain the right to determine who is admitted to the program. Meeting the University requirements for clear conditional or conditional admission does not guarantee acceptance to the program.

Clear conditional admission to the CED is required for enrollment in 500 and 600 level courses.

Advancement to Candidacy

To be advanced to candidacy for a graduate degree, a candidate must:

1. Fulfill the Graduation Writing Assessment Requirement (GWAR)
2. Satisfy all general University requirements for advancement to candidacy, as well as the specific requirements for the degree option
3. A minimum 3.0 overall grade-point average and a 3.0 grade-point average in all units undertaken for the student program (at least 6 units)
4. Complete all prerequisites and testing, file for an approved program of studies with the College of Education Office of Graduate Studies and Research, and be currently enrolled
5. Resolve all incomplete grades (to either "complete" or "default" grade)

Note: The Graduate Record Examination (GRE) is required for the MA in Education, Option in Educational Psychology.

College Offices and Services

The following services and offices are available in the College. For information about these services and offices, visit the College of Education website at www.ced.csulb.edu and navigate to the appropriate program or office.

- Center for Collaboration in Education (CCE)
- Center for Language Minority Education and Research (CLMER)
- Credential Center (CC)
- Development Office
- Educational Career Services (ECS)
- Educational Psychology Clinic
- Service Experiences for ReVitalizing Education (SERVE)
- Scholarships

Educational Leadership Doctorate

P-12 Specialization (code EDADPH02) Community College/Higher Education Specialization (code EDADPH03)

The Education Leadership doctoral program is designed to prepare current and future P-16 educational leaders to develop and nurture organizations that are designed to serve the diverse populations of southern California. Graduates of this program will be prepared to serve as leaders in urban education with expertise to function in a global technological society. The program produces reflective practitioners aware of the complex challenges of curriculum, finance, organizational dynamics, and collaboration with local, state, and national stakeholders.

Students will become more effective leaders by (a) solving problems from multiple perspectives; (b) using multicultural competence to interact with personnel, students and community members; (c) challenging assumptions to improve educational systems; and (d) learning to lead organizations toward respect of divergent viewpoints, learning styles, and ranges of ability.

Emphasis is placed on the expanding and changing role of education for social change to meet the needs of society. Graduate students in a learning cohort community will experience an interdisciplinary approach to the study of educational leadership, teaching and learning, organizational development, management and research.

Graduates of the program will be qualified for a variety of teaching and leadership positions in education and education-related settings, such as superintendent, central office administrator, school principal in P-12, or chancellor, president or administrator in community colleges or 4-year universities.

University Admission

Applications are reviewed annually and students accepted to the program begin study in the summer of each year. Students must file an application for Graduate Admission along with one complete set of official transcripts from all educational institutions with the University Office of Admissions.

Program Admission Requirements

In addition to the university application, prospective students must also submit a program application. Admission is granted on a competitive basis; meeting the minimum requirements qualifies an individual for consideration but does not guarantee admission to the program. Requirements for admission will apply to all Ed.D. applicants and include:

1. Evidence of completing an acceptable baccalaureate degree earned at a regionally accredited institution.
2. Evidence of completing a master's degree earned at a regionally accredited institution, or the applicant has completed equivalent academic preparation.
3. A cumulative grade point average of at least 3.0 in upper-division and graduate study combined.
4. Good standing at the last institution of higher education attended.
5. Demonstration of sufficient preparation for, experience in, and potential for educational leadership, including:

successful experience in leadership in school, postsecondary, or community contexts, and/or policy leadership; academic excellence; problem-solving ability; technological proficiency; interest in critically assessing current educational policies and practices; and interest in improving current educational policies and practices.

6. Graduate Record Examination (GRE) scores from the three sections of the General Test, taken within five years of applying to the Ed.D. program.
7. Three letters of recommendation attesting to leadership and scholarship potential.
8. A written statement of purpose reflecting an understanding of the challenges facing the public schools or community colleges in California.
9. A written statement from the applicant describing the applicant's plan for meeting professional responsibilities and the demands of the program.
10. A written statement from the applicant's employer indicating support for the applicant's doctoral studies, if applicable.
11. A personal interview.

Program Requirements

The program requires a minimum of 60 units of which 12 are dissertation units. At least 42 units must be completed in residence at the campus.

All courses must be completed:

1. Core courses (23 units):
 - EDLD 720 Proseminar in Educational Leadership (3)
 - EDLD 721A Advanced Proseminar in Educational Leadership (1)
 - EDLD 721B Advanced Proseminar in Educational Leadership (1)
 - EDLD 721C Advanced Proseminar in Educational Leadership (1)
 - EDLD 721D Advanced Proseminar in Educational Leadership (1)
 - EDLD 721E Advanced Proseminar in Educational Leadership (1)
 - EDLD 722 History and Systems of U.S. Education (3)
 - EDLD 723 Legal and Ethical Leadership: Implications for Policy and Practice in P-16 Educ Settings (3)
 - EDLD 724 Critical Perspectives of U.S. Education and Diversity (3)
 - EDLD 725 Organizational Leadership in Educational Settings (3)
 - EDLD 726 Policy, Politics, Power in Educational Settings (3)
2. Research courses (13 units):
 - Take all of the following:
 - EDLD 730 Educational Research Epistemologies and Methodologies (3)
 - EDLD 731 Qualitative Research Methods for Educational Leadership (3)
 - EDLD 733 Program and Student Assessment (1)
 - EDLD 734 Survey Methods in Educ Research (1)
 - EDLD 735 Applied Field Research (2)
 - Take one of the following:
 - EDLD 732A Inferential Data Analysis in Education A (3)
 - EDLD 732B Inferential Data Analysis in Education B (3)

3. Specialization courses (12 units). Choose one of the following specializations:
 - A. Community College/Higher Education Specialization:
 - EDLD 740 Policy and Finance Issues in Community Colleges (3)
 - EDLD 741 Teaching and Learning in Post Secondary Settings (3)
 - EDLD 742 Exploration of Campus Cultures: Impact and Influence (3)
 - EDLD 743 Leadership in Higher Education (3)
 - B. P-12 Specialization:
 - EDLD 750 Instructional Improvement and Accountability (3)
 - EDLD 751 Organizational Culture and Community Engagement in Education (3)
 - EDLD 752 Financial and Human Resource Development (3)
 - EDLD 753 Supervision of Curriculum, Teaching, Learning and Assessment (3)
4. Dissertation (12 units):
 - EDLD 798 Doctoral Dissertation (3)

Doctoral students must maintain a 3.0 GPA to be in good standing. Students who have a grade point average below 3.0 in two successive terms will be disqualified from the program.

The Ed.D. program is designed to allow students to complete all program requirements within three calendar years, including three required summer sessions. Students are expected to complete program requirements within five years after full admission to the program. Extensions of up to two years may be granted if the student is in good standing, there are compelling individual circumstances, and the student demonstrates current knowledge of research and practice in educational leadership. After completion of all course work and successful completion of the qualifying examination, the student will advance to candidacy and undertake the dissertation.

Continuous enrollment is a requirement of the program. If extenuating circumstances require that the student leave the program for a period of time, the faculty will consider an adjusted schedule and an individualized plan.

Qualifying Examination Paper

The qualifying examination paper shall include a rigorous written demonstration of student knowledge; the examination must be passed prior to the student's advancement to candidacy. The examination will be due by the end of the fourth term in the program. The student will synthesize knowledge from courses taken to date: (1) Leadership core courses, (2) Research Methods courses, and (3) Specialization courses completed up to that time. The structure of the qualifying examination paper will be a definition of the problem under study and a review of the literature that could serve as a preparatory chapter of the dissertation.

Dissertation Proposal Examination

The dissertation proposal examination and oral defense will evaluate the student's readiness to proceed with the dissertation research. The dissertation proposal examination will consist of the first three chapters of the dissertation. It will typically focus on an examination of (a) an educational issue, (b) a practice or program, (c) an educational policy or reform

or improvement, or (d) implementation studies within an educational organization or community setting.

The dissertation committee will evaluate the proposal. A determination of passing must be made by consensus of the committee. Passing this examination shall constitute formal approval for the candidate to proceed with the proposed dissertation research, subject to Institutional Review Board approval.

Advancement to Candidacy

After being admitted to the program, passing the qualifying examination, completing coursework, and successfully defending the dissertation proposal, the student will advance to candidacy. The total time from admission until candidacy shall not exceed three years unless there are mitigating circumstances and the program faculty have approved the extension. An extension for advancement to candidacy shall not exceed one year.

Dissertation

The dissertation shall be the written product of systematic, rigorous research on a significant educational issue. The dissertation is expected to contribute to an improvement in public P-12 or community college professional practices or policy, generally or in the context of a particular educational institution.

The dissertation shall identify the field-based research problem and question(s), state the major theoretical perspectives, explain the applied significance of the undertaking, relate it to the relevant scholarly and professional literature, set forth the appropriate sources for and methods of gathering and analyzing the data, and offer a conclusion or recommendation. It shall include a written abstract that summarizes the significance of the work, objectives, methodology, and a conclusion or recommendation.

The Dissertation Committee will minimally consist of a chair and two members. The chair will be selected by the procedure followed by the College of Education. The chair and student will then select two other members: one will be from the college faculty and the other will be either a university faculty member outside of the college, a P-16 practitioner who holds a doctorate, or a community member associated with the program who holds a doctorate.

The dissertation committee chair shall provide primary supervision for the dissertation. The chair shall be a tenured or tenure-track faculty member in the College. The Ed.D. program director may allow the replacement of a committee member, based on the evaluation of a rationale provided by the student or committee member making the request.

Final Examination Oral Defense of the Dissertation

The Dissertation Committee will conduct a final oral examination during which the doctoral student defends the dissertation. By unanimous vote the Committee may approve the dissertation and recommend conferral of the degree or may request minor and/or substantive changes. In the event that the Dissertation Committee requires substantive changes, the final vote of the Committee will be postponed until the changes are completed. The Committee may also vote to reject the dissertation, thereby ending the student's participation in the degree program.

Courses (EDLD)

720. Proseminar in Educational Leadership (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

An introduction to the field of educational leadership, an orientation to doctoral education, skill development for successful completion of the doctorate, and peer and professional mentoring groups to support students throughout the program. This is the first semester of a six semester sequence.

Letter grade only (A-F).

721A. Advanced Proseminar in Educational Leadership (1)

Prerequisite: Admission to the Educational Leadership Doctorate program and EDLD 720 or consent of program director.

Focus on integrating theory and research into practice. This is the second semester of a six semester sequence.

Credit/No Credit grading only.

721B. Advanced Proseminar in Educational Leadership (1)

Prerequisite: Admission to the Educational Leadership Doctorate program and EDLD 720, 721A or consent of program director.

Focus will be on exploring career options in educational leadership. This is the third semester of a six semester sequence.

Credit/No Credit grading only.

721C. Advanced Proseminar in Educational Leadership (1)

Prerequisite: Admission to the Educational Leadership Doctorate program and EDLD 720, 721A, 721B or consent of program director.

Focus on preparing for the qualifying examination. This is the fourth semester in a six semester sequence.

Credit/No Credit grading only.

721D. Advanced Proseminar in Educational Leadership (1)

Prerequisite: Admission to the Educational Leadership Doctorate program and EDLD 720, 721A, 721B, 721C or consent of program director.

Focus on the role of inquiry in practice. This is the fifth semester of a six semester sequence.

Credit/No Credit grading only.

721E. Advanced Proseminar in Educational Leadership (1)

Prerequisite: Admission to the Educational Leadership Doctorate program and EDLD 720, 721A, 721B, 721C, 721D or consent of program director.

Focus on current issues and trends in leadership. This is the sixth semester of a six semester sequence.

Credit/No Credit grading only.

722. History and Systems of U.S. Education (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Critical analysis of major schools of U.S. historical thought and their connection to social developments and examination of history as an interpretive, subjective process in which historians engage in dialogue with larger intellectual communities.

Letter grade only (A-F).

723. Legal and Ethical Leadership: Implications for Policy and Practice in P-16 Educational Settings (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of legal and ethical issues, implications, and applications. Exploration of leadership in complex educational environments, multiple perspectives applying legal and ethical

principles and policies, technological legal research. Examination of broad national and state theoretical and practical contexts using an ethical, legal leadership framework.

Letter grade only (A-F).

724. Critical Perspectives of U.S. Education and Diversity (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of identity in relation to disenfranchisement in educational institutions, multiple forms of cultural hegemony, policy and practices that foster inequality in schooling as well as issues related to students with disabilities and second language learners.

Letter grade only (A-F).

725. Organizational Leadership in Educational Settings (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of dynamic organizations from a leader's perspective. Analysis of organizational theory, structure, culture and interrelationships from multiple perspectives as well as the leader's role in managing critical factors that can undermine a high performance organization.

Letter grade only (A-F).

726. Policy, Politics, Power in Educational Settings (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

In-depth analysis of topics relevant to politics and power in educational policy and reform. Exploration of issues related to governance, structure, programs, leadership, strategic planning and assessment.

Letter grade only (A-F).

730. Educational Research Epistemologies and Methodologies (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

In-depth exploration of epistemological underpinnings of educational research, qualitative and quantitative studies, and emergent research and methodologies pertinent to educational practice and policy.

Letter grade only (A-F).

731. Qualitative Research Methods for Educational Leadership (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Advanced study of qualitative research traditions and methods for both understanding and application. Methods and research design elements include ethnographic and focus group interviews, participant and naturalistic observation, case study and document analysis.

Letter grade only (A-F).

732A. Inferential Data Analysis in Education A (3)

Prerequisites: Admission to the Educational Leadership Doctorate program and EDLD 730 or consent of program director.

Hypothesis testing using analysis of variance, factorial analysis of variance, analysis of covariance, multiple regression, and path analysis. A focus on data analyses to address research questions, interpretation of the results, and preparation of a written report of the findings.

Letter grade only (A-F).

732B. Inferential Data Analysis in Education B (3)

Prerequisites: Admission to the Educational Leadership Doctorate program and EDLD 730 or consent of program director, ED P 419 or equivalent, and EDLD 730.

Hypothesis testing using analysis of variance, factorial analysis of variance, analysis of covariance, multiple regression, and path analysis. Overview of Structural Equation Modeling. A focus on data analyses to address research questions, interpretation of the results, and preparation of a written report of the findings.

Letter grade only (A-F).

733. Program and Student Assessment (1)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Assessment of student learning and development and program assessment. Focus on design of a holistic program evaluation incorporating assessment and measurement of student outcomes.

Letter grade only (A-F).

734. Survey Methods in Educational Research (1)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Focus on application and practical methodological tools in designing survey research in educational settings.

Letter grade only (A-F).

735. Applied Field Research (2)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Faculty-led field research. Student participation in work related to an approved topic or to a faculty member's research and scholarship.

Letter grade only (A-F).

740. Policy and Finance Issues in Community Colleges (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

In-depth analysis of the community college system, function and purpose. Exploration of issues related to governance, structure, program, leadership, and strategic planning and assessment.

Letter grade only (A-F).

741. Teaching and Learning in Post Secondary Settings (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Focus on student development and learning theories based on cognitive, psychosocial, typology, and person-environment perspectives. Exploration of the role of faculty and others in the collaborative development and implementation of responsive curricula at 2- and 4-year institutions.

Letter grade only (A-F).

742. Exploration of Campus Cultures: Impact and Influence (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of faculty, administrative, and student cultures in terms of values, behavioral norms, impact and influences. Application of research methods to the study of campus cultures. Dialogue concerning the implications of these findings for higher education policies and practices.

Letter grade only (A-F).

743. Leadership in Higher Education (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Analysis of current research and theories on leadership and organizational change in higher education: multicultural organizational development theories, planning, change, and the effective strategies for change. Exploration of case studies of organizational leadership.

Letter grade only (A-F).

750. Instructional Improvement and Accountability (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of the role of educational leaders in engaging stakeholders in data collection, analysis, and application to practice; the development of a culture of inquiry, and the

distribution of leadership for continuous instructional improvement and accountability systems design.

Letter grade only (A-F).

751. Organizational Culture and Community Engagement in Education (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of school organizational culture, leadership and the local community in a global context: organizational strategies and development of teams to promote systemic change, cultural transformation and social justice.

Letter grade only (A-F).

752. Financial and Human Resource Development (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of the acquisition, distribution, cultivation and management of human, fiscal, and time resources in public education. Identification and application of skills necessary for harnessing human and financial resources that further the goals of a school and district.

Letter grade only (A-F).

753. Supervision of Curriculum, Teaching, Learning and Assessment (3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Advanced theoretical analysis of curriculum, teaching, learning, and assessment of student achievement in diverse settings; impact of electronic and information technology on student knowledge acquisition; principles of professional development; macro and micro political and policy influences; leadership implications.

Letter grade only (A-F).

790. Special Topics in Educational Leadership (1-3)

Prerequisite: Admission to the Educational Leadership Doctorate program or consent of program director.

Examination of various issues in educational leadership.

Topics will be announced in the *Schedule of Classes*. Letter grade only (A-F). May be repeated with different topics in the same semester up to a maximum of 24 units.

- A. Issues of Leadership Roles and Responsibilities
- B. Change Management
- C. Focus Group Facilitation
- D. Data-based Organizational Change
- E. Applications of Technology
- F. The Needs of Student Populations
- G. Governing Boards
- H. Staff Development Programs
- I. Personnel Assessment Instruments

797. Directed Individual Study (1-3)

Prerequisites: Consent of instructor, department chair and associate dean.

Individual research or intensive study under the guidance of a faculty member.

Letter grade only (A-F). May be repeated to a maximum of 24 units in different semesters. Special Begin Date: Summer 2007.

798. Doctoral Dissertation (3)

Prerequisites: Consent of instructor/doctoral candidacy required. Student research and writing of the Ed.D. dissertation.

Credit/No Credit grading only. May be repeated to a maximum of 24 units in different semesters.

ELECTRICAL ENGINEERING

College of Engineering

Department Chair: Bahram Shahian

Department Office: Engineering and Computer Science (ECS) 512

Telephone: (562) 985-5102/5103

Website: <http://www.csulb.edu/colleges/coe/ee>

Faculty: Mahyar Amouzegar, James Ary, Chin Chang, Anastasios G. Chassiakos, Christopher Druzgalski, Fumio Hamano, Kenneth James, I-Hung Khoo, Rajendra Kumar, Slawomir Lobodzinski, Tulin E. Mangir, Hassan Mohamed-Nour, Harnatha Reddy (Emeritus), Alfonso Rueda, Bahram Shahian, Robert Teng, Chit-Sang Tsang, Mahmoud Wagdy, Fei Wang, Ray Wang, Henry Yeh

Undergraduate Advisors

Electrical Engineering: James Ary

Electronics and Computer Engineering Technology: I-Hung Khoo

Electronics Engineering Technology: I-Hung Khoo

Graduate Advisor: Fumio Hamano

General Education Advising: Academic Advising - Horn Center

Biomedical Engineering Advisor: Christopher Druzgalski

Administrative Coordinator: Barbara V. L. Marshall

Students desiring detailed information should contact the department office for referral to one of the faculty advisors.

Career Possibilities

Electrical Engineer • Systems Engineer • Electronics Engineer • Communications Engineer • Electrical Design Engineer • Sales Engineer • Electronics Test Engineer • Research Engineer • Consultant • Manufacturer's Representative • Safety Engineer • Quality Control Specialist • Production Manager (Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.)

Advisory and Development Council

The Department of Electrical Engineering is supported by an Advisory and Development Council consisting of outstanding engineers and executives from industry and government in southern California. Its function is to form a liaison between the University and industry and to keep the administration and faculty informed of modern engineering practices. This ensures that the curricula are kept up-to-date. It also advises on placement opportunities before and after graduation.

ABET Accreditation

The Bachelor of Science in Electrical Engineering Program and the Bachelor of Science in Electronics Engineering Technology and Computer Engineering Technology Programs are respectively accredited by the Engineering Accreditation Commission (EAC) and the Technology Accreditation Commission (TAC) of ABET, Inc., 111 Market Place, Suite #1050, Baltimore, MD 21202, phone: 410-347-7700, website: <http://www.abet.org>. Students enrolling in these programs are advised to get in touch with the undergraduate advisors for information regarding ABET requirements.

Undergraduate Programs

Bachelor of Science in Electrical Engineering (code EE__BS01) (133 units)

The objectives of the Bachelor of Science in Electrical Engineering Program are to prepare students to be successful and advance in their chosen careers in industry, academia, and public institutions, making significant contributions to the field of electrical engineering.

The above objectives are achieved by providing students:

1. a solid foundation in basic science, mathematics, and EE practices and major design skills to maintain high employability, adaptability, and an ability to develop and apply new technology;
2. effective communication skills to be able to progress in their careers;
3. an awareness of ethical and societal responsibilities;
4. an ability to work effectively in a team environment.

The bachelor's degree in electrical engineering is designed to prepare graduates for responsible engineering positions in design, development, research, applications, and operation in the fields of communications, control systems, digital signal processing systems, electromagnetics, digital and analog electronic circuits, physical electronics, computer-aided design and power systems. The curriculum is built around a strong basic core of mathematics, physics and engineering science. This is followed by intermediate courses in electrical engineering topics and finally a senior elective sequence including a senior design seminar and terminating in a capstone design course.

By choice of senior elective sequence comprehensive coverage is provided in any one of the above fields.

Laboratory facilities are available in the engineering buildings allowing for basic as well as more advanced laboratory instruction in electronics, digital signal processing, control systems, microelectronics, communications, power, and digital systems.

Requirements

Core:

Take all the following courses:

- CECS 100 Critical Thinking in the Digital Information Age (or equivalent) (3)
- EE 200 Trends in Electrical Engineering (1)
- EE 201 Digital Logic Design (4)
- EE 202 Computer Methods in Engineering (3)
- EE 211 Electric and Electronic Circuits I (3)
- EE 211L Electric Circuits Laboratory (1)
- ENGR 101 Intro to the Engineering Profession (1)
- ENGR 102 Academic Success Skills (1)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)
- MATH 224 Calculus III (4)

PHYS 151 Mechanics and Heat (4)
 PHYS 254 Applied Modern Physics (3)
 EE 301 Digital System Design (3)
 EE 301L Digital System Design Laboratory (1)
 EE 310 Signals and Systems (3)
 EE 330 Analog Electronic Circuits I (4)
 EE 346 Microprocessor Principles and Applications (3)
 EE 350 Energy Conversion Principles (3)
 EE 370 Control Systems (3)
 EE 370L Control Systems Laboratory (1)
 EE 380 Probability, Statistics & Stochastic Modeling (3)
 EE 382 Communications Systems I (3)
 EE 386 Digital Signal Processing (3)

Take one of the following choices:

PHYS 152 Electricity and Magnetism (4)

or both of the following:

EE 210 Electro-Magnetic Foundations in EE (3)

EE 210L Electro-Magnetic Foundations in EE Lab (1)

MATH 370A Applied Mathematics I (or equivalent) (3)

Select one course from the following:

MAE 330 Engineering Thermodynamics I (3)

CE 370 Analytical Mechanics (3)

Each of the foregoing courses must be completed with a grade of "C" or better as well as all courses that are prerequisite or corequisite to courses required for the major including ENGL 100 or equivalent.

Other required courses are

EE 400D, 430, 430L; EE 460 or 462 or 464.

Each BSEE student must propose course work consisting of a capstone design course supported by at least two related courses, which form an area of in-depth study as approved by the EE Undergraduate Advisor. Possible areas of study include but are not limited to power, digital signal processing, controls, communications and electronics. A list showing the required supporting courses and capstone design course for each area of study is available from the EE Undergraduate Advisor. Combinations of the above areas of study or another area of study may be proposed to the EE Undergraduate Advisor. Additional elective courses must be chosen from EE 400 level courses to total at least 15 units. The entire program must total at least 131 units.

