Career Tips from HCA Faculty

01
Volunteer at a healthcare organization

- Most hospitals have structured volunteer programs that are a great first step

- Firsthand experience is a great resume builder and way to determine which area of healthcare to pursue

02
Connect with the **HCA Advisory Board**

- Network and receive mentorship from industry professionals

- Conduct informational interviews to learn more about specific career paths

03
Get feedback on your **resume** and **interview skills**

- Connect with the **Career Development Center** to get feedback on resume and cover letters

- Use **Big Interview** to practice interview questions

04
Join and stay connected with **HCA Student Forum**

IG: @hcasf
HCASF LinkTree

- Connect with other HCA students and faculty

- Attend workshops and events for HCA students
