COLLEGE OF ENGINEERING

GRADUATE RECOGNITION 2020

CALIFORNIA STATE UNIVERSITY LONG BEACH
Welcome to
CALIFORNIA STATE UNIVERSITY LONG BEACH

California State University, Long Beach is a member of the 23-campus California State University (CSU) system. The initial college, known then as Los Angeles-Orange County State College, was established on January 29, 1949, and has since grown to become one of the state’s largest universities.

The first classes in 1949 were held in a converted apartment building on Anaheim Street and the cost to enroll was just $12.50. The 169 transfer students selected from the 25 courses offered in Teacher Education, Business Education, and Liberal Arts which were taught by 13 faculty members. Enrollment increased in 1953 when freshman and sophomore students were admitted.

Expansion, in acreage, degrees, courses, and enrollment, continued in the 1960s, when the educational mission was modified to provide instruction for undergraduate and graduate students through the addition of master’s degrees.

In 1972, the California Legislature changed the name to California State University, Long Beach. Today, more than 37,000 students are enrolled at Cal State Long Beach, and the campus annually receives high rankings in several national surveys.

What students find when they come here is an academic excellence achieved through a distinguished faculty, hard-working staff, and an effective and visionary administration. The faculty’s primary responsibility is to create, through effective teaching, research, and creative activities, a learning environment where students grow and develop to their fullest potential.

This year, we will celebrate the accomplishments of the more than 9,000 graduates and candidates. They are earning doctoral, master’s, and bachelor’s degrees as well as credentials and certificates. We are proud of our graduating students, who now go forward to serve society.
A Message from the President...

Dear Graduate,

Warmest congratulations from your Beach family!

The completion of a college degree is a significant milestone, one that brings a lifetime of intellectual, professional, and personal rewards. That your graduation comes at such an extraordinary moment in time makes your achievement all the more remarkable. I want you to know that your focus, persistence, resolve, and engagement over the past few difficult months have been an inspiration to faculty, staff, and classmates — and to me personally.

I also want to emphasize that your Beach journey does not end here. You are joining a large and accomplished alumni community, now more than 350,000 members strong, and I encourage you to take advantage of every opportunity to network with and build on our great tradition of Beach Pride. The future may be unknowable, but your degree and your alma mater will always be mainstays in your life, as will so many of the connections and friendships you formed here. “The Beach is for Life!”

My thanks and congratulations also extend to your families and friends — to all of those who have supported, encouraged, and loved you as you pursued your academic dreams and adapted to this semester’s changed instructional environment. You are all heroes in my book.

Graduate, you are entering a world greatly in need of your talents and contributions. Wherever your path may lead, I urge you to be strong, take heart, and continue doing all of the things that brought you the academic success we celebrate today. This graduating class will always have a special place in my memory.

Go Beach!

Jane Close Conoley, Ph.D.
President

A Message from the Chancellor...

Dear Class of 2020,

Congratulations on achieving this consequential milestone on the journey of a lifetime. I am sure that, when you look back upon your commencement in the years to come, it will be with mixed emotions. Most often, you’ll be filled with pride and a powerful – and well-earned – sense of accomplishment. Perhaps sometimes you’ll relive a sense of amazement at attaining a goal that, at times, felt more than a little daunting. At other times, you may feel disappointment because of the unique and disruptive challenges brought on by the COVID-19 pandemic. I understand. The culmination of your college experience was not as you had expected – a virtual celebration following months of virtual learning, made necessary by this global public health crisis of historic proportions.

On this last point, it is my hope that you will also remember the ingenuity, adaptability, resilience and indomitable spirit you, your classmates, and your faculty and staff have demonstrated during these unprecedented and challenging times. I know I will. I will forever admire the class of 2020, and you will always hold a special place in my heart. And I have every confidence that the qualities that you have shown through these difficult days will continue to serve you well as you encounter life’s inevitable periods of hardship and uncertainty.

So today, we celebrate you – and all the hard work, perseverance and scholarship that brought you to this day.

Of course, you did not make this journey alone. We also recognize the faculty who deepened your knowledge and inspired you to see the world from new perspectives. We acknowledge the counselors, advisors, librarians, coaches and support staff who championed you at every turn. And indeed, we appreciate the family, friends and loved ones who encouraged you, uplifted you and supported you along the way. Please remember to thank these important people, and let them know how much their support means.

We call today’s celebration a “commencement” because it is not an end, but rather a new beginning. As you start the next chapter of your life, I urge you to continue to wholeheartedly pursue knowledge, truth and innovation, and to strive to elevate your community, state, nation and – indeed – the world, as you achieve your personal and professional goals.