A grade of "C" or better is required for the capstone senior design course in the area of specialization.

Concurrent and/or Summer Enrollment in Another College

Students who wish to take coursework in a community college or another college to meet curricular requirements while enrolled as an undergraduate in the Department of Electrical Engineering must petition the EE Undergraduate Advisor for prior approval to enroll in specific courses. This policy is for either concurrent enrollment or summer enrollment. Prior approval for transfer credit for upper division major courses may generally be approved for no more than six semester units, subject to approval by the EE Undergraduate Advisor and the EE Department Chair who may require sufficient information to determine if each requested course is deemed equivalent to an EE course at CSULB. Exceptions require approval by vote of the Undergraduate Curriculum Committee.

Bachelor of Science in Engineering Option in Biomedical and Clinical Engineering (code EE__BS02) (135 units)

The Department of Electrical Engineering administers an option in Biomedical and Clinical Engineering that allows the student to acquire substantive competence in biomedical engineering and biology. The program builds upon a strong base of biology, mathematics, physics, chemistry, and engineering science to develop a clinically oriented biomedical engineer to serve medical and industrial needs. It includes a core of standard electrical engineering courses as well as courses and laboratories in biomedical engineering, anatomy, physiology and biology. Elective units are available in the senior year to explore individual areas of interest.

Students planning to attend medical, dental or other health professional or graduate schools in Biomedical Engineering may select courses in Chemistry and/or Biology with the approval of the Biomedical Engineering advisor.

Laboratory facilities in the field of biomedical engineering are available in the engineering buildings; and laboratory facilities for anatomy and physiology are available on campus. Computer systems are available to simulate biological systems and to collect, process and display physiological data.

Requirements

Lower Division

Take all of the following courses:

BIOL 207 Human Physiology (4)

CECS 174 Programming and Problem Solving I (3)

CHEM 111A General Chemistry (5)

EE 200 Trends in Electrical Engineering (1)

EE 201 Digital Logic Design (4)

EE 202 Computer Methods in Engineering (3)

EE 211 Electric and Electronic Circuits I (3)

EE 211L Electric Circuits Laboratory (1)

EE 310 Signals and Systems (3)

EE 330 Analog Electronic Circuits I (2)

MATH 122 Calculus I (4)

MATH 123 Calculus II (4)

MATH 224 Calculus III (4)

MATH 370A Applied Mathematics I (3)

PHYS 151 Mechanics and Heat (4)

PHYS 152 Electricity and Magnetism (4)

PHYS 254 Applied Modern Physics (3)

Each of the foregoing courses must be completed with a grade of "C" or better as well as all courses that are prerequisite or corequisite to courses required for the major including ENGL 100 or equivalent. The interdisciplinary courses as well as the Communications Studies (COMM) courses required for General Education must be taken for a letter grade.

Upper Division:

Take all of the following courses (any course which is prerequisite or corequisite to the required courses listed below must be completed with a "C" or better):

BIOL 207 Human Physiology (4)

EE 346 Microprocessor Applications I (3)

EE 444 Microprocessor Based System Design (3)

EE 350 Energy Conversion Principles (3)

EE 370 Control Systems I (3)

- EE 370L Control Systems I Laboratory (1)
- EE 382 Communication Systems I (3)
- EE 406 Medical Instrumentation and Measurements (3)
- EE 406L Biomedical Engineering Laboratory (1)
- EE 407 Applications of Computers in Medicine (3)
- EE 430 Analog Electronic Circuits II (3)
- EE 460 Electromagnetic Fields (3)

Select one course from the following:

- MAE 330 Engineering Thermodynamics I (3)
- CE 370 Analytical Mechanics (3)

Take additional approved biomedical electives, including an approved senior design course to at least 135 units.

A grade of "C" or better is also required for EE 406, 406L, and 407.

Bachelor of Science in Electronics Engineering Technology

For requirements and courses, see description in the Engineering Technology Programs section of this catalog.

Bachelor of Science in Computer Engineering Technology

For requirements and courses, see description in the Engineering Technology Programs section of this catalog.

Certificate in Energy Conversion and Power Systems Engineering (code MAE_CT04)

For requirements, see description in the Mechanical and Aerospace Engineering Department section of this catalog.

Graduate Programs

Master of Science in Electrical Engineering (code EE_MS01)

This program affords an opportunity for engineers and others to advance their competency in analysis and design to better meet the high technology needs of local industry. Each student selects two core courses and three graduate courses in one area of emphasis, and the remaining courses must augment and support the area of emphasis. Some current examples of areas of emphasis are biomedical, communications, computer/communication networks and security, control systems and robotics, digital signal processing, digital and computer systems, electromagnetics and optics, electronics, engineering mathematics, networks and filters, power, and wireless communications. Students may create other areas of emphasis with the approval of the graduate advisor. Students will choose one of the three alternatives: thesis, project, and course-only. Successful completion of a thesis provides a unifying culmination to the program, and an enhanced resume for future industrial or academic endeavor. A limited number of laboratory and teaching assistantships are available to qualified graduate students.

Prerequisites

1. A bachelor's degree from an accredited program in electrical engineering or a bachelor's degree from an accredited engineering, natural science or other

appropriate program with the requirement that essential undergraduate deficiencies in electrical engineering are removed prior to Advancement to Candidacy.

2. The prospective graduate student must have attained a GPA of at least 2.7 for the last 60 semester units (90 quarter units) attempted prior to entry in the MSEE program.

The student should apply online at CSU Mentor or send a paper-based application directly to the University Admissions Office. Do not send an application to the Department.

International students should apply online at CSU Mentor or through the Center for International Education.

Requirements

Take all the following core courses:

- EE 503 Advanced Systems Engineering (3)
- EE 505 Advanced Engineering Mathematics for EE (3)
- EE 508 Probability Theory and Random Processes (3)
- EE 509 Network Theory (3)
- EE 511 Linear Systems Analysis (3)

Take at least 2 out of the above 5 courses appropriate to area of emphasis and subject to graduate advisor approval.

Complete 30 unit minimum in 400-, 500-, or 600-level courses as approved in advance by the graduate advisor.

Take one of the following three alternatives:

1. Thesis Alternative:

- 500/600-level EE courses including core (15 units);
- EE 697 Directed Research (3);
- EE 698 Thesis or Industrial Project (6);
- 400/500/600-level courses in EE (6 units);
- Comprehensive Oral Exam on Thesis.

2. Project Alternative:

- 500/600-level EE courses including core (21 units);
- EE 697 Directed Research (3) (on a capstone project);
- 400/500/600-level EE courses (6 units);
- Comprehensive Oral Exam on the capstone project.

3. Course-Only Alternative:

- 500/600-level EE courses including core and at least three courses forming area of emphasis (24 units);
- 400/500/600-level EE courses (6 units);
- Comprehensive Oral Exam on the area-of-emphasis.

Tentative Program

Upon matriculation graduate students must consult with the graduate advisor and a tentative program must be approved by the advisor by a few weeks into the first semester. The program must contain two core courses and exhibit an area of emphasis comprised of at least three related graduate courses (500 or 600 level). Students should obtain the MSEE Handbook, which covers the procedures and requirements, from the advisor or Electrical Engineering Department office.

Advancement to Candidacy

At least one semester before the graduating semester students must advance to the candidacy. To apply for advancement to candidacy students must satisfy the following requirements:

1. All deficiencies must have been completed with a GPA of at least 3.0.
2. Currently enrolled in a regular session.
3. Demonstration of competence in technical writing by passing an appropriate writing course such as ENGL 317, 417, 418, and 419 with a grade of "C" or better or by providing acceptable proof of technical writing ability to the

graduate advisor. This requirement can be waived for thesis or project students upon recommendation of the graduate advisor.

4. Fulfillment of the Graduation Writing Assessment Requirement (GWAR).
5. Completion of at least 9 units as a graduate student in residence while maintaining both an overall GPA and a major GPA of at least 3.0. Students are advised strongly to seek advancement before completing 15 units of the program.

Courses (E E)

LOWER DIVISION

200. Trends in Electrical Engineering (1)

Electrical Engineering as a profession. Nature of professional and design activities. Advances in Electrical Engineering. Current designs, future trends and challenges in various fields of Electrical Engineering. (Lecture 1 hour) Letter grade only (A-F).

201. Digital Logic Design (4)

Prerequisite: MATH 117 (or equivalent).

Practical design of digital circuits. Basic topics in combinational and sequential switching circuits with applications to the design of digital devices.

(Lecture-problems 4 hours)

202. Computer Methods in Engineering (3)

Prerequisites: CECS 174 and MATH 224.

Introduction to MATLAB and numerical methods with applications to engineering. Programming in MATLAB. Introduction to SIMULINK and other MATLAB toolboxes.

(Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F). Not open for credit to students with credit in ENGR 202.

210. Electro-Magnetic Foundations in Electrical Engineering (3)

Prerequisites: MATH 123, PHYS 151. Corequisite: EE 210L.

Electric fields. Magnetic fields. Ohm's law. Kirchoff's laws. Physics of inductance and capacitance. Conservation of energy. Introduction to RL, RC and RLC circuits. Introduction to phasors. Introduction to electric machinery, computer electronics, electromagnetic radiation, and communication.

(Lecture-problems 3 hours) Letter grade only (A-F).

210L. Electro-Magnetic Foundations in Electrical Engineering Laboratory (1)

Corequisite: EE 210.

Laboratory experiments demonstrating behavior of resistive circuits; capacitors and inductors; transient RL and RC circuits; sinusoidal (phasor) RL, RC and RLC circuits; motors, generators, and transformers.

Letter grade only (A-F).

211. Electric and Electronic Circuits (3)

Prerequisites: (EE 210 or PHYS 152) and (MATH 224 or equivalent).

Linear circuit analysis techniques including circuit transformations, mesh and node analyses. Thevenin's, Norton's, Superposition, and Maximum Power Transfer theorems. Transient analysis of RL, RC and RLC circuits. Phasors. Power concepts. Nonlinear circuits including diodes. Circuit solution using PSpice.

(Lecture-problems 3 hours) Letter grade only (A-F).

211L. Electric Circuits Laboratory (1)

Corequisite: EE 211.

Laboratory investigation of Ohm's Law, Kirchoff's Laws, voltage and current division, mesh and nodal analysis, Thevenin and Norton equivalents, superposition, simple RL, RC, RLC circuits, phasors.

Use of voltmeters, ammeters, ohmmeters and oscilloscopes. Identification of unknown elements.

(Laboratory 3 hours) Letter grade only (A-F).

236. Introduction to Nanotechnology: A Tour in Nano-Land (3)

Prerequisite: Sophomore standing.

Overview of the fundamentals of nanoscience and nanotechnology, a wide range of applications, and issues that affect widespread use of these technologies based on ongoing research and discourse. An interdisciplinary course, taught by an interdisciplinary team of Instructors. Students will observe nature and matter in submicron and nanometer scale.

(Lecture-problems 3 hours) Letter grade only (A-F).

248. Security, Information Assurance, and Computers (3)

Computer security and information assurance as crucial challenges, consequences for individuals, economy, and society as a whole. Security threats and vulnerabilities in the use of computer systems. Tools and controls to reduce or block these threats. Law, privacy, and ethics.

(Lecture-problems 3 hours) Letter grade only (A-F).

UPPER DIVISION

301. Digital System Design (3)

Prerequisite: EE 201.

FPGA based digital design. Implementation of FPGA digital hardware systems based on the algorithms and implementation requirements using hardware description languages, optimization, logic synthesis, place and route methods. Implementation of finite state machines.

(Lecture-problems 3 hours) Letter grade only (A-F).

301L. Digital System Design Laboratory (1)

Prerequisite or Corequisite: EE 301.

Design, implementation, and verification of digital systems using medium scale integrated and large scale integrated circuits.

(Laboratory 3 hours) Letter grade only (A-F).

310. Signals and Systems (3)

Prerequisites: EE 202; EE 211; and MATH 370A or equivalent.

Fundamental concepts of signals and systems. Laplace Transforms. Fourier Series. Fourier Transforms. Two-port parameters.

(Lecture-problems 3 hours) Letter grade only (A-F).

330. Analog Electronic Circuits I (4)

Prerequisite: EE 211.

Analysis and design of diode, bipolar junction transistor, field-effect transistor (MOSFET and JFET), and CMOS circuits. Op-Amp linear and nonlinear circuit applications. Digital electronic circuits. Laboratory includes transistor and operational amplifier circuit design and CAD tools.

(Lecture-problems 3 hours, laboratory 3 hours) Letter grade only (A-F).

330L. Analog Electronics Laboratory I (1)

Prerequisite or Corequisite: EE 330.

Transistor and operational amplifier circuit design laboratory.

(Lab 3 hrs) Letter grade only (A-F).

332. Digital Electronic Circuits (3)

Prerequisites: EE 201, 211.

Analysis and design of digital electronic circuits. Structure and operation of MOS transistors, including SPICE models. NMOS and CMOS inverters. Bipolar transistor inverters. Bipolar digital gate circuits (TTL & ECL). Regenerative logic circuits (flip-flop, Schmitt trigger, multivibrator). Semi-conductor memories. Basic IC design-Gate Array, Standard Cell, PLA.

(Lecture-problems 3 hrs) Letter grade only (A-F).

346. Microprocessor Principles and Applications (3)

Prerequisites: EE 201, CECS 100 or equivalent

Introduction to the design of modern RISC based microprocessors and microcontrollers. Programming problems written in C++ and assembly using the critical thinking skills learned in CECS100. Architectural principles learned in the classroom illustrated using the assembly programming language.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

350. Energy Conversion Principles (3)

Prerequisites: (EE 202 or equivalent) and EE 211 and 211L, or consent of instructor.

Electromechanical energy conversion. Power transformers. DC, synchronous, and induction machines. Laboratory experiments on power electronics and rotating machinery.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

370. Control Systems (3)

Prerequisite: EE 310.

Control systems analysis; block diagrams, signal flow graphs, stability criteria, root locus, frequency domain analysis. Examples of classical control system design.

(Lecture-problems 3 hours) Letter grade only (A-F).

370L. Control Systems Laboratory (1)

Corequisite: EE 370.

Experiments which reinforce concepts learned in EE 370. Digital simulation modeling, analysis, and design. Real time applications.

(Laboratory 3 hours) Letter grade only (A-F).

380. Probability, Statistics, and Stochastic Modeling (3)

Prerequisites: MATH 122, (CECS 174 or equivalent).

Probability with an emphasis on computer modeling of probabilistic systems. Topics such as discrete and continuous random variables, moments, correlation, covariance, Markov processes and queuing theory presented from a mathematical foundation developed and exemplified with realistic computer simulations from students.

(Lecture 2 hrs – laboratory 3 hrs). Letter grade only (A-F).

382. Communication Systems I (3)

Prerequisite: EE 310.

Review of Fourier series and transforms. Introduction to passive, active, and digital filters. Basic elements of probability theory, statistics, concept of white noise, AM, DSB, SSB and vestigial modulation, narrowband and wideband FM.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

386. Digital Signal Processing (3)

Prerequisites: EE 310 or CECS 301

Introduction to discrete-time signals and systems, z-transform, digital filters, system design, and comparison to the analog counterparts. Multimedia-based laboratory experiments for discrete-time signals and systems in time and frequency domain, synthesis of digital sound/music with MATLAB or C.

Not open for credit to students with credit in EE 485. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

400D. Electrical Engineering Design Seminar and Project (2)

Prerequisites: EE 330, 444, 370, and 382; or consent of instructor.

Design terminologies, processes and issues. Simple design examples. Constraints imposed by factors such as performance, economics, reliability, safety, aesthetics, packaging, codes, standards and practices. Ethics and social and environmental impact. Case studies. Individual and group projects. Oral presentation required.

(Lecture-problems 1 hour, laboratory 3 hours) Letter grade only (A-F).

402./502. Engineering Modeling and Simulation (3)

Prerequisite: EE 380.

Fundamental techniques of modeling and simulation of complex engineering systems. Next generation simulation tools (DES), Output analysis of systems. Alternative system configurations. Variance reduction techniques. Project proposal developments.

Additional projects required for EE 502. (Lecture-problems 3 hours). Letter grade only (A-F).

403. Systems Engineering (3)

Prerequisites: ENGR 203 or MATH 122 and EE 202, or graduate standing.

Modeling and analysis, and design of deterministic and stochastic systems. The building blocks of Systems Engineering models ranging from network models with special structured, to unstructured linear and nonlinear optimization.

Letter grade only (A-F). (Lecture-problems 3 hours)

405. Special Topics in Electrical Engineering (3)

Prerequisites: Senior standing in electrical engineering or consent of instructor.

Selected topics from recent advances in electrical engineering. Course content will vary from year to year. May be repeated to a maximum of 6 units consent of department undergraduate advisor.

(Lecture-problems 3 hours) Letter grade only (A-F).

406. Medical Instrumentation and Measurements (3)

Prerequisite: EE 330 or consent of instructor or graduate standing.

Design and analysis of medical instruments, electrodes and amplifiers for measurement of physiological signals.

Letter grade only (A-F). (Lecture-problems 3 hours)

406L. Biomedical Engineering Laboratory (1)

Prerequisite or corequisite: EE 406.

Laboratory study of medical instrumentation, transducers and computer data processing.

(Laboratory 3 hours) Letter grade only (A-F).

407. Applications of Computers in Medicine (3)

Prerequisite: EE 346 or consent of instructor or graduate standing.

Principles of analysis and design of computers and data collection equipment for real-time on-line medical systems.

(Lecture-problems, computer projects 3 hours) Letter grade only (A-F).

410. Analog Filter Design (3)

Prerequisite: EE 310 or graduate standing.

Theory and design of active filters using operational amplifiers. Emphasis is placed on low-pass filters.

Lecture-problems 3 hours) Letter grade only (A-F).

411. Continuous- and Discrete-Time Linear Systems (3)

Prerequisite: EE 370 or graduate standing.

Review of matrices and linear algebra. Z-transforms, linear systems, and difference equations. State-space description of linear systems. Analysis including stability, reachability, and observability. State-feedback.

(Lecture-problems 3 hours) Letter grade only (A-F).

412. Fractals in Engineering (3)

Prerequisite: EE 310 or graduate standing.

Application of fractal geometry to system theory. Study of system dynamics leading to complex behaviors and chaos. Scaling laws, sensitivity to initial conditions, strange attractors, and if noise will also be discussed.

(Lecture-problems 3 hours). Letter grade only (A-F).

420. Solid State Electronic Devices (3)

Prerequisite: PHYS 254 or graduate standing.

Semiconductor crystal structure and growth. Carrier modeling, drift and diffusion currents. P-N junctions, diodes, solar cells and light-

emitting diodes (LED). Bipolar junction transistor (BJT) biasing, linear and switched operation. Metal oxide semiconductor field effect transistor (MOSFET) operation. Solar cells, photovoltaics, and lasers.

Not open for credit to students with credit in EE 320. (Lecture-problems 3 hours) Letter grade only (A-F).

427./527. Digital Filter Design and Audio Processing (3)

Prerequisite: EE 386 or consent of instructor.

Digital filter design methods, filter architectures, round-off noise, implementation and applications to audio signal processing. Additional projects required for EE 527.

(Lecture-problems 3 hours) Letter grade only (A-F).

428./528. Speech Signal Processing (3)

Prerequisite or Corequisite: EE 486 or consent of instructor.

Principles and engineering applications of speech signal processing. Speech synthesis, recognition, encoding, and compression. Applications of neural networks.

Additional projects required for EE 528. (Lecture-problems 3 hours) Letter grade only (A-F).

430. Analog Electronic Circuits II (3)

Prerequisites: EE 330 and EE 370, or graduate standing.

Differential pairs, current sources, output stages, and integrated operational amplifiers. Op-amp applications and practical issues. Frequency response. Computer-aided circuit analysis and design. Feedback amplifiers and stability. Oscillators.

(Lecture-problems 3 hours) Letter grade only (A-F).

430L. Analog Electronics Laboratory II (1)

Corequisite: EE 430.

Advanced transistor, operational amplifier, and linear-integrated circuits and systems design laboratory.

Not open for credit to students with credit in EE 433L. (Laboratory 3 hours) Letter grade only (A-F).

434./534. Mixed-Signal IC Design (3)

Prerequisites: EE 201 and EE 330 or consent of instructor.

CMOS fabrication. Component layout. MOSFET modeling. Mixed-signal devices such as D/A and A/D converters and phase-locked loops. Substrate Noise coupling. System-on-chip considerations. Design using CAD tools.

Additional projects required for EE 534. (Lecture-problems 2 hours, Laboratory 3 hours) Letter grade only (A-F).

435./535A. Microelectronics (3)

Prerequisites: EE 201, 330.

Theory of microelectronics integrated circuit design, IC fabrication technology, device characterization, modelling, digital and analog simulation tools, physical layout tools, digital standard cell library design, IC digital system designs, I/O pad design, full chip simulation and physical designs.

Additional projects required for EE535A. (Lecture-problems 3 hours) Letter grade only (A-F).

435L. Microelectronics Laboratory (1)

Corequisite: EE 435.

Laboratory evaluation of IC process steps. Wafer probe, packaging, and final test. Empirical device model formulation from test data.

Not open for credit to students with credit in EE 420L. (Laboratory 3 hours) Letter grade only (A-F).

436./536. Microfabrication and Nanotechnology (3)

Prerequisites: EE 330 and PHYS 254; or MAE 300.

Techniques and the technology of miniaturization of electrical, mechanical, optical, and opto-electronic devices in sizes from millimeters to nanometers. Design examples of sensors, microlenses, cantilevers, and micromotors, process fabrication.

Additional projects required for EE 536. (Lecture-problems 3 hours) Letter grade only (A-F).

437. Multidisciplinary Nano-Science and Engineering (3)

Prerequisite: Consent of instructor or graduate standing.

Introduces four key areas: nanoscience properties of materials; nanotechnology in biology and nature; observation, measurement, analysis; applications. Importance of understanding and engineering nanoscale structures, materials, and processes for the 21st Century. Use of scanning electron microscope and atomic force microscope.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

444. Microprocessor Based System Design (3)

Prerequisite: EE 346.

Study of microprocessor based systems and their integration with peripheral devices including sensors, actuators, and serial communications. Following a progressive lab sequence, over the semester the student will design and construct a modern RISC microcontroller based system.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F). Not open for credit to student with credit in EE 347.

446. Advanced Microprocessors and Embedded Controllers I (3)

Prerequisite: EE 444 or consent of the instructor or graduate standing.

Advanced microprocessors such as Pentium series, RISC, and CISC. Hardware features and new instructions. Support for virtual memory, paging, privilege levels, multitasking and internal cache. Floating point coprocessors. Embedded controllers, on-chip resources and applications.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

447. Design of Electronic Systems (3)

Prerequisites: (EE 301 or 435) and EE 346 and EE 400D and EE 430, or graduate standing.

Extensive laboratory projects. Design of analog and digital systems. Computer-aided design including, for example, hardware descriptive language (HDL) and SPICE.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

448./548. Wireless and Mobile Networks and Security in Wireless Networks (3)

Prerequisites: EE 482 or equivalent.

Wireless and Mobile Ad-hoc Networks and Security. Ad-hoc and geographic routing, resource discovery, MAC, IP-mobility, mobility modelling, wired-wireless networks, security aspects. Lab Projects will include use of tools such as OPNET, Ethereal, Sniffer, Scanner, IDS, etc.

Advanced project required for EE 548. (Lecture-problems 3 hours) Letter grade only (A-F).

449./549. Topics in Multimedia and Hypermedia (3)

Prerequisite: EE 483 or equivalent.

