EMPLOYMENT

101 NATURE OF EMPLOYMENT

Policies set forth in this handbook are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between the employer and any of its employees. The provisions of the handbook have been developed at the discretion of management and may be amended or canceled at any time, at the organization's sole discretion. The California State University, Long Beach Research Foundation (Research Foundation) is not a co-employer with any other organization. Employment with the Research Foundation rests solely with the Research Foundation and provides no rights or benefits of employment or any other kind, with any other organization. This includes but is not limited to: California State University Long Beach (CSULB), the State of California, or the sponsoring organizations of any programs administered by the Research Foundation.

Employment with the Research Foundation is at the mutual consent of the employer and the employee and is subject to termination or modification by either party at will, with or without cause or advance notice.

An employee should use the initial period after being hired or rehired to determine whether the new position meets his or her expectations. The Research Foundation uses this period to evaluate employee capabilities, attitude, and work habits. Either the employee or the employer may end the employment relationship at will at any time, with or without cause or advance notice.

Employees are eligible for employer-provided benefits according to the terms and conditions of each program. Not all employment categories are eligible for benefits. Please contact the Human Resources Department for additional information.

These provisions supersede all existing policies and practices and may be amended or added to only in writing by the Director of Human Resources or Chief Operating Officer of the Research Foundation.

103 EQUAL EMPLOYMENT OPPORTUNITY

It is the policy of this organization that employment decisions shall be based on merit, qualifications, and competence. Except where required or permitted by law, employment practices shall not be influenced or affected by virtue of an applicant's or employee's race, color, religion, national origin, sex, sexual preference, marital status, pregnancy, age, disability, physical handicap, ancestry, medical condition (cancer related and other disabling medical condition), veteran's status or any other characteristic

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

protected by law. In addition, it is the Research Foundation's policy to provide an environment that is free of unlawful harassment of any kind, including that which is sexual, age-related, or ethnic. This policy governs all aspects of employment, promotion, demotion, assignment, discharge, and other terms and conditions of employment. Further, it is the Research Foundation's policy to provide reasonable accommodations to those employees or applicants requiring such arrangements.

The CSULB Research Foundation promotes equal employment opportunities throughout the organization.

105 HIRING OF RELATIVES

It is the Research Foundation's policy that relatives of persons currently employed by the organization may be hired only if they will not be working directly for or supervising a relative. If already employed, employees cannot be transferred into such a reporting relationship. If the relative relationship is established after initial employment, the individuals concerned will have 30 days to decide who is to be transferred or, if a transfer is not available, who will resign. If that decision is not made within 30 days, the Research Foundation Director of Human Resources will decide.

In other cases where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or terminated from employment.

For the purposes of this policy, a relative is defined to include spouse, parents, domestic partner, children, brothers, aunts, uncles, cousins, sisters, brothers and sisters-in-law, fathers and mothers-in-law, stepparents, stepsiblings, and stepchildren. This policy also applies to individuals who are not legally related but who reside with another employee.

106 PRE-EMPLOYMENT PHYSICAL EXAMINATIONS

After a job offer is extended and before beginning work, employees within job categories which are deemed by the Director of Human Resources to be physically demanding must undergo a pre-employment physical examination performed at the Research Foundation's expense by a physician chosen by the Research Foundation.

All offers of employment in the aforementioned job categories are contingent upon satisfactory completion of the physical examination.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

108 CONFLICTS OF INTEREST

An actual or potential conflict of interest occurs when an employee is in a position to influence a decision which may result in a personal gain for that employee or a relative as a result of the Research Foundation's business activities. For the purpose of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

If an employee has any influence on transactions involving services, purchases, contracts, or leases, it is imperative that he or she disclose as soon as possible the existence of any actual or potential conflict of interest to an officer of the Research Foundation so that safeguards can be established to protect all parties.

Personal gain may result not only in cases where an employee or relative has a significant ownership in a firm with which this organization does business but also when an employee or relative receives any special consideration, substantial gift, kickback, or bribe as a result of any transaction or business dealings involving the organization.

The materials, products, designs, plans, ideas, and data of this organization are the property of the Research Foundation and should never be given or used by an outside firm or individual except through normal channels and with appropriate, prior authorization. Any improper transfer of material or disclosure of information, even though it is not apparent that an employee has personally gained by such action, constitutes unacceptable conduct.

110 OUTSIDE EMPLOYMENT

Employees may hold jobs outside of their Research Foundation employment as long as they meet the performance standards of their job with the Research Foundation and the outside employment does not interfere with their Research Foundation position. All employees will be judged by the same performance standards and will be subject to the Research Foundation's scheduling demands regardless of any existing outside work requirements.

