

Center for Successful Aging
ANNUAL REPORT
2021–2022

LONG BEACH
STATE UNIVERSITY
College of Health & Human Services

[CSULB.EDU/AGING](https://csulb.edu/aging)

MISSION

Our Mission is to bring together faculty, students, and community partners to develop creative solutions for diverse aging populations through education and research.

VISION

The vision of the Center is to serve as a leader in community engagement, workforce development, and applied research to address disparities and promote quality of life in aging in Long Beach and beyond.

Age Friendly University

The California State University joined the AFU Network consisting of higher education institutions around the globe who have endorsed and are committed to becoming more age-friendly in their programs and curriculum. CSULB is the third university in California to be recognized as a committed age-friendly institution.

LB AGING SERVICES COLLABORATIVE

- Dr. Martinez elected Chair Summer 2022 of the collaborative.
- The Center for Successful Aging is providing ongoing technical and website support.

ACCOMPLISHMENTS

- 27 guest speakers to on available resources including elder abuse, digital inclusion, transportation and more.
- Addressed food insecurity issues,
- Maintained updates on health protocols,
- Advocated for vaccine equity and strategized to reach older adults that were home-bound, digitally excluded, or were vaccine hesitant.
- Advocated for ADA accessibility and housing issues.
- Partnered with city on education campaign to keep older adults safe during heatwaves.

INTERN EXPERIENCE

"During my internship I learned about the issues affecting the older adult population in Long Beach as well as the organizations that are working to support the community. Understanding the collective effort of all of these organizations involved in the collaborative gave me a new perspective."

-CHRISTINE NGUYEN (Graduate 2022)

"From the start I was exposed to what grant writing is about and had the opportunity to collaborate on different parts of a National Science Foundation grant. I have always been very passionate about helping others specifically senior older adults and this time at the Center for Success Aging has helped me."

- GERSON LEON CRUZ (Graduate 2022)

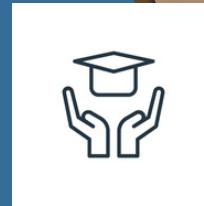

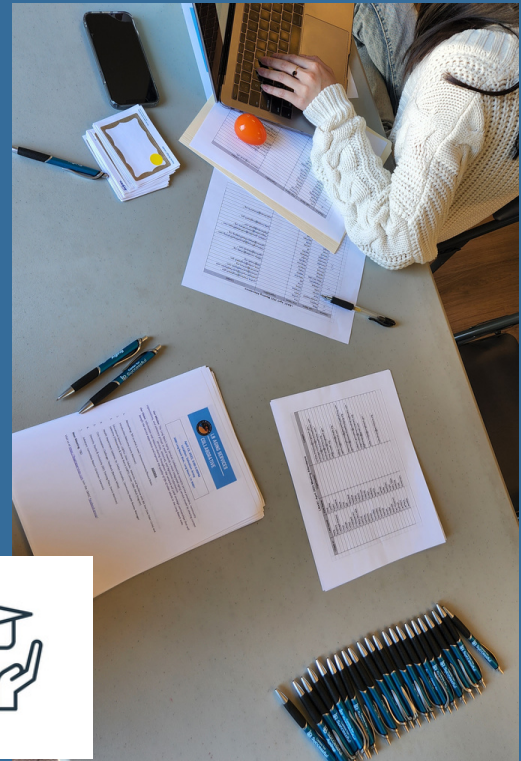

"My internship at the CSA allowed me to use the concepts and theories I learn in the classroom and apply it to real-life projects. I was able to also improve my data analysis skills as well as be able to present those findings professionally. My experience at the CSA opened up a whole new side of the healthcare field and I now understand that many factors are incorporated in ensuring that everyone is healthy."

- SIMRAN RANJIT (Graduate 2022)

EDUCATION AND RESEARCH

The SCAN Health Plan Scholarship for the Health and Independence of Seniors
