Finding The Perfect College

With over 200 colleges in California alone, there are many to choose from. Ask your favorite teacher or coach which college they attended.

1. Who are you interviewing and what is their relationship to you?
2. Which college(s) did they go to?
3. Why did they choose that college?
4. What did they study in college?
5. What did they like best about the college(s) they attended?
6. Why did they choose the career they have?