If the Research Foundation determines that an employee's outside work interferes with performance or the ability to meet the requirements of this organization as they are modified from time to time, the employee will be asked to terminate the outside employment if he or she wishes to remain with this organization.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

Outside employment that constitutes a conflict of interest is prohibited. Supervisors and employees are strongly encouraged to discuss job performance and goals on an informal, day-to-day basis. For regular employees, a formal written performance evaluation will be conducted at the end of an employee's initial six (6) months period of hire, known as the introductory period. Additional formal performance reviews are conducted annually to provide both supervisors and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage, and recognize strengths, and discuss positive, purposeful approaches to meeting goals. Supervisors may find it necessary to conduct interim evaluations to either correct or praise various areas of performance. Generating and making sure that performance evaluations are completed at least annually between Jan 1 and June 30 is the responsibility of the Project Director/Manager. A template performance evaluation form can be found on the Research Foundation website under Forms / Human Resources.

4. Employees become eligible to enroll in this program on January 1st following six months of employment within an eligible category.

302 WORKERS' COMPENSATION INSURANCE

The Research Foundation provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers an employee injured due to a work related injury, illness or accident sustained during the course of employment that requires medical treatment.

An employee who sustains a work-related illness or injury must inform the Research Foundation Human Resources Department immediately. No matter how minor an on-the-job illness or injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible and it will alert your employer to potential workplace hazards.

303 VACATION BENEFITS

The following employee classifications are eligible for vacation benefits according to the guidelines set forth in this policy:

- Full - time Regular (FTR) Employees
- Part - time Regular (PTR) Employees

Employee vacation hours accrue each pay period based on the employee's classification, hours worked during the pay period, and years of service. Employees will not accrue more than the maximum allocated accrual for any one pay period. **No vacation accrual will be earned by an employee working less than 40 hours in a pay period, or during an unpaid leave of absence.**

Vacation pay will be calculated based on the employee's straight-time pay rate (in effect when vacation benefits are used) times the number of hours the employee would otherwise have worked on the day(s) of absence. Vacation pay does not include shift differentials, incentive pay, bonuses, or other special forms of compensation. Vacation benefits for exempt employees will be based on their regular wages.

Employees who have satisfied all eligibility requirements may submit vacation requests to his or her supervisor. Requests will be evaluated by the supervisor based upon various factors, including anticipated operating requirements and staffing considerations during the proposed absence.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

Employees are strongly encouraged to take earned vacation during the year following its accrual. For security reasons, employees who, in the opinion of their Project Director/Supervisor or Director of Human Resources, occupy sensitive positions may be required to take a minimum of five (5) consecutive days of vacation each calendar year.

Upon termination of employment, employees will be paid for unused vacation benefits which have accrued through the last day of work.

305 HOLIDAYS

The Research Foundation will grant holiday time off to all eligible employees for the holidays listed below:

- Martin Luther King, Jr. Day (January)
- Cesar Chavez Day (March)
- Memorial Day (May)
- Juneteenth (June)
- Independence Day (July)
- Labor Day (September)
- Veteran's Day (November)
- Thanksgiving Day (November)
- Winter/New Year's Break (December 25 through January 1)

According to applicable restrictions, the Research Foundation will grant paid holiday time off to all eligible employees immediately upon assignment to an eligible employment classification. Holiday pay will be calculated based on the employee's straight-time pay rate (as of the date of the holiday) times the number of hours the employee would otherwise have worked on that day.

Eligible employee classifications:

- Full-time Regular (FTR)
- Part-time Regular (PTR) – Pro-rated
- Short Hour Regular (SHR) – Limited/Based on work schedule

A recognized holiday that falls on a Saturday will be observed on the preceding Friday. A recognized holiday that falls on a Sunday will be observed on the following Monday.

If a recognized holiday falls during an eligible employee's paid absence (e.g., vacation, sick leave), holiday pay will be provided instead of the paid time off benefit that would otherwise have applied. If a recognized holiday falls during an eligible employees' unpaid absence (e.g., unpaid leave of absence), the holiday pay will be unpaid. If an eligible employee works on a recognized holiday, he or she will receive paid time off for the holiday hours (paid as regular hours) in addition to the hours physically worked on the holiday (also paid as regular hours). Employees are not allowed to work on the holiday and then take time off later for the holiday hours.

Paid time off for holidays will not be counted as hours worked for the purposes of determining overtime.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

306 OTHER PAID ABSENCES (OPA)

The employer provides OPA benefits to all eligible employees for periods of temporary absence due to illnesses, injuries, personal time off, medical, vision, or dental appointments. Eligible employee classifications:

- Full-time Regular (FTR)
- Part-time Regular (PTR)

OPA hours accrue each pay period based on the hours an employee works during the pay period.

Employees working full time will accrue 4.00 hours of OPA per pay period. The accrued rate will be prorated for employees working between 50% and full-time hours in a pay period. No OPA accrual will be earned by an employee working less than 50% in a pay period, or during an unpaid leave of absence.

