▲ 2023 COMMENCEMENT CEREMONY

Photo above: Carlson Bloc Bell Tower. In 1965, the International Sculpture Symposium contributed nine monumental pieces and designs to CSULB. These works received credits in 21 national and international publications, and, in 1972, additional community funds in the form of a trust provided for the completion of the Carlson Memorial Tower, designed by French sculptor Andre Bloc.

Welcome to

CALIFORNIA STATE UNIVERSITY LONG BEACH

SEVENTY-FOURTH ANNUAL COMMENCEMENT CEREMONIES

California State University, Long Beach is a member of the 23-campus California State University (CSU) system. The initial college, known then as Los Angeles-Orange County State College, was established on January 29, 1949, and has since grown to become one of the state's largest universities.

The first classes in 1949 were held in a converted apartment building on Anaheim Street and the cost to enroll was just \$12.50. The 169 transfer students selected for the 25 courses offered in Teacher Education, Business Education, and Liberal Arts were taught by 13 faculty members.

Enrollment increased in 1953 when freshman and sophomore students were admitted.

Expansion, in acreage, degrees, courses and enrollment continued in the 1960s, when the educational mission was modified to provide instruction for undergraduate and graduate students through the addition of master's degrees.

In 1972, the California Legislature changed the name to California State University, Long Beach. Today, more than 37,000 students are enrolled at Cal State Long Beach, and the campus annually receives high rankings in several national surveys.

What students find when they come here is an academic excellence achieved through a distinguished faculty, hard-working staff and an effective and visionary administration. The faculty's primary responsibility is to create, through effective teaching, research and creative activities, a learning environment where students grow and develop to their fullest potential.

Today you are attending one of seven Commencement Ceremonies, taking place over three days, to celebrate the accomplishments of the more than 11,000 graduates and candidates. They are earning doctoral, master's and bachelor's degrees as well as credentials and certificates. We are proud of our graduating students, who now go forward to serve society.

Welcome to our 74th annual Commencement Ceremonies.

A Message from the President...

Dear Graduate,

As you move your cap's tassel from right to left, remember that this moment marks the end of one journey and the beginning of another. It is now your responsibility to take the knowledge and experiences gained during your time at The Beach and use them to make a positive impact in your communities. Remember: your education continues throughout your life – stay curious, passionate, and committed to your goals. And, most importantly, work to make this world a better place.

I want to thank the many faculty, staff, alumni, families, and friends who helped make this day possible for our graduates. On behalf of our graduates, I thank you for your time, love, and encouragement. Class of '23, today we honor your incredible achievements, but we also look ahead to your future as Beach Alumni for life!

Go Beach!

Sincerely,

A handwritten signature in black ink that reads "Jane Close Conoley". The signature is fluid and cursive, with the first name "Jane" being the most prominent.

Jane Close Conoley, Ph.D.
President

A Message from the Interim Chancellor...

Dear Class of 2023,

I offer you my most enthusiastic and heartfelt congratulations on achieving this consequential milestone on the journey of a lifetime.

Today, we celebrate you – and all the hard work, perseverance and scholarship that brought you here. You will undoubtedly look back on this occasion for many years to come, filled with a well-earned sense of pride in your accomplishments – and maybe even a sense of relief for attaining a goal that, at times, might have felt more than a little daunting.

As numerous forces upended our world, you held firmly onto your dreams and persisted in your studies through challenges none of us could have foreseen or imagined. You have by necessity developed and demonstrated skills – far beyond your academic work – that will ensure your continued success: resilience, flexibility, resourcefulness, patience and tenacity. Your resolve shines brightly as a symbol of hope and optimism. It is admirable. And it is inspiring.

Of course, you did not make this journey alone. We also recognize the faculty who deepened your knowledge and enabled you to see the world from new perspectives. We acknowledge the counselors, tutors, advisors, librarians, coaches and support staff who championed you at every turn. And we appreciate the family, friends and loved ones who encouraged you, uplifted you and supported you along the way. Please remember to thank these important people and let them know how much their support means.

This celebration marks a new beginning for you – a time to commence a new life, filled with opportunities and prospects made possible by your degree from the California State University.

With this rite of passage we call “commencement,” you will join a dynamic, global network of more than 4 million CSU alumni. They are a remarkable force for good, and I am certain your addition to their ranks will multiply their contributions to our communities, to our state and to the world. I ask that – in the Cal State spirit – you use the knowledge, skills and personal qualities you have developed to work for justice, seek opportunities to foster equity and always uplift and empower others. Stay connected to your campus and look for ways to give back. And whenever possible, support future generations who aspire to follow in your footsteps.

On behalf of the entire California State University, again, congratulations.

Sincerely,

A handwritten signature in black ink that reads "Jolene Koester". The signature is fluid and cursive.

Jolene Koester
Interim Chancellor

COLLEGE OF LIBERAL ARTS

The College of Liberal Arts is devoted to the study of the human experience in a variety of settings and from different perspectives--cultural, economic, environmental, historical, political, psychological, and sociological. We are also committed to the discovery, evaluation, and transmission of fundamental knowledge. Some programs are offered in the basic disciplines of language, literature, and philosophy as well as in the professional field of journalism, all of which equip students with the ability to think clearly, organize thoughts and facts, and to present them in a cogent manner. Our faculty have created strong degree programs, which have prepared our graduates to function effectively as citizens and as professionals in many occupations. Students have frequently played an active role in the extensive scholarly work of our faculty, which has been published in journals around the world. Although the majority of our students come from California, they have had classmates from all over the United States and dozens of foreign countries. This has provided them with the opportunity to discuss their studies with those who bring a different set of experiences to their education. Our graduates, therefore, know about the diversity and complexity of the world, which they now enter. We believe that they are ready to put their education to work to enrich that world.