Theoretical and practical issues in designing multimedia systems, design and implementation of interactive multimedia and hypermedia applications including interactive television (e.g., video-on-demand, eLearning), hypermedia systems (e.g., the World Wide Web), and video conferencing and groupware. Emphasis placed on current design issues and research topics.

Extra project for graduate students. (Lecture-problems 3 hours) Letter grade only (A-F).

450. Electronic Control of Motors (3)

Prerequisites: EE 350 and EE 370, or graduate standing.

Characteristics of semiconductor power switches. Modeling and application of control theory to various types of motors. Bidirectional and four-quadrant converter topologies for motion control. Selection of drives to control AC and DC motors. Uninterruptible power supplies and adjustable speed drives.

(Lecture-problems 3 hours) Letter grade only (A-F).

452. Computer Applications in Power Systems (3)

Prerequisite: EE 350 or consent of instructor or graduate standing.

Modeling of power generation, transmission, and distribution systems, load-flow analyses, short-circuit studies, voltage drop and power loss calculations, transient stability and optimal power flow analyses. Application of specialized computer software for power system design and analyses.

(Lecture-problems 3 hours) Letter grade only (A-F).

453./553. Protection of Power Systems (3)

Prerequisites: EE 310, 350.

Protective relays, instrument transformers, low-voltage and high-voltage circuit breakers, protection of generators and motors, transformer protection and transmission line protection. Relay coordination and commercial power systems. Application of computer programs for protective device coordination. Additional projects required for EE 553.

(Lecture-problems 3 hours) Letter grade only (A-F).

455./555. Space Electric Power Systems (3)

Prerequisites: EE 330, 350.

A comprehensive treatment of characteristics of and requirements from spacecraft power systems, power sources, power conversion and control. Energy storage, electrical equipment, power converters and loads, power management. Future space missions and technological needs. Additional projects required for EE 555.

(Lecture-problems 3 hours) Letter grade only (A-F).

458. Design of Power System Components (3)

Prerequisites: EE 330 and (either EE 450 or EE 452 or EE 453), or graduate standing. Corequisite: EE 400D.

Design of electrical, electronic and electromechanical components required for power conversion, control, transmission, distribution, protection and measurements in terrestrial and space electric power systems.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

460. Electromagnetic Fields (3)

Prerequisite: EE 310 or graduate standing.

Electric and magnetic field theory including propagation of planewaves in lossless and dissipative media. Maxwell's equations. Transmission lines.

(Lecture-problems 3 hours) Letter grade only (A-F).

462. Electromagnetics and Applications to Wireless Systems (3)

Prerequisite: EE 310 or graduate standing.

Electromagnetic field theory including transmission lines, vector fields, electrostatics and magnetostatics.

Maxwell's equations and plane wave propagation. Waveguides and microstrip-RF circuit principles and devices. Radiation and antenna design. Wireless communication systems including satellite and cell-phone technologies.

Letter grade only (A-F). Not open for credit to students with credit in EE 460 or 464. (Lecture-problems 2 hours, laboratory 3 hours)

464. Electromagnetics and Applications to Electro-Optics (3)

Prerequisite: EE 310 or graduate standing.

Electromagnetic field theory including transmission lines, vector fields, electrostatics and magnetostatics. Maxwell's equations and plane wave propagation. Electromagnetic formulation of geometric and Fourier optics. Semiconductor and gas laser applications to fiber-optic communication systems and electro-optic devices.

Not open for credit to students who have credit in EE 460 or 462. (Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

470. Digital Control (3)

Prerequisites: EE 370, EE 370L, and (EE 386 or EE 411), or graduate standing.

Analysis and synthesis of digital control systems. General application of both the Z-transform and the state-space approach for discrete system design.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

471. Design of Control Systems (3)

Prerequisite: EE 370. Corequisite: EE 400D or graduate standing.

Design of compensators using root-locus and Bode-plot methods. Design of state-space control systems and observers. Computer-aided design.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

474./574. Robot Dynamics and Control (3)

Prerequisite: EE 370.

Basic methodology for analysis and design of robotic manipulators. Classification of robots. Homogeneous transformations, kinematics, dynamics, trajectory planning and control of robots. Application of robots in flexible manufacturing.

Additional projects required for EE 574. (Lecture-problems 3 hours) Letter grade only (A-F).

476./576. Neural Networks and Fuzzy Logic (3)

Prerequisites: EE 386 or consent of instructor

Principles and application of artificial neural networks and fuzzy logic. Mechanisms of supervised and unsupervised neural networks. Fuzzy control systems. Applications in signal processing, communications, control, and other areas.

Additional projects required for EE 576. Not open for credit to students with credit in EE 589/689. (Lecture-problems 3 hours) Letter grade only (A-F).

481./581. Satellite Communication Systems (3)

Prerequisite: EE 482.

Basic orbital mechanics, link analysis, multiple access architectures and protocols, FDMA, TDMA, and CDMA systems. Synchronization techniques, modulation and coding techniques. Security and spread spectrum requirements. System design.

Additional projects required for EE 581. (Lecture-problems 3 hours) Letter grade only (A-F).

482. Communication Systems II (3)

Prerequisite: EE 382 or graduate standing.

Information sources and communication systems. Orthogonal series representation of signals, pulse and digital modulation techniques, band-pass digital communication systems, special topics in communications.

(Lecture-problems 3 hours) Letter grade only (A-F).

483. Digital Image Processing (3)

Prerequisite: EE 386 or graduate standing.

Image formation. Image detectors and their characteristics. Perception, image models. Sampling and quantization. Pixel relationships. Statistical characterization of discrete images - probability density models. Image fidelity criteria and image intelligibility. Image transforms. Image enhancement techniques.

(Lecture-problems 3 hours) Letter grade only (A-F).

486. Digital Signal Processing for Multimedia Communications (3)

Prerequisite: EE 386 or graduate standing.

Discrete-time signals and systems, discrete Fourier transform, fast Fourier transform, spectral estimation, interpolation and decimation, filter design and structures and applications to multimedia communications. Laboratory projects for image processing, FFT receiver, signal detection, digital phase-locked loop.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

488. Communication System Design (3)

Prerequisite or Corequisite: EE 400D, EE 430, and EE 482, or graduate standing.

Design of Communication systems/subsystems and their implementation in software and hardware. Design of Capstone Senior Project in the area of Communication systems.

(Lecture-problems 2 hours, laboratory 3 hours). Letter grade only (A-F).

489. Digital Signal Processing Design (3) S

Prerequisite: EE 400D or graduate standing. Prerequisite/ Corequisite: EE 486 or consent of instructor.

Design, implementation, and real-time testing of projects such as FIR filters, IIR filters, tone generator, 32-bit addition and multiplication, FFT spectrum analyzer. All projects are simulated in fixed-point arithmetic with MATLAB or C and TMS320C54x assembly code in bit-exact.

(Lecture-problems 2 hours, laboratory 3 hours) Letter grade only (A-F).

490. Special Problems (1-3)

Prerequisites: Minimum G.P.A. of 2.5 and consent of instructor.

Assigned topics in technical literature or laboratory projects and reports.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

492. Instrumentation and Data Acquisition for Engineering Applications (3)

Prerequisites: EE 370 and EE 370L, or consent of instructor or graduate standing.

Concepts of instrumentation, data acquisition and computer-based control of industrial systems. Topics include signal conditioning, software and hardware for data acquisition and computer-based control, graphical programming and virtual instrumentation.

(Lecture-problems 2, laboratory 3 hours) Letter grade only (A-F).

GRADUATE LEVEL

502./402. Engineering Modeling and Simulation (3)

Prerequisite: EE 380.

Fundamental techniques of modeling and simulation of complex engineering systems. Next generation simulation tools (DES), Output analysis of systems. Alternative system configurations. Variance reduction techniques. Project proposal developments.

Additional projects required for EE 502. (Lecture-problems 3 hours). Letter grade only (A-F).

503. Advanced Systems Engineering (3)

Prerequisite: EE 411 or equivalent mathematical maturity.

Modeling and analysis, and design of deterministic and stochastic systems. The building blocks of engineering optimization models ranging from network models with special structured, to unstructured linear and nonlinear optimization.

Letter grade only (A-F). (Lecture-problems 3 hours)

504. Introduction to Entrepreneurship for Engineers (3)

Prerequisite: Graduate standing in engineering or computer science.

Core business concepts and issues, essence of leadership. Understanding of finance, marketing, sales, and management issues from practical entrepreneurial perspective through classroom discussion, guest speakers' seminars, case study, and creation of business plan based on student's specific area of interest.

(Lecture-problems 3 hours) Letter grade only (A-F).

505. Advanced Engineering Mathematics for Electrical Engineers (3)

Prerequisites: Consent of instructor.

Boundary-value problems and generalized Fourier (or eigenfunction) expansions. Review of Fourier series. Fourier transforms (FT, FFT and STFT), wavelet transform and its computer implementation.

Z-transform. Hilbert transform. Solutions of partial differential equations using methods of separation of variables, etc.

(Lecture-problems 3 hours) Letter grade only (A-F).

506./606. Theory and Practice of Biomedical Instrumentation (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 or consent of instructor.

Advanced design concepts and practical utilization of biomedical instrumentation. Transduction of physiological parameters. Theory and practice.

Master's students register in EE 506; Ph.D. students register in EE 606. Additional projects required for EE 606. (Lecture-problems 3 hours) Letter grade only (A-F).

507./607. Advanced Biomedical Systems (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 or consent of instructor.

Novel trends in biotechnology, design and organization of modern hospital systems, and utilization of advanced technologies. Modeling and simulation of physiological and medical systems.

Master's students register in EE 507; Ph.D. students register in EE 607. Additional projects required for EE 607. (Lecture-problems 3 hours) Letter grade only (A-F).

508. Probability Theory and Random Processes (3)

Prerequisite: EE 380.

Probability spaces, random vectors and processes, convergence concepts, stationarity and ergodic properties, second-order moments and linear systems, correlation and spectral representations. Some applications of random processes.

(Lecture-problems 3 hours) Letter grade only (A-F).

509. Network Theory (3)

Prerequisites: EE 386, 410 or 430.

Network classifications and study of non-linear circuits. Analysis of linear networks using topological and state-space techniques. Characterization of networks using scattering and other parameters. Tellegen's theorem and its application.

(Lecture-problems 3 hours) Letter grade only (A-F).

510. Circuit Synthesis (3)

Corequisite: EE 509.

Synthesis of passive lumped networks, cascade synthesis (link with filter synthesis), realization of commensurate distributed networks, discrete passive networks.

(Lecture-problems 3 hours) Letter grade only (A-F).

511. Linear Systems Analysis (3)

Prerequisite: EE 411 or 470 or equivalent mathematical maturity.

Review of linear algebra and z-transforms. Continuous and discrete-time systems. Sampled data systems. State-space linear system analysis. Stability, reachability, and observability. Minimal realization. State feedback and pole assignment. Asymptotic observers. Examples of applications. Project on a related subject.

(Lecture-problems 3 hours) Letter grade only (A-F).

514. Advanced Circuit Synthesis and Design (3)

Prerequisite: EE 510.

Scattering synthesis in (s-z) domains, wave digital filters. Lossless bounded-real two-pair and orthogonal digital filters with an emphasis on structures suitable for VLSI implementation.

(Lecture-problems 3 hours) Letter grade only (A-F).

527./427. Digital Filter Design and Audio Processing (3)

Prerequisite: EE 386 or consent of instructor.

Digital filter design methods, filter architectures, round-off noise, implementation and applications to audio signal processing. Additional projects required for EE 527.

Not open for credit to students with credit in EE 513. (Lecture-problems 3 hours) Letter grade only (A-F).

528./428. Speech Signal Processing (3)

Prerequisite or Corequisite: EE 486 or consent of instructor.

Principles and engineering applications of speech signal processing. Speech synthesis, recognition, encoding, and compression. Applications of neural networks.

Additional projects required for EE 528. (Lecture-problems 3 hours) Letter grade only (A-F).

531. CMOS Electronics (3)

Prerequisite: EE 430.

Electronic design automation CAD tools, silicon compilers, CMOS design, BiCMOS design (technologies, modeling, device characterization and simulation), CMOS and BiCMOS subcircuits, amplifiers, op-amps and systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

533./633. Quantum and Optical Electronics (3)

Prerequisites: EE 460 or 462 or 464 or consent of instructor.

Modern quantum and optical concepts of relevance in lasers, fiber optics, optical technology and semiconductor solid state electronics. Basic theory and applications to state-of-the-art electronics engineering.

Master's students register in EE 533; Ph.D. students register in EE 633. Additional projects required for Ph.D. students. (Lecture-problems 3 hours) Letter grade only (A-F).

534./434. Mixed-Signal IC Design (3)

Prerequisites: EE 201 and EE 330 or consent of instructor.

CMOS fabrication. Component layout. MOSFET modeling. Mixed-signal devices such as D/A and A/D converters and phase-locked loops. Substrate Noise coupling. System-on-chip considerations. Design using CAD tools.

Additional projects required for EE 534. (Lecture-problems 2 hours, Laboratory 3 hours) Letter grade only (A-F).

535. VLSI Design (3)

Prerequisite: EE 430.

Techniques for designing Very Large Scale Integrated (VLSI) circuits using n-channel metal oxide semiconductors (n-MOS).

Not open for credit to students with credit in EE 520. (Lecture-problems 3 hours) Letter grade only (A-F).

535A./435. Microelectronics (3)

Prerequisites: EE 201 and 330 or consent of instructor.

Theory of microelectronics integrated circuit design, IC fabrication technology, device characterization, modelling, digital and analog simulation tools, physical layout tools, digital standard cell library design, IC digital system designs, I/O pad design, full chip simulation and physical designs.

Additional projects required for EE535A.

Letter grade only (A-F). (Lecture-problems 3 hours)

536./436. Microfabrication and Nanotechnology (3)

Prerequisites: EE 330; EE 320 or PHYS 254; or MAE 300.

Techniques and technology of miniaturization of electrical, mechanical, optical, and opto-electronic devices in sizes from millimeters to nanometers are presented. Design examples of sensors, microlenses, cantilevers, and micromotors are covered and process fabrication using latest technology demonstrated.

Additional projects required for EE 536. (Lecture-problems 3 hours) Letter grade only (A-F).

540. Advanced Digital System and Computer Architecture (3)

Prerequisite: EE 446 or equivalent. Strongly recommended: EE 546.

High level computer architectures including studies of network processors, security processing, embedded computers; system design and implementation approaches including ASIC's, SOC's, and networks on chip concepts. Simulation and design tools. Project required.

(Lecture-problems 3 hours) Letter grade only (A-F).

545. Computer Communication Networks (3)

Prerequisite: Consent of instructor.

Design and analysis of computer communications networks including their topologies, architectures, protocols, and standards. LAN, WAN environments and access methods. Ethernet, ATM, bridges, routers, gateways and intelligent hubs. TCP/IP and other Networking protocols. Load balancing, traffic monitoring, use of simulation tools.

(Lecture-problems-computer projects 3 hours) Letter grade only (A-F).

546. Advanced Microprocessors and Embedded Controllers II (3)

Prerequisite: EE 446 or consent of the instructor.

Advanced concepts for embedded controllers, mobile processors, network processors, embedded Internet, and embedded Internet devices. Parallelism, multithreading, pipelining, coherence protocols, interconnection networks, clustering. Simulation and analysis tools. Project required.

(Lecture-problems 3 hours) Letter grade only (A-F).

548./448. Wireless and Mobile Networks and Security in Wireless Networks (3)

Prerequisites: EE 482 or equivalent.

Wireless and Mobile Ad-hoc Networks and Security. Ad-hoc and geographic routing, resource discovery, MAC, IP-mobility, mobility modelling, wired-wireless networks, security aspects. Lab Projects will include use of tools such as OPNET, Ethereal, Sniffer, Scanner, IDS, etc.

Advanced project required for EE 548. (Lecture-problems 3 hours) Letter grade only (A-F).

549./449. Topics in Multimedia and Hypermedia (3)

Prerequisite: EE 483 or equivalent.

Theoretical and practical issues in designing multimedia systems, design and implementation of interactive multimedia and hypermedia applications including interactive television (e.g., video-on-demand, eLearning), hypermedia systems (e.g., the World Wide Web), and video conferencing and groupware. Emphasis placed on current design issues and research topics.

Extra project for graduate students. (Lecture-problems 3 hours) Letter grade only (A-F).

550. Power Electronics and Applications (3)

Prerequisites: EE 350 and 430.

Power converters: rectifiers, inverters, choppers and cycloconverters. PWM and PFM techniques. Harmonics and filters. Magnetics. Applications in motor controls in industrial systems, energy conversion, HVDC transmission, aircraft and spacecraft power systems.

(Lecture-problems 3 hours) Letter grade only (A-F).

551. Theory and Applications of DC/DC Converters (3)

Prerequisite: EE 550 or consent of instructor.

Modeling, analysis, design and application of DC/DC switch-mode converters.

(Lec-prob 3 hrs) Letter grade only (A-F).

552. Electric Drives and Applications (3)

Prerequisites: EE 370, 452 or consent of instructor.

Characteristics and applications of small electric machines including stepper motors, brushless DC motors, permanent-magnet synchronous motors and switched-reluctance motors. Motor performance, control and drive-circuit configurations.

(Lecture-problems 3 hours) Letter grade only (A-F).

553./453. Protection of Power Systems (3)

Prerequisites: EE 310, 350.

Protective relays, instrument transformers, low-voltage and high-voltage circuit breakers, protection of generators and motors, transformer protection and transmission line protection. Relay coordination and commercial power systems. Application of computer programs for protective device coordination. Additional projects required for EE 553.

(Lecture-problems 3 hours) Letter grade only (A-F).

555./455. Space Electric Power Systems (3)

Prerequisites: EE 330, 350.

A comprehensive treatment of characteristics of and requirements from spacecraft power systems, power sources, power conversion and control. Energy storage, electrical equipment, power converters and loads, power management. Future space missions and technological needs.

Additional projects required for EE 555. (Lecture-problems 3 hours) Letter grade only (A-F).

566. RF and Microwave Electronics (3)

Prerequisite: EE 460 or 462 or 464 or consent of instructor.

Transmission Lines, Waveguides, Matching Networks, MW Amplifier Design, MW Resonators Design, MW Oscillator Design, MW Mixer, Noise Analysis in Microwave Electronics and Network Analysis Methods.

(Lecture-problems 2 hours, Laboratory 3 hours). Letter grade only (A-F).

574./474. Robot Dynamics and Control (3)

Prerequisite: EE 370.

Basic methodology for analysis and design of robotic manipulators. Classification of robots. Homogeneous transformations, kinematics, dynamics, trajectory planning and control of robots. Application of robots in flexible manufacturing.

Additional projects required for EE 574. (Lecture-problems 3 hours) Letter grade only (A-F).

575./675. Non-Linear Control Systems (3)

Prerequisite: EE 511 or consent of instructor.

Methodologies and results dealing with stability and robust stabilization of non-linear systems applied to robotics, aerospace, artificial neural networks, etc. Phase plane analysis, limit cycles, Lyapunov stability theory and its extension, Positive real transfer matrix and passivity, feedback linearization and stabilization, tracking, robust control.

Ph.D. students register in EE 675. Additional projects for EE 675 students. (Lecture-problems 3 hours) Not open for credit to students with credit in EE 775. Letter grade only (A-F).

576./476. Neural Networks and Fuzzy Logic (3)

Prerequisites: EE 386 or consent of instructor

Principles and application of artificial neural networks and fuzzy logic. Mechanisms of supervised and unsupervised neural networks. Fuzzy control systems. Applications in signal processing, communications, control, and other areas.

Additional projects required for EE 576. Not open for credit to students with credit in EE 589/689. (Lecture-problems 3 hours) Letter grade only (A-F).

580. Statistical Communication Theory (3)

Prerequisites: EE 482, 505 and 508 or consent of instructor.

Power spectral density of analog and digital communication signals. Matched filters. Signal-to-noise-ratio performance analysis for analog and pulse modulation systems. Vector space representation of digital signals. Error rate analysis for various signaling formats. Optimum digital receivers. Fading channels.

(Lecture-problems 3 hours) Letter grade only (A-F).

581./481. Satellite Communication Systems (3)

Prerequisite: EE 482.

Basic orbital mechanics, link analysis, multiple access architectures and protocols, FDMA, TDMA, and CDMA systems. Synchronization techniques, modulation and coding techniques. Security and spread spectrum requirements. System design.

Additional projects required for EE 581. (Lecture-problems 3 hours) Letter grade only (A-F).

582. Spread Spectrum Communication Systems (3)

Prerequisite: EE 580 or consent of instructor.

Spread spectrum (SS) techniques. Direct sequence systems, frequency hopped systems. Generation and properties of pseudo random sequences. Electronic jamming and interference. Processing gain, carrier synchronization, code acquisition and tracking, information modulation and coding. Applications include ranging, CDMA etc.

(Lecture-problems 3 hours) Letter grade only (A-F).

583./683. Digital Image Processing (3)

Prerequisite: EE 505 or consent of instructor.

Acquiring Images. Correcting Imaging defects. Image enhancement. Segmentation and thresholding. Processing Binary images. Tomography. Three dimensional Imaging. Some image data compression techniques.

Masters students register in EE 583; Ph.D. students register in EE 683. Additional projects required for EE 683. (Lecture-problems 3 hours) Letter grade only (A-F).

584. Information Theory and Coding (3)

Prerequisites: EE 482 and 508.

Information measures, source coding, Shannon's first theorem, mutual information and channel capacity, Shannon's second theorem, coding techniques for reliable information transmission over noisy channels.

(Lecture-problems 3 hours) Letter grade only (A-F).

585./685. Advanced Digital Signal Processing (3)

Prerequisite: EE 486 or consent of the instructor.

Advanced topics in digital signal processing and applications including adaptive filters, spectral estimation and multimedia standards: JPEG, MPEG. State space description of linear discrete time systems.

Master's students register in EE 585; Ph.D. students register in EE 685. Additional projects for EE 685. (Lecture-problems 3 hours) Letter grade only (A-F).

586. Real-Time Digital Signal Processing (3)

Prerequisite: EE 486, EE or CECS 440, or consent of instructor.

Digital signal processors architecture and language. Real-time DSP considerations and limitations. Digital filter and signal processing system implementations.

(Lecture-problems 3 hours) Letter grade only (A-F).

590. Special Topics in Electrical Engineering (3)

Prerequisites: Graduate standing in electrical engineering and consent of instructor.

Selected topics from recent advances in electrical engineering. Course content will vary from year to year.

Topics will be announced in the *Schedule of Classes*. May be repeated to a maximum of 6 units. (Lecture-problems 3 hours) Letter grade only (A-F).

591. Adaptive Systems (3)

Prerequisite: EE 508.

Adaptive systems and their applications to communication, control, and signal processing systems.

(Lecture – problems 3 hours) Letter grade only (A-F).

600. Graduate Seminar and Presentation (1)

Prerequisites: Graduate standing and advancement to candidacy.

Lectures by faculty and guests on advanced topics. A report and presentation are required.

(Seminar 1 hour) Letter grade only (A-F).

606./506. Theory and Practice of Biomedical Instrumentation (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 or consent of instructor.

Advanced design concepts and practical utilization of biomedical instrumentation. Transduction of physiological parameters. Theory and practice.

Master's students register in EE 506; Ph.D. students register in EE 606. Additional projects required for EE 606. (Lecture-problems 3 hours) Letter grade only (A-F).

607./507. Advanced Biomedical Systems (3)

Prerequisites: Graduate standing in engineering or natural sciences and either EE 406 or consent of instructor.

Novel trends in biotechnology, design and organization of modern hospital systems and utilization of advanced technologies. Modeling an simulation of physiological and medical systems.

Master's students register in EE 507; Ph.D. students register in EE 607. Additional projects required for EE 607. (Lecture-problems 3 hours) Letter grade only (A-F).