Reporting Illnesses or Injuries

Employees who are unable to report to work due to an illness or injury must make every effort to notify their supervisor before the scheduled start of their shift. In circumstances where an employee cannot notify his or her supervisor prior to the start of their shift, notification must be made within two (2) hours after the start of the shift to be considered a reported absence. The supervisor must also be contacted each day the employee is absent. If an employee is absent for three (3) or more consecutive days due to illness or injury, a physician's statement must be provided verifying the nature of the disability and its beginning and expected ending dates. The Human resources department reserves the right to request verification of absence regardless of the length of time out and the verification may be used as the basis for determining authorization and payment of OPA benefits.

Before returning to work from a sick leave absence of three (3) calendar days or more, an employee must provide a physician's verification indicating that he or she may safely return to work. OPA benefits will be calculated based on the employee's base pay rate at the time of the absence and will not include any special compensation, such as incentives, commissions, bonuses, or shift differentials. OPA benefits may be used to supplement any state disability insurance or worker's compensation benefits that an employee is eligible to receive. The combination of any such disability payments and OPA benefits cannot exceed the employee's normal earnings.

Upon termination of employment, employees will be paid (at their current rate at the time of termination) for unused OPA benefits that have accrued through the last day of work.

307 EMPLOYER PAID SICK TIME FOR NON-BENEFITTED STUDENT AND TEMPORARY STAFF

The Healthy Workplaces, Healthy Family Act of 2014 (AB 1522) has been amended. Senate Bill (SB) 616 took effect January 1, 2024, and expanded paid sick leave from 24 hours to 40 hours per year for all students (undergraduate and graduate) and temporary employees. Active student and temporary employees of the Research Foundation will be credited 40 hours of paid sick time each calendar year on January 1st to use for sick related purposes only. This assembly bill does **not** affect benefitted staff currently accruing vacation and OPA time.

Usage/Facts:

- Student and temporary employees hired by the Research Foundation for greater than 30 days will be credited the sick time upon their date of hire and are eligible to use the time after completing ninety (90) days of employment.
- Sick time hours can be used in increments equal to or less than the number of regular hours the employee is regularly scheduled to work on a business day on which they are sick. They may not use more.
- Paid sick time can never be used on an employee's scheduled day off (i.e., sick time cannot be used as vacation or personal time or for any reason other than illness, jury duty or to appear in court). Attach a copy of the jury/court summons to the timecard.
- Employees may request paid sick time in writing or verbally, however, the use of paid sick time must be documented on the employee's timecard on a separate line as "sick time."
- When calling in sick, employees should notify their Supervisor/Manager at least 1 hour prior to the start of their regularly scheduled work shift.
- Employees are not required to find a replacement for their shift to use paid sick time.
- Employees cannot be retaliated against for requesting/using sick time.
- Employees can use sick time for their own illness or the illness of a family member for the diagnosis, care or treatment of an existing health condition, preventive care or for an employee who is a victim of domestic violence, sexual assault, or stalking. Family members include parent, child, spouse, registered domestic partner, grandparent, grandchild, sibling, or designated person (one per 12-month period).
- Effective January 1, 2025, paid sick leave can be taken when performing jury duty or to appear in court to comply with a subpoena or court order to appear as a witness in a judicial proceeding. Attach a copy of the jury/court summons to the timecard.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

- Employees that use 40 hours of sick time prior to year-end will not qualify for paid sick time again until the beginning of the next calendar year.
- Unused sick time **will not** be carried over into the New Year. Sick hours will reset to 40 at the beginning of each calendar year (January 1st).
- Available sick hours will appear on the employee's paycheck stub.
- Unused sick hours will **not** be paid out upon termination, resignation, or separation from the Research Foundation under any circumstances. **These sick hours are not hours accrued/owned by the employee.**

How This Will Impact Projects/Programs:

The cost of sick time is **not** considered a liability to the project because it is dependent upon the actual time used by the employee. The maximum amount of sick time used cannot exceed 40 hours each calendar year per employee, and the unused balance **will not** be cashed out to the employee upon separation. The employee does not accrue/own these hours. Sick time will not be charged to a project when it is earned/credited, but rather, it will only be charged to the project at the time it is used (like regular worked hours). As a result, Project Directors with restricted employee work hours should be aware that, if needed, their projects may have to pay for sick hours which may result in up to 40 hours less regular work performed by their student and temporary employees.

308 TIME OFF TO VOTE

The Research Foundation encourages employees to fulfill their civic responsibilities by voting. If an employee is unable to vote in a statewide election during his or her non-working hours, the Research Foundation will grant up to two (2) hours of paid time off to vote. Employees must request time off to vote from their supervisor at least two (2) working days prior to election day. The time off to vote must be scheduled at the beginning or end of the work shift, whichever provides the least disruption to normal work operations.

