

Faculty Personnel Policies Council Agenda
Meeting #10
April 19, 2019

1. Approve agenda, minutes from last meeting.
 2. Announcements: Nepotism/Financial Conflict of Interest Policy, ATI
 3. Policy on Faculty Awards (12-06)
 - Discussion about adding ORSP research impact awards to existing policy
 - Notes for next year's chair
 4. Open discussion on use of electronic SPOT forms
-

People like the idea, but are concerned about effective practices. Worry won't be able to recognize studs who accidentally flipped 1's and 5's because comments are separated from the rest of the form when done electronically. Some items may not be appropriate for an online only course. Concern about timing.

COE supports the idea but has questions about details. Same concerns about online classes. Return rate.

CLA lecturers evaluations are really important, so there's anxiety about having less control over format, how studs will respond, do studs need to be rewarded for doing the form.

CLA supportive for the most part. Concerns about process, timing, online course evaluation vs face to face.