633./533. Quantum and Optical Electronics (3)

Prerequisites: EE 460 or 462 or 464 or consent of instructor.

Modern quantum and optical concepts of relevance in lasers, fiber optics, optical technology and semiconductor solid state electronics. Basic theory and applications to state-of-the-art electronics engineering.

Master's students register in EE 533; Ph.D. students register in EE 633. Additional projects required for Ph.D. students. (Lecture-problems 3 hours) Letter grade only (A-F).

675./575. Non-Linear Control Systems (3)

Prerequisite: EE 511 or consent of instructor.

Methodologies and results dealing with stability and robust stabilization of non-linear systems applied to robotics, aerospace, artificial neural networks, etc. Phase plane analysis, limit cycles, Lyapunov stability theory and extension, Positive real transfer matrix and passivity, feedback linearization and stabilization, tracking, robust control.

(Ph.D. students register in EE 675) Additional projects for EE 675 students. (Lecture-problems 3 hours) Letter grade only (A-F).

683./583. Digital Image Processing (3)

Prerequisite: EE 505 or consent of instructor.

Acquiring Images. Correcting Imaging defects. Image enhancement. Segmentation and thresholding. Processing Binary images. Tomography. Three dimensional Imaging. Some image data compression techniques.

Masters students register in EE 583; Ph.D. students register in EE 683. Additional projects required for EE 683. (Lecture-problems 3 hours) Letter grade only (A-F).

685./585. Advanced Digital Signal Processing (3)

Prerequisite: EE 486 or consent of the instructor.

Advanced topics in digital signal processing and applications including adaptive filters, spectral estimation and multimedia standards: JPEG, MPEG. State space description of linear discrete time systems.

Master's students register in EE 585; Ph.D. students register in EE 685. Additional projects for EE 685. (Lecture-problems 3 hours) Letter grade only (A-F).

697. Directed Research (3)

Prerequisite: Graduate Standing. Advancement to Candidacy is strongly recommended.

Theoretical and experimental problems in electrical engineering requiring intensive analysis culminating in a substantial report.

Letter grade only (A-F).

698. Thesis or Industrial Project (3-6)

Prerequisite: Advancement to Candidacy.

Planning, preparation and completion of a thesis (total 6 units), or industrial project (3 units), in electrical engineering.

Letter grade only (A-F).

EMERGENCY MANAGEMENT

College of Health and Human Services
Department of Criminal Justice

Program Director: James E. Koval

Department Chair: Henry F. Fradella

Department Office: Social Science Public Affairs Bldg (SS/PA) 258

Telephone: (562) 985-4738

Faculty: Veronica Acosta-Deprez (Health Science), Guy Bachman (Communication Studies), San Bakan (Communication Studies), Sarath Gunatilake (Health Science), Connie Ireland (Criminal Justice), Peter Kreysa (Family and Consumer Sciences), James Koval (Family and Consumer Sciences), Chris Lee (Geography), Aili Malm (Criminal Justice), Tracey Mayfield (Library), Harvey Morley (Criminal Justice), Emelinda Parentela (Civil Engineering), Dave Powell (Public Policy and Administration), Christine Rodgigue (Geography), Joanne M. Tortorici Luna (Advanced Studies in Education and Counseling)

Advisor: Peter G. Kreysa

Distance Learning Administrator: James Koval

Administrative Assistant: Durrell Dew

Career Possibilities

Public Safety Administration • Emergency Manager • Emergency Operation Specialist • Homeland Security Administrator • Local Preparedness Coordinator • Training/Citizen Corp Specialist • Emergency Planners • Area School Safety Coordinator • Outreach Specialist • Public Health Emergency Response Manager • Emergency Management Analyst • Emergency Logistics Manager • Environmental Emergency Officer • Community Disaster Recovery Manager • Emergency Services Specialist • Risk Specialist • Public Assistance Officer • Disaster Operations Coordinator • Recovery and Mitigation Specialist • Municipal Readiness Coordinator • Safety Coordinator • Emergency Program Manager. (Some of these, and other careers, require additional education or experience. For more information, visit www.careers.csulb.edu.)

Master of Science in Emergency Services Administration (code OCSTMS01)

This program is interdisciplinary, developed by faculty experts from departments across campus.

The EMER curriculum and all advising and student research presentations are designed exclusively for online delivery utilizing the most up-to-date instructional technologies available. The program provides students with the conceptual foundation, communication, managerial, and analytical skills required for designing, testing, and implementing an effective response to workplace and community emergencies. The program has two major purposes: 1) to provide an understanding of the administration and management of emergency services with an emphasis on the roles and job expectations of public safety professionals and emergency managers, and 2) to prepare students for leadership roles in emergency and disaster administration by stressing independent research, communication, and writing skills, exposure to experts, and practical experiences of respected emergency services and disaster organizations.

Admission Criteria

1. Obtain admission to the graduate program by completing and forwarding the official CSULB graduate admissions forms and fees to the University's Office of Enrollment Services. Each applicant for graduate standing shall have completed an appropriate baccalaureate degree from an accredited university.
2. A resume and a letter of intent that includes a summary of the applicant's reasons for seeking a master's degree in Emergency Services Administration. Both documents must be sent directly to the Department's Graduate Advisor.
3. Three letters of recommendation from persons able to testify to the applicant's academic ability, preferably from former professors or immediate supervisors. These letters must be sent directly to the Department's Graduate Advisor.
4. Have at least a 3.0 grade-point average in the last 60 semester units attempted. A student whose overall grade point average is less than 3.0, but who presents acceptable evidence of professional potential either through recent academic performance and/or experiential background may be admitted by special action of the Department's Graduate Committee.
5. Be accepted by the department and graduate advisor for admission to the program.

Advancement to Candidacy

1. Satisfaction of the general University requirements for advancement to candidacy, including successful completion of the Graduation Writing Assessment Requirement (GWAR);
2. Completion of all core courses;
3. Maintenance of "B" average (3.0 GPA) in all work completed in graduate program;
4. Approval of Emergency Management Graduate Faculty and Director of Graduate Studies and Research, College of Health and Human Services.

Requirements

1. Take all of the following courses:
 - EMER 500 Information Literacy for Emergency Services Administration (1)
 - EMER 502 Practical Writing Applications for Emergency Services Administration (2)
 - EMER 542 Emergency Planning and Management (3)
 - EMER 545 Disaster Mental Health Issues in Emergency Management (3)
 - EMER 548 Risk, Crisis, and Inter-Agency Communications (3)
 - EMER 631 International Emergency Administration Systems: Comparative Analysis (3)
 - EMER 661 Emergency Management Leadership Across the Megacommunity (3)
 - EMER 671 Strategic Planning and Integrative Practices in Emergency Services Administration (3)
 - GEOG 558 Hazards and Risk Management (3)

CRJU 520 Adv Criminal Justice Research Methods (3)
CRJU 525 Advanced Statistics for Criminal Justice (3)
2. Completion of 42 units of approved graduate courses and a written comprehensive examination (EMER 697), or 43 units of approved graduate courses and a thesis (EMER 698) approved by the Department Graduate Committee.
Electives are selected in consultation with a faculty advisor.

Courses (EMER)

UPPER DIVISION

405./505. Campus and Community Volunteer Emergency Response (3)

Community outreach and education in all-hazard volunteer emergency response; disaster mental health and acute stress management in natural and human-induced disasters. Certification as members of Community Emergency Response Team (CERT) and CSULB's Volunteer Crisis Resource Team (VCRT).

Letter grade only (A-F).

500. Information Literacy for Emergency Services Administration (1)

Corequisite: EMER 502.

Research processes and methods for retrieving information on topics in emergency services administration in the modern library environment.

Letter grade only (A-F).

501. Principles of Emergency Services Administration (3)

Survey of the field of Emergency Services Administration with emphasis on local government systems, including context and organization, functions and phases of emergency response, and historical perspectives.

Letter grade only (A-F).

502. Practical Writing Applications for Emergency Services Administration (2)

Preparation of written documents required in Emergency Services Administration.

Letter grade only (A-F).

505./405. Campus and Community Volunteer Emergency Response (3)

Community outreach and education in all-hazard volunteer emergency response; disaster mental health and acute stress management in natural and human-induced disasters. Certification as members of the Community Emergency Response Team (CERT) and CSULB's Volunteer Crisis Resource Team (VCRT).

Letter grade only (A-F).

542. Emergency Planning and Management (3)

The planning and management processes and the issues involved in large-scale emergencies. The nature of natural and technological risk and emergency will be explored via case studies. Public sector roles in contingency planning and response will be assessed.

Letter grade only (A-F). Same course as PPA 542. Not open for credit to students with credit in PPA 542.

543. Legal, Economic, and Human Issues in Emergency Administration (3)

Legal, strategic, political, economic, ethical, and human issues encountered in the management of disasters or major traumatic public events.

Letter grade only (A-F). (Discussion 3 hours.)

544. Law and Legal Issues in Emergency Management (3)

Prerequisite: Graduate standing.

Overview of federal, state, and local legislation related to emergency management in various types of disasters. Guaranteed rights under the US Constitution and the legal and ethical application of measures within the parameters of these rights in emergency situations.

Letter grade only (A-F).

545. Disaster Mental Health Issues in Emergency Management (3)

Theories and practical applications of emergency mental health and self-care for those responding to, or managing response to, widespread natural and human-induced disasters.

Letter grade only (A-F).

547. Business Continuity & Emergency Management (3)

Development and maintenance of comprehensive emergency management programs for business and industry. Plan development and implementation, vulnerability analysis, hazard identification, life safety, property protection, communications and community outreach.

Letter grade only (A-F).

548. Risk, Crisis, and Inter-Agency Communications (3)

Theory and practical applications of emergency communications for those responding to or managing response to widespread natural and human-induced disasters.

Letter grade only (A-F).

605. Public Health Issues in Emergency Management (3)

Prerequisite: EMER 542 or consent of instructor.

Roles and responsibilities of the public health system in emergency management. Structure of public health systems, management tools, public health intervention strategies, communication, collaboration, and ethical considerations. Role of public health regarding assessments following disasters and maintaining public health standards.

Letter grade only (A-F).

631. International Emergency Administration Systems: Comparative Analysis (3)

Prerequisite: GEOG 558

Comparative analysis of international emergency management systems and structures. Implications of emerging threats and disasters in an increasingly interdependent world.

Letter grade only (A-F).

650. Graduate Seminar (3)

Students will undertake literature reviews and/or research to explore emerging issues, trends and research in the field of emergency services administration.

Letter grade only (A-F).

661. Emergency Management Leadership Across the Megacommunity (3)

Competencies of professional emergency management defined through the megacommunity. Models of strategic leadership in all phases of disaster management, with often competing professional organizations and networks, across culturally and economically diverse constituencies, and for natural or human-made disasters.

Letter grade only (A-F).

671. Strategic Planning and Integrative Practices in Emergency Services Administration (3)

Prerequisites: EMER 661

Capstone course focusing on all phases of disaster management of selected disaster case studies, a natural disaster and human-made event, using existing research literature, Internet-based simulation software, and post-incident evaluation techniques.

Letter grade only (A-F).

690. Special Topics

Group investigation of selected topics. Topics will be announced in the *Schedule of Classes*. May be repeatable to a maximum of 6 units with different topics in the same semester.

Letter grade only (A-F).

695. Independent Study (1-6)

For students who wish to focus their studies on a specific area of emergency services administration which coincides with a faculty member's research or practical expertise.

Letter grade only (A-F).

697. Directed Studies (3)

Prerequisites: Advancement to Candidacy

Research in an area of specialization under the direction of a faculty member.

Letter grade only (A-F).

698. Thesis (4)

Prerequisites: Advancement to Candidacy.

Planning, preparation, and completion of a thesis

Letter grade only (A-F).

Introduction

The Mission of the College of Engineering is to serve the State of California, the nation, and society at large, by graduating well-prepared professionals, who are provided with excellent education and training in the fundamentals of their discipline through a combination of theory and laboratory practice, and who are provided with the ability and skills to expand knowledge and transform complex ideas into working systems.

The College of Engineering offers four-year curricula leading to Bachelor of Science degrees in the disciplines of Engineering, Computer Science, and Engineering Technology, as well as, Master of Science degrees and Ph.D. The B.S. programs provide broad education and training for entry to the professions and for continuing academic work toward advanced degrees. Master of Science degrees are offered in Aerospace, Civil, Computer, Electrical and Mechanical Engineering, and in Computer Science. The Master of Science in Engineering is also offered in interdisciplinary areas. The Ph.D. in Engineering and Industrial Applied Mathematics is offered jointly with The Claremont Graduate University. Undergraduate programs provide opportunities to specialize in the areas of Aerospace, Biomedical, Chemical, Civil, Computer, Electrical, Industrial Management, Manufacturing, Materials and Mechanical.

Accreditation

The Bachelor's programs in Engineering, Computer Science and Engineering Technology are accredited by the appropriate accreditation commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202 - telephone: (410) 347-7700; website: www.abet.org. The Aerospace, Chemical, Civil, Computer, Electrical and Mechanical Engineering programs are accredited by the Engineering Accreditation Commission (EAC) of ABET. The Computer Science program is accredited by the Computing Accreditation Commission (CAC) of ABET. The Computer, Electronics and Manufacturing Technology programs are accredited by the Technology Accreditation Commission (TAC) of ABET.

Programs at a Glance

Students should submit applications early in August for the following Spring Semester and November for the following Fall semester.

The Bachelor of Science degrees followed by an asterisk (*) are accredited by EAC, CAC of the Accreditation Board for Engineering and Technology (ABET) as appropriate.
Bachelor of Science:

- Aerospace Engineering*
- Chemical Engineering*
- Civil Engineering*
- Computer Engineering*
- Computer Engineering Technology
- Computer Science*
- Construction Engineering Management
- Electrical Engineering*
- Electronics Engineering Technology
- Engineering
- Engineering Technology
- Manufacturing Engineering Technology
- Mechanical Engineering *

Minors:

- Computer Science
- Computer Science Applications
- Environmental Engineering
- Web and Technology Literacy

Master of Science:

- Aerospace Engineering
- Civil Engineering
- Computer Science
 - Option in Computer Engineering
 - Option in Computer Science
- Electrical Engineering
- Engineering (Interdisciplinary)
- Mechanical Engineering

Ph.D. in Engineering and Industrial Applied Mathematics (jointly with The Claremont Graduate University)

Certificates:

- Heating, Ventilating & Air-Conditioning Engineering (MAE)
- Waste Engineering and Management (CECEM)
- Energy Conversion and Power Systems Engineering (MAE and EE)

Industrial Plastics Processing and Design (MAE and ChE)
Facilities Operations (CECEM)
Safety Operations (ChE)
Aerospace Manufacturing (MAE)
Systems Engineering (COE)
Web and Technology Literacy (CECS)

Mathematics, Engineering, Science and Achievement (MESA) Center

The MESA Center is a program that serves low income and educationally disadvantaged students at the pre-college and college levels. The program is funded by the State of California and also receives program donations from private industry. The Center has two programs: MESA Schools Program (MSP) and MESA Engineering Program (MEP). MSP partners with middle and high schools in the Los Angeles basin area to prepare students to attend college. Its primary objective is to increase enrollment in the mathematics, engineering and science. MEP provides non-remedial academic support to matriculated college students. Its major objectives are to support the recruitment, retention and graduation of a select campus student population. The MESA Engineering Advisory and Development Council (MEADC) includes a membership of industry representatives from local area businesses with an interest in promoting the educational experience of low income and underrepresented students.

Academic Standards

Preparation for Admission

High school students planning to enter engineering, engineering technology, or computer science are advised to pursue a program with courses in biology, physics, chemistry, advanced algebra, and trigonometry. The general requirements for admission to the University must be satisfied. Deficiencies in any of these areas may result in an extension of the time required to complete the program. Full-time students can complete any baccalaureate degree in engineering, engineering technology, or computer science in four years.

The curricula are also designed to accommodate students transferring from other colleges or universities. Full-time students who complete two years at a community college can complete the B.S. degrees in two additional years. Transfer students should note and follow, where possible, the appropriate curriculum as outlined in later sections. None of the COE programs are impacted.

Most required courses are offered in multiple sections every semester. In addition, many required courses are also offered during Summer Sessions.

General Academic Requirements

The College of Engineering values good communication skills which are achieved through the General Education courses and are measured by the Graduation Writing Assessment Requirement (GWAR). A student must fulfill the GWAR before qualifying for any degree. Students are advised that, while specific course requirements vary depending on the nature of the subject, most College of Engineering courses require not only detailed analysis, and competent design, but also clear and concise written and oral reports and presentations. ENGL 100 or equivalent is a prerequisite to upper division laboratory courses.

Admission to any one of the graduate degree programs in

the college normally requires a minimum GPA of 2.5 in the last 60 units taken.

Letter Grade Policy

A grade of "C" or better must be achieved in prerequisites for courses required of Engineering, Computer Science, and Engineering Technology majors.

Required Foundation courses must be taken for a Letter grade only, not Credit/No Credit.

Concurrent and/or Summer Enrollment in Another College

Students who wish to take coursework in a community college or another college or university to meet curricular requirements while enrolled as an undergraduate in the College of Engineering must petition the appropriate department for prior approval to enroll in specific courses. This policy is for either concurrent enrollment or summer enrollment. University policy must also be complied with; see "Concurrent Enrollment" and "Transfer of Undergraduate Credit" in this *Catalog*. Courses not receiving prior approval may not be accepted for credit by the department.

Dual Degree Program

Students wishing to combine an engineering degree with one in business, education, fine arts, humanities or the sciences may enter the Dual Degree Program. The College of Engineering at CSULB has agreements with other Colleges within the University and with other institutions which allow students to do this. After three years at the first institution, students transfer to CSULB as juniors to complete the two final years of engineering study. At the end of the first year at CSULB, students who have completed all of the requirements for their first degree are awarded those degrees by the appropriate College or institution. At the end of their fifth year, students who have completed all engineering requirements receive their engineering degrees. As an option, students may choose to complete both degrees simultaneously.

Requirements for the ABET Accredited Degree Programs

Students working for an ABET accredited degree will meet with an academic advisor in their department as early as possible to make themselves fully aware of the ABET requirements, which not only includes the General Education, as outlined above, but also in other areas, such as mathematics and science requirements. Requirements are subject to change, but current requirements for all programs are posted at www.abet.org.

Undergraduate Programs

Bachelor of Science in Engineering

Option in Audio Engineering (code COE_BS02) (127 units)

This option is designed to train students for work in the audio engineering industry. The curriculum in the College of the Arts will show students in the program how the arts and entertainment industry uses modern technology in the recording, processing and creation of sound. The curriculum in

the College of Engineering will teach students how to analyze and design the electronic and computer components used in the arts and entertainment industry.

As this option is not ABET accredited, students are urged to either take a second major in Computer Engineering (follow the Computer Engineering Track) or Electrical Engineering (follow the Electrical Engineering Track)

Requirements

Computer Engineering Track

Lower Division:

- BIOL 207 Human Physiology (4)
- CECS 174 Intro to Programming & Problem Solving (3)
- CECS 201 Computer Logic Design I (3)
- CECS 228 Discrete Structures with Computing Applications I (3)
- CECS 274 Object Oriented Programming and Data Structures (3)
- E E 210 Electro-Magnetic Foundations in Electrical Engineering (3)
- E E 210L Electro-Magnetic Foundations in Electrical Engineering Laboratory (1)
- MATH 122 Calculus I (4)
- MATH 222 Intermediate Calculus (3)
- MUS 190 Listener's Approach to Music (3)
- PHYS 151 Mechanics and Heat (4)

Upper Division:

- CECS 301 Computer Logic Design II (3)
- CECS 311 Principles of Computer Engineering II (3)
- CECS 326 Operating Systems (3)
- CECS 346 Microprocessors and Controllers I (3)
- CECS 347 Microprocessors and Controllers II (3)
- CECS 360 Integrated Circuit Design Software (3)
- CECS 447 Microprocessors and Controllers III (3)
- CECS 460 System on Chip Design (3)
- CECS 497 Directed Studies (3)
- E E 386 Digital Signal Processing (3)
- E E 486 Digital Signal Processing for Multimedia Communications (3)
- ENGR 340 Guitar Electronics: Engineering Sound (3)
- MATH 323 Introduction to Numerical Analysis (3)
- MATH 370A Applied Mathematics (3)
- MATH 380 Probability and Statistics (3)

Take three courses from the following:

- FEA 307, THEA 449, EE 428, MUS 370, 455, 456

Take an approved technical elective.

Electrical Engineering Track

Lower Division:

- BIOL 207 Human Physiology (4)
- CECS 174 Intro to Programming & Problem Solving (3)
- MATH 122 Calculus I (4)
- MATH 123 Calculus II (4)
- MATH 224 Calculus III (4)
- MUS 190 Listener's Approach to Music (3)
- E E 201 Digital Logic Design (4)
- E E 202 Computer Methods in Engineering (3)
- E E 210 Electro-Magnetic Foundations in Electrical Engineering (3)

- E E 210L Electro-Magnetic Foundations in Electrical Engineering Laboratory (1)
- E E 211 Electric and Electronic Circuits (3)
- E E 211L Electric Circuits Laboratory (1)
- PHYS 151 Mechanics and Heat (4)

Upper Division:

- C E 370 Analytical Mechanics (3)
- E E 310 Signals and Systems (3)
- E E 330 Analog Electronic Circuits I (4)
- E E 346 Microprocessor Principles and Application (3)
- E E 444 Microprocessor Based System Design (3)
- E E 370 Control Systems (3)
- E E 370L Control Systems Laboratory (1)
- E E 382 Communications Systems I (3)
- E E 386 Digital Signal Processing (3)
- E E 430 Analog Electronic Circuits II (3)
- E E 486 Digital Signal Processing for Multimedia Communications (3)
- ENGR 340 Guitar Electronics: Engineering Sound (3)
- MATH 370A Applied Mathematics (3)

Take one of the following courses:

- E E 462 Electromagnetics and Applications to Wireless Systems (3)
- E E 464 Electromagnetics and Applications to Electro-outputs (3)

Take one of the following courses:

- E E 489 Digital Signal Processing Design (3)
- E E 490 Special Problems (3)

Take three courses from the following:

- FEA 307, THEA 449, EE 428, MUS 370, 455, 456

Take an approved technical elective.

Minor in Environmental Engineering (code COE_UM01)

This 18-unit interdisciplinary minor is designed for undergraduates from various engineering and science backgrounds who are interested in applying engineering approaches to environmental issues.

Requirements

A minimum of 6 units selected from the following core:

Take one of the following courses:

- C E 364 Environmental Engineering I: Fundamentals (3)
- CH E 475 Environmental Pollution (3)

Take the following course:

- CH E 455 Environmental Compliance (3)

Take 12 units from the following:

- CH E 415, 445, 465, 485; C E 466; E T 409F, 476

Most of the courses in the minor require some background in engineering and/or chemistry. Upper division students majoring in Biology, Chemistry, Chemical Engineering, Civil Engineering, or Mechanical Engineering may have sufficient background to select from the above choices without needing additional prerequisites. Those majoring in other branches of science and engineering may need several additional courses in engineering and/or chemistry to meet prerequisite requirements of courses in this minor.

All prerequisites to the courses in the minor must be completed with a grade of "C" or better.

Graduate Programs

Graduate Program Director: Mahyar Amouzegar

Master of Science in Engineering (code COE_MS01)

Typical tasks and responsibilities undertaken by students in the curriculum for this program would not fall within one of the traditional specialties in engineering, e.g. aerospace, chemical, civil, electrical and mechanical engineering, or computer science and engineering. The student may pursue an interdisciplinary program, approved by a graduate advisor, by selecting courses from the various departments of engineering. For information concerning the programs, special facilities, laboratories and research possibilities, contact the College of Engineering.