Employees must submit a voter's receipt on the first working day following the election in order to qualify for the paid time off.

309 BEREAVEMENT LEAVE

If an employee wishes to take time off to attend the funeral and/or make any necessary arrangements associated with the death of an immediate family member, the employee must notify his or her supervisor immediately. Effective January 1, 2023, after thirty (30) days of employment, employees in all

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

employment classifications are eligible for up to five (5) business days of bereavement leave per occurrence.

The five business (5) days of bereavement leave do not need to be taken consecutively; they can be intermittent. The employee must complete the bereavement leave within three (3) months of the immediate family member's date of death.

The following employment classifications are eligible for paid bereavement leave:

- Full-time Regular (FTR)
- Part-time Regular (PTR)
- Short Hour Regular (SHR)

Bereavement leave for all other employment classifications will be unpaid.

Bereavement pay is calculated using the base pay that an employee would otherwise have earned had they worked on the day of the absence. An employee may use any available accrued vacation or OPA time for additional time off as necessary.

- The Research Foundation defines "immediate family" as:
- The employee's spouse or domestic partner;
- The employee, spouse, or domestic partner's: parent, stepparent, grandparent, great-grandparent, sibling, child, or grandchild (including foster, adopted and step), aunt, uncle;
- The employee's son-in-law, daughter-in-law, parent-in-law;
- A person living in the immediate household of the employee (except domestic employees, roomers, boarders, and/or roommates);
- Special consideration will also be given by the Research Foundation Director of Human Resources to any other person whose association with the employee was similar to one of the above-named relationships.

The employee may be asked at any time for further or additional documentation substantiating entitlement to this leave benefit. Documentation includes, but is not limited to a death certificate, published obituary, written verification of death, burial or memorial services from a mortuary, funeral home, burial society, crematorium, religious institution, or governmental agency.

Requests for bereavement leave and any related documentation will remain confidential and not be disclosed to others apart from the Research Foundation Human Resources/Payroll department or anyone with a legitimate business need to know, or as required by law.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

311 JURY DUTY

The Research Foundation encourages employees to fulfill their civic responsibilities by serving jury duty when required. Employees in an eligible classification may request up to 20 days of paid jury duty leave in any 24-month period. Jury duty pay will be calculated on the employee's base pay rate times the number of hours the employee would otherwise have worked during the absence. Employee classifications that qualify for paid jury duty leave:

- Full-time Regular (FTR)
- Part-time Regular (PTR)
- Short Hour Regular (SHR)

If an employee is required to serve jury duty beyond the period of paid jury duty leave, he or she may use any available paid time off (for example, vacation/OPA benefits) or may request an unpaid jury duty leave of absence.

Employees must provide a copy of the jury duty summons to their supervisor and the Research Foundation Human Resources Department as soon as possible so that the supervisor may make arrangements to accommodate the employee's absence. The employee is expected to report for normal work duties whenever the court schedule permits.

Either the Research Foundation or the employee may request an excuse from jury duty if, in the judgment of the Associate Director of Human Resources, the employee's absence would create serious operational difficulties.

The Research Foundation will continue to provide insurance benefits until the end of the month in which the unpaid jury duty leave begins. At that time, employees must pay the full cost of their insurance benefits (medical, vision, dental, and life insurance benefits). The Research Foundation will resume payment of the costs of insurance benefits when the employee returns to active employment.

Accrual for benefits calculation, such as vacation, OPA, or holiday benefits, will be suspended during unpaid jury duty leave and will resume upon return of the employee to active employment.

312 WITNESS DUTY

The Research Foundation encourages employees to appear in court for witness duty whenever summoned.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

Employees will be granted unpaid time off for absences due to witness duty. Employees are free to use any available paid leave benefits (vacation or OPA benefits) to receive compensation for the period of this absence.

A copy of the witness summons must be provided to the employee's supervisor and the Research Foundation Human Resources Department immediately after it is received so that operating requirements can be adjusted, where necessary, to accommodate the employee's absence. The employee must report for normal work duties whenever the court schedule permits.

If the employee has been summoned as a witness of the Research Foundation as a result of a job-related event, he or she will receive paid time off for the entire period of witness duty.

380 EDUCATIONAL ASSISTANCE

In accordance with the guidelines set forth in this policy, the Research Foundation will provide educational assistance to eligible employees who wish to pursue course work which is applicable to their job duties with the organization. Eligible employee's classifications are:

- Full-time Regular (FTR)
- Part-time Regular (PTR)

Interested employees must complete and submit a Request for Educational Assistance form (available on the Research Foundation Human Resources website under Forms / Human Resources) to their supervisor for consideration. An employee who receives approval for his or her educational assistance may, upon proof of successful completion of each course*, receive reimbursement for registration fees only up to six units of undergraduate/graduate instruction each academic semester. The reimbursement rate is equivalent to the prevailing part-time undergraduate/graduate degree rate at CSULB. Since this benefit is solely funded by direct program funds, approval is contingent upon availability of funds, and/or program sponsor approval. Written approval for Educational Assistance must be received prior to course enrollment.

