

BASW COURSE EQUIVALENCIES

This list indicates some of the junior/community college courses that are equivalent to CSULB courses and can be used to meet the following requirements:

BASW PREREQUISITES

Admission to the CSULB BASW program requires completion of the following three prerequisite courses (or their equivalents): General Psychology (PSY 100), Elementary Statistics (STAT 108), and Human Biology/Lab (BIOL 205). Human Anatomy and Human Physiology can be substituted for Human Biology, if taken at a community or junior college.

BASW CO-REQUISITES

Courses indicated with an asterisk (*) can be substituted for Abnormal Psychology (PSY-370) which must be completed by all students admitted to the BASW program by the end of their junior year in the program.

INTRODUCTORY COURSES

SW 220 is a required course taken during the Junior year in the BASW program. This course may be waived for those students who took an equivalent course at a junior or community college.

You can check other California schools at Assist.org. For out-of-state schools, please contact the School of Social Work office (TEL.562-985-5654).
