COVID-19 Vaccination Policy

The California State University (CSU) remains committed to safeguarding the health and well-being of our students, faculty, staff, administrators, and the communities we serve, as well as maintaining higher education access and attainment for our students. The CSU embraces a comprehensive strategy designed to reduce the likelihood of transmission of the COVID-19 virus. This approach contributes to the overarching goal of achieving population-level immunity throughout the CSU.

The Centers for Disease Control and Prevention have determined that COVID-19 vaccines are safe and effective and that they help prevent the spread of new variants.

All individuals who access Campus/Programs must be Fully Vaccinated against the COVID-19 virus, as defined by this policy, subject to the terms and limited Exemptions described in this policy, as well as comply with Other Safety Measures established on each campus.

- A. Every Campus (including the Chancellor's Office) shall require that each Student and Employee provide a Certification in accordance with Campus procedures and deadlines. New students must provide a Certification no later than the commencement of the term in which a student first enrolls, and new employees must provide a Certification by the first date of employment.
- B. Students and Employees may claim an Exemption to the Approved Vaccine requirement in accordance with Campus procedures.
- C. In order to access Campus/Programs, any person, including a visitor, who has not obtained an Approved Vaccine (even if they have an Exemption) may be subject to Other Safety Measures, as determined by the campus President.
- D. Any Student or Employee who does not provide a Certification may be denied access to Campus/Programs.
- E. Campus Presidents are responsible for implementing this policy, and may, on rare occasions, consider extenuating or individual circumstances. Any such consideration shall be in consultation with the Chancellor's Office and consistent with all applicable CSU policies

including those prohibiting discrimination, harassment, and retaliation based on protected status or activity.

- F. This policy supplements and does not replace CSU policies governing Other Safety Measures.
- G. Contractors shall ensure that their agents and employees undertake applicable Other Safety Measures. In consideration of the nature of the Contractor's services (including proximity to members of the University community), duration, and extent of on-campus presence, Presidents may, at their discretion, also require that a Contractor's agents and employees receive an Approved Vaccine.
- H. Students participating in specialized programs, including but not limited to, health care and teacher education may be subject to other requirements regarding immunizations and health screening measures as established by state licensing agencies, clinical placement/fieldwork sites or as otherwise appropriate, as well as student athletes and students living in campus housing. Students should contact their advisor or the relevant appropriate administrator regarding such additional requirements
