S02 - 13 SW 596 - Foundation Year Field Evaluation - Fall and Spring Semester

Overview

The Field Evaluation will provide the School of Social Work (SSW) with information regarding the students' internship. The evaluation will ask about: hours completed, areas of strengths, areas needing improvement, and the students' ability to meet the 9 required competencies (measured through a learning agreement plan, the use of an evaluation of practice behavior scale, and agency commentary). More information regarding each area can be found below.

Hours

The required Field internship hours breakdown is below.

- Fall - Students are required to meet 224 hours by the end of the Fall semester.
- Spring - Students are required to meet 276 hours by the end of the Spring semester.

If the student has not completed the required number of hours, the agency/student will be requested to provide a detailed plan for how the hours will be completed.

Areas of Strengths and Areas Needing Improvement

The identification of the student's strengths and weaknesses will be used to map out areas wherein students can fine-tune or develop academic, professional, and/or social skills.

Competency

The School of Social Work (SSW) will provide 9 competencies to assist in the evaluation of SW 596 students in the field. The competencies are as follows:

1. Ethical and Professional Behavior
2. Diversity and Difference
3. Social Justice and Human Rights
4. Research and Practice
5. Policy Practice
6. Engagement
7. Assessment
8. Intervention
9. Evaluation

Learning Agreement Plan

For each competency, the Student and Field Instructor will identify planned learning activities specific to the agency. The activities will provide opportunities to achieve each competency. A minimum of two activities must be listed for each competency. You may use the added activities sections if needed.

Evaluation of Practice Behavior Scale

For each competency, the School of Social Work (SSW) will provide statements that measure the students' ability to meet the competency or learning agreement plan. The statements will be unique to each competency. The scale, however, is as follows:

- Level 0 = Inadequate Performance. Student demonstrates an inadequate understanding of the concept and has little to no ability to recognize the knowledge, values, skills, and cognitive and affective processes related to the practice behavior.
- Level 1 = Developing Performance. Student understands the concept and applies the knowledge, values, skills, and cognitive and affective processes related to the practice behavior but performance is uneven. Needs time and practice.

- Level 2 = Competent Performance. Student demonstrates competent application of the knowledge, values, skills, and cognitive and affective processes related to the practice behavior, and performance is consistent.
- Level 3 = Highly Competent Performance. Student is skilled and demonstrates full application of the knowledge, values, skills, and cognitive and affective processes related to the practice behavior.
- Level 4 = Superior Performance. Student is highly skilled and demonstrates superior application of the knowledge, values, skills, and cognitive and affective processes related to the practice behavior.
- **Note Regarding "N/A = No Opportunity to Observe"** - The Council on Social Work Education (CSWE) does not allow for scoring in the N/A category. Therefore, please use Level 1 and contact the Field Liaison to develop a Student Support Plan detailing how the student will gain experience in this competency area.

Commentary

It is expected that second-year students will carry over skills development from their 1st-year placement and will perform at a higher level in all competencies.

- At the end of the **Fall Semester**, students should be at Level 1 or Level 2. Please contact Field Liaison if the student is at Level 0 in any objective before you submit the Fall Section of the Evaluation. Narrative Sections Please comment on areas that need work, as well as strengths. It is essential for both the Student and the School to have this section completed. Comments are required at the end of each commentary.
- At the end of the **Spring Semester**, students should be at Level 2 or Level 3. Please contact Field Liaison if the student is at Level 2 or below in any objective before you submit the Spring Section of the Evaluation. Narrative Sections Please comment on areas that need work, as well as strengths. It is essential for both the Student and the School to have this section completed. Comments are required at the end of each commentary.
