December 2021

To: The University Community

From: Scott Apel, Vice President Administration & Finance 

Re: Internal Budget Document - FY2021-22

As is our practice here at California State University, Long Beach, we are providing access to the campus' Operating Fund budget allocations by division and department for fiscal year 2021-22. This Internal Budget document also presents budgets for other funds including: College of Professional and International Education, Housing, Parking, Student Health Center Facility Fee, and Lottery funds.

The 2021-22 budget was approved by the Governor and Legislature in June 2021, as the economy began to recover from the economic downturn from the COVID-19 pandemic that began in 2020. The economic growth seen by the State of California allowed for restoration of the budget reductions required for all state agencies in the prior year, including the CSU's \$299 million reduction in fiscal year 2020-21. In addition, new investments were made in the CSU that allowed for investments in student basic needs and bridging the digital divide, hiring faculty to meet the demand for ethnic studies courses within General Education requirements for all students; and funding for mandatory costs like health benefits increases for 2020-21 and 2021-22, new space opening on campuses and changes in SUG allocations across the system.

In addition to these new investments the final budget memo pulled back \$130 million from campus base budgets for systemwide priorities. The CSULB portion was \$9.2 million, and we expect at least a portion of this to be returned to the campus once systemwide priorities are determined later this fiscal year.

Three copies of the entire Internal Budget document are available at the University Library Reserve. The division summary pages, and department budget allocations are posted on the university website. The production of this comprehensive report requires a significant effort and I want to thank all of those involved for their contributions. Questions regarding this document may be directed to the Office of Budget & Administration at extension 5-4799.

c: President Jane Close Conoley
President's Cabinet

Internal Budget Document

FY 2021-22

This section is intended to explain the information contained in this document and data sources.

Internal Budget Document Purpose

The purpose of the Internal Budget Document is to provide:

- ▶ Reference material for decision-makers with general fund budget details.
- ▶ Overviews of non-general fund budgets: College of Professional and International Education, Housing, Student Health Facility Fee, Lottery, and Parking funds.

Document Organization

Following the Table of Contents and the letter from the Vice President for Administration and Finance, the document begins with two summary pages.

1. General Fund (GF) Summary

This page provides an overview of the sources and allocation of campus operating budget resources.

- ▶ Each fiscal year, the Chancellor and Board of Trustees determine the amount of our GF appropriation based upon the amount of funds appropriated by the State of California. The State fiscal year runs from July 1 through the following June 30.
- ▶ The budget requirements for the various revenue sources are based on analysis that considers prior year actuals, fore casts such as enrollment targets, market conditions that may affect the ability of the campus to generate revenue, and/or external commitments that will be renewed.
- ▶ Operating budgets are reestablished each year with increments allocated for mandatory cost pass-throughs, compensation adjustments paid to employees from collective bargaining agreements, less budget reductions, reallocations and/or new allocations authorized by the President from recommendations of the Resource Planning Process.

2. Summary of University General Fund Allocations

This page provides an overview of the Total Budget by category as posted for each of the major administrative units:

Academic Affairs	Administration & Finance
Department of Athletics	Information Technology
Office of the President	Student Affairs
University Relations & Development	

University Wide includes campus program funds that are administered by various organizational units for the benefit of the entire campus.

Organizational Units

Two of the major divisions of the university are further sub-divided:

Academic Affairs: the division of Academic Affairs (**AA**) is comprised of the following units

AA-APGS	Academic Planning & Graduate Studies
AA-ARSP	Academic Resources & Strategic Planning
AA-ATS	Office of Academic Technology

Internal Budget Document FY 2021-22

AA-CBA	College of Business Administration
AA-CPIE	College of Professional and International Education
AA-CED	College of Education
AA-CHHS	College of Health & Human Services
AA-CLA	College of Liberal Arts
AA-CNSM	College of Natural Sciences & Mathematics
AA-COE	College of Engineering
AA-COTA	College of the Arts
AA-CPAC	Carpenter Performing Arts Center
AA-DIV	Academic Affairs, Division
AA-FA	Faculty Affairs
AA-ES	Enrollment Services
AA-LIB	University Library
AA-OSI	Ocean Studies Institute
AA-RSCH	Research
AA-USAA	Undergraduate Studies & Academic Advising

Administration & Finance: the division of Administration & Finance (**DAF**) is comprised of the following organizational units

DAF-BBS	Beach Building Services
DAF-FM	Financial Management
DAF-HRM	Human Resources Management
DAF-PO	Parking & Operations
DAF-UP	University Police
DAF-VPAF	Office of the Vice President for Administration & Finance

What is Base Budget?

Each division's base budget represents the "permanent, base-budget allocation" changes from the prior year's base allocation. Changes may include:

- ▶ Funding for employee-compensation increases awarded from collective bargaining agreements;
- ▶ Funding increments authorized by the President for specific strategic programs or initiatives;
- ▶ Pass-throughs/entitlements as designated by the campus, Chancellor's Office or State budget. Examples include increased benefit costs, State University Grants, deferred maintenance, etc.;
- ▶ Budget reductions required to balance the overall university budget.

What are Budget Categories?

The budget is displayed as posted by objects of expenditure, also known as categories or accounts.

The amounts posted to each budget category are determined independently by each organizational unit's/division's executive or budget designee and not by the Budget Office.

There are two major budget categories:

- 1. Personal Services**, also referred to as Salary and Wages; essentially, the sum of all labor costs including benefits. Personal Services include the following detailed categories:
 - MPP (Management) – includes budget for the President and Management Personnel Plan (MPP) employees: Administrator, Professional or Supervisory.

Internal Budget Document FY 2021-22

Staff Salaries – includes budget for all classified staff, confidential employees, coaches, and librarians, regardless of time-base and appointment type.

Department Chair – includes budget for designated academic department chair salaries.

Tenure/Tenure Track – includes budget for tenured faculty classifications.

Full Time Lecturer – includes budget for non-tenure track faculty with on-going appointments even if the appointment is less than full time.

Temporary Lecturer – includes budget for part-time lecturers who teach semester-to-semester and teaching assistants. Budget for non-recurring instructional labor costs is also included here. This may include Music studio faculty, etc.

Student Assistants, Temporary Staff and Other Staff Costs – includes budget for student assistants, overtime, shift differential, stipends, and other personal services costs.

Benefits – includes budget for all employer paid benefits and taxes (OASDI and Medicare), but excludes budget for workers compensation costs.

2. Operating Expenses, also referred to as Other Expenses, are the sum of all non-labor costs.

Communications, Postage & Freight – includes budget for telephone and centrally billed communications and postage.

Financial Aid – includes budget for all state funded and/or federally reimbursed programs to directly benefit students. External agencies and/or the Chancellor's Office typically establish the financial aid program budgets.

Operating Expenditures and Equipment – includes budget for all other expenditures not detailed in the above categories, including utilities, deferred maintenance, supplies and services, equipment, and travel.

Division/Organizational Unit Allocation Section

After the division summary pages, each organizational unit has the following pages in the IBD:

- ▶ **Organizational Unit Summary** – General Fund Budget Summary by Department: This is the same as the Division Summary pages but separated by department.

It is important to note that the base budget posted for each department will not necessarily equal the total salary data presented. This is because positions no longer have a budgeted value based on the incumbent's salary as of July 1. Each division executive is responsible for establishing a budget/plan of expenditures that is monitored through the University's Financial Assessment process to assure that sufficient resources are available to cover actual and projected costs.