Prerequisites

1. A bachelor's degree in an ABET accredited curriculum in engineering with a minimum GPA of 2.7; or
2. A bachelor's degree with a minimum GPA of 2.7 in engineering, mathematics, natural science or other discipline with the requirement that essential undergraduate prerequisites in engineering are satisfied;
3. Graduate students must consult with a graduate advisor, with whom they will be working, for information concerning procedures and requirements for appropriate approval of their courses of study prior to enrolling in their graduate programs.
4. The Graduation Writing Assessment Requirement (GWAR) must be met during the first semester in residence. Failure to attempt to fulfill the GWAR during the first semester will prevent registration in engineering courses in subsequent semesters.

Advancement to Candidacy

1. Removal of all undergraduate deficiencies as determined by the Graduate Advisor;
2. Students may, at the discretion of the Graduate Advisor, be required to take examinations in some chosen areas;
3. Fulfillment of the Graduation Writing Assessment (GWAR)

Requirements

1. Completion of a minimum of 30 units beyond the bachelor's degree in upper division and approved graduate courses, including:
 - A. A minimum of 18 units of 500- and/or 600-level courses in engineering;
 - B. Six units of electives selected from approved upper division (400-level) or graduate courses from appropriate areas;
 - C. Completion of an acceptable thesis or project and/or comprehensive examination.

Note: Students are strongly advised to read and be familiar with the campus regulations described under "Graduate Programs" elsewhere in this catalog.

Graduate Certificate in Systems Engineering (code COE_CT01)

Director: Mahyar Amouzegar

This 18-unit post-baccalaureate certificate is focused toward development and management of complex systems. Each such complex system requires a clear Systems Engineering Master Plan, a set of methodologies, appropriate tools, a rigorous requirements flow-down technique, and a comprehensive Project Management Plan to enable system design and project management for effective and efficient human interaction.

Requirement

1. Completion of an accredited baccalaureate degree in engineering or equivalent;
2. Satisfactory completion of 18 units listed below;
3. File a program application card with Admissions and Records, and file for the Certificate at least one semester prior to completion;
4. The Certificate may be awarded concurrently or subsequently to baccalaureate degree.

Required Courses

The Certificate Program requires a minimum of 18 semester units, as indicated below.

1. System Engineering Core Courses, 6 units of the following:
 - EE 503 Advanced Systems Engineering (3)
 - MAE 508 Systems Engineering and Integration (3)
2. Engineering Management Courses, 6 units from the following:
 - CECS 521 Database Architecture (3)
 - MAE 506 Management of Engineering Technology and Innovation (3)
 - MAE 507 Engineering Project Management (3)
3. Manufacturing Courses, 3 units from the following:
 - ENGR 574 Advanced Manufacturing Technology Processes (3)
 - MAE 574 Computer-Aided Manufacturing (3)
4. Advanced Engineering Mathematics/Analysis Courses, 3 units from the following:
 - EE 502 Engineering Modeling and Simulation (3)
 - EE 505 Advanced Engineering Mathematics for Electrical Engineers (3)
 - EE 508 Probability Theory and Random Processes (3)
 - MAE 501 Engineering Analysis I (3)
 - MAE 502 Engineering Analysis II (3)

Ph.D. in Engineering and Industrial Applied Mathematics (code COE_PH01)

Program Director: Mahyar Amouzegar

Degree Designation

In accordance with an agreement between Claremont Graduate University and CSULB, the degree is granted at Claremont Graduate University in the name of the two universities. The diploma indicates the dual nature of the degree and specifies that it is granted only when requirements have been satisfied in both subject areas as specified by the collaborating institutions.

Program Supervision

Overall program supervision is the responsibility of the Program Committee, consisting of the directors of the Joint Doctoral Program (JDP) from each institution, the Dean of Mathematics at CGU, and the Dean of Engineering at CSULB.

Admission Requirements

Students must be admitted to both institutions jointly. Admission will be granted to a limited number of qualified students; therefore, application should be made as early as possible. Applications are encouraged from both men and women, particularly from members of minority groups or individuals with disabilities. Completed applications must be received by April 1 for the fall semester or October 1 for the spring semester, although late applications are allowed at the discretion of the Program Committee. The Program Committee is responsible for making admission decisions consistent with campus regulations (see Application Procedure in this booklet).

To be admitted to the Joint Doctoral Program, an applicant must have received a bachelor's or master's degree in science, engineering, or mathematics from an accredited institution. Moreover, he or she must have attained scholastic records and present confidential recommendations which indicate that he or she is well qualified to pursue, with distinction, advanced study and research. Be advised that admission may be refused solely on the basis of limited facilities in the option desired.

GRE Requirement

The analytical, verbal, and quantitative portion of the Graduate Record Examination (GRE) is required before admission. GRE subject examinations (mathematics and engineering) are not required. Applicants whose first or native language is not English are required to have a current minimum score of 550 (213 on the new scale) on the Test of English as a Foreign Language (TOEFL); however, this requirement is waived for students with a bachelor's or master's degree from an accredited U. S. university.

Registration and Enrollment

It is important that students register and enroll in classes each semester at either CGU or CSULB. Failure to enroll at any given semester will be considered leave without permission (discontinued enrollment) and the student will be dropped from the program.

Program Planning and Supervision

At CSULB, an initial engineering advisor is assigned to the student at the time of admission. At CGU, the student needs to arrange with the program director, within the first semester of study, for a mathematics advisor. The student's program of study is arranged individually in collaboration with their advisors; the two advisors confer periodically regarding the student's progress. The Program Committee monitors the student's overall performance.

Course Work and Examinations

A minimum 72 units of course work, independent study, and research (including transfer credit) must be completed. Transfer credit of up to 24 units of related courses at the

master's level is permissible on approval of the Program Committee; this course work must have been completed with at least a grade of B or above, at an accredited institution, and must be directly related to the joint program and the student's goals. Of the 72 units, a minimum of 24 units must be completed in the graduate engineering program at CSULB and a minimum of 24 units in the graduate mathematics program at CGU. Both sets of 24 units must conform to the area requirements of the relevant institution and must be approved by the Program Committee. All degree requirements must be completed within seven years (or six with the transfer of 24 units according to CGU regulations) from the time a student begins graduate study.

Every doctoral student must maintain a cumulative grade-point average (GPA) of 3.0 and a grade-point average of 3.0 in all courses applicable to the degree. Furthermore, students must earn at least a grade of B or above in any course that is counted towards the course work requirement. Students are put on academic probation if they fail to maintain a cumulative or term GPA of at least 3.0 in all units attempted subsequent to admission to the degree program. After two consecutive semesters on probation, students are subject to disqualification if they fail to earn sufficient grade-points to be removed from the probationary status.

CSULB Course Requirement

The only specific CSULB course requirement is four units of Engineering 796: Doctoral Seminar (2). The remaining 20 units, for students who have received transfer credit, may include courses needed for the Preliminary Examinations (see the Preliminary Examination section of this handbook), Doctoral Dissertation, Advanced Special Topics, and Advanced Directed Studies. Presently, students are permitted to count the following courses in addition to the regular graduate courses, offered by the five engineering departments, towards meeting the CSULB 24-unit course requirement.

ENGR 790: Advanced Special Topics in Engineering (8 units allowed)

ENGR 795 or MAE 795: Advanced Directed Studies (8 units allowed)

ENGR 796: Doctoral Seminar (4 units required)

ENGR 798 or MAE 798: Doctoral Dissertation (4 units allowed)

Minimum Student Load Per Semester

It is highly recommended that doctoral students enroll in at least 9.0 units per semester in order to demonstrate progress towards the degree. The CSULB director of the program, in consultation with the doctoral advisor, may require that a student take at least 9.0 units per semester if the student is not showing adequate progress.

These courses may include the following:

ENGR 797A Preparation for Ph.D. Preliminary Examinations

ENGR 797B Preparation for Ph.D. Qualifying Examination

Students may take from 4.0 to 12.0 units of ENGR 797A or ENGR 797B each semester, though these courses may not be used to fulfill the 72-unit course work. Both of these courses are offered on Credit/No Credit bases and are designed to formally recognize the students' efforts towards the program.

Residency Requirements

Doctoral students must complete their program within a period of seven years (or six with the transfer of 24 units) according to CGU regulations (see below). During this time, a minimum of 72 units of course work, independent study, and research (including transfer credit) must be completed. Normally no more than 16 units per semester may be credited toward the degree. No more than 12 units per summer session may be credited toward the degree. The transfer of credit form is available on the CGU website. The Program Committee will consider petitions for extensions and/or exemptions.

All degree requirements must be completed within seven years from the time a student begins graduate study. Work for which transfer credit is granted will be counted as part of the seven years, e.g., if transfer credit of 24 units (one year) is granted, the time limit will be six years.

The residency requirements for the Ph.D. may be met either by two semesters of full-time study in a 24-month period or by the completion of 48 units of course work within a 48-month period (including work in the summer session). There are special provisions for students transferring units as described below.

Students who receive transfer credit for 12 units or less may meet the residency requirement either by completing two full-time semesters of course work within a 24-month period or by completing 36 units within a 48-month period. Those receiving transfer credit for 13 to 24 units may meet the residency requirement by completing 24 units within a 36-month period. The seven-year maximum time period for the Ph.D. degree is reduced by six months for 12 units or less of transfer credit and by 12 months for 13 to 24 units of transfer credit.

Plan of Study

After consultation with their advisors, students are required, before the end of the first year, to prepare and file with the Program Committee a Plan of Study for completing the course requirements for the degree. The purpose of the Plan of Study is to ensure that the student is aware of the requirements for the degree. The Plan of Study should indicate the areas of study that the student will be taking in preparation for the preliminary examinations. In consultation with the student's advisor and Program Committee, the Plan of Study may be altered at a subsequent time by petition.

If a student withdraws from the program after completing a substantial portion of the course work, a master's degree at either or both institutions is still possible by satisfaction of the appropriate requirements. Both CGU and CSULB require 30-36 semester units of course work for master's degrees.

Preliminary Examinations

The student is required to pass written preliminary examinations. These examinations consist of four examination areas: two in engineering and two in mathematics. These examinations should be taken immediately after completion of the relevant course work at each institution. These examinations are given two or three times a year at the discretion and under the control of the Program Committee. Should a student fail an examination, they may petition the Program Committee for one retake.

Before taking the first preliminary examination, the student is required to complete the Preliminary Examination

Permission Form (available at the CSULB website, www.csulb.edu/colleges/coe, or at the CGU site, www.cgu.edu/math).

This form requires the student to specify the four areas of the Preliminary Examination; the student's intended dissertation advisor and the directors of the Joint Doctoral Program must sign it. The purpose of this form is to certify that the student and dissertation advisor are in agreement on the set of examinations. If, in the course of time, this set of examinations and/or the advisor is amended, the form must be resubmitted. The preliminary examinations are considered completed when the four examinations specified on the student's form have been successfully passed. You must be enrolled at CSULB (e.g., enrolling in at least 4.0 units of 797A) in order to take the CSULB portion of the Preliminary Examinations. For a list of courses, please review the student handbook at our web site www.csulb.edu/coe/phd

Research Tool

Students in the Joint Doctoral Program must demonstrate proficiency in problem-solving ability using computer programs. This demonstration may take different forms depending on the student's engineering sub-discipline, but must include evidence that the student has used an appropriate computer language and an algorithmic method to solve a problem from an engineering discipline.

Research and Dissertation

Upon completion of at least 48 units of course work (including transfer units), the preliminary examinations, and the research tool requirement, a student embarks on the research phase of the Joint Doctoral Program. In preparation for the research phase, the student is expected to spend at least a semester in advanced graduate courses, seminars, or directed reading courses where exposure to research material is emphasized. From these and other sources, the student gains the ability to understand the motivation for research in engineering and applied mathematics and learns to apply research techniques.

Doctoral Committee

During entry to the program and through the period of the main body of course work at CGU and CSULB, the Program Committee will monitor the student's progress. Upon successful completion of the preliminary examinations, the student petitions the Program Committee to constitute the Doctoral Committee. The student chooses this committee with advice from the faculty advisor and with approval of the Program Committee. The committee must include at least two faculty members each from CGU and CSULB; it must also provide breadth and depth in mathematics and engineering in the chosen faculty members. The Doctoral Committee supervises the student's progress through research preparation and dissertation writing; it also administers the qualifying and oral examinations for the degree. The chair of the Doctoral Committee is the dissertation supervisor.

Research Proposal and Qualifying Examination

With these advanced courses as background, and with the guidance of the Doctoral Committee, the student defines an area of proposed research and prepares a written Dissertation Proposal containing an outline of the research to be undertaken and references to relevant source materials. The Dissertation Proposal is presented to the Doctoral Committee at least two weeks prior to the Qualifying Examination. The appropriate

form under "Doctoral Degree Forms" can be obtained from the CGU website www.cgu.edu (under Current Students, Registrar Information). The Qualifying Examination is an oral presentation to the Doctoral Committee describing the planned research. The student is expected to present evidence both as to the mathematical content and to the engineering application of the proposed research, supporting such evidence with references to previous research in both areas. The Doctoral Committee judges the fitness and quality of the Dissertation Proposal from this presentation and from the written proposal. It subsequently communicates its recommendations to the Program Committee. Only upon a positive recommendation may the student embark on a dissertation. In the event of failure, the qualifying examination may be retaken once after petition to the Program Committee.

Advancement to Candidacy

After successful completion of the Qualifying Examination and certification that all other requirements are fulfilled, the student is advanced to candidacy. The appropriate form under "Doctoral Degree Forms" may be obtained from the CGU website. This must occur at least six months before the Final Oral Defense.

Dissertation and Final Oral Examination

Upon completion of the research, the student will prepare the dissertation in accordance with CGU regulations. A final draft of the dissertation will be presented to each member of the Doctoral Committee at least three weeks prior to the final oral examination. The appropriate form under "Doctoral Degree Forms," along with an abstract of the dissertation, must be filed with CGU's Office of Admission and Records three weeks before the exam. This deadline is very strict and no exceptions will be made. Please see the CGU website under "Academic Calendar" for the final defense scheduling dates. The oral defense will normally be held on the campus of the dissertation supervisor.

Policies and Procedures

1. Throughout their entire program of study, unit-taking students must be registered at either CGU or CSULB. Students, who intend not to take course work at either institution, including those who have finished their required units, must take the necessary steps to maintain continuous enrollment. This is achieved by registering for Math 499 (Doctoral Study) at Claremont Graduate University or by registering for Engineering 798 (Doctoral Dissertation) at California State University, Long Beach. At least two semesters of registration for Math 499 at CGU must be maintained during the last year prior to graduation. In order for the degree to be conferred, a student must meet all regulations as stated in the CGU Bulletin under "Degree Regulations."
- Requests for leave of absence must be submitted to each registrar's office and approved by both institutions according to the standards of each; upon approval of leave the student should advise the math office at CGU and the office of the Joint Doctoral Program at CSULB. Students should contact each registrar's office for leave of absence policies. If the student fails to advise the registrar at CGU of his/her leave granted by CSULB, he/she will be dropped from the program (CGU has no official arrangement for leaves). Upon return, the student will be required to pay CGU a

- reinstatement fee in addition to regular semester tuition.
2. International students registered for units at CSULB must provide the CGU International Student Advisor, Nusha Shishegar, with proof of registration within two weeks of the beginning of the semester at CGU. Proof of full-time registration (8 units minimum) is required to maintain immigration status. (In the circumstance of completion of units, registration in Doctoral Study, CGU Math 499, is required.)
3. Students should arrange for advisors, one in math at CGU and one in engineering at CSULB, at the earliest opportunity. The program committee will help provide advisors.
4. After consultation with their advisors, students must submit a plan of study, including a petition for transfer of credits, if applicable, during their first year of study. The Plan of Study must be approved and transfer of units recommended to the Registrar by the program committee.

Procedures for Student Admission

1. Students must complete application forms for both CGU and CSULB. The completed application package must include official transcripts, three letters of reference (preferably on the forms supplied in the CGU package), a personal statement and a resume. Current, official GRE scores are required. Scores may not be older than 5 years.
2. The completed application package (including a separate Long Beach fee and application) must be submitted to the CGU Admissions Office, 160 East Tenth Street, Claremont, CA 91711-6163. Do not send application materials to CSULB as this will result in considerable delay. Both application fees are required
3. Online applications are acceptable for the Joint Program; however, consult the Program Advisors at CGU and CSULB for appropriate procedures.
4. The CGU director of the CSULB/CGU Joint Doctoral Program, Ellis Cumberbatch, reviews completed files. In the event of a negative review, a rejection letter is issued by CGU. In the event of a positive review, the application, along with a copy of the completed file, is forwarded to the CSULB director of the CSULB/CGU Joint Doctoral Program, Dr. Mahyar Amouzegar.
5. Results of the Long Beach review are transmitted back to CGU Math. Upon a positive review by CSULB, the application and fee are sent to the CSULB Admissions Office to be processed. A negative review initiates a rejection letter from CGU.
6. Upon admission to the program, CGU will generate two admission letters; one is mailed to the student and one is sent to CSULB. This letter includes a decision card and specifies a required \$200 tuition deposit that should be submitted to CGU if the student chooses to accept the offer of admission.
7. Students admitted to provisional status must provide the materials needed to complete their files before the end of their first semester of enrollment. Official scores for the GRE General Test are required of all students before admission to full graduate standing. The joint faculty program committee will review completed files for change of status.
8. The academic progress of students admitted to conditional status will be reviewed by the program committee prior to a decision about change of status.

Courses (ENGR)

LOWER DIVISION

100. Fundamentals of Engineering Analysis (4)

Prerequisites: Appropriate ELM score, ELM exemption, or MAPB11.

Use of an application-oriented, hands-on approach to math topics in a variety of core engineering courses; analysis of experimental data; applications of MATLAB in solving engineering problems.

Letter grading only (A-F). (Lecture 3 hours, Laboratory 3 hours)

101. Introduction to the Engineering Profession (1)

Freshman orientation seminar on careers in engineering. Speakers from various fields illustrate opportunities and challenges in the engineering profession.

(Lecture-problems 1 hour) Letter grade only (A-F).

102. Academic Success Skills (1)

Prerequisite: ENGR 101.

Development of skills and identification of strengths and weaknesses for success in a COE major.

(Lecture 1 hour). Letter grade only (A-F).

170. Introduction to Solid Modeling and Engineering Graphics (2)

Prerequisites: Knowledge of geometry and intermediate algebra.

An introduction to part modeling, solid models, detail drawings with dimensioning and assembly modeling using SolidWorks software. The class is focused on project-based learning, which organizes learning around complete projects.

Letter grade only (A-F). (Lecture-problems 1 hour, Laboratory 2 hours)

203. Engineering Problems and Analysis (3)

Prerequisite: MATH 122; Corequisite: ENGR 203L.

Formulation of engineering problems and methods for their analysis. Application of vectors, matrices, derivatives and integration into engineering problems. Computer aided analysis using MATLAB, MathCad, etc.

(Lecture - Problems hours) Letter grade only (A-F).

203L. Engineering Problems and Analysis Laboratory (1)

Prerequisite: MATH 122; Corequisite: ENGR 203.

Computer-based exercises on fundamental concepts such as vectors, matrices, derivatives, integrals. Practical engineering problems are assigned and solved using MATLAB.

(Laboratory 3 hours) Letter grade only (A-F).

UPPER DIVISION

302I. Energy and Environment: A Global Perspective (3)

Prerequisites: Completion of the G.E. Foundation, one or more Explorations courses, and upper-division standing.

Renewable/nonrenewable energy sources, including fossil fuels, nuclear, solar, wind, wave, geothermal, hydroelectric and biomass. Available resources, market, trends, and technology. Energy conservation, balance, alternatives, social, cultural, and political impacts. Ecosystem, human-induced climate changes. Environment and power generation, pollution, ozone depletion. Recycling.

(Lecture-Problem 3 hours) Letter grade only (A-F).

310. Business Communications in Engineering Profession (3)

Prerequisites: ENGL 100, COMM 110.

Basic concepts for understanding/practice of communication in world of business for managers and professionals. Language/

conversations in business and role in coordinating actions, resolving breakdowns in work and customer satisfaction. Business writing formats, formal report, business conversation. International, technical, and linguistic developments in business communication.

Letter grade only (A-F). (Lecture-Problem 3 hours) This course may be used to satisfy the GEAR. Students who have failed the WPE at least once can take the course and submit a portfolio at the end for GEAR credit that will be issued if the student passes the portfolio that is reviewed by a committee.

340. Guitar Electronics: Engineering Sound (3)

Prerequisites: Upper division standing, completion of GE Foundation requirements, one course from G.E. category B1b.

Historical review of electro-magnetic principles and their application to the reproduction, modification, and creation of sound. The electric guitar, its amplifiers, and special effects devices (analog and digital) will be used to gain practical experience. Electrical safety, physiology and physics of the ear.

Not open for credit to students with credit in EE 333. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

348. Introduction to Information Security, Privacy, and Societal Implications (3)

Prerequisites: Junior standing, computer literacy, and familiarity with PC and Internet.

Provides basic understanding of some general principles of computer and information security, privacy, business/societal implications. Discussions, demonstrations, and exercises. Overview of underlying security principles, methodologies and products, privacy/societal implications, and concept of "Trustworthy" computing for security in organizations and personal computer/internet use.

(Lecture-discussion 3 hours) Letter grade only (A-F).

350. Computers, Ethics and Society (3)

Prerequisites: 3 units from GE Category A.1 (Writing) and 3 units from GE Category D (Social and Behavioral Science).

An examination of the social impact of information technologies. Topics include a survey of the technology (software, hardware and key applications), ethical obligations of specialists, the computer in the workplace, shifts of power, privacy, and legal issues related to computing.

(Lecture-problems 3 hrs)

370I. Astronautics and Space (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Combines the disciplines of space engineering with economics, human physiology, satellite meteorology, earth resources and environmental science, astronautics and space exploration. Emphasis on oral and written communications, numeracy and use of computers. Extensive use of computer animation, videographics and the Internet.

(Lecture-problems 3 hours) Letter grade only (A-F).

375. Total Quality and Continuous Improvement (3)

Prerequisites: Completion of GE Foundation requirements, one or more Explorations courses, and upper-division standing.

Total Quality approach to achieve Continuous Improvement. Quality gurus and Deming's philosophy on TQM, Strategic planning, Customer satisfaction, TQM tools, data representation, Worker empowerment/ teamwork, Supply chain management, Statistical tools for controlling quality, ISO 9000, Malcolm Baldrige Award, Deming's Prize, practice and Case studies. Team projects.

(Lecture-problems 3 hours) Letter grade only (A-F).

388. Engineering for Elementary School Teachers (3)

Developing and fabricating teaching aids and integrated hands-on projects for elementary schools. Basic skill in teaching engineering and technology in the elementary grades.

(Lecture 2 hours, Laboratory 3 hours)

391. Engineering and Civilization (3)

Prerequisites: Completion of G.E. Foundation, one or more Explorations course, and upper-division standing.

Interaction between human beings, environment, resources, engineering, science, including impact of engineering and technology on society. Readings/lectures providing perspective and insight into current problems at interfaces between engineering and other disciplines, especially anthropology, art, ecology, economics, philosophy, psychology, science, social sciences.

(Lecture-Problems: 3 hours.)

432./532. Logistics Systems Engineering (3)

Prerequisite: Consent of instructor.

Logistics concepts, methods and techniques for engineering. Logistics from a historical perspective, the economic impact of logistics, the engineering tool chest, and logistics as an integrating function. Logistics systems requirements and design; transportation and distribution, inventory analysis and operational support.

(Lecture-problems 3 hours) Letter grade only (A-F).

