CSULB SUMMER STUDENT RESEARCH ASSISTANTSHIPS

CSULB SUMMER STUDENT RESEARCH ASSISTANTSHIPS (SSRA)

This assistantship provides financial support during the 2027 summer intersession months to undertake full-time research and scholarly activities in collaboration with a CSULB faculty (or principal investigator) research mentor. This opportunity requires a Research Mentor to submit an application on the student's behalf. It is encouraged to identify a faculty you would like to work with and discuss filling out the application and needed materials as soon as possible. Find more information on the SSRA Guidelines and Requirements handout and on the Office of Research and Economic Development website.

Eligibility

Full-time CSULB student; good academic standing; eligible to work in the US; Undergraduate students should have completed at least 18 units prior to Summer 2027; Graduate student should have completed one year

Program Duration

8 weeks

Funding

See the ORED website for additional information on funding

Application Open/Close Dates

Opens: Oct. 26, 2026

Closes: Nov. 30, 2026 at 5pm

Application must be completed by your Faculty Research Mentor

NOTE FROM OURS OFFICE

Below are some additional summer research programs available across various universities and organizations. This list is not exhaustive, as there are a great number of opportunities in California and across the U.S. Please keep in mind CSULB or UROP/OURS are NOT in affiliation with these universities/organizations regarding their summer research experience.

All specific program questions should be directed to the program of choice. This document serves as a starting point, and our office encourages you to visit the page of the program you are interested in for full details on the program, eligibility requirements, dates, funding, and application materials.

Some program dates may say “TBD”. Please check the program websites regularly for updates!

We wish you luck in your summer research journey!
