

Dear Parent/Guardian,

We are so excited to bring students back to campus housing. Your student listed you as a contact. Because we are required to follow privacy requirements, we generally do not communicate directly with parents/guardians and will send information, instead, directly to the student via their student.csulb.edu email account. Please encourage your student to check their email regularly and share information with you so you are aware of what is going on.

This year, we have decided to send this one email to highlight some important information and to direct you to where you can keep up with items related to housing so that you are aware of necessary information that is being communicated to your student.

Students must take certain to follow all vaccination requirements. **This year, residential students are required to receive a CDC-approved COVID-19 vaccination.** For an FAQ about the vaccines for housing, please visit [Vaccinations for Housing](#). Additional information on all vaccinations required is available [here](#).

There are several ways for you to stay in-the-know about things this summer as we prepare for Fall Semester.

- While we are unable to copy parents/guardians on individual messages we send to students, we do log all mass emails on our [website](#). Additional parent-focused information will be posted on [website](#).
- Each year, the University offers Parent and Family Orientation sessions throughout the summer. Here is the link for those events. Housing will have a short presentation during the event. There are also great resources for students and parents available [here](#).
- We recognize that parents and guardians may want to share their love and support through a care package once your student is here on campus. You will receive an email from our care package before move-in in the next month or so to set that up if you choose.

Also, if you want to follow us on social media you can do so on [Facebook](#) and [Instagram](#).

Consider following the 49ers shops and encourage your students to follow them. They run our residential dining and bookstore operations and will have special deals exclusively through their social media. <https://www.csulb.edu/49er-shops-at-the-beach/follow-us-social>