492B. Internship In Engineering (3)

Prerequisites: Major in the College of Engineering, completion of 9 units of upper division COE coursework, a 2.5 GPA overall or 2.75 GPA in the student's major, and consent of instructor prior to registration.

Qualifying students must provide contact information for the major- or career-related assignment in private industry or in public agencies for which the course is being used. The position may be either a volunteer or paid work assignment. The instructor is required to visit the work site. Learning assignments will be arranged through the Career Development Center and the instructor. Final written report required.

Minimum of 120 hours of field experience required. Credit/No Credit grading only. May be repeated to a maximum of 6 units in different semesters. (Activity 6 hours)

498. Engineering Systems Senior Project (3)

Prerequisite: Senior Standing.

Senior Project in Engineering Systems. Design and development of a senior project. Presentation of oral and written report.

(Seminar 3 hours) Letter grade only (A-F).

GRADUATE LEVEL

511. Quality Assurance in Manufacturing (3)

Prerequisites: CE 406 or consent of instructor, and graduate standing.

In-depth studies of planning for quality, productivity and competitive positioning in manufacturing. Understanding the TQM process. Inspection and standardization and product reliability strategies. Case study projects.

Letter grade only (A-F). (Lecture-problems 3 hours)

532./432. Logistics Systems Engineering (3)

Prerequisite: Consent of instructor.

Logistics concepts, methods and techniques for engineering. Logistics from a historical perspective, the economic impact of logistics, the engineering tool chest, and logistics as an integrating function. Logistics systems requirements and design; transportation and distribution, inventory analysis and operational support.

(Lecture-problems 3 hours) Letter grade only (A-F).

574. Advanced Manufacturing Technology and Processes (3)

Prerequisites: Consent of instructor and graduate standing.

Build from manufacturing process into factory integration, study of advanced manufacturing processes including composites,

electronics manufacturing, automated material handling, assembly, inspection, warehousing, factory and office of the future. Automation, robotic applications, flexible manufacturing systems, group technology and the economics of the automated systems.

Letter grade only (A-F). (Lecture and Computer Laboratory 3 hours)

790. Advanced Special Topics in Engineering (4)

Prerequisites: MS or equivalent and formally admitted to the Ph.D. program.

Each offering is based on an area of Engineering in which recent advances have been made. Specific topics will be recorded on student's transcripts.

May be repeated to a maximum of 8 units with different topics. Course Survey Form must be completed. Letter grade only (A-F).

795. Advanced Directed Studies (4)

Prerequisites: MS or equivalent and formally admitted to the Ph.D. program.

Explorations of theoretical and experimental (if applicable) Engineering problems in great depth with emphasis on mathematical modeling and analysis. Students must present the findings in a formal report and a seminar.

May be repeated to a maximum of 8 units. Course Survey Form must be completed. Letter grade only (A-F).

796. Doctoral Seminar (2)

Prerequisite: Graduate Standing.

Research seminar on advanced technical fields.

May be repeated to a maximum of 4 units in different semesters. (Seminar 2 hours). Letter grade only (A-F).

797A. Preparation for Ph.D. Preliminary Examinations (4-12)

Prerequisite: Graduate Standing.

Tutorial. Limited to doctoral students who are preparing for the preliminary examinations.

May be repeated to a maximum of 12 units in different semesters or until the preliminary examinations requirements are fulfilled. ENGR 797A does not count towards the 48 units of course requirement. Credit/No Credit grading only.

797B. Preparation for Ph.D. Qualifying Examination (4-12)

Prerequisite: Graduate Standing.

Tutorial. Limited to doctoral students who are preparing for the qualifying examination.

May be repeated to a maximum of 12 units in different semesters or until the student has advanced to candidacy. ENGR 797B does not count towards the 48 units of course requirement. Credit/No Credit grading only.

797C: Research for Ph.D. Dissertation (4-12)

Prerequisite: Graduate Standing. Tutorial. Limited to doctoral students who are preparing or working on the dissertation research. ENGR 797C does not count towards the 48 units of course requirement. Credit/No Credit grading only.

798. Doctoral Dissertation (4-12)

Prerequisites: Successful completion of the Ph.D. preliminary examinations, research tool test, and at least 48 units of course work. A written dissertation proposal containing an outline of the research to be undertaken and references to relevant source material must be submitted. Only upon a positive recommendation a student may embark on a dissertation.

May be repeated to a maximum of 12 units in different semesters, but only 4 units will count towards the doctoral degree's course requirements. Letter grade only (A-F).

Courses (MSEM)

UPPER DIVISION

406B. Engineering Economy and Administration (3)

Prerequisite or Corequisite: ECON 300 or consent of instructor.

Engineering management principles and economic analysis: with time value of money, after-tax analysis for rate of return. Graduate students will be required to do an additional assignment.

Letter grade only (A-F).

GRADUATE LEVEL

506B. Management of Engineering Technology and Innovation (3)

Prerequisite: Graduate engineering standing.

Analysis of the principles and theory of engineering administrative organizations, information systems, management functions, decision making tools, strategies and administrative policy formulations.

Letter grade only (A-F).

507B. Engineering Project Management (3)

Prerequisite: Graduate engineering standing.

Theory and philosophies of project management, principles of internal and industrial organization planning and control systems, motion in time study, industrial statistics, industrial research as aid to decision making.

Letter grade only (A-F).

508B. Systems Engineering and Integration (3)

Prerequisite: Senior standing or consent of instructor.

Introduction to the tools and methods employed by systems engineers in the aerospace industry. Development of system functions, requirements, verification and validation, and interfaces in the context of integrated product teams and the product life cycle.

Letter grade only (A-F).

511B. Advanced Manufacturing Management Systems (3)

Prerequisite: Consent to instructor.

Management systems for Integrated Product Development and Concurrent Engineering; Quality, Productivity and Costs, emphasis Just-in-Time Manufacturing; Quality-Based Manufacturing Systems: TQM and ISO 9000; Customer Requirement and Quality Function Deployment; Design Manufacturing and Assembly, Poka-Yoke; Demand-Driven, "Pull" manufacturing. "Lean Enterprise".

Letter grade only (A-F).

570B. Engineering Management Principles and Applications (3)

Prerequisite: Graduate standing, or consent of instructor.

Engineering management principles/applications. Relationships of management functions -modern products or service based companies. Technical organization in global market place. Reengineering, empowerment, concurrent engineering, and systemic thinking. Evolutionary theories of management. Strategic planning, goal setting, communication, resource distribution, etc. Team projects.

Letter grade only (A-F).

591B. Engineers to Managers – A Transition (3)

Prerequisites: Consent of instructor and graduate standing.

Engineers transitioning to management. Engineering mindset advantages and disadvantages; Successful managers; Corporations - system of people, machines, and facilities; Requirements; Inter-acting disciplines; "people skills" in non-coercive supervision; Technical managers; Managing Changes and technology; Team projects.

(Lecture-Problems 3 hours) Letter grade only (A-F).

596B. Special Projects in Engineering Management (3)

Prerequisites: Eligible for advancement to candidacy and consent of instructor.

Under faculty supervision students will pursue synthesis work, as a culminating experience, on the topics learned for the interdisciplinary MSEM degree. In consultation with the Program Advisor, an Independent Study form must be completed. An acceptable project report must be submitted.

May be repeated to a maximum of 6 units. Letter grade only (A-F).

ENGINEERING TECHNOLOGY PROGRAMS

College of Engineering

Advisory Council

The Engineering Technology Advisory and Development Council (ETADC), composed of leaders actively engaged in areas of relevant engineering technology, provides information and guidance about industrial developments in methods, materials and techniques. The members make recommendations for changes in curriculum content, methods and/or facilities.

Career Possibilities

Computer Option: Hardware and software Computer Applications Engineers • Test Equipment Engineers • Manufacturing Engineers or Technical Sales Engineers in industry and organizations where a combination of hardware and software background is required

Electronics Option: Electronic Technician • Calibration Engineer • Construction Inspector • Computer Applications Engineer • Time Study Engineer • Facilities Planner • Field Engineer • Manufacturing Engineering • Operations Research Analyst • Sales Representative • Project Engineer • Associate Electronics Engineer • Product Design Engineer • Process Engineer • Instructor

Environmental Option: Air Quality Engineer • Compliance Officer • Environmental Assessment Consultant • Groundwater and Soil Contamination Specialist • Hazardous Materials Manager • Incineration Management Specialist • Natural Resources Manager • On-site Sewage Disposal Director • Permits Compliance Manager • Remedial Design and Construction Manager • Site Assessment Specialist • Technical Writer - Environmental Specialist • Urban-Environmental Studies Planning Director • Waste Management Director

Some of these, and other careers, require additional education or experience. For more information, see www.careers.csulb.edu.

Introduction

The Engineering Technology (ET) Programs at CSULB serve society by graduating well-prepared professionals, who are provided with an excellent education in the fundamentals of Engineering Technology through a combination of theory and laboratory practice, and who are able to apply their knowledge and transform their ideas into working systems.

General Requirements

All students in the BSET, BSEET, or BSCET programs must receive a minimum grade of "C" in each of the prerequisite courses before enrolling in any Engineering Technology course. In addition to any other all-university requirements regarding grade point averages for graduation, student must achieve a minimum of 2.0 average in all Engineering Technology courses.

Bachelor of Science in Engineering Technology

Option in Technology and Engineering Education (code ET__BS15) (120 units)

Administered by the Computer Engineering and Computer Science Department.

Faculty Advisor - Barbara Mack

CECS Department Office - ECS 540

Faculty Advisor's Office - ECS 524

Faculty Advisor's Telephone -(562) 985-1595

This option is for students preparing to teach technology and programming courses at the middle or high school level. It has been approved by the Commission on Teacher Credentialing as a subject matter preparation program for students who plan to teach on the Industrial and Technology (ITE) credential.

To earn a teaching credential in Industrial and Technology Education, students must also complete a Single Subject Program sequence of professional preparation courses, including student teaching. For information about earning a Single Subject teaching credential, see an advisor in the Teacher Preparation Advising Center (Ed1-67) in the College of Education. For information about the Technology and Engineering Option, students should consult the department's Industrial and Technology Education advisor.

Requirements

Lower Division:

Take all of the following courses:

- CECS 100 Critical Thinking in Digital Information Age (3)
- CECS 110 Web Design I (3)
- CECS 174 Programming and Problem Solving (3)
- CECS 200 Web Design II (3)
- CECS 202 The Digital Information Age (3)
- CEM 121 Construction Drawing I (2)
- CEM 125 Fundamentals of Construction (3)
- DESN 120A Fundamentals of Design (3)
- ENGR 101 Introduction to Engineering Profession (1)
- ENGR102 Academic Success Skills (1)
- ET 101 Introduction to Engineering Technology (1)
- ET 170 Engineering Drafting and Design (3)
- MAE 272 Introduction to Manufacturing Processes (2)
- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)

Choose one of the following pairs:

- ET 250 Circuit Analysis I (2)
- ET 250L Circuit Analysis I Laboratory (1)
- or
- ET 302 Industrial Electricity (2)
- ET 302L Industrial Electricity Laboratory (1)

Upper Division:

Take all of the following:

- CE 426 Transportation Engineering (3)
- CECS 310 Computer-Based Learning Resources (3)
- CEM 310 Communication in Engineering Profession (3)

- DESN 368 History and Theory of Design (3)
- ENGR 302I Energy and Environment (3)
- ENGR 375 Total Quality & Continuous Improvement (3)
- ET 307 Industrial Safety (2)

Concentration I:

- CECS 401 Programming Robots – For Educators (3)
- CECS 410 Computers and Networks (3)
- CECS 414 Intro to Network and System Security Issues (3)
- ETEC 435 Accessible Electronic and Info Technologies (3)

Concentration II:

- CE 406 Cost Engineering and Analysis (3)
- ET 244 Machine Tools (1)
- ET 244L Machine Tools Laboratory (1)
- ET 264 Industrial Tooling (1)
- ET 264L Industrial Tooling Laboratory
- ET 313 QA, Inspection Measurement and Testing (2)
- ET 313L QA, Inspection Measurement and Testing Lab (1)
- ET 335 Engineering Materials and Processes I (3)

**Option in Environmental Technology
(code ET__BS06) (133 units)**

Administered by the Chemical Engineering Department.
CHE Department Office - EN2 101

This option is to provide career educational opportunities to students whose technological interests and aptitudes are applications-oriented. In addition to acquiring technical knowledge and skills, graduates will be able to communicate well. Ethical considerations of environmental issues will have a major role throughout the curriculum. Every effort is made to help the students in proper job placement upon graduation. This option is not accredited.

Prerequisite Core

Lower Division:

- Take all of the following courses:
- CHEM 111A General Chemistry (5)
 - ENGR 203 Engineering Problem Solving & Analysis (3)
 - ENGR 203L Engr Problem Solving & Analysis Lab (1)
 - ET 101 Introduction to Engineering Technology (1)
 - ET 170 Engineering Drafting (3)
 - ET 202 Probability and Statistics for Technology (3)
 - ET 202L Probability and Statistics for Technology Lab (1)
 - ET 204 Applied Mechanics-Statics (3)
 - ET 205 Computer Systems and Programming (1)
 - ET 205L Computer Systems and Programming Lab (1)
 - MATH 120 Technical Calculus (4)
 - PHYS 100A General Physics (4)
 - PHYS 100B General Physics (4)

Upper Division:

- Take all of the following courses:
- ECON 300 Fundamentals of Economics (3)
 - ET 301 Engineering Materials (2)
 - ET 301L Engineering Materials Laboratory (1)
 - ET 307 Industrial Safety (2)
 - ET 335 Engineering Materials and Process I (3)
 - ET 335L Engineering Materials and Process I Lab (1)
 - ET 410 Cost Engineering and Analysis (3)

Select one of the following:

- ET 309 Industrial Leadership (2)
- ENGR 310 Bus Communication in Engr Profession (3)

Requirements

Lower Division:

- Take all of the following courses:
- ET 206 Introduction to Environmental Hazardous Materials and Waste Technology (3)
 - ET 209 Environment App of Physics & Org Chemistry (3)
 - ET 210 Hazardous Material and Waste Management (3)
 - ET 213 Environmental Health, Safety & Emergency Response (3)

Upper Division:

- Take all of the following courses:
- ET 319 Environmental Regulations and Compliance (3)
 - ET 329 Environmental Studies Groundwater/Soils (2)
 - ET 329L Environ Studies Groundwater/Soils Lab (1)
 - ET 333 Solid Waste Technology (2)
 - ET 333L Solid Waste Technology Lab (1)

Select at least 11 units of approved electives in consultation with an advisor from the following courses:
ET 409F, 476, H/SC 422

Fieldwork Requirements

Fieldwork experience is required for the BS in Engineering Technology, Option in Environmental Technology, consisting of no less than three months full-time (40 hours/week) (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college. The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the Department.

**Bachelor of Science in Computer
Engineering Technology
(code ET__BS16) (129 units)**

Administered by the Electrical Engineering Department.
Faculty Advisor - I-Hung Khoo
EE Department Office - ECS 512
Faculty Advisor's Office - ECS 517
Faculty Advisor's Telephone - (562) 985-1695

This program is available to students interested in the manufacturing of computers and the applications and operations aspects of computer hardware and software. The program is designed to meet ABET criteria for accredited programs in engineering technology.

Requirements

Lower Division:

- Take all of the following courses:
- MATH 122 Calculus I (4)
 - PHYS 100A General Physics (4)
 - PHYS 100B General Physics (4)
 - ENGR 101 Intro to Engineering Profession (1)
 - ENGR 102 Academic Success Skills (1)
 - ENGR 203 Engineering Problem Solving & Analysis (3)
 - ENGR 203L Engr Problem Solving and Analysis Lab (1)
 - ET 101 Introduction to Engineering Technology (1)
 - ET 170 Engineering Drafting (3)
 - ET 202 Probability and Statistics for Technology (3)
 - ET 202L Probability and Statistics for Technology Lab (1)
 - ET 205 Computer Systems and Programming (1)

- ET 205L Computer Systems and Programming Lab (1)
- ET 250 Circuit Analysis I (2)
- ET 250L Circuit Analysis I Lab (1)
- ET 252 Circuit Analysis II (2)
- ET 252L Circuit Analysis II Lab (1)
- ET 255 Introduction to Digital Electronics (2)
- ET 255L Introduction to Digital Electronics Lab (1)
- ET 260 Solid State Electronic I (2)
- ET 260L Solid State Electronic I Lab (1)
- ET 286 Introduction to Object-Oriented Programming (2)
- ET 286L Intro to Object-Oriented Programming Lab (1)

Upper Division:

Take all the following courses:

- ET 309 Industrial Communications and Leadership (3)
- ET 311 Quality Engineering Technology (3)
- ET 360 Control Instrumentation (2)
- ET 360L Control Instrumentation Lab (1)
- ET 386 Introduction to Microprocessors (2)
- ET 386L Introduction to Microprocessors Lab (1)
- ET 387 Robot Programming and Mechatronics (2)
- ET 387L Robot Programming and Mechatronics Lab (1)
- ET 388 Technical Applications Using Programming Languages (2)
- ET 388L Technical Applications Using Programming Languages Lab (1)
- ET 410 Cost Engineering and Analysis (3)
- ET 442 Computer Circuits (2)
- ET 442L Computer Circuits Lab (1)
- ET 486 Data Structures (2)
- ET 486L Data Structures Lab (1)
- ET 487 Introduction to Data Communications and Networking (2)
- ET 487L Intro to Data Communications and Networking Lab (1)
- ET 488 Microcomputer Systems (2)
- ET 488L Microcomputer Systems Lab (1)
- ET 489 Computer Interfacing (2)
- ET 489L Computer Interfacing Lab (1)
- ET 492 Computer Controlled Industrial Systems (2)
- ET 492L Computer Controlled Industrial Systems Lab (1)
- ET 494 Applied Systems Development Project (2)
- ET 494L Applied Systems Development Project Lab (1)
- ET 497 Computer Network Technology (2)
- ET 497L Computer Network Technology Lab (1)

Take at least 3 units from the following, in consultation with an advisor:

- ET 301, 301L, 409E, 491, 491L.

Fieldwork Requirements

Fieldwork experience is required for the BS in Computer Engineering Technology, consisting of no less than three months full-time (40 hours/week) (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college. The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the Department.

Bachelor of Science in Electronics Engineering Technology (code ET__BS02) (129 units)

Administered by the Electrical Engineering Department.
 Faculty Advisor - I-Hung Khoo
 EE Department Office - ECS 512
 Faculty Advisor's Office - ECS 517
 Faculty Advisor's Telephone - (562) 985-5082

This program emphasizes written and oral communications skills as well as modern methods of industrial administration and supervision.

Requirements

Lower Division:

Take all the following courses:

- MATH 122 Calculus I (4)
- PHYS 100A General Physics (4)
- PHYS 100B General Physics (4)
- ENGR 101 Introduction to Engineering Profession (1)
- ENGR 102 Academic Success Skills (1)
- ENGR 203 Engineering Problem Solving & Analysis (3)
- ENGR 203L Engineering Problem Solving and Analysis Lab (1)
- ET 101 Introduction to Engineering Technology (1)
- ET 170 Engineering Drafting
- ET 202 Probability and Statistics for Technology (3)
- ET 202L Probability and Statistics for Tech Lab (1)
- ET 205 Computer Systems and Programming (1)
- ET 205L Computer Systems and Programming Lab (1)
- ET 250 Circuit Analysis I (2)
- ET 250L Circuit Analysis I Lab (1)
- ET 252 Circuit Analysis II (2)
- ET 252L Circuit Analysis II Lab (1)
- ET 255 Introduction to Digital Electronics (2)
- ET 255L Introduction to Digital Electronics Lab (1)
- ET 260 Solid State Electronics I (2)
- ET 260L Solid State Electronics I Lab (1)
- ET 286 Introduction to Object-Oriented Programming (2)
- ET 286L Intro to Object-Oriented Programming Lab (1)

Upper Division:

Take all the following courses:

- ET 309 Industrial Communications and Leadership (3)
- ET 311 Quality Engineering Technology (3)
- ET 341 Solid State Electronic II (2)
- ET 341L Solid State Electronic II Lab (1)
- ET 350 Motors and Generators (2)
- ET 350L Motors and Generators Lab (1)
- ET 360 Control Instrumentation (2)
- ET 360L Control Instrumentation Lab (1)
- ET 386 Introduction to Microprocessors (2)
- ET 386L Introduction to Microprocessors Lab (1)
- ET 387 Robot Programming and Mechatronics (2)
- ET 387L Robot Programming & Mechatronics Lab (1)
- ET 388 Technical Applications Using Programming Languages (2)
- ET 388L Technical Applications Using Programming Languages Lab (1)
- ET 410 Cost Engineering and Analysis (3)

ET 441 Theory of Electronic Control (3)
ET 442 Computer Circuits (2)
ET 442L Computer Circuits Lab (1)
ET 444 Telecommunications (3)
ET 447 Industrial Applications of Electronic Circuits (2)
ET 447L Industrial Appl of Electronic Circuits Lab (1)
ET 460 Electronic Packaging and Design (2)
ET 460L Electronic Packaging and Design Lab (1)
ET 488 Microcomputer Systems (2)
ET 488L Microcomputer Systems Lab (1)

Take at least 3 units from the following courses, in consultation with an advisor:

ET 301, 301L, 409B, 445, 445L.

Fieldwork Requirements

Fieldwork experience is required for the BS in Electronics Engineering Technology, consisting of no less than three months full-time (40 hours/week) (or equivalent part-time) of employment in an approved industry or governmental agency. The student must hold a position equivalent to a technician or higher which affords the opportunity to exercise responsibility usually given to those who have completed two years of college.

The fieldwork must be completed prior to graduation, be certified and approved by the faculty of the Department.

Engineering Technology Courses (E T)

LOWER DIVISION

101. Introduction to Engineering Technology (1)

Survey of professional activities and environment of engineering technologist. Covers role of technologist in American industry, the history of technology and the growth and future of those professionals who hold the Bachelor of Science degree in Engineering Technology. (Lecture-Discussion 1 hour) Credit/No Credit grading only.

170. Engineering Drafting and Design (3)

Prerequisite: Sophomore standing.

Graphic communication including freehand sketching. Introduction to blueprinting reading and computer aided drafting. Emphasis on engineering drafting practices; general standards, tolerances, thread series, welding joints, surface finishes, fasteners, structural shapes. (Lecture 2 hours, laboratory 3 hours) Letter grade only (A-F).

202. Probability and Statistics for Technology (3)

Prerequisite: High school algebra. Corequisite: ET 202L.

Statistics and probability theory, sampling, correlation, regression as applied to Engineering Technology.

(Lecture-problems 3 hours) Letter grade only (A-F).

202L. Probability and Statistics for Technology Laboratory (1)

Prerequisites: 2 yrs high school algebra, geometry, and intermediate algebra (or MATH 010) or equivalent. Corequisite: ET 202.

Laboratory exercises in statistics and probability theory, sampling, correlation, regression as applied to Engineering Technology. Simulation using statistical packages.

(Laboratory 3 hours) Letter grade only (A-F).

204. Applied Mechanics-Statics (3)

Prerequisites: MATH 120, PHYS 100A.

Force systems acting on structures, moments, equilibrium, centroids, trusses, beams, cables, frames, machines, friction, section properties, masses, both U.S. and S.I. units of measurements.

(Lecture 2 hrs, activity 2 hrs) Letter grade only (A-F).

205. Computer Systems and Programming (1)

Corequisite: ET 205L.

Overview of computer systems, hardware, and software development. Hardware topics include central processing unit and memory, input/output devices, storage mechanism, and communication. Software topics include programming languages, operating systems, and systems analysis and design.