Employees who wish to take classes during normal business hours will either be required to make up the time spent away from work during the normal shift or use accrued vacation or OPA hours in order to be compensated. In cases where the Research Foundation or Project Director requests that the employee attend a class, the employee will be compensated at their regular rate of pay during the class attendance.

* Proof for this purpose is defined as a copy of the student's grade transcript indicating a passing grade for the class.

382 CREDIT UNION

All Research Foundation employees are eligible to join the Long Beach Schools Financial Credit Union and the Schools First Federal Credit Union. Both Credit Unions offers a wide variety of financial services. Some of these services include: interest earning checking (draft) and savings accounts; VISA cards, automatic teller cards, as well as automobile, mortgage, personal and other types of loans. In order to join, employees must contact the Credit Unions directly.

383 DIRECT DEPOSIT

Many Research Foundation employees enjoy the benefits of Direct Deposit. By completing and submitting the appropriate authorization form to the Research Foundation Payroll Department, the Research Foundation will automatically deposit the net amount of the employee's check into the bank, credit union, or other financial institution account(s) designated by the employee.

Deposits will normally reach the designated institution on or before scheduled paydays.

Employees should ensure that the designated institution is capable of accepting electronic transfers (most are). On paydays employees will receive a check stub along with confirmation of the deposit. Direct Deposit requires that the first payday after enrollment be a "pre-note" test period with the financial institution. If the pre-note is cleared, Direct Deposit will begin with the following pay period.

384 FLEX CASH

Eligible employees who have non-Research Foundation medical or dental coverage may elect to waive Research Foundation provided insurance in exchange for cash. Employees who waive medical and/or dental coverage may receive additional cash in their semi-weekly paycheck (not to exceed the *monthly maximum).

- Waive both medical & dental \$70 per pay period (*not to exceed \$140/month)
- Waive medical only \$64 per pay period (*not to exceed \$128/month)
- Waive dental only \$ 6 per pay period (*not to exceed \$12/month)

Employees must elect Flex Cash during annual open enrollment.

TIMEKEEPING/PAYROLL

401 TIMEKEEPING

Accurately recording time worked is the responsibility of every employee. Federal and state laws require the employer to keep an accurate record of time worked in order to calculate employee pay and benefits.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

Time worked is all the time actually spent on the job performing assigned duties. This includes time being trained to do the job.

Tampering with, altering, or falsifying your own or anyone else's time records, or recording time on another employee's time record may result in disciplinary action, including termination.

A non-exempt employee should report to work no more than ten (10) minutes prior to their scheduled starting time or stay more than ten (10) minutes after their scheduled stopping time, without express, prior written authorization from his or her supervisor. By signing the timecard, the supervisor is providing verification to the Payroll Department that prior approval for a schedule change or overtime was received.

It is the employee's responsibility to sign his or her timecard to certify the accuracy of all time recorded. The supervisor is responsible for reviewing and signing the approval of timecard before submitting it for payroll for processing according to the pay schedule.

403 PAYDAYS

All employees are paid semi-monthly (twice per month). Each paycheck will include earnings for all work performed through the end of the previous payroll period.

In the event that a regular scheduled payday falls on a day that the Research Foundation is closed (e.g. holiday), employees will receive pay on the last day of work before the regularly CSULB Research Foundation Employee Handbook scheduled payday. The current payroll schedule can be found on the Research Foundation website under Forms / Payroll.

405 EMPLOYMENT TERMINATION

Since employment with the CSULB Research Foundation is based on mutual consent, both the employee and the employer have the right to terminate employment at will, with or without cause, or advance notice at any time. Terminations are an inevitable part of personnel activity within any organization, and many of the reasons for termination are routine. Below are examples of some of the most common circumstances under which employment is terminated:

- **RESIGNATION** - employment termination initiated by an employee who chooses to leave the organization voluntarily.
- **DISCHARGE** - employment termination initiated by the Research Foundation.
- **LAYOFF** - employment termination initiated by the Research Foundation for non-disciplinary reasons.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

- RETIREMENT - voluntary retirement from active employment status initiated by the employee.

Employees will receive their final pay in accordance with applicable state laws.

Employee benefits will be affected by employment terminations. All accrued, vested benefits that are due and payable upon termination will be paid. Some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance. If resigning, employees should notify their Director and the Human Resources Department in writing of their intent to terminate. Directors are required to submit an Employee Separation Form to Human Resources outlining the separation.

