A CSULB-enrolled undergraduate student participating in the official Intrasystem Concurrent or Visitor Enrollment programs is able to have units from courses taken at a California State University be considered as part of their enrollment for CSULB financial aid eligibility purposes. The units from all CSU courses will either be combined with CSULB units or take the place of a semester at CSULB to determine a student's financial aid eligibility.

**Financial Aid Consideration**:  A student requesting financial aid consideration for cross enrollment must have a SAP status that makes them eligible to receive a financial aid disbursement for the cross enrollment term.