(Lecture – discussion, exercise, 1 unit) Letter grade only (A-F). Same as CEM 205

205L. Computer Systems and Programming Lab (1)

Corequisite: ET 205.

Laboratory exercises in computer programming to solve problems in business, manufacturing, research and simulation. An object-oriented programming language will be used for these activities.

(Laboratory 3 hours) Letter grade only (A-F). Same as CEM 205L

206. Introduction to Environmental Hazardous Materials and Waste Technology (3)

Prerequisites: CHEM 111A, PHYS 100A.

Overview of environmental effects of industrial pollution and history of environmental legislation. Study of industrial processes and generation of waste streams in selected industries. Introduction to concepts of sustainable development, energy conservation, waste minimization and waste treatment.

Letter grade only (A-F). (Lecture-Discussion 3 hours)

208. Hazardous Waste Stream Generation, Reduction, Treatment (3)

Industrial processes and waste streams in industry: electroplating, metal finishing/printed circuit board production, oil refining/chemical production, general manufacturing, printing/graphic reproduction, agriculture/consumer services. Raw materials/chemicals in industry as they move through industrial process, material balance of inventory. Regulations and importance of waste minimization/treatment.

Letter grade only (A-F).

209. Environmental Applications of Physical and Organic Chemistry (2)

Prerequisite: CHEM 111A.

Applications of physical and organic chemistry in environmental science and engineered environmental systems.

Letter grade only (A-F). (Lecture-Discussion 2 hours)

210. Hazardous Material and Waste Management (3)

Prerequisites: CHEM 111A, ET 206.

A study of the requirements of federal, state and local regulations relating to the management of hazardous materials and hazardous wastes. Particular focus on compliance with shipping, storage, labeling, sampling, and inventory and release reporting requirements.

Letter grade only (A-F). (Lecture-Discussion 3 hours)

212. Hazardous Materials Management Application (3)

Requirements and applications of federal, state and local laws and regulations relating to hazardous materials. Compliance with Department of Transportation, Occupation Safety and health Administration, Hazard Communication, Superfund Amendments and Reauthorization Act, Title III community Right to Know etc.

Letter grade only (A-F).

213. Environmental Health, Safety and Emergency Response (3)

Prerequisites: CHEM 111A, ET 206.

Hands-on instruction in safety and emergency response to chemical and physical exposures in industrial and field settings. Acute and chronic health effects produced by exposure to chemical agents.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

244. Machine Tools (1)

Corequisite: ET 244L.

Operations and use of the conventional and non-conventional machine tools.

Not open for credit to students with previous machine tools credit. (Lecture-Discussion 1 hour) Letter grade only (A-F).

244L. Machine Tools Laboratory (1)

Corequisite: ET 244.

Laboratory exercises using conventional and non-conventional machine tools.

Not open for credit to students with previous machine tools experience. (Laboratory 3 hours) Letter grade only (A-F).

250. Circuit Analysis I (2)

Prerequisite: PHYS 100B. Corequisite: ET 250L.

Fundamentals of DC theory, units of measurements, systems of units. Current, voltage, resistance, Ohm's law, power, energy. Series and parallel circuits. Methods of analysis and selected topics. Network theorems such as superposition, Thevenin's, Norton's and Millman's theorems.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

250L. Circuit Analysis I Laboratory (1)

Prerequisite: PHYS 100B. Corequisite: ET 250.

Laboratory exercises will be conducted on AC and DC circuits using proto boards and power supplies, multi-meters, function generators, oscilloscopes and frequency counters.

(Laboratory 3 hours) Letter grade only (A-F).

252. Circuit Analysis II (2)

Prerequisites: MATH 120, ET 250, 250L. Corequisite: ET 252L.

Study of circuit analysis techniques in AC, including network theorems, mesh and nodal analysis, transients, time domain and phasors, magnetic circuits, sinusoidal and non-sinusoidal wave forms, resonance circuits (series and parallel), filters (low-pass, high-pass, passband and bandstop).

(Lecture-Discussion 2 hours) Letter grade only (A-F).

252L. Circuit Analysis II Laboratory (1)

Prerequisites: MATH 120, ET 250, 250L. Corequisite: ET 252.

Laboratory exercises will be conducted on AC circuits using proto boards and AC power supplies, function generators, oscilloscopes, and frequency counters.

(Laboratory 3 hours) Letter grade only (A-F).

255. Introduction To Digital Electronics (2)

Prerequisites: ET 250, 250L. Corequisite: ET 255L.

Combinational logic utilizing Boolean algebra and the binary numbering system. Includes Karnaugh maps, truth tables, coding, switching circuits, converters and logic circuit elements.

(Lecture-problems 2 hours) Letter grade only (A-F).

255L. Introduction to Digital Electronics Laboratory (1)

Prerequisites: ET 250, 250L. Corequisite: ET 255.

Laboratory exercises in basic logic circuits. Topics included are breadboarding, basic gates, and combinational circuits.

(Laboratory 3 hours) Letter grade only (A-F).

260. Solid-State Electronics I (2)

Prerequisites: ET 252, 252L. Corequisite: ET 260L.

Analysis and design of solid-state electronic circuits using diodes, bipolar, unijunction and field-effect devices.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

260L. Solid State Electronics I Laboratory (1)

Prerequisites: ET 252, 252L. Corequisite: ET 260.

Laboratory exercises in breadboarding and measurements of solid-state circuits utilizing all types of electronic measuring equipment.

(Laboratory 3 hours) Letter grade only (A-F).

264. Industrial Tooling (1)

Prerequisites: ET 170; Corequisite: ET 264L.

Design of tools for production. Typical tooling problems include working drawings and hardware.

(Lecture-Discussion 1 hour) Letter grade only (A-F).

264L. Industrial Tooling Laboratory (1)

Prerequisites: ET 170; Corequisite: ET 264.

Laboratory experiments in tool design in relation to mass part production.

(Laboratory 3 hours) Letter grade only (A-F).

286. Introduction to Object-Oriented Programming (2)

Prerequisites: ET 205, 205L; Corequisite: ET 286L.

Introduction to an object-oriented programming language (C++). Problem analysis and software development methodology. Emphasis on applications to technology

(Lec-Discussion 2 hrs) Letter grade only (A-F).

286L. Introduction to Object-Oriented Programming Laboratory (1)

Prerequisites: ET 205, 205L; Corequisite: ET 286.

Introduction to an object-oriented programming language (C++).

Problem analysis and software development methodology. Emphasis on applications to technology.

Letter grade only (A-F). (Laboratory 3 hours)

UPPER DIVISION**301. Engineering Materials (2)**

Prerequisites: CHEM 111A; Corequisite: ET 301L.

Study of physical and mechanical properties and applications of engineering materials.

Letter grade only (A-F). (Lecture-Discussion 2 hours)

301L. Engineering Materials Laboratory (1)

Prerequisites: CHEM 111A; Corequisite: ET 301.

Laboratory investigation and experiments in the application of engineering materials. Field trips.

Letter grade only (A-F). (Lab 3 hrs)

302. Industrial Electricity (2)

Prerequisite: PHYS 100B; corequisite: ET 302L.

Overview of electrical principles and applications in electrical manufacturing industries including instrumentation and power distribution.

Letter grade only (A-F). (Lecture 2 hours) May not be used for credit for the ECET program.

302L. Industrial Electricity Laboratory (1)

Prerequisite: PHYS 100B; corequisite: ET 302.

Overview of laboratory techniques in electrical engineering technology and applications in the industry.

Letter grade only (A-F). (Laboratory 3 hours) May not be used for credit for the ECET program.

304. Applied Mechanics Strength of Materials (3)

Prerequisite: ET 204.

Analysis of strength and rigidity of structural members in resisting applied forces, stress, strain, shear, moment, deflections, combined stresses, connections, and moment distribution.

Letter grade only (A-F). (Lecture-Discussion 3 hours)

307. Industrial Safety (2)

Prerequisite: Junior Standing.

Survey of industrial safety administration, engineering and management. Emphasis is placed on the role of the first line supervisor in establishing and maintaining a safe, healthful work environment for employees.

Introduction to supporting computer resources used in the safety field.

Letter grade only (A-F). (Lecture-Discussion 2 hours)

309. Industrial Communications and Leadership (3)

Prerequisites: ET 101,

English Composition. Principles, theories of industrial communications and management for engineering technology. Management functions of planning, organizing, motivating, leading, controlling and staffing in technical environment. Intro decision support models. Written/oral technical information; communication forms and procedures of industry, with computer applications.

(Lecture-Discussion, 3 hours) Letter grade only (A-F).

311. Quality Engineering Technology (3)

Prerequisites: ET 202, 202L,

Junior standing. Quality engineering technology principles and practices in industry, including management concepts, inspection practices, costs of quality and testing.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

312. Statistical Quality Control (3)

Prerequisite: ET 311.

Statistical process control; including use of statistical methods for analysis and improvement of product quality, control charts, linear correlation; sampling procedures, stratification, cause and effect analysis, process capability and introduction to design of experiments.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

313. Quality Assurance, Inspection Measurement and Testing (2)

Prerequisite: ET 311; Corequisite: ET 313L.

Theory and application of inspection procedures, instrument calibration, precision measurements including theory and application of non-destructive testing of materials for quality control.

Letter grade only (A-F).

313L. Quality Assurance, Inspection Measurement and Testing Laboratory (1)

Prerequisite: ET 311; Corequisite: ET 313.

Laboratory experiments; instrument calibration including standards and precision measurements including the use of non destructive test equipment for quality control.

(Laboratory 3 hours) Letter grade only (A-F)

319. Environmental Regulations and Compliance (3)

Analysis of federal and local administration of environmental laws, including the National Environmental Policy Act of 1969 and litigation of that act in the courts. Special attention paid to California and comparison of the environmental regulation policies of California.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

329. Environmental Study of Groundwater and Soils (2)

Corequisite: ET 329L.

Detection, analysis and control of groundwater/soil contamination involving the regulatory hierarchy, distribution network and subsurface formations. Basic tools and procedures utilized in compliance operations.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

329L. Environmental Study of Groundwater and Soils Laboratory (1)

Corequisite: ET 329.

Laboratory exercises in the techniques of detection, analysis and control of groundwater/soil contamination. Rules of compliance set by regulatory hierarchy, distribution network and subsurface formations.

(Laboratory 3 hours) Letter grade only (A-F).

333. Solid Waste Technology (2)

Corequisite: ET 333L.

Survey of regulated hazardous and non-hazardous solid waste generated by common industrial processes. Topics include waste generation, storage, collection, transfer, transport, processing and recovery. Consideration of system performance, legislation, regulations and environmental impact.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

333L. Solid Waste Technology Laboratory (1)

Corequisite: ET 333.

Techniques of identification, measurement and assessment of solid waste. Focus on regulated hazardous solid waste from common industrial processes. Topics include waste generation, storage, collection, transfer, transport, processing and recovery. Consideration of system performance, legislation, regulations and environmental impact.

(Laboratory 3 hours) Letter grade only (A-F).

335. Engineering Materials and Processes I (3)

Corequisite: ET 335L.

Examination of engineering materials and manufacturing processes including the study of: Phase diagrams; heat treatment; metal casting processes; welding and soldering; corrosion, powder metallurgy, electronic fabrication; tribology, friction, wear, lubrication; surface treatment, coating and cleaning.

(Lecture - Discussion 3 hours) Letter grade only (A-F).

335L. Engineering Materials Processes I Laboratory (1)

Corequisite: ET 335.

Laboratory exercises in engineering materials and manufacturing processes including the study of: Phase diagram; heat treatment; casting; metallography and electronic manufacturing processes.

(Laboratory 3 hours) Letter grade only (A-F).

341. Solid State Electronics II (2)

Prerequisites: ENGR 203, 203L, ET 260, 260L, corequisite: ET 341L.

Miller's Theorem, integrated circuits, feedback, operational amplifiers, Fourier series, distortion, modulation, phase-locked loops, linear and non-linear circuits, and breadboarding.

(Lec-Discussion 2 hrs) Letter grade only (A-F).

341L. Solid State Electronics II Laboratory (1)

Prerequisites: ENGR 203, 203L, ET 260, 260L, corequisite: ET 341.

Laboratory exercises in design and measurement of various circuits using operational amplifiers, comparators, regulators, silicon controlled rectifiers, frequency mixers and phase-locked loops.

(Lab 3 hours) Letter grade only (A-F).

350. Motors and Generators (2)

Prerequisites: ET 252, 252L; corequisite: ET 350L.

Study of electric rotating machinery, its theories, principles, design and applications in automation industries.

(Lecture-Problems 1 hour) Letter grade only (A-F).

350L. Motors and Generators Laboratory (1)

Prerequisite: ET 252 252L; corequisite: ET 350.

Laboratory exercises in applications and design of rotating machines. Topics covered are DC machines, synchronous machines, servomotor, step motor, and control circuits.

(Laboratory 3 hours) Letter grade only (A-F).

360. Control Instrumentation (2)

Prerequisites: ET 260, 260L; corequisite: ET 360L.

Application and basic design of analog and digital control instrumentation for industrial processes. Physical and electrical properties of thermal, mechanical and optical transducers with associated signal conditioning.

(Lecture-Problems 2 hours) Letter grade only (A-F).

360L. Control Instrumentation Laboratory (1)

Prerequisites: ET 260, 260L; corequisite: ET 360.

Laboratory exercises in developing and measuring various control systems utilizing operational amplifiers, transducers, thermocouples, bridges, and various pressure devices.

(Laboratory 3 hours) Letter grade only (A-F).

363. Kinematics of Mechanisms (3)

Prerequisites: ET 170, ET 204.

Mathematical and graphical approaches to analyze the motion of mechanisms, for further machine development, through studies of displacement, velocity and acceleration of mechanical elements.

(Lecture-Discussion 2 hours, Activity 2 hours) Letter grade only (A-F).

365. Fluid Power and Control (2)

Prerequisite: ET 204; Corequisite: ET 365L.

Fundamentals and application of hydraulic, pneumatic and vacuum power as used in current manufacturing plants.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

365L. Fluid Power and Control Laboratory (1)

Prerequisite: ET 204; Corequisite: ET 365.

Demonstration and operation of fluid power systems. Design and selection of components for specific applications. Computer data acquisition and analysis.

(Laboratory 3 hours) Letter grade only (A-F).

386. Introduction to Microprocessors (2)

Prerequisite: ET 286, 286L; corequisite: ET 386L.

Theory and concepts of programming, hardware configuration, and functional capabilities of microcomputer systems including peripheral devices.

(Lecture-Problems 2 hours) Letter grade only (A-F).

386L. Introduction to Microprocessors Laboratory (1)

Prerequisites: ET 286, 286L; corequisite: ET 386.

Laboratory exercises in programming microcomputers. Topics included are number systems, microcomputer structure, mnemonic, binary code, peripheral devices operations, stand alone operations, and system operations.

(Laboratory 3 hours) Letter grade only (A-F).

387. Robot Programming and Mechatronics (2)

Prerequisites: ET 205, 205L; corequisite: ET 387L.

Basic concepts of robot manipulators, robot kinematics, robot programming languages. Applications of industrial robots, machine vision systems. Basic concepts of mechatronic systems: combine hardware, software, interface, and system integration to make an intelligent system. Sensors and actuators for robotics and mechatronic systems.

(Lecture-Problems 2 hours) Letter grade only (A-F).

387L. Robot Programming and Mechatronics Laboratory (1)

Prerequisites: ET 205, 205L; corequisite: ET 387.

Laboratory exercises in industrial and educational robot operation and applications. Laboratory exercises on mechatronic systems. Robot systems and their computer language instructions will be used. The experiments include teach pendant programming, high level language programming, workcell applications, continuous path programming.

Letter grade only (A-F).

388. Technical Applications Using Programming Languages (2)

Prerequisites: ET 286, 286L; corequisite: ET 388L.

Techniques for design and development of industrial programs that includes composite program design, module coupling/strength, program testing, top-down structured programming concepts and tools, object oriented programming, and memory management.

Concepts are investigated and examined for use in solving complex problems.

(Lecture-problems 2 hours)

388L. Technical Applications Using Programming Languages Laboratory (1)

Prerequisites: ET 286, 286L; corequisite: ET 388.

Techniques for design and development of industrial programs that includes composite program design, module coupling/strength, program testing, top-down structured programming concepts and tools, object oriented programming, and memory management. Concepts are investigated and examined for use in solving complex problems.

(Lab 3 hours)

390. Applied Computer-Aided Design and Manufacturing (2)

Prerequisites: ET 170, 205, 205L; corequisite: ET 390L.

Roll of the computers in the manufacturing process, application of CAD/CAM systems, hardware and software components for automation, part programming for manufacturing, computer controlled manufacturing equipment, simulation, programming the factory.

(Lecture - Discussion 2 hours) Letter grade only (A-F).

390L. Applied Computer-Aided Design and Manufacturing Laboratory (1)

Prerequisites: ET 170, 205, 205L; corequisite: ET 390.

Use of microcomputer based hardware and software to solve 2D and 3D modeling problems. Computer automation software packages. Also includes part programming and CAD/CAM data exchange exercises.

(Laboratory 3 hours) Letter grade only (A-F).

409. Senior Problems in ET (1-3)

Prerequisites: Senior standing in ET, consent of instructor.

Advanced work of a technical nature within an area of specialization on an experimental or research basis.

Letter grade only (A-F).

- B. Electronics Technology
- C. Manufacturing Technology
- D. Quality Assurance
- E. Computer Technology
- F. Environmental Technology

410. Cost Engineering and Analysis (3)

Prerequisites: Economics course, Junior Standing.

Introduction to the concepts of capital and operations budgets, capital acquisitions, economic evaluations of capital alternatives and factors of the time-value of money in industrial operations and construction industries.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

418. Production Methods and Process Improvement (3)

Prerequisite: ET 410.

Simplification and improvement of manufacturing operations through the use of production analysis tools for optimum production economy. Also included is the investigation of production automation applications for improving manufacturing process, quality and productivity.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

419. Design of Experiments (3)

Prerequisite: ET 312.

Advanced statistical analysis applied to quality functions. Comparative and single factor experiments. Factorial designs and multiple regression.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

435. Engineering Materials and Processes II (3)

Prerequisites: ET 335, 335L. Corequisite: ET 435L.

Application of engineering materials and manufacturing processes including: rolling; forging; extrusion and drawing; sheet-metal forming; manufacturing of plastics and composites; material removal processes and rapid prototyping.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

435L. Engineering Materials and Processes II Laboratory (1)

Prerequisites: ET 335, 335L; corequisite: ET 435.

Continuation of ET 335L. Laboratory exercises in: welding processes; machining processes; metal forming; manufacturing of composite materials.

(Laboratory 3 hours) Letter grade only (A-F).

441. Theory of Electronic Control (3)

Prerequisites: ET 360, 360L.

Procedures for the design, preparation, and evaluation of electronic systems that control manufacturing and production processes, simulation analysis for sensing, programming, and actuating operations.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

442. Computer Circuits (2)

Prerequisites: ET 255, 255L; corequisite ET 442L.

Introduction to digital hardware design. Combinational/sequential logic circuits and systems and application of integrated circuits to logic controls. Programmable logic devices, Field-programmable gate array, Circuit synthesis, and analysis.

(Lecture-Problems 2 hours) Letter grade only (A-F).

442L. Computer Circuits Laboratory (1)

Prerequisites: ET 255, 255L; corequisite ET 442.

Laboratory study of digital computer circuits design and implementation. Standard designing and trouble-shooting procedures will be discussed. Topics covered are multivibrator, register, counter, decoder, arithmetic circuits, and memory.

(Laboratory 3 hours) Letter grade only (A-F).

444. Telecommunications (3)

Prerequisites: ET 360, 360L.

National Communication Network, decibels, transmission units, transmission lines, characteristic impedance, loading systems, lattice networks, PCM, Nyquist Criterion, Bessel functions, coaxial cable, fiber optics, microwave, impedance matching, and Smith chart.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

445. Microelectronics (2)

Prerequisites: ET 350, 350L; corequisite: ET 445L.

Design, processing and applications of monolithic and hybrid microcircuits for analog and digital systems.

(Lecture 2 hours) Letter grade only (A-F).

445L. Microelectronics Laboratory (1)

Prerequisites: ET 350, 350L; corequisite: ET 445.

Laboratory exercises in the processing of thick-film and thin-film materials, ultrasonic and thermocompression wire bonding and laser resistive trimming. Practical application and equipment utilization is emphasized.

(Laboratory 3 hours) Letter grade only (A-F).

447. Industrial Applications of Electronic Circuits (2)

Prerequisites: ET 341, 341L; corequisite: ET 447L.

An in-depth study of the applications of important electronic circuit concepts in industry. Analysis of circuits and how they work in industrial applications. Techniques for troubleshooting of design circuits. Biomedical electronic circuits which have industrial applications are emphasized.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

447L. Industrial Applications of Electronic Circuits Laboratory (1)

Prerequisites: ET 341, 341L; corequisite: ET 447.

Laboratory exercises include constructing circuits which have important applications in industry. Troubleshooting methodology emphasized throughout. Assignments focus on biomedical electronic circuits which have industrial applications.

(Laboratory 3 hours) Letter grade only (A-F).

460. Electronics Project Design and Development (2)

Prerequisites: ET 341, 341L and senior standing; Co-requisite: ET 460L.

Laboratory exercises in electronics project design and development. Topics include: product planning, implementation planning, proposal and approvals, prototyping, system integration, packaging, overall testing, and reporting. Formal demonstration, oral presentation on finished product and written report on the final design.

This capstone course is open to Electronics Technology majors only. Letter grade only (A-F). (Lecture-Discussion 2 hours)

460L. Electronics Project Design and Development Laboratory (1)

Prerequisites: 341, 341L and senior standing; Co-requisite: ET 460.

Laboratory exercises in electronics project design and development. Topics include: product planning, implementation planning, proposal and approvals, prototyping, system integration, packaging, overall testing, and reporting. Formal demonstration, oral presentation on finished product and written report on the final design.

Letter grade only (A-F). (Laboratory 3 hours)

461. Management of Manufacturing Operations (3)

Prerequisite: ET 410.

Application of analytical planning and control techniques to the resources of industry including the physical plant, equipment, personnel, inventories and supplies use in the production of products and services.

(Lecture-Discussion 3 hrs) Letter grade only (A-F).

476. Environmental Impact (3)

Prerequisite: BIOL 306.

Required components of environmental impact reports and assessments and the processes involved in their preparation. Special emphasis is placed on the biological portions of EIRs and impact on flora and fauna.

(Lecture-Discussion 3 hours) Letter grade only (A-F).

486. Data Structures (2)

Prerequisites: ET 388, 388L; corequisite: ET 486L.

Data structures and applications. Choice and implementation of appropriate data structures for applications. Treatment of arrays, lists, stacks, queues, lined lists, trees, and assorted algorithms. Introduction to search and sorting. File organization techniques.

(Lecture-Problems 2 hours) Letter grade only (A-F).

486L. Data Structures Laboratory (1)

Prerequisites: ET 388, 388L; corequisite: ET 486.

Laboratory exercises in data structures and applications. A recursive programming language will be used.

(Laboratory 3 hours) Letter grade only (A-F).

487. Introduction to Data Communications and Networking (2)

Prerequisites: ET 286, 286L, 386, 386L or equivalents; corequisite: ET 487L.

Introduction to data communications fundamentals, peer-to-peer and client/server network models. Hardware and software technology, Protocols, networks, relational database technology, and security. Example applications, tools and development environments, Groupware, middleware. A design project and class presentation is required.

(Lecture-discussion 2 hours) Letter grade only (A-F).

487L. Introduction to Data Communications and Networking Laboratory (1)

Prerequisites: ET 286, 286L, 386, 386L or equivalents; corequisite: ET 487.

