Dear,

As the COVID-19 Pandemic progresses, we have been forced to make adjustments to practices and policies. At this time, you have been notified by the University that all classes will be taught virtually from January 19-February 6th, with in-person classes resuming on February 7th. The Omicron variant is highly contagious and we want to make sure that we are keeping our students safe and healthy. We will be instituting a strict testing protocol and limiting dates and times for returning to campus in order to facilitate testing. If students can remain at home until February 5th and 6th, we are advising them to do so.

**Before move-in**

- All students must submit their [Spring 2022 Move-In Plan](#) ASAP. We would like to have this no later than Friday, January 14.
- All students must be fully vaccinated and have received a booster shot (if eligible).
  - Please submit proof of vaccination and booster via [Single Sign On](#) Vaccination Chicklet as soon as possible.
  - All residential students must take a test PCR test no earlier than 72 Hours before moving to campus and present a **negative test result** via [testing reporting form here](#). Please look to schedule a PCR test immediately as many locations are several days out for appointments. If you live within easy driving distance to campus you might want to consider making an appointment at the Chartroom.

**Move-in**

- Students must arrive on campus during the designated move-in dates and times.
  - January 16th and January 17th (only with prior approval) – Move-in window 10 a.m. to 7 p.m.
    - To receive approval please email [housing@csulb.edu](mailto:housing@csulb.edu) no later than Thursday, January 13th.
    - Students must acquire their own rapid test to be administered in front of staff when they arrive on campus.
  - January 18th and January 19th – Move-in window is 10 a.m. to 7 p.m.
  - January 20 – February 4th – Move-in is **not** permitted during these dates
  - February 5th and February 6th – Move-in window is 9 a.m. to 5 p.m.

- Upon arrival to campus, during the hours above, Hillside and Parkside Village students must report to The Pointe Conference Center (lower level of the Pyramid) to receive rapid testing. Beachside Village students should report to Multi-Purpose Room of Pacific Hall to receive a rapid test. Only students with **negative test results** will have card access enabled and be able to move into their perspective buildings. If test results are delayed please remain at home until a negative result is received.
  - Before coming to campus, all students must:
    - Have submitted their negative PCR test via the testing reporting form and
    - Complete the COVID-19 pre-screen via the [Single Sign On](#) Chicklet prior to arrival AND receive a green checkmark.

- Students will schedule their first PCR test to be taken one week later at the campus provided testing site.
Please refer any questions you may have to housing@csulb.edu and we will get back to you as soon as we are able. Please allow for some delay in response as the email volume is high at this time of year.

Thank you,

Housing & Residential Life