408 PAY ADVANCES

Neither pay advances nor extensions of credit against unearned wages will be provided to employees.

409 ADMINISTRATIVE PAY CORRECTIONS

The Research Foundation takes all reasonable steps to assure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday.

In the unlikely event that there is an error in the amount of pay, the employee should promptly bring the discrepancy to the attention of the Research Foundation Payroll Office so that corrections can be made promptly.

If underpayments are identified, the employee's next regular paycheck will be adjusted to include the corrected amount, and any back pay due the employee.

Overpayments will also be corrected in the next regular paycheck unless this presents a burden to the employee such as when a substantial amount is owed. In that case, the Research Foundation will attempt to arrange a schedule of repayments with the employee to minimize the inconvenience to the employee and the Research Foundation.

410 PAY DEDUCTIONS AND SET-OFFS

The law requires that employers make certain deductions from every employee's compensation.

Among these are applicable federal, state, and local income taxes. The employer also must deduct Social Security and Medicare taxes on each employee's earnings up to a specified limit that is called the Social Security/Medicare "wage base." The employer matches the amount of Social Security and Medicare taxes paid by each employee.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

In addition to the programs and benefits required by law, the Research Foundation offers other elective programs and benefits. Employees who wish to participate in these programs may voluntarily authorize deductions from their pay checks*. If an employee does not understand why deductions were made or how they were calculated the Research Foundation Payroll Office can assist in answering those questions.

Pay set-offs are pay deductions taken by the employer, usually to help satisfy a debt or obligation (such as judgments, garnishments, and tax levies) owed to the employer or others.

* Participation in these programs may be limited to specific employment classifications and subject to meeting eligibility requirements.

WORK CONDITIONS AND HOURS

501 SAFETY

Establishment and maintenance of a safe work environment is the shared responsibility of the Research Foundation and employees of all levels. The Research Foundation will attempt to do everything within its control to assure a safe environment and compliance with federal, state, and local safety regulations. Employees are expected to obey safety rules and to exercise caution in all their work activities. Unsafe conditions must be promptly reported to an employee's supervisor. Not only supervisors, but employees at all levels of the organization are expected to correct unsafe conditions as quickly as possible.

All illnesses and injuries occurring in the workplace must be reported to the Research Foundation Human Resources Department immediately; regardless of how insignificant the illness or injury may appear. Such reports are necessary to comply with laws and initiate liability and worker's compensation insurance procedures.

504 USE OF PHONE AND MAIL SYSTEMS

Employees may be required to reimburse the Research Foundation for any charges resulting from personal use of the telephone or fax. The use of employer paid postage for personal correspondence is not permitted.

To assure effective telephone communications, employees should always speak in a courteous and professional manner. Upon answering the phone, employees should state their name and their department. Please confirm information received from the caller, including the phone number of the caller in case a reply is needed, and hang up only after the caller has done so.

Proper telephone etiquette also requires providing callers with a human response whenever possible. During normal business hours all phones should be answered within three (3) rings.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

When an employee is away from the normal workstation it is recommended that the phone is diverted to another employee who is informed of the absent employee's whereabouts. Voice mail should only be used during meal periods and outside normal business hours.

505 SMOKING/SECONDHAND SMOKE

In keeping with the Research Foundation's intent to provide a safe and healthful work environment, the Research Foundation observes the University's "Policy for a Smoke-Free Campus Environment" as approved by the President of California State University, Long Beach.

An excerpt of that policy follows:

California State University, Long Beach has a responsibility to provide employees and students with a safe working and learning environment. Given the fact that smoking and secondhand smoke is the most significant cause of premature and preventable death in the United States today, California State University, Long Beach is declared to be a "smoke-free" campus in accordance with the Smoking: Public Buildings, AB 846, signed into law by Governor Davis, imposes new smoking restrictions on public buildings, effective January 1, 2004.

This "smoke-free" policy shall apply to all state-owned, University and Research Foundation operated facilities regardless of location. The success of this policy depends upon the thoughtfulness, consideration, and cooperation of everyone. All employees share in the responsibility for adhering to and enforcing this policy. Any problems should be brought to the attention of the Research Foundation Human Resources Department. There shall be no reprisal against anyone seeking assistance in enforcing this policy.

By signing an individual's Timecard or Reporting Form, the supervisor and/or the Project Director is indicating to payroll that all regular and overtime hours worked were approved.

Each employee is expected to notify his or her supervisor if any equipment, machines, tools, or vehicles appear to be damaged, defective, or in need of repair. In no case may a leave of absence be approved beyond the period for which the position of the requesting employee is funded.

