

**Minutes**  
**GPE Advisory Committee**  
**Meeting 7**  
**March 1, 2024**  
**12:30pm-1:30pm**

**In attendance:** Lori Brown, Loretta Ramirez, Courtney Stammler, Alexandra Wilkinson

**Approval of Agenda**

Wilkinson moves to approve the agenda, and Ramirez seconds the motion. The agenda is approved.

**Approval of Minutes**

This did not occur at this meeting

**Announcements**

Brown notes that Prompt C had a lower pass rate than A and B. However, she is not sure which prompt it was at this time.

**Workshop New GPE Prompts**

***Workshop for Prompt 10***

The topic choice is excellent and very relatable. A suggestion was made to remove some components of informational source A. Informational source B is an excellent choice.

Stammler motions to approve Prompt 10, and Wilkinson seconds the motion. Prompt 10 is moved into circulation.

**Workshop for Prompt # 5**

Stammler asks to make the prompt question to be more specific. Information source A is very specific, while the question and information source B are very broad. It would be clearer if the information matched the question. Brown notes that information source A is very data-driven, while informational source B would require students to make a leap. Stammler notes that the question could be reworded into something like do the positives of \_\_\_\_\_ outweigh the negatives of \_\_\_\_\_.

**Next GPE:** April 9<sup>th</sup> and 10<sup>th</sup> (Goal: 3 prompts, 2 pilots)
