

DPD Course List

<u>Directions to DPD Program Director</u>: Complete this form listing the program requirements for the catalog year on which the applicant's degree is evaluated by categorizing the courses as either DPD Professional Courses or DPD Science Courses. Provide a copy of the completed form to the applicant. They must use it to correctly enter all of their completed or in-progress DPD courses in the Coursework section of the application as either DPD Professional or DPD Science courses. The form should NOT be specific to the exact courses an individual applicant has completed; it should only list requirements in place for the catalog year on which the applicant's degree is evaluated.

<u>Directions to the Applicant:</u> Obtain this completed form from your DPD Program Director. This completed form <u>MUST</u> be uploaded to the "DPD Course List Form" section of your DICAS application before the application can be submitted; it should not be amended or changed. Before uploading the form, it must be used to correctly enter your completed or in-progress DPD courses as either DPD Professional or DPD Science courses into the Coursework section of your application. If you completed an alternate or substitute course or you transferred in a course from a different institution to fulfill one or more of your course requirements, enter the alternate course into the Coursework section of the application.

DPD Program	California State University, Long Beach	
Institution:		
DPD Director Name:	Dr. Rachel Blaine, DSc, MPH, RD	
Catalog Year for Applicant:	2017-18	
Website for Course Catalog:	http://catalog.csulb.edu/	

DPD Professional Courses	DPD Science Courses
BIOL 260: Biostatistics OR	BIOL 207: Human Physiology
EDP 419: Educational Statistics OR	
STAT 108: Statistics for Everyday Life OR	
PSY 110 (210): Introductory Statistics	
CAFF 321: Family & Consumer Resource	CHEM 111A: General Chemistry
Management	
FCS 299: Introduction to Family & Consumer	CHEM 227: Fundamentals of Organic
Sciences	Chemistry
FCS 499: Professionalism & Leadership in	CHEM 448: Fundamentals of Biological
Family & Consumer Sciences (1)	Chemistry
FSCI 332 or 232: Food Science	CHEM 449: Nutritional Biochemistry
	Laboratory OR FSCI 432: Food Analysis
HFHM 176: Fundamentals of Food Preparation	MICRO 200: General Microbiology for Health
_	Professionals
