

ALEKS PPL REGISTRATION INSTRUCTIONS

The purpose of the Assessment and Learning in Knowledge Spaces (ALEKS) Mathematics Placement Program is to assess each individual student's math skills and place him/her into an appropriate college math course. To register for ALEKS PPL, follow the instructions below.

For information about math placement, please see [STEM Mathematics Placement for Incoming CNSM Freshmen](#).

Step 1

Log into [CSULB Single Sign-On \(SSO\)](#) with your CSULB ID number and password and then click the ALEKS button.

Step 2

You will reach the screen similar to this one. Click the link "CSULB Math Placement."

Step 3

You will reach the screen similar to the one below. Now, you are at the ALEKS site and can start your CSULB math placement process. Please finish all 4 ALEKS assessments independently.
