

## **Learning Disability Assessment Resources**

Students possessing diagnosis of a specific learning disability will be accommodated through the [Bob Murphy Access Center](#) (BMAC) office. In order to qualify for academic accommodations, students will need [verification of their diagnosis](#) from a qualified professional. Diagnostic guidelines can be found [here](#).

Students seeking diagnosis may find the following resources useful. The [Stephen Benson Program](#) is in no way affiliated with these agencies and provides this listing as only a referral suggestion for outside learning disability testing and diagnosis.