Laboratory and programming exercises introducing the students to data communications and Networking technology. Protocols, networks, relational database technology, and security. Applications using software/hardware tools and development environments.

(Laboratory 3 hours) Letter grade only (A-F).

488. Microcomputer Systems (2)

Prerequisites: ET 386, 386L; corequisite: ET 488L.

Study of available microprocessors and microcomputer systems. Topics cover microcomputer architecture, software structure, assembly language, central processing unit, input/output, memory manipulation, and interfacing applications in Engineering Technology.

(Lecture-problems 2 hours) Letter grade only (A-F).

488L. Microcomputer Systems Laboratory (1)

Prerequisites: ET 386, 386L; corequisite: ET 488.

Laboratory experience in microcomputer architecture, assembly language programming, and interfacing applications in Engineering Technology. Topics covered are central processing unit function, memory organization, and input/output operation. Available microcomputer systems will be used. Applications in Engineering Technology.

(Laboratory 3 hours) Letter grade only (A-F).

489. Computer Interfacing (2)

Prerequisites: ET 442, 442L, 488, 488L; corequisite: ET 489L.

Study of theories and techniques that are used in peripheral control and interfacing. Topics covered are serial interfacing, Parallel interfacing, timing, handshaking, A/D converters, buffering, and UARTs.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

489L. Computer Interfacing Laboratory (1)

Prerequisites: ET 442, 442L, 488, 488L; corequisite: ET 489.

Laboratory exercises in computer interfacing applications and design. Available computer system and its assembly language instructions will be used.

(Laboratory 3 hours) Letter grade only (A-F).

491. Embedded Processors and Systems (2)

Prerequisites: ET 489, 489L; Corequisite: ET 491L.

Embedded microprocessors, embedded systems, development concepts, principles, and applications. Hardware/software tradeoffs, interfacing issues, memory sizing, timing, code and power optimization issues. Application requirements, platform selection, RISC vs. CISC issues, co-processors vs. ASIC's.

(Lecture-discussion 2 hours) Letter grade only (A-F).

491L. Embedded Processors and Systems Laboratory (1)

Prerequisites: ET 489, 489L; Corequisite: ET 491.

Laboratory exercises on embedded system development. Emphasis will be on application requirements, platform selection, interfacing, memory sizing, timing, code and power optimization. Use of development environments and evaluation boards.

(Laboratory 3 hours) Letter grade only (A-F).

492. Computer Controlled Industrial Systems (2)

Prerequisites: ET 286, 286L; corequisite: ET 492L.

Concepts of computer-based control of industrial systems and data acquisition. Signals and measurements, noise, resolution, signal conditioning. Software and hardware for data acquisition and control.

(Lecture-discussion, 2 hours) Letter grade only (A-F).

492L. Computer Controlled Industrial Systems Laboratory (1)

Prerequisites: ET 286, 286L; corequisite: ET 492.

Laboratory exercises on computer-based control of industrial systems and data acquisition. Software and hardware for data acquisition and control. Emphasis placed on object-oriented languages and creation of graphical user interfaces for data acquisition, display and control.

(Laboratory, 1 hour) Letter grade only (A-F).

494. Applied Systems Development Project (2)

Prerequisites: ET 386, 386L, 487, 487L; Corequisite: ET 494L.

Systems development concepts, principles, and practices to a comprehensive systems development project. Hands-on approach is used to analyze, design and document a realistic system. Actual use of project management, interviewing, forms analysis, structured methods, behavioral dynamics, walk-throughs, report writing, and presentations.

(Lecture-Discussion 2 hours) Letter grade only (A-F).

494L. Applied Systems Development Project Laboratory (1)

Prerequisites: ET 386, 386L, 487, 487L; Corequisite: ET 494.

Laboratory exercises on applied system development. Emphasis will be on systems development concepts, principles, and practices to a comprehensive systems development project.

(Laboratory 3 hours) Letter grade only (A-F).

497. Computer Network Technology (2)

Prerequisites: ET 487, 487L; Corequisite: ET 497L.

Hardware and software technology as it relates to computer networking. LAN, WAN environments and access methods, Ethernet, ATM, Bridges, routers, gateways and intelligent hubs. Networking protocols. Security, Load balancing, and the use of simulation tools in designing networks.

(Lecture-discussion 2 hours) Letter grade only (A-F).

497L. Computer Network Technology Laboratory (1)

Prerequisites: ET 487, 487L; Corequisite: ET 497.

Laboratory exercises using hardware and software technology related to computer networking. Internetworking laboratory, Ethernet, ATM, Bridges, routers, gateways, and intelligent hubs. Security, Load balancing, and the use of simulation tools.

(Laboratory 3 hours) Letter grade only (A-F).

498. Manufacturing Engineering Technology Capstone Project (3)

Prerequisite: Senior standing.

Group project involving analysis, design, tooling and production processes for product manufacture. Economic, market and capital requirements, manpower analysis. Written reports and oral presentations required.

(Lecture 2 hours, Activity 2 hours) Letter grade only (A-F).

Career Possibilities

Advertising • Entertainment • Journalism • Management • Law • Marketing • Mass Media (film, radio, television) • Politics • Professional Writing and Editing (creative or technical) • Public Relations • Teaching • Publishing (Some of these require additional education or experience. For more information, see www.careers.csulb.edu.)

Introduction

The Department of English can refer students to one of the coordinating faculty advisors. Regular office hours for all English faculty are posted near the department office, and information sheets are available detailing which faculty members regularly advise for specific options.

For English majors who want to focus their study on the Medieval and Renaissance periods, the interdisciplinary Center for Medieval and Renaissance Studies offers two programs: a Minor for undergraduates and a Certificate available to both undergraduates and graduates. Interested students should turn to the catalog section titled "Medieval and Renaissance Studies" and/or contact the program directors in MHB 512.

Undergraduate Programs

Bachelor of Arts in English

Program planners for each option are available in the Department office. Students should consult Department faculty for advising when choosing a program in English and regularly as they progress towards their degrees.

ENGL 100, a general education foundation course, is not part of any English option. Some options permit or require courses from other departments; if approved by a faculty advisor, options may also include other courses outside English. Because some courses meet requirements in several options, students can often change options with no significant loss of credit towards the required total; students also regularly double major in two options in English.

In rare instances, a student may accelerate completion of the major in English by taking advantage of the Department's credit by examination policy. Courses may also be substituted

or waived under certain circumstances. Consult a Department advisor for the option concerned.

In addition to the degree requirements for the Bachelor of Arts in English, English majors must meet the following requirements for University graduation:

1. Each lower division course counted towards the English major must be completed with a grade of "C" or better. A course in which a grade lower than a "C" is received must be retaken and successfully completed prior to enrolling in any course for which it is a prerequisite.
2. English 380, required of all English majors, must be completed with a grade of "C" or better. If a grade lower than a "C" is received, English 380 must be retaken and successfully completed with a grade of "C" or better prior to enrolling in any course for which it is a prerequisite.

Admission Under Impaction

To be eligible for admission to the major in English, applicants must demonstrate the following prior to the semester for which the application is submitted: Applicants must have met requirements for admission to the university as a freshman or transfer student and have completed the following courses (or equivalents) with a grade of "C" or better: General Education English, General Education Communication Studies and at least 6 lower division units of English course work. Eligible applicants will be selected for admission on a space-available basis based on cumulative grade point average.

Option in Creative Writing (code ENGLBA02) (120 units)

The Creative Writing option is designed for students who wish to write, as well as study, fiction, poetry, plays, or media scripts. Exposure to traditional and recent literature is also of significant value for anyone seeking to master the forms and conventions of writing creatively for the literary marketplace. (Students seeking a Secondary Credential should complete the Creative Writing emphasis of the English Education option.)

This option consists of 45 units, 31 of which must be taken in the upper division, including the following:

Lower Division:

Take all of the following:

- ENGL 180 Appreciation of Literature (3)
- ENGL 250A Survey of English Literature (4)
- ENGL 250B Survey of English Literature (4)

Take one of the following:

- ENGL 204 Introduction to Creative Writing: Creative Nonfiction (3)
- ENGL 205 Introduction to Creative Writing: Fiction (3)
- ENGL 206 Introduction to Creative Writing: Poetry (3)

Upper Division:

Take the following:

- ENGL 380 Approaches to English Studies (4)

Take nine units from the following:

- ENGL 404, 405, 406, 407, 499

Take three classes chosen from the following classes in recent literature, literary genres, and literary criticism:

ENGL 385, 386, 459, 466, 467A/B, 469, 474, 475, 476A/B, 477A/B, 478, 479

Take electives to make up a total of 45 units chosen from the classes listed above and/or any upper-division English courses.

Option in English Education (code ENGLBA06) (120 units)

English Education emphases should not be confused with B.A. options or majors in English or other departments, which have significantly different requirements. The English Education option is designed for prospective secondary English teachers and satisfies the state-mandated requirement in subject matter competence for the Single Subject Teaching Credential. This 52-unit option combines a 40-unit core with a specified emphasis in one of nine areas. All nine areas of emphasis require an additional 12 units of breadth and perspective beyond the core as indicated below.

Core Requirements

Take all of the following:

ENGL 310 Applied Composition (4)
ENGL 320 English Grammar (4)
ENGL 363 Shakespeare I (4)
ENGL 375 American Ethnic Writers (3)
ENGL 380 Approaches to English Studies (4)
ENGL 410 Theories of Writing and Literacy (3)
ENGL 482 Literature for Adolescents (4)
LING 339 Linguistics for Crosscultural Academic Development in Secondary School Settings (3)

Take one of the following:

ENGL 250A Survey of English Literature (4)
ENGL 250B Survey of English Literature (4)

Take one of the following:

ENGL 270A Survey of American Literature (4)
ENGL 270B Survey of American Literature (4)

Take one of the following:

CWL 100, 124, 132, 320I, 346, 404, 452/552, CLSC101

General Education courses that will meet California Commission for Teacher Credentialing Recommendations are:

Take three units from the following:

THEA 113, 122, 324I

Take three units from the following:

COMM 130, 335.

In addition to meeting the subject matter competence requirement for the Preliminary Single Subject Credential in English, prospective English teachers are also required to complete 44 units of professional preparation in the Single Subject Credential Program, including student teaching. Students may begin the professional preparation courses as early as the junior year. With careful planning, it is possible to complete all of the credential program courses, except for student teaching, as an undergraduate. Courses may also be completed as a post-baccalaureate student. Refer to the Single Subject Teacher Education section of this *Catalog* or the Single Subject Credential Program website (www.ced.csulb.edu/single-subject) for a description of the professional preparation requirements, courses, and application procedures. Prospective students should consult the department's English Education Advisor early to plan their program.

Africana Studies Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take all of the following:

AFRS 140 Introduction to African-American Literature (3)

AFRS 415 International Black Children's Literature (3)

Take three units from the following:

AFRS 343A, 343B

Take three units from the following:

AFRS 180, 205, 240, 346.

Communication Studies Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take the following:

COMM 355 Communication in the Classroom (3)

Take nine units from the following:

COMM 309, 331, 335, 352, 358, 411.

Creative Writing Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take six units from the following:

ENGL 404, 405, 406, 407

Take six units from the following:

ENGL 385, 386, 459, 463, 467A/B, 474, 475, 476A/B, 477A/B, 478.

Journalism Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take all of the following:

JOUR 120 Writing Across the Media (3)

JOUR 305 Media Design (3)

JOUR 311 Reporting and Information Gathering (3)

Take three units from the following:

JOUR 430, 431

Language and Linguistics Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take three units from the following:

LING 420, 421, 433

Take three units from the following:

LING 485, 486; EDP 485

Take three units from the following:

LING 425, 472; ANTH 421

Take three units from the following:

ENGL 435, LING 460

Literacy and Composition Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective. Breadth and Perspective (12 units):

Take all of the following:

ENGL 435 Teaching Composition (3)

ENGL 436 Theories and Practices of Reading (3)

Take two of the following:

ENGL 300, 309, 317, 404, 405, 406, 407, 417, 418,
496, 497, LING 460.

Literature Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective.

Breadth and Perspective (12 units):

Take three units from the ENGL 450 series

Take three units from the ENGL 470 series

Take three units from the following:

ENGL 318I, 385, 386, 398

Take three units from the following:

1. Any course in ENGL 440 series;
2. Any course in ENGL 450 series different from above;
3. Any course in ENGL 460 series;
4. Any course in ENGL 470 series different from above;
5. Any course in ENGL 480 series except ENGL 482 or 498.

Theatre Arts Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective.

Breadth and Perspective (12 units):

Take all of the following:

THEA 101 Fundamentals of Script Analysis (3)

THEA 114A Fundamentals of Acting (3)

THEA 321 History of Theatre and Drama to 1660 (3)

THEA 374 Fundamentals of Directing (3)

World Literature Emphasis

Students are required to complete the core of forty (40) units and twelve (12) units to provide breadth and perspective.

Breadth and Perspective (12 units):

Take three units from the following:

CWL 101, 132, 452, CLSC 101

Take three units from the following:

CWL 330A, 330B

Take three units from the following:

CWL 103, 104, 334, 402, 403, 406, 440

Take three units from the following:

CWL 414I, 422I, 431, 432, 437, 438; CLSC 311I, 312I, 420I.

Option in Literature (code ENGLBA01) (120 units)

The Literature option is designed for students who desire a thorough grounding in English and American literature and is particularly recommended for those planning on graduate study in English. (Students seeking a Secondary Credential should complete the Literature emphasis of the English Education option.)

This option consists of 46 units, 27 of which must be taken in the upper division, including the following:

Lower Division:

Take all of the following:

ENGL 180 Appreciation of Literature (3)

ENGL 250A Survey of English Literature (4)

ENGL 250B Survey of English Literature (4)

ENGL 270A Survey of American Literature (4)

ENGL 270B Survey of American Literature (4)

Upper Division:

Take all of the following:

ENGL 363 Shakespeare I (4)

ENGL 380 Approaches to English Studies (4)

Take either two from the ENGL 450 series or one from the ENGL 450 series and one from the ENGL 460 series (excluding ENGL 469) - one of these two courses must be in English literature before 1900

Take one course from 470 series (excluding ENGL 479)

Take one senior seminar (ENGL 469, 479, 489)

Take electives to make up a total of 46 units

Option in Rhetoric and Composition (code ENGLBA04) (120 units)

The Rhetoric and Composition option is designed for students who desire to write for multiple readers and to analyze and interpret texts. This option prepares students for teaching on virtually all levels, for graduate study in English, and for professions that require intensive writing and communication skills. (Students seeking a Secondary Credential should complete the Literacy and Composition emphasis of the English Education option.)

This option consists of 45 units, 32 of which must be upper division, including the following:

Lower Division:

Take the following:

ENGL 180 Appreciation of Literature (or equivalent) (3)

Take two of the following:

ENGL 250A, 250B, 270A, 270B

Upper Division:

Take the following:

ENGL 380 Approaches to English Studies (4)

Take two of the following:

ENGL 300, 317, 410, and 435

Take seven of the following:

ENGL 310, 320, 337, 363, 404, 411, 416, 417, 418, 419, 423, 426, 436, 488, and 497

Take upper-division English course electives to reach a total of 45 units.

Note: Students are strongly encouraged to take ENGL 102 or an English-department equivalent at a transfer school for this option.

Option with Special Emphasis (code ENGLBA05) (120 units)

Some students wishing to major in English have special interests or career objectives so different from those for which the other options are designed that another pattern of courses would better serve their personal educational needs. For those students, the Special Emphasis option offers an opportunity to pursue individually designed 41-unit programs of study. Student programs may center on technical writing, for example, or other writing goals; they may focus on American or English literature or literature in a particular genre, a particular historical period, or a particular theme.

A Special Emphasis program may include courses outside the Department of English closely related to a student's focus in English studies. At least 21 units must be earned in the Department of English at CSULB and at least 21 units of the program must be upper division. For degrees with more than four courses in any single other department, students should consider a Special Major in the Interdisciplinary Studies Program.

Students wishing to take the Special Emphasis option should prepare a detailed program proposal early in their college careers. Such programs will be recognized only if planned in consultation with a faculty advisor in the Department of English, approved in writing by the advisor, given signed approval by the Department Chair, and carried out under the advisor's continuing supervision. Students must complete at least 15 upper-division units applicable to their Special Emphasis program after it has been officially approved.

Specific course requirements and limitations follow:

Take all of the following:

ENGL 180 Composition and Literature (3)

ENGL 380 Approaches to English Studies (4)

Electives in English and related fields are needed to make up a total of 41 units. These electives may not include ENGL 100 or 101.

Minor in English

Creative Writing (code ENGLUM01)

Requires a minimum of 20 units including the following:

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)

Take three units from the following:

ENGL 204, 205, 206

Take three units from the following:

ENGL 404, 405, 406

Take three units from the following:

ENGL 385, 386

Take eight units from the following:

ENGL 359, 404, 405, 406, 407, 432, 459, 466, 467A/B, 474, 475, 476, 477A/B, 499. (Note: ENGL 404, 405, 406 and 407 may be repeated for credit to a maximum of six units by consent of instructor.)

Literature (code ENGLUM03)

Requires a minimum of 20 units including the following:

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)

Take eight units from the following:

ENGL 250A, 250B, 270A, 270B

Take nine units from upper-division literature classes in the English department (including at least one class at the 400 level).

Rhetoric and Composition (code ENGLUM02)

Requires a minimum of 20 units including the following:

Take all of the following:

ENGL 310 Applied Composition (4)

ENGL 497 Directed Studies in Composition (3)

LING 420 English Phonology (3)

LING 421 English Syntax (3)

Recommended, 3 units of the following:

ENGL (or LING) 423 or 426

Special Emphasis (code ENGLUM04)

Requires a minimum of 21 units in a program developed, approved, and supervised in the same manner as the Special Emphasis Option.

Take the following:

ENGL 180 Appreciation of Literature (3) (or equivalent)

The rest of the program constructed in consultation with a faculty advisor.

At least nine upper-division units must be taken after program approval, and at least 11 units must be earned in the Department of English at CSULB.

Certificate in Teaching English to Speakers of Other Languages (code ENGLCT02)

The Certificate Program in Teaching English as a Second Language is conducted by the Linguistics Department faculty. Please refer to the Linguistics sections of this *Catalog*.

Certificate in Technical and Professional Communication (code ENGLCT01)

The Department of English offers a Certificate in Technical and Professional Communication to students interested in careers in writing and editing. Application forms and advising materials may be obtained from the department office.

Prerequisites

1. Formal consultation with a faculty advisor in the Technical and Professional Communication (TPC) Certificate program;
2. Submission of an application to enter the program, supported by transcripts;
3. Upper division or post-baccalaureate standing at CSULB with a grade point average of at least 2.75 overall;
4. Admission to a degree program in this university or possession of a degree from an accredited university;
5. Successful completion of ENGL 317, Technical Communication, with a letter grade of "C" or higher.

General Requirements

1. A baccalaureate degree, which may be taken concurrently with the Certificate in Technical and Professional Communication;
2. A minimum of 24 units in courses approved for the Certificate Program at this University, preferably completed within 10 years of the first credit granted toward the Certificate (consult an advisor concerning any transfer or extension credit that may be allowable);
3. A letter grade of "C" or higher in every course in the Certificate program (a grade of "CR" is acceptable in no more than one course);
4. Completion of a program of courses in Areas I through IV, developed in consultation with an advisor in the Technical and Professional Communication Certificate program, and approved by the Program Director and the Dean of the College of Liberal Arts (or the Dean's designee);
5. Demonstrations (in or outside the program of courses) of competence in the use of computers and graphic media;
6. Development of a portfolio of reports, written and edited by the student during enrollment in the Certificate program, for review and approval by faculty in the Technical and Professional Communication Certificate program (required for a grade in ENGL 492A/B, Area IV).

Course Requirements

For each of the following courses, TPC Certificate students have been granted enrollment rights equal to those of students majoring in the Department offering the course. Substitutions are possible, especially in more advanced courses, with approval by the Program Director.

Area I: Technical and Professional Writing (9 units):

Take all of the following:

- ENGL 417 Proposal Writing (3)
- ENGL 418 Manual Writing (3)

Take one of the following:

- ART 307; ENGL 419; GEOL 420; IS 301; JOUR 316, 319B

Area II: Language Studies (4 units):

Take all of the following:

- ENGL 320 English Grammar (4)
- ENGL 416 Technical Editing (4)

Area III: Electives from the following (minimum 8 units):

Analytical Reading:

- COMM 301; ENGL 380, 423, 488; GEOG 380; HIST 400I; NSCI 375I; PHIL 381I

Business/Professional Skills:

- ACCT 201; BLAW 220; COMM 334, 335, 344; JOUR 370; MKTG 300, 330

Computer Applications:

- CECS 174; JOUR 331; MGMT 426; NSCI 200; IS 300; SOC 260

Creative Writing:

- ENGL 404, 405, 406, 407; FEA 304, 404; THEA 380

Intercultural Communication:

- ANTH 412I, 413; COMM 330; MKTG 480

Visual Communication:

- ET 170; GEOG 200; JOUR 305; MAE 172

Area IV: Practical Writing (3 units):

- ENGL 491 (1 or more units), ENGL 492A or 492B (2 or more units). No grade in ENGL 492 will be assigned without an approved portfolio, as indicated in Paragraph 6, General Requirements.

Prerequisites

An applicant may be admitted to the M.A. program in English only after satisfying University requirements for admission and the following prerequisites to this degree:

1. A Bachelor of Arts degree in English from an accredited institution or a bachelor's degree from an accredited institution with 24 units of upper-division English courses that offer a broad coverage of English and American literature.
Any deficiencies will be determined by the Department Graduate Advisor in consultation with the Graduate Studies Committee. Courses used to remove course or unit deficiencies may not be included in the M.A. program.
2. A 3.3 GPA in upper-division English courses.
3. Applicants who do not have the required minimum GPA may take additional coursework to raise their GPA to the minimum. Applicants whose upper-division English GPA is at least 3.0 may be admitted to the MA program if they take the GRE General Test and achieve a minimum score of 580 in Verbal Reasoning and 5.0 in Analytical Writing.
4. All applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must receive a minimum score of 600 on the Test of English as a Foreign Language (TOEFL) (applicants taking the Computer-Based Test of English as a Foreign Language must present a score of 250 or above; applicants taking the Internet-Based Test of English as a Foreign Language must present a score of 100 or above).

After Admission to Program

Students must be formally admitted to the program before they can enroll in ENGL 696, which is prerequisite or corequisite to all other 600-level courses.

Advancement to Candidacy

1. The student must satisfy the general requirements of the University, including fulfilling the Graduation Writing Assessment Requirement (GWAR).
2. The student's M.A. program must be approved by a faculty graduate advisor, the Department Graduate Advisor, and the Department Chair before submission to the Associate Dean of Liberal Arts.
3. Advancement is possible after completion of six units toward the MA degree. Students must be advanced to candidacy at least one semester before they intend to graduate, before the deadline to file for graduation that semester. If a student is writing a thesis, he or she must be advanced before any thesis units are taken.

Requirements

1. A minimum of 30 units of graduate and approved upper-division courses (see MA Handbook and website for list of approved undergraduate courses) including 24 units in English;
2. A minimum of 20 units in the 600 series in English at this University, including ENGL 696, which is to be completed before or concurrently with other 600-series courses. (A student will not be granted credit for 600-series courses unless admitted to the M.A. program);
3. A minimum of one seminar in the 600 series in English literature before 1800;

Graduate Programs

The Department of English offers two graduate degrees, an M.A. in English and an MFA in Creative Writing. Teaching assistantships are available in both. In addition, the Department's tutoring program, the Writer's Resource Lab, employs a number of graduate and undergraduate students each semester. Application information may be obtained from the Department office, (562) 985-4223.

Master of Arts in English (code ENGLMA01)