Leaves of absence which have been approved for a specified period of time may be modified by the Human Resources Department should funding or operating conditions warrant. To the extent possible, the requesting employee will be returned to the same position they occupied at the time the leave began. In the event that operating conditions preclude a position from remaining vacant, the requesting employee will be returned to the most comparable position, for which they are qualified, within the program that they are normally employed. E. LACTATION ACCOMMODATION

The Research Foundation provides a reasonable amount of break time to accommodate an employee's need to express breast milk for the employee's infant child and will make a reasonable effort to provide the employee with the use of a room or other location in close proximity to the employee's work area for the employee to express milk in private. Such space will meet the requirements of the California Labor Code including a surface to place a breast pump and personal items, a place to sit, access to electricity, a sink with running water, and a refrigerator for storing breast milk.

An employee may request an accommodation for lactation breaks by submitting a lactation accommodation request form to their supervisor. The completed request form will be returned to the employee and a copy sent to the human resources department.

The requested break time should, if possible, be taken concurrently with other scheduled break periods. Nonexempt employees must clock out for any lactation breaks that do not run concurrently with normally scheduled rest periods. Any such breaks will be unpaid.

The Research Foundation reserves the right to deny, in writing, an employee's request for a lactation break if the additional break time will seriously disrupt operations. Employees have the right to file a complaint with the labor commissioner for any violation of rights provided under Chapter 3.8 of the California Labor Code regarding lactation accommodations.

601.1 RETURN TO WORK

Research Foundation policy is to return an employee who has sustained either industrial or nonindustrial disabling injuries to work as soon as his or her medical condition permits the return without endangering the employee's health or the health and safety of others. The Research Foundation Return to Work Policy and its implementing procedures provide the structure to enable the Research Foundation to comply with existing federal and state regulations concerning employment of individuals with disabling injuries or illnesses and to reduce the costs associated with the Research Foundation Industrial and Non-Industrial leave programs.

702 DRUG AND ALCOHOL USE

In accordance with the Drug-Free Workplace Act of 1988 ("DFWA"), the California State University, Long Beach Research Foundation has established the following policy:

703 UNLAWFUL HARASSMENT

The Research Foundation takes all reasonable steps to prevent discrimination and harassment. Sexual harassment in employment violates Research Foundation policy and is prohibited under Title VII of the federal Civil Rights Act and the California Fair Employment and Housing Act.

SEXUAL HARASSMENT DEFINED

Federal Law defines sexual harassment as unwanted sexual advances, requests for sexual favors or visual, verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made a term or condition of employment; or (2) submission to or rejection of such conduct is used as a basis for employment decisions affecting the individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an employee's work performance or creating an intimidating, hostile or offensive working environment.

California law defines sexual harassment as unwanted sexual advances or visual, verbal, or physical conduct of a sexual nature. This definition includes many forms of offensive behavior.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

The following is a partial list of behavior considered offensive:

- Unwanted sexual advances;
- Offering employment benefits in exchange for sexual favors;
- Making or threatening reprisals after a negative response to sexual advances;
- Visual conduct: leering, making sexual gestures, displaying of sexually suggestive objects or pictures, cartoons, or posters;
- Verbal conduct: making or using derogatory comments, epithets, slurs, sexually explicit jokes, comments about an employee's body or dress;
- Verbal sexual advances or propositions;
- Verbal abuse of a sexual nature, graphic verbal commentary about an individual's body, sexually degrading words to describe an individual, suggestive, or obscene letter, notes, or invitations;
- Physical conduct: touching, assault, impeding or blocking movements.

It is unlawful for any employee to sexually harass anyone (females or males). Sexual harassment on the job is unlawful whether it involves co-worker harassment, harassment by a supervisor or manager, or by persons doing business with or for the Research Foundation.

PREVENT SEXUAL HARASSMENT

A program to eliminate sexual harassment from the workplace is not only required by law but is the most practical way to prevent incidents from occurring, or to avoid or limit damages if harassment should occur despite preventive efforts.

THE RESEARCH FOUNDATION'S COMPLAINT PROCEDURE

The Research Foundation's complaint procedure provides for an immediate, thorough, and objective investigation of any sexual harassment claim, appropriate disciplinary action against one found to have engaged in prohibited sexual harassment, and appropriate remedies to any victim of harassment.

Employees who believe they have been sexually harassed on the job, including harassment by persons doing business with or for the Research Foundation should provide a written or verbal complaint to Director of Human Resources or Chief Operating Officer of the Research Foundation as soon as possible. The complaint should include details of the incident(s), names of individuals involved, and the names of any witnesses. Supervisors and managers must immediately refer all harassment complaints to the Director of Human Resources or Chief Operating Officer of the Research Foundation.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

All incidents of sexual harassment that are reported must be investigated. The Director of Human Resources or the Chief Operating Officer of the Research Foundation will immediately undertake or direct an effective, thorough, and objective investigation of the harassment allegations. The investigation will be completed and a determination regarding the alleged harassment will be communicated to the employee(s) who complained and the accused harasser(s). If the Research Foundation determines that sexual harassment has occurred, the Research Foundation will take effective remedial action commensurate with the circumstances. Appropriate action will also be taken to deter any future harassment. If a complaint of sexual harassment is substantiated, appropriate disciplinary action, up to and including discharge, will be applied. Whatever action is taken against the harasser will be communicated to the employee who complained, and the Research Foundation will take appropriate action to remedy any loss to the employee resulting from the sexual harassment.