And I encourage you to stay in contact with your campus and the larger California State University community. Connect with classmates, seek out faculty as mentors and join alumni chapters. Look for opportunities to inspire and support future generations who seek to follow in your footsteps.

As a proud CSU graduate myself, I welcome you to the world’s largest and most influential alumni community – more than 3.8 million strong.

On behalf of the entire California State University, again, congratulations to the truly remarkable class of 2020.

Sincerely,

Timothy P. White
Chancellor
THE COLLEGE OF ENGINEERING

The College of Engineering at the California State University, Long Beach, is proud to be recognized as one of the premier Engineering Colleges in the western USA and a leader in providing high quality affordable education, in a teaching-intensive, research-driven environment. The mission of the College of Engineering is to serve the State of California and the nation by graduating well-prepared professionals, who are provided with excellent education and training in the fundamentals of their discipline through a combination of theory and hands-on laboratory practices, and who are provided with the ability and skills to expand knowledge and transform complex ideas into working systems. Research, innovation, development and technology transfer are integral part of the COE mission with a long history of engagements with diverse industries for advancement of engineering technologies.

The College of Engineering provides baccalaureate degree programs in engineering, engineering technology, and computer science. Engineering programs include aerospace, biomedical, chemical, civil, computer, construction management, electrical, and mechanical. Engineering Technology programs include computer and electronics. Master of Science degrees are offered in aerospace, chemical, civil, electrical, and mechanical engineering, and in computer science, engineering management and interdisciplinary engineering. In addition 50 students have graduated from our joint (with The Claremont Graduate University) Ph.D. program in Engineering and Industrial Applied Mathematics and more than 30 students are currently enrolled in the program.

The College of Engineering provides an affordable high-quality education for students who intend to seek industrial employment, practice professionally, or pursue advanced degrees in their respective fields. Southern California industries seek out graduates of our College because of their in depth knowledge and practical experiences where they hit the ground running and repeatedly demonstrate the skills and motivation desired by industries. For example, our college is a leading supplier of graduates to major corporations such as The Boeing Company, Northrop Grumman, Raytheon, utility and biomedical engineering companies. Engineering’s student enrollment, consisting of 508 graduate students (Master’s and Doctoral) and 4792 undergraduate students, is supported by about 256 full-time and part-time faculty and 54 staff members.

HONORS & AWARDS

GRADUATE DEAN’S LIST OF UNIVERSITY SCHOLARS AND ARTISTS
Jimmy Chao, Computer Science
Andre Colacio-De Sousa, Mechanical Engineering
Anh Do, Electrical Engineering
Eduardo Gamez, Civil Engineering
Lekshmi Sasi, Chemical Engineering
Geetika Vedangi, Aerospace Engineering

DEPARTMENT OUTSTANDING BACCALAUREATE GRADUATES
Ashraf Al Shekaili, Chemical Engineering
Hieu Bui, Electronics Engineering Technology
Huy Bui, Electronics Engineering Technology
Tiffany Hoa, Civil Engineering
Jeffrey Nguyen, Biomedical Engineering
Reza Sheikhani, Mechanical Engineering
Thomas Swaney, Aerospace Engineering
Po Thin, Construction Management
Nathaniel Tovar, Electrical Engineering
**DOCTOR OF PHILOSOPHY**

*Engineering and Industrial Applied Mathematics*

Mohsen Babaeian
Dissertation: Modeling, Designing and Applying Machine Learning Algorithms for Driver Drowsiness Detection
Advisor: Mohammad Mozumdar

Aisha Chen
Dissertation: Gait and Postural Analysis in Healthy Young Adults and People with Parkinson’s Disease
Advisor: Shadnaz Asgari

Duc Tran
Dissertation: Model Predictive Energy Management for Building Microgrids with IOT-Based Controllable Loads
Advisor: Mastoud Nazari

Kristy Tran
Dissertation: Stochastic Optimization Powered by Markov Chain Monte Carlo: Mixed-Integer Nonlinear Programming for Communications Network Scheduling
Advisor: Fumio Hamano

Omer Eljairi
Dissertation: Preliminary Study on Highway Pavement and Materials
Advisor: Shadi Saadeh

Son Doan
Dissertation: Optimization in Engineering Applications
Advisor: Hen-Geul Yeh

**CHEMICAL ENGINEERING**

*Master of Science - Chemical Engineering*

Ethel Julie Martinez
Brian Medina Gonzalez

**ENGINEERING**

*Master of Science - Engineering*

Katherine L. Hellings
Moath Ibrahim Karakra

**CIVIL ENGINEERING**

*Master of Science - Civil Engineering*

Hassan I. Al Farsi
Yazan Ahmad Zohair Falah Al Zubi
Maryam Amouhadi
Eduardo De Jesus Avina, Jr.
