BACHELOR OF ARTS IN LIBERAL STUDIES

The Liberal Studies major provides a rich, rigorous and integrated cross-disciplinary liberal arts program of study to meet the differing but related needs of two distinct populations: (1) Those with professional aspirations in the field of elementary education and (2) Those with more varied professional aspirations and career goals who would prefer a sound generalist program of study to one requiring early specialization.

The program of study for the Liberal Studies Major is composed of two parts: A Core and a Concentration. There are two program tracks in the Liberal Studies Major, each with its own Core and related Concentrations.

Track I of the Liberal Studies Program is designed for those individuals who seek the pre-professional subject matter preparation for elementary school teaching consistent with the standards established by the California Commission on Teacher Credentialing.

Track II of the Liberal Studies Program is designed for those individuals who seek a rich, nonspecialized, multidimensional and cross-disciplinary course of studies as a foundation for a wide range of academic and career opportunities.