PROTECTION AGAINST RETALIATION

The Research Foundation's policy and California law prohibit retaliation against any employee by another employee or by the Research Foundation for using the complaint procedure or for filing, testifying, assisting, or participating in any manner in any investigation, proceeding or hearing conducted by a federal or state enforcement agency. Prohibited retaliation to the whistle-blower includes, but is not limited to, demotion, suspension, failure to hire or consider for hire, failure to give equal consideration in making employment decisions, failure to make employment recommendations impartially, adversely affecting working conditions or otherwise denying any employment benefits.

No harassment will knowingly be permitted, and the Research Foundation will not knowingly permit any retaliation against any employee who complains of sexual harassment or who participates in an investigation. Research Foundation policy and California law prohibit retaliation against any employee who opposes sexual harassment. Opposition to sexual harassment includes, but is not limited to: seeking advice, assisting or advising any person in seeking the advice of an enforcement agency regardless of whether a complaint is filed or, if filed, substantiated; opposing employment practices that an employee reasonably believes to be unlawful; participating in an activity perceived to be opposition to discrimination by an employer covered by the law; or contacting, communicating with or participating in any federal, state, or local human rights or civil rights agency proceedings.

Any report of retaliation by the one accused of harassment, or by co-workers, supervisors, or managers, will also be immediately, effectively, and thoroughly investigated in accordance with the Research Foundation's investigation procedures outlined above. If a complaint of retaliation is substantiated, appropriate disciplinary action, up to and including discharge, will be taken.

CSULB RESEARCH FOUNDATION EMPLOYEE HANDBOOK

LIABILITY FOR SEXUAL HARASSMENT

Any employee of the Research Foundation whether co-workers, supervisor, or manager, who is found to have engaged in unlawful sexual harassment is subject to disciplinary action up to and including discharge from employment. An employee who engages in sexual harassment, including any manager who knew about the harassment and took no action to stop it, may be held personally liable for monetary damages. The Research Foundation will not pay for damages assessed personally against any employee.

ADDITIONAL ENFORCEMENT INFORMATION

In addition to the Research Foundation internal complaint procedure, employees should also be aware that the Federal Equal Employment Opportunity Commission (EEOC) and the California Department of Fair Employment and Housing (DFEH) investigate and prosecute complaints of sexual harassment in employment. Employees who believe that they have been sexually harassed may file a complaint with the EEOC within 300 days of the harassment or with the DFEH within one (1) year of the harassment. Both the EEOC and the DFEH serve as neutral fact finders and attempt to help the parties voluntarily resolve disputes.

If the EEOC finds a complaint is justified, it may bring a lawsuit in federal court seeking an order to prevent further unlawful activity, as well as orders to pay large fines and damages, and remedies such as hiring, reinstatement, back pay, promotion and changes in the employer's policies and/or practices. If the DFEH finds evidence of sexual harassment, and settlement efforts fail, the DFEH may file formal accusations against the employer and the harasser. The accusation will lead either to a public hearing before the Fair Employment and Housing Commission or a lawsuit on the complainant's behalf by the DFEH. If the Commission finds that harassment occurred, it can order remedies, including damages and/or fines from each employer and harasser charged. In addition, the Commission may order hiring or reinstatement, back pay, promotions and changes in the policies or practices of the involved employer. A court may order unlimited damages.

OTHER TYPES OF UNLAWFUL HARASSMENT

In addition to sexual harassment, the Research Foundation's policy prohibits all types of harassment whether are based on an employee's race, ethnicity, age, physical or mental disability, sexual orientation or any other basis prohibited by federal, state, or local law. All such harassment is prohibited. The policies and procedures described above apply to all types of unlawful harassment and an employee

should feel free, without fear of retaliation, to follow the procedures described if he or she believes unlawful harassment has occurred.

704 ATTENDANCE AND PUNCTUALITY

To maintain a safe and productive work environment, the Research Foundation expects employees to be reliable and to be punctual in reporting for scheduled work. In the rare instance when an employee cannot avoid being late to work or is unable to work as scheduled, they must notify their supervisor prior to the anticipated tardiness or absence, or within two (2) hours of their scheduled reporting time when advance notice is not possible.

Poor attendance and excessive tardiness are disruptive. Either may lead to disciplinary action, including termination of employment.
