#### AGENDA

1. Call to Order at 11 am.
2. MSP: Approval of Agenda
3. MSP: Approval of the Minutes of October 28, 2025
4. Discussion of Assessment (Sharlene)
  - A2 Written Communication: started efforts last academic year, gathered artifacts from various dept.
  - As a committee, need to decide on rubric to use so that we can move forward with this assessment. Two rubrics, both stored on Canvas. One vetted and used by IPAC. The other created by GEEC subcommittee last year. Sharlene walked through the rubrics, using screenshare to discuss specific sections.
  - Discussion ensued about rubrics.
  - A point was made that assessment carried out to determine whether students are learning. This is different from recertification, which examines alignment between GELOs, SCOs, and syllabi.
  - **Motion approved** to move use IPAC rubric.
  - Next steps:
    - Sharlene will remove identifiers from artifacts, create assignments for committee members, give everyone access to artifacts.
    - Mark and Sharlene will work together to draft a letter and timeline
    - Reserve time during spring committee meetings to do some norming with samples made available to everyone.

## 5. Discussion of Recertification

- Recertification Form: The recertification form revised based on discussions from past meetings. Specifically, section 5 expanded to include multiple options regarding recertification process outcome. Also, “Guidance on Filling Out the Form” section added at of form to provide instructions in the document.
  - Discussion among committee members ensued. Rewording suggested to clarify meaning of various recertification outcomes. Add statement that AI will not be used in the recert process. Consensus reached.
  - **Motion approved** to approve Recertification Form with revisions.
- Response Form: Not a voting item. Request made that committee members read response letter and provide feedback/edits to Mark. The letter will be brought up for discussion at first meeting in the spring semester.
- Updated Recertification:
  - IS 310 (Diana): recertification recommended
  - CRJU 101 (Seung-hoon): recommend recertification based on alignment
  - LING 101 (Seung-hoon): SCO missing; cannot recommend recertification
