KEYNOTE SPEAKER

Time: 4-4:50PM
Location: USU Ballrooms

The CSULB Graduate Research Conference is honored to present distinguished keynote speaker Zed Mason, PhD, former Assistant Vice Chancellor for Research Initiatives and Partnerships for the CSU, former Vice President for Research and External Support, and Professor Emeritus of Biological Sciences at CSULB.

Dr. Mason’s address is entitled “Dear research, you changed my life: A retrospective look at the transformational power of authentic research in defining student aspirations and attitudes.” The address will consider how the pursuit of knowledge through research presents enormous intellectual challenges that test one’s perseverance, character and integrity. Despite these challenges, Dr. Mason argues, it is only through unbiased research that we can provide the evidence-based truths that define our social values and defend freedom and democracy against falsehoods and propaganda.
