HERF funding has helped us to make three long-term hires. My opinion is that we are in a “good shape.”</a></p>	
<p><b>1:38-2:03</b></p>	<p><b>Presentation on Student Financial Aid – Pell Grants, CalGrants, SUGs and Student Loans etc.</b></p> <p><u>Update</u>  3700 new CalGrant Awards in CA (200-300 expected for CSULB)</p> <p><u>Fee Paying Financial Aid Awards</u></p> <ul style="list-style-type: none"> <li>● State University Grant (CA Residents)</li> <li>● Cal Grant A or B (18,000 students)</li> <li>● Total \$52 million (Fall), 55% of our undergraduate student’ fees are covered in full, a 3% increase over the past three years</li> <li>● 33% of Credential Graduate Students received Cal Grant A or B (about \$6 million) steady over the past three years</li> </ul>	<p><b>Director Nick Valdivia</b></p>

	<p><u>Awards for Living Expenses (Students may qualify for 1-3)</u></p> <ul style="list-style-type: none"> <li>• Federal Pell Grant (about 50% of our students are receiving)</li> <li>• Cal Grant Stipend (State Funded)</li> <li>• SEOG (for Pell Grant Students)</li> <li>• EOP Grant</li> <li>• Unduplicated total: 17,568 unique students/\$52 million/52.48% (avg. award \$2900)</li> <li>• Limited funds for graduate students</li> <li>• Total dollars consistent over the past three years with an increase in the avg. award (about \$100 higher) with slightly fewer students receiving grants</li> </ul> <p><u>Student Borrowing</u></p> <ul style="list-style-type: none"> <li>• Compared to national averages, our students are borrowing less frequently and in fewer amounts with Pandemic drops over the past three years: about 8% less borrowing than in 2019</li> <li>• Subsidized (18% of undergraduate students) &amp; Unsubsidized Loans (15% of undergraduate students--with options to pre-pay the interest)</li> <li>• Graduate students are only eligible for unsubsidized loans (since 2014)</li> </ul> <p>From Heather, does this impact 4+1 degrees (when a masters degree is integrated into the overall experience)?</p> <p>They are classified as undergraduates during the first four years. During the fifth year, they would lose access.</p> <p>From Heather, one of the Beach 2030 goals is to increase graduate enrollment. Are the borrower profiles stateside and CPIE comparable?</p> <p>Stateside programs are funded through our campus budget. Our soft-support students are borrowing at a higher rate than our stateside students. Stateside students pay subsidized costs, whereas CPIE students pay the full costs.</p> <p>From Dave, are the living expense grants available to CPIE students at the undergraduate level?</p> <p>Yes, the Federal Pell Grant and Cal Grants are available, but the EOP grant is not. However, a much lower percentage of CPIE students would qualify due to the fact that many are income earners.</p>	
<p><b>2:03-2:10</b></p>	<p><b>Proposal for Elevation in Department of Kinesiology, First Reading</b></p> <p><u>MS in Kinesiology, Option in Sport and Exercise Psychology (Elevation):</u>  <u>MA in Kinesiology, Option in Coaching and Student-Athlete Development to the MS in Sport, Exercise, and Performance Psychology</u></p> <ul style="list-style-type: none"> <li>• Current MS and MA programs, each with overlapping options</li> <li>• No new courses, no new resources</li> <li>• This would help to streamline the process for students:</li> <li>• Option in Sport Psychology</li> <li>• Option in Exercise Psychology</li> <li>• Option in Coaching</li> </ul> <p>From Praveen, do you anticipate needing additional hires/resource?  We anticipate the same number of students, and we do not anticipate any new resources.</p>	<p><del>Chair Emyr Williams, Prof Alison Ede and CHHS Associate Dean Tiffanye</del></p> <p><b>First (Andreas) Second (Lee)</b></p>
