Summer Internship Opportunities

Interested in participating in an internship over the summer? Below are some summer internship opportunities across various universities, companies, and organizations. This list is not exhaustive, as there are a great number of opportunities in California and across the U.S. Please keep in mind CSULB or UROP/OURS are NOT in affiliation with these universities/companies/ organizations regarding their summer internship programs. All specific program questions should be directed to the program of choice. **This document serves as a starting point, and our office encourages you to visit the page of the program you are interested in for full details on the program, eligibility requirements, dates, funding, and application materials.**

For more internship opportunities, the CSULB Career Development Center (CDC) also has a wide database of more internship opportunities and resources to help you prepare. Sign in to CareerLINK to see what other internships may be available to you. We also encourage you to do your own research to find companies and organizations with opportunities that align with your goals.
